The provisions of this subdivision shall become operative on July 1, 1980.

(c) The provisions of this section shall apply to, but are not limited to, the sale or distribution of glue, cement, dope, paint thinners, paint, and any combination of hydrocarbons either alone or in combination with any substance or material including, but not limited to, paint, paint thinners, shellac thinners, and solvents which, when inhaled, ingested or breathed, can cause a person to be under the influence of, or intoxicated from, any such combination of hydrocarbons.

This section shall not prohibit the sale of gasoline or other motor vehicle fuels to persons less than 18 years of age.

(d) This section shall not apply to any glue or cement which has been certified by the State Department of Health Services as containing a substance which makes such glue or cement malodorous or causes such glue or cement to induce sneezing, nor shall this section apply where the glue or cement is sold, delivered, or given away simultaneously with or as part of a kit used for the construction

## CHAPTER 1013

An act to amend Section 25603.5 of the Public Resources Code, and to amend Section 3 of Chapter 1367 of the Statutes of 1978, relating to energy, and making an appropriation therefor.

[Approved by Governor September 19, 1980 Filed with  
Secretary of State September 21, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25603.5 of the Public Resources Code is amended to read:

25603.5. (a) Pursuant to the duties of the commission described in subdivision (a) of Section 25401 and Section 25603, the commission shall conduct a statewide architectural design competition to select outstanding designs for new single-family and multifamily residential units which incorporate passive solar and other energy-conserving design features.

The purpose of the competition, to be known as the "State Solar Medallion Passive Design Competition", is to demonstrate the technical and economic feasibility of passive solar design for residential construction, to speed its commercialization, and to promote its use by developers in housing for moderate-income families in the state. The competition shall be carried out with the assistance and cooperation of the Office of the State Architect.

(b) The competition shall be conducted for each of the state's six regional climate zones. Each climate zone shall have the following four categories of competition:

(1) Single-family dwellings. The construction costs of these

dwellings shall not exceed thirty-five thousand dollars (\$35,000) and the market price, inclusive of land, construction, permits, fees, overhead and profit shall not exceed fifty-five thousand dollars (\$55,000); provided that, if the commission determines that, as of the date construction is completed, the cost of housing construction in this state has increased due to economic inflation since January 1, 1979, the commission may increase these sums by the amount of such inflation as indicated by the construction cost index.

(2) Single-family dwellings. The construction costs of these dwellings shall not exceed fifty-five thousand dollars (\$55,000) and the market price, inclusive of land, construction, permits, fees, overhead and profit shall not exceed eighty-five thousand dollars (\$85,000); provided that, if the commission determines that, as of the date construction is completed, the cost of housing construction in this state has increased due to economic inflation since January 1, 1979, the commission may increase these sums by the amount of such inflation as indicated by the construction cost index.

(3) Multifamily housing units with a market price or rental value comparable to paragraph (1) of this subdivision.

(4) Multifamily housing units with a market price or rental value comparable to paragraph (2) of this subdivision.

(c) In order to qualify for the competition, entrants shall be a team composed of at least one member from each of the following categories:

(1) A building designer or architect.

(2) A builder, developer, or contractor.

(d) With submission of designs to the competition, all entrants shall agree to comply with the following provisions, if awarded the Solar Medallion or the first place prize in any category:

(1) To build five models of the winning design for single-family home categories if the builder, developer, or contractor member of the winning team constructed more than 30 single-family detached units during the one-year period ending on the date of the award, or

(2) To build three models of the winning design for single-family home categories if the builder, developer, or contractor member of the winning team constructed 30 or fewer single-family detached units during the one-year period ending on the date of the award, or

(3) To build one model of the winning design for all multifamily categories.

(4) To commence construction within 18 months of the announcement of awards.

(5) To permit the commission to install monitoring equipment for measuring energy conservation performance of the structure on all models constructed in compliance with paragraphs (1), (2), and (3) of this subdivision.

(6) To permit the commission to document, exhibit, and publicize the constructed designs.

All models of winning designs shall be built on the site or sites described in the submission or on an alternate site or sites with

comparable features.

Cash awards to authors of the winning designs may be made prior to commencement of the agreed upon construction.

All winning designs in the competition shall become the property of the state and may be published and exhibited by the state after completion of competition.

(e) The judging panel for the competition shall consist of the following five jurors:

- (1) One representative of the Office of the State Architect.
- (2) One representative of the commission.
- (3) One certificated architect.
- (4) One representative of the state's lending institutions.
- (5) One developer, builder, or contractor.

The nonagency members shall be appointed by the State Architect.

In recognition of the wide variation in construction costs statewide, and in order to ensure fair and equitable competition in all areas of the state, a cost index shall be used to determine different construction cost and market price requirements for each category of competition in the major metropolitan areas of the state. The construction cost and market price figures specified in paragraphs (1) and (2) of subdivision (b) shall be used as the upper limit values on which the index shall be based. Construction cost and market price figures reflecting the diversity in costs in different areas of the state shall be determined in relation to upper limit values specified in this section.

The cost index shall be prepared by the Office of the State Architect and shall be published in the competition program.

The evaluation shall take place in two stages, with an initial technical review by the commission staff. The staff shall submit to the judging panel a rigorous technical assessment of the anticipated energy conservation performance of all submissions. Final selection shall be made by the judging panel.

Designs submitted to the competition shall be judged on the extent to which they satisfy the following criteria:

(1) Use of passive solar and other energy conserving design features.

(2) Amount of energy savings achieved by the design.

(3) Adaptability of the design to widespread use.

(f) The commission shall be responsible for developing rules and procedures for the conduct of the competition and for the judging, which rules shall ensure anonymity of designs submitted prior to final awarding of prizes, shall ensure impartiality of the judging panel, and shall ensure uniform treatment of competitors.

In administering the competition, the commission shall accomplish the following tasks:

(1) Preparation of a competition program, including climatological data for each of the six regional climate zones.

(2) Distribution of competition information and ongoing

publicity.

(3) Development of rules and procedures for competitors and judges.

(4) Preparation of a summary document for the competition, including a portfolio of winning designs and followup publicity.

(5) Instrumentation of winning dwellings constructed in accordance with requirements of this section; instrumentation for measurement of energy conservation performance of the units and ongoing data collection shall be provided by the commission pursuant to Section 25607.

For purposes of administering the competition, the commission shall contract with the Office of the State Architect for materials and services that cannot be performed by its staff.

(g) Cash awards to authors of the winning designs shall be made on the following basis:

Using the criteria in subdivision (e) of this section, the judging panel shall select, as follows:

(1) The most outstanding design statewide selected from among the first place winners in either of two single-family categories in any of the six climate zones which shall receive the State Solar Medallion Award and five thousand dollars (\$5,000) in addition to the cash award specified in paragraph (3) of this subdivision.

(2) The most outstanding design statewide selected from among the first place winners in either of the two multifamily categories in any of the six climate zones which shall receive the State Solar Medallion Award and five thousand dollars (\$5,000) in addition to the cash award specified in paragraph (3) of this subdivision.

(3) The first place designs in each of the four competition categories within each of the six climate zones, which shall each receive a cash award of five thousand dollars (\$5,000).

(4) The second place designs in each of the four competition categories within each of the six climate zones, which shall each receive a cash award of two thousand dollars (\$2,000).

SEC. 2. Section 3 of Chapter 1367 of the Statutes of 1978 is amended to read:

Sec. 3. The sum of three hundred fifteen thousand dollars (\$315,000) is hereby appropriated from the State Energy Resources Conservation and Development Reserve Account in the General Fund to the State Energy Resources Conservation Development Commission in order to conduct the State Solar Medallion Passive Design Competition under Section 25603.5 of the Public Resources Code, to be allocated on the following basis:

(1) One hundred thirty-seven thousand dollars (\$137,000) for administration of the competition and duties described in Section 25603.5 of the Public Resources Code, except for the purposes of paragraph (5) of subdivision (f) of Section 25603.5 of the Public Resources Code, for which funds are currently available.

(2) One hundred seventy-eight thousand dollars (\$178,000) for cash awards to winning competitors pursuant to subdivision (g) of

Section 25603.5 of the Public Resources Code.

Such funds shall be used exclusively for actual expenses incurred in carrying out the purposes of this act. Any funds not expended for such purposes by January 1, 1983, shall revert to the State Energy Resources Conservation and Development Reserve Account in the General Fund.

[Approved by Governor September 19, 1980. Filed with  
Secretary of State September 21, 1980 ]

**SECTION 1.** Section 18331 of the Welfare and Institutions Code is amended to read:

18331. There is hereby established a Nutrition Reserve Fund under the control of the Director of the Department of Aging. From the fund the director may allocate to any individual nutrition project for any fiscal year no more than three hundred thousand dollars (\$300,000) in order to maintain necessary services which lack sufficient federal funding.

A nutrition project shall not receive more than one appropriation from the Nutrition Reserve Fund during the duration of the contract period of the project.

Requests for allocations from the Nutrition Reserve Fund shall be reviewed by the applicable local area agency on aging. The local area agency on aging shall submit recommendations to the California Department of Aging. The director shall report each allocation from the fund to the Joint Legislative Budget Committee within 30 days and shall submit to that committee by March 1 of each year an annual report on the use of the fund.

**SEC. 2.** Section 18332 is added to the Welfare and Institutions Code, to read:

18332. (a) All allocations from the Nutrition Reserve Fund shall be approved by the Director of Finance prior to issuance.

(b) The funds shall be used to maintain existing nutrition services when it is determined that no federal funds are available for this purpose. To the extent funds are available in the initial appropriation under Chapter 1189 of the Statutes of 1979, Nutrition Reserve Fund moneys may be used for increased cost per meal resulting from inflation and increased number of participants in existing projects resulting from the fact that inflation is causing more seniors on fixed incomes to fall below the poverty level.

(c) When appropriated by the Legislature, the Nutrition Reserve Fund, not to exceed an aggregate total of one million dollars (\$1,000,000), may be used to extend or implement innovative nutrition demonstration projects.

(d) In addition, one million dollars (\$1,000,000) of the fund shall constitute a revolving loan account from which the Department of Aging may extend loans, without interest, not to exceed three hundred thousand dollars (\$300,000) per loan to be repaid from

yearend balances in any senior nutrition project.

(e) In order to qualify for funds from the Nutrition Reserve Fund a nutrition project shall be required to seek from the community in which it is located, a matching grant in the amount equal to 5 percent of the requested allocation. The matching grant may be in the form of in-kind services, unless such services are presently being used as the basis for a matching grant for the project. In addition, if all other alternatives are exhausted to meet the 5-percent federal matching requirement required in PL 95-478, the Department of Aging may allocate funds from the Nutrition Reserve Fund as are necessary to meet this 5-percent match requirement. These funds may be used to maintain existing services, one-time major expenditures or to expand services to fulfill unmet needs. Thirty days prior to allocating funds from the Nutrition Reserve Fund for the purpose of meeting the 5-percent federal matching requirement, the Department of Aging shall advise the Assembly Committee on Aging, the Joint Legislative Budget Committee, and the fiscal committees in both houses of its plan for such allocations.

(f) When a nutrition project receives an allocation of funds from the Nutrition Reserve Fund due to the presence of fiscal difficulties, the Department of Aging shall, in conjunction with the applicable local area agency on aging and the nutrition project receiving such funds, take immediate action to determine the reason for the project's fiscal difficulties. The department shall submit to the Legislature and the Department of Finance a report by December 31 of each year concerning the findings and recommendations of the department regarding such nutrition projects receiving Nutrition Reserve Funds.

SEC. 3. (a) Money in the Nutrition Reserve Fund is appropriated to the Department of Aging without regard to fiscal year for purposes of this act, except that this act shall not be deemed to appropriate funds for use pursuant to subdivision (c) of Section 18332 of the Welfare and Institutions Code.

(b) The sum of fifty-five thousand dollars (\$55,000) is appropriated from the Nutrition Reserve Fund to establish a congregate meal setting in a for profit HUD sponsored senior housing project.

department the same fees and mileage allowed by law to witnesses in civil cases.

SEC. 4. Section 12963.2 is added to the Government Code, to read:

The answers shall be made under oath and shall be signed by each individual making them, and the answers shall identify which individual has responded to each interrogatory.

(c) When in order to answer an interrogatory it is necessary to make a compilation, abstract, audit, or summary of the business records of the recipient of the interrogatory and such a compilation, abstract, audit, or summary does not exist or is not in the possession or under the control of the recipient, it shall be a sufficient answer to the interrogatory to so state and to specify the records from which the answer may be derived or ascertained and to afford the department reasonable opportunity to inspect and copy or make compilations, abstracts, or summaries from such records.

(b) A deposition may be taken before any officer of the department who has been authorized by the director to administer oaths and take testimony, or before any other person before whom a deposition may be taken in a civil action pursuant to subdivision (a) of Section 2018 of the Code of Civil Procedure. The person before whom the deposition is to be taken shall put the witness on oath and shall personally, or by someone acting under the person's direction and in the person's presence, record the testimony of the witness. The testimony shall be taken stenographically and transcribed unless the parties agree otherwise. All objections made at the time of the

(b) A request for production shall identify with reasonable particularity the things that are to be inspected and shall specify a reasonable time, place, and manner of making the inspection and performing the copying, and may prescribe such terms and conditions as are just.

(c) Within 15 days after service of a request for production or such longer time as the department may permit, the recipient of the request shall serve on the department a written response with respect to each item requested, either stating that inspection and copying will be permitted as requested or objecting to the request and stating the grounds of the objection. Unless a request for production is objected to, the recipient of the request shall thereafter permit the inspection and copying requested by the department.

SEC. 7. Section 12963.5 is added to the Government Code, to read:

12963.5. (a) The superior courts shall have jurisdiction to compel the attendance and testimony of witnesses, the production of books, records, documents, and physical materials, and the answering of interrogatories. If an individual or organization fails to comply with a subpoena, interrogatory, request for production, or examination under oath by refusing to respond fully or objecting thereto, or by obstructing any proceeding before the department, the department may file with a superior court a petition for an order compelling compliance, naming as respondent the individual or organization that has failed to comply. Such an action may be brought in any county in which the department's investigation or inquiry takes place, but if the respondent is not found within any such county, such an action may be brought in the county of the respondent's residence or principal office.

(b) The petition shall describe the inquiry or investigation before the department, the basis for its jurisdiction therein, and state facts showing that the subpoena, interrogatory, request for production, or examination under oath was issued or carried out in accordance with the requirements of this part, that the information sought was identified with sufficient particularity to permit response and is reasonably relevant to the inquiry or investigation before the department, and that the respondent has failed to comply. If the

petition sets forth good cause for relief, the court shall issue an order to show cause to the respondent; otherwise the court shall enter an order denying the petition. The order to show cause shall be served, along with the department's petition, on the respondent in the same manner as summons must be served in civil actions, and the order shall be returnable not less than 10 days from its issuance nor later than 45 days after the filing of the petition. The respondent shall have the right to serve and file a written answer or other response to the petition and order to show cause.

(c) Unless otherwise stipulated by the parties, the court shall no later than 30 days after the filing of the petition file its order granting or denying the petition. However, the court may on its own motion for good cause extend such time an additional 30 days. If the order grants the petition in whole or part, the order shall set forth the manner in which the respondent shall comply and the period of time following the effective date of the order within which such compliance is required. A copy of the order shall be served by mail by the clerk upon the parties. If the order grants the petition in whole or in part, the order shall not become effective until 10 days after it is served. If the order denies the petition, it shall become effective on the date it is served.

(d) The order of the superior court shall be final and not subject to review by appeal. A party aggrieved by such order, or any part thereof, may within 15 days after the service of the superior court's order, serve and file in the appropriate court of appeal a petition for a writ of mandamus to compel the superior court to set aside or otherwise modify its order. If or whenever such review is sought from an order granting discovery, the order of the trial court shall be stayed upon the filing of the petition for a writ of mandamus, provided, however, the court of appeal may dissolve or modify the stay thereafter if it is in the public interest to do so. If or whenever such review is sought from a denial of discovery, the trial court's order shall not be stayed by the court of appeal except upon a clear showing of probable error.

(e) Within 15 days after the end of the compliance period specified in the final order of the superior court, after the exhaustion of any challenges to the order in higher courts, the department shall in writing certify to the court either that the order has been complied with or that the respondent has failed to comply. A copy of the certified statement shall be served on the respondent by personal delivery or certified mail. After receipt of a certified statement indicating the respondent's failure to comply with the order, the court may compel obedience to its order by contempt proceedings, and by making such additional orders as may be appropriate. Following such proceedings, the department shall, within 15 days after the respondent complies with the original order of the court, certify in writing to the court that such order has been complied with. A copy of the certified statement shall be served on the respondent by personal delivery or certified mail.

(f) The period of time within which the department is directed to file an accusation by Section 12965 shall be extended by the length of the period between the filing of a petition under this section and either (1) the final effective date, after the exhaustion of any challenges to the original order in higher courts, of an order of the superior court denying the petition, or (2) the filing by the department of a certified statement, pursuant to subdivision (e), indicating the respondent's compliance with the order of the superior court granting the petition in whole or in part, whichever occurs later.

SEC. 8. Section 12963.7 is added to the Government Code, to read:

12963.7. (a) If the department determines after investigation that the complaint is valid, the department shall immediately endeavor to eliminate the unlawful employment practice complained of by conference, conciliation, and persuasion. The staff of the department shall not disclose what has transpired in the course of any endeavors to eliminate the unlawful employment practice through conference, conciliation, and persuasion.

(b) Any member of the staff of the department who discloses information in violation of the requirements of this section is guilty of a misdemeanor. Such disclosure by an employee subject to civil service shall be cause for disciplinary action under the State Civil Service Act.

SEC. 9. Section 12965 of the Government Code is amended to read:

12965. (a) In the case of failure to eliminate an unlawful practice under this part through conference, conciliation or persuasion, or in advance thereof if circumstances warrant, the director in his or her discretion may cause to be issued in the name of the department a written accusation. The accusation shall contain the name of the person, employer, labor organization or employment agency accused, which shall be known as the respondent, shall set forth the nature of the charges, shall be served upon the respondent together with a copy of the verified complaint, as amended, and shall require the respondent to answer the charges at a hearing.

For any complaint treated by the director as a group or class complaint for purposes of investigation, conciliation, and accusation pursuant to Section 12961, an accusation shall be issued, if at all, within two years after the filing of the complaint. For all other complaints, an accusation shall be issued, if at all, within one year after the filing of a complaint. If the director determines, pursuant to Section 12961, that a complaint investigated as a group or class complaint under Section 12961 is to be treated as a group or class complaint for purposes of conciliation and accusation as well, such determination shall be made and shall be communicated in writing within one year after the filing of the complaint to each person, employer, labor organization, employment agency, or public entity alleged in the complaint to have committed an unlawful practice.

(b) If an accusation is not issued within 150 days after the filing of a complaint, or if the department earlier determines that no accusation will issue, the department shall promptly notify, in writing, the person claiming to be aggrieved. Such notice shall indicate that the person claiming to be aggrieved may bring a civil action under this part against the person, employer, labor organization or employment agency named in the verified complaint within one year from the date of such notice. The superior courts of the State of California shall have jurisdiction of such actions. Such an action may be brought in any county in the state in which the unlawful practice is alleged to have been committed, in the county in which the records relevant to such practice are maintained and administered, or in the county in which the aggrieved person would have worked or would have had access to the public accomodation but for the alleged unlawful practice, but if the defendant is not found within any such county, such an action may be brought within the county of defendant's residence or principal office. Such actions may not be filed as class actions or may not be maintained as class actions by the person or persons claiming to be aggrieved where such persons have filed a civil class action in the federal courts alleging a comparable claim of employment discrimination against the same defendant or defendants. In actions brought under this section, the court, in its discretion may award to the prevailing party reasonable attorney fees and costs except where such action is filed by a public agency or a public official, acting in an official capacity.

## CHAPTER 1033

An act to repeal and add Chapter 8 (commencing with Section 24000) to Division 11 of the Food and Agricultural Code, relating to horses, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1980 Filed with  
Secretary of State September 21, 1980 ]

*The people of the State of California do enact as follows:*

**SECTION 1.** Chapter 8 (commencing with Section 24000) of Division 11 of the Food and Agricultural Code is repealed.

**SEC. 2.** Chapter 8 (commencing with Section 24000) is added to Division 11 of the Food and Agricultural Code, to read:

**CHAPTER 8. DRUGGING OF HORSES**

**24000.** The Legislature finds and declares that the public has a valuable interest in public horse shows, horse competitions, and horse sales.

**24001.** For the purposes of this chapter:

(a) "Licensed veterinarian" means any person licensed as a veterinarian by the State of California.

(b) "Prohibited substance" is any stimulant, depressant, tranquilizer, or local anesthetic which could affect the performance or disposition of a horse, or any drug regardless of how harmless or innocuous it might otherwise be which could interfere with the detection of any such prohibited drug. It also includes any metabolite or derivative of any such substance.

(c) "Stimulant or depressant" means any medication which stimulates or depresses the circulatory, respiratory, or central or peripheral nervous system.

(d) "Trainer" means any person who has the responsibility for the care, training, custody, or performance of a horse, including, but not limited to, any person who signs any entry blank of any public horse show, horse competition, or horse sale, whether such person is an owner, rider, agent, coach, adult, or minor.

**24002.** (a) Except as otherwise provided in subdivision (b), the director has jurisdiction of all public horse shows, horse competitions, and horse sales under this chapter and shall administer and enforce the provisions of this chapter.

(b) No provision of this chapter shall apply to any individual horse show, horse competition, or horse sale which is certified by the director. The director shall, after consultation with an advisory committee established pursuant to Section 24013 and after holding a public hearing, certify any horse show, horse competition, or horse sale, if he determines all of the following are satisfied:

(1) The sponsoring organization or association requests the director for certification in writing.

(2) The drug usage at the event shall be subject to the supervision of a qualified licensed veterinarian.

(3) Adequate security and identification of test samples shall be maintained, and analysis of specimens shall be done by a laboratory which is approved by the director.

(4) Actions to be taken and the penalties imposed for violating the rules or regulations of the organization or association as to drug usage shall be as severe or more severe as those imposed by this chapter for any similar violation.

(5) An effective enforcement procedure shall be followed to control drug usage at the event.

The certification shall be effective and operate on a one-time basis as to any individual horse show, competition, or sale. The director shall withdraw the certification for any such horse show, competition, or sale, if the director finds that the drug prevention program of the organization or association which requested certification is not satisfactorily accomplishing the intent and objectives of this chapter.

24003. Except as otherwise prohibited by law, the full use of modern therapeutic measures for the improvement and protection of the health of the horses, is permitted unless the drug given also may stimulate or depress the circulatory, respiratory, or central or peripheral nervous systems or act as a tranquilizer.

24004. No horse shall be shown in any class at a public horse show, horse competition, or horse sale if it has been administered in any manner any prohibited substance in violation of this chapter.

24005. The trainer or owner, or both the trainer and owner, in the absence of substantial evidence to the contrary, is responsible for a horse's condition and is charged with knowledge of all of the provisions contained in this chapter and the rules and regulations adopted pursuant thereto. If any trainer is prevented from performing his duties, including responsibility for the condition of any horse in his care, by illness or other cause, or is absent from any public horse show, horse competition, or horse sale where a horse under his care is entered and stabled, he shall immediately notify the horse show secretary, horse competition secretary, or manager of the horse sale and at the same time a substitute shall be appointed by the trainer and such a substitute shall place his name on the entry blank at that time. Such substitute shall have the same responsibilities as the substituted trainer would have had for the condition of any horse in his care.

24006. Any trainer or owner, or both the trainer and owner, or person who administers, attempts to administer, instructs, aids, conspires with another to administer, or employs anyone who administers or attempts to administer a prohibited substance to a horse which might affect the performance or disposition of such horse at a horse show or competition or horse sale covered by this

chapter, without complying with Section 24011, shall be subject to the penalties provided for in this chapter which is applicable to the trainer.

24007. (a) In addition to any other penalty or fine prescribed by law, a trainer or owner, or both the trainer and owner, of a horse found to have received a prohibited substance in violation of this chapter shall be subject to a civil penalty of not less than one hundred dollars (\$100) nor more than ten thousand dollars (\$10,000) for each such violation, to be recovered by the director in any court of competent jurisdiction.

(b) In addition to the penalty specified in subdivision (a) or any other penalty or fine prescribed by law, the director may suspend any such trainer or owner, or both the trainer and owner, from all competitions at any public horse show or competition for a period of not less than 90 days nor more than one year for each such violation. It shall be unlawful for any person suspended from competition by the director to compete in any public horse show or competition during the period of suspension.

(c) The owner or owners of a horse found to have received a prohibited substance in violation of this chapter shall forfeit all prize money or sweepstakes and any trophies, ribbons, and points won at any public horse show or horse competition by such horse and the same shall be redistributed by the horse show or horse competition in accordance with its rules or bylaws. The owner shall pay a fee of fifty dollars (\$50) to such a public horse show or horse competition. The horse may be suspended for any period of time specified by the director, or returned to the seller if the violation occurs at a horse sale.

24008. The horses at public horse shows, horse competitions or horse sales are subject to examination under the direction of a licensed veterinarian of the department or agent thereof. The appointed licensed veterinarian, with the approval of the director, may appoint technicians and agents to perform certain duties under this chapter that are not prohibited by other provisions of law. The examination may include physical, saliva, urine, blood tests, or any other tests or procedure in the discretion of the licensed veterinarian necessary to effectuate the purposes of this chapter. Such veterinarian may examine any or all horses in a class or all classes in a public horse show or horse competition or any horse entered in any class or competition or sale whether in competition or not, if on the show or sale grounds or any horse withdrawn by any person or trainer within 24 hours prior to a class for which it has been entered as well as any horse sale.

The director may, by regulation, provide that a person at a horse sale or the management of such sale may, after depositing with the department a prescribed fee as determined by the director, which will cover testing costs, request the department to test any horse entered in the sale. Such test shall be conducted by a licensed veterinarian under the supervision of the department.

24009. Whether a horse is in competition or not, refusal to submit a horse in a public horse show, horse competition, or horse sale for examination or to cooperate with the licensed veterinarian or his technicians and agents shall constitute a violation of, and subject the responsible person to, penalties under this chapter.

24010. If the chemical analysis of blood, urine, saliva, or other samples taken from a horse indicate the presence of a prohibited substance or any metabolite or derivative thereof, it shall be prima facie evidence that the prohibited substance has been administered to such horse. A hearing shall be held when a positive report is received from a chemist identifying a prohibited substance or any metabolite or derivative thereof, unless requirements of Section 24011 have been met. The trainer or owner, or both the trainer and owner, responsible for the condition of such horse shall not be subject to the penalty prescribed under this chapter nor suspended, nor any horse be barred from competition until after the conclusion of such hearing and a written ruling thereon has been made by the director.

24011. A horse exhibited at a public horse show or horse competition or at a horse sale that receives any medication which contains a prohibited substance shall not be eligible for competition or sale, unless the following requirements have been met and the facts requested are submitted to the director in writing:

(a) Medication shall be therapeutic and necessary for treatment of an illness or injury.

(b) The horse shall be withdrawn from competition or from the sale for a period of not less than 24 hours after the medication is administered.

(c) The medication shall be administered by a licensed veterinarian, if available, and in his absence only by the trainer.

(d) Medication shall be identified as to the amount, strength, and mode of administration.

(e) The statement shall include the date and time of administration of the medication.

(f) The horse shall be identified by its name, age, sex, color, and entry number.

(g) The statement shall contain diagnosis and reason for administering the medication.

(h) The statement shall be signed by the person administering the medication.

(i) The statement shall be filed with the steward of the public horse show or horse competition or general manager of the horse sale within one hour after administration or one hour after the steward or manager of the horse sale returns to duty, if administration is at a time other than during show or sale hours.

(j) The statement shall be signed by the steward or horse sale manager and time of receipt recorded on the statement by the steward or horse sale manager.

If the chemical analysis of the sample taken from a horse so treated indicates the presence of a prohibited substance and all the

requirements of this section have been fully complied with, the information contained in such medication report and any other relevant evidence shall be considered at any hearing provided under this chapter in determining whether any provision of this chapter has been violated.

24012. To provide funds for enforcement of the provisions of this chapter, the management of a public horse show, horse competition, or horse sale, shall charge and collect a fee of not less than fifty cents (\$.50) nor more than three dollars (\$3) for each horse entered or exhibited in such public horse show, horse competition, or horse sale, as determined by the director to be necessary to carry out the provisions of this chapter. Such money shall be forwarded to the department and be deposited in the Department of Agriculture Fund. All funds received by the department from exhibitor fees shall be used exclusively to carry out the intent and purpose of this chapter, including, but not limited to, pharmacological studies, drug testing, and drug research, inspection for drugs, prosecution of alleged offenders, administrative costs, attorneys and expert witness fees, and any other costs necessary to carry out the provisions of this chapter.

24013. The director shall adopt such reasonable rules and regulations as are necessary to carry out the provisions of this chapter. In making and adopting such regulations, the director shall first consult with an advisory committee which the director shall appoint to serve without compensation. Such committee shall meet at least twice a year and shall elect a chairman at its first meeting after appointment. Members of the committee and their alternates may include, but not be limited to, representation from the California State Horsemen's Association, the Equestrian Trails, Inc., the California Professional Horsemen's Association, the Pacific Coast Hunter, Jumper, and Stock Horse Association, the Northern California Professional Horsemen's Association, the Los Angeles County Horse Show Exhibitors Association, the California Dressage Society, the Pacific Coast Quarter Horse Association, the Central California Quarter Horse Association, the Division of Fairs and Expositions, the North American Trail Ride Conference, the American Horse Exhibitors Against Drugging, the American Horse Shows Association, the University of California School of Veterinary Medicine, the Appaloosa Horse Territory 2, the International Arabian Club, the Pinto Association of America, and such other organizations as the director shall from time to time deem appropriate. In addition, the director may appoint one public member on the committee.

Upon the director's request, the committee shall submit to the director the names of three or more natural persons, each of whom shall be a citizen and resident of this state for appointment by the director as a public member and an alternate of the committee. The director may appoint one of the nominees as the public member on the committee. If all nominees are unsatisfactory to the director, the

committee shall continue to submit lists of nominees until the director has made a selection. Any vacancy in the office of the public member of the committee shall be filled by appointment by the director from the nominee or nominees similarly qualified submitted by the committee. The public member of the committee shall represent the interests of the general public in all matters coming before the committee and shall have the same voting and other rights and immunities as other members of the committee.

24014. It is hereby declared, as a matter of legislative determination, that persons appointed to the advisory committee pursuant to Section 24013 are intended to represent and further the interest of a particular industry concerned, and that such representation and furtherance is intended to serve the public interest. Accordingly, the Legislature finds that, with respect to persons who are appointed to such committee, the particular industry concerned is tantamount to, and constitutes, the public generally within the meaning of Section 87103 of the Government Code.

24015. Each public horse show, horse competition, or horse sale shall be registered with the department, as prescribed by the director by regulation.

24016. No provision contained in this chapter shall in any way affect existing statutes governing horseracing or affect horse sales or horse auction sales when such sales are solely for the sale of racehorses or breeding stock that is used in the production of racehorses and when such sales are held or conducted on the premises of any racing association under the jurisdiction of, and with the authorization and approval of, the California Horse Racing Board.

“Racehorse” as used in this section means each live horse, including a stallion, mare, gelding, ridgeling, colt, or filly, that is eligible to participate in a horseracing contest in California wherein parimutuel racing is permitted under rules and regulations prescribed by the California Horse Racing Board. The exemption provided in this section shall not apply with respect to racehorses participating in a competition, show, or sale covered by this chapter.

24017. This chapter shall not apply to any horse one year of age or less entered in any public horse sale, if public notice of the administering of any drug or medication has been given as prescribed by the director.

24018. The director may accept on behalf of the state, donations of money from any person, association, or agency interested in the control of drugging of horses. Any fines, penalties, fees, or donations collected by the director under this chapter shall be deposited in the Department of Agriculture Fund. Such moneys shall be used by the department to carry out the provisions of this chapter.

SEC. 3. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which

may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the provisions of this act to be applicable during the current horse shows, competitions, and sales season, it is necessary that the provisions of this act become effective immediately.

Secretary of State September 21, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Section 67137 is added to the Education Code, to read:

67137. Upon exhaustion of all administrative remedies provided by the college or university, an individual may bring a civil action against a college or university for an injunction whenever such college or university takes any action which conflicts with any rule or regulation adopted by the governing board of the college or university pursuant to the Family Educational Rights and Privacy Act (P.L. 93-380) or this chapter.

SEC. 2. Section 67137.5 is added to the Education Code, to read:

In such a suit the court shall determine the matter de novo, and may examine the contents of any college or university records in camera to determine whether the records or any portion thereof may be withheld as being confidential information or unrelated to the complainant, or both, and the burden is on the college or university to sustain its action.

SEC. 3. Section 67138 is added to the Education Code, to read:

(b) Award reasonable attorney's fees reasonably incurred to the college or university if the college or university or the college or university employee acting in his or her official capacity prevails and the court determines that the complainant's action was not brought with reasonable cause.

The provisions of this section shall be applied ancillary to any action brought under this chapter and shall not be construed to create a new cause of action.

SEC. 5. Section 67139.5 is added to the Education Code, to read: 67139.5. In any successful action brought under this section, the complainant, in addition to any special or general damages awarded, shall be awarded exemplary damages as well as attorney's fees and costs reasonably incurred in the suit.

SEC. 6. Section 67147.5 is added to the Education Code, to read: 67147.5. This chapter shall not be construed to limit the privacy rights which any other provision of law affords to students or parents of students.

Nothing in Section 67137 or 67138 shall be construed to authorize any civil action by reason of any injury sustained as the result of any practice covered by this chapter prior to the effective date of this section.

41032. Immediately upon notification by the Department of General Services and fixing the surcharge rate, the board shall each year no later than September 15 publish in its minutes the new rate, and it shall notify by mail every service supplier registered with it of the new rate.

SEC. 7. Section 41141 of the Revenue and Taxation Code is amended to read:

41141. Claims for reimbursement shall be submitted by local agencies to the Communications Division in the Department of General Services, which shall determine payment eligibility and shall reduce the claim for charges which exceed the approved incremental costs, approved contract amounts, or the established tariff rates for such costs. No claim shall be paid until funds are appropriated by the Legislature.

[Approved by Governor September 22, 1980 Filed with  
Secretary of State September 22, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 11 (commencing with Section 4401) is added to Part 1 of Division 4 of the Labor Code, to read:

## CHAPTER 11. ASBESTOS WORKERS' ACCOUNT

## Article 1. General Provisions

4401. It is the declared policy of the state that qualified injured workers with asbestosis which arises out of and occurs in the course of employment shall receive workers' compensation temporary disability and medical benefits promptly and not be subjected to delays of litigation to determine the responsible employer.

4402. (a) "Asbestosis" means any pathology, whether or not combined with preexisting pathology, which results in disability or need for medical treatment from inhalation of asbestos fibers.

(b) "Asbestos worker" means any person whose occupation subjected him or her to an exposure to asbestos fibers.

4403. The Asbestos Workers' Account is hereby created in the Uninsured Employers Fund in the State Treasury, and shall be administered by the Director of Industrial Relations. The money in the Asbestos Workers' Account is hereby continuously appropriated for the purposes of this chapter, and to pay the expenses of the director in administering these provisions.

4404. Insofar as not inconsistent with the provisions of this chapter, all of the provisions of this division shall pertain to asbestos workers and their dependents for purposes of furnishing worker's compensation temporary disability and medical benefits thereto.

4405. Where the conditions of compensation exist under this division the right to recover workers' compensation temporary disability and medical benefits pursuant to the provisions of this chapter is a temporary remedy for injury to an asbestos worker against the Asbestos Workers' Account, and such asbestos worker or his or her dependents shall make all reasonable effort to establish the identity of the employer responsible for securing the payment of compensation.

4406. (a) Payments as advances on workers' compensation temporary disability and medical benefits shall be furnished an asbestos worker for injury resulting in asbestosis, subject to the provisions of this division, if all of the following conditions occur:

(1) The asbestos worker demonstrates to the account that at the time of exposure, the asbestos worker was performing services and was acting within the scope of his or her duties in an occupation that subjected the asbestos worker to the exposure to asbestos.

(2) The asbestos worker demonstrates to the account that he or she is suffering from asbestosis.

(3) The asbestos worker demonstrates to the account that he or she developed asbestosis from the employment.

(4) The asbestos worker is entitled to compensation for asbestosis as otherwise provided for in this division.

(b) The findings of the account with regard to the conditions in subdivision (a) shall not be evidence in any other proceeding.

(c) The account shall require the asbestos worker to submit to an

independent medical examination.

## Article 2. Benefits

4407. When the account determines that the conditions in Section 4406 have occurred, payments as advances on workers' compensation temporary disability and medical benefits shall be provided in accordance with this chapter, notwithstanding the right of the asbestos worker to secure compensation as otherwise provided for in this division.

4408. Prior to seeking compensation benefits under this chapter, the asbestos worker shall first make claim on the employer or its workers' compensation insurance carrier for payment of compensation under this division. If the asbestos worker is unable to locate the responsible employer or insurance carrier, or if the employer or insurance carrier fails to pay or denies liability for the compensation required by this division to the person entitled thereto, within a period of 30 days after the assertion of such a claim, the asbestos worker may seek payment of workers' compensation temporary disability and medical benefits required by this division from the Asbestos Workers' Account.

4409. The Director of Industrial Relations, or his representative, shall assign investigative and claims adjustment services respecting matters concerning Asbestos Workers' Account cases. Such assignments may be made within the department, including the Division of Industrial Accidents, and excluding the State Compensation Insurance Fund.

4409.5. The administrative director shall appoint referees and support staff who shall give priority to the processing of the claims of asbestos workers.

4410. The administrative director shall appoint at least two information and assistance officers who shall give priority to assisting asbestos workers pursuant to the provisions of this chapter. The information and assistance officer shall assist to the fullest extent possible any asbestos worker seeking benefits under this chapter. In assisting the asbestos worker, the information and assistance officer shall conduct necessary investigation and procure those records, reports, and information which are necessary to the early identification of responsible employers and insurance carriers, and to facilitate in the expediting of payments of benefits that may be due under this division.

4411. (a) When a claim is made against the Asbestos Workers' Account, the account shall secure appropriate information, adjust the claim, and pay benefits provided by this chapter in accordance with the provisions of this division.

(b) The asbestos worker shall, prior to the first payment of benefits by the Asbestos Workers' Account, file an application before the Workers' Compensation Appeals Board to determine the responsible employer for payment of compensation under this

division.

(c) In every case before the Workers' Compensation Appeals Board in which a claim of injury from exposure to asbestos is alleged, the appeals board shall join the Asbestos Workers' Account as a party to the proceeding and serve the fund with copies of all decisions and orders, including findings and awards, and order approving compromise and release.

(d) Once a decision establishing the responsible employer or insurance carrier is agreed upon between the parties, or is issued by the Workers' Compensation Appeals Board, and becomes final, the Asbestos Workers' Account shall terminate payment of compensation benefits, notify all interested parties accordingly, and seek collection as provided for under this chapter. Responsibility for payment of all future compensation benefits shall be in accordance with such agreement, order, or decision.

(e) The account shall terminate the payment of benefits to any employee who fails to cooperate fully in determining the responsible employer or insurance carrier.

(f) The Asbestos Workers' Account may, at any time, commence or join in proceedings before the Workers' Compensation Appeals Board by filing an application on its own behalf. In any case in which the Asbestos Workers' Account has been joined as a party or has filed an application on its own behalf, the Asbestos Workers' Account shall have all of the rights and privileges of a party applicant.

### Article 3. Collections

4412. The Asbestos Workers' Account shall take all reasonable and appropriate action to insure that recovery is made by the account for all moneys paid as compensation benefits and as costs.

In the event that the responsible employer is uninsured, the account shall not be entitled to reimbursement from the Uninsured Employers Fund.

4413. No limitation of time provided by this division shall run against the Asbestos Workers' Account to initiate proceedings before the Workers' Compensation Appeals Board when the account has made any payment of moneys, incurred any costs for services, or encumbered any liability of the account.

4414. Immediately following the receipt of knowledge of initiation of proceedings before the Workers' Compensation Appeals Board, or any other jurisdiction providing benefits for the same injury, the Asbestos Workers' Account shall file a lien and may invoke such other remedies as are available to recover moneys expended for compensation benefits.

4415. In any hearing or proceeding, the Director of Industrial Relations may use attorneys from within the department, or the Attorney General, to represent the director and the state.

4416. Once an agreement as to the responsible employer is reached, or a decision is issued by the Workers' Compensation

Appeals Board and becomes final, the Asbestos Workers' Account shall notify the responsible employer or insurance carrier of the amount of payment necessary to satisfy the lien in full. Full payment of the lien shall be made by the responsible employer or insurance carrier within 30 days of the issue of such notification. The account may grant a reasonable extension of time for payment of the lien beyond 30 days. This payment shall be for all moneys expended for compensation benefits, and for all recoverable costs including the cost of independent medical examination and all costs reasonably incidental thereto, including, but not limited to, costs of transportation, hospitalization, consultative evaluation, X-rays, laboratory tests, and other diagnostic procedures. The payment shall bear interest, as provided in Section 5800, from the date of the agreement or decision through the date of payment.

The lien of the Asbestos Workers' Account shall be allowed as a first lien against compensation, and shall have priority over all other liens. The lien of the Asbestos Workers' Account may not be reduced by the Workers' Compensation Appeals Board or by the parties unless express written consent to the proposed reduction of the lien is given by the Asbestos Workers' Account and is filed in the record of proceedings before the Workers' Compensation Appeals Board.

4417. Nothing in this chapter shall be construed to preclude the filing by an asbestos worker of a claim or suit for damages or indemnity against any person other than his or her employer. The Asbestos Workers' Account shall be entitled to recover from, and shall have a first lien against, any amount which is recoverable by the injured employee pursuant to civil judgment or settlement in relation to a claim for damages or indemnity for the effect of exposure to asbestos, for all compensation benefits paid to the injured employee by the Asbestos Workers' Account which have not previously been recovered from the responsible employer or employers by the Asbestos Workers' Account. Recovery by the Asbestos Workers' Account pursuant to the provisions of this section shall not have the effect of extinguishing or diminishing the liability of the responsible employer or employers to the injured employee for compensation payable under the provisions of this division.

4418. The provisions of this chapter providing for the payment of workers' compensation temporary disability and medical benefits from the Asbestos Workers' Account shall be operative only until December 31, 1985, and as of such date all payments from the fund shall be terminated, unless a later enacted statute which is chaptered before December 31, 1985, deletes or extends such date. However, if no such statute is enacted prior to December 31, 1985, the authority of the Asbestos Workers' Account under this chapter to recover the benefits and costs paid to asbestos workers prior to such date shall continue until such benefits and costs have been recovered.

SEC. 2. Section 4903 of the Labor Code is amended to read:

4903. The appeals board may determine, and allow as liens against any sum to be paid as compensation, any amount determined

as hereinafter set forth in subdivisions (a) through (h) of this section. If more than one such lien be allowed, the appeals board may determine the priorities, if any, between the liens allowed. The liens which may be allowed hereunder are as follows:

(a) A reasonable attorney's fee for legal services pertaining to any claim for compensation either before the appeals board or before any of the appellate courts, and the reasonable disbursements in connection therewith.

(e) The reasonable living expenses of the spouse or minor children of the injured employee, or both, subsequent to the date of the injury, where such employee has deserted or is neglecting his or her family. Such expenses shall be allowed in such proportion as the appeals board deems proper, under application of the spouse or guardian of the minor children.

(f) The amount of unemployment compensation disability benefits which have been paid under or pursuant to the Unemployment Insurance Code in those cases where, pending a determination under Division 4 (commencing with Section 3200) of this code, there was uncertainty whether such benefits were payable under the Unemployment Insurance Code or payable hereunder; provided, however, that any lien under this subdivision shall be allowed and paid as provided in Section 4904.

(g) The amount of unemployment compensation benefits and extended duration benefits paid to the injured employee for the same day or days for which he or she receives, or is entitled to receive, temporary total disability indemnity payments under this division; provided, however, that any lien under this subdivision shall be allowed and paid as provided in Section 4904.

(h) The amount of compensation, including expenses of medical treatment, and recoverable costs which have been paid by the Asbestos Workers' Account pursuant to the provisions of Chapter 11 (commencing with Section 4401) of Part 1.

SEC. 3. Section 5406 of the Labor Code is amended to read:

No such proceedings may be commenced more than one year after the date of death, nor more than 240 weeks from the date of injury.

(c) The date of death, where death occurs more than one year after the date of injury and compensation benefits have been furnished; or

(d) The service of a notice of rejection of a claim, as provided in Section 5402.

No such proceedings may be commenced more than one year after the date of death, nor more than 240 weeks from the date of injury.

SEC. 4. Section 5406.5 is added to the Labor Code, to read:

[Approved by Governor September 22, 1980. Filed with  
Secretary of State September 22, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4453 of the Labor Code is amended to read:  
4453. Except as provided in Section 4453.1, in computing average annual earnings for the purposes of temporary disability indemnity and permanent total disability indemnity only, the average weekly earnings shall be taken at not less than seventy-three dollars and fifty cents (\$73.50) nor more than two hundred sixty-two dollars and fifty cents (\$262.50). In computing average annual earnings for purposes of permanent partial disability indemnity, except as provided in Section 4659, the average weekly earnings shall be taken at not less than forty-five dollars (\$45) nor more than one hundred five dollars (\$105). Between these limits the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(a) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 100 percent of the number of working days a week times the daily earnings at the time of the injury.

(b) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 100 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(c) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by week, month or other period, then the average weekly earnings mentioned in subdivision (a) above shall be taken as 100 percent of the actual weekly earnings averaged for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(d) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 100 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments.

SEC. 2. Section 4453.1 of the Labor Code is amended to read:

4453.1. In computing average annual earnings for the purposes of temporary disability indemnity, the average weekly earnings for a claimant whose last employment was either (i) as an employee as defined in subdivision (d) of Section 3351, or (ii) as an employee engaged in vending, selling, offering for sale, or delivering directly to the public, any newspaper published at least weekly, shall be taken at not less than the lesser of fifty-two dollars and fifty cents (\$52.50), or 1.2 times the employee's actual weekly earnings from all employers, nor more than two hundred sixty-two dollars and fifty cents (\$262.50). Between these limits, the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as provided in subdivisions (a) through (d), inclusive, of Section 4453.

SEC. 3. Section 4460 of the Labor Code is amended to read:

4460. For the purpose of computing the temporary disability indemnity or permanent total disability indemnity payable to any employee who sustains an original injury causing temporary disability or permanent total disability, the maximum average weekly earnings shall be taken at two hundred sixty-two dollars and fifty cents (\$262.50). For the purpose of computing the permanent partial disability indemnity payable to any employee who sustains an original injury causing permanent partial disability, the maximum average weekly earnings shall be taken at one hundred five dollars (\$105).

Every computation made pursuant to this section as last amended shall be made only with reference to temporary disability or such permanent disability resulting from an original injury sustained after the act last amending this section becomes effective; provided, however, that all rights presently existing under this section shall be continued in force.

SEC. 4. Section 4702 of the Labor Code is amended to read:

4702. Except as otherwise provided in this section and in Sections 4553, 4554, and 4557, the death benefit in cases of total dependency, when added to all accrued disability indemnity, shall be as follows:

(b) Within seven (7) days after the close of a race meeting an association shall pay any license fee theretofore unpaid, or shall have refunded to it any excess license fee theretofore paid.

The right shall run for a period of not less than 90 days from the date of issuance of the subdivision public report pursuant to Section 11018.2 of the Business and Professions Code, unless the tenant gives prior written notice of his or her intention not to exercise the right.

(e) This section shall not diminish, limit or expand, other than as provided herein, the authority of any city, county, or city and county to approve or disapprove condominium projects.

SEC. 1.5. Section 8 of Chapter 1192 of the Statutes of 1979 is amended to read:

Sec. 8. (a) Except as provided in subdivision (b):

(1) Any sales made pursuant to a subdivision public report hereafter issued by the Department of Real Estate for a stock cooperative conversion shall not be deemed invalid under the provisions of this act, if the application for that public report, including payment of an appropriate fee, was made prior to July 1, 1979.

(2) Paragraph (1) shall not apply to stock cooperative conversions which occur in the jurisdiction of governmental agencies which by legislative action regulated such conversions under the provisions of the Subdivision Map Act prior to January 1, 1980. Governmental agency regulation of such conversions under the provisions of the

Subdivision Map Act, which was exercised pursuant to a legislative enactment prior to January 1, 1980, shall not be invalidated by this section; provided, that no such regulation enacted after July 1, 1979, shall affect a stock cooperative conversion if the application for that conversion's public report, including payment of an appropriate fee, was made prior to July 1, 1979.

(b) If the application for a subdivision public report for a stock cooperative conversion in a general law city, including payment of an appropriate fee, was made prior to September 30, 1979, and the general law city did not by legislative action regulate the conversion under the provisions of the Subdivision Map Act prior to the application for the subdivision public report, including payment of an appropriate fee, the provisions of this act shall not affect the stock cooperative conversion and the Real Estate Commissioner shall, if the conversion meets all applicable requirements of Chapter 1 (commencing with Section 11000) of Part 2 of Division 4 of the Business and Professions Code, issue the public report for the conversion.

However, a stock cooperative conversion described in this subdivision shall, as a condition of the issuance of the public report, meet the requirements of the provisions of Section 66427.1 of the Government Code without the requirement of obtaining a final map approval of the stock cooperative conversion.

SEC. 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

Any investment in a single piece of machinery or equipment shall not be made in excess of one percent of the insurer's admitted assets or 10 percent of the aggregate of the insurer's capital paid-up and unassigned surplus, whichever is larger.

SEC. 6. Section 72 of the Streets and Highways Code is repealed.

SEC. 7. Section 72.5 of the Streets and Highways Code is repealed.

SEC. 8. Section 73 of the Streets and Highways Code is amended to read:

73. The commission shall relinquish to any county or city any portion of any state highway within such county or city which has been deleted from the state highway system by legislative enactment, and such relinquishment shall become effective upon the first day of the next calendar or fiscal year, whichever first occurs after the effective date of such legislative enactment. It may likewise relinquish any portion of any state highway which has been superseded by relocation. Whenever the department and the county or city concerned have entered into an agreement providing therefor, or the legislative body of such county or city has adopted a resolution consenting thereto, the commission may relinquish, to any such county or city, any frontage or service road or outer highway, within the territorial limits of such county or city, which has a right-of-way of at least 40 feet in width and which has been constructed as a part of a state highway project, but does not constitute a part of the main traveled roadway thereof. The commission may also relinquish, to a county or city within whose territorial limits is located, any nonmotorized transportation facility, as defined in Section 156, constructed as part of a state highway project if the county or city, as the case may be, has entered into an agreement providing therefor or its legislative body has adopted a resolution consenting thereto.

Relinquishment shall be by resolution. A certified copy of such resolution shall be filed with the board of supervisors or the city clerk, as the case may be. A certified copy of such resolution shall also be recorded in the office of the recorder of the county where such land is located and, upon such recordation, all right, title, and interest of the state in and to such portion of any state highway shall vest in the county or city, as the case may be, and such highway or portion thereof shall thereupon constitute a county road or city street, as the case may be.

The vesting of all right, title, and interest of the state in and to such

portions of any state highways heretofore relinquished by the commission, in the county or city to which it was relinquished, is hereby confirmed.

Prior to relinquishing any portion of a state highway to a county or a city, except where required by legislative enactment, the department shall give 90 days' notice in writing of intention to relinquish to the board of supervisors, or the city council, as the case may be. Where the resolution of relinquishment contains a recital as to the giving of the notice, adoption of the resolution of relinquishment shall be conclusive evidence that the notice has been given.

The commission shall not relinquish to any county or city any portion of any state highway which has been superseded by relocation until the department has placed the highway, as defined in Section 23, in a state of good repair. This requirement shall not obligate the department for widening, new construction, or major reconstruction, except as the commission may direct. A state of good repair requires maintenance, as defined in Section 27, including litter removal, weed control, and tree and shrub trimming to the time of relinquishment.

Within the 90-day period, the board of supervisors or the city council may protest in writing to the commission stating the reasons therefor, including, but not limited to, objections that the highway is not in a state of good repair, or is not needed for public use and should be vacated by the commission. In the event that the commission does not comply with the requests of the protesting body, it may proceed with the relinquishment only after a public hearing given to the protesting body on 10 days' written notice.

SEC. 9. Section 100.23 of the Streets and Highways Code is repealed.

SEC. 9.5. Section 256.1 of the Streets and Highways Code is amended to read:

256.1. Prior to submitting a written report required by statute recommending to the Legislature the deletion of a highway, or a portion thereof, from the state highway system, the commission or the department shall hold a public hearing on, and shall give written notices to the legislative bodies of the cities and counties located in the affected area of, the proposed recommendation, and shall publish notice of the public hearing in a newspaper of general circulation in the areas affected by the proposed deletion. The commission or the department may, at its own option, because of controversy or lack of local consensus, hold the hearing at a location which is reasonably convenient to the communities affected by the proposed deletion, to the general public, and to the commission or the department in the discharge of its regular business.

SEC. 10. Chapter 5 (commencing with Section 835) of Division 1 of the Streets and Highways Code is repealed.

SEC. 11. Section 954 of the Streets and Highways Code is amended to read:

954. All county highways which for a period of five consecutive years are impassable for vehicular travel, and on which during such period of time no public money is expended for maintenance, are unnecessary highways. The board of supervisors of any county on its own motion, or on the petition of any interested taxpayer of the county, may designate such county highway a stock trail. The board of supervisors shall cause notices to be posted upon such stock trails, and also at the entrance of such stock trails, directing all persons to drive all untethered stock thereon.

After a stock trail has been established or designated as provided in this chapter, the county is not liable for death or injury to a vehicle owner or operator or passenger, or for damage to a vehicle or its contents, resulting from a dangerous condition of the stock trail.

Such stock trails shall not be included in the term "maintained mileage of county roads" as that term is used in Chapter 3 (commencing with Section 2100) of Division 3.

SEC. 12. Section 954.5 of the Streets and Highways Code is amended to read:

954.5. (a) The board of supervisors may, by resolution, terminate the maintenance of any county highway if it finds that the highway is unnecessary for the public convenience.

(b) Evidence that a county highway is unnecessary for the public convenience shall be taken at a public hearing set in accordance with the procedures for vacation of a public street, highway, or service easement in Sections 8323 and 8324. Notice of such hearing shall be mailed to the owner of any property served by that portion of a county highway subject to the termination of maintenance. A county highway may be deemed unnecessary for the public convenience on the basis of any of the following:

(1) The county highway does not provide the primary access to occupied properties.

(2) Traffic on the county highway is intermittent and of low volume.

(3) The county highway is impassable for more than six months and there is no demand that it be reopened.

(c) A certified copy of the resolution terminating maintenance shall be recorded as provided in Section 8325.

(d) If the board of supervisors resumes maintenance of a county highway on which maintenance was terminated under this section, a notice of maintenance shall be recorded in the office of the county recorder.

(e) If a determination is made that maintenance is no longer necessary, the county shall post signs clearly visible from the traveled highway at the beginning and end of the highway and at any intersection on the highway indicating that the county no longer maintains the highway. The sign shall read as follows: "This road is not maintained. \_\_\_\_\_ County is not responsible for any loss or injury suffered by reason of its use." The county shall provide adequate maintenance to ensure that the signs remain posted in the

appropriate places and the message is legible. Once such action is taken and duly recorded and the required signs are posted, the county shall not be held liable for the death of or injury to a vehicle owner, operator, or passenger, or for damage to a vehicle or its contents, resulting from a dangerous condition on such highway.

### CHAPTER 3. GENERAL VACATION PROCEDURE

8320. (a) The legislative body of a local agency may initiate a proceeding under this chapter by adopting a resolution of intention to vacate, which may be upon its own initiative or upon a petition or request of an interested person.

(b) The resolution of intention shall include all of the following:

(1) A declaration of the intention of the legislative body to vacate.

(2) A statement that the vacation proceeding is conducted under this chapter.

(3) A description of the general location and extent of the street, highway, or public service easement to be vacated and a reference to a map or plan, which shows the portion or area to be vacated, on file in the office of the local agency. In the case of a street or highway, the description shall include its lawful or official name or the name by which it is commonly known. In the case of a public service

easement, the description shall identify it with common certainty.

(4) The date, hour, and place for hearing all persons interested in the proposed vacation. The date shall be not less than 15 days from the adoption of the resolution.

(c) The resolution of intention shall be published or posted in the manner prescribed for the publication and posting of resolutions of the legislative body. The publication or posting of the resolution of intention shall be in addition to any publication of notice of hearing required by Section 8322 and the posting of notice of vacation required by Section 8323.

8321. (a) Ten or more freeholders may petition the board of supervisors to vacate a street or highway under this chapter. At least two of the petitioners shall be residents of the road district in which some part of the street or highway proposed to be vacated is situated and shall be taxable therein for street or highway purposes.

(b) Five or more freeholders may petition the board of supervisors to vacate a public service easement under this chapter. At least one of the petitioners shall be a resident of the township in which the public service easement proposed to be vacated is situated.

(c) The residence address of each petitioner shall be set forth in the petition.

(d) The board of supervisors may require the person filing the petition to deposit an amount reasonably sufficient to defray the expenses of investigations, mailings, publications, and postings under this chapter. The deposit shall be made with the county officer designated by the board. Upon completion of the proceedings, any unused portion of the deposit shall be refunded to the person who filed the petition. If the costs exceed the deposit, the county shall bear the excess costs.

(e) Upon the filing of a petition and the making of the deposit, if any, required under this section, the board of supervisors, by order, shall fix the date, hour, and place of the hearing on the petition. At least two weeks before the day set for the hearing, the clerk of the board shall mail a notice of the date, hour, and place of the hearing to each of the petitioners at the address set forth in the petition.

(f) Nothing in this section shall affect the right of a legislative body to initiate a proceeding under this chapter upon its own initiative, or upon petition or request of an interested person, or prevent the board of supervisors from vacating a street, highway, or public service easement without charging costs if the board determines it is in the public interest to do so.

8322. (a) Except as provided in subdivisions (b) and (c), notice of the date, hour, and place of the hearing on the resolution of intention or petition to vacate shall be published for at least two successive weeks prior to the hearing in a daily, semiweekly, or weekly newspaper published and circulated in the local agency conducting the proceeding and which is selected by the legislative body for that purpose or by the clerk or other officer responsible for

the publication where the legislative body has not selected any newspaper for that purpose.

(b) If the proceeding is conducted by a city and there is no daily, semiweekly, or weekly newspaper published and circulated in the city, the notice shall be published in some newspaper published in the county in which the city is located.

(c) Notice need not be published under this section in either of the following cases:

(1) Where the resolution of intention is published in a newspaper pursuant to subdivision (c) of Section 8320.

(2) Where there is no daily, semiweekly, or weekly newspaper published and circulating in the county in which the local agency conducting the proceeding is located.

8323. (a) At least two weeks before the day set for the hearing, the legislative body shall post conspicuously notices of vacation along the line of the street, highway, or public service easement proposed to be vacated. The notices shall be posted not more than 300 feet apart, but at least three notices shall be posted. If the line of the street, highway, or public service easement proposed to be vacated exceeds one mile in length, the legislative body may, in lieu of posting not more than 300 feet apart, post notices at each intersection of another street or highway with the street, highway, or public service easement to be vacated and at one point approximately midway between each intersection, but at least three notices shall be posted.

(b) The notices shall state the day, hour, and place of hearing and shall refer to the adoption of the resolution of intention or to the filing of the petition.

(c) The notices shall describe the street, highway, or public service easement proposed to be vacated. In the case of a street or highway, the description shall include its lawful or official name or the name by which it is commonly known. In the case of a public service easement, the description shall identify it with common certainty. A map or plan showing the location of the street, highway, or public easement proposed to be vacated is sufficient compliance with this subdivision.

8324. (a) At the hearing, the legislative body shall hear the evidence offered by persons interested.

(b) If the legislative body finds, from all the evidence submitted, that the street, highway, or public service easement described in the resolution of intention or petition is unnecessary for present or prospective public use, the legislative body may adopt a resolution vacating the street, highway, or public service easement. The resolution of vacation may provide that the vacation occurs only after conditions required by the legislative body have been satisfied and may instruct the clerk that the resolution of vacation not be recorded until the conditions have been satisfied.

8325. (a) The clerk shall cause a certified copy of the resolution of vacation, attested by the clerk under seal, to be recorded without

acknowledgment, certificate of acknowledgment, or further proof in the office of the recorder of the county in which the property is located. No fee shall be charged for recordation.

(b) Upon such recordation, the vacation is complete.

#### CHAPTER 4. SUMMARY VACATION

##### Article 1. Authority

8330. (a) The legislative body of a local agency may summarily vacate a street or highway that has been superseded by relocation.

(b) A street or highway shall not be summarily vacated pursuant to this section if vacation would do either of the following:

(1) Cut off all access to a person's property which, prior to relocation, adjoined the street or highway.

(2) Terminate a public service easement, unless the easement satisfies the requirements of Section 8333.

8330.5. (a) Subject to subdivisions (b) and (c), the commission may retain, relinquish to a local agency pursuant to Section 73, or summarily vacate a state highway that has been superseded by relocation.

(b) The commission shall not vacate a state highway unless the commission has first given a notice of relinquishment pursuant to Section 73 and the legislative body of the local agency has protested within the prescribed 90-day period that the highway is not needed for public use and should be vacated by the commission.

(c) If vacation of a state highway would cut off all access to the property of any person which, prior to relocation, adjoined the highway, the commission shall either retain the highway or relinquish it pursuant to Section 73.

8331. The legislative body of a local agency may summarily vacate a street or highway if both of the following conditions exist:

(a) For a period of five consecutive years, the street or highway has been impassable for vehicular travel.

(b) No public money was expended for maintenance on the street or highway during such period.

8332. The legislative body of a local agency may summarily vacate a street or highway pursuant to an agreement entered into with the department pursuant to Section 100.2 to close the street or highway at or near the point of its interception with a state freeway.

8333. The legislative body of a local agency may summarily vacate a public service easement in any of the following cases:

(a) The easement has not been used for the purpose for which it was dedicated or acquired for five consecutive years immediately preceding the proposed vacation.

(b) The date of dedication or acquisition is less than five years, and more than one year, immediately preceding the proposed vacation, and the easement was not used continuously since that date.

8334. The legislative body of a local agency may summarily

vacate any of the following:

(a) An excess right-of-way of a street or highway not required for street or highway purposes.

(b) A portion of a street or highway that lies within property under one ownership and that does not continue through such ownership or end touching property of another.

8334.5. Notwithstanding any other provision of this article, a street, highway, or public service easement may not be summarily vacated if there are in-place public utility facilities that are in use and would be affected by the vacation.

## Article 2. Procedure

8335. (a) The legislative body may vacate a street, highway, or public service easement pursuant to the authority provided in this chapter by adopting a resolution of vacation.

(b) The resolution of vacation shall state all of the following:

(1) That the vacation is made under this chapter.

(2) The name or other designation of the street, highway, or public service easement and a precise description of the portion vacated. The description of the portion vacated may be by a precise map which is recorded or to which reference is made in the resolution and which is permanently maintained by the public entity.

(3) The facts under which the summary vacation is made. If the vacation is made pursuant to Section 8332, the statement shall include the date of the agreement. The resolution is prima facie evidence of the facts stated.

(4) That from and after the date the resolution is recorded, the street, highway, or public service easement vacated no longer constitutes a street, highway, or public service easement.

8336. (a) The clerk shall cause a certified copy of the resolution of vacation, attested by the clerk under seal, to be recorded without acknowledgment, certificate of acknowledgment, or further proof in the office of the recorder of the county in which the property is located. No fee shall be charged for recordation.

(b) Upon such recordation, the vacation is complete.

## CHAPTER 5. RESERVATION AND PRESERVATION OF EASEMENTS

### Article 1. Reservation of Easements

8340. In a proceeding to vacate a street or highway:

(a) A public entity may reserve and except from the vacation the easement and right at any time, or from time to time, to construct, maintain, operate, replace, remove, and renew sanitary sewers and storm drains and appurtenant structures in, upon, over, and across a street or highway proposed to be vacated and, pursuant to any existing franchise or renewals thereof, or otherwise, to construct,

maintain, operate, replace, remove, renew, and enlarge lines of pipe, conduits, cables, wires, poles, and other convenient structures, equipment, and fixtures for the operation of gas pipelines, telegraphic and telephone lines, railroad lines, and for the transportation or distribution of electric energy, petroleum and its products, ammonia, and water, and for incidental purposes, including access to protect such works from all hazards in, upon, and over the street or highway proposed to be vacated.

(b) A local agency may reserve and except from vacation an easement for a future street or highway, unless the local agency finds that the street or highway is unnecessary for prospective public use.

(c) If there are in-place public utility facilities that are in use, a public entity shall, unless the legislative body determines the public convenience and necessity otherwise require, reserve, and except from the vacation any easement and right necessary to maintain, operate, replace, remove, or renew the public utility facilities.

8341. (a) In a proceeding to vacate a street or highway, if the legislative body determines that the public convenience and necessity require the reservation and exception of easements and rights-of-way for works enumerated in Section 8340, such reservations and exceptions shall be recited in the resolution of vacation, in addition to any other matter required to be recited therein. The recital may describe the reservations and exceptions by reference to a precise map which is recorded or to which reference is made in the resolution and which is permanently maintained by the public entity.

(b) Subsequent proceedings of the public entity in relation to the vacation, including a deed or conveyance of title to or an interest in the property, are subject to, and governed by, the reservations and exceptions recited in the resolution of vacation and the deed or conveyance shall contain a recital to that effect.

## Article 2. Preservation of Public Easements

8345. As used in this article, "public body" means a city or special district as defined in Section 54775 of the Government Code.

8346. (a) A public body or public utility may request a local agency for notice of proceedings to vacate a street or highway.

(b) Every local agency shall maintain an index of requests for notice of vacation proceedings received pursuant to this section. The index shall be made available to the public upon request.

8347. If a public body or public utility has requested notice of the vacation proceeding under Section 8346, the local agency shall give written notice of the vacation proceeding to the public body or public utility within 10 days after:

(a) The adoption of a resolution of intention or the filing of a petition to vacate.

(b) The adoption of the resolution of vacation in cases not covered by subdivision (a).

8348. (a) Within 30 days after receipt of the notice of the vacation proceeding, the public body may:

(1) Determine that public convenience and necessity require a public easement to maintain, operate, replace, remove, or renew its existing works installed in the street or highway that is the subject of the vacation proceeding.

(2) File for record in the office of the recorder in the county in which the vacated street or highway is located, a verified notice of its public easement so determined over the street or highway, or part thereof, that is particularly described in the notice.

(b) Failure to record the notice of public easement within 30 days after receipt of the notice of the vacation proceeding extinguishes the right of the public body to a public easement.

(c) If the local agency fails to give the required notice of the vacation proceeding, the public body may determine and record notice of its public easement at any time within 180 days after recordation of the resolution of vacation. The failure of the public body to record its notice within the 180-day period extinguishes the right of the public body to a public easement over the vacated street or highway.

8349. Nothing in this article shall be construed to:

(a) Affect any reservation or the right to reserve easements pursuant to this chapter or any other provision of this code.

(b) Make the rights of the public in or to a street or highway subordinate to a public easement determined pursuant to this article.

## CHAPTER 6. EFFECT OF VACATION

### Article 1. Effect on Property Rights

8350. Except as provided in Chapter 5 (commencing with Section 8340), the vacation of a street, highway, or public service easement extinguishes all public easements therein.

8351. Except as otherwise provided in Chapter 5 (commencing with Section 8340) or in this chapter, upon the vacation of a street, highway, or public service easement:

(a) If the public entity owns only an easement, title to the property previously subject to the easement is thereafter free from the easement.

(b) If the public entity owns the title, the legislative body may dispose of the property as provided in this chapter.

8352. (a) Except as provided in Section 8353, vacation of a street, highway, or public service easement pursuant to this part does not affect a private easement or other right of a person (including, but not limited to, a public utility, the state, a public corporation, or a political subdivision, other than the local agency adopting the resolution of vacation) in, to, or over the lands subject to the street, highway, or public service easement, regardless of the manner in which the private easement or other right was acquired.

(b) A private easement or other right described in subdivision (a) is subject to extinguishment under the laws governing abandonment, adverse possession, waiver, and estoppel.

8353. (a) Except as provided in subdivision (b), the vacation of a street or highway extinguishes all private easements therein claimed by reason of the purchase of a lot by reference to a map or plat upon which the street or highway is shown, other than a private easement of ingress and egress to the lot from or to the street or highway.

(b) A private easement claimed by reason of the purchase of a lot by reference to a map or plat upon which the street or highway is shown is not extinguished pursuant to subdivision (a) if, within two years after the date the vacation is complete, the claimant records a verified notice that particularly describes the private easement that is claimed in the office of the recorder of the county in which the vacated street or highway is located.

(c) Nothing in this section shall be construed to create a private easement, nor to extend a private easement now recognized by law, nor to make the rights of the public in or to a street or highway subordinate to a private easement. Nothing in this section affects the right of the owner of property that was subject to the vacated street or highway to commence an action to quiet title as against any claim of a private easement of any type, whether before or after recordation of a verified notice pursuant to this section.

## Article 2. Disposition of Excess Property

8355. If the legislative body of a public entity determines that property previously subject to a street, highway, or public service easement, title to which is owned by the public entity, is no longer needed by the public:

(a) In the case of property owned by a local agency, the legislative body may sell or exchange the property in the manner, and upon the terms and conditions, approved by the legislative body.

(b) In the case of property owned by the state, the department shall dispose of the property as provided in Section 118.

8356. (a) Notwithstanding Section 8311, if a street or highway is vacated by a local agency under this part, or under any other law or under its charter, for the purpose of opening a new street or highway in lieu of that vacated, the legislative body of the local agency may, by resolution, unless otherwise provided in its charter, convey by deed its interest in the street or highway vacated to the owners of the lands adjacent to or fronting on the street or highway in such manner as it deems that equity requires.

(b) If title to the property occupied by the vacated street or highway is owned by the local agency, the legislative body may impose any reasonable conditions, or demand compensation by exchange of lands, or otherwise, before conveying the property.

(c) The deeds provided for in this section shall not be delivered

to the grantees named in the deeds, until good and sufficient conveyances vesting in the local agency the title to the new street or highway opened in lieu of the street or highway vacated are delivered to the local agency.

(d) The authority granted in this section is permissive and does not affect any authority the local agency may have to hold the property for public use, dispose of the property by public bid, or take any other action with respect to the property authorized by law.

8357. The purchase price for any property sold by the legislative body of a local agency pursuant to this article shall be paid into the treasury of the local agency to the credit of any fund, available for the same purposes for which the property was used, that the legislative body designates.

#### CHAPTER 7. AGREEMENTS LIMITING VACATION

8360. A local agency may, by written contract, agree with another local agency that a street or highway running from either of the local agencies to, in, through, or across any incorporated territory of the other local agency may only be closed or vacated by the other local agency upon the consent and agreement of both local agencies.

8361. A written agreement between any local agencies made and ratified prior to January 1, 1981, by the respective legislative bodies of both local agencies and providing against the closing of streets or highways described in Section 8360, except in accordance with the terms of the agreement, is hereby ratified and declared valid.

8362. Whenever a written agreement is made pursuant to Section 8360, or has been made and is ratified by Section 8361, each contracting local agency has a public interest in the continued opening and use of any street or highway provided for in the agreement. The legislative body of the local agency in which the street or highway is located, shall only have power to close or vacate the street or highway in accordance with the laws of this state and in accordance with the written agreement evidenced by an effective resolution carrying into effect the written agreement and passed by the legislative body of the other local agency.

8363. Every agreement between local agencies made in accordance with the provisions of this chapter shall be recorded in the office of the county recorder of each county wherein lies any of the property through or across which the street or highway runs which is to be or has been closed or vacated.

SEC. 30. No appropriation is made and no reimbursement is required by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

## CHAPTER 1051

An act to add Article 2.3 (commencing with Section 10167) to Chapter 3 of Part 1 of Division 4 of, and to repeal Section 10143 of, the Business and Professions Code, relating to advance rental fee agents, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 10143 of the Business and Professions Code is repealed.

SEC. 2. Article 2.3 (commencing with Section 10167) is added to Chapter 3 of Part 1 of Division 4 of the Business and Professions Code, to read:

Article 2.3. Prepaid Rental Listing Service

10167. The definitions used in this section shall govern the construction and terms as used in this article:

(a) "Prepaid rental listing service" means the business of supplying prospective tenants with listings of residential real properties for tenancy, by publication or otherwise, pursuant to an arrangement under which the prospective tenants are required to pay a fee in advance of, or contemporaneously with, the supplying of the listings, but which does not otherwise involve the negotiation of rentals by the person conducting the service.

(b) "Licensee" means a person licensed to conduct a prepaid rental listing service or a person engaged in the business of a prepaid rental listing service under a real estate broker license.

(c) "Location" means the place, other than the main or branch office of a real estate broker, where a prepaid rental listing service business is conducted.

(d) "Designated agent" means the person who is in charge of the business of a prepaid rental listing service at a given location.

10167.1. This article shall not apply to a newspaper of general circulation.

10167.2. It is unlawful for any person to engage in the business of a prepaid rental listing service unless licensed in that capacity or unless licensed as a real estate broker.

10167.3. (a) A separate application for a license as a prepaid rental listing service shall be made in writing for each location to be operated by a licensee other than a real estate broker. Each such application shall be on forms provided by the department, shall be signed by the applicant, and shall be accompanied by a one hundred dollar (\$100) application fee for the first location, and a twenty-five

dollar (\$25) application fee for each additional location of the applicant.

Applications to add or eliminate locations during the term of a license shall be on forms prescribed by the department. A twenty-five dollar (\$25) application fee for the remainder of a license term for each location to be added shall accompany the application.

(b) A real estate broker may provide a prepaid rental listing service at a licensed office for the conduct of his or her real estate brokerage business if the business at the office is conducted under the immediate supervision of the broker or of a real estate salesperson licensed to, and acting on behalf of, the broker.

10167.4. The commissioner may require such proof as he may deem advisable concerning the honesty and truthfulness of any applicant for a license as a prepaid rental listing service, or of the officers, directors, and persons owning 25 percent or more of the shares of any corporation making such application, before authorizing the issuance of a license for a location. For this purpose, the commissioner may hold a hearing in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and may refuse to issue a license to an applicant who does not furnish satisfactory proof of his or her honesty and truthfulness or of the honesty and truthfulness of the corporate officers, directors and shareholders. To assist in his determination, the commissioner shall require the fingerprinting of every original applicant including officers, directors, and persons owning 25 percent or more of the shares of the corporate applicant.

10167.5. The business at a location licensed pursuant to subdivision (a) of Section 10167.3 shall be conducted under the immediate supervision of the licensee or a designated agent who is not a designated agent at any other location. Whenever a designated agent ceases permanently to be a designated agent at any location because of death, termination of employment, or any other reason, the licensee, within five days thereafter, shall give written notice to the department. A license issued for a particular location shall automatically expire 60 days after the time the business conducted at such location ceases for any reason to be under the charge of and managed by the designated agent of record with the department, unless within such 60-day period the licensee submits written notice of the new designated agent to the department.

A designated agent of the licensed service may serve as designated agent for the location in question as well as for the location for which he or she is the designated agent of record during the period of 60 days.

10167.6. Every applicant for a prepaid rental listing service license who is not a resident of this state shall file with the application for a license an irrevocable consent that in any action arising out of the activities of the prepaid rental listing service commenced against him or her in this state, if personal service of process upon him or her

cannot be made in this state in the exercise of due diligence, a valid service may be made upon him or her by delivering the process to the Secretary of State.

Insofar as possible, the provisions of Section 1018 of the Code of Civil Procedure relating to service of process on the Secretary of State are applicable to this section.

10167.7. Except as provided in Section 10167.8, each licensee shall provide to the department, and at all times maintain in force, a bond in the amount of two thousand five hundred dollars (\$2,500) for each location. Such bond may be in the form of a corporate surety bond, or a cash deposit. A cash deposit may be deposited by the licensee in an interest bearing account assigned to the commissioner, with interest earned thereon payable to the licensee. The bond or cash deposit may be utilized by the commissioner for the benefit of any unsatisfied judgment creditor in an action pursuant to subdivision (e) of Section 10167.10.

10167.8. The requirement of Section 10167.7 shall not apply to any prepaid rental listing service operated by: (a) a person exempt from the payment of federal and state income taxes; (b) an agency of the federal, state, or local government; or (c) a real estate broker conducting a prepaid rental listing service pursuant to a real estate license.

10167.9. (a) Prior to the acceptance of a fee from a prospective tenant, a licensee shall provide the prospective tenant with a written contract which shall include at least the following:

(1) The name of the licensee and the addresses and telephone numbers of the principal office or location of the licensee and of the location, or branch office of a real estate broker, providing the listing to the prospective tenant.

(2) Acknowledgement of receipt of the fee, including the amount.

(3) A description of the service to be performed by the licensee, including significant conditions, restrictions, and limitations where applicable.

(4) The prospective tenant's specifications for the rental property, including but not limited to:

(A) Type of structure, including but not limited to, detached single family home, apartment, or duplex.

(B) Location by commonly-accepted residential area name, by designation of boundary streets, or by any other manner affording a reasonable means of identifying locations acceptable to the prospective tenant.

(C) Furnished or unfurnished.

(D) Number of bedrooms required.

(E) Maximum acceptable monthly rental.

(5) The contract expiration date, which shall not be later than 90 days from the date of execution of the contract.

(6) A clause setting forth the right to a full refund of the fee paid in advance as provided in Section 10167.10.

(7) The signature of the licensee or of the designated agent, real

estate salesperson, or employee acting on behalf of the licensee.

(b) The original of each such contract shall be retained by the licensee for a period of not less than six months from the date of termination of the contract during which time the contract shall be subject to examination by a duly authorized representative of the commissioner.

(c) The form of contract proposed to be used by a licensee to effect compliance with this section shall be filed with the department prior to use. Any modification of a form previously filed with the department, including a change in the name or business address of the licensee, shall also be filed prior to use.

(d) If a prospective tenant first contacts the licensee by telephone from a distance of more than 50 miles from the nearest office of the service the licensee shall not be in violation of this section by taking credit card information from the prospective tenant by telephone for the purpose of charging the credit card account of the prospective tenant for the fee, if the licensee furnishes the information specified in subdivision (a) during the same telephone conversation and mails written confirmation and a list of available rental properties to the prospective tenant no later than the next business day.

10167.10. (a) (1) A licensee, other than a real estate broker, shall refund in full the advance fee paid by a prospective tenant if the licensee does not, within five days after execution of the contract, supply at least three rental properties then available to the prospective tenant and meeting the specifications of the contract.

(2) A licensee will be deemed to have supplied information meeting the specifications of the prospective tenant if the information supplied meets the contract specifications with reference to: (i) type of structure; (ii) designated area; (iii) furnished or unfurnished; (iv) number of bedrooms; (v) maximum rental; and (vi) any other specification expressly set forth in the contract. A demand for the return of the fee shall be made by or on behalf of the prospective tenant within 10 days following the expiration of the five-day period referred to above by delivery or by mailing by registered or certified mail to the address of a location, or branch office of a real estate broker, set forth in the contract.

(b) A licensee shall refund any amount over and above the sum of a twenty-five dollar (\$25) service charge to the prospective tenant if the prospective tenant does not obtain a rental, provided that the prospective tenant demands a return of that part of the fee within 10 days after the expiration of the contract.

(c) Each contract, other than a contract employed by a licensee who is a real estate broker, shall contain provisions which shall read as follows unless different language shall have been approved in writing by the department prior to use:

**RIGHT TO REFUND**

(Full caps, bold face or italicize)

"If, within five (5) days after payment of an advance fee, the

licensee has not supplied the prospective tenant with at least three (3) available rental properties meeting the specifications of the contract as to (i) type of structure; (ii) designated area; (iii) furnished or unfurnished; (iv) number of bedrooms; (v) maximum rental; and (vi) any other specification expressly set forth in the contract, the full amount of the fee paid shall be refunded to the prospective tenant upon presentation of evidence of such failure within ten (10) days after the expiration of the five (5) day period.

“If the prospective tenant does not obtain a rental through the services of the licensee, any amount paid in fees in excess of a twenty-five dollar (\$25) service charge shall be refunded to the prospective tenant, upon demand by the prospective tenant made within 10 days of the expiration of this contract.”

(d) Each contract employed by a real estate broker shall contain provisions which shall read as follows, unless different language shall have been approved in writing by the department prior to its use:

**RIGHT TO REFUND**

(Full caps, bold face or italicize)

“If the prospective tenant does not obtain a rental through the services of the licensee, any amount paid in fees in excess of a twenty-five dollar (\$25) service charge shall be refunded to the prospective tenant, upon demand by the prospective tenant made within 10 days of the expiration of this contract.”

(e) This section shall not apply to a person purchasing rental information for a purpose other than that of locating a rental unit for personal use or the use of a designated person. The contract shall so provide and shall be initialed by the customer.

(f) If a demand for refund is denied by a licensee, and if the denial is found to have been in bad faith, a court of appropriate jurisdiction, as well as a small claims court, shall be empowered to award damages to the plaintiff in an amount not to exceed two hundred dollars (\$200) in addition to actual damages sustained by the plaintiff. If the licensee refuses or is unable to pay the damages awarded by the court, the award may be satisfied out of the security required under Section 10167.7.

10167.11. It shall be a violation of this article for any licensee or any employee or agent of a licensee to refer a property to a prospective tenant knowing or having reason to know that:

(a) The property does not exist or is unavailable for tenancy.

(b) The property has been described or advertised by or on behalf of the licensee in a false, misleading, or deceptive manner.

(c) The licensee has not confirmed the availability of the property for tenancy during the four-day period immediately preceding dissemination of the listing information. However, it shall not be a violation to refer a property to a prospective tenant during a period of from five to seven days after the most recent confirmation of the

availability of the property for rental if the licensee has made a good faith effort to confirm availability within the stated four-day period, and if the most recent date of confirmation of availability is set forth in the referral.

(d) The licensee has not obtained written or oral permission to list the property from the property owner, manager, or other authorized agent.

10167.12. (a) The commissioner may suspend or revoke the license of a prepaid rental listing service or the license of the service to operate at one or more locations for either of the following:

(1) A violation of a provision of this article by a licensee or by an employee or agent, including a designated agent, of the licensee.

(2) A conviction of a licensee, or of an officer, director or owner of 25 percent or more of the shares of a corporate licensee for a crime which is substantially related to the qualifications, functions, or duties of a prepaid rental listing service licensee.

(b) For the purpose of determining whether grounds exist for suspending or revoking the license of a prepaid rental listing service the commissioner shall hold a hearing in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

10167.13. A prepaid rental listing service license issued by the department shall be for a period of two years. An application and fee for renewal filed with the department before midnight of the last day of the period for which a previous license was issued entitles the licensee to continue operating at all locations specified in the previous license for which a renewal fee is paid.

10167.14. Whenever any person has engaged or threatens to engage in any acts or practices which constitute, or will constitute a violation of a provision of the article, the superior court of the county in which the acts or practices have taken place, or are about to take place, on complaint of the commissioner, the attorney general, district attorney, or city attorney, may enjoin such acts or practices by appropriate order. The proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that no undertaking shall be required.

10167.15. Any person, including an officer, director, or employee of a corporation who willfully violates any provision of this article is guilty of a misdemeanor.

10167.16. A person or corporation licensed pursuant to this article and not engaging in acts for which a real estate license is required under Article 1 (commencing with Section 10130) of Chapter 3 of Part 1 of Division 4, shall be subject, in addition to the provisions of this article, to the provisions of Chapter 1 (commencing with Section 10000) and Chapter 2 (commencing with Section 10050) of Part 1 of Division 4, and to Sections 10450, 10452, 10453, and 10454.

SEC. 3. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article

XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

SEC. 4. The provisions of Sections 10167.2 and 10167.7 shall become operative 90 days after the effective date of this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Thousands of California families and individuals who are using prepaid rental listing services presently have no adequate protection from, or remedy to, the unfair or sharp tactics employed by some members of this unregulated industry. It is therefore necessary that the provisions contained in this act take effect immediately.

#### CHAPTER 1052

An act to amend Sections 2003, 7924, 8308, 8830.5, and 8837 of, to add Sections 12002.5 and 12002.7 to, and to add and repeal Sections 12002.6 and 12002.8 of, the Fish and Game Code, relating to fish.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2003 of the Fish and Game Code is amended to read:

2003. (a) It is unlawful to offer any prize or other inducement as a reward for the taking of any game birds, mammals, fish, reptiles, or amphibia, excepting trout and striped bass, and excepting black bass pursuant to a permit issued under subdivision (b).

(b) The department, if it finds there would be no detriment to the resource, may, subject to such regulations as the commission shall prescribe, issue to any person a permit authorizing such person to offer a prize or other inducement as a reward for the taking of black bass. The application for any such permit shall be accompanied by a fee in such amount as shall be determined by the department as necessary to cover the reasonable administrative costs incurred by the department in issuing such permit.

(c) This section does not prohibit any person or nonprofit corporation from giving awards of not to exceed two hundred dollars (\$200) in value for each recipient, and does not apply to any person or nonprofit organization conducting what are generally known as

frog-jumping contests or fish contests conducted in waters of the Pacific Ocean.

SEC. 2. Section 7924 of the Fish and Game Code is amended to read:

7924. Licenses issued under this article are subject to forfeiture, suspension, or revocation for a violation of Section 7121 and for any offense for which a commercial fishing license may be forfeited, suspended, or revoked.

SEC. 3. Section 8308 of the Fish and Game Code is amended to read:

8308. It is unlawful for a holder of a permit which authorizes the taking of abalone for commercial purposes to possess or control more than 20 dozen black abalone at any time, except that more than 20 dozen may be possessed or controlled when being transported on land.

SEC. 4. Section 8830.5 of the Fish and Game Code is amended to read:

8830.5. Midwater trawls may be used under such rules and regulations as the commission may prescribe, including the setting of a minimum mesh size. However, the commission may not set a minimum mesh size during the time that a groundfish management plan adopted by the Pacific Fishery Management Council is in effect.

SEC. 5. Section 8837 of the Fish and Game Code is amended to read:

8837. It is unlawful to use or possess any trawl net which includes any bag or cod-end or modification thereof, other than a bag or cod-end of a single layer of webbing, except as authorized by Sections 8838 to 8841, inclusive.

SEC. 6. Section 12002.5 is added to the Fish and Game Code, to read:

12002.5. Notwithstanding Sections 12000, 12001, and 12002 a certificate of boat registration may be revoked or suspended by the commission, when requested by the department, for a period not to exceed one year, upon conviction of the registrant or person acting under his direct control, for a violation of Section 7121 or the regulations adopted pursuant thereto, if the violation in question involved a vessel licensed pursuant to Section 7920.

Notwithstanding Sections 12000, 12001, and 12002, a certificate of boat registration of a vessel licensed pursuant to Section 7920 may be revoked or suspended by the commission, when requested by the department, for a period not to exceed one year, upon conviction of any other person for a violation of Section 7121, if the fish or amphibia involved in the violation were taken from the vessel and that person committed a prior violation of Section 7121 on the vessel.

However, the certificate shall not be revoked for a violation which is unrelated to the boat for which the certificate of registration is to be revoked.

SEC. 7. Section 12002.6 is added to the Fish and Game Code, to read:

(b) Lease property from the federal government, the state, or any county, city and county, city, or district for the purpose of constructing school buildings and facilities thereon.

Except as otherwise provided, any building leased for a total time in excess of three years, or under a lease-purchase agreement, shall be deemed the construction or alteration of a school building, as those terms are used in Article 3 (commencing with Section 39140) of this chapter. A building or facility used by a school district under a lease or a lease-purchase agreement into which neither pupils nor teachers are required to enter and which would be excluded from the meaning of "school building" in Section 39214 shall not be considered to be a "school building" within the meaning of Section 39141. The governing board of a school district may request and obtain from the State Allocation Board authority for use of any such building not meeting the structural standards prescribed by Article 3 (commencing with Section 39140) of this chapter for an additional three years upon presentation of satisfactory evidence to the State Allocation Board that the district is proceeding in a timely manner with a construction program that will eliminate the need for the leased facilities.

SEC. 2. Section 39250.7 is added to the Education Code, to read:

39250.7. Notwithstanding any other provision of law to the contrary, the governing board of a school district whose average daily attendance is 400,000, or more, may lease buildings and other facilities, such as administrative offices, warehouses, athletic facilities, outdoor assembly facilities, auditoriums, quarters for adult education, transportation facilities, and communication facilities, for a period of not to exceed 16 years. However, if such facilities are used for programs which are fully or partially funded by other than state or district sources, the facilities may be leased for the duration of the funding. The governing board may also lease for any amount of time health facilities which: (1) are owned by the parent-teachers' association or other similar type organization; (2) are utilized and operated for other than educational services by the school district in which such facility is located; and (3) are for the benefit of those pupils who are brought to the facility by their parents for health services.

An act to amend Sections 21140 and 21140.1 of the Business and Professions Code, relating to petroleum products.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 21140 of the Business and Professions Code is amended to read:

21140. As used in this chapter:

(a) A "franchise" is any contractual or written agreement between a petroleum corporation or distributor and a gasoline dealer under which the gasoline dealer is granted the right to use a trademark, trade name, service mark, or other identifying symbol or name owned by the corporation or distributor, or any agreement between a petroleum corporation or distributor and a gasoline dealer under which the gasoline dealer is granted the right to occupy premises owned, leased, or controlled by the corporation or distributor, for the purposes of engaging in the retail sale of petroleum and other products of the corporation and distributor.

(b) A "franchisee" is any person who, pursuant to a franchise, receives gasoline, diesel fuel, or gasohol from the franchisor and who sells such products at retail.

(c) A "franchisor" is any person or corporation which refines, processes, or distributes gasoline, diesel fuel, or gasohol.

SEC. 2. Section 21140.1 of the Business and Professions Code is amended to read:

21140.1. Notwithstanding the terms of any franchise, a retail gasoline station owned or operated by a franchisee shall not be precluded from purchasing gasoline, diesel fuel, or gasohol from any available source if the franchisor is unable or refuses to supply the franchisee with such products.

Failure to deliver contracted, agreed upon, or requested quantities of gasoline, diesel fuel, or gasohol within 72 hours of such specified contract time, agreement, or request shall constitute an inability or refusal to supply a franchisee. Requests for deliveries of gasoline, diesel fuel, or gasohol may be telephoned to the franchisor, except that when the franchisee intends to seek gasoline, diesel fuel, or gasohol from another supplier pursuant to Section 21140.1 should the franchisor be unable or refuse to supply him, a request for gasoline, diesel fuel, or gasohol must be made in writing to a franchisor at least 48 hours before desired delivery.

Once such notice has been given, and the franchisor has failed to deliver contracted, agreed upon, or requested quantities of gasoline, diesel fuel, or gasohol, no further written request shall be required from the franchisee until such time as the franchisor notifies the franchisee in writing that the franchisor is prepared to deliver contracted, agreed upon, or requested quantities of gasoline, diesel fuel, or gasohol.

Nondelivery of gasoline, diesel fuel, or gasohol by the franchisor due to accident, fire, theft or other similar acts shall not constitute an inability or refusal to supply the franchisee.

If the franchisee sells gasoline, diesel fuel, or gasohol supplied from a source other than the franchisor, the franchisee shall prominently

post a sign disclosing this fact to the public on each pump dispensing gasoline, diesel fuel, or gasohol purchased from other than the franchisor. The sign shall not be smaller than 8" x 10" with letters not less than three inches in height.

This provision shall not be construed to permit a franchisee to purchase more gasoline, diesel fuel, or gasohol than may be allowed by any federal statute or regulation.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 89 of the Education Code is amended to read:

89. The word "department" whenever used in this code, unless the context otherwise requires, means the State Department of Education.

SEC. 2. The heading of Chapter 3 (commencing with Section 33300) of Part 20 of the Education Code is amended to read:

### CHAPTER 3. STATE DEPARTMENT OF EDUCATION

SEC. 3. Section 33300 of the Education Code is amended to read:

33300. There is in the state government a State Department of Education. Any reference to the Department of Education shall be deemed to be a reference to the State Department of Education, unless the context otherwise requires.

SEC. 4. Section 7530 of the Government Code is amended to read:

7530. All public agencies, public entities, districts, cities, counties, and cities and counties shall, when being identified by such entity for any purpose, be identified as a public agency, public entity, district, city, county, or city and county, whichever is appropriate.

The requirements of this section shall be deemed satisfied if the words "state," "public agency," "public entity," "district," "city," "county," or "city and county," whichever is appropriate, appears on all letterhead stationery of such public agency, public entity, district, city, county, or city and county, and on all identification cards used to identify a representative of a public agency, public entity, district,

city, county, or city and county; provided, that this chapter is not intended to require the reprinting of letterhead stationery or identification cards and any public agency, public entity, district, city, county, or city and county shall have one year from the effective date of this chapter to use up old letterhead stationery and identification cards. The use by a school district of the name "\_\_\_\_\_ City Schools" shall satisfy the requirements of this section.

Notwithstanding any other provision of law, a written application for leave to present a claim pursuant to Section 911.4 shall be granted when it can be shown that the claimant acted with reasonable diligence in pursuing the claim and reasonably believed that the responsible entity was not a public agency by reason of its representations.

SEC. 5. Notwithstanding any other provision of law to the contrary, the Coachella Valley Unified School District may establish a high school to serve pupils who would otherwise be required to travel in excess of 20 miles to attend high school. In the event that such a newly-established high school serves less than 301 units of average daily attendance, the revenue limit computed for the district pursuant to Section 42238 of the Education Code shall be adjusted as follows:

SEC. 6. Due to the unique circumstances involving the need for funds to eliminate a dangerous travel situation in the school district affected by Section 5 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to clarify the term used in the Education Code for the State Department of Education at the earliest possible time, in order to permit the Coachella Valley Unified School District to establish a necessary small high school at the earliest possible time, and in order to permit school district governing boards to continue without interruption the practice of using the term "city schools" as

prescribed by this act, and so facilitate the orderly administration of the school districts affected, it is essential that this act take effect immediately.

It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

5328.01. Notwithstanding Section 5328, all information and

records made confidential under the first paragraph of Section 5328 shall also be disclosed to governmental law enforcement agencies investigating evidence of a crime as follows where the records relate to a patient who is confined or has been confined as a mentally disordered sex offender or pursuant to Section 1026 or 1368 of the Penal Code and the records are in the possession or under the control of a state medical facility:

(a) In accordance with the prior written consent of the patient;  
or

(b) If authorized by an appropriate order of a court of competent jurisdiction in the county where the records are located compelling a party to produce in court specified records and specifically describing the records being sought, granted after an application showing good cause therefor. In assessing good cause, the court shall do all of the following:

(1) Weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services.

(2) Determine that there is a reasonable likelihood that the records in question will disclose material information or evidence of substantial value in connection with the investigation or prosecution.

(3) Determine that the crime involves the causing of, or direct threatening of, the loss of life or serious bodily injury.

(4) In granting or denying a subpoena, the court shall state on the record the reasons for its decision and the facts which the court considered in making such a ruling.

(5) If a court grants an order permitting disclosure of such records, the court shall issue all orders necessary to protect, to the maximum extent possible, the patient's privacy and the privacy and confidentiality of the physician-patient relationship.

(6) Any records disclosed pursuant to the provisions of this subdivision and any copies thereof shall be returned to the facility at the completion of the investigation or prosecution unless they have been made a part of the court record.

(c) A governmental law enforcement agency applying for disclosure of patient records under this subdivision, may petition the court for an extraordinary order, upon a showing of good cause to believe that delay would seriously impede the investigation, which requires the ordered party to produce the records forthwith.

(d) Records obtained by a governmental law enforcement agency pursuant to this section shall not be disseminated to any other agency or person unless such dissemination relates to the criminal investigation for which such records were obtained by such governmental law enforcement agency. The willful dissemination of any record in violation of this paragraph shall constitute a misdemeanor.

(e) If any records obtained pursuant to this section are of a patient presently receiving treatment at the health care facility, the law enforcement agency shall only receive copies of the original records.

This section shall remain in effect only until January 1, 1983, and as of that date is repealed, unless a later enacted statute, which is chaptered January 1, 1983, deletes or extends such date.

SEC. 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that governmental law enforcement agencies may receive confidential information and records obtained in the course of providing mental health or developmental disability services that are needed to protect any citizen and his or her family, it is necessary that this act take immediate effect.

SECTION 1. Chapter 7.1 (commencing with Section 25620) is added to Division 20 of the Health and Safety Code, to read:

### CHAPTER 7.1. RADIATION MONITORING DEVICES FOR NUCLEAR POWERPLANTS

25620. Each privately-owned and publicly-owned public utility operating a nuclear powerplant with a generating capacity of 50 megawatts or more shall establish a system of offsite radiation monitoring devices as specified by the Nuclear Regulatory Commission pursuant to Regulatory Guide 1.97 or related standards. The utility shall consult with the State Department of Health Services and the appropriate county emergency services agency regarding the type, number, and locations of the radiation monitoring devices. The consultation with the department and the appropriate county emergency services agency shall be completed prior to submitting a plan to the Nuclear Regulatory Commission

regarding the radiation monitoring devices.

25621. The information transmitted to the radiation monitoring displays in the technical support center or emergency operating facility of a nuclear powerplant shall be simultaneously transmitted to the Office of Emergency Services State Warning Center.

25622. The funds expended by privately-owned utilities complying with this chapter shall be allowed for ratemaking purposes by the Public Utilities Commission. Publicly-owned utilities shall include funds expended complying with this chapter in their rates.

25623. In no event shall a plant operator be required to spend more than one million dollars (\$1,000,000) in capital outlay for a nuclear powerplant site in complying with this chapter.

25624. Nothing in this chapter shall require powerplant modifications or the conduct of operations which may be in conflict with conditions of the license to operate issued by the Nuclear Regulatory Commission or with other activities authorized by the Nuclear Regulatory Commission, or which may be in conflict with regulations of the Environmental Protection Agency.

25624.5. Failure to comply with this chapter shall not constitute the basis for an action in a court of law or in an administrative proceeding to enjoin or prevent the operation or start-up of a nuclear facility.

SEC. 2. Chapter 7.7 (commencing with Section 25880) is added to Division 20 of the Health and Safety Code, to read:

#### CHAPTER 7.7. NUCLEAR POWERPLANT RADIATION

25880. It is the intent of the Legislature that in the event of a nuclear accident timely and effective communications between the operators of nuclear powerplants in California and those state and local officials charged with nuclear emergency response activities be assured.

25880.1. (a) Each privately-owned and publicly-owned public utility operating a nuclear powerplant with a generating capacity of 50 megawatts or more shall install an automated alert system which will activate alarms in the California State Warning Center of the Office of Emergency Services in a manner to be determined by the Office of Emergency Services in consultation with the State Department of Health Services and the appropriate county emergency services agency. This automated alert system shall duplicate the following alarms in the control rooms of each nuclear powerplant:

(1) Safety injection actuation (operation of the emergency core cooling system).

(2) High radiation alarm of the radioactive gas effluent stack monitor.

(b) The automated alert system shall be operative within 12 months of the effective date of this chapter.

(c) In no event shall the capital costs of complying with this section exceed two hundred thousand dollars (\$200,000) per nuclear powerplant. The operator of each nuclear powerplant shall be responsible for any maintenance or recurring charges. The funds expended by privately owned utilities under this section shall be allowed for ratemaking purposes by the Public Utilities Commission. Publicly owned public utilities shall include funds expended under this section in their rates.

(d) The automated alert system shall be operational whenever corresponding alarms in the control rooms of each nuclear powerplant are required to be operational under the terms of the operating license issued by the Nuclear Regulatory Commission, except for periods of time required for maintenance, repair, calibration, or testing.

(e) Nothing in this section shall require plant modifications or the conduct of operations which may be in conflict with conditions of a license to operate issued by the Nuclear Regulatory Commission or other activities authorized by the Nuclear Regulatory Commission.

(f) The Office of Emergency Services shall make provision for immediate notification of appropriate local officials upon activation of the automated alert system pursuant to this section.

25880.2. Nothing in this chapter shall relieve nuclear powerplant operators of their responsibilities to notify local authorities as otherwise provided by law.

25880.3. Failure to comply with any provision of this chapter shall not constitute the basis for an action in a court of law or administrative proceeding to enjoin or prevent the operation or start-up of a nuclear facility.

25880.4. If the Humboldt Bay Nuclear Generating Station is not in operation on the effective date of this section, the local emergency plan for it shall not be required to meet the revised emergency response plan requirements of Section 8610.5 of the Government Code until the Nuclear Regulatory Commission determines that the powerplant meets Nuclear Regulatory Commission seismic safety criteria, or until the Nuclear Regulatory Commission issues an order rescinding the restrictions imposed on the Humboldt Bay Nuclear Generating Station in its order of May 21, 1976.

In the event that the Nuclear Regulatory Commission determines that the Humboldt Bay Nuclear Generating Station meets Nuclear Regulatory Commission seismic safety standards, or issues an order rescinding the restrictions in its order of May 21, 1976, a draft county emergency plan meeting the requirements of Section 8610.5 of the Government Code shall be submitted to the Office of Emergency Services for review within 180 days of the determination or rescission. Within 90 days after submission of the draft county emergency plan, approval of a final plan shall be completed by the Office of Emergency Services.

SEC. 3. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article

XIII B of the California Constitution because self-financing authority is provided in this act to cover costs that may be incurred in carrying on any program or performing any service required to be carried on or performed by this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to protect the public health and safety by ensuring that there is adequate monitoring of radiation levels in the event of a nuclear powerplant accident and to insure that appropriate state and local authorities are notified of possible nuclear accidents in a timely fashion, it is essential that this act take effect immediately.

[Approved by Governor September 25, 1980. Filed with Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 11161.5 of the Penal Code is repealed.

SEC. 2. Section 11161.6 of the Penal Code is repealed.

SEC. 3. Section 11161.7 of the Penal Code is repealed.

SEC. 4. Article 2.5 (commencing with Section 11165) is added to Chapter 2 of Title 1 of Part 4 of the Penal Code, to read:

## Article 2.5. Child Abuse Reporting

11165. As used in this article:

(a) "Child" means a person under the age of 18 years.

(b) "Sexual assault" means conduct in violation of the following sections of the Penal Code: Sections 261 (rape), 261.5 (unlawful sexual intercourse), 264.1 (rape in concert), 285 (incest), 286 (sodomy), subdivisions (a) and (b) of Section 288 (lewd or lascivious acts upon a child under 14 years of age), and Sections 288a (oral copulation), 289 (penetration of a genital or anal opening by a foreign object), and 647a (child molestation).

(c) "Neglect" means the negligent failure of a person having the care or custody of any child to protect a child from severe malnutrition or medically diagnosed nonorganic failure to thrive. For the purposes of this chapter, a child receiving treatment by spiritual means as provided in Section 16508 of the Welfare and Institutions Code shall not for that reason alone be considered a neglected child.

(d) "Willful cruelty or unjustifiable punishment of a child" means a situation where any person willfully causes or permits any child to suffer, or inflicts thereon, unjustifiable physical pain or mental suffering, or having the care or custody of any child, willfully causes or permits the person or health of such child to be placed in such situation that his or her person or health is endangered.

(e) "Corporal punishment or injury" means a situation where any person willfully inflicts upon any child any cruel or inhuman corporal punishment or injury resulting in a traumatic condition.

(f) "Abuse in out-of-home care" means situations of suspected physical injury on a child which is inflicted by other than accidental means, or of sexual abuse or neglect or the willful cruelty or unjustifiable punishment of a child, as defined in this article, where the person responsible for the child's welfare is a foster parent or the administrator or an employee of a public or private residential home, school, or other institution or agency.

(g) "Child abuse" means a physical injury which is inflicted by other than accidental means on a child by another person. "Child abuse" also means the sexual assault of a child or any act or omission proscribed by Section 273a (willful cruelty or unjustifiable punishment of a child) or 273d (corporal punishment or injury). "Child abuse" also means the neglect of a child or abuse in out-of-home care, as defined in this article.

(h) "Child care custodian" means a teacher, administrative officer, supervisor of child welfare and attendance, or certificated pupil personnel employee of any public or private school; an administrator of a public or private day camp; a licensed day care worker; an administrator of a community care facility licensed to care for children; headstart teacher; public assistance worker; employee of a child care institution including, but not limited to, foster parents, group home personnel and personnel of residential

care facilities; a social worker or a probation officer.

(i) "Medical practitioner" means a physician and surgeon, psychiatrist, psychologist, dentist, resident, intern, podiatrist, chiropractor, licensed nurse, dental hygienist, or any other person who is currently licensed under Division 2 (commencing with Section 500) of the Business and Professions Code.

(j) "Nonmedical practitioner" means a state or county public health employee who treats a minor for venereal disease or any other condition; a coroner; a paramedic; a marriage, family, or child counselor; or a religious practitioner who diagnoses, examines, or treats children.

(k) "Child protective agency" means a police or sheriff's department, a county probation department, or a county welfare department.

11166. (a) Except as provided in subdivision (b), any child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident. For the purposes of this article, "reasonable suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect child abuse.

(b) Any child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected instance of child abuse to a child protective agency.

(c) Any other person who had knowledge of or observes a child whom he or she reasonably suspects has been a victim of child abuse may report such suspected instance of child abuse to a child protective agency.

(d) When two or more persons who are required to report are present and jointly have knowledge of a suspected instance of child abuse, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by such selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so, shall thereafter make such report.

(e) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit such reporting duties and no person making such report shall be subject to any

sanction for making such report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with the provisions of this article.

(f) A county probation or welfare department shall immediately or as soon as practically possible report by telephone every instance of suspected child abuse as defined in Section 11165 reported to it to the law enforcement agency having jurisdiction over the case, and to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and shall send a written report thereof within 36 hours of receiving the information concerning the incident to that agency.

A law enforcement agency shall immediately or as soon as practically possible report by telephone every instance of suspected child abuse reported to it to county social services and the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and shall send a written report thereof within 36 hours of receiving the information concerning the incident to such agency.

11167. (a) A telephone report of suspected child abuse shall include the name of the person making the report, the name of the child, the present location of the child, the nature and extent of the injury, and any other information, including information that led such person to suspect child abuse, requested by the child protective agency.

(b) Information relevant to the incident of child abuse may also be given to an investigator from a child protective agency who is investigating the suspected case of child abuse.

(c) Persons who may report pursuant to subdivision (c) of Section 11166 are not required to include their names. The identity of all persons who report under this article shall be confidential and disclosed only by court order or between child protective agencies or the probation department.

11168. The written reports required by Section 11166 shall be submitted on forms adopted by the Department of Justice after consultation with representatives of the various professional medical associations and hospital associations and county probation or welfare departments. Such forms shall be distributed by the child protective agencies.

11169. A child protective agency shall forward to the Department of Justice a preliminary report in writing of every case of suspected child abuse which it investigates, whether or not any formal action is taken in the case. However, if after investigation the case proves to be unfounded no report shall be retained by the Department of Justice. If a report has previously been filed which has proved unfounded the Department of Justice shall be notified of that fact. The report shall be in a form approved by the Department of Justice. A child protective agency receiving a written report from another child protective agency shall not send such report to the

**Department of Justice.**

11170. The Department of Justice shall immediately notify a child protective agency which submits a report pursuant to Section 11169 of any information maintained pursuant to Section 11110 which is relevant to the suspected instance of child abuse reported by the agency. The indexed reports retained by the Department of Justice shall be continually updated and shall not contain any unfounded reports. A child protective agency shall make such information available to the reporting medical practitioner, child custodian, or guardian ad litem appointed under Section 318 of the Welfare and Institutions Code, if he or she is treating or investigating a case of suspected child abuse.

When a report is made pursuant to subdivision (a) of Section 11166, the investigating agency shall, upon completion of the investigation or after there has been a final disposition in the matter, inform the person required to report of the results of the investigation and of any action the agency is taking with regard to the child or family.

11171. (a) A physician and surgeon or dentist or their agents and by their direction may take skeletal X-rays of the child without the consent of the child's parent or guardian, but only for purposes of diagnosing the case as one of possible child abuse and determining the extent of such child abuse.

(b) Neither the physician-patient privilege nor the psychotherapist-patient privilege applies to information reported pursuant to this article in any court proceeding or administrative hearing.

11172. (a) No child care custodian, medical practitioner or nonmedical practitioner reporting a suspected instance of child abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a suspected instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made and the person knew or should have known that the report was false. No person required to make a report pursuant to this section, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse, or causing photographs to be taken of a suspected victim of child abuse, without parental consent, or for disseminating such photographs with the reports required by this section. However, the provisions of this section shall not be construed to grant immunity from such liability with respect to any other use of such photographs.

(b) Any person who fails to report as required by this article an instance of child abuse which he or she knows to exist or reasonably should know to exist is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than five hundred dollars (\$500) or by both.

11174. The Department of Justice, in cooperation with the State

Department of Social Services, shall prescribe by regulation guidelines for the investigation of child abuse, as defined in subdivision (g) of Section 11165, in group homes or institutions and shall ensure that every investigation of such alleged child abuse is conducted in accordance with such regulations and guidelines.

SEC. 5. In reenacting the child abuse reporting law, it is the intent of the Legislature to clarify the duties and responsibilities of those who are required to report child abuse. The new provisions are designed to foster cooperation between child protective agencies and other persons required to report. Such cooperation will insure that children will receive the collective judgment of all such agencies and persons regarding the course to be taken to protect the child's interest.

In enacting Article 2.5 (commencing with Section 11165) of Chapter 2 of Title 1 of Part 4 of the Penal Code, the Legislature recognizes that the reporting of child abuse and any subsequent action by a child protective agency involves a delicate balance between the right of parents to control and raise their own children by imposing reasonable discipline and the social interest in the protection and safety of the child. Therefore, it is the intent of the Legislature to require the reporting of child abuse which is of a serious nature and is not conduct which constitutes reasonable parental discipline.

In repealing Sections 11161.5, 11161.6, and 11161.7 of, and in reenacting the Child Abuse Reporting Law in Article 2.5 (commencing with Section 11165) of Chapter 2 of Title 1 of Part 4 of, the Penal Code, it is not the intent of the Legislature to alter the holding in the decision of *Landeros v. Flood* (1976), 17 Cal. 3d 399, which imposes civil liability for a failure to report child abuse.

It is the intent of the Legislature to encourage each county welfare department to establish within the department a toll-free number for receiving reports of child abuse 24 hours a day, seven days a week.

It is the intent of the Legislature to encourage the board of supervisors of each county to establish a committee composed of representatives from the county welfare department, local law enforcement agencies, county probation department, county health department and other persons representative of the population to be served, and any other person the board of supervisors deems appropriate, which would establish guidelines for the sharing of information and the coordination of the investigation of cases of child abuse.

It is the intent of the Legislature to encourage the county welfare or probation departments to promptly perform for each mandated report they receive and each report received pursuant to subdivision (b) of Section 11166 a thorough assessment to determine all of the following:

(a) The composition of the family or household, including the name, address, age, sex, and race of each child named in the report, and any siblings or other children in the same household or in the

care of the same adults.

(b) Whether there is reasonable suspicion to believe that any child in the family, household, or child-care facility is being abused or neglected and a determination of the person or persons apparently responsible for the abuse or neglect.

(c) The immediate and long-term risk to each child if he or she remains in the existing environment.

(d) The protective treatment and ameliorative services that appear necessary to help prevent further child abuse or neglect.

SEC. 6. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because the duties, obligations, or responsibilities imposed on local agencies or school districts by this act are such that related costs are incurred as part of their normal operating procedures, and because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

## CHAPTER 1072

An act to add Section 1157.5 to the Health and Safety Code, and to amend Sections 16702 and 16704 of the Welfare and Institutions Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1157.5 is added to the Health and Safety Code, to read:

1157.5. Upon request of the board of supervisors of any county which received public health services or funding, or both, during the fiscal year 1979-80 pursuant to Section 1157, the State Department of Health Services shall transfer the dollar value of such services or funding, or both, as an allocation to the county pursuant to Part 4.5 (commencing with Section 16700) of Division 9 of the Welfare and Institutions Code. For purposes of this section, the dollar value of such services or funding, or both, shall include the direct and indirect costs appropriated to the State Department of Health Services to provide public health services to the county pursuant to Section 1157 for the fiscal year preceding the effective date of the request to transfer funds, less any funds allocated from appropriations for child health and disability prevention programs as described in Article 3.4

(commencing with Section 320) of Chapter 2 of Part 1 of this division or for family planning services as described in Chapter 8.5 (commencing with Section 14500) of Part 3 of Division 9 of the Welfare and Institutions Code. Indirect costs subject to this section shall be limited to 17 percent of total personal services costs involved in the direct provision of services.

SEC. 2. Section 16702 of the Welfare and Institutions Code is amended to read:

16702. The net county costs of health services specified in each county budget shall be financed in each county with assistance from the County Health Services Fund in accordance with the following:

(a) An annual grant of three dollars (\$3) per capita based upon population estimates of the Department of Finance as of January 1 of the previous fiscal year; and

(b) Fifty percent of the amount derived by subtracting paragraph (2) from paragraph (1) below:

(1) The actual net costs for the county for the 1977-78 fiscal year, as reported to the State Director of Health Services pursuant to subdivision (f) of Section 20 of Chapter 292 of the Statutes of 1978, increased by 16 percent for the 1979-80 fiscal year;

(2) The amount calculated for the county in subdivision (a).

(c) The amount of assistance from the County Health Services Fund for the County of Alameda shall include an amount equal to 50 percent of the net city costs for health services of the City of Berkeley as reported to the State Director of Health Services pursuant to subdivision (f) of Section 20 of Chapter 292 of the Statutes of 1978, increased by 16 percent for the 1979-80 fiscal year.

(d) The amount of funds transferred at the request of the county pursuant to Section 1157.5 of the Health and Safety Code.

(e) Commencing July 1, 1980, and each July 1 thereafter, the amounts specified in subdivisions (a), (b), (c), and (d) shall be adjusted to reflect any increases or decreases in the cost of living. The average of the separate indices of the cost of living for Los Angeles and San Francisco as published by the United States Bureau of Labor Statistics shall be used as the basis for determining the changes in the cost of living. The State Department of Health Services shall compare the average index for the December preceding the July in which the cost-of-living adjustment is effective with the average index for the month of December of the previous year. The percentage increase or decrease in the average index shall then be multiplied by the amounts specified in subdivisions (a), (b), (c), and (d) as previously adjusted pursuant to this subdivision.

SEC. 3. Section 16704 of the Welfare and Institutions Code is amended to read:

16704. Funds from the County Health Services Fund shall be allocated to the governing body of each county annually in accordance with the following procedures:

(a) The allocation of the amount determined in subdivision (a) of Section 16702 shall be made to each governing body upon submission

of the plan and budget as required by Section 16700. Such funds shall be expended for county health services.

(b) (1) The allocation of the amounts up to the maximum determined in subdivisions (b) and (d) of Section 16702 shall be made upon application by the governing body of each county and upon signing of an agreement between the governing body and the State Director of Health Services. In such agreement, the county shall agree to expend funds in an aggregate amount at least equal to the total amount designated in the plan and budget submitted pursuant to Section 16700 and shall agree to net county costs for county health services of county funds in the same amount as the funds requested under this paragraph pursuant to subdivision (b) of Section 16702. Counties shall agree to expend one dollar (\$1) of county funds for every three dollars (\$3) of state funds requested pursuant to subdivision (d) of Section 16702. Funds requested pursuant to subdivision (d) of Section 16702 shall be expended for public health services.

(2) The allocation to the County of Alameda shall be made only when the agreement between the County of Alameda and the City of Berkeley specified in subdivision (c) of this section is received by the State Department of Health Services.

(c) The allocation of the amount calculated in subdivision (c) of Section 16702 shall be made to the County of Alameda upon the signing of an agreement between the County of Alameda and the City of Berkeley whereby (1) 50 percent of the allocation shall be provided to Berkeley for the purposes of supporting the city's health services, and (2) Berkeley agrees to maintain its level of net city costs for health services at the 1978-79 fiscal year level, as adjusted by an 8 percent increase for the 1979-80 fiscal year and as adjusted annually thereafter by the cost-of-living index specified in subdivision (d) of Section 16702. The remainder of the allocation under this subdivision shall become available to the County of Alameda under the same conditions as specified in subdivisions (b) and (d) of this section.

This subdivision shall have no further force and effect if the City of Berkeley transfers to the County of Alameda the enforcement authority of applicable public health statutes and regulations. This subdivision shall remain operative only until July 1, 1981, and shall not remain in effect after such date unless a later enacted statute, which is chaptered before July 1, 1981, deletes or extends such date.

(d) The agreement shall provide for reports of expenditures and information and shall constitute a contractual obligation. The State Director of Health Services shall not have the authority to disapprove the county health services plan or to require the additional expenditure of county funds for health services beyond that required by this section and Section 16707.

(e) The county shall act in general accordance with the plan and budget submitted pursuant to Section 16700.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Public health services are essential to the health and safety of the citizens of the state. In order to maintain public health services in counties which become independent in the 1980 calendar year, it is necessary that this act take effect immediately.

SEC. 3. Section 14303 of the Welfare and Institutions Code is amended to read:

14303. No contract between the department and the prepaid health plan shall be amended without the public notice and if necessary the holding of a public hearing as required in Section 14300 if such amendments make any of the following changes in the contract:

- (a) Reduction in the scope or availability of services.
- (b) Enlargement of the service area.

(c) Increase in the maximum enrollment permitted under the contract.

(d) Any other change in the plan's organization, operation, or delivery of services which the director determines will have a substantial impact on the ability of enrollees to obtain health care services.

(a) The resulting or surviving organization assures the continued and accessible delivery of health care services to enrollees.

(b) The plan has satisfactorily demonstrated the fiscal and administrative soundness of the newly proposed organization.

(c) If the proposed reorganization or merger results in any change of the plan's service area or delivery of health care services, or if the director otherwise deems it to be appropriate, the following additional conditions shall be met:

(1) Public notice is given and if necessary a public hearing is held

as required by Section 14300.

(2) The enrollees of the plan are informed of the impending reorganization or merger, any resulting changes in the service area or delivery of health care services, and such other information required by subdivision (a) of Section 14406 at least 30 days in advance of the reorganization or merger.

SEC. 7. Section 14304 of the Welfare and Institutions Code is amended to read:

14304. (a) The director shall terminate a contract with a prepaid health plan if he finds that the standards prescribed in this chapter, the regulations, or the contract are not being complied with, that claims accrued or to accrue have not or will not be recompensed, or for other good cause shown. Except in the event that the director determines there is an immediate threat to the health of Medi-Cal beneficiaries enrolled in the plan, the Office of Administrative Hearings, at the request of the plan, shall hold a public hearing to commence 30 days after notice of intent to terminate the contract has been received by the plan. The department shall present evidence at the hearing showing good cause for the termination. The Office of Administrative Hearing shall provide its written recommendation to the department on the termination of the contract within 30 days after conclusion of the hearing. Reasonable notice of the hearing shall be given to the prepaid health plan, to Medi-Cal beneficiaries enrolled in the plan, and others who may be directly interested, including such other persons and organizations as the director may deem necessary. The notice shall state the effective date of, and the reason for, the termination.

(3) Impose civil penalties not to exceed five thousand dollars (\$5,000) per violation pursuant to regulations adopted by the director.

The director shall give reasonable notice of his intention to apply any of the sanctions authorized by this subdivision to the prepaid

health plan and others who may be directly interested, including such other persons and organizations as the director may deem necessary. The notice shall include the effective date, the duration of, and the reason for each sanction proposed by the director.

(c) Notwithstanding subdivision (b), the director shall terminate a contract with a prepaid health plan which the United States Secretary of Health, Education and Welfare has determined does not meet the requirements for participation in the Medicaid Program (Title XIX of the Social Security Act).

(d) Proceedings to impose the sanctions in subdivision (b) shall be governed by the provisions of Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code. The director may collect civil penalties by withholding the amount from capitation owed to the plan.

Proceedings to terminate a prepaid health plan contract under subdivisions (a) and (c) shall be governed by the provisions of subdivision (a).

SEC. 8. Section 14308 of the Welfare and Institutions Code is amended to read:

14308. (a) Each prepaid health plan shall furnish to the director such information and reports as required by Title XIX of the federal Social Security Act.

(b) The director may require a prepaid health plan to provide the director with information and reports which are furnished by the prepaid health plan to the Commissioner of Corporations pursuant to the provisions of the Knox-Keene Health Care Service Plan Act of 1975, Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code.

(c) The director may, by regulation, require plans to furnish statistical information to the extent such information is necessary for the department to establish rates of payment pursuant to Section 14301. The department shall, to the extent feasible, accept this information in a form which is consistent with reports required to be provided pursuant to the Knox-Keene Health Care Service Plan Act of 1975. ## CHAPTER 1074

An act to add Section 25612 to the Public Resources Code, relating to public buildings.

The standards shall be performance standards and shall be promulgated in terms of the annual consumption of energy expressed in British thermal units per square foot of floor space. The standards shall take into account variations in climate and building design techniques. In promulgating the standards, the commission shall provide alternative methods and designs to achieve performance compliance.

(a) The standards shall include, but need not be limited to, the following:

- (1) Use of skylights.
- (2) Openable windows.
- (3) Appropriate building orientation, if appropriate to the passive solar system.
- (4) Thermal mass, of structural or nonstructural type, for storage of heat or coldness.
- (5) Landscaping.
- (6) Roof ponds and water walls.

(b) The commission shall utilize the service of the Department of Education and the Office of the State Architect in developing the standards. The commission shall hold at least one hearing on the standards to consider the comments of those affected by their implementation. In promulgating the standards, the commission shall consider, but is not limited to, the following:

- (1) Reduced distraction from outside noise and activity where applicable.
- (2) Flexibility of the interior of the building for multiple uses.
- (3) Use of the building as an energy learning tool.
- (4) The maximum reduction of fossil fuel and electrical energy.
- (5) The reduction, to the extent feasible, of mechanical systems for lighting, heating, cooling, and ventilation.

(c) The commission shall take all reasonable steps to notify school districts, local government, and members of the building design

profession of the development of the standards and shall hold workshops with members of the affected groups to review the standards. Such notification shall be performed at least 120 days prior to the adoption of the standards. The standards shall be cost effective when amortized over the economic life of the structure when compared with historic practice. The commission shall periodically review the standards and adopt such revisions as it deems necessary.

(d) Six months after the adoption of the standards pursuant to this section, no city, county, city and county or state agency shall issue a permit for any governmental agency building unless the building satisfies the standards prescribed by the commission pursuant to this section.

(e) The Office of the State Architect shall, in its review of school design for safety, under Section 39140 or 81130 of the Education Code, review the proposed design for compliance with this section. If the school design does not comply with the provisions of this section, the State Architect shall not approve the application filed pursuant to Section 39143 of the Education Code.

(f) Standards promulgated pursuant to this section shall be submitted to the Legislature at least 60 days prior to becoming effective.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

An act to amend Section 14136 of, and to add Section 14136.1 to, the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 14136 of the Welfare and Institutions Code is amended to read:

14136. No city or county shall establish equipment and personnel standards for the furnishing of nonemergency medical transportation services for eligible Medi-Cal beneficiaries which are in conflict with equipment and personnel standards for reimbursement established by the department pursuant to this chapter. No standard adopted by cities or counties shall require the use of ambulances to supply nonemergency medical transportation, where such standard would conflict with Section 14136.1. Nothing in

this section shall be construed to otherwise limit the authority of a city or county to license or regulate nonemergency medical transportation services so long as such regulation is not in conflict with standards established by the department.

Nothing in this section shall be construed to prevent a city or county from allowing both emergency and nonemergency medical transportation services to operate within its jurisdiction under a sole franchise when such a franchise has been determined necessary to assure the economic viability of such services.

Nothing in this section shall be construed to restrict the authority of local government to issue or deny licenses or permits to operate medical transportation services within its jurisdiction on the basis of need and necessity findings.

This section shall not become operative unless or until the department has established equipment and personnel standards which nonemergency medical transportation services must satisfy to qualify for reimbursement.

SEC. 2. Section 14136.1 is added to the Welfare and Institutions Code, to read:

14136.1. It is the intent of the Legislature that, in order for payment to be made to a medical transportation service provider, a patient who requires continuous intravenous medication, medical monitoring, or observation during transport and patients being transferred from an acute care facility to another acute care facility shall be transported by ambulance.

In other situations where nonemergency medical transportation is given, ambulances need not be used.

The deed or other instrument of conveyance shall provide that whenever the ownership of the land or the mortgagor corporation is no longer composed of a majority of the nonprofit or limited dividend sponsors, title to the land shall revert to the local agency. #### CHAPTER 1077

An act to add and repeal Section 6357.5 to the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 6357.5 is added to the Revenue and Taxation Code, to read:

6357.5. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale of and storage, use, or other consumption in this state of gasohol.

(b) This exemption shall not apply to that amount of gross receipts in excess of the amount of gross receipts, subject to sales or use tax, that would result in a sales or use tax of:

(1) Five cents (\$.05) per gallon of gasohol sold on and after January 1, 1981, until January 1, 1982; and

(2) Four cents (\$.04) per gallon of gasohol sold on and after January 1, 1982, until January 1, 1983; and

(3) Three cents (\$.03) per gallon of gasohol sold on and after January 1, 1983, until January 1, 1984.

(c) For purposes of this section:

(1) "Gasohol" means a motor vehicle fuel composed of a blend of motor gasoline and not less than 10 percent alcohol. The alcohol component may be methanol or ethanol.

(2) Commencing on and after January 1, 1981, the alcohol

component in gasohol shall be distilled from agricultural commodities, renewable resources, or coal.

(3) Commencing on and after January 1, 1981, the alcohol in gasohol shall be rendered unsuitable for human consumption at the time of its manufacture or immediately thereafter.

(4) Gasohol shall be dyed a color that is different from the color of other gasolines. The State Board of Equalization shall designate the color of gasohol.

SEC. 2. The Legislature declares that in order to promote the use of a renewable energy source in California, it is in the public interest to encourage the participation of the private sector in the development of a production and distribution system for agriculture-related alcohol fuels. The development of alcohol fuels will reduce American dependence upon foreign sources of energy; provide a clean, efficient and renewable energy source that will contribute significantly to California's motor vehicle pollution reduction goals; aid California farmers in providing incentive to produce alternate cash crops and to use farmlands more efficiently; and encourage public participation in energy conservation, motor vehicle fuel economy, and pollution control.

SEC. 3. On or before May 10, 1981, and on or before each May 10 thereafter, the Franchise Tax Board shall transmit to the Controller an estimate of the annual revenues which will be lost as a result of enactment of this act.

SEC. 4. The sum estimated by the Franchise Tax Board for the first year in which this act is in effect shall be transferred from the Energy and Resources Fund to the General Fund on or before May 15, 1981, to replace revenues which will be lost as a result of the enactment of this act.

This section shall become operative only if Assembly Bill No. 2973 of the 1979-80 Regular Session of the Legislature is enacted and creates the Energy and Resources Fund.

SEC. 5. If Section 4 of this act does not become operative, the sums which would otherwise be required to be transferred pursuant to Section 4 shall be transferred from revenues received by the State Lands Commission and allocated under the provisions of Section 6217 of the Public Resources Code; this appropriation to be payable immediately prior to allocations made for the 1980-81 fiscal year pursuant to subdivision (e) (the Capital Outlay Fund for Public Higher Education) of Section 6217, and after allocations made for the 1980-81 fiscal year pursuant to subdivisions (a) to (d), inclusive, of Section 6217 of the Public Resources Code.

SEC. 6. The revenues lost for the second and subsequent years in which this act is in effect shall be transferred to the General Fund pursuant to the Budget Act on or before May 15, 1982, and on or before each May 15 thereafter.

SEC. 7. Section 1 shall remain in effect only until January 1, 1984, and as of such date is repealed, unless a later enacted statute, which is chaptered before December 31, 1983, deletes or extends such date.

SEC. 8. The Legislative Analyst shall report to the Legislature on January 1, 1984, on the economic impact of the sales and use tax exemption for gasohol.

SEC. 9. The sum of one million dollars (\$1,000,000) is hereby appropriated to the Controller from the General Fund to make the payments to counties and cities required by Section 2230 of the Revenue and Taxation Code to reimburse them for revenue losses caused by Section 1 of this act in the initial fiscal year in which this act is effective. The appropriation made by this section shall be allocated in the manner specified in Section 2230.

SEC. 10. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

## CHAPTER 1078

An act to amend Section 564 of the Code of Civil Procedure, and to add Sections 855 and 1006.5 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Section 564 of the Code of Civil Procedure is amended to read:

564. A receiver may be appointed, in the manner provided in this chapter, by the court in which an action or proceeding is pending in any case in which such court is empowered by law to appoint a receiver.

In superior courts a receiver may be appointed by the court in which an action or proceeding is pending, or by a judge thereof, in the following cases:

1. In an action by a vendor to vacate a fraudulent purchase of property, or by a creditor to subject any property or fund to his claim, or between partners or others jointly owning or interested in any property or fund, on the application of the plaintiff, or of any party whose right to or interest in the property or fund, or the proceeds thereof, is probable, and where it is shown that the property or fund is in danger of being lost, removed, or materially injured;

2. In an action by a mortgagee for the foreclosure of his mortgage and sale of the mortgaged property, where it appears that the mortgaged property is in danger of being lost, removed, or materially injured, or that the condition of the mortgage has not been performed, and that the property is probably insufficient to

discharge the mortgage debt;

3. After judgment, to carry the judgment into effect;

4. After judgment, to dispose of the property according to the judgment, or to preserve it during the pendency of an appeal, or in proceedings in aid of execution, when an execution has been returned unsatisfied, or when the judgment debtor refuses to apply to his property in satisfaction of the judgment; or after sale of real property under execution of a judgment or pursuant to a decree of foreclosure and sale, during the period provided by law for the redemption thereof from sale, to collect rents thereon, and to expend and disburse such rents as may be directed by the court or otherwise provided by law;

5. In the cases when a corporation has been dissolved, or is insolvent, or in imminent danger of insolvency, or has forfeited its corporate rights;

6. In an action of unlawful detainer;

7. At the request of the Public Utilities Commission pursuant to Section 855 of the Public Utilities Code.

8. In all other cases where receivers have heretofore been appointed by the usages of courts of equity.

SEC. 2. Section 855 is added to the Public Utilities Code, to read:

855. Whenever the commission determines, after notice and hearing, that any water or sewer system corporation is unable or unwilling to adequately serve its ratepayers or has been actually or effectively abandoned by its owners, or is unresponsive to the the rules or orders of the commission, the commission may petition the superior court for the county within which the corporation has its principal office or place of business for the appointment of a receiver to assume possession of its property and to operate its system upon such terms and conditions as the court shall prescribe. The court may require, as a condition to the appointment of such receiver, that a sufficient bond be given by the receiver and conditioned upon compliance with the orders of the court and the commission, and the protection of all property rights involved. The court shall provide for disposition of the facilities and system in like manner as any other receivership proceeding in this state.

SEC. 3. Section 1006.5 is added to the Public Utilities Code, to read:

1006.5. The commission may, after notice and hearing, prior to authorizing any water or sewer system corporation having annual gross operating revenues under two hundred thousand dollars (\$200,000) to construct, operate, acquire, expand, or improve its line, plant, or system, prescribe, as a condition to granting such authority, that the corporation file with the commission a bond with sufficient sureties, subject to approval of the commission, in a reasonable amount not exceeding fifty thousand dollars (\$50,000) payable to the commission and conditioned on the corporation's furnishing adequate and sufficient service within its service area. The commission may, after notice and hearing, declare all or any part of the bond forfeited after finding that the corporation has willfully failed to furnish adequate and sufficient service without just cause or

excuse and that such failure has continued for an unreasonable duration. Such bond shall further provide for payment to the commission of the amount of any penalty assessed against the corporation pursuant to Section 2107. The commission may, upon petition by a water or sewer system corporation, for good cause, reduce the amount or eliminate the requirement of any bond which it has required to be filed pursuant to this section.

SEC. 4. The procedure provided in Section 855 of the Public Utilities Code is in addition to, and not in derogation of, the jurisdiction and authority of the Public Utilities Commission over public utilities. The appointment of a receiver pursuant to Section 855 shall not remove the affected water or sewer system corporation from the continuing jurisdiction of the commission.

## CHAPTER 1079

An act to add Section 41813 to the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 41813 is added to the Health and Safety Code, to read:

41813. Notwithstanding any other provision of this division, in the San Bernardino County Air Pollution Control District, Group 2 solid waste, as defined in Section 2521 of Title 23 of the California Administrative Code, for a period not to exceed six months from the effective date of this section, may be disposed of by means of an air curtain destructor. The authority provided by this section shall apply only to an existing solid waste disposal site in the upper desert area which receives less than 50 tons of solid waste for disposal per day. The use of the air curtain destructor shall be monitored by the San Bernardino County Air Pollution Control District and the board. Within nine months after the effective date of this section, the district shall file a report with the County of San Bernardino and the board regarding the extent to which the air curtain destructor meets the emission rules, regulations, and orders of the district and board.

At the end of the six-month experimental period, the air curtain destructor may continue to be used if the state board makes a finding that the public health and safety will not be adversely affected by continued use. The state board, in cooperation with San Bernardino County, shall establish a list of toxic materials that will be removed from the solid waste prior to use of the air curtain destructor.

There shall be no liability on the part of the state board for any injury occurring as a result of the use of the air curtain destructor under the provisions of this section.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances in the County of San Bernardino, the need to provide cost-effective solid waste disposal for remote, sparsely populated desert areas cannot be adequately addressed by a general law within the meaning of Section 16 of Article IV of the California Constitution and that the enactment of this act as a special law is necessary to provide for the health, safety, and welfare of the residents of the county.

SEC. 3. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for San Bernardino County to begin a pilot program at the beginning of the 1980-81 fiscal year, it is necessary that this act take effect immediately.

## CHAPTER 1080

An act to add Chapter 3.5 (commencing with Section 1543) to Title 12 of Part 3 of the Penal Code, relating to medical records, and making an appropriation therefor.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 3.5 (commencing with Section 1543) is added to Title 12 of Part 3 of the Penal Code, to read:

### CHAPTER 3.5. DISCLOSURE OF MEDICAL RECORDS TO LAW ENFORCEMENT AGENCIES

1543. (a) Records of the identity, diagnosis, prognosis, or treatment of any patient maintained by a health care facility which are not privileged records required to be secured by the special master procedure in Section 1524, or records required by law to be confidential, shall only be disclosed to law enforcement agencies pursuant to this section:

(1) In accordance with the prior written consent of the patient;  
or

(2) If authorized by an appropriate order of a court of competent jurisdiction in the county where the records are located, granted after application showing good cause therefor. In assessing good cause, the court:

(A) Shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services;

(B) Shall determine that there is a reasonable likelihood that the records in question will disclose material information or evidence of substantial value in connection with the investigation or prosecution; or

(3) By a search warrant obtained pursuant to Section 1524.

(b) The prohibitions of this section continue to apply to records concerning any individual who has been a patient, irrespective of whether or when he ceases to be a patient.

(c) Except where an extraordinary order under Section 1544 is granted or a search warrant is obtained pursuant to Section 1524, any health care facility whose records are sought under this chapter shall be notified of the application and afforded an opportunity to appear and be heard thereon.

(d) Both disclosure and dissemination of any information from the records shall be limited under the terms of the order to assure that no information will be unnecessarily disclosed and that dissemination will be no wider than necessary.

This chapter shall not apply to investigations of fraud in the provision or receipt of Medi-Cal benefits, investigations of insurance fraud performed by the Department of Insurance or the California Highway Patrol and investigations and research regarding occupational health and safety performed by or under agreement with the Department of Industrial Relations. Access to medical records in such investigations shall be governed by all laws in effect at the time access is sought.

(e) Nothing in this chapter shall prohibit disclosure by a medical facility or medical provider of information contained in medical records where disclosure to specific agencies is mandated by statutes or regulations.

(f) This chapter shall not be construed to authorize disclosure of privileged records to law enforcement agencies by the procedure set forth in this chapter, where such privileged records are required to be secured by the special master procedure set forth in subdivision (c) of Section 1524 or required by law to be confidential.

1544. A law enforcement agency applying for disclosure of patient records under Section 1543 may petition the court for an extraordinary order delaying the notice of the application to the health care facility required by subdivision (f) of Section 1543 for a period of 30 days, upon a showing of good cause to believe that notice would seriously impede the investigation.

1545. For the purposes of this chapter:

(a) "Health care facility" means any clinic, health dispensary, or

health facility, licensed pursuant to Division 2 (commencing with Section 1200) of the Health and Safety Code, or any mental hospital, drug abuse clinic, or detoxification center.

(b) "Law enforcement agency" means the Attorney General of the State of California, every district attorney, and every agency of the State of California expressly authorized by statute to investigate or prosecute law violators.

61. Except as otherwise provided in Section 62, change in ownership, as defined in Section 60, includes, but is not limited to:

(a) The creation, renewal, sublease, assignment, or other transfer of the right to produce or extract oil, gas, or other minerals for so long as they can be produced or extracted in paying quantities. The balance of the property, other than the mineral rights, shall not be reappraised pursuant to this section.

(b) The creation, renewal, sublease, or assignment of a taxable possessory interest in tax exempt real property for any term.

(c) (1) The creation of a leasehold interest in taxable real property for a term of 35 years or more (including renewal options), the termination of a leasehold interest in taxable real property which had an original term of 35 years or more (including renewal options), and any transfer of a leasehold interest having a remaining term of 35 years or more (including renewal options); or (2) any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of less than 35 years.

Only that portion of a property subject to such lease or transfer shall be considered to have undergone a change of ownership.

For the purpose of this subdivision, for 1979-80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13

(commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(d) The creation, transfer, or termination of any joint tenancy interest, except as provided in subdivision (f) of Section 62, Section 63 and Section 65.

(e) The creation, transfer, or termination of any tenancy-in-common interest, except as provided in subdivision (a) of Section 62 and in Section 63.

(f) Any vesting of the right to possession or enjoyment of a remainder or reversionary interest which occurs upon the termination of a life estate or other similar precedent property interest, except as provided in subdivision (d) of Section 62 and in Section 63.

(g) Any interests in real property which vest in persons other than the trustor (or, pursuant to Section 63, his spouse) when a revocable trust becomes irrevocable.

(h) The transfer of stock of a cooperative housing corporation, as defined in Section 17265, vested with legal title to real property which conveys to the transferee the exclusive right to occupancy and possession of such property, or a portion thereof.

(i) The transfer of any interest in real property between a corporation, partnership, or other legal entity and a shareholder, partner, or any other person.

SEC. 2. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) Any transfer between coowners which results in a change in the method of holding title to the real property without changing the proportional interests of the coowners, such as a partition of a tenancy in common.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life; however, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) of Section 62 and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the

transferor, after such creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979-80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(h) Any purchase, redemption or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(i) Any transfer of stock or membership certificate in a housing cooperative which was financed under one mortgage provided such mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or such housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of such person or family shall constitute a change of ownership.

(j) Any transfer between coowners in any property which was held by them as coowners for all or part of the period between March 1, 1975, and March 1, 1980, and which was eligible for a homeowner's exemption during the period of the coownership. Any such transferee whose interest was revalued in contravention of the provisions of this subdivision may obtain a reversal of such revaluation with respect to the 1980-81 assessment year and thereafter, upon application to the county assessor of the county in which the property is located filed on or before February 28, 1981.

SEC. 2.3. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) Any transfer between coowners which results in a change in the method of holding title to the real property without changing the proportional interests of the coowners, such as a partition of a tenancy in common, or any transfer of title between an individual and a legal entity or between legal entities, such as from a cotenancy

to a partnership, a partnership to a corporation, a trust to a cotenancy, or an individual to a legal entity, which results solely in a change in the method of holding title and in which the proportional interests of the transferors and transferees, whether represented by stock, partnership interest, or otherwise, remain the same after the transfer.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life; however, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) of Section 62 and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after such creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979-80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(h) Any purchase, redemption or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(i) Any transfer of stock or membership certificate in a housing cooperative which was financed under one mortgage provided such mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or such housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to

the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of such person or family shall constitute a change of ownership.

(j) Any transfer between coowners in any property which was held by them as coowners for all or part of the period between March 1, 1975, and March 1, 1980, and which was eligible for a homeowner's exemption during the period of the coownership. Any such transferee whose interest was revalued in contravention of the provisions of this subdivision shall obtain a reversal of such revaluation with respect to the 1980-81 assessment year and thereafter, upon application to the county assessor of the county in which the property is located filed on or before February 28, 1981.

SEC. 2.5. Section 65 of the Revenue and Taxation Code is repealed.

SEC. 3. Section 65 is added to the Revenue and Taxation Code, to read:

65. (a) The creation, transfer, or termination of any joint tenancy is a change in ownership except as provided in this section, Section 62, and Section 63. Upon a change in ownership of a joint tenancy interest only the interest or portion which is thereby transferred from one owner to another owner shall be reappraised.

(b) There shall be no change in ownership upon the creation or transfer of a joint tenancy interest if the transferor or transferors, after such creation or transfer, are among the joint tenants. Upon the creation of a joint tenancy interest described in this subdivision, the transferor or transferors shall be the "original transferor or transferors" for purposes of determining the property to be reappraised on subsequent transfers. The spouses of original transferors shall also be considered original transferors within the meaning of this section.

(c) Upon the termination of an interest in any joint tenancy described in subdivision (b), the entire portion of the property held by the original transferor or transferors prior to the creation of the joint tenancy shall be reappraised unless it vests, in whole or in part, in any remaining original transferor, in which case there shall be no reappraisal. Upon the termination of the interest of the last surviving original transferor, there shall be a reappraisal of the interest then transferred and all other interests in the properties held by all original transferors which were previously excluded from reappraisal pursuant to this section.

(d) Upon the termination of an interest held by other than the original transferor in any joint tenancy described in subdivision (b), there shall be no reappraisal if the entire interest is transferred either to an original transferor or to all remaining joint tenants.

SEC. 3.5. Section 65.1 is added to the Revenue and Taxation Code, to read:

65.1. (a) Except as provided in Section 65, when an undivided interest in a portion of real property is purchased or changes ownership, only the interest or portion transferred shall be reappraised. A purchase or change in ownership of an undivided interest with a market value of less than 5 percent of the value of the total property shall not be reappraised if the market value of the interest transferred is less than ten thousand dollars (\$10,000) provided, however, that transfers during any one assessment year shall be cumulated for the purpose of determining the value transferred.

(b) If a unit or lot within a cooperative housing corporation, community apartment project, condominium, planned unit development, shopping center, industrial park, or other residential, commercial, or industrial land subdivision complex with common areas or facilities is purchased or changes ownership, then only the unit or lot transferred and the share in the common area reserved as an appurtenance of such unit or lot shall be reappraised.

Notwithstanding any other provision of law, the increase in property taxes resulting from such reappraisal shall be applied by the owner of such property to the tenant-shareholder, lessee, or occupant of such individual unit or lot only, and shall not be prorated among all other units or lots of such property.

SEC. 4. Section 155.2 of the Revenue and Taxation Code is amended to read:

155.2. For the 1979–80 fiscal year or the 1980–81 fiscal year, the time fixed for the performance of any act by the assessor relating to the preparation of the 1979–80 fiscal year assessment roll shall be not later than August 1, 1979, and the preparation of the 1980–81 fiscal year assessment roll shall be not later than August 1, 1980.

For the 1979–80 fiscal year or the 1980–81 fiscal year, in addition to the extension of time permitted by Section 155, the board or its secretary may grant an extension of an additional 30 days for the performance of any act by the assessor, auditor, tax collector, or county board.

SEC. 4.5. Section 170 of the Revenue and Taxation Code is amended in read:

170. (a) Notwithstanding any provision of law to the contrary, the board of supervisors may, by ordinance, provide that every assessee of any taxable property, or any person liable for the taxes thereon, whose property was damaged or destroyed without his fault, may apply for reassessment of such property as provided herein.

To be eligible for reassessment the damage or destruction to the property must have been caused by any of the following:

(1) A major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster. As used in this paragraph “damage”

includes a diminution in the value of property as a result of restricted access to the property where such restricted access was caused by the major misfortune or calamity.

(2) A misfortune or calamity.

(3) A misfortune or calamity which, with respect to a possessory interest in land owned by the state or federal government has caused the permit or other right to enter upon the land to be suspended or restricted. As used in this paragraph, "misfortune or calamity" includes a drought condition such as existed in this state in 1976 and 1977.

The application for reassessment may be filed within the time specified in the ordinance, or, if no time is specified, within 60 days of such misfortune or calamity, by delivering to the assessor a written application requesting reassessment showing the condition and value, if any, of the property immediately after the damage or destruction, and the dollar amount of the damage. The application shall be executed under penalty of perjury, or if executed outside the State of California, verified by affidavit.

An ordinance may be made applicable to a major misfortune or calamity specified in paragraph (1) or to any misfortune or calamity specified in paragraph (2), or to both, as the board of supervisors determines. An ordinance may not be made applicable to a misfortune or calamity specified in paragraph (3), unless an ordinance making paragraph (2) applicable is operative in the county. The ordinance may specify a period of time within which the ordinance shall be effective, and, if no period of time is specified, it shall remain in effect until repealed.

(b) Upon receiving a proper application, the assessor shall appraise the property and determine separately the full cash value of land, improvements and personalty immediately before and after the damage or destruction. If the sum of the full cash values of the land, improvements and personalty before the damage or destruction exceeds the sum of the values after the damage by five thousand dollars (\$5,000) or more, the assessor shall also separately determine the percentage reductions in value of land, improvements and personalty due to the damage or destruction. The assessor shall reduce the values appearing on the assessment roll by the percentages of damage or destruction computed pursuant to this subdivision, and the taxes due on the property shall be adjusted as provided in subdivision (e); provided, however, that the amount of the reduction shall not exceed the actual loss.

(c) The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged

value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

Those reassessed values resulting from reductions in full cash value of amounts, as determined above, shall be forwarded to the auditor by the assessor or the clerk of the local equalization board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, such reassessed values shall not be subject to review, except by a court of competent jurisdiction.

(d) If no such application is made and the assessor determines that within the preceding six months a property has suffered damage caused by misfortune or calamity, which may qualify the property owner for relief under an ordinance adopted under this section, the assessor shall provide the last known owner of the property with an application for reassessment. The property owner shall file the completed application within 30 days of notification by the assessor but in no case more than six months after the occurrence of said damage. Upon receipt of a properly completed, timely filed application, the property shall be reassessed in the same manner as required in subdivision (b).

(e) The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of the misfortune or calamity, shall be applied to the amount of the reassessment as determined in accordance with this section and the assessee shall be liable for: (1) a prorated portion of the taxes that would have been due on the property for the current fiscal year had the misfortune or calamity not occurred, such proration to be determined on the basis of the number of months in the current fiscal year prior to the misfortune or calamity; plus, (2) a proration of the tax due on the property as reassessed in its damaged or destroyed condition, such proration to be determined on the basis of the number of months in the fiscal year after the damage or destruction, including the month in which the damage was incurred. If the damage or destruction occurred after March 1 and before the beginning of the next fiscal year, the reassessment shall be utilized to determine the tax liability for the next fiscal year provided, however, if the property is fully restored during the next fiscal year, taxes due for that year shall be prorated based on the number of months in the year before and after the completion of restoration.

(f) Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9, as an erroneously collected tax or by order of the board of supervisors without the necessity of a claim being filed pursuant to Chapter 5.

(g) The assessment of the property, in its damaged condition, as determined by this section, shall be reviewed at the lien date next following the date of the misfortune or calamity and shall be assessed in the same manner as prescribed by law for any other assessable

property.

(h) This section applies to all counties, whether operating under a charter or under the general laws of this state.

(i) Any ordinance in effect pursuant to Section 155.1, 155.13, or 155.14 shall remain in effect according to its terms as if such ordinances were adopted pursuant to this section, subject to the limitations of subdivision (b).

SEC. 4.6. Section 276 of the Revenue and Taxation Code, as amended by Section 1 of Chapter 172 of the Statutes of 1980, is amended to read:

276. (a) A claimant for the disabled veterans' property tax exemption for the 1976-77 fiscal year or any year thereafter may qualify for a partial exemption if such claimant fails to file the required affidavit with the assessor by 5:00 p.m. on April 15 of the calendar year in which the fiscal year begins, but files such claims on or before the following December 1. Commencing with the 1979-80 assessment year, late-filed claims for the ten thousand dollar (\$10,000) exemption provided in Section 205.5 shall receive the lesser of eight thousand dollars (\$8,000) or 80 percent of the assessed value of the dwelling. Late-filed claims for the fifteen thousand dollar (\$15,000) exemption provided in Section 205.5, when filed in conjunction with a late-filed claim for the ten thousand dollar (\$10,000) exemption, shall receive the lesser of twelve thousand dollars (\$12,000) or 80 percent of the assessed value of the dwelling. Late-filed claims for the fifteen thousand dollar (\$15,000) exemption, filed in conjunction with timely filed claims for the ten thousand dollar (\$10,000) exemption, shall receive the lesser of fourteen thousand dollars (\$14,000) or ten thousand dollars (\$10,000) plus 80 percent of the assessed value of the dwelling over ten thousand dollars (\$10,000).

(b) On such claims filed pursuant to subdivision (a) after November 15, this exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10, and a 6-percent penalty will attach if the tax amount due is not paid.

If this exemption is applied to the second installment and if both installments are paid on or before December 10, or if the reduction in taxes from this exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

(c) This section shall be operative for the 1980-81 assessment years and shall be repealed as of December 31, 1981.

SEC. 4.7. Section 276 of the Revenue and Taxation Code, as amended by Section 2 of Chapter 172 of the Statutes of 1980, is amended to read:

276. (a) A claimant for the disabled veterans' property tax exemption for the 1976-77 fiscal year or any year thereafter may qualify for a partial exemption if such claimant fails to file the required affidavit with the assessor by 5:00 p.m. on April 15 of the

calendar year in which the fiscal year begins, but files such claims on or before the following December 1. Commencing with the 1979-80 assessment year, late-filed claims for the forty thousand dollar (\$40,000) exemption provided in Section 205.5 shall receive the lesser of thirty-two thousand dollars (\$32,000) or 80 percent of the full value of the dwelling. Late-filed claims for the sixty thousand dollar (\$60,000) exemption provided in Section 205.5, when filed in conjunction with the late-filed claim for the forty thousand dollar (\$40,000) exemption, shall receive the lesser of forty-eight thousand dollars (\$48,000) or 80 percent of the full value of the dwelling. Late-filed claims for the sixty thousand dollar (\$60,000) exemption, when filed in conjunction with timely filed claims for the forty thousand dollar (\$40,000) exemption, shall receive the lesser of fifty-six thousand dollars (\$56,000) or forty thousand dollars (\$40,000) plus 80 percent of the full value of the dwelling over forty thousand dollars (\$40,000).

(b) On such claims filed pursuant to subdivision (a) after November 15, this exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10, and a 6-percent penalty will attach if the tax amount due is not paid.

If this exemption is applied to the second installment and if both installments are paid on or before December 10, or if the reduction in taxes from this exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

(c) This section shall be operative on January 1, 1981, and shall be applied with regard to claims filed for the 1981-82 fiscal year and fiscal years thereafter.

SEC. 4.8. Section 402.5 of the Revenue and Taxation Code is amended to read:

402.5. When valuing property by comparison with sales of other properties, in order to be considered comparable, the sales shall be sufficiently near in time to the valuation date, and the properties sold shall be located sufficiently near the property being valued, and shall be sufficiently alike in respect to character, size, situation, usability, zoning or other legal restriction as to use unless rebutted pursuant to Section 402.1, to make it clear that the properties sold and the properties being valued are comparable in value and that the cash equivalent price realized for the properties sold may fairly be considered as shedding light on the value of the property being valued. "Near in time to the valuation date" does not include any sale more than 90 days after the lien date.

SEC. 5. Section 405.5 of the Revenue and Taxation Code is amended to read:

405.5. The assessor shall periodically appraise all property not subject to the provisions of Article XIII A of the Constitution to substantiate the judgment of its full cash value or, when provided for by law, its restricted value for uniform assessment purposes.

SEC. 6. Section 405.6 of the Revenue and Taxation Code is repealed.

SEC. 7. Section 480 of the Revenue and Taxation Code is amended to read:

480. Whenever any change in ownership of real property or of a mobilehome subject to local property taxation occurs, the transferee shall file a signed change in ownership statement in the county where the real property or mobilehome is located, as provided for in subdivision (b).

(a) Except as provided in subdivision (b), the change in ownership statement shall be declared to be true under penalty of perjury and shall give such information relative to the real property or mobilehome acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. Such information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. The statement shall contain a notice that is printed, with the title in at least 14-point boldface type and the body in at least 10-point boldface type, in the following form:

**“Important Notice”**

“The law requires any transferee acquiring an interest in real property or mobilehome subject to local property taxation to file a change in ownership statement with the county recorder or assessor. The change in ownership statement must be filed at the time of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership. The failure to file a change in ownership statement within 45 days from the date of a written request by the assessor results in a penalty of one hundred dollars (\$100) or 10 percent of the current year's taxes on the real property or mobilehome, whichever is greater. This penalty will be added to the roll and shall be treated and collected like, and shall be subject to the same penalties for delinquency as, all other taxes on the roll on which it is entered.”

(b) The change in ownership statement may be attached to or accompany the deed or other document evidencing a change in ownership filed for recording, in which case such notice, declaration under penalty of perjury, and any information contained in the deed or other transfer document otherwise required by subdivision (a) may be omitted.

(c) If the document evidencing a change in ownership is recorded in the county recorder's office, then the statement shall be filed with the recorder at the time of recordation. However, the recordation of the deed or other document evidencing a change in ownership shall

not be denied or delayed because of the failure to file a change in ownership statement, or filing of an incomplete statement, in accordance with this subdivision. If the document evidencing a change in ownership is not recorded or is recorded without the concurrent filing of a change in ownership statement, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs.

(d) Whenever a change in ownership statement is filed with the county recorder's office, the recorder shall transmit, as soon as possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(e) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid.

(f) In the case of a corporate transferee of property, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation.

(g) No person or entity acting for or on behalf of the parties to a transfer of real property shall incur liability for the consequences of assistance rendered to the transferee in preparation for any change in ownership statement, and no action may be brought or maintained against any such person or entity as a result of such assistance. Nothing in this section shall create a duty, either directly or by implication, that such assistance be rendered by any person or entity acting for or on behalf of parties to a transfer of real property.

SEC. 7.5. Section 480 of the Revenue and Taxation Code is amended to read:

480. Whenever any change in ownership of real property or of a mobilehome subject to local property taxation and which is assessed by the county assessor occurs, the transferee shall file a signed change in ownership statement in the county where the real property or mobilehome is located, as provided for in subdivision (b).

(a) Except as provided in subdivision (b), the change in ownership statement shall be declared to be true under penalty of perjury and shall give such information relative to the real property or mobilehome acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. Such information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. The statement shall contain a notice that is printed, with the title in at least 14-point boldface type and the body in at least 10-point boldface type, in the

following form:

**“Important Notice”**

“The law requires any transferee acquiring an interest in real property or mobilehome subject to local property taxation and which is assessed by the county assessor to file a change in ownership statement with the county recorder or assessor. The change in ownership statement must be filed at the time of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership. The failure to file a change in ownership statement within 45 days from the date of a written request by the assessor results in a penalty of one hundred dollars (\$100) or 10 percent of the current year’s taxes on the real property or mobilehome, whichever is greater. This penalty will be added to the roll and shall be treated and collected like, and shall be subject to the same penalties for delinquency as, all other taxes on the roll on which it is entered.”

(b) The change in ownership statement may be attached to or accompany the deed or other document evidencing a change in ownership filed for recording, in which case such notice, declaration under penalty of perjury, and any information contained in the deed or other transfer document otherwise required by subdivision (a) may be omitted.

(c) If the document evidencing a change in ownership is recorded in the county recorder’s office, then the statement shall be filed with the recorder at the time of recordation. However, the recordation of the deed or other document evidencing a change in ownership shall not be denied or delayed because of the failure to file a change in ownership statement, or filing of an incomplete statement, in accordance with this subdivision. If the document evidencing a change in ownership is not recorded or is recorded without the concurrent filing of a change of ownership statement, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs.

(d) Whenever a change in ownership statement is filed with the county recorder’s office, the recorder shall transmit, as soon as possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(e) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid.

(f) In the case of a corporate transferee of property, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation.

(g) No person or entity acting for or on behalf of the parties to a transfer of real property shall incur liability for the consequences of

assistance rendered to the transferee in preparation for any change in ownership statement, and no action may be brought or maintained against any such person or entity as a result of such assistance. Nothing in this section shall create a duty, either directly or by implication, that such assistance be rendered by any person or entity acting for or on behalf of parties to a transfer of real property.

(h) A change in ownership statement shall be filed whenever there is a change in control of any corporation, or a change in the majority ownership of a partnership or other legal entity, as defined in subdivision (c) of Section 64 of this code.

(i) In the case of a partnership or other legal entity, the statement shall be signed by an officer, partner, or an employee or agent who has been designated in writing by the partnership or legal entity.

(j) In the case of a change in ownership where the transferee is not locally assessed, no change in ownership statement is required.

Within 45 days of the change in control, the statement shall be filed with the assessor of every county in which the corporation, partnership, or other legal entity owns real property, or, at the election of the taxpayer, with the board at its office in Sacramento. If the statement is filed with the board, it shall list all counties in which the corporation, partnership, or legal entity owns real property.

If the corporation, partnership, or legal entity fails to file such statement within 45 days of the change in control, a penalty of 10 percent of the current year's taxes shall be added to the assessment made on the current roll after a new base year value reflecting the change in control has been established.

The assessor may inspect any and all records and documents of a corporation, partnership, or legal entity to ascertain whether a change in control as defined in subdivision (c) of Section 64 has occurred. The corporation, partnership, or legal entity shall upon request, make such documents available to the assessor during normal business hours.

SEC. 8. Section 480.2 is added to the Revenue and Taxation Code, to read:

480.2. In the event of a change in ownership occasioned by death, the person who succeeds to the decedent's property shall file the statement within 45 days from the date the property is distributed to such person.

SEC. 9. Section 482 of the Revenue and Taxation Code is amended to read:

482. (a) The assessor may request a change in ownership statement from any person who was the transferee of any interest in real property or mobilehome, whether or not that transfer is within the definition of change in ownership in Chapter 2 (commencing with Section 60) of Part 0.5. If any person who is requested by the assessor or, for property which is state assessed, by the board to make a change in ownership statement fails to file such statement within 45 days from the date of a written request, a penalty of the greater

of one hundred dollars (\$100) or 10 percent of the current year's taxes on the real property or mobilehome, but not to exceed two thousand five hundred dollars (\$2,500) if such failure to file was not willful, shall, except as otherwise provided in this section, be added to the assessment made on the current secured roll. The penalty shall apply for failure to file a complete change in ownership statement notwithstanding the fact that the assessor determines that no change in ownership has occurred as defined in Chapter 2 (commencing with Section 60) of Part 0.5 of Division 1. The penalty may also be applied if after a request the transferee files an incomplete statement and does not supply the missing information upon a second request.

(b) The term "current year's taxes" as used in this section means the taxes that are due for the fiscal year in which the 45-day period expires.

(c) The penalty for any one transfer can be imposed only one time, even though the assessor may initiate a request as often as he deems necessary.

(d) The penalty shall be added to the roll in the same manner as a special assessment and shall be treated and collected like, and shall be subject to the same penalties for the delinquency as, all other taxes on the roll in which it is entered.

(1) When the transfer to be reported under this section is of a portion of a property or parcel appearing on the roll during the fiscal year in which the 45-day period expires, the current year's taxes shall be prorated so the penalty will be computed on the proportion of property which has transferred. After such proration has occurred, the penalty may be entered either on the current year's unsecured roll in the name of the transferee or on the current or subsequent year's secured roll as a lien against the portion transferred.

(2) Any penalty added to the roll pursuant to this section between March 1 and June 30 of any fiscal year may be entered either on the unsecured roll or on the current or subsequent year's secured roll as a lien against the property transferred.

(3) If the property is transferred or conveyed to a bona fide purchaser for value or becomes subject to a lien of a bona fide encumbrancer for value after the transfer of ownership resulting in the imposition of the penalty and before the enrollment of the penalty, such penalty shall be entered on the unsecured roll in the name of the transferee whose failure to file the change in ownership statement resulted in the imposition of the penalty.

(e) When a penalty imposed pursuant to this section is entered on the unsecured roll, the tax collector may immediately file a certificate authorized by Section 2191.3.

(f) Notice of any penalty added to either the secured or unsecured roll pursuant to this section shall be mailed by the assessor to the transferee at his address contained in any recorded instrument or document evidencing a transfer of an interest in real property or mobilehome or at any address reasonably known to the assessor.

SEC. 10. Section 482.1 is added to the Revenue and Taxation

Code, to read:

482.1. If there is a failure to file a change in ownership statement within the time required by Section 480.1, the successor in interest to the decedent's property shall be subject to the penalty provided in Section 482.

SEC. 11. Section 531.2 of the Revenue and Taxation Code is amended to read:

531.2. When the property is real property which subsequent to July 1 of the year of escape for purposes of this article, or subsequent to July 1 of the year in which the property should have been lawfully assessed, for purposes of Article 3 (commencing with Section 501) of this chapter, but prior to the date of such assessment and the showing thereof on the secured roll, with the date of entry specified thereon, has (1) been transferred or conveyed to a bona fide purchaser for value, or (2) become subject to a lien of a bona fide encumbrance for value, the escape assessment pursuant to either of such articles shall not create or impose a lien or charge on such real property but shall be entered on the unsecured roll in the name of the person who would have been the assessee in the year in which it escaped assessment and shall thereafter be treated and collected like other taxes on said roll. The tax rate applicable shall be the secured tax rate of the year in which the property escaped assessment.

If the real property escaped assessment as a result of an unrecorded change in ownership for which a change in ownership statement required by Section 480 is not filed, the assessor shall appraise the property as of the date of transfer and enroll the difference in taxable value for each of the subsequent years on the secured roll, with the date of entry specified thereon, provided, however, that if prior to the date of such assessment the property has (1) been transferred or conveyed to a bona fide purchaser for value, or (2) become subject to a lien of a bona fide encumbrance for value, the escape assessment pursuant to this paragraph shall not create or impose a lien or charge on such real property but shall be entered on the unsecured roll in the name of the person who would have been the assessee in the year in which it escaped assessment and shall thereafter be treated and collected like other taxes on said roll. The tax rate applicable shall be the secured rate of the year in which the property escaped assessment. Notwithstanding the provisions of Section 532, escaped assessments resulting from such unrecorded changes in ownership shall be made within eight years after July 1 of the assessment year in which the real property escaped taxation or was underassessed.

SEC. 12. Section 619.15 is added to the Revenue and Taxation Code, to read:

## CHAPTER 1082

An act to amend Sections 1423, 1424, 1425, and 1428 of the Health and Safety Code, relating to long-term care.

[Approved by Governor September 25, 1980. Filed with Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1423 of the Health and Safety Code is amended to read:

1423. (a) If upon inspection or investigation the director determines that a long-term health care facility is in violation of any statutory provision or rule or regulation relating to the operation or maintenance of such facility, except with respect to violations determined to have only a minimal relationship to safety or health pursuant to Section 1427, the director shall promptly, but not later than 24 hours, excluding Saturday, Sunday, and holidays, after the director determines or has reasonable cause to determine that an alleged violation has occurred, issue a notice to correct the violation and of intent to issue a citation to the licensee. The citation shall be served upon the licensee within three days after completion of the inspection, excluding Saturday, Sunday, and holidays, unless the licensee agrees in writing to an extension of such time. Service shall be effected either personally or by registered mail in accordance with subdivision (c) of Section 11505 of the Government Code. A copy of the citation shall also be sent to each complainant. Each citation shall be in writing and shall describe with particularity the nature of the violation, including a reference to the statutory provision, standard, rule or regulation alleged to have been violated, the particular place or area of the facility in which it occurred, as well as the amount of any proposed assessment of a civil penalty. The name of any patient jeopardized by the alleged violation shall not be specified in the citation in order to protect the privacy of the patient. However, at the time the licensee is served with the citation, the licensee shall also be served with a written list of each of the names of the patients alleged to have been jeopardized by the violation, which shall not be subject to disclosure as a public record. The citation shall fix the earliest feasible time for the elimination of the condition constituting the alleged violation, when appropriate.

(b) Where no harm to patients or guests has occurred, a single incident, event, or occurrence shall result in no more than one citation for each regulation violated.

SEC. 2. Section 1424 of the Health and Safety Code is amended to read:

1424. Citations issued pursuant to this chapter shall be classified according to the nature of the violation and shall indicate the classification on the face thereof, as follows:

(a) Class "A" violations are violations which the state department determines present either (1) imminent danger that death or serious harm to the patients or guests of the long-term health care facility would result therefrom, or (2) substantial probability that death or serious physical harm to patients or guests of the long-term health care facility would result therefrom. A physical condition or one or more practices, means, methods, or operations in use in a long-term health care facility may constitute such a violation. The condition or practice constituting a class "A" violation shall be abated or eliminated immediately, unless a fixed period of time, as determined by the state department, is required for correction. A class "A" violation is subject to a civil penalty in an amount not less than one thousand dollars (\$1,000) and not exceeding five thousand dollars (\$5,000) for each and every violation.

(b) Class "B" violations are violations which the state department determines have a direct or immediate relationship to the health, safety, or security of long-term health care facility patients, other than class "A" violations. A class "B" violation is subject to a civil penalty in an amount not less than fifty dollars (\$50) and not exceeding two hundred fifty dollars (\$250) for each and every violation. A citation for a class "B" violation shall specify the time within which the violation is required to be corrected. If a class "B" violation is corrected within the time specified, no civil penalty shall be imposed.

SEC. 3. Section 1425 of the Health and Safety Code is amended to read:

1425. Where a licensee has failed to correct a violation within the time specified in the citation, the state department shall assess the licensee a civil penalty in the amount of fifty dollars (\$50) for each day that such deficiency continues beyond the date specified for correction. If the licensee disputes a determination by the state department regarding alleged failure to correct a violation or regarding the reasonableness of the proposed deadline for correction, the licensee may request an informal conference and contest such determination.

SEC. 4. Section 1428 of the Health and Safety Code is amended to read:

1428. (a) If a licensee desires to contest a citation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation notify the director in writing of his or her request for an informal conference with the designee of the director for the county in which the cited long-term health care facility is located. The director's designee shall hold, within five business days from the receipt of the request, an informal conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or proposed assessment of a civil penalty. If the director's designee modifies or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for such action, and shall

immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the informal conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. If the licensee fails to notify the director in writing that he or she intends to contest the citation or the proposed assessment of a civil penalty therefor or the decision made by a director's designee after an informal conference within the time specified in this subdivision, the citation or the proposed assessment of a civil penalty or the decision by a director's designee after an informal conference shall be deemed a final order of the state department and shall not be subject to further administrative review.

(b) A licensee may, in lieu of contesting a citation pursuant to this section, transmit to the department the minimum amount specified by law for each violation within five business days after the issuance of the citation.

(c) If a licensee notifies the director that he or she intends to contest a citation, the director shall immediately notify the Attorney General. Upon such notification, the Attorney General shall promptly take all appropriate action to enforce the citation and recover the civil penalty prescribed thereon, and shall take such other action as the Attorney General shall deem appropriate, in the superior court of the county in which the long-term health care facility is located.

(d) In assessing the civil penalty for each count of violation, a court shall consider the nature of the violation and the seriousness of the effect of such violation upon the effectuation of the purposes and provisions of this chapter.

(e) An assessment of civil penalties authorized by this chapter shall be trebled and collected, except as provided for by law, for a second or subsequent violation occurring within any 12-month period, if a citation was issued and a civil penalty assessed for the previous violation occurring within such period, without regard to whether the action to enforce the previous citation has become final. However, the increment to the civil penalty required by this subdivision shall not be due and payable unless and until such previous action has terminated in favor of the state department.

(f) Actions brought under the provisions of this chapter shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. The times for responsive pleadings and for hearings in any such proceedings shall be set by the judge of the court with the object of securing a decision as to such matters at the earliest possible time.

(g) If the director's designee dismisses a citation as provided in subdivision (a), or if a contested citation is dismissed pursuant to court order, the state department shall take action immediately to ensure that the public record reflects in a prominent manner that

the citation was dismissed.

The commission shall conduct a full review of the adequacy of the minimum wage at least once every two years. The commission may, upon its own motion or upon petition, amend or rescind any order or portion of any order or adopt an order covering any occupation,

Unpaid minimum wages or unpaid overtime wages recovered by the division under the provisions of this section which for any reason cannot be delivered within six months from date of collection to the employee for whom such wages were collected shall be deposited into the Industrial Relations Unpaid Wage Fund in the State Treasury.

Any exemption granted by the chief pursuant to this section shall be only of sufficient duration to permit the employer or employees to comply with the requirements contained in the order of the commission, but not more than one year. The exemption may be renewed by the chief only after he has investigated and is satisfied that a good faith effort is being made to comply with the order of the commission.

(b) No employer shall discharge or in any other manner discriminate against any employee who refuses to work hours in excess of those permitted by the order of the commission.

Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 40401 of the Health and Safety Code is repealed.

SEC. 2. Section 40402 of the Health and Safety Code is amended to read:

40402. The Legislature finds and declares:

(a) That the South Coast Air Basin is a geographical entity not reflected by political boundaries.

(b) That the basin is acknowledged to have critical air pollution problems caused by the operation of millions of motor vehicles in the basin, stationary sources of pollution, frequent atmospheric inversions that trap aerial contaminants, and the large amount of sunshine that transforms vehicular and nonvehicular emissions into a variety of deleterious chemicals.

(c) That the state and federal governments have promulgated ambient air quality standards for the protection of public health, and it is in the public interest that those standards not be exceeded.

(d) That, in order to achieve and maintain air quality within the ambient air quality standards, a comprehensive basinwide air quality management plan must be developed and implemented to provide for the rapid abatement of existing emission levels to levels which will result in the achievement and maintenance of the state and federal ambient air quality standards and to ensure that new sources of emissions are planned and operated so as to be consistent with the basin's air quality goals.

(e) That, in order to successfully develop and implement a meaningful strategy for achieving and maintaining ambient air quality standards, local governments in the South Coast Air Basin must be delegated additional authority from the state in the control of vehicular sources and must retain existing authority to set stringent emission standards for nonvehicular sources.

(f) That, in order to successfully implement a comprehensive program for the achievement and maintenance of state and federal ambient air quality standards in the South Coast Air Basin, the responsibilities of local and regional authorities with respect to air pollution control and air quality management plan adoption must be

fully integrated into an agency with basinwide authority, largely to be governed by representatives of county and city governments.

SEC. 3. Section 40404 of the Health and Safety Code is amended to read:

40404. As used in this chapter, "plan" means the south coast district air quality management plan.

SEC. 4. Section 40411 of the Health and Safety Code is amended to read:

40411. (a) The south coast district board may, by resolution, include all or part of the County of Santa Barbara or the County of Ventura within the south coast district, upon receipt of a resolution from the appropriate board of supervisors requesting inclusion.

(b) The inclusion of the county, or portion thereof, as the case may be, shall take effect at the commencement of the first quarter commencing at least 60 days after the adoption of the resolution.

(c) A copy of the resolution of approval shall be sent by the south coast district board to the board of supervisors and the state board.

SEC. 5. Section 40413 of the Health and Safety Code is amended to read:

40413. The board of supervisors of a county that is only included in part within the south coast district may, by resolution, request the south coast district board to have that area of the county not included within the South Coast Air Basin included in the south coast district, or the board of supervisors may request to contract with the south coast district to perform air pollution control functions in that area of the respective county not within the South Coast Air Basin. The south coast district board may, by resolution, agree to (1) have that area of the county not included within the South Coast Air Basin included in the south coast district, or (2) perform air pollution control functions for that area of the county not included within the South Coast Air Basin, or both (1) and (2).

SEC. 6. Section 40414 of the Health and Safety Code is amended to read:

40414. No provision of this chapter shall constitute an infringement on the existing authority of counties and cities to plan or control land use, and no provision of this chapter shall be interpreted as providing or transferring new authority over such land use to either the south coast district, the Southern California Association of Governments, or the state board.

SEC. 7. Section 40415 of the Health and Safety Code is repealed.

SEC. 8. The heading of Article 2.5 (commencing with Section 40420) of Chapter 5.5 of Part 3 of Division 26 of the Health and Safety Code is amended and renumbered to read:

### Article 3. Governing Body

SEC. 9. Section 40420 of the Health and Safety Code is amended to read:

40420. The district shall be governed by a district board

consisting of 10 members appointed as follows:

(a) Two members appointed by the Board of Supervisors of the County of Los Angeles, who shall be members of the board of supervisors.

(b) One member of the City Council of Los Angeles appointed by the Mayor of Los Angeles.

The south coast district board shall enforce any such ordinance.

(b) At the request of the governing body of any city or county included, in whole or in part, within the south coast district, the south coast district board may make available, on a temporary basis, the necessary personnel, equipment, and services to assist in adopting any ordinance stricter than the rules and regulations adopted by the south coast district.

#### Article 5. Plan

40460. (a) No later than January 31, 1979, the south coast district board shall adopt a plan to achieve and maintain the state and federal ambient air quality standards for the South Coast Air Basin. The plan shall be revised and adopted by the south coast district board by January 31, 1982, according to a schedule consistent with subdivision (a) of Section 40463. The plan revisions shall be compiled by the south coast district board, with the cooperation of the state board and the Department of Transportation, and the active participation of the Southern California Association of Governments and the counties and cities within the South Coast Air Basin.

(b) With the assistance of counties and cities, the Southern California Association of Governments shall have responsibility for preparing and approving the portions of the plan relating to regional

demographic projections and integrated regional land use, housing, employment, and transportation programs, measures, and strategies. The Southern California Association of Governments shall analyze and provide emissions data related to its planning responsibilities.

(c) The south coast district shall have the responsibility for preparing and analyzing the portions of the plan elements relating to existing air quality, emissions data, results of air quality modeling, and stationary source control measures. The south coast district shall combine its portion of the plan with those prepared by the Southern California Association of Governments.

In consultation with the south coast district board, the Southern California Association of Governments, and other appropriate local agencies, the state board shall provide the emissions reductions attributed to technological vehicular source control strategies included in the plan.

(d) Upon adoption by the state board, the plan and future revisions shall be the air quality management plan and, as submitted to the Environmental Protection Agency, the federally required state implementation plan for the South Coast Air Basin. Notwithstanding any other provision of this division, the state implementation plan for the air basin shall only include those provisions necessary to meet the requirements of the Clean Air Act (42 U.S.C. Sec. 7401 et seq.).

40461. The plan, as adopted and revised by the south coast district board, shall be in lieu of the basinwide air pollution control plan required pursuant to Chapter 2 (commencing with Section 41600) of Part 4.

40462. The plan and subsequent revisions shall include deadlines for compliance with the federally mandated attainment of primary ambient air quality standards. The plan and future revisions shall contain deadlines and schedules to achieve the state ambient and the federal secondary ambient air quality standards by the earliest date achievable by the application of all reasonably available control measures and technologies.

The plan and subsequent revisions shall include provisions to ensure that future growth and development within the South Coast Air Basin are, to the maximum extent feasible, consistent with the goal of achieving and maintaining the air quality standards. The revisions shall identify the resources necessary to carry out the plan provisions, including enforcement costs and the effect of plan provisions on energy resources.

40463. (a) The plan shall be formally reviewed every two years beginning in 1982 by the agencies responsible for preparing plan revisions. In the event of revisions, the compliance schedules and emission limitations shall be amended to reflect advances in technology, control strategies, and administrative practices. The south coast district board may delay submittal of revisions up to two years if necessary to synchronize with the dates of submittal required under the Clean Air Act (42 U.S.C. Sec. 7401 et seq.).

(b) With the active participation of the Southern California Association of Governments, a South Coast Air Basin emission carrying capacity for each state and federal ambient air quality standard shall be established by the south coast district board for each formal review of the plan consistent with subdivision (a) and shall be updated to reflect new data and modeling results. A carrying capacity is the maximum level of emissions which would enable the attainment and maintenance of an ambient air quality standard for a pollutant. Emission carrying capacity for state standards shall not be a part of the state implementation plan requirements of the Clean Air Act for the South Coast Air Basin.

(c) The state board shall review and comment, within 60 days of submittal by the south coast district, on the emission carrying capacity, air quality model selection, and all other data required by this section. The south coast district board and the Southern California Association of Governments Executive Committee shall consider the comments of the state board and shall either accept the state board's recommendations regarding carrying capacity or shall advise the state board that the recommendations are not accepted.

(d) If the state board receives notification that its recommendations are not accepted, the state board shall convene a conflict resolution committee within 30 days to attempt to resolve the differences. The committee shall be composed of two members each of the state board, the Executive Committee of the Southern California Association of Governments, and the south coast district board appointed by the entity they represent. The committee shall make a recommendation to the three governing boards.

40464. The Southern California Association of Governments shall coordinate the efforts of the counties and cities in the process of developing and reviewing plan elements which meet the requirements of the plan, state and federal law, and local needs relating to transportation, land use, demographic projections, employment, housing, and other matters of local concern.

40465. The Southern California Association of Governments shall submit its plan elements to the south coast district board by June 1 of each odd-numbered year, except in the case of a delayed submittal as provided in subdivision (a) of Section 40463, for incorporation into the air quality management plan. The district shall combine the association's plan elements with the south coast district elements as specified in subdivision (a) of Section 40460. Each agency shall prepare and submit all necessary documentation, including that of public and intergovernmental involvement.

40466. The south coast district board shall adopt plan revisions according to subdivision (a) of Section 40463 after holding public hearings throughout the South Coast Air Basin. The south coast district board shall submit the adopted plan revisions to the state board and to the Legislature.

40467. Prior to formal submittal of this plan to the state board by the south coast district board, and during the time period specified

in subdivision (a) of Section 40463, the south coast district board and the state board shall meet to identify and agree on the portions of the plan which are of prime importance to subsequent state board approval of the plan. The south coast district board and the state board shall work together to resolve any differences concerning these key sections prior to formal submission of the plan to the state board. The south coast district board and the state board shall jointly adopt the procedures by which these plan differences shall be resolved.

40468. The state board shall not require as a condition of approval of the plan or subsequent revisions, any indirect source review program or other land use control measures.

40469. (a) Following submittal by the south coast district, the state board shall review the locally adopted plan to determine its adequacy to meet the requirements of the Clean Air Act (42 U.S.C. Sec. 7401 et seq.) and its adequacy to attain state ambient air quality standards through application of reasonably available control measures and technologies. If the state board determines that portions of the plan meet the Clean Air Act requirements, it shall adopt and submit to the Environmental Protection Agency the portions of the plan required by the Clean Air Act within 120 days after receipt of the plan from the south coast district.

(b) If the state board determines that the plan does not meet all the Clean Air Act requirements, or does not include a deadline for the attainment of the state ambient air quality standards by application of reasonably available control measures and technologies, the state board shall, prior to amending the locally adopted plan, convene a committee comprised of two members each of the state board, the Executive Committee of the Southern California Association of Governments, and the south coast district board appointed by the entity they represent to attempt to resolve the differences. If it is necessary to amend the plan, the state board shall do so at a public hearing held pursuant to Section 41652 and shall submit to the Environmental Protection Agency the portions of the plan required by the Clean Air Act within 120 days after receipt of the plan from the south coast district. In submitting the plan to the Environmental Protection Agency, the state board shall indicate what changes have been made to the locally adopted plan in order to permit the Environmental Protection Agency to consider the views of the responsible local planning agencies.

40470. The Southern California Association of Governments shall participate in the joint agency review and conflict resolution processes established by Sections 40463, 40467, and 40469 insofar as the processes relate to plan elements for which the Southern California Association of Governments has plan development responsibility.

SEC. 21. The heading of Article 5 (commencing with Section 40480) of Chapter 5.5 of Part 3 of Division 26 of the Health and Safety Code is amended and renumbered to read:

(b) The south coast district board shall appoint an executive officer to direct the staff, subject to the direction and policy of the south coast district board.

(c) The staff shall also be available to serve those portions of a county not included within the south coast district where the county is only partly included within the south coast district.

(d) The south coast district may enter into a contract with any city or county included, in whole or in part, within the south coast district to perform air pollution control functions for the south coast district, and the city or county may perform such functions for the south coast district pursuant to the contract.

SEC. 23. The heading of Article 6 (commencing with Section 40500) of Chapter 5.5 of Part 3 of Division 26 of the Health and Safety Code is amended and renumbered to read:

Article 7. Variances and Permits

SEC. 24. Section 40500 of the Health and Safety Code is amended to read:

40500. In accordance with the purposes of this chapter as set forth in Section 40402, the south coast district board shall establish rules and regulations for the granting of variances by the hearing board from Section 41701 or from such standards for the discharge of air contaminants as the south coast district may adopt.

The rules and regulations shall include a schedule of fees, which shall be based upon the number of sources the variances are applicable to and the extent the amount of emissions from the sources exceeds the required standards, for the filing of applications for variances. All applicants shall pay the fees required by such rules and regulations, including, notwithstanding the provisions of Section 6103 of the Government Code, an applicant that is a publicly owned public utility. A variance may be granted by the hearing board after a public hearing and upon filing, with appropriate fees, of a variance petition with the hearing board.

SEC. 25. Section 40506 of the Health and Safety Code is amended to read:

The rules and regulations shall include a schedule of fees for the filing of applications for permits and for the modification, revocation, extension, or annual renewal of permits. All applicants, including, notwithstanding the provisions of Section 6103 of the Government Code, an applicant that is a publicly owned public utility, shall pay the fees required by such rules and regulations.

SEC. 26. The heading of Article 7 (commencing with Section 40520) of Chapter 5.5 of Part 3 of Division 26 of the Health and Safety Code is amended and renumbered to read:

#### Article 8. Financial Provisions

SEC. 28. Section 40525 of the Health and Safety Code is repealed.

SEC. 29. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Furthermore, this act does not create any present or future obligation to reimburse the agency or district for any costs incurred because of this act.

### CHAPTER 1086

An act to add Sections 26667 and 26667.3 to the Health and Safety Code, relating to health.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 26667 is added to the Health and Safety Code, to read:

26667. For purposes of Sections 26667.3, the following definitions shall apply:

(a) "Distributor" means any corporation, person, or other entity, not engaged in the manufacture of a legend drug product, who distributes for resale and distribution a legend drug product under the label of such corporation, person, or entity.

(b) "Legend drug" means any controlled substance subject to the Federal Controlled Substances Act (Title II, P.L. 91-513) or subject to the Uniform Controlled Substances Act, Division 10 (commencing with Section 11000), and any drug described in Section 4211 of the Business and Professions Code or Section 26660.

(c) "Solid dosage forms" means capsules or tablets intended for oral administration.

(d) "Code imprint" means a series of letters or numbers assigned by the manufacturer or distributor to a specific drug, or marks or monograms unique to the manufacturer, distributor, or both. The National Drug Code may be used as a code imprint.

SEC. 2. Section 26667.3 is added to the Health and Safety Code, to read:

26667.3. (a) No legend drug in solid dosage form may be manufactured or distributed for sale in this state unless it is clearly marked or imprinted with a code imprint identifying the drug and the manufacturer or distributor of the drug. Manufacturers or distributors who only repack an already finished dosage form of a legend drug shall not have the responsibility to do the imprint.

(b) On or before July 1, 1982, manufacturers or distributors of legend drugs, depending on whether the manufacturer's or distributor's code imprint will appear on the surface of the solid dosage form, shall provide to the department a list of their legend drugs and the intended code imprints. The department shall provide for the distribution of the information required to be submitted under this subdivision to all poison control centers in the state. Manufacturers, distributors, and the department shall provide to any licensed health care provider, upon request, lists of legend drugs and code imprints provided to the department under this section, but may charge a reasonable fee to cover copying and postage costs. Updated lists shall be provided to the department annually or as changes or revisions occur.

(c) The department may grant exemptions from the requirements of this section upon application of a manufacturer or distributor indicating size or other characteristics which render the product impractical for the imprinting required by this section.

(d) A legend drug which does not meet the requirements is misbranded.

(e) It is the intent of the Legislature that all legend drugs having solid dosage forms be imprinted regardless of by whom they are distributed.

(f) This section shall apply to all legend drugs sold in California on or after January 1, 1983.

(g) Pharmacists, pharmacies, and licensed wholesalers shall only be liable for knowing and willful violations of this section, except that no liability shall accrue if the pharmacist acts pursuant to Section 4229.5 of the Business and Professions Code.

(h) The provisions of subdivisions (a) to (g), inclusive, shall not apply to any of the following:

(1) Drugs purchased by a pharmacy, pharmacist, or licensed wholesaler prior to January 1, 1983, and held in stock for resale.

(2) Drugs which are the subject of an investigation pursuant to Section 26678 or 26679.

(3) Drugs which are manufactured by or upon the order of a practitioner licensed by law to prescribe or administer drugs and which are to be used solely by the patient for whom prescribed.

SEC. 3. The State Department of Health Services shall submit a report to the Legislature on or before January 1, 1985, with respect to the effectiveness of the program contained in Section 26667.3 of the Health and Safety Code. The report shall include an evaluation and recommendation as to the feasibility of extending the program to cover over the counter drugs.

SEC. 4. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Section 30105.5 is added to the Public Resources Code, to read:

30105.5. "Cumulatively" or "cumulative effect" means the incremental effects of an individual project shall be reviewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.

SEC. 2. Section 30213 of the Public Resources Code is amended to read:

30213. Lower cost visitor and recreational facilities and housing opportunities for persons and families of low or moderate income, as defined by Section 50093 of the Health and Safety Code, shall be protected, encouraged, and, where feasible, provided. Developments providing public recreational opportunities are preferred. New housing in the coastal zone shall be developed in conformity with the standards, policies, and goals of local housing elements adopted in accordance with the requirements of subdivision (c) of Section 65302 of the Government Code.

Neither the commission nor any regional commission shall either: (1) require that overnight room rentals be fixed at an amount certain for any privately owned and operated hotel, motel, or other

similar visitor-serving facility located on either public or private lands; or (2) establish or approve any method for the identification of low or moderate income persons for the purpose of determining eligibility for overnight room rentals in any such facilities.

SEC. 3. Section 30301 of the Public Resources Code is amended to read:

30301. The commission shall consist of the following 15 members:

- (a) The Secretary of the Resources Agency.
- (b) The Secretary of the Business and Transportation Agency.
- (c) The Chairperson of the State Lands Commission.
- (d) Six representatives of the public, who shall not be members of any regional commission, from the state at large. The Governor, the Senate Rules Committee, and the Speaker of the Assembly shall each appoint two of such members.

(e) Six representatives from the regional commissions, selected by each regional commission from among its members. Within 60 days after the termination of any regional commission pursuant to Section 30305, the member on the commission shall be replaced by a county supervisor or city councilperson who shall reside within a coastal county of such region, to be appointed as follows:

(1) Upon the termination of the first regional commission, the Governor shall appoint the first member under this subdivision.

(2) Upon the termination of the second regional commission, the Senate Rules Committee shall appoint the second member under this subdivision.

(3) Upon the termination of the third regional commission, the Speaker of the Assembly shall appoint the third member under this subdivision.

(4) Upon the termination of the fourth, fifth, and sixth regional commissions, the process of appointment of the members of commissions under paragraphs (1), (2), and (3) of this subdivision shall be repeated in that order.

(5) In the event any two or more regional commissions terminate simultaneously, the appointments to the commission shall be made in the same manner as set forth in Section 30301.2, and the respective regional commissions shall be deemed, for purposes of appointment to the commission, to have terminated in the following order: first, the North Coast Regional Commission; second, the North Central Coast Regional Commission; third, the Central Coast Regional Commission; fourth, the South Central Coast Regional Commission; fifth, the South Coast Regional Commission; and sixth, the San Diego Coast Regional Commission.

In any event, each regional commission's representative on the commission shall continue to serve until the new member has been appointed pursuant to this subdivision.

SEC. 4. Section 30315 of the Public Resources Code is amended to read:

30315. The commission and each regional commission shall meet at least once a month at a place convenient to the public. All

meetings of the commission and each regional commission shall be open to the public.

A majority of the total appointed membership of the commission or of a regional commission, as the case may be, shall constitute a quorum. Any action taken by the commission or a regional commission under this division requires a majority vote of the members present at the meeting of the commission or regional commission, with a quorum being present, unless otherwise specifically provided for in this division. Except as specifically provided in subdivision (c) of Section 30512 and subdivisions (d) and (e) of Section 30513, a majority vote of the total appointed membership of the commission or of a regional commission shall be required to take any action required or permitted under this division on a local coastal program or any portion of a local coastal program, or any amendment to a local coastal program, or to adopt or amend rules or regulations of the commission or a regional commission.

SEC. 5. Section 30353 of the Public Resources Code is amended to read:

30353. Payment for costs claimed pursuant to this article shall be made only for costs which, but for the operation of a certified local coastal program, would not have been incurred by the claimant local government and if the following criteria are met:

(a) Costs for establishing a regulatory program to implement a certified local coastal program, including costs for the preparation and printing of public information materials, application forms, establishing new procedures, and staff training are payable. The costs specified in this subdivision include initial startup costs incurred over a period not to exceed one year from the date a certified local coastal program has been adopted for implementation by the appropriate local government.

(b) A fixed payment not to exceed ten dollars (\$10) per permit application for any development subject to a certified local coastal program may be claimed and paid. The payment specified in this subdivision is intended to cover general costs, including costs for public notice, notice and submittal of files to the commission, and appearances before the commission.

(c) Other costs of processing and reviewing coastal development permits pursuant to a certified local coastal program shall normally not be eligible for reimbursement because these types of activities should either be incorporated within the routine regulatory process of the local government or, at the discretion of such local government, be paid for from reasonable permit fees. A local government may, however, request payment for increased regulatory costs if it can show that either or both of the following special circumstances apply within its jurisdiction:

(1) In jurisdictions with a population of less than 10,000, the existing regulatory program of the local government is not capable of processing and reviewing additional coastal development permits pursuant to a certified local coastal program and where such

increased costs could not reasonably be expected to be covered by permit fees.

(2) The regulatory program included in a certified local coastal program requires the discharge of resource management functions that exceed the level of regulatory review normally required or undertaken by the local government.

(d) Costs for enforcement of regulatory requirements that are directly related to local coastal program implementation, such as ensuring compliance with coastal development permit terms and conditions, are payable, if the enforcement activities are not of a type routinely undertaken or of a type required by law as part of the affected local government's normal regulatory responsibilities.

(e) Litigation costs which, but for the operation of a certified local coastal program, would not have been incurred may be paid. Where an action is brought against a local government and such action states as a principal cause of action the operation of such local government's local coastal program and the local government prevails in such action, litigation costs may be paid to the extent such costs are not assessed against the party bringing the action. Where the local government loses such action primarily on grounds it has failed to properly carry out its certified local coastal program, litigation costs shall not be paid.

(f) If additional planning is required by the commission as a condition of its certification of any local coastal program, costs for such additional planning are payable.

SEC. 6. Section 30512 of the Public Resources Code is amended to read:

30512. (a) The land use plan of a proposed local coastal program shall be submitted to the regional commission. The regional commission shall, within 90 days after the submittal, after public hearing, either approve or disapprove, in whole or in part, the land use plan. If the proposed land use plan is not acted upon within the 90-day period, it shall be deemed approved by the regional commission.

(b) Where a land use plan is disapproved, in whole or in part, the regional commission shall provide a written explanation and may suggest ways in which to modify the disapproved provisions. A local government may revise a disapproved land use plan and resubmit the revised version to the regional commission or it may appeal either the disapproved portion or revised version thereof to the commission. Where the proposed land use plan is approved, in whole or in part, the land use plan or the approved portion thereof shall, within 10 working days of final regional commission action of approval, be forwarded by the regional commission to the commission for certification.

(c) The commission shall, not more than 45 days after a land use plan has been submitted or appealed to it, determine by majority vote of those present, after a public hearing, whether specific provisions of the land use plan raise a substantial issue as to

conformity with the policies of Chapter 3 (commencing with Section 30200). If the commission finds no substantial issue, the decision of the regional commission shall be final, and in the case of regional commission approvals, the land use plan shall be deemed certified. If the commission determines a substantial issue is raised, it shall, following public hearing and within 60 days from receipt of the land use plan, either refuse certification or certify, in whole or in part, the land use plan by a majority vote of the total appointed membership.

(d) If the commission refuses certification, in whole or in part, it shall send a written explanation for such action to the appropriate local government and regional commission. A revised land use plan may be resubmitted directly to the commission for certification.

(e) A regional commission shall approve and the commission shall certify, or the commission shall approve and certify where there is no regional commission, a land use plan, or any amendments thereto, if such commission finds that a land use plan meets the requirements of, and is in conformity with, the policies of Chapter 3 (commencing with Section 30200).

SEC. 7. Section 30610.2 of the Public Resources Code is amended to read:

30610.2. (a) Any person wishing to construct a single-family residence on a vacant lot within an area designated by the commission pursuant to subdivision (b) of Section 30610.1 shall, prior to the commencement of construction, secure from the local government with jurisdiction over the lot in question a written certification or determination that such lot meets the criteria specified in subdivision (c) of Section 30610.1 and is therefore exempt from the coastal development permit requirements of this division. A copy of every such certification of exemption shall be sent by the issuing local government to the appropriate regional commission within five working days after it is issued.

(b) In the event that the commission does not designate the areas within the coastal zone as required by subdivision (b) of Section 30610.1 within the 60 days specified therein, a local government may make the certification authorized by subdivision (a) of this section without regard to the requirements of subdivision (b) of Section 30610.1.

SEC. 8. Section 30610.5 of the Public Resources Code is amended to read:

30610.5. Urban land areas shall, pursuant to the provisions of this section, be excluded from the permit provisions of this chapter.

(a) Upon the request of a local government, an urban land area, as specifically identified by such local government, shall, after public hearing, be excluded by the commission from the permit provisions of this chapter where both of the following conditions are met:

(1) The area to be excluded is either a residential area zoned and developed to a density of four or more dwelling units per acre on or before January 1, 1977, or a commercial or industrial area zoned and developed for such use on or before January 1, 1977.

(2) The commission finds both of the following:

(i) Locally permitted development will be infilling or replacement and will be in conformity with the scale, size, and character of the surrounding community.

(ii) There is no potential for significant adverse effects, either individually or cumulatively, on public access to the coast or on coastal resources from any locally permitted development; provided, however, that no area may be excluded unless more than 50 percent of the lots are built upon, to the same general density or intensity of use.

(b) Every exclusion granted under subdivision (a) of this section and subdivision (e) of Section 30610 shall be subject to terms and conditions to assure that no significant change in density, height, or nature of uses will occur without further proceedings under this division, and an order granting an exclusion under subdivision (e) of Section 30610, but not under subdivision (a) of this section may be revoked at any time by the commission, if the conditions of exclusion are violated. Tide and submerged land, beaches, and lots immediately adjacent to the inland extent of any beach, or of the mean high tide line of the sea where there is no beach, and all lands and waters subject to the public trust shall not be excluded under either subdivision (a) of this section or subdivision (e) of Section 30610.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to ensure that there is no ambiguity in the application of certain provisions of the Coastal Act of 1976 with regard to the coastal permit and planning work now under way and with regard to the local coastal program voting requirements, it is necessary that this act take effect immediately.

## CHAPTER 1088

An act to amend Section 3541 of the Government Code, relating to the Public Employment Relations Board.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 3541 of the Government Code is amended to read:

3541. (a) There is in state government the Public Employment Relations Board which shall be independent of any state agency and shall consist of five members. The members of the board shall be

appointed by the Governor by and with the advice and consent of the Senate. One of the original members shall be chosen for a term of one year, one for a term of three years, and one for a term of five years. The first term for the two new members of the board resulting from the expansion of the board to five members shall be reduced by the Governor as necessary so that the term of only one member of the board shall expire in any given year. Thereafter terms shall be for a period of five years, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he succeeds. Members of the board shall be eligible for reappointment. The Governor shall select one member to serve as chairperson. A member of the board may be removed by the Governor upon notice and hearing for neglect of duty or malfeasance in office, but for no other cause.

(b) A vacancy in the board shall not impair the right of the remaining members to exercise all the powers of the commission, and three members of the board shall at all times constitute a quorum.

(c) The board may delegate its powers to any group of three or more board members. Nothing shall preclude any board member from participating in any case pending before the board.

(d) Members of the board shall hold no other public office in the state, and shall not receive any other compensation for services rendered.

(e) Each member of the board shall be paid an annual salary of forty-two thousand five hundred dollars (\$42,500). In addition to his salary, each member of the board shall be reimbursed for all actual and necessary expenses incurred by him in the performance of his duties, subject to the rules of the State Board of Control relative to the payment of such expenses to state officers generally.

(f) The board shall appoint an executive director who shall be the chief administrative officer. The executive director shall appoint such other persons as may, from time to time, be deemed necessary for the performance of the board's administrative functions, prescribe their duties, fix their compensation, and provide for reimbursement of their expenses in the amounts made available therefor by appropriation. The executive director shall be a person familiar with employer-employee relations. The executive director shall be subject to removal at the pleasure of the board. The Governor shall appoint a general counsel, upon the recommendation of the board, to assist the board in the performance of its functions under this chapter. The general counsel shall serve at the pleasure of the board.

(g) The executive director and general counsel serving the board on December 31, 1977, shall become employees of the Public Employment Relations Board and shall continue to serve at the discretion of the board. A person so employed may, independently of the Attorney General, represent the board in any litigation or other matter pending in a court of law to which the board is a party

or in which it is otherwise interested.

(h) The Governor shall appoint one legal adviser for each member of the board upon the recommendation of such board member. Each such appointee shall serve at the pleasure of the recommending board member and shall receive a salary as shall be fixed by the board with the approval of the Department of Finance.

(i) Attorneys serving the board on May 19, 1978, shall not be appointed as legal advisers to board members pursuant to subdivision (h) until such time as they have attained permanent civil service status.

(j) When the positions exempt from civil service which are authorized by this act are created, the Department of Finance shall delete the corresponding civil service positions in the board's 1978-79 budget.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1204.5 is added to the Health and Safety Code, to read:

1204.5. (a) In addition to the types of clinics specified in Section 1204, substance abuse clinics shall be eligible for licensure under this chapter, and shall be deemed to be a category of specialty clinic within the meaning of subdivision (b) of Section 1204. Any reference in any statute to Section 1204 shall be deemed and construed to also be a reference to this section.

(b) As used in this section, "substance abuse clinic" means a clinic which provides specialized outpatient medical services for treatment of patients for abuse of controlled substances or other drugs, or for problems related to such abuse. Services which may be provided by substance abuse clinics additionally include methadone maintenance services, drug-free services, psychotherapy and counseling, and other services medically necessary for patients of the clinic.

SEC. 1.2. Section 11754 of the Health and Safety Code is amended to read:

11754. (a) Notwithstanding any other provision of law, the state

department shall be the single state agency authorized to receive any federal funds payable directly to the state by the National Institute on Alcohol Abuse and Alcoholism to implement programs which provide services to alleviate the problems related to the inappropriate use of alcoholic beverages.

(b) The state department shall be the single state agency authorized to receive any federal funds payable directly to the state by the National Institute on Drug Abuse to implement programs which provide services to alleviate the problems related to the use of other drugs.

(c) The state department may receive other federal funds and expend them pursuant to the provisions of this division, the Budget Act or other statutes.

(d) Notwithstanding any other provision of law, the state department shall develop and implement an effective process for distributing federal funds to private or county drug abuse treatment or prevention programs, or both. The department shall distribute these funds through formal written agreements, including grants, subgrants, contracts, or agreements which shall assure that the funds are distributed in a timely and effective manner pursuant to the Budget Act.

SEC. 1.5. Section 11862 is added to the Health and Safety Code, to read:

11862. (a) There is in state government a State Advisory Board on Drug Programs which shall consist of 15 members, of which five members shall be appointed by the Governor, five members by the Senate Rules Committee, and five members by the Speaker of the Assembly.

(b) Initial appointments to the advisory board shall be made as follows:

(1) The Governor shall appoint two members for one-year terms, two members for two-year terms, and one member for a three-year term.

(2) The speaker shall appoint two members for one-year terms, one member for a two-year term, and two members for three-year terms.

(3) The Senate Rules Committee shall appoint one member for a one-year term, two members for two-year terms, and two members for three-year terms.

(4) Subsequent appointments shall be made as prescribed in subdivision (a) for a term of three years.

(c) Members shall have a professional or personal interest in, and commitment to, alleviating drug problems, and shall include representatives of law enforcement agencies, public drug programs, private drug programs, education, and the general public. It is the intent of the Legislature that the appointing powers make appointments that include representatives of nongovernmental organizations or groups and of public agencies concerned with the prevention and treatment of drug abuse and drug dependence, from

various economic, social, and occupational groups, and allow for the geographic distribution of members throughout the state. Representatives from public and private drug prevention or treatment programs shall not comprise more than 33 $\frac{1}{3}$  percent of the total membership. Such members shall comply with existing conflict of interest laws when participating in the tasks and functions of the board.

(d) The board shall constitute the drug abuse prevention advisory council as described in federal Public Laws 92-255 and 94-237, as amended. In the interest of continuity relating to the functions of the board pursuant to subdivision (j), those members of the former Technical Advisory Committee/Drug Abuse Prevention Advisory Council reconstituted by this part, and who have remaining terms of one or two years, shall be considered in the appointments under this section.

(e) The board shall meet at least once every three months and may meet as often as required, as a full board or in committees, to implement the provisions of this section. All meetings of the board, and any committees thereof, shall be open to the public and adequate notice shall be provided in advance to interested persons.

(f) The members shall select the chair of the board annually and adopt by-laws as appropriate to carry out their duties.

(g) Members of the board shall serve without compensation, but shall receive reimbursement for travel and other necessary expenses actually incurred in the performance of their official duties.

(h) The board shall have the powers and authority necessary to carry out the duties imposed upon it by this chapter, including, but not limited to, the following:

(1) Advise the director on the major policy issues relating to the implementation by the department of the provisions of this part and on any other related matters that the director refers to it, or that the board may raise, encourage public understanding of the nature of drug problems, and encourage support throughout the state for the development and implementation of effective drug programs. Upon request of the chair of the board, the department shall respond in writing to the board regarding each of its recommendations.

(2) Periodically review drug abuse services in California.

(3) Recommend to the director rules, regulations, and standards for the administration of this division.

(4) Review the annual state and federal drug abuse plans and budgets, and all amendments thereto, and advise the director on the development of the state drug abuse plan and the system of priorities contained in that plan.

(5) Submit an annual report to the department and the Legislature in December of each year which describes its accomplishments and includes its recommendations regarding the department's role in alleviating drug problems.

(i) The department shall provide such administrative, technical, and other personnel as may be necessary for the board's

performance of its powers and duties.

(j) The department shall provide appropriate training to the board members relating to their charge so as to assure their understanding of the state drug program. It is the intent of the Legislature that each member of the board learn about the elements of the drug program and the nature of drug problems in his or her county of residence, to assist him or her in understanding the major policies to be examined by the board.

(k) This section shall remain in effect until December 31, 1983, and as of such date is repealed, unless a later enacted statute, which is chaptered on or before September 30, 1983, deletes or extends such date.

SEC. 2. Section 11864 is added to the Health and Safety Code, to read:

11864. (a) The purposes of any regulations adopted by the department shall be to implement, interpret, or make specific the provisions of this part and shall not exceed the authority granted to the department pursuant to this part. To the extent possible, such regulations shall be written in clear and concise language and adopted only when necessary to further the purposes of this part.

(b) Except as provided in this section, the department shall have the power to adopt regulations in accordance with the provisions of the Administrative Procedure Act necessary for the proper execution of the powers and duties granted to and imposed upon the department by this part. However, such regulations may be adopted only upon the following conditions:

(1) The department shall present to the State Advisory Board on Drug Programs at a meeting of the board the justification for considering regulations prior to the drafting and adoption of such specified regulations. Subsequent to presentation to and discussion with the board, the department shall decide whether to proceed with the drafting and adoption of such regulations.

(2) The department shall consult with the county drug program administrators or their designees in establishing and adopting regulations, and may consult with any other appropriate persons relating to such proposed regulations.

(3) If an absolute majority of the county drug program administrators, or their designees, who represent counties which have submitted county drug plans, vote at a public meeting called by the department and posted publicly for the prior 45 days, at a time mutually agreed upon by the department and county drug program administrators, to reject such proposed regulations, the department shall refer the matter for a decision to a committee composed of five persons, consisting of a representative of the board, a representative of the administrators, the director, the secretary, and one designee of the secretary. Such decision shall be made by a majority vote of such committee at a public meeting convened by the department. Upon a majority vote of such committee recommending adoption of such proposed regulations, the department may then adopt them.

Upon a majority vote recommending that the department not adopt such proposed regulations, the department shall then consult again with the county administrators and advisory board and resubmit the proposed regulations to the administrators for a vote pursuant to this subdivision.

(4) In the voting process of the committee described in paragraph (3), no proxies shall be allowed nor may anyone other than the designated county administrator, representative of the board, director, secretary, and secretary's designee vote at such meetings.

SEC. 3. Section 11871 of the Health and Safety Code is repealed.

SEC. 4. Section 11961 of the Health and Safety Code is amended to read:

11961. As used in this chapter:

(a) "Administrator" means the county drug program administrator designated pursuant to Section 11962.

(b) "Advisory board" means the county advisory board established pursuant to Section 11964.

(c) "County Short-Doyle drug program plan" means the drug program portion of the county Short-Doyle Plan, as required pursuant to Chapter 2 (commencing with Section 5650) of Part 2 of Division 5 of the Welfare and Institutions Code.

SEC. 5. Section 11962 of the Health and Safety Code is amended to read:

11962. The board of supervisors shall designate a drug program administrator and shall determine the administrative level, responsibility, and authority of such a position. The position of the drug program administrator may be either full- or part-time, or part of other assigned duties. The drug program administrator shall be a qualified professional who has the ability, training, or experience to administer or coordinate and monitor the county drug program.

SEC. 6. Section 11963 of the Health and Safety Code is amended to read:

11963. The county drug program administrator shall have the following powers and duties:

(a) He or she shall be responsible for the preparation of the county Short-Doyle drug program plan.

(b) He or she shall exercise general supervision over the drug program services provided under the county Short-Doyle plan.

(c) He or she shall recommend to the board of supervisors, after consultation with the advisory committee, the provision of services, establishment of facilities, contracting for services or facilities and other matters necessary or desirable in accomplishing the purposes of this chapter.

(d) He or she shall submit an annual report to the board of supervisors reporting all activities of the drug program, including a financial accounting of expenditures and a forecast of anticipated needs for the ensuing year.

(e) He or she shall carry on such studies as may be appropriate to the discharge of his or her duties.

(f) He or she shall be responsible for the ongoing coordination of all public and private drug abuse programs and services in the county.

(g) He or she shall administer all drug program funds allocated to the county under this chapter. All drug program funds allocated by the department to programs or projects within the county shall be expended only with the prior certification by the drug program administrator, the county advisory board on drug programs, and notification to the board of supervisors that the program allocation is consistent with the priorities in the approved county Short-Doyle drug program plan.

(h) He or she shall be responsible to the board of supervisors, through administrative channels designated by the board of supervisors, for the drug program of the county.

(i) He or she shall be responsible for the planning and consultation process for the adoption of regulations as required by the department pursuant to Section 11864.

(j) He or she may participate with a majority of the other county drug program administrators in forming an association of county drug program administrators for the purposes of representing the counties in their relationship with the state on drug abuse services with respect to policies, standards, and administration.

SEC. 7. Section 11964 is added to the Health and Safety Code, to read:

11964. (a) Except as provided in subdivision (b), each county shall have an advisory board on drug programs composed of not less than seven members appointed by the board of supervisors. Members shall have a professional interest in, or personal commitment to, alleviating problems related to drug abuse in their community. The membership shall include representatives from various economic, social, and occupational groups and shall be broadly representative of the demographic characteristics of the county.

The advisory board shall be independent from any other advisory board established pursuant to any provision of state law. However, the advisory board shall coordinate its efforts, where appropriate, with other county advisory boards concerned with drug problems.

This subdivision shall apply only to counties the population of which exceeds 125,000.

(b) In counties where the population does not exceed 125,000, the board of supervisors shall appoint an advisory board which shall be composed of not less than seven members which may be independent, under the jurisdiction of another health-related advisory board established pursuant to any provision of state law, or has the same membership as such other advisory board or agency. It is the intent of the Legislature that such boards meet the same membership requirements described in subdivision (a).

(c) If two or more counties the combined population of which exceeds 200,000 jointly apply to the department for funds under this

part, the advisory board for its drug program shall consist of not less than 15 members, and shall otherwise be subject to the requirements of subdivision (a). If the combined population of such counties does not exceed 200,000, the requirements of subdivision (b) shall apply to such counties.

(d) The Legislature recognizes that persons employed by programs which provide drug abuse services and members of their boards of directors have a great deal of knowledge and experience to share with other people in the community concerned with alleviating drug abuse problems. The Legislature also recognizes that there are many people in the community who have knowledge about, or interest or experience in, alleviating drug problems who do not have any direct or indirect financial or other relationship to drug programs in the county. The Legislature desires to include both groups of such persons on advisory boards and also to establish control for real or apparent conflicts of interest that might arise.

Therefore, there may be at least two representatives of a public or private drug abuse program, and such members shall comply with existing conflict of interest laws when participating in the tasks and functions of the board. The advisory board shall not include in excess of 33 $\frac{1}{3}$  percent of its membership any person, or his or her spouse who is any of the following:

(1) A member of a board of directors or advisory body or employee of any county operated or county contract provider of drug services, or of any program approved pursuant to Section 11876.

(2) A direct recipient of any state funds allocated under this part pursuant to a contract with the department, which shall include compensation for contracted services or membership on an advisory body or board of directors of such recipient agency.

(e) Except as required under subdivision (b), the advisory board shall not include any person or his or her spouse who is any of the following:

(1) A member of the board of supervisors or a person on the staff of a member of the board of supervisors.

(2) A county employee of the health-related agency or department, with which the drug program administrator designated pursuant to Section 11962 may be affiliated.

The board of supervisors may, by resolution, designate further categories of persons who may not serve on the board, provided that such prohibitions are consistent with the intent of this section. It is the intent of the Legislature in authorizing the board of supervisors to designate such further categories that the integrity of and the community's confidence in the advisory board be maintained.

(f) In the event that prior to the expiration of his or her term, a member ceases to retain the status which qualified him or her for appointment to the advisory board, his or her membership on the advisory board shall terminate and there shall be a vacancy on the advisory board to be filled by the board of supervisors.

(g) The members of the advisory board may be removed for cause

pursuant to standards adopted by the advisory board which are consistent with the provisions of this article and which are approved by the board of supervisors.

(h) Each member of the board shall be appointed for a term of three years. Persons appointed as members of the drug advisory board established pursuant to Section 5606.5 of the Welfare and Institutions Code may continue to serve until the expiration of their terms, provided that they meet the other conditions for membership required pursuant to this article.

(i) The advisory board shall meet at least bimonthly and may meet at such other times as may be deemed necessary by the chair or drug program administrator. The members of the advisory board shall serve without compensation, but may be reimbursed for any actual and necessary expenses incurred in connection with their duties under this article. However, the members may receive compensation out of county funds at the option of the board of supervisors.

(j) All meetings of the advisory board shall be open to the public and shall be subject to the provisions of Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code, relating to meetings of local agencies.

(k) The advisory board shall:

(1) Participate in the planning process pursuant to Section 5651 of the Welfare and Institutions Code.

(2) Review the drug program component of the county Short-Doyle plan, and any amendments thereto pursuant to Sections 5606.5 and 5652 of the Welfare and Institutions Code.

(3) Advise the county drug program administrator on policies and goals of the county drug program and on any other related matters the drug program administrator refers to it, or which are raised by the advisory board.

(4) Encourage and educate the public to understand the nature of drug problems, and encourage support throughout the county for development and implementation of effective drug abuse programs.

(5) Review and generically evaluate the community's drug program needs, services, facilities, and special programs.

(6) Review and approve the procedures used to insure citizen and professional involvement at all stages of the planning process leading to the formulation and adoption of the county drug portion of the county Short-Doyle plan.

SEC. 8. Section 11981 of the Health and Safety Code is amended to read:

11981. The state department shall coordinate state and local narcotics and drug abuse prevention, care, treatment, and rehabilitation programs. It is the intent of the Legislature that the department and the counties maintain a cooperative partnership to assure effective implementation of the provisions of this division as described in Section 11756 of this code and in Part 2 (commencing with Section 5600) of Division 5 of the Welfare and Institutions Code.

SEC. 9. Section 11983 of the Health and Safety Code is amended to read:

11983. The state department shall develop and implement a comprehensive and uniform plan for the prevention, care, treatment, and rehabilitation of drug dependency and abuse throughout the state, shall take into consideration the community needs set forth in the county Short-Doyle drug abuse plans, and shall provide guidelines to the counties relating to program funding priorities for each fiscal year.

Each county drug abuse plan and program budget prepared pursuant to Part 2 (commencing with Section 5600) of Division 5 of the Welfare and Institutions Code shall be reviewed by the state department according to the provisions of Section 5752 of the Welfare and Institutions Code, and the guidelines and regulations adopted by the state department pursuant to this part.

If, after the review specified above, the county Short-Doyle drug abuse plan is approved, the director shall determine the amount of state funds available for each county for specific services under the approved county plan, from the funds appropriated for drug abuse services in the Budget Act for such fiscal year as enacted into law. If the amount appropriated in the Budget Act for such fiscal year as enacted into law differs from the amount in the budget submitted by the Governor for such fiscal year, each county shall submit an additional revised plan in the form and at the time required by the state department.

SEC. 10. Section 11987 of the Health and Safety Code is amended to read:

11987. (a) The state department shall, in the same manner and subject to the same conditions as other state agencies, develop and submit annually to the Department of Finance a program budget for the statewide narcotics and drug abuse program, including not only expenditures proposed to be made under this division, but also expenditures proposed to be made under related programs or by any other state agency, incidental to the prevention, control, and treatment of narcotics and drug abuse. The state department may require state agencies to contract with it for services to carry out provisions of this division.

(b) Drug abuse program expenditures made by counties and cities pursuant to Part 2 (commencing with Section 5600) of Division 5 of the Welfare and Institutions Code shall be paid by the state pursuant to the provisions of Chapter 3 (commencing with Section 5700) of Part 2 of Division 5 of the Welfare and Institutions Code.

Moneys, funds and appropriations available to the state department for the purposes of this part shall be made available to the State Department of Mental Health by the director for the purposes of processing and certification for payment of claims for drug abuse expenditures made by counties under this part, until such time as the Health and Welfare Agency determines that it is more cost effective and practicable for the State Department of Alcohol

and Drug Programs to assume these functions.

(c) Expenditures subject to payment shall include expenditures for salaries of personnel; approved facilities and services provided through contract; operation, maintenance, and service costs; depreciation of county facilities as established in the state's uniform accounting manual, disregarding depreciation on such a facility to the extent it was financed by state funds under this part; and such other expenditures as may be incurred by the director. It shall not include expenditures for initial capital improvements; the purchase or construction of buildings except for such equipment items and remodeling and construction expenses as may be provided for in regulation by the state; compensation to members of a local drug program advisory board (except actual and necessary expenses incurred in the performance of official duties); or expenditures for a purpose for which state reimbursement is claimed under any other provision of law.

SEC. 11. Section 11993 of the Health and Safety Code is amended to read:

11993. Notwithstanding any other provision of law, the state department may provide advance payment of federal funds, to the extent permitted by formal written agreement between the federal government and the state department or permitted by the terms of any federal grant administered by the state department, to private nonprofit or county drug abuse treatment and prevention programs which are under subcontract with the state department, or may provide advance payments of state funds to counties under Division 5 (commencing with Section 5000) of the Welfare and Institutions Code or to private nonprofit agencies. The department shall develop a plan, approved by the Department of Finance, for determining and controlling advance payments.

SEC. 12. Section 5606.5 of the Welfare and Institutions Code is amended to read:

5606.5. Each county shall have an advisory board on drug programs as described in Section 11964 of the Health and Safety Code. The advisory board shall review the drug program portion of the county Short-Doyle plan, and review and approve the procedures used to insure citizen and professional involvement at all stages of the planning process leading to the formulation and adoption of the drug program portion of the county Short-Doyle plan, pursuant to subdivision (i) of Section 5651. Such review and approval shall be in lieu of the review and approval of the local mental health advisory board.

SEC. 13. Section 5606.6 of the Welfare and Institutions Code is repealed.

SEC. 14. Section 5650 of the Welfare and Institutions Code is amended to read:

5650. On or before March 15 of each year, the board of supervisors of each county, or boards of supervisors of counties acting jointly, shall adopt, and submit to the Director of Mental Health in

the form and according to the procedures specified by the director, an annual county Short-Doyle plan for the next fiscal year for mental health services in the county or counties. The drug program portion of the county Short-Doyle plan, shall, however, be submitted to the Director of Alcohol and Drug Programs. The county plan submitted shall be compatible with the budget for the next fiscal year submitted by the Governor to the Legislature. The purpose of a county plan shall be to provide the basis for reimbursement pursuant to the provisions of this division and to coordinate services as specified in this chapter in such a manner as to avoid duplication, fragmentation of services, and unnecessary expenditures.

To achieve this purpose, a county Short-Doyle plan shall provide for the most appropriate and economical use of all existing public and private agencies, licensed private institutions, and personnel. A county Short-Doyle plan shall include the fullest possible and most appropriate participation by existing city Short-Doyle programs, local public and private general and psychiatric hospitals, state hospitals, city, county, and state health and welfare agencies, public guardians, mental health counselors, probation departments, physicians, psychologists, social workers, public health nurses, psychiatric technicians, and all such other public and private agencies and personnel as are required to, or may agree to, participate in the county Short-Doyle plan.

The Director of Mental Health shall develop standard forms to be used by the counties in the submitting of the county plan. The forms shall include terms and conditions relative to county compliance with applicable laws, regulations, standards, and guidelines.

SEC. 15. Section 5652 of the Welfare and Institutions Code is amended to read:

5652. When the county Short-Doyle plan is submitted to the Director of the State Department of Mental Health it shall be accompanied by a document indicating the plan has been reviewed by the local mental health advisory board. When the drug program portion of the county Short-Doyle plan is submitted to the Director of Alcohol and Drug Programs, it shall be accompanied by a document indicating that the plan has been reviewed by the county advisory board on drug abuse.

SEC. 16. Section 5701 of the Welfare and Institutions Code is amended to read:

5701. A single appropriation shall be made to the State Department of Mental Health for mental health services and a single appropriation shall be made to the State Department of Alcohol and Drug Programs for drug abuse services under the Short-Doyle Act.

SEC. 17. Section 5750 of the Welfare and Institutions Code is amended to read:

5750. The State Department of Mental Health shall administer this part and shall adopt standards for approval of mental health services, and rules and regulations necessary thereto; provided, however, that such standards, rules and regulations shall be adopted

only after consultation with the Citizens Advisory Council and the California Conference of Local Mental Health Directors. Such consultation shall also be with the Department of Alcohol and Drug Programs, for those standards, rules and regulations related to drug abuse services, after the State Department of Alcohol and Drug Programs has complied with subdivision (b) of Section 11864 of the Health and Safety Code. Adoption of such standards, rules and regulations shall require approval by the California Conference of Local Mental Health Directors by majority vote of those present at an official session.

If the conference refuses or fails to approve standards, rules, or regulations submitted to it by the State Department of Mental Health for its approval, the State Department of Mental Health may submit such standards, rules, or regulations to the conference at its next meeting, and if the conference again refuses to approve them, the matter shall be referred for decision to a committee composed of the Secretary of the Health and Welfare Agency, the Director of Mental Health, the President of the California Conference of Local Mental Health Directors, the Chairman of the Citizens Advisory Council, and a member designated by the State Advisory Health Council.

It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

## CHAPTER 1090

An act to amend Section 484 of the Penal Code, relating to theft by fraud.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 484 of the Penal Code is amended to read:  
484. (a) Every person who shall feloniously steal, take, carry, lead, or drive away the personal property of another, or who shall fraudulently appropriate property which has been entrusted to him, or who shall knowingly and designedly, by any false or fraudulent representation or pretense, defraud any other person of money, labor or real or personal property, or who causes or procures others

to report falsely of his wealth or mercantile character and by thus imposing upon any person, obtains credit and thereby fraudulently gets or obtains possession of money, or property or obtains the labor or service of another, is guilty of theft. In determining the value of the property obtained, for the purposes of this section, the reasonable and fair market value shall be the test, and in determining the value of services received the contract price shall be the test. If there be no contract price, the reasonable and going wage for the service rendered shall govern. For the purposes of this section, any false or fraudulent representation or pretense made shall be treated as continuing, so as to cover any money, property or service received as a result thereof, and the complaint, information or indictment may charge that the crime was committed on any date during the particular period in question. The hiring of any additional employee or employees without advising each of them of every labor claim due and unpaid and every judgment that the employer has been unable to meet shall be prima facie evidence of intent to defraud.

(b) Except as provided in Section 10855 of the Vehicle Code, intent to commit theft by fraud is presumed if one who has leased or rented the personal property of another pursuant to a written contract fails to return the personal property to its owner within 20 days after the owner has made written demand by certified or registered mail following the expiration of the lease or rental agreement for return of the property so leased or rented.

(c) Notwithstanding the provisions of subdivision (b), if one presents with criminal intent identification which bears a false or fictitious name or address for the purpose of obtaining the lease or rental of the personal property of another, the presumption created herein shall apply upon the failure of the lessee to return the rental property at the expiration of the lease or rental agreement, and no written demand for the return of the leased or rented property shall be required.

(d) The presumptions created by subdivisions (b) and (c) are presumptions affecting the burden of producing evidence.

(e) Within 30 days after the lease or rental agreement has expired, the owner shall make written demand for return of the property so leased or rented. Notice addressed and mailed to the lessee or renter at the address given at the time of the making of the lease or rental agreement and to any other known address shall constitute proper demand. Where the owner fails to make such written demand the presumption created by subdivision (b) shall not apply.

## CHAPTER 1091

An act to amend Sections 3709 and 3715 of, and to add Sections 3708.5 and 3709.5 to, the Labor Code, relating to workers' compensation.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 3708.5 is added to the Labor Code, to read:

3708.5. If an employee brings such an action for damages, the employee shall forthwith give a copy of the complaint to the Uninsured Employers Fund of the action by personal service or certified mail. Proof of such service shall be filed in such action. If a civil action has been initiated against the employer pursuant to Section 3717, the actions shall be consolidated.

SEC. 2. Section 3709 of the Labor Code is amended to read:

3709. If, as a result of such action for damages, a judgment is obtained against the employer, any compensation awarded, paid, or secured by the employer shall be credited against the judgment. The court shall allow as a first lien against such judgment the amount of compensation paid by the director from the Uninsured Employers Fund pursuant to Section 3716.

Such judgment shall include a reasonable attorney's fee fixed by the court. The director, as administrator of the Uninsured Employers Fund, shall have a first lien against any proceeds of settlement in such action, before or after judgment, in the amount of compensation paid by the director from the Uninsured Employers Fund pursuant to Section 3716.

No satisfaction of a judgment in such action, in whole or in part, shall be valid as against the director without giving the director notice and a reasonable opportunity to perfect and satisfy his lien.

SEC. 3. Section 3709.5 is added to the Labor Code, to read:

3709.5. After the payment of attorney's fees fixed by the court, the employer shall be relieved from the obligation to pay further compensation to or on behalf of the employee under this division up to the entire amount of the balance of the judgment, if satisfied, or such portion as has been satisfied.

After the satisfaction by the employer of the attorney's fees fixed by the court, the Uninsured Employers Fund shall be relieved from the obligation to pay further compensation to or on behalf of the employee pursuant to Section 3716, up to the entire amount of the balance of the judgment, if satisfied, or such portion as has been satisfied.

The appeals board shall allow as a credit to the employer and to the Uninsured Employers Fund, to be applied against the liability for compensation, the amount recovered by the employee in such

action, either by settlement or after the judgment, as has not been applied to the expense of attorney's fees and costs.

SEC. 4. Section 3715 of the Labor Code is amended to read:

3715. (a) Any employee, except an employee as defined in subdivision (d) of Section 3351, whose employer has failed to secure the payment of compensation as required by this division, or his dependents in case death has ensued, may, in addition to proceeding against his employer by civil action in the courts as provided in Section 3706, file his application with the appeals board for compensation and the appeals board shall hear and determine such application for compensation in like manner as in other claims and shall make such award to such claimant as he would be entitled to receive if such employer had secured the payment of compensation as required, and such employer shall pay such award in the manner and amount fixed thereby or shall furnish to the appeals board a bond, in such an amount and with such sureties as the appeals board requires, to pay such employee such award in the manner and amount fixed thereby.

(b) Notwithstanding this section or any other provision of this article except Section 3708, any person described in subdivision (d) of Section 3351 who is (i) engaged in household domestic service who is employed by one employer for over 52 hours per week, (ii) engaged as a part-time gardener in connection with a private dwelling, if the number of hours devoted to such gardening work for any individual regularly exceeds 44 hours per month, or (iii) engaged in casual employment where the work contemplated is to be completed in not less than 10 working days, without regard to the number of men employed, and where the total labor cost of such work is not less than one hundred dollars (\$100) (which amount shall not include charges other than for personal services), shall be entitled, in addition to proceeding against his employer by civil action in the courts as provided in Section 3706, to file his application with the appeals board for compensation. The appeals board shall hear and determine such application for compensation in like manner as in other claims, and shall make such award to such claimant as he would be entitled to receive if such person's employer had secured the payment of compensation as required, and such employer shall pay such award in the manner and amount fixed thereby, or shall furnish to the appeals board a bond, in such an amount and with such sureties as the appeals board requires, to pay such employee such award in the manner and amount fixed thereby.

It is the intent of the Legislature that the amendments to this section by Chapter 17 of the Statutes of 1977, make no change in the law as it applied to those types of employees covered by this subdivision prior to the effective date of Chapter 1263 of the 1975 Regular Session.

SEC. 5. Section 3715 of the Labor Code is amended to read:

3715. (a) Any employee, except an employee as defined in subdivision (d) of Section 3351, whose employer has failed to secure

the payment of compensation as required by this division, or his dependents in case death has ensued, may, in addition to proceeding against his employer by civil action in the courts as provided in Section 3706, file his application with the appeals board for compensation and the appeals board shall hear and determine such application for compensation in like manner as in other claims and shall make such award to such claimant as he would be entitled to receive if such employer had secured the payment of compensation as required, and such employer shall pay such award in the manner and amount fixed thereby or shall furnish to the appeals board a bond, in such an amount and with such sureties as the appeals board requires, to pay such employee such award in the manner and amount fixed thereby.

(b) Notwithstanding this section or any other provision of this chapter except Section 3708, any person described in subdivision (d) of Section 3351 who is (i) engaged in household domestic service who is employed by one employer for over 52 hours per week, (ii) engaged as a part-time gardener in connection with a private dwelling, if the number of hours devoted to such gardening work for any individual regularly exceeds 44 hours per month, or (iii) engaged in casual employment where the work contemplated is to be completed in not less than 10 working days, without regard to the number of men employed, and where the total labor cost of such work is not less than one hundred dollars (\$100) (which amount shall not include charges other than for personal services), shall be entitled, in addition to proceeding against his employer by civil action in the courts as provided in Section 3706, to file his application with the appeals board for compensation. The appeals board shall hear and determine such application for compensation in like manner as in other claims, and shall make such award to such claimant as he would be entitled to receive if such person's employer had secured the payment of compensation as required, and such employer shall pay such award in the manner and amount fixed thereby, or shall furnish to the appeals board a bond, in such an amount and with such sureties as the appeals board requires, to pay such employee such award in the manner and amount fixed thereby.

It is the intent of the Legislature that the amendments to this section by Chapter 17 of the Statutes of 1977, make no change in the law as it applied to those types of employees covered by this subdivision prior to the effective date of Chapter 1263 of the 1975 Regular Session.

SEC. 6. It is the intent of the Legislature if this bill and Assembly Bill 2368 are both chaptered and become effective January 1, 1981, both bills amend Section 3715 of the Labor Code, and this bill is chaptered after Assembly Bill 2368, that the amendments to Section 3715 proposed by both bills be given effect and incorporated in Section 3715 in the form set forth in Section 5 of this act. Therefore, Section 5 of this act shall become operative only if this bill and Assembly Bill 2368 are both chaptered and become effective January

1, 1981, both amend Section 3715, and this bill is chaptered after Assembly Bill 2368, in which case Section 4 of this act shall not become operative.

The calls shall be at public expense, if the calls are completed to telephone numbers within the local calling area, and in the presence of a public officer or employee. Any public officer or employee who willfully deprives a minor taken into custody of his right to make such telephone calls is guilty of a misdemeanor.

SEC. 2. Section 627 of the Welfare and Institutions Code is amended to read:

627. Pending appeal of such order or judgment, the granting or refusal to order release shall rest in the discretion of the juvenile court. Such appeal shall have precedence over all other cases in the court to which the appeal is taken.

SEC. 2. Section 1426a of the Penal Code is repealed.

CHAPTER 1094

An act to amend Section 26500 of the Government Code, and to amend Sections 853.6, 853.6a, and 853.9 of the Penal Code, relating to prosecution of crimes.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 26500 of the Government Code is amended to read:

26500. The district attorney is the public prosecutor, except as otherwise provided by law.

The public prosecutor shall attend the courts, and within his or her discretion shall initiate and conduct on behalf of the people all prosecutions for public offenses.

SEC. 2. Section 853.6 of the Penal Code is amended to read:

853.6. (a) In any case in which a person is arrested for an offense declared to be a misdemeanor and does not demand to be taken before a magistrate, such person may, instead of being taken before a magistrate, be released according to the procedures set forth by this chapter. If the arresting officer or his superior determines that the person should be released, such officer or superior shall prepare in duplicate a written notice to appear in court, containing the name and address of such person, the offense charged, and the time and place where and when such person shall appear in court. If the person is not released prior to being booked and the officer in charge of the booking or his superior determines that the person should be released, such officer or superior shall prepare such written notice to appear in a court.

(b) Unless waived by the person, the time specified in the notice to appear must be at least 10 days after arrest.

(c) The place specified in the notice shall be the court of the magistrate before whom the person would be taken if the requirement of taking an arrested person before a magistrate were complied with, or shall be an officer authorized by such court to receive a deposit of bail.

(d) The officer shall deliver one copy of the notice to appear to the arrested person, and the arrested person, in order to secure release, must give his written promise so to appear in court by signing the duplicate notice which shall be retained by the officer. Thereupon the arresting officer shall forthwith release the person

arrested from custody.

(e) The officer shall, as soon as practicable, file the duplicate notice and underlying police reports in support of the charge or charges with the prosecuting attorney. Within 5 days from the time of arrest the prosecutor, within his or her discretion, may initiate prosecution by filing the notice or a formal complaint with the magistrate specified therein. If the prosecution is not to be initiated, the prosecutor shall send notice to the person arrested at the address on the notice to appear. Thereupon the magistrate may fix the amount of bail which in his judgment, in accordance with the provisions of Section 1275 of the Penal Code, will be reasonable and sufficient for the appearance of the defendant and shall indorse upon the notice a statement signed by him in the form set forth in Section 815a of this code. The defendant may, prior to the date upon which he promised to appear in court, deposit with the magistrate the amount of bail thus set. Thereafter, at the time when the case is called for arraignment before the magistrate, if the defendant shall not appear, either in person or by counsel, the magistrate may declare the bail forfeited, and may in his discretion order that no further proceedings shall be had in such case, unless the defendant has been charged with violation of Section 374b or 374e of this code or of Section 11357, 11360, or 13002 of the Health and Safety Code, or a violation punishable under Section 5008.7 of the Public Resources Code, and he has previously been convicted of a violation of such section or punishable under such section, except in cases where the magistrate finds that undue hardship will be imposed upon the defendant by requiring him to appear, the magistrate may declare the bail forfeited and order that no further proceedings shall be had in such case.

Upon the making of such order that no further proceedings be had, all sums deposited as bail shall forthwith be paid into the county treasury for distribution pursuant to Section 1463 of this code.

(f) No warrant shall issue on such charge for the arrest of a person who has given such written promise to appear in court, unless and until he has violated such promise or has failed to deposit bail, to appear for arraignment, trial or judgment, or to comply with the terms and provisions of the judgment, as required by law.

(g) The officer shall indicate on the notice to appear whether he desires the arrested person to be booked as defined in subdivision 21 of Section 7 of this code. In such event, the magistrate shall, before the proceedings are finally concluded, order the defendant to be booked by the arresting agency.

(h) A peace officer may use the written notice to appear procedure set forth in this section for any misdemeanor offense in which the officer has arrested a person pursuant to Section 836 or in which he has taken custody of a person pursuant to Section 847.

(i) If the arrested person is not released pursuant to the provisions of this chapter prior to being booked by the arresting agency, then at the time of booking the arresting officer, the officer in charge of

such booking or his superior officer, or any other person designated by a city or county for this purpose shall make an immediate investigation into the background of the person to determine whether he should be released pursuant to the provisions of this chapter. Such investigation shall include, but need not be limited to, the person's name, address, length of residence at that address, length of residence within this state, marital and family status, employment, length of that employment, prior arrest record, and such other facts relating to the person's arrest which would bear on the question of his release pursuant to the provisions of this chapter.

(j) Whenever any person is arrested by a peace officer for a misdemeanor, other than an offense described in subdivision (b) of Section 11357 or subdivision (c) of Section 11360 of the Health and Safety Code, and is not released with a written notice to appear in court pursuant to this chapter, the arresting officer shall indicate, on a form to be established by his employing law enforcement agency, which of the following was a reason for such nonrelease:

(1) The person arrested was so intoxicated that he could have been a danger to himself or to others.

(2) The person arrested required medical examination or medical care or was otherwise unable to care for his own safety.

(3) The person was arrested for one or more of the offenses listed in Section 40302 of the Vehicle Code.

(4) There were one or more outstanding arrest warrants for the person.

(5) The person could not provide satisfactory evidence of personal identification.

(6) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by immediate release of the person arrested.

(7) There was a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by release of the person arrested.

(8) The person arrested demanded to be taken before a magistrate or refused to sign the notice to appear.

(9) Any other reason, which shall be specifically stated on the form by the arresting officer.

Such form shall be filed with the arresting agency as soon as practicable and shall be made available to any party having custody of the arrested person, subsequent to the arresting officer, and to any person authorized by law to release him for custody before trial.

SEC. 3. Section 853.6a of the Penal Code is amended to read:

853.6a. If the person arrested appears to be under the age of 18 years, and the arrest is for a violation of the Fish and Game Code not declared to be a felony, the notice under Section 853.6 shall instead provide that such person shall appear before the juvenile court, a juvenile court referee, or a juvenile traffic hearing officer within the county in which the offense charged is alleged to have been

committed, and the officer shall instead, as soon as practicable, file the duplicate notice with the prosecuting attorney. Within 48 hours before the date specified on the notice to appear, the prosecutor, within his or her discretion, may initiate prosecution by filing the notice of a formal petition with the clerk of the juvenile court, or the juvenile court referee or juvenile traffic officer, before whom the person is required to appear by the notice.

SEC. 4. Section 853.9 of the Penal Code is amended to read:

853.9. (a) Whenever written notice to appear has been prepared, delivered, and filed by the prosecuting attorney with the court pursuant to the provisions of Section 853.6 of this code, an exact and legible duplicate copy of the notice when filed with the magistrate, in lieu of a verified complaint, shall constitute a complaint to which the defendant may plead "guilty" or "nolo contendere."

If, however, the defendant violates his promise to appear in court, or does not deposit lawful bail, or pleads other than "guilty" or "nolo contendere" to the offense charged, a complaint shall be filed which shall conform to the provisions of this code and which shall be deemed to be an original complaint; and thereafter proceedings shall be had as provided by law, except that a defendant may, by an agreement in writing, subscribed by him and filed with the court, waive the filing of a verified complaint and elect that the prosecution may proceed upon a written notice to appear.

(b) Notwithstanding the provisions of subdivision (a) of this section, whenever the written notice to appear has been prepared on a form approved by the Judicial Council, an exact and legible duplicate copy of the notice when filed with the magistrate shall constitute a complaint to which the defendant may enter a plea and, if the notice to appear is verified, upon which a warrant may be issued. If the notice to appear is not verified, the defendant may, at the time of arraignment, request that a verified complaint be filed.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

*The people of the State of California do enact as follows:*

SECTION 1. Section 395 of the Welfare and Institutions Code is amended to read:

395. A judgment in a proceeding under Section 300 may be appealed from in the same manner as any final judgment, and any subsequent order may be appealed from as from an order after judgment; but no such order or judgment shall be stayed by the appeal, unless, pending the appeal, suitable provision is made for the maintenance, care, and custody of the person alleged or found to come within the provisions of Section 300, and unless the provision is approved by an order of the juvenile court. The appeal shall have precedence over all other cases in the court to which the appeal is taken.

A judgment or subsequent order entered by a referee shall become appealable whenever proceedings pursuant to Section 252, 253, or 254 have become completed or, if proceedings pursuant to Section 252, 253, or 254 are not initiated, when the time for initiating the proceedings has expired.

An appellant unable to afford counsel shall be provided a free copy of the transcript.

SEC. 2. Section 700.1 is added to the Welfare and Institutions Code, to read:

700.1. Any motion to suppress as evidence any tangible or intangible thing obtained as a result of an unlawful search or seizure shall be heard prior to the attachment of jeopardy and shall be heard at least five judicial days after receipt of notice by the people unless the people are willing to waive a portion of this time.

If the court grants a motion to suppress prior to the attachment of jeopardy over the objection of the people, the court shall enter a judgment of dismissal as to all counts of the petition except those counts on which the prosecuting attorney elects to proceed pursuant to Section 701.

If, prior to the attachment of jeopardy, opportunity for this motion did not exist or the person alleged to come within the provisions of the juvenile court law was not aware of the grounds for the motion, that person shall have the right to make this motion during the course of the proceeding under Section 701.

SEC. 3. Section 800 of the Welfare and Institutions Code is amended to read:

800. A judgment in a proceeding under Section 601 or 602, or the denial of a motion made pursuant to Section 262, may be appealed from in the same manner as any final judgment, and any subsequent order may be appealed from as from an order after judgment; but no such order or judgment shall be stayed by the appeal, unless, pending the appeal, suitable provision is made for the maintenance, care, and custody of the person alleged or found to come within the provisions of Section 601 or 602 and unless the provision is approved by an order of the juvenile court. The appeal shall have precedence

over all other cases in the court to which the appeal is taken.

A ruling on a motion to suppress pursuant to Section 700.1 shall be reviewed on appeal even if the judgment is predicated upon an admission of the allegations of the petition or even if the judgment is a dismissal of the petition or any count or counts thereof; however, no appeal by the people shall lie as to any count which, if the people are successful, will be the basis for further proceedings subjecting any person to double jeopardy in violation of the state or federal Constitution.

A judgment or subsequent order entered by a referee shall become appealable whenever proceedings pursuant to Section 252, 253, or 254 have become completed or, if proceedings pursuant to Section 252, 253, or 254 are not initiated, when the time for initiating the proceedings has expired.

An appellant unable to afford counsel shall be provided a free copy of the transcript.

All appeals shall be initiated by the filing of a notice of appeal in conformity with the requirements of Section 1240.1 of the Penal Code.

SEC. 4. Section 800, as added to the Welfare and Institutions Code by Assembly Bill No. 3264 of the 1980 Regular Session, is amended to read:

800. A judgment in a proceeding under Section 601 or 602, or the denial of a motion made pursuant to Section 262, may be appealed from in the same manner as any final judgment, and any subsequent order may be appealed from as from an order after judgment. Pending appeal of the order or judgment, the granting or refusal to order release shall rest in the discretion of the juvenile court. The appeal shall have precedence over all other cases in the court to which the appeal is taken.

A ruling on a motion to suppress pursuant to Section 700.1 shall be reviewed on appeal even if the judgment is predicated upon an admission of the allegations of the petition or even if the judgment is a dismissal of the petition or any count or courts thereof; however, no appeal by the people shall lie as to any count which, if the people are successful, will be the basis for further proceedings subjecting any person to double jeopardy in violation of the state or federal Constitution.

A judgment or subsequent order entered by a referee shall become appealable whenever proceedings pursuant to Section 252, 253, or 254 have become completed or, if proceedings pursuant to Section 252, 253, or 254 are not initiated, when the time for initiating the proceedings has expired.

An appellant unable to afford counsel shall be provided a free copy of the transcript.

All appeals shall be initiated by the filing of notice of appeal in conformity with the requirements of Section 1240.1 of the Penal Code.

SEC. 5. It is the intention of the Legislature that if this bill and

Assembly Bill 3264 are both chaptered and become effective January 1, 1981, this bill amends Section 800 of the Welfare and Institutions Code, Assembly Bill 3264 repeals and adds Section 800 of the Welfare and Institutions Code, and this bill is chaptered after Assembly Bill 3264, that the provisions in both bills affecting Section 800 of the Welfare and Institutions Code be given effect and incorporated in Section 800 in the form set forth in Section 4 of this act. Therefore, Section 4 of this act shall become operative only if this bill and Assembly Bill 3264 are both chaptered and become effective January 1, 1981, this bill amends Section 800 and Assembly Bill 3264 repeals and adds Section 800, and this bill is chaptered after Assembly Bill 3264, in which case Section 3 of this act shall not become operative and Section 800 as added to the Welfare and Institutions Code by Assembly Bill 3264 shall be further amended in the form set forth in Section 4 of this act.

### Article 3.7. Tank Truck and Vacuum Truck Carriers

3591. The transportation of property for compensation over any public highway in this state by any tank truck carrier or vacuum truck carrier is declared to be a highly specialized type of truck transportation service. This article is enacted for the limited purpose of providing necessary regulations for this specialized type of transportation service only, and it is not to be construed for any purpose as a precedent for the extension of such regulations to any other type of transportation.

3591.5. No vacuum truck carrier shall engage in the business of transportation for compensation over any public highway in this state of liquid or semisolid waste or other bulk liquid commodity in any vacuum-type tank truck or trailer unless there is in force a permit issued by the commission authorizing such operation.

3592. No tank truck carrier shall engage in the business of transportation for compensation over any public highway in this state of any liquids, compressed gases, commodities in semiplastic form, or commodities in suspension in liquids in bulk in any tank-type motor vehicle or combination of vehicles unless there is in force a permit issued by the commission authorizing such operation.

3592.5. (a) An application for a permit to operate as a tank truck

carrier or a vacuum truck carrier shall be in writing, verified under oath, and shall be in such form, contain such information, and be accompanied by proof of service upon such interested parties as the commission requires.

(b) Any tank truck carrier or vacuum truck carrier engaged in such business on January 1, 1981, may file with the commission prior to July 1, 1981, an application for a permit to operate as a tank truck or vacuum truck carrier; provided, that in lieu of all other fees required by law, the applicant shall pay a fee of fifty dollars (\$50). If the applicant was operating in good faith as a tank truck or vacuum truck carrier during 1980, and continuously to the date of filing, the commission shall grant a permit to such applicant to operate as a tank truck or vacuum truck carrier statewide, provided such tank truck or vacuum truck carrier applies to the commission for such permit prior to July 1, 1981, and submits adequate proof of such prior operations.

(c) If, in the judgment of the commission, the applicant has satisfied all requirements of this section, it may issue the requested permit without further proceedings; otherwise it may require the applicant to demonstrate compliance at a public hearing.

(d) Between January 1, 1981, and the final determination of such application the continuance of the applicant's operation is lawful. Upon issuance of a permit pursuant to this section, all prior operating authority authorizing transportation included in the provisions of the permit is revoked.

3593. (a) Except as provided in Section 3592.5, any highway carrier desiring a permit to operate as a tank truck or vacuum truck carrier shall file a petition therefor with the commission. The petition shall set forth all of the following:

- (1) The name and address of the applicant.
- (2) The names and addresses of the applicant's officers, if any.
- (3) Full information concerning the financial condition and physical properties of the applicant.
- (4) Such other information necessary to the enforcement of this chapter as the commission may require.

(b) Before a permit is issued, the commission shall require that the applicant establish financial responsibility. The commission may, with or without hearing, issue or refuse to issue the permit. If the commission finds that the applicant possesses the required financial responsibility to perform the operations proposed, it shall issue a permit. The commission may attach to the permit such terms and conditions as, in its judgment, are required to assure protection to persons utilizing the applicant's operations.

(c) No permit shall be issued unless it has been shown that the applicant meets one of the following residence requirements:

- (1) If an individual, the applicant shall have resided in the State of California continuously for not less than 90 days next preceding the filing of the petition.
- (2) If a partnership, the partner having the largest percentage

interest in the partnership shall have resided in the State of California continuously for not less than 90 days next preceding the filing of the petition.

(3) If a corporation, the applicant shall either be a domestic corporation or shall have qualified to transact business in the State of California as a foreign corporation at the time of filing of the petition.

(d) Except as otherwise provided in this chapter, upon compliance by an applicant with the provisions of this section, the commission shall issue a permit.

3593.5. No permit to operate as a tank truck or vacuum truck carrier shall be sold, leased, assigned, transferred, or otherwise encumbered by the holder thereof until such holder files with the commission a written application requesting authority to sell, lease, assign, transfer, or otherwise encumber such operating authority and secures therefrom an order so authorizing. The commission shall authorize the sale, lease, assignment, or transfer of tank truck or vacuum truck carrier operating authority to the extent of the scope and the area of the operation of the holder thereof as determined by the commission, only upon a finding that the transferee meets all criteria for an original applicant, pursuant to this article.

3594. No permit to operate as a tank truck or vacuum truck carrier issued pursuant to Section 3592.5 may be sold, mortgaged, leased, assigned, transferred, or otherwise encumbered for a period of five years after issuance, except to the extent of operations actually conducted in good faith, not including operations as a subhauler.

3594.5. Any operating permit not exercised for a period of one year, inclusive of all periods of suspension, shall lapse and terminate and shall be revoked by the commission. Nonexercise of a permit shall be presumed from nonpayment of the fees required by Chapter 6 (commencing with Section 5001) of Division 2 for four consecutive quarters.

SEC. 25. Article 4 (commencing with Section 3601) of Chapter 1 of Division 2 of the Public Utilities Code is repealed.

SEC. 26. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

Share accounts which were established prior to such suspension or revocation shall be guaranteed as provided in Section 16113 for one year following suspension or revocation.

## Article 3. Operation and Management

16120. (a) The corporation shall have authority to suspend or revoke the right to participate in the corporation by any participating credit union for cause and to submit reports and make recommendations to the commissioner regarding the financial condition of any participating credit union. Such reports and recommendations shall not be public documents. There shall be no liability on the part of, and no cause of action of any nature shall arise against, the corporation or its participating credit unions, directors, officers, employees or agents, or the commissioner or his or her authorized representatives, for any statements made by them in any reports or recommendations made thereunder.

(b) In order to permit the corporation to fulfill its obligations under subdivision (a), upon the written request of the corporation, the commissioner may furnish to the corporation a copy of unaudited

financial statements filed with the commissioner pursuant to Section 14252 or 14253, by a participating credit union in the corporation or of any examination reports of the commissioner which were prepared pursuant to Section 14250 or 14251, and a copy of the commissioner's analysis of such examinations or reports or any portion thereof. There shall be no liability on the part of, and no cause of action of any nature shall arise against the State of California, the commissioner or members of his or her staff or his or her authorized agents or representatives, for the release of any information furnished to the corporation pursuant to this subdivision. Such financial statements and analyses furnished to the corporation pursuant to this subdivision are not public documents, and the information contained therein is privileged and confidential to the corporation for its sole use in carrying out its statutory functions.

(c) The corporation, in order to fulfill its obligations under subdivision (a) may appoint an independent certified public accountant or public accountant to prepare an audit report containing audited financial statements, together with such other information as the corporation, in good faith, requires regarding the financial conditions of any participating credit union or, upon notification to its participating credit union and after notice to the commissioner, the corporation may appoint an investigative committee or hire a specialized employee to investigate the operations of its participating credit union. Costs and expenses for such audit report or special investigation report shall be paid by the corporation.

(d) The corporation, any participating credit union, as an agent of the corporation or of its participating credit unions, or any person who uses information obtained under subdivision (b) or (c) for any purpose not authorized by subdivision (a) is guilty of a misdemeanor.

16121. The corporation may invest or deposit its funds:

(a) In the same manner as credit unions, under Section 14406, 14653, or 14656, with a view to preserving reasonable liquidity.

(b) In United States government securities or United States government agency obligations with a maturity date not exceeding two years from the date of purchase.

(c) In bankers' acceptances that are eligible for rediscount with a federal reserve bank, and are accepted or endorsed without qualification by a bank or trust company with deposits of at least five hundred million dollars (\$500,000,000).

(d) In any other investments approved by the commissioner.

Upon request of the commissioner, the corporation shall furnish an authorization for disclosure to the commissioner of financial records of such funds pursuant to Section 7473 of the Government Code.

16122. Income from investments shall be recorded in an income account and be used to defray expenses of administration. Income from investments that exceeds an amount determined by the board of directors to be adequate to provide for current expenses may be credited to participating credit unions' accounts. Each participating

credit union's account shall receive credit ratably based on the account balance, for the amount of the excess.

16123. Expenses of administration that exceed income from investments at year end shall be charged to participating credit unions' accounts. Each participating credit union's account shall be charged ratably based on the account balance for the amount of the excess.

16124. The corporation shall have authority to borrow funds when necessary to effectuate the provisions of this chapter.

16125. The operation of the corporation shall at all times be subject to the regulation of the commissioner and his or her duly designated representatives may at any time investigate the affairs and examine the books, accounts, records, and files of the corporation. The commissioner and his or her duly designated representatives shall have free access to the offices, books, accounts, papers, records, files, safes, and vaults of the corporation.

16126. Any participating credit union aggrieved by any action or decision of the corporation may appeal to the commissioner within 30 days from the action or decision.

16127. The corporation shall not advertise, print, display, publish, distribute, broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to its participating credit unions or plan of operation except as permitted by the commissioner, in special rules or a separate writing.

16128. No credit union shall advertise, print, display, publish, distribute or broadcast, or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, in any manner any statement or representation with regard to its participation in the corporation except as permitted by the commissioner, in special rules or a separate writing.

16129. In order to permit the corporation to fulfill its obligations under this chapter, the commissioner shall furnish to the corporation a list of all credit unions under his or her supervision and doing business as of the next preceding December 31, not later than April 1, of each year.

#### Article 4. Membership Fees and Assessments

16131. The corporation shall establish and maintain a guarantee fund as follows:

(a) The corporation shall assess, and each credit union shall pay, a fee equal to  $\frac{1}{2}$  of 1 percent of its share capital to become a participating credit union. The corporation shall annually assess, and each participating credit union shall pay, additions to the fee so that the fee of any participating credit union is never less than  $\frac{1}{2}$  of 1 percent of its share capital as shown on its most recent report required by Section 14254. Fees paid under this subdivision, when paid by the individual participating credit union, may be a charge to

its regular reserve or may be established as a prepaid asset to be charged to its regular reserve over a period of five years.

(b) If the total unencumbered amount in the fund (less any unpaid demand made by the commissioner pursuant to Section 16142) on March 15, of any year hereafter is less than 2 percent of the total outstanding shares of all participating credit unions as shown on the most recent report required by Section 14254 then or before May 1, of that year, the corporation shall levy an assessment. Each participating credit union shall be assessed an amount equal to  $\frac{1}{2}$  of 1 percent of its outstanding shares as shown on its most recent report required by Section 14254.

(c) Whenever the total unencumbered amount in the fund, less any then unpaid demand made by the commissioner pursuant to Section 16142, on March 15, of any year hereafter is in excess of 2 percent of the total outstanding shares of all participating credit unions shown on its most recent report required by Section 14254, the corporation shall then credit to its participating credit unions an amount equal to such excesses. Each participating credit union that has a balance in its account equal to 2 percent of its total outstanding shares shall receive a credit in proportion to its account balance in the corporation. Payments currently due and payable pursuant to Section 16142 shall be paid before any credit shall be made pursuant to this subdivision. Such credits may be applied to subsequent assessments, at the election of a participating credit union.

(d) Notwithstanding the provisions of subdivisions (b) and (c), each participating credit union that has not paid assessments in an amount equal to 2 percent of its total outstanding shares as shown on the most recent report required by Section 14254 shall continue to be assessed an amount equal to  $\frac{1}{12}$  of 1 percent of its outstanding shares as shown on its most recent report required by Section 14254.

(e) Notwithstanding the provisions of subdivision (c), the corporation shall withhold any credit to participating credit unions during any period when a participating credit union is in the process of liquidation by the commissioner or the corporation, and it shall further assess participating credit unions during any calendar year in which the fund has been reduced by payment of claims for guaranteed shares provided the aggregate assessments during the year do not exceed the amount provided in subdivision (b).

All assessments pursuant to subdivisions (b), (d) and (e), when paid by a participating credit union, may be charged to its regular reserve.

16132. The corporation shall send a written notice of assessment to each participating credit union assessed within 10 days after the levy of any assessment. Amounts assessed shall be paid to the corporation by each participating credit union assessed not later than 90 days following written notice of assessment.

16133. A report of each levy of assessment shall be made to the commissioner within 10 days after the levy.

16134. In the event any participating credit union fails to pay an

assessment when due, the corporation shall report such default in writing to the commissioner within 24 hours of such default, and shall suspend or revoke the participating credit union's right to participate as provided in subdivision (a) of Section 16120.

16135. Right to participate issued by the corporation shall be nontransferable and shall be exempt from the provisions of the Corporate Securities Law.

16136. Any participating credit union which is voluntarily liquidated under this division, or any participating credit union which withdraws from participation in the corporation and obtains a different form of share guaranty or insurance pursuant to Section 14858, or any participating credit union which merges with another credit union whose shares are guaranteed or insured by a different form of guaranty or insurance pursuant to Section 14858, and such other credit union becomes the surviving credit union, shall receive a refund of its fee in the manner prescribed in the bylaws of the corporation, but shall not receive a refund of any regular or special assessments paid into the fund.

16137. In the event of a merger of two or more participating credit unions, the funds in the account of each such credit union shall be transferred to the account of the surviving credit union.

16138. If the corporation is dissolved, subject to the approval of the commissioner, the net assets after settling all liabilities shall be distributed to the participating credit unions based on their account balances.

#### Article 5. Payments

16141. The commissioner shall give prompt notice to the corporation whenever he or she takes possession of the property and assets of a participating credit union. The commissioner shall give further prompt notice whenever he or she determines to liquidate the property and assets of such participating credit union or that the corporation will be appointed as liquidating agent.

16142. When the property and business of a participating credit union has been liquidated or is in the process of liquidation and the proceeds of liquidation distributed ratably are insufficient to pay the full guaranteed amount of each share account as specified in Section 16113, the commissioner shall direct the corporation to pay and the corporation shall pay each such deficiency at the direction of and in amounts directed by the commissioner within 120 days from the date the commissioner makes demand for payments. If the total funds available from the corporation at such time are insufficient to pay in full the amounts provided by Section 16113, the amounts paid to each credit union member shall be ratably reduced in proportion to the amount by which the fund is deficient, and thereafter further payments shall be made ratably to such members in accordance with the directions of the commissioner as additional funds are paid into the fund from assessments or otherwise. When such guaranteed

amounts are paid, each participating credit union's account shall be reduced ratably based on the account balance for the total amount paid.

16143. (a) When the property and business of a participating credit union is being liquidated the commissioner may direct the corporation to pay and it shall pay any deficiencies up to the maximum guaranteed amount of each share account specified in Section 16113.

(b) When any member's share account is paid in full pursuant to subdivision (a), the corporation shall be subrogated to all rights of the member, up to the amount paid by the corporation to such member. In the event that a share account is in excess of a maximum amount specified in Section 16113, and the corporation has paid the deficiency in full up to the guaranteed amount, the corporation shall first receive ratable liquidation proceeds up to the amount paid by the corporation to a member prior to any payment of liquidation proceeds to the member whose share account was in excess of the guaranteed amount so that in these circumstances all liquidation proceeds after payment of the deficiency by the corporation shall first go to the corporation for the amount of its assigned claim before any payment is made to such member.

16144. The commissioner shall not direct the corporation in any one calendar year to pay any credit union share accounts that exceed in the aggregate the total in the fund after allowance for all amounts to be added to such accounts during such year by assessments as provided in this chapter.

#### Article 6. Authority of the Commissioner

16151. (a) Before the articles of incorporation of the corporation, or any amendments to the articles, are filed with the Secretary of State, a draft of the articles or proposed amendment shall be submitted to the commissioner for approval. Within 10 days after the articles of incorporation or amendments to the articles have been filed with the Secretary of State, a copy of the articles or amendments showing the date of filing with the Secretary of State shall be filed with the commissioner.

(b) Before the bylaws of the corporation, or any amendments to the bylaws, are adopted, a draft of the bylaws or proposed amendment shall be submitted to the commissioner for approval. Within 10 days after the bylaws or amendments to the bylaws are adopted, a copy of the bylaws or amendments showing the date of adoption shall be filed with the commissioner.

16152. Whenever it appears to the commissioner that the corporation has:

- (a) Violated its articles of incorporation or any law of this state;
- (b) Not paid amounts as directed by the commissioner pursuant to Section 16142;
- (c) Invested its funds in violation of Section 16121;

(d) Not levied assessments as required by Sections 16131 and 16132;

(e) Violated any provision of this chapter; or

(f) Neglected or refused to submit its books, papers, and affairs to the inspection of any examiner;

the commissioner may forthwith take possession of the property and business of the corporation and retain possession until the corporation satisfies the commissioner that it will operate in conformity with this chapter. During the time the commissioner has such possession he shall perform the duties and carry out the obligations of the corporation.

16153. Whenever the commissioner has taken possession of the property and business of the corporation, if it deems itself aggrieved thereby, the corporation may, within 10 days after such taking, apply to the superior court in the county in which the head office of the corporation is located to enjoin further proceedings. The court, after citing the commissioner to show cause why further proceedings should not be enjoined, and after a hearing and a determination of the facts upon the merits, may dismiss such application or enjoin the commissioner from further proceedings and direct him to surrender the property and business to the corporation, or make such further order as may be just.

16154. An appeal may be taken from the judgment of the court by the commissioner or by the corporation in the manner provided by law for appeals from the judgment of a superior court. An appeal from the judgment of the court shall not operate as a stay of the judgment unless the court, on good cause, so orders. No bond need be given if an appeal is taken by the commissioner but if the appeal is taken by the corporation a bond shall be given as required by Sections 917.2 and 917.5 of the Code of Civil Procedure as condition to any stay.

SEC. 4. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

## CHAPTER 1098

An act to amend Sections 155.20, 2612, and 2621 of the Revenue and Taxation Code, and to amend Section 2 of Chapter 49 of the Statutes of 1979, relating to taxation.

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 155.20 of the Revenue and Taxation Code is amended to read:

**155.20.** On or before February 14 of each year, a county board of supervisors may exempt from property tax for the next succeeding fiscal year all real property with a base year value (as determined pursuant to Chapter 1 (commencing with Section 50) of Part 0.5 of Division 1) and personal property with a full value so low that, if not exempt, the total taxes, special assessments and applicable subventions on the property would amount to less than the cost of assessing and collecting them.

The board shall have no authority to exempt property with a base year value or full value of more than one thousand five hundred dollars (\$1,500).

In determining the level of the exemption, the board of supervisors shall determine at what level of exemption the costs of assessing the property and collecting taxes, assessments and subventions on such property exceeds the proceeds to be collected. The board shall establish the exemption level uniformly for classes of property. In making this determination, the board may consider the total taxes, special assessments and applicable subventions for the year of assessment only or for the year of assessment and succeeding years where cumulative revenues will not exceed the cost of assessments and collections.

This section does not apply to those real or personal properties enumerated in Section 52.

**SEC. 2.** Section 2 of Chapter 49 of the Statutes of 1979, as amended by Chapter 1188 of the Statutes of 1979, is amended to read:

**Sec. 2.** (a) Section 1 of this act shall be applied to the 1978-79 fiscal year and fiscal years thereafter.

(b) Except as otherwise provided in this subdivision, if the value of any property is reduced pursuant to Section 110.1 of the Revenue and Taxation Code, the reduced taxes resulting therefrom shall be refunded or shall be reflected in a corresponding reduction in the next succeeding tax installment or installments for such property in the 1979-80 fiscal year unless there was a change in the owner or owners of record between July 1, 1978, and June 30, 1979, in which case a refund of such reduced taxes shall be prorated between such owners of record in proportion to the time they owned the property during the fiscal year. In the event that the current address of a former owner of record of such property entitled to share in any such refund is not known to the county, that portion of such refund shall be withheld by the county and the owner may claim a refund from the county at any time prior to July 1, 1980. No reduction or refund shall be given pursuant to this subdivision of any amount previously levied to pay the interest and redemption charges on any indebtedness approved by the voters prior to July 1, 1978.

Interest may be paid on refunds made pursuant to this section, at the rate and in the manner specified in Section 5151 of the Revenue and Taxation Code.

SEC. 3. Section 2612 of the Revenue and Taxation Code is amended to read:

2612. On the tax bill for tax-sold property shall appear in writing the fact that it has been sold for delinquent taxes. In the alternative, the tax bill may contain language such as "prior year taxes delinquent," "unpaid prior year taxes jeopardize property," or any other language which would indicate the fact that the property is in jeopardy as a result of delinquent prior year taxes.

SEC. 4. Section 2621 of the Revenue and Taxation Code is amended to read:

2621. After the second half of taxes on property is delinquent, the tax collector shall collect a cost of five dollars (\$5) for preparing the delinquent roll and published delinquent list on separate valuation on the secured roll of:

- (a) Real property, except possessory interest.
- (b) Possessory interests.

(c) Personal property cross-secured to real property. The cost shall be collected even though the property appears on the roll due to a special assessment and no valuation of the property is given.

SEC. 5. The Legislature finds and declares that the limitation on the rate of property taxation imposed by Article XIII A of the California Constitution has caused the costs of assessment and collection to exceed the revenues received from property taxes imposed on property with a value of one thousand five hundred dollars (\$1,500) or less.

SEC. 5.5. Section 4 of this act shall apply to fiscal year 1981-82 and fiscal years thereafter.

SEC. 6. Notwithstanding Section 2229 of the Revenue and Taxation Code, no local agency or school district shall receive reimbursement for any property tax revenues loss pursuant to this act, because the provisions of this act are optional and the exemption provided for in Section 1 of this act is by definition at a level which offsets costs of an equal amount which would otherwise occur.

## CHAPTER 1099

An act to amend Section 776 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 776 of the Public Utilities Code is amended to read:

776. (a) Except as provided by subdivision (b), the commission may permit a telephone corporation to assess a separate charge for provision of telephone numbers by operators, over and above what

is included in the monthly service charge, when a residential or business subscriber places more than 20 requests for telephone numbers during the monthly billing cycle period of the subscriber's account.

(b) No charge authorized under subdivision (a) shall be assessed the account of a subscriber to residential telephone service when the subscriber or any person residing in the subscriber's household and using the telephone service is visually impaired or physically disabled. For purposes of this subdivision, "competent authority" includes a physician and surgeon, optometrist, or any person authorized for this purpose by the commission. A telephone corporation shall grant the exemption from such charge pursuant to this subdivision upon receipt of a completed and signed application for exemption on a form furnished by the corporation or, in the alternative, a letter prepared and signed by the competent authority to substantially the same effect.

(c) The commission shall develop and implement a plan for exemption from any charge authorized under subdivision (a), for persons who are visually impaired or physically disabled as specified in subdivision (b), at the places of employment of such persons that is applicable to the use of a telephone in the course or scope of employment. The commission may direct that the exemption shall be applicable to the use of a telephone by such person rather than applicable to the account of the place of employment.

(d) Whenever such separate charge is put into effect pursuant to subdivision (a), any use of a recorded announcement before the operator's response to a request for a telephone number shall be discontinued.

(e) After January 1, 1983, the commission shall review the results of any charging plan put into effect by telephone corporations pursuant to subdivision (a) of this section and by April 1, 1983, shall provide a determination and order concerning telephone corporation directory assistance programs.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1241 of the Water Code is amended to read:  
1241. When the person entitled to the use of water fails to use beneficially all or any part of the water claimed by him, for which a right of use has vested, for the purpose for which it was appropriated or adjudicated, for a period of five years, such unused water may revert to the public and shall, if reverted, be regarded as

unappropriated public water. Such reversion shall occur upon a finding by the board following notice to the permittee and a public hearing if requested by the permittee.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the water rights of persons who have reduced water consumption as a result of water conservation practices and who face the possible loss of water rights, and in order to encourage water conservation, it is necessary that the provisions of this act take effect immediately.

*The people of the State of California do enact as follows:*

SECTION 1. Section 5024 is added to the Public Resources Code, to read:

5024. The State Historic Preservation Officer shall provide such agencies with advice and assistance as needed.

(b) On or before July 1, 1983, each state agency shall submit to the State Historic Preservation Officer an inventory of all state-owned structures over 50 years of age under its jurisdiction listed in or which may be eligible for inclusion in the National Register of Historic Places or registered or which may be eligible for registration as a state historical landmark. State-owned structures in freeway rights-of-way shall be inventoried before approval of any undertaking which would alter their original or significant features or fabric, or transfer, relocate or demolish those structures.

(c) The State Historic Preservation Officer, with the advice of the State Historical Resources Commission, shall establish standards, after consultation with agencies to be affected, for the submittal of inventories and development of policies for the review of historical resources identified pursuant to this section. These review procedures shall permit the State Historic Preservation Officer to determine which historical resources identified in inventories meet National Register of Historic Places and state historical landmark criteria and shall be placed in the master list of historical resources.

(d) The State Historic Preservation Officer shall maintain a master list comprised of all inventoried structures submitted and determined significant pursuant to this section and all state-owned historical resources currently listed in the National Register of Historic Places or registered as a state historical landmark under state agency jurisdiction. The State Historic Preservation Officer shall inform agencies with historical resources on the master list of current sources of funding for preservation activities, including rehabilitation and restoration.

(h) As used in this section and Section 5024.5, "structure" means an immovable work constructed by man having interrelated parts in a definite pattern of organization and used to shelter or promote a form of human activity and which constitutes an historical resource.

SEC. 2. Section 5024.5 is added to the Public Resources Code, to read:

5024.5. (a) No state agency shall alter the original or significant historical features or fabric, or transfer, relocate, or demolish historical resources on the master list maintained pursuant to subdivision (d) of Section 5024 without, early in the planning processes, first giving notice and a summary of the proposed action to the State Historic Preservation Officer who shall have 30 days after receipt of the notice and summary for review and comment.

(b) If the State Historic Preservation Officer determines that a proposed action will have an adverse effect on a listed historical resource, the head of the state agency having jurisdiction over the historical resource and the State Historic Preservation Officer shall adopt prudent and feasible measures that will eliminate or mitigate the adverse effects. The State Historical Building Code Advisory Board shall be consulted by the State Historic Preservation Officer for advice when appropriate.

(c) Each state agency shall maintain written documentation of State Historic Preservation Officer concurrence with proposed actions which would have an effect on an historical resource on the master list.

(d) The State Historic Preservation Officer shall report to the Office of Planning and Research for mediation instances of state agency refusal to propose, to consider, or to adopt prudent and feasible alternatives to eliminate or mitigate adverse effects on

historical resources on the master list as specified in subdivision (f) of Section 5024.

(e) The State Historic Preservation Officer may monitor the implementation of proposed actions of any state agency.

(f) Until such time as a structure is evaluated for possible inclusion in the inventory pursuant to subdivisions (b) and (c) of Section 5024, state agencies shall assure that any structure which might qualify for listing is not inadvertently transferred or unnecessarily altered.

(g) The State Historic Preservation Officer may provide local governments with information on methods to preserve their historical resources.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 7504 of the Government Code is amended to read:

**7504.** (a) All state and local public retirement systems shall, not less than triennially, secure the services of an enrolled actuary. An enrolled actuary, for the purposes of this section, means an actuary enrolled under subtitle C of Title III of the Employee Retirement Income Security Act of 1974 and who has demonstrated experience in public retirement systems. The actuary shall perform a valuation of the system utilizing actuarial assumptions and techniques established by the agency which are, in the aggregate, reasonably related to the experience and the actuary's best estimate of anticipated experience under the system. Any differences between the actuarial assumptions and techniques used by the actuary which differ significantly from those established by the agency shall be disclosed in the actuary's report and the effect of such differences on the actuary's statement of costs and obligations shall be shown.

(b) All state and local public retirement systems shall secure the services of a qualified person to perform an attest audit of the system's financial statements. A qualified person means any of the following:

(4) A county auditor in any county having a pension trust and retirement plan established pursuant to Section 53216.

(c) All state and local public retirement systems shall submit audited financial statements to the State Controller within six months of the close of each fiscal year. However, the State Controller may delay the filing date for reports due in the first year until such time as report forms have been developed which, in his judgment, will satisfy the requirements of this section. The financial statements shall be prepared in accordance with generally accepted accounting principles in the form and manner prescribed by the State Controller. The penalty prescribed in Section 53895 shall be invoked for failure to comply with this section. Upon a satisfactory showing of good cause, the State Controller may waive the penalty for late filing provided by this subdivision.

(d) The State Controller shall compile and publish a report annually on the financial condition of all state and local public retirement systems containing, but not limited to, the data required in Section 7502.

SEC. 2. Section 20023.1 of the Government Code is amended to read:

20023.1. The average monthly salary during any period of service as a member of a county retirement system established under the County Employees Retirement Law of 1937 shall be considered compensation earnable by a member of this system for purposes of computing final compensation for such member provided:

(1) Entry into employment in which he became a member in one system occurred on or after October 1, 1957, and within 90 days of discontinuance of employment as a member of the other system.

This subdivision shall not deny the benefit of this section to any person retiring after October 1, 1963, who entered such membership prior to October 1, 1957, if he entered the employment in which he became a member within 90 days of termination of employment in which he was a member of the other system, and he became a member within seven months of entry into such employment, or, if an employee of a district as defined in Section 31468, became a member at the time the district was included in a county retirement system established under the County Employees Retirement Law of 1937.

SEC. 4. Section 20101 of the Government Code is repealed.

SEC. 5. Section 20101 is added to the Government Code, to read:

20101. The term of office of members of the board is four years expiring on January 15th in the order heretofore fixed by law.

The board shall hold special elections to fill vacancies which occur during the term of elected members of the board. If at the time a vacancy occurs, the unexpired term is less than two years, the new member elected to fill such vacancy shall hold office for a period equal to the remainder of the term of the vacated office plus four years.

The Governor shall fill a vacancy of a member appointed pursuant to subdivision (c) of Section 20100 by the appointment of a person having the requisite qualifications for the remainder of the vacated term of office.

SEC. 6. Section 20102 of the Government Code is amended to read:

(a) Immediate written notice to the board of the change in status of any member resulting from transfer, promotion, leave of absence, resignation, reinstatement, dismissal, or death.

(b) Such additional information concerning any such member as the board may require in the administration of this system.

(c) Such services of its officers and departments as the board may request in connection with claims by such members against this system.

SEC. 11. Section 20162 of the Government Code is repealed.

SEC. 12. Section 20393 of the Government Code is amended to read:

20393. Notwithstanding any other provision of this part, a member who is credited with five or more years of service shall have the right to elect, not later than 90 days after the date upon which notice of such right is mailed by this system to the member's latest address on file in the office of this system, whether to leave such accumulated contributions on deposit in the retirement fund.

A member who is credited with less than five years of service and who enters employment as a member of a public retirement system supported, in whole or in part, by state funds, including the University of California Retirement System, or as a member of a retirement system established under the County Employees Retirement Law of 1937, within six months of leaving state service, shall have the right to elect to leave such accumulated contributions on deposit in the retirement fund. Failure to make such election shall be deemed an irrevocable election to withdraw such accumulated contributions.

An election to allow accumulated contributions to remain in the retirement fund may be revoked by the member at any time, except while the member is employed in state service in a position in which the member is not excluded from membership with respect to such service or while the member is in service as a member of a public retirement system supported, in whole or in part, by state funds, including the University of California Retirement System, or as a member of a retirement system established under the County Employees Retirement Law of 1937, within six months after discontinuing state service. All contributions accumulated up to the time of revocation may then be withdrawn. A member whose membership continues under this section is subject to the same age and disability requirements as apply to other members for service or for disability retirement. After the qualification of such member for retirement by reason of age, which shall be the lowest age applicable to any membership category in which the member has credited service, or disability, the member shall be entitled to receive a retirement allowance based upon the amount of the member's accumulated contributions and service standing to the member's

credit at the time of retirement and on the employer contributions held for the member and calculated in the same manner as for other members, except that the provisions in this part for minimum service and disability retirement allowances shall not apply to the member, unless the member meets such minimum service requirements. If a basic death benefit becomes payable under Article 5 (commencing with Section 21360) of Chapter 9 of this part because of death before retirement of such a member, the average annual compensation earnable in the year preceding the date of termination of such service, rather than in the year preceding death, shall be used in computing such benefit under such Article 5 of Chapter 9.

The provisions of this section, as it read prior to June 21, 1971, shall continue with respect to a member whose membership continued under this section on such date.

SEC. 13. Section 20652 of the Government Code is amended to read:

20652. If the state service or membership herein of a member is discontinued, except by death on account of which a basic, a limited, or a special death benefit is payable or by retirement, he shall, upon his request, be paid his accumulated contributions, except that, if he is credited with less than five years of state service and, in the opinion of the board, is permanently separated from state service by reason of such discontinuance, he shall be paid his accumulated contributions.

SEC. 14. Section 21021.5 of the Government Code is amended to read:

21021.5. A member whose membership continues under Section 20393 shall be retired for disability and receive a retirement allowance based on the service credited to him at time of retirement during any period in which he receives a disability retirement allowance under a retirement system established under the County Employees Retirement Law of 1937, subject to the following conditions:

(1) That such allowance shall not be paid if entry into employment resulting in membership of the county system occurred prior to October 1, 1957, or after more than 90 days of discontinuance of state service.

(2) That such allowance shall not exceed an amount which, when added to the allowance paid under the other system, equals the allowance which would be paid if the member's state service were credited under such other system where retirement is for disability not arising out of or in the course of employment subject to such other system; provided, however, that the allowance shall in any event be no less than an annuity which is the actuarial equivalent of member's contributions.

(3) That such allowance shall be an annuity which is the actuarial equivalent of accumulated contributions where retirement under the other system is for disability arising out of and in the course of employment subject to the other system.

SEC. 15. Section 21200.1 of the Government Code is amended to read:

21200.1. Retirement shall be effective and the retirement allowance shall begin to accrue as of the date designated in the member's application as the effective date of retirement, or upon the day following the last day for which salary is payable if that day postdates the day designated by the person as the effective date or if the member has not designated an effective date. In no event shall the retirement become effective or the retirement allowance begin to accrue earlier than the first day of the month in which the member's application is received at an office of the board or by an employee of the system designated by the board, or, if the member has been incompetent to act on his own behalf continuously from the last day for which salary was payable, one year prior to the month in which an application by the guardian of his estate is so received. An application for retirement may only be filed by or for a member who is living on the date the application is actually received by this system.

SEC. 16. Section 21263 of the Government Code is amended to read:

21263. Upon the death of a patrol or state safety member whose retirement for service or disability is effective on or after the operative date of this section, a monthly allowance derived from employer contributions equal to a percentage of the amount of his retirement allowance as it was at his death based on service credited to him as a member subject to this section, but excluding any portion of the retirement allowance derived from additional contributions of the member, shall be paid to the surviving spouse throughout life or until remarriage. Such percentage shall be 25 percent for an allowance based on service for which the allowance is reduced because the service was also covered under the federal system and 50 percent for an allowance based on any other service. If there is no surviving spouse, or upon death or remarriage of such spouse before every child of the deceased member attains the age of 18, such allowance shall be paid to his child or children under such age, collectively, until every such child dies or attains such age; provided, that no child shall receive any allowance after marrying or attaining such age. If, at the time of the retired member's death, there is no surviving spouse or children under age 18, the allowance shall be paid to a parent or collectively to parents of the deceased member dependent upon him for support. If, at the effective date of his retirement, the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his retirement and ending on the date of his death.

A natural parent of surviving children eligible to receive an

allowance payable under this section shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for such children.

SEC. 17. Section 21263.4 of the Government Code is amended to read:

21263.4. Upon the death, after the effective date of retirement, of a state miscellaneous member none of whose service rendered in state employment has been included in the federal system and whose retirement is effective on or after July 1, 1974, a monthly allowance derived from employer contributions equal to 50 percent of the amount of his retirement allowance as it was at his death and based on service credited to him as a member subject to this section, but excluding any portion of the retirement allowance derived from additional contribution of the member, shall be paid to the surviving spouse throughout life or until remarriage. If there is no surviving spouse, or upon death or remarriage of such spouse before every child of the deceased member attains the age of 18, such allowance shall be paid to his child or children under such age, collectively, until every such child dies or attains such age; provided, that no child shall receive any allowance after marrying or attaining such age. If, at the time of the retired person's death, there is no surviving spouse or children under age 18, the allowance shall be paid to a parent or collectively to parents of the deceased member dependent upon him for support. If, at the effective date of retirement, there is a person who will be eligible if such person survives, the member's election of an optional settlement, other than optional settlement one, shall apply only to a portion of his allowance as provided in Section 21330 with respect to allowances under Section 21263. If, at the effective date of his retirement, the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his retirement and ending on the date of his death.

Notwithstanding Section 20019.1 making provisions applicable to state miscellaneous members applicable to school members, this section shall not apply to school members.

A natural parent of surviving children eligible to receive an allowance payable under this section shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for such children.

SEC. 18. Section 21263.5 of the Government Code is amended to read:

21263.5. Upon death after the effective date of retirement of a state miscellaneous member some of whose service rendered in state employment has been included in the federal system and whose retirement is effective on or after July 1, 1975, a monthly allowance, derived from employer contributions, equal to a percentage of the

amount of his retirement allowance as it was at his death based on service credited to him as a member subject to this section, but excluding any portion of the retirement allowance derived from additional contributions, shall be paid to the surviving spouse throughout life or until remarriage. Such percentage shall be 25 percent for an allowance based on service for which the allowance is reduced because the service was also covered under the federal system and 50 percent for an allowance based on any other service. If there is no surviving spouse, or upon death or remarriage of such spouse before every child of the deceased member attains the age of 18, such allowance shall be paid to the retired person's child or children under such age, collectively, until every such child dies or attains such age; provided, that no child shall receive any allowance after marrying or attaining such age. If, at the time of the retired person's death, there is no surviving spouse or children under age 18, the allowance shall be paid to a parent or collectively to parents of the deceased member dependent upon him for support. If, at the effective date of retirement, there is a person who will be eligible if such person survives, the member's election of an optional settlement, other than optional settlement one, shall apply only to a portion of the allowance as provided in Section 21330 with respect to allowances under Section 21263. If, at the effective date of his retirement, the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his retirement and ending on the date of his death.

Notwithstanding Section 20019.1, this section shall not apply to school members.

A natural parent of surviving children eligible to receive an allowance payable under this section shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for such children.

SEC. 19. Section 21360 of the Government Code is amended to read:

21360. This system is liable for either the basic or special death benefit upon the death of a member (a) before the effective date of retirement, and (1) while in state service, or (2) while absent on military service and who makes contributions under Section 20891 or 20891.1 or for whom contributions will be made under Section 20894.5, or (3) within four months after discontinuance of state service, or while on an approved leave of absence, or (4) while physically or mentally incapacitated for the performance of duty, if such incapacity has been continuous from discontinuance of state service, or (5) while employed as a member of a retirement system established under the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division

4 of Title 3); provided, such employment resulting in membership was begun on or after October 1, 1957, and within 90 days of discontinuance of state service, or (b) on or after the effective date of retirement and before the mailing of a retirement allowance warrant and either within four months of discontinuance of state service or while physically or mentally incapacitated for the performance of duty if such incapacity has been continuous from discontinuance of state service and providing all of the following conditions exist: (1) the retirement of the member was not compulsory under Article 2 (commencing with Section 20980) of Chapter 8, and (2) he has not elected optional settlement 2 or 3 or an optional settlement 4 involving payment of an allowance throughout the life of a beneficiary under Article 4 (commencing with Section 21330) of Chapter 9, and (3) a partially continued allowance under Sections 21263 to 21263.6, inclusive, is not payable. Upon the death of a member before the effective date of his retirement or, with respect to (1) any member whose retirement was not compulsory under Article 2 (commencing with Section 20980) of Chapter 8, and (2) any member who has not elected optional settlement 2 or 3 or an optional settlement 4 involving payment of an allowance throughout the life of a beneficiary under Article 4 (commencing with Section 21330) of Chapter 9, on or after such effective date and before the mailing of a retirement allowance warrant, under circumstances in which this system is not so liable for either the basic or special death benefit and a partially continued allowance under Sections 21263 to 21263.6, inclusive, is not payable, this system is liable for a limited death benefit which consists only of the accumulated contributions of the member payable to his beneficiary or to his estate.

Liability imposed on the system with respect to the death of a member while on approved leave of absence by amendment to this section enacted during the 1965 Regular Session shall extend to death of members occurring on or after July 1, 1964, and to any benefit for which there would have been liability with respect to such death had such amendment been effective on that date.

SEC. 20. Section 21363.5 of the Government Code is amended to read:

21363.5. The special death benefit payable with respect to a member who at death prior to March 7, 1973, was a warden, forestry, harbor police, or law enforcement member shall be continued in accordance with the provisions of this part as they read and applied to such benefit on the day preceding that date.

A natural parent of surviving children eligible to receive an allowance payable under this section shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for such children.

SEC. 21. Section 21363.6 of the Government Code is amended to read:

21363.6. The special death benefit is also payable if the deceased

was the Administrator of the Youth and Adult Corrections Agency, or was a state member appointed by the Administrator of the Youth and Adult Corrections Agency, the Youth Authority, the Board of Trustees of the California Institution for Women or the California Women's Board of Terms and Parole, the Board of Corrections, or was a member of the Board of Corrections or the Youth Authority not already classified as a prison member, provided that his death occurred as a result of misconduct of an inmate of a state prison, correctional school or facility of the Department of Corrections or the Youth Authority, or a parolee therefrom.

The special death benefit provided by this section is not payable unless the death of the member arose out of and was in the course of his official duties and unless there is a survivor who qualifies under subdivision (b) of Section 21364. The Workers' Compensation Appeals Board, using the same procedure as in workers' compensation hearings, shall in disputed cases determine whether the member's death arose out of and in the course of his official duties.

A natural parent of surviving children eligible to receive an allowance payable under this section shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for such children.

SEC. 22. Section 21364 of the Government Code is amended to read:

21364. The special death benefit consists of:

(a) An amount equal to and derived from the same source as the basic death benefit exclusive of the contributions from which the annuity provided under subdivision (c) of this section is paid; and

(b) An amount sufficient, when added to the amount provided under subdivision (a) of this section, to provide, when applied according to tables adopted by the board, a monthly death allowance, equal to one-half of his or her final compensation in the membership category applicable to him or her at the time of the injury or the onset of the disease causing death, payable to the surviving spouse to whom he or she was married prior to sustaining the injury or disease resulting in death, as long as such spouse lives or until his or her remarriage; or, if there is no surviving spouse or if such spouse dies or remarries before all children of the deceased member attain age 18, to his or her children under 18 collectively until every child shall have died, married, or attained age 18; provided, that no child shall receive any part of the allowance after marrying or attaining age 18. During the lifetime of the surviving spouse or until such spouse remarries, an additional percentage of the death benefit allowed by this section, exclusive of the annuity under subdivision (c), shall be paid to such spouse of a member who is killed in the performance of his or her duty or who dies as a result of an accident or an injury caused by external violence or physical force, incurred in the performance of his or her duty, for each of his or her children during the lifetime of the child, or until the child

marries or reaches the age of 18, as follows: for one child, 25 percent; for two children, 40 percent; and for three or more children, 50 percent; and

(c) An annuity which is the actuarial equivalent, assuming monthly payments for life to the surviving spouse, of the deceased's accumulated additional contributions at the date of his or her death, plus his or her accumulated contributions at that date based on compensation earned in any membership category other than the category applicable to him or her at the time of the injury or the onset of the disease causing death.

In the event the surviving spouse does not have custody of the member's children, the additional amount payable pursuant to this section shall be payable to the person having custody of the children for each child during the lifetime of the child, or until the child marries or reaches the age of 18.

The computation for time prior to entering the membership category applicable to the deceased at the time of the injury or the onset of the disease causing death shall be based on the compensation earnable by him or her in the position first held by him or her in that category.

"Spouse," for purposes of this section, means a wife or husband.

A natural parent of surviving children eligible to receive an allowance payable under this section shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for such children.

(d) On and after October 1, 1965, the provisions of this section shall apply to all contracting agencies and to the employees of all contracting agencies whether or not such agencies have previously elected to be subject to the provisions of this section.

Any child whose eligibility for an allowance pursuant to this section, commenced on or after October 1, 1965, shall lose that eligibility effective on the date of his adoption.

SEC. 23. Section 21382.3 is added to the Government Code, to read:

21382.3. A natural parent of surviving children eligible to receive an allowance payable under this article shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for such children.

person was cited to appear before a probation officer or was taken before a probation officer pursuant to Section 307 or was taken before any officer of a law enforcement agency, or, in any case, at any time after the person has reached the age of 18 years, petition the court for sealing of the records, including records of arrest, relating to the person's case, in the custody of the juvenile court and probation officer and any other agencies, including law enforcement agencies, and public officials as petitioner alleges, in his petition, to have custody of such records. The court shall notify the district attorney of the county and the county probation officer, if he is not the petitioner of the petition, and such district attorney or probation officer or any of their deputies or any other person having relevant evidence may testify at the hearing on the petition. If, after hearing, the court finds that since such termination of jurisdiction or action pursuant to Section 307, as the case may be, he has not been convicted of a felony or of any misdemeanor involving moral turpitude and that rehabilitation has been attained to the satisfaction of the court, it shall order sealed all records, papers, and exhibits in the person's case in the custody of the juvenile court, including the juvenile court record, minute book entries, and entries on dockets, and other records relating to the case in the custody of such other agencies and officials as are named in the order. Thereafter, the proceedings in such case shall be deemed never to have occurred, and the person may properly reply accordingly to any inquiry about the events, records of which are ordered sealed. The court shall send a copy of the order to each agency and official named therein directing the agency to seal its records and five years thereafter to destroy the sealed records. Each such agency and official shall seal records in its custody as directed by the order, shall advise the court of its compliance, and thereupon shall seal the copy of the court's order for sealing of records that it or he received. The person who is the subject of records sealed pursuant to this section may petition the superior court to permit inspection of the records by persons named in the petition, and the superior court may so order. Otherwise, except as provided in subdivision (b), such records shall not be open to inspection.

(b) In any action or proceeding based upon defamation, a court, upon a showing of good cause, may order any records sealed under this section to be opened and admitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person who is authorized by the court to inspect them. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

(c) Five years after a juvenile court record has been sealed, the court shall order the destruction of the sealed juvenile court record unless for good cause the court determines that the juvenile court record shall be retained. Any other agency in possession of sealed records shall destroy their records five years after the records were

ordered sealed.

SEC. 2. Section 781 of the Welfare and Institutions Code is amended to read:

781. The court shall notify the district attorney of the county and the county probation officer, if he is not the petitioner of the petition, and such district attorney or probation officer or any of their deputies or any other person having relevant evidence may testify at the hearing on the petition. If, after hearing, the court finds that since such termination of jurisdiction or action pursuant to Section 626, as the case may be, he has not been convicted of a felony or of any misdemeanor involving moral turpitude and that rehabilitation has been attained to the satisfaction of the court, it shall order sealed all records, papers, and exhibits in the person's case in the custody of the juvenile court, including the juvenile court record, minute book entries, and entries on dockets, and other records relating to the case in the custody of such other agencies and officials as are named in the order. Thereafter, the proceedings in such case shall be deemed never to have occurred, and the person may properly reply accordingly to any inquiry about the events, records of which are ordered sealed. The court shall send a copy of the order to each agency and official named therein directing the agency to seal its records and five years thereafter to destroy the sealed records. Each such agency and official shall seal records in its custody as directed by the order, shall advise the court of its compliance, and thereupon shall seal the copy of the court's order for sealing of records that it or he received. The person who is the subject of records sealed pursuant to this section may petition the superior court to permit inspection of the records by persons named in the petition, and the superior court may so order. Otherwise, except as provided in subdivision (b), such records shall not be open to inspection.

(b) In any action or proceeding based upon defamation, a court, upon a showing of good cause, may order any records sealed under

this section to be opened and admitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person who is authorized by the court to inspect them. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

(c) When the person who is the subject of the juvenile court records sealed pursuant to this section reaches the age of 38, the court shall order the destruction of the sealed juvenile court record unless for good cause the court determines that the juvenile court record shall be retained. Any other agency in possession of sealed records shall destroy their records when the person who is the subject of the particular record reaches the age of 38.

SEC. 2.5. Section 781 of the Welfare and Institutions Code is amended to read:

781. (a) In any case in which a petition has been filed with a juvenile court to commence proceedings to adjudge a person a ward of the court, in any case in which a person is cited to appear before a probation officer or is taken before a probation officer pursuant to Section 626, or in any case in which a minor is taken before any officer of a law enforcement agency, the person or the county probation officer may, five years or more after the jurisdiction of the juvenile court has terminated as to the person, or, in a case in which no petition is filed, five years or more after the person was cited to appear before a probation officer or was taken before a probation officer pursuant to Section 626 or was taken before any officer of a law enforcement agency, or, in any case, at any time after the person has reached the age of 18 years, petition the court for sealing of the records, including records of arrest, relating to the person's case, in the custody of the juvenile court and probation officer and any other agencies, including law enforcement agencies, and public officials as petitioner alleges, in his petition, to have custody of such records. The court shall notify the district attorney of the county and the county probation officer, if he is not the petitioner of the petition, and such district attorney or probation officer or any of their deputies or any other person having relevant evidence may testify at the hearing on the petition. If, after hearing, the court finds that since such termination of jurisdiction or action pursuant to Section 626, as the case may be, he has not been convicted of a felony or of any misdemeanor involving moral turpitude and that rehabilitation has been attained to the satisfaction of the court, it shall order sealed all records, papers, and exhibits in the person's case in the custody of the juvenile court, including the juvenile court record, minute book entries, and entries on dockets, and other records relating to the case in the custody of such other agencies and officials as are named in the order. Thereafter, the proceedings in such case shall be deemed never to have occurred, and the person may properly reply accordingly to any inquiry about the events, records of which are ordered sealed. The court shall send a copy of the order to each

agency and official named therein, directing the agency to seal its records and five years thereafter to destroy the sealed records. Each such agency and official shall seal records in its custody as directed by the order, shall advise the court of its compliance, and thereupon shall seal the copy of the court's order for sealing of records that it or he received. The person who is the subject of records sealed pursuant to this section may petition the superior court to permit inspection of the records by persons named in the petition, and the superior court may so order. Otherwise, except as provided in subdivision (b), such records shall not be open to inspection.

(b) In any action or proceeding based upon defamation, a court, upon a showing of good cause, may order any records sealed under this section to be opened and admitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person who is authorized by the court to inspect them. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

(c) When the person who is the subject of the juvenile court records sealed pursuant to this section reaches the age of 38, the court shall order the destruction of the sealed juvenile court record unless for good cause the court determines that the juvenile court record shall be retained. Any other agency in possession of sealed records shall destroy their records when the person who is the subject of the particular record reaches the age of 38.

(d) (1) The provisions of subdivision (a) shall not apply to Department of Motor Vehicle records of any convictions for offenses under the Vehicle Code or any local ordinance relating to the operation, stopping and standing, or parking of a vehicle where the record of any such conviction would be a public record under Section 1808 of the Vehicle Code. However, if a court orders a case record containing any such conviction to be sealed under this section, and if the Department of Motor Vehicles maintains a public record of such a conviction, the court shall notify the Department of Motor Vehicles of the sealing and the department shall advise the court of its receipt of the notice.

Notwithstanding any other provision of law, subsequent to such notification, the Department of Motor Vehicles shall allow access to its record of such convictions only to the subject of the record and to insurers which have been granted requester code numbers by the department. Any insurer to which such a record of conviction is disclosed, when such a conviction record has otherwise been sealed under this section, shall be given notice of the sealing when the record is disclosed to the insurer. The insurer may use the information contained in the record for purposes of determining eligibility for insurance and insurance rates for the subject of the record, and the information shall not be used for any other purpose nor shall it be disclosed by an insurer to any person or party not having access to the record.

(2) This subdivision shall not be construed as preventing the sealing of any record which is maintained by any agency or party other than the Department of Motor Vehicles.

(3) This subdivision shall not be construed as affecting the procedures or authority of the Department of Motor Vehicles for purging department records.

SEC. 3. Section 826 of the Welfare and Institutions Code is repealed.

SEC. 4. Section 826 is added to the Welfare and Institutions Code, to read:

826. (a) The juvenile court record, which includes all records and papers, any minute book entries, dockets and judgment dockets, for any person who has reached the age of 38, shall be destroyed by order of the court unless for good cause the court determines that the juvenile record shall be retained, or unless the juvenile court record is released to the person who is the subject of the record pursuant to this section. Any person who is the subject of a juvenile court record may by written notice request the juvenile court to release the court record to his or her custody. Wherever possible, the written notice shall include the person's full name, the person's date of birth, and the juvenile court case number. Any juvenile court receiving the written notice shall release the court record to the person who is the subject of the record five years after the jurisdiction of the juvenile court over the person has terminated, unless for good cause the court determines that the record shall be retained. Exhibits shall be destroyed as provided under Sections 1418, 1418.5, and 1419 of the Penal Code. For the purpose of this section "destroy" means destroy or dispose of for the purpose of destruction. The proceedings in any case in which the juvenile court record is destroyed or released to the person who is the subject of the record pursuant to this section shall be deemed never to have occurred, and the person may reply accordingly to any inquiry about the events in the case.

(b) If an individual whose juvenile court record has been destroyed or released under subdivision (a) discovers that any other agency still retains a record, the individual may file a petition with the court requesting that such records be destroyed. The petition will include the name of the agency and the type of record to be destroyed. The court shall order that such records also be destroyed unless for good cause the court determines to the contrary. The court shall send a copy of the order to each agency and each agency shall destroy records in its custody as directed by the order, and shall advise the court of its compliance. The court shall then destroy the copy of the petition, the order, and the notice of compliance from each agency. Thereafter, the proceedings in such case shall be deemed never to have occurred.

(c) Juvenile court records, which include, all records and papers, any minute book entries, dockets and judgment dockets in juvenile traffic matters may be destroyed after five years from the date on which the jurisdiction of the juvenile court over a minor is

terminated. Prior to such destruction the original record may be microfilmed or photocopied. Every such reproduction shall be deemed and considered an original; and a transcript, exemplification or certified copy of any such reproduction shall be deemed and considered a transcript, exemplification or certified copy, as the case may be, of the original.

SEC. 5. Section 826.5 of the Welfare and Institutions Code is repealed.

SEC. 6. Section 826.5 is added to the Welfare and Institutions Code, to read:

826.5. (a) Notwithstanding the provisions of Section 826, at any time before a person reaches the age of 38, the judge or clerk of the juvenile court or the probation officer may destroy all records and papers, the juvenile court record, any minute book entries, dockets, and judgment dockets in the proceedings concerning the person as a minor if the records and papers, juvenile court record, any minute book entries, dockets, and judgment dockets are microfilmed or photocopied prior to destruction. Exhibits shall be destroyed as provided under Sections 1418, 1418.5, and 1419 of the Penal Code.

(b) Every reproduction shall be deemed and considered an original. A transcript, exemplification, or certified copy of any reproduction shall be deemed and considered a transcript, exemplification, or certified copy, as the case may be, of the original.

SEC. 7. Section 826.6 is added to the Welfare and Institutions Code, to read:

826.6. (a) Any minor who is the subject of a petition that has been filed in juvenile court to adjudge the minor a dependent child or a ward of the court shall be given written notice by the clerk of the court upon disposition of the petition or the termination of jurisdiction of the juvenile court of all of the following:

(1) The statutory right of any person who has been the subject of juvenile court proceedings to petition for sealing of the case records.

(2) The statutory provisions regarding the destruction of juvenile court records and records of juvenile court proceedings retained by state or local agencies.

(3) The statutory right of any person who has been the subject of juvenile court proceedings to have his or her juvenile court record released to him or her in lieu of its destruction.

(4) The statutory requirement regarding the destruction of juvenile court records and other agency records for any person who has been found to be a person described in Section 602 by reason of the violation of an offense enumerated in subdivision (b) of Section 707.

(b) In any juvenile case where a local welfare department, probation department, or district attorney is responsible for notifying the minor of the dismissal, release, or termination of the case, the agency shall provide written notice to the minor of the information specified in subdivision (a) upon the dismissal, release, or termination of the case.

(c) A written form providing the information described in this section shall be prepared by the clerk of the court and shall be made available to juvenile court clerks, probation departments, welfare departments, and district attorneys.

SEC. 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 9. It is the intent of the Legislature, if this bill and Senate Bill 1796 are both chaptered and become effective January 1, 1981, both bills amend Section 781 of the Welfare and Institutions Code, and this bill is chaptered after Senate Bill 1796, that the amendments to Section 781 proposed by both bills be given effect and incorporated in Section 781 in the form set forth in Section 2.5 of this act. Therefore, Section 2.5 of this act shall become operative only if this bill and Senate Bill 1796 are both chaptered and become effective January 1, 1981, both amend Section 781, and this bill is chaptered after Senate Bill 1796, in which case Section 2 of this act shall not become operative.

An act to amend Section 2932 of the Penal Code, relating to prisoners.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2932 of the Penal Code is amended to read:

2932. (a) Not more than 90 days of good behavior credit nor more than 30 days of participation credit may be denied or lost during any eight-month period during which the misbehavior or failure to participate took place. Good behavior and participation credit shall be deemed to be earned in cases where the department fails to adhere to the time limitations of this section except as specified in subdivision (c). Any procedure not provided for by this section, but necessary to carry out the purposes of this section, shall be those procedures provided for by the Department of Corrections for serious disciplinary infractions if those procedures are not in

conflict with this section.

(1) The Department of Corrections shall, using reasonable diligence to investigate, provide written notice to the prisoner. The written notice shall be given within five days after the discovery of information leading to charges that may result in a possible denial of good behavior or participation credit, but not later than 30 days after the alleged misbehavior took place, unless the evidence was not reasonably discoverable. The written notice shall include the specific charge, the date, the time, the place that the alleged misbehavior took place, the evidence relied upon, a written explanation of the procedures that will be employed at the proceedings and the prisoner's rights at such hearing, and in the case where the prisoner has been notified more than 30 days after the alleged misbehavior why the evidence was not reasonably discoverable within the 30 days or any sooner than it was discovered. Such hearing shall be conducted by an individual who shall be independent of the case and shall take place within 10 days of such written notice; unless for good cause shown by the Department of Corrections that extraordinary circumstances prevented the hearing from being conducted within 10 days and the prisoner is not prejudiced by the delay the Department of Corrections shall notify the prisoner in writing specifying the extraordinary circumstances and shall conduct the hearing as soon as possible but in no case later than 30 days after the initial written notice of possible good behavior or participation credit denial.

(2) The prisoner has the right to elect to be assigned an investigative employee who will gather information, talk to witnesses, prepare a written report and be present at the hearing.

(3) The prisoner may request witnesses to attend the hearing and they shall be called unless the person conducting the hearing has specific reasons to deny this request. Such specific reasons shall be set forth in writing and a copy of such document shall be presented to the prisoner.

(4) The person who will conduct the hearing shall determine if the prisoner shall need assistance with presentation of a defense at the hearing and if so, at the prisoner's discretion, the prisoner has the right to be assigned an employee of the Department of Corrections to assist in presenting the prisoner's defense.

(5) The prisoner has the right, under the direction of the person conducting the hearing, to question all witnesses.

(6) At the conclusion of the hearing the charge shall be dismissed if the facts do not support the charge, or the inmate may be found guilty on the basis of a preponderance of the evidence.

(7) If found guilty the prisoner shall be advised within 10 days in writing of the guilty finding and the specific evidence relied upon to reach this conclusion and the amount of good-time loss. The prisoner may appeal such decision through the Department of Corrections review procedure, and may, upon final notification of appeal denial, within 10 days of such notification demand review of the

department's denial of credit to the Board of Prison Terms, and the board may affirm, reverse, or modify the department's decision or grant a hearing before the board at which hearing the inmate will have the rights specified in Section 3041.5.

(b) Within 30 days of reception in prison, each prisoner shall be notified of the total amount of good behavior and participation credit which may be credited to his term and his anticipated good-time release date and shall be notified of any change in the anticipated release date.

(c) If the conduct the prisoner is charged with also constitutes a crime, the Department of Corrections may refer the case to criminal authorities for possible prosecution and notify the prisoner as provided in subdivision (a). The prisoner may request postponement of the disciplinary proceedings pending such referral, in which case the time limitations specified in subdivision (a) shall not apply.

The prisoner may revoke his request for postponement of the disciplinary proceedings up until the filing of the accusatory pleading. In the event of the revocation of the request for postponement of the proceeding, the department shall hold the hearing within 15 days of the revocation.

In the case where the prisoner is prosecuted by the district attorney, the Department of Corrections shall not deny good behavior credit where the prisoner is found not guilty and may deny good behavior credit pursuant to the schedule specified in Section 2931 if the prisoner is found guilty.

(d) If good behavior or participation credit denial proceedings, or criminal prosecution prohibit the release of a prisoner who would have otherwise been released, and the prisoner is found not guilty of the alleged misconduct, the amount of time spent incarcerated, in excess of what the period of incarceration would have been absent the alleged misbehavior, shall be deducted from the prisoner's parole period.

## CHAPTER 1109

An act relating to a wetland restoration and waste water treatment demonstration project in Humboldt County, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. (a) The Legislature finds and declares that the wetland policies contained in Division 20 (commencing with Section 30000) of the Public Resources Code are critical to the well-being of

the people of this state and hereby reaffirms those policies.

(b) The Legislature further finds and declares that it is desirable to provide a mechanism whereby a demonstration project to improve water quality, while at the same time ensuring restoration and enhancement of habitat values of a substantial wetland area, may be carried out under applicable state laws, in order to provide significant public benefits and technical information that can be useful to the state in evaluating the potential for projects that combine wetland restoration and enhancement with a waste water treatment project. The provisions of this act are intended to provide for such a demonstration project in the Humboldt Bay area and are not intended to establish state policy or precedent for the use of wetlands for any uses not specified in Division 20 (commencing with Section 30000) of the Public Resources Code.

SEC. 2. Notwithstanding the limitation of uses specified in subdivision (a) of Section 30233 of the Public Resources Code, the regional coastal commission, the California Coastal Commission on appeal, or the California Coastal Commission where there is no regional coastal commission, may approve a wetland restoration and waste water treatment demonstration project in Humboldt County within an area bounded by U.S. Highway 101 on the east, the Elk River on the south and west, and the southern edge of the community of Bucksport on the north, provided all of the following conditions have been met:

(a) The project has been found by the regional commission or the commission on appeal to be consistent with the policies and requirements of Division 20 (commencing with Section 30000) of the Public Resources Code, including Section 30233 of the Public Resources Code, except for the limitation of uses specified in subdivision (a) of Section 30233.

(b) Prior to the approval of a coastal development permit for such demonstration project, the Department of Fish and Game has, pursuant to Section 3 of this act, prepared a wetland and habitat restoration and enhancement plan for the management of the areas set aside for habitat protection which plan has been approved by the California Coastal Commission.

(c) The project applicant agrees to carry out the plan required by Section 3.

(d) Any allowable fill for site design, plant location, or any related facilities shall be the minimal necessary to achieve the purposes of the project and shall minimize the harmful effects of the project on Humboldt Bay and its environment.

(e) The State Water Resources Control Board and the North Coast Regional Water Quality Control Board shall determine that the project complies with the policies and requirements of Division 7 (commencing with Section 13000) of the Water Code.

SEC. 3. The Department of Fish and Game, after consultation with the California Coastal Commission, the State Coastal Conservancy, the State Water Resources Control Board, the North

Coast Regional Water Quality Control Board, and the City of Eureka, shall prepare a wetland and habitat restoration and management plan whereby wastewater treatment and discharge can be combined with the use of reclaimed waste water for wetland and habitat enhancement. The plan shall include, but not be limited to the following:

(a) A program to use reclaimed treated waste water to enhance wetland habitats.

(b) A program to restore other habitats, including dunes and wetlands.

(c) A program for management of these areas, to be carried out by the City of Eureka under the direction of the Department of Fish and Game, which maximizes wildlife habitat benefits, while optimizing waste water treatment and discharge consistent with state and federal clean water laws.

(d) A program for public access and recreational use of the habitat area, consistent with the management program identified above.

(e) A program for periodic review and monitoring of the operation of the habitat area, including, when necessary, surveys of plants and animals in the area. The Department of Fish and Game and the California Coastal Commission shall monitor the implementation of the plan required by this section. The California Coastal Commission shall, no later than January 1, 1985, prepare a report to the Legislature which describes the results of the demonstration project.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Waste water from the City of Eureka is currently being discharged directly into Humboldt Bay resulting in adverse environmental impacts. It is necessary to proceed with the demonstration project provided for in this act as soon as possible in order to terminate such direct discharges, to reduce public costs, and to provide technical data and information relative to the feasibility of combining a waste water treatment project with restoration and habitat enhancement. Accordingly, it is necessary that this act take effect immediately.

(c) It is a misdemeanor for any person claiming a lien on a vehicle to knowingly violate any provision of this chapter.

SEC. 37. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 25002 of the Health and Safety Code is amended to read:

25002. Except as provided in Section 25163, it is unlawful for any person to clean septic tanks, chemical toilets, cesspools or sewage seepage pits or to dispose or aid in the disposal of the cleanings thereof, for any person or firm engaged in the business of cleaning out septic tanks, chemical toilets, cesspools or sewage seepage pits or disposing of the cleanings thereof who does not hold an unrevoked registration as provided in this chapter.

SEC. 1.5. Section 25163 of the Health and Safety Code is amended to read:

25163. (a) Except as otherwise provided in subdivision (b), it is unlawful for any person to carry on, or engage in, the business of hauling hazardous waste, or the hauling of hazardous waste as a part of, or incidental to, any business, unless such person holds a valid registration issued by the department, and it shall be unlawful for any person to transfer custody of a hazardous waste to a hauler who does not hold a valid registration issued by the department.

(b) Persons hauling only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or his duly

authorized representative pursuant to Chapter 6 (commencing with Section 25000) shall be exempt from the requirements of subdivision (a).

(c) Any person registered as a hazardous waste hauler pursuant to subdivision (a) shall not be subject to the registration requirements of Chapter 6 (commencing with Section 25000) of the Health and Safety Code, but shall comply with the terms, conditions, orders, and directions as the health officer or his or her duly authorized representative may deem necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city, county, or city and county in which the registered hazardous waste hauler will be conducting the activities described in Section 25001.

(d) It is unlawful for any person to transport hazardous waste in any truck, trailer, semitrailer, vacuum tank, or cargo tank not inspected by the California Highway Patrol or to transport hazardous waste in any container, other than a container packaged pursuant to Federal Department of Transportation regulations, which has not been inspected by the California Highway Patrol.

SEC. 1.6. Section 25163 of the Health and Safety Code is amended to read:

25163. (a) Except as otherwise provided in subdivision (b), it is unlawful for any person to carry on, or engage in, the business of hauling hazardous waste, or the hauling of hazardous waste as a part of, or incidental to, any business, unless such person holds a valid registration issued by the department, and it shall be unlawful for any person to transfer custody of a hazardous waste to a hauler who does not hold a valid registration issued by the department. Any registration issued by the department to a hauler of hazardous waste is not transferable from the person to whom it was issued to any other person.

(b) Persons hauling only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or his duly authorized representative pursuant to Chapter 6 (commencing with Section 25000) shall be exempt from the requirements of subdivision (a).

(c) Any person registered as a hazardous waste hauler pursuant to subdivision (a) shall not be subject to the registration requirements of Chapter 6 (commencing with Section 25000) of the Health and Safety Code, but shall comply with the terms, conditions, orders, and directions as the health officer or his or her duly authorized representative may deem necessary for the protection of human health and comfort, and shall otherwise comply with the

requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city, county, or city and county in which the registered hazardous waste hauler will be conducting the activities described in Section 25001.

(d) It is unlawful for any person to transport hazardous waste in any truck, trailer, semitrailer, vacuum tank, or cargo tank not inspected by the California Highway Patrol or to transport hazardous waste in any container, other than a container packaged pursuant to Federal Department of Transportation regulations, which has not been inspected by the California Highway Patrol.

SEC. 2. Section 25167.3 of the Health and Safety Code is amended to read:

25167.3. It is the intent of the Legislature that this article preempt all local regulations and all conflicting state regulations concerning the transportation of hazardous waste, including all inspection, licensing, and registration of trucks, trailers, semitrailers, vacuum tanks, cargo tanks, and containers used to transport all types of hazardous wastes. No state agency, city, city and county, county, or other political subdivision of this state, including, but not limited to, a chartered city, city and county, or county, shall adopt or enforce any ordinance or regulation which is inconsistent with the rules and regulations adopted by the State Department of Health Services, the Department of the California Highway Patrol, or the State Fire Marshal pursuant to this article.

SEC. 3. Section 25168 of the Health and Safety Code is amended to read:

25168. No registration shall be granted under this article unless:

(a) The truck, trailer, semitrailer, vacuum tank, cargo tank, or container, excluding containers holding hazardous waste packages pursuant to Federal Department of Transportation requirements, used to transport all types of hazardous wastes, has been inspected and received a certificate of compliance under this article, and

(b) The owner or operator provides documentation indicating that all persons who will operate the truck, trailer, semitrailer, vacuum tank, cargo tank, or container have received training adequate to ensure the safe handling of the hazardous waste to be transported.

SEC. 4. Section 25168.1 of the Health and Safety Code is amended to read:

25168.1. The department shall adopt regulations for containers used to transport hazardous wastes not covered or packaged as required by federal regulations contained in Title 49 of the Code of Federal Regulations. The California Highway Patrol shall conduct an annual inspection of every truck, trailer, semitrailer, vacuum tank, cargo tank, or container used by registered waste haulers to transport hazardous waste on the highways. The inspection shall be designed

to determine if each vehicle complies with regulations adopted by the State Fire Marshal under Section 34020 of the Vehicle Code, by the Highway Patrol under subdivisions (a) and (b) of Section 34501 of the Vehicle Code, and by the State Department of Health Services for containers used to haul hazardous waste. The Department of the California Highway Patrol shall determine whether the construction, design, equipment, and safety features of every such truck, trailer, semitrailer, vacuum tank, cargo tank, or container are in compliance with the standards which the department determines are necessary for the safe transportation of hazardous waste.

SEC. 5. Section 25168.2 of the Health and Safety Code is amended to read:

25168.2. The department may, pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, suspend or revoke the certification of a truck, trailer, semitrailer, vacuum tank, cargo tank, or container used to haul hazardous waste and may revoke the registration of a hazardous waste hauler for any of the following reasons:

(a) Failure of the registrant to pay required fees or misrepresentation upon application for original or renewal registration.

(b) Failure of a truck, trailer, semitrailer, vacuum tank, cargo tank, or container owned or operated by a registrant to comply with regulations adopted under Section 34020, subdivisions (a) and (b) of Section 34501 of the Vehicle Code, and those regulations promulgated by the department for containers used to haul hazardous waste.

(c) Failure or refusal of the registrant to permit inspection of a truck, trailer, semitrailer, vacuum tank, cargo tank, or container or make a truck, trailer, semitrailer, vacuum tank, cargo tank, or container available for inspection by a member of the California Highway Patrol upon reasonable notice.

(d) Failure to possess the minimum insurance, as prescribed in Section 25169.

(e) Violation of any provisions of this division.

SEC. 6. Section 25168.3 of the Health and Safety Code is amended to read:

25168.3. (a) Once a truck, trailer, semitrailer, vacuum tank, cargo tank, or container has been inspected and found to be in compliance with all design, construction, and safety requirements, the department shall issue a sticker, label, or other suitable device constituting a certificate of compliance to identify waste hauling vehicles which have passed inspection. The certificate of compliance shall be plainly affixed to the truck, trailer, semitrailer, vacuum tank, cargo tank, or container. The size, shape, color, and design of the certificate of compliance and the positioning of the certificate shall be determined by the department.

(b) The indicia required by this section shall be incorporated with, or take the place of, any indicia issued pursuant to the

provisions of this article.

SEC. 7. Section 25168.4 of the Health and Safety Code is amended to read:

25168.4. The fee for the annual inspection of a truck, trailer, semitrailer, vacuum tank, cargo tank, or container used to transport hazardous wastes shall be determined by the commissioner of the Department of the California Highway Patrol as provided by Article 6 (commencing with Section 2560) of Chapter 2 of Division 2 of the Vehicle Code.

SEC. 8. Section 25169.1 of the Health and Safety Code is amended to read:

25169.1. (a) The California Highway Patrol shall inspect every truck, trailer, semitrailer, vacuum tank, cargo tank, or container used to transport hazardous waste at least once a year to ascertain whether its construction, design, equipment and safety features comply with the regulations promulgated by the State Department of Health Services pursuant to Section 25168.1.

(b) No person shall transport hazardous waste on streets and highways within the State of California, unless the truck, trailer, semitrailer, vacuum tank, cargo tank, or container in which the hazardous waste is being transported displays a certificate of compliance, issued by the State Department of Health Services, showing that the vehicle has been inspected within the last 12 months.

SEC. 9. Section 25201.2 of the Health and Safety Code is amended to read:

25201.2. Any operator of a treatment facility, waste transfer station, waste storage area, resource recovery facility or waste disposal site or any other person who accepts hazardous waste from a vacuum truck, trailer, semitrailer, or container failing to display a valid certificate of compliance as provided in Section 25168.3, shall report the incident to the State Department of Health Services, as required by the department.

SEC 10. Section 2560 of the Vehicle Code is amended to read:

2560. The commissioner may determine the fee for the annual inspection of trucks, trailers, semitrailers, vacuum tanks, cargo tanks, and containers used to transport hazardous waste. The fee, established by regulation, shall be sufficient to cover the cost to the department of conducting hazardous waste inspections but shall not exceed fifty dollars (\$50).

SEC. 11. Section 34100 of the Vehicle Code is amended to read:

34100. No person shall drive, move, or leave standing any tank vehicle upon any highway unless all cargo tanks on such vehicles have been registered, pursuant to this division, with the State Fire Marshal and the appropriate fees have been paid.

This section does not apply to trucks, trailers, semitrailers, vacuum tanks, cargo tanks, or containers certified pursuant to Section 25169.1 of the Health and Safety Code.

SEC. 12. It is the intent of the Legislature, if this bill and

Assembly Bill 2140 are both chaptered and become effective January 1, 1981, both bills amend Section 25163 of the Health and Safety Code, and this bill is chaptered after Assembly Bill 2140, that the amendments to Section 25163 proposed by both bills be given effect and incorporated in Section 25163 in the form set forth in Section 1.6 of this act. Therefore, Section 1.6 of this act shall become operative only if this bill and Assembly Bill 2140 are both chaptered and become effective January 1, 1981, both amend Section 25163 of the Health and Safety Code, and this bill is chaptered after Assembly Bill 2140, in which case Section 1.5 of this act shall not become operative.

SEC. 13. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

## CHAPTER 1113

An act to amend Sections 1785.10, 1785.15, 1785.16, 1785.17 and 1785.20 of the Civil Code, relating to consumer credit reporting agencies.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1785.10 of the Civil Code is amended to read:

1785.10. Every consumer credit reporting agency shall, upon request and proper identification of any consumer, allow the consumer to visually inspect all files maintained regarding such consumer at the time of the request.

Every consumer reporting agency, upon contact by a consumer by phone, mail, or in person regarding information which may be contained in the agency files regarding that consumer, shall promptly advise the consumer of the obligation of the agency to provide disclosure of the files in person, by mail, or by telephone pursuant to Section 1785.15, including the obligation of the agency to provide a decoded written version of the file or a written copy of the file with an explanation of any code used, if the consumer so requests such a copy. The disclosure shall be provided in the manner selected by the consumer.

The agency shall determine the applicability of subdivision (1) of

Section 1785.17 and, where applicable, the agency shall inform the consumer of the rights under that section.

(a) All items of information shall be available for inspection, including the sources of information.

(b) The consumer credit reporting agency shall also disclose the recipients of any consumer credit report on the consumer which the consumer credit reporting agency has furnished:

(1) For employment purposes within the two-year period preceding the request.

(2) For any other purpose within the six-month period preceding the request.

SEC. 2. Section 1785.15 of the Civil Code is amended to read:

1785.15. (a) A consumer credit reporting agency shall supply files and information required under Section 1785.10 during normal business hours and on reasonable notice. In addition to the disclosure provided by this chapter and any disclosures received by the consumer, the consumer has the right to request and receive a decoded written version of the file or a written copy of the file with an explanation of any code used, without charge as subject to subdivision (1) of Section 1785.17.

(b) Files maintained on a consumer shall be disclosed promptly as follows:

(1) In person, if he or she appears in person and furnishes proper identification.

(2) By mail, if the consumer makes a written request with proper identification for a copy of the file or a decoded written version of such file to be sent to the consumer at a specified address. Consumer credit reporting agencies complying with requests for mailings under this section shall not be liable for disclosures to third parties caused by mishandling of mail after such mailings leave the consumer reporting agencies.

(3) A summary of all information contained in files on a consumer and required to be provided by Section 1785.10 shall be provided by telephone, if the consumer has made a written request, with proper identification for telephone disclosure.

(c) The term "proper identification" as used in subdivision (b) shall mean that information generally deemed sufficient to identify a person. Only if the consumer is unable to reasonably identify himself with the information described above, may a consumer credit reporting agency require additional information concerning the consumer's employment and personal or family history in order to verify his identity.

(d) The consumer credit reporting agency shall provide trained personnel to explain to the consumer any information furnished him pursuant to Section 1785.10.

(e) The consumer shall be permitted to be accompanied by one other person of his choosing, who shall furnish reasonable identification. A consumer credit reporting agency may require the consumer to furnish a written statement granting permission to the

consumer credit reporting agency to discuss the consumer's file in such person's presence.

SEC. 3. Section 1785.16 of the Civil Code is amended to read:

1785.16. (a) If the completeness or accuracy of any item of information contained in his file is disputed by a consumer, and such dispute is conveyed directly to the consumer credit reporting agency by the consumer or user on behalf of the consumer, the consumer credit reporting agency shall within a reasonable period of time reinvestigate and record the current status of the disputed information unless it has reasonable grounds to believe that the dispute by the consumer is frivolous or irrelevant. If the consumer credit reporting agency determines that the dispute is frivolous or irrelevant, it shall notify the consumer in writing within five days after such determination is made that it will not reinvestigate the item of information. In this notification, the consumer credit reporting agency shall state the specific reasons why it has determined that the consumer's dispute is frivolous or irrelevant. If a reinvestigation is made and, after reinvestigation, the disputed item of information is found to be missing, inaccurate, or can no longer be verified, the consumer credit reporting agency shall promptly add, correct, or delete such information from the consumer's file and shall notify the consumer that such information has been added, corrected, or deleted.

The notification of the consumer shall include an explanation of the obligation of the agency to provide a decoded written version of the file or a written copy of the file with an explanation of any code used, at no charge to the consumer, should the consumer elect to receive such a disclosure. The presence of information in the consumer's file that contradicts the contention of the consumer shall not, in and of itself, constitute reasonable grounds for believing the dispute is frivolous or irrelevant.

(b) If the consumer credit reporting agency determines that the dispute is frivolous or irrelevant, or if the reinvestigation does not resolve the dispute, the consumer may file a brief statement setting forth the nature of the dispute. The consumer credit reporting agency may limit such statements to not more than 100 words if it provides the consumer with assistance in writing a clear summary of the dispute.

(c) Whenever a statement of dispute is filed, the consumer credit reporting agency shall, in any subsequent consumer credit report containing the information in question, clearly note that the information is disputed by the consumer and shall include in the report either the consumer's statement or a clear and accurate summary thereof.

(d) Following the deletion of information from a consumer's file pursuant to subdivision (a), or following the filing of a dispute pursuant to subdivision (b), the consumer credit reporting agency shall, at the request of the consumer, furnish notification that the item of information has been deleted or that the item of information

is disputed. In the case of disputed information, the notification shall include the statement or summary of the dispute filed pursuant to subdivision (b). Such notification shall be furnished to any person, specifically designated by the consumer, who has, within two years prior to the deletion or the filing of the dispute, received a consumer credit report concerning the consumer for employment purposes, or who has, within six months of the deletion or the filing of the dispute, received a consumer credit report concerning the consumer for any other purpose, if such consumer credit reports contained the deleted or disputed information. The consumer credit reporting agency shall clearly and conspicuously disclose to the consumer his rights to make a request for notification. Such disclosure shall be made at or prior to the time the information is deleted or the consumer's statement regarding the disputed information is received.

SEC. 4. Section 1785.17 of the Civil Code is amended to read:

1785.17. A consumer credit reporting agency shall make all disclosures pursuant to Sections 1785.10 and 1785.15 and furnish all consumer reports pursuant to Section 1785.16 as follows:

(1) Without charge, if requested by the consumer within 30 days after receipt by such consumer of a notification of adverse action pursuant to Section 1785.20 or of a notification from a debt collection agency affiliated with such consumer credit reporting agency stating that the consumer's credit rating may be or has been adversely affected.

(2) In the absence of the circumstances described in subdivision (1), the credit reporting agency may impose a reasonable charge on the consumer for making disclosures to such consumer pursuant to Section 1785.10, 1785.15, or 1785.16, provided, however, that disclosures pursuant to Section 1785.16 shall not be subject to a charge if, after reinvestigation, it is determined that the files contain any items that are inaccurate or are incomplete, or if the consumer elects to receive a decoded written version of the file or a written copy of the file with an explanation of any code used pursuant to subdivision (a) of Section 1785.16.

(3) Any charges shall be indicated to the consumer prior to disclosure and may not cover notification of the deletion of information which is found to be inaccurate or which can no longer be verified.

(4) A reasonable charge for disclosure under this section cannot exceed eight dollars (\$8). A reasonable charge for other services rendered to the consumer shall not exceed those charges made to a user of the consumer credit reporting agency's services.

SEC. 5. Section 1785.20 of the Civil Code is amended to read:

1785.20. (a) Whenever credit or insurance for personal, family, or household purposes, or employment involving a consumer is denied or the charge for such credit or insurance is increased either wholly or partly because of information contained in a consumer credit report from a consumer credit reporting agency, the user of the consumer credit report shall so advise the consumer against

whom such adverse action has been taken and supply the name and address or addresses of the consumer credit reporting agency making the report.

(b) Whenever credit or insurance for personal, family, or household purposes involving a consumer is denied or the charge for such credit is increased either wholly or in part because of information obtained from a person other than a consumer credit reporting agency bearing upon consumer's credit worthiness or credit standing, the user of such information shall, within a reasonable period of time, and upon the consumer's written request for the reasons for such adverse action received within 60 days after learning of such adverse action, disclose the nature and substance of the information to the consumer. The user of such information shall clearly and accurately disclose to the consumer his right to make such written request at the time such adverse action is communicated to the consumer.

(c) No person shall be held liable for any violation of this section if he shows by a preponderance of the evidence that at the time of the alleged violation he maintained reasonable procedures to assure compliance with the provisions of subdivisions (a) and (b) of this section.

(d) Nothing in this chapter shall excuse compliance with the requirements of Section 1787.2.

## CHAPTER 1114

An act to amend Section 1812 of, to add Sections 1813 and 1814 to, and to repeal Sections 1813 and 1814 of, the Welfare and Institutions Code, relating to youths, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1812 of the Welfare and Institutions Code is amended to read:

1812. (a) The receipt of funds under this article shall be contingent upon the county maintaining its funding year commitment rate of juvenile and criminal offenders to the Department of the Youth Authority and the Department of Corrections within a base commitment rate of such commitments, except that no county shall be excluded from funds under this article which does not commit more than three people to the Department of the Youth Authority and the Department of Corrections during the funding year. For purposes of this article, "funding year" is the fiscal year for which the subvention is made.

(b) The Youth Authority shall calculate the base commitment rate for each county by computing the ratio of new commitments by county population, expressed in a commitment rate per 100,000 population for each of the fiscal years 1973-74, 1974-75, 1975-76, and 1976-77. The average of these four rates shall be the base commitment rate for the county. The number of new commitments for each of the above fiscal years shall be the total of the new commitments to the Department of the Youth Authority and to the Department of Corrections, as certified by the respective departments, on the basis provided in Article 7 (commencing with Section 1820) of Chapter 1 of Division 2.5, in effect during such fiscal years, excluding persons within any of the categories listed below:

(1) Persons committed to the Department of the Youth Authority or the Department of Corrections who are subsequently recalled or discharged pursuant to Section 1737 of this code or Section 1168 of the Penal Code.

(2) Persons committed to the Department of the Youth Authority or the Department of Corrections for diagnostic study pursuant to Section 704, 707.2, 1731.6, or 1752.1 of this code or Section 1203.03 of the Penal Code.

(c) The Youth Authority shall calculate the funding year commitment rate for each participating county by computing the ratio of new commitments to county population, expressed in a commitment rate per 100,000 population, for the funding year, excluding persons placed in or committed to state institutions for the offenses specified below:

(1) Persons committed to the Department of the Youth Authority who are subsequently recalled pursuant to Section 1737, or subsequently recalled within 120 days of the date of such commitment, pursuant to Section 779, and persons committed to the Department of Corrections who are subsequently recalled pursuant to subdivision (d) or (f) of Section 1170 of the Penal Code.

(2) Persons committed to the Department of the Youth Authority or the Department of Corrections for diagnostic study pursuant to Section 704, 707.2, 1731.6, or 1752.1 of this code or Section 1203.03 of the Penal Code.

(3) Persons committed to the Department of the Youth Authority or the Department of Corrections as a result of having been found to have committed any of the following specified violent offenses:

(A) Murder in the first and second degree, as defined in Sections 187 and 189 of the Penal Code.

(B) Attempted murder, as defined in Sections 187, 189, and 664 of the Penal Code.

(C) Arson, as defined in Section 447a of the Penal Code.

(D) Robbery, as defined in Section 211 of the Penal Code, where one or more enhancements have been imposed pursuant to Section 12022, 12022.5, or 12022.7 of the Penal Code.

(E) Rape, as defined in subdivision 1, 2, or 3 of Section 261 of the Penal Code, or attempted rape.

(F) Kidnapping, as defined in Section 209 of the Penal Code.

(G) Assault with intent to commit murder, as defined in Section 217 of the Penal Code.

(H) Assault with a deadly weapon or instrument or by force, as defined in Section 245 of the Penal Code.

(I) Assault with chemicals, as defined in Section 244 of the Penal Code.

(J) Trainwrecking, as defined in Section 219 of the Penal Code.

(K) Any offense listed in Section 1203.06 or 1203.07 of the Penal Code, or Section 1203.08 of the Penal Code as added thereto by Chapter 735 of the Statutes of 1977.

(L) Any offense for which probation or suspension of sentence is prohibited by law.

(d) The county population for purposes of calculating the base commitment rate and the funding year commitment rate shall be that certified by the Department of Finance to the State Controller on July 1 of each fiscal year.

(e) The Department of the Youth Authority will annually compute the statewide average commitment rate for informational purposes.

(f) The use of commitment rates for fiscal years 1973-74, 1974-75, 1975-76, and 1976-77 for the calculation of the base commitment rate pursuant to subdivision (b) reflects the judgment of the Legislature that the present capacity of the state correctional system is insufficient to accommodate significant increase in the numbers of people committed to the Department of Corrections and the Department of the Youth Authority. It is the intent of the Legislature to reconsider the method of calculation of the base commitment rate at such time as the Department of Corrections or the Department of the Youth Authority develop the capacity to accommodate a significant increase in the number of people who may be committed to such departments.

(g) The Youth Authority shall, for any county which has a base commitment rate computed pursuant to subdivision (b) of 30 or less per 100,000 population, compute a modified base commitment rate by computing the ratio of new commitments by county population, expressed in a commitment rate per 100,000 population, for each of the fiscal years 1978-79 and 1979-80. The average rate for the two years shall be the modified base commitment rate for the county, except that each county for which a modified base commitment rate has been computed may elect to instead retain the rate computed pursuant to subdivision (b) as its base commitment rate.

SEC. 2. Section 1813 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 1813 is added to the Welfare and Institutions Code, to read:

1813. (a) Commencing with the 1980-81 fiscal year, the maximum funding year entitlement of each county receiving funding under this article shall be determined on a per capita basis

by dividing the total amount appropriated and available for distribution to all counties by the total of the populations of all counties. The county population to be used for purposes of this subdivision shall be as certified by the Department of Finance for July 1 of the year preceding the funding year; except that no county shall be considered to have a population of less than 20,000 persons.

(b) In lieu of the per capita funding limitation set forth in subdivision (a), a county may elect, as its maximum funding limitation, an amount equal to the total of funds received by such county for fiscal year 1977-78 under former Article 7 (commencing with Section 1820) of Chapter 1 of Division 2.5, and for maintenance of juvenile homes, ranches, and camps pursuant to Section 887, as such programs were in effect during fiscal year 1977-78, and for reimbursement of costs imposed for fiscal year 1977-78 by Chapter 1071 of the Statutes of 1976, as claimed and reimbursed pursuant to Chapter 1241 of the Statutes of 1977. Such election shall be made on or before April 1 preceding the funding year.

(c) (1) It is the intent of the Legislature that the amounts available for purposes of this article continue during future funding years to be available at not less than the level of funding for the fiscal year immediately preceding the operative date of this section, as adjusted by such annual cost increase percentage as the Legislature shall determine appropriate for other local assistance programs for which there is no statutory cost of living adjustment provision.

(2) The Director of Finance shall annually adjust the maximum funding limitation for each county electing the method of maximum funding set forth in subdivision (b) by such annual cost increase percentage as the Legislature shall determine appropriate for other local assistance programs for which there is no statutory cost of living adjustment provision.

For the purposes of this section, "maximum term of commitment" shall mean the longest term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, including the upper term of the base offense and any additional terms for enhancements and consecutive sentences which could have been imposed less any applicable credits as defined by Section 2900.5, and disregarding any credits which could have been earned under Sections 2930 to 2932, inclusive.

(2) In the case of a person committed to a state hospital or other facility pursuant to Section 1026 or 1026.1, who committed a felony prior to July 1, 1977, who could have been sentenced under Section 1168 or 1170 if the offense was committed after July 1, 1977, the Board of Prison Terms shall determine the maximum term of commitment which could have been imposed under paragraph (1), and the person may not be kept in actual custody longer than the maximum term of commitment, except as provided in subdivision (b). The

time limits of this section are not jurisdictional.

In fixing a term under this section, the board shall utilize the upper term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, increased by any additional terms which could have been imposed based on matters which were found to be true in the committing court. However, if at least two of the members of the board after reviewing the person's file determine that a longer term should be imposed for the reasons specified in Section 1170.2, a longer term may be imposed following the procedures and guidelines set forth in Section 1170.2, except that any hearings deemed necessary by the board shall be held within 90 days of the operative date of this section. Within 90 days of the date the person is received by the state hospital or other facility, or of the effective date of this subdivision, whichever is later, the Board of Prison Terms shall provide each person with the determination of his maximum term of commitment or shall notify such person that he will be scheduled for a hearing to determine his term.

Within 20 days following the determination of the maximum term of commitment the board shall provide the person, the prosecuting attorney, the committing court, and the state hospital or other facility with a written statement setting forth the maximum term of commitment, the calculations, and any materials considered in determining the maximum term.

(3) In the case of a person committed to a state hospital or other facility pursuant to Section 1026 or 1026.1 who committed a misdemeanor, the maximum term of commitment shall be the longest term of county jail confinement which could have been imposed for the offense or offenses of which the person was found to have committed, and the person may not be kept in actual custody longer than this maximum term.

(4) Nothing in this subdivision limits the power of any state hospital or other facility or of the committing court to release the person, conditionally or otherwise, for any period of time allowed by any other provision of law.

(b) (1) A person may be committed beyond the term prescribed by subdivision (a) only under the procedure set forth in this subdivision and only if such person has been committed under Section 1026 for a felony subject to subdivision (b) of Section 1026 and who by reason of a mental disease, defect, or disorder represents a substantial danger of physical harm to others.

(2) If during a commitment, the medical director of a state hospital or other facility has good cause to believe that a patient is a person described in paragraph (1), the director may submit such supporting evaluations and case file to the prosecuting attorney who may file a petition for extended commitment in the superior court which issued the original commitment. Such petition shall be filed no later than 90 days before the expiration of the original commitment. Such petition shall state the reasons for the extended commitment,

with accompanying affidavits specifying the factual basis for believing that the person meets each of the requirements set forth in paragraph (1).

(3) At the time of filing a petition, the court shall advise the person named in the petition of his right to be represented by an attorney and of his right to a jury trial. The rules of discovery in criminal cases shall apply.

(4) The court shall conduct a hearing on the petition for extended commitment. The trial shall be by jury unless waived by both the person and the prosecuting attorney. The trial shall commence no later than 30 days prior to the time the person would otherwise have been released, unless such time is waived by the person.

(5) The person shall be entitled to the rights guaranteed under the Federal and State Constitutions for criminal proceedings. All proceedings shall be in accordance with applicable constitutional guarantees. The state shall be represented by the district attorney who shall notify the Attorney General in writing that a case has been referred under this section. If the person is indigent, the county public defender or State Public Defender shall be appointed. The State Public Defender may provide for representation of the person in any manner authorized by Section 15402 of the Government Code. Appointment of necessary psychologists or psychiatrists shall be made in accordance with this article and Penal Code and Evidence Code provisions applicable to criminal defendants who have entered pleas of not guilty by reason of insanity or asserted diminished capacity defenses.

(6) If the court or jury finds that the person is a person described in paragraph (1), the court may order the patient recommitted to the facility in which he was confined at the time the petition was filed for an additional period of two years from the date of termination of the previous commitment.

(7) A person committed under this subdivision shall be eligible for outpatient or parole release as provided in Section 1026.1 or Section 7375 of the Welfare and Institutions Code.

(8) Prior to termination of a commitment under this subdivision, a petition for recommitment may be filed to determine whether the person remains a person described in paragraph (1). Such recommitment proceeding shall be conducted in accordance with the provisions of this subdivision.

(9) Any commitment under this subdivision places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

SEC. 6.1. Section 1026.5 of the Penal Code is amended to read:

1026.5. (a) (1) In the case of any person committed to a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604, who committed a felony on or after July 1, 1977, the court shall state in the commitment order the maximum term of commitment, and the person may not be kept in actual custody longer than the maximum term of

commitment, except as provided in this section. For the purposes of this section, "maximum term of commitment" shall mean the longest term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, including the upper term of the base offense and any additional terms for enhancements and consecutive sentences which could have been imposed less any applicable credits as defined by Section 2900.5, and disregarding any credits which could have been earned under Sections 2930 to 2932, inclusive.

(2) In the case of a person confined in a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604, who committed a felony prior to July 1, 1977, and who could have been sentenced under Section 1168 or 1170 if the offense was committed after July 1, 1977, the Board of Prison Terms shall determine the maximum term of commitment which could have been imposed under paragraph (1), and the person may not be kept in actual custody longer than the maximum term of commitment, except as provided in subdivision (b). The time limits of this section are not jurisdictional.

In fixing a term under this section, the board shall utilize the upper term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, increased by any additional terms which could have been imposed based on matters which were found to be true in the committing court. However, if at least two of the members of the board after reviewing the person's file determine that a longer term should be imposed for the reasons specified in Section 1170.2, a longer term may be imposed following the procedures and guidelines set forth in Section 1170.2, except that any hearings deemed necessary by the board shall be held within 90 days of September 28, 1979. Within 90 days of the date the person is received by the state hospital or other treatment facility, or of September 28, 1979, whichever is later, the Board of Prison Terms shall provide each person with the determination of the person's maximum term of commitment or shall notify such person that a hearing will be scheduled to determine the term.

Within 20 days following the determination of the maximum term of commitment the board shall provide the person, the prosecuting attorney, the committing court, and the state hospital or other treatment facility with a written statement setting forth the maximum term of commitment, the calculations, and any materials considered in determining the maximum term.

(3) In the case of a person committed to a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604 who committed a misdemeanor, the maximum term of commitment shall be the longest term of county jail confinement which could have been imposed for the offense or offenses which the person was found to have committed, and the person may not be kept in actual custody longer than this maximum term.

(4) Nothing in this subdivision limits the power of any state hospital or other treatment facility or of the committing court to release the person, conditionally or otherwise, for any period of time allowed by any other provision of law.

(b) (1) A person may be committed beyond the term prescribed by subdivision (a) only under the procedure set forth in this subdivision and only if such person has been committed under Section 1026 for a felony of murder, mayhem, a violation of Section 207 or 209 in which the victim suffers intentionally inflicted great bodily injury, robbery with a dangerous or deadly weapon or in which the victim suffers great bodily injury, a violation of subdivision (a) or (b) of Section 451, a violation of subdivision 2 or 3 of Section 261, a violation of Section 459 in the first degree, assault with intent to commit murder, a violation of Section 220 in which the victim suffers great bodily injury, a violation of Section 288, a violation of Section 12303.1, 12303.2, 12303.3, 12308, 12309, or 12310, or if the defendant has been found guilty of a felony involving death, great bodily injury, or an act which poses a serious threat of bodily harm to another person, and who by reason of a mental disease, defect, or disorder represents a substantial danger of physical harm to others.

(2) If during a commitment, the medical director of a state hospital or other treatment facility has good cause to believe that a patient is a person described in paragraph (1), the director may submit such supporting evaluations and case file to the prosecuting attorney who may file a petition for extended commitment in the superior court which issued the original commitment. Such petition shall be filed no later than 90 days before the expiration of the original commitment. Such petition shall state the reasons for the extended commitment, with accompanying affidavits specifying the factual basis for believing that the person meets each of the requirements set forth in paragraph (1).

(3) When such a petition is filed, the court shall advise the person named in the petition of the right to be represented by an attorney and of the right to a jury trial. The rules of discovery in criminal cases shall apply.

(4) The court shall conduct a hearing on the petition for extended commitment. The trial shall be by jury unless waived by both the person and the prosecuting attorney. The trial shall commence no later than 30 calendar days prior to the time the person would otherwise have been released, unless such time is waived by the person.

(5) The person shall be entitled to the rights guaranteed under the Federal and State Constitutions for criminal proceedings. All proceedings shall be in accordance with applicable constitutional guarantees. The state shall be represented by the district attorney who shall notify the Attorney General in writing that a case has been referred under this section. If the person is indigent, the county public defender or State Public Defender shall be appointed. The State Public Defender may provide for representation of the person

in any manner authorized by Section 15402 of the Government Code. Appointment of necessary psychologists or psychiatrists shall be made in accordance with this article and Penal Code and Evidence Code provisions applicable to criminal defendants who have entered pleas of not guilty by reason of insanity or asserted diminished capacity defenses.

(6) If the court or jury finds that the patient is a person described in paragraph (1), the court may order the patient recommitted to the facility in which the patient was confined at the time the petition was filed for an additional period of two years from the date of termination of the previous commitment.

(7) A person committed under this subdivision shall be eligible for release to outpatient status or parole pursuant to the provisions of Title 15 (commencing with Section 1600) of Part 2.

(8) Prior to termination of a commitment under this subdivision, a petition for recommitment may be filed to determine whether the patient remains a person described in paragraph (1). Such recommitment proceeding shall be conducted in accordance with the provisions of this subdivision.

(9) Any commitment under this subdivision places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

SEC. 7. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purposes of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of 16 months, two or three years; two, three, or four years; two, three, or five years; three, four, or five years; two, four, or six years; three, four, or six years; three, five, or seven years; three, six, or eight years; five, seven, or nine years; five, seven, or 11 years, or any other specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless such convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he had committed his crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is

required by law to impose as an additional term. Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. However, any such sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment either party may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution or the defendant, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under Section 667.5, 1170.1, 12022, 12022.5, 12022.6, or 12022.7. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentencing under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of

sentencing. Credit shall be given for time served.

(e) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(f) In all cases the Board of Prison Terms shall, not later than one year after the commencement of the term of imprisonment, review the sentence and shall by motion recommend that the court recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he had not been previously sentenced if the board determines the sentence is disparate. The review under this section shall concern the decision to deny probation and the sentencing decisions enumerated in subdivisions (b), (c), (d), and (e) of Section 1170.3 and apply the sentencing rules of the Judicial Council and the information regarding the sentences in this state of other persons convicted of similar crimes so as to eliminate disparity of sentences and to promote uniformity of sentencing.

(g) Prior to sentencing pursuant to this chapter, the court may request information from the Board of Prison Terms concerning the sentences in this state of other persons convicted of similar crimes under similar circumstances.

SEC. 8. Section 1170.1 of the Penal Code is amended to read:

1170.1. (a) Except as provided in subdivision (b) and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all such convictions shall be the sum of the principal term, the subordinate term and any additional term imposed pursuant to Section 667.5 or 667.6. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any enhancements imposed pursuant to Section 12022, 12022.3, 12022.5, 12022.6, 12022.7 or 12022.8. The subordinate term for each consecutive offense which is not a "violent felony" as defined in subdivision (c) of Section 667.5 shall consist of one-third of the middle term of imprisonment prescribed for each other such felony conviction for which a consecutive term of imprisonment is imposed, and shall exclude any enhancements. In no case shall the total of subordinate terms for such consecutive offenses which are not "violent felonies" as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a "violent felony" as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8) of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other such felony conviction for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section 12022, 12022.5 or 12022.7.

(b) In the case of any person convicted of one or more felonies committed while such person is confined in a state prison, or is subject to reimprisonment for escape from such custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all such convictions which such person is required to serve consecutively shall commence from the time such person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. The provisions of this subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

(c) When the court imposes a prison sentence for a felony pursuant to Section 1170 the court shall also impose the additional terms provided in Sections 667.5, 12022, 12022.5, 12022.6, and 12022.7, unless the additional punishment therefore is stricken pursuant to subdivision (g). The court shall also impose any other additional term which the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of such additional term, the court shall apply the sentencing rules of the Judicial Council.

(d) When two or more enhancements under Sections 12022, 12022.5, and 12022.7 may be imposed for any single offense, only the greatest enhancement shall apply; however, in cases of robbery, rape or burglary, or attempted robbery, rape or burglary the court may impose both (1) one enhancement for weapons as provided in either Section 12022 or 12022.5 and (2) an enhancement for great bodily injury as provided in Section 12022.7.

(e) The enhancements provided in Sections 667.5, 667.6, 12022, 12022.3, 12022.5, 12022.6, 12022.7, and 12022.8 shall be pleaded and proven as provided by law.

(f) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170 unless the defendant stands convicted of a "violent felony" as defined in subdivision (c) of Section 667.5, or a consecutive sentence is being imposed pursuant to subdivision (b) of this section, or an enhancement is imposed pursuant to Section 12022, 12022.5, 12022.6 or 12022.7 or the defendant stands convicted of felony escape from an institution in which he is lawfully confined.

(g) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in Sections 667.5, 12022, 12022.5, 12022.6, and 12022.7 if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

(h) For any violation of subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or sodomy

or oral copulation by force, violence, duress, menace or threat of great bodily harm as provided in Section 286 or 288a, the number of enhancements which may be imposed shall not be limited, regardless of whether such enhancements are pursuant to this or some other section of law. Each of such enhancements shall be a full and separately served enhancement and shall not be merged with any term or with any other enhancement.

SEC. 9. Section 1203.01 of the Penal Code is amended to read:

1203.01. Immediately after judgment has been pronounced, the judge and the district attorney, respectively, may cause to be filed with the clerk of the court a brief statement of their views respecting the person convicted or sentenced and the crime committed, together with such reports as the probation officer may have filed relative to the prisoner. The judge and district attorney shall cause such statements to be filed if no probation officer's report has been filed. The attorney for the defendant and the law enforcement agency that investigated the case may likewise file with the clerk of the court statements of their views respecting the defendant and the crime of which he was convicted. Forthwith after the filing of such statements and reports, the clerk of the court shall mail a copy thereof, certified by such clerk, with postage thereon prepaid, addressed to the Department of Corrections at the prison or other institution to which the person convicted is delivered. Within 30 days after judgment has been pronounced, the clerk shall mail a copy of the transcript of the proceedings at the time of sentencing, with postage prepaid, to the prison or other institution to which the person convicted is delivered. The clerk shall also mail a copy of any statement submitted by the court, district attorney, or law enforcement agency, pursuant to this section, with postage thereon prepaid, addressed to the attorney for the defendant, if any, and to the defendant in care of the Department of Corrections, and a copy of any statement submitted by the attorney for the defendant, with postage thereon prepaid, shall be mailed to the district attorney.

SEC. 10. Section 1203.2a of the Penal Code is amended to read:

1203.2a. If any defendant who has been released on probation is committed to a prison in this state for another offense, the court which released him on probation shall have jurisdiction to impose sentence, if no sentence has previously been imposed for the offense for which he was granted probation, in the absence of the defendant, on the request of the defendant made through his counsel, or by himself in writing, if such writing is signed in the presence of the warden or superintendent of the prison in which he is confined or the duly authorized representative of the warden or superintendent, and such warden or superintendent or his representative attests both that the defendant has made and signed such request and that he states that he wishes the court to impose sentence in the case in which he was released on probation, in his absence and without his being represented by counsel.

The probation officer may, upon learning of such defendant's

imprisonment, and must within 30 days after being notified in writing by the defendant or his counsel, or the warden or superintendent or duly authorized representative of the prison in which the defendant is confined, report such commitment to the court which released him on probation.

Upon being informed by the probation officer of the defendant's confinement, or upon receipt from the warden, superintendent or duly authorized representative of any prison in this state of a certificate showing that the defendant is confined in prison, the court shall issue its commitment if sentence has previously been imposed. If sentence has not been previously imposed and if the defendant has requested the court through counsel or in writing in the manner herein provided to impose sentence in the case in which he was released on probation in his absence and without the presence of counsel to represent him, the court shall impose sentence and issue its commitment, or shall make other final order terminating its jurisdiction over the defendant in the case in which the order of probation was made. If the case is one in which sentence has previously been imposed, the court shall be deprived of jurisdiction over defendant if it does not issue its commitment or make other final order terminating its jurisdiction over defendant in the case within 60 days after being notified of the confinement. If the case is one in which sentence has not previously been imposed, the court is deprived of jurisdiction over defendant if it does not impose sentence and issue its commitment or make other final order terminating its jurisdiction over defendant in the case within 30 days after defendant has, in the manner prescribed by this section, requested imposition of sentence.

Upon imposition of sentence hereunder the commitment shall be dated as of the date upon which probation was granted. If the defendant is then in a state prison for an offense committed subsequent to the one upon which he has been on probation, the term of imprisonment of such defendant under a commitment issued hereunder shall commence upon the date upon which defendant was delivered to prison under commitment for his subsequent offense. Any terms ordered to be served consecutively shall be served as otherwise provided by law.

In the event the probation officer fails to report such commitment to the court or the court fails to impose sentence as herein provided, the court shall be deprived thereafter of all jurisdiction it may have retained in the granting of probation in said case.

SEC. 11. Section 2900 of the Penal Code is amended to read:

2900. (a) The term of imprisonment fixed by the judgment in a criminal action commences to run only upon the actual delivery of the defendant into the custody of the Director of Corrections at the place designated by the Director of Corrections as a place for the reception of persons convicted of felonies.

(b) Except as otherwise provided in this section, the place of reception shall be an institution under the jurisdiction of the

Director of Corrections.

(1) As an emergency measure, the Director of Corrections may direct that persons convicted of felonies may be received and detained in jails or other facilities and that the judgment will commence to run upon the actual delivery of the defendant into such place and that any persons previously received and confined for conviction of a felony may be, as an emergency, temporarily housed at such place and the time during which such person is there shall be computed as a part of the term of judgment.

(2) In any case in which, pursuant to the agreement on detainers or other provision of law, a prisoner of another jurisdiction is, before completion of actual confinement in a penal or correctional institution of a jurisdiction other than the State of California, sentenced by a California court to a term of imprisonment for a violation of California law, and the judge of the California court orders that the California sentence shall run concurrently with the sentence which such person is already serving, the Director of Corrections shall designate the institution of the other jurisdiction as the place for reception of such person within the meaning of the preceding provisions of this section. He may also designate the place in California for reception of such person in the event that actual confinement under the prior sentence ends before the period of actual confinement required under the California sentence.

(3) In any case in which a person committed to the Director of Corrections is subsequently committed to a penal or correctional institution of another jurisdiction, the subsequent commitment is ordered to be served concurrently with the California commitment, the prisoner is placed in a penal or correctional institution of the other jurisdiction, and the prisoner is not received by the Director of Corrections pursuant to subdivision (a), the Director of Corrections shall designate the institution of the other jurisdiction as the place for reception and service of the California term.

(c) Except as provided in this section, all time served in an institution designated by the Director of Corrections shall be credited as service of the term of imprisonment.

(1) If a person is ordered released by a court from the custody and jurisdiction of the Director of Corrections pursuant to Penal Code Section 1272 or 1506 or any other provision of law permitting the legal release of prisoners, time during which the person was released shall not be credited as service of the prison term.

(2) If a prisoner escapes from the custody and jurisdiction of the Director of Corrections, the prisoner shall be deemed an escapee and fugitive from justice, until the prisoner is available to return to the custody of the Director of Corrections or the State of California. Time during which the prisoner is an escapee shall not be credited as service of the prison term.

(d) The Department of Corrections may contract for the use of any facility of the state or political subdivision thereof to care for persons received in accordance with this section.

SEC. 12. Section 3041.5 of the Penal Code is amended to read:

3041.5. (a) At all hearings for the purpose of reviewing a prisoner's parole suitability, or the setting, postponing or rescinding of parole dates:

(1) At least 10 days prior to any hearing by the Board of Prison Terms, the prisoner shall be permitted to review his or her file which will be examined by the board and shall have the opportunity to enter a written response to any material contained in such file.

(2) The prisoner shall be permitted to be present, to ask and answer questions, and to speak on his own behalf.

(3) Unless legal counsel is required by some other provision of law, a person designated by the Department of Corrections shall be present to insure that all facts relevant to the decision be presented, including, if necessary, contradictory assertions as to matters of fact that have not been resolved by departmental or other procedures.

(4) The prisoner shall be permitted to request and receive a stenographic record of all proceedings.

(5) If the hearing is for the purpose of postponing or rescinding of parole dates, the prisoner will have rights set forth in paragraphs (3) and (5) of subdivision (a) of Section 2932.

(b) (1) Within 10 days following any meeting where a parole date has been set, the board shall send the prisoner a written statement setting forth his parole date, the conditions he must meet in order to be released on the date set, and the consequences of failure to meet such conditions.

(2) Within 20 days following any meeting where a parole date has not been set for the reasons stated in subdivision (b) of Section 3041, the board shall send the prisoner a written statement setting forth the reason or reasons for refusal to set a parole date; and suggest activities in which he might participate that will benefit him while he is incarcerated. The board shall hear each such case annually thereafter.

(3) Within 10 days of any board action resulting in the postponement of a previously set parole date, the board shall send the prisoner a written statement setting forth a new date and the reason or reasons for such action and shall offer the prisoner an opportunity for review of such action.

(4) Within 10 days of any board action resulting in the rescinding of a previously set parole date, the board shall send the prisoner a written statement setting forth the reason or reasons for such action and shall, within six months, set the prisoner's parole release date in accord with the provisions of Section 3041 and this section.

SEC. 13. Section 3042 of the Penal Code is amended to read:

3042. (a) At least 30 days before the Board of Prison Terms shall meet to review or consider the parole suitability or the setting of a parole date for any prisoner sentenced to a life sentence, the board shall send written notice thereof to each of the following persons: the judge of the superior court before whom the prisoner was tried and convicted, the attorney for the defendant, the district attorney of the

county from which the prisoner was sentenced, and the law enforcement agency that investigated the case.

(b) The Board of Prison Terms shall record all such hearings and transcribe such recordings within 30 days of any such hearing. All such transcripts, including the transcripts of all such prior hearings, shall be filed and maintained in the office of the Board of Prison Terms and shall be made available to the public no later than 30 days from the date of the hearing. No such prisoner shall actually be released on parole prior to 60 days from the date of the hearing.

(c) At any such hearing the presiding hearing officer must state findings and supporting reasons on the record.

(d) Any statements, recommendations, or other materials considered shall be incorporated into the transcript of any such hearing, unless such material is confidential in order to preserve institutional security and the security of others who might be endangered by disclosure.

(e) This section shall not apply to any hearing held to consider advancing a prisoner's parole date due to his conduct since his last hearing.

SEC. 14. Section 3421 of the Penal Code is amended to read:

3421. Children of women inmates may only participate in the program until they reach the age of two years and two months, at which time the Department of Corrections may arrange for their care elsewhere under any procedure authorized by statute and transfer the mother to another placement under the jurisdiction of the Department of Corrections if necessary; and provided further, that at its discretion in exceptional cases, including, but not limited to, cases where the mother's period of incarceration is extended, the department may retain such child and mother for a longer period of time.

SEC. 15. Section 4011.7 of the Penal Code is amended to read:

4011.7. Notwithstanding the provisions of Sections 4011 and 4011.5, when it appears that the prisoner in need of medical or surgical treatment necessitating hospitalization or in need of medical or hospital care was arrested for, charged with, or convicted of an offense constituting a misdemeanor, the court in proceedings under Section 4011 or the sheriff or jailer in action taken under Section 4011.5 may direct that the guard be removed from the prisoner while he is in the hospital. If such direction is given, any such prisoner who knowingly escapes or attempts to escape from such hospital shall upon conviction thereof be guilty of a misdemeanor and punishable by imprisonment for not to exceed one year in the county jail if such escape or attempt to escape was not by force or violence. However, if such escape is by force or violence such prisoner shall be guilty of a felony and punishable by imprisonment in the state prison, or in the county jail for not exceeding one year; provided, that when such second term of imprisonment is to be served in the county jail it shall commence from the time such prisoner would otherwise be discharged from such jail.

SEC. 16. Section 4016.5 of the Penal Code is amended to read:  
4016.5. When an alleged parole violator is detained in a county jail pursuant to an order of the Board of Prison Terms under the authority granted by Section 3060, or pursuant to an order of the Governor under the authority granted by Section 3062, or pursuant to a valid exercise of a state parole officer's peace officer powers as specified in Section 830.5 when such detention relates to violation of the conditions of parole and not a new criminal charge, the county shall be reimbursed for the costs of such detention by the Department of Corrections. Such reimbursement shall be expended for maintenance, upkeep, and improvement of jail conditions, facilities, and services. Before the county is reimbursed by the department, the total amount of all charges against that county authorized by law for services rendered by the department shall be first deducted from the gross amount of reimbursement authorized by this section. Such net reimbursement shall be calculated and paid monthly by the department. The department shall withhold all or part of such net reimbursement to a county whose jail facility or facilities do not conform to minimum standards for local detention facilities as authorized by Section 6030 only if the county is failing to make reasonable efforts to correct differences, with consideration given to the resources available for such purposes.

"Costs of such detention," as used in this section, shall include the same cost factors as are utilized by the Department of Corrections in determining the cost of prisoner care in state correctional facilities.

SEC. 17. Section 4131.5 of the Penal Code is amended to read:  
4131.5. Every person confined in, sentenced to, or serving a sentence in, a city or county jail, industrial farm, or industrial road camp in this state, who commits a battery upon the person of any individual who is not himself a person confined or sentenced therein, is guilty of a public offense and is punishable by imprisonment in a state prison, or in a county jail for not more than one year.

SEC. 18. Section 4133 of the Penal Code is amended to read:

4133. The boundary of every industrial farm established under the provisions of this article shall be marked by a fence, hedge or by some other visible line. Every person confined on any industrial farm who escapes therefrom or attempts to escape therefrom shall upon conviction thereof be imprisoned in a state prison, or in the county jail or industrial farm for not to exceed one year. Any such imprisonment shall begin at the expiration of the imprisonment in effect at the time of the escape.

SEC. 19. Section 4852.03 of the Penal Code is amended to read:

4852.03. The period of rehabilitation shall begin to run upon the discharge of the petitioner from custody due to his completion of the term to which he was sentenced or upon his release on parole or probation, whichever is sooner. For purposes of this chapter, the period of rehabilitation shall constitute three years' residence in this state, plus a period of time determined by the following rules:

(1) To the three years there shall be added four years in the case of any person convicted of violating Section 187, 209, 219, 4500 or 12310 of the Penal Code, or subdivision (a) of Section 1672 of the Military and Veterans Code, or of committing any other offense which carries a life sentence.

(2) To the three years there shall be added two years in the case of any person convicted of committing any offense which is not listed in subdivision (1) and which does not carry a life sentence.

(3) The trial court hearing the application for the certificate of rehabilitation may, if the defendant was ordered to serve consecutive sentences, order that his statutory period of rehabilitation be extended for an additional period of time which when combined with the time already served will not exceed the period prescribed by statute for the sum of the maximum penalties for all such crimes.

(4) Any person who was discharged after completion of his term or was released on parole before May 13, 1943, is not subject to the periods of rehabilitation set forth in these rules.

Unless and until the period of rehabilitation, as stipulated herein, has passed, the petitioner shall be ineligible to file his petition for a certificate of rehabilitation with the court. Any certificate of rehabilitation which is issued and under which the petitioner has not fulfilled the requirements of this chapter shall be void.

A change of residence within this state does not interrupt the period of rehabilitation prescribed by this section.

SEC. 20. Section 4852.16 of the Penal Code is amended to read:

4852.16. The certified copy of a certificate of rehabilitation transmitted to the Governor shall constitute an application for a full pardon upon receipt of which the Governor may, without any further investigation, issue a pardon to the person named therein, except that, pursuant to Section 8 of Article V of the Constitution, the Governor shall not grant a pardon to any person twice convicted of felony, except upon the written recommendation of a majority of the judges of the Supreme Court.

SEC. 21. Section 5002 of the Penal Code is amended to read:

5002. (a) The department shall succeed to and is hereby vested with all of the powers and duties exercised and performed by the following departments, boards, bureaus, commissions and officers when such powers and duties are not otherwise vested by law:

(c) The powers and duties of the State Board of Prison Directors and of the clerks of the state prisons and the California Institution for Men are transferred to and shall be exercised and performed by the Department of Corrections, except as may be otherwise expressly provided by law.

(d) The powers and duties of wardens of the state prisons and the California Institution for Men, presently or hereafter, expressly vested by law in them shall be exercised by them but such exercise shall be subject to the supervision and control of the Director of Corrections. All powers and duties not expressly vested in the wardens are transferred to and shall be exercised and performed by the Department of Corrections. When the designation of warden is expressly made to refer to the Department of Corrections, the department shall exercise the power and perform the duty heretofore exercised or performed by the warden.

(e) The Board of Prison Terms shall succeed to and is hereby vested with all of the powers and duties exercised and performed by the following boards when such powers and duties are not otherwise vested by law:

- (1) The Board of Prison Terms and Paroles.
- (2) The Advisory Pardon Board.
- (3) The Adult Authority.
- (4) The Women's Board of Terms and Paroles.
- (5) The Community Release Board.

SEC. 22. Section 5055 of the Penal Code is amended to read:

Any person, firm, or corporation who within this state knowingly sells or offers for sale, possesses, or transports any tear gas or tear gas weapon, except as permitted under the provisions of this chapter, is guilty of a public offense and upon conviction thereof shall be punishable by imprisonment in the county jail for not exceeding

one year or by a fine not to exceed two thousand dollars (\$2,000), or by both.

SEC. 23.5. Section 240 of the Welfare and Institutions Code is amended to read:

240. In counties having a population in excess of 6,000,000 in lieu of a county juvenile justice commission, there shall be a probation committee consisting of not less than seven members who shall be appointed by the same authority as that authorized to appoint the probation officer in such county.

SEC. 24. Section 1721 of the Welfare and Institutions Code is amended to read:

1721. (a) The Youthful Offender Parole Board shall adopt policies governing the performance of its functions by the full board, or, pursuant to delegation, by panels, or referees. Whenever the board performs its functions meeting en banc in either public or executive sessions to decide matters of policy, at least four members shall be present and no such action shall be valid unless it is concurred in by a majority vote of those present.

(b) Case hearing representatives may be employed to participate with the board in the hearing of cases and to whom authority may be delegated as provided in this section.

(c) The board may delegate its authority to hear, consider, and act upon cases to members or case hearing representatives, sitting either on a panel or as a referee. A panel may consist of two or more members, a member and a case hearing representative, or two case hearing representatives. Two members of a panel shall constitute a quorum, and no action of the panel shall be valid unless concurred in by a majority vote of those present.

(d) When delegating its authority, the board may condition finality of the decision of the panel or referee to whom authority is delegated on concurrence of a member or members of the board. In determining whether, in any case, it shall delegate its authority and the extent of such delegation, the board shall take into account the degree of complexity of the issues presented by the case.

(e) The board shall adopt rules under which a person under the jurisdiction of the Youth Authority or other persons, as specified in such rules, may appeal any decision of a case hearing representative. The board shall consider and act upon the appeal in accordance with such rules.

SEC. 25. Section 1802 of the Welfare and Institutions Code is amended to read:

1802. When an order for continued detention is made as provided in Section 1801, the control of the authority over the person shall continue, subject to the provisions of this chapter, but, unless the person is previously discharged as provided in Section 1766, the Youthful Offender Parole Board shall, within two years after the date of such order in the case of persons committed by the juvenile court, or within two years after the date of such order in the case of persons committed after conviction in criminal proceedings, file a new

application for continued detention in accordance with the provisions of Section 1800 if continued detention is deemed necessary. Such applications may be repeated at intervals as often as in the opinion of the board may be necessary for the protection of the public, except that the department shall have the power, in order to protect other persons in the custody of the department to transfer the custody of any person over 21 years of age to the Director of Corrections for placement in the appropriate institution.

Each person shall be discharged from the control of the authority at the termination of the period stated in this section unless the board has filed a new application and the court has made a new order for continued detention as provided above in this section.

**SEC. 26.** Section 5328.02 is added to the Welfare and Institutions Code, to read:

**5328.02.** Notwithstanding Section 5328, all information and records made confidential under the first paragraph of Section 5328 shall also be disclosed to the Youth Authority and Adult Correctional Agency or any component thereof, as necessary to the administration of justice.

**SEC. 27.** It is the intent of the Legislature, if this bill and Senate Bill No. 1447 are both chaptered and become effective on or before January 1, 1981, both bills amend Section 243 of the Penal Code, and this bill is chaptered after Senate Bill No. 1447, that the amendments to Section 243 proposed by Senate Bill No. 1447 shall become law, and Section 2 of this act shall not become operative.

**SEC. 28.** It is the intent of the Legislature, if this bill and Assembly Bill No. 2751 are both chaptered and become effective on or before January 1, 1981, both bills amend Section 1026.5 of the Penal Code, and this bill is chaptered after Assembly Bill No. 2751, that the amendments to Section 1026.5 proposed by Assembly Bill No. 2751 shall become law, and Section 6 of this act shall not become operative.

**SEC. 29.** It is the intent of the Legislature, if this bill and Assembly Bill 2751 are both chaptered and become effective January 1, 1981, both bills amend Section 1026.5 of the Penal Code, and this bill is chaptered after Assembly Bill 2751, that the amendments to Section 1026.5 proposed by both bills be given effect and incorporated in Section 1026.5 in the form set forth in Section 6.1 of this act. Therefore, Section 6.1 of this act shall become operative only if this bill and Assembly Bill 2751 are both chaptered and become effective January 1, 1981, both amend Section 1026.5, and this bill is chaptered after Assembly Bill 2751, in which case Section 6 of this act shall not become operative.

**SEC. 30.** No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty of a crime for infraction,

or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

## CHAPTER 1118

An act to add Section 16314 to the Government Code, relating to state funds.

[Approved by Governor September 25, 1980. Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 16314 is added to the Government Code, to read:

16314. (a) The Pooled Money Investment Board shall establish the annual rate of interest charged on short-term loans of state funds executed after January 1, 1981, where the statute authorizing such loans does not prohibit interest or specify an interest rate or a method of computing an interest rate. The rate of interest shall not be less than the last available daily rate of return earned by the Pooled Money Investment Account on the actual date of withdrawal or transfer of the loan funds.

(b) The Pooled Money Investment Board shall establish the annual rate of interest charged on long-term loans of state funds executed after January 1, 1981, where the statute authorizing such loans does not prohibit interest or specify an interest rate or a method of computing an interest rate. The rate of interest shall not be less than the lesser of the last available daily rate of return earned by the Pooled Money Investment Account on the actual date of withdrawal or transfer of the loan funds, or the average of the annual rates of return earned by the Pooled Money Investment Account for the three fiscal years immediately preceding the year in which the loan is executed.

(c) As used in this section, "short-term loans of state funds" means any loan from any fund or account in the State Treasury or from the reserve for contingencies or emergencies administered by the Department of Finance to any other fund in the State Treasury or to any state or local agency for a period of less than one year.

(d) As used in this section, "long-term loans of state funds" means any loan from any fund or account in the State Treasury or from the reserve for contingencies or emergencies administered by the Department of Finance to any other fund in the State Treasury or to any state or local agency for a period of one year or longer, except loans made pursuant to Section 71.4 of the Harbors and Navigation Code and Section 21602 of the Public Utilities Code.

(e) Notwithstanding subdivision (a), the Director of Finance shall

have the authority to waive interest charges on short-term loans of state funds to other state agencies or funds to cover temporary shortages of funds where anticipated reimbursements have not been forthcoming, or where the agency cannot recover interest charges in the reimbursement, or where the loan is to a department or agency which derives its support from the same fund from which the loan is to be made. This authority shall not apply to loans from the Pooled Money Investment Account.

(f) The Director of Finance may extend the loan repayment date of loans of state funds as defined in subdivisions (c) and (d). At the time any such loan repayment date is extended, the loan shall be considered to be a new loan for the purposes of establishing the annual rate of interest under the provisions of subdivisions (a) and (b) for the period the loan is extended. The interest rate established on the actual date of withdrawal or transfer of the loan funds shall not be altered by such an extension.

SEC. 2. The Legislative Analyst shall conduct a study of the criteria used by the Department of Boating and Waterways for selecting which local governments are to receive loans pursuant to Section 71.4 of the Harbors and Navigation Code and shall report to the Legislature on or before February 15, 1981.

SEC. 9. Article 5 (commencing with Section 5.1) is added to the North Delta Water Agency Act (Chapter 283 of the Statutes of 1973), to read:

#### Article 5. Finances

Sec. 5.1. Within 30 days after the effective date of this section, and on or before the 30th day of June of each year thereafter, the board shall determine, and cause to be thereafter charged and collected as provided in this act, an amount of money sufficient to meet and pay the estimated expenses and obligations, including a reasonable reserve for contingencies, of the agency, until such time as money shall be available to the agency from charges fixed in the next succeeding year, subject, however, to a maximum limit of thirty-five cents (\$0.35) upon each acre of taxable land within the agency for purposes other than payment under the contracts provided for in Section 4.1.

Sec. 5.2. The board shall fix a uniform charge per acre on each acre of taxable land within the agency sufficient to pay such expenses and obligations.

Sec. 5.3. In the event the charge for any parcel of land separately charged, based on the rate fixed pursuant to Section 5.2, is less than ten dollars (\$10), a minimum charge may be set by the board which shall not exceed ten dollars (\$10) for each separately charged parcel.

Sec. 5.4. The board may contract with any district, county, or other appropriate political subdivision within the agency, hereafter referred to as a payment contractor, for payment of a collective charge on behalf of all taxable land within the boundaries of the payment contractor in lieu of charges by the agency upon individual parcels within the payment contractor. The payment contractor shall be credited with the costs of collection saved by the agency as a result of the payment contract. In addition to the powers already granted any payment contractor, a payment contractor shall be

authorized to contract to pay the collective charges of the agency, and payment of the charge shall be a proper disbursement of each payment contractor. Any county which becomes a payment contractor is authorized to collect such charges by way of the tax bills of the county. In such case such charges shall appear as a separate item on the tax bill, shall be collected at the same time and in the same manner as county ad valorem property taxes are collected, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes.

Sec. 5.5. All payments of charges shall be made in installments, of such amounts and at such times as the board, by order, may direct. The collector shall bill each payment contractor and individual landowner not within a payment contractor. Bills shall be mailed by first-class mail to each payment contractor or landowner as shown on the records of the county assessors' offices which the assessors will use to prepare the next assessor's rolls. Payment shall be payable to the treasurer of the agency.

Sec. 5.6. Any charge erroneously made by reason of inadvertence or clerical mistake may be refunded upon order of the board at any time after payment thereof.

Sec. 5.7. The collector shall prepare a list containing the following information for the area within each payment contractor and for each parcel not within a payment contractor:

- (a) The property description.
- (b) The name of the payment contractor, names of the owners of each parcel not within a payment contractor, or if unknown, that fact.
- (c) The number of acres in each separately assessed parcel, based on the assessor's rolls, plats, and maps for each affected county.
- (d) The amount of the charge set pursuant to Section 5.2.
- (e) The percentage of benefit determined pursuant to Section 5.11 or 5.17.
- (f) The total amount to be collected for each parcel, the product of the amounts specified in subdivisions (c) and (d) or subdivisions (c), (d), and (e).

Sec. 5.8. The board may at any time make corrections in the determination of acreage of a parcel as shown on the collector's list.

Sec. 5.9. The board shall annually fix and collect a charge, as provided in Section 5.2, until the board, on its own motion or on petition of landowners representing at least 15 percent of the lands within the agency or at least 15 percent of the voters of the agency, directs that commissioners be named to make a redetermination of the benefits received and to establish one or more zones of benefit which shall reflect the proportion of benefits to be derived by the lands within the respective zone or zones from the operation of the agency and from any contract the agency may have entered into. Such redetermination shall be effective as of the first day of July in the next succeeding year.

Sec. 5.10. The board, pursuant to Section 5.9, shall thereafter

appoint three commissioners who have no interest in any real estate within the agency, each of whom, before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within the agency, directly or indirectly, and that he will perform the duties of a commissioner to the best of his abilities.

Sec. 5.11. The commissioners shall determine whether the agency lands should be divided into more than one zone of benefit. If the commissioners determine that the agency shall be divided into more than one zone, the zones shall be given a numerical designation starting with Zone 1 which shall be the zone which receives the greatest proportional benefit. The benefit received by Zone 1 shall be assessed as 100 percent and the benefits received by the other zones shall be expressed in terms of relatively smaller percentages as such benefits compare with those received by Zone 1. The commissioners shall prepare a map showing the boundaries of such zones and their respective benefit percentages, and a report explaining the basis for their determination.

Sec. 5.12. Upon receipt of the commissioners' map and report, the board shall schedule a hearing thereon. Notice of the hearing shall be given in each county in which the agency is located by publishing once each week for at least two successive weeks in a newspaper of general circulation.

Sec. 5.13. The notice shall state the time and place of hearing, that the purpose of the hearing is to approve the report and map of the commissioners, and the location of the place or places where the report and map may be inspected. The notice shall include a brief, generalized description of the benefit zones and percentage of benefits determined for each zone.

Sec. 5.14. At the hearing, any landowner within the proposed boundaries of the benefit zone or other interested person may offer any relevant evidence or testimony relating to the boundaries of the benefit zones or the benefits to be received. Any such landowner or interested person may object to the inclusion of land within a benefit zone or may request the inclusion of any other land within the zone or a change in the percentage of benefits of any zone.

Sec. 5.15. At the conclusion of the hearing, the board may alter the boundaries of benefit zones or the percentages of benefits applicable thereto and shall make an order establishing the boundaries of benefit zones and the percentages of benefits applicable thereto which shall best approximate the benefits received.

Sec. 5.16. If the board orders that the agency shall be divided into more than one zone, then the charge per acre made pursuant to Section 5.2 shall be multiplied by the percentage of benefit applicable to the zone or zones within which the acreage is located, and shall then be increased by the factor necessary so that the total amount to be collected shall be equivalent to the amount determined to be required pursuant to Section 5.1.

Sec. 5.17. The board, subsequent to any redetermination of benefits made pursuant to Section 5.9, may, on its own motion or on petition of landowners representing at least 15 percent of the lands within the agency or at least 15 percent of the voters of the agency, direct that the zones of benefit or that the percentages of benefit be further redetermined in the same manner as provided in this article.

Sec. 5.18. The board shall establish dates of delinquency and impose penalties for delinquency not exceeding 10 percent of the amount to be collected and may, in addition, collect interest at the rate of 8 percent per annum, from the date of delinquency on all delinquent amounts, together with the costs of sale. The board may order a delinquency sale to be held in the manner prescribed in Article 1 (commencing with Section 51600) and Article 3 (commencing with Section 51656) of Chapter 4 of Part 7 of Division 15 of the Water Code. "County Treasurer" shall mean the treasurer of the agency, and any sale shall be held in the county in which the land is located.

The treasurer shall publish notice of the delinquency sale as provided, and shall, at least 30 days before sale, send by certified mail a notice of the delinquency sale to the owner of the property to be sold as shown on the records of the county assessors' offices which the assessors will use to prepare the next assessor's rolls. At least 60 days prior to the expiration of the time for redemption, the treasurer shall send by certified mail notice of the expiration of the redemption period to the owner of the property as shown on the records of the county assessors' offices which the assessors will use to prepare the next assessor's rolls. A sale of unredeemed property may be held in the manner prescribed in Chapter 5 (commencing with Section 51660) of Part 7 of Division 15 of the Water Code. The board may direct the collector not to proceed with the sale of any delinquent property, but to bring suit in the proper court in the name of the agency to recover the amount of the delinquent assessment, penalties, interest, and costs of suit.

Sec. 5.19. The board may, but need not, appoint as treasurer of the agency the county treasurer of any county situated in whole or in part within the boundaries of the agency. In the event that the county treasurer is appointed, he shall be the depository of the funds of the agency.

The board may issue warrants drawn on the appropriate funds of the agency to pay indebtedness of the agency incurred in carrying out the powers and duties of the agency in anticipation of the collection of charges.

SEC. 10. Section 7.2 of the North Delta Water Agency Act (Chapter 283 of the Statutes of 1973) is amended to read:

Sec. 7.2. The election called for the purpose of voting upon such a contract shall be conducted insofar as applicable, in the manner provided in Article 2 (commencing with Section 2.1) of this act, and may be held on any Tuesday, notwithstanding the provisions of Section 2502 of the Elections Code. No such election may be held

prior to December 2, 1980.

SEC. 11. Section 7.6 is added to the North Delta Water Agency Act (Chapter 283 of the Statutes of 1973), to read:

Sec. 7.6. The board shall not amend any contract of the nature and character authorized by Section 4.1 unless it first holds a hearing thereon, and no substantial written protest to the amendment is received by the board within 30 days following the date of such hearing. If a substantial written protest is received, the agency may not amend the contract unless an election is held pursuant to this article and a majority of the votes cast approve the amendment.

SEC. 12. Section 7.7 is added to the North Delta Water Agency Act (Chapter 283 of the Statutes of 1973), to read:

Sec. 7.7. Written protests received from landowners representing 15 percent of the land within the agency shall constitute a substantial written protest.

SEC. 13. Section 7.8 is added to the North Delta Water Agency Act (Chapter 283 of the Statutes of 1973), to read:

Sec. 7.8. Notice of the hearing on the proposed amendment shall be published in the manner prescribed in Section 7.3. The notice shall describe the proposed amendment, shall specify that written protests may be filed with the agency, and shall set a date for the hearing.

SEC. 14. Section 7.9 is added to the North Delta Water Agency Act (Chapter 283 of the Statutes of 1973), to read:

Sec. 7.9. The board shall not terminate any contract of the nature and character authorized by Section 4.1 unless the agency first holds a hearing thereon and follows the procedures pertaining to contract amendments.

SEC. 15. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Furthermore, this act does not create any present or future obligation to reimburse the agency or district for any costs incurred because of this act.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that contracts between the North Delta Water Agency and the United States or the State of California, as provided for in the North Delta Water Agency Act, may be entered into and the terms carried out at the earliest possible time, and in order that vital protection may thereby be provided to the quality of waters in the delta at the earliest possible time, it is necessary that this act go into immediate effect.

Such appropriation is also made for the preliminary planning for the renovation of existing facilities and to inventory existing surplus state lands and to determine the suitability of such lands for new prison facilities.

## CHAPTER 1123

An act to add Section 831.5 to the Government Code, and to amend Sections 31102, 31400.1, and 31400.2 of, and to add Sections 31400.3 and 31400.4 to, the Public Resources Code, relating to public land trusts.

[Approved by Governor September 25, 1980 Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 831.5 is added to the Government Code, to read:

831.5. (a) The Legislature declares that innovative public access programs, such as agreements with public land trusts, can provide effective and responsible alternatives to costly public acquisition programs. The Legislature therefore declares that it is beneficial to the people of this state to encourage private nonprofit entities such as public land trusts to carry out programs that increase opportunities for the public to enjoy access to and use of natural resources if such programs are consistent (1) with public safety, (2) with the protection of such resources, and (3) with public and private rights.

(b) For the purposes of Sections 831.2 and 831.4, "public entity" includes a public land trust which meets all of the following:

(1) Is a nonprofit organization existing under the provisions of Section 501(c) of the United States Internal Revenue Code.

(2) Has specifically set forth in its articles of incorporation as among its principal charitable purposes the conservation of land for coastal public access, agricultural, scientific, historical, educational, recreational, scenic, or open space opportunities.

(3) Has entered into an agreement with the State Coastal Conservancy for lands located within the coastal zone, as defined in Section 31006 of the Public Resources Code, or with the State Public Works Board for lands not located within the coastal zone, on such terms and conditions as are mutually agreeable, requiring the public land trust to provide nondiscriminatory public access consistent with the protection and conservation of either coastal or other natural resources, or both. The conservancy or the board, as appropriate, shall periodically review such agreement and determine whether the public land trust is in compliance with such terms and conditions. In the event the conservancy or the board determines that the public land trust is not in substantial compliance with such agreement, the conservancy or the board shall cancel the agreement, and the provisions of Sections 831.2 and 831.4 shall no longer apply with regard to that public land trust.

(c) For the purposes of Sections 831.2 and 831.4, "public employee" includes an officer, authorized agent, or employee of any

public land trust which is a public entity.

SEC. 2. Section 31102 of the Public Resources Code is amended to read:

31102. The Secretary of the Resources Agency shall select one of the public members to serve as the chairman of the conservancy. The public member shall serve as chairman at the pleasure of the secretary. A majority of the total authorized membership of the conservancy shall constitute a quorum for the transaction of any business under this division. The conservancy shall adopt its own regulations.

SEC. 3. Section 31400.1 of the Public Resources Code is amended to read:

31400.1. The conservancy may award grants to any public agency or nonprofit organization which is a public land trust having an agreement with the conservancy under subdivision (b) of Section 831.5 of the Government Code, having authority to acquire, develop, and operate public coastal accessways for purposes of the acquisition of interests in, and for initial development of, lands which are suitable for and which will be used for public accessways to and along the coast. No such grants may be awarded to any local agency unless the conservancy has first determined that the subject accessway will serve more than local public needs.

SEC. 4. Section 31400.2 of the Public Resources Code is amended to read:

31400.2. The conservancy may provide up to the total cost of the acquisition of interests in lands and the initial development of public accessways by any public agency or nonprofit organization, as provided in Section 31400.1. The amount of funding provided by the conservancy shall be determined by the total amount of funding available for coastal public accessway projects, the fiscal resources of the applicant, the urgency of the project relative to other eligible projects, and the application of factors prescribed by the conservancy for the purpose of determining project eligibility and priority in order to more effectively carry out the provisions of the division.

SEC. 5. Section 31400.3 is added to the Public Resources Code, to read:

31400.3. The conservancy may provide such technical assistance as is required to aid public agencies and nonprofit organizations in establishing a system of public coastal accessways, and related functions necessary to meet the objectives of this division.

SEC. 6. Section 31400.4 is added to the Public Resources Code, to read:

31400.4. No funds may be granted to a nonprofit organization under this chapter unless the nonprofit organization enters into an agreement with the conservancy, on such terms and conditions as the conservancy specifies, requiring the organization to provide public access to the coast, consistent with protection of natural and cultural resources.

In the case of a grant for land acquisition, the agreement shall provide the following: that the purchase price of any interest in land acquired by the nonprofit organization may not exceed fair market value as established by an appraisal approved by the conservancy; that the conservancy shall approve the terms under which the interest in land is acquired; that the interest in land acquired pursuant to a grant from the conservancy may not be used as security for any debt to be incurred by the nonprofit organization unless the conservancy approves the transaction; that the transfer of land acquired pursuant to a conservancy grant shall be subject to the approval of the conservancy and that a new agreement sufficient to protect the interest of the people of California shall be entered into with the transferee; that if any essential term or condition is violated, title to all interest in real property acquired with state funds shall immediately vest in the state; and that if the existence of the nonprofit organization is terminated for any reason, title to all interest in real property acquired with state funds shall immediately vest in the state unless another appropriate public agency or nonprofit organization is identified by the conservancy and agrees to accept title to all interests in real property. Any deed or other instrument of conveyance whereby real property is being acquired by a nonprofit organization pursuant to this section shall set forth the reversionary interest of the state.

The conservancy shall also require an agreement sufficient to protect the public interest in the case of a grant to a nonprofit organization for improvement and development of a public coastal accessway. The agreement shall particularly describe any real property which is subject to the agreement, and it shall be recorded by the conservancy in the county in which the real property is located.

The written notices to tenants required by this subdivision shall be deemed satisfied if such notices comply with the legal requirements for service by mail.

(e) This section shall not diminish, limit or expand, other than as provided herein, the authority of any city, county, or city and county to approve or disapprove condominium projects.

Such notice shall be given by publication once in a newspaper of general circulation published and circulated in the local agency, or if there is none, by posting the notice in at least three public places in the local agency, or if the subdivision lies within a city, published in a newspaper of general circulation printed and published in the county and circulated in the city. In the case of a proposed conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, such notice shall also be given by United States mail to each tenant of the subject property, and, in addition to notice of the time and place of the public hearing, shall include notification of the tenant's right to appear and the right to be heard. Such notice to tenants shall be given by the local agency,

and shall be deemed satisfied if the notice complies with the legal requirements for service by mail. Pursuant to Section 66451.2, fees may be collected from the subdivider for expenses incurred under this section. In addition to notice by publication, a local agency may give notice of the hearing in such other manner as it may deem necessary or desirable, as provided by local ordinance. Any interested person may appear at such a hearing and shall be heard.

SEC. 3. Section 66452.3 of the Government Code is amended to read:

66452.3. Any report or recommendation on a tentative map by the staff of the local agency to the advisory agency or legislative body shall be in writing and a copy thereof served on the subdivider and on each tenant of the subject property, in the case of a proposed conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, at least three days prior to any hearing or action on such map by such advisory agency or legislative body. Pursuant to Section 66451.2, fees may be collected from the subdivider for expenses incurred under this section.

SEC. 4. Section 66452.5 of the Government Code is amended to read:

66452.5. (a) The subdivider, or any tenant of the subject property, in the case of a proposed conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, may appeal from any action of the advisory agency with respect to a tentative map to the appeal board established by local ordinance or, if none, to the legislative body.

Any such appeal shall be filed with the clerk of the appeal board, or if there is none, with the clerk of the legislative body within 15 days after the action of the advisory agency from which the appeal is being taken.

Upon the filing of an appeal, the appeal board or legislative body shall set the matter for hearing. Such hearing shall be held within 30 days after the date of filing the appeal. Within 10 days following the conclusion of the hearing, the appeal board or legislative body shall render its decision on the appeal.

(b) The subdivider, any tenant of the subject property, in the case of a conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, or the advisory agency may appeal from the action of the appeal board to the legislative body. Any such appeal shall be filed with the clerk of the legislative body within 15 days after the action of the appeal board from which the appeal is being taken.

Upon the filing of an appeal, the legislative body shall set the matter for hearing. Such hearing shall be held within 30 days after the date of filing the appeal. Within 10 days following the conclusion of the hearing, the legislative body shall render its decision on the appeal. The decision shall comply with the provisions of Sections 66473, 66473.5, and 66474, and shall include any findings required by

such sections.

(c) If there is an appeal board and it fails to act upon an appeal within the time limit specified in this chapter, the decision from which the appeal was taken shall be deemed affirmed and an appeal therefrom may thereupon be taken to the legislative body as provided in subdivision (b) of this section. If no such further appeal is taken, the tentative map, insofar as it complies with applicable requirements of this division and local ordinance, shall be deemed approved or conditionally approved as last approved or conditionally approved by the advisory agency, and it shall be the duty of the clerk of the legislative body to certify such approval, or if the advisory agency is one which is not authorized by local ordinance to approve, conditionally approve or disapprove the tentative map, the advisory agency shall submit its report to the legislative body as if no appeal had been taken.

If the legislative body fails to act upon an appeal within the time limit specified in this chapter, the tentative map, insofar as it complies with applicable requirements of this division and local ordinance, shall be deemed to be approved or conditionally approved as last approved or conditionally approved, and it shall be the duty of the clerk of the legislative body to certify such approval.

(d) Where local ordinance so provides, any interested person adversely affected by a decision of the advisory agency or appeal board may file a complaint with the governing body concerning any decision of the advisory agency or appeal board. Any such complaint shall be filed with the clerk of the governing body within 15 days after the action of the advisory agency or appeal board which is the subject of the complaint. Upon the filing of the complaint, the governing body may set the matter for hearing. Such hearing shall be held within 30 days after the filing of the complaint. Such hearing may be a public hearing for which notice shall be given in the time and manner provided.

Upon conclusion of the hearing the governing body shall, within seven days, declare its findings based upon the testimony and documents produced before it or before the advisory board or the appeal board. It may sustain, modify, reject, or overrule any recommendations or rulings of the advisory board or the appeal board and may make such findings as are not inconsistent with the provisions of this chapter or local ordinance adopted pursuant to this chapter.

(e) Notice of each hearing provided for in this section shall be sent by United States mail to each tenant of the subject property, in the case of a conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, at least three days prior to any such hearing. The notice requirement of this subdivision shall be deemed satisfied if the notice complies with the legal requirements for service by mail. Pursuant to Section 66451.2, fees may be collected from the subdivider for expenses incurred under this section.

SEC. 5. Section 66452.8 is added to the Government Code, to read:

66452.8. (a) Commencing at a date not less than 60 days prior to the filing of a tentative map pursuant to Section 66452, the subdivider or his or her agent shall give notice of such filing, in the form outlined in subdivision (b), to each person applying after such date for rental of a unit of the subject property immediately prior to the acceptance of any rent or deposit from the prospective tenant by the subdivider.

If you become a tenant of this building, you shall be given notice of each hearing for which notice is required pursuant to Sections 66451.3 and 66452.5 of the Government Code, and you have the right to appear and the right to be heard at any such hearing.

(c) Failure by a subdivider or his or her agent to give the notice required in subdivision (a) shall not be grounds to deny the conversion. However, if the subdivider or his or her agent fails to give notice pursuant to this section, he or she shall pay to each prospective tenant who becomes a tenant and who was entitled to such notice, and who does not purchase his or her unit pursuant to subdivision (b) of Section 66427.1, an amount equal to the sum of the following:

(1) Actual moving expenses incurred when moving from the subject property, but not to exceed five hundred dollars (\$500).

(2) The first month’s rent on the tenant’s new rental unit, if any, immediately after moving from the subject property, but not to exceed five hundred dollars (\$500).

The requirements of this subdivision constitute a minimum state standard. However, nothing in this subdivision shall be construed to prohibit any city, county, or city and county from requiring, by ordinance or charter provision, a subdivider to compensate any

tenant, whose tenancy is terminated as the result of a condominium, community apartment project, or stock cooperative conversion, in amounts or by services which exceed those set forth in paragraphs (1) and (2) of this subdivision. In the case of such a requirement by any city, county, or city and county, a subdivider who meets the compensation requirements of the local ordinance or charter provision shall be deemed to satisfy the requirements of this subdivision.

The written notices to tenants required by this section shall be deemed satisfied if such notices comply with the legal requirements for service by mail.

connection with any referral of a recipient, unless there is on file with the director and the Advisory Health Council a statement of the nature and extent of such interest.

This section shall become operative only upon the date of which Section 1902(a) (4) (C) of the federal Social Security Act, as added by Public Law 95-559 is repealed, held invalid by a court of appeal, or otherwise made inoperative.

SEC. 3. Article 1.1 (commencing with Section 14030) is added to Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

It is the intent of the Legislature that provisions be made for disclosure of the interests of providers of service in the services, facilities, and organizations to which they refer Medi-Cal recipients so that it is possible to determine the extent to which conflicts of interests may exist because of such referrals.

It is the further intent of the Legislature that provision be made for the regulation of employment of present and former employees of state and local agencies responsible for the expenditure of funds under Medi-Cal so as to avoid the risk of conflicts of interests.

(b) As used in this article, the term "referral" means (1) the referral of a recipient by a provider of service to any other provider of service; (2) the placement of a recipient by a provider of service in any facility; or (3) the obtaining, requesting, ordering, or prescribing of services or supplies by a provider of service on behalf of a recipient from any other provider of service.

As used in this article, the term "immediate family" includes the spouse and children of the provider of service, the parents of the provider of service and his spouse, and the spouses of the children of the provider of service.

As used in this article, the term "state or local officer or employee who is responsible for the expenditure of substantial amounts of funds under Medi-Cal" means (1) the Director of the State Department of Health Services, and (2) those other state officers or employees, and those local officers or employees, who are determined by the director by regulation to be responsible for the expenditure of substantial amounts of funds under the California Medical Assistance Act and California's State Plan under Title XIX of the federal Social Security Act.

As used in this article the term "substantial amounts of funds" shall have the meaning defined by the director by regulation. As used in this article, "judicial, quasi-judicial or other proceeding" shall have the meaning defined in Article 4 (commencing with Section 87400) of Chapter 7 of Title 9 of the Government Code.

14031. No payment under this chapter shall be made to a

provider of services or to any facility or organization in which a provider of service or his immediate family has a significant beneficial interest, for services rendered in connection with any referral of a recipient, unless there is on file with the director and the Advisory Health Council a statement of the nature and extent of such interest.

14032. (a) No state or local officer or employee who is responsible for the expenditure of substantial amounts of funds under Medi-Cal, no individual who formerly was such an officer or employee, and no partner of such an officer or employee shall commit any act, in connection with any activity concerning Medi-Cal, if the commission of such act by an officer or employee of the United States Government, an individual who was such an officer or employee, or a partner of such an officer or employee, in connection with any activity concerning the United States Government, would be prohibited by Section 207 or 208 of Title 18 of the United States Code.

(b) Upon the petition of any interested person or party, a court or state administrative agency or any officer thereof in any judicial, quasi-judicial or other proceeding may, after notice and an opportunity for hearing, exclude any person found to be in violation of this section from further participation in any judicial, quasi-judicial or other proceeding then pending before such court, agency or officer.

(c) The prohibitions of this section shall not apply to any person who left government service prior to the effective date of this section except that any such person who returned to government service on or after the effective date of this section shall be covered thereby.

14033. This article shall remain in effect only until Section 1902(a) (4) (C) of the federal Social Security Act, as added by Public Law 95-559 is repealed, held invalid by a court of appeal, or otherwise made inoperative, and as of such date is repealed.

(d) The Joint Legislative Audit Committee and the Joint Legislative Budget Committee shall have access to records of the disbursement of funds or payments, including documents identifying names of applicants and recipients of benefits under Title XIX of the Social Security Act, and such records shall be released when requested by the committees. The committees shall use information from such records only for the purpose of investigating the procedures developed by the department for claims processing under the fiscal intermediary contracts. In any case, where disclosure is authorized pursuant to this section, the committees shall not disclose the identity of any applicant or recipient.

Except for the aforementioned release of information to the committees, this section shall not otherwise be construed to supersede any other provision of state law, including Section 10850.

(e) No Medi-Cal fiscal intermediary contract shall be approved, renewed or continued if a state employee is employed in a management, consultant or technical position by the contractor or a subcontractor to the contractor within one year after the state employee terminated state employment.

For purposes of this section, "state employee" means any appointive or civil service employee of the Governor's Office, the Health and Welfare Agency, the State Department of Health Services, the Controller's Office, the Attorney General, or the Legislature who, within two years prior to leaving state employment, had responsibilities related to development, negotiation, contract management, supervision, technical assistance or audit of a Medi-Cal fiscal intermediary.

The requirements of this section shall not apply to any state employee who terminated state employment prior to the operative date of this section.

The Director of the State Department of Health Services shall adopt regulations implementing this act as emergency regulations in accordance with the provisions of the Administrative Procedure Act, Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, the adoption of such regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare.

[Approved by Governor September 26, 1980. Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1708.5 is added to the Health and Safety Code, to read:

1708.5. (a) This chapter shall not apply to laetrile or amygdalin or any vitamins, minerals, enzymes, or foods for special dietary uses deemed adjunctive or necessary to laetrile or amygdalin therapy, when prescribed in accordance with the procedures set forth in subdivision (c), and in accordance with subdivisions (f), (g), and (h) and conditions of use approved pursuant to Article 5 (commencing with Section 26670) of Chapter 6 of Division 21, by a physician and surgeon licensed to practice in this state who is certified as a medical oncologist by the American Board of Medical Oncology.

(b) The manufacture, sale, prescription, and use of laetrile or amygdalin shall, notwithstanding such exemption from the provisions of this chapter, be subject to other applicable provisions of law.

(c) A physician and surgeon shall meet each of the following requirements as to any patient before prescribing laetrile or amygdalin for such patient pursuant to this section:

(1) The patient shall have consented in writing on an informed consent form, which shall include at least the following:

(A) An explanation of the risks and benefits of laetrile or amygdalin as a form of cancer therapy.

(B) An explanation of the risks and benefits of standard treatment modalities; such as chemotherapy, radiation therapy, and surgery, commonly prescribed by most licensed physicians in California, a substantial part of whose practices include treatment for cancer.

(C) A statement explaining to the patient that such patient can withdraw from the laetrile or amygdalin therapy at any time during the course of treatment.

(D) A statement explaining that laetrile or amygdalin need not be used to the exclusion of the standard treatment modalities.

(E) A statement which encourages the patient to consult with a second physician who specializes in the use of standard treatment modalities for cancer prior to using laetrile or amygdalin.

(2) The informed consent form shall be signed and dated by both the physician and patient and shall be retained in the patient's medical record.

(3) Each physician using an informed consent form as provided for in this subdivision shall file a sample copy of that form with the Board of Medical Quality Assurance which shall be available for public inspection and review. The Board of Medical Quality Assurance may improve the informed consent form, as it deems appropriate, consistent with the criteria set forth in this subdivision.

(d) In enacting this section, the Legislature finds and declares that the efficacy of the use of laetrile or amygdalin with respect to cancer therapy has not been determined.

(e) Failure of a physician to comply with the provisions of this section shall be deemed unprofessional conduct.

(f) This section shall only apply to patients diagnosed as terminal by a physician and surgeon who is certified as a medical oncologist by the American Board of Medical Oncology, except that the provisions of this section shall also apply to other patients in programs conducted within the principal teaching hospital of a medical school in this state that is approved by the Board of Medical Quality Assurance pursuant to Section 2192 of the Business and Professions Code.

(g) The Resource for Cancer Epidemiology Section of the State Department of Health Services shall collate and evaluate information on the response of patients to the therapy authorized pursuant to this section and shall provide a report to the Legislature annually. A form for the collection of this information shall be developed jointly by the Resource for Cancer Epidemiology Section of the department and the Cancer Advisory Council established pursuant to Section 1701, in consultation with the Board of Medical Quality Assurance, for distribution by the latter. Every physician and surgeon using or administering this therapy shall, upon the commencement of such therapy and as requested thereafter, provide the information requested by the form, the purpose of which is to provide information which will enable an objective, impartial evaluation of the effectiveness of this therapy in cancer treatment. The information on the form shall at a minimum, include the following:

(1) Patient identification, including name, age, and sex.

(2) Treating physician's identification, including name, address, and license number.

(3) Diagnosis supported by a pathology report and histopathology slides or material.

(4) History and physical examination at the time the patient is to

(6) Documentation of any measurable mass by physical exam, scans, or X-ray.

(7) History of previous medication, surgery, or radiation.

(8) The preparation of laetrile to be used and any other medications to be employed with laetrile.

(9) An agreement to provide continuing status reports on the patient.

(10) An agreement to provide a post mortem report on all patients who die while undergoing such therapy.

The provisions of this subdivision shall be implemented only to the extent they can be solely supported by available federal funds.

(h) This section shall remain in effect only until January 1, 1985, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1985, deletes or extends such date.

SEC. 2. Section 26681 is added to the Health and Safety Code, to read:

26681. Notwithstanding the provisions of paragraph (1) of subdivision (b) of Section 26670, subdivision (e) of Section 26672, or subdivision (c) of Section 26675, it shall not be a requirement for the approval of a new drug application for laetrile or amygdalin therapy, as specified in Section 1708.5, that the use of such drugs be proven effective under the conditions of use specified in any new drug application approved or submitted under this article. However, nothing in this section is intended to supersede any provision of this article, or regulations adopted pursuant to this article, relating to drug safety.

This section shall remain in effect only until January 1, 1985, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1985, deletes or extends such date.

SEC. 3. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

## CHAPTER 1131

An act to amend Sections 18208, 18306, and 18505 of, and to add and repeal Section 18502.5 of, the Health and Safety Code, relating to mobilehome parks, and making an appropriation therefor.

[Approved by Governor September 26, 1980 Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 18208 of the Health and Safety Code is amended to read:

18208. "Incidental camping area" is any area or tract of land where camping is incidental to the primary use of the land for agriculture, timber management, or water or power development purposes, and where two or more campsites used for camping are rented or leased or held out for rent or lease. The density of usage shall not exceed 25 camping parties within a radius of 265 feet from any campsite within the incidental camping area.

SEC. 2. Section 18306 of the Health and Safety Code is amended to read:

18306. The department shall evaluate the enforcement of this part, building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, and other regulations adopted pursuant to the provisions of this part by each city, county, or city and county which has assumed responsibility for enforcement.

In performing this evaluation, the department shall have the following authority:

(a) To examine the records of local enforcement agencies and to secure from them reports and copies of their records at any time. However, if the department requires duplication of these records, it shall pay the costs of such duplication.

(b) To carry out such investigations as it deems necessary to ensure enforcement of the provisions of this part and the regulations adopted pursuant thereto.

SEC. 3. Section 18502.5 is added to the Health and Safety Code, to read:

18502.5. (a) There is hereby established in the State Treasury the Mobilehome Parks Revolving Fund into which funds collected by the department pursuant to this part shall be deposited. Money deposited in the fund is continuously appropriated to the department for expenditure in carrying out the provisions of this part.

(b) Notwithstanding any maximum fees set by this part, the department may, by regulation, set fees charged by the department for all permits and for the department's activities mandated by this

part. Such fees shall be set with the primary objective that the aggregate revenue deposited in the Mobilehome Parks Revolving Fund shall not, on an annual basis, exceed the costs of the department's activities mandated by this part.

(c) No proposed increase in fees may be effective any sooner than 45 days after written notification thereof is provided to the chairman of the Joint Legislative Audit Committee and the Auditor General. Upon receipt of the notification, the Auditor General shall prepare, within 30 days, a report to the Legislature which indicates whether the proposed increase is appropriate and consistent with the provisions of this part.

(d) The total money contained in the Mobilehome Parks Revolving Fund on June 30 of each fiscal year shall not exceed the amount of money needed for the department's operating expenses for one year for the enforcement of this part. If the total money contained in the fund exceeds this amount, the department shall make appropriate reductions in the schedule of fees authorized by this section.

This section shall remain in effect only until January 1, 1984, and as of such date is repealed, unless a later enacted statute, which is chaptered before such date, deletes or extends such date.

SEC. 4. Section 18505 of the Health and Safety Code is amended to read:

18505. A permit to operate shall be issued by the department following notification by the local enforcement agency of completion of construction of a new mobilehome park or additional lots to an existing mobilehome park. The local enforcement agency shall, by approving the application for a permit to operate, authorize occupancy of the newly constructed facilities. Upon approval by the local enforcement agency, one copy of the permit application shall be provided to the applicant and one copy shall be forwarded to the department.

SEC. 5. The Joint Legislative Audit Committee shall conduct a study utilizing existing available resources evaluating the mobilehome enforcement program administered by the Department of Housing and Community Development pursuant to Part 2 (commencing with Section 18000) of, and Part 2.1 (commencing with Section 18200) of, Division 13 of the Health and Safety Code. A final report on the study shall be submitted to the Legislature on or before January 1, 1983.

SEC. 6. To the extent that revenues received by the state pursuant to this act require a reduction in the appropriation limit of the state, pursuant to Article XIII B of the California Constitution, it is the intent of the Legislature that appropriations to the Department of Housing and Community Development shall, in the year of such reduction, be reduced by an amount equal to such reduction in the state's appropriation limit.

SEC. 7. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article

XIII B of the California Constitution because self-financing authority is provided in this act to cover costs that may be incurred in carrying on any program or performing any service required to be carried on or performed by this act.

All proper expenses incurred in conducting proceedings for city incorporation, change of organization or municipal reorganization pursuant to Chapter 3 (commencing with Section 35200) shall be paid, unless otherwise provided by agreement between the conducting authority and the proponents, as follows:

(a) In the case of annexation or detachment proceedings, by the city to or from which territory is annexed or detached or was proposed to be annexed or detached.

Nothing in this paragraph, however, shall be construed as prohibiting a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed. In those cases in which the commission requires pre zoning, a city shall

prezone property for all proposals regardless of the method of initiation, when so requested. Such pre zoning shall be accomplished prior to the commission's review pursuant to the provisions of Chapter 4 (commencing with Section 65800) of Division 2 of Title 7, when so requested. The commission shall not specify how, or in what manner, the territory shall be pre zoned. By resolution, the commission may delegate authority to the executive officer to require pre zoning.

(e) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(f) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty thereof, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(g) To waive the restrictions of Section 35010 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(h) To waive the application of Section 25210.90 if it finds the application would deprive an area of a service needed to insure the health, safety, or welfare of the area's residents and if it finds that such waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the governing body may adopt a resolution nullifying the waiver.

SEC. 6. Section 54790.3 of the Government Code is amended to read:

amount of property tax revenue to be exchanged by the affected local agency.

(b) In making its determination as required by subdivision (a), the commission shall do all of the following:

(2) Determine, based on information submitted by each affected local agency, an amount equal to the total cost to each affected local agency during the prior fiscal year of providing those services which the new jurisdiction will assume within the area subject to the proposal.

(c) Following the approval of a proposal subject to this section, the executive officer shall notify the auditor of the amount determined in paragraph (3) of subdivision (b).

SEC. 7. Section 54799 of the Government Code is amended to read:

54799. If the commission disapproves a proposal, no further proceeding shall be taken thereon. No application for a subsequent proposal involving any of the same territory may be filed with the commission for at least one year after the date of disapproval without the consent of the commission.

Any legislative body conducting a proceeding as described in Section 56275 may, before the completion thereof, on good cause being shown, correct clerical errors or mistakes made through inadvertence, surprise, or excusable neglect that may be contained in the commission's resolution making determinations, if it first obtains the written consent of either the executive officer or the commission. The commission may likewise make such corrections before the completion of subsequent proceedings upon application by any member of the commission, by the executive officer of the commission or by any affected agency.

SEC. 16. Section 56325 of the Government Code is amended to read:

(b) The entire territory of each district ordered to be merged with or established as a subsidiary district of the city; or both within the district and within the entire territory of such city outside the boundaries of the district.

(c) Within any territory ordered annexed to, or detached from, a district.

(d) Subject to compliance with any commission order pursuant to Section 56252.1, both within the territory proposed to be reorganized and within the territory of any city to which territory is proposed to be annexed.

SEC. 18. Section 56441 of the Government Code is repealed.

SEC. 19. Section 56442 of the Government Code is repealed.

SEC. 20. Section 56443 of the Government Code is amended to read:

56443. After the canvass of the returns of the special election upon the question of reorganization, the board of supervisors shall adopt a resolution doing either of the following:

(a) Confirming the order of reorganization where such question was favored by a majority of the votes cast thereon within the entire territory within which an election was held.

(b) Determining the order of reorganization defeated by failure to receive the required vote.

SEC. 21. Section 56444 is added to the Government Code, to read:

56444. (a) Except as otherwise provided in subdivision (b), if proceedings for a reorganization involving only annexations or detachments are terminated either by majority protest as provided in Section 56438 or by failure of the majority of voters to confirm the order at an election held pursuant to Section 56440, no new proposal for the same or substantially the same plan of reorganization may be filed with the commission within one year after the date of adoption of the resolution terminating such proceedings.

(b) The commission may waive the provisions of subdivision (a) if it finds such provisions are detrimental to the public interest.

SEC. 22. Section 65859 of the Government Code is amended to read:

65859. A city may prezone unincorporated territory adjoining the city for the purpose of determining the zoning that will apply to such property in the event of subsequent annexation to the city. The method of accomplishing such prezoning shall be as provided by this chapter for zoning within the city. Such zoning shall become effective at the same time that the annexation becomes effective.

Pursuant to Section 54790, those cities subject to such provision shall complete prezoning proceedings as required by law.

If a city has not prezoned territory which is annexed, it may adopt an interim ordinance in accordance with the provisions of Section 65858.

SEC. 23. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because the Legislature finds and declares that there are no new duties, obligations, or responsibilities imposed on local government by this act that require reimbursement. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

[Approved by Governor September 26, 1980. Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 11018.5 of the Business and Professions Code is amended to read:

11018.5. With respect to the subdivisions and interests of the type described in Section 11004.5, and in addition to the other grounds for denial of a public report as set forth in this code, the commissioner shall issue a public report if the commissioner finds the following with respect to any such subdivision or interest:

(a) (1) Reasonable arrangements have been made to assure completion of the subdivision and all offsite improvements included in the offering.

(2) If the condominium or community apartment project, stock cooperative or planned development, or premises of facilities within the common area are not completed prior to the issuance of a final subdivision public report on the project, the subdivider shall specify a reasonable date for completion and shall comply with one of the following conditions:

(A) Arranges for lien and completion bond or bonds in an amount and subject to such terms, conditions and coverage as the commissioner may approve to assure completion of the improvements lien free.

(B) All funds from the sale of lots or parcels or such portions thereof as the commissioner shall determine are sufficient to assure construction of the improvement or improvements, shall be impounded in a neutral escrow depository acceptable to the commissioner until the improvements have been completed and all applicable lien periods have expired; provided, however, the commissioner determines the time for the completion is reasonable.

(C) An amount sufficient to cover the costs of construction shall be deposited in a neutral escrow depository acceptable to the commissioner under a written agreement providing for disbursements from such escrow as work is completed.

(D) Such other alternative plan as may be approved by the commissioner.

(b) The deeds, conveyances, leases, subleases, or instruments or assignment to be used are adequate to transfer to the purchasers the legal interests and uses which the owner or subdivider represents the purchasers will receive.

(c) After transfer of title to the first lot, apartment, or condominium in the subdivision to any purchaser, the provisions of the declaration of restrictions, articles of incorporation, bylaws, management contracts (and the provisions of any and all other documents establishing, in whole or in part, the plan for use, enjoyment, maintenance, and preservation of the subdivision) as last submitted to the commissioner prior to issuance of the final public report, shall be binding upon the purchaser and occupant of every other lot, apartment, or condominium in the subdivision, including, except with regard to a limited-equity housing cooperative or a time-share project, purchasers acquiring title by foreclosure, whether judicial or nonjudicial, or by deed in lieu thereof, under any mortgage or deed of trust, whether or not the mortgage or deed of trust was recorded prior to recordation of the covenants, conditions and restrictions applicable to such first lot, apartment, or condominium.

(d) Reasonable arrangements have been made for delivery of control over the subdivision and all offsite land and improvements included in the offering, to the purchasers of lots, apartments, or condominiums in such subdivision.

(e) Reasonable arrangements have been or will be made as to the interest of each of the purchasers of lots, apartments, or condominiums in the subdivision with respect to the management, maintenance, preservation, operation, use, right of resale, and control of their lots, apartments, or condominiums, and such other areas or interests, whether or not within, or pertaining to, areas within the boundaries of the subdivision, as have been or will be made subject to the plan of control proposed by the owner and subdivider, and which are included in the offering.

“Purchaser,” as used in this section, shall include within its meaning a lessee of the legal interests described in Section 11003 of this code.

SEC. 2. Section 50003.5 is added to the Health and Safety Code, to read:

50003.5. The Legislature finds and declares that the shortage of adequate student housing is detrimental to those communities in which college and university campuses are located, causing in particular substantial upward pressure on rents, housing shortages, conversion of family housing to student use, deterioration of housing stock, and generally unfavorable housing conditions under which students must pursue their education.

It is the intent of the Legislature, in enacting this section, to encourage the growth and formation of student-run and owned nonprofit housing cooperatives. Such student cooperatives shall be eligible for the applicable policies and programs provided pursuant to this division.

SEC. 3. Section 50515 of the Health and Safety Code is amended to read:

50515. (a) “Revolving loan fund” means the Housing

(b) "Predevelopment loan" means a loan for required expenses, other than administrative and construction, which are incurred by local agencies and nonprofit corporations in the process of, and prior to, securing long-term financing for production or rehabilitation of assisted housing, and which are recoverable once long-term financing is obtained. Predevelopment loans may include, but are not limited to loans covering costs associated with land purchase or options to buy land, with professional services such as architectural, engineering, or legal services, with permit or application fees, and with bonding, site preparation, related water or sewer development, or material expenses. In addition, such loan funds may be deposited in banks as compensating balances to establish lines of credit for participating nonprofit corporations.

(c) "Nonprofit corporation" means an entity incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code, a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code, a limited equity housing cooperative, or a nonprofit student cooperative organized for the purpose of providing housing to low-income students and their families.

Purposes for which loans may be made include, but are not limited to, costs of, or associated with, land purchase or options to buy land, professional services such as architectural, engineering, or legal services, permit or application fees, and bonding, site preparation, and related water or sewer development. In addition, such loans may be made for an extension of an option or advance previously obtained. Such loan funds may be deposited in banks as compensating balances to establish lines of credit for participating nonprofit corporations.

(c) "Nonprofit corporation" means an entity incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code, a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code, a limited-equity housing cooperative as defined in Section 33007.5 of this code, or a nonprofit student housing cooperative.

## CHAPTER 1134

An act to amend Sections 9888.1, 9888.2, 9888.3, 9889.17, 9889.18, 9889.52, 9889.56, 9889.58, and 9889.60 of the Business and Professions Code, to add Article 6 (commencing with Section 41970) to Chapter 3 of Part 4 of Division 26 of the Health and Safety Code, and to add Section 12953 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 26, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 9888.1 of the Business and Professions Code is amended to read:

9888.1. As used in this chapter:

(a) "Station" means a lamp adjusting station, a brake adjusting station, or a motor vehicle pollution control device installation and inspection station.

(b) "Licensed station" means a station licensed by the bureau pursuant to this chapter.

(c) "Licensed installer" means a person licensed by the bureau for installing, repairing, inspecting, or recharging motor vehicle pollution control devices, or performing emissions related repairs pursuant to Section 9889.60 or 9889.74, in licensed stations.

(d) "Licensed adjuster" means a person licensed by the bureau for adjusting lamps in licensed lamp adjusting stations or for adjusting brakes in licensed brake adjusting stations.

**SEC. 2.** Section 9888.2 of the Business and Professions Code is amended to read:

9888.2. The director shall adopt regulations which prescribe the equipment and other qualifications of any station as a condition to licensing the station as an official station for adjusting lamps or brakes and for installing, repairing, inspecting, or recharging motor vehicle pollution control devices and shall prescribe the qualifications of adjusters and installers employed therein.

**SEC. 3.** Section 9888.3 of the Business and Professions Code is amended to read:

9888.3. No person shall operate a motor vehicle pollution control device installation and inspection station or an "official" lamp or brake adjusting station unless a license therefor has been issued by the director. No person shall issue, cause or permit to be issued, any certificate purported to be an official lamp adjustment certificate unless he is a licensed lamp adjuster, an official brake adjustment certificate unless he is a licensed brake adjuster, or a certificate of compliance unless he is a licensed motor vehicle pollution control device installer, except as provided in Section 9889.56 or 9889.74.

**SEC. 4.** Section 9889.17 of the Business and Professions Code is amended to read:

9889.17. Any person may install a motor vehicle pollution control device; however, no person who is not a licensed installer shall install such a device for compensation. No such device shall be deemed to meet the requirements of the Vehicle Code or of Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, and the rules and regulations of the State Air Resources Board, unless it has been inspected and a certificate of compliance has been issued pursuant to Section 9889.18, 9889.56, or 9889.74.

SEC. 5. Section 9889.18 of the Business and Professions Code is amended to read:

9889.18. (a) Whenever a licensed installer in a licensed station, in conformity with the instructions of the director, inspects or repairs a motor vehicle for pollution control, or installs a motor vehicle pollution control device, and determines that the vehicle conforms with the requirements of Section 27157 or 27157.5 of the Vehicle Code or Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, and the rules and regulations of the State Air Resources Board, a certificate of compliance shall be issued to the owner or driver of the vehicle except when such work is performed in accordance with the requirements of Section 9889.60 and resulting from a recommendation of the department pursuant to Section 9889.51 or 9889.74. The certificate of compliance shall contain provisions for the date of issuance, the make and registration number of the vehicle, the name of the owner of the vehicle, and the official designation of the station. It is unlawful for any person, other than a licensed installer in a licensed station, to sign or issue a certificate of compliance required by this article.

(b) A licensed installer shall not issue a certificate of compliance for any motor vehicle or motor vehicle with a motor vehicle engine which is not certified by the state board, and which is the subject of a transaction prohibited by Section 43152 or 43153 of the Health and Safety Code.

(c) With respect to a motor vehicle or motor vehicle with a new motor vehicle engine not certified by the state board which is in violation of Article 1.5 (commencing with Section 43150) of Chapter 2 of Part 5 of Division 26 of the Health and Safety Code, but which is not the subject of a transaction prohibited by Section 43152 or 43153 of that code, a licensed installer shall issue a certificate of noncompliance. The certificate of noncompliance shall contain the same information as a certificate of compliance but also shall indicate the basis for nonconformity and be of a distinctive form or style. The licensed installer shall send copies of any such certificate of noncompliance issued to the State Air Resources Board.

SEC. 6. Section 9889.52 of the Business and Professions Code is amended to read:

9889.52. (a) The department shall administer the inspection program adopted pursuant to this chapter, and shall hire, train, and organize the staff necessary to effect this purpose.

(b) The department shall conduct a series of orientation or

training seminars to familiarize automobile mechanics and owners of motor vehicles subject to the provisions of this chapter with procedures and forms to be utilized in the inspection program and, in particular, with maintenance and repair procedures recommended by the department for performance on vehicles failing to pass inspections. Such seminars shall be conducted at locations in each of the counties subject to this chapter selected on the basis of convenience of participants' access. Any licensed installer employed by a motor vehicle pollution control device installation and inspection station licensed pursuant to Section 9888.3, shall be required to attend an orientation or training seminar conducted by the department prior to performing the maintenance or repairs of a motor vehicle which were recommended by the department pursuant to Section 9889.51 to correct the malfunction or misadjustment responsible for the vehicle's failure of an inspection conducted pursuant to this chapter.

(c) The department shall acquire and construct such facilities as are necessary to establish inspection stations, except when the facilities are acquired and constructed by a public or private entity under contract with the state board pursuant to Section 9889.54. However, in the interests of expediency and economy, whenever practicable, existing state installations, surplus state property, and leased property shall be utilized. A private entity operating any portion of the inspection program by contract with the state board pursuant to Section 9889.54 shall not have any financial interest in any automotive repair station located within the geographical area in which the program is being conducted.

(d) The department shall ascertain whether a sufficient number of qualified persons are available to perform the motor vehicle repairs and maintenance which may be recommended by the department pursuant to motor vehicle inspection program established pursuant to this chapter. Notwithstanding the schedule in Section 9889.55, the program shall not be implemented until the department determines that there are enough qualified persons available to perform such repairs and maintenance.

(e) Notwithstanding any other provision of this section, the department may license any owner of a fleet of 10 or more motor vehicles subject to this chapter, who so elects, to implement and conduct the inspections of fleet vehicles required by this chapter, on his own premises utilizing his own facilities or personnel, or both, subject to the following conditions:

(1) The owner's inspection system shall conform, in the department's determination, with all provisions of Section 9889.51, and with all rules and regulations adopted by the department pursuant thereto. Such regulations shall provide for adequate onsite inspection by representatives of the department and the State Air Resources Board. The department shall consult with the State Air Resources Board prior to adopting such regulations.

(2) The license shall be suspended or rescinded by the

department whenever the department determines, on the basis of random spot checks of the owner's inspection system and fleet vehicles, that the system fails so to conform or that certificates of compliance or waiver have been issued by the owner in violation of regulations adopted by the department. Any owner licensed to conduct his own inspections under this subdivision shall be deemed to have consented to provide the department with whatever access, information, and other cooperation the department reasonably determines are necessary to facilitate the random spot checks required by this paragraph.

(3) The department may authorize the owner to implement and conduct the inspections required by this chapter for vehicles owned, as part of a fleet of 10 or more vehicles, through another person, subject to the conditions set forth in paragraphs (1) and (2) of this subdivision. Such other persons shall be identified in the owner's request for authorization to conduct inspections, and shall be deemed to have consented to provide whatever access, information, and cooperation the department reasonably determines is necessary to facilitate the random spot checks required by this section.

(4) In the case of any new or used motor vehicle dealer, the authorization shall terminate upon implementation of the renewal of registration phase of the program pursuant to subdivision (c) of Section 9889.55.

SEC. 7. Section 9889.56 of the Business and Professions Code is amended to read:

9889.56. (a) The department shall issue a certificate of compliance or noncompliance, as defined in Section 9889.18, to satisfy requirements set forth in Sections 4000.1 and 4000.2 of the Vehicle Code for each motor vehicle subject to the provisions of this chapter under any of the following situations:

(1) The motor vehicle passes an inspection conducted by the department pursuant to subdivision (b) or (c) of Section 9889.55.

(2) The motor vehicle is owned by any governmental entity or public utility and passes an inspection conducted by the department pursuant to subdivision (e) of Section 9889.55.

(b) Any motor vehicle which fails to pass any required inspection may undergo maintenance or repair and be reinspected at the request of the owner. Such motor vehicle shall, however, be required to pass reinspection prior to its registration, except that the department may waive that requirement if the motor vehicle has been repaired or serviced by a licensed installer at a motor vehicle pollution control device installation and inspection station licensed pursuant to Section 9888.3.

(c) Notwithstanding any other provision of law, the department shall waive the certificate of compliance requirements, and shall issue a certificate of waiver to fulfill the requirements set forth in Sections 4000.1 and 4000.2 of the Vehicle Code, for a motor vehicle under any of the following situations:

(1) The motor vehicle does not satisfy the requirements of

paragraph (1) of subdivision (b) of Section 9889.51, fails reinspection after receiving a low-emission tuneup performed to specifications established by the department pursuant to Section 9889.60, and is in need of further maintenance and repairs which the department determines, based upon the estimate of a licensed installer at a motor vehicle pollution control device installation and inspection station licensed pursuant to Section 9888.3, will exceed maximum repair costs which the department may establish but which in no event shall be less than the amount applicable under paragraph (2) of subdivision (c) of this section. In establishing such maximum repair costs, the department shall consider such factors as the age of the vehicle and typical costs of repairing or replacing emission control devices.

Nothing in this paragraph shall be deemed to require additional data processing by the department, or its contractors or subcontractors.

(2) The motor vehicle satisfies the requirements of paragraph (1) of subdivision (b) of Section 9889.51, fails reinspection after receiving a low-emission tuneup performed to specifications established by the department pursuant to Section 9889.60, and is in need of further maintenance and repairs, excluding those necessary to repair or replace a defective, altered, or missing emission control device required by state or federal law, which the department determines, based upon the estimate of a licensed installer at a motor vehicle pollution control device installation and inspection station licensed pursuant to Section 9888.3, will cost more than fifty dollars (\$50). The department may increase that amount to seventy-five dollars (\$75), taking into consideration, among other things, the increase in the cost of living as reflected in the Consumer Price Index, as published by the United States Bureau of Labor Statistics.

(d) With respect to a motor vehicle or motor vehicle with a new motor vehicle engine not certified by the state board which is in violation of Article 1.5 (commencing with Section 43150) of Chapter 2 of Part 5 of Division 26 of the Health and Safety Code, but which is not the subject of a transaction prohibited by Section 43152 or 43153 of that code, the department shall issue a certificate of noncompliance. The certificate of noncompliance shall contain the same information as a certificate of compliance but also shall indicate the basis for nonconformity and be of a distinctive form or style. The department shall send copies of any such certificate of noncompliance issued to the State Air Resources Board.

(e) A fleet owner authorized to conduct inspections pursuant to subdivision (e) of Section 9889.52 shall issue certificates of compliance for motor vehicles which pass the inspection described in subdivision (e) of Section 9889.52, shall issue certificates of waiver for motor vehicles which satisfy the requirements of subdivision (c), shall issue certificates of noncompliance for motor vehicles as specified in subdivision (d), and shall pay a fee as established by the department for each certificate issued.

SEC. 8. Section 9889.58 of the Business and Professions Code is amended to read:

9889.58. The department shall compile and maintain records of maintenance and repairs performed pursuant to Section 9889.56 by motor vehicle pollution control device installation and inspection stations licensed pursuant to Section 9888.3. Information maintained in such records shall include, for each such station, all of the following:

(a) The number of maintenance and repair operations performed on motor vehicles which failed to pass an inspection conducted by the department pursuant to the provisions of this chapter.

(b) The correlation between maintenance and repairs recommended by the department pursuant to subdivision (b) of Section 9889.51 and maintenance and repairs performed.

(c) The percentage of maintained and repaired vehicles which passed reinspection.

(d) The charges assessed for such maintenance and repairs.

(e) Any other information deemed essential by the department.

A written summary of such information applicable to stations in the vicinity of each inspection station shall be published quarterly by the department and made available upon request to the owner of each motor vehicle subject to this chapter which fails to pass inspection at the time the owner is informed of such failure.

SEC. 9. Section 9889.60 of the Business and Professions Code is amended to read:

9889.60. The department shall, with the cooperation of the State Air Resources Board and after consultation with automobile manufacturers, establish specifications and procedures for the motor vehicle maintenance and repairs recommended by the department pursuant to Section 9889.51 and for low-emission motor vehicle engine tuneups. Such specifications and procedures shall be followed whenever any motor vehicle maintenance, repairs, or engine tuneup is performed by a licensed installer working in a motor vehicle pollution control device installation and inspection station licensed pursuant to Section 9888.3. Such license of any dealer or station who does not follow such specifications and procedures shall be subject to suspension by the department.

SEC. 10. Article 6 (commencing with Section 41970) is added to Chapter 3 of Part 4 of Division 26 of the Health and Safety Code, to read:

#### Article 6. Gasoline Cargo Tanks

41970. (a) As an alternative to the criminal penalties provided in Article 3 (commencing with Section 42400) of Chapter 4 in any case involving a gasoline cargo tank subject to Article 5 (commencing with Section 41950), if it appears that any person has violated any provision of this part, or any order, rule, or regulation of the state board or of a district adopted pursuant to this part, and all of the

conditions set forth in subdivision (b) are met and the investigating officer or official decides to initiate enforcement action, he or she may prepare, in triplicate, and the alleged violator shall sign, a written notice to appear containing the following statement: "Cited in accordance with Section 41970 of the Health and Safety Code." If the arrested person presents, by mail or in person, proof of correction as prescribed in Section 41971 on or before the date on which he or she promised to appear, the court shall dismiss the applicable charges.

(b) Use of the notice to appear pursuant to this article is authorized when both of the following conditions exist:

(1) The violation does not evidence intentional avoidance or persistent neglect.

(2) The violation has not presented and does not present an immediate safety hazard.

41971. Proof of correction shall consist either of a verification pursuant to Section 41972 or of a certification by an authorized representative of one of the following agencies that the alleged violation has been corrected:

(a) The state board.

(b) The State Fire Marshal.

(c) The district board.

41972. (a) Proof of correction by verification shall consist of a verification by the owner or operator of the gasoline cargo tank that the alleged violation has been corrected. The owner or operator shall notify the agency which issued the notice to appear at least 24 hours in advance of the time when the correction may be inspected, specifying the location of the gasoline cargo tank.

If a representative of the issuing agency fails to appear to make the inspection at the designated place and time, the owner or operator shall prepare and submit a verification under penalty of perjury that the alleged violation has been corrected.

The state board shall adopt regulations for the making and submission of verifications pursuant to this section.

41973. Each day that a gasoline cargo tank, which is the subject of a notice to appear issued pursuant to this article, is operated without correction of such violation subsequent to the date of the notice shall constitute a separate offense subject to the penalties provided in Article 3 (commencing with Section 42400) of Chapter 4.

41974. (a) Except as provided in subdivision (b), Article 3 (commencing with Section 42400) of Chapter 4 shall apply to any gasoline cargo tank subject to Article 5 (commencing with Section 41950).

(b) The other provisions of this article shall not apply to any gasoline cargo tank violation of that Article 5 occurring prior to January 1, 1981.

SEC. 11. Section 12953 is added to the Vehicle Code, to read:

12953. In any circumstances involving accidents or violations in

which the engineer or any other crewmember of any train is detained by state or local police, the engineer or any other crew member shall not be required to furnish a motor vehicle operator's license, nor shall any citation involving the operation of a train be issued against the motor vehicle operator's license of the engineer or any other crew member of the train.

SEC. 12. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

#### CHAPTER 1135

An act to add Article 9.5 (commencing with Section 31143) to Chapter 1 of Part 5 of Division 12 of the Water Code, relating to county water districts.

[Approved by Governor September 26, 1980. Filed with  
Secretary of State September 26, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Article 9.5 (commencing with Section 31143) is added to Chapter 1 of Part 5 of Division 12 of the Water Code, to read:

#### Article 9.5. San Lorenzo Valley Water District

31143. In addition to the other powers provided by law, the San Lorenzo Valley Water District, Santa Cruz County, shall have all of the following powers and shall promptly and effectively exercise such powers as may be appropriate to ensure that onsite waste water disposal systems, as defined in Section 6952 of the Health and Safety Code, along the San Lorenzo River do not pollute the river, its tributaries, and ground water:

(a) To carry on technical and other investigations, examinations, or tests, of all kinds, make measurements, collect data, and make analyses, studies, and inspections pertaining to the water supply, use of water, water quality, nuisance, pollution, waste, and contamination of water within the district as such activities relate to the use of public, combined, or private onsite waste water disposal systems.

(b) To require all persons discharging from onsite waste water

disposal systems within the district to register the system with the district, and to charge annual registration fees in such amount as will defray all or a portion of the costs of exercising the powers provided in this article. Applications for permits for onsite waste water disposal systems within the district to the County of Santa Cruz shall be referred to the district for the district's review and comment.

(c) To adopt and enforce regulations for onsite waste water disposal systems within the district, after holding a public hearing on reasonable notice thereof, to control and enhance the quality of the ground and surface waters of the district, in order to eliminate the pollution, waste, and contamination of water flowing into, through, or originating within watercourses, both natural and artificial, within the district, to prevent contamination, nuisance, pollution, or otherwise rendering unfit for beneficial use the surface or ground water used or useful in the district, and to expend such amounts as are necessary to exercise such powers from the funds of the district. Such regulations shall not be in conflict with state law or county ordinances.

31143.1. The district shall immediately do all such acts as are reasonably necessary to secure compliance with any federal, state, regional, or local law, order, regulation, or rule relating to water pollution or discharges from onsite waste water disposal systems within the area of the district. For such purpose, any authorized representative of the district, upon presentation of his credentials, or, if necessary under the circumstances, after obtaining an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, or with the permission of the owner, shall have the right of entry to any premises on which an onsite waste water disposal system is located for the purpose of inspecting such system, including securing samples of discharges therefrom, or any records required to be maintained in connection therewith by federal, state, or local law, order, regulation, or rule.

31143.2. (a) Violation of any of the provisions of a district regulation adopted pursuant to Section 31143 may be abated as a public nuisance by the district, and the board of directors may by regulation establish a procedure for the abatement of such a nuisance and to assess the cost of such abatement to the violator. If the violator maintains the nuisance upon real property in which he has a fee title interest, the assessment shall constitute a lien upon such real property.

(b) The amount of any costs incurred by the district in abating such a nuisance upon real property shall be added to the annual taxes next levied upon the real property subject to abatement and shall constitute a lien upon that real property as of the same time and in the same manner as does the tax lien securing such annual taxes. All laws applicable to the levy, collection, and enforcement of district taxes shall be applicable to such assessment, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide

encumbrancer for value has been created and attached thereon, prior to the date on which the first installment of such taxes would become delinquent, then a lien which would otherwise be imposed by this section shall not attach to such real property and the delinquent and unpaid charges relating to such property shall be transferred to the unsecured roll for collection. Any amounts of such assessments collected are to be credited to the funds of the district from which the costs of abatement were expended.

31143.3. (a) The owner of any real property upon which is located an onsite waste water disposal system, which system is subject to abatement as a public nuisance by the district, may request the district to replace or repair, as necessary, such system. If replacement or repair is feasible, the board of directors, in its sole discretion, may provide for the necessary replacement or repair work.

(b) The person or persons employed by the board of directors to do the work shall have a lien, subject to the provisions of subdivision (b) of Section 31143.2, for work done and materials furnished, and the work done and materials furnished shall be deemed to have been done and furnished at the request of the owner. The district, in the discretion of the board of directors, may pay all, or any part, of the cost or price of the work done and materials furnished; and, to the extent that the district pays the cost or price of the work done and materials furnished, the district shall succeed to and have all the rights, including, but not limited to, the lien, of such person or persons employed to do the work against the real property and the owner.

(c) As an alternative power to the enforcement of the lien provided in subdivision (b), the board of directors may, by ordinance adopted by two-thirds vote of the members, fix the costs of replacement or repair; fix the times at which such costs shall become due; provide prior to the replacement or repair for the payment of the costs in installments over a period not to exceed 15 years; establish a rate of interest not to exceed 8 percent per annum, to be charged on the unpaid balance of the costs; and provide that the amount of the costs and the interest shall constitute a lien, subject to the provisions of subdivision (b) of Section 31143.2, against the respective lots or parcels upon which the work is done.

31143.4. In order to avoid duplication, either the district or the County of Santa Cruz may contract with the other party for any services or activities authorized to be performed pursuant to this article.

31143.5. Any violation of a regulation of the district adopted pursuant to Section 31143 is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500), or imprisonment not to exceed 60 days, or by both such fine and imprisonment. Each day of such a violation shall constitute a separate offense. Any violation or threatened violation of a regulation of the district may also be enjoined by civil suit.

SEC. 2. The Legislature hereby finds and declares that a unique situation exists within the San Lorenzo Valley Water District because of a large transient population, extensive use of private septic systems, land topography and population density that create special problems for sewage treatment and disposal, remoteness to other urbanized areas in the county, an immediate need to meet water quality control laws and the health and safety requirements of the district inhabitants, and the existence of a public agency capable of performing such needed public service without the need for proliferation of new agencies, with their attendant costs, for such public service. The Legislature further finds and declares that a general act cannot be made applicable to this unique situation and that it is, therefore, necessary to enact this special act relating to the San Lorenzo Valley Water District.

SEC. 3. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

## CHAPTER 1136

An act to amend Sections 50003, 50515, 50517, 50517.5, 50530, 50531, 50533, 50901, 50902, and 51005 of, to add Sections 50007.5, 50082.5, 50082.7, 50510.5, 50531.5, 51005.5, and 51853.6 to, to add Chapter 6.5 (commencing with Section 51320) to Part 3 of Division 31 of, the Health and Safety Code, and to amend Sections 987.65 and 987.71 of the Military and Veterans Code, relating to housing.

[Approved by Governor September 26, 1980. Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. This act shall be known and may be cited as the Manufactured Housing Assistance Act of 1980.

SEC. 2. Section 50003 of the Health and Safety Code is amended to read:

50003. (a) The Legislature finds and declares that, as a result of public actions involving highways, public facilities, and urban renewal projects, and as a result of poverty and the spread of slum conditions and blight to formerly sound neighborhoods, there exists within the urban and rural areas of the state a serious shortage of decent, safe, and sanitary housing which persons and families of low

or moderate income, including the elderly and handicapped, can afford. This situation creates an absolute present and future shortage of supply in relation to demand, as expressed in terms of housing needs and aspirations, and also creates inflation in the cost of housing, by reason of its scarcity, which tends to decrease the relative affordability of the state's housing supply for all its residents.

(b) To provide a decent home and suitable living environment for every California family is the basic housing goal of state government. The Legislature recognizes that the California Statewide Housing Plan shows the magnitude of this goal by documenting a substantial need for rehabilitation of existing housing, demolition and replacement of severely dilapidated housing, construction of new apartments, houses, and mobilehomes, construction or rehabilitation of housing for year-round hired and seasonal farmworkers as well as housing for migrant farmworkers, and the provision of financial assistance to a substantial number of lower income households in order to meet standards for affordable rent or housing cost. Private enterprise and investment, without governmental assistance, cannot economically achieve the needed construction of decent, safe, and sanitary housing at rents or purchase prices which persons and families of low or moderate income can afford, nor can it provide the urgently needed rehabilitation of existing housing. The Legislature also recognizes the need to provide assistance to persons and families of low and moderate income and very low income households to purchase manufactured housing and to cooperatively own the mobilehome parks in which they reside and the need to increase the supply of manufactured housing affordable to persons and families of low and moderate income and very low income households.

(c) The shortage of decent, safe, and sanitary housing is inimical to the safety, health, and welfare of the residents of the state and sound growth of its communities.

(d) In order to remedy such shortages, it is the intent of the Legislature in enacting this division to provide a comprehensive and balanced approach to the solution of housing problems of the people of this state.

(e) This section shall not be interpreted as requiring state actions to meet housing goals without legislative authorization, or as requiring such legislative action.

SEC. 3. Section 50007.5 is added to the Health and Safety Code, to read:

50007.5. The Legislature finds and declares that manufactured housing, by virtue of its production costs and sales prices can provide a source of decent, safe, and affordable shelter for persons and families of low and moderate income. The Legislature finds and declares that the availability of manufactured housing has been limited by inadequate sites for such manufactured housing and by the costs of financing the purchase of such housing. The Legislature finds and declares that, if California is to effectively meet the housing needs of persons and families of low and moderate income, it must

encourage increased manufactured housing production, new manufactured housing developments, and the purchase of new manufactured housing by persons and families of low and moderate income. Therefore, it is the intent of the Legislature that the Department of Housing and Community Development and the California Housing Finance Agency, in implementing the programs established by this division, as amended by the Manufactured Housing Assistance Act of 1980, shall encourage increased availability and affordability of manufactured housing for persons and families of low and moderate income.

SEC. 4. Section 50082.5 is added to the Health and Safety Code, to read:

50082.5. "Manufactured housing" means a mobilehome, as defined by Section 18008, and factory-built housing, as defined in Section 19971.

SEC. 5. Section 50082.7 is added to the Health and Safety Code, to read:

50082.7. "Mobilehome park" shall have the same meaning as such term is defined in Section 18214.

SEC. 6. Section 50510.5 is added to the Health and Safety Code, to read:

50510.5. The department may provide technical assistance to housing sponsors who are involved in any of the following activities:

(a) The development of cooperatively owned mobilehome parks for persons and families of low and moderate income.

(b) The development of mobilehome parks in which the rents charged for spaces are affordable to and occupied by persons and families of low and moderate income.

(c) The development of manufactured housing subdivisions in which lots and mobilehomes will be purchased by persons and families of low and moderate income.

The department may also provide technical assistance to cooperatives and nonprofit housing sponsors who are involved in the purchase of an existing mobilehome park which is placed on the market and which will be occupied primarily by persons and families of low and moderate income.

SEC. 7. Section 50515 of the Health and Safety Code is amended to read:

50515. As used in Section 50516 and Section 50517:

(a) "Housing" includes, but is not limited to, manufactured housing.

(b) "Revolving loan fund" means the Housing Predevelopment Loan Fund which is replenished continuously by repayments of principal on loans made from the fund.

(c) "Predevelopment loan" means a loan for required expenses, other than administrative and construction, which are incurred by local agencies and nonprofit corporations in the process of, and prior to, securing long-term financing for production or rehabilitation of assisted housing, and which are recoverable once long-term

financing is obtained. Predevelopment loans may include, but are not limited to loans covering costs associated with land purchase or options to buy land, with professional services such as architectural, engineering, or legal services, with permit or application fees, and with bonding, site preparation, related water or sewer development, or material expenses. In addition, such loan funds may be deposited in banks as compensating balances to establish lines of credit for participating nonprofit corporations.

(d) "Nonprofit corporation" means an entity incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code or a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code.

SEC. 8. Section 50517 of the Health and Safety Code is amended to read:

50517. The Housing Predevelopment Loan Fund shall be administered by the director and such persons within the department as the director may designate.

The revolving loan fund shall be administered in accordance with the following:

(a) The department may not commit more than 20 percent of the total moneys appropriated to the fund to any single borrower at any point in time.

(b) The department shall require adequate security for all loans made from the revolving loan fund. The term "adequate security" includes, but need not be limited to, a first lien on any property purchased with loan fund moneys, a promissory note, or an assignment of a land option except that in the case of Indian Trust Land a mortgage on a leasehold interest in the property shall be acceptable.

(c) The department shall, from time to time, direct the State Treasurer to invest moneys of the revolving loan fund which are not required for its current needs in such eligible securities as the department shall designate from among those specified in Section 16430 of the Government Code. The department may direct the State Treasurer to deposit moneys from the revolving loan fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. The department may alternatively require the transfer of moneys in the revolving loan fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3, Part 2, Division 4, Title 2 of the Government Code. All interest, dividends, and pecuniary gains from such investments or deposits shall accrue to the Housing Predevelopment Loan Fund.

(d) In complying with the provisions of Section 50408, the department shall also report annually to the Legislature and the Governor on the administration of the revolving loan fund. Such report shall include, but need not be limited to, (1) the number of units assisted, (2) the average income of households assisted and the

distribution of annual incomes among assisted households, (3) the rents in assisted units, (4) the number and amount of loans made to each local governmental agency or nonprofit corporation in the preceding year, (5) data on the number of delinquencies and defaults, (6) recommendations, as needed, to improve operations of the revolving loan fund, (7) the number of loans made at interest rates lower than the average rate returned by the investment of state funds through the Pooled Money Investment Board for the past five fiscal years and the income of households assisted by such loans, (8) the public transportation services conveniently available to assisted households, and (9) the number of manufactured housing units assisted under Section 50516 and this section.

(e) (1) Except as provided in paragraph (2) of this subdivision, all loans made from the Housing Predevelopment Loan Fund shall bear interest. The rate of interest for any loan shall be computed annually, and shall be the same as the average rate returned by the investment of state funds through the Pooled Money Investment Board for the five fiscal years immediately preceding the year in which the loan payment is made.

(2) The department may reduce or eliminate interest on the loans, if, in the exercise of sound discretion, the department determines such action is necessary for the provision of decent housing to very low income households, as described in Section 50105, provided, however, that if the department eliminates interest on a loan, it shall charge a loan origination fee of not to exceed 2 percent of the loan amount.

(f) The department may make loans for the development of mobilehome parks and manufactured housing subdivisions.

SEC. 9. Section 50517.5 of the Health and Safety Code is amended to read:

50517.5. (a) The department shall establish a Farmworker Housing Grant Program under which, subject to the availability of funds therefor, grants shall be made to local public entities and nonprofit corporations for the construction or rehabilitation of housing for agricultural employees and their families. Under such program, grants may also be made for the purchase of land in connection with housing assisted pursuant to this section and for the construction and rehabilitation of related support facilities necessary to such housing. No part of a grant made pursuant to this section may be used for project organization or planning.

Such program shall be administered by the Director of Housing and Community Development and such officers and employees of the department as he may designate. It is the intent of the Legislature that, in administering the program, the director shall facilitate, to the greatest extent possible, the construction and rehabilitation of permanent dwellings for year-round occupancy and ownership by agricultural employees, including ownership of the sites upon which such dwellings are located.

(b) The Farmworker Housing Grant Fund is hereby created in

the State Treasury. All money in the fund is continuously appropriated to the department for making grants pursuant to this section and for costs incurred by the department in administering such grant program.

(c) Grants made pursuant to this section shall be matched by grantees with at least equal amounts of federal moneys, other cash investments, or in-kind contributions.

(d) With respect to the supervision of grantees, the department shall do the following:

(1) Establish minimum capital reserves to be maintained by grantees.

(2) Fix and alter from time to time a schedule of rents such as may be necessary to provide residents of housing assisted pursuant to this section with affordable rents to the extent consistent with the maintenance of the financial integrity of the housing project. No grantee shall increase the rent on any unit constructed or rehabilitated with the assistance of funds granted pursuant to this section without the prior permission of the department, which shall be given only if the grantee affirmatively demonstrates that such increase is required to defray necessary operating costs or avoid jeopardizing the fiscal integrity of the housing project.

(3) Determine standards for, and control selection by grantees of, tenants and subsequent purchasers of housing constructed or rehabilitated with the assistance of funds granted pursuant to this section.

(4) Require as a condition precedent to a grant of funds that the grantee be record owner in fee of the assisted real property and that such grantee shall have entered into a written agreement with the department binding upon the grantee and successors in interest to the grantee. The agreement shall include the conditions under which the funds advanced may be repaid. The agreement shall include provisions for a lien on the assisted real property in favor of the State of California for the purpose of securing performance of the agreement. The agreement shall also provide that the lien shall endure until released by the Director of Housing and Community Development.

In the event that funds granted pursuant to this section constitute less than 25 percent of the total development cost or value, whichever is applicable, of a project assisted under this section, the department may adopt, by regulation, criteria for determining the number of units in a project to which the restrictions on occupancy contained in the agreement apply. In no event may such regulations provide for the application of the agreement to a percentage of units in a project which is less than the percentage of total development costs which funds granted pursuant to this section represent.

Contemporaneously with the disbursement of the initial funds to a grantee, the department shall cause to be recorded, in the office of the county recorder of the county in which the assisted real property is located, a notice of lien executed by the Director of

Housing and Community Development. The notice of lien shall refer to the agreement required by this paragraph for which it secures and it shall include a legal description of the assisted real property which is subject to the lien. The notice of lien shall be indexed by the recorder in the Grantor Index to the name of the grantee and in the Grantee Index to the name of the State of California, Department of Housing and Community Development. The department shall adopt by regulation criteria for the determination of the lien period. Such regulation shall take into account whether the property is held by multifamily rental, single-family ownership, or cooperative ownership and whether it is new construction or rehabilitative construction.

Pursuant to regulations adopted by the department, the department is authorized to execute and cause to be recorded in the office of the recorder of the county, in which a notice of lien has been recorded, a subordination of the lien. The regulations adopted by the department shall provide that any subordination of the lien shall not jeopardize the security interest of the state and shall further the interest of farmworker housing. The recitals contained in such subordination shall be conclusive in favor of any bona fide purchaser or lender relying thereon.

(5) Regulate the terms of occupancy agreements to be used in housing assisted pursuant to this section.

(6) Provide bilingual services and publications, or require grantees to do so, as necessary to implement the purposes of this section.

(7) The agreement between the department and the grantee shall provide, among other things, that:

(A) Upon the sale or conveyance of the real property, or any part thereof, for use other than for agricultural employee occupancy, the grantee or its successors shall, as a condition for the release of the lien provided pursuant to paragraph (4), repay to the fund the department's grant funds.

(B) Upon the sale or conveyance of the real property, or any part thereof, for continued agricultural employee occupancy, the transferee shall assume the obligation of the transferor and the real property shall be transferred to the new owner; provided that such person agrees to abide by the agreement entered into between the transferor and the department and that the new owner takes the property subject to the lien provided pursuant to paragraph (4), except that such lien shall at the time of the transfer of the property to the new owner be extended for such additional lien period, as determined by the department pursuant to paragraph (4), and the new owner shall not be credited with the lien period that had run from the time the transferor had acquired the property to the time of transfer to the new owner, unless the department determines that it is in the best interest of the state and consistent with the intent of this section to so credit the lien period to the new owner. However, such lien shall have priority as of the recording date of the lien for

the original grantee, pursuant to paragraph (4) of this subdivision.

(e) The department may do any of the following with respect to grantees:

(1) Through its agents or employees enter upon and inspect the lands, buildings, and equipment of a grantee, including books and records, at any time before, during, or after construction or rehabilitation of units assisted pursuant to this section. However, there shall be no entry or inspection of any unit which is occupied, whether or not any occupant is actually present, without the consent of the occupant.

(2) Supervise the operation and maintenance of any housing assisted pursuant to this section and order such repairs as may be necessary to protect the public interest or the health, safety, or welfare of occupants of the housing.

(f) The department shall include in its annual report required by Section 50408, a current report of the Farmworker Housing Grant Program. Such report shall include, but need not be limited to: (1) the number of households assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents paid by households assisted, (4) the number and amount of grants made to each nonprofit corporation and local public entity in the preceding year, (5) the dollar value of funding derived from sources other than the state for each project receiving a grant under this section, and an identification of each such source, (6) recommendations, as needed, to improve operations of the program and respecting the desirability of extending its application to other groups in rural areas identified by the department as having special need for state housing assistance, and (7) the number of manufactured housing units assisted under this section.

(g) As used in this section:

(1) "Nonprofit corporation" means an entity incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code or a stock cooperative as defined in Section 11003.2 of the Business and Professions Code.

(2) "Agricultural employee" has the same meaning as specified in subdivision (b) of Section 1140.4 of the Labor Code.

(3) "Housing" may include, but need not be limited to, conventionally constructed units, and manufactured housing.

SEC. 10. Section 50530 of the Health and Safety Code is amended to read:

50530. As used in this chapter:

(a) "Housing" includes, but is not limited to, manufactured housing.

(b) "Loan" means a loan for required expenses, other than administrative and construction, which are incurred by local agencies and nonprofit corporations in the process of, and prior to, securing long-term financing for construction or rehabilitation of assisted housing, and which are recoverable once long-term

financing is obtained. Purposes for which loans may be made include, but are not limited to, costs of, or associated with, land purchase or options to buy land, professional services such as architectural, engineering, or legal services, permit or application fees, and bonding, site preparation, and related water or sewer development. In addition, such loans may be made for an extension of an option or advance previously obtained. Such loan funds may be deposited in banks as compensating balances to establish lines of credit for participating nonprofit corporations.

(c) "Loan fund" means the Urban Housing Development Loan Fund.

(d) "Nonprofit corporation" means an entity incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code or a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code.

SEC. 11. Section 50531 of the Health and Safety Code is amended to read:

50531. (a) There is hereby created in the State Treasury the Urban Housing Development Loan Fund.

All money in the loan fund is hereby continuously appropriated to the department for carrying out the purposes of this chapter. The loan fund shall be a revolving loan fund which shall be used to make loans to local agencies or nonprofit corporations for assisted housing in urban areas, for occupancy primarily by persons of low income.

All interest, dividends, and pecuniary gains from investments or deposits of moneys in the loan fund shall accrue to the loan fund notwithstanding Section 16305.7 of the Government Code.

There shall be paid into the fund the following:

(1) Any moneys appropriated and made available by the Legislature for the purposes of the fund.

(2) Any moneys which the department receives in repayment of loans made from the fund, including any interest on loans made therefrom.

(3) Any other moneys which may be made available to the department for the purposes of this chapter from any other source or sources.

(b) If on January 1, 1981, any moneys appropriated pursuant to Section 4 of the act enacting this section remain unencumbered in the loan fund, such unencumbered balance shall be transferred from the loan fund to the General Fund in the State Treasury. This subdivision shall have no application to any other moneys deposited in the loan fund including moneys paid into the loan fund pursuant to paragraph (2) of subdivision (a).

(c) The department may make loans for the development of mobilehome parks and manufactured housing subdivisions.

SEC. 11.5. Section 50531.5 is added to the Health and Safety Code, to read:

50531.5. The department may make loans for the development of

mobilehome parks and manufactured housing subdivisions pursuant to Section 50531.

SEC. 12. Section 50533 of the Health and Safety Code is amended to read:

50533. On or before January 31, 1980, the Secretary of the Business and Transportation Agency shall undertake a review of the operation of the Urban Housing Development Loan Fund and shall determine, by written findings, whether or not the loan fund is being used for the purposes intended and is effective in promoting the development of assisted housing for persons of low income. Such findings shall also contain an evaluation of whether the amount of moneys in the loan fund is appropriate for the accomplishment of the purposes of this chapter. The secretary shall determine whether the limitation of urban housing development loans solely to public transit corridors would have a detrimental effect on implementation of the loan fund's program objectives. Such written findings shall be submitted to the Speaker of the Assembly and the President pro Tempore of the Senate and the chairman of the committee in each house which considers appropriations on or before January 31, 1980.

If the secretary submits such written findings on or before January 31, 1980, and determines that the loan fund is not being used for the purposes intended or is ineffective in promoting the development of assisted housing for persons of low income, then he may terminate the department's authority to loan moneys from the loan fund effective January 31, 1980, in which case the loan fund shall be dissolved on January 1, 1981, and all moneys therein, or payable thereto under this chapter, shall be paid into the General Fund in the State Treasury.

The department shall include in its annual report required by Section 50408, information regarding the number of manufactured housing units assisted pursuant to this chapter.

SEC. 13. Section 50901 of the Health and Safety Code is amended to read:

50901. The agency shall be administered by a board of directors consisting of 11 voting members, including a chairperson selected by the Governor from among his or her appointees. Members in office on January 1, 1978, shall continue to hold office until the expiration of their term, their ceasing to be qualified, or their removal from office. Members in office on January 1, 1981, shall continue to hold office until the expiration of their term, their ceasing to be qualified, or their removal from office. The Senate Rules Committee and the Speaker of the Assembly shall each appoint a person representing the general public. The terms of the members initially appointed by the Governor, the Senate Rules Committee, and the Speaker of the Assembly shall be as follows:

Within 90 days following the close of each fiscal year, the agency shall also submit an annual report to the Joint Legislative Budget Committee. Each such report shall set forth a complete operating and financial statement of the agency during the concluded fiscal year. The report shall specify the number of units assisted, the distribution of units among the metropolitan, nonmetropolitan, and rural areas of the state, and shall contain a summary of statistical data relative to the incomes of households occupying assisted units, the monthly rentals charged to occupants of rental housing developments, and the sales prices of housing developments purchased during the previous fiscal year by housing sponsors who are persons or families of low or moderate income. Commencing with fiscal year 1981-82, the agency shall include in its annual report information with respect to the number of

manufactured housing units assisted by the agency.

Within 90 days following receipt of the agency's annual report, the Joint Legislative Budget Committee shall submit a report on the agency's activities under this division to the Legislature.

SEC. 15. Section 51005.5 is added to the Health and Safety Code, to read:

51005.5. In the event that the agency is unable to implement the provisions of Chapter 6.5 (commencing with Section 51320) of Part 3, it shall report to the Legislature on or before July 1, 1982, with respect to the reasons that the implementation is not feasible with recommendations as to revisions needed in its authority or in other laws to carry out the intent of the Manufactured Housing Assistance Act of 1980, or the agency shall prepare a report, in conjunction with the department, on means by which the state can provide financial assistance to persons and families to purchase manufactured housing and to increase the supply of such housing.

SEC. 16. Chapter 6.5 (commencing with Section 51320) is added to Part 3 of Division 31 of the Health and Safety Code, to read:

#### CHAPTER 6.5. MANUFACTURED HOUSING

51320. The agency may make loans for the following purposes:

(a) To finance the development of a mobilehome park which meets either of the following criteria:

(1) Is cooperatively owned by persons and families of low and moderate income.

(2) Consists of lots which will be rented by persons and families of low and moderate income. However, if subsidies are available, the costs of renting spaces and making mortgage payments on manufactured housing shall be affordable to those persons of low income residing within the park. In the event of a mobilehome park owned by a nonprofit corporation which will own the lots and the mobilehomes, the loans may include financing of both park development and manufactured housing acquisition.

(b) To finance the purchase of manufactured housing to be placed in a mobilehome park which is financed pursuant to paragraph (1) of subdivision (a).

(c) To finance the purchase of manufactured housing, first sold after July 1, 1981, and installed on a foundation system pursuant to Section 18551, by persons and families of low and moderate income, if the manufactured housing is within neighborhood preservation areas in which the agency makes loans. However, the agency may make loans outside of such areas to persons and families of low income.

(d) To finance the development of a subdivision consisting of manufactured housing to be purchased primarily by persons and families of low and moderate income. In connection with such subdivisions, the agency may provide financing for site development as well as lot and manufactured housing purchases.

51322. With respect to any of the activities undertaken pursuant to Section 51320, the agency may establish maximum purchase prices for manufactured housing and maximum loan amounts and loan terms, as it deems necessary to protect the state's credit, while still permitting persons and families of low and moderate income to purchase manufactured housing at affordable housing costs.

Rental mobilehome parks financed pursuant to Section 51320 shall be subject to the same conditions applicable to housing sponsors pursuant to Article 5 (commencing with Section 51200) of Chapter 4 of Part 3.

SEC. 17. Section 51853.6 is added to the Health and Safety Code, to read:

51853.6. Subject to the provisions of this part, the agency may insure or guarantee loans made by qualified mortgage lenders for the purposes described in Section 51320.

SEC. 18. Section 987.65 of the Military and Veterans Code is amended to read:

987.65. The purchase price of a home to the department or the sum to be expended by the department pursuant to a contract for the construction of a dwelling house and other improvements shall not exceed the sum of fifty-five thousand dollars (\$55,000), except that the purchase price of a mobilehome sited on a lot owned by the purchaser and installed on a foundation system pursuant to Section 18551 of the Health and Safety Code shall not exceed fifty-five thousand dollars (\$55,000), or of a mobilehome which is to be sited in a mobilehome park as defined in Section 18214 of the Health and Safety Code shall not exceed thirty-five thousand dollars (\$35,000) and a veteran purchasing the home may advance, subject to the provisions of Section 987.64, the difference between the total price or cost of the home and the sum of the purchase price of the home to the department and any amount the department is required under Section 987.69 of this code to add to the purchase price of the home in fixing the selling price thereof to the veteran. Any amount of the purchase price to the department may be provided by funds from participation contracts or revenue bonds. The purchase price of a farm to the department shall not exceed one hundred twenty thousand dollars (\$120,000), and a veteran purchasing the farm may advance the difference between the total price of the farm or cost of the dwelling and improvements to be constructed on a farm under a contract and the sum of such purchase price to the department or contract price to the department and any amount which the department is required under Section 987.69 of this code to add to such purchase or contract price to the department in fixing the selling price of the farm to the veteran.

SEC. 19. Section 987.71 of the Military and Veterans Code is amended to read:

987.71. The purchaser shall make an initial payment of at least 5 percent of the selling price of the property. Purchasers of homes where the purchase price is equal to or less than thirty-five thousand

dollars (\$35,000) shall make an initial payment of at least 3 percent of the selling price of the property. The department may waive the initial payment in any case where the value of the property as determined by the department appraisal shall equal the amount to be paid by the department plus at least 5 percent where the purchase price is greater than thirty-five thousand dollars (\$35,000). In the case of homes where the purchase price is equal to or less than thirty-five thousand dollars (\$35,000), the department may waive the initial payment where the value of the property as determined by the department appraisal equals the amount to be paid by the department plus at least 3 percent. The balance of the purchase price may be amortized over a period fixed by the department, not exceeding 40 years for farms or homes, but not exceeding 30 years for mobilehomes, together with interest thereon at the rate as determined by the department pursuant to Section 987.87 for such amortization purposes. The department may, in order to allow the veteran to purchase the home selected without incurring excessive monthly payments, at the time of initial purchase postpone the commencement of payment of the principal balance for not to exceed five years, provided that the veteran's current income meets the standards for purchase on such terms and that the department determines, in accordance with previously established criteria for such determinations, that the veteran's income can reasonably be expected to increase sufficiently within the five-year period to make the transition to fully amortized principal and interest payments; and provided, that the total term of the contract of purchase does not exceed 40 years. The purchaser on any installment date may pay any or all installments still remaining unpaid. In any individual case the department may for good cause postpone from time to time upon terms as the department deems proper, the payment of the whole or any part of any installment of the purchase price or interest thereon. Each installment shall include an amount sufficient to pay the principal and interest on the participation contract to which the interest of the department is subject, and such amount as may be required by any covenant or provision contained in any resolution of issuance.

SEC. 20. It is the intent of the Legislature, if this bill and Assembly Bill 2153 are both chaptered and become effective January 1, 1981, both bills amend Section 50531 of the Health and Safety Code, and this bill is chaptered last, Section 11.5 of this act shall become operative and Section 11 of this act shall not become operative.

## CHAPTER 1137

An act to add and repeal Section 45108 of the Education Code, relating to school districts.

[Approved by Governor September 26, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 45108 is added to the Education Code, to read:

45108. If the governing board of any school district establishes positions in the categories described below and restricts initial appointments of new employees to persons in low-income groups or residing in specifically designated areas of the community, then such positions shall, in addition to the regular class title, be classified as "restricted." The positions shall be part of the classified service and persons so employed shall be classified employees for all purposes except that (1) they shall not be subject to the provisions of Section 45272 or 45273, and (2) they shall not acquire permanent status or seniority credit and shall not be eligible for promotion into the regular classified service until they have complied with the provisions of subdivision (c) of Section 45105.

The categories of positions for which the governing board may establish restrictions under this section are:

(a) The position of instructional aide, as defined in Section 45343.

(b) Any other position involving personal contacts with pupils or parents, that is established to assist school staff personnel responsible for school-community relations; educational support services for such areas as counseling, library, or health; or the correction or prevention of behavioral problems.

Every district which employs persons in such "restricted" positions shall submit a report to the Superintendent of Public Instruction by August 1, 1981. The report shall include, but not be limited to, the number of persons employed, the number of days employed, and the categories of positions in which persons are employed in "restricted" positions.

The superintendent shall submit to the Legislature a report based on the data submitted by the districts by January 1, 1982.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 6 (commencing with Section 45240) of this chapter.

This section shall remain in effect only until January 1, 1983, and as of that date is repealed, unless a later enacted statute which is chaptered before January 1, 1983, deletes or extends such date.

## CHAPTER 1138

An act to add Section 14671.2 to the Government Code, relating to state government.

[Approved by Governor September 26, 1980. Filed with Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 14671.2 is added to the Government Code, to read:

14671.2. Notwithstanding Section 14670, the Director of General Services, with the consent of the state agency concerned and the approval of the governing body of any concerned local agency, may let for any period of time any real property or interest therein which belongs to the state, when the director deems such letting serves a beneficial public purpose limited to the development of housing or park and recreation facilities. Such leases shall be let in accordance with procedures prescribed by the director which facilitate development of housing or park and recreation facilities when such use is compatible with current use and foreseeable future use of such property. All proposed leases shall be reviewed by the State Public Works Board. In all cases, however, at least 25 percent of the housing units developed on state property leased pursuant to this section shall be available for the term of the lease to moderate-income persons as defined by Section 50093 of the Health and Safety Code, 12.5 percent shall be available for the term of the lease to low-income persons as defined by Section 50093 of the Health and Safety Code, and 12.5 percent shall be available for the term of the lease to very low-income persons as defined by Section 50105 of the Health and Safety Code.

In letting leases pursuant to this section, the director shall: (1) give preference to projects which provide for more affordable units than required by the percentages specified in this section; (2) determine that the project is compatible with local planning goals and environmental objectives.

The director may enter into leases pursuant to this section at less than market value, provided that the cost of administering the lease is recovered. The Department of Housing and Community Development shall recommend to the Director of General Services a lease amount which will enable the provision of housing for persons of low and moderate income.

All leases executed pursuant to this section shall contain a recital that the director has found the letting serves the required beneficial public purpose and complies with all provisions of this section, which recital shall be conclusive in favor of lessees from the state and their mortgagees.

## CHAPTER 1139

An act to amend Section 1916.5 of, and to add Sections 1916.8 and 1916.9 to, the Civil Code, and to amend Sections 1227, 1236, and 5074 of the Financial Code, relating to interest rates.

[Approved by Governor September 26, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 1916.5 of the Civil Code is amended to read:  
1916.5. (a) No increase in interest provided for in any provision for a variable interest rate contained in a security document, or evidence of debt issued in connection therewith, shall be valid unless such provision is set forth in such security document, and in any evidence of debt issued in connection therewith, and such document or documents contain the following provisions:

(1) A requirement that when an increase in the interest rate is required or permitted by a movement in a particular direction of a prescribed standard an identical decrease is required in the interest rate by a movement in the opposite direction of the prescribed standard.

(2) The rate of interest shall change not more often than once during any semiannual period, and at least six months shall elapse between any two such changes.

(3) The change in the interest rate shall not exceed one-fourth of 1 percent in any semiannual period, and shall not result in a rate more than 2.5 percentage points greater than the rate for the first loan payment due after the closing of the loan.

(4) The rate of interest shall not change during the first semiannual period.

(5) The borrower is permitted to prepay the loan in whole or in part without a prepayment charge within 90 days of notification of any increase in the rate of interest.

(6) A statement attached to the security document and to any evidence of debt issued in connection therewith printed or written in a size equal to at least 10-point bold type, consisting of the following language:

**NOTICE TO BORROWER: THIS DOCUMENT CONTAINS PROVISIONS FOR A VARIABLE INTEREST RATE.**

(b) (1) The provisions of this section shall be applicable only to a mortgage contract, deed of trust, real estate sales contract, or any note or negotiable instrument issued in connection therewith, when its purpose is to finance the purchase or construction of real property containing four or fewer residential units or on which four or fewer residential units are to be constructed.

(2) This section shall not apply to unamortized construction loans with an original term of two years or less if the borrower does not

intend to occupy one of the units as his residence.

(c) Regulations setting forth the prescribed standard upon which variations in the interest rate shall be based may be adopted by the Savings and Loan Commissioner with respect to savings and loan associations, the Superintendent of Banks with respect to banks, and the Insurance Commissioner with respect to insurers.

(d) As used in this section:

(1) "Bank" includes, but is not limited to, a national banking association.

(2) "Savings and loan association" includes, but is not limited to, a federal savings and loan association, as defined by Section 11000 of the Financial Code.

(3) "Insurer" includes, but is not limited to, a nonadmitted insurance company.

(4) "Semiannual period" means each of the successive periods of six calendar months commencing with the first day of the calendar month in which the instrument creating the obligation is dated.

(5) "Security document" means a mortgage contract, deed of trust, or real estate sales contract.

(6) "Evidence of debt" means a note or negotiable instrument.

(e) Notwithstanding the provisions of subdivision (b) of Section 1227 and subdivision (a) of Section 7150 of the Financial Code, when there is an increase in the interest rate of a loan subject to this section which is made by a commercial bank pursuant to subdivision (b) of Section 1227 of the Financial Code, or by a savings and loan association pursuant to subdivision (a) of Section 7150 of the Financial Code, the term of such loan may be extended at the option of the borrower for such additional period as may be required to amortize the loan without increasing the existing monthly payment, but not to exceed a maximum term of 40 years.

(f) The provisions of this section shall be applicable only to instruments executed on and after the effective date of this section.

(g) This section shall not apply to nonprofit public corporations.

SEC. 2. Section 1916.8 is added to the Civil Code, to read:

1916.8. Any lender may make, purchase or participate in a renegotiable rate mortgage loan under this section if the loan complies with the provisions of this section pertaining to one- to four-family home loans.

(a) For purposes of this section, a renegotiable rate mortgage loan is a loan issued for a term of three, four or five years, secured by a long-term mortgage or deed of trust of up to 30 years, and automatically renewable at equal intervals except as provided in paragraph (1) of subdivision (b). The loan must be repayable in equal monthly installments of principal and interest during the loan term, in an amount at least sufficient to amortize a loan with the same principal and at the same interest rate over the remaining term of the mortgage or deed of trust. Only one of the indices described in paragraph (1) of subdivision (b) shall be used and no other index shall be used during the term of the mortgage or deed of trust

securing the loan. At renewal, no change other than in the interest rate may be made in the terms or conditions of the initial loan. Prepayment in full or in part of the loan balance secured by the mortgage or deed of trust may be made without penalty at any time after the beginning of the minimum notice period for the first renewal, or at any earlier time specified in the loan contract.

(b) Interest rate changes at renewal shall be determined as follows:

(1) Subject to the provisions of subdivision (a) the interest rate offered at renewal shall reflect the movement, in reference to the date of the original loan, of an index, which may be either (i) the contract interest rate on the purchase of previously occupied homes in the most recent monthly national average mortgage rate index for all major lenders published by the Federal Home Loan Bank Board, or (ii) the weighted average cost of funds for the 11th District Savings and Loan Associations as computed by the Federal Home Loan Bank of San Francisco; provided that a lender may extend the initial terms of loans for a period less than six months so that they may mature on the same date three, four or five years after the end of such period of extension, in which case the interest rate offered at renewal shall reflect the movement of the index from the end of such period so that loans may be grouped as though all loans of such group had originated at the end of the extension period.

(2) The maximum rate increase or decrease shall be  $\frac{1}{2}$  of 1 percentage point per year multiplied by the number of years in the loan term, with a maximum increase or decrease of 5 percentage points over the life of the mortgage or deed of trust. The lender may offer a borrower a renegotiable rate mortgage loan with maximum annual and total interest rate decreases smaller than the maximum set out in this paragraph, except that in such a case the maximum annual and total interest rate increases offered shall not exceed the maximum annual and total decreases set out in the loan contract.

(3) Interest rate decreases from the previous loan term shall be mandatory. Interest rate increases are optional with the lender, but the lender may obligate itself to a third party to take the maximum increase permitted by this paragraph.

(c) The borrower may not be charged any costs or fees in connection with the renewal of such loan.

(d) At least 90 days before the due date of the loan, the lender shall send written notification in the following form to the borrower:

#### NOTICE

Your loan with [name of lender], secured by a [mortgage/deed of trust] on property located at [address], is due and payable on [90 days from the date of notice].

If you do not pay by that date, your loan will be renewed automatically for \_\_\_\_\_ years, upon the same terms and conditions as the current loan, except that the interest rate will be

\_\_\_\_\_%. (See accompanying Truth-In-Lending statement for further credit information.)

Your monthly payment, based on that rate, will be \$\_\_\_\_\_, beginning with the payment due on \_\_\_\_\_, 19\_\_.

You may pay off the entire loan or a part of it without penalty at any time.

If you have questions about this notice, please contact [title and telephone number of lender's employee].

(e) An applicant for a renegotiable rate mortgage loan must be given, at the time he or she requests an application, a disclosure notice in the following form:

### INFORMATION ABOUT THE RENEGOTIABLE-RATE MORTGAGE

You have received an application form for a renegotiable-rate mortgage ("RRM"). The RRM differs from the fixed-rate mortgage with which you may be familiar. In the fixed-rate mortgage the length of the loan and the length of the underlying mortgage are the same, but in the RRM the loan is short-term (3-5 years) and is automatically renewable for a period equal to the mortgage (up to 30 years). Therefore, instead of having an interest rate that is set at the beginning of the mortgage and remains the same, the RRM has an interest rate that may increase or decrease at each renewal of the short-term loan. This means that the amount of your monthly payment may also increase or decrease.

The term of the RRM loan is \_\_\_\_\_ years, and the length of the underlying mortgage is \_\_\_\_\_ years. The initial loan term may be up to six months longer than later terms.

The lender must offer to renew the loan, and the only loan provision that may be changed at renewal is the interest rate. The interest rate offered at renewal is based on changes in an index rate. The index used is (either of the following statements shall be given): [computed monthly by the Federal Home Loan Bank Board, an agency of the federal government. The index is based on the national average contract rate for all major lenders for the purchase of previously occupied, single-family homes.] [the weighted average cost of savings, borrowings and Federal Home Loan Bank advances to California members of the Federal Home Loan Bank Board of San Francisco as computed from statistics tabulated by the Federal Home Loan Bank of San Francisco. The index used is computed by the Federal Home Loan Bank of San Francisco.]

At renewal, if the index has moved higher than it was at the beginning of the mortgage, the lender has the right to offer a renewal of the loan at an interest rate equaling the original interest rate plus the increase in the index rate. This is the maximum increase permitted to the lender. Although taking such an increase is optional with the lender, you should be aware that the lender has this right

and may become contractually obligated to exercise it.

If the index has moved down, the lender must at renewal reduce the original interest rate by the decrease in the index rate. No matter how much the index rate increases or decreases, **THE LENDER, AT RENEWAL, MAY NOT INCREASE OR DECREASE THE INTEREST RATE ON YOUR RRM LOAN BY AN AMOUNT GREATER THAN \_\_\_\_\_ OF ONE PERCENTAGE POINT PER YEAR OF THE LOAN, AND THE TOTAL INCREASE OR DECREASE OVER THE LIFE OF THE MORTGAGE MAY NOT BE MORE THAN \_\_\_\_\_ PERCENTAGE POINTS.**

As the borrower, you have the right to decline the lender's offer of renewal. If you decide not to renew, you will have to pay off the remaining balance of the mortgage. Even if you decide to renew, you have the right to prepay the loan in part or in full without penalty at any time after the beginning of the minimum notice period for the first renewal. To give you enough time to make this decision, the lender, 90 days before renewal, will send a notice stating the due date of the loan, the new interest rate and the monthly payment amount. If you do not respond to the notice, the loan will be automatically renewed at the new rate. You will not have to pay any fees or charges at renewal time.

The maximum interest rate increase at the first renewal is \_\_\_\_\_ percentage points. On a \$50,000 mortgage with a loan term of \_\_\_\_\_ years and an original interest rate of [lender's current commitment rate] percent, this rate change would increase the monthly payment (principal and interest) from \$\_\_\_\_\_ to \$\_\_\_\_\_. Using the same example, the highest rate you might have to pay over the life of the mortgage would be \_\_\_\_\_ percent, and the lowest would be \_\_\_\_\_ percent.

**SEC. 3.** Section 1916.9 is added to the Civil Code, to read:

**1916.9.** (a) Every lender who offers a renegotiable rate mortgage loan pursuant to Section 1916.8 to a borrower who occupies or intends to occupy the property which is security for the loan shall also offer to such borrower a fixed rate mortgage loan in the same amount with a term of at least 29 years.

(b) Nothing in this section shall require that the terms of such alternative loans, including the rates of interest thereon, must be the same as those terms offered with regard to the fixed-payment adjustable-rate loan or the renegotiable rate mortgage loan also offered.

(c) This section does not apply to any lender who makes less than 10 loans per year.

**SEC. 4.** Section 1227 of the Financial Code is amended to read:

**1227.** A commercial bank may lend on the security of a first lien on real property or a first lien on a leasehold under a lease which does not expire, or which has been extended or renewed so that it does not expire, for at least 10 years beyond the maturity date of the loan, if:

(a) The term of the loan does not exceed 10 years and the amount does not exceed 60 percent of the sound market value of the property or leasehold, together with the improvements located on the property which are made subject to the lien, as determined by proper appraisal; or

(b) The term of the loan does not exceed 30 years, is repayable in substantially equal installments not less often than monthly (or such variation therefrom as may be authorized under a loan executed pursuant to Section 1916.5 or 1916.8 of the Civil Code), with payments commencing not later than 60 days from the date of the loan or, in the case of a construction loan, commencing not later than one year from the date of the loan, and the amount does not exceed 90 percent of the sound market value of the property or leasehold, together with the improvements located on the property which are made subject to the lien, as determined by proper appraisal, provided, however, such loan may exceed 90 percent of the sound market value of the property or leasehold if that portion of the loan which is in excess of such 90 percent is guaranteed or insured by a qualified private insurer as determined by the superintendent; or

(c) The loan is on a farm or productive agricultural lands, the term does not exceed 30 years, is repayable in substantially equal installments not less often than annually, and the amount does not exceed 90 percent of the sound market value of the property or leasehold, together with the improvements located on the property which are made subject to the lien, as determined by proper appraisal; or

(d) The term of the loan does not exceed six months and the amount does not exceed 85 percent of the sound market value of the property or leasehold, together with the improvements located on the property which are made subject to the lien, as determined by proper appraisal; or

(e) The term of the loan does not exceed 60 months, the amount does not exceed 85 percent of the sound market value of the property or leasehold, together with the improvements located on the property which are made subject to the lien, as determined by proper appraisal, and the loan is for the purpose of financing building operations under a plan providing for payment of the loan or providing for refinancing by loans otherwise permitted by this chapter.

A commercial bank may make a loan without regard to the above restrictions when necessary to facilitate the sale of real property owned by the bank.

SEC. 5. Section 1236 of the Financial Code is amended to read:

1236. A commercial bank may lend on the security of a first security interest on stock or a membership certificate issued to a tenant-stockholder or resident-member by a completed fee simple cooperative housing corporation, as defined in Section 17265 of the Revenue and Taxation Code and Section 216 of the U.S. Internal Revenue Code, and the assignment by way of security of the

borrower's interest in the proprietary lease or right of tenancy in property issued by such cooperative housing corporation, provided all of the real property owned by such corporation is located within the state, and further provided, that:

(a) The term of the loan does not exceed 30 years, is repayable in substantially equal installments (or such variation therefrom as may be authorized under a loan executed pursuant to Section 1916.5 or 1916.8 of the Civil Code), not less often than monthly, with payments commencing not later than 60 days from the date of the loan, and the amount does not exceed 80 percent of the sound market value of such certificates of stock or membership certificates; and

(b) The proprietary lease or right of tenancy in the property provides:

(1) That no sublease in excess of one year, amendment or modification to such proprietary lease or right of tenancy in the property shall be permitted or created without the lender's prior written consent, and

(2) That in the event of the borrower's default under such loan, the lender shall have the right, without the prior consent or approval of the cooperative housing corporation, to sell such shares or membership certificates at public or private sale following at least 30 days prior written notice to the borrower and to the cooperative housing corporation, at the address of the premises subject to the proprietary lease or right of tenancy in the property, and assign such proprietary lease or right of tenancy in the property to the purchaser who shall agree as a condition of such assignment to cure any defaults thereunder.

For all purposes of this division, such loan shall be considered a secured residential real estate loan and shall be subject to rules and regulations implementing the provisions of this section issued by the superintendent.

SEC. 6. Section 5074 of the Financial Code is amended to read:

5074. An amortized loan is a loan which provides for payments to be made of interest and on the principal in monthly installments. The installments as to the combined principal and interest shall be at least of a sufficient amount so that the smallest installment provided in the note evidencing the loan, other than the last installment, if continued at such monthly intervals would result in paying the entire principal within the maximum legal term for the particular loan. The first installment which includes principal on each amortized loan must fall due within the time limits specified in Section 7151.

For the purposes of this division the following are amortized loans:

(a) A loan made to finance the construction of real property if it meets the requirements set forth or if such loan provides for payment in full on or before 36 months have elapsed from the date of the loan.

(b) A loan which conforms to the provisions of Sections 1916.5, 1916.6, 1916.7 or 1916.8 of the Civil Code whether or not the provisions of such sections are applicable to the loan.

## CHAPTER 1140

An act to add Section 1176.1 to the Insurance Code, relating to insurance.

[Approved by Governor September 26, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1176.1 is added to the Insurance Code, to read:

1176.1. (a) An insurer may invest in notes or bonds secured by second mortgages or other second liens, including all inclusive or wraparound mortgages or liens, upon real property encumbered only by a first mortgage or lien which meets the requirements set forth in Section 1176, subject to either of the following conditions:

(1) The insurer also owns the note or bond secured by the prior first mortgage or lien and the aggregate value of both loans does not exceed the loan to market value ratio requirements of Section 1176.

(2) The note or bond is secured by an "all inclusive" or "wraparound" lien or mortgage which conforms to the requirements specified in subdivision (b), provided that the aggregate value of the resulting loan does not exceed the loan to market value ratio requirements of Section 1176.

(b) The terms "wraparound" and "all inclusive" lien or mortgage refer to a loan made by an insurer to a borrower on the security of a mortgage or lien on real property other than property containing a residence of one to four units or upon which a residence of one to four units is to be constructed, where the real property is encumbered by a first mortgage or lien and which loan is subject to all of the following:

(1) There is no more than one preexisting mortgage or lien on the real property.

(2) The total amount of the obligation of the borrower to the insurer under the loan is not less than the sum of the amount disbursed by the insurer on account of the loan and the outstanding balance of the obligation secured by the preexisting lien or mortgage.

(3) The instrument evidencing the lien or mortgage by which the obligation of the borrower to the insurer under the loan is secured, is recorded, and the lien is insured under a policy of title insurance in an amount not less than the total amount of the obligation of the borrower to the insurer under the loan.

(4) The insurer either (A) pursuant to subdivision (b) of Section 2924 of the Civil Code, files for record in the office of the recorder of the county in which the real property is located a duly acknowledged request for a copy of any notice of default or of sale under the preexisting lien, or (B) otherwise arranges with the recorder of any county in which the real property is located to be

advised in case of the filing for record of any notice of default or of sale with respect to any obligation secured by the preexisting lien.

(5) The amount disbursed by an insurer under any single wraparound or all-inclusive loan made pursuant to this section shall not exceed the greater of 1 percent of the insurer's admitted assets or 10 percent of the aggregate of the insurer's capital paid-up and unassigned surplus.

## CHAPTER 1141

An act to add Chapter 6 (commencing with Section 52060) to Part 5 of Division 31 of the Health and Safety Code, relating to housing.

[Approved by Governor September 26, 1980. Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 6 (commencing with Section 52060) is added to Part 5 of Division 31 of the Health and Safety Code, to read:

### CHAPTER 6. CALIFORNIA HOUSING FINANCE AGENCY ASSISTANCE IN ISSUING CITY AND COUNTY REVENUE BONDS FOR HOME MORTGAGES

52060. This chapter constitutes an alternative method for cities and counties to issue revenue bonds for providing home mortgages pursuant to the provisions of Chapters 1 (commencing with Section 52000) to 5 (commencing with Section 52051), inclusive.

52061. The agency, and any city or county, or a city and a county, may enter into an agreement which provides that the agency sell bonds on behalf of any such city or county, or for such city and such county, for the purpose of providing funds for home mortgages.

52062. Any agreement made pursuant to Section 52061 shall contain provisions doing all of the following:

(a) Limiting the maximum amount of bonds to be issued by a city or county.

(b) Requiring the proposed issue to be submitted to the Housing Bond Credit Committee for consideration pursuant to Section 51360.5.

(c) Requiring that the city, or county, or each city and county which is party to the agreement, not issue additional bonds for home mortgage loans within a period of three years from the date of the bonds issued pursuant to the agreement, or until all of the proceeds of such bonds have been used to make home mortgage loans, without the express written consent of the agency.

(d) Requiring that all bonds and any prospectus in connection with such bonds contain a legend condition to the following effect:

“Neither the faith and credit of the State of California or the agency nor the taxing power of the state is pledged to the payment of principal or interest on this bond.”

(e) Requiring agency approval of the bond counsel of the city or county, or the bond counsel of each city and county which is a party to the agreement.

(f) Designating, consistent with the agency’s program for financing residential structures of four units or less authorized by Article 2 (commencing with Section 51125) of Chapter 5 of Part 3 and the regulations adopted pursuant thereto, maximum sales prices of homes, maximum loan amounts for home mortgages involving rehabilitation and refinancing, borrower eligibility criteria, geographic areas where loans can be made, insurance requirements, the minimum percentage of bond proceeds to be utilized for home mortgages involving new construction and rehabilitation and the amount to be allocated to a bond reserve fund.

52063. Any agreement pursuant to Section 52061 may provide any or all of the following:

(a) That the agency will provide, either directly or through agency approved lending institutions, for the origination and servicing of home mortgage loans.

(b) For the payment of fees and expenses in connection with the issuing of bonds.

(c) For any matter described in Section 51355 relating to agency bonds.

52064. Subject only to the other provisions of this chapter and to any agreement between the agency and city or county, the provisions of Chapter 4 (commencing with Section 52030) shall be applicable to any issuer and to any bonds issued pursuant to the authority of this chapter.

52065. Bonds issued pursuant to this chapter shall not be deemed issues of the agency for any purpose, including being counted within any calculation of the agency’s bonding authority limitations now or hereafter established by law.

52066. Bonds of more than one city or county may be pooled for purposes of issuance and bond proceeds, reserved or other security for the bonds, including, but not limited to, loan or loan participation, made or derived from bond proceeds, may likewise be pooled to secure the issuance of any such bonds.

## CHAPTER 1142

An act to add Section 65852.3 to the Government Code, and to amend Section 18300 of the Health and Safety Code, relating to zoning.

[Approved by Governor September 26, 1980 Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that manufactured housing, which includes mobilehomes, offers Californians an additional opportunity to own and live in decent, safe, and affordable housing on a permanent basis.

SEC. 1.5. Section 65852.3 is added to the Government Code, to read:

65852.3. A city, including a charter city, county, or city and county shall not prohibit the installation of mobilehomes certified under the National Mobile Home Construction and Safety Standards Act of 1974 (42 U.S.C. Section 5401, et seq.) on a foundation system, pursuant to Section 18551 of the Health and Safety Code, on lots zoned for single-family dwellings. However, a city, including a charter city, county, or city and county may designate lots zoned for single-family dwellings for mobilehomes as described in this section, which lots are determined to be compatible for such mobilehome use. A city, including a charter city, county, or city and county may subject any such mobilehome and the lot on which it is placed to any or all of the same development standards to which a conventional single-family residential dwelling on the same lot would be subject, including, but not limited to, building setback standards, side and rear yard requirements, standards for enclosures, access, and vehicle parking and architectural, aesthetic requirements, and minimum square footage requirements. However, any architectural requirements imposed on the mobilehome structure itself, exclusive of any requirement for any and all additional enclosures, shall be limited to its roof overhang, roofing material, and siding material. In no case may a city, including a charter city, county, or city and county apply any development standards which will have the effect of totally precluding mobilehomes from being installed as permanent residences.

SEC. 2. Section 18300 of the Health and Safety Code is amended to read:

18300. (a) The provisions of this part apply to all parts of the state and supersede any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to the provisions of this part. Except as provided in Section 18930, the commission may adopt regulations to interpret and make specific the provisions of this part and when adopted such regulations shall apply to all parts of the state.

(b) Upon 30 days' written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks,

temporary trailer parks, incidental camping areas, and tent camps, and the regulations adopted pursuant to the provisions of this part following approval by the department for such assumption.

(c) The commission shall adopt regulations which set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations which set forth the conditions for assumption shall relate solely to the ability of local agencies to enforce properly the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, and the other regulations relating to mobilehome parks promulgated pursuant to this part. The regulations which set forth the conditions for assumption shall not set requirements for local agencies different than those which the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of mobilehome parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, or the other regulations adopted pursuant to the provisions of this part by a city, county, or city and county, the department shall enforce the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, and the other regulations adopted pursuant to the provisions of this part in any such city, county, or city and county after the department has given written notice to the governing body of such city, county, or city and county setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of such notice.

(2) Where the department determines that the local enforcement agency is not properly enforcing this part, the local enforcement agency shall have the right to appeal such a decision to the commission.

(e) Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of this part. The department, upon receipt of such notice, shall assume such responsibility within 30 days.

(f) Every city, county, or city and county, within its jurisdiction, shall enforce all of the provisions of this part, the building standards

published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, and the other regulations adopted pursuant to the provisions of this part, as they relate to mobilehomes and to mobilehome accessory buildings or structures located outside of mobilehome parks.

(g) The provisions of this part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers:

(1) From establishing, subject to the requirements of Section 65852.3 of the Government Code, certain zones for mobilehomes or mobilehome parks, travel trailers, travel trailer parks, recreational trailer parks, temporary trailer parks, or tent camps within such city, county, or city and county, or establishing types of uses and locations, including family mobilehome parks, adult mobilehome parks, mobilehome condominiums, mobilehome subdivisions, or mobilehome planned unit developments within such city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing standards of lot, yards, or park area, landscaping, walls or enclosures, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, or tent camps.

(2) From regulating the construction and use of equipment and facilities located outside of a mobilehome or camp car used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when such facilities are located outside a mobilehome park, travel trailer park, recreational trailer park, or temporary trailer park for which a permit is required by this part, or the regulations adopted pursuant thereto.

(3) From requiring a permit to use a mobilehome or camp car outside a mobilehome park, travel trailer park, recreational trailer park, or temporary trailer park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of mobilehomes and camp cars, which permit may be refused or revoked if such use violates any provisions of this part or Part 2 (commencing with Section 18000) of this division, any regulations adopted pursuant thereto, or any local ordinance applicable to such use.

(4) From requiring a local building permit to construct an accessory structure for a mobilehome when such mobilehome is located outside a mobilehome park, travel trailer park, recreational trailer park or temporary trailer park, under circumstances which the provisions of this part or Part 2 (commencing with Section 18000) of this division and the regulation adopted pursuant thereto do not require the issuance of a permit therefor by the department.

SEC. 3. This act shall become operative July 1, 1981.

---

CHAPTER 1143

An act to amend Section 65302 of, and to add Article 10.6 (commencing with Section 65580) to Chapter 3 of Division 1 of Title 7 of the Government Code relating to local planning.

[Approved by Governor September 26, 1980 Filed with  
Secretary of State September 26, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. The Department of Housing and Community Development shall within 30 days after the effective date of this section prepare and send to each county and city a questionnaire requesting the following information:

(1) The number of mobilehome parks within the jurisdiction, and the authorized number of mobilehome sites in each park.

(2) The number of requests or permit applications for change of use of the mobilehome park.

(3) The number of applications for the establishment of new mobilehome parks.

(4) The disposition of requests or permit applications for change of use of mobilehome parks or applications for the establishment of new mobilehome parks and the reasons for denial of such requests or applications.

(5) The availability of land within the jurisdiction that may be appropriate for establishment of mobilehome parks.

(6) Local established practices, policies, and ordinances concerning change of use of mobilehome parks.

(7) Local efforts and policies for reducing the incidence of change of use of mobilehome parks within the jurisdiction.

The information specified in paragraphs (1) to (4), inclusive, shall cover the period from January 1, 1979, through December 31, 1979. The information specified in paragraphs (5) to (7), inclusive, shall reflect current conditions and circumstances as of the time of the completion of the questionnaire.

The department shall prepare and submit a written report to the Legislature on or before July 1, 1981, containing an evaluation of the information received in response to the questionnaire.

This section shall apply to charter cities and counties as well as general law cities and counties.

SEC. 2. Section 65302 of the Government Code is amended to read:

65302. The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan

proposals. The plan shall include the following elements:

(a) A land use element which designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, including agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, and other categories of public and private uses of land. The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. The land use element shall also identify areas covered by the plan which are subject to flooding and shall be reviewed annually with respect to such areas.

(b) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other local public utilities and facilities, all correlated with the land use element of the plan.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies which have developed, served, controlled or conserved water for any purpose for the county or city for which the plan is prepared. The conservation element may also cover:

- (1) The reclamation of land and waters.
- (2) Flood control.
- (3) Prevention and control of the pollution of streams and other waters.
- (4) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.
- (5) Prevention, control, and correction of the erosion of soils, beaches, and shores.
- (6) Protection of watersheds.
- (7) The location, quantity and quality of the rock, sand and gravel resources.

The conservation element shall be prepared and adopted no later than December 31, 1973.

(e) An open-space element as provided in Article 10.5 (commencing with Section 65560) of this chapter.

(f) A seismic safety element consisting of an identification and appraisal of seismic hazards such as susceptibility to surface ruptures from faulting, to ground shaking, to ground failures, or to effects of seismically induced waves such as tsunamis and seiches.

The seismic safety element shall also include an appraisal of mudslides, landslides, and slope stability as necessary geologic

hazards that must be considered simultaneously with other hazards such as possible surface ruptures from faulting, ground shaking, ground failure and seismically induced waves.

To the extent that a county's seismic safety element is sufficiently detailed containing appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's seismic safety element that pertains to the city planning area within the county's jurisdiction, in satisfaction of this subdivision.

In adopting a county seismic safety element, a city shall follow all requirements regarding the content and adoption of general plan elements as set forth in this article and Article 6 (commencing with Section 65350) of this chapter.

Each county and city shall submit to the Division of Mines and Geology of the Department of Conservation one copy of the seismic safety element and any technical studies used for developing the seismic safety element.

(g) A noise element, which shall recognize guidelines adopted by the Office of Noise Control pursuant to Section 46050.1 of the Health and Safety Code, and which quantifies the community noise environment in terms of noise exposure contours for both near- and long-term levels of growth and traffic activity. Such noise exposure information shall become a guideline for use in development of the land use element to achieve noise compatible land use and also to provide baseline levels and noise source identification for local noise ordinance enforcement.

The sources of environmental noise considered in this analysis shall include, but are not limited to, the following:

- (1) Highways and freeways.
- (2) Primary arterials and major local streets.
- (3) Passenger and freight on-line railroad operations and ground rapid transit systems.
- (4) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.
- (5) Local industrial plants, including, but not limited to, railroad classification yards.
- (6) Other ground stationary noise sources identified by local agencies as contributing to the community noise environment.

The noise exposure information shall be presented in terms of noise contours expressed in community noise equivalent level (CNEL) or day-night average level ( $L_{dn}$ ). CNEL means the average equivalent A-weighted sound level during a 24-hour day, obtained after addition of five decibels to sound levels in the evening from 7 p.m. to 10 p.m. and after addition of 10 decibels to sound levels in the night before 7 a.m. and after 10 p.m.  $L_{dn}$  means the average equivalent A-weighted sound level during a 24-hour day, obtained after addition of 10 decibels to sound levels in the night before 7 a.m. and after 10 p.m.

The contours shall be shown in minimum increments of 5db and shall continue down to 60db. For areas deemed noise sensitive, including, but not limited to, areas containing schools, hospitals, rest homes, long-term medical or mental care facilities, or any other land-use areas deemed noise sensitive by the local jurisdiction, the noise exposure shall be determined by monitoring.

A part of the noise element shall also include the preparation of a community noise exposure inventory, current and projected, which identifies the number of persons exposed to various levels of noise throughout the community.

The noise element shall also recommend mitigating measures and possible solutions to existing and foreseeable noise problems.

The state, local, or private agency responsible for the construction, maintenance, or operation of those transportation, industrial, or other commercial facilities specified in paragraph 2 of this subdivision shall provide to the local agency producing the general plan, specific data relating to current and projected levels of activity and a detailed methodology for the development of noise contours given this supplied data, or they shall provide noise contours as specified in the foregoing statements.

It shall be the responsibility of the local agency preparing the general plan to specify the manner in which the noise element will be integrated into the city or county's zoning plan and tied to the land use and circulation elements and to the local noise ordinance. The noise element, once adopted, shall also become the guideline for determining compliance with the state's noise insulation standards, as contained in Section 1092 of Title 25 of the California Administrative Code.

(h) A scenic highway element for the development, establishment, and protection of scenic highways pursuant to the provisions of Article 2.5 (commencing with Section 260) of Chapter 2 of Division 1 of the Streets and Highways Code.

(i) A safety element for the protection of the community from fires and geologic hazards including features necessary for such protection as evacuation routes, peak load water supply requirements, minimum road widths, clearances around structures, and geologic hazard mapping in areas of known geologic hazards.

The requirements of this section shall apply to charter cities.

SEC. 3. Article 10.6 (commencing with Section 65580) is added to Chapter 3 of Division 1 of Title 7 of the Government Code, to read:

#### Article 10.6. Housing Elements

65580. The Legislature finds and declares as follows:

(a) The availability of housing is of vital statewide importance, and the early attainment of decent housing and a suitable living environment for every California family is a priority of the highest order.

(b) The early attainment of this goal requires the cooperative

participation of government and the private sector in an effort to expand housing opportunities and accommodate the housing needs of Californians of all economic levels.

(c) The provision of housing affordable to low- and moderate-income households requires the cooperation of all levels of government.

(d) Local and state governments have a responsibility to use the powers vested in them to facilitate the improvement and development of housing to make adequate provision for the housing needs of all economic segments of the community.

(e) The Legislature recognizes that in carrying out this responsibility, each local government also has the responsibility to consider economic, environmental, and fiscal factors and community goals set forth in the general plan and to cooperate with other local governments and the state in addressing regional housing needs.

65581. It is the intent of the Legislature in enacting this article:

(a) To assure that counties and cities recognize their responsibilities in contributing to the attainment of the state housing goal.

(b) To assure that counties and cities will prepare and implement housing elements which, along with federal and state programs, will move toward attainment of the state housing goal.

(c) To recognize that each locality is best capable of determining what efforts are required by it to contribute to the attainment of the state housing goal, provided such a determination is compatible with the state housing goal and regional housing needs.

(d) To ensure that each local government cooperates with other local governments in order to address regional housing needs.

65582. As used in this article:

(a) "Community," "locality," "local government," or "jurisdiction" means a city, city and county, or county.

(b) "Department" means the Department of Housing and Community Development.

(c) "Housing element" or "element" means the housing element of the community's general plan, as required pursuant to this article and subdivision (c) of Section 65302.

65583. The housing element shall consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, and scheduled programs for the preservation, improvement, and development of housing. The housing element shall identify adequate sites for housing, including rental housing, factory-built housing, and mobilehomes, and shall make adequate provision for the existing and projected needs of all economic segments of the community. The element shall contain all of the following:

(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include the following:

(1) Analysis of population and employment trends and

documentation of projections and a quantification of the locality's existing and projected housing needs for all income levels. Such existing and projected needs shall include the locality's share of the regional housing need in accordance with Section 65584.

(2) Analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition.

(3) An inventory of land suitable for residential development, including vacant sites and sites having potential for redevelopment, and an analysis of the relationship of zoning and public facilities and services to these sites.

(4) Analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures.

(5) Analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

(6) Analysis of any special housing needs, such as those of the handicapped, elderly, large families, farmworkers, and families with female heads of households.

(7) Analysis of opportunities for energy conservation with respect to residential development.

(b) A statement of the community's goals, quantified objectives, and policies relative to the maintenance, improvement, and development of housing.

It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the identified existing housing needs, but should establish the maximum number of housing units that can be constructed, rehabilitated, and conserved over a five-year time frame.

(c) A program which sets forth a five-year schedule of actions the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available. In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) Identify adequate sites which will be made available through appropriate zoning and development standards and with public

services and facilities needed to facilitate and encourage the development of a variety of types of housing for all income levels, including rental housing, factory-built housing and mobilehomes, in order to meet the community's housing goals as identified in subdivision (b).

(2) Assist in the development of adequate housing to meet the needs of low- and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing.

(4) Conserve and improve the condition of the existing affordable housing stock.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, or color.

The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.

65584. (a) For purposes of subdivision (a) of Section 65583, a locality's share of the regional housing needs includes that share of the housing need of persons at all income levels within the area significantly affected by a jurisdiction's general plan. The distribution of regional housing needs shall, based upon available data, take into consideration market demand for housing, employment opportunities, the availability of suitable sites and public facilities, commuting patterns, type and tenure of housing need, and the housing needs of farmworkers. The distribution shall seek to avoid further impaction of localities with relatively high proportions of lower income households. Based upon data provided by the Department of Housing and Community Development relative to the statewide need for housing, each council of governments shall determine the existing and projected housing need for its region. The Department of Housing and Community Development shall ensure that this determination is consistent with the statewide housing need and may revise the determination of the council of governments if necessary to obtain this consistency. Each locality's share shall be determined by the appropriate council of governments consistent with the criteria above with the advice of the department subject to the procedure established pursuant to subdivision (c).

(b) For areas with no council of governments, the Department of Housing and Community Development shall determine housing market areas and define the regional housing need for localities within these areas. Where the department determines that a local government possesses the capability and resources and has agreed to accept the responsibility, with respect to its jurisdiction, for the

identification and determination of housing market areas and regional housing needs, the department shall delegate this responsibility to the local governments within these areas.

(c) Within 90 days following a determination of a council of governments pursuant to subdivision (a), or the department's determination pursuant to subdivision (b), a local government may revise the definition of its share of the regional housing need. The revised share shall be based upon available data and accepted planning methodology, and supported by adequate documentation. Within 60 days of the local government's revision, the council of governments or the department, as the case may be, shall accept the revision or shall indicate, based upon available data and accepted planning methodology, why the revision is inconsistent with the regional housing need. The housing element shall contain an analysis of the factors and circumstances, with all supporting data, justifying the revision. All materials and data used to justify any revision shall be made available upon request by any interested party within 45 days upon payment of reasonable costs of reproduction unless such costs are waived due to economic hardship.

(d) Any authority to review and revise a local government's share of the regional housing need granted under this section shall not constitute authority to revise, approve, or disapprove the manner in which the local government's share of the regional housing need is implemented through its housing program.

65585. (a) Each city, county, and city and county shall consider the guidelines adopted by the Department of Housing and Community Development pursuant to Section 50459 of the Health and Safety Code in preparation and amendment of the housing element pursuant to this article. Such guidelines shall be advisory to each local government in order to assist it in the preparation of its housing element.

(b) At least 90 days prior to adoption of the housing element pursuant to this article and Section 65357, or at least 45 days prior to the adoption of an amendment to this element, the planning agency of a city, county, or city and county shall submit a draft of the element or amendment to the Department of Housing and Community Development. The department shall review drafts submitted to it and report its findings to the planning agency within 90 days of receipt of the draft in the case of adoption of the housing element pursuant to this article, or within 45 days of receipt of the draft in the case of an amendment. The legislative body shall consider the department's findings prior to final adoption of the housing element or amendment.

(c) Each local government shall provide the department with a copy of its adopted housing element or amendments. The department may review adopted housing elements or amendments and report its findings.

(d) Except as provided in Section 65586, any and all findings made by the Department of Housing and Community Development

pursuant to subdivisions (b) and (c) shall be advisory to the local government.

65586. Local governments shall conform their housing elements to the provisions of this article on or before October 1, 1981. Jurisdictions with housing elements adopted before October 1, 1981, in conformity with the housing element guidelines adopted by the Department of Housing and Community Development on December 7, 1977, and located in Subchapter 3 (commencing with Section 6300) of Chapter 6 of Part 1 of Title 25 of the California Administrative Code, shall be deemed in compliance with this article as of its effective date. A locality with a housing element found to be adequate by the department before October 1, 1981, shall be deemed in conformity with these guidelines.

65587. (a) Each city, county, or city and county shall bring its housing element, as required by subdivision (c) of Section 65302, into conformity with the requirements of this article on or before October 1, 1981. No extension of time for such purpose may be granted pursuant to Section 65302.6, notwithstanding its provisions to the contrary.

(b) Any action brought by any interested party to review the conformity with the provisions of this article of any housing element or portion thereof or revision thereto shall be brought pursuant to Section 1085 of the Code of Civil Procedure; the court's review of compliance with the provisions of this article shall extend to whether the housing element or portion thereof or revision thereto reasonably complies with the requirements of this article.

65588. (a) Each local government shall review its housing element as frequently as appropriate to evaluate all of the following:

(1) The appropriateness of the housing goals, objectives, and policies in contributing to the attainment of the state housing goal.

(2) The effectiveness of the housing element in attainment of the community's housing goals and objectives.

(3) The progress of the city, county, or city and county in implementation of the housing element.

(b) The housing element shall be revised as appropriate, but not less than every five years, to reflect the results of this periodic review, except that the first such revision shall be accomplished by July 1, 1984.

65589. (a) Nothing in this article shall require a city, county, or city and county to do any of the following:

(1) Expend local revenues for the construction of housing, housing subsidies, or land acquisition.

(2) Disapprove any residential development which is consistent with the general plan.

(b) Nothing in this article shall be construed to be a grant of authority or a repeal of any authority which may exist of a local government to impose rent controls or restrictions on the sale of real property.

(c) Nothing in this article shall be construed to be a grant of

authority or a repeal of any authority which may exist of a local government with respect to measures that may be undertaken or required by a local government to be undertaken to implement the housing element of the local general plan.

(d) The provisions of this article shall be construed consistent with, and in promotion of, the statewide goal of a sufficient supply of decent housing to meet the needs of all Californians.

SEC. 4. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 5. Section 2 of this act shall become operative October 1, 1981.

## CHAPTER 1144

An act to add Section 669.5 to the Evidence Code, relating to the evidentiary burden of proof.

[Approved by Governor September 26, 1980. Filed with  
Secretary of State September 26, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares that an adequate supply of housing is necessary for the health, safety, and public welfare of all Californians. The Legislature further finds and declares that local government ordinances which severely restrict the number of housing units which may be constructed have an effect on the supply of housing within the region, may exacerbate the housing market conditions in surrounding jurisdictions, and may limit access to affordable housing within the jurisdiction and in the region. While the Legislature recognizes that, in certain instances, the public health, safety, and welfare warrant enactment of such ordinances, increasing public need for adequate housing requires that local governments properly establish the need for such ordinances and balance the need for such ordinances against the need for new housing opportunities.

SEC. 2. Section 669.5 is added to the Evidence Code, to read:

669.5. (a) Any ordinance enacted by the governing body of a city, county, or city and county which directly limits, by number, (1) the building permits that may be issued for residential construction or (2) the buildable lots which may be developed for residential purposes, is presumed to have an impact on the supply of residential units available in an area which includes territory outside

the jurisdiction of such city, county, or city and county.

(b) With respect to any action which challenges the validity of such an ordinance, the city, county, or city and county enacting such ordinance shall bear the burden of proof that such ordinance is necessary for the protection of the public health, safety, or welfare of the population of such city, county, or city and county.

(c) This section does not apply to ordinances which (1) impose a moratorium, to protect the public health and safety, on residential construction for a specified period of time, if, under the terms of the ordinance, the moratorium will cease when the public health or safety is no longer jeopardized by such construction, or (2) create agricultural preserves under Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code, or (3) restrict the number of buildable parcels by limiting the minimum size of buildable parcels within a zone or by designating lands within a zone for nonresidential uses.

(d) This section shall not apply to a voter approved ordinance adopted by referendum or initiative prior to the effective date of this section which (1) requires the city, county, or city and county to establish a population growth limit which represents its fair share of each year's statewide population growth, or (2) which sets a growth rate of no more than the average population growth rate experienced by the state as a whole.

## CHAPTER 1145

An act to amend Sections 35152, 54790, 54791, 56157, 56198, and 56470 of the Government Code, relating to local agencies.

[Approved by Governor September 26, 1980 Filed with  
Secretary of State September 26, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Section 35152 of the Government Code is amended to read:

35152. Except when a commission is the lead agency pursuant to Section 21067 of the Public Resources Code, the executive officer shall determine within 30 days of receiving a petition or resolution of application whether such petition or application is complete and acceptable for filing or incomplete. The application shall be deemed accepted for filing if no determination has been made by the executive officer within the 30-day period. When an application is accepted for filing, the executive officer shall immediately issue a certificate of filing to the chief petitioners or the legislative body making the proposal. A certificate of filing shall be in the form prescribed by the executive officer and shall specify the date upon which the proposal will be heard by the commission. Following

issuance of the certificate of filing, the executive officer shall proceed to set the proposal for hearing and give published notice hereof as provided in this part. The date of such hearing shall be not more than 90 days after issuance of the certificate or after the application is deemed to have been accepted, whichever is earlier, and the date for conducting the hearing, as determined herein, shall be mandatory. In the event that an application is determined not to be complete, the executive officer shall immediately transmit such determination to the applicant specifying those parts of the application which are incomplete and the manner in which they can be made complete.

SEC. 2. Section 54790 of the Government Code is amended to read:

54790. The commission shall have the following powers and duties, subject to the limitations upon its jurisdiction herein set forth:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally proposals for:

(1) The incorporation of cities.

(2) The formation of special districts.

(3) The annexation of territory to local agencies, (other than local agencies the annexation of territory to which is required to be made pursuant to the provisions of Division 1 (commencing with Section 56000) of Title 6); provided that a commission shall not impose any conditions which would directly regulate land use, property development, or subdivision requirements. When the development purposes are not made known to the annexing agency, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing agency. Nothing in this paragraph, however, shall be construed as prohibiting a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed provided that the commission shall not specify how, or in what manner, the territory shall be prezoned.

(4) The exclusion of territory from a city.

(5) The disincorporation of a city.

(6) The consolidation of two or more cities.

(7) The development of new communities within the jurisdiction of the commission pursuant to Sections 33021 and 33298 of the Health and Safety Code.

(b) To adopt standards and procedures for the evaluation of proposals, including standards for each of the factors enumerated in Section 54796.

(c) To make and enforce rules and regulations for the orderly and fair conduct of hearings by the commission.

(d) To incur usual and necessary expenses for the accomplishment of its functions.

(e) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(f) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty thereof, the

nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(g) To waive the restrictions of Section 35010 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(h) To waive the application of Section 25210.90 if it finds the application would deprive an area of a service needed to insure the health, safety, or welfare of the area's residents and if it finds that such waiver would not affect the ability of a city to provide any service; provided, however, that within 60 days of the inclusion of the territory within the city, the governing body may adopt a resolution nullifying the waiver.

SEC. 3. Section 54791 of the Government Code is amended to read:

54791. Proceedings shall not be initiated until application is made to, and accepted for filing by, the executive officer, and approval is given by the commission of the principal county. Any proponent, any legislative body, or any members of any legislative body, desiring to initiate proceedings shall submit an application to the executive officer of the principal county. Except when a commission is the lead agency pursuant to Section 21067 of the Public Resources Code, the executive officer shall determine within 30 days of receiving an application whether such application is complete and acceptable for filing or incomplete. An application shall be deemed accepted for filing if no determination has been made by the executive officer within the 30-day period. An executive officer shall accept for filing, and file, any application submitted in the form prescribed by the commission and containing all of the information and data required pursuant to Section 54792. When an application is accepted for filing the executive officer shall immediately issue a certificate of filing to the applicant. A certificate of filing shall be in the form prescribed by the executive officer. From the date of issuance of a certificate of filing, or the date upon which an application is deemed to have been accepted, whichever is earlier, an application shall be deemed filed pursuant to this chapter. In the event that an application is determined not to be complete, the executive officer shall immediately transmit such determination to the applicant specifying those parts of the application which are incomplete and the manner in which they can be made complete.

If a special district is, or as a result of a proposed formation or annexation will be, located in more than one county, the executive officer of the principal county shall immediately furnish a copy of any application accepted for filing by such executive officer to the executive officer of each such other county.

SEC. 4. Section 56157 of the Government Code is amended to

read:

56157. Except when a commission is the lead agency pursuant to Section 21067 of the Public Resources Code, the executive officer shall determine within 30 days of receiving a petition whether such petition is complete and acceptable for filing or incomplete. An application shall be deemed accepted for filing if no determination has been made by the executive officer within the 30-day period. If the petition, including any supplemental petition, shall be certified to be sufficient, and contains all the information and data required pursuant to Section 56140 and is in the form prescribed by the commission, the executive officer shall accept the proposal for filing. When the executive officer accepts a proposal for filing he shall immediately issue a certificate of filing to the chief petitioners, if any. A certificate of filing shall be in the form prescribed by the executive officer and shall give notice of the sufficiency of the petition and the date the proposal shall be heard by the commission. Following issuance of the certificate of filing the executive officer shall proceed to set the proposal for hearing and give notice thereof in the manner provided in Part 4 (commencing with Section 56250) of this division. In the event that a petition is determined not to be complete, the executive officer shall immediately transmit such determination to the chief petitioner or petitioners specifying those parts of the petition which are incomplete and the manner in which they can be made complete.

SEC. 5. Section 56198 of the Government Code is amended to read:

56198. Except when a commission is the lead agency pursuant to Section 21067 of the Public Resources Code, the executive officer shall determine within 30 days of receiving a resolution of application whether such resolution of application is complete and acceptable for filing or incomplete. An application shall be deemed accepted for filing if no determination has been made by the executive officer within the 30-day period. Upon receipt of a resolution of application, the executive officer shall ascertain whether, except for provisions relating to signers and signatures, the resolution and any supporting documents contain all the information and data required pursuant to Section 56140 and is in the form prescribed by the commission. If the executive officer finds that the resolution contains all such information and is in the prescribed form, he shall accept the proposal made therein for filing and immediately issue a certificate of filing to the affected county, city or district making the proposal. A certificate of filing shall be in the form prescribed by the executive officer and shall give notice of the date the proposal shall be heard by the commission. Following issuance of the certificate of filing, the executive officer shall proceed to set the proposal for hearing and give notice thereof in the manner provided by Part 4 (commencing with Section 56250) of this division. In the event that a resolution of application is determined not to be complete, the executive officer shall immediately transmit such determination to the applicant

specifying those parts of the resolution of application which are incomplete and the manner in which they can be made complete.

SEC. 6. Section 56470 of the Government Code is amended to read:

56470. Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions, provided that any of the following terms and conditions shall not directly regulate land use, property development, or subdivision requirements:

(a) The payment of a fixed or determinable amount of money, either as a lump sum or in installments, for the acquisition, transfer, use or right of use of all or any part of the existing property, real or personal, of any city, county, or district.

(b) The levying or fixing and the collection of (1) special, extraordinary, or additional taxes or assessments, or (2) special, extraordinary, or additional service charges, rentals, or rates, or (3) both, for the purpose of providing for any payment required pursuant to subdivision (a) of this section.

(c) The imposition, exemption, transfer, division, or apportionment, as among any affected cities, counties, districts, and territory of liability for payment of all or any part of principal, interest, and any other amounts which shall become due on account of all or any part of any outstanding or then authorized but thereafter issued bonds, including revenue bonds, or other contracts or obligations of any city, county, district or any improvement district therein and the levying or fixing and the collection of any (1) taxes or assessments, or (2) service charges, rentals, or rates or, (3) both in the same manner as provided in the original authorization of the bonds and in the amount necessary to provide for such payment.

(d) If, as a result of any term or condition made pursuant to subdivision (c), the liability of any affected city, county, or district for payment of the principal of any bonded indebtedness shall be increased or decreased, the term and condition may specify the amount, if any, of such increase or decrease which shall be included in, or excluded from, the outstanding bonded indebtedness of any such agency for the purpose of the application of any statute or charter provision imposing a limitation upon the principal amount of outstanding bonded indebtedness of such agency.

(e) The formation of a new improvement district or districts or the annexation or detachment of territory to, or from, any existing improvement district or districts.

(f) The incurring of new indebtedness or liability by, or on behalf of, all or any part of any district, including territory being annexed to any district, or of any existing or proposed new improvement district therein. The new indebtedness may be the obligation solely of territory to be annexed provided the district has the authority to establish zones for incurring indebtedness. The indebtedness or liability shall be incurred substantially in accordance with the laws otherwise applicable to the district.

(g) The issuance and sale of any bonds, including authorized but unissued bonds of a subject district, either by such district or by a district designated as the successor to any district which shall be extinguished as a result of any change of organization or reorganization.

(l) The employment, transfer, or discharge of employees, the continuation, modification, or termination of existing employment contracts, civil service rights, seniority rights, retirement rights, and other employee benefits and rights.

(m) The designation of a city, county, or district, as the successor to any district which shall be extinguished as a result of any change of organization or reorganization, for the purpose of succeeding to all of the rights, duties, and obligations of the extinguished district with respect to enforcement, performance or payment of any outstanding bonds, including revenue bonds, or other contracts and obligations of said extinguished district.

(n) The designation (1) of the method for the selection of members of the legislative body of a district or (2) the number of such members, (3) or both, where the proceedings are for a consolidation, or a reorganization providing for a consolidation or formation of a new district and the principal act provides for alternative methods of such selection or for varying numbers of such members, or both.

## CHAPTER 1146

An act relating to agriculture, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1980. Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. In 1978, the Legislature approved a pilot guayule program to establish 10 test plots in suitable growing areas within the state, and under the administration of the Department of Food and Agriculture, six test plots have been completed and are flourishing.

SEC. 2. The Director of Food and Agriculture shall continue to administer and coordinate the existing guayule development program and shall seek all available federal funding in the amount necessary to support the following projects:

- (a) Demonstration projects on the 10 established test plots.
- (b) Continuation of the breeding and selection program.

SEC. 3. The Director of Food and Agriculture shall also seek additional funding from both private and public sources to fund the following programs in the order listed:

- (a) Expansion of the guayule rubber breeding program.
- (b) Establishment of a pilot plant for the processing and extraction of rubber from guayule.

SEC. 4. The Legislature finds that the Mediterranean fruit fly, an insect known to be a serious pest of over 200 crops, has been found in two widely separated locations in California. The insect can live anywhere in the state that fruit and vegetable crops are grown and it has a potential of costing the citrus industry alone over 65 million dollars (\$65,000,000) annually if the insect is allowed to spread. A major statewide infestation could cost California agriculture one billion dollars (\$1,000,000,000) a year in control costs and losses to crops. The Legislature finds and declares that because of the enormous potential impact, this pest must be eradicated.

SEC. 5. The Legislature declares that, since the Mediterranean fruit fly has already spread over an area of 100 square miles in two locations since being found on June 5, 1980, and since it will continue to spread rapidly unless eradicated and, if the normal budgeting process is followed, funds could not be provided to combat this

serious pest until February 1981, and since the Department of Food and Agriculture Emergency Fund cannot provide the total funds required to eradicate this pest, and, in fact, that fund has been virtually eliminated just one month into the new fiscal year, in order to provide funding on a priority basis for the eradication activities, additional appropriations to the Department of Food and Agriculture to be used for the eradication of the Mediterranean fruit fly, and other purposes as authorized by the department, are required.

SEC. 6. The Director of Food and Agriculture shall report to the Assembly Committee on Agriculture on a quarterly basis, beginning three months after the date this legislation is chaptered, until June 30, 1981. The reports shall include the amount of money spent on the eradication program, and a summary of the efforts of the Department of Food and Agriculture, to the date of the report and its upcoming plans for the next quarter.

SEC. 7. The sum of one million two hundred thousand dollars (\$1,200,000) is hereby appropriated from the General Fund to the Department of Food and Agriculture for allocation as follows:

- (a) For funding California's existing guayule program ..... \$ 200,000
- (b) For funding of the Department of Food and Agriculture Emergency Fund ..... 1,000,000

Any of the funds in paragraph (b) of this section which have not been expended by June 30, 1981, shall revert to the General Fund.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to ensure continued research in the production of guayule, the further development of the state pilot project for guayule, and continued efforts toward eradication of the Mediterranean fruit fly at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1147

An act to add and repeal Section 35555 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1980. Filed with Secretary of State September 29, 1980 ]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 35555 is added to the Vehicle Code, to read:  
35555. Notwithstanding subdivision (b) of Section 35551 and Section 35551.5, a cotton module mover, as defined in Section 35400.5, registered in California before July 1, 1980, may carry a gross weight on each set of tandem axles in excess of 34,000 pounds while crossing any state highway, or while being operated on any county highway, unless the county board of supervisors having jurisdiction over the county highway adopts a resolution prohibiting or limiting the operation of any cotton module mover exceeding the allowable axle weight limits on that county highway or on all county highways under its jurisdiction.

This section shall be applicable only to highways within the Counties of Fresno, Imperial, Kern, Kings, Madera, Merced, Riverside, San Benito, San Bernardino, and Tulare.

This section shall remain in effect only until July 1, 1984, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1984, deletes or extends such date.

**SEC. 2.** This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that cotton module movers be available for the timely and efficient harvesting of cotton to supply much needed fiber for this country and the world in 1980 and thereafter so that the harvesting may be completed by the time required by regulations of the Department of Food and Agriculture to prevent the spread of the pink bollworm, it is necessary that this act take effect immediately.

## CHAPTER 1148

An act to repeal and add Part 2 (commencing with Section 3301) of Division 3 of the Food and Agricultural Code, and to amend Section 830.31 of the Penal Code, relating to expositions and fairs.

*The people of the State of California do enact as follows:*

**SECTION 1.** Part 2 (commencing with Section 3301) of Division 3 of the Food and Agricultural Code is repealed.

**SEC. 2.** Part 2 (commencing with Section 3301) is added to Division 3 of the Food and Agricultural Code, to read:

**PART 2. CALIFORNIA EXPOSITION AND STATE FAIR****CHAPTER 1. GENERAL PROVISIONS**

3301. It is the intent of the Legislature to vitalize the California Exposition and State Fair by creating a new entity in state government managed by a board of directors with sufficient autonomy for efficient operation balanced by appropriate state oversight. 3302. It is the intent of the Legislature that no changes shall be made in the uses of the flood plain on California Exposition and State Fair property until the board has adopted a management plan for the flood plain area which complies with current law concerning Bushy Lake Preservation in Chapter 9 (commencing with Section 5830) of Division 5 of the Public Resources Code and with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

3303. As used in this part, "board" or "board of directors" means the Board of Directors of the California Exposition and State Fair.

3304. 3317. The two Members of the Legislature who represent the Assembly and Senate district in which the California Exposition and State Fair facilities are located shall meet with and, except as otherwise provided by the Constitution, advise the board to the extent that such advisory participation is not incompatible with their duties as Members of the Legislature.

SECTION 1. Section 10131.6 of the Business and Professions Code is amended to read:

10131.6. (a) Notwithstanding any other provision of law, a person licensed as a real estate broker may sell or offer to sell, buy or offer to buy, solicit prospective purchasers of, solicit or obtain listings of, or negotiate the purchase, sale, or exchange of any mobilehome if the mobilehome has been registered under the provisions of Division 3 (commencing with Section 4000) of the Vehicle Code or Part 2 (commencing with Section 18000) of Division 13 of the Health and Safety Code for at least one year.

(b) No real estate broker who engages in the activities authorized by this section shall maintain any place of business where two or more mobilehomes are displayed and offered for sale by such person, unless the broker is also licensed as a mobilehome dealer as provided for by Governor's Reorganization Plan No. 1 of 1980.

(c) As used in this chapter, "mobilehome" means a structure transportable in one or more sections, designed and equipped to contain not more than two dwelling units to be used with or without a foundation system. "Mobilehome" does not include a recreational vehicle, as defined in Section 18010.5 of the Health and Safety Code,

a commercial coach, as defined in Section 18012 of the Health and Safety Code, or factory-built housing, as defined in Section 19971 of the Health and Safety Code.

(d) In order to carry out the provisions of this section, the commissioner shall prescribe by regulation, after consultation with the Department of Housing and Community Development, methods and procedures to assure compliance with requirements of the Health and Safety Code pertaining to mobilehome registration, collection of sales and use taxes, and transaction documentation.

10131.7. It is unlawful for any real estate licensee acting under authority of Section 10131.6:

(a) To advertise or offer for sale in any manner any mobilehome unless it is either in place on a lot rented or leased for human habitation within an established mobilehome park as defined in Section 18214 of the Health and Safety Code and the advertising or offering for sale is not contrary to any terms of a contract between the seller of the mobilehome and the owner of the mobilehome park, or is otherwise located, pursuant to a local zoning ordinance or permit, on a lot where its presence has been authorized or its continued presence and such use would be authorized for a total and uninterrupted period of at least one year.

(b) To fail to withdraw any advertisement of a mobilehome for sale, lease or exchange within 48 hours after his receipt of notice that the mobilehome is no longer available for sale, lease or exchange.

(c) To advertise or represent a mobilehome as a new mobilehome.

(d) To include as an added cost to the selling price of a mobilehome, an amount for licensing, as prescribed by Section 10751 of the Revenue and Taxation Code, or transfer of title of the mobilehome as a vehicle, which amount is not due to the state unless, prior to the sale, such amount has been paid by the licensee to the state in order to avoid penalties that would have accrued because of late payment of such fees.

(e) To make any representation that a mobilehome is capable of being transported on California highways if the mobilehome does not meet all of the equipment requirements applicable to mobilehomes of Division 12 (commencing with Section 24000) of the Vehicle Code, or to fail to disclose any material fact respecting such equipment requirements.

(f) To advertise or otherwise represent, or knowingly to allow to be advertised or represented on his behalf or at his place of business, that no downpayment is required in connection with the sale of a mobilehome when a downpayment is in fact, required and the buyer is advised or induced to finance such downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the mobilehome.

(g) To fail or neglect properly to cause the endorsement, dating and delivery (or fail to endorse, date and deliver) of the certificate

(e) Has submitted a check, draft, or money order to the Department of Housing and Community Development for any obligation or fee due the state and it is thereafter dishonored or refused payment upon presentation.

SEC. 4. Section 798.55 of the Civil Code is amended to read:

798.55. (a) The Legislature finds and declares that, because of the high cost of moving mobilehomes, the potential for damage resulting therefrom, the requirements relating to the installation of mobilehomes, and the cost of landscaping or lot preparation, it is necessary that the owners of mobilehomes occupied within mobilehome parks be provided with the unique protection from actual or constructive eviction afforded by the provisions of this chapter.

(b) The management shall not terminate or refuse to renew a tenancy, except for a reason specified in this article and upon the giving of written notice to the tenant in the manner prescribed by Section 1162 of the Code of Civil Procedure, to remove the mobilehome from the park within a period of not less than 60 days, which period shall be specified in the notice. A copy of this notice shall be sent to the legal owner and registered owner of the mobilehome, if other than the tenant, by United States mail on the same day as notice is given to the tenant, addressed to the legal and registered owners at their addresses, as set forth in the registration card specified in Section 18075.28 of the Health and Safety Code.

SEC. 5. Section 798.56 of the Civil Code is amended to read:

798.56. A tenancy shall be terminated by the management only for one or more of the following reasons:

(a) Failure of the tenant to comply with a local ordinance or state law or regulation relating to mobilehomes within a reasonable time after the tenant receives a notice of noncompliance from the appropriate governmental agency.

(b) Conduct by the tenant, upon the park premises, which constitutes a substantial annoyance to other tenants.

(c) Failure of the tenant to comply with a reasonable rule or regulation of the park as set forth in the rental agreement or any amendment thereto.

No act or omission of the tenant shall constitute such a failure to comply unless and until the management has given the tenant written notice of the alleged rule or regulation violation and the tenant has failed to adhere to the rule or regulation within seven days.

(d) Nonpayment of rent, utility charges, or reasonable incidental service charges; provided, that the tenant shall be given a three-day written notice to pay the amount due or to vacate the tenancy. The three-day written notice shall be given to the tenant in the manner prescribed by Section 1162 of the Code of Civil Procedure. Such notice may be given at the same time as the 60 days' notice required for termination of the tenancy. Payment by the tenant prior to the expiration of the three-day notice period, or payment by the legal owner, as defined in Section 18007 of the Health and Safety Code, or registered owner, as defined in Section 18010.2 of the Health and Safety Code, if other than the tenant, on behalf of the tenant prior to the expiration of 30 calendar days following the mailing of the notice to the legal owner or registered owner provided in subdivision (b) of Section 798.55, shall cure a default under this subdivision with respect to such payment. The tenant shall remain liable for all payments due up until the time the tenancy is vacated. Cure of a default of rent, utility charges, or reasonable incidental service charges by the legal owner or registered owner, if other than the tenant, as provided by this subdivision, may not be exercised more than twice during the term of the tenancy.

(e) Condemnation of the park.

(f) Change of use of the park or any portion thereof, provided:

(1) The management gives the tenants at least 15 days' written

notice that the management will be appearing before a local governmental board, commission, or body to request permits for a change of use of the mobilehome park.

(2) The management gives the tenants 12 months' or more written notice of the proposed change after the management has made initial application to the local governmental board, commission, or body requesting a change of use. Provided, however, that no tenant shall be required to vacate until all required permits for a change of use have been obtained. After all required permits have been obtained and the 12-month or more period specified in the notice has elapsed, the notice specified in Section 798.55 may be given.

If the change of use requires no local governmental permits, then notice shall be given 12 months or more prior to the management's determination that a change of use will occur. The management in the notice shall disclose and describe in detail the nature of the change of use.

(3) The management gives each proposed tenant written notice thereof prior to the inception of his tenancy that the management is requesting a change of use before local governmental bodies or that a change of use request has been granted.

(4) The notice requirements for termination of tenancy set forth in Sections 798.55, 798.56, and 798.57 shall be followed if the proposed change actually occurs.

(5) A notice of a proposed change of use given prior to January 1, 1980, which conforms to the requirements in effect at that time shall be valid. The requirements for a notice of a proposed change of use imposed by this subdivision shall only apply to notices given on or after January 1, 1980.

(6) The amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code.

(7) The amount, if any, charged by the dealer for documentary preparation. If a dealer charges a buyer a documentary preparation charge, then the contract shall contain a notice advising the buyer that such charge is not a governmental fee.

(8) The amount of the unpaid balance, which is the sum of items 3, 4, 5, 6, and 7.

(9) The amount, if any, of an administrative finance charge.

(10) The amount financed, which is the difference between items 8 and 9.

(11) The finance charge (i) expressed as the annual percentage rate as defined in Regulation Z and (ii) expressed in dollars.

(12) The number, amount and due dates or periods of payments scheduled to repay the indebtedness and the sum of such payments.

(13) The names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 of this code is to be sent.

(14) (A) Where the contract includes a finance charge determined on the precomputed basis, an identification of the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and a statement of the amount or method of computation of any charge that may be deducted from the amount of any rebate of such unearned finance charge that will be credited to the obligation or refunded to the buyer. Reference to the Rule of 78's, the sum of the digits, the sum of the periodic time balances or the actuarial method shall constitute a sufficient identification of the method of computing the unearned portion of the finance charge.

(B) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(15) (A) Where the contract includes a finance charge which is determined on the precomputed basis, a notice, in at least 8-point bold type if the contract is printed, reading as follows: "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and under certain conditions obtain a partial refund of the finance charge. Because the refund will be figured by the Rule of 78's, the time when you prepay may affect the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(B) Where the contract includes a finance charge which is determined on the simple-interest basis, a notice, in a least 8-point bold type if the contract is printed, reading as follows: "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(16) A notice to the buyer, in writing, and, if printed, in type no smaller than 8-point, that complaints concerning unfair or deceptive practices or methods by the seller shall be referred to the seller and, if the complaint is not resolved, may be referred to the Department of Motor Vehicles, Division of Compliance, 2570 24th Street, Sacramento, 95818.

Additional items may be included to explain the computations made in determining the amount to be paid by the buyer. If the

finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to item 11 shall be the amount which will be incurred by the buyer if all payments are received by the seller on their respective due dates.

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) (1) If the finance charge is determined by the precomputed basis, the dollar amount of the finance charge shown pursuant to item 13 of subdivision (a) shall not exceed the greater of:

(A) One percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) Twenty-five dollars (\$25).

(2) If the finance charge or a portion thereof is determined by the simple-interest basis, the dollar amount of the finance charge shown pursuant to item 11 of subdivision (a) shall not exceed the greater of:

(A) The product of the unpaid balance multiplied by the maximum annual percentage rate (as defined in Regulation Z) which would be permitted if subparagraph (A) of paragraph (1) were applicable to the contract; or

(B) (i) Twenty-five dollars (\$25) if the unpaid balance does not exceed one thousand dollars (\$1,000), (ii) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000) but does not exceed two thousand dollars (\$2,000), or (iii) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(3) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item 11 of subdivision (a), except to the extent caused by (A) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled, (B) the use of estimations in the providing of the disclosures required by this chapter to the extent permitted by Regulation Z, or (C) as permitted by subdivision (c) of Section 2982.8.

(4) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars (\$5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (B) of paragraph (2), charge, receive or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75) provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the

simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (2). Any administrative finance charge which is charged, received or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(d) The contract may provide for a delinquency charge or charges on any installment in default for a period of not less than 10 days in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(e) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar (\$1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar (\$1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) of paragraph (1) of subdivision (c) or subparagraph (B) of paragraph (2) of subdivision (c), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or his assignee to receive delinquency charges on

delinquent installments and reasonable costs and fees as provided in subdivision (d) of this section.

(f) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or, if the finance charge is determined on the precomputed basis, as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) This section shall become operative on January 1, 1981.

SEC. 8.5. Section 2982 of the Civil Code, as added by Section 1.6 of Chapter 1160 of the Statutes of 1979, and as amended by Section 22 of Assembly Bill No. 3393 of the 1979-80 Regular Session, is amended to read:

2982. (a) Every conditional sale contract for the sale of a motor vehicle, with or without accessories, shall be in writing and, if printed, shall be printed in type no smaller than 6-point, and shall contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the motor vehicle, including any promissory notes or any other evidences of indebtedness. The conditional sale contract or a purchase order shall be signed by the buyer or his authorized representative and by the seller or its authorized representative, and an exact copy thereof shall be furnished the buyer by the seller at the time the buyer and the seller have signed the contract or purchase order. No motor vehicle shall be delivered under this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed, during the contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed. Every conditional sale contract shall contain, although not necessarily in the sequence or order set forth below, the following separate items:

(1) The cash price of the motor vehicle and of other items described in subdivision (e) of Section 2981 which are the subject of the conditional sale contract.

(2) The amount of the buyer's downpayment, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective

amounts credited for cash and for such property, but excluding any administrative finance charge shown in item 9.

(3) The unpaid balance of cash price, which is the difference between items 1 and 2.

(4) The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

(5) The amounts, if any, paid or to be paid to any public officer in connection with the transaction and for license, certificate of title, and registration fees imposed by law.

(6) The amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code.

(7) The amount, if any, charged by the seller for documentary preparation. If a seller charges a buyer a documentary preparation charge, then the contract shall contain a notice advising the buyer that such charge is not a governmental fee.

(8) The amount of the unpaid balance, which is the sum of items 3, 4, 5, 6, and 7.

(9) The amount, if any, of an administrative finance charge.

(10) The amount financed, which is the difference between items 8 and 9.

(11) The finance charge (A) expressed as the annual percentage rate as defined in Regulation Z and (B) expressed in dollars.

(12) The number, amount and due dates or periods of payments scheduled to repay the indebtedness and the sum of such payments.

(13) The names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 of this code is to be sent.

(14) (A) Where the contract includes a finance charge determined on the precomputed basis, an identification of the method of computing the unearned portion of obligation and a statement of the amount or method of computation of any charge that may be deducted from the amount of any such unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. Reference to the Rule of 78's, the sum of the digits, the sum of the periodic time balances or the actuarial method shall constitute a sufficient identification of the method of computing the unearned portion of the finance charge.

(B) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(15) (A) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, a notice in at least 10-point bold type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this

agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(B) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, a notice in at least 10-point bold type if the contract is printed, reading as follows: “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is \$1 more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(C) Where the contract includes a finance charge which is determined on the simple-interest basis, a notice, in a least 10-point bold type if the contract is printed, reading as follows: “Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.”

(16) A notice to the buyer, in writing, and, if printed, in type no smaller than 8-point, that complaints concerning unfair or deceptive practices or methods by the seller shall be referred to the seller and, if the complaint is not resolved, may be referred to the Department of Motor Vehicles, Division of Compliance, 2570 24th Street, Sacramento, 95818.

Additional items may be included to explain the computations made in determining the amount to be paid by the buyer. If the finance charge or any portion thereof is calculated on the 365-day basis, the amount of the finance charge shown pursuant to item 11 shall be the amount which will be incurred by the buyer if all payments are received by the seller on their respective due dates.

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the

disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) (1) The dollar amount of the finance charge shown pursuant to item 11 of subdivision (a) shall not exceed the greater of:

(A) One percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars (\$25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars (\$25) if the unpaid balance does not exceed one thousand dollars (\$1,000), (ii) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000) but does not exceed two thousand dollars (\$2,000), or (iii) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(2) The holder of the contract shall not charge, collect or receive a finance charge which exceeds the dollar amount shown pursuant to item 11 of subdivision (a), except to the extent caused by (A) the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) the use of estimations in the providing of the disclosures required by this chapter to the extent permitted by Regulation Z, or (C) as permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars (\$5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75), provided that the sum of any such administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(d) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(e) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, or if the contract has been extended, deferred or refinanced, of the additional charge therefor, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred or refinanced, as so extended, deferred or refinanced. Where the amount of the refund credit is less than one dollar (\$1), no refund credit need be made by the holder. Any refund credit in the amount of one dollar (\$1) or more may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which such payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (c), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (d) of this section or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in

satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(f) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or, if the finance charge is determined on the precomputed basis, as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) This section shall become operative on July 1, 1981.

SEC. 9. Section 2982.8 of the Civil Code is amended to read:

2982.8. (a) If a buyer is obligated under the terms of the conditional sale contract to maintain insurance on the vehicle and subsequent to the execution of the contract the buyer either fails to maintain or requests the holder to procure such insurance, any amounts advanced by the holder to procure such insurance may be added to the contract balance. Such amounts shall be secured by the motor vehicle provided that the holder notifies the buyer in writing of his or her option to repay such amounts in any one of the following ways:

(1) Full payment within 10 days from the date of giving or mailing the notice.

(2) Full amortization during the term of the insurance.

(3) Full amortization after the term of the conditional sale contract to be payable in installments which do not exceed the average payment allocable to a monthly period under the contract. The option offered under this subparagraph shall not apply to any industrial loan company licensed pursuant to Division 7 (commencing with Section 18000) of the Financial Code.

(4) If offered by the holder, any other amortization plan.

If the buyer neither pays in full the amounts advanced nor notifies the holder in writing of his or her choice regarding amortization options before the expiration of 10 days from the date of giving or mailing the notice by the holder, the holder may amortize the amounts advanced on a secured basis pursuant to either paragraph (2) or (3) of this subdivision.

(b) The written notification described in subdivision (a) shall also set forth the amounts advanced by the holder and, with respect to each amortization plan the amount of the additional finance charge, the sum of the amounts advanced and the additional finance charge,

the number of installments required, the amount of each installment and the date for payment of the installments.

(c) The maximum rate of finance charge which may be imposed on amounts advanced by the holder subsequent to the execution of the contract for insurance, repairs to or preservation of the motor vehicle, or preservation of the holder's security interest therein, shall not exceed the annual percentage rate disclosed in paragraph 11 of subdivision (a) of Section 2982.

SEC. 9.5. Section 2982.8 of the Civil Code, as amended by Assembly Bill No. 3393 of the 1979-80 Regular Session, is amended to read:

2982.8. (a) If a buyer is obligated under the terms of the conditional sale contract to maintain insurance on the vehicle and subsequent to the execution of the contract the buyer either fails to maintain or requests the holder to procure such insurance, any amounts advanced by the holder to procure such insurance may be the subject of finance charges from the date of advance as provided in subdivision (d). Such amounts shall be secured as provided in the contract and permitted by Section 2984.2 if the holder notifies the buyer in writing of his or her option to repay such amounts in any one of the following ways:

(1) Full payment within 10 days from the date of giving or mailing the notice.

(2) Full amortization during the term of the insurance.

(3) Full amortization after the term of the conditional sale contract to be payable in installments which do not exceed the average payment allocable to a monthly period under the contract. The option offered under this subparagraph shall not apply to any industrial loan company licensed pursuant to Division 7 (commencing with Section 18000) of the Financial Code.

(4) If offered by the holder, any other amortization plan.

If the buyer neither pays in full the amounts advanced nor notifies the holder in writing of his or her choice regarding amortization options before the expiration of 10 days from the date of giving or mailing the notice by the holder, the holder may amortize the amounts advanced on a secured basis pursuant to either paragraph (2) or (3).

(b) The written notification described in subdivision (a) shall also set forth the amounts advanced by the holder and, with respect to each amortization plan the amount of the additional finance charge, the sum of the amounts advanced and the additional finance charge, the number of installments required, the amount of each installment and the date for payment of the installments.

(c) If subsequent to the execution of the contract the holder advances amounts for repairs to or preservation of the motor vehicle or preservation of the holder's security interest therein and such advances are occasioned by the buyer's default under the contract, such advances may be the subject of finance charges from the date of advance as provided in subdivision (d) and shall be secured as provided in the contract and permitted by Section 2984.2.

(d) The maximum rate of finance charge which may be imposed on amounts advanced by the holder subsequent to the execution of the contract for insurance, repairs to or preservation of the motor vehicle, or preservation of the holder's security interest therein, shall not exceed the annual percentage rate disclosed pursuant to paragraph 11 of subdivision (a) of Section 2982.

SEC. 10. Section 2983.8 of the Civil Code is amended to read:

2983.8. Notwithstanding Section 2983.2 or any other provision of law, no deficiency judgment shall lie in any event after any sale of any mobilehome for which a permit is required pursuant to Section 35780 or 35790 of the Vehicle Code for failure of the purchaser to complete his conditional sale contract given to the seller to secure payment of the balance of the purchase price of such mobilehome. The provisions of this section shall not apply in the event there is substantial damage to the mobilehome other than wear and tear from normal usage. This section shall apply only to contracts entered into on or after the effective date of this section and before July 1, 1981.

SEC. 11. Section 2984.2 of the Civil Code is amended to read:

2984.2. No agreement in connection with a conditional sale of a motor vehicle for the inclusion of title to or a lien upon any personal or real property, other than the motor vehicle which is the subject matter of the conditional sale, or accessories therefor or special and auxiliary equipment used in connection therewith, or in substitution, in whole or in part, for any therefor, as security for payment of the contract balance, shall be enforceable. No agreement between a buyer and seller in connection with a sale of a motor vehicle which provides for the inclusion of title to or a lien upon any personal or real property, other than the motor vehicle which is the subject matter of the sale, or accessories therefor or special and auxiliary equipment used in connection therewith, as security for payment of the contract balance, shall be enforceable. This section shall not apply to: (1) any agreement which meets the requirements of Section 2982.5 and otherwise complies with this chapter; or, (2) any agreement relating to any insurance policies upon the motor vehicle which are required by the seller, or to proceeds from such policies, or to return of insurance premiums on any such policies which are financed by the seller; or, (3) with respect to a mobilehome sold prior to July 1, 1981, any agreement whereby a security interest is taken in the real property on which the mobilehome is installed on a foundation system pursuant to Section 18551 of the Health and Safety Code.

SEC. 11.5. Section 2984.2 of the Civil Code, as repealed and added by Assembly Bill No. 3393 of the 1979-80 Regular Session, is amended to read:

2984.2. (a) No conditional sale contract, and no agreement between a seller and a buyer made in connection with a conditional sale contract, may provide for the inclusion of title to or a lien upon any property other than:

(1) The motor vehicle which is the subject matter of the sale, or accessories, accessions, replacements or proceeds thereof;

(2) The proceeds of any insurance policies covering the motor vehicle which are required by the seller or the returned premiums of any such policies if the premiums for such policies are included in the unpaid balance;

(3) The proceeds of any credit insurance policies which the buyer purchases in connection with the motor vehicle conditional sale contract or the returned premiums of any such policies if the premiums for such policies are included in the unpaid balance; or

(4) The proceeds and returned price of any service contract if the cost of such contract is included in the unpaid balance.

(b) Subdivision (a) shall not apply to any agreement which meets the requirements of subdivision (b) of Section 2982.5 and otherwise complies with this chapter, nor shall subdivision (a) apply with respect to a mobilehome sold prior to July 1, 1981, to any agreement whereby a security interest is taken in real property on which such mobilehome is installed on a foundation system pursuant to Section 18551 of the Health and Safety Code.

(c) A provision in violation of this section shall be void.

SEC. 12. Section 2984.3 of the Civil Code is amended to read:

2984.3. The recovery shall be tendered to the buyer within five business days after the breach.

(c) The remedies of the buyer provided for in subdivision (b) are nonexclusive and cumulative and shall not preclude the buyer from pursuing any other remedy which he or she may have under any other provision of law.

SEC. 27. Section 18066.1 is added to the Health and Safety Code, to read:

18066.1. In the event a buyer of a mobilehome obligates himself or herself to purchase, or receive possession of, a mobilehome pursuant to a contract or purchase order, and the seller knows that the buyer intends to obtain financing from a third party without the assistance of the seller, and the buyer is unable to obtain such financing within 30 days of the execution of the contract or purchase order, the contract or purchase order shall be deemed rescinded and all consideration thereupon shall be returned by the respective parties without demand.

SEC. 28. Section 18066.2 is added to the Health and Safety Code, to read:

18066.2. (a) No conditional sale contract for the purchase of a mobilehome shall be enforceable, except by a bona fide purchaser, assignee, or pledgee for value or unless the violation is corrected as provided in subdivision (b), if the disclosure requirements of "Regulation Z" have not been met.

As used in this subdivision, "Regulation Z" means any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System ("Board") under the federal Truth in Lending Act, as amended (15 U.S.C. 1601, et seq.), and any interpretation or approval issued by an official or employee of the Federal Reserve System duly authorized by the board under the Truth in Lending Act, as amended, to issue such interpretations or approvals.

(b) Any disclosure violation may be corrected by the holder, however, a willful violation may not be corrected unless it is a violation appearing on the face of the contract and is corrected within 30 days of the execution of the contract or within 20 days of its sale, assignment, or pledge, whichever is later, as long as the 20-day period commences with the initial sale, assignment, or pledge of the contract, and as long as any other violation appearing on the face of the contract may be corrected only within such time periods. A correction which will increase the amount of the contract balance or the amount of any installment as such amounts appear on the conditional sale contract is not effective unless the buyer concurs in writing to the correction. If notified in writing by the buyer of such a violation, the correction shall be made within 10 days of notice. The correction shall be made by mailing or delivering a corrected copy of the contract to the buyer. Any amount improperly collected by the holder from the buyer shall be credited against the indebtedness evidenced by the contract or returned to the buyer. A violation corrected as provided in this section shall not be the basis of any recovery by the buyer or affect the enforceability of the contract by the holder and shall not be deemed to be a substantive change in the agreement of the parties.

(c) If the violation is not corrected, the buyer may recover from the seller the total amount paid, pursuant to the terms of the contract, by the buyer to the seller or his or her assignee. The amount recoverable for property traded in as all or part of the downpayment shall be equal to the agreed cash value of such property as the value appears on the conditional sale contract or the fair market value of such property as of the time the contract is made, whichever is greater.

SEC. 29. Section 18066.3 is added to the Health and Safety Code, to read:

18066.3. (a) If a holder acquires a conditional sale contract without actual knowledge of the violation by the seller as set forth in Section 18066.2, the contract shall be valid and enforceable by such holder except the buyer is excused from payment of the unpaid finance charge.

(b) If a holder acquires a conditional sale contract with knowledge of such a violation, the conditional sale contract shall not be enforceable except by a bona fide purchaser, assignee, or pledgee for value, or unless the violation is corrected as provided in subdivision (b) of Section 18066.2, and if the violation is not corrected, the buyer may recover from the person to whom payment was made the amounts specified in subdivision (c) of Section 18066.2.

(c) When a conditional sale contract is not enforceable pursuant to this section or Section 18066.2, the buyer of a mobilehome may elect to retain the mobilehome and continue the contract in force or may, with reasonable diligence, elect to rescind the contract and return the mobilehome. The value of the mobilehome so returned shall be credited as restitution by the buyer without any decrease, resulting from the passage of time, in the cash price of the mobilehome as such price appears on the conditional sales contract.

SEC. 30. Section 18066.4 is added to the Health and Safety Code, to read:

18066.4. (a) Notwithstanding any provision to the contrary in any contract for the sale or encumbrance of a mobilehome or commercial coach, at least 15 days' written notice of intent to dispose of a repossessed or surrendered mobilehome or commercial coach shall be given to all persons liable on the contract. The notice shall be personally served or shall be sent by certified mail, return receipt requested, or first-class mail, postage prepaid, directed to the last known address of the persons liable on the contract. The notice shall contain all of the following:

(1) Statements that such persons shall have a right to redeem the mobilehome or commercial coach by paying in full the indebtedness evidenced by the contract until the expiration of 15 days from the date of giving or mailing the notice, and an itemization of the contract balance and of any delinquency, collection, or repossession costs and fees, and the computation or estimate of the amount of any credit for unearned finance charges or cancelled insurance as of the date of the notice.

(2) Statements that either there is a conditional right to reinstate the contract until the expiration of 15 days from the date of giving or mailing the notice, and all the conditions precedent thereto, or that there is no right of reinstatement, and a statement of reasons therefor.

(3) Statements that, upon written request, the secured party shall extend for an additional 10 days the redemption period or, if entitled to the conditional right of reinstatement, both the redemption and reinstatement periods. The secured party shall provide the proper form for applying for such extensions with the substance of such form being limited to the extension request, spaces for the requesting party to sign and date the form, and instructions that it must be personally served or sent by certified or registered mail, return receipt requested, to a person or office and address designated by the secured party and received before the expiration of the initial redemption and reinstatement periods.

(4) A disclosure of the place at which the mobilehome or commercial coach will be returned to such persons upon redemption or reinstatement.

(5) A designation of the name and address of the person or office to whom payment shall be made.

(6) Statements of the secured party's intent to dispose of the mobilehome or commercial coach upon the expiration of 15 days from the date of giving or mailing the notice, or if by mail and either

the place of deposit in the mail or the place of address is outside of this state, the period shall be 20 days instead of 15 days, and further, that upon written request to extend the redemption period and any applicable reinstatement period for 10 days, the secured party shall without further notice extend the period accordingly.

(7) Information that upon written request, the secured party shall furnish a written accounting regarding the disposition of the mobilehome or commercial coach as provided for in subdivision (b), and that such request is required to be personally served or sent first-class mail, postage prepaid, or certified mail, return receipt requested, to a person or office and address designated by the secured party.

(b) Unless automatically provided to the purchaser or borrower within 45 days after the disposition of the mobilehome or commercial coach, the secured party shall provide to any person liable on the contract within 45 days after their written request, if such request is made within one year after the disposition, a written accounting regarding the disposition. Such accounting shall itemize all of the following:

(1) The gross proceeds of the disposition.

(2) The reasonable and necessary expenses incurred for retaking, holding, preparing for, and conducting the sale, and to the extent provided for in the agreement and not prohibited by law, reasonable attorney fees and legal expenses incurred by the secured party in retaking the mobilehome or commercial coach from any person not a party to the contract.

(3) The satisfaction of indebtedness secured by any subordinate liens or encumbrances on the mobilehome or commercial coach, if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate lien or encumbrance shall furnish reasonable proof of its interest, and unless it does so, the secured party need not comply with its demand.

(c) In all sales which result in a surplus, the secured party shall furnish an accounting as provided in subdivision (b) whether or not requested by the purchaser or borrower. Such surplus shall be returned to the purchaser or borrower within 45 days after the sale is conducted.

(d) No lienholder may repossess a mobilehome or commercial coach without first satisfying all liens on record with the department which have been perfected prior to the lien which is the basis for the repossession, or otherwise obtaining the consent of all such lienholders prior to such repossession.

SEC. 31. Section 18066.5 is added to the Health and Safety Code, to read:

18066.5. (a) In the absence of default in the performance of any of the purchaser's or borrower's obligations under the contract for the sale or encumbrance of a mobilehome or commercial coach, the secured party may not accelerate the maturity of any part or all of the amount due thereunder or repossess the mobilehome or commercial coach.

(b) If after default by the purchaser or borrower, the secured party repossesses or voluntarily accepts surrender of the mobilehome or commercial coach, any person liable on the contract shall have a right to reinstate the contract and the secured party shall not accelerate the maturity of any part or all of the contract prior to expiration of such right to reinstate, unless the secured party reasonably and in good faith makes any of the following determinations:

(1) The purchaser or borrower or any other person liable on the contract, by omission or commission, intentionally provided false or misleading information of material importance on his or her credit application.

(2) The purchaser or borrower or any other person liable on the contract in order to avoid repossession has removed the mobilehome or commercial coach from the site of installation.

(3) The purchaser or borrower or any other person liable on the contract has committed or threatens to commit acts of destruction, or has failed to take care of the mobilehome or commercial coach in a reasonable manner, so that the mobilehome or commercial coach has or may become substantially impaired in value.

(c) Exercise of such right to reinstate the contract shall be limited to once in any 12-month period and twice during the term of the contract.

(d) The provisions of this subdivision shall govern the method by which a contract shall be reinstated with respect to curing events of default which were a ground for repossession or occurred subsequent to repossession.

(1) Where the default is the result of the purchaser's or borrower's failure to make any payment due under the contract, the purchaser or borrower or any other person liable on the contract shall make the defaulted payments and pay any applicable delinquency charges.

(2) Where the default is the result of the purchaser's or borrower's failure to keep and maintain the mobilehome or commercial coach free from all encumbrances and liens, the purchaser or borrower or any other person liable on the contract shall either satisfy all such encumbrances and liens or, in the event the secured party satisfies the encumbrances and liens, the purchaser or borrower or any other person liable on the contract shall reimburse the secured party for all reasonable costs and expenses incurred therefor.

(3) Where the default is the result of the purchaser's or borrower's failure to keep and maintain insurance on the mobilehome or commercial coach, the purchaser or borrower or any other person liable on the contract shall either obtain the insurance, or in the event the secured party has obtained the insurance, the purchaser or borrower or any other person liable on the contract shall reimburse the secured party for premiums paid and all reasonable costs and expenses incurred therefor.

(4) Where the default is the result of the purchaser's or borrower's failure to perform any other obligation under the contract, unless the secured party has made a good faith determination that the default

is so substantial as to be incurable, the purchaser or borrower or any other person liable on the contract shall reimburse the secured party for all reasonable costs and expenses incurred therefor.

(5) Additionally, the purchaser or borrower or any other person liable on the contract shall, in all cases, reimburse the secured party for all reasonable and necessary collection and repossession costs and fees incurred, including attorney's fees and legal expenses expended in retaking and holding the mobilehome or commercial coach.

(e) If the secured party denies the right to reinstatement under subdivision (b) or paragraph (4) of subdivision (d), the secured party shall have the burden of proof that such denial was justified in that it was reasonable and was made in good faith.

18066.6. No deficiency judgment shall lie in any event, after the sale of any mobilehome subject to registration pursuant to this part, for failure of the purchaser to complete his or her sale contract given to the seller to secure payment of the balance of the purchase price of such mobilehome. (c) While acting under the authority of Section 18067, used any provision permitting an option to purchase, which is contained in an agreement authorizing or employing such dealer to sell, buy, or exchange mobilehomes or commercial coaches for compensation or commission, except when such dealer, prior to or coincident with the election to exercise such option to purchase, has revealed in writing to the employer the full amount of the dealer's profit and obtained the written consent of the employer approving the amount of such profit.

(d) While acting under the authority of Section 18067, failed to disclose any liens or encumbrances, of which the dealer had knowledge, on a mobilehome or commercial coach.

#### CHAPTER 4.7. REGISTRATION AND TITLING OF MOBILEHOMES AND COMMERCIAL COACHES

##### Article 1. Application and Scope

18075. On and after July 1, 1981, all mobilehomes and commercial coaches shall be subject to the provisions of this code for the purpose

of titling and registration.

(a) The department shall promulgate, adopt, and amend as necessary, regulations to implement, interpret, and make specific the provisions of this chapter.

(b) Departmental regulations shall provide for an orderly and economical transfer of registrations and titles for mobilehomes and commercial coaches previously issued by the Department of Motor Vehicles to those issued by the department. Any registration, title, or decal issued by the Department of Motor Vehicles shall be valid until renewed, replaced, transferred, suspended, or revoked.

(c) The department may establish a schedule of fees to pay the costs of work related to administration and enforcement of this chapter except where such fees are expressly stated herein.

18075.1. Mobilehomes and commercial coaches sold or used within this state shall be subject to annual registration with the department except as follows:

(a) Mobilehomes subject to local property taxation pursuant to Part 13 (commencing with Section 5800) of Division 1 of the Revenue and Taxation Code, and not installed on foundation systems pursuant to Section 18551, shall be subject to registration only at the time of sale, resale, or transfer of title.

(b) Mobilehomes installed or to be installed on foundation systems pursuant to Section 18551 shall be exempt from registration so long as they remain affixed to the foundation system. In the event that the mobilehome is removed from a foundation system for any purpose other than dismantling or reinstallation on a foundation system, it shall be immediately subject to registration with the department.

(c) A nonresident owner of a foreign mobilehome otherwise subject to registration under this code may, subject to exceptions and special provisions contained in this chapter, occupy or permit occupancy of the mobilehome within this state without registering the mobilehome in, or paying any fees to, this state, subject to the conditions that the mobilehome at all times, when occupied in this state, is duly registered in, and displays upon it valid registration issued for the mobilehome in, the place of residence of the owner.

For the purposes of the exceptions and special provisions of this chapter, registration issued by any foreign jurisdiction shall be deemed to be valid for not more than one year from the date of use in this state.

(d) Any nonresident owner of a foreign mobilehome who is a member of the armed forces of the United States on active duty within this state shall be entitled to the exemption granted under subdivision (c) under the conditions set forth therein. Any member of the armed forces, whether a resident or nonresident, shall also be entitled to exemption from registration with respect to a mobilehome owned by such person upon which there is displayed a valid registration issued for such mobilehome in a foreign jurisdiction where such owner was regularly assigned and stationed for duty by

competent military orders at the time such registration was issued. Such competent military orders shall not include military orders for leave, for temporary duty, nor for any other assignment of any nature requiring the owners presence outside the foreign jurisdiction where such owner was regularly assigned and stationed for duty.

(e) Any nonresident owner of a mobilehome of a type subject to registration in this state who, while temporarily living within this state, accepts gainful employment within this state shall be entitled to the exemption granted under subdivision (c), but only until the expiration of the valid home state registration on the mobilehome which was in effect at the time the nonresident accepted gainful employment within this state.

(f) Any nonresident owner of a mobilehome of a type subject to registration under this part who becomes a legal resident of this state shall be entitled to the exemption granted under subdivision (c), but only until the expiration of the valid home state registration on the mobilehome which was in effect at the time the owner became a resident of this state.

(g) Any person who enters California for the purpose of establishing or reestablishing residence or accepting gainful employment following his or her discharge from the armed forces of this country may occupy a mobilehome owned by such person at the time of his or her discharge and registered to him or her in a foreign jurisdiction where his or her military orders required his or her presence without registering the mobilehome in this state until the expiration of the registration period current at the time of his or her discharge and entrance into California.

(h) Any unoccupied mobilehome or commercial coach which is part of an inventory held for sale by a manufacturer or dealer in the course of business.

(i) Any mobilehome being used as an office, as provided for by Governor's Reorganization Plan No. 1 of 1980.

The department may adopt regulations for exempting additional classes of mobilehomes and commercial coaches from registration under a temporary or one-trip permit system which permits the lawful transportation and use of mobilehomes and commercial coaches not otherwise subject to registration.

18075.2. Mobilehomes and commercial coaches owned or leased by the United States, by any foreign government, by a consul or other official representative or any foreign government, by the state, by a political subdivision of the state, or by any city, county, or city and county, or public corporation shall be subject to registration under this code by the person having custody thereof but shall not be subject to the registration fees specified in this code or the Revenue and Taxation Code and such person shall display upon the mobilehome or commercial coach a decal bearing distinguishing marks or symbols, which shall be furnished by the department free of charge.

## Article 2. Registration and Titling

18075.5. Application for the original registration of a mobilehome or commercial coach required to be registered under this part shall be made to the department with registration fees and upon the appropriate form furnished by the department and shall contain all of the following:

(a) The true name and business or residence address of the owner, the legal owner if any, and junior lienholders if any.

(b) The name of the county in which the registered owner resides.

(c) The situs address of the mobilehome or commercial coach, to include the county.

(d) A description of the mobilehome or commercial coach, including all of the following:

(1) The manufacturer's name and identification number.

(2) The date of manufacture.

(5) The date first sold or leased to a purchaser or lessee for purposes other than resale.

(6) Such information as may be reasonably required by the department to enable it to determine whether the mobilehome or commercial coach is lawfully entitled to registration.

18075.6. Ownership registration and title to a mobilehome or commercial coach subject to registration may be held by two or more coowners as follows:

(a) A mobilehome or commercial coach may be registered in the names of two or more persons as joint tenants. Upon the death of a joint tenant the interest of the decedent shall pass to the survivor or survivors. The signature of each joint tenant or survivor or survivors, as the case may be, shall be required to transfer or encumber the title to the mobilehome or commercial coach.

(b) A mobilehome or commercial coach may be registered in the names of two or more persons as tenants in common. Each tenant in common may transfer, but may not encumber, his or her other interest in the title to the mobilehome or commercial coach without the signature of the other tenant or tenants in common.

(c) A mobilehome or commercial coach may be registered as community property in the names of a husband and wife. Except as provided in Section 18076.28 the signature of each spouse shall be required to transfer or encumber the title to the mobilehome or commercial coach.

18075.7. The department shall not accept an application for the original registration of a mobilehome or commercial coach unless the mobilehome or commercial coach at the time of application is within

the state or unless the provisions of Section 18075.8 have been complied with.

18075.8. The department may accept an application for registration of a mobilehome which is not within the state, but which is to be registered to a resident of this state, at the time all documents and fees, as determined by the department in accordance with the provisions of this chapter, are submitted to the department. Any fees submitted pursuant to this section shall not be subject to refund based upon the fact that the mobilehome or commercial coach has not been and is not within this state.

18075.9. In the absence of the regularly required supporting evidence of ownership upon application for registration or transfer of a mobilehome or commercial coach, the department may accept an undertaking or bond which shall be conditioned to protect the department and all officers and employees thereof and any subsequent purchaser of the mobilehome or commercial coach, any person acquiring a lien or security interest thereon, or the successor in interest of such purchaser or person against any loss or damage on account of any defect in or undisclosed claim upon the right, title, and interest of the applicant or other person in and to the mobilehome or commercial coach.

18075.10. Any interested person shall have a right of action to recover on any such bond or undertaking for any breach of the conditions for which the same was deposited, but the aggregate liability of the surety to all such persons shall in no event exceed the amount of the bond. In the event the mobilehome or commercial coach is no longer registered in this state and the currently valid certificate of title is surrendered to the department, the bond or undertaking shall be returned and surrendered at the end of three years or, prior thereto, at the discretion of the department.

18075.11. Whenever any person, after making application for the registration of a mobilehome or commercial coach required to be registered under this part, or after obtaining registration as registered owner, legal owner, or junior lienholder, moves, acquires a new permanent address, or where a person other than the registered owner assigns his or her interest to any other person different from that shown on the certificate of title, the registration card, or the application therefor, such person shall, within 10 days thereafter, notify the department of both the old and new address. No penalty shall arise from failure to notify the department pursuant to this section, nor shall the department or any other person have liability for any notification required by law or regulation other than first-class mailing to the permanent address of record.

18075.12. Any registered owner of a mobilehome or commercial coach, who moves or acquires a new permanent address different from the address shown upon the registration card issued for the mobilehome or commercial coach, shall, within 10 days, mark out the former address shown on the face of the card and with pen and ink write or type the new address on the face of the card immediately

below the former address with the initials of the registered owner.

18075.13. Any registered owner of a commercial coach required to be registered under this part who moves, permits to be moved, or causes to be moved, the commercial coach from the situs location indicated on the registration card shall notify the department within 10 days thereafter of both the old and the new address of situs. The registered owner shall mark out the situs address shown on the card and with pen and ink write or type the new situs address on the registration card and shall initial this change.

18075.14. Any registered owner of a mobilehome required to be registered under this part, who proposes to move, permit to be moved, or cause to be moved, the mobilehome from the situs location indicated on the registration card, shall first obtain written consent of the legal owner, if any, on forms provided by the department. In the event that there is no legal owner of the mobilehome, the registered owner shall complete the written consent form. The original copy of the written consent form shall accompany the mobilehome to its new situs location in lieu of a registration card.

18075.15. Any registered owner, legal owner, or junior lienholder who moves, permits to be moved, or causes to be moved, a mobilehome subject to registration under this part shall apply to the department within 10 days therefrom for an amended registration card upon forms provided by the department and with fees for an amended registration card as prescribed by the department. The application shall contain all of the following:

(a) A copy of the written consent form required by Section 18075.14.

(b) Such information as the department may require relating to the new situs location.

(c) The current registration card requiring amendment.

In the event that the new situs location can not be determined at the time of application, the application shall so indicate and the department shall hold the application in suspense until such information is received. The applicant or the applicant's agent shall, immediately upon determining a new situs address where the mobilehome is to be installed for occupancy, notify the department of the new situs address.

Upon receipt of the completed application the department shall issue an amended registration card for the mobilehome to the registered owner.

18075.16. Upon application for registration of a mobilehome or commercial coach previously registered outside this state, the application shall be certified by the applicant and shall state that the mobilehome or commercial coach previously has been registered outside this state, the time and place of the last registration of such mobilehome or commercial coach outside this state, the name and address of the governmental officer, agency, or authority making the registration, and such further information relative to its previous

registration as may reasonable be required by the department, including the time and place of original registration, if known, and if different from the last foreign registration.

18075.17. An application for registration under this part of a mobilehome or commercial coach previously registered outside of this state shall be accompanied by payment of the amount required to be paid under Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code with respect to the use of the mobilehome or commercial coach by the applicant.

18075.18. The applicant for registration under this part of a mobilehome or commercial coach previously registered outside this state shall surrender to the department all unexpired license plates, seals, certificates, or other evidence of foreign registration as may be in the applicant's possession or under the applicant's control. The department may require a certification from the jurisdiction of last registry when the applicant fails to surrender the last issued unexpired license plates.

18075.19. Upon application made at the time of their surrender to the department and upon payment of a fee of three dollars (\$3), the department shall return the unexpired license plates to the official in charge of the registration of mobilehomes or commercial coaches in the state of issue of the license plates.

18075.20. Upon application for registration of a mobilehome or commercial coach previously registered outside this state, the department shall grant full faith and credit to the currently valid certificate of title describing the mobilehome or commercial coach, the ownership thereof, and any liens thereon, issued by the state in which the vehicle was last registered, except there shall be a notation upon the certificate of title of any and all liens and encumbrances other than those dependent upon possession.

18075.21. In the absence of knowledge by the department that any certificate of title issued by another state is forged, fraudulent, or void, the acceptance thereof by the department shall be a sufficient determination of the genuineness and regularity of the certificate and of the truth of the recitals therein, and no liability shall be incurred by any officer or employee of the department by reason of so accepting a certificate of title.

18075.22. In the event a certificate of title issued by another state shows any lien or encumbrance upon the mobilehome or commercial coach therein described, then the department, upon registering the mobilehome or commercial coach in this state and upon issuing a certificate of title, shall include therein the name of the legal owner and lienholders, if any, unless documents submitted with the foreign certificates of title establish that the lien or encumbrance has been fully satisfied.

18075.23. In the event application is made in this state for registration of a mobilehome or commercial coach and the department is not satisfied as to the ownership of the mobilehome or commercial coach or the existence of foreign liens thereon, then

the department may register the mobilehome or commercial coach and issue a registration card of a distinctive color, but shall withhold issuance of a California certificate of title, unless the applicant shall present documents as to reasonably satisfy the department of the applicant's ownership of the mobilehome or commercial coach and as to any liens thereon or post a bond pursuant to Section 18075.9.

18075.24. In the event the department refuses to grant an application for registration in this state of a mobilehome or commercial coach previously registered in another state, the department shall immediately return to the applicant all documents submitted by the applicant with the application.

18075.25. The department shall forthwith mail a notice of the filing of any application for registration of a mobilehome or commercial coach previously registered outside this state upon written request of the governmental officer, agency, or authority which made the last registration of the mobilehome or commercial coach outside this state. The notice shall contain like data as required on the application filed with the department. This section shall not apply to mobilehomes or commercial coaches last registered in a foreign province or country.

18075.26. Except as otherwise provided in Section 18075.23, the department, upon registering a mobilehome or commercial coach, shall issue a certificate of title to the legal owner and a registration card to the registered owner.

18075.27. The certificate of title issued by the department shall contain all of the following:

(a) Information substantially similar to that required on the registration card as provided in Section 18075.5.

(b) Provision for transfer of the title or interest of a registered owner, legal owner, or junior lienholder, as applicable.

(c) Provision for application for transfer of registration by the transferee.

(d) A statement to the effect that the certificate of title may not reflect all liens recorded with the department against the title and that current title status may be confirmed through the department.

18075.28. The registration card for a mobilehome or commercial coach shall contain all of the following:

(a) The date issued.

(b) The information required by Section 18075.5 in the application for registration.

(c) The registration number assigned to the mobilehome or commercial coach.

(d) The date of expiration, where applicable.

(e) Such other information as the department prescribes by regulation.

The department may modify the form, arrangement, and information appearing on the registration card and may provide for standardization and abbreviations whenever the efficiency of the department will be promoted thereby, except that general delivery

or post office boxes shall not be permitted as the address of the registered owner unless there is no other address.

18075.29. (a) Any person acquiring or releasing an interest in a mobilehome or commercial coach subject to registration under this part shall forward notice of such acquisition or release to the department within 10 calendar days on appropriate forms provided by the department with such fees and additional documentation as may be prescribed by department regulations.

(b) The department, upon receipt of proper notice and fees, shall do all of the following:

(1) Amend the permanent title record of the mobilehome or commercial coach to record or delete the interest of the person, or his or her successor or assignee, as the case may be.

(2) Amend the current registration card to show or delete the interest of the person, or his or her successor or assignee as the case may be, and return the amended registration card to the registered owner by first-class mail.

(3) Provide a copy of the amended registration card to any secured party shown on the amended registration card.

(c) Upon the transfer of the title or interest of the registered owner or legal owner in a mobilehome or commercial coach subject to registration under this part, both the transferor and the transferee of such title or interest shall sign and address the certificate of title for the mobilehome or commercial coach, as appropriate. In the event of a transfer of the title or interest of a registered owner, which involves the assumption by the transferee of the underlying indebtedness secured by such mobilehome or commercial coach, the legal owner shall state on the certificate of title that he or she is to retain his or her legal title and interest. The certificate of title so properly executed shall be delivered to the department with appropriate fees. The department shall appropriately amend the permanent title record of the mobilehome or commercial coach and deliver a new certificate of title to the legal owner by first-class mail, and an amended registration card to the registered owner with copies to any other secured parties shown on the amended registration card.

(d) Whenever the title or interest of the registered owner or legal owner in or to a mobilehome or commercial coach registered under this part passes to another in a manner other than by voluntary transfer, the new registered or legal owner may obtain a transfer of registration upon application therefor and upon presentation of the last certificate of title and current registration card issued for the mobilehome or commercial coach, if available, and any instruments or documents of authority or certified copies thereof as may be required by the department, or required by law, to evidence or effect a transfer of title or interest in such case. The department, when satisfied of the genuineness and regularity of the transfer shall give notice by first-class mail to the registered and legal owner of the mobilehome or commercial coach as shown on the records of the

department, and 15 calendar days after the mailing of such notice, if still satisfied of the genuineness and regularity of such transfer, shall transfer the registration of the mobilehome or commercial coach.

18076. (a) Every registered owner, upon receipt of a registration card, shall maintain the card or a copy thereof with the mobilehome or commercial coach for which it is issued.

(b) The provisions of this section do not apply when a registration card is necessarily removed from the mobilehome for the purpose of application for renewal, amendment, or transfer of registration.

18076.1. (a) When selling a mobilehome or commercial coach, dealers shall use numbered report-of-sale forms issued by the department. The forms shall be used in accordance with the following terms and conditions:

(1) A copy of the report of sale shall be delivered to the purchaser.

(2) All fees and penalties due for registration or transfer of registration of the mobilehome or commercial coach shall be paid to the department within 10 calendar days from the date of sale. Penalties due for noncompliance with this paragraph shall be paid by the dealer. The dealer shall not charge the purchaser for such penalties.

(3) The sale of a mobilehome shall be reported pursuant to Section 18076.2.

(4) An application in proper form to register or transfer registration of the mobilehome or commercial coach shall be submitted to the department. Applications shall be submitted within 10 calendar days from the date of sale.

(b) A mobilehome or commercial coach displaying a copy of the report of sale, may be occupied without registration decals or registration card until the registration decals and registration card are received by the purchaser.

18076.2. In addition to the requirements of Section 18076.1, every dealer upon transferring by sale, lease, or otherwise any mobilehome, shall, not later than the 10th calendar day thereafter, not counting the date of sale, give written notice of the transfer to the assessor of the county where the mobilehome is to be installed. The written notice shall be upon forms provided by the department containing such information as the department may require, after consultation with the assessors.

18076.3. For the purpose of Sections 18076.1 and 18076.2, a "sale" shall be deemed completed and consummated when the purchaser or lessee of a mobilehome or commercial coach has paid the purchase price, or in lieu thereof has signed a purchase contract, lease agreement, or security agreement and has taken physical possession or delivery of the mobilehome or commercial coach.

18076.4. (a) A dealer who violates paragraphs (1), (2), or (3), of subdivision (a) of Section 18076.1 shall pay to the department an administrative service fee of five dollars (\$5) for each violation.

(b) A dealer who violates paragraph (4) of subdivision (a) of

Section 18076.1, when selling a mobile-home or commercial coach, shall pay to the department an administrative service fee as follows:

(1) If the application is submitted after 10 calendar days but within 20 calendar days from the date of sale; ten dollars (\$10).

(2) If the application is submitted after 20 calendar days but within 30 calendar days from the date of sale; twenty dollars (\$20).

(3) If the application is submitted after 30 calendar days from the date of sale; forty dollars (\$40).

(c) Each violation of subdivision (a) of Section 18076.1 shall be, in addition to the obligation to pay the administrative service fee, a separate cause for discipline pursuant to Section 18070.

(d) Nonpayment of an administrative service fee within 10 days after written demand from the department shall be a separate cause for discipline pursuant to Section 18070.

18076.5. If any registration card or registration decal is stolen, lost, mutilated, or illegible, the registered owner of the mobilehome or commercial coach for which the same was issued, as shown by the records of the department, shall immediately make application for and may, upon the applicant furnishing information satisfactory to the department and required fees, obtain a duplicate or a substitute or a new registration under a new registration number, as determined by the department.

18076.6. If any certificate of title is stolen, lost, mutilated, or illegible, the legal owner of the mobilehome or commercial coach for which the same was issued as shown by the records of the department shall immediately make application for, and may, upon payment of required fees and the applicant furnishing information satisfactory to the department, obtain a duplicate certificate of title.

18076.7. The department, the Department of the California Highway Patrol, or any regularly employed and salaried police officer or deputy sheriff may take possession of any certificate, card, permit, or registration decal issued under this part upon expiration, revocation, cancellation, or suspension thereof or which is fictitious or which has been unlawfully or erroneously issued or affixed.

This section shall not be applicable to any insignia issued pursuant to Section 18056 or to any mobilehome label issued pursuant to the National Mobile Home Construction and Safety Standards Act of 1974 (42 U.S.C. 5401 et seq.).

Any such document or decal seized shall be expeditiously delivered to the department with a brief written explanation of the circumstances.

18076.8. Every person who, with intent to defraud, alters, forges, counterfeits, or falsifies any certificate of title, registration card, certificate, registration decal, or permit provided for by this part or any comparable certificate of title, registration card, certificate, decal, insignia, or label, with intent to represent the same as issued by the department or who alters, forges, counterfeits, or falsifies with fraudulent intent any endorsement of transfer on a certificate of title, or who with fraudulent intent displays or causes or permits to be

displayed or have in his or her possession any blank, incomplete, cancelled, suspended, revoked, altered, forged, counterfeit, or false certificate of title, registration card, certificate, registration decal, or permit or who utters, publishes, passes, or attempts to pass, as true and genuine, any of the above-named false, altered, forged, or counterfeited matters knowing the same to be false, altered, forged, or counterfeited with intent to prejudice, damage, or defraud any person, is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state prison or in the county jail for not more than one year.

18076.9. Any person may request, and the department shall furnish, information regarding the current registration and title status of a mobilehome or commercial coach. The department shall provide forms for such requests, shall establish a standard format for providing such information, and may charge fees to pay the cost of furnishing this information.

Upon receipt of a properly executed request for such information and the payment of prescribed fees the department shall provide such information within five working days by first-class mail to the address indicated on the request. The department may adopt procedures for providing such information by electronic facsimile in addition to mailing such information.

18076.10. Except as otherwise provided in this part, every registration card for a mobilehome or commercial coach subject to annual registration shall expire at midnight on the expiration date indicated on the registration card and shall be renewed prior to such expiration. The department, upon presentation by the registered owner of the registration card or potential registration card last issued and receipt of the proper renewal fees, shall renew the registration of a mobilehome or commercial coach.

18076.11. The transferee of a mobilehome subject to local property taxation shall report the change in ownership information to the assessor in the county where the mobilehome is sited, as provided in Article 2.5 (commencing with Section 480) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code.

18076.12. (a) For the purposes of registration of mobilehomes pursuant to this chapter, a mobilehome shall include as a single unit with one registration, two or more sections that are manufactured, fabricated, or altered for use as a single mobilehome.

(b) Each transportable section of a commercial coach shall be registered and titled separately.

18076.13. Prior to moving a mobilehome subject to registration pursuant to this part from a mobilehome park or other site of installation to another location, the registered owner shall obtain the consent of the legal owner on a form prescribed by the department.

18076.14. (a) Every mobilehome or commercial coach subject to registration shall be issued a registration decal. The design of such decal shall be determined by the director and the decal shall be issued by the department. Such decal shall be at least 2½ inches high

and 2½ inches wide.

(b) Such decals shall be applied to the outside of the mobilehome or commercial coach in a location within 15 inches of the lower front right-hand side which is clearly visible and such decals shall be maintained in a condition so as to be clearly legible.

(c) The director, after consultation with county tax assessors, shall prescribe a registration decal for mobilehomes subject to registration which clearly indicates, by color or otherwise, whether or not the mobilehome is subject to annual registration with the department or is subject to local property taxation and such decal shall have provisions for indicating the current status of any registration fee or local property tax.

18076.15. (a) The department shall withhold the registration or the transfer of registration of any mobilehome or commercial coach sold at retail to any applicant by any person, other than a mobilehome or commercial coach manufacturer or dealer holding a license and certificate issued as provided for by Governor's Reorganization Plan No. 1 of 1980, until the applicant pays to the department the use tax measured by the sales price of the mobilehome or commercial coach as required by the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code), together with penalty, if any, unless the State Board of Equalization finds that no use tax is due. If the applicant so desires, he or she may pay the use tax and penalty, if any, to the department so as to secure immediate action upon his or her application for registration or transfer of registration, and thereafter he or she may apply through the department to the State Board of Equalization under the provisions of the Sales and Use Tax Law for a refund of the amount so paid.

(b) The department shall transmit to the State Board of Equalization all collections of use tax and penalty made under this section. This transmittal shall be made at least monthly, accompanied by a schedule, in such form as the department and board may prescribe.

(c) The State Board of Equalization shall reimburse the department for its costs incurred in carrying out the provisions of this section. Such reimbursement shall be effected under agreement between the agencies, approved by the Department of Finance.

(d) In computing any use tax or penalty thereon under the provisions of this section, dollar fractions shall be disregarded in the manner specified in Section 9559 of the Vehicle Code. Payment of tax and penalty on this basis shall be deemed full compliance with the requirements of the Sales and Use Tax Law insofar as the requirements are applicable to the use of mobilehomes or commercial coaches to which this section relates.

18076.16. Used mobilehomes subject to local property taxation are exempt from the payment of use tax upon resale or transfer as provided in Section 6379 of the Revenue and Taxation Code.

18076.17. The department may refuse registration or the renewal

or transfer of registration of a mobilehome or commercial coach in the following instances:

(a) If the department is not satisfied that the applicant is entitled thereto under this part.

(b) If the applicant has failed to furnish the department with information required in the application or reasonable additional information required by the department.

(c) If the department determines that the applicant has made or permitted unlawful use of any registration certificate, certificate of title, or registration decal.

(d) If the department determines that a manufacturer or dealer has failed during the current or previous year to comply with the provisions of this part relating to the giving of notice to the department of the transfer of a mobilehome or commercial coach during the current or previous year.

18076.18. At the time of release of a new mobilehome or commercial coach through a bill of lading or delivery to any person, the manufacturer shall have prepared a certificate of origin, in duplicate, on a form approved by the department which shall contain all of the following:

(a) The name and address of the manufacturer or fabricator.

(b) The manufacturer's identification number.

(c) The trade name of the mobilehome or commercial coach.

(d) The model name or number of the mobilehome or commercial coach.

(e) The shipping weight of the unit or separate sections of the unit in the case of multisection mobilehomes.

(f) The length and width of the unit or separate sections of the unit in the case of multisection mobilehomes.

(g) The serial number of the unit or separate sections of the unit in the case of multiunit mobilehomes.

(h) The date of manufacture.

(i) The U.S. Department of Housing and Urban Development label number or department insignia number affixed to the unit or separate sections of the unit in the case of mobilehomes, as applicable.

(j) The date that the ownership was transferred from the manufacturer or fabricator and to whom the ownership is transferred.

(k) A certification of facts signed by a responsible agent of the manufacturer or fabricator.

(l) Such other information as the department may reasonably require.

The original copy shall accompany the mobilehome and the duplicate copy shall be forwarded to the department within five calendar days from release or delivery by first-class mail.

18076.19. Application for the initial title to a new mobilehome or commercial coach shall be accompanied by the original certificate of origin from the manufacturer and certification that the mobilehome

or commercial coach was new when sold. If the original certificate of origin is not in existence, a duplicate thereof shall be prepared on forms provided by the department and submitted with the application.

18076.20. Certificates of title shall not be required to be renewed annually, but shall remain valid until a new or amended certificate of title is issued upon a transfer of any interest of the registered owner or legal owner shown thereon. The department may suspend, revoke, or cancel any certificate of title valid on its face for any violation of provisions of this chapter relating to certificates of title.

18076.21. No transfer of the title of a mobilehome or commercial coach registered under this code shall be effective until the transferor has made proper endorsement and delivery of the certificate of title and delivery of the registration card to the transferee as provided in this code.

18076.22. When the required certificate of title is lost, stolen, damaged, or mutilated, application for transfer may be made upon a form provided by the department for a duplicate certificate of ownership. The transferor shall sign and address the application, as appropriate, and file the same together with the proper fees for duplicate certificate of ownership and transfer.

18076.23. It is unlawful for any person to fail or neglect properly to endorse, date, and deliver the certificate of title and, when having possession, to fail to deliver the registration card to a transferee who is lawfully entitled to a transfer of registration. Except when the certificate of title is demanded in writing by a purchaser, a mobilehome or commercial coach dealer licensed, as provided for by Governor's Reorganization Plan No. 1 of 1980, shall satisfy the delivery requirement of this section by submitting appropriate documents and fees to the department for transfer of registration in accordance with this part and rules and regulations promulgated thereunder.

18076.24. The transfer fee is delinquent if not paid within 10 days of receipt by the transferee of a properly executed certificate of title for the mobilehome or commercial coach.

18076.25. Whenever any application for a registration transaction is filed with the department during the 60 days immediately preceding the expiration of registration of a mobilehome or commercial coach, the application shall be accompanied by the full renewal fees for the ensuing registration year in addition to any other fees then due and payable.

18076.26. When the transferee of a mobilehome or commercial coach is a dealer who holds the same for resale and moves the same upon the highways under transportation decals, the dealer is not required to make application for transfer, but upon transferring his or her title or interest to another person he or she shall comply with this chapter.

18076.27. Upon the death of a registered or legal owner of a mobilehome or commercial coach registered under this part,

without the decedent leaving other property necessitating probate, unless the mobilehome or commercial coach is by will otherwise bequeathed, and irrespective of the value of the mobilehome or commercial coach, the surviving heir or beneficiary in the order named in Section 630 of the Probate Code may secure a transfer of registration of the title or interest of the decedent upon presenting to the department the appropriate certificate of title and registration card, if available, and a certified statement of the heir or beneficiary setting forth his or her interest in the estate of the decedent, and the names and addresses of any other heirs or beneficiaries, and, if required by the department, a certificate of the death of the decedent together with a statement that there are no creditors of the decedent or, if so, that the creditors of the decedent have been paid in full or their claims have been otherwise discharged.

18076.28. Whenever application is made to the department for a transfer of registration of a mobilehome or commercial coach to a new registered or legal owner and the applicant is unable to present the certificate of title or registration card issued for the mobilehome or commercial coach by reason of the same being lost or otherwise not available, the department may receive the application and examine into the circumstances of the case and may require the filing of certifications or other information, and when the department is satisfied that the applicant is entitled to a transfer of registration the department may transfer the registration of the mobilehome or commercial coach, and issue a new certificate of title and registration card to the person or persons found to be entitled thereto.

18076.29. Whenever application is made to the department for a transfer of registration of a mobilehome or commercial coach to a new registered or legal owner and the applicant is unable to present the registration card issued for the mobilehome or commercial coach by reason of the same being in the possession of the department upon an application for renewal of registration, the department may transfer the registration of such mobilehome or commercial coach upon production of the properly endorsed certificate of title to the mobilehome or commercial coach and a temporary receipt, upon a form prescribed by the department, and containing such information as the department shall deem necessary, including, but not limited to, the registration decal number assigned to the mobilehome or commercial coach, the amount of the fees payable upon renewal of registration, and the serial number of the mobilehome or commercial coach.

18077. A loan of money may be made on the security of a mobilehome or commercial coach subject to registration under this part if either of the following apply:

(a) The proceeds of such loan are applied to all or a part of the purchase price of the mobilehome or commercial coach.

(b) The loan is not for the purchase of the mobilehome or commercial coach, and it is not conditioned upon the performance

of any work done or to be done by the lending party on the mobilehome or commercial coach or the site of installation thereof, nor upon delivery by the lending party of any goods or services thereto.

18077.1. (a) Each person acquiring a security interest in a mobilehome or commercial coach, subject to registration with the department, shall forward to the department a statement of lien on forms provided by the department which shall include a fee prescribed by department regulations, the current registration card for the mobilehome or commercial coach, if previously registered, and such information as the department may prescribe on the form.

(b) The department, upon receipt of such statement of lien, shall amend the permanent title record of the mobilehome or commercial coach to record the secured party, or the secured party's successor or assignee, as the case may be.

(c) The department shall amend the current registration card to show the secured party or the secured party's successor or assignee, and return the amended registration card to the registered owner by first-class mail.

(d) The department shall provide a copy of the amended registration card to the secured party filing the statement of lien, or the secured party's successor or assignee, and to any other secured party indicated on the permanent title record.

18077.2. (a) No security interest, other than that of a registered owner or legal owner in any mobilehome or commercial coach titled under this code, shall be perfected until the statement of lien required by Section 18077.1 has been received by the department at its office in Sacramento or any other office designated by the director.

(b) The department may establish regulations for accepting such statement of lien by electronic facsimile, which shall provide that the lien shall be perfected as of the date of receipt of such electronic facsimile. However, if the department does not receive the statement of lien required by Section 18077.1 within 10 calendar days from the date of receipt of such electronic facsimile, such lien shall not be perfected, until such time as the statement of lien is actually received by the department as provided in subdivision (a).

18077.3. (a) Priority of liens for mobilehomes and commercial coaches shall be determined according to priority in the time of receipt by the department of documentation thereof as provided by this chapter.

(b) The holder of the primary security interest in a mobilehome or commercial coach shall be designated as the legal owner of the mobilehome or commercial coach on all department records.

(c) Holders of junior liens in a mobilehome or commercial coach shall be designated as "junior lienholders" on all department records and shall be ranked in numerical order by the date and time of receipt by the department of documentation required by this chapter.

18077.4. A legal owner or junior lienholder may assign title or interest to a mobilehome or commercial coach subject to registration under this part without the consent of and without affecting the interest of the registered owner or other lien holders.

#### Article 4. Annual Licensing and Taxation

18078. Commencing July 1, 1981, the department shall administer the annual licensing and taxation of all mobilehomes not subject to local property taxation pursuant to Part 13 (commencing with Section 5800) of Division 1 of the Revenue and Taxation Code and not installed on a foundation system pursuant to Section 18551, and all commercial coaches. The department may promulgate rules and regulations for the orderly transfer of such licensing and taxation functions from the Department of Motor Vehicles, and for their administration thereafter.

18078.1. An annual registration fee pursuant to Section 9250 of the Vehicle Code shall be paid the department at the time of registration or renewal for each transportable section of a mobilehome or commercial coach registered pursuant to this part. A registration fee not paid on or before the expiration of the previous registration year is delinquent. A charge of three dollars (\$3) for each transportable section shall be added to delinquent registration fees. No additional charge shall be imposed on a registration fee received by mail after the date of delinquency if such fee was, by evidence of postmark, placed in the mail before midnight on the date of delinquency.

18078.2. When renewal fee penalties have not accrued with respect to a mobilehome or commercial coach subject to this chapter and the mobilehome or commercial coach is transferred, the transferee shall have a period of 20 days from the date of such transfer to pay any registration fees which become due without payment of any penalties that would otherwise be required.

18078.3. Commencing July 1, 1981, the vehicle license fee levied pursuant to Section 10751 of the Revenue and Taxation Code on mobilehomes not subject to local property taxation pursuant to Part 13 (commencing with Section 5800) of Division 1 of the Revenue and Taxation Code, or commercial coaches shall be paid to the department. The annual amount of the fee shall be a sum equal to 2 percent of the market value of the mobilehome or commercial coach. The market value shall be determined by the department upon the basis of the original sales price of the mobilehome or commercial coach when first sold to a consumer as a new mobilehome or commercial coach. In the event any mobilehome or commercial coach subject to this article is modified or added to at a cost of two hundred dollars (\$200), or more, a copy of the building permit required for such modifications pursuant to regulations adopted pursuant to Section 18057 shall be entered in the permanent record of the mobilehome and the department shall classify or

reclassify the mobilehome or commercial coach in its proper class as provided in Section 18078.4. These provisions shall not apply in the event that the modifications are necessary to enable a handicapped person to enter and use such mobilehome or commercial coach.

18078.4. (a) For the purposes of this article, a classification plan is established consisting of the following classes: a class from no dollars (\$0) to and including forty-nine dollars and ninety-nine cents (\$49.99); a class from fifty dollars (\$50) to and including one hundred ninety-nine dollars and ninety-nine cents (\$199.99); and thereafter a series of classes successively set up in brackets having a spread of two hundred dollars (\$200), consisting of such number of classes as will permit classification of all mobilehomes or commercial coaches.

(b) The market value of a mobilehome or commercial coach subject to this article for each registration year of its life, shall be as follows:

For the first year, 85 percent of a sum equal to the middle point between the extremes of its class; for the second year, 70 percent of such sum; for the third year, 55 percent of such sum; for the fourth year, 45 percent of such sum; for the fifth year, 40 percent of such sum; for the sixth year, 35 percent of such sum; for the seventh year, 30 percent of such sum; for the eighth year, 25 percent of such sum; for the ninth year, 24 percent of such sum; for the 10th year, 23 percent of such sum; for the 11th year, 22 percent of such sum; for the 12th year, 21 percent of such sum; for the 13th year, 20 percent of such sum; for the 14th year, 19 percent of such sum; for the 15th year, 18 percent of such sum; for the 16th year, 17 percent of such sum; for the 17th year, 16 percent of such sum; for the 18th year and each succeeding year, 15 percent of such sum.

It is the intent of this section that the market value of any mobilehome or commercial coach subject to this article shall be the same in each registration year of its life as it would be if determined pursuant to Sections 10752.1, 10753, 10753.2, 10753.3, and 10753.4 of the Revenue and Taxation Code.

18078.5. (a) The license fee is due and payable to the department each year on or before the expiration date assigned by the department and noted on the registration card. The fee shall be paid to the department at the time of renewal of registration.

(b) An amount of 20 percent of the license fee shall be added on any application for renewal of registration made later than midnight of the date of expiration. The additional amount shall not be imposed on any application or fee payment received by mail after the date of expiration if such application or payment was, by evidence of postmark, placed in the mail before midnight on the date of expiration. Any mobilehome subject to this article for which registration has been allowed to lapse for 120 days or more, shall be subject to local property taxation pursuant to Section 10759.5 of the Revenue and Taxation Code.

(c) It is the intent of the Legislature that license fees levied on mobilehomes or commercial coaches subject to this article shall not

be altered or increased from the rates and levels of license fees set by the original enactment of this chapter.

18078.6. (a) All mobilehome or commercial coach license fee money collected by the department pursuant to Section 18078.3 shall be reported monthly to the Controller and at the same time deposited in the State Treasury in a special account in the General Fund.

(b) The money in such special account is hereby continuously appropriated to the Controller who shall disburse to the auditor of each county the net amount of money shown by the report made pursuant to Section 18078.7 to have been collected in mobilehome or commercial coach taxes on mobilehomes or commercial coaches having situs within such county.

(c) The money disbursed to the auditor of each county shall be distributed by such person in the same manner and proportions as described in Section 11003.4 of the Revenue and Taxation Code.

18078.7. On or after the first day of January and the first day of July of each year, the department shall report to the auditor of each county the address at which each mobilehome or commercial coach has situs within the county on which license fees under this article have been paid to the department during the six-month period immediately preceding January 1st and July 1st, respectively, and the amount paid on each mobilehome or commercial coach.

At the time the department reports to the county auditors, it shall also report to the Controller the information described in the preceding paragraph, or a summary thereof, for each of the counties.

SEC. 35. 18080.7 is added to the Health and Safety Code, to read:

18080.7. (a) Any person who willfully violates any of the provisions of this part relating to licensing or titling and registration, or any rules or regulations promulgated therefor, is guilty of a misdemeanor, punishable by a fine not exceeding two thousand dollars (\$2,000) or by imprisonment not exceeding 30 days, or by both such fine and imprisonment.

(b) The department, after notice and hearing pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code, may suspend or revoke the license issued to a dealer, salesperson, or manufacturer, as provided for by Governor's Reorganization Plan No. 1 of 1980, who willfully or by gross negligence violates any of the provisions of this part, or any rules or regulations promulgated pursuant to this part.

(c) Any person who willfully or by gross negligence violates any provision of this part relating to licensing or titling and registration, or any rules or regulations promulgated therefor, shall be liable for a civil penalty not exceeding two thousand dollars (\$2,000) for each such violation or for each day of a continuing violation. The department shall institute or maintain an action in a court of appropriate jurisdiction to collect any civil penalty arising under this section.

18218.5. "Special purpose commercial coach" means a vehicle with or without motive power, designed and equipped for human occupancy for industrial, professional or commercial purposes, which is not required to be moved under permit, and shall include a trailer coach.

SEC. 39. Section 18550 of the Health and Safety Code is amended to read:

18550. It is unlawful for any person to use or cause, or permit to be used for occupancy, any of the following mobilehomes, wherever such mobilehomes are located:

(a) Any mobilehome supplied with fuel, gas, water, electricity, or sewage connections, unless such connections and installations conform to regulations of the commission.

(b) Any mobilehome which is permanently attached with underpinning or foundation to the ground, except for mobilehomes which bear a department insignia or federal label, and which are installed on a foundation system, pursuant to Section 18551.

(c) Any mobilehome which does not conform to the registration requirements of the department.

(d) Any mobilehome in an unsafe or unsanitary condition.

(e) Any mobilehome which is structurally unsound and does not protect its occupants against the elements.

SEC. 40. Section 18551 of the Health and Safety Code, as amended by Chapter 285 of the Statutes of 1980, is amended to read:

18551. The department shall establish regulations for mobilehome foundation systems which shall be applicable throughout the state. When established, these regulations supersede any ordinance enacted by any city, county, or city and county applicable to mobilehome foundation systems. The department may approve alternate foundations systems to those provided by regulation where the department is satisfied of equivalent performance. The department shall document approval of such alternate systems by its stamp of approval on the plans and specifications for the alternate foundation system.

(a) Prior to installation of a mobilehome on a foundation system, the mobilehome owner or a licensed contractor shall obtain a building permit from the appropriate local agency. To obtain such a permit, the owner or contractor shall provide the following:

(1) Written evidence acceptable to the local agency that the

mobilehome owner owns or holds title to or is purchasing the real property where the mobilehome is to be installed on a foundation system. A lease held by the mobilehome owners, which is transferable, for the exclusive use of the real property where the mobilehome is to be installed, shall be deemed to comply with this paragraph if the lease is for a term of 35 years or more from the date of application for the building permit required by this subdivision and the term of the lease is not revocable at the discretion of the lessor except for cause, as described in subdivisions 2 to 5, inclusive, of Section 1161 of the Code of Civil Procedure.

(2) Written evidence acceptable to the local agency that the registered owner owns the mobilehome free of any liens or encumbrances or, in the event that the legal owner is not the registered owner, or liens and encumbrances exist on the mobilehome, written evidence provided by the legal owner and any lienors or encumbrancers that such legal owner, lienor, or encumbrancer consents to the attachment of the mobilehome upon the discharge of any personal lien, which may be conditioned upon the satisfaction by the registered owner of the obligation secured by the lien.

(3) Plans and specifications required by department regulations or a department-approved alternate for the mobilehome foundation system.

(4) The mobilehome manufacturer's installation instructions, or plans and specifications signed by a California licensed architect or engineer covering the installation of an individual mobilehome in the absence of the mobilehome manufacturer's instructions.

(5) Building permit fees established by ordinance of the city, county, or city and county of the appropriate local agency.

(6) A fee payable to the department in the amount of eleven dollars (\$11) for each transportable section of the mobilehome, which shall be immediately transmitted to the department with a copy of the building permit and such other information concerning the mobilehome as the department may prescribe on forms provided by the department.

On the same day that the certificate of occupancy for the mobilehome is issued by the appropriate local agency, the local agency shall record with the county recorder of the county in which the real property is situated, on which the mobilehome has been installed, a document naming the owner of the real property, describing the real property with certainty, and stating that a mobilehome has been affixed to such real property by installation on a foundation system pursuant to this section.

When recorded, the document referred to above shall be indexed by the county recorder to the named owner and shall be deemed to give constructive notice as to its contents to all persons thereafter dealing with the real property.

If the mobilehome is registered with the department, such local agency shall notify the department that the mobilehome has been

installed on a foundation system.

Fees received by the department pursuant to this subdivision shall be deposited in the Mobilehome Revolving Fund established under Section 18060.2. To the extent these fees are utilized for enforcement of consumer protections, the provisions of Section 18060.3 shall not apply.

(b) The department shall adopt regulations providing for the cancellation of registration of a mobilehome which is permanently attached to the ground on a foundation system pursuant to this section. The regulations shall provide for the surrender to the department of the certificate of title and other indicia of registration. For the purposes of this subdivision, permanent affixation to a foundation system shall be deemed to have occurred on the day a certificate of occupancy is issued to the mobilehome owner and the document referred to in paragraph (6) of subdivision (a) is recorded. Cancellation shall be effective as of such date and the department shall enter such cancellation on its records upon receipt of a copy of the certificate of occupancy. This subdivision shall not be construed to affect the application of existing laws, or the department's regulations or procedures with regard to the cancellation of registration, except as to the requirement therefor and the effective date thereof.

(c) Once installed on a foundation system in compliance with the provisions of subdivisions (a) and (b), a mobilehome shall be deemed a fixture and a real property improvement to the real property to which it is affixed. Physical removal of the mobilehome shall thereafter be prohibited without the consent of all persons or entities who, at the time of such removal, have title to any estate or interest in the real property to which the mobilehome is affixed.

For the purposes of this part:

(1) "Physical removal" shall include, without limitation, the unattaching of the mobilehome from the foundation system, except for temporary purposes of repair or improvement thereto.

(2) Consent to removal shall not be required from the owners of rights-of-way or easements or the owners of subsurface rights or interests in or to minerals, including, but not limited to, oil, gas, or other hydrocarbon substances.

(d) At least 30 days prior to a legal removal of the mobilehome from the foundation system and transportation away from the real property to which it was formerly affixed, the mobilehome owner shall notify the department and the county assessor of the intended removal of the mobilehome. The department shall require written evidence that the necessary consents have been obtained pursuant to this section and shall require application for either a transportation permit or mobilehome registration as the department may decide is appropriate to the circumstances. Immediately upon removal, as defined in this section, the mobilehome shall be deemed to have become personal property and subject to all laws governing the same as applicable to a mobilehome.

(e) Notwithstanding any other provision of law, any mobilehome installed on a foundation system, attached, or otherwise permanently affixed to real property without compliance with the provisions of subdivisions (a) and (b), shall not be deemed a fixture or improvement to such real property. This subdivision shall not be construed to affect the application of sales and use or property taxes.

(f) Once installed on a foundation system, a mobilehome shall be subject to state enforced health and safety standards for mobilehomes, enforced pursuant to Section 18040.

(g) No local agency shall require that any mobilehome currently on private property be placed on a foundation system.

SEC. 41. Section 50405.2 is added to the Health and Safety Code, to read:

50405.2. The Division of Codes and Standards shall be divided into two sections, the Housing Standards Section and the Manufactured Housing Section. Each section shall be in the charge of an assistant chief, under the direction of the chief. The assistant chiefs shall be appointed, upon recommendation by the director, by the Governor. SEC. 43. Section 5801 of the Revenue and Taxation Code, as added by Chapter 285 of the Statutes of 1980, is amended to read:

5801. (a) As used in this part, "mobilehome" means a mobilehome as defined in Sections 18008 and 18211 of the Health and Safety Code which:

- (2) Was first sold new on or before June 30, 1980, and with respect to which the license fee required to be paid pursuant to Part 5 (commencing with Section 10701) of Division 2 has been delinquent for 120 days or more.

If a mobilehome consists of two or more transportable sections which have been assembled as a single unit or were manufactured or fabricated for later assembly as a single unit, and each section has been separately registered under the Vehicle Code, the provisions of this part shall apply to all sections of the mobilehome if the license fee for any section has been delinquent for 120 days or more.

(b) "Mobilehome" as used in this part does not include a mobilehome which has become real property by being affixed to land on a permanent foundation system or otherwise and is taxed as all other real property is taxed.

SEC. 44. Section 5812 of the Revenue and Taxation Code, as added by Chapter 285 of the Statutes of 1980, is amended to read:

5812. (a) The base year value of a mobilehome which is purchased or which changed ownership shall be entered on the roll for the lien date next succeeding the date of the purchase or change in ownership. SEC. 45. Section 6012.8 of the Revenue and Taxation Code, as amended by Section 7.4 of Chapter 285 of the Statutes of 1980, is amended to read:

6012.8. (a) For the purposes of this part, "gross receipts" from the sale of a new mobilehome, and the "sales price" of a new mobilehome sold or stored, used or otherwise consumed in this state shall be 75 percent of the sales price of the mobilehome to the retailer, if such mobilehome is sold by the retailer to the purchaser for installation on a foundation system pursuant to Section 18551 of the Health and Safety Code for occupancy as a residence, and is

thereafter subject to property taxation. The retailer shall be considered to be the consumer for purposes of this part if the sale by the retailer would otherwise have been subject to sales tax and if the retailer is not also the manufacturer of the mobilehome. If the retailer of the mobilehome is the manufacturer, tax shall be measured by an amount equal to 75 percent of the sales price at which a similar mobilehome ready for installation would be sold by the manufacturer to a retailer-consumer in this state.

Notwithstanding any other provision of this part, a retailer may give a resale certificate for the purchase by the retailer of such a mobilehome and shall report the gross receipts or sales price from such purchase with the return for the period during which the mobilehome is sold to the purchaser for installation for occupancy as a residence.

(b) For purposes of this section, a "mobilehome" is defined in Sections 18008 and 18211 of the Health and Safety Code.

(c) If a purchaser certifies in writing to a retailer that the mobilehome purchased will be consumed in a manner or for a purpose entitling the retailer to exclude 25 percent of the gross receipts or sales price to the retailer from the measure of tax, and uses the property in some other manner or for some other purpose which would not be subject to any other exclusion or exemption under this part, the purchaser shall be liable for payment of tax measured by the amount of the sales price to the purchaser less an amount equal to 75 percent of the gross receipts or sales price of the mobilehome to the retailer.

(d) There are exempted from the taxes imposed by this part, the gross receipts from the sale of, and the storage, use, or other consumption in this state of any used mobilehome, the initial retail sale of which qualified for the partial exemption from tax provided for by this section.

(e) This section shall become operative July 1, 1980.

SEC. 46. Section 6012.9 of the Revenue and Taxation Code, as amended by Chapter 285 of the Statutes of 1980, is amended to read:

6012.9. (a) For the purposes of this part, "gross receipts" from the sale of a new mobilehome, and the "sales price" of a new mobilehome sold or stored, used or otherwise consumed in this state shall be 75 percent of the sales price of the mobilehome to the retailer, if such mobilehome is sold by the retailer to the purchaser for installation for occupancy as a residence pursuant to the requirements of Section 18613 of the Health and Safety Code, and is thereafter subject to property taxation. The retailer shall be considered to be the consumer for purposes of this part if the sale by the retailer would otherwise have been subject to sales tax and if the retailer is not also the manufacturer of the mobilehome. If the retailer of the mobilehome is the manufacturer, tax shall be measured by an amount equal to 75 percent of the sales price at which a similar mobilehome ready for installation would be sold by the manufacturer to a retailer-consumer in this state.

Notwithstanding any other provision of this part, a retailer may give a resale certificate for the purchase by the retailer of such a mobilehome and shall report the gross receipts or sales price from such purchase with the return for the period during which the mobilehome is sold to the purchaser for installation for occupancy as a residence.

(b) For the purpose of this section, a "mobilehome" is defined in Sections 18008 and 18211 of the Health and Safety Code.

(c) If a purchaser certifies in writing to a retailer that the mobilehome purchased will be consumed in a manner or for a purpose entitling the retailer to exclude 25 percent of the gross receipts or sales price to the retailer from the measure of tax, and uses the property in some other manner or for some other purpose which would not be subject to any other exclusion or exemption under this part, the purchaser shall be liable for payment of tax measured by the amount of the sales price to the purchaser less an amount equal to 75 percent of the gross receipts or sales price of the mobilehome to the retailer.

(d) There are exempted from the taxes imposed by this part, the gross receipts from the sale of, and the storage, use, or other consumption in this state of any used mobilehome, the initial retail sale of which qualified for the partial exemption from tax provided for by this section.

SEC. 47. Section 6094.5 of the Revenue and Taxation Code is amended to read:

6094.5. Except as provided in Sections 6012.8 and 6012.9:

(a) Any person who gives a resale certificate for property which he knows at the time of purchase is not to be resold by him in the regular course of business for the purpose of evading payment to the seller of the amount of the tax applicable to the transaction is guilty of a misdemeanor.

(b) Any person who gives a resale certificate for property which he knows at the time of purchase is not to be resold by him in the regular course of business is liable to the state for the amount of tax that would be due if he had not given such resale certificate.

SEC. 48. Section 10751 of the Revenue and Taxation Code is amended to read:

10751. A license fee is hereby imposed for the privilege of operating upon the public highways in this state any vehicle of a type which is subject to registration under the Vehicle Code, or any trailer coach which is required to be moved under permit as authorized in Section 35790 of the Vehicle Code and which is not subject to local property taxation pursuant to Part 13 (commencing with Section 5800) of Division 1. Vehicles of banks, including national banking associations, shall be subject to all provisions of the Vehicle Code to the same extent and same manner as other vehicles, and shall be subject to this part.

SEC. 49. Section 10759.5 of the Revenue and Taxation Code, as amended and renumbered by Chapter 285 of the Statutes of 1980, is

amended to read:

10759.5. (a) Notwithstanding the provisions of Section 10758, on or after July 1, 1980, any mobilehome, with respect to which the license fee required to be paid by this part has been delinquent for a period of 120 days or more, shall no longer be subject to the provisions of this part. Instead, such mobilehome shall be subject to the provisions of law governing local property taxation.

If a mobilehome consists of two or more transportable sections which have been assembled as a single unit or were manufactured or fabricated for later assembly as a single unit, and each section has been separately registered under the Vehicle Code, and the license fee for any section of the mobilehome has been delinquent for 120 days or more, all sections of the mobilehome shall no longer be subject to the provisions of this part and shall become subject to the provisions of law governing local property taxation.

(b) In determining whether the license fee has been delinquent for 120 days or more, the 120-day period shall not include any days during which the mobilehome is the subject of any probate proceedings in this state. The 120-day period shall commence upon sale or distribution of the mobilehome by the executor or administrator. If the license fee was delinquent for 120 days or more prior to the date of death, the mobilehome shall be subject to property taxation.

(c) With regard to any mobilehome subject to local property taxation pursuant to the provisions of subdivision (a), the delinquent taxes and fees due under this part and under Article 2 (commencing with Section 9250) of Chapter 6 of Division 3 of the Vehicle Code as reported by the Department of Motor Vehicles or the Department of Housing and Community Development shall be added to the applicable property tax bill; the delinquent taxes and fees may be added to the secured roll and may be collected and distributed in the same manner as property taxes; or, in the alternative, may be added to the unsecured roll, collected like and distributed like all other taxes on such roll. If the amount of delinquent taxes and penalties does not appear in the records of the Department of Motor Vehicles or the Department of Housing and Community Development, the Department of Housing and Community Development shall determine from available information, if any, what the delinquent taxes and fees would have been had the mobilehome been registered. If the amount of delinquent fees cannot be determined by the Department of Housing and Community Development, there shall be added a penalty for failure to register in the amount of one hundred dollars (\$100); or, 1 percent of the current value of the mobilehome for each year or part thereof the mobilehome has been in this state without a current registration, not to exceed four years.

Whenever there is a transfer of registration, the liability for delinquent fees and penalties is that of the seller and not the buyer of the mobilehome.

(d) The State Board of Equalization shall adopt and amend as

necessary rules and regulations to carry out as well as enforce the provisions of this section.

(e) For purposes of this section, "mobilehome" is defined in Section 396 of the Vehicle Code.

(f) If any mobilehome owner disputes the amount of delinquent taxes and fees reported by the Department of Motor Vehicles, the owner shall pay the amount reported to the county tax collector. If the Department of Motor Vehicles determines that a refund is due, it shall notify the auditor who shall refund the overpayment or erroneous payment of fees and taxes to the owner.

SEC. 50. Section 11914 of the Revenue and Taxation Code, as amended by Chapter 285 of the Statutes of 1980, is repealed.

SEC. 51. Section 396 of the Vehicle Code is amended to read:

396. "Mobilehome" is a structure, as defined in Section 18008 of the Health and Safety Code. As used in this code, a mobilehome is a trailer coach which is in excess of eight feet in width or in excess of 40 feet in length and is subject to the registration requirements of this code.

SEC. 52. Section 5901 of the Vehicle Code, as amended by Chapter 285 of the Statutes of 1980, is amended to read:

5901. (a) Every dealer or lessor-retailer, upon transferring by sale, lease or otherwise any vehicle, whether new or used, of a type subject to registration under this code, shall, not later than the end of the fifth calendar day thereafter, not counting the day of sale, give written notice of the transfer to the department at its headquarters upon an appropriate form provided by it, and with respect to mobilehomes shall send a copy of the notice to the assessor of the county where the mobilehome is to be installed, along with a copy of the manufacturer's label required by Section 18064 of the Health and Safety Code for that mobilehome or a copy of the sales invoice or other document showing the make and model of the mobilehome, the accessories included, and any added construction features or materials in such form as prescribed by the Department of Housing and Community Development after consultation with the assessors. Filing of a copy of the notice and label, invoice, or other document with the assessor in accordance with this section shall be in lieu of filing a change in ownership statement pursuant to Sections 480 and 482 of the Revenue and Taxation Code.

(b) Except as otherwise provided in this subdivision or in subdivision (c), in the case of a vehicle under 6,001 pounds, manufacturer's maximum gross vehicle weight rating, the dealer or lessor-retailer shall indicate on the form the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer. However, if the vehicle dealer or lessor-retailer has knowledge that the mileage displayed on the odometer is incorrect, such licensee shall indicate on the form the true mileage, if known, of the vehicle at the time of the transfer. A vehicle dealer or lessor-retailer need not give the notice when selling or transferring a new unregistered vehicle to a dealer or lessor-retailer.

(c) When the dealer or lessor-retailer is not in possession of the vehicle that is sold or transferred, the person in physical possession of such vehicle shall give the information required by subdivision (b).

(d) A "sale" shall be deemed completed and consummated when the purchaser of that vehicle has paid the purchase price, or, in lieu thereof, has signed a purchase contract or security agreement, and taken physical possession or delivery of that vehicle.

SEC. 53. Chapter 6 (commencing with Section 11950) of Division 5 of the Vehicle Code is repealed.

SEC. 25. In which case, Section 25 of this act shall become operative on the operative date of this act and Section 24 of this act shall not become operative.

SEC. 59. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

SEC. 60. The sum of one million five hundred thousand dollars (\$1,500,000) is hereby appropriated from the General Fund for transfer to the Mobilehome Revolving Fund, to be used by the Department of Housing and Community Development, subject to the approval of the Department of Finance, for purposes of funding the preparation by the Department of Housing and Community Development for the assumption of the functions contained in Chapter 4.5 (commencing with Section 18070) of, and Chapter 4.7

## CHAPTER 1150

An act to add Section 65852.1 to the Government Code, to amend Section 18300 of, and to add Chapter 6 (commencing with Section 18100) to Part 2 of Division 13 of, the Health and Safety Code, to amend Sections 34500 and 35790 of, to add Sections 321, 387, and 35789.5 to, and to repeal and add Section 396 of, the Vehicle Code, relating to manufactured housing.

[Approved by Governor September 26, 1980. Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. This act shall be known and may be cited as the Manufactured Housing Production Act of 1980.

SEC. 2. Section 65852.1 is added to the Government Code, to read:

65852.1. For purposes of exercising powers under this chapter or pursuant to any other authority, a city, county, or city and county shall be subject to the provisions of Chapter 6 (commencing with Section 18100) of Part 2 of Division 13 of the Health and Safety Code.

SEC. 3. Chapter 6 (commencing with Section 18100) is added to Part 2 of Division 13 of the Health and Safety Code, to read:

### CHAPTER 6. MANUFACTURED HOUSING ZONING

18100. The Legislature finds and declares that manufactured housing offers Californians, who are priced out of the conventional home market, an opportunity to own and live in decent, safe, and affordable housing. The Legislature further finds and declares that it is necessary and desirable to encourage local governments to make available adequate sites for new manufactured housing

developments, including subdivisions and mobilehome parks, so that there is an adequate supply of such housing.

18101. For purposes of Chapter 4 (commencing with Section 65800) of Division 1 of Title 7 of the Government Code, mobilehomes, which are installed on a foundation system pursuant to Section 18551, shall be permitted in either zones in which conventionally constructed single-family dwellings are permitted or zones established pursuant to the authority granted under subdivision (b) without the requirement of any use permit, except as otherwise required for conventionally constructed single-family dwellings. However, this section shall not be construed to limit the authority of a city or county to do any of the following:

(a) Establish local use zone requirements, local snow load requirements, local wind pressure requirements, local fire zones, building setback standards, side and rear yard requirements, site development and property line requirements, architectural and aesthetic requirements, landscaping requirements, or standards for walls, enclosures, access, and vehicle parking with respect to such mobilehomes, in instances where such requirements or standards do not exceed those imposed on conventionally constructed single-family dwelling units.

(b) Establish certain zones for mobilehomes installed on a foundation system pursuant to Section 18551 as long as the effect of establishing such zones is not to prohibit such mobilehomes within such city or county.

18102. This chapter shall apply to all cities and counties, including charter cities, except the requirements of this chapter shall not apply to a city with a population of 1,000 or less within which 10 percent or less of the land area is zoned for residential uses. The Legislature finds and declares that in order to meet the housing needs of the citizens of California and to make homeownership an attainable goal for more residents of the state, it is necessary to set out uniform standards for zoning for mobilehomes.

SEC. 4. Section 18300 of the Health and Safety Code is amended to read:

18300. (a) The provisions of this part apply to all parts of the state and supersede any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to the provisions of this part. Except as provided in Section 18930, the commission may adopt regulations to interpret and make specific the provisions of this part and when adopted such regulations shall apply to all parts of the state.

(b) Upon 30 days' written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, and the regulations adopted pursuant to the provisions of this part following approval by the department for such assumption.

(c) The commission shall adopt regulations which set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations which set forth the conditions for assumption shall relate solely to the ability of local agencies to enforce properly the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, and the other regulations relating to mobilehome parks promulgated pursuant to this part. The regulations which set forth the conditions for assumption shall not set requirements for local agencies different than those which the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of mobilehome parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, or the other regulations adopted pursuant to the provisions of this part by a city, county, or city and county, the department shall enforce the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, and the other regulations adopted pursuant to the provisions of this part in any such city, county, or city and county after the department has given written notice to the governing body of such city, county, or city and county setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of such notice.

(2) Where the department determines that the local enforcement agency is not properly enforcing this part, the local enforcement agency shall have the right to appeal such a decision to the commission.

(e) Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of this part. The department, upon receipt of such notice, shall assume such responsibility within 30 days.

(f) Every city, county, or city and county, within its jurisdiction, shall enforce all of the provisions of this part, the building standards published in the State Building Standards Code relating to mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, incidental camping areas, and tent camps, and the other regulations adopted pursuant to the provisions of this

part, as they relate to mobilehomes and to mobilehome accessory buildings or structures located outside of mobilehome parks.

(g) The provisions of this part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers:

(1) From establishing certain zones for mobilehomes or mobilehome parks, travel trailers, travel trailer parks, recreational trailer parks, temporary trailer parks, or tent camps within such city, county, or city and county, or establishing types of uses and locations, including family mobilehome parks, adult mobilehome parks, mobilehome condominiums, mobilehome subdivisions, or mobilehome planned unit developments within such city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing standards of lot, yards, or park area, landscaping, walls or enclosures, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, or tent camps. This paragraph shall not apply to mobilehomes which are installed on a foundation system pursuant to Section 18551.

(2) From regulating the construction and use of equipment and facilities located outside of a mobilehome or camp car used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when such facilities are located outside a mobilehome park, travel trailer park, recreational trailer park, or temporary trailer park for which a permit is required by this part, or the regulations adopted pursuant thereto.

(3) From requiring a permit to use a mobilehome or camp car outside a mobilehome park, travel trailer park, recreational trailer park, or temporary trailer park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of mobilehomes and camp cars, which permit may be refused or revoked if such use violates any provisions of this part or Part 2 (commencing with Section 18000) of this division, any regulations adopted pursuant thereto, or any local ordinance applicable to such use.

(4) From requiring a local building permit to construct an accessory structure for a mobilehome when such mobilehome is located outside a mobilehome park, travel trailer park, recreational trailer park or temporary trailer park, under circumstances which the provisions of this part or Part 2 (commencing with Section 18000) and the regulation adopted pursuant thereto do not require the issuance of a permit therefor by the department.

SEC. 7. Section 321 is added to the Vehicle Code, to read:

321. "Factory-built housing" is a structure as defined in Section 19971 of the Health and Safety Code. As used in this code, factory-built housing is a trailer coach which is in excess of eight feet in width or in excess of 40 feet in length.

SEC. 8. Section 387 is added to the Vehicle Code, to read:

387. "Manufactured home" is a mobilehome, as defined in Section 18008 of the Health and Safety Code, a commercial coach, as defined in Section 18012 of the Health and Safety Code, and factory-built housing, as defined in Section 19971 of the Health and Safety Code. Manufactured home does not include a recreational vehicle, as defined in Section 18215.5 of the Health and Safety Code.

SEC. 9. Section 396 of the Vehicle Code is repealed.

SEC. 10. Section 396 is added to the Vehicle Code, to read:

396. "Mobilehome" is a structure as defined in Section 18008 of the Health and Safety Code. As used in this code, a mobilehome is a trailer coach which is in excess of eight feet in width or in excess of 40 feet in length and is subject to the registration requirements of this code.

SEC. 10.5. Section 34500 of the Vehicle Code is amended to read:

34500. The Department of the California Highway Patrol shall regulate the safe operation of the following vehicles:

- (a) Motortrucks of three or more axles.
- (b) Truck tractors.
- (c) Buses and schoolbuses.
- (d) Trailers, semitrailers, pole or pipe dollies, auxiliary dollies, and logging dollies used in combination with motortrucks of three or more axles, truck tractors, buses, or schoolbuses.
- (e) Any combination of a two-axle truck and any vehicle or vehicles set forth in subdivision (d) that exceeds 40 feet in length when coupled together.
- (f) Any truck, or any combination of a truck and any other vehicle, transporting hazardous materials.
- (g) Manufactured homes which, when moved upon the highway, are required to be moved under a permit as specified in Section 35780 or 35790.

SEC. 11. Section 35789.5 is added to the Vehicle Code, to read:

35789.5. The Legislature finds and declares that current restrictions on movement of manufactured homes in excess of 12 feet in width have unduly restricted the ability of the California manufactured housing industry to (1) meet the needs of consumers who wish to purchase single-wide manufactured homes which are 14 feet in width, (2) produce units which may be transported to other states, and (3) manufacture units with eaves which provide structural and aesthetic benefits. The Legislature further finds and declares that allowing movement of manufactured homes which are 14 feet wide, with appropriate safety safeguards, will benefit the state's economy and will allow production of more affordable and aesthetic manufactured homes.

SEC. 12. Section 35790 of the Vehicle Code is amended to read:

35790. (a) The Department of Transportation or local authorities with respect to highways under their respective jurisdictions may, upon application in writing and if good cause appears, issue a special or annual permit in writing authorizing the applicant to move any trailer coach in excess of the maximum width but not exceeding 12 feet in width, except that the department or

local jurisdictions may issue such permits for movement of mobilehomes which are, or factory-built housing which is, 14 feet in total width, exclusive of lights and devices provided for in Sections 35109, 35110, and 35112, upon any highway under the jurisdiction of the party granting such permit.

(b) A public agency in the exercise of its discretion in granting permits for the movement of overwidth manufactured homes, and in considering the individual circumstances of each case, may use merchandising or relocation of residence as a basis for movement for good cause.

(c) The application for a special permit shall specifically describe the manufactured home to be moved and the particular highways over which the permit to operate is requested.

The application for an annual permit shall specifically describe the power unit to be used to tow the overwidth manufactured homes and the particular highways over which the permit to operate is requested. The annual permit shall be subject to all of the conditions of this section and any additional conditions imposed by the public agency.

(d) The Department of Transportation or local authority is authorized to establish seasonal or other time limitations within which a manufactured home may be moved on the highways indicated, and may require an undertaking or other security as may be deemed necessary to protect the highways and bridges from injury or to provide indemnity for any injury resulting from the operation.

(e) Permits for the movement of manufactured homes as provided for in this section may not be issued except to licensed manufacturers, dealers and transporters and only under the following conditions:

(1) The manufactured home for which the permit is issued shall comply with the provisions of Sections 35550 and 35551.

(2) In the case of a permit issued on an individual or repetitive trip basis, the applicant has first received the approval of a city or county if the trip will include movement on streets or highways under the jurisdiction of such city or county. The application for such a permit shall indicate the complete route of the proposed move and shall specify all cities and counties which have approved the move. This paragraph shall not be construed to require the Department of Transportation to verify the information provided by an applicant with respect to movement on streets or highways under local jurisdiction.

(3) It shall be a violation of any permit, issued by the Department of Transportation, authorizing a move only on a state highway for such move to be extended to a street or highway under the jurisdiction of a city or county unless the move has been approved by the city or county.

(f) The Department of Transportation, in cooperation with the Department of the California Highway Patrol, or local authority shall have the authority to establish additional reasonable permit

regulations as they may deem necessary in the interest of public safety, which regulations shall be consistent with this section.

(g) Every permit, and a copy of the tax clearance certificate, certificate of origin, or dealer's notice of transfer, when such certificate or notice is required to be issued, shall be carried in the manufactured home or power unit to which it refers and shall be open to inspection of any peace officer or traffic officer, any authorized agent of the Department of Transportation or any other officer or employee charged with the care and protection of the highways.

(h) It is unlawful for any person to violate any of the terms or conditions of any such permit.

(i) To the extent that the application of this section to highways which are a part of the National System of Interstate and Defense Highways (as referred to in subdivision (a) of Section 108 of the Federal-Aid Highway Act of 1956) would cause this state to be deprived of any federal funds for highway purposes, this section to such extent shall not be applicable to highways which are a part of such system.

SEC. 13. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be because this act creates a new crime or infraction, changes the definition of a crime or infraction, or eliminates a crime or infraction. Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

SEC. 14. If Senate Bill 1960 is chaptered and becomes effective, then Sections 2, 3, and 4 of this bill shall not take effect.

66451.4. (a) In addition to the notice required by Section 66451.3, whenever approval of a tentative map will constitute a substantial or significant deprivation of the property rights of other landowners, the local agency shall provide notice of the application to all persons, including businesses, corporations, or other public or private entities, shown on the last equalized assessment roll, as owning real property within 300 feet of the property which is the subject of the application.

(b) The notice shall be given by at least one of the following methods:

Upon determination by the commissioner that the notice and application are substantially complete, the commissioner shall do all of the following:

This section shall not apply to filings made exclusively under Section 11010.1. Nothing in this section shall require the commissioner to issue a public report where grounds for denial exist, provided that issuance of a public report shall not be denied for inadequate information if the cause thereof is the commissioner's failure to comply with this section.

SEC. 3. Section 11010.3 is added to the Business and Professions Code, to read:

11010.3. The notice of intention specified in Section 11010 shall not be required for a proposed sale or lease of expressly zoned industrial subdivisions which are limited in use to industrial purposes and expressly zoned commercial subdivisions which are limited to

use in commercial purposes.

SEC. 4. Section 11018.2 of the Business and Professions Code is amended to read:

11018.2. No person shall sell or lease, or offer for sale or lease in this state any lots or parcels in a subdivision without first obtaining a public report from the commissioner.

This section shall not apply to subdivisions for which a notice of intention is not required pursuant to this chapter.

SEC. 5. Section 11018.6 of the Business and Professions Code is repealed.

SEC. 5.5. Section 11018.6 is added to the Business and Professions Code, to read:

11018.6. The commissioner shall not be a responsible agency for purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code). Receipt by the commissioner of a copy of an environmental impact report or negative declaration prepared pursuant to the California Environmental Quality Act shall be conclusive evidence of compliance with such act for purposes of issuing a subdivision public report.

SEC. 6. Section 65361 of the Government Code is amended to read:

65361. (a) Except as provided in subdivision (b), no mandatory element of a general plan shall be amended more frequently than three times during any calendar year, which amendment or amendments may occur at any time as determined by the legislative body.

(b) This section does not apply to amendment of any general plan element requested and necessary for the development, according to a specific proposal, of residential units, at least 25 percent of which will be occupied by or available to persons and families of low or moderate income, as defined by Section 50093 of the Health and Safety Code. This section does not apply to the adoption of any element to the general plan.

SEC. 7. Section 65800 of the Government Code is amended to read:

65800. It is the purpose of this chapter to provide for the adoption and administration of zoning laws, ordinances, rules and regulations by counties and cities, as well as to implement such general plan as may be in effect in any such county or city. Except as provided in Article 4 (commencing with Section 65910) and in Section 65913.1, the Legislature declares that in enacting this chapter it is its intention to provide only a minimum of limitation in order that counties and cities may exercise the maximum degree of control over local zoning matters.

SEC. 8. Section 65862 of the Government Code is repealed.

SEC. 9. Section 65862 is added to the Government Code, to read:

65862. When inconsistency between the general plan and zoning arises as a result of adoption of or amendment to a general plan, or

any element thereof, hearings held pursuant to Section 65854 or 65856 for the purpose of bringing zoning into consistency with the general plan, as required by Section 65860, may be held at the same time as hearings held for the purpose of adopting or amending a general plan, or any element thereof. However, the hearing on the general plan amendment may, at the discretion of the local agency, be concluded prior to any consideration of adoption of a zoning change.

It is the intent of the Legislature, in enacting this section, that local agencies shall, to the extent possible, concurrently process applications for general plan amendments and zoning changes which are needed to permit development so as to expedite processing of such applications.

SEC. 10. Chapter 4.2 (commencing with Section 65913) is added to Division 1 of Title 7 of the Government Code, to read:

#### CHAPTER 4.2. HOUSING DEVELOPMENT APPROVALS

65913. The Legislature finds and declares that there exists a severe shortage of affordable housing, especially for persons and families of low and moderate income, and that there is an immediate need to encourage the development of new housing, not only through the provision of financial assistance, but also through changes in law designed (1) to expedite the local and state residential development process and (2) to assure that local governments zone sufficient land at densities high enough for production of affordable housing. The Legislature further finds and declares that the costs of new housing developments have been increased, in part, by the existing permit process and by existing land use regulations and that vitally needed housing developments have been halted or rendered infeasible despite the benefits to the public health, safety, and welfare of such developments and despite the absence of adverse environmental impacts. It is, therefore, necessary to enact this chapter and to amend existing statutes which govern housing development so as to provide greater encouragement for local and state governments to approve needed and sound housing developments.

65913.1. In exercising its authority to zone for land uses, a city, county, or city and county shall designate and zone sufficient vacant land for residential use with appropriate standards, in relation to zoning for nonresidential use, and in relation to growth projections of the general plan to meet housing needs as identified in the general plan. For the purposes of this section, "appropriate standards" shall mean densities and requirements with respect to minimum floor areas, building setbacks, rear and side yards, parking, the percentage of a lot which may be occupied by a structure, amenities, and other requirements imposed on residential lots pursuant to the zoning authority which contribute significantly to the economic feasibility of producing housing at the lowest possible cost given economic and

environmental factors, the public health and safety, and the need to facilitate the development of housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code. However, nothing in this section shall be construed to enlarge or diminish the authority of a city, county, or city and county to require a developer to construct such housing.

Nothing in this section shall be construed to require a city, county, or city and county in which less than 5 percent of the total land area is undeveloped to zone a site within an urbanized area of such city, county, or city and county for residential uses at densities which exceed those on adjoining residential parcels by 100 percent. For the purposes of this section, "vacant land" shall not include agricultural preserves pursuant to Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5. For the purposes of this section, "urbanized area" means a central city or cities and surrounding closely settled territory, as defined by the United States Department of Commerce Bureau of the Census in the Federal Register, Volume 39, Number 85, for Wednesday, May 1, 1974, at pages 15202-15203, and as periodically updated.

65913.2. In exercising its authority to regulate subdivisions under Division 2 (commencing with Section 66410), a city, county, or city and county shall:

(a) Refrain from imposing criteria for design, as defined in Section 66418, or improvements, as defined in Section 66419, for the purpose of rendering infeasible the development of housing for any and all economic segments of the community. However, nothing in this section shall be construed to enlarge or diminish the authority of a city, county, or city and county under other provisions of law to require a developer to construct such housing.

(b) Consider the effect of ordinances adopted and actions taken by it with respect to the housing needs of the region in which the local jurisdiction is situated.

65913.3. Every city, county, or city and county shall, on or before January 1, 1983, upon request of a developer, provide for review of all applications and permits for residential developments, as required by such city, county, or city and county, by a single administrative entity. Such city, county, or city and county may charge fees to defray costs which are directly attributable to the review of the applications of such developer by a single administrative entity. This section shall not be construed to require delegation of development review functions performed by the legislative body pursuant to any other provision of law.

For the purposes of this section, "administrative entity" means a person or agency designated by the legislative body of the city, county, or city and county to oversee review of all permits or applications required by the local agency.

65913.4. This chapter shall apply to all cities, including charter cities, counties, and cities and counties.

The Legislature finds and declares that the development of a

sufficient supply of housing to meet the needs of all Californians is a matter of statewide concern.

SEC. 10.5. Section 66411 of the Government Code is amended to read:

66411. Regulation and control of the design and improvement of subdivisions are vested in the legislative bodies of local agencies. Each local agency shall by ordinance regulate and control subdivisions for which this division requires a tentative and final or parcel map. In the development, adoption, revision, and application of such ordinance, the local agency shall comply with the provisions of Section 65913.2. Such ordinance shall specifically provide for proper grading and erosion control, including the prevention of sedimentation or damage to offsite property. Each local agency may by ordinance regulate and control other subdivisions, provided that such regulations are not more restrictive than the regulations for those subdivisions for which a tentative and final or parcel map are required by this division, and provided further that such regulations shall not be applied to short-term leases (terminable by either party on not more than 30 days' notice in writing) of a portion of the operating right-of-way of a railroad corporation defined as such by Section 230 of the Public Utilities Code unless a showing is made in individual cases, under substantial evidence, that public policy necessitates the application of such regulations to such short-term leases in such individual cases.

SEC. 11. Section 66451.1 of the Government Code is amended to read:

66451.1. (a) The time limits specified in this chapter for reporting and acting on maps may be extended by mutual consent of the subdivider and the advisory agency or legislative body required to report or act. However, no advisory agency or legislative body, may require a routine waiver of time limits as a condition of accepting the application for, or processing of tentative, final, or parcel maps, unless the routine waiver is obtained for the purpose of permitting concurrent processing of related approvals or an environmental review on the same development project.

(b) At the time that the subdivider makes an application pursuant to this division, a local agency shall determine whether or not it is able to meet the time limits specified in this chapter for reporting and acting on maps. If the local agency determines that it will be unable to meet such time limits, such agency shall, upon request of a subdivider and for the purpose of meeting such time limits, contract or employ a private entity or persons on a temporary basis to perform such services as necessary to permit the agency to meet such time limits. However, a local agency need not enter into such a contract or employ such persons if it determines either that (1) no such entities or persons are available or qualified to perform such services or (2) the local agency would be able to perform services in a more rapid fashion than would any available and qualified persons or entities.

Such entities or persons employed by a local agency may, pursuant to an agreement with the local agency, perform all functions necessary to process tentative, final, and parcel maps and to comply with other requirements imposed pursuant to this division or by local ordinances adopted pursuant to this division, except those functions reserved by this division or local ordinance to the legislative body. A local agency may charge the subdivider fees in an amount necessary to defray costs directly attributable to employing or contracting with entities or persons performing services pursuant to this section.

SEC. 12. Section 66452.1 of the Government Code is amended to read:

66452.1. (a) If the advisory agency is not authorized by local ordinance to approve, conditionally approve or disapprove the tentative map, it shall make its written report on the tentative map to the legislative body within 30 days after the filing thereof with its clerk.

(b) If the advisory agency is authorized by local ordinance to approve, conditionally approve, or disapprove the tentative map, it shall take such action within 50 days after the filing thereof with its clerk and report its action to the subdivider.

SEC. 13. Section 66452.2 of the Government Code is amended to read:

66452.2. (a) If there is an advisory agency which is not authorized by local ordinance to approve, conditionally approve or disapprove the tentative map, at the next regular meeting of the legislative body following the filing of the advisory agency's report with it, the legislative body shall fix the meeting date at which the tentative map will be considered by it, which date shall be within 30 days thereafter and the legislative body shall approve, conditionally approve, or disapprove the tentative map within such 30-day period.

(b) If there is no advisory agency, the clerk of the legislative body shall submit the tentative map to the legislative body at its next regular meeting which shall approve, conditionally approve or disapprove such map within 30 days thereafter.

SEC. 14. Section 66499.37 of the Government Code is amended to read:

66499.37. Any action or proceeding to attack, review, set aside, void or annul the decision of an advisory agency, appeal board or legislative body concerning a subdivision, or of any of the proceedings, acts or determinations taken, done or made prior to such decision, or to determine the reasonableness, legality or validity of any condition attached thereto, shall not be maintained by any person unless such action or proceeding is commenced and service of summons effected within 90 days after the date of such decision. Thereafter all persons are barred from any such action or proceeding or any defense of invalidity or unreasonableness of such decision or of such proceedings, acts or determinations. Any such proceeding shall take precedence over all matters of the calendar of the court

except criminal, probate, eminent domain and forcible entry and unlawful detainer proceedings.

SEC. 15. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

50669. As used in Section 50670:

(a) "Deferred-payment loan" means a loan for acquisition and rehabilitation of a rental housing development which (1) has a term of not more than 25 years, but which shall not in any event exceed the useful life of the rental housing development for which such loan is made, as determined by the department, whichever is less, and (2) is repaid in a single payment upon refinancing of such development at the end of the term of the loan. Such loans shall bear interest at the rate of 3 percent per annum on the unpaid principal balance, provided however, that the department may reduce or eliminate

interest payments on a loan for any year or alternatively defer interest payments until the deferred-payment loan is repaid, if in the exercise of sound discretion, the department determines such action is necessary to provide affordable rents to elderly or handicapped households of very low and low income.

(b) "Rental housing development" means a residential structure or structures containing five or more rental dwelling units, provided that each unit is equipped with a kitchen and bathroom, or a structure or structures intended for use as a group home by five or more handicapped individuals.

(c) "Sponsor" means any individual, joint venture, partnership, limited partnership, trust, corporation, cooperative, local public entity, duly constituted governing body of an Indian reservation or rancheria, or other legal entity, or any combination thereof, certified by the department as qualified to own, manage, and rehabilitate a rental housing development. A sponsor may be organized for profit or limited profit or be nonprofit.

SEC. 14. Section 50670 of the Health and Safety Code is amended to read:

50670. (a) The department shall establish a Demonstration Housing Rehabilitation Program for the Elderly and Handicapped under which it may make deferred-payment loans to sponsors for the rehabilitation or the acquisition and rehabilitation of rental housing developments to be occupied by elderly or handicapped households of very low and low income. The department may make such loans in an amount necessary to acquire and rehabilitate a rental housing development and to provide affordable rents, when considered in conjunction with other financing on or assistance to such development, for elderly or handicapped households of very low and low income for the term of the regulatory agreement pursuant to subdivision (d). In no event, may the amount of the loan exceed 90 percent of the combined amount of the fair market value of the rental housing development and the cost of rehabilitation work to be undertaken. However, with respect to a nonprofit sponsor, the department may loan up to 100 percent of such combined amount.

(b) In making a loan pursuant to this section, the department may disburse funds in a manner and in accordance with a schedule which ensures the economic feasibility of the rental housing development and the completion of the rehabilitation work and which protects the interests of the state.

(c) Prior to making a loan commitment pursuant to this section, the department shall do all of the following:

(1) Inspect the rental housing development to be assisted pursuant to this section to determine the economic feasibility of rehabilitating such development.

(2) Approve a plan submitted by the sponsor which includes a plan for occupancy of the development, a description of the nature and costs of rehabilitation to be undertaken, and projections as to rental levels in such development.

(d) Prior to disbursement of any funds pursuant to this section, the department shall enter into a regulatory agreement with the sponsor which provides for the limitation on profits in the operation of the rental housing development. When the sponsor is not a nonprofit sponsor or a local public entity, the regulatory agreement with the sponsor shall limit the distribution of the sponsor's earnings to an annual amount no greater than 6 percent of the sponsor's actual investment (excluding unaccrued liabilities of the sponsor) in the rental housing development. The regulatory agreement shall also set standards for tenant selection to ensure occupancy by elderly or handicapped households of very low and low income for the term of such agreement, govern the terms of occupancy agreements, and contain other provisions necessary to carry out the purposes of this section. Upon recordation of the agreement in the office of the county recorder in the county in which the real property subject to such agreement is located, the agreement shall be binding upon the sponsor and successors in interest for the original term of the loan, as determined by the department, but for a period of not more than 25 years.

(e) The department shall fix and alter, from time to time, a schedule of rents on each development as may be necessary to provide residents of the rental housing development with affordable rents, to the extent consistent with the financial integrity of such development. No sponsor shall increase the rent on any unit without the prior permission of the department which shall be given only if the sponsor affirmatively demonstrates that such increase is required to defray necessary operating costs or to avoid jeopardizing the fiscal integrity of the housing development. However, in the event that the department does not act upon a request for a rent increase within 60 days from documented receipt of the request, such increase shall be deemed approved.

(f) The department may annually inspect rental housing developments assisted pursuant to this section to ensure compliance with the terms of the regulatory agreement and may require such audits, financial statements, and other documents as are necessary to ensure compliance with the terms of the regulatory agreement and to ensure occupancy by elderly or handicapped households of very low and low income.

(g) With respect to rental housing developments rehabilitated pursuant to this section:

(1) The department shall make payments and shall provide advisory assistance to persons and families permanently displaced as a result of such rehabilitation in accordance with the requirements of subdivisions (b) and (e) of Section 7265.3 of the Government Code.

(2) The department shall provide affordable temporary housing to elderly and handicapped households of very low and low income who reside in a rental housing development prior to rehabilitation or acquisition and rehabilitation of such housing development, who

are required to move during the period of rehabilitation, and who occupy a unit in such development upon completion of rehabilitation. Such temporary housing shall be provided until units in the rental housing development are available for occupancy by such households.

(3) For the purposes of subdivision (f) of Section 7265.3 of the Government Code, moneys appropriated for purposes of this chapter by Chapter 1043 of the Statutes of 1979, whether or not reappropriated for transfer to the Housing Rehabilitation Loan Fund, shall constitute available state funds.

(4) Elderly and handicapped households of very low and low income displaced as a result of rehabilitation pursuant to this section shall be accorded first priority in occupying units in the rental housing development, from which they were displaced, subsequent to rehabilitation.

SEC. 15. Section 50776 of the Health and Safety Code, as added by Chapter 1043 of the Statutes of 1979, is amended to read:

50776. Financial assistance pursuant to Section 50775 may be provided directly by the department or through a mortgage lender certified by the department to participate in the program authorized by Section 50775. Such a mortgage lender may be a bank or trust company, mortgage banker, federal or state chartered savings and loan association, governmental agency, or other financial institution, including credit unions, deemed capable by the department, pursuant to regulations adopted in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, of providing services or mortgage loans in conjunction with dwelling units, mobilehomes, or shares in stock cooperatives for which such financial assistance is provided.

The department or mortgage lender shall enter into a contract with each recipient of financial assistance under Section 50775, requiring the recipient, upon sale of the dwelling unit, mobilehome, or share in a stock cooperative for which the assistance was provided, to pay to the department from the portion of the proceeds of the sale, an amount proportionate to the percentage of the initial purchase price which was paid with financial assistance provided under Section 50775. Such a contract may provide that the department shall not receive less than the amount of assistance provided under Section 50775. However, if the recipient has made improvements to the dwelling unit or mobilehome, as the case may be, the increase in the fair market value of the unit or mobilehome arising from the improvement shall be added to the fair market value of the recipient's share in such unit or mobilehome immediately before such improvements are made, to determine the recipient's relative financial participation for the purpose of calculating the amount to be paid the department. Improvements which may be added to the purchase price for this purpose shall be defined by regulations of the department, adopted in accordance with the provisions of Chapter

3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be limited to substantial repairs, renovations, or additions undertaken with respect to the dwelling unit or mobilehome assisted, which increase the value of the dwelling unit or mobilehome, or which bring such dwelling unit or mobilehome into conformance with local or state building or housing standards.

Any contract pursuant to this section may permit the recipient of financial assistance to terminate the contract upon payment to the department of the amount which would be owed the department if the dwelling unit, mobilehome or share in a stock cooperative were sold at fair market value at the time of such repayment.

Contracts pursuant to this section shall require payment of the full amount of property taxes, insurance, and costs of normal maintenance by the household receiving assistance pursuant to Section 50775. Every contract required by this section shall be secured by a deed of trust upon the dwelling unit or mobilehome for which the assistance is provided, or if the financial assistance is for purchase of a share in a stock cooperative association, any security interest determined adequate by the department to protect the interests of the state. Such deeds of trust or other security devices shall be recorded in the office of the county recorder of the county in which the dwelling unit is located.

SEC. 16. Section 50777 of the Health and Safety Code, as amended by Chapter 1045 of the Statutes of 1979, is amended to read:

50777. The department may provide financial assistance to nonprofit corporations and stock cooperative corporations to enable such corporations to develop or purchase a mobilehome park. Such financial assistance shall not exceed 49 percent of the purchase price or development costs of the mobilehome park which may be directly attributed to the number or ratio of persons or families with incomes, not in excess of the median income of the county, who will occupy the park.

In addition, the department may provide financial assistance to persons or families with incomes not in excess of the median income for the county to enable such persons or families to purchase a share in a stock cooperative corporation which owns a mobilehome park. The department may establish a maximum purchase price for such shares. Upon sale of a share in a stock cooperative corporation assisted pursuant to this section, the shareholder shall pay to the department from the proceeds of the sale of such share, an amount proportionate to the percentage of the initial purchase price which was paid with financial assistance provided by the department pursuant to this section, as adjusted for improvements made by the corporation or shareholder. The contract for assistance may require that the department not receive in repayment less than the amount of assistance originally provided. The adjustment for improvements shall be made as set forth in Section 50776.

Upon sale of a mobilehome park owned by a nonprofit corporation

and assisted pursuant to this section, the corporation shall pay to the department from the proceeds of the sale of such park, an amount proportionate to the percentage of the initial purchase price or development cost which was paid by the department pursuant to this section, as adjusted for improvements made by the corporation. The contract for assistance may require that the department not receive in repayment less than the amount of assistance originally provided. The adjustment for improvements shall be made as set forth in Section 50776. For such purpose "improvements" shall be defined by regulations of the department, adopted in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be limited to substantial repairs, renovations or additions which increase the value of the mobilehome park or of the shares of a stock cooperative corporation or which bring such mobilehome parks or mobilehomes within mobilehome parks assisted pursuant to this section into conformance with local or state building or housing standards.

Such financial assistance shall be provided pursuant to a contract which requires, among other things, restrictions on occupancy, maintenance and payment of the full amount of taxes and insurance by the shareholders. Every contract required by this section shall be secured by a deed of trust upon the mobilehome park for which assistance is provided, or if the financial assistance is for purchase of a share in a mobilehome park stock cooperative association, any security interest determined adequate by the department to protect the interests of the state. Such deeds of trust shall be recorded in the office of the county recorder of the county in which such mobilehome park is located. Any contract pursuant to this section may permit the recipient of financial assistance to terminate the contract required by this section upon payment to the department of the amount which would be owed to the department if the mobilehome park or share in a stock cooperative, as the case may be, were sold at fair market value at the time of such repayment.

Improvements which may be added to the purchase price for this purpose shall be defined by regulations of the department, adopted in accordance with the provisions of Chapter 3.5 (commencing with Section 11430) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be limited to substantial repairs, renovations, or additions undertaken with respect to the dwelling unit or mobilehome assisted, which increase the value of the dwelling unit or mobilehome, or which bring such dwelling unit or mobilehome into conformance with local or state building or housing standards.

For such purpose "improvements" shall be defined by regulations of the department, adopted in accordance with the provisions of Chapter 3.5 (commencing with

Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be limited to substantial repairs, renovations or additions which increase the value of the mobilehome park or of the shares of the corporation or which bring such mobilehome parks or mobilehomes within mobilehome parks assisted pursuant to this section into conformance with local or state building or housing standards.

(e) Such financial assistance shall be provided pursuant to a contract which requires, among other things, restrictions on occupancy, including owner occupancy, maintenance and payment of the full amount of taxes and insurance by the shareholders. Every contract required by this section shall be secured by a deed of trust, security, or other interest determined adequate by the department to protect the interests of the state. Such deeds of trust, security, or other instruments shall be recorded in the office of the county recorder of the county in which such mobilehome park is located.

(f) Any contract pursuant to this section may permit the recipient of financial assistance to terminate the contract required by this section upon payment to the department of the amount which would be owed to the department if the mobilehome park or share in a stock cooperative, as the case may be, were sold at fair market value at the time of such repayment. Such contracts, subject to regulations adopted by the department, may also permit partial repayments prior to sale or transfer.

(g) Contracts pursuant to this section shall also require that the recipient comply with all terms and conditions of, and make all payments required by, any instrument secured by the park or shares in the stock cooperative or limited equity housing cooperative.

50777. (a) The department, directly or through a government agency or mortgage lender, and subject to the provisions of subdivision (a) of Section 50776, may provide financial assistance to nonprofit corporations and stock cooperative corporations to enable such corporations to develop or purchase a mobilehome park, ownership of which will be transferred within a reasonable time to shareholders or owners who are persons and families of low or moderate income. Such financial assistance shall not exceed 49 percent of the purchase price or development costs of the mobilehome park which may be directly attributed to the number or ratio of persons or families with incomes, not in excess of the median income of the county, who will occupy the park. Assistance pursuant to this subdivision shall not render a person or household ineligible for assistance pursuant to subdivision (b).

(b) The department, directly or through a governmental agency or mortgage lender, and subject to the provisions of subdivision (a) of Section 50776, may provide financial assistance to persons or families with incomes not in excess of the median income for the county in which the mobilehome park is located to enable such persons or families to purchase a share in a stock cooperative corporation which owns a mobilehome park. In order to be eligible

for assistance pursuant to this section, such persons and families in addition shall be limited to households (1) which do not currently own residential property and have not owned any residential property, other than a mobilehome not affixed to a permanent foundation, for at least three years, (2) which have not previously received any assistance pursuant to this chapter and (3) which, without financial assistance pursuant to this section, would be unable to acquire a dwelling unit, mobilehome, or a share in a stock cooperative. Such assistance shall not exceed 49 percent of the purchase price paid by the household for the share in the stock cooperative. The department may establish a maximum purchase price for such shares. Upon sale or transfer of a share the purchase of which is assisted pursuant to this section, the shareholder shall pay to the department an amount proportionate to the percentage of the initial purchase price which was paid with financial assistance provided by the department pursuant to this section, as adjusted for improvements made by the corporation or shareholder. The contract for assistance may require that the department not receive in repayment less than the amount of assistance originally provided. The adjustment for improvements shall be made as set forth in Section 50776.

(c) In no event shall the assistance provided pursuant to subdivision (a) or (b) be used to reduce the purchaser's downpayment below 3 percent of the total purchase price.

(d) Upon sale or transfer of a mobilehome park assisted pursuant to this section, the corporation which owns such park shall pay to the department an amount proportionate to the percentage of the initial purchase price or development cost which was paid by the department pursuant to this section, as adjusted for improvements made by the corporation. The contract for assistance may require that the department not receive in repayment less than the amount of assistance originally provided. The adjustment for improvements shall be made as set forth in Section 50776. For such purpose "improvements" shall be defined by regulations of the department, adopted in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be limited to substantial repairs, renovations or additions which increase the value of the mobilehome park or of the shares of the corporation or which bring such mobilehome parks or mobilehomes within mobilehome parks assisted pursuant to this section into conformance with local or state building or housing standards.

(e) Such financial assistance shall be provided pursuant to a contract which requires, among other things, restrictions on occupancy, including owner occupancy maintenance and payment of the full amount of taxes and insurance by the shareholders. Every contract required by this section shall be secured by a deed of trust, security, or other interest determined adequate by the department to protect the interests of the state. Such deeds of trust, security, or other instruments shall be recorded in the office of the county recorder of the county in which such mobilehome park is located.

(f) Any contract pursuant to this section may permit the recipient of financial assistance to terminate the contract required by this section upon payment to the department of the amount which would be owed to the department if the mobilehome park or share in a stock cooperative, as the case may be, were sold at fair market value at the time of such repayment. Such contracts, subject to regulations adopted by the department, may also permit partial repayments prior to sale or transfer.

(g) Contracts pursuant to this section shall also require that the recipient comply with all terms and conditions of, and make all payments required by, any instrument secured by the park or shares in the stock cooperative or limited equity housing cooperative.

SEC. 17. Section 50778 of the Health and Safety Code is amended to read:

[Approved by Governor September 27, 1980 Filed with  
Secretary of State September 29, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1301 of the Corporations Code, as amended by Chapter 501 of the Statutes of 1980, is amended to read:

1301. (a) If, in the case of a reorganization, any shareholders of a corporation have a right under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, to require the corporation to purchase their shares for cash, such corporation shall mail to each such shareholder a notice of the approval of the reorganization by its outstanding shares (Section 152) within 10 days after the date of such approval, accompanied by a copy of Sections 1300, 1302, 1303, 1304 and this section, a statement of the price determined by the corporation to represent the fair market value of the dissenting shares, and a brief description of the procedure to be followed if the shareholder desires to exercise the shareholder's right under such sections. The statement of price constitutes an offer by the corporation to purchase at the price stated any dissenting shares

as defined in subdivision (b) of Section 1300, unless they lose their status as dissenting shares under Section 1309.

(b) Any shareholder who has a right to require the corporation to purchase the shareholder's shares for cash under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, and who desires the corporation to purchase such shares shall make written demand upon the corporation for the purchase of such shares and payment to the shareholder in cash of their fair market value. The demand is not effective for any purpose unless it is received by the corporation or any transfer agent thereof (1) in the case of shares described in clause (i) or (ii) of paragraph (1) of subdivision (b) of Section 1300 (without regard to the provisos in that paragraph), not later than the date of the shareholders' meeting to vote upon the reorganization, or (2) in any other case within 30 days after the date on which the notice of the approval by the outstanding shares pursuant to subdivision (a) or the notice pursuant to subdivision (i) of Section 1110 was mailed to the shareholder.

(c) The demand shall state the number and class of the shares held of record by the shareholder which the shareholder demands that the corporation purchase and shall contain a statement of what such shareholder claims to be the fair market value of those shares as of the day before the announcement of the proposed reorganization or short-form merger. The statement of fair market value constitutes an offer by the shareholder to sell the shares at such price.

SEC. 1.5. Section 5211 of the Corporations Code is amended to read:

5211. (a) Unless otherwise provided in the articles or in the bylaws:

(1) Meetings of the board may be called by the chairman of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of such meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone or telegraph. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to any director who signed a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to such director. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of any adjournment to another time or place shall be given prior to the time

of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at any place within or without the state which has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone or similar communications equipment, so long as all members participating in such meeting can hear one another. Participation in a meeting pursuant to this subdivision constitutes presence in person at such meeting.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger, unless the number of directors authorized in the articles or bylaws is one, in which case one director constitutes a quorum.

(8) Subject to the provisions of Sections 5212, 5233, 5234, 5235, and subdivision (e) of Section 5238, every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for such meeting, or such greater number as is required by this division, the articles or bylaws.

(b) Any action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the board. Such action by written consent shall have the same force and effect as the unanimous vote of such directors. For the purposes of this section only, "all members of the board" shall not include any "interested director" as defined in Section 5233.

(c) The provisions of this section apply also to incorporators, to committees of the board, and to action by such incorporators or such committees mutatis mutandis.

SEC. 1.7. Section 5516 is added to the Corporations Code, to read:

5516. Any action required or permitted to be taken by the members may be taken without a meeting, if all members shall individually or collectively consent in writing to the action. The written consent or consents shall be filed with the minutes of the proceedings of the members. The action by written consent shall have the same force and effect as the unanimous vote of the members.

SEC. 2. Section 5220 of the Corporations Code is amended to read:

5220. (a) Except as provided in subdivision (d), directors shall be elected for such terms, not longer than three years, as are fixed

in the articles or bylaws. In the absence of any provision in the articles or bylaws, the term shall be one year. No amendment of the articles or bylaws may extend the term of a director beyond that for which the director was elected, nor may any bylaw provision increasing the terms of directors be adopted without approval of the members (Section 5034).

(b) Unless the articles or bylaws otherwise provide, each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

(c) The articles or bylaws may provide for the election of one or more directors by the members of any class voting as a class.

(d) Subdivisions (a) through (c) notwithstanding, all or any portion of the directors authorized in the articles or bylaws of a corporation without members and up to one-third of the directors authorized in the articles or bylaws of a corporation with members, may hold office by virtue of designation or selection as provided by the articles or bylaws rather than by election by a member or members. Such directors shall continue in office for the term prescribed by the governing article or bylaw provision, or, if there is no term prescribed, until the governing article or bylaw provision is duly amended or repealed, except as provided in subdivision (e) of Section 5222. A bylaw provision authorized by this subdivision may be adopted, amended, or repealed only by approval of the members (Section 5034), subject, if so provided in the bylaws, to the consent of the person or persons entitled to designate or select any such director or directors. The articles or bylaws of a corporation without members may provide that directors may be elected for one or more terms of up to six years.

(e) The one-third limit set forth in subdivision (d) does not apply to:

(1) Directors designated or selected by a government office, board, commission, department, agency or political subdivision.

(2) Directors designated or selected by a person who is elected by the members as an officer of the corporation.

(3) Directors appointed to fill vacancies on the board created by the death, resignation or removal of directors.

SEC. 3. Section 5221 of the Corporations Code is amended to read:

5221. The board may declare vacant the office of a director who has been declared of unsound mind by a final order of court, or convicted of a felony, or been found by a final order or judgment of any court to have breached any duty under Article 3 (commencing with Section 5230), or, if at the time a director is elected, the bylaws provide that a director may be removed for missing a specified number of board meetings, fails to attend the specified number of meetings.

SEC. 4. Section 5233 of the Corporations Code is amended to read:

5233. (a) Except as provided in subdivision (b), for the purpose of this section, a self-dealing transaction means a transaction to which

the corporation is a party and in which one or more of its directors has a material financial interest and which does not meet the requirements of paragraph (1), (2), or (3) of subdivision (d). Such a director is an "interested director" for the purpose of this section.

(b) The provisions of this section do not apply to any of the following:

(1) An action of the board fixing the compensation of a director as a director or officer of the corporation.

(2) A transaction which is part of a public or charitable program of the corporation if it: (i) is approved or authorized by the corporation in good faith and without unjustified favoritism; and (ii) results in a benefit to one or more directors or their families because they are in the class of persons intended to be benefited by the public or charitable program.

(3) A transaction, of which the interested director or directors have no actual knowledge, and which does not exceed the lesser of 1 percent of the gross receipts of the corporation for the preceding fiscal year or one hundred thousand dollars (\$100,000).

(c) The Attorney General or, if the Attorney General is joined as an indispensable party, any of the following may bring an action in the superior court of the proper county for the remedies specified in subdivision (h):

(1) The corporation, or a member asserting the right in the name of the corporation pursuant to Section 5710.

(2) A director of the corporation.

(3) An officer of the corporation.

(4) Any person granted relator status by the Attorney General.

(d) In any action brought under subdivision (c) the remedies specified in subdivision (h) shall not be granted if:

(1) The Attorney General, or the court in an action in which the Attorney General is an indispensable party, has approved the transaction before or after it was consummated; or

(2) The following facts are established:

(A) The corporation entered into the transaction for its own benefit;

(B) The transaction was fair and reasonable as to the corporation at the time the corporation entered into the transaction;

(C) Prior to consummating the transaction or any part thereof the board authorized or approved the transaction in good faith by a vote of a majority of the directors then in office without counting the vote of the interested director or directors, and with knowledge of the material facts concerning the transaction and the director's interest in the transaction. Except as provided in paragraph (3) of this subdivision, action by a committee of the board shall not satisfy this paragraph; and

(D) Prior to authorizing or approving the transaction the board considered and in good faith determined after reasonable investigation under the circumstances that the corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or the corporation in fact could not

have obtained a more advantageous arrangement with reasonable effort under the circumstances; or

(3) The following facts are established:

(A) A committee or person authorized by the board approved the transaction in a manner consistent with the standards set forth in paragraph (2) of this subdivision;

(B) It was not reasonably practicable to obtain approval of the board prior to entering into the transaction; and

(C) The board, after determining in good faith that the conditions of subparagraphs (A) and (B) of this paragraph were satisfied, ratified the transaction at its next meeting by a vote of the majority of the directors then in office without counting the vote of the interested director or directors.

(e) Except as provided in subdivision (f), an action under subdivision (c) must be filed within two years after written notice setting forth the material facts of the transaction and the director's interest in the transaction is filed with the Attorney General in accordance with such regulations, if any, as the Attorney General may adopt or, if no such notice is filed, within three years after the transaction occurred, except for the Attorney General, who shall have 10 years after the transaction occurred within which to file an action.

(f) In any action for breach of an obligation of the corporation owed to an interested director, where the obligation arises from a self-dealing transaction which has not been approved as provided in subdivision (d), the court may, by way of offset only, make any order authorized by subdivision (h), notwithstanding the expiration of the applicable period specified in subdivision (e).

(g) Interested directors may be counted in determining the presence of a quorum at a meeting of the board which authorizes, approves or ratifies a contract or transaction.

(h) If a self-dealing transaction which has not been approved as provided in subdivision (d) has taken place, the interested director or directors shall do such things and pay such damages as in the discretion of the court will provide an equitable and fair remedy to the corporation, taking into account any benefit received by the corporation and whether the interested director or directors acted in good faith and with intent to further the best interest of the corporation. Without limiting the generality of the foregoing, the court may order the director to do any or all of the following:

(1) Account for any profits made from such transaction, and pay them to the corporation;

(2) Pay the corporation the value of the use of any of its property used in such transaction; and

(3) Return or replace any property lost to the corporation as a result of such transaction, together with any income or appreciation lost to the corporation by reason of such transaction, or account for any proceeds of sale of such property, and pay the proceeds to the corporation together with interest at the legal rate. The court may award prejudgment interest to the extent allowed in Section 3287 or

3288 of the Civil Code. In addition, the court may, in its discretion, grant exemplary damages for a fraudulent or malicious violation of this section.

SEC. 5. Section 5310 of the Corporations Code is amended to read:

5310. (a) A corporation may admit persons to membership, as provided in its articles or bylaws, or may provide in its articles or bylaws that it shall have no members. In the absence of any provision in its articles or bylaws providing for members, a corporation shall have no members.

(b) In the case of a corporation which has no members, any action which would otherwise require approval by a majority of all members (Section 5033) or approval by the members (Section 5034) shall require only approval of the board, any provision of this part or the articles or bylaws to the contrary notwithstanding.

(c) Reference in this part to a corporation which has no members includes a corporation in which the directors are the only members.

SEC. 6. Section 5513 of the Corporations Code is amended to read:

5513. (a) Subject to subdivision (e), and unless prohibited in the articles or bylaws, any action which may be taken at any regular or special meeting of members may be taken without a meeting if the corporation distributes a written ballot to every member entitled to vote on the matter. Such ballot shall set forth the proposed action, provide an opportunity to specify approval or disapproval of any proposal, and provide a reasonable time within which to return the ballot to the corporation.

(b) Approval by written ballot pursuant to this section shall be valid only when the number of votes cast by ballot within the time period specified equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve at a meeting at which the total number of votes cast was the same as the number of votes cast by ballot.

(c) Ballots shall be solicited in a manner consistent with the requirements of subdivision (b) of Section 5511, and Section 5514. All such solicitations shall indicate the number of responses needed to meet the quorum requirement and, with respect to ballots other than for the election of directors, shall state the percentage of approvals necessary to pass the measure submitted. The solicitation must specify the time by which the ballot must be received in order to be counted.

(d) Unless otherwise provided in the articles or bylaws, a written ballot may not be revoked.

(e) Directors may be elected by written ballot under this section, where authorized by the articles or bylaws, except that election by written ballot may not be authorized where the directors are elected by cumulative voting pursuant to Section 5616.

surviving corporation may be any one of the constituent corporations and shall continue to exist under the laws of the state or place of its incorporation.

(b) If the surviving corporation is a public benefit corporation or a religious corporation, the merger proceedings with respect to that corporation and any disappearing corporation shall conform to the provisions of this chapter governing the merger of corporations, but if the surviving corporation is a foreign corporation, then, subject to the requirements of subdivision (d) and Section 6012, the merger proceedings may be in accordance with the laws of the state or place of incorporation of the surviving corporation.

6322. (a) Any provision of the articles or bylaws notwithstanding, every corporation shall furnish annually to its members and directors a statement of any transaction or indemnification of a kind described in subdivision (d) or (e), if any such transaction or indemnification took place. If the corporation issues an annual report to all members, this subdivision shall be satisfied by including the required information in the annual report. A corporation which does not issue an annual report to all members, pursuant to subdivision (c) or (d) of Section 6321, shall satisfy this section by mailing or delivering to its members the required

statement within 120 days after the close of the corporation's fiscal year.

(b) Except as provided in subdivision (c), a covered transaction under this section is a transaction in which the corporation, its parent, or its subsidiary was a party, and in which either of the following had a direct or indirect material financial interest:

(1) Any director or officer of the corporation, or its parent or subsidiary.

(2) Any holder of more than 10 percent of the voting power of the corporation, its parent or its subsidiary.

For the purpose of subdivision (d), an "interested person" is any person described in paragraph (1) or (2) of this subdivision.

(2) The names of the interested persons involved in such transactions, stating such person's relationship to the corporation, the nature of such person's interest in the transaction and, where practicable, the amount of such interest; provided, that in the case of a transaction with a partnership of which such person is a partner, only the interest of the partnership need be stated.

(b) The certificate shall be an officer's certificate or shall be signed and verified by at least a majority of the directors then in office or by one or more members authorized to do so by a vote of a majority of all members (Section 5033) and shall set forth:

(1) That the corporation has elected to wind up and dissolve.

(2) If the election was made by the vote of members alone, the number of votes for the election and that the election was made by a majority of all members (Section 5033).

(3) If the election was made by the board and members pursuant

to paragraph (2) of subdivision (a) of Section 6610, the certificate shall state that it was made by the board and the members in accordance with Section 5034.

(4) If the certificate is executed by a member or members, that the subscribing person or persons were authorized to execute the certificate by a majority of all members (Section 5033).

SEC. 12. Section 7211 of the Corporations Code is amended to read:

7211. (a) Unless otherwise provided in the articles or in the bylaws:

(1) Meetings of the board may be called by the chairman of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of such meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone or telegraph. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to any director who signed a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to such director. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of any adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at any place within or without the state which has been designated in the notice of the meeting or, if not stated in the notice or if there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone or similar communications equipment, so long as all members participating in such meeting can hear one another. Participation in a meeting pursuant to this subdivision constitutes presence in person at such meeting.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the

transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger, unless the number of directors authorized in the articles or bylaws is one, in which case one director constitutes a quorum.

(8) Subject to the provisions of Sections 7212, 7233, 7234, and subdivision (e) of Section 7237 and Section 5233, insofar as it is made applicable pursuant to Section 7238, every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for such meeting, or such greater number as is required by this division, the articles or bylaws.

(b) Any action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the board. Such action by written consent shall have the same force and effect as a unanimous vote of such directors.

(c) The provisions of this section apply also to incorporators, to committees of the board, and to action by such incorporators or such committees *mutatis mutandis*.

SEC. 13. Section 7220 of the Corporations Code is amended to read:

7220. (a) Except as provided in subdivision (d), directors shall be elected for such terms, not longer than three years, as are fixed in the articles or bylaws. In the absence of any provision in the articles or bylaws, the term shall be one year. No amendment of the articles or bylaws may extend the term of a director beyond that for which the director was elected, nor may any bylaw provision increasing the terms of directors be adopted without approval of the members (Section 5034).

(b) Unless the articles or bylaws otherwise provide, each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

(c) The articles or bylaws may provide for the election of one or more directors by the members of any class voting as a class.

(d) Subdivisions (a) through (c) notwithstanding, all or any portion of the directors authorized in the articles or bylaws of a corporation without members, and up to one-third of the directors authorized in the articles or bylaws of a corporation with members, may hold office by virtue of designation or selection as provided by the articles or bylaws rather than by election by a member or members. Such directors shall continue in office for the term

prescribed by the governing article or bylaw provision, or, if there is no term prescribed, until the governing article or bylaw provision is duly amended or repealed, except as provided in subdivision (e) of Section 7222. A bylaw provision authorized by this subdivision may be adopted, amended, or repealed only by approval of the members (Section 5034). The articles or bylaws of a corporation without members may provide that directors may be elected for one or more terms of up to six years.

(e) The one-third limit set forth in subdivision (d) does not apply to:

(1) Directors designated or selected by a government office, board, commission, department, agency or political subdivision.

(2) Directors designated or selected by a person who is elected by the members as an officer of the corporation.

(3) Directors appointed to fill vacancies on the board created by the death, resignation or removal of directors.

SEC. 14. Section 7221 of the Corporations Code is amended to read:

7221. The board may declare vacant the office of a director who has been declared of unsound mind by a final order of court, or convicted of a felony, or, in the case of a corporation holding assets in charitable trust, has been found by a final order or judgment of any court to have breached any duty arising as a result of Section 7238, or, if at the time a director is elected, the bylaws provide that a director may be removed for missing a specified number of board meetings, fails to attend the specified number of meetings.

SEC. 15. Section 7310 of the Corporations Code is amended to read:

7310. (a) A corporation may admit persons to membership, as provided in its articles or bylaws, or may provide in its articles or bylaws that it shall have no members. In the absence of any provision in its articles or bylaws providing for members, a corporation shall have no members.

(b) In the case of a corporation which has no members:

(1) Any action which would otherwise require approval by a majority of all members (Section 5033) or approval by the members (Section 5034) shall require only approval of the board, any provision of this part or the articles or bylaws to the contrary notwithstanding.

(2) All rights which would otherwise vest in the members to share in a distribution upon dissolution shall vest in the directors.

(c) Reference in this part to a corporation which has no members includes a corporation in which the directors are the only members.

SEC. 16. Section 7313 of the Corporations Code is amended to read:

7313. (a) Except as provided in subdivision (d) of Section 7311, a corporation may, but is not required to, issue membership certificates. Nothing in this section shall restrict a corporation from issuing identity cards or similar devices to members which serve to identify members qualifying to use facilities or services of the

corporation.

(b) Membership certificates issued by corporations shall state on the certificate that:

(1) The corporation is a nonprofit mutual benefit corporation which may not make distributions to its members except upon dissolution, or, if the articles or bylaws so provide, that it may not make distributions to its members during its life or upon dissolution;

(2) If there are restrictions upon the transferability, a statement that a copy of the restrictions are on file with the secretary of the corporation and are open for inspection by a member on the same basis as the records of the corporation; and

(3) The statement, if any, required by subdivision (d) of Section 7311.

(c) If the membership certificates are transferable only with consent of the corporation, or if there are no membership certificates, then instead of complying with paragraph (2) of subdivision (b) the corporation may, or if there are no membership certificates, shall, give notice to the transferee, within a reasonable time after the corporation is first notified of the proposed transfer, and before the membership is transferred on the books and records of the corporation, of the information that would otherwise be provided by the legends required by paragraph (2) of subdivision (b).

(d) If the articles or bylaws are amended so that any statement required by subdivision (b) upon outstanding membership certificates is no longer accurate, then the board may cancel the outstanding certificates and issue in their place new certificates conforming to the articles or bylaw amendments.

(e) Where new membership certificates are issued in accordance with subdivision (d), the board may order holders of outstanding certificates to surrender and exchange them for new certificates within a reasonable time fixed by the board. The board may further provide that the holder of a certificate so ordered to be surrendered shall not be entitled to exercise any of the rights of membership until the certificate is surrendered and exchanged, but rights shall be suspended only after notice of such order is given to the holder of the certificate and only until the certificate is exchanged. The duty of surrender of any outstanding certificates may also be enforced by civil action.

SEC. 17. Section 7512 of the Corporations Code is amended to read:

7512. (a) A majority of the voting power, represented in person or by proxy, shall constitute a quorum at a meeting of members, but, subject to subdivisions (b) and (c), a bylaw may set a different quorum. Any bylaw amendment to increase the quorum may be adopted only by approval of the members (Section 5034). If a quorum is present, the affirmative vote of the majority of the voting power represented at the meeting, entitled to vote, and voting on any matter shall be the act of the members unless the vote of a

greater number or voting by classes is required by this part or the articles or bylaws.

(b) Where a bylaw authorizes a corporation to conduct a meeting with a quorum of less than one-third of the voting power, then the only matters that may be voted upon at any regular meeting actually attended, in person or by proxy, by less than one-third of the voting power are matters notice of the general nature of which was given, pursuant to the first sentence of subdivision (a) of Section 7511.

(c) Subject to subdivision (b), the members present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough members to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the members required to constitute a quorum.

(d) In the absence of a quorum, any meeting of members may be adjourned from time to time by the vote of a majority of the votes represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (c).

SEC. 18. Section 7513 of the Corporations Code is amended to read:

7513. (a) Subject to subdivision (e), and unless prohibited in the articles or bylaws, any action which may be taken at any regular or special meeting of members may be taken without a meeting if the corporation distributes a written ballot to every member entitled to vote on the matter. Such ballot shall set forth the proposed action, provide an opportunity to specify approval or disapproval of any proposal, and provide a reasonable time within which to return the ballot to the corporation.

(b) Approval by written ballot pursuant to this section shall be valid only when the number of votes cast by ballot within the time period specified equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve at a meeting at which the total number of votes cast was the same as the number of votes cast by ballot.

(c) Ballots shall be solicited in a manner consistent with the requirements of subdivision (b) of Section 7511 and Section 7514. All such solicitations shall indicate the number of responses needed to meet the quorum requirement and, with respect to ballots other than for the election of directors, shall state the percentage of approvals necessary to pass the measure submitted. The solicitation must specify the time by which the ballot must be received in order to be counted.

(d) Unless otherwise provided in the articles or bylaws, a written ballot may not be revoked.

(e) Directors may be elected by written ballot under this section, where authorized by the articles or bylaws, except that election by written ballot may not be authorized where the directors are elected by cumulative voting pursuant to Section 7615.

## CHAPTER 1156

An act to add Section 730.5 to the Code of Civil Procedure, to amend Sections 9102, 9103, 9104, 9105, 9302, 9401, 9402, 9403, and 9501 of, and to add Sections 9313 and 11109 to, the Commercial Code, to amend Section 27282 of the Government Code, and to amend Section 11496 of the Insurance Code, relating to legal status.

[Approved by Governor September 27, 1980. Filed with  
Secretary of State September 29, 1980]

*The people of the State of California do enact as follows:*

SECTION 1. Section 730.5 is added to the Code of Civil Procedure, to read:

730.5. Except as otherwise provided by subdivision (4) of Section 9501 of the Commercial Code, none of the provisions of this chapter or of Section 580a, 580b, 580c, or 580d apply to any security interest in fixtures governed by the Commercial Code.

SEC. 2. Section 9102 of the Commercial Code is amended to read:

9102. (1) Except as otherwise provided in Section 9104 on excluded transactions, this division applies

(a) To any transaction (regardless of its form) which is intended to create a security interest in personal property or fixtures including goods, documents, instruments, general intangibles, chattel paper or accounts; and also

(b) To any sale of accounts or chattel paper.

(2) This division applies to security interests created by contract including pledge, assignment, chattel mortgage, chattel trust, trust deed, inventory lien, equipment trust, conditional sale, trust receipt, other lien or title retention contract and lease or consignment intended as security. This division does not apply to statutory liens except as provided in Section 9310.

(3) The application of this division to a security interest in a secured obligation is not affected by the fact that the obligation is itself secured by a transaction or interest to which this division does not apply.

(4) Notwithstanding anything to the contrary in this division, no nonpossessory security interest, other than a purchase money security interest, may be given or taken in or to the inventory of a retail merchant held for sale, except in or to inventory consisting of durable goods having a unit retail value of at least five hundred dollars (\$500) or motor vehicles, house trailers, trailers, semitrailers, farm and construction machinery and repair parts thereof, or aircraft. A cooperative association organized pursuant to Chapter 1 (commencing with Section 54001), Division 20 of the Food and Agricultural Code (agricultural cooperative associations) or Part 3 (commencing with Section 13200), Division 3, Title 1 of the Corporations Code (Fish Marketing Act) is not to be deemed a merchant within the meaning of this subdivision. The phrase "purchase money security interest" as used in this subdivision does not extend to any after-acquired property other than the initial property sold by a secured party or taken by a lender as security as provided in Section 9107. This subdivision does not apply to the inventory of a person whose sales for resale exceeded 75 percent in dollar volume of his total sales of all goods during the 12 months preceding the attachment of the security interest. For the purpose of the preceding sentence, a sale of goods to a contractor, who is required to be licensed, for the purpose of incorporating such goods at any time into improvements or repairs to real property, is a sale

for resale.

SEC. 3. Section 9103 of the Commercial Code is amended to read:

9103. (1) (a) This subdivision applies to documents and instruments and to goods other than those covered by a certificate of title described in subdivision (2), mobile goods described in subdivision (3), and minerals described in subdivision (5).

(b) Except as otherwise provided in this subdivision, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the perfection and the effect of perfection or nonperfection of the security interest from the time it attaches until 30 days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the 30-day period.

(d) When collateral is brought into and kept in this state while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by Chapter 3 of this division to perfect the security interest,

(i) If the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this state, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal;

(ii) If the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter;

(iii) For the purpose of priority over a buyer of consumer goods (subdivision (2) of Section 9307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).

(e) If goods are or become fixtures (Section 9313(1)(a)) in relation to real estate located in this state, the conflicting interest of an encumbrancer or owner of the real estate is governed by Section 9313.

(2) (a) This subdivision applies to goods covered by a certificate of title issued under a statute of this state or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection whether such certificate is designated a "certificate of title," "certificate of ownership," or otherwise.

(b) Except as otherwise provided in this subdivision, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this state and thereafter covered by a certificate of title issued by this state is subject to the rules stated in paragraph (d) of subdivision (1).

(d) If goods are brought into this state while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this state and the certificate does not show that the goods are subject to the security interest or that they may be subject to security interest not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.

(3) (a) This subdivision applies to accounts (other than an account described in subdivision (5) on minerals) and general intangibles and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, roadbuilding and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subdivision (2).

(b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or nonperfection of the security interest.

(c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected by notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of

Puerto Rico.

(d) A debtor shall be deemed located at his place of business if he has one, at his chief executive office if he has more than one place of business, otherwise at his residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.

(e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) The rules stated for goods in subdivision (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subdivision (3) apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

SEC. 4. Section 9104 of the Commercial Code is amended to read:  
9104. This division does not apply

(a) To a security interest subject to any statute of the United States to the extent that such statute governs the rights of parties to and third parties affected by transactions in particular types of property; or

(c) To a lien given by statute or other rule of law for services or materials except as provided in Section 9310 on priority of such liens; or

(d) To a transfer of a claim for wages, salary or other compensation of an employee; or

(e) To a transfer, including creation of a security interest, by a government or governmental subdivision or agency; or

(f) To a sale of accounts or chattel paper as part of a sale of the business out of which they arose, or an assignment of accounts or chattel paper which is for the purpose of collection only, or a transfer of a right to payment under a contract to an assignee who is also to do the performance under the contract or a transfer of a single account to an assignee in whole or partial satisfaction of a preexisting indebtedness; or

(g) To any loan made by an insurance company pursuant to the

provisions of a policy or contract issued by it and upon the sole security of such policy or contract; or

(h) To a right represented by a judgment (other than a judgment taken in a right to payment which was collateral); or

(i) To any right of setoff; or

(j) Except to the extent that provision is made for fixtures in Section 9313, to the creation or transfer of an interest in or lien on real estate, including a lease or rents thereunder and to any interest of a lessor and lessee in any such lease or rents; or

(k) To a transfer in whole or in part of any claim arising out of tort.

(l) To any security interest created by the assignment of the benefits of any public construction contract under the Improvement Act of 1911 (Division 7 (commencing with Section 5000), Streets and Highways Code).

SEC. 5. Section 9105 of the Commercial Code is amended to read:

9105. (1) In this division unless the context otherwise requires:

(a) "Account debtor" means the person who is obligated on an account, chattel paper or general intangible;

(b) "Chattel paper" means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by such a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper;

(c) "Collateral" means the property subject to a security interest, and includes accounts and chattel paper which have been sold;

(d) "Debtor" means the person who owes payment or other performance of the obligation secured, whether or not he owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term "debtor" means the owner of the collateral in any provision of the division dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires;

(e) "Deposit account" means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a negotiable certificate of deposit;

(f) "Document" means document of title as defined in the general definitions of Division 1 (Section 1201), and a receipt of the kind described in subdivision (2) of Section 7201;

(g) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests;

(h) "Goods" includes all things which are movable at the time the security interest attaches or which are fixtures (Section 9313), but does not include money, documents, instruments, accounts, chattel paper, general intangibles or minerals or the like (including oil and

gas) before extraction. "Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals, and growing crops;

(i) "Instrument" means a negotiable instrument (defined in Section 3104), or a security (defined in Section 8102) or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary indorsement or assignment;

(j) "Mortgage" means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like;

(k) An advance is made "pursuant to commitment" if the secured party has bound himself to make it, whether or not a subsequent event of default or other event not within his control has relieved or may relieve him from his obligation;

(l) "Security agreement" means an agreement which creates or provides for a security interest;

(m) "Secured party" means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party.

(n) "Transmitting utility" means any person primarily engaged in the railroad, street railway or trolley bus business, the electric or electronics communications transmission business, the transmission of goods by pipeline, or the transmission or the production and transmission of electricity, steam, gas or water, or the provision of sewer service.

(o) "New value" includes new advances or loans made, or new obligations incurred, or the release of a valid and existing security interest, or the release of a claim to proceeds; but "new value" shall not be construed to include extension or renewals of existing obligations of the debtor, nor obligations substituted for such existing obligations.

(4) In addition Division 1 contains general definitions and principles of construction and interpretation applicable throughout this division.

SEC. 6. Section 9302 of the Commercial Code is amended to read: 9302. (1) A financing statement must be filed to perfect all security interests except the following:

(a) A security interest in collateral in possession of the secured party under Section 9305;

(b) A security interest temporarily perfected in instruments or documents without delivery under Section 9304 or in proceeds for a 10-day period under Section 9306;

(c) A security interest created by an assignment of a beneficial interest in a trust or a decedent's estate;

(d) A purchase money security interest in consumer goods; but filing is required for a motor vehicle or boat required to be registered; and fixture filing is required for priority over conflicting interests in fixtures to the extent provided in Section 9313;

(f) A security interest of a collecting bank (Section 4208) or arising under the division on sales (see Section 9113) or covered in subdivision (3) of this section;

(g) An assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder;

(h) A security interest in a deposit account. Such a security interest is perfected:

(1) As to a deposit account maintained with the secured party when the security agreement is executed;

(2) As to a deposit account not described in subparagraph (1) when notice thereof is given in writing to the organization with whom the deposit account is maintained.

(i) A security interest in or claim in or under any policy of insurance including unearned premiums. Such interest shall be perfected when notice thereof is given in writing to the insurer.

(2) If a secured party assigns a perfected security interest, no filing under this division is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise required by this division is not necessary or effective to perfect a security interest in property subject to:

(a) A statute or treaty of the United States which provides for a

national or international registration or a national or international certificate of title or which specifies a place of filing different from that specified in this division for filing of the security interest; or

(b) The provisions of the Vehicle Code which require registration of a vehicle or boat; but during any period in which collateral is inventory, the filing provisions of this division (Chapter 4) apply to a security interest in that collateral; or

(c) A certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subdivision (2) of Section 9103); or

(d) The provisions of the Health and Safety Code which require registration of all interests in approved air contaminant emission reductions (Sections 40709 to 40713, inclusive, of the Health and Safety Code).

(4) Compliance with a statute or treaty described in subdivision (3) is equivalent to the filing of a financing statement under this division and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in Section 9103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this division.

SEC. 7. Section 9313 is added to the Commercial Code, to read:

9313. (1) In this section and in the provisions of Chapter 4 (commencing with Section 9401) referring to fixture filing, unless the context otherwise requires

(a) Goods are "fixtures" when they become so related to particular real estate that an interest in them arises under real estate law.

(b) A "fixture filing" is the filing in the office where a mortgage on the real estate would be recorded of a financing statement covering goods which are or are to become fixtures and conforming to the requirements of subdivision (5) of Section 9402.

(c) A mortgage is a "construction mortgage" to the extent that it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates.

(2) A security interest under this division may be created in goods which are fixtures or may continue in goods which become fixtures, but no security interest exists under this division in ordinary building materials incorporated into an improvement on land.

(3) This division does not prevent creation of an encumbrance upon fixtures pursuant to real estate law.

(4) A perfected security interest in fixtures has priority over the conflicting interest of an encumbrancer or owner of the real estate where

(a) The security interest is a purchase money security interest, the

interest of the encumbrancer or owner arises before the goods become fixtures, a fixture filing covering the fixtures is filed before the goods become fixtures or within 10 days thereafter, and the debtor has an interest of record in the real estate or is in possession of the real estate; or

(b) A fixture filing covering the fixtures is filed before the interest of the encumbrancer or owner is of record, the security interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the debtor has an interest of record in the real estate or is in possession of the real estate; or

(c) The fixtures are readily removable factory or office machines or readily removable replacements of domestic appliances which are consumer goods; or

(d) The conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the security interest was perfected by any method permitted by this division.

(5) A security interest in fixtures, whether or not perfected, has priority over the conflicting interest of an encumbrancer or owner of the real estate where

(a) The encumbrancer or owner has consented in writing to the security interest or has disclaimed an interest in the goods as fixtures; or

(b) The debtor has a right to remove the goods as against the encumbrancer or owner. If the debtor's right terminates, the priority of the security interest continues for a reasonable time.

(6) Notwithstanding paragraph (a) of subdivision (4) but otherwise subject to subdivisions (4) and (5), a security interest in fixtures is subordinate to a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent that it is given to refinance a construction mortgage, a mortgage has this priority to the same extent as the construction mortgage.

(7) In the cases not within the preceding subdivisions, a security interest in fixtures is subordinate to the conflicting interest of an encumbrancer or owner of the related real estate who is not the debtor.

(8) When the secured party has priority over all owners and encumbrancers of the real estate, he may, on default, subject to the provisions of Chapter 5 (commencing with Section 9501), remove his collateral from the real estate but he must reimburse any encumbrancer or owner of the real estate who is not the debtor and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate security for the performance of this obligation.

SEC. 8. Section 9401 of the Commercial Code is amended to read:

9401. (1) The proper place to file in order to perfect a security

interest is as follows:

(a) When the collateral is consumer goods, then in the office of the county recorder in the county of the debtor's residence or if the debtor is not a resident of this state, then in the office of county recorder of the county in which the goods are kept;

(b) When the collateral is crops growing or to be grown, timber to be cut or is minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, then in the office where a mortgage on the real estate would be recorded.

(c) In all other cases, in the office of the Secretary of State.

(2) A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this division and is also effective with regard to collateral covered by the financing statement against any person who has knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this state continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) The rules stated in Section 9103 determine whether filing is necessary in this state.

(5) Notwithstanding subdivision (1), and subject to subdivision (3) of Section 9302, the proper place to file in order to perfect a security interest in collateral, including fixtures, of a transmitting utility is the office of the Secretary of State. This filing also constitutes a fixture filing (Section 9313) as to the collateral described therein which is or is to become fixtures.

(6) For the purposes of this section, the residence of an organization is its place of business if it has one or its chief executive office if it has more than one place of business.

(7) The proper place to file a financing statement filed as a fixture filing is in the office where a mortgage on the real estate would be recorded.

SEC. 9. Section 9402 of the Commercial Code is amended to read:

9402. (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement should include the debtor's trade name or style, if any, if known to the secured party, but a failure to include such trade name or style shall not under any circumstances affect the validity of the financing statement. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must also contain a description of the real estate concerned. When the

financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, or when the financing statement is filed as a fixture filing (Section 9313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subdivision (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A certified copy of a financing statement or security agreement is sufficient as a financing statement if the original thereof was filed in this state.

(2) A financing statement which otherwise complies with subdivision (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in or as a fixture filing covering:

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) Proceeds under Section 9306, if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral and give the date of filing and the file number of the prior financing statement; or

(c) Collateral as to which the filing has lapsed. Such a financing statement must include a statement to the effect that the prior financing statement has lapsed and give the date of filing and the file number of the prior financing statement; or

(d) Collateral acquired after a change of name, identity or corporate structure of the debtor (subdivision (7)). Such a financing statement must include a statement that the name, identity or corporate structure of the debtor has been changed and give the date of filing and the file number of the prior financing statement and the name of the debtor as shown in the prior financing statement.

(3) A form substantially as follows is sufficient to comply with subdivision (1):

Name of debtor (or assignor) \_\_\_\_\_

Address \_\_\_\_\_

Name of secured party (or assignee) \_\_\_\_\_

Address \_\_\_\_\_

Debtor's trade name or style, if any \_\_\_\_\_

1. This financing statement covers the following types (or items) of property: (Describe) \_\_\_\_\_

2. (If collateral is crops) The above-described crops are growing or are to be grown on: (Describe real estate) \_\_\_\_\_

3. (If applicable) The above goods are or are to become fixtures on\* (Describe real estate) \_\_\_\_\_

and this financing statement is to be recorded in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is \_\_\_\_\_

4. (If products of collateral are claimed) Products of the collateral are also covered.

(Use whichever is applicable)	Signature of debtor (or assignor)
	Signature of secured party (or assignee)

\*Where appropriate substitute either "The above timber is standing on . . ." or "The above mineral or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on . . ."

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party, or by the secured party alone in the case of an amendment pursuant to subdivision (7). An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this division, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subdivision (5) of Section 9103, or a financing statement filed as a fixture filing (Section 9313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be recorded in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if

- (a) The goods are described in the mortgage by item or type; and
- (b) The goods are or are to become fixtures related to the real estate described in the mortgage; and
- (c) The mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records; and
- (d) The mortgage is duly recorded.

No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the

debtor, whether or not it adds other trade names or names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement or an appropriate amendment to the filed financing statement is filed before the acquisition of the collateral by the debtor. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

SEC. 10. Section 9403 of the Commercial Code is amended to read:

9403. (1) Presentation for filing of a financing statement, tender of the filing fee and acceptance of the statement by the filing officer constitutes filing under this division.

(2) Except as provided in subdivision (6), a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of such five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later. Upon such lapse the security interest becomes unperfected unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse. If a fixture filing is effective at the time insolvency proceedings are commenced by or against the debtor, the fixture filing remains effective until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period or termination pursuant to subdivision (6), whichever occurs later. Upon lapse of a fixture filing, it is deemed to have been ineffective as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party of record within six months prior to the expiration of the five-year period specified in subdivision (2). Any such continuation statement must be signed by the secured party of record, identify the original statement by giving the date and the names of the parties thereto and the file number thereof and state that the original statement is continued. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it

lapses in the same manner as provided in subdivision (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. The filing officer may remove a lapsed financing statement and related filings from the files and destroy them immediately if he has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subdivision (6) shall be retained. The filing officer shall not destroy a financing statement and related filings as to which he has received written notice that there is an action pending relative thereto or that insolvency proceedings have been commenced by or against the debtor.

(4) Except as provided in subdivision (7) a filing officer shall mark each financing statement with a consecutive file number and with the date and time of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statement according to the name of the debtor and shall note in the index the file number and the address of the debtor given in this statement. The filing officer shall mark each continuation statement with the date and time of filing and shall index the same under the file number of the original financing statement.

(5) The uniform fee for filing, indexing and furnishing filing data (subdivision (1) of Section 9407) for an original financing statement, an amendment or a continuation statement shall be three dollars (\$3) if the statement is in the standard form prescribed by the Secretary of State and otherwise shall be four dollars (\$4).

(6) If the debtor is a transmitting utility (subdivision (5) of Section 9401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subdivision (6) of Section 9402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) A financing or continuation statement covering collateral described in paragraph (b) of subdivision (1) of Section 9401 or filed as a fixture filing shall be recorded and indexed by the filing officer in the real property index of grantors under the name of the debtor and any owner of record shown on the financing statement. A financing or continuation statement so recorded and indexed and containing a description of real property affected thereby shall constitute constructive notice from the time of its acceptance for recording to any purchaser or encumbrancer of the real property of the security interest in such collateral.

SEC. 11. Section 9501 of the Commercial Code is amended to read:

9501. (1) When a debtor is in default under a security agreement, a secured party has the rights and remedies provided in this chapter and except as limited by subdivision (3) those provided in the security agreement. He may reduce his claim to judgment, foreclose or otherwise enforce the security interest by any available judicial procedure. If the collateral is documents the secured party may proceed either as to the documents or as to the goods covered thereby. A secured party in possession has the rights, remedies and duties provided in Section 9207. The rights and remedies referred to in this subdivision are cumulative.

(2) After default, the debtor has the rights and remedies provided in this chapter, those provided in the security agreement and those provided in Section 9207.

(3) To the extent that they give rights to the debtor and impose duties on the secured party, the rules stated in the subdivisions referred to below may not be waived or varied except as provided with respect to compulsory disposition of collateral (subdivision (3) of Section 9504 and Section 9505) and with respect to redemption of collateral (Section 9506) but the parties may by agreement determine the standards by which the fulfillment of these rights and duties is to be measured if such standards are not manifestly unreasonable:

(a) Subdivision (2) of Section 9502 and subdivision (2) of Section 9504 insofar as they require accounting for surplus proceeds of collateral;

(b) Subdivision (3) of Section 9504 and subdivision (1) of Section 9505 which deal with disposition of collateral;

(c) Subdivision (2) of Section 9505 which deals with acceptance of collateral as discharge of obligation;

(d) Section 9506 which deals with redemption of collateral; and

(e) Subdivision (1) of Section 9507 which deals with the secured party's liability for failure to comply with this chapter.

(4) If the security agreement covers both real property and personal property or fixtures (Section 9313(1)(a)), the secured party may proceed under this chapter as to the personal property or fixtures or he may proceed as to both the real property and the personal property or fixtures in accordance with his rights and remedies in respect of the real property in which case the provisions of this chapter do not apply.

(5) When a secured party has reduced his claim to judgment the lien of any levy which may be made upon his collateral by virtue of any execution based upon the judgment shall relate back to the date of the perfection of the security interest in such collateral. A judicial sale, pursuant to such execution, is a foreclosure of the security interest by judicial procedure within the meaning of this section, and the secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this division.

SEC. 12. Section 11109 is added to the Commercial Code, to read:  
11109. (1) The amendments to this code relating to fixtures adopted by the Legislature at the 1979-1980 Regular Session shall apply to security interests which attach on or after January 1, 1981, in goods which become fixtures on or after January 1, 1981.

(2) If the record of a mortgage of real estate would have been effective as a fixture filing of goods described therein if the amendments to this code relating to fixtures adopted by the Legislature at the 1979-1980 Regular Session had been in effect on the date of recording the mortgage, the mortgage shall be deemed effective as a fixture filing as to such goods under subdivision (6) of Section 9402 as of January 1, 1981.

SEC. 13. Section 27282 of the Government Code is amended to read:

27282. (a) The following documents may be recorded without acknowledgment, certificate of acknowledgment, or further proof:

(1) A judgment affecting the title to or possession of real property, authenticated by the certificate of the clerk of the court in which the judgment was rendered.

(2) A notice of location of mining claim.

(3) Certificates of amounts of taxes, interest and penalties due, notices of state tax liens and extensions thereof executed by the state, county, or city taxing agencies or officials pursuant to Sections 2191.3, 2191.4, 6757, 7872, 8996, 10099, 11495, 16063, 16064, 18881 through 18883, inclusive, 26161 and 30322 of the Revenue and Taxation Code, and releases or subordinations executed pursuant to Sections 2191.4, 6758, 6759, 7873, 8997, 10100, 11496, 14307, 14308, 16066, 16067, 18884, 18885, 26162, 30323 and 30324 of the Revenue and Taxation Code, and Sections 1704 and 1705 of the Unemployment Insurance Code.

(4) Notices of lien for postponed property taxes executed pursuant to Section 16182.

(5) A release, discharge, or subordination of a lien for postponed property taxes as authorized by Chapter 6 (commencing with Section 16180) of Part 1 of Division 4 of Title 2.

(6) A fixture filing as defined by paragraph (b) of subdivision (1) of Section 9313 of the Commercial Code.

(b) Any document described in this section, from the time it is filed with the recorder for record, is constructive notice of the contents thereof to subsequent purchasers and mortgagees.

SEC. 14. Section 11496 of the Insurance Code, as amended by Assembly Bill 3343 of the 1979-80 Regular Legislative Session, is amended to read:

11496. Persons desiring to form a nonprofit hospital service corporation shall incorporate pursuant to the provisions of this chapter and the Nonprofit Hospital Service Plan Law (Article 4 (commencing with Section 10840) of Part 11 of Division 2 of Title 1 of the Corporations Code) and the provisions of the Nonprofit Public Benefit Corporation Law (Part 2 (commencing with Section 5110)

of Division 2 of Title 1 of the Corporations Code), or the Nonprofit Mutual Benefit Corporation Law (Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code), so far as the provisions of the Nonprofit Corporation Law are applicable and not inconsistent with this chapter.

SEC. 15. Section 14 of this act shall only take effect if AB 3343 is also chaptered and this bill is chaptered last.

## CHAPTER 1157

An act to amend Section 39363.5 of, and to repeal and add Section 39369.5 of, the Education Code, relating to school property.

[Approved by Governor September 27, 1980 Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 39363.5 of the Education Code is amended to read:

39363.5. Except as provided for in Article 2 (commencing with Section 39030) of Chapter 1 of this part, the sale, or lease with an option to purchase, of real property by a school district shall be in accordance with the following priorities and procedures.

(a) First, the property shall be offered for park or recreational purposes pursuant to Article 8 (commencing with Section 54220) of Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, in any instance in which such article is applicable.

(b) Second, the property shall be offered for sale or lease with an option to purchase, at fair market value in both of the following ways:

(1) In writing, to the Director of General Services, the Regents of the University of California, the Trustees of the California State University and Colleges, the county and city in which the property is situated, and to any public housing authority in the county in which the property is situated.

(2) By public notice to any public district, public authority, public agency, public corporation, or any other political subdivision in this state, to the federal government, and to nonprofit public benefit corporations organized for charitable purposes which are subject to Part 2 (commencing with Section 5110), or Part 7 (commencing with Section 10200), of Division 2 of Title 1 of the Corporations Code. Public notice shall consist of at least publishing its intention to dispose of the real property in a newspaper of general circulation within the district, or if there is no such newspaper, then in any newspaper of general circulation that is regularly circulated in the district. The notice shall specify that the property is being made available to all public districts, public authorities, public agencies, and other political subdivisions or public corporations in this state,

and to other nonprofit charitable or nonprofit public benefit corporations.

Publication of notice pursuant to this section shall be once each week for three successive weeks. Three publications in a newspaper regularly published once a week or more often, with at least five days intervening between the respective publication dates not counting such publication dates, are sufficient. The written notice required by paragraph (1) of this subdivision shall be mailed no later than the date of the second published notice.

The entity desiring to purchase or lease the property shall, within 60 days after the third publication of notice, notify the school district of its intent to purchase or lease the property. If the entity desiring to purchase or lease the property and the district are unable to arrive at a mutually satisfactory price or lease payment during the 60-day period, the property may be disposed of as otherwise provided in this section. In the event the district receives offers from more than one entity pursuant to this subdivision, the school district governing board may determine which of such offers to accept.

(c) Third, the property may be disposed of in any other manner authorized by law.

SEC. 1.5. Section 39363.5 of the Education Code is amended to read:

39363.5. Except as provided for in Article 2 (commencing with Section 39030) of Chapter 1 of this part, the sale or lease with an option to purchase of real property by a school district shall be in accordance with the following priorities and procedures.

(a) First, the property shall be offered for park or recreational purposes pursuant to Article 8 (commencing with Section 54220) of Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, in any instance in which such article is applicable.

(b) Second, the property shall be offered for sale or lease with an option to purchase, at fair market value in both of the following ways:

(1) In writing, to the Director of General Services, the Regents of the University of California, the Trustees of the California State University and Colleges, the county and city in which the property is situated, and to any public housing authority in the county in which the property is situated.

(2) By public notice to any public district, public authority, public agency, public corporation, or any other political subdivision in this state, to the federal government, and to nonprofit charitable corporations existing on December 31, 1979, and organized pursuant to Part 3 (commencing with Section 10200) of Division 2 of Title 1 of the Corporations Code then in effect or organized on or after January 1, 1980, as a public benefit corporation under Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code. Public notice shall consist of at least publishing its intention to dispose of the real property in a newspaper of general circulation within the district, or if there is no such newspaper, then in any newspaper of general circulation that is regularly circulated

in the district. The notice shall specify that the property is being made available to all public districts, public authorities, public agencies, and other political subdivisions or public corporations in this state, and to other nonprofit charitable or nonprofit public benefit corporations.

Publication of notice pursuant to this section shall be once each week for three successive weeks. Three publications in a newspaper regularly published once a week or more often, with at least five days intervening between the respective publication dates not counting such publication dates, are sufficient. The written notice required by paragraph (1) of this subdivision shall be mailed no later than the date of the second published notice.

The entity desiring to purchase or lease the property shall, within 60 days after the third publication of notice, notify the school district of its intent to purchase or lease the property. If the entity desiring to purchase or lease the property and the district are unable to arrive at a mutually satisfactory price or lease payment during the 60-day period, the property may be disposed of as otherwise provided in this section. In the event the district receives offers from more than one entity pursuant to this subdivision, the school district governing board may determine which of such offers to accept.

(c) Third, the property may be disposed of in any other manner authorized by law.

SEC. 2. Section 39369.5 of the Education Code is repealed.

SEC. 3. Section 39369.5 is added to the Education Code, to read:

39369.5. (a) The governing board of a school district that intends to sell real property pursuant to this article shall take reasonable steps to ensure that the former owner from whom the district acquired the property receives notice of the public meeting prescribed by Section 39366, in writing, by certified mail, at least 60 days prior to the meeting.

(b) The governing board of a school district shall not be required to accord the former owner the right to purchase the property at the tentatively accepted highest bid price nor to offer to sell the property to the former owner at the tentatively accepted highest bid price.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 5. Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms and current status of any order issued pursuant to subdivision (a) to any law enforcement officer responding to the scene of reported domestic violence.

effectuate orders under paragraph (1) or (2). In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be granted, on the earliest day that the business of the court will permit, but not later than 15 days or, if good cause appears to the court, 20 days from the date the temporary restraining order is granted. The court may on motion of the plaintiff or on its own motion shorten the time for service on the defendant of the order to show cause.

(b) The court may issue upon notice and a hearing any of the orders set forth in subdivision (a). Any restraining order granted pursuant to this subdivision shall remain in effect, in the discretion of the court, not to exceed 90 days, unless otherwise terminated by the court, extended by mutual consent of the parties or extended by further order of the court on the motion of any party. Any extension by mutual consent of the parties shall not exceed one year.

(c) Any order issued pursuant to subdivision (a) or (b) shall state on its face the date of expiration of the order.

(d) The court shall order the party who obtained the order or the attorney for the party to deliver or the clerk to mail a copy of any order, or extension, modification or termination thereof, granted pursuant to subdivision (a) or (b), by the close of the business day on which the order, extension, modification, or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the party or the attorney for the party, having jurisdiction over the residence of the party who has care, custody and control of the minor child and such other locations where the court determines that acts of domestic violence against the party and the minor child are likely to occur. Any willful and knowing violation of any such order shall be a misdemeanor punishable under Section 273.6 of the Penal Code.

SEC. 5. Section 527.6 of the Code of Civil Procedure is amended

to read:

527.6. (a) A person who has suffered harassment as defined in subdivision (b) may seek a temporary restraining order, and an injunction prohibiting harassment as provided in this section.

(b) For the purposes of this section, "harassment" is a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys or harasses the person, and which serves no legitimate purpose. The course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the plaintiff. "Course of conduct" is a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of "course of conduct."

(c) Upon filing a petition for an injunction under this section, the plaintiff may obtain a temporary restraining order in accordance with the provisions of subdivision (a) of Section 527 of the Code of Civil Procedure. A temporary restraining order may be granted with or without notice upon an affidavit which, to the satisfaction of the court, shows reasonable proof of harassment of the plaintiff by the defendant, and that great or irreparable harm would result to the plaintiff. A temporary restraining order granted under this section shall remain in effect, at the court's discretion, for a period not to exceed 15 days, unless otherwise modified or terminated by the court.

(d) Within 15 days of the filing of the petition, a hearing shall be held on the petition for the injunction. The defendant may file a response which explains, excuses, justifies or denies the alleged harassment. At the hearing, the judge shall receive such testimony as is relevant, and may make an independent inquiry. If the judge finds by clear and convincing evidence that unlawful harassment exists, an injunction shall issue prohibiting the harassment. An injunction issued pursuant to this section shall have a duration of not more than three years. At any time within the three months before the expiration of the injunction, the plaintiff may apply for a renewal of the injunction by filing a new petition for an injunction under this section.

(e) Nothing in this section shall preclude either party from representation by private counsel or from appearing on his or her own behalf.

(f) Upon filing of a petition for an injunction under this section, the defendant shall be personally served with a copy of the petition, temporary restraining order, if any, and notice of hearing of the petition.

(g) The court shall order the plaintiff or the attorney for the plaintiff to deliver or the clerk to mail a copy of each temporary restraining order or injunction or modification or termination thereof, granted under this section, by the close of the business day on which the order was granted, to the law enforcement agencies

within the court's discretion as are requested by the plaintiff. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported harassment.

(h) The prevailing party in any action brought under this section may be awarded court costs and attorney's fees, if any.

(i) Any willful disobedience of any temporary restraining order or injunction granted under this section shall be a misdemeanor pursuant to Section 166 of the Penal Code.

(j) This section shall not apply to any action covered by Section 4359 or 7020 of the Civil Code, or by Chapter 4 (commencing with Section 540) of this title, or by Title 1.6C (commencing with Section 1788) of the Civil Code. Nothing in this section shall preclude a plaintiff's right to utilize other existing civil remedies.

(k) The Judicial Council shall promulgate forms and instructions therefor, rules for service of process, scheduling of hearings, and any other matters required by this section. The petition and response forms shall be simple and concise.

SEC. 6. Section 542 of the Code of Civil Procedure is amended to read:

542. As used in this chapter, the following words have the following meanings:

SEC. 7. Section 546 of the Code of Civil Procedure is amended to read:

546. The court may issue ex parte any of the orders set forth in subdivision (a) of Section 4359 of the Civil Code, or in the case of a nonmarital relationship between the plaintiff and the defendant any of the orders set forth in paragraphs (2), (3) and (6) of subdivision (a) of Section 4359 of the Civil Code and where there is a minor child of the plaintiff and the defendant an order determining the temporary custody of the child. In the case in which a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be granted, on the earliest day that the business of the court will permit, but not later than 15 days or, if good cause appears to the court, 20 days from the date the temporary restraining order is granted. The court may on motion of the plaintiff or on its own

motion shorten the time for service on the defendant of the order to show cause.

The court may issue an ex parte order pursuant to this article, excluding one party from a residence or dwelling only when the affidavit in support of an application for the order affirmatively shows facts sufficient for the court to ascertain that the plaintiff has a right under color of law to possession of the premises.

SEC. 8. Section 547 of the Code of Civil Procedure is amended to read:

547. The court may issue upon notice and a hearing, any of the following orders:

(b) Where there exists a presumption that the defendant is the natural father of any minor child, pursuant to Section 7004 of the Civil Code, and the child is in the custody of the plaintiff, the court may order a party to pay any amount necessary for the support and maintenance of the child if such an order would otherwise be authorized in an action brought pursuant to Part 7 of Division 4 (commencing with Section 7000) of the Civil Code; provided, that any order pursuant to this subdivision shall be without prejudice in any such action.

(c) An order that restitution be paid to the family or household member for loss of earnings and out-of-pocket expenses, including, but not limited to, expenses for medical care and temporary housing, incurred as a direct result of the abuse or any actual physical injuries sustained therefrom, or an order that restitution be paid by plaintiff for out-of-pocket expenses incurred by a party as a result of any order issued ex parte which is found by the court to have been issued upon facts shown at a noticed hearing to be insufficient to support the order.

(d) An order requiring any party to participate in counseling where the parties so stipulate or where it is shown that the parties intend to continue to reside in the same household or have continued to reside in the same household after previous instances of domestic violence.

(e) An order for the payment of attorneys' fees and costs of the prevailing party.

SEC. 9. Section 550 of the Code of Civil Procedure is amended to read:

550. The court shall order the plaintiff or the attorney for the plaintiff to deliver or the county clerk to mail a copy of any order, or extension, modification or termination thereof granted pursuant to this chapter, by the close of the business day on which the order,

extension, modification or termination was granted, and any subsequent proof of service thereof, to each local law enforcement agency designated by the plaintiff or the attorney for the plaintiff, having jurisdiction over the residence of the plaintiff and such other locations where the court determines that acts of domestic violence against the plaintiff are likely to occur. Each appropriate law enforcement agency shall make available through an existing system for verification, information as to the existence, terms and current status of any order issued pursuant to this chapter to any law enforcement officer responding to the scene of reported domestic violence.

SEC. 10. Section 1000.6 of the Penal Code is amended to read:

1000.6. (a) Upon the determination of the judge presiding, this chapter shall apply whenever a case is before the court upon an accusatory pleading for an act of domestic violence which is charged as, or reduced to, a misdemeanor and all of the following apply to the defendant:

(1) The defendant has no conviction for any offense involving violence within seven years prior to the alleged commission of the charged divertible offense.

(2) The defendant's record does not indicate that probation or parole has ever been revoked without thereafter being completed.

(3) The defendant has not been diverted pursuant to this chapter within five years prior to the charged divertible offense.

Notwithstanding the foregoing, the provisions of this chapter are not applicable to a person who is charged with a violation of subdivision (a) of Section 245, Section 273.5, as added by Chapter 912 of the Statutes of 1977.

(b) The prosecuting attorney shall, and the defense attorney may, review his or her file to determine whether or not paragraphs (1) to (3), inclusive, of subdivision (a) are applicable to the defendant. If the defendant is found eligible, the prosecuting attorney shall notify the court, the defendant, and the defense attorney, and the defense attorney may move that the defendant be diverted pursuant to this chapter. If the defendant is found by the prosecuting attorney to be ineligible for diversion, the prosecuting attorney shall file with the court a declaration in writing or state for the record the grounds upon which the determination is based, and shall make this information available to the defendant and his or her attorney.

(c) No admission of guilt shall be required of a defendant in order for this chapter to be applicable.

(d) As used in this chapter "domestic violence" means intentionally or recklessly causing or attempting to cause bodily injury to a family or household member or placing a family or household member in reasonable apprehension of imminent serious bodily injury to himself or herself or another.

(e) As used in this chapter "family or household member" means a spouse, former spouse, parent, any other person related by consanguinity, or any person who regularly resides or who within the

previous six months regularly resided in the household. "Family or household member" does not include a child.

SEC. 11. Section 1000.7 of the Penal Code is amended to read:

1000.7. (a) If the prosecuting attorney determines that this chapter may be applicable to the defendant, he or she shall advise the defendant and his or her attorney in writing of such determination. This notification shall include:

(1) A full description of the procedures of diversionary investigation.

(2) A general explanation of the roles and authorities of the court, the prosecuting attorney, the probation department, and the community program in the diversion process.

(3) A clear statement that the court may decide in a hearing not to divert such person and that he or she may have to stand trial for the alleged offense.

(4) A clear statement that, for the period of diversion, the divertee may be enjoined from contacting, and shall be enjoined from annoying, molesting, attacking, striking, threatening, harrasing, sexually assaulting, battering, or disturbing the peace of, the victim.

(5) A clear statement that should such person fail in meeting the terms of his or her diversion, or should he or she be convicted of any offense involving violence, he or she may be required, after a court hearing, to stand trial for the original alleged offense.

(6) An explanation of criminal record retention and disposition resulting from participation in the diversion and the divertee's rights relative to answering questions about his or her arrest and diversion following successful completion of the diversion program.

(b) If the defendant consents and waives his or her right to a speedy trial the court shall refer the case to the probation department. The probation department shall make an investigation and take into consideration the defendant's age, employment and service records, educational background, community and family ties, prior incidents of violence, treatment history, if any, demonstrable motivation, and other mitigating factors in determining whether the defendant is a person who would be benefited by education, treatment, or rehabilitation. The probation department shall also determine which community programs the defendant would benefit from and which of those programs would accept the defendant. The probation department shall report its findings and recommendation to the court.

SEC. 12. Section 1000.8 of the Penal Code is amended to read:

1000.8. (a) The court shall hold a hearing and, after consideration of the probation department's report and any other information considered by the court to be relevant to its decision, shall determine if the defendant consents to further proceedings under this chapter and waives his or her right to a speedy trial and if the defendant should be diverted and referred for counseling. The court, in determining the defendant's eligibility for diversion, shall

consider the nature and extent of the injury inflicted upon the victim, any prior incidents of domestic violence by the defendant, and any factors which would adversely influence the likelihood of successful completion of the diversion program. If the court does not deem the defendant a person who would be benefited by diversion, or if the defendant does not consent to participate, the proceedings shall continue as in any other case. If the court orders a defendant to be diverted, the court shall make inquiry into the financial condition of the defendant and upon a finding that the defendant is able in whole or part to pay the expense of such counseling the court may order him or her to pay for all or part of such expense.

(b) At such time that the defendant's case is diverted, any bail bond or undertaking, or deposit in lieu thereof, on file by or on behalf of him or her shall be exonerated, and the court shall enter an order so directing.

(c) The period during which further criminal proceedings against a person may be diverted pursuant to this chapter shall be for no less than six months nor longer than two years.

The court shall set forth in writing or state on the record its reason for granting or denying diversion. The court's decision in such matter shall be final and shall not constitute an appealable order.

SEC. 13. Section 1000.9 of the Penal Code is amended to read:

1000.9. If it appears to the prosecuting attorney, the court, or the probation department that the divertee is performing unsatisfactorily in the assigned program, or that the divertee is not benefiting from counseling, or that he or she is convicted of any offense involving violence, after notice to the divertee, and upon request of the probation officer or on its own motion, the court shall hold a hearing to determine whether the criminal proceedings should be reinstated. If the court finds that the divertee is not performing satisfactorily in the assigned program, or that the divertee is not benefiting from diversion, or the court finds that the divertee has been convicted of a crime as indicated above, the criminal case shall be referred back to the court for resumption of the criminal proceedings. If the divertee has performed satisfactorily during the period of diversion, at the end of the period of diversion, the criminal charges shall be dismissed.

The release of such factual information to the member of the county board of supervisors shall be for the sole purpose of ensuring that appropriate administrative action has been taken with regard to the inquiry or complaint and in no event shall such information be released to any person except as provided by law. No names obtained through such access to such records or applications as provided in this section shall be used for any commercial or political purposes.

However, this section shall not prohibit the furnishing of such information to other public agencies to the extent required for verifying eligibility or for other purposes directly connected with the administration of public social services, or to county superintendents of schools or superintendents of school districts only as necessary for the administration of federally assisted programs providing assistance in cash or in-kind or services directly to individuals on the

Furthermore, this act does not create any present or future obligation to reimburse any local agency or school district for any costs incurred because of this act.

(f) An inspector who inspects pursuant to this section shall make

a reasonable effort to inform the owner or his authorized representative of such inspection and shall provide split samples to the owner or representative upon request and shall comply with the provisions of subdivision (b) of Section 25185.

SEC. 6. Section 25196 is added to the Health and Safety Code, to read:

SEC. 7. Article 11 (commencing with Section 25220) is added to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

#### Article 11. Hazardous Waste Disposal Land Use

25220. (a) Whenever there is reasonable cause for the department to believe that any land is a hazardous waste property, the department may, by certified mail, request any person who owns, leases, or occupies such land or any other person who has information relating to such land, to provide any or all of the following information:

- (1) A description of the present use of the land.
- (2) The types and volumes of hazardous waste or extremely hazardous waste contained therein or thereon.
- (3) The date or dates such hazardous waste or extremely hazardous waste was deposited into or onto the land.
- (4) A map or maps of the property which they own and which contains or overlies hazardous waste or extremely hazardous waste, drawn to a scale of not more than 200 feet to the inch, which shows the area or areas where such hazardous waste or extremely hazardous waste is contained or was deposited. The provision of a map pursuant to this subdivision shall not be required if the respondent to the request asserts in writing that he has no knowledge or insufficient knowledge of the existence or location of such wastes to comply with this subdivision.

(b) Any person who is requested to provide information pursuant to subdivision (a) of this section shall submit such information to the department within 90 calendar days of receipt of the request.

25221. (a) Any person as owner, lessor, or lessee who (1) knows or has probable cause to believe that a significant disposal of hazardous waste has occurred on, under, or into the land which he owns or leases or that the land is within 2,000 feet of a significant disposal of hazardous waste; and (2) intends to construct or allow the construction on such land of a building or structure to be used for a purpose which is described in subdivision (b) of Section 25232 within the next calendar year; shall apply to the department prior to such construction for a determination as to whether the land should be

designated a hazardous waste property or a border zone property pursuant to Section 25229.

(b) Any person who, as owner, lessor, or lessee knows or has probable cause to believe that land which he owns or leases is a hazardous waste property or a border zone property, may apply to the department for a determination whether the land should be designated a hazardous waste property or a border zone property pursuant to Section 25229.

(c) If a city or county knows or has probable cause to believe that any land within its jurisdiction is a hazardous waste property or a border zone property, the city or county may apply to the department for a determination whether that land should be designated a hazardous waste property or a border zone property pursuant to Section 25229.

(d) Subdivisions (a), (b), and (c) shall not be applicable to any land on which a determination has previously been made pursuant to Section 25229 or which is a hazardous waste property as defined in paragraph (1) of subdivision (a) of Section 25117.3, unless either of the following has occurred since such determination:

(1) A significant new disposal of hazardous waste has occurred on, under, or into the land.

(2) Significant new information about past disposal of hazardous waste on, or within 2,000 feet of, the land becomes known to the owner, lessor, or lessee of such land.

25222. (a) Whenever the department considers designating land as a hazardous waste property or a border zone property, it shall issue and cause to be served upon the owner of the land and the legislative body of the city or county in whose jurisdiction the land is located a notice of a hearing. The notice shall contain (1) a statement that the land is under consideration for designation as a hazardous waste property or a border zone property; (2) a summary of the reasons for such designation and what significant existing or potential health hazards are believed to exist; and (3) notice of the time, date, and place of the hearing, and any policy regarding continuance of the hearing.

(b) The department shall exercise its authority under Section 25202.5 with regard to hazardous waste property as defined in paragraph (1) of subdivision (a) of Section 25117.3 to protect the present and future public health and safety from hazardous waste instead of utilizing the provisions of this article.

25223. Public notice of the hearing shall also be provided by the department at least 15 days before the hearing. Such notice shall be given by publication once in a newspaper of general circulation published and circulated in the locale, or if there is none, by posting the notice in at least three public places in the locale.

25224. The hearing shall be held before the director, or any agent or agency designated by the director for such purpose, not less than 30 days after the serving of the notice. The hearing shall be commenced within 90 days of the serving of the notice. The

department may delay the hearing upon request of any interested person.

25225. The department may consolidate into a single hearing those hearings which affect a hazardous waste property and any associated border zone property. Notice of such consolidation shall occur as soon as practicable, but not less than 15 days before the hearing.

25226. The persons served shall have the right to file a response to the notice and to appear in person or otherwise and give testimony at the place and time fixed in the notice. At the discretion of the director, agent, or agency conducting the hearing, any interested person may be allowed to intervene in the proceeding and to present testimony. Any such proceeding shall, so far as practicable, be conducted pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. All proceedings shall be appropriately reported, and the testimony taken shall be reduced to writing and filed with the director. Thereafter, at his or her discretion, the director, upon notice, may take further testimony or hear argument.

25227. Discovery for a hearing held pursuant to this article shall be conducted as provided in Sections 11507.6, 11507.7, 11510, and 11511 of the Government Code.

25228. (a) With regard to designating land as a hazardous waste property, the department shall have the burden of proving that hazardous waste has been deposited on, under, or in the land and that the hazardous waste creates a significant existing or potential hazard to present or future public health or safety on the hazardous waste property.

(b) With regard to designating land as a border zone property, the department shall have the burden of proving that hazardous waste has been deposited within 2,000 feet of the land and that the hazardous waste creates a significant existing or potential hazard to present or future public health or safety on the border zone property.

25229. (a) If, upon the preponderance of the testimony taken, including any evidence developed at any time prior to the hearing, the director is of the opinion that the land should be designated a hazardous waste property or a border zone property, the director shall issue and cause to be served on the owner of the land, the legislative body of the city or county in whose jurisdiction the land is located, and upon any other persons who were permitted to intervene in the proceedings, his or her decision and findings of fact. The findings of fact shall include reasons for such designation, including what substances are on, under, or in the land, and the significant existing or potential hazards to present or future public health and safety.

(b) If the director is of the opinion that the land should not be designated a hazardous waste property or border zone property, the director shall issue and cause to be served on the parties mentioned

in subdivision (a) his or her decision and findings of fact.

25230. Upon designation of land as hazardous waste property or border zone property pursuant to Section 25229, the director shall issue and cause to be served on the owner of the property and shall give notice to the legislative body of the city or county in whose jurisdiction the land is located and any other persons who were permitted to intervene in the proceeding, orders requiring all of the following:

(a) The execution and recordation of a written instrument which imposes an easement upon the present and future uses of all or part of the land which has been designated a hazardous waste property or a border zone property. Such easement shall permit the department or its representatives to enter the land, subject to Section 25185 or 25185.5, to monitor problems regarding hazardous wastes. The easement shall be executed by all the owners of such land and by the director, shall particularly describe the real property affected by the instrument, and, if applicable, the location of the easement on the real property. The easement shall be recorded with the recorder of the county in which the land is located within 10 days of the date of execution and shall be indexed by the county recorder in the grantor index in the name of the record title owner of the real property and in the grantee index in the name of the department. The easement shall state that the land described in the instrument is subject to a hazardous waste easement. Notwithstanding any other provision of law, an easement executed pursuant to this section shall run with the land from the date of recordation and shall be binding upon all of the owners of the land, their heirs, successors, and assignees, and the agents, employees, or lessees of such owners, heirs, successors, and assignees. The easement shall be enforceable by the department pursuant to Article 8 (commencing with Section 25180). Notwithstanding any other provision of law, any easement held by the department shall not be sold or otherwise transferred to another person.

(b) The execution and service of a written instrument to accompany all lease or rental agreements relating to the land which has been designated a hazardous waste property or a border zone property. The instrument shall be prepared by the owner or lessor of the land and shall contain the following statement:

"The land described herein contains hazardous waste or is within 2,000 feet of land that contains hazardous waste. Such condition renders the land and the owner, lessee, or other possessor of the land subject to requirements, restrictions, provisions, and liabilities contained in Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. This statement is not a declaration that a hazard exists."

25231. A decision of the director made after a hearing pursuant to Section 25229 shall be reviewable pursuant to Section 1094.5 of the Code of Civil Procedure.

25232. (a) Except as provided in subdivision (c) of this section,

after the director has provided notice in compliance with Section 25222 and a hearing or decision regarding specific land is pending, or after a hearing has been conducted and a decision has been made pursuant to Section 25229 that land is a hazardous waste property, then none of the following shall occur on the land without a specific variance approved in writing by the department for the land use and land in question:

(1) Any new use of the land, other than the use, modification, or expansion of an existing industrial or manufacturing facility or complex on land which is owned by, or held for the beneficial use of, such facility or complex as of January 1, 1981, and which is a hazardous waste property as defined in Section 25117.3.

(2) Subdivision of such land, as that term is used in Division 2 (commencing with Section 66410) of Title 7 of the Government Code, except that this paragraph shall not prevent the division of a parcel of land so as to divide that portion of the parcel which is designated a hazardous waste property from other portions of such parcel not so designated.

(b) Except as provided in subdivision (c) of this section, after the director has provided notice in compliance with Section 25222 and a hearing or decision regarding specific land is pending, or after a hearing has been conducted and a decision has been made pursuant to Section 25229 that land is a border zone property, then none of the following shall occur on the land without a specific variance approved in writing by the department for the land use and land in question:

(1) Construction or placement of a building or structure on the land which is intended for use as any of the following, or the new use of an existing structure for the purpose of serving as any of the following:

(A) A residence, including any mobilehome or factory built housing constructed or installed for use as permanently occupied human habitation.

(B) A hospital for humans.

(C) A school for persons under 21 years of age.

(D) A day care center for children.

(E) Any permanently occupied human habitation other than those used for industrial purposes.

(2) Subdivision of such land, as that term is used in Division 2 (commencing with Section 66410) of Title 7 of the Government Code, except that this paragraph shall not prevent the division of a parcel of land so as to divide that portion of the parcel which is designated a border zone property from other portions of such parcel not so designated.

(c) This section shall not apply to a portion of a parcel of land which is determined by the director to meet all of the following requirements:

(1) The parcel has been previously classified as a class II-1 disposal site as defined in Section 2510 or 2511 of Title 23 of the California

Administrative Code.

(2) The portion of the parcel is physically isolated from the remainder of the classified parcel by the construction of a freeway, as defined in Section 332 of the the Vehicle Code, which divides the classified parcel.

(3) The portion of the parcel has not been used as a hazardous waste disposal site.

(4) The portion of the parcel does not contain or overlie hazardous waste.

25233. (a) Any aggrieved person may apply to the department for a written variance from the requirements set forth in subdivision (a) or (b) of Section 25232. Any application shall contain sufficient evidence for the department to issue a notice for a hearing. The notice shall contain (1) a statement that a hearing is pending on the land or that the land has been designated a hazardous waste property or a border zone property and (2) a statement of who is applying for a variance, the proposed variance, and a statement of the reasons in support of the granting of a variance. The procedures for the conducting of this hearing shall be those set forth in this article. No person shall make a subsequent application pursuant to this section within 18 months of a final decision on an application by the department.

(b) The applicant shall have the burden of proving at the hearing that such variance will not cause or allow any of the following effects associated with hazardous waste or extremely hazardous waste:

(1) The creation or increase of significant present or future hazards to public health.

(2) Any significant diminution of the ability to mitigate any significant potential or actual hazard to public health.

(3) Any long-term increase in the number of humans or animals exposed to significant hazards which affect the health, well-being, or safety of the public.

(c) If, upon the preponderance of the testimony taken, the director is of the opinion that the variance should be granted, the director shall issue and cause to be served his or her decision and findings of fact on the owner of the land, the legislative body of the city or county in whose jurisdiction the land is located, and upon any other persons who were permitted to intervene in the proceedings. The findings of fact shall include the exact nature of the proposed variance and the reasons in support of the granting of the variance.

(d) If the director is of the opinion that the variance should not be granted, the director shall issue and cause to be served his or her findings of fact in support of the denial on the parties mentioned in subdivision (c).

(e) The department shall record within 10 days any final determination made pursuant to this section as provided in Section 25235.

(f) A decision of the director made after a hearing held pursuant to this section shall be reviewable pursuant to Section 1094.5 of the

Code of Civil Procedure and shall be upheld if the court finds that it is supported by substantial evidence.

25234. (a) Any aggrieved person may apply to the department to remove a designation that land is a hazardous waste property or a border zone property on the grounds that the waste no longer creates a significant existing or potential hazard to present or future public health or safety. No person shall make a subsequent application pursuant to this section within 12 months of a final decision on an application by the department. Any application shall contain sufficient evidence for the department to make a finding upon any or all of the following grounds:

(1) The hazardous waste which caused the land to be designated has since been removed or altered in a manner which precludes any significant existing or potential hazard to present or future public health.

(2) New scientific evidence is available since the designation of the land or the making of any previous application pursuant to this section, concerning either of the following:

(A) The nature of the hazardous waste which caused the land to be designated.

(B) The geology or other physical environmental characteristics of the designated land.

(b) Any aggrieved person may appeal a decision of the department made pursuant to subdivision (a) by submitting a request for a hearing to the director. The request shall be mailed by certified mail not later than 30 days after the date of the mailing of the department's decision on the application.

(c) Upon receipt of a timely appeal, the director shall give notice of a hearing pursuant to the procedures set forth in this article.

(d) The department shall record within 10 days any new and final determination made pursuant to this section as provided in Section 25235.

(e) A decision made by the department after a hearing held pursuant to this section shall be reviewable pursuant to Section 1094.5 of the Code of Civil Procedure and shall be upheld if the court finds that it is supported by substantial evidence.

(f) Whenever there is a final decision pursuant to this section removing the designation of a hazardous waste property or a border zone property, the easement on such land created by Section 25230 shall automatically terminate. The department shall record or cause to be recorded within 10 days a termination of the easement which shall particularly describe the real property subject to the easement and which shall be indexed by the recorder in the grantor index in the name of the department and in the grantee index in the name of the record title owner of the real property subject to the easement.

25235. The department shall record within 10 days any final determination made pursuant to Section 25229 with the county recorder of the county in which the property is located. Any recordation made pursuant to this article or Section 25202.5 shall

include the street address, assessor's parcel number, or legal description of each parcel affected and the name of the owner thereof, and the recordation shall be recorded by the recorder in the grantor index in the name of the record title owner of the real property and in the grantee index in the name of the department.

25236. (a) Prior to, or simultaneously with, utilizing the provisions of this article, the department shall diligently pursue feasible civil and criminal actions against any operator or other responsible party who violates the provisions of this chapter and the regulations promulgated thereunder. However, nothing in this chapter shall be construed as restricting or diminishing any remedy provided by law to the owner or possessor of any land which is affected by hazardous waste on or near such land against any person who produced such waste or against any other person who was responsible for the condition affecting the property.

(b) A determination by the department pursuant to Section 25229 shall constitute a land use restriction. Except as specifically provided in this chapter, nothing in this chapter shall diminish or limit the authority of any city or county to approve or disapprove proposed land uses. Nothing in this chapter shall be construed to require a local government to permit a particular land use, including but not limited to, commercial, industrial, agricultural, or other nonresidential use, on land which has been designated hazardous waste property or border zone property pursuant to Section 25229.

25237. If any provision of this article or the application thereof to any person or circumstance is held invalid, such holding shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end, the provisions of the article are severable.

25238. (a) Except as provided in subdivision (b) of this section, no person shall dispose of any hazardous waste or extremely hazardous waste into or onto any land or any portion of land which is within 2,000 feet of an existing land use described in paragraph (1) of subdivision (b) of Section 25232 as of August 6, 1980.

(b) This section shall not apply to any hazardous waste property as defined in paragraph (1) subdivision (a) of Section 25117.3 which was actually and lawfully disposing of hazardous waste on August 6, 1980, unless such disposal is prohibited pursuant to Section 25202.5 or any other provision of law.

(c) It is the intent of the Legislature in enacting this section to require that any hazardous waste disposal site which opens or reopens after August 6, 1980, shall have a minimum buffer zone of 2,000 feet between the actual location where hazardous wastes are disposed and any existing uses as of August 6, 1980, which are described in paragraph (1) of subdivision (b) of Section 25232.

25239. All costs associated with the administration of this article by the department, including, but not limited to, costs incurred to implement Section 25156 and 25220, shall be paid from the Hazardous Waste Control Account in the General Fund.

25240. An assessor shall consider any restrictive covenant adopted pursuant to Section 25202.5 or any restriction imposed pursuant to Section 25229 as an enforceable restriction subject to the provisions of Section 402.1 of the Revenue and Taxation Code and shall appropriately reassess any land, the use of which has been so restricted, at the lien date following the adoption or imposition of the covenant or restriction.

SEC. 8. Section 402.3 is added to the Revenue and Taxation Code, to read:

402.3. An assessor shall consider any restrictive covenant adopted pursuant to Section 25202.5 or any restriction imposed pursuant to Section 25229 of the Health and Safety Code as an enforceable restriction subject to the provisions of Section 402.1 of this code and shall appropriately reassess any land, the use of which has been so restricted, at the lien date following the adoption or imposition of the covenant or restriction.

SEC. 9. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to those sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 10. The sum of one hundred five thousand dollars (\$105,000) is hereby appropriated from the General Fund to the State Department of Health Services for the purpose of establishing staff to administer the provisions of Article 11 (commencing with Section 25220) of Chapter 6.5 of Division 20 of the Health and Safety Code.

## CHAPTER 1163

An act to amend Sections 21660, 21666, and 21667 of the Business and Professions Code, and to amend Section 496 of the Penal Code, relating to swap meets.

[Approved by Governor September 27, 1980 Filed with  
Secretary of State September 29, 1980 ]

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 21660 of the Business and Professions Code is amended to read:

**21660.** It is the intent of the Legislature in enacting this article to require the statewide reporting of personal property exchanged, sold or offered for sale or exchange at "swap meets" in a uniform manner designed to permit the correlation of such reports with other reports of law enforcement agencies in order to assist in tracing and recovering stolen property and with the State Board of Equalization to detect possible sales tax evasion.

This article shall apply to swap meet operators and vendors, as defined herein, unless the personal property or the transaction is specifically exempt herein and shall not be superseded or supplanted by any provisions or ordinances or charters of any city, county, or city and county, nor supplemented by any such ordinances or charters or provisions. Nothing herein contained shall be deemed to affect the land use and zoning regulatory power of a local agency, nor be construed to require any local agency to permit swap meets where such local land use or zoning regulations prohibit such operations.

Any transaction which is regulated by this article shall not be subject to the provisions of Article 4 (commencing with Section 21625), regulating transactions in identifiable secondhand tangible personal property. No person, partnership, or corporation shall be considered a "secondhand dealer" within the meaning of Section 21661 because of activities regulated by this article.

Every swap meet owner shall post or display in prominent places at the swap meet, or give written notice to every vendor prior to the commencement of a swap meet of the kinds of personal property or merchandise which may be not offered for sale or exchange.

SEC. 3. Section 21667 of the Business and Professions Code is amended to read:

21667. A violation of any provision of this article, except subdivision (b) of Section 21666, is a misdemeanor and may be punishable by up to six months in county jail, a fine of twenty-five dollars (\$25) for the first violation, fifty dollars (\$50) for the second violation, and one hundred dollars (\$100) for the third and subsequent violations.

2. Every swap meet vendor as defined in Section 21661 of the Business and Professions Code and every person whose principal business is dealing in or collecting used or secondhand merchandise or personal property, and every agent, employee or representative of such person, who buys or receives any property which has been stolen or obtained in any manner constituting theft or extortion, under such circumstances as should cause such person, agent, employee or representative to make reasonable inquiry to ascertain that the person from whom such property was bought or received had the legal right to sell or deliver it, without making such reasonable inquiry, shall be presumed to have bought or received such property knowing it to have been so stolen or obtained. This presumption may, however, be rebutted by proof.

3. When in a prosecution under this section it shall appear from the evidence that the defendant was a swap meet vendor or that the defendant's principal business was as set forth in the preceding paragraph, that the defendant bought, received, or otherwise obtained, or concealed, withheld or aided in concealing or withholding from the owner, any property which had been stolen or obtained in any manner constituting theft or extortion, and that the defendant bought, received, obtained, concealed or withheld such property under such circumstances as should have caused him to make reasonable inquiry to ascertain that the person from whom he bought, received, or obtained such property had the legal right to sell or deliver it to him, then the burden shall be upon the defendant to show that before so buying, receiving, or otherwise obtaining such

property, he made such reasonable inquiry to ascertain that the person so selling or delivering the same to him had the legal right to so sell or deliver it.

4. Any person who has been injured by a violation of paragraph 1 of this section may bring an action for three times the amount of actual damages, if any, sustained by the plaintiff, costs of suit and reasonable attorney's fees.

(b) No later than January 1, 1982, the department, with the advice and assistance of the counties, shall report to the Legislature with regard to the characteristics of placements made in accordance with the provisions of paragraph (5) of subdivision (a) of Section 11402, and shall make recommendations regarding whether such unlicensed placements can and should be redefined, minimized, or eliminated. The purpose of the report shall be to ensure that children are receiving the best possible care.

(c) No later than January 1, 1982, the department, with the advice and assistance of the counties, shall report to the Legislature with regard to entities licensed to operate more than one group home. The purpose of the report shall be to assess the appropriateness of:

(1) Licensing standards for such facilities.

(2) Whether or not present funding arrangements ensure fiscal accountability for AFDC-FC payments.

(3) The delivery of social services to children in such placements.

SEC. 22. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) For each needy family which includes one or more needy children qualified for aid under this chapter, there shall be paid, notwithstanding minimum basic standards of adequate care established by the department under Section 11452, an amount of aid each month which when added to his income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (d) or Section 11453.1, is equal to the sums specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453:

Number of eligible needy persons in the same home	Maximum aid

If, when and during such times as the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or

(b) For children receiving AFDC-FC under the provisions of this chapter, there shall be paid the sum necessary for the adequate care of each child.

(c) (1) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. Such recurring special needs shall include but not be limited to special diets upon the recommendation of a physician, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars (\$10) by the number of recipients in the family who are eligible for assistance.

(2) A family shall also be entitled to receive an allowance for nonrecurring special needs caused by sudden and unusual circumstances beyond the control of the needy family; provided, however, that such needs shall not be taken into consideration in determining the eligibility of the family for aid.

(3) The department shall establish rules and regulations assuring the uniform application statewide of the provisions of this subdivision.

(d) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a) of this section.

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

SEC. 22.1. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) For each needy family which includes one or more needy children qualified for aid under this chapter, there shall be paid, notwithstanding minimum basic standards of adequate care established by the department under Section 11452, an amount of aid each month which when added to his income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (d) or Section 11453.1, is equal to the sums specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453:

3 .....	463

4 .....	550
5 .....	628
6 .....	706
7 .....	775
8 .....	844
9 .....	912
10 or more .....	981

If, when and during such times as the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to such increase or decrease by the United States government, provided that no such increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(b) For children receiving AFDC-FC under the provisions of this chapter, there shall be paid the sum necessary for the adequate care of each child.

(c) (1) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. Such recurring special needs shall include but not be limited to special diets upon the recommendation of a physician, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars (\$10) by the number of recipients in the family who are eligible for assistance.

(2) A family shall also be entitled to receive an allowance for nonrecurring special needs caused by sudden and unusual circumstances beyond the control of the needy family; provided, however, that such needs shall not be taken into consideration in determining the eligibility of the family for aid.

(3) The department shall establish rules and regulations assuring the uniform application statewide of the provisions of this subdivision.

(d) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a) of this section.

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

SEC. 23. Section 15200 of the Welfare and Institutions Code is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting federal funds available, the following sums:

(a) To each county for the support and maintenance of needy children, 89.2 percent of the sums specified in subdivision (a), and

paragraphs (1) and (2) of subdivision (d), of Section 11450.

(b) To each county for the adequate care of each child pursuant to subdivision (b) of Section 11450 the following amounts:

(1) The sum necessary for the adequate care of each child but not to exceed in any month the product of one hundred twenty dollars (\$120) multiplied by the number of children in each county receiving foster care. The state shall pay 67.5 percent and the county shall pay 32.5 percent of the aid furnished for the adequate care of such children.

(2) The state shall reimburse counties for the nonfederal costs of providing an additional twelve dollars and fifty cents (\$12.50) a month per eligible child to foster parents. In addition the state may, at its discretion, pay on a pro rata basis from funds specifically appropriated in the Budget Act additional aid for the adequate care of foster children receiving aid under subdivision (b) of Section 11450.

The financial benefit accruing from the additional funds available under this paragraph shall be passed on to foster parents in order to more adequately reimburse foster parents for their expense, and to enable counties to more readily recruit and retain a selection of homes suited to the diversified needs of the individual child and the counties shall not substitute the additional state funds received under this paragraph for county funds being expended for foster care at the time when this section takes effect.

(c) To each county for the support and care of hard-to-place children, the amount specified in Section 16120.

(d) This section shall become operative on January 1, 1984.

SEC. 24. Notwithstanding Sections 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections, because no additional costs are mandated by this act since all new duties imposed by this act are already required to be performed by state regulation. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of this code.

SEC. 25. It is the intent of the Legislature, if this bill and Assembly Bill 2982 are both chaptered and become effective January 1, 1981, both bills amend Section 11450 of the Welfare and Institutions Code, and this bill is chaptered after Assembly Bill 2982, that the amendments to Section 11450 proposed by both bills be given effect and incorporated in Section 11450 in the form set forth in Section 22.1 of this act. Therefore, Section 22.1 of this act shall become operative only if this bill and Assembly Bill 2982 are both chaptered and become effective January 1, 1981, both amend Section 11450, and this bill is chaptered after Assembly Bill 2982, in which case Section 22 of this act shall not become operative.

## CHAPTER 1167

An act to amend Section 1395 of the Health and Safety Code, relating to health care service plans.

[Approved by Governor September 27, 1980. Filed with Secretary of State September 29, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1395 of the Health and Safety Code is amended to read:

1395. (a) Notwithstanding Article 6 (commencing with Section 650) of Chapter 1 of Division 2 of the Business and Professions Code, any health care service plan or specialized health care service plan may, except as limited by this subdivision, solicit or advertise with regards to the cost of subscription or enrollment, facilities and services rendered, provided, however, Article 5 (commencing with Section 600) of Chapter 1 of Division 2 of the Business and Professions Code remains in effect. Any price advertisement shall be exact, without the use of such phrases as "as low as," "and up," "lowest prices" or words or phrases of similar import. Any advertisement which refers to services, or costs for such services, and which uses words of comparison must be based on verifiable data substantiating the comparison. Any health care service plan or specialized health care service plan so advertising shall be prepared to provide information sufficient to establish the accuracy of such comparison. Price advertising shall not be fraudulent, deceitful, or misleading, nor contain any offers of discounts, premiums, gifts, or bait of similar nature. In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

(b) Plans licensed under this chapter shall not be deemed to be engaged in the practice of a profession, and may employ, or contract with, any professional licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code to deliver professional services. Employment by or a contract with a plan as a provider of professional services shall not constitute a ground for disciplinary action against a health professional licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code by a licensing agency regulating a particular health care profession.

(c) A health care service plan licensed under this chapter may directly own, and may directly operate through its professional employees or contracted licensed professionals, such offices as are necessary to provide health care services to the plan's subscribers and enrollees.

(d) A professional licensed pursuant to the provisions of Division 2 (commencing with Section 500) of the Business and Professions Code who is employed by, or under contract to, a plan may not own or control offices or branch offices beyond those expressly permitted by the provisions of the Business and Professions Code.

(e) Nothing in this chapter shall be construed to repeal, abolish or diminish the effect of Section 431 of the Health and Safety Code.

(f) Except as specifically provided in this chapter, nothing in this chapter shall be construed to limit the effect of the laws governing professional corporations, as they appear in applicable provisions of the Business and Professions Code, upon specialized health care service plans.

SEC. 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 20023.6 of the Government Code is amended to read:

20023.6. The compensation earnable during any period of service as a member of the Judges' Retirement System, the Legislators' Retirement System, or the State Teachers' Retirement System shall be considered compensation earnable as a member of this system for purposes of computing final compensation for such member providing he retires concurrently under both systems.

A member shall be deemed to have retired concurrently under this system and under the State Teachers' Retirement System if the member is enrolled as a disabilitant under the State Teachers' Retirement System and for disability retirement under this system on the same effective date.

SEC. 3. Section 20027 of the Government Code is amended to read:

20027. "Normal contributions" means contributions required to be paid by a member at the normal rates of contribution fixed by the law, by contract, or by contract amendment, but does not include additional contributions.

"Normal contributions" also includes contributions required to be paid by a member which are in fact paid on behalf of a member by a contracting agency.

SEC. 4. Section 20160 of the Government Code is repealed.

SEC. 5. Section 20160 is added to the Government Code, to read:

20160. Each state agency, school employer, the Comptroller of the University or such other official as the university may designate, and the chief administrative officer of a contracting agency or such other person as its governing body may designate shall furnish all of the following:

(b) Such additional information concerning any such member as the board may require in the administration of the system.

(c) Such services of its officer and departments as the board may request in connection with claims by such members against this system.

SEC. 6. Section 20161 of the Government Code is repealed.

SEC. 7. Section 20162 of the Government Code is repealed.

SEC. 8. Section 20614 of the Government Code is repealed:

SEC. 9. Section 20614 is added to the Government Code, to read:

20614. Contract amendments, and that portion of a contract which subjected an employer to former Section 20614 as it read prior to its repeal in 1980 at the 1979-80 Regular Session of the Legislature, may be revoked prospectively in the manner provided for the approval of contracts, including an election among employees affected.

SEC. 10. Section 20615 is added to the Government Code, to read:

20615. Notwithstanding any other provision of law, a contracting agency may pay all or a portion of the normal contributions required to be paid by a member. Such payments shall be reported simply as normal contributions and shall be credited to member accounts.

Nothing in this section shall be construed to limit the authority of a contracting agency to periodically increase, reduce, or eliminate the payment by the contracting agency of all or a portion of the normal contributions required to be paid by a member, as authorized by this section.

SEC. 11. Section 20685 of the Government Code is amended to read:

20685. (a) If a basic death benefit has become or becomes payable before the payment of the total amount the member elected to pay under any election with respect to normal contributions,

arrears contributions, or public service credit permitted under this part, the member's entire compensation, or the service upon which that total amount was based, as the case may be, shall be included in the computation of the portion of the death benefit which is provided in subdivision (b) of Section 21361, and the unpaid balance of the total amount shall not be paid to this system, nor shall it be included in the member's accumulated contributions which constitute a part of the basic death benefit.

(b) Any balance of any such total amount remaining unpaid at the death of the member on account of whom a special death benefit is payable or at the retirement of a member for industrial disability shall become due and payable forthwith, except that the survivor of a member who died under circumstances under which a special death benefit is payable and who had authorized payroll deductions, in accordance with Section 20654, may elect to continue such deductions from the survivor allowance in lieu of the lump-sum payment otherwise required. If the balance is not paid, the portion of such unpaid amount representing contributions on compensation earned in the membership applicable to the member at the time of injury resulting in death shall be deducted from the benefit otherwise payable and the system shall be discharged from any liability for any annuity or benefit with respect to any remainder of such unpaid contribution.

(c) Any balance of such total amount remaining unpaid at the time of retirement for service or ordinary disability, or at death, with respect to which a benefit is payable under Section 21365.5 shall become due and payable forthwith, except that the survivor of a member who died under circumstances under which a benefit under Section 21365.5 is payable and who had authorized payroll deductions, in accordance with Section 20654, may elect to continue such deductions from the survivor allowance in lieu of a lump-sum payment of the balance due. If the balance is not paid, the service credit included in the election shall be reduced proportionately and any prior service dependent on completion of payments eliminated for purposes of computing the allowance but not for purposes of determining entitlement to an allowance.

(d) Notwithstanding any provision of subdivision (b) or (c), a member who retires after January 1, 1976, before payment of the total amount which he elected to pay, may elect to pay the balance due by deductions from his retirement allowance equal to those which he authorized as payroll deductions in accordance with Section 20654. In such case service credit included in the election shall not be reduced, nor shall any prior service dependent on completion of payments be eliminated for purposes of computing the allowance. Any balance of such total amount remaining unpaid upon the death of such member shall be treated in the same manner as unpaid balances are treated if a special death benefit is payable, except that the survivor of a retired member who had authorized deductions from his retirement allowance in accordance with this

subdivision, and who is eligible for a monthly allowance, may elect to continue such deductions from his allowance in lieu of the lump-sum payment otherwise required.

SEC. 12. Section 20950 of the Government Code is amended to read:

A member retiring for service who is credited with state service, the compensation for which was subject to contribution pursuant to Section 218 of the Social Security Act, and who is fully insured under the federal system but is not entitled to receive, on his application therefor, a retirement or disability benefit under such system may elect to have the actuarial equivalent of his unmodified service retirement allowance paid in two parts:

(a) A temporary annuity which shall not exceed the primary social security benefit which it is anticipated the member will be entitled to receive at age 62 or 65, whichever shall be designated by the member, plus

(b) A life income consisting of his service retirement annuity plus such pension as may be provided by the actuarial value of his current and prior service pensions remaining after providing the temporary annuity in (a).

The temporary annuity under (a) shall not be subject to further optional settlement under this article and shall be payable monthly until the retired member attains or would attain the age designated by the member under subdivision (a). If his death occurs prior to such age, the commuted value of any remaining installments shall be paid to his designated beneficiary in a lump sum.

This section shall not apply to an allowance based on service with respect to which a member is subject to Section 21252.5.

SEC. 20. Section 21362 of the Government Code is repealed.

## CHAPTER 1169

An act to amend Section 5202 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 27, 1980 Filed with  
Secretary of State September 29, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 5202 of the Welfare and Institutions Code is amended to read:

5202. The person or agency designated by the county shall prepare the petition and all other forms required in the proceeding, and shall be responsible for filing the petition. Before filing the petition, the person or agency designated by the county shall request the person or agency designated by the county and approved by the State Department of Mental Health to provide prepetition screening to determine whether there is probable cause to believe the allegations. The person or agency providing prepetition screening shall conduct a reasonable investigation of the allegations and make a reasonable effort to personally interview the subject of the petition. The screening shall also determine whether the person will agree voluntarily to receive crisis intervention services or an evaluation in his own home or in a facility designated by the county and approved by the State Department of Mental Health. Following prepetition screening, the person or agency designated by the county shall file the petition if satisfied that there is probable cause to believe that the person is, as a result of mental disorder, a danger to others, or to himself or herself, or gravely disabled, and that the person will not voluntarily receive evaluation or crisis intervention.

If the petition is filed, it shall be accompanied by a report containing the findings of the person or agency designated by the county to provide prepetition screening. The prepetition screening report submitted to the superior court shall be confidential and shall be subject to the provisions of Section 5328.

SEC. 2. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

## CHAPTER 1170

An act to add and repeal Article 3.2 (commencing with Section 27350) to Chapter 5 of Division 12 of the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor September 27, 1980. Filed with Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Article 3.2 (commencing with Section 27350) is added to Chapter 5 of Division 12 of the Vehicle Code, to read:

Article 3.2. Child Passenger Seat Restraints

27350. The Legislature finds and declares that in California each year more than 200 children under 15 years of age are killed, and more than 20,000 children are injured, as passengers in motor vehicle accidents. Motor vehicle accidents are the single leading cause of death and a major cause of disability among children one to 15 years of age. A multiplicity of field studies confirm that a majority of serious injuries and deaths would be avoided if child passengers were properly restrained by using seat restraint systems presently available in most motor vehicles. Notwithstanding this fact, current seat restraint utilization rates among children are typically less than 10 percent, making this both a leading area of child neglect and the most promising area for the reduction of deaths and serious injuries among children.

In furtherance of reasonable, protective public policies, the Secretary of the Business and Transportation Agency shall develop and implement the following sequential program designed to encourage seat restraint utilization for infants and children under 15 years of age who are passengers in motor vehicles.

27351. (a) The secretary shall prepare and disseminate materials for the purpose of educating the public about the importance of using seat restraints for infants and children under 15 years of age who are passengers in motor vehicles. Such materials shall include, but not be limited to, audiovisual aids and written materials which explain the effects of motor vehicle accidents on infant and child health and the reduction in risk of injury or death as a result of the utilization of seat restraints for infants and children. In addition, the secretary shall prepare and disseminate radio and television messages which explain the effects of motor vehicle accidents on infant and child health and urge the use of seat restraints for infants and children. No more than 20 percent of any funds expended pursuant to this subdivision shall be expended for administrative purposes.

(b) Within one year after commencement of the public education

campaign specified in subdivision (a), the secretary shall enter into an arrangement with appropriate law enforcement agencies to issue, at their discretion, an oral hazard warning to any person who operates any motor vehicle, or combination of vehicles, if, after the vehicle has been stopped, the law enforcement officer observes that an infant or child under 15 years of age is a passenger and is not restrained by use of an available seat restraint. Such law enforcement officers may also advise and urge the utilization of seat restraints that are available in the vehicle, and may further note that, for children under five years of age, even greater protection could be provided by acquiring and properly utilizing a separate, federally approved child restraint.

27352. (a) The secretary shall conduct a study to ascertain:

(1) The seat restraint and child restraint utilization rates for infants and children under 15 years of age during the period prior to the commencement of the public education campaign specified in subdivision (a) of Section 27351; at the conclusion of the first four to six months of the public education campaign specified in subdivision (a) of Section 27351; during the first six months in which oral hazard warnings are issued as specified in subdivision (b) of Section 27351; and during a period, to be determined by the secretary, after the first six months in which oral hazard warnings are issued as specified in subdivision (b) of Section 27351.

(2) The nature and extent of any reduction in the number and rate of injury (according to severity) and death of infants and children under 15 years of age who are passengers in motor vehicles during the period of the public education campaign specified in subdivision (a) of Section 27351; and during the period in which oral hazard warnings are issued as specified in subdivision (b) of Section 27351.

(b) The secretary shall prepare and submit a report to the Legislature, no later than April 1, 1983, containing findings and conclusions regarding the implementation and effectiveness of Section 27351 and the other provisions of this article. The report shall also include specific findings and conclusions as to the advisability of legislation requiring the issuance of a citation to any person who operates any motor vehicle, or combination of vehicles, in which an infant or child passenger under 15 years of age is not restrained by the use of a seat restraint available in the vehicle.

27353. (a) The secretary may elect to conduct the program and study specified in Sections 27351 and 27352 as a controlled pilot project in no less than two cities with a combined population of at least 200,000, or in no less than two counties.

(b) The secretary may contract for services with appropriate agencies to design and implement selected aspects of the program and study.

(c) The secretary shall designate a specific person, with adequate staff support, whose principal responsibility shall be to coordinate all aspects of implementing this chapter and who shall be accountable

directly to the secretary.

27354. This article shall not apply to schoolbuses.

27355. This article shall be known and may be cited as the California Child Passenger Protection Act of 1980.

27356. This article shall remain in effect only until January 1, 1983, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1983, deletes or extends such date.

SEC. 2. The Secretary of the Business and Transportation Agency shall attempt to obtain federal funding for the costs incurred under this act. In the event federal funds have not been secured on or before January 1, 1981, the sum of one hundred fifty thousand dollars (\$150,000) from the Motor Vehicle Account in the State Transportation Fund is hereby appropriated to the Secretary of the Business and Transportation Agency for costs incurred pursuant to Article 3.2 (commencing with Section 27350) of Chapter 5 of Division 12 of the Vehicle Code.

In the event that federal funds are obtained for the purposes of this act, the costs incurred pursuant to Article 3.2 shall be funded from those federal funds.

## CHAPTER 1171

An act to add Article 1 (commencing with Section 18600) to Chapter 9 of Part 6 of Division 9 of the Welfare and Institutions Code, relating to public social services.

Secretary of State September 29, 1980 ]

*The people of the State of California do enact as follows:*

SECTION 1. Article 1 (commencing with Section 18600) is added to Chapter 9 of Part 6 of Division 9 of the Welfare and Institutions Code, to read:

As used in this article a severely visually impaired person shall be defined as a person who, with best corrected vision, is unable to read newsprint.

18601. Each year providers of services will supply the Legislative Analyst with program evaluation and evidence of cost effectiveness and the Legislative Analyst shall submit annual reports to the Legislature concerning the cost effectiveness of the pilot project.

SEC. 2. The funds necessary to carry out the provisions for the second year of the duration of this program shall be subject to appropriation through the Budget Act of 1981-82.

## CHAPTER 1172

An act to repeal Section 851.8 of, and to add Sections 851.8 and 851.85 to, the Penal Code, relating to arrest records, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1980 Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 851.8 of the Penal Code is repealed.

SEC. 2. Section 851.8 is added to the Penal Code, to read:

851.8. (a) In any case where a person has been arrested and no accusatory pleading has been filed, the person arrested may petition the law enforcement agency having jurisdiction over the offense to destroy its records of the arrest. A copy of such petition shall be served upon the district attorney of the county having jurisdiction over the offense. The law enforcement agency having jurisdiction over the offense, upon a determination that the person arrested is factually innocent, shall, with the concurrence of the district attorney, seal its arrest records, and the petition for relief under this section for three years from the date of the arrest and thereafter destroy its arrest records and the petition. The law enforcement agency having jurisdiction over the offense shall notify the Department of Justice, and any law enforcement agency which arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this subdivision, of the sealing of the arrest records and the reason therefor. The Department of Justice and any law enforcement agency so notified shall forthwith seal their records of the arrest and the notice of sealing for three years from the date of the arrest, and thereafter destroy their records of the arrest and the notice of sealing. The law enforcement agency having jurisdiction over the offense and the Department of Justice shall request the destruction of any records of the arrest which they have given to any local, state, or federal agency or to any other person or entity. Each such agency, person, or entity within the State of California receiving such a request shall destroy its records of the arrest and such request, unless otherwise provided in this section.

(b) If, after receipt by both the law enforcement agency and the district attorney of a petition for relief under subdivision (a), the law enforcement agency and district attorney do not respond to the petition by accepting or denying such petition within 60 days after the running of the relevant statute of limitations or within 60 days after receipt of the petition in cases where the statute of limitations has previously lapsed, then the petition shall be deemed to be denied. In any case where the petition of an arrestee to the law enforcement agency to have an arrest record destroyed is denied, petition may be made to the municipal or justice court which would have had territorial jurisdiction over the matter. A copy of such petition shall be served on the district attorney of the county having jurisdiction over the offense at least 10 days prior to the hearing thereon. The district attorney may present evidence to the court at such hearing. Notwithstanding Section 1538.5 or 1539, any judicial determination of factual innocence made pursuant to this section may be heard and determined upon declarations, affidavits, police reports, or any other evidence submitted by the parties which is material, relevant and reliable. A finding of factual innocence and an order for the sealing and destruction of records pursuant to this section shall not be made unless the court finds that no reasonable cause exists to believe that the arrestee committed the offense for which the arrest was made. In any court hearing to determine the factual innocence of a party, the initial burden of proof shall rest with the petitioner to show that no reasonable cause exists to believe that the arrestee committed the offense for which the arrest was made. If the court finds that this showing of no reasonable cause has been made by the petitioner, then the burden of proof shall shift to the respondent to show that a reasonable cause exists to believe that the petitioner committed the offense for which the arrest was made. If the court finds the arrestee to be factually innocent of the charges for which the arrest was made, then the court shall order the law enforcement agency having jurisdiction over the offense, the Department of Justice, and any law enforcement agency which arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this section to seal their records of the arrest and the court order to seal and destroy such records, for three years from the date of the arrest and thereafter to destroy their records of the arrest and the court order to seal and destroy such records. The court shall also order the law enforcement agency having jurisdiction over the offense and the Department of Justice to request the destruction of any records of the arrest which they have given to any local, state, or federal agency, person or entity. Each state or local agency, person or entity within the State of California receiving such a request shall destroy its records of the arrest and the request to destroy such records, unless otherwise provided in this section. The court shall give to the petitioner a copy of any court order concerning the destruction of the arrest records.

(c) In any case where a person has been arrested, and an accusatory pleading has been filed, but where no conviction has occurred, the defendant may, at any time after dismissal of the action, petition the court which dismissed the action for a finding that the defendant is factually innocent of the charges for which the arrest was made. A copy of such petition shall be served on the district attorney of the county in which the accusatory pleading was filed at least 10 days prior to the hearing on the petitioner's factual innocence. The district attorney may present evidence to the court at such hearing. Such hearing shall be conducted as provided in subdivision (b). If the court finds the petitioner to be factually innocent of the charges for which the arrest was made, then the court shall grant the relief as provided in subdivision (b).

(d) In any case where a person has been arrested and an accusatory pleading has been filed, but where no conviction has occurred, the court may, with the concurrence of the district attorney, grant the relief provided in subdivision (b) at the time of the dismissal of the accusatory pleading.

(e) Whenever any person is acquitted of a charge and it appears to the judge presiding at the trial wherein such acquittal occurred that the defendant was factually innocent of such charge, the judge may grant the relief provided in subdivision (b).

(f) In any case where a person who has been arrested is granted relief pursuant to subdivision (a) or (b), the law enforcement agency having jurisdiction over the offense or court shall issue a written declaration to the arrestee stating that it is the determination of the law enforcement agency having jurisdiction over the offense or court that the arrestee is factually innocent of the charges for which he was arrested and that the arrestee is thereby exonerated. Thereafter, the arrest shall be deemed not to have occurred and the person may answer accordingly any question relating to its occurrence.

(g) The Department of Justice shall furnish forms to be utilized by persons applying for the destruction of their arrest records and for the written declaration that one person was found factually innocent under subdivisions (a) and (b).

(h) Documentation of arrest records destroyed pursuant to subdivision (a), (b), (c), (d), or (e) which are contained in investigative police reports shall bear the notation "Exonerated" whenever reference is made to the arrestee. The arrestee shall be notified in writing by the law enforcement agency having jurisdiction over the offense of the sealing and destruction of the arrest records pursuant to this section.

(i) Any finding that an arrestee is factually innocent pursuant to subdivision (a), (b), (c), (d), or (e) shall not be admissible as evidence in any action.

(j) Destruction of records of arrest pursuant to subdivision (a), (b), (c), (d), or (e) shall be accomplished by permanent obliteration of all entries or notations upon such records pertaining to the arrest, and the record shall be prepared again so that it appears that the

arrest never occurred. However, where (1) the only entries on the record pertain to the arrest and (2) the record can be destroyed without necessarily effecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(k) No records shall be destroyed pursuant to subdivision (a), (b), (c), (d), or (e) if the arrestee or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of such records has received a certified copy of the complaint in such civil action, until the civil action has been resolved. Any records sealed pursuant to this section by the court in the civil actions, upon a showing of good cause, may be opened and submitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties and any other person authorized by the court. Immediately following the final resolution of the civil action, records subject to subdivision (a), (b), (c), (d), or (e) shall be sealed and destroyed pursuant to subdivision (a), (b), (c), (d), or (e).

(l) For arrests occurring on or after January 1, 1981, and for accusatory pleadings filed on or after January 1, 1981, petitions for relief under this section may be filed up to two years from the date of the arrest or filing of the accusatory pleading, whichever is later. Until January 1, 1983, petitioners can file for relief under this section for arrests which occurred or accusatory pleadings which were filed up to five years prior to the effective date of the statute. Any time restrictions on filing for relief under this section may be waived upon a showing of good cause by the petitioner and in the absence of prejudice.

(m) Any relief which is available to a petitioner under this section for an arrest shall also be available for an arrest which has been deemed to be or described as a detention under Section 849.5 or 851.6.

(n) The provisions of this section shall not apply to any offense which is classified as an infraction.

(o) (1) The provisions of this section shall be repealed on the effective date of a final judgment based on a claim under the California or United States Constitution holding that evidence which is relevant, reliable, and material may not be considered for purposes of a judicial determination of factual innocence under this section. For purposes of this subdivision, a judgment by the appellate department of a superior court is a final judgment if it is published and if it is not reviewed on appeal by a district court of appeal. A judgment of a district court of appeal is a final judgment if it is published and if it is not reviewed by the California Supreme Court.

(2) Any such decision referred to in this subdivision shall be stayed pending appeal.

(3) If not otherwise appealed by a party to the action, any such decision referred to in this subdivision which is a judgment by the appellate department of the superior court, shall be appealed by the

Attorney General.

SEC. 3. Section 851.85 is added to the Penal Code, to read:

851.85. Whenever a person is acquitted of a charge and it appears to the judge presiding at the trial wherein such acquittal occurred that the defendant was factually innocent of the charge, the judge may order that the records in the case be sealed, including any record of arrest or detention, upon the written or oral motion of any party in the case or the court, and with notice to all parties to the case. If such an order is made, the court shall give to the defendant a copy of such order and inform the defendant that he may thereafter state that he was not arrested for such charge and that he was found innocent of such charge by the court.

SEC. 4. If the provisions of Section 851.8 of the Penal Code as added by Section 2 of this act are repealed pursuant to subdivision (o) of Section 851.8, then Section 3 of this act shall be operative on the operative date of the repeal of Section 851.8.

SEC. 5. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code and Section 6 of Article XIII B of the California Constitution, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act provides an urgently needed procedure for the sealing and destruction of specified arrest records. In order that this procedure be made available at the earliest possible time, it is necessary that this act take effect immediately.

## CHAPTER 1173

An act to add Section 14005.14 to the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 27, 1980. Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 14005.14 is added to the Welfare and Institutions Code, to read:

14005.14. In addition to the income exemptions specified in subdivision (a) of Section 14005.7, an income exemption shall be allowed each month for the amount actually paid toward the cost of in-home supportive services needed as determined under standards

and procedures established by the Director of Social Services, by a person who is eligible for Medi-Cal in accordance with Section 14005.3. For the purpose of this section, "in-home supportive services" means those services that are available to recipients of the In-Home Supportive Services Program as defined by the Director of Social Services in regulations adopted pursuant to Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9.

## CHAPTER 1174

An act to amend Section 1255.3 of the Unemployment Insurance Code, relating to unemployment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1980. Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1255.3 of the Unemployment Insurance Code is amended to read:

1255.3. (a) Except as provided by subdivision (c), the amount of unemployment compensation benefits, extended duration benefits, and federal-state extended benefits payable to an individual for any week which begins after March 31, 1980, and which begins in a period with respect to which such individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment which is based on the previous work of such individual shall be reduced, but not below zero, by an amount equal to the amount of such pension, retirement or retired pay, annuity, or other payment, which is reasonably attributable to such week.

(b) The provisions of subdivision (a) shall be operative only during such time as Section 3304 of the Federal Unemployment Tax Act requires that state unemployment insurance laws contain such provisions as a condition of certification of state unemployment insurance laws by the Secretary of Labor.

(c) The reduction of benefits specified in subdivision (a) shall be limited by the provisions of any amendment to paragraph (15) of Section 3304(a) of the Federal Unemployment Tax Act, enacted before January 1, 1981, which mandates or permits a limitation on the reduction of unemployment compensation benefits by the amount of a pension, retirement or retired pay to an individual, as described in subdivision (a). This subdivision shall only apply to benefits paid after the effective date of the amendment to paragraph (15) of Section 3304(a) of the Federal Unemployment Tax Act.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby, pursuant to Section 2231 or 2234 of the Revenue and

Taxation Code. Moreover, no claim shall be considered with respect to this act by the State Board of Control pursuant to Section 905.2 of the Government Code or Section 2250 of the Revenue and Taxation Code, and the Department of Finance shall not review or report on this act pursuant to Section 2246 of the Revenue and Taxation Code. Also, no appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act mandates only costs mandated by a federal law or regulation.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Congress has mandated that, as a condition for employers receiving a credit for their unemployment insurance contributions, state unemployment compensation laws must provide for the reduction of benefits by the amount of a pension that a claimant receives. Congress is now considering an amendment to that requirement that would limit the reduction to pensions funded by a claimant's base period employer and limit the amount of the reduction to the pension amount attributable to the employer's contributions.

In order to prevent completely unnecessary administrative expense, to insure that California employers will remain eligible for their tax credit, and to insure that unemployment insurance claimants are not penalized unfairly for the receipt of pension payments they have funded, it is necessary for this act to take effect immediately.

## CHAPTER 1175

An act to amend Sections 45168 and 88167 of the Education Code, relating to classified employees.

[Approved by Governor September 27, 1980. Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 45168 of the Education Code is amended to read:

45168. (a) Except as provided in subdivision (b), the governing board of each school district when drawing an order for the salary or wage payment due to a classified employee of the district may, without charge, reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the payment of dues in, or for any other service provided by, any bona fide organization, of which he is a member, whose

membership consists, in whole or in part, of employees of such district, and which has as one of its objectives improvements in the terms or conditions of employment for the advancement of the welfare of such employees.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is an increase in the amount required for such payment to the organization, the employee organization shall provide the employee with adequate and necessary data on such increase at a time sufficiently prior to the effective date of the increase to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the increase at a time sufficiently prior to the effective date of the increase to allow the employer an opportunity to make the necessary changes and with a copy of the notification of the increase which has been sent to all concerned employees.

Upon receipt of a properly signed authorization for payroll deductions by a classified employee pursuant to this section, the governing board shall reduce such employee's pay warrant by the designated amount in the next pay period following the closing date for receipt of changes in pay warrants.

The governing board shall, on the same designated date of each month, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the respective deductions made with respect to such organization during the pay period.

The governing board shall not require the completion of a new deduction authorization when a dues increase has been effected or at any other time without the express approval of the concerned employee organization.

(b) The governing board of each school district when drawing an order for the salary or wage payment due to a classified employee of the district may, without charge, reduce the order for the payment of dues to, or for any other service provided by, the certified or recognized organization of which the classified employee is a member, or for the payment of service fees to the certified or recognized organization as required by an organizational security arrangement between the exclusive representative and a public school employer as provided under Chapter 10.7 (commencing with Section 3540) Division 4 of Title 1 of the Government Code. However, the organizational security arrangement shall provide that any employee may pay service fees directly to the certified or recognized employee organization in lieu of having such service fees deducted from the salary or wage order.

The organizational security arrangement under which the governing board of a school district deducts dues or fees pursuant to this subdivision shall provide that any employee who is a member of a bona fide religion, body, or sect which has historically held

conscientious objections to joining or financially supporting employee organizations shall not be required to join or financially support any certified or recognized employee organization. The employee may be required, however, in lieu of paying service fees, to pay sums equal to such fees to a nonreligious charitable fund exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. The nonreligious charitable fund shall be chosen by the employee from a list of at least three nonreligious charitable funds designated in a collective-bargaining agreement between the public school employer and the certified or recognized employee organization, or if the collective-bargaining agreement fails to designate such charitable funds, then to any such fund chosen by the employee. Proof of such payments shall be made on a monthly basis to the public school employer as a condition of continued exemption from the requirement of financial support to the certified or recognized employee organization.

(c) This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 6 (commencing with Section 45240) of this chapter.

SEC. 1.5. Section 45168 of the Education Code is amended to read:

45168. (a) Except as provided in subdivision (b), the governing board of each school district when drawing an order for the salary or wage payment due to a classified employee of the district may, without charge, reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the payment of dues in, or for any other service provided by, any bona fide organization, of which he is a member, whose membership consists, in whole or in part, of employees of such district, and which has as one of its objectives improvements in the terms or conditions of employment for the advancement of the welfare of such employees.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is an increase in the amount required for such payment to the organization, the employee organization shall provide the employee with adequate and necessary data on such increase at a time sufficiently prior to the effective date of the increase to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the increase at a time sufficiently prior to the effective date of the increase to allow the employer an opportunity to make the necessary changes and with a copy of the notification of the increase which has been sent to all concerned employees.

Upon receipt of a properly signed authorization for payroll deductions by a classified employee pursuant to this section, the governing board shall reduce such employee's pay warrant by the designated amount in the next pay period following the closing date

for receipt of changes in pay warrants.

The governing board shall, on the same designated date of each month, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the respective deductions made with respect to such organization during the pay period.

The governing board shall not require the completion of a new deduction authorization when a dues increase has been effected or at any other time without the express approval of the concerned employee organization.

(b) The governing board of each school district when drawing an order for the salary or wage payment due to a classified employee of the district may, without charge, reduce the order for the payment of dues to, or for any other service provided by, the certified or recognized organization of which the classified employee is a member, or for the payment of service fees to the certified or recognized organization as required by an organizational security arrangement between the exclusive representative and a public school employer as provided under Chapter 10.7 (commencing with Section 3540) Division 4 of Title 1 of the Government Code. However, the organizational security arrangement shall provide that any employee may pay service fees directly to the certified or recognized employee organization in lieu of having such service fees deducted from the salary or wage order.

(c) This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 6 (commencing with Section 45240) of this chapter.

**SEC. 2.** Section 88167 of the Education Code is amended, to read: 88167. (a) Except as provided in subdivision (b), the governing board of each community college district when drawing an order for the salary or wage payment due to a classified employee of the district may, without charge, reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the payment of dues in, or for any other service provided by, any bona fide organization, of which he is a member, whose membership consists, in whole or in part, of employees of such district, and which has as one of its objectives improvements in the terms or conditions of employment for the advancement of the welfare of such employees.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is an increase in the amount required for such payment to the organization, the employee organization shall provide the employee with adequate and necessary data on such increase at a time sufficiently prior to the effective date of the increase to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the increase at a time sufficiently prior to the effective date of the increase to allow the employer an

opportunity to make the necessary changes and with a copy of the notification of the increase which has been sent to all concerned employees.

Upon receipt of a properly signed authorization for payroll deductions by a classified employee pursuant to this section, the governing board shall reduce such employee's pay warrant by the designated amount in the next pay period following the closing date for receipt of changes in pay warrants.

The governing board shall, on the same designated date of each month, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the respective deductions made with respect to such organization during the pay period.

The governing board shall not require the completion of a new deduction authorization when a dues increase has been effected or at any other time without the express approval of the concerned employee organization.

(b) The governing board of each community college district when drawing an order for the salary or wage payment due to a classified employee of the district may, without charge, reduce the order for the payment of dues to, or for any other service provided by, the certified or recognized organization of which the classified employee is a member, or for the payment of service fees to the certified or recognized organization as required in an organizational security arrangement between the exclusive representative and a public school employer as provided under Chapter 10.7 (commencing with Section 3540) Division 4 of Title 1 of the Government Code. However, the organizational security arrangement shall provide that any employee may pay service fees directly to the certified or recognized employee organization in lieu of having the service fees deducted from the salary or wage order.

The organizational security arrangement under which the governing board of a community college district deducts dues or fees pursuant to this subdivision shall provide that any employee who is a member of a bona fide religion, body, or sect which has historically held conscientious objections to joining or financially supporting employee organizations shall not be required to join or financially support any certified or recognized employee organization. The employee may be required, however, in lieu of paying service fees, to pay sums equal to such fees to a nonreligious charitable fund exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. The nonreligious charitable fund shall be chosen by the employee from a list of at least three nonreligious charitable funds designated in a collective-bargaining agreement between the public school employer and the certified or recognized employee organization, or if the collective-bargaining agreement fails to designate such charitable funds, then to any such fund chosen by the employee. Proof of such payments shall be made on a monthly basis to the public school employer as a condition of continued exemption

from the requirement of financial support to the certified or recognized employee organization.

(c) This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 3 (commencing with Section 88060) of this chapter.

SEC. 2.5. Section 88167 of the Education Code is amended to read:

88167. (a) Except as provided in subdivision (b), the governing board of each community college district when drawing an order for the salary or wage payment due to a classified employee of the district may, without charge, reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the payment of dues in, or for any other service provided by, any bona fide organization, of which he is a member, whose membership consists, in whole or in part, of employees of such district, and which has as one of its objectives improvements in the terms or conditions of employment for the advancement of the welfare of such employees.

The revocable written authorization shall remain in effect until expressly revoked in writing by the employee. Whenever there is an increase in the amount required for such payment to the organization, the employee organization shall provide the employee with adequate and necessary data on such increase at a time sufficiently prior to the effective date of the increase to allow the employee an opportunity to revoke the written authorization, if desired. The employee organization shall provide the public school employer with notification of the increase at a time sufficiently prior to the effective date of the increase to allow the employer an opportunity to make the necessary changes and with a copy of the notification of the increase which has been sent to all concerned employees.

Upon receipt of a properly signed authorization for payroll deductions by a classified employee pursuant to this section, the governing board shall reduce such employee's pay warrant by the designated amount in the next pay period following the closing date for receipt of changes in pay warrants.

The governing board shall, on the same designated date of each month, draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the respective deductions made with respect to such organization during the pay period.

The governing board shall not require the completion of a new deduction authorization when a dues increase has been effected or at any other time without the express approval of the concerned employee organization.

(b) The governing board of each community college district when drawing an order for the salary or wage payment due to a classified employee of the district may, without charge, reduce the order for the payment of dues to, or for any other service provided

by, the certified or recognized organization of which the classified employee is a member, or for the payment of service fees to the certified or recognized organization as required in an organizational security arrangement between the exclusive representative and a public school employer as provided under Chapter 10.7 (commencing with Section 3540) Division 4 of Title 1 of the Government Code. However, the organizational security arrangement shall provide that any employee may pay service fees directly to the certified or recognized employee organization in lieu of having the service fees deducted from the salary or wage order.

(c) This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 3 (commencing with Section 88060) of this chapter.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill 2030 are both chaptered and become effective January 1, 1981, that Sections 45168 and 88167 of the Education Code, as amended by Sections 1.5 and 2.5 of this act, shall become operative on January 1, 1981, and Sections 1 and 2 of this act shall not become operative.

SEC. 4. Notwithstanding Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

## CHAPTER 1176

An act to add and repeal Chapter 3.5 (commencing with Section 1143.10) of Title 3 of Part 3 of the Code of Civil Procedure, relating to dispute resolution.

[Approved by Governor September 27, 1980 Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 3.5 (commencing with Section 1143.10) is added to Title 3 of Part 3 of the Code of Civil Procedure, to read:

### CHAPTER 3.5. NEIGHBORHOOD DISPUTE RESOLUTION CENTERS

1143.10. The Legislature hereby finds and declares:

(a) The resolution of certain disputes can be costly and complex and in many instances is inadequate in a formal judicial proceeding.

(b) The resolution of many personal disputes can be unnecessarily costly, complex, and inadequate in a formal institutional setting where the parties involved are in adversary posture, subject to formalized procedures with the attendant constraints and restraints.

(c) To assist in the resolution of disputes in a complex society composed of citizens of different ethnic, racial, and socioeconomic characteristics, there is a compelling need to explore informal methods of dispute resolution forums as alternatives to such structured judicial settings. Neighborhood dispute resolution centers can meet the needs of their neighborhoods by providing forums in which persons may voluntarily participate in the resolution of disputes in an informal, personal atmosphere without restraint of official intimidation. A noncoercive dispute resolution forum in the neighborhood may provide a valuable prevention and early intervention problem-solving resource to the community.

(d) Neighborhood dispute resolution centers can themselves, and as guidelines to other dispute resolution centers, serve the interests of the citizenry and promote quick and voluntary resolutions of personal disputes.

1143.11. It is the intent of the Legislature that programs funded pursuant to this chapter shall:

(1) Stimulate the establishment and use of neighborhood dispute resolution centers to help meet the need for nonjudicial alternatives for the resolution of certain disputes.

(2) Encourage continuing community participation in the development, administration, and oversight of local programs designed to facilitate the informal resolution of disputes between and among members of the community.

(3) Offer structures for dispute resolution which may serve as models for resolution centers in other communities.

(4) Serve a specific community or locale and resolve disputes that arise within that community or locale through a mediator or panel of mediators composed of residents of the community.

(5) Educate the residents of the community to be served on ways of using the services of the neighborhood dispute resolution center directly and in a preventive capacity.

1143.12. In the event federal funds are made available for such purposes, the Executive Director of the Office of Criminal Justice Planning is hereby authorized to select and make grant awards of funds to one or more public or private agencies to assure continuation of dispute resolution services consistent with the foregoing sections. To the extent necessary to meet applicable federal funding requirements, such grant awards may be limited to the support of services dealing with personal disputes which are of such a nature as may reasonably be expected, if not resolved, to lead to or develop into violations of criminal law.

1143.13. The Office of Criminal Justice Planning and the California Council on Criminal Justice are encouraged to make funds available from federal money under their control to carry out the purposes of this act.

1143.14. This chapter shall remain operative only until January 1, 1982, and on such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1982, deletes or extends such

date.

CHAPTER 1177

An act to add Section 72256 to the Education Code, relating to community colleges.

CHAPTER 1178

An act to amend Section 2454 of, and to add Section 2453.5 to, the Streets and Highways Code, relating to grade separation projects.

[Approved by Governor September 27, 1980 Filed with  
Secretary of State September 29, 1980.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2453.5 is added to the Streets and Highways Code, to read:

2453.5. The department may submit its comments and recommendations to the commission on any project for which an allocation is to be made.

SEC. 2. Section 2454 of the Streets and Highways Code is amended to read:

2454. Allocations made pursuant to Section 2453 shall be made on the basis of the following:

(a) An allocation of 80 percent of the estimated cost of the project shall be made; except that whenever contributions from other

sources exceed 20 percent of the estimated cost, the allocation shall be reduced by the amount in excess of 20 percent of the estimated cost.

(b) An allocation of 50 percent of the estimated cost of the project shall be made for a proposed crossing.

(c) No allocation shall be made in excess of 50 percent of the estimated cost of the project unless the grade crossing to be eliminated has been in existence for at least 10 years prior to the date of allocation.

(d) On projects which eliminate an existing crossing, or alter or reconstruct an existing grade separation, no allocation shall be made unless the railroad agrees to contribute 10 percent of the cost of the project.

(e) Where a project does not include a grade separation, but eliminates existing grade crossing or crossings, the allocation shall not exceed the estimated allocation that would have been made for the grade separation which is no longer needed because of the elimination of the grade crossing by the project and which is indicated on the priority list to be urgently in need of grade separation.

(f) Where the project includes the separation of a highway and a railroad passenger service operated by a city or county, the operating agency shall contribute 20 percent of the cost of the project. The priority listing for such projects shall be in accordance with criteria established for such railroad passenger service by the Public Utilities Commission.

(g) Notwithstanding the provisions of subdivisions (a) to (f), inclusive, the total of such allocations for a single project shall not exceed five million dollars (\$5,000,000) without specific legislative authorization, except that the amount for a single project may be increased to either (1) an amount that includes the federal construction cost index increase each year since 1976, or (2) an amount which does not exceed one-third of the total funds appropriated for grade separation projects for the year of allocation, whichever amount is less, as determined each year by the Public Utilities Commission.

(h) Notwithstanding any of the above provisions of this section or any other provision of law, when the state or local agency uses funds derived from federal sources in financing its share of project costs, the railroad contribution, where required by federal law or regulation, shall be computed pursuant to federal law. However, the allocation made pursuant to this chapter shall be computed as though such matching contribution was derived from nonfederal sources and shall be computed as though the railroad had made its contribution pursuant to state law rather than pursuant to federal law. Where the contribution of the railroad is computed according to federal law or regulation because of the use of federal funds in the allocation for a project, the allocation shall be increased by the amount the share of the railroad is reduced below 10 percent of the

estimated cost of the project.

SEC. 3. Section 2454 of the Streets and Highways Code is amended to read:

2454. Allocations made pursuant to Section 2453 shall be made on the basis of the following:

(a) An allocation of 95 percent of the estimated cost of the project shall be made; except that whenever contributions from other sources exceed 5 percent of the estimated cost, the allocation shall be reduced by the amount in excess of 5 percent of the estimated cost.

(b) An allocation of 50 percent of the estimated cost of the project shall be made for a proposed crossing.

(c) No allocation shall be made in excess of 50 percent of the estimated cost of the project unless the grade crossing to be eliminated has been in existence for at least 10 years prior to the date of allocation.

(d) On projects which eliminate an existing crossing, or alter or reconstruct an existing grade separation, no allocation shall be made unless the railroad agrees to contribute 5 percent of the cost of the project.

(e) Where a project does not include a grade separation, but eliminates an existing grade crossing or crossings, the allocation shall not exceed the estimated allocation that would have been made for the grade separation which is no longer needed because of the elimination of the grade crossing by the project and which is indicated on the priority list to be urgently in need of grade separation.

(f) Where the project includes the separation of a highway and a railroad passenger service operated by a city or county, the operating agency shall contribute 20 percent of the cost of the project. The priority listing for such projects shall be in accordance with criteria established for such railroad passenger service by the Public Utilities Commission.

(g) Notwithstanding the provisions of subdivisions (a) to (f), inclusive, the total of such allocations for a single project shall not exceed five million dollars (\$5,000,000) without specific legislative authorization, except that the amount for a single project may be increased to either (1) an amount that includes the federal construction cost index increase each year since 1976, or (2) an amount which does not exceed one-third of the total funds appropriated for grade separation projects for the year of allocation, whichever amount is less, as determined each year by the Public Utilities Commission.

(h) Notwithstanding any of the above provisions of this section or any other provision of law, when the state or local agency uses funds derived from federal sources in financing its share of project costs, the railroad contribution, where required by federal law or regulation, shall be computed pursuant to federal law. However, the allocation made pursuant to this chapter shall be computed as though

such matching contribution was derived from nonfederal sources and shall be computed as though the railroad had made its contribution pursuant to state law rather than pursuant to federal law. Where the contribution of the railroad is computed according to federal law or regulation because of the use of federal funds in the allocation for a project, the allocation shall be increased by the amount the share of the railroad is reduced below 5 percent of the estimated cost of the project.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill 675 are both chaptered and become effective January 1, 1981, both bills amend Section 2454 of the Streets and Highways Code, and this bill is chaptered after Senate Bill 675, that Section 2454 of the Streets and Highways Code, as amended by Section 2 of this act shall remain operative only until the operative date of Senate Bill 675, and that on the operative date of Senate Bill 675 Section 2454 of the Streets and Highways Code as amended by Section 2 of this act be further amended in the form set forth in Section 3 of this act to incorporate the changes in Section 2454 proposed by Senate Bill 675. Therefore, Section 3 of this act shall become operative only if this bill and Senate Bill 675 are both chaptered and become effective January 1, 1981, both bills amend Section 2454, and this bill is chaptered after Senate Bill 675, in which case Section 3 of this act shall become operative on the operative date of Senate Bill 675.

The annual reports required of the agency pursuant to Section 51005 shall specifically enumerate the agency's progress towards meeting its mandate to serve nonmetropolitan and rural metropolitan areas, and shall assess any obstacles or problems which it has encountered in meeting this mandate, and suggest legislative and administrative solutions to overcome these obstacles or problems.

In order to facilitate implementation of local housing allocation plans, the agency may contract with a local public entity to reserve a portion of available credit and subsidy assistance for that area for one year. Such contracts may be renewed annually by mutual agreement.
