SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The current policy of the Contractors' State License Board, of releasing to the public information on consumer complaints which have not been fully investigated and before any determination has been made as to whether the complaints are valid or invalid or require disciplinary action of any kind, may possibly violate a licensee's constitutional rights of privacy and due process. Further, such a disclosure and dissemination of unproven and unsubstantiated information, which in many cases is later found to be untrue, may result in irreparable harm to a large segment of California businesses.

CHAPTER 630

An act to add Sections 5101.4 and 10112 to, and to add Chapter 1.5 (commencing with Section 5108) to Part 3 of Division 7 of and Chapter 2.5 (commencing with Section 10120) to Division 12 of, the Streets and Highways Code, relating to public improvements, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1981 Filed with Secretary of State September 22, 1981]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code) and the Municipal

Improvement Act of 1913 (Division 12 (commencing with Section 10000) of the Streets and Highways Code) do not provide for initial financing of preliminary steps for water supply system projects or sanitary sewer and facilities projects if an assessment district is not formed to construct such a project.

The Legislature further finds and declares that many local agencies, such as counties and cities, under current financial restrictions, can no longer afford to provide initial funding for these projects without a guarantee that the funds will be repaid to the local agency.

The Legislature further finds and declares that requirements of public health and safety, and the need for new water supply and sanitary sewer projects in this state, require that local agencies be given an option to be guaranteed the repayment of funds expended by them for preliminary work on these projects, including, but not limited to, feasibility studies and engineering plans.

Therefore, the Legislature deems it appropriate to create a method whereby local agencies can be guaranteed the repayment of funds advanced by them for preliminary work, even if the public work is not constructed.

SEC. 2. Section 5101.4 is added to the Streets and Highways Code, to read:

5101.4. In the case of a proposal for a water supply system or sanitary sewers and facilities, the preliminary steps, including, but not limited to, environmental impact reports, feasibility studies, engineering plans, cost estimates, legal expenses, and elections, may, at the legislative body's discretion, be deemed to be improvements.

5108.5. If an assessment district is created pursuant to Section 5180, the legislative body shall include the assessments imposed by Section 5108.3 with the assessments imposed by Section 5180 within an assessment district created to pay the costs of a water supply system, or a sanitary sewer and facilities project, where the costs of proposed improvements for such a project have been approved pursuant to Section 5108.3.

However, if the ownership of the land is changed after the making of the last equalized assessment roll, the new owner thereof may vote upon the production of evidence of ownership of the land.

"Parcel" means any parcel as identified on the last equalized assessment roll.

10122. The measure to be voted on shall include a description of the improvements proposed, a map showing the territory to be benefited by the proposed improvements and proposed to be subject to assessments, and an estimate of the costs of the improvements proposed. The measure to be voted on shall be approved by the legislative body after holding a public hearing.

(a) First, the property shall be offered for park or recreational purposes pursuant to Article 8 (commencing with Section 54220) of Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, in any instance in which such article is applicable.

(b) Second, the property shall be offered for sale or lease with an option to purchase, at fair market value, in both of the following ways:

(1) In writing, to the Director of General Services, the Regents of the University of California, the Trustees of the California State University and Colleges, the county and city in which the property is situated, and to any public housing authority in the county in which the property is situated.

(2) By public notice to any public district, public authority, public agency, public corporation, or any other political subdivision in this state, to the federal government, and to any charitable corporation determined by the Secretary of State to be a public benefit corporation under Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code. Public notice shall consist of at least publishing its intention to dispose of the real property in a newspaper of general circulation within the district, or if there is no such newspaper, then in any newspaper of general circulation that is regularly circulated in the district. The notice shall specify that the property is being made available to all public districts, public authorities, public agencies, and other political subdivisions or public corporations in this state, and to nonprofit public benefit corporations.

In the event no additional higher offer is made, the board may determine which of the original highest offers

Before accepting any written proposal, the board shall call for oral bids from entities with a priority pursuant to this subdivision, or with a higher priority. If, upon the call for oral bidding, an entity offers to purchase the property or to lease the property for a price or rental exceeding by at least 5 percent, the highest written proposal, after deducting the commission, if any, to be paid a licensed real estate broker, shall be finally accepted. Final acceptance shall not be made, however, until the oral bid is reduced to writing and signed by the offeror.

(c) Third, the property may be disposed of in any other manner authorized by law.

(a) First, the property shall be offered for park or recreational purposes pursuant to Article 8 (commencing with Section 54220) of Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, in any instance in which such article is applicable.

(b) Second, the property shall be offered for sale or lease with an option to purchase, at fair market value in both of the following ways:

(1) In writing, to the Director of General Services, the Regents of the University of California, the Trustees of the California State University and Colleges, the county and city in which the property is situated, and to any public housing authority in the county in which the property is situated.

(2) By public notice to any public district, public authority, public agency, public corporation, or any other political subdivision in this state, to the federal government, and to nonprofit charitable corporations existing on December 31, 1979, and organized pursuant to Part 3 (commencing with Section 10200) of Division 2 of Title 1 of the Corporations Code then in effect or organized on or after January 1, 1980, as a public benefit corporation under Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code. Public notice shall consist of at least publishing its intention to dispose of the real property in a newspaper of general circulation within the district, or if there is no such newspaper, then in any newspaper of general circulation that is regularly circulated in the district. The notice shall specify that the property is being made available to all public districts, public authorities, public agencies, and other political subdivisions or public corporations in this state, and to other nonprofit charitable or nonprofit public benefit corporations.

Publication of notice pursuant to this section shall be once each

week for three successive weeks. Three publications in a newspaper regularly published once a week or more often, with at least five days intervening between the respective publication dates not counting such publication dates, are sufficient. The written notice required by paragraph (1) shall be mailed no later than the date of the second published notice.

The entity desiring to purchase or lease the property shall, within 60 days after the third publication of notice, notify the school district of its intent to purchase or lease the property. If the entity desiring to purchase or lease the property and the district are unable to arrive at a mutually satisfactory price or lease payment during the 60-day period, the property may be disposed of as otherwise provided in this section. CHAPTER 647

An act to amend Sections 481.5, 11580.06, and 11580.2 of the Insurance Code, relating to insurance.

[Approved by Governor September 23, 1981 Filed with Secretary of State September 23, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 481.5 of the Insurance Code is amended to read:

481.5. (a) Whenever an insurer endorses, rejects, declines, cancels, or surrenders a policy of insurance as defined in subdivision (a) of Section 660 or Section 675, or a policy of insurance as defined in subdivision (a) of Section 660 or Section 675 is canceled pursuant to Section 673, the unearned premium shall be tendered to the insured or to the person entitled thereto or to the insurance agent of record as the insurer's agent for transmittal within 30 days after the cessation or amendment of coverage due to endorsement, cancellation, rejection, surrender, or rescission. Any unearned premium not tendered within the time specified above shall bear interest at the rate of 10 percent per annum from and after such 30 days. Such interest imposition shall not apply to any insurer in conservatorship or liquidation and shall constitute the sole penalty paid to the insured for a failure to refund an unearned premium.

(b) Whenever a policy is canceled pursuant to Section 673, other than a policy as defined in subdivision (a) of Section 660 or Section 675, the unearned premium shall be tendered to the person entitled thereto or to the insurance agent of record as the insurer's agent for transmittal within 120 days after the cessation of coverage due to cancellation. Any unearned premium not tendered within the time specified above shall bear interest at the rate of 10 percent per annum from and after such 120 days. Such interest imposition shall not apply to any insurer in conservatorship or liquidation and shall constitute the sole penalty paid to the insured for a failure to refund an unearned premium.

SEC. 2. Section 11580.06 of the Insurance Code is amended to read:

11580.06. Except as may be otherwise provided in this article:

(a) The term "motor vehicle" means any vehicle designed for use principally upon streets and highways and subject to motor vehicle registration under the laws of this state.

(b) The term "insured" shall include the person or persons to whom any policy subject to this article is issued as named insured and any other person to whom coverage is afforded under the terms of any such policy.

(c) The term "bodily injury" shall include sickness or disease, including death resulting therefrom.

(d) The term "automobile" means any self-propelled motor vehicle, with four wheels, designed for use principally upon streets and highways and subject to motor vehicle registration under the laws of this state.

(e) The term "arrest" shall have the same meaning as set forth in Section 834 of the Penal Code.

SEC. 3. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use

of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the limits specified in subdivision (m) and in no case less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) delete such coverage when a motor vehicle is operated by a natural person or persons designated by name, or agree to provide such coverage in an amount less than that required by subdivision (m) but not less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code. Any such agreements by any named insured or agreement for the amount of coverage shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or to delete such coverage when a motor vehicle is operated by a natural person or persons designated by name, or agree to provide such coverage in an amount less than that required by subdivision (m) of Section 11580.2 of the Insurance Code, but not less than the financial responsibility requirements. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the limits established by law, which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or

operator of an uninsured motor vehicle not owned or operated by the insured."

Such agreement may contain additional statements not in derogation of or conflict with the foregoing. The execution of such agreement shall relieve the insurer of liability under this section while such agreement remains in effect.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute automobile for which liability coverage is provided in the policy or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household, or by a natural person or persons for whom coverage has been deleted in accordance with subdivision (a) while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, the term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated

territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, the term "uninsured motor vehicle" shall not include a motor vehicle owned by the named insured or any resident of the same household or self-insured within the meaning of the Safety Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage to:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from a motor vehicle other than the described motor vehicle if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in

subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (2) of subdivision (c), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, such claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) such claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in such Article 3 shall be available to both the

insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in such Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of such Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under such Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of paragraph (4) of subdivision (a) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in paragraph (2) of subdivision (b) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions

stated herein without being required to sign any release or waiver of rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him, his executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(l) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation as defined in subdivision (f) of Section 11580.1. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

(m) Coverage provided under an uninsured motorist endorsement or coverage shall be offered with coverage limits equal to the limits of liability for bodily injury in the underlying policy of insurance, but shall not be required to be offered with limits in excess of the following amounts:

(1) A limit of thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident.

(2) Subject to the limit for one person set forth in paragraph (1), a limit of sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident.

CHAPTER 648

[Approved by Governor September 23, 1981. Filed with Secretary of State September 23, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 15001 of the Financial Code is amended to read:

15001. Every credit union may assess charges for failure to meet punctually obligations to such credit union. Late charges in case of failure to make payments when due, when a periodic percentage rate is applied to a loan balance as of the date of payment, may not exceed 3 percent of the payment due, or five dollars ($5), whichever is greater. When a loan is secured by real property or has a balance at the time of creation of at least fifteen thousand dollars ($15,000) and a periodic percentage rate is applied to the loan balance as of the payment due date, the charges may not exceed 6 percent of the payment due or ten dollars ($10), whichever is greater. Pursuant to this section, any late charge shall be made only once for each delinquent payment.

CHAPTER 649

An act to amend Sections 17722, 17761, 39619, and 39619.5 of, and to add Sections 17750 and 17761.5 to, the Education Code, relating to school property, and making an appropriation therefor.

[Approved by Governor September 23, 1981. Filed with Secretary of State September 23, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 17722 of the Education Code is amended to read:

17722. Except as provided in Section 17741, the board shall not approve any new school facilities for any applicant school district or county superintendent of schools until it has first made a determination that such applicant will utilize all existing facilities to the extent economically and practically feasible.

SEC. 2. Section 17750 is added to the Education Code, to read:

17750. (a) A district may enter into a contract with the county, or other appropriate entity having responsibility for the provision of public library services, in which the district is located for the purpose of operating a joint-use library facility at a school site owned by the district.

(b) The district may apply for the lease-purchase of a project which includes a library facility, pursuant to Section 17717, which facility, if constructed, would be of sufficient size to accommodate the requirements of a joint-use library for which the district has entered into a contract, pursuant to subdivision (a).

(c) Should the board receive an application for a project which includes space for a joint-use library, the board shall evaluate the application disregarding any space in the proposed library facility which is beyond the needs of the district, provided the application contains a copy of the contract specified in subdivision (a), and provided that the contract contains at least the following:

(1) Agreement that the county or other appropriate entity shall deposit in the county school lease-purchase fund, created pursuant to Section 17734, an amount equal to the total cost of any space in the proposed library facility which is beyond the needs of the district, prior to the signing of the construction contract for the project. The deposit shall not be refundable, except to the extent that it may prove subsequently to be in excess of the actual total cost of the space which is beyond the needs of the district.

(2) Agreement between the district and the county or other appropriate entity regarding staffing, maintenance, materials acquisition, and other matters related to the administration and operating costs of the joint-use facility.

(3) Agreement between the district and the county or other appropriate entity regarding the procedure for amendment or termination of the contract, including the disposition of materials housed in the joint-use facility should termination of the contract occur.

(d) Any space in a joint-use library which is beyond the needs of the district shall not be included by the board in any calculations made for any other purposes provided for in this article for the period of time that the contract for that joint-use facility remains in effect. Should the contract be terminated, the board shall include the additional space in any calculations made after the termination for

any other purposes provided for in this article.

SEC. 3. Section 17761 of the Education Code is amended to read:

17761. (a) Except as provided in subdivision (b), each school district to which funds are allocated pursuant to this chapter shall either: (1) provide 10 percent of the cost of the project from other district funds; or (2) agree to contribute, each year for a period of 10 years, to the State School Deferred Maintenance Fund an amount equal to 1 percent of the cost of the project.

(b) Both of the requirements prescribed by subdivision (a) may be waived by the State Allocation Board in a case of hardship, as defined by the State Allocation Board.

SEC. 4. Section 17761.5 is added to the Education Code, to read:

17761.5. The Controller shall, during each of the next 10 fiscal years following the fiscal year in which the executive officer of the State Allocation Board certifies to him or her that a school district has agreed to contribute to the State School Deferred Maintenance Fund an amount equal to 1 percent of the cost of the project, pursuant to Section 17761, deduct the total amount of the annual payment of the district in equal amounts from each of the February, March, April, and May installments of the apportionments made to the district from Section A of the State School Fund.

In no event shall the deductions exceed an amount which would result in a district's receiving, in any school year, from the State School Fund, less than one hundred twenty dollars ($120) per pupil in average daily attendance in the district during the preceding school year.

On order of the Controller, the amount so deducted shall be transferred to the State School Deferred Maintenance Fund.

SEC. 5. Section 39619 of the Education Code is amended to read:

39619. (a) Whenever, in a given fiscal year, a school district has budgeted, exclusive of state matching funds and district funds previously matched pursuant to subdivision (b), in its deferred maintenance fund established pursuant to Section 39618 an amount equal to, or greater than, that amount the district expended from its general fund for major maintenance, repair, or modernization of existing school buildings, as specified in Section 39618, exclusive of categorical aid funds and any proceeds from the sale of district property which were expended for the purpose of the district deferred maintenance account, in either the 1978–79 or 1979–80 fiscal year, adjusted annually to the current fiscal year in conformance with the percentage change in the district revenue limit computed pursuant to subdivision (f) of Section 42238, the Superintendent of Public Instruction shall so certify to the State Allocation Board.

(b) The State Allocation Board shall apportion, from the State School Deferred Maintenance Fund, to school districts an amount equal to one dollar ($1) for each one dollar ($1) of local funds up to a maximum of ½ percent of the total general funds budgeted by the district for the fiscal year, exclusive of any amounts budgeted for capital outlay or debt service, to the extent of funds available

pursuant to Chapter 24 (commencing with Section 17780).

SEC. 6. Section 39619.5 of the Education Code is amended to read:

39619.5. Notwithstanding the limitations of Section 39619, the State Allocation Board may each year reserve an amount not to exceed 5 percent of the funds transferred from any source to the State School Deferred Maintenance Fund for apportionments to school districts, in addition to the apportionments made pursuant to Section 39619, in instances of extreme hardship. An extreme hardship shall exist in a school district when the State Allocation Board determines the existence of all of the following:

(1) That the district has deposited in its deferred maintenance fund an amount equal to at least 0.5 percent of the total general funds budgeted by the district for the fiscal year, exclusive of any amounts budgeted for capital outlay or debt service.

(2) That the district has a critical project on its five-year plan which if not completed in one year could result in serious damage to the remainder of the facility or would result in a serious hazard to the health and safety of the pupils attending the facility.

(3) That the total funds deposited by the district and the state pursuant to Section 39619 are insufficient to complete the project.

As a result of the determination made in the preceding paragraph, the State Allocation Board may increase the apportionment to a school district by such amount as it determines necessary to complete the critical project, provided the district agrees that state apportionments pursuant to Section 39619 in future years will be reduced to offset the increased apportionment.

SEC. 7. The obligation to repay as specified in item (2) of subdivision (a) of Section 17761 of the Education Code shall continue regardless of the possible repeal of that section as provided for in Section 17764 of the Education Code.

CHAPTER 650

An act to amend Section 490.5 of the Penal Code, relating to theft.

[Approved by Governor September 23, 1981. Filed with Secretary of State September 23, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 490.5 of the Penal Code is amended to read:

490.5. (a) Upon a first conviction for petty theft involving merchandise taken from a merchant's premises or a book or other library materials taken from a library facility, a person shall be punished by a mandatory fine of not less than fifty dollars ($50) and not more than one thousand dollars ($1,000) for each such violation; and may also be punished by imprisonment in the county jail, not

exceeding six months, or both such fine and imprisonment.

(b) When an unemancipated minor's willful conduct would constitute petty theft involving merchandise taken from a merchant's premises or a book or other library materials taken from a library facility, any merchant or library facility who has been injured by such conduct may bring a civil action against the parent or legal guardian having control and custody of the minor. For the purposes of such actions the misconduct of the unemancipated minor shall be imputed to the parent or legal guardian having control and custody of the minor. The parent or legal guardian having control or custody of an unemancipated minor whose conduct violates this subdivision shall be jointly and severally liable with the minor to a merchant for the retail value of his merchandise, if not recovered in merchantable condition or to a library facility for the fair market value of its book or other library materials, plus damages of not less than fifty dollars ($50) nor more than five hundred dollars ($500) plus costs. Recovery of such damages may be had in addition to, and is not limited by, any other provision of law which limits the liability of a parent or legal guardian for the tortious conduct of a minor. An action for recovery of damages, pursuant to this subdivision, may be brought in small claims court if the total damages do not exceed the jurisdictional limit of such court, or in any other appropriate court; however, total damages, including the value of the merchandise or book or other library materials, shall not exceed five hundred dollars ($500) for each action brought under this section.

The provisions of this subdivision are in addition to other civil remedies and do not limit merchants or other persons to elect to pursue other civil remedies, except that the provisions of Section 1714.1 of the Civil Code shall not apply herein.

(c) In lieu of the fines prescribed by subdivision (a), any person may be required to perform public services designated by the court, provided that in no event shall any such person be required to perform less than the number of hours of such public service necessary to satisfy the fine assessed by the court as provided by subdivision (a) at the minimum wage prevailing in the state at the time of sentencing.

(d) All fines collected under this section shall be collected and distributed in accordance with Sections 1463 and 1463.1 of the Penal Code; provided, however, that a county may, by a majority vote of the members of its board of supervisors, allocate any amount up to, but not exceeding 50 percent of such fines to the county superintendent of schools for allocation to local school districts. The fines allocated shall be administered by the county superintendent of schools to finance public school programs, which provide counseling or other educational services designed to discourage shoplifting, theft, and burglary. Subject to rules and regulations as may be adopted by the Superintendent of Public Instruction, each county superintendent of schools shall allocate such funds to school districts within the county which submit project applications

designed to further the educational purposes of this section. The costs of administration of this section by each county superintendent of schools shall be paid from the funds allocated to the county superintendent of schools.

If the commission fails to take action within the 90-day period, the port master plan shall be deemed certified. The commission shall certify the plan, or portion of a plan, if the commission finds both of the following:

CHAPTER 653

An act to amend Section 27454 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1981 Filed with Secretary of State September 23, 1981]

The people of the State of California do enact as follows:

This subdivision shall remain in effect until April 1, 1984, and shall have no force or effect

after that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Fish taken under this provision, however, shall be limited to a maximum aggregate of 3,000 pounds per vessel in any calendar year. A current fishing permit issued by the Mexican government constitutes valid evidence that the giant seabass were taken south of the international boundary.

(d) A licensed plan or other person regulated under this chapter may, within 30 days after receipt of any notice or order under this section, file a written request for a hearing with the commissioner.

commissioner by rule or order may allow, and (2) the commissioner by notice has not found such advertisement, wholly or in part, to be untrue, misleading, deceptive, or otherwise not in compliance with this chapter or the rules thereunder, and specified the deficiencies, within such 30 days or such shorter time as the commissioner by rule or order may allow.

(b) Except as provided in subdivision (c) a licensed plan which has been licensed under the provisions of this chapter during the preceding 18 months may publish or distribute or allow to be published or distributed on its behalf an advertisement not subject to Section 1352.1 without having filed the same for the commissioner's prior approval, if such plan and such material comply with each of the following conditions:

(c) If the commissioner finds that any advertisement of a plan has materially failed to comply with the provisions of this chapter or the rules thereunder, the commissioner may, by order, require the plan to publish in the same or similar medium, an approved correction or retraction of any untrue, misleading, or deceptive statement contained in the advertising, and may prohibit such plan from publishing or distributing, or allowing to be published or distributed on its behalf such advertisement or any new materially revised advertisement without first having filed a copy thereof with the commissioner, 30 days prior to the publication or distribution thereof, or any shorter period specified in such order. An order issued under this subdivision shall be effective for 12 months from its issuance, and may be renewed by order if the advertisements submitted under this subdivision indicate difficulties of voluntary compliance with the applicable provisions of this chapter and the rules thereunder.

WARNING: Every person acting on behalf of a candidate is guilty of a misdemeanor who deliberately fails to file at the proper time and in the proper place any nomination paper in his possession which is entitled to be filed under the provisions of the Elections Code. (Elections Code Section 29302)

SEC. 2. Section 6494.1 of the Elections Code is amended to read:

6494.1. If a candidate submits an in-lieu-filing-fee petition pursuant to Section 6555, any or all signatures appearing on the petition, which would be valid under Section 6494, shall be counted towards the number of voters required to sign a nomination paper. If an in-lieu-filing-fee petition contains a requisite number of valid signatures under Section 6495, the candidate shall not be required to file nomination papers, but may request the county clerk to accept the petition instead of filing nomination papers.

If an in-lieu-filing-fee petition does not contain the requisite number of valid signatures as set forth in Section 6495, the candidate shall be entitled to file, within the time period allowed for filing nomination papers, a nomination paper in order to obtain the requisite number of valid signatures required to be submitted to the county clerk on a nomination paper. A candidate who submits a nomination paper pursuant to this paragraph shall only be required to obtain the number of signatures thereon needed to supplement the in-lieu-filing-fee petition so that the combination of signatures appearing on the in-lieu-filing-fee petition and the nomination paper equals or exceeds the requisite number of signatures set forth in Section 6495.

SEC. 4. Section 6555 of the Elections Code is amended to read:

6555. (a) Notwithstanding any other provision of this article, a candidate may submit a petition containing signatures of registered voters in lieu of a filing fee as follows:

(1) For the office of California State Assembly, 1,500 signatures.

(2) For the office of California State Senate and the United States House of Representatives, 3,000 signatures.

(3) For candidates running for statewide office, 10,000 signatures.

(4) For all other offices for which a filing fee is required, if the number of registered voters in the district in which he seeks nomination is 2,000 or more, a candidate may submit a petition containing four signatures of registered voters for each dollar of the filing fee, or 10 percent of the total of registered voters in the district in which he seeks nomination, whichever is less.

(5) For all other offices for which a filing fee is required, if the

number of registered voters in the district in which he seeks nomination is less than 2,000, a candidate may submit a petition containing four signatures of registered voters for each dollar of the filing fee, or 20 percent of the total of registered voters in the district in which he seeks nomination, whichever is less.

(6) Notwithstanding any other provision of this section, a candidate seeking the nomination of a qualified party with whom he is registered, the registered voters of which who were eligible to vote at the last statewide election constituted less than 5 percent of all registered voters eligible to vote at the last statewide election, may submit a petition containing signatures of 10 percent of the registered voters of that party in the district in which he seeks nomination, or 150 signatures, whichever is less.

(7) A voter may sign both a candidate's nomination papers and his or her in-lieu-filing-fee petition. However, if signatures appearing on such documents are counted towards both the nomination paper and the in-lieu-filing-fee petition signature requirements, a person may only sign one of the documents.

(b) Each clerk shall furnish to each candidate, upon request, and without charge therefor, forms for securing signatures. Such forms shall be made available commencing 45 days before the first day for circulating nomination papers. However, in cases of vacancies for which a special election is authorized or required to be held to fill the vacancy, and where the prescribed nomination period would commence less than 45 days after the creation of the vacancy, the forms shall be made available within five working days after the creation of the vacancy. No other form except the form furnished by the county clerk shall be used to secure signatures. Each petition section shall bear an affidavit signed by the circulator, in substantially the same form as set forth in Section 6494. The substitution of signatures for fees shall be subject to the following provisions:

(1) Any registered voter may sign an in-lieu-filing-fee petition for any candidate for whom he is eligible to vote.

(2) If a voter signs more candidates' petitions than there are offices to be filled, the voter's signatures shall be valid only on those petitions which, taken in the order they were filed, do not exceed the number of offices to be filled.

(3) In-lieu-filing-fee petitions shall be filed at least 15 days prior to the close of the nomination period. Upon receipt of the minimum number of in-lieu-filing-fee signatures required, or a sufficient combination of such signatures and pro rata filing fee, the clerk shall issue nomination papers provisionally. Within 10 days after receipt of a petition, the clerk shall notify the candidate of any deficiency. The candidate shall then, prior to the close of the nomination period, either submit a supplemental petition, or pay a pro rata portion of the filing fee, to cover the deficiency.

(4) If the petition is circulated for an office in more than one county, the candidate shall submit the signatures to the county clerk in the county in which the petition was circulated. The county clerk

shall at least two days after verifying the signatures on the petition, notify the Secretary of State of the total number of valid signatures. If the number of signatures is insufficient, the Secretary of State shall notify the candidate and the county clerks of the fact. The candidate may submit the necessary number of valid signatures at any time prior to the close of the period for circulating nomination papers. Each circulator of an in-lieu-filing-fee petition shall have the qualifications required under Section 42.

(5) Each candidate may submit a greater number of signatures to allow for subsequent losses due to invalidity of some signatures. The clerk shall not be required to determine the validity of a greater number of signatures than that required by this section.

(c) For the purposes of this section, the requisite number of signatures shall be computed from the latest registration figures forwarded to the Secretary of State pursuant to Section 607 prior to the first day on which petitions are available.

(d) All valid signatures obtained pursuant to this section shall be counted towards the number of voters required to sign a nomination paper in accordance with Section 6494.1 or 6834.1.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

[Approved by Governor September 23, 1981. Filed with Secretary of State September 23, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Article 3.6 (commencing with Section 5045) is added to Chapter 1 of Division 5 of the Public Resources Code, to read:

Article 3.6. Mono Lake Tufa State Reserve

5045. (a) The tufa and associated sand structures at Mono Lake are a valuable geologic and scientific natural resource and are unique in North America for their beauty, abundance, diversity, and public accessibility. Their extreme fragility requires special measures for their protection and preservation for the enjoyment and education of the public.

(b) The Mono Lake Tufa State Reserve is hereby established as a unit of the state park system and shall consist of the state-owned portions of the Mono Lake bed lying at or below the elevation of

6,417 feet above sea level. As soon as practicable after January 1, 1982, the State Lands Commission shall issue a permit for occupancy to the department pursuant to Section 6221.

5046. (a) The reserve shall be managed primarily for the purpose of protecting the tufa and associated sand structures and providing for their interpretation. The department shall designate public accessways to Mono Lake for recreational and other purposes that are not in conflict with the preservation of the tufa and associated sand structures.

(b) The department may enter into agreements with any other public agency to provide for the joint management of the reserve and the provision of visitor and interpretive services and facilities in connection therewith. For purposes of administrative support, departmental personnel may be assigned to any other unit of the state park system in the vicinity of the reserve.

(c) The department shall commence managing the reserve as soon as practicable after January 1, 1982, and, to this end, the reserve is exempt from the requirements of subdivision (a) of Section 5002.2 because the only improvements contemplated at the reserve are temporary facilities within the meaning of subdivision (c) of Section 5002.2.

5047. (a) No provision of this article shall be construed to interfere with any reasonable use of land or other activity existing or occurring on or before January 1, 1981, within the boundary of the reserve that does not conflict with the purposes for which the reserve is established. Accordingly, any such use of land or other activity is not subject to Section 5001.65.

(b) No provision of this article or Section 5019.65 is intended, nor shall be construed, to interfere in any way with the City of Los Angeles' diversion of water from streams tributary to Mono Lake pursuant to state water rights licenses numbered 10191 and 10192.

(c) No provision of this article shall be construed to affirm or deny the legal right of the City of Los Angeles to divert water from the Mono Basin.

(d) No provision of this article shall be construed for the purpose of establishing, or interfering with the establishment of, the ownership of relicted lands in the current litigation between California and the United States.

5048. Any disturbance, defacement, displacement, or other interference with any tufa or associated sand structure by any person or instrumentality is a misdemeanor, punishable by a fine of not more than five hundred dollars ($500) or imprisonment in the county jail for not more than six months or by both such fine and imprisonment.

This section shall apply to all tufa and associated sand structures within the Mono Lake basin, regardless of their location on public or private lands or within or without the boundaries of the reserve. The department shall provide for the enforcement of, and any other peace officer within the Mono Basin shall enforce, this section.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. Notwithstanding subdivision (c) of Section 5046 of the Public Resources Code, the Department of Parks and Recreation shall commence managing the Mono Lake Tufa State Reserve as soon as practicable after January 1, 1982, only if funds are appropriated in the Budget Act of 1981 to the department specifically for the purpose of development, operation, and maintenance of the Mono Lake Tufa State Reserve. Expenditures shall be made primarily for personnel, equipment, and other operating expenses; signs, maps, brochures, and interpretive facilities; sanitation facilities; and public accessways and trails.

(a) The American steel industry is fundamental to the economic growth and development of the United States and the State of California.

(b) Steel is a basic commodity vital to the defense and security of the United States of America.

(c) California's steel industry is in a state of decline which has forced the closing of 11 steel producing and fabricating facilities in recent years, causing permanent loss of thousands of steelworker jobs and damaging the state's economy.

(d) It is in the interest of the state to assist the steel industry, to identify its problems, and to adopt public policies that help the industry remain a viable member of California's manufacturing community.

15814.1. There is hereby created the California Steel Industry Recovery Commission, hereafter referred to in this chapter as "commission", which shall identify the reasons for the decline in the state's steel industry and shall make recommendations to the Governor and the Legislature regarding actions necessary to reverse this decline.

The commission shall consist of the Secretary of the Business, Transportation, and Housing Agency, who shall act as chairperson, the Director of the Department of Industrial Relations, the President of the Public Utilities Commission, three representatives of the steelworker labor union, three representatives of steel industry management, and two representatives of organizations representing steel importers.

One labor representative and one management representative shall be appointed by the Governor, the Senate Committee on Rules, and the Speaker of the Assembly, respectively. The two steel importer representatives shall be appointed by the Senate

Committee on Rules and the Speaker of the Assembly. In appointing the labor and management representatives, consideration shall be given to the appointment of persons representing all segments of the steel industry, including integrated, electric furnace, and finishing mills.

15814.2. The Senate Committee on Rules shall appoint a member of the Senate to the commission and the Speaker of the Assembly shall appoint a member of the Assembly to the commission. The legislators appointed to the commission shall serve as ex officio members of that body.

(b) For each local agency, the county auditor shall determine the amount of interest earned by that agency through June 30, 1981, from any investment made by that local agency, or from any investment made on behalf of another local agency, of the revenue from the amount which is attributable to the portion of the property tax rate levied on the unsecured roll for the 1978–79 tax year, less the rate for

voter-approved debt, which is in excess of four dollars ($4) per one hundred dollars ($100) of assessed value. However, the amount of interest so determined shall be adjusted, if necessary, so that the amount of interest shall be no less than an amount which would have been earned had the rate of interest been two percentage points below the rate earned on money deposited in the Pooled Money Investment Fund during the same period of time.

(c) The amount determined in subdivision (b) shall be reported to the Controller, together with the claim which the county auditor is required to file pursuant to Section 16113.

(d) The amount of interest determined in subdivision (b) shall be subtracted from the amount of the subvention that would have otherwise been made pursuant to Section 16113 for the 1981–82 fiscal year, and, if necessary, for the 1982–83 fiscal year, and shall be transferred by the Controller to the General Fund, as an offset to the cost of the cap on the subvention reductions provided pursuant to Sections 11005.7 and 11005.8 of the Revenue and Taxation Code. The Department of Finance shall perform audits as necessary to ensure that the appropriate subvention reductions are made pursuant to this section.

If the amount of interest is greater than the amount apportioned pursuant to Section 16113, the remainder shall be subtracted from the amount to be apportioned in the 1982–83 fiscal year.

SEC. 3. Section 4306.5 is added to the Public Utilities Code, to read:

4306.5. The Highway Carriers' Uniform Business License Tax Account in the General Fund is hereby abolished. The unexpended balance in this account shall be transferred to the General Fund on the effective date of the act that added this section.

SEC. 4. Notwithstanding the provisions of Section 22 on page 3896 of Chapter 1207 of the Statutes of 1978, a charter city and county may use the 1980–81 assessment ratio for the purpose of apportioning

property tax revenues of the charter city and county for the 1981–82 fiscal year only.

SEC. 5. It is the intent of the Legislature in enacting Section 4 of this act not to affect or change any state reimbursements, state aid, or other state financial assistance to any charter city and county under any program which uses a 100 percent assessment ratio.

CHAPTER 690

An act to amend Section 62181 of, and to add Article 5 (commencing with Section 61400) to Chapter 1 of Part 3 of Division 21 of, the Food and Agricultural Code, relating to milk, and making an appropriation therefor.

[Approved by Governor September 23, 1981 Filed with Secretary of State September 23, 1981]

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 61400) is added to Chapter 1 of Part 3 of Division 21 of the Food and Agricultural Code, to read:

Article 5. Bonding and Payment for Manufacturing Milk

61400. It is recognized by the Legislature that unfair and disruptive practices have developed concerning the purchasing of manufacturing milk, as defined in Section 32509, including the failure to pay, or the making of late payments, to producers of manufacturing milk. Such practices tend to disrupt and interfere with the purposes of this chapter by, among other things, creating an unfair advantage to purchasers of manufacturing milk used for manufacturing purposes over purchasers of market milk used for manufacturing purposes. It is necessary, in order to more fully achieve the purposes of this chapter, to provide for the requirement of a payment bond and a schedule for payment concerning purchases of manufacturing milk in certain circumstances.

61401. "Manufacturing milk" has the meaning of that term as defined in Section 32509.

61402. "Manufacturing milk handler" means any person who, as owner, agent, broker, or intermediary, either directly or indirectly, receives, purchases, or otherwise acquires ownership, possession, or control of manufacturing milk in unprocessed or bulk form from a producer, a producer-handler, or another manufacturing milk handler for the purpose of manufacture, processing, sale, or other handling, regardless of whether the manufacturing milk is produced within or outside this state.

61403. "Manufacturing milk plant" means any place, structure, or building where a handler receives manufacturing milk.

61404. The bond provided for in this article is required for each manufacturing milk handler. For the purposes of this article, each subsidiary milk plant or branch milk plant, whether under one

ownership or not, shall be considered as an individual handler.

61405. Every manufacturing milk handler before purchasing any manufacturing milk from a producer shall execute and deliver to the director a surety bond, executed by the applicant as principal and by a surety company qualified and authorized to do business in this state as surety. The amount of the bond shall be five thousand dollars ($5,000).

61406. The bond required by Section 61405 shall be in a form approved by the director, and shall be conditioned upon the payment in the manner that is required by the terms of purchase between the manufacturing milk handler and the producer of all amounts due to producers for manufacturing milk purchased by the licensee or applicant during the license year. The bond shall be to the state in favor of every producer of manufacturing milk.

61407. If a handler fails to pay any producer or producers in the manner that is required by this chapter, the director shall proceed forthwith to ascertain the names and addresses of all the producers that the handler has failed to pay, together with the amounts due and owing to them and each of them by the handler, and shall request all of those producers to file a verified statement of their respective claims with the director. The producer need only verify that he or she is owed an amount by the handler. The actual amount in that case may be ascertained by the director.

61408. Upon any action being commenced upon the bond, the director may require the filing of a new bond in such amount as determined by the director as will be sufficient to satisfy claims for payment of producers thereafter supplying manufacturing milk to the manufacturing milk handler, and immediately upon a recovery in any such action upon the bond, the failure of a manufacturing milk handler to have filed a new bond within 10 days after notice from the director constitutes grounds for the revocation or suspension of the manufacturing milk handler's license of the manufacturing milk handler, under Article 3 (commencing with Section 35011) of Chapter 12 of Part 1 of Division 15, pursuant to the procedures specified in Sections 32811, 32812, and 32813.

61409. The failure of any manufacturing milk handler that purchases manufacturing milk from producers to execute and deliver the bond as provided and required in this article is a violation of this chapter.

61410. The failure of any manufacturing milk handler that purchases manufacturing milk from producers to execute and deliver the bond as provided and required in this article shall constitute grounds for suspension or revocation of the license held under Article 3 (commencing with Section 35011) of Chapter 12 of Part 1 of Division 15, pursuant to the procedures specified in Sections 32811, 32812 and 32813. The failure of any such handler to post any additional bond as may be required to comply with any provision of this article shall also be grounds for suspension or revocation of the license pursuant to these procedures

61411. The purchase of any manufacturing milk from any producer unless that purchase complies with all of the requirements which are prescribed by this article is an unlawful trade practice. It also constitutes an unlawful trade practice if the contract between a manufacturing milk producer and a manufacturing milk handler does not require that the date and method of payment for manufacturing milk shall be that payment made for approximately one-half of the manufacturing milk delivered in any calendar month and shall not be later than the first day of the next followng month and the remainder not later than the 15th day of that following month.

61412. Every milk handler who receives manufacturing milk subject to the provisions of this article shall deduct as an assessment from payments made to producers for manufacturing milk the sum of one and two-tenths cents ($0.012) per hundredweight of manufacturing milk.

The amount of the assessments so deducted shall be paid to the director on or before the 45th day following the last day of the month during which the manufacturing milk was received.

Every milk handler who receives manufacturing milk subject to the provisions of this article that purchases or handles manufacturing milk from producers shall pay a fee of six-tenths of one cent ($0.006) per hundredweight of manufacturing milk.

The amount of the fee shall be paid to the director on or before the 45th day following the last day of the month in which the manufacturing milk was received.

61413. The director may fix the rates of assessments or fees required by Section 61412 at lesser amounts, and may adjust the rates of assessments or fees from time to time, whenever he or she finds that the cost of administering this article can be defrayed from revenues derived from the lower rates, provided that the rate of assessments deducted from payments to producers for manufacturing milk and the rate of fees paid by manufacturing milk handlers shall at all times be in the ratio of two to one.

61414. (a) Any assessment or fee or either of them payable pursuant to any provision of this article is a debt of the person by whom the assessment or fee or either of them is payable and shall be due and payable to the director upon the date set forth in Section 61412. If the person does not pay the assessment or fee or either of them upon the required date, the director may file a complaint against that person in a state court of competent jurisdiction for the collection of the assessment or fee or either of them.

(b) If any such person does not pay to the director the assessments or fees or either of them provided for in this article, on or before the date specified in Section 61412, the director may add to the unpaid assessments or fees or either of them an amount not exceeding 10 percent of the unpaid assessment or fees or either of them to defray the cost of enforcing the collection of the unpaid assessments or fees or either of them.

SEC. 2. Section 62181 of the Food and Agricultural Code is amended to read:

62181. The bonds provided for in this article are required for each handler and shall apply to all purchases of milk by that handler. A handler bonded under this article shall not be required to be separately bonded under the provisions of Section 61405. For the purposes of this article, each subsidiary milk plant or branch milk plant, whether under one ownership or not, shall be considered as an individual handler.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 691

The people of the State of California do enact as follows:

Also, Sections 1 and 2 of this act shall remain operative only so long as the allowable daily sport bag limit of Pacific bonito does not exceed the bag limit which was in effect on March 1, 1981.

Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill 210 are both chaptered and become effective January 1, 1982, both amend Section 13510, and this bill is chaptered after Senate Bill 210, in which case Section 1 of this act shall not become operative.

CHAPTER 711

An act to add Chapter 1.5 (commencing with Section 1210) to Title 8 of Part 2 of the Penal Code, to amend Section 6250 of, and to repeal Article 1 (commencing with Section 6300) of Chapter 2 of, Part 2 of the Welfare and Institutions Code, relating to mentally disordered sex offenders.

[Approved by Governor September 23, 1981. Filed with Secretary of State September 23. 1981]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.5 (commencing with Section 1210) is added to Title 8 of Part 2 of the Penal Code, to read:

CHAPTER 1.5. MENTALLY DISORDERED SEX OFFENDERS

1210. As used in this chapter, "mentally disordered sex offender" means any person who by reason of mental defect, disease, or

disorder, is predisposed to the commission of sexual offenses to such a degree that he or she is dangerous to the health and safety of others. Wherever the term "sexual psychopath" is used in any code, it shall be construed to refer to and mean a "mentally disordered sex offender."

1210.1. No person who is being treated by prayer in the practice of the religion of any well-recognized church, sect, denomination or organization, shall be ordered detained or committed under this chapter unless the court determines that he or she is or would likely become dangerous to himself, herself, or to the person or property of others, or unless being a minor, the parent or guardian having custody of his or her person consents to the detention or commitment.

1210.2. Any person admitted to a state hospital as a mentally disordered sex offender shall have the full patient rights specified in Article 7 (commencing with Section 5325) of Chapter 2 of Part 1 of Division 5 of the Welfare and Institutions Code.

1210.3. This chapter shall not apply to any person sentenced to death. This chapter shall not apply to any person convicted of an offense the punishment for which may be death until after a sentence other than death has been imposed, at which time this chapter shall apply to the person and he or she may be certified to the superior court as provided in Section 1210.4.

1210.4. (a) When a person is convicted of any sex offense, the judge, on his or her own motion, or on motion of the prosecuting attorney, or on application by affidavit by or on behalf of the defendant, if it appears to the satisfaction of the court that there is probable cause for believing the person is a mentally disordered sex offender within the meaning of this chapter, may adjourn the proceeding or suspend the sentence, as the case may be, and may certify the person for hearing and examination by the superior court of the county to determine whether the person is a mentally disordered sex offender within the meaning of this chapter.

As used in this section the term "sex offense" means any offense for which registration is required by Section 290; or any felony or misdemeanor which is shown by clear proof or the stipulation of the defendant to have been committed primarily for purposes of sexual arousal or gratification.

When an affidavit is filed under this subdivision it shall be substantially in the form specified for the affidavit in Section 6251 of the Welfare and Institutions Code. The title and body of the affidavit shall refer to the person as "an alleged mentally disordered sex offender" and shall state fully the facts upon which the allegation that the person is a mentally disordered sex offender is based. If the person is then before the court or is in custody, the court may order that the person be detained in a place of safety until the issue and service of an order for examination and detention as provided by this chapter.

(b) When a person is convicted of a sex offense involving a child

under 14 years of age and it is a misdemeanor, and the person has been previously convicted of a sex offense in this or any other state, the court shall adjourn the proceeding or suspend the sentence, as the case may be, and shall certify the person for hearing and examination by the superior court of the county to determine whether the person is a mentally disordered sex offender within the meaning of this chapter.

(c) When a person is convicted of a sex offense involving a child under 14 years of age and it is a felony, the court shall adjourn the proceeding or suspend the sentence, as the case may be, and shall certify the person for hearing and examination by the superior court of the county to determine whether the person is a mentally disordered sex offender within the meaning of this chapter.

(d) When the court certifies the person for hearing and examination by the superior court of the county to determine whether the person is a mentally disordered sex offender, the court shall transmit its certification to the superior court to that effect, accompanied by a statement of the court's reasons for finding that there is probable cause for believing the person is a mentally disordered sex offender within the meaning of this chapter in cases certified under subdivision (a), or a statement of the facts making the certification mandatory under subdivision (b) or (c).

The judge or justice presiding in the court, whenever it is deemed necessary or advisable, may issue and deliver to a peace officer for service, an order directing that the person be apprehended and taken before a judge of the superior court for a hearing and examination to determine whether the person is a mentally disordered sex offender. The officer shall thereupon apprehend and detain the person until a hearing and examination can be had. At the time of the apprehension a copy of the affidavit if one was filed, the certification, accompanied by the court's statement, and the warrant shall be personally delivered to the person and copies thereof shall also be delivered to the superior court to which the person was certified and to the district attorney of the county.

The order for examination and detention shall be substantially in the form provided by Section 6252 of the Welfare and Institutions Code.

1210.5. At the time of service of the petition and order for examination or detention, the officer making the service shall also deliver to each person served a copy of a notice which shall read substantially as follows:

The petition which accompanies this notice has been filed in the Superior Court in and for the County of _____, alleging that _____ is a _____.

* _____ is notified to present himself or herself at the time and place designated in the attached order to submit to an examination into the state of his or her mental health. He or she is permitted to be accompanied by one or more of his or her relatives or friends to the place of examination. If he or she fails or refuses to appear for the

examination, the court may issue an order for his or her immediate detention for the examination.

* _____ has been affirmatively alleged to be likely to injure himself, or herself, or others if not immediately hospitalized or detained. The court has therefore issued the attached order for detention and for examination and hearing before the court. _____ has the right to a hearing, to bring in witnesses and to have compulsory process therefor, and to be represented by an attorney.

If _____ or a relative, friend, counsel or representative desires to be heard by the court, he or she must within four days after service of this notice file a request for a hearing with the clerk of the Superior Court in and for the County of _____.

* Strike out when not applicable.

1210.6. Whenever a person is certified to the superior court for hearing and examination under Section 1210.4 the certification may be made in substantially the following form:

(Title of court and cause)

Order Adjoining Proceedings and Certifying Alleged Mentally Disordered Sex Offender to the Superior Court

Upon the court's own motion, the motion of the prosecuting attorney, application by or on behalf of the defendant (strike the conditions not applicable), it appearing to the satisfaction of the court that the above-named defendant has been convicted of a criminal offense, to wit, violation of _____ of the State of California, and that there is probable cause for believing that the defendant is a mentally disordered sex offender within the meaning of Chapter 1.5 (commencing with Section 1210) of Title 8 of Part 2 of the Penal Code, in that he or she is a person who by reason of mental defect, disease, or disorder, is predisposed to the commission of sexual offenses to such a degree that he or she is dangerous to the health and safety of others.

Now, therefore, the above proceeding is adjourned and it is hereby ordered that the above-named defendant is certified to the Superior Court of the State of California, in and for the County of _____ for hearing and examination by the court to determine whether the defendant is a mentally disordered sex offender within the meaning of Chapter 1.5 (commencing with Section 1210) of Title 8 of Part 2 of the Penal Code. The above-named defendant shall be taken before the court, as provided in Section 1210.7 of the Penal Code, on the _____ day of _____, 19__, at the hour of _____.* A copy of this certification of the defendant to the superior court shall be delivered to the defendant.

Dated this _____ day of _____, 19__.

_____

Judge

*This sentence may be included if the date and hour have been set by the superior court upon the request of the certifying judge.

1210.7. The person certified or alleged to be a mentally disordered sex offender shall be taken before a judge of the superior court of the county. The judge shall then inform the person that he or she is certified or alleged to be a *mentally* disordered sex offender, and inform him or her of his or her rights to make a reply and to produce witnesses in relation thereto. The judge shall by order fix such a time and place for the hearing and examination in open court as will give reasonable opportunity for the filing of the probation officer's report as provided in Section 1210.8, and for the production and examination of witnesses. If, however, the person is too ill to appear in court, or if appearance in court would be detrimental to the mental or physical health of the person, the judge may hold the hearing at the bedside of the person. The order shall be entered at length in the minute book of the court or shall be signed by the judge and filed, and a certified copy thereof served on the person. The judge shall order that notice of the apprehension of the person and of the hearing of the mentally disordered sex offender be served on the district attorney of the county and on such relatives of the person known to be residing in the county as the judge deems necessary or proper.

If the alleged mentally disordered sex offender has no attorney, an attorney shall be appointed to represent the person in the manner prescribed by Section 1210.16. In a county where there is no public defender, the court shall fix the compensation to be paid by the county for the services if the court determines that the person is not financially able to employ counsel.

1210.8. The court shall refer the matter to the probation officer, along with a copy of the certification accompanied by the certifying court's statement, and the name and address of each psychiatrist or clinical psychologist appointed pursuant to Section 1210.9, to investigate and report to the court within a specified time, upon the circumstances surrounding the crime and the prior record and history of the person. The report shall include the criminal record, if any, of the person, obtained from the State Bureau of Criminal Identification and Investigation. The probation officer shall furnish to the psychiatrists and clinical psychologists pertinent information concerning the circumstances surrounding the crime and the prior record and history of the person.

1210.9. The judge shall appoint not less than two nor more than three certified clinical psychologists, each of whom shall have a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis of emotional and mental disorders, or psychiatrists, each of whom shall be a holder of a valid and unrevoked physician's and surgeon's certificate and have directed his or her professional practice primarily to the diagnosis and treatment of mental and nervous disorders for a period of not less than five years to make a personal examination of the alleged mentally disordered sex offender, directed toward ascertaining whether the person is a mentally disordered sex offender.

If the proposed commitment is contested by either the defendant or the people, one of the clinical psychologists or psychiatrists so appointed may be designated by the defendant, and one by the people.

1210.10. Each psychiatrist or psychologist so appointed shall file with the court a separate written report of the result of his or her examination, together with his or her conclusions and recommendations and his or her opinion as to whether or not the person would benefit by care and treatment in a state hospital. At the hearing each psychiatrist or psychologist shall hear the testimony of all witnesses, and shall testify as to the result of his or her examination, and to any other pertinent facts within his or her knowledge, unless the person upon the advice of counsel waives the presence of the psychiatrists or psychologists and it is stipulated that their respective reports may be received in evidence.

1210.11. Any psychiatrist or psychologist so appointed by the court may be called by either party to the proceeding or by the court itself and when so called shall be subject to all legal objections as to competency and bias and as to qualification as an expert. When called by the court, or by either party to the proceeding, the court may examine the psychiatrist or psychologist, as deemed necessary, but either party shall have the same right to object to the questions asked by the court and the evidence adduced as though the psychiatrist or psychologist were a witness for the adverse party. When the psychiatrist is called and examined by the court the parties may cross-examine him or her in the order directed by the court. When called by either party to the proceeding the adverse party may examine him or her the same as in the case of any other witness called by the party.

1210.12. The psychiatrists or psychologists so appointed by the court shall be allowed fees not exceeding one hundred fifty dollars ($150) per day, which shall be prorated by the court when services are rendered for less than a full day. The fees allowed shall be paid by the county in which the hearing is held.

1210.13. The provisions of this chapter relating to psychiatrists appointed by the court shall not be construed to prevent any party to a proceeding under this chapter from producing any other expert evidence as to the mental condition of the alleged mentally disordered sex offender.

1210.14. The judge shall also cause to be examined as a witness any other person whom he or she believes to have knowledge of the mental condition of the alleged mentally disordered sex offender, or of the financial condition of the alleged mentally disordered sex offender and of any person liable for his or her support.

1210.15. The judge may, for any hearing, order the clerk of the court to issue subpoenas and compel the attendance of witnesses from any place within the boundaries of this state, as provided by law for the trial of a criminal case.

All witnesses, other than psychiatrists or psychologists appointed

by the court, attending a hearing upon a subpoena issued under this section shall be entitled to the same fees and expenses as in criminal cases, to be paid upon the same conditions and in like manner.

1210.16. The alleged mentally disordered sex offender shall be present at the hearing; and if he has no attorney, the judge shall appoint the public defender or other counsel to represent him or her unless the defendant affirmatively, knowingly and intelligently demands to act as his or her own attorney.

1210.17. If, upon the hearing, the person is found by the superior court not to be a mentally disordered sex offender, the superior court shall return the person to the court in which the case originated for such disposition as that court may deem necessary and proper.

1210.18. (a) If, after examination and hearing, the court finds that the person is a mentally disordered sex offender and that the person could benefit by treatment in a state hospital, or other treatment facility the court in its discretion has the alternative to return the person to the criminal court for further disposition, or may make an order committing the person to the department for confinement in a state hospital, or may commit the person to the county mental health director for confinement in an appropriate public or private treatment facility, approved by such director or may place the person on outpatient status under Title 15 (commencing with Section 1600) of Part 2. A copy of the commitment shall be personally served upon the person within five days after the making of the order.

If after examination and hearing, the court finds that the person is a mentally disordered sex offender but will not benefit by care or treatment in a state hospital or other treatment facility the court shall then cause the person to be returned to the court in which the criminal charge was tried to await further action with reference to the criminal charge. The court shall resume the proceedings and shall impose sentence or make such other suitable disposition of the case as it deems necessary.

The court shall transmit a copy of its order to the county mental health director or a designee and to the Director of Mental Health in all cases where a person is found to be a mentally disordered sex offender.

(2) Prior to making such an order, the court shall order the county mental health director or a designee to evaluate the person and to submit to the court within 15 judicial days of the order a written recommendation as to whether the person should be committed to a state hospital or to another treatment facility approved by the county mental health director or be placed on outpatient status under the provisions of Title 15 (commencing with Section 1600) of Part 2. No such person shall be admitted to a state hospital or other treatment facility or placed on outpatient status without having been evaluated by the county mental health director or a designee.

(3) If the person is committed or transferred to a state hospital pursuant to this chapter the committing court may, upon receiving

the written recommendation of the medical director of the state hospital and the county mental health director that the person be transferred to a public or private treatment facility approved by the county mental health director, order the person transferred to that facility. If the person is committed or transferred to a public or private treatment facility approved by the county mental health director, the committing court may, upon receiving the written recommendation of the county mental health director or a designee, transfer the person to a state hospital or to another public or private treatment facility approved by the county mental health director. Where either the defendant, or the prosecutor chooses to contest either kind of order of transfer, a petition may be filed in the court for a hearing, which shall be held if the court determines that sufficient grounds exist. At the hearing, the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards used in conducting probation revocation hearings pursuant to Section 1203.2.

Prior to making an order for transfer under this chapter, the court shall notify the person, the prosecuting attorney, attorney of record for the person, and the county mental health director or a designee.

(b) During the time the person is confined in a state hospital or other treatment facility as an inpatient under the provisions of this chapter, the medical director of the facility shall, at six-month intervals, submit a report in writing to the court, and the county mental health director of the county of commitment or a designee concerning the person's progress toward recovery. The court shall supply a copy of the report to the prosecutor and the defense attorney.

1210.19. (a) In the case of any person found to be a mentally disordered sex offender who committed a felony on or after July 1, 1977, the court shall state in the commitment order the maximum term of commitment, and the person may not be kept in actual custody longer than the maximum term of commitment, except as provided in Section 1210.20. For the purposes of this section, "maximum term of commitment" shall mean the longest term of imprisonment which could have been imposed for the offense or offenses of which the defendant was convicted, including the upper term of the base offense and any additional terms for enhancements and consecutive sentences which could have been imposed less any applicable credits as defined by Section 2900.5 and disregarding any credits which could have been earned under Sections 2930 to 2932, inclusive.

(b) In the case of a person found to be a mentally disordered sex offender who committed a felony prior to July 1, 1977, who could have been sentenced under Section 1168 or 1170 if the offense was committed after July 1, 1977, the Board of Prison Terms shall determine the maximum term of commitment which could have been imposed under subdivision (a), and the person may not be kept in actual custody longer than the maximum term of commitment,

except as provided in Section 1210.20.

In fixing a term under this section, the board shall utilize the upper term of imprisonment which could have been imposed for the offense or offenses of which the defendant was convicted, increased by any additional terms which could have been imposed based on matters which were found to be true in the committing court. However, if at least two of the members of the board after reviewing the person's file determine that a longer term should be imposed for the reasons specified in Section 1170.2, a longer term may be imposed following the procedures and guidelines set forth in Section 1170.2 , within 90 days of the date the person is received by the State Department of Mental Health, the Board of Prison Terms shall provide each person committed pursuant to Section 1210.19 with the determination of his or her maximum term of commitment or shall notify the person that he or she will be scheduled for a hearing to determine his or her term.

Within 20 days following the determination of the maximum term of commitment the board shall provide the person committed, the prosecuting attorney, the committing court, and the State Department of Mental Health with a written statement setting forth the maximum term of commitment, the calculations, the statements, the recommendations, and any other materials considered in determining the maximum term.

(c) In the case of a person found to be a mentally disordered sex offender who committed a misdemeanor, whether before or after July 1, 1977, the maximum term of commitment shall be the longest term of county jail confinement which could have been imposed for the offense or offenses of which the defendant was convicted, and the person may not be kept in actual custody longer than this maximum term. The provisions of this subdivision shall be applied retroactively.

(d) Nothing in this section limits the power of the State Department of Mental Health or of the committing court to release the person, conditionally or otherwise, for any period of time allowed by any other provision of law.

1210.20. (a) A person may be committed beyond the term prescribed by Section 1210.19 only under the procedure set forth in this section and only if the person meets all of the following criteria:

(1) The "sex offense" as defined in subdivision (a) of Section 1210.4 of which the person has been convicted is a felony, whether committed before or after July 1, 1977, or is a misdemeanor which was committed before July 1, 1977.

(2) He or she suffers from a mental disease, defect, or disorder, and as a result of the mental disease, defect, or disorder, is predisposed to the commission of sexual offenses to such a degree that he or she presents a substantial danger of bodily harm to others.

(b) If during a commitment under this chapter, the Director of Mental Health has good cause to believe that a patient is a person described in subdivision (a), the director may submit such

supporting evaluations and case file to the prosecuting attorney who may file a petition for extended commitment in the superior court which issued the original commitment. The petition shall be filed no later than 90 days before the expiration of the original commitment. The petition shall state the reasons for the extended commitment, with accompanying affidavits specifying the factual basis for believing that the person meets each of the requirements set forth in subdivision (a).

(c) At the time of filing a petition, the court shall advise the patient named in the petition of his or her right to be represented by an attorney and of his or her right to a jury trial. The rules of discovery in criminal cases shall apply.

(d) The court shall conduct a hearing on the petition for extended commitment. The trial shall be by jury unless waived by both the patient and the prosecuting attorney. The trial shall commence no later than 30 days prior to the time the patient would otherwise have been released by the State Department of Mental Health.

(e) The patient shall be entitled to the rights guaranteed under the federal and state constitutions for criminal proceedings. All proceedings shall be in accordance with applicable constitutional guarantees. The State Controller shall reimburse the counties for all expenses of transportation, care and custody of the patient and all trial and related costs. The state shall be represented by the Attorney General or the district attorney with the consent of the Attorney General. If the patient is indigent, the State Public Defender shall be appointed. The State Public Defender may provide for representation of the patient in any manner authorized by Section 15402 of the Government Code. Appointment of necessary psychologists or psychiatrists shall be made in accordance with this chapter and the provisions of this code and the Evidence Code applicable to criminal defendants who have entered pleas of not guilty by reason of insanity or asserted diminished capacity defenses.

(f) If the court or jury finds that the patient is a person described in subdivision (a), the court may order the patient committed to the State Department of Mental Health in a treatment facility. A commitment or a recommitment under Section 1210.19 shall be for a period of two years from the date of termination of the previous commitment.

(g) A person committed under this section to the State Department of Mental Health shall be eligible for outpatient release as provided in this chapter.

(h) Prior to termination of a commitment under this section, a petition for recommitment may be filed to determine whether the person remains a person described in subdivision (a). The recommitment proceeding shall be conducted in accordance with the provisions of this chapter.

(i) Any commitment to the State Department of Mental Health under this chapter places an affirmative obligation on the department to provide treatment for the underlying causes of the

person's mental disorder.

(j) Amenability to treatment is not required for a finding that any person is a person as described in subdivision (a), nor is it required for treatment of the person. Treatment programs need only be made available to him or her. Treatment does not mean that the treatment be successful or potentially successful, nor does it mean that the person must recognize his or her problem and willingly participate in the treatment program.

(k) The person committed pursuant to this section shall be confined in a state hospital unless released as an outpatient as provided in Section 1210.31. The Director of Mental Health may, with the consent of the Director of Corrections, transfer the person to a treatment unit in the Department of Corrections for confinement and treatment if the person is not amenable for treatment in existing hospital programs or is in need of stricter security and custody measures than are available within the state hospitals. The treatment unit shall be designated by the Director of Corrections. A person transferred under this section shall be entitled to a hearing by the State Department of Mental Health to determine whether he may be confined and treated in a state hospital.

The person shall be entitled to be present at the hearing, to ask and answer questions, to speak on his or her own behalf, and to offer relevant evidence. The hearing shall be held before any transfer to the Department of Corrections unless the person is already in the custody of the Director of Corrections or the need for transfer becomes immediate making a hearing before transfer impractical.

Any person transferred to the Department of Corrections pursuant to this section shall be entitled to treatment of a kind and quality similar to that which he or she would receive if confined by the State Department of Mental Health. He or she shall be treated in a unit at a level of staffing that will enable him or her to receive the equivalent quality of care and therapy that would be received in a similar state hospital program.

(*l*) The provisions of Section 1210.33 shall apply to a commitment ordered pursuant to this section.

1210.21. If a person ordered under Section 1054.18 to be committed as a mentally disordered sex offender to the department for placement in a state hospital for care and treatment or to the county mental health director for placement in an appropriate facility, or any friend in his behalf, is dissatisfied with the order of the judge so committing him or her, he or she may, within 15 days after the making of the order, demand that the question of his or her being a mentally disordered sex offender be tried by a judge or by a jury in the superior court of the county in which he or she was committed. Thereupon the court shall set the case for hearing at a date, or shall cause a jury to be summoned and to be in attendance at a date stated, not less than five nor more than 10 days from the date of the demand for a court or jury trial. The court shall adjudge whether the person is a mentally disordered sex offender, or if it is a trial by jury the judge

shall submit to the jury the question: Are you convinced to a moral certainty and beyond a reasonable doubt that the defendant is a mentally disordered sex offender?

1210.22. Proceedings under this chapter under the order for commitment to the department for placement in a state hospital or to a county mental health director for placement in an appropriate facility shall not be stayed, pending the proceedings for determining the question of whether the person is a mentally disordered sex offender by a judge or jury, except upon the order of a superior court judge, with provision made therein for such temporary care and custody of the person as the judge deems necessary. If the superior court judge, by the order granting the stay, commits the person to the custody of any person other than a peace officer, he or she may, by the order, require a bond for the person's appearance at the trial.

1210.23. At the trial the petition and its allegations that the person is a mentally disordered sex offender shall be presented by the district attorney of the county.

1210.24. The trial shall be had as provided by law for the trial of criminal causes, and if tried before a jury the person shall be discharged unless a verdict that he or she is a mentally disordered sex offender is found unanimously by the jury. If the judge adjudges or the verdict of the jury is that the person is a mentally disordered sex offender the judge shall adjudge that fact and make an order similar to the original order for commitment to the department for placement in a state hospital or to a county mental health director for placement in an appropriate facility. The order committing the person to the department for placement in a state hospital or other facility shall be presented to the superintendent of the state hospital or other facility or other representative of the department to whom the person is committed.

1210.25. The sheriff of any county wherein an order is made by the court committing a person for an indeterminate period to a state hospital or other facility or returning such person to the court, or any other peace officer designated by the court, shall execute the writ of commitment or order of return, and receive as compensation therefor the fees as are now or may hereafter be provided by law for the transportation of prisoners to the state prison, which shall be payable in the same manner.

The expense of transporting a person to a county facility or state hospital temporarily for an observation placement under this chapter and returning the person to the court is a charge upon the county in which the court is situated.

1210.26. Certified copies of the affidavit, certification from the trial court, order for examination or detention, order for hearing and examination, report of the probation officer and of the court-appointed psychiatrists, and the order of commitment for an indeterminate period shall be delivered to the person transporting the mentally disordered sex offender to the state hospital or other facility, and shall be delivered by that person to the officer in charge

of the hospital or other facility.

1210.27. The provisions of Section 4025 and of Article 4 (commencing with Section 7275) of Chapter 3 of Division 7 of the Welfare and Institutions Code relative to the property and care and support of persons in state hospitals, the liability for their care and support, and the powers and duties of the State Department of Mental Health and all officers and employees thereof in connection therewith shall apply to persons committed to state hospitals or to other facilities pursuant to this chapter the same as if such persons were expressly referred to in Section 4025 and Article 4 (commencing with Section 7275) of Chapter 3 of Division 7 of the Welfare and Institutions Code.

1210.28. (a) Whenever a person who is committed to a state hospital or other treatment facility under the provisions of this chapter or placed on outpatient status under Title 15 (commencing with Section 1600) of Part 2 has been treated to such an extent that in the opinion of the medical director of the state hospital or other facility or the outpatient treatment supervisor under Title 15 (commencing with Section 1600) of Part 2, the person will not benefit by further care and treatment and is not a danger to the health and safety of others, the medical director or person in charge of the facility or county mental health director or a designee where the person is on outpatient status, shall file with the committing court a certification of that opinion including therein a report, diagnosis, and recommendation concerning the person's future care, supervision, or treatment.

(b) Whenever a person who is committed to a state hospital or other treatment facility under the provisions of this chapter who is placed on outpatient status under Title 15 (commencing with Section 1600) of Part 2, has not recovered, and in the opinion of the medical director of the state hospital or other facility or of the county mental health director where the patient is on outpatient status the person is still a danger to the health and safety of others, the director shall file with the committing court a certification of that opinion, including therein a report, diagnosis and recommendation concerning the person's future care, supervision or treatment.

(c) The court shall transmit a copy of the opinion certified under subdivision (a) or (b) to the county mental health director or a designee and shall give notice of the hearing date to the county mental health director or a designee and to the Director of Mental Health.

Upon the expiration of the time for making a motion pursuant to Section 1210.31, upon the denial of such a motion, or upon the entry of a finding that the person is no longer a mentally disordered sex offender after a hearing pursuant to Section 1210.33 the committing court shall order the return of the person to the committing court. The committing court shall thereafter cause the person to be returned to the court in which the criminal charge was tried to await further action with reference to the criminal charge.

The court shall resume the proceedings, upon the return of the person to the court, and after considering all the evidence before it may place the person on probation upon such terms as may be required to protect the public if the criminal charge permits probation and the person is otherwise eligible for probation. In any case, where the person is sentenced on a criminal charge, the time the person spent under indeterminate commitment as a mentally disordered sex offender shall be credited by the court or community release board against the sentence. The court in which the criminal case was tried shall notify the county mental health director or a designee and the Director of Mental Health of the outcome of the criminal proceedings.

1210.29. A person committed pursuant to Section 1210.20 may be placed on outpatient status as provided in Title 15 (commencing with Section 1600) of Part 2.

1210.30. When a person is returned to the committing court pursuant to Section 1210.28, either party may move for a new examination and hearing pursuant to Sections 1210.8 through 1210.21, inclusive, within five days of the person's arrival. The motion may be granted if the moving party shows by affidavit the existence of facts which establish that the opinion certified under subdivision (a) or (b) of Section 1210.28 was an abuse of discretion. The hearing shall be set to commence within 30 days of the person's return to court. If the opinion certified was under subdivision (a) of Section 1210.28, and a new hearing is granted upon motion of the people, the person shall be entitled to be admitted to bail or released on his or her own recognizance in the manner provided by law for criminal cases. If, at the conclusion of a hearing pursuant to this section, the person is found to remain a mentally disordered sex offender who could benefit by treatment in the state hospital or other mental health facility, the court may direct that the previous order of commitment remain in full force and effect.

1210.31. A person committed to a state hospital or other treatment facility under the provisions of Section 1210.18 or 1210.24 may be placed on outpatient status from such commitment as provided in Title 15 (commencing with Section 1600) of Part 2.

1210.32. If the opinion so certified is under subdivision (b) of Section 1210.28, the person may not be released until such time as probation is granted or such other disposition as the court may deem necessary and proper is made of the case.

1210.33. After a person has been committed to the State Department of Mental Health for placement in a state hospital or to a county mental health director for placement in a treatment facility as a mentally disordered sex offender and has been confined or released on outpatient status pursuant to Title 15 (commencing with Section 1600) of Part 2 for a period of not less than six months from the date of the order of commitment, the committing court may upon its own motion or on motion by or on behalf of the person committed, require the medical director of the state hospital or other

facility or the outpatient supervisor, as appropriate, to forward to the committing court and to the county mental health director or a designee, within 30 days an opinion under subdivision (a) or (b) of Section 1210.28 including therein a report, diagnosis, and recommendation concerning the person's future care, supervision, or treatment. After receipt of the report, the committing court may order the return of the person to the court for a hearing as to whether the person is still a mentally disordered sex offender within the meaning of this chapter.

The court shall give notice of the hearing date to the county mental health director or a designee and to the Director of Mental Health.

The hearing shall be conducted substantially in accordance with Section 1210.8 through 1210.16, inclusive. If, after the hearing, the judge finds that the person has not recovered from the mental disorder and is still a danger to the health and safety of others, the judge shall order the person returned to the State Department of Mental Health or county mental health director under the prior order of commitment. The court shall transmit a copy of its order to the county mental health director or a designee and to the Director of Mental Health. A subsequent hearing may not be held under this section until the person has been confined or on outpatient status for an additional period of six months from the date of return to the department or county mental health director. If the court finds that the person has recovered from the mental disorder to such an extent that the person is no longer a danger to the health and safety of others, or that the person will not benefit by further care and treatment in the hospital or other facility and is not a danger to the health and safety of others, the committing court shall thereafter cause the person to be returned to the court in which the criminal charge was tried to await further action with reference to the criminal charge. The court in which the criminal charge was tried shall notify the county mental health director or a designee and the Director of Mental Health of the outcome of the criminal proceedings.

1210.34. The superintendent of a state hospital or other facility may extend to any person confined therein pursuant to this chapter such of the privileges granted to other patients of the hospital or facility as are not incompatible with his or her detention or unreasonably conducive to his or her escape from custody.

1210.35. The district attorney of the county may appear on behalf of the people at any of the hearings held pursuant to this chapter.

1210.36. Every person committed to a state hospital or state institution or other public or private mental health facility as a mentally disordered sex offender, who escapes from or who escapes while being conveyed to or from a county facility, state hospital or state institution, is punishable by imprisonment in the state prison; or in the county jail not to exceed one year.

SEC. 2. Section 6250 of the Welfare and Institutions Code is

amended to read:

6250. As used in this part, "persons subject to judicial commitment" means persons who may be judicially committed under this part as mentally retarded persons pursuant to Article 2 (commencing with Section 6500) of Chapter 2 of this part.

Nothing in this part shall be held to change or interfere with the provisions of the Penal Code and other laws relating to mentally disordered persons charged with crime or to the criminally insane.

This part shall be liberally construed so that, as far as possible and consistent with the rights of persons subject to commitment, such persons shall be treated, not as criminals, but as sick persons.

SEC. 3. Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code is repealed.

SEC. 5. If another bill which repeals Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of the Welfare and Institutions Code is chaptered and becomes effective on or before January 1, 1982, the provisions of this act shall not become operative.

CHAPTER 712

An act to amend Section 8213 of the Government Code, relating to notaries public.

[Approved by Governor September 23, 1981 Filed with Secretary of State September 23, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 8213 of the Government Code is amended to read:

8213. No later than 30 days after the beginning of the term prescribed in the commission, every person appointed a notary public shall file an official bond, and take, subscribe, and file an oath of office in the office of the county clerk of the county within which the person maintains a principal place of business as shown in the application submitted to the Secretary of State, and the commission shall not take effect unless this is done within the 30-day period. Upon filing the oath and bond, the county clerk shall forthwith transmit to the Secretary of State a certificate setting forth the fact of such filing and containing a copy of the official oath, personally signed by the notary public in the form set forth in the commission and shall forthwith deliver the bond to the county recorder for recording.

If a notary public transfers the principal place of business from one county to another, the notary public may file a new oath of office and bond, or a duplicate of the original bond with the county clerk to which the principal place of business was transferred. If the notary public elects to make such a new filing, such notary public shall,

within 30 days of such filing, obtain an official seal which shall include the name of the county to which the notary public has transferred. In such a case, the same filing and recording fees are applicable as in the case of the original filing and recording of the bond.

A recording fee of three dollars ($3) shall be paid by the person appointed a notary public. The fee may be paid to the county clerk who shall transmit it to the county recorder.

The county recorder shall record the bond and shall thereafter mail, unless specified to the contrary, it to the person named in the instrument and, if no person is named, to the party leaving it for recording. A certified copy of the record of the official bond with all affidavits, acknowledgments, endorsements and attachments, may be read in evidence with like effect as the original thereof, without further proof.

CHAPTER 713

An act to amend Sections 25210.77d, 25210.77f, 25828, 38743, and 38744 of the Government Code, to amend Section 33327 of the Health and Safety Code, to amend Sections 98.6, 99, 99.9, and 100 of the Revenue and Taxation Code, to amend Section 55501 of the Water Code, and to repeal Section 17.8 of Chapter 801 of the Statutes of 1980, relating to local agencies.

[Approved by Governor September 23, 1981. Filed with Secretary of State September 23, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.77d of the Government Code is amended to read:

25210.77d. If any water or sewer standby charge remains unpaid on the first day of the month before the month in which the board of supervisors of the county in which the county service area is located is required by law to levy the amount of taxes required for county purposes, a 6-percent penalty thereon shall accrue. The amount of the unpaid standby charge plus the penalty shall be added to the annual tax levied upon the land for which the standby charge is unpaid, and shall constitute a lien on that land. The amount of tax attributable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to the charges appearing on the tax bill, except that if any real property to which the lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to the real property and the unpaid water or sewer standby charges, and any

penalty thereon, relating to the property shall be transferred to the unsecured roll for collection.

On or before August 10, the county officer, designated by the board of supervisors, shall furnish in writing to the board of supervisors and to the county auditor, respectively, a description of each and every parcel of land within the county service area upon which a standby charge remains unpaid, together with the amount of the unpaid charge, plus the penalty on each parcel of land.

SEC. 2. Section 25210.77f of the Government Code is amended to read:

25210.77f. Any fees authorized pursuant to Section 25210.77e which remain unpaid for a period of 60 or more days after the date upon which they were billed may be collected thereafter by the county as provided herein.

(a) Once a year the board of supervisors shall cause to be prepared a report of delinquent fees. The board shall fix a time, date and place for hearing the report and any objections or protests thereto.

(b) The board shall cause notice of the hearing to be mailed to the landowners listed on the report not less than 10 days prior to the date of the hearing.

(c) At the hearing the board shall hear any objections or protests of landowners liable to be assessed for delinquent fees. The board may make such revisions or corrections to the report as it deems just, after which, by resolution, the report shall be confirmed.

(d) The delinquent fees set forth in the report as confirmed shall constitute special assessments against the respective parcels of land and are a lien on the property for the amount of such delinquent fees. A certified copy of the confirmed report shall be filed with the county auditor, on or before August 10, for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such assessment, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the delinquency fees, as confirmed, relating to such property shall be transferred to the unsecured roll for collection.

SEC. 3. Section 25828 of the Government Code is amended to read:

25828. If services are provided by a county pursuant to Section 25827, and if such service is provided at the request of the property owner, the cost of such service which remains unpaid for a period of 60 or more days after the close of the period for which they were billed may be collected by the county as provided herein.

(a) Once a year the board of supervisors shall cause to be prepared a report of delinquent charges. Upon receipt of the report the board shall fix a time, date, and place for hearing the report and any protests or objections thereto.

(b) The board shall cause notice of the hearing to be mailed to the owners of property listed on the report not less than 10 days prior to the date of the hearing.

(c) At the hearing the board shall hear any objections or protests of property owners liable to be assessed for delinquent charges. The board may make such revisions or corrections to the report as it deems just, after which, by resolution, the report shall be confirmed.

(d) The delinquent charges set forth in the report as confirmed shall constitute special assessments against the respective parcels of land and are a lien on the property for the amount of such delinquent charges. A certified copy of the confirmed report shall be filed with the county auditor, on or before August 10, for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation in the office of the county recorder of the county in which the property is situated of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection, and enforcement of county ad valorem taxes shall be applicable to such assessment, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the delinquent charges, as confirmed, relating to such property shall be transferred to the unsecured roll for collection.

SEC. 4. Section 38743 of the Government Code is amended to read:

38743. A city may fix, on or before the first day of July in each calendar year, an annual water service standby or immediate availability charge to be applied on an area or frontage or parcel basis, or a combination thereof, within the city to be charged to such areas to which water service is made available for any purpose by the city, whether the water service is actually used or not. The city

council of a city which fixes such a charge may establish schedules varying such charge according to the land uses and the degree of availability or quantity of use of such water service to the affected lands, and may restrict such charge to lands lying within one or more zones or areas of benefits established within such city. The council may not, however, fix a monthly charge in excess of ten dollars ($10) per acre, either on an area or frontage basis, or in excess of five dollars ($5) for a parcel or frontage of less than an acre.

A city may collect the standby or availability charge by billing the charged lands on a monthly or fiscal year basis.

A city may collect the standby or availability charge as a part of the annual general county tax bill provided the city furnishes, on or before August 10, in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel. The parcel description may be the parcel number assigned by the county assessor to the parcel.

If the city collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

SEC. 5. Section 38744 of the Government Code is amended to read:

38744. If any water standby charge authorized to be collected pursuant to Section 38743 remains unpaid on the first day of the month before the month in which the board of supervisors of the county in which the city is located is required by law to levy county general taxes, a 6-percent penalty shall accrue upon the amount unpaid. The amount of the unpaid standby charge, plus the penalty, shall constitute a lien upon the land for which the standby charge is unpaid and shall be collected in the same manner and at the same time as that applicable for the collection of unpaid or delinquent county general taxes. The amount of tax attributable to unpaid water standby charges, and the penalty thereon, shall be stated on the county tax bill separately from all other taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to the charges appearing on the tax bill, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the unpaid water standby charges, and any penalty thereon, relating to such property shall be transferred to the unsecured roll for collection.

On or before August 10, the city council shall furnish in writing to the board of supervisors and to the county auditor, respectively, a description of each and every parcel of land within the city upon

which a standby charge remains unpaid, together with the amount of the unpaid charge, plus the penalty on each parcel of land.

SEC. 6. Section 33327 of the Health and Safety Code is amended to read:

33327. After receipt of any preliminary redevelopment plan pursuant to Section 33325, the agency shall transmit to the auditor, assessor, and tax collector of the county in which the proposed project is located, or to the officer or officers performing the functions of the auditor or assessor for any taxing agencies which, in levying or collecting its taxes, do not use the county assessment roll or do not collect its taxes through the county, to the legislative or governing bodies of local agencies which receive a portion of the property tax levied pursuant to Part 0.5 (commencing with Section 50) of the Revenue and Taxation Code and to the State Board of Equalization:

(1) A description of the boundaries of the project area and the property outside the project area specified in subdivision (g) of Section 33328.

(2) A statement that a plan for the redevelopment of the area is being prepared.

(3) A map indicating the boundaries of the project area and the property outside the project area specified in subdivision (g) of Section 33328.

In addition, the agency may include a listing, by tax rate area, of all parcels within the boundaries of the project area and the value used for each such parcel on the secured property tax roll.

Thereafter, if the boundaries of the proposed project are changed to increase the land within the project area, the agency shall notify such taxing officials and the State Board of Equalization within 30 days by transmitting a description and map indicating each such boundary change made. The State Board of Equalization shall prescribe the format of the description of boundaries and statements, and the form, size, contents, and number of copies of the map required to be transmitted pursuant to this section.

SEC. 6.5. Section 33327 of the Health and Safety Code is amended to read:

33327. After receipt of any preliminary redevelopment plan pursuant to Section 33325 which contains a provision for the division of taxes as permitted by Section 33670, the agency shall transmit to the auditor, assessor, and tax collector of the county in which the proposed project is located, or to the officer or officers performing the functions of the auditor or assessor for any taxing agencies which, in levying or collecting its taxes, do not use the county assessment roll or do not collect its taxes through the county, to the legislative or governing bodies of local agencies which receive a portion of the property tax levied pursuant to Part 0.5 (commencing with Section 50) of the Revenue and Taxation Code and to the State Board of Equalization:

(1) A description of the boundaries of the project area and the

property outside the project area specified in subdivision (g) of Section 33328.

(2) A statement that a plan for the redevelopment of the area is being prepared.

(3) A map indicating the boundaries of the project area and the property outside the project area specified in subdivision (g) of Section 33328.

In addition, the agency may include a listing, by tax rate area, of all parcels within the boundaries of the project area and the value used for each such parcel on the secured property tax roll.

Thereafter, if the boundaries of the proposed project are changed to increase the land within the project area, the agency shall notify such taxing officials and the State Board of Equalization within 30 days by transmitting a description and map indicating each such boundary change made. The State Board of Equalization shall prescribe the format of the description of boundaries and statements, and the form, size, contents, and number of copies of the map required to be transmitted pursuant to this section.

SEC. 7. Section 98.6 of the Revenue and Taxation Code is amended to read:

98.6. (a) Notwithstanding any other provision of this chapter, the amount allocated pursuant to Sections 96 or 97, and 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, shall be reduced by an amount computed as follows:

(1) A ratio shall be computed for each such special district equal to the amount of state assistance payment for such special district for the 1978–79 fiscal year divided by the sum of such state assistance payment for the special district plus the amount of property tax revenue allocated to the special district for the 1978–79 fiscal year pursuant to Section 26912 of the Government Code.

(2) The amount by which the allocation pursuant to Sections 96 or 97, and 98, shall be reduced shall be equal to such allocation multiplied by the factor computed for the district pursuant to paragraph (1).

(3) The total of all amounts computed for special districts within each county shall be deposited in the Special District Augmentation Fund which shall specify amounts for each governing body as defined in Section 16271 of the Government Code and which shall be allocated pursuant to subdivision (b).

(b) There is hereby created a Special District Augmentation Fund in each county to augment the revenues of special districts. The auditor shall, on or before September 30 of each year, notify each governing body, as defined in Section 16271 of the Government Code, of the amount allocated to it pursuant to this section.

Within 15 days of such notice, the governing body shall hold a public hearing for the purpose of determining the distribution of such funds. The governing body shall send written notice to the legislative body of each special district which is not governed by the

board of supervisors or the city council and shall publish such notice in a newspaper of general circulation in the county not less than three days prior to the hearing. The notice shall include the following: (1) the amount of funds available to special districts, and (2) the time and place of the hearing.

Within 30 days of the notice of allocation, the governing body shall determine the amount of funds to be disbursed to each special district. The funds provided for by this shall be used exclusively for special districts and shall not be used for any general county or municipal expenses.

The county auditor shall disburse funds to the special district in the same manner as disbursements which are made from the county treasurers property tax trust fund.

Disbursements to cities with more than one subsidiary special district may be made to the city. Each city shall distribute these funds to their individual subsidiary special district in accordance with the city council's final determination.

SEC. 7.5. Section 98.6 of the Revenue and Taxation Code is amended to read:

98.6. (a) Notwithstanding any other provision of this chapter, the amount allocated pursuant to Sections 96 or 97, and 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, shall be reduced by an amount computed as follows:

(1) A ratio shall be computed for each such special district equal to the amount of state assistance payment for such special district for the 1978–79 fiscal year divided by the sum of such state assistance payment for the special district plus the amount of property tax revenue allocated to the special district for the 1978–79 fiscal year pursuant to Section 26912 of the Government Code.

(2) The amount by which the allocation pursuant to Sections 96 or 97, and 98, shall be reduced shall be equal to such allocation multiplied by the factor computed for the district pursuant to paragraph (1).

(3) The total of all amounts computed for special districts within each county shall be deposited in the Special District Augmentation Fund which shall specify amounts for each governing body as defined in Section 16271 of the Government Code and which shall be allocated pursuant to subdivision (b).

(b) There is hereby created a Special District Augmentation Fund in each county to augment the revenues of special districts. The auditor shall, on or before September 30 of each year, notify each governing body, as defined in Section 16271 of the Government Code, of the amount allocated to it pursuant to this section.

Within 15 days of such notice, the governing body shall hold a public hearing for the purpose of determining the distribution of such funds. The governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council and shall publish such notice

in a newspaper of general circulation in the county not less than three days prior to the hearing. The notice shall include the following: (1) the amount of funds available to special districts, and (2) the time and place of the hearing.

Within 30 days of the notice of allocation, the governing body shall determine the amount of funds to be disbursed to each special district. In determining the amount of funds to be disbursed to each special district, the governing body shall not:

(2) Allocate to a district which collected those assessments, charges, or special taxes, an amount less than the amount which would have been allocated to the district had it not collected any assessments, charges, or special taxes; or an amount less than that which is generated pursuant to Section 96 or Sections 97 and 98, by that district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, unless an emergency resolution is adopted pursuant to Section 29127 of the Government Code.

(3) Consider revenues distributed to the district from the supplemental unsecured property tax revenue as defined in Section 97.1.

The funds provided for by this subdivision shall be used exclusively for special districts and shall not be used for any general county or municipal expenses.

The county auditor shall disburse funds to the special district in the same manner as disbursements which are made from the county treasurers property tax trust fund.

Disbursements to cities with more than one subsidiary special district may be made to the city. Each city shall distribute these funds to their individual subsidiary special district in accordance with the city council's final determination.

SEC. 8. Section 99 of the Revenue and Taxation Code is amended to read:

99. (a) For the purposes of the computations required by this chapter:

(1) In the case of a jurisdictional change, other than a city incorporation or a formation of a district as defined in Section 2215 of the Revenue and Taxation Code, the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 97, or the annual tax increment determined pursuant to Section 98, for local agencies whose service area or service responsibility would be altered by such jurisdictional change, as determined pursuant to subdivision (b) or (c).

(2) In the case of a city incorporation or a formation of a district as defined in Section 2215 of the Revenue and Taxation Code, the auditor shall assign the allocation of property tax revenues

determined pursuant to Section 54790.3 of the Government Code to the newly formed city or district and shall make the adjustment as determined by Section 54790.3 in the allocation of property tax revenue determined pursuant to Section 96 or 97 for each local agency whose service area or service responsibilities would be altered by such incorporation or formation.

(b) Upon the filing of an application or a resolution pursuant to the Municipal Organization Act (Part 2 (commencing with Section 35000) of Division 2 of Title 4 of the Government Code) or the District Reorganization Act of 1965 (Part 1 (commencing with Section 56000) of Division 1 of Title 6 of the Government Code), but prior to the issuance of a certificate of filing, the executive officer shall give notice of such filing to the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. Such notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change.

(1) (A) The county assessor shall provide to the county auditor, within 30 days of the notice of filing, a report which identifies the assessed valuations for the territory subject to the jurisdictional change and the tax rate area or areas in which the territory exists.

(B) The auditor shall estimate the amount of property tax revenue generated within the territory which is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to each local agency pursuant to Section 96 or 97, and Section 98, notwithstanding the provisions of Section 98.6.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) which is subject to a negotiated exchange.

(4) Upon receipt of the estimates pursuant to paragraph (3) the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between and among such local agencies. Such negotiation period shall not exceed 30 days.

Such exchange may be limited to an exchange of property tax revenues from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years.

(5) In the event that a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which the districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues.

(6) Notwithstanding any other provision of law, the executive officer shall not issue a certificate of filing pursuant to Section 54791 of the Government Code until such local agencies included in the property tax revenue exchange negotiation, within the 30-day negotiation period, present resolutions adopted by each such county and city whereby each such county and city agrees to accept the exchange of property tax revenues.

(7) In the event that the commission modifies the proposal or its resolution of determination, any local agency whose service area or service responsibility would be altered by the proposed jurisdictional change may request, and the executive officer shall grant, 15 days for the affected agencies, pursuant to paragraph (4) to renegotiate an exchange of property tax revenues. Notwithstanding the time period specified in paragraph (4), if the resolutions required pursuant to paragraph (6) are not presented to the executive officer within the 15-day period, all proceedings of the jurisdictional change shall automatically be terminated.

(8) No later than the date on which the certificate of completion of the jurisdictional change is recorded with the county recorder, the executive officer shall notify the auditor or auditors of the exchange of property tax revenues and the auditor or auditors shall make the appropriate adjustments as provided in subdivision (a).

(c) Whenever a jurisdictional change is not required to be reviewed and approved by a local agency formation commission, the local agencies whose service area or service responsibilities would be altered by the proposed change, shall give notice to the State Board of Equalization and the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. Such notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change and request the auditor and assessor to make the determinations required pursuant to paragraphs (1) and (2) of subdivision (b). Upon notification by the auditor of the amount of, and allocation factors with respect to, property tax subject to exchange, such local agencies, pursuant to the provisions of paragraphs (4), (5), and (6) of subdivision (b), shall determine the amount of property tax revenues to be exchanged between and among such local agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in such negotiations agrees, by resolution, to accept the negotiated exchange of property tax revenues. Such exchange may be limited to an exchange of property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Upon the adoption of the resolutions required pursuant to this section, the adopting agencies shall notify the auditor who shall make the appropriate

adjustments as provided in subdivision (a).

(d) With respect to adjustments in the allocation of property taxes pursuant to this section, a county and any local agency or agencies within the county may develop and adopt a master property tax transfer agreement. Such agreement may be revised from time to time by the parties subject to such agreement.

(e) Except as otherwise provided in subdivision (f), for the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and thereafter for those local agencies which were affected by a jurisdictional change which was filed with the State Board of Equalization after January 1, 1978 but on or before January 1, 1979. The local agencies shall determine by resolution the amount of property tax revenues to be exchanged between and among such affected agencies and notify the auditor of such determination.

(f) For the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and thereafter, for a city incorporation which was filed pursuant to Sections 54900 to 54904 after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by such jurisdiction for the 1978–79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to such incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978–79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977–78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax revenue projected for such incorporation, the commission shall by October 10, determine pursuant to Section 54790.3 of the Government Code the amount of property tax to be transferred to the city.

The provisions of this subdivision shall also apply to the allocation of property taxes for the 1980–81 fiscal year and thereafter for incorporations approved by the voters in June 1979.

(g) For the purpose of the computations made pursuant to this section, in the case of a district formation which was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1978, but before January 1, 1979, the amount of property tax to be allocated to such district for the 1979–80 fiscal year and each fiscal year thereafter shall be determined pursuant to Section 54790.3 of the Government Code.

(h) For the purposes of the computations required by this chapter, in the case of a jurisdictional change, other than a change requiring an adjustment by the auditor pursuant to subdivision (a), the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 97, or the annual tax increment determined pursuant to Section 98, for each local school district,

community college district, or county superintendent of schools whose service area or service responsibility would be altered by such jurisdictional change, as determined as follows:

(1) The governing body of each such district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by such change shall determine the amount of property tax revenues to be exchanged between and among such affected jurisdictions. Such determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that such affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(i) For purposes of subdivision (h), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall negotiate the amount, if any, of property tax revenues to be exchanged. In such negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to such annexation for the purposes of paying tuition expenses of residents enrolled in such community college district, adjusted each year by the percentage change in population and the percentage change in cost of living, or per capita personal income, whichever is lower, less the amount of revenue received by the community college district in the annexed area from the timber yield tax and forest reserve receipts.

SEC. 8.5. Section 99.9 of the Revenue and Taxation Code is amended to read:

99.9. No amendment made by any chapter of the Statutes of 1980, or any year thereafter, to Section 99 of the Revenue and Taxation Code shall be construed, except as expressly provided therein, to apply to a jurisdictional change initiated, pursuant to the applicable provisions of law governing such jurisdictional changes, prior to the effective date of the amendment and the provisions of Section 99 of

the Revenue and Taxation Code in effect at the time the jurisdictional change is initiated shall govern the procedures for, and exchange of, property tax revenues between local agencies whose service area or service responsibility would be altered by such jurisdictional change, provided that there shall be no duty to impound any property tax revenues.

SEC. 9. Section 100 of the Revenue and Taxation Code is amended to read:

100. (a) On or before August 1, 1982, and on or before August 1 of each year thereafter, any jurisdiction may request that the amount computed for it pursuant to this chapter be reduced for the current fiscal year by a specified amount. Upon such request, the county auditor shall compute an effective tax rate reduction by dividing the amount of property tax revenue to be reduced by the taxable assessed value on the secured roll of the jurisdiction and multiplying the quotient by 100. The effective tax rate reduction shall be applied to the taxable assessed value on each secured roll tax bill for property within the jurisdiction, and the resulting amount shall be subtracted from the property tax owed by the taxpayer which is attributable to the tax rate provided by subdivision (b) of Section 2237. This subtracted amount shall be shown on each such tax bill with a notation reading: "Tax reduction by (name of jurisdiction)." The same effective tax rate reduction shall be applied in a comparable manner to the taxable assessed value on the next succeeding unsecured roll tax bill for property within the jurisdiction, except that for the 1981–82 fiscal year any such rate reduction used on that year's unsecured roll shall be equal to the 1980–81 rate divided by four.

(b) Notwithstanding any other provision of law, if a school entity acts pursuant to subdivision (a), the state shall not increase school apportionments to such school entity to make up the reduction in property tax revenues.

(c) Effective tax rate reductions made pursuant to this section shall not be taken into account in computing property tax allocations pursuant to Sections 95 to 99, inclusive, of this chapter, except that for the 1981–82 fiscal year any such rate reduction used on that year's unsecured roll shall be equal to the 1980–81 rate divided by four.

SEC. 10. Section 55501 of the Water Code is amended to read:

55501. The board may fix and collect rates or charges for the use and supply of water furnished by the system, and to apply the receipts from the rates or charges to the expenses of the administration and government of the district and the use, operation and extension of the waterworks and water supply.

The revenues obtained from such rates or charges may be in lieu of or supplemental to revenues obtained by the levy of taxes.

The district board may provide for the collection of the charges for services rendered in the current or immediately preceding fiscal year as a part of the annual general county tax bill provided the district furnishes, on or before August 10, in writing to the board of

supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such case the charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to such charges, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the charges relating to such property shall be transferred to the unsecured roll for collection.

If the district collects charges through the county general tax bill, the amount of the charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

SEC. 11. Section 17.8 of Chapter 801 of the Statutes of 1980 is repealed.

SEC. 14. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose

of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 15. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

When the complaint is verified, the answer shall be verified. In all cases of a

verification of a pleading, the affidavit of the party shall state that the same is true of his own knowledge, except as to the matters which are therein stated on his or her information or belief, and as to those matters that he or she believes it to be true; and where a pleading is verified, it shall be by the affidavit of a party, unless the parties are absent from the county where the attorney has his or her office, or from some cause unable to verify it, or the facts are within the knowledge of his or her attorney or other person verifying the same. When the pleading is verified by the attorney, or any other person except one of the parties, he or she shall set forth in the affidavit the reasons why it is not made by one of the parties.

When the verification is made by the attorney for the reason that the parties are absent from the county where he or she has his or her office, or from some other cause are unable to verify it, or when the verification is made on behalf of a corporation or public agency by any officer thereof, the attorney's or officer's affidavit shall state that he or she has read the pleading and that he or she is informed and believes the matters therein to be true and on that ground alleges that the matters stated therein are true. However, in those cases the pleadings shall not otherwise be considered as an affidavit or declaration establishing the facts therein alleged.

A person verifying a pleading need not swear to the truth or his or her belief in the truth of the matters stated therein but may, instead, assert the truth or his or her belief in the truth of those matters "under penalty of perjury."

(F) The authority of the arbitrator to administer and enforce this paragraph shall be as provided in subdivisions (b) to (e), inclusive, of Section 1283.05.

The proponent, on notice to all persons affected thereby, may move the court in which the action is pending (if the deponent is a party or otherwise subject to the jurisdiction of such court), or if the court does not have jurisdiction over the deponent, to the superior court of the county in which the deposition is taken for an order compelling an answer or if good cause is shown, the production of the book, document, or other thing. The motion may also be made,

without further notice, if the proponent notifies the refusing party or other deponent at the time of the refusal or failure that the proponent will apply to the court for an order pursuant to this subdivision of this section, at a specified time not less than 10 nor more than 30 days from the date of such refusal or failure, in which event the officer before whom the deposition is taken shall direct the refusing or failing party or other deponent to attend a session of said court at said time. If the motion is granted the court shall order that an answer or further answer be served within an appropriate time. Upon the refusal or failure of a party to identify documents, papers, books, accounts, letters, photographs, objects, or tangible things or to permit inspection or entry after having been served with a request under Section 2031, the party serving the request may on like notice and upon a showing of good cause make application for an order to compel compliance with the request. If the court finds that the refusal or failure or objection was without substantial justification or that the answer does not comply with the requirements of Section 2033, the court may require the refusing or failing or objecting party or deponent and the party or attorney advising the refusal or failure or objection or any of them to pay to the examining party the amount of the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees. If the motion is denied and if the court finds that the motion was made without substantial justification, the court may require the examining party or the attorney advising the motion or both of them to pay to the refusing or failing or objecting party or witness the amount of the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees.

If the court orders that an answer or further answer to requests for admissions be made, and the answer or further answer is not filed and served within the period ordered by the court, each of the matters involved in the order shall be deemed admitted, subject only to relief pursuant to Section 473, as restricted by the provisions of Section 2033.

(b) (1) The court may punish as a contempt (i) the refusal of any person to obey a subpoena issued by that court to attend a deposition or to be sworn as a witness, or (ii) the refusal of any person to attend a session of court (either personally or by his attorney) after having been directed to attend in the manner provided in subdivision (a),

or (iii) the refusal of any person to obey any order made by the court under subdivision (a).

(A) An order that the matters regarding which the questions were asked, or the character or description of the thing or land, or the contents of the paper, or the physical or mental or blood condition of the person sought to be examined, or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order.

(B) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing in evidence designated documents or things or items of testimony, or from introducing evidence of the physical or mental or blood condition of the person sought to be examined.

(C) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party.

(D) An order requiring the disobedient party or the attorney advising such disobedience to pay to the party obtaining an order under this section the reasonable expenses incurred in obtaining the order, including reasonable attorney's fees.

(E) In lieu of any of the foregoing orders or in addition thereto, an order directing the arrest of any party or agent of a party for disobeying any of such orders except an order to submit to a physical or mental or blood examination.

(F) If a party fails to comply with an order under subdivision (a) of Section 2032 requiring him to produce another for examination, those orders listed in paragraph (A), (B), or (C), unless the party failing to comply shows that he is unable to produce the person for examination.

(c) If a party, after being served with a request under Section 2033 to admit the genuineness of any documents or the truth of any matters of fact, serves a sworn denial thereof and if the party requesting the admissions thereafter proves the genuineness of any document or the truth of any matter of fact, he may apply to the court in the same action for an order requiring the other party to pay him or her the reasonable expenses incurred in making the proof, including reasonable attorney's fees. If the court finds that there were no good reasons for the denial and that the admissions sought were of substantial importance, the order shall be made.

(d) If a party or a person for whose immediate benefit the action or proceeding is prosecuted or defended or anyone who at the time the deposition is set is an officer, director, or managing agent of any party or person willfully fails to appear before the officer who is to take his deposition, after the party or his attorney has been served with a proper notice in accordance with the provisions of paragraph (4) of subdivision (a) of Section 2019, or if a party or an officer or managing agent of a party willfully fails to serve answers to interrogatories submitted under Section 2030, after proper service of the interrogatories, the court on motion and notice may strike out all or any part of any pleading of that party, or dismiss the action or proceeding or any part thereof, or enter a judgment by default against that party, or impose other penalties of a lesser nature the court may deem just, and may order that party or his attorney to pay to the moving party the reasonable expenses in making the motion, including reasonable attorney's fees.

In the fund or funds shall be placed such sums, to be provided in the budget of the superintendent, as will create an amount which, together with investments made from the fund or funds, will be sufficient in the judgment of the superintendent to protect the superintendent from those losses or to provide for payments on the deductible amount under deductible types of insurance policies, losses or payments arising from self-insurance programs, or losses or payments due to noninsured perils. Nothing in this section shall be construed as prohibiting the superintendent from providing protection against those losses or liability for the payment of claims partly by means of the fund or funds and partly by means of insurance written by acceptable insurers as provided in Section 39601.

The fund or funds shall be considered as separate and apart from all other funds of the superintendent, and the balance therein shall not be considered as being part of the working cash of the superintendent in compiling annual budgets.

Warrants may be drawn on, or transfers made from, the fund or funds so created only to reimburse or indemnify the superintendent for losses as herein specified, and for the payment of claims, administrative costs, related services, and to provide for deductible insurance amounts and purchase of excess insurance. The warrants or transfers shall be within the purpose of the fund or funds as established by the superintendent

The cash placed in the fund or funds may be invested and reinvested by the county treasurer, with the advice and consent of the superintendent, in securities which are legal investments for surplus county funds in this state. The income derived from the investments, together with interest earned on uninvested funds, shall be considered revenue of and be deposited in the fund. The cost of contracts or services authorized by this section are appropriate charges against the respective fund.

The superintendent may contract for investigative, administrative, and claims adjustment services relating to claims. The contract may provide that the contracting firm may reject, settle, compromise, and approve claims against the superintendent, its officers or employees, within those limits and for those amounts as the superintendent may specify, and may provide that the contracting firm may execute and issue checks in payment of those claims, which checks shall be payable only from a trust account which may be established by the superintendent. Funds in the trust account established by the superintendent pursuant to the provisions of this section shall not exceed a sum sufficient as determined by the superintendent to provide for the settlement of claims for a 30-day period. The rejection or settlement and approval of a claim by the contracting firm in accordance with the terms of the contract shall have the same effect as would the rejection or settlement and approval of the claim by the superintendent. The contract may also provide that the contracting firm may employ legal counsel, subject to those terms and limitations as the superintendent may prescribe, to advise the contracting firm concerning the legality and advisability of rejecting, settling, compromising, and paying claims referred to the contracting firm by the superintendent for investigation and adjustment, or to represent the superintendent in litigation concerning the claims. The compensation and expenses of the attorney for services rendered to the superintendent shall be an appropriate charge against the appropriate fund.

The contract provided for in this section may contain any other terms and conditions the superintendent may consider necessary or desirable to effectuate the superintendent's self-insured programs.

In lieu of, or in addition to, contracting for the services described in this section, the superintendent may authorize an employee or employees to perform any or all of the services and functions which the superintendent may contract for under the provisions of this section.

As used in this section, "firm" includes a person, corporation, or other legal entity.

A county superintendent of schools may participate in, or administer, insurance for one or more school or community college districts pursuant to this section, and Sections 39602 and 81602.

SEC. 77. Section 16039 of the Education Code is amended to read:

16039. Notwithstanding any other provisions of this chapter, a district which applies for an apportionment for the purchase of a site

or for the cost of the preparation of plans and specifications, which is not a part of a construction project, shall make a separate application for the site or plans and specifications in the same manner as prescribed by Section 16024.

All of the provisions of this chapter apply to that application and apportionment except that:

(a) If the Department of Education determines that within five years in the case of an application for an elementary grade level maintained by the district, or within seven years, in the case of an application for a high school grade level maintained by the district, from the date of the application for the site or for the plans and specifications, there will be sufficient enrollment in the district, based upon enrollment projection criteria adopted by the board, to show the need of such site or for the plans and specifications, it may approve the application. The board may modify a determination respecting future enrollment in connection with an application for an elementary grade level maintained by the district to utilize a period of seven years from the date of the application if it is necessary to meet the emergency conditions existing in that certain district due to a rapid increase in the enrollment of pupils, or due to the scarcity of land within the district, or both. Any application referred to the board pursuant to this section may be either approved in whole or in part, not exceeding the amount applied for, as the board may deem appropriate, pursuant to Sections 16024 and 16035, except that the board may approve additional portions of an application and make an additional apportionment or apportionments within five years of the original approval without requiring a district to issue additional bonds. No additional approval pursuant to the original application or apportionment thereunder may be made unless the board first has investigated and determined the necessity of the additional approval or apportionment, and has received a report thereon from the Department of Education. Any provision of Section 16024 inconsistent with this section does not apply to that application. As used in this section, an "elementary grade level maintained by the district" is a grade level composed of the grades and maintained by the districts specified in clause (1) of subdivision (e) of Section 16002. As used in this section a "high school grade level maintained by the district" is a grade level composed of the grades and maintained by the districts specified in clause (2) of subdivision (e) of Section 16002.

(b) Section 16007 does not apply.

(c) An application for a site pursuant to this section may include an amount for the preparation of plans and specifications for school facilities and for the development of the site, which will conform to those eligible for construction under this chapter.

(d) If the application is approved and an apportionment granted therefor the district shall repay the full amount of the apportionment and the interest thereon. The repayment of the apportionment for a site and the interest thereon, may be over a period of years, not to exceed 30 years from the first day of January of the fiscal year next

succeeding the fiscal year in which the apportionment became final. The repayment of the apportionment for plans and specifications, and the interest thereon, may be over a period of years, not to exceed 30 years from the first day of January of the second fiscal year succeeding the fiscal year in which such apportionment became final. The number of years allowed for repayment shall be determined by the board at the time it fixes interest on the apportionment. The repayment is in addition to any other repayment required under this chapter. If an apportionment is granted pursuant to this section for a site and the site is subsequently used in a construction project for which an apportionment is received under other provisions of this chapter, or if an apportionment is granted pursuant to this section for plans and specifications and the plans and specifications are subsequently used in a construction project for which an apportionment is received under other provisions of this chapter, the district shall not be required to make any further repayments for the site, or the plans and specifications, as the case may be, pursuant to this section and the unpaid balance of the apportionment and interest owing on the apportionment for the site, or the plans and specifications, as the case may be, pursuant to this section shall be added to the principal amount of the apportionment and accrued interest thereon for the construction project. The site is "subsequently used in a construction project" within the meaning of the preceding sentence, if it is used in connection with a construction project at the same grade level by any district receiving a construction apportionment therefor, as this is not intended as a change in the present law, but as a statement of the existing law. In addition, the site is "subsequently used in a construction project" within the meaning of that reference, if it is used in connection with the construction project by any district receiving a construction apportionment therefor at a different grade level, providing that in the latter instance the board in its discretion consents by resolution to the combination of the site and construction apportionments.

SEC. 78. Section 16406 of the Education Code is amended to read:

16406. The bonds authorized to be issued under this chapter shall be sold by the State Treasurer to the highest bidder for cash at public sale upon sealed bids in such parcels and numbers as the State Treasury shall be directed by the Governor, under seal thereof, but the State Treasurer shall reject any and all bids for those bonds, or for any of them, which is below the par value of the bonds so offered plus the interest thereon which accrues between the date of purchaser's payment for the bonds and the last preceding interest maturity date; and the State Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue the sale, as to the whole of the bonds offered, or any part thereof offered, at that time and place which the State Treasurer may select. Each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check

or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his or her bid, and a deposit of the successful bidder shall immediately upon the acceptance of his or her bid become and be the property of the State of California and be placed in the State Treasury to the credit of the State School Building Aid Fund, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case the purchase price is paid in full by him or her within the time mutually agreed upon between the successful bidder and the State Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to the bonds or by reason of the bid, or to the recovery of the deposit accompanying the bid, or to any allowance or credit by reason of that deposit unless it appears that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

SEC. 79. The heading of Article 4 (commencing with Section 19700) of Chapter 9 of Part 11 of the Education Code is amended to read:

Article 4. Biennial Election of Trustees

SEC. 80. Section 22509 of the Education Code is amended to read:

22509. Members who on January 1, 1976, are in state service positions according to former Section 13948 as it read on December 31, 1975, or who are employees of the Trustees of the California State University and Colleges, may elect in writing prior to July 1, 1976, not to continue as members of this system and to transfer membership to the Public Employees' Retirement System. Failure to execute and file the election which must be received in the office of this system by the close of business on June 30, 1976, shall be deemed a decision to remain as a member of this system.

SEC. 81. Section 23804 of the Education Code is amended to read:

23804. If on the date of death the member had met the following conditions:

(a) Death occurred after June 30, 1972, and

(b) Had one or more years of credited service, and

(c) If the member had a refund of accumulated retirement

contributions, at least one year of credited service had been performed subsequent to the most recent refund of accumulated retirement contributions, and

(d) If the member had been reinstated to membership under the provisions of Section 23913, at least one year of credited service had been performed subsequent to the date of reinstatement, and

(e) If there had been a break in service of more than one year, one-half year of credited service had been performed after the end of last break, and

(f) The provisions of Sections 23800 and 23801 have been met, or

(g) Lacking the above, was a disabilitant receiving a disability allowance based upon projected salary which began to accrue after June 30, 1972; a family allowance shall be paid subject to the provisions of this chapter and Section 24203 as follows:

(1) To the surviving spouse, having financial responsibility for at least one dependent child who qualifies under Section 22112 there shall be paid an amount, in monthly installments, equal to 40 percent of the deceased's final compensation, plus 10 percent of the final compensation for each child, up to a maximum of 90 percent of the final compensation. If there are children who are not in the care of the surviving spouse, the amount of the allowance in excess of 40 percent of the final compensation shall be divided equally among all children and is payable to the trustee of the estate of such children under age 18 or their guardian if no trustee is designated or to the children age 18 and over, or

(2) If there is no surviving spouse or the surviving spouse subsequently dies or remarries and there are children who qualify under Section 22112, there shall be paid to the trustee of the estate of surviving children under 18 as designated by the member, or the guardian of the children under age 18 if no trustee is designated, or to the child if over age 18, an amount payable in monthly installments equal to 10 percent of the deceased's final compensation, up to a maximum of 50 percent of the final compensation. If there are more than five children, they shall share equally in the maximum of 50 percent, or

(3) If there is no allowance being paid under paragraph (1) or (2) the unremarried spouse age 60 or over shall receive a monthly payment equal to the amount which would have been payable to the spouse based on projected service and projected salary, had the member continued service to age 60 and at that time elected option number three. The allowance payable under this paragraph shall be increased by application of the benefit improvement factor for time which elapses between the date the member would have reached age 60 and the date the allowances commence to accrue under this paragraph. For the calculation of the benefit, it shall be considered that the member died on the June 30 following the actual date of death and the spouse reached age 60 on the June 30 prior to attainment of that age, but the allowance shall not begin to accrue until the spouse attains age 60.

(4) If there is no surviving spouse or children entitled to allowances under paragraph (1), (2), or (3) at the time of the member's death, the dependent parent, age 60, or upon attainment of that age, shall receive an allowance based on projected service and projected earned salary equal to the amount which would have been paid if the member had retired at age 60 and elected option number three. If there are two parents who qualify under this paragraph, the total benefit will be computed on the assumption that the youngest parent is the beneficiary, and the total shall be divided equally for so long as there are two qualifying parents. Otherwise, the total amount shall be payable to the one who qualifies.

The benefits payable under paragraphs (1) and (2) because of the death of a disabilitant shall be based on projected salary.

Allowances payable under this section are in lieu of the death benefit payable under paragraph (1) of subdivision (b) of Section 23800 irrespective of the beneficiary designated to receive that benefit, except that if there are no children who qualify for an allowance under Section 22112, a spouse or the dependent parent or parents may elect, prior to the receipt of the first payment under paragraph (3) or (4), to receive the accumulated contributions in a lump sum subject to a reduction for any payments made from the account for any prior qualified persons.

SEC. 82. Section 23902 of the Education Code is amended to read:

23902. A member may apply for a disability allowance if he has five or more years of credited service and all of the following requirements are met:

(a) At least four years were credited for actual service performed in a position requiring membership in the system. Credit received because of workers' compensation payments shall be counted toward the four-year requirement.

(b) The last five years of credited service have been served in this state.

(c) At least one year was credited for service performed subsequent to the date on which the member was reinstated to membership under the provisions of Section 23913.

(d) At least one year was credited for service performed subsequent to the most recent refund of accumulated retirement contributions.

(e) The member has not attained age 60 years, or has unused sick leave with sufficient days to have him receive salary on account of sick leave to age 60 years.

Nothing in this section shall affect the right of a member to a disability allowance if the reason that the member has less than four years of actual service is due to an on-the-job injury or disease in a position requiring membership in the system.

SEC. 83. Section 23918 of the Education Code is amended to read:

23918. Any retirant whose last employment was in the California State University and Colleges, as a member of this system or the Public Employees' Retirement System, may serve as a member of

the teaching staff of the California State University and Colleges and shall be subject to the employment limitations as provided by the Public Employees' Retirement Law (Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code).

SEC. 84. Section 24806 of the Education Code is amended to read:

24806. (a) A district retirement salary plan established under Sections 24800 to 24812, inclusive, in any school district or districts, in which the average daily attendance of all districts combined is in excess of 200,000, governed by the same governing board, may be discontinued by the governing board of the district or districts, with the consent of the majority of the active members of the system expressing their desires with respect to the discontinuance of the plan evidenced in such manner as the governing board may prescribe; but no discontinuance of any retirement plan shall be effective for any purpose unless provision is made for retirement allowances for active and retired employees of the district as provided in subdivisions (b), (c), (d), and (e).

(b) (1) Active and retired employees of the district or districts who otherwise would be members of the plan, other than teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System or who were so employed prior to retirement, shall be made members and beneficiaries, respectively, of the Public Employees' Retirement System according to the provisions of Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code, including transfer to the system of the accumulated contributions of the employees, together with any other assets of the plan as may be determined.

(2) With respect to persons who are members of the plan at its discontinuance, it shall be provided in the contract making the employees members of the Public Employees' Retirement System, that their respective rates of contribution thereunder shall be based on the age at the nearest birthday at July 1, 1944, or at the respective later effective dates of their membership in the plan, all instead of the age at the nearest birthday at the effective date of membership in the employees' system.

(3) Each employee of the district or districts who is included in the contract, but who during all or part of his or her employment in a status requisite for membership in the plan was not a member thereof, because of his or her election under an available option, or who failed to redeposit upon reentry into membership contributions previously withdrawn, shall have the right to elect by written document filed with the Board of Administration, Public Employees' Retirement System, at any time within 90 days after the date upon which the notice of the right to make the election is mailed by the system to the member's latest address on file in the office of the system, and prior to the date of retirement, to contribute to the system, subject to minimum payments fixed by the board of administration, and in one or more sums, or in not to exceed 60 monthly payments, an amount which, when added to his

accumulated contributions, including interest, transferred as required in paragraph (1), will make a total amount equal to the accumulated contributions, including interest, which would have been credited to him or her in the plan, if he or she had never elected not to be a member thereof, or if he or she had redeposited the withdrawn contributions upon reentry, as the case may be. The employee shall pay to the Public Employees' Retirement System interest on the unpaid balance of the amount payable to the system, beginning with the date of discontinuance of the plan at the rate of interest currently used from time to time under the system. If the employee elects to make, and makes such contributions, and pays the interest, but not otherwise, he or she shall receive credit under the employees' system, as state service, for all the service rendered while he or she was not a member of the plan, because of his or her optional exclusion, or for all service upon which the withdrawn contributions were based, and for the purpose of paragraph (2) shall be considered as a member of the plan at its discontinuance and from November 1, 1937, or later beginning date of the service. Regardless of whether the contributions are made, the employee shall receive credit for service with which he or she was credited or would have been credited if he or she had been a member, as prior service under the plan. The contributions under this paragraph shall be added to and administered in the same manner as the contributions transferred under paragraph (1).

(4) Service rendered by active employees, who are made members of the Public Employees' Retirement System, prior to the assumption by the district or districts of the function under which the service was rendered, such as, but not limited to, cafeterias and student body activities. shall be credited under the employees' system; provided, the service qualified for credit under the discontinued plan.

(5) The contract making the active employees members of the Public Employees' Retirement System, shall include the employees with respect to service rendered in a status in which they are not eligible for membership in the State Teachers' Retirement System, as provided in Section 20491 of the Government Code, and also with respect to service rendered in a status in which they are eligible for membership, but which is no longer credited under the retirement system, and the service shall be credited in the same manner applicable to service otherwise qualifying for credit.

(6) Retirement allowances being paid under the discontinued plan to retired employees of the district or districts, who are made beneficiaries of the Public Employees' Retirement System, shall be changed by action of the governing board of the districts, effective at the discontinuance of the plan, to retirement allowances calculated on the basis of service used in the calculation of the respective allowances under the plan, and average annual salary earnable during the highest three consecutive years of creditable service, calculated according to the methods used at the date of

discontinuance, under the plan in determining salary earnable, but excluding any salary based on overtime as provided in Section 20025.2 of the Government Code, but otherwise according to the formulae under the employees' system which apply to active employees who are made members thereof. The changed allowances shall be paid to beneficiaries for time commencing on the date they are made beneficiaries of the employees' system. No allowance shall be reduced by the change.

(7) If two or more districts under the control and management of a single governing board are participants in the plan, one contract between the board of administration and the governing board may include all the districts. The governing board may apportion the total contributions required under the contract, among the districts on the basis of total salaries upon which the contributions are computed, and on the basis of other pertinent information.

(8) Paragraph (1) of this subdivision notwithstanding, the contract making active employees members of the Public Employees' Retirement System, shall include teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System, with respect to service rendered in a status in which they would have been eligible for membership in the Public Employees' Retirement System, if the district or districts by which they were employed had been participating in that system under Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code. Contributions deducted from salary earned by the employees in that service, together with credited interest, and standing to the credit of the employees at the effective date of discontinuance of the plan, shall be subject to the provisions of paragraph (1), in the same manner as they would have been so subject if the employees had been employed at the date of the discontinuance, in a status which was not requisite for membership in the State Teachers' Retirement System. The employees shall be members of the Public Employees' Retirement System with the same effect, but only with respect to that service, as if they had been employed in a status which would have qualified them for membership under other paragraphs of this section. The employees shall continue in membership and shall be entitled to benefits in the same manner as if they individually were credited with at least five hundred dollars ($500) in accumulated contributions. In the computation of such members' benefits under the Public Employees' Retirement System, their compensation earnable while they are members of the State Teachers' Retirement System shall be taken into consideration.

(c) Notwithstanding any other provisions of Sections 35161, 35162, 72200, 72201, Article 1 (commencing with Section 7000) of Chapter 1, Article 1 (commencing with Section 7100) of Chapter 2 of Part 5, Article 2 (commencing with Section 10010) of Chapter 1, Chapter 4 (commencing with Section 10300) of Part 7, Article 1 (commencing with Section 12500) of Chapter 5 of Part 8, this part, Article 5

(commencing with Section 32340) of Chapter 3 of Part 19, of this division, and Part 25 (commencing with Section 44000) of Division 3 of Title 2, Chapter 1 (commencing with Section 87000), Article 3 (commencing with Section 87250) and Article 4 (commencing with Section 87270) of Chapter 2, Article 1 (commencing with Section 87400), Article 2 (commencing with Section 87600), Article 5 (commencing with Section 87700), and Article 8 (commencing with Section 87800), Chapter 4 (commencing with Section 88000), of Part 51 of Division 7 of Title 3, contributions to the discontinued district retirement plan made by teachers and other persons employed by the district or districts in a status requisite for membership in the State Teachers' Retirement System standing to their individual credit at the date of discontinuance of the district retirement plan shall be deposited forthwith in the Retirement Annuity Fund with credited interest, to be applied on the amount due from the teachers, but not to exceed the amount so due. Likewise an amount equal to the actuarial equivalent of the annuity portion of the retirement allowance to which the respective retired teachers and other persons employed by the district or districts, prior to retirement, in a status requisite for membership in the State Teachers' Retirement System were entitled under the plan, based on the interest rate and mortality tables used in its determination, shall be deposited in the Retirement Annuity Fund, to be applied on the amount due from the respective retired teachers, but not to exceed the amount so due. Any excess of the contributions with credited interest or the actuarial equivalents, as the case may be, over the respective amounts due under those sections, shall be paid forthwith to the respective active and retired teachers and other persons. Further amounts, if any, due under those sections after the deposits, shall be paid to the Retirement Annuity Fund by the respective active and retired teachers and other persons. If any of the teachers or other persons who is not retired, is not entitled to credit under the State Teachers' Retirement System for all or part of his or her service credited under the plan, or if any of the retired teachers or other persons is not entitled to a retirement allowance from the system, either before or after the discontinuance, the provisions of this subdivision about contributions and credited interest or about the actuarial equivalent of annuity portions of retirement allowances, as the case may be, shall not apply to him or her with respect to service which is not credited under the state system, until and unless he or she becomes entitled to credit for that service or to an allowance from the state system, based on service which was credited to him under the discontinued plan. The balance of the assets held in the various funds of the discontinued district retirement plan after the transfers, deposits and payments required by this section, or after establishment of reserves from which the transfers, deposits and payments shall be made, shall be delivered to the district or districts in which the plan is discontinued.

(d) The district or districts in which the district retirement plan

is discontinued shall pay monthly to teachers and other persons employed by the district or districts, prior to retirement, in a status requisite for membership in the State Teachers' Retirement System who were retired prior to the date of the discontinuance an amount equal to the amount by which the retirement allowance to which any of the retired teachers or other persons was entitled under the plan exceeds the increase in the teacher's or other person's retirement allowance under the State Teachers' Retirement System resulting from the discontinuance. If the amount payable to any such teacher or other person, under the sentence next preceding, is less than two dollars ($2), the district or districts may pay, in lieu of that amount, one amount which shall be actuarially equivalent to the monthly amount thereafter payable, according to the interest rate and mortality table used in the determination of the teacher's or other person's retirement allowance under the district retirement plan. The payment of the actuarially equivalent amount shall discharge fully the district's liability to the teacher or other person under this subdivision. The arrangement under which the amounts are paid by the district shall not be considered to be a local retirement system for the purposes of Chapter 1 (commencing with Section 22000) to Chapter 15 (commencing with Section 23400), inclusive, of this part, nor shall the amount be taken into account in the calculation of retirement allowances under the State Teachers' Retirement System. If any of the teachers or other persons is not entitled to a retirement allowance from the State Teachers' Retirement System, either before or after discontinuance, the district or districts shall pay monthly to him or her, an amount equal to his or her retirement allowance under the plan prior to the discontinuance. If any teacher or other person has left the service of the district or districts, and is in a status under the plan, which if continued would qualify him or her for a retirement allowance without his return to that service, but is in a status otherwise which would not qualify him or her for retirement under the state system, the district or districts shall pay monthly to the teacher or other person, beginning at the date upon which he or she would have qualified for service retirement under the plan, an amount equal to the retirement allowance for which he or she would have qualified if the plan had not been discontinued. If any teacher or other person has credit under the plan for service which does not qualify for credit under either the State Teachers' Retirement System or Public Employees' Retirement System, the district or districts shall pay monthly to the teacher or other person, beginning on the date upon which he or she would have qualified for service retirement under the plan, an amount equal to the retirement allowance for which he or she would have qualified on the basis of that service if the plan had not been discontinued. If the individual at a later date becomes entitled to a retirement allowance from the state system, based on service which was credited to him or her under the discontinued plan, the monthly payments shall cease, and he or she shall become subject forthwith to the provisions

of subdivision (c), and the provisions of the first four sentences of this subdivision, in the same manner as he or she would have been subject, if he or she had been entitled to a retirement allowance at the date of discontinuance, but calculation of actuarial equivalents and amounts payable shall be made as of the later date.

(e) If any person who was retired prior to the discontinuance from a position requisite for membership in the State Teachers' Retirement System, under a district retirement salary plan which is discontinued pursuant to this section, elected either under the plan or under the system, but not under both, to have the retirement allowance modified according to an option under which he or she would receive a smaller allowance and provide a benefit for his beneficiary, such person shall have the right, to be exercised not later than 60 days after the discontinuance of the plan, to change his or her election under the State Teachers' Retirement System with respect to the options. Any computations of actuarial equivalent under a changed election shall be made as of the date of discontinuance of the plan, and no adjustment shall be included in the computation on account of retirement allowance payments made prior to that date.

18138. No person may acquire 10 percent or more of the capital stock of an industrial loan company or a holding company as defined in Section 18025 of this division through purchase, foreclosure pursuant to a pledge or hypothecation, or other devices without the written consent of the commissioner. However, the prior written consent of the commissioner is not required if the offer and sale of the capital stock of the holding company is exempt from the qualification requirement of Section 25130 of the Corporate Securities Law of 1968 by subdivision (a) or (b) of Section 25101 of the Corporations Code.

SEC. 134. Section 18300 of the Financial Code is amended to read:

18300. (a) As used in this article, "open-end loan" means a loan or loans made by an industrial loan company pursuant to a loan agreement which expressly states that it is made pursuant to this section and pursuant to which:

(1) The industrial loan company may permit the borrower to obtain advances of money from the industrial loan company from

time to time or the industrial loan company may advance money on behalf of the borrower from time to time as directed by the borrower.

(2) The amount of each advance and the charges and other permitted costs are debited to an account.

(3) The charges are computed from time to time on the unpaid balances of the borrower's account, excluding from the computation any unpaid charges other than permitted fees, costs and expenses.

(4) The borrower has the privilege of paying the account in full at any time or in monthly installments.

(b) Subject to the written approval of the commissioner of the industrial loan company's plan of business for making open-end loans as not being misleading or deceptive and subject to regulations the commissioner may promulgate with respect to open-end loans under Section 18347, an industrial loan company may make open-end loans pursuant to this section and may contract for and receive thereon charges as set forth in Section 18212. Such charges may be calculated on an amount not exceeding the greater of:

(1) The actual daily unpaid balances of the open-end account in the billing cycle for which the charge is made, in which case one-thirtieth of the monthly rate may be charged for each day the unpaid balance is outstanding.

(2) The average daily unpaid balance of the open-end account in the billing cycle for which the charge is made, which is the sum of the amount unpaid each day during that cycle divided by the number of days in that cycle. The amount unpaid on a day is determined by adding to the balance unpaid as of the beginning of that day all advances and other debits and deducting all payments and other credits made or received as of that day.

The billing cycle shall be monthly. A billing cycle is monthly if the closing date of that cycle is the same date each month or does not vary by more than four days from the regular date.

(c) No industrial loan company shall enter into any agreement for an open-end loan that provides for a minimum payment that would result in the full repayment of principal over more than the maximum periods set forth below opposite the respective size of loans.

Principal amount of loan	Maximum period
Less than $1,500	24 months and 15 days
$1,500 but less than $2,500	36 months and 15 days
$2,500 but less than $4,000	48 months and 15 days
$4,000 but less than $6,000	60 months and 15 days
$6,000 but less than $10,000	84 months and 15 days

The minimum payment shall be determined by the amount of the initial loan advance and shall continue at that amount until a subsequent loan advance is made, at which time the minimum payment shall be determined by the amount of the unpaid balance

of the loan after the advance and including the advance. Minimum payments after each advance shall be determined in the same manner.

(d) On open-end loans the industrial loan company may contract for and receive the fees, costs and expenses permitted on other loans, including those permitted by Sections 18215, 18218, 18290, 18294, and 18412, subject to all of the conditions and restrictions set forth in those sections with the following variations:

(1) The charge for credit life insurance shall be on a monthly basis. No credit life insurance written in connection with an open-end loan shall be cancelled by the lender because of delinquency of the borrower in the making of the minimum payments thereon unless one or more of such payments is past due for a period of 90 days or more, and the lender shall advance to the insurer the amounts required to keep the insurance in force during such period, which amounts may be debited to the borrower's account.

(e) An industrial loan company shall not make an open-end loan in excess of ten thousand dollars ($10,000) principal amount.

(f) The loan contract shall provide for payment of minimum payments complying with subdivision (c). All loans made pursuant to this section shall be repayable by equal or substantially equal monthly payments during the term of the loan.

(g) In lieu of applying the provisions of Section 18290, the provisions contained herein shall apply to open-end loans.

An industrial loan company may provide insurance on the life of one or more borrowers with the borrower's consent. The form of the insurance shall be approved by the Insurance Commissioner and shall be in an amount not in excess of the indebtedness. The amount charged to the borrower for such insurance shall not exceed the amount provided in paragraph (1) or (2) following, whichever is less:

(1) The premium rate filed with the Insurance Commissioner for the coverage provided pursuant to Article 5.9 (commencing with Section 799.1) of Chapter 1 of Part 2 of Division 1 of the Insurance Code and which has not been disapproved by the Insurance Commissioner.

(2) Fifty cents ($0.50) per year per one hundred dollars ($100) of indebtedness (and in the same proportion for longer or shorter maturities and larger or smaller amounts) or such different maximum as is fixed by the Commissioner of Insurance by a valid and effective regulation hereafter adopted.

Notwithstanding Section 18291, any such life insurance shall be in force as soon as the loan is made or coverage is agreed upon, whichever is later.

(h) The open-end loan agreement shall contain the name and address of the industrial loan company and shall disclose the nature of the security taken, if any, the method of determining the minimum payments which will be required to repay the initial

advance, and any subsequent advances on the loan, and the agreed rate of charge.

(i) At the time the open-end loan agreement is made the industrial loan company shall obtain from the borrower a signed statement as to whether any person has performed any act as a broker in connection with the making of the loan. If such statement discloses a broker or other person has participated, the company shall obtain a full statement of all sums paid or payable to the broker or other person. The open-end loan agreement and the statement required by this subdivision shall be kept for a period of two years after the date the loan has been paid in full, or has matured according to its terms, or has been charged off.

(j) Except in the case of an account which the industrial loan company deems to be uncollectible, or with respect to which delinquency collection procedures have been instituted, the company shall deliver or cause to be delivered to the borrower, or any one thereof, for each billing cycle at the end of which there is an outstanding balance in the account or with respect to which a finance charge is imposed, a statement setting forth the outstanding balance in the account at the beginning of the billing cycle, the date and amount of any subsequent loan advance during the period, the amounts and dates of crediting to the account during the billing cycle for payments, the amount of any finance charge debited to the account during the billing cycle, the annual percentage rate of finance charged determined under Regulation Z promulgated by the Board of Governors of the Federal Reserve System under the Federal Consumer Credit Protection Act, the balance on which the finance charge was computed, the closing date of the billing cycle, the outstanding balance on that date, and the minimum monthly payment required in the absence of any additional advance. If there has been any change in the nature of the security for the loan since the next preceding advance, the statement shall contain or be accompanied by a statement of the nature of the security for the loan after such change.

(k) An industrial loan company shall not take any instrument in connection with an open-end loan in which blanks are left to be filled in after execution.

(*l*) Subdivision (a) of Section 18205, and Sections 18206, 18214, 18222, 18231, and 18235 shall not apply to open-end loans.

(m) An industrial loan company shall not make an open-end loan secured by real property in whole or in part.

(n) An industrial loan company shall not charge for, offer or provide credit disability insurance in connection with an open-end loan.

(o) This section shall not apply to loans other than open-end loans.

The following native plants may not be harvested except for scientific or educational purposes under a permit issued by the commissioner of the county in which the native plants are growing: all species of Burseraceae family (elephant tree), Carnegiea gigantea (sahuaro cactus), Castela emoryi (crucifixion thorn), Dudleya saxosa (Panamint dudleya), Pinus longaeva (bristlecone pine), and Washingtonia filifera (fan palm).

70632. The following native plants may be harvested under a permit issued by the agricultural commissioner or the sheriff of the county in which the native plants are growing: all species of the family Agavaceae (century plants, nolinas, yuccas), all species of the family Cactaceae (cacti), except the species Carnegiea gigantea (sahuaro cactus), all species of the family Fouquieriaceae (ocotillo, candlewood), all species of the genus Prosopis (mesquites), all species of the genus Cercidium (palos verdes), and the following species: Acacia greggii (catclaw), Atriplex hymenelytra (desert-holly), Dalea spinosa (smoke tree), Olneya tesota (desert ironwood), or any part thereof, except the fruit. For purposes of this division, Olneya tesota (desert ironwood) includes both dead and live desert ironwood.

The commissioner may establish limits on the quantity of desert ironwood which may be taken under any permit and on the number of permits for the taking of desert ironwood which may be issued. The county agricultural commissioner may adopt such rules and regulations as may be necessary for the protection of the ironwood resource.

Notwithstanding the foregoing provisions of this section, the director may add desert ironwood to, or remove it from, the jurisdiction of this division pursuant to Section 70633.

70633. After consultation with the Secretary of the Resources Agency and after a public hearing, the director may add to, or remove from, the jurisdiction of this division a native plant. A public hearing on native plants shall be held at least once every 24 months in a county subject to this division and in a location that is convenient to a large segment of the public.

In deciding whether to call a public hearing, the director may consider a request from a public or private group, including concerned citizens, and the director shall convene such a hearing when requested by resolution of any county board of supervisors. The director may consider at such a hearing which plants are in need of protection and whether the boundaries of the area to be protected should be changed pursuant to Section 70502.

70634. Any native plant that is declared to be a rare, endangered, or threatened species by federal or state law or regulations, including, but not limited to, the Fish and Game Code, is exempt

from the provisions of this division.

CHAPTER 4. ENFORCEMENT POWERS AND ADMINISTRATIVE RESPONSIBILITIES

70650. (a) The commissioner or the sheriff of a county subject to this division shall issue, in accordance with this division, permits, wood receipts, tags, and seals for a fee as prescribed by the board of supervisors of the county where the native plants are located. The fee shall not be less than one dollar ($1) per plant for all native plants, except Yucca brevifolia (Joshua tree), and not less than two dollars ($2) per plant for each Yucca brevifolia (Joshua tree), except that in the case of trees, live or dead, mesquite, palo verde, or ironwood species of trees cut or removed for wood, as provided in Section 70652, the fee shall not be less than one dollar ($1) per cord, or in the case of Yucca Schidigera used for commercial harvesting the fee shall not be less than three dollars ($3) per ton. The fees shall cover the cost of issuing a permit and may cover other related costs including but not limited to, administration, enforcement, and research costs. The permit shall specify, among other things, the species of native plants which may be harvested, the area from which plants may be harvested, and the manner in which plants may be harvested. No person, except as provided in this division, shall harvest, transport, offer for sale, or have in his or her possession any native plant unless at the time of harvesting he or she has a valid permit or valid wood receipt therefor on his or her person, and he or she attaches the required tags and seals to the native plants, and unless he or she exhibits the permit, wood receipt, and tags and seals upon request for inspection by any duly authorized agent of the county agricultural commissioner or any peace officer as provided in this division. No wood receipt or tag and seal is valid unless it is issued with a valid permit and the permit bears the tag number or wood receipt number on its face.

(b) Native plants which have been tagged and sealed, as provided in this section, may be transported under a California nursery stock certificate or a shipping permit.

70651. (a) Each permit authorizing the harvesting, transporting, or possessing of native plants, except trees cut or removed for wood as provided in Section 70652, shall be accompanied by a sufficient number of tags and seals The permittee or his or her agent shall attach tags and seals to the native plants at the time of harvesting and before transporting in such manner as prescribed by the commissioner of the county in which the native plants are located. After any native plant has been legally harvested and tagged or sealed as provided in this division, it shall be unlawful to remove the tag or seal until the plant has been transplanted into its ultimate site for landscaping or decoration. The tag or seal may be removed from the plant only by the commissioner or the ultimate owner of the plant, who shall retain the tag or seal as proof of ownership.

(b) No permit or tag or seal is transferable by the permittee or his agent, nor shall it be used by anyone except that person to whom the permit or tag or seal was issued, and no refunds shall be made for the purchase thereof.

(c) Every permittee shall be responsible for the acts of any other person or persons acting under any authority, express or implied, of the permittee.

70652. (a) Each permit authorizing the harvesting, transporting, or possessing of live or dead mesquite, palo verde, or ironwood species of trees which are harvested for wood, shall be accompanied by a wood receipt. Any required wood receipt shall be in the possession of the person harvesting, transporting, or possessing the wood.

(b) No permit or wood receipt is transferable by the permittee or his agent, nor shall it be used by anyone other than the person to whom the permit or wood receipt was issued or his or her agent or employee, except that the wood receipt shall be transferred by the permittee or his or her agent or employee to the purchaser of the wood covered by the receipt as proof of ownership.

70653. Any person in possession of a valid permit for the removal of dead plants or wood issued by the United States Forest Service, the National Park Service, or the Bureau of Land Management, or any person in compliance with appropriate federal regulations and policies allowing the removal of dead plants or wood from lands administered by the Bureau of Land Management, shall not be required to obtain a permit pursuant to this division for the removal or possession of those dead plants or wood.

70654. The director may make necessary rules and regulations not in conflict with this division for the enforcement of its provisions.

70655. The director or any of his duly authorized agents, any commissioner, or any peace officer is authorized and directed to enter in or upon any premises or other place, train, vehicle, or other means of transportation within or entering the state, which is suspected of containing or having present therein or thereon native plants in violation of this division, in order to examine permits and wood receipts and observe tags and seals.

70656. When any power or authority is given by any provision of this division to any person, it may be exercised by any deputy, inspector, or agent duly authorized by that person. Any person in whom the enforcement of any provision of this division is vested has the power of a peace officer as to that enforcement, which shall include state or federal agencies with which cooperative agreements have been made by the department to enforce any provision of this division.

70657. Any county may adopt ordinances not in conflict with this division for the preservation of native plants specified in Sections 70631 and 70632.

CHAPTER 5. HARVESTING OF NATIVE PLANTS

70680. (a) Except as provided in this division, it is unlawful for any person to destroy, dig up, mutilate, or harvest any living native plant, or the living or dead parts of any native plant, except its fruit, without obtaining written permission from the landowner and a permit and any required wood receipts or tags and seals.

(b) It shall be unlawful for any person to falsify any paper or document issued to give permission for any person to harvest a native plant specified in Section 70632, or to fail to comply with all conditions or stipulations of the permit.

70681. The commissioner of the county wherein the plants are located may issue a permit to a scientific or educational institution to harvest a definite number of plants listed in Section 70631 for scientific or educational purposes, if permission is obtained from the landowner on whose property the plants are located.

70682. Permits issued for the removal of native plants shall be valid only for a stated period of time to allow the permittee to remove the specific amount of plants or wood stated in the permit, or the period of time stated by the landowner as part of the landowner's permission, whichever is shorter, but in no case for more than one year.

It is the intent of the Legislature that each permit or wood receipt shall be valid for the least period of time possible in which to accomplish the authorized purpose.

70683. No person shall knowingly make any false statement on any application for permits, wood receipts, or tags and seals. The application shall contain the following information:

(a) The name, address, and telephone number of the applicant.

(b) The amount and species of native plants to be transported.

(c) The name of the county from which the native plants are to be removed.

(d) A description sufficient to identify the real property from which the native plants are to be removed, and such other information or documents as the issuing agency may require to identify the general boundaries of the property.

(e) The name, address, and telephone number of each landowner from whose property the native plants are to be removed.

(f) The applicant's timber operator permit number, if the harvesting of the native plants is subject to the Z'berg-Nejedly Forest Practice Act of 1973 (Chapter 8 (commencing with Section 4511) of Part 2 of Division 4 of the Public Resources Code).

(g) The proposed date or dates of the transportation.

(h) The location of the office of the peace officer who will validate the tag or tags.

(i) The destination of the native plants.

(j) The ultimate use of the native plants, such as for use as landscaping or decorative material, or for use as a raw material in the manufacture or processing of a product.

(k) Make, model, and license number of the transportation vehicle.

(*l*) Such other information as may be required by the agency issuing the permit.

Every applicant shall, at the time of making the application, show his or her proof of ownership of the native plants. The application forms, tags, seals, and wood receipts shall be produced by the Department of Justice, and distributed to the sheriff and the agricultural commissioner of each county subject to Section 70502.

70684. Any permit issued pursuant to Section 70680, 70681, 70682 or 70683 shall expire when the tags and seals issued therewith have been attached to the plants covered by the permit and such plants are no longer in the possession of the permittee.

70685. The director or agricultural commissioner may establish specific cutting, harvesting, and plant care criteria which shall include the most favorable and practical horticultural methods and seasons to assure the survivability of the plants and to assure compliance with existing local, state, and federal regulations.

70686. No provision of this division shall prevent any of the following:

(a) The clearing of land for agricultural purposes, fire control measures, or required mining assessment work pursuant to federal or state mining laws.

(b) The holding of a recreational event sanctioned by the Bureau of Land Management.

(c) The clearing or removal of native plants from a canal, lateral ditch, survey line, building site, or road or other right-of-way by the landowner or his or her agent, if the native plants are not to be transported from the land or offered for sale and if the commissioner is given at least 10 days' notice of any such activity.

The provisions of this division are not applicable to a public agency or to a publicly or privately owned public utility when acting in the performance of its obligation to provide service to the public. This section does not prevent the landowner or his agent from complying with any other federal, state, or local laws or regulations.

The commissioner may exempt the use of dead and down wood for camping or branding fires from the requirements of this division.

70687. Except as provided in Section 70631, no provision of this division prohibits any person from harvesting or possessing, for purposes other than resale, five or fewer native plants or from cutting, removing, harvesting, transporting, or possessing, for purposes other than resale, any dead mesquite or palo verde in amounts less than one cord, from land owned by the person, or from land leased by the person when the landowner's written permission to harvest has been obtained and is exhibited, or from land not owned by the person when the person exhibits written permission to harvest from the landowner. The written permission shall not be valid unless it includes a description of the land satisfying the requirements of Section 70683 and the address and telephone

number of the landowner.

Persons harvesting five or fewer native plants, for purposes other than resale, and persons cutting, removing, harvesting, transporting, or possessing any dead mesquite or palo verde, for purposes other than resale, in amounts less than one cord shall not be required to obtain and exhibit any permits, tags and seals, or wood receipts.

Persons possessing six or more harvested native plants shall obtain and exhibit a tag and seal for the sixth native plant and for each additional native plant in his possession.

70688. Each county may enact ordinances not inconsistent with this division to control commercial harvesting in that county.

70689. The issuing agency shall collect fees for the issuance of permits, tags and seals and wood receipts under this division, except from a landowner moving native plants from one of his or her properties to another, if the plants are not to be offered for sale.

70690. Any harvested native plant listed in Section 70631 or 70632, or added by the director pursuant to Section 70633, which is not exempt from the permit requirements of this division pursuant to Section 70687, found without a tag and seal securely and properly affixed thereto or for which the owner does not exhibit a tag and seal, or any mesquite or palo verde wood in the amount of one cord or more found in the possession of a person without a wood receipt, may be confiscated as evidence of a violation.

CHAPTER 6. SHIPMENT OF PLANTS

70700. No person or common carrier shall transport, or receive or possess for transportation, any native plant or any wood, or part thereof, except its fruit or manufactured wood articles, that requires a permit, wood receipt, or tag and seal, unless the person offering the plant for shipment furnishes to the person or common carrier a valid permit therefor, and any required wood receipts, and has securely and properly attached thereto any required tag and seal. If for transportation outside of the state, the plant shall also bear a certificate of inspection by the department.

70701. All native plant species or varieties subject to this division, when not grown in California and imported into this state, shall be declared at a California agricultural inspection station or an office of the department, and proceed to destination under quarantine orders issued by agents of the department employed at the station or office. Any person transporting any plant species or varieties subject to this division from outside the state into California shall have in his or her possession a valid bill of sale for those native plants, and such permits and tags as may be required by the state of origin, and shall produce the bill of sale as well as any permits and tags for inspection by any duly authorized person as described in this division or any peace officer of the State of California as a requirement for entry into the state of the native plants.

CHAPTER 7. ENFORCEMENT

70720. A peace officer may, in the enforcement of this division, make arrests without warrant for a violation of this division which he or she may witness, and may confiscate native plants, or parts thereof when unlawfully harvested, transported, possessed, sold, or otherwise obtained in violation of this division.

70721. A person violating any provision of this division is guilty of a misdemeanor punishable by a fine of not less than three hundred dollars ($300), nor more than one thousand dollars ($1,000), for each violation or by imprisonment in the county jail not to exceed one year, or both, and each violation constitutes a separate offense.

70722. Upon conviction of a violation of this division, all permits issued to the person convicted shall be revoked and the permittee shall be required to surrender any unused tags and seals or wood receipts to the issuing agency and no new or additional permits shall be issued to the permittee for a period of one year from the date of conviction.

70723. A second conviction may be considered as a misdemeanor or a felony. If a misdemeanor, it shall be punishable by a fine of not less than three hundred dollars ($300), nor more than one thousand dollars ($1,000), for each violation or by imprisonment in the county jail not to exceed one year, or both, and each violation constitutes a separate offense. If a felony, it shall be punishable by a fine of not less than one thousand dollars ($1,000), nor more than five thousand dollars ($5,000), for each violation or by imprisonment in the state prison not to exceed five years, or both, and each violation constitutes a separate offense.

Upon the second conviction, all permits issued to the person convicted shall be revoked and the permittee shall be required to surrender any unused tags and seals or wood receipts to the issuing agency and no new or additional permits shall be issued to the permittee at any time in the future from the date of conviction.

70724. The issuing agency may revoke any permit, tags, or seals issued for the purpose of harvesting for ultimate replanting if the permittee willfully fails to comply with all conditions or stipulations of the permit.

CHAPTER 8. FINANCIAL PROVISIONS

70740. All fees or moneys collected under this division shall be paid into the general fund of the county in which the permits, tags and seals, and wood receipts were issued.

SEC. 157. Section 24 of the Government Code, as added by Chapter 1208 of the Statutes of 1980, is amended and renumbered to read:

25. (a) For purposes of this code, "assessed value" means 25 percent of full value to, and including, the 1980–81 fiscal year, and 100 percent of full value for the 1981–82 fiscal year and fiscal years

thereafter; and, tax rates shall be expressed in dollars, or fractions thereof, on each one hundred dollars ($100) of assessed value to, and including, the 1980–81 fiscal year and as a percentage of full value for the 1981–82 fiscal year and fiscal years thereafter.

(b) Whenever this code requires comparison of assessed values, tax rates, or property tax revenues for different years, the assessment ratios and tax rates shall be adjusted as necessary so that the comparisons are made on the same basis, and the same amount of tax revenues would be produced, or the same relative value of an exemption or subvention will be realized regardless of the method of expressing tax rates or the assessment ratio utilized.

(c) For purposes of expressing tax rates on the same basis, a tax rate based on a 25 percent assessment ratio and expressed in dollars, or fractions thereof, for each one hundred dollars ($100) of assessed value may be multiplied by a conversion factor of twenty-five hundredths of 1 percent to determine a rate comparable to a rate expressed as a percentage of full value; and, a rate expressed as a percentage of full value may be multiplied by a factor of 400 to determine a rate comparable to a rate expressed in dollars, or fractions thereof, for each one hundred dollars ($100) of assessed value and based on a 25 percent assessment ratio.

SEC. 158. Section 850.8 of the Government Code is amended to read:

850.8. Any member of an organized fire department, fire protection district, or other firefighting unit of either the state or any political subdivision, any employee of the Department of Forestry, or any other public employee when acting in the scope of his or her employment, may transport or arrange for the transportation of any person injured by a fire, or by a fire protection operation, to a physician and surgeon or hospital if the injured person does not object to the transportation.

Neither a public entity nor a public employee is liable for any injury sustained by the injured person as a result of or in connection with that transportation or for any medical, ambulance or hospital bills incurred by or in behalf of the injured person or for any other damages, but a public employee is liable for injury proximately caused by his willful misconduct in transporting the injured person or arranging for the transportation.

SEC. 159. The heading of Chapter 11 (commencing with Section 4540) of Division 5 of Title 1 of the Government Code is amended and renumbered to read:

CHAPTER 12. CHILD CARE FACILITIES FOR STATE EMPLOYEES

SEC. 160. Section 4540 of the Government Code is amended and renumbered to read:

4560. The Legislature finds and declares that there is a substantial need to provide adequate child care facilities for state employees.

When the state constructs, acquires, or receives as a gift any office

building which can accommodate 700 or more state employees, or when additions, alterations, or repairs are made to existing state-owned office buildings which can accommodate 700 or more state employees, and the additions, alterations, or repairs both change and affect the use of 25 percent of the net square feet area of the building and include the addition to, alteration of, or repair of the first floor, adequate space shall be designated within the building to meet the child care needs of those employees, if a review of those employees slated to occupy the new or renovated building shows sufficient need for child care services for 30 or more children. The review shall be conducted by the Department of General Services and the Governor's Advisory Committee on Child Development Programs established pursuant to Section 8254 of the Education Code. The Director of the Department of General Services may secure space in any adequate facility for the same purposes only in the event that all other physical requirements controlling the development of such child care facilities within the office building cannot be utilized, provided that funds for the off-site facilities are made available.

It is the intent of the Legislature that existing state office buildings, at the discretion of the Director of General Services, may be retrofitted to accommodate a child care facility. State funds required for the retrofitting will be subject to regular budgetary procedures and approvals.

Space designed within a state-owned office building for the child care facility shall comply with the prevailing local and state safety building codes for child care facilities.

The indoor area shall not exceed 2,100 square feet, nor be less than that required to accommodate 30 children, excluding space for restrooms, kitchen facilities, storage areas, and teacher offices. Outdoor play area space shall correspond with the indoor play area as set forth in Title 22 of the California Administrative Code.

Utilization of the space shall be subject to terms and conditions as set forth by the Director of General Services. The terms shall include payment of rent, proof of financial responsibility, and maintenance of space. The space shall be made available to the employees who wish to establish child care facilities at a rate to be established by the Director of the Department of General Services that is consistent with rental rates charged to state agencies occupying comparable state-owned space. Rent for non-state-owned space will be based upon the actual cost to the state.

The employee-occupants shall be notified in writing by the department or departments occupying the building, of the availability of space to be used for a child care facility no earlier than 180 days prior to the projected date of occupancy of a new building or space provided as the result of additions, alterations, or repairs to an existing state-owned building, and such additions, alterations, or repairs that both change and affect the use of 25 percent of the net square feet area of the building and include the addition to,

alteration of, or repair of the first floor. If, within 30 days after full occupancy of a new office building or 30 days after the completion of additions, alterations, or repairs to an existing state-owned office building, the employee-occupants so desiring have not filed an application with the Secretary of State as a nonprofit corporation for the purpose of organizing a child care center, deposited two months' rent in a commercial or savings account, and entered into a contract with the Department of General Services, the space may be used for any other purpose, as long as no permanent alteration of the space occurs. Other purposes may include, but are not limited to, conference rooms, storage areas, or offices. The space for child care shall be held for the employee-occupants' nonprofit corporation only as long as they pay the monthly rent and meet the terms set forth in the contract. Payment of rent shall commence 30 days after full occupancy of a new office building or 30 days after completion of additions, alterations, or repairs, as specified in this section.

If at a later date, the employee-occupants so desiring (a) file an application with the Secretary of State as a nonprofit corporation for the purpose of organizing a child care facility, (b) deposit two month's rent in a commercial or savings account, and (c) notify the Director of the Department of General Services of those actions, then the space shall be reconverted for child care purposes within 180 days of such notice.

Only children of whom at least one parent or guardian is a state employee may be served in the child care facility.

When a child care center has been operative for five years, the Director of the Department of General Services shall assess the child care needs of the state employees using the center and the office space needs of the building within which the center is located. If the assessment demonstrates a greater need for office space than for child care, the Director of the Department of General Services may close the child care center. Ninety days' written notice shall be given to the director or head teacher of the center of the closure.

This section shall not be construed to apply to those buildings which provide care or 24-hour residential care for patients, inmates, or wards of the state, such as state hospitals and correctional facilities.

SEC. 161. Section 4541 of the Government Code is amended and renumbered to read:

4561. Child care facilities for the employees of the California State University and Colleges and the University of California shall be incorporated into the campus master plans and constructed subject to the provision of state funding appropriations by the Legislature. Determination of the need for, eligibility for use, and utilization of those facilities, shall be subject to terms and conditions of the trustees and the regents.

For the purposes of this chapter, only this section shall apply to the California State University and Colleges system and the University of California.

SEC. 162. Section 4542 of the Government Code is amended and

renumbered to read:

4562. This chapter shall not apply to the design of new state office buildings, additions, alterations, or repairs of existing state-owned office buildings, where the Public Works Board has approved, prior to the effective date of this chapter, the commencement of the working drawing phase of the new state office building.

SEC. 163. Section 6901 of the Government Code is amended to read:

6901. Notwithstanding any other provision of the law, every state agency owning common stock shall, when returning proxies to a corporation, vote each proxy that is returned to the corporation. Nothing in this section shall prohibit a state agency owning common stock from abstaining on a corporate or shareholder proposal and notifying the corporation in writing of the state agency's desire to abstain on a corporate or shareholder proposal.

As used in this section "state agency" includes the state, the University of California, and any office, department, division, bureau, board, commission, agency, or pension or retirement system thereof.

SEC. 164. The heading of Chapter 24 (commencing with Section 7540) of Division 7 of Title 1 of the Government Code is amended and renumbered to read:

CHAPTER 25. FEDERAL FUNDING

7560. It is the intent of the Legislature to assure receipt of federal funding by the State of California. It is also the intent of the Legislature to assure that if lack of interagency agreement or lack of coordination between state agencies jeopardizes state receipt of federal funds, including, but not limited to, funds available for services to handicapped children, an expeditious process shall exist for resolving such interagency matters.

SEC. 166. Section 7541 of the Government Code is amended and renumbered to read:

7561. It is further the intent of the Legislature that there shall be a single line of responsibility with regard to the education of all handicapped children as required by Public Law 94-142. The Superintendent of Public Instruction shall be responsible for supervising education and related services for handicapped children specifically required pursuant to the federal requirements under the Education for All Handicapped Children Act of 1975, Public Law 94-142. Nothing in this chapter shall be construed to relieve another state agency from an otherwise valid obligation to provide or pay for services to a handicapped child. Furthermore, nothing in this chapter shall be interpreted so as to allow the Superintendent of Public Instruction to prescribe health care services.

SEC. 167. Section 7542 of the Government Code is amended and

renumbered to read:

7562. If any state agency applies for federal funds to meet a mandatory responsibility under federal or state law and such application is not approved, the state agency shall submit to the Department of Finance, the Office of Planning and Research and the Joint Legislative Budget Committee within 15 calendar days of its receipt of notification of the lack of approval of its application all of the following:

(a) An identification of the federal program for which the application was not approved and the federal administering agency.

(b) An estimate of the amount of funds affected by the lack of approval of the state agency application.

(c) An indication of the reason or reasons the application was not approved.

(d) A description of any issues pertaining to responsibilities or actions of other state or local agencies which have affected the lack of approval.

SEC. 168. Section 7543 of the Government Code is amended and renumbered to read:

(a) Fostering expeditious receipt of the affected federal funds.

(b) Resolving any disagreement or lack of coordination among state agencies or among local agencies which has interfered with federal agency approval of the application for federal funds.

SEC. 170. Section 8574.3 of the Government Code is amended to read:

8574.3. State agencies granted authority to implement a plan adopted under this article may use volunteer workers. The volunteers shall be deemed employees of the state for the purpose of workers' compensation under Article 2 (commencing with Section 3350) of Chapter 2 of Part 1 of Division 4 of the Labor Code. Any payments for workers' compensation under this section shall be made from the account specified in Section 8574.4.

(a) Review state budgets and review grant proposals, other than those grant proposals submitted by institutions of postsecondary education to the federal government, for earthquake related activities and to advise the Governor and Legislature thereon.

(b) Review legislative proposals, related to earthquake safety to advise the Governor and Legislature concerning the proposals, and to propose needed legislation.

(c) Recommend the addition, deletion, or changing of state agency standards when, in the commission's view, the existing situation creates undue hazards or when new developments would promote earthquake hazard mitigation, and conduct public hearings as deemed necessary on the subjects.

(d) In the conduct of any hearing, investigation, inquiry, or study which is ordered or undertaken in any part of the state, administer oaths and issue subpoenas for the attendance of witnesses and the production of papers, records, reports, books, maps, accounts,

documents, and testimony.

(e) In addition, the commission may perform any of the functions contained in subdivisions (a) to (d), inclusive, in relation to other disasters, as defined in subdivision (c) of Section 8897, in connection with issues or items reported or discussed with the Office of Emergency Services at any commission meeting.

SEC. 174. Section 11011.1 of the Government Code is amended to read:

11011.1. (a) Land that has been declared surplus by the Legislature, pursuant to Section 11011, and is not needed by any state agency shall be offered to local governmental agencies. Except as authorized in subdivisions (b), (c), (d), and (e), transfers of surplus land to local governmental agencies pursuant to this section shall be at fair market value.

(b) Where the land is to be used for park and recreation purposes and operated for those purposes by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may, notwithstanding any provision in Section 11011, transfer the land to local governmental agencies at less than the fair market value of the land, if the transfer is in the public interest, under the following conditions:

(1) The local public agency has submitted a general development plan for the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which general development plan has been approved by the Director of Parks and Recreation.

(2) The land shall be developed according to plan within a time period determined by the state but not to exceed 10 years. The deed or other instrument of transfer shall provide that the land shall revert to the state if the land is not developed within the time period so determined by the state.

(3) The deed or other instrument of transfer shall provide that the land would revert to the state if the use changed to a use not consistent with parks and recreation purposes during the period of 25 years following the sale.

(c) Where the land is to be used for open-space purposes, as defined herein, and operated by local agencies at no expense to the state, the Director of General Services with the approval of the State Public Works Board may transfer the land to local governmental agencies at fair market value of the land or at any lesser value of the land under any of the following conditions:

(1) The local public agency has submitted a plan for the use of the property which conforms to the agency's general plan pursuant to Article 5 (commencing with Section 65300) of Chapter 3 of Title 7, and which plan has been approved by the Director of Parks and Recreation.

(2) The land shall be used according to plan within a time period determined by the state but not to exceed 10 years.

(3) The deed or other instrument of transfer shall provide that the

land would revert to the state if the use changed to a use not consistent with open-space purposes during the period of 25 years following the sale.

(4) For the purpose of this subdivision, "open-space purpose" means the use of land for public recreation, enjoyment of scenic beauty, or conservation or use of natural resources.

(d) Where the land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, the Director of General Services, with the approval of the State Public Works Board, may offer the land to local agencies within whose jurisdiction the land is located. Provided, however, if the state has held title to the land for seven years or less and the land is not used for the purposes for which it was acquired, and the land is declared surplus land and is not needed by any other state agency pursuant to the provisions of Section 11011, the state, prior to offering the land to local agencies, shall extend to the individual from whom the land was acquired an offer to purchase the land at current fair market value. The offer shall extend for 60 days and if not exercised within such period shall be irrevocably terminated. The land may be transferred to local agencies at a reasonable cost which will enable the provision of housing for persons and families of low or moderate income. The cost may be less than fair market value. The Department of Housing and Community Development shall recommend to the Department of General Services a cost which will enable the provision of housing for persons and families of low or moderate income. All transfers of land pursuant to this subdivision shall be subject to the following conditions:

(1) The local agency has made all of the following findings:

(A) There is a need for the housing in the community.

(B) The land is suitable for development of the housing.

(2) The local agency develops a plan for the housing in accordance with criteria established by the Department of Housing and Community Development, which shall include, but not be limited to, criteria respecting the financial condition of the developer, if the housing is to be developed by a private sponsor, and the cost of the project. The plan shall be approved by the Department of Housing and Community Development.

(3) After transfer of the property from the state to the local agency, the property shall be developed as housing for persons and families of low or moderate income. The local agency may lease or sell the property to any nonprofit corporation, housing corporation, limited dividend housing corporation, or private developer if the local agency determines a private entity is best suited to develop housing for persons and families of low or moderate income. In authorizing the private development, the local agency shall impose reasonable terms and conditions as will further the purposes of this subdivision, which shall include, but not be limited to, continued use of the property for housing for persons and families of low or

moderate income for not less than 40 nor more than 55 years. A lessee or purchaser of land pursuant to this subdivision shall agree to limitations on profit in the operation of the property which will benefit the public and assure that the housing provided thereon is within the means of persons and families of low or moderate income. The agreement shall be binding upon successors in interest of the original lessee or purchaser and shall inure to the benefit of, and be enforceable by, the state.

(4) The local agency shall assure that the land will be used for the purpose of providing low- or moderate-income housing and shall not permit the use of the dwelling accommodations of the project for any other purpose for not less than 40 nor more than 55 years, except as provided in this section.

In the event a local agency does not comply with the land use requirements prescribed in this section, as determined by the Department of General Services, the Department of General Services may require that the local agency pay the state the difference between the actual price paid by the local agency for the property and the fair market value of the property, at the time of the department's determination of noncompliance, plus 6 percent interest on that amount for the period of time the land has been held by the local agency.

If the local agency, with the approval of the Department of General Services, and in consultation with the Department of Housing and Community Development, determines that there is no longer a need for low- or moderate-income housing within the jurisdiction of the local agency and another valid public purpose could be achieved by utilizing the land in an alternative manner, the local agency shall not be required to make any payment to the state for the difference between purchase price and fair market value or interest charges for the period of time the land has been held by the local agency.

(5) Failure to comply with the provisions of this section shall not invalidate the transfer, sale, or conveyance of the real property to a bona fide purchaser or encumbrancer for value.

(6) The project shall be commenced within 24 months of the original transfer to the local agency. However, the Department of General Services, in consultation with the Department of Housing and Community Development, may for justifiable cause extend the time for commencement of development for an additional 36 months. The aggregate time for commencing development shall not exceed 60 months. The deed or other instrument of conveyance shall specify that, if development has not commenced within that time, the land shall revert to the Department of General Services for disposal pursuant to this section or as otherwise authorized by law.

(7) As used in this subdivision, "local agency" means and includes any county, city, city and county, redevelopment agency organized pursuant to Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code, or housing authority organized

pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code, public district or other political subdivision of the state and any instrumentality thereof, which is authorized to engage in or assist in the development or operation of housing for persons and families of low or moderate income and also includes two or more of those agencies acting jointly pursuant to Part 1 (commencing with Section 6500) of Division 7 of this code.

(8) Up to 40 percent of the housing developed on land purchased at below market value pursuant to this subdivision may be housing which is not regulated as to price, rent, or eligibility of occupants only if the purchaser of the land demonstrates that the proceeds from the sale or rental of such housing, in an amount equal to the difference between the fair market value and the actual price paid for the land, is used to reduce prices or rents on other housing units which are made available exclusively to persons and families of low and moderate income.

(e) Where the land is suitable to be used for the purpose of providing housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, and provided no local agency has acquired or is in the process of acquiring the land pursuant to subdivision (d), the Director of General Services, with the approval of the State Public Works Board, may lease or sell the land to a housing sponsor. The land may be sold or leased at a reasonable cost which may be less than fair market value. The Department of Housing and Community Development shall recommend to the Director of General Services a cost which will enable the provision of housing for persons and families of low or moderate income. All transfers of land pursuant to this subdivision shall be subject to all of the following conditions:

(1) The housing sponsor has submitted a plan for the development of such housing pursuant to criteria established by the Department of Housing and Community Development. The criteria shall include, but need not be limited to, standards with respect to the cost of the housing development and the proportion of the housing development to be occupied by persons and families of low and moderate income. Insofar as is practical, the plan shall provide for a mix of housing for all income groups.

(2) The housing development shall normally be developed or be under development within 24 months from the time of transfer or lease of the land to the housing sponsor. However, the Department of General Services, in consultation with the Department of Housing and Community Development, may, upon finding justifiable cause, extend the time for commencement of development for an additional period of 36 months. The aggregate of all extensions for commencement of development shall not exceed 60 months. The deed or other instrument of conveyance shall specify that if development has not commenced within such time, the land shall revert to the Department of General Services for disposal pursuant to this section or as otherwise authorized by law.

(3) Transfer of title to the land or lease of the land to a housing sponsor shall be conditioned upon continued use of the property as housing for persons and families of low and moderate income for not less than 40 nor more than 55 years. In accordance with regulations which shall be adopted by the Department of Housing and Community Development pursuant to the Administrative Procedure Act, the Director of General Services shall require that any housing sponsor purchasing or leasing land pursuant to this subdivision enter into an agreement which (A) provides for limitations on profit in the operation of such property which benefit the public and which assure that the housing is affordable to persons and families of low and moderate income, and (B) does not permit the use of the property for purposes other than the provision of housing for persons and families of low and moderate income except as provided in this subdivision. Upon recordation of the agreement in the office of county recorder in the county in which the real property subject to the agreement is located, the agreement shall be binding for a period of not less than 40 nor more than 55 years upon successors in interest to the original housing sponsor and shall inure to the benefit of, and be enforceable by, the state.

For the purposes of this subdivision, "housing sponsor" means a nonprofit corporation incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code; a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code; a limited-dividend housing corporation or a private housing developer who agrees to the conditions set forth in this subdivision.

(4) Up to 40 percent of the housing developed on land purchased at below market value pursuant to this subdivision may be housing which is not regulated as to price, rent, or eligibility of occupants only if the purchaser of the land demonstrates that the proceeds from the sale or rental of such housing, in an amount equal to the difference between the fair market value and the actual price paid for the land, is used to reduce prices or rents on other housing units which are made available exclusively to persons and families of low and moderate income.

(f) The Department of Housing and Community Development, in consultation with the Department of General Services and the Office of Planning and Research, shall make a report to the Legislature on or before January 1, 1981, with respect to effectiveness of the program and shall recommend any necessary legislative changes to the provisions of subdivision (d).

(g) Where the land is to be used for public purposes other than specifically set forth in this section, is to be operated by the local agency at no expense to the state, and the use and enjoyment of the public purpose contemplated will be of broad public benefit, and not a benefit basically of local interest enjoyed and used primarily by the residents of the area of tax jurisdiction of the local agency, the Director of General Services, with the approval of the State Public

Works Board, may transfer the land to local governmental agencies at a sales price not less than 50 percent of fair market value. The transfer shall provide that if the land is not used for the contemplated purpose during the period of 25 years following the sale, the land shall revert to the state. The Director of General Services may provide additional terms and conditions which he or she determines to be in the best interest of the state.

(h) If there is more than one appropriate use and more than one offer for the use of a parcel of surplus land, the Department of General Services, in consultation with the Department of Housing and Community Development, the Department of Parks and Recreation, and the Office of Planning and Research, shall determine the most appropriate use for the parcel and the Department of General Services shall offer the land accordingly.

(i) Land that has been declared surplus by the Legislature, pursuant to Section 11011, is not needed by any state agency, is suitable for development for housing purposes, and is not in the process of being acquired pursuant to other provisions of this section, may upon the request of the Department of Housing and Community Development be retained by the Director of General Services for a period not exceeding five years, during which the Director of General Services shall continue to offer the lands for housing pursuant to subdivision (d).

(j) Transfer of state surplus lands under subdivision (d) shall be at a cost which will enable provision of economically feasible housing for persons and families of low or moderate income.

The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. The land use element shall also identify areas covered by the plan which are subject to flooding and shall be reviewed annually with respect to those areas.

(b) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other local public utilities and facilities, all correlated with the land use element of the plan.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies which have developed, served, controlled, or

conserved water for any purpose for the county or city for which the plan is prepared. The conservation element may also cover any of the following:

(1) The reclamation of land and waters.

(2) Flood control.

(3) Prevention and control of the pollution of streams and other waters.

(4) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.

(5) Prevention, control, and correction of the erosion of soils, beaches, and shores.

(6) Protection of watersheds.

(7) The location, quantity, and quality of the rock, sand, and gravel resources.

The conservation element shall be prepared and adopted no later than December 31, 1973.

(e) An open-space element as provided in Article 10.5 (commencing with Section 65560).

(f) A seismic safety element consisting of an identification and appraisal of seismic hazards such as susceptibility to surface ruptures from faulting, to ground shaking, to ground failures, or to effects of seismically induced waves such as tsunamis and seiches.

The seismic safety element shall also include an appraisal of mudslides, landslides, and slope stability as necessary geologic hazards that must be considered simultaneously with other hazards such as possible surface ruptures from faulting, ground shaking, ground failure, and seismically induced waves.

To the extent that a county's seismic safety element is sufficiently detailed containing appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's seismic safety element that pertains to the city planning area within the county's jurisdiction, in satisfaction of this subdivision.

In adopting a county seismic safety element, a city shall follow all requirements regarding the content and adoption of general plan elements as set forth in this article and Article 6 (commencing with Section 65350).

Each county and city shall submit to the Division of Mines and Geology of the Department of Conservation one copy of the seismic safety element and any technical studies used for developing the seismic safety element.

(g) A noise element, which shall recognize guidelines adopted by the Office of Noise Control pursuant to Section 46050.1 of the Health and Safety Code, and which quantifies the community noise environment in terms of noise exposure contours for both near- and long-term levels of growth and traffic activity. The noise exposure information shall become a guideline for use in development of the land use element to achieve noise compatible land use and also to provide baseline levels and noise source identification for local noise ordinance enforcement.

The sources of environmental noise considered in this analysis shall include, but are not limited to, all of the following:

(1) Highways and freeways.

(2) Primary arterials and major local streets.

(3) Passenger and freight on-line railroad operations and ground rapid transit systems.

(4) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.

(5) Local industrial plants, including, but not limited to, railroad classification yards.

(6) Other ground stationary noise sources identified by local agencies as contributing to the community noise environment.

The noise exposure information shall be presented in terms of noise contours expressed in community noise equivalent level (CNEL) or day-night average level (L_{dn}). CNEL means the average equivalent A-weighted sound level during a 24-hour day, obtained after addition of five decibels to sound levels in the evening from 7 p.m. to 10 p.m. and after addition of 10 decibels to sound levels in the night before 7 a.m. and after 10 p.m. L_{dn} means the average equivalent A-weighted sound level during a 24-hour day, obtained after addition of 10 decibels to sound levels in the night before 7 a.m. and after 10 p.m.

The contours shall be shown in minimum increments of 5db and shall continue down to 60db. For areas deemed noise sensitive, including, but not limited to, areas containing schools, hospitals, rest homes, long-term medical or mental care facilities, or any other land-use areas deemed noise sensitive by the local jurisdiction, the noise exposure shall be determined by monitoring.

A part of the noise element shall also include the preparation of a community noise exposure inventory, current and projected, which identifies the number of persons exposed to various levels of noise throughout the community.

The noise element shall also recommend mitigating measures and possible solutions to existing and foreseeable noise problems.

The state, local, or private agency responsible for the construction, maintenance, or operation of those transportation, industrial, or other commercial facilities specified in paragraph (2) shall provide to the local agency producing the general plan, specific data relating to current and projected levels of activity and a detailed methodology for the development of noise contours given this supplied data, or they shall provide noise contours as specified in the foregoing statements.

Any ordinance adopted pursuant to this chapter which, by its terms, limits the number of housing units which may be constructed on an annual basis shall contain findings as to the public health, safety, and welfare of the city or county to be promoted by the adoption of the ordinance which justify reducing the housing opportunities of the region.

SEC. 194. Section 66427.4 of the Government Code, as added by Chapter 879 of the Statutes of 1980, is repealed. The repeal made by this section shall not affect the existence or validity of Section 66427.4 of the Government Code, as added by Chapter 1065 of the Statutes of 1980.

SEC. 195. Section 66452.5 of the Government Code is amended to read:

The appeal shall be filed with the clerk of the appeal board, or if there is none, with the clerk of the legislative body within 15 days after the action of the advisory agency from which the appeal is being taken.

Upon the filing of an appeal, the appeal board or legislative body

shall set the matter for hearing. The hearing shall be held within 30 days after the date of filing the appeal. Within 10 days following the conclusion of the hearing, the appeal board or legislative body shall render its decision on the appeal.

(b) The subdivider, any tenant of the subject property, in the case of a conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, or the advisory agency may appeal from the action of the appeal board to the legislative body. The appeal shall be filed with the clerk of the legislative body within 15 days after the action of the appeal board from which the appeal is being taken.

Upon the filing of an appeal, the legislative body shall set the matter for hearing. The hearing shall be held within 30 days after the date of filing the appeal. Within 10 days following the conclusion of the hearing, the legislative body shall render its decision on the appeal. The decision shall comply with the provisions of Sections 66473, 66473.5, and 66474, and shall include any findings required by those sections.

(c) If there is an appeal board and it fails to act upon an appeal within the time limit specified in this chapter, the decision from which the appeal was taken shall be deemed affirmed and an appeal therefrom may thereupon be taken to the legislative body as provided in subdivision (b). If no further appeal is taken, the tentative map, insofar as it complies with applicable requirements of this division and local ordinances, shall be deemed approved or conditionally approved as last approved or conditionally approved by the advisory agency, and it is the duty of the clerk of the legislative body to certify the approval, or if the advisory agency is one which is not authorized by local ordinance to approve, conditionally approve or disapprove the tentative map, the advisory agency shall submit its report to the legislative body as if no appeal had been taken.

If the legislative body fails to act upon an appeal within the time limit specified in this chapter, the tentative map, insofar as it complies with applicable requirements of this division and local ordinance, shall be deemed to be approved or conditionally approved as last approved or conditionally approved, and it shall be the duty of the clerk of the legislative body to certify the approval.

(d) Where a local ordinance so provides, any interested person adversely affected by a decision of the advisory agency or appeal board may file a complaint with the governing body concerning any decision of the advisory agency or appeal board. The complaint shall be filed with the clerk of the governing body within 15 days after the action of the advisory agency or appeal board which is the subject of the complaint. Upon the filing of the complaint, the governing body may set the matter for hearing. The hearing shall be held within 30 days after the filing of the complaint. The hearing may be a public hearing for which notice shall be given in the time and manner provided.

Upon conclusion of the hearing the governing body shall, within seven days, declare its findings based upon the testimony and documents produced before it or before the advisory board or the appeal board. It may sustain, modify, reject, or overrule any recommendations or rulings of the advisory board or the appeal board and may make any findings which are not inconsistent with the provisions of this chapter or local ordinances adopted pursuant to this chapter.

66770.5. (a) The State Solid Waste Management Board shall adopt, not later than January 1, 1981, performance standards as an alternative to state minimum standards requiring periodic cover.

(b) In order to protect the public health and the environment, the performance standards, referred to in subdivision (a), shall, at a minimum, address the control of vectors, odor, fire, litter, and moisture infiltration at solid waste disposal sites.

(c) The local enforcement agency may elect to apply either the state minimum standard requiring periodic cover or the performance standards, described in subdivision (b), to solid waste disposal sites within its jurisdiction. Not later than 30 days prior to implementation of either performance standards or state minimum standards requiring periodic cover, the local enforcement agency shall notify the board of the election.

(d) If the board fails to adopt the performance standards by January 1, 1981, the daily coverage requirements for the active face of a disposal site may, at the discretion of the local enforcement agency, be determined solely by the local enforcement agency. For any determination of daily coverage requirements for the active face of a disposal site made pursuant to this section which are less stringent than those standards established by the State Solid Waste Management Board pursuant to Sections 66770 and 66771, the local enforcement agency shall make a finding that the daily coverage requirements are adequate to effectively prevent propagation or attraction of flies, rodents, or other vectors, to control landfill fires and litter, and to prevent the creation of nuisances.

(e) No collection vehicle shall be required to travel on the active face of a disposal site.

(f) This section does not prohibit the State Solid Waste Management Board from taking any enforcement action for which

it is granted authority under Title 7.3 (commencing with Section 66700).

(g) This section shall remain in effect only until January 1, 1983, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1983, deletes or extends such date.

Court reporters shall serve at the pleasure of the court and may at any time be removed by the court in its discretion.

Reduction of the schedule applicable to court reporters by reason of the adoption of this salary plan or subsequent reclassification of positions for organizational purposes shall not result in a lower salary rate to incumbent court reporters. The court may regulate by rule the status of employees so affected.

SEC. 198. Section 71603.2 of the Government Code, as added by Chapter 444 of the Statutes of 1980, is amended and renumbered to read:

91531. (a) Upon certification to an authority of the approval, the secretary or an assistant secretary of the authority shall transmit to the state office the fee required by the state office and information required by the state office which is provided by a company in the approved application.

(b) The state office shall review the information and shall, by express findings on the basis of the information, determine compliance with the following criteria:

(1) Public benefits, determined in accordance with the policy stated in Section 91502.1, from the use of the facilities likely will substantially exceed any public detriment from issuance of bonds in

the maximum principal amount proposed in the application.

(2) Neither the completion of the project nor the operation of the facility will have the proximate effect of relocation of any substantial operations of the company from one area of the state to another or in the abandonment of any substantial operations of the company within other areas of the state, or, if the completion or operation will have either of the effects, then the completion or operation is reasonably necessary to prevent the relocation of any substantial operations of the company from an area within the state to an area outside the state.

(3) The proposed issuance of bonds qualifies for issuance under the provisions of Article 5 (commencing with Section 91570).

(c) Written notification of the determinations of the state office shall be given the authority.

(d) Upon failure of the state office to make determinations as to compliance with the criteria within 60 days of the receipt of the information, unless the time is extended by written consent of the authority, the state office shall lose jurisdiction to make the determinations, and the authority shall determine compliance with the criteria.

(e) Determinations of the state office or of an authority as provided in Section 91530 and this section shall be final and conclusive.

(f) The authority shall not issue bonds for the project until this section has been complied with.

91570. (a) The commission established by Article 3 (commencing with Section 91550) shall review each issue of bonds and shall determine whether the issue is qualified for issuance under the provisions of this article.

(b) No bonds shall be delivered by an authority in return for the purchase price unless the bond issue has been qualified under this article and no notification of the suspension or revocation of that qualification has been received by the authority which has not been vacated or modified so that the bonds qualify for issuance.

SEC. 202. Section 91561 of the Government Code is amended and renumbered to read:

91571. (a) All issues of bonds may be qualified for issuance under this section.

(b) The commission may refuse to qualify an issue unless it finds that the proposed issuance is fair, just, and equitable to a purchaser of the bonds, and that the bonds proposed to be issued and the methods to be used by an authority in issuing them are not such as, in its opinion, will work a fraud upon the purchaser thereof.

(c) The commission may impose as a condition of qualification conditions imposing a legend condition restricting the transferability thereof, impounding the proceeds from the sale thereof, or any other condition, if the commission finds that without the condition the

issuance will be unfair, unjust, or inequitable to a purchaser of the bonds. The commission may in its discretion modify or remove any of the conditions when, in its opinion, they are no longer necessary or appropriate.

(d) The commission may refuse to qualify an issue of bonds proposed to be issued in exchange for one or more outstanding bonds, or bonds and claims, or partly in the exchange and partly for cash or property, unless it approves the terms and conditions of the issuance and exchange and the fairness of the terms and conditions, and may hold a hearing upon the fairness of the terms and conditions, at which all persons to whom it is proposed to issue bonds or to deliver any other consideration in the exchange have the right to appear.

(e) The commission may refuse to qualify an issue unless it finds that the bonds issued in connection with the project by the authority will be adequately secured and the revenues and other funds applicable to the payments of the bonds are, or upon the acquisition, construction, or improvement of the project which the bonds finance, will be sufficient to pay the principal of and the interest on the bonds.

SEC. 203. Section 91562 of the Government Code is amended and renumbered to read:

91572 (a) Prior to the delivery by an authority of any bonds of an issue in return for the purchase price, the commission may summarily suspend any qualification of the issue pending final determination of any proceeding under this section. Upon the taking of that action, the commission shall promptly notify each person specified in subdivision (b) of the action and of the reasons therefor and that upon the receipt of a written request of the authority the matter will be set for hearing to commence within 20 business days after that receipt unless the authority consents to a later date. If no hearing is requested within 35 business days of notification to the authority of the taking of that action, and none is ordered by the commission, the commission may summarily revoke the qualification, pending which the suspension shall remain in effect. If a hearing is requested or ordered, the commission, after notice and hearing in accordance with subdivision (b), may modify or vacate the suspension or extend it until final determination.

(b) The authority, the company, and the underwriter and the proposed purchaser, if any, shall be notified of the taking of action pursuant to subdivision (a) and of the opportunity of the authority for a hearing thereon before the commission.

(c) Prior to the delivery by an authority of any bonds of an issue in return for the purchase price, the commission may revoke any qualification if it finds that the proposed issuance is not fair, just, or equitable to a purchaser of the bonds, or that the bonds proposed to be issued or the method to be used by an authority in issuing them will tend to work a fraud upon the purchaser thereof.

(d) The commission may vacate or modify a suspension or

revocation of qualification if it finds that the reasons for the suspension or revocation do not or no longer exist or that the reasons which do exist are not those which support a conclusion that the proposed issuance is not fair, just, or equitable to a purchaser of the bonds, or that the bonds proposed to be issued or the method to be used by an authority in issuing them will tend to work a fraud upon the purchaser thereof.

SEC. 204. Section 91563 of the Government Code is amended and renumbered to read:

91573. (a) The aggregate amount of bonds qualified pursuant to this title shall not exceed two hundred million dollars ($200,000,000).

(b) Each authority shall file with the commission reports at those times which are required by the commission, setting forth the bonds of an issue qualified by the commission or exempt from qualification or not required to be so qualified.

(c) The commission shall determine when the limitation of subdivision (a) has been reached and shall notify all authorities that no further bonds shall be qualified pursuant to this title.

SEC. 205. Section 91564 of the Government Code is amended and renumbered to read:

91574. (a) Neither (1) the fact that an application for qualification has been filed nor (2) the fact that an issue of bonds has been qualified constitutes a finding by the commission that any document filed in connection with the qualification is true, complete, or not misleading. Neither that fact nor the fact that an exemption is available means that the commission has passed in any way upon the merits or qualifications of, or recommended or given approval to any issue of bonds except as provided in subdivision (d) of Section 91561.

(b) It is unlawful to make or cause to be made to any purchaser any representation inconsistent with subdivision (a).

(c) Every notification of qualification issued by the commission shall recite that the qualification is permissive only, and does not constitute a recommendation or endorsement of the bonds so qualified.

If there is a present or anticipated great public calamity, such as an extraordinary fire, flood, storm, enemy attack, or other disaster the board may by four-fifths vote adopt a resolution declaring that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health, or property and expend any sum required in the emergency without submitting the expenditure to the bidding procedure set forth.

The board may negotiate with the Government of the United States or any department or agency thereof, the state or any department or agency thereof, any county, city and county, city, district or other public corporation for the purpose of assisting the district in the performance of any of the work authorized by this part and, without advertising for bids, may cause the district to contribute to the United States or any of the foregoing public bodies all or any portion of the estimated cost of any work authorized by this part which is to be done by or under contract with the United States or any of the foregoing public bodies.

11361.5. (a) Records of any court of this state, any public or private agency that provides services upon referral under Section 1000.2 of the Penal Code, or of any state agency or local public agency pertaining to the arrest or conviction of any person for a violation of subdivision (b) or (c) of Section 11357 or subdivision (b) of Section 11360, shall not be kept beyond two years from the date of the conviction, or from the date of the arrest if there was no conviction. Any court or agency having custody of the records shall provide for the timely destruction of the records in accordance with subdivision (c). The requirements of this subdivision do not apply to records of any conviction occurring prior to January 1, 1976, or records of any arrest not followed by a conviction occurring prior to that date.

(b) This subdivision applies only to records of convictions and arrests not followed by conviction occurring prior to January 1, 1976, for any of the following offenses:

(1) Any violation of Section 11357 or a statutory predecessor thereof.

(2) Unlawful possession of a device, contrivance, instrument, or paraphernalia used for unlawfully smoking marijuana, in violation of

Section 11364, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

(3) Unlawful visitation or presence in a room or place in which marijuana is being unlawfully smoked or used, in violation of Section 11365, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

(4) Unlawfully using or being under the influence of marijuana, in violation of Section 11550, as it existed prior to January 1, 1976, or a statutory predecessor thereof.

Any person subject to an arrest or conviction for those offenses may apply to the Department of Justice for destruction of records pertaining to the arrest or conviction if two or more years have elapsed since the date of the conviction, or since the date of the arrest if not followed by a conviction. The application shall be submitted upon a form supplied by the Department of Justice and shall be accompanied by a fee, which shall be established by the department in an amount which will defray the cost of administering this subdivision and costs incurred by the state under subdivision (c), but which shall not exceed thirty-seven dollars and fifty cents ($37.50). The application form shall be made available at every local police or sheriff's department and from the Department of Justice and may require that information which the department determines is necessary for purposes of identification.

The department may request, but not require, the applicant to include a self-administered fingerprint upon the application. If the department is unable to sufficiently identify the applicant for purposes of this subdivision without the fingerprint or without additional fingerprints, it shall so notify the applicant and shall request the applicant to submit any fingerprints which may be required to effect identification, including a complete set if necessary, or, alternatively, to abandon the application and request a refund of all or a portion of the fee submitted with the application, as provided in this section. If the applicant fails or refuses to submit fingerprints in accordance with the department's request within a reasonable time which shall be established by the department, or if the applicant requests a refund of the fee, the department shall promptly mail a refund to the applicant at the address specified in the application or at any other address which may be specified by the applicant. However, if the department has notified the applicant that election to abandon the application will result in forfeiture of a specified amount which is a portion of the fee, the department may retain a portion of the fee which the department determines will defray the actual costs of processing the application, provided the amount of the portion retained shall not exceed ten dollars ($10).

Upon receipt of a sufficient application, the Department of Justice shall destroy records of the department, if any, pertaining to the arrest or conviction in the manner prescribed by subdivision (c) and shall notify the Federal Bureau of Investigation, the law enforcement agency which arrested the applicant, and, if the applicant was

convicted, the probation department which investigated the applicant and the Department of Motor Vehicles, of the application. Each state or local agency receiving a notice from the Department of Justice shall destroy records of the agency, if any, pertaining to the arrest or conviction specified in the notice, in the manner prescribed by subdivision (c). The application form and the notices from the department to the agencies specified in this subdivision shall be destroyed by the department or agency, as the case may be, at the time the other records of the arrest or conviction are destroyed.

(c) Destruction of records of arrest or conviction pursuant to subdivision (a) or (b) shall be accomplished by permanent obliteration of all entries or notations upon the records pertaining to the arrest or conviction, and the record shall be prepared again so that it appears that the arrest or conviction never occurred. However, where (1) the only entries upon the record pertain to the arrest or conviction and (2) the record can be destroyed without necessarily effecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(d) Notwithstanding subdivision (a) or (b), written transcriptions of oral testimony in court proceedings and published judicial appellate reports are not subject to this section. Additionally, no records shall be destroyed pursuant to subdivision (a) if the defendant or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of those records has received a certified copy of the complaint in the civil action, until the civil action has finally been resolved. Immediately following the final resolution of the civil action, records subject to subdivision (a) shall be destroyed pursuant to subdivision (c) if more than two years have elapsed from the date of the conviction or arrest without conviction.

(e) Costs incurred by local agencies in complying with the provisions of subdivision (c) shall be reimbursed as provided in Section 2231 of the Revenue and Taxation Code.

The content of any record referred to in this section may be disclosed in accordance with the prior written consent of the patient with respect to whom such record is maintained, or:

(2) To qualified personnel for the purpose of conducting scientific

research, management audits, or program evaluation, but such personnel shall not identify, directly or indirectly, any individual patient in any report of such research, audit, or evaluation, or otherwise disclose patient identities in any manner.

(3) If authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefor. In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services program. Upon the granting of such order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure.

(b) The provisions of subdivision (a) shall not apply to the records of any person involuntarily committed to any narcotic or drug abuse program conducted by the State Department of Corrections.

(c) To the extent that the amount of a clean and irrevocable letter of credit issued for a term of one year conforming to the requirements set forth below, is a substitute for advances for claims and unearned premium obligations to be made by an alien reinsurer in connection with its liability under a specific reinsurance agreement. The requirements are that such a clean and irrevocable letter of credit shall be issued under arrangements satisfactory to the commissioner as constituting security to the ceding insurer substantially equal to that of a deposit under subdivision (a), and that it shall be issued by a banking institution which is a member of the Federal Reserve System and of financial standing satisfactory to the commissioner.

(c) The commissioner's proposal shall provide for disbursements to the associations in amounts estimated at least equal to the claim payments made or to be made by the associations for which such associations could assert a claim against the commissioner, and shall further provide that if the assets available for disbursement from time to time do not equal or exceed the amount of the claim payments made or to be made by the associations, then disbursements shall be in the amount of available assets. No insurer, union trust fund which administers health, medical, or surgical insurance, or employer which has an insurance company administering its health services program, shall deny, for the reason that the insured incurred no expense, a claim for hospital, medical or surgical services rendered by a nongovernmental charitable research hospital which makes no charge for its services in the absence of insurance. No expense-incurred, group hospital, medical or surgical policy issued, delivered, amended or renewed after the effective date of this section or union trust fund which

SEC. 274. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the limits specified in subdivision (m) and in no case less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, his or her heirs or his or her legal representative for all sums within such limits which he, she, or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle completely, or, with respect to a natural person or persons designated by name when operating a motor vehicle, agree to provide such coverage in an amount less than that required by subdivision (m) but not less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code. Any such agreements by any named insured or agreement for the amount of coverage shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership,

maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or with respect to one or more natural persons designated by name when operating a motor vehicle or agree to provide such coverage in an amount less than that required by subdivision (m) of Section 11580.2 of the Insurance Code, but not less than the financial responsibility requirements. Uninsured motorists coverage insures the insured, his or her heirs, or legal representatives for all sums within the limits established by law, which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him or her from the owner or operator of an uninsured motor vehicle not owned or operated by the insured."

Such agreement may contain additional statements not in derogation of or conflict with the foregoing. The execution of such agreement shall relieve the insurer of liability under this section while such agreement remains in effect.

(b) As used in subdivision (a), "bodily injury" includes sickness or disease, including death, resulting therefrom; "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in subdivision (a); as used in subdivision (a), "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute automobile for which liability coverage is provided in the policy or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his or her permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his or her spouse if a resident of the same household, but "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the

accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his or her behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his or her legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, the term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the Safety Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

As used in this section, "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage to:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the

insured or his or her representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (2) of subdivision (c), the policy or endorsement may provide that if the insured has insurance available to him or her under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him or her, the damages which he or she shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his or her insurer, his or her legal representative, or his or her heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, such claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration

shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) such claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in the article shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in the article, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any proper court to which application is first made by either the insured or the insurer under the provisions of the article for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under the article with respect to the same accident, subject, however, to the right of the court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of paragraph (4) of subdivision (a) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in paragraph (2) of subdivision (b) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of

any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he or she may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him or her, his or her executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident one of the following occurs:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction.

(2) Agreement as to the amount due under the policy has been concluded.

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for

a period of 30 days from the date such written notice is actually given.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation as defined in subdivision (f) of Section 11580.1. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

(m) Coverage provided under an uninsured motorist endorsement or coverage shall be offered with coverage limits equal to the limits of liability for bodily injury in the underlying policy of insurance, but shall not be required to be offered with limits in excess of the following amounts:

(1) A limit of thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident.

(2) Subject to the limit for one person set forth in paragraph (1), a limit of sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident.

Thereafter, except as provided in subdivision (b), the deposit of the reinsuring and assuming insurers shall be security for the payment of all of such obligations assumed by such agreement as well as such obligations on workers' compensation insurance transacted in this state by the reinsurer, provided, however, that in determining the amount which shall remain on deposit as security for such obligations which are reinsured and assumed the method prescribed by paragraph (1) of subdivision (a) of Section 11699 shall be used without any limitation as to time. In providing for the transfer of the securities the agreement may provide for their direct transfer to the deposit account of the reinsurers, or, if the securities deposited are in such denominations or units as to make the

equitable transfer to more than one reinsurer impossible, it may provide either for a formula under which such transfers may be made and differences in value reconciled by payments or credits among the reinsurers or for the sale of such securities by the commissioner and the reinvestment of the proceeds in other securities in amounts which can be so equitably transferred.

(b) If the obligations of one or more reinsurers are secured by a bond rather than by a deposit the agreement shall provide that any transfer shall be to a separate deposit to be maintained by such insurer in which event such separate deposit shall only be held as security for the obligations reinsured and assumed under the contract and not as security for such obligations on other workers' compensation insurance transacted in this state. The amount which shall remain in such separate deposit shall be determined as set forth in subdivision (a).

(c) The agreement shall provide that if it appears that the market value of the securities on deposit will exceed the obligations assumed by the reinsurers the commissioner may withhold the transfer of a portion of the deposit and may after a two-year period enter into a final settlement with the reinsurers with respect thereto at which time any excess in such deposit shall be transferred to the general assets of the insurer in liquidation or conservation.

(a) Rates shall not be excessive or inadequate, as herein defined, nor shall they be unfairly discriminatory.

No rate shall be held excessive unless (1) the rate is unreasonably high for the insurance or other services provided, and (2) a reasonable degree of competition does not exist in the particular phase of the business of title insurance to which the rate is applicable.

No rate shall be held to be inadequate unless (1) the rate is unreasonably low for the insurance or other services provided and (2) the continued use of the rate endangers the solvency of the person or entity using it, or unless (3) the rate is unreasonably low for the insurance or other services provided and the use of the rate by the person or entity using it has, or if continued will have, the effect of destroying competition or creating a monopoly. However, no rate or rate classification shall be held to be inadequate for the reason that a rate within a rating classification is less than the cost of the risk and expense elements assigned to smaller insurances within that classification, and the excess of the costs may be charged against larger insurances within the classification without rendering the rate or rate classification unfairly discriminatory.

(b) Consideration shall be given, to the extent applicable, to past and prospective loss experience within and outside this state, to a reasonable margin for profit and contingencies, to past and prospective expenses both countrywide and those specially applicable to this state, and to all other factors, including judgment factors, deemed relevant within and outside this state.

(c) The systems of expense provisions included in the rates for use by any title insurer, underwritten title company, or controlled escrow company may differ from those of other title insurers, underwritten title companies, or controlled escrow companies to reflect the operating methods of the person or entity with respect to any kind of insurance, or other service, or with respect to any combination thereof.

(d) For the establishment of rates, risks, and services in the business of title insurance may be grouped by classifications into the various types of title policies or services offered. The classifications may be further divided to produce rates for individual risks or services within a classification. Those classifications or further divisions thereof may be established based upon any one or more of the following: (1) the size of a transaction and its effect upon the continuing solvency of the person or entity using the rate in question if a loss should occur; (2) expense elements, including the management time that would ordinarily be expended in a typical transaction of a particular size; (3) the geographic location of a transaction, including variations in risk and expense elements attributable thereto; (4) the individual experience of the person or entity using the rate in question; and (5) any other reasonable considerations. Those classifications or further divisions thereof shall apply to all risks and services in the business of title insurance under

the same or under substantially the same circumstances or conditions.

The commissioner may prescribe different fees for different types of documents, and in the case of documents submitted for approval or authorization of use, shall prescribe a fee only for the final approval or authorization for use, if any. The commissioner shall determine the fee, or fees, by estimating in advance the commissioner's total costs of performing these services for all types of documents for a specified period of time, estimating the total number of documents of various kinds which will be submitted for processing during such time and equitably distributing the total cost on a per document basis. The commissioner shall, after notice and hearing, promulgate such reasonable rules and regulations as are necessary to establish the standard or standards by which the commissioner shall determine the original fee schedule or any amended fee schedule. Any rule or regulation shall be promulgated in accordance with the procedure provided in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code and shall be effective 90 days after adoption by the commissioner, except the first fee schedule adopted by the commissioner under such regulation may be retroactive to the effective date of this section.

(b) For the purpose of this section, an award shall include any sums found owing, damages proved, and any penalties awarded pursuant to the provisions of this code.

The magistrate shall immediately deliver to the defendant a copy of the complaint, inform the defendant that he or she has the right to have the assistance of counsel, ask the defendant if he or she desires the assistance of counsel, and allow the defendant reasonable time to send for counsel. However, in a capital case, the court shall inform the defendant that the defendant must be represented in court by counsel at all stages of the preliminary and trial proceedings and that such representation will be at the defendant's expense if the defendant is able to employ counsel or at public expense if he or she is unable to employ counsel, inquire of him or her whether he or she is able to employ counsel and, if so, whether the defendant desires to employ counsel of the defendant's choice or to have counsel assigned for him or her, and allow the defendant a reasonable time to send for his or her chosen or assigned counsel. The magistrate must, upon the request of the defendant, require a peace officer to take a message to any counsel whom the defendant may name, in the

judicial district in which the court is situated. The officer shall, without delay and without a fee, perform that duty. If the defendant desires and is unable to employ counsel, the court shall assign counsel to defend him or her; in a capital case, if the defendant is able to employ counsel and either refuses to employ counsel or appears without counsel after having had a reasonable time to employ counsel, the court shall assign counsel to defend him or her. If it appears that the defendant may be a minor, the magistrate shall ascertain whether such is the case, and if the magistrate concludes that it is probable that the defendant is a minor, he or she shall immediately either notify the parent or guardian of the minor, by telephone or messenger, of the arrest, or appoint counsel to represent the minor. Upon the first court appearance of counsel, or upon a determination by a magistrate that the defendant can represent himself or herself, the prosecuting attorney shall, within two calendar days, deliver to, or make accessible for inspection and copying by, the defendant or counsel, copies of police, arrest and crime reports. Portions of such reports containing privileged information need not be disclosed if the defendant or counsel has been notified that privileged information has not been disclosed. The superior court shall hear and determine the motion on the basis of the record of the proceedings before the magistrate. If the motion is litigated to decision by the people, they shall be prohibited from refiling the action, or the portion thereof, which was dismissed.

If, within 10 days after the magistrate has dismissed the action or a portion thereof, the prosecuting attorney files a written request for a transcript of the proceedings with the clerk of the magistrate, the reporter shall immediately transcribe his or her shorthand notes pursuant to Section 869 and file with the clerk of the superior court an original plus one copy, and as many copies as there are defendants (other than a fictitious defendant). The reporter shall be entitled to compensation in accordance with the provisions of Section 869. The clerk of the superior court shall deliver a copy of the transcript to the prosecuting attorney immmediately upon its receipt and shall deliver a copy of the transcript to each defendant (other than a

fictitious defendant) upon his or her demand without cost.

When a court has ordered the resumption of proceedings before the magistrate, the magistrate shall resume the proceedings within 10 days after the superior court has entered an order directing the reinstatement of the complaint, or a portion thereof, or within 10 days after the remittitur is filed in the superior court. Upon receipt of the remittitur, the superior court shall forward a copy to the magistrate.

Pursuant to paragraph (9) of subdivision (a) of Section 1238 the people may take an appeal from the denial of the motion by the superior court to reinstate the complaint or a portion thereof. If the motion to reinstate the complaint is granted, the defendant may seek review thereof only pursuant to Sections 995 and 999a. The review may only be sought in the event the defendant is held to answer pursuant to Section 872.

Nothing contained herein shall preclude a magistrate, upon the resumption of proceedings, from considering a motion made pursuant to Section 1318.

guilty; or if he or she has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and in either case the court shall thereupon dismiss the accusatory pleading against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense of which he has been convicted, except as provided in Section 13555 of the Vehicle Code. The defendant shall be informed of the provisions of this section, either orally or in writing, at the time he or she is sentenced. The defendant may make such application and change of plea in person or by attorney, or by the probation officer authorized in writing; provided, that in any subsequent prosecution of such defendant for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if relief had not been granted pursuant to this section.

The person to whom property is delivered shall sign, under penalty of perjury, a declaration of ownership, which shall be retained by the clerk or person in charge of the property section. If the person upon whom a notice of claim and proof of ownership

has been served does not respond asserting a claim to the property within 15 days from the date of receipt of the service, the property may be disposed of in a manner not inconsistent with the provisions of this section.

(c) The magistrate before whom the complaint is laid, or who examines the charge against the person accused of stealing or embezzling the property, or the court before which a trial is had for stealing or embezzling it, shall upon application by the person from whom custody of the property was taken, review the determination of the clerk or person in charge of the property section, and may order the property taken into the custody of the court upon a finding that the person to whom the property was delivered is not entitled thereto. the vegetation, or other factors that may cause the rapid spread of fire. A proclamation shall be effective on issuance or at a time specified therein and remain in effect until an order of termination is issued. The proclamation shall declare the conditions that necessitate its issuance, designate the geographic area to which it applies, require that all or specified uses of open fire or burning under permit be suspended until the conditions necessitating the proclamation abate, and identify the public official issuing the proclamation. The proclamation shall be immediately released to the news media serving the area affected. The Director of Forestry shall by administrative regulation specify the type and size of fire extinguisher necessary to provide at least minimum assurance of controlling fire caused by use of portable power tools under various climatic and fuel conditions.

The required fire tools shall at no time be farther from the point of operation of the powersaw or tool than 25 feet with unrestricted access for the operator from the point of operation.

The disposal shall be done in compliance with regulations established by the director, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, or the purpose of eliminating the potential of fire or other safety hazards resulting from spontaneous combustion or other ignition sources.

A person shall not burn any flammable material in any incinerator within any state responsibility area, within any area receiving fire protection by the director by contract, or upon federal lands administered by the United States Department of Agriculture or Department of the Interior, unless all of the following minimum requirements are complied with:

(a) The area within 10 feet of the exterior of the incinerator is maintained free and clear of all flammable material and vegetation.

(b) A screen constructed of a nonflammable material, with no greater than ¼-inch mesh, or metal doors, close or cover each opening in the exterior of an incinerator to prevent the escape of flames, sparks, ashes, or other burning material which might cause an uncontrolled fire.

(c) A permit is obtained prior to burning for the use of the incinerator pursuant to Section 4423 and all other applicable provisions of law.

This section does not apply to the disposal of flammable material incident to the processing of forest products.

SEC. 353. Section 4476 of the Public Resources Code is amended to read:

4476. Any contract which is entered into pursuant to this article shall do all of the following:

(b) Clearly state the obligation of each party to the contract to provide, maintain, and repair equipment and indicate the number of each type of equipment to be provided and the duration of its availability.

(c) Designate an officer of the department as the fire boss with final authority to approve and amend the plan and formula applicable to the prescribed burning operation, to determine that the site has been prepared and the crew and equipment are ready to commence the operation, and to supervise the work assignments of departmental employees and all persons furnished by the person contracting with the department until the prescribed burning is completed and all fire is declared to be out.

(d) Provide that any personnel furnished by the person contracting with the department to assist in any aspect of site preparation or prescribed burning shall be agents of the person contracting with the department for all purposes of worker

compensation. However, any volunteer recruited or used by the department to suppress a wildland fire originating or spreading from a prescribed burning operation is an employee of the department for all purposes of worker compensation.

(e) Specify the value assigned to the materials, services, or equipment furnished by the person contracting with the department in lieu of payment of all or part of that person's share of the actual costs.

(f) Specify the director's estimate of total actual costs and the share of the costs of each party to the contract. The person contracting with the department shall, prior to the commencement of any work by the department, place on deposit, in an interest-bearing escrow or trust account with a California-licensed financial institution, an amount equal to the depositor's estimated share of the actual costs, less the value of materials, services, or equipment specified pursuant to subdivision (e). The deposit shall be subject to an escrow or trust instruction that final disbursement of the principal amount on deposit may only be made upon the signatures of both the depositor and the director or by court order; however, interest earned on that account shall accrue to the depositor and may be separately disbursed from the principal amount upon request of the depositor. Upon completion of the contract, the director shall determine the actual costs incurred by the state in the performance of the contract, excluding any costs to the department for suppressing any wildland fire originating or spreading from the prescribed burning operation. The costs shall be certified by the director and approved by the depositor, then submitted to the trustee for disbursement. Funds on deposit in excess of the depositor's share of actual costs shall be returned by the trustee to the depositor. If the amount of the depositor's share of actual costs is more than the amount on deposit, the director shall submit an itemized statement showing the balance due, and the person contracting with the department shall, within 90 days of the submittal of the statement, make payment to the director of the balance due.

(g) Provide that the department shall purchase a third party liability policy of insurance which provides coverage against loss resulting from a wildland fire sustained by any person or public agency, including the federal government. The amount of the policy shall be determined by the director. The policy shall name the person contracting with the department and the department as joint policy holders. The policy premium shall be included as an actual cost incurred by the state in the performance of the contract. A certificate of insurance covering each policy shall be attached to and become a part of the contract.

4554. Except for emergency regulations or orders of repeal adopted pursuant to Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code, the board shall not adopt or revise rules, regulations, or resource conservation standards unless a public hearing is first held respecting their adoption or revision. At least 30 days prior to the hearing, the board shall give notice of the hearing by publication pursuant to Section 6061 of the Government Code.

SEC. 356. Section 4555 of the Public Resources Code is amended to read:

4555. If the director determines that a substantial question exists concerning whether the intent of this chapter is currently provided for by the rules and regulations of the board, and that approval of a timber harvesting plan which has been filed could result in immediate, significant, and long-term harm to the natural resources of the state, the director may withhold decision on a timber harvesting plan. However, within five days of that action, the director shall notify the board of that action. Within 30 days of the receipt of the notice, the board shall, after a public hearing, make a determination as to whether or not the intent of this chapter has been provided for in the rules and regulations of the board. The determination shall be conclusive.

If the board finds that the intent of this chapter has not been provided for in the rules and regulations, the board shall act to amend the rules by emergency regulation in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The director shall act upon the plan within five days of the board's action. Emergency regulations adopted pursuant to this section shall be effective for no more than 120 days. The regulations may be made permanent if the board acts to adopt or revise its rules and regulations pursuant to procedures established in this article for the adoption of other than emergency regulations.

SEC. 357. Section 4582.8 of the Public Resources Code is amended to read:

4582.8. Within 10 days after receipt of a copy of the timber harvesting plan or notice, the county assessor shall assign the appropriate tax rate area designations to the plan or notice and transmit copies thereof to the timber owner listed in the timber harvesting plan or notice and to the State Board of Equalization

(b) Within 10 days of harvesting timber on land not subject to a timber harvesting plan, including public lands of a federal agency, each timber owner or operator shall notify the county assessor of the location of the harvest and the assessor shall assign the appropriate tax rate area designations and shall transmit copies thereof to the timber operator, if the land from which the timber is to be harvested is public land of a federal agency, or to the timber owner, if the land is timberland, as defined in Section 51100 of the Government Code, and to the State Board of Equalization.

SEC. 358. Section 4621 2 of the Public Resources Code is amended to read:

4621.2. (a) If the timberlands which are to be devoted to uses other than the growing of timber are zoned as timberland preserve zones under Section 51112 or 51113 of the Government Code, the application shall specify the proposed alternate use and shall include any information which the board determines to be necessary to evaluate the proposed alternate use. The board shall approve the application for conversion only if the board makes all of the following written findings:

(1) The conversion would be in the public interest.

(2) The conversion would not have a substantial and unmitigated adverse effect upon the continued timber-growing use or open-space use of other land zoned as timberland preserve and situated within one mile of the exterior boundary of the land upon which immediate rezoning is proposed.

(3) The soils, slopes, and watershed conditions would be suitable for the uses proposed if the conversion were approved.

(b) The existence of an opportunity for an alternative use of the land is not alone sufficient reason for conditionally approving an application for conversion. Conversion shall be considered only if there is no proximate and suitable land which is not zoned timberland preserve for the alternate use not permitted within a timberland preserve zone.

(c) The uneconomic character of the existing use is not sufficient reason for the conditional approval of conversion. The uneconomic character of the existing use may be considered only if there is no other reasonable or comparable timber-growing use to which the land may be put

(d) The board shall establish and publish a rate schedule of fees to be paid by the landowner for the cost of processing the application and recording the necessary documentation.

(e) If the board delegates its responsibilities under this section to the director pursuant to Section 4627, the director shall make the written findings required by subdivision (a). If the director denies

a conversion, the applicant may request a hearing before the board within 15 days of the denial. The hearing shall be scheduled within 60 days from the filing of the appeal.

(2) Surveys of ungranted tideland boundary lines made by the state, or made under contract with the state, or adopted by the state, shall sufficiently tie the surveyed boundary lines to record monuments disclosed by the public records in the office of the county recorder of the county in which the land so surveyed is located to the extent that adjoining property owners and officials of the local agency and others may determine the relation of the surveyed boundary lines to record title boundaries without additional survey.

(3) United States Coast and Geodetic Survey data shall be used in areas where available to establish boundary lines which are required under the title circumstances to be established in accordance with federal law. In areas where tideland boundary lines are required to be established under title circumstances which require the application of California law, available United States Coast and Geodetic Survey data shall be used but corrected as required. (b) The provisions of this section shall apply only to regulatory programs or portions thereof which involve either of the following:

(1) The issuance to a person of a lease, permit, license, certificate, or other entitlement for use.

(2) The adoption or approval of standards, rules, regulations or plans for use in the regulatory program.

(c) A regulatory program certified pursuant to this section is exempt from Chapter 3 (commencing with Section 21100) and Chapter 4 (commencing with Section 21150) and Section 21167.

(d) In order to qualify for certification pursuant to this section, a regulatory program shall require utilization of an interdisciplinary approach which will ensure the integrated use of the natural and social sciences in decisionmaking and shall meet all of the following criteria:

(1) The enabling legislation of the regulatory program shall:

(A) Include protection of the environment among its principal purposes.

(B) Contain authority for the administering agency to promulgate rules and regulations for the protection of the environment, guided by standards set forth in the enabling legislation.

(2) The rules and regulations adopted by the administering agency shall:

(A) Require that an activity will not be approved or adopted as proposed, if there are feasible alternatives or feasible mitigation measures available which would substantially lessen any significant adverse impact which the activity may have on the environment.

(B) Include guidelines for the orderly evaluation of proposed activities and the preparation of the plan or other written documentation in a manner consistent with the environmental protection purposes of the regulatory program.

(C) Require the administering agency to consult with all public agencies which have jurisdiction, by law, with respect to the proposed activity.

(D) Require that final action on the proposed activity include the written responses of the issuing authority to significant environmental points raised during the evaluation process.

(E) Require the filing of a notice of the decision by the administering agency on the proposed activity with the Secretary of the Resources Agency. The notices shall be available for public inspection, and a list of the notices shall be posted on a weekly basis in the office of the Resources Agency. Each list shall remain posted for a period of 30 days.

(F) Require notice of the filing of the plan or other written documentation to be made to the public and to any person who requests, in writing, notification. The notification shall be made in a manner that will provide the public or any person with sufficient time to review and comment on filing.

(3) The plan or other written documentation required by the regulatory program shall:

(A) Include a description of the proposed activity with alternatives to the activity, and mitigation measures to minimize any significant adverse environmental impact.

(B) Be available for a reasonable time for review and comment by other public agencies and the general public.

(e) The Secretary of the Resources Agency shall certify a regulatory program which the secretary determines meets all the qualifications for certification set forth in this section, and withdraw certification on determination that the regulatory program has been altered so that it no longer meets the qualifications. Certification and withdrawal of certification shall occur only after compliance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

In determining whether or not a regulatory program meets the qualifications for certification set forth in this section, the inquiry of the Secretary of the Resources Agency shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The inquiry shall not extend to individual decisions to be reached under such regulatory program, including the nature of specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity.

If the Secretary of the Resources Agency determines that the regulatory program submitted for certification does not meet the qualifications for certification set forth in this section, the secretary shall adopt findings setting forth the reasons for that determination.

(f) After a regulatory program has been certified pursuant to this section, any proposed change in the program which could affect compliance with the qualifications for certification specified in subdivision (d) may be submitted to the Secretary of the Resources Agency for review and comment. The scope of the secretary's review shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The review shall not extend to individual decisions to be reached under the regulatory program, including specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity. The secretary shall have 30 days after receipt of the proposed change to notify the state agency, board, or commission whether the proposed change will alter the regulatory program so that it no longer meets the qualification for certification established in this section and will result in a withdrawal of certification as provided in this section.

(g) Any action or proceeding to attack, review, set aside, void, or annul a determination or decision of a state agency, board, or commission approving or adopting a proposed activity under a regulatory program which has been certified pursuant to this section, on the basis that the plan or other written documentation prepared pursuant to paragraph (3) of subdivision (d) does not comply with this section shall be commenced no later than 30 days from the date of the filing of notice of the approval or adoption of the activity.

(h) Any action or proceeding to attack, review, set aside, void, or annul a determination of the Secretary of the Resources Agency to certify a regulatory program pursuant to this section, on the basis that the regulatory program does not comply with this section, shall be commenced within 30 days after certification by the secretary.

In any action brought under this subdivision, the inquiry shall extend only to whether there was a prejudicial abuse of discretion by the Secretary of the Resources Agency. Abuse of discretion is established if the secretary has not proceeded in a manner required by law or if the determination is not supported by substantial evidence.

(i) For purposes of this section, any county agricultural commissioner shall be considered a state agency.

SEC. 370. Section 21083 of the Public Resources Code is amended to read:

21083. The Office of Planning and Research shall prepare and develop proposed guidelines for the implementation of this division by public agencies. The guidelines shall include objectives and criteria for the orderly evaluation of projects and the preparation of environmental impact reports and negative declarations in a manner consistent with this division.

The guidelines shall specifically include criteria for public agencies to follow in determining whether or not a proposed project may have a "significant effect on the environment." The criteria shall require a finding that a project may have a "significant effect on the

environment" if any of the following conditions exist:

(a) A proposed project has the potential to degrade the quality of the environment, curtail the range of the environment, or to achieve short-term, to the disadvantage of long-term, environmental goals.

(b) The possible effects of a project are individually limited but cumulatively considerable. As used in this subdivision, "cumulatively considerable" means that the incremental effects of an individual project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.

(c) The environmental effects of a project will cause substantial adverse effects on human beings, either directly or indirectly.

The guidelines shall also include procedures for determining the lead agency pursuant to Section 21165.

The guidelines shall also include criteria for public agencies to use in determining when a proposed project is of sufficient statewide, regional, or areawide environmental significance that it should be submitted to appropriate state agencies for review and comment prior to completion of an environmental impact report or negative declaration thereon

The Office of Planning and Research shall develop and prepare the proposed guidelines as soon as possible and shall transmit them immediately to the Secretary of the Resources Agency. The Secretary of the Resources Agency shall certify and adopt the guidelines pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, which shall become effective upon the filing thereof. The notice shall be an attempt primarily to determine the suitability of the proposed sites to accommodate the facilities and to determine the general conformity of the proposed sites and related facilities with standards of the commission and forecasts adopted pursuant to Sections 25216.3 and 25309. The notice shall be in the form prescribed by the commission and shall be supported by such information as the commission may require.

Any site and related facility once found to be acceptable pursuant to Section 25516 is, and shall continue to be, eligible for consideration in an application for certification without further proceedings required for a notice under this chapter.

After 24 months after an intermittent ignition device has been certified by the commission, no person shall sell or offer for sale in this state any new gas appliances, as defined in Section 25950, without obtaining the proper seal of certification from the commission, unless the commission otherwise permits such action. Beginning 24 months after an intermittent ignition device has been certified by the commission, no city or county, city and county, or state agency shall issue a permit for any building to be equipped with any new gas appliance, as defined in Section 25950, unless such building permit shows that the gas appliance complies with this chapter. However, any new gas appliance which does not comply with this chapter may be installed if the appliance was purchased pursuant to a contract executed prior to June 17, 1978, and if the building permit was approved prior to July 8, 1978.

SEC. 379. Section 30168 of the Public Resources Code, as added by Chapter 170 of the Statutes of 1980, is amended and renumbered to read:

30169. (a) The Legislature hereby finds and declares that a dispute exists as to the proper location of the inland boundary of the coastal zone in the area commonly known as Aliso Viejo and that, after extensive review of the history of this boundary segment, the criteria utilized to establish the boundary in 1976, and the relevant topographical information, it is possible to reach differing conclusions of equal validity regarding the proper location of the coastal zone boundary. The Legislature further finds that it is not possible to determine objectively which ridgeline feature in the Aliso Viejo area most closely approximates the boundary criteria utilized

by the Legislature in 1976, and that it is in the best public interest to resolve the current boundary dispute in order to avoid further delay in the completion of the local coastal program for Orange County. The Legislature further finds that a timely resolution of this boundary dispute can best be accomplished by adjusting the coastal zone boundary in the manner set forth in this section and within the general framework of Section 30103 and consistent with the need to protect the coastal resources of the Aliso Viejo area and to carry out the requirements of Section 30213.

(b) In the Aliso Creek area of Orange County approximately 286 acres are added and approximately 1,020 acres are excluded as specifically shown on maps 28A and 28B dated April 15, 1980, and filed on April 22, 1980, with the office of the Secretary of State and which are on file in the office of the commission. The maps are hereby adopted by reference. The changes made in the inland boundary of the coastal zone by this section are in addition to any changes made by any map referred to in Section 30150, except to the extent that the changes made by this section affect a segment of the boundary previously changed by the map, in which case the changes made by this section shall supersede any of those previous changes.

(c) The executive director of the commission may adjust the precise location of the inland boundary of the coastal zone not more than 100 yards in either a seaward or landward direction in order to conform the precise boundary location to the specific limits of development adjacent to the coastal zone boundary as shown on maps 28A and 28B. However, in any subdivided area, the executive director may adjust the precise location of the inland boundary of the coastal zone not more than 100 feet in a landward direction in order to include any development of the first row of lots immediately adjacent to the boundary as shown on those maps, where the executive director determines that the adjustment is necessary to ensure that adequate controls will be applied to the development in order to minimize any potential adverse effects on the coastal zone resources. The executive director shall prepare a detailed map showing any of the changes and shall file a copy of the map with the county clerk.

(d) Prior to the adoption and approval of a drainage control plan by the County of Orange for the Aliso Viejo Planned Community (as designated by Amendment No. L. U. 79-1 to the Land Use Element of the Orange County General Plan), the county shall consult with the executive director of the commission to ensure that any drainage control facilities located outside the coastal zone are adequate to provide for no increase in peak runoff, by virtue of the development of the Aliso Viejo Planned Community, which would result in adverse impacts on coastal zone resources.

(e) On or before January 31, 1981, the commission shall, after public hearing and in consultation with the County of Orange, certify or reject a local coastal program segment prepared and submitted by the county on or before August 1, 1980, for the

following parcel in the Aliso Creek area: land owned by the Aliso Viejo Company, a California corporation, as of April 22, 1980, within the coastal zone as amended by this section. The local coastal program required by this subdivision shall, for all purposes of this division, constitute a certified local coastal program segment for that parcel in the County of Orange. The segment of the county's local coastal program for the parcel may be amended pursuant to this division relating to the amendment of local coastal programs. If the commission neither certifies nor rejects the submitted local coastal program within the time limit specified in this subdivision, the land added to the coastal zone by this section shall no longer be subject to this division. It is the intent of the Legislature in enacting this subdivision, that a procedure to expedite the preparation and adoption of a local coastal program for that land be established so that the public and the affected property owner know as soon as possible what uses are permissible.

(f) The commission, through its executive director, shall enter into a binding and enforceable agreement with Aliso Viejo Company, and the agreement shall be recorded as a covenant to run with the land with no prior liens other than tax and assessment liens restricting the Aliso Viejo Planned Community. The agreement shall provide for all of the following:

(1) The Aliso Viejo Company shall provide at least 1,000 units of for-sale housing to moderate-income persons at prices affordable to a range of households earning from 81 to 120 percent of the median income for Orange County as adjusted for family size pursuant to the commission's housing guidelines on affordable housing dated January 22, 1980, and July 16, 1979, and any additional provisions as agreed to between the commission and the Aliso Viejo Company as referred to in this subdivision.

For purposes of this subdivision, median income constitutes the figure most recently established by the Department of Housing and Urban Development at the time the public report for the units, or any portion thereof, is issued by the Department of Real Estate. The affordable units required by this subdivision shall be priced equally over the moderate-income range and shall reflect a reasonable mix as to size and number of bedrooms.

(2) The 1,000 units provided pursuant to this subdivision shall be sold subject to controls on resale substantially as provided in the commission's housing guidelines on affordable housing, dated January 22, 1980, and July 16, 1979, and any additional provisions as agreed to between the commission and the Aliso Viejo Company as referred to in this subdivision. On or before entering the agreement provided for herein, the Aliso Viejo Company shall enter into an agreement, approved by the executive director of the commission, with the Orange County Housing Authority or any other appropriate housing agency acceptable to the executive director of the commission to provide for the administration of the resale controls including the qualification of purchasers.

(3) The 1,000 units provided pursuant to this subdivision may be dispersed throughout the Aliso Viejo Planned Community, and shall be completed and offered for sale prior to, or simultaneously with, other units in the overall project, so that at any time at least 7½ percent of the units constructed shall be resale-controlled until the 1,000 units are completed.

(4) The Department of Housing and Community Development and the County of Orange shall be third party beneficiaries to the agreement provided in this subdivision and shall have the power to enforce any and all provisions of the agreement.

(5) This agreement may only be amended upon the determination of the Aliso Viejo Company or its successors or assigns, the commission, the Department of Housing and Community Development, and the County of Orange that the change is necessary in order to prevent adverse effects on the supply of low- and moderate-income housing opportunities and to improve the methods of providing the housing at continually affordable prices.

The Legislature hereby finds and declares that, because the Aliso Viejo Company, in addition to the 1,000 units of controlled housing provided in this subdivision, will provide for 2,000 units of subsidized affordable housing for low income persons and 2,000 affordable housing units for moderate income persons pursuant to the company's housing program, the purposes of Section 30213 will be met by enactment of this subdivision. The Legislature further finds and declares that the general provisions of this subdivision are specifically described and set forth in letters by Aliso Viejo Company and the executive director of the commission published in the Journals of the Senate and the Assembly of the 1979–80 Regular Session, and it is the intent of the Legislature that the commission and Aliso Viejo Company conform the agreement provided in this subdivision to the specific provisions described in the letters.

(g) Notwithstanding any other provision of law, the application of this division by the commission to the development or use of any infrastructure necessary and appropriate to serve development within the portions of the Aliso Viejo Planned Community located inland of the coastal zone as amended by this section, shall be strictly limited to addressing direct impacts on coastal zone resources and shall be carried out in a manner that assures that the infrastructure will be provided Furthermore, the commission shall amend without conditions its prior permit No A-61-76 to provide for its release of sewer outfall flow limitations necessary and appropriate to serve the Aliso Viejo Planned Community located inland of the coastal zone as amended by this subdivision. For purposes of this subdivision, "infrastructure" means those facilities and improvements necessary and appropriate to develop, construct, and serve urban communities, including but not limited to, streets, roads, and highways; transportation systems and facilities; schools; parks, water and sewage systems and facilities, electric, gas, and communications systems and facilities; and drainage and flood control systems and

facilities Notwithstanding this subdivision, the commission may limit, or reasonably condition, the use of the transit corridor in Aliso Creek Valley to transit uses, uses approved by the commission that will serve the Aliso Greenbelt Project prepared by the State Coastal Conservancy, the provision of access to and from the sewage treatment works in Aliso Creek Valley, emergency uses, and drainage and flood control systems and facilities and other services approved pursuant to this subdivision.

(h) This section shall become operative only when the commission and Aliso Viejo Company have entered into the binding and enforceable agreement provided for in this section, and the agreement has been duly recorded with the county recorder of Orange County.

SEC. 380. Section 30170.6 of the Public Resources Code, as added by Chapter 1103 of the Statutes of 1980, is amended and renumbered to read:

30170.7. (B) The auditor shall estimate the amount of property tax revenue generated within the territory which is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to

each local agency pursuant to Section 96 or 97, and Section 98, notwithstanding the provisions of Section 98.6.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) which is subject to a negotiated exchange.

(f) For the purpose of determining the amount of property tax to

be allocated in 1979–80 and thereafter, for a city incorporation which was filed pursuant to Sections 54900 to 54904 after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by such jurisdiction for the 1978–79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to such incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978–79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977–78 fiscal year. (1) The governing body of each such district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by the change shall determine the amount of property tax revenues to be exchanged between and among such affected jurisdictions. The determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in

more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(i) For purposes of subdivision (h), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall negotiate the amount, if any, of property tax revenues to be exchanged. In the negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to such annexation for the purposes of paying tuition expenses of residents enrolled in the community college district, adjusted each year by the percentage change in population and the percentage change in cost of living, or per capita personal income, whichever is lower, less the amount of revenue received by the community college district in the annexed area from the timber yield tax and forest reserve receipts.

SEC. 405. The heading of Article 4 (commencing with Section 14791) of Chapter 12 of Part 8 of Division 2 of the Revenue and Taxation Code is repealed.

SEC. 406. Section 15556 of the Revenue and Taxation Code is amended to read:

SEC. 407. Section 17153 of the Revenue and Taxation Code is amended to read:

17153. Gross income does not include wages, fees, or salary of an employee of a foreign country (including a consular or other officer, or a nondiplomatic representative) received as compensation for official services to that country if all of the following conditions are met:

(a) The employee is not a citizen of the United States.

(b) The services are of a character similar to those performed by employees of the United States in foreign countries.

(c) The foreign country and political subdivisions thereof do not tax the wages, fees, or salaries of employees of the United States performing similar services in that country.

SEC. 408. Section 17203 of the Revenue and Taxation Code is amended to read:

17203 (a) There shall be allowed as a deduction all interest paid or accrued within the taxable year on indebtedness. However, no deduction shall be allowed to the extent that it is connected with income not taxable under this part. The proper apportionment and allocation of the deduction with respect to taxable and nontaxable income shall be determined under rules and regulations prescribed by the Franchise Tax Board.

(b) (1) If personal property or educational services are purchased under a contract—

(A) Which provides that payment of part or all of the purchase price is to be made in installments; and

(B) In which carrying charges are separately stated but the interest charge cannot be ascertained;

then the payments made during the taxable year under the contract shall be treated for purposes of this section as if they included interest equal to 6 percent of the average unpaid balance under the contract during the taxable year. For purposes of the preceding sentence, the average unpaid balance is the sum of the unpaid balance outstanding on the first day of each month beginning during the taxable year, divided by 12.

For purposes of this paragraph, the term "educational services" means any service (including lodging) which is purchased from an educational institution (as defined in subdivision (c) of Section 17150) and which is provided for a student of such institution.

(2) In the case of any contract to which paragraph (1) applies, the amount treated as interest for any taxable year shall not exceed the aggregate carrying charges which are properly attributable to such taxable year.

(c) The amendments made in subdivision (b) shall apply to payments made during taxable years beginning after December 31, 1963

(d) (1) The amount of investment interest (as defined in subparagraph (D) of paragraph (3)) otherwise allowable as a deduction under this part shall be limited, in the following order, to—

(A) Ten thousand dollars ($10,000) (five thousand dollars ($5,000), in the case of a separate return by a married individual), plus

(B) The amount of the net investment income (as defined in subparagraph (A) of paragraph (3)), plus the amount (if any) by which the deductions allowable under this section (determined without regard to this subdivision) and Section 17202, paragraphs (1) and (2) of subdivision (a) of Section 17204 or Section 17252 attributable to property of the taxpayer subject to a net lease exceeds the rental income produced by such property for the taxable year.

In the case of a trust, the ten thousand dollars ($10,000) amount specified in subparagraph (A) shall be zero.

(2) The amount of disallowed investment interest for any taxable year shall be treated as investment interest paid or accrued in the succeeding taxable year.

(3) For purposes of this subdivision—

(A) The term "net investment income" means the excess of investment income over investment expenses. If the taxpayer has investment interest for the taxable year to which this subdivision (as in effect before the enactment of the amendments made in this subdivision in the 1977–78 Legislative Session) applies, the amount of the net investment income taken into account under this subdivision shall be the amount of such income (determined without regard to this sentence) multiplied by a fraction, the numerator of which is the excess of the investment interest for the taxable year

over the investment interest to which such prior provision applies, and the denominator of which is the investment interest for the taxable year.

(B) The term "investment income" means—

(i) The gross income from interest, dividends, rents, and royalties,

(ii) The capital gain attributable to the disposition of property held for investment and held for not more than one year, and

(iii) Any amount treated under Sections 18211, 18212 to 18218, inclusive, and 18221 as gain from the sale or exchange of property which is neither a capital asset nor property described in Sections 18181 and 18182 but only to the extent such income, gain, and amounts are not derived from the conduct of a trade or business.

(C) The term "investment expenses" means the deductions allowable under Section 17202, paragraph (1) or (2) of subdivision (a) of Section 17204, Sections 17207, 17208 to 17211.7, inclusive, 17217 to 17221, inclusive, 17252, or 17681 directly connected with the production of investment income. For purposes of this subparagraph, the deduction allowable under Sections 17208 to 17211.5, inclusive, with respect to any property may be treated as the amount which would have been allowable had the taxpayer depreciated the property under the straight line method for each taxable year of its useful life for which the taxpayer has held the property, and the deduction allowable under Section 17681 with respect to any property may be treated as the amount which would have been allowable had the taxpayer determined the deduction under Section 17681 without regard to Sections 17683 to 17688, inclusive, for each taxable year for which the taxpayer has held the property.

(D) The term "investment interest" means interest paid or accrued on indebtedness incurred or continued to purchase or carry property held for investment.

(E) The term "disallowed investment interest" means with respect to any taxable year, the amount not allowable as a deduction solely by reason of the limitation in paragraph (1).

(4) (A) For purposes of this subdivision, property subject to a lease shall be treated as property held for investment, and not as property used in a trade or business, for a taxable year, if—

(i) For such taxable year the sum of the deductions of the lessor with respect to such property which are allowable solely by reason of Section 17202 (other than rents and reimbursed amounts with respect to such property) is less than 15 percent of the rental income produced by such property, or

(ii) The lessor is either guaranteed a specified return or is guaranteed in whole or in part against loss of income.

(B) In the case of a partnership, each partner shall, under regulations prescribed by the Franchise Tax Board, take into account separately his or her distributive share of the partnership's investment interest and the other items of income and expense taken into account under this subdivision.

(C) For purposes of this subdivision, interest paid or accrued on

indebtedness incurred or continued in the construction of property to be used in a trade or business shall not be treated as investment interest.

(5) This subdivision shall not apply with respect to investment interest, investment income, and investment expenses attributable to a specific item of property, if the indebtedness with respect to such property—

(A) Is for a specified term, and

(B) Was incurred before December 17, 1969, or is incurred after December 16, 1969, pursuant to a written contract or commitment which, on such date and at all times thereafter prior to the incurring of such indebtedness, is binding on the taxpayer.

For taxable years beginning after December 31, 1976, the paragraph shall be applied on an allocation basis rather than a specific item basis.

(6) For purposes of subparagraph (A) of paragraph (4)—

(A) If a parcel of real property of the taxpayer is leased under two or more leases, clause (i) of subparagraph (A) of paragraph (4) shall, at the election of the taxpayer, be applied by treating all leased portions of such property as subject to a single lease; and

(B) At the election of the taxpayer, clause (i) of subparagraph (A) of paragraph (4) shall not apply with respect to real property of the taxpayer which has been in use for more than five years

An election under subparagraph (A) or (B) shall be made at such time and in such manner as the Franchise Tax Board prescribes by regulations.

(7) (A) In the case of any 50-percent-owned corporation or partnership, the ten thousand dollar ($10,000) figure specified in paragraph (1) shall be increased by the lesser of—

(i) Fifteen thousand dollars ($15,000), or

(ii) The interest paid or accrued during the taxable year on investment indebtedness incurred or continued in connection with the acquisition of the interest in such corporation or partnership.

In the case of a separate return by a married individual, seven thousand five hundred dollars ($7,500) shall be substituted for the fifteen thousand dollars ($15,000) figure in clause (i).

(B) This paragraph shall apply with respect to indebtedness only if the taxpayer, his or her spouse, and his or her children own 50 percent or more of the total value of all classes of stock of the corporation or 50 percent or more of all capital interests in the partnership, as the case may be

(e) (1) The amendments made in subdivision (d) by the First Extraordinary Session of the 1971 Legislature and the Regular Session of the 1972 Legislature shall apply to taxable years beginning after December 31, 1971.

(2) Except as provided in paragraph (3), the amendments made in subdivision (d) by the 1977–78 Legislature shall apply to taxable years beginning after December 31, 1976.

(3) In the case of indebtedness attributable to a specific item of

property which—

(A) Is for a specified term, and

(B) Was incurred before September 11, 1975, or is incurred after September 10, 1975, pursuant to a written contract or commitment which on September 11, 1975, and at all times thereafter before the incurring of such indebtedness, is binding on the taxpayer.

The amendments made by this section at the 1977–78 Regular Session of the Legislature shall not apply, but subdivision (d) of Section 17203 (as in effect before the enactment of these amendments) shall apply. For purposes of the preceding sentence, so much of the net investment income (as defined in subparagraph (A) of paragraph (3) of subdivision (d) of Section 17203) for any taxable year as is not taken into account under subdivision (d) of Section 17203, as amended by these amendments, by reason of the last sentence of subparagraph (A) of paragraph (3) of subdivision (d), shall be taken into account for purposes of applying such section as in effect before the date of enactment of these amendments with respect to interest on indebtedness referred to in the preceding sentence.

SEC. 409. Section 17206 of the Revenue and Taxation Code is amended to read:

17206. (a) There shall be allowed as a deduction any loss sustained during the taxable year and not compensated for by insurance or otherwise.

(b) For purposes of subdivision (a), the basis for determining the amount of the deduction for any loss shall be the adjusted basis provided in Section 18041 for determining the loss from the sale or other disposition of property.

(c) In the case of an individual, the deduction under subdivision (a) shall be limited to—

(1) Losses incurred in a trade or business;

(2) Losses incurred in any transaction entered into for profit, though not connected with a trade or business; and

(3) Losses of property not connected with a trade or business, if the losses arise from fire, storm, shipwreck, or other casualty, or from theft. A loss described in this paragraph shall be allowed only to the extent that the amount of loss to the individual arising from each casualty, or from each theft, exceeds one hundred dollars ($100). For purposes of the one hundred dollars ($100) limitation of the preceding sentence, a husband and wife making a joint return under Section 18402 for the taxable year in which the loss is allowed as a deduction shall be treated as one individual. No loss described in this paragraph shall be allowed if, at the time of filing the return, the loss has been claimed for inheritance tax purposes in the inheritance tax return.

(d) Losses from wagering transactions shall be allowed only to the extent of the gains from the transactions.

(e) For purposes of subdivision (a), any loss arising from theft shall be treated as sustained during the taxable year in which the

taxpayer discovers the loss.

(g) (1) If any security which is a capital asset becomes worthless during the taxable year, the loss resulting therefrom shall, for purposes of this part, be treated as a loss from the sale or exchange, on the last day of the taxable year, of a capital asset.

(2) For purposes of this subdivision, the term "security" means—

(A) A share of stock in a corporation;

(B) A right to subscribe for, or to receive, a share of stock in a corporation; or

(C) A bond, debenture, note, or certificate, or other evidence of indebtedness, issued by a corporation or by a government or political subdivision thereof, with interest coupons or in registered form.

SEC. 410. Section 17253 of the Revenue and Taxation Code is amended to read:

17253. There shall be allowed as a deduction the following amounts, not compensated for by insurance or otherwise—

(a) The amount by which the amount of the expenses paid during the taxable year (reduced by any amount deductible under subdivision (b)) for medical care of the taxpayer, his spouse, and dependents (as defined in Section 17056) exceeds 3 percent of the adjusted gross income, and

(b) An amount (not in excess of one hundred fifty dollars ($150)) equal to one-half of the expenses paid during the taxable year for insurance which constitutes medical care for the taxpayer, his spouse, and dependents.

(c) As used in this section, "expenses" includes any amount paid, as required under the parental reimbursement regulation in Title 17 of the California Administrative Code, as certified by the State Department of Developmental Services.

SEC. 411. Section 17482 of the Revenue and Taxation Code is amended to read:

17482. (a) No gain or loss shall be recognized on an exchange consisting of the relinquishment or extinguishment of stock or securities in a corporation the plan or reorganization of which is approved by the court in a proceeding described in Section 17481, in consideration of the acquisition solely of stock or securities in a corporation organized or made use of to effectuate such plan of reorganization.

(b) If an exchange would be within the provisions of subdivision (a) if it were not for the fact that the property received in exchange consists not only of property permitted by subdivision (a) to be received without the recognition of gain, but also of other property or money, then the gain, if any, to the recipient shall be recognized, but in an amount not in excess of the sum of such money and the fair market value of such other property.

SEC. 412. Section 17631 of the Revenue and Taxation Code is amended to read:

17631. An organization described in Section 17501 shall be exempt from taxation under this part unless such exemption is denied under Sections 17635 to 17639, inclusive.

SEC. 413. Section 17637 of the Revenue and Taxation Code is amended to read:

17637. For purposes of Sections 17635 to 17639, inclusive, the term "prohibited transaction" means any transaction in which an organization subject to the provisions of Sections 17635 to 17639, inclusive—

SEC. 414. Section 18082 of the Revenue and Taxation Code is amended to read:

(a) Into property similar or related in service or use to the property so converted, no gain shall be recognized.

(b) Into money, and the disposition of the converted property occurred before January 1, 1953, no gain shall be recognized if such money is forthwith in good faith, under regulations prescribed by the Franchise Tax Board, expended in the acquisition of other property similar or related in service or use to the property so converted, or in the acquisition of control of a corporation owning such other property, or in the establishment of a replacement fund. If any part of the money is not so expended, the gain shall be recognized to the extent of the money which is not so expended (regardless of whether

such money is received in one or more taxable years and regardless of whether or not the money which is not so expended constitutes gain). For the purposes of this section and Section 18083, the term "disposition of the converted property" means the destruction, theft, seizure, requisition, or condemnation of the converted property, or the sale or exchange of such property under threat or imminence of requisition or condemnation. SEC. 415. Section 18211 of the Revenue and Taxation Code is amended to read:

18211. (a) (1) Except as otherwise provided in this section, if Section 18211 property is disposed of during a taxable year beginning after December 31, 1962, the amount by which the lower of—

(A) The recomputed basis of the property, or

(B) (i) In the case of a sale, exchange or involuntary conversion, the amount realized, or

(ii) In the case of any other disposition, the fair market value of such property,

(2) For purposes of this section, the term "recomputed basis" means—

(A) With respect to any property referred to in subparagraph (A) or (B) of paragraph (3), its adjusted basis recomputed by adding thereto all adjustments, attributable to periods after December 31, 1961,

For purposes of this section, any deduction allowable under Section 17227 shall be treated as if it were a deduction for amortization.

(3) For purposes of this section, the term "Section 18211 property" means any property which is or has been property of a character subject to the allowance for depreciation provided in Sections 17208 to 17211.7, inclusive, and is either—

(4) (A) For purposes of this section, if a franchise to conduct any sports enterprise is sold or exchanged, and if, in connection with such sale or exchange, there is a transfer of any player contracts, the recomputed basis of such player contracts in the hands of the transferor shall be the adjusted basis of such contracts increased by the greater of—

(i) The previously unrecaptured depreciation with respect to player contracts acquired by the transferor at the time of acquisition of such franchise, or

(ii) The previously unrecaptured depreciation with respect to the player contracts involved in such transfer.

(B) For purposes of clause (i) of subparagraph (A), the term "previously unrecaptured depreciation" means the excess (if any) of—

(i) The sum of the deduction allowed or allowable to the taxpayer transferor for the depreciation attributable to periods after December 31, 1975, of any player contracts acquired by him or her

at the time of acquisition of such franchise, plus the deduction allowed or allowable for losses incurred after December 31, 1975, with respect to such player contracts acquired at the time of such acquisition, over

(ii) The aggregate of the amounts described in clause (i) treated as ordinary income by reason of this section with respect to prior dispositions of such player contracts acquired upon acquisition of the franchise.

(C) For purposes of clause (ii) of subparagraph (A), the term "previously unrecaptured depreciation" means the amount of any deduction allowed or allowable to the taxpayer transferor for the depreciation of any contracts involved in such transfer.

(D) For purposes of this paragraph, the term "player contract" means any contract for the services of an athlete which, in the hands of the taxpayer, is of a character subject to the allowance for depreciation provided in Section 17208.

(b) (1) Subdivision (a) shall not apply to a disposition by gift.

(2) Except as provided in Sections 17831 to 17837, inclusive (relating to income in respect of a decedent), subdivision (a) shall not apply to a transfer at death.

(3) If the basis of property in the hands of a transferee is determined by reference to its basis in the hands of the transferor by reason of the application of Section 17431, 17481, 17881, 17891, or Section 24502, 24521, or 24551 of the Bank and Corporation Tax Law, then the amount of gain taken into account by the transferor under paragraph (1) of subdivision (a) shall not exceed the amount of gain recognized to the transferor on the transfer of such property (determined without regard to this section). This paragraph shall not apply to a disposition to an organization which is exempt from the tax imposed by this part.

(4) If property is disposed of and gain (determined without regard to this section) is not recognized in whole or in part under Section 18081 or Sections 18082 to 18090.2, inclusive, then the amount of gain taken into account by the transferor under paragraph (1) of subdivision (a) shall not exceed the sum of—

(A) The amount of gain recognized on such disposition (determined without regard to this section), plus

(B) The fair market value of property acquired which is not Section 18211 property and which is not taken into account under subparagraph (A).

(5) Under regulations prescribed by the Franchise Tax Board, rules consistent with paragraphs (3) and (4) shall apply in the case of transactions described in Section 18121 (relating to gain from sale or exchange to effectuate policies of FCC) or Sections 18131 to 18134, inclusive (relating to exchanges in obedience to SEC orders)

(6) (A) For purposes of this section, the basis of Section 18211

property distributed by a partnership to a partner shall be deemed to be determined by reference to the adjusted basis of such property to the partnership.

(B) In the case of any property described in subparagraph (A), for purposes of computing the recomputed basis of such property the amount of the adjustments added back for periods before the distribution by the partnership shall be—

(i) The amount of the gain to which subdivision (a) would have applied if such property had been sold by the partnership immediately before the distribution at its fair market value at such time, reduced by

(ii) The amount of such gain to which Section 17912 applied.

(c) The Franchise Tax Board shall prescribe such regulations as it may deem necessary to provide for adjustments to the basis of property to reflect gain recognized under subdivision (a).

(d) This section shall apply notwithstanding any other provisions of this part.

SEC. 416 Section 18816.5 of the Revenue and Taxation Code is amended to read:

18816.5. (a) Whenever any payer required to deduct and withhold tax under Section 18805 sells, transfers, dissolves, withdraws, terminates or otherwise disposes of the business or a substantial portion of its assets, the successors (including assigns, purchasers, heirs, distributees, beneficiaries or other persons acquiring either a substantial portion of the assets or the business) shall withhold in trust a sufficient part of the purchase price or set aside in trust money or property to cover the amount of the taxes required to be withheld and any interest or penalties with respect thereto which are due or unpaid by the payer. The money, property or portion of the purchase price shall be held in trust until a certificate is issued by the Franchise Tax Board stating that no amount of such tax, interest or penalties are due or unpaid from the payer.

(b) Upon written request by the successor, the Franchise Tax Board shall, within 60 days, issue a certificate or a statement showing the amount of tax, interest and penalties due from the payer. Except as provided in subdivision (c), failure to issue a certificate or statement within the 60-day period shall be deemed equivalent to the issuance of a certificate stating that no tax, interest or penalties are due. If the Franchise Tax Board issues a statement showing that taxes, interest and penalties are claimed to be due, the amount stated therein (not in excess of the fair market value of the assets or business acquired) shall be paid by the successor to the Franchise Tax Board within (1) 30 days after the statement is mailed or delivered to the successor or (2) on the day the business or assets are acquired, whichever is the latest event. If a request for a certificate is not made by the successor, the amount of tax, interest or penalties due or unpaid by the payer shall be paid by the successor to the Franchise Tax Board on the day the business or assets are acquired. If a

successor fails to pay the amount required by this section by the time prescribed in this subdivision, a penalty of 10 percent of the amount payable shall be levied.

(c) The issuance of a certificate stating that no taxes, interest and penalties are due, or the failure to issue such certificate or statement within the period of 60 days shall not release the payer from liability on account of any taxes, interest, and penalties then or thereafter determined to be due from him or her, but shall release the successor from any further liability on account of any such taxes, interest and penalties. Payment by the successor pursuant to subdivision (b) shall not release the payer from liability except to the extent of the amount paid by the successor.

(d) Any successor that fails to withhold money or other property or fails to pay the amount or value of the property withheld as provided in this section shall be personally liable for the payment of the taxes, interest and penalties due from the payer up to but not exceeding the fair market value of the assets or business acquired. The Franchise Tax Board shall have all of the remedies for collection against any successor that acquires the business or substantially all the assets thereof of a payer as provided by this part against any payer liable for taxes, interest and penalties. The time within which the obligation may be enforced against the successor acquiring the business or substantially all the assets thereof of a payer shall commence from (1) the date the successor acquires the assets or business, (2) the date an assessment against the successor payer becomes final, or (3) 31 days after the statement is mailed or delivered to the successor if a certificate is requested by the successor as provided in subdivision (b), whichever of the three events is later.

(b) As used in this chapter in reference to ownership interests in residential dwellings, "owned" includes (1) the interest of a vendee in possession under a land sale contract provided that the contract or memorandum thereof is recorded and only from the date of recordation of the contract or memorandum thereof in the office of the county recorder where the residential dwelling is located, (2) the interest of the holder of a life estate provided that the instrument creating the life estate is recorded and only from the date of recordation of the instrument creating the life estate in the office of the county recorder where the residential dwelling is located, but "owned" does not include the interest of any remainderman or holder of a reversionary interest in the residential dwelling, (3) the interest of a joint tenant or a tenant in common in the residential dwelling or the interest of a tenant where title is held in tenancy by the entirety or a community property interest where title is held as community property.

(B) Any taxes or assessments described in subparagraph (A) which are delinquent on July 1, 1977, shall not disqualify an otherwise eligible dwelling for postponement under this chapter. An application for postponement under this chapter to postpone the payment of property taxes for the 1977–78 fiscal year, shall also constitute an application for the postponement of all such delinquent taxes and assessments, together with any penalties, interest, fees, or other charges resulting from such delinquency and such amounts shall, unless otherwise paid by the claimant, be paid out of the amount appropriated by Section 16100 of the Government Code and shall be added to and become part of the obligation secured by the lien provided by Section 16182 of the Government Code; provided, however, that upon payment of delinquent taxes and assessments for fiscal year 1976–77 out of the amount appropriated by Section 16100, any delinquent penalties, interest, fees or other charges resulting from the delinquency of such taxes and assessments for fiscal year 1976–77 shall be canceled.

20640.6. (a) Upon receipt of the information described in Section 20640.4 and Section 20640.5, the State Controller shall determine whether the state's interest would be adequately protected if postponement is granted, and if so, shall issue to the claimant a certificate of eligibility containing the name of claimant, address of the residential dwelling on which the claimant has applied for property tax postponement, and any other information and in the form as the State Controller shall prescribe. In the event that the residential dwelling is located in a chartered city which levies and collects its own taxes, the Controller shall issue a duplicate certificate of eligibility to pay all or any part of property taxes appearing on the city's tax bill.

applicable consent forms, in favor of the state The instrument shall contain a legal description of the real property subject to the possessory interest, and, if the legal description of the possessory interest describes an area less than the entire property ownership, the notice or document shall also contain a reference to the record of the acquisition instrument to the entire parcel from which the possessory interest was created. The priority of the security interest shall be as of the date of recordation.

(c) The Controller shall prescribe the form of certificates of eligibility to pay all delinquent taxes and assessments authorized by this chapter.

(d) When a certificate of eligibility has been signed by the claimant, his or her spouse, or authorized agent and countersigned by the person authorized to collect property taxes or assessments for the local agency, the certificate shall constitute a written promise on the part of the State of California to pay the sum of money specified therein and the signed and countersigned certificate shall be deemed a negotiable instrument for the sole purpose of the payment of property taxes owing in the name of the claimant or his or her spouse for purposes of all laws of this state.

(e) A certificate of eligibility shall be valid for the duration prescribed thereon by the Controller.

(f) The Controller shall issue certificates of eligibility at such times as the Controller determines will best implement the purpose of this chapter.

For purposes of the preceding sentence, payments received under the Agricultural Act of 1949, as amended, as a result of (A) destruction or damage to crops caused by drought, flood, or any other natural disaster, or (B) the inability to plant crops because of such a natural disaster, shall be treated as insurance proceeds received as a result of destruction or damage to crops.

(d) In the case of a compulsory or involuntary conversion described in subdivision (a), paragraph (1) of subdivision (b) of Section 24944 shall be applied by substituting "three years" for "two years".

(e) Subdivision (d) shall apply with respect to any disposition of

converted property (within the meaning of Section 24944) after December 31, 1976.

SEC. 425. Section 24952 of the Revenue and Taxation Code is amended to read:

(B) The amount of the gain on the sale of such property included in the measure of tax or returned as income for periods prior to such reacquisition.

(2) The amount of gain determined under paragraph (1) resulting from a reacquisition during any income year beginning after December 31, 1964, shall not exceed the amount by which the price at which the real property was sold exceeded its adjusted basis, reduced by the sum of—

(B) The amount of money and the fair market value of other property (other than obligations of the purchaser received with respect to the sale of such property) paid or transferred by the seller in connection with the reacquisition of such property.

For purposes of this paragraph, the price at which real property is sold is the gross sales price reduced by the selling commissions, legal fees, and other expenses incident to the sale of such property which are properly taken into account in determining gain or loss on such sale.

(3) Except as provided in this section, the gain determined under this subdivision resulting from a reacquisition to which subdivision (a) applies shall be recognized, notwithstanding any other provision of this part

(c) If subdivision (a) applies to the reacquisition of any real property, the basis of such property upon such reacquisition shall be the adjusted basis of the indebtedness to the seller secured by such property (determined as of the date of reacquisition), increased by the sum of—

(1) The amount of the gain determined under subdivision (b)

resulting from such reacquisition, and

(2) The amount described in subparagraph (B) of paragraph (2) of subdivision (b).

If any indebtedness to the seller secured by such property is not discharged upon the reacquisition of such property, the basis of such indebtedness shall be zero.

(d) If, prior to a reacquisition of real property to which subdivision (a) applies, the seller has treated indebtedness secured by such property as having become worthless or partially worthless—

(1) Such seller shall be considered as receiving, upon the reacquisition of such property, an amount equal to the amount of such indebtedness treated by him as having become worthless, and

(2) The adjusted basis of such indebtedness shall be increased (as of the date of reacquisition) by an amount equal to the amount so considered as received by such seller.

SEC. 456. Section 20054 of the Water Code is amended to read.

20054. Notwithstanding any other provision of law, where an improvement district of any district, prior to January 1, 1972, sold bonds for sewer purposes, where the bonds were approved as a legal investment for any trust funds, as well as funds of any insurance companies, commercial and saving banks, as well as trust companies and state school funds pursuant to this division, and where the purpose for which the bonds were approved for certification and sale was consistent with previously existing industrial or commercial plans or zoning ordinances over the property within the improvement district of any district, lands, within the improvement district planned and zoned for industrial or commercial uses, shall be deemed committed to those uses No legal action brought subsequent to the sale and approval may seek, as a remedy, the invalidation of local plans, zoning, subsequent development approvals, or the provision of infrastructure, as each applies to those lands, nor shall the maintenance of the litigation or the judgment therein prevent the legislative body of the city, county, or district from taking any action to permit or authorize use of, or to provide infrastructure for, property served by the facilities in conformity with the general plan and zoning designations in force immediately prior to September 1, 1977. In any action to which this section applies, the judgment shall not prevent the authorization or sale of any bonds of an improvement district which encompasses the territory of an improvement district wherein bonds were sold for sewer purposes prior to January 1, 1972. Any legal action pending as of January 1, 1978, shall be deemed to be an action seeking relief not herein prohibited, and no court shall have jurisdiction to issue the prohibited relief.

This section does not preclude a city or county, at its discretion and in a manner pursuant to law, from altering plans, zoning, or subsequent development approvals applicable to those lands, or from enacting and enforcing further regulations upon their use. This section does not excuse developments on those lands from

compliance with all applicable requirements of state law.

SEC. 457. Section 25809 of the Water Code is amended to read:

25809 A district may make an additional reasonable charge for processing or reprocessing an invalid check or other instrument used to pay an assessment or service charge owed to the district. The reasonable charge shall be for cost of the processing or reprocessing of the invalid check or instrument. If the charge for processing becomes delinquent, the charge may become a lien against the land on which the assessment was made or to which the service was rendered, as provided in Section 25806.

SEC. 458. Section 25825.3 of the Water Code is amended to read:

25825.3. (a) Within the Anderson-Cottonwood Irrigation District only, any person having an interest in any land within the district may file with the secretary, in lieu of the petition authorized by Section 25825, a verified petition alleging it is appropriate to apply a special rate of assessment to that land and, as to that land, one of the following is applicable:

(1) His or her land, or a described portion of it, is used for residential or commercial purposes and has, for five years immediately prior to the date of filing a petition pursuant to this section, been irrigated or supplied water, wholly or partially, from a water system not owned or operated by the district.

(2) For five years immediately prior to the date of filing a petition pursuant to this section, his or her land, or a described portion of it, has never received water service from the district of any nature and the board of directors of the district has not, at any time prior to filing the petition, adopted a plan for future service of water to the lands, which plan may provide for the landowner to pay all costs of providing facilities to transport water from the nearest point at which the district has water available to the lands made subject to the petition.

(3) For five years immediately prior to the date of filing a petition pursuant to this section, his or her land, or a described portion of it, was served with water received from wells not owned, maintained, or operated by the district and which land and wells are not supplied water of any nature from the district, including, but not limited to, surface, subsurface, or seepage waters, which waters would be suitable for agricultural or domestic purposes.

(b) The procedure for any petition to which this section applies shall be in accordance with this article.

(c) After the conclusion of a hearing as provided in Section 25831, if the board finds that any of the land described in any petition has been supplied as alleged or no plan for future service has been adopted, and the lands made subject to the petition are not and will not be benefited by the operations of the district in a manner that would justify their assessment at the regular rate of assessment, then the board shall adjust the rate of assessment on the land made subject to the petition in an order entered in full upon its minutes.

SEC. 459. Section 26225 of the Water Code is amended to read:

26225. Property sold for delinquent assessments may be redeemed within five years from the date of sale, or thereafter before a collector's deed of the property has been delivered.

Where a collector's deed has been delivered to the district, the period of redemption is extended until the first bid is received for the property or until the board determines the property is not to be sold as provided in Section 26290

Redemption before a collector's deed of the property has been delivered may be made by payment in lawful money of the United States to the collector of the amount for which the property was sold plus a penalty of three-fourths of 1 percent per month from the date of sale until redemption. Redemption after a collector's deed has been delivered may only be made by payment of the total of the following amounts:

(a) The total of the amount of the sale shown on each certificate of sale outstanding.

(b) A penalty on each certificate of sale outstanding of three-fourths of 1 percent per month from the date of sale until redemption.

(c) An amount for each year of escaped assessment determined as follows: The assessor shall establish the assessment value for the land for each year of escaped assessment and the collector shall apply the rate fixed in that year to determine the amount of the escaped assessment.

No person subject to this section shall be transported to any facility under the jurisdiction of the Youth Authority until the director thereof has notified the committing court of the place to which that person is to be transported and the time at which he can be received. To implement the administration of this paragraph, the Director of the Youth Authority and the

Director of Mental Health shall, at least annually, confer and establish policy with respect to the types of cases which should be the responsibility of each department.

SEC. 464. Section 1756 of the Welfare and Institutions Code is amended to read:

1756. Upon notification from the director that the person will no longer benefit from further care and treatment in the state hospital, the Director of the Youth Authority shall immediately send for, take, and receive the person back into a state correctional school. Any person placed in a state hospital under this section who is committed to the authority shall be released from the hospital upon termination of his or her commitment unless a petition for detention of that person is filed under the provisions of Part 1 (commencing with Section 5000) of Division 5.

For the purposes of this section, the director, with the approval of the Department of General Services, may enter into contracts with federal and state officials and departments. All moneys received by the director pursuant to any of those contracts shall be paid into the State Treasury to the credit and in augmentation of the current appropriation for the support of the authority. The director may provide, from those moneys, for the payment of wages to the wards for work they do pursuant to any of those contracts, the wages to be paid into the Indemnity Fund created pursuant to Section 13967 of the Government Code, or to the parents or dependents of the ward, or to the ward in the manner and in those proportions as the Department of the Youth Authority directs.

SEC. 466. Section 4302 of the Civil Code, as amended by Section 30 of Chapter 429 of the Statutes of 1978, is repealed. The repeal made by this section shall not affect the existence or validity of Section 4302 of the Welfare and Institutions Code, as added by Chapter 1191 of the Statutes of 1980.

SEC 467. Chapter 3 (commencing with Section 4330) is added to Division 4 of the Welfare and Institutions Code, to read:

CHAPTER 3. PILOT PROJECT FOR BRAIN-DAMAGED PERSONS

4330. It has come to the attention of the Legislature that:

(a) State public policy discriminates against brain-damaged adults.

(b) Brain damage is often a long-term chronic illness, the costs of which are most often not covered by health insurance or existing government assistance programs

(c) Financial assistance is not available until after families have struggled to care for family members and exhausted their own financial resources.

(d) If brain damage is diagnosed as a mental disorder, financial liability is significantly less onerous.

(e) Separable and less onerous financial liability already exists for programs serving the developmentally disabled and crippled children even though the medical and treatment needs may be identical to those of brain-damaged persons.

(f) The term brain damage is broad in scope and covers a wide range of organic and neurological disorders.

(g) Services required by brain-damaged persons often cross the service line of a number of different programs.

4332. It is the intent of the Legislature to establish a pilot project to:

(a) Assist families in securing services, information, and counseling necessary for the care of brain-damaged family members.

(b) Coordinate funding and services among state departments and programs in order to provide an integrated program and single service access for persons with brain damage.

(c) Facilitate the integration of existing funds and services for persons with brain damage.

4333. The Director of Mental Health, herein referred to as director, shall administer this article and establish such rules, regulations, and standards, as the director deems necessary in carrying out the provisions of this article.

4334. The director shall establish a pilot project to be conducted by contract with an appropriate nonprofit community agency to integrate services and funds for persons with brain damage.

4335. In choosing an appropriate nonprofit community agency to conduct the pilot project, the director shall give priority to the following:

(a) An agency which has previously provided information and support services to families of brain-damaged persons within a population area or county of at least 500,000 persons.

(b) An agency which includes family members of persons with brain damage on its governing board or advisory boards.

(c) An agency which has shown a capacity to address the needs

of brain-damaged persons and their families.

4336. The agency conducting the pilot project shall provide the following services:

(a) In-home support services shall be provided by the pilot project through the establishment of a client voucher system. The voucher system should be available to family members, in lieu of cash assistance, to reimburse for a wide variety of in-home services, as specified in Sections 12300 and 14132, including but not limited to, the following:

(1) Nursing services.
(2) Housekeeping services.
(3) Home health services.
(4) Attendant care.
(5) Transportation.
(6) Respite care.

(b) If additional funding from sources other than the General Fund appropriation contained in the act by which this article is enacted become available, the pilot project under this article shall provide additional services in the following order of priority:

(1) Adult day health care services.
(2) Diagnostic services.
(3) Out-of-home 24-hour skilled nursing services

(c) The pilot project shall provide legal, financial, and postdiagnostic family support counseling, information about services to persons with brain damage, and overall project administration. The pilot project may provide such services directly or by contract.

4337. The director shall establish criteria for program eligibility for persons with brain damage, including financial liability pursuant to Section 4338. The director shall assume coordination of existing funds and services for persons with brain damage, and for the purchase of in-home services through the client voucher system described in subdivision (b) of Section 4336, with other departments that may serve persons with brain damage, including the Department of Rehabilitation, the State Department of Health Services, the State Department of Social Services, and the State Department of Developmental Services

4338. The parent, spouse, or child of a person receiving services under this article or the person receiving the services may be required to contribute to the cost of services depending upon their ability to pay, but not to exceed the actual cost thereof, as determined by the director.

4339. In considering total funds available for the project, the director shall utilize funding available from appropriate state departments, including, but not limited to: the State Department of Health Services, the State Department of Social Services, and the Department of Rehabilitation. Funding for services not available from existing programs shall be provided from the appropriation contained in Section 3 of Chapter 1058 of the Statutes of 1979

4340. The pilot project under this article shall be limited to one

year and the director shall evaluate the success of the pilot project. The director shall report such evaluation to the Legislature, not less than three months following the completion of the pilot project, and the findings of the evaluation shall address at least the following:

(a) Reduced need for institutionalized services by providing in-home support services.

(b) Number of persons in skilled nursing facilities who transfer to less dependent 24-hour care settings

SEC. 468 Section 4446 of the Welfare and Institutions Code is repealed

SEC. 469. Chapter 7.5 (commencing with Section 4740) of Division 4.1 of the Welfare and Institutions Code is repealed.

SEC. 470. Chapter 7.5 (commencing with Section 4740) is added to Division 4.5 of the Welfare and Institutions Code, to read:

CHAPTER 7.5. RESIDENTIAL CARE FACILITY APPEALS PROCEDURES

4740. The Legislature finds the following:

(a) The quality of care provided to persons with developmental disabilities by residential facilities is contingent upon a closely coordinated "team" effort by the regional center or its designee, the client, the parent or representative if appropriate, the residential facility administrator, and the licensing agency. The rights and responsibilities of each must be identified in order to assure clear direction and accountability for each.

(b) The quality of care is impaired when inordinate numbers of staff from placement and licensing agencies give direction to the facility administrator regarding care and service requirements.

4741. An adult person with a developmental disability has the legal right to determine where his or her residence will be. Except in a situation which presents immediate danger to the health and well-being of the individual, the regional center or its designee shall not remove a client from a residential care facility against the client's wishes unless there has been specific court action to abridge such right with respect to an adult or unless the parent, guardian or conservator consents with respect to a child.

4742. The regional center or its designated representative shall (a) guide and counsel facility staff regarding the care and services required by each client served by the regional center; and (b) monitor the care and services provided the individual to assure that care and services are provided in accordance with the individual program plan.

4743. It is the intent of the Legislature that to the greatest extent possible, the staff of the regional center or its designee are assigned so as to minimize the number of persons responsible for programs provided in a given facility.

The regional center or its designee shall designate the staff person responsible for assuring that each individual client's program plan is

carried out. One person shall be assigned by the regional center as the principal liaison to a facility and to monitor the provision of care and the services provided by that facility in accordance with the individual program plans. If, due to the number of regional center clients in the facility, additional staff of a regional center or its designee serve clients in the facility, one person shall be assigned as having primary responsibility for, and assure consistency and continuity of, directions to the administrator and for the monitoring of care and services

4744. The regional center or its designee shall provide to the residential facility administrator all information in its possession concerning any history of dangerous propensity of the client prior to the placement in that facility. However, no confidential client information shall be released pursuant to this section without the consent of the client or authorized representative.

4745. During each visit to the facility, the designated staff person shall inform the administrator orally of any substantial inadequacies in the care and services provided, the specific corrective action necessary and the date by which corrective action must be completed. The designated staff person shall confirm this information in writing to the administrator within 48 hours after the oral notice and inform the administrator of the right to appeal the findings.

4746. The severity of the deficiencies and the quality of care provided shall determine how long the regional center or its designee will work with the facility administrator to resolve inadequacies. After a reasonable period of time, if the care continues to be unacceptable, the designated staff person shall submit to his or her supervisor and to the licensing agency and administrator a recommended disposition with supporting documents attached. The placement agency shall develop sufficient documentation of inadequacies and care provided to sustain corrective action

4747. If an adult person or the parent, guardian or conservator on behalf of a child requests a relocation, the regional center or its designee may provide assistance in locating and moving to another residence.

The regional center or its designee shall not encourage a client to move from a residential facility without reasonable cause. If reasonable cause does exist, the regional center or its designee shall give at least 15 days' written notice to the facility administrator of the intent, prior to counseling the client to move.

4748. Within nine months of the effective date of this section, the State Department of Developmental Services shall develop and implement regulations for use by the regional center or its designee to assure uniformity of the care and services to be provided to persons registered with the regional centers who reside in residential facilities.

SEC. 471. Section 9203 of the Welfare and Institutions Code is amended to read.

9203. The commission may accept gifts and grants from any source, public or private, to assist it in the performance of its functions, and the gifts and grants shall operate to augment any appropriation made for the support of the commission, provided that the department shall serve as the fiscal agent for the accounting of the gifts and grants and that no gifts or grants shall be used for the operation by the commission of direct service programs which would conflict with the department's duties and functions as described by law.

SEC. 472. Section 9600 of the Welfare and Institutions Code is amended to read:

9600. In determining how state funds are to be allocated, the Department of Aging shall give first priority to existing Brown Bag programs that are not being sufficiently funded. "Sufficiently funded" means possessing adequate funds for the lease of needed equipment, warehouses, trucks, freezer space, and salaries for the paid staff to coordinate volunteers and provide for a timely, business-like response to donors and for distribution of foods.

Existing programs which meet criteria established by the Department of Aging shall also receive state money for the establishment of a statewide Brown Bag network the purpose of which will be to strengthen existing programs and establish new ones. The Brown Bag network shall receive fiscal support so that the distribution of existing resources can be more efficient and also aid in the establishment of new Brown Bag programs.

New Brown Bag programs shall be selected on the basis of counties with agricultural resources, access to agricultural resources, and large senior populations. A local cash or in-kind match of at least 25 percent of the Brown Bag program's budget shall be demonstrated before any program shall receive state subsidies. Sources from which the local match may be derived include, but are not limited to, city, county, and federal funds, membership dues, and private or business donations. Priority shall be given to those local programs with a larger local match. For both existing and new programs, state money shall be a catalyst for charitable contributions, including in-kind and local community support. State moneys shall not be used to replace other sources of fiscal and volunteer support unless absolutely necessary.

Each of the Brown Bag projects shall receive no more than one hundred thousand dollars ($100,000) per year for three years.

SEC. 473. Section 10653 of the Welfare and Institutions Code is amended to read:

10653. The county department shall be responsible for the initial selection of public assistance recipients who are to participate in training, vocational educational programs, or other employment preparation programs that are developed pursuant to the provisions of this chapter. The county department shall have primary responsibility for providing those services which will prepare recipients for the specific vocational training and employment

placement services offered by the Employment Development Department, the Department of Rehabilitation, the Department of Education, and any other state or federal agencies offering specialized programs to upgrade the capacity of recipients and potential recipients to improve their capacity for self-support or self-direction. The services provided by the county department shall be geared to complement those services offered by state and federal agencies to the end that recipients of public assistance receive and participate in the programs to the fullest extent of their capacity.

SEC. 474. Section 14145 of the Welfare and Institutions Code, as amended by Chapter 1240 of the Statutes of 1980, is amended and renumbered to read:

Notwithstanding any provision of this article or of any other statute to the contrary, any person who is eligible under Section 14005.4 or 14005.7 for dialysis, parenteral hyperalimentation, and related services and who is employed and individually earning an amount which exceeds the minimum needs standard, and who receives dialysis services either through a self-dialysis unit of a dialysis clinic or through home dialysis or who receives parenteral hyperalimentation services through self-parenteral hyperalimentation, shall be eligible for dialysis, parenteral hyperalimentation, and related services under Medi-Cal pursuant to this article and shall, after utilizing other contractual or legal entitlements pursuant to Section 14143, be liable to pay only the amounts specified in subdivision (b) of Section 14142, except that such percentage obligations shall be 1 percent for each five thousand dollars ($5,000) of family unit net worth up to a maximum net worth of five hundred thousand dollars ($500,000). Persons eligible for services under this section shall not be subject to Section 14144.

[Approved by Governor September 23, 1981 Filed with Secretary of State September 23, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 4370 of the Civil Code is amended to read:

4370. (a) During the pendency of any proceeding under this part, the court may order any party, except a governmental entity, to pay such amount as may be reasonably necessary for the cost of maintaining or defending the proceeding and for attorneys' fees; and from time to time and before entry of judgment, the court may augment or modify the original award for costs and attorneys' fees as may be reasonably necessary for the prosecution or defense of the proceeding or any proceeding related thereto, including after any appeal has been concluded. In respect to services rendered or costs incurred after the entry of judgment, the court may award such costs and attorneys' fees as may be reasonably necessary to maintain or defend any subsequent proceeding, and may augment or modify any award so made, including after any appeal has been concluded. Attorneys' fees and costs within the provisions of this subdivision may be awarded for legal services rendered or costs incurred prior, as well as subsequent, to the commencement of the proceeding. Any order for a party who is not the husband or wife of another party to the proceedings to pay attorneys' fees or costs shall be limited to an amount reasonably necessary to maintain or defend the action on the issues relating to that party.

for child support shall be deemed to be separate and severable from all other provisions of that agreement relating to property and support of the wife or husband. All orders for child support shall be law-imposed and shall be made under the power of the court to make such orders. All such orders for child support, even when there has been an agreement between the parties on the subject of child support, may be modified or revoked at any time at the discretion of the court, except as to any amount that may have accrued prior to the date of filing of the notice of motion or order to show cause to modify or revoke

(b) The provisions of any agreement for the support of either party shall be deemed to be separate and severable from the provisions of the agreement relating to property All orders for the support of either party based on such agreement shall be deemed law-imposed and shall be deemed made under the power of the court to make such orders The provisions of any agreement or order for the support of either party shall be subject to subsequent modification or revocation by court order, except as to any amount that may have accrued prior to the date of filing of the notice of motion or order to show cause to modify or revoke, and except to the extent that any written agreement, or, if there is no written agreement, any oral agreement entered into in open court between the parties, specifically provides to the contrary.

(c) This section shall be effective only with respect to property settlement agreements entered into on or after January 1, 1970, and shall not be deemed to affect agreements entered into prior thereto, as to which the provisions of Chapter 1308 of the Statutes of 1967 shall apply.

(d) Where the provisions for any agreement between the parties combine child support and spousal support without designating the amount to be paid for child support and the amount to be paid for spousal support, the court shall not be obligated to make a separate order for child support.

These combined child support and spousal support agreements shall be known as family support. The underpayment of any sums due for a period specified in the family support order shall first be applied to satisfy that portion of the agreement pertaining to child support, and any remainder to spousal support.

CHAPTER 721

An act to add Chapter 11.3 (commencing with Section 42920) of Part 24 of the Education Code, relating to youth, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1981. Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11.3 (commencing with Section 42920) is added to Part 24 of the Education Code, to read:

CHAPTER 11.3. EDUCATIONAL SERVICES

42920. (a) The Legislature finds as follows:

(1) It is essential to recognize, identify and plan for the critical and unique needs of children residing in licensed community care facilities.

(2) A high percentage of these foster children are working substantially below grade level, are being retained at least one year in the same grade level, and become school dropouts.

(3) Without programs specifically designed to meet their individual needs, foster children are frequently dysfunctional human beings at great penal and welfare costs.

(4) Funding for foster children services that was provided in four school districts is being continued pursuant to subdivision (b) of Section 42241.

(b) The Legislature further finds and declares that the instruction, counseling and related services for foster children which provide program effectiveness and potential cost savings shall be a state priority. It is therefore necessary to demonstrate program effectiveness and potential cost savings of school-centered programs which systematically have provided foster children services.

42921. Any school district, other than the four school districts specified in paragraph (4) of subdivision (a) of Section 42920 may provide educational services for children who reside in a regularly established licensed foster home, located within the boundaries of the school district, pursuant to a commitment for placement under Chapter 2 (commencing with Section 200) of Part 1 of Division 1 of the Welfare and Institutions Code.

42922. Any school district which provides educational services for foster children pursuant to Section 42921 shall receive funding in any fiscal year for those services only by such sums as may be specifically appropriated by the annual Budget Act of the Legislature for that fiscal year for support of those school-centered foster children services which provide program effectiveness and potential cost savings to the state.

42923. (a) Each of the four school districts specified in paragraph (4) of subdivision (a) of Section 42920 which continues to provide educational services for foster children shall, by January 1, 1982, and by January 1 of each even-numbered year thereafter, report to the Secretary for Health and Welfare, Superintendent of Public Instruction, and Director of the Youth Authority such information as may be required jointly and severally by the Secretary for Health and Welfare, the Superintendent of Public Instruction, and the Director of the Youth Authority for the purpose of subdivision (b).

(b) The Secretary for Health and Welfare shall, by February 15, 1982, and by February 15 of each even-numbered year thereafter, report to the Legislature and the Governor on the foster children services provided by school districts.

(1) The report made pursuant to this subdivision shall be prepared jointly by the Secretary for Health and Welfare, the Superintendent of Public Instruction, and the Director of the Youth Authority.

(2) The report made pursuant to this subdivision shall include, but not be limited to, recommendations regarding the continuation of services, the effectivess of the services, and broadening of the application of those services, including recommending specific school districts for inclusion in the program.

42924. Any funds allocated to school districts for foster children services pursuant to subdivision (b) of Section 42241 or Section 42922 shall be used only for foster children services and any funds not used by districts for those services shall revert to the state General Fund.

SEC. 2. (a) The Legislature finds that even though Section 903 of the Welfare and Institutions Code establishes parental liability for the cost of the care, support, and maintenance of a child in a county institution or other place in which the child is placed, detained, or committed pursuant to an order of the juvenile court, the collection of child support for juveniles who have been placed in out-of-home care as dependents or wards of the juvenile court under Sections 300, 601, and 602 of the Welfare and Institutions Code is generally the lowest priority of district attorneys and, not infrequently, the collection of support in these cases is not pursued at all. On the other hand, collection of child support in AFDC-FG families is a matter of high priority, as a parent is subject to contempt of court proceedings for nonpayment. Other major states have succeeded in securing the collection of as much as eight times the percentage of support for juveniles in out-of-home care that California has collected. In addition, in recent years the amount collected in California has

remained almost constant, thus not reflecting any significant portion of the rate of inflation.

It is the purpose of this act to substantially increase income to the state General Fund and to counties through court-ordered parental reimbursement for support of juveniles who are in out-of-home placement. In this regard, the Legislature finds that the costs of collection will be offset by the additional income derived from the increased effectiveness of the parental support program.

(b) In any case in which a juvenile court orders a minor who is or has been adjudged a dependent child or a ward of the court pursuant to Section 300, 601, or 602 of the Welfare and Institutions Code to be placed outside the home of the minor's parent the court shall do all of the following:

(1) Inform the parent that Section 903 of the Welfare and Institutions Code establishes the liability of a parent for the cost of the care, support, and maintenance of his or her minor child in any county institution or any other place in which the child is placed, detained, or committed pursuant to order of the juvenile court.

(2) Inform the parent that the district attorney will inform the parent in writing within five days of the amount the district attorney has determined the parent is financially able to pay for the support of the minor.

(3) Require the district attorney to request the court to enter an order for support of the minor in the amount that the district attorney has determined the parent is financially able to pay.

(4) State that the court will order the parent to pay the amount determined by the district attorney unless, within five days from the date of receipt by the parent of the written notice from the district attorney, the parent requests the court to review the determination of the district attorney.

(5) Inform the parent of his or her right to request a modification of the order in the event of a change in circumstances.

(6) Enter an order directing the parent to pay an amount for support in accordance with the request of the district attorney or, where the parent has requested a review of the amount requested by the district attorney, the amount that the court determines the parent is financially able to pay.

(7) Require the district attorney to notify the probation office or the county director of social welfare of the amount of support ordered by the court.

(8) It is the intent of the Legislature that funding for foster youth programs pursuant to Chapter 11.3 (commencing with Section 42920) of Part 24 of the Education Code shall be included in the annual Budget Act to the extent funds are available and necessary from the increase in income to the state General Fund as a result of the enforcement of parental financial responsibility pursuant to this section.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the

California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the provisions of this act shall achieve maximum implementation, it is necessary that this act take effect at the earliest possible date.

CHAPTER 722

An act to amend Section 18852 of, and to add Section 19827.2 to, the Government Code, relating to state government.

[Approved by Governor September 24, 1981. Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 18852 of the Government Code is amended to read:

18852. (a) Salary ranges shall consist of minimum and maximum salary limits. The board shall provide for intermediate steps within such limits to govern the extent of the salary adjustment which an employee may receive at any one time; provided, that in classes and positions with unusual conditions or hours of work or where necessary to meet the provisions of state law recognizing differential statutory qualifications within a profession or prevailing rates and practices for comparable services in other public employment and in private business, the board may establish more than one salary range or rate or method of compensation within a class.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 2. Section 19827.2 is added to the Government Code, to read:

19827.2. (a) The Legislature, having recognized December 1980 statistics from the U.S. Department of Labor, finds: that 60 percent of all women 18 to 64 are in the workforce, that two-thirds of all those women are either the head of household or had husbands whose earnings were less than ten thousand dollars ($10,000), and that most

women are in the workforce because of economic need; that the average working woman has earned less than the average working man, not only because of the lack of educational and employment opportunities in the past, but because of segregation into historically undervalued occupations where wages have been depressed; and that a failure to reassess the basis on which salaries in state service are established will perpetuate these pay inequities, which have a particularly discriminatory impact on minority and older women; and, therefore, it is the intent of the Legislature in enacting this statute to establish a state policy of setting salaries for female-dominated jobs on the basis of comparability of the value of the work.

(b) The department shall review and analyze existing information, including those studies from other jurisdictions relevant to the setting of salaries for female-dominated jobs. This information shall be provided on an annual basis to the appropriate policy committee of the Legislature and to the parties meeting and conferring pursuant to Section 3517.

(c) For the purpose of implementing this section, the following definitions apply:

(1) "Salary" means, except as otherwise provided in Section 18539.5, the amount of money or credit received as compensation for service rendered, exclusive of mileage, traveling allowances, and other sums received for actual and necessary expenses incurred in the performance of the state's business, but including the reasonable value of board, rent, housing, lodging, or similar advantages received from the state.

(2) "Comparability of the value of the work" means the value of the work performed by an employee, or group of employees within a class or salary range, in relation to the value of the work of another employee, or group of employees, to any class or salary range within state service.

(3) "Skill" means the skill required in the performance of the work, including any type of intellectual or physical skill acquired by the employee through experience, training, education, or natural ability.

(4) "Effort" means the effort required in the performance of the work, including any intellectual or physical effort.

(5) "Responsibility" means the responsibility required in the performance of the work, including the extent to which the employer relies on the employee to perform the work, the importance of the duties, and the accountability of the employee for the work of others and for resources.

(6) "Working conditions" means the conditions under which the work of an employee is performed, including physical or psychological factors.

(d) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be

controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

CHAPTER 723

An act to amend Sections 18319 and 18320 of the Financial Code, relating to industrial loan companies.

[Approved by Governor September 24, 1981. Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 18319 of the Financial Code is amended to read:

18319. In no event shall an industrial loan company have outstanding at any time its investment certificates (exclusive of those hypothecated with the company issuing them) in an aggregate sum in excess of 15 times the aggregate amount of its paid-up and unimpaired capital and such of its unimpaired surplus as is declared by a bylaw of the company to be not available for cash dividends. (1) A company shall maintain a liquidity reserve in cash, or cash equivalent, equal to 1½ percent of its total investment certificates outstanding. Cash equivalent is defined as investments legal for commercial banks under the laws of this state, with a maturity of not more than 12 months.

(2) In addition to the reserve for losses required by the commissioner pursuant to Section 18343, a company shall establish and maintain such special reserves for losses as the commissioner, by rule or order, may require.

(e) Whenever the commissioner deems it reasonable and necessary or advisable for the protection of the public, the commissioner may at any time by order authorize said industrial loan company to have its investment certificates outstanding in either a lesser aggregate sum than the maximum aggregate amounts permitted by subdivision (a), (b), (c), or (d), or none at all.

(f) The request for authority filed with the commissioner pursuant to subdivisions (b), (c), and (d) shall be set forth in an application in such form and containing such information as the commissioner may require.

(g) The commissioner shall by rule or regulation set forth the criteria that must be met before an industrial loan company can be granted authority to increase the aggregate sum of its outstanding investment certificates.

(h) If the commissioner does not within 60 days of the filing of an application grant a request by an industrial loan company operating under this division, for authority to increase the aggregate sum of its outstanding investment certificates to the requested amount, or issues an order pursuant to subdivision (e) such company may file with the commissioner its written request for hearing in accordance with the provisions of subdivisions (c) and (d) of Section 18315.

However, the Spanish-language translation of the contract shall be admissible in evidence only to show that no contract was entered into because of a substantial difference in the material terms and conditions of the contract and the translation.

(f) Upon a failure to comply with the provisions of this section, the person aggrieved may rescind the contract or agreement in the manner provided by this chapter. When the contract for a consumer credit sale or consumer lease which has been sold and assigned to a financial institution is rescinded pursuant to this subdivision, the consumer shall make restitution to and have restitution made by the person with whom he made the contract, and shall give notice of rescission to the assignee. Notwithstanding that the contract was assigned without recourse, the assignment shall be deemed rescinded and the assignor shall promptly repurchase the contract from the assignee.

(g) A person engaged in a trade or business may submit to the Department of Consumer Affairs and the department shall then verify the accuracy of Spanish-language translations of contracts, agreements, and notices.

24052.1. This division does not apply to premium financing as defined in Section 18563.

24053. The following sections of this division do not apply to any loan of a bona fide principal amount of ten thousand dollars ($10,000) or more, or to a duly licensed consumer finance lender in connection with any such loan or loans, if the provisions of this section are not used for the purpose of evading this division: Sections 24004, 24005, 24404, 24405, 24450, 24451, 24451.1, 24451.2, 24452, 24453, 24454, 24455, 24458, 24458.1, 24458.2, 24459, 24460, 24462, 24463, 24464, 24470, 24480, 24651, and 24652.

24054. In determining under Section 24053 whether a loan is a loan of a bona fide principal amount of ten thousand dollars ($10,000)

or more and whether the provisions of that section are used for the purpose of evading this division, the following principles apply:

(a) If a borrower applies for a loan in a principal amount of less than ten thousand dollars ($10,000) and a loan to that borrower of a principal amount of ten thousand dollars ($10,000) or more is made by a licensed consumer finance lender, and

(1) No adequate economic reason for the increase in the size of the loan exists, and

(2) By prearrangement or understanding between the borrower and the licensee a substantial payment is to be made upon the loan with the effect of reducing the principal amount of the loan to less than ten thousand dollars ($10,000) within a short time after the making of the loan other than by reason of a requirement that the loan be paid in substantially equal periodical installments, then the loan shall not be deemed to be a loan of the bona fide principal amount of ten thousand dollars ($10,000) or more and the provisions of Section 24053 shall be deemed to be used for the purpose of evading this division unless the loan complies with the provisions of this division relating to loans of less than ten thousand dollars ($10,000).

(b) An individual advance of money of less than ten thousand dollars ($10,000) pursuant to a revolving loan agreement or similar agreement between a borrower and a licensed consumer finance lender, or a loan agreement providing for the making of advances to the borrower from time to time up to an aggregate maximum amount, shall be deemed to be a loan of a principal amount of ten thousand dollars ($10,000) or more if the total unpaid principal amount of all loans owing by the borrower to the licensed consumer finance lender after any such advance, including the additional advance, is ten thousand dollars ($10,000) or more.

(c) If a loan made by a licensed consumer finance lender is in a principal amount of ten thousand dollars ($10,000) or more, the fact that the transaction is in the form of a sale of accounts, chattel paper, contract rights, goods or instruments or a lease of goods or in the form of an advance on the purchase price of any of the foregoing shall not be deemed to affect the loan or the bona fides of the amount thereof or to indicate that the provisions of Section 24053 are used for the purpose of evading this division.

24055. This division does not apply to any loans made or arranged by any person licensed as a real estate broker by the State of California and secured by liens on real property, or to any licensed real estate broker.

24056. This division does not apply to any cemetery broker licensed under the Cemetery Act, Chapter 19 (commencing with Section 9600) of Division 3 of the Business and Professions Code, when transacting business as authorized by the Cemetery Act.

CHAPTER 2. LICENSING

Article 1. Generally

24200. No person shall engage in the business of a consumer finance lender or broker and make or negotiate loans in connection with which charges in excess of 10 percent per annum are contracted for, charged or received, without obtaining a license from the commissioner.

24201. An application for a license under this division shall be in such form and contain such information as the commissioner may by rule require and shall be filed upon payment of the fee specified in Section 24202. A license issued pursuant to an application filed under this section shall be designated a master license.

24201.1. (a) A person licensed pursuant to an application filed under Section 24201 may conduct business under this division, either directly or through one or more subsidiary corporations, at such locations as are authorized by the commissioner pursuant to this section. An application to establish a location pursuant to this section shall be in such form and contain such information as the commissioner may by rule require, and shall be filed upon payment of the fee specified in Section 24202. A license issued pursuant to an application filed under this section shall be designated a subsidiary license.

(b) On approval of an application filed pursuant to this section, the commissioner shall issue an original license endorsed to authorize the conduct of business at the location specified in the application.

(c) For the purposes of this section, "subsidiary corporation" means a corporation which is wholly owned by a licensee.

(d) This section does not apply to changes in the address or location of a location previously authorized or licensed under this section.

24202. At the time of filing the application the applicant shall pay to the commissioner the sum of one hundred dollars ($100) as a fee for investigating the application and two hundred dollars ($200) as an application fee. The investigation fee and application fee are not refundable if an application is denied or withdrawn.

24203. The applicant shall file with the application financial statements prepared in accordance with generally accepted accounting principles and acceptable to the commissioner which indicate a net worth of a least twenty-five thousand dollars ($25,000). A licensee shall maintain a net worth of at least twenty-five thousand dollars ($25,000) at all times.

24206. Upon the filing of an application pursuant to Section 24201 or 24201.1 and the payment of the fees, the commissioner shall investigate the applicant, and its general partners if the applicant is a partnership, and its officers and directors if the applicant is a corporation or association. If the commissioner determines that the applicant has satisfied the provisions of this division and does not find

facts constituting reasons for denial as specified in Section 24210, the commissioner shall issue and deliver a license to the applicant to engage in business in accordance with the provisions of this division.

24207. The license shall state the name of the licensee, and if the licensee is a partnership, the names of its general partners, and if a corporation or an association, the date and place of its incorporation or organization and the address of the licensee's principal business location in this state. On the approval and licensing of a location pursuant to Section 24201.1, the commissioner shall issue an original license endorsed to show the address of the authorized location and, if applicable, the name of the subsidiary corporation licensed to operate the location. The license shall state whether the licensee is licensed as a consumer finance lender or a broker.

24208. (a) Each licensee shall pay to the commissioner its pro rata share of all costs and expenses, reasonably incurred in the administration of this division, as estimated by the commissioner for the ensuing year and any deficit actually incurred or anticipated in the administration of the program in the year in which such assessment is made. The pro rata share shall be the proportion which a licensee's gross income bears to the aggregate gross income of all licensees as shown by the annual financial reports to the commissioner.

(b) On or before the 30th day of May in each year, the commissioner shall notify each licensee by mail of the amount assessed and levied against it and that amount shall be paid within 20 days thereafter. If payment is not made within 20 days, the commissioner shall assess and collect a penalty in addition to the assessment, of 1 percent of the assessment for each month or part of a month that the payment is delayed or withheld.

(c) In the levying and collection of the assessment, a licensee shall neither be assessed for nor be permitted to pay less than one hundred fifty dollars ($150) per year.

(d) If a licensee fails to pay the assessment on or before the 30th day of June following the day upon which payment is due, the commissioner may by order summarily suspend or revoke the certificate issued to the licensee. If, after an order is made, a request for hearing is filed in writing and a hearing is not held within 60 days thereafter, the order is deemed rescinded as of its effective date. During any period when its certificate is revoked or suspended, a licensee shall not conduct business pursuant to this division except as may be permitted by order of the commissioner. However, the revocation, suspension or surrender of a certificate shall not affect the powers of the commissioner as provided in this division.

24209. The commissioner may by regulation require licensees to file at such times as he may specify such information as he may reasonably require regarding any changes in the information provided in any application filed pursuant to this division.

24210. (a) Upon reasonable notice and opportunity to be heard, the commissioner may deny the application for any of the following

reasons: (1) a false statement of a material fact has been made in the application; (2) any officer, director, or member of the applicant has, within the last 10 years, (i) been convicted of or pleaded nolo contendere to a crime, or (ii) committed any act involving dishonesty, fraud, or deceit, which crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with the provisions of this division; (3) the applicant or any officer, director, or member of the applicant has violated any provision of this division or the rules thereunder or any similar regulatory scheme of a foreign jurisdiction.

(b) The application shall be considered withdrawn within the meaning of this section if the applicant fails to respond to a written notification of a deficiency in the application within 90 days of the date of the notification.

(c) The commissioner shall within 60 days from the filing of a full and complete application for a license with the fees, either issue a license or file a statement of issues prepared in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

24211. The proceedings for a denial of a license shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner has all the powers granted therein.

24212. All money paid or collected under this division shall be deposited in the State Treasury to the credit of the General Fund. The administration of this division shall be supported out of the General Fund.

CHAPTER 3. REGULATIONS

Article 1. General Regulations

24400. The commissioner may make general rules and regulations and specific rulings, demands, and findings for the enforcement of this division, in addition to, and within the general purposes of this division.

24401. (a) A license shall be conspicuously posted in the place of business authorized by the license.

(b) A license is not transferable or assignable. A license issued to a partnership or a limited partnership is not transferred or assigned within the meaning of this section by the death, withdrawal, or admission of a partner, general partner, or limited partner, unless the death, withdrawal, or admission dissolves the partnership to which the license was issued.

24402. A licensee shall maintain only one place of business under a duplicate or original license issued pursuant to Section 24201.1. The commissioner may issue more than one license to the same licensee upon compliance with all the provisions of this division governing an original issuance of a license.

24403. (a) If a licensee desires to change its place of business to a street address other than that designated in its license, such person shall give written notice to the commissioner at least 10 days prior to such change. The commissioner shall then attach a written approval of the change and the date of the approval.

(b) If notice is not given at least 10 days prior to the change as required by subdivision (a), the commissioner may assess a civil penalty on the licensee of not to exceed five hundred dollars ($500).

24404. No licensee shall conduct the business of making loans under this division within any office, room, or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, except as authorized in writing by the commissioner upon the commissioner's finding that the character of the other business is such that the granting of the authority would not facilitate evasions of this division or of the rules and regulations made pursuant to this division. An authorization once granted remains in effect until revoked by the commissioner.

24405. No licensee shall transact the business licensed or make any loan provided for by this division under any other name or at any other place of business than that named in the license.

24406. Licensees shall keep and use in their business, books, accounts, and records which will enable the commissioner to determine if the licensee is complying with the provisions of this division and with the rules and regulations made by the commissioner. On any loan secured by real property in which loan proceeds were disbursed to an independent escrow holder, licensees shall retain records and documents as set forth by rule of the commissioner adopted pursuant to Section 24400.

Upon request of the commissioner, licensees shall file an authorization for disclosure to the commissioner of financial records of the licensed business pursuant to Section 7473 of the Government Code.

24407. Licensees shall preserve their books, accounts, and records, including cards used in the card system, if any, for at least two years after making the final entry on any loan recorded therein.

24408. Each licensee shall file a report with the commissioner annually on or before the 15th day of March, giving such relevant information as the commissioner reasonably requires concerning the business and operations during the preceding calendar year of each licensed place of business within the state conducted by the licensee. The individual annual reports filed pursuant to this section shall be made available to the public for inspection.

24409. The commissioner shall require that information pertaining to loans be stated separately in the annual reports as follows:

(a) For loans of principal amount of less than ten thousand dollars ($10,000) not secured by real property.

(b) For loans of less than ten thousand dollars ($10,000) secured by real property.

(c) For loans of ten thousand dollars ($10,000) or more and any other business.

(d) The commissioner may permit information pertaining to expenses in the annual report to be reported in totals by categories without separation as to types of loans, and may make such other rules from time to time as may be necessary to obtain adequate information pertaining to the licensee.

The report shall be made under oath and in the form prescribed by the commissioner.

24410. The commissioner shall make and file annually with the Department of Corporations as a public record a composite of the annual reports and any comments on the reports that he deems in the public interest.

24411. No person shall advertise, print, display, publish, distribute, or broadcast or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast in any manner, any statement or representation with regard to the business subject to the provisions of this division, including the rates, terms or conditions for making or negotiating loans, which is false, misleading, or deceptive, or which omits to state material information that is necessary to make the statements therein not false, misleading or deceptive, or, in the case of a licensee, which refers to the supervision of such business by the state or any department or official of the state.

24412. The commissioner may require that rates of charge, if stated by a licensee, be stated fully and clearly in such manner as the commissioner deems necessary to prevent misunderstanding by prospective borrowers.

24413. If any person engaged in the business regulated by this division refers in any advertising to rates of interest, charges, or cost of loans, the commissioner shall require that they are stated fully and clearly in such manner as he deems necessary to give adequate information to prospective borrowers. If the rates or costs advertised do not apply to loans of all classes made or negotiated by such person, this fact shall be clearly indicated in the advertisement.

24414. No advertising copy shall be used after its use has been disapproved by the commissioner and the licensee is notified in writing of the disapproval.

24415. The commissioner may require licensees to maintain a file of all advertising copy for a period of 90 days from the date of its use. The file shall be available to the commissioner upon request.

24416. A licensed consumer finance lender may act as a broker as defined in Section 24002 at its licensed place of business without obtaining an additional license as a broker under this division provided the licensee has obtained authority in writing from the commissioner.

The commissioner may grant such authority upon the commissioner's finding that evasions of this division cannot reasonably be expected to occur. An authorization once granted remains in effect until revoked by the commissioner.

Article 2. Loan Regulations

24450. No licensee shall directly or indirectly charge, contract for, or receive any interest or charge of any nature unless a loan is made.

24450.1. (a) No licensee shall directly or indirectly charge, contract for, or receive any interest or charge of any nature with respect to a loan of ten thousand dollars ($10,000) or more unless the loan is made.

(b) Notwithstanding subdivision (a), when a loan of ten thousand dollars ($10,000) or more is not consummated because of the borrower's failure to disclose outstanding liens or other information essential to making the loan or solely because of the borrower's failure to complete the loan in accordance with the loan application, a licensee may charge, contract for, and receive an amount equal to the actual expenses incurred by the licensee in connection with the preparation for the loan.

24451. Every licensee who lends any sum of money may contract for and receive charges at a rate not exceeding the sum of the following:

(a) Two and one-half percent per month on that part of the unpaid principal balance of any loan up to, including, but not in excess of two hundred twenty-five dollars ($225).

(b) Two percent per month on that portion of the unpaid principal balance in excess of two hundred twenty-five dollars ($225) up to, including, but not in excess of nine hundred dollars ($900).

(c) One and one-half percent per month on that part of the unpaid principal balance in excess of nine hundred dollars ($900) up to, including, but not in excess of one thousand six hundred fifty dollars ($1,650).

(d) One percent per month on any remainder of such unpaid balance in excess of one thousand six hundred fifty dollars ($1,650).

24451.1. As an alternative to the charges authorized by Section 24451 a licensee may contract for and receive charges at the greater of:

(a) A rate not exceeding 1.6 percent per month on the unpaid principal balance.

(b) A rate not exceeding five-sixths of 1 percent per month plus a percentage per month equal to one-twelfth of the annual rate prevailing on the 25th day of the second month of the quarter preceding the quarter in which the loan is made as established by the Federal Reserve Bank of San Francisco on advances to member banks under Sections 13 and 13a of the Federal Reserve Act as now in effect or hereafter from time to time amended, or if there is no such single determinable rate for advances, the closest counterpart of this rate as shall be designated by the Superintendent of Banks of the State of California. Charges shall be calculated on the unpaid principal balance.

In order to facilitate the evaluation of the adequacy of the discount rate index and differential provided in subdivision (b) by the

Commissioner of Corporations, this section shall remain in effect until January 1, 1984, and as of that date is repealed.

24451.2. As an alternative to the charges authorized by Section 24451 a licensee may contract for and receive charges at a rate not exceeding 1.6 percent per month on the unpaid principal balance.

This section shall become operative on January 1, 1984.

24451.3. In addition to the charges authorized by Section 24451 or 24451.1 a licensee may contract for and receive an acquisition fee, which shall be fully earned immediately upon making the loan, with respect to a loan of a principal amount of not more than two thousand five hundred dollars ($2,500) at a rate not in excess of 5 percent of the principal amount or fifty dollars ($50), whichever is lesser. Only one acquisition fee may be contracted for or received until the loan has been repaid in full. No acquisition fee may be contracted for or received in connection with refinancing a loan with respect to which an acquisition fee has been received.

In order to facilitate the evaluation of the adequacy of the acquisition fee provided in this section by the Commissioner of Corporations, this section shall remain in effect until January 1, 1984, and as of that date is repealed.

24452. (a) As used in this division, "open end loan" means a loan or loans made by a licensee pursuant to a loan agreement which expressly states that it is made pursuant to this section and pursuant to which:

(1) The licensee may permit the borrower to obtain advances of money from the licensee from time to time or the licensee may advance money on behalf of the borrower from time to time as directed by the borrower.

(2) The amount of each advance and the charges and other permitted costs are debited to an account.

(3) The charges are computed from time to time on the unpaid balances of the borrower's account, excluding from the computation any unpaid charges other than permitted fees, costs and expenses.

(4) The borrower has the privilege of paying the account in full at any time or in monthly installments.

(b) Subject to the written approval of the commissioner of the licensee's plan of business for making open end loans as not being misleading or deceptive and subject to regulations the commissioner may promulgate with respect to open end loans under Section 24400, a licensee may make open end loans pursuant to this section and may contract for and receive thereon charges as set forth in Sections 24451, 24451.1, and 24454.1. These charges may be calculated on an amount not exceeding the greater of:

(1) The actual daily unpaid balances of the open end account in the billing cycle for which the charge is made, in which case one-thirtieth of the monthly rate may be charged for each day the unpaid balance is outstanding.

(2) The average daily unpaid balance of the open end account in the billing cycle for which the charge is made, which is the sum of

the amount unpaid each day during that cycle divided by the number of days in that cycle. The amount unpaid on a day is determined by adding to any balance unpaid as of the beginning of that day all advances and other debits and deducting all payments and other credits made or received as of that day.

The billing cycle shall be monthly. A billing cycle is monthly if the closing date of the cycle is the same date each month or does not vary by more than four days from the regular date.

(c) No licensee shall enter into any agreement for an open end consumer loan that provides for a minimum monthly payment that would result in the full repayment of principal over more than the maximum periods set forth below opposite the respective size of loans.

Principal amount of loan	Maximum period
Less than $1,500	24 months and 15 days
$1,500 but less than $2,500	36 months and 15 days
$2,500 but less than $4,000	48 months and 15 days
$4,000 but less than $6,000	60 months and 15 days
$6,000 but less than $10,000	84 months and 15 days

The minimum payment shall be determined by the amount of the initial loan advance and shall continue at that amount until a subsequent loan advance is made, at which time the minimum payment shall be determined by the amount of the unpaid balance of the loan after the advance and including the advance. Minimum payments after each advance shall be determined in the same manner.

(d) On open end loans the licensee may contract for and receive the fees, costs, and expenses permitted on other loans, including those permitted by subdivisions (a), (b), (c), and (d) of Section 24458 and subdivision (d) of Section 24458.1, except that the charge for credit life insurance under Section 24458.1 shall be on a monthly basis and shall be actuarially consistent with the single premium rate for the same coverage approved or fixed by the Insurance Commissioner under Section 24458.1, or in accordance with a schedule of monthly rates filed with and not disapproved by the Insurance Commissioner.

(e) A licensee may not take real property as security, in whole or in part, for an open end loan under this section.

(f) Sections 24454 and 24455 shall apply to open end loans with the following variations:

(1) To comply with Section 24454, the loan contract shall provide for payment of minimum payments complying with subdivision (c).

(2) To comply with Section 24455, the licensee shall deliver to the borrower at the time of each loan advance an amount equal to the face value of the advance.

(g) In lieu of subdivision (a) of Section 24458.1, Section 24468, and subdivision (a) of Section 24473, the following provisions shall apply

to open end loans:

(1) A licensee may provide insurance on the life of one or more borrowers, with his or her consent, the form to be approved by the Insurance Commissioner, and in an amount not in excess of the amount of the indebtedness. If life insurance is provided, and if the insured dies when there is an outstanding open end loan indebtedness, the insurance shall be sufficient to pay the total amount due on the loan outstanding on the date of his or her death without any exception, reservation or limitation. Any such life insurance as is provided shall be in force as soon as the loan is made or coverage is agreed upon, whichever is later. No credit life insurance written in connection with an open end loan shall be canceled by the lender because of delinquency of the borrower in the making of the minimum payments thereon unless one or more of such payments is past due for a period of 90 days or more, and the lender shall advance to the insurer the amounts required to keep the insurance in force during such period, which amounts may be debited to the borrower's account.

(2) The open end loan agreement shall contain the name, address and license number of the consumer finance lender and shall disclose the nature of the security taken, if any, the method of determining the minimum payments which will be required to repay the initial advance and any subsequent advances on the loan, and the agreed rate of charge.

(3) Except in the case of an account which the licensee deems to be uncollectible, or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver or cause to be delivered to the borrower, or any one thereof, for each billing cycle at the end of which there is an outstanding balance in the account or with respect to which a finance charge is imposed, a statement setting forth the outstanding balance in the account at the beginning of the billing cycle, the date and amount of any subsequent loan advance during the period, the amounts and dates of crediting to the account during the billing cycle for payments, the amount of any finance charge debited to the account during the billing cycle, the annual percentage rate of finance charge determined under Regulation Z promulgated by the Board of Governors of the Federal Reserve System under the Federal Consumer Credit Protection Act, the balance on which the finance charge was computed, the closing date of the billing cycle, the outstanding balance on that date, and the minimum monthly payment required in the absence of any additional advance. If there has been any change in the nature of the security for the loan since the next preceding advance, the statement shall contain or be accompanied by a statement of the nature of the security for the loan after such change.

(h) Subdivision (e) of Section 24473 shall not apply to an open end loan with respect to which there is no balance outstanding if the open end loan agreement continues in effect.

(i) Section 24480 shall not apply to open end loans.

(j) Nothing in this section may be construed to limit the authority of the commissioner to disapprove advertising with respect to open end loans pursuant to Section 24414.

(k) This section shall not apply to loans other than open end loans.

24453. No amount in excess of that allowed by this article shall be directly or indirectly charged, contracted for, or received by any person, and the total charges of the consumer finance lender and broker and any other person in the aggregate shall not exceed the maximum rate provided for in this article.

24454. Except as provided in Section 24451.3 and in Article 3 (commencing with Section 24480), all charges on loans made under this division shall be computed and paid only as a percentage per month of the unpaid principal balance or portions thereof, and shall be so expressed in every obligation signed by the borrower. The charges on loans shall be computed on the basis of the number of days actually elapsed, for the purpose of which computations a month is any period of 30 consecutive days. The loan contract shall provide for payment of the aggregate amount contracted to be paid in substantially equal periodical installments, the first of which shall be due not less than 15 days nor more than 1 month and 15 days from the date the loan is made.

24454.1. Notwithstanding Section 24454, a licensee may contract for and receive charges on the unpaid principal balance at a single annual percentage rate applied on the basis of the number of days actually elapsed, which annual rate would produce a finance charge at the maturity of the contract not in excess of the finance charge resulting from the application of the graduated rates specified in Section 24451 when the loan is paid according to its terms and charges are computed on the basis that a month is any period of 30 consecutive days as provided in Section 24454; provided, however, that if prepayment in full occurs on or before the third installment date, all charges shall be recomputed as a percentage per month of the unpaid principal balance or portions thereof based on the number of days actually elapsed.

24455. Except as provided in Article 3 (commencing with Section 24480) no charges on loans made pursuant to this division shall be paid, deducted, or received in advance, or compounded. The licensee shall deliver to the borrower at the time of making the loan an amount to be retained by the borrower equal to the face value of the loan and the note evidencing the loan.

24456. No person in connection with or incidental to the making of any loan regulated by this division may require the borrower to contract for, purchase, or agree to purchase any other thing in connection with the loan. Insurance of the type specified in Section 24458 and credit life and disability insurance is not prohibited by this section.

24457. No person in connection with or incidental to the making of such loan shall require the borrower to enter into any collateral

sales agreements or contracts, other than the contract of pledge, assignment, or mortgage of personal property, or when otherwise permitted by this division, the deed of trust, mortgage or lien on real property, by the borrower to the lender as security for the repayment of the loan and charges thereon. Insurance of the type specified in Section 24458 and credit life and credit disability insurance is not prohibited by this section.

24458. Insurance on tangible personal or real property offered as security shall not be deemed to be a collateral sale, purchase, or agreement within the terms of Section 24004, 24456 or 24457, when all of the following are met:

(a) The insurance is sold at standard rates through licensed insurance brokers or agents.

(b) The policy is written to cover the property offered as security for a loan.

(c) The property is reasonably insured against loss for a reasonable term considering the circumstances of the loan.

(d) The policy relating to personal property is made payable to the borrower or any member of his family even though the customary mortgagee clause is attached or the mortgagee is a coassured.

(e) Except in the case of purchase money encumbrances the amount of title insurance shall not exceed the principal amount of the loan which is secured by a deed of trust, mortgage or lien on real property which is the subject of the policy of title insurance.

(f) The policy of title insurance insures the lender or is made payable jointly to the lender and the borrower as their interests may appear.

(g) Title insurance is placed through a title insurance company, duly authorized to do business in the state in which the real property is located, at rates comparable to rates being used by other title insurance companies duly authorized to do business in that state.

(h) Title insurance is placed in connection with the renewal or extension of a loan only when the additional cash advance is at least one thousand dollars ($1,000).

24458.1. Credit life insurance on the life of a borrower and credit disability insurance shall not be deemed to be a collateral sale, purchase, or agreement within the terms of Section 24004, 24456 or 24457 when such insurance is provided in accordance with the provisions of the Insurance Code and this section.

(a) A licensee may provide insurance on the life of one or more borrowers and credit disability insurance to provide indemnity for payments becoming due on the indebtedness, with his or her consent, the form to be approved by the Insurance Commissioner and in an amount not in excess of the amount of the indebtedness and may collect from the borrower an amount not in excess of that permitted by subdivision (d) of this section. If the loan is prepaid in full by cash, a new loan, refinancing or otherwise (except by the insurance) before the final installment date the borrower shall

receive a rebate of the amount computed in accordance with the formula approved by the Insurance Commissioner pursuant to Section 779.14 of the Insurance Code. When charges for the loan are precomputed in accordance with Section 24480, any permitted deferment charge may be computed on the combined total of the precomputed charge and the life or credit disability insurance charge. Only one such amount may be collected in connection with any loan contract irrespective of the number of borrowers, and only one borrower need be insured. Such amount may be deducted from the principal of the loan. If life or disability insurance is provided, and if the insured borrower dies or becomes disabled during the term of the loan contract, the insurance shall be sufficient to pay the total amount due on the loan (excluding unearned charges) outstanding on the date of his death, or all amounts which become due on the loan thereafter during the period of disability, as the case may be, without any exception, reservation or limitation, subject, however, to the provisions of Section 24458.2. Any life or disability insurance provided shall be in force as soon as the loan is made.

(b) No licensee shall decline new or existing insurance which meets or exceeds the standards set forth in this section, nor prevent any borrower from obtaining such insurance coverage from other sources. A licensee shall not require credit life or disability insurance as a condition of making a loan.

(c) If a borrower procures such insurance by or through a licensee, the statement required by Section 24473 shall disclose the cost thereof to the borrower, and the licensee shall deliver or cause to be delivered to the borrower a copy of the policy, certificate, or other evidence thereof, within a reasonable time. In the event a licensee provides credit disability insurance pursuant to this division, the licensee shall also deliver an understandable written statement to the borrower detailing the conditions when the borrower will be entitled to make a claim under the insurance policy and the procedure to be followed in making the claim. This statement shall be first approved by the commissioner.

(d) The amount charged to the borrower for such insurance shall not exceed in the case of credit life insurance the amount provided in paragraph (1) or paragraph (2), whichever is less, or, in the case of credit disability insurance, unless a regulation has been promulgated and established pursuant to subdivision (e), in which case the amount charged shall not exceed the amount prescribed by the regulation, the amount provided in paragraph (1):

(1) The premium rate filed with the Insurance Commissioner for the coverage provided pursuant to Article 5.9 (commencing with Section 779.1) of Chapter 1 of Part 2 of Division 1 of the Insurance Code and which has not been disapproved by him, or

(2) Fifty cents ($0.50) per year per one hundred dollars ($100) of indebtedness (and in the same proportion for longer or shorter maturities and larger or smaller amounts) or such different maximum as shall have been fixed by the Insurance Commissioner

by a valid and effective regulation and applicable to all licensees under this division.

(e) The Insurance Commissioner shall study data available to him concerning California credit life and disability insurance experience and shall promulgate and establish a general regulation fixing the maximum which may be charged for insurance by licensees hereunder having due regard to the relation of the total amount of death and disability claims paid to the amounts at risk during the same period, and a reasonable margin for contingencies and cost and compensation to licensees for providing and servicing the insurance, plus the premium taxes payable on the probable premiums to be charged by insurers, plus the probable, but not unreasonable, markup to be added by insurers to the risk cost. Any such changed maximum rate of premium or identifiable charge shall not affect any insurance then in force on borrowers. Any regulation under this section shall be adopted after a hearing and in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

24458.2. Credit disability insurance written pursuant to Section 24458.1 shall not provide indemnity against the risk of a borrower becoming disabled for a period of less than 14 days. The insurance may provide indemnity for any single period of continuous disability of 14 days or longer, after which the risk may become compensable. In no event shall any credit disability insurance provide for retroactive coverage to an earlier date based upon the disability having continued for a period stated in the policy, or for any other reason. Credit disability insurance, if made available by a licensee, shall be available on a monthly or annual premium basis, and the premium by the month shall not exceed a pro rata relationship to the annual premium. Credit disability insurance need not be offered for a period less than the term of the loan to which it is applicable and no credit disability insurance shall be written for a period in excess of the term of the loan to which it is applicable.

24458.3. A licensee may collect the cost of a lot book report purchased in lieu of title insurance provided for in Section 24458. The cost is not included in charges as defined in this article or in determining the applicable maximum charges which may be made under this article.

24458.4. On any loan made which is secured by real property, an appraisal fee not to exceed the actual cost of the appraisal or 1 percent of the face amount of the loan, whichever is less, may be charged by the licensee if a written appraisal is rendered to the licensee by a qualified appraiser. However, if the appraiser is an employee of the licensee or of an affiliate, the fee shall not exceed an amount established by rule of the commissioner adopted pursuant to Section 24400. Only one fee for appraising the same real property may be collected unless the borrower has obtained a new or additional loan and more than one year has elapsed since the prior appraisal. The fee is not included in charges as defined in this article

or in determining the applicable maximum charges which may be made under this article.

24458.5. On any loan made which is secured by real property, an escrow fee of a reasonable amount may be charged. The fee shall be considered reasonable when paid to a company licensed to do business under the Escrow Law, Division 6 (commencing with Section 17000), or any person exempted by the Escrow Law, provided that the fees are comparable to fees being charged by escrow companies authorized to do business in this state. The fee is not included in charges as defined in this article or in determining the applicable maximum charges which may be made under this article.

24458.6. On any loan which is secured by real property the fee of the trustee for reconveyance of the trust deed may be collected by the licensee for transmittal to the trustee. The fee is not included in charges as defined in this article or in determining the applicable maximum charges which may be made under this article.

24459. A loan lawfully made outside the state may be enforced in this state as to the unpaid principal balance of the loan together with the interest, consideration, brokerage, and all other charges, to the extent of but not to exceed the unpaid principal balance and the aggregate amount of interest, consideration, brokerage, and all other charges permitted by this division in connection with a loan of the same amount made within this state.

24460. Any person who collects or attempts to collect in this state the unpaid principal balance of a loan made outside the state, and a greater aggregate amount of interest, consideration, brokerage, and all other charges in connection with the loan than is permitted by this division in connection with a loan of the same amount made within this state, is subject to the provisions of this division.

24461. Any person who contracts for or negotiates in this state a loan to be made outside the state for the purpose of evading or avoiding this division is subject to the provisions of this division

24462. Every licensee shall display prominently in each licensed place of business a full and accurate schedule of the charges to be made and the method of computing the charges. The schedule is subject to the approval of the commissioner.

24463. No person, except as authorized by this division, shall directly or indirectly charge, contract for, or receive any interest, discount, or consideration greater than the lender would be permitted by law to charge if he were not a licensee hereunder upon the loan, use, or forbearance of money, goods, or things in action, or upon the loan, use, or sale of credit. This section applies to any person, who by any device, subterfuge, or pretense charges, contracts for, or receives greater interest, consideration, or charges than is authorized by this division for any loan, use, or forbearance of money, goods, or things in action or for any loan, use, or sale of credit.

24464. No licensee shall knowingly induce any borrower to split

up or divide any loan with any other licensee. No licensee shall induce or permit any borrower to be or to become obligated directly or indirectly, or both, under more than one contract of loan at the same time with the same licensee for the purpose or with the result of obtaining a higher rate of charge than would otherwise be permitted by this article.

For the purposes of this section, "borrower" includes any husband and wife whether jointly or severally obligated.

24466. No licensee shall take a deed of trust, mortgage or lien upon real property as security for any loan of a principal amount of less than five thousand dollars ($5,000) made under this division, except such lien as is created by law upon the recording of an abstract of judgment. A loan that is secured by a lien on real property may not be secured by a lien on personal property as well.

24467. No licensee shall take any confession of judgment or any power of attorney, except a power of attorney taken to effectuate the transfer of the ownership of any motor vehicle or mobilehome at the time of making the loan.

24468. No licensee shall take any note or promise to pay that does not accurately disclose the actual amount of the loan, the time for which it is made, and the agreed rate or rates of charge or the annual percentage rate pursuant to Regulation Z promulgated by the Board of Governors of the Federal Reserve System.

24469. No licensee shall take any instrument in which blanks are left to be filled in after execution.

24470. No licensee shall enter into any contract for a loan that provides for a scheduled repayment of principal over more than the maximum terms set forth below opposite the respective size of loans.

Principal amount of loan	Maximum term
Less than $1,500	24 months and 15 days
$1,500 but less than $2,500	36 months and 15 days
$2,500 but less than $4,000	48 months and 15 days
$4,000 but less than $6,000	60 months and 15 days
$6,000 but less than $10,000	84 months and 15 days

24471. The payment by any person in money, credit, goods, or things in action as consideration for any sale or assignment of, or order for, the payment of wages, salary, commissions, or other compensation for services, whether earned or to be earned, is for the purpose of regulation under this division, a loan secured by such assignment, and the amount by which the assigned compensation exceeds the amount of the consideration actually paid is interest and charges upon or for the loan from the date of payment to the date the compensation is payable. This section shall not be construed as modifying or affecting existing statutes governing wage assignments in the state, or as authorizing such assignments.

24472. This article does not prohibit any licensee from contracting for, collecting, or receiving the statutory fee paid by the

licensee to any public officer for acknowledging, filing, recording, or releasing in any public office any instrument securing the loan or executed in connection with the loan. Such fees are not included in determining the applicable maximum charges which may be made under this article.

24473. Each licensed consumer finance lender shall:

(a) Deliver or cause to be delivered to the borrower, or any one thereof, at the time the loan is made, a statement showing in clear and distinct terms the name, address, and license number of the consumer finance lender and the broker, if any. The statement shall show the date, amount, and maturity of the loan contract, how and when repayable, the nature of the security for the loan, if any, and the agreed rate or rates of charge or the annual percentage rate pursuant to Regulation Z promulgated by the Board of Governors of the Federal Reserve System.

(b) Obtain from the borrower a signed statement as to whether any person has performed any act as a broker in connection with the making of the loan. If the statement discloses that a broker or other person has participated, then the consumer finance lender shall obtain a full statement of all sums paid or payable to the broker or other person. The consumer finance lender shall keep these statements for a period of two years from and after the date the loan has been paid in full, or has matured according to its terms, or has been charged off.

(c) Permit payment to be made in advance in any amount on any contract of loan at any time. The licensee may apply the payment first to any agreed prepayment penalty, then to all charges due, including charges at the agreed rate or rates up to the date of payment, not to exceed the applicable maximum rate permitted by this article.

(d) Deliver or cause to be delivered to the person making any cash payment, or to the person who requests a receipt at the time of making any payment, at the time payment is made on account of any loan, a plain and complete receipt showing the total amount received, and identifying the loan contract upon which the payment is applied.

(e) Upon repayment of any loan in full, release all security for the loan, endorse and return any certificate of ownership, cancel or plainly mark "paid" and return to the borrower or person making final payment, any note, mortgage, security agreement, trust deed, assignment, or order signed by the borrower, except such as are a part of the court record in any action, or such as have been delivered to a third person for the purpose of carrying out their terms, or a security agreement which secures any other indebtedness of a borrower to the licensee. When a trust deed on real property has been taken, as security for a loan that has been subsequently paid in full, a duly executed request for reconveyance shall be delivered to the trustor or trustee for the purpose of recording a reconveyance. A termination statement, furnished to the borrower as provided for

in Section 9404 of the Commercial Code, shall be deemed a release of the security when a financing statement has been filed pursuant to Section 9401 of the Commercial Code.

24474. Each licensed broker shall:

(a) Deliver to the borrower, or any one thereof, at the time the final negotiation or arrangement is made, a statement showing in clear and distinct terms the name, address, and license number of the broker and the consumer finance lender. The statement shall show the date, amount, and terms of the agreement with the broker, and all amounts paid or to be paid to the broker and to any person other than the consumer finance lender.

(b) Deliver to the consumer finance lender making the loan a copy of the statement referred to and described in subdivision (a).

(c) Deliver to the person making any payment to the broker to be retained by the broker, a plain and complete receipt for each payment made, at the time it is made, showing the total amount received, and identifying the brokerage agreement and the loan contract upon which the payment is applied. If the payment is made by a person other than the consumer finance lender, a copy of the receipt shall be delivered to the consumer finance lender.

(d) When the borrower pays the loan in full, see that the consumer finance lender fully complies with subdivision (e) of Section 24473.

24475. Nothing contained in this article shall be construed to deny to any licensee hereunder the right of taking and using a security agreement which, in addition to securing an original obligation, may secure the repayment of sums that may be advanced to, or expenditures that may be made at the direction of, the borrower subsequent to the execution of the security agreement and prior to the satisfaction thereof.

Article 3. Charges on Scheduled Balances

24480. This article applies only to loan contracts payable in substantially equal and consecutive monthly installments of principal and charges combined, the first of which is due not less than 15 days nor more than one month and 15 days from the date the loan is made. In lieu of computing charges and applying payments as provided in Section 24454, a licensee may precompute charges and apply payments as follows:

(a) The total charges which would be earned if the contract were repaid exactly according to its terms, at the monthly rate stated in the contract, may be precomputed when the loan is made and added to the principal of the loan. For the purpose of computation a month shall be that period of time from any date in one month to the corresponding date in the next month and if there is no corresponding date, then to the last day of the next month. The principal amount of the loan shall be its face value as referred to in Section 24455. Every payment may be applied to the combined total

of principal and precomputed charges until the contract is fully paid. The acceptance of payment of charges on loans made under the provisions of this article shall not be deemed to constitute payment, deduction or receipt thereof in advance nor compounding under Section 24455. Precomputed charges shall be subject to the following adjustments:

(1) The portion of the precomputed charge applicable to any particular monthly installment period shall bear the same ratio to the total precomputed charge, excluding any adjustment made for a first period of more than one month, as the balance scheduled to be outstanding during that monthly period bears to the sum of all monthly balances scheduled originally by the contract of loan.

(2) If the loan contract is paid in full by cash, a new loan, refinancing or otherwise, the borrower shall receive a rebate of that portion of the precomputed charge which is the difference between the total precomputed charge and the charges at the contract rate computed in accordance with the provisions of Section 24454 or 24454.1. The tender, by the borrower or at his request, of an amount equal to the unpaid balance less the required rebate must be accepted by the licensee in full payment of the contract.

(3) If three or more, but not all, installments are prepaid in full at any one time all of the prior charges for the loan shall be recalculated and all subsequent charges for the remaining term of the loan shall be recalculated by applying each payment first to charges and the remainder to principal in accordance with the provisions of Section 24454 or 24454.1.

(4) If the payment date of all wholly unpaid installments on which no default charge has been collected is deferred one or more full months and the contract so provides, the licensee may charge and collect a deferment charge. The deferment charge shall not exceed the portion of precomputed charge applicable, prior to deferment, to the first deferred monthly installment period multiplied by the number of months the maturity of the contract is deferred. Such number of months shall not exceed the number of full installments which are in default on the date of deferment or which may become due within 15 days of such date. When a deferment charge is made, no portion of the precomputed charge shall apply to the installment periods in which no installment payment is required by reason of the deferment. In computing any default charge or required rebate, the portion of the precomputed charge applicable to each deferred balance and installment period following the deferment period and prior to the deferred maturity shall remain the same as that applicable to such balances and periods under the original contract of loan. Such charge may be collected at the time of deferment or at any time thereafter. Any payment received at the time of deferment may be applied first to the deferment charge and the remainder, if any, applied to the unpaid balance of the contract. However, if the payment is sufficient to pay, in addition to the appropriate deferment charge, any installment which is in default

and the applicable default charge, it shall be first so applied and any such installment shall not be deferred nor subject to the deferment charge.

(5) In the event of default of more than 10 days in the payment of one-half or more of any scheduled installment, the licensee may charge and collect a default charge not exceeding an amount equal to the portion of the precomputed charge applicable to the final installment period. The charge may not be collected more than once for the same default and may be collected at the time of the default or at any time thereafter. If the default charge is deducted from any payment received after default occurs, and the deduction results in the default of a subsequent installment, no charge may be made for the resulting default.

(6) A borrower and licensee may agree that the first installment due date may be not more than 15 days more than one month and the amount of the installment may be increased by one-thirtieth of the portion of the precomputed charge applicable to a first installment of one month for each extra day.

(b) The statement to be given to the borrower as provided in subdivision (a) of Section 24473 and the contract shall disclose in addition to other required information the principal amount of the loan exclusive of charges and the basis for computing the refund of precomputed charges in case of prepayment in full or acceleration of maturity and for computing default and deferment charges. The delivery of a receipt for each payment showing the total amount of each payment complies with subdivision (d) of Section 24473.

(c) If the maturity of the contract when the charges are precomputed is accelerated for any reason, the licensee shall make the same refund or credit as would be required if the contract was paid in full on the date of acceleration and the unpaid balance shall be treated as the unpaid principal balance and thereafter the unpaid balance of the contract shall bear charges at the agreed rate of charge if the loan contract so provides.

24481. With respect to precomputed loans, licensees shall be subject only to, comply only with and derive authority only from Section 24480, notwithstanding any other provision of law which is not within this division.

24482. When charges on a loan of an original bona fide principal amount of ten thousand dollars ($10,000) or more have been precomputed in a manner similar to that provided in Section 24480, and the loan is prepaid in full by cash, a new loan, refinancing or otherwise, or the maturity of the loan contract is accelerated for any reason, the borrower shall receive a rebate or credit of that portion of the precomputed charge which is the difference between the total precomputed charge and the charges at the contract rate computed in accordance with the provisions of Section 24454 or 24454.1 or on the basis of 12 equal months of 30 days each, on the assumption that all payments were received by the licensee on their respective due dates. This section does not apply to charges paid by the borrower

to the lender or others such as charges which are computed as a percentage of the loan and which are fully earned upon making the loan.

CHAPTER 4. REVOCATION AND PENALTIES

Article 1. Revocation and Suspension of Licenses

24600. Licenses issued under this division remain in force and effect until they are surrendered, revoked, or suspended.

24601. For the purpose of discovering violations of this division or securing information required by him in the administration and enforcement of this division, the commissioner may at any time investigate the loans and business and examine the books, accounts, records, and files used in the business, of every person engaged in the business of a consumer finance lender or broker, whether such person acts or claims to act as principal or agent, or under or without the authority of this division. For the purpose of examination the commissioner and his representatives shall have free access to the offices and places of business, books, accounts paper, records, files, safes, and vaults of all such persons.

24602. In making any examination or investigation the commissioner may, for a reasonable time, not exceeding 30 days, take possession of the books, records, accounts, and other papers pertaining to the business and place a keeper in exclusive charge and custody of the books, records, accounts, and other papers in the office or place where they are usually kept. During possession no person shall remove or attempt to remove any of the books, accounts, papers, records, files, safes, and vaults, or any part thereof, except in compliance with a court order or written consent of the commissioner.

24603. The officers, employees, partners, directors and stockholders may inspect and examine the books, accounts, papers, records, files, safes and vaults while they are in the custody of the commissioner and employees may make entries therein reflecting current operations or transactions.

24604. The power of investigation and examination by the commissioner is not terminated by the surrender, suspension, or revocation of any license issued by him.

24605. Whenever the commissioner deems it necessary for the general welfare of the public, he has continuous authority to exercise the powers set forth in this division whether or not an application for a license has been filed with the commissioner, any license has been issued, or if issued, has been suspended or revoked.

24606. The commissioner may require the attendance of witnesses and examine under oath all persons whose testimony he requires relative to loans or business regulated by this division or to the subject matter of any examination, investigation, or hearing.

24608. The actual cost of each examination of a licensee or a

person subject to this division shall be paid to the commissioner by the licensee or person examined, and the commissioner may maintain an action for the recovery of the cost in any court of competent jurisdiction. For the purpose of this section only, no person other than a licensee shall be deemed to be a person subject to this division unless and until the person is determined to be a person subject to this division by an administrative hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code or by a judicial hearing in any court of competent jurisdiction.

24609. After an examination, investigation or hearing under this division, if the commissioner deems it of public interest or advantage, he may certify a record to the proper prosecuting official of the county or city in which the act complained of, examined, or investigated, occurred.

24610. The commissioner may require the production for examination in this state of all books, records and supporting data used by the licensee in the preparation of reports to the commissioner. The books, records, and supporting data shall be made available for examination by the commissioner within 10 days after written demand.

24611. The commissioner may upon three days' notice and a hearing, suspend any license for a period not exceeding 30 days, pending investigation.

24612. Any licensee may surrender any license by delivering to the commissioner written notice that he surrenders his license, but surrender of the license does not affect the licensee's civil or criminal liability for acts committed prior to surrender of the license.

24613. Whenever in the opinion of the commissioner any person is engaged in business as a broker, or consumer finance lender as defined in this division without a license from the commissioner, or any licensee is violating any provision of this division, the commissioner may order that person or licensee to desist and to refrain from engaging in the business or further violating this division. If, after the order is made, a written request for a hearing is filed and no hearing is held within 30 days thereafter, the order is rescinded.

24614. Whenever the commissioner believes from evidence satisfactory to the commissioner that any person has violated or is about to violate any provision of this division, or any provision of any order, license, decision, demand, or requirement, the commissioner may bring an action, or the commissioner may request the Attorney General to bring an action in the name of the people, against that person, to enjoin that person from continuing the violation or engaging therein or doing any act in furtherance thereof. In the action the court may enter an order or judgment awarding such preliminary or final injunction as is proper.

24615. (a) The commissioner shall suspend or revoke any license, upon notice and reasonable opportunity to be heard, if the

commissioner finds any of the following:

(1) That the licensee has failed to comply with any demand, ruling, or requirement of the commissioner made pursuant to and within the authority of this division.

(2) That the licensee has violated any provision of this division or any rule or regulation made by the commissioner under and within the authority of this division.

(3) That any fact or condition exists which, if it had existed at the time of the original application for the license, reasonably would have warranted the commissioner in refusing originally to issue the license.

(4) There has been repeated failure by the consumer finance lender when making or negotiating loans to take into consideration in determining the size and duration thereof the financial ability of the borrower to repay the loan in the time and manner provided in the loan contract or to refinance the loan at maturity.

(b) A master license may not be suspended or revoked pursuant to this section as a result of any action or failure to act by a subsidiary licensee unless grounds exist for the suspension or revocation of the master license pursuant to this section. An order suspending or revoking a license or imposing sanctions against a licensee shall not affect other licensed locations unless expressly so stated in the order.

24615.7. The commissioner may by order summarily suspend or revoke the license of any licensee if that person fails to file the report required by Section 24408 within 10 days after notice by the commissioner that such report is due and not filed. If, after an order is made, a request for hearing is filed in writing within 30 days and the hearing is not held within 60 days thereafter, the order is deemed rescinded as of its effective date.

24616. The revocation, suspension, expiration, or surrender of any license does not impair or affect the obligation of any preexisting lawful contract between the licensee and any borrower.

24617. Except in cases in which the time for setting the hearing is shortened as provided in this division, the proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and in all cases the commissioner has all the powers granted therein.

24618. Every order, decision, license, or other official act of the commissioner is subject to judicial review in accordance with law.

Article 2. Penalties

24651. (a) If any amount other than or in excess of the charges permitted by this division is charged, contracted for, or received, the contract of loan is void, and no person has any right to collect or receive any principal, charges, or recompense in connection with the transaction.

(b) Subdivision (a) shall not apply to an error in computation if

(1) the licensee shows by a preponderance of evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error, and (2) within 15 days of discovering the error the licensee notifies the borrower of the error and makes whatever adjustments in the account are necessary to correct the error.

24652. (a) Except as provided in Section 24651, if any provision of this division is violated in the making or collection of a loan, the contract of loan is void, and no person has any right to collect or receive any principal, interest, or charges in connection with the transaction.

(b) Subdivision (a) shall not apply to a violation if (1) the licensee shows by a preponderance of evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error, and (2) within 15 days of discovering the error the licensee notifies the borrower of the error and rectifies the error by making the appropriate changes in the documents or account and by taking other action necessary to correct the error.

24653. Any person including the several members, officers, directors, agents and employees of licensees, who willfully violates or participates in the violation of any provision of the rules, orders, and regulations of the commissioner, or the provisions of this division is guilty of a misdemeanor.

SEC. 11. Section 1643 of the Insurance Code is amended to read:

1643. No bank, or bank holding company, subsidiary, or affiliate thereof, or any officer or employee of a bank, bank holding company, subsidiary, or affiliate, may be licensed as an insurance agent or broker or act as an agent or broker for insurance, in this state, or control a licensed insurance agent or broker, except that a bank or a bank holding company subsidiary, or affiliate of a bank, may be issued a license to act as a life and disability agent limited to the transaction of credit life and disability insurance, and a commercial bank may be licensed to sell insurance or act as an insurance broker as provided in Section 1208 of the Financial Code. This section shall not apply to any bank or bank holding company which, under the authorization of the Federal Reserve Board, had prior to January 1, 1976, a subsidiary or affiliate licensed to sell insurance (except that subsequent authorization to expand such activities shall be subject to this section), or to any bank holding company owning a state-chartered bank which had, prior to January 1, 1976, a subsidiary or affiliate licensed to sell insurance. This section shall not apply to any person authorized or licensed to make loans pursuant to Division 7 (commencing with Section 18000), Division 9 (commencing with Section 22000), or Division 10 (commencing with Section 24000) of the Financial Code.

For the purposes of this section, the following definitions shall apply:

(a) "Bank" means any institution in this state defined in Section 102 of the Financial Code except that such term does not include a title insurance company authorized to transact a trust business under the provisions of Article 4 (commencing with Section 12390) of Chapter 1, Part 6, of Division 2 or a trust company controlled by or under common control with a title insurance company.

(b) "Bank holding company" means the same as the definition of that term set forth in Section 2 of the Federal "Bank Holding Company Act of 1956," as amended, but limited to holding companies which control a bank authorized to accept deposits in this state.

(c) "Subsidiary" means any corporation, association, or partnership, owned in whole or part by a bank or bank holding company.

(d) "Affiliate" means any corporation, association, or partnership connected through the ownership of a 10-percent or greater interest by a common parent.

(e) "Credit life, health, and accident insurance" means insurance on the life and health of a borrower from a bank issued to secure the repayment of the amount borrowed.

(f) "Control" means the possession, by any means, of the power to direct or cause the direction of the management or activities of a licensed insurance agent or broker.

SEC. 12. Section 639 of the Penal Code is amended to read:

639. Every person who gives, offers, or agrees to give to any director, officer, or employee of a financial institution any emolument, gratuity, or reward, or any money, property, or thing of value for his own personal benefit or of personal advantage, for procuring or endeavoring to procure for any person a loan or extension of credit from such financial institution is guilty of a felony.

782. (a) In any prosecution under Section 261, 264.1, 286, 288a, or 289 of the Penal Code, or for assault with intent to commit, attempt to commit, or conspiracy to commit any crime defined in any such section, except where the crime is alleged to have occurred in a local detention facility, as defined in Section 6031.4, or in a state prison, as defined in Section 4504, if evidence of sexual conduct of the complaining witness is offered to attack the credibility of the complaining witness under Section 780, the following procedure shall be followed:

CHAPTER 727

An act to amend Section 1203.1 of the Penal Code, and to amend Section 730.5 of the Welfare and Institutions Code, relating to probation.

[Approved by Governor September 24, 1981. Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.1 of the Penal Code is amended to read:

1203.1. The court or judge thereof, in the order granting probation, may suspend the imposing, or the execution of the sentence and may direct that such suspension may continue for such period of time not exceeding the maximum possible term of such sentence, except as hereinafter set forth, and upon such terms and conditions as it shall determine. The court, or judge thereof, in the order granting probation and as a condition thereof may imprison the defendant in the county jail for a period not exceeding the

maximum time fixed by law in the instant case; provided, however, that where the maximum possible term of such sentence is five years or less, then such period of suspension of imposition or execution of sentence may, in the discretion of the court, continue for not over five years; may fine the defendant in such sum not to exceed the maximum fine provided by law in such case; or may in connection with granting probation, impose either imprisonment in county jail, or fine, or both, or neither; may provide for reparation in proper cases; and may require bonds for the faithful observance and performance of any or all of the conditions of probation.

The court shall consider whether the defendant as a condition of probation shall make restitution to the victim or the Indemnity Fund if assistance has been granted to the victim pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code. In counties or cities and counties where road camps, farms, or other public work is available the court may place the probationer in such camp, farms, or other public work instead of in jail, and Section 25359 of the Government Code shall apply to probation and the court shall have the same power to require adult probationers to work, as prisoners confined in the county jail are required to work, at public work as therein provided; and supervisors of the several counties are hereby authorized to provide public work and to fix the scale of compensation of such adult probationers in their respective counties. In all cases of probation the court is authorized to require as a condition of probation that the probationer go to work and earn money for the support of his or her dependents or to pay any fine imposed or reparation condition, to keep an account of his or her earnings, to report the same to the probation officer and apply such earnings as directed by the court.

In all such cases if as a condition of probation a judge of the superior court sitting by authority of law elsewhere than at the county seat requires a convicted person to serve sentence at intermittent periods such sentence may be served on the order of the judge at the city jail nearest to the place at which the court is sitting, and the cost of his or her maintenance shall be a county charge.

The court may impose and require any or all of the above-mentioned terms of imprisonment, fine and conditions and other reasonable conditions, as it may determine are fitting and proper to the end that justice may be done, that amends may be made to society for the breach of the law, for any injury done to any person resulting from such breach and generally and specifically for the reformation and rehabilitation of the probationer, that should the probationer violate any of the terms or conditions imposed by the court in the instant matter, it shall have authority to modify and change any and all such terms and conditions and to reimprison the probationer in the county jail within the limitations of the penalty of the public offense involved. Upon the defendant being released from the county jail under the terms of probation as originally granted or

any modification subsequently made, and in all cases where confinement in a county jail has not been a condition of the grant of probation, the court shall place the defendant or probationer in and under the charge of the probation officer of the court, for the period or term fixed for probation; provided, however, that upon the payment of any fine imposed and the fulfillment of all conditions of probation, probation shall cease at the end of the term of probation, or sooner, in the event of modification. In counties and cities and counties in which there are facilities for taking fingerprints, such marks of identification of each probationer must be taken and a record thereof kept and preserved.

Any other provision of law to the contrary notwithstanding, all fines collected by a county probation officer in any of the courts of this state, as a condition of the granting of probation, or as a part of the terms of probation, shall be paid into the county treasury and placed in the general fund, for the use and benefit of the county.

If the court orders restitution to be made to the victim, the board of supervisors may add a fee to cover the actual administrative cost of collecting restitution but not to exceed 2 percent of the total amount ordered to be paid. The fees shall be paid into the general fund of the county treasury for the use and benefit of the county.

SEC. 2. Section 730.5 of the Welfare and Institutions Code is amended to read:

730.5. When a minor is adjudged a ward of the court on the ground that he or she is a person described in Section 602, in addition to any of the orders authorized by Section 726, 727, 730, or 731, the court may levy a fine against the minor not to exceed two hundred fifty dollars ($250), if the court finds that the minor has the financial ability to pay the fine. Section 1464 of the Penal Code applies to fines levied pursuant to this section.

CHAPTER 731

An act to amend Section 10195 of the Insurance Code, relating to insurance.

[Approved by Governor September 24, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 10195 of the Insurance Code is amended to read:

10195. "Insurance policies to supplement Medicare" refers to disability insurance policies and nonprofit hospital service plan contracts which are designed primarily to supplement Medicare, or are advertised, marketed, or otherwise purported to be a supplement to Medicare and, which are issued on a group or individual basis.

(a) Insurance policies to supplement Medicare shall:

(1) Meet the minimum benefit standards as established by the Insurance Commissioner.

(2) Notwithstanding Section 10276, or any other provision of law, provide an examination period of 30 days for purposes of review of the contract at which time the subscriber may return the contract. Such return shall void the policy from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premiums paid and any policy fee paid for the policy shall be refunded to the owner.

(3) Require insurers and plans to explain the relationship of the coverage of their policies to the benefits provided by Medicare.

(4) Not be limited to coverage exclusively for a single disease or affliction.

(5) Comply with the provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, regardless of the situs of the contract.

(b) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of insurance policies to supplement Medicare. Such standards shall be in addition to and in accordance with applicable laws of this state, including provisions of subdivision (b) of Section 10291.5 and Chapter 7 (commencing with Section 10600) of Part 2 of Division 2.

(c) The commissioner may issue reasonable regulations that

specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under insurance policies to supplement Medicare.

(d) Notwithstanding any other provision of law, insurance policies to supplement Medicare shall not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. A policy shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(e) Insurance policies to supplement Medicare shall return to policyholders benefits which are reasonable in relation to the premium charged. The commissioner shall issue reasonable regulations to establish minimum standards for loss ratios of insurance policies to supplement Medicare on the basis of incurred claims experience and earned premiums for the entire period for which rates are computed to provide coverage and in accordance with accepted actuarial principles and practices. The commissioner may establish different loss ratios for group policies of insurance than for individual policies of insurance. For purposes of regulations issued pursuant to this section, insurance polices to supplement Medicare issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be considered individual policies.

(f) In addition to Chapter 7 (commencing with Section 10600) of Part 2 of Division 2, and in order to provide for full and fair disclosure in the sale of Medicare supplemental policies, no insurance policy to supplement Medicare shall be delivered or issued for delivery in this state and no certificate shall be delivered pursuant to a group Medicare supplemental policy delivered or issued for delivery in the state unless an outline of coverage is delivered to the applicant at the time application is made

(g) The commissioner shall prescribe the format and content of the outline of coverage required by subdivision (f). For purposes of this section, "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include all of the following:

(1) A description of the principal benefits and coverage provided in the policy.

(2) A statement of the exceptions, reductions, and limitations contained in the policy

(3) A statement of the renewal provisions including any reservation by the insurer of a right to change premiums.

(4) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted

to determine governing contractual provisions.

(h) The commissioner may prescribe by regulation a standard form, and the contents of, an informational brochure for persons eligible for Medicare by reasons of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insured eligible for Medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insured eligible for Medicare by reason of age, but in no event later than the time of policy delivery.

(i) The commissioner may promulgate reasonable regulations for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not insurance policies to supplement Medicare, for all accident and sickness insurance policies sold to persons eligible for Medicare by reason of age, other than insurance policies to supplement Medicare, disability income policies, basic, catastrophic, or major medical expense policies or single premium, nonrenewable policies.

(j) The commissioner may promulgate reasonable regulations to govern the full and fair disclosure of information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for Medicare by reason of age.

This section shall not apply to policies issued to one or more employers or labor organizations, or to the trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees, or combination thereof, or for members or former members, or combination thereof, of the labor organization.

This section shall not apply to individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions which are inconsistent with the requirements of this section.

(b) A minor may not possess live ammunition unless he or she has the written permission of his or her parent or guardian or is accompanied by his or her parent or guardian, except while going to or from an organized lawful recreational or competitive shooting activity or a lawful hunting activity.

(c) Violation of this section is a misdemeanor.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 734

An act to amend Section 227p of the Civil Code, relating to adoption.

[Approved by Governor September 24, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 227p of the Civil Code is amended to read:

227p. (a) Any adult person may adopt any other adult person younger than himself or herself, except the spouse of the adopting person, by an agreement of adoption approved by a decree of adoption of the superior court of the county in which either the person adopting or the person adopted resides, as provided in this section. The agreement of adoption shall be in writing and shall be executed by the person adopting the person to be adopted, and shall set forth that the parties agree to assume toward each other the legal relation of parent and child, and to have all of the rights and be subject to all of the duties and responsibilities of that relation.

A married person not lawfully separated from his or her spouse cannot adopt an adult person without the consent of the spouse of the adopting person, if the spouse, not consenting, is capable of giving the consent. A married person not lawfully separated from his or her spouse cannot be adopted without the consent of the spouse of the person to be adopted if the spouse, not consenting, is capable of giving such consent. Neither the consent of the natural parent or parents of the person to be adopted, nor of the State Department of Social Services, nor of any other person shall be required.

The adopting person and the person to be adopted may file in the superior court of the county in which either resides a petition praying for approval of the agreement of adoption by the issuance of a decree of adoption. The court shall fix a time and place for hearing on the petition, and both the person adopting and the person to be adopted shall appear at the hearing in person, unless an appearance is impossible, in which event an appearance may be made for either or both of the persons by counsel, empowered in writing to make the appearance. The court may require notice of the time and place of the hearing to be served on any other interested persons, and any such interested person may appear and object to the proposed adoption. No investigation or report to the court by any public officer or agency is required, but the court may require the county probation officer or the State Department of Social Services to investigate the circumstances of the proposed adoption and report thereon, with recommendations, to the court prior to the hearing.

At the hearing the court shall examine the parties, or the counsel of any party not present in person. If the court is satisfied that the adoption will be for the best interests of the parties and in the public

interest, and that there is no reason why the petition should not be granted, the court shall approve the agreement of adoption, and make a decree of adoption declaring that the person adopted is the child of the person adopting him or her; otherwise, the court shall withhold approval of the agreement and deny the petition.

A married minor child may be adopted pursuant to the provisions of this section if he or she has the written consent of his or her spouse to the adoption.

(b) (1) The petition for adoption shall state the length and nature of the relationship between the person seeking to adopt and the proposed adoptee; the degree of kinship, if any; the reason the adoption is sought, together with a statement as to why the adoption would be in the best interests of the person seeking to adopt, the proposed adoptee, and the public; the names and addresses of any living parents or adult children of the proposed adoptee; and whether the person seeking to adopt or his or her spouse has previously adopted any other adult person and, if so, the names of any such person, together with the date and place of the adoption.

(2) No person shall adopt more than one unrelated adult person within one year of his or her adoption of an unrelated adult unless the person to be adopted is the sibling by birth of a person previously adopted pursuant to this section, or unless the person to be adopted is disabled or physically handicapped. No person shall adopt an unrelated adult person within one year of any adoption of an unrelated adult by his or her spouse, unless the person to be adopted is the sibling by birth of a person previously adopted pursuant to this section.

(3) A hearing with regard to the adoption of a person or the termination of a parent and child relationship established pursuant to this section may, in the discretion of the court, be open and public.

(4) In determining whether or not the adoption of any person pursuant to this subdivision is in the public interest or the best interests of the persons seeking the adoption, the court may consider evidence, oral or written, whether or not it is in conformity with the Evidence Code.

(5) Any person who has been adopted under the provisions of this section may, upon written notice to the adoptive parent, file a petition to terminate the relationship of parent and child. The petition shall indicate the name and address of the petitioner, the name and address of the adoptive parent, the date and place of the adoption, and the circumstances upon which the petition is based. If the adoptive parent consents in writing to the termination, an order terminating the relationship of parent and child may be issued by the court without further notice.

(6) If the adoptive parent does not consent to the termination, a verified, written response shall be filed within 30 days of the date of mailing of the notice, and the matter shall be set for hearing. The court may require an investigation by the county probation officer or the State Department of Social Services

CHAPTER 735

An act to amend Sections 10202.8, 10203 and 10203.4 of, and to repeal Section 10202.7 of, the Insurance Code, relating to insurance.

[Approved by Governor September 24, 1981. Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 10202.7 of the Insurance Code is repealed.

SEC. 2. Section 10202.8 of the Insurance Code is amended to read:

10202.8. A group life policy conforming to all the following conditions may be issued to the trustees of a fund established by employer members of a trade association, or by a trade association maintained by contributions of such members for the sole benefit of their employees or, by one employer, or by two or more employers in the same industry, or by an association of employers in the same industry, or by one or more labor unions, or by one or more employers and one or more labor unions, or by an association of employers and one or more labor unions, to insure employees of the employers or members of the unions for the benefit of persons other than the employers or the unions:

(a) The persons eligible for insurance shall be all of the employees of the employers or all of the members of the unions, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the unions, or to both. The policy may provide that the term "employees" shall include retired employees, and the individual proprietor or partners if any employer is an individual proprietor or a partnership. No director of a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director. No individual proprietor or partner shall be eligible for insurance under the policy unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship.

(b) The premium for the policy shall be paid by the trustees either: (a) wholly from funds contributed by the employer or employers of the insured persons, or by the union or unions, or by both; or (b) partly from such funds and partly from funds contributed by either all of the insured persons or by one or more classes thereof. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured persons specifically for their insurance

A policy on which part of the premium is to be derived from funds

contributed by all of the insured persons may be placed in force only if at least 75 percent of the then eligible employees of any employer unit participating in the trust, or 75 percent of the then eligible members of any participating union if no employer unit is participating in the trust, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured persons must insure all eligible persons. A policy on which part of the premium is to be derived from funds contributed by one or more classes of insured persons but not from all the insured persons, must insure all eligible persons from whom no contributions are required and must extend insurance to each class from whom contributions are required when 75 percent of the then eligible persons of any such class elect to make the required contributions. Any eligible person as to whom evidence of individual insurability is not satisfactory to the insurer shall be excluded.

(c) The policy must cover at the date of issue at least 50 persons.

(d) The amounts of insurance under the policy must be based upon some plan precluding individual selection by the insured persons or by the trustees, employers or unions. No policy, except a policy issued to the trustee of a fund established by employer members of a trade association or by a trade association and maintained by contributions of such members for the sole benefit of their employees, may be issued which provides term insurance on any person which together with any other term insurance under any group life insurance policy or policies issued to the employers, or any of them, or to the trustee of a fund established in whole or in part by the employers, or any of them, exceeds one hundred thousand dollars ($100,000).

Such insurance may be issued with or without medical examination. For the purpose of this section the word "industry" shall not include licensed professions, such as medicine, dentistry, pharmacy, law and accountancy.

SEC. 2. Section 10203 of the Insurance Code is amended to read:

10203. Life insurance conforming to all of the following conditions is another form of group life insurance:

(a) Written under a policy covering, when issued, not less than 25 members of any of the following:

(1) Any labor union or unions.

(2) The National Guard.

(3) Any association or governmental or public employees.

(4) Any credit union organized and operating under the Federal Credit Union Act of 1934 or Chapter 36 of the California Statutes of 1927 as amended.

(5) Any association of private employees of a common employer, formed for purposes other than obtaining insurance and having been in existence for two years or longer prior to issuance of the policy, and having a membership not less than 75 percent of the number of employees eligible for membership in such association.

(b) Written under a policy issued to one or more such unions,

credit union or association.

(c) The premium on the policy to be paid by the union, credit union, or association or by the union or association and the members thereof jointly or by the insured members alone. Payment of such premium by a third party on behalf of the union member shall be considered payment by the union member.

(d) Insuring only members of such union or unions or members of such credit union or association.

(e) Insuring for amounts of insurance based upon some plan which will preclude individual selection.

(f) Insuring for the benefit of persons other than the union, credit union or association or its officials.

(g) Written under a policy insuring, when issued, not less than 75 percent of all members eligible for insurance under the policy, or 75 percent of such members of any class thereof reasonably determined by conditions pertaining to employment or of any established unit thereof not formed for the purpose of procuring insurance; provided, that if a group policy is intended to insure several such classes or units it may be issued as respects any such class or unit of which 75 percent are covered and extended to other such units or classes as 75 percent thereof express the desire to be covered. In such case, when members apply and pay for additional amounts of insurance, a smaller percentage of members may be insured for such additional amounts of insurance. If any member fails to become insured under an existing policy when he becomes eligible and later wishes to become insured thereunder, the insurer may require satisfactory evidence of insurability before insurance is granted on such member.

(h) No policy of group life insurance shall be issued to an association of private employees of a common employer unless the employer consents in writing to deduct premiums from wages or salary of insured members.

(i) Written under a policy covering any association having a constitution and bylaws and formed and continuously maintained in good faith for purposes other than that of obtaining insurance, offering insurance to all the eligible members of such association and covering not less than 25 such members or such members together with their dependents or spouses and not less than 75 percent of all eligible members for amounts of insurance based upon some plan which will preclude individual selection by the member as to the amount of his or her insurance coverage thereunder. If the master policy is to be issued to cover members of labor unions, it may be issued to more than one such union.

SEC. 3. Section 10203.4 of the Insurance Code is amended to read:

10203.4. Insurance under any group life insurance policy issued pursuant to Sections 10202, 10202.7, 10202.8, 10203, 10203.1, and 10203.7 may, if 75 percent of the insured employees elect, be extended to insure the dependents, or any class or classes thereof, of each insured employee who so elects, in amounts in accordance with some plan which precludes individual selection and which shall not be in excess of 50 percent of the insurance on the life of such insured employee or five thousand dollars ($5,000), whichever is less; provided, however, in the case of a dependent whose age at death is under six months, the amount shall not be in excess of five hundred dollars ($500).

"Dependent" includes the member's spouse and all unmarried children from birth through 20 years of age, or through age 22, if the dependent child is attending an educational institution, or a child 21 years of age or over who is both (a) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (b) chiefly dependent upon the employee for support and maintenance, provided proof of such incapacity and dependency is furnished to the insurer by the employee within 31 days of the child's attainment of the limiting age and subsequently as may be required by the insurer, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

The premiums for the insurance on such dependents may be paid by the employer or by the employee or by the employer and the employee jointly.

(2) A pilot who retires or becomes disabled shall not begin to receive his pension until the benefit year next following the date on which he retires or becomes disabled.

(3) No retired pilot shall receive benefits pursuant to the pension plan in any benefit year unless his resignation as an active pilot specifying a proposed date of retirement was submitted, in writing, to the Board of Pilot Commissioners, prior to December if his retirement is to be effective the first day of the following January or prior to June if his retirement is to be effective the first day of the following July. His resignation shall become effective on either January 1 or July 1 as specified in the written resignation.

(4) If a retired or disabled pilot who is receiving a pension dies without a wife surviving him, his successor in interest shall receive the proceeds of the pension for the remainder of the benefit year, after which time it shall cease.

(b) (1) The widow of a deceased pilot who would be eligible for a pension pursuant to subdivision (c) of Section 1164 shall receive, as a monthly pension, one-half of the amount that her deceased husband would have received as a pension pursuant to this section had he lived.

(b) The number of wells drilling, producing, injecting, or idle,

that are owned or operated by such person.

(c) What disposition was made of the gas produced from each field, including the names of persons, if any, to whom the gas was delivered, and such other information regarding the gas and the disposition thereof as the supervisor may require.

(d) What disposition was made of the water produced from each field, and the amount of fluid or gas injected into each well used for enhanced recovery, underground storage of hydrocarbons, or waste water disposal and such other information regarding such wells as the supervisor may require.

3227.5. The supervisor shall compile from statements filed pursuant to Section 3227 and publish monthly statistics, within 90 days of the end of each calendar month, showing the amount of oil and gas produced in the state by field and pool, together with the number of wells producing or idle, all separately stated as to field and pool, with any other information that the supervisor deems proper.

3232. Within 60 days after the completion of abandonment of any well, the owner or operator of the well shall make, in such form as the supervisor or the district deputy may direct, a written report of all work done in connection with the abandonment. The supervisor or the district deputy shall, within 10 days after the receipt of a written report of completion, furnish the owner or operator with a written final approval of abandonment, or a written disapproval of abandonment, setting forth the conditions upon which the disapproval is based.

Failure to abandon in accordance with the approved method of abandonment, or failure to notify the supervisor or the district deputy of any test required by the final approval of abandonment to be witnessed by the supervisor, the district deputy or his inspector, or failure to furnish the supervisor or the district deputy, at his

request, with any information regarding the condition of the well, shall constitute sufficient grounds for disapproval of the abandonment.

SEC. 11. Section 3250 of the Public Resources Code is amended to read:

3250. The Legislature hereby finds and declares that hazardous and certain idle-deserted oil and gas wells, as defined in this article, are public nuisances and that it is essential, in order to protect life, health, and natural resources that such oil and gas wells be abandoned, reabandoned, produced, or otherwise remedied to mitigate, minimize, or eliminate their danger to life, health, and natural resources.

The Legislature further finds and declares that, although the abatement of such public nuisances could be accomplished by means of an exercise of the regulatory power of the state, such regulatory abatement would result in unfairness and financial hardship for certain landowners, while also resulting in benefits to the public. The Legislature, therefore, finds and declares that the expenditure of funds to abate such nuisances as provided in this article is for a public purpose and finds and declares it to be the policy of this state that the cost of carrying out such abatement be charged to this state's producers of oil and gas as provided in Article 7 (commencing with Section 3400).

SEC. 12. Section 3251 of the Public Resources Code is amended to read:

3251. For the purposes of this article, an oil or gas well is a "hazardous well" if the well has been determined by the supervisor to presently pose a danger to life, health, or natural resources and subdivisions (a) and (b) of this section apply. Also, for the purposes of this article, an oil or gas well is an "idle-deserted well" if Section 3237 and subdivisions (a) and (b) of this section apply.

(a) Regulatorv abatement of such a public nuisance is not possible because the last operator that had an economic interest in, or received any benefit from, the well is deceased, defunct, or no longer in business in this state.

(b) The present surface owner and mineral estate owners derived no substantial financial gain from the well. In making the determination respecting financial gain, the supervisor may seek such information and require such proof of these matters as may be desirable or necessary.

SEC. 13. Section 3255 of the Public Resources Code is amended to read:

3255. (a) Notwithstanding any other provision of this division, the supervisor may order that any of the following operations be carried out on any property in the vicinity of which, or on which, is located any well that the supervisor determines to be either a hazardous or an idle-deserted well:

(1) Any inspection or tests necessary to determine what action, if any, would be appropriate to effectuate the purpose of this article.

(2) The abandonment of such a well.

(3) The reabandonment of such a well.

(4) The redrilling and production of an existing well for purposes of remedying, mitigating, minimizing, or eliminating danger to life, health, and natural resources.

(5) The drilling and production of a well for purposes of remedying, mitigating, minimizing, or eliminating danger to life, health, and natural resources.

(6) Any other remedy or oilfield operation calculated to effectuate the purpose of this article.

(b) If, pursuant to this article, the supervisor orders that any operation be carried out with respect to a hazardous or idle-deserted well and such operation will, by virtue of the physical occupation or destruction of all or any part of the property or the extraction of oil or gas from such property, substantially interfere with the enjoyment of the property, the supervisor shall acquire, as provided in Section 3256, such minimal interest in the property as is necessary to carry out such operation. No such acquisition may be made pursuant to this subdivision unless the supervisor finds and determines that the public benefits to be derived therefrom in remedying, mitigating, minimizing, or eliminating danger to life, health, and natural resources will exceed the cost of such acquisition, irrespective of the manner in which such acquisition is to be funded.

(c) An order of the supervisor to carry out any of the operations listed in subdivision (a) may be appealed by the owner of the property pursuant to Article 6 (commencing with Section 3350), except that in the case of an emergency no stay of the supervisor's order shall accompany the appeal.

SEC. 14. Section 3259 of the Public Resources Code is repealed.

SEC. 15. Section 3309 of the Public Resources Code is amended to read:

3309. A copy of the supervisor's order shall be posted in a conspicuous place upon the property affected, and the order shall become final 10 days after posting, unless it is appealed from as provided in Section 3350.

SEC. 16. Section 3350 of the Public Resources Code is amended to read:

3350. The lessor, lessee, or any operator or any well owner, or the owner of any rig, derrick, or other operating structure, or his local agent, shall within 10 days from the date of the service of any order from the supervisor or a district deputy, other than the order contemplated by Section 3308, either comply with the order or file with the supervisor or the district deputy a written statement that the order is not acceptable, and that appeal from the order is taken to the director under the provisions of this chapter.

Any lessor, lessee, or operator affected by an order made pursuant to Section 3308 may, within 10 days from the posting of the copy of the order, file with the supervisor a written appeal therefrom to the director under the provisions of this chapter.

Any such appeal shall operate as a stay of any order issued pursuant to this chapter.

SEC. 17. Section 3352 of the Public Resources Code is amended to read:

3352. Within 10 days from the taking of the appeal, 10 days' notice in writing shall be given to the appellant of the time and place of the hearing. For good cause, the director may postpone the hearing, on the application of the appellant, the supervisor, or the district deputy, for a period not to exceed 10 days.

SEC. 18. Section 3408 of the Public Resources Code is amended to read:

3408. If any person chargeable under this article fails or refuses to file with the department, within the time prescribed in this article, the verified report provided for in Section 3406, the department shall note his failure or refusal as provided for in Section 3418.

The department shall estimate the amount of taxable oil and gas produced by such person and shall assess such person an assessment based upon the estimated production. A penalty assessment shall be added to the charge pursuant to Section 3420.

SEC. 19. Section 3409 of the Public Resources Code is repealed.

SEC. 20. Section 3420 of the Public Resources Code is amended to read:

3420. The charges levied and assessed under this article are due and payable on the first of July in each year. One-half thereof shall be delinquent if not paid on or before August 15th of each year, and the remaining one-half of the charges shall be delinquent if not paid on or before the first of February next succeeding the day upon which they became due and payable.

Any person who fails to pay any charge within the time required shall pay a penalty of 10 percent of the amount due, plus interest at the rate of 1½ percent per month, or fraction thereof, computed from the delinquent date of the assessment until and including the date of payment.

SEC. 21. Section 3728.5 of the Public Resources Code is amended to read:

3728.5. In lieu of the bond required by Sections 3723.5, 3725, 3725.5, and 3726, a person may, with the written approval of the supervisor, file a cash bond in the applicable amount, together with evidence of the deposit of such amount in a bank authorized to do business in this state and insured by the Federal Deposit Insurance Corporation, or investment certificates or share accounts in the applicable amount issued by a savings and loan association doing business in this state and insured by the Federal Savings and Loan Insurance Corporation. The bond, or security filed in lieu thereof, shall be subject to all conditions set forth in Sections 3723.5, 3725, 3725.5, and 3726.

SEC. 22. Section 3750 of the Public Resources Code is amended to read:

3750. Within 60 days after the completion of abandonment of any

well, the owner or operator of the well shall make, in such form as the supervisor or the district deputy may direct, a written report of all work done in connection with the abandonment. The supervisor or the district deputy shall, within 10 days after the receipt of a written report of completion, furnish the owner or operator with a written final approval of abandonment, or a written disapproval of abandonment, setting forth the conditions upon which the disapproval is based.

Failure to abandon in accordance with the approved method of abandonment, or failure to notify the supervisor or the district deputy of any test required by the final approval of abandonment to be witnessed by the supervisor, the district deputy or his inspector, or failure to furnish the supervisor or the district deputy, at his request, with any information regarding the condition of the well, shall constitute sufficient grounds for disapproval of the abandonment.

SEC. 23. Section 3762 of the Public Resources Code is amended to read:

3762. The lessor, lessee, or any operator or any well owner, or the owner of any rig, derrick, or other operating structure, or his local agent, shall within 10 days from the date of the service of any order from the supervisor or a district deputy, either comply with the order or file with the supervisor or the district deputy a written statement that the order is not acceptable, and that appeal from the order is taken to the Geothermal Resources Board under the provisions of this chapter.

Any such appeal shall operate as a stay of any order issued pursuant to this chapter.

SEC. 24. Section 3764 of the Public Resources Code is amended to read:

3764. Within 10 days from the taking of the appeal, 10 days' notice in writing shall be given to the appellant of the time and place of the hearing. If at the end of the allotted time, as revealed by inspection, the health facility has failed to correct the deficiencies, the director may take action to revoke or suspend the license.

Reports on the results of each inspection of a health facility shall be prepared by the inspector or inspector team and shall be kept on file in the state department along with the plan of correction and health facility comments. The inspection report may include a recommendation for reinspection. Inspection reports of intermediate care facility/developmentally disabled habilitative shall be provided by the state department to the appropriate regional center pursuant to Chapter 5 (commencing with Section 4620) of Division 4.5 of the Welfare and Institutions Code.

1337. (a) The Legislature finds that the quality of patient care in skilled nursing and intermediate care facilities is dependent upon the competence of the personnel who staff its facilities. The Legislature further finds that direct patient care in skilled nursing and intermediate care facilities is currently rendered largely by persons without adequate training. To assure the availability of trained personnel in skilled nursing and intermediate care facilities, the Legislature intends that all such facilities in this state participate in approved training programs established under this article. Therefore, if this bill and Assembly Bill 1998 are both chaptered and become effective on or before January 1, 1982, and Assembly Bill 1998 is chaptered before this bill and amends Section 1250.1, Section 4.5 of this act shall become operative on the effective date of this act and Section 4 of this act shall not become operative.

CHAPTER 2. SPECIAL ELEMENTARY SCHOOL READING INSTRUCTION PROGRAM

Article 1. General Provisions

54100. This chapter may be cited as the Miller-Unruh Basic Reading Act of 1965.

The Legislature further recognizes that to achieve its intent and purpose it will be necessary to provide means to employ specialists trained in the teaching of reading. To carry out its intent and purpose, the Legislature has enacted this chapter to provide salary payments for reading specialists. It is also the intent of the Legislature that the provisions of this chapter shall be administered to provide funds and services first to those school districts and to the schools in those school districts where the need for reading instruction is greatest and the financial ability of the districts to provide it is least. This program is voluntary and any school district may participate or may decline to participate.

It is not the intent of the Legislature to preempt a school district from establishing and maintaining any other special reading program which otherwise complies with the law.

54102. The State Board of Education may have the power to adopt and promulgate all rules and regulations necessary to the effective administration of this chapter, including, but not necessarily limited to, those specifically required to be adopted by particular provisions of this chapter. A school district may request a waiver of any provision of this chapter. The State Board of Education may approve or disapprove the request, depending on whether or not the waiver would further the purposes of this chapter.

Article 2. Employment of Specialists

54120. The governing board of any school district maintaining elementary schools, in order to provide reading instruction under the provisions of this chapter, may appoint any elementary school teacher to a reading specialist position if the appointee has met the following minimum requirements.

(a) Holds a Reading Specialist Credential issued pursuant to Section 44265 or a Miller-Unruh Reading Specialist Certificate.

(b) Has completed three years as a successful teacher in any grades 1 to 6, inclusive.

(c) Is fully credentialed by the State of California to teach in kindergarten or any of grades 1 to 6, inclusive.

(d) Successfully completed the following college or university courses:

(1) A basic course in the teaching of elementary school reading.

(2) A basic course in the teaching of elementary school language.

(3) A basic course in the diagnosis and remediation of reading disabilities.

(4) A course in directed clinical practice in the remediation of reading disabilities. The course may be concurrent with the first year as a reading specialist.

54121. For purposes of issuing the Miller-Unruh Reading Specialist Certificate, the Commission for Teacher Preparation and Licensing shall designate a written examination to be administered to each person seeking the position of reading specialist. The examination shall be one designed to test the knowledge of the nominee concerning the various approaches and techniques of reading which have been determined by competent authority to be most effective in diagnostic and prescriptive instruction for meeting the individual needs of young pupils. The examination shall be administered on a statewide basis once each school year. For these purposes the commission may select an examination prepared by any competent public or private person, organization, or agency.

54122. Persons employed by school districts as reading specialists under this chapter shall be considered as classroom teachers for purposes of all laws dealing with permanent status of certificated employees employed by school districts.

54123. Reading specialists employed by a school district shall be relieved of all regular teaching and administrative responsibilities and shall devote their full time in the performance of the following prioritized responsibilities, which shall be directed toward insuring that pupils attain essential reading skills:

(a) First priority shall be supplementing the reading instruction in kindergarten and grade 1, with an emphasis on the prevention of reading difficulties.

(b) Second priority shall be providing supplementary, specialized diagnostic services and prescriptive instruction to small groups of pupils or to individual pupils in need of special reading instruction in the primary grades.

(c) Final priority shall be providing corrective instruction to individuals and small groups of pupils in grades 4 through 6 after all primary needs are met.

No Miller-Unruh specialist shall maintain a caseload in excess of 60 pupils at any one time, nor shall the daily caseload exceed 40 pupils receiving individual or small group instruction. Each specialist shall be responsible for providing leadership for the total school program, including providing inservice training, demonstrations, and serving

as a reading and language resource specialist for the school.

Adequate time shall be allotted in the specialist's schedule to allow the time needed for diagnostic and prescriptive planning, for staff development, and for self-improvement.

54124. The annual salary of a specialist teacher, employed as such by a school district for a school year, shall be increased by two hundred fifty dollars ($250) over that otherwise payable to him under his regular contract of employment with the district in which he is regularly employed.

Such sum shall be paid by the school district in a lump sum payment to the specialist reading teacher, no later than June 30 of each fiscal year, and the warrant on which the payment is made shall clearly identify the purpose for which the payment is being made with words to the effect of: "Special Stipend for State Basic Reading Program" appearing on the face of the warrant. Partial lump-sum payments for specialist reading teachers employed for a portion of the school year shall be paid no later than 30 days after the specialist teacher leaves the employ of the district.

Article 3. Allowances for Specialists

54140. Allowances under this article shall be made by the Superintendent of Public Instruction in accordance with a system of priorities that he or she shall by rule and regulation adopt, designed to carry out the intent and purpose of the Legislature stated in Section 54101.

The system shall be designed to give priority to districts in the following order:

(a) First, to insure that the districts participating in the program during the preceding school year, which continue to be eligible, will not be required to reduce programs below the level of the preceding year.

(b) Second, to insure that applications for new programs in eligible schools be considered on a priority basis in terms of the percentage of pupils having reading difficulties and the financial ability of the district to provide special instructional assistance.

54141. The allowance for salaries of reading specialists to each district shall be computed by multiplying the number of reading specialists employed by the district by an amount equivalent to the statewide average salary, as determined by the Superintendent of Public Instruction, paid elementary teachers during the preceding fiscal year plus a sum of two hundred fifty dollars ($250) per teacher. The salary allowance so computed shall not be more than the actual salary paid by the district for the services of the reading specialist.

54142. Any school district which receives allowances for programs authorized pursuant to this article may utilize the allowances in kindergarten or any of grades 1 through 6. However, in order to carry out the intent of the Miller-Unruh reading program as a supplementary specialized preventive and corrective program,

the reading specialist shall first fully service pupils enrolled in kindergarten and grades 1 through 3 prior to serving pupils in grades 4 through 6, as provided in Section 54123.

54145. Allowances under this article shall be made by the Superintendent of Public Instruction from funds appropriated therefor by the Legislature. The superintendent shall make no allowances in any year in excess of the amount appropriated by the Legislature for the purposes of this chapter.

shall not exceed three thousand six hundred dollars ($3,600) in any one year. Compensation pursuant to this section shall be fixed by ordinance.

CHAPTER 752

An act to amend Sections 10270.97, 10293, 10506, and 12923 of the Insurance Code, relating to insurance.

[Approved by Governor September 24, 1981. Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 10270.97 of the Insurance Code is amended to read:

10270.97. Selected group disability insurance is that form of disability insurance conforming to the following conditions:

(a) Written under individual policies

(1) Issued to not less than five employees of the federal or state government, or of any federal or state agency, political subdivision or district, or of any public, governmental, or municipal corporation, or of any unit, agency, or department thereof, or of any corporation, copartnership or individual employer; or

(2) Issued to not less than 10 members of any association, which shall have been in existence for at least two years, having a constitution and bylaws and formed and continuously maintained in good faith for purposes other than that of obtaining insurance; and

(3) For amounts of insurance based upon individual selection by the insured employee or member, as the case may be.

(b) Notwithstanding the provisions of Section 10401 insurers may be permitted to file (for use in connection with selected group disability insurance), rate schedules that reflect a differential from the rates charged for identical policies issued on the individual basis, provided they do not make or permit any discrimination between selected groups.

SEC. 2. Section 10293 of the Insurance Code is amended to read:

10293. (a) The commissioner shall, after notice and hearing, withdraw approval of an individual or mass-marketed policy of disability insurance if after consideration of all relevant factors the commissioner finds that the benefits provided under such policy are unreasonable in relation to the premium charged. The commissioner shall, from time to time as conditions warrant, after notice and hearing, promulgate such reasonable rules and regulations, and amendments and additions thereto, as are necessary to establish the standard or standards by which he shall withdraw approval of any such policy. Any such rule or regulation shall be promulgated in accordance with the procedure provided in Chapter 4.5

(commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be effective 90 days after adoption by the commissioner.

(b) Unless the commissioner specifies otherwise in writing in the withdrawals, or subsequent thereto, grants an extension, any such withdrawal shall be effective prospectively and not retroactively on the 91st day following the mailing or delivery of the withdrawal.

(c) As used in this section:

(1) "Mass-marketed policy" means any group or blanket disability insurance policy which is offered by means of direct response solicitation through a sponsoring organization, or through the mails or other mass communications media and under which a person insured pays all or substantially all of the cost of his or her insurance.

(2) "Direct response solicitation" means any offer by an insurer to persons in this state, either directly or through a third party, to effect health insurance coverage which enables the individual to apply or enroll for the insurance on the basis of the offer. It shall not include solicitation for insurance through an employer benefit plan which is defined in Public Law 93-406, nor shall it include such a solicitation through the individual's creditor with respect to credit health insurance.

SEC. 3. Section 10506 of the Insurance Code is amended to read:

10506. (a) Any domestic life insurance company may, after adoption of a resolution by its board of directors, allocate to one or more separate accounts, in accordance with the terms of a written agreement, any amounts which are paid to the company in connection with a pension, retirement or profit-sharing plan, or program for one or more persons, or with a variable life insurance policy, and which are to be, or may be, applied in payment or in making provision for payment of proceeds or benefits under the company's policies or contracts of retirement benefits, and other benefits incidental thereto, in fixed or variable dollar amounts, or both. The income, if any, and gains or losses, realized or unrealized, on each such account shall be credited to or charged against the amount allocated to the account in accordance with the agreement, without regard to the other income, gains or losses of the company. The amounts allocated to such accounts and accumulations thereon, by any life insurance company shall be invested and reinvested as specified in the agreement without regard to any requirements or limitations prescribed by the laws of this state governing the investments of insurance companies. However, with regard to variable life insurance separate accounts and accumulations thereon, a domestic company shall invest or reinvest only in such investments described in Article 3 (commencing with Section 1170), and Article 4 (commencing with Section 1190) of Chapter 2, Part 2, Division 1, or without limitation in all or any portion of the shares of an investment company or companies (as defined by the Investment Company Act of 1940, Title 15, U.S.C Sec. 80a-1 et seq.). The limitations contained in Sections 1192.4 and 1198 are not applicable

to such investments. Such investments shall not be included in determining the propriety of other investments of the company. The liability of the company with respect thereto, but only to the extent prescribed in the agreement, shall be shown on the statement of the company in the manner prescribed by the commissioner. Amounts allocated by an insurance company to separate accounts in the exercise of the power granted by this section shall be owned by the company, but shall not be chargeable with liabilities arising out of any other business the company may conduct except and to the extent provided in the agreement. The company shall not hold itself out to be a trustee in respect to such amounts.

(b) In addition to amounts otherwise allocated to separate accounts, a domestic life insurer may allocate to such account or accounts amounts which otherwise would be subject to investment in accordance with Article 4 (commencing with Section 1190) of Chapter 2, Part 2, Division 1. The aggregate of such additional amounts shall not, however, exceed 1 percent of its admitted assets as of the preceding December 31, or 5 percent of the excess of its admitted assets over its liabilities and required reserves as of the preceding December 31, whichever is the smaller. Such company shall be entitled to withdraw at any time, in whole or in part, its participation in any separate account to which funds have been allocated as provided in this subdivision and to receive, upon withdrawal, its proportionate share of the value of the assets of the separate account at the time of withdrawal.

(c) In addition to the allocations to separate accounts provided for in subdivision (a) of this section, a domestic insurer may, at the request of a policyholder or contract holder or the beneficiary of a policy or contract, allocate to any such separate account or accounts death payments, proceeds of matured endowments, dividends, or surrender values.

(d) Except with the approval of the commissioner, and under such conditions as to investments and other matters as he may prescribe, which shall recognize the guaranteed nature of the benefits provided, reserves for (1) benefits guaranteed as to dollar amount and duration and (2) funds guaranteed as to principal amount or stated rate of interest, shall not be maintained in a separate account.

(e) Unless otherwise approved by the commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation, or, if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account. Unless otherwise approved by the commissioner, the portion of any of the assets of such separate account equal to the company's reserve liability with regard to the guaranteed benefits and funds referred to in subdivision (d) of this section shall be valued in accordance with the rules otherwise applicable to the company's assets

(f) No sale, exchange, or other transfer of assets may be made by

a company between any of its separate accounts, or between any other of its investment accounts and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account is made (1) by a transfer of cash, or (2) by a transfer of securities having a readily determinable market value, and such transfer of securities is approved by the commissioner. The commissioner may approve other transfers among such accounts if, in his opinion, such transfer would not be inequitable.

(g) Any domestic life insurance company which establishes one or more separate accounts pursuant to this section may provide for special voting rights and procedures for participants in such separate account relating to investment policy, investment advisory services, and selection of certified public accountants in relation to the administration of the assets in any such separate account. Such voting rights shall be in addition to, and shall not affect, voting rights of mutual insurers.

(h) The purpose and intent of this section is to permit the issuance and delivery of policies or contracts, in connection with a pension, retirement or profit-sharing plan, or program for one or more persons, or policies of variable life insurance, providing for the payment of benefits in fixed or variable amounts, or both, and the establishment of separate accounts by domestic companies for the administration of and investments under such agreements. To protect the public and policyholders located in this state from hazardous operation by domestic and foreign companies, and to further the purpose and provision of this section, no domestic or foreign life insurance company shall undertake the issuance of any contract providing for variable benefits until said company has satisfied the commissioner that its condition or method of operation in connection with the issuance of such contracts will not be such as would render its operation hazardous to the public or its policyholders in this state and, in the case of a foreign or alien insurer, that it meets the conditions prescribed in Section 716, for the issuance of a certificate of authority. In determining the qualification of a company requesting authority to issue contracts providing for variable benefits within this state the commissioner will consider among other things, (1) the history of the company; (2) the character, responsibility and general fitness of the officers and directors of the company; (3) the regulation of a foreign company by its state of domicile; (4) the adequacy of the investment management which the company is providing; and (5) the company's arrangements for the supervision of the marketing of such contracts. The commissioner may make such reasonable rules and regulations as he considers necessary, proper and advisable concerning the issuance and delivery of such policies and contracts and the payment of benefits thereunder and the manner in which

the separate accounts shall be administered and which types of such policies and contracts, if any, shall be subject to his or her approval prior to issue.

However, no company may provide variable benefits in its contracts unless it is an admitted insurer having and maintaining a combined capital and surplus of at least two million dollars ($2,000,000).

(i) (1) Any contract providing benefits payable in variable amounts delivered or issued for delivery in this state on or after the effective date of the amendments to this section enacted at the 1971 Regular Session of the Legislature shall contain a statement of the essential features of the procedures to be followed by an insurance company in determining the dollar amount of such variable benefits. Any such contract under which the benefits vary to reflect investment experience, including a grouped contract and any certificate in evidence of variable benefits issued thereunder, shall state that such dollar amount shall so vary, and shall contain on its first page a statement to the effect that the benefits thereunder are on a variable basis. Except for Article 3a (commencing with Section 10159.1) of Chapter 1 of Part 2 of Division 2, in the case of a variable life insurance policy, and except as otherwise provided in this section, all pertinent provisions of this code shall apply to separate accounts and contracts relating thereto. Any individual variable life insurance contract, delivered or issued for delivery in this state on or after the effective date of the amendments to this section enacted at the 1971 Regular Session of the Legislature, shall contain such nonforfeiture provisions as are appropriate to such a contract.

(2) The reserve liability for variable contracts shall be established in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees.

SEC. 4. Section 12923 of the Insurance Code is amended to read:

12923. (a) With respect to all classes of insurance (1) to (20), inclusive, as defined in Sections 101 to 120, inclusive, the term actuary, for the purposes of this section, means:

(1) A member of the American Academy of Actuaries, or

(2) An individual who has demonstrated by training and experience actuarial competence to the satisfaction of the Insurance Commissioner.

(b) The commissioner shall, after notice and hearing, pursuant to the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, promulgate reasonable rules and regulations (1) describing the documents which must be signed by an actuary when such documents are filed with the commissioner, and (2) implementing the provisions of paragraph (2) of subdivision (a) of this section.

CHAPTER 753

An act to amend Section 206 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 24, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 206 of the Welfare and Institutions Code is amended to read:

206. No person taken into custody solely upon the ground that he or she is a person described in Section 300 or adjudged to be such and made a dependent child of the juvenile court pursuant to this chapter solely upon that ground shall, in any detention under this chapter, be brought into direct contact or personal association with any person taken into custody on the ground that he or she is a person described by Section 601 or 602, or who has been made a ward of the juvenile court on either such ground.

Separate, segregated facilities for the persons alleged to be within the description of Section 300, or persons adjudged to be such and made dependent children of the court pursuant to this chapter solely upon that ground shall be provided by the board of supervisors. The separate, segregated facilities may be provided in the juvenile hall or elsewhere.

The facilities required by such section shall, with regard to minors alleged or adjudged to come within subdivision (a), (b), or (d) of Section 300 be nonsecure. The facilities provided to minors alleged or adjudged to come within subdivision (c) of Section 300 shall be secure.

For the purposes of this section, the term "secure facility" means a facility which is designed and operated so as to insure that all entrances to and exits from the facility are under the exclusive control of the staff of the facility, whether or not the person being detained has freedom of movement within the perimeters of the facility, or which relies on locked rooms and buildings, fences, or physical restraint in order to control behavior of its residents. The term "nonsecure facility" means a facility that is not characterized by the use of physically restricting construction, hardware, and procedures and which provides its residents access to the surrounding community with minimal supervision. A facility shall not be deemed secure solely due to any of the following conditions: (1) the existence within the facility of a small room for the protection of individual residents from themselves or others; (2) the adoption of regulations establishing reasonable hours for residents to come and go from the facility based upon a sensible and fair balance between allowing residents free access to the community and providing the staff with sufficient authority to maintain order, limit

unreasonable actions by residents, and to insure that minors placed in their care do not come and go at all hours of the day and night or absent themselves at will for days at a time; and (3) staff control over ingress and egress no greater than that exercised by a prudent parent. The State Department of Social Services may adopt regulations governing the use of small rooms pursuant to this section.

No record of the detention of such a person shall be made or kept by any law enforcement agency or the Department of Justice as a record of arrest.

In addition to this compensation the commissioners shall receive their actual and necessary expenses incurred in the performance of their duties.

The compensation and expenses provided in this section shall be paid out of the Fish and Game Preservation Fund.

SEC. 3. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

(6) A violation of any provision contained in Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code.

(b) In addition to the remedies provided in Section 25168.2, the director may temporarily suspend any certification of a truck, trailer, vacuum tank, cargo tank, or other container used to transport hazardous waste and may suspend the registration of a hazardous waste hauler issued pursuant to the provisions of this chapter prior to any hearing when, in the director's opinion, such action is necessary to prevent an imminent and substantial danger to health or the environment. The director shall notify the holder of the certification or registration of the temporary suspension and the effective date thereof and at the same time shall serve such person with an accusation. Upon receipt of a notice of defense to the accusation, the director shall set the matter for a hearing which shall be held as soon as possible but not later than 10 days after receipt of such notice of defense. The temporary suspension shall remain in effect until the hearing is completed and the director has made a final determination on the merits, which in any event shall be made within 10 days after the completion of the hearing. If such determination is not transmitted within 10 days after the hearing is completed, the temporary suspension shall be of no further effect.

SEC. 2. Chapter 6.8 (commencing with Section 25300) is added to Division 20 of the Health and Safety Code, to read:

25345. (a) There is hereby imposed a tax, payable annually, and to be collected by the board, upon each ton or fraction thereof, of waste and material specified in Section 25342, according to the formula specified herein. The board shall set the base tax rate upon the waste and material specified in Section 25342 in accordance with the following formula:

$$\text{Base tax rate} = \frac{(\$10{,}000{,}000\text{-}M)}{(0.15W_1 + W_2 + 2W_3 + 0.01W_4)}$$

where:

(1) "M" is the existing unobligated balance in the fund on December 31 of the immediately preceding year. (M shall equal zero (0) for December 31, 1981.)

(2) W_1 is the total amount in tons of waste and material specified in subdivision (a) of Section 25344.

(3) W_2 is the total amount in tons of waste specified in subdivision (b) of Section 25344.

(4) W_3 is the total amount in tons of waste specified in subdivision (c) of Section 25344.

(5) W_4 is the total amount in tons of waste specified in subdivision (d) of Section 25344.

(b) On or before June 1 of each year, using the formula specified in subdivision (a), the board shall determine the base tax rate for the current year.

(c) The tax imposed upon each person subject to Section 25342 shall be assessed according to the following formula:

$$\text{Tax} = (\text{base tax rate}) \times (0.15\ P_1 + P_2 + 2P_3 + 0.01P_4)$$

where:

(1) "Base tax rate" equals the figure determined pursuant to subdivision (c).

(2) P_1 is the amount in tons of waste and material specified by such person pursuant to subdivision (a) of Section 25342.

(3) P_2 is the amount in tons of waste specified by such person pursuant to subdivision (b) of Section 25342.

(4) P_3 is the total amount in tons of waste specified by such person pursuant to subdivision (c) of Section 25342.

(5) P_4 is the total amount in tons of waste specified by such person pursuant to subdivision (d) of Section 25342.

(d) On or before June 1 of each year, the board shall send to each person subject to Section 25342 a notice of assessment by means of

registered or certified mail.

(e) On or before July 1 of each year each person subject to Section 25342 shall pay to the board the amount of such assessment as stated in the notice. The tax under this chapter shall not be imposed again on hazardous waste or extremely hazardous waste if such waste, or any portion thereof, is removed subsequently to another place for disposal; provided that such person shall have paid the amount of assessment for such waste in accordance with this section before the removal thereof.

25346. The taxes collected pursuant to this article shall be deposited in the state account.

25347. After deducting the loan payments specified in Section 25333, the total taxes collected pursuant to this chapter, when combined with the existing unobligated balance in the state account, shall not exceed that amount necessary to maintain a maximum average annual balance in the state account of ten million dollars ($10,000,000). In no event shall the total taxes collected in any one fiscal year pursuant to this chapter exceed the difference between ten million dollars ($10,000,000) less the existing unobligated balance in the state account, or ten million dollars ($10,000,000) whichever is less.

25348. The board shall enforce the provisions of this article and may prescribe, adopt, and enforce rules and regulations relating to the administration and enforcement of this article.

Article 5. Uses of the State Account

25350. For response actions taken pursuant to the federal act, only those costs for actions which are consistent with the priorities, guidelines, criteria, and regulations contained in the national contingency plan, as revised and republished pursuant to Section 105 of the federal act (42 U.S.C. 9605), shall qualify for appropriation by the Legislature and expenditure by the director pursuant to Sections 25351, 25352, and 25354. For response actions not taken pursuant to the federal act or for response actions taken which are not specifically addressed by the priorities, guidelines, criteria, and regulations contained in the national contingency plan, as revised and republished, the costs thereof shall also qualify for appropriation by the Legislature and expenditure by the department pursuant to Sections 25351, 25352, and 25354 provided they are, to the maximum extent possible, consistent with the priorities, guidelines, criteria, and regulations contained in the national contingency plan for similar releases, situations, or events. No response actions taken pursuant to this chapter by the department or regional or local agencies shall duplicate federal response actions.

25351. Consistent with the requirements of Section 114(c) of the federal act (42 U.S.C. 9614(c)), moneys in the state account may be expended by the director, upon appropriation by the Legislature, for the following purposes:

(a) The costs and expenses reasonably necessary for, and incidental to, the administration of this chapter by the department.

(b) The state share mandated pursuant to Section 104(c)(3) of the federal act (42 U.S.C. 9604(c)(3)).

(c) The purchase by the state, or by any local agency with the prior approval of the director, of hazardous substance response equipment and other preparations for response to a release of hazardous substances. However, all equipment shall be purchased in a cost-effective manner after consideration of the adequacy of existing equipment owned by the state or the local agency, and the availability of equipment owned by private contractors.

(d) For reimbursement of all costs of removal and remedial action incurred by the state, or by any local agency with the approval of the director, in response to a release or threatened release of a hazardous substance to the extent the costs are not reimbursed by the federal act.

(e) All costs incurred in cooperation with the Agency for Toxic Substances and Disease Registry established pursuant to Section 104(i) of the federal act (42 U.S.C. 9604(i)) and all costs of health effects studies undertaken regarding specific sites or specific substances at specific sites. Funds appropriated for this purpose shall not exceed five hundred thousand dollars ($500,000) in any single fiscal year. However, such actions shall not duplicate reasonably available federal actions and studies.

(f) All federal funds deposited in the state account shall be expended for the purposes for which they were provided to the state.

(g) The department shall adopt any regulations necessary to carry out its responsibilities pursuant to this chapter, including, but not limited to, regulations governing the expenditure of, and accounting procedures for, moneys allocated to state, regional, and local agencies pursuant to this chapter.

25352. Money deposited in the state account may also be appropriated by the Legislature to the department on a specific site basis for the following purposes:

(a) For all costs incurred in restoring, rehabilitating, replacing, or acquiring the equivalent of, any natural resource injured, degraded, destroyed, or lost as a result of any release of a hazardous substance, to the extent the costs are not reimbursed pursuant to the federal act and taking into account processes of natural rehabilitation, restoration, and replacement.

(b) For all costs incurred in assessing short-term and long-term injury to, degradation or destruction of, or any loss of any natural resource resulting from a release of a hazardous substance, to the extent that the costs are not reimbursed pursuant to the federal act. No costs may be incurred for any release of a hazardous substance from any facility or project pursuant to subdivisions (a) or (b) for injury, degradation, destruction, or loss of any natural resource where such injury, degradation, destruction, or loss was specifically identified as an irreversible and irretrievable commitment of natural

resources in an environmental impact statement prepared under the authority of the National Environmental Policy Act (42 U.S.C. 4341, et seq.), or was identified as a significant environmental effect to such natural resources which cannot be avoided in an environmental impact report prepared pursuant to the provisions of the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code, and a decision to grant a permit, license, or similar authorization for any facility or project is based upon a consideration of such significant environmental effects to such natural resources, and the facility or project was otherwise operating within the terms of its permit, license, or similar authorization at the time of release.

(c) Notwithstanding the provisions of Section 25355, the Governor, or the authorized representative of the state, shall act on behalf of the public as trustee of such natural resources to recover costs expended pursuant to subdivision (a) or (b).

25353. (a) No money shall be available for remedial action with respect to facilities, owned or operated by a government entity at the time of disposal to the extent that the governmental entity would otherwise be liable for such costs.

(b) No money may be used for the purposes specified in Section 25352 where the injury, degradation, destruction, or loss to natural resources, or the release of a hazardous substance from which such damages to natural resources resulted, has occurred prior to the effective date of this chapter.

25354. (a) There is hereby continuously appropriated from the state account to the department, without regard to fiscal years, the sum of one million dollars ($1,000,000) for each fiscal year as a reserve account for emergencies. The department may expend moneys available in the reserve account for the purpose of taking immediate corrective action necessary to remedy or prevent an imminent substantial danger to the public health or the environment caused by the release or threatened release of a hazardous substance.

(b) Notwithstanding any other provision of law, the department may enter into written contracts for corrective action taken or to be taken pursuant to subdivision (a), and may enter into oral contracts, not to exceed two thousand dollars ($2,000) in obligation, when in the judgment of the department immediate corrective action is necessary to remedy or prevent an imminent substantial danger to the public health, domestic livestock, wildlife, or the environment. Such contracts, whether written or oral, may include provisions for the rental of tools or equipment, either with or without operators furnished, and for the furnishing of labor and materials necessary to accomplish the work. Any such contract by the department shall be exempt from approval by the Department of General Services pursuant to the provisions of Section 14780 of the Government Code.

(c) Any disbursement made pursuant to subdivision (a) shall be reported to the Director of Finance within 72 hours of commencement of the corrective action taken.

(d) Once the appropriation made pursuant to subdivision (a) is fully expended, the director shall file a report with the Legislature if it is in session, or if it is not in session, with the Committee on Rules of the Assembly and the Senate as to the moneys expended pursuant to this section. The Legislature may appropriate moneys from the state account, in addition to those appropriated pursuant to subdivision (a), to the department for the purpose of taking corrective action pursuant to subdivision (a).

25355. (a) The Governor shall be responsible for the coordination of all state response actions for sites identified in Section 25356 in order to assure the maximum use of available federal funds.

(b) The director shall not initiate removal or remedial action pursuant to this chapter unless the director determines that such actions will not be done properly or in a timely fashion by any responsible party.

25356. On or prior to April 1, 1982, the department shall publish by regulation a ranking of sites requiring remedial action taking into account pertinent factors related to substantial protection of the public health and the environment and the criteria established pursuant to Section 105 (8) of the federal act (42 U.S.C. 9605 (8)). Funds appropriated to the department for remedial action shall be expended according to the priority listing of sites. However, no such funds shall be expended for remedial action reimbursed under the federal act.

25357. Expenditures from the state account shall not be made in excess of the total amount of money in the state account at any one time. Expenditures in excess of such amount may be made only when additional money is collected or otherwise added to the state account.

25358. The state shall actively seek to obtain all federal funds to which it is entitled under the federal act and shall take all actions necessary to enter into contractual or cooperative agreements under Sections 104 (c) (3) and 104 (d) (1) of the federal act (42 U.S.C. 9604 (c) (3) and 42 U.S.C. 9604 (d) (1)).

Article 6. Recovery Actions

25360. Any costs incurred and payable from the state account shall be recovered by the department from the liable person or persons. In addition, such person or persons shall be liable to the department for administrative costs in an amount equal to 10 percent of the reasonable cost actually incurred, or five hundred dollars ($500), whichever is greater. The amount of cost determined pursuant to this section shall be recoverable in a civil action. Nothing in this section shall deprive a party of any defense he or she may have. Moneys recovered by the department pursuant to this section shall be deposited in the state account.

25361. The state account shall be a party in any action for recovery of costs or expenditures under this chapter.

25362. Upon motion and sufficient showing by any party, the court shall join to the action any person who may be liable for costs or expenditures of the type recoverable under this chapter.

25363. (a) Any party found liable for any costs or expenditures recoverable under this chapter who establishes by a preponderance of the evidence that only a portion of such costs or expenditures are attributable to his or her actions, shall be required to pay only for such portion.

(b) If the trier of fact finds the evidence insufficient to establish each party's portion of costs or expenditures under subdivision (a), the court shall apportion such costs or expenditures, to the extent practicable, according to equitable principles, among the defendants.

(c) The state account shall pay any portion of the judgment in excess of the aggregate amount of costs or expenditures apportioned under subdivisions (a) and (b).

25364. No indemnification, hold harmless, conveyance, or similar agreement shall be effective to transfer any liability for cost or expenditures recoverable under this chapter. This section shall not bar any agreement to insure, hold harmless, or indemnify a party to such agreement for any costs or expenditures under this chapter.

25365. The entry of judgment against any party to the action shall not be deemed to bar any future action by the state account against any person who is later discovered to be potentially liable for costs and expenditures paid by the state account.

25366. (a) This chapter shall not be construed as imposing any new liability associated with acts that occurred on or before January 1, 1982, if the acts were not in violation of existing state and federal laws, or regulations, at the time they occurred.

(b) Nothing in this chapter shall be construed as authorizing recovery for response costs or damages resulting from any release authorized or permitted pursuant to state law or a federally permitted release.

(c) Except as provided in Sections 25360, 25361, 25362, and 25363, nothing in this chapter shall affect or modify in any way the obligations or liability of any person under any other provision of state or federal law, including common law, for damages, injury, or loss resulting from a release of any hazardous substance or for removal or remedial action or the costs of removal or remedial action of such hazardous substance.

Article 7. Compensation

25370. "Board," as used in this article, means the State Board of Control.

25371. There is hereby established within the state account, a Hazardous Substance Compensation Account.

25372. Any person may apply to the board, pursuant to Section 25373, for compensation of a loss caused by the release, in California,

of a hazardous substance if any of the following conditions are met:

(a) The source of the release of the hazardous substance, or the identity of the party liable for damages in connection therewith, or responsible for the costs of removal of the hazardous substance, is unknown or cannot, with reasonable diligence, be determined.

(b) The loss was not compensable pursuant to law, including Chapter 6.5 (commencing with Section 25100), because there is no liable party or the judgment could not be satisfied, in whole or part, against the party determined to be liable for the release of the hazardous substance.

25373. The board shall prescribe appropriate forms and procedures for claims filed pursuant to this article, which shall include, as a minimum, all of the following:

(a) A provision requiring the claimant to make a sworn verification of the claim to the best of his or her knowledge.

(b) A full description, supported by appropriate evidence from government agencies of the release of the hazardous substance claimed to be the cause of the physical injury or illness or loss of income.

(c) Certification by the claimant of dates and places of residence for the five years preceding the date of the claim.

(d) Certification of the medical history of the claimant for the five years preceding the date of the claim, along with certification of the alleged physical injury or illness and expenses for such physical injury or illness. Such certification shall be made by hospitals, physicians, or other qualified medical authorities.

(e) The claimant's income as reported on the claimant's federal income tax return for the preceding three years in order to compute lost wages or income.

(f) Any person who knowingly gives, or causes to be given, any false information as a part of any such claim shall be guilty of a misdemeanor and shall, upon conviction, be fined up to five thousand dollars ($5,000), or imprisoned for not more than one year, or both.

25374. All decisions rendered by the board shall be in writing, with notification to all appropriate parties, and shall be rendered within 90 days of submission of a claim to the board unless all the parties to the claim agree in writing to an extension of time. Such decision shall be considered a final agency action for the purposes of judicial review of such decision by any party to the proceedings resulting in such decision.

25375. The following losses shall be compensable pursuant to this article, provided that the board has found that the claimant has established, by the weight of the evidence, that such losses were proximately caused by the designated release:

(a) One hundred percent of uninsured, out-of-pocket medical expenses, for up to three years from the onset of treatment.

(b) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the

claimant's property, not to exceed fifteen thousand dollars ($15,000) per year for three years.

No money shall be used for the payment of any claim authorized by this chapter, where such claim is the result of long-term exposure to ambient concentrations of air pollutants.

25376. No claim may be presented to the board pursuant to this article later than three years from the date of discovery of the loss or from January 1, 1982, whichever is later.

25377. Nothing in this article shall require, or be deemed to require, pursuit of any claim against the board as a condition precedent to any other remedy.

25378. Compensation of any loss pursuant to this article shall preclude indemnification or reimbursement from any other source for the identical loss, and indemnification or reimbursement from any other source shall preclude compensation pursuant to this article.

25379. No compensation or decision under this chapter shall be admissible as evidence of any issue of fact or law in any proceeding brought under any other section of this division or under any other provision of law, including common law. In addition, no settlement reached pursuant to this chapter shall be admissible as evidence in any such proceeding.

25380. Compensation of any loss pursuant to this article shall be subject to the state's acquiring, by subrogation, all rights of the claimant to recover such loss from the party determined to be liable therefor. Upon the request of the board, the Attorney General shall commence an action to recover any amount paid in compensation for any loss pursuant to this article against any party who is liable to the claimant for any loss compensable pursuant to this article in accordance with the procedures set forth in Sections 25360 to 25364, inclusive. Moneys recovered pursuant to this section shall be deposited in the state account.

25381. The board shall adopt, and revise when appropriate, all rules and regulations necessary to implement the provisions of this article, including methods that provide for establishing that a claimant has exercised reasonable diligence in satisfying the conditions specified in Sections 25372 and 25373 and regulations that specify the proof necessary to establish a loss compensable pursuant to this article.

(a) Claims approved by the board under the provisions of this article shall be paid from the Hazardous Substance Compensation Account

(b) The Legislature may, commencing July 1, 1982, appropriate up to two million dollars ($2,000,000) annually from the state account to the Hazardous Substance Compensation Account to be used as a revolving fund by the board for the payment of awards pursuant to this article. However, the total amount in the Hazardous Substance Compensation Account shall not exceed two million dollars ($2,000,000) in any fiscal year

(c) Claims against or presented to the board shall not be paid in excess of the amount of money available in the Hazardous Substance Compensation Account. Such claims shall be paid only when additional money is collected, appropriated, or otherwise added to that account.

25382. The board may expend from the Hazardous Substance Compensation Account such sums of money as are reasonably necessary to administer and carry out the provisions of this article.

Article 8. Miscellaneous

25395. This chapter and the tax imposed by Section 25345 shall remain in effect only until July 1, 1991, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1991, deletes or extends such date.

SEC. 3. Part 22 (commencing with Section 43001) is added to Division 2 of the Revenue and Taxation Code, to read:

PART 22. HAZARDOUS SUBSTANCES TAX LAW

43003. Except where the context otherwise requires, the definitions contained in this chapter shall govern the construction of this part.

43004. The provisions of this part insofar as they are substantially the same as existing provisions of law relating to the same subject matter shall be construed as restatements and continuations and not as new enactments.

43005. Any action or proceeding commenced before this part takes effect, or any right accrued, is not affected by this part, but all procedures taken shall conform to the provisions of this part as far as possible.

43006. "Person" includes any individual, firm, cooperative organization, fraternal organization, corporation, estate, trust, business trust, receiver, trustee, syndicate, this state, any county, city and county, municipality, district, public agency or subdivision of this state or any other group or combination acting as a unit

of California and includes all territory within those limits owned by or ceded to the United States of America.

43010. "Department" means the State Department of Health Services.

43011. "Director" means the State Director of Health Services.

CHAPTER 2. THE HAZARDOUS SUBSTANCES TAX

Article 1. Imposition of Tax

43051. The board is hereby authorized to collect the fee imposed pursuant to Section 25174 of the Health and Safety Code.

43052. The board is hereby authorized to collect the tax imposed pursuant to Section 25345 of the Health and Safety Code.

Article 2. Registration and Security

43101. The issuance of any hazardous waste facilities permit by the department shall constitute the registration of the person to whom the permit is issued as a taxpayer under this part. Upon the issuance of any such permit the department shall furnish a copy thereof to the board.

43102. The board, whenever it deems it necessary to insure compliance with this part, may require any person subject thereto to place with it such security as the board may determine. The board may sell the security at public auction if it becomes necessary to do so in order to recover any tax or any amount required to be collected, interest, or penalty due. Notice of the sale may be served upon the person who placed the security personally or by mail. If service is made by mail, service shall be made in the manner prescribed for service of a notice of a deficiency determination and shall be addressed to the person at his or her address as it appears in the records of the board. Security in the form of a bearer bond issued by the United States or the State of California which has a prevailing market price may, however, be sold by the board at private sale at a price not lower than the prevailing market price thereof. Upon any sale any surplus above the amounts due shall be returned to the person who placed the security.

CHAPTER 3. DETERMINATIONS

Article 1 Returns and Payments

43151 The taxes imposed by Section 43051 are due and payable to the board monthly on or before the 15th day of each calendar month Each taxpayer, on or before the 15th day of each month, shall make out a tax return for the preceding calendar month, in such

form as is prescribed by the board, showing the total amount of hazardous waste subject to the tax, the amount of tax for the period covered by the return, and such other information as the board deems necessary. The taxpayer shall deliver the return, together with a remittance of the amount of tax due, to the office of the board on or before the 15th day of the month.

43152. The taxes imposed by Section 43052 are due and payable to the board annually on or before July 1 of each year. Each taxpayer, on or before March 1 of each year, shall make out a tax return for the preceding calendar year, in such form as is prescribed by the board and such other information as the board deems necessary.

43153. The board, if it deems it necessary in order to insure payment or facilitate collection of the amount of taxes, may require returns and payment of the amount of taxes for other than the periods specified in Sections 43151 and 43152.

43154. The board for good cause may extend, for a period of time not to exceed one month, the time for making any return or paying any amount required to be paid under this part. The extension may be granted at any time provided a request therefor is filed with the board within or prior to the period for which the extension may be granted

Any person to whom an extension is granted shall pay, in addition to the tax, interest at the rate of 1 percent per month, or fraction thereof, from the date on which the tax would have been due without the extension until the date of payment.

43155. If the tax is not paid to the board within the time prescribed for the payment of the tax, a penalty of 10 percent of the amount of the tax shall be added thereto on account of the delinquency

43156. All taxes not paid on the date when due and payable shall bear interest at the rate of 1 percent per month, or fraction thereof, from and after that date until paid.

43157. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 43155 and 43251.

Any person seeking to be relieved of the penalty shall file with the board a statement, under penalty of perjury, setting forth the facts upon which he or she bases his or her claim for relief.

Article 2. Deficiency Determinations

43201. If the board is dissatisfied with the return or returns filed or the amount of tax paid to the state by any taxpayer, it may compute and determine the amount to be paid based upon any information available to it. One or more additional determinations may be made of the amount of tax due for one, or for more than one,

period. The amount of tax so determined shall bear interest at the rate of 1 percent per month, or fraction thereof, from the date the amount of the tax, or any portion thereof, should have been reported until the date of payment. In making a determination, the board may offset overpayments for a period or periods against underpayments for another period or periods and against the interest and penalties on the underpayments. If any part of the deficiency for which a determination of an additional amount due is made is found to have been occasioned by negligence or intentional disregard of this part or authorized rules, a penalty of 10 percent of the amount of the determination shall be added, plus interest as provided above. If any part of the deficiency for which a determination of an additional amount due is made is found to be occasioned by fraud or an intent to evade this part or authorized rules, a penalty of 25 percent of the amount of the determination shall be added, plus interest as provided above. The board shall give to the taxpayer written notice of its determination. The notice shall be placed in a sealed envelope, with postage paid, addressed to the taxpayer at his or her address as it appears in the records of the board. The giving of notice shall be deemed complete at the time of the deposit of the notice in the United States Post Office, or a mailbox, subpost office, substation or mail chute or other facility regularly maintained or provided by the United States Postal Service without extension of time for any reason. In lieu of mailing, a notice may be served personally by delivering to the person to be served and service shall be deemed complete at the time of such delivery. Personal service to a corporation may be made by delivery of a notice to any person designated in the Code of Civil Procedure to be served for the corporation with summons and complaint in a civil action.

43202. Except in the case of fraud, intent to evade this part, authorized rules and regulations, or failure to make a return, every notice of a determination of an additional amount due shall be given within three years after the date when the amount should have been returned. In the case of failure to make a return, the notice of determination shall be mailed within eight years after the date the return was due.

43203. In the case of a deficiency arising under this part during the lifetime of a decedent, a notice of deficiency determination shall be mailed within four months after written request therefor, in the form required by the board, by the fiduciary of the estate or trust or by any other person liable for the tax or any portion thereof.

43204. If before the expiration of the time prescribed in Section 43202 for the mailing of a notice of deficiency determination the taxpayer has consented in writing to the mailing of the notice after such time, the notice may be mailed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

Article 3. Determinations If No Return Made

43251. If any taxpayer fails to make a return required by this part, the board shall make an estimate, based upon any information available to it, for the period or periods with respect to which the taxpayer failed to make a return of all hazardous wastes disposed of in this state by the taxpayer. Upon the basis of this estimate the board shall compute and determine the amount required to be paid to the state, adding to the sum thus fixed a penalty equal to 10 percent thereof. One or more determinations may be made of the amount of tax due for one, or for more than one, period. The amount of tax so determined shall bear interest at the rate of 1 percent per month, or fraction thereof, from the date the amount of the tax, or any portion thereof, should have been returned until the date of payment. In making a determination the board may offset overpayments for a period or periods against underpayments for another period or periods and against interest and penalties on the underpayments. If any part of the deficiency for which a determination is made is due to negligence or intentional disregard of this part or authorized rules, an additional penalty of 10 percent of the amount of the determination shall be added. If the neglect or refusal of a taxpayer to file a return as required by this part was due to fraud or an intent to evade the tax, there shall be added to the tax a penalty equal to 25 percent thereof in addition to the 10 percent penalty. The board shall give to the taxpayer written notice of the estimate and determination, the notice to be served personally or by mail in the same manner as prescribed for service of notice by Section 43201.

Article 4. Redeterminations

43301. Any person from whom an amount is determined to be due under Article 2 (commencing with Section 43201) or Article 3 (commencing with Section 43251), or any person directly interested, may petition for a redetermination thereof within 30 days after service upon him or her of notice of the determination. If a petition for redetermination is not filed within the 30-day period, the amount determined to be due becomes final at the expiration thereof.

No petition for redetermination of taxes determined under this part shall be accepted or considered by the board if the petition is founded upon the grounds that the director has improperly or erroneously determined that any substance is a hazardous or extremely hazardous waste. Any appeal of a determination that a substance is a hazardous or extremely hazardous waste must be made to the director.

43302. Every petition for redetermination shall be in writing and shall state the specific grounds upon which the petition is founded. The petition may be amended to state additional grounds at any time prior to the date on which the board issues its order or decision upon the petition for redetermination.

43303. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the amount determined to be due, and if the person has so requested in his or her petition, the board shall grant him or her an oral hearing and shall give him or her 10 days' notice of the time and place of the hearing. The board may continue the hearing from time to time as may be necessary.

43304. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the 25 percent penalty imposed by Section 43201 or 43251 applies to the amount of the determination as originally made or as increased, the claim for increase must be asserted within eight years after the date the return for the period for which the increase is asserted was due.

43305. The order or decision of the board upon a petition for redetermination shall become final 30 days after service upon the petitioner of notice thereof.

43306. All amounts determined to be due by the board under Article 2 (commencing with Section 43201) or Article 3 (commencing with Section 43251) are due and payable at the time they become final, and if not paid when due and payable, there shall be added thereto a penalty of 10 percent of the amount determined to be due.

43307. Any notice required by this article shall be served personally or by mail in the same manner as prescribed for service of notice by Section 43201.

Article 5. Jeopardy Determinations

43350. If the board believes that the collection of any amount of tax will be jeopardized by delay, it shall thereupon make a determination of the amount of tax due, noting that fact upon the determination, and the amount of tax shall be immediately due and payable. If the amount of the tax, interest, and penalty specified in the jeopardy determination is not paid, or a petition for redetermination is not filed, within 10 days after the service upon the taxpayer of notice of the determination, the determination becomes final, and the delinquency penalty and interest provided in Sections 43155 and 43156 shall attach to the amount of tax specified therein.

43351. The taxpayer against whom a jeopardy determination is made may file a petition for the redetermination thereof, pursuant to Article 4 (commencing with Section 43301), with the board within 10 days after the service upon the taxpayer of notice of the determination, but he or she shall, within the 10-day period, deposit with the board such security as it deems necessary to insure compliance with the provisions of this part. The security may be sold by the board at public sale if it becomes necessary in order to recover any amount due under this part. Notice of the sale may be served upon the person who deposited the security personally or by mail in

the same manner as prescribed for service of notice by Section 43201. Upon any such sale, the surplus, if any, above the amount due under this part shall be returned to the person who deposited the security.

43352. In accordance with such rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive.

(b) To establish that the sale of property that may be seized after issuance of the jeopardy determination, or any part thereof, shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person.

(c) To request the release of all or a part of the property to the person.

(d) To request a stay of collection activities.

The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal grounds upon which it is founded. The person shall not be required to post any security in order to file the application and to obtain the hearing. However, if the person does not deposit, within the 10-day period prescribed in Section 43351, such security as the board may deem necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for administrative hearing, the board may allow a filing of the application and grant the person an administrative hearing. The filing of an application pursuant to this section shall not affect the provisions of Section 43350 relating to the finality date of the determination or to penalty or interest

CHAPTER 4. COLLECTION OF TAX

Article 1. Suit for Tax

43401. The board may bring such legal actions as are necessary to collect any deficiency in the tax required to be paid, and, upon the board's request, the Attorney General shall bring the actions.

43402. In any suit brought to enforce the rights of the state with respect to taxes, a certificate by the board showing the delinquency shall be prima facie evidence of the levy of the tax, of the delinquency of the amount of tax, interest, and penalty set forth therein, and of compliance by the board with all provisions of this part in relation to the computation and levy of the tax. In the action a writ of attachment may be issued in the manner provided by Chapter 5 (commencing with Section 485.010) of Title 6 5 of Part 2 of the Code of Civil Procedure without the showing required by Section 485.010 of the Code of Civil Procedure.

Article 2. Judgment for Tax

43411. Whenever any tax, interest, or penalty is not paid when due, the board may file in the office of the County Clerk of Sacramento County, or any other county, a certificate specifying the amount of the tax, interest, and penalty due, the name and last known address of the taxpayer liable for it, that the board has complied with all the provisions of this part in relation to the computation and levy of the tax, and requesting that judgment be entered against the taxpayer in the amount of the tax, interest, and penalty set forth in the certificate. The county clerk, immediately upon the filing of the certificate, shall enter a judgment for the people of the State of California against the taxpayer in the amount of the tax, interest, and penalty set forth in the certificate. The judgment may be filed by the county clerk in a loose-leaf book entitled "Special Judgment for State Excise Tax."

43412. An abstract or copy of the judgment entered under Section 43411 may be recorded with the county recorder of any county, and from the time of such recording, the amount of the taxes, interest, and penalty set forth in the judgment shall constitute a lien upon all the real property owned by the taxpayer in the county or which he or she may acquire afterwards and before the lien expires, which lien shall have the force, effect, and priority of a judgment lien and shall continue for 10 years from the time of the recording of the abstract unless sooner released or otherwise discharged. The lien may, within 10 years from the date of the recording of the abstract, or within 10 years from the date of the last extension of the lien, be extended by recording a new abstract in the office of the county recorder of any county and from the time of such recording, the lien shall be extended to the real property in such county for 10 years unless sooner released or otherwise discharged. Execution shall issue upon such a judgment upon the request of the board in the same manner as execution may issue upon other judgments, and sales shall be held under the execution as prescribed in the Code of Civil Procedure. In all proceedings under this section the board shall act on behalf of the people of the State of California.

43413. (a) If any person fails to pay any amount imposed pursuant to this part at the time that it becomes due and payable, the amount thereof, including penalties and interest, together with any costs in addition thereto, shall thereupon be a perfected and enforceable state tax lien. Such a lien is subject to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code.

(b) For the purpose of this section, amounts are "due and payable" on the following dates:

(1) For amounts disclosed on a return received by the board before the date the return is delinquent, the date the return would have been delinquent

(2) For amounts disclosed on a return filed on or after the date the

return is delinquent, the date the return is received by the board.

(3) For amounts determined under Section 43350 (pertaining to jeopardy assessments), the date the notice of the board's finding is mailed or issued.

(4) For all other amounts, the date the assessment is final.

43414. (a) If the board determines that the amount of tax, interest, and penalties are sufficiently secured by a lien on other property or that the release or subordination of the lien imposed under this article will not jeopardize the collection of the amount of the tax, interest, and penalties, the board may at any time release all or any portion of the property subject to the lien from the lien or may subordinate the lien to other liens and encumbrances.

(b) If the board finds that the liability represented by the lien imposed under this article, including any interest accrued thereon, is legally unenforceable, the board may release the lien.

(c) A certificate by the board to the effect that any property has been released from a lien or that the lien has been subordinated to other liens and encumbrances is conclusive evidence that such property has been released or that the lien has been subordinated as provided in the certificate.

Article 3. Warrant for Collection

43421. At any time within three years after any person is delinquent in the payment of any amount herein required to be paid, or within 10 years after the last recording of an abstract under Section 43412 or the last recording or filing of a notice of state tax lien under Section 7171 of the Government Code, the board, or its authorized representative, may issue a warrant for the enforcement of any liens and for the collection of any amount required to be paid to the state under this part. The warrant shall be directed to any sheriff, marshal, or constable and shall have the same effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy of, and sale pursuant to, a writ of execution.

43422. The board may pay or advance to the sheriff, marshal, or constable, the same fees, commissions, and expenses for their services as are provided by law for similar services pursuant to a writ of execution. The board, and not the court, shall approve the fees for publication in a newspaper.

43423. The fees, commissions, and expenses are the obligation of the person required to pay any amount under this part and may be collected from him or her by virtue of the warrant or in any other manner provided in this part for the collection of the tax.

Article 4 Seizure and Sale

43431. Whenever any taxpayer is delinquent in the payment of the tax, the board, or its authorized representative, may seize any

property, real or personal, of the taxpayer, and sell at public auction the property seized, or a sufficient portion thereof, to pay the tax due, together with any penalties imposed for the delinquency and all costs that have been incurred on account of the seizure and sale.

43432. Written notice of the intended sale, and the time and place thereof, shall be given to the delinquent taxpayer and to all persons appearing of record to have an interest in the property at least 10 days before the date set for the sale by enclosing the notice in an envelope addressed to the taxpayer at his or her last known residence or place of business in this state as it appears upon the records of the board, if any, and depositing it in the United States registered mail, postage prepaid. The notice shall also be published pursuant to Section 6062 of the Government Code in the county in which the property seized is to be sold. If there is no newspaper of general circulation in the county, the notice shall be posted in three public places in the county for the 10-day period. The notice shall contain a description of the property to be sold, a statement of the amount of the taxes, penalties, and costs, the name of the taxpayer, and the further statement that unless the taxes, penalties, and costs are paid on or before the time fixed in the notice for the sale, the property, or so much thereof as may be necessary, will be sold in accordance with law and the notice.

43433. At the sale the property shall be sold by the board, or by its authorized agent, in accordance with law and the notice, and the board shall deliver to the purchaser a bill of sale for the personal property and a deed for any real property sold. The bill of sale or deed vests title in the purchaser subject to a right of redemption as prescribed in the Code of Civil Procedure upon sales of real property on execution. The unsold portion of any property seized may be left at the place of sale at the risk of the taxpayer.

43434. If upon the sale the moneys received exceed the amount of all taxes, penalties, and costs due the state from the taxpayer, the board shall return the excess to him or her and obtain his or her receipt. If any person having an interest in or lien upon the property files with the board prior to the sale notice of his or her interest, the board shall withhold any excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the taxpayer is not available, the board shall deposit the excess moneys with the State Treasurer, as trustee for the owner, subject to the order of the taxpayer, his or her heirs, successors, or assigns.

Article 5. Miscellaneous

43441. If any taxpayer is delinquent in the payment of any obligations imposed by this part, or in the event a determination has been made against such a taxpayer which remains unpaid, the board may, not later than three years after the payment becomes delinquent, or within 10 years after the last recording of an abstract

or copy of judgment under Section 43412 or the last recording or filing of a notice of state tax lien under Section 7171 of the Government Code, give notice thereof, personally or by first-class mail to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the taxpayer, or owing any debts to the taxpayer. In the case of any state officer, department, or agency, the notice shall be given to such officer, department, or agency prior to the time it presents the claim of the delinquent taxpayer to the Controller.

43442. After receiving the notice the person so notified shall neither transfer nor make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they receive the notice until the board consents to a transfer or disposition or until 60 days elapse after the receipt of the notice, whichever period expires first.

43443. All persons so notified shall forthwith, after receipt of the notice, advise the board of all credits, other personal property, or debts in their possession, under their control, or owing by them. If such notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice to be effective shall state the amount, interest, and penalty due from the person and shall be delivered or mailed to the branch or office of such bank at which such deposit is carried or at which such credits or personal property is held. Notwithstanding any other provision, with respect to a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice shall only be effective with respect to an amount not in excess of two times the amount, interest, and penalty due from the person.

43444 If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld, to the extent of the value of the property or the amount of the debts thus transferred or paid, he or she shall be liable to the state for any indebtedness due under this part from the person with respect to whose obligation the notice was given, if solely by reason of such transfer or disposition, the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given

43445. The remedies of the state provided for in this chapter are cumulative, and no action taken by the board or Attorney General constitutes an election by the state or any of its officers to pursue any remedy to the exclusion of any other remedy for which provision is made in this part

43446. The amounts required to be paid by any person under this part together with interest and penalties shall be satisfied first in any of the following cases:

(a) Whenever the person is insolvent

(b) Whenever the person makes a voluntary assignment of his or her assets.

(c) Whenever the estate of the person in the hands of executors, administrators, or heirs is insufficient to pay all the debts due from the deceased.

(d) Whenever the estate and effects of an absconding, concealed, or absent person required to pay any amount under this part are levied upon by process of law.

This section does not give the state a preference over a lien or security interest which was recorded or perfected prior to the time when the state records or files its lien as provided in Section 7171 of the Government Code.

The preference given to the state by this section is subordinate to the preferences given to claims for personal services by Sections 1204 and 1206 of the Code of Civil Procedure.

CHAPTER 5. OVERPAYMENTS AND REFUNDS

Article 1 Claim for Refund

43451. If the board determines that any amount of tax, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of what was legally due and the person from whom it was collected or by whom paid. If approved by the State Board of Control, the excess amount collected or paid shall be credited on any amounts then due from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his or her successors, administrators, or executors.

However, in the case of a determination by the board that an amount not to exceed five thousand dollars ($5,000) was not required to be paid under this part, the board without obtaining the approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his or her successors, administrators, or executors.

43452. (a) Except as provided in subdivision (b) no refund shall be approved by the board after three years from the 15th day of the calendar month following the close of the period for which the overpayment was made, or, with respect to determinations made under Article 2 (commencing with Section 43201), Article 3 (commencing with Section 43251), or Article 5 (commencing with Section 43350) of Chapter 3, within six months after the determinations become final, whichever period expires later, unless a claim therefor is filed with the board within such period No credit shall be approved by the board after the expiration of such period unless a claim for credit is filed with the board within such period,

or unless the credit relates to a period for which a waiver is given pursuant to Section 43204.

(b) A refund may be approved by the board for any period for which a waiver is given under Section 43204 if a claim therefor is filed with the board before the expiration of the period agreed upon.

(c) Every claim for refund or credit shall be in writing and shall state the specific grounds upon which the claim is founded.

(d) No claim for refund of taxes paid under this part shall be accepted, considered, or approved by the board if the claim is founded upon the grounds that the director has improperly or erroneously determined that any substance is a hazardous or extremely hazardous waste. Any appeal of a determination that a substance is a hazardous or extremely hazardous waste must be made to the director.

43453. Failure to file a claim within the time prescribed in this article constitutes a waiver of all demands against the state on account of the overpayment.

43476. If judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any taxes due from the plaintiff, and the balance shall be refunded to the plaintiff.

43477. In any judgment, interest shall be allowed at the rate of 12 percent per annum upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment, or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the board.

43478. A judgment shall not be rendered in favor of the plaintiff in any action brought against the board to recover any tax paid when the action is brought by or in the name of an assignee of the taxpayer paying the tax or by any person other than the person who has paid the tax.

If the State

Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. CHAPTER 764

An act to add Chapter 4.7 (commencing with Section 84660) to Part 50 of the Education Code, and to amend Items 687-301-146 to 687-301-736, inclusive, and the provisions applicable thereto, of Chapter 99 of the Statutes of 1981, relating to postsecondary education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.7 (commencing with Section 84660) is added to Part 50 of the Education Code, to read:

CHAPTER 4.7. COMMUNITY COLLEGE FACILITY DEFERRED MAINTENANCE AND SPECIAL REPAIR PROGRAM

84660. The Legislature finds and declares that it is in the interests of the people of the State of California to ensure that public community college facilities are repaired and maintained on a timely basis in order to provide for the safe utilization of these facilities as well as providing for the prevention of further structural damage resulting in more costly repairs. The Legislature recognizes that in many community college districts high operating costs and limited district revenues have combined to restrict the ability of community college districts to provide for the periodic maintenance and timely repair of community college facilities.

It is the intent of the Legislature in enacting this chapter that funds be allocated pursuant to the requirements of this chapter to provide for the deferred maintenance and special repair of community college facilities. However, the Legislature recognizes that there may not be sufficient revenues in future years to provide an annual appropriation for the program provided by this chapter. Therefore, nothing in this chapter shall be construed to create an annual state obligation to fund this program.

84661. The Board of Governors of the California Community Colleges shall adopt rules and regulations for the allocation of funds authorized by this chapter for the deferred maintenance and special repair of community college facilities. The adopted rules and regulations shall establish criteria for the ranking of requests for funding by community college districts for funds allocated pursuant to this chapter. The adopted rules and regulations shall require districts to prepare and submit to the Board of Governors a five-year maintenance plan which includes plans for preventative as well as deferred maintenance in order to be eligible for state funding of deferred maintenance. The adopted rules and regulations shall require recipient districts to provide an amount of district funds equal to the amount of state funds to be allocated for facility deferred maintenance and special repair as a condition for the receipt of state funding, subject to a complete or partial waiver of this requirement by the Board of Governors of the California Community Colleges based upon a review of the financial condition of the district.

For the purpose of this chapter, "deferred maintenance and special repair" means unusual, nonrecurring work to restore a facility to a safe and continually useable condition for which it was intended.

84662. (a) No community college district shall receive funds pursuant to this chapter unless the district expends at least ½ percent of its current operating budget for on-going maintenance.

(b) The board of governors may, pursuant to Section 84661, increase the percentage specified in subdivision (a).

(c) It is the intent of the Legislature that funds received by districts pursuant to this chapter supplement, not supplant, district

deferred maintenance funds.

SEC. 2. Items 687-301-146 to 687-301-736, inclusive, and the provisions applicable thereto, of Chapter 99 of the Statutes of 1981, are amended to read:

[Approved by Governor September 24, 1981 Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 14204 of the Financial Code is amended to read:

14204. If the commissioner upon any examination, or from any report made to the commissioner, finds any credit union is violating the provisions of this division or the rules made pursuant to this division, or is insolvent, or is conducting its business in an unsafe or unauthorized manner, the commissioner may notify the credit union to, and the credit union shall, cease these practices. The commissioner may notify the credit union to, and the credit union shall, temporarily suspend or entirely cease the transaction of any new business or the portion thereof as is ordered by the commissioner. Within 10 days from the date of a notification or order pursuant to this section, the credit union may request a hearing under the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code. Neither the request for a hearing nor the hearing itself shall stay the notification or order issued by the commissioner under this section.

SEC. 2. Section 14401 of the Financial Code is amended to read:

14401. A credit union may borrow money from any source in an aggregate amount not to exceed 50 percent of the paid-in and unimpaired capital and surplus of the credit union. Loans from the National Credit Union Central Liquity Facility (12 U.S.C., Section 1795 and following) shall not be included in the aggregate borrowings for purposes of the limitation on borrowing. For the purposes of this section, certificates for funds shall be deemed borrowed money.

SEC. 5. Section 15358 of the Financial Code is amended to read:

15358. Upon the filing of the articles of incorporation with the Secretary of State and the issuance of a certificate by the

CHAPTER 767

An act to amend Sections 997, 10160, 10161, 10163, 10164, 10165, 11043, 11134, and 11136 of, to amend the heading of Article 3a (commencing with Section 10159.1) of Chapter 1 of Part 2 of Division 2 of, to amend and renumber Section 10163.5 of, to add Sections 10163.2, 10163.3 and 10164.1 to, and to repeal and add Article 3a (commencing with Section 10489 1) of Chapter 5 of Part 2 of Division 2 of, the Insurance Code, relating to insurance.

[Approved by Governor September 24, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 997 of the Insurance Code is amended to read:

997. (a) For statement purposes as defined in Article 10 (commencing with Section 900) of this chapter, for insolvency calculations as defined in Article 13 (commencing with Section 980) of this chapter, and for the valuation of the liabilities of insurers for all other purposes, every admitted insurer shall maintain an active life reserve which shall place a sound value on its liabilities under all disability policies and which shall not be less than the reserve according to the standards set forth in regulations issued by the commissioner and, in no event, less in the aggregate than the pro rata gross unearned premium reserve for such policies. The promulgation of such regulations by the commissioner or any changes or amendments thereof shall be in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1, Division 3, Title 2 of the Government Code.

Subdivisions (b), (c) and (d) of this section shall control the amounts of reserves and liabilities, other than for specific claim losses, upon all individual disability policies until the effective date of regulations issued by the commissioner as provided in the next preceding paragraph. Such regulations, in lieu of subdivisions (b), (c) and (d) of this section, shall control the amounts of such reserves and liabilities during the time such regulations continue in force. In the event such regulations shall cease to be in effect, such reserves and liabilities again shall be controlled by subdivisions (b), (c) and (d) of this section during the time no such regulations shall be in force.

(b) Every admitted insurer which issues one or more of the following three types of individual disability policies shall maintain a reserve not less than the minimum reserve required under the provisions of this subdivision (b):

(1) Policies which are guaranteed renewable for life or to a specified age at guaranteed premium rates.

(2) Policies which are guaranteed renewable for life or to a specified age but under which the insurer has reserved the right to change the scale of premiums.

(3) Policies, other than those described in paragraph (1) of subdivision (c), in which the insurer has reserved the right to cancel or to refuse renewal for one or more reasons, but has agreed implicitly or explicitly that, prior to a specified time or age, it will not cancel or decline renewal solely because of deterioration of health after issue.

During the period within which the renewability of the policy is guaranteed or the insurer's right to cancel the policy or to refuse renewal thereof is limited, the minimum reserve shall be an amount computed on the basis of two-year preliminary term tabular mean reserves employing the following assumptions:

Mortality and Interest: those assumptions specified in Article 3 (commencing with Section 10478) and Article 3a (commencing with Section 10489.1) of Chapter 5 of Part 2 of Division 2, for the determination of minimum policy reserve liabilities for ordinary life insurance.

Morbidity or other contingency: any tables adopted by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for use in valuing individual disability insurance policies, or any modification of these tables approved by the commissioner, or any tables based upon individual insurer's own experience and approved by the commissioner.

For each benefit, each company shall establish reserves that place a sound value on the liabilities for such benefit

Such mean reserves shall be diminished or offset by appropriate credit for the valuation net deferred premiums. In no event, however, shall the aggregate reserves for all policies valued on the

mean reserve basis, diminished by any credit for deferred premiums, be less than the gross pro rata unearned premiums under such policies.

Negative reserves for any benefit may be offset against positive reserves for other benefits in the same individual or family policy, but if all benefits of such policy collectively develop a negative reserve, credit shall not be taken for such amount.

(c) Every admitted insurer which issues one or more of the following types of individual disability policies shall maintain the minimum unearned premium reserve required under the provisions of this subdivision:

(1) Selected group disability policies issued under or subject to an agreement that, except for stated reasons, the insurer will not cancel or refuse to renew the coverage of individual insureds prior to a specified age unless all coverage under the same group is terminated.

(2) Any type of individual disability policy not included in one of the three types described in subdivision (b) and not included in paragraph (1) of this subdivision.

The minimum unearned premium reserve shall be the pro rata unearned portion of gross premiums in force and, subject to the limitations contained in Sections 922.2 to 922.8, inclusive, shall be reduced by premiums paid or credited for risks reinsured in solvent insurers.

(d) Provided the reserve on all policies to which the method or basis is applied is not less in the aggregate than the required amount determined according to the applicable standards specified in subdivisions (b) and (c), an insurer may use any reasonable assumptions as to the interest rate, mortality rates or the rates of morbidity or other contingency, and may introduce an assumption as to the voluntary termination of policies. Also, subject to the preceding conditions, the insurer may employ methods other than the methods stated in subdivisions (b) and (c) in determining a sound value of its liabilities under such policies, including but not limited to the following: (1) the use of midterminal reserves in addition to either the gross pro rata unearned premium reserves described in subdivision (c) or the net pro rata unearned premium reserve; (2) optional use of either the level premium, the one-year preliminary term or the two-year preliminary term method; (3) prospective valuation on the basis of actual gross premiums with reasonable allowance for future expense; (4) the use of approximations such as those involving age groupings, groupings of several years of issue, average amounts of indemnity; (5) the computation of the reserve for one policy benefit as a percentage of, or by other relation to, the aggregate policy reserves, exclusive of the benefit or benefits so valued; (6) the use of a composite annual claim cost for all or any combination of the benefits included in the policies valued.

For statement purposes the net reserve liability for active lives may be shown as the mean reserve with offsetting asset items for net

unpaid and deferred premiums or it may be shown as the excess of the mean reserve over the amount of net unpaid and deferred premiums, or, regardless of the underlying method of calculation, it may be divided between the gross pro rata unearned premium reserve and a balancing item for the "additional reserve."

SEC. 2. The heading of Article 3a (commencing with Section 10159.1) of Chapter 1 of Part 2 of Division 2 of the Insurance Code is amended to read:

Article 3a. Standard Nonforfeiture Law For Life Insurance

SEC. 3. Section 10160 of the Insurance Code is amended to read:

10160. Except as provided in Section 10165, no policy of life insurance shall be delivered or issued for delivery in this state unless it shall contain in substance the following provisions, or corresponding provisions which are at least as favorable to the defaulting or surrendering policyholder as are the minimum requirements hereinafter specified and are essentially in compliance with Section 10164.1 of this law:

(a) That, in the event of default in any premium payment after premiums have been paid for at least one full year the insurer will grant, upon proper request not later than 60 days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such amount as may be hereinafter specified. In lieu of this stipulated paid-up nonforfeiture benefit, the company may substitute, upon proper request not later than 60 days after the due date of the premium in default, an actuarially equivalent alternative paid-up nonforfeiture benefit which provides a greater amount or longer period of death benefits or, if applicable, a greater amount or earlier payment of endowment benefits.

(b) That, upon surrender of the policy within 60 days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance or five full years in the case of industrial insurance, the insurer will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified.

(c) That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than 60 days after the due date of the premium in default.

(d) That, if the policy shall have become paid-up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the insurer will pay, upon surrender of the policy within 30 days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified..

(e) In the case of policies which cause, on a basis guaranteed in the policy, unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, a statement of the mortality table, interest rate, and method used in calculating cash surrender values and the paid-up nonforfeiture benefits available under the policy. In the case of all other policies, a statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a schedule showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary either during the first 20 policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the insurer on account of or secured by the policy. At the option of the insurer such schedule may also show such values and benefits for any year or years beyond the twentieth policy year.

(f) A brief and general statement of the method to be used in calculating the cash surrender value and the paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy with an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the insurer on account of or secured by the policy.

Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

The insurer shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy.

SEC. 4 Section 10161 of the Insurance Code is amended to read:

10161. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by Section 10160, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of (a) the then present value of the adjusted premiums as defined in Sections 10163, 10163.1, and 10163.2 corresponding to premiums which would have fallen due on and after such anniversary, and (b) the amount of any indebtedness to the company on the policy.

Provided, however, that for any policy issued on or after January 1, 1989, which provides supplemental life insurance or annuity benefits at the option of the insured and for an identifiable additional premium by rider or supplemental policy provision, the cash

surrender value referred to in the first paragraph of this section shall be an amount not less than the sum of the cash surrender value as defined in such paragraph for an otherwise similar policy issued at the same age without such rider or supplemental policy provision and the cash surrender value as defined in such paragraph for a policy which provides only the benefits otherwise provided by such rider or supplemental policy provision.

Provided, further, that for any family policy issued on or after January 1, 1989, which defines a primary insured and provides term insurance on the life of the spouse of the primary insured expiring before the spouse's age of 71, the cash surrender value referred to in the first paragraph of this section shall be an amount not less than the sum of the cash surrender value as defined in such paragraph for an otherwise similar policy issued at the same age without such term insurance on the life of the spouse and the cash surrender value as defined in such paragraph for a policy which provides only the benefits otherwise provided by such term insurance on the life of the spouse.

Any cash surrender value available within 30 days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by Section 10160, shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the company on the policy.

SEC. 5. Section 10163 of the Insurance Code is amended to read:

10163. This section shall not apply to policies issued on or after the operative date of Section 10163.2 as defined therein. Except as provided in the third paragraph of this section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding extra premiums on a substandard policy, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of (i) the then present value of the future guaranteed benefits provided for by the policy; (ii) two percent (2%) of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy; (iii) forty percent (40%) of the adjusted premium for the first policy year; (iv) twenty-five percent (25%) of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less In applying the percentages specified in (iii) and (iv) above, no adjusted premium shall be deemed to exceed four percent (4%) of the amount of insurance or uniform amount equivalent thereto

In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of this section shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy, provided, however, that in the case of a policy providing a varying amount of insurance issued on the life of a child under age 10, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age 10 were the amount provided by such policy at age 10.

The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision unless such term insurance benefits are disregarded under Section 10164 shall be equal to (a) the adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable, by (b) the adjusted premiums for such term insurance, the foregoing items (a) and (b) being calculated separately and as specified in the first two paragraphs of this section

Except as otherwise provided in Section 10163.1, all adjusted premiums and present values referred to in this article shall for all policies of ordinary insurance be calculated on the basis of the Commissioners 1941 Standard Ordinary Mortality Table; provided, however, that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated, at the option of the insurer, according to an age not more than three years younger than the actual age of the insured, and such calculations for all policies of industrial insurance shall be made on the basis of the 1941 Standard Industrial Mortality Table. All calculations shall be made on the basis of the rate of interest, not exceeding three and one-half percent (3½%) per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits. However, in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than one hundred thirty percent (130%) of the rates of mortality according to such applicable table; and for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the commissioner.

SEC. 6. Section 10163.5 of the Insurance Code is amended and renumbered to read:

10163.1 (a) In the case of ordinary policies issued on or after the operative date of this subdivision as defined herein, all adjusted

premiums and present values referred to in this article shall be calculated on the basis of the Commissioners 1958 Standard Ordinary Mortality Table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed 3½ percent per annum except that a rate of interest not exceeding 4 percent per annum may be used for all policies issued on or after January 1, 1970, and prior to January 1, 1980, and a rate of interest not exceeding 5½ percent per annum may be used for all such policies issued on or after January 1, 1980, except that for any single premium whole life or endowment insurance policy a rate of interest not exceeding 6½ percent per annum may be used; provided, that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than six years younger than the actual age of the insured; provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1958 Extended Term Insurance Table; provided further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

On or after January 1, 1961, any company may file with the commissioner a written notice of its election to comply with the provisions of this subdivision after a specified date before January 1, 1966. After the filing of such notice, then upon such specified date (which shall be the operative date of this subdivision for such company), this subdivision shall become operative with respect to the ordinary policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision for such company shall be January 1, 1966.

(b) In the case of industrial policies issued on or after the operative date of this subdivision as defined herein, all adjusted premiums and present values referred to in this article shall be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed 3½ percent per annum except that a rate of interest not exceeding 4 percent per annum may be used for all such policies issued on or after January 1, 1970, and prior to January 1, 1980, and a rate of interest not exceeding 5½ percent per annum may be used for all such policies issued on or after January 1, 1980, except that for any single premium whole life or endowment insurance policy a rate of interest not exceeding 6½ percent per annum may be used. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may

be not more than those shown in the Commissioners 1961 Industrial Extended Term Insurance Table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

After September 20, 1963, any company may file with the commissioner a written notice of its election to comply with the provisions of this subdivision after a specified date before January 1, 1968. After the filing of such notice, then upon such specified date (which shall be the operative date of this subdivision for such company), this subdivision shall become operative with respect to the industrial policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision for such company shall be January 1, 1968.

This section shall not apply to ordinary or industrial policies issued on or after the appropriate time period specified in Section 10163.2.

SEC. 7. Section 10163.2 is added to the Insurance Code, to read:

10163.2. (a) This section shall apply to all policies issued on or after January 1, 1989. Except as provided in subdivision (g), the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments or special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of (1) the then present value of the future guaranteed benefits provided for by the policy; (2) 1 percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first 10 policy years; and (3) 125 percent of the nonforfeiture net level premium as hereinafter defined. Provided, however, that in applying the percentage specified in (3) no nonforfeiture net level premium shall be deemed to exceed 4 percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first 10 policy years. The date of issue of a policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(b) The nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy, divided by the present value, at the date of issue of the policy, of an annuity of 1 per annum payable on the date of issue of the policy and on each anniversary of such policy on which a premium falls due.

(c) In the case of policies which cause on a basis guaranteed in the policy, unscheduled changes in benefits or premiums, or which

provide an option for changes in benefits or premiums other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of any such change in the benefits or premiums the future adjusted premiums, nonforfeiture net level premiums and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change.

(d) Except as otherwise provided in subdivision (g), the recalculated future adjusted premiums for any such policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all such future adjusted premiums shall be equal to the excess of (1) the sum of (A) the then present value of the then future guaranteed benefits provided for by the policy and (B) the additional expense allowance, if any, over (2) the then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy.

(e) The additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of (1) 1 percent of the excess, if positive, of the average amount of insurance at the beginning of each of the first 10 policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first 10 policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy; and (2) 125 percent of the increase, if positive, in the nonforfeiture net level premium.

(f) The recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing (1) by (2) where:

(1) It equals the sum of:

(A) The nonforfeiture net level premium applicable prior to the change times the present value of an annuity of 1 percent per annum payable on each anniversary of the policy on or subsequent to the date of the change on which a premium would have fallen due had the change not occurred, and

(B) The present value of the increase in future guaranteed benefits provided for by the policy, and

(2) It equals the present value of an annuity of 1 percent per annum payable on each anniversary of the policy on or subsequent to the date of change on which a premium falls due.

(g) Notwithstanding any other provisions of this section to the contrary, in the case of a policy issued on a substandard basis which

provides reduced graded amounts of insurance so that, in each policy year, such policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for such substandard policy may be calculated as if it were issued to provide such higher uniform amounts of insurance on the standard basis.

(h) All adjusted premiums and present values referred to in this article shall for all policies of ordinary insurance be calculated on the basis of (1) the Commissioners 1980 Standard Ordinary Mortality Table or (2) at the election of the company for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors; shall for all policies of industrial insurance be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table; and shall for all policies issued in a particular calendar year be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in this section for policies issued in that calendar year. Provided, however, that:

(1) At the option of the company, calculations for all policies issued in a particular calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in this section, for policies issued in the immediately preceding calendar year.

(2) Under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available, whether or not required by Section 10160, shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of such paid-up nonforfeiture benefit and paid-up dividend additions, if any.

(3) A company may calculate the amount of any guaranteed paid-up nonforfeiture benefit including any paid-up additions under the policy on the basis of an interest rate no lower than that specified in the policy for calculating cash surrender values.

(4) In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1980 Extended Term Insurance Table for policies of ordinary insurance and not more than the Commissioners 1961 Industrial Extended Term Insurance Table for policies of industrial insurance.

(5) For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on appropriate modifications of the aforementioned tables.

(6) Any ordinary mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that are approved by regulation promulgated by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1980 Standard Ordinary Mortality

Table with or without Ten-Year Select Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table.

(7) Any industrial mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that are approved by regulation promulgated by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table.

(i) The nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to 125 percent of the calendar year statute valuation interest rate for such policy as defined in the Standard Valuation Law, rounded to the nearer one-quarter of 1 percent.

(j) Notwithstanding any other provision in this code to the contrary, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form.

(k) After the effective date of this section, any company may file with the commissioner a written notice of its election to comply with the provision of this section after a specified date before January 1, 1989, which shall be the operative date of this section for such company. If a company makes no such election, the operative date of this section for such company shall be January 1, 1989.

SEC. 8. Section 10163.3 is added to the Insurance Code, to read:

10163.3. In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance which is of such a nature that minimum values cannot be determined by the methods described in Section 10160, 10161, 10162, 10163, 10163.1, or 10163.2 herein, then:

(a) The commissioner must be satisfied that the benefits provided under the plan are substantially as favorable to policyholders and insureds as the minimum benefits otherwise required by Section 10160, 10161, 10162, 10163, 10163.1, or 10163.2

(b) The commissioner must be satisfied that the benefits and the pattern of premiums of that plan are not such as to mislead prospective policyholders or insureds.

(c) The cash surrender values and paid-up nonforfeiture benefits provided by such plan must not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of this Standard Nonforfeiture Law for Life Insurance, as determined by regulations promulgated by the commissioner.

(d) Notwithstanding any other provision in the laws of this state, any policy, contract, or certificate providing life insurance under any such plan must be filed with the commissioner before it can be

marketed, issued, delivered, or used in this state.

SEC. 9. Section 10164 of the Insurance Code is amended to read:

10164. Any cash surrender value and any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in Sections 10161, 10162, 10163, 10163.1, and 10163.2 may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the amounts used to provide such additions. Notwithstanding the provisions of Section 10161, additional benefits payable (a) in the event of death or dismemberment by accident or accidental means, (b) in the event of total and permanent disability, (c) as reversionary annuity or deferred reversionary annuity benefits, (d) as term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this article would not apply, (e) as term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if such term insurance expires before the child's age is 26, is uniform in amount after the child's age is one, and has not become paid up by reason of the death of a parent of the child, and (f) as other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this article, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.

SEC. 10. Section 10164.1 is added to the Insurance Code, to read:

10164.1. This section shall apply to all policies issued on or after January 1, 1986. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary shall be in an amount which does not differ by more than two-tenths of 1 percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first 10 policy years, from the sum of (a) the greater of zero and the basic cash value hereinafter specified and (b) the present value of any existing paid-up additions less the amount of any indebtedness to the company under the policy.

The basic cash value shall be equal to the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the company, if there had been no default, less the then present value of the nonforfeiture factors, as hereinafter defined, corresponding to premiums which would have fallen due on and after such anniversary. Provided, however, that the effects on the basic cash value of supplemental life insurance or annuity benefits or of family

coverage, as described in Section 10161 or 10163 whichever is applicable, shall be the same as are the effects specified in Section 10161 or 10163 whichever is applicable, on the cash surrender values defined in that section.

The nonforfeiture factor for each policy year shall be an amount equal to a percentage of the adjusted premium for the policy year, as defined in Section 10163 or 10163.2 whichever is applicable. Except as is required by the next succeeding sentence of this paragraph, such percentage:

(a) Shall be the same percentage for each policy year between the second policy anniversary and the later of (i) the fifth policy anniversary and (ii) the first policy anniversary at which there is available under the policy a cash surrender value in an amount, before including any paid-up additions and before deducting any indebtedness, of at least two-tenths of 1 percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first 10 policy years.

(b) Must be such that no percentage after the later of the two policy anniversaries specified in subdivision (a) may apply to fewer than five consecutive policy years.

Provided, that no basic cash value may be less than the value which would be obtained if the adjusted premiums for the policy, as defined in Section 10163 or 10163.2 whichever is applicable, were substituted for the nonforfeiture factors in the calculation of the basic cash value.

All adjusted premiums and present values referred to in this section shall for a particular policy be calculated on the same mortality and interest bases as are used in demonstrating the policy's compliance with the other sections of this article. The cash surrender values shall include any endowment benefits provided for by the policy.

Any cash surrender value available other than in the event of default in a premium payment due on a policy anniversary, and the amount of any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment shall be determined in manners consistent with the manners specified for determining the analogous minimum amounts in Sections 10160, 10161, 10162, 10163.2, and 10164. The amounts of any cash surrender values and of any paid-up nonforfeiture benefits granted in connection with additional benefits such as those listed as items (a) through (f) in Section 10164 shall conform with the principles of this section.

SEC. 11. Section 10165 of the Insurance Code, is amended to read:

10165 This article shall not apply to any of the following:

(a) Reinsurance.

(b) Group insurance.

(c) Pure endowment.

(d) Annuity or reversionary annuity contract

(e) Term policy of uniform amount, which provides no guaranteed nonforfeiture or endowment benefits, or renewal thereof, of 20 years or less expiring before age 71, for which uniform premiums are payable during the entire term of the policy.

(f) Term policy of decreasing amount, which provides no guaranteed nonforfeiture or endowment benefits, on which each adjusted premium, calculated as specified in Sections 10163, 10163.1, and 10163.2, is less than the adjusted premium so calculated, on a term policy of uniform amount, or renewal thereof, which provides no guaranteed nonforfeiture or endowment benefits, issued at the same age and for the same initial amount of insurance and for a term of 20 years or less expiring before age 71, for which uniform premiums are payable during the entire term of the policy.

(g) A policy, which provides no guaranteed nonforfeiture or endowment benefits, for which no cash surrender value, if any, or present value of any paid-up nonforfeiture benefit, at the beginning of any policy year, calculated as specifed in Sections 10161, 10162, 10163, 10163.1, and 10163.2, exceeds 2½ percent of the amount of insurance at the beginning of the same policy year, nor

(h) A policy which shall be delivered outside this state through an agent or other representative of the company issuing the policy.

For purposes of determining the applicability of this article, the age at expiry for a joint-term life insurance policy shall be the age at expiry of the oldest life.

All individual annuity and pure endowment contracts entered into prior to January 1, 1980, and all annuities and pure endowments purchased prior to January 1, 1980, under group annuity and pure endowment contracts shall remain subject to the provisions of Article 3A (commencing with Section 10489.1) as it existed prior to January 1, 1980.

10489.4. (a) The interest rates used in determining the minimum standard for the valuation of all life insurance policies issued in a particular calendar year, on or after January 1, 1989, all individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1982, all annuities and pure endowments purchased on a particular calendar year on or after January 1, 1982, under group annuity and pure endowment contracts, and the net increase, if any, in a particular calendar year after January 1, 1987, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates as defined in subdivision (b).

(b) (1) The calendar year statutory valuation interest rates, I, shall be determined as follows and the results rounded to the nearer one-quarter of 1 percent:

(A) For life insurance:

$$I = .03 + W\ (R_1 - .03) + \frac{W}{2}\ (R_2 - .09)$$

(B) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options:

$$I = .03 + W\ (R - .03)$$

Where

R_1 is the lesser of R and .09,

R_2 is the greater of R and .09,

R is the reference interest rate defined in subdivision (d) or (e) of this section, and

W is the weighting factor defined in subdivision (c) of this section.

(C) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in (B), the formula for life

insurance stated in (A) shall apply to annuities and guaranteed interest contracts with guarantee durations in excess of 10 years and the formula for single premium immediate annuities stated in (B) shall apply to annuities and guaranteed interest contracts with guarantee duration of 10 years or less.

(D) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in (B) shall apply.

(E) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, the formula for single premium immediate annuities stated in (B) shall apply.

(2) However, if the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined without reference to this sentence differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of 1 percent, the calendar year statutory valuation interest rate for such life insurance policies shall be equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980 (using the reference interest rate defined for 1979) and shall be determined for each subsequent calendar year regardless of the operative date of Section 10163.2.

(c) Weighting Factors.

(1) The weighting factors referred to in the formulas stated above are given in the following tables:

(A) Weighting Factors for Life Insurance:

Guarantee Duration (Years)	Weighting Factors
10 or less	.50
More than 10, but not more than 20	.45
More than 20	.35

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy.

(B) Weighting factor for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options:

.80

(C) Weighting factors for other annuities and for guaranteed

interest contracts, except as stated in (B), shall be as specified in tables (i), (ii), and (iii) below, according to the rules and definitions in (iv), (v), and (vi):

(i) For annuities and guaranteed interest contracts valued on an issue year basis:

	Weighting Factor for Plan Type		
Guarantee Duration (Years)	A	B	C
5 or less	.80	.60	.50
More than 5, but not more than 10	.75	.60	.50
More than 10, but not more than 20	.65	.50	.45
More than 20	.45	.35	.35

(ii) For annuities and guaranteed interest contracts valued on a change-in-fund basis, the factors shown in (i) above increased by: .15 .25 .05

(iii) For annuities and guaranteed interest contracts valued on an issue year basis (other than those with no cash settlement options) which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change-in-fund basis which do not guarantee interest rates on considerations received more than 12 months beyond the valuation date, the factors shown in (i) or derived in (ii) increased by: .05 .05 .05

(iv) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of 20 years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(v) Plan type as used in the above tables is defined as follows:

Plan Type A: At any time policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) without such adjustment but in installments over five years or

more, or (3) as an immediate life annuity, or (4) no withdrawal permitted.

Plan Type B: Before expiration of the interest rate guarantee, policyholder may withdraw funds only (1) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) without such adjustment but in installments over five years or more, or (3) no withdrawal permitted. At the end of interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five years.

Plan Type C: Policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either (1) without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (2) subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(vi) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change-in-fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in this section, an issue year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and the change-in-fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(d) The reference interest rate referred to in subdivision (b) of this section shall be defined as follows:

(1) For all life insurance, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year next preceding the year of issue, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(2) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or year of purchase, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(3) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year-of-issue basis, except as stated in (2) above, with guarantee

duration in excess of 10 years, the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(4) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year-of-issue basis, except as stated in (2) above, with guarantee duration of 10 years or less, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(5) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of 12 months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(6) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, except as stated in (2) above, the average over a period of 12 months, ending on June 30 of the calendar year of the change in the fund, of Moody's Corporate Bond Yield Average—Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(e) In the event that Moody's Corporate Bond Yield Average—Monthly Average Corporates is no longer published by Moody's Investors Service, Inc., or in the event that the National Association of Insurance Commissioners, or its successor, determines that Moody's Corporate Bond Yield Average—Monthly Average Corporates as published by Moody's Investors Service, Inc. is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest rate, which is adopted by the National Association of Insurance Commissioners, or its successor, and approved by regulation promulgated by the commissioner, may be substituted.

(f) This section shall apply to all certificates and contracts issued by a fraternal benefit society.

10489.5. Except as otherwise provided in Sections 10489.6 and 10489.9, reserves according to the commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any tenure modified net premiums therefor The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net

premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (a) of (b), as follows:

(a) A net level annual premium equal to the present value, at the date of issue of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; except that such net level annual premium shall not exceed the net level annual premium, on the 19-year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(b) A net one-year term premium for such benefits provided for in the first policy year.

Provided that for any life insurance policy issued on or after January 1, 1986, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall, except as otherwise provided in Section 10489.9, be the greater of the reserve as of such policy anniversary calculated as described in this section and the reserve as of such policy anniversary calculated as described in this section, but with (i) the value defined in subparagraph (a) of that paragraph being reduced by 15 percent of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in Sections 10489.2 and 10489.4 shall be used.

Reserves according to the commissioners reserve valuation method for (1) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (2) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended; (3) disability and accidental death benefits in all policies and contracts; and (4) all other benefits, except life insurance and endowment benefits in life insurance

policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of the preceding paragraphs of this section, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

10489.6. This section shall apply to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended.

Reserves according to the commissioners annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate, or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.

10489.7. In no event shall an insurer's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, be less than the aggregate reserves calculated in accordance with the methods set forth in Sections 10489.5, 10489.6, 10489.9, and 10489.10 and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

10489.8. Reserves for any category of policies, contracts or benefits as established by the commissioner may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein.

10489.9. If in any contract year the gross premium charged by any life insurer on any policy or contract is less than the valuation net premium for the policy or contract calculated by the method used

in calculating the reserve thereon but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the reserve calculated by the method actually used for such policy or contract but using the minimum valuation standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium.

Provided that for any life insurance policy issued on or after January 1, 1986, for which the gross premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the foregoing provisions of this section shall be applied as if the method actually used in calculating the reserve for such policy were the method described in Section 10489.5, ignoring the second paragraph of Section 10489.5. The minimum reserve at each policy anniversary of such a policy shall be the greater of the minimum reserve calculated in accordance with Section 10489.5, including the second paragraph of that section, and the minimum reserve calculated in accordance with this section.

10489.10. In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance or annuity which is of such a nature that the minimum reserves cannot be determined by the methods described in Sections 10489.5, 10489.6, and 10489.9, the reserves which are held under any such plan must:

(a) Be appropriate in relation to the benefits and the pattern of premiums for that plan; and

(b) Be computed by a method which is consistent with the principles of this Standard Valuation Law,

as determined by regulations promulgated by the commissioner.

Notwithstanding any other provision in the laws of this state, any policy, contract, or certificate providing life insurance under any such plan must be filed with the commissioner before it can be marketed, issued, delivered or used in this state.

SEC. 14. Section 11043 of the Insurance Code is amended to read:

11043. A society may grant nonforfeiture benefits, cash surrender values, certificate loans and such other options as its laws may permit.

In the case of certificates issued after September 21, 1952, other than those for which reserves are computed on the Commissioners 1941 Standard Ordinary Mortality Table, the 1941 Standard Industrial Table, the Commissioners 1958 Standard Ordinary Mortality Table, or the Commissioners 1980 Standard Ordinary Mortality Table, the value of any nonforfeiture benefit granted and

the amount of any cash surrender value granted shall not be less than the excess, if any, of (a) over (b) as follows:

(a) The reserve under the certificate determined on the basis specified in the certificate; and

(b) The sum of any indebtedness to the society on the certificate, including interest due and accrued, and a surrender charge of not more than two and one-half per centum of the face amount of the certificate, which, in the case of insurance on the lives of children, shall be the ultimate face amount of the certificate, if death benefits provided therein are graded.

However, in the case of certificates issued on a substandard basis or in the case of certificates, the reserves for which are computed upon the American Men Ultimate Table of Mortality, the term of any extended insurance benefit including accompanying pure endowment, if any, may be computed upon the rates of mortality not greater than 130 per centum of those shown by the mortality table specified in the certificate for the computation of the reserve.

In the case of certificates issued after September 21, 1952, for which reserves are computed on the Commissioners 1941 Standard Ordinary Mortality Table, the 1941 Standard Industrial Table, the Commissioners 1958 Standard Ordinary Mortality Table, or the Commissioners 1980 Standard Ordinary Mortality Table, the value of any nonforfeiture benefit granted and the amount of any cash surrender value granted shall not be less than the corresponding amount ascertained in accordance with the provisions of Sections 10161, 10162, 10163, 10163.1, 10163.2, 10164, 10164.1, and 10165 applicable to life insurance companies.

SEC. 15. Section 11134 of the Insurance Code is amended to read:

11134. Except as otherwise provided in Section 10489.6, reserves according to the commissioners' reserve valuation method, for the life insurance and endowment benefits of certificates providing for a uniform amount of insurance and requiring the payment of uniform rates shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such certificates, over the then present value of any future modified net rates therefor. The modified net rates for any such certificate shall be such uniform percentage of the respective contract payment for such benefits that the present value, at the date of issue of the certificate, of all such modified net rates shall be equal to the sum of the then present value of such benefits provided for by the certificate and the excess of (a) over (b), as follows:

(a) A net level annual payment equal to the present value at the date of issue, of such benefits provided for after the first certificate year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such certificate on which a payment falls due; provided, however, that such net level annual payment shall not exceed the net level annual payment on the 19-year payment whole life plan for insurance of the same amount at an age one year higher

than the age at issue of such certificate.

(b) A net one-year term payment for such benefits provided for in the first certificate year.

Provided that for any certificate issued on or after January 1, 1986, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefits is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall be the greater of the reserve as of such policy anniversary calculated as described in the preceding paragraph and the reserve as of such policy anniversary calculated as described in that paragraph, but with (i) the value defined in subdivision (a) of that paragraph being reduced by 15 percent of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in Sections 11136 and 11136.1 shall be used.

Reserves according to the commissioners' reserve valuation method for (1) life insurance certificates providing for a varying amount of insurance or requiring the payment of varying rates, (2) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, (3) disability and accidental death benefits in all certificates and contracts, and (4) all other benefits, except life insurance and endowment benefits in life insurance certificates, shall be calculated by a method consistent with the principles of the first paragraph of this section, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

SEC. 16. Section 11136 of the Insurance Code is amended to read:

11136. Except as otherwise provided in Section 10489.4, such valuation shall be certified by a competent actuary or, at the expense of the society, verified by the actuary of the insurance supervisory official of the state of domicile of the society, and the legal minimum standard of valuation shall be as follows:

(a) All benefits promised by certificates issued prior to September 22, 1952, and the rates therefor shall be valued in accordance with the provisions of law applicable thereto as of the date of issuance, but not lower than the standards and interest assumptions used in the calculation of rates for such benefits.

(b) The minimum standard for the valuation of all certificates issued after September 21, 1952, and prior to January 1, 1972, shall be 3 percent per annum interest; in the case of certificates issued on and after January 1, 1972, and prior to January 1, 1980, the minimum standard for the valuation of all such certificates shall be 4 percent per annum interest; and in the case of certificates issued on and after January 1, 1980, the minimum standard for the valuation of all single premium certificates shall be 5½ percent per annum interest and for the valuation of all other such certificates shall be 4½ percent per annum interest, and the following tables:

(1) For all ordinary certificates of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such certificates—the American Men Ultimate Table of Mortality, with Bowerman's or Davis' Extension thereof, or, at the option of the society, the Commissioners 1941 Standard Ordinary Mortality Table or the Commissioners 1958 Standard Ordinary Mortality Table, using actual age of the insured for male risks and an age not more than six years younger than the actual age of the insured for female risks, and for such policies issued on or after the operative date of Section 10163.2 (i) the Commissioners 1980 Standard Ordinary Mortality Table, or (ii) at the election of the company for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors, or (iii) any ordinary mortality table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.

(2) For all industrial life insurance certificates issued on the standard basis, excluding any disability and accidental death benefits in such certificates—the 1941 Standard Industrial Mortality Table, for such certificates issued prior to the operative date January 1, 1989, and for such policies issued on or after such operative date, the Commissioners 1961 Standard Industrial Mortality Table or any industrial mortality table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.

(3) For annuity and pure endowment certificates, excluding any disability and accidental death benefits in such certificates—the 1937 Standard Annuity Mortality Table, or the Annuity Mortality Table for 1949 Ultimate, or the Individual Annuity Mortality Table for 1971, or any individual annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for

use in determining the minimum standard of valuation for such contracts, or any modification of any of these tables approved by the commissioner.

(4) For disability benefits in or supplementary to ordinary certificates—Hunter's Disability Table or the Class 3 Disability Table (1926), modified to conform to the contractual waiting period, or the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries with due regard to the type of benefit, or the 1964 Commissioners Disability Table, or any tables of disablement rates and termination rates, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that are approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies. Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance certificates.

(5) For accidental death benefits in or supplementary to certificates—The Inter-Company Double Indemnity Mortality Table or the 1959 Accidental Death Benefits Table, or any accidental death benefits table, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies. Any such table shall be combined with a mortality table permitted for calculating the reserves for life insurance certificates.

(6) For temporary accident and health benefits in or supplementary to certificates—Class 3 Disability Table (1926) with Conference Modifications or the 1964 Commissioners Disability Table, or any tables of disablement rates and termination rates, adopted after 1980 by the National Association of Insurance Commissioners, or its successor, that are approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.

(7) For life insurance issued upon the substandard basis and other special benefits—such tables as may be approved by the commissioner.

(c) The commissioner may, in his discretion, accept other standards for valuation if he finds that the reserves produced thereby will not be less in the aggregate than reserves computed in accordance with the minimum valuation standard prescribed. Whenever the mortality experience under the certificates valued on the same mortality table is in excess of the expected mortality according to such table for a period of three consecutive years, the commissioner may require additional reserves when in his judgment deemed necessary on account of such certificates.

(d) Notwithstanding the provisions of subdivisions (a) and (b), any society, with the consent of the insurance supervisory official of the state of domicile of the society, and under such conditions, if any, which he may impose, may establish and maintain reserves on its

certificates in excess of the reserves required thereunder, but the contractual rights of any insured member shall not be affected thereby.

[Approved by Governor September 24, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12 (commencing with Section 4600) is added to Division 5 of Title 1 of the Government Code, to read:

CHAPTER 12. ARBITRATION OF PUBLIC WORKS CONTRACT CLAIMS

SEC. 2. Section 14378 of the Government Code is repealed

SEC 3. Section 14379 of the Government Code is repealed.

SEC. 4. Section 14380 of the Government Code is repealed.

SEC. 5. Section 14404 of the Government Code is amended to read:

14404. A filing of the claim pursuant to Part 3, Division 3.6, Title 1 of the Government Code is not required as a prerequisite to the commencement of arbitration pursuant to Article 8.1 (commencing with Section 14410) of this chapter The department shall have full authority to compromise or otherwise settle any claims arising from the contract at any time.

SEC. 6. Article 8.1 (commencing with Section 14410) is added to Chapter 3 of Part 5 of Division 3 of Title 2 of the Government Code, to read.

Article 8.1. Resolution of Contract Claims

14410 The remedy for the resolution of claims arising under contracts made under the provisions of this chapter shall be arbitration pursuant to the provisions of this chapter.

14410.1. The claimant may initiate arbitration not later than 180 days after the date of service in person or by mail on the claimant of the final written decision by the department on the claim This limitation shall not apply to any claim founded on any cost audit, latent defect, warranty, or guarantee under the contract.

14410 2 A failure by the claimant to pursue diligently and exhaust, as to the claim, the required administrative procedures set forth in the contract under which the claim arose shall be a bar to arbitration hereunder until there has been compliance therewith. Subject to the preceding sentence, if more than 240 days have elapsed since acceptance of the work by the department, the

claimant is entitled to arbitration, even though the procedures are not concluded.

14410.3. Unless otherwise agreed by the parties, the arbitration shall be conducted by a single arbitrator selected by the parties from the certified list created by the Public Works Contract Arbitration Committee. If the parties cannot agree on the arbitrator, either party may petition the superior court to appoint one from the panel of arbitrators certified by the Public Works Contract Arbitration Committee.

14410.4. No decision made by a department shall be conclusive on any issue in the arbitration.

14410.5. The Departments of General Services, Transportation, and Water Resources shall jointly adopt and may, from time to time, modify, revise or repeal uniform regulations to implement the provisions of this article, which regulations shall be consistent with the provisions of this article and Article 8.2 (commencing with Section 14415). The regulations may include but need not be limited to:

(a) The method of initiating arbitration.

(b) The place of hearing based upon the convenience of the parties.

(c) Procedures for the selection of a neutral arbitrator.

(d) The form and content of any pleading.

(e) Procedure for conducting hearings.

(f) The providing of experts to assist the arbitrator in the event the assistance is needed.

(g) The content of the award.

(h) Simplified procedures for claims of fifty thousand dollars ($50,000) or less.

Pending adoption of the initial uniform regulations under this section, the arbitration rules set forth in Subchapter 3 (commencing at Section 301) of Chapter 2 of Title 1, California Administrative Code, shall govern the conduct of arbitrations hereunder.

14410.6. As used in this article, "claim" means a demand for monetary compensation or damages, arising under or relating to the performance of a contract awarded under the provisions of this chapter.

14410.7. As used in this article, "Public Works Contract Arbitration Committee" means the committee created by Article 8.2 (commencing with Section 14415).

14410.8. Unless the parties to the contract otherwise agree, the arbitration decision shall be decided under and in accordance with the law of this state, supported by substantial evidence and, in writing, contain the basis for the decision, findings of fact, and conclusions of law

14410.9. A party to the contract may join in the arbitration as a party, any supplier, subcontractor, design professional, surety, or other person who has so agreed and if the joinder is necessary to prevent a substantial risk of the party otherwise being subjected to

inconsistent obligations or decisions.

14410.10. Nothing in this article shall be construed as preventing the parties to the contract, after the claim has arisen, from mutually agreeing in writing to waive the provisions of this article and to have the claim litigated in a court of competent jurisdiction.

14410.11. Except as provided in this article and in the regulations adopted pursuant to Section 14410.5, the procedure governing the arbitrations shall be as set forth in Title 9 of Part 3 (commencing at Section 1280) of the Code of Civil Procedure. All provisions of Section 1283.05 of the Code of Civil Procedure, except subdivision (e) thereof, shall apply to the conduct of discovery for any arbitration hereunder.

14410.12. A party may, within the applicable time periods and upon the grounds specified in this section and in Article 1 (commencing with Section 1285) of Chapter 4 of Title 9 of the Code of Civil Procedure, petition the court to confirm, correct, or vacate the award rendered by the arbitrator. However, no department may petition to vacate an award without the prior written authorization of its agency secretary. Except where the parties agree not to have the arbitration decision rendered in accordance with the provisions of Section 14410.8, a court shall vacate the award, or part thereof, if it determines either that the award, or part thereof, is not supported by substantial evidence or that it is not decided under or in accordance with the laws of this state. If the award, or part thereof, is vacated on the grounds set forth in the preceding sentence or in subdivision (d) or (e) of Section 1286.2 of the Code of Civil Procedure or if the court determines that the award does not include a determination of all submitted questions necessary to determine the controversy, the court may order a rehearing before the original arbitrator or remand to the original arbitrator that portion of the dispute which the court concludes the arbitrator failed to determine.

40521. (a) Except when personal appearance is required by the bail schedule established under Section 1269b of the Penal Code, a person to whom a notice to appear has been issued under Section 40500, or a person to whom a notice of a parking violation has been issued under Section 41103, who intends to forfeit bail and to pay any penalty assessment may forward by United States mail the amount fixed as bail, together with the appropriate amount of any penalty assessment, to the person authorized to receive a deposit of bail. SEC. 5. Section 41103 of the Vehicle Code is amended to read:

41103. The method of giving notice for the purposes of the provisions of Section 41102 is as follows:

(a) During the time of the violation a notice thereof shall be securely attached to the vehicle setting forth the violation, including reference to the section of this code or of the local ordinance or federal statute or regulation so violated, the approximate time thereof, and the location where the violation occurred and fixing a time and place for appearance by the registered owner or the lessee or renter in answer to the notice.

The notice shall be attached to such vehicle either on the steering post or front door handle thereof or in another conspicuous place upon the vehicle so as to be easily observed by the person in charge of the vehicle upon the person's return thereto.

(b) Before any notice of noncompliance may be forwarded to the department under Section 41103.5 or any warrant for the arrest of a resident of this state may be issued following the filing of a complaint charging such a violation, a notice of the parking violation shall be given to the person so charged. The notice shall contain the information required in subdivision (a) and shall also inform the registered owner or the lessee or renter that unless he appears in the court designated in the notice within 10 days after service of the notice and answers the charge, or completes and files an affidavit of nonownership, the renewal of the vehicle registration is contingent upon compliance with the notice of a parking violation and that, failing compliance, a warrant or citation to appear may be issued against him

The notice shall contain or be accompanied by an affidavit of nonownership. In addition to any other required information, the notice shall also provide information as to what constitutes nonownership, information as to the effect of executing that affidavit, and instructions for mailing or returning the affidavit to the court. Upon receipt of evidence satisfactory to the court that the person charged with violating Section 41102 has made a bona fide sale or transfer of the vehicle and has delivered possession thereof to the purchaser prior to the date of the alleged violation, the court shall obtain verification from the department that the person charged has complied with the requirements of subdivision (a) or (b) of Section 5602, and, if the person has complied with subdivision (a) or (b) of Section 5602, the charges against the person under Section 41102 shall be dismissed Upon return of the notice to the court with any indication that the notice has not been delivered to the person so charged, the court shall, before issuing any warrant of arrest for a resident of this state, inquire of the department as to whether or not the person charged has complied with the requirements of

subdivision (a) or (b) of Section 5602, and, if the person has complied with subdivision (a) or (b) of Section 5602, the charges against the person under Section 41102 and the charges against the person under any regulation governing the standing or parking of a vehicle under this code, any federal statute or regulation, or any ordinance enacted by local authorities, shall be dismissed.

The notice shall be given, either by personal delivery thereof to the owner, lessee or renter, or by deposit in the United States mail of an envelope with postage prepaid, which envelope shall contain the notice and shall be addressed to the owner, lessee or renter at the address as shown by the records of the department or the leasing or renting agency. The giving of notice by personal delivery is complete upon delivery of a copy of the notice to that person. The giving of notice by mail is complete upon the expiration of 10 days after the deposit of the notice.

Proof of giving the notice may be made by the certificate of any traffic or police officer or affidavit of any person over 18 years of age naming the person to whom the notice was given and specifying the time, place and manner of the giving thereof.

(c) Before any warrant for the arrest of a nonresident of this state may be issued following the filing of a complaint charging such a violation, a notice of the parking violation shall be given to the person so charged. The notice shall contain the information required in subdivision (a) and shall also inform the registered owner or the lessee or renter that unless he appears in the court to be designated in such notice within 10 days after service of the notice and answers the charge, or completes and files an affidavit of nonownership, a warrant or citation to appear will be issued against him.

SEC. 6. Section 41103.5 of the Vehicle Code is amended to read:

41103.5. (a) Whenever any person has for a period of 15 or more days failed to answer the charge in the notice of a parking violation given, or file an affidavit of nonownership, pursuant to the provisions of subdivision (b) of Section 41103, the magistrate or clerk of the court or the officer of the issuing agency designated by the magistrate or clerk of the court shall give notice of such fact to the department if no warrant of arrest is outstanding in connection with the matter. The notice shall be given not more than 30 days after the failure to appear. Whenever thereafter the case, in which the notice of a parking violation was given pursuant to subdivision (b) of Section 41103, is adjudicated, the magistrate or clerk of the court hearing the case shall immediately sign a certificate to that effect, provide the person charged or that person's representative with a copy, and file a copy of the certificate with the department.

(b) Whenever a fine or forfeiture is received in connection with a matter for which a notice of noncompliance has been forwarded under this section, the clerk of the court, or judge if there is no clerk, shall determine the amount of the administrative service fee due as established by the department under Section 4763, and shall transmit that amount to the county treasury. The county treasurer shall, at

least once each month, transmit the fees collected pursuant to this section to the State Treasury for deposit in the Motor Vehicle Account in the State Transportation Fund. The funds shall be transmitted in the same manner as fines collected for the state by the county. In any case involving federal jurisdictions, the fees shall be transmitted monthly to the Department of Motor Vehicles for deposit in the Motor Vehicle Account in the State Transportation Fund.

(c) The procedure for the collection of bail authorized by this section and the provisions of Sections 4760 to 4765, inclusive, shall apply to any registration or equipment infraction charged simultaneously with any parking violation in any notice of a parking violation issued to an unattended vehicle under subdivision (a) of Section 41103.

SEC. 7. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 776

An act to add Chapter 12 (commencing with Section 1930) to Division 2 of the Fish and Game Code, relating to natural resources.

SECTION 1. Chapter 12 (commencing with Section 1930) is added to Division 2 of the Fish and Game Code, to read:

CHAPTER 12. SIGNIFICANT NATURAL AREAS

1930. The Legislature finds and declares that:

(a) Areas containing diverse ecological and geological characteristics are vital to the continual health and well being of the state's natural resources and of its citizens.

(b) Many habitats and ecosystems that constitute the state's natural diversity are in danger of being lost.

(c) There is insufficient incentive for private landowners to maintain and perpetuate significant local natural areas in their natural state.

(d) Efforts to preserve natural areas have been fragmented

between federal, state, local, and private sectors.

1932. There is hereby established the Significant Natural Areas Program which shall be administered by the department. The department, in administering this program, shall do all of the following:

(a) Obtain access to the most recent information with respect to natural resources. In order to accomplish this, the department shall maintain, expand, and keep current a data management system, designated the California Natural Diversity Data Base, designed to document information on these resources. Such data shall be made available to interested parties on request.

(b) Ensure cost-sharing by all who use the data management system, and develop a fee structure to recover actual costs for use of the data management system.

(c) Ensure recognition of the state's most significant natural areas. The department shall, after consultation with federal, state, and local agencies, education institutions, civic and public interest organizations, private organizations, landowners, and other private individuals, identify by means of periodic reports those natural areas deemed to be most significant.

(d) Seek the maintenance and perpetuation of the state's most significant natural areas for present and future generations in the most feasible manner. The department shall consider alternative approaches for such maintenance, including alternatives to fee acquisition such as incentives, leasing, and dedication.

(e) Reduce unnecessary duplication of effort. The department shall provide coordinating services to federal, state, local, and private interests wishing to aid in the maintenance and perpetuation of significant natural areas.

1933. No authority or responsibility provided for in this chapter shall, of itself, change or prevent the change of the use of any area identified pursuant to the Significant Natural Areas Program.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10 (commencing with Section 2800) is added to Division 2 of the Public Resources Code, to read:

CHAPTER 10. EARTHQUAKE EDUCATION

2800. This chapter shall be known and may be cited as the California Earthquake Education Act of 1981.

2801. The Legislature hereby finds and declares as follows:

(a) Because California has recently and will continue to experience damaging earthquakes of moderate to great magnitude in the foreseeable future, efforts are needed to increase the awareness of earthquake hazards through education so that future losses of life, injuries, loss of property, and social disruption will be minimized when such events occur

(b) It is necessary to develop earthquake safety programs which make informational material available to the general public to minimize the potential disruption and loss of life. These programs may take advantage of community centers and special interest activities in order to provide effective programs in homes, schools, businesses, and public areas

(c) Efforts by state and local agencies for earthquake safety are inadequate or nonexistent, and it is necessary that this situation be remedied The state should assume leadership through the policy and guidance of the Seismic Safety Commission in the development, support, and implementation of a statewide program of earthquake safety education and preparedness.

(d) It is necessary that funds be appropriated to the Seismic Safety Commission from the California Environmental License Plate Fund for the purpose of earthquake safety, including earthquake safety educational programs available through community education and school systems.

(e) The initial earthquake safety education and preparedness program should be a pilot project which can be expanded to a statewide program after its effectiveness has been analyzed.

2802. (a) There is hereby established a pilot project in the Counties of Alameda, Contra Costa, and Los Angeles to develop, test, and evaluate programs for earthquake safety education. The Seismic Safety Commission may contract with the University of California to develop a program for earthquake education and preparedness for use in communities in Alameda, Contra Costa, and Los Angeles Counties. The pilot project shall focus on developing public understanding of earthquake hazards, prevention measures for coping with such hazards, and safety requirements.

(b) The project shall consist of the following three phases:

(1) The development of instructional activities to be used in community leadership training.

(2) The training of community leaders in the need for vital measures to cope with earthquake hazards.

(3) The development of follow-up activities emphasizing

preparedness as a continuing necessity.

(c) After testing and evaluation in the pilot counties, it is the intent of the Legislature to expand the program for statewide implementation.

2803. The objectives of the pilot project shall be as follows:

(a) The development of public awareness regarding the causes of earthquakes, the forces and effects of earthquakes, and the need for community action in coping with earthquake hazards.

(b) The promotion of understanding of the impact of earthquakes on natural features and manmade structures.

(c) The motivation of the public to establish measures prior, during, and after earthquakes that ensure their personal safety.

2804. This chapter shall remain in effect only until January 1, 1984, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1984, deletes or extends that date.

SEC. 2. Notwithstanding Section 21191 of the Public Resources Code, the sum of two hundred fifty thousand dollars ($250,000) is hereby appropriated from the California Environmental License Plate Fund to the Seismic Safety Commission for expenditure for the purposes of Section 2802 of the Public Resources Code

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 54346 of the Government Code is amended to read:

54346. (a) If all or part of the bill is not paid, the local agency may discontinue any and all service for which the bill is rendered.

(b) Commencing January 1, 1982, if all or part of the bill is not paid, and the ratepayer states the reason for the nonpayment of a component or components of the bill, the local agency may discontinue only that service related to the component of the bill which is not paid, except that if all or part of the component of the bill related to sewer service is not paid the water service may also be discontinued.

However, if any of the services for which the bill was rendered were financed pursuant to revenue bonds issued prior to January 1, 1982, and which have not been retired, the local agency may apply the provisions of subdivision (a)

(c) The provisions of this section shall apply to counties and cities,

whether general law or chartered.

SEC. 2. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

CHAPTER 787

An act to amend Section 1027 of the Penal Code, relating to insanity.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 1027 of the Penal Code is amended to read:

1027. (a) When a defendant pleads not guilty by reason of insanity the court must select and appoint two, and may select and appoint three, psychiatrists, or licensed psychologists who have a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders, to examine the defendant and investigate his mental status It is the duty of the psychiatrists or psychologists so selected and appointed to make the examination and investigation, and to testify, whenever summoned, in any proceeding in which the sanity of the defendant is in question. The psychiatrists or psychologists so appointed by the court shall be allowed, in addition to their actual traveling expenses, such fees as in the discretion of the court seems just and reasonable, having regard to the services rendered by the witnesses. The fees allowed shall be paid by the county where the indictment was found or in which the defendant was held for trial.

(b) Any report on the examination and investigation made pursuant to subdivision (a) shall include, but not be limited to, the psychological history of the defendant, the facts surrounding the commission of the acts forming the basis for the present charge used by the psychiatrist or psychologist in making his examination of the defendant, and the present psychological or psychiatric symptoms of the defendant, if any.

(c) This section does not presume that a psychiatrist or

psychologist can determine whether a defendant was sane or insane at the time of the alleged offense. This section does not limit a court's discretion to admit or exclude, pursuant to the Evidence Code, psychiatric or psychological evidence about the defendant's state of mind or mental or emotional condition at the time of the alleged offense.

(d) Nothing contained in this section shall be deemed or construed to prevent any party to any criminal action from producing any other expert evidence with respect to the mental status of the defendant; where expert witnesses are called by the district attorney in such action, they shall only be entitled to such witness fees as may be allowed by the court.

(e) Any psychiatrist or psychologist so appointed by the court may be called by either party to the action or by the court itself and when so called shall be subject to all legal objections as to competency and bias and as to qualifications as an expert. When called by the court, or by either party, to the action, the court may examine the psychiatrist, or psychologist as deemed necessary, but either party shall have the same right to object to the questions asked by the court and the evidence adduced as though the psychiatrist or psychologist were a witness for the adverse party When the psychiatrist or psychologist is called and examined by the court the parties may cross-examine him in the order directed by the court When called by either party to the action the adverse party may examine him the same as in the case of any other witness called by such party

CHAPTER 788

An act to amend Sections 4143 and 4144 of the Public Resources Code, relating to fire prevention and control.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 4143 of the Public Resources Code is amended to read·

4143. The Legislature hereby finds and declares that the maintenance of the economic well-being of the state and the public health and safety require that the state, through the department, obtain full utilization of all equipment, personnel, and buildings under the jurisdiction of the director. In order to obtain these benefits, the director, in accordance with policy determined by the board, may provide personnel for and operate such fire stations, statewide, as the director deems necessary to provide the best possible fire prevention and suppression. Personnel or equipment shall not be assigned to any location or assigned pursuant to Section

4144 if such an assignment would not meet policy and standards established by the board. The policy and standards shall be designed to assure all the following:

(a) The striking force and efficiency of the department in its primary mission of wildland fire protection will not be reduced or impaired.

(b) The department will not need any additional funds to operate its program.

(c) Personnel and equipment assigned pursuant to Section 4144 will not replicate services provided under an agreement made pursuant to Section 4142.

The normal assignment of fire resources of the department to southern California during periods of critical fire weather conditions or during major wildland fires shall not be impaired and shall receive priority over agreements made with counties pursuant to Section 4144.

SEC. 2. Section 4144 of the Public Resources Code is amended to read:

4144. (a) Notwithstanding Section 4142, the director may, with the approval of the Department of General Services, enter into a cooperative agreement with a county for the purpose of preventing and suppressing forest fires or other fires within any county that so requests under those terms and conditions which the director deems wise.

(b) The director shall not enter into or renew a cooperative agreement pursuant to this section under any of the following circumstances:

(1) With any county which has assumed responsibility pursuant to Section 4129.

(2) With any county which does not have lands classified by the board pursuant to Section 4125 as a state responsibility area.

(3) If the director determines that one effect of the agreement would be the replacement or curtailment of locally provided fire prevention and suppression services.

(4) If the director determines, pursuant to the policy and standards adopted by the board under Section 4143, that the agreement would replicate services provided under an agreement made pursuant to Section 4142.

(5) When the director determines that the number and value of building permits, population density, available financial resources, or any other factor within the service area of a particular station under the agreement make it feasible for the communities to permanently or continuously support their own fire prevention and suppression services.

(c) The director shall not enter into or renew a cooperative agreement pursuant to this section where equipment, personnel, or buildings are requested for protection of a community in addition to the equipment, personnel, and buildings used during the fire season to protect state responsibility areas.

(d) The cooperative agreement shall provide both of the following:

(1) In a reasonable manner, for the efficient utilization of necessary fire prevention and suppression related equipment, personnel, and buildings under the jurisdiction of the director and located in or immediately adjacent to the state responsibility area during that period of the year commonly designated as the "nonfire season." The equipment and buildings utilized shall be limited to those owned or leased by the state, or their replacements, and to the equipment, personnel, and buildings used during the fire season to protect state responsibility areas. Whenever the cooperative agreement provides for the employment of personnel during the "nonfire season" who would be in addition to the personnel required for the necessary operation and maintenance, during the "nonfire season," of equipment and buildings under the jurisdiction of the director, the full salaries and all benefits of the additional personnel shall be apportioned as costs to the county.

(2) A cost apportionment between the county and the state that reasonably reflects cost apportionments made pursuant to Section 4142, except that the nonfire mission salary rates for state personnel shall not be considered in determining the cost apportionment. Any salary costs in excess of the nonfire mission rate, including the difference between fire mission rate and nonfire mission rate, total overtime pay at either regular or premium rate, and holiday pay, shall be apportioned as costs to the county. Consistent with regulations adopted by the board, the costs to the department resulting from the inability of its employees to reduce compensating-time-off balances incurred during the fire season shall be apportioned as costs to the county.

(e) This section is necessary because sparsely populated rural communities lack the tax base sufficient to provide the necessary financial resources for year-round fire prevention and suppression, and it is the intent of the Legislature that, pursuant to this section, fire prevention and suppression may be provided during the "nonfire season" to those communities until those communities have adequate revenues to permanently or continuously support their own fire prevention and suppression

CHAPTER 789

An act to add Article 14 (commencing with Section 6210) to Chapter 4 of Division 3 of the Business and Professions Code, relating to the State Bar of California.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Article 14 (commencing with Section 6210) is added to Chapter 4 of Division 3 of the Business and Professions Code, to read:

Article 14. Funds for the Provision of Legal Services to Indigent Persons

6210. The Legislature finds that, due to insufficient funding, existing programs providing free legal services in civil matters to indigent persons, especially underserved client groups, such as the elderly, the disabled, juveniles, and non-English-speaking persons, do not adequately meet the needs of these persons. It is the purpose of this article to expand the availability and improve the quality of existing free legal services in civil matters to indigent persons, and to initiate new programs that will provide services to them. The Legislature finds that the use of funds collected by the State Bar pursuant to this article for these purposes is in the public interest, is a proper use of the funds, and is consistent with essential public and governmental purposes in the judicial branch of government. The Legislature further finds that the expansion, improvement, and initiation of legal services to indigent persons will aid in the advancement of the science of jurisprudence and the improvement of the administration of justice.

6211. (a) An attorney or law firm, which in the course of the practice of law receives or disburses trust funds, shall establish and maintain an interest bearing demand trust account and shall deposit therein all client deposits that are nominal in amount or are on deposit for a short period of time. All such client funds may be deposited in a single unsegregated account. The interest earned on all such accounts shall be paid to the State Bar of California to be used for the purposes set forth in this article.

(b) Nothing in this article shall be construed to prohibit an attorney or law firm from establishing one or more interest bearing bank accounts or other trust investments as may be permitted by the Supreme Court, with the interest or dividends earned on the accounts payable to clients for trust funds not deposited in accordance with subdivision (a).

(c) With the approval of the Supreme Court, the State Bar may formulate and enforce rules of professional conduct pertaining to the use by attorneys or law firms of interest bearing trust accounts for unsegregated client funds pursuant to this article.

(d) Nothing in this article shall be construed as affecting or impairing the disciplinary powers and authority of the Supreme Court or of the State Bar or as modifying the statutes and rules governing the conduct of members of the State Bar.

6212. An attorney who, or a law firm which, establishes an interest bearing demand trust account pursuant to subdivision (a) of

Section 6211 shall comply with all of the following provisions:

(a) The interest bearing trust account shall be established with a bank or such other financial institutions as are authorized by the Supreme Court.

(b) The rate of interest payable on any interest bearing demand trust account shall not be less than the rate paid by the depository institution to regular, nonattorney depositors. Higher rates offered by the institution to customers whose deposits exceed certain time or quantity qualifications, such as those offered in the form of certificates of deposit, may be obtained by an attorney or law firm so long as there is no impairment of the right to withdraw or transfer principal immediately (except as accounts generally may be subject to statutory notification requirements), even though interest may be sacrificed thereby.

(c) The depository institution shall be directed to do all of the following:

(1) To remit interest on the average daily balance in the account, less reasonable service charges, to the State Bar, at least quarterly.

(2) To transmit to the State Bar with each remittance a statement showing the name of the attorney or law firm for whom the remittance is sent, the rate of interest applied, and the amount of service charges deducted, if any.

(3) To transmit to the depositing attorney or law firm at the same time a report showing the amount paid to the State Bar for that period, the rate of interest applied, the amount of service charges deducted, if any, and the average daily account balance for each month of the period for which the report is made.

adopted pursuant to Section 6225 which conform the program to all applicable tax and banking statutes, regulations, and rulings.

6227. Nothing in this article shall create an obligation or pledge of the credit of the State of California or of the State Bar of California. Claims arising by reason of acts done pursuant to this article shall be limited to the moneys generated hereunder.

6228. If any provision of this article or the application thereof to any group or circumstances is held invalid, such invalidity shall not affect the other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

The institution shall file with the superintendent an annual affidavit by the administrative head of the institution stating that the institution is so accredited. Institutions authorized to operate under this subdivision may issue diplomas and certificates as well as degrees.

(b) The institution has been approved by the superintendent to award or issue specific degrees. students and require of students the completion of a program of education which will prepare them for the attainment of a professional, technological, or educational objective, including, but not limited to, a degree; and the curriculum is consistent in quality with curricula offered by established institutions that issue the appropriate degree upon the satisfactory completion thereof. This shall include the determination that the course for which the degree is granted achieves its professed or claimed objective for higher education. The criteria developed hereunder shall be such as will effectuate the purposes of this chapter, but will not unreasonably hinder legitimate educational innovation.

Upon the receipt of a completed application, the superintendent shall, within 90 days, impanel a special committee for the purpose of evaluating the applicant institution. Within 90 days of the receipt of the special committee's recommendations, the superintendent shall take one of the following actions:

(2) Grant a conditional approval for a period not to exceed one year plus the remainder of the year in which the application was made.

(3) Disapprove the application. If the application is disapproved or a conditional approval is granted, the institution shall be advised of the specific reasons for such action and the specific corrective measures needed to achieve full approval.

Those institutions approved to issue degrees pursuant to this subdivision may also be authorized by the superintendent to issue diplomas for the completion of courses of study, within their approved degree program, but which do not fully meet the degree requirements. The superintendent may approve an application to issue honorary degrees, provided the applicant institution has full approval to issue academic degrees.

(c) The institution has filed the following affidavits with the superintendent:

(1) An annual affidavit of "full disclosure" describing the institutional objectives and proposed methods of achieving them, the curriculum, instruction, faculty with qualifications, physical facilities, administrative personnel, educational recordkeeping procedures, tuition and fee schedule, tuition refund schedule, scholastic regulations, degrees to be conferred, graduation requirements, and financial stability as evidenced by a certified financial statement for the preceding year.

(2) An affidavit by the president or other head stating that the institution owns, and shall continue to own, net assets in the amount of fifty thousand dollars ($50,000) which is used solely for the purpose of education as stated in paragraph (1) of this subdivision, located within the State of California, and stating that these assets provide sufficient resources to achieve the educational objectives of the institution. Such assets shall include such real property as buildings and facilities, library materials, and instructional materials, but shall

not include other personal property not used directly and exclusively by the institution for the purpose of education. The affidavit shall be accompanied by a statement from a public accountant showing the value of the interest of the institution therein to be at least fifty thousand dollars ($50,000) above the unpaid balance on any note secured by a mortgage, deed of trust, or the unpaid balance on a contract of sale.

(3) An annual affidavit by the president or other head setting forth, as a minimum, the following information:

(i) All names, whether real or fictitious, of the person, institution, firm, association, partnership or corporation under which it has done or is doing business.

(ii) The address, including city and street, of every place of doing business of the person, firm, association, partnership or corporation, within the State of California.

Within 30 days of the receipt of the report from the three-member team, the superintendent shall grant or deny authorization to operate. Authorization to operate may be denied only if the affidavits are inaccurate. Authorization to operate may be granted for one year initially and for periods of three years upon each subsequent renewal, subject to payment of an annual fee pursuant to Section 94331. For all affidavits beyond the initial application, the superintendent may take such steps as may be necessary to verify the truthfulness and accuracy of the affidavits. Filing pursuant to this subdivision shall not be interpreted to mean, and it shall be unlawful for, any institution to expressly or impliedly represent by any means whatsoever, that the State of California, Superintendent of Public Instruction, the State Board of Education, or the Department of Education has made any evaluation, recognition, accreditation,

approval, or endorsement of the course of study or degree.

Prior to July 1, 1983, the Council for Private Postsecondary Educational Institutions shall submit to the Legislature recommendations for a revision of this subdivision. These recommendations shall include the proposed authorization standards developed pursuant to Section 94304 5.

(d) This section shall remain in effect only until July 1, 1983, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1983, deletes or extends such date.

This shall include the determination that the course for which the degree is granted achieves its professed or claimed objective for higher education. The criteria developed hereunder shall be such as will effectuate the purposes of this chapter, but will not unreasonably hinder legitimate educational innovation.

Upon the receipt of a complete application, the superintendent shall, within 90 days, impanel a special committee for the purpose of evaluating the applicant institution. Within 90 days of the receipt of the special committee's recommendations, the superintendent shall take one of the following actions:

(1) Grant a full approval for a period not to exceed three years.

(2) Grant a conditional approval for a period not to exceed one year plus the remainder of the year in which the application was made.

(3) Disapprove the application. If the application is disapproved or a conditional approval is granted, the institution shall be advised of the specific reasons for such action and the specific corrective measures needed to achieve full approval.

Those institutions approved to issue degrees pursuant to this subdivision may also be authorized by the superintendent to issue diplomas for the completion of courses of study, within their approved degree program, but which do not fully meet the degree requirements. Such assets shall include such real property as buildings and facilities, library materials, and instructional materials, but shall not include other personal property not used directly and exclusively by the institution for the purpose of education. The affidavit shall be accompanied by a statement from a public accountant showing the value of the interest of the institution therein to be at least fifty thousand dollars ($50,000) above the unpaid balance on any note secured by a mortgage, deed of trust, or the unpaid balance on a contract of sale.

Any change in the items of information required to be included in this affidavit shall be reported to the superintendent within 20 days of such change.

Within 90 days of the receipt of the affidavits described in paragraphs (1), (2), and (3) of this subdivision, and prior to granting the initial authorization to operate, the superintendent shall verify the truthfulness and accuracy of the affidavits by impaneling a three-member team comprised of one representative which he or she shall select, one representative of the California Postsecondary Education Commission, and one representative selected by but not affiliated with the institution to be inspected. Within 30 days of the receipt of the report from the three-member team, the superintendent shall grant or deny authorization to operate. necessary.

SEC. 2. Section 3258 of the Unemployment Insurance Code is amended to read:

3258. If a voluntary plan does not provide for the assumption by an admitted disability insurer of the liability of the employer to pay the benefits afforded by the plan, the Director of Employment Development shall not approve it unless the employer files with the Director of Employment Development the bond of an admitted surety insurer conditioned on the payment by the employer of his obligations under the plan, or deposits with the Director of Employment Development securities approved by him to secure the payment of such obligations. The penal sum of the bond or the amount of the deposit shall be determined by the Director of Employment Development and shall be not less than the product obtained by multiplying the rate of worker contributions in the ensuing year, as determined in Section 984, by 0.5 of the estimated taxable wages prescribed by Section 985 to be paid to such employees for the ensuing year. Upon approval, such bond, money, or securities shall upon his written order be deposited with the State Treasurer for the purpose herein specified. The Treasurer shall give his receipt for such deposits and the state shall be responsible for the custody and safe return of any securities so deposited.

SEC. 3. The amendment to Section 2655 of the Unemployment Insurance Code made by this act shall become operative with respect to periods of disability commencing on or after January 1, 1982. The provisions of law in effect prior to the amendment of that provision

made by this act shall continue to be applicable with respect to periods of disability commencing prior to January 1, 1982.

CHAPTER 794

An act to add Chapter 4 (commencing with Section 38030) to Division 25 of, and to amend and renumber the heading of Chapter 4 (commencing with Section 38040) of Division 25 of, the Health and Safety Code, relating to direct services contract.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares:

(a) That there are no specific statutory references to requirements for direct human service contracts.

(b) That the State Administrative Manual contains guidelines but does not carry the force of law.

(c) That on numerous occasions confusion has been displayed as to the state requirements for the direct human services contract bidding and award process, and in the contracts management and evaluation process.

SEC. 2. Chapter 4 (commencing with Section 38030) is added to Division 25 of the Health and Safety Code, to read:

CHAPTER 4. DIRECT SERVICE CONTRACT PROCEDURE

38030 Each department under the Health and Welfare Agency shall identify each program (1) within which direct service contracts are awarded totaling in the aggregate contract amount of more than two hundred fifty thousand dollars ($250,000), and (2) which awards more than five direct service contracts per year. For the purposes of this chapter, "direct service contracts" shall not include contracts, grants, or subventions to other governmental agencies or units of government nor contracts with regional centers or area agencies on aging.

38031. For each program identified pursuant to Section 38030, each department shall develop an annual calendar identifying target dates for requests for proposal, contract bid deadlines, contract award announcements, contract approvals, and contract evaluations. Where funding or funding levels for a program are uncertain or subject to delays beyond the control of the program, the calendar shall so indicate and shall specify a range of dates within which final decisions on funding availability are likely to be made. Each such calendar shall be available to the public and shall be updated at least annually.

38032. For each program identified pursuant to Section 38030, each department shall develop and maintain a central distribution list for requests for proposal. Such lists shall contain a statement of the basis for making additions to the list and any affirmative action policies pertinent to the program's contracting practices.

38033 Each request for proposal shall contain, but not be limited to, the following information: the goals and objectives of the entire program, identification of the specific minimum range of services to be purchased related to those goals, quantitative as well as qualitative measures which will be used by the department to evaluate service outcomes, specific criteria and a description of the methodology and timetable which will be followed to review and approve bids, and all minimum performance standards any agency must meet prior to direct service contract approval.

38034. For each program identified pursuant to Section 38030, each department shall identify the following steps: time estimated for each step; specific staff names, office addresses, and telephone numbers for those responsible for each step; and legal requirements and signatory approvals required prior to final approval of any contract. Any conditions for advance or interim payments shall also be identified. All bidders shall receive, in writing, all information required pursuant to this section.

38035. For each program identified pursuant to Section 38030, each department shall identify and transmit to all agencies awarded direct service contracts forms required for contract payments, management information or reports required pursuant to contract objectives, and conditions and methods for contract evaluations. Methods and conditions for payment recoveries, withholding of payments, and contract terminations relating to nonperformance shall also be identified. This information shall be made available to each agency awarded a direct service contract prior to final approval of the contract.

38036. Each department under the Health and Welfare Agency shall develop a grievance procedure for resolving disputes arising from the awarding or administering of direct service contracts.

38037. Pursuant to Section 38030 through Section 38035, inclusive, all departments under the Health and Welfare Agency shall prepare an implementation schedule to develop the information required pursuant to this chapter. These schedules shall be transmitted within 90 days after the effective date of this chapter to the Joint Legislative Budget Committee and the Assembly and Senate Offices of Research for their review. The implementation schedule shall cover the period of one year from the effective date of this chapter

SEC. 3. The heading of Chapter 4 (commencing with Section 38040) of Division 25 of the Health and Safety Code is amended and renumbered to read:

CHAPTER 5. CONTRACT REFORM PROCESS

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 11460 of the Penal Code is amended to read:

11460. (a) Any two or more persons who assemble as a paramilitary organization for the purpose of practicing with weapons shall be punished by imprisonment in the county jail for not more than one year or by a fine of not more than one thousand dollars ($1,000), or by both.

As used in this subdivision, "paramilitary organization" means an organization which is not an agency of the United States government or of the State of California, or which is not a private school meeting the requirements set forth in Section 12154 of the Education Code, but which engages in instruction or training in guerilla warfare or sabotage, or which, as an organization, engages in rioting or the violent disruption of, or the violent interference with, school activites.

(b) (1) Any person who teaches or demonstrates to any other person the use, application, or making of any firearm, explosive, or destructive device, or technique capable of causing injury or death to persons, knowing or having reason to know or intending that such objects or techniques will be unlawfully employed for use in, or in the furtherance of a civil disorder, or any person who assembles with one or more other persons for the purpose of training wih, practicing with, or being instructed in the use of any firearm, explosive, or destructive device, or technique capable of causing injury or death to persons, with the intent to cause or further a civil disorder, shall be punished by imprisonment in the county jail for not more than one year or by a fine of not more than one thousand dollars ($1,000), or by both.

Nothing in this subdivision shall make unlawful any act of any peace officer or a member of the military forces of this state or of the United States, performed in the lawful course of his official duties.

(2) As used in this section:

(A) "Civil disorder" means any disturbance involving acts of violence which cause an immediate danger of or results in damage or injury to the property or person of any other individual.

(B) "Destructive device" has the same meaning as in Section 12301.

(C) "Explosive" has the same meaning as in Section 12000 of the Health and Safety Code.

(D) "Firearm" means any device designed to be used as a weapon, or which may readily be converted to a weapon, from which is expelled a projectile by the force of any explosion or other form of combustion, or the frame or receiver of any such weapon.

(E) "Peace officer" means any peace officer or other officer having the powers of arrest of a peace officer, specified in Chapter 4 5 (commencing with Section 830) of Title 3 of Part 2.

SEC. 2. No appropriation is made and no reimbursement is required by this act purusant to Section 6 of Article XII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 796

An act to add Chapter 14 (commencing with Section 67300) to Part 40 of the Education Code, relating to disabled student services

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that students with verifiable disabilities shall continue to be assured access to all campus programs and activities of those public postsecondary educational institutions for which they are academically qualified To this end, it is the intent of the Legislature that such students continue to receive from the postsecondary educational institution they attend such supportive services as are necessary to permit students to participate fully in the educational programs offered.

It is the further intent of the Legislature that state funds be made available to the California community colleges, the California State University and Colleges, and the University of California to provide supportive services adequate to meet the needs of students with disabilities.

SEC 2 Chapter 14 (commencing with Section 67300) is added to of Part 40 of the Education Code, to read.

CHAPTER 14. DISABLED STUDENT SERVICES

67300. Services for disabled students provided by the California community colleges and the California State University and Colleges shall, and services provided for the University of California may, at a minimum, conform to the level and quality of those services provided by the State Department of Rehabilitation to its clients prior to July 1, 1981. However, nothing in this chapter shall be construed to require the California community colleges, the California State University and Colleges, or the University of California to provide the services for disabled students in the same manner as those services were provided by the State Department of Rehabilitation.

The Board of Governors of the California Community Colleges and the Trustees of the California State University and Colleges shall, for their respective systems, and the Regents of the University of California may, by January 15, 1982, promulgate regulations to implement the provisions of this chapter.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because this act implements a federal law or regulation and involves only "costs mandated by the federal government," as defined by Section 2206 of the Revenue and Taxation Code.

CHAPTER 797

An act to amend Section 9230 of the Corporations Code, relating to religious corporations

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 9230 of the Corporations Code, as added by Chapter 1324 of the Statutes of 1980, is amended to read:

9230. (a) Except as the Attorney General is empowered to act in the enforcement of the criminal laws of this state, and except as the Attorney General is expressly empowered by subdivisions (b), (c) and (d), the Attorney General shall have no powers with respect to any corporation incorporated or classified as a religious corporation under or pursuant to this code

(b) The Attorney General shall have authority to institute an action or proceeding under Section 803 of the Code of Civil Procedure, to obtain judicial determination that a corporation is not properly qualified or classified as a religious corporation under the

provisions of this part.

(c) The Attorney General shall have the authority (1) expressly granted with respect to any subject or matter covered by Sections 9660 to 9690, inclusive; (2) to initiate criminal procedures to prosecute violations of the criminal laws, and upon conviction seek restitution as punishment; and (3) to represent as legal counsel any other agency or department of the State of California expressly empowered to act with respect to the status of religious corporations, or expressly empowered to regulate activities in which religious corporations, as well as other entities, may engage.

(d) Where property has been solicited and received from the general public, based on a representation that it would be used for a specific charitable purpose other than general support of the corporation's activities, and has been used in a manner contrary to that specific charitable purpose for which the property was solicited, the Attorney General may institute an action to enforce the specific charitable purpose for which the property was solicited; provided (1) that before bringing such action the Attorney General shall notify the corporation that an action will be brought unless the corporation takes immediate steps to correct the improper diversion of funds, and (2) that in the event it becomes impractical or impossible for the corporation to devote the property to the specified charitable purpose, or that the directors or members of the corporation in good faith expressly conclude and record in writing that the stated purpose for which the property was contributed is no longer in accord with the policies of the corporation, then the directors or members of the corporation may approve or ratify in good faith the use of such property for the general purposes of the corporation rather than for the specific purpose for which it was contributed.

As used in this section, "solicited from the general public" means solicitations directed to the general public, or to any individual or group of individuals who are not directly affiliated with the soliciting organization and includes, but is not limited to, instances where property has been solicited on an individual basis, such as door to door, direct mail, face to face, or similar solicitations, as well as solicitations on a more general level to the general public, or a portion thereof, such as through the media, including newspapers, television, radio, or similar solicitations

(e) Nothing in this section shall be construed to affect any individual rights of action which were accorded under law in existence prior to the enactment of Chapter 1324 of the Statutes of 1980.

As used in this section, "individual rights of action" include only rights enforceable by private individuals and do not include any right of action of a public officer in an official capacity regardless of whether the officer brings the action on behalf of a private individual.

(f) Nothing in this section shall be construed to require express

statutory authorization by the California Legislature of any otherwise lawful and duly authorized action by any agency of local government

CHAPTER 798

An act to amend Section 4080.5 of the Business and Professions Code, and to amend Section 1395 of the Health and Safety Code, and to amend Section 14134 of the Welfare and Institutions Code, relating to health care service plans, and making an appropriation therefor.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 4080.5 of the Business and Professions Code is amended to read:

4080.5. (a) Except as otherwise provided in subdivision (b) or (d), the board shall not issue any new permit, nor shall any existing permit be renewed after January 1, 1985, to conduct a pharmacy to any of the following:

(1) A person or persons authorized to prescribe or write a prescription, as specified in Section 4036, in the State of California.

(2) A person or persons with whom a person or persons specified in paragraph (1) shares a community or other financial interest in the permit sought.

(3) A corporation which is controlled by, or in which 10 percent or more of the stock is owned by a person or persons prohibited from pharmacy ownership by paragraph (1) or (2).

(b) Subdivision (a) shall not preclude the issuance of a permit for an inpatient hospital pharmacy, as defined in Section 4035.1, to the owner of the hospital in which it is located or a pharmacy as defined in Section 4035 whose owner is a registered nurse, physician's assistant, or a registered pharmacist acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code.

(c) The board may require information necessary for the enforcement of this section.

(d) Subdivision (a) shall not preclude the issuance of a new or renewal permit for a pharmacy to be owned or owned and operated by a person licensed on or before August 1, 1981, under the provisions of the Knox-Keene Health Care Service Plan Act of 1975, (Chapter 22 (commencing with Section 1340), Division 2, Health and Safety Code) and qualified on or before August 1, 1981, under subsection (d) of Section 1310 of Title XIII of the federal Public Health Service Act, as amended, whose ownership includes persons defined

pursuant to paragraphs (1) and (2) of subdivision (a).

SEC. 2. Section 1395 of the Health and Safety Code is amended to read:

1395. (a) Notwithstanding Article 6 (commencing with Section 650) of Chapter 1 of Division 2 of the Business and Professions Code, any health care service plan or specialized health care service plan may, except as limited by this subdivision, solicit or advertise with regards to the cost of subscription or enrollment, facilities and services rendered, provided, however, Article 5 (commencing with Section 600) of Chapter 1 of Division 2 of the Business and Professions Code remains in effect. Any price advertisement shall be exact, without the use of such phrases as "as low as," "and up," "lowest prices" or words or phrases of similar import. Any advertisement which refers to services, or costs for such services, and which uses words of comparison must be based on verifiable data substantiating the comparison. Any health care service plan or specialized health care service plan so advertising shall be prepared to provide information sufficient to establish the accuracy of such comparison. Price advertising shall not be fraudulent, deceitful, or misleading, nor contain any offers of discounts, premiums, gifts, or bait of similar nature. In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

(b) Plans licensed under this chapter shall not be deemed to be engaged in the practice of a profession, and may employ, or contract with, any professional licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code to deliver professional services. Employment by or a contract with a plan as a provider of professional services shall not constitute a ground for disciplinary action against a health professional licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code by a licensing agency regulating a particular health care profession.

(c) A health care service plan licensed under this chapter may directly own, and may directly operate through its professional employees or contracted licensed professionals, such offices and subsidiary corporations, including pharmacies which satisfy the requirements of subdivision (d) of Section 4080.5 of the Business and Professions Code, as are necessary to provide health care services to the plan's subscribers and enrollees.

(d) A professional licensed pursuant to the provisions of Division 2 (commencing with Section 500) of the Business and Professions Code who is employed by, or under contract to, a plan may not own or control offices or branch offices beyond those expressly permitted by the provisions of the Business and Professions Code.

(e) Nothing in this chapter shall be construed to repeal, abolish, or diminish the effect of Section 431 of the Health and Safety Code.

(f) Except as specifically provided in this chapter, nothing in this chapter shall be construed to limit the effect of the laws governing professional corporations, as they appear in applicable provisions of the Business and Professions Code, upon specialized health care service plans.

SEC. 3 Section 14134 of the Welfare and Institutions Code is amended to read:

14134. A recipient of services under this chapter shall be required to make copayments as follows:

(a) Except for any person age 12 or under or any woman receiving perinatal care, a copayment of five dollars ($5) shall be made for nonemergency services received in an emergency room. For the purposes of this section, "nonemergency services" means any services not required for the alleviation of severe pain or the immediate diagnosis and treatment of severe medical conditions which, if not immediately diagnosed and treated, would lead to disability or death.

(b) Except for any person age 65 or over, any person age 12 or under, any person who has a chronic condition requiring multiple prescription as determined by that person's attending physician, any person receiving service from a pharmacy operated by a physician-owned health maintenance organization, or any person who is an inpatient in a facility as defined in Section 1250 of the Health and Safety Code, a copayment of one dollar ($1) shall be made for each drug prescription.

(c) Except for any person age 12 or under or any woman receiving perinatal care, a copayment of one dollar ($1) shall be made for each visit for services under subdivision (a) of Section 14132.

The above copayment amounts may be collected and retained or waived by the provider. The department shall not reduce the reimbursement otherwise due to providers as a result of such copayment. Such copayment amounts shall be in addition to any reimbursement otherwise due the provider for services rendered under this program.

No copayment shall be required from individuals eligible under the federal program of insurance for the aged and disabled for benefits which will be billed to that program. The provisions of this section shall not apply to any services received by persons covered under the federal program of health insurance for the aged and disabled, for which claims for payment will be billed to the federal program.

CHAPTER 799

An act to amend Section 29536 of the Government Code, and to amend Section 99232 of the Public Utilities Code, relating to transportation.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows.

SECTION 1. Section 29536 of the Government Code is amended to read:

29536. A county that is not included within the jurisdiction of a statutorily created regional transportation agency but for which there is a council of governments may, pursuant to this section, elect, with the concurrence of a majority of the cities which include at least 50 percent of the incorporated population within the county, to form a local transportation commission pursuant to Section 29535. Applications for funds may be allocated by the local transportation commission only if the council of governments has not objected to the application. For those counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, but excluding counties with more than 4,500 miles of maintained county roads as of 1970, the members appointed by the city selection committee of the county from a city for which a transit service is provided and the members appointed by a transit district and the member representing other transit operators shall have no vote in the approval of the claims filed under Article 8 (commencing with Section 99400), Chapter 4, Part 11, Division 10 of the Public Utilities Code. For those counties with a population of less than 500,000, as determined under Section 28020 of the Government Code, as now and hereafter amended, and for counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, and with more than 4,500 miles of maintained county roads as of 1970, the members appointed by the city selection committee of the county from a city for which all of the proportion of the total revenues placed by the county in the local transportation fund that the city's population bears to the total of the county population is used to pay approved claims filed under Article 4 (commencing with Section 99260), Chapter 4, Part 11, Division 10 of the Public Utilities Code, and the members appointed by a transit district, and the member representing other transit operators shall have no vote in the approval of the claims filed under Article 8 (commencing with Section 99400), Chapter 4, Part 11, Division 10 of the Public Utilities Code

Applications for funds shall be submitted to both the local transportation commission and the council of governments, which

shall have 60 days after the receipt of applications to notify the local transportation commission and the county auditor of any objection. If neither the local transportation commission nor the county auditor receive notice of objection, the approval of the council of governments shall be presumed. Applications for funds to which the council of governments has objected shall not be paid by the county auditor until the objection has been removed.

SEC. 2. Section 99232 of the Public Utilities Code is amended to read:

CHAPTER 800

An act to amend Sections 6505, 7504, 25250, and 26909 of the Government Code, and to amend Section 928 of the Penal Code, relating to financial audits of public agencies.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 6505 of the Government Code is amended to read:

6505. The agreement shall provide for strict accountability of all funds and report of all receipts and disbursements.

In addition, and provided a separate agency or entity is created, the public officer performing the functions of auditor or controller as determined pursuant to Section 6505.5, shall either make or contract with a certified public accountant or public accountant to make an annual audit of the accounts and records of every agency or entity, except that such officer need not make or contract for such audit in any case where an annual audit of the accounts and records of such agency or entity by a certified public accountant or public accountant is otherwise made by any agency of the state or the United States only as to such accounts and records which are directly subject to such a federal or state audit. In each case the minimum requirements of the audit shall be those prescribed by the State Controller for special districts under Section 26909 of the Government Code and shall conform to generally accepted auditing

standards.

Where an audit of an account and records is made by a certified public accountant or public accountant, a report thereof shall be filed as public records with each of the contracting parties to the agreement and also with the county auditor of the county in which each of the contracting parties is located. Such report shall be filed within 12 months of the end of the fiscal year or years under examination.

Where a nonprofit corporation is designated by the agreement to administer or execute the agreement and no public officer is required to perform the functions of auditor or controller as determined pursuant to Section 6505.5, an audit of the accounts and records of the agreement shall be made at least once each year by a certified public accountant or public accountant, and a report thereof shall be filed as a public record with each of the contracting parties to the agreement. Such reports shall be filed within 12 months after the end of the fiscal year or years under examination.

Any costs of the audit, including contracts with, or employment of certified public accountants or public accountants, in making an audit pursuant to this section shall be borne by the agency or entity and shall be a charge against any unencumbered funds of the agency or entity available for the purpose.

All agencies or entities may, by unanimous request of the governing body thereof, replace the annual special audit with an audit covering a two-year period.

Notwithstanding the foregoing provisions of this section to the contrary, agencies or entities shall be exempt from the requirement of an annual audit if the financial statements are audited by the State Controller to satisfy federal audit requirements.

SEC. 2. Section 7504 of the Government Code is amended to read:

7504. (a) All state and local public retirement systems shall, not less than triennially, secure the services of an enrolled actuary. An enrolled actuary, for the purposes of this section, means an actuary enrolled under subtitle C of Title III of the Employee Retirement Income Security Act of 1974 and who has demonstrated experience in public retirement systems. The actuary shall perform a valuation of the system utilizing actuarial assumptions and techniques established by the agency which are, in the aggregate, reasonably related to the experience and the actuary's best estimate of anticipated experience under the system. Any differences between the actuarial assumptions and techniques used by the actuary which differ significantly from those established by the agency shall be disclosed in the actuary's report and the effect of such differences on the actuary's statement of costs and obligations shall be shown.

(b) All state and local public retirement systems shall secure the services of a qualified person to perform an attest audit of the system's financial statements. A qualified person means any of the following:

(1) A person who is licensed to practice as a certified public accountant in this state by the State Board of Accountancy.

(2) A person who is registered and entitled to practice as a public accountant in this state by the State Board of Accountancy.

(3) A county auditor in any county subject to the County Employees Retirement Law of 1937.

(4) A county auditor in any county having a pension trust and retirement plan established pursuant to Section 53216.

(c) All state and local public retirement systems shall submit audited financial statements to the State Controller at the earliest practicable opportunity within six months of the close of each fiscal year. However, the State Controller may delay the filing date for reports due in the first year until such time as report forms have been developed which, in his judgment, will satisfy the requirements of this section. The financial statements shall be prepared in accordance with generally accepted accounting principles in the form and manner prescribed by the State Controller. The penalty prescribed in Section 53895 shall be invoked for failure to comply with this section. Upon a satisfactory showing of good cause, the State Controller may waive the penalty for late filing provided by this subdivision.

(d) The State Controller shall compile and publish a report annually on the financial condition of all state and local public retirement systems containing, but not limited to, the data required in Section 7502.

SEC. 3. Section 25250 of the Government Code is amended to read:

25250. At least biennially the board of supervisors shall examine and audit, or cause to be audited, the financial accounts and records of all officers having responsibility for the care, management, collection, or disbursement of money belonging to the county or money received or disbursed by them under authority of law. The audit shall encompass the immediately preceding two-year period, or any portion thereof not included in a prior audit. This financial examination or audit may be performed in coordination with the investigations conducted by the grand jury under Section 925 of the Penal Code, or the board of supervisors may resolve to accept reports delivered pursuant to Section 933 of the Penal Code in lieu of its own separate examination if such reports are found to fulfill some or all of the requirements of this section. In connection with the requirements of this section and Section 25253, the board of supervisors may employ the services of an independent certified public accountant or licensed public accountant to perform an examination of the financial statements in accordance with generally accepted auditing standards.

SEC. 4. Section 26909 of the Government Code is amended to read:

26909. (a) The county auditor shall either make or contract with a certified public accountant or public accountant to make an annual

audit of the accounts and records of every special purpose district within the county for which an audit by a certified public accountant or public accountant is not otherwise provided. In each case the minimum requirements of the audit shall be prescribed by the State Controller and shall conform to generally accepted auditing standards.

(b) Where an audit of a district's accounts and records is made by a certified public accountant or public accountant, the minimum requirements of the audit shall be prescribed by the State Controller and shall conform to generally accepted auditing standards, and a report thereof shall be filed with the State Controller and with the county auditor of the county in which the district is located. Such report shall be filed within 12 months of the end of the fiscal year or years under examination.

(c) Any costs incurred by the county auditor, including contracts with, or employment of, certified public accountants or public accountants, in making an audit of every special purpose district pursuant to this section shall be borne by the district and shall be a charge against any unencumbered funds of the district available for the purpose.

(d) For joint districts lying within two or more counties, the above provisions shall apply to the auditor of the county in which the treasury is located.

(e) The county controller, or ex officio county controller, shall effect the provisions of this section in those counties having such officer.

All special districts may, by unanimous request of the governing board thereof, with unanimous approval of the board of supervisors, replace the annual special audit with a biennial audit covering a two-year period or, if the district's annual budget does not exceed an amount specified by the board of supervisors, an audit covering a five-year period.

Notwithstanding the foregoing provisions of this section to the contrary, districts shall be exempt from the requirement of an annual audit if the financial statements are audited by the State Controller to satisfy federal audit requirements.

SEC. 5. Section 928 of the Penal Code is amended to read:

928. Every grand jury may investigate and report upon the needs of all county officers in the county, including the abolition or creation of offices and the equipment for, or the method or system of performing the duties of, the several offices. Such investigation and report shall be conducted selectively each year. The grand jury shall cause a copy of such report to be transmitted to each member of the board of supervisors of the county.

CHAPTER 801

An act to add Sections 55601.7 and 55601.8 to the Food and Agricultural Code, relating to processors of walnuts, raisins, and prunes, and making an appropriation therefor.

[Approved by Governor September 25, 1981. Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 55601.7 is added to the Food and Agricultural Code, to read:

55601.7. Notwithstanding Section 55461, every processor who handles walnuts, raisins, or prunes in California annually shall furnish to the director, on or before February 28 of each year, on forms provided by the director, the reporting information specified herein showing the number of tons purchased by the processor in that crop year. In the report, the tonnage shall be broken down by at least major varieties and weighted average price paid for the tonnage acquired (including any bonuses or allowances) and may contain such other information as required by the director, including, but not limited to, the following:

(a) For walnuts, including inshell acquisitions and shelling stock acquisitions, the color, size, percentage of edible yield, and percentage of offgrade.

(b) For raisins, the percentage of mold, moisture content, sand, offgrade, or micro-organisms on offgrade acquisitions.

(c) For prunes, by size and percentage offgrade.

The above reporting shall be on a statewide basis.

SEC. 2. Section 55601.8 is added to the Food and Agricultural Code, to read:

55601.8. (a) The director shall not release, or otherwise make available, any information furnished by a cooperative or an individual processor under Section 55601.7 or this section, including information relating to the weighted average prices paid, except in proceedings brought against the processor by the director for the purpose of enforcing this section.

(b) The director shall enforce the collection of the information required in Section 55601.7 and shall, on or before April 1, publish a summary report reflecting the statistics derived from the reports. The summary report shall include summaries of all information required to be furnished to the director.

(c) The director may dispense with the reporting required hereunder and his or her duties to enforce the collection of this information and the publishing of summary reports if the director determines that the same or similar information is made public information within the same time periods of subdivision (b) by any federal or state committee or organization responsible for regulating

the handling of any of the commodities subject to this section.

(d) To provide funds to carry out the provisions of this section, each processor including agricultural cooperatives subject to the reporting hereunder shall pay to the director the amount determined by the director to be necessary to cover these costs, but not to exceed twelve cents ($0.12) per dry ton for raisins and prunes and twelve cents ($0.12) per inshell dry ton for walnuts handled by the processor during each marketing season. The amount of the fee shall be paid to the director on or before January 10 of each year for all commodities received by December 20. The amount of the fee for any commodity received after December 20 shall be paid to the director on or before June 30 of that marketing season.

The director may fix the fee at a lesser amount and may adjust the fee from marketing season to marketing season. Any processor who fails, neglects, or refuses to pay the required fee shall be in violation of this chapter as provided for in subdivision (i) of Section 55601.5. Any such processor shall not be entitled to pass the penalty onto the producer of the commodity.

All funds received under the provisions of this section shall be deposited in the State Treasury to the credit of the Department of Food and Agriculture Fund.

(e) If the director finds that any processor has failed, refused, or neglected to provide the information required herein, the director may proceed in accordance with Sections 55721 and 55722.

(f) Any cooperative subject to the reporting provisions of this section shall, in lieu of reporting prices, report all advances and other payments made as of the reporting date and its good faith estimate of the market value of the commodity for the crop year.

(g) The willful failure of any processor to report to the director, as required by this section, shall constitute a violation of this chapter and shall be a separate and distinct violation of this chapter for each day the processor fails to meet the reporting requirements.

SEC. 3. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 802

An act to amend Sections 12041, 12121, and 12843 of the Food and Agricultural Code, relating to pest control.

The director may appoint one additional member on the committee, who shall be a public member.

(b) Upon the director's request, the committee shall submit to the director the names of three or more natural persons, each of whom shall be a citizen and resident of this state, for appointment by the director as a public member of the committee. The director may appoint one of the nominees as the public member on the committee. If all nominees are unsatisfactory to the director, the committee shall continue to submit lists of nominees until the director has made a selection. Any vacancy in the office of the public member of the committee shall be filled by appointment by the director from the nominee or nominees similarly qualified submitted by the committee. The public member of the committee shall represent the interests of the general public in all matters coming before the committee and shall have the same voting and other rights and immunities as other members of the committee.

The payment required by Section 12841, together with a return in a form prescribed by the director, shall be made quarterly one calendar month after March 31, June 30, September 30, and December 31 of each year. For any delinquency in making a return, or any deficiency in payment, the director may add to such delinquent payment a penalty of 10 percent of the amount which is due to defray the cost of collection of such delinquent or deficient payment.

SEC. 4. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 803

An act to add Section 21626.5 to the Business and Professions Code, relating to secondhand goods.

[Approved by Governor September 25, 1981. Filed with Secretary of State September 25, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 326.5 of the Penal Code is amended to read:

326.5. (a) Neither this chapter nor Chapter 10 (commencing with Section 330) applies to any bingo game which is conducted in a city, county, or city and county pursuant to an ordinance enacted under Section 19 of Article IV of the State Constitution, provided that such ordinance allows games to be conducted only by organizations exempted from the payment of the bank and corporation tax by Sections 23701a, 23701b, 23701d, 23701e, 23701f, 23701g, and 23701*l* of the Revenue and Taxation Code and by mobilehome park associations and senior citizens organizations; and provided that the receipts of such games are used only for charitable purposes.

(b) It is a misdemeanor for any person to receive or pay a profit, wage, or salary from any bingo game authorized by Section 19 of Article IV of the State Constitution. Security personnel employed by the organization conducting the bingo game may be paid from the revenues of bingo games as provided in subdivisions (j) and (k).

(c) A violation of subdivision (b) of this section shall be punishable by a fine not to exceed ten thousand dollars ($10,000), which fine shall be deposited in the general fund of the city, county, or city and county which enacted the ordinance authorizing the bingo game. A violation of any provision of this section, other than subdivision (b), is a misdemeanor.

(d) The city, county, or city and county which enacted the ordinance authorizing the bingo game may bring an action to enjoin a violation of this section.

(e) No minors shall be allowed to participate in any bingo game.

(f) An organization authorized to conduct bingo games pursuant to subdivision (a) shall conduct a bingo game only on property owned or leased by it, or property whose use is donated to the organization, and which property is used by such organization for an office or for performance of the purposes for which the organization is organized. Nothing in this subdivision shall be construed to require that the property owned or leased by or whose use is donated to the organization be used or leased exclusively by or donated exclusively to such organization.

(g) All bingo games shall be open to the public, not just to the members of the authorized organization.

(h) A bingo game shall be operated and staffed only by members of the authorized organization which organized it. Such members shall not receive a profit, wage, or salary from any bingo game. Only the organization authorized to conduct a bingo game shall operate such game, or participate in the promotion, supervision, or any other phase of such game. This subdivision does not preclude the employment of security personnel who are not members of the authorized organization at such bingo game by the organization conducting the game.

(i) No individual, corporation, partnership, or other legal entity

except the organization authorized to conduct a bingo game shall hold a financial interest in the conduct of such bingo game.

(j) With respect to organizations exempt from payment of the bank and corporation tax by Section 23701d of the Revenue and Taxation Code, all profits derived from a bingo game shall be kept in a special fund or account and shall not be commingled with any other fund or account. Such profits shall be used only for charitable purposes.

(k) With respect to other organizations authorized to conduct bingo games pursuant to this section, all proceeds derived from a bingo game shall be kept in a special fund or account and shall not be commingled with any other fund or account. Proceeds are the receipts of bingo games conducted by organizations not within subdivision (j). Such proceeds shall be used only for charitable purposes, except as follows:

(1) Such proceeds may be used for prizes.

(2) A portion of such proceeds, not to exceed 20 percent of the proceeds before the deduction for prizes, or one thousand dollars ($1,000) per month, whichever is less, may be used for rental of property, overhead, including the purchase of bingo equipment, administrative expenses, security equipment, and security personnel.

(3) Such proceeds may be used to pay license fees.

(4) A city, county, or city and county which enacts an ordinance permitting bingo games may specify in such ordinance that if the monthly gross receipts from bingo games of an organization within this subdivision exceed five thousand dollars ($5,000), a minimum percentage of the proceeds shall be used only for charitable purposes not relating to the conducting of bingo games and that the balance shall be used for prizes, rental of property, overhead, administrative expenses and payment of license fees. The amount of proceeds used for rental of property, overhead, and administrative expenses is subject to the limitations specified in paragraph (2) of this subdivision.

(*l*) (1) A city, county, or city and county may impose a license fee on each organization which it authorizes to conduct bingo games. The fee, whether for the initial license or renewal, shall not exceed fifty dollars ($50) annually, except as provided in paragraph (2). If an application for a license is denied, one-half of any license fee paid shall be refunded to the organization.

(2) In lieu of the license fee permitted under paragraph (1), a city, county, or city and county may impose a license fee of fifty dollars ($50) paid upon application. If an application for a license is denied, one-half of the application fee shall be refunded to the organization. An additional fee of 1 percent of the monthly gross receipts over five thousand dollars ($5,000) derived from bingo games shall be collected monthly by the city, county, or city and county issuing the license.

(m) No person shall be allowed to participate in a bingo game,

unless the person is physically present at the time and place in which the bingo game is being conducted.

(n) The total value of prizes awarded during the conduct of any bingo games shall not exceed two hundred fifty dollars ($250) in cash or kind, or both, for each separate game which is held.

(o) As used in this section "bingo" means a game of chance in which prizes are awarded on the basis of designated numbers or symbols on a card which conform to numbers or symbols selected at random. Notwithstanding Section 330c, as used in this section, the game of bingo shall include cards having numbers or symbols which are concealed and preprinted in a manner providing for distribution of prizes. The winning cards shall not be known prior to the game by any person participating in the playing or operation of the bingo game. All such preprinted cards shall bear the legend, "for sale or use only in a bingo game authorized under California law and pursuant to local ordinance." It is the intention of the Legislature that bingo as defined in this subdivision applies exclusively to this section and shall not be applied in the construction or enforcement of any other provision of law.

The bond shall at all times reflect the name and address of the licensee as shown on the records of the bureau.

The bond shall run to the people of the State of California and shall be executed and acknowledged by the applicant or licensee as principal and by an admitted surety insurer as surety.

SEC. 10. Section 6904.4 of the Business and Professions Code is amended to read:

6904.4. The conservator shall be entitled to reimbursement for his or her traveling expenses in accordance with rules and

regulations of the State Board of Control, and to reimbursement in an amount equal to the reasonable value, as determined by the director, of all other expenses, including but not limited to expenses for legal or secretarial services, reasonably and necessarily incurred by him or her in carrying out his or her duties under this article, and shall be entitled to a reasonable fee for his or her services in an amount fixed by the director.

If the determination of the director made pursuant to Section 6904 is reversed, the fee and expenses of the conservator shall be paid by the state out of the Collection Agency Fund. If the determination is not reversed and becomes final, the fee and expenses of the conservator shall be paid by the licensee and shall be a first claim, as against customers of the licensee, against the assets of the licensee.

If the fee and expenses or any part thereof are not paid by the licensee within 10 days after the amount of such fee and expenses is fixed and determined by the director, the fee and expenses, or the unpaid amount thereof shall be paid out of the bond of the licensee, except that no more than five thousand dollars ($5,000) shall be paid out of the bond for such fee and expenses. The conservator's claim against the bond for his or her fee and expenses shall have priority over any other claim against the bond, regardless of when such other claim may have been made, except to the extent that such other claim may have been paid and satisfied before notice to the bonding company of the appointment of the conservator.

If the total amount of the conservator's fee and expenses exceeds the amount realized by him or her from the licensee and from the bond, the balance thereof shall be paid by the state out of the Collection Agency Fund.

SEC. 11. Section 6914.5 of the Business and Professions Code is amended to read:

6914.5. Whenever a licensee ceases to be engaged actively in the collection agency business, he or she shall forthwith dispose of accounts assigned to him or her by sale or transfer to another licensee of the right to solicit reassignment of all uncollected accounts or by returning to the assignors the accounts and all things that rightfully belong to them. All accounts in litigation shall be disposed of through dismissals and satisfactions, where appropriate, or, if reassigned, through substitution of attorneys. Where a judgment has been obtained on behalf of more than one creditor against a single debtor, an effort shall be made to obtain collective reassignment of the creditors' interests therein.

The licensee shall within 30 days of ceasing business inform the bureau in writing of the manner in which the accounts have been disposed of, including the name of any agency to which the right to solicit has been sold.

A licensee who fails to properly dispose of accounts within 30 days of ceasing business is guilty of a misdemeanor and punishable by a fine not exceeding one thousand dollars ($1,000) or by imprisonment not exceeding one year or by both fine and imprisonment.

The licensee shall be deemed to have ceased being actively engaged in the collection agency business when his or her license has expired, been surrendered, or been revoked or whenever the business premises are no longer open for service to customers and the public.

For the purposes of this provision, the director shall have free access to the offices and places of business, books, accounts, records, papers, files, safes, and vaults of all licensees.

When an audit is performed as a consequence of information disclosed by the trust reconciliation statements or the bank statements filed pursuant to Section 6915.1, or if a second audit is required due to the unavailability of records required to be maintained pursuant to Section 6915 or regulations promulgated in accordance with Section 6863, the cost of the audit shall be charged to and paid by the licensee at a rate of twenty-one dollars ($21) per audit hour, subject to a maximum of seven hundred fifty dollars ($750) for any one audit. "Audit hour" means one auditor working one hour.

Prior to the conduct of an audit, the licensee shall be given written notice of the discrepancies or violations and allowed 15 days from the receipt of the notice to submit a written reply which provides information that eliminates the need for an audit.

Upon completion of an audit conducted pursuant to this section, the bureau shall provide written notice to the licensee of the charge due. If the licensee fails to pay the charge within 30 days after the date of the bureau's notice, his or her license shall forthwith be revoked.

No licensee shall be required to pay a charge for any inspection, examination, investigation, or audit of his or her business under this chapter except to the extent provided for by this section.

SEC. 12. Section 6930 of the Business and Professions Code is amended to read:

6930. If it be found upon the hearing, or from the evidence in uncontested cases, that the licensee or employee has willfully violated any of the provisions of this chapter, or the rules and regulations established under it, or that he or she has been guilty of fraud, dishonesty, or misrepresentation, or any act or omission inconsistent with the faithful discharge of his or her duties or obligations, or that a final conviction of felony or a crime involving moral turpitude has been entered against him or her, or that he or she has violated or failed to comply with any conditions imposed

upon him or her by a decision of the director, the director shall, within thirty (30) days after final submission of the case, render a decision which may:

(a) Order the revocation of the license or licenses of the licensee or licensees accused, or order any accused person disqualified from further employment in the collection agency business.

(b) Order the license or licenses suspended for such period of time as may be specified.

(c) Impose upon the licensee, licensees, or employee compliance with such just and reasonable conditions as may be specified.

(d) Order the revocation or suspension of the qualification certificate of a holder thereof.

(e) Dismiss the accusation as to any one or more of the licensees or employees accused.

No such petition may be filed for a period of two years after the effective date of a decision of denial, revocation, or disqualification. The director shall determine the fitness of the petitioner to engage in the collection agency business. He or she may grant the petition without a hearing or may grant or deny the petition after a hearing conducted under the Administrative Procedure Act, Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code. If the petition is denied, such denial shall be without prejudice and petitioner may file a new petition at any subsequent time but not sooner than one year from the date of denial. If the petition is granted, the petitioner shall, as a condition precedent to reinstatement, pay a fee in the amount of the original license fee required by this chapter.

The director shall notify the petitioner within 60 days of the receipt of the petition whether the petition will be set for hearing or granted without a hearing. If the petition will be heard it shall be filed and the hearing shall be set within 60 days of the notice.

(2) A certificate of amendment shall be executed by all general partners (or a lesser number provided in the certificate of limited partnership) and by each general partner designated in the certificate as a new partner, unless filed by a limited partner pursuant to Section 15525.

(3) A certificate of dissolution shall be executed by all general partners (or a lesser number provided in the certificate of limited partnership) unless filed by a limited partner pursuant to paragraph (1) of subdivision (a) of Section 15523.

(4) A certificate of cancellation of certificate of limited

partnership shall be executed by all general partners (or a lesser number provided in the certificate of limited partnership) unless filed by a limited partner pursuant to paragraph (1) of subdivision (b) of Section 15523.

(5) A certificate or a certificate of amendment filed by a limited partner or partners pursuant to Section 15525 or 15533 or a certificate of dissolution filed by a limited partner or partners pursuant to paragraph (1) of subdivision (a) of Section 15523 or a certificate of cancellation of certificate of limited partnership filed by a limited partner or partners pursuant to paragraph (1) of subdivision (b) of Section 15523 shall be signed by the limited partner or partners.

(b) Any person may execute an original certificate of limited partnership or any certificate of amendment thereto by an attorney-in-fact.

15525. If a person required by this article to execute or file a certificate of amendment fails after demand to do so within a reasonable time or refuses to do so, any other partner may prepare, execute, and file with the Secretary of State an appropriate certificate of amendment.

15526. Upon the filing of a certificate of amendment in the office of the Secretary of State, the certificate of limited partnership is amended as set forth therein, and upon the filing of a certificate of cancellation of certificate of limited partnership pursuant to paragraph (1) of subdivision (b) of Section 15523, the certificate of limited partnership is canceled.

15527. (a) In addition to the provisions of Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure, process may be served upon limited partnerships and foreign limited partnerships as provided in this section.

(b) Personal service of a copy of any process against the limited partnership or the foreign limited partnership by delivery (1) to any individual designated by it as agent or, if a limited partnership, to any general partner or (2) if the designated agent or, if a limited partnership, general partner is a corporation, to any person named in the latest certificate of the corporate agent filed pursuant to Section 1505 at the office of such corporate agent or to any officer of the general partner, shall constitute valid service on the limited partnership or the foreign limited partnership. No change in the address of the agent for service of process or appointment of a new agent for service of process shall be effective (1) for a limited partnership until an amendment to the certificate of limited partnership is filed pursuant to paragraph (3) of subdivision (b) of Section 15522 or (2) for a foreign limited partnership until a certificate is filed pursuant to Section 15595.

(c) (1) If an agent for service of process has resigned and has not been replaced or if the agent designated cannot with reasonable diligence be found at the address designated for personal delivery of the process, and it is shown by affidavit to the satisfaction of the court that process against a limited partnership or foreign limited

partnership cannot be served with reasonable diligence upon the designated agent or, if a foreign limited partnership, upon any general partner by hand in the manner provided in Section 415.10, subdivision (a) of Section 415.20 or subdivision (a) of Section 415.30, of the Code of Civil Procedure, the court may make an order that the service be made upon a domestic limited partnership which has filed a certificate pursuant to Section 15521 or upon a registered foreign limited partnership by delivering by hand to the Secretary of State, or to any person employed in the Secretary of State's office in the capacity of assistant or deputy, one copy of the process for each defendant to be served, together with a copy of the order authorizing such service. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of any such copy of process and the fee therefor, the Secretary of State shall give notice of the service of the process to the limited partnership or foreign limited partnership, at its principal executive office, by forwarding to such office, by registered mail with request for return receipt, the copy of the process.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State under this chapter and shall record therein the time of service and the Secretary of State's action with reference thereto. A certificate under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice thereof to the limited partnership or foreign limited partnership, and the forwarding of such process pursuant to this section, shall be competent and prima facie evidence of the matters stated therein.

(d) (1) The certificate shall designate, as the agent of such limited partnership or foreign limited partnership, for the purpose of service of process, an individual residing in this state or a corporation which has complied with Section 1505 and whose capacity to act as such agent has not terminated. If an individual is designated, the statement shall set forth such person's complete business or residence address in this state.

(2) An agent designated for service of process may file with the Secretary of State a signed and acknowledged written statement of resignation as such agent. Thereupon the authority of the agent to act in such capacity shall cease and the Secretary of State forthwith shall give written notice of the filing of the statement of resignation by mail to the limited partnership or foreign limited partnership addressed to its principal executive office.

(3) If an individual who has been designated agent for service of process dies or resigns or no longer resides in the state or if the corporate agent for such purpose resigns, dissolves, withdraws from the state, forfeits its right to transact intrastate business, has its corporate rights, powers and privileges suspended or ceases to exist, (A) the limited partnership shall promptly file an amendment to the certificate pursuant to paragraph (3) of subdivision (b) of Section 15522 designating a new agent or (B) the foreign limited partnership shall promptly file a certificate pursuant to Section 15595.

15528. (a) Upon receipt of any instrument accompanied by the fee prescribed therefor in the Government Code by the Secretary of State for filing pursuant to this chapter, it shall be filed by, and in the office of, the Secretary of State and the date of filing endorsed thereon. The date of filing shall be the date the instrument is received by the Secretary of State unless withheld from filing for a period of time not to exceed 90 days pursuant to a request by the party submitting it for filing or unless in the judgment of the Secretary of State the filing is intended to be coordinated with the filing of some other document which cannot be filed. The Secretary of State shall file a document as of any requested future date not more than 90 days after its receipt, including a Saturday, Sunday or legal holiday, if that document is received in the Secretary of State's office at least one business day prior to the requested date of filing. Upon receipt and after filing of any document under this chapter the Secretary of State may microfilm or reproduce by other techniques any such filings or documents and destroy the original filing or document. The microfilm or other reproduction of any document under the provision of this section shall be admissible in any court of law.

Article 3. Limited Partners

15531. (a) After the filing of a limited partnership's original certificate of limited partnership, a person may be admitted as an additional limited partner:

(1) In the case of a person acquiring a partnership interest directly from the limited partnership, upon the compliance with the partnership agreement or, if the partnership agreement does not so provide, upon the written consent of all partners.

(2) In the case of an assignee of a partnership interest of a partner who has the power, as provided in Section 15574, to grant the assignee the right to become a limited partner, upon the exercise of that power and compliance with any conditions limiting the grant or exercise of power.

(b) In each case under subdivision (a), the person acquiring the partnership interest shall be added by the general partners as a limited partner to the list required by subdivision (a) of Section 15515.

15532. (a) Except as provided in subdivision (d), a limited partner is not liable for any obligation of a limited partnership unless he is named as a general partner in the certificate or, in addition to the exercise of his rights and powers as a limited partner, the limited partner participates in the control of the business. Even if the limited partner participates in the control of the business without being named as a general partner, he is not liable to persons who transact business with the limited partnership unless they do so with actual knowledge of his participation in control and believing him to be a general partner.

(b) A limited partner does not participate in the control of the business within the meaning of subdivision (a) solely by doing one or more of the following:

(1) Being a contractor for or an agent or employee of the limited partnership or of a general partner, or an officer, director or shareholder of a corporate general partner.

(2) Consulting with and advising a general partner with respect to the business of the limited partnership.

(3) Acting as surety for the limited partnership or guaranteeing one or more specific debts of the limited partnership.

(C) The incurrence of indebtedness by the limited partnership other than in the ordinary course of its business.

(D) A change in the nature of the business.

(E) Voting on transactions in which the general partners have an actual or potential conflict of interest with the limited partners or the partnership.

(F) The removal of a general partner.

(G) The election of a new general partner.

(H) Any election to continue the business of the limited partnership other than after the retirement, death, or insanity of a general partner.

(I) Any election to continue the business of the limited partnership after the retirement, death, or insanity of a general partner.

(6) Winding up the partnership pursuant to Section 15583.

(7) Executing and filing a certificate pursuant to Section 15533 or a certificate of amendment pursuant to Section 15525 or a certificate of dissolution pursuant to paragraph (1) of subdivision (a) of Section 15523 or a certificate of cancellation of certificate of limited partnership pursuant to paragraph (1) of subdivision (b) of Section 15523.

(8) Serving on an audit committee or committee performing the functions of an audit committee.

(c) The enumeration in subdivision (b) does not mean that any other conduct or the possession or exercise of any other power by a limited partner constitutes participation by the limited partner in the control of the business of the limited partnership.

(d) A limited partner who knowingly permits his or her name to be used in the name of the limited partnership, except under circumstances permitted by subdivision (b) of Section 15512, is liable to creditors who extend credit to the limited partnership without actual knowledge that the limited partner is not a general partner.

15533. (a) Except as provided in subdivision (b), if a certificate of limited partnership has not been filed, a person who makes a contribution to the purported limited partnership and in good faith believes that he has become a limited partner is not liable for the obligations of the purported limited partnership, if, on ascertaining that the certificate has not been filed and after a failure of the general partner or partners to file the certificate within a reasonable time after request, he promptly files the certificate of limited partnership.

(b) A person described in subdivision (a) is liable to any third party who transacted business with the purported limited partnership before the certificate is filed and who reasonably believed that the person was a general partner at the time of the transaction.

15534. (a) Upon the request of a limited partner, the general partners shall promptly deliver to the limited partner, at the expense of the partnership, a copy of the information required to be maintained by subdivision (a), (b), or (d) of Section 15515.

(b) Each limited partner has the right upon reasonable request to each of the following:

(1) Inspect and copy during normal business hours any of the partnership records required to be maintained by Section 15515.

(2) Obtain from the general partners, promptly after becoming available, a copy of the limited partnership's federal, state and local income tax or information returns for each year.

(c) In the case of any limited partnership with more than 35 limited partners:

(1) The general partners shall cause an annual report to be sent to each of the partners not later than 120 days after the close of the fiscal year. Such report shall contain a balance sheet as of the end of such fiscal year and an income statement and statement of changes in financial position for such fiscal year.

(2) A limited partner or partners holding at least 5 percent of the interests of limited partners may make a written request to a general partner for an income statement of the limited partnership for the initial three-month, six-month, or nine-month period of the current fiscal year ended more than 30 days prior to the date of the request and a balance sheet of the partnership as of the end of such period. The statement shall be delivered or mailed to all limited partners within 30 days thereafter.

(3) The financial statements referred to in this section shall be accompanied by the report thereon, if any, of the independent accountants engaged by the partnership or, if there is no such report, the certificate of a general partner of the partnership that such financial statements were prepared without audit from the books and records of the limited partnership.

(d) The general partners shall promptly furnish to a limited partner a copy of any amendment to the partnership agreement executed by a general partner pursuant to a power of attorney from the limited partner.

(e) The general partners shall send to each of the partners within 90 days after the end of each taxable year such information as is necessary to complete federal and state income tax or information returns, and, in the case of a limited partnership with 35 or fewer limited partners, a copy of the limited partnership's federal, state, and local income tax or information returns for such year.

(f) In addition to any other remedies, a court of competent jurisdiction may enforce the duty of making and mailing or delivering the information and financial statements required by this section and, for good cause shown, may extend the time therefor.

(g) In any action under this section, if the court finds the failure of the partnership to comply with the requirements of this section to have been without justification, the court may award an amount sufficient to reimburse the partner or partners bringing the action for the reasonable expenses incurred by such partner or partners, including attorneys' fees, in connection with the action or proceeding.

(h) Any waiver by a partner of the rights provided in this section shall be unenforceable.

15535. (a) The Attorney General, upon complaint that a limited partnership is failing to comply with the provisions of Section 15534, or to afford to the partners rights given to them in the partnership agreement, may in the name of the people of the State of California send to the principal executive office, as specified pursuant to paragraph (2) of subdivision (a) of Section 15521, notice of the complaint.

(b) If the answer of the limited partnership is not received within 30 days of the date the notice was transmitted, or if the answer is not satisfactory, and if the enforcement of the rights of the aggrieved persons by private civil action, by class action or otherwise, would be so burdensome or expensive as to be impractical, the Attorney General may institute, maintain, or intervene in their suits, actions or proceedings in any court of competent jurisdiction or before any administrative agency for relief by way of injunction, the dissolution of entities, the appointment of receivers, or any other temporary, preliminary, provisional, or final remedies as may be appropriate to protect the rights of partners or to restore the position of the partners for the failure to comply with the requirements of Section 15534 or the partnership agreement. In any such action, suit, or proceeding there may be joined as parties all persons and entities responsible for or affected by the activity.

15536. The rights and duties of the partners in relation to the limited partnership shall be determined, subject to any provision in the partnership agreement to the contrary, by the following rules:

(a) No limited partner shall be required to make any additional contribution to the limited partnership.

(b) No limited partner shall have a priority over any other limited partner, as to return of contributions or as to compensation as a limited partner by way of income.

(c) The obligation of a partner to make a contribution or return money or property paid or distributed in violation of this chapter may be compromised only by the written consent of all the partners.

(d) No limited partner shall have the right to receive property other than cash upon any distribution.

(e) A partner may not be compelled to accept a distribution of any asset in kind from a limited partnership in lieu of a proportionate cash distribution being made to other partners.

(f) The limited partners shall have the right to vote on all matters specified in subparagraphs (A) to (H), inclusive, of paragraph (5) of subdivision (b) of Section 15532 and the actions specified therein may be taken by the general partners only with the affirmative vote of a majority in interest of the limited partners. The limited partners shall also have the right to vote on matters specified in subparagraph (I) of paragraph (5) of subdivision (b) of Section 15532 and such action may only be taken by the affirmative vote of all of the limited partners.

15537. (a) Meetings of partners may be held at any place within or without this state as may be stated in or fixed in accordance with the partnership agreement. If no other place is stated or so fixed, partners' meetings shall be held at the principal executive office of the partnership, or if the principal executive office is not in this state, at the street address of an office in this state as set forth in the certificate.

(b) A meeting of the partners may be called by the general partners or by limited partners holding more than 10 percent of the interests of limited partners for any matters on which the limited partners may vote.

(c) (1) Whenever partners are required or permitted to take any action at a meeting, a written notice of the meeting shall be given not less than 10, nor more than 60, days before the date of the meeting to each partner entitled to vote thereat. The notice shall state the place, date, and hour of the meeting and the general nature of the business to be transacted, and no other business may be transacted.

(2) Notice of a partners' meeting or any report shall be given either personally or by mail or other means of written communication, addressed to the partner at the address of the partner appearing on the books of the partnership or given by the partner to the partnership for the purpose of notice, or, if no address appears or is given, at the place where the principal executive office of the partnership is located or by publication at least once in a newspaper of general circulation in the county in which the principal executive office is located. The notice or report shall be deemed to have been given at the time when delivered personally or deposited in the mail or sent by other means of written communication. An affidavit of mailing of any notice or report in accordance with the provisions of this article, executed by a general partner, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to the partner at the address of the partner appearing on the books of the partnership is returned to the partnership by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the partner at the address, all future notices or reports shall be deemed to have been duly given without further mailing if they are available for the partner at the principal executive office of the partnership for a period of one year from the date of the giving of the notice or report to all other partners.

(3) Upon written request to the general partners, by any person entitled to call a meeting of partners, the general partner forthwith shall cause notice to be given to the partners entitled to vote that a meeting will be held at a time requested by the person or persons calling the meeting, not less than 10, nor more than 60, days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the partnership giving it an opportunity to be heard. The procedure provided in subdivision (c) of Section 305 of the Corporations Code shall apply to the application. The court may issue any order as may be appropriate, including, without limitation, an order designating the time and place of the meeting, the record date for determination of partners entitled to vote, and the form of notice.

(d) When a partners' meeting is adjourned to another time or place, unless the partnership agreement otherwise requires and, except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the partnership may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 45 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each partner of record entitled to vote at the meeting.

(e) The transactions of any meeting of partners, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All waivers, consents, and approvals shall be filed with the partnership records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of the meeting, except when the person objects, at the beginning of the meeting, and to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the consideration of

matters required by this chapter to be included in the notice but not so included, if the objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any meeting of partners need be specified in any written waiver of notice, unless otherwise provided in the partnership agreement, except as provided in subdivision (f).

(f) Any partner approval at a meeting, other than unanimous approval by those entitled to vote, pursuant to paragraph (5) of subdivision (b) of Section 15532 shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

(g) (1) Unless otherwise provided in the partnership agreement, a majority in interest of the limited partners represented in person or by proxy, shall constitute a quorum at a meeting of partners.

(2) The partners present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough partners to leave less than a quorum, if any action taken (other than adjournment) is approved by the requisite percentage of interests of limited partners specified in this chapter or in the partnership agreement.

(3) In the absence of a quorum, any meeting of partners may be adjourned from time to time by the vote of a majority of the interests represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (b).

(h) Unless otherwise provided in the partnership agreement any action which may be taken at any meeting of the partners may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by partners having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all entitled to vote thereon were present and voted. In the event the limited partners are requested to consent on a matter without a meeting, each partner shall be given notice of the motion to be voted upon in the same manner as described in subdivision (c). In the event any general partner, or limited partners holding more than 10 percent of the interests of the limited partners, request a meeting for the purpose of discussing or voting on such matter, the notice of a meeting shall be given in accordance with subdivision (c) and no action shall be taken until such meeting is held. Any action taken without a meeting will be effective 15 days after the required minimum number of votes have signed such consent, however, the action will be effective immediately if more than 90 percent of the interests of the limited partners have signed such consent.

(i) The use of proxies in connection with this section will be governed in the same manner as corporations formed under the General Corporation Law.

Article 4. General Partners

15541. Unless otherwise provided in the partnership agreement, after the filing of a limited partnership's original certificate of limited partnership, a general partner may be admitted only with the written consent of each general partner in accordance with the provisions of subdivision (f) of Section 15536.

15542. A person ceases to be a general partner of a limited partnership upon the happening of any of the following events:

(a) The general partner withdraws from the limited partnership.

(b) The general partner is removed as a general partner.

(c) Unless otherwise provided in the partnership agreement, an order for relief against the general partner is entered under Chapter 7 of the federal bankruptcy law, or the general partner: (1) makes a general assignment for the benefit of creditors, (2) files a voluntary petititon under the federal bankruptcy law, (3) files a petition or answer seeking for himself any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under any statute, law, or regulation, (4) files an answer or other pleading admitting or failing to contest the material allegations of a petition filed against him in any proceeding of this nature, or (5) seeks, consents to, or acquiesces in the appointment of a trustee, receiver, or liquidator of the general partner or of all or any substantial part of his properties.

(d) Unless otherwise provided in the partnership agreement, 60 days after the commencement of any proceeding against the general partner seeking reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under any statute, law, or regulation, the proceeding has not been dismissed, or if within 60 days after the appointment without his consent or acquiescence of a trustee, receiver, or liquidator of the general partner or of all or any substantial part of his properties, the appointment is not vacated or stayed, or within 60 days after the expiration of any such stay, the appointment is not vacated.

(e) In the case of a general partner who is an individual, either of the following:

(1) His death.

(2) The entry by a court of competent jurisdiction of an order adjudicating him incompetent to manage his person or his estate.

(f) Unless otherwise provided in the partnership agreement, in the case of a general partner who is acting as a general partner by virtue of being a trustee of a trust, the termination of the trust (but not merely the substitution of a new trustee, in which case the new trustee automatically becomes the new general partner).

(g) Unless otherwise provided in the partnership agreement, in the case of a general partner that is a separate partnership, the dissolution of the separate partnership.

(h) In the case of a general partner that is a corporation, the filing of a certificate of election to wind up and dissolve or a certificate of

dissolution, or its equivalent, for the corporation.

(i) In the case of a general partner that is an estate, the distribution by the fiduciary of the estate's entire interest in the limited partnership.

15543. Except as otherwise provided in this chapter or in the partnership agreement, a general partner of a limited partnership has the rights and powers and is subject to the restrictions and liabilities of a partner in a partnership without limited partners.

15544. A general partner of a limited partnership may make contributions to the limited partnership and share in the profits and losses of, and in distributions from, the limited partnership as a general partner. A general partner also may make contributions, and share in the profits and losses and distributions, as a limited partner, if the general partner's interest as a limited partner is separately designated in the partnership agreement. A person who is both a general partner and a limited partner has the rights and powers, and is subject to the restrictions and liabilities, of a general partner and, except as otherwise provided in the partnership agreement, also has the powers, and is subject to the restrictions, of a limited partner to the extent of his participation in the limited partnership as a limited partner.

Article 5. Finance

15551. The contribution of a partner may be in property, services rendered, or a promissory note or other obligation to contribute property or to perform services. A limited partner may not make a contribution of an obligation to perform future services in consideration of the receipt of a partnership interest.

15552. Notwithstanding the compromise of a claim referred to in subdivision (c) of Section 15536, a creditor of a limited partnership who extends credit or whose claim arises, before the receipt of notice of the compromise may enforce the original obligation.

15553. The profits and losses of a limited partnership shall be allocated among the partners in the manner provided in the partnership agreement. If the partnership agreement does not so provide, profits and losses shall be allocated in proportion to the contributions of each partner.

15554. Distributions of cash or other assets of a limited partnership shall be made to the partners in the manner provided in the partnership agreement. If the partnership agreement does not so provide, distributions which are a return of capital shall be made in proportion to the contributions of each partner and distributions which are not a return of capital shall be made in proportion to the division of profits.

Article 6. Distributions and Withdrawals

15561. Except as provided in this article, a partner is entitled to receive distributions from a limited partnership before his withdrawal from the limited partnership and before the dissolution and winding up thereof, subject to the limitations contained in Section 15566, to the extent and at the times or upon the happening of the events specified in the partnership agreement.

15562. (a) A general partner may withdraw from a limited partnership at any time by giving written notice to the other partners, but if the withdrawal violates the partnership agreement the limited partnership may recover from the withdrawing general partner damages for breach of the partnership agreement and, in addition to any other remedies, shall have the right to offset the damages against any amounts otherwise distributable to the general partner. Unless otherwise provided in the partnership agreement, in the case of a partnership for a fixed term, a withdrawal by a general partner prior to the expiration of that term is a breach of the partnership agreement.

(b) Unless otherwise provided in the partnership agreement, and subject to the liability created under subdivision (a), a general partner who ceases to be a general partner under Section 15542 shall:

(1) Retain the same interest in capital, profits, and losses but such interest shall be that of a limited partner.

(2) Not be personally liable for partnership debts incurred after the person ceases to be a general partner.

(3) Be entitled to vote as a limited partner on all matters except the election and compensation of a new general partner.

(4) Have the general partner's interest in the partnership reduced pro rata with all other partners to provide both compensation to and an interest in the partnership, or to provide either compensation to or an interest in the partnership to a new general partner.

15563. A limited partner may withdraw from a limited partnership at the time or upon the happening of events specified in the partnership agreement. If the partnership agreement does not specify the time or the events upon the happening of which a limited partner may withdraw or a definite time for the dissolution and winding up of the limited partnership, a limited partner may withdraw upon not less than six months' prior written notice to each general partner at his address set forth in the certificate.

15564. Upon withdrawal, any withdrawing limited partner is entitled to receive any distribution to which he is entitled under the partnership agreement and, if not otherwise provided in the partnership agreement, the limited partner is entitled to receive, within a reasonable time after withdrawal, the fair value of the limited partner's interest in the limited partnership as of the date of withdrawal based upon the limited partner's right to share in distributions from the limited partnership.

15565. Subject to Section 15584, at the time a partner becomes entitled to receive a distribution, he has the status of, and is entitled to all remedies available to, a creditor of the limited partnership with respect to the distribution.

15566. A partner is obligated to return a distribution from a limited partnership to the extent that, after giving effect to the distribution, and notwithstanding the compromise of a claim referred to in subdivision (c) of Section 15536, all liabilities of the limited partnership, other than liabilities to partners on account of their partnership interest and liabilities as to which recourse of creditors is limited to specified property of the limited partnership, exceed the fair salable value of the partnership assets to the extent the value of the assets exceeds that portion of the value of the assets which is subject to liabilities as to which recourse of creditors is limited.

Article 7. Assignment of Partnership Interests

15571. An interest in a limited partnership is personal property and a partner has no interest in specific partnership property.

15572. Except as otherwise provided in the partnership agreement, a limited partnership interest is assignable in whole or in part. An assignment of a limited partnership interest does not dissolve a limited partnership or entitle the assignee to become or to exercise any rights of a partner. An assignment entitles the assignee to receive, to the extent assigned, only the distributions to which the assignor would be entitled. A limited partner remains a partner upon assignment of all or part of the limited partner's limited partnership interest, subject to the assignee becoming a limited partner pursuant to subdivision (a) of Section 15574.

15573. On application to a court of competent jurisdiction by any judgment creditor of a partner, the court may charge the limited partnership interest of the partner with payment of the unsatisfied amount of the judgment with interest. To the extent so charged, the judgment creditor has only the rights of an assignee of the limited partnership interest. This chapter does not deprive any partner of the benefit of any exemption laws applicable to the partner's limited partnership interest.

15574. (a) An assignee of a limited partnership interest may become a limited partner if and to the extent that (1) the partnership agreement so provides or (2) all other partners consent.

(b) An assignee who has become a limited partner has, to the extent assigned, the rights and powers, and is subject to the restrictions and liabilities, of a limited partner under the partnership agreement and this chapter. An assignee who becomes a limited partner also is liable for the obligations of the assignor to make contributions as provided in Article 5 (commencing with Section 15551). However, the assignee is not obligated for liabilities unknown to the assignee at the time the assignee became a limited partner and

which could not be ascertained from the partnership agreement.

(c) If an assignee of a partnership interest becomes a limited partner, the assignor is not released from the assignor's liability to the limited partnership under subdivision (d) of Section 15522, and Sections 15552 and 15566.

15575. If a limited partner who is an individual dies or a court of competent jurisdiction adjudges the limited partner to be incompetent to manage the limited partner's person or the limited partner's property, the partner's executor, administrator, guardian, conservator, or other legal representative may exercise all the partner's rights for the purpose of settling the limited partner's estate or administering the limited partner's property, including any power the partner had to give an assignee the right to become a limited partner. If a limited partner is a corporation, trust, or other entity and is dissolved or terminated, the powers of that partner may be exercised by its legal representative or successor.

Article 8. Dissolution

15581. A limited partnership is dissolved and its affairs shall be wound up upon the happening of the first to occur of the following:

(a) At the time or upon the happening of events specified in the partnership agreement.

(c) Liquidation is reasonably necessary for the protection of the rights or interests of the complaining partner or partners.

15583. In the event of a dissolution of a limited partnership:

(a) Except as provided in the partnership agreement, the general partners who have not wrongfully dissolved a limited partnership or, if none, the limited partners, may wind up the limited partnership's affairs.

(b) Upon the petition of a limited partner or partners representing 5 percent or more of the interests of limited partners, or three or more creditors, a court of competent jurisdiction may order the winding up of the limited partnership if that appears necessary for the protection of any parties in interest.

(c) Unless otherwise provided in the partnership agreement, the limited partner or limited partners winding up the affairs of the partnership pursuant to subdivisions (a) and (b) of Section 15583, shall be entitled to reasonable compensation.

15584. Upon the winding up of a limited partnership, the assets shall be distributed as follows:

(a) To creditors, including partners who are creditors to the extent permitted by law, in satisfaction of liabilities of the limited partnership other than liabilities for distributions to partners under Section 15561, 15564 or 15565.

(b) Except as provided in the partnership agreement, to partners and former partners in satisfaction of liabilities for distributions under Sections 15561, 15564, and 15565.

(c) To partners in accordance with their rights under the partnership agreement and Section 15536.

15585. After dissolution, a general partner can bind the partnership as follows:

(a) By any act appropriate for winding up partnership affairs or completing transactions unfinished at dissolution.

(b) By any transaction which would bind the partnership if dissolution had not taken place, provided, the other party to the transaction:

(2) Though not so extending credit, had nevertheless known of the partnership prior to dissolution, and, had no knowledge or notice of dissolution, and a certificate of dissolution has not been filed as provided in subdivision (a) of Section 15523.

Article 9. Foreign Limited Partnerships

15591. Subject to Section 15594, (a) the laws of the state or country under which a foreign limited partnership is organized govern its organization and internal affairs and the liability of its limited partners, and (b) a foreign limited partnership may not be denied registration by reason of any difference between those laws and the laws of this state.

15592. Before transacting intrastate business in this state, a foreign limited partnership shall register with the Secretary of State. In order to register, a foreign limited partnership shall submit to the

Secretary of State an application for registration as a foreign limited partnership, signed and acknowledged by a general partner on a form prescribed by the Secretary of State and setting forth all of the following:

(a) The name of the foreign limited partnership and, if different, the name under which it proposes to register and transact business in this state.

(b) The state or country and date of its formation and a statement that the foreign limited partnership is authorized to exercise its powers and privileges in such state or county of formation.

(c) The name and address of an agent for service of process on the foreign limited partnership meeting the qualifications specified in paragraph (1) of subdivision (d) of Section 15527.

(d) A statement that the Secretary of State is appointed the agent of the foreign limited partnership for service of process if the agent has resigned and has not been replaced or if the agent cannot be found or served with the exercise of reasonable diligence.

(e) The address of the principal executive office of the foreign limited partnership and of its principal office in this state, if any.

(f) The names and business or residence addresses of the general partners.

15593. If the Secretary of State finds that an application for registration conforms to law and all requisite fees have been paid, the Secretary of State shall issue a certificate of registration to transact intrastate business in this state; provided, however, no certificate of registration shall be issued for a foreign limited partnership to transact intrastate business in this state under a name which falls within the prohibitions of subdivision (c) of Section 15512 or fails to comply with the provisions of Section 17900 of the Business and Professions Code.

15594. If the limited partners of a foreign limited partnership residing in this state represent 25 percent or more of the interests of limited partners of that partnership, those limited partners shall be entitled to all information and rights provided in Section 15534.

15595. If any statement in the application for registration of a foreign limited partnership was false when made or any statements made have become erroneous, the foreign limited partnership shall promptly file in the office of the Secretary of State a certificate, signed and acknowledged by a general partner, amending such statement.

15596. A foreign limited partnership may cancel its registration by filing with the Secretary of State a certificate of cancellation signed and acknowledged by a general partner. A cancellation does not terminate the authority of the Secretary of State to accept service of process on the foreign limited partnership with respect to causes of action arising out of the transaction of business in this state.

15597. (a) A foreign limited partnership transacting intrastate business in this state may not maintain any action, suit, or proceeding in any court of this state until it has registered in this state.

(b) Any foreign limited partnership which transacts intrastate business in this state without registration is subject to a penalty of twenty dollars ($20) for each day that such unauthorized intrastate business is transacted, up to a maximum of ten thousand dollars ($10,000). An action to recover such penalty may be brought, and any recovery shall be paid, as provided in Section 2258.

(c) The failure of a foreign limited partnership to register in this state does not impair the validity of any contract or act of the foreign limited partnership or prevent the foreign limited partnership from defending any action, suit, or proceeding in any court of this state.

(d) A limited partner of a foreign limited partnership is not liable as a general partner of the foreign limited partnership solely by reason of its having transacted intrastate business in this state without registration.

(e) A foreign limited partnership, transacting intrastate business in this state without registration, appoints the Secretary of State as its agent for service of process with respect to causes of action arising out of the transaction of business in this state.

15598. The Attorney General may bring an action to restrain a foreign limited partnership from transacting intrastate business in this state in violation of this article.

Article 10. Class Actions and Derivative Actions

15601. Any limited partner may bring a class action on behalf of all limited partners to enforce any claim common to all limited partners against the partnership or any or all general partners, without regard to the number of limited partners, but each limited partner shall be given an opportunity to exclude himself from the class.

15602. (a) No action may be instituted or maintained in right of any domestic or foreign limited partnership by any partner of such limited partnership unless both of the following conditions exist:

(1) The plaintiff alleges in the complaint that plaintiff was a partner of record or beneficially, at the time of the transaction or any part thereof of which plaintiff complains or that plaintiff's interest thereafter devolved upon plaintiff by operation of law from a partner who was a partner at the time of the transaction or any part thereof complained of; provided that any partner who does not meet such requirements may nevertheless be allowed in the discretion of the court, by motion and after a hearing at which the court shall consider such evidence, by affidavit or testimony, as it deems material, that (A) there is a strong prima facie case in favor of the claim asserted on behalf of the limited partnership, (B) no other similar action has been or is likely to be instituted, (C) the plaintiff acquired the interest before there was disclosure to the public or to the plaintiff of the wrongdoing of which plaintiff complains, (D) unless the action can be maintained the defendant may retain a gain derived from defendant's willful breach of a fiduciary duty, and (E) the

requested relief will not result in unjust enrichment of the limited partnership or any partner of such limited partnership.

(2) The plaintiff alleges in the complaint with particularity plaintiff's efforts to secure from the general partners such action as plaintiff desires or the reasons for not making such effort, and alleges further that plaintiff has either informed the limited partnership or the general partners in writing of the ultimate facts of each cause of action against each defendant or delivered to the limited partnership or the general partners a true copy of the complaint which plaintiff proposes to file.

(b) In any action referred to in subdivision (a), at any time within 30 days after service of summons upon the limited partnership or upon any defendant who is general partner of the limited partnership office at the time of the acts complained of, the limited partnership or the defendant may move the court for an order, upon notice and hearing, requiring the plaintiff to furnish security as hereinafter provided. The motion shall be based upon one or both of the following grounds:

(1) That there is no reasonable possibility that the prosecution of the cause of action alleged in the complaint against the moving party will benefit the limited partnership or its partners.

(2) That the moving party, if other than the limited partnership, did not participate in the transaction complained of in any capacity. The court on application of the limited partnership or any defendant may, for good cause shown, extend the 30-day period for an additional period or periods not exceeding 60 days.

(c) At the hearing upon any motion pursuant to subdivision (b), the court shall consider evidence, written or oral, by witnesses or affidavit, as may be material (1) to the ground or grounds upon which the motion is based, or (2) to a determination of the probable reasonable expenses, including attorneys' fees, of the limited partnership and the moving party which will be incurred in the defense of the action. If the court determines after hearing the evidence adduced by the parties, that the moving party has established a probability in support of any of the grounds upon which the motion is based, the court shall fix the nature and amount of security, not to exceed fifty thousand dollars ($50,000), to be furnished by the plaintiff for reasonable expenses, including attorneys' fees, which may be incurred by the moving party and the limited partnership in connection with the action. A ruling by the court on the motion shall not be a determination of any issue in the action or of the merits thereof. The amount of the security may thereafter be increased or decreased in the discretion of the court upon a showing that the security provided has or may become inadequate or is excessive, but the court may not in any event increase the total amount of the security beyond fifty thousand dollars ($50,000) in the aggregate for all defendants. If the court, upon any such motion, makes a determination that security shall be furnished by the plaintiff as to any one or more defendants, the

action shall be dismissed as to such defendant or defendants, unless the security required by the court shall have been furnished within such reasonable time as may be fixed by the court. The limited partnership and the moving party shall have recourse to the security in such amount as the court shall determine upon the termination of the action.

(d) If the plaintiff shall, either before or after a motion is made pursuant to subdivision (b), or any order or determination pursuant to such motion, post good and sufficient bond or bonds in the aggregate amount of fifty thousand dollars ($50,000) to secure the reasonable expenses of the parties entitled to make the motion, the plaintiff has complied with the requirements of this section and with any order for security theretofore made pursuant hereto, and any such motion then pending shall be dismissed and no further or additional bond or other security shall be required.

(f) If a motion is filed pursuant to subdivision (b), no pleadings need be filed by the limited partnership or any other defendant and the prosecution of the action shall be stayed until 10 days after the motion has been disposed of.

Article 11. Transition Provisions

15611. Except as provided in Section 15612, this chapter shall not apply to any limited partnership organized under the laws of this state and existing on the effective date, which shall continue to be governed by the law previously applicable to it.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 25, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 4903 of the Labor Code is amended to read:

4903. The appeals board may determine, and allow as liens against any sum to be paid as compensation, any amount determined as hereinafter set forth in subdivisions (a) through (i). If more than one such lien be allowed, the appeals board may determine the priorities, if any, between the liens allowed. The liens which may be allowed hereunder are as follows:

Such expenses shall be allowed in such proportion as the appeals board deems proper, under application of the spouse or guardian of the minor children.

(f) The amount of unemployment compensation disability benefits which have been paid under or pursuant to the Unemployment Insurance Code in those cases where, pending a determination under Division 4 of this code, there was uncertainty whether such benefits were payable under the Unemployment Insurance Code or payable hereunder; provided, however, that any lien under this subdivision shall be allowed and paid as provided in Section 4904.

CHAPTER 810

An act to amend Sections 233 and 234 of, to add Sections 237.5 and 239 to, and to repeal Sections 237.5 and 239 of, the Civil Code, relating to parent and child.

The people of the State of California do enact as follows:

SECTION 1. Section 233 of the Civil Code is amended to read:

233. Any interested person may petition the superior court of the county in which a minor person described in Section 232 resides or in which the minor person is found or in which any of the acts which are set forth in Section 232 are alleged to have occurred, for an order or judgment declaring the minor person free from the custody and control of either or both of his or her parents. There shall be no filing fee charged for any action instituted in accordance with this section. Upon the filing of the petition, the clerk of the court shall, in accordance with the direction of the court, immediately notify the juvenile probation officer, or the county department designated by the board of supervisors to administer the public social services program, who shall immediately investigate the circumstances of the minor person and the circumstances which are alleged to bring the minor person within any of the provisions of Section 232. The juvenile probation officer or the county department shall render to the court a written report of the investigation with a recommendation to the court of the proper disposition to be made in the action in the best interests of the minor person.

to attend the hearing on the petition and the minor's feelings concerning attending the hearing. The court shall receive the report in evidence and shall read and consider the contents thereof in rendering its judgment.

(e) If the age, or the physical, emotional, or other condition of the minor precludes his or her meaningful response to the explanations, inquiries, and information required by the provisions of subdivisions (a), (b), (c), and (d), a description of the condition shall satisfy the requirements of those subdivisions.

SEC. 2. Section 234 of the Civil Code is amended to read:

Service of the citation shall be made at least 10 days before the time stated therein for such appearance.

(a) The feelings and thoughts of the minor concerning the custody proceeding about to take place.

(b) The feelings and thoughts of the minor about his or her parent or parents.

If the court finds that the interests of the minor do require such protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel. The minor shall not be present in court unless the minor so requests or the court so orders.

(b) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless such representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and his or her parent.

(c) The public defender or private counsel may be appointed as counsel pursuant to this section. Private counsel appointed under the provisions of this section shall receive a reasonable sum for

compensation and expenses, the amount of which shall be determined by the court. Such amount shall be paid by the real parties in interest, other than the minor, in such proportions as the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(d) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

SEC. 4. Section 237.5 of the Civil Code is repealed.

SEC. 5. Section 239 of the Civil Code is repealed.

SEC. 6. Section 239 is added to the Civil Code, to read:

239. If the court, by order or judgment, declares a minor free from the custody and control of both parents under the provisions of this chapter, or one parent if the other no longer has custody and control, the court shall at the same time take one of the following actions:

(a) Appoint a guardian of the minor.

(b) At the request of the State Department of Social Services or a licensed adoption agency, or where the court finds it is in the minor's best interest, refer the minor to a licensed adoption agency for adoptive placement by the agency; however, no petition for adoption may be heard until the appellate rights of the natural parents have been exhausted. The agency shall be responsible for the care of the minor, and shall be entitled to the exclusive custody and control of the minor at all times until a petition for adoption has been granted. After such a referral no petition for guardianship may be filed without the consent of the agency.

Delivery shall also be made to additional prospective buyers who have made a request therefor in writing

(3) "Prospective buyer" includes any person who makes an offer to purchase a unit in the condominium, community apartment project, or stock cooperative.

(d) Any person who willfully fails to carry out the requirements of this section shall be liable in the amount of actual damages suffered by the buyer.

(e) Nothing in this section shall preclude the injured party from pursuing any remedy available under any other provision of law.

(f) No transfer of title to a unit subject to the provisions of this chapter shall be invalid solely because of the failure of any person to comply with the requirements of this section.

(c) Each party shall supply to the other party such reasonable data as are requested by the other party.

(d) At the request of either party to a dispute, a conciliator from the State Conciliation Service shall be assigned to mediate the dispute and shall have access to all formal negotiations.

The provisions of this section shall not apply to any local agency subject to the provisions of Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code.

1137.2. (a) Whenever in the opinion of the Governor, a threatened or actual strike or lockout will, if permitted to occur or continue, significantly disrupt public transportation services and endanger the public's health, safety, or welfare, and upon the request of either party to the dispute, the Governor may appoint a board to investigate the issues involved in the dispute and to make a written report to him or her within seven days. Such report shall include a statement of the facts with respect to the dispute, including the

respective positions of the parties, but shall not contain recommendations. Such report shall be made available to the public.

(b) Any strike or lockout during the period of investigation of the board appointed pursuant to this section is prohibited.

1137.3. The board of investigation shall be composed of no more than five members, one of whom shall be designated by the Governor as chairperson. Members of the board shall receive one hundred dollars ($100) for each day actually spent by them in the work of the board and shall receive their actual and necessary expenses incurred in the performance of their duties.

The board may hold public hearings to ascertain the facts with respect to the causes and circumstances of the dispute. For the purpose of any hearing or investigation, the board may summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, records, and papers of any kind and description, to issue subpoenas, and to take all necessary means to compel the attendance of witnesses and procure testimony.

1137.4. Upon receiving a report from a board of investigation, the Governor may request the Attorney General to, and he or she shall, petition any court of competent jurisdiction to enjoin such strike or lockout or the continuing thereof, for a period of 60 days. The court shall issue an order enjoining such strike or lockout, or the continuation thereof, if the court finds that such threatened or actual strike or lockout, if permitted to occur or continue, will significantly disrupt public transportation services and endanger the public's health, safety, or welfare.

1137.5. If the charter or establishing legislation of the local agency establishes a time period for the negotiating or meeting and conferring process which is shorter than 60 days, the provisions of this chapter shall not be applicable to any disputes which may arise between the exclusive bargaining representative of public transit employees and the local agency.

1137.6. Except as expressly provided by subdivision (b) of Section 1137.2 and Section 1137.4, nothing in this chapter shall be construed to grant or deprive employees of a right to strike.

SEC. 2. No appropriation is made and no reimbursement is required by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

(f) A small business or licensee shall not be deemed to have prevailed in actions commenced at the instance of, or on the basis of a complaint filed by, a person who is not an officer, employee, or other agent of the state regulatory agency if the action is dismissed

by the agency upon a finding of no cause for the action, or is settled by the agency and small business or licensee without a finding of fault.

(g) Section 800 of the Government Code shall not apply to actions which are subject to the provisions of this section.

(h) Every state regulatory agency against which litigation expenses have been awarded under this section shall, at the time of submission of its proposed budget pursuant to Section 13320 of the Government Code, submit a report to the Department of Finance and the Legislature as to the amount of those expenses awarded and paid during the fiscal year.

1710. (a) (1) No foreign bank (other than a foreign (other nation) bank which is licensed to maintain an agency or branch office) shall be issued a license to maintain a representative office

However, such service is not effective unless (1) the party making the service, who may be the superintendent, forthwith sends notice of the service and a copy of the process by registered or certified mail to the bank served at its last address on file with the superintendent at any of its offices in this state or at its head office, and (2) an affidavit of compliance with this subdivision by the party

making service is filed in the case on or before the return date, if any, or within such further time as the court, in the case of a judicial proceeding, or the administrative agency, in the case of an administrative proceeding, allows.

SEC. 4. Section 1936 of the Financial Code is amended to read:

1936. Every corporation, domestic or foreign, licensed to transact a banking or trust business, or to perform any functions of a bank or trust company, shall keep its corporate records, financial records, and books of account pertaining to its California business in words and figures of the English language and in form satisfactory to the superintendent.

No person knowing of such taking or who has been notified thereof shall have a lien or charge upon any assets of the bank for any payment, advance, or clearance thereafter made or for any liability thereafter incurred.

The giving of notice in accordance with this section shall not be deemed to be a prerequisite to the taking of possession of the property and business of the bank.

SEC. 6. (a) It is the intent of the Legislature that the amendment to Section 3103 of the Financial Code which is made by Section 5 of this act shall abrogate the holding of the United States District Court for the Southern District of New York in In Re Universal Money Order Co., 470 F. Supp. 869, that the giving of notice in accordance with Section 3103 of the Financial Code is a prerequisite to the taking of possession of the property and business of a bank or other institution which is subject to Section 3103.

(b) The amendment to Section 3103 of the Financial Code which is made by Section 5 of this act does not constitute a change in, but is declaratory of, the existing law.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 26, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 18909 of the Health and Safety Code is amended to read:

18909. (a) "Building standard" means any rule, regulation, order, or other requirement promulgated by a state agency, including any amendment or repeal of such a requirement, which specifically regulates, requires, or forbids the method of use, properties, performance, or types of materials used in construction, alteration, improvement, repair, or rehabilitation of a building, structure, factory-built housing, or other improvement to real property, including fixtures therein, and as determined by the commission.

(b) Except as provided in subdivision (d), "building standard" includes architectural and design functions of a building or structure, including, but not limited to, number and location of doors, windows, and other openings, stress or loading characteristics of materials, and methods of fabrication, clearances, and other functions.

(c) "Building standard" does not include a regulation, rule, or order relating to the enforcement of a building standard, including the penalties for failure to comply with a building standard.

(d) "Building standard" does not include any safety regulations which any state agency is authorized to adopt relating to the operation of machinery and equipment used in manufacturing, processing, or fabricating including, but not limited to, warehousing and food processing operations, excepting safety regulations relating to permanent appendages, accessories, apparatus, appliances, and equipment attached to such building as a part thereof, as determined by the commission.

(e) "Building standard" does not include temporary scaffoldings and similar temporary safety devices and procedures, which are used in the erection, demolition, moving, or alteration of buildings.

SEC. 2. Section 18913 of the Health and Safety Code is amended to read:

18913. "Emergency standard" means either of the following:

(a) A building standard or an order of repeal of a building standard filed for publication in the code by the commission pursuant to the provisions of 11346.1 of the Government Code.

(b) A building standard adopted by the Occupational Safety and

Health Standards Board which is substantively identical to a federal standard promulgated under Section 6 of the federal Occupational Safety and Health Act of 1970 (P.L. 91-596).

SEC. 3. Section 18926 of the Health and Safety Code is amended to read:

18926. (a) There is, in the office of the executive secretary, a coordinating council. The membership of such council shall consist of the executive secretary who shall serve as chairperson, and representatives appointed by the State Director of Health Services, the Director of the Office of Statewide Health Planning and Development, the Director of Housing and Community Development, the Director of Industrial Relations, the State Fire Marshal, the Executive Director of the State Energy Resources Conservation and Development Commission, and the Director of General Services.

(b) Subject to the pleasure of the commission:

(1) The council or any member of the council shall, when called and directed in writing by the executive secretary, work with and assist an adopting agency in the development of proposals for building standards.

(2) When an adopting agency contemplates the adoption of any building standard, it shall, prior to commencing any action to prepare a draft of the proposal, advise the executive secretary, in writing, of such intent and request the executive secretary to call the council, or any member of the council, as appropriate, for assistance.

(3) Whenever the commission returns for amendment, or rejects any proposed building standard, and one of the reasons for that action is that approval of the proposal would create a conflict with existing building standards of other adopting agencies, the executive secretary shall call the council or any member of the council, as appropriate, to assist in the elimination of the conflict.

(4) The council shall draft proposed building standards which the commission is authorized to adopt pursuant to Section 18933 for the consideration of the commission and approval, utilizing the criteria of Section 18930.

SEC. 4. Section 18930 of the Health and Safety Code is amended to read:

18930. (a) Any building standard adopted by state agencies shall be submitted to and approved by the State Building Standards Commission prior to codification and publication into the State Building Standards Code. In order to accomplish this task, building standards adopted by state agencies and submitted to the commission for approval shall be accompanied by an analysis written by the adopting agency which shall, to the satisfaction of the commission, justify the approval thereof in terms of the following criteria:

(1) The proposed building standard does not conflict with, overlap, or duplicate other building standards.

(2) The proposed building standard is within the parameters

established by enabling legislation.

(3) The public interest requires the adoption of such building standards.

(4) The proposed building standard is not unreasonable, arbitrary, unfair, or capricious, in whole or in part.

(5) The cost to the public is reasonable based on the overall benefit to be derived from such building standards.

(6) The proposed building standard is not unnecessarily ambiguous or vague, in whole or in part.

(7) The applicable national specifications, published standards, and model codes have been incorporated therein as provided in this part, where appropriate.

(8) The format of the proposed building standards is consistent with that adopted by the commission.

(b) In reviewing building standards submitted for its approval, the commission shall consider only the following:

(1) The record of the proceedings of the adopting agency.

(2) The evidence submitted to and considered by the adopting agency.

(c) The commission shall give great weight to the determinations and analysis of the adopting agency on each of the criteria for approval set forth in subdivision (a). Any factual determinations of the adopting agency shall be considered conclusive by the commission unless the commission specifically finds, and sets forth its reasoning in writing, that such factual determination is arbitrary and capricious or substantially unsupported by the evidence considered by the adopting agency.

Whenever the commission makes such a finding, it shall return the standard to the adopting agency for a reexamination of its original determination of the disputed fact.

(d) Whenever a building standard is principally intended to protect the public health and safety, its adoption shall not be a "factual determination" for purposes of subdivision (c). Whenever a building standard is principally intended to conserve energy or other natural resources, the commission shall consider or review the cost to the public or benefit to be derived as a "factual determination" pursuant to subdivision (c).

(e) Whenever the commission finds, pursuant to paragraph (2) of subdivision (a) that a building standard is adopted by an adopting agency pursuant to statutes requiring adoption of such building standard, the commission shall not consider or review whether such adoption is in the public interest pursuant to paragraph (3) of subdivision (a).

SEC. 5. Section 18937 of the Health and Safety Code is amended to read:

18937. (a) Emergency standards shall be acted on by the commission within 30 days and, except for building standards adopted by the Occupational Safety and Health Standards Board which are substantively identical to a federal standard promulgated

under Section 6 of the federal Occupational Safety and Health Act of 1970 (P.L. 91-596), only when the adopting agencies have made the finding of emergency required by Sections 11346.1 and 11346.5 of the Government Code and have adopted the emergency standard in compliance with Section 11346.1 of the Government Code, and the commission concurs with that finding. Both the concurrence and the approval of the emergency standards require an affirmative vote of two-thirds of the members of the commission attending a meeting, or not less than six affirmative votes, whichever is greater.

(b) Emergency standards approved by the commission pursuant to subdivision (a) shall be filed by the commission pursuant to Section 11346.1 of the Government Code and shall be subject to the provisions of that section.

SEC. 6. Section 18942 of the Health and Safety Code is amended to read:

18942. (a) The commission shall publish, or cause to be published, bound editions of the code in its entirety once in every three years, commencing January 1, 1980. In each intervening year the commission shall publish, or cause to be published, annual bound supplements. In addition, the commission shall publish, for emergency standards defined in subdivision (a) of Section 18913, an emergency standards supplement whenever the commission determines it is necessary. The commission shall also publish, for emergency standards defined in subdivision (b) of Section 18913 and for building standards approved pursuant to subdivision (b) of Section 142.6 of the Labor Code, a semiannual supplement, or a more frequent supplement if required by federal law.

(b) All building standards approved shall be incorporated into the next applicable triennial edition or supplement thereto, and no building standards, except emergency standards and those approved pursuant to subdivision (b) of Section 142.3 of the Labor Code and published pursuant to subdivision (c) of Section 18943, shall become effective until its required approval by the commission and its publication in the triennial edition or annual supplement.

(c) Except emergency standards and building standards approved pursuant to subdivision (b) of Section 142.3 of the Labor Code, no building standards or regulations shall be published in the triennial edition of the code or annual supplement less than 90 days after approval by the commission.

(d) Emergency standards defined in subdivision (a) of Section 18913 shall become effective when approved by the commission, transmitted to the Office of Administrative Law, and filed with the Secretary of State, or upon any later date specified therein, and remain in effect as provided by Section 11346.1 of the Government Code and Section 18937 of this code. Emergency standards shall be distributed as soon as practicable after publication to all interested and affected parties. Notice of repeal pursuant to the provisions of Section 11346.1 of the Government Code of emergency standards defined in subdivision (a) of Section 18913 within the period

specified by that section shall also be given to such parties by the affected agencies promptly after the termination of the statutory period pursuant to Section 11346.1 of the Government Code.

(e) The commission may publish, stockpile, and sell at a reasonable price the code and any materials incorporated therein by reference if it deems the latter is insufficiently available to the public, or unavailable at a reasonable price. Each state department concerned and each city and county shall have an up-to-date copy of the code available for public inspection.

SEC. 7. Section 18943 of the Health and Safety Code is amended to read:

18943. (a) State agencies shall repeal all building standards promulgated by such agencies and published in any other title of the California Administrative Code other than the State Building Standards Code as soon as practicable after such building standards are published into the triennial edition or annual supplements of the code, or by January 1, 1985, whichever occurs earlier. Pursuant to the provisions of subdivision (b) of Section 18933, after such publication, the commission may repeal such standards.

(b) Building standards in individual titles of the California Administrative Code other than the State Building Standards Code in effect on January 1, 1980, shall continue in effect until the earlier of the following:

(1) Incorporation into the triennial edition or annual supplements of the code.

(2) Repeal by the state agencies affected.

(3) January 1, 1985.

(c) Notwithstanding the provisions of subdivision (a), building standards adopted by the Occupational Safety and Health Standards Board shall be published as provided in Section 18942 by the commission in the State Building Standards Code. Those building standards may also be published by the Occupational Safety and Health Standards Board in other provisions in Title 8 of the California Administrative Code prior to publication in the State Building Standards Code if that other publication includes an appropriate identification of building standards contained in the other publication.

SEC. 8. Section 142.3 of the Labor Code is amended to read:

142.3. (a) The board, by an affirmative vote of at least four members, may adopt, amend or repeal occupational safety and health standards and orders. The board shall be the only agency in the state authorized to adopt occupational safety and health standards. For the provisions within those standards which are different from the corresponding provisions of a federal standard and which are building standards as defined in Section 18909 of the Health and Safety Code, the board shall comply with the provisions of Section 18930 of the Health and Safety Code and the provisions of subdivision (c) of this section.

The board shall adopt standards at least as effective as the federal

standards for all issues for which federal standards have been promulgated under Section 6 of the Occupational Safety and Health Act of 1970 (P.L. 91-596) within six months of the effective date of the federal standards and which, when applicable to products which are distributed or used in interstate commerce, are required by compelling local conditions and do not unduly burden interstate commerce.

(b) The State Building Standards Commission shall approve, codify, and publish building standards adopted by the board in the State Building Standards Code as follows:

(1) When the substantive provisions of the building standard adopted by the board is identical to a previously adopted or amended federal standard promulgated under Section 6 of the federal Occupational Safety and Health Act of 1970 (P.L 91-596), which are expressly required to be at least as effective as federal standards published in the Federal Register pursuant to Section 6 of the Occupational Safety and Health Act of 1970 (P.L. 91-596) within the time period specified by federal law and as provided in subdivision (b) of Section 142.4, and as approved by the Occupational Safety and Health Administration of the United States Department of Labor as meeting the requirements of subdivision (a), it shall be approved and published by the State Building Standards Commission pursuant to the provisions of this part and shall take precedence over building standards adopted or proposed by other adopting agencies. When these standards are not acted upon by the commission within the time period specified by federal law or in subdivision (b) of Section 142.4, the standards shall be deemed approved, and shall be codified and published in the State Building Standards Code, without further review or delay and without return or rejection by the commission.

(2) To the extent the board adopts a building standard, with provisions different from the corresponding federal standard, which building standard is required to be at least as effective as a federal standard, an accelerated approval procedure shall be utilized by the State Building Standards Commission. Such differing provisions shall be acted on by the State Building Standards Commission within 30 days and published in the State Building Standards Code within the time constraints required by federal law, and as provided in subdivision (b) of Section 142.4. These differing provisions adopted by the board and approved by the State Building Standards Commission shall take precedence over building standards adopted by other state agencies. In reviewing those standards, the State Building Standards Commission shall limit its review to the criteria of Section 18930 of the Health and Safety Code, as modified by subdivision (c) of this section.

The board and the State Building Standards Commission shall jointly develop an accelerated procedure to assure adoption and approval of building standards adopted and approved pursuant to this subdivision within the time period specified by federal law.

(3) When building standards adopted by the board address

subjects or issues not mandated by federal law, the board and the State Building Standards Commission shall comply fully with all provisions of the State Building Standards Law, Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, except as otherwise provided in subdivision (c) of this section.

(c) Except for those standards defined in subdivision (b) of Section 18913 of the Health and Safety Code, all other occupational safety and health standards that are building standards as defined in Section 18909 of the Health and Safety Code shall be submitted to the State Building Standards Commission for approval as provided in Section 18930 of the Health and Safety Code and subdivision (b) of this section. Notwithstanding paragraph (7) of subdivision (a) of Section 18930 of the Health and Safety Code, the adoption or refusal to adopt provisions of the model codes as part of occupational safety and health standards by the board are presumed to be appropriate in the interests of employee health and safety. Notwithstanding paragraph (5) of subdivision (a) of Section 18930 of the Health and Safety Code, and recognizing that cost data may not be presented to the board and that the benefits of eliminating safety and health risks are difficult to quantify, all such building standards are presumed to provide a greater benefit than cost in providing occupational health and safety. The presumptions provided in this subdivision are binding upon the State Building Standards Commission unless they are substantially unsupported by the evidence contained in the board's rulemaking file.

(d) Any occupational safety or health standard or order promulgated under this section shall prescribe the use of labels or other appropriate forms of warning as are necessary to ensure that employees are apprised of all hazards to which they are exposed, relevant symptoms and appropriate emergency treatment, and proper conditions and precautions for safe use or exposure. Where appropriate, such standards or orders shall also prescribe suitable protective equipment and control or technological procedures to be used in connection with such hazards and shall provide for monitoring or measuring employee exposure at such locations and intervals and in such manner as may be necessary for the protection of employees. In addition, where appropriate, any such occupational safety or health standard or order shall prescribe the type and frequency of medical examinations or other tests which shall be made available, by the employer or at his cost, to employees exposed to such hazards in order to most effectively determine whether the health of such employee is adversely affected by such exposure.

(e) The results of such examinations or tests shall be furnished only to the Division of Occupational Safety and Health, the State Department of Health Services, any other authorized state agency, the employer, the employee, and, at the request of the employee, to his or her physician.

SEC. 9. If this bill and AB 921 are both chaptered and both bills

amend Section 18930 of the Health and Safety Code, the amendments made to that section by AB 921 shall prevail over the amendments made to that section by this bill, whether this bill is chaptered before or after AB 921, and therefore, in that event, Section 4 of this bill shall not become operative.

SEC. 9.5. Notwithstanding Section 6 of Article XIII B of the California Constitution and Section 2231 or 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to these sections. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code.

SEC. 10. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

judgment debtor.

An affidavit of nonpayment shall be without any force or effect and shall be void if recorded more than 10 days after service of the unexecuted certificate of the judgment debtor upon the judgment creditor.

[Approved by Governor September 25, 1981 Filed with Secretary of State September 26, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 437.115 is added to the Health and Safety Code, to read:

437.115. (a) In addition to the exemption required by Section 437.11, the office director shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of need for those projects where the applicant has shown and the office director has found all of the following:

(1) The project is for either of the following:

(A) The conversion of a skilled nursing or community care facility, or acute psychiatric hospital or a county funded institution-based alcoholism program, certified by the Department of Alcohol and Drug Programs pursuant to Section 11831 as a residential treatment program, to a chemical dependency recovery hospital as defined in subdivision (a) of Section 1250.3, and provided that the facility to be converted has, prior to June 1, 1981, and continuously thereafter, been used exclusively to provide 24-hour residential chemical dependency recovery services, including the basic services enumerated in Section 1250.3 under the direction of a medical director.

(B) The construction and licensure of a chemical dependency recovery hospital where the project was commenced prior to June 1, 1981, and is being diligently pursued to completion, and provided that the person or entity proposing such facility was, prior to June 1, 1981, operating in this state a skilled nursing or community care facility used exclusively for 24-hour residential chemical dependency recovery services, including the basic services enumerated in Section 1250.3, under the direction of a medical director. As used in this paragraph, "commencement of the project" means acquisition of the site on which the facility is to be located and submission of drawings for the project to the local government having jurisdiction containing substantially sufficient detail for the issuance of a building permit or permits.

(2) The project could not meet the construction standards established by law or regulation for general acute care hospitals.

(3) The applicant has filed a notice of the project with the office director on forms supplied by the office director within 90 days of the effective date of this section.

The office director shall inform the applicant in writing of his or her determination as to eligibility of the application for a certificate of need under this subdivision within 60 days of receipt of a complete application.

(b) In addition to the exemption required by Section 437.11, the office director shall exempt from the provisions of Sections 438 to 438.13, inclusive, and shall issue a certificate of need for a project for the conversion of a portion of the authorized bed capacity of a general acute care hospital in the classifications listed in Section 1250.1 to chemical dependency recovery beds as provided in subdivision (h) of Section 1250.1, or for the conversion of a skilled nursing facility to a chemical dependency recovery hospital as defined in subdivision (a) of Section 1250.3, where the applicant has shown and the office director has found all of the following:

(1) Commencement of the project began prior to August 10, 1981, and is being diligently pursued to completion.

Such written declaration shall be transmitted to the State Director of Health Services by August 17, 1981.

(c) Construction or remodeling necessary to enable a facility exempted under this section to comply with applicable licensing regulations shall be deemed to be eligible for exemption under paragraph (2) of subdivision (b) of Section 437.11.

(d) A certificate of exemption issued pursuant to this section shall, for all purposes, have the same effect as a certificate of need issued pursuant to this part.

SEC. 2. Section 1250.1 of the Health and Safety Code is amended to read:

(h) Chemical dependency recovery.

Except as provided in Section 1253.1, beds classified as intermediate care beds, on September 27, 1978, shall be reclassified by the state department as intermediate care–other. Such reclassification shall not constitute a "project" within the meaning of Section 437.10 and shall not be subject to any requirement for a certificate of need under Part 1.5 (commencing with Section 437) of Division 1, and regulations of the state department governing intermediate care prior to such date shall continue to be applicable to the intermediate care-other classification unless and until amended or repealed by the state department.

SEC. 2.5. Section 1250.1 of the Health and Safety Code, as amended by Section 2 of this act, is amended to read:

1250.1. The state department shall adopt regulations which define the following bed classifications for health facilities:

(h) Chemical dependency recovery,

(i) Intermediate care facility/developmentally disabled habilitative.

Except as provided in Section 1253.1, beds classified as intermediate care beds, on September 27, 1978, shall be reclassified by the state department as intermediate care—other. SEC. 3. Section 1250.3 of the Health and Safety Code is amended to read:

1250.3. (a) As defined in Section 1250, "health facility" includes the following type: "chemical dependency recovery hospital" means a health facility which provides 24-hour inpatient care for persons who have a dependency on alcohol or other drugs, or both alcohol and other drugs. Such care shall include, but not be limited to, the following basic services: patient counseling, group therapy, physical conditioning, family therapy, outpatient services, and dietetic services. Each facility shall have a medical director who is a physician and surgeon licensed to practice in this state.

(b) The Legislature finds and declares that problems related to the inappropriate use of alcohol or other drugs, or both alcohol and other drugs are widespread and adversely affect the general welfare of the people of the State of California. It is the intent of the Legislature that the chemical dependency recovery hospital will provide an innovative inpatient treatment program for persons who have a dependency on alcohol or drugs, or both alcohol and other drugs. The Legislature further finds and declares that significant cost reductions can be achieved by chemical dependency recovery hospitals when both of the following conditions exist:

(1) Architectural requirements established by the state department encourage a flexible and open construction approach which significantly reduce capital construction costs.

(2) Programs are designed to provide comprehensive inpatient treatment yet permit substantial flexibility in the use of qualified personnel to meet the specific needs of the patients of the facility.

(c) Beds classified as chemical dependency recovery beds in a general acute care hospital or acute psychiatric hospital or a freestanding facility which is owned or leased by the general acute care hospital or the acute psychiatric hospital and which is located on the same premises or adjacent premises thereof, not to exceed a 15-mile radius within the same health facility planning area, as

defined January 1, 1981, by the Office of Statewide Health Planning and Development and is under the administrative control of the general acute care hospital or the acute psychiatric hospital, shall be used exclusively for alcohol or other drug dependency treatment, or both alcohol and other drug dependency treatment. No general acute care hospital or acute psychiatric hospital or a freestanding facility, as defined in this subdivision, shall, without fulfilling the requirements of the licensing laws and health planning laws, convert beds classified as chemical dependency recovery beds to any other bed classification or provide new chemical dependency recovery beds by increasing bed capacity.

(d) Chemical dependency recovery services may be provided as a supplemental service in existing general acute care beds and acute psychiatric beds in a general acute care hospital or in existing acute psychiatric beds in an acute psychiatric hospital or in existing beds in a freestanding facility, as defined in subdivision (c). When providing chemical dependency recovery services as a supplemental service, the general acute care hospital, acute psychiatric hospital, or freestanding facility, as defined in subdivision (c), shall provide the supplemental services in a distinct part of the hospital or freestanding facility, provided that the distinct part satisfies the criteria established by law and regulation for approval as a chemical dependency recovery supplemental service. A distinct part means an identifiable unit, accommodating beds, and related services, including, but not limited to, contiguous rooms, a wing, a floor or a building that is approved by the State Department of Health Services for a specific purpose. Chemical dependency recovery services provided as a supplemental service under this subdivision shall not require a separate license or reclassification of beds under the health planning laws.

(e) If the chemical dependency recovery hospital is not a supplemental service of a general acute care hospital, it shall have agreements with one or more general acute care hospitals providing for 24-hour emergency service and pharmacy, laboratory, and such other services as the state department may require.

(f) Any reference in any statute to Section 1250 shall be deemed and construed to also be a reference to this section.

SEC. 4. Section 1275.2 of the Health and Safety Code is amended to read:

1275.2. (a) Notwithstanding any rules or regulations governing other health facilities, the regulations adopted by the state department for chemical dependency recovery hospitals shall prevail. The regulations applying to chemical dependency recovery hospitals shall prescribe standards of adequacy, safety, and sanitation of the physical plant, of staffing with duly qualified personnel, and of services based on the needs of the persons served thereby.

(b) The regulations shall include provisions for an "open planning" architectural concept.

(c) Notwithstanding the provisions of Chapter 1 (commencing

with Section 15000) of Division 12.5, the regulations shall exempt from seismic requirements all freestanding structures of a chemical dependency recovery hospital. Chemical dependency recovery services provided as a supplemental service in general acute care beds or general acute psychiatric beds shall not be exempt from seismic requirements.

(d) Regulations shall be developed pursuant to this section and presented for adoption at a public hearing within 180 days of the effective date of this section.

(e) In order to assist in the rapid development of regulations for chemical dependency recovery hospitals, the director of the state department, not later than 30 days after the effective date of this section, shall convene an advisory committee composed of two representatives of the State Department of Alcohol and Drug Programs, two representatives of the State Department of Health Services, one representative of the Office of Statewide Health Planning and Development, two persons with experience operating facilities with alcohol or medicinal drug dependency programs, and any other persons having a professional or personal nonfinancial interest in development of such regulations. The members of such advisory committee who are not state officers or employees shall pay their own expenses related to participation on the committee. The committee shall meet at the call of the director until such time as the proposed regulations are presented for adoption at public hearing.

SEC. 5. It is the intent of the Legislature, if this bill and Assembly Bill 1551 are both chaptered and become effective on or before January 1, 1982, both bills amend Section 1250.1 of the Health and Safety Code, and this bill is chaptered after Assembly Bill 1551, that Section 1250.1 of the Health and Safety Code, as amended by Section 2 of this act, shall remain operative until the effective date of Assembly Bill 1551, and that on the effective date of Assembly Bill 1551 Section 1250.1 of the Health and Safety Code as amended by Section 2 of this act, be further amended in the form set forth in Section 2.5 of this act to incorporate the changes in Section 1250.1 proposed by Assembly Bill 1551. Therefore, if this bill and Assembly Bill 1551 are both chaptered and become effective on or before January 1, 1982, and Assembly Bill 1551 is chaptered before this bill and amends Section 1250.1, Section 2.5 of this act shall become operative on the effective date of Assembly Bill 1551.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act is necessary for the immediate provision of qualitative 24-hour inpatient care for persons who have a dependency on alcohol or other drugs, or both alcohol and other drugs, and shall go into immediate effect.

Additionally, it is necessary for this act to take effect immediately in order to prevent unnecessary delay in establishment of sorely

needed specialized facilities for treatment of drug and alcohol dependence.

[Approved by Governor September 26, 1981. Filed with Secretary of State September 26, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 68046.8 of the Government Code is amended to read:

68046.8. (a) At least 60 days prior to taking action on an application for a grant or loan pursuant to Section 68046 or 68047, the board shall notify all persons who have requested such notice that the application has been filed and shall provide a copy of the application upon receipt of a fee to cover the costs thereof. In addition, the board shall provide the notice in a newspaper of general circulation, in the manner provided in Section 6063, within the marketing area in which the applicant operates, or proposes to operate, a resource recovery project or community recycling center; in appropriate trade publications; to appropriate trade associations; and to all

persons on the board's general mailing list.

(b) Prior to taking action on an application for a grant or loan pursuant to Section 68046 or 68047, the board shall provide for a public hearing at which any person or representative of a public agency may appear to comment on the application. Notice of the hearing may be provided with the notice required pursuant to subdivision (a).

Upon receipt of information that any of the conditions of Section 68046 or 68047 or any agreement regarding a grant or loan pursuant to either of those sections has been violated by the recipient of the grant or loan, the board shall cause an investigation to be made to determine whether a violation has occurred. If, after notice and public hearing, the board finds that a violation has occurred, the board shall immediately terminate the grant or loan recipient's contract with the board. The grant or loan recipient shall be required to repay all money received from the board under the contract or to transfer possession of all materials and equipment purchased with that money to the board and return the balance of moneys received not expended for that material and equipment and render an accounting of all money received.

SEC. 3. Section 68047 of the Government Code is amended to read:

68047. (a) Thirty percent of the fund shall be for grants or loans, or combinations thereof, to public agencies or private entities, or combinations thereof, in accordance with guidelines and criteria adopted by the board, for the planning and development of curbside collection systems, community recycling centers, or new techniques or equipment for the collection of the usual components of recyclable municipal and household waste from the general public that would not otherwise be recovered. Grants and loans shall not be expended for the payment of salaries and wages To be eligible for a grant or loan, the applicant shall furnish or demonstrate all of the following:

(1) Availability of land or property on or in which the center will operate.

(2) An acceptable business plan for the operation of the center, including a detailed listing of the full range of materials and products which will be accepted.

(3) The availability of necessary licenses and permits.

(4) Conclusive evidence that the materials to be collected are not being recovered and would not otherwise be recovered, but for the availability of financing pursuant to this section, and either that the materials collected will be absorbed in an existing materials recovery operation or that the materials, by being collected, will create a new market.

(5) A description of the accounting plans of the center, both as to materials and moneys.

(b) In no instance, shall the board make a grant or loan to an applicant or any company owned or operated by an applicant if that applicant is purchasing or will be purchasing recyclable materials, other than the usual components of recyclable municipal and household waste, at a location within the same general geographic area which will divert the waste away from existing recycling operations which also purchase these recyclable materials.

For the purposes of this section, "usual components of recyclable municipal and household waste" includes only those items commonly left at the curb for municipal curbside collection.

(c) The board shall make no grant or loan to any applicant who does not satisfactorily furnish or demonstrate the above matters. In addition, in determining to whom to make grants and loans pursuant to this section, the board shall assure a balanced geographic distribution of grants and loans throughout the state and shall determine which centers will meet the greatest need for a new or expanded recycling program in the community to be served, relative to the needs of other areas.

(d) The guidelines adopted pursuant to subdivision (b) of Section 68042 for the administration of this section shall include priorities established by the board for the making of grants and loans between different types of recycling programs.

(b) Provide technical assistance to public and private entities to help them resolve difficulties they have in marketing their recyclable materials.

(c) Encourage the participation of industry and the general public in activities that will help expand markets for recyclable materials.

No money shall be granted or expended pursuant to this section for projects or activities involving markets for scrap metal products, other than those commonly left at the curb for municipal curbside collection, or for projects or activities which displace or will displace existing markets.

SEC. 5. Section 68047.5 of the Government Code is amended to read:

68047.5. In order to carry out the policy set forth in subdivision

(b) of Section 68001 and to make the most effective use of grants and loans made pursuant to Section 68047, the board shall conduct an ongoing investigation into actions that could be taken by public and private entities to expand markets for recyclable materials that currently are recycled in low volumes. The administrative costs incurred by the board in carrying out the requirements of this section shall be a usual part of the board's budget, payable as provided in subdivision (c) of Section 68031.

SEC. 6. Section 68050 is added to the Government Code, to read:

68050. The board may, upon determining that an advance payment is essential for the effective implementation of a program within the provisions of this title, and to the extent funds are available and appropriated subsequent to July 1, 1981, and not more frequently than once each fiscal year, advance to a community-based private nonprofit agency with which it has contracted, pursuant to state law, for the delivery of services, not to exceed 25 percent of the annual allocation to be made pursuant to the contract and such laws, during the fiscal year to the private nonprofit agency. Advance payments may be provided for services to be performed under any contract with a total annual contract amount of two hundred thousand dollars ($200,000) or less, or which the State Department of Finance determines has been entered into with any community-based private nonprofit agency with modest reserves and potential cash flow problems. No advance payment shall be granted if the total annual contract exceeds two hundred thousand dollars ($200,000), without the prior approval of the State Department of Finance.

The board shall develop a plan, to be approved by the State Department of Finance, to establish control procedures for advance payments. The plan shall include a procedure whereby the board determines whether or not an advance payment is essential for the effective implementation of a particular program being funded.

This section shall become operative July 1, 1981.

SEC. 7. Notwithstanding the provisions of Chapter 87 of the Statutes of 1978, Item 175.1 of the Budget Act of 1978 (Ch. 359, Stats. 1978), and Item 192 of the Budget Act of 1979 (Ch. 259, Stats. 1979), the State Solid Waste Management Board shall repay all loans made to the board from the General Fund, with interest at a rate established, and in a manner agreed to, by the State Department of Finance.

CHAPTER 835

An act relating to the disposition of state surplus property.

[Approved by Governor September 26, 1981. Filed with Secretary of State September 26, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, the Director of General Services, with the approval of the State Public Works Board and the Department of Parks and Recreation, is hereby authorized to sell to the First United Presbyterian Church, at fair market value, and upon those terms and conditions and with those reservations and exceptions which, in the director's opinion may be in the best interest of the state, the following surplus real property:

That parcel of land in the County of Tuolumne, being a portion of Lot 4 of Block 19 in the Townsite of Columbia in the Southeast ¼ of Section 11, Township 2, North, Range 14 East, M.D.M., and more particularly described as beginning at the northwest corner of Lot 4, Block 19 of the Townsite of Columbia, thence S.78°38'07"E., along the north line of Lot 4 of Block 19 (S.83° E., Townsite notes) a distance of 90.38 feet; thence S.11°51'53"W., 14.92 feet; thence S.81°58'38"E., 10.67 feet; thence S.11°55'15"W., 17.00 feet; thence N. 78°38'07"W., 100.52 feet to the westerly line of Lot 4 of Block 19; thence S.10°58'22"W., along the westerly line of Lot 4 of Block 19 a distance of 29.33 feet; thence N.78°09'29"W., 23.38 feet to the centerline of Gold Street abandoned in Volume 383 of Official Records at page 160 in the Office of the Tuolumne County Records; thence N.11°27'45"E., along the centerline of the abandoned Gold Street a distance of 60.27 feet; and thence S.79°01'38"E., 22.87 feet to the northwest corner of Lot 4 of Block 19 of the Townsite of Columbia, also being the point of beginning.

SEC. 2. Within 60 days after receipt of the first offer of the Director of General Services to sell the aforementioned property, the First United Presbyterian Church shall notify the director of its acceptance of that offer, or any subsequent offer from the department, to purchase the aforementioned property, and any conditions attached to the acceptance.

SEC. 3. Recent surveys indicate that two of the buildings of the First United Presbyterian Church in Columbia, California, are located in part, on property owned by the state. The buildings have been in existence for approximately 125 years. The historical significance and current occupancy of the property by the church necessitate the sale of this surplus real property. Because of the unique problem presented in this situation, the Legislature finds and declares that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution and that the enactment of this act as a special law is necessary for the resolution of this problem.

SEC. 4. The Director of General Services, with the approval of the State Public Works Board and the Director of Parks and Recreation, is hereby authorized to exchange, for current market

value, upon those terms, conditions, and with those reservations and exceptions, which in his opinion may be in the best interest of the state, surplus real property consisting of not to exceed six acres of land immediately adjacent to, and southerly of, the existing Carmel Sanitary District water pollution control facility.

The people of the State of California do enact as follows:

SECTION 1. Section 6019 of the Business and Professions Code is amended to read:

6019. Each place upon the board for which a member is to be elected shall for the purposes of the election be deemed a separate office.

If only one member seeks election to an office, the member is deemed elected. If two or more members seek election to the same office, the election shall be by ballot. The ballots shall be mailed to those entitled to vote at least twenty days prior to the date of canvassing the ballots and shall be returned by mail to the principal office of the State Bar, where they shall be canvassed at least five days prior to the ensuing annual meeting. At the annual meeting, the count shall be certified and the result officially declared.

In all other respects the elections shall be as the board may by rule direct.

SEC. 2. Section 6041 of the Business and Professions Code is amended to read:

6041. A local administrative committee shall be composed of active members of the State Bar.

CHAPTER 838

An act to amend Section 23186 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 26, 1981 Filed with Secretary of State September 26, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 23186 of the Revenue and Taxation Code is amended to read:

23186. (a) Except as otherwise provided in subdivision (b) or subdivision (c), the rate of tax on banks and financial corporations shall be a percentage equal to the percentage of the total amount of net income, allocable to this state, of every corporation taxable under Section 23151 or subdivision (c) of Section 23151.1 or paragraph (1) of subdivision (d) of Section 23151.1, as the case may be, other than public utilities as defined in the Public Utilities Act, for the next preceding calendar year or fiscal years ended during such calendar year, required to be paid to this state as franchise taxes according to or measured by such net income, and required to be paid to this state or its political subdivisions by such corporations as personal property taxes during the preceding calendar year or fiscal years ended in such calendar year; provided, however, that said rate of tax shall not exceed 13 percent. The percentage of the net income of every

corporation taxable under Section 23151, or subdivision (c) of Section 23151.1, or paragraph (1) of subdivision (d) of Section 23151.1, as the case may be, other than public utilities as defined in the Public Utilities Act, required to be paid to this state or its political subdivisions in personal property taxes shall be determined by ascertaining the ratio which the total amount of such personal property taxes, less 9 percent thereof, bears to the total amount of net income of such corporations allocable to California, increased by the amount of such personal property taxes; provided, however, that if any such corporation sustains a net loss allocable to California the personal property taxes required to be paid by such corporation to this state or its political subdivisions during the preceding calendar year or fiscal year ended during such calendar year shall be considered for the purpose of determining such ratio only to the extent which such personal property taxes exceed such net loss allocable to California.

(b) For income years ending in 1980, the rate of tax on banks and financial corporations shall be 11.6 percent. For income years ending in 1981 and thereafter, the rate shall be the rate prescribed in subdivision (d) of Section 23151, plus 2.0 percent.

(c) For income years ending in 1982 and thereafter, the rate of tax on banks and financial corporations shall be a percentage equal to the percentage of the total amount of net income, allocable to this state, of every corporation taxable under Section 23151 or subdivision (c) of Section 23151.1 or paragraph (1) of subdivision (d) of Section 23151.1, as the case may be, other than public utilities as defined in the Public Utilities Act, for the next preceding calendar year or fiscal years ended during such calendar year, required to be paid to this state as franchise taxes according to or measured by such net income, and required to be paid to this state or its political subdivisions by such corporations as personal property taxes and business license taxes during the preceding calendar year or fiscal years ended in such calendar year; provided, however, that said rate of tax shall not exceed 12 percent. The percentage of the net income of every corporation taxable under Section 23151, or subdivision (c) of Section 23151.1, or paragraph (1) of subdivision (d) of Section 23151.1, as the case may be, other than public utilities as defined in the Public Utilities Act, required to be paid to this state or its political subdivisions in personal property taxes and business license taxes shall be determined by ascertaining the ratio which the total amount of such personal property taxes and business license taxes, less the rate prescribed in subdivision (e) or (f) of Section 23151, whichever is the applicable percent thereof, bears to the total amount of net income of such corporations allocable to California, increased by the amount of such personal property taxes and business license taxes; provided, however, that if any such corporation sustains a net loss allocable to California the personal property taxes and business license taxes required to be paid by such corporation to this state or its political subdivisions during the preceding calendar year or fiscal

years ended during such calendar year shall be considered for the purpose of determining such ratio only to the extent which such personal property taxes and business license taxes exceed such net loss allocable to California.

(d) For income years ending in 1982 and thereafter, for the purposes of subdivision (c), the total amount of personal property taxes and business license taxes required to be paid during the income year shall be based on a statistical sample by the Franchise Tax Board, consisting of all of the following:

(1) Every corporation with a net income of more than five million dollars ($5,000,000) for the income year.

(2) Every corporation required to pay one hundred thousand dollars ($100,000) or more of personal property tax or business license tax, or a combination thereof, during the income year.

(3) Two percent or more of all other corporations on a random basis.

For the purposes of this subdivision, corporation means a corporation taxable under Section 23151, or subdivision (c) of Section 23151.1, or paragraph (1) of subdivision (d) of Section 23151.1, as the case may be, other than public utilities as defined in the Public Utilities Act.

(e) The Franchise Tax Board shall redetermine the rate of tax for banks and corporations determined in 1979 (and 1980 if applicable) , taking into account additional local tax billings prior to January 1, 1982, resulting from the final court decision not to uphold the application of the tax rate provided by Article XIII A of the Constitution to the 1978–79 unsecured roll. Any additional taxes resulting from the redetermined rate will be due and payable within 30 days of mailing of a notice and demand by the Franchise Tax Board. In making the redetermination, the Franchise Tax Board shall utilize the statistical sampling method provided in subdivision (d), except that business license taxes shall not be taken into account.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 839

An act to amend Section 777 of the Welfare and Institutions Code, relating to juvenile offenders.

[Approved by Governor September 26, 1981. Filed with Secretary of State September 26, 1981.]

The people of the State of California do enact as follows:

SECTION 1. Section 777 of the Welfare and Institutions Code is amended to read:

777. An order changing or modifying a previous order by

removing a minor from the physical custody of a parent, guardian, relative or friend and directing placement in a foster home, or commitment to a private institution or commitment to a county institution, or an order changing or modifying a previous order by directing commitment to the Youth Authority shall be made only after noticed hearing upon a supplemental petition.

(a) The supplemental petition shall be filed by the probation officer, where a minor has been declared a ward of the court under Section 601, and by the prosecuting attorney at the request of the probation officer where a minor has been declared a ward under Section 602, in the original matter and shall contain a concise statement of facts sufficient to support the conclusion that the previous disposition has not been effective in the rehabilitation or protection of the minor.

(b) Notwithstanding the provisions of subdivision (a), if the petition alleges a violation of a condition of probation and is for the commitment of a minor to a county juvenile institution for a period of 15 days or less, it is not necessary to allege and prove that the previous disposition has not been effective in the rehabilitation or protection of the minor. In order to make such a commitment the court must, however, find that such commitment is in the best interest of the minor. The provisions of this subdivision may not be utilized more than twice during the time the minor is a ward of the court.

(c) Upon the filing of such supplemental petition, the clerk of the juvenile court shall immediately set the same for hearing within 30 days, and the probation officer shall cause notice thereof to be served upon the persons and in the manner prescribed by Sections 658 and 660.

(d) An order for the detention of the minor pending adjudication of the petition may be made only after a hearing is conducted pursuant to Article 15 (commencing with Section 625) of this chapter.

(e) The filing of a supplemental petition and the hearing thereon shall not be required for the commitment of a minor to a county institution for a period of 30 days or less pursuant to an original or a previous order imposing such specified time in custody and staying the enforcement of such order subject to subsequent violation of a condition or conditions of probation, provided that in order to make such commitment, the court finds at a hearing that the minor has violated a condition or conditions of probation.

CHAPTER 840

An act to add and repeal Section 4024.2 to the Penal Code, relating to county jails.

[Approved by Governor September 26, 1981 Filed with Secretary of State September 26, 1981]

The people of the State of California do enact as follows:

SECTION 1. Section 4024.2 is added to the Penal Code, to read:

4024.2. (a) Notwithstanding any other provision of law, the board of supervisors of any county may authorize the sheriff or other official in charge of county correctional facilities to require that any person committed to such facility perform 10 hours of labor on the public works or ways in lieu of one day of confinement.

As used in this section "labor on the public works and ways" means manual labor to improve or maintain public facilities, including but not limited to, streets, parks, and schools.

(b) The board of supervisors may prescribe reasonable rules and regulations under which such labor is to be performed and may provide that such persons wear clothing of a distinctive character while performing such work.

(c) This section shall not apply to persons committed for a period longer than six days.

(d) Nothing in this section shall be construed to require the sheriff or other such official to assign labor to a person pursuant to this section if it appears from the record that such person has refused to satisfactorily perform labor as assigned or has not satisfactorily complied with the reasonable rules and regulations governing such assignment.

A person shall be eligible for work release under this section only if the sheriff or other such official concludes that such person is a fit subject therefor.

(e) This section shall remain in effect until January 1, 1985, and on that date is repealed.

CHAPTER 841

An act to amend Sections 5325, 5326, 5326.1, 5326.9, and 5328 of, and to add Chapter 6 (commencing with Section 5500) to Part 2 of Division 5 of, the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 26, 1981 Filed with Secretary of State September 26, 1981.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature recognizes that current and former recipients of mental health services have the same legal rights guaranteed all other individuals by the federal Constitution, and the laws of the State of California.

Nevertheless, far too frequently, recipients of mental health services are deprived of the protection of the law and their rights are disregarded or abused both in the course of obtaining treatment for their disability and the conduct of their lives in the community. The dignity and human and civil rights of this vulnerable group of California's citizens must be protected to the fullest possible extent.

The Legislature recognizes the need for and the existence of a system of patients' rights advocates responsible to local mental health directors. Through codification of this existing system of protection of patients' rights, the Legislature intends to emphasize its commitment to the protection of not only those rights enjoyed by all citizens of California, but of those special rights granted by the Legislature to recipients of mental health services.

The Legislature also recognizes that without reasonable access to clients and to client records, and without sanctions in cases of rights violation, meaningful protection of client rights cannot occur. At the same time, the Legislature recognizes that safeguards for client confidentiality and training for advocates are necessary in order to ensure effective and responsible advocacy.

SEC. 2. Section 5325 of the Welfare and Institutions Code is amended to read:

5325. Each person involuntarily detained for evaluation or treatment under provisions of this part, each person admitted as a voluntary patient for psychiatric evaluation or treatment to any health facility, as defined in Section 1250 of the Health and Safety Code, in which psychiatric evaluation or treatment is offered, and each mentally retarded person committed to a state hospital pursuant to Article 5 (commencing with Section 6500) of Chapter 2 of Part 2 of Division 6 shall have the following rights, a list of which shall be prominently posted in the predominant languages of the community and explained in a language or modality accessible to the patient in all facilities providing such services and otherwise brought to his or her attention by such additional means as the Director of Mental Health may designate by regulation:

(a) To wear his or her own clothes; to keep and use his or her own personal possessions including his or her toilet articles; and to keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases.

(b) To have access to individual storage space for his or her private use.

(c) To see visitors each day.

(d) To have reasonable access to telephones, both to make and receive confidential calls or to have such calls made for them.

(e) To have ready access to letterwriting materials, including stamps, and to mail and receive unopened correspondence.

(f) To refuse convulsive treatment including, but not limited to, any electroconvulsive treatment, any treatment of the mental condition which depends on the induction of a convulsion by any means, and insulin coma treatment.

(g) To refuse psychosurgery. Psychosurgery is defined as those operations currently referred to as lobotomy, psychiatric surgery, and behavioral surgery and all other forms of brain surgery if the surgery is performed for the purpose of any of the following:

(1) Modification or control of thoughts, feelings, actions, or behavior rather than the treatment of a known and diagnosed physical disease of the brain.

(2) Modification of normal brain function or normal brain tissue in order to control thoughts, feelings, actions, or behavior.

(3) Treatment of abnormal brain function or abnormal brain tissue in order to modify thoughts, feelings, actions or behavior when the abnormality is not an established cause for those thoughts, feelings, actions, or behavior.

Psychosurgery does not include prefrontal sonic treatment wherein there is no destruction of brain tissue. The Director of Mental Health shall promulgate appropriate regulations to assure adequate protection of patients' rights in such treatment.

(h) To see and receive the services of a patient advocate who has no direct or indirect clinical or administrative responsibility for the person receiving mental health services.

(i) Other rights, as specified by regulation.

Each patient shall also be given notification in a language or modality accessible to the patient of other constitutional and statutory rights which are found by the State Department of Mental Health to be frequently misunderstood, ignored, or denied.

Upon admission to a facility each patient shall immediately be given a copy of a State Department of Mental Health prepared patients' rights handbook.

The State Department of Mental Health shall prepare and provide the forms specified in this section and in Section 5157.

The rights specified in this section may not be waived by the person's parent, guardian, or conservator.

SEC. 3. Section 5326 of the Welfare and Institutions Code is amended to read:

5326. The professional person in charge of the facility or his or her designee may, for good cause, deny a person any of the rights under Section 5325, except under subdivisions (g) and (h) and the rights under subdivision (f) may be denied only under the conditions specified in Section 5326.7. To ensure that these rights are denied only for good cause, the Director of Mental Health shall adopt regulations specifying the conditions under which they may be denied. Denial of a person's rights shall in all cases be entered into the person's treatment record.

SEC. 4. Section 5326.1 of the Welfare and Institutions Code is amended to read:

5326.1. Quarterly, each local mental health director shall furnish to the Director of Mental Health, the facility reports of the number of persons whose rights were denied and the right or rights which were denied. The content of the reports from facilities shall enable the local mental health director and Director of Mental Health to identify individual treatment records, if necessary, for further analysis and investigation. These quarterly reports, except for the identity of the person whose rights are denied, shall be available, upon request, to Members of the State Legislature, or a member of a county board of supervisors.

Notwithstanding any other provision of law, information pertaining to denial of rights contained in the person's treatment record shall be made available, on request, to the person, his or her attorney, his or her conservator or guardian, the local mental health director, or his or her designee, or the Client's Rights Office of the State Department of Mental Health. Such information may include consent forms, required documentation for convulsive treatment, documentation regarding the use of restraints and seclusion, physician's orders, nursing notes, and involuntary detention and conservatorship papers. Such information, except for the identity of the person whose rights are denied, shall be made available to the Members of the State Legislature or a member of a county board of supervisors.

SEC. 5. Section 5326.9 of the Welfare and Institutions Code is amended to read:

5326.9. (a) Any alleged or suspected violation of the rights described in Chapter 2 (commencing with Section 5150) shall be investigated by the local director of mental health, or his or her designee. Violations of Sections 5326.2 to 5326.8, inclusive, shall also be investigated by the Director of Mental Health, or his or her designee. If it is determined by the local director of mental health or Director of Mental Health that a right has been violated, a formal notice of violation shall be issued.

(b) Either the local director of mental health or the Director of Mental Health upon issuing a notice of violation may take any or all of the following action:

(1) Assign a specified time period during which the violation shall be corrected.

(2) Referral to the Board of Medical Quality Assurance or other professional licensing agency. Such board shall investigate further, if warranted, and shall subject the individual practitioner to any penalty the board finds necessary and is authorized to impose.

(3) Revoke a facility's designation and authorization under Section 5404 to evaluate and treat persons detained involuntarily.

(4) Refer any violation of law to a local district attorney or the Attorney General for prosecution in any court with jurisdiction.

(c) Any physician who intentionally violates Sections 5326.2 to

5326.8, inclusive, shall be subject to a civil penalty of not more than five thousand dollars ($5,000) for each violation. Such penalty may be assessed and collected in a civil action brought by the Attorney General in a superior court. Such intentional violation shall be grounds for revocation of license.

(d) Any person or facility found to have knowingly violated the provisions of the first paragraph of Section 5325.1 or to have denied without good cause any of the rights specified in Section 5325 shall pay a civil penalty, as determined by the court, of fifty dollars ($50) per day during the time in which the violation is not corrected, commencing on the day on which a notice of violation was issued, not to exceed one thousand dollars ($1,000), for each and every violation, except that any liability under this provision shall be offset by an amount equal to a fine or penalty imposed for the same violation under the provisions of Sections 1423 to 1425, inclusive, or 1428 of the Health and Safety Code. These penalties shall be deposited in the general fund of the county in which the violation occurred. The local district attorney or the Attorney General shall enforce this section in any court with jurisdiction. Where the State Department of Health Services, under the provisions of Sections 1423 to 1425, inclusive, of the Health and Safety Code, determines that no violation has occurred, the provisions of paragraph (4) of subdivision (b) shall not apply.

(e) The remedies provided by this subdivision shall be in addition to and not in substitution for any other remedies which an individual may have under law.

SEC. 6. Section 5328 of the Welfare and Institutions Code is amended to read:

5328. All information and records obtained in the course of providing services under Division 4 (commencing with Section 4000), Division 4.1 (commencing with Section 4400), Division 4.5 (commencing with Section 4500), Division 5 (commencing with Section 5000), Division 6 (commencing with Section 6000), or Division 7 (commencing with Section 7100), to either voluntary or involuntary recipients of services shall be confidential. The consent of the patient, or his or her guardian or conservator shall be obtained before information or records may be disclosed by a professional person employed by a facility to a professional person not employed by the facility who does not have the medical responsibility for the patient's care.

(b) When the patient, with the approval of the physician, licensed *psychologist, or social worker* with a masters degree in social work, who is in charge of the patient, designates persons to whom

information or records may be released, except that nothing in this article shall be construed to compel a physician, psychologist, social worker, nurse, attorney, or other professional person to reveal information which has been given to him or her in confidence by members of a patient's family.

(c) To the extent necessary for a recipient to make a claim, or for a claim to be made on behalf of a recipient for aid, insurance, or medical assistance to which he or she may be entitled.

(d) If the recipient of services is a minor, ward, or conservatee, and his or her parent, guardian, guardian ad litem, or conservator designates, in writing, persons to whom records or information may be disclosed, except that nothing in this article shall be construed to compel a physician, psychologist, social worker, nurse, attorney, or other professional person to reveal information which has been given to him or her in confidence by members of a patient's family.

(e) For research, provided that the Director of Mental Health or the Director of Developmental Services designates by regulation, rules for the conduct of research and requires such research to be first reviewed by the appropriate institutional review board or boards. Such rules shall include, but need not be limited to, the requirement that all researchers shall sign an oath of confidentiality as follows:

(i) If the recipient of services who applies for life or disability insurance designates in writing the insurer to which records or information may be disclosed.

(j) To the attorney for the patient in any and all proceedings upon presentation of a release of information signed by the patient, except that when the patient is unable to sign such release, the staff of the facility, upon satisfying itself of the identity of the attorney, and of the fact that the attorney does represent the interests of the patient, may release all information and records relating to the patient except that nothing in this article shall be construed to compel a physician, psychologist, social worker, nurse, attorney, or other professional person to reveal information which has been given to him or her in confidence by members of a patient's family.

(k) Upon written agreement by a person previously confined in or otherwise treated by a facility, the professional person in charge of the facility or his or her designee may release any information, except information which has been given in confidence by members of the person's family, requested by a probation officer charged with the evaluation of the person after his or her conviction of a crime if the professional person in charge of the facility determines that such information is relevant to the evaluation. 5523. (a) Notwithstanding any other provision of law, and without regard to the existence of a guardianship or conservatorship, a recipient of mental health services is presumed competent for the purpose of entering into an agreement with county patients' rights advocates for the provision of advocacy services unless found by the superior court to be incompetent to enter into an agreement with an advocate and a guardian ad litem is appointed for such purposes.

(b) In conducting investigations in cases in which an advocate has not received a request for advocacy services from a recipient of mental health services or from another person on behalf of a recipient of mental health services, the advocate shall notify the treating professional responsible for the care of any recipient of services whom the advocate wishes to interview, and the facility, service, or program administrator, of his or her intention to conduct such an interview. Whenever the treating professional is reasonably available for consultation, the advocate shall consult with the professional concerning the appropriate time to conduct the interview.

(c) Any agreement with any county patients' rights advocate entered into by a mental health client shall be made knowingly and voluntarily or by a guardian ad litem. It shall be in a language or modality which the client understands. Any such agreement may, at any time, be revoked by the client or by the guardian ad litem, whoever has entered into the agreement, either in writing or by oral declaration to the advocate.

(d) Nothing in this chapter shall be construed to prohibit a recipient of mental health services from being represented by public or private legal counsel of his or her choice.

(e) The remedies provided by this chapter shall be in addition to any other remedies which may be available to any person, and the failure to pursue or exhaust the remedies or engage in the

procedures provided by this chapter shall not preclude the invocation of any other remedy.

(f) Investigations concerning violations of a past recipients' rights shall be limited to cases involving discrimination, cases indicating the need for education of training, or cases having a direct bearing on violations of the right of a current recipient. This subdivision is not intended to constrain the routine monitoring for compliance with patients' rights provisions described in subdivision (b) of Section 5520.

Article 4. Access to Clients

5530. (a) County patients' rights advocates shall have access to all clients and other recipients of mental health services in any mental health facility, program, or service at all times as are necessary to investigate or resolve specific complaints and in accord with subdivision (b) of Section 5526. County patients' rights advocates shall have access to mental health facilities, programs, and services, and recipients of services therein during normal working hours and visiting hours for other advocacy purposes. Advocates may appeal any denial of access directly to the head of any facility, the director of a county mental health program or the State Department of Mental Health or may seek appropriate relief in the courts. If a petition to a court sets forth prima facie evidence for relief, a hearing on the merits of the petition shall be held within two judicial days of the filing of the petition. The superior court for the county in which the facility is located shall have jurisdiction to review petitions filed pursuant to this chapter.

(b) County patients' rights advocates shall have the right to interview all persons providing the client with diagnostic or treatment services.

(c) Upon request, all mental health facilities shall, when available, provide reasonable space for county patients' rights advocates to interview clients in privacy and shall make appropriate staff persons available for interview with such advocates in connection with pending matters.

(d) Individual patients shall have a right to privacy which shall include the right to terminate any visit by persons who have access pursuant to this chapter and the right to refuse to see any patient advocate.

(e) Notice of the availability of advocacy services and information about patients' rights may be provided by county patients' rights advocates by means of distribution of educational materials and discussions in groups and with individual patients.

Article 5. Access to Records

5540. Except as otherwise provided in this chapter or in other provisions of law, information about and records of recipients of

mental health services shall be confidential in accordance with the provisions of Section 5328.

5541. (a) A specific authorization by the client or by the guardian ad litem is necessary for a county patients' rights advocate to have access to, copy or otherwise use confidential records or information pertaining to the client. Such an authorization shall be given knowingly and voluntarily by a client or guardian ad litem and shall be in writing or be reduced to writing. The client or the guardian ad litem, whoever has entered into the agreement, may revoke such authorization at any time, either in writing or by oral declaration to the advocate.

(b) When specifically authorized by the client or the guardian ad litem, the county patients' rights advocate may inspect and copy confidential client information and records.

5542. County patients' rights advocates shall have the right to inspect or copy, or both, any records or other materials not subject to confidentiality under Section 5328 or other provisions of law in the possession of any mental health program, services, or facilities, or city, county or state agencies relating to an investigation on behalf of a client or which indicate compliance or lack of compliance with laws and regulations governing patients' rights, including, but not limited to, reports on the use of restraints or seclusion, and autopsy reports.

5543. (a) Notwithstanding any other provision of law, with the authorization of the client, a county patients' rights advocate may, to the extent necessary for effective advocacy, communicate to the client information contained in client records. The facility program, or agency, shall be allowed to remove from the records any information provided in confidence by members of a client's family.

5544. Any written client information obtained by county patients' rights advocates may be used and disseminated in court or administrative proceedings, and to any public agencies, or authorized officials thereof, to the extent required in the providing of advocacy services defined in this chapter, and to the extent that authority to so disclose is obtained from the advocate's clients.

5545 Nothing in this chapter shall be construed to limit access to recipients of mental health services in any mental health facility, program, or service or to information or records of recipients of mental health services for the purposes of subdivision (b) of Section 5520 or when otherwise authorized by law to county patients' rights advocates or other individuals who are not county patients' rights advocates.

5546. The actual cost of copying any records or other materials authorized under this chapter, plus any additional reasonable clerical costs, incurred in locating and making the records and materials available, shall be borne by the advocate. The additional clerical costs shall be based on a computation of the time spent locating and making the records available multiplied by the employee's hourly wage.

Article 6. Penalties

5550. (a) Any person participating in filing a complaint or providing information pursuant to this chapter or participating in a judicial proceeding resulting therefrom shall be presumed to be acting in good faith and unless the presumption is rebutted shall be immune from any liability, civil or criminal, and shall be immune from any penalty, sanction, or restriction that otherwise might be incurred or imposed.

(b) No person shall knowingly obstruct any county patients' rights advocate in the performance of duties as described in this chapter, including, but not limited to, access to clients or potential clients, or to their records, whether financial, medical, or otherwise, or to other information, materials, or records, or otherwise violate the provisions of this chapter.

(c) No facility to which the provisions of Section 5325 are applicable shall discriminate or retaliate in any manner against a patient or employee on the basis that such patient or employee has initiated or participated in any proceeding specified in this chapter Any attempt by a facility to expel a patient, or any discriminatory treatment of a patient, who, or upon whose behalf, a complaint has been submitted to a county patients' rights advocate within 120 days of the filing of the complaint shall raise a rebuttable presumption that such action was taken by the facility in retaliation for the filing of the complaint.

(d) No county patients' rights advocate shall knowingly violate any provision of this chapter concerning client privacy and the confidentiality of personally identifiable information.

(e) Any person or facility found in violation of subdivision (b) or (d) shall pay a civil penalty, as determined by a court, of not less than one hundred dollars ($100), or more than one thousand dollars ($1,000) which shall be deposited in the county general funds.

SEC. 8. Notwithstanding Section 6 of Article XIII B of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code, no appropriation is made by this act for the purpose of making reimbursement pursuant to the constitutional mandate or Section 2231 or 2234. It is recognized, however, that a local agency may pursue any remedies to obtain reimbursement available to it under Chapter 3 (commencing with Section 2201) of Part 4 of Division 1 of that code for which reimbursement is mandated, except for those costs for which reimbursement is not required because the local agency has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act or because the costs which may be incurred by a local agency will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 9. Notwithstanding Section 2231.5 of the Revenue and

Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

(4) If the applicant is a partnership or corporation, one or more of the limited or general partners, stockholders, directors, or officers, was the holder of a revoked or suspended license previously issued under this chapter, which license in the case of revocation was never reissued or in the case of suspension was never reinstated, or one or more of such partners, stockholders, directors, or officers, as the case may be, though not previously the holder of a license, has done any act or series of acts which would be a cause for revocation or suspension under Section 11110.

(5) By reason of the facts and circumstances touching the organization, control, and management of the partnership or corporation, it is likely that the policy or operation of the business will be directed, controlled, or managed by an individual who by reason of the act, series of acts, or conduct described in subparagraphs (3) and (4) above, would be ineligible for a license and that by licensing the corporation or partnership the purposes of this division would likely be defeated.

(6) The applicant has knowingly made a false statement or knowingly concealed a material fact in applying for a license.

(b) Upon refusal of the department to issue a license, the applicant shall be entitled to demand in writing a hearing before the director or his representative within 60 days after notice of refusal.

SEC. 10. Section 11111 of the Vehicle Code is amended to read:

11111. (a) Every licensee under this chapter is entitled to notice and hearing prior to cancellation, suspension, or revocation of the license by the department, except that the department shall forthwith suspend such license without a hearing for failure of the licensee to meet and maintain the requirements of paragraph (3), (5), or (6) of subdivision (a) of Section 11102, or Section 11103, or subdivision (e), (f), or (g) of Section 11104.

(b) Before reinstatement of any license suspended for failure of the licensee to meet and maintain the requirements of paragraph (3), (5), or (6) of subdivision (a) of Section 11102, or Section 11103, or subdivision (e), (f), or (g) of Section 11104, the licensee shall pay to the department a reinstatement fee of five dollars ($5).

(d) Any action of the department in suspending, canceling, or revoking, or failing to renew a license may be reviewed by any court of competent jurisdiction.

(e) The department may, pending a hearing, temporarily suspend the license or permit of any driving school owner, driving school operator, or driving instructor for a period not to exceed 30 days if the director finds that such action is required in the public interest. In any such case a hearing shall be held and a decision thereon issued within 30 days after notice of temporary suspension.

(f) The suspension, expiration, or cancellation of a license issued

under the authority of this chapter shall not prevent the filing of an accusation for the revocation or suspension of the suspended, expired, or canceled license as provided in Section 11110, and the department's decision that the license should be suspended or revoked. Such determination may be considered in granting or refusing to grant any subsequent license authorized by this division to such licensee, or any partner, officer, director, or stockholder of such licensee.

SEC. 11. Section 11111.5 is added to the Vehicle Code, to read:

11111.5. (a) The director may, following the filing of an accusation against a licensee under this chapter and prior to conducting a hearing pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, exercise an option, with the consent of the licensee, to enter into and adopt a stipulated penalty whereby the licensee agrees to accept the terms and conditions of the penalty without hearing or appeal by any party thereto. The penalty may include a period of probation.

(b) Each compromise settlement agreement effected pursuant to this section shall be signed by the respondent licensee, the director, and the accuser, or by their authorized representatives, and filed with the Office of Administrative Hearings, together with the department's notice of withdrawal of the accusation upon which such action was initiated if the agreement is effected before the hearing.

(c) Failure of the respondent to honor the terms and conditions of an agreement effected under this section shall render the agreement null and void, and will be cause for action pursuant to Section 11110 in the same manner as the department may have otherwise proceeded notwithstanding the agreement.

SEC. 12. Section 11116 is added to the Vehicle Code, to read:

11116. (a) Whenever the department cancels, suspends, or revokes the license of a driving school owner, driving school operator, or driving instructor, the licensee or person in possession thereof shall immediately return the license, certificates of completion, and any other evidence of licensing to the department.

SEC. 13. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.
