CHAPTER 343

An act to amend Section 22651 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 8, 1981. Filed with Secretary of State September 9, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 22651 of the Vehicle Code is amended to read:

22651. Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located may remove a vehicle from a highway, located within the territorial limits in which the officer or employee is empowered to act under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in such a position as to obstruct the normal movement of traffic or in such a condition as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway and report has previously been made that the vehicle has been stolen or complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move such vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move such vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is left unattended for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade.

(g) When the person or persons in charge of a vehicle upon a highway are by reason of physical injuries or illness incapacitated to such an extent as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is by this code or other law required or permitted to take, and does take, the person arrested

before a magistrate without unnecessary delay.

(i) When any vehicle registered in a foreign jurisdiction or without a current California registration is found upon a highway and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his identity and an address within this state at which he can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. A notice of parking violation issued to such a vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his identity and an address within this state at which he can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway or a portion thereof is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that such a vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway or any portion thereof is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with such use or movement, and signs giving notice that such a vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to

the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities by resolution or ordinance have prohibited such parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 344

SEC. 3. The Department of Fish and Game is authorized to make grants to nonprofit organizations and political subdivisions of the state to cooperate with the department in salmon and steelhead rehabilitation along the north coast of California.

The Director of Fish and Game may promulgate regulations to establish criteria for the awarding of these grants to applicants who demonstrate the greatest expertise in accomplishing the salmon and steelhead rehabilitation projects.

CHAPTER 345

An act to add and repeal Chapter 4 (commencing with Section 13250) of Part 2 of Division 12 of the Health and Safety Code, relating to the State Fire Marshal.

13253. In any civil action brought pursuant to this chapter in which a temporary restraining order, preliminary injunction, or permanent injunction is sought, it shall not be necessary to allege or prove at any stage of the proceeding that irreparable damage will occur should the temporary restraining order, preliminary injunction, or permanent injunction not be issued; or that the remedy at law is inadequate, and the temporary restraining order, preliminary injunction, or permanent injunction shall issue without such allegations and without such proof.

13254. This chapter shall remain in effect only until January 1, 1988, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends such date.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and

Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 350

An act to amend Section 14513 of the Government Code, relating to the California Transportation Commission.

[Approved by Governor September 8, 1981 Filed with Secretary of State September 9, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 14513 of the Government Code is amended to read:

14513. The commission may employ its own legal staff or contract with other state agencies for legal services, or both.

CHAPTER 351

An act to add and repeal Chapter 6.5 (commencing with Section 1112) of Part 3 of Division 2 of the Labor Code, relating to peace officers' employment.

[Approved by Governor September 8, 1981 Filed with Secretary of State September 9, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.5 (commencing with Section 1112) is added to Part 3 of Division 2 of the Labor Code, to read:

CHAPTER 6.5. PEACE OFFICERS

1112. No public entity shall permit any of its peace officers, as defined by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, to be employed by any private employer as a security guard during a strike, lockout, picketing, or other physical demonstration of a labor dispute at the site of the strike, lockout, picketing, or other physical demonstration of a labor dispute which occurs in the jurisdiction in which the peace officer is regularly employed. When a peace officer is on loan from one jurisdiction to another, the prohibition of this section applies to any strike, lockout, picketing, or other physical demonstration of a labor dispute which occurs in the jurisdiction in which the peace officer is regularly employed and the jurisdiction to which the peace officer is loaned.

1113. This chapter shall remain in effect only until January 1, 1988, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends such date.

SEC. 2. It is the intent of the Legislature in enacting this bill to ensure the neutrality of peace officers during labor disputes. Since on duty peace officers may be reluctant, or be accused of being reluctant, to intervene in any situation where a fellow peace officer is employed while off duty as a security guard for one party to a labor dispute, the Legislature finds that it is a matter of statewide concern that peace officers be prohibited from employment as security guards during labor disputes.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 352

The preapprentice related training shall be credited toward the apprentice training required by this section.

(e) The applicant has completed and filed an acceptable application with the board and has paid the certificate and registration fee required by this chapter.

(b) Surrender of a license becomes effective 30 days after receipt of an application to surrender such license or within such shorter period of time as the commissioner may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the surrender is instituted within 30 days after the application is filed. 14151. The Legislature hereby finds and declares that:

(a) There exist serious problems of unemployment in various low-income areas in the state.

(b) Certain noneconomic risks exist within these areas in the state which make it difficult for financial institutions to grant small business opportunity loans to persons for small businesses.

(c) It is in the best interests of the state to promote small business enterprises within these areas, as well as to develop the entrepreneurial talent of persons in such areas.

SEC. 40. Section 14161 of the Corporations Code is amended to read:

[Approved by Governor September 8, 1981. Filed with Secretary of State September 9, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 40802 of the Vehicle Code, as amended by Section 1 of Chapter 1210 of the Statutes of 1978, is amended to read:

40802. A "speed trap" is either of the following:

(a) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(b) A particular section of a highway with a prima facie speed limit provided by this code or by local ordinance pursuant to paragraph (1) of subdivision (b) of Section 22352, or established pursuant to Section 22354, 22357, 22358, or 22358.3, which speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation, and where enforcement involves the use of radar or other electronic devices which measure the speed of moving objects. The provisions of this subdivision do not apply to local streets and roads.

For purposes of this section, local streets and roads shall be defined by the latest functional usage and federal-aid system maps as submitted to the Federal Highway Administration. When these maps have not been submitted, the following definition shall be used: A local street or road primarily provides access to abutting residential property and shall meet the following three conditions:

1. Roadway width of not more than 40 feet.

2. Not more than one-half mile of uninterrupted length. Interruptions shall include official traffic control devices as defined in Section 445.

3. Not more than one traffic lane in each direction.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1987, deletes or extends that date.

SEC. 2. Section 40802 of the Vehicle Code, as added by Section 2 of Chapter 1210 of the Statutes of 1978, is amended to read:

40802. A "speed trap" is either of the following:

(a) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the

time it takes the vehicle to travel the known distance.

(b) A particular section of a highway with a prima facie speed limit provided by this code or by local ordinance pursuant to paragraph (1) of subdivision (b) of Section 22352, or established pursuant to Section 22354, 22357, 22358, or 22358.3, which speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation, and where enforcement involves the use of radar or other electronic devices which measure the speed of moving objects.

This section shall become operative on January 1, 1987.

SEC. 3. Section 40803 of the Vehicle Code is amended to read:

40803. (a) No evidence as to the speed of a vehicle upon a highway shall be admitted in any court upon the trial of any person for an alleged violation of this code when the evidence is based upon or obtained from or by the maintenance or use of a speed trap.

(b) In any prosecution under this code of a charge involving the speed of a vehicle, where enforcement involves the use of radar or other electronic devices which measure the speed of moving objects, the prosecution shall establish, as part of its prima facie case, that the evidence or testimony presented is not based upon a speed trap as defined in subdivision (b) of Section 40802. Evidence that a traffic and engineering survey has been conducted within five years of the date of the alleged violation or evidence that the offense was committed on a local street or road as defined in subdivision (b) of Section 40802 shall constitute a prima facie case that the evidence or testimony is not based upon a speed trap as defined in subdivision (b) of Section 40802.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 358

fire and life safety adopted by the Board of Corrections, pursuant to Section 6030 of the Penal Code.

(c) Reports of the inspections shall be submitted to the official in charge of the facility, the local governing body, the State Fire Marshal, and the Board of Corrections within 30 days of the inspections.

CHAPTER 360

[Approved by Governor September 8, 1981. Filed with Secretary of State September 9, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 8505.15 of the Business and Professions Code is amended to read:

8505.15. Two effective masks of a type approved by the National Institute of Occupational Safety and Health for protection against the fumigant being used shall be made readily available by the operator to a fumigating crew whenever a fumigant is released or removed from a structure.

SEC. 2. Section 8516 of the Business and Professions Code is amended to read:

8516. (a) The provisions of this section shall apply only to wood-destroying pests or organisms.

(b) No licensee shall commence work on a contract, or sign, issue or deliver any documents expressing an opinion or statement relating to the absence or presence of wood-destroying pests or organisms until an inspection has been made. The licensee shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the inspection is made. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following shall be set forth in the report:

1. The date of the inspection and the name of the person making the inspection.
2. The name and address of the person or firm ordering the report.
3. The name and address of any person who is a party in interest

to whom the board is to send certified copies of inspection reports and completion notices as provided in subdivision (e).

4. The address or location of the property.

5. A general description of the building or premises inspected.

6. A foundation diagram or sketch of the structure or structures or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions exist which would ordinarily subject such parts to attack by wood-destroying pests or organisms.

7. Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces or other parts subject to attack by wood-destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions and insufficient ventilation are to be reported.

8. Indication or description of any areas normally subject to damage which are inaccessible or for other reason not inspected, with suggestion for further inspection if practicable. If, after the report has been made in compliance with the provisions of this section, authority is given later to open inaccessible areas, a supplementary report on conditions in these areas shall be made.

9. Recommendations for corrective measures.

10. The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

An estimate shall be given with the original inspection report if the person who ordered the original inspection report so requests, and if the licensee is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the licensee shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations have been completed. Each reinspection shall be reported on an original inspection report form and shall be labeled "Reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the firm's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the

guarantee shall be in effect.

(d) Control service is defined as the regular reinspection of a property after a report has been made in compliance with the provisions of this section and such corrections as have been agreed upon have been completed. Under a control service agreement a licensee shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A licensee is not required to issue a report as outlined in paragraphs 1 to 9, inclusive, after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood-destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(e) Whenever a report is filed pursuant to subdivision (b), the board shall forthwith send to any person or firm designated under paragraph 3 of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested and upon payment of an appropriate search fee.

(f) All work recommended by a structural pest control licensee, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on this report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the licensee with the inspection report copy for two years.

SEC. 3. Section 8516.5 of the Business and Professions Code is amended to read:

8516.5. Any person who makes an inspection of any property relating to the absence or presence of wood-destroying pests or organisms on such property and makes a report of such inspection shall furnish a copy of the report either to the owner of the property, or if the owner has consented in writing, to the agent of the owner, within five working days after completing the report.

SEC. 4. Section 8518 of the Business and Professions Code is amended to read:

8518. When a licensee completes work under a contract, he shall not later than five working days thereafter file with the board a notice of work completed, on a form prescribed by the board. The notice shall include a statement of the cost of the completed work and estimated cost of work not completed. Each such notice shall have affixed thereto a stamp issued by the board in the denomination fixed by the board pursuant to Section 8674 as the fee for filing a notice of work completed. The board shall provide for the sale of such stamps and for the refund of moneys paid for stamps which are returned to it unused.

SEC. 5. Section 8537 of the Business and Professions Code is repealed.

SEC. 6. Section 8561 of the Business and Professions Code is amended to read:

8561. Any person may apply for an operator's license; however, an individual applicant shall be 18 years of age or over.

(a) If the applicant is an individual, he or she shall possess the qualifications and be examined as hereinafter prescribed. Within one year after such individual passes the examination and if such individual qualifies for an operator's license, as herein prescribed, the board shall issue to him or her an operator's license.

The partner or responsible natural person may engage in pest control on behalf of the partnership only, so long as he or she remains in that capacity for the partnership, but he or she may become associated with another partnership, or with a firm or corporation, in a capacity other than a qualifying partner, responsible natural person or qualifying officer.

(c) If the applicant is an association or corporation, it shall designate an officer thereof or a responsible natural person employed or to be employed by it to be the qualified officer or responsible natural person for the association or corporation entity. The officer or responsible natural person shall possess the qualifications and be examined as hereinafter prescribed. Within one year after such person passes the examination and if such officer or responsible natural person so qualifies in the same manner as an operator as herein prescribed, the board shall issue an operator's license to the association or corporation, as the case may be. The officer or responsible natural person may engage in pest control on behalf of the association or corporation only so long as he or she remains in that capacity for the association or corporation, but he or she may become associated with another association or corporation, or with a firm or partnership, in a capacity other than as a qualifying officer, responsible natural person, or partner.

SEC. 7. Section 8614 of the Business and Professions Code is amended to read:

8614. Any person, whether or not a party to a real property transaction, has a right to request and, upon payment of the required fee, to obtain directly from the board a certified copy of all inspection reports and completion notices prepared and filed by any structural pest control operator on a particular property during the preceding two years. 441. Every person owning taxable personal property, other than a mobilehome subject to Part 13 (commencing with Section 5800), having an aggregate cost of thirty thousand dollars ($30,000) or more shall file a signed property statement with the assessor. Every person owning personal property which does not require the filing of a property statement or real property shall upon request of the assessor file a signed property statement. Failure of the assessor to request or secure the property statement does not render any assessment invalid.

(a) The property statement shall be declared to be true under the penalty of perjury and filed with the assessor between the lien date and 5 p.m. on the last Friday in May, annually, or between the lien date and such earlier time as the assessor may appoint.

If the commissioner issues a written order for a twenty thousand dollar ($20,000) amount pursuant to Section 18520.1, effective as of the date of that order and subject to Section 18523.2 the figure of twenty thousand dollars ($20,000) shall be substituted in place of each ten thousand dollars ($10,000) figure appearing in Sections 18490, 18491, 18506, 18520 and 18523.

SEC. 7. Section 18523.2 is added to the Financial Code, to read:

18523.2. Irrespective of any other sections of the Financial Code, any order by the commissioner for a twenty thousand dollars ($20,000) amount pursuant to Section 18520.1 shall not apply to or have any effect upon thrift obligations of a member if the commissioner has taken possession of the property and business of that member before the date of that order.

SEC. 8. Section 18535 of the Financial Code is amended to read:

18535. Guaranty Corporation shall establish and maintain a guarantee fund as follows:

(a) Each new member shall pay one hundred thousand dollars ($100,000) to the guarantee fund to become a member.

(b) Whenever the commissioner finds that the controlling interest or 50 percent or more of the stock of a member which paid less than one hundred thousand dollars ($100,000) to become a member has been transferred, the member shall pay to the fund whatever sums are necessary to bring the member's total contribution pursuant to subdivision (a) to one hundred thousand dollars ($100,000) or 1 percent of the member's total outstanding thrift obligations on the date of transfer, whichever is less.

As used in this subdivision "controlling interest" means any percentage of stock which allows the stockholder to have control of management of the member company.

The provisions of this subdivision shall not be applicable (1) if the transfer of stock is between affiliated companies of a holding company and the holding company is exempt from the qualification requirement of Section 25130 of the Corporate Securities Law of 1968 by subdivision (a) or (b) of Section 25101 of the Corporations Code, or (2) when the actual or contemplated change of ownership is to the transferor's ancestors, descendants, or spouse, or any custodian

or trustee for the account of the transferor or the transferor's ancestors, descendants, or spouse, or to a transferee by a trustee or custodian for the account of the transferee or the transferee's ancestors, descendants, or spouse.

The provisions of this subdivision shall apply, commencing January 1, 1987, to any member in existence prior to January 1, 1982. All other members shall be subject to the provisions of this subdivision on and after January 1, 1982.

(c) If the total amount in the fund (less any then unpaid demand made by the commissioner pursuant to Section 18492) on March 15 of any year hereafter is less than 1½ percent of the total outstanding thrift obligations of all members as shown on the most recent independent audit reports required by Section 18405, then on or before May 1 of that year Guaranty Corporation shall levy an assessment. Each member shall be assessed an amount equal to fifteen-hundredths of 1 percent of its outstanding thrift obligations as shown on its most recent independent audit report required by Section 18405.

(d) If the total amount in the fund (less any then unpaid demand made by the commissioner pursuant to Section 18492) on March 15 of any year hereafter is equal to or in excess of 1½ percent of the total outstanding thrift obligations of all members as shown on the most recent independent audit reports required by Section 18405, then on or before May 1 of that year Guaranty Corporation shall levy an assessment on each member that has not fulfilled both the following conditions as of March 15 of that year:

(2) Has a member's account balance in Guaranty Corporation exceeding 1½ percent of the total outstanding thrift obligations of that member shown on its most recent independent audit report required by Section 18405.

Each member who has failed to fulfill both the preceding conditions as of March 15 of that year shall be assessed an amount equal to fifteen-hundredths of 1 percent of its outstanding thrift obligations as shown on its most recent independent audit report required by Section 18405.

It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

The people of the State of California do enact as follows:

SECTION 1. Section 20037 of the Government Code is amended to read:

20037. "Beneficiary" means any person or corporation designated by a member, a retired member, or by statute to receive a benefit payable under this part, on account of the death of a member or a retired member.

A member or retired member may also designate the member's estate as a beneficiary.

All designations of an estate as a beneficiary, which would have been valid if this section, as amended during the 1981–82 Regular Session of the Legislature, had been in effect at the time the designation was made, are hereby validated.

CHAPTER 377

An act to amend Sections 51 and 170 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 8, 1981. Filed with Secretary of State September 9, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 51 of the Revenue and Taxation Code is amended to read:

51. For purposes of subdivision (b) of Section 2 of Article XIII A of the California Constitution, for each lien date after the lien date in which the base year value is determined pursuant to Section 110.1, the taxable value of real property shall be the lesser of:

(a) Its base year value, compounded annually since the base year by an inflation factor, which shall be the percentage change in the cost of living, as defined in Section 2212; provided, that any percentage increase shall not exceed 2 percent of the prior year's value; or

(b) Its full cash value, as defined in Section 110, as of the lien date, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, or other factors causing a decline in value; or

(c) If the property was damaged or destroyed by disaster, misfortune, or calamity and the board of supervisors of the county in which the property is located has not adopted an ordinance pursuant to Section 170, or removed by voluntary action by the taxpayer, the sum of (1) the lesser of its base year value of land determined under subdivision (a) or full cash value of land determined pursuant to subdivision (b), plus (2) the lesser of its base year value of improvements determined under subdivision (a) or the full cash value of improvements determined pursuant to subdivision (b), which shall then become the base year value until such property is restored, repaired, or reconstructed or other provisions of law require establishment of a new base year value; or

(d) If the property was damaged or destroyed by disaster, misfortune or calamity and the board of supervisors in the county in which the property is located has adopted an ordinance pursuant to Section 170, its assessed value as computed pursuant to Section 170.

(e) For purposes of subdivisions (a) and (b), "real property" means that appraisal unit which persons in the market place commonly buy and sell as a unit, or which are normally valued separately.

(f) Nothing in this section shall be construed to require the assessor to make an annual reappraisal of all assessable property.

SEC. 2. Section 170 of the Revenue and Taxation Code is amended to read:

170. (a) Notwithstanding any provision of law to the contrary, the board of supervisors may, by ordinance, provide that every assessee of any taxable property, or any person liable for the taxes thereon, whose property was damaged or destroyed without his fault, may apply for reassessment of such property as provided herein.

To be eligible for reassessment the damage or destruction to the property must have been caused by any of the following:

(1) A major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster. As used in this paragraph "damage" includes a diminution in the value of property as a result of restricted access to the property where such restricted access was caused by the major misfortune or calamity.

(2) A misfortune or calamity.

(3) A misfortune or calamity which, with respect to a possessory interest in land owned by the state or federal government has caused the permit or other right to enter upon the land to be suspended or restricted. As used in this paragraph, "misfortune or calamity" includes a drought condition such as existed in this state in 1976 and 1977.

The application for reassessment may be filed within the time specified in the ordinance, or, if no time is specified, within 60 days

of such misfortune or calamity, by delivering to the assessor a written application requesting reassessment showing the condition and value, if any, of the property immediately after the damage or destruction, and the dollar amount of the damage. The application shall be executed under penalty of perjury, or if executed outside the State of California, verified by affidavit.

An ordinance may be made applicable to a major misfortune or calamity specified in paragraph (1) or to any misfortune or calamity specified in paragraph (2), or to both, as the board of supervisors determines. An ordinance may not be made applicable to a misfortune or calamity specified in paragraph (3), unless an ordinance making paragraph (2) applicable is operative in the county. The ordinance may specify a period of time within which the ordinance shall be effective, and, if no period of time is specified, it shall remain in effect until repealed.

(b) Upon receiving a proper application, the assessor shall appraise the property and determine separately the full cash value of land, improvements and personalty immediately before and after the damage or destruction. If the sum of the full cash values of the land, improvements and personalty before the damage or destruction exceeds the sum of the values after the damage by five thousand dollars ($5,000) or more, the assessor shall also separately determine the percentage reductions in value of land, improvements and personalty due to the damage or destruction. The assessor shall reduce the values appearing on the assessment roll by the percentages of damage or destruction computed pursuant to this subdivision, and the taxes due on the property shall be adjusted as provided in subdivision (e); provided, however, that the amount of the reduction shall not exceed the actual loss.

(c) The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

Those reassessed values resulting from reductions in full cash value of amounts, as determined above, shall be forwarded to the auditor by the assessor or the clerk of the local equalization board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, such reassessed values shall not be subject to review, except by a court of competent jurisdiction.

(d) If no such application is made and the assessor determines that within the preceding six months a property has suffered damage

caused by misfortune or calamity, which may qualify the property owner for relief under an ordinance adopted under this section, the assessor shall provide the last known owner of the property with an application for reassessment. The property owner shall file the completed application within 30 days of notification by the assessor but in no case more than six months after the occurrence of said damage. Upon receipt of a properly completed, timely filed application, the property shall be reassessed in the same manner as required in subdivision (b).

(e) The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of the misfortune or calamity, shall be applied to the amount of the reassessment as determined in accordance with this section and the assessee shall be liable for: (1) a prorated portion of the taxes that would have been due on the property for the current fiscal year had the misfortune or calamity not occurred, such proration to be determined on the basis of the number of months in the current fiscal year prior to the misfortune or calamity; plus, (2) a proration of the tax due on the property as reassessed in its damaged or destroyed condition, such proration to be determined on the basis of the number of months in the fiscal year after the damage or destruction, including the month in which the damage was incurred. If the damage or destruction occurred after March 1 and before the beginning of the next fiscal year, the reassessment shall be utilized to determine the tax liability for the next fiscal year provided, however, if the property is fully restored during the next fiscal year, taxes due for that year shall be prorated based on the number of months in the year before and after the completion of restoration.

(f) Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9, as an erroneously collected tax or by order of the board of supervisors without the necessity of a claim being filed pursuant to Chapter 5.

(g) The assessed value of the property in its damaged condition, as determined pursuant to subdivision (b) compounded annually by the inflation factor specified in subdivision (a) of Section 51, shall be the taxable value of the property until it is restored, repaired, reconstructed or other provisions of the law require the establishment of a new base year value.

If partial reconstruction, restoration, or repair has occurred on any subsequent lien date, the taxable value shall be increased by an amount determined by multiplying the difference between its factored base year value immediately before the calamity and its assessed value in its damaged condition by the percentage of the repair, reconstruction, or restoration completed on that lien date.

When the property is fully repaired, restored or reconstructed, its new taxable value shall be the lesser of (1) its full cash value, or (2) its factored base year value or its factored base year value as adjusted pursuant to subdivision (c) of Section 70. The new taxable

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Public entities seeking to finance needed capital projects are experiencing difficulty due to rapid fluctuation of the current money market. Therefore, in order to give issuers greater flexibility in arranging financing, it is necessary that this act take effect immediately.

CHAPTER 379

An act to add Section 31484.6 of the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor September 8, 1981. Filed with Secretary of State September 9, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 31484.6 is added to the Government Code, to read:

31484.6. Notwithstanding any other provision of law, whenever the governing body of a county or district has made a particular provision or provisions of this chapter providing for increased benefits applicable to that county or district through the adoption of an ordinance or resolution, the governing body may at any time thereafter adopt another ordinance or resolution terminating the applicability of that provision or provisions as to current employees of the county or district who elect by written notice filed with the board to have the applicability of the provision or provisions terminated as to them. This section is intended only to authorize the termination of those benefits which the governing body of a county or district elected to increase over the basic benefits or to make applicable in addition to the basic benefits pursuant to the provisions of this chapter. Nothing herein shall be construed as authorizing the governing body of a county or district to terminate the basic benefits required under the provisions of this chapter.

The governing board of a county or district prior to adopting an ordinance or resolution allowing the termination of the applicability of any increased benefit provisions shall provide an oral or written explanation of the effect and impact of the termination for each member requesting termination of the applicability of any such provisions.

The governing board shall require members requesting termination of the applicability of any provisions to sign an affidavit stating that the member has been fully informed regarding the effect of the termination, and understands that the termination of a provision or provisions is irrevocable. The affidavit shall also stat

that the employee has chosen termination of the provision or provisions of the employee's own free will and was not coerced into termination of any provision by the employer or any other person.

The governing body shall, in the ordinance or resolution granting current employees the option of electing to have the applicability of such provision or provisions terminated, specify the provision or provisions which shall be applicable to current employees making the election. Employees who elect to have the provision or provisions terminated, shall have their retirement allowance for service rendered after the effective date of election calculated on the basis of the provision made applicable by the governing body.

Except as otherwise provided herein, the retirement allowance for service rendered prior to the effective date of the election shall be calculated on the basis of the provision or provisions applicable during that period of service. Any employee who has made such an election shall not be eligible for retirement unless the employee meets the minimum requirements of the provision or provisions applicable at the date of retirement. Any employee who has made an election whereby the definition of "final compensation" in Section 31462.1 no longer applies, shall have the definition of "final compensation" in Section 31462 applied at the date of retirement regardless of previous service under the provisions of Section 31462.1. Any employee who has made an election whereby a cost-of-living adjustment provision of Article 16.5 (commencing with Section 31870) no longer applies shall have the cost-of-living adjustment provision, if any, specified by the governing body applied to all previous service at the date of retirement regardless of previous service under such other provision of Article 16.5. Any employee who has made an election whereby a death benefit provision of Article 12 (commencing with Section 31780) no longer applies shall have the death benefit provisions specified by the governing body applied at the date of retirement regardless of previous service under other provisions of Article 12.

A current employee who has elected to have the applicability of the provision or provisions terminated may not rescind such an election unless the governing body of the county or district again makes the particular provision or provisions applicable to the county or district through the adoption of a subsequent ordinance or resolution. Any such election made by a current employee shall be binding upon the employee's spouse and all others claiming benefits under such employee's entitlement.

This section shall not be applicable to safety members.

This section shall only be applicable to a county of the eighteenth class as described by Section 28039.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to

carry out the program specified in this act.

The people of the State of California do enact as follows:

SECTION 1. Section 9886.3 of the Business and Professions Code is amended to read:

9886.3. The fees prescribed by this chapter shall be set by the director in an amount estimated to provide for the administration of this chapter within the limits of the following schedule:

(b) The owner of the subdivision, or his or her agent, shall, in accordance with regulations adopted by the Real Estate Commissioner, clearly and conspicuously disclose to all prospective purchasers of time-share interests the right of rescission provided for in subdivision (a), and shall furnish to each offeror a form, as prescribed by regulations of the commissioner, for the exercise of the right of rescission.

(c) Any certificate bearing the signature of the purchaser of a time-share estate or time-share use in a time-share project subdivision which contains an adequate description of the interests sold and a statement by the purchaser that he or she has not exercised the right of rescission within the time limit set forth herein shall constitute conclusive evidence that the right of rescission has not been exercised in any matter involving the rights of a third party who has acted in good faith in reliance upon representations in the certificate.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The sales of interests in many time-share projects have been and are being made through intensive marketing efforts which often include misleading advertisements, deceptive promotional give away devices, and high pressure selling tactics. It is vitally important that there be no unnecessary delay in affording purchasers the opportunity to reflect upon their decision to purchase and to change that decision in an environment free of persuasive influences.

SEC. 2. Section 778 of the Public Resources Code is amended to read:

With respect to a pharmacy corporation, the governmental agency referred to in the Moscone-Knox Professional Corporation Act is the State Board of Pharmacy.

4121. It shall constitute unprofessional conduct and a violation of this chapter for any person licensed under this chapter to violate, attempt to violate, directly or indirectly, or assist in or abet the violation of, or conspire to violate, any provision or term of this article, the Moscone-Knox Professional Corporation Act, or any regulations duly adopted under those laws.

4122. A pharmacy corporation shall not do or fail to do any act the doing of which or the failure to do which would constitute unprofessional conduct under any statute or regulation now or hereafter in effect. of the rendering of professional services.

4127. Nothing in this article shall be construed as requiring the applicant or holder of a pharmacy permit pursuant to Section 4080 to be a pharmacy corporation.

SEC. 2. Section 13401 of the Corporations Code is amended to read:

This definition shall be construed so that persons displaced as a result of public action receive relocation benefits in cases where they are displaced as a result of an owner participation agreement or an acquisition carried out by a private person for or in connection with a public use where the public entity is otherwise empowered to acquire the property to carry out the public use Except persons or families of low and moderate income, as defined in Section 50093 of

the Health and Safety Code, who are occupants of housing which was made available to them on a permanent basis by a public agency and who are required to move from such housing, a "displaced" person shall not include: (1) any person who, at the time of the public entity's acquisition of the real property, was not a tenant or occupant in lawful possession of the real property, and whose right of possession at the time of moving arose after the date of the public entity's acquisition of the real property and with knowledge of such acquisition; or (2) unless federal law or regulations require such a tenant to be considered a displaced person, any nonresidential tenant or occupant who moves as a result of his breach of his tenancy agreement.

(d) "Business" means any lawful activity, except a farm operation, conducted primarily:

(1) For the purchase, sale, lease, or rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property;

(2) For the sale of services to the public;

(3) By a nonprofit organization; or

(4) Solely for the purpose of Section 7262 for assisting in the purchase, sale, resale, manufacture, processing, or marketing of products, commodities, personal property, or services by the erection and maintenance of an outdoor advertising display, whether or not such display is located on the premises on which any of the above activities are conducted.

(e) "Farm operation" means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator's support.

(h) "Mortgage" means such classes of liens as are commonly given to secure advances on, or the unpaid purchase price of, real property, together with the credit instruments, if any, secured thereby.

SEC. 2. Section 7263 of the Government Code is amended to read:

7263. (a) In addition to the payments required by Section 7262, the public entity, as a part of the cost of acquisition, shall make a payment to the owner of real property acquired for public use which is improved with a dwelling actually owned and occupied by the owner as a permanent or customary and usual place of abode for not less than 180 days prior to the initiation of negotiation for the acquisition of that property. If a homeowner has satisfied all but the 180-day requirement, and if in the judgment of the public entity the

circumstances warrant it, the public entity may reduce the requirement as necessary.

(b) The payment, not to exceed fifteen thousand dollars ($15,000), shall be based on the following factors:

(1) The amount, if any, which, when added to the acquisition payment, equals the reasonable cost of a comparable replacement dwelling determined, in accordance with standards established by the public entity, to be a decent, safe, and sanitary dwelling adequate to accommodate the displaced owner, reasonably accessible to public services and the displaced person's place of employment, and available on the market.

(2) The amount, if any, which will compensate the displaced owner for any increased interest costs which he is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the acquired dwelling was encumbered by a bona fide mortgage which was a valid lien on the dwelling for not less than 180 days prior to the initiation of negotiations for the acquisition of such dwelling. The amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

(3) Reasonable expenses incurred by the displaced owner for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(c) The payment shall be made only to a displaced owner who purchases and occupies a replacement dwelling that meets standards established by the public entity within one year subsequent to the date on which he receives from the public entity final payment of all costs of the dwelling acquired by the public entity. However, the displaced owner and the public entity may agree in writing that the displaced owner may remain in occupancy of the acquired dwelling as a tenant of the public entity on the conditions that the displaced owner shall only be entitled to the payment authorized by this section on the date on which he moves from the acquired dwelling and that the payment shall be in an amount equal to that to which he would have been entitled if he had purchased and occupied a replacement dwelling one year subsequent to the date on which he received final payment of all costs of the acquired dwelling from the public entity.

SEC. 3. Section 7264 of the Government Code is amended to read:

7264. (a) In addition to the payments required by Section 7262, as a part of the cost of acquisition, the public entity shall make a

payment to any displaced person displaced from any dwelling not eligible to receive a payment under Section 7263 which was actually and lawfully occupied by such person as a permanent or customary and usual place of abode for not less than 90 days prior to the initiation of negotiation by the public entity for the acquisition of such property. If a displaced person satisfies all but the 90-day requirement, and if in the judgment of the public entity the circumstances warrant it, the public entity may reduce the requirement as necessary.

(b) Such payment, not to exceed four thousand dollars ($4,000), shall be the additional amount which is necessary to enable such person to lease or rent for a period not to exceed four years, or to make the down-payment on the purchase of, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities.

(c) If the payment is to be used as a downpayment for the acquisition of a decent, safe, and sanitary dwelling of such standards, the payment shall not exceed two thousand dollars ($2,000), unless the amount in excess thereof is equally matched by such person.

SEC. 4. Section 7264.5 of the Government Code is amended to read:

7264.5. (a) If comparable replacement housing is not available and the public entity determines that comparable replacement housing cannot otherwise be made available, the public entity shall use funds authorized for the project for which the real property, or interest thereof, is being acquired to provide that housing.

(b) No person shall be required to move from his dwelling because of its acquisition by a public entity, unless there is replacement housing, as described in paragraph (3) of subdivision (c) of Section 7261, available to him.

(c) For purposes of determining the applicability of subdivision (a), the public entity is hereby designated as a duly authorized administrative body of the state for the purposes of subdivision (c) of Section 408 of the Revenue and Taxation Code.

(d) The provisions of subdivision (b) shall not apply to a displaced owner who agrees in writing with the public entity to remain in occupancy of the acquired dwelling as provided in subdivision (c) of Section 7263.

CHAPTER 389

An act to amend Sections 25549.5, 25549.8, and 25549.10 of the Government Code, relating to public property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 8, 1981 Filed with Secretary of State September 9, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 25549.5 of the Government Code is amended to read:

25549.5. The board of supervisors may lease to any private person, firm, or corporation, any real property which belongs to the county or city and county if the instrument by which such property

is let requires the lessee therein to construct on the demised premises, or provide for the construction thereon, of a building or buildings, for the joint use of the county or city and county and the private person, firm, or corporation during the term of the lease or agreement. Title to such portion of the building to be occupied by the county or city and county may vest in the county or city and county.

SEC. 2. Section 25549.8 of the Government Code is amended to read:

25549.8. For the purposes of receiving proposals for the joint occupancy of a building to be constructed on property belonging to a county or city and county, the board of supervisors shall, in a regular open meeting, adopt a resolution declaring its intention to consider the proposals. The resolution shall describe the proposed site on which the building to be jointly occupied is to be constructed in such a manner as to identify the site, shall specify the intended use of that portion of the building which is to be occupied by the county or city and county, and shall fix a time not less than 60 days thereafter for a public meeting of the board to be held at its regular place of meeting, at which meeting the board shall receive all plans or proposals submitted.

SEC. 3. Section 25549.10 of the Government Code is amended to read:

25549.10. At the time and place fixed in the resolution for the meeting of the board of supervisors, the board shall meet and receive all plans and proposals submitted for the joint occupancy of the building to be constructed on the site under consideration.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Article XIII A of the California Constitution (Proposition 13), approved by the voters on June 6, 1978, has restricted property tax revenues available to counties for the construction of needed public buildings.

This act authorizes a county, or city and county, to lease land to a private person, firm, or corporation for the construction thereon and joint occupancy of a building or buildings by such private and public entities. It is anticipated that such joint occupancy will optimize the use of public lands and substantially reduce public costs. In order that the needed buildings might be completed, occupied, and available for public use at the earliest possible time, it is necessary that this act take effect immediately.

SECTION 1. Section 1126 of the Government Code is amended to read:

1126. (a) Except as provided in Section 1128, a local agency officer or employee shall not engage in any employment, activity, or enterprise for compensation which is inconsistent, incompatible, in conflict with, or inimical to his or her duties as a local agency officer or employee or with the duties, functions, or responsibilities of his or her appointing power or the agency by which he or she is employed. Such officer or employee shall not perform any work, service, or counsel for compensation outside of his or her local agency employment where any part of his or her efforts will be subject to approval by any other officer, employee, board, or commission of his

or her employing body, unless otherwise approved in the manner prescribed by subdivision (b).

The local agency may adopt rules governing the application of this section. Such rules shall include provision for notice to employees of the determination of prohibited activities, of disciplinary action to be taken against employees for engaging in prohibited activities, and for appeal by employees from such a determination and from its application to an employee.

SEC. 2. Section 1128 is added to the Government Code, to read:

1128. Service on an appointed or elected governmental board, commission, committee, or other body by an attorney employed by a local agency in a nonelective position shall not, by itself, be deemed to be inconsistent, incompatible, in conflict with, or inimical to the duties of the attorney as an officer or employee of the local agency and shall not result in the automatic vacation of either such office.

The county shall apply the sum received in payment of any or all of such taxes or special assessments, including penalties and costs, if any, accruing thereto, to the proper state, county, municipal or district officers, for the satisfaction of the tax and special assessment liens and shall pay the balance, if any, over to the surety or depositor.

(b) If the taxes or special assessments are allowed to become delinquent and the security consists of a deposit of money, negotiable bond or instrument of credit, the clerk, subject to any rules of the board of supervisors with respect thereto, shall apply the proceeds thereof to the payment of such taxes and special assessments, including penalties and costs. Any excess proceeds shall be deposited in the county treasury for the benefit of the persons entitled thereto.

(c) If authorized by prior agreement with the subdivider or his or her sureties, when secured taxes become due the amount of taxes and special assessments may be paid to the county tax collector from the security deposit, or the negotiable paper or instrument of credit may be cashed and any excess proceeds placed in the county treasury subject to refund claim by the subdivider.

The approval by the board of supervisors of the sale and leaseback shall be given only if the board of supervisors finds, by resolution, that the sale and leaseback is the most economical means for providing such personal property to the county.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The passage of Article XIII A of the California Constitution and an inflationary economy have placed severe financial restraints on counties, including their ability to obtain needed equipment and all other personal property. This act provides a means for a county to obtain such needed property on an economic basis. In order for counties to utilize this cost saving method at the earliest possible time, it is necessary that this act take effect immediately.

(b) Whenever the actual existence of any mental state, including, but not limited to, purpose, intent, knowledge, or malice aforethought, is a necessary element to constitute any particular species or degree of crime, evidence that the accused was voluntarily intoxicated at the time of the commission of the crime is admissible on the issue as to whether the defendant actually formed any such mental state.

(c) Voluntary intoxication includes the voluntary ingestion, injection, or taking by any other means of any intoxicating liquor, drug, or other substance.

26. All persons are capable of committing crimes except those belonging to the following classes:

Four—Persons who committed the act charged without being conscious thereof.

Five—Persons who committed the act or made the omission charged through misfortune or by accident, when it appears that there was no evil design, intention, or culpable negligence.

28. (a) Evidence of mental disease, mental defect, or mental disorder shall not be admitted to negate the capacity to form any mental state, including, but not limited to, purpose, intent, knowledge, or malice aforethought, with which the accused committed the act. The question as to whether the defendant had or did not have the required mental states shall be decided by the trier of fact.

SEC. 6. Section 188 of the Penal Code is amended to read:

188. Such malice may be express or implied. It is express when there is manifested a deliberate intention unlawfully to take away the life of a fellow creature. It is implied, when no considerable provocation appears, or when the circumstances attending the killing show an abandoned and malignant heart.

When it is shown that the killing resulted from the intentional doing of an act with express or implied malice as defined above, no other mental state need be shown to establish the mental state of malice aforethought. An awareness of the obligation to act within the general body of laws regulating society is not included within the definition of malice.

As used in this section, "destructive device" shall mean any destructive device as defined in Section 12301, and "explosive" shall mean any explosive as defined in Section 12000 of the Health and Safety Code.

To prove the killing was "deliberate and premeditated," it shall not be necessary to prove the defendant maturely and meaningfully reflected upon the gravity of his or her act.

The state department shall report to the Legislature by March 1 of each year any waivers of requirements imposed by its regulations granted during the prior calendar year to any health facility.

(e) This section shall remain in effect only until January 1, 1984, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1984, deletes or extends such date.

1277. (a) No license shall be issued by the state department unless it finds that the premises, the management, the bylaws, rules and regulations, the equipment, the staffing, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the health facility is operated in the manner required by this chapter and by the rules and regulations adopted hereunder.

(b) Notwithstanding any provision of Part 2 (commencing with Section 5600) of Division 5 of, or Division 7 (commencing with Section 7100) of, the Welfare and Institutions Code or any other law to the contrary, except Sections 2137.1 and 2137.2 of the Business and Professions Code, the licensure requirements for professional personnel, including, but not limited to, physicians and surgeons, dentists, podiatrists, psychologists, pharmacists, registered nurses,

and clinical social workers in the state and other governmental health facilities licensed by the state department shall not be less than for such professional personnel in health facilities under private ownership. Additionally, the requirements of this subdivision may be waived by the state department solely for persons in the professions of psychology or clinical social work who are gaining qualifying experience for licensure in such profession in this state. (c) A special permit shall be issued by the state department when it finds that the staff, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the special services unit is operated in the manner required in this chapter and by the rules and regulations adopted hereunder.

(d) The state department shall apply the same standards to state and other governmental health facilities that it licenses as it applies to health facilities in private ownership. The state department shall report to the Legislature by March 1 of each year any waivers of requirements imposed by its regulations granted during the prior calendar year to any health facility.

No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act

19441.5. The Legislature finds and declares that the services performed by stewards at horseracing meetings are unique and cannot be performed adequately, competently, or satisfactorily by civil service personnel, and that the services cannot be adequately rendered by an existing public agency and do not duplicate the function of an existing public agency. Stewards shall be personal service contractors of the board and shall not be civil service employees.

SEC. 2. Section 19442 of the Business and Professions Code is amended to read:

19442. The funds shall be paid to the board by the associations in equal installments at the end of each week, or partial week of racing. The board shall maintain these funds in a separate trust account in the State Treasury, and the board may withdraw advances from the trust account which are sufficient to meet the requirements of the stewards' compensation program but in amounts not to exceed the total of funds assessed for the program.

The board shall establish a committee of at least two board members to meet at least quarterly with representatives of the stewards, so that recommendations of the stewards can be discussed as necessary. These meetings may be scheduled the same day as regular board meetings or at the convenience of the board.

19510.5. The board shall require applicants for a license as a steward to pass an examination on matters relating to the duties of stewards. horsemen, association management, stewards, and other interested and knowledgeable groups. The written examinations may be administered by members of the board staff. Oral examinations shall be conducted by an oral examination panel to include at least two board members and one steward.

The board may admit to examination any person who meets all of the following qualifications:

For the purpose of subdivision (d), the experience of the applicant shall be in the same type of racing, either harness horseracing or other forms of horseracing, as the examination applied for, and one year of experience shall mean at least 100 days actually worked within one calendar year.

Stewards qualified through this section shall be placed on eligible lists from which the board will select the best qualified individuals to contract with for services. Separate eligible lists shall be maintained for stewards who have passed the harness horseracing examination and for stewards who have passed the horseracing examination for other forms of horseracing.

In the absence of that determination, priority shall be given to that proceeding which shall be based upon the proposal first filed with the executive officer.

SEC. 131. The hearing shall be held by the commission upon the date and at the time and place specified. The hearing may be continued from time to time but not to exceed 70 days from the date specified in the original notice.

of directors, may borrow money by issuing demand warrants, either to the lending entity, or to a third party, which warrants shall be annotated on their face as payable only from a special fund of the local district, and which shall be annotated on their face as payable at a stated time fixed by the board of directors.

SEC. 432. Such warrant, if payable to a third party, shall be negotiated by the lending entity on presentation to it by the third party.

SEC. 433. Such warrant shall bear interest at a rate to be set by the board of directors, but not to exceed 12 percent per annum.

SEC. 434. The proceeds of such warrant may be used for any purpose of the local district, including the redemption of outstanding time or demand warrants.

SEC. 435. Such warrants may be issued after the adoption, by a four-fifths vote of the board of directors, of a resolution setting forth the form of the warrant, the maturity date or dates thereof, and the manner of execution thereof.

SEC. 436. The board may, in its resolution authorizing the issuance of such warrant, provide that the warrant shall be subject to call and redemption prior to maturity.

SEC. 437. No such warrant shall be issued with a date of maturity more than five years from the date of issuance.

SEC. 438. The total amount of any such warrants outstanding at any time shall not exceed 90 percent of the assessment levied in accordance with Article 4 (commencing with Section 450) of this chapter, less the total amount of any time warrants outstanding.

SEC. 439. The county treasurer, on request of the board of directors, shall create such special fund, and shall deposit therein such moneys as are directed by the board of directors, including transfers from the general fund, and shall pay such warrant only from the special fund.

SEC. 440. If such warrants are not paid by reason of lack of funds, no further registration is required, and they shall continue to bear interest after their due date until paid, reissued, extended or canceled.

SEC. 441. Such warrants which are not paid on their due date because of lack of funds have priority over later warrants issued on the special fund.

Article 4. Levy of Assessments

SEC. 450. The board of directors shall have power each year to levy assessments on land only, exclusive of improvements and personal property, to accomplish the purposes of the local district. No benefit assessment shall be levied pursuant to this article unless it meets all of the following requirements:

(a) The amount of the assessment imposed on any parcel of property shall be related to the benefit to the parcel which will be derived from the provision of the service.

(b) The annual aggregate amount of the assessment shall not exceed the estimated annual cost of providing the service.

(c) The revenue derived from the assessment shall not be used to pay the cost of any service other than the service for which the assessment was levied.

SEC. 451. It is hereby declared that for the purposes of any assessment levied under the provisions of this act, the land so assessed within a given zone, or within the local district as a whole, is equally benefitted. It is hereby declared that the actual and necessary cost of running the local district in order to carry out works and projects is a benefit to the land benefitted by the works or project.

SEC. 452. The board of directors, on or before July 1 of each year, shall ascertain the costs of the projects or works of improvement of benefit to land within the local district, and shall ascertain whether any project or works of improvement benefit the land within the local district as a whole, or within any zone, and apportion the costs of those benefits to the land benefitted on an area basis. The amount of benefit apportioned to any one zone may be different from the amount apportioned to any other zone or zones, or to the district as a whole. For the purpose of this section, fractional acres may be treated as whole acres.

SEC. 453. On or before July 1 of each year, the board of directors shall, after noticed public hearing, adopt an ordinance setting the amount of the assessment. Such ordinance shall be subject to referendum.

SEC. 454. After the ordinance has become effective, and prior to August 1 of each year, the board of directors shall transmit the ordinance to the county auditor, and such assessment shall be collected by way of the tax bills of the county. The assessments shall appear as a separate item on the tax bill, shall be collected at the same time and in the same manner as county ad valorem property taxes are collected, and shall be subject to the same penalties and the same procedures and sale in case of delinquency as provided for such taxes.

SEC. 455. In the sole discretion of the board of directors, it may, by ordinance adopted in any one year, fix the assessment for that year, and up to four subsequent years. In the event an assessment in any given year is fixed by ordinance adopted in a previous year, no new ordinance need be adopted after that given year, except that the assessment may be increased to the maximum provided in the formation election.

SEC. 456. The maximum assessment set for the district as a whole or for any zone or zones therein may be increased by a vote of the electors in the district, or in the zone or zones affected, at which the proposed increase receives two-thirds of the votes cast.

SEC. 457. Notwithstanding any other provision of this act, the board of directors may waive all or a portion of the assessments on any parcel of land if the owner thereof grants to the local district land, easements, rights-of-way, or temporary usage of the land. The amount of assessments waived shall be set in the sole discretion of the

board, and any such waiver shall be communicated to the county auditor.

Article 5. Municipal Improvement Acts

SEC. 460. A local district, in the construction of any work to be done or improvement made by it, and in the levying of assessments and reassessments and the issuing of bonds to pay for costs and expenses of the work and improvements done or to be done, may use the Improvement Act of 1911 (Division 7 (commmencing with Section 5000) of the Streets and Highways Code), the Municipal Improvement Act of 1913 (Division 12 (commencing with Section 10000) of that code), or the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of that code). These acts are hereafter referred to in this article as the "improvement acts."

SEC. 464. No assessment or bond levied or issued pursuant to proceedings under any of the improvement acts as authorized by this article, shall become a lien, and no person shall be deemed to have notice thereof, until a certified copy of the assessment in the proceedings under the improvement act being utilized, and the diagram attached to the assessment, are recorded in the office of the county recorder.

SEC. 501. No appropriation is made and no reimbursement is

required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

This section applies to all displays which were lawfully erected in compliance with state and local laws in effect when the displays were erected, if the displays were still in existence on November 6, 1978, regardless of whether the displays have become nonconforming or have been provided an amortization period. Notwithstanding the foregoing sentence, this section shall not apply to displays which were erected pursuant to a written agreement with a governmental entity providing for the removal of the displays after a fixed period of time.

CHAPTER 425

An act to amend Sections 9901, 9902, and 9908 of the Unemployment Insurance Code, relating to employment.

[Approved by Governor September 11, 1981. Filed with Secretary of State September 12, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 9901 of the Unemployment Insurance Code is amended to read:

9901. (a) The Legislature finds and declares that existing classroom and worksite training programs are not sufficient to solve the employment problems of Vietnam era veterans, urban and rural economically disadvantaged, youths, displaced workers, and other persons with obsolete or inadequate job skills in that:

(1) Current linkages between on-the-job training and vocational/technical education need to be improved to assure that individuals are properly trained for the thousands of jobs which remain unfilled even during periods of high unemployment among youth, disadvantaged persons, displaced workers, and persons with obsolete or inadequate job skills.

(2) Job training programs need to reallocate sufficient resources to career-oriented upgrading of skills.

(3) Current programs for upgrading skills and career advancement need to involve employers in complimentary worksite training to a greater extent.

(4) Workers with obsolete or inadequate skills are often required to quit a job or accept part-time employment to participate in upgrading training.

(b) To remedy the problems specified in subdivision (a), the Legislature hereby declares it the policy of the State of California to provide job training programs which integrate classroom instruction with entry level and career worksite training in order to provide effective opportunities for youth and the economically disadvantaged to enter into career employment and advancement. To develop such integrated programs, this chapter is intended to encourage local educational and training agencies, employee organizations, and employers to coordinate their efforts under the administration of the Employment Development Department working in concert with the Department of Industrial Relations, the Department of Education, and the chancellor's office of the community colleges.

It is further the intention of the Legislature that programs developed pursuant to this chapter shall not replace, parallel, supplant, compete with or duplicate in any way already existing approved apprenticeship programs.

SEC. 2. Section 9902 of the Unemployment Insurance Code is amended to read:

9902. As used in this chapter:

(a) "Career worksite training" means the progressive development of skills associated with a defined set of work processes to be covered sequentially in the course of employment in an

occupation, trade, or industry. Such training shall be upgrading in nature, shall be integrated with and supplemented by classroom instruction as deemed necessary and appropriate, and shall be consistent with a career pattern of advancement, as measured by skill proficiency and the progression of earnings and related benefits that is recognized with the occupation, trade, or industry. Career worksite training includes apprenticeship and on-the-job training programs developed in accordance with the provisions of Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code.

(b) "Entry level training" means instruction conducted in the classroom, worksite, or in any combination thereof which is short-term in nature and is either preparatory for employment or an integral part of employment in an entry classification in a particular occupation or industry, when such entry level training is directly linked to a specific career worksite training program or when the entry classification is the source of entry into a career worksite training program.

(c) "Classroom instruction" means job-related instruction on or off the job site, the provision of which is normally outside of scheduled working hours and is neither in the course of production nor in the course of rendering a service. When used in the context of being "integrated" with or "supplemental" to worksite training it means classroom instruction that is specifically linked to training on the job and phased with the work process covered, so that the skills acquired both in the classroom and on the job are mutually reinforced in a manner that enhances the career education and the productivity of the trainee. An individual involved in classroom instruction, as defined in this section, shall be exempt from the requirements of any interdistrict agreement.

(d) "Covered costs of classroom instruction" means costs incurred in the provision of classroom instruction for both entry level and career worksite training, and may include specifically identified costs incurred for instructors, classroom space and facilities, liability insurance, administrative support services, and related costs, which together, do not exceed the amount normally allowed for the support of vocational and technical classes as determined on the basis of criteria developed pursuant to Section 9903. To the extent possible, funds allocated from other sources shall be utilized in the provision of classroom training. Costs such as those for specialized equipment and materials not appropriately attributable to classroom training shall not be allowed.

(e) "Department" means the Employment Development Department.

(f) "Director" means the Director of the Employment Development Department.

(g) "Eligible applicant" means an applicant who may apply for funds that are made available through this chapter for the support of classroom and worksite components of both "entry level training" and "career worksite training" as those terms are defined in this

section. Eligible applicants shall include local education agencies, employers, employee organizations, Comprehensive Employment and Training Act prime sponsors, community based organizations, and other providers of training of demonstrated effectiveness, or any combination thereof, when programs supported by funds available to them or through them are integrated with programs supported under the provisions of this chapter. No party to a collective-bargaining agreement shall be an eligible applicant unless all parties to the agreement agree in writing.

(h) "Added costs to employers" means, as specified by regulations or guidelines established pursuant to this chapter, the actual increased costs incurred by employers when they assume the responsibility for career worksite training. Such increased costs must be specifically identified, and may include such costs as those incurred for training supervision, for maintaining training records, for monitoring the progress of training and implementing performance standards, for the additional costs of production time allocated for training on the job, and for similar functions essential to career worksite training programs.

(i) "Participant stipend" means, when provided under this chapter, a form of financial support to trainees that is limited to covering lost earnings when, for reasons related to the nature of a particular program, the classroom instruction that is integrated with a career worksite training program cannot be provided outside of regular working hours, or in the case of economically disadvantaged participants, limited payments for entry level training that is directly linked to career worksite training programs. Participant stipends, as specified by regulations or guidelines established pursuant to this chapter, may be augmented to provide transportation costs and relocation assistance only where other federal and state resources are not available. Relocation assistance may be provided in the form of loans, grants, or both, and shall only be available to involuntarily unemployed individuals who cannot reasonably be expected to secure full-time employment in the community in which they reside or secure bona fide offers of employment, other than temporary or seasonal employment. Nothing in this chapter shall limit stipends provided through a program supported pursuant to the Comprehensive Employment and Training Act which is coordinated with a program supported under this chapter, or which are provided by other funds.

(j) "Local education agency" means a board of education or other legally constituted local school authority having administrative control and direction of public elementary or secondary schools in a city, county, township, school district, or political subdivision of the state, or any other public or private educational institution or agency having administrative control and direction of a vocational education program.

(k) "Vietnam era veteran" means any person who served on active duty in the United States military service during the period

from August 5, 1964, to December 31, 1972, or who received a Vietnam service medal, if either of the following apply:

(1) The person was discharged or released from the service under conditions other than bad conduct or dishonorable as determined by the United States Veterans Administration under the standards specified in subdivision (d) of Section 3.12 of Title 38 of the Code of Federal Regulations, and served at least 18 months of active duty during such period.

(2) The person was discharged or released because of a service-connected disability rated at 30 percent or more by the Veterans Administration, and served at least one day of active duty during the period.

SEC. 3. Section 9908 of the Unemployment Insurance Code is amended to read:

9908. In order to receive financial assistance under this chapter, eligible applicants shall submit a locally developed California Work-site Education and Training Plan. Such plans shall be sufficiently detailed to provide an understanding of local labor market conditions and the programmatic, administrative, and financial arrangements necessary to ensure that training programs are conducted in accord with this chapter. The formulation of the plan shall, to the extent practicable, involve the participation of local education agencies, employers, employee organizations, representatives of appropriate state agencies, including the Employment Development Department, the Department of Industrial Relations, the chancellor's office of the community colleges, the Department of Education, Comprehensive Employment and Training Act prime sponsors, and other appropriate local employment and training providers. Program plans shall:

(a) Describe local labor market conditions, including the potential for job growth in private sector business and industry including identification of specific job openings utilizing California Occupational Information System as appropriate.

(b) Describe classroom and worksite training components, including the length of time to be spent in classroom and worksite training. Classroom training should be based on the minimum feasible time necessary for occupational preparedness as described by employers.

(c) Describe the institutional arrangements between participating training deliverers.

(d) Describe arrangements with employers for worksite training including employer commitments to hire as a result of entry level or upgrading training and the potential for promotion or career advancement.

(e) Identify local resources, including, but not limited to, funds, equipment, tools, and laboratories, which will be used to support the training as well as the resources of other federal or state employment and training agencies or the Department of Industrial Relations.

(f) Describe a process for evaluation which may include the use of independent contractors for the development or conduct of such evaluation.

(g) Describe arrangements to ensure that training be provided on a priority basis to Vietnam era veterans, the economically disadvantaged, youths, displaced workers, and persons with obsolete or inadequate job skills, including, but not limited to, those lacking high school diplomas and those needing basic or upgraded skills training.

Any member who has knowledge that the member designated to report has failed to do so, shall thereafter make the report.

(e) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties and no person making such a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise supervisors and administrators of reports may be established provided that they are not inconsistent with the provisions of this article.

(f) A county probation or welfare department shall immediately or as soon as practically possible report by telephone to the law enforcement agency having jurisdiction over the case, and to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, every known or suspected instance of child abuse as defined in Section 11165, except acts or omissions coming within the provisions of paragraph (2) of subdivision (c) of Section 11165, which shall only be reported to the county welfare department. (b) Information relevant to the incident of child abuse may also be given to an investigator from a child protective agency who is investigating the known or suspected case of child abuse.

(c) Persons who may report pursuant to subdivision (c) of Section 11166 are not required to include their names. The identity of all persons who report under this article shall be confidential and disclosed only when needed for court action initiated under Section 232 of the Civil Code, or Section 300 of the Welfare and Institutions Code, or in a criminal prosecution arising from alleged child abuse, or by court order or between child protective agencies.

SEC. 4. Section 11169 of the Penal Code is amended to read:

11169. A child protective agency shall forward to the Department of Justice a preliminary report in writing of every case of known or suspected child abuse which it investigates, other than cases coming within the provisions of paragraph (2) of subdivision (c) of Section 11165, whether or not any formal action is taken in the case. However, if after investigation the case proves to be unfounded no report shall be retained by the Department of Justice. If a report has previously been filed which has proved unfounded the Department of Justice shall be notified of that fact. The report shall be in a form approved by the Department of Justice. A child protective agency receiving a written report from another child protective agency shall not send such report to the Department of Justice.

11170. The Department of Justice shall immediately notify a child protective agency which submits a report pursuant to Section 11169 of any information maintained pursuant to Section 11110 which is relevant to the known or suspected instance of child abuse reported by the agency. The indexed reports retained by the Department of Justice shall be continually updated and shall not contain any unfounded reports. A child protective agency shall make such information available to the reporting medical practitioner, child custodian, or guardian ad litem appointed under Section 318 of the

Welfare and Institutions Code, if he or she is treating or investigating a case of known or suspected child abuse.

When a report is made pursuant to subdivision (a) of Section 11166, the investigating agency shall, upon completion of the investigation or after there has been a final disposition in the matter, inform the person required to report of the results of the investigation and of any action the agency is taking with regard to the child or family.

SEC. 6. Section 11172 of the Penal Code is amended to read:

11172. (a) No child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who reports a known or suspected instance of child abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse, or causing photographs to be taken of a suspected victim of child abuse, without parental consent, or for disseminating the photographs with the reports required by this article. However, the provisions of this section shall not be construed to grant immunity from such liability with respect to any other use of the photographs.

(b) Any person who fails to report an instance of child abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than five hundred dollars ($500) or by both.

SEC. 7 Section 11174 of the Penal Code is amended to read:

11174. The Department of Justice, in cooperation with the State Department of Social Services, shall prescribe by regulation guidelines for the investigation of child abuse, as defined in subdivision (f) of Section 11165, in group homes or institutions and shall ensure that every investigation of alleged child abuse coming within that definition is conducted in accordance with the regulations and guidelines.

SEC 8. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 9. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of this act shall achieve maximum implementation, it is necessary that this act take effect at the earliest possible date.

CHAPTER 439

An act to add Chapter 10 (commencing with Section 21700) to Division 8 of the Business and Professions Code, relating to self-service storage facilities.

[Approved by Governor September 11, 1981 Filed with Secretary of State September 12, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10 (commencing with Section 21700) is added to Division 8 of the Business and Professions Code, to read:

CHAPTER 10. SELF-SERVICE STORAGE FACILITIES

21700. This act shall be known as the "California Self-Service Storage Facility Act."

21701. For the purposes of this chapter, the following terms shall have the following meanings:

(a) "Self-service storage facility" means any real property designed and used for the purpose of renting or leasing individual storage space to occupants who are to have access to the space for the purpose of storing and removing personal property, but does not include a garage or other storage area in a private residence. No occupant shall use a self-service storage facility for residential purposes. A self-service storage facility is not a warehouse, nor a public utility, as defined in Section 216 of the Public Utilities Code. If an owner issues any warehouse receipt, bill of lading, or other document of title for the personal property stored, the owner and the occupant are subject to the provisions of Division 7 (commencing with Section 7101) of the Commercial Code, and the provisions of this chapter do not apply.

(b) "Owner" means the owner, operator, lessor, or sublessor of a self-service storage facility, his or her agent, or any other person authorized by him or her to manage the facility, or to receive rent from an occupant under a rental agreement, and no real estate license is required.

(c) "Occupant" means a person, or his or her sublessee, successor, or assign, who is entitled to the use of the storage space at a self-service storage facility under a rental agreement, to the

exclusion of others.

(d) "Rental agreement" means any written agreement or lease which establishes or modifies the terms, conditions, rules, or any other provision concerning the use and occupancy of a self-service storage facility.

(e) "Personal property" means movable property not affixed to land, and includes, but is not limited to, goods, merchandise, furniture, and household items.

(f) "Last known address" means that address provided by the occupant in the latest rental agreement, or the address provided by the occupant in a subsequent written notice of a change of address.

21702. The owner of a self-service storage facility and his or her heirs, executors, administrators, successors, and assigns have a lien upon all personal property located at a self-service storage facility for rent, labor, or other charges, present or future, incurred pursuant to the rental agreement, and for expenses necessary for the preservation, sale, or disposition of personal property subject to the provisions of this chapter. The lien may be enforced consistent with the provisions in this chapter. However, any lien on a motor vehicle or boat which has attached and is set forth in the documents of title to the motor vehicle or boat shall have priority over any lien created pursuant to this chapter.

21703. When any part of the rent or other charges due from an occupant remain unpaid for 14 consecutive days, an owner may terminate the right of the occupant to the use of the storage space at a self-service storage facility by sending a notice to the occupant's last known address, and to the alternative address specified in subdivision (b) of Section 21712, by certified mail, postage prepaid, containing all of the following:

(a) An itemized statement of the owner's claim showing the sums due at the time of the notice and the date when the sums became due.

(b) A statement that the occupant's right to use the storage space will terminate on a specified date (not less than 14 days after the mailing of the notice) unless all sums due are paid by the occupant prior to the specified date.

(c) A notice that the occupant may be denied access to the storage space after the termination date if the sums are not paid, and that an owner's lien, as provided for in Section 21702, may be imposed thereafter.

(d) The name, street address, and telephone number of the owner, or his or her designated agent, whom the occupant may contact to respond to the notice.

21704. A notice in substantially the following form shall satisfy the requirements of Section 21703:

PRELIMINARY LIEN NOTICE

TO _____
(occupant)
_____
(address)
_____
(state)

You owe and have not paid rent and/or other charges for the use of storage _____
(space number)
at _____ .
(name and address of storage facility)
These charges total $ _____
(amount)
and have been due for more than 14 days. They are itemized as follows:

Due Date	Description	Amount

TOTAL: $_____

If this sum is not paid in full before
_____
(date at least 14 days from mailing)
your right to use the storage space will terminate, you will be denied access, and an owner's lien on any stored property will be imposed.

You may pay this sum and may contact the owner at:

_____
(name)
_____
(address)
_____
(state)
_____
(telephone)

_____
(date)

(owner's signature)

21705. If a notice has been sent, as required by Section 21703, and the total sum due has not been paid as of the date specified in the preliminary lien notice, the owner may deny an occupant access to the space, enter the space, and remove any property found therein to a place of safe keeping. The owner shall then send to the occupant, addressed to the occupant's last known address, and to the alternative address specified in subdivision (b) of Section 21712, by certified mail, postage prepaid, all of the following:

(a) A notice of lien sale which shall state all of the following:

(1) That the occupant's right to use the storage space has terminated and that the occupant no longer has access to the stored property.

(2) That the stored property is subject to a lien, and the amount of the lien.

(3) That the property will be sold to satisfy the lien after a specified date which is not less than 14 days from the date of mailing the notice unless the amount of the lien is paid or the occupant executes and returns by certified mail a declaration under penalty of perjury in opposition to the lien sale in the form set forth in subdivision (b).

(4) That any excess proceeds of the sale over the lien amount and costs of sale will be retained by the owner and may be reclaimed by the occupant, or claimed by another person, at any time for a period of one year from the sale and that thereafter the proceeds will escheat to the county.

(b) A blank declaration in opposition to the lien sale which shall be in substantially the following form:

DECLARATION IN OPPOSITION TO LIEN SALE

I, _____ ,
(occupant's name)
have received the notice of lien sale of the property stored at
_____ .
(location and space #)
I oppose the lien sale of the property My address is:
_____
(address)
_____
(city) (state) (zip)
I understand that the lienholder may file an action in court against me, and if a judgment is given in his or her favor, I may be liable for the court costs. I declare under penalty of perjury that the foregoing is true and correct, and that this declaration was signed by me on
_____ at _____.
(date) (place)

(signature of occupant)

21706. If a declaration in opposition to the lien sale, executed under penalty of perjury, is not received prior to the date of sale set forth in the notice of lien sale, the owner may subject to the provisions of Sections 21708 and 21709 sell the property upon complying with the requirements set forth in Section 21707.

21707. (a) After the expiration of the time given in the notice of lien sale, pursuant to subdivision (a) of Section 21705, an advertisement of the sale shall be published once a week for two weeks consecutively in a newspaper of general circulation published in the judicial district where the sale is to be held. The advertisement shall include a general description of the goods, the name of the person on whose account they are being stored, the space number of the occupant, and the name and location of the storage facility. If there is no newspaper of general circulation published in the judicial district where the sale is to be held, the advertisement shall be posted at least 10 days before the sale in not less than six conspicuous places in the neighborhood of the proposed sale.

(b) The sale shall be conducted in a commercially reasonable manner, and, after deducting the amount of the lien and costs of sale, the owner shall retain any excess proceeds of the sale on the occupant's behalf. The occupant, or any other person having a court order or other judicial process against the property, may claim the excess proceeds, or a portion thereof sufficient to satisfy the particular claim, at any time within one year of the date of sale. Thereafter, the owner shall pay any remaining excess proceeds to the treasury of the county in which the sale was held.

21708. Any person who has a perfected security interest under Division 9 (commencing with Section 9101) of the Commercial Code may claim any personal property subject to the security interest and subject to a lien pursuant to this chapter by paying the total amount due, as specified in the preliminary lien notice, for the storage of the property, if no declaration of opposition to the lien sale is executed and returned by the occupant. Upon payment of the total amount due, the owner shall deliver possession of the particular property subject to the security interest to the person who paid the total amount due. The owner shall not be liable to any person for any action taken pursuant to this section if the owner has fully complied with the requirements of Sections 21704 and 21705.

21709. Prior to any sale pursuant to Section 21706, any person claiming a right to the goods may pay the amount necessary to satisfy the lien and the reasonable expenses incurred for particular actions taken pursuant to this chapter. In that event, the goods shall not be sold, but shall be retained by the owner subject to the terms of this chapter pending a court order directing a particular disposition of the property.

21710. If a declaration in opposition to the lien sale is received

prior to the date set forth in the notice of lien sale, the owner may enforce the lien as follows:

(a) An action to enforce the owner's lien shall be commenced by the filing of a verified complaint setting forth the facts upon which the claim of lien is based. The summons and complaint may be served by certified mail, postage prepaid, addressed to the occupant at his or her last known address, in which case service shall be deemed completed on the fifth day after the mailing, or in any other manner authorized by Chapter 4 (commencing with Section 413.10) of Title 2 of Part 2 of the Code of Civil Procedure.

(b) The occupant shall have 10 days in which to respond to the complaint after service of the summons is completed, which time may be extended for good cause shown.

(c) If the occupant has not responded to the complaint by answer or demurrer within the time allowed after service is completed, the clerk, or the judge if there is no clerk, upon application of the owner, shall enter the default of the occupant, and thereafter, the owner may apply to the court for judgment in the amount of the lien, including costs.

(d) Any judgment entered on the action on the lien in favor of the owner may be enforced by sale of the property by the owner. The sale shall be conducted in a commercially reasonable manner, and shall take place 10 days or more from the entry of judgment, unless within that time period, or at any time prior to the sale, the occupant pays to the owner the full amount of the judgment.

(e) Enforcement of the judgment may be stayed, pending appeal, by the posting of a bond by the occupant in an amount one and one-half times the amount of the judgment, in which case the property may be released to the occupant.

21711. A purchaser in good faith of goods sold to enforce a lien or a judgment entered on the lien in favor of the owner on goods stored at a self-service storage facility takes the goods free of any rights of persons against whom the lien was claimed, despite noncompliance by the owner of the storage facility with the requirements of this chapter.

21712. (a) Each contract for the rental or lease of individual storage space in a self-service storage facility shall be in writing and shall contain, in addition to the provisions otherwise required or permitted by law to be included, a statement that the occupant's property will be subject to a claim of lien and may even be sold to satisfy the lien if the rent or other charges due remain unpaid for 14 consecutive days and that such actions are authorized by this chapter.

(b) The provisions of this chapter shall not apply, and the lien authorized by this chapter shall not attach, unless the rental agreement requests, and provides space for, the occupant to give the name and address of another person to whom the preliminary lien notice and subsequent notices required to be given under this chapter may be sent. Notices sent pursuant to Section 21703 or

Section 21705 shall be sent to the occupant's address and the alternative address, if both addresses are provided by the occupant. Failure of an occupant to provide an alternative address shall not affect an owner's remedies under this chapter or under any other provision of law.

21713. Nothing in this chapter shall be construed to impair or affect the right of the parties to create additional rights, duties, and obligations in and by virtue of the rental agreement. The rights provided by this chapter shall be in addition to all other rights provided by law to a creditor against his or her debtor.

21714. The provisions of this chapter shall only apply to rental agreements entered into, or extended, or renewed after the effective date of this chapter.

21715. All rental agreements entered into before the effective date of this chapter, and not extended or renewed after that date, and the rights, duties, and interests flowing from them, shall remain valid, and may be enforced or terminated in accordance with their terms or as permitted by any other statute or law of this state.

21716. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the chapter, which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

[Approved by Governor September 11, 1981. Filed with Secretary of State September 12, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 23390 of the Business and Professions Code is amended to read:

23390. A licensed winegrower or brandy manufacturer, in addition to exercising all the privileges of his license at his licensed premises, may exercise all his license privileges at or from branch offices or warehouses, or United States bonded wine cellars located away from his place of production or manufacture, other than production or manufacture, the sale of wine or brandy to consumers for consumption on the premises in a bona fide eating place, and the sale or delivery of wine to consumers in containers supplied, furnished, or sold by the consumer. The department shall upon

request issue to a winegrower or brandy manufacturer a duplicate of his original license for a location or locations other than his wine production or brandy manufacture premises. The duplicate license authorizes the maintenance and operation of each branch or warehouse or United States bonded wine cellar declared and designated by the winegrower or brandy manufacturer at the location for which the duplicate license is issued. The fee for each duplicate winegrower's license is an amount equal to the license fee payable for a like period for a wholesale beer and wine license, and for each duplicate brandy manufacturer's license an amount equal to the fee paid for the original license.

Notwithstanding the provisions of any other section of this division, a duplicate winegrower's license or duplicate brandy manufacturer's license shall be issued forthwith upon the application therefor. In the event any protest is received by the department concerning the issuance of such duplicate license, the protest shall be considered as an accusation against the licensee and a hearing had thereon as if an accusation had been filed.

For 30 days from the date of the issuance of such duplicate license, no retail sales of wine or brandy shall be made at any branch office for which a duplicate winegrower's license or duplicate brandy manufacturer's license is issued pursuant to this section.

Notwithstanding any other provision of law, the department may allow any person who held more than one original winegrower's license, on or before January 1, 1981, to transfer any duplicate license which has been issued, on or before January 1, 1981, on any of the original winegrower's licenses to any other original winegrower's license held by that person, on or before January 1, 1981 provided that the licensee cancels the original winegrower's license from which any duplicate license is transferred. This subdivision shall not authorize any person to acquire any additional duplicate licenses other than those held by that licensee on or before January 1, 1981.

CHAPTER 451

[Approved by Governor September 11, 1981 Filed with Secretary of State September 12, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 41403 of the Education Code is amended to read:

41403. The Superintendent of Public Instruction shall, for each current fiscal year, determine for each school district in the state, to two decimal points, the following:

(a) The total number of administrative employees, except those serving in positions which are supported by categorical grants from any source and are in programs which require specific teacher-administrator ratios, or which are supported by federal funds. As to those serving in positions which are not supported completely by such categorical grants from any source or completely by federal funds, the number of employees reported shall include the full-time equivalent of all fractional time attributable to that time not supported by categorical grants or federal funds.

(b) The total number of teachers except those serving in positions which are supported by federal funds or by categorical grants from any source and are in programs which require specific teacher-administrator ratios. As to those serving in positions which are not supported completely by such categorical grants from any source or completely by federal funds, the number of employees reported shall include the full-time equivalent of all fractional time attributable to that time not supported by categorical grants or federal funds Substitute teachers may be counted as teachers only if the employee for whom they are substituting is not counted. In no event shall the number of full-time equivalent teachers reported be greater than the number of full-time equivalent teaching positions in the district.

(c) The total maximum number of administrative employees which should be employed by the district based upon the application of the appropriate ratio prescribed by Section 41402 to the number of teachers determined pursuant to subdivision (b).

(d) The number of administrative employees in excess of the number allowable without penalty as determined by subtracting the number determined pursuant to subdivision (c) from the number determined pursuant to subdivision (a).

The number of employees reported pursuant to subdivisions (a), (b), (c), and (d) shall include the full-time equivalent of all fractional time of such employees.

For purposes of determining the allowable ratio of administrative employees to teachers for the San Diego City School District, the Superintendent of Public Instruction shall exclude from the numbers reported pursuant to subdivisions (a), (b), (c), and (d), the number of employees and the full-time equivalent of all of the fractional time of employees serving the district in positions mandated as the result of the district's court-ordered integration plan

No individual may be counted as more than one full-time equivalent employee.

SEC 2. Due to the unique circumstances concerning the ability of the San Diego City School District to meet the required ratio of administrative employees to teachers because of court-mandated ordered integration programs and services, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

CHAPTER 452

[Approved by Governor September 11, 1981. Filed with Secretary of State September 12, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 1810.3 of the Civil Code is amended to read:

1810.3. (a) Except in the case of an account which the seller deems to be uncollectible or with respect to which delinquency collection procedures have been instituted, the seller of any retail installment account shall mail or deliver to the buyer for each billing cycle at the end of which there is an outstanding debit balance in excess of one dollar ($1) in that account or with respect to which a finance charge is imposed, a statement or statements which the buyer may retain, setting forth in accordance with subdivision (c) each of the following items to the extent applicable:

(1) The outstanding balance in the account at the beginning of the billing cycle, using the term "previous balance."

(2) The amount and date of each extension of credit or the date the extension of credit is debited to the account during the billing cycle and, unless previously furnished, a brief identification of any goods or services purchased or other extension of credit.

(3) The total amounts credited to the account during the billing cycle for payments, using the term "payment," and for other credits, including returns, rebates of finance charges, and adjustments, using the term "credits," and unless previously furnished, a brief identification of each of the items included in the other credits.

(4) The amount of any finance charge, using the term "finance charge," debited to the account during the billing cycle, itemized and identified to show the amounts, if any, due to the application of periodic rates and the amount of any other charge included in the finance charge, such as a minimum charge, using appropriate descriptive terminology.

(5) Each periodic rate, using the term "periodic rate" (or "rates"), that may be used to compute the finance charge (whether or not applied during the billing cycle), and the range of balances to which it is applicable.

(6) The balance on which the finance charge was computed, and a statement of how that balance was determined. If any balance is determined without first deducting all credits during the billing cycle, that fact and the amount of such credits shall also be disclosed.

(7) The closing date of the billing cycle and the outstanding balance in the account on that date, using the term "new balance," accompanied by the statement of the date by which, or the period, if any, within which, payment must be made to avoid additional

finance charges.

(b) The seller shall mail or deliver the statements required by subdivision (a) at least 14 days prior to any date or the end of any time period required to be disclosed under paragraph (7) of subdivision (a) in order for the consumer to avoid an additional finance or other charge. A seller that fails to meet this requirement shall not collect any finance or other charges imposed as a result of such failure.

(c) The disclosures required by subdivision (a) shall be made on the face of the periodic statement, on its reverse side, or on the periodic statement supplemented by separate statement forms provided they are enclosed together and delivered to the customer at the same time, and further provided that:

(1) The disclosures required by paragraph (1) of subdivision (a) shall appear on the face of the periodic statement. If the amounts and dates of the charges and credits required to be disclosed under paragraphs (2) and (3) of subdivision (a) are not itemized on the face or reverse side of the periodic statement, they shall be disclosed on a separate statement or separate slips which shall accompany the periodic statement and identify each charge and credit and show the date and amount thereof. Identification of goods or services purchased may be made on an accompanying slip or by symbol relating to an identification list printed on the statement. If the disclosures required under paragraph (4) of subdivision (a) are not itemized on the face or reverse side of the periodic statement, they shall be disclosed on a separate statement which shall accompany the periodic statement.

(2) The disclosures required by paragraph (5) of subdivision (a) and a reference to the amounts required to be disclosed under paragraphs (4) and (6) of subdivision (a), if not disclosed together on the face or the reverse side of the periodic statement, shall appear together on the face of a single supplemental statement which shall accompany the periodic statement.

(3) The face of the periodic statement shall contain one of the following notices, as applicable: "NOTICE: See reverse side for important information" or "NOTICE: See accompanying statement(s) for important information" or "NOTICE: See reverse side and accompanying statement(s) for important information"; and

(4) The disclosures shall not be separated so as to confuse or mislead the customer or obscure or detract attention from the information required to be disclosed

(d) If any change is to be made in terms of a retail installment account previously disclosed to the buyer, the seller shall mail or deliver to the buyer written disclosure of such proposed change not less than 30 days prior to the effective date of such change or 30 days prior to the beginning of the billing cycle within which such change will become effective, whichever is the earlier date.

(e) If any outstanding credit balance in excess of one dollar ($1)

exists in a retail installment account, the seller shall mail or deliver to the buyer at the end of the billing cycle in which the credit balance is created either: (i) a cash refund in the amount of such outstanding credit; or (ii) a statement setting forth the credit balance, and thereafter shall mail or deliver to the buyer a statement setting forth the credit balance no fewer than two additional times during the six-month period following creation of the credit balance. If the credit balance exists for a period of 90 days, the seller shall, at his option, do either of the following:

(1) Notify the buyer of his right to request and receive a cash refund in the amount of such outstanding credit balance in two successive statements covering, respectively, each of the two successive billing cycles immediately following the 90-day period. Such notice is to be accomplished by a clear and conspicuous disclosure on or enclosed with each of the two successive statements, each of which shall be accompanied by a self-addressed return envelope. Such disclosure shall contain the following information and may be in the following form:

"We owe you _____. Your credit balance will be refunded on request If you don't request a refund, six months from the first appearance of a ' credit balance' on your bill, your credit balance will be refunded automatically.

"If your credit balance is $1.00 or less, it will not be refunded unless requested, and after 6 months, it will not be credited against future purchases.

"You may obtain a refund of your credit balance by mail by presenting your statement at our store or by returning the top half of your statement in the enclosed envelope."

If between the sending of the first notice and the sending of the second notice required by this paragraph, the outstanding credit balance is refunded to the buyer or otherwise disposed of, the sending of the second notice shall not be required.

(2) Refund to the buyer the outstanding credit balance at any time after such credit balance is created in the buyer's account and prior to the date by which the first notice of the outstanding balance would have been sent had the seller elected to proceed under paragraph (1).

(f) (1) If a retail installment account with an outstanding credit balance in excess of one dollar ($1) which has been determined to be correct by the seller is dormant for a period of 180 days after such credit balance is created in the buyer's account, the seller shall mail or deliver a refund in the amount of the outstanding credit balance to the buyer at the buyer's last known address

(2) If any refund is returned to the seller with a notification to the effect that the addressee is not located at the address to which it was sent, the seller shall make one remailing of the refund with an address correction request, and shall mail such refund to such

corrected address, if it is obtained.

(3) If such refund reflecting an outstanding credit balance in excess of twenty-five dollars ($25) is again returned, the seller shall reinstate the full amount of the outstanding credit balance on the buyer's account to be retained and credited against future purchases for one year from the date on which the remailed refund was returned. The seller may continue to attempt to obtain a current mailing address for the buyer by whatever means the seller deems appropriate. Except as provided in subdivision (g), the seller shall not be required to take any further action with respect to sending any statement of the credit balance or otherwise with respect to the credit balance, unless the buyer of such an account thereafter requests a refund of such credit balance, in which event the seller shall either make such refund or provide a written explanation as provided in paragraph (5) of this subdivision.

(4) If a remailed refund reflecting an outstanding credit balance of twenty-five dollars ($25) or less is again returned, the seller, except as provided in subdivision (g), shall not be required to take any further action with respect to sending any statement of the credit balance to the buyer or otherwise with respect to such credit balance, unless the buyer of such an account thereafter requests a refund of such credit balance, in which event the seller shall either make such refund or provide a written explanation as provided in paragraph (5) of this subdivision.

(5) If a buyer requests, in person or by mail, a refund of a credit balance in any amount which has been reflected at any time on such buyer's account, the seller shall, within 30 days of receipt of such request, either refund the amount requested, or furnish the customer with a written explanation, with supporting documentation when available, of the reasons for refusing to refund the amount requested.

(6) If a buyer, in writing, requests a seller to retain an outstanding credit balance on his account, the seller shall not be required to give notification as otherwise required by subdivisions (e) and (f).

(g) If an outstanding credit balance remains unrefundable for seven years from the date it was created in the buyer's account, then the amount of the buyer's outstanding credit balance shall escheat to the state as property included within Section 1520 of the Code of Civil Procedure. Such funds shall be paid or delivered to the State Controller, and may thereafter be claimed, as specified in Chapter 7 (commencing with Section 1500) of Title 10 of Part 4 of the Code of Civil Procedure.

(h) For the purposes of this section, an outstanding credit balance is created at the end of the billing cycle in which the credit balance is first recorded on a buyer's account and is created anew at the end of the billing cycle in which the recorded amount of an existing credit balance is changed because of the buyer's use of his account.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the

California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

[Approved by Governor September 14, 1981 Filed with Secretary of State September 14, 1981]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to update and streamline the Education Code as it pertains to community colleges.

The Legislature finds and declares that government rulemaking which is unnecessary, overburdensome or confusing wastes resources which the state cannot afford to waste The Legislature further finds that the Education Code, as it pertains to community colleges, continues to regulate closely community college districts in a manner similar to school districts, rather than as higher education entities.

This act repeals or amends provisions which are unnecessarily burdensome, repeals outdated provisions, repeals redundant provisions, and harmonizes conflicting provisions so as to make the Education Code more realistic, clear, up-to-date, and concise as it relates to community colleges. By making these changes, the Legislature intends to promote a more efficient utilization of resources within the community colleges. In addition, the Legislature also intends to increase local control and flexibility in the administration and governance of community colleges by reducing the number of statutes which unnecessarily dictate the specifics of college operations.

It is not the intent of the Legislature in enacting this act to divest any community college employee of any previously accrued rights which may have been obtained pursuant to any statutes which have been amended or repealed by this act

The governing board of the unified district shall continue to govern the community college district until members of the new governing board of the community college district are elected and qualified to serve, at which time the governance of the community college district shall pass to the new governing board of the community college district.

Thereafter, all elections of governing board members of the community college district shall be held under the same conditions, at the same times, and for the same terms as elections for the unified district governing board pursuant to a city charter. The governing board of the unified district shall continue to govern the community college district until members of the new governing board of the community college district are elected and qualified to serve, at which time the governance of the community college district shall pass to the new governing board of the community college district.

(e) Each member of the separate governing board of the community college district shall receive the same compensation as received by members of the separate governing board of the unified district under Section 72425, notwithstanding any requirements to the contrary contained in that section.

SEC. 296. Section 84362 of the Education Code is amended to read:

84362. For purposes of this section:

(a) "Salaries of classroom instructors" and "instructors" shall have the same meaning as prescribed by Section 84031. However, the cost of all health and welfare benefits provided to the instructors by the community college district shall be included within the meaning of salaries of classroom instructors.

(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a district (except one which, during the preceding fiscal year, had less than 101 units of average daily attendance) for certificated salaries other than certificated salaries for student transportation, food services, and community services; classified salaries other than classified salaries for student transportation, food services, and community services; employee benefits other than employee benefits for student transportation personnel, food services personnel, and community services personnel, books, supplies, and equipment replacement other than for student transportation and food services; and community services, contracted services, and other operating expenses other than for student transportation, food services, and community services. "Current expense of education," for purposes of this section, shall not include those expenditures classified as sites, buildings, books, and media and new equipment (object of expenditure 6000 of the Accounting Manual for California Community Colleges), the amount expended from categorical aid received from the federal or state government which funds were granted for expenditures in a program not incurring any instructor salary expenditures or requiring disbursement of the funds without regard to the requirements of this section, or expenditures for facility acquisition and construction; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government pursuant to the "Economic Opportunity Act of 1964" or any extension of such act of Congress or the amount expended by a community college from state or federal funds received by the community college for grants to community college students or for the employment of community college students.

There shall be expended during each fiscal year for payment of salaries of classroom instructors by a community college district, 50 percent of the district's current expense of education.

If the board of governors determines that a district has not expended the applicable percentage of current expense of education for the payment of salaries of classroom instructors during the preceding fiscal year, the board shall, in apportionments made to the district from the State School Fund after April 15 of the current fiscal year, designate an amount of such apportionment or apportionments equal to the apparent deficiency in district expenditures. Any amount so designated by the board of governors shall be deposited in the county treasury to the credit of the community college district, but shall be unavailable for expenditure by the district pending the determination to be made by the board of governors on any application for exemption which may be submitted to the board of governors. In the event it appears to the governing board of a community college district that the application of the preceding paragraphs of this section during a fiscal year results in serious hardship to the district, or in the payment of salaries of classroom instructors in excess of the salaries of classroom instructors paid by other districts of comparable type and functioning under comparable conditions, the governing board may, with the written approval of the county superintendent of schools having jurisdiction over the district, apply to the board of governors in writing not later than September 15th of the immediately succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section

Immediately upon applying for such exemption, the governing board shall provide the exclusive representative of the district's certificated employees or, if none exists, the district or college academic senate, and all certificated employee organizations eligible for payroll dues deduction, with a copy of such application. The exclusive representative, or the district or college academic senate, and all certificated employee organizations eligible for payroll dues deduction, within 30 days of its receipt of such application, may transmit to the board of governors a written statement opposing such application, setting forth reasons for its opposition.

Upon receipt of such application, duly approved, and of such statement of opposition, if any, the board of governors shall grant the district exemption for any amount that is less than one thousand dollars ($1,000). If the amount is one thousand dollars ($1,000) or more, the board of governors may grant the district exemption from such requirement for the fiscal year for which the application is made if a majority of all the members of the board of governors finds, in writing, that the district will in fact suffer serious hardship or will have to pay salaries of classroom instructors in excess of those paid by other districts of comparable type and functioning under comparable conditions unless the district is granted an exemption. If such exemption is granted, the designated moneys shall be immediately available for expenditure by the community college district governing board If no application for exemption is made or exemption is denied, the board of governors shall order the

designated amount or amount not exempted to be added to the amounts to be expended for salaries of classroom instructors during the next fiscal year.

The board of governors shall enforce the requirements prescribed by this section, and may adopt necessary rules and regulations to that end. It may require the submission during the school year, by community college district governing boards and county superintendents of schools, of such reports and information as may be necessary to carry out the provisions of this section.

SEC. 297. Section 84370 of the Education Code is amended to read:

84370. (a) No community college district, other than one newly formed, shall, except as otherwise provided in this article, receive its full apportionment from the State School Fund unless it has maintained the colleges of the district for at least 175 days during the next preceding fiscal year.

(b) For the purposes of this article, the Board of Governors of the California Community Colleges shall establish standards to determine whether the districts within its jurisdiction have maintained the colleges of the district for at least 175 days during the next preceding fiscal year.

(c) If a community college district fails to maintain its colleges for the required 175 days, the Board of Governors shall withhold from that district's apportionment the product of 0.01143 times the district's apportionment for each additional day the district would have had to maintain its colleges in order to meet the requirement prescribed by this section. This subdivision shall apply retroactively to fiscal year 1975–76 and each fiscal year thereafter.

SEC. 298. Section 84373 of the Education Code is amended to read:

84373. No community college district shall receive its full apportionment from the State School Fund on account of any community college which has failed to comply with the standards prescribed by the board of governors for accredited community colleges.

SEC. 299. Section 84374 of the Education Code is repealed.

SEC. 300. Section 84500 of the Education Code is amended to read:

84500. (a) (1) Except as otherwise provided, in computing the average daily attendance of a community college district, there shall be included only the attendance of students while engaged in educational activities required of such students and under the immediate supervision and control of an employee of the district who possessed a valid certification document, authorizing him or her to render service in the capacity and during the period in which he or she served.

(2) A community college district may also include the attendance of students enrolled in approved courses or programs of independent study, including courses or programs formerly conducted as

coordinated instruction systems, who are under the supervision, control, and evaluation but not necessarily in the immediate presence of an employee of the district who possesses a valid certification document; provided that such attendance may only be included for college level credit courses and programs which are accepted for completion of an appropriate educational sequence leading to an associate degree, and which generally are recognized upon transfer by an institution of the University of California or the California State University and Colleges.

The community college district shall determine the nature, manner, and place of conducting any independent study course or program in accordance with rules and regulations adopted by the Board of Governors of the California Community Colleges to implement the purposes of this subdivision. Such rules and regulations shall require community college districts to ensure that the components of each individual study course or program for each student shall be set out in a written record which includes the goals and methodology of the course or program, the number of units and hours of study required, the arrangements for consultation with the instructor, the work product to be evaluated, and the college facility required. Such rules and regulations shall also provide for input from, and participation by, faculty, who are selected by academic senates or faculty councils, and students, in the development and evaluation of such approved educational courses and programs.

The board of governors or its designee shall study the educational and fiscal effects of the authorization provided by this subdivision and shall report to the Legislature prior to June 30, 1981, on the appropriateness of deleting or extending such authorization, as well as other changes that should be made.

(b) For the purpose of work experience education programs in the community colleges meeting the standards of the California State Plan for Vocational Education, "immediate supervision" of off-campus work training stations means student participation in on-the-job training as outlined under a training agreement, coordinated by the community college district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The student/instructor ratio in the work experience program shall not exceed 125 students per full-time equivalent certificated coordinator.

(c) For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations that conform to all apportionment attendance and course of study requirements otherwise imposed by law if such courses are fully open to the enrollment and participation of the public. However, prerequisites for such courses shall not be established or construed so as to prevent academically qualified

persons not employed by agencies in the criminal justice system from enrolling in and attending such courses.

(d) Notwithstanding subdivision (c) and any regulations adopted pursuant thereto, a community college may give preference in enrollment to persons employed by, or serving in a voluntary capacity with, a fire protection or fire prevention agency in any course of in-service fire training at such community college in cooperation with any fire protection or fire prevention agency or association. Preference shall only be given when such persons could not otherwise complete the course within a reasonable time and when no other training program is reasonably available. At least 15 percent of the enrollment in in-service fire training courses shall consist of persons who are neither volunteers of, nor employed by, a fire protection or prevention agency or association, if such persons are available to attend such a course. Average daily attendance for such courses shall be reported for state aid.

(e) Subdivision (d) shall apply only to:

(1) Community colleges which, in cooperation with any fire protection or fire prevention agency or association, have been, as of January 1, 1980, the primary source of in-service fire training for any fire protection or fire prevention agency or association; and

(2) Community colleges which, in cooperation with any fire protection or fire prevention agency or association, establish in-service fire training for any fire protection or fire prevention agency or association which did not have in-service fire training prior to January 1, 1980.

(f) In the event that certain in-service training courses are restricted to employees of police, fire, corrections, and other criminal justice agencies, attendance for such restricted courses shall not be reported for purposes of state apportionments. A community college district which restricts enrollment in such in-service training courses may contract with any public agency to provide compensation for the cost of conducting such courses.

(g) Positive records of student admissions and daily attendance in all in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations, as described in subdivision (c), shall be maintained by each district and shall be separately reported annually to the Chancellor's office of the California Community Colleges.

SEC 302. Section 84520 of the Education Code is amended to read.

84520. Pursuant to the provisions of Section 84500, the units of average daily attendance for apportionment purposes of regularly enrolled students of a community college district during the academic year, as defined in Section 79001, shall be computed by multiplying the weekly student contact hours of enrollment as recorded for the census day or days each semester or quarter by statewide factors heretofore established by the board of governors,

The nature, manner, and place of conducting courses and programs under this section shall be determined by the community college district pursuant to rules and regulations adopted by the board of governors.

Attendance of such students enrolled in classes conducted in intersession schools, as distinct from summer quarters, of four weeks or more shall be counted in the computation of average daily attendance for apportionment purposes under the provisions of this section using the following formula: Multiply the sum of the weekly student contact hours of enrollment in each class during the census week of each class of the intersession schools by the number of scheduled weeks for each class, multiply the product so derived by the statewide factors established by the board of governors, subject to approval by the Department of Finance, and divide by 525. 85266. With the approval of the county superintendent of schools, the governing board of a community college district may cause warrants to be drawn on the county treasury against designated funds, except debt service, of the district in the county treasury in the payment of expenses of the district. The warrants for salary and other types of claims designated by the county superintendent shall be issued by a person designated as the district disbursing officer for the school district on the county treasury in favor of the persons entitled thereto in payment of all claims in designated categories chargeable against the district which have been legally examined, allowed, and ordered paid by the governing board. The district disbursing officer shall issue warrants, using procedures prescribed by the county auditor, on the county treasury for all debts and demands, within categories designated by the county superintendent, against the district when amounts are legally approved. The form of the warrant shall be prescribed by, and approved by, the county auditor or county treasurer having jurisdiction.

The cost of printing warrants may be charged to the district. Notwithstanding Section 84000, except for assessing and tax collecting, the county auditor and county treasurer may charge those districts that draw their own warrants for additional costs which result from the implementation of this section.

Notwithstanding Section 27005 of the Government Code, or any other provision of law requiring orders for warrants or warrants to be signed by the county superintendent of schools or the county auditor, or both, the county superintendent and county auditor may prescribe alternative procedures for districts to issue warrants. The district disbursing officer shall not be considered a deputy county superintendent of schools or a deputy county auditor. The county treasurer shall pay the warrant in the designated category, if district funds are available.

County officers shall not be responsible for providing reports, statements, or other data relating to, or based on, the designated payments of expenses of the district. Those districts issuing warrants, as provided by this section, shall provide the county superintendent of schools, in the form prescribed by the county superintendent, with the data necessary to make retirement reports and other reports required of him or her by law. The listing, which may be magnetic tape, punched cards, or in other form, shall report, among other things, the warrant number, date of the warrant, amount of the warrant, the name of the payee, and the fund on which drawn. The form and content of the warrant listing shall be as prescribed by the county auditor or county superintendent and approved by the county auditor or county superintendent having jurisdiction.

Each district which issues warrants pursuant to this section shall furnish monthly to the county superintendent of schools and the county auditor of the county of jurisdiction, upon his or her request, a statement showing for the current fiscal year to date, for each required expenditure classification, the amount budgeted, actual expenditures, encumbrances and unencumbered balances.

In order to obtain the approval of the county superintendent of schools and county auditor for fiscally accountable status, the governing board of a community college district shall file a written application with the county superintendent of schools and county auditor having jurisdiction on forms which the county superintendent shall prescribe. Upon receipt of an application from the district, the county superintendent shall cause an audit to be made of the district's management and accounting controls, in accordance with standards prescribed by him or her, by an independent certified public accountant or public accountant approved by the county superintendent, who shall report his or her findings and recommendations to the county superintendent and to the applicant district. The audit report may include Department of Finance guidelines and other assessments of fiscal management as required by the county superintendent or the audit may be the report of the annual district audit pursuant to Section 84040 if that

is acceptable to the county superintendent of schools. The cost of the audit required in support of a district's application for fiscal accountability shall be borne by the applicant district.

The county superintendent and county auditor shall review the district's application and report of financial management and control and may approve the application if they find the management and accounting controls of the district to be adequate. If the county superintendent and county auditor determine that such management and accounting controls are inadequate, they shall disapprove the application.

A district that applies for fiscal accountability status shall file its written application with the county superintendent of schools on or before September 1. The required audit of financial management and accounting controls shall be filed on or before January 1. When a district's application for fiscal accountability status has been approved by the county superintendent of schools and county auditor, the issuance of warrants by the district pursuant to this section shall be effective at the beginning of a fiscal year, provided that approval had been made prior to the preceding first day in March. If disapproved, the county superintendent of schools shall state the specific steps which are required to be taken by the applicant district to receive approval and these changes shall be certified as completed by an independent certified public accountant or public accountant before the county superintendent shall approve the application. If at any time the county superintendent of schools or the county auditor determines that the financial management or accounting controls of the district have become inadequate, either officer may revoke approval for fiscal accountability status effective immediately.

It is unlawful for the governing board or personnel commission of any community college district to adopt or maintain any rule, regulation, or policy which has as its purpose or effect a tendency to encourage employees to seek exemption from jury duty, or to directly or by indirection solicit or suggest to any employee that he or she seek exemption from jury duty, or to discriminate against any employee with respect to assignment, employment, promotion, or in any other manner because of such employee's service on any jury panel.

(a) When a community college district wishes to employ a retirant who is retired for service, and such person has not been previously employed as a retirant, such district shall require, as a condition of initial employment as a retirant, a medical certificate showing that the retirant is free from any disabling disease unfitting him or her to instruct or associate with students. The medical certificate shall be completed and submitted directly to the community college district by a physician and surgeon licensed under the Business and Professions Code or a commissioned medical officer exempted from licensure by Section 2144 of the Business and Professions Code. 87408.6. (a) Except as provided in subdivision (h), no person shall be initially employed by a community college district in a certificated or classified position unless the person has submitted to an examination within the past 60 days to determine that he or she is free of active tuberculosis, by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code. This examination shall consist of an X-ray of the lungs, or an approved intradermal tuberculin test, which, if positive, shall be followed by an X-ray of the lungs.

The X-ray film may be taken by a competent and qualified X-ray technician if the X-ray film is subsequently interpreted by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

The district superintendent, or his or her designee, may exempt, for a period not to exceed 60 days following termination of the pregnancy, a pregnant employee from the requirement that a positive intradermal tuberculin test be followed by an X-ray of the lungs.

(b) Thereafter, all employees shall be required to undergo the foregoing examination at least once each four years or more often if directed by the governing board upon recommendation of the local health officer.

(c) After such examination, each employee shall cause to be on file with the district superintendent a certificate from the examining physician and surgeon showing the employee was examined and found free from active tuberculosis. "Certificate," as used in this subdivision, means a certificate signed by the examining physician and surgeon or a notice from a public health agency or unit of the American Lung Association which indicates freedom from active tuberculosis. The latter, regardless of form, will constitute evidence of compliance with this section.

(d) This examination is a condition of initial employment and the expense incident thereto shall be borne by the applicant unless

otherwise provided by rules of the governing board. However, the board may, if an applicant is accepted for employment, reimburse such person in a like manner prescribed for employees in subdivision (e).

(e) The governing board of each district shall reimburse the employee for the cost, if any, of this examination. The board may provide for the examination required by this section or may establish a reasonable fee for such examination that is reimbursable to employees of the district complying with the provisions of this section.

(f) At the discretion of the governing board, this section shall not apply to those employees not requiring certification qualifications who are employed for any period of time less than a college year whose functions do not require frequent or prolonged contact with students.

The governing board may, however, require such examination and may, as a contract condition, require the examination of persons employed under contract, other than those persons specified in subdivision (a), if the board believes the presence of such persons in and around college premises would constitute a health hazard to students.

(g) If the governing board of a community college district determines by resolution, after hearing, that the health of students in the district would not be jeopardized thereby, the provisions of this section shall not apply to any employee of the district who files an affidavit stating that he or she adheres to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion and that to the best of his or her knowledge and belief he or she is free from active tuberculosis. If at any time there should be probable cause to believe that such affiant is afflicted with active tuberculosis, he or she may be excluded from service until the governing board of the employing district is satisfied that he or she is not so afflicted.

(h) A person who transfers his or her employment from one campus or community college district to another shall be deemed to meet the requirements of subdivision (a) if such person can produce a certificate which shows that he or she was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the college previously employing him or her that it has such a certificate on file.

A person who transfers his or her employment from a private or parochial elementary school, secondary school, or nursery school to the community college district subject to this section shall be deemed to meet the requirements of subdivision (a) if such person can produce a certificate as provided for in Section 3450 of the Health and Safety Code which shows that he or she was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing

him or her that it has such a certificate on file.

(i) Any governing board of a community college district providing for the transportation of students under contract shall require as a condition of such contract the examination for active tuberculosis, as provided in subdivision (a) of this section, of all drivers transporting such students, provided that privately contracted drivers who transport such students on an infrequent basis, not to exceed once a month, shall be excluded from this requirement.

(j) Examinations required pursuant to subdivision (i) shall be made available without charge by the local health officer.

SEC. 349. Section 87409 of the Education Code is amended to read:

87409. At any time after the 31st day of December, any person not then employed in the community college district may be elected for the next ensuing college year to a position requiring certification qualifications.

SEC. 350. Section 87422 of the Education Code is amended to read:

87422. The governing board of a community college district may enter into an agreement with the proper authorities of any foreign country, or of any state, territory, or possession of the United States, or other district within the state, for the exchange and employment of regularly credentialed employees and employees of public schools of any foreign country, state, territory, or possession, or other district within this state. Any certificated person so employed as provided in this section shall be known as an "exchange certificated employee." No exchange shall be made without the consent of the employee to be exchanged.

Due consideration shall be given to the general qualifications and professional status of the exchange employee as compared to the general qualifications and professional status of the employee for whom exchanged. However, it shall not be a requirement that an exchange certificated employee be an instructor of the same subject or grade, or both, as the employee for whom exchanged. If the service authorized is other than teaching, it shall not be a requirement that the service be at the same grade level or that the service be exactly the same as the employee for whom exchanged.

No person may be employed as an exchange employee by a community college district in the state unless he or she holds the necessary valid credential or credentials issued by the board of governors authorizing him or her to serve in a position requiring

certification qualifications in the community college district proposing to employ him or her. The board of governors may establish minimum standards for the credentials for exchange certificated employees, provided however, that no exchange certificated employee shall be required to pay any fee or other charge for the issuance to him or her of any necessary valid credential or credentials authorizing him or her to serve in a position requiring certification qualifications in any community college district in this state.

An exchange agreement may be made for a period not to exceed three years.

At the end of the assignment period, the exchange, with the consent of all parties, may be made complete and permanent.

87423. SEC. 352. Section 87424 of the Education Code is amended to read:

87424. If the employee from the district within the state who serves as an exchange instructor without the state and the governing board regularly employing him or her so agree, the district may pay his or her regular salary, making all deductions provided by law for retirement purposes, during the period of the exchange teaching. In such case, the district shall not pay the salary of the exchange employee from without the state, serving the district in exchange for its regular instructor.

In the event an employee from a district within this state serving as an exchange instructor without the state and to whom the governing board of such district is paying the regular salary of such instructor as herein provided, is compelled to absent himself or herself from his or her duties because of injury, illness, or quarantine, the governing board of the district within this state may pay the substitute employed to take the place of such instructor and shall

deduct the amount so paid the substitute from the compensation of the employee.

(b) The name under which the applicant or applicants propose to operate is in the judgment of the board not deceptive or inimical to enabling a rational choice for the consumer public and contains at least one of the following designations: "optometry" or "optometric"; provided, however, that where the applicant or applicants are practicing optometry in a community clinic, as defined in subdivision (a) of Section 1203 of the Health and Safety Code, and is subject to the name limitations of Title 17, California Administrative Code, Section 161, this subdivision shall not apply. In no case shall the name under which the applicant or applicants propose to operate contain the name or names of any of the optometrists practicing in the community clinic.

(c) The names of all optometrists practicing at the location designated in the application are displayed in a conspicuous place for the public to see, not only on such location, but also in any advertising permitted by law.

(d) No charges which could result in revocation or suspension of his certificate to practice optometry are pending against any optometrist practicing at such location.

Permits issued under this section by the Board of Optometry shall expire and become invalid unless renewed at the times and in the manner provided in Article 7 (commencing with Section 3145) for the renewal of certificates issued under this chapter. The board may charge an annual fee, not to exceed ten dollars ($10) for the issuance or renewal of each such permit.

Any permit issued under this section may be revoked or suspended at any time that the board finds that any one of the requirements for original issuance of a permit, other than under subdivision (d), is no longer being fulfilled by the individual optometrist, optometric corporation, or optometric group to whom the permit was issued. Proceedings for revocation or suspension shall be governed by the Administrative Procedure Act.

In the event the board revokes or suspends the certificate to practice optometry of an individual optometrist or any member of a corporation or group to whom a permit has been issued under this section, such revocation or suspension shall also constitute revocation or suspension, as the case may be, of such permit.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

[Approved by Governor September 15, 1981 Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 25402 of the Water Code is amended to read:

25402. For the purposes of this chapter, the term "enterprise," as used in the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), shall be limited to and shall include only those works or property authorized to be acquired, constructed, improved, or financed by an irrigation district pursuant to this division, but shall not include any of the following:

(a) Works or property for the distribution of electric energy for lighting, heating, and power for public or private uses.

(b) Works or property already employed in the generation, production, transmission, distribution, sale, or lease of power for public utility purposes, except where the acquisition of those works or property is by mutual agreement between the district and the owner of the property.

SEC. 2. Section 35570 of the Water Code is amended to read:

35570. The provisions of this chapter shall apply only to the Berrenda Mesa, Cawelo, El Toro, Irvine Ranch, Lost Hills, Moulton-Niguel, Olcese, Rancho California, Santa Margarita, South Sutter, and Walnut Valley Water Districts.

This incidental source of hydroelectric power is not common to other California water districts. The Legislature therefore finds and declares that a special law is necessary with respect to the Berrenda Mesa, Cawelo, Irvine Ranch, Lost Hills, Olcese, El Toro, Moulton-Niguel, Rancho California, Santa

Margarita, South Sutter, and Walnut Valley Water Districts, that the provisions of this act are needed to meet special circumstances within the districts, and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

(c) The performance by a title insurer, an underwritten title company or a controlled escrow company of any service in conjunction with the issuance or contemplated issuance of a title policy including but not limited to the handling of any escrow, settlement or closing in connection therewith; or the doing of or proposing to do any business, which is in substance the equivalent of any of the above.

(d) The issuance, by a title insurer, of a letter of indemnity. Any such letter of indemnity shall be limited to and issued solely for the purpose of indemnifying the commissioner on behalf of any member of the public who transacts an escrow with an underwritten title company, with whom the title insurer has an underwriting agreement. A title insurer may charge a reasonable fee in connection with the issuance of any such letter. No rate or form filing shall be required with respect to any such letter of indemnity.

(e) The act of an insurer in furnishing in writing to a prospective purchaser of the insurer's title policy a statement which assures, and assumes the liability for, the proper performance of services necessary to the conduct of a real estate closing performed by an underwritten title company with whom the insurer maintains an underwriting agreement. A title insurer may charge a reasonable fee in connection with the furnishing of any such statement. No rate or form filing shall be required with respect to any such statement.

SEC. 2. Section 12359 of the Insurance Code is amended to read:

12359. A title insurer shall not transact any insurance in this state unless it has paid-in capital represented by shares of stock of at least five hundred thousand dollars ($500,000).

SEC. 3. Section 12392 of the Insurance Code is amended to read:

12392. If a domestic incorporated title insurer is authorized by its articles of incorporation to act as executor, administrator, guardian, conservator, assignee, receiver, depositary, agent or trustee, or to do a general trust business, and if such insurer has a capital paid in of not less than seven hundred thousand dollars ($700,000) it may also do business as a trust company, and maintain a trust department as well as a title insurance department, on compliance with the conditions set forth in this article.

SEC. 4 Section 12401.5 of the Insurance Code is amended to read:

12401.5. As a further aid to uniform administration of rate regulatory laws of this state, the commissioner may prescribe by reasonable rules and regulations:

(a) For the annual reporting of financial data relating to the aggregate economic performance of all title insurance entities conducting the business of title insurance in this state. Such data, if required, shall be for the purpose of determining the industry

financial experience for the reporting year and shall reflect the after-tax rate of return on total capital, including investment income and realized and unrealized capital gains, from whatever source attributable to operations in this state.

(b) A statistical plan, reasonably adapted to each of the rating systems in use within the state. Any such plan may be modified from time to time and shall be used thereafter by each title insurer in the reporting of data required by such plan, in order that the experience of all title insurance may be made available on an annual basis in such form and detail as may be necessary to aid the commissioner in determining whether rating systems comply with the standards set forth in this chapter. In promulgating such plan, the commissioner may give due consideration to the rating systems in use and, in order that such plan may be as uniform as is practicable among the several states, to the rules and to the form of the plan used for such rating systems in other states. No title insurer shall be required to record or report data on a system basis that is inconsistent with the rating system in use by it. The commissioner shall designate one or more advisory organizations to assist in the development of any such statistical plan and to further assist in gathering data and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to title insurers and advisory organizations. No statistical plan or modifications thereto, nor rules or regulations pertaining thereto, shall be adopted or implemented absent compliance with the provisions of Article 5 (commencing with Section 11346) of the Government Code, except that any such plan, rule, or regulation shall not become effective for a period of 120 days following its adoption, and any such plan, rule, or regulation shall be deemed to be a regulation required to be filed with the Secretary of State for purposes of Article 5 (commencing with Section 11346) of the Government Code.

SEC. 5. Section 12414.29 of the Insurance Code is amended to read:

12414.29. The administration and enforcement of Article 5.5 (commencing with Section 12401) and Article 5.7 (commencing with Section 12402) of this chapter shall be governed solely by the provisions of this chapter. Except as provided in this chapter, no other law relating to insurance and no other provisions in this code heretofore or hereafter enacted shall apply to or be construed as supplementing or modifying the provisions of such articles unless such other law or other provision expressly so provides and specifically refers to the sections of such articles which it intends to supplement or modify. The provisions of this chapter and regulations adopted pursuant thereto shall constitute the exclusive regulation of the conduct of escrow and title transactions by entities engaged in the business of title insurance as defined in Section 12340.3, notwithstanding any local regulation or ordinance.

CHAPTER 480

An act to amend Sections 21080.5 and 21082.1 of the Public Resources Code, relating to environmental quality.

[Approved by Governor September 15, 1981 Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 21080.5 of the Public Resources Code is amended to read:

21080.5. (a) When the regulatory program of a state agency, board, or commission requires a plan or other written documentation, containing environmental information and complying with the requirements of paragraph (3) of subdivision (d), to be submitted in support of any of the activities listed in subdivision (b), the plan or other written documentation may be submitted in lieu of the environmental impact report required by this division; provided, that the Secretary of the Resources Agency has certified the regulatory program pursuant to this section.

(b) This section shall apply only to regulatory programs or portions thereof which involve either of the following:

(1) The issuance to a person of a lease, permit, license, certificate, or other entitlement for use.

(2) The adoption or approval of standards, rules, regulations, or plans for use in the regulatory program.

(c) A regulatory program certified pursuant to this section is exempt from the provisions of Chapter 3 (commencing with Section 21100) and Chapter 4 (commencing with Section 21150) and Section 21167.

(d) In order to qualify for certification pursuant to this section, a regulatory program shall require utilization of an interdisciplinary approach which will ensure the integrated use of the natural and social sciences in decisionmaking and shall meet all of the following criteria:

(1) The enabling legislation of the regulatory program shall:

(i) Include protection of the environment among its principal purposes.

(ii) Contain authority for the administering agency to promulgate rules and regulations for the protection of the environment, guided by standards set forth in the enabling legislation.

(2) The rules and regulations adopted by the administering agency shall:

(i) Require that an activity will not be approved or adopted as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen any significant adverse impact which the activity may have on the environment.

(ii) Include guidelines for the orderly evaluation of proposed

activities and the preparation of the plan or other written documentation in a manner consistent with the environmental protection purposes of the regulatory program.

(iii) Require the administering agency to consult with all public agencies which have jurisdiction, by law, with respect to the proposed activity.

(iv) Require that final action on the proposed activity include the written responses of the issuing authority to significant environmental points raised during the evaluation process.

(v) Require the filing of a notice of the decision by the administering agency on the proposed activity with the Secretary of the Resources Agency. Those notices shall be available for public inspection, and a list of the notices shall be posted on a weekly basis in the office of the Resources Agency. Each list shall remain posted for a period of 30 days.

(vi) Require notice of the filing of the plan or other written documentation to be made to the public and to any person who requests, in writing, notification. The notification shall be made in a manner that will provide the public or any person requesting notification with sufficient time to review and comment on the filing.

(3) The plan or other written documentation required by the regulatory program shall.

(i) Include a description of the proposed activity with alternatives to the activity, and mitigation measures to minimize any significant adverse environmental impact.

(ii) Be available for a reasonable time for review and comment by other public agencies and the general public.

(e) The Secretary of the Resources Agency shall certify a regulatory program which the secretary determines meets all the qualifications for certification set forth in this section, and withdraw certification on determination that the regulatory program has been altered so that it no longer meets those qualifications. Certification and withdrawal of certification shall occur only after compliance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

In determining whether or not a regulatory program meets the qualifications for certification set forth in this section, the inquiry of the Secretary of the Resources Agency shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The inquiry shall not extend to individual decisions to be reached under the regulatory program, including the nature of specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity.

In the event that the Secretary of the Resources Agency determines that the regulatory program submitted for certification does not meet the qualifications for certification set forth in this section, the secretary shall adopt findings setting forth the reasons for the determination.

(f) After a regulatory program has been certified pursuant to this section, any proposed change in the program which could affect compliance with the qualifications for certification specified in subdivision (d) may be submitted to the Secretary of the Resources Agency for review and comment. The scope of the secretary's review shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The review shall not extend to individual decisions to be reached under the regulatory program, including specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity. The secretary shall have 30 days after receipt of the proposed change to notify the state agency, board, or commission whether the proposed change will alter the regulatory program so that it no longer meets the qualification for certification established in this section and will result in a withdrawal of certification as provided in this section.

(g) Any action or proceeding to attack, review, set aside, void, or annul a determination or decision of a state agency, board, or commission approving or adopting a proposed activity under a regulatory program which has been certified pursuant to this section on the basis that the plan or other written documentation prepared pursuant to paragraph (3) of subdivision (d) does not comply with the provisions of this section shall be commenced no later than 30 days from the date of the filing of notice of the approval or adoption of the activity.

(h) Any action or proceeding to attack, review, set aside, void, or annul a determination of the Secretary of the Resources Agency to certify a regulatory program pursuant to this section on the basis that the regulatory program does not comply with the provisions of this section shall be commenced within 30 days after certification by the secretary.

In any action brought under this subdivision, the inquiry shall extend only to whether there was a prejudicial abuse of discretion by the Secretary of the Resources Agency. Abuse of discretion is established if the secretary has not proceeded in a manner required by law or if the determination is not supported by substantial evidence.

(i) For purposes of this section, any county agricultural commissioner shall be considered a state agency.

(j) For purposes of this section, any air quality management district shall be considered a state agency, except that any activities of an air quality management district undertaken in order to comply with the provisions of Chapter 2.5 (commencing with Section 41650) of Part 4 of Division 26 of the Health and Safety Code shall not be subject to the provisions of this section.

SEC. 2. Section 21082.1 of the Public Resources Code is amended to read:

21082.1. Any environmental impact report or negative declaration prepared pursuant to the requirement of this division

shall be prepared directly by, or under contract to, a public agency.

This section is not intended to prohibit, and shall not be construed as prohibiting, any person from submitting information or other comments to the public agency responsible for preparing an environmental impact report or negative declaration. The information or other comments may be submitted in any format, shall be considered by the public agency, and may be included, in whole or in part, in any report or declaration.

SEC. 3. The Legislature hereby finds and declares that the amendments made to Section 21080.5 of the Public Resources Code by Section 1 of this act are not intended and shall not be construed in such a manner as to preclude an air quality management district from determining that a regulatory program, in whole or in part, is exempt from the requirements of Division 13 (commencing with Section 21000) of the Public Resources Code, if that regulatory program is otherwise eligible for an exemption.

SEC. 4. The Legislature hereby finds and declares that the amendments made to Section 21082.1 of the Public Resources Code by Section 2 of this act are intended to clarify that public agencies preparing environmental impact reports or negative declarations are required by law to consider any comments they receive with respect to the environmental impact report or negative declaration which is under preparation and to clarify further that those agencies have no affirmative statutory responsibility to seek comments from organizations or individual members of the public or to consider comments at any particular point in time prior to completion of the environmental impact report or negative declaration. With respect to this issue, the amendments to Section 21082.1 are intended to clarify any uncertainties which may have resulted from the holding in Woodland Hills Residents Assn., Inc. v. City Council, 26 Cal 3d 938.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 481

SECTION 1. Section 4420 of the Government Code is amended to read:

4420. No officer or employee of this state, or of any public agency or of any public authority, and no person acting or purporting to act on behalf of such officer, employee, or public agency or authority, except a public agency or authority created pursuant to agreement or compact with another state, shall, with respect to any public building or construction contract which is about to be or which has been competitively bid, require the bidder to make application to, or furnish financial data to, or to obtain or procure any surety bond or contract of insurance specified in connection with such contract, or specified by any law, ordinance, or regulation, from, a particular surety or insurance company, agent or broker. No such officer or employee, or person, firm, or corporation acting or purporting to act on behalf of such officer or employee, shall negotiate, make application for, obtain, or procure any such surety bond or contract of insurance (except contracts of insurance for builder's risk or owner's protective liability) which can be obtained or procured by the bidder, contractor, or subcontractor.

This chapter shall not apply to any project under design or construction on August 4, 1967, by or on behalf of a public agency or authority if such agency or authority was then engaged in insurance activity with respect to such project that otherwise would be prohibited by this chapter.

This chapter shall not apply to the construction of any exclusive public mass transit guideway project in any county with a population exceeding 6,000,000.

As used in this section, "public agency" means any city, county, city and county, district, municipal or public corporation or any agency or instrumentality thereof.

CHAPTER 482

An act to amend Section 66452.6 of the Government Code, relating to subdivisions.

[Approved by Governor September 15, 1981 Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 66452.6 of the Government Code is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after such additional period of time as may be prescribed by local

ordinance, not to exceed an additional 12 months.

(b) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence, provided however, that the length of the moratorium does not exceed five years.

Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed; provided, however, that if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a) shall not include any period of time during which a lawsuit has been filed and is pending in a court of competent jurisdiction involving the approval or conditional approval of a tentative map if a stay of the time period is approved by the local agency pursuant to this section. Within 10 days of the service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed without first processing a new tentative map.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of two years. If the advisory agency denies a subdivider's application for extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium shall include a water or sewer moratorium or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map.

If the inspector finds American foulbrood disease has infected less than 2 percent of colonies of 100 or more as the result of an inspection made after the disease was brought to the inspector's attention in writing, the county agricultural commissioner may assess the costs of the inspection on the person who brought the disease to the inspector's attention.

CHAPTER 488

[Approved by Governor September 15, 1981 Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 781 of the Welfare and Institutions Code is amended to read:

781. (a) In any case in which a petition has been filed with a juvenile court to commence proceedings to adjudge a person a ward of the court, in any case in which a person is cited to appear before a probation officer or is taken before a probation officer pursuant to Section 626, or in any case in which a minor is taken before any officer of a law enforcement agency, the person or the county probation officer may, five years or more after the jurisdiction of the juvenile court has terminated as to the person, or, in a case in which no petition is filed, five years or more after the person was cited to appear before a probation officer or was taken before a probation officer pursuant to Section 626 or was taken before any officer of a law enforcement agency, or, in any case, at any time after the person has reached the age of 18 years, petition the court for sealing of the records, including records of arrest, relating to the person's case, in the custody of the juvenile court and probation officer and any other agencies, including law enforcement agencies, and public officials as the petitioner alleges, in his or her petition, to have custody of the records. The court shall notify the district attorney of the county and the county probation officer, if he or she is not the petitioner, and the district attorney or probation officer or any of their deputies or any other person having relevant evidence may testify at the hearing on the petition. If, after hearing, the court finds that since the termination of jurisdiction or action pursuant to Section 626, as the case may be, he or she has not been convicted of a felony or of any misdemeanor involving moral turpitude and that rehabilitation has been attained to the satisfaction of the court, it shall order all records, papers, and exhibits in the person's case in the custody of the juvenile court sealed, including the juvenile court record, minute book entries, and entries on dockets, and other records relating to the case in the custody of such other agencies and officials as are named in the order. Thereafter, the proceedings in the case shall be deemed never to have occurred, and the person may properly reply accordingly to any inquiry about the events, records of which are ordered sealed. The court shall send a copy of the order to each agency and official

named therein, directing the agency to seal its records and stating the date thereafter to destroy the sealed records. Each such agency and official shall seal the records in its custody as directed by the order, shall advise the court of its compliance, and thereupon shall seal the copy of the court's order for sealing of records that it, he, or she received. The person who is the subject of records sealed pursuant to this section may petition the superior court to permit inspection of the records by persons named in the petition, and the superior court may so order. Otherwise, except as provided in subdivision (b), the records shall not be open to inspection.

(b) In any action or proceeding based upon defamation, a court, upon a showing of good cause, may order any records sealed under this section to be opened and admitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person who is authorized by the court to inspect them. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

(c) (1) The provisions of subdivision (a) shall not apply to Department of Motor Vehicle records of any convictions for offenses under the Vehicle Code or any local ordinance relating to the operation, stopping and standing, or parking of a vehicle where the record of any such conviction would be a public record under Section 1808 of the Vehicle Code. However, if a court orders a case record containing any such conviction to be sealed under this section, and if the Department of Motor Vehicles maintains a public record of such a conviction, the court shall notify the Department of Motor Vehicles of the sealing and the department shall advise the court of its receipt of the notice.

Notwithstanding any other provision of law, subsequent to the notification, the Department of Motor Vehicles shall allow access to its record of convictions only to the subject of the record and to insurers which have been granted requester code numbers by the department. Any insurer to which such a record of conviction is disclosed, when such a conviction record has otherwise been sealed under this section, shall be given notice of the sealing when the record is disclosed to the insurer. The insurer may use the information contained in the record for purposes of determining eligibility for insurance and insurance rates for the subject of the record, and the information shall not be used for any other purpose nor shall it be disclosed by an insurer to any person or party not having access to the record.

(2) This subdivision shall not be construed as preventing the sealing of any record which is maintained by any agency or party other than the Department of Motor Vehicles.

(3) This subdivision shall not be construed as affecting the procedures or authority of the Department of Motor Vehicles for purging department records.

(d) Unless for good cause the court determines that the juvenile

court record shall be retained, the court shall order the destruction of a person's juvenile court records that were sealed pursuant to this section as follows: five years after the record was ordered sealed, if the person who is the subject of the record was alleged or adjudged to be a person described by Section 601; or when the person who is the subject of the record reaches the age of 38 if the person was alleged or adjudged to be a person described by Section 602. Any other agency in possession of sealed records shall destroy its records in accordance with this section.

SEC. 2. Section 826 of the Welfare and Institutions Code is amended to read:

826. (a) After five years from the date on which the jurisdiction of the juvenile court over a minor is terminated, the probation officer may destroy all records and papers in the proceedings concerning the minor. The juvenile court record, which includes all records and papers, any minute book entries, dockets and judgment dockets, shall be destroyed by order of the court as follows: when the person who is the subject of the record reaches the age of 28, if the person was alleged or adjudged to be a person described by Section 300 or 601; or when the person reaches the age of 38 if the person was alleged or adjudged to be a person described by Section 602, unless for good cause the court determines that the juvenile record shall be retained, or unless the juvenile court record is released to the person who is the subject of the record pursuant to this section. Any person who is the subject of a juvenile court record may by written notice request the juvenile court to release the court record to his or her custody. Wherever possible, the written notice shall include the person's full name, the person's date of birth, and the juvenile court case number. Any juvenile court receiving the written notice shall release the court record to the person who is the subject of the record five years after the jurisdiction of the juvenile court over the person has terminated, unless for good cause the court determines that the record shall be retained. Exhibits shall be destroyed as provided under Sections 1418, 1418.5, and 1419 of the Penal Code. For the purpose of this section "destroy" means destroy or dispose of for the purpose of destruction. The proceedings in any case in which the juvenile court record is destroyed or released to the person who is the subject of the record pursuant to this section shall be deemed never to have occurred, and the person may reply accordingly to any inquiry about the events in the case.

(b) If an individual whose juvenile court record has been destroyed or released under subdivision (a) discovers that any other agency still retains a record, the individual may file a petition with the court requesting that the records be destroyed. The petition will include the name of the agency and the type of record to be destroyed. The court shall order that such records also be destroyed unless for good cause the court determines to the contrary. The court shall send a copy of the order to each agency and each agency shall destroy records in its custody as directed by the order, and shall

advise the court of its compliance. The court shall then destroy the copy of the petition, the order, and the notice of compliance from each agency. Thereafter, the proceedings in such case shall be deemed never to have occurred.

(c) Juvenile court records, which include, all records and papers, any minute book entries, dockets and judgment dockets in juvenile traffic matters may be destroyed after five years from the date on which the jurisdiction of the juvenile court over a minor is terminated. Prior to such destruction the original record may be microfilmed or photocopied. Every such reproduction shall be deemed and considered an original; and a transcript, exemplification or certified copy of any such reproduction shall be deemed and considered a transcript, exemplification or certified copy, as the case may be, of the original.

SEC. 3. Section 826.5 of the Welfare and Institutions Code is amended to read:

826.5. (a) Notwithstanding the provisions of Section 826, at any time before a person reaches the age when his or her records are required to be destroyed, the judge or clerk of the juvenile court or the probation officer may destroy all records and papers, the juvenile court record, any minute book entries, dockets, and judgment dockets in the proceedings concerning the person as a minor if the records and papers, juvenile court record, any minute book entries, dockets, and judgment dockets are microfilmed or photocopied prior to destruction. Exhibits shall be destroyed as provided under Sections 1418, 1418.5, and 1419 of the Penal Code.

(b) Every reproduction shall be deemed and considered an original. A transcript, exemplification, or certified copy of any reproduction shall be deemed and considered a transcript, exemplification, or certified copy, as the case may be, of the original.

SEC. 4. Section 826.6 of the Welfare and Institutions Code is amended to read:

826.6. (a) Any minor who is the subject of a petition that has been filed in juvenile court to adjudge the minor a dependent child or a ward of the court shall be given written notice by the clerk of the court upon disposition of the petition or the termination of jurisdiction of the juvenile court of all of the following:

(1) The statutory right of any person who has been the subject of juvenile court proceedings to petition for sealing of the case records.

(2) The statutory provisions regarding the destruction of juvenile court records and records of juvenile court proceedings retained by state or local agencies.

(3) The statutory right of any person who has been the subject of juvenile court proceedings to have his or her juvenile court record released to him or her in lieu of its destruction.

(b) In any juvenile case where a local welfare department, probation department, or district attorney is responsible for notifying the minor of the dismissal, release, or termination of the case, the agency shall provide written notice to the minor of the

information specified in subdivision (a) upon the dismissal, release, or termination of the case.

(c) A written form providing the information described in this section shall be prepared by the clerk of the court and shall be made available to juvenile court clerks, probation departments, welfare departments, and district attorneys.

(b) Where moneys are appropriated by the Budget Act for any fiscal year or by any other act for the acquisition of land or other real property, either (1) subject to the provisions of the Property Acquisition Law or (2) for any state agency for whom property is acquired by the board, the moneys and acquisitions shall be subject to the provisions of this part and the moneys shall be expended in accordance with the provisions of this part, notwithstanding any other provisions of law.

(c) Notwithstanding any other provisions of law, all land and other real property to be acquired by or for any state agency, other than the Department of Transportation, the Department of Water Resources, the State Reclamation Board, the Department of Fish and Game, the Wildlife Conservation Board, the Public Employees' Retirement System, and the State Lands Commission, except for property to be acquired for the State Lands Commission pursuant to an appropriation from the General Fund, shall be acquired by the State Public Works Board in accordance with the provisions of the Property Acquisition Law.

(d) (1) Notwithstanding subdivision (a), the board shall acquire, on behalf of and for the Department of Parks and Recreation, in accordance with this part, land or other real property or interests in real property, including options to purchase, which have been appraised and selected by the Department of Parks and Recreation pursuant to subdivisions (b) and (c) of Section 5006 of the Public Resources Code. Out of moneys appropriated for the acquisition of

options to purchase, no more than ten thousand dollars ($10,000) may be expended for the acquisition of any single option unless otherwise provided by the Legislature.

(2) Notwithstanding Section 15854, purchase negotiations for the acquisition of any land or other real property for the state park system pursuant to subdivision (f) of Section 5006 of the Public Resources Code shall be initiated within six months of the effective date of the act which appropriates funds for the acquisition. Purchase negotiations on all projects not proposed pursuant to subdivision (f) of Section 5006 of the Public Resources Code shall be initiated within 12 months of the effective date of the act appropriating funds for the acquisition. Either title shall be conveyed or a written agreement to transfer title shall be executed within one year of the initiation of purchase negotiations unless the Department of Parks and Recreation formally abandons the acquisition prior to the conclusion of the one-year period. For the purposes of this section, in order for the Department of Parks and Recreation to "formally abandon" an acquisition, it shall transmit written notification to the board of its intent not to proceed with the acquisition.

(3) The board may, at any time during the periods specified in paragraph (2), commence condemnation proceedings if it finds it to be appropriate. However, if, within six months of the initiation of purchase negotiations, title is not conveyed or a written agreement to transfer title is not executed, the acquisition has not been formally abandoned, or condemnation proceedings have not been commenced, the board shall immediately notify the chairman of the committee in each house of the Legislature which considers appropriations, the chairman of the committee in each house of the Legislature which considers park and recreation policy, the Chairman of the Joint Legislative Budget Committee, and the Members of the Legislature within whose district any part of the land or other real property is located of those facts. For the purposes of this paragraph, condemnation proceedings shall be deemed "commenced" as of the date the board authorizes acquisition by condemnation.

(4) Six months from the date of the notification required by paragraph (3), the board shall notify those persons specified in paragraph (3) of the status of the acquisition project.

(5) The board may schedule special meetings as are necessary to expedite the acquisition of options to purchase land or other real property for the state park system.

(e) The board may acquire furnishings which the owner thereof agrees to sell and which are contained within improvements acquired by the board. Cost of acquisition of furnishings shall be charged to the appropriation available for acquisition of the real property.

(b) Each financial advisory relationship shall be evidenced by a writing executed prior to, upon, or promptly after, the inception of the financial advisory relationship (or promptly after the creation or selection of the issuer if the issuer does not exist or has not been determined at the time the relationship commences). The writing shall set forth the basis of compensation for the financial advisory services to be rendered, including provisions relating to the deposit of funds or the utilization of fiduciary or agency services offered by the broker, dealer, or municipal securities dealer, or by a person controlling, controlled by, or under common control with the broker, dealer, or municipal securities dealer in connection with the rendering of the financial advisory services.

The limitations and requirements set forth in this subdivision shall also apply to any broker, dealer, or municipal securities dealer controlling, controlled by, or under common control with the broker, dealer, or municipal securities dealer having a financial advisory relationship. The use of the term "indirectly" in this subdivision shall not preclude a broker, dealer, or municipal securities dealer who has a financial advisory relationship with respect to a new issue of municipal securities from purchasing those securities from an underwriter, either for its own trading account or for the account of customers, except to the extent that the purchase is made to contravene the purpose and intent of this section. Each broker, dealer, and municipal securities dealer subject to the provisions of this subdivision shall maintain a copy of the written disclosures, acknowledgments, and consents required by this section in a separate file.

(d) If a broker, dealer, or municipal securities dealer acquires all or a portion of a new issue of municipal securities or participates in a syndicate or other account that acquires those securities in accordance with subdivision (c), the broker, dealer, or municipal securities dealer shall disclose the existence of the financial advisory relationship in writing to each customer who purchases those securities from that broker, dealer, or municipal securities dealer, at or before the completion of the transaction with the customer.

CHAPTER 507

SECTION 1. Section 39391 of the Education Code is amended to read:

39391. This article shall apply to any school site owned by a school district, which the governing board determines to sell or lease, and with respect to which the following conditions exist:

(a) Either the whole or a portion of the school site consists of land which is used for school playground, playing field, or other outdoor recreational purposes and open-space land particularly suited for recreational purposes.

(b) The land described in subdivision (a) has been used for one or more of the purposes specified therein for at least eight years immediately preceding the date of the governing board's determination to sell or lease the school site.

(c) No other available publicly owned land in the vicinity of the school site is adequate to meet the existing and foreseeable needs of the community for playground, playing field, or other outdoor recreational and open-space purposes, as determined by the governing body of the public agency which proposes to purchase or lease land from the school district, pursuant to Section 39397.

SEC. 2. Section 39395 of the Education Code is amended to read:

39395. In determining what portion of a school site shall be offered for sale or lease pursuant to this article, the governing board may retain any part of the school site containing structures or buildings, together with such land adjacent thereto which, as determined by the governing board, must be included in order to avoid reducing the value of that part of the school site containing such structures or buildings to less than 50 percent of fair market value.

SEC. 3. Section 39396 of the Education Code is amended to read:

39396. (a) Except as otherwise provided in subdivision (b) or (e), the price at which land described in Section 39391, excluding that portion of a school site retained by the governing board pursuant to Section 39395, is sold pursuant to this article shall not exceed the school district's cost of acquisition, calculated as a pro rata cost of acquiring the entire parcel comprising the school site, adjusted by a factor equivalent to the percentage increase or decrease in the cost of living from the date of purchase to the year in which the offer of sale is made, plus the cost of any improvement to the recreational and open-space portion of the land which the school district has made since its acquisition of the land. In no event shall the price be less than 25 percent of the fair market value of the land described in Section 39391 or less than the amount necessary to retire the share of local bonded indebtedness plus the amount of the original cost of the approved state aid applications on the property, excluding that portion of a school site retained by the governing board pursuant to Section 39394, at the time of the offer.

These provisions shall apply to land that the school district acquired by gift or for consideration.

(b) A school district that offers a portion of a school site for sale may offer such portion of property for sale at its fair market value, provided the school district offers an equivalent size alternative portion of that school site for school playground, playing field, or other recreational and open-space purposes.

(c) Land which is leased pursuant to this article shall be leased at an annual rate of not more than 1/20th of the maximum sales price determined pursuant to subdivision (a) of this section, adjusted annually by a factor equivalent to the percentage increase or decrease in the cost of living for the immediately preceding year.

(d) The percentage of annual increase or decrease in the cost of living shall be the amount shown for January 1st of the appropriate year by the then current Bureau of Labor Statistics Consumers Price Index for the area in which the school site is located.

(e) Whenever a school district closes a school site and sells any land described in Section 39391 pursuant to this article to help pay only for capital outlay costs incurred directly as a result of the transfer of pupils from the closed school to another school or other schools of the district, the sale price of the property determined pursuant to subdivision (a) shall be increased by an amount equal to the additional costs incurred due to the school closure.

SEC. 4. Section 39397.5 is added to the Education Code, to read:

39397.5. (a) No public agency may purchase surplus school property from a school district pursuant to this article unless it has first adopted a plan for the purchase of surplus school property. The plan shall designate the surplus site or sites all or a portion of which the public agency desires to purchase at the price established pursuant to this article and shall designate at least 70 percent of the total surplus school acreage as property which the agency does not desire to purchase at the price established pursuant to this article.

Where the plan indicates that the agency desires to purchase only a portion of a school site at the price established pursuant to this article, it shall designate the percent of the property to be so purchased and provide a description of the general location of the property to be purchased, without designating the metes and bounds.

(b) Any property designated by public agencies as surplus school sites which the agencies do not wish to purchase, pursuant to subdivision (a), may be sold or leased by a school district without regard to the provisions of this article.

(c) This section shall become operative on April 1, 1982.

SEC. 5. Section 39403 of the Education Code is amended to read:

39403. (a) No more than 30 percent of the total surplus school acreage owned by a school district may be purchased or leased by public agencies pursuant to this article.

(b) The right of any public agency to purchase or lease surplus school property pursuant to this article shall exist only with respect to an amount of surplus school acreage within its jurisdictional boundaries which, when added to the surplus school acreage within its jurisdictional boundaries already purchased or leased pursuant to this article, will not exceed 30 percent of the surplus school acreage owned by the school district which is within the jurisdictional boundaries of that agency.

(c) For purposes of this section, "surplus school acreage" of a school district means property which is owned by a district and not used for school purposes, including, but not limited to, undeveloped property and property which contains school buildings that are not in use as a result of a school closure.

(d) Nothing in this section shall be construed to deny local agencies the opportunity to purchase at full market value all or part of the 70 percent of the total surplus school acreage which is not affected by this article.

However, the certificate shall not be revoked for a violation which is unrelated to the vessel for which the certificate of registration is to be revoked. Any violation committed without the knowledge of the master, or an agent or employee of the registrant, is unrelated to the vessel.

This section shall remain in effect only until January 1, 1985, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1985, deletes or extends such date.

2357. For the purposes of subdivision (b) of Section 2356 and Sections 2403 and 2404, in the case of a principal who is an absentee as defined in Section 1403 of the Probate Code, a person shall be deemed to be without actual knowledge of:

(b) Revocation by the principal during the period described in subdivision (a).

SEC. 4. Article 3 (commencing with Section 2400) is added to Chapter 2 of Title 9 of Part 4 of Division 3 of the Civil Code, to read:

Article 3. Uniform Durable Power of Attorney Act

2400. (a) A durable power of attorney is a power of attorney by which a principal designates another his or her attorney in fact in writing and the writing contains the words "This power of attorney shall not be affected by subsequent incapacity of the principal," or "This power of attorney shall become effective upon the incapacity of the principal," or similar words showing the intent of the principal that the authority conferred shall be exercisable notwithstanding the principal's subsequent incapacity. For the purposes of this article, a durable power of attorney does not include a proxy given by a person to another person with respect to the exercise of voting rights that is governed by any other statute of California.

(b) A printed form of a durable power of attorney sold in this state for use by a person who does not have the advice of legal counsel shall include the following notice in 10-point bold face type:

WARNING TO PERSON EXECUTING THIS DOCUMENT

This is an important legal document. It creates a durable power of attorney. Before executing this document, you should know these

important facts:

1. This document may provide the person you designate as your attorney in fact with broad powers to dispose, sell, convey, and encumber your real and personal property.

2. These powers will exist for an indefinite period of time unless you limit their duration in this document. These powers will continue to exist notwithstanding your subsequent disability or incapacity.

3. You have the right to revoke or terminate this durable power of attorney at any time.

(c) Nothing in subdivision (b) invalidates any transaction in which a third person relied in good faith upon the authority created by the durable power of attorney.

2401. All acts done by an attorney in fact pursuant to a durable power of attorney during any period of incapacity of the principal have the same effect and inure to the benefit of and bind the principal and his or her successors in interest as if the principal were competent.

2402. (a) If, following execution of a durable power of attorney, a court of the principal's domicile appoints a conservator of the estate, guardian of the estate, or other fiduciary charged with the management of all of the principal's property or all of his or her property except specified exclusions, the attorney in fact is accountable to the fiduciary as well as to the principal. The fiduciary has the same power to revoke or amend the power of attorney that the principal would have had if he or she were not incapacitated; but, if a conservator is appointed by a court of this state, the conservator can revoke or amend the power of attorney only if the court in which the conservatorship proceeding is pending has first made an order authorizing or requiring the fiduciary to revoke or amend the durable power of attorney and the revocation or amendment is in accord with the order.

(b) A principal may nominate, by a durable power of attorney, a conservator of the person or estate or both, or a guardian of the person or estate or both, for consideration by the court if protective proceedings for the principal's person or estate are thereafter commenced. If the protective proceedings are conservatorship proceedings in this state, the nomination shall have the effect provided in Section 1810 of the Probate Code, and the court shall give effect to the most recent writing executed in accordance with Section 1810 of the Probate Code, whether or not such writing is a durable power of attorney.

2403. (a) The death of a principal who has executed a written power of attorney, durable or otherwise, does not revoke or terminate the agency as to the attorney in fact or other person who, without actual knowledge of the death of the principal, acts in good faith under the power. Any action so taken, unless otherwise invalid or unenforceable, binds successors in interest of the principal.

(b) The incapacity of a principal who has previously executed a written power of attorney that is not a durable power does not revoke or terminate the agency as to the attorney in fact or other person who, without actual knowledge of the incapacity of the principal, acts in good faith under the power. Any action so taken, unless otherwise invalid or unenforceable, binds the principal and his or her successors in interest.

2404. As to acts undertaken in good faith reliance thereon, an affidavit executed by the attorney in fact under a power of attorney, durable or otherwise, stating that he or she did not have at the time of the exercise of the power actual knowledge of the termination of the power by revocation or of the principal's death or incapacity is conclusive proof of the nonrevocation or nontermination of the power at that time. If the exercise of the power of attorney requires execution and delivery of any instrument that is recordable, the affidavit when authenticated for record is likewise recordable. This section does not affect any provision in a power of attorney for its termination by expiration of time or occurrence of an event other than express revocation or a change in the principal's capacity.

2405. This article shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this article among states enacting it.

2406. This article may be cited as the Uniform Durable Power of Attorney Act.

2407. If any provision of this article or its application to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of the article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

SEC. 4.5. Article 4 (commencing with Section 2410) is added to Chapter 2 of Title 9 of Part 4 of Division 3 of the Civil Code, to read:

Article 4. Court Enforcement of Duties of Attorney in Fact

2410. As used in this article:

(a) "Attorney in fact" means an attorney in fact designated in a power of attorney.

(b) "Power of attorney" means a written power of attorney, durable or otherwise, which designates for a natural person an attorney in fact who was a resident of this state at the time the power of attorney was created or is a resident of this state at the time the petition is filed under this article. For the purposes of this article, a power of attorney does not include a proxy given by a person to another person with respect to the exercise of voting rights that is governed by any other statute of California.

(c) "Principal" means the natural person who has designated another as his or her attorney in fact in a power of attorney.

(e) Proceedings under this article shall be governed, whenever possible, by the provisions of this article, and where the provisions of this article do not appear applicable, the provisions of Division 3 (commencing with Section 300) of the Probate Code shall apply.

(f) The court for good cause may shorten the time required for the performance of any act required by this section.

In making the award, the court shall consider the following circumstances of the respective parties:

(1) The earning capacity of each spouse, taking into account the extent to which the supported spouse's present and future earning capacity is impaired by periods of unemployment that were incurred during the marriage to permit the supported spouse to devote time to domestic duties.

(2) The needs of each party.

At the request of either party, the order of modification or revocation shall include findings of fact and may be made retroactive to the date of filing of the notice of motion or order to show cause to modify or revoke, or to any date subsequent thereto.

(b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party.

(c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of the person terminates upon the happening of the contingency. The court may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make such payments, or his or her attorney of record, of the happening of the contingency.

(d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order retains jurisdiction.

The order may be made only on motion, for good cause shown, and upon notice to the party to be examined and to all parties, and shall specify the time, place, manner, conditions, scope of the examination

The assessor shall permit an assessee of property or his designated representative to inspect at the assessor's office any information and records, whether or not required to be kept or prepared by the assessor, relating to the appraisal and the assessment of his property. Except as provided in Section 408.1, an assessee or his designated representative, however, shall not be provided or permitted to inspect information and records, other than market data, which also relate to the property or business affairs of another person, unless such disclosure is ordered by a competent court in a proceeding initiated by a taxpayer seeking to challenge the legality of his assessment.

(c) The assessor shall disclose information, furnish abstracts or permit access to all records in his office to law enforcement agencies, the county grand jury, the board of supervisors or their duly authorized agents, employees or representatives when conducting

an investigation of the assessor's office pursuant to Section 25303 of the Government Code, the Controller, inheritance tax referees, the State Board of Equalization and other duly authorized legislative or administrative bodies of the state pursuant to their authorization to examine such records.

(d) For purposes of this section, "market data" means any information in the assessor's possession, whether or not required to be prepared or kept by him, relating to the sale of any property comparable to the property of the assessee, if the assessor bases his assessment of the assessee's property, in whole or in part, on such comparable sale or sales. The assessor shall provide the names of the seller and buyer of each property on which the comparison is based, the location of such property, the date of the sale, and the consideration paid for the property, whether paid in money or otherwise, but for purposes of providing such market data, the assessor shall not display any document relating to the business affairs or property of another.

(e) This section shall apply only to a county with a population which exceeds 4,000,000.

(f) This section shall remain in effect only until January 1, 1985, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1985, deletes or extends that date.

SEC. 2. Section 409 is added to the Revenue and Taxation Code, to read:

409. (a) Notwithstanding Section 6257 of the Government Code or any other statutory provision, if the assessor, pursuant to the request of any party, provides information or records that the assessor is not required by law to prepare or keep, the county may require that a fee reasonably related to the actual cost of developing and providing that information be paid by the party receiving the information.

The actual cost of providing the information is not limited to duplication or reproduction costs, but may include recovery of developmental and indirect costs, such as overhead, personnel, supply, material, office, storage, and computer costs.

It is the intent of this section that the county may impose this fee for information and records maintained for county use, as well as for information and records not maintained for county use.

Nothing herein shall be construed to require an assessor to provide information to any party beyond that which he or she is otherwise statutorily required to provide.

(b) For purposes of this section, "market data," as defined in Section 408.1, shall be deemed to be information the assessor is required by law to prepare or keep when requested by the assessee or a designated representative of the assessee.

(c) This section shall not apply to requests of the State Board of Equalization for information.

(d) This section shall apply only to a county with a population which exceeds 4,000,000.

(e) This section shall remain in effect only until January 1, 1985, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1985, deletes or extends that date.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances in Los Angeles County which are not common to other counties. The assessor's office in Los Angeles County has expended considerable time and funds developing a data base from which details concerning properties within the county can be generated. The assessor's office receives numerous requests for specified information available from the data base, but because current law only permits the assessor to charge any party making such a request the cost of duplicating information, the assessor's office must absorb considerable costs in filling such requests. This act is necessary to permit the assessor of Los Angeles County to recover the cost of providing information which he is not by law required to prepare or keep.

CHAPTER 524

An act to amend Sections 9888.2, 9888.3, 9889.17, 9889.18, and 9889.60 of the Business and Professions Code, relating to motor vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1981. Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 9888.2 of the Business and Professions Code is amended to read:

9888.2. The director shall adopt regulations which prescribe the equipment and other qualifications of any station as a condition to licensing the station as an official station for adjusting lamps or brakes and for installing, repairing, inspecting, or recharging motor vehicle pollution control devices and shall prescribe the qualifications of adjusters and installers employed therein.

After consulting with the Department of the California Highway Patrol and the State Air Resources Board, the director may, by regulation, approve testing and calibrating equipment, which is capable of measuring or calibrating the standards imposed by statute and by rules and regulations, for use in official stations, and may approve the testing laboratories and the equipment they use to certify the performance of testing and calibrating equipment.

SEC. 2. Section 9888.3 of the Business and Professions Code is amended to read:

9888.3. No person shall operate a motor vehicle pollution control device installation and inspection station or an "official" lamp or brake adjusting station unless a license therefor has been issued by the director. No person shall issue, cause or permit to be issued, any certificate purported to be an official lamp adjustment certificate unless he is a licensed lamp adjuster, an official brake adjustment certificate unless he is a licensed brake adjuster, or a certificate of compliance unless he is a licensed motor vehicle pollution control device installer, except as provided in Section 9889.56.

SEC. 3. Section 9889.17 of the Business and Professions Code is amended to read:

9889.17. Any person may install a motor vehicle pollution control device; however, no person who is not a licensed installer shall install such a device for compensation. No such device shall be deemed to meet the requirements of the Vehicle Code or of Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, and the rules and regulations of the State Air Resources Board, unless it has been inspected and a certificate of compliance has been issued pursuant to Section 9889.18 or 9889.56.

SEC. 4. Section 9889.18 of the Business and Professions Code is amended to read:

9889.18. (a) Whenever a licensed installer in a licensed station, in conformity with the instructions of the director, inspects or repairs a motor vehicle for pollution control, or installs a motor vehicle pollution control device, and determines that the vehicle conforms with the requirements of Section 27157 or 27157.5 of the Vehicle Code or Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, and the rules and regulations of the State Air Resources Board, a certificate of compliance shall be issued to the owner or driver of the vehicle, except when the work is performed in accordance with the requirements of Section 9889.60 and resulting from a recommendation of the department pursuant to Section 9889.51. The certificate of compliance shall contain provisions for the date of issuance, the make and registration number of the vehicle, the name of the owner of the vehicle, and the official designation of the station. It is unlawful for any person, other than a licensed installer in a licensed station, to sign or issue a certificate of compliance required by this article.

(b) A licensed installer shall not issue a certificate of compliance for any motor vehicle or motor vehicle with a motor vehicle engine which is not certified by the state board, and which is the subject of a transaction prohibited by Section 43152 or 43153 of the Health and Safety Code.

(c) With respect to a motor vehicle or motor vehicle with a new motor vehicle engine not certified by the state board which is in violation of Article 1.5 (commencing with Section 43150) of Chapter 2 of Part 5 of Division 26 of the Health and Safety Code, but which is not the subject of a transaction prohibited by Section 43152 or 43153 of that code, a licensed installer shall issue a certificate of

noncompliance. The certificate of noncompliance shall contain the same information as a certificate of compliance, indicate the basis for nonconformity, and be of a distinctive form or style. The licensed installer shall send copies of any such certificate of noncompliance issued to the State Air Resources Board.

SEC. 5. Section 9889.60 of the Business and Professions Code is amended to read:

9889.60. The department shall, with the cooperation of the State Air Resources Board and after consultation with automobile manufacturers, establish specifications and procedures for the motor vehicle maintenance and repairs recommended by the department pursuant to Section 9889.51 and for low-emission motor vehicle engine tuneups. The specifications and procedures shall be followed whenever any motor vehicle maintenance, repairs, or engine tuneup is performed by a licensed installer working in a motor vehicle pollution control device installation and inspection station licensed pursuant to Section 9888.3. The license of any station which does not follow the specifications and procedures shall be subject to suspension or revocation by the department.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that regulation of testing and calibrating equipment for inspections may occur at the earliest opportunity, it is necessary that this act take effect immediately.

CHAPTER 525

(e) Within five years for a state employee who was a miscellaneous member and who retired prior to January 1, 1979, due to mandatory retirement age provisions then in effect.

For reinstatement after separation, the time spent (a) in a position which is exempt from civil service or (b) as a temporary employee in another governmental agency engaged in a technical cooperation program under an agreement approved by the state or (c) in the recognized military service shall not be considered in computing the three-year period or the five-year period.

CHAPTER 526

An act to amend Sections 19570, 19571, 19574, 19574.1, 19574.5, 19575, 19575.5, 19578, 19582, 19583, 19583.5, and 19584 of the Government Code, relating to state employees.

[Approved by Governor September 16, 1981 Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 19570 of the Government Code is amended to read:

19570. As used in this article "adverse action" means dismissal, demotion, suspension, or other disciplinary action.

SEC. 2. Section 19571 of the Government Code is amended to read:

19571. In conformity with this article and the board rule, adverse action may be taken against any employee, or person whose name appears on any employment list for any cause for discipline specified in this article.

SEC. 3. Section 19574 of the Government Code is amended to read:

19574. The appointing power, or any person authorized by the appointing power, may take adverse action against an employee for one or more of the causes for discipline specified in this article by notifying the employee of the action, pending the service upon the employee of a written notice. Adverse action is valid only if a written notice is served on the employee and filed with the board not later than 15 calendar days after the effective date of the adverse action. The notice shall be served upon the employee either personally or by mail and shall include: (a) a statement of the nature of the adverse action; (b) the effective date of the action; (c) a statement of the causes therefor; (d) a statement in ordinary and concise language of the acts or omissions upon which the causes are based; and (e) a statement advising the employee of his or her right to answer the notice and the time within which that must be done if the answer is to constitute an appeal.

SEC. 4. Section 19574.1 of the Government Code is amended to read:

19574.1. An employee who has been served with notice of adverse action, or an attorney admitted to the practice of law in this state and designated by the employee, shall have the right to inspect any documents in the possession of or under the control of the appointing power which are relevant to the adverse action taken and which would be admissible in evidence at a hearing of the employee's appeal from the adverse action. The employee, or the designated attorney, shall also have the right to interview other employees having knowledge of the acts or omissions upon which the adverse action was based. Interviews of other employees and inspection of documents shall be at times and places reasonable for the employee and for the appointing power.

SEC. 5. Section 19574.5 of the Government Code is amended to read:

19574.5. Pending investigation by the appointing power of accusations against an employee involving misappropriation of public funds or property, drug addiction, mistreatment of persons in a state institution, immorality, or acts which would constitute a felony or a misdemeanor involving moral turpitude, the appointing power may order the employee on leave of absence for not to exceed 15 days. The leave may be terminated by the appointing power by giving 48 hours' notice in writing to the employee.

If adverse action is not taken on or before the date such a leave is terminated, the leave shall be with pay.

If adverse action is taken on or before the date such leave is terminated, the adverse action may be taken retroactive to any date on or after the date the employee went on leave. Notwithstanding the provisions of Section 19574, the adverse action, under such circumstances, shall be valid if written notice is served upon the employee and filed with the board not later than 15 calendar days after the employee is notified of the adverse action.

SEC. 6. Section 19575 of the Government Code is amended to

read:

19575. No later than 20 calendar days after service of the notice of adverse action, the employee may file with the board a written answer to the notice, which answer shall be deemed to be a denial of all of the allegations of the notice of adverse action not expressly admitted and a request for hearing or investigation as provided in this article. With the consent of the board or its authorized representative an amended answer may subsequently be filed. If the employee fails to answer within the time specified or after answer withdraws his appeal the adverse action taken by the appointing power shall be final. A copy of the employee's answer and of any amended answer shall promptly be given by the board to the appointing power.

SEC. 7. Section 19575.5 of the Government Code is amended to read:

19575.5. At any time before an employee's appeal is submitted to the board or its authorized representative for decision, the appointing power may with the consent of the board or its authorized representative serve on the employee and file with the board an amended or supplemental notice of adverse action. If the amended or supplemental notice presents new causes or allegations the employee shall be afforded a reasonable opportunity to prepare his defense thereto, but he shall not be entitled to file a further answer unless the board or its authorized representative so orders. Any new causes or allegations shall be deemed controverted and any objections to the amended or supplemental causes or allegations may be made orally at the hearing or investigation and shall be noted in the record.

SEC. 8. Section 19578 of the Government Code is amended to read:

19578. Whenever an answer is filed to an adverse action other than a suspension without pay for 10 days or less, the board or its authorized representative shall within a reasonable time hold a hearing. The board shall notify the parties of the time and place of the hearing. Such hearing shall be conducted in accordance with the provisions of Section 11513 of the Government Code, except that the employee and other persons may be examined as provided in Section 19580, and the parties may submit all proper and competent evidence against or in support of the causes.

SEC. 9. Section 19582 of the Government Code is amended to read:

19582. (a) Hearings may be held by the board, or by any authorized representative, but the board shall render the decision which in its judgment is just and proper.

(b) If a contested case is heard by an authorized representative he shall prepare a proposed decision in such form that it may be adopted as the decision in the case. A copy of the proposed decision shall be filed by the board as a public record and furnished to each party within 10 days after the proposed decision is filed with the board. The

board itself may adopt the proposed decision in its entirety, or may reduce the adverse action set forth therein and adopt the balance of the proposed decision.

(c) If the proposed decision is not adopted as provided in subdivision (b) each party shall be notified of such action, and the board itself may decide the case upon the record, including the transcript, with or without taking any additional evidence, or may refer the case to the same or another authorized representative to take additional evidence. If the case is so assigned to an authorized representative he shall prepare a proposed decision as provided in subdivision (b) upon the additional evidence and the transcript and other papers which are part of the record of the prior hearing. A copy of such proposed decision shall be furnished to each party. The board itself shall decide no case provided for in this subdivision without affording the parties the opportunity to present oral and written argument before the board itself. If additional oral evidence is introduced before the board itself no board member may vote unless he heard the additional oral evidence.

(d) In arriving at a decision or a proposed decision the board or its authorized representative may consider any prior suspension or suspensions of appellant by authority of any appointing power, or any prior proceedings under this article.

(e) The decision shall be in writing and contain findings of fact and the adverse action, if any. The findings may be stated in the language of the pleadings or by reference thereto. Copies of the decision shall be delivered to the parties personally or sent to them by registered mail.

SEC. 10. Section 19583 of the Government Code is amended to read:

19583. The board shall render a decision within a reasonable time after the hearing or investigation. The adverse action taken by the appointing power shall stand unless modified or revoked by the board. If the board finds that the cause or causes for which the adverse action was imposed were insufficient or not sustained, or that the employee was justified in the course of conduct upon which the causes were based, it may modify or revoke the adverse action and it may order the employee returned to his or her position either as of the date of the adverse action or as of such later date as it may specify. The decision of the board shall be entered upon the minutes of the board and the official roster.

SEC. 11. Section 19583.5 of the Government Code is amended to read:

19583.5. Any person with the consent of the board or the appointing power may file charges against an employee requesting that adverse action be taken for one or more causes for discipline specified in this article. The employee against whom such charges are filed shall have a right to answer as provided in this article. In all such cases a hearing shall be conducted in accord with this article and if the board finds that the charges are true it shall have the power

to take such adverse action as in its judgment is just and proper.

SEC. 12. Section 19584 of the Government Code is amended to read:

19584. Whenever the board revokes or modifies an adverse action and orders that the employee be returned to his position it shall direct the payment of salary to the employee for such period of time as the board finds the adverse action was improperly in effect.

Salary shall not be authorized or paid for any portion of a period of adverse action that the employee was not ready, able, and willing to perform the duties of his or her position, whether such adverse action is valid or not or the causes on which it is based state facts sufficient to constitute cause for discipline.

From any such salary due there shall be deducted compensation that the employee earned, or might reasonably have earned, during any period commencing more than six months after the initial date of the suspension.

(b) The negotiation of any combination of new loans and sales or exchanges of existing promissory notes and real property sales contracts of an aggregate amount of more than two hundred fifty thousand dollars ($250,000) in any three successive months or more than five hundred thousand dollars ($500,000) in any six successive months shall create a rebuttable presumption that the broker intends to negotiate new loans and sales and exchanges of promissory notes and real property sales contracts in an aggregate amount that will meet the criteria of subdivision (a).

(c) Loans negotiated and promissory notes sold by a broker under authority of a permit issued pursuant to the provisions of Article 6

(commencing with Section 10237) of this chapter or applicable provisions of the Corporate Securities Law of 1968 (Section 25000, et seq., Corporations Code) shall not be counted in determining whether the broker meets the criteria of subdivisions (a) and (b) hereof.

(d) If two or more real estate brokers who are not under common management, direction, or control, cooperate in the negotiation of a loan or the sale or exchange of a promissory note or real property sales contract and share in the compensation for their services, the dollar amount of the transaction shall be allocated according to the ratio that the compensation received by each broker bears to the total compensation received by all brokers for their services in negotiating the loan or sale or exchange.

SEC. 2. Section 10232.1 is added to the Business and Professions Code, to read:

10232.1. (a) A real estate broker who meets the criteria of Section 10232 shall, prior to the use of any proposed advertisement in connection with the conduct of activities described in subdivisions (d) and (e) of Section 10131 and Section 10131.1, submit a true copy thereof to the Department of Real Estate for clearance. If disapproval of the proposed advertisement is not communicated by the department to the broker within 10 calendar days after receipt of the copy of the proposed advertisement by the department, the proposed advertisement shall be deemed approved, but the department shall not thereby be estopped from disapproving a later publication or other use of the same or similar advertising.

The commissioner shall adopt regulations pertaining to the submittal and clearance of such advertising and establishing criteria for approval to insure that the public will be protected against false or misleading representations.

As used herein, "advertisement" includes dissemination in any newspaper, circular, form letter, brochure or similar publication, display, sign, radio broadcast or telecast, which concerns (1) the use, terms, rates, conditions, or the amount of any loan or sale referred to in subdivisions (d) and (e) of Section 10131 or Section 10131.1; or (2) the security, solvency, or stability of any person carrying on the activities described in those sections.

(b) Subdivision (a) is not applicable to advertising that is used exclusively in connection with an offering authorized by permit issued pursuant to the provisions of Article 6 (commencing with Section 10237) of this chapter or applicable provisions of the Corporate Securities Law of 1968 (Section 25000, et seq., Corporations Code).

SEC. 3. Section 10248 7 of the Business and Professions Code is amended to read:

10248.7. The provisions of Section 10248.9 apply to every real estate licensee who meets the requirements of subdivisions (a) to (d), inclusive:

(a) Comes within the provisions of subdivision (d) of Section 10131.

(b) Has negotiated or intends to negotiate loans secured directly or collaterally by a lien on real property. For purposes of this subdivision, loans do not include loans described in Section 10245.

(c) Makes or will make 50 percent or more of the loans specified in subdivision (b) in a calendar year without them being secured directly or collaterally by first trust deeds. For purposes of this subdivision, junior trust deeds which secure notes given back to the seller by the purchaser on account for the purchase price shall not be considered in making the 50-percent test.

(d) Meets any of the following:

(1) Loans negotiated by the licensee in the prior calendar year or anticipated to be negotiated the next calendar year exceed 400.

(2) Advertising and overhead directly related to advertising in connection with his mortgage loan brokerage activities amount to more than 5 percent of gross revenue obtained by the licensee from activities for which a license is required. Notwithstanding this subdivision, any licensee who spends less than ten thousand dollars ($10,000) per year in advertising shall not be subject to the provisions of Section 10248.9.

Licensees or entities under common management, direction or control in carrying on activities which are subject to the provisions of this article shall be considered as one licensee for the purpose of applying the criteria set forth herein.

SEC. 4. Section 10248.8 of the Business and Professions Code is repealed.

SEC. 5. It is the intention of the Legislature that the duties imposed upon the Real Estate Commissioner by this act shall not necessitate the hiring of additional persons to perform those duties but, rather, that those duties shall be performed by the existing staff of the Real Estate Commissioner.

SEC. 6. The Real Estate Commissioner shall submit a report to the Legislature assessing the effectiveness of the advertising review program required by this act no later than June 30, 1983. On or before June 30, 1983, the Real Estate Commissioner shall transmit a copy of the report to the Corporations Commissioner for review. No later than 30 days after receipt of the copy of the report, the Corporations Commissioner shall append his or her remarks to the copy of the report and transmit them to the Legislature.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Since approximately January 1980, the public has been bombarded with advertising that has been designed to induce persons to make loans secured directly or indirectly by real property and to purchase existing real property sales contracts and promissory notes secured by deeds of trust. Much of this advertising has been false or deceptive in representations concerning the expected return, the safety, and other features of the investment. Several of the firms that have been guilty of this deceptive advertising have recently failed, resulting in

the actual or prospective loss of millions of dollars by persons who invested their funds in reliance upon the false and misleading representations by these firms. None of the firms in question and very few of the others that are continuing to solicit money from the public for investments in loans secured by real property or the purchase of deeds of trust or real property sales contracts are required to submit proposed advertising to the Department of Real Estate for screening before publication or dissemination. The public is thus continuing to be exposed to unscreened, deceptive advertising, and responsible, prudent brokers are continuing to be placed in an inequitable competitive position. It is of the utmost importance that there be no unnecessary delay in establishing an effective system for weeding out false and misleading representations from this advertising before members of the public are induced to make investments in reliance upon such advertising, and thus it is necessary that this act take effect immediately.

CHAPTER 531

An act to add Section 28997 to the Public Utilities Code, relating to transit district, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1981. Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 28997 is added to the Public Utilities Code, to read:

28997. Notwithstanding Section 28990, work on the Oakland Wye complex to the MacArthur Station project and on the Daly City turn-back and storage facilities project may be performed by district personnel during periods of operation of the transit system when interconnection work is to be performed within 12 feet of the centerline of the existing track.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the timely completion of necessary work on the transit system of the San Francisco Bay Area Rapid Transit District which must be commenced prior to January 1, 1982, in order to qualify for federal funds, it is necessary that this act take effect immediately.

CHAPTER 532

An act to amend and repeal Section 21684 of the Public Utilities Code, and to repeal Section 2 of Chapter 1156 of the Statutes of 1976, relating to aviation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1981. Filed with Secretary of State September 16, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 21684 of the Public Utilities Code, as amended by Chapter 725 of the Statutes of 1980, is amended to read:

21684. (a) No payment shall be made to a public entity pursuant to this article unless the public entity has established a special aviation fund in which all payments received by a public entity under this article shall be deposited for expenditure solely for airport and aviation purposes. No payment shall be made to a public entity pursuant to Section 21682 or 21683 unless the public entity deposits in its special aviation fund, for expenditures solely for airport and aviation purposes, a sum from nonstate or nonfederal funds based on a rate established annually by the commission as matching funds. The commission shall establish a rate of at least 10 percent and not exceeding 50 percent of the nonfederal funded portion. However, the rate shall be uniform for all entities and projects within a particular year. In no event shall the sum deposited in the special aviation fund be less than 10 percent of the total eligible project costs.

Notwithstanding the provisions of this subdivision requiring matching funds, the department shall pay a sum of five thousand dollars ($5,000) annually to each city, county, airport district, or the University of California owning and operating an airport in accordance with subdivision (a) of Section 21682.

(b) No payment shall be made for any airport to the University of California pursuant to this article unless the university has established a special aviation fund in which all payments received by the university under this article shall be deposited for expenditure solely for airport and aviation purposes. No payment shall be made for any airport to the University of California pursuant to Section 21682 or 21683 unless the university deposits in its special aviation fund, for expenditure solely for airport and aviation purposes, a sum from nonstate or nonfederal funds based on the rate established annually by the commission pursuant to subdivision (a), or unless a city located within 10 miles of the airport, or the county within which the airport is located, pays to the university a sum based on the rate established by the commission pursuant to subdivision (a). However, any sums so deposited by the university or paid by the city or county may be considered jointly as meeting the requirements of this section. The payments received from a city or county pursuant to these sections are to be expended solely for the airport and for aviation purposes related to such airport. All payments received by the university shall be deposited in its special aviation fund.

(c) Payments made by the department pursuant to Section 21682 and funds provided by public entities to match these payments may be accrued for a period of not more than three years. Extension of time for accrual of these funds for major projects shall be obtained from the department.

(d) This section shall remain in effect only until July 1, 1983, and as of that date is repealed, unless a later enacted statute which is chaptered after that date deletes or extends that date.

SEC. 2. Section 21684 of the Public Utilities Code, as amended by Chapter 1029 of the Statutes of 1975, is amended to read:

21684. (a) No payment shall be made to a public entity pursuant to this article unless the public entity has established a special aviation fund in which all payments received by a public entity under this article shall be deposited for expenditure solely for airport and aviation purposes. No payment shall be made to a public entity pursuant to Section 21682 or 21683 unless the public entity deposits in its special aviation fund, for expenditures solely for airport and aviation purposes, a sum at least equal to the amount to be paid by the commission or the department pursuant to these sections.

(1) Notwithstanding the provisions of this subdivision inasmuch as they require matching funds, the department shall pay a sum of five thousand dollars ($5,000) annually to a county with a population of under 1,000, as determined by the last federal decennial census, for the purpose of constructing and maintaining an airport.

(2) Notwithstanding the provisions of this subdivision inasmuch as they require matching funds, the department shall pay the sum of five thousand dollars ($5,000) annually to each city, county, airport district, or the University of California owning and operating an airport or airports in accordance with subdivision (a) of Section 21682.

(b) No payment shall be made for any airport to the University of California pursuant to this article unless the university has established a special aviation fund in which all payments received by the university under this article shall be deposited for expenditure solely for airport and aviation purposes. No payment shall be made for any airport to the University of California pursuant to Section 21682 or 21683 unless the university deposits in its special aviation fund each year, for expenditure solely for airport and aviation purposes, a sum from nonstate or nonfederal funds at least equal to the amount to be paid by the commission or the department pursuant to these sections, or unless a city located within 10 miles of the airport or the county within which the airport is located pays to the university a sum at least equal to the amount to be paid by the commission or the department pursuant to these sections. However, any sums so deposited by the university or paid by the city or county may be considered jointly as meeting the requirements of this section. The payments received from a city or county pursuant to these sections are to be expended solely for the airport and for aviation purposes related to such airport. All payments received by the university shall be deposited in its special aviation fund.

(c) Payments made by the department pursuant to Section 21682 and funds provided by public entities to match these payments may be accrued for a period of not more than three years. Extension of time for accrual of these funds for major projects must be obtained from the department.

(d) This section shall become operative on July 1, 1983.

SEC. 3. Section 2 of Chapter 1156 of the Statutes of 1976 is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The provisions of Section 21684 of the Public Utilities Code, as amended by Chapter 725 of the Statutes of 1980, involving the availability of state funds to public entities operating airports, will be repealed by their own terms on July 1, 1981. In order to extend the effective date of these provisions and gain important additional time within which difficult problems regarding funding for airports may be resolved, it is necessary that this act become effective immediately.

CHAPTER 533

An act to add Section 18613.5 to the Health and Safety Code, relating to mobilehomes.

[Approved by Governor September 16, 1981 Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 18613.5 is added to the Health and Safety Code, to read:

18613.5. The Department of Housing and Community Development, with the review and advice of the Seismic Safety Commission, shall adopt such rules and regulations as are necessary to ensure that purchasers of all mobilehomes installed for human occupancy pursuant to Section 18613 are offered earthquake resistant bracing systems which meet generally accepted seismic safety standards for the reduction of damage and for the protection of the health and safety of the occupants. Such rules and regulations also shall include provisions for establishing a process and a fee schedule for the design review and certification by the department.

To the extent practical, the department shall be responsible for notifying owners of existing licensed mobilehomes that a certification process has been established so that when considering purchase of a bracing system the owners can determine if the product or system is certified by the department.

The fees established by the department shall be sufficient to pay

for the development of the design criteria and standards and the costs for the design review and certification of the products or systems.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 534

An act to amend Section 18162.5 of, and to add Sections 17063.11 and 18161.5 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 16, 1981 Filed with Secretary of State September 16, 1981.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that a key element of California's economic growth and prosperity over the past several decades has been the founding and expansion of new private businesses. A majority of the increase in private employment in California has come as a result of the willingness of private entrepreneurs to take risks in starting and expanding small companies. Similarly, the willingness of private investors to provide the start-up equity capital for entrepreneurs has been a critical element in the ability of new and small companies to transform ideas into jobs and income for California.

The Legislature finds, however, that state and national tax laws, in an inflationary era, provide insufficient incentive for many investors to risk their savings in new businesses, and excessive incentive to place their savings into nonproductive assets which add nothing to the strength of the economy. The purely speculative returns on such investments as gold, silver, gems, paintings, stamps, and antiques represent the diversion of scarce capital from productive investment.

SEC. 2. Section 17063.11 is added to the Revenue and Taxation Code, to read:

17063.11. For the purpose of Section 17063, that portion of capital gains attributable to the sale of small business stock, as defined in Section 18161.5, is not an item of tax preference.

SEC. 3. Section 18161.5 is added to the Revenue and Taxation Code, to read:

18161.5. (a) For purposes of this part, "small business stock" is an

equity security issued by a corporation which has the following characteristics at the time of acquisition by the taxpayer:

(1) The commercial domicile or primary place of business is located within California.

(2) The total employment of the corporation is no more than 500 employees, as measured by the number of employees covered by federal unemployment insurance on December 31 of the year preceding acquisition of the small business stock, a majority of which employees were covered by California unemployment insurance on December 31 of the year preceding acquisition of the small business stock; provided, that, if more than 50 percent of the outstanding equity securities of all classes are held by another corporation, the employment of the controlling corporation shall be counted as employment of the eligible corporation for purposes of this section.

(3) The outstanding issues of the corporations, including those held by the taxpayer, are not listed on the New York Stock Exchange, the American Stock Exchange, or the National Association of Securities Dealers Automated Quotation system.

(4) No more than 25 percent of gross receipts in the immediate prior income year were obtained from rents, interests, dividends, or sales of assets.

(5) The corporation is not engaged primarily in the business of holding land.

(b) For purposes of this part, a "nonproductive asset" is any piece of property which is any of the following:

(1) A precious or strategic metal, including but not limited to, gold, silver, and platinum, except when used by the taxpayer in his or her trade or business.

(2) Jewelry or individual gems, except when used by the taxpayer in his or her trade or business.

(3) Objects of art, except when used by the taxpayer in his or her trade or business.

(4) Antique items, including but not limited to, furniture, automobiles, coins, and ceramic objects, except when used by the taxpayer in his trade or business.

(5) Stamps, except when used by the taxpayer in his or her trade or business.

SEC. 4. Section 18162.5 of the Revenue and Taxation Code is amended to read:

18162.5 (a) In the case of any taxpayer, only the following percentages of the gain or loss recognized upon the sale or exchange of a capital asset, except gains from small business stock or nonproductive assets, shall be taken into account in computing taxable income:

(1) One hundred percent if the capital asset has been held for not more than one year.

(2) Sixty-five percent if the capital asset has been held for more than one year but not more than five years.

(3) Fifty percent if the capital asset has been held more than five years.

(b) In the case of any taxpayer, only the following percentages of the gain recognized upon the sale or exchange of small business stock shall be taken into account in computing taxable income:

(1) One hundred percent if the small business stock has been held for not more than one year.

(2) Sixty-five percent if the small business stock has been held for more than one year but not more than three years.

(3) Zero percent if the small business stock has been held for more than three years, and if at the time of sale, the fair market value (as defined in Section 110) of land owned or controlled by the corporation does not exceed 25 percent of the fair market value of the corporation (as reflected in the price at which the stock was sold).

(c) In the case of any taxpayer, only the following percentages of the gain recognized upon the sale or exchange of nonproductive assets shall be taken into account in computing taxable income:

(1) One hundred percent if the nonproductive asset has been held for not more than one year

(2) Seventy percent if the nonproductive asset has been held for more than one year but not more than five years.

(3) Fifty percent if the nonproductive asset has been held for more than five years.

(d) Subdivisions (a) and (c) shall apply with respect to taxable years beginning after the operative date of the act which adds this subdivision to this section. Subdivision (b) shall apply with respect to small business stock acquired after the operative date of the act which adds this subdivision to this section.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for taxable years beginning on or after January 1, 1982, provided the effective date is more than 90 days prior to December 31, 1982. If the effective date is 90 days or less prior to December 31, 1982, the provisions of this act shall apply in the computation of taxes for taxable years beginning on or after January 1, 1983.

CHAPTER 535

An act to repeal and add Chapter 4 (commencing with Section 30030) of Division 18 of the Elections Code, relating to elections.

[Approved by Governor September 16, 1981 Filed with Secretary of State September 16, 1981.]

The people of the State of California do enact as follows:

CHAPTER 536

An act to repeal and add Chapter 3 (commencing with Section 30020) to Division 18 of the Elections Code, relating to reapportionment.

[Approved by Governor September 16, 1981 Filed with Secretary of State September 16, 1981]

The people of the State of California do enact as follows:

SECTION 1. The Legislature recognizes its mandated duty and responsibility under Section 1 of Article XXI of the California Constitution and other applicable law to adjust, by statute, the boundary lines of the Senatorial, Assembly, Congressional, and Board of Equalization Districts by December 31, 1981.

The Legislature also recognizes that the Supreme Courts of California and of the United States have repeatedly indicated that redistricting is primarily a matter for legislative consideration and determination and that judicial relief becomes appropriate only in those situations when a Legislature fails to redistrict according to constitutional requirements in a timely fashion after having had an adequate opportunity to do so.

Furthermore, an expeditious implementation of redistricting plans is clearly in the best interests of the citizens of this state. For example, the number of representatives in the United States House of Representatives to which California is entitled has increased from 43 to 45. It would be wholly unacceptable to the Legislature and the people of the State of California, and in violation of Article XXI of the California Constitution, as adopted by the voters, and Section 2c of Title 2 of the United States Code to require the election of the two

additional representatives in 1982 on a statewide basis.

In order to conduct the 1982 primary election in a constitutionally efficient and timely manner, the Legislature finds that it is imperative that redistricting plans should be implemented without undue delay. This legislative goal will allow the several county clerks, the Secretary of State, candidates, and voters alike involved in the 1982 primary election to prepare for the changes necessitated by redistricting statutes.

The possibilities of judicial delays, involving disparate and numerous trials and appeals to higher courts, jeopardizes the certainty of implementing timely redistricting plans and might threaten to result in the perpetuation of present districts, which are manifestly malapportioned and unconstitutional.

It is recognized by the Legislature, however, that the California Supreme Court possesses original jurisdiction in proceedings for extraordinary relief, including mandamus, under Section 10 of Article VI of the California Constitution. Under this constitutional authority, the California Supreme Court has invoked its original jurisdiction in cases in which the issues presented are of great public importance and must be resolved promptly, and has specifically so acted with regard to redistricting. The California Supreme Court has recognized that cases affecting the values of one person's vote being equal to that of another, the right to vote, and the method of conducting elections are of great public importance and are matters which must be resolved at the earliest possible time. It is also recognized by the California Supreme Court that mandamus is a proper remedy for compelling an officer to conduct an election in accordance with law and a proper method for challenging the constitutionality or validity of statutes.

With the foregoing in mind, it is the intent of the Legislature that this act, among other things, shall serve to facilitate the expeditious judicial review of any redistricting statute enacted pursuant to Article XXI of the California Constitution.

SEC. 2. Notwithstanding any other provision of law to the contrary, any person challenging the validity or constitutionality of a redistricting statute enacted pursuant to Article XXI of the California Constitution shall, within 30 days from the effective date of that redistricting statute, and no later, petition the California Supreme Court for a writ of mandate, specifying the nature of the relief sought, and naming the Secretary of State as respondent.

SEC. 3. Chapter 3 (commencing with Section 30020) of Division 18 of the Elections Code is repealed.

SEC. 4. Chapter 3 (commencing with Section 30020) is added to Division 18 of the Elections Code, to read:

CHAPTER 539

An act relating to special elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 17, 1981 Filed with Secretary of State September 17, 1981]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Section 24202 of the Government Code or any other provision of the law, the board of supervisors of any county may call a special election for the purpose of electing supervisors who would have been elected in 1980 but for the invalidation of the county's election by a court of appeal. The special election shall be conducted pursuant to the provisions of this act.

SEC. 2. Except as specifically provided in this act, the special election authorized in Section 1 of this act shall be proclaimed, held, conducted, the ballots shall be prepared, marked, collected, counted and canvassed, and the results shall be ascertained and the returns thereof made in all respects in accordance with the provisions of the Constitution applicable thereto and the law governing county general elections insofar as provisions thereof are applicable to the election authorized in this act.

SEC. 3. The dates and times specified in the Elections Code may be modified in order to accommodate the conduct of the special election. However, the special election shall be called no later than 90 days before the date of election, and nomination documents shall be delivered for filing with the county clerk not less than 43 nor more than 64 days prior to the election.

SEC. 4. If a person seeking office to the board of supervisors at the special election was also a candidate for that office at the general election which was invalidated by the court, that person shall not be required to submit additional filing fees or an in-lieu-filing-fee petition for the special election.

SEC. 5. A special election may not be called pursuant to this act until after the enactment of an ordinance redistricting the county supervisorial districts on the basis of the 1980 federal decennial census.

SEC. 6. Sections 1 to 5, inclusive, of this act shall be operative until April 1, 1982, and as of that date are repealed.

SEC. 7. Notwithstanding Section 35756 of the Education Code, within 20 days after receiving the notification provided by Section 35755 of the Education Code, the county superintendent of schools may call an election, in the manner prescribed in Part 4 (commencing with Section 5000) of Division 1 of Title 1 of the Education Code, to be conducted on December 22, 1981, in the territory of districts as determined by the State Board of Education.

This section shall be operative until January 1, 1982, and as of that date is repealed.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In view of the fact that the June 3, 1980, county general election in Madera County has been invalidated by a court of appeal, and the

fact that existing law would prevent the voters in any county which may be similarly situated from electing members to the board of supervisors until the June 1982 general election, and in order that the provisions of this act will be applicable to elections conducted in 1981, it is necessary that this act take effect immediately.

(b) Notwithstanding the provisions of subdivision (a) of this section or Section 3053, the fact a person comes within Section 1203.07 of the Penal Code does not mean that he or she may not be committed and treated.

SEC. 11. Section 3109 of the Welfare and Institutions Code is amended to read:

3109. (a) If at any time following receipt at the facility of a person committed pursuant to this article, the Director of Corrections concludes that such person is not, because of excessive criminality or for other relevant reason, a fit subject for confinement or treatment in a facility of the Department of Corrections, the director may order such person discharged

(c) Any person committed pursuant to Article 2 (commencing with Section 3050), whose execution of sentence in accordance with the provisions of Section 1170 of the Penal Code was suspended pending a commitment pursuant to Section 3051, who has spent, pursuant to this chapter, a period of time in confinement or in custody, excluding any time spent on outpatient status, equal to that which he or she would have otherwise spent in state prison had sentence been executed, including application of good behavior and participation credit provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 of the Penal Code, shall, upon reaching such accumulation of time, be released on parole under the jurisdiction of the Narcotic Addict Evaluation Authority subject to all of the conditions imposed by the authority and subject to the provisions of Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code. A person on parole who violates the rules, regulations or conditions imposed by the authority shall be subject to being retaken and returned to the California Rehabilitation Center as prescribed in such rules, regulations, or conditions and in accordance with the provisions of Sections 3151 and 3152. At the termination of this period of parole supervision or of custody in the California Rehabilitation Center, the person shall be returned by the Director of Corrections to the court from which such person was committed, which court shall discharge him or her from the program and order him or her returned to the court which suspended execution of such person's sentence to state prison. Upon the ordering of the execution of such sentence, the term imposed shall be deemed to have been served in full.

Except as otherwise provided in the preceding paragraph, or as

otherwise provided in Section 3200, the period of commitment, including outpatient status, for persons committed pursuant to Section 3051, which commitment is subsequent to a criminal conviction for which execution of sentence to state prison is suspended, shall equal the term imposed under Section 1170 of the Penal Code, notwithstanding good time and participation credit provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 of such code. Upon reaching such period of time, such person shall be released on parole under the jurisdiction of the Narcotic Addict Evaluation Authority subject to all of the conditions imposed by the authority and subject to the provisions of Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code. A person on parole who violates the rules, regulations, or conditions imposed by the authority shall be subject to being retaken and returned to the California Rehabilitation Center as prescribed in such rules, regulations, or conditions and in accordance with the provisions of Sections 3151 and 3152. At the termination of this period of parole supervision or of custody in the California Rehabilitation Center the person shall be returned by the Director of Corrections to the court from which he or she was committed, which court shall discharge such person from the program and order him or her returned to the court which suspended execution of the person's sentence to state prison. Such court, notwithstanding any other provision of law, shall suspend or terminate further proceedings in the interest of justice, modify the sentence in the same manner as if the commitment had been recalled pursuant to subdivision (d) of Section 1170 of the Penal Code, or order execution of the suspended sentence. Upon the ordering of the execution of such sentence, the term imposed shall be deemed to have been served in full.

The Legislature hereby expresses the legislative intent that prior to September 1, 1981, it would not favorably view the development of the existing state-owned site for a correctional facility. Further, it is the legislative intent that a proposal to develop an alternative site would receive strong preference by the Legislature.

Further, the department, in consultation with state and local agencies, shall include in the report a recommendation on the use of the existing state-owned property. If the final report to the specified legislative committees proposes construction of new correctional facilities on existing state-owned property, funds appropriated in category (b) may be used for site studies and environmental studies, architectural programming, master planning and schematics. Provided further, that an amount not to exceed $2,664,000 may be expended for site studies and environmental studies, architectural programming, master planning and schematics. The Director of Finance shall initiate an executive order to revert any funds in category (b) not required for site studies and environmental studies, architectural programming, master planning and schematics.

Provided, that an amount not to exceed $5,200,000 may be expended for site acquisition and site study and environmental study related to a new site.

Provided further, that none of the funds appropriated in category (b) shall be allocated until the specified legislative committees have

Provided further, that the State Public Works Board shall not select or authorize negotiations for acquisition of a site funded under category (b), until such site is authorized by the Legislature.

Provided further, it is legislative intent that the state and local agencies work cooperatively and expeditiously to identify a mutually agreeable site.

[Approved by Governor September 17, 1981. Filed with Secretary of State September 17, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 14523 of the Government Code is amended to read:

14523. The commission shall prepare an independent evaluation of the department's budget and submit its recommendations to the Legislature not later than February 15, 1979, and not later than February 15 of each year thereafter.

The evaluation and recommendations of the commission shall include recommended adjustments of the motor vehicle fuel tax rates and commercial vehicle weight fees necessary to fund the state highway programs for the maintenance, rehabilitation, reconstruction, and operational improvements of the existing state highway system.

SEC. 2. Section 14529.5 is added to the Government Code, to read:

14529.5. (a) The Legislature finds and declares that highway construction costs have increased at a considerably higher rate than interest income from investment of transportation funds, that this trend is likely to continue in the future, and that timely expenditure of transportation funds is highly beneficial to the California taxpayers

(b) The department shall expedite project development and the expenditure of available revenues and shall keep the cash balance in the State Highway Account in the State Transportation Fund to the minimum necessary for meeting contractual obligations.

(c) The Legislature finds and declares that transportation services are vital to the economic well-being of the state and are essential for daily activities of all the people.

(d) The Legislature further finds and declares that financing transportation services through user charges has served the state well and should be continued.

(e) The Legislature further finds and declares that user charges have not kept up with the inflationary cost increases and should be adjusted to maintain the services at an adequate level.

(f) The Legislature further intends that appropriation of funds from the State Highway Account shall recognize the priorities established in Section 14529.6.

(g) It is, therefore, the intent and purpose of the Legislature, through the enactment of the act enacting this section, to provide adequate funding for necessary transportation services.

SEC. 3. Section 14529.6 is added to the Government Code, to read:

14529.6. (a) The department and the commission shall program, budget, and expend funds in the State Highway Account in the State Transportation Fund based on the following sequence of priorities:

(1) Maintenance, rehabilitation, and reconstruction of the existing highway system for the purpose of protecting the public's investment in the system.

(2) Safety improvements for the purpose of reducing the number and severity of traffic accidents.

(3) Operational improvements to the existing system for maximum service efficiency.

(4) New construction. New construction projects shall be initiated according to the following order of priority:

(A) Gap closure or uncompleted segments of new facilities projects which were contained in the 1972 Highway Program as endorsed by the California Highway Commission where construction was delayed, deferred, or discontinued as a result of the 1975 construction moratorium and subsequent changes in the planning and programming process implemented in 1977, the project was contained in the regional transportation improvement program for three consecutive years during the period of the 1977–78 fiscal year to the 1980–81 fiscal year, inclusive, and in conformance with Section 188.8 of the Streets and Highways Code, and the region is willing to submit the project as its number one priority in the regional transportation improvement program submittal for the 1982 State Transportation Improvement Program and each year thereafter. The transportation planning agency shall designate only one project as its number one priority.

At the direction of the commission, the department shall recommend the most cost-effective alternative project designs consistent with the original purpose of the proposed project, and the commission shall review, evaluate, and prioritize the projects to be programmed within available revenues.

(B) New construction on projects not included in the 1980 State Transportation Improvement Program or subparagraph (A).

(5) Other purposes, including landscape planting, litter pickup, and compatability improvements.

(b) Nothing in subdivision (a) shall preclude funding of projects pursuant to subdivision (b) of Section 1 of Article XIX of the California Constitution where there has been voter approval pursuant to Section 4 of that article.

(c) Prior to the adoption of the state transportation improvement program, the commission shall review the department's project delivery performance. The commission shall publish its findings and hold at least one public hearing. Based on its findings and the information obtained during the public hearing, the commission may make a determination that the department has not made reasonable progress with project delivery and that it is unlikely that the department can accelerate its project delivery schedule to reasonably accommodate the adopted state transportation improvement program. Upon making this determination, the commission may allocate State Highway Account funds for expenditure by counties for development, right-of-way acquisition, and construction of state highway projects included in the state transportation improvement program.

The commission, in making an allocation under this subdivision,

shall seek the recommendation of the regional transportation planning agency or county transportation commission within whose jurisdiction the county is located. The commission shall specify the amount and the purpose of the allocation. The commission may request, and the county shall accept, an audit of funds allocated to the county under this subdivision.

SEC. 4. Section 65082 of the Government Code is amended to read:

65082. A regional transportation improvement program shall be prepared, adopted, submitted and annually updated pursuant to Sections 65080 and 65080.5 to include:

(a) Projects proposed to be funded, in whole or part, from the State Highway Account in the State Transportation Fund during the succeeding five years within the following program categories: (1) new facilities, (2) operational improvements, and (3) local assistance. Major projects shall be listed by relative priority.

(b) Projects and programs proposed to be funded, in whole or part, by funds subject to allocation by the California Transportation Commission during the succeeding five years other than funds in the State Highway Account.

Projects for maintenance, rehabilitation, and reconstruction shall not be included in the regional transportation improvement program.

The regional transportation improvement programs shall be consistent with guidelines established by the commission pursuant to Section 14532 and may not exceed, for local assistance projects, by more than 25 percent, the estimate of funds for those projects provided by the commission pursuant to Section 14525, except as provided in Section 14527. The regional transportation improvement program may be used to meet federal planning requirements where appropriate.

SEC. 5. Section 99313.4 is added to the Public Utilities Code, to read:

99313.4. (a) Each transportation planning agency, each county transportation commission, and the San Diego Metropolitan Transit Development Board shall create a unified transportation fund to deposit the funds allocated to it pursuant to paragraph (3) of subdivision (a) of Section 7102 of the Revenue and Taxation Code. The funds shall be reallocated to operators and to counties and cities for street and highway and public transportation purposes. Funds allocated under this section for public transportation purposes shall be subject to the requirements of this chapter applicable to local transportation funds.

(b) Upon appropriation by the Legislature of the funds transferred to the account pursuant to paragraph (3) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, the secretary shall allocate, based on the ratio of the population of the area to the total state population, the funds to each transportation planning agency, each county transportation commission, and the San Diego

Metropolitan Transit Development Board for reallocation for public transportation purposes and streets and highway purposes.

SEC. 6. Section 7102 of the Revenue and Taxation Code is amended to read:

7102. The money in the fund shall, upon order of the Controller, be drawn therefrom for refunds under this part or be transferred in the following manner:

(a) All revenues, less refunds, derived under this part at the 4¾ percent rate, including the imposition of sales and use taxes with respect to the sale, storage, use, or other consumption of motor vehicle fuel, which would not have been received if the sales and use tax rate had been 5 percent and Section 6357 had not been amended at the 1971 Regular Session of the Legislature, shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance.

The amount so estimated shall be transferred as follows:

(1) One hundred ten million dollars ($110,000,000), adjusted for changes in the Consumer Price Index, as determined by the Department of Labor, but not to exceed the change in the state per capita personal income, and in the population of the state, with the 1979–80 fiscal year as the base year, shall be transferred during each fiscal year to the Transportation Planning and Development Account in the State Transportation Fund.

(2) To the General Fund, one hundred twenty-seven million dollars ($127,000,000) in the 1981–82 fiscal year, one hundred forty-one million dollars ($141,000,000) in the 1982–83 fiscal year, one hundred six million dollars ($106,000,000) in the 1983–84 fiscal year, seventy-one million dollars ($71,000,000) in the 1984–85 fiscal year, thirty-five million dollars ($35,000,000) in the 1985–86 fiscal year, and nothing in the 1986–87 and subsequent fiscal years.

(3) Of any amount of the estimate not transferred pursuant to paragraphs (1) and (2), one-half shall be transferred to the State Highway Account in the State Transportation Fund and one-half shall be transferred to the Transportation Planning and Development Account for allocation pursuant to Section 99313.4 of the Public Utilities Code.

(b) The balance shall be transferred to the General Fund.

(c) The estimate required by subdivision (a) shall be based on taxable transactions occurring during a calendar year, and the transfers required by subdivision (a) shall be made during the fiscal year that commences during that same calendar year. Transfers required by paragraph (1) of subdivision (a) shall be made quarterly. Transfers required by paragraphs (2) and (3) of subdivision (a) shall be made annually during the last quarter of the fiscal year.

(d) If the sum of the transfers required by paragraphs (1) and (2) of subdivision (a) in any fiscal year exceeds the estimate made pursuant to subdivision (a), those transfers shall be reduced so that their sum equals the estimate by first reducing the transfer required by paragraph (2) and then by reducing the transfer required by

paragraph (1).

SEC. 7. Section 7210 of the Revenue and Taxation Code is amended to read.

7210. Notwithstanding Section 7203.5, the State Board of Equalization shall continue to administer the sales and use tax ordinance of any city, county, or city and county which adopts an ordinance imposing a tax on the sale, storage, use, or consumption of motor vehicle fuel pursuant to Chapter 5 (commencing with Section 99500), Part 11, Division 10 of the Public Utilities Code or Part 4 (commencing with Section 9501) of this division.

(c) If the federal fuel tax is reduced below the rate of four cents ($0.04) per gallon, the tax rate imposed by this section, on and after the date of the reduction, shall be increased by an amount so that the combined state and federal tax rate equals eleven cents ($0.11), or thirteen cents ($0.13) if the state tax rate is otherwise imposed pursuant to subdivision (b), per gallon. If any person or entity is exempt or partially exempt from the federal fuel tax at the time of a reduction, the person or entity shall continue to be so exempt under this section.

If the board of supervisors approves the proposition after the approval of the city councils with both of those majorities, the approval of the board of supervisors shall be made within one year of the date of the approval of the city council which results in the proposition being approved by the city councils with both of those majorities.

188.8. From the money expended pursuant to Section 188, the commission shall allocate and the department shall expend, or cause to be expended, in each county of County Group No. 1 and in each county of County Group No. 2 during the period commencing July 1, 1983, and ending June 30, 1987, and for each period of four years thereafter, not less than an amount computed as follows:

(a) The commission shall compute, for each period of four years, an amount equal to 70 percent of the money to be expended in County Groups Nos. 1 and 2, respectively, as provided in Section 188.

(b) From the amount computed for County Group No. 1 in subdivision (a) for each four-year period, the commission shall determine the minimum expenditure for each county in the group based on a formula which is based 75 percent on the population of the county to the total population of County Group No. 1 and 25 percent on state highway miles in the county to the total state highway miles in County Group No. 1.

(c) From the amount computed for County Group No. 2 in subdivision (a) for each four-year period, the commission shall determine the minimum expenditure for each county in the group based on a formula which is based 75 percent on the population of the county to the total population of County Group No. 2 and 25 percent on state highway miles in the county to the total state highway miles in County Group No. 2.

(d) Except as provided in this paragraph, the entire obligation under a contract awarded or a day labor project commenced during any of the periods shall be deemed an expenditure within the period in which the contract was awarded or day labor project commenced. Obligations under contracts which have been awarded or day labor projects which have been commenced, but which are to be budgeted over more than one fiscal year pursuant to Section 170, shall be deemed expenditures in each of the fiscal years in which the work is to be performed in an amount equal to the final amount budgeted for each of the fiscal years for the work.

(e) For the purpose of this section, the population in each county is that determined by the last preceding federal census, or a subsequent census validated by the Population Research Unit of the Department of Finance, at the beginning of each four-year period.

This subdivision shall not apply to projects that cannot proceed due

to changes in federal law or other causes beyond the commission's and department's authority. During the four-year period beginning July 1, 1983, the commission may deviate from subdivisions (a), (b), and (c) for the purpose of meeting the requirements of this subdivision, but shall make a reasonable effort to comply with subdivisions (a), (b), and (c).

SEC. 16. Section 189.1 of the Streets and Highways Code is amended to read:

189.1. Notwithstanding any other provision of law, State Transportation District 12, consisting of the County of Orange, is hereby created on July 1, 1983. This section shall not require that a separate district organization, staff, or facilities be established in the County of Orange.

SEC. 17. Section 2104 of the Streets and Highways Code is amended to read:

2104. A sum equal to the net revenue derived from 1.625 cents ($0.01625) per gallon tax under the Motor Vehicle Fuel License Tax Law (Part 2 (commencing with Section 7301) of Division 2 of the Revenue and Taxation Code), and five hundred thousand dollars ($500,000) annually, and an additional forty-one million dollars ($41,000,000) during the 1982–83 fiscal year if the motor vehicle fuel license tax is to be imposed pursuant to subdivision (b) of Section 7351 of the Revenue and Taxation Code, shall be apportioned among the counties, as follows:

(a) Each county shall be paid one thousand six hundred sixty-seven dollars ($1,667) during each calendar month, which amount shall be expended exclusively for engineering costs and administrative expenses with respect to county roads.

(b) A sum equal to the total of all reimbursable snow removal costs filed pursuant to subdivision (d) of Section 2152, or two million dollars ($2,000,000), whichever is less, shall be apportioned in 12 approximately equal monthly apportionments for snow removal on county roads, as provided in Section 2110.

(c) A sum equal to five hundred thousand dollars ($500,000) shall be apportioned in 12 approximately equal monthly apportionments, as provided in Section 2110.5.

(d) Seventy-five percent of the funds payable under this section shall be apportioned among the counties monthly in the respective proportions that the number of fee-paid and exempt vehicles which are registered in each county bears to the total number of fee-paid and exempt vehicles registered in the state.

For purposes of apportionment under this subdivision, the Department of Motor Vehicles shall, as soon as possible after the last Friday of each calendar month, furnish to the Controller a verified statement showing the number of fee-paid and exempt vehicles which are registered in each county and in the state as of the last Friday of each calendar month as reflected by the records of the Department of Motor Vehicles.

(e) Of the remaining money payable, there shall be paid to each

eligible county an amount monthly computed, as follows: The number of miles of maintained county roads in each county shall be multiplied by forty-two dollars ($42); from the resultant amount there shall be deducted the amount received by each county under subdivision (d) and the remainder, if any, shall be paid to each county.

(f) The remaining money payable, after the foregoing apportionments, shall be apportioned among the counties in the same proportion as the money referred to in subdivision (d).

(2) For each county, the percentage of the total assessed valuation of tangible property subject to local tax levies within the county which is represented by the assessed valuation of tangible property outside the incorporated cities of the county shall be applied to its base sum, and the resulting amount shall be apportioned to the county. The assessed valuation of taxable tangible property, for purposes of this computation, shall be that most recently used for countywide tax levies as reported to the Controller by the State Board of Equalization. If an incorporation or annexation is legally completed following the base sum computation, the new city's assessed valuation shall be deducted from the county's assessed valuation, the estimate of which may be provided by the State Board of Equalization.

(3) The difference between the base sum for each county and the amount apportioned to the county shall be apportioned to the cities of that county in the proportion that the population of each city bears to the total population of all the cities in the county. Populations used for determining apportionment of money under Section 2107 are to be used for purposes of this section.

In the case of a city incorporated subsequent to the last census, or in the case of inhabited unincorporated territory being annexed to a city subsequent to the last census, the Controller shall ascertain the population of the city, or of the annexed territory, by multiplying the number of registered electors therein by three or, at the election of the city, the population of annexed territory may be ascertained pursuant to Section 2107.2. CHAPTER 542

An act to amend Sections 214.4, 251, and 255 of, and to add Sections 207, 257, and 257.1 to, the Revenue and Taxation Code, relating to property tax exemptions.

[Approved by Governor September 16, 1981. Filed with Secretary of State September 17, 1981.]

The people of the State of California do enact as follows:

SECTION 1. The purpose of this act is to provide a simple, streamlined claims process for churches and church schools in filing for property tax exempt status, effective with the 1982–83 fiscal year.

The creation of a "religious exemption" by this act will allow any church to file either for the "church exemption" or the "religious exemption." A church which operates a church school, which formerly had to file a church exemption for the church property, and a welfare exemption for the school portion of the property, will henceforth be able to file a "religious exemption" for the entire property. After an initial claim, the exemption remains in effect until

the property is no longer eligible for the exemption, with minimal annual filing requirements thereafter.

The "welfare exemption" remains applicable to some religious purposes, such as hospitals, educational FM radio or television stations, and certain housing owned by churches, which will continue to be covered by that exemption alone. Church schools may also continue to file for that exemption if desired, but the "religious exemption" offers the simplified claims process.

SEC. 2. Section 207 is added to the Revenue and Taxation Code, to read:

207. Property used exclusively for religious purposes shall be exempt from taxation. Property owned and operated by a church and used for religious worship, preschool purposes, nursery school purposes, kindergarten purposes, school purposes of less than collegiate grade, or for purposes of both schools of collegiate grade and schools less than collegiate grade but excluding property used solely for purposes of schools of collegiate grade, shall be deemed to be used exclusively for religious purposes under this section

The exemption provided by this section is granted pursuant to the authority in subdivision (b) of Section 4 of Article XIII of the California Constitution, and shall be known as the "religious exemption."

This section shall be effective for the 1982–83 fiscal year and fiscal years thereafter.

SEC. 3. Section 214.4 of the Revenue and Taxation Code is amended to read:

214.4. For the purposes of Sections 207 and 214 a school of "less than collegiate grade" is (a) any institution of learning attendance at which exempts a student from attendance at a public full-time elementary or secondary day school under Section 48222 of the Education Code or (b) any institution of learning a majority of whose students are persons that have been excused from attendance at a full-time elementary or secondary day school under Section 48221 or 48226 of the Education Code.

SEC. 4. Section 251 of the Revenue and Taxation Code is amended to read:

SECTION 1. Section 3482.5 is added to the Civil Code, to read:

3482.5. (a) No agricultural activity, operation, or facility, or appurtenances thereof, conducted or maintained for commercial purposes, and in a manner consistent with proper and accepted customs and standards, as established and followed by similar agricultural operations in the same locality, shall be or become a nuisance, private or public, due to any changed condition in or about the locality, after the same has been in operation for more than three years if it was not a nuisance at the time it began.

(b) Subdivision (a) shall not apply if the agricultural activity, operation, or facility, or appurtenances thereof obstructs the free passage or use, in the customary manner, of any navigable lake, river, bay, stream, canal, or basin, or any public park, square, street, or highway.

(c) This section shall not invalidate any provision contained in the Health and Safety Code, Fish and Game Code, Food and Agricultural Code, or Division 7 (commencing with Section 13000) of the Water Code, if the agricultural activity, operation, or facility, or appurtenances thereof, constitute a nuisance, public or private, as specifically defined or described in any such provision.

(d) This section shall prevail over any contrary provision of any ordinance or regulation of any political subdivision of the state

CHAPTER 546

An act to amend Sections 25402 and 25402.1 of the Public Resources Code, relating to energy standards.

[Approved by Governor September 17, 1981 Filed with Secretary of State September 18, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 25402 of the Public Resources Code is amended to read:

25402. The commission shall, after one or more public hearings, do all of the following, in order to reduce the wasteful, uneconomic, inefficient, or unnecessary consumption of energy:

(a) Prescribe, by regulation, lighting, insulation climate control system, and other building design and construction standards which increase the efficiency in the use of energy for new residential and new nonresidential buildings. The standards shall be cost effective, when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practice. The commission shall periodically update the standards and adopt any revision which, in its judgment, it deems necessary. Six months after the commission certifies an energy conservation manual pursuant to subdivision (c) of Section 25402.1, no city, county, city and county, or state agency shall issue a permit for any building unless the building satisfies the standards prescribed by the commission pursuant to this subdivision or subdivision (b) of this section which are in effect on the date an application for a building permit is filed.

(b) Prescribe, by regulation, energy conservation design standards for new residential and new nonresidential buildings. The standards shall be performance standards and shall be promulgated in terms of energy consumption per gross square foot of floor space, but may also include devices, systems, and techniques required to conserve energy. The standards shall be cost effective when taken in their entirety, and when amortized over the economic life of the structure when compared with historic practices. The commission shall periodically review the standards and adopt any revision which, in its judgment, it deems necessary. A building that satisfies the

standards prescribed pursuant to this subdivision need not comply with the standards prescribed pursuant to subdivision (a) of this section. The commission shall comply with the provisions of this subdivision before January 1, 1981.

(c) Prescribe, by regulation, standards for minimum levels of operating efficiency, based on a reasonable use pattern, for all appliances whose use, as determined by the commission, requires a significant amount of energy on a statewide basis. The minimum levels of operating efficiency shall be based on feasible and attainable efficiencies or feasible improved efficiencies which will reduce the electrical energy consumption growth rate. The standards shall become effective no sooner than one year after the date of adoption or revision. No new appliance manufactured on or after the effective date of the standards may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. One year after the effective date of the standards, no new appliance, regardless of the date of manufacture, may be sold or offered for sale in the state, unless it is certified by the manufacturer thereof to be in compliance with the standards. The standards shall be drawn so that they do not result in any added total costs to the consumer over the designed life of the appliances concerned.

(d) Recommend minimum standards of efficiency for the operation of any new facility at a particular site which are technically and economically feasible. No site and related facility shall be certified pursuant to Chapter 6 (commencing with Section 25500), unless the applicant certifies that standards recommended by the commission have been considered, which certification shall include a statement specifying the extent to which conformance with the recommended standards will be achieved.

Whenever the provisions of this section and the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code are in conflict, the commission shall be governed by the provisions of that chapter of the Health and Safety Code to the extent of the conflict.

SEC. 2 Section 25402 1 of the Public Resources Code is amended to read:

25402.1. In order to implement the requirements of subdivisions (a) and (b) of Section 25402, the commission shall do all of the following:

(a) Develop a public domain computer program which will enable contractors, builders, architects, engineers, and government officials to estimate the energy consumed by residential and nonresidential buildings. The commission may charge a fee for the use of the program, which fee shall be based upon the actual cost of the program, including any computer costs.

(b) Include a prescriptive method of complying with the standards, including design aids such as a manual, sample calculations, and model structural designs

(c) Certify, no later than 180 days after approval of the standards by the State Building Standards Commission, an energy conservation manual for use by designers, builders, and contractors of residential and nonresidential buildings. The manual shall be furnished upon request at a price sufficient to cover the costs of production and shall be distributed at no cost to all affected local agencies. The manual shall contain, but not be limited to, the following:

(1) The standards for energy conservation established by the commission.

(2) Forms, charts, tables, and other data to assist designers and builders in meeting the standards.

(3) Design suggestions for meeting or exceeding the standards.

(4) Any other information which the commission finds will assist persons in conforming to the standards.

(5) Instructions for use of the computer program for calculating energy consumption in residential and nonresidential buildings.

(6) The prescriptive method for use as an alternative to the computer program.

(d) The commission shall establish a continuing program of technical assistance to local building departments in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The program shall include the training of local officials in building technology and enforcement procedures related to energy conservation, and the development of complementary training programs conducted by local governments, educational institutions, and other public or private entities. The technical assistance program shall include the preparation and publication of forms and procedures for local building departments in performing the review of building plans and specifications. The commission shall provide, on a contract basis, a review of building plans and specifications submitted by a local building department, and shall adopt a schedule of fees sufficient to repay the cost of such services.

(e) Subdivisions (a) and (b) of Section 25402 and this section, and the rules and regulations of the commission adopted pursuant thereto, shall be enforced by the building department of every city, county, or city and county.

(1) No building permit for any residential or nonresidential building shall be issued by a local building department, unless a review by the building department of the plans for the proposed residential or nonresidential building contains detailed energy system specifications and confirms that the building satisfies the minimum standards established pursuant to subdivision (a) or (b) of Section 25402 and this section applicable to the building.

(2) Where there is no local building department, the commission shall enforce subdivisions (a) and (b) of Section 25402 and this section.

(3) If a local building department fails to enforce subdivisions (a) and (b) of Section 25402 and this section or any other provision of this chapter or standard adopted pursuant thereto, the commission may

provide enforcement after furnishing 10 days' written notice to the local building department.

(4) A city, county, or city and county may, by ordinance or resolution, prescribe a schedule of fees sufficient to pay the costs incurred in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The commission may establish a schedule of fees sufficient to pay the costs incurred by such enforcement.

(f) Subdivisions (a) and (b) of Section 25402 and this section shall apply only to new residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to those sections that are applicable to those buildings. Nothing in those sections shall prohibit either of the following.

(1) The enforcement of state or local energy conservation or energy insulation standards, adopted prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section with regard to residential and nonresidential buildings on which actual site preparation and construction have commenced prior to that date.

(2) The enforcement of city or county energy conservation or energy insulation standards, whenever adopted, with regard to residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section, if the city or county files the basis of its determination that the standards are cost effective with the commission and the commission finds that the standards will require the diminution of energy consumption levels permitted by the rules and regulations adopted pursuant to those sections.

(g) The commission may exempt from the requirements of this section and of any regulations adopted pursuant thereto any proposed building for which compliance would be impossible without substantial delays and increases in cost of construction, if the commission finds that substantial funds have been expended in good faith on planning, designing, architecture or engineering prior to the date of adoption of the regulations.

(h) If a dispute arise between an applicant for a building permit and the building department regarding interpretation of Section 25402 or the regulations adopted pursuant thereto, either party may submit the dispute to the commission for resolution. The commission's determination of the matter shall be binding on the parties.

(i) Nothing in Section 25130, 25131, or 25402, or in this section shall be construed to prevent enforcement of any regulation adopted pursuant to this chapter, or Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as they existed prior to September 16, 1977.

(d) That the applicant has passed a written and practical examination given by the board.

SEC. 2. Section 4089.5 of the Business and Professions Code is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 548

[Approved by Governor September 18, 1981 Filed with Secretary of State September 19, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 21263.2 of the Government Code is amended to read:

21263.2. On and after April 1, 1973, any member whose retirement was effective prior to the operative date of Section 21263 and who on such date or the earlier date of his death was subject to any provision of this part for continuation of one-half his allowance upon death after retirement to certain survivors and such survivors shall be entitled to a monthly allowance derived from employer contributions equal to 25 percent of the amount of his retirement allowance as it was at his death and based on service credited to him as a member subject to this section, but excluding any portion of the retirement allowance derived from additional contributions of the member. Such allowance shall be paid to the surviving spouse throughout life or until remarriage. If there is no surviving spouse, or upon death or remarriage of such spouse before every child of the deceased member attains the age of 18, such allowance shall be paid to his child or children under such age, collectively, until every such child dies or attains such age; provided, that no child shall receive any allowance after marrying or attaining such age. If, at the time of the retired person's death, there is no surviving spouse or children under age 18, the allowance shall be paid to a parent or collectively to parents of the deceased member dependent upon him for support. If, at the effective date of his retirement, the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his retirement and ending on the date of his death.

A natural parent of surviving children eligible to receive an allowance payable under this section shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for such children.

No allowance shall be reduced because of amendments to this section.

SEC. 2. Section 21361.5 of the Government Code is amended to read:

21361.5. In the determination of the portion of the basic death

benefit provided in subdivision (b) of Section 21361, for local members who were members of a local retirement system at the time of that system's discontinuance wholly or in part as provided in Section 20524, service included in the calculation of the completed years of service shall not be limited to service under this system, but instead service rendered as members of said local system, shall also be included.

This section shall not apply to employees of any contracting agency nor to any such agency unless and until the contracting agency elects to be subject to its provisions by amendment to its contract with the board, made as provided in Section 20461.5, or unless said agency's contract with the board includes at its effective date, a provision making said agency and its employees subject to the provisions of this section.

SEC. 3. Section 21364.7 of the Government Code is amended to read:

21364.7. The special death benefit payable if the deceased was a member who was credited with service, compensation for which was subject to contribution under the federal system, shall be reduced during such time as his survivor or survivors are entitled to receive a survivor benefit under the federal system.

The reduction shall be in the amount of the benefit to which there is entitlement under the federal system; provided, however, that it shall not exceed the amount of the benefit derived from contributions of the employer. The amount of the reduction shall not be adjusted because of changes in the amount of the benefit under the federal system or in the amount of benefit or allowance under this system derived from contributions of the employer occurring after the death of the member.

Notwithstanding the amendment to this section and the repeal of Section 21364.6 at the 1963 Regular Session of the Legislature, the special death benefit payable on the death of a member in employment in which the member was a local safety member on October 1, 1963, and which he held continuously thereafter to the date of death, and in which his compensation was on that date subject to contribution under the federal system, shall not be less than it would have been had this section not been so amended or Section 21364.6 repealed.

SEC. 4. Section 50952.1 is added to the Government Code, to read:

50952.1. For purposes of this chapter, unless the context otherwise requires, the term "department" shall also mean a regularly organized fire department of an unincorporated town.

An act to amend Sections 9356.15 and 9359.10 of the Government Code, relating to the Legislators' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1981 Filed with Secretary of State September 19, 1981]

SECTION 1. Section 9356.15 of the Government Code is amended to read:

9356.15. Any person who is a member of the system pursuant to Section 9355.45 may also receive credit for state service prior to the date he became a member, whether such service was rendered before or after the operative date of this section, provided that he makes the contributions required by Section 9357.2, but at the rate of 6½ percent. If he elects to make such contribution with respect to service credited under the Public Employees' Retirement System, he shall receive a refund of his accumulated contributions in that system with respect to all of his state service.

The contribution rate for a person who first commences service in any of the offices listed in Section 9350.55 or who becomes a member of this system on or after January 1, 1982, shall be 8 percent.

SEC. 2. Section 9359.10 of the Government Code is amended to read:

9359.10. The retirement allowance for a legislative statutory officer is an annual amount equal to 3 percent of the compensation payable to the officer at the time the officer vacates that legislative statutory office, or payable to the incumbent of that legislative statutory office at the time payments of the allowance fall due, whichever is higher, multiplied by the number of years of service with which the legislative statutory officer is entitled to be credited at the time of the officer's retirement. In no event shall the allowance payable under this section exceed two-thirds of the compensation payable to the legislative statutory officer at the time the officer vacates that legislative statutory office, or two-thirds of the compensation payable to the incumbent of that legislative statutory office at the time payments of the allowance fall due, whichever is the higher; provided, however, the allowance shall be further adjusted to reflect cost-of-living increases occurring after the retirement of the legislative statutory officer as determined under Section 9360.10 without respect to the limitations set forth in this section.

If a legislative statutory officer is entitled to a retirement allowance under any other state administered public retirement system, and the officer's total retirement allowances under both systems exceed the maximum allowance to which the officer would

be entitled under this section with 20 years service in that legislative statutory office, the allowance payable under this section shall be reduced to the amount that it, combined with the retirement allowance to which the officer is entitled under the other system, does not exceed the maximum allowance to which the officer would be entitled under this section with 22⅓ years service in that legislative statutory office.

The retirement allowance for a person who first commences service in any of the offices listed in Section 9350.55 or who becomes a member of this system on or after January 1, 1982, shall be based on compensation payable to that officer at retirement. In no event shall the allowance be based on a compensation greater than the compensation the member received for such service.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the retirement allowances of new legislative statutory officers be determined as proposed in Section 1 of this act as soon as possible, it is necessary that this act take effect immediately.

Any action alleging an illegal or unconstitutional method of valuation or similar matter shall name as respondent the assessor of the county in which the property is located. An action alleging an unconstitutional or illegal tax rate shall name as respondent the auditor-controller of such county. In the event the action involves the validity of a rule or regulation adopted by the State Board of Equalization, the board shall be named as a respondent. The relief

granted pursuant to this section shall be limited to a declaration that the taxes assessed or collected or to be assessed or collected are unconstitutional or otherwise legally invalid.

This section shall not be interpreted to allow a taxpayer to postpone payment of property taxes pending the decision of the court. All assessment and collection provisions of this division shall continue to apply to properties affected by this section.

This section shall be applicable only in instances where the alleged illegal or unconstitutional assessment or collection occurs as the direct result of a change in administrative regulations or statutory or constitutional law that became effective not more than 12 months prior to the date the action is initiated by the taxpayer.

The procedure for obtaining a declaratory relief judgment under this section shall be the same as that used to obtain a writ of mandate

SEC. 2. Section 5146 of the Revenue and Taxation Code is amended to read:

SEC. 3. It is the intent of the Legislature that actions pursuant to Section 4808 of the Revenue and Taxation Code be quickly heard and determined in both the trial court and the appellate courts in order that final tax liabilities may be determined at the earliest possible moment.

SEC. 4. If any section, part, clause, or phrase hereof is for any reason held to be invalid or unconstitutional, the remaining sections, parts, clauses, and phrases shall not be affected but will remain in full force and effect.

To encourage the recruitment of foster family homes, protect their personal privacy, and to preserve the security and confidentiality of the placements in the homes, the names, addresses, and other identifying information of facilities licensed as foster family homes providing 24-hour care for six or fewer children shall be considered personal information for purposes of the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of Division 3 of the Civil Code). Such information shall not be disclosed by any state or local agency pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) except as necessary for administering the licensing program, facilitating the placement of children in such facilities, and providing names and addresses only to bona fide professional foster parent organizations upon request. of podiatric medicine without the benefit of postgraduate clinical training. The Legislature further finds that it is in the public interest and to the benefit of the state to assist in increasing the number of postgraduate clinical training programs available to graduates of California schools of podiatric medicine.

The Legislature further finds and declares that the didactic education offered at California schools of podiatric medicine is significantly broader in scope than is the subsequent clinical experience and practice of doctors of podiatric medicine and that increased availability of programs of postgraduate clinical training would improve the quality of podiatric care offered to the public and would additionally assist doctors of podiatric medicine in qualifying for expanded role functions in the health care delivery system, thus ameliorating the health care manpower shortage in the state. It is the intent of the Legislature to provide for a program designed primarily to increase the number of postgraduate clinical training residencies sufficiently that all able and qualified graduates of California schools of podiatric medicine have the opportunity to avail themselves of such training. It is further the intent of the Legislature that this program is to be supplemented, after its purpose has been realized, with subsequent legislation mandating one year of postgraduate clinical training as a condition for issuance of a certificate to practice podiatry.

2475.4. The Student Aid Commission shall, within their current level of appropriations, maintain statistical records of the expenditures of funds by schools of podiatric medicine for operating podiatric residency programs established pursuant to this section, and of the numbers of students enrolled in such programs. The commission shall report to the Legislature no later than each January 1, concerning the numbers of students who have completed or are enrolled in such podiatric residency programs, the schools of podiatric medicine such students attend, the attrition rate of

students enrolled in various programs, and recommendations for changes in funding such programs.

Notwithstanding any other provision of this section, members serving on the governing board or program policy committee of a regional center on January 1, 1982, may continue to serve on the board or committee until the expiration of their current term. The Program Development Fund is hereby appropriated to the department until June 30, 1983, for the purposes of this section. In no event shall any such funds revert to the General Fund, except after June 30, 1983. To the extent feasible, allocation decisions shall also take into consideration distribution of funds to geographic areas proportionate to such area's contributions to the Program Development Fund.

[Approved by Governor September 18, 1981 Filed with Secretary of State September 19, 1981]

The people of the State of California do enact as follows:

SECTION 1 Section 41502 of the Health and Safety Code is amended to read:

41502. (a) Before taking any action pursuant to Section 41503, 41504, 41505, or 41652, the state board shall hold a public hearing within the air basin affected, upon a 45-day written notice given to the basinwide air pollution control council, if any, the affected districts, the affected air quality planning agencies, and the public. However, except with respect to action taken pursuant to Section 41652, upon receipt of evidence that a concentration of air contaminants in any place is presenting an imminent and substantial endangerment to the health of persons, and that the districts affected are not taking reasonable action to abate the concentration of air contaminants, the state board shall give, orally if necessary, as much notice as possible, but not less than 24 hours. The state board shall,

in the action taken, include a statement of the facts which prevented the state board from giving a 45-day written notice.

(b) In addition to any other statutory requirements, interested persons shall have the right, at the public hearing, to present oral and written evidence and to question and solicit testimony of qualified representatives of the state board on the matter being considered. The state board may, at the public hearing, place reasonable limits on such right to question and solicit testimony.

(c) If, after conducting the public hearing required by subdivision (a), the state board determines to take action pursuant to any section enumerated in subdivision (a), the state board shall, based on the record of the public hearing, adopt written findings which explain the action to be taken by the state board, why the state board decided to take the action, and why the action is authorized by, and meets the requirements of, the statutory provisions pursuant to which it was taken. In addition, the findings shall address the significant issues raised or written evidence presented by interested persons or the staff of the state board. The transcript of testimony and exhibits, together with all papers and requests filed in the proceedings, shall constitute the exclusive record for decision by the state board.

(d) Subdivisions (a), (b), and (c) shall be applicable to the executive officer of the state board acting pursuant to Section 39515, or to his delegates acting pursuant to Section 39516, with respect to any action taken pursuant to any section enumerated in subdivision (a).

SEC. 2. Section 41652 of the Health and Safety Code is amended to read:

41652. If, after the public hearing, the state board finds that the nonattainment area plan approved by the designated air quality planning agencies does not comply with the requirements of the Clean Air Act (42 U.S.C. Sec. 7401 et seq.), the state board may adopt such revisions as necessary to comply with such requirements, except as otherwise provided in Article 5.5 (commencing with Section 53098) of Chapter 1 of Part 1 of Division 2 of Title 5 of the Government Code.

Each indebtedness shall be authorized by a resolution adopted by the affirmative votes of at least two-thirds of the members of the district board and shall be evidenced by a promissory note or contract signed by at least two-thirds of the members of the board of directors. At the time of making the general tax levy after incurring each indebtedness and annually thereafter until the indebtedness is paid or until there is a sum in the treasury set apart for that purpose sufficient to meet all payments of principal and interest on the indebtedness as they become due, a portion of the taxes levied and collected pursuant to Section 50077 of the Government Code, if any, and pursuant to Sections 5545 and 5545.5 shall be levied and collected and set aside sufficient to pay the interest on the indebtedness and the part of the principal that will become due before the proceeds of a tax levied at the next general tax levy will be available.

(c) The indebtedness authorized to be incurred by this section shall be in addition to, and the provisions of this section shall not apply to, any bonded indebtedness authorized by vote of the electors.

SEC. 2. Section 5545.3 is added to the Public Resources Code, to read:

SEC. 3. Section 5566 is added to the Public Resources Code, to read:

5566. In exercising the authority conferred by Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, a district may establish a zone or zones and a rate of tax for each zone. 5568. For the purpose of acquiring, constructing, or completing any improvement or improvements authorized by this article, or for the purpose of acquiring any land or other property necessary or useful therefor, the board of directors may incur an indebtedness not to exceed 5 percent of the assessed valuation of the real and personal property situated in the district or in any zone established pursuant to Section 5566 for the purpose of levying a tax to pay all sums coming due to repay the indebtedness. The district may issue bonds for the indebtedness under and in full compliance with the provisions of Article 1 (commencing with Section 43600) of Chapter 4 of Division 4 of Title 4 of the Government Code. The provisions of that chapter, as they may exist from time to time and insofar as they may be applicable, shall govern all district bond issues, and the board of each district is the legislative branch of the district, and authorized to do all acts and things which may be done by the legislative branch of cities, towns, and municipal corporations in the incurring of indebtedness and the issuance and sale of bonds.

Taxes for the payment of the bonds shall be levied and collected in the manner provided in this article.

The bonds issued under this section shall be signed by the president of the board and the treasurer of the district, and countersigned by the secretary. The coupons shall be signed by the treasurer. If any officers whose signatures appear on the bonds or coupons cease to be officers before the delivery of the bonds to the purchaser, those signatures or countersignatures are, nevertheless, valid and sufficient for all purposes, the same as if the officers had remained in office until the delivery of the bonds.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide local financing for urgently needed fire, police, and other programs and projects of regional park, regional open-space, and regional park and open-space districts, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 243 5 is added to the Penal Code, to read:

243.5. (a) When a person is convicted of committing an assault or battery on school property during hours when school activities are being conducted , and the court grants probation, the court as a condition of probation, except in any case in which the court makes a finding and states on the record its reasons that such a condition would be inappropriate, shall require that the person make restitution to the victim. If restitution is found to be inappropriate, the court shall require as a condition of probation, except in any case in which the court makes a finding and states on the record its reasons that such a condition would be inappropriate, that the defendant perform specified community service. Nothing in this section shall be construed to limit the authority of the court to grant or deny probation or provide conditions of probation.

(b) Notwithstanding subdivision (2) or (3) of Section 836, a peace officer may, without a warrant, arrest a person who commits an assault or battery described in subdivision (a):

(1) Whenever the person has committed the assault or battery, although not in his presence.

to the victim of the battery. If restitution is found to be inappropriate, the court, except in any case in which the court makes a finding and states on the record its reasons that such condition would be inappropriate, shall require the minor to perform specified community service. Nothing in this section shall be construed to limit the authority of a juvenile court to provide conditions of probation.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 567

An act to amend Sections 1005.4 and 1357 of the Water Code, relating to water, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1981 Filed with Secretary of State September 19, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 1005.4 of the Water Code is amended to read.

1005.4. (a) Cessation of or reduction in the extraction of ground water, to permit the replenishment of such ground water by the use of water from an alternate nontributary source, is hereby declared to be a reasonable beneficial use of the ground water to the extent and in the amount that water from such alternate source is applied to beneficial use, not exceeding, however, the amount of such reduction. No lapse, reduction or loss of any right in ground water, shall occur under such conditions.

(b) Any such user of water from an alternative source may file with the board, on or before December 31st of each calendar year, a statement of the amount of reduction in the extraction of groundwater as a result of water from the alternative source having been so applied to reasonable beneficial use during the next preceding water year (October 1st to September 30th) to permit replenishment of such groundwater. However, failure to file such a statement shall in no way affect the right of a user to claim the benefit of this section.

(c) The provisions of this section apply only as to the cessation of, or reduction in, the extraction of ground water within that area in this state defined by the exterior boundaries of every county, except

the Counties of San Luis Obispo, Santa Barbara, Ventura, Los Angeles, Orange, San Diego, Imperial, Riverside, and San Bernardino.

(d) The term "nontributary source," as used in this section, shall be deemed to include water imported from another watershed or water conserved and saved in the watershed by a water conservation plan or works without which such water of the same watershed would have wasted, or would not have reached the underground source of supply of the owner relying upon this section.

SEC. 2. Section 1357 of the Water Code is amended to read:

1357. The board may order a reconsideration of all or part of a decision or order on the board's own motion or on petition of any person interested in any application, permit, or license affected by the decision or order. The petition shall be filed within 30 days after adoption by the board of a decision or order. The power of the board to order a reconsideration on its own motion shall expire 30 days after it has adopted a decision or order. The board shall order or deny reconsideration on a petition therefor within 60 days after the petition is filed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

[Approved by Governor September 18, 1981. Filed with Secretary of State September 19, 1981]

(b) If any school within a school district fails to maintain its school for the required 175 days, the Superintendent of Public Instruction shall withhold from the district's apportionment based upon average daily attendance a product of 0.01143 times the district's apportionment for each additional day the school would have had to maintain operations to meet the 175 day requirement.

(b) The Superintendent of Public Instruction, with the approval of the Department of Finance, may waive strict compliance by school districts with the statutes and regulations relating to attendance accounting for purposes of making apportionments from

SEC. 3. Section 9225 of the Corporations Code is repealed.

SEC. 4. Section 9243 of the Corporations Code is amended to read:

9243. (a) Except as provided in subdivision (b), for the purpose of this section, a self-dealing transaction means a transaction to which the corporation is a party and in which one or more of its directors has a material financial interest and which does not meet the requirements of paragraph (1), (2), (3), or (4) of subdivision (d). Such a director is an "interested director" for the purpose of this section.

(3) A transaction, of which the interested director or directors have no actual knowledge, and which does not exceed the lesser of 1 percent of the gross receipts of the corporation for the preceding fiscal year or one hundred thousand dollars ($100,000).

(c) Any of the following may bring an action in the superior court of the proper county for the remedies specified in subdivision (h):

(d) In any action brought under subdivision (c) the remedies specified in subdivision (h) shall not be granted if:

(2) The transaction is approved or ratified in good faith by the members (Section 5034) other than the directors, after notice and disclosure to the members of the material facts concerning the transaction and the director's interest in the transaction; or

(3) If the followng facts are established:

(A) The corporation entered into the transaction for its own benefit or for the benefit of the religious organization;

(B) The transaction was fair and reasonable as to the corporation or was in furtherance of its religious purposes at the time the corporation entered into the transaction;

(C) Prior to consummating the transaction or any part thereof the board authorized or approved the transaction in good faith by a vote of a majority of the directors then in office without counting the vote of the interested director or directors, and with knowledge of the material facts concerning the transaction and the director's interest in the transaction. Except as provided in paragraph (4) of this subdivision, action by a committee of the board shall not satisfy this paragraph; and

(D) (i) Prior to authorizing or approving the transaction the board considered and in good faith determined after reasonable investigation under the circumstances that either the corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or the transaction was in furtherance of the corporation's religious purposes or (ii) in fact, either the corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or the transaction was in furtherance of the corporation's religious purposes; or

(4) The following facts are established:

(A) A committee or person authorized by the board approved the transaction in a manner consistent with the standards set forth in paragraph (3) of this subdivision;

(B) It was not reasonably practicable to obtain approval of the board prior to entering into the transaction; and

(C) The board, after determining in good faith that the conditions of subparagraphs (A) and (B) of this paragraph were satisfied,

ratified the transaction at its next meeting by a vote of the majority of the directors then in office without counting the vote of the interested director or directors.

(e) Except as provided in subdivision (f), an action under subdivision (c) or Section 9230 shall be commenced within two years after written notice setting forth the material facts of the transaction is filed with the Attorney General in accordance with such regulations, if any, as the Attorney General may adopt or if no such notice is filed, five years after the cause of action has accrued.

(f) In any action for breach of an obligation of the corporation owed to an interested director, where the obligation arises from a self-dealing transaction which has not been approved as provided in subdivision (d), the court may, by way of offset only, make any order authorized by subdivision (h), notwithstanding the expiration of the applicable period specified in subdivision (e).

(g) Interested directors may be counted in determining the presence of a quorum at a meeting of the board which authorizes, approves or ratifies a contract or transaction.

(h) If a self-dealing transaction has taken place, the interested director or directors shall do such things and pay such damages as in the discretion of the court will provide an equitable and fair remedy to the corporation taking into account any benefit received by the corporation and whether the interested director or directors acted in good faith and with intent to further the best interest of the corporation. Without limiting the generality of the foregoing, the court may order the director to do any or all of the following:

(1) Account for any profits made from such transaction, and pay them to the corporation;

(2) Pay the corporation the value of the use of any of its property used in such transactions; and

The court may award prejudgment interest to the extent allowed in Sections 3287 and 3288 of the Civil Code. In addition, the court may, in its discretion, grant exemplary damages for a fraudulent or malicious violation of this section.

SEC 5. Section 9410 of the Corporations Code is amended to read:

9410. (a) In the absence of a contrary provision in the articles or bylaws, the provisions of this chapter shall apply to any regular or special meetings of members or obtaining approval of members (Section 5034) or approval of a majority of members (Section 5033). The articles or bylaws may provide any reasonable method of calling, noticing, and holding such meetings or obtaining such approvals.

(b) Anything in subdivision (a) to the contrary notwithstanding, the articles or bylaws may not vary the provisions of subdivision (e) of Section 9411, subdivision (e) of Section 9417 (if proxies are

authorized), or Section 9418.

SEC. 6. Section 9411 of the Corporations Code is amended to read:

9411. (a) Subject to the provisions of this chapter, regular and special meetings of members shall be called, noticed and held as may be ordered by the board.

(b) Special meetings of members may be called by the board or the chairman of the board or the president for any lawful purpose. In addition, special meetings of members may be called by 5 percent or more of the members for any lawful purpose.

(c) Upon request in writing to the chairman of the board, president, vice president or secretary by any person (other than the board) entitled to call a special meeting of members, the board shall expeditiously set a reasonable time and place for the meeting and the officer forthwith shall cause notice to be given to the members entitled to vote of the time and place of the meeting. If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the corporation giving it an opportunity to be heard. The court may issue such orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote and the form of notice.

(d) The transactions of any meeting of members, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of and presence at such meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this part to be included in the notice but not so included, if such objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any regular or special meeting of members need be specified in any written waiver of notice, consent to the holding of the meeting or approval of the minutes thereof except as provided in subdivision (e).

(e) Any member approval required under subdivision (b) of Section 9150, Section 9222, Section 5812 (made applicable pursuant to Section 9620), subdivision (a) of Section 9631, subdivision (c) of Section 9640, subdivision (a) of Section 6015 (made applicable

pursuant to Section 9640), or subdivision (b) of Section 9680, other than unanimous approval by those entitled to vote, shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

SEC. 7. Section 9412 of the Corporations Code is amended to read:

9412. (a) A majority of the voting power, represented in person, by written ballot, or by proxy, shall constitute a quorum at a meeting of members. If a quorum is present, the affirmative vote of the majority of the voting power represented at the meeting, entitled to vote, and voting on any matter shall be the act of the members.

(b) The members present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough members to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the members required to constitute a quorum.

(c) In the absence of a quorum, any meeting of members may be adjourned from time to time by the vote of a majority of the votes represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (b).

SEC. 8. Section 9414 of the Corporations Code is amended to read:

9414. (a) If for any reason it is impractical or impossible for any corporation to call or conduct a meeting of its members, delegates or directors, or otherwise obtain their consent, in the manner prescribed by its articles or bylaws, or this part, then the superior court of the proper county, upon petition of a director, officer, delegate, or member, may order that such a meeting be called or that a written ballot or other form of obtaining the vote of members, delegates or directors be authorized, in such a manner as the court finds fair and equitable under the circumstances.

(b) The court shall, in an order issued pursuant to this section, provide for a method of notice reasonably designed to give actual notice to all parties who would be entitled to notice of a meeting held pursuant to the articles, bylaws and this part, whether or not the method results in actual notice to every such person, or conforms to the notice requirements that would otherwise apply. In a proceeding under this section the court may determine who the members or directors are.

(c) The order issued pursuant to this section may dispense with any requirement relating to the holding of and voting at meetings or obtaining of votes, including any requirement as to quorums or as to the number or percentage of votes needed for approval, that would otherwise be imposed by the articles, bylaws, or this part.

(d) Wherever practical any order issued pursuant to this section shall limit the subject matter of the meetings or other forms of consent authorized to items, including amendments to the articles or bylaws, the resolution of which will or may enable the corporation

to continue managing its affairs without further resort to this section; provided, however, that an order under this section may also authorize the obtaining of whatever votes and approvals are necessary for the dissolution, merger, sale of assets or reorganization of the corporation

(e) Any meeting or other method of obtaining the vote of members, delegates or directors conducted pursuant to an order issued under this section, and which complies with all the provisions of such order, is for all purposes a valid meeting or vote, as the case may be, and shall have the same force and effect as if it complied with every requirement imposed by the articles, bylaws and this part.

SEC. 9. Section 9415 of the Corporations Code is repealed.

SEC. 10. Section 9415 is added to the Corporations Code, to read:

9415. (a) If the articles or bylaws authorize cumulative voting, but not otherwise, every member entitled to vote at any election of directors may cumulate such member's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the member is entitled, or distribute the member's votes on the same principle among as many candidates as the member thinks fit.

(b) No member shall be entitled to cumulate votes for a candidate or candidates unless such candidate's name or candidates' names have been placed in nomination prior to the voting and the member has given notice at the meeting prior to the voting of the member's intention to cumulate votes. If any one member has given such notice, all members may cumulate their votes for candidates in nomination.

(c) In any election of directors, the candidates receiving the highest number of votes are elected, subject to any lawful provision specifying election by classes.

(d) Elections for directors need not be by ballot unless a member demands election by ballot at the meeting and before the voting begins or unless the bylaws so require.

SEC. 11. Section 9416 of the Corporations Code is repealed.

SEC. 12. Section 9417 of the Corporations Code is amended to read:

9417. (a) Any member may authorize another person or persons to act by proxy with respect to such membership, except that this right may be limited or withdrawn by the articles or bylaws. Any proxy purported to be executed in accordance with the provisions of this part shall be presumptively valid.

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy, except that the maximum term of any proxy shall be three years from the date of execution. Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior proxy and

presented to the meeting, or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy.

(c) A proxy is not revoked by the death or incapacity of the maker or the termination of a membership as a result thereof unless, before the vote is counted, written notice of such death or incapacity is received by the corporation.

(d) The proxy of a member may not be irrevocable.

(e) Any proxy covering matters requiring a vote of the members pursuant to Section 5812 (made applicable pursuant to Section 9620), subdivision (a) of Section 9631, subdivision (c) of Section 9640, subdivision (a) of Section 6015 (made applicable pursuant to Section 9640), or subdivision (b) of Section 9680 is not valid unless it sets forth the general nature of the matter to be voted on.

SEC. 13. Section 9621 is added to the Corporations Code, to read:

9621. (a) A religious corporation may amend its articles to change its status to that of a public benefit corporation, by complying with the provisions of this section and the other sections of Chapter 8 (commencing with Section 5810) of Part 2 (made applicable pursuant to Section 9620).

(b) Amended articles authorized by this section shall include the provisions which would have been required (other than the name of the initial agent for service of process if a statement has been filed pursuant to Section 6210, made applicable pursuant to Section 9660) and may in addition only include those provisions which would have been permitted, in original articles filed by the public benefit corporation.

SEC. 14. Section 10250 of the Corporations Code is amended to read:

10250. (a) Any corporation organized under the provisions of or for the purposes set forth in Part 6 (commencing with Section 10000) of this division or organized on or prior to December 31, 1979, under the provisions of or for purposes set forth in Part 3 (commencing with Section 10200) of this division, then in effect, or organized under or subject to Part 2 (commencing with Section 5110), or organized under or subject to Part 4 (commencing with Section 9110), may, if authorized so to do by its articles of incorporation, establish one or more common trust funds for the purpose of furnishing investments to such corporation or to any church, parish, congregation, society, chapel, mission, religious, beneficial, charitable or educational institution affiliated with it, or to any organization, society or corporation holding funds or property for the benefit of any of the foregoing, or holding funds for the purpose of supporting a bishop, priest, religious pastor, or teacher or any building or buildings used by or owned by any of the foregoing, whether holding such funds or property as fiduciary or otherwise. Notwithstanding the provisions of any general or special law in any way limiting the right of any of the foregoing or the officers or directors thereof, as fiduciary or otherwise, to invest funds held by them, it shall be lawful for any of the foregoing to invest any or all

of their funds or property in shares or interests of such common trust fund or trust funds; provided, that, in the case of funds or property held as fiduciary, such investment is not prohibited by the wording of the will, deed or other instrument creating such fiduciary relationship.

(b) The directors or trustees of any such common trust fund, or trust funds, so organized, may employ such officers or agents as they think best, define their duties, and fix their compensation. They may also appoint a trust company or bank as custodian of the trust estate and may employ an investment adviser or advisers, define their duties, and fix their compensation. Securities which constitute part or all of the trust estate may be deposited in a securities depository, as defined in Section 30004 of the Financial Code, which is licensed under Section 30200 of the Financial Code or exempted from licensing thereunder by Section 30005 or 30006 of the Financial Code, and such securities may be held by such securities depository in the manner authorized by Section 775 of the Financial Code.

(c) The directors or trustees of any such common trust fund, or trust funds, shall pay ratably among the holders of shares or beneficial certificates then outstanding, semiannual dividends which shall approximately equal, in each fiscal year, the net income of the trust, or trusts.

(d) The provisions of the Corporate Securities Law (Division 1 (commencing with Section 25000) of Title 4) shall not apply to the creation, administration, or termination of common trust funds created hereunder, nor to participation therein.

CHAPTER 571

An act to add Article 7 (commencing with Section 52450) to Chapter 9 of Part 28 of the Education Code, relating to agricultural vocational education.

[Approved by Governor September 18, 1981 Filed with Secretary of State September 19, 1981]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 52450) is added to Chapter 9 of Part 28 of the Education Code, to read:

Article 7. Agricultural Vocational Education

52450. The Legislature of the State of California recognizes that agriculture is the most basic and singularly important industry in the state, that agriculture is of central importance to the welfare and economic stability of the state, and that the maintenance of this vital industry requires a continued source of trained and qualified

individuals for employment in agriculture and agribusiness. The Legislature hereby declares that it is within the best interests of the people of the State of California that a comprehensive vocational education program in agriculture be created and maintained by the state's school system in order to ensure an adequate supply of trained and skilled individuals and to ensure appropriate representation of racial and ethnic groups in all phases of the industry. For this purpose, the Legislature affirms that a state program for agricultural vocational education shall be established. It is the intent of the Legislature that a state program for agricultural education shall be a part of the curriculum of the state school system and made readily available to all school districts who may, at their option, include programs in vocational education in agriculture as a part of the curriculum of that district.

52451. The State Department of Education shall adopt such rules and regulations as are necessary to implement the provisions of this article. The rules and regulations shall not create any new state mandates on school districts or county offices of education as a condition of receiving federal, state, and local funds by those entities.

It is the intent of the Legislature that, although this article does not create any new mandates, school districts and county offices of education are strongly advised to follow the guidelines set forth in this article.

52452. (a) There is hereby created within the State Department of Education an agricultural vocational education unit to assist school districts in the establishment and maintenance of educational programs established pursuant to the provisions of this article.

(b) The staffing of the unit shall at all times be comprised of an appropriate number of full-time employees; provided, that any decrease in federal support of this staffing unit shall be applied in direct proportion to all other staffs so funded, including the State Supervisor of Agricultural Vocational Education who shall, under the direction of the Superintendent of Public Instruction, assume responsibility for the administration of the state program adopted under this article throughout the public school system as well as the articulation of the state program to the requirements and mandates of federally assisted vocational education.

(c) An appropriate number of employees shall serve as program consultants in agricultural vocational education and shall be available to provide assistance to local school districts. To the extent that it is possible, the program consultants shall be geographically located in those areas most readily accessible to the school districts they assist. At least one consultant shall be responsible for the coordination of the state program. At least one consultant shall be responsible for the coordination of the activities of student agricultural organizations and associations

(d) The State Department of Education shall accomplish the staffing of the agricultural vocational education unit in compliance with this article by reassigning priorities in staff assignments within

the department in a manner such that there will be no new costs to the state as a consequence.

52453. It shall be the responsibility of the Superintendent of Public Instruction to establish and convene an advisory committee of agriculturists representative of the various and diverse areas of the agricultural industry in California. It shall be the purpose of this committee to develop recommendations for state programs in agricultural vocational education for presentation to the Legislature for review and to the State Board of Education for its approval and adoption. These recommendations shall be made available on or before January 1, 1983. The advisory committee shall be terminated on June 30, 1983. Recommendations shall include, but not be limited to, the development of a curriculum and a strategy for the purpose of establishing a source of trained and qualified individuals in agriculture, a strategy for articulating the state program in agricultural vocational education throughout the state school system, and a consumer education outreach strategy regarding the importance of agriculture in California. The advisory committee of agriculturists shall serve without compensation, including travel and per diem.

SECTION 1. Section 1170.7 is added to the Penal Code, to read:

1170.7. Robbery or attempted robbery for the purpose of obtaining any controlled substance, as defined in Section 11007 of the Health and Safety Code, when committed against a pharmacist, pharmacy employee, or other person lawfully possessing controlled substances, shall be considered a circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

CHAPTER 573

No railroad corporation whose railroad is operated primarily by electric energy, street railroad corporation, gas corporation, electrical corporation, telegraph corporation, telephone corporation, water corporation, or sewer system corporation shall begin the construction of a street railroad, or of a line, plant, or system, or of any extension thereof, without having first obtained from the commission a certificate that the present or future public convenience and necessity require or will require such construction.

This article shall not be construed to require any such corporation to secure such certificate for an extension within any city or city and county within which it has theretofore lawfully commenced operations, or for an extension into territory either within or without a city or city and county contiguous to its street railroad, or line, plant, or system, and not theretofore served by a public utility of like character, or for an extension within or to territory already served by it, necessary in the ordinary course of its business. 1002. (a) The commission, as a basis for granting any certificate pursuant to Section 1001 shall give consideration to the following factors

(1) Community values.
(2) Recreational and park areas.
(3) Historical and aesthetic values.
(4) Influence on environment, except that in the case of any line, plant, or system or extension thereof located in another state which will be subject to environmental impact review pursuant to the National Environmental Policy Act of 1969 (Chapter 55 (commencing with Section 4321) of Title 42 of the United States Code) or similar state laws in the other state, the commission shall not consider influence on the environment unless any emissions or discharges therefrom would have a significant influence on the environment of this state.

(b) With respect to any thermal powerplant or electrical transmission line for which a certificate is required pursuant to the provisions of Division 15 (commencing with Section 25000) of the Public Resources Code, no certificate of public convenience and necessity shall be granted pursuant to Section 1001 without such other certificate having been obtained first, and the decision granting such other certificate shall be conclusive as to all matters determined thereby and shall take the place of the requirement for consideration by the commission of the four factors specified in subdivision (a) of this section.

SEC. 5. Section 5220 of the Corporations Code is amended to read:

5220 (a) Except as provided in subdivision (d), directors shall be elected for such terms, not longer than three years, as are fixed in the articles or bylaws. However, the terms of directors of a corporation without members may be up to six years. In the absence of any provision in the articles or bylaws, the term shall be one year No amendment of the articles or bylaws may extend the term of a director beyond that for which the director was elected, nor may any bylaw provision increasing the terms of directors be adopted without approval of the members (Section 5034).

(c) The articles or bylaws may provide for the election of one or more directors by the members of any class voting as a class.

(d) Subdivisions (a) through (c) notwithstanding, all or any portion of the directors authorized in the articles or bylaws of a corporation without members and up to one-third of the directors authorized in the articles or bylaws of a corporation with members, may hold office by virtue of designation or selection as provided by the articles or bylaws rather than by election by a member or members. Such directors shall continue in office for the term prescribed by the governing article or bylaw provision, or, if there is no term prescribed, until the governing article or bylaw provision is duly amended or repealed, except as provided in subdivision (e) of Section 5222. A bylaw provision authorized by this subdivision may be adopted, amended, or repealed only by approval of the members (Section 5034), subject, if so provided in the bylaws, to the consent of the person or persons entitled to designate or select any such director or directors.

(e) In computing the one-third limit set forth in subdivision (d) the following directors shall not be counted either as designated or selected directors or as authorized directors:

suit of a director, or twice the authorized number (Section 5036) of members or 20 members, whichever is less, remove from office any director in case of fraudulent or dishonest acts or gross abuse of authority or discretion with reference to the corporation or breach of any duty arising under Article 3 (commencing with Section 5230) of this chapter, and may bar from reelection any director so removed for a period prescribed by the court. The corporation shall be made a party to such action.

(b) The Attorney General may bring an action under subdivision (a), may intervene in such an action brought by any other party and shall be given notice of any such action brought by any other party.

SEC. 7. Section 5233 of the Corporations Code is amended to read:

5233. (a) Except as provided in subdivision (b), for the purpose of this section, a self-dealing transaction means a transaction to which the corporation is a party and in which one or more of its directors has a material financial interest and which does not meet the requirements of paragraph (1), (2), or (3) of subdivision (d). Such a director is an "interested director" for the purpose of this section.

(b) The provisions of this section do not apply to any of the following:

(1) An action of the board fixing the compensation of a director as a director or officer of the corporation.

(2) A transaction which is part of a public or charitable program of the corporation if it: (i) is approved or authorized by the corporation in good faith and without unjustified favoritism; and (ii) results in a benefit to one or more directors or their families because they are in the class of persons intended to be benefited by the public or charitable program.

(3) A transaction, of which the interested director or directors have no actual knowledge, and which does not exceed the lesser of 1 percent of the gross receipts of the corporation for the preceding fiscal year or one hundred thousand dollars ($100,000).

(c) The Attorney General or, if the Attorney General is joined as an indispensable party, any of the following may bring an action in the superior court of the proper county for the remedies specified in subdivision (h):

(2) A director of the corporation.

(3) An officer of the corporation.

(d) In any action brought under subdivision (c) the remedies specified in subdivision (h) shall not be granted if.

(1) The Attorney General, or the court in an action in which the Attorney General is an indispensable party, has approved the transaction before or after it was consummated; or

(2) The following facts are established:

(A) The corporation entered into the transaction for its own

benefit;

(B) The transaction was fair and reasonable as to the corporation at the time the corporation entered into the transaction;

(C) Prior to consummating the transaction or any part thereof the board authorized or approved the transaction in good faith by a vote of a majority of the directors then in office without counting the vote of the interested director or directors, and with knowledge of the material facts concerning the transaction and the director's interest in the transaction. Except as provided in paragraph (3) of this subdivision, action by a committee of the board shall not satisfy this paragraph; and

(D) (i) Prior to authorizing or approving the transaction the board considered and in good faith determined after reasonable investigation under the circumstances that the corporation could not have obtained a more advantageous arrangement with reasonable effort under the circumstances or (ii) the corporation in fact could not have obtained a more advantageous arrangement with reasonable effort under the circumstances; or

(3) The following facts are established:

(A) A committee or person authorized by the board approved the transaction in a manner consistent with the standards set forth in paragraph (2) of this subdivision;

(B) It was not reasonably practicable to obtain approval of the board prior to entering into the transaction; and

(C) The board, after determining in good faith that the conditions of subparagraphs (A) and (B) of this paragraph were satisfied, ratified the transaction at its next meeting by a vote of the majority of the directors then in office without counting the vote of the interested director or directors.

(e) Except as provided in subdivision (f), an action under subdivision (c) must be filed within two years after written notice setting forth the material facts of the transaction and the director's interest in the transaction is filed with the Attorney General in accordance with such regulations, if any, as the Attorney General may adopt or, if no such notice is filed, within three years after the transaction occurred, except for the Attorney General, who shall have 10 years after the transaction occurred within which to file an action.

(f) In any action for breach of an obligation of the corporation owed to an interested director, where the obligation arises from a self-dealing transaction which has not been approved as provided in subdivision (d), the court may, by way of offset only, make any order authorized by subdivision (h), notwithstanding the expiration of the applicable period specified in subdivision (e).

(g) Interested directors may be counted in determining the presence of a quorum at a meeting of the board which authorizes, approves or ratifies a contract or transaction.

(h) If a self-dealing transaction has taken place, the interested director or directors shall do such things and pay such damages as in

the discretion of the court will provide an equitable and fair remedy to the corporation, taking into account any benefit received by the corporation and whether the interested director or directors acted in good faith and with intent to further the best interest of the corporation. Without limiting the generality of the foregoing, the court may order the director to do any or all of the following:

(1) Account for any profits made from such transaction, and pay them to the corporation;

(2) Pay the corporation the value of the use of any of its property used in such transaction; and

(3) Return or replace any property lost to the corporation as a result of such transaction, together with any income or appreciation lost to the corporation by reason of such transaction, or account for any proceeds of sale of such property, and pay the proceeds to the corporation together with interest at the legal rate. The court may award prejudgment interest to the extent allowed in Section 3287 or 3288 of the Civil Code. In addition, the court may, in its discretion, grant exemplary damages for a fraudulent or malicious violation of this section.

SEC. 8. Section 5236 of the Corporations Code is amended to read:

5236. (a) A corporation shall not make any loan of money or property to or guarantee the obligation of any director or officer, unless approved by the Attorney General; provided, however, that a corporation may advance money to a director or officer of the corporation or of its parent or any subsidiary for expenses reasonably anticipated to be incurred in the performance of the duties of such officer or director, provided that in the absence of such advance, such director or officer would be entitled to be reimbursed for such expenses by such corporation, its parent, or any subsidiary.

(b) The provisions of subdivision (a) do not apply to the payment of premiums in whole or in part by a corporation on a life insurance policy on the life of a director or officer so long as repayment to the corporation of the amount paid by it is secured by the proceeds of the policy and its cash surrender value.

(c) The provisions of subdivision (a) do not apply to a loan of money to or for the benefit of an officer in circumstances where the loan is necessary, in the judgment of the board, to provide financing for the purchase of the principal residence of the officer in order to secure the services or continued services of the officer and the loan is secured by real property located in the state.

SEC. 9. Section 5240 of the Corporations Code is amended to read:

5240. (a) This section applies to all assets held by the corporation for investment. Assets which are directly related to the corporation's public or charitable programs are not subject to this section.

(b) Except as provided in subdivision (c), in investing, reinvesting, purchasing, acquiring, exchanging, selling and managing the corporation's investments, the board shall do the

following:

(1) Avoid speculation, looking instead to the permanent disposition of the funds, considering the probable income, as well as the probable safety of the corporation's capital.

(2) Comply with additional standards, if any, imposed by the articles, bylaws or express terms of an instrument or agreement pursuant to which the assets were contributed to the corporation.

(c) No investment violates this section where it conforms to provisions authorizing such investment contained in an instrument or agreement pursuant to which the assets were contributed to the corporation. No investment violates this section or Section 5231 where it conforms to provisions requiring such investment contained in an instrument or agreement pursuant to which the assets were contributed to the corporation.

(d) In carrying out duties under this section, each director shall act as required by subdivision (a) of Section 5231, may rely upon others as permitted by subdivision (b) of Section 5231, and shall have the benefit of subdivision (c) of Section 5231, and the board may delegate its investment powers as permitted by Section 5210.

(e) Nothing in this section shall be construed to preclude the application of the Uniform Management of Institutional Funds Act, Chapter 3 (commencing with Section 2290.1) of Title 8 of Part 4 of Division 3 of the Civil Code, if that act would otherwise be applicable.

SEC. 10. Section 5311 of the Corporations Code is amended to read:

5311. Subject to the articles or bylaws, memberships may be issued by a corporation for no consideration or for such consideration as is determined by the board.

SEC. 11. Section 5510 of the Corporations Code is amended to read:

5510. (a) Meetings of members may be held at a place within or without the state that is stated in or fixed in accordance with the bylaws. If no other place is so stated or fixed, meetings of members shall be held at the principal office of the corporation.

(b) A regular meeting of members shall be held on a date and time, and with the frequency stated in or fixed in accordance with the bylaws, but in any event in each year in which directors are to be elected at that meeting for the purpose of conducting such election, and to transact any other proper business which may be brought before the meeting.

(c) If a corporation with members fails to hold the regular meeting for a period of 60 days after the date designated therefor or, if no date has been designated, for a period of 15 months after the formation of the corporation, or after its last regular meeting, or if the corporation fails to hold a written ballot for a period of 60 days after the date designated therefor, then the superior court of the proper county may summarily order the meeting to be held or the ballot to be conducted upon the application of a member or the

Attorney General, after notice to the corporation giving it an opportunity to be heard.

(d) The votes represented, either in person or by proxy, at a meeting called or by written ballot ordered pursuant to subdivision (c), and entitled to be cast on the business to be transacted shall constitute a quorum, notwithstanding any provision of the articles or bylaws or in this part to the contrary. The court may issue such orders as may be appropriate including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote, and the form of notice of the meeting.

(e) Special meetings of members may be called by the board, the chairman of the board, the president, or such other persons, if any, as are specified in the bylaws. In addition, special meetings of members for any lawful purpose may be called by 5 percent or more of the members.

SEC. 12. Section 5511 of the Corporations Code is amended to read:

5511. (a) Whenever members are required or permitted to take any action at a meeting, a written notice of the meeting shall be given not less than 10 nor more than 90 days before the date of the meeting to each member who, on the record date for notice of the meeting, is entitled to vote thereat; provided, however, that if notice is given by mail, and the notice is not mailed by first-class, registered, or certified mail, that notice shall be given not less than 20 days before the meeting. Subject to subdivision (f), and subdivision (b) of Section 5512, such notice shall state the place, date and time of the meeting and (1) in the case of a special meeting, the general nature of the business to be transacted, and no other business may be transacted, or (2) in the case of the regular meeting, those matters which the board, at the time the notice is given, intends to present for action by the members, but, except as provided in subdivision (b) of Section 5512, any proper matter may be presented at the meeting for such action. The notice of any meeting at which directors are to be elected shall include the names of all those who are nominees at the time the notice is given to members.

(b) Notice of a members' meeting or any report shall be given either personally or by mail or other means of written communication, addressed to the member at the address of such member appearing on the books of the corporation or given by the member to the corporation for purpose of notice; or if no such address appears or is given, at the place where the principal office of the corporation is located or by publication at least once in a newspaper of general circulation in the county in which the principal office is located. An affidavit of giving of any notice or report in accordance with the provisions of this part, executed by the secretary, assistant secretary or any transfer agent, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to a member at the address of

such member appearing on the books of the corporation is returned to the corporation by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the member at such address, all future notices or reports shall be deemed to have been duly given without further mailing if the same shall be available for the member upon written demand of the member at the principal office of the corporation for a period of one year from the date of the giving of the notice or report to all other members.

(c) Upon request in writing to the chairman of the board, president, vice president or secretary by any person (other than the board) entitled to call a special meeting of members, the officer forthwith shall cause notice to be given to the members entitled to vote that a meeting will be held at a time fixed by the board, not less than 35 nor more than 90 days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the corporation giving it an opportunity to be heard The court may issue such orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote and the form of notice.

(d) When a members' meeting is adjourned to another time or place, unless the bylaws otherwise require and except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. No meeting may be adjourned for more than 45 days. At the adjourned meeting the corporation may transact any business which might have been transacted at the original meeting. If after the adjournment a new record date is fixed for notice or voting, a notice of the adjourned meeting shall be given to each member who, on the record date for notice of the meeting, is entitled to vote at the meeting.

(e) The transactions of any meeting of members, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of and presence at such meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this part to be included in the

notice but not so included, if such objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any regular or special meeting of members need be specified in any written waiver of notice, consent to the holding of the meeting or approval of the minutes thereof, unless otherwise provided in the articles or bylaws, except as provided in subdivision (f).

(f) Any approval of the members required under Section 5222, 5224, 5812, or 6610, other than unanimous approval by those entitled to vote, shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

(g) A court may find that notice not given in conformity with this section is still valid, if it was given in a fair and reasonable manner.

SEC. 13. Section 5523 of the Corporations Code is amended to read:

5523. Where a corporation with 500 or more members distributes any written election material soliciting a vote for any nominee for director at the corporation's expense, it shall make available, at the corporation's expense to each other nominee, in or with the same material, the same amount of space that is provided any other nominee, with equal prominence, to be used by the nominee for a purpose reasonably related to the election.

SEC. 14. Section 5527 of the Corporations Code is amended to read:

5527. An action challenging the validity of any election, appointment or removal of a director or directors must be commenced within nine months after the election, appointment or removal. If no such action is commenced, in the absence of fraud, any election, appointment or removal of a director is conclusively presumed valid nine months thereafter.

SEC. 15. Section 5611 of the Corporations Code is amended to read:

5611. (a) The bylaws may provide or, in the absence of such provision, the board may fix, in advance, a date as the record date for the purpose of determining the members entitled to notice of any meeting of members. Such record date shall not be more than 90 nor less than 10 days before the date of the meeting. If no record date is fixed, members at the close of business on the business day preceding the day on which notice is given or, if notice is waived, at the close of business on the business day preceding the day on which the meeting is held are entitled to notice of a meeting of members. A determination of members entitled to notice of a meeting of members shall apply to any adjournment of the meeting unless the board fixes a new record date for the adjourned meeting.

(b) The bylaws may provide or, in the absence of such provision, the board may fix, in advance, a date as the record date for the purpose of determining the members entitled to vote at a meeting of members. Such record date shall not be more than 60 days before the date of the meeting. Such record date shall also apply in the case

of an adjournment of the meeting unless the board fixes a new record date for the adjourned meeting. If no record date is fixed, members on the day of the meeting who are otherwise eligible to vote are entitled to vote at the meeting of members or, in the case of an adjourned meeting, members on the day of the adjourned meeting who are otherwise eligible to vote are entitled to vote at the adjourned meeting of members.

(c) The bylaws may provide or, in the absence of such provision, the board may fix, in advance, a date as the record date for the purpose of determining the members entitled to cast written ballots (Section 5513). Such record date shall not be more than 60 days before the day on which the first written ballot is mailed or solicited. If no record date is fixed, members on the day the first written ballot is mailed or solicited who are otherwise eligible to vote are entitled to cast written ballots.

(d) The bylaws may provide or, in the absence of such provision, the board may fix, in advance, a date as the record date for the purpose of determining the members entitled to exercise any rights in respect of any other lawful action. Such record date shall not be more than 60 days prior to such other action. If no record date is fixed, members at the close of business on the day on which the board adopts the resolution relating thereto, or the 60th day prior to the date of such other action, whichever is later, are entitled to exercise such rights.

SEC. 16. Section 5613 of the Corporations Code is amended to read:

5613. (a) Any member may authorize another person or persons to act by proxy with respect to such membership, except that this right may be limited or withdrawn by the articles or bylaws, subject to subdivision (e). Any proxy purported to be executed in accordance with the provisions of this part shall be presumptively valid.

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy, except that the maximum term of any proxy shall be three years from the date of execution. Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior proxy and presented to the meeting, or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy. The dates contained on the forms of proxy presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed.

(c) A proxy is not revoked by the death or incapacity of the maker or the termination of a membership as a result thereof unless, before the vote is counted, written notice of such death or incapacity is received by the corporation.

(d) The proxy of a member may not be irrevocable.

(e) Subdivision (a) notwithstanding, no amendment of the articles or bylaws repealing, restricting, creating or expanding proxy rights may be adopted without approval by the members (Section 5034).

(f) Anything to the contrary notwithstanding, any proxy covering matters requiring a vote of the members pursuant to Section 5222, Section 5224, subdivision (e) of this section, Section 5812, paragraph (2) of subdivision (a) of Section 5911, Section 6012, subdivision (a) of Section 6015, or Section 6610 is not valid as to such matters unless it sets forth the general nature of the matter to be voted on, or, in the event of a vote pursuant to Section 5220, unless the proxy lists those nominated at the time the notice of the vote is given to members.

SEC. 17. Section 5813 of the Corporations Code is amended to read:

5813. An amendment must also be approved by the members (Section 5034) of a class, whether or not such class is entitled to vote thereon by the provisions of the articles or bylaws, if the amendment would materially and adversely affect the rights of that class as to voting or transfer in a manner different than such action affects another class.

SEC. 18. Section 5911 of the Corporations Code is amended to read:

5911. (a) Subject to the provisions of Section 5142, a corporation may sell, lease, convey, exchange, transfer or otherwise dispose of all or substantially all of its assets when the principal terms are:

(1) Approved by the board; and

(2) Unless the transaction is in the usual and regular course of its activities, approved by the members (Section 5034) and by any other person or persons whose approval is required by the articles, either before or after approval by the board and before or after the transaction.

(b) Notwithstanding approval by the members (Section 5034) or such other person, the board may abandon the proposed transaction without further action by the members, subject to the contractual rights, if any, of third parties.

(c) Subject to the provisions of Section 5142, such sale, lease, conveyance, exchange, transfer or other disposition may be made upon such terms and conditions and for such consideration as the board may deem in the best interests of the corporation. The consideration may be money, property, or securities of any domestic corporation, foreign corporation, or foreign business corporation or any of them.

SEC. 19. Section 6010 of the Corporations Code is amended to read:

6010. (a) A public benefit corporation may merge with any domestic corporation, foreign corporation or foreign business corporation. However, without the prior written consent of the

(b) At least 20 days prior to consummation of any merger allowed by subdivision (a), the Attorney General must be provided with a copy of the proposed agreement of merger.

(c) Without the prior written consent of the Attorney General, when a merger occurs pursuant to subdivision (a), each member of a constituent corporation may only receive or keep a membership in the surviving corporation for or as a result of such member's membership in the constituent corporation.

SEC. 21. Section 6015 of the Corporations Code is amended to read:

6015. (a) Any amendment to the agreement may be adopted and the agreement so amended may be approved by the board and, if it changes any of the principal terms of the agreement, by the members (Section 5034) or other person or persons, as required by Section 6012, of any constituent corporation in the same manner as the original agreement.

(b) If the agreement so amended is approved as provided in subdivision (a), the agreement so amended shall then constitute the agreement of merger.

SEC. 22. Section 6019 is added to the Corporations Code, to read:

6019. SEC. 27. Section 7211 of the Corporations Code is amended to read:

7211. (a) Unless otherwise provided in the articles or in the bylaws:

(1) Meetings of the board may be called by the chairman of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of such meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by first-class mail or 48 hours' notice delivered personally or by telephone or telegraph. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the

board.

(3) Notice of a meeting need not be given to any director who signed a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to such director. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of any adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at any place within or without the state which has been designated in the notice of the meeting or, if not stated in the notice or if there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone or similar communications equipment, so long as all members participating in such meeting can hear one another. Participation in a meeting pursuant to this subdivision constitutes presence in person at such meeting.

(7) A majority of the number of directors authorized in the articles or bylaws constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-fifth the number of directors authorized in the articles or bylaws, or less than two, whichever is larger, unless the number of directors authorized in the articles or bylaws is one, in which case one director constitutes a quorum.

(8) Subject to the provisions of Sections 7212, 7233, 7234, and subdivision (e) of Section 7237 and Section 5233, insofar as it is made applicable pursuant to Section 7238, every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for such meeting, or such greater number as is required by this division, the articles or bylaws.

(b) Any action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the board. Such action by written consent shall have the same force and effect as a unanimous vote of such directors. For the purposes of this section only, "all members of the board" shall not

include any "interested director" as defined in Section 5233, insofar as it is made applicable pursuant to Section 7238.

(c) The provisions of this section apply also to incorporators, to committees of the board, and to action by such incorporators or such committees mutatis mutandis.

However, the terms of directors of a corporation without members may be up to six years. In the absence of any provision in the articles or bylaws, the term shall be one year. No amendment of the articles or bylaws may extend the term of a director beyond that for which the director was elected, nor may any bylaw provision increasing the terms of directors be adopted without approval of the members (Section 5034).

(b) Unless the articles or bylaws otherwise provide, each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

(c) The articles or bylaws may provide for the election of one or more directors by the members of any class voting as a class

(d) Subdivisions (a) through (c) notwithstanding, all or any portion of the directors authorized in the articles or bylaws of a corporation without members, and up to one-third of the directors authorized in the articles or bylaws of a corporation with members, may hold office by virtue of designation or selection as provided by the articles or bylaws rather than by election by a member or members. Such directors shall continue in office for the term prescribed by the governing article or bylaw provision, or, if there is no term prescribed, until the governing article or bylaw provision is duly amended or repealed, except as provided in subdivision (e) of Section 7222. A bylaw provision authorized by this subdivision may be adopted, amended, or repealed only by approval of the members (Section 5034).

(e) In computing the one-third limit set forth in subdivision (d) the following directors shall not be counted either as designated or selected directors or as authorized directors:

(1) Directors designated or selected by a government office, board, commission, department, agency or political subdivision.

(2) Directors designated or selected by a person who is elected by the members as an officer of the corporation.

abuse of authority or discretion with reference to the corporation or breach of any duty arising as a result of Section 7238 and may bar from reelection any director so removed for a period prescribed by the court. The corporation shall be made a party to such action.

(b) An action under subdivision (a) may be instituted by any of the following:

(1) A director.

7510. (a) Meetings of members may be held at a place within or without the state that is stated in or fixed in accordance with the bylaws. If no other place is so stated or fixed, meetings of members shall be held at the principal office of the corporation.

(b) A regular meeting of members shall be held on a date and time, and with the frequency stated in or fixed in accordance with the bylaws, but in any event in each year in which directors are to be elected at that meeting for the purpose of conducting such election, and to transact any other proper business which may be brought before the meeting.

(c) If a corporation with members fails to hold the regular meeting for a period of 60 days after the date designated therefor or, if no date has been designated, for a period of 15 months after the formation of the corporation or after its last regular meeting, or if the corporation fails to hold a written ballot for a period of 60 days after the date designated therefor, then the superior court of the proper county may summarily order the meeting to be held or the ballot to be conducted upon the application of a member, after notice to the corporation giving it an opportunity to be heard.

(d) The votes represented, either in person or by proxy, at a meeting called or by written ballot ordered pursuant to subdivision (c) and entitled to be cast on the business to be transacted shall constitute a quorum, notwithstanding any provision of the articles or

bylaws or in this part to the contrary. The court may issue such orders as may be appropriate including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote, and the form of notice of the meeting.

(e) Special meetings of members may be called by the board, the chairman of the board, the president, or such other persons, if any, as are specified in the bylaws. In addition, special meetings of members for any lawful purpose may be called by 5 percent or more of the members.

Subject to subdivision (f), and subdivision (b) of Section 7512, such notice shall state the place, date and time of the meeting and (1) in the case of a special meeting, the general nature of the business to be transacted, and no other business may be transacted, or (2) in the case of the regular meeting, those matters which the board, at the time the notice is given, intends to present for action by the members, but, except as provided in subdivision (b) of Section 7512, any proper matter may be presented at the meeting for such action. The notice of any meeting at which directors are to be elected shall include the names of all those who are nominees at the time the notice is given to members.

(b) Notice of a members' meeting or any report shall be given either personally or by mail or other means of written communication, addressed to a member at the address of such member appearing on the books of the corporation or given by the member to the corporation for purpose of notice; or if no such address appears or is given, at the place where the principal office of the corporation is located or by publication at least once in a newspaper of general circulation in the county in which the principal office is located. An affidavit of giving of any notice or report in accordance with the provisions of this part, executed by the secretary, assistant secretary or any transfer agent, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to the member at the address of such member appearing on the books of the corporation is returned to the corporation by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the member at such address, all future notices or reports shall be deemed to have been duly given without further mailing if the same shall be available for the member upon written

demand of the member at the principal office of the corporation for a period of one year from the date of the giving of the notice or report to all other members.

(c) Upon request in writing to the chairman of the board, president, vice president or secretary by any person (other than the board) entitled to call a special meeting of members, the officer forthwith shall cause notice to be given to the members entitled to vote that a meeting will be held at a time fixed by the board not less than 35 nor more than 90 days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the corporation giving it an opportunity to be heard. The court may issue such orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of members entitled to vote and the form of notice.

(d) When a members' meeting is adjourned to another time or place, unless the bylaws otherwise require and except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. No meeting may be adjourned for more than 45 days. At the adjourned meeting the corporation may transact any business which might have been transacted at the original meeting. If after the adjournment a new record date is fixed for notice or voting, a notice of the adjourned meeting shall be given to each member who, on the record date for notice of the meeting, is entitled to vote at the meeting.

(e) The transactions of any meeting of members however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of and presence at such meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this part to be included in the notice but not so included, if such objection is expressly made at the meeting Neither the business to be transacted at nor the purpose of any regular or special meeting of members need be specified in any written waiver of notice, consent to the holding of the meeting or approval of the minutes thereof, unless otherwise provided in the articles or bylaws, except as provided in subdivision (f).

(b) Whenever a vehicle or component part described in subdivision (a) comes into the custody of a peace officer, it shall be destroyed, sold, or otherwise disposed of under the conditions as provided in an order by the court having jurisdiction. No court order providing for disposition shall be issued, unless the person from whom the property was seized and all claimants to the property whose interest or title is on registration records in the Department of Motor Vehicles are provided a postseizure hearing by the court having jurisdiction within 60 days after the seizure This subdivision shall not apply with respect to a seized vehicle or component part used as evidence in any criminal action or proceeding. Nothing in this section shall, however, preclude the return of a seized vehicle or component part to the owner by the seizing agency following presentation of satisfactory evidence of ownership and, if determined necessary, upon the assignment of an identification number to the vehicle or component part by the department.

(c) Whenever a vehicle or component part described in subdivision (a) comes into the custody of a peace officer, the person from whom the property was seized, and all claimants to the property whose interest or title is on registration records in the Department of Motor Vehicles, shall be notified within five days, excluding Saturdays, Sundays, and holidays, after the seizure, of the date, time, and place of the hearing required in subdivision (b). The notice shall contain the information specified in subdivision (d).

(2) A statement that the vehicle or component part seized has been impounded for investigation of a violation of Section 10751 of the California Vehicle Code and that the property will be released upon a determination that the identification number has not been removed, defaced, altered, or destroyed, or upon the presentation of satisfactory evidence of ownership of the vehicle or component part, provided that no other person claims an interest in the property, otherwise, a hearing regarding the disposition of the vehicle or component part shall take place in the proper court.

(3) A statement that the person from whom the property was seized, and all claimants to the property whose interest or title is on registration records in the Department of Motor Vehicles, will receive written notification of the date, time, and place of the hearing within five days, excluding Saturdays, Sundays, and holidays, after the seizure.

(1) If the evidence reveals either that the identification number has not been removed, altered, or destroyed or that the identification number has been removed, altered, or destroyed but satisfactory evidence of ownership has been presented to the seizing agency or the court, the property shall be released to the person entitled thereto. Any vehicle or component part seized pursuant to this section shall be returned to a good faith purchaser following presentation of satisfactory evidence of ownership thereof and, if required, upon the assignment of an identification number to the vehicle or component part by the department

(2) If the evidence reveals that the identification number or

manufacturing number has not been removed, altered, defaced, or destroyed, the court may require the seizing public agency to pay all towing and storage charges incurred pursuant to the seizure of the vehicle or component part.

(3) If the evidence reveals that the identification number has been removed, altered, or destroyed, and satisfactory evidence of ownership has not been presented, the property shall be destroyed, sold, or otherwise disposed of as provided by court order.

(g) This section shall remain in effect only until January 1, 1988, and as of that date is repealed unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

(1) Name and address of person from whom the property was seized.

(2) A statement that the vehicle or component part seized has been impounded for investigation of a violation of Section 10751 of the California Vehicle Code and that the property will be released upon a determination that the identification number has not been removed, defaced, altered, or destroyed, or upon the presentation of satisfactory evidence of ownership of the vehicle or component part, provided that no other person claims an interest in the property; otherwise, a hearing regarding the disposition of the vehicle or component part shall take place in the proper court.

(3) A statement that the person from whom the property was seized, and all claimants to the property whose interest or title is on registration records in the Department of Motor Vehicles, will receive written notification of the date, time, and place of the hearing within five days, excluding Saturdays, Sundays, and holidays, after the seizure.

(4) Name and address of the law enforcement agency where evidence of ownership of the vehicle or component part may be presented.

(5) A statement of the contents of Section 10751 of the Vehicle Code.

(e) A hearing on the disposition of the property shall be held by the municipal or justice court within 60 days after the seizure. The hearing shall be before the court without a jury.

(1) If the evidence reveals either that the identification number has not been removed, altered, or destroyed or that the identification number has been removed, altered, or destroyed but satisfactory evidence of ownership has been presented to the seizing agency or court, the property shall be released to the person entitled thereto. Nothing in this section shall preclude the return of the vehicle or component part to a good faith purchaser following presentation of satisfactory evidence of ownership thereof upon the assignment of an identification number to the vehicle or component part by the department.

sold, or otherwise disposed of as provided by court order.

(3) At the hearing, the seizing agency shall have the burden of establishing that the identification number has been removed, defaced, altered, or destroyed and that no satisfactory evidence of ownership has been presented.

(f) This section shall not apply to a scrap metal processor engaged primarily in the acquisition, processing, and shipment of ferrous and nonferrous scrap, and who receives dismantled vehicles from licensed dismantlers, licensed junk collectors, or licensed junk dealers as scrap metal for the purpose of recycling the dismantled vehicles for their metallic content, the end product of which is the production of material for recycling and remelting purposes for steel mills, foundries, smelters, and refiners.

(g) This section shall become operative on January 1, 1988.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. CHAPTER 602

An act to amend Sections 33430, 33750, 33760.5, and 52053.5 of the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 33430 of the Health and Safety Code is amended to read:

33430. (a) Except as otherwise provided in subdivision (b), an agency may, within the survey area or for purposes of redevelopment, sell, lease, for a period not to exceed 99 years, exchange, subdivide, transfer, assign, pledge, encumber by mortgage, deed of trust, or otherwise, or otherwise dispose of any real or personal property or any interest in property.

(b) Any interest acquired by an agency in property described in Section 33032.1 shall be used only for public purposes.

SEC. 1.5. Section 33750 of the Health and Safety Code is amended

to read:

33750. The Legislature finds and declares that it is necessary and essential that redevelopment agencies be authorized to make long-term, low-interest loans through qualified mortgage lenders to finance residential construction in order to encourage investment and upgrade redevelopment project areas and increase the supply of housing. Unless redevelopment agencies intervene to generate mortgage funds and to provide some form of assistance to finance residential construction, many redevelopment areas will stagnate and deteriorate because owners and investors are not able to obtain loans from private sources.

The Legislature further finds and declares that financing of rehabilitation, as provided in this chapter, serves an essential public purpose for the economic renewal of our cities.

SEC. 2. Section 33760.5 of the Health and Safety Code is amended to read:

33760.5. (a) Notwithstanding the requirements of Section 33760, agencies which operate within a jurisdiction, the population of which is in excess of 600,000 persons, as determined by the Department of Finance, may additionally provide financing for residential construction of multifamily rental units outside of a redevelopment project area as set forth in and subject to the limitations of this section.

(b) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under the provisions of this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties for financing residential construction of multifamily rental units occupied by, or in the case of projects financed with mortgages insured under Title II of the National Housing Act (Public Law 73-479, as amended) intended for occupancy by, persons and families of low or moderate income, as defined in Section 50093, outside of a redevelopment area.

(c) Not less than 20 percent of the total number of multifamily rental units outside of a project area financed or for which financing has been extended or committed pursuant to this chapter during any calendar year shall be occupied by, or made available to, lower-income households, as defined in Section 50079.5. Not less than 10 percent of the total number of such rental units shall be occupied by, or made available to, very low-income households, as defined in Section 50105.

(d) The provisions of subdivision (c) shall apply for a period of not less than 20 years from the date units financed pursuant to this section are first made available for occupancy. However, in the event federal rent subsidies become unavailable to tenants and projects in the agency's jurisdiction, the requirements of this subdivision and subdivision (c) shall not apply.

(e) This section shall remain in effect only until January 1, 1983, and as of such date is repealed, unless a later enacted statute, which is chaptered before such date, deletes or extends such date.

SEC. 3. Section 52053.5 of the Health and Safety Code is amended to read:

52053.5. Notwithstanding subdivision (b) of Section 52053 or any of the limitations of this part:

(a) A charter city having seven community development districts established for purposes of Section 105(a) (8) of Public Law 93-383, as amended, and which, prior to February 1, 1980, issued revenue bonds to finance mortgage loans on homes, may issue not more than thirty-three million dollars ($33,000,000) of additional revenue bonds pursuant to local ordinance to make or purchase mortgage loans on homes as defined in Section 52012, subject to the following conditions:

(1) For mortgage loans on homes located within such a community development district, the income of a purchaser shall not exceed 150 percent of the median income within the city.

(2) For a home located outside of a community development district, the income of a purchaser shall not exceed 120 percent of the city's area median income.

(3) The maximum purchase price for a home not undergoing rehabilitation in connection with financing pursuant to this subdivision shall not exceed the median purchase price of homes in the city.

(4) The maximum loan amount for homes undergoing rehabilitation in connection with financing pursuant to this subdivision shall not exceed the median purchase price of a home in the city.

(b) A city and county may issue not more than sixty million dollars ($60,000,000) of revenue bonds pursuant to local ordinance for the purpose of financing the purchase of residential housing units under the following conditions:

(1) The proceeds of the bonds will be used in combination with subsidy moneys made available through grant programs such as the Urban Development Action Grant, the Community Development Block Grant or other federal, state, local, or private moneys to finance the purchase of residential housing under an ownership or financing arrangement which provides for the sharing of equity appreciation between one or more occupants of each property and the city and county (or an entity acting on its behalf).

(2) The revenue bonds and subsidy moneys shall provide for the following:

(A) At least 50 percent of the participants of the program shall be lower income households, as defined in Section 50079.5, unless after the date six months after the date of issuance of the bonds the city and county makes a written finding that this requirement cannot be achieved in spite of the diligent efforts of the city and county and because of the limited availability of subsidy moneys, in which case

at least 25 percent of the participants of the program shall be lower-income households.

(B) In no case shall participants of the program be persons and families whose incomes are more than 150 percent of the area medium income.

(C) Not less than 30 percent of the residential housing units financed pursuant to this subdivision shall be units where the participant in the program is the first occupant or units which are being substantially rehabilitated. As used in this subparagraph, "substantial rehabilitation" means rehabilitation in which the costs of rehabilitation equal or exceed 20 percent of the value of the structure after rehabilitation.

However, the requirements of this paragraph may be modified by the city and county, as necessary to meet the conditions of approval of the United States Department of Housing and Urban Development.

(c) Notwithstanding any other provision of law, bonds issued pursuant to this section shall be legal investments for all trust funds, insurance companies, savings and loan associations, investment companies and banks, both savings and commercial, and shall be legal investments for executors, administrators, trustees and all other fiduciaries. Such bonds shall be legal investments for state school funds and for any funds which may be invested in county, municipal, or school district bonds, and such bonds shall be deemed to be securities which may properly and legally be deposited with, and received by, any state or municipal officer or by any agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state is now, or may hereafter be authorized by law, including deposits to secure public funds.

(d) It is not the intent of the Legislature in enacting this section to change the provisions of this part, but only to continue programs relating to the goals of this part and to prevent loss of commitments for Urban Development Action Grants.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify without delay the intent of the Legislature in making recent changes to the so-called "S.B. 99" housing finance program, and to thereby assist redevelopment agencies in implementing that program in order to relieve existing housing shortages, it is necessary that this act take effect immediately.

CHAPTER 603

An act to amend Sections 66452.8 and 66452.9 of the Government Code, relating to subdivisions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 66452.8 of the Government Code is amended to read:

66452.8. (a) Commencing at a date not less than 60 days prior to the filing of a tentative map pursuant to Section 66452, the subdivider or his or her agent shall give notice of such filing, in the form outlined in subdivision (b), to each person applying after such date for rental of a unit of the subject property immediately prior to the acceptance of any rent or deposit from the prospective tenant by the subdivider.

(c) Failure by a subdivider or his or her agent to give the notice required in subdivision (a) shall not be grounds to deny the conversion. However, if the subdivider or his or her agent fails to give notice pursuant to this section, he or she shall pay to each prospective tenant who becomes a tenant and who was entitled to such notice,

and who does not purchase his or her unit pursuant to subdivision (d) of Section 66427.1, an amount equal to the sum of the following:

The requirements of this subdivision constitute a minimum state standard. However, nothing in this subdivision shall be construed to prohibit any city, county, or city and county from requiring, by ordinance or charter provision, a subdivider to compensate any tenant, whose tenancy is terminated as the result of a condominium, community apartment project, or stock cooperative conversion, in amounts or by services which exceed those set forth in paragraphs (1) and (2) of this subdivision. In the case of such a requirement by any city, county, or city and county, a subdivider who meets the compensation requirements of the local ordinance or charter provision shall be deemed to satisfy the requirements of this subdivision.

SEC. 2. Section 66452.9 of the Government Code is amended to read:

66452.9. (a) Pursuant to the provisions of subdivision (a) of Section 66427.1, the subdivider shall give notice 60 days prior to the filing of a tentative map pursuant to Section 66452 in the form outlined in subdivision (b), to each tenant of the subject property.

(b) The notice shall be as follows:

"To the occupant(s) of

_____ :

The written notices to tenants required by this section shall be deemed satisfied if such notices comply with the legal requirements for service by mail.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes certain clarifying amendments to statutes added to the Government Code in 1980. In order to provide guidance to counties and cities which are in the process of drafting ordinances to implement those statutory provisions, it is necessary that this act take effect immediately.

The percentage shall be applied to the allowance payable on the date this section becomes applicable to the contracting agency and the allowance as so increased shall be paid for time on and after that date and until the first day of April immediately following the date of application. The base allowance shall be increased by the same percentage for annual adjustments beginning with the adjustment effective for time commencing with that annual adjustment.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost and (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from the date this section becomes effective in the public agency's contract.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts, or, in the case of contracts made after the date this section takes effect, by express provision in the contract making the contracting agency subject to this section.

This section and Section 21252.1 or 21252.01, as the case may be, shall supersede Section 21252.5 with respect to all service to a contracting agency electing to be subject hereto. However, members in employment of the contracting agency on the effective date of the contract amendment subjecting the agency and its employees to this Section 21252.45 and Section 21252.1 may elect, in accordance with board rules, to continue to be subject to Section 21252.5, and the contracting agency shall be subject to Section 21252.5 rather than this section with respect to members who so elect. The election shall cease to be effective if, prior to the member's retirement, his employer elects to be subject to Section 21252.01 or 21252.6 or elects to terminate coverage of the federal system for persons in the member's employment.

SEC. 21. Section 21263 of the Government Code is amended to read:

The percentage shall be 25 percent for an allowance based on service for which the allowance is reduced because the service was also covered under the federal system and 50 percent for an allowance based on any other service. If there is no surviving spouse, or upon death or remarriage of the surviving spouse before every child of the deceased member attains the age of 18, the allowance shall be paid to his child or children under that age, collectively, until every such child dies or attains that age. However, no child shall receive any allowance after marrying or attaining that age. If, at the time of the retired member's death, there is no surviving spouse or children under age 18, the allowance shall be paid to a parent, or collectively to parents, of the deceased member dependent upon him for support. If, at the effective date of his

retirement, the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his retirement and ending on the date of his death.

If there is no surviving spouse, or upon death or remarriage of the surviving spouse before every child of the deceased member attains the age of 18, the allowance shall be paid to his child or children under that age, collectively, until every such child dies or attains that age. However, no child shall receive any allowance after marrying or attaining that age. If, at the time of the retired person's death, there is no surviving spouse or children under age 18, the allowance shall be paid to a parent, or collectively to parents, of the deceased member dependent upon him for support. If, at the effective date of retirement, there is a person who will be eligible if the person survives, the member's election of an optional settlement, other than optional settlement one, shall apply only to a portion of his allowance as provided in Section 21330 with respect to allowances under Section 21263. If, at the effective date of his retirement, the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his retirement and ending on the date of his death.

Notwithstanding Section 20019.1 making provisions applicable to state miscellaneous members applicable to school members, this section shall not apply to school members.

SEC. 23. Section 21263.5 of the Government Code is amended to read:

21263.5. Upon death after the effective date of retirement of a state miscellaneous member some of whose service rendered in state employment has been included in the federal system and whose retirement is effective on or after July 1, 1975, a monthly allowance,

derived from employer contributions, equal to a percentage of the amount of his retirement allowance as it was at his death based on service credited to him as a member subject to this section, but excluding any portion of the retirement allowance derived from additional contributions of the member, shall be paid to the surviving spouse throughout life or until remarriage. The percentage shall be 25 percent for an allowance based on service for which the allowance is reduced because the service was also covered under the federal system and 50 percent for an allowance based on any other service. If there is no surviving spouse, or upon death or remarriage of the surviving spouse before every child of the deceased member attains the age of 18, the allowance shall be paid to the retired person's child or children under that age, collectively, until every such child dies or attains that age. However, no child shall receive any allowance after marrying or attaining that age. If, at the time of the retired person's death, there is no surviving spouse or children under age 18, the allowance shall be paid to a parent, or collectively to parents, of the deceased member dependent upon him for support. If, at the effective date of retirement, there is a person who will be eligible if the person survives, the member's election of an optional settlement, other than optional settlement one, shall apply only to a portion of the allowance as provided in Section 21330 with respect to allowances under Section 21263. If, at the effective date of his retirement, the member has no surviving spouse, eligible children, or dependent parents and elected an optional settlement, no allowance under this section shall be paid.

"Surviving spouse," for purposes of this section, means a husband or wife who was married to the member for a continuous period beginning at least one year prior to his retirement and ending on the date of his death.

Notwithstanding Section 20019.1, this section shall not apply to school members.

The Workers' Compensation Appeals Board, using the same procedure as in workers' compensation hearings, shall in disputed cases determine whether the death of the member occurred as a result of the injury or disease.

The jurisdiction of the Workers' Compensation Appeals Board shall be limited solely to the issue of industrial causation, and this section shall not be construed to authorize the Workers' Compensation Appeals Board to award costs against the system pursuant to Section 4600 or 5811 or any other provision of the Labor

The special death benefit provided by this section is not payable unless the death of the member arose out of and was in the course of his official duties and unless there is a survivor who qualifies under subdivision (b) of Section 21364. The Workers' Compensation Appeals Board, using the same procedure as in workers' compensation hearings, shall, in disputed cases, determine whether the member's death arose out of and in the course of his official duties.

A natural parent of surviving children eligible to receive an allowance payable under this section shall not be required to become the guardian of surviving unmarried children under 18 years of age in order to be paid the benefits prescribed for those children.

The jurisdiction of the Workers' Compensation Appeals Board shall be limited solely to the issue of industrial causation, and this section shall not be construed to authorize the Workers' Compensation Appeals Board to award costs against the system pursuant to Section 4600 or 5811 or any other provision of the Labor Code.

SEC. 27. Section 21364 of the Government Code is amended to read:

21364. The special death benefit consists of all of the following:

(a) An amount equal to and derived from the same source as the basic death benefit, exclusive of the contributions from which the annuity provided under subdivision (c) is paid.

(b) An amount sufficient, when added to the amount provided under subdivision (a), to provide, when applied according to tables adopted by the board, a monthly death allowance, equal to one-half of his or her final compensation in the membership category

However, no child shall receive any part of the allowance after marrying or attaining age 18. During the lifetime of the surviving spouse or until the spouse remarries, an additional percentage of the death benefit allowed by this section, exclusive of the annuity under subdivision (c), shall be paid to the spouse of a member who is killed in the performance of his or her duty or who dies as a result of an accident or an injury caused by external violence or physical force, incurred in the performance of his or her duty, for each of his or her children during the lifetime of the child, or until the child marries or reaches the age of 18, as follows: for one child, 25 percent; for two children, 40 percent; and for three or more children, 50 percent.

(c) An annuity which is the actuarial equivalent, assuming monthly payments for life to the surviving spouse, of the deceased's accumulated additional contributions at the date of his or her death, plus his or her accumulated contributions at that date based on compensation earned in any membership category other than the category applicable to him or her at the time of the injury or the onset of the disease causing death.

If the surviving spouse does not have custody of the member's children, the additional amount payable pursuant to this section shall be payable to the person having custody of the children for each child during the lifetime of the child, or until the child marries or reaches the age of 18.

The computation for time prior to entering the membership category applicable to the deceased at the time of the injury or the onset of the disease causing death shall be based on the compensation earnable by him or her in the position first held by him or her in that category.

estate, or to the beneficiary who he shall nominate by written designation duly executed and filed with the board, the sum of six hundred dollars ($600). to be provided from contributions by the state.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost and (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from the date this section becomes effective in the public agency's contract.

This section shall apply to members employed by a school employer.

This section shall not apply to any contracting agency, except for those contracting agencies which are school employers, unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts, except an election among the employees is not required, or, in the case of contracts made after January 1, 1981, by express provision in the contract making the contracting agency subject to this section.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 650 of the Business and Professions Code is amended to read:

650. Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code the offer, delivery, receipt or acceptance, by any person licensed under this division of any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for referring patients, clients, or customers to any person, irrespective of any membership, proprietary interest or coownership in or with any person to whom such patients, clients or customers are referred is unlawful.

Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code and in Section 654.1 it shall not be unlawful for any person licensed under this division to refer a person to any laboratory, pharmacy, clinic, or health care facility solely because such licensee has a proprietary interest or coownership in such laboratory, pharmacy, clinic, or health care facility; but such referral shall be unlawful if the prosecutor proves that there was no valid medical need for such referral.

"Health care facility" means a hospital, nursing home, medical care facility, or private mental institution licensed by the State Department of Health Services.

A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in the county jail for not more than one year, or by imprisonment in the state prison, or by a fine not exceeding ten thousand dollars ($10,000), or by both such imprisonment and fine. A second or subsequent conviction is punishable by imprisonment in the state prison.

SEC. 2. Section 654.1 of the Business and Professions Code is amended to read:

654.1. Persons licensed under Chapter 4 (commencing with Section 1600) of this division or licensed under Chapter 5 (commencing with Section 2000) of this division or licensed under any initiative act referred to in this division relating to osteopaths may not refer patients, clients, or customers to any clinical laboratory licensed under Section 1265 in which the licensee has any membership, proprietary interest, or coownership in any form, or has any profit-sharing arrangement, unless the licensee at the time of making such referral discloses in writing such interest to the patient, client, or customer. The written disclosure shall indicate that the patient may choose any clinical laboratory for purposes of having any laboratory work or assignment performed.

This section shall not apply to persons who are members of a

medical group which contracts to provide medical care to members of a group practice prepayment plan registered under the Knox-Keene Health Care Service Act of 1975, Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code.

This section shall not apply to any referral to a clinical laboratory which is owned and operated by a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

This section does not prohibit the acceptance of evaluation specimens for proficiency testing or referral of specimens or such assignment from one clinical laboratory to another clinical laboratory, either licensed or exempt under this chapter, providing the report indicates clearly the laboratory performing the test.

"Proprietary interest" does not include ownership of a building where space is leased to a clinical laboratory at the prevailing rate under a straight lease arrangement.

A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in the county jail for not more than one year, or by imprisonment in the state prison, or by a fine not exceeding ten thousand dollars ($10,000), or by both such imprisonment and fine. A second or subsequent conviction shall be punishable by imprisonment in the state prison.

SEC. 3. Section 655.5 of the Business and Professions Code is amended to read:

655.5. It is unlawful for any person licensed under this division or under any initiative act referred to in this division or for any clinical laboratory to charge, bill, or otherwise solicit payment from any patient, client or customer for any clinical laboratory service not actually rendered by such person or clinical laboratory or under his or her or its direct supervision unless the patient, client, or customer is apprised at the first time of such charge, billing, or solicitation of the name, address, and charges of the clinical laboratory performing the service. The first such written charge, bill, or other solicitation of payment shall separately set forth the name, address, and charges of the clinical laboratory concerned and shall clearly show whether or not such charge is included in the total of the account, bill, or charge.

This section shall not apply to any person or clinical laboratory who or which contracts directly with a health care service plan licensed pursuant to Section 1349 of the Health and Safety Code, if such services are to be provided to members of the plan on a prepaid basis and without additional charge or liability on account thereof.

A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in the county jail for not more than one year, or by imprisonment in the state prison, or by a fine not exceeding ten thousand dollars ($10,000), or by both such imprisonment and fine. A second or subsequent conviction is punishable by imprisonment in the state prison.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(c) When a defendant is returned to court with a certification that competence has been regained, the court shall notify either the county mental health director and the Director of Mental Health or the regional center director and the Director of Developmental Services, as appropriate, of the date of any hearing on the defendant's competence and whether or not the defendant was

found by the court to have recovered competence.

(d) Where the committing court approves the certificate of restoration to competence as to a person in custody, the court shall hold a hearing to determine whether the person is entitled to be admitted to bail or released on own recognizance status pending conclusion of the proceedings. Where the superior court approves the certificate of restoration to competence regarding a person on outpatient status, unless it appears that the person has refused to come to court, that person shall remain released either on own recognizance status, or, in the case of a developmentally disabled person, either on the defendant's promise or on the promise of a responsible adult to secure the person's appearance in court for further proceedings. Where the person has refused to come to court, the court shall set bail and may place the person in custody until bail is posted.

(e) A defendant subject to either subdivision (a) or (b) who is not admitted to bail or released under subdivision (d) may, at the discretion of the court, upon recommendation of the director of the facility where the defendant is receiving treatment, be returned to the hospital or facility of his or her original commitment or other appropriate secure facility approved by either the county mental health director or the regional center director. The recommendation submitted to the court shall be based on the opinion that the person will need continued treatment in a hospital or treatment facility in order to maintain competence to stand trial or that placing the person in a jail environment would create a substantial risk that the person would again become incompetent to stand trial before criminal proceedings could be resumed.

CHAPTER 612

An act to add Sections 1157.7, 3502.5, and 3508.5 to the Government Code, relating to local agency employer-employee relations.

[Approved by Governor September 22, 1981 Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 1157.7 is added to the Government Code, to read:

1157.7. Employees of a public agency employing more than 20,000 persons, other than a city and county, may authorize dues deductions for membership in an ethnic employee organization operating within the public agency prior to January 1, 1981, which includes ethnic minority employees and which has as its primary purpose representing those employees in their employment civil rights with the employer. This purpose shall not include meeting and

conferring with the public agency concerning matters within the scope of representation pursuant to Chapter 10 (commencing with Section 3500).

SEC. 2. Section 3502.5 is added to the Government Code, to read:

3502.5. (a) Notwithstanding Section 3502, or any other provision of this chapter, or any other law, rule, or regulation, an agency shop agreement may be negotiated between a public agency and a recognized public employee organization which has been recognized as the exclusive or majority bargaining agent pursuant to reasonable rules and regulations, ordinances, and enactments, in accordance with this chapter. As used in this chapter, "agency shop" means an arrangement that requires an employee, as a condition of continued employment, either to join the recognized employee organization, or to pay the organization a service fee in an amount not to exceed the standard initiation fee, periodic dues, and general assessments of such organization for the duration of the agreement, or a period of three years from the effective date of such agreement, whichever comes first. However, any employee who is a member of a bona fide religion, body, or sect which has historically held conscientious objections to joining or financially supporting public employee organizations shall not be required to join or financially support any public employee organization as a condition of employment. Such employee may be required, in lieu of periodic dues, initiation fees, or agency shop fees, to pay sums equal to such dues, initiation fees, or agency shop fees to a nonreligious, nonlabor charitable fund exempt from taxation under Section 501 (c) (3) of the Internal Revenue Code, chosen by such employee from a list of at least three such funds, designated in a memorandum of understanding between the public agency and the public employee organization, or if the memorandum of understanding fails to designate such funds, then to any such fund chosen by the employee. Proof of such payments shall be made on a monthly basis to the public agency as a condition of continued exemption from the requirement of financial support to the public employee organization.

(b) An agency shop provision in a memorandum of understanding which is in effect may be rescinded by a majority vote of all the employees in the unit covered by such memorandum of understanding, provided that: (1) a request for such a vote is supported by a petition containing the signatures of at least 30 percent of the employees in the unit; (2) such vote is by secret ballot; (3) such vote may be taken at anytime during the term of such memorandum of understanding, but in no event shall there be more than one vote taken during such term. Notwithstanding the above, the public agency and the recognized employee organization may negotiate, and by mutual agreement provide for, an alternative procedure or procedures regarding a vote on an agency shop agreement.

(c) An agency shop agreement shall not apply to management,

confidential, or supervisory employees.

(d) Every recognized employee organization which has agreed to an agency shop provision shall keep an adequate itemized record of its financial transactions and shall make available annually, to the public agency with which the agency shop provision was negotiated, and to the employees who are members of the organization, within 60 days after the end of its fiscal year, a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to accuracy by its president and treasurer or corresponding principal officer, or by a certified public accountant. An employee organization required to file financial reports under the Labor-Management Disclosure Act of 1959 covering employees governed by this chapter, or required to file financial reports under Section 3546.5, may satisfy the financial reporting requirement of this section by providing the public agency with a copy of such financial reports.

SEC. 3. Section 3508.5 is added to the Government Code, to read:

3508.5. Nothing in this chapter shall affect the right of a public employee to authorize a dues deduction from his or her salary or wages pursuant to Section 1157.1, 1157.2, 1157.3, 1157.4, 1157.5, or 1157.7.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 3 of Chapter 523 of the Statutes of 1867–68 is amended to read:

Sec. 3. The superior court judge shall thereupon cause a survey

to be made, by some competent person, of the lands which the inhabitants of the town may be entitled to claim under the act of Congress, located according to the legal subdivision of the sections, and by the section lines of the United States, and they shall be distinctly marked by suitable monuments. The surveys shall further particularly designate all streets, roads, lanes, and alleys, public squares, churches, school lots, cemeteries, and commons, as they exist, and have been heretofore dedicated in any manner to public use; and by measurement, the precise boundaries and area of each and every lot or parcel of land and premises claimed by any person, corporation, or association, within the town site, shall be designated on the plat, showing the name or names of the possessor or occupant, and claimant, if other than the occupant, of each particular lot and parcel of land; and in case of any disputed claim as to lots, lands, premises, or boundaries, the surveyor, if demanded by any person, shall designate the lines (in a distinctive manner from the body of the plat) of the part of any premises so disputed or claimed adversely. A plat of the lands shall be made in conformance with Section 66434 of the Government Code, and the plat and the field notes accompanying the plat shall be recorded in the office of the county recorder and shall be public records.

SEC. 2. Section 6 of Chapter 523 of the Statutes of 1867–68 is amended to read:

Sec. 6. The superior court judge shall assess each lot or parcel of land, based upon acreage, a sum sufficient to reimburse a pro rata share of the cost of the townsite purchase from the United States, the costs and expenses attendant upon the making of the survey and the recording of it as required in Section 3 of this act.

SEC. 3. Section 8 of Chapter 523 of the Statutes of 1867–68 is amended to read:

Sec. 8. Every person, corporation, or association, claimant of any town lot or parcel of land within the limits of the townsite, shall present to the superior court judge, within six months after the plat has been filed in the office of the county recorder, his, her, or their affidavit, verified in person, or by duly authorized agent, or attorney. The affidavit shall concisely state the facts constituting the possession or right of possession of the claimant and that the claimant is entitled to the possession thereof as against all other persons, to the best of his knowledge and belief. There shall be attached to the affidavit a copy of so much of the plat of the townsite as will fully exhibit the particular lot or parcel of land so claimed, with the abuttals. Every claimant, at the time of filing the affidavit, shall pay to the superior court judge a sum of money as the judge certifies to be due for the assessment provided in Section 6 of this act, together with any further sum estimated by the judge, on a pro rata acreage basis, to be appropriated to the payment of the expenses incurred in carrying out the provisions of this act. The judge shall thereupon give to the claimant a certificate containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by the

claimant. The judge shall procure a bound book for each town in his county, wherein he shall make proper entries of the substantial matters contained in every certificate issued by him, numbering the same in consecutive order, setting forth the name of the claimant or claimants, in full, date of issue, and description of lot or lots claimed.

SEC. 4. Section 9 of Chapter 523 of the Statutes of 1867–68 is amended to read:

Sec. 9. If it is found that the amounts, specified as assessments and fees in Section 6 for costs and expenses, will be insufficient to cover and defray all the necessary expenses, the superior court judge shall estimate the deficiency and assess the deficiency pro rata upon all the lots and parcels of lands in the town, on the same basis as provided in Section 6 of this act, which additional amount, if any shall be paid by the claimant at the time when the certificate pursuant to Section 8 is issued.

SEC. 5. Section 10 of Chapter 523 of the Statutes of 1867–68 is amended to read:

Sec. 10. At the expiration of six months after the issuance of the certificate mentioned in the preceding section, if no adverse claim has been filed in the meantime, the judge shall make, execute, acknowledge, and deliver to each claimant, or to his, her, or their heirs, administrators, or assigns, a good and sufficient deed of the premises described in the application of the claimant originally filed. No conveyance of any lands made as provided in this act shall be deemed to conclude the rights of third persons; but third persons may have their actions in the premises to determine alleged interest in lands against a grantee, his heirs, or assigns, to which they may deem themselves entitled either in law or equity; provided, that no action for the recovery of the possession of the premises, or any portion thereof, shall be maintained in any court against the grantee named therein, or against his, her, or their assigns, unless the action is commenced within two years after the deeds have been filed for record in the office of the county recorder of the county where the lands are situated; and, provided, that nothing herein shall be construed to extend the time of limitation prescribed by law for the commencement of actions upon a possessory claim or title to real estate when the action is barred by law at the time of the passage of this act.

SEC. 6. Section 11 of Chapter 523 of the Statutes of 1867–68 is amended to read:

Sec. 11. In all cases of adverse claims, or disputes arising out of conflicting claims to lands or boundary lines, the adverse claimants may submit the decision thereof to the superior court judge by an agreement in writing, specifying particularly the subject-matter in dispute, and may agree that the judge's decision shall be final; in which case, the judge may hear the proofs, and shall execute a deed in accordance therewith; but in all other cases of adverse claim the party out of possession shall commence his action in a court of competent jurisdiction, within six months after the filing of the town

plat in the office of the county recorder. In that case, the plaintiff shall serve a notice, lis pendens, upon the judge, who shall thereupon stay all proceedings in the matter of granting the certificate or deed for the contested parcel until the final decision of the suit. Upon presentation of a certified copy of the final decree of the court in the action, the judge shall execute and deliver a deed of the premises in accordance with the decree. In case no action is commenced within the time herein prescribed, the judge shall deliver a deed to the party in possession, as provided in Section 10 of this act.

SEC. 7. Section 14 of Chapter 523 of the Statutes of 1867–68 is amended to read:

Sec. 14. At any time within six months after the sale, the original claimant shall be entitled to redeem the premises by paying to the purchaser or to the superior court judge for purchaser double the whole amount of the purchase money; but, in case no redemption is made, the purchaser, his heirs, or assigns, shall be entitled to demand and receive from the judge a deed of the premises, which deed shall be absolute as against the delinquent parties and shall entitle the grantee, his heirs, or assigns to a writ of assistance from the superior court having jurisdiction of the premises.

SEC. 8. Section 15 of Chapter 523 of the Statutes of 1867–68 is amended to read:

Sec. 15. If there are any unoccupied or vacant unclaimed lands within the limits of the townsite, the judge may order those lands to be laid out and surveyed into suitable blocks and lots and may reserve portions as deemed necessary for public squares and school grounds. The judge shall order all necessary roads, streets, lanes, and alleys to be laid out through the townsite and dedicated to public use. The judge may sell unreserved and undedicated lands, in suitable parcels, to the highest bidder at a cost not less than the pro rata costs and assessments under this act attributable to those lands and shall execute and deliver deeds to the purchasers of the lands.

SEC. 9. Section 20 of Chapter 523 of the Statutes of 1867–68 is repealed.

SEC. 10. Section 20 is added to Chapter 523 of the Statutes of 1867–68, to read:

Sec. 20. No provision of this act shall abridge the rights of use granted by the United States to the owner of any unpatented mining claim located entirely or partially within the townsite boundary and maintained in continuous occupancy since prior to conveyance of the townsite patent from the United States to the superior court judge.

SEC. 11. Section 21 of Chapter 523 of the Statutes of 1867–68 is repealed.

SEC. 12. Section 24a of Chapter 523 of the Statutes of 1867–68 is repealed.

SEC. 13. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the local agency or school district has the

authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that proceedings and surveying for an existing townsite may be completed at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 615

An act to amend Section 62 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) Any transfer between coowners which results in a change in the method of holding title to the real property without changing the proportional interests of the coowners, such as a partition of a tenancy in common, or any transfer of title between an individual and a legal entity or between legal entities, such as a cotenancy to a partnership, a partnership to a corporation, a trust to a cotenancy, or an individual to a legal entity, which results solely in a change in the method of holding title and in which the proportional interests by the transferors and transferees, whether represented by stock, partnership interest, or otherwise, remain the same after transfer.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life; however, the termination of such an estate for years or estate for life shall

constitute a change in ownership, except as provided in subdivision (d) of Section 62 and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after such creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(h) Any purchase, redemption, or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(i) Any transfer of stock or membership certificate in a housing cooperative which was financed under one mortgage provided such mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or such housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of such person or family shall constitute a change of ownership.

(j) Any transfer between coowners in any property which was held by them as coowners for all or part of the period between March 1, 1975, and March 1, 1980, and which was eligible for a homeowner's exemption during the period of the coownership. Any such transferee whose interest was revalued in contravention of the provisions of this subdivision shall obtain a reversal of such revaluation with respect to the 1980–81 assessment year and thereafter, upon application to the county assessor of the county in which the property is located filed on or before February 28, 1981.

(k) Any transfer of property or an interest therein between a corporation sole, a religious corporation, a public benefit corporation, and a holding corporation as defined in Section 23701h holding title for the benefit of any of the aforementioned corporations, or any combination thereof (including any transfer

from one such entity to the same type of entity), provided that both the transferee and transferor are regulated by laws, rules, regulations, or canons of the same religious denomination.

SEC. 2. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) Any transfer between coowners which results in a change in the method of holding title to the real property without changing the proportional interests of the coowners, such as a partition of a tenancy in common, or any transfer of title between an individual and a legal entity or between legal entities, such as a cotenancy to a partnership, a partnership to a corporation, a trust to a cotenancy, or an individual to a legal entity, which results solely in a change in the method of holding title and in which the proportional interests by the transferors and transferees, whether represented by stock, partnership interest, or otherwise, remain the same after transfer.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer by the trustor, or by the trustor's spouse, or both, into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life; however, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) of Section 62 and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after such creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(h) Any purchase, redemption, or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial

institution.

(i) Any transfer of stock or membership certificate in a housing cooperative which was financed under one mortgage provided such mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or such housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of such person or family shall constitute a change of ownership.

(j) Any transfer during the period March 1, 1975 to March 1, 1981, between coowners in any property which was held by them as coowners for all or part of that period, and which was eligible for a homeowner's exemption during the period of the coownership, notwithstanding any other provision of this chapter. Any such transferee whose interest was revalued in contravention of the provisions of this subdivision shall obtain a reversal of such revaluation with respect to the 1980–81 assessment year and thereafter, upon application to the county assessor of the county in which the property is located filed on or before March 26, 1982. No refunds shall be made under this subdivision for any assessment year prior to the 1980–81 fiscal year.

(k) Any transfer of property or an interest therein between a corporation sole, a religious corporation, a public benefit corporation, and a holding corporation as defined in Section 23701h holding title for the benefit of any of the aforementioned corporations, or any combination thereof (including any transfer from one such entity to the same type of entity), provided that both the transferee and transferor are regulated by laws, rules, regulations, or canons of the same religious denomination.

SEC. 3. The amendments made to Section 62 of the Revenue and Taxation Code by this act shall be effective for the 1981–82 assessment year and years thereafter. It is the intent of the Legislature that the provisions of this act shall apply to the determination of base year values for the 1981–82 fiscal year, and shall apply to any change in ownership occurring on or after March 1, 1975. No escape assessments shall be levied and no refund shall be made for any years prior to 1981–82 for any increases or decreases in value made for the 1981–82 fiscal year or fiscal years thereafter as the result of the enactment of this act.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill 152 are both chaptered and become effective immediately, both

bills amend Section 62 of the Revenue and Taxation Code, and this bill is chaptered after Assembly Bill 152, that Section 62 of the Revenue and Taxation Code, as amended by Section 1 of Assembly Bill 152 be further amended on the operative date of this act in the form set forth in Section 2 of this act to incorporate the changes in Section 62 proposed by this bill. Therefore, Section 2 of this act shall become operative only if this bill and Assembly Bill 152 are both chaptered and become effective immediately, both bills amend Section 62, and this bill is chaptered after Assembly Bill 152, in which case Section 2 of this act shall become operative on the operative date of this act and Section 1 of this act shall not become operative.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Since this act is to apply to the 1981–82 fiscal year property tax roll, and since county assessors are now engaged in preparing the 1981–82 fiscal year roll and must complete their work by July 1, 1981, it is necessary that this act go into immediate effect.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 19774 of the Government Code is amended to read:

19774. (a) Employee members of reserve military units and the National Guard required to attend scheduled reserve drill periods or perform other inactive duty reserve obligations shall be granted military leave of absence without pay as provided by federal law.

SEC. 2. Section 19774.5 of the Government Code is repealed.

SEC. 3. Section 19775.1 of the Government Code is amended to read:

19775.1. An employee who is granted a short-term military leave of absence for military duty ordered for purposes of active military training, encampment, naval cruises, special exercises, or like

activity, but not for inactive duty such as scheduled reserve drill periods, and who for a period of not less than one year immediately prior to the effective date of active duty has had continuous state service as defined by board rule which is not broken by a permanent separation, or who has had continuous state service immediately prior to the effective date of active duty not broken by a permanent separation and sufficient recognized military service which need not be contiguous to equal one year shall be entitled to receive his salary or compensation for the first 30 calendar days of active duty served during such absence.

An employee who is granted emergency military leave under the provisions of Section 19773, shall receive his salary or compensation as a state employee while going to, engaging in, and returning from such duty. The employee shall not receive his salary or compensation for more than 30 days each time he is granted such emergency military leave.

SEC. 4. Section 395 of the Military and Veterans Code is amended to read:

395. Any public employee who is a member of the reserve corps of the armed forces of the United States or of the National Guard or the Naval Militia shall be entitled to a temporary military leave of absence as provided by federal law while engaged in military duty ordered for purposes of active military training, encampment, naval cruises, special exercises or like activity as such member, providing that the period of ordered duty does not exceed 180 calendar days, including time involved in going to and returning from such duty, and provided that paid military leave of absence is not required for periods of inactive military duty.

He shall have an absolute right to be restored to his former office or position and status formerly had by him in the same locality and in the same office, board, commission, agency, or institution of the public agency upon the termination of such temporary military duty. If the office or position has been abolished or otherwise has ceased to exist during his absence, he shall be reinstated to a position of like seniority, status, and pay if such position exists, or if no such position exists he shall have the same rights and privileges that he would have had if he occupied the position when it ceased to exist and had not taken temporary military leave of absence.

Any public employee who has been in the service of the public agency from which the leave is taken for a period of not less than one year immediately prior to the date upon which his temporary military leave of absence begins, shall receive the same vacation, sick leave, and holiday privileges and the same rights and privileges to promotion, continuance in office, employment, reappointment to office, or reemployment that he would have enjoyed had he not been absent therefrom; excepting that an uncompleted probationary period if any in the public agency must be completed upon reinstatement as provided by law or rule of the agency. For the purposes of this section, in determining the one year of service in a

public agency all service of said public employee in recognized military service shall be counted as public agency service.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 5. Section 395.01 of the Military and Veterans Code is amended to read:

395.01. (a) Any public employee who is on temporary military leave of absence for military duty ordered for purposes of active military training, encampment, naval cruises, special exercises, or like activity as such member, provided that the period of ordered duty does not exceed 180 calendar days including time involved in going to and returning from the duty, but not for inactive duty such as scheduled reserve drill periods, and who has been in the service of the public agency from which the leave is taken for a period of not less than one year immediately prior to the day on which the absence begins shall be entitled to receive his salary or compensation as such public employee for the first 30 calendar days of any such absence. Pay for such purposes shall not exceed 30 days in any one fiscal year. For the purposes of this section, in determining the one year of public agency service, all service of said public employee in the recognized military service shall be counted as public agency service.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4, of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 6. It is the intent of the Legislature in enacting this act to comply with the provisions of federal law relating to leaves of absence for public employees for purposes of military duty set forth in Section 2024 of Title 38 of the United States Code, as interpreted by the Attorney General in Opinions of the Attorney General No. 80-303 of June 10, 1980.

SEC. 7. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act implements a federal law or regulation and involves only "costs mandated by the federal government," as defined by Section 2206 of the Revenue and Taxation Code.

An act to add Section 437.15 to the Health and Safety Code, relating to health.

[Approved by Governor September 22, 1981 Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 437.15 is added to the Health and Safety Code, to read:

437.15. (a) It is the intent of the Legislature that projects not directly related to patient care be processed as expeditiously as possible, consistent with the purposes of this part. For purposes of this section, "project not directly related to patient care" means a project which is subject to certificate of need solely because it is a project described in subdivision (e) of Section 437.10 and which will not directly involve any diagnostic or therapeutic service. Such projects may include, but are not limited to, telephone systems, data-processing systems, parking structures, employee housing, dietary services, administrative offices, and projects for energy provision.

(b) In reviewing an application for a project not directly related to patient care, the office director shall consider only financial feasibility, effect on patient charges, expected utilization if applicable, compliance with applicable laws and regulations, benefit to the population to be served, availability of equally desirable less costly alternatives to the project, and the effect, if any, of the project upon the indigent population of the area served.

(c) The following exceptions to the procedural provisions of this part shall apply to applications for projects not directly related to patient care:

(1) The notification of intent required by Section 438.3 need be filed only 30 days prior to the filing of an application and may be waived altogether by the office with the concurrence of the appropriate area agency.

(2) Upon a determination that an application is complete pursuant to Section 438.2, the office shall promptly publish notice in a newspaper of general circulation in the geographical area to be served by the project. Such notice shall describe the project and provide that any affected person may request, in writing, that the office hold a public hearing in the course of its review. The notice shall state the address at which such request shall be made and the time period in which it shall be made. Such written request shall be based upon the applicable review criteria and shall specify the criteria upon which it is based.

(3) No hearing need be held by the office in the course of its review unless requested by an affected person within 30 days of the publication of the notice required by paragraph (2), or unless requested by the appropriate area agency within 45 calendar days, or unless ordered by the office within 60 calendar days after the application is determined to be complete. In those cases in which no hearing is required to be held, the office shall, within 90 calendar days after the application is determined to be complete, issue a decision approving the project in its entirety or with such modifications or conditions as have been agreed to in writing by the

office and the applicant.

(4) It is the intent of the Legislature that the review of projects not directly related to patient care be accomplished without formal area agency review and participation.

To effectuate that intent, area agencies may waive the public meeting required by Section 438.4 and need not conduct or participate in reviews of projects not directly related to patient care.

(d) The office shall amend its regulations and application forms as may be necessary to effectuate the purposes of this section.

The people of the State of California do enact as follows:

SECTION 1. Section 17207 of the Financial Code is amended to read:

17207. The commissioner shall charge and collect the following fees and assessments:

(a) For filing an application for an escrow agent's license, two hundred dollars ($200) for the first office or location and one hundred dollars ($100) for each additional office or location.

(b) For filing an application for a duplicate of an escrow agent's license lost, stolen, destroyed, or for replacement, upon a satisfactory showing of such loss, theft, destruction, or surrender of certificate for replacement, two dollars ($2).

(c) For investigation services in connection with each application, one hundred dollars ($100), and for investigation services in connection with each additional office application, one hundred dollars ($100).

(d) For holding a hearing in connection with the application, as set forth under Section 17209.2, the actual costs experienced in each particular instance.

(e) (1) Each escrow agent shall pay to the commissioner its pro rata share of all costs and expenses reasonably incurred in the administration of this division, as estimated by the commissioner for the ensuing year, and of any deficit actually incurred or anticipated in the administration of this division in the year in which such assessment is made. The total assessment for each year shall not exceed the amount of the first assessment following the effective date of this subdivision adjusted for changes in the cost of living. As used in this subdivision "cost of living" means the Consumer Price

Index for the United States as reported by the United States Department of Labor or a successor agency of the United States Government. The pro rata share shall be the proportion which a licensee's gross income from escrow operations bears to the aggregate gross income from escrow operations of all licensees as compiled by the commissioner. The pro rata share shall not include the costs of any examinations provided for in Section 17405.1, unless they cannot be collected from the company examined.

(2) On or before the 30th day of May in each year, the commissioner shall notify each escrow agent by mail of the amount assessed and levied against it and that amount shall be paid within 20 days thereafter. If payment is not made within 20 days, the commissioner shall assess and collect a penalty in addition to the assessment, of 1 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(3) In the levying and collection of the assessment, an escrow agent shall not be assessed for nor be permitted to pay less than two hundred fifty dollars ($250) per year, per location.

(4) If an escrow agent fails to pay the assessment on or before the 30th day of June following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to such company. If, after such an order is made, a request for a hearing is filed in writing and a hearing is not held within 60 days therefter, the order is deemed rescinded as of its effective date. During any period when its certificate is revoked or suspended, a company shall not conduct business pursuant to this division except as may be permitted by order of the commissioner; provided, however, that neither the revocation, suspension, or surrender of a certificate shall affect the powers of the commissioner as provided in this division.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 476 of the Statutes of 1980 provided for an annual assessment of escrow agents for all costs and expenses reasonably incurred by the Commissioner of Corporations in the administration of the Escrow Law. In view of an ambiguity in the statute, confusion exists as to the manner whereby these costs and expenses are to be allocated among escrow agents. In order to resolve this ambiguity prior to the May 30, 1981, deadline for current assessments, and to avoid any costly recalculations of such assessments, it is necessary that this act take effect immediately.

CHAPTER 625

An act to amend Sections 12903, 12935, and 12941 of the Government Code, and to repeal Section 3096 of the Labor Code, relating to fair employment and housing.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 12903 of the Government Code is amended to read:

12903. There is in the State and Consumer Services Agency the Fair Employment and Housing Commission. Such commission shall consist of seven members, to be known as commissioners, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and one of whom shall be designated as chairman by the Governor. The term of office of each member of the commission shall be for four years. The members of the Fair Employment Practice Commission on the effective date of this section shall become the members of the Fair Employment and Housing Commission and shall serve the balance of the term they would have served on the Fair Employment Practice Commission.

SEC. 2. Section 12935 of the Government Code is amended to read:

12935. The commission shall have the following functions, powers and duties:

(a) To adopt, promulgate, amend, and rescind suitable rules, regulations, and standards (1) to interpret, implement, and apply all provisions of this part, (2) to regulate the conduct of hearings held pursuant to Sections 12967 and 12980, and (3) to carry out all other functions and duties of the commission pursuant to this part.

(b) To conduct hearings pursuant to Sections 12967 and 12981.

(c) To establish and maintain a principal office within the state.

(d) To meet and function at any place within the state.

(e) To appoint an executive secretary, and such attorneys and other employees as it may deem necessary, fix their compensation within the limitations provided by law, and prescribe their duties.

(f) To hold hearings, subpoena witnesses, compel their attendance, administer oaths, examine any person under oath and, in connection therewith, to require the production of any books or papers relating to any matter under investigation or in question before the commission.

(g) To create or provide financial or technical assistance to such advisory agencies and conciliation councils, local or otherwise, as in its judgment will aid in effectuating the purposes of this part, and to empower them to study the problems of discrimination in all or specific fields of human relationships or in particular instances of

employment discrimination on the bases enumerated in this part or in specific instances of housing discrimination because of race, religious creed, color, national origin, ancestry, marital status, or sex, and to foster, through community effort or otherwise, good will, cooperation, and conciliation among the groups and elements of the population of the state and to make recommendations to the commission for the development of policies and procedures in general. Such advisory agencies and conciliation councils shall be composed of representative citizens, serving without pay.

(h) With respect to findings and orders made pursuant to this part, to establish a system of published opinions which shall serve as precedent in interpreting and applying the provisions of this part.

(i) To issue publications and results of inquiries and research which in its judgment will tend to promote good will and minimize or eliminate unlawful discrimination. Such publications shall include an annual report to the Governor and the Legislature of its activities and recommendations.

SEC. 3. Section 12941 of the Government Code is amended to read:

12941. (a) It is an unlawful employment practice for an employer to refuse to hire or employ, or to discharge, dismiss, reduce, suspend, or demote, any individual over the age of 40 on the ground of age, except in cases where the law compels or provides for such action. This section shall not be construed to make unlawful the rejection or termination of employment where the individual applicant or employee failed to meet bona fide requirements for the job or position sought or held, or to require any changes in any bona fide retirement or pension programs or existing collective-bargaining agreements during the life of the contract, or until January 1, 1980, whichever occurs first, nor shall this section preclude such physical and medical examinations of applicants and employees as an employer may make or have made to determine fitness for the job or position sought or held.

Promotions within the existing staff, hiring or promotion on the basis of experience and training, rehiring on the basis of seniority and prior service with the employer, or hiring under an established recruiting program from high schools, colleges, universities, and trade schools shall not, in and of themselves, constitute a violation of this section.

(b) This section shall not limit the right of an employer, employment agency, or labor union to select or refer the better qualified person from among all applicants for a job. The burden of proving a violation of this section shall be upon the person or persons claiming that the violation occurred.

SEC. 4. Section 3096 of the Labor Code is repealed.

CHAPTER 626

An act to add Part 10.5 (commencing with Section 17900) to the Education Code, relating to school buildings.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Part 10.5 (commencing with Section 17900) is added to the Education Code, to read:

PART 10.5. SCHOOL FACILITIES

17900. The Legislature finds and declares that it is in the interest of the state and of the people thereof for the state to aid school districts and community college districts in finding cost-effective methods of conserving energy in school buildings maintained by the districts. The Legislature also finds that while many districts may desire to participate in energy conservation programs designed to reduce the steadily rising costs of meeting the energy needs of school buildings, that the costs involved in improving existing school facilities to become more energy efficient are often prohibitive.

It is the intent of the Legislature in enacting this part to encourage school districts and community college districts to retrofit school buildings so as to conserve energy and reduce the costs of supplying energy.

17901. (a) School districts and community college districts may borrow funds from federal or state regulated financial institutions for the purposes of design and construction costs associated with retrofitting school buildings to become more energy efficient. School districts and community college districts shall only be authorized to borrow an amount which does not exceed that which can be repaid from energy cost avoidance savings accumulated from the improvement of school facilities.

(b) Any savings and loan association may make loans or advances of credit pursuant to the provisions of subdivision (a) in an amount not in excess of 5 percent of its total assets. This investment may be in addition to any other investment savings and loan associations are permitted to undertake under the provisions of Section 6705.7 of the Financial Code.

17902. To the extent that these services are available, school districts and community college districts shall arrange for the preaudit and postaudit of school buildings by investor-owned or municipal utility companies or by independent energy audit companies or organizations which are recognized by federal or state regulated financial institutions. The preaudit shall identify the type and amount of work necessary to retrofit the buildings and shall

include an estimate of projected energy savings. The postaudit shall be conducted upon completion of the retrofitting of the school buildings to ensure that the project satisfies the recommendations of the preaudit.

17903. School districts and community college districts taking action under this article shall contract with qualified businesses capable of retrofitting school buildings. To the extent that lists of qualified businesses are made available to school districts and community college districts by investor-owned or municipal utility companies or federal or state regulated financial institutions, school districts and community college districts may utilize the services of these businesses.

CHAPTER 627

An act to amend Sections 51215, 51216, and 51217 of the Education Code, relating to schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1981. Filed with Secretary of State September 22, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 51215 of the Education Code is amended to read:

51215. (a) The governing board of each school district maintaining a junior or senior high school shall, by June 1, 1978, adopt standards of proficiency in basic skills for pupils attending school within its school district.

(b) The governing board of each school district maintaining grade 6 or 8, or the equivalent, shall, by June 1, 1979, adopt standards of proficiency in basic skills for pupils attending these grades.

(c) These standards shall include, but need not be limited to, reading comprehension, writing, and computation skills, in the English language, necessary to success in school and life experiences, and shall be such as will enable individual achievement to be ascertained and evaluated.

The standards shall be directly related to the district's instructional program.

(d) Differential standards and assessment procedures shall be adopted pursuant to this subdivision.

(1) Differential standards and assessment procedures shall be adopted for pupils who:

(A) Are enrolled in special education programs pursuant to Part 30 (commencing with Section 56000); or for whom individualized education programs have been developed, and for whom the regular instructional program has been modified, as necessary, under the

supervision of a person who holds an appropriate credential in special education and;

(B) Have diagnosed learning handicaps or disabilities such that the individualized education program team determines they have not demonstrated evidence of the ability to attain the district's regular proficiency standards with appropriate educational services and support.

(2) If the team determines that these pupils have not demonstrated evidence of the ability to attain the district's regular proficiency standards with appropriate educational services and support, the team shall develop differential proficiency standards, or modify general differential standards adopted by the governing board, appropriate to the needs and potential of the pupil.

(3) Any differential standards shall be included in the individualized education program developed for the pupil pursuant to Part 30 (commencing with Section 56000).

(4) The determination and the development of differential proficiency standards shall be part of the process of developing, reviewing, and revising a pupil's individualized education program.

(5) In the case where one or more differential standards are developed for a pupil enrolled in special education, the standards may be maintained throughout the pupil's school experience, irrespective of whether the pupil continues to be enrolled in special education.

(6) Nothing in this subdivision shall be construed to require differential proficiency standards for a pupil who a team determines can attain the district's regular proficiency standards with appropriate educational services and support.

(7) The provisions of this subdivision shall apply prospectively and retroactively to pupils enrolled in the 9th grade, or the equivalent thereof, during the 1977–78 school year.

(8) Differential standards and assessment procedures adopted pursuant to this subdivision shall permit the pupil for whom they are adopted to attain the standards within a reasonable amount of time but not after the state is no longer required by state or federal law to provide an education to the pupil.

(9) It is the intent of the Legislature that the attainment of a standard of proficiency by a pupil shall also reflect the attainment of a reasonable level of competence. The Legislature, therefore, recognizes that there may be some pupils who cannot meet regular or differential standards of proficiency, and others who will need to remain in school beyond grade 12 or the equivalent in order to meet a standard which reflects their maximum potential.

(10) For students with diagnosed learning disabilities, as well as for students participating in the regular school program, proficiency assessments may be part of the classroom experience, and teaching materials may be used as assessment materials.

(e) Governing boards maintaining elementary or junior high schools located within a school district maintaining a high school shall

adopt standards of proficiency in basic skills which are articulated with those standards adopted by the school district maintaining the high school.

(f) Designated employees of all school districts located within a high school district and one or more designees of the high school district shall meet prior to June 1, 1979, to plan for articulation of elementary and high school proficiency standards, and as necessary thereafter to review the effectiveness of such articulation procedures.

(g) Standards of proficiency shall be adopted by the governing board with the active involvement of parents broadly reflective of the socioeconomic composition of the district, administrators, teachers, counselors, and, with respect to standards in secondary schools, pupils.

SEC. 2. Section 51216 of the Education Code is amended to read:

51216. (a) Beginning in the 1978–79 school year, the governing board of each district maintaining a junior or senior high school, and beginning in the 1979–80 school year, the governing board of each district maintaining an elementary school, shall take appropriate steps to ensure that individual pupil progress towards proficiency in basic skills is assessed in the English language during the regular instructional program at least once during the 4th through 6th grade experience, once during the 7th through 9th grade experience and twice during the 10th through 11th grade experience. A school district may grant reciprocity in proficiency assessment results from another school district for a pupil in any grade, except 12th grade, who has transferred from that district. However, no school district shall reassess for purposes of graduation eligibility any pupil in 12th grade who has demonstrated proficiency up to the prescribed level for high school graduation. Nothing in this section shall preclude any district from conducting an assessment of any pupil in English and in the native language of such pupil.

(b) Proficiency assessments shall be used to determine whether pupils need additional assistance in basic skills, and if so, the appropriate content and mode of any such assistance.

It is the intent of the Legislature that pupil assessments measure the progress of each pupil in mastering basic skills rather than the pupil's performance relative to his or her classmates.

It is the intent of the Legislature that the governing board of each school district make every effort possible to periodically screen assessment instruments for racial, cultural, and sexual bias.

(c) (1) In the case of any pupil who does not demonstrate sufficient progress toward mastery of basic skills so that he or she will be able to meet prescribed standards upon exit from the 6th, 8th, or 12th grade, whichever is appropriate, the principal shall arrange a conference among the parent or guardian of the pupil and a certificated employee familiar with the pupil's progress to discuss the results of the individual pupil assessment and recommended actions to further the pupil's progress.

(2) It is the intent of the Legislature that the conference to discuss the results of the individual assessment be conducted on an individual basis among the parent or guardian of the pupil, the certificated employee familiar with the pupil's progress, and the pupil, as the case may be, and not on a group basis in which all parents or guardians of such pupils are assembled.

(3) If such conferences are conducted on a group basis, the pupil or the parent or guardian may request, and shall be granted, a conference on an individual basis without having to attend the group conference.

(4) The secondary school pupil shall attend the conference. The elementary school pupil shall attend the conference unless the principal's designee and the parent or guardian agree that such presence would not be in the pupil's best interest.

(5) The pupil and the parent or guardian shall be requested in writing to attend the conference. The notice shall be written in the primary language of the parent or guardian, whenever practicable. If the conference is to be conducted on a group basis, the notice shall specify the right of the pupil or the parent or guardian to request and be granted a conference on an individual basis without having to attend the group conference.

Notices to pupils in grades 9 to 12 shall inform the parent or guardian that the pupil shall not receive a high school diploma unless the prescribed standards are met.

(6) Absent a response from the parent or guardian the school shall, within 10 days of the date of the scheduled conference, make a reasonable effort to contact him or her by other means to communicate directly the information contained in the written request.

(7) At the conference, the instructional program which shall be provided to assist the pupil to master basic skills shall be described. If the parent or guardian does not attend the conference, such information shall be communicated to the parent or guardian by other means within 10 days of the date of the conference.

(d) Instruction in basic skills shall be provided for any pupil who does not demonstrate sufficient progress toward mastery of basic skills and shall continue until the pupil has been given numerous opportunities to achieve mastery. Such instruction may be provided in summer school programs.

SEC. 3. Section 51217 of the Education Code is amended to read:

51217. (a) No pupil who was enrolled in the 9th grade, or the equivalent thereof, during the 1977–78 school year, or subsequent thereto, shall receive a diploma of graduation from high school if he or she has not met the standards of proficiency in basic skills prescribed by the secondary school district governing board and the school district has developed and made available to the pupil remedial instruction programs in basic skills for at least two consecutive sessions. For purposes of this section, a session shall include a semester or summer session in a public school.

(1) A pupil who does not receive a diploma pursuant to the provisions of this section shall later be awarded a diploma by the district he or she last attended, without taking additional coursework, if the pupil passes the district's proficiency examination in basic skills necessary for graduation and meets all other graduation requirements.

(2) Funding for these remedial courses shall be provided only for services to students during the semester following the semester in which the pupil would have graduated if he or she had met the district's prescribed proficiency standards.

(b) The State Board of Education shall, by February 1, 1978, prepare and distribute to each school district maintaining a junior or senior high school, and by February 1, 1979, prepare and distribute to each district maintaining an elementary school, a framework for assessing pupil proficiency in reading comprehension, writing, and computation skills. Such framework shall include a range of assessment items in each skill area. The assessment framework shall be provided solely to assist each school district in the development of its own pupil assessments as required by Section 51216.

(c) Nothing in this section shall be construed to authorize or permit the State Board of Education to adopt statewide minimum proficiency standards for high school graduation.

SEC. 4. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 5. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that no child is denied a diploma in 1981 who has not had an adequate opportunity to receive the necessary instruction or remedial instruction in basic skills to meet the necessary proficiency standards, it is necessary that this act take effect immediately.

CHAPTER 628

An act to add and repeal Section 7124.6 of the Business and Professions Code, relating to business and professions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1981 Filed with Secretary of State September 22, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 7124.6 is added to the Business and Professions Code, to read:

7124.6. (a) Notwithstanding Section 7124.5 or any other provision of law, the board shall not be precluded from disclosing to the public general information regarding complaints filed against a licensee. Information regarding the number of any complaints filed against a licensee which are under investigation or which have been resolved shall not be disclosed. Information regarding the nature of any complaints filed against a licensee may be included in any disclosure statement. Any disclosure statement regarding a complaint against a licensee which is under investigation shall inform the requester that, pending complete investigation, no conclusions or judgments as to the validity of any complaint may be assumed.

(b) In the event the board discloses information regarding complaints filed against a licensee, pursuant to subdivision (a), the board shall, in addition, disclose the number, and may disclose the nature, of any citations issued to a licensee pursuant to the provisions of Article 7.

(c) The board may also disclose information relating to any disciplinary action filed pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) For the purposes of this section, "general information regarding complaints" is limited to a statement as to whether or not there are, at the time a request for disclosure of information is made, any complaints filed against a licensee which are under investigation, and as to whether, within the year prior to the time a request for disclosure of information is made, any substantiated complaints filed against a licensee have been resolved, mediated, or settled.

(e) Nothing in this section shall be construed to limit any right provided under Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

(f) Not later than January 1, 1984, the Legislative Analyst, in cooperation with the Contractors' State License Board and the Department of Consumer Affairs, shall report to the Legislature on the effectiveness of this section.

(g) This section shall remain in effect only until July 1, 1984, and as of that date is repealed, unless a later enacted statute, which is

chaptered before July 1, 1984, deletes or extends that date.
