EFFECTIVE DATES

Regular Session

The 1993–94 Regular Session reconvened on January 3, 1994, and adjourned sine die on November 30, 1994. Statutes enacted in 1994, other than those taking immediate effect, will become effective January 1, 1995.

The effective date of a joint or concurrent resolution is the date it is filed with the Secretary of State.

An initiative statute or referendum or a constitutional amendment proposed by the Legislature and adopted by the people takes effect the day after the election unless the measure provides otherwise.

Statutes Which Take Effect Immediately. An urgency statute, and a statute calling an election, providing for a tax levy, or making an appropriation for the usual current expenses of the state may take effect immediately. Such a statute becomes *effective* on the date it is filed with the Secretary of State.

Operative Date. The provisions of a statute normally become operative on the date it takes effect. However, any statute may, by its own terms, delay the *operation* of its provisions until the happening of some contingency or until a specified time. Also, a later statute or a general provision in a particular code may delay the operation of a statute to a time after its effective date.

Extraordinary Session

The 1993–94 First Extraordinary Session convened on January 4, 1993, and adjourned sine die on August 31, 1994. Statutes enacted at an extraordinary session, other than those taking immediate effect, will become effective on the 91st day after adjournment. The 91st day after adjournment is November 30, 1994.

The effective date of a concurrent resolution is the date it is filed with the Secretary of State.

CONSTITUTIONAL AMENDMENTS

**CONSTITUTION OF THE STATE
OF CALIFORNIA**

1879

CONSTITUTION OF THE STATE OF CALIFORNIA *

AS AMENDED AND IN FORCE NOVEMBER 8, 1994

PREAMBLE

We, the People of the State of California, grateful to Almighty God for our freedom, in order to secure and perpetuate its blessings, do establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

SECTION 1. [*Repealed November 5, 1974. See Section 1, below.*]

[*Inalienable Rights*]

SECTION 1. All people are by nature free and independent and have inalienable rights. Among these are enjoying and defending life and liberty, acquiring, possessing, and protecting property, and pursuing and obtaining safety, happiness, and privacy. [*New section adopted November 5, 1974.*]

[*Liberty of Speech and of the Press—Newspersons' Refusal to Disclose Information Sources Not Adjudged in Contempt*]

SEC. 2. (a) Every person may freely speak, write and publish his or her sentiments on all subjects, being responsible for the abuse of this right. A law may not restrain or abridge liberty of speech or press.

(b) A publisher, editor, reporter, or other person connected with or employed upon a newspaper, magazine, or other periodical publication, or by a press association or wire service, or any person who has been so connected or employed, shall not be adjudged in contempt by a judicial, legislative, or administrative body, or any other body having the power to issue subpoenas, for refusing to disclose the source of any information procured while so connected or employed for publication in a newspaper, magazine or other periodical publication, or for refusing to disclose any unpublished information obtained or prepared in gathering, receiving or processing of information for communication to the public.

Nor shall a radio or television news reporter or other person connected with or employed by a radio or television station, or any person who has been so connected or employed, be so adjudged in contempt for refusing to disclose the source of any information procured while so connected or employed for news or news commentary purposes on radio or television, or for refusing to disclose any unpublished informa-

tion obtained or prepared in gathering, receiving or processing of information for communication to the public.

As used in this subdivision, "unpublished information" includes information not disseminated to the public by the person from whom disclosure is sought, whether or not related information has been disseminated and includes, but is not limited to, all notes, outtakes, photographs, tapes or other data of whatever sort not itself disseminated to the public through a medium of communication, whether or not published information based upon or related to such material has been disseminated. [*As amended June 3, 1980.*]

[*Right to Assemble and to Petition*]

SEC. 3. The people have the right to instruct their representatives, petition government for redress of grievances, and assemble freely to consult for the common good. [*New section adopted November 5, 1974.*]

SEC. 4. [*Repealed November 5, 1974. See Section 4, below.*]

[*Liberty of Conscience*]

SEC. 4. Free exercise and enjoyment of religion without discrimination or preference are guaranteed. This liberty of conscience does not excuse acts that are licentious or inconsistent with the peace or safety of the State. The Legislature shall make no law respecting an establishment of religion.

A person is not incompetent to be a witness or juror because of his or her opinions on religious beliefs. [*New section adopted November 5, 1974.*]

SEC. 5. [*Repealed November 5, 1974. See Section 5, below.*]

[*The Military*]

SEC. 5. The military is subordinate to civil power. A standing army may not be maintained in peacetime. Soldiers may not be quartered in any house in wartime except as prescribed by law, or in peacetime without the owner's consent. [*New section adopted November 5, 1974.*]

SEC. 6. [*Repealed November 5, 1974. See Section 6, below.*]

[*Slavery Prohibited*]

SEC. 6. Slavery is prohibited. Involuntary servitude is prohibited except to punish crime. [*New section adopted November 5, 1974.*]

[*Due Process of Law—Use of Pupil School Assignment or Pupil Transportation*]

SEC. 7. (a) A person may not be deprived of life, liberty, or property without due process of law or denied equal protection of the laws; provided, that nothing contained herein or elsewhere in this Constitution imposes upon the State of California or any public entity, board, or official any obligations or responsibilities which exceed those imposed by the Equal Protection Clause of the 14th Amendment to the United

States Constitution with respect to the use of pupil school assignment or pupil transportation. In enforcing this subdivision or any other provision of this Constitution, no court of this State may impose upon the State of California or any public entity, board, or official any obligation or responsibility with respect to the use of pupil school assignment or pupil transportation, (1) except to remedy a specific violation by such party that would also constitute a violation of the Equal Protection Clause of the 14th Amendment to the United States Constitution, and (2) unless a federal court would be permitted under federal decisional law to impose that obligation or responsibility upon such party to remedy the specific violation of the Equal Protection Clause of the 14th Amendment of the United States Constitution.

Except as may be precluded by the Constitution of the United States, every existing judgment, decree, writ, or other order of a court of this State, whenever rendered, which includes provisions regarding pupil school assignment or pupil transportation, or which requires a plan including any such provisions shall, upon application to a court having jurisdiction by any interested person, be modified to conform to the provisions of this subdivision as amended, as applied to the facts which exist at the time of such modification.

In all actions or proceedings arising under or seeking application of the amendments to this subdivision proposed by the Legislature at its 1979-80 Regular Session, all courts, wherein such actions or proceedings are or may hereafter be pending, shall give such actions or proceedings first precedence over all other civil actions therein.

Nothing herein shall prohibit the governing board of a school district from voluntarily continuing or commencing a school integration plan after the effective date of this subdivision as amended.

In amending this subdivision, the Legislature and people of the State of California find and declare that this amendment is necessary to serve compelling public interests, including those of making the most effective use of the limited financial resources now and prospectively available to support public education, maximizing the educational opportunities and protecting the health and safety of all public school pupils, enhancing the ability of parents to participate in the educational process, preserving harmony and tranquility in this State and its public schools, preventing the waste of scarce fuel resources, and protecting the environment.

[Privileges and Immunities]

(b) A citizen or class of citizens may not be granted privileges or immunities not granted on the same terms to all citizens. Privileges or immunities granted by the Legislature may be altered or revoked. *[As amended November 6, 1979.]*

[Sex, Race, Etc., Not a Disqualification for Business]

SEC. 8. A person may not be disqualified from entering or pursuing a business, profession, vocation, or employment because of sex, race,

creed, color, or national or ethnic origin. [*Former Section 18 of Article XX, as renumbered and amended November 5, 1974.*]

SEC. 9. [*Repealed November 5, 1974. See Section 9, below.*]

[*Bill of Attainder—Ex Post Facto Law—Obligation of Contract*]

SEC. 9. A bill of attainder, ex post facto law, or law impairing the obligation of contracts may not be passed. [*New section adopted November 5, 1974.*]

SEC. 10. [*Repealed November 5, 1974. See Section 10, below.*]

[*Detention of Witnesses—No Imprisonment for Debt*]

SEC. 10. Witnesses may not be unreasonably detained. A person may not be imprisoned in a civil action for debt or tort, or in peacetime for a militia fine. [*New section adopted November 5, 1974.*]

SEC. 11. [*Repealed November 5, 1974. See Section 11, below.*]

[*Suspension of Habeas Corpus*]

SEC. 11. Habeas corpus may not be suspended unless required by public safety in cases of rebellion or invasion. [*New section adopted November 5, 1974.*]

[*Bail—Release on Own Recognizance*]

SEC. 12. A person shall be released on bail by sufficient sureties, except for:

(a) Capital crimes when the facts are evident or the presumption great;

(b) Felony offenses involving acts of violence on another person, or felony sexual assault offenses on another person, when the facts are evident or the presumption great and the court finds based upon clear and convincing evidence that there is a substantial likelihood the person's release would result in great bodily harm to others; or

(c) Felony offenses when the facts are evident or the presumption great and the court finds based on clear and convincing evidence that the person has threatened another with great bodily harm and that there is a substantial likelihood that the person would carry out the threat if released.

Excessive bail may not be required. In fixing the amount of bail, the court shall take into consideration the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at the trial or hearing of the case.

A person may be released on his or her own recognizance in the court's discretion. [*As amended November 8, 1994.*]

SEC. 13. [*Repealed November 5, 1974. See Section 13, below.*]

[*Unreasonable Seizure and Search—Warrant*]

SEC. 13. The right of the people to be secure in their persons, houses, papers, and effects against unreasonable seizures and searches

may not be violated; and a warrant may not issue except on probable cause, supported by oath or affirmation, particularly describing the place to be searched and the persons and things to be seized. [*New section adopted November 5, 1974.*]

SEC. 14. [*Repealed November 5, 1974. See Section 14, below.*]

[*Felony Defendant Before Magistrate—Prosecutions*]

SEC. 14. Felonies shall be prosecuted as provided by law, either by indictment or, after examination and commitment by a magistrate, by information.

A person charged with a felony by complaint subscribed under penalty of perjury and on file in a court in the county where the felony is triable shall be taken without unnecessary delay before a magistrate of that court. The magistrate shall immediately give the defendant a copy of the complaint, inform the defendant of the defendant's right to counsel, allow the defendant a reasonable time to send for counsel, and on the defendant's request read the complaint to the defendant. On the defendant's request the magistrate shall require a peace officer to transmit within the county where the court is located a message to counsel named by defendant.

A person unable to understand English who is charged with a crime has a right to an interpreter throughout the proceedings. [*New section adopted November 5, 1974.*]

[*Felony—Prosecution by Indictment*]

SEC. 14.1. If a felony is prosecuted by indictment, there shall be no postindictment preliminary hearing. [*New section adopted June 5, 1990. Initiative measure.*]

SEC. 14½. [*Repealed November 5, 1974.*]

SEC. 15. [*Repealed November 5, 1974. See Section 15, below.*]

[*Criminal Prosecutions—Rights of Defendant—Due Process of Law—Jeopardy—Depositions—Assistance of Counsel*]

SEC. 15. The defendant in a criminal cause has the right to a speedy public trial, to compel attendance of witnesses in the defendant's behalf, to have the assistance of counsel for the defendant's defense, to be personally present with counsel, and to be confronted with the witnesses against the defendant. The Legislature may provide for the deposition of a witness in the presence of the defendant and the defendant's counsel.

Persons may not twice be put in jeopardy for the same offense, be compelled in a criminal cause to be a witness against themselves, or be deprived of life, liberty, or property without due process of law. [*New section adopted November 5, 1974.*]

[*Trial by Jury*]

SEC. 16. Trial by jury is an inviolate right and shall be secured to all, but in a civil cause three-fourths of the jury may render a verdict. A jury may be waived in a criminal cause by the consent of both parties expressed in open court by the defendant and the defendant's counsel. In a civil cause a jury may be waived by the consent of the parties expressed as prescribed by statute.

[*Number of Jurors in Civil Trials*]

In civil causes the jury shall consist of 12 persons or a lesser number agreed on by the parties in open court. In civil causes in municipal or justice court the Legislature may provide that the jury shall consist of eight persons or a lesser number agreed on by the parties in open court.

[*Number of Jurors in Criminal Trials*]

In criminal actions in which a felony is charged, the jury shall consist of 12 persons. In criminal actions in which a misdemeanor is charged, the jury shall consist of 12 persons or a lesser number agreed on by the parties in open court. [*As amended November 4, 1980.*]

SEC. 17. [*Repealed November 5, 1974. See Section 17, below.*]

[*Unusual Punishment—Excessive Fines*]

SEC. 17. Cruel or unusual punishment may not be inflicted or excessive fines imposed. [*New section adopted November 5, 1974.*]

SEC. 18. [*Repealed November 5, 1974. See Section 18, below.*]

[*Treason*]

SEC. 18. Treason against the State consists only in levying war against it, adhering to its enemies, or giving them aid and comfort. A person may not be convicted of treason except on the evidence of two witnesses to the same overt act or by confession in open court. [*New section adopted November 5, 1974.*]

SEC. 19. [*Repealed November 5, 1974. See Section 19, below.*]

[*Eminent Domain*]

SEC. 19. Private property may be taken or damaged for public use only when just compensation, ascertained by a jury unless waived, has first been paid to, or into court for, the owner. The Legislature may provide for possession by the condemnor following commencement of eminent domain proceedings upon deposit in court and prompt release to the owner of money determined by the court to be the probable amount of just compensation. [*New section adopted November 5, 1974.*]

SEC. 20. [Repealed November 5, 1974. See Section 20, below.]

[Rights of Noncitizens]

SEC. 20. Noncitizens have the same property rights as citizens. [New section adopted November 5, 1974.]

SEC. 21. [Repealed November 5, 1974. See Section 21, below.]

[Separate Property of Husband and Wife]

SEC. 21. Property owned before marriage or acquired during marriage by gift, will, or inheritance is separate property. [Former Section 8 of Article XX, as renumbered November 5, 1974.]

SEC. 22. [Repealed November 5, 1974. See Section 22, below.]

[No Property Qualification for Electors]

SEC. 22. The right to vote or hold office may not be conditioned by a property qualification. [New section adopted November 5, 1974.]

SEC. 23. [Repealed November 5, 1974. See Section 23, below.]

[Grand Juries]

SEC. 23. One or more grand juries shall be drawn and summoned at least once a year in each county. [New section adopted November 5, 1974.]

[Constitutional Rights—Rights Reserved]

SEC. 24. Rights guaranteed by this Constitution are not dependent on those guaranteed by the United States Constitution.

In criminal cases the rights of a defendant to equal protection of the laws, to due process of law, to the assistance of counsel, to be personally present with counsel, to a speedy and public trial, to compel the attendance of witnesses, to confront the witnesses against him or her, to be free from unreasonable searches and seizures, to privacy, to not be compelled to be a witness against himself or herself, to not be placed twice in jeopardy for the same offense, and to not suffer the imposition of cruel or unusual punishment, shall be construed by the courts of this State in a manner consistent with the Constitution of the United States. This Constitution shall not be construed by the courts to afford greater rights to criminal defendants than those afforded by the Constitution of the United States, nor shall it be construed to afford greater rights to minors in juvenile proceedings on criminal causes than those afforded by the Constitution of the United States.

This declaration of rights may not be construed to impair or deny others retained by the people. [As amended June 5, 1990. Initiative measure.]

[*Right to Fish*]

SECTION 25. The people shall have the right to fish upon and from the public lands of the State and in the waters thereof, excepting upon lands set aside for fish hatcheries, and no land owned by the State shall ever be sold or transferred without reserving in the people the absolute right to fish thereupon; and no law shall ever be passed making it a crime for the people to enter upon the public lands within this State for the purpose of fishing in any water containing fish that have been planted therein by the State; *provided*, that the Legislature may by statute, provide for the season when and the conditions under which the different species of fish may be taken. [*New section adopted November 8, 1910.*]

SEC. 26. [*Renumbered Section 1 of Article II June 8, 1976. See Section 26, below.*]

[*Constitution Mandatory and Prohibitory*]

SEC. 26. The provisions of this Constitution are mandatory and prohibitory, unless by express words they are declared to be otherwise. [*Former Section 28, as renumbered June 8, 1976.*]

SEC. 26a. [*Repealed November 8, 1949.*]

[*Death Penalty*]

SEC. 27. All statutes of this State in effect on February 17, 1972, requiring, authorizing, imposing, or relating to the death penalty are in full force and effect, subject to legislative amendment or repeal by statute, initiative, or referendum.

The death penalty provided for under those statutes shall not be deemed to be, or to constitute, the infliction of cruel or unusual punishments within the meaning of Article 1, Section 6 nor shall such punishment for such offenses be deemed to contravene any other provision of this constitution. [*New section adopted November 7, 1972. Initiative measure.*]

[*"The Victims' Bill of Rights"*]

SEC. 28. (a) The People of the State of California find and declare that the enactment of comprehensive provisions and laws ensuring a bill of rights for victims of crime, including safeguards in the criminal justice system to fully protect those rights, is a matter of grave statewide concern.

The rights of victims pervade the criminal justice system, encompassing not only the right to restitution from the wrongdoers for financial losses suffered as a result of criminal acts, but also the more basic expectation that persons who commit felonious acts causing injury to innocent victims will be appropriately detained in custody, tried by the courts, and sufficiently punished so that the public safety is protected and encouraged as a goal of highest importance.

Such public safety extends to public primary, elementary, junior high, and senior high school campuses, where students and staff have the right to be safe and secure in their persons.

To accomplish these goals, broad reforms in the procedural treatment of accused persons and the disposition and sentencing of convicted persons are necessary and proper as deterrents to criminal behavior and to serious disruption of people's lives.

(b) Restitution. It is the unequivocal intention of the People of the State of California that all persons who suffer losses as a result of criminal activity shall have the right to restitution from the persons convicted of the crimes for losses they suffer.

Restitution shall be ordered from the convicted persons in every case, regardless of the sentence or disposition imposed, in which a crime victim suffers a loss, unless compelling and extraordinary reasons exist to the contrary. The Legislature shall adopt provisions to implement this section during the calendar year following adoption of this section.

(c) Right to Safe Schools. All students and staff of public primary, elementary, junior high and senior high schools have the inalienable right to attend campuses which are safe, secure and peaceful.

(d) Right to Truth-in-Evidence. Except as provided by statute hereafter enacted by a two-thirds vote of the membership in each house of the Legislature, relevant evidence shall not be excluded in any criminal proceeding, including pretrial and post conviction motions and hearings, or in any trial or hearing of a juvenile for a criminal offense, whether heard in juvenile or adult court. Nothing in this section shall affect any existing statutory rule of evidence relating to privilege or hearsay, or Evidence Code, Sections 352, 782 or 1103. Nothing in this section shall affect any existing statutory or constitutional right of the press.

(e) Public Safety Bail. A person may be released on bail by sufficient sureties, except for capital crimes when the facts are evident or the presumption great. Excessive bail may not be required. In setting, reducing or denying bail, the judge or magistrate shall take into consideration the protection of the public, the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at the trial or hearing of the case. Public safety shall be the primary consideration.

A person may be released on his or her own recognizance in the court's discretion, subject to the same factors considered in setting bail. However, no person charged with the commission of any serious felony shall be released on his or her own recognizance.

Before any person arrested for a serious felony may be released on bail, a hearing may be held before the magistrate or judge, and the prosecuting attorney shall be given notice and reasonable opportunity to be heard on the matter.

When a judge or magistrate grants or denies bail or release on a person's own recognizance, the reasons for that decision shall be stated in the record and included in the court's minutes.

(f) Use of Prior Convictions. Any prior felony conviction of any person in any criminal proceeding, whether adult or juvenile, shall subsequently be used without limitation for purposes of impeachment or enhancement of sentence in any criminal proceeding. When a prior felony conviction is an element of any felony offense, it shall be proven to the trier of fact in open court.

(g) As used in this article, the term "serious felony" is any crime defined in Penal Code, Section 1192.7(c). [*New section adopted June 8, 1982. Initiative measure.*]

[*Criminal Cases—Due Process of Law—Speedy and Public Trial*]

SEC. 29. In a criminal case, the people of the State of California have the right to due process of law and to a speedy and public trial. [*New section adopted June 5, 1990. Initiative measure.*]

[*Criminal Cases—Jointure-Hearsay Evidence—Discovery*]

SEC. 30. (a) This Constitution shall not be construed by the courts to prohibit the joining of criminal cases as prescribed by the Legislature or by the people through the initiative process.

(b) In order to protect victims and witnesses in criminal cases, hearsay evidence shall be admissible at preliminary hearings, as prescribed by the Legislature or by the people through the initiative process.

(c) In order to provide for fair and speedy trials, discovery in criminal cases shall be reciprocal in nature, as prescribed by the Legislature or by the people through the initiative process. [*New section adopted June 5, 1990. Initiative measure.*]

ARTICLE II. [*Repealed November 7, 1972. See Article II, below.*]

ARTICLE II *

VOTING, INITIATIVE AND REFERENDUM, AND RECALL

[*Heading as amended June 8, 1976.*]

SEC. 1. [*Renumbered Section 2 June 8, 1976. See Section 1, below.*]

[*Purpose of Government*]

SECTION 1. All political power is inherent in the people. Government is instituted for their protection, security, and benefit, and they have the right to alter or reform it when the public good may require. [*Former Section 26 of Article I, as renumbered June 8, 1976.*]

* New Article II adopted November 7, 1972.

SEC. 1½. [Repealed November 7, 1972.]

SEC. 2. [Renumbered Section 3 June 8, 1976. See Section 2, below.]

[*Right to Vote*]

SEC. 2. A United States citizen 18 years of age and resident in this State may vote. [Former Section 1, as renumbered June 8, 1976.]

SEC. 2.5. [Repealed November 7, 1972.]

SEC. 2¾. [Repealed November 7, 1972.]

SEC. 3. [Renumbered Section 4 June 8, 1976. See Section 3, below.]

[*Residence—Registration—Free Elections*]

SEC. 3. The Legislature shall define residence and provide for registration and free elections. [Former Section 2, as renumbered June 8, 1976.]

SEC. 4. [Renumbered Section 5 June 8, 1976. See Section 4, below.]

[*Improper Practices That Affect Elections—Mentally Incompetent, Etc.*]

SEC. 4. The Legislature shall prohibit improper practices that affect elections and shall provide for the disqualification of electors while mentally incompetent or imprisoned or on parole for the conviction of a felony. [Former Section 3, as renumbered June 8, 1976.]

SEC. 5. [Renumbered Section 6 June 8, 1976. See Section 5, below.]

[*Primary Elections for Partisan Offices—Open Presidential Primary*]

SEC. 5. The Legislature shall provide for primary elections for partisan offices, including an open presidential primary whereby the candidates on the ballot are those found by the Secretary of State to be recognized candidates throughout the nation or throughout California for the office of President of the United States, and those whose names are placed on the ballot by petition, but excluding any candidate who has withdrawn by filing an affidavit of noncandidacy. [Former Section 4, as renumbered June 8, 1976.]

[*Nonpartisan Offices*]

SEC. 6. (a) All judicial, school, county, and city offices shall be nonpartisan.

(b) No political party or party central committee may endorse, support, or oppose a candidate for nonpartisan office. [As amended June 3, 1986.]

[*Voting—Secret*]

SEC. 7. Voting shall be secret. [Former Section 6, as renumbered June 8, 1976.]

[Initiative]

SEC. 8. (a) The initiative is the power of the electors to propose statutes and amendments to the Constitution and to adopt or reject them.

(b) An initiative measure may be proposed by presenting to the Secretary of State a petition that sets forth the text of the proposed statute or amendment to the Constitution and is certified to have been signed by electors equal in number to 5 percent in the case of a statute, and 8 percent in the case of an amendment to the Constitution, of the votes for all candidates for Governor at the last gubernatorial election.

(c) The Secretary of State shall then submit the measure at the next general election held at least 131 days after it qualifies or at any special statewide election held prior to that general election. The Governor may call a special statewide election for the measure.

(d) An initiative measure embracing more than one subject may not be submitted to the electors or have any effect. [*Former Section 22 of Article IV, as renumbered June 8, 1976.*]

[Referendum]

SEC. 9. (a) The referendum is the power of the electors to approve or reject statutes or parts of statutes except urgency statutes, statutes calling elections, and statutes providing for tax levies or appropriations for usual current expenses of the State.

(b) A referendum measure may be proposed by presenting to the Secretary of State, within 90 days after the enactment date of the statute, a petition certified to have been signed by electors equal in number to 5 percent of the votes for all candidates for Governor at the last gubernatorial election, asking that the statute or part of it be submitted to the electors. In the case of a statute enacted by a bill passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, the petition may not be presented on or after January 1 next following the enactment date unless a copy of the petition is submitted to the Attorney General pursuant to subdivision (d) of Section 10 of Article II before January 1.

(c) The Secretary of State shall then submit the measure at the next general election held at least 31 days after it qualifies or at a special statewide election held prior to that general election. The Governor may call a special statewide election for the measure. [*As amended June 5, 1990.*]

[Initiative and Referendum—Vote and Effective Date—Conflicts—Legislative Repeal or Amendment—Titling]

SEC. 10. (a) An initiative statute or referendum approved by a majority of votes thereon takes effect the day after the election unless the

measure provides otherwise. If a referendum petition is filed against a part of a statute the remainder shall not be delayed from going into effect.

(b) If provisions of 2 or more measures approved at the same election conflict, those of the measure receiving the highest affirmative vote shall prevail.

(c) The Legislature may amend or repeal referendum statutes. It may amend or repeal an initiative statute by another statute that becomes effective only when approved by the electors unless the initiative statute permits amendment or repeal without their approval.

(d) Prior to circulation of an initiative or referendum petition for signatures, a copy shall be submitted to the Attorney General who shall prepare a title and summary of the measure as provided by law.

(e) The Legislature shall provide the manner in which petitions shall be circulated, presented, and certified, and measures submitted to the electors. [*Former Section 24 of Article IV, as renumbered June 8, 1976.*]

[Initiative and Referendum—Cities or Counties]

SEC. 11. Initiative and referendum powers may be exercised by the electors of each city or county under procedures that the Legislature shall provide. This section does not affect a city having a charter. [*Former Section 25 of Article IV, as renumbered June 8, 1976.*]

[Naming Individual or Private Corporation to Office or Duty Prohibited]

SEC. 12. No amendment to the Constitution, and no statute proposed to the electors by the Legislature or by initiative, that names any individual to hold any office, or names or identifies any private corporation to perform any function or to have any power or duty, may be submitted to the electors or have any effect. [*Former Section 26 of Article IV, as renumbered June 8, 1976.*]

[Recall Defined]

SEC. 13. Recall is the power of the electors to remove an elective officer. [*New section adopted June 8, 1976.*]

[Recall Petitions]

SEC. 14. (a) Recall of a state officer is initiated by delivering to the Secretary of State a petition alleging reason for recall. Sufficiency of reason is not reviewable. Proponents have 160 days to file signed petitions.

(b) A petition to recall a statewide officer must be signed by electors equal in number to 12 percent of the last vote for the office, with signatures from each of 5 counties equal in number to 1 percent of the last vote for the office in the county. Signatures to recall Senators, members

of the Assembly, members of the Board of Equalization, and judges of courts of appeal and trial courts must equal in number 20 percent of the last vote for the office.

(c) The Secretary of State shall maintain a continuous count of the signatures certified to that office. [*New section adopted June 8, 1976.*]

[*Recall Elections*]

SEC. 15. (a) An election to determine whether to recall an officer and, if appropriate, to elect a successor shall be called by the Governor and held not less than 60 days nor more than 80 days from the date of certification of sufficient signatures.

(b) A recall election may be conducted within 180 days from the date of certification of sufficient signatures in order that the election may be consolidated with the next regularly scheduled election occurring wholly or partially within the same jurisdiction in which the recall election is held, if the number of voters eligible to vote at that next regularly scheduled election equal at least 50 percent of all the voters eligible to vote at the recall election.

(c) If the majority vote on the question is to recall, the officer is removed and, if there is a candidate, the candidate who receives a plurality is the successor. The officer may not be a candidate, nor shall there be any candidacy for an office filled pursuant to subdivision (d) of Section 16 of Article VI. [*As amended November 8, 1994.*]

[*Legislature to Provide for Petitions, Etc.*]

SEC. 16. The Legislature shall provide for circulation, filing, and certification of petitions, nomination of candidates, and the recall election. [*New section adopted June 8, 1976.*]

[*Recall of Governor or Secretary of State*]

SEC. 17. If recall of the Governor or Secretary of State is initiated, the recall duties of that office shall be performed by the Lieutenant Governor or Controller, respectively. [*New section adopted June 8, 1976.*]

[*Reimbursement of Recall Election Expenses*]

SEC. 18. A state officer who is not recalled shall be reimbursed by the State for the officer's recall election expenses legally and personally incurred. Another recall may not be initiated against the officer until six months after the election. [*New section adopted June 8, 1976.*]

[*Recall of Local Officers*]

SEC. 19. The Legislature shall provide for recall of local officers. This section does not affect counties and cities whose charters provide for recall. [*New section adopted June 8, 1976.*]

[*Terms of Elective Offices*]

SEC. 20. Terms of elective offices provided for by this Constitution, other than Members of the Legislature, commence on the Monday after January 1 following election. The election shall be held in the last even-numbered year before the term expires. [*New section adopted June 8, 1976.*]

ARTICLE III. [*Repealed November 7, 1972. See Article III, below.*]

ARTICLE III *

STATE OF CALIFORNIA

[*United States Constitution Supreme Law*]

SEC. 1. The State of California is an inseparable part of the United States of America, and the United States Constitution is the supreme law of the land. [*New section adopted November 7, 1972.*]

[*Boundaries of the State—Sacramento Seat of Government*]

SEC. 2. The boundaries of the State are those stated in the Constitution of 1849 as modified pursuant to statute. Sacramento is the capital of California. [*New section adopted November 7, 1972.*]

[*Separation of Powers*]

SEC. 3. The powers of state government are legislative, executive, and judicial. Persons charged with the exercise of one power may not exercise either of the others except as permitted by this Constitution. [*New section adopted November 7, 1972.*]

[*Administrative Agencies: Declaration Statute Unenforceable or Unconstitutional Prohibited*]

SEC. 3.5. An administrative agency, including an administrative agency created by the Constitution or an initiative statute, has no power:

(a) To declare a statute unenforceable, or refuse to enforce a statute, on the basis of it being unconstitutional unless an appellate court has made a determination that such statute is unconstitutional;

(b) To declare a statute unconstitutional;

(c) To declare a statute unenforceable, or to refuse to enforce a statute on the basis that federal law or federal regulations prohibit the enforcement of such statute unless an appellate court has made a determination that the enforcement of such statute is prohibited by federal law or federal regulations. [*New section adopted June 6, 1978.*]

* New Article III adopted November 7, 1972.

[*Salaries of Elected State Officers—Salaries of Judges*]

SEC. 4. (a) Except as provided in subdivision (b), salaries of elected state officers may not be reduced during their term of office. Laws that set these salaries are appropriations.

(b) Beginning on January 1, 1981, the base salary of a judge of a court of record shall equal the annual salary payable as of July 1, 1980, for that office had the judge been elected in 1978. The Legislature may prescribe increases in those salaries during a term of office, and it may terminate prospective increases in those salaries at any time during a term of office, but it shall not reduce the salary of a judge during a term of office below the highest level paid during that term of office. Laws setting the salaries of judges shall not constitute an obligation of contract pursuant to Section 9 of Article I or any other provision of law. [*As amended November 4, 1980.*]

[*Suits Against State*]

SEC. 5. Suits may be brought against the State in such manner and in such courts as shall be directed by law. [*New section adopted November 7, 1972.*]

[*Official State Language*]

SEC. 6. (a) Purpose.

English is the common language of the people of the United States of America and the State of California. This section is intended to preserve, protect and strengthen the English language, and not to supersede any of the rights guaranteed to the people by this Constitution.

(b) English as the Official Language of California.

English is the official language of the State of California.

(c) Enforcement.

The Legislature shall enforce this section by appropriate legislation. The Legislature and officials of the State of California shall take all steps necessary to insure that the role of English as the common language of the State of California is preserved and enhanced. The Legislature shall make no law which diminishes or ignores the role of English as the common language of the State of California.

(d) Personal Right of Action and Jurisdiction of Courts.

Any person who is a resident of or doing business in the State of California shall have standing to sue the State of California to enforce this section, and the Courts of record of the State of California shall have jurisdiction to hear cases brought to enforce this section. The Legislature may provide reasonable and appropriate limitations on the time and manner of suits brought under this section. [*New section adopted November 4, 1986. Initiative measure.*]

[*Retirement Benefits for Elected Constitutional Officers*]

SEC. 7. (a) The retirement allowance for any person, all of whose credited service in the Legislators' Retirement System was rendered or

was deemed to have been rendered as an elective officer of the State whose office is provided for by the California Constitution, other than a judge and other than a Member of the Senate or Assembly, and all or any part of whose retirement allowance is calculated on the basis of the compensation payable to the officer holding the office which the member last held prior to retirement, or for the survivor or beneficiary of such a person, shall not be increased or affected in any manner by changes on or after November 5, 1986, in the compensation payable to the officer holding the office which the member last held prior to retirement.

(b) This section shall apply to any person, survivor, or beneficiary described in subdivision (a) who receives, or is receiving, from the Legislators' Retirement System a retirement allowance on or after November 5, 1986, all or any part of which allowance is calculated on the basis of the compensation payable to the officer holding the office which the member last held prior to retirement.

(c) It is the intent of the people, in adopting this section, to restrict retirement allowances to amounts reasonably to be expected by certain members and retired members of the Legislators' Retirement System and to preserve the basic character of earned retirement benefits while prohibiting windfalls and unforeseen advantages which have no relation to the real theory and objective of a sound retirement system. It is not the intent of this section to deny any member, retired member, survivor, or beneficiary a reasonable retirement allowance. Thus, this section shall not be construed as a repudiation of a debt nor the impairment of a contract for a substantial and reasonable retirement allowance from the Legislators' Retirement System.

(d) The people and the Legislature hereby find and declare that the dramatic increase in the retirement allowances of persons described in subdivision (a) which would otherwise result when the compensation for those offices increases on November 5, 1986, or January 5, 1987, are not benefits which could have reasonably been expected. The people and the Legislature further find and declare that the Legislature did not intend to provide in its scheme of compensation for those offices such windfall benefits. [*New section adopted November 4, 1986.*]

[*California Citizens Compensation Commission*]

SEC. 8. (a) The California Citizens Compensation Commission is hereby created and shall consist of seven members appointed by the Governor. The commission shall establish the annual salary and the medical dental, insurance, and other similar benefits of state officers.

(b) The commission shall consist of the following persons:

(1) Three public members, one of whom has expertise in the area of compensation, such as an economist, market researcher, or personnel manager; one of whom is a member of a nonprofit public interest organization; and one of whom is representative of the general population and may include, among others, a retiree, homemaker, or person of median income. No person appointed pursuant to this paragraph

may, during the 12 months prior to his or her appointment, have held public office, either elective or appointive, have been a candidate for elective public office, or have been a lobbyist, as defined by the Political Reform Act of 1974.

(2) Two members who have experience in the business community, one of whom is an executive of a corporation incorporated in this State which ranks among the largest private sector employers in the State based on the number of employees employed by the corporation in this State and one of whom is an owner of a small business in this State.

(3) Two members, each of whom is an officer or member of a labor organization.

(c) The Governor shall strive insofar as practicable to provide a balanced representation of the geographic, gender, racial, and ethnic diversity of the State in appointing commission members.

(d) The Governor shall appoint commission members and designate a chairperson for the commission not later than 30 days after the effective date of this section. The terms of two of the initial appointees shall expire on December 31, 1992, two on December 31, 1994, and three on December 31, 1996, as determined by the Governor. Thereafter, the term of each member shall be six years. Within 15 days of any vacancy, the Governor shall appoint a person to serve the unexpired portion of the term.

(e) No current or former officer or employee of this State is eligible for appointment to the commission.

(f) Public notice shall be given of all meetings of the commission, and the meetings shall be open to the public.

(g) On or before December 3, 1990, the commission shall, by a single resolution adopted by a majority of the membership of the commission, establish the annual salary and the medical, dental, insurance, and other similar benefits of state officers. The annual salary and benefits specified in that resolution shall be effective on and after December 3, 1990.

Thereafter, at or before the end of each of each fiscal year, the commission shall, by a single resolution adopted by a majority of the membership of the commission, adjust the annual salary and the medical, dental, insurance, and other similar benefits of state officers. The annual salary and benefits specified in the resolution shall be effective on and after the first Monday of the next December.

(h) In establishing or adjusting the annual salary and the medical, dental, insurance, and other similar benefits, the commission shall consider all of the following:

(1) The amount of time directly or indirectly related to the performance of the duties, functions, and services of a state officer.

(2) The amount of the annual salary and the medical, dental, insurance, and other similar benefits for other elected and appointed officers and officials in this State with comparable responsibilities, the judiciary, and, to the extent practicable, the private sector, recognizing, however, that state officers do not receive, and do not expect to re-

ceive, compensation at the same levels as individuals in the private sector with comparable experience and responsibilities.

(3) The responsibility and scope of authority of the entity in which the state officer serves.

(i) Until a resolution establishing or adjusting the annual salary and the medical, dental, insurance, and other similar benefits for state officers takes effect, each state officer shall continue to receive the same annual salary and the medical, dental, insurance, and other similar benefits received previously.

(j) All commission members shall receive their actual and necessary expenses, including travel expenses, incurred in the performance of their duties. Each member shall be compensated at the same rate as members, other than the chairperson, of the Fair Political Practices Commission, or its successor, for each day engaged in official duties, not to exceed 45 days per year.

(k) It is the intent of the Legislature that the creation of the commission should not generate new state costs for staff and services. The Department of Personnel Administration, the Board of Administration of the Public Employees' Retirement System, or other appropriate agencies, or their successors, shall furnish, from existing resources, staff and services to the commission as needed for the performance of its duties.

(l) "State officer," as used in this section, means the Governor, Lieutenant Governor, Attorney General, Controller, Insurance Commissioner, Secretary of State, Superintendent of Public Instruction, Treasurer, member of the State Board of Equalization, and Member of the Legislature. [*New section adopted June 5, 1990.*]

ARTICLE IV

LEGISLATIVE

[*Heading as amended November 8, 1966.*]

SECTION 1. [*Repealed November 8, 1966. See Section 1, below.*]

[*Legislative Power*]

SEC. 1. The legislative power of this State is vested in the California Legislature which consists of the Senate and Assembly, but the people reserve to themselves the powers of initiative and referendum. [*New section adopted November 8, 1966.*]

SEC. 1a. [*Renumbered Section 20 of Article XIII and amended November 8, 1966.*]

SEC. 1b. [*Repealed November 8, 1966.*]

SEC. 1c. [*Repealed November 8, 1966.*]

SEC. 1d. [*Repealed November 8, 1966.*]

[Legislators—Limitation on Incumbency—Restriction of Retirement Benefits—Limitation of Staff and Support Services—Number of Terms]

SEC. 1.5. The people find and declare that the Founding Fathers established a system of representative government based upon free, fair, and competitive elections. The increased concentration of political power in the hands of incumbent representatives has made our electoral system less free, less competitive, and less representative.

The ability of legislators to serve unlimited number of terms, to establish their own retirement system, and to pay for staff and support services at state expense contribute heavily to the extremely high number of incumbents who are reelected. These unfair incumbent advantages discourage qualified candidates from seeking public office and create a class of career politicians, instead of the citizen representatives envisioned by the Founding Fathers. These career politicians become representatives of the bureaucracy, rather than of the people whom they are elected to represent.

To restore a free and democratic system of fair elections, and to encourage qualified candidates to seek public office, the people find and declare that the powers of incumbency must be limited. Retirement benefits must be restricted, state-financed incumbent staff and support services limited, and limitations placed upon the number of terms which may be served. *[New section adopted November 6, 1990. Initiative measure.]*

[Senate and Assembly—Membership—Elections—Number of Terms—Qualifications—Vacancies]

SEC. 2. (a) The Senate has a membership of 40 Senators elected for 4-year terms, 20 to begin every 2 years. No Senator may serve more than 2 terms.

The Assembly has a membership of 80 members elected for 2-year terms. No member of the Assembly may serve more than 3 terms.

Their terms shall commence on the first Monday in December next following their election.

(b) Election of members of the Assembly shall be on the first Tuesday after the first Monday in November of even-numbered years unless otherwise prescribed by the Legislature. Senators shall be elected at the same time and places as members of the Assembly.

(c) A person is ineligible to be a member of the Legislature unless the person is an elector and has been a resident of the legislative district for one year, and a citizen of the United States and a resident of California for 3 years, immediately preceding the election.

(d) When a vacancy occurs in the Legislature the Governor immediately shall call an election to fill the vacancy. *[As amended November 6, 1990. Initiative measure.]*

[*Legislative Sessions—Regular and Special Sessions*]

SEC. 3. (a) The Legislature shall convene in regular session at noon on the first Monday in December of each even-numbered year and each house shall immediately organize. Each session of the Legislature shall adjourn sine die by operation of the Constitution at midnight on November 30 of the following even-numbered year.

(b) On extraordinary occasions the Governor by proclamation may cause the Legislature to assemble in special session. When so assembled it has power to legislate only on subjects specified in the proclamation but may provide for expenses and other matters incidental to the session. [*As amended June 8, 1976.*]

[*Legislators—Conflict of Interest—Prohibited Compensation—Earned Income*]

SEC. 4. (a) To eliminate any appearance of a conflict with the proper discharge of his or her duties and responsibilities, no Member of the Legislature may knowingly receive any salary, wages, commissions, or other similar earned income from a lobbyist or lobbying firm, as defined by the Political Reform Act of 1974, or from a person who, during the previous 12 months, has been under a contract with the Legislature. The Legislature shall enact laws that define earned income. However, earned income does not include any community property interest in the income of a spouse. Any Member who knowingly receives any salary, wages, commissions, or other similar earned income from a lobbyist employer, as defined by the Political Reform Act of 1974, may not, for a period of one year following its receipt, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the Legislature, other than an action or decision involving a bill described in subdivision (c) of Section 12 of this article, which he or she knows, or has reason to know, would have a direct and significant financial impact on the lobbyist employer and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, “public generally” includes an industry, trade, or profession.

[*Legislators—Travel and Living Expenses*]

(b) Travel and living expenses for Members of the Legislature in connection with their official duties shall be prescribed by statute passed by rollcall vote entered in the journal, two-thirds of the membership of each house concurring. A Member may not receive travel and living expenses during the times that the Legislature is in recess for more than three calendar days, unless the Member is traveling to or from, or is in attendance at, any meeting of a committee of which he or she is a member, or a meeting, conference, or other legislative function or responsibility as authorized by the rules of the house of which he or she is a member, which is held at a location at least 20 miles from his or her place of residence.

[*Legislators—Retirement*]

(c) The Legislature may not provide retirement benefits based on any portion of a monthly salary in excess of five hundred dollars (\$500) paid to any Member of the Legislature unless the Member receives the greater amount while serving as a Member in the Legislature. The Legislature may, prior to their retirement, limit the retirement benefits payable to Members of the Legislature who serve during or after the term commencing in 1967.

When computing the retirement allowance of a Member who serves in the Legislature during the term commencing in 1967 or later, allowance may be made for increases in cost of living if so provided by statute, but only with respect to increases in the cost of living occurring after retirement of the Member. However, the Legislature may provide that no Member shall be deprived of a cost of living adjustment based on a monthly salary of five hundred dollars (\$500) which has accrued prior to the commencement of the 1967 Regular Session of the Legislature. [*As amended June 5, 1990.*]

[*Legislators—Retirement*]

SEC. 4.5. Notwithstanding any other provision of this Constitution or existing law, a person elected to or serving in the Legislature on or after November 1, 1990, shall participate in the Federal Social Security (Retirement, Disability, Health Insurance) Program and the State shall pay only the employer's share of the contribution necessary to such participation. No other pension or retirement benefit shall accrue as a result of service in the Legislature, such service not being intended as a career occupation. This Section shall not be construed to abrogate or diminish any vested pension or retirement benefit which may have accrued under an existing law to a person holding or having held office in the Legislature, but upon adoption of this Act no further entitlement to nor vesting in any existing program shall accrue to any such person, other than Social Security to the extent herein provided. [*New section adopted November 6, 1990. Initiative measure.*]

[*Legislators—Qualifications—Expulsion*]

SEC. 5. (a) Each house shall judge the qualifications and elections of its Members and, by rollcall vote entered in the journal, two thirds of the membership concurring, may expel a Member.

[*Legislators—Honoraria*]

(b) No Member of the Legislature may accept any honorarium. The Legislature shall enact laws that implement this subdivision.

[*Legislators—Gifts—Conflict of Interest*]

(c) The Legislature shall enact laws that ban or strictly limit the acceptance of a gift by a Member of the Legislature from any source if the acceptance of the gift might create a conflict of interest.

[Legislators—Prohibited Compensation or Activity]

(d) No Member of the Legislature may knowingly accept any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any state government board or agency. If a Member knowingly accepts any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any local government board or agency, the Member may not, for a period of one year following the acceptance of the compensation, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the Legislature, other than an action or decision involving a bill described in subdivision (c) of Section 12 of this article, which he or she knows, or has reason to know, would have a direct and significant financial impact on that person and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, "public generally" includes an industry, trade, or profession. However, a Member may engage in activities involving a board or agency which are strictly on his or her own behalf, appear in the capacity of an attorney before any court or the Workers' Compensation Appeals Board, or act as an advocate without compensation or make an inquiry for information on behalf of a person before a board or agency. This subdivision does not prohibit any action of a partnership or firm of which the Member is a member if the Member does not share directly or indirectly in the fee, less any expenses attributable to that fee, resulting from that action.

[Legislators—Lobbying]

(e) The Legislature shall enact laws that prohibit a Member of the Legislature whose term of office commences on or after December 3, 1990, from lobbying, for compensation, as governed by the Political Reform Act of 1974, before the Legislature for 12 months after leaving office.

[Legislators—Conflict of Interest]

(f) The Legislature shall enact new laws, and strengthen the enforcement of existing laws, prohibiting Members of the Legislature from engaging in activities or having interests which conflict with the proper discharge of their duties and responsibilities. However, the people reserve to themselves the power to implement this requirement pursuant to Article II. *[As amended June 5, 1990. Subdivision (b) operative December 3, 1990.]*

SEC. 6. *[Repealed June 3, 1980. See Section 6, below.]*

[Senatorial and Assembly Districts]

SEC. 6. For the purpose of choosing members of the Legislature, the State shall be divided into 40 Senatorial and 80 Assembly districts to be called Senatorial and Assembly Districts. Each Senatorial district

shall choose one Senator and each Assembly district shall choose one member of the Assembly. [*New section adopted June 3, 1980.*]

[*House Rules—Officers—Quorum*]

SEC. 7. (a) Each house shall choose its officers and adopt rules for its proceedings. A majority of the membership constitutes a quorum, but a smaller number may recess from day to day and compel the attendance of absent members.

[*Journals*]

(b) Each house shall keep and publish a journal of its proceedings. The rollcall vote of the members on a question shall be taken and entered in the journal at the request of 3 members present.

[*Public Proceedings—Closed Sessions*]

(c) (1) The proceedings of each house and the committees thereof shall be open and public. However, closed sessions may be held solely for any of the following purposes:

(A) To consider the appointment, employment, evaluation of performance, or dismissal of a public officer or employee, to consider or hear complaints or charges brought against a Member of the Legislature or other public officer or employee, or to establish the classification or compensation of an employee of the Legislature.

(B) To consider matters affecting the safety and security of Members of the Legislature or its employees or the safety and security of any buildings and grounds used by the Legislature.

(C) To confer with, or receive advice from, its legal counsel regarding pending or reasonably anticipated, or whether to initiate, litigation when discussion in open session would not protect the interests of the house or committee regarding the litigation.

(2) A caucus of the Members of the Senate, the Members of the Assembly, or the Members of both houses, which is composed of the members of the same political party, may meet in closed session.

(3) The Legislature shall implement this subdivision by concurrent resolution adopted by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, or by statute, and shall prescribe that, when a closed session is held pursuant to paragraph (1), reasonable notice of the closed session and the purpose of the closed session shall be provided to the public. If there is a conflict between a concurrent resolution and statute, the last adopted or enacted shall prevail.

[*Recess*]

(d) Neither house without the consent of the other may recess for more than 10 days or to any other place. [*As amended June 5, 1990. Subdivision (c) operative December 3, 1990.*]

[*Legislature—Total Aggregate Expenditures*]

SEC. 7.5. In the fiscal year immediately following the adoption of this Act, the total aggregate expenditures of the Legislature for the compensation of members and employees of, and the operating expenses and equipment for, the Legislature may not exceed an amount equal to nine hundred fifty thousand dollars (\$950,000) per member for that fiscal year or 80 percent of the amount of money expended for those purposes in the preceding fiscal year, whichever is less. For each fiscal year thereafter, the total aggregate expenditures may not exceed an amount equal to that expended for those purposes in the preceding fiscal year, adjusted and compounded by an amount equal to the percentage increase in the appropriations limit for the State established pursuant to Article XIII B. [*New section adopted November 6, 1990. Initiative measure.*]

[*Bills and Statutes—30-day Waiting Period*]

SEC. 8. (a) At regular sessions no bill other than the budget bill may be heard or acted on by committee or either house until the 31st day after the bill is introduced unless the house dispenses with this requirement by rollcall vote entered in the journal, three fourths of the membership concurring.

[*Bills and Statutes—3 Readings*]

(b) The Legislature may make no law except by statute and may enact no statute except by bill. No bill may be passed unless it is read by title on 3 days in each house except that the house may dispense with this requirement by rollcall vote entered in the journal, two thirds of the membership concurring. No bill may be passed until the bill with amendments has been printed and distributed to the members. No bill may be passed unless, by rollcall vote entered in the journal, a majority of the membership of each house concurs.

[*Bills and Statutes—Effective Date*]

(c) (1) Except as provided in paragraphs (2) and (3) of this subdivision, a statute enacted at a regular session shall go into effect on January 1 next following a 90-day period from the date of enactment of the statute and a statute enacted at a special session shall go into effect on the 91st day after adjournment of the special session at which the bill was passed.

(2) A statute, other than a statute establishing or changing boundaries of any legislative, congressional, or other election district, enacted by a bill passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, shall go into effect on January 1 next following the enactment date of the statute unless, before January 1, a copy of a referendum petition affecting the statute is submitted to the Attorney

General pursuant to subdivision (d) of Section 10 of Article II, in which event the statute shall go into effect on the 91st day after the enactment date unless the petition has been presented to the Secretary of State pursuant to subdivision (b) of Section 9 of Article II.

(3) Statutes calling elections, statutes providing for tax levies or appropriations for the usual current expenses of the State, and urgency statutes shall go into effect immediately upon their enactment.

[Bills and Statutes—Urgency Statutes]

(d) Urgency statutes are those necessary for immediate preservation of the public peace, health, or safety. A statement of facts constituting the necessity shall be set forth in one section of the bill. In each house the section and the bill shall be passed separately, each by rollcall vote entered in the journal, two thirds of the membership concurring. An urgency statute may not create or abolish any office or change the salary, term, or duties of any office, or grant any franchise or special privilege, or create any vested right or interest. [*As amended June 5, 1990.*]

SEC. 9. [*Repealed November 8, 1966. See Section 9, below.*]

[Statutes—Title—Section]

SEC. 9. A statute shall embrace but one subject, which shall be expressed in its title. If a statute embraces a subject not expressed in its title, only the part not expressed is void. A statute may not be amended by reference to its title. A section of a statute may not be amended unless the section is re-enacted as amended. [*New section adopted November 8, 1966.*]

[Governor's Veto—Bill Introduction in Biennial Session]

SEC. 10. (a) Each bill passed by the Legislature shall be presented to the Governor. It becomes a statute if it is signed by the Governor. The Governor may veto it by returning it with any objections to the house of origin, which shall enter the objections in the journal and proceed to reconsider it. If each house then passes the bill by rollcall vote entered in the journal, two thirds of the membership concurring, it becomes a statute.

(b) (1) Any bill, other than a bill which would establish or change boundaries of any legislative, congressional, or other election district, passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, that is not returned within 30 days after that date becomes a statute.

(2) Any bill passed by the Legislature before September 1 of the second calendar year of the biennium of the legislative session and in the possession of the Governor on or after September 1 that is not returned on or before September 30 of that year becomes a statute.

(3) Any other bill presented to the Governor that is not returned within 12 days becomes a statute.

(4) If the Legislature by adjournment of a special session prevents the return of a bill with the veto message, the bill becomes a statute unless the Governor vetoes the bill within 12 days after it is presented by depositing it and the veto message in the office of the Secretary of State.

(5) If the 12th day of the period within which the Governor is required to perform an act pursuant to paragraph (3) or (4) of this subdivision is a Saturday, Sunday, or holiday, the period is extended to the next day that is not a Saturday, Sunday, or holiday.

(c) Any bill introduced during the first year of the biennium of the legislative session that has not been passed by the house of origin by January 31 of the second calendar year of the biennium may no longer be acted on by the house. No bill may be passed by either house on or after September 1 of an even-numbered year except statutes calling elections, statutes providing for tax levies or appropriations for the usual current expenses of the State, and urgency statutes, and bills passed after being vetoed by the Governor.

(d) The Legislature may not present any bill to the Governor after November 15 of the second calendar year of the biennium of the legislative session.

(e) The Governor may reduce or eliminate one or more items of appropriation while approving other portions of a bill. The Governor shall append to the bill a statement of the items reduced or eliminated with the reasons for the action. The Governor shall transmit to the house originating the bill a copy of the statement and reasons. Items reduced or eliminated shall be separately reconsidered and may be passed over the Governor's veto in the same manner as bills. [*As amended June 5, 1990.*]

[*Committees*]

SEC. 11. The Legislature or either house may by resolution provide for the selection of committees necessary for the conduct of its business, including committees to ascertain facts and make recommendations to the Legislature on a subject within the scope of legislative control. [*As amended November 7, 1972.*]

[*Governor's Budget—Budget Bill—Other Appropriations*]

SEC. 12. (a) Within the first 10 days of each calendar year, the Governor shall submit to the Legislature, with an explanatory message, a budget for the ensuing fiscal year containing itemized statements for recommended state expenditures and estimated state revenues. If recommended expenditures exceed estimated revenues, the Governor shall recommend the sources from which the additional revenues should be provided.

(b) The Governor and the Governor-elect may require a state agency, officer or employee to furnish whatever information is deemed necessary to prepare the budget.

(c) The budget shall be accompanied by a budget bill itemizing recommended expenditures. The bill shall be introduced immediately in each house by the persons chairing the committees that consider appropriations. The Legislature shall pass the budget bill by midnight on June 15 of each year. Until the budget bill has been enacted, the Legislature shall not send to the Governor for consideration any bill appropriating funds for expenditure during the fiscal year for which the budget bill is to be enacted, except emergency bills recommended by the Governor or appropriations for the salaries and expenses of the Legislature.

(d) No bill except the budget bill may contain more than one item of appropriation, and that for one certain, expressed purpose. Appropriations from the General Fund of the State, except appropriations for the public schools, are void unless passed in each house by rollcall vote entered in the journal, two thirds of the membership concurring.

(e) The Legislature may control the submission, approval, and enforcement of budgets and the filing of claims for all state agencies. [*As amended June 4, 1974, and November 5, 1974.*]

[Legislators—Ineligible for Certain Offices]

SEC. 13. A member of the Legislature may not, during the term for which the member is elected, hold any office or employment under the State other than an elective office. [*As amended November 5, 1974.*]

SEC. 14. [*Repealed November 8, 1966. See Section 14, below.*]

[Members—Not Subject to Civil Process]

SEC. 14. A member of the Legislature is not subject to civil process during a session of the Legislature or for 5 days before and after a session. [*New section adopted November 8, 1966.*]

[Influencing Action or Vote of a Member—Felony]

SEC. 15. A person who seeks to influence the vote or action of a member of the Legislature in the member's legislative capacity by bribery, promise of reward, intimidation, or other dishonest means, or a member of the Legislature so influenced, is guilty of a felony. [*As amended November 5, 1974.*]

[Uniform Operation of General Laws—Special Statute—Invalid]

SEC. 16. (a) All laws of a general nature have uniform operation.

(b) A local or special statute is invalid in any case if a general statute can be made applicable. [*As amended November 5, 1974.*]

SEC. 17. [*Repealed November 8, 1966. See Section 17, below.*]

[*Grant of Extra Compensation or Allowance Prohibited*]

SEC. 17. The Legislature has no power to grant, or to authorize a city, county, or other public body to grant, extra compensation or extra allowance to a public officer, public employee, or contractor after service has been rendered or a contract has been entered into and performed in whole or in part, or to authorize the payment of a claim against the State or a city, county, or other public body under an agreement made without authority of law. [*New section adopted November 8, 1966.*]

SEC. 18. [*Repealed November 8, 1966. See Section 18, below.*]

[*Impeachment*]

SEC. 18. (a) The Assembly has the sole power of impeachment. Impeachments shall be tried by the Senate. A person may not be convicted unless, by rollcall vote entered in the journal, two thirds of the membership of the Senate concurs.

(b) State officers elected on a statewide basis, members of the State Board of Equalization, and judges of state courts are subject to impeachment for misconduct in office. Judgment may extend only to removal from office and disqualification to hold any office under the State, but the person convicted or acquitted remains subject to criminal punishment according to law. [*New section adopted November 8, 1966.*]

[*Lotteries—Horse Races Regulated—Bingo Games for Charitable Purposes*]

SEC. 19. (a) The Legislature has no power to authorize lotteries and shall prohibit the sale of lottery tickets in the State.

(b) The Legislature may provide for the regulation of horse races and horse race meetings and wagering on the results.

(c) Notwithstanding subdivision (a) the Legislature by statute may authorize cities and counties to provide for bingo games, but only for charitable purposes.

(d) Notwithstanding subdivision (a), there is authorized the establishment of a California State Lottery.

(e) The Legislature has no power to authorize, and shall prohibit casinos of the type currently operating in Nevada and New Jersey. [*As amended November 6, 1984. Initiative measure.*]

SEC. 20. [*Repealed November 8, 1966. See Section 20, below.*]

[*Fish and Game—Districts and Commission*]

SEC. 20. (a) The Legislature may provide for division of the State into fish and game districts and may protect fish and game in districts or parts of districts.

(b) There is a Fish and Game Commission of 5 members appointed by the Governor and approved by the Senate, a majority of the mem-

bership concurring, for 6-year terms and until their successors are appointed and qualified. Appointment to fill a vacancy is for the unexpired portion of the term. The Legislature may delegate to the commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. A member of the commission may be removed by concurrent resolution adopted by each house, a majority of the membership concurring. [*New section adopted November 8, 1966.*]

[*War- or Enemy-Caused Disaster*]

SEC. 21. To meet the needs resulting from war-caused or enemy-caused disaster in California, the Legislature may provide for:

(a) Filling the offices of members of the Legislature should at least one fifth of the membership of either house be killed, missing, or disabled, until they are able to perform their duties or successors are elected.

(b) Filling the office of Governor should the Governor be killed, missing, or disabled, until the Governor or the successor designated in this Constitution is able to perform the duties of the office of Governor or a successor is elected.

(c) Convening the Legislature.

(d) Holding elections to fill offices that are elective under this Constitution and that are either vacant or occupied by persons not elected thereto.

(e) Selecting a temporary seat of state or county government. [*As amended November 5, 1974.*]

[*Accountability—Session Goals and Objectives*]

SEC. 22. It is the right of the people to hold their legislators accountable. To assist the people in exercising this right, at the convening of each regular session of the Legislature, the President pro Tempore of the Senate, the Speaker of the Assembly, and the minority leader of each house shall report to their house the goals and objectives of that house during that session and, at the close of each regular session, the progress made toward meeting those goals and objectives. [*State Capitol Maintenance—Appropriations*]

SEC. 28. (a) Notwithstanding any other provision of this Constitution, no bill shall take effect as an urgency statute if it authorizes or contains an appropriation for either (1) the alteration or modification of the color, detail, design, structure or fixtures of the historically restored areas of the first, second, and third floors and the exterior of the west wing of the State Capitol from that existing upon the completion of the project of restoration or rehabilitation of the building conducted pursuant to Section 9124 of the Government Code as such section read upon the effective date of this section, or (2) the purchase of furniture of different design to replace that restored, replicated, or designed to conform to the historic period of the historically restored areas specified above, including the legislators' chairs and desks in the Senate and Assembly Chambers.

(b) No expenditures shall be made in payment for any of the purposes described in subdivision (a) of this section unless funds are appropriated expressly for such purposes.

(c) This section shall not apply to appropriations or expenditures for ordinary repair and maintenance of the State Capitol building, fixtures and furniture. [*New Section adopted June 3, 1980.*]

ARTICLE V *

EXECUTIVE

[*Executive Power Vested in Governor*]

SECTION 1. The supreme executive power of this State is vested in the Governor. The Governor shall see that the law is faithfully executed. [*As amended November 5, 1974.*]

[*Election—Eligibility—Number of Terms*]

SEC. 2. The Governor shall be elected every fourth year at the same time and places as members of the Assembly and hold office from the Monday after January 1 following the election until a successor qualifies. The Governor shall be an elector who has been a citizen of the United States and a resident of this State for 5 years immediately preceding the Governor's election. The Governor may not hold other public office. No Governor may serve more than 2 terms. [*As amended November 6, 1990. Initiative measure.*]

[*Report to Legislature—Recommendations*]

SEC. 3. The Governor shall report to the Legislature each calendar year on the condition of the State and may make recommendations. [*As amended November 7, 1972.*]

SEC. 4. [*Repealed November 8, 1966. See Section 4, below.*]

[*Information From Executive Officers, Etc.*]

SEC. 4. The Governor may require executive officers and agencies and their employees to furnish information relating to their duties. [*New section adopted November 8, 1966.*]

[*Filling Vacancies—Confirmation by Legislature*]

SEC. 5. (a) Unless the law otherwise provides, the Governor may fill a vacancy in office by appointment until a successor qualifies.

* New Article V adopted November 8, 1966.

(b) Whenever there is a vacancy in the office of the Superintendent of Public Instruction, the Lieutenant Governor, Secretary of State, Controller, Treasurer, or Attorney General, or on the State Board of Equalization, the Governor shall nominate a person to fill the vacancy who shall take office upon confirmation by a majority of the membership of the Senate and a majority of the membership of the Assembly and who shall hold office for the balance of the unexpired term. In the event the nominee is neither confirmed nor refused confirmation by both the Senate and the Assembly within 90 days of the submission of the nomination, the nominee shall take office as if he or she had been confirmed by a majority of the Senate and Assembly; provided, that if such 90-day period ends during a recess of the Legislature, the period shall be extended until the sixth day following the day on which the Legislature reconvenes. [*As amended November 2, 1976.*]

SEC. 6. [*Repealed November 8, 1966. See Section 6, below.*]

[*Executive Assignment and Agency Reorganization*]

SEC. 6. Authority may be provided by statute for the Governor to assign and reorganize functions among executive officers and agencies and their employees, other than elective officers and agencies administered by elective officers. [*New section adopted November 8, 1966.*]

[*Commander of Militia*]

SEC. 7. The Governor is commander in chief of a militia that shall be provided by statute. The Governor may call it forth to execute the law. [*As amended November 5, 1974.*]

[*Reprieves—Pardons—Commutations*]

SEC. 8. (a) Subject to application procedures provided by statute, the Governor, on conditions the Governor deems proper, may grant a reprieve, pardon, and commutation, after sentence, except in case of impeachment. The Governor shall report to the Legislature each reprieve, pardon, and commutation granted, stating the pertinent facts and the reasons for granting it. The Governor may not grant a pardon or commutation to a person twice convicted of a felony except on recommendation of the Supreme Court, 4 judges concurring.

(b) No decision of the parole authority of this State with respect to the granting, denial, revocation, or suspension of parole of a person sentenced to an indeterminate term upon conviction of murder shall become effective for a period of 30 days, during which the Governor may review the decision subject to procedures provided by statute. The Governor may only affirm, modify, or reverse the decision of the parole authority on the basis of the same factors which the parole authority is required to consider. The Governor shall report to the Legislature each parole decision affirmed, modified, or reversed, stating the pertinent facts and reasons for the action. [*As amended November 8, 1988.*]

[*Lieutenant Governor—Qualifications—Casting Vote*]

SEC. 9. The Lieutenant Governor shall have the same qualifications as the Governor. The Lieutenant Governor is President of the Senate but has only a casting vote. [*As amended November 5, 1974.*]

[*Succession*]

SEC. 10. The Lieutenant Governor shall become Governor when a vacancy occurs in the office of Governor.

The Lieutenant Governor shall act as Governor during the impeachment, absence from the State, or other temporary disability of the Governor or of a Governor-elect who fails to take office.

The Legislature shall provide an order of precedence after the Lieutenant Governor for succession to the office of Governor and for the temporary exercise of the Governor's functions.

The Supreme Court has exclusive jurisdiction to determine all questions arising under this section.

Standing to raise questions of vacancy or temporary disability is vested exclusively in a body provided by statute. [*As amended November 5, 1974.*]

[*Other State Officers—Election—Number of Terms*]

SEC. 11. The Lieutenant Governor, Attorney General, Controller, Secretary of State, and Treasurer shall be elected at the same time and places and for the same term as the Governor. No Lieutenant Governor, Attorney General, Controller, Secretary of State, or Treasurer may serve in the same office for more than 2 terms. [*As amended November 6, 1990. Initiative measure.*]

SEC. 12. [*Repealed June 5, 1990.*]

[*Attorney General—Chief Law Officer*]

SEC. 13. Subject to the powers and duties of the Governor, the Attorney General shall be the chief law officer of the State. It shall be the duty of the Attorney General to see that the laws of the State are uniformly and adequately enforced. The Attorney General shall have direct supervision over every district attorney and sheriff and over such other law enforcement officers as may be designated by law, in all matters pertaining to the duties of their respective offices, and may require any of said officers to make reports concerning the investigation, detection, prosecution, and punishment of crime in their respective jurisdictions as to the Attorney General may seem advisable. Whenever in the opinion of the Attorney General any law of the State is not being adequately enforced in any county, it shall be the duty of the Attorney General to prosecute any violations of law of which the superior court shall have jurisdiction, and in such cases the Attorney General shall have all the powers of a district attorney. When required by the public

interest or directed by the Governor, the Attorney General shall assist any district attorney in the discharge of the duties of that office. [As amended November 5, 1974.]

[*State Officers—Conflict of Interest—Prohibited Compensation—Earned Income*]

SEC. 14. (a) To eliminate any appearance of a conflict with the proper discharge of his or her duties and responsibilities, no state officer may knowingly receive any salary, wages, commissions, or other similar earned income from a lobbyist or lobbying firm, as defined by the Political Reform Act of 1974, or from a person who, during the previous 12 months, has been under a contract with the state agency under the jurisdiction of the state officer. The Legislature shall enact laws that define earned income. However, earned income does not include any community property interest in the income of a spouse. Any state officer who knowingly receives any salary, wages, commissions, or other similar earned income from a lobbyist employer, as defined by the Political Reform Act of 1974, may not, for a period of one year following its receipt, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the agency for which the state officer serves, other than an action or decision involving a bill described in subdivision (c) of Section 12 of Article IV, which he or she knows, or has reason to know, would have a direct and significant financial impact on the lobbyist employer and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, “public generally” includes an industry, trade, or profession.

[*State Officers—Honoraria*]

(b) No state officer may accept any honorarium. The Legislature shall enact laws that implement this subdivision.

[*State Officers—Gifts—Conflict of Interest*]

(c) The Legislature shall enact laws that ban or strictly limit the acceptance of a gift by a state officer from any source if the acceptance of the gift might create a conflict of interest.

[*State Officers—Prohibited Compensation or Activity*]

(d) No state officer may knowingly accept any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any state government board or agency. If a state officer knowingly accepts any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any local government board or agency, the state officer may not, for a period of one year following the acceptance of the compensation, make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the state agency for which the state officer serves, other than an action or decision in-

volving a bill described in subdivision (c) of Section 12 of Article IV, which he or she knows, or has reason to know, would have a direct and significant financial impact on that person and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, "public generally" includes an industry, trade, or profession. However, a state officer may engage in activities involving a board or agency which are strictly on his or her own behalf, appear in the capacity of an attorney before any court or the Workers' Compensation Appeals Board, or act as an advocate without compensation or make an inquiry for information on behalf of a person before a board or agency. This subdivision does not prohibit any action of a partnership or firm of which the state officer is a member if the state officer does not share directly or indirectly in the fee, less any expenses attributable to that fee, resulting from that action.

[State Officers—Lobbying]

(e) The Legislature shall enact laws that prohibit a state officer, or a secretary of an agency or director of a department appointed by the Governor, who has not resigned or retired from state service prior to January 7, 1991, from lobbying, for compensation, as governed by the Political Reform Act of 1974, before the executive branch of state government for 12 months after leaving office.

[State Officer—Definition]

(f) "State officer," as used in this section, means the Governor, Lieutenant Governor, Attorney General, Controller, Insurance Commissioner, Secretary of State, Superintendent of Public Instruction, Treasurer, and member of the State Board of Equalization. *[New section adopted June 5, 1990. [*Supreme Court—Composition*]

SEC. 2. The Supreme Court consists of the Chief Justice of California and 6 associate justices. The Chief Justice may convene the court at any time. Concurrence of 4 judges present at the argument is necessary for a judgment.

An acting Chief Justice shall perform all functions of the Chief Justice when the Chief Justice is absent or unable to act. The Chief Justice or, if the Chief Justice fails to do so, the court shall select an associate justice as acting Chief Justice. [*As amended November 5, 1974.*]

[*Judicial Districts—Courts of Appeal*]

SEC. 3. The Legislature shall divide the State into districts each containing a court of appeal with one or more divisions. Each division consists of a presiding justice and 2 or more associate justices. It has the power of a court of appeal and shall conduct itself as a 3-judge court. Concurrence of 2 judges present at the argument is necessary for a judgment.

An acting presiding justice shall perform all functions of the presiding justice when the presiding justice is absent or unable to act. The presiding justice or, if the presiding justice fails to do so, the Chief Justice shall select an associate justice of that division as acting presiding justice. [*As amended November 5, 1974.*]

* New Article VI adopted November 8, 1966.

[Superior Courts]

SEC. 4. In each county there is a superior court of one or more judges. The Legislature shall prescribe the number of judges and provide for the officers and employees of each superior court. If the governing body of each affected county concurs, the Legislature may provide that one or more judges serve more than one superior court.

The county clerk is ex officio clerk of the superior court in the county.

[Municipal and Justice Courts]

SEC. 5. (a) Each county shall be divided into municipal court and justice court districts as provided by statute, but a city may not be divided into more than one district. Each municipal and justice court shall have one or more judges.

There shall be a municipal court in each district of more than 40,000 residents and a justice court in each district of 40,000 residents or less. The number of residents shall be ascertained as provided by statute.

The Legislature shall provide for the organization and prescribe the jurisdiction of municipal and justice courts. It shall prescribe for each municipal court and provide for each justice court the number, qualifications, and compensation of judges, officers, and employees.

(b) Notwithstanding the provisions of subdivision (a), any city in San Diego County may be divided into more than one municipal court or justice court district if the Legislature determines that unusual geographic conditions warrant such division. *[As amended June 8, 1976. Operative until January 1, 1995. See Section 5, below.]*

[Municipal and Justice Courts]

SEC. 5. (a) Each county shall be divided into municipal court districts as provided by statute, but a city may not be divided into more than one district. Each municipal court shall have one or more judges. Each municipal court district shall have no fewer than 40,000 residents; provided that each county shall have at least one municipal court district. The number of residents shall be determined as provided by statute.

(b) On the operative date of this subdivision, all existing justice courts shall become municipal courts, and the number, qualifications, and compensation of judges, officers, attachés, and employees shall continue until changed by the Legislature. Each judge of a part-time mu-

municipal court is deemed to have agreed to serve full time and shall be available for assignment by the Chief Justice for the balance of time necessary to comprise a full-time workload.

(c) The Legislature shall provide for the organization and prescribe the jurisdiction of municipal courts. It shall prescribe for each municipal court the number, qualifications, and compensation of judges, officers, and employees.

(d) Notwithstanding subdivision (a), any city in San Diego County may be divided into more than one municipal court district if the Legislature determines that unusual geographic conditions warrant such division. [*As amended November 8, 1994. Operative January 1, 1995. See Section 5, above.*]

SEC. 5.5. [*Repealed June 8, 1976.*]

[*Judicial Council—Membership and Powers*]

SEC. 6. The Judicial Council consists of the Chief Justice and one other judge of the Supreme Court, 3 judges of courts of appeal, 5 judges of superior courts, 3 judges of municipal courts, and 2 judges of justice courts, each appointed by the Chief Justice for a 2-year term; 4 members of the State Bar appointed by its governing body for 2-year terms; and one member of each house of the Legislature appointed as provided by the house.

Council membership terminates if a member ceases to hold the position that qualified the member for appointment. A vacancy shall be filled by the appointing power for the remainder of the term.

The council may appoint an Administrative Director of the Courts, who serves at its pleasure and performs functions delegated by the council or the Chief Justice, other than adopting rules of court administration, practice and procedure.

To improve the administration of justice the council shall survey judicial business and make recommendations to the courts, make recommendations annually to the Governor and Legislature, adopt rules for court administration, practice and procedure, not inconsistent with statute, and perform other functions prescribed by statute.

The Chief Justice shall seek to expedite judicial business and to equalize the work of judges. The Chief Justice may provide for the assignment of any judge to another court but only with the judge's consent if the court is of lower jurisdiction. A retired judge who consents may be assigned to any court.

Judges shall report to the Judicial Council as the Chief Justice directs concerning the condition of judicial business in their courts. They shall cooperate with the council and hold court as assigned. [*As amended November 5, 1974. Operative until January 1, 1995. See Section 6, below.*]

SEC. 7. [*Repealed November 8, 1966. See Section 7, below.*]

[*Commission on Judicial Appointments—Membership*]

SEC. 7. The Commission on Judicial Appointments consists of the Chief Justice, the Attorney General, and the presiding justice of the court of appeal of the affected district or, if there are 2 or more presiding justices, the one who has presided longest or, when a nomination or appointment to the Supreme Court is to be considered, the presiding justice who has presided longest on any court of appeal. [*New section adopted November 8, 1966.*]

[*Commission on Judicial Performance—Membership*]

SEC. 8. (a) The Commission on Judicial Performance consists of 2 judges of courts of appeal, 2 judges of superior courts, and one judge of a municipal court, each appointed by the Supreme Court; 2 members of the State Bar of California who have practiced law in this State for 10 years, appointed by its governing body; and 2 citizens who are not judges, retired judges, or members of the State Bar of California, appointed by the Governor and approved by the Senate, a majority of the

membership concurring. Except as provided in subdivision (b), all terms are 4 years. No member shall serve more than 2 4-year terms.

Commission membership terminates if a member ceases to hold the position that qualified the member for appointment. A vacancy shall be filled by the appointing power for the remainder of the term. A member whose term has expired may continue to serve until the vacancy has been filled by the appointing power.

(b) To create staggered terms among the members of the Commission on Judicial Performance, the following members shall be appointed, as follows:

(1) The court of appeal member appointed to immediately succeed the term that expires on November 8, 1988, shall serve a 2-year term.

(2) Of the State Bar members appointed to immediately succeed terms that expire on December 31, 1988, one member shall serve for a 2-year term. [*As amended November 8, 1988. Operative until March 1, 1995. See Section 8, below.*]

[*Commission on Judicial Performance—Membership*]

SEC. 8. (a) The Commission on Judicial Performance consists of one judge of a court of appeal, one judge of a superior court, and one judge of a municipal court, each appointed by the Supreme Court; 2 members of the State Bar of California who have practiced law in this State for 10 years, each appointed by the Governor; and 6 citizens who are not judges, retired judges, or members of the State Bar of California, 2 of whom shall be appointed by the Governor, 2 by the Senate Committee on Rules, and 2 by the Speaker of the Assembly. Except as provided in subdivision (b), all terms are for 4 years. No member shall serve more than 2 4-year terms, or for more than a total of 10 years if appointed to fill a vacancy.

Commission membership terminates if a member ceases to hold the position that qualified the member for appointment. A vacancy shall be filled by the appointing power for the remainder of the term. A member whose term has expired may continue to serve until the vacancy has been filled by the appointing power. Appointing powers may appoint members who are already serving on the commission prior to March 1, 1995, to a single 2-year term, but may not appoint them to an additional term thereafter.

(b) To create staggered terms among the members of the Commission on Judicial Performance, the following members shall be appointed, as follows:

(1) Two members appointed by the Supreme Court to a term commencing March 1, 1995, shall each serve a term of 2 years and may be reappointed to one full term.

(2) One attorney appointed by the Governor to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.

(3) One citizen member appointed by the Governor to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.

(4) One member appointed by the Senate Committee on Rules to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.

(5) One member appointed by the Speaker of the Assembly to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.

(6) All other members shall be appointed to full 4-year terms commencing March 1, 1995. [*As amended November 8, 1994. Operative March 1, 1995. See Section 8, above.*]

SEC. 9. [*Repealed November 8, 1966. See Section 9, below.*]

[*State Bar*]

SEC. 9. The State Bar of California is a public corporation. Every person admitted and licensed to practice law in this State is and shall be a member of the State Bar except while holding office as a judge of a court of record. [*New section adopted November 8, 1966.*]

SEC. 10. [*Repealed November 8, 1966. See Section 10, below.*]

[*Jurisdiction—Original*]

SEC. 10. The Supreme Court, courts of appeal, superior courts, and their judges have original jurisdiction in habeas corpus proceedings. Those courts also have original jurisdiction in proceedings for extraordinary relief in the nature of mandamus, certiorari, and prohibition.

Superior courts have original jurisdiction in all causes except those given by statute to other trial courts.

The court may make such comment on the evidence and the testimony and credibility of any witness as in its opinion is necessary for the proper determination of the cause. [*New section adopted November 8, 1966.*]

SEC. 10a. [*Repealed November 8, 1966.*]

SEC. 10b. [*Repealed November 8, 1966.*]

[*Jurisdiction—Appellate*]

SEC. 11. The Supreme Court has appellate jurisdiction when judgment of death has been pronounced. With that exception courts of appeal have appellate jurisdiction when superior courts have original jurisdiction and in other causes prescribed by statute.

Superior courts have appellate jurisdiction in causes prescribed by statute that arise in municipal and justice courts in their counties.

The Legislature may permit appellate courts to take evidence and make findings of fact when jury trial is waived or not a matter of right. [*New section adopted November 8, 1966. Operative until January 1, 1995. See Section 11, below.*]

[*Jurisdiction—Appellate*]

SEC. 11. The Supreme Court has appellate jurisdiction when judgment of death has been pronounced. With that exception courts of appeal have appellate jurisdiction when superior courts have original jurisdiction and in other causes prescribed by statute.

Superior courts have appellate jurisdiction in causes prescribed by statute that arise in municipal courts in their counties.

The Legislature may permit appellate courts to take evidence and make findings of fact when jury trial is waived or not a matter of right. [*As amended November 8, 1994. Operative January 1, 1995. See Section 11, above.*]

[*Transfer of Causes—Jurisdiction—Review of Decisions*]

SEC. 12. (a) The Supreme Court may, before decision, transfer to itself a cause in a court of appeal. It may, before decision, transfer a cause from itself to a court of appeal or from one court of appeal or division to another. The court to which a cause is transferred has jurisdiction.

(b) The Supreme Court may review the decision of a court of appeal in any cause.

(c) The Judicial Council shall provide, by rules of court, for the time and procedure for transfer and for review, including, among other things, provisions for the time and procedure for transfer with instructions, for review of all or part of a decision, and for remand as improvidently granted.

(d) This section shall not apply to an appeal involving a judgment of death. [*As amended November 6, 1984. Operative May 6, 1985.*]

[*Judgment—When Set Aside*]

SEC. 13. No judgment shall be set aside, or new trial granted, in any cause, on the ground of misdirection of the jury, or of the improper admission or rejection of evidence, or for any error as to any matter of pleading, or for any error as to any matter of procedure, unless, after an examination of the entire cause, including the evidence, the court shall be of the opinion that the error complained of has resulted in a miscarriage of justice. [*New section adopted November 8, 1966.*]

SEC. 14. [*Repealed November 8, 1966. See Section 14, below.*]

[*Supreme Court and Appellate Court—Published Opinions*]

SEC. 14. The Legislature shall provide for the prompt publication of such opinions of the Supreme Court and courts of appeal as the Supreme Court deems appropriate, and those opinions shall be available for publication by any person.

Decisions of the Supreme Court and courts of appeal that determine causes shall be in writing with reasons stated. [*New section adopted November 8, 1966.*]

[Judges—Eligibility]

SEC. 15. A person is ineligible to be a judge of a court of record unless for 5 years immediately preceding selection to a municipal or justice court or 10 years immediately preceding selection to other courts, the person has been a member of the State Bar or served as a judge of a court of record in this State. A judge eligible for municipal court service may be assigned by the Chief Justice to serve on any court. *[As amended November 8, 1988. Operative until January 1, 1995. See Section 15, below.]*

[Judges—Eligibility]

SEC. 15. A person is ineligible to be a judge of a court of record unless for 5 years immediately preceding selection to a municipal court or 10 years immediately preceding selection to other courts, the person has been a member of the State Bar or served as a judge of a court of record in this State. A judge eligible for municipal court service may be assigned by the Chief Justice to serve on any court. *[As amended November 8, 1994. Operative January 1, 1995. See Section 15, above.]*

SEC. 15.5. *[Repealed January 1, 1995.]*

[Judges—Elections—Terms—Vacancies]

SEC. 16. (a) Judges of the Supreme Court shall be elected at large and judges of courts of appeal shall be elected in their districts at general elections at the same time and places as the Governor. Their terms are 12 years beginning the Monday after January 1 following their election, except that a judge elected to an unexpired term serves the remainder of the term. In creating a new court of appeal district or division the Legislature shall provide that the first elective terms are 4, 8, and 12 years.

(b) Judges of other courts shall be elected in their counties or districts at general elections. The Legislature may provide that an unopposed incumbent's name not appear on the ballot.

(c) Terms of judges of superior courts are 6 years beginning the Monday after January 1 following their election. A vacancy shall be filled by election to a full term at the next general election after the January 1 following the vacancy, but the Governor shall appoint a person to fill the vacancy temporarily until the elected judge's term begins.

(d) Within 30 days before August 16 preceding the expiration of the judge's term, a judge of the Supreme Court or a court of appeal may file a declaration of candidacy to succeed to the office presently held by the judge. If the declaration is not filed, the Governor before September 16 shall nominate a candidate. At the next general election, only the candidate so declared or nominated may appear on the ballot, which shall present the question whether the candidate shall be elected. The candidate shall be elected upon receiving a majority of the votes on the question. A candidate not elected may not be appointed to that court but later may be nominated and elected.

The Governor shall fill vacancies in those courts by appointment. An appointee holds office until the Monday after January 1 following the first general election at which the appointee had the right to become a candidate or until an elected judge qualifies. A nomination or appointment by the Governor is effective when confirmed by the Commission on Judicial Appointments.

Electors of a county, by majority of those voting and in a manner the Legislature shall provide, may make this system of selection applicable to judges of superior courts. [*As amended November 5, 1974.*]

[*Judges—Restrictions, Other Employment, and Benefits*]

SEC. 17. A judge of a court of record may not practice law and during the term for which the judge was selected is ineligible for public employment or public office other than judicial employment or judicial office, except a judge of a court of record may accept a part-time teaching position that is outside the normal hours of his or her judicial position and that does not interfere with the regular performance of his or her judicial duties while holding office. A judge of a trial court of record may, however, become eligible for election to other public office by taking a leave of absence without pay prior to filing a declaration of candidacy. Acceptance of the public office is a resignation from the office of judge.

A judicial officer may not receive fines or fees for personal use.

A judicial officer may not earn retirement service credit from a public teaching position while holding judicial office. [*As amended November 8, 1988.*]

[*Judges—Disqualification, Suspension, Removal, Retirement, or Repeval*]

SEC. 18. (a) A judge is disqualified from acting as a judge, without loss of salary, while there is pending (1) an indictment or an information charging the judge in the United States with a crime punishable as a felony under California or federal law, or (2) a recommendation to the Supreme Court by the Commission on Judicial Performance for removal or retirement of the judge.

(b) On recommendation of the Commission on Judicial Performance or on its own motion, the Supreme Court may suspend a judge from office without salary when in the United States the judge pleads guilty or no contest or is found guilty of a crime punishable as a felony under California or federal law or of any other crime that involves moral turpitude under that law. If the conviction is reversed suspension terminates, and the judge shall be paid the salary for the judicial office held by the judge for the period of suspension. If the judge is suspended and the conviction becomes final the Supreme Court shall remove the judge from office.

(c) On recommendation of the Commission on Judicial Performance the Supreme Court may (1) retire a judge for disability that seriously interferes with the performance of the judge's duties and is or is

likely to become permanent, and (2) censure or remove a judge for action occurring not more than 6 years prior to the commencement of the judge's current term that constitutes wilful misconduct in office, persistent failure or inability to perform the judge's duties, habitual intemperance in the use of intoxicants or drugs, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute. The Commission on Judicial Performance may privately admonish a judge found to have engaged in an improper action or a dereliction of duty, subject to review in the Supreme Court in the manner provided for review of causes decided by a court of appeal.

(d) A judge retired by the Supreme Court shall be considered to have retired voluntarily. A judge removed by the Supreme Court is ineligible for judicial office and pending further order of the court is suspended from practicing law in this State.

(e) A recommendation of the Commission on Judicial Performance for the censure, removal or retirement of a judge of the Supreme Court shall be determined by a tribunal of 7 court of appeal judges selected by lot.

(f) If, after conducting a preliminary investigation, the Commission on Judicial Performance by vote determines that formal proceedings should be instituted:

(1) The judge or judges charged may require that formal hearings be public, unless the Commission on Judicial Performance by vote finds good cause for confidential hearings.

(2) The Commission on Judicial Performance may, without further review in the Supreme Court, issue a public reproof with the consent of the judge for conduct warranting discipline. The public reproof shall include an enumeration of any and all formal charges brought against the judge which have not been dismissed by the commission.

(3) The Commission on Judicial Performance may in the pursuit of public confidence and the interests of justice, issue press statements or releases or, in the event charges involve moral turpitude, dishonesty, or corruption, open hearings to the public.

(g) The Commission on Judicial Performance may issue explanatory statements at any investigatory stage when the subject matter is generally known to the public.

(h) The Judicial Council shall make rules implementing this section and providing for confidentiality of proceedings. [*As amended November 8, 1988. Operative until March 1, 1995. See Section 18, below.*]

[Judges—Discipline]

SEC. 18. (a) A judge is disqualified from acting as a judge, without loss of salary, while there is pending (1) an indictment or an information charging the judge in the United States with a crime punishable as a felony under California or federal law, or (2) a petition to the Supreme Court to review a determination by the Commission on Judicial Performance to remove or retire a judge.

(b) The Commission on Judicial Performance may disqualify a judge from acting as a judge, without loss of salary, upon notice of formal proceedings by the commission charging the judge with judicial misconduct or disability.

(c) The Commission on Judicial Performance shall suspend a judge from office without salary when in the United States the judge pleads guilty or no contest or is found guilty of a crime punishable as a felony under California or federal law or of any other crime that involves moral turpitude under that law. If the conviction is reversed, suspension terminates, and the judge shall be paid the salary for the judicial office held by the judge for the period of suspension. If the judge is suspended and the conviction becomes final, the Commission on Judicial Performance shall remove the judge from office.

(d) Except as provided in subdivision (f), the Commission on Judicial Performance may (1) retire a judge for disability that seriously interferes with the performance of the judge's duties and is or is likely to become permanent, or (2) censure a judge or former judge or remove a judge for action occurring not more than 6 years prior to the commencement of the judge's current term or of the former judge's last term that constitutes willful misconduct in office, persistent failure or inability to perform the judge's duties, habitual intemperance in the use of intoxicants or drugs, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute, or (3) publicly or privately admonish a judge or former judge found to have engaged in an improper action or dereliction of duty. The commission may also bar a former judge who has been censured from receiving an assignment, appointment, or reference of work from any California state court. Upon petition by the judge or former judge, the Supreme Court may, in its discretion, grant review of a determination by the commission to retire, remove, censure, admonish, or disqualify pursuant to subdivision (b) a judge or former judge. When the Supreme Court reviews a determination of the commission, it may make an independent review of the record. If the Supreme Court has not acted within 120 days after granting the petition, the decision of the commission shall be final.

(e) A judge retired by the commission shall be considered to have retired voluntarily. A judge removed by the commission is ineligible for judicial office, including receiving an assignment, appointment, or reference of work from any California state court, and pending further order of the court is suspended from practicing law in this State. The State Bar may institute appropriate attorney disciplinary proceedings against any judge who retires or resigns from office with judicial disciplinary charges pending.

(f) A determination by the Commission on Judicial Performance to admonish or censure a judge or former judge of the Supreme Court or remove or retire a judge of the Supreme Court shall be reviewed by a tribunal of 7 court of appeal judges selected by lot.

(g) No court, except the Supreme Court, shall have jurisdiction in a civil action or other legal proceeding of any sort brought against the

commission by a judge. Any request for injunctive relief or other provisional remedy shall be granted or denied within 90 days of the filing of the request for relief. A failure to comply with the time requirements of this section does not affect the validity of commission proceedings.

(h) Members of the commission, the commission staff, and the examiners and investigators employed by the commission shall be absolutely immune from suit for all conduct at any time in the course of their official duties. No civil action may be maintained against a person, or adverse employment action taken against a person, by any employer, public or private, based on statements presented by the person to the commission.

(i) The Commission on Judicial Performance shall make rules implementing this section, including, but not limited to, the following:

(1) The commission shall make rules for the investigation of judges. The commission may provide for the confidentiality of complaints to and investigations by the commission.

(2) The commission shall make rules for formal proceedings against judges when there is cause to believe there is a disability or wrongdoing within the meaning of subdivision (d).

(j) When the commission institutes formal proceedings, the notice of charges, the answer, and all subsequent papers and proceedings shall be open to the public for all formal proceedings instituted after February 28, 1995.

(k) The commission may make explanatory statements.

(l) The budget of the commission shall be separate from the budget of any other state agency or court.

(m) The Supreme Court shall make rules for the conduct of judges, both on and off the bench, and for judicial candidates in the conduct of their campaigns. These rules shall be referred to as the Code of Judicial Ethics. [*As amended November 8, 1994. Operative March 1, 1995. See Section 18, above.*]

[Disciplined Judge Under Consideration for Judicial Appointment]

SEC. 18.5. (a) Upon request, the Commission on Judicial Performance shall provide to the Governor of any State of the Union the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission's action, with respect to any applicant whom the Governor of any State of the Union indicates is under consideration for any judicial appointment.

(b) Upon request, the Commission on Judicial Performance shall provide the President of the United States the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission's action, with respect to any applicant whom the President indicates is under consideration for any federal judicial appointment.

(c) Upon request, the Commission on Judicial Performance shall provide the Commission on Judicial Appointments the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission action, with respect to any applicant whom the Commission on Judicial Appointments indicates is under consideration for any judicial appointment.

(d) All information released under this section shall remain confidential and privileged.

(e) Notwithstanding subdivision (d), any information released pursuant to this section shall also be provided to the applicant about whom the information was requested.

(f) "Private admonishment" refers to a disciplinary action against a judge by the Commission on Judicial Performance as authorized by subdivision (c) of Section 18 of Article VI, as amended November 8, 1988. [*New section adopted November 8, 1994. Operative March 1, 1995.*]

[*Judges—Compensation*]

SEC. 19. The Legislature shall prescribe compensation for judges of courts of record.

A judge of a court of record may not receive the salary for the judicial office held by the judge while any cause before the judge remains pending and undetermined for 90 days after it has been submitted for decision. [*As amended November 5, 1974.*]

SEC. 20. [*Repealed November 8, 1966. See Section 20, below.*]

[*Judges—Retirement—Disability*]

SEC. 20. The Legislature shall provide for retirement, with reasonable allowance, of judges of courts of record for age or disability. [*New section adopted November 8, 1966.*]

SEC. 21. [*Repealed November 8, 1966. See Section 21, below.*]

[*Temporary Judges*]

SEC. 21. On stipulation of the parties litigant the court may order a cause to be tried by a temporary judge who is a member of the State Bar, sworn and empowered to act until final determination of the cause. [*New section adopted November 8, 1966.*]

[*Appointment of Officers—Subordinate Judicial Duties*]

SEC. 22. The Legislature may provide for the appointment by trial courts of record of officers such as commissioners to perform subordinate judicial duties. [*New section adopted November 8, 1966.*]

SEC. 23. [*Repealed November 8, 1966.*]

SEC. 24. [*Repealed November 8, 1966.*]

SEC. 26. [*Repealed November 8, 1966.*]

ARTICLE VII *

PUBLIC OFFICERS AND EMPLOYEES

[Civil Service]

SECTION 1. (a) The civil service includes every officer and employee of the State except as otherwise provided in this Constitution.

(b) In the civil service permanent appointment and promotion shall be made under a general system based on merit ascertained by competitive examination. [*New section adopted June 8, 1976.*]

[Personnel Board—Membership and Compensation]

SEC. 2. (a) There is a Personnel Board of 5 members appointed by the Governor and approved by the Senate, a majority of the membership concurring, for 10-year terms and until their successors are appointed and qualified. Appointment to fill a vacancy is for the unexpired portion of the term. A member may be removed by concurrent resolution adopted by each house, two-thirds of the membership of each house concurring.

(b) The board annually shall elect one of its members as presiding officer.

(c) The board shall appoint and prescribe compensation for an executive officer who shall be a member of the civil service but not a member of the board. [*New section adopted June 8, 1976.*]

[Personnel Board—Duties]

SEC. 3. (a) The board shall enforce the civil service statutes and, by majority vote of all its members, shall prescribe probationary periods and classifications, adopt other rules authorized by statute, and review disciplinary actions.

(b) The executive officer shall administer the civil service statutes under rules of the board. [*New section adopted June 8, 1976.*]

[Exempt Positions]

SEC. 4. The following are exempt from civil service:

(a) Officers and employees appointed or employed by the Legislature, either house, or legislative committees.

(b) Officers and employees appointed or employed by councils, commissions or public corporations in the judicial branch or by a court of record or officer thereof.

(c) Officers elected by the people and a deputy and an employee selected by each elected officer.

(d) Members of boards and commissions.

(e) A deputy or employee selected by each board or commission either appointed by the Governor or authorized by statute.

* New Article VII adopted June 8, 1976.

(f) State officers directly appointed by the Governor with or without the consent or confirmation of the Senate and the employees of the Governor's office, and the employees of the Lieutenant Governor's office directly appointed or employed by the Lieutenant Governor.

(g) A deputy or employee selected by each officer, except members of boards and commissions, exempted under Section 4(f).

(h) Officers and employees of the University of California and the California State Colleges.

(i) The teaching staff of schools under the jurisdiction of the Department of Education or the Superintendent of Public Instruction.

(j) Member, inmate, and patient help in state homes, charitable or correctional institutions, and state facilities for mentally ill or retarded persons.

(k) Members of the militia while engaged in military service.

(l) Officers and employees of district agricultural associations employed less than 6 months in a calendar year.

(m) In addition to positions exempted by other provisions of this section, the Attorney General may appoint or employ six deputies or employees, the Public Utilities Commission may appoint or employ one deputy or employee, and the Legislative Counsel may appoint or employ two deputies or employees. [*New section adopted June 8, 1976.*]

[*Temporary Appointments*]

SEC. 5. A temporary appointment may be made to a position for which there is no employment list. No person may serve in one or more positions under temporary appointment longer than 9 months in 12 consecutive months. [*New section adopted June 8, 1976.*]

[*Veterans' Preferences—Special Rules*]

SEC. 6. (a) The Legislature may provide preferences for veterans and their surviving spouses.

(b) The board by special rule may permit persons in exempt positions, brought under civil service by constitutional provision, to qualify to continue in their positions.

(c) When the State undertakes work previously performed by a county, city, public district of this State or by a federal department or agency, the board by special rule shall provide for persons who previously performed this work to qualify to continue in their positions in the state civil service subject to such minimum standards as may be established by statute. [*New section adopted June 8, 1976.*]

[*Dual Office Holding*]

SEC. 7. A person holding a lucrative office under the United States or other power may not hold a civil office of profit. A local officer or postmaster whose compensation does not exceed 500 dollars per year or an officer in the militia or a member of a reserve component of the armed forces of the United States except where on active federal duty

for more than 30 days in any year is not a holder of a lucrative office, nor is the holding of a civil office of profit affected by this military service. [*New section adopted June 8, 1976.*]

[Disqualification From Holding Office or Serving on Jury—Free Suffrage]

SEC. 8. (a) Every person shall be disqualified from holding any office of profit in this State who shall have been convicted of having given or offered a bribe to procure personal election or appointment.

(b) Laws shall be made to exclude persons convicted of bribery, perjury, forgery, malfeasance in office, or other high crimes from office or serving on juries. The privilege of free suffrage shall be supported by laws regulating elections and prohibiting, under adequate penalties, all undue influence thereon from power, bribery, tumult, or other improper practice. [*New section adopted June 8, 1976.*]

[Persons or Organizations Advocating Overthrow of Government]

SEC. 9. Notwithstanding any other provision of this Constitution, no person or organization which advocates the overthrow of the Government of the United States or the State by force or violence or other unlawful means or who advocates the support of a foreign government against the United States in the event of hostilities shall:

(a) Hold any office or employment under this State, including but not limited to the University of California, or with any county, city or county, city, district, political subdivision, authority, board, bureau, commission or other public agency of this State; or

(b) Receive any exemption from any tax imposed by this State or any county, city or county, city, district, political subdivision, authority, board, bureau, commission or other public agency of this State.

The Legislature shall enact such laws as may be necessary to enforce the provisions of this section. [*New section adopted June 8, 1976.*]

[Elected Officials—Disqualification for Libelous or Slanderous Campaign Statements]

SEC. 10. (a) No person who is found liable in a civil action for making libelous or slanderous statements against an opposing candidate during the course of an election campaign for any federal, statewide, Board of Equalization, or legislative office or for any county, city and county, city, district, or any other local elective office shall retain the seat to which he or she is elected, where it is established that the libel or slander was a major contributing cause in the defeat of an opposing candidate.

A libelous or slanderous statement shall be deemed to have been made by a person within the meaning of this section if that person actually made the statement or if the person actually or constructively assented to, authorized, or ratified the statement.

“Federal office,” as used in this section means the office of United States Senator and Member of the House of Representatives; and to the

extent that the provisions of this section do not conflict with any provision of federal law, it is intended that candidates seeking the office of United States Senator or Member of the House of Representatives comply with this section.

(b) In order to determine whether libelous or slanderous statements were a major contributing cause in the defeat of an opposing candidate, the trier of fact shall make a separate, distinct finding on that issue. If the trier of fact finds that libel or slander was a major contributing cause in the defeat of an opposing candidate and that the libelous or slanderous statement was made with knowledge that it was false or with reckless disregard of whether it was false or true, the person holding office shall be disqualified from or shall forfeit that office as provided in subdivision (d). The findings required by this section shall be in writing and shall be incorporated as part of the judgment.

(c) In a case where a person is disqualified from holding office or is required to forfeit an office under subdivisions (a) and (b), that disqualification or forfeiture shall create a vacancy in office, which vacancy shall be filled in the manner provided by law for the filling of a vacancy in that particular office.

(d) Once the judgment of liability is entered by the trial court and the time for filing a notice of appeal has expired, or all possibility of direct attack in the courts of this State has been finally exhausted, the person shall be disqualified from or shall forfeit the office involved in that election and shall have no authority to exercise the powers or perform the duties of the office.

(e) This section shall apply to libelous or slanderous statements made on or after the effective date of this section. [*New section adopted June 5, 1984.*]

[Legislators' and Judges' Retirement Systems]

SEC. 11. (a) The Legislators' Retirement System shall not pay any unmodified retirement allowance or its actuarial equivalent to any person who on or after January 1, 1987, entered for the first time any state office for which membership in the Legislators' Retirement System was elective or to any beneficiary or survivor of such a person, which exceeds the higher of (1) the salary receivable by the person currently serving in the office in which the retired person served or (2) the highest salary that was received by the retired person while serving in that office.

(b) The Judges' Retirement System shall not pay any unmodified retirement allowance or its actuarial equivalent to any person who on or after January 1, 1987, entered for the first time any judicial office subject to the Judges' Retirement System or to any beneficiary or survivor of such a person, which exceeds the higher of (1) the salary receivable by the person currently serving in the judicial office in which the retired person served or (2) the highest salary that was received by the retired person while serving in that judicial office.

(c) The Legislature may define the terms used in this section.

(d) If any part of this measure or the application to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications which reasonably can be given effect without the invalid provision or application. [*As amended November 6, 1990. Initiative measure.*]

ARTICLE VIII. [*Repealed November 8, 1966.*]

ARTICLE IX

EDUCATION

[*Legislative Policy*]

SECTION 1. A general diffusion of knowledge and intelligence being essential to the preservation of the rights and liberties of the people, the Legislature shall encourage by all suitable means the promotion of intellectual, scientific, moral, and agricultural improvement.

[*Superintendent of Public Instruction—Election—Date of Office—Number of Terms*]

SEC. 2. A Superintendent of Public Instruction shall be elected by the qualified electors of the State at each gubernatorial election. The Superintendent of Public Instruction shall enter upon the duties of the office on the first Monday after the first day of January next succeeding each gubernatorial election. No Superintendent of Public Instruction may serve more than 2 terms. [*As amended November 6, 1990. Initiative measure.*]

[*Deputy and Associate Superintendents of Public Instruction*]

SEC. 2.1. The State Board of Education, on nomination of the Superintendent of Public Instruction, shall appoint one Deputy Superintendent of Public Instruction and three Associate Superintendents of Public Instruction who shall be exempt from state civil service and whose terms of office shall be four years.

This section shall not be construed as prohibiting the appointment, in accordance with law, of additional Associate Superintendents of Public Instruction subject to state civil service. [*New section adopted November 5, 1946.*]

[*County Superintendents of Schools*]

SEC. 3. A Superintendent of Schools for each county may be elected by the qualified electors thereof at each gubernatorial election or may be appointed by the county board of education, and the manner of the selection shall be determined by a majority vote of the electors of the county voting on the question; provided, that two or more counties may, by an election conducted pursuant to Section 3.2 of this arti-

cle, unite for the purpose of electing or appointing one joint superintendent for the counties so uniting. [*As amended November 2, 1976.*]

[*County Superintendents of Schools—Qualifications and Salaries*]

SEC. 3.1. (a) Notwithstanding any provision of this Constitution to the contrary, the Legislature shall prescribe the qualifications required of county superintendents of schools, and for these purposes shall classify the several counties in the State.

(b) Notwithstanding any provision of this Constitution to the contrary, the county board of education or joint county board of education, as the case may be, shall fix the salary of the county superintendent of schools or the joint county superintendent of schools, respectively. [*As amended November 2, 1976.*]

[*Joint County Board of Education—Joint County Superintendent of Schools*]

SEC. 3.2. Notwithstanding any provision of this Constitution to the contrary, any two or more chartered counties, or nonchartered counties, or any combination thereof, may, by a majority vote of the electors of each such county voting on the proposition at an election called for that purpose in each such county, establish one joint board of education and one joint county superintendent of schools for the counties so uniting. A joint county board of education and a joint county superintendent of schools shall be governed by the general statutes and shall not be governed by the provisions of any county charter. [*New section adopted November 2, 1976.*]

[*County Boards of Education—Qualifications and Terms of Office*]

SEC. 3.3. Except as provided in Section 3.2 of this article, it shall be competent to provide in any charter framed for a county under any provision of this Constitution, or by the amendment of any such charter, for the election of the members of the county board of education of such county and for their qualifications and terms of office. [*As amended November 2, 1976.*]

SEC. 4. [*Repealed November 3, 1964.*]

[*Common School System*]

SEC. 5. The Legislature shall provide for a system of common schools by which a free school shall be kept up and supported in each district at least six months in every year, after the first year in which a school has been established.

[*Public Schools—Salaries*]

SEC. 6. Each person, other than a substitute employee, employed by a school district as a teacher or in any other position requiring certification qualifications shall be paid a salary which shall be at the rate

of an annual salary of not less than twenty-four hundred dollars (\$2,400) for a person serving full time, as defined by law.

[Public School System]

The Public School System shall include all kindergarten schools, elementary schools, secondary schools, technical schools, and state colleges, established in accordance with law and, in addition, the school districts and the other agencies authorized to maintain them. No school or college or any other part of the Public School System shall be, directly or indirectly, transferred from the Public School System or placed under the jurisdiction of any authority other than one included within the Public School System.

[Support of Public School System—State Aid]

The Legislature shall add to the State School Fund such other means from the revenues of the State as shall provide in said fund for apportionment in each fiscal year, an amount not less than one hundred eighty dollars (\$180) per pupil in average daily attendance in the kindergarten schools, elementary schools, secondary schools, and technical schools in the Public School System during the next preceding fiscal year.

The entire State School Fund shall be apportioned in each fiscal year in such manner as the Legislature may provide, through the school districts and other agencies maintaining such schools, for the support of, and aid to, kindergarten schools, elementary schools, secondary schools, and technical schools except that there shall be apportioned to each school district in each fiscal year not less than one hundred twenty dollars (\$120) per pupil in average daily attendance in the district during the next preceding fiscal year and except that the amount apportioned to each school district in each fiscal year shall be not less than twenty-four hundred dollars (\$2,400).

Solely with respect to any retirement system provided for in the charter of any county or city and county pursuant to the provisions of which the contributions of, and benefits to, certificated employees of a school district who are members of such system are based upon the proportion of the salaries of such certificated employees contributed by said county or city and county, all amounts apportioned to said county or city and county, or to school districts therein, pursuant to the provisions of this section shall be considered as though derived from county or city and county school taxes for the support of county and city and county government and not money provided by the State within the meaning of this section. *[As amended November 5, 1974.]*

[School Districts—Bonds]

SEC. 6½. Nothing in this Constitution contained shall forbid the formation of districts for school purposes situate in more than one county or the issuance of bonds by such districts under such general laws as

have been or may hereafter be prescribed by the Legislature; and the officers mentioned in such laws shall be authorized to levy and assess such taxes and perform all such other acts as may be prescribed therein for the purpose of paying such bonds and carrying out the other powers conferred upon such districts; *provided*, that all such bonds shall be issued subject to the limitations prescribed in section eighteen† of article eleven hereof. [*New section adopted November 7, 1922.*]

[*Boards of Education*]

SEC. 7. The Legislature shall provide for the appointment or election of the State Board of Education and a board of education in each county or for the election of a joint county board of education for two or more counties. [*As amended November 2, 1976.*]

[*Free Textbooks*]

SEC. 7.5. The State Board of Education shall adopt textbooks for use in grades one through eight throughout the State, to be furnished without cost as provided by statute. [*New section adopted June 2, 1970.*]

[*Sectarian Schools—Public Money—Doctrines*]

SEC. 8. No public money shall ever be appropriated for the support of any sectarian or denominational school, or any school not under the exclusive control of the officers of the public schools; nor shall any sectarian or denominational doctrine be taught, or instruction thereon be permitted, directly or indirectly, in any of the common schools of this State.

[*University of California*]

SEC. 9. (a) The University of California shall constitute a public trust, to be administered by the existing corporation known as "The Regents of the University of California," with full powers of organization and government, subject only to such legislative control as may be necessary to insure the security of its funds and compliance with the terms of the endowments of the university and such competitive bidding procedures as may be made applicable to the university by statute for the letting of construction contracts, sales of real property, and purchasing of materials, goods, and services. Said corporation shall be in form a board composed of seven *ex officio* members, which shall be: the Governor, the Lieutenant Governor, the Speaker of the Assembly, the Superintendent of Public Instruction, the president and the vice president of the alumni association of the university and the acting president of the university, and 18 appointive members appointed by the Governor and approved by the Senate, a majority of the membership con-

curing; provided, however that the present appointive members shall hold office until the expiration of their present terms.

(b) The terms of the members appointed prior to November 5, 1974, shall be 16 years; the terms of two appointive members to expire as heretofore on March 1st of every even-numbered calendar year, and two members shall be appointed for terms commencing on March 1, 1976, and on March 1 of each year thereafter; provided that no such appointments shall be made for terms to commence on March 1, 1979, or on March 1 of each fourth year thereafter, to the end that no appointment to the regents for a newly commencing term shall be made during the first year of any gubernatorial term of office. The terms of the members appointed for terms commencing on and after March 1, 1976, shall be 12 years. During the period of transition until the time when the appointive membership is comprised exclusively of persons serving for terms of 12 years, the total number of appointive members may exceed the numbers specified in the preceeding paragraph.

In case of any vacancy, the term of office of the appointee to fill such vacancy, who shall be appointed by the Governor and approved by the Senate, a majority of the membership concurring, shall be for the balance of the term for which such vacancy exists.

(c) The members of the board may, in their discretion, following procedures established by them and after consultation with representatives of faculty and students of the university, including appropriate officers of the academic senate and student governments, appoint to the board either or both of the following persons as members with all rights of participation: a member of the faculty at a campus of the university or of another institution of higher education; a person enrolled as a student at a campus of the university for each regular academic term during his service as a member of the board. Any person so appointed shall serve for not less than one year commencing on July 1.

(d) Regents shall be able persons broadly reflective of the economic, cultural, and social diversity of the State, including ethnic minorities and women. However, it is not intended that formulas or specific ratios be applied in the selection of regents.

(e) In the selection of the Regents, the Governor shall consult an advisory committee composed as follows: The Speaker of the Assembly and two public members appointed by the Speaker, the President Pro Tempore of the Senate and two public members appointed by the Rules Committee of the Senate, two public members appointed by the Governor, the chairman of the regents of the university, an alumnus of the university chosen by the alumni association of the university, a student of the university chosen by the Council of Student Body Presidents, and a member of the faculty of the university chosen by the academic senate of the university. Public members shall serve for four years, except that one each of the initially appointed members selected by the Speaker of the Assembly, the President Pro Tempore of the Senate, and the Governor shall be appointed to serve for two years; stu-

dent, alumni, and faculty members shall serve for one year and may not be regents of the university at the time of their service on the advisory committee.

(f) The Regents of the University of California shall be vested with the legal title and the management and disposition of the property of the university and of property held for its benefit and shall have the power to take and hold, either by purchase or by donation, or gift, testamentary or otherwise, or in any other manner, without restriction, all real and personal property for the benefit of the university or incidentally to its conduct; provided, however, that sales of university real property shall be subject to such competitive bidding procedures as may be provided by statute. Said corporation shall also have all the powers necessary or convenient for the effective administration of its trust, including the power to sue and to be sued, to use a seal, and to delegate to its committees or to the faculty of the university, or to others, such authority or functions as it may deem wise. The Regents shall receive all funds derived from the sale of lands pursuant to the act of Congress of July 2, 1862, and any subsequent acts amendatory thereof. The university shall be entirely independent of all political or sectarian influence and kept free therefrom in the appointment of its regents and in the administration of its affairs, and no person shall be debarred admission to any department of the university on account of race, religion, ethnic heritage, or sex.

(g) Meetings of the Regents of the University of California shall be public, with exceptions and notice requirements as may be provided by statute. [*As amended November 2, 1976.*]

SEC. 12. [*Repealed November 5, 1974.*]

SEC. 13. [*Repealed November 5, 1974.*]

[*School District Incorporation and Organization—Governing Board Powers*]

SEC. 14. The Legislature shall have power, by general law, to provide for the incorporation and organization of school districts, high school districts, and community college districts, of every kind and class, and may classify such districts.

The Legislature may authorize the governing boards of all school districts to initiate and carry on any programs, activities, or to otherwise act in any manner which is not in conflict with the laws and purposes for which school districts are established. [*As amended November 7, 1972. Operative July 1, 1973.*]

SEC. 15. [*Repealed November 5, 1974.*]

[*Boards of Education—City Charter Provisions*]

SEC. 16. (a) It shall be competent, in all charters framed under the authority given by Section 5 of Article XI, to provide, in addition to

those provisions allowable by this Constitution, and by the laws of the State for the manner in which, the times at which, and the terms for which the members of boards of education shall be elected or appointed, for their qualifications, compensation and removal, and for the number which shall constitute any one of such boards.

[Charter Amendments—Approval by Voters]

(b) Notwithstanding Section 3 of Article XI, when the boundaries of a school district or community college district extend beyond the limits of a city whose charter provides for any or all of the foregoing with respect to the members of its board of education, no charter amendment effecting a change in the manner in which, the times at which, or the terms for which the members of the board of education shall be elected or appointed, for their qualifications, compensation, or removal, or for the number which shall constitute such board, shall be adopted unless it is submitted to and approved by a majority of all the qualified electors of the school district or community college district voting on the question. Any such amendment, and any portion of a proposed charter or a revised charter which would establish or change any of the foregoing provisions respecting a board of education, shall be submitted to the electors of the school district or community college district as one or more separate questions. The failure of any such separate question to be approved shall have the result of continuing in effect the applicable existing law with respect to that board of education. *[As amended June 6, 1978.]*

ARTICLE X *

WATER

[State's Right of Eminent Domain]

SECTION 1. The right of eminent domain is hereby declared to exist in the State to all frontages on the navigable waters of this State. *[New section adopted June 8, 1976.]*

[Conservation and Beneficial Use of Water—Riparian Rights]

SEC. 2. It is hereby declared that because of the conditions prevailing in this State the general welfare requires that the water resources of the State be put to beneficial use to the fullest extent of which they are capable, and that the waste or unreasonable use or unreasonable method of use of water be prevented, and that the conservation of such waters is to be exercised with a view to the reasonable and beneficial use thereof in the interest of the people and for the public welfare. The right to water or to the use or flow of water in or from any natural stream or water course in this State is and shall be limited to such water

as shall be reasonably required for the beneficial use to be served, and such right does not and shall not extend to the waste or unreasonable use or unreasonable method of use or unreasonable method of diversion of water. Riparian rights in a stream or water course attach to, but to no more than so much of the flow thereof as may be required or used consistently with this section, for the purposes for which such lands are, or may be made adaptable, in view of such reasonable and beneficial uses; provided, however, that nothing herein contained shall be construed as depriving any riparian owner of the reasonable use of water of the stream to which the owner's land is riparian under reasonable methods of diversion and use, or as depriving any appropriator of water to which the appropriator is lawfully entitled. This section shall be self-executing, and the Legislature may also enact laws in the furtherance of the policy in this section contained. [*New section adopted June 8, 1976.*]

[*Tidelands*]

SEC. 3. All tidelands within two miles of any incorporated city, city and county, or town in this State, and fronting on the water of any harbor, estuary, bay, or inlet used for the purposes of navigation, shall be withheld from grant or sale to private persons, partnerships, or corporations; provided, however, that any such tidelands, reserved to the State solely for street purposes, which the Legislature finds and declares are not used for navigation purposes and are not necessary for such purposes may be sold to any town, city, county, city and county, municipal corporations, private persons, partnerships or corporations subject to such conditions as the Legislature determines are necessary to be imposed in connection with any such sales in order to protect the public interest. [*New section adopted June 8, 1976.*]

[*Access to Navigable Waters*]

SEC. 4. No individual, partnership, or corporation, claiming or possessing the frontage or tidal lands of a harbor, bay, inlet, estuary, or other navigable water in this State, shall be permitted to exclude the right of way to such water whenever it is required for any public purpose, nor to destroy or obstruct the free navigation of such water; and the Legislature shall enact such laws as will give the most liberal construction to this provision, so that access to the navigable waters of this State shall be always attainable for the people thereof. [*New section adopted June 8, 1976.*]

[*State Control of Water Use*]

SEC. 5. The use of all water now appropriated, or that may hereafter be appropriated, for sale, rental, or distribution, is hereby declared to be a public use, and subject to the regulation and control of the State, in the manner to be prescribed by law. [*New section adopted June 8, 1976.*]

[Compensation for Water Use]

SEC. 6. The right to collect rates or compensation for the use of water supplied to any county, city and county, or town, or the inhabitants thereof, is a franchise, and cannot be exercised except by authority of and in the manner prescribed by law. *[New section adopted June 8, 1976.]*

[Acquisition of Real Property—Conformance to California Water Laws]

SEC. 7. Whenever any agency of government, local, state, or federal, hereafter acquires any interest in real property in this State, the acceptance of the interest shall constitute an agreement by the agency to conform to the laws of California as to the acquisition, control, use, and distribution of water with respect to the land so acquired. *[New section adopted June 8, 1976.]*

WATER RESOURCES DEVELOPMENT

[Article X A has no force or effect because Senate Bill No. 200 of the 1979–80 Regular Session of the Legislature was defeated by referendum vote June 8, 1982]

[Water Rights, Water Quality, and Fish and Wildlife Resources Guaranteed and Protected]

SECTION 1. The people of the State hereby provide the following guarantees and protections in this article for water rights, water quality, and fish and wildlife resources. *[New section adopted November 4, 1980. Section has no force or effect because Senate Bill No. 200 of the 1979–80 Regular Session of the Legislature was defeated by referendum vote June 8, 1982.]*

[Statutes for Protection of Fish and Wildlife Resources, Delta, Etc.]

SEC. 2. No statute amending or repealing, or adding to, the provisions of the statute enacted by Senate Bill No. 200 † of the 1979–80 Regular Session of the Legislature which specify (1) the manner in which the State will protect fish and wildlife resources in the Sacramento-San Joaquin Delta, Suisun Marsh, and San Francisco Bay system westerly of the delta; (2) the manner in which the State will protect existing water rights in the Sacramento-San Joaquin Delta; and (3) the manner in which the State will operate the State Water Resources Development System to comply with water quality standards and water quality control plans, shall become effective unless approved by the electors in the same manner as statutes amending initiative statutes are approved; ex-

[*Appropriations of Water—Components of California Wild and Scenic Rivers System*]

SEC. 3. No water shall be available for appropriation by storage in, or by direct diversion from, any of the components of the California Wild and Scenic Rivers System, as such system exists on January 1, 1981, where such appropriation is for export of water into another major hydrologic basin of the State, as defined in the Department of Water Resources Bulletin 160-74, unless such export is expressly authorized prior to such appropriation by: (a) an initiative statute approved by the electors, or (b) the Legislature, by statute passed in each house by roll call vote entered in the journal, two-thirds of the membership concurring. [*New section adopted November 4, 1980. Section has no force or effect because Senate Bill No. 200 of the 1979–80 Regular Session of the Legislature was defeated by referendum vote June 8, 1982.*]

[*Statutes Amending, Repealing, or Adding to Delta Protection Act*]

SEC. 4. No statute amending or repealing, or adding to, the provisions of Part 4.5 (commencing with Section 12200) of Division 6 of the Water Code (the Delta Protection Act) shall become effective unless approved by the electors in the same manner as statutes amending initiative statutes are approved; except that the Legislature may, by statute passed in each house by roll call vote entered in the journal, two-thirds of the membership concurring, amend or repeal, or add to, these provisions if the statute does not in any manner reduce the protection of the delta or fish and wildlife. [*Eminent Domain Proceedings to Acquire Water Rights or Contract Rights for Water or Water Quality Maintenance in Delta Prohibited*]

SEC. 5. No public agency may utilize eminent domain proceedings to acquire water rights, which are held for uses within the Sacramento-San Joaquin Delta as defined in Section 12220 of the Water Code, or any contract rights for water or water quality maintenance in the Delta for the purpose of exporting such water from the Delta. This provision shall not be construed to prohibit the utilization of eminent domain proceedings for the purpose of acquiring land or any other rights necessary for the construction of water facilities, including, but not limited

to, facilities authorized in Chapter 8 (commencing with Section 12930) of Part 6 of Division 6 of the Water Code. [*New section adopted November 4, 1980. [*Actions and Proceedings*]

SEC. 6. (a) The venue of any of the following actions or proceedings brought in a superior court shall be Sacramento County:

(1) An action or proceeding to attack, review, set aside, void, or annul any provision of the statute enacted by Senate Bill No. 200 † of the 1979–80 Regular Session of the Legislature.

(2) An action or proceeding to attack, review, set aside, void, or annul the determination made by the Director of Water Resources and the Director of Fish and Game pursuant to subdivision (a) of Section 11255 of the Water Code.

(3) An action or proceeding which would have the effect of attacking, reviewing, preventing, or substantially delaying the construction, operation, or maintenance of the peripheral canal unit described in subdivision (a) of Section 11255 of the Water Code.

(4) An action or proceeding to require the State Water Resources Development System to comply with subdivision (b) of Section 11460 of the Water Code.

(5) An action or proceeding to require the Department of Water Resources or its successor agency to comply with the permanent agreement specified in subdivision (a) of Section 11256 of the Water Code.

(6) An action or proceeding to require the Department of Water Resources or its successor agency to comply with the provisions of the contracts entered into pursuant to Section 11456 of the Water Code.

(b) An action or proceeding described in paragraph (1) of subdivision (a) shall be commenced within one year after the effective date of the statute enacted by Senate Bill No. 200 † of the 1979–80 Regular Session of the Legislature. Any other action or proceeding described in subdivision (a) shall be commenced within one year after the cause of action arises unless a shorter period is otherwise provided by statute.

(c) The superior court or a court of appeals shall give preference to the actions or proceedings described in this section over all civil actions or proceedings pending in the court. The superior court shall commence hearing any such action or proceeding within six months after the commencement of the action or proceeding, provided that any such hearing may be delayed by joint stipulation of the parties or at the discretion of the court for good cause shown. The provisions of this section shall supersede any provisions of law requiring courts to give preference to other civil actions or proceedings. The provisions of this subdivision may be enforced by mandamus.

† Chapter 632, Statutes of 1980.

(d) The Supreme Court shall, upon the request of any party, transfer to itself, before a decision in the court of appeal, any appeal or petition for extraordinary relief from an action or proceeding described in this section, unless the Supreme Court determines that the action or proceeding is unlikely to substantially affect (1) the construction, operation, or maintenance of the peripheral canal unit described in subdivision (a) of Section 11255 of the Water Code, (2) compliance with subdivision (b) of Section 11460 of the Water Code, (3) compliance with the permanent agreement specified in Section 11256 of the Water Code, or (4) compliance with the provisions of the contracts entered into pursuant to Section 11456 of the Water Code. The request for transfer shall receive preference on the Supreme Court's calendar. If the action or proceeding is transferred to the Supreme Court, the Supreme Court shall commence to hear the matter within six months of the transfer unless the parties by joint stipulation request additional time or the court, for good cause shown, grants additional time.

(e) The remedy prescribed by the court for an action or proceeding described in paragraph (4), (5), or (6) of subdivision (a) shall include, but need not be limited to, compliance with subdivision (b) of Section 11460 of the Water Code, the permanent agreement specified in Section 11256 of the Water Code, or the provisions of the contracts entered into pursuant to Section 11456 of the Water Code.

(f) The Board of Supervisors of the County of Sacramento may apply to the State Board of Control for actual costs imposed by the requirements of this section upon the county, and the State Board of Control shall pay such actual costs.

(g) Notwithstanding the provisions of this section, nothing in this Article shall be construed as prohibiting the Supreme Court from exercising the transfer authority contained in Article VI, Section 12 of the Constitution. ARTICLE X B *

MARINE RESOURCES PROTECTION ACT OF 1990

[Title]

SECTION 1. This article shall be known and may be cited as the Marine Resources Protection Act of 1990. [*New section adopted November 6, 1990. Initiative measure.*]

[Definitions]

SEC. 2. (a) “District” means a fish and game district as defined in the Fish and Game Code by statute on January 1, 1990.

(b) Except as specifically provided in this article, all references to Fish and Game Code sections, articles, chapters, parts, and divisions are defined as those statutes in effect on January 1, 1990.

(c) “Ocean waters” means the waters of the Pacific Ocean regulated by the State.

(d) “Zone” means the Marine Resources Protection zone established pursuant to this article. The zone consists of the following:

(1) In waters less than 70 fathoms or within one mile, whichever is less, around the Channel Islands consisting of the Islands of San Miguel, Santa Rosa, Santa Cruz, Anacapa, San Nicolaus, Santa Barbara, Santa Catalina, and San Clemente.

(2) The area within three nautical miles offshore of the mainland coast, and the area within three nautical miles off any manmade breakwater, between a line extending due west from Point Arguello and a line extending due west from the Mexican border.

(3) In waters less than 35 fathoms between a line running 180 degrees true from Point Fermin and a line running 270 degrees true from the south jetty of Newport Harbor. [*New section adopted November 6, 1990. Initiative measure.*]

[Gill and Trammel Nets—Usage]

SEC. 3. (a) From January 1, 1991, to December 31, 1993, inclusive, gill nets or trammel nets may only be used in the zone pursuant to a nontransferable permit issued by the Department of Fish and Game pursuant to Section 5.

(b) On and after January 1, 1994, gill nets and trammel nets shall not be used in the zone. [*New section adopted November 6, 1990. Initiative measure.*]

* New Article X B adopted November 6, 1990. Initiative measure.

[Gill and Trammel Nets—Usage]

SEC. 4. (a) Notwithstanding any other provision of law, gill nets and trammel nets may not be used to take any species of rockfish.

(b) In ocean waters north of Point Arguello on and after the effective date of this article, the use of gill nets and trammel nets shall be regulated by the provisions of Article 4 (commencing with Section 8660), Article 5 (commencing with Section 8680) and Article 6 (commencing with Section 8720) of Chapter 3 of Part 3 of Division 6 of the Fish and Game Code, or any regulation or order issued pursuant to these articles, in effect on January 1, 1990, except that as to Sections 8680, 8681, 8681.7, and 8682, and subdivisions (a) through (f), inclusive of Section 8681.5 of the Fish and Game Code, or any regulation or order issued pursuant to these sections, the provisions in effect on January 1, 1989, shall control where not in conflict with other provisions of this article, and shall be applicable to all ocean waters. Notwithstanding the provisions of this section, the Legislature shall not be precluded from imposing more restrictions on the use and/or possession of gill nets or trammel nets. The Director of the Department of Fish and Game shall not authorize the use of gill nets or trammel nets in any area where the use is not permitted even if the director makes specified findings. *[New section adopted November 6, 1990. Initiative measure.]*

[Gill and Trammel Nets—Usage]

SEC. 5. The Department of Fish and Game shall issue a permit to use a gill net or trammel net in the zone for the period specified in subdivision (a) of Section 3 to any applicant who meets both of the following requirements:

(a) Has a commercial fishing license issued pursuant to Sections 7850–7852.3 of the Fish and Game Code.

(b) Has a permit issued pursuant to Section 8681 of the Fish and Game Code and is presently the owner or operator of a vessel equipped with a gill net or trammel net. *[New section adopted November 6, 1990. Initiative measure.]*

[Permit Fees]

SEC. 6. The Department of Fish and Game shall charge the following fees for permits issued pursuant to Section 5 pursuant to the following schedule:

Calendar Year	Fee
1991	\$250
1992	500
1993	1,000

[New section adopted November 6, 1990. Initiative measure.]

[Permitholder's Compensation for Discontinuing Fishing with Gill and Trammel Nets]

SEC. 7. (a) Within 90 days after the effective date of this section, every person who intends to seek the compensation provided in subdivision (b) shall notify the Department of Fish and Game, on forms provided by the department, of that intent. Any person who does not submit the form within that 90-day period shall not be compensated pursuant to subdivision (b). The department shall publish a list of all persons submitting the form within 120 days after the effective date of this section.

(b) After July 1, 1993, and before January 1, 1994, any person who holds a permit issued pursuant to Section 5 and operates in the zone may surrender that permit to the department and agree to permanently discontinue fishing with gill or trammel nets in the zone, for which he or she shall receive, beginning on July 1, 1993, a one time compensation which shall be based upon the average annual ex vessel value of the fish other than any species of rockfish landed by a fisherman, which were taken pursuant to a valid general gill net or trammel net permit issued pursuant to Sections 8681 and 8682 of the Fish and Game Code within the zone during the years 1983 to 1987, inclusive. The department shall verify those landings by reviewing logs and landing receipts submitted to it. Any person who is denied compensation by the department as a result of the department's failure to verify landings may appeal that decision to the Fish and Game Commission.

(c) The State Board of Control shall, prior to the disbursement of any funds, verify the eligibility of each person seeking compensation and the amount of the compensation to be provided in order to ensure compliance with this section.

(d) Unless the Legislature enacts any required enabling legislation to implement this section on or before July 1, 1993, no compensation shall be paid under this article. *[New section adopted November 6, 1990. Initiative measure.]*

[Marine Resources Protection Account—Fees—Interest]

SEC. 8. (a) There is hereby created the Marine Resources Protection Account in the Fish and Game Preservation Fund. On and after January 1, 1991, the Department of Fish and Game shall collect any and all fees required by this article. All fees received by the department pursuant to this article shall be deposited in the account and shall be expended or encumbered to compensate persons who surrender permits pursuant to Section 7 or to provide for administration of this article. All funds received by the department during any fiscal year pursuant to this article which are not expended during that fiscal year to compensate persons as set forth in Section 7 or to provide for administration of this article shall be carried over into the following fiscal year and shall be used only for those purposes. All interest accrued from the department's retention of fees received pursuant to this article shall be

credited to the account. The accrued interest may only be expended for the purposes authorized by this article. The account shall continue in existence, and the requirement to pay fees under this article shall remain in effect, until the compensation provided in Section 7 has been fully funded or until January 1, 1995, whichever occurs first.

(b) An amount, not to exceed 15 percent of the total annual revenues deposited in the account excluding any interest accrued or any funds carried over from a prior fiscal year may be expended for the administration of this article.

(c) In addition to a valid California sportfishing license issued pursuant to Sections 7149, 7149.1 or 7149.2 of the Fish and Game Code and any applicable sport license stamp issued pursuant to the Fish and Game Code, a person taking fish from ocean waters south of a line extending due west from Point Arguello for sport purposes shall have permanently affixed to that person's sportfishing license a marine resources protection stamp which may be obtained from the department upon payment of a fee of three dollars (\$3). This subdivision does not apply to any one-day fishing license.

(d) In addition to a valid California commercial passenger fishing boat license required by Section 7920 of the Fish and Game Code, the owner of any boat or vessel who, for profit, permits any person to fish from the boat or vessel in ocean waters south of a line extending due west from Point Arguello, shall obtain and permanently affix to the license a commercial marine resources protection stamp which may be obtained from the department upon payment of a fee of three dollars (\$3).

(e) The department may accept contributions or donations from any person who wishes to donate money to be used for the compensation of commercial gill net and trammel net fishermen who surrender permits under this article.

(f) This section shall become inoperative on January 1, 1995. [*New section adopted November 6, 1990. Inoperative January 1, 1995. Initiative measure.*]

[*Marine Resources Protection Account—Grants*]

SEC. 9. Any funds remaining in the Marine Resources Protection Account in the Fish and Game Preservation Fund on or after January 1, 1995, shall, with the approval of the Fish and Game Commission, be used to provide grants to colleges, universities and other bonafide scientific research groups to fund marine resource related scientific research within the ecological reserves established by Section 14 of this act. [*New section adopted November 6, 1990. Initiative measure.*]

[*Report to Legislature*]

SEC. 10. On or before December 31 of each year, the Director of Fish and Game shall prepare and submit a report to the Legislature re-

garding the implementation of this article including an accounting of all funds. [*New section adopted November 6, 1990. Initiative measure.*]

[*Violations*]

SEC. 11. It is unlawful for any person to take, possess, receive, transport, purchase, sell, barter, or process any fish obtained in violation of this article. [*New section adopted November 6, 1990. Initiative measure.*]

[*Commercial Fishing Daily Landings Monitoring and Evaluating Program*]

SEC. 12. To increase the State's scientific and biological information on the ocean fisheries of this State, the Department of Fish and Game shall establish a program whereby it can monitor and evaluate the daily landings of fish by commercial fishermen who are permitted under this article to take these fish. The cost of implementing this monitoring program shall be borne by the commercial fishing industry. [*New section adopted November 6, 1990. Initiative measure.*]

[*Penalties for Violations—Probation—Fine*]

SEC. 13. (a) The penalty for a first violation of the provisions of Sections 3 and 4 of this article is a fine of not less than one thousand dollars (\$1,000) and not more than five thousand dollars (\$5,000) and a mandatory suspension of any license, permit or stamp to take, receive, transport, purchase, sell, barter or process fish for commercial purposes for six months. The penalty for a second or subsequent violation of the provisions of Sections 3 and 4 of this article is a fine of not less than two thousand five hundred dollars (\$2,500) and not more than ten thousand dollars (\$10,000) and a mandatory suspension of any license, permit or stamp to take, receive, transport, purchase, sell, barter, or process fish for commercial purposes for one year.

(b) Notwithstanding any other provisions of law, a violation of Section 8 of this article shall be deemed a violation of the provisions of Section 7145 of the Fish and Game Code and the penalty for such violation shall be consistent with the provisions of Section 12002.2 of said code.

(c) If a person convicted of a violation of Section 3, 4, or 8 of this article is granted probation, the court shall impose as a term or condition of probation, in addition to any other term or condition of probation, that the person pay at least the minimum fine prescribed in this section. [*New section adopted November 6, 1990. Initiative measure.*]

[*New Ecological Reserves*]

SEC. 14. Prior to January 1, 1994, the Fish and Game Commission shall establish four new ecological reserves in ocean waters along the mainland coast. Each ecological reserve shall have a surface area of at least two square miles. The commission shall restrict the use of these ecological reserves to scientific research relating to the management and enhancement of marine resources. [*New section adopted November 6, 1990. Initiative measure.*]

[*Article not Preempting or Superseding Other Protective Closures*]

SEC. 15. This article does not preempt or supersede any other closures to protect any other wildlife, including sea otters, whales, and shorebirds. [*New section adopted November 6, 1990. Initiative measure.*]

[*Severability*]

SEC. 16. If any provision of this article or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable. [*New section adopted November 6, 1990. Initiative measure.*]

ARTICLE XI. [*Repealed June 2, 1970. See Article XI, below.*]

ARTICLE XI *

LOCAL GOVERNMENT

[*Counties—Formation, Boundaries, County Seat, Officers, and Governing Body*]

SEC. 1. (a) The State is divided into counties which are legal subdivisions of the State. The Legislature shall prescribe uniform procedure for county formation, consolidation, and boundary change. Formation or consolidation requires approval by a majority of electors voting on the question in each affected county. A boundary change requires approval by the governing body of each affected county. No county seat shall be removed unless two-thirds of the qualified electors of the county, voting on the proposition at a general election, shall vote in favor of such removal. A proposition of removal shall not be submitted in the same county more than once in four years.

(b) The Legislature shall provide for county powers, an elected county sheriff, an elected district attorney, an elected assessor, and an elected governing body in each county. Except as provided in subdivision (b) of Section 4 of this article, each governing body shall prescribe by ordinance the compensation of its members, but the ordinance prescribing such compensation shall be subject to referendum. The Legislature or the governing body may provide for other officers whose compensation shall be prescribed by the governing body. The governing body shall provide for the number, compensation, tenure, and appointment of employees. [*As amended June 7, 1988.*]

* New Article XI adopted June 2, 1970.

SEC. 2. [*Repealed June 2, 1970. See Section 2, below.*][*Cities—Formation, Powers*]

SEC. 2. (a) The Legislature shall prescribe uniform procedure for city formation and provide for city powers.

(b) Except with approval by a majority of its electors voting on the question, a city may not be annexed to or consolidated into another. [*New section adopted June 2, 1970.*]

[*County or City—Charters*]

SEC. 3. (a) For its own government, a county or city may adopt a charter by majority vote of its electors voting on the question. The charter is effective when filed with the Secretary of State. A charter may be amended, revised, or repealed in the same manner. A charter, amendment, revision, or repeal thereof shall be published in the official state statutes. County charters adopted pursuant to this section shall supersede any existing charter and all laws inconsistent therewith. The provisions of a charter are the law of the State and have the force and effect of legislative enactments.

(b) The governing body or charter commission of a county or city may propose a charter or revision. Amendment or repeal may be proposed by initiative or by the governing body.

(c) An election to determine whether to draft or revise a charter and elect a charter commission may be required by initiative or by the governing body.

(d) If provisions of 2 or more measures approved at the same election conflict, those of the measure receiving the highest affirmative vote shall prevail. [*As amended November 5, 1974.*]

[*County Charters—Provisions*]

SEC. 4. County charters shall provide for:

(a) A governing body of 5 or more members, elected (1) by district or, (2) at large, or (3) at large, with a requirement that they reside in a district. Charter counties are subject to statutes that relate to apportioning population of governing body districts.

(b) The compensation, terms, and removal of members of the governing body. If a county charter provides for the Legislature to prescribe the salary of the governing body, such compensation shall be prescribed by the governing body by ordinance.

(c) An elected sheriff, an elected district attorney, an elected assessor, other officers, their election or appointment, compensation, terms and removal.

(d) The performance of functions required by statute.

(e) The powers and duties of governing bodies and all other county officers, and for consolidation and segregation of county officers, and for the manner of filling all vacancies occurring therein.

(f) The fixing and regulation by governing bodies, by ordinance, of the appointment and number of assistants, deputies, clerks, attachés,

and other persons to be employed, and for the prescribing and regulating by such bodies of the powers, duties, qualifications, and compensation of such persons, the times at which, and terms for which they shall be appointed, and the manner of their appointment and removal.

(g) Whenever any county has framed and adopted a charter, and the same shall have been approved by the Legislature as herein provided, the general laws adopted by the Legislature in pursuance of Section 1 (b) of this article, shall, as to such county, be superseded by said charter as to matters for which, under this section it is competent to make provision in such charter, and for which provision is made therein, except as herein otherwise expressly provided.

(h) Charter counties shall have all the powers that are provided by this Constitution or by statute for counties. [*As amended June 7, 1988.*]

SEC. 5. [*Repealed June 2, 1970. See Section 5, below.*]

[*City Charters—Provisions*]

SEC. 5. (a) It shall be competent in any city charter to provide that the city governed thereunder may make and enforce all ordinances and regulations in respect to municipal affairs, subject only to restrictions and limitations provided in their several charters and in respect to other matters they shall be subject to general laws. City charters adopted pursuant to this Constitution shall supersede any existing charter, and with respect to municipal affairs shall supersede all laws inconsistent therewith.

(b) It shall be competent in all city charters to provide, in addition to those provisions allowable by this Constitution, and by the laws of the State for: (1) the constitution, regulation, and government of the city police force (2) subgovernment in all or part of a city (3) conduct of city elections and (4) plenary authority is hereby granted, subject only to the restrictions of this article, to provide therein or by amendment thereto, the manner in which, the method by which, the times at which, and the terms for which the several municipal officers and employees whose compensation is paid by the city shall be elected or appointed, and for their removal, and for their compensation, and for the number of deputies, clerks and other employees that each shall have, and for the compensation, method of appointment, qualifications, tenure of office and removal of such deputies, clerks and other employees. [*New section adopted June 2, 1970.*]

SEC. 5.1. [*Repealed June 2, 1970.*]

SEC. 6. [*Repealed June 2, 1970. See Section 6, below.*]

[*Charter City and County*]

SEC. 6. (a) A county and all cities within it may consolidate as a charter city and county as provided by statute.

(b) A charter city and county is a charter city and a charter county. Its charter city powers supersede conflicting charter county powers. [*New section adopted June 2, 1970.*]

SEC. 7. [Repealed June 2, 1970. See Section 7, below.]

[Local Ordinances and Regulations]

SEC. 7. A county or city may make and enforce within its limits all local, police, sanitary, and other ordinances and regulations not in conflict with general laws. [New section adopted June 2, 1970.]

SEC. 7½. [Repealed June 2, 1970.]

SEC. 7½b. [Repealed June 2, 1970.]

SEC. 8. [Repealed June 2, 1970. See Section 8, below.]

[Counties—Performance of Municipal Functions]

SEC. 8. (a) The Legislature may provide that counties perform municipal functions at the request of cities within them.

(b) If provided by their respective charters, a county may agree with a city within it to assume and discharge specified municipal functions. [New section adopted June 2, 1970.]

SEC. 8½. [Repealed June 2, 1970.]

[Local Utilities]

SEC. 9. (a) A municipal corporation may establish, purchase, and operate public works to furnish its inhabitants with light, water, power, heat, transportation, or means of communication. It may furnish those services outside its boundaries, except within another municipal corporation which furnishes the same service and does not consent.

(b) Persons or corporations may establish and operate works for supplying those services upon conditions and under regulations that the city may prescribe under its organic law. [New section adopted June 2, 1970.]

[Local Government—Extra Compensation; City, County or District Employees—Residency]

SEC. 10. (a) A local government body may not grant extra compensation or extra allowance to a public officer, public employee, or contractor after service has been rendered or a contract has been entered into and performed in whole or in part, or pay a claim under an agreement made without authority of law.

(b) A city or county, including any chartered city or chartered county, or public district, may not require that its employees be residents of such city, county, or district; except that such employees may be required to reside within a reasonable and specific distance of their place of employment or other designated location. [As amended June 8, 1976.]

SEC. 10.5. [Repealed June 8, 1976.]

[Private Control of County or Municipal Functions—Deposit and Investment of Public Moneys]

SEC. 11. (a) The Legislature may not delegate to a private person or body power to make, control, appropriate, supervise, or interfere with county or municipal corporation improvements, money, or property, or to levy taxes or assessments, or perform municipal functions.

(b) The Legislature may, however, provide for the deposit of public moneys in any bank in this State or in any savings and loan association in this State or any credit union in this State or in any federally insured industrial loan company in this State and for payment of interest, principal, and redemption premiums of public bonds and other evidence of public indebtedness by banks within or without this State. It may also provide for investment of public moneys in securities and the registration of bonds and other evidences of indebtedness by private persons or bodies, within or without this State, acting as trustees or fiscal agents. *[As amended November 8, 1988.]*

SEC. 12. *[As amended June 27, 1933, added to Article XIII as Section 37, June 2, 1970. See Section 12, below.]*

[Claims Against Counties or Cities, Etc.]

SEC. 12. The Legislature may prescribe procedure for presentation, consideration, and enforcement of claims against counties, cities, their officers, agents, or employees. *[New section adopted June 2, 1970.]*

SEC. 13. *[Repealed June 2, 1970. See Section 13, below.]*

[Distribution of Powers—Construction of Article]

SEC. 13. The provisions of Sections 1 (b) (except for the second sentence), 3 (a), 4, and 5 of this Article relating to matters affecting the distribution of powers between the Legislature and cities and counties, including matters affecting supersession, shall be construed as a restatement of all related provisions of the Constitution in effect immediately prior to the effective date of this amendment, and as making no substantive change.

The terms general law, general laws, and laws, as used in this Article, shall be construed as a continuation and restatement of those terms as used in the Constitution in effect immediately prior to the effective date of this amendment, and not as effecting a change in meaning. *[New section adopted June 2, 1970.]*

SEC. 13½. *[As amended November 3, 1914, added to Article XIII as Section 37.5, June 2, 1970.]*

[Local Government—Taxation]

SEC. 14. A local government formed after the effective date of this section, the boundaries of which include all or part of two or more counties, shall not levy a property tax unless such tax has been ap-

proved by a majority vote of the qualified voters of that local government voting on the issue of the tax. [*New section adopted November 2, 1976.*]

[*Vehicle License Fee Allocations*]

SEC. 15. (a) All revenues from taxes imposed pursuant to the Vehicle License Fee Law, or its successor, other than fees on trailer coaches and mobilehomes, over and above the costs of collection and any refunds authorized by law, shall be allocated to counties and cities according to statute.

(b) This section shall apply to those taxes imposed pursuant to that law on and after July 1 following the approval of this section by the voters. [*New section adopted June 3, 1986.*]

SEC. 16. [*Added to Article XIII as Section 38, June 2, 1970.*]

ARTICLE XII. [*Repealed November 5, 1974. See Article XII, below.*]

ARTICLE XII *

PUBLIC UTILITIES

[*Public Utilities Commission—Composition*]

SECTION 1. The Public Utilities Commission consists of 5 members appointed by the Governor and approved by the Senate, a majority of the membership concurring, for staggered 6-year terms. A vacancy is filled for the remainder of the term. The Legislature may remove a member for incompetence, neglect of duty, or corruption, two thirds of the membership of each house concurring. [*New section adopted November 5, 1974.*]

[*Public Utilities Commission—Powers and Duties*]

SEC. 2. Subject to statute and due process, the commission may establish its own procedures. Any commissioner as designated by the

* New Article XII adopted November 5, 1974.

commission may hold a hearing or investigation or issue an order subject to commission approval. [*New section adopted November 5, 1974.*]

[Public Utilities—Legislative Control]

SEC. 3. Private corporations and persons that own, operate, control, or manage a line, plant, or system for the transportation of people or property, the transmission of telephone and telegraph messages, or the production, generation, transmission, or furnishing of heat, light, water, power, storage, or wharfage directly or indirectly to or for the public, and common carriers, are public utilities subject to control by the Legislature. The Legislature may prescribe that additional classes of private corporations or other persons are public utilities. [*New section adopted November 5, 1974.*]

[Rates—Discrimination in Transportation Charges, Etc.]

SEC. 4. The commission may fix rates and establish rules for the transportation of passengers and property by transportation companies, prohibit discrimination, and award reparation for the exaction of unreasonable, excessive, or discriminatory charges. A transportation company may not raise a rate or incidental charge except after a showing to and a decision by the commission that the increase is justified, and this decision shall not be subject to judicial review except as to whether confiscation of property will result. [*New section adopted November 5, 1974.*]

[Public Utilities Commission—Compensation in Eminent Domain Proceedings]

SEC. 5. The Legislature has plenary power, unlimited by the other provisions of this constitution but consistent with this article, to confer additional authority and jurisdiction upon the commission, to establish the manner and scope of review of commission action in a court of record, and to enable it to fix just compensation for utility property taken by eminent domain. [*New section adopted November 5, 1974.*]

[Public Utilities Commission—Powers and Duties]

SEC. 6. The commission may fix rates, establish rules, examine records, issue subpoenas, administer oaths, take testimony, punish for contempt, and prescribe a uniform system of accounts for all public utilities subject to its jurisdiction. [*New section adopted November 5, 1974.*]

[Free Passes, Public Officials—Conflict of Interest, Public Utilities Commissioner]

SEC. 7. A transportation company may not grant free passes or discounts to anyone holding an office in this State; and the acceptance of a pass or discount by a public officer, other than a Public Utilities Commissioner, shall work a forfeiture of that office. A Public Utilities Commissioner may not hold an official relation to nor have a financial in-

terest in a person or corporation subject to regulation by the commission. [*New section adopted November 5, 1974.*]

[*Public Utilities—Regulation*]

SEC. 8. A city, county, or other public body may not regulate matters over which the Legislature grants regulatory power to the Commission. This section does not affect power over public utilities relating to the making and enforcement of police, sanitary, and other regulations concerning municipal affairs pursuant to a city charter existing on October 10, 1911, unless that power has been revoked by the city's electors, or the right of any city to grant franchises for public utilities or other businesses on terms, conditions, and in the manner prescribed by law. [*New section adopted November 5, 1974.*]

[*Restatement*]

SEC. 9. The provisions of this article restate all related provisions of the Constitution in effect immediately prior to the effective date of this amendment and make no substantive change. [*New section adopted November 5, 1974.*]

[*Personal Property Classification*]

SEC. 2. The Legislature may provide for property taxation of all forms of tangible personal property, shares of capital stock, evidences of indebtedness, and any legal or equitable interest therein not exempt under any other provision of this article. The Legislature, two-thirds of the membership of each house concurring, may classify such personal property for differential taxation or for exemption. The tax on any interest in notes, debentures, shares of capital stock, bonds, solvent credits, deeds of trust, or mortgages shall not exceed four-tenths of one percent of full value, and the tax per dollar of full value shall not be higher on personal property than on real property in the same taxing jurisdiction. SEC. 2.6. [*Repealed November 5, 1974.*]

SEC. 2.8. [*Repealed November 5, 1974.*][*Property Tax Exemptions*]

SEC. 3. The following are exempt from property taxation:

[*State Owned Property*]

(a) Property owned by the State.

[*Local Government Property*]

(b) Property owned by a local government, except as otherwise provided in Section 11 (a).

[*Government Bonds*]

(c) Bonds issued by the State or a local government in the State.

[*Public Property*]

(d) Property used for libraries and museums that are free and open to the public and property used exclusively for public schools, community colleges, state colleges, and state universities.

[*Educational Property*]

(e) Buildings, land, equipment, and securities used exclusively for educational purposes by a nonprofit institution of higher education.

[*Church Property*]

(f) Buildings, land on which they are situated, and equipment used exclusively for religious worship.

[*Cemetery Property*]

(g) Property used or held exclusively for the permanent deposit of human dead or for the care and maintenance of the property or the dead, except when used or held for profit. This property is also exempt from special assessment.

[*Growing Crops*]

(h) Growing crops.

[*Fruit and Nut Trees*]

(i) Fruit and nut trees until 4 years after the season in which they were planted in orchard form and grape vines until 3 years after the season in which they were planted in vineyard form.

[*Timber Exemption*]

(j) Immature forest trees planted on lands not previously bearing merchantable timber or planted or of natural growth on lands from

which the merchantable original growth timber stand to the extent of 70 percent of all trees over 16 inches in diameter has been removed. Forest trees or timber shall be considered mature at such time after 40 years from the time of planting or removal of the original timber when so declared by a majority vote of a board consisting of a representative from the State Board of Forestry, a representative from the State Board of Equalization, and the assessor of the county in which the trees are located.

The Legislature may supersede the foregoing provisions with an alternative system or systems of taxing or exempting forest trees or timber, including a taxation system not based on property valuation. Any alternative system or systems shall provide for exemption of unharvested immature trees, shall encourage the continued use of timberlands for the production of trees for timber products, and shall provide for restricting the use of timberland to the production of timber products and compatible uses with provisions for taxation of timberland based on the restrictions. Nothing in this paragraph shall be construed to exclude timberland from the provisions of Section 8 of this article.

[Homeowners' Exemption]

(k) \$7,000 of the full value of a dwelling, as defined by the Legislature, when occupied by an owner as his principal residence, unless the dwelling is receiving another real property exemption. The Legislature may increase this exemption and may deny it if the owner received state or local aid to pay taxes either in whole or in part, and either directly or indirectly, on the dwelling.

No increase in this exemption above the amount of \$7,000 shall be effective for any fiscal year unless the Legislature increases the rate of state taxes in an amount sufficient to provide the subventions required by Section 25.

If the Legislature increases the homeowners' property tax exemption, it shall provide increases in benefits to qualified renters, as defined by law, comparable to the average increase in benefits to homeowners, as calculated by the Legislature.

[Vessels]

(l) Vessels of more than 50 tons burden in this State and engaged in the transportation of freight or passengers.

[Household Furnishings—Personal Effects]

(m) Household furnishings and personal effects not held or used in connection with a trade, profession, or business.

[Debt Secured by Land]

(n) Any debt secured by land.

[Veterans' Exemptions]

- (o) Property in the amount of \$1,000 of a claimant who—
- (1) is serving in or has served in and has been discharged under honorable conditions from service in the United States Army, Navy, Air Force, Marine Corps, Coast Guard, or Revenue Marine (Revenue Cutter) Service; and—
 - (2) served either
 - (i) in time of war, or
 - (ii) in time of peace in a campaign or expedition for which a medal has been issued by Congress, or
 - (iii) in time of peace and because of a service-connected disability was released from active duty; and—
 - (3) resides in the State on the current lien date.

An unmarried person who owns property valued at \$5,000 or more, or a married person, who, together with the spouse, owns property valued at \$10,000 or more, is ineligible for this exemption.

If the claimant is married and does not own property eligible for the full amount of the exemption, property of the spouse shall be eligible for the unused balance of the exemption.

[Veterans' Exemptions]

- (p) Property in the amount of \$1,000 of a claimant who—
- (1) is the unmarried spouse of a deceased veteran who met the service requirement stated in paragraphs (1) and (2) of subsection 3(o), and
 - (2) does not own property in excess of \$10,000, and
 - (3) is a resident of the State on the current lien date.

[Veterans' Exemptions]

- (q) Property in the amount of \$1,000 of a claimant who—
- (1) is the parent of a deceased veteran who met the service requirement stated in paragraphs (1) and (2) of subsection 3(o), and
 - (2) receives a pension because of the veteran's service, and
 - (3) is a resident of the State on the current lien date.

Either parent of a deceased veteran may claim this exemption.

An unmarried person who owns property valued at \$5,000 or more, or a married person, who, together with the spouse, owns property valued at \$10,000 or more, is ineligible for this exemption.

[Veterans' Exemptions]

(r) No individual residing in the State on the effective date of this amendment who would have been eligible for the exemption provided by the previous section 1¼ of this article had it not been repealed shall lose eligibility for the exemption as a result of this amendment. [*As amended November 8, 1988.*]

[Veterans' Exemptions—Change in Assessment Ratio—Adjustment]

SEC. 3.5. In any year in which the assessment ratio is changed, the Legislature shall adjust the valuation of assessable property described in subdivisions (o), (p) and (q) of Section 3 of this article to maintain the same proportionate values of such property. *[New section adopted November 6, 1979.]*

[Property Tax Exemption]

SEC. 4. The Legislature may exempt from property taxation in whole or in part:

[Home of Veteran or Surviving Spouse]

(a) The home of a person or a person's spouse, including an unmarried surviving spouse, if the person, because of injury incurred in military service, is blind in both eyes, has lost the use of 2 or more limbs, or is totally disabled, or if the person has, as a result of a service-connected injury or disease, died while on active duty in military service, unless the home is receiving another real property exemption.

[Religious, Hospital and Charitable Property]

(b) Property used exclusively for religious, hospital, or charitable purposes and owned or held in trust by corporations or other entities (1) that are organized and operating for those purposes, (2) that are nonprofit, and (3) no part of whose net earnings inures to the benefit of any private shareholder or individual.

[Specific College Exemptions]

(c) Property owned by the California School of Mechanical Arts, California Academy of Sciences, or Cogswell Polytechnical College, or held in trust for the Huntington Library and Art Gallery, or their successors.

[Church Parking Lots]

(d) Real property not used for commercial purposes that is reasonably and necessarily required for parking vehicles of persons worshipping on land exempt by Section 3(f). *[As amended November 3, 1992.]*

[Exemption of Buildings Under Construction]

SEC. 5. Exemptions granted or authorized by Sections 3(e), 3(f), and 4(b) apply to buildings under construction, land required for their convenient use, and equipment in them if the intended use would qualify the property for exemption. *[New section adopted November 5, 1974.]*

SEC. 6. [*Repealed November 5, 1974. See Section 6, below.*]

[*Exemption Waivers*]

SEC. 6. The failure in any year to claim, in a manner required by the laws in effect at the time the claim is required to be made, an exemption or classification which reduces a property tax shall be deemed a waiver of the exemption or classification for that year. [*New section adopted November 5, 1974.*]

SEC. 7. [*Repealed November 5, 1974. See Section 7, below.*]

[*Real Property Taxes—Exemption by County Boards of Supervisors*]

SEC. 7. The Legislature, two-thirds of the membership of each house concurring, may authorize county boards of supervisors to exempt real property having a full value so low that, if not exempt, the total taxes and applicable subventions on the property would amount to less than the cost of assessing and collecting them. [*New section adopted November 5, 1974.*]

[*Open Space Land and Historical Property—Exemption*]

SEC. 8. To promote the conservation, preservation and continued existence of open space lands, the Legislature may define open space land and shall provide that when this land is enforceably restricted, in a manner specified by the Legislature, to recreation, enjoyment of scenic beauty, use or conservation of natural resources, or production of food or fiber, it shall be valued for property tax purposes only on a basis that is consistent with its restrictions and uses.

To promote the preservation of property of historical significance, the Legislature may define such property and shall provide that when it is enforceably restricted, in a manner specified by the Legislature, it shall be valued for property tax purposes only on a basis that is consistent with its restrictions and uses. [*As amended June 8, 1976.*]

[*Postponement of Property Taxes*]

SEC. 8.5. The Legislature may provide by law for the manner in which a person of low or moderate income who is 62 years of age or older may postpone ad valorem property taxes on the dwelling owned and occupied by him or her as his or her principal place of residence. The Legislature may also provide by law for the manner in which a disabled person may postpone payment of ad valorem property taxes on the dwelling owned and occupied by him or her as his or her principal place of residence. The Legislature shall have plenary power to define all terms in this section.

The Legislature shall provide by law for subventions to counties, cities and counties, cities and districts in an amount equal to the amount of revenue lost by each by reason of the postponement of taxes and for the reimbursement to the State of subventions from the payment of postponed taxes. Provision shall be made for the inclusion of reimburse-

ment for the payment of interest on, and any costs to the State incurred in connection with, the subventions. [*As amended November 6, 1984.*]

SEC. 9. [*Repealed November 5, 1974. See Section 9, below.*]

[*Valuation of Certain Homes*]

SEC. 9. The Legislature may provide for the assessment for taxation only on the basis of use of a single-family dwelling, as defined by the Legislature, and so much of the land as is required for its convenient use and occupation, when the dwelling is occupied by an owner and located on land zoned exclusively for single-family dwellings or for agricultural purposes. [*New section adopted November 5, 1974.*]

SEC. 9a. [*Repealed November 5, 1974.*]

SEC. 9.5. [*Repealed November 5, 1974.*]

SEC. 10. [*Repealed November 5, 1974. See Section 10, below.*]

[*Golf Course Values*]

SEC. 10. Real property in a parcel of 10 or more acres which, on the lien date and for 2 or more years immediately preceding, has been used exclusively for nonprofit golf course purposes shall be assessed for taxation on the basis of such use, plus any value attributable to mines, quarries, hydrocarbon substances, or other minerals in the property or the right to extract hydrocarbons or other minerals from the property. [*New section adopted November 5, 1974.*]

SEC. 10½. [*Repealed November 5, 1974.*]

SEC. 11. [*Repealed November 5, 1974. See Section 11, below.*]

[*Taxation of Local Government Real Property*]

SEC. 11. (a) Lands owned by a local government that are outside its boundaries, including rights to use or divert water from surface or underground sources and any other interests in lands, are taxable if (1) they are located in Inyo or Mono County and (a) they were assessed for taxation to the local government in Inyo County as of the 1966 lien date, or in Mono County as of the 1967 lien date, whether or not the assessment was valid when made, or (b) they were acquired by the local government subsequent to that lien date and were assessed to a prior owner as of that lien date and each lien date thereafter, or (2) they are located outside Inyo or Mono County and were taxable when acquired by the local government. Improvements owned by a local government that are outside its boundaries are taxable if they were taxable when acquired or were constructed by the local government to replace improvements which were taxable when acquired.

(b) Taxable land belonging to a local government and located in Inyo County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1966 lien date and in an amount derived by multiplying its 1966 assessed value by the ratio of the statewide per capita assessed value of land as of the last lien date prior to the

current lien date to \$766, using civilian population only. Taxable land belonging to a local government and located in Mono County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1967 lien date and in an amount determined by the preceding formula except that the 1967 lien date, the 1967 assessed value, and the figure \$856 shall be used in the formula. Taxable land belonging to a local government and located outside of Inyo and Mono counties shall be assessed at the place where located and in an amount that does not exceed the lower of (1) its fair market value times the prevailing percentage of fair market value at which other lands are assessed and (2) a figure derived in the manner specified in this Section for land located in Mono County.

If land acquired by a local government after the lien date of the base year specified in this Section was assessed in the base year as part of a larger parcel, the assessed value of the part in the base year shall be that fraction of the assessed value of the larger parcel that the area of the part is of the area of the larger parcel.

If a local government divests itself of ownership of land without water rights and this land was assessed in Inyo County as of the 1966 lien date or in Mono County as of the 1967 lien date, the divestment shall not diminish the quantity of water rights assessable and taxable at the place where assessed as of that lien date.

(c) In the event the Legislature changes the prevailing percentage of fair market value at which land is assessed for taxation, there shall be used in the computations required by Section 11 (b) of this Article, for the first year for which the new percentage is applicable, in lieu of the statewide per capita assessed value of land as of the last lien date prior to the current lien date, the statewide per capita assessed value of land on the prior lien date times the ratio of the new prevailing percentage of fair market value to the previous prevailing percentage.

(d) If, after March 1954, a taxable improvement is replaced while owned by and in possession of a local government, the replacement improvement shall be assessed, as long as it is owned by a local government, as other improvements are except that the assessed value shall not exceed the product of (1) the percentage at which privately owned improvements are assessed times (2) the highest full value ever used for taxation of the improvement that has been replaced. For purposes of this calculation, the full value for any year prior to 1967 shall be conclusively presumed to be 4 times the assessed value in that year.

(e) No tax, charge, assessment, or levy of any character, other than those taxes authorized by Sections 11 (a) to 11 (d), inclusive, of this Article, shall be imposed upon one local government by another local government that is based or calculated upon the consumption or use of water outside the boundaries of the government imposing it.

(f) Any taxable interest of any character, other than a lease for agricultural purposes and an interest of a local government, in any land owned by a local government that is subject to taxation pursuant to Section 11 (a) of this Article shall be taxed in the same manner as other tax-

able interests. The aggregate value of all the interests subject to taxation pursuant to Section 11 (a), however, shall not exceed the value of all interests in the land less the taxable value of the interest of any local government ascertained as provided in Sections 11 (a) to 11 (e), inclusive, of this Article.

(g) Any assessment made pursuant to Sections 11 (a) to 11 (d), inclusive, of this Article shall be subject to review, equalization, and adjustment by the State Board of Equalization, but an adjustment shall conform to the provisions of these Sections. [*New section adopted November 5, 1974.*]

[*Unsecured Property Tax Rate*]

SEC. 12. (a) Except as provided in subdivision (b), taxes on personal property, possessory interests in land, and taxable improvements located on land exempt from taxation which are not a lien upon land sufficient in value to secure their payment shall be levied at the rates for the preceding tax year upon property of the same kind where the taxes were a lien upon land sufficient in value to secure their payment.

(b) In any year in which the assessment ratio is changed, the Legislature shall adjust the rate described in subdivision (a) to maintain equality between property on the secured and unsecured rolls. [*As amended November 2, 1976.*]

SEC. 12 $\frac{3}{4}$. [*Repealed November 5, 1974.*]

SEC. 13. [*Repealed November 5, 1974. See Section 13, below.*]

[*Separate Land and Improvements Assessment*]

SEC. 13. Land and improvements shall be separately assessed. [*New section adopted November 5, 1974.*]

SEC. 14. [*Repealed November 5, 1974. See Section 14, below.*]

[*Tax Situs*]

SEC. 14. All property taxed by local government shall be assessed in the county, city, and district in which it is situated. [*New section adopted November 5, 1974.*]

SEC. 14 $\frac{1}{5}$. [*Repealed November 5, 1974.*]

SEC. 15. [*Repealed November 5, 1974. See Section 15, below.*]

[*Disaster Relief*]

SEC. 15. The Legislature may authorize local government to provide for the assessment or reassessment of taxable property physically damaged or destroyed after the lien date to which the assessment or reassessment relates. [*New section adopted November 5, 1974.*]

SEC. 16. [*Repealed November 5, 1974. See Section 16, below.*]

[*County Board of Equalization—Assessment Appeals Board*]

SEC. 16. The county board of supervisors, or one or more assessment appeals boards created by the county board of supervisors, shall constitute the county board of equalization for a county. Two or more county boards of supervisors may jointly create one or more assessment appeals boards which shall constitute the county board of equalization for each of the participating counties.

Except as provided in subdivision (g) of Section 11, the county board of equalization, under such rules of notice as the county board may prescribe, shall equalize the values of all property on the local assessment roll by adjusting individual assessments.

County boards of supervisors shall fix the compensation for members of assessment appeals boards, furnish clerical and other assistance for those boards, adopt rules of notice and procedures for those boards as may be required to facilitate their work and to insure uniformity in the processing and decision of equalization petitions, and may provide for their discontinuance.

The Legislature shall provide for: (a) the number and qualifications of members of assessment appeals boards, the manner of selecting, appointing, and removing them, and the terms for which they serve, and (b) the procedure by which two or more county boards of supervisors may jointly create one or more assessment appeals boards. [*New section adopted November 5, 1974.*]

[*Board of Equalization*]

SEC. 17. The Board of Equalization consists of 5 voting members: the Controller and 4 members elected for 4-year terms at gubernatorial elections. The State shall be divided into four Board of Equalization districts with the voters of each district electing one member. No member may serve more than 2 terms. [*As amended November 6, 1990. Initiative measure.*]

SEC. 18. [*Repealed November 5, 1974. See Section 18, below.*]

[*Intercounty Equalization*]

SEC. 18. The Board shall measure county assessment levels annually and shall bring those levels into conformity by adjusting entire secured local assessment rolls. In the event a property tax is levied by the State, however, the effects of unequalized local assessment levels, to the extent any remain after such adjustments, shall be corrected for purposes of distributing this tax by equalizing the assessment levels of locally and state-assessed properties and varying the rate of the state tax inversely with the counties' respective assessment levels. [*New section adopted November 5, 1974.*]

SEC. 19. [*Repealed November 5, 1974. See Section 19, below.*]

[*State Assessment*]

SEC. 19. The Board shall annually assess (1) pipelines, flumes, canals, ditches, and aqueducts lying within 2 or more counties and (2) property, except franchises, owned or used by regulated railway, telegraph, or telephone companies, car companies operating on railways in the State, and companies transmitting or selling gas or electricity. This property shall be subject to taxation to the same extent and in the same manner as other property.

No other tax or license charge may be imposed on these companies which differs from that imposed on mercantile, manufacturing, and other business corporations. This restriction does not release a utility company from payments agreed on or required by law for a special privilege or franchise granted by a government body.

The Legislature may authorize Board assessment of property owned or used by other public utilities.

The Board may delegate to a local assessor the duty to assess a property used but not owned by a state assessee on which the taxes are to be paid by a local assessee. [*New section adopted November 5, 1974.*]

SEC. 20. [*Repealed November 5, 1974. See Section 20, below.*]

[*Maximum Tax Rates—Bonding Limits*]

SEC. 20. The Legislature may provide maximum property tax rates and bonding limits for local governments. [*New section adopted November 5, 1974.*]

SEC. 21. [*Repealed November 5, 1974. See Section 21, below.*]

[*School District Tax*]

SEC. 21. Within such limits as may be provided under Section 20 of this Article, the Legislature shall provide for an annual levy by county governing bodies of school district taxes sufficient to produce annual revenues for each district that the district's board determines are required for its schools and district functions. [*New section adopted November 5, 1974.*]

SEC. 21.5. [*Repealed November 5, 1974.*]

SEC. 22. [*Repealed November 5, 1974. See Section 22, below.*]

[*State Property Tax Limitations*]

SEC. 22. Not more than 25 percent of the total appropriations from all funds of the State shall be raised by means of taxes on real and personal property according to the value thereof. [*New section adopted November 5, 1974.*]

SEC. 23. *[Repealed November 5, 1974. See Section 23, below.]*

[State Boundary Change]

SEC. 23. If state boundaries change, the Legislature shall determine how property affected shall be taxed. *[New section adopted November 5, 1974.]*

SEC. 24. *[Repealed November 5, 1974. See Section 24, below.]*

[State Taxes for Local Purposes]

SEC. 24. The Legislature may not impose taxes for local purposes but may authorize local governments to impose them.

[State Funds for Local Purposes]

Money appropriated from state funds to a local government for its local purposes may be used as provided by law.

[Subventions]

Money subvened to a local government under Section 25 may be used for state or local purposes. *[New section adopted November 5, 1974.]*

SEC. 25. *[Repealed November 5, 1974. See Section 25, below.]*

[Homeowners' Exemption, Reimbursement of Local Government]

SEC. 25. The Legislature shall provide, in the same fiscal year, reimbursements to each local government for revenue lost because of Section 3(k). *[New section adopted November 5, 1974.]*

SEC. 25.5. *[Repealed November 5, 1974.]*

[Income Tax]

SEC. 26. (a) Taxes on or measured by income may be imposed on persons, corporations, or other entities as prescribed by law.

(b) Interest on bonds issued by the State or a local government in the State is exempt from taxes on income.

(c) Income of a nonprofit educational institution of collegiate grade within the State of California is exempt from taxes on or measured by income if both of the following conditions are met:

(1) The income is not unrelated business income as defined by the Legislature.

(2) The income is used exclusively for educational purposes.

(d) A nonprofit organization that is exempted from taxation by Chapter 4 (commencing with Section 23701) of Part 11 of Division 2 of the Revenue and Taxation Code or Subchapter F (commencing with Section 501) of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, or the successor of either, is exempt from any business license tax or fee measured by income or gross receipts that is levied by a county

or city, whether charter or general law, a city and county, a school district, a special district, or any other local agency. [*As amended June 7, 1994.*]

[*Bank and Corporation Taxes*]

SEC. 27. The Legislature, a majority of the membership of each house concurring, may tax corporations, including state and national banks, and their franchises by any method not prohibited by this Constitution or the Constitution or laws of the United States. Unless otherwise provided by the Legislature, the tax on state and national banks shall be according to or measured by their net income and shall be in lieu of all other taxes and license fees upon banks or their shares, except taxes upon real property and vehicle registration and license fees. [*As amended June 8, 1976.*]

[*Taxation of Insurance Companies*]

SEC. 28. (a) "Insurer," as used in this section, includes insurance companies or associations and reciprocal or interinsurance exchanges together with their corporate or other attorneys in fact considered as a single unit, and the State Compensation Insurance Fund. As used in this paragraph, "companies" includes persons, partnerships, joint stock associations and corporations.

(b) An annual tax is hereby imposed on each insurer doing business in this State on the base, at the rates, and subject to the deductions from the tax hereinafter specified.

(c) In the case of an insurer not transacting title insurance in this State, the "basis of the annual tax" is, in respect to each year, the amount of gross premiums, less return premiums, received in such year by such insurer upon its business done in this State, other than premiums received for reinsurance and for ocean marine insurance.

In the case of an insurer transacting title insurance in this State, the "basis of the annual tax" is, in respect to each year, all income upon business done in this State, except:

- (1) Interest and dividends.
- (2) Rents from real property.
- (3) Profits from the sale or other disposition of investments.
- (4) Income from investments.

"Investments" as used in this subdivision includes property acquired by such insurer in the settlement or adjustment of claims against it but excludes investments in title plants and title records. Income derived directly or indirectly from the use of title plants and title records is included in the basis of the annual tax.

In the case of an insurer transacting title insurance in this State which has a trust department and does a trust business under the banking laws of this State, there shall be excluded from the basis of the annual tax imposed by this section, the income of, and from the assets of, such trust

department and such trust business, if such income is taxed by this State or included in the measure of any tax imposed by this State.

(d) The rate of the tax to be applied to the basis of the annual tax in respect to each year is 2.35 percent.

(f) The tax imposed on insurers by this section is in lieu of all other taxes and licenses, state, county, and municipal, upon such insurers and their property, except:

(1) Taxes upon their real estate.

(2) That an insurer transacting title insurance in this State which has a trust department or does a trust business under the banking laws of this State is subject to taxation with respect to such trust department or trust business to the same extent and in the same manner as trust companies and the trust departments of banks doing business in this State.

(3) When by or pursuant to the laws of any other state or foreign country any taxes, licenses and other fees, in the aggregate, and any fines, penalties, deposit requirements or other material obligations, prohibitions or restrictions are or would be imposed upon California insurers, or upon the agents or representatives of such insurers, which are in excess of such taxes, licenses and other fees, in the aggregate, or which are in excess of the fines, penalties, deposit requirements or other obligations, prohibitions, or restrictions directly imposed upon similar insurers, or upon the agents or representatives of such insurers, of such other state or country under the statutes of this State; so long as such laws of such other state or country continue in force or are so applied, the same taxes, licenses and other fees, in the aggregate, or fines, penalties or deposit requirements or other material obligations, prohibitions, or restrictions, of whatever kind shall be imposed upon the insurers, or upon the agents or representatives of such insurers, of such other state or country doing business or seeking to do business in California. Any tax, license or other fee or other obligation imposed by any city, county, or other political subdivision or agency of such other state or country on California insurers or their agents or representatives shall be deemed to be imposed by such state or country within the meaning of this paragraph (3) of subdivision (f).

The provisions of this paragraph (3) of subdivision (f) shall not apply as to personal income taxes, nor as to ad valorem taxes on real or personal property nor as to special purpose obligations or assessments heretofore imposed by another state or foreign country in connection with particular kinds of insurance, other than property insurance; except that deductions, from premium taxes or other taxes otherwise payable, allowed on account of real estate or personal property taxes paid shall be taken into consideration in determining the propriety and extent of retaliatory action under this paragraph (3) of subdivision (f).

For the purposes of this paragraph (3) of subdivision (f) the domicile of an alien insurer, other than insurers formed under the laws of Canada, shall be that state in which is located its principal place of business in the United States.

In the case of an insurer formed under the laws of Canada or a province thereof, its domicile shall be deemed to be that province in which its head office is situated.

The provisions of this paragraph (3) of subdivision (f) shall also be applicable to reciprocals or interinsurance exchanges and fraternal benefit societies.

(4) The tax on ocean marine insurance.

(5) Motor vehicle and other vehicle registration license fees and any other tax or license fee imposed by the State upon vehicles, motor vehicles or the operation thereof.

(6) That each corporate or other attorney in fact of a reciprocal or interinsurance exchange shall be subject to all taxes imposed upon corporations or others doing business in the State, other than taxes on income derived from its principal business as attorney in fact.

A corporate or other attorney in fact of each exchange shall annually compute the amount of tax that would be payable by it under prevailing law except for the provisions of this section, and any management fee due from each exchange to its corporate or other attorney in fact shall be reduced pro tanto by a sum equivalent to the amount so computed.

(g) Every insurer transacting the business of ocean marine insurance in this State shall annually pay to the State a tax measured by that proportion of the underwriting profit of such insurer from such insurance written in the United States, which the gross premiums of the insurer from such insurance written in this State bear to the gross premiums of the insurer from such insurance written within the United States, at the rate of 5 per centum, which tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon such insurer, except taxes upon real estate, and such other taxes as may be assessed or levied against such insurer on account of any other class of insurance written by it. The Legislature shall define the terms "ocean marine insurance" and "underwriting profit," and shall provide for the assessment, levy, collection and enforcement of the ocean marine tax.

(h) The taxes provided for by this section shall be assessed by the State Board of Equalization.

(i) The Legislature, a majority of all the members elected to each of the two houses voting in favor thereof, may by law change the rate or rates of taxes herein imposed upon insurers.

(j) This section is not intended to and does not change the law as it has previously existed with respect to the meaning of the words "gross premiums, less return premiums, received" as used in this article. [As amended June 8, 1976.]

SEC. 29. [Repealed November 5, 1974. See Section 29, below.]

[Local Government Tax Sharing]

SEC. 29. The Legislature may authorize counties, cities and counties, and cities to enter into contracts to apportion between them the revenue derived from any sales or use tax imposed by them which is

collected for them by the State. Before any such contract becomes operative, it shall be authorized by a majority of those voting on the question in each jurisdiction at a general or direct primary election. [*New section adopted November 5, 1974.*]

[*Tax Liens—Presumption of Payment of Taxes*]

SEC. 30. Every tax shall be conclusively presumed to have been paid after 30 years from the time it became a lien unless the property subject to the lien has been sold in the manner provided by the Legislature for the payment of the tax. [*New section adopted November 5, 1974.*]

[*Power to Tax*]

SEC. 31. The power to tax may not be surrendered or suspended by grant or contract. [*New section adopted November 5, 1974.*]

[*Proceedings Relating to Collection*]

SEC. 32. No legal or equitable process shall issue in any proceeding in any court against this State or any officer thereof to prevent or enjoin the collection of any tax. After payment of a tax claimed to be illegal, an action may be maintained to recover the tax paid, with interest, in such manner as may be provided by the Legislature. [*New section adopted November 5, 1974.*]

[*Legislature to Enact Laws*]

SEC. 33. The Legislature shall pass all laws necessary to carry out the provisions of this article. [*New section adopted November 5, 1974.*]

[*Food Products—Taxation*]

SEC. 34. Neither the State of California nor any of its political subdivisions shall levy or collect a sales or use tax on the sale of, or the storage, use or other consumption in this State of food products for human consumption except as provided by statute as of the effective date of this section. [*New section adopted November 3, 1992. Operative January 1, 1993. Initiative measure.*]

[*Local Public Safety Services*]

SEC. 35. (a) The people of the State of California find and declare all of the following:

(1) Public safety services are critically important to the security and well-being of the State's citizens and to the growth and revitalization of the State's economic base.

(2) The protection of the public safety is the first responsibility of local government and local officials have an obligation to give priority to the provision of adequate public safety services.

(3) In order to assist local government in maintaining a sufficient level of public safety services, the proceeds of the tax enacted pursuant to this section shall be designated exclusively for public safety.

(b) In addition to any sales and use taxes imposed by the Legislature, the following sales and use taxes are hereby imposed:

(1) For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers at the rate of $\frac{1}{2}$ percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in this State on and after January 1, 1994.

(2) An excise tax is hereby imposed on the storage, use, or other consumption in this State of tangible personal property purchased from any retailer on and after January 1, 1994, for storage, use, or other consumption in this State at the rate of $\frac{1}{2}$ percent of the sales price of the property.

(c) The Sales and Use Tax Law, including any amendments made thereto on or after the effective date of this section, shall be applicable to the taxes imposed by subdivision (b).

(d) (1) All revenues, less refunds, derived from the taxes imposed pursuant to subdivision (b) shall be transferred to the Local Public Safety Fund for allocation by the Legislature, as prescribed by statute, to counties in which either of the following occurs:

(A) The board of supervisors, by a majority vote of its membership, requests an allocation from the Local Public Safety Fund in a manner prescribed by statute.

(B) A majority of the county's voters voting thereon approve the addition of this section.

(2) Moneys in the Local Public Safety Fund shall be allocated for use exclusively for public safety services of local agencies.

(e) Revenues derived from the taxes imposed pursuant to subdivision (b) shall not be considered proceeds of taxes for purposes of Article XIII B or State General Fund proceeds of taxes within the meaning of Article XVI.

(f) Except for the provisions of Section 34, this section shall supersede any other provisions of this Constitution that are in conflict with the provisions of this section, including, but not limited to, Section 9 of Article II. [*New section adopted November 2, 1993.*]

ARTICLE XIII A *

[TAX LIMITATION]

[Maximum Ad Valorem Tax on Real Property—Apportionment of Tax Revenues]

SECTION 1. (a) The maximum amount of any ad valorem tax on real property shall not exceed One percent (1%) of the full cash value of such property. The one percent (1%) tax to be collected by the counties and apportioned according to law to the districts within the counties.

[Exceptions to Limitation]

(b) The limitation provided for in subdivision (a) shall not apply to ad valorem taxes or special assessments to pay the interest and redemption charges on (1) any indebtedness approved by the voters prior to July 1, 1978, or (2) any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition. *[As amended June 3, 1986.]*

[Valuation of Real Property—Appraised Value After 1975 Assessment—Replacement Dwelling]

SEC. 2. (a) The full cash value means the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. All real property not already assessed up to the 1975-76 full cash value may be reassessed to reflect that valuation. For purposes of this section, "newly constructed" does not include real property which is reconstructed after a disaster, as declared by the Governor, where the fair market value of the real property, as reconstructed, is comparable to its fair market value prior to the disaster. Also, the term "newly constructed" shall not include the portion of reconstruction or improvement to a structure, constructed of unreinforced masonry bearing wall construction, necessary to comply with any local ordinance relating to seismic safety during the first 15 years following that reconstruction or improvement.

However, the Legislature may provide that under appropriate circumstances and pursuant to definitions and procedures established by the Legislature, any person over the age of 55 years who resides in property which is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII and any implementing legislation may transfer the base year value of the property entitled to exemption, with the adjustments authorized by subdivision (b), to any

* New Article XIII A adopted June 6, 1978. Operative for tax year beginning July 1, 1979. Initiative measure.

replacement dwelling of equal or lesser value located within the same county and purchased or newly constructed by that person as his or her principal residence within two years of the sale of the original property. For purposes of this section, "any person over the age of 55 years" includes a married couple one member of which is over the age of 55 years. For purposes of this section, "replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, and any land on which it may be situated. For purposes of this section, a two-dwelling unit shall be considered as two separate single-family dwellings. This paragraph shall apply to any replacement dwelling which was purchased or newly constructed on or after November 5, 1986.

In addition, the Legislature may authorize each county board of supervisors, after consultation with the local affected agencies within the county's boundaries, to adopt an ordinance making the provisions of this subdivision relating to transfer of base year value also applicable to situations in which the replacement dwellings are located in that county and the original properties are located in another county within this State. For purposes of this paragraph, "local affected agency" means any city, special district, school district, or community college district which receives an annual property tax revenue allocation. This paragraph shall apply to any replacement dwelling which was purchased or newly constructed on or after the date the county adopted the provisions of this subdivision relating to transfer of base year value, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

The Legislature may extend the provisions of this subdivision relating to the transfer of base year values from original properties to replacement dwellings of homeowners over the age of 55 years to severely disabled homeowners, but only with respect to those replacement dwellings purchased or newly constructed on or after the effective date of this paragraph.

[Full Cash Value Reflecting Inflationary Rate]

(b) The full cash value base may reflect from year to year the inflationary rate not to exceed 2 percent for any given year or reduction as shown in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced to reflect substantial damage, destruction or other factors causing a decline in value.

["Newly Constructed"]

(c) For purposes of subdivision (a), the Legislature may provide that the term "newly constructed" shall not include any of the following:

- (1) The construction or addition of any active solar energy system.
- (2) The construction or installation of any fire sprinkler system, other fire extinguishing system, fire detection system, or fire-related

egress improvement, as defined by the Legislature, which is constructed or installed after the effective date of this paragraph.

(3) The construction, installation, or modification on or after the effective date of this paragraph of any portion or structural component of a single or multiple family dwelling which is eligible for the homeowner's exemption if the construction, installation, or modification is for the purpose of making the dwelling more accessible to a severely disabled person.

(4) The construction or installation of seismic retrofitting improvements or improvements utilizing earthquake hazard mitigation technologies, which are constructed or installed in existing buildings after the effective date of this paragraph. The Legislature shall define eligible improvements. This exclusion does not apply to seismic safety reconstruction or improvements which qualify for exclusion pursuant to the last sentence of the first paragraph of subdivision (a).

(5) The construction, installation, removal, or modification on or after the effective date of this paragraph of any portion or structural component of an existing building or structure if the construction, installation, removal, or modification is for the purpose of making the building more accessible to, or more usable by, a disabled person.

["Change in Ownership"]

(d) For purposes of this section, the term "change in ownership" shall not include the acquisition of real property as a replacement for comparable property if the person acquiring the real property has been displaced from the property replaced by eminent domain proceedings, by acquisition by a public entity, or governmental action which has resulted in a judgment of inverse condemnation. The real property acquired shall be deemed comparable to the property replaced if it is similar in size, utility, and function, or if it conforms to state regulations defined by the Legislature governing the relocation of persons displaced by governmental actions. The provisions of this subdivision shall be applied to any property acquired after March 1, 1975, but shall affect only those assessments of that property which occur after the provisions of this subdivision take effect.

[Disasters—Replacement Property]

(e) (1) Notwithstanding any other provision of this section, the Legislature shall provide that the base year value of property which is substantially damaged or destroyed by a disaster, as declared by the Governor, may be transferred to comparable property within the same county that is acquired or newly constructed as a replacement for the substantially damaged or destroyed property.

(2) Except as provided in paragraph (3), this subdivision shall apply to any comparable replacement property acquired or newly constructed on or after July 1, 1985, and to the determination of base year values for the 1985-86 fiscal year and fiscal years thereafter.

(3) In addition to the transfer of base year value of property within the same county that is permitted by paragraph (1), the Legislature may authorize each county board of supervisors to adopt, after consultation with affected local agencies within the county, an ordinance allowing the transfer of the base year value of property that is located within another county in the State and is substantially damaged or destroyed by a disaster, as declared by the Governor, to comparable replacement property of equal or lesser value that is located within the adopting county and is acquired or newly constructed within three years of the substantial damage or destruction of the original property as a replacement for that property. The scope and amount of the benefit provided to a property owner by the transfer of base year value of property pursuant to this paragraph shall not exceed the scope and amount of the benefit provided to a property owner by the transfer of base year value of property pursuant to subdivision (a). For purposes of this paragraph, "affected local agency" means any city, special district, school district, or community college district that receives an annual allocation of ad valorem property tax revenues. This paragraph shall apply to any comparable replacement property that is acquired or newly constructed as a replacement for property substantially damaged or destroyed by a disaster, as declared by the Governor, occurring on or after October 20, 1991, and to the determination of base year values for the 1991-92 fiscal year and fiscal years thereafter.

[Disasters—Replacement Property]

(f) For the purposes of subdivision (e):

(1) Property is substantially damaged or destroyed if it sustains physical damage amounting to more than 50 percent of its value immediately before the disaster. Damage includes a diminution in the value of property as a result of restricted access caused by the disaster.

(2) Replacement property is comparable to the property substantially damaged or destroyed if it is similar in size, utility, and function to the property which it replaces, and if the fair market value of the acquired property is comparable to the fair market value of the replaced property prior to the disaster.

[Real Property Transfers between Spouses]

(g) For purposes of subdivision (a), the terms "purchased" and "change in ownership" shall not include the purchase or transfer of real property between spouses since March 1, 1975, including, but not limited to, all of the following:

(1) Transfers to a trustee for the beneficial use of a spouse, or the surviving spouse of a deceased transferor, or by a trustee of such a trust to the spouse of the trustor.

(2) Transfers to a spouse which take effect upon the death of a spouse.

(3) Transfers to a spouse or former spouse in connection with a property settlement agreement or decree of dissolution of a marriage or legal separation.

(4) The creation, transfer, or termination, solely between spouses, of any coowner's interest.

(5) The distribution of a legal entity's property to a spouse or former spouse in exchange for the interest of the spouse in the legal entity in connection with a property settlement agreement or a decree of dissolution of a marriage or legal separation.

[Real Property Transfers between Parents and Children]

(h) For purposes of subdivision (a), the terms "purchased" and "change of ownership" shall not include the purchase or transfer of the principal residence of the transferor in the case of a purchase or transfer between parents and their children, as defined by the Legislature, and the purchase or transfer of the first \$1,000,000 of the full cash value of all other real property between parents and their children, as defined by the Legislature. This subdivision shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree.

[Effectiveness of Amendments]

(i) Unless specifically provided otherwise, amendments to this section adopted prior to November 1, 1988, shall be effective for changes in ownership which occur, and new construction which is completed, after the effective date of the amendment. Unless specifically provided otherwise, amendments to this section adopted after November 1, 1988, shall be effective for changes in ownership which occur, and new construction which is completed, on or after the effective date of the amendment. *[As amended June 7, 1994.]*

[Changes in State Taxes—Vote Requirement]

SECTION 3. From and after the effective date of this article, any changes in state taxes enacted for the purpose of increasing revenues collected pursuant thereto whether by increased rates or changes in methods of computation must be imposed by an Act passed by not less than two-thirds of all members elected to each of the two houses of the Legislature, except that no new ad valorem taxes on real property, or sales or transaction taxes on the sales of real property may be imposed. *[New section adopted June 6, 1978. Initiative measure.]*

[Imposition of Special Taxes]

SECTION 4. Cities, Counties and special districts, by a two-thirds vote of the qualified electors of such district, may impose special taxes on such district, except ad valorem taxes on real property or a transaction tax or sales tax on the sale of real property within such City, County or special district. *[New section adopted June 6, 1978. Operative for tax year beginning July 1, 1979. Initiative measure.]*

[*Effective Date of Article*]

SECTION 5. This article shall take effect for the tax year beginning on July 1 following the passage of this Amendment, except Section 3 which shall become effective upon the passage of this article. [*New section adopted June 6, 1978. Operative for tax year beginning July 1, 1979. Initiative measure.*]

[*Severability*]

SECTION 6. If any section, part, clause, or phrase hereof is for any reason held to be invalid or unconstitutional, the remaining sections shall not be affected but will remain in full force and effect. [*New section adopted June 6, 1978. Operative for tax year beginning July 1, 1979. Initiative measure.*]

ARTICLE XIII B *

GOVERNMENT SPENDING LIMITATION

[*Total Annual Appropriations*]

SEC. 1. The total annual appropriations subject to limitation of the State and of each local government shall not exceed the appropriations limit of the entity of government for the prior year adjusted for the change in the cost of living and the change in population, except as otherwise provided in this article. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Appropriations Limit Annual Calculation—Review*]

SEC. 1.5. The annual calculation of the appropriations limit under this article for each entity of local government shall be reviewed as part of an annual financial audit. [*New section adopted June 5, 1990. Operative July 1, 1990.*]

[*Revenues in Excess of Limitation*]

SEC. 2. (a) (1) Fifty percent of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the State in compliance with this article during that fiscal year and the fiscal year immediately following it shall be transferred and allocated, from a fund established for that purpose, pursuant to Section 8.5 of Article XVI.

(2) Fifty percent of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the State in compliance with this article

* New Article XIII B adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.

during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

(b) All revenues received by an entity of government, other than the State, in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the entity in compliance with this article during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Appropriations Limit—Adjustments*]

SEC. 3. The appropriations limit for any fiscal year pursuant to Sec. 1 shall be adjusted as follows:

(a) In the event that the financial responsibility of providing services is transferred, in whole or in part, whether by annexation, incorporation or otherwise, from one entity of government to another, then for the year in which such transfer becomes effective the appropriations limit of the transferee entity shall be increased by such reasonable amount as the said entities shall mutually agree and the appropriations limit of the transferor entity shall be decreased by the same amount.

(b) In the event that the financial responsibility of providing services is transferred, in whole or in part, from an entity of government to a private entity, or the financial source for the provision of services is transferred, in whole or in part, from other revenues of an entity of government, to regulatory licenses, user charges or user fees, then for the year of such transfer the appropriations limit of such entity of government shall be decreased accordingly.

(c) (1) In the event an emergency is declared by the legislative body of an entity of government, the appropriations limit of the affected entity of government may be exceeded provided that the appropriations limits in the following three years are reduced accordingly to prevent an aggregate increase in appropriations resulting from the emergency.

(2) In the event an emergency is declared by the Governor, appropriations approved by a two-thirds vote of the legislative body of an affected entity of government to an emergency account for expenditures relating to that emergency shall not constitute appropriations subject to limitation. As used in this paragraph, “emergency” means the existence, as declared by the Governor, of conditions of disaster or extreme peril to the safety of persons and property within the State, or parts thereof, caused by such conditions as attack or probable or imminent attack by an enemy of the United States, fire, flood, drought, storm, civil disorder, earthquake, or volcanic eruption. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Appropriations Limit—Establishment or Change*]

SEC. 4. The appropriations limit imposed on any new or existing entity of government by this Article may be established or changed by the electors of such entity, subject to and in conformity with constitutional and statutory voting requirements. The duration of any such change shall be as determined by said electors, but shall in no event exceed four years from the most recent vote of said electors creating or continuing such change. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

[*Contingency, Emergency, Unemployment, Etc., Funds—Contributions—Withdrawals—Transfers*]

SEC. 5. Each entity of government may establish such contingency, emergency, unemployment, reserve, retirement, sinking fund, trust, or similar funds as it shall deem reasonable and proper. Contributions to any such fund, to the extent that such contributions are derived from the proceeds of taxes, shall for purposes of this Article constitute appropriations subject to limitation in the year of contribution. Neither withdrawals from any such fund, nor expenditures of (or authorizations to expend) such withdrawals, nor transfers between or among such funds, shall for purposes of this Article constitute appropriations subject to limitation. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

[*Prudent State Reserve*]

SECTION 5.5. *Prudent State Reserve.* The Legislature shall establish a prudent state reserve fund in such amount as it shall deem reasonable and necessary. Contributions to, and withdrawals from, the fund shall be subject to the provisions of Section 5 of this Article. [*New section adopted November 8, 1988. Initiative measure.*]

[*Mandates of New Programs or Higher Levels of Service—State Subvention—Exceptions*]

SEC. 6. Whenever the Legislature or any state agency mandates a new program or higher level of service on any local government, the State shall provide a subvention of funds to reimburse such local government for the costs of such program or increased level of service, except that the Legislature may, but need not, provide such subvention of funds for the following mandates:

- (a) Legislative mandates requested by the local agency affected;
- (b) Legislation defining a new crime or changing an existing definition of a crime; or
- (c) Legislative mandates enacted prior to January 1, 1975, or executive orders or regulations initially implementing legislation enacted

prior to January 1, 1975. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

[*Bonded Indebtedness*]

SEC. 7. Nothing in this Article shall be construed to impair the ability of the State or of any local government to meet its obligations with respect to existing or future bonded indebtedness. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

[*Definitions*]

SEC. 8. As used in this article and except as otherwise expressly provided herein:

(a) "Appropriations subject to limitation" of the State means any authorization to expend during a fiscal year the proceeds of taxes levied by or for the State, exclusive of state subventions for the use and operation of local government (other than subventions made pursuant to Section 6) and further exclusive of refunds of taxes, benefit payments from retirement, unemployment insurance, and disability insurance funds.

(b) "Appropriations subject to limitation" of an entity of local government means any authorization to expend during a fiscal year the proceeds of taxes levied by or for that entity and the proceeds of state subventions to that entity (other than subventions made pursuant to Section 6) exclusive of refunds of taxes.

(c) "Proceeds of taxes" shall include, but not be restricted to, all tax revenues and the proceeds to an entity of government, from (1) regulatory licenses, user charges, and user fees to the extent that those proceeds exceed the costs reasonably borne by that entity in providing the regulation, product, or service, and (2) the investment of tax revenues. With respect to any local government, "proceeds of taxes" shall include subventions received from the State, other than pursuant to Section 6, and, with respect to the State, proceeds of taxes shall exclude such subventions.

(d) "Local government" means any city, county, city and county, school district, special district, authority, or other political subdivision of or within the State.

(e) (1) "Change in the cost of living" for the State, a school district, or a community college district means the percentage change in California per capita personal income from the preceding year.

(2) "Change in the cost of living" for an entity of local government, other than a school district or a community college district, shall be either (A) the percentage change in California per capita personal income from the preceding year, or (B) the percentage change in the local assessment roll from the preceding year for the jurisdiction due to the addition of local nonresidential new construction. Each entity of lo-

cal government shall select its change in the cost of living pursuant to this paragraph annually by a recorded vote of the entity's governing body.

(f) "Change in population" of any entity of government, other than the State, a school district, or a community college district, shall be determined by a method prescribed by the Legislature.

"Change in population" of a school district or a community college district shall be the percentage change in the average daily attendance of the school district or community college district from the preceding fiscal year, as determined by a method prescribed by the Legislature.

"Change in population" of the State shall be determined by adding (1) the percentage change in the State's population multiplied by the percentage of the State's budget in the prior fiscal year that is expended for other than educational purposes for kindergarten and grades one to 12, inclusive, and the community colleges, and (2) the percentage change in the total statewide average daily attendance in kindergarten and grades one to 12, inclusive, and the community colleges, multiplied by the percentage of the State's budget in the prior fiscal year that is expended for educational purposes for kindergarten and grades one to 12, inclusive, and the community colleges.

Any determination of population pursuant to this subdivision, other than that measured by average daily attendance, shall be revised, as necessary, to reflect the periodic census conducted by the United States Department of Commerce, or successor department.

(g) "Debt service" means appropriations required to pay the cost of interest and redemption charges, including the funding of any reserve or sinking fund required in connection therewith, on indebtedness existing or legally authorized as of January 1, 1979, or on bonded indebtedness thereafter approved according to law by a vote of the electors of the issuing entity voting in an election for that purpose.

(h) The "appropriations limit" of each entity of government for each fiscal year is that amount which total annual appropriations subject to limitation may not exceed under Sections 1 and 3. However, the "appropriations limit" of each entity of government for fiscal year 1978-79 is the total of the appropriations subject to limitation of the entity for that fiscal year. For fiscal year 1978-79, state subventions to local governments, exclusive of federal grants, are deemed to have been derived from the proceeds of state taxes.

(i) Except as otherwise provided in Section 5, "appropriations subject to limitation" do not include local agency loan funds or indebtedness funds, investment (or authorizations to invest) funds of the State, or of an entity of local government in accounts at banks or savings and loan associations or in liquid securities. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Exceptions to Appropriations Subject to Limitation*]

SEC. 9. "Appropriations subject to limitation" for each entity of government do not include:

- (a) Appropriations for debt service.
- (b) Appropriations required to comply with mandates of the courts or the federal government which, without discretion, require an expenditure for additional services or which unavoidably make the provision of existing services more costly.
- (c) Appropriations of any special district which existed on January 1, 1978, and which did not as of the 1977-78 fiscal year levy an ad valorem tax on property in excess of 12½ cents per \$100 of assessed value; or the appropriations of any special district then existing or thereafter created by a vote of the people, which is totally funded by other than the proceeds of taxes.
- (d) Appropriations for all qualified capital outlay projects, as defined by the Legislature.
- (e) Appropriations of revenue which are derived from any of the following:
- (1) That portion of the taxes imposed on motor vehicle fuels for use in motor vehicles upon public streets and highways at a rate of more than nine cents (\$0.09) per gallon.
 - (2) Sales and use taxes collected on that increment of the tax specified in paragraph (1).
 - (3) That portion of the weight fee imposed on commercial vehicles which exceeds the weight fee imposed on those vehicles on January 1, 1990. [*As amended June 5, 1990. Operative July 1, 1990.*]

[Appropriations Limit on or after July 1, 1990]

SEC. 10.5. For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986-87 fiscal year adjusted for the changes made from that fiscal year pursuant to this article, as amended by the measure adding this section, adjusted for the changes required by Section 3. [*New section adopted June 5, 1990. Operative July 1, 1990.*]

[Category Added or Removed from Appropriations Subject to Limitation—Severability]

SEC. 11. If any appropriation category shall be added to or removed from appropriations subject to limitation, pursuant to final judgment of any court of competent jurisdiction and any appeal therefrom, the appropriations limit shall be adjusted accordingly. If any section, part, clause or phrase in this Article is for any reason held invalid or unconstitutional, the remaining portions of this Article shall not be affected

but shall remain in full force and effect. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

[*Exceptions to Appropriations Subject to Limitation*]

SEC. 12. "Appropriations subject to limitation" of each entity of government shall not include appropriations of revenue from the Cigarette and Tobacco Products Surtax Fund created by the Tobacco Tax and Health Protection Act of 1988. No adjustment in the appropriations limit of any entity of government shall be required pursuant to Section 3 as a result of revenue being deposited in or appropriated from the Cigarette and Tobacco Products Surtax Fund created by the Tobacco Tax and Health Protection Act of 1988. * New Article XIV adopted June 8, 1976.

SEC. 4. [*Repealed June 8, 1976. See Section 4, below.*]

[*Workers' Compensation*]

SEC. 4. The Legislature is hereby expressly vested with plenary power, unlimited by any provision of this Constitution, to create, and enforce a complete system of workers' compensation, by appropriate legislation, and in that behalf to create and enforce a liability on the part of any or all persons to compensate any or all of their workers for injury or disability, and their dependents for death incurred or sustained by the said workers in the course of their employment, irrespective of the fault of any party. A complete system of workers' compensation includes adequate provisions for the comfort, health and safety and general welfare of any and all workers and those dependent upon them for support to the extent of relieving from the consequences of any injury or death incurred or sustained by workers in the course of their employment, irrespective of the fault of any party; also full provision for securing safety in places of employment; full provision for such medical, surgical, hospital and other remedial treatment as is requisite to cure and relieve from the effects of such injury; full provision for adequate insurance coverage against liability to pay or furnish compensation; full provision for regulating such insurance coverage in all its aspects, including the establishment and management of a state compensation insurance fund; full provision for otherwise securing the payment of compensation; and full provision for vesting power, authority and jurisdiction in an administrative body with all the requisite governmental functions to determine any dispute or matter arising under such legislation, to the end that the administration of such legislation shall accomplish substantial justice in all cases expeditiously, inexpensively, and without incumbrance of any character; all of which matters are expressly declared to be the social public policy of this State, binding upon all departments of the state government.

The Legislature is vested with plenary powers, to provide for the settlement of any disputes arising under such legislation by arbitration, or by an industrial accident commission, by the courts, or by either, any, or all of these agencies, either separately or in combination, and may fix and control the method and manner of trial of any such dispute, the rules of evidence and the manner of review of decisions rendered by the tribunal or tribunals designated by it; provided, that all decisions of any such tribunal shall be subject to review by the appellate courts of this State. The Legislature may combine in one statute all the provisions for a complete system of workers' compensation, as herein defined.

The Legislature shall have power to provide for the payment of an award to the State in the case of the death, arising out of and in the course of the employment, of an employee without dependents, and such awards may be used for the payment of extra compensation for subsequent injuries beyond the liability of a single employer for awards to employees of the employer.

Nothing contained herein shall be taken or construed to impair or render ineffectual in any measure the creation and existence of the industrial accident commission of this State or the state compensation insurance fund, the creation and existence of which, with all the functions vested in them, are hereby ratified and confirmed. [*New section adopted June 8, 1976.*]

SEC. 5. [*Repealed November 6, 1990. See Section 5, below.*]

[*Inmate Labor*]

SECTION 5. (a) The Director of Corrections or any county Sheriff or other local government official charged with jail operations, may enter into contracts with public entities, nonprofit or for profit organizations, entities, or businesses for the purpose of conducting programs which use inmate labor. Such programs shall be operated and implemented pursuant to statutes enacted by or in accordance with the provisions of the Prison Inmate Labor Initiative of 1990, and by rules and regulations prescribed by the Director of Corrections and, for county jail programs, by local ordinances.

(b) No contract shall be executed with an employer that will initiate employment by inmates in the same job classification as non-inmate employees of the same employer who are on strike, as defined in Section 1132.6 of the Labor Code, as it reads on January 1, 1990, or who are subject to lockout, as defined in Section 1132.8 of the Labor Code, as it reads on January 1, 1990. Total daily hours worked by inmates employed in the same job classification as non-inmate employees of the same employer who are on strike, as defined in Section 1132.6 of the Labor Code, as it reads on January 1, 1990, or who are subject to lockout, as defined in Section 1132.8 of the Labor Code, as it reads on January 1, 1990, shall not exceed, for the duration of the strike, the average daily hours worked for the preceding six months, or if the program has been in operation for less than six months, the average for the period of operation.

(c) Nothing in this section shall be interpreted as creating a right of inmates to work. [*New section adopted November 6, 1990. Initiative measure.*]

USURY

[*Rate of Interest*]

SECTION 1. The rate of interest upon the loan or forbearance of any money, goods, or things in action, or on accounts after demand, shall be 7 percent per annum but it shall be competent for the parties to any loan or forbearance of any money, goods or things in action to contract in writing for a rate of interest:

(1) For any loan or forbearance of any money, goods, or things in action, if the money, goods, or things in action are for use primarily for personal, family, or household purposes, at a rate not exceeding 10 percent per annum; provided, however, that any loan or forbearance of any money, goods or things in action the proceeds of which are used primarily for the purchase, construction or improvement of real property shall not be deemed to be a use primarily for personal, family or household purposes; or

(2) For any loan or forbearance of any money, goods, or things in action for any use other than specified in paragraph (1), at a rate not exceeding the higher of (a) 10 percent per annum or (b) 5 percent per annum plus the rate prevailing on the 25th day of the month preceding the earlier of (i) the date of execution of the contract to make the loan or forbearance, or (ii) the date of making the loan or forbearance established by the Federal Reserve Bank of San Francisco on advances to member banks under Sections 13 and 13a of the Federal Reserve Act as now in effect or hereafter from time to time amended (or if there is no such single determinable rate of advances, the closest counterpart of such rate as shall be designated by the Superintendent of Banks of the State of California unless some other person or agency is delegated such authority by the Legislature).

[*Charges*]

No person, association, copartnership or corporation shall by charging any fee, bonus, commission, discount or other compensation receive from a borrower more than the interest authorized by this section upon any loan or forbearance of any money, goods or things in action.

[*Exemptions*]

However, none of the above restrictions shall apply to any obligations of, loans made by, or forbearances of, any building and loan association as defined in and which is operated under that certain act known as the "Building and Loan Association Act," approved May 5, 1931, as

* New Article XV adopted June 8, 1976.

amended, or to any corporation incorporated in the manner prescribed in and operating under that certain act entitled "An act defining industrial loan companies, providing for their incorporation, powers and supervision," approved May 18, 1917, as amended, or any corporation incorporated in the manner prescribed in and operating under that certain act entitled "An act defining credit unions, providing for their incorporation, powers, management and supervision," approved March 31, 1927, as amended or any duly licensed pawnbroker or personal property broker, or any loans made or arranged by any person licensed as a real estate broker by the State of California and secured in whole or in part by liens on real property, or any bank as defined in and operating under that certain act known as the "Bank Act," approved March 1, 1909, as amended, or any bank created and operating under and pursuant to any laws of this State or of the United States of America or any nonprofit cooperative association organized under Chapter 1 (commencing with Section 54001) of Division 20 of the Food and Agricultural Code in loaning or advancing money in connection with any activity mentioned in said title or any corporation, association, syndicate, joint stock company, or partnership engaged exclusively in the business of marketing agricultural, horticultural, viticultural, dairy, live stock, poultry and bee products on a cooperative nonprofit basis in loaning or advancing money to the members thereof or in connection with any such business or any corporation securing money or credit from any federal intermediate credit bank, organized and existing pursuant to the provisions of an act of Congress entitled "Agricultural Credits Act of 1923," as amended in loaning or advancing credit so secured, or any other class of persons authorized by statute, or to any successor in interest to any loan or forbearance exempted under this article, nor shall any such charge of any said exempted classes of persons be considered in any action or for any purpose as increasing or affecting or as connected with the rate of interest hereinbefore fixed. The Legislature may from time to time prescribe the maximum rate per annum of, or provide for the supervision, or the filing of a schedule of, or in any manner fix, regulate or limit, the fees, bonuses, commissions, discounts or other compensation which all or any of the said exempted classes of persons may charge or receive from a borrower in connection with any loan or forbearance of any money, goods or things in action.

[Judgments Rendered in Court—Rate of Interest]

The rate of interest upon a judgment rendered in any court of this State shall be set by the Legislature at not more than 10 percent per annum. Such rate may be variable and based upon interest rates charged by federal agencies or economic indicators, or both.

In the absence of the setting of such rate by the Legislature, the rate of interest on any judgment rendered in any court of the State shall be 7 percent per annum.

[*Scope of Section*]

The provisions of this section shall supersede all provisions of this Constitution and laws enacted thereunder in conflict therewith. [As amended November 6, 1979.]

ARTICLE XVI

PUBLIC FINANCE

[*Heading as amended November 5, 1974.*]

[*State Indebtedness—Limitation—Two-thirds Vote to Submit Bond Law—Submission of Law to Electors*]

SECTION 1. The Legislature shall not, in any manner create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars (\$300,000), except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within 50 years of the time of the contracting thereof, and shall be irrevocable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect unless it has been passed by a two-thirds vote of all the members elected to each house of the Legislature and until, at a general election or at a direct primary, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated or to the payment of the debt thereby created. Full publicity as to matters to be voted upon by the people is afforded by the setting out of the complete text of the proposed laws, together with the arguments for and against them, in the ballot pamphlet mailed to each elector preceding the election at which they are submitted, and the only requirement for publication of such law shall be that it be set out at length in ballot pamphlets which the Secretary of State shall cause to be printed. The Legislature may, at any time after the approval of such law by the people, reduce the amount of the indebtedness authorized by the law to an amount not less than the amount contracted at the time of the reduction, or it may repeal the law if no debt shall have been contracted in pursuance thereof.

Notwithstanding any other provision of this Constitution, Members of the Legislature who are required to meet with the State Allocation Board shall have equal rights and duties with the nonlegislative members to vote and act upon matters pending or coming before such board for the allocation and apportionment of funds to school districts for school construction purposes or purposes related thereto.

Notwithstanding any other provision of this constitution, or of any bond act to the contrary, if any general obligation bonds of the State heretofore or hereafter authorized by vote of the people have been offered for sale and not sold, the Legislature may raise the maximum rate of interest payable on all general obligation bonds authorized but not sold, whether or not such bonds have been offered for sale, by a statute passed by a two-thirds vote of all members elected to each house thereof.

The provisions of Senate Bill No. 763† of the 1969 Regular Session, which authorize an increase of the state general obligation bond maximum interest rate from 5 percent to an amount not in excess of 7 percent and eliminate the maximum rate of interest payable on notes given in anticipation of the sale of such bonds, are hereby ratified. [*As amended June 2, 1970.*]

[*General Obligation Bond Proceeds Fund*]

SEC. 1.5. The Legislature may create and establish a "General Obligation Bond Proceeds Fund" in the State Treasury, and may provide for the proceeds of the sale of general obligation bonds of the State heretofore or hereafter issued, including any sums paid as accrued interest thereon, under any or all acts authorizing the issuance of such bonds, to be paid into or transferred to, as the case may be, the "General Obligation Bond Proceeds Fund." Accounts shall be maintained in the "General Obligation Bond Proceeds Fund" of all moneys deposited in the State Treasury to the credit of that fund and the proceeds of each bond issue shall be maintained as a separate and distinct account and shall be paid out only in accordance with the law authorizing the issuance of the particular bonds from which the proceeds were derived. The Legislature may abolish, subject to the conditions of this section, any fund in the State Treasury heretofore or hereafter created by any act for the purpose of having deposited therein the proceeds from the issuance of bonds if such proceeds are transferred to or paid into the "General Obligation Bond Proceeds Fund" pursuant to the authority granted in this section; provided, however, that nothing in this section shall prevent the Legislature from re-establishing any bond proceeds fund so abolished and transferring back to its credit all proceeds in the "General Obligation Bond Proceeds Fund" which constitute the proceeds of the particular bond fund being re-established. [*New section adopted November 6, 1962.*]

† Chapter 740.

SEC. 2. [*Repealed November 6, 1962. See Section 2, below.*]

*[Bond Issues—Submission by Constitutional Amendment Prohibited—
Repeal of Certain Constitutional Provisions]*

SEC. 2. (a) No amendment to this Constitution which provides for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors, nor shall any such amendment to the Constitution hereafter submitted to or approved by the electors become effective for any purpose.

Each measure providing for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors in the form of a bond act or statute.

(b) The provisions of this Constitution enumerated in subdivision (c) of this section are repealed and such provisions are continued as statutes which have been approved, adopted, legalized, ratified, validated, and made fully and completely effective, by means of the adoption by the electorate of a ratifying constitutional amendment, except that the Legislature, in addition to whatever powers it possessed under such provisions, may amend or repeal such provisions when the bonds issued thereunder have been fully retired and when no rights thereunder will be damaged.

(c) The enumerated provisions of this Constitution are: Article XVI, Sections 2, 3, 4, 4½, 5, 6, 8, 8½, 15, 16, 16.5, 17, 18, 19, 19.5, 20 and 21. [*New section adopted November 6, 1962.*]

[Appropriations]

SEC. 3. No money shall ever be appropriated or drawn from the State Treasury for the purpose or benefit of any corporation, association, asylum, hospital, or any other institution not under the exclusive management and control of the State as a state institution, nor shall any grant or donation of property ever be made thereto by the State, except that notwithstanding anything contained in this or any other section of the Constitution:

[Federal Funds]

(1) Whenever federal funds are made available for the construction of hospital facilities by public agencies and nonprofit corporations organized to construct and maintain such facilities, nothing in this Constitution shall prevent the Legislature from making state money available for that purpose, or from authorizing the use of such money for the construction of hospital facilities by nonprofit corporations organized to construct and maintain such facilities.

[Institution for Support of Orphans or Aged Indigents]

(2) The Legislature shall have the power to grant aid to the institutions conducted for the support and maintenance of minor orphans, or half-orphans, or abandoned children, or children of a father who is in-

capacitated for gainful work by permanent physical disability or is suffering from tuberculosis in such a stage that he cannot pursue a gainful occupation, or aged persons in indigent circumstances—such aid to be granted by a uniform rule, and proportioned to the number of inmates of such respective institutions.

[Needy Blind]

(3) The Legislature shall have the power to grant aid to needy blind persons not inmates of any institution supported in whole or in part by the State or by any of its political subdivisions, and no person concerned with the administration of aid to needy blind persons shall dictate how any applicant or recipient shall expend such aid granted him, and all money paid to a recipient of such aid shall be intended to help him meet his individual needs and is not for the benefit of any other person, and such aid when granted shall not be construed as income to any person other than the blind recipient of such aid, and the State Department of Social Welfare shall take all necessary action to enforce the provisions relating to aid to needy blind persons as heretofore stated.

[Physically Handicapped Persons]

(4) The Legislature shall have power to grant aid to needy physically handicapped persons not inmates of any institution under the supervision of the Department of Mental Hygiene and supported in whole or in part by the State or by any institution supported in whole or part by any political subdivision of the State.

[Management of Institutions]

(5) The State shall have at any time the right to inquire into the management of such institutions.

[Orphans, Aged Indigents, Needy Blind—County Support]

(6) Whenever any county, or city and county, or city, or town, shall provide for the support of minor orphans, or half-orphans, or abandoned children, or children of a father who is incapacitated for gainful work by permanent physical disability or is suffering from tuberculosis in such a stage that he cannot pursue a gainful occupation, or aged persons in indigent circumstances, or needy blind persons not inmates of any institution supported in whole or in part by the State or by any of its political subdivisions, or needy physically handicapped persons not inmates of any institution under the supervision of the Department of Mental Hygiene and supported in whole or in part by the State or by any institution supported in whole or part by any political subdivision of the State; such county, city and county, city, or town shall be entitled to receive the same pro rata appropriations as may be granted to such institutions under church, or other control.

[Receipts and Expenditures of Public Moneys]

An accurate statement of the receipts and expenditures of public moneys shall be attached to and published with the laws at every regular session of the Legislature. *[New section adopted November 5, 1974.]*

[Loan Guarantees re Nonprofit Corporations and Public Agencies]

SEC. 4. The Legislature shall have the power to insure or guarantee loans made by private or public lenders to nonprofit corporations and public agencies, the proceeds of which are to be used for the construction, expansion, enlargement, improvement, renovation or repair of any public or nonprofit hospital, hospital facility, or extended care facility, facility for the treatment of mental illness, or all of them, including any outpatient facility and any other facility useful and convenient in the operation of the hospital and any original equipment for any such hospital or facility, or both.

No provision of this Constitution, including but not limited to, Section 1 of Article XVI and Section 14 of Article XI, shall be construed as a limitation upon the authority granted to the Legislature by this section. *[New section adopted November 5, 1974.]*

SEC. 4½. *[Repealed November 6, 1962.]*

[Religious Institutions—Grants Prohibited]

SEC. 5. Neither the Legislature, nor any county, city and county, township, school district, or other municipal corporation, shall ever make an appropriation, or pay from any public fund whatever, or grant anything to or in aid of any religious sect, church, creed, or sectarian purpose, or help to support or sustain any school, college, university, hospital, or other institution controlled by any religious creed, church, or sectarian denomination whatever; nor shall any grant or donation of personal property or real estate ever be made by the State, or any city, city and county, town, or other municipal corporation for any religious creed, church, or sectarian purpose whatever; provided, that nothing in this section shall prevent the Legislature granting aid pursuant to Section 3 of Article XVI. *[New section adopted November 5, 1974.]*

[Gifts or Loans of Public Moneys or Pledging of Credit Prohibited—Stock of Corporations]

SEC. 6. The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State, or of any county, city and county, city, township or other political corporation or subdivision of the State now existing, or that may be hereafter established, in aid of or to any person, association, or corporation, whether municipal or otherwise, or to pledge the credit thereof, in any manner whatever, for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift or authorize the making of any gift, of any public money or thing of value to any individual, municipal or other corpora-

tion whatever; provided, that nothing in this section shall prevent the Legislature granting aid pursuant to Section 3 of Article XVI; and it shall not have power to authorize the State, or any political subdivision thereof, to subscribe for stock, or to become a stockholder in any corporation whatever; provided, further, that irrigation districts for the purpose of acquiring the control of any entire international water system necessary for its use and purposes, a part of which is situated in the United States, and a part thereof in a foreign country, may in the manner authorized by law, acquire the stock of any foreign corporation which is the owner of, or which holds the title to the part of such system situated in a foreign country; provided, further, that irrigation districts for the purpose of acquiring water and water rights and other property necessary for their uses and purposes, may acquire and hold the stock of corporations, domestic or foreign, owning waters, water rights, canals, waterworks, franchises or concessions subject to the same obligations and liabilities as are imposed by law upon all other stockholders in such corporation; and

[Insurance Pooling Arrangements]

Provided, further, that this section shall not prohibit any county, city and county, city, township, or other political corporation or subdivision of the State from joining with other such agencies in providing for the payment of workers' compensation, unemployment compensation, tort liability, or public liability losses incurred by such agencies, by entry into an insurance pooling arrangement under a joint exercise of powers agreement, or by membership in such publicly-owned nonprofit corporation or other public agency as may be authorized by the Legislature; and

[Aid to Veterans]

Provided, further, that nothing contained in this Constitution shall prohibit the use of state money or credit, in aiding veterans who served in the military or naval service of the United States during the time of war, in the acquisition of, or payments for, (1) farms or homes, or in projects of land settlement or in the development of such farms or homes or land settlement projects for the benefit of such veterans, or (2) any business, land or any interest therein, buildings, supplies, equipment, machinery, or tools, to be used by the veteran in pursuing a gainful occupation; and

[Disaster Assistance]

Provided, further, that nothing contained in this Constitution shall prohibit the State, or any county, city and county, city, township, or other political corporation or subdivision of the State from providing aid or assistance to persons, if found to be in the public interest, for the purpose of clearing debris, natural materials, and wreckage from privately owned lands and waters deposited thereon or therein during a

period of a major disaster or emergency, in either case declared by the President. In such case, the public entity shall be indemnified by the recipient from the award of any claim against the public entity arising from the rendering of such aid or assistance. Such aid or assistance must be eligible for federal reimbursement for the cost thereof.

[Temporary Transfers of Funds to Political Subdivisions]

And provided, still further, that notwithstanding the restrictions contained in this Constitution, the treasurer of any city, county, or city and county shall have power and the duty to make such temporary transfers from the funds in custody as may be necessary to provide funds for meeting the obligations incurred for maintenance purposes by any city, county, city and county, district, or other political subdivision whose funds are in custody and are paid out solely through the treasurer's office. Such temporary transfer of funds to any political subdivision shall be made only upon resolution adopted by the governing body of the city, county, or city and county directing the treasurer of such city, county, or city and county to make such temporary transfer. Such temporary transfer of funds to any political subdivision shall not exceed 85 percent of the anticipated revenues accruing to such political subdivision, shall not be made prior to the first day of the fiscal year nor after the last Monday in April of the current fiscal year, and shall be replaced from the revenues accruing to such political subdivision before any other obligation of such political subdivision is met from such revenue. *[As amended November 2, 1982.]*

[Controller's Warrants]

SEC. 7. Money may be drawn from the Treasury only through an appropriation made by law and upon a Controller's duly drawn warrant. *[New section adopted November 5, 1974.]*

[School Funding Priority]

SEC. 8. (a) From all state revenues there shall first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education.

(b) Commencing with the 1990-91 fiscal year, the moneys to be applied by the State for the support of school districts and community college districts shall be not less than the greater of the following amounts:

(1) The amount which, as a percentage of General Fund revenues which may be appropriated pursuant to Article XIII B, equals the percentage of General Fund revenues appropriated for school districts and community college districts, respectively, in fiscal year 1986-87.

(2) The amount required to ensure that the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes shall not be less than the total amount from these sources in the prior fiscal year, excluding any revenues allocated pur-

suant to subdivision (a) of Section 8.5, adjusted for changes in enrollment and adjusted for the change in the cost of living pursuant to paragraph (1) of subdivision (e) of Section 8 of Article XIII B. This paragraph shall be operative only in a fiscal year in which the percentage growth in California per capita personal income is less than or equal to the percentage growth in per capita General Fund revenues plus one half of one percent.

(3) (A) The amount required to ensure that the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes shall equal the total amount from these sources in the prior fiscal year, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment and adjusted for the change in per capita General Fund revenues.

(B) In addition, an amount equal to one-half of one percent times the prior year total allocations to school districts and community colleges from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment.

(C) This paragraph (3) shall be operative only in a fiscal year in which the percentage growth in California per capita personal income in a fiscal year is greater than the percentage growth in per capital General Fund revenues plus one half of one percent.

(c) In any fiscal year, if the amount computed pursuant to paragraph (1) of subdivision (b) exceeds the amount computed pursuant to paragraph (2) of subdivision (b) by a difference that exceeds one and one-half percent of General Fund revenues, the amount in excess of one and one-half percent of General Fund revenues shall not be considered allocations to school districts and community colleges for purposes of computing the amount of state aid pursuant to paragraph (2) or 3 of subdivision (b) in the subsequent fiscal year.

(d) In any fiscal year in which school districts and community college districts are allocated funding pursuant to paragraph (3) of subdivision (b) or pursuant to subdivision (h), they shall be entitled to a maintenance factor, equal to the difference between (1) the amount of General Fund moneys which would have been appropriated pursuant to paragraph (2) of subdivision (b) if that paragraph had been operative or the amount of General Fund moneys which would have been appropriated pursuant to subdivision (b) had subdivision (b) not been suspended, and (2) the amount of General Fund moneys actually appropriated to school districts and community college districts in that fiscal year.

(e) The maintenance factor for school districts and community college districts determined pursuant to subdivision (d) shall be adjusted annually for changes in enrollment, and adjusted for the change in the cost of living pursuant to paragraph (1) of subdivision (e) of Section 8 of Article XIII B, until it has been allocated in full. The maintenance

factor shall be allocated in a manner determined by the Legislature in each fiscal year in which the percentage growth in per capita General Fund revenues exceeds the percentage growth in California per capita personal income. The maintenance factor shall be reduced each year by the amount allocated by the Legislature in that fiscal year. The minimum maintenance factor amount to be allocated in a fiscal year shall be equal to the product of General Fund revenues from proceeds of taxes and one-half of the difference between the percentage growth in per capita General Fund revenues from proceeds of taxes and in California per capita personal income, not to exceed the total dollar amount of the maintenance factor.

(f) For purposes of this section, “changes in enrollment” shall be measured by the percentage change in average daily attendance. However, in any fiscal year, there shall be no adjustment for decreases in enrollment between the prior fiscal year and the current fiscal year unless there have been decreases in enrollment between the second prior fiscal year and the prior fiscal year and between the third prior fiscal year and the second prior fiscal year.

(h) Subparagraph (B) of paragraph (3) of subdivision (b) may be suspended for one year only when made part of or included within any bill enacted pursuant to Section 12 of Article IV. All other provisions of subdivision (b) may be suspended for one year by the enactment of an urgency statute pursuant to Section 8 of Article IV, provided that the urgency statute may not be made part of or included within any bill enacted pursuant to Section 12 of Article IV. [*As amended June 5, 1990. Operative July 1, 1990.*]

SEC. 8½. [*Repealed November 6, 1962.*]

[*Allocations to State School Fund*]

SECTION 8.5. (a) In addition to the amount required to be applied for the support of school districts and community college districts pursuant to Section 8, the Controller shall during each fiscal year transfer and allocate all revenues available pursuant to paragraph 1 of subdivision (a) of Section 2 of Article XIII B to that portion of the State School Fund restricted for elementary and high school purposes, and to that portion of the State School Fund restricted for community college purposes, respectively, in proportion to the enrollment in school districts and community college districts respectively.

(1) With respect to funds allocated to that portion of the State School Fund restricted for elementary and high school purposes, no transfer or allocation of funds pursuant to this section shall be required at any time that the Director of Finance and the Superintendent of Public Instruction mutually determine that current annual expenditures per student equal or exceed the average annual expenditure per student of the 10 states with the highest annual expenditures per student for elementary and high schools, and that average class size equals

or is less than the average class size of the 10 states with the lowest class size for elementary and high schools.

(2) With respect to funds allocated to that portion of the State School Fund restricted for community college purposes, no transfer or allocation of funds pursuant to this section shall be required at any time that the Director of Finance and the Chancellor of the California Community Colleges mutually determine that current annual expenditures per student for community colleges in this State equal or exceed the average annual expenditure per student of the 10 states with the highest annual expenditure per student for community colleges.

(b) Notwithstanding the provisions of Article XIII B, funds allocated pursuant to this section shall not constitute appropriations subject to limitation.

(c) From any funds transferred to the State School Fund pursuant to subdivision (a), the Controller shall each year allocate to each school district and community college district an equal amount per enrollment in school districts from the amount in that portion of the State School Fund restricted for elementary and high school purposes and an equal amount per enrollment in community college districts from that portion of the State School Fund restricted for community college purposes.

(d) All revenues allocated pursuant to subdivision (a) shall be expended solely for the purposes of instructional improvement and accountability as required by law.

(e) Any school district maintaining an elementary or secondary school shall develop and cause to be prepared an annual audit accounting for such funds and shall adopt a School Accountability Report Card for each school. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Fish and Game*]

SEC. 9. Money collected under any state law relating to the protection or propagation of fish and game shall be used for activities relating thereto. [*New section adopted November 5, 1974.*]

[*Aged Aid—Federal-State Co-operation*]

SEC. 10. Whenever the United States government or any officer or agency thereof shall provide pensions or other aid for the aged, cooperation by the State therewith and therein is hereby authorized in such manner and to such extent as may be provided by law.

The money expended by any county, city and county, municipality, district or other political subdivision of this State made available under the provisions of this section shall not be considered as a part of the base for determining the maximum expenditure for any given year permissible under Section 20† of Article XI of this Constitution independent of

† Section 20, Article XI, repealed June 2, 1970.

the vote of the electors or authorization by the State Board of Equalization. [*As amended November 6, 1962.*]

[*Relief Administration*]

SEC. 11. The Legislature has plenary power to provide for the administration of any constitutional provisions or laws heretofore or hereafter enacted concerning the administration of relief, and to that end may modify, transfer, or enlarge the powers vested in any state agency or officer concerned with the administration of relief or laws appertaining thereto. The Legislature, or the people by initiative, shall have power to amend, alter, or repeal any law relating to the relief of hardship and destitution, whether such hardship and destitution results from unemployment or from other causes, or to provide for the administration of the relief of hardship and destitution, whether resulting from unemployment or from other causes, either directly by the State or through the counties of the State, and to grant such aid to the counties therefor, or make such provision for reimbursement of the counties by the State, as the Legislature deems proper. [*As amended November 6, 1962.*]

SEC. 12. [*Repealed November 6, 1962.*]

[*Legislative Power to Release Encumbrances Taken as Security for Aid to Aged*]

SEC. 13. Notwithstanding any other provision of this Constitution, the Legislature shall have power to release, rescind, cancel, or otherwise nullify in whole or in part any encumbrance on property, personal obligation, or other form of security heretofore or hereafter exacted or imposed by the Legislature to secure the repayment to, or reimbursement of, the State, and the counties or other agencies of the state government, of aid lawfully granted to and received by aged persons. [*As amended November 6, 1962.*]

[*Bonds—Environmental Pollution Control Facilities*]

SEC. 14. The Legislature may provide for the issuance of revenue bonds to finance the acquisition, construction, and installation of environmental pollution control facilities, including the acquisition of all technological facilities necessary or convenient for pollution control, and for the lease or sale of such facilities to persons, associations, or corporations, other than municipal corporations; provided, that such revenue bonds shall not be secured by the taxing power of the State; and provided, further, that the Legislature may, by resolution adopted by either house, prohibit or limit any proposed issuance of such revenue bonds. No provision of this Constitution, including, but not limited to, Section 25 of Article XIII and Sections 1 and 2 of Article XVI, shall be construed as a limitation upon the authority granted to the Legislature pursuant to this section. Nothing herein contained shall authorize any

public agency to operate any industrial or commercial enterprise. [New section adopted November 7, 1972.]

[Energy Alternative Sources Facilities—Acquisition, Construction, Etc.—Revenue Bond Issuance]

SEC. 14.5. The Legislature may provide for the issuance of revenue bonds to finance the acquisition, construction, and installation of facilities utilizing cogeneration technology, solar power, biomass, or any other alternative source the Legislature may deem appropriate, including the acquisition of all technological facilities necessary or convenient for the use of alternative sources, and for the lease or sale of such facilities to persons, associations, or corporations, other than municipal corporations; provided, that such revenue bonds shall not be secured by the taxing power of the State; and provided, further, that the Legislature may, by resolution adopted by both houses, prohibit or limit any proposed issuance of such revenue bonds. No provision of this Constitution, including, but not limited to, Sections 1, 2, and 6, of this article, shall be construed as a limitation upon the authority granted to the Legislature pursuant to this section. Nothing contained herein shall authorize any public agency to operate any industrial or commercial enterprise. [New section adopted June 3, 1980.]

[Parking Meter Revenues]

SEC. 15. A public body authorized to issue securities to provide public parking facilities and any other public body whose territorial area includes such facilities are authorized to make revenues from street parking meters available as additional security. [New section adopted November 5, 1974.]

[Taxation of Redevelopment Projects]

SEC. 16. All property in a redevelopment project established under the Community Redevelopment Law as now existing or hereafter amended, except publicly owned property not subject to taxation by reason of that ownership, shall be taxed in proportion to its value as provided in Section 1 of this article, and those taxes (the word "taxes" as used herein includes, but is not limited to, all levies on an ad valorem basis upon land or real property) shall be levied and collected as other taxes are levied and collected by the respective taxing agencies.

The Legislature may provide that any redevelopment plan may contain a provision that the taxes, if any, so levied upon the taxable property in a redevelopment project each year by or for the benefit of the State of California, any city, county, city and county, district, or other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinance approving the redevelopment plan, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of those taxing

agencies upon the total sum of the assessed value of the taxable property in the redevelopment project as shown upon the assessment roll used in connection with the taxation of that property by the taxing agency, last equalized prior to the effective date of the ordinance, shall be allocated to, and when collected shall be paid into, the funds of the respective taxing agencies as taxes by or for those taxing agencies on all other property are paid (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment project on the effective date of the ordinance but to which that territory has been annexed or otherwise included after the ordinance's effective date, the assessment roll of the county last equalized on the effective date of that ordinance shall be used in determining the assessed valuation of the taxable property in the project on that effective date); and

(b) Except as provided in subdivision (c), that portion of the levied taxes each year in excess of that amount shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed or otherwise) incurred by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project. Unless and until the total assessed valuation of the taxable property in a redevelopment project exceeds the total assessed value of the taxable property in the project as shown by the last equalized assessment roll referred to in subdivision (a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies. When the loans, advances, and indebtedness, if any, and interest thereon, have been paid, then all moneys thereafter received from taxes upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) That portion of the taxes identified in subdivision (b) which are attributable to a tax rate levied by a taxing agency for the purpose of producing revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness for the acquisition or improvement of real property shall be allocated to, and when collected shall be paid into, the fund of that taxing agency. This paragraph shall only apply to taxes levied to repay bonded indebtedness approved by the voters of the taxing agency on or after January 1, 1989.

The Legislature may also provide that in any redevelopment plan or in the proceedings for the advance of moneys, or making of loans, or the incurring of any indebtedness (whether funded, refunded, assumed, or otherwise) by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project, the portion of taxes identified in subdivision (b), exclusive of that portion identified in subdivision (c), may be irrevocably pledged for the payment of the principal of and interest on those loans, advances, or indebtedness.

It is intended by this section to empower any redevelopment agency, city, county, or city and county under any law authorized by this section to exercise the provisions hereof separately or in combination with powers granted by the same or any other law relative to redevelopment agencies. This section shall not affect any other law or laws relating to the same or a similar subject but is intended to authorize an alternative method of procedure governing the subject to which it refers.

The Legislature shall enact those laws as may be necessary to enforce the provisions of this section. [*As amended November 8, 1988.*]

SEC. 16.5. [*Repealed November 6, 1962.*]

[*State's Credit—Investment of Public Pension or Retirement Funds*]

SEC. 17. The State shall not in any manner loan its credit, nor shall it subscribe to, or be interested in the stock of any company, association, or corporation, except that the State and each political subdivision, district, municipality, and public agency thereof is hereby authorized to acquire and hold shares of the capital stock of any mutual water company or corporation when the stock is so acquired or held for the purpose of furnishing a supply of water for public, municipal or governmental purposes; and the holding of the stock shall entitle the holder thereof to all of the rights, powers and privileges, and shall subject the holder to the obligations and liabilities conferred or imposed by law upon other holders of stock in the mutual water company or corporation in which the stock is so held.

Notwithstanding any other provisions of law or this Constitution to the contrary, the retirement board of a public pension or retirement system shall have plenary authority and fiduciary responsibility for investment of moneys and administration of the system, subject to all of the following:

(a) The retirement board of a public pension or retirement system shall have the sole and exclusive fiduciary responsibility over the assets of the public pension or retirement system. The retirement board shall also have sole and exclusive responsibility to administer the system in a manner that will assure prompt delivery of benefits and related services to the participants and their beneficiaries. The assets of a public pension or retirement system are trust funds and shall be held for the exclusive purposes of providing benefits to participants in the pension or retirement system and their beneficiaries and defraying reasonable expenses of administering the system.

(b) The members of the retirement board of a public pension or retirement system shall discharge their duties with respect to the system solely in the interest of, and for the exclusive purposes of providing benefits to, participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the system. A retirement board's duty to its participants and their beneficiaries shall take precedence over any other duty.

(c) The members of the retirement board of a public pension or retirement system shall discharge their duties with respect to the system with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

(d) The members of the retirement board of a public pension or retirement system shall diversify the investments of the system so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly not prudent to do so.

(e) The retirement board of a public pension or retirement system, consistent with the exclusive fiduciary responsibilities vested in it, shall have the sole and exclusive power to provide for actuarial services in order to assure the competency of the assets of the public pension or retirement system.

(f) With regard to the retirement board of a public pension or retirement system which includes in its composition elected employee members, the number, terms, and method of selection or removal of members of the retirement board which were required by law or otherwise in effect on July 1, 1991, shall not be changed, amended, or modified by the Legislature unless the change, amendment, or modification enacted by the Legislature is ratified by a majority vote of the electors of the jurisdiction in which the participants of the system are or were, prior to retirement, employed.

(g) The Legislature may by statute continue to prohibit certain investments by a retirement board where it is in the public interest to do so, and provided that the prohibition satisfies the standards of fiduciary care and loyalty required of a retirement board pursuant to this section.

(h) As used in this section, the term "retirement board" shall mean the board of administration, board of trustees, board of directors, or other governing body or board of a public employees' pension or retirement system; provided, however, that the term "retirement board" shall not be interpreted to mean or include a governing body or board created after July 1, 1991 which does not administer pension or retirement benefits, or the elected legislative body of a jurisdiction which employs participants in a public employees' pension or retirement system. [*As amended November 3, 1992. Initiative measure.*]

[*Municipal Debt Exceeding Income*]

SEC. 18. No county, city, town, township, board of education, or school district, shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, except that with respect to any such public entity which is authorized to incur indebtedness for public school purposes, any proposition for the incurrence of indebtedness in the form of general obligation bonds for the purpose of repairing, reconstructing or replacing public school

buildings determined, in the manner prescribed by law, to be structurally unsafe for school use, shall be adopted upon the approval of a majority of the qualified electors of the public entity voting on the proposition at such election; nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also provision to constitute a sinking fund for the payment of the principal thereof, on or before maturity, which shall not exceed forty years from the time of contracting the same; provided, however, anything to the contrary herein notwithstanding, when two or more propositions for incurring any indebtedness or liability are submitted at the same election, the votes cast for and against each proposition shall be counted separately, and when two-thirds or a majority of the qualified electors, as the case may be, voting on any one of such propositions, vote in favor thereof, such proposition shall be deemed adopted. [New section adopted November 5, 1974.]

[Public Improvement Proceedings by Chartered City or County]

SEC. 19. All proceedings undertaken by any chartered city, or by any chartered county or by any chartered city and county for the construction of any public improvement, or the acquisition of any property for public use, or both, where the cost thereof is to be paid in whole or in part by special assessment or other special assessment taxes upon property, whether the special assessment will be specific or a special assessment tax upon property wholly or partially according to the assessed value of such property, shall be undertaken only in accordance with the provisions of law governing: (a) limitations of costs of such proceedings or assessments for such proceedings, or both, in relation to the value of any property assessed therefor; (b) determination of a basis for the valuation of any such property; (c) payment of the cost in excess of such limitations; (d) avoidance of such limitations; (e) postponement or abandonment, or both, of such proceedings in whole or in part upon majority protest, and particularly in accordance with such provisions as contained in Sections 10, 11 and 13a of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 or any amendments, codification, reenactment or restatement thereof.

Notwithstanding any provisions for debt limitation or majority protest as in this section provided, if, after the giving of such reasonable notice by publication and posting and the holding of such public hearing as the legislative body of any such chartered county, chartered city or chartered city and county shall have prescribed, such legislative body by no less than a four-fifths vote of all members thereof, finds and determines that the public convenience and necessity require such improvements or acquisitions, such debt limitation and majority protest provisions shall not apply.

Nothing contained in this section shall require the legislative body of any such city, county, or city and county to prepare or to cause to be prepared, hear, notice for hearing or report the hearing of any report

as to any such proposed construction or acquisition or both.

AMENDING AND REVISING THE CONSTITUTION

SECTION 1. [*Repealed November 3, 1970. See Section 1, below.*]

[*By Legislature*]

SEC. 1. The Legislature by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, may propose an amendment or revision of the Constitution and in the same manner may amend or withdraw its proposal. Each amendment shall be so prepared and submitted that it can be voted on separately. [*New section adopted November 3, 1970.*]

SEC. 2. [*Repealed November 3, 1970. See Section 2, below.*]

[*Constitutional Convention*]

SEC. 2. The Legislature by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, may submit at a general election the question whether to call a convention to revise the Constitution. If the majority vote yes on that question, within 6 months the Legislature shall provide for the convention. Delegates to a constitutional convention shall be voters elected from districts as nearly equal in population as may be practicable. [*New section adopted November 3, 1970.*]

[*Initiatives*]

SEC. 3. The electors may amend the Constitution by initiative. [*New section adopted November 3, 1970.*]

MOTOR VEHICLE REVENUES

SECTION 1. [*Repealed June 4, 1974. See Section 1, below.*]

[*Use of Fuel Taxes*]

SECTION 1. Revenues from taxes imposed by the State on motor vehicle fuels for use in motor vehicles upon public streets and highways, over and above the costs of collection and any refunds authorized by law, shall be used for the following purposes:

(a) The research, planning, construction, improvement, maintenance, and operation of public streets and highways (and their related public facilities for nonmotorized traffic), including the mitigation of their environmental effects, the payment for property taken or damaged for such purposes, and the administrative costs necessarily incurred in the foregoing purposes.

(b) The research, planning, construction, and improvement of exclusive public mass transit guideways (and their related fixed facilities), including the mitigation of their environmental effects, the payment for property taken or damaged for such purposes, the administrative costs necessarily incurred in the foregoing purposes, and the maintenance of the structures and the immediate right-of-way for the public mass transit guideways, but excluding the maintenance and operating costs for mass transit power systems and mass transit passenger facilities, vehicles, equipment, and services. [*New section adopted June 4, 1974.*]

SEC. 2. [*Repealed June 4, 1974. See Section 2, below.*]

[*Use of Motor Vehicle Fees and Taxes*]

SEC. 2. Revenues from fees and taxes imposed by the State upon vehicles or their use or operation, over and above the costs of collection and any refunds authorized by law, shall be used for the following purposes:

(a) The state administration and enforcement of laws regulating the use, operation, or registration of vehicles used upon the public streets and highways of this State, including the enforcement of traffic and vehicle laws by state agencies and the mitigation of the environmental effects of motor vehicle operation due to air and sound emissions.

* Former Article XXVI, as renumbered June 8, 1976.

(b) The purposes specified in Section 1 of this article. [*New section adopted June 4, 1974.*]

SEC. 3. [*Repealed June 4, 1974. See Section 3, below.*]

[*Appropriations by the Legislature—Regulation of Expenditures, Etc.*]

SEC. 3. The Legislature shall provide for the allocation of the revenues to be used for the purposes specified in Section 1 of this article in a manner which ensures the continuance of existing statutory allocation formulas for cities, counties, and areas of the State, until it determines that another basis for an equitable, geographical, and jurisdictional distribution exists; provided that, until such determination is made, any use of such revenues for purposes specified in subdivision (b) of Section 1 of this article by or in a city, county, or area of the State shall be included within the existing statutory allocations to, or for expenditure in, that city, county, or area. Any future statutory revisions shall provide for the allocation of these revenues, together with other similar revenues, in a manner which gives equal consideration to the transportation needs of all areas of the State and all segments of the population consistent with the orderly achievement of the adopted local, regional, and statewide goals for ground transportation in local general plans, regional transportation plans, and the California Transportation Plan. [*New section adopted June 4, 1974.*]

SEC. 4. [*Repealed June 4, 1974. See Section 4, below.*]

[*Authorization and Approval for Expenditures*]

SEC. 4. Revenues allocated pursuant to Section 3 may not be expended for the purposes specified in subdivision (b) of Section 1, except for research and planning, until such use is approved by a majority of the votes cast on the proposition authorizing such use of such revenues in an election held throughout the county or counties, or a specified area of a county or counties, within which the revenues are to be expended. The Legislature may authorize the revenues approved for allocation or expenditure under this section to be pledged or used for the payment of principal and interest on voter-approved bonds issued for the purposes specified in subdivision (b) of Section 1. [*New section adopted June 4, 1974.*]

[*Expenditures for Payment of Bonds*]

SEC. 5. The Legislature may authorize up to 25 percent of the revenues available for expenditure by any city or county, or by the State, for the purposes specified in subdivision (a) of Section 1 of this article to be pledged or used for the payment of principal and interest on voter-approved bonds issued for such purposes. [*New section adopted June 4, 1974.*]

[*Loans to State General Fund*]

SEC. 6. This article shall not prevent the designated tax revenues from being temporarily loaned to the State General Fund upon condition that amounts loaned be repaid to the funds from which they were borrowed. [*New section adopted June 4, 1974.*]

[*Scope of Article*]

SEC. 7. This article shall not affect or apply to fees or taxes imposed pursuant to the Sales and Use Tax Law or the Vehicle License Fee Law, and all amendments and additions now or hereafter made to such statutes. [*New section adopted June 4, 1974.*]

[*Use of Excess Lands for Parks and Recreation*]

SEC. 8. Notwithstanding Sections 1 and 2 of this article, any real property acquired by the expenditure of the designated tax revenues by an entity other than the State for the purposes authorized in those sections, but no longer required for such purposes, may be used for local public park and recreational purposes. [*New section adopted June 8, 1976.*]

[*Transfer of Surplus State Property Located in Coastal Zone*]

SEC. 9. Notwithstanding any other provision of this Constitution, the Legislature, by statute, with respect to surplus state property acquired by the expenditure of tax revenues designated in Sections 1 and 2 and located in the coastal zone, may authorize the transfer of such property, for a consideration at least equal to the acquisition cost paid by the state to acquire the property, to the Department of Parks and Recreation for state park purposes, or to the Department of Fish and Game for the protection and preservation of fish and wildlife habitat, or to the Wildlife Conservation Board for purposes of the Wildlife Conservation Law of 1947, or to the State Coastal Conservancy for the preservation of agricultural lands.

As used in this section, "coastal zone" means "coastal zone" as defined by Section 30103 of the Public Resources Code as such zone is described on January 1, 1977. [*New section adopted November 7, 1978.*]

[Liquor Control]

SEC. 22. The State of California, subject to the internal revenue laws of the United States, shall have the exclusive right and power to license and regulate the manufacture, sale, purchase, possession and transportation of alcoholic beverages within the State, and subject to the laws of the United States regulating commerce between foreign nations and among the states shall have the exclusive right and power to regulate the importation into and exportation from the State, of alcoholic beverages. In the exercise of these rights and powers, the Legislature shall not constitute the State or any agency thereof a manufacturer or seller of alcoholic beverages.

[Licensed Premises—Types of Licenses]

All alcoholic beverages may be bought, sold, served, consumed and otherwise disposed of in premises which shall be licensed as provided by the Legislature. In providing for the licensing of premises, the Legislature may provide for the issuance of, among other licenses, licenses for the following types of premises where the alcoholic beverages specified in the licenses may be sold and served for consumption upon the premises:

(a) For bona fide public eating places, as defined by the Legislature.

(b) For public premises in which food shall not be sold or served as in a bona fide public eating place, but upon which premises the Legislature may permit the sale or service of food products incidental to the sale and service of alcoholic beverages. No person under the age of

21 years shall be permitted to enter and remain in any such premises without lawful business therein.

(c) For public premises for the sale and service of beers alone.

(d) Under such conditions as the Legislature may impose, for railroad dining or club cars, passenger ships, common carriers by air, and bona fide clubs after such clubs have been lawfully operated for not less than one year.

[Service or Sale to Minors]

The sale, furnishing, giving, or causing to be sold, furnished, or giving away of any alcoholic beverage to any person under the age of 21 years is hereby prohibited, and no person shall sell, furnish, give, or cause to be sold, furnished, or given away any alcoholic beverage to any person under the age of 21 years, and no person under the age of 21 years shall purchase any alcoholic beverage.

[Director of Alcoholic Beverage Control]

The Director of Alcoholic Beverage Control shall be the head of the Department of Alcoholic Beverage Control, shall be appointed by the Governor subject to confirmation by a majority vote of all of the members elected to the Senate, and shall serve at the pleasure of the Governor. The director may be removed from office by the Governor, and the Legislature shall have the power, by a majority vote of all members elected to each house, to remove the director from office for dereliction of duty or corruption or incompetency. The director may appoint three persons who shall be exempt from civil service, in addition to the person he is authorized to appoint by Section 4 of Article XXIV.

[Department of Alcoholic Beverage Control—Powers—Duties]

The Department of Alcoholic Beverage Control shall have the exclusive power, except as herein provided and in accordance with laws enacted by the Legislature, to license the manufacture, importation and sale of alcoholic beverages in this State, and to collect license fees or occupation taxes on account thereof. The department shall have the power, in its discretion, to deny, suspend or revoke any specific alcoholic beverages license if it shall determine for good cause that the granting or continuance of such license would be contrary to public welfare or morals, or that a person seeking or holding a license has violated any law prohibiting conduct involving moral turpitude. It shall be unlawful for any person other than a licensee of said department to manufacture, import or sell alcoholic beverages in this State.

[Alcoholic Beverage Control Appeals Board]

The Alcoholic Beverage Control Appeals Board shall consist of three members appointed by the Governor, subject to confirmation by a majority vote of all of the members elected to the Senate. Each member, at the time of his initial appointment, shall be a resident of a different

county from the one in which either of the other members resides. The members of the board may be removed from office by the Governor, and the Legislature shall have the power, by a majority vote of all members elected to each house, to remove any member from office for dereliction of duty or corruption or incompetency.

[Appeals—Reviews—Reversals]

When any person aggrieved thereby appeals from a decision of the department ordering any penalty assessment, issuing, denying, transferring, suspending or revoking any license for the manufacture, importation, or sale of alcoholic beverages, the board shall review the decision subject to such limitations as may be imposed by the Legislature. In such cases, the board shall not receive evidence in addition to that considered by the department. Review by the board of a decision of the department shall be limited to the questions whether the department has proceeded without or in excess of its jurisdiction, whether the department has proceeded in the manner required by law, whether the decision is supported by the findings, and whether the findings are supported by substantial evidence in the light of the whole record. In appeals where the board finds that there is relevant evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the department it may enter an order remanding the matter to the department for reconsideration in the light of such evidence. In all other appeals the board shall enter an order either affirming or reversing the decision of the department. When the order reverses the decision of the department, the board may direct the reconsideration of the matter in the light of its order and may direct the department to take such further action as is specially enjoined upon it by law, but the order shall not limit or control in any way the discretion vested by law in the department. Orders of the board shall be subject to judicial review upon petition of the director or any party aggrieved by such order.

[Removal of Director or Board Members]

A concurrent resolution for the removal of either the director or any member of the board may be introduced in the Legislature only if five Members of the Senate, or 10 Members of the Assembly, join as authors.

[Licenses—Regulation—Fees]

Until the Legislature shall otherwise provide, the privilege of keeping, buying, selling, serving, and otherwise disposing of alcoholic beverages in bona fide hotels, restaurants, cafes, cafeterias, railroad dining or club cars, passenger ships, and other public eating places, and in bona fide clubs after such clubs have been lawfully operated for not less than one year, and the privilege of keeping, buying, selling, serving, and otherwise disposing of beers on any premises open to the general public shall be licensed and regulated under the applicable provisions

of the Alcoholic Beverage Control Act, insofar as the same are not inconsistent with the provisions hereof, and excepting that the license fee to be charged bona fide hotels, restaurants, cafes, cafeterias, railroad dining or club cars, passenger ships, and other public eating places, and any bona fide clubs after such clubs have been lawfully operated for not less than one year, for the privilege of keeping, buying, selling, or otherwise disposing of alcoholic beverages, shall be the amounts prescribed as of the operative date hereof, subject to the power of the Legislature to change such fees.

The State Board of Equalization shall assess and collect such excise taxes as are or may be imposed by the Legislature on account of the manufacture, importation and sale of alcoholic beverages in this State.

The Legislature may authorize, subject to reasonable restrictions, the sale in retail stores of alcoholic beverages contained in the original packages, where such alcoholic beverages are not to be consumed on the premises where sold; and may provide for the issuance of all types of licenses necessary to carry on the activities referred to in the first paragraph of this section, including, but not limited to, licenses necessary for the manufacture, production, processing, importation, exportation, transportation, wholesaling, distribution, and sale of any and all kinds of alcoholic beverages.

The Legislature shall provide for apportioning the amounts collected for license fees or occupation taxes under the provisions hereof between the State and the cities, counties and cities and counties of the State, in such manner as the Legislature may deem proper.

All constitutional provisions and laws inconsistent with the provisions hereof are hereby repealed.

The provisions of this section shall be self-executing, but nothing herein shall prohibit the Legislature from enacting laws implementing and not inconsistent with such provisions.

This amendment shall become operative on January 1, 1957. [*As amended November 6, 1956. Operative January 1, 1957.*]

[*State Colleges—Speaker, Member of Governing Body*]

SEC. 23. Notwithstanding any other provision of this Constitution, the Speaker of the Assembly shall be an ex officio member, having equal rights and duties with the nonlegislative members, of any state agency created by the Legislature in the field of public higher education which is charged with the management, administration, and control of the State College System of California. [*New section adopted November 3, 1970.*]

SEC. 24. [*Renumbered Section 5 June 8, 1976.*]

SEC. 25. [*Renumbered Section 6 June 8, 1976.*]

ARTICLE XXI*

REAPPORTIONMENT OF SENATE, ASSEMBLY, CONGRESSIONAL, AND
BOARD OF EQUALIZATION DISTRICTS*[Reapportionment Following National Census]*

SECTION 1. In the year following the year in which the national census is taken under the direction of Congress at the beginning of each decade, the Legislature shall adjust the boundary lines of the Senatorial, Assembly, Congressional, and Board of Equalization districts in conformance with the following standards:

[Standards]

(a) Each member of the Senate, Assembly, Congress, and the Board of Equalization shall be elected from a single-member district.

(b) The population of all districts of a particular type shall be reasonably equal.

(c) Every district shall be contiguous.

(d) Districts of each type shall be numbered consecutively commencing at the northern boundary of the State and ending at the southern boundary.

(e) The geographical integrity of any city, county, or city and county, or of any geographical region shall be respected to the extent possible without violating the requirements of any other subdivision of this section. *[New section adopted June 3, 1980.]*

ARTICLE XXII. *[Repealed June 6, 1972.]*

ARTICLE XXIII. *[Repealed June 8, 1976.]*

ARTICLE XXIV. *[Repealed June 8, 1976.]*

ARTICLE XXV. *[Repealed November 8, 1949. Initiative measure.]*

ARTICLE XXVI. *[Renumbered Article XIX June 8, 1976.]*

ARTICLE XXVII. *[Repealed November 3, 1970.]*

ARTICLE XXVIII. *[Repealed November 5, 1974.]*

* New Article XXI adopted June 3, 1980.

ARTICLE XXXIV*

PUBLIC HOUSING PROJECT LAW

[Approval of Low Rent Housing Projects by Electors]

SECTION 1. No low rent housing project shall hereafter be developed, constructed, or acquired in any manner by any state public body until, a majority of the qualified electors of the city, town or county, as the case may be, in which it is proposed to develop, construct, or acquire the same, voting upon such issue, approve such project by voting in favor thereof at an election to be held for that purpose, or at any general or special election.

["Low Rent Housing Project"]

For the purposes of this article the term "low rent housing project" shall mean any development composed of urban or rural dwellings, apartments or other living accommodations for persons of low income, financed in whole or in part by the Federal Government or a state public body or to which the Federal Government or a state public body extends assistance by supplying all or part of the labor, by guaranteeing the payment of liens, or otherwise. For the purposes of this Article only there shall be excluded from the term "low rent housing project" any such project where there shall be in existence on the effective date hereof, a contract for financial assistance between any state public body and the Federal Government in respect to such project.

["Persons of Low Income"]

For the purposes of this Article only "persons of low income" shall mean persons or families who lack the amount of income which is necessary (as determined by the state public body developing, constructing, or acquiring the housing project) to enable them, without financial assistance, to live in decent, safe and sanitary dwellings, without overcrowding.

["State Public Body"]

For the purposes of this Article the term "state public body" shall mean this State, or any city, city and county, county, district, authority, agency, or any other subdivision or public body of this State.

["Federal Government"]

For the purposes of this Article the term "Federal Government" shall mean the United States of America, or any agency or instrumentality, corporate or otherwise, of the United States of America. *[New section adopted November 7, 1950. Initiative measure.]*

* New article adopted November 7, 1950. Initiative measure.

[*Self-executing Provisions*]

SECTION 2. The provisions of this Article shall be self-executing but legislation not in conflict herewith may be enacted to facilitate its operation. [*New section adopted November 7, 1950. Initiative measure.*]

[*Constitutionality of Article*]

SECTION 3. If any portion, section or clause of this Article, or the application thereof to any person or circumstance, shall for any reason be declared unconstitutional or held invalid, the remainder of this Article, or the application of such portion, section or clause to other persons or circumstances, shall not be affected thereby. [*New section adopted November 7, 1950. Initiative measure.*]

[*Scope of Article*]

SECTION 4. The provisions of this Article shall supersede all provisions of this Constitution and laws enacted thereunder in conflict therewith. [*New section adopted November 7, 1950. Initiative measure.*]

178. **Property Tax Exclusion. Water Conservation Equipment.** (Statutes 1993, Resolution Chapter 93, SCA 4)

[Rejected by electors June 7, 1994.]

PROPOSED AMENDMENT TO SUBDIVISION (a) OF SECTION 2 OF ARTICLE XIII A

(a) The full cash value means the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. All real property not already assessed up to the 1975-76 full cash value may be reassessed to reflect that valuation.

For purposes of this section, "newly constructed" does not include ~~real~~ *any of the following:*

(1) *Real property which that is reconstructed after a disaster, as declared by the Governor, where the fair market value of the real property, as reconstructed, is comparable to its fair market value prior to the disaster. Also, the term "newly constructed" shall not include the*

(2) *That portion of reconstruction or improvement to a structure, constructed of unreinforced masonry bearing wall construction, necessary to comply with any local ordinance relating to seismic safety during the first 15 years following that reconstruction or improvement.*

(3) *That portion of any improvement to real property that consists of the installation of water conservation equipment, as defined by the Legislature, for agricultural use.*

However, the The Legislature may provide that under appropriate circumstances and pursuant to definitions and procedures established by the Legislature, any person over the age of 55 years who resides in property which is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII and any implementing legislation may transfer the base year value of the property entitled to exemption, with the adjustments authorized by subdivision (b), to any replacement dwelling of equal or lesser value located within the same county and purchased or newly constructed by that person as his or her principal residence within two years of the sale of the original property. For purposes of this section, "any person over the age of 55 years" includes a married couple one member of which is over the age of 55 years. For purposes of this section, "replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, and any land on which it may be situated. For purposes of this section, a two-dwelling unit shall be considered as two separate single-family dwellings. This paragraph shall apply to any replacement dwelling which was purchased or newly constructed on or after November 5, 1986.

In addition, the Legislature may authorize each county board of supervisors, after consultation with the local affected agencies within the county's boundaries, to adopt an ordinance making the provisions of this subdivision relating to transfer of base year value also applicable to situations in which the replacement dwellings are located in that county and the original properties are located in another county within this State. For purposes of this paragraph, "local affected agency" means any city, special district, school district, or community college district which receives an annual property tax revenue allocation. This paragraph shall apply to any replacement dwelling which was purchased or newly constructed on or after the date the county adopted the provisions of this subdivision relating to transfer of base year value, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

The Legislature may extend the provisions of this subdivision relating to the transfer of base year values from original properties to replacement dwellings of homeowners over the age of 55 years to severely disabled homeowners, but only with respect to those replacement dwellings purchased or newly constructed on or after the effective date of this paragraph.

180. **Park Lands, Historic Sites, Wildlife and Forest Conservation Bond Act.**

[Rejected by electors June 7, 1994.]

PROPOSED LAW

SECTION 1. This act shall be known and may be cited as the California Safe Neighborhood Parks, Gang Prevention, Tree Planting, Wildlife, Coastal, Senior Center, Park, Wetlands, Rivers, Forest and Agricultural Land Conservation Act of 1994.

SECTION 2. Division 14.1 (commencing with Section 23000) is added to the Public Resources Code, to read:

**DIVISION 14.1. CALIFORNIA SAFE NEIGHBORHOOD PARKS,
GANG PREVENTION, TREE PLANTING, WILDLIFE, COASTAL,
SENIOR CENTER, PARK, WETLANDS, RIVERS, FOREST
AND AGRICULTURAL LAND CONSERVATION ACT OF 1994**

CHAPTER 1. GENERAL PROVISIONS

23000. This division shall be known and may be cited as the California Safe Neighborhood Parks, Gang Prevention, Tree Planting, Wildlife, Coastal, Senior Center, Park, Wetlands, Rivers, Forest and Agricultural Land Conservation Act of 1994.

23001. The people of California find and declare all of the following:

(a) Providing safe parks and recreation facilities for the people of California is vital to the social, economic and environmental well-being of the state.

(b) Preservation of historical and archaeological resources is important to maintaining links with the historic and prehistoric cultures of California.

(c) Parks, wildlife habitat, rivers, wetlands, agricultural lands, beaches, other open space lands and urban trees are vital to maintaining the quality of life in California, and to maintaining the state as a desirable place to live and work. As the state's population increases, it is of growing importance to protect open space and provide parks and recreational opportunities to the residents of California.

(d) Preservation of California's unique natural heritage is in the interest of all Californians.

(e) Preservation of agricultural land will help maintain one of California's most important industries, protect open space important to urban and rural economies, and help maintain the quality of life in California.

(f) Preserving California's environment is vital to the state's tourist economy, which creates tens of thousands of jobs in California.

(g) Providing children with safe places to play, including parks, recreational facilities, and open space areas, will make the children less at-risk of becoming involved in gangs and other anti-social activities.

Providing at-risk youth with opportunities to protect and restore the environment, parks, and wildlife habitat through employment in the California Conservation Corps and community conservation corps will provide them with important job skills which will also help prevent their involvement in gangs and other anti-social activities.

(h) Urban tree planting improves the quality of life by making our communities more liveable by bringing park and open space benefits to our cities.

(i) Preventing waste and improving efficiency in park and wildlife preservation systems serves the public good; maximizes park, recreation and open space benefits; and protects scarce public funds.

(j) Requiring that park, recreation and boating facility funds be spent for their originally intended purposes preserves faith with the voters, provides fairness to those who pay money into the funds, and furthers the recreation and open space protection goals of this division.

(k) Californians enjoy diverse recreational activities and facilities including, but not limited to, safe neighborhood parks, historical and archaeological resources, wildlife habitat, other open space areas, bicycling, hiking, horseback riding, athletics, senior recreational facilities, and motorized and nonmotorized boating. Providing stable funding for the variety of recreational projects enjoyed by Californians is in the public interest and enhances the quality of life in California.

23002. The terms "natural lands", "park", and "riparian habitat" are defined in the same manner as in Section 5902. "Acquisition" is defined in the same manner as in subdivision (a) of Section 2785 of the Fish and Game Code.

23002.5. (a) "Archaeological resource preservation project" is a project designed to preserve a historical resource as defined in this section, and which is primarily concerned with conservation of archaeological resources in place and in context by acquiring, protecting, stabilizing or preserving archaeological sites and features.

(b) "At-risk youth" means persons who have not attained the age of twenty-one years and are at high risk of being involved in or are involved in one or more of the following: gangs; juvenile delinquency; criminal activity; substance abuse; adolescent pregnancy; or school failure or drop-out.

(c) "Coastal resources" means those land and water areas within the coastal zone, as defined in subdivisions (a) and (b) of Section 31006, and within the Santa Monica Mountains Zone, as described in Section 33105, which are suitable for public park, beach, or recreational purposes, including, but not limited to, areas of historical significance and areas of open space that complement park, beach, or recreational areas, or which are suitable for the preservation of coastal resource values.

(d) (1) "District" means any district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3 of, and any recreation and park district formed pursuant to Chapter 4 (commencing with Section 5780) of, Division 5. With respect to any area which is not included within a regional park, regional open space or regional park and open space district, or a recreation and park district, and in which no city or county provides parks or recreational areas or facilities, "district" also means any other district which is authorized by statute to operate and manage parks or recreational areas or facilities, employs a full-time park and recreation employee responsible for directing recreation activities and park operations for the district, offers year-round park and recreation services on lands and facilities owned by the district, and allocates a substantial portion of its annual operating budget to parks or recreation areas or facilities. A county service area which is formed for the specific purpose of providing park and recreation services or which meets the conditions in this subdivision is a district for purposes of subparagraph (A) of paragraph (6) of subdivision (a) of Section 23007.

(2) A district which does not meet the definition of paragraph (1) is eligible to apply for funds specified in subparagraphs (C), (D), and (E) of paragraph

(6) of subdivision (a) of Section 23007 if the district is authorized by statute to operate and manage parks or recreational areas or facilities, employs a full-time park and recreation employee responsible for directing recreation activities and park operation for the district, offers year-round park and recreation services on lands and facilities owned by the district, and allocates a substantial portion of its annual operating budget to parks or recreation areas or facilities.

(3) A "joint powers agency" is a joint powers agency which is formed for the purpose of planning, acquiring, improving, operating, or maintaining open space, habitat, or park land. Such an entity may, with the approval of a member agency, apply on behalf of that member agency for funds specified in subdivision (a) of Section 23007 and may expend those funds.

(e) "Fund" means the California Safe Neighborhood Parks, Gang Prevention, Tree Planting, Wildlife, Coastal, Senior Center, Park, Wetlands, Rivers, Forest and Agricultural Land Conservation Fund of 1994 created pursuant to Section 23046.

(f) "Historical resource" includes, but is not limited to, any building, structure, site, site containing Native American rock art, area, or place which is historically or archaeologically significant, or is significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military, or cultural annals of California.

(g) "Historical resource preservation project" is a product, facility or project designed to preserve a historical resource that is listed, or meets the criteria for listing, in the National Register of Historic Places or the California Register of Historical Resources.

(h) "Inland resources" means those land and water areas not included in the definition of coastal resources.

(i) "Lake Tahoe region" means the area described in Section 66905.5 of the Government Code.

(j) "Local agency" means a district, city, county, city and county, or joint powers agency as defined in this division.

(k) "Nonprofit organization" means any charitable organization qualified pursuant to Section 501(c)(3) and 501(c)(4) of the federal Internal Revenue Code.

(l) "Prime agricultural land" means the same as defined in subdivision (c) of Section 51201 of the Government Code.

(m) "Restoration" when used in connection with habitat means improvement of a degraded habitat to a value or function approaching or attaining that which existed naturally. Habitat restoration projects shall emphasize to the greatest extent possible the use of native plants typically found in the area being restored.

(n) "Sacramento-San Joaquin Delta" means those land and water areas defined in Section 12220 of the Water Code.

(o) "Stewardship" means the development and implementation of major programs for the protection, rehabilitation, restoration, and enhancement of basic natural systems, cultural resources, and outstanding scenic features. It does not mean maintenance or alteration of facilities or physical installations for which the original purpose was not protection of resources.

23003. For the purposes of the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), "state grant" or "state grant monies" means moneys received by the state from the sale of bonds authorized by law for the purposes of this division which are available for grants to counties, cities, cities and counties,

districts, public agencies, joint powers agencies and nonprofit organizations.

CHAPTER 2. CALIFORNIA SAFE NEIGHBORHOOD PARKS, GANG PREVENTION,
TREE PLANTING, WILDLIFE, COASTAL, SENIOR CENTER, PARK, WETLANDS, RIVERS,
FOREST AND AGRICULTURAL LAND CONSERVATION PROGRAM OF 1994

23005. *Californians have a right to enjoy safe neighborhood parks, free of gang violence and drug influence. Planting trees in our cities improves the quality of life for all Californians and brings park and open space benefits to urban areas. Creating urban, suburban, and rural parks, and conserving lands on the Pacific coast, along rivers and streams, on lakes and bays, and in forests, deserts, and valleys, enables Californians to enjoy the benefits of the natural environment, open spaces, agricultural lands, and recreational areas. These benefits include expanded recreational opportunities, improved quality of life, cleaner air and water; scenic, cultural and educational experiences; and the protection of wildlife, native plants, and their habitats. It is in the public interest to provide opportunities for people to enjoy, appreciate, and directly experience the extraordinary diversity of California's environment.*

23006. *It is the intent of the people of California in enacting this division that it be carried out in the most expeditious manner possible, and that all state and local officials implement this division to the fullest extent of their authority. It is the intent of the people of California in enacting this division that additional funding sources for preservation of forests, wildlife habitat, coastal areas and natural lands be developed, and that the funds provided by this division augment and not be used to supplant other existing funding sources for natural land acquisition.*

23007. *All money deposited in the fund shall be available for expenditure for the purposes set forth below, in amounts not to exceed the following:*

DEPARTMENT OF PARKS AND RECREATION

(a) Nine hundred twenty-five million six hundred seventy-six thousand dollars (\$925,676,000) to the Department of Parks and Recreation for acquisition and restoration of parklands, wildlife habitat, coastal and inland areas, and natural lands in California, and for grants to local agencies and nonprofit organizations, in accordance with the following schedule:

(1) Seven million dollars (\$7,000,000) for the costs of administering paragraphs (6) and (7).

(2) Twenty-four million six hundred nine thousand dollars (\$24,609,000) for the acquisition of natural lands within, near, and adjacent to existing state park units, and for the creation of new units.

(A) Twenty-two million dollars (\$22,000,000) for coastal resources.

(B) Twenty million dollars (\$20,000,000) for inland resources and for lakes, reservoirs, and waterways.

(C) Two million dollars (\$2,000,000) for interpretive facilities for volunteer programs.

(D) Five million dollars (\$5,000,000) for stewardship of cultural resources.

(E) Eight million dollars (\$8,000,000) for trails.

(F) Ten million dollars (\$10,000,000) for stewardship of the public investment in the protection of the critical natural and scenic features of the state park system.

(G) Twelve million dollars (\$12,000,000) for state museums, according to the following schedule:

(i) Ten million dollars (\$10,000,000) as a grant to a qualified nonprofit organization for the Museum of Latino History, as authorized by Chapter 8.8 (commencing with Section 8740) of Division 1 of Title 2 of the Government Code. Section 8742 of the Government Code does not apply to any grants made pursuant to this clause.

(ii) One million dollars (\$1,000,000) for the California State Indian Museum.

(iii) One million dollars (\$1,000,000) for the State Railroad Museum.

(H) Four million dollars (\$4,000,000) for historical resources.

(4) One million dollars (\$1,000,000) for the acquisition and development of winter recreation facilities, including facilities in Southern California, pursuant to the SNO-PARK program (Chapter 1.27 (commencing with Section 5091.01) of Division 5).

(5) One hundred ninety-three million one hundred seventy-five thousand dollars (\$193,175,000) to the Department of Parks and Recreation for acquisition, restoration and development of natural lands and other land and water areas as specifically provided in this paragraph to expand the state park system in accordance with the following schedule:

SOUTHERN CALIFORNIA

(A) Sixteen million dollars (\$16,000,000) for acquisition of natural lands to expand Anza Borrego Desert State Park according to the following schedule:

(i) Twelve million dollars (\$12,000,000) for purchase of inholdings and lands immediately adjacent to the park, including Sentenac Marsh. Up to one million five hundred thousand dollars (\$1,500,000) of this amount may be spent for preparation of a resource inventory, a resource management plan, and a general plan for the park.

(ii) Two million dollars (\$2,000,000) for acquisition of Mesquite Bosque in Borrego Valley.

(iii) Two million dollars (\$2,000,000) for acquisition of native wildflower areas in Borrego Valley.

(B) One million five hundred thousand dollars (\$1,500,000) for the acquisition and enhancement of culturally significant sites near Palomar Mountain State Park, such as the historic homesite of African American pioneer Nate Harrison.

(C) Two million dollars (\$2,000,000) for acquisition of natural land to expand Rancho Cuyamaca State Park and complete a trails system.

(D) Eight million dollars (\$8,000,000) for the development of the California Citrus State Historic Park in cooperation with the City of Riverside.

(E) Three million nine hundred thousand dollars (\$3,900,000) for the acquisition of natural lands, including coastal sage scrub habitat, to expand Chino Hills State Park in the vicinity of the City of Brea, with highest priority given to lands north of Carbon Canyon Road.

(F) Five million dollars (\$5,000,000) as a grant to the Museum of Science and Industry for land acquisition and improvements within Exposition Park in Los Angeles County, including development and restoration of lands for park, recreational and open space use, and for walkways, tree planting, and landscape improvements in accordance with the Exposition Park Master Plan, and improve-

ments to the California Museum of Science and Industry. Of this amount, no less than five hundred thousand dollars (\$500,000) shall be spent on improvements to the Afro-American Museum, and no less than five hundred thousand dollars (\$500,000) shall be spent on improvements to outdoor facilities at Exposition Park to improve the compatibility of the park with the surrounding neighborhood.

(G) One million dollars (\$1,000,000) to expand the visitor center at the Antelope Valley Poppy Preserve.

(H) Two million dollars (\$2,000,000) for the expansion of Point Mugu State Park, and for the acquisition of lands along Boney Ridge.

(I) Five million dollars (\$5,000,000) for the acquisition of lands and mineral rights for the protection and expansion of Bodie State Historic Park. If these funds are not used within six years of the effective date of this division, they may be transferred to the Wildlife Conservation Board for the acquisition of natural lands within Mono County named in paragraph (28) of subdivision (b), or if those projects are complete, for other lands which meet the criteria of the Habitat Conservation Program pursuant to Article 2 (commencing with Section 2720) of Chapter 7.5 of Division 3 of the Fish and Game Code, excepting Sections 2720 and 2722 of, subdivision (a) of Section 2723 of, and Sections 2724 and 2729 of, the Fish and Game Code.

(11) Six million dollars (\$6,000,000) to acquire, restore, and establish wetlands and associated lands in the Northern San Jacinto Valley in Riverside County, with highest priority on acquiring Mystic Lake.

(12) Five million dollars (\$5,000,000) as a grant to the Riverside County Habitat Conservation Agency for the acquisition of natural lands in the vicinity of the Estelle Mountain Ecological Reserve and for wildlife corridors connecting thereto.

(13) Six million dollars (\$6,000,000) as a grant to the Riverside County Habitat Conservation Agency for the acquisition of natural lands in the Box Springs Mountain to Badlands Wildlife Corridor.

(14) Five million dollars (\$5,000,000) as a grant to the Riverside County Regional Park and Open Space District for the acquisition of natural lands as additions to the Roy E. Shipley Natural Reserve, the Lake Skinner Natural Reserve, and the Cactus Valley Natural Reserve, and for wildlife corridors.

(15) Two million five hundred thousand dollars (\$2,500,000) for acquisition of Whitewater River/Mission Creek watershed lands and diverse large mammal habitat ranging from Mojave Desert to coniferous pine forest in the San Geronio Wilderness Addition and San Bernardino Mountains.

(16) Ten million dollars (\$10,000,000) for the acquisition of alluvial sage scrub habitat and wetlands in western San Bernardino County near the San Bernardino National Forest.

(17) Eight million dollars (\$8,000,000) for the acquisition of natural lands in Soquel and Carbon Canyons and nearby natural lands in San Bernardino and Orange Counties. Lands may be acquired only from willing sellers.

(18) Four million dollars (\$4,000,000) for acquisition of Desert Tortoise habitat within the West Mojave Management Plan Area.

(19) Fourteen million dollars (\$14,000,000) for a grant to Orange County for the acquisition of open space and natural lands in the Silverado Canyon, Trabuco Canyon, Verdugo Canyon, Fremont Canyon, San Juan Canyon, and Santiago Canyon areas containing valuable oak woodlands and other native habitat in accordance with the criteria of the Habitat Conservation Program pursuant to Article 2 (commencing with Section 2720) of Chapter 7.5 of Division 3 of the Fish and Game Code, excepting Sections 2720 and 2722 of, subdivision (a) of Section 2723 of, and Sections 2724 and 2729 of, the Fish and Game Code.

(20) Five hundred thousand dollars (\$500,000) for the restoration and revegetation of coastal sage scrub in Orange County. These funds shall not be used to replace funds which would otherwise be obtained for the purposes of environmental mitigation, or from any other source.

(21) Eleven million dollars (\$11,000,000) for acquisition of lands in Coal Canyon and other nearby lands to protect rare, endangered and threatened species and the mountain lion, and to create a wildlife corridor between Chino Hills State Park and the Coal Canyon-Tecate Cypress Ecological Reserve.

(22) Twelve million dollars (\$12,000,000) for the acquisition of Significant Ecological Areas as identified in the Los Angeles County Significant Ecological Area Report. Highest priority shall be given to acquisitions which create wildlife corridors.

(23) Three million dollars (\$3,000,000) for the recovery and restoration, rehabilitation, or acquisition of natural lands along the Santa Clara, San Gabriel, and Los Angeles Rivers or their tributaries.

(24) Three million dollars (\$3,000,000) for the recovery and restoration of native trout habitat in Los Angeles County, to provide high-quality fishing experiences for public enjoyment, and for grants for these purposes to nonprofit organizations with demonstrable expertise in protection and restoration of native trout habitat.

(25) Four million dollars (\$4,000,000) for the acquisition of desert areas within Los Angeles County which generally meet the criteria of the Habitat Conservation Program pursuant to Article 2 (commencing with Section 2720) of Chapter 7.5 of Division 3 of the Fish and Game Code, excepting Sections 2720 and 2722 of, subdivision (a) of Section 2723 of, and Sections 2724 and 2729 of, the Fish and Game Code.

(26) Four million dollars (\$4,000,000) for acquisition of natural lands inland of the coast in Santa Barbara County which generally meet the criteria of Article 2 (commencing with Section 2720) of Chapter 7.5 of Division 3 of the Fish and Game Code, excepting Section 2722 of, subdivision (a) of Section 2723 of, and Sections 2724 and 2729 of, the Fish and Game Code, and the criteria established by this section, and which have been identified by Santa Barbara County as high priority natural lands for acquisition. If the lands identified by the county as high priority prove to be unavailable, the funds shall be used within Santa Barbara County to acquire lands that meet three or more of the following criteria, with preference given to the lands meeting the highest number of criteria: (1) wetlands and/or riparian corridors; (2) sensitive habitat; (3) lands serving as wildlife corridors connecting areas of wildlife habitat; (4) lands adjacent to other permanently dedicated public or private natural lands; or (5) state or county scenic corridors.

(27) One million dollars (\$1,000,000) for the acquisition of wetlands and related natural lands in the vicinity of Owens Lake.

(28) Six million dollars (\$6,000,000) for the acquisition and restoration of natural lands, native forest lands, riparian habitat and wetlands in Mono County. These funds shall be expended in the following order of priority:

(A) Riparian habitat and other property along Green Creek, and habitat along other streams in Mono County which provide habitat for native trout, bald eagles, and waterfowl.

(B) Important wetlands and meadow habitat in the Mono Lake Basin.

(C) Lands in the vicinity of Black Lake.

(29) Five million dollars (\$5,000,000) for the acquisition of natural lands and water storage rights needed to maintain riparian habitat and lake levels at Heenan and Red Lakes, or other lakes in Alpine County.

(30) Thirty thousand dollars (\$30,000) to the Department of Fish and Game for the restoration of trout habitat along the West Fork of the Carson River in Hope Valley and other trout streams in Alpine County.

(31) Three million five hundred thousand dollars (\$3,500,000) for acquisition of natural lands, native forest lands and riparian habitat in and near Hope Valley in Alpine County, with highest priority given to acquiring Bagley Valley. Any funds remaining after March 1, 1995, may be used to acquire natural lands in other areas in Alpine County, or along the Wild and Scenic section of the North Fork of the American River.

CENTRAL VALLEY

(32) Thirteen million dollars (\$13,000,000) for the acquisition of natural lands in the watershed of the South Fork of the Kern River and natural lands critical to protection of biological diversity in the Tehachapi Mountains which generally meet the criteria of Article 2 (commencing with Section 2720) of Chapter 7.5 of Division 3 of the Fish and Game Code, excepting Section 2722 of, subdivision (a) of Section 2723 of, and Sections 2724 and 2729 of, the Fish and Game Code. In the acquisition of lands acquired in the Tehachapi Mountains, first priority shall be given to lands in or near the watershed of the Kern River.

(33) Ten thousand dollars (\$10,000) for grants to the Department of Fish and Game or to nonprofit organizations to provide fencing around burrowing owl habitat near Lake Isabella.

(34) Twelve million dollars (\$12,000,000) for acquisition and restoration of oak and sycamore woodlands, riparian habitat and associated buffer areas along the San Joaquin River from Friant Dam to Highway 99. These funds shall be spent in cooperation with a San Joaquin River Conservancy if such an agency comes into existence.

(35) Four million dollars (\$4,000,000) as a grant to the Grassland Water District for facilities to provide water from the Delta Mendota Canal to the district, and for distribution of water within the district for waterfowl and wetlands preservation purposes.

(36) One million dollars (\$1,000,000) for the acquisition of land and the construction of a Grassland Environmental Education Center; or for grants to public agencies or nonprofit organizations for this purpose.

(37) Ninety-three million dollars (\$93,000,000) to be spent pursuant to the Wildlife Conservation Law of 1947 (Chapter 4 (commencing with Section 1300) of Division 2 of the Fish and Game Code) for the preservation, enhancement, restoration, or establishment, or any combination thereof, of habitat for waterfowl or other wetlands associated wildlife as provided for in the Central Valley Habitat Joint Venture Component of the North American Waterfowl Management Plan and the Inland Wetlands Conservation Program. Preference shall be

given, but not be limited to, projects involving the acquisition of perpetual conservation easements; habitat development projects on lands which will be managed primarily as waterfowl habitat in perpetuity; waterfowl habitat development projects on agricultural lands; installation of fish screens on appropriate wetlands water supply diversions; and programs to establish permanent buffer areas, including, but not limited to, agricultural lands necessary to preserve the acreage and habitat values of existing wetlands. Of this amount, up to five million dollars (\$5,000,000) shall be available for wetland habitat preservation, enhancement, restoration, and development in or contiguous with the Yolo Bypass.

These funds shall be expended in the Tulare, San Joaquin, Delta, Yolo, American, Butte, Sutter, and Colusa Basins.

Notwithstanding Chapter 4.3 (commencing with Section 1400) of Division 2 of the Fish and Game Code, of this amount, up to five million dollars (\$5,000,000) shall be available to the Pacific Coast Joint Venture as a dollar-for-dollar match with other funds. These funds shall be used solely for implementing the California component of the Pacific Coast Joint Venture.

(38) Four million dollars (\$4,000,000) for projects of the Department of Fish and Game for the construction of appurtenances or acquisition of equipment necessary to restore, enhance, preserve, and manage those areas purchased in fee by the state consistent with the Central Valley Habitat Joint Venture Component of the North American Waterfowl Management Plan.

(39) Five hundred thousand dollars (\$500,000) for a grant to Stanislaus County for acquisition and restoration of riparian habitat and oak woodlands along the Tuolumne River as part of La Grange Regional Park and the Joe Domecq Wilderness Area, including trail development and restoration of salmon spawning gravels.

(40) One million dollars (\$1,000,000) for acquisition of riparian habitat along the San Joaquin River in Stanislaus County.

(41) Two million dollars (\$2,000,000) for acquisition of riparian habitat and natural lands along the Tuolumne River and adjacent to La Grange Regional Park in Stanislaus County, including wetlands, riparian habitat, oak woodlands, vernal pools, and salmon spawning grounds.

(42) Two million five hundred thousand dollars (\$2,500,000) for the expansion of the Woodbridge Ecological Reserves.

(43) Two million eight hundred thousand dollars (\$2,800,000) for acquisition of natural lands and easements and riparian habitat, to preserve riparian areas along the Mokelumne River from Highway 99 to Woodbridge Dam. Special emphasis shall be given to the acquisition and restoration of lands which would enhance and restore anadromous fisheries habitat.

(44) One million three hundred thousand dollars (\$1,300,000) for the acquisition of conservation easements on farmland in San Joaquin County which is suitable habitat for Swainson's Hawks, and for Swainson's Hawk nesting habitat.

(45) Eight million dollars (\$8,000,000) for acquisition from willing sellers of wetlands and natural lands as additions to the Stone Lakes Wildlife Refuge.

(46) Six million dollars (\$6,000,000) for acquisition of natural lands, riparian habitat, and associated agricultural lands and natural communities along the Cosumnes River in Sacramento County, in coordination with acquisition projects being undertaken along the river by government agencies and nonprofit organizations.

(47) *Two million six hundred ninety thousand dollars (\$2,690,000) for a grant to the City of Davis according to the following schedule:*

(A) *Five hundred thousand dollars (\$500,000) for the creation of wetlands on the site of historic wetlands.*

(B) *One million dollars (\$1,000,000) for the acquisition of wildlife habitat, with highest priority given to lands along Putah Creek.*

(C) *Eight hundred thousand dollars (\$800,000) to restore oak woodland and upland habitat at Communication Park.*

(D) *Three hundred ninety thousand dollars (\$390,000) for the restoration and protection of wildlife and riparian habitat along Putah Creek.*

(48) *Thirteen million dollars (\$13,000,000) for acquisition and restoration of undeveloped open space land, including natural land and riparian habitat, in the canyon of the South Fork of the American River between Chili Bar and Folsom Reservoir. First priority shall be given to acquisitions which will preserve natural lands threatened by development, especially between Greenwood Creek and Salmon Falls. Lands shall not be acquired between Indian Creek and Greenwood Creek. Acquisitions shall include, but not be limited to, the acquisition of conservation easements. Lands shall only be acquired from willing sellers at fair market value. If requested by the El Dorado County Board of Supervisors, the development of the management plan for the lands acquired shall be in consultation with El Dorado County.*

(49) *Five million dollars (\$5,000,000) for the acquisition of natural lands in western El Dorado County containing rare and unusual communities of native plants. Acquisitions shall include, but not be limited to, the acquisition of conservation easements. Lands shall only be acquired from willing sellers at fair market value. If requested by the El Dorado County Board of Supervisors, the development of the management plan for the lands acquired shall be in consultation with El Dorado County.*

(50) *One million eight hundred thousand dollars (\$1,800,000) for the acquisition of natural lands, riparian habitat and adjacent uplands along the North Fork of the American River upstream of Iowa Hill Bridge, with special emphasis on lands which enhance the values of the Wild and Scenic River section.*

(51) *Three million dollars (\$3,000,000) for acquisition of natural lands and other lands in the vicinity of Grouse Ridge Lakes in Nevada County, with priority given to acquisitions of lake frontage and heavily forested lands.*

(52) *Two million dollars (\$2,000,000) for the acquisition of natural lands, wetlands and uplands in Cold Stream Canyon and Perazzo Meadows in the headwaters of the Little Truckee River.*

(53) *Three million dollars (\$3,000,000) for acquisition of natural lands within the Cache Creek Management Area with priority given to riparian habitat and adjacent uplands.*

(54) *Four million dollars (\$4,000,000) for the purchase from willing sellers of agricultural conservation easements, and for the purchase from willing sellers of land for use as a wildlife and natural habitat preserve in the Sutter Buttes.*

(55) *Two million dollars (\$2,000,000) for the acquisition of riparian habitat and other significant natural areas, leases or exchanges of water rights, and salmon restoration projects along Deer and Mill Creeks in Tehama County.*

(56) *One million five hundred thousand dollars (\$1,500,000) for acquisition of forested land near the Tehama Wildlife Management Area containing significant archaeological, cultural and wildlife resources.*

(57) Twenty million dollars (\$20,000,000) for projects of the Department of Fish and Game to restore native salmon and steelhead on the Sacramento River, with highest priority given to providing California's share of the costs to be borne for the implementation of the Central Valley Restoration Plan pursuant to the Central Valley Project Improvement Act of 1992 (Title 34 of Public Law 102-575).

(58) Ten million dollars (\$10,000,000) for the acquisition and restoration of riparian habitat along the Sacramento River from Keswick downstream to Verona, including the acquisition of agricultural or orchard property which is capable of being restored to riparian habitat. Of this amount, two million dollars (\$2,000,000) shall be spent on expansion of the Battle Creek and Cottonwood Creek Wildlife Areas.

MONTEREY BAY

(59) One million dollars (\$1,000,000) for acquisition of lands containing native grassland and other sensitive biotic communities at risk of being destroyed in Santa Cruz County.

(60) Three million dollars (\$3,000,000) for acquisition of the South Ridge of Quail Hollow Quarry in Santa Cruz County and other lands containing unique native plant habitats, including the Sand Parkland Biotic Community.

(61) One million dollars (\$1,000,000) for the acquisition, restoration and protection of wetlands, including associated uplands habitat, in the greater Watsonville Slough System.

(62) One million five hundred thousand dollars (\$1,500,000) to acquire parcels consisting of approximately 1,000 acres for wildlife conservation purposes adjacent to the Forest of Nisene Marks. If all of these funds are not needed for this purpose, the remainder may be used for other projects in Santa Cruz County which meet the criteria of the Habitat Conservation Program pursuant to Article 2 (commencing with Section 2720) of Chapter 7.5 of Division 3 of the Fish and Game Code, excepting Sections 2720 and 2722 of, subdivision (a) of Section 2723 of, and Sections 2724 and 2729 of, the Fish and Game Code.

BAY AREA

(63) Five million dollars (\$5,000,000) for acquisition, enhancement, and restoration of existing and historic wetlands, including associated upland habitats, surrounding San Francisco Bay.

(64) One million dollars (\$1,000,000) for the acquisition of lands containing significant threatened native plant communities in Del Puerto Canyon, and along the Red Mountain Serpentine in Santa Clara County.

(65) Five million dollars (\$5,000,000) for the acquisition, enhancement, and restoration of existing and historic wetlands, including associated upland habitats, in Santa Clara and San Mateo Counties.

(71) Two million five hundred thousand dollars (\$2,500,000) for acquisition of natural lands and native plant communities on or near Quail Ridge, near Lake Berryessa.

NORTH COAST

(72) Eight million dollars (\$8,000,000) for the acquisition of mixed redwood, douglas fir, tan oak, madrone and chinquapin forests; forested wildlife corridors; and riparian and aquatic habitat (including spawning gravels and rearing pools for steelhead, coho, and native king salmon) in the Mattole River headwaters near the town of Whitethorn in Humboldt and Mendocino Counties.

(73) Forty thousand dollars (\$40,000) for the acquisition and protection of unique native plant habitat within the Cow Mountain area, to protect the habitat from damage by off-road vehicles.

(74) Nine hundred thousand dollars (\$900,000) for the acquisition and restoration of coastal wetlands and historic riparian habitat in the Eel River Delta with highest priority given to the acquisition of Cock Robin Island.

(75) Two million dollars (\$2,000,000) for the acquisition of land and the construction of a center in Central America along the migratory path of California bird species for the study of biodiversity and tropical biology, a principal purpose of which is the conservation of habitat critical to the preservation of migratory bird species native to California.

STATE COASTAL CONSERVANCY

(c) Three hundred fifty-six million nine hundred seventy-four thousand dollars (\$356,974,000) to the State Coastal Conservancy pursuant to Division 21 (commencing with Section 31000), consistent with the purposes of this division, for acquisition, enhancement, or restoration of coastal resources and other areas consistent with Division 21 (commencing with Section 31000), and development of public accessways in coastal areas and the San Francisco Bay region; and for related state administrative costs, in accordance with the following schedule. Any of these funds may be expended for grants to public agencies, and, except where specified for public agencies herein, to nonprofit organizations. Of the funds appropriated pursuant to paragraphs (2) through (82) of this subdivision, the State Coastal Conservancy shall not require reimbursement from the Department of Parks and Recreation for those funds expended for the acquisition of land that will be administered as a part of the California State Park System.

(1) Thirty million dollars (\$30,000,000) for acquisition, enhancement, or restoration of coastal resources and other areas consistent with Division 21 (commencing with Section 31000), and development of coastal public accessways, including the Coastal Trail, and the San Francisco Bay region, including the Bay Trail, pursuant to Division 21 (commencing with Section 31000).

SOUTHERN CALIFORNIA

(2) Ten million dollars (\$10,000,000) for the acquisition, restoration and enhancement of natural lands in and adjacent to San Elijo Lagoon Ecological Reserve, the Escondido Creek Ecological Reserve, and the San Elijo Lagoon watershed along Escondido Creek, and for projects that restore the tidal flushing of San Elijo Lagoon.

(3) Ten million dollars (\$10,000,000) for the acquisition and restoration of land within the Otay River Valley, in accordance with the priorities set by the

Otay River Valley Regional Park Joint Exercise of Powers Policy Committee, composed of the City of San Diego, the County of San Diego, and the City of Chula Vista. Land acquired may be owned by any of the Joint Exercise of Power Authority agencies.

(4) Three hundred thousand dollars (\$300,000) for capital outlay projects to reduce erosion threatening water quality in Penasquitos Creek and coastal wetlands in the watershed of Penasquitos Creek, in cooperation with the Palomar-Ramona-Julian Resource Conservation District.

(5) Four million dollars (\$4,000,000) for the acquisition and restoration of the Huntington Beach wetland.

(6) One million dollars (\$1,000,000) for the acquisition of natural lands at Dana Point, if the State Coastal Conservancy has determined that there have been sufficient mitigation lands dedicated at the Point as a result of any development approved by the City of Dana Point. If such a determination cannot be made by July 1, 2004, the funds shall be spent to acquire other significant natural lands along the coast in Orange County.

(7) One million dollars (\$1,000,000) for the acquisition and restoration of wetlands at San Joaquin Marsh.

(8) Six million dollars (\$6,000,000) for the acquisition, restoration and enhancement of wetlands and adjacent natural lands and uplands at Bolsa Chica. Acquisition shall only be from willing sellers. The approval by any Bolsa Chica property owner to the language contained in this division shall not be construed as any willingness by the property owner to sell its Bolsa Chica property at any time now or in the future.

(9) Six million dollars (\$6,000,000) for the acquisition of critical natural areas and wildlife habitat on the Palos Verdes Peninsula, and for grants to nonprofit organizations for this purpose.

(10) Three million dollars (\$3,000,000) for the restoration and rehabilitation of Venice Beach facilities, walkways, and trails, in accordance with the Venice Urban Waterfront Restoration Plan.

(11) Eight million dollars (\$8,000,000) for the acquisition of natural lands and for the restoration of wetlands and the development of facilities which will restore wetlands in or near the Ballona Wetlands, provided that none of these funds may be used to offset any obligation relating to Ballona Wetlands of any project developer in or near the Ballona Wetlands, the successor or successors-in-interest to such a developer, or any person or entity seeking mitigation credits or fulfillment of restoration obligations from a restoration project at the Ballona Wetlands. Acquisition may only be from willing sellers. If by July 1, 1997, the State Coastal Conservancy determines that all feasible mitigation at Ballona Wetlands has been programmed or has been undertaken, any remaining funds available pursuant to this paragraph may be spent for the acquisition and restoration of wetlands within Los Angeles County, with first priority for up to one million five hundred thousand dollars (\$1,500,000) given to Ballona Lagoon, and second priority for the remainder of the funds given to other wetlands within the watershed of Santa Monica Bay.

(12) One million dollars (\$1,000,000) for the restoration and acquisition of wetlands in or near Ballona Lagoon.

(13) Five million dollars (\$5,000,000) for acquisition and restoration of property in and near Cold Creek watershed for the purposes of ecological and open space protection.

(14) Two million dollars (\$2,000,000) for acquisition and restoration of critical resource lands along the coast in the City of Malibu, with highest priority given to acquisition projects.

(15) Three million dollars (\$3,000,000) for acquisition and restoration of coastal wetlands and other natural lands along Ormond Beach in Ventura County.

(16) One million dollars (\$1,000,000) for the acquisition of riparian habitat along the Santa Clara River in Ventura County.

(17) Two million dollars (\$2,000,000) for the preservation of, and for grants to qualified nonprofit organizations for preservation of, agricultural lands in Ventura County, with preference given to lands in the Oxnard Plain. These funds shall be used to acquire interests in agricultural lands with preference given to conservation easements. Up to five percent of the funds may be used to fund voluntary sustainable capital outlay agricultural projects, including improvements which would increase the compatibility of agricultural operations with sensitive natural areas.

(18) One million five hundred thousand dollars (\$1,500,000) for acquisition and restoration of natural lands, riparian habitat and wetlands, and other capital outlay projects, to improve the anadromous fisheries of the Ventura River.

(19) One million dollars (\$1,000,000) for the preservation of, and for grants to qualified nonprofit organizations for preservation of, agricultural lands in Santa Barbara County, with preference given to lands in the northern part of the county. Up to five percent of the funds may be used to fund voluntary sustainable capital outlay agricultural projects, including improvements which would increase the compatibility of agricultural operations with sensitive natural areas.

(20) Fourteen million dollars (\$14,000,000) for the acquisition of coastal natural lands in Santa Barbara County according to the following schedule:

(A) Eleven million dollars (\$11,000,000) in southern Santa Barbara County, with highest priority given to lands in one or more of the following areas: (i) near Gaviota; (ii) near Las Positas Park; (iii) adjacent to El Capitan State Beach; and (iv) on More Mesa. Lands on More Mesa may only be purchased from a willing seller.

(B) Three million dollars (\$3,000,000) in northern Santa Barbara County, with highest priority to lands on Burton Mesa near La Purissima Mission, and at Point Sal.

If the lands identified as highest priority for acquisition pursuant to this paragraph prove to be unavailable, the funds shall be used instead for acquisition of, and for grants to public agencies for the acquisition of, coastal natural lands within Santa Barbara County that meet three or more of the following criteria, with preference given to the lands meeting the highest number of criteria: (1) wetlands and/or riparian corridors; (2) sensitive habitat; (3) lands serving as wildlife corridors connecting areas of wildlife habitat; (4) continuation or completion of an existing natural lands acquisition project; (5) lands adjacent to other permanently dedicated public or private natural lands; (6) state or county scenic corridors; (7) ocean frontage; or (8) Coastal Trail corridor.

Funds expended pursuant to this paragraph shall not be used for required mitigations related to public or private development or maintenance projects.

(21) Two million dollars (\$2,000,000) for acquisition of rights-of-way for the Coastal Trail in Santa Barbara County, with highest priority given to the section between the University of California, Santa Barbara, and Gaviota.

(22) Six million dollars (\$6,000,000) for acquisition, enhancement and access to natural lands in the Morro Bay and estuary watershed, and near Cayucos, such as the Morros, Chorro Flats, El Moro Elfin Forest, Baywood, Los Osos Greenbelt, and coastal lands near Cayucos along Estero Bay.

(23) Four million five hundred thousand dollars (\$4,500,000) for the acquisition, enhancement and access to natural lands in northern coastal San Luis Obispo County, including coastal riparian lands, forests, marine terrace and arroyo lagoon systems, including, but not limited to, Santa Rosa Creek and the Cambrian Pine Forest.

(24) Two million dollars (\$2,000,000) for the preservation of, and for grants to qualified nonprofit organizations for preservation of, agricultural lands in San Luis Obispo County. These funds shall be used to acquire interests in agricultural lands with preference given to conservation easements. Up to five percent of the funds may be used to fund voluntary sustainable capital outlay agricultural projects, including improvements which would increase the compatibility of agricultural operations with sensitive natural areas.

(25) Four million dollars (\$4,000,000) for acquisition of natural lands in the volcanic peaks known as the Morros or Seven Sisters in San Luis Obispo County.

(26) One million five hundred thousand dollars (\$1,500,000) for the acquisition of riparian habitat along the Salinas River in San Luis Obispo County.

(27) One million dollars (\$1,000,000) for the acquisition of native oak woodlands in San Luis Obispo County.

(28) One million dollars (\$1,000,000) for the acquisition and enhancement of and access to natural wetlands, coastal, riparian, and lagoon habitats in southern San Luis Obispo County coastal areas such as San Luis Creek and Black Lake Canyon on Nipomo Mesa.

(29) One hundred fifteen thousand dollars (\$115,000) for the acquisition of easements and the restoration of wetlands in the watershed of Los Osos Creek, in cooperation with the Coastal San Luis Resource Conservation District.

(30) Seven hundred thousand dollars (\$700,000) for the restoration of wetlands adjacent to the Chorro Creek estuary, in cooperation with the Coastal San Luis Resource Conservation District.

MONTEREY BAY

(31) Five hundred thousand dollars (\$500,000) for the restoration and enhancement of the Carmel River Lagoon, for the purpose of restoring the steelhead population of the Carmel River. High priority shall be given to the use of the California Conservation Corps or a community conservation corps in completing these improvements.

(32) Two million dollars (\$2,000,000) for acquisition and restoration of natural lands at Elkhorn Slough in accordance with the Elkhorn Slough Management Plan.

(33) Four million dollars (\$4,000,000) for acquisition of watershed lands with coastal frontage south of Partington Creek in Monterey County; provided that, if such funds are not expended by July 1, 1997, they may be used to acquire coastal watershed lands elsewhere within Monterey County.

(34) Five million dollars (\$5,000,000) for preservation of, and for grants to qualified nonprofit organizations for preservation of, Monterey County agricultural lands in the coastal zone and Salinas River watershed.

(35) *Twelve million five hundred thousand dollars (\$12,500,000) for the acquisition of land on the north coast of Santa Cruz County, with preference given to single large holdings including significant agricultural lands, and to the expansion of Wilder Ranch State Park.*

(36) *Five hundred thousand dollars (\$500,000) for the acquisition of significant archaeological and paleontological sites in Santa Cruz County.*

BAY AREA

(37) *Fifteen million dollars (\$15,000,000) for the enhancement and restoration of existing and historic wetlands and associated habitat through the beneficial use of dredged materials and for the acquisition of land for these purposes. None of these funds may be used to pay for costs which would otherwise be incurred in the normal dredging and disposal of materials from ports in San Francisco Bay. These funds are intended to help pay the incremental costs between wetlands creation and other disposal options, such as ocean disposal.*

These funds may be used only for wetlands restoration projects to be implemented by public or nonprofit entities, and only for sites which are permanently protected as open space and wildlife habitat. None of these funds may be used to mitigate for off-site wetlands losses pursuant to unrelated permitted projects.

Of the funds allocated pursuant to this paragraph, up to five hundred thousand dollars (\$500,000) may be spent to develop a regional wetlands management plan to identify habitat needs, establish wetland habitat goals by type, amount, and location necessary to support a healthy balance of plant and animal communities, and guide restoration efforts. The plan should be used to guide the expenditure of the funds authorized pursuant to this paragraph, but such expenditures shall not be contingent on completion of the plan.

If, after July 1, 2004, the State Coastal Conservancy is unable to expend all or part of these funds, the remaining funds may be used by the State Coastal Conservancy for wetlands acquisition, protection and restoration in San Francisco Bay.

(38) *Three million dollars (\$3,000,000) for acquisition and development of real property to complete portions of the San Francisco Bay Trail.*

(39) *Seven million dollars (\$7,000,000) for acquisition, enhancement, and restoration of existing and historic wetlands, including associated upland habitats, surrounding San Francisco Bay. Of this amount, no less than one million dollars (\$1,000,000) shall be spent in each of the following regions: San Mateo and Santa Clara Counties; Alameda and Contra Costa Counties; Marin, Sonoma, Napa and Solano Counties; and the City and County of San Francisco. Of the funds expended in San Francisco, at least one million dollars (\$1,000,000) shall be transferred to the Department of Parks and Recreation for restoration of wetlands at Candlestick Point State Park.*

(40) *Eight million dollars (\$8,000,000) for the acquisition, enhancement, and restoration of existing and historic wetlands, including associated upland habitats, in Santa Clara and San Mateo Counties.*

(41) *Fourteen million dollars (\$14,000,000) for acquisition of, and for grants to public agencies or nonprofit organizations for acquisition of, coastal lands within San Mateo County that meet three or more of the following criteria: (1) ocean frontage; (2) state or county scenic corridor; (3) designated in the County General Plan as Agriculture or Timber Production; (4) sensitive habitat or wetlands; (5) close proximity to urban areas; or (6) adjacent to other perma-*

nently dedicated public or private natural lands, such as Fitzgerald Marine Reserve, Mori Point, and San Pedro Point. These funds shall not be used for urban waterfronts or for lot consolidation projects pursuant to Chapters 5 (commencing with Section 31200) and 7 (commencing with Section 31300) of Division 21.

(42) Three million dollars (\$3,000,000) for acquisition, preservation, and ecological restoration of natural lands containing significant cultural and natural resources on San Bruno Mountain, including Native American shell mounds, and habitat for rare, endangered and threatened butterflies, reptiles, and native plants.

(43) Seven million dollars (\$7,000,000) for the acquisition, enhancement, and restoration of existing and historic wetlands, including associated upland habitats, in Alameda and Contra Costa Counties.

(44) Three million dollars (\$3,000,000) for acquisition of wetlands, oak woodlands, and grasslands, and for acquisition of rights-of-way for the Bay Trail and spurs linking the Bay and Ridge Trails in and around the City of Martinez.

(45) Two million dollars (\$2,000,000) for the acquisition and restoration of natural lands and parklands along the Rodeo Waterfront.

(46) Three hundred thousand dollars (\$300,000) for the acquisition and restoration of natural lands and parklands along the San Joaquin River in and near the City of Antioch. Lands may only be acquired from willing sellers.

(47) Five million dollars (\$5,000,000) for the acquisition, restoration, and enhancement of existing and historic baylands, including associated habitats, in eastern Marin County.

(48) Two million dollars (\$2,000,000) for the acquisition of lands for the expansion of Tomales Bay State Park and for coastal access along Tomales Bay. If these funds are not expended by July 1, 1999, they shall be available as grants to the County of Marin or to a qualified nonprofit organization for acquisition of open space lands within the viewshed of Tomales Bay.

(49) Two hundred thousand dollars (\$200,000) for capital outlay projects to reduce erosion threatening coastal wetlands and threatened and endangered species in the watershed of the Estero de San Antonio in cooperation with the Marin County Resource Conservation District.

(50) Two million dollars (\$2,000,000) for the acquisition, enhancement, and restoration of existing and historic wetlands, including associated upland habitats, in the Napa Marsh.

(51) Two million dollars (\$2,000,000) for the acquisition, enhancement, and restoration of existing and historic wetlands, including associated upland habitats, in the Petaluma Marsh.

(52) One million dollars (\$1,000,000) for capital outlay and erosion control projects to protect wetlands in the Estero Americano and Salmon Creek, and watersheds between the Estero Americano and Salmon Creek, and for grants to the Gold Ridge Resource Conservation District for this purpose.

(53) Two million dollars (\$2,000,000) for acquisition, enhancement, and restoration of existing and historic wetlands, including associated upland habitat and agricultural lands, in the watershed of the Estero Americano in Sonoma County, and for grants to public agencies, resource conservation districts, and nonprofit organizations for those purposes.

(54) Two hundred thousand dollars (\$200,000) for capital outlay projects to reduce erosion threatening water quality in Sonoma Creek and coastal wetlands in the watershed of Sonoma Creek, in cooperation with the Southern Sonoma County Resource Conservation District.

(55) *Seven million dollars (\$7,000,000) for acquisition, enhancement, and restoration of the Russian River corridor and associated upland habitat, including development of public access where feasible, and where it will not damage riparian values.*

(56) *Two million dollars (\$2,000,000) for acquisition, enhancement, and restoration of vernal pools and associated habitat in the Santa Rosa Plain, including valley oaks and native grasslands.*

(57) *Five million dollars (\$5,000,000) for acquisition, enhancement, and restoration of existing and historic wetlands along San Pablo Bay in Sonoma County, including associated upland habitat and agricultural lands.*

(58) *Two million dollars (\$2,000,000) for preservation of, and for grants by Sonoma County to qualified nonprofit organizations for preservation of, agricultural lands in the Sonoma County coastal zone. First priority shall be given to those projects which are coordinated with agricultural land preservation projects in neighboring counties. These funds shall be used to acquire interests in agricultural lands with preference given to conservation easements. Up to five percent of the funds may be used to fund voluntary sustainable agricultural capital outlay projects, including improvements which would increase the compatibility of agricultural operations with sensitive natural areas.*

(59) *Three million dollars (\$3,000,000) for the acquisition and restoration of historic and existing wetlands and associated habitat areas along the Napa River in Solano County.*

(60) *Two million dollars (\$2,000,000) for wetlands restoration at River Park near Vallejo.*

NORTH COAST

(61) *One million five hundred thousand dollars (\$1,500,000) for the acquisition of parkland and coastal accessways at the Albion Headlands.*

(62) *Five million dollars (\$5,000,000) for direct expenditure for, and for grants to public agencies and nonprofit organizations for, the acquisition and restoration of forested lands or interests in such lands within Mendocino County in order to ensure that: (1) such lands remain in timber production; (2) these lands are managed in such a way as to restore and promote the long-term health of the forest ecosystem, including soil productivity; diversity of age classes, including late seral and old growth stages; native species mix; enhancement of horizontal and vertical forest structures, including standing and down logs and debris; and protection of watershed functions; (3) cultural resources within these lands can be protected; and (4) where appropriate, public access and recreation can be promoted.*

These funds may not be used by the State Coastal Conservancy for the acquisition of lands which should otherwise be acquired for park or wilderness use where timber production would not be permitted. Prior to approving the disbursement of any funds under this paragraph for any acquisition, and after hearing testimony at least at one public hearing, the State Coastal Conservancy shall make a finding on whether a property proposed for purchase is or is not a high priority for exclusive park or wilderness uses. The State Coastal Conservancy shall ensure through easements or other methods that any property acquired under this paragraph is managed in a manner which is consistent with the goals stated above. The State Coastal Conservancy shall give priority to projects proposed by Mendocino County and local community groups.

Notwithstanding the above restrictions on timber harvesting, the State Coastal Conservancy shall grant funds for acquisition of timber lands under this paragraph only to agencies or organizations that intend to actively manage them.

(63) One hundred fifty thousand dollars (\$150,000) for acquisition of land and development of a trail along the Gualala Bluff top.

(64) Three million dollars (\$3,000,000) for the acquisition of natural lands and conservation easements for protection and restoration of important riparian and upland native forestlands within the Navarro River watershed. Acquisition and restoration shall provide salmon and steelhead habitat protection, reduction of nonpoint source pollution, preservation of remnant old growth and second growth redwood forestland, and connectivity among protected areas and parks for wildlife corridors.

(65) Fifteen thousand dollars (\$15,000) for the development of trails at Point Cabrillo.

(66) Three million dollars (\$3,000,000) for projects in Mendocino County. These funds shall be deemed to be in repayment for the State Coastal Conservancy's expenses from the Sinkyone Wilderness Project.

The State Coastal Conservancy shall not expend these funds until it has: (1) approved the transfer of the Sinkyone upland parcels; (2) taken necessary steps to effect such transfer; and (3) ensured through easements or other similar methods that, in perpetuity and without unreasonable restrictions, the property is managed under the following conditions: (a) general public access is allowed, including, but not limited to, hiking, hunting, fishing and Native American sustenance gathering; (b) natural and cultural resources are protected and can be restored, including stabilization of archaeological and cultural sites, wildlife habitat, soils, watersheds, fisheries and native plant habitat; (c) opportunities for educational, scientific and cultural activities are available on the site; and (d) timber production is limited and sustainable.

Reasonable limitations may be imposed on any of these activities based on the establishment of sustainable levels of resource utilization, using generally accepted inventory and habitat evaluation techniques. Prior to the transfer of the upland parcels, the State Coastal Conservancy shall consult with interested parties in Mendocino County and, as appropriate, conduct public workshops or public hearings to devise the specifics of easements or other limitations which would apply to the upland property, consistent with the requirements of this paragraph. Upon completion of this process and the agreement of the Intertribal Sinkyone Wilderness Council to abide by the terms and conditions contained in the proposed restrictions, the State Coastal Conservancy shall take all steps within its authority to ensure transfer of the property to the council. In the event that the property has been transferred prior to the enactment of this division, the funds shall be available to the State Coastal Conservancy for projects in Mendocino County.

The projects on which the State Coastal Conservancy may expend funds under this paragraph shall include, but shall not be limited to: (1) the resource restoration of the upland parcels; (2) the acquisition of other significant cultural or archaeological sites in the vicinity of this property; and (3) the acquisition and consolidation of interests in forest lands to ensure that such lands can remain in timber production under sustainable limits and to promote model forestry programs. The State Coastal Conservancy shall also give priority to other projects as may be suggested by the Mendocino County Board of Supervisors.

(67) *One hundred thousand dollars (\$100,000) for development of trails in and near the Sinkyone Wilderness.*

(68) *Five hundred thousand dollars (\$500,000) for capital outlay projects to reduce erosion, improve water quality, and restore Coho Salmon and other salmonids in the watershed of the Garcia River, in cooperation with the Mendocino County Resource Conservation District.*

(69) *Five hundred thousand dollars (\$500,000) for the acquisition or restoration of dune, wetland or riparian habitat, and for the development of recreational facilities within the jurisdiction of the Manila Community Service District.*

(70) *Fourteen thousand dollars (\$14,000) for development of access to Baker Beach near Trinidad in Humboldt County.*

(71) *One hundred thousand dollars (\$100,000) for the acquisition, restoration, and enhancement of culturally significant island property in Humboldt Bay, with highest priority given to the Indian Island archaeological site.*

(72) *Seven hundred thousand dollars (\$700,000) for acquisition of old growth redwoods and buffer areas in the Black Dog Creek Drainage of the Mad River.*

(73) *Three hundred twenty thousand dollars (\$320,000) for improvement of public access to the Eel River Delta.*

(74) *Two hundred thousand dollars (\$200,000) for development of the Hammond section of the Coastal Trail in the vicinity of McKinleyville.*

(75) *Five hundred thousand dollars (\$500,000) for development of the Coastal Trail in Humboldt County.*

(76) *Four hundred thousand dollars (\$400,000) for the acquisition of prime agricultural land adjacent to Jacoby Creek in Humboldt County.*

(77) *Two hundred thousand dollars (\$200,000) for restoration of riparian habitat along the lower reaches of the Mad River.*

(78) *Three hundred thousand dollars (\$300,000) for the enhancement of riparian habitat and for demonstration projects for sustainable forestry, with the goal of restoring salmonid fishes in the Mattole River.*

(79) *Three million dollars (\$3,000,000) for the acquisition of old growth forests along Mill Creek, a tributary to the Mattole River.*

(80) *Three hundred thousand dollars (\$300,000) for the acquisition and preservation of redwood, riparian and wildlife habitat as a community park within the community of Westhaven, near Trinidad.*

(81) *Five hundred thousand dollars (\$500,000) for capital outlay projects to implement dairy waste management systems, including acquisition of easements, to better protect salmon, estuarine resources, and threatened and endangered species. This project may include a grant to the Eel River Resource Conservation District.*

STATE COASTAL CONSERVANCY LOCAL GRANTS

(82) *Eighty-one million eight hundred sixty thousand dollars (\$81,860,000) for grants to local agencies according to the following schedule:*

NORTH COAST

(W) Five hundred thousand dollars (\$500,000) to Del Norte County for acquisition and restoration of native forest and riparian habitat between Highway 101 and the ocean at the mouth of the Crescent City Marsh, and facilities for the new northern trailhead of the Coastal Trail.

OTHER AGENCIES

(d) Eighty-five million dollars (\$85,000,000) to the Santa Monica Mountains Conservancy for capital outlay and grants for acquisition, enhancement or restoration of natural lands, improvement of public recreation facilities, and for grants pursuant to Section 33204.2, and for related state administrative costs, pursuant to Division 23 (commencing with Section 33000). Notwithstanding any other provision of law, funds shall be expended for the following purposes, consistent with the purposes of this division, according to the following schedule. Any funds remaining after the completion of these projects shall be spent on acquisition or restoration of natural lands in the Santa Monica Mountains Zone, and for related state administrative purposes, pursuant to Division 23 (commencing with Section 33000) and consistent with the purposes of this division.

(1) Thirty million dollars (\$30,000,000) for acquisition, restoration and enhancement of coastal canyons, areas of major archaeological importance, and significant habitat areas, provided that not less than twenty million dollars (\$20,000,000) shall be expended within the Topanga Canyon watershed.

(2) Four million dollars (\$4,000,000) for acquisition and other projects within the Malibu Creek watershed designed to reduce and prevent erosion and other pollutant run-off into Santa Monica Bay.

(3) Five million dollars (\$5,000,000) for expenditure within the wildlife corridor south of Route 101, as identified in the study prepared by The Nature Conservancy.

(4) Thirteen million dollars (\$13,000,000) to be expended within the "Big Wild" area adjacent to Topanga State Park, and Rustic, Sullivan, and Mandeville Canyons identified in the study prepared by Community Development by Design.

(5) Five million dollars (\$5,000,000) for critical wildlife habitat, conservation and open space projects. Priority shall be given to projects under threat of immediate development and for opportunity purchases from willing sellers.

(6) Three million dollars (\$3,000,000) for implementation of the Devil's Gate Master Plan. Such funds shall be expended in cooperation with the City of Pasadena.

(7) Two million dollars (\$2,000,000) for the mountains education program, including grants pursuant to Section 33204.2.

(8) Five million dollars (\$5,000,000) for land acquisition, restoration and enhancement projects along the Los Angeles River. Notwithstanding any other provision of law, funds appropriated by this paragraph shall be expended according to a plan adopted by the Santa Monica Mountains Conservancy, after public hearings, which shall delineate the boundaries of eligible projects and which shall be filed with the Secretary of State as an amendment to the Santa Monica Mountains Zone.

(9) Three million dollars (\$3,000,000) for acquisition, restoration and enhancement of the Santa Clara River. These funds shall be expended in cooperation with the City of Santa Clarita. Notwithstanding any other provision of law, funds appropriated by this paragraph shall be expended according to a plan adopted by the Santa Monica Mountains Conservancy, after public hearings and consultation with the city and all interested parties, which shall delineate the boundaries of eligible projects and which shall be filed with the Secretary of State as an amendment to the Santa Monica Mountains Zone as otherwise defined in Sections 33105 and 33105.5 and subdivision (c) of Section 33204.3.

(10) Two million dollars (\$2,000,000) for expansion of the San Gabriel Valley Rim Open Space Corridor, to be expended in cooperation with the City of Glendora. Notwithstanding any other provision of law, funds appropriated by this paragraph shall be expended according to a plan adopted by the Santa Monica Mountains Conservancy, after public hearings and consultation with all interested parties, which shall delineate the boundaries of eligible projects and which shall be filed with the Secretary of State as an amendment to the Santa Monica Mountains Zone.

(11) Seven million dollars (\$7,000,000) for the acquisition of park, open space, and natural lands and wildlife habitat in the Whittier-Puente Hills. Prior to the expenditure of such funds, the Santa Monica Mountains Conservancy shall have entered into a joint powers agreement with the City of Whittier to facilitate the preservation of park and open space lands as provided in Section 8(c) (6) of the order of the Los Angeles County Board of Supervisors (Proposition A) approved at the consolidated general election held November 3, 1992.

(12) Five million dollars (\$5,000,000) for projects within the Rim of the Valley Trail Corridor as defined in Section 33105.5 and subdivision (c) of Section 33204.3

and, notwithstanding any other provision of law, for trail connectors and improvements between the Rim of the Valley Trail and the Pacific Crest Trail.

(13) One million dollars (\$1,000,000) for acquisition of alluvial sage scrub in the Big Tujunga Wash upstream from Hansen Dam. Lands shall be acquired only from willing sellers.

(e) Forty million dollars (\$40,000,000) to the California Tahoe Conservancy for the acquisition, development, restoration, and enhancement of real property and natural lands within the Lake Tahoe region pursuant to Title 7.42 (commencing with Section 66905) of the Government Code, and for administrative costs incurred therewith, for the following purposes:

(1) Protecting the natural environment through soil erosion control, acquisition, restoration or enhancement of environmentally sensitive lands, and restoration of streams, stream environment zones, wetlands, and other natural areas.

(2) Providing public access and public recreational opportunities.

(3) Enhancing wildlife and wildlife habitat areas.

(4) Consolidating lands for their more effective management as a unit.

Of the forty million dollars (\$40,000,000), up to five million dollars (\$5,000,000) may be used to acquire land and to develop a Lake Tahoe research and public education center, which shall be operated by a public institution of higher learning in California.

(f) Fifteen million five hundred thousand dollars (\$15,500,000) to the Department of Conservation for grants to public agencies and nonprofit organizations for the purchase of conservation easements on prime agricultural land outside of incorporated areas, according to the following schedule:

(1) Two million dollars (\$2,000,000) in Tulare County.

(2) Four million dollars (\$4,000,000) in Merced County.

(3) Two million five hundred thousand dollars (\$2,500,000) in San Joaquin County.

(4) Four million dollars (\$4,000,000) in Yolo County.

(5) Two million dollars (\$2,000,000) in Fresno County.

(6) One million dollars (\$1,000,000) in San Benito County.

The purpose of these grants is to demonstrate the feasibility of agricultural land preservation using conservation easements in the counties in which the funds are spent.

(g) Fifteen million dollars (\$15,000,000) to the Department of Forestry and Fire Protection for urban forestry programs in accordance with Section 4799.12. The grants made pursuant to this subdivision shall be for capital outlay purposes, including, but not limited to, costs associated with the purchase and planting of trees, and up to three years of care which ensures the long term viability of those trees. Preference for grants shall be given to projects and programs involving volunteers and community-based organizations. No less than fifty percent of the grants made pursuant to this program shall be made for tree-planting projects in areas with a median income of less than fifty percent of the state average. For purposes of this subdivision, "area" may mean census tract.

(h) Forty-seven million five hundred thousand dollars (\$47,500,000) to the Controller for allocation directly to the following agencies:

(1) Forty-two million five hundred thousand dollars (\$42,500,000) to the Mountains Recreation and Conservation Authority for capital outlay and administrative costs associated therewith, which, notwithstanding any other provision of law, shall be expended for the purposes provided herein, according to the following schedule:

(A) Fifteen million dollars (\$15,000,000) for projects within the Los Angeles River Watershed portion of the Santa Susana Mountains and within the Simi Hills wildlife corridor.

(B) Seven million dollars (\$7,000,000) for projects within the Santa Clarita Woodlands. Of this amount, no less than three hundred thousand dollars (\$300,000) shall be spent for trail corridor connections to Rocky Peak Park and adjacent publicly owned land.

(C) Four million five hundred thousand dollars (\$4,500,000) to restore and enhance wildlife and riparian habitat in and around the Sepulveda Basin, including, but not limited to, Bull Creek, Haskell Creek, Woodley Creek, Hayvenhurst Creek, and wildlife reserves, and for grants to nonprofit organizations for these purposes.

(D) Three million dollars (\$3,000,000) for the acquisition of and development of mountain camp facilities serving disadvantaged and at-risk youth from Los Angeles County.

(E) Ten million dollars (\$10,000,000) for expenditure in upper Mandeville and Mission Canyons within the City of Los Angeles.

(F) Three million dollars (\$3,000,000) for implementation of the Los Angeles Greenways project. Priority shall be given to expenditures that use matching funds.

(2) Five million dollars (\$5,000,000) to the Eastern Ventura County Conservation Authority for capital outlay and administrative costs in connection therewith, for projects in the Santa Susana Mountains between Happy Camp Canyon Park and Rocky Peak Park.

(i) Five million dollars (\$5,000,000) to the Department of Boating and Waterways for capital outlay projects and grants to other state agencies, local agencies and nonprofit organizations to provide access to rivers and natural lakes for nonmotorized vessels, including, but not limited to, canoes, tubes, kayaks, and rafts. None of these funds shall be allocated to artificial reservoirs. For purposes of this subdivision, Lake Tahoe and Clear Lake shall be considered to be natural lakes.

(j) Twenty-eight million seven hundred eighty thousand dollars (\$28,780,000) to the Department of Water Resources for the acquisition and restoration of natural lands which contain urban streams, creeks, and riparian areas, and for trail development generally in accordance with Section 7048 of the Water Code, and for related state administrative costs not to exceed four hundred thousand dollars (\$400,000) in accordance with the following schedule. Notwithstanding any limits on the size of individual grants established by Department of Water Resources regulations or guidelines, there shall be no limit on the size of the grants made pursuant to paragraphs (2) to (8), inclusive, of this subdivision, and the maximum grant made pursuant to paragraph (1) shall be three million dollars (\$3,000,000).

(1) Fifteen million dollars (\$15,000,000) for grants to counties, cities, cities and counties, districts, local agencies, and nonprofit organizations for the acquisition and restoration of natural lands which contain urban streams, creeks, and riparian areas, and for trail development along those streams.

(2) Five million dollars (\$5,000,000) for open space acquisition and restoration of a greenway corridor along Santiago Creek in the Cities of Orange and Santa Ana.

(3) Four million five hundred thousand dollars (\$4,500,000) for the preservation and restoration of creeks in Santa Barbara County. Projects funded pursuant

to this paragraph shall meet three or more of the following criteria: (A) close proximity to urban areas; (B) benefits to municipal water supply quality and quantity; (C) multi-objective benefits; (D) be within an area of known flood hazard; (E) contain threatened wildlife habitat; (F) provide the greatest degree of habitat restoration; and (G) imminently threatened, such as Mission Creek. These funds shall not be used for required mitigation related to public or private development or maintenance projects, but may be used for enhancement projects in addition to, and connected with, required mitigations if a separate accounting of funds for each is made.

(4) Fifty thousand dollars (\$50,000) for a parkway and trail along the North Fork of Willow Creek in Madera County.

(5) One million dollars (\$1,000,000) for Strawberry Creek in Alameda County.

(6) One million dollars (\$1,000,000) for Walnut Creek in Contra Costa County.

(7) Two million dollars (\$2,000,000) for San Ramon Creek in the City of Walnut Creek, with highest priority given to creek restoration and development of a trail.

(8) Two hundred thirty thousand dollars (\$230,000) for enhancement and restoration of habitat along Santa Rosa Creek in and near the City of Santa Rosa. Of this amount, up to eighty thousand dollars (\$80,000) may be expended on a bicycle and hiking trail along the creek.

CHAPTER 3. MISCELLANEOUS PROVISIONS

Local Assistance Grants

23010. (a) The state grant money authorized by subparagraph (A) of paragraph (6) of subdivision (a) of Section 23007 shall be allocated to counties, cities, and districts on the basis of their populations, as determined by the Department of Parks and Recreation, in cooperation with the Department of Finance, on the basis of the most recent verifiable census data and other population data as the Department of Parks and Recreation may require to be furnished by any county, city, or district.

(b) Forty percent of the total funds available for grants pursuant to this section shall be allocated to counties and regional park, open space, or park and open space districts formed pursuant to Chapter 3 (commencing with Section 5500) of Division 5 on or before October 1, 1994. Each county's allocation shall be in the same ratio as the county's population is to the state's total population, except that each county is entitled to a minimum allocation of one hundred fifty thousand dollars (\$150,000). In any county that embraces all or part of the territory of a regional park, open space, or park and open space district whose board of directors is not the county board of supervisors, the amount allocated to the county shall be apportioned between the county and the regional district in proportion to the population of the county that is included within the territory of the regional district and the population of the county that is outside the territory of the regional district. For purposes of this subdivision, the City and County of San Francisco is a county.

(c) (1) Sixty percent of the total funds available for grants pursuant to this section shall be allocated to cities and districts, other than regional park, open space, or park and open space districts. Each city's and each district's allocation shall be in the same ratio as the city's or district's population is to the combined total of the state's population that is included in incorporated areas and in unincorporated areas within the districts, except that each city or district is entitled to a minimum allocation of thirty thousand dollars (\$30,000). In any instance in which the boundary of a city overlaps the boundary of a district, the

population in the area of overlapping jurisdiction shall be attributed to each jurisdiction in proportion to the extent to which each operates and manages parks and recreational areas and facilities for that population. In any instance in which the boundary of a city overlaps the boundary of a district, and in the area of overlap the city does not operate and manage park and recreation areas and facilities, all grant funds shall be allocated to the district.

(2) Each city and other district whose boundaries overlap, shall develop a specific plan for allocating the grant funds in accordance with the formula specified in paragraph (1). If, by September 15, 1994, the plan has not been agreed to by the affected jurisdictions and submitted to the Department of Parks and Recreation, the department shall determine the allocation of the grant funds among the affected jurisdictions.

(3) For purposes of this subdivision, the City and County of San Francisco is a city.

23011. The state grant money authorized in subparagraph (A) of paragraph (6) of subdivision (a) of Section 23007 may be expended by the recipient for any of the following purposes, or any combination thereof:

(a) The development, rehabilitation, improvement, or restoration of all of the following:

(1) Deteriorated roads, utilities, and other structures and facilities within existing parks and recreational areas.

(2) Neighborhood, community, and regional parks.

(3) Beaches and public accessways to beaches.

(4) Historical or archaeological resource preservation projects.

(5) Recreational areas and facilities.

(6) Hiking, bicycling, jogging, and equestrian trails.

(7) Museums.

(8) Campgrounds.

(9) Lakes, reservoirs, waterways, and aquatic parks.

(10) Provision of facilities for persons with handicaps at park, recreational and other similar facilities.

(11) Senior and day care park and recreational centers.

(12) Park and recreational facilities which prevent and reduce gang and criminal activity, and to make parks and other recreational facilities safer, and to prevent drug-related activity at park and recreation facilities.

(13) Facilities for youth recreational services.

(b) The acquisition of development rights and easements in connection with any acquisition made for any purpose specified in paragraphs (2) to (6), inclusive, of subdivision (a), as long as the right or easement directly enhances the enjoyment or usefulness of the acquisition.

(c) The acquisition of land for park, wildlife habitat, open space, beach, recreational, or historical or archaeological preservation purposes.

23012. Funds authorized for local assistance grants, for the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Act (Chapter 3.2 (commencing with Section 5620) of Division 5), pursuant to subparagraph (B) of paragraph (6) of subdivision (a) of Section 23007 may be expended, notwithstanding Section 5627, only for the acquisition, development, rehabilitation, or restoration of parks, wildlife habitat, beaches, open space lands, recreational trails, or recreational facilities and areas, and for the development rights or easements in connection with those acquisitions.

23013. (a) (1) Funds for historical and archaeological preservation projects authorized in subparagraphs (C) and (E) of paragraph (6) of subdivision (a) of Section 23007 shall be administered by the State Office of Historic Preservation and shall be available as grants on a competitive basis to cities, counties, cities and counties, districts, local agencies, and nonprofit organizations for the acquisition, protection, stabilization, preservation, rehabilitation, restoration, or reconstruction of historical resources and the acquisition, protection, stabilization, or preservation of archaeological resources. An individual jurisdiction may enter into an agreement with a nonprofit organization for the purpose of carrying out a grant, subject to the requirements of subdivision (a) of Section 23037.

(2) An amount not to exceed 2 percent of the allocation made by subparagraphs (C) and (E) of paragraph (6) of subdivision (a) of Section 23007 may be used for actual costs incurred in connection with the administration of the grants. Not more than 25 percent of any grant made pursuant to subparagraph (C) of paragraph (6) of subdivision (a) of Section 23007 may be expended for purposes of study, research, planning, construction and engineering documents, and administration. Not more than 25 percent of any grant made pursuant to subparagraph (E) of paragraph (6) of subdivision (a) of Section 23007 may be expended for archaeological survey and reports, special salvage excavation, and artifact preservation activities in conformance with accepted curation standards. The maximum amount of any grant authorized pursuant to subparagraphs (C) and (E) of paragraph (6) of subdivision (a) of Section 23007 shall not exceed one million dollars (\$1,000,000).

(3) The State Historical Resources Commission shall, based upon public hearings and active public participation, revise existing criteria and procedures for the selection of projects to be funded through the grants authorized by subparagraphs (C) and (E) of paragraph (6) of subdivision (a) of Section 23007. Priority shall be given to grants designed for the preservation of highly significant resources which are threatened with damage, deterioration, or destruction.

(4) To be eligible for funding, each project shall meet these criteria and procedures, and the preservation standards established by the State Office of Historic Preservation.

(b) For the purposes of subdivisions (a) and (f) of Section 23002, subparagraphs (C) and (E) of paragraph (6) of subdivision (a) of Section 23007, and subdivision (a) of this section, the terms "acquisition", "protection", "stabilization", "preservation", "rehabilitation", "restoration", and "reconstruction" shall be defined as in the Secretary of Interior's Standards and Guidelines for Historic Preservation Projects.

(c) Prior to recommending or approving expenditures pursuant to Section 23007 that involve the treatment of historic or archaeological resources, the state agency responsible for recommending or approving the expenditures shall determine that such treatments meet the Secretary of Interior's standards and other such historic preservation standards required by law. To the extent that the services of the State Office of Historic Preservation are utilized to conduct such reviews, the requesting state agency shall reimburse the office for the services requested and subsequently provided.

23014. The funds authorized in subparagraph (D) of paragraph (6) of subdivision (a) of Section 23007 shall be available as grants on a competitive basis to cities, counties, cities and counties, districts, local agencies, and nonprofit

organizations for the development, improvement, or rehabilitation of hiking, bicycling, wheelchair and handicapped accessible, jogging, and equestrian trails recognized in a local general plan, regional plan, master plan, or state plan. Priority shall be given to grants for regional trails which link lands owned by two or more public agencies, and which are jointly applied for by those agencies. Not less than four million dollars (\$4,000,000) shall be allocated for the development of regional recreational trail systems, located in metropolitan areas, that are designed to serve persons throughout the entire metropolitan area and that connect parks and open space and natural, educational, historical, and cultural resources.

23015. (a) The funds specified in subparagraph (H) of paragraph (6) of subdivision (a) of Section 23007 shall be available as grants on a competitive basis to local agencies for urban river parkway projects.

(b) In establishing the priority of projects submitted to the Department of Parks and Recreation for funding pursuant to subdivision (a), the department shall give preference to projects with the following characteristics:

(1) The project is a regional facility which will serve a metropolitan population.

(2) The project will provide recreational opportunities to low- and moderate-income neighborhoods that are underserved with parks, recreational areas, and natural areas.

(3) The project will preserve and restore wildlife habitat associated with a river or stream.

(4) The project will provide wildlife corridors.

(5) The project will provide linkages between existing recreation units or promote the expanded use of existing recreational units.

(6) The project is included in or referenced in the local agency's general plan; or a specific plan for the river parkway has been adopted by the local agency.

23016. (a) After one or more public hearings, the Department of Parks and Recreation shall adopt criteria and procedures to clarify or amplify the statutory criteria for evaluating applications for competitive grants specified in subparagraph (H) of paragraph (6) of subdivision (a) of Section 23007.

(b) The Department of Parks and Recreation may, as needed, and in accordance with the procedures specified in subdivision (a), revise existing criteria and procedures for evaluating applications for competitive grants specified in subparagraph (H) of paragraph (6) of subdivision (a) of Section 23007. All new, revised, and existing criteria shall be broadly disseminated.

(c) Individual applications for grants pursuant to subparagraphs (A), (B), (C), (D), (E), (F), (G), and (H) of paragraph (6) of subdivision (a) of Section 23007 shall be submitted to the Department of Parks and Recreation for approval as to conformity with the requirements of this chapter. Except for an application for a grant under subparagraphs (C), (E), (F) and (G) of paragraph (6) of subdivision (a) of Section 23007, the application shall be accompanied by certification from the planning agency of the applicant that the project for which the grant is applied is consistent with the park and recreation element of the applicable city's or county's or city and county's general plan or the district's or local agency's park and recreation plan and will satisfy a high priority need. In order to utilize available grant funds as effectively as possible, overlapping or adjoining jurisdictions are encouraged to combine projects and submit a joint application.

(d) *With the exception of grants provided under subparagraphs (A), (B) and (D) of paragraph (6) of subdivision (a) of Section 23007, the minimum amount that may be applied for any individual project is twenty thousand dollars (\$20,000).*

(e) *Any amount granted on a competitive basis pursuant to this chapter shall be in addition to, and not in lieu of, any other grant to which the applicant jurisdiction may be entitled to pursuant to this chapter or other funds that may also be used for the purpose for which the grant is applied.*

23017. (a) *No state grant funds authorized under Section 23007 may be disbursed unless the applicant agrees on behalf of itself and any successor, to each of the following:*

(1) *To maintain and operate the property acquired, developed, rehabilitated, or restored with the funds for a period commensurate with the type of project and the proportion of state grant money and local funds allocated to the capital costs of the project. With the approval of the granting agency, the applicant or its successors in interest in the property may transfer the responsibility to maintain and operate the property in accordance with this section.*

(2) *To use the property only for the purpose of this division and to not make and to not permit any other use, sale, or other disposition of the property, except as authorized by specific act of the Legislature.*

(b) *All applicants for a grant pursuant to Section 23007 shall submit an application to the administering agency for grant approval. Each application shall include, in writing, the agreements specified in subdivision (a).*

(c) *The agreements specified in subdivision (a) shall not prevent the transfer of property acquired, developed, rehabilitated, or restored with funds authorized pursuant to Section 23007 from the applicant to a public agency, provided the successor public agency assumes the obligation imposed by those agreements.*

(d) *If the use of the property acquired through grants pursuant to this division is changed to one other than permitted under the paragraph or subparagraph of Section 23007 from which the funds were appropriated, or the property is sold or otherwise disposed of, an amount equal to the greater of the (1) amount of the grant, (2) fair market value of the real property, or portion thereof acquired with the grant, or (3) the proceeds from the sale of the property, or portion thereof, acquired with the grant, shall be used by the grant recipient, subject to subdivision (a), for a purpose authorized in that paragraph or subparagraph or shall be reimbursed to the fund and be available for appropriation only for a use authorized in that paragraph or subparagraph.*

(e) *If a property, or portion thereof, was developed, enhanced, rehabilitated, or restored with funds granted pursuant to Section 23007, and the use of the property is changed to one other than permitted under the paragraph or subparagraph of Section 23007 from which the funds were appropriated, or the property is sold or otherwise disposed of, an amount equal to the greater of the (1) amount of the grant, or (2) the fair market value of those improvements, shall be used by the grant recipient, subject to subdivision (a), for a purpose authorized in that paragraph or subparagraph or shall be reimbursed to the fund and available for appropriation only for a use authorized in that paragraph or subparagraph.*

(f) *Funds appropriated for local assistance grants pursuant to Section 23007 shall be encumbered by the recipient within three years of the date that the appropriation became effective. Section 23042 shall govern the distribution of the funds.*

23018. All grant funds provided in subdivision (a) of Section 23007 shall be on a reimbursement basis with the local agency receiving reimbursement up to the approved grant amount upon completion of the project. The Department of Parks and Recreation may provide for reimbursement on an incremental basis.

23019. Funds allocated pursuant to paragraphs (2) and (3) of subdivision (a) of Section 23007 shall be appropriated primarily for projects that accomplish one or more of the following:

(a) Serve metropolitan population centers and accommodate day-use and weekend-overnight visits.

(b) Provide for the development of existing units with the minimum facilities necessary for accessibility, use, and interpretation.

(c) Rehabilitate facilities at existing units that will provide for more efficient management and reduced operational costs.

(d) Minimize dependence on motor vehicles and reduce other forms of energy and water consumption through appropriately designed facilities.

(e) Complete ongoing projects, including those begun under the California Wildlife, Coastal, and Park Land Conservation Act (Division 5.8 (commencing with Section 5900)) approved by the California voters at the June 7, 1988, direct primary election.

(f) Preserve examples of historical and cultural resources, natural resources, and natural landscapes that are underrepresented in the state park system.

(g) Preserve natural and cultural resources of statewide significance.

23020. (a) Any person may nominate a project to be funded pursuant to paragraphs (2) and (3) of subdivision (a) of Section 23007 for study by the Department of Parks and Recreation. The State Park and Recreation Commission shall nominate projects after holding at least one public hearing to seek project proposals from individuals, citizen groups, the Department of Parks and Recreation, and other public agencies.

(b) The Department of Parks and Recreation shall study any nominated project. In addition to the procedures required by Section 5006, the department shall submit annually to the Legislature and to the Secretary of the Resources Agency a report consisting of a prioritized listing and comparative evaluation of all projects nominated for study, in accordance with the following schedule:

(1) January 31, 1995, for projects nominated prior to October 1, 1994.

(2) June 1, 1995, and each June 1 thereafter, for projects nominated between October 1, 1994 and January 31, 1995, and before each January 31 thereafter.

(c) Nominated projects shall be forwarded by the Secretary of the Resources Agency to the Director of Finance for inclusion in the Budget Bill.

23020.5. Not less than one-third of the funds allocated in each of subparagraphs (A) and (B) of paragraph (3) of subdivision (a) of Section 23007 shall be spent for minor and major capital outlay projects, and for Category II projects costing over fifty thousand dollars (\$50,000) each, including projects for the repair, restoration, rehabilitation, and replacement of worn, damaged, obsolete, and undersized facilities, structures, and utilities within the state park system.

23021. In the allocation of funds pursuant to paragraph (2) of subdivision (a) of Section 23007, added consideration shall be given to projects in areas previously underserved by the state park system.

23022. Funds allocated pursuant to subparagraph (B) of paragraph (3) of subdivision (a) of Section 23007 shall be available for inland resources and lakes, reservoirs, and waterways within the state park system, including State Water

Facilities, as defined in paragraphs (1) to (4), inclusive, of subdivision (d) of Section 12934 of the Water Code, within the state park system.

23023. (a) *Funds allocated pursuant to subparagraph (C) of paragraph (3) of subdivision (a) of Section 23007 shall be available for interpretive facilities that support volunteer programs for the state park system.*

(b) *Projects for the state park system funded pursuant to subparagraph (H) of paragraph (3) of subdivision (a) of Section 23007 shall meet the preservation standards established by the State Office of Historic Preservation.*

23024. *In making expenditures in the various specific allocation categories of paragraph (3) of subdivision (a) of Section 23007, at least five million dollars (\$5,000,000) shall be spent for the development or rehabilitation of campgrounds in the state park system, including camper-serving facilities, common areas, and protection and restoration of natural features within campgrounds.*

23025. *Funds allocated pursuant to subparagraph (E) of paragraph (3) of subdivision (a) of Section 23007 shall be available for the development or rehabilitation of trails within the state park system or connecting units of the state park system.*

23026. (a) *Work efforts for natural heritage stewardship purposes pursuant to subparagraph (F) of paragraph (3) of subdivision (a) of Section 23007 may include, but are not limited to, objectives such as the control of major erosion and geologic hazards, the restoration of critical plant and animal habitat, the control and elimination of exotic species encroachment, the stabilization of coastal dunes and bluffs, and the planning necessary to implement those objectives. These efforts shall not include activities which merely supplement normal state park system operations or which are usually funded from other sources.*

(b) *Projects for cultural heritage stewardship purposes funded pursuant to subparagraph (D) of paragraph (3) of subdivision (a) of Section 23007 may include, but are not limited to, stabilization and protection of historical and archaeological resources in the state park system. These projects do not include the rehabilitation, restoration, reconstruction, interpretation, or mitigation typically required as part of the facility development program. These projects shall not include activities which merely supplement normal state park operations or which are usually funded from other sources.*

23027. *Funds allocated pursuant to subdivision (j) of Section 23007 shall be available for grants to local public agencies and nonprofit organizations by the Department of Water Resources for the acquisition or restoration of natural lands that contain urban streams, creeks, and riparian areas; for related state administrative costs as specified in that subdivision, and for use by the Department of Water Resources to provide planning and design assistance at the request of local agencies and nonprofit organizations, in an amount not to exceed 15 percent of the amount available for grants in any fiscal year, in accordance with Section 7048 of the Water Code.*

23028. *Any conservation easements acquired pursuant to this division shall be acquired in perpetuity and shall comply with applicable provisions of state law.*

23029. *If the Director of Parks and Recreation finds that the use would be compatible with the ultimate use of the real property as a unit, or part of a unit, of the state park system and with the sound management and conservation of resources within the unit, the director may make agreements with respect to any real property acquired pursuant to paragraph (2) or (5) of subdivision (a) of Section 23007 for the continued tenancy of the seller of the property for a period of time and under conditions that may be mutually agreed upon by the state and*

the seller so long as the seller promises to pay the taxes on his or her interest in the property that become due, owing, or unpaid on the interest created by the agreement, and so long as the seller conducts any operations on the land according to specifications issued by the appropriate director or officer to protect the property for the public use for which it was acquired. A copy of the agreement shall be filed with the county clerk in the county in which the property is located. The arrangement shall be compatible with the operation of the area by the state, as determined by the appropriate director or officer.

23030. *All grants, gifts, devises, or bequests to the state, conditional or unconditional, for park, conservation, recreation, or other purposes for which real property may be acquired or developed pursuant to this chapter, may be accepted and received on behalf of the state by the appropriate departmental director with the approval of the Director of Finance. The grants, gifts, devises, or bequests shall be available, when appropriated by the Legislature, for expenditure for the purposes specified in Section 23007.*

23031. *Real property acquired for the state park system shall consist predominantly of open or natural lands, including lands under water capable of being utilized for recreational purposes, and lands necessary for the preservation of coastal, archaeological, or historical resources. Notwithstanding Section 23022, no funds derived from the bonds authorized by this division shall be expended for the construction of any reservoir designated as a part of the "State Water Facilities," as defined in subdivision (d) of Section 12934 of the Water Code.*

23032. *Prior to approving the acquisition of lands that are located on or near tidelands, submerged lands, swamp or overflowed lands, whether or not those lands have been granted in trust to a local public agency, the state agency responsible for approving the acquisition shall submit to the State Lands Commission any proposal for the acquisition of those lands pursuant to this division. The State Lands Commission shall, within 60 days of submittal, review the proposed acquisition, make a determination as to the state's existing or potential interest in the lands, and report its findings to the public agency proposing to acquire the land, to the Department of Parks and Recreation, and to the Department of General Services.*

23033. (a) *Any lands acquired within Sections 2, 10, 11, 12, 13, 14, 15, 22, 23, and 26, and within the southeast quarter of Section 3, of Township 5 South, Range 4 East, San Bernardino Base and Meridian, with funds made available pursuant to this division shall be subject to this section.*

(b) *Any lands shall, upon acquisition, be offered to the United States to be conveyed in trust for the Agua Caliente Band of Cahuilla Indians as part of the Agua Caliente Indian Reservation on the following conditions:*

(1) *The lands shall be administered by the Agua Caliente Band of Cahuilla Indians as additions to the existing tribal reserves established by Section 3(c) of the act of September 21, 1959 (73 Stats. 603, P.L. 86-339).*

(2) *The lands shall be open to the public, subject to reasonable restrictions such as those currently in effect for existing tribal reserve lands.*

(3) *The lands shall be used for protection of wildlife habitat and other natural resources, preservation of open space, provision of recreation, preservation of native palms and other plants and animals native to the area, and the preservation in place or the respectful public display, at the option of the Agua Caliente Band of Cahuilla Indians, of the archaeological and cultural resources of the area.*

(c) *No existing tribal reserve lands shall be acquired pursuant to this division.*

(d) No land within the boundaries of the Agua Caliente Indian Reservation shall be acquired unless approved by the Agua Caliente Band of Cahuilla Indians.

(e) This section is not intended to restrict the acquisition of suitable lands outside the exterior boundaries of the Agua Caliente Indian Reservation for transfer to the Indian Canyons Heritage Park or for management in conjunction with the management of that park.

23034. *The Wildlife Conservation Board shall give high priority to acquiring lands containing Valley Oaks, old growth Ponderosa Pines, and oak communities in the Sierra Nevada foothills while carrying out the requirements of subdivision (b) of Section 23007 if such acquisitions are compatible with the other requirements of that subdivision.*

23035. *An application for a grant pursuant to subdivision (a) of Section 23007 shall be submitted to the Director of Parks and Recreation for review and approval; an application for a grant pursuant to subdivision (b) of Section 23007 shall be submitted to the Executive Director of the Wildlife Conservation Board for review and approval; an application for a grant pursuant to subdivision (c) of Section 23007 shall be submitted to the Executive Officer of the State Coastal Conservancy for review and approval; an application for a grant pursuant to subdivision (d) of Section 23007 shall be submitted to the Executive Director of the Santa Monica Mountains Conservancy for review and approval; an application for a grant pursuant to subdivision (e) of Section 23007 shall be submitted to the Executive Officer of the California Tahoe Conservancy for review and approval; an application for a grant pursuant to subdivision (f) of Section 23007 shall be submitted to the Director of Conservation for review and approval; an application for a grant pursuant to subdivision (g) of Section 23007 shall be submitted to the Director of Forestry and Fire Protection for review and approval; an application for a grant pursuant to subdivision (i) of Section 23007 shall be submitted to the Director of Boating and Waterways for review and approval; and an application for a grant pursuant to subdivision (j) of Section 23007 shall be submitted to the Director of Water Resources for review and approval.*

23036. *(a) Of the funds received by the City of Los Angeles pursuant to subparagraphs (A) and (B) of paragraph (6) of subdivision (a) of Section 23007, not less than two million dollars (\$2,000,000) shall be spent to acquire land to expand Elysian Park. If these funds cannot be spent by July 1, 2000, they may be used for other purposes specified in subparagraphs (A) and (B) of paragraph (6) of subdivision (a) of Section 23007.*

(b) In addition to any other authorized purposes, the City of Long Beach may use any funds it receives pursuant to subparagraphs (A) and (B) of paragraph (6) of subdivision (a) of Section 23007 for capital outlay projects under clauses (ii) and (iii) of subparagraph (T) of paragraph (7) of subdivision (a) of Section 23007.

23037. *(a) Funds granted pursuant to Section 23007 may be expended for development, rehabilitation and restoration only on lands owned by, or subject to a lease or other interest held by, the applicant local agency, city, county, city and county, district, nonprofit organization, or applicable state agency. If those lands are not owned by the applicant or the state agency, the applicant or the agency shall first demonstrate to the satisfaction of the administering agency that the project will provide public benefits commensurate with the type and duration of interest in land held by the applicant or agency.*

(b) No funds shall be allocated to the purchase or improvement of property which otherwise would have to be purchased, improved, donated, or dedicated due to the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000)), other mitigation requirements, or other natural resource protection laws or regulations.

23038. Every expenditure pursuant to this division shall comply with the California Environmental Quality Act (Division 13 (commencing with Section 21000)).

23039. No state funds authorized under Section 23007 may be disbursed unless the applicant agrees to the conditions in Section 5919 as applicable to this chapter, and to the extent that Section 5919 is compatible with Section 23017. To the extent that Sections 5919 and 23017 are incompatible, the provisions of Section 23017 shall prevail.

23040. The provisions of subdivision (a) of Section 5920 apply to property acquired pursuant to this division.

23041. (a) With respect to Section 23007, all appropriations for the purposes of paragraphs (1) and (2) of subdivision (a), subparagraphs (A) to (F), inclusive, and subparagraph (H) of paragraph (3) of subdivision (a), paragraphs (4) and (6) of subdivision (a), paragraphs (1), (2), (3), and (4) of subdivision (b), paragraph (1) of subdivision (c), subdivisions (e), (g), and (i), and paragraph (1) of subdivision (j) shall be included in a section of the Budget Bill for the 1994-95 fiscal year and each succeeding fiscal year for consideration by the Legislature and shall bear the caption "California Safe Neighborhood Parks, Gang Prevention, Tree Planting, Wildlife, Coastal, Senior Center, Park, Wetlands, Rivers, Forest and Agricultural Land Conservation Act of 1994 Program." The section shall contain separate items for each project, each class of project, or each element of the program for which an appropriation is made.

(b) All appropriations specified in subdivision (a) of this section are subject to all limitations enacted in the Budget Act and to all fiscal procedures prescribed by law with respect to the expenditure of state funds unless expressly exempted from those laws by a statute enacted by the Legislature. The Budget Act shall contain proposed appropriations only for the program elements and classes of projects contemplated by this division, and no funds derived from the bonds authorized by law for the purposes of this division may be expended pursuant to an appropriation not contained in those sections of the Budget Act.

(c) Notwithstanding Section 13340 of the Government Code and subdivisions (a) and (b) of this section, ten million dollars (\$10,000,000) of the funds described in subparagraph (A) of paragraph (3) of subdivision (a) of Section 23007, and ten million dollars (\$10,000,000) of the funds described in subparagraph (B) of paragraph (3) of subdivision (a) of Section 23007 are hereby appropriated, without regard to fiscal year, directly to the Department of Parks and Recreation for the purposes specified in those subparagraphs. Not more than 2 percent of these funds may be used for pre-planning purposes.

(d) Notwithstanding Section 13340 of the Government Code and subdivisions (a) and (b) of this section, five million dollars (\$5,000,000) of the funds described in paragraph (1) of subdivision (c) of Section 23007 are hereby appropriated, without regard to fiscal year, directly to the State Coastal Conservancy for the purposes specified in that paragraph.

(e) Notwithstanding Section 13340 of the Government Code, all funds not described in subdivision (a) of this section are hereby appropriated, without

regard to fiscal year, directly to the state agency which is to administer them. These funds are not subject to appropriations by the Legislature except as provided in Section 23042.

23042. (a) (1) With respect to Section 23007, if any money allocated pursuant to paragraphs (5) and (7) of subdivision (a) of Section 23007, paragraphs (5) to (75), inclusive, of subdivision (b) of Section 23007, or paragraphs (2) to (82), inclusive, of subdivision (c) of Section 23007 is not expended prior to July 1, 2004, the agency to which the funds were originally allocated shall submit to the Legislature a plan for expenditure of the funds in accordance with the purposes of this division within a county or counties in which the funds were originally authorized to be expended, and the Legislature may approve the plan pursuant to appropriation through the Budget Act. If the reallocated funds are not expended within five years after the effective date of that statute, the Legislature may, through the Budget Act, reallocate the funds for expenditure in the area of the state with the greatest need consistent with the purposes of this division.

(2) If the agency fails to submit a plan as provided in paragraph (1) of this subdivision, the Legislature may, through the Budget Act, reallocate the funds for expenditure in the area of the state with the greatest need consistent with the purposes of this division.

(3) If a plan submitted by an agency under paragraph (1) of this subdivision is not enacted by March 1, 2006, the Legislature may, through the Budget Act, reallocate the funds for expenditure in the area of the state with the greatest need consistent with the purposes of this division.

(b) In the event that any local agency named in this division is dissolved prior to receiving funds to which it was entitled pursuant to this division, those funds shall be transferred to the public agency designated to assume the duties of the dissolved local agency and shall be expended by that public agency for the same purpose or project in accordance with this division.

(c) In the event that any nonprofit organization, which is named in this division or receives funds pursuant to this division, is anticipating dissolution, it may, with the approval of the state or local agency which provided the funds through grant or contract, transfer its entitlement to the funds or the funds in its possession to another qualified nonprofit organization that agrees to expend the funds for the same purpose or project in accordance with this division. In the event that the nonprofit organization dissolves without arranging for the transfer of the funds, upon dissolution the funds shall be retained by, or shall revert to, the state or local agency authorized by this division to grant the funds to the nonprofit organization, and that state or local agency shall expend the funds for the same purpose or project in accordance with this division.

23043. The qualification for, or allocation of, a grant or grants to a local agency or nonprofit organization under one subdivision, paragraph, or subparagraph of Section 23007 shall not preclude eligibility for an additional allocation of grant funds to the same local agency or nonprofit organization pursuant to another subdivision, paragraph, or subparagraph of Section 23007.

23044. In implementing this division, the state or local agency that manages lands acquired with funds appropriated by this division shall prepare, with appropriate public participation, a management plan for lands that have been acquired, which plan shall reasonably reduce conflicts with neighboring land uses and landowners, including agriculturalists.

23045. (a) If any state agency designated in Section 23007 ceases to exist, or is otherwise unable to expend the funds appropriated by Section 23007 to that

agency, the Wildlife Conservation Board or its successor agency shall expend the same funds for the same purposes as designated in Section 23007.

(b) (1) Any state or local agency that expends any funds appropriated by this division shall in the expenditure of those funds, to the maximum extent feasible, utilize the services of the California Conservation Corps and local community conservation corps as defined in Section 14507.5, or as certified to be eligible according to subdivision (d) of this section.

(2) Notwithstanding paragraph (1) of this subdivision, in the expenditure of funds allocated in this division in Humboldt, Mendocino, and Del Norte Counties for ecological and fishery restoration projects and other development purposes, first priority shall be given by any public agency receiving funds pursuant to this division to hiring and training workers from the fishing and timber industries who are unemployed or underemployed.

(c) Access for public recreation, education, and enjoyment shall be provided on, or if presently infeasible, included in the acquiring agency's long term plans for, natural lands acquired pursuant to this division, to the extent that those activities can occur on those lands without detriment to native plants, wildlife, and their habitats; cultural and archaeological features; or any other resource values for which the lands are acquired. Other improvements on those lands shall be restricted to the minimal facilities that are essential to the safety and comfort of the visiting public or that interpret the significance of the lands and their setting for the purpose for which the lands were acquired.

(d) The California Conservation Corps shall establish criteria regarding the eligibility of community conservation corps to receive funds pursuant to this division which do not meet the criteria of Section 14507.5, but which serve largely the same purpose and are structured similarly as those corps which do meet the criteria of Section 14507.5. Those corps certified by the California Conservation Corps pursuant to this subdivision shall be eligible to receive funding pursuant to this division in each case that community conservation corps are so eligible.

23046. The California Safe Neighborhood Parks, Gang Prevention, Tree Planting, Wildlife, Coastal, Senior Center, Park, Wetlands, Rivers, Forest and Agricultural Land Conservation Fund of 1994 is hereby created.

23047. (a) In areas where habitats are or may become isolated or fragmented, preference shall be given by the agencies expending money pursuant to this division to projects which will serve as corridors linking otherwise separated habitat so that the integrity and genetic diversity of wildlife populations will be maintained.

(b) (1) Within the total amount of each grant to a local agency for purposes of land acquisition, and within the total amount allocated for each acquisition made by a state agency, funds for capital outlay purposes may be included in the grant or allocation for the acquisition to develop a management plan for the property, to allow the development of public access, and to maintain and restore the natural values for which the property is being acquired.

(2) The part of the grant or acquisition funds spent on development of a management plan, development of public access, and to maintain and restore natural values may not exceed 5 percent of the purchase price of the property being acquired, except in cases where the acquisition is being made specifically for restoration or development, if so authorized by this division. If restoration or development are specifically authorized purposes of the acquisition, the costs of restoration or development may exceed 5 percent of the costs of acquisition. It is the intent of this division that development of property acquired pursuant to this

division be solely for the purposes stated in this subdivision, except as otherwise authorized in this division, and not to provide for intensive recreational development, especially of a type which would degrade the habitat values of the natural lands being acquired or restored. The development generally contemplated to be permitted by this section includes parking which does not degrade habitat values, picnic facilities, trails, and other minimal recreational facilities, including those required to meet the access requirements of handicapped individuals.

(3) This section does not apply to funds expended pursuant to paragraph (6) of subdivision (a) of Section 23007, or paragraph (2) of subdivision (e) of Section 23007.

23048. In addition to any contracting authority a state or local public agency has, any state or local public agency receiving funds pursuant to this division may contract with a nonprofit organization or another state or local agency to assist, or cooperate with, the recipient public agency in carrying out the project funded pursuant to this division.

23049. In addition to the authority granted to the Wildlife Conservation Board in Chapter 4 (commencing with Section 1300) of Division 2 of the Fish and Game Code, in order to expend the funds authorized to be spent by the Wildlife Conservation Board pursuant to this division, the Wildlife Conservation Board may also make grants to local agencies and nonprofit organizations to carry out the purposes of this division.

23050. (a) Notwithstanding Section 11005 of the Government Code, any contract for the acquisition or hiring of real property in fee or in any lesser estate or interest, entered into under this division by or on behalf of the Wildlife Conservation Board, the Department of Fish and Game, the Department of Parks and Recreation, or the Coachella Valley Mountains Conservancy, shall not require approval by the Director of General Services if all of the following occur in connection with such contract:

(1) The consideration to be paid by the state is not more than the fair market value of the interest to be received by the state under such contract.

(2) An appraisal or other appropriate estimate of the fair market value of the interest to be received by the state under such contract has been, prior to commencement of negotiations, reviewed and approved by the Department of General Services.

(3) The acquisition or hiring of real property is carried out in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code.

(b) Notwithstanding Sections 33203 and 33211 of the Public Resources Code, and Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code, the Santa Monica Mountains Conservancy may select and acquire on behalf of the state, any interest in real or personal property or secured interests therein pursuant to this division or pursuant to Division 23 (commencing with Section 33000) of the Public Resources Code, and the provisions of Section 11005 of the Government Code shall not apply to such acquisitions. Pursuant to approval by the Santa Monica Mountains Conservancy in accordance with Division 23 (commencing with Section 33000) of the Public Resources Code, the Santa Monica Mountains Conservancy may also lease, rent, sell, exchange or otherwise transfer land or interest therein, and, notwithstanding Section 33203 of the Public Resources Code, the provisions of Section 11005.2 of the Government Code shall not apply to such transactions.

(c) Notwithstanding Section 31107 of the Public Resources Code, the State Coastal Conservancy may select and acquire on behalf of the state, real property or any interests therein pursuant to this division or pursuant to Division 21 (commencing with Section 31000) of the Public Resources Code, and the provisions of Sections 11005 and 15853 of the Government Code shall not apply to such acquisitions. Pursuant to approval by the State Coastal Conservancy in accordance with Division 21 (commencing with Section 31000) of the Public Resources Code, the State Coastal Conservancy may also lease, rent, sell, exchange, or otherwise transfer land or interest therein, and, notwithstanding Section 31107 of the Public Resources Code, the provisions of Section 11005.2 of the Government Code shall not apply to such transactions.

(d) The California Tahoe Conservancy may select and acquire on behalf of the state, real property or any interests therein pursuant to this division or pursuant to Title 7.42 (commencing with Section 66905) of the Government Code, and the provisions of Section 11005 of the Government Code shall not apply to such acquisitions, if the provisions of paragraphs (1) or (2) of this subdivision are satisfied.

(1) (A) The consideration to be paid by the state is not more than the fair market value of the interest to be received by the state under such contract;

(B) An appraisal or other appropriate estimate of the fair market value of the interest to be received by the state under such contract has been, prior to completion of negotiations, reviewed and approved by the Department of General Services; and

(C) The acquisition or hiring of real property is carried out in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code; or,

(2) The transaction is part of an overall settlement of litigation entered into by the California Tahoe Conservancy with or upon the advice of the Office of the Attorney General.

(e) Notwithstanding the geographic limitations in Division 21 (commencing with Section 31000), the State Coastal Conservancy may undertake projects or award grants for protection of agricultural lands or agricultural production, pursuant to Division 21 (commencing with Section 31000), in an area that lies partly or wholly outside the coastal zone but within a coastal county at the request of the local public agency or agencies having jurisdiction over the project area.

23051. No appropriation to any agency or for any project or purpose shall be interpreted to limit the amount of money any state or local agency may spend for that project or purpose.

23052. Any expenditure by a state agency, or grant to a local agency, for the purpose of revegetation, reforestation, or urban tree planting may include within the allocated amount sufficient funds to maintain the vegetation for up to the first three years after planting.

23054. (a) The Department of Parks and Recreation shall establish criteria for the competitive grants programs for capital outlay park and recreation projects made pursuant to subparagraph (G) of paragraph (6) of subdivision (a) of Section 23007, and subparagraphs (N) and (O) of paragraph (7) of subdivision (a) of Section 23007. Priority for these grants shall be given to all of the following:

(1) *Projects that are most likely to succeed in preventing or alleviating gang involvement, juvenile delinquency, criminal activity, substance abuse, adolescent pregnancy, or school drop-out or failure.*

(2) *Projects in low-income neighborhoods that are currently underserved by park and recreation facilities.*

(3) *Projects that are combined with other recreation and service facilities.*

(4) *Projects proposed by public agencies and nonprofit organizations who have a demonstrated history and measurable success in gang intervention and prevention, or an ability to work with at-risk youth, or both.*

(5) *Joint applications by a public agency and a nonprofit organization whose primary focus is working with at-risk youth and gang members.*

(6) *Applications which include a nonprofit organization which agrees to and can demonstrate the ability to operate and maintain the facility to be constructed or developed on a long-term basis.*

(7) *Applications which include community conservation corps.*

(b) *The Department of Parks and Recreation shall hold one public hearing in northern California and one hearing in southern California before preparing criteria pursuant to subdivision (a).*

(c) *All applications for these funds shall include a detailed plan which identifies and addresses the specific and different recreational needs of both boys and girls, and which provides specific facilities to meet these needs.*

23055. *Within competitive grant programs made within urban areas by the Department of Parks and Recreation pursuant to paragraph (6) of subdivision (a) of Section 23007, priority shall be given to those proposals which provide for the employment of youth, both boys and girls, and particularly at-risk youth, from the area in which the proposed project is located, or which include, or are to be administered by, a nonprofit organization with a demonstrated history of youth employment, gang prevention and intervention, and training programs for at-risk youth, including local community conservation corps.*

23056. *No provision of this division shall be construed as authorizing the condemnation of state lands.*

23057. *Landscaping, tree-planting, or any other planting projects funded pursuant to this division shall use highly efficient irrigation systems and shall use California native drought-resistant or xerophytic trees, plants, lawn, or sod, except when use of such California native plants is infeasible or undesirable. In such cases, nonnative drought-resistant or xerophytic plants may be used. If the use of such plants is infeasible or undesirable, other plants may be used. When projects involve the rehabilitation of existing irrigation systems or the creation of new long-term irrigation systems, reclaimed water should be used whenever possible and priority shall be given to the development of reclaimed water irrigation systems. The Department of Water Resources shall develop criteria to be used in determining whether irrigation systems are highly efficient.*

23058. (a) *Of the funds transferred to the Habitat Conservation Fund pursuant to Section 2795 of the Fish and Game Code during the 1994-95 through 1998-99 fiscal years, a total of not less than five million dollars (\$5,000,000) shall be appropriated for the capital outlay projects for the protection, restoration and enhancement of wild trout, including acquisition of riparian lands and water rights along designated wild trout waters, resident trout waters, and bodies of water containing endangered, threatened, or candidate species of native resident trout.*

(b) Of the funds transferred to the Habitat Conservation Fund pursuant to Section 2795 of the Fish and Game Code during the 1994-95 through 1996-97 fiscal years, a total of not less than five million dollars (\$5,000,000) shall be appropriated for the acquisition, restoration, and enhancement of critical habitat and open space lands by the State Coastal Conservancy at and near Upper Newport Bay, and for capital outlay projects for the interpretation of those lands, if in the judgement of the conservancy a viable wildlife and open space preservation project can be accomplished at the bay.

23059. Consistent with other provisions of this division, in the expenditure of funds spent by a state agency, or granted by a state agency to a local agency or nonprofit organization for the purpose of wildlife conservation, highest priority shall be given to projects which comply with the criteria of the Habitat Conservation Program pursuant to Article 2 (commencing with Section 2720) of Chapter 7.5 of Division 3 of the Fish and Game Code, excepting Sections 2720 and 2722 of, subdivision (a) of Section 2723 of, and Sections 2724 and 2729 of, the Fish and Game Code. This section shall not be construed to interfere with or replace any specific authorization or condition of expenditure pursuant to any other section of this division.

23060. Funds authorized pursuant to subparagraph (F) of paragraph (6) of subdivision (a) of Section 23007 shall be granted in a competitive program established by the Department of Parks and Recreation. No grant shall exceed five hundred thousand dollars (\$500,000). A community conservation corps is eligible to receive more than one grant. Grants shall be for capital outlay projects implemented by community conservation corps for the purpose of environmental conservation, including, but not limited to, fish and wildlife habitat restoration and enhancement; improvement of park and recreation facilities; trail construction and restoration; restoration of urban streams, reforestation, and wetlands restoration. Grants shall not be made for projects whose primary purpose is flood control. A community conservation corps may apply for a grant jointly with the California Conservation Corps.

23061. Revenue received by the Wildlife Conservation Board or the Department of Fish and Game from the lease of lands purchased or owned by the board or the department shall be available only for use by the board or the department for an existing board or department program which is comparable to the program originally used to purchase or acquire the lands. Notwithstanding Section 13340 of the Government Code, these funds are appropriated, as appropriate, directly to the board or the department, and may be expended by the board or the department without appropriation by the Legislature. The Legislature may not appropriate these funds for any other purpose.

23062. Any agency eligible to receive funds pursuant to subparagraph (A) or (B) of paragraph (6) of subdivision (a) of Section 23007 shall have at least one public hearing regarding the agency's proposed expenditure of funds to be received from those programs. Public notice of the hearing or hearings shall be pursuant to the public notice requirements of the regular meetings of the agency. An accurate summary of the public testimony received at the public hearing shall be transmitted to the Department of Parks and Recreation along with the application for funds.

23063. Any funds to be expended by the Wildlife Conservation Board pursuant to subdivision (b) of Section 23007 may be expended at the discretion of the board pursuant to the Inland Wetlands Conservation Program created through Section 1410 of the Fish and Game Code, or pursuant to the Riparian

Habitat Conservation Program created through Section 1387 of the Fish and Game Code if consistent with, and for the purposes stated in, the respective subparagraph or paragraph in which the item is included. This section shall not be construed to interfere with, or replace, any specific authorization of expenditure pursuant to any other section of this division.

23064. *The Wildlife Conservation Board and the State Coastal Conservancy shall jointly appoint a citizen advisory committee of persons interested in coastal and other land and water conservation programs to advise the board, the conservancy, and the Department of Water Resources on the expenditure of funds pursuant to subdivisions (b), (c), and (j) of Section 23007 in Santa Barbara County. All expenditures by the board, the conservancy, and the Department of Water Resources in Santa Barbara County shall be done in consultation with the committee and Santa Barbara County.*

23065. *The Department of Conservation is authorized to make grants to public agencies and nonprofit organizations for the purpose of agricultural land preservation in carrying out the program authorized in subdivision (f) of Section 23007. The department may adopt regulations or guidelines to carry out this section.*

23066. *It is the intent of the people in approving this division to ensure that park, recreation, open space, and wildlife protection programs be implemented as efficiently and effectively as possible, and that any waste and inefficiency be eliminated. For this reason, it is the intent of the people to reduce unnecessary and duplicative bureaucratic requirements that could potentially waste funds approved pursuant to this division.*

23067. *Section 5358 of the Elections Code does not apply to this division.*

23068. *Funds allocated to the Los Angeles County Regional Park and Open Space District pursuant to subparagraphs (A) and (B) of paragraph (6) of subdivision (a) of Section 23007 shall be expended by the district on the acquisition and restoration of lands along the Los Angeles River or in significant ecological areas within Los Angeles County. These funds may also be spent to develop public access to these areas.*

23069. *No funds shall be deducted for administrative or other purposes by a state agency from any of the specific or competitive grants to local agencies or nonprofit organizations made pursuant to Section 23007.*

23070. *Notwithstanding the geographic limitations in Division 21 (commencing with Section 31000) or the program categories contained therein, the State Coastal Conservancy may undertake any project or award any grant for acquisition, enhancement, restoration, or development of lands funded pursuant to this division, in an area that lies partly or wholly outside the coastal zone, but within a coastal county. It may undertake such projects or award such grants provided it finds that the purpose of the project or grant is generally consistent with the policies and procedures contained in Division 21 (commencing with Section 31000). In the event that the State Coastal Conservancy finds that any project contained within this division is inconsistent with the policies and procedures contained in Division 21 (commencing with Section 31000), the Legislature shall appropriate any funds specifically designated for such project to another state department for the same project purposes.*

23071. *Concurrently with the acquisition of lands in fee simple under this division by the Wildlife Conservation Board, which acquisition would result in a cancellation of real property taxes, the board shall, at the option of the county in which the property is located, pay to the county an amount equal to three percent*

of the purchase price or three percent of the fair market value of the property, whichever is higher. Payment shall be made from funds available under this division for the acquisition of the property. Payment shall be made to the affected county within 30 days after transfer of title to the state. Payments made hereunder shall not be considered administrative expenses, but shall be considered major capital outlay expenditures as a part of the purchase price.

It is the intent of this section to provide a one-time payment to counties in lieu of real property tax revenues which would otherwise be collectible if the property remained privately owned. Whenever payment is made pursuant to this provision, no payment shall thereafter be required or made with regard to the acquired property pursuant to subdivision (a) of Section 1504 of the Fish and Game Code.

23072. None of the funds provided to the Santa Monica Mountains Conservancy or the Mountains Recreation and Conservation Authority by this division shall be used for the purpose of acquiring any improved real property used for nonprofit educational institutional purposes by the use of eminent domain.

CHAPTER 4. FISCAL PROVISIONS

24000. Bonds in the total amount of one billion nine hundred ninety-eight million dollars (\$1,998,000,000), exclusive of refunding bonds, or so much thereof as is necessary, may be issued and sold to be used for carrying out the purposes expressed in this division and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest as they become due and payable.

24001. The proceeds of bonds and notes issued and sold pursuant to this division shall be deposited in the fund.

24002. The bonds authorized by this division shall be prepared, executed, issued, sold, paid and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all provisions of that law shall apply to the bonds and are hereby incorporated in this division as though set forth in full in this division.

24003. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this division, the California Safe Neighborhood Parks, Gang Prevention, Tree Planting, Wildlife, Coastal, Senior Center, Park, Wetlands, Rivers, Forest and Agricultural Land Conservation Program of 1994 Finance Committee is hereby created. For purposes of this division, the California Safe Neighborhood Parks, Gang Prevention, Tree Planting, Wildlife, Coastal, Senior Center, Park, Wetlands, Rivers, Forest and Agricultural Land Conservation Program of 1994 Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee shall consist of the Controller, the Director of Finance, and the Treasurer, or their designated representatives. The Treasurer shall serve as the chairperson of the committee. A majority of the committee may act for the committee.

(b) For purposes of this division and the State General Obligation Bond Law, the Department of Parks and Recreation, Wildlife Conservation Board, State Coastal Conservancy, Santa Monica Mountains Conservancy, the Controller, the Department of Water Resources, the Department of Boating and Waterways, the Department of Forestry and Fire Protection, the Department of Conservation, the

California Tahoe Conservancy, or any agency that receives an appropriation from these bond funds, depending on which agency has jurisdiction, is hereby designated as "the board".

24004. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this division in order to carry out this division, and if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those purposes progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

24005. There shall be collected annually in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by the law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

24006. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund, for the purposes of this division, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this division, as the principal and interest become due and payable.

(b) The sum which is necessary to carry out Section 24007, appropriated without regard to fiscal years.

24007. For the purposes of carrying out this division, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of unsold bonds which have been authorized by the committee to be sold for the purpose of carrying out those provisions. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund from money received from the sale of bonds which would otherwise be deposited in the General Fund.

24008. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account in accordance with Section 16312 of the Government Code, to carry out this division. The amount of the loan shall not exceed the amount of the unsold bonds which the committee has, by resolution, authorized to be sold for the purposes of this division. The board shall execute any documents as required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated in accordance with this division.

24009. All money derived from premium and accrued interest on bonds sold shall be reserved and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

24010. Any bonds issued or sold pursuant to this division may be refunded by the issuance of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code. Approval by the voters of the state for the issuance of the bonds shall include approval of the issuance of any bonds issued to refund any bonds originally issued or any previously issued refunding bonds.

24011. The people of California hereby find and declare that, inasmuch as the proceeds from the sale of bonds authorized by this division are not "proceeds of

taxes” as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitation imposed by that article.

24012. (a) It is the intent of the voters that only the General Fund be used to pay the principal and interest of the general obligation bonds authorized by this division.

(b) No funds from the Environmental Protection Fund (California Environmental License Plate Fund, Division 13.5, commencing with Section 21190), Habitat Conservation Fund (established pursuant to Section 2786 of the Fish and Game Code), Wildlife Restoration Fund, Cigarette and Tobacco Products Surtax Fund (commencing with Section 30122 of the Revenue and Taxation Code), Endangered and Rare Fish, Wildlife and Plant Species Conservation and Enhancement Account of the Fish and Game Preservation Fund or any other part of the Fish and Game Preservation Fund, State Highway Account, Transportation Planning and Development Account, or any other special fund created wholly or in part for the purposes of environmental protection shall be transferred to the General Fund for the purpose of paying or reimbursing the General Fund for paying the principal or interest of these bonds. No special fund created for the purposes of environmental protection created subsequent to the adoption of this division by the voters shall be transferred to the General Fund for the purpose of paying or reimbursing the General Fund for paying the principal or interest of these bonds unless specifically authorized in the statute or constitutional amendment originally creating the special fund.

24013. Notwithstanding any provision of this division or the State General Obligation Bond Law set forth in Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, if the Treasurer sells bonds pursuant to this division the interest on which is intended to be excluded from gross income for federal tax purposes, the Treasurer shall be authorized to maintain separate accounts for the investment of bond proceeds and the investment earnings on those proceeds, and the Treasurer shall be authorized to use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

24014. (a) Notwithstanding Section 16312 of the Government Code, the interest on any loans made from the Pooled Money Investment Account to the fund for the purposes of carrying out the purposes of this division shall be paid from the General Fund.

(b) Notwithstanding Section 13340 of the Government Code, the amounts required to be paid pursuant to subdivision (a) are hereby continuously appropriated from the General Fund.

OTHER PROVISIONS

24021. (a) It is the intent of the people of California in adopting this division that, should any statute or amendment to the California Constitution be approved on June 7, 1994, that could prevent this division from taking effect, the people intend that this act go into effect, regardless of the passage of any such statute or constitutional amendment, and regardless of the number of votes received by any measure on the June 7, 1994, ballot.

(b) This division shall take effect notwithstanding any other provision of law.

24022. *It is the express intent of the voters that this division shall take effect and become operative at 12:01 a.m. on June 7, 1994.*

24023. *It is the express intent of the voters that this division shall take effect and become operative even if the California Constitution is amended at the June 7, 1994, election to prohibit or restrict the enactment of bonded indebtedness.*

24024. *This division does not, and is not intended to, amend the purposes or intent or allocation of funds of any other section of this code or the Fish and Game Code, unless otherwise specifically indicated.*

24025. *Acquisitions by the Department of Parks and Recreation for the state park system outside the Santa Lucia Mountains, acquisitions by the Wildlife Conservation Board, and acquisitions made pursuant to subdivision (j) of Section 23007 pursuant to this division shall be considered to be expenditures from the Habitat Conservation Fund created by Section 2786 of the Fish and Game Code if the expending agency makes a finding that each and every expenditure is identical in purpose to at least one of those required by Section 2786 of the Fish and Game Code. The expenditures made by the State Coastal Conservancy, Santa Monica Mountains Conservancy, California Tahoe Conservancy, and agencies receiving funds from the State Controller pursuant to this division are not to be counted as expenditures from the Habitat Conservation Fund, nor shall funds made available for expenditure by the conservancies pursuant to this division be transferred to the Habitat Conservation Fund. Nothing in this section is intended to amend or revise the requirements of Chapter 9 (commencing with Section 2780) of the Fish and Game Code with respect to geographical distribution of funds, or with respect to the annual allocation of the Habitat Conservation Fund for the purposes specified in Chapter 9.*

SECTION 3. Section 2787 of the Fish and Game Code is repealed.

2787. Notwithstanding Section 13340 of the Government Code, the money in the fund is continuously appropriated, without regard to fiscal years, as follows:

(a) To the Department of Parks and Recreation, four million five hundred thousand dollars (~~\$4,500,000~~) annually for allocation as follows:

(1) One million five hundred thousand dollars (~~\$1,500,000~~) for projects that are located in the Santa Lucia Mountain Range in Monterey County for expenditure by the Department of Parks and Recreation and for grants to the Monterey Peninsula Regional Park District.

(2) One million dollars (~~\$1,000,000~~) for acquisitions in, and adjacent to, units of the state park system.

(3) Two million dollars (~~\$2,000,000~~) for 50 percent matching grants to local agencies for projects meeting the purposes specified in Section 2786 and, additionally, for the acquisition of wildlife corridors and urban trails, nature interpretation programs, and other programs which bring urban residents into park and wildlife areas. The grants made pursuant to this subdivision are subject to the conditions of subdivision (d) of Section 5910, and Sections 5917 and 5919, of the Public Resources Code, as nearly as may be practicable.

(b) To the State Coastal Conservancy, four million dollars (~~\$4,000,000~~) annually.

(c) To the Santa Monica Mountains Conservancy, five million dollars (~~\$5,000,000~~) annually for the next 10 fiscal years, commencing with the 1990/91 fiscal year. The money shall be used for the purposes specified in Section 2786 for wildlife habitat, and for related open-space projects, within the Santa Monica Mountains Zone, the Rim of the Valley Corridor, and the Santa Clarita Woodlands. Of the total amount appropriated pursuant to this subdivision, not less than

a total of ten million dollars ~~(\$10,000,000)~~ shall be spent within the Santa Susana Mountains and the Simi Hills, and not less than a total of ten million dollars ~~(\$10,000,000)~~ shall be spent within the Santa Clarita Woodlands. These funds shall be expended in accordance with Division 23 ~~(commencing with Section 33000)~~ of the Public Resources Code during the operative period of this section as specified in subdivision ~~(f)~~ and in Section 2797. The Legislature may, by statute, extend the period for expenditure of the funds provided by this paragraph.

~~(d) To the California Tahoe Conservancy, five hundred thousand dollars (\$500,000) annually.~~

~~(e) To the board, the balance of the fund.~~

~~(f) This section shall become operative on July 1, 1990, and, as of July 1, 2020, is repealed, unless a later enacted statute, which becomes effective on or before July 1, 2020, deletes or extends that date.~~

SECTION 4. Section 2787 is added to the Fish and Game Code, to read:

2787. *Notwithstanding Section 13340 of the Government Code, the money in the fund is continuously appropriated, without regard to fiscal years, directly to the following designated agencies in the following amounts:*

(a) To the Department of Parks and Recreation, four million five hundred thousand dollars (\$4,500,000) annually for allocation as follows:

(1) One million five hundred thousand dollars (\$1,500,000) for projects that are located in the Santa Lucia Mountain Range in Monterey County for expenditure by the Department of Parks and Recreation and for grants to the Monterey Peninsula Regional Park District.

(2) One million dollars (\$1,000,000) for acquisitions in, and adjacent to, units of the state park system.

(3) Two million dollars (\$2,000,000) for 50 percent matching grants to local agencies for projects meeting the purposes specified in Section 2786 and, additionally, for the acquisition of wildlife corridors and urban trails, nature interpretation programs, and other programs which bring urban residents into park and wildlife areas. The grants made pursuant to this subdivision are subject to the conditions of subdivision (d) of Section 5910 of, and Sections 5917 and 5919 of, the Public Resources Code, as nearly as may be practicable.

(b) To the State Coastal Conservancy, four million dollars (\$4,000,000) annually.

(c) To the Santa Monica Mountains Conservancy, five million dollars (\$5,000,000) annually for the next 10 fiscal years, commencing with the 1990-91 fiscal year. The money shall be used for the purposes specified in Section 2786 for wildlife habitat, and for related open space projects, within the Santa Monica Mountains Zone, the Rim of the Valley Corridor, and the Santa Clarita Woodlands. Of the total amount appropriated pursuant to this subdivision, not less than a total of ten million dollars (\$10,000,000) shall be spent within the Santa Susana Mountains and the Simi Hills, and not less than a total of ten million dollars (\$10,000,000) shall be spent within the Santa Clarita Woodlands. These funds shall be expended in accordance with Division 23 (commencing with Section 33000) of the Public Resources Code during the operative period of this section as specified in subdivision (g) and in Section 2797. The Legislature may, by statute, extend the period for expenditure of the funds provided by this paragraph.

(d) To the California Tahoe Conservancy, five hundred thousand dollars (\$500,000) annually.

(e) *To the Coachella Valley Mountains Conservancy for the acquisition and protection of natural lands, and for related administrative costs, pursuant to Division 23.5 (commencing with Section 33500) of the Public Resources Code, three million dollars (\$3,000,000) in the 1994–95 fiscal year, nine million dollars (\$9,000,000) in the 1995–96 fiscal year, three million dollars (\$3,000,000) in the 1996–97 fiscal year, and three million dollars (\$3,000,000) in the 1997–98 fiscal year; provided, however, that, if at least six million dollars (\$6,000,000) is appropriated for expenditure by the Wildlife Conservation Board pursuant to subdivision (b) of Section 23007 of the Public Resources Code, the amount allocated to the Coachella Valley Mountains Conservancy in the 1994–95 fiscal year shall be augmented by six million dollars (\$6,000,000) and the amount allocated in the 1995–96 fiscal year shall be reduced by six million dollars (\$6,000,000). Of the total amount allocated to the Coachella Valley Mountains Conservancy, not less than eight million dollars (\$8,000,000) shall be expended for additions to the Indian Canyons Heritage Park and other acquisitions in the Palm Canyon watershed. Of the total amount expended pursuant to this subdivision, up to one percent may be expended for public access facilities, including signs and interpretive displays, consistent with the requirements of Section 2799.5 of this code and Section 33603 of the Public Resources Code.*

(f) *To the board, the balance of the fund.*

(g) *This section shall become operative on July 1, 1994, and, as of July 1, 2020, is repealed, unless a later enacted statute, which becomes operative on or before July 1, 2020, deletes or extends that date. The enactment of this section at the June 7, 1994, direct primary election shall not affect the allocation of funds made pursuant to subdivision (b) of Section 2797.*

SECTION 5. Section 33216 of the Public Resources Code is repealed.

33216. ~~Commencing July 1, 1995, it is the intent of the Legislature that no money be appropriated from the General Fund for the support of the conservancy. Other funding sources should be utilized on and after that date for the support of the conservancy, including, but not limited to, the Santa Monica Mountains Conservancy Fund, appropriate special funds, donations, and local funding sources. To ensure an orderly transfer of funding sources, the conservancy shall reduce operations to compensate for loss of General Fund support or seek additional non-General Fund sources of revenue.~~

SECTION 6. Section 33216 is added to the Public Resources Code, to read:

33216. *The people of California hereby find and declare that the continued existence of the conservancy is necessary to provide continuity for proper administration of lands acquired and programs implemented pursuant to this division for the benefit of the people of the State of California and that support of the conservancy is an appropriate expenditure from the General Fund.*

SECTION 7. Section 517 is added to the Public Resources Code, to read:

517. *As part of the intent of Section 15799 of the Government Code, timely construction of state park capital overlay projects is beneficial for the protection of state park resources, for the education and enjoyment of Californians, and for a healthy state economy. In addition to the powers specified in this division, the Department of Parks and Recreation is vested the powers, functions, and jurisdiction of the Office of the State Architect and the Department of General Services with respect to state park system facility planning, design, construction, contract administration, and professional services contracting.*

SECTION 8. Section 14956 of the Government Code is amended to read:

14956. This chapter, insofar as it vests in the State Architect general charge of the erection of all state buildings and require him or her to have an inspector assigned to each building during its construction, does not apply to the construction of any public works which is under the jurisdiction of the Department of Water Resources, *the Department of Parks and Recreation*, the Department of Boating and Waterways pursuant to Article 2.5 (commencing with Section 65) of Chapter 2 of Division 1 of the Harbors and Navigation Code, or the Department of Transportation.

SECTION 9. Section 10106 of the Public Contract Code is amended to read: 10106. "Department," as used in this part, means (a) the Department of Water Resources as to any project under the jurisdiction of that department, (b) the Department of General Services as to any project under the jurisdiction of that department, (c) the Department of Boating and Waterways as to any project under the jurisdiction of that department pursuant to Article 2.5 (commencing with Section 65) of Chapter 2 of Division 1 of the Harbors and Navigation Code, (d) the Department of Corrections with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code, *(e) the Department of Parks and Recreation as to any project under the jurisdiction of the department*, and ~~(e)~~ (f) the Department of Transportation as to all other projects.

"Director," as used in this part, means the director of each department as defined herein respectively.

SECTION 10. Section 10110 of the Public Contract Code is repealed.

~~10110. Where the nature of the work is historic restoration for the state park system, as determined jointly by the director and the Director of Parks and Recreation, the department may authorize the carrying out of the project directly by the Department of Parks and Recreation.~~

~~If the estimated total cost of any construction project or work carried out under this section exceeds twenty-five thousand dollars (\$25,000), the Department of Parks and Recreation shall solicit bids in writing and shall award the work to the lowest responsible bidder or reject all bids. However, the director may authorize the Department of Parks and Recreation to carry out work in excess of twenty-five thousand dollars (\$25,000) under the provisions of this section by day labor if the director determines, in consultation with the Director of Parks and Recreation, that the award of a contract, the acceptance of bids, or the acceptance of further bids is not in the best interests of the state. The Department of Parks and Recreation shall establish, by regulation, criteria to be considered by the Department of Parks and Recreation in requesting authorization from the director to perform all or part of a project by day labor.~~

SECTION 11. Section 10107 of the Public Contract Code is amended to read:

10107. Whenever provision is made by law for any project which is not under the jurisdiction of the Department of Water Resources, *the Department of Parks and Recreation*, the Department of Boating and Waterways pursuant to Article 2.5 (commencing with Section 65) of Chapter 2 of Division 1 of the Harbors and Navigation Code, the Department of Corrections pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code, or the Department of General Services, the project shall be under the sole charge and direct control of the Department of Transportation.

SECTION 12. Section 8352.4 of the Revenue and Taxation Code is amended to read:

8352.4. (a) Subject to Sections 8352 and 8352.1, there shall be transferred from the money deposited to the credit of the Motor Vehicle Fuel Account to the Harbors and Watercraft Revolving Fund, for expenditure in accordance with Division 1 (commencing with Section 30) of the Harbors and Navigation Code, the sum of six million six hundred thousand dollars (\$6,600,000) per annum, representing the amount of money in the Motor Vehicle Fuel Account attributable to taxes imposed on distributions of motor vehicle fuel used or usable in propelling vessels. The actual amount shall be calculated using the annual reports of registered boats prepared by the Department of Motor Vehicles for the United States Coast Guard and the formula and method of the December 1972 report prepared for this purpose and submitted to the Legislature on December 26, 1972, by the Director of Transportation. If the amount transferred during each fiscal year is in excess of the calculated amount, the excess shall be retransferred from the Harbors and Watercraft Revolving Fund to the Motor Vehicle Fuel Account. If the amount transferred is less than the amount calculated, the difference shall be transferred from the Motor Vehicle Fuel Account to the Harbors and Watercraft Revolving Fund. No adjustment shall be made if the computed difference is less than fifty thousand dollars (\$50,000), and the amount shall be adjusted to reflect any temporary or permanent increase or decrease that may be made in the rate under the Motor Vehicle Fuel License Tax Law. Payments pursuant to this section shall be made prior to payments pursuant to Section 8352.2.

When deemed necessary, by the Department of Transportation and the Department of Boating and Waterways *or its successor agency*, the Department of Transportation, after consultation with the Department of Boating and Waterways *or its successor agency*, shall prepare, or cause to be prepared, an updated report setting forth the current estimate of the amount of money credited to the Motor Vehicle Fuel Account attributable to taxes imposed on distributions of motor vehicle fuel used or usable in propelling vessels. The Department of Transportation shall submit the report to the Legislature upon its completion.

(b) *The Legislature may amend this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, three-fourths of the membership concurring, if the statute is consistent with, and furthers the purposes of, this section.*

SECTION 13. Section 85 of the Harbors and Navigation Code is amended to read:

85. (a) All moneys received by the department, including any moneys received by the department from the purchase or condemnation by any other person or agency of any property acquired by the department for the purposes of this division, shall be deposited in the State Treasury and credited to the Harbors and Watercraft Revolving Fund, which fund is hereby created. The Harbors and Watercraft Revolving Fund is the successor to the Small Craft Harbor Revolving Fund, which fund is hereby abolished. All references in any law to the Small Craft Harbor Revolving Fund shall be deemed to refer to the Harbors and Watercraft Revolving Fund.

(b) *The Harbors and Watercraft Revolving Fund is hereby designated as a trust fund and shall be used only for the purposes set forth in Section 85.2.*

(c) The Legislature may amend this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, three-fourths of the membership concurring, if the statute is consistent with, and furthers the purposes of, this section.

SECTION 14. Section 85.2 of the Harbors and Navigation Code is amended to read:

85.2. (a) All money in the Harbors and Watercraft Revolving Fund shall be available, upon appropriation by the Legislature, for expenditure by the department or its successor agency, for boating facilities development and rehabilitation, boating safety, and boating regulation programs, information and research programs, for reduction of loss of life and property in operation of vessels, and for the purposes of Section 656.4, including refunds, and for expenditure for construction or rehabilitation of small craft harbor and boating facilities planned, designed, and constructed by the department, as specified in subdivision (c) of Section 50, at sites owned or under the control of the state. The money in the fund shall also be available, upon appropriation by the Legislature, to the Department of Parks and Recreation for the direct operation and maintenance costs of boating facilities in units of the state park system that have boating-related activities. Vessel registration fees deposited in the fund shall be expended pursuant to Section 9863 of the Vehicle Code.

(b) The Legislature may amend this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, three-fourths of the membership concurring, if the statute is consistent with, and furthers the purposes of, this section.

SECTION 15. Section 9863 of the Vehicle Code is amended to read:

9863. (a) Except as provided in subdivision (b), all fees received, except moneys collected under Section 9875, pursuant to this chapter shall be deposited in the Harbors and Watercraft Revolving Fund and are appropriated for the administration of this chapter. Any of such money in the Harbors and Watercraft Revolving Fund in excess of the amount determined by the Director of Finance, from time to time, to be necessary for expenditure for the administration of this chapter shall be available for expenditure in accordance with Section 85.2 of the Harbors and Navigation Code.

(b) All money derived from the increase in fees required pursuant to this chapter by the amendment of Sections 9853, 9855, 9860, 9867, and 9901 enacted at the 1980 portion of the 1979-80 Regular Session of the Legislature shall be deposited in the Harbors and Watercraft Revolving Fund and is continuously appropriated for support of local boating safety and enforcement programs as provided in Section 663.7 of the Harbors and Navigation Code.

(c) The Legislature may amend this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, three-fourths of the membership concurring, if the statute is consistent with, and furthers the purposes of, this section.

SECTION 16. If any provision of this act or the application thereof is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 17. The Legislature may amend this act, by statute passed in each house of the Legislature by roll call vote entered in the journal, two-thirds of the membership concurring, if the statute is consistent with and furthers the purposes of this act. However, no allocation of funds may be reallocated except in

accordance with Sections 23017, 23039, and 23042 of the Public Resources Code; no changes shall be made in the way in which funds are appropriated pursuant to Sections 23007 and 23041 of the Public Resources Code; and Sections 24012, 24025 and 33216 of the Public Resources Code shall not be amended. The Legislature may adopt a short title for this act.

SECTION 18. This act shall be liberally construed to further its purposes, especially with respect to being allowed to take effect.

SECTION 19. It is the intent of the people of California in approving this act that the Treasurer, the Controller, and the Governor will consider the health of the economy of California, bond markets, and the credit rating of California in determining whether to authorize the sale of these or any other bonds.

1A. **Earthquake Relief and Seismic Retrofit Bond Act of 1994.** (Statutes 1994, Chapter 15, SB 131)

[Rejected by electors June 7, 1994.]

PROPOSED LAW

SECTION 1. Chapter 12.48 (commencing with Section 8879) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 12.48. EARTHQUAKE RELIEF AND SEISMIC RETROFIT BOND ACT OF 1994

Article 1. General Provisions

8879. *This chapter shall be known as the Earthquake Relief and Seismic Retrofit Bond Act of 1994.*

8879.1. *The Legislature finds and declares all of the following:*

(a) *The Northridge earthquake of January 17, 1994, caused personal losses and damage to infrastructure and property resulting in relocations and severe disruption of livelihood.*

(b) *It is in the best interest of the state to provide, to the greatest extent feasible, resources to address the disruptions and dangerous situations that continue to exist.*

8879.2. *As used in this chapter, the following terms have the following meanings:*

(a) *“Board” means any department receiving an allocation from the Department of Finance.*

(b) *“Committee” means the Earthquake Relief and Seismic Retrofit Finance Committee created pursuant to Section 8879.7.*

(c) *“Fund” means the Earthquake Relief and Seismic Retrofit Bond Fund of 1994 created pursuant to Section 8879.3.*

(d) *“January 17, 1994, Northridge earthquake” means the earthquake of that date and any resulting aftershocks.*

Article 2. Earthquake Relief and Seismic Retrofit Bond Fund and Program

8879.3. *The Earthquake Relief and Seismic Retrofit Bond Fund of 1994 is hereby created in the State Treasury. The proceeds of bonds issued and sold pursuant to this chapter for the purposes specified in this chapter are hereby appropriated, without regard to fiscal years, to the Department of Finance for allocation in the following manner:*

(a) *One hundred forty-five million dollars (\$145,000,000) for transportation costs associated with the recovery from the January 17, 1994, Northridge earthquake. Funds may be used to match any available federal funds for transportation purposes or may be used without matching federal funds to repair, reconstruct, replace, or retrofit transportation facilities, roadways, structures, and equipment in the area affected by the earthquake. Funds may also be used to provide alternative transportation capacity and transportation management needed to mitigate the effects of the earthquake, and to reimburse, upon the order of the Director of Finance, the General Fund or special funds for expenditures made for the purposes set forth in this subdivision prior to the approval, sale, and issuance of earthquake relief bonds. Expenditures from the fund for transportation purposes shall be approved by the Director of Transportation and reported within five days of approval to the Director of Finance and the California Transportation Commission.*

(b) *Two hundred sixty-five million dollars (\$265,000,000) for allocation to cities, counties, school districts, and other local government agencies, except community college districts, and to state agencies, for the costs of repair, renovation, reconstruction, replacement, relocation, or retrofitting of public infrastructure, including schools, buildings and facilities, hospitals, utilities, sewers, streets and roads, and emergency centers damaged as a result of the January 17, 1994, Northridge earthquake. These funds may, in addition, be used to match any available federal funds for these purposes in the Counties of Los Angeles, Orange, and Ventura, and to reimburse, upon order of the Director of Finance, the General Fund or special funds for expenditures made for the purposes set forth in this subdivision prior to the approval, sale, and issuance of earthquake relief bonds.*

For purposes of this subdivision, "public infrastructure" does not include any vehicular bridges, roadways, highways, or any facility or building owned by the University of California, the California State University, or a community college district or campus.

(c) *Sixty-five million dollars (\$65,000,000) for the purpose of financing the cost of earthquake hazard mitigation projects for public buildings and facilities in the Counties of Los Angeles, Orange, and Ventura, and to reimburse, upon order of the Director of Finance, the General Fund or special funds for expenditures made for the purposes set forth in this subdivision prior to the approval, sale, and issuance of earthquake relief bonds. For these projects, allowable earthquake hazard mitigation costs shall include the cost of repair, renovation, replacement, retrofit, or relocation for the purposes of reducing the risk of future damage, hardship, or loss arising from future seismic activity. The Director of Finance shall establish priority for allocation of these funds.*

For purposes of this subdivision, "public buildings and facilities" means any building or structure owned by a public agency, except for vehicular bridges, roadways, highways, or any facility or building owned by the University of California, the California State University, or a community college district or campus.

(d) (1) *Nine hundred fifty million dollars (\$950,000,000) for the seismic retrofit of state-owned highways and bridges throughout California. Funds allocated for this purpose shall be deposited in the Seismic Retrofit Account and, upon deposit, are continuously appropriated to the Department of Transportation. Funds may be used to match any available federal funds for transportation*

purposes or may be used without matching federal funds to reconstruct, replace, or retrofit state-owned highways and bridges.

(2) Funds described in paragraph (1) shall not be used to offset or replace funds previously reserved in the 1992 State Highway Operation and Protection Program for seismic retrofit referred to as previously reserved retrofit funds. The unexpended portions of the previously reserved retrofit funds are further set forth in Exhibit B entitled 1994 SHOPP Fund Reservation Summary in the proposed 1994 State Highway Operation and Protection Program forwarded by the Department of Transportation to the California Transportation Commission on January 31, 1994.

(3) Funds described in this subdivision shall be spent for the seismic retrofit of state-owned toll bridges in an amount equal to the proportion of the total estimate of cost for retrofit of the toll bridges to the total estimate of cost for all state-owned bridges, but in no event less than 40 percent of the funds described in this subdivision. For purposes of this foregoing calculation, there shall be deducted those funds to be reserved for seismic retrofit as set forth in Exhibit B entitled 1994 SHOPP Fund Reservation Summary in the proposed 1994 State Highway Operation and Protection Program forwarded by the Department of Transportation to the California Transportation Commission on January 31, 1994. The total amount of those funds is four hundred nineteen million five hundred thousand dollars (\$419,500,000). All estimated costs required by this subdivision shall mean the costs estimated by the Department of Transportation effective July 1, 1994, which estimates shall be forwarded to the California Transportation Commission prior to July 5, 1994.

(e) (1) Five hundred seventy-five million dollars (\$575,000,000) for transfer to the California Disaster Housing Repair Fund, shall be made available upon approval of the Director of Finance, for the purposes authorized pursuant to Section 50661.5 of the Health and Safety Code in order to implement the programs established in Sections 50662.7 and 50671.6 of the Health and Safety Code. Notwithstanding any other provision of law, these funds may be expended for any of the purposes authorized in Sections 50661.5, 50662.7, and 50671.6 of the Health and Safety Code, to address the effects of the January 17, 1994, Northridge earthquake. However, no funds transferred pursuant to this paragraph shall be expended for the purposes authorized in Section 50671.5 of the Health and Safety Code. No more than 15 percent of the funds expended pursuant to this subdivision may be expended for administrative costs.

(2) The Legislature may, from time to time, amend the provisions of law relating to programs to which funds are, or have been, allocated pursuant to this subdivision for the purpose of improving the efficiency and the effectiveness of the programs. The Legislature may also, from time to time, amend the provisions of law relating to programs to which funds are, or have been, allocated pursuant to this subdivision for the purpose of furthering the goals of those programs.

(3) The people of the State of California hereby find and declare that the words "develop, construct, or acquire," as used in Section 1 of Article XXXIV of the California Constitution, shall not be interpreted to apply to activities of a state public body when that body undertakes any of the activities permitted in Section 50671.6 of the Health and Safety Code, including, but not limited to, reconstruction of rental developments of comparable size on comparable sites in the immediate neighborhood where the rental development previously existed.

(f) Notwithstanding subdivisions (a), (b), and (c), in order to ensure efficient and appropriate use of bond proceeds for earthquake relief as authorized in

subdivisions (a), (b), and (c), the Director of Finance may revise the amounts expressly allocated in subdivisions (a), (b), and (c), and reallocate these funds among subdivisions (a), (b), and (c). In addition, the director may reallocate funds allocated under subdivision (a) to subdivision (d). However, no revision or reallocation of funds authorized by this subdivision shall be made until 15 days after written notice to the Chair of the Joint Legislative Budget Committee and the chairs of the fiscal committees of both houses of the Legislature.

(g) The Department of Finance shall notify in writing the Chair of the Joint Legislative Budget Committee and the chairs of the fiscal committees of both houses of the Legislature at the end of each month regarding any allocations of funds pursuant to subdivisions (a), (b), (c), (d), and (e).

(h) Use of any funds authorized in subdivision (a), (b), (c), or (d) for replacement or relocation of any facilities shall be authorized to provide new facilities that may have a size or capacity that is greater than the size or capacity of the damaged facilities being replaced to the extent that this increase is beneficial to the intended use of the replacement facility and may be accomplished on a cost-efficient basis.

Article 3. Fiscal Provisions

8879.5. Bonds in the total amount of two billion dollars (\$2,000,000,000), exclusive of refunding bonds, or so much thereof as is necessary, is hereby authorized to be issued and sold for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5. All bonds herein authorized which have been duly sold and delivered as provided herein shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

8879.6. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4), except Section 16727 and all of the other provisions of that law as amended from time to time apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

8879.7. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this chapter, the Earthquake Relief and Seismic Retrofit Finance Committee is hereby created. For the purposes of this chapter, the Earthquake Relief and Seismic Retrofit Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Treasurer, the Controller, the Director of Finance, the Director of General Services, and the Secretary of the Business, Transportation and Housing Agency, or a designated representative of each of those officials. The Treasurer shall serve as the chairperson of the committee. A majority of the committee may act for the committee.

(b) The committee may adopt guidelines establishing requirements for administration of its financing programs to the extent necessary to protect the validity of, and tax exemption for, interest on the bonds. The guidelines shall not constitute rules, regulations, orders, or standards of general application.

(c) For the purposes of the State General Obligation Bond Law, any department receiving an allocation from the Department of Finance is designated to be the "board."

8879.8. Upon request of the board stating that funds are needed for earthquake relief purposes, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 8879.3, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and be sold at any one time. Bonds may bear interest subject to federal income tax.

8879.9. There shall be collected annually in the same manner and at the same time as other state revenue is collected, a sum of money in addition to the ordinary revenues of the state, sufficient to pay the principal of, and interest on, the bonds as provided herein, and all officers required by law to perform any duty in regard to the collections of state revenues shall collect that additional sum.

8879.10. Notwithstanding Section 13340, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum which is necessary to carry out Section 8879.12, appropriated without regard to fiscal years.

8879.11. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312, for purposes of this chapter. The amount of the request shall not exceed the amount of the unsold bonds which the committee has, by resolution, authorized to be sold for the purpose of this chapter, less any amount withdrawn pursuant to Section 8879.12. The board shall execute any documents as required by the Pooled Money Investment Board to obtain and repay the loan. Any amount loaned shall be deposited in the fund to be allocated by the Director of Finance in accordance with this chapter.

8879.12. For the purpose of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of any amount or amounts not to exceed the amount of the unsold bonds which the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the Earthquake Relief and Seismic Retrofit Bond Fund of 1994. Any money made available under this section shall be returned to the General Fund, plus the interest that the amounts would have earned in the Pooled Money Investment Account, from money received from the sale of bonds which would otherwise be deposited in that fund.

8879.13. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of the State Obligation Bond Law. Approval by the electors of this act shall constitute approval of any refunding bonds issued pursuant to the State General Obligation Bond Law.

8879.14. Notwithstanding anything in the State General Obligation Bond Law, the maximum maturity of any bonds authorized by this chapter shall not exceed 30 years from the date of each respective series. The maturity of each series shall be calculated from the date of each series.

8879.15. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of

taxes” as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

8879.16. Notwithstanding any provision of the State General Obligation Bond Law with regard to the proceeds from the sale of bonds authorized by this chapter that are subject to investment under Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4, the Treasurer may maintain a separate account for investment earnings, order the payment of those earnings to comply with any rebate requirement applicable under federal law, and may otherwise direct the use and investment of those proceeds so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

1B. **Safe Schools Act of 1994.** (Statutes 1994, Chapter 19, SB 190)

[Rejected by electors June 7, 1994.]

PROPOSED LAW

SECTION 1. Chapter 22.2 (commencing with Section 17766) is added to Part 10 of the Education Code, to read:

CHAPTER 22.2. SCHOOL FACILITIES BOND ACT OF 1994

Article 1. General Provisions

17766. This chapter shall be known and may be cited as the Safe Schools Act of 1994.

17766.10. As used in this chapter, the following terms have the following meanings:

(a) “Committee” means the State School Building Finance Committee created pursuant to Section 15909.

(b) “Fund” means the State School Building Lease-Purchase Fund.

Article 2. Program Provisions

17766.15. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the fund.

17766.20. All moneys deposited in the fund shall be available to provide aid to school districts of the state in accordance with the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700)), and of all acts amendatory thereof and supplementary thereto, to provide aid to school districts of the state in accordance with Section 17766.30, to provide funds to repay any money advanced or loaned to the State School Building Lease-Purchase Fund under any act of the Legislature, together with interest provided for in that act, and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

17766.30. (a) Of the proceeds from the sale of bonds pursuant to this chapter, not more than four hundred million dollars (\$400,000,000) may be used for one or more of the following purposes:

(1) The acquisition of portable classrooms for use in accordance with Chapter 25 (commencing with Section 17785).

(2) The reconstruction or modernization of facilities pursuant to Chapter 22 (commencing with Section 17700). In addition to the current program requirements, the State Allocation Board may allocate funding pursuant to this

subdivision for the reconstruction or modernization of any existing structure, including the wiring and cabling in that structure, to enable that structure to accommodate computers and other high technology equipment.

(3) The purchase and installation of air-conditioning equipment and insulation materials, and related costs, pursuant to Section 42250.1 for schools operated on a year-round multitrack schedule in a manner that increases school capacity and reduces or eliminates the school district's need for the construction of additional classroom space.

(4) Project funding for applicant districts under Chapter 22 (commencing with Section 17700) that have incurred or will incur enrollment increases due to the locating or expansion of state or federal prisons.

(5) The acquisition of relocatable child care and development facilities for the purpose of providing extended day care services pursuant to Article 22 (commencing with Section 8460) of Chapter 2 of Part 6.

(6) Project funding, without regard to funding priorities, for applicant county boards of education under Chapter 22 (commencing with Section 17700) that are eligible for that funding for classrooms for severely handicapped pupils.

(7) Project funding for applicant districts under Chapter 22 (commencing with Section 17700) that are eligible for that funding, but that lack funding priority due to the size of pupil enrollment in the district.

(8) Project funding for high priority roof replacement projects.

(9) Construction projects or the purchase of furniture or equipment designed to increase school security.

(10) The identification, assessment, or abatement of hazardous asbestos in school facilities, pursuant to either Chapter 22 (commencing with Section 17700) or Section 39619.6.

(11) The reconstruction or modernization of facilities pursuant to Chapter 22 (commencing with Section 17700). Notwithstanding Section 17721.3, the State Allocation Board may allocate funding pursuant to this subdivision for the reconstruction or modernization of an existing structure in an amount that exceeds 25 percent of the replacement cost of that structure in order to finance structural improvements needed to avert future earthquake damage.

(b) Of the proceeds from the sale of bonds pursuant to this chapter, not more than forty million dollars (\$40,000,000) may be used for projects for those school districts that agree to contribute 60 percent or more of the cost of that project.

(c) Of the amount designated in subdivision (a), not more than sixty-five million dollars (\$65,000,000) may be used to match federal funds for facility repairs associated with the Northridge earthquake. This subdivision shall only be operative if the June 7, 1994, bond act authorized pursuant to Senate Bill 131 (Roberti), is not passed by the statewide electorate at the June 7, 1994, statewide primary election.

17766.35. Of the proceeds from the sale of bonds pursuant to this chapter, not more than two hundred million dollars (\$200,000,000) may be used for seismic retrofit projects of existing public school facilities.

Article 3. Fiscal Provisions

17766.40. Bonds in the total amount of one billion dollars (\$1,000,000,000), exclusive of refunding bonds, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of

California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

17766.44. The State School Building Finance Committee, created by Section 15909 and composed of the Governor, Controller, Treasurer, Director of Finance, and the Director of Education, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall be designated to chair the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet and advise with the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and as that committee shall have the powers and duties imposed upon those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide the assistance to the committee as it may require. The Attorney General of the state shall be the legal advisor of the committee.

17766.45. (a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

(b) For purposes of the State General Obligation Bond Law, the State Allocation Board is designated the "board."

17766.50. Upon request of the board from time to time, supported by a statement of the apportionments made and to be made for the purposes described in Section 17766.20, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to fund the apportionments and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to fund those apportionments progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

17766.55. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

17766.60. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum which is necessary to carry out the provisions of Section 17766.70, appropriated without regard to fiscal years.

17766.63. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section

16312 of the Government Code, for the purposes of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The board shall execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

17766.65. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), if the Treasurer sells bonds that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes subject to designated conditions, the Treasurer may maintain separate accounts for the bond proceeds invested and for the investment earnings on those proceeds, and may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds that is required or desirable under federal law in order to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

17766.70. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

17766.75. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

17766.80. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the electors of the state for the issuance of the bonds described in this chapter shall include approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

17766.85. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

Article 4. Miscellaneous

17766.90. (a) Any remaining funds resulting or derived from the sale of bonds pursuant to Chapter 9 (commencing with Section 16400), Chapter 10 (commencing with Section 16500), Chapter 11 (commencing with Section 16600), Chapter 12 (commencing with Section 16700), Chapter 13 (commencing with Section 16800), Chapter 15 (commencing with Section 17000), Chapter 16

(commencing with Section 17100), Chapter 17 (commencing with Section 17200), Chapter 18 (commencing with Section 17300), Chapter 19 (commencing with Section 17400), and Chapter 20 (commencing with Section 17500) shall be transferred to the State School Building Lease-Purchase Fund and may be apportioned by the State Allocation Board for the purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700)).

(b) Any unsold bonds, authorized for issuance under Chapter 9 (commencing with Section 16400), Chapter 10 (commencing with Section 16500), Chapter 11 (commencing with Section 16600), Chapter 12 (commencing with Section 16700), Chapter 13 (commencing with Section 16800), Chapter 15 (commencing with Section 17000), Chapter 16 (commencing with Section 17100), Chapter 17 (commencing with Section 17200), Chapter 18 (commencing with Section 17300), Chapter 19 (commencing with Section 17400), and Chapter 20 (commencing with Section 17500) may be sold by the Treasurer, upon authorization by the State School Building Finance Committee for the purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700)).

1C. **Higher Education Facilities Bond Act of June 1994.** (Statutes 1994, Chapter 18, SB 46)

[Rejected by electors June 7, 1994.]

PROPOSED LAW

SECTION 1. Chapter 12.3 (commencing with Section 67010) is added to Part 40 of the Education Code, to read:

CHAPTER 12.3. HIGHER EDUCATION FACILITIES BOND ACT OF JUNE 1994

Article 1. General Provisions

67010. This chapter shall be known and may be cited as the Higher Education Facilities Bond Act of June 1994.

67011. The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California containing nine campuses, the California State University containing 20 campuses, the California Community Colleges consisting of 71 districts containing 107 campuses, the Hastings College of the Law, the California Maritime Academy, and their respective off-campus centers. Each of these institutions plays a vital role in maintaining California's dominance in higher education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, several million dollars.

(d) The purpose of the Higher Education Facilities Bond Act of June 1994 is to assist in meeting the capital outlay financing needs of California's public higher education system.

67012. As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Higher Education Facilities Finance Committee created pursuant to Section 67353.

(b) "Fund" means the 1994 Higher Education Capital Outlay Bond Fund created pursuant to Section 67013.

Article 2. Higher Education Facilities Bond Act Program

67013. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the 1994 Higher Education Capital Outlay Bond Fund, which is hereby created.

67014. The committee shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California Community Colleges, the Hastings College of the Law, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures; the equipping of new, renovated, or reconstructed facilities; funding for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings; renovation and reconstruction of facilities; and the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990, including the acquisition of sites upon which these facilities are to be constructed.

The addition of the Hastings College of the Law to this section is not intended to mark a change from the funding authorizations made by Section 67354, as contained in the Higher Education Facilities Bond Act of 1986, or Section 67334, as contained in the Higher Education Facilities Bond Act of 1988, but is intended to state more clearly what was intended by the Legislature in those sections as well.

Article 3. Fiscal Provisions

67015. (a) Bonds in the total amount of nine hundred million dollars (\$900,000,000), not including the amount of any refunding bonds issued in accordance with Section 67023, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee at any different times necessary to service expenditures required by the apportionments.

67016. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law shall apply to the bonds and to this chapter and are hereby incorporated in this

chapter as though set forth in full in this chapter. For purposes of the State General Obligation Bond Law, each state agency administering an appropriation of the bond fund is designated as the "board" for projects funded by those appropriations.

67017. The committee shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the apportionments that are expressly authorized by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 67014 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

67018. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

67019. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out the provisions of Section 67020, appropriated without regard to fiscal years.

67020. (a) For the purposes of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, together with interest at the rate paid on moneys in the Pooled Money Investment Account, from money received from the sale of bonds for the purpose of carrying out this chapter.

(b) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in Section 67014 by the University of California, the California State University, or the California Community Colleges shall be accompanied by the five-year capital outlay plan of the particular university or college and shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, by the 2000–01 fiscal year, in the judgment of the particular university or college, seismic hazards in buildings identified as high priority by the university or college.

67021. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

67022. The board may request the Pooled Money Investment Board for a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, and may execute those documents required by the Pooled

Money Investment Board to obtain and repay the loan. The loan shall be deposited in the fund for the purpose of carrying out the provisions of this chapter. The amount of the loan shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purposes of this chapter.

67023. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance and sale or exchange of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code. The approval by the electors of this state of the issuance and sale of bonds under this chapter includes approval of the issuance and sale or exchange of any bonds issued to refund either those bonds or any previously issued refunding bonds.

67024. Notwithstanding any provision of this chapter or the State General Obligation Bond Law set forth in Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes under designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on these proceeds, and the Treasurer shall be authorized to use or direct the use of these proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

67025. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

190. **Commission on Judicial Performance.** (Statutes 1994, Resolution Chapter 111, ACA 46)

[Approved by electors November 8, 1994.]

PROPOSED AMENDMENTS TO ARTICLE VI

First—That Section 8 of Article VI thereof is amended to read:

SEC. 8. (a) The Commission on Judicial Performance consists of ~~2 judges of courts of appeal, 2 judges of superior courts~~ *one judge of a court of appeal, one judge of a superior court*, and one judge of a municipal court, each appointed by the Supreme Court; 2 members of the State Bar of California who have practiced law in this State for 10 years, ~~each appointed by its governing body the Governor~~; and ~~2~~ 6 citizens who are not judges, retired judges, or members of the State Bar of California, ~~appointed by the Governor and approved by the Senate, a majority of the membership concurring 2 of whom shall be appointed by the Governor, 2 by the Senate Committee on Rules, and 2 by the Speaker of the Assembly.~~ Except as provided in subdivision (b), all terms are *for 4 years*. No member shall serve more than ~~2~~ 4-year terms, *or for more than a total of 10 years if appointed to fill a vacancy.*

Commission membership terminates if a member ceases to hold the position that qualified the member for appointment. A vacancy shall be filled by the appointing power for the remainder of the term. A member whose term has expired may continue to serve until the vacancy has been filled by the appointing power. *Appointing powers may appoint members who are already serving on the commission prior to March 1, 1995, to a single 2-year term, but may not appoint them to an additional term thereafter.*

(b) To create staggered terms among the members of the Commission on Judicial Performance, the following members shall be appointed, as follows:

(1) ~~The court of appeal member appointed to immediately succeed the term that expires on November 8, 1988, shall serve a 2-year term.~~

(2) ~~Of the State Bar members appointed to immediately succeed terms that expire on December 31, 1988, one member shall serve for a 2-year term.~~

(1) *Two members appointed by the Supreme Court to a term commencing March 1, 1995, shall each serve a term of 2 years and may be reappointed to one full term.*

(2) *One attorney appointed by the Governor to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.*

(3) *One citizen member appointed by the Governor to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.*

(4) *One member appointed by the Senate Committee on Rules to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.*

(5) *One member appointed by the Speaker of the Assembly to a term commencing March 1, 1995, shall serve a term of 2 years and may be reappointed to one full term.*

(6) *All other members shall be appointed to full 4-year terms commencing March 1, 1995.*

Second—That Section 18 of Article VI thereof is amended to read:

SEC. 18. (a) A judge is disqualified from acting as a judge, without loss of salary, while there is pending (1) an indictment or an information charging the judge in the United States with a crime punishable as a felony under California or federal law, or (2) a ~~recommendation~~ *petition* to the Supreme Court *to review a determination* by the Commission on Judicial Performance ~~for removal or retirement of the~~ *to remove or retire a judge.*

(b) ~~On recommendation of the~~ *The Commission on Judicial Performance may disqualify a judge from acting as a judge, without loss of salary, upon notice of formal proceedings by the commission charging the judge with judicial misconduct or disability.*

(c) ~~The Commission on Judicial Performance or on its own motion, the Supreme Court may~~ *shall* suspend a judge from office without salary when in the United States the judge pleads guilty or no contest or is found guilty of a crime punishable as a felony under California or federal law or of any other crime that involves moral turpitude under that law. If the conviction is reversed, suspension terminates, and the judge shall be paid the salary for the judicial office held by the judge for the period of suspension. If the judge is suspended and the conviction becomes final, the ~~Supreme Court~~ *Commission on Judicial Performance* shall remove the judge from office.

~~(e) On recommendation of~~

(d) ~~Except as provided in subdivision (f), the Commission on Judicial Performance the Supreme Court may~~ (1) retire a judge for disability that seriously interferes with the performance of the judge's duties and is or is likely to become permanent, ~~and~~ *or* (2) ~~censure a judge or former judge or remove a judge for action occurring not more than 6 years prior to the commencement of the judge's current term or of the former judge's last term that constitutes willful~~ *willful* misconduct in office, persistent failure or inability to perform the judge's duties, habitual intemperance in the use of intoxicants or drugs, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute. ~~The Commission on Judicial Performance may, or~~ (3) *publicly or privately admonish a judge or former judge found to have engaged in an improper action or dereliction of duty, subject to review in the Supreme Court in the manner provided for review of causes decided by a court of appeal. The commission may also bar a former judge who has been censured from receiving an assignment, appointment, or reference of work from any California state court. Upon petition by the judge or former judge, the Supreme Court may, in its discretion, grant review of a determination by the commission to retire, remove, censure, admonish, or disqualify pursuant to subdivision (b) a judge or former judge. When the Supreme Court reviews a determination of the commission, it*

may make an independent review of the record. If the Supreme Court has not acted within 120 days after granting the petition, the decision of the commission shall be final.

~~(d)~~

(e) A judge retired by the Supreme Court commission shall be considered to have retired voluntarily. A judge removed by the Supreme Court commission is ineligible for judicial office, including receiving an assignment, appointment, or reference of work from any California state court, and pending further order of the court is suspended from practicing law in this State. The State Bar may institute appropriate attorney disciplinary proceedings against any judge who retires or resigns from office with judicial disciplinary charges pending.

~~(e)~~

(f) A recommendation of determination by the Commission on Judicial Performance for the to admonish or censure, removal or retirement of a judge or former judge of the Supreme Court or remove or retire a judge of the Supreme Court shall be determined reviewed by a tribunal of 7 court of appeal judges selected by lot.

(f) If, after conducting a preliminary investigation, the Commission on Judicial Performance by vote determines that formal proceedings should be instituted:

(1) The judge or judges charged may require that formal hearings be public, unless the Commission on Judicial Performance by vote finds good cause for confidential hearings.

(2) The Commission on Judicial Performance may, without further review in the Supreme Court, issue a public reproof with the consent of the judge for conduct warranting discipline. The public reproof shall include an enumeration of any and all formal charges brought against the judge which have not been dismissed by the commission.

(3) The Commission on Judicial Performance may in the pursuit of public confidence and the interests of justice, issue press statements or releases or, in the event charges involve moral turpitude, dishonesty, or corruption, open hearings to the public.

(g) The Commission on Judicial Performance may issue explanatory statements at any investigatory stage when the subject matter is generally known to the public.

(h) The Judicial Council shall make rules implementing this section and providing for confidentiality of proceedings.

(g) No court, except the Supreme Court, shall have jurisdiction in a civil action or other legal proceeding of any sort brought against the commission by a judge. Any request for injunctive relief or other provisional remedy shall be granted or denied within 90 days of the filing of the request for relief. A failure to comply with the time requirements of this section does not affect the validity of commission proceedings.

(h) Members of the commission, the commission staff, and the examiners and investigators employed by the commission shall be absolutely immune from suit for all conduct at any time in the course of their official duties. No civil action may be maintained against a person, or adverse employment action taken against a person, by any employer, public or private, based on statements presented by the person to the commission.

(i) The Commission on Judicial Performance shall make rules implementing this section, including, but not limited to, the following:

(1) *The commission shall make rules for the investigation of judges. The commission may provide for the confidentiality of complaints to and investigations by the commission.*

(2) *The commission shall make rules for formal proceedings against judges when there is cause to believe there is a disability or wrongdoing within the meaning of subdivision (d).*

(j) *When the commission institutes formal proceedings, the notice of charges, the answer, and all subsequent papers and proceedings shall be open to the public for all formal proceedings instituted after February 28, 1995.*

(k) *The commission may make explanatory statements.*

(l) *The budget of the commission shall be separate from the budget of any other state agency or court.*

(m) *The Supreme Court shall make rules for the conduct of judges, both on and off the bench, and for judicial candidates in the conduct of their campaigns. These rules shall be referred to as the Code of Judicial Ethics.*

Third—That Section 18.5 is added to Article VI thereof, to read:

SEC. 18.5. (a) *Upon request, the Commission on Judicial Performance shall provide to the Governor of any State of the Union the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission's action, with respect to any applicant whom the Governor of any State of the Union indicates is under consideration for any judicial appointment.*

(b) *Upon request, the Commission on Judicial Performance shall provide the President of the United States the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission's action, with respect to any applicant whom the President indicates is under consideration for any federal judicial appointment.*

(c) *Upon request, the Commission on Judicial Performance shall provide the Commission on Judicial Appointments the text of any private admonishment, advisory letter, or other disciplinary action together with any information that the Commission on Judicial Performance deems necessary to a full understanding of the commission action, with respect to any applicant whom the Commission on Judicial Appointments indicates is under consideration for any judicial appointment.*

(d) *All information released under this section shall remain confidential and privileged.*

(e) *Notwithstanding subdivision (d), any information released pursuant to this section shall also be provided to the applicant about whom the information was requested.*

(f) *“Private admonishment” refers to a disciplinary action against a judge by the Commission on Judicial Performance as authorized by subdivision (c) of Section 18 of Article VI, as amended November 8, 1988.*

Fourth—That this measure shall become operative on March 1, 1995.

191. **Justice Courts.** (Statutes 1994, Resolution Chapter 113, SCA 7)
[Approved by electors November 8, 1994.]

PROPOSED AMENDMENTS TO ARTICLE VI

First—That Section 1 of Article VI thereof is amended to read:

SEC. 1. The judicial power of this State is vested in the Supreme Court, courts of appeal, superior courts, *and* municipal courts, ~~and justice courts~~. All courts are courts of record.

Second—That Section 5 of Article VI thereof is amended to read:

SEC. 5. (a) Each county shall be divided into municipal court ~~and justice court~~ districts as provided by statute, but a city may not be divided into more than one district. Each municipal ~~and justice~~ court shall have one or more judges. *Each municipal court district shall have no fewer than 40,000 residents; provided that each county shall have at least one municipal court district. The number of residents shall be determined as provided by statute.*

(b) On the operative date of this subdivision, all existing justice courts shall become municipal courts, and the number, qualifications, and compensation of judges, officers, attachés, and employees shall continue until changed by the Legislature. Each judge of a part-time municipal court is deemed to have agreed to serve full time and shall be available for assignment by the Chief Justice for the balance of time necessary to comprise a full-time workload.

~~There shall be a municipal court in each district of more than 40,000 residents and a justice court in each district of 40,000 residents or less. The number of residents shall be ascertained as provided by statute.~~

(c) The Legislature shall provide for the organization and prescribe the jurisdiction of municipal ~~and justice~~ courts. It shall prescribe for each municipal court ~~and provide for each justice court~~ the number, qualifications, and compensation of judges, officers, and employees.

~~(b)~~

(d) Notwithstanding the provisions of subdivision (a), any city in San Diego County may be divided into more than one municipal court ~~or justice court~~ district if the Legislature determines that unusual geographic conditions warrant such division.

Third—That Section 6 of Article VI thereof is amended to read:

SEC. 6. The Judicial Council consists of the Chief Justice and one other judge of the Supreme Court, 3 judges of courts of appeal, 5 judges of superior courts, ~~3 and 5~~ judges of municipal courts, ~~and 2~~ judges of justice courts, each appointed by the Chief Justice for a 2-year term; 4 members of the State Bar appointed by its governing body for 2-year terms; and one member of each house of the Legislature appointed as provided by the house.

Council membership terminates if a member ceases to hold the position that qualified the member for appointment. A vacancy shall be filled by the appointing power for the remainder of the term.

The council may appoint an Administrative Director of the Courts, who serves at its pleasure and performs functions delegated by the council or the Chief Justice, other than adopting rules of court administration, practice and procedure.

To improve the administration of justice the council shall survey judicial business and make recommendations to the courts, make recommendations

annually to the Governor and Legislature, adopt rules for court administration, practice and procedure, not inconsistent with statute, and perform other functions prescribed by statute.

The Chief Justice shall seek to expedite judicial business and to equalize the work of judges. The Chief Justice may provide for the assignment of any judge to another court but only with the judge's consent if the court is of lower jurisdiction. A retired judge who consents may be assigned to any court.

Judges shall report to the Judicial Council as the Chief Justice directs concerning the condition of judicial business in their courts. They shall cooperate with the council and hold court as assigned.

Fourth—That Section 11 of Article VI thereof is amended to read:

SEC. 11. The Supreme Court has appellate jurisdiction when judgment of death has been pronounced. With that exception courts of appeal have appellate jurisdiction when superior courts have original jurisdiction and in other causes prescribed by statute.

Superior courts have appellate jurisdiction in causes prescribed by statute that arise in municipal ~~and justice~~ courts in their counties.

The Legislature may permit appellate courts to take evidence and make findings of fact when jury trial is waived or not a matter of right.

Fifth—That Section 15 of Article VI thereof is amended to read:

SEC. 15. A person is ineligible to be a judge of a court of record unless for 5 years immediately preceding selection to a municipal ~~or justice~~ court or 10 years immediately preceding selection to other courts, the person has been a member of the State Bar or served as a judge of a court of record in this State. A judge eligible for municipal court service may be assigned by the Chief Justice to serve on any court.

184. Increased Sentences. Repeat Offenders.

[Approved by electors November 8, 1994.]

PROPOSED LAW

The People of the State of California do enact as follows:

It is the intent of the People of the State of California in enacting this measure to ensure longer prison sentences and greater punishment for those who commit a felony and have been previously convicted of serious and/or violent felony offenses.

SECTION 1. Section 1170.12 is added to the Penal Code, to read:

1170.12. (a) *Notwithstanding any other provision of law, if a defendant has been convicted of a felony and it has been pled and proved that the defendant has one or more prior felony convictions, as defined in subdivision (b), the court shall adhere to each of the following:*

(1) *There shall not be an aggregate term limitation for purposes of consecutive sentencing for any subsequent felony conviction.*

(2) *Probation for the current offense shall not be granted, nor shall execution or imposition of the sentence be suspended for any prior offense.*

(3) *The length of time between the prior felony conviction and the current felony conviction shall not affect the imposition of sentence.*

(4) *There shall not be a commitment to any other facility other than the state prison. Diversion shall not be granted nor shall the defendant be eligible for commitment to the California Rehabilitation Center as provided in Article 2 (commencing with Section 3050) of Chapter 1 of Division 3 of the Welfare and Institutions Code.*

(5) *The total amount of credits awarded pursuant to Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall not exceed one-fifth of the total term of imprisonment imposed and shall not accrue until the defendant is physically placed in the state prison.*

(6) *If there is a current conviction for more than one felony count not committed on the same occasion, and not arising from the same set of operative facts, the court shall sentence the defendant consecutively on each count pursuant to this section.*

(7) *If there is a current conviction for more than one serious or violent felony as described in paragraph (6) of this subdivision, the court shall impose the sentence for each conviction consecutive to the sentence for any other conviction for which the defendant may be consecutively sentenced in the manner prescribed by law.*

(8) *Any sentence imposed pursuant to this section will be imposed consecutive to any other sentence which the defendant is already serving, unless otherwise provided by law.*

(b) *Notwithstanding any other provision of law and for the purposes of this section, a prior conviction of a felony shall be defined as:*

(1) *Any offense defined in subdivision (c) of Section 667.5 as a violent felony or any offense defined in subdivision (c) of Section 1192.7 as a serious felony in this state. The determination of whether a prior conviction is a prior felony conviction for purposes of this section shall be made upon the date of that prior conviction and is not affected by the sentence imposed unless the sentence automatically, upon the initial sentencing, converts the felony to a misdemeanor. None of the following dispositions shall affect the determination that a prior conviction is a prior felony for purposes of this section:*

(A) *The suspension of imposition of judgment or sentence.*

(B) *The stay of execution of sentence.*

(C) *The commitment to the State Department of Health Services as a mentally disordered sex offender following a conviction of a felony.*

(D) *The commitment to the California Rehabilitation Center or any other facility whose function is rehabilitative diversion from the state prison.*

(2) *A conviction in another jurisdiction for an offense that, if committed in California, is punishable by imprisonment in the state prison. A prior conviction of a particular felony shall include a conviction in another jurisdiction for an offense that includes all of the elements of the particular felony as defined in subdivision (c) of Section 667.5 or subdivision (c) of Section 1192.7.*

(3) *A prior juvenile adjudication shall constitute a prior felony conviction for purposes of sentence enhancement if:*

(A) *The juvenile was sixteen years of age or older at the time he or she committed the prior offense, and*

(B) *The prior offense is*

(i) *listed in subdivision (b) of Section 707 of the Welfare and Institutions Code, or*

(ii) *listed in this subdivision as a felony, and*

(C) The juvenile was found to be a fit and proper subject to be dealt with under the juvenile court law, and

(D) The juvenile was adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code.

(c) For purposes of this section, and in addition to any other enhancements or punishment provisions which may apply, the following shall apply where a defendant has a prior felony conviction:

(1) If a defendant has one prior felony conviction that has been pled and proved, the determinate term or minimum term for an indeterminate term shall be twice the term otherwise provided as punishment for the current felony conviction.

(2) (A) If a defendant has two or more prior felony convictions, as defined in paragraph (1) of subdivision (b), that have been pled and proved, the term for the current felony conviction shall be an indeterminate term of life imprisonment with a minimum term of the indeterminate sentence calculated as the greater of

(i) three times the term otherwise provided as punishment for each current felony conviction subsequent to the two or more prior felony convictions, or

(ii) twenty-five years or

(iii) the term determined by the court pursuant to Section 1170 for the underlying conviction, including any enhancement applicable under Chapter 4.5 (commencing with Section 1170) of Title 7 of Part 2, or any period prescribed by Section 190 or 3046.

(B) The indeterminate term described in subparagraph (A) of paragraph (2) of this subdivision shall be served consecutive to any other term of imprisonment for which a consecutive term may be imposed by law. Any other term imposed subsequent to any indeterminate term described in subparagraph (A) of paragraph (2) of this subdivision shall not be merged therein but shall commence at the time the person would otherwise have been released from prison.

(d) (1) Notwithstanding any other provision of law, this section shall be applied in every case in which a defendant has a prior felony conviction as defined in this section. The prosecuting attorney shall plead and prove each prior felony conviction except as provided in paragraph (2).

(2) The prosecuting attorney may move to dismiss or strike a prior felony conviction allegation in the furtherance of justice pursuant to Section 1385, or if there is insufficient evidence to prove the prior conviction. If upon the satisfaction of the court that there is insufficient evidence to prove the prior felony conviction, the court may dismiss or strike the allegation.

(e) Prior felony convictions shall not be used in plea bargaining, as defined in subdivision (b) of Section 1192.7. The prosecution shall plead and prove all known prior felony convictions and shall not enter into any agreement to strike or seek the dismissal of any prior felony conviction allegation except as provided in paragraph (2) of subdivision (d).

SECTION 2. All references to existing statutes are to statutes as they existed on June 30, 1993.

SECTION 3. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SECTION 4. The provisions of this measure shall not be amended by the Legislature except by statute passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring, or by a statute that becomes effective only when approved by the electors.

187. Illegal Aliens. Ineligibility for Public Services. Verification and Reporting.

[Approved by electors November 8, 1994.]

PROPOSED LAW

SECTION 1. Findings and Declaration.

The People of California find and declare as follows:

That they have suffered and are suffering economic hardship caused by the presence of illegal aliens in this state.

That they have suffered and are suffering personal injury and damage caused by the criminal conduct of illegal aliens in this state.

That they have a right to the protection of their government from any person or persons entering this country unlawfully.

Therefore, the People of California declare their intention to provide for cooperation between their agencies of state and local government with the federal government, and to establish a system of required notification by and between such agencies to prevent illegal aliens in the United States from receiving benefits or public services in the State of California.

SECTION 2. Manufacture, Distribution or Sale of False Citizenship or Resident Alien Documents: Crime and Punishment.

Section 113 is added to the Penal Code, to read:

113. Any person who manufactures, distributes or sells false documents to conceal the true citizenship or resident alien status of another person is guilty of a felony, and shall be punished by imprisonment in the state prison for five years or by a fine of seventy-five thousand dollars (\$75,000).

SECTION 3. Use of False Citizenship or Resident Alien Documents: Crime and Punishment.

Section 114 is added to the Penal Code, to read:

114. Any person who uses false documents to conceal his or her true citizenship or resident alien status is guilty of a felony, and shall be punished by imprisonment in the state prison for five years or by a fine of twenty-five thousand dollars (\$25,000).

SECTION 4. Law Enforcement Cooperation with INS.

Section 834b is added to the Penal Code, to read:

834b. (a) Every law enforcement agency in California shall fully cooperate with the United States Immigration and Naturalization Service regarding any person who is arrested if he or she is suspected of being present in the United States in violation of federal immigration laws.

(b) With respect to any such person who is arrested, and suspected of being present in the United States in violation of federal immigration laws, every law enforcement agency shall do the following:

(1) Attempt to verify the legal status of such person as a citizen of the United States, an alien lawfully admitted as a permanent resident, an alien lawfully admitted for a temporary period of time or as an alien who is present in the United States in violation of immigration laws. The verification process may

include, but shall not be limited to, questioning the person regarding his or her date and place of birth, and entry into the United States, and demanding documentation to indicate his or her legal status.

(2) Notify the person of his or her apparent status as an alien who is present in the United States in violation of federal immigration laws and inform him or her that, apart from any criminal justice proceedings, he or she must either obtain legal status or leave the United States.

(3) Notify the Attorney General of California and the United States Immigration and Naturalization Service of the apparent illegal status and provide any additional information that may be requested by any other public entity.

(c) Any legislative, administrative, or other action by a city, county, or other legally authorized local governmental entity with jurisdictional boundaries, or by a law enforcement agency, to prevent or limit the cooperation required by subdivision (a) is expressly prohibited.

SECTION 5. Exclusion of Illegal Aliens from Public Social Services.

Section 10001.5 is added to the Welfare and Institutions Code, to read:

10001.5. (a) In order to carry out the intention of the People of California that only citizens of the United States and aliens lawfully admitted to the United States may receive the benefits of public social services and to ensure that all persons employed in the providing of those services shall diligently protect public funds from misuse, the provisions of this section are adopted.

(b) A person shall not receive any public social services to which he or she may be otherwise entitled until the legal status of that person has been verified as one of the following:

(1) A citizen of the United States.

(2) An alien lawfully admitted as a permanent resident.

(3) An alien lawfully admitted for a temporary period of time.

(c) If any public entity in this state to whom a person has applied for public social services determines or reasonably suspects, based upon the information provided to it, that the person is an alien in the United States in violation of federal law, the following procedures shall be followed by the public entity:

(1) The entity shall not provide the person with benefits or services.

(2) The entity shall, in writing, notify the person of his or her apparent illegal immigration status, and that the person must either obtain legal status or leave the United States.

(3) The entity shall also notify the State Director of Social Services, the Attorney General of California, and the United States Immigration and Naturalization Service of the apparent illegal status, and shall provide any additional information that may be requested by any other public entity.

SECTION 6. Exclusion of Illegal Aliens from Publicly Funded Health Care.

Chapter 1.3 (commencing with Section 130) is added to Part 1 of Division 1 of the Health and Safety Code, to read:

CHAPTER 1.3. PUBLICLY-FUNDED HEALTH CARE SERVICES

130. (a) In order to carry out the intention of the People of California that, excepting emergency medical care as required by federal law, only citizens of the United States and aliens lawfully admitted to the United States may receive the benefits of publicly-funded health care, and to ensure that all persons employed in the providing of those services shall diligently protect public funds from misuse, the provisions of this section are adopted.

(b) A person shall not receive any health care services from a publicly-funded health care facility, to which he or she is otherwise entitled until the legal status of that person has been verified as one of the following:

(1) A citizen of the United States.

(2) An alien lawfully admitted as a permanent resident.

(3) An alien lawfully admitted for a temporary period of time.

(c) If any publicly-funded health care facility in this state from whom a person seeks health care services, other than emergency medical care as required by federal law, determines or reasonably suspects, based upon the information provided to it, that the person is an alien in the United States in violation of federal law, the following procedures shall be followed by the facility:

(1) The facility shall not provide the person with services.

(2) The facility shall, in writing, notify the person of his or her apparent illegal immigration status, and that the person must either obtain legal status or leave the United States.

(3) The facility shall also notify the State Director of Health Services, the Attorney General of California, and the United States Immigration and Naturalization Service of the apparent illegal status, and shall provide any additional information that may be requested by any other public entity.

(d) For purposes of this section "publicly-funded health care facility" shall be defined as specified in Sections 1200 and 1250 of this code as of January 1, 1993.

SECTION 7. Exclusion of Illegal Aliens from Public Elementary and Secondary Schools.

Section 48215 is added to the Education Code, to read:

48215. (a) No public elementary or secondary school shall admit, or permit the attendance of, any child who is not a citizen of the United States, an alien lawfully admitted as a permanent resident, or a person who is otherwise authorized under federal law to be present in the United States.

(b) Commencing January 1, 1995, each school district shall verify the legal status of each child enrolling in the school district for the first time in order to ensure the enrollment or attendance only of citizens, aliens lawfully admitted as permanent residents, or persons who are otherwise authorized to be present in the United States.

(c) By January 1, 1996, each school district shall have verified the legal status of each child already enrolled and in attendance in the school district in order to ensure the enrollment or attendance only of citizens, aliens lawfully admitted as permanent residents, or persons who are otherwise authorized under federal law to be present in the United States.

(d) By January 1, 1996, each school district shall also have verified the legal status of each parent or guardian of each child referred to in subdivisions (b) and (c), to determine whether such parent or guardian is one of the following:

(1) A citizen of the United States.

(2) An alien lawfully admitted as a permanent resident.

(3) An alien admitted lawfully for a temporary period of time.

(e) Each school district shall provide information to the State Superintendent of Public Instruction, the Attorney General of California, and the United States Immigration and Naturalization Service regarding any enrollee or pupil, or parent or guardian, attending a public elementary or secondary school in the school district determined or reasonably suspected to be in violation of federal immigration laws within forty-five days after becoming aware of an apparent violation. The notice shall also be provided to the parent or legal guardian of the

enrollee or pupil, and shall state that an existing pupil may not continue to attend the school after ninety calendar days from the date of the notice, unless legal status is established.

(f) For each child who cannot establish legal status in the United States, each school district shall continue to provide education for a period of ninety days from the date of the notice. Such ninety day period shall be utilized to accomplish an orderly transition to a school in the child's country of origin. Each school district shall fully cooperate in this transition effort to ensure that the educational needs of the child are best served for that period of time.

SECTION 8. Exclusion of Illegal Aliens from Public Postsecondary Educational Institutions.

Section 66010.8 is added to the Education Code, to read:

66010.8. (a) No public institution of postsecondary education shall admit, enroll, or permit the attendance of any person who is not a citizen of the United States, an alien lawfully admitted as a permanent resident in the United States, or a person who is otherwise authorized under federal law to be present in the United States.

(b) Commencing with the first term or semester that begins after January 1, 1995, and at the commencement of each term or semester thereafter, each public postsecondary educational institution shall verify the status of each person enrolled or in attendance at that institution in order to ensure the enrollment or attendance only of United States citizens, aliens lawfully admitted as permanent residents in the United States, and persons who are otherwise authorized under federal law to be present in the United States.

(c) No later than 45 days after the admissions officer of a public postsecondary educational institution becomes aware of the application, enrollment, or attendance of a person determined to be, or who is under reasonable suspicion of being, in the United States in violation of federal immigration laws, that officer shall provide that information to the State Superintendent of Public Instruction, the Attorney General of California, and the United States Immigration and Naturalization Service. The information shall also be provided to the applicant, enrollee, or person admitted.

SECTION 9. Attorney General Cooperation with the INS.

Section 53069.65 is added to the Government Code, to read:

53069.65. Whenever the state or a city, or a county, or any other legally authorized local governmental entity with jurisdictional boundaries reports the presence of a person who is suspected of being present in the United States in violation of federal immigration laws to the Attorney General of California, that report shall be transmitted to the United States Immigration and Naturalization Service. The Attorney General shall be responsible for maintaining on-going and accurate records of such reports, and shall provide any additional information that may be requested by any other government entity.

SECTION 10. Amendment and Severability.

The statutory provisions contained in this measure may not be amended by the Legislature except to further its purposes by statute passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring, or by a statute that becomes effective only when approved by the voters.

In the event that any portion of this act or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect any other provision or application of the act, which can be given effect without the invalid provision or application, and to that end the provisions of this act are severable.

PROPOSED LAW

CALIFORNIA HEALTH SECURITY ACT

SECTION 1. This initiative establishes a California health security system that will protect California consumers, taxpayers, and employers from the skyrocketing cost of health care. Savings will be achieved by limiting health care costs, eliminating waste, and emphasizing disease prevention. Under the time-tested single-payer system established by this act and administered by an elected Health Commissioner, the practice of medicine will remain private. Under the health security system, all Californians will have free choice of health care provider, regardless of employment, and access to comprehensive health care, including long-term care. The health security system will provide these services for the same or less money in real dollars than is spent on health care in California today.

SECTION 2. Division 13 (commencing with Section 25000) is added to the Welfare and Institutions Code, to read:

DIVISION 13. CALIFORNIA HEALTH SECURITY ACT

CHAPTER 1. FINDINGS AND INTENT

25000. *This act shall be known and may be cited as the California Health Security Act.*

25001. *Findings and declarations.*

The people of the State of California find and declare as follows:

(a) *Californians have a right not to be financially ruined when they or their loved ones become sick or ill.*

(b) *California employers have a right not to be driven into insolvency by the spiraling cost of employee medical benefits.*

(c) *Californians have a right to high-quality health care.*

(d) *Californians should be guaranteed the freedom to choose their own doctor or other health care provider.*

(e) *Californians should not be at risk of losing their health benefits if they change or lose their jobs.*

(f) *California taxpayers are bearing enormous financial costs because many Californians do not have a regular health care provider. This lack of primary care leads to expensive overuse of emergency facilities resulting in exorbitant financial costs that are ultimately borne by the taxpayers.*

(g) *Because health care costs are rising faster than wages and prices, the number of uninsured and under-insured Californians is growing at an alarming rate. Over five million Californians presently have no health insurance. Children, low-income working and unemployed individuals, and individuals with disabilities and chronic conditions, in particular, are having a harder and harder time getting all types of medical care.*

(h) In spite of the fact that employers and individuals spend huge amounts of money purchasing health insurance from insurance companies, the insurance they purchase often does not provide adequate medical care or real protection from financial ruin, especially if a loved one develops a catastrophic illness or needs long-term care.

(i) Enormous savings will be achieved in California upon institution of a single-payer for health care. Savings will be achieved by decreasing wasteful administrative overhead, bargaining for the best possible prescription drug prices, providing more cost-effective primary care, and by providing long-term care at home. The current health care system is so wasteful that the savings will be enough to fund universal coverage for all medical care services and extend benefits to include long-term care, mental health care, and some dental services, and increase the resources available to prevent disease, all for the same amount of money currently spent on health care in California.

(j) The quality of health care can be improved in California upon institution of a single-payer for health care. Quality can be improved by changing those features of the health care system that underserve consumers and which subject some to the risks of unnecessary medical treatments.

(k) Since people always need health care services, prices for those services often do not respond to normal supply-and-demand market forces. As a result, health care costs much more than it should to provide for the health care needs of Californians. Any health care delivery system relying on price competition is unlikely to keep costs in check or provide universal health services to the population. Price control is therefore necessary to achieve cost containment and to make quality health care accessible to all.

(l) Because the best way to control health care costs in the long run is to prevent disease, funding for public health measures, and for research directed at the causes and prevention of disease, should be directly related to the overall cost of illness to society.

(m) Health care consumers need to participate in developing and reviewing public policies affecting the quality, accessibility, and accountability of health care service providers. Health care consumers therefore have the right voluntarily to join and support a democratically-controlled Health Care Consumer Council that will represent their interests before administrative, judicial, and legislative bodies, and that will have an efficient and honest system for funding.

(n) Safeguarding the quality and accountability of the health care system requires that there be a Health Commissioner who is elected by a direct vote of the people of California.

25002. Purpose and intent.

The people enact this act to accomplish the following purposes:

(a) To replace the current hodgepodge of government programs, private health insurance, and health care expenditures by individuals with a comprehensive and sensible health security system that will provide all medically appropriate care specific to individual needs, including preventive, mental health, and long-term care, as well as prescription drug coverage, and some dental care for all Californians.

(b) To control health care costs without compromising quality, primarily by eliminating wasteful overhead and excessive expenditures that do not contribute to the quality of health care.

(c) *To finance the health security system in a manner that is fair, and spend no more money per individual in real dollars than is now being spent on health care in California.*

(d) *To provide incentives by which competition can improve quality and service in the health care system. When consumers have freedom of choice of health care providers, instead of a restricted choice of health plans based on what they can afford, providers have an incentive to provide the best quality care and service, in order to attract patients. When providers have freedom of mode of reimbursement, such as a choice of fee-for-service, capitation, or salary, under an overall budget, they can focus on taking the best possible care of their patients, without bureaucratic intrusion into the relationship between individual providers and their patients.*

(e) *To allocate health security system funds effectively in order to make the highest standards of care available for all Californians.*

(f) *To address the current and future health care needs of all Californians through emphasis on public health measures, changes in training and distribution of health care workers, and an intensive program of research into the causes of disease and the most effective means of preventing illness.*

(g) *To convert the current health care delivery system from one focused on emergency care to one focused on primary health care services and the promotion, restoration, and maintenance of health. These reforms will integrate all health care services and emphasize preventive services, early intervention, vigorous rehabilitation, and restorative care in order to make health care a more vital part of individual and community life.*

(h) *To establish a governance structure for the health security system that is democratic and accountable while assuring the quality, reliability, efficiency, and effectiveness of the system.*

(i) *To ensure effective representation of the interests of the state's health care consumers before all administrative, judicial, and legislative bodies by establishing a Health Care Consumer Council funded only by voluntary contributions and grants and controlled by a democratically-elected board of directors.*

(j) *To provide initial benefits under the health security system as of January 1, of the second year following passage of the act, with full benefits provided no more than four years later.*

(k) *To have a neutral effect on the spending limit in Article XIII B of the California Constitution so that spending under this act neither increases nor decreases the amount of appropriations available for non-health-related spending by state and local government entities.*

(l) *To give the elected Health Commissioner the maximum authority permitted by law to determine budgeting needs and appropriations for the health security system.*

(m) *To achieve compliance with federal health care reform legislation and to obtain the maximum amount of federal revenues possible to fund the health security system.*

25003. Construction.

This act shall be liberally construed to accomplish its purposes.

CHAPTER 2. DEFINITIONS

25004. *The definitions contained in this section shall govern the construction of this division, unless the context requires otherwise.*

(a) "Academic medical center" means a health facility associated with a degree-granting health professional training program and with major resource commitments to research.

(b) "Advisory board" means the Health Care Policy Advisory Board appointed by the commissioner to make expert recommendations on all aspects of health care policy.

(c) "Base year" means the 12 months prior to the passage of the act.

(d) "Base fiscal year" means the fiscal year of passage of the act.

(e) "Capitation" means allocation of health security system funds to a professional provider or integrated professional provider network based on the number of individuals whose health care must be covered, with respect to all benefits available under the health security system, for the calendar year, or part thereof, by that professional provider or professional provider network.

(f) "Clinic" means a facility licensed pursuant to Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code, subject to standards and criteria.

(g) "Clinical case manager" means a licensed professional provider who provides case management of an individual's health care. A case manager shall be a primary care professional provider, except in the case of individuals with particular chronic medical conditions requiring a specialist to be the case manager. An individual may select a specialist as a case manager if his or her primary health care needs are served within that specialty and the specialist is able and willing to provide individual case management.

(h) "Clinical case management" means a collaborative process that assesses, plans, implements, coordinates, monitors, and evaluates options and services to meet an individual's health care needs through communications and available resources to promote quality, cost-effective outcomes.

(i) "Commissioner" means the California State Health Commissioner, whose office is established by this act.

(j) "Complementary medicine" means those medical and health practices based upon empirical healing benefits and cultural traditions that do not rely on prevailing allopathic pharmaceuticals and techniques.

(k) "Consumer council" means the Health Care Consumer Council established by this act.

(l) "Effective date" means the day after passage of this act.

(m) "Elective care" means health care services that are not emergency care or urgent care, as determined by the commissioner based on recommendation of the advisory board.

(n) "Employee" means a resident of California who works for an employer, is listed on the employer's payroll records, and is under the employer's control.

(o) "Employer" means any person, partnership, corporation, association, joint venture, or public or private entity employing for wages, salary, or other compensation, one or more employees at any one time to work in this state. "Employer" does not include self-employed persons with respect to earnings from self-employment.

(p) "Emergency care" means health care services required for alleviation of severe pain or distress or for immediate diagnosis and treatment of unforeseen medical conditions which, if not immediately diagnosed and treated, could lead to disability or death, as defined in Section 16953 of the Welfare and Institutions Code.

(q) "Health facility" means a facility licensed pursuant to Chapter 2 (commencing with Section 1250) of, and Chapter 8 (commencing with Section 1725) of, Division 2 of the Health and Safety Code, subject to standards and criteria.

(r) "Health security system" means the program of comprehensive health services administered by the commissioner as set out in this act, and all policies and directives of the commissioner.

(s) "Medical care" means all health care items and services, except for items and services not reasonable and necessary for the diagnosis, treatment, or prevention of illness or injury or to improve the functioning of a malformed or injured body member, according to guidelines established by the commissioner based on recommendation of the advisory board.

(t) "Medical indication" means the set of medical conditions for which there is evidence that a particular service improves the overall health outcome of patients receiving that service.

(u) "Medically appropriate" means all health care services and procedures chosen by the patient's health care professional provider subject to the guidelines established by the commissioner based on recommendation of the advisory board.

(v) "Mental health care" means health care services provided for the prevention, diagnosis, or treatment, of one or more mental disorders, including substance dependence and abuse and diseases of the brain.

(w) "Mode of reimbursement" means the way in which a professional provider is paid, including, but not necessarily limited to, any of the following:

(1) A fee for each service provided.

(2) Capitation.

(3) Salary.

(x) "Primary care" means comprehensive, longitudinal, individual clinical prevention and treatment services, provided by a professional provider acting within the scope of his or her practice, subject to standards and criteria.

(y) "Primary care provider" means a professional provider delivering primary care.

(z) "Professional provider" means an individual licensed to provide health care services pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code, subject to standards and criteria.

(aa) "Provider" means a professional provider, health facility, or clinic, subject to standards and criteria.

(bb) "Regional administrator" means the individual appointed by the commissioner to coordinate health security system activities in a system region.

(cc) "Regional consumer advocate" means the individual appointed for each system region by the commissioner to serve as the ombudsperson and liaison between health care consumers and the health security system.

(dd) "Resident" means a resident of California as determined pursuant to Section 244 of the Government Code, or as otherwise defined by the Legislature.

(ee) "Secondary care" means both of the following:

(1) Outpatient health care services other than those that constitute primary care.

(2) Inpatient health care services other than those that constitute tertiary care.

(ff) "Specialist" means those professional providers who are specialty board certified or eligible for certification, who currently provide specialized health care services in the State of California, or who provide specialized health care services and accept referrals from primary care providers, case managers, and other specialists, subject to standards and criteria.

(gg) "State gross domestic product" means the sum total of the value of all goods sold, and services provided, in the State of California for any given year as determined by the U.S. Department of Commerce.

(hh) "Standards and criteria" means standards and criteria as promulgated by the commissioner.

(ii) "System" means the health security system established by this act.

(jj) "System budget" means the amount of money projected to be spent in the state on health care in any given year under the health security system pursuant to Chapter 7 (commencing with Section 25150).

(kk) "System formulary" means the list of drugs that are covered for payment by the health security system when prescribed by a professional provider acting within the scope of his or her practice according to standards and criteria.

(ll) "System region" means a region of the state composed of geographically contiguous counties grouped on the basis of common economic or demographic characteristics, for administrative and other purposes of the health security system.

(mm) "Tertiary care" means the specialized diagnostic and treatment services for which regional referral centers have been designated by the commissioner.

CHAPTER 3. ELIGIBILITY

25006. (a) All Californians who meet residency requirements defined by the Legislature and certified by the commissioner are eligible for covered benefits specified in Chapter 4 (commencing with Section 25010), other than long-term care benefits as provided in Article 4 (commencing with Section 25025) of Chapter 4.

(b) A California resident eligible for benefits under subdivision (a) is further eligible for long-term care benefits as provided in Article 4 (commencing with Section 25025) of Chapter 4 upon showing any of the following:

(1) That he or she has been employed full time for not less than 24 months, or a correspondingly greater number of months of part-time employment, by an employer who, for the entire time, met either of the following requirements:

(A) Made payments into the Health Security Fund pursuant to Section 25115, less any credit allowed under Section 33003 of the Revenue and Taxation Code.

(B) Was exempt from making payments pursuant to Section 25136.

(2) That he or she has, for a period of two years, made individual payments by way of taxes or otherwise into the Health Security Fund pursuant to Section 25120, less any credit allowed under subdivision (b) of Section 33003 of the Revenue and Taxation Code.

(3) That he or she was, for the period specified, a dependent member of the household of a person qualifying under paragraph (1) or (2).

(4) That he or she is entitled under federal law to those benefits.

(c) Until such time as the Legislature establishes residency requirements for purposes of this act, residency shall be determined according to Section 244 of the Government Code.

(d) Any individual who is not eligible for long-term care under subdivision (b) shall be eligible for care to the same extent and under the same conditions as he or she would have been eligible under programs existing prior to the effective date of this act, including, but not limited to, the Medical Assistance Program (Medi-Cal) and the California Children's Services program.

25007. Eligibility cards.

(a) The regional administrator for each system region shall certify the eligibility of each individual within the region, pursuant to Section 25006, and

shall provide each eligible individual with a card with an identifying number listing any limitations of the services for which the individual is eligible. The card shall be in the form and manner as determined by the commissioner, or as required by federal law.

(b) (1) In the case of minors under the age of 18, the regional administrator shall issue the card to a person having legal custody of the minor. More than one minor may be listed on a single card.

(2) Any eligible minor who is legally capable of giving consent to health care may apply to the regional administrator for a separate card. The card shall be limited to the types of care for which the minor may lawfully consent.

(c) (1) Within 30 days of receipt of a completed application, the regional administrator shall issue an eligibility card, or provide a written explanation for its denial or any restrictions placed thereon.

(2) If good cause exists to believe that the applicant may not meet the eligibility requirements of Section 25006, the regional administrator may extend the period under paragraph (1) up to an additional 30 days to permit further investigation.

(3) Where necessary to avoid an interruption in care, the regional administrator may issue a temporary eligibility card.

25008. Presumptive eligibility.

(a) If a patient arrives at a health facility or clinic who is unconscious, comatose, or otherwise unable because of his or her physical or mental condition to document eligibility or to act in his or her own behalf, or if the patient is a minor, the patient shall be presumed to be eligible and the health facility or clinic shall provide care as if the patient were eligible.

(b) Any individual involuntarily committed to an acute psychiatric facility or to a hospital with psychiatric beds pursuant to any provision of Section 5150 of the Welfare and Institutions Code providing for involuntary commitment, shall be presumed eligible.

25009. Nothing in the California Health Security Act shall relieve the counties of their obligation under Part 5 (commencing with Section 17000) of Division 9.

CHAPTER 4. BENEFITS

Article 1. General

25010. (a) Any eligible individual may choose to receive services under this division from any willing professional provider participating in the health security system.

(b) No eligible individual shall be required to meet a deductible or copayment as a condition for receiving health care services by any health facility or clinic or professional provider reimbursed by the health security system except as follows:

(1) As authorized by the commissioner under provisions for implementing phase-in of the health security system, as provided in Chapter 10 (commencing with Section 25300).

(2) For outpatient prescription drugs as specified in Article 3 (commencing with Section 25020).

(3) For room and board charges as specified in Article 4 (commencing with Section 25025) and Article 5 (commencing with Section 25030).

(4) For cost control purposes as specified in Article 8 (commencing with Section 25225) of Chapter 7.

Article 2. Medical Benefits

25015. Covered benefits in this chapter shall include all medical care determined to be medically appropriate by the patient's health care provider, except as excluded under Section 25045, including, but not limited to, all of the following:

(a) Inpatient and outpatient health facility or clinic services other than long-term care services as defined in subdivision (a) of Section 25025.

(b) Inpatient and outpatient professional provider services, including eye care and home health care.

(c) Diagnostic imaging, laboratory services, and other diagnostic and evaluative services.

(d) Prenatal, perinatal, and maternity care.

(e) Durable medical equipment and appliances including prosthetics, eyeglasses, and hearing aids, as determined by the commissioner.

(f) Podiatry.

(g) Chiropractic.

(h) Dialysis.

(i) Emergency transportation and necessary transportation for health care services for the disabled, as determined by the commissioner.

(j) Rehabilitative care.

(k) Language interpretation for health care services, including sign language, for those unable to speak, hear, or understand English, and for the hearing impaired.

(l) Blood.

25016. Covered benefits in this chapter shall include outreach, education, and screening services, including, but not limited to:

(a) Children's preventive care, well-child care, immunizations, screening, outreach, and education.

(b) Adult preventive care including mammograms, Pap smears and other screening, outreach, and educational services.

Article 3. Prescription Drugs

25020. (a) Covered benefits in this chapter shall include pharmacological products of proven pharmaceutical effectiveness pursuant to a system formulary composed of the best-priced prescription drugs of proven efficacy for particular conditions as set out in Section 25216. In establishing the formulary, and achieving the lowest possible prices for formulary drugs, the commissioner shall not be considered to be the dispenser or distributor of formulary drugs.

(b) Only those prescription drugs on the system formulary shall be reimbursed under the health security system, except where special standards and criteria are met.

(c) The health security system shall cover the full cost of all drugs provided during hospitalizations and during emergency care.

(d) Except as otherwise provided in this subdivision, a copayment of not more than five dollars (\$5) per prescription shall be charged for outpatient prescription drugs.

(1) Standards and criteria for application of, adjustment of, and a ceiling on, outpatient prescription drug copayments shall be established.

(2) A list of drugs available without copayments, including, but not limited to, antineoplastic agents, drugs to combat infectious diseases including tuberculosis, blood derivatives and immune serum globulins, vaccines, and sera, shall be established and may be modified at the discretion of the commissioner.

(3) A mechanism for waiving the prescription drug copayment requirement in the case of individuals whose financial resources are insufficient to meet any copayment shall be established by the commissioner.

(e) A mechanism for daily drug dispensing for those individuals who are eligible for drugs without copayment pursuant to paragraphs (2) and (3) of subdivision (d), but who are deemed unable to manage their own drugs on the basis of repeated loss of prescribed drugs provided without copayment, shall be established according to standards and criteria.

Article 4. Long-Term Services

25025. (a) Long-term services necessary for the physical health, mental health, social, and personal needs of individuals with limited self-care capabilities are covered benefits under this division as provided in this section.

(b) Long-term services shall include all of the following:

- (1) Institutional and residential care including Alzheimer's disease units.
- (2) Home health care.
- (3) Hospice care.
- (4) Home- and community-based services, including personal assistance and attendant care.
- (5) Appropriate access to specialty consultation within long-term care settings.
- (6) Reassessment of an individual's need for long-term services, conducted at appropriate intervals, but not less than once a year.

(c) Individual needs for long-term care shall be determined through a standardized assessment of the individual's abilities for self-care and need for a particular level of care. This assessment shall occur at the time of discharge planning, if applicable, and otherwise shall occur before provision of long-term care services under this section, and shall include all of the following, unless otherwise specified by the commissioner:

- (1) Medical examinations necessary to determine what level of medical care is required.
- (2) Environmental and psychosocial evaluations to determine what the individual can and cannot do for himself or herself physically, as well as mentally.
- (3) Services, service coordination, or case management, to ensure that necessary services are provided to enable the individual to remain safely in the least restrictive setting.

(4) Early intervention services and individualized family services for the developmentally disabled pursuant to Part H of the Individuals with Disabilities Education Act (20 U.S.C. 1471, et seq.) and Title 14 (commencing with Section 95000) of the Government Code.

(d) Services may be provided in the individual's home, or through community-based, residential, or institutional programs, pursuant to standards and criteria.

(e) In providing long-term services under this section, the commissioner shall encourage and reimburse noninstitutional long-term services where appropriate, as determined pursuant to the assessment and reassessment process. At the discretion of the commissioner, up to 100 percent of the cost to the health security system of institutional care may be expended in order to allow persons needing long-term services to remain safely in their homes to the maximum extent possible.

(f) The health security system shall not cover that portion of long-term care expenses incurred for room and board, unless an individual has no resources for payment as determined by the commissioner. Persons with low income and assets

shall be charged for basic room and board at a reduced rate corresponding to a percentage of Social Security or other income, as determined by the commissioner. Additional amenities for room and board may be purchased at individual expense.

Article 5. Mental Health Care Benefits

25030. (a) *Mental health care services that are medically appropriate, including, but not limited to, treatment for substance abuse and treatment for diseases of the brain, are covered benefits under this division.*

(b) *Covered mental health care benefits in this chapter shall include, but not be limited to, the following, when determined to be medically appropriate by the commissioner:*

(1) *Crisis intervention, including assessment, diagnosis, brief emergency treatment, and referral.*

(2) *Outpatient services, including, but not limited to, adult day care, detoxification services, home health care, psychosocial rehabilitation, and professionally sponsored and professionally supervised self-help and peer-support programs which are approved by the commissioner.*

(3) *Intermediate-level care, including, but not limited to, intensive day and evening programs and institutional and residential services. The health security system shall not cover that portion of intermediate-level care expenses incurred for room and board in excess of one meal per day, unless an individual has no resources for payment. Persons with low income and assets shall be charged for basic room and board at a reduced rate, as determined by the commissioner. The reduced rate charged to individuals with low income for room and board shall be a percentage of Social Security or other income, to be determined by the commissioner. Additional amenities for room and board may be purchased at individual expense.*

(4) *Inpatient health facility services as approved by the commissioner based on the recommendations of the advisory board.*

(5) *Professional provider services at outpatient, intermediate, and inpatient levels of care, including, but not limited to, individual, family, and group psychotherapy, medical management, psychological testing, and mental health case management and coordination of care.*

(6) *Diagnostic imaging, laboratory services, and other diagnostic and evaluative services, as provided in Article 2 (commencing with Section 25015).*

(7) *Prescription drugs, as provided in Article 4 (commencing with Section 25020).*

(c) *Services under paragraph (3) of subdivision (b) may be integrated with long-term care services described under Article 4 (commencing with Section 25025) at the discretion of the commissioner.*

(d) *During the first year that benefits are available under the health security system, a patient copayment may apply to certain outpatient mental health care services, as provided in Article 3 (commencing with Section 25305) of Chapter 10.*

Article 6. Dental Benefits

25035. *Dental services are a covered benefit under this chapter as specified by the commissioner. To the extent funding permits, dental benefits shall include the following, in the priority listed:*

(1) *Emergency dental services.*

(2) Dental care for individuals, to the same extent and under the same conditions as they would have been eligible for under programs existing prior to the effective date of this act, including, but not limited to, Medi-Cal.

(3) Preventive dental services and noncosmetic orthodontia for individuals under the age of 18.

(4) Preventive dental services for individuals over the age of 18 and restorative care.

Article 7. Expansion of Covered Benefits

25040. (a) The commissioner may expand benefits beyond the minimum benefits described in this chapter when expansion meets the intent of this division and there are sufficient funds to cover the expansion.

(b) Coverage for any service or benefit not previously covered by the health security system may be instituted without expansion of benefits, provided that the commissioner determines it is of equivalent therapeutic value or is a less costly treatment alternative to a listed service, and if the service or benefit is provided by a professional provider acting within the scope of his or her practice, according to standards and criteria.

Article 8. Excluded Benefits

25045. (a) Services determined to have no medical indication by the advisory board shall be excluded from coverage under the health security system.

(b) Elective services may be restricted or excluded from coverage under the cost containment provisions of Section 25240.

Article 9. Coverage for Californians While Out-of-State

25055. (a) The health security system shall cover all eligible California residents traveling out-of-state for up to 90 days in each 12-month period.

(1) Coverage for emergency care shall be at prevailing local rates.

(2) Coverage for non-emergency care shall be according to rates and conditions established by the commissioner. The commissioner may require transport back to California for further treatment when the patient is medically stable.

(b) The commissioner may make arrangements for reciprocal coverage with other states or countries, provided that the programs provided by the other states or countries are comparable to those available in California in coverage, cost, and quality.

Article 10. Emergency Benefits

25059. (a) Emergency care and health care services necessary to safeguard the health of the population shall be readily available through the health security system to all individuals.

(b) The commissioner shall provide funding to public fire agencies for delivery of emergency medical services and emergency transportation.

CHAPTER 5. GOVERNANCE AND ADMINISTRATION

Article 1. California State Health Commissioner

25060. (a) There is a California State Health Commissioner. The Office of the State Health Commissioner is an agency of the State of California.

(b) The commissioner shall administer the California Health Security System.

(c) The first commissioner shall be appointed by the Governor not less than 75 nor more than 100 days following passage of this act, and shall be confirmed by the Legislature within 30 days of nomination.

(d) *The commissioner shall stand for election at the same time and in the same manner as the Governor.*

(e) *At any time that the commissioner is unable to perform the duties of the office, the deputy health commissioner may perform those duties for a period of up to 90 days.*

(f) *The commissioner may be impeached for malfeasance of office.*

(g) *In the event of vacancy, or inability of the commissioner to perform the duties of office for a period of more than 90 days, an acting commissioner shall be appointed by the Governor and confirmed by the Legislature, for the balance of the commissioner's term.*

(h) *Compensation and benefits of the commissioner shall be determined pursuant to Section 8 of Article III of the California Constitution.*

(i) *The commissioner shall appoint a deputy health commissioner.*

(j) *Neither the commissioner nor the deputy health commissioner, nor either's spouse or children, shall be an employee, director, or stockholder of any company researching, developing, or marketing products or services that would have a financial interest in the outcome of deliberations in which that member would participate as a result of their appointment, during the time of appointment and for a period of three years after completion of the appointment.*

Article 2. Health Commissioner Powers and Duties

25063. *The commissioner's powers include any and all powers necessary and proper to implement this act, and to promote its underlying aims and purposes. These broad powers include, but are not limited to, the power to set rates and promulgate generally binding regulations on any and all matters relating to the implementation of this act and its purposes.*

25065. *The commissioner shall do all of the following:*

(a) *Establish and maintain a system of universal access to medical care for all Californians, as required by this division, including:*

(1) *Implement statutory eligibility standards.*

(2) *Adopt annually a benefits package for consumers which meets or exceeds the minimums required by law.*

(3) *Act directly, or through one or more contractors, as the single payer for all claims for services provided under this chapter.*

(4) *Develop and implement separate formulae for determining budgets pursuant to Article 3 (commencing with Section 25155) of Chapter 7.*

(5) *Review the formulae described in paragraph (4) annually for appropriateness and sufficiency of rates, fees, and prices.*

(6) *Provide for timely payments to professional providers and health facilities and clinics through a structure that is efficient to administer and that eliminates unnecessary administrative costs. The cost of administration of the health security system shall not exceed the limits set in Article 3 (commencing with Section 25155) of Chapter 7.*

(7) *Implement, to the extent permitted by federal law, standardized claims and reporting methods.*

(8) *Establish an enrollment system that will ensure that all eligible Californians, including those who travel frequently, those who cannot read, and those who do not speak English, are aware of their right to health care, and are formally enrolled.*

(9) *Determine the number and precise county-by-county composition of the system regions, based on criteria of common economic and demographic features and geographic contiguity.*

(10) Bid for prescription drug contracts in order to achieve the lowest possible cost for drugs available under the system formulary.

(11) Negotiate for, or set, rates, fees, and prices involving any aspect of the health security system, and establish procedures relating thereto.

(b) (1) Administer the revenues of the health security system in accordance with Chapter 6 (commencing with Section 25100).

(2) Procure funds including loans, lease or purchase property, obtain appropriate liability and other forms of insurance for the health security system, its employees, and agents.

(c) Establish, appoint, and fund, as part of the administration of the health security system, the following:

(1) A Health Care Policy Advisory Board pursuant to Section 25068.

(2) A regional administrator with appropriate staff for each system region pursuant to Section 25074.

(3) A regional consumer advocate with appropriate staff for each system region pursuant to Section 25075.

(d) Administer all aspects of the health security system that include, but are not limited to, all of the following:

(1) Establish standards and criteria for allocation of operating funds and funds from named accounts as described in Section 25250 to system regions.

(2) Meet regularly with the regional administrators and regional consumer advocates to review the impact of the health security system and its policies on the system regions.

(3) Budget the Public Health and Prevention Account, Innovations Account, Capital Improvements Account, Health Worker Training Account, and Reserve Account for each system region in a manner determined by the commissioner to most equitably meet the health care needs of the population of the state as a whole and the population within each region pursuant to the specific purposes for which those accounts have been established as described in Article 9 (commencing with Section 25250) of Chapter 7.

(4) Achieve the best pharmaceutical drug prices for the health security system pursuant to Section 25216.

(e) Gather and analyze data necessary for the efficient and equitable functioning of the health security system pursuant to Section 25095.

(f) In addition to all other powers conferred under this division, the commissioner may:

(1) Employ appropriate staff as necessary to implement this division.

(2) Delegate to appointed staff any aspect of the health security system that is the responsibility of the commissioner. Individuals employed by the commissioner or by any department or state agency that is made a part of the health security system shall perform their duties as the commissioner assigns them.

(3) Employ and direct attorneys on staff or as outside counsel in the defense or implementation of any provision of this act.

(4) Sue and be sued to enforce any provision of this act.

(5) Seek, at his or her discretion, legal advice or counsel from the Attorney General.

(6) Incur traveling expenses as are necessary for the performance of his or her duties.

(7) Issue subpoenas, administer oaths, and examine under oath any person as to any matter pertinent to the administration of the health security system.

(g) *Promulgate procedures and standards for competitive bidding which shall govern the contracts authorized by this section. Notwithstanding any other provision of law, the contracts shall be subject to the competitive bidding requirements so promulgated, and no others.*

(h) *Assure all existing statutes regarding confidentiality of medical records shall continue to apply to the health security system. No policy, directive, or study by the commissioner may be taken that compromises confidentiality of medical records as established by law.*

25066. *Nothing contained in this act shall prevent the Legislature from transferring to the health security system programs for health care, including mental health care for patients in state hospitals and other health care facilities owned by the state, and facilities located in state prisons.*

25067. (a) *The commissioner shall not set any rate, fee, or price, that is confiscatory.*

(b) *Any provider, vendor, or other person aggrieved by a rate, fee, or price set by the commissioner, upon the production of credible evidence that the rate, fee, or price is confiscatory, shall be entitled to a timely hearing.*

(c) *This section shall not apply to any rate, fee, or price that is negotiated with the commissioner.*

Article 3. Health Care Policy Advisory Board

25068. (a) *The commissioner shall establish and appoint a Health Care Policy Advisory Board consisting of health care and public health professionals and other experts, including the Director of Health Services.*

(b) *Members of the advisory board, other than the Director of Health Services, and any committee or task force established by the commissioner, shall be subject to all of the following:*

(1) *Shall serve for a period determined by the commissioner and shall be exempt from civil service pursuant to subdivision (d) of Section 4 of Article VII of the California Constitution.*

(2) *Shall receive a salary and other compensation as determined by the commissioner.*

(3) *Shall not be an employee, director, or stockholder of any for-profit company researching, developing, marketing, or providing health care products or services during the time of appointment and for a period of three years after completion of service on the advisory board, task force, or committee. No individual shall be appointed to the advisory board, task force, or committee whose spouse or child is an employee, director, or stockholder of any for-profit company researching, developing, marketing, or providing health care products or services.*

(c) *The Director of Health Services shall be a member of the advisory board and shall serve without additional compensation.*

25070. *The advisory board shall do all of the following:*

(a) *Make policy recommendations on medical issues, population-based public health issues, research priorities, scope of services, expanding access to care, and health security system evaluation.*

(b) *Review proposals for innovative approaches to health promotion, disease and injury prevention, education, research, and health care delivery.*

(c) *Be consulted by the commissioner regarding any matter involving practice or quality under the health security system.*

(d) Recommend expert task forces, including an expert formulary committee, to be appointed by the commissioner to study and make recommendations on specialized areas of medical policy and effectiveness.

(e) Identify medical services for which there is no credible evidence of significant benefit.

(f) Establish standards and criteria by which requests by health facilities for capital improvements shall be evaluated.

25071. The responsibilities of the formulary committee shall include, but need not be limited to, all of the following:

(a) Prepare, and update as required, a formulary that shall contain drugs covered under the health security system.

(b) Make recommendations to the commissioner as to which drugs are of proven efficacy for particular conditions.

(c) Identify those prescription drugs that are of comparable efficacy or that lack distinguishing features that would justify their independent inclusion in a health security system formulary.

25073. The commissioner shall establish a mechanism to allow the consumer council and any organization or advocacy groups with special health-care-related interests, including those representing complementary medicine, to provide input to the advisory board on a regular basis.

Article 4. Regional Administration

25074. (a) There shall be a regional administrator in each system region whose duties shall include, but are not limited to, negotiating service contracts, preparing budgets, approving and funding of capital expense projects of health facilities and clinics in the region, following guidelines and formulae determined by the commissioner.

(b) Each regional administrator shall be exempt from civil service pursuant to subdivision (d) of Section 4 of Article VII of the California Constitution.

(c) The regional administrator shall not be an employee, director, or stockholder of any for-profit company researching, developing, marketing, or providing health care products or services during the time of appointment and for a period of three years after completion of service. No individual shall be appointed as regional administrator whose spouse or child is an employee, director, or stockholder of any for-profit company researching, developing, marketing, or providing health care products or services.

25075. Regional Consumer Advocates.

(a) There shall be a regional consumer advocate in each system region, appointed by the commissioner.

(b) The regional consumer advocate shall monitor the effectiveness of the health security system within a system region including, but not limited to, examining all of the following:

(1) Complaints and suggestions from the public.

(2) Proposals to be considered by the commissioner in the future.

(3) The commissioner's plans for changes in resource allocation.

(4) The extent to which individual health facilities and clinics in a system region meet the needs of the community in which they are located.

(5) Any other factor bearing on the effectiveness of the health security system.

(c) The regional consumer advocate shall receive, investigate, and respond to complaints from any source about any aspect of the health security system, referring the results of investigations to the appropriate professional provider or facility licensing boards or law enforcement agencies, as appropriate.

(d) *The regional consumer advocate shall publish an annual report to the public containing an evaluation of the health security system in that system region, including, but not limited to, the items described in subdivision (b).*

(e) *The regional consumer advocate shall hold public hearings no less than yearly on, but not limited to, the items listed in subdivision (b).*

(f) *In the pursuit of his or her duties, the regional consumer advocate shall have unlimited access to all non-confidential and non-privileged documents in the custody and control of the commissioner, regional administrator, and health security system staff.*

(g) *The regional consumer advocate shall not be an employee, director, or stockholder of any for-profit company researching, developing, marketing, or providing health care products or services during the time of appointment and for a period of three years after completion of service. No individual shall be appointed as regional consumer advocate whose spouse or child is an employee, director, or stockholder of any for-profit company researching, developing, marketing, or providing health care products or services.*

Article 5. Health Care Consumer Council

25080. (a) *There is established a Health Care Consumer Council as an agency to do all of the following:*

(1) *Advise the commissioner on behalf of health care consumers of the state regarding policies and practices in the provision and delivery of health care services and supplemental health insurance.*

(2) *Educate health care consumers about preparation and submission of claims or disputes to the commissioner or any other entity in regard to provision and delivery of health care services and supplemental health insurance.*

(3) *Represent and promote the interests of health care consumers as a class before the commissioner, or any administrative or judicial body, and initiate, maintain, intervene, or participate in any proceeding related to health care or supplemental health insurance which affects the interests of health care consumers, except that the consumer council shall not represent any person in any action for compensation for injury or damages arising from any provision of health care services or supplemental health insurance.*

(4) *Appear before local, state, and federal legislative or policymaking bodies to advocate and lobby on behalf of the interests of health care consumers.*

(5) *Conduct and support research, surveys, conferences, and public information activities concerning health care and supplemental health insurance matters.*

(6) *Develop proposals to improve the delivery and quality of health care services.*

(7) *Perform all acts necessary or expedient for the administration of its affairs and the attainment of its purposes.*

(b) *The membership of the consumer council shall consist of all individual health care consumers 16 years of age or older residing in the state who have contributed to the consumer council the appropriate annual membership fee. The Board of Directors of the Health Care Consumer Council shall establish an annual membership fee of not less than ten dollars (\$10), to be adjusted every three years for inflation, and provide for reduced fee membership for low-income individuals.*

(c) *Within 90 days of the effective date of this act, the Governor shall appoint five individuals to the interim board of directors, and the Rules Committee of the Senate and the Speaker of the Assembly shall each appoint 10 individuals to the interim board of directors.*

(d) *The interim board of directors shall, prior to the date benefits are first provided under this act, organize the consumer council; inform health care consumers of and solicit their membership in the consumer council; elect officers; employ such staff as are necessary; solicit funds; determine the consumer council electoral districts, each of which shall consist of two state senatorial districts; establish procedures for democratic election of 20 members of the board of directors; oversee the election campaign, tally the votes, and install the elected and appointed directors; and carry out all other duties and exercise all other powers necessary to establish the first elected board, including establishing procedures for the first election of the board of directors regarding conflicts of interest, contribution limitations, nomination procedures, requirements of candidates to submit statements of financial interest, background, and positions, and regarding reimbursement of actual, reasonable expenses of interim directors. The agency shall not participate in any representation of health care consumers before any administrative, judicial, or legislative body before the first elected board of directors is installed.*

(e) *The Board of Directors of the Health Care Consumer Council shall consist of 25 members, of which, one shall be appointed by the Governor, two shall be appointed by the Rules Committee of the Senate and two shall be appointed by the Speaker of the Assembly, subject to the requirements of subdivisions (b) and (f) of this article regarding qualifications for directors. The remaining 20 shall be elected by the membership. The term for all appointed directors shall be two years. Each elected director shall represent a consumer council electoral district. One-third of the directors first elected shall serve for a one-year term, one-third of such directors shall serve for a two-year term, and one-third of such directors shall serve a full three-year term. The directors shall draw lots upon their installation to determine the length of their terms. Once each year, the board shall elect its officers. All directors shall serve without compensation, but may be reimbursed for actual, reasonable expenses incurred by them in the performance of their duties.*

(f) *No present employee, director, consultant, attorney, or accountant of any private health insurance provider, the commissioner, any health care provider, or spouse or child of any such individual, shall be eligible to be appointed or elected to either the interim or subsequent boards of directors, and no candidate for that office may accept any campaign contributions or gifts, either monetary or in kind, from any person. No elected member of the board of directors shall serve more than two consecutive terms and no appointed member shall serve more than one term. No board of directors member or candidate may hold any other elective public office or be a candidate for elective public office or be appointed to hold state or local office.*

(g) *Not more than 60 days after the membership of the consumer council reaches 25,000 persons with at least one hundred members in each consumer council district, the interim board of directors shall set a date for the first general election of directors and shall so notify every member. The date set for elections shall be not less than four months nor more than eight months after such notification. The date of subsequent elections shall be fixed by the board of directors at least four months in advance of the date chosen for the election.*

(h) *The board of directors shall have the following duties:*

(1) *To prescribe rules for the conduct of elections and election campaigns for the board of directors not inconsistent with this act.*

(2) *To establish policies and procedures regarding conflicts of interest; campaign contribution limitations; nomination of candidates for directors; requirements of candidates to submit statements of financial interest, background, and position; and regarding reimbursement of actual, reasonable expenses of directors.*

(3) *To establish the policies of the consumer council regarding appearances before the commissioner, administrative, judicial, and legislative bodies, and regarding other activities which the consumer council has the authority to perform under this act.*

(4) *To maintain up-to-date membership rolls.*

(5) *To keep minutes, books, and records which shall reflect all the acts and transactions of the board of directors which shall be open to examination by any member during regular business hours.*

(6) *To maintain and make all reports and studies compiled by the consumer council pursuant to this article available for public inspection during regular business hours.*

(7) *To maintain for inspection by the membership quarterly statements of the financial and substantive operations of the consumer council.*

(8) *To cause the consumer council's books to be audited by an independent certified public accountant at least once each fiscal year, and to make the audit available to the general public.*

(9) *To prepare, as soon as practicable after the close of the consumer council's fiscal year, an annual report of the consumer council's financial and substantive operations to be made available for public inspection.*

(10) *To conduct an annual membership meeting and therein report to the membership on the past and projected activities and policies of the consumer council. In addition, the consumer council shall sponsor on behalf of each director at least one meeting per year in each consumer council electoral district.*

(11) *To employ an executive director and staff.*

(12) *To hold regular meetings, including meetings by telephone conference, at least once every four months on dates and at places as it may determine. Special meetings may be called by the president of the board or by at least one-quarter of the directors upon at least five days' notice. One-half of the directors plus one shall constitute a quorum. All meetings of the board of directors shall be open to the public. Complete minutes of the meetings shall be kept.*

(13) *To carry out all other duties and responsibilities imposed upon the consumer council and its board of directors and to exercise all powers necessary to accomplish the purposes of this article.*

(i) *The executive director hired by the board of directors shall be subject to the conflict of interest provisions in subdivision (f) of this section. The executive director may not be a candidate for the board of directors while serving as executive director. All candidates for executive director shall submit a statement of financial interest as defined by the board and the executive director shall be required to file the statement annually. The executive director shall be exempt from civil service and shall serve at the pleasure of the board of directors.*

(j) *The consumer council shall be funded by voluntary donations from its members and through other grants or donations, including intervenor compensation funds for which it might be eligible, except that no gift, loan, or other aid shall be accepted from any insurance company, health care industry company or member, director, employee or agent thereof.*

(k) A "Health Consumer Representation Fund," ("fund") shall hereby be created and shall be maintained as a trust fund by the Treasurer under Section 16429.1 of the Government Code. Membership fees and all other moneys received by the consumer council shall be deposited in the fund. Moneys in the fund shall be solely and continuously appropriated for expenditure by the board of directors to cover all actual and necessary expenses incurred in carrying out the provisions of this section. The Legislature shall have no right of appropriation of moneys in the fund.

(l) The consumer council shall prepare and furnish any state agency an enclosure soliciting voluntary membership contributions which shall be included, upon the request of the consumer council, in any mailing by that agency to at least 1,000 individuals.

(m) The consumer council shall do both of the following:

(1) Upon furnishing any state agency the enclosure permitted by this article, certify that the enclosure is neither false nor misleading. Upon request by the commissioner or any state agency the commissioner shall review the enclosure within 30 days, and may disapprove the enclosure if it is false or misleading.

(2) Reimburse the Health Security Fund or state agency for all reasonable incremental costs incurred as a result of compliance with this subdivision above the total postage and handling costs that otherwise would have been incurred without the enclosure, provided that an itemized accounting of the additional costs shall be provided first.

(n) The consumer council shall not sponsor, endorse, or otherwise support or oppose any political party or the candidacy of any individual for elective office.

(o) The consumer council may employ and direct attorneys on staff or as outside counsel in the defense or implementation of any of its powers. The consumer council may sue and be sued.

(p) Nothing in this article shall be construed to limit the right of any individual or group or class of individuals to initiate, intervene in, or otherwise participate in any proceeding before any administrative, judicial, or legislative bodies; nor to require any petition or notification to the consumer council as a condition precedent to such right; nor to relieve any agency, court, or other public body of any obligation, or affect its discretion to permit intervention or participation by a consumer or group of consumers in any proceeding or activity; nor to limit the right of any individual or individuals to obtain administrative or judicial review.

Article 6. Public Hearings

25090. The commissioner, regional consumer advocates, and consumer council shall jointly sponsor public hearings, no less than yearly in each system region, at which testimony shall be taken regarding all of the following:

(a) The commissioner's proposals for resource allocation, revenue generation, and other substantive policy changes for the coming year.

(b) The responsiveness of health facilities and clinics in a region to the health care needs of the local communities and populations they serve.

Article 7. Monitoring and Data Gathering

25095. (a) The commissioner shall guarantee that the data gathering and analysis necessary for the functioning of the health security system, including, but not limited to, review of access to care, quality, efficiency, and appropriate-

ness of care and services, professional provider participation, population-based health outcomes, and geographic distribution of health care resources, are carried out.

(b) The commissioner, in consultation with the advisory board, shall establish a standard set of indicators and methods to be used to assess the effectiveness of the health security system in implementing and fulfilling the intents and purposes of this act. This should include, but is not limited to, the current federal Center for Disease Control and Prevention's consensus list of population health outcome indicators, indicators of child health, maternal health, safety and cost of births, promptness and appropriateness of treatment for cancer and other diseases, surgical survival and success rates for common procedures, functional status in the elderly, communicable disease rates, monitoring of out-of-pocket expenditures, availability of services including geographic proximity and waiting times, the number and types of staff employed by professional providers, and the number of each category of professional provider giving hands-on care.

(c) As a condition of reimbursement, professional providers and health facilities and clinics shall be required to report to the commissioner a certain amount of clinical data to be used to assist in the health security system's health outcome monitoring effort and for the purposes of improving the effectiveness of practice by professional providers and health facilities and clinics.

(d) Clinical data provided by individual professional providers shall be confidential and used only for statistical and system-wide purposes, and for improving the quality of care.

(e) The commissioner shall make the nonconfidential data and analysis generated pursuant to this section available to the consumer council, state and local health departments, and the public in a timely manner.

(f) The commissioner shall establish uniform fiscal and medical reporting requirements for all health care professional providers. Health facilities and clinics and professional providers, including those in integrated delivery systems, shall provide information to the commissioner about financial relationships with other health facilities, clinics, and professional providers. The information shall be available for public disclosure in order to assure that health facilities, clinics, and professional providers do not collude to increase prices or evade cost controls.

(g) The commissioner shall make available to the consumer council all available information regarding administration and any other aspects of the health security system that they might request for the purpose of compiling reports and recommendations and other activities.

(h) None of the data disclosure activities of the health security system shall infringe on the confidentiality of health security system information on individuals and their medical records.

CHAPTER 6. FUNDING

Article 1. Funding of the Health Security System

25100. There is established a special fund in the State Treasury, to be called the Health Security Fund, for the purpose of implementing this act.

25101. (a) All moneys collected, received, and transferred pursuant to this act shall be transmitted to the State Treasury to be deposited to the credit of the Health Security Fund for the purpose of financing the health security system.

(b) The money in the Health Security Fund shall not be considered state revenues or state money or proceeds of taxes for purposes of Sections 3 and 8 of Article XVI of the California Constitution.

25102. (a) *If, for each of two consecutive years, the balance remaining in the Health Security Fund at the end of the fiscal year is greater than 1% of the system budget, and the Reserve Account is fully funded, the commissioner shall request the Legislature to reduce the tax rates under this chapter.*

(b) *Subdivision (a) shall apply only after full phase-in of benefits as set forth in Section 25305.*

Article 2. Sources of Funding

25105. Federal contributions to the Health Security Fund.

The commissioner shall seek all necessary waivers, exemptions, agreements, or legislation so that all current federal payments for health care shall be paid directly to the health security system, which shall then assume responsibility for all benefits and services previously paid for by the federal government with those funds. In obtaining the waivers, exemptions, agreements, or legislation, the commissioner shall seek from the federal government a contribution for health care services in California that shall not decrease in relation to the contribution to other states as a result of the waivers, exemptions, agreements, or legislation.

25108. State contributions to the Health Security Fund.

(a) The commissioner shall seek all necessary waivers, exemptions, agreements, or legislation so that all current state payments for health care shall be paid directly to the health security system, which shall then assume responsibility for all benefits and services previously paid for by state government with those funds. In obtaining the waivers, exemptions, agreements, or legislation, the commissioner shall seek from the Legislature a contribution for health care services that shall not decrease in relation to state government expenditures for health care services in the year of passage of the act, corrected for change in state gross domestic product and population.

(b) (1) It is the intent of the people that the Legislature cooperate with the commissioner in transferring funding for state programs for health services to the health security system.

(2) Funds transferred from the Cigarette and Tobacco Products Surtax Fund shall be used only to the extent authorized by Article 2 (commencing with Section 30121) of Chapter 2 of Part 13 of Division 2 of the Revenue and Taxation Code.

25110. County and local contributions to the Health Security Fund.

The commissioner shall seek all necessary waivers, exemptions, agreements, or legislation so that all current county or other local agency payments for health care, including employee health benefits and health benefits for retired employees, shall be paid directly to the health security system, which shall then assume responsibility for all benefits and services previously paid for by counties or other local agencies or local governments with those funds. In obtaining the waivers, exemptions, agreements, or legislation, the commissioner shall seek contributions for health care services that shall not decrease in relation to expenditures for health care services in the year of passage of the act, corrected for change in state gross domestic product and population.

25112. The health security system's responsibility for providing care shall be secondary to existing federal, state, or local governmental programs for health care services to the extent that funding for those programs is not transferred to the Health Security Fund or that the transfer is delayed beyond the date on which initial benefits are provided under the health security system.

25113. In order to diminish the administrative burden of maintaining eligibility records for programs transferred to the health security system, the commissioner shall strive to reach an agreement with federal, state, and local

governments in which their contributions to the Health Security Fund shall be fixed to the rate of change of the state gross domestic product and population.

25115. Employer contributions to funding the health security system.

All employers shall pay a health security payroll tax commencing January 1 of the second year following passage of this act, as provided in Section 33001 of the Revenue and Taxation Code.

25120. Individual contributions to funding the health security system.

All individuals shall pay a Health Security Fund income tax commencing January 1 of the second year following passage of this act, as provided in Sections 33004 through 33007, inclusive, of the Revenue and Taxation Code.

25126. Medicare Part B.

(a) (1) If and to the extent the Legislature transfers Medi-Cal funding, the commissioner shall pay all premiums, deductibles, and coinsurance for qualified Medicare beneficiaries who are receiving SSI benefits.

(2) In the event and to the extent that the commissioner obtains authorization to fold-in Medicare funds in California, this subdivision shall lapse and be replaced by subdivision (b).

(b) Medicare Part B payments which previously were made by individuals or the commissioner shall, commencing in the second year following passage of this act, be paid by the health security system for all individuals eligible for both the health security system and the Medicare program, provided arrangements have been made to pay Medicare revenues into the Health Security Fund, pursuant to Section 25105.

(c) Until appropriate waivers have been obtained, the commissioner shall make the Part B Medicare premiums for all persons who would have been eligible to have Medi-Cal pay their Medicare Part B premium prior to the effective date of this act.

25130. Cigarette and Tobacco Products Surtax.

All distributors of cigarettes and tobacco products shall pay a Health Security Fund tobacco tax commencing January 1 of the second year following passage of this act, as provided in Section 30123.5 of the Revenue and Taxation Code.

25134. The Legislature may provide for the collection and administration of the taxes imposed by this act consistent with the collection of other similar taxes.

25135. Nothing in this act shall be construed to affect or diminish the benefits that an individual may have under a collective bargaining agreement.

Article 3. Federal Preemption

25136. Exempt employers.

(a) (1) An employer is exempt from the payroll tax requirements of Section 25115 of this code and Sections 33001 to 33003, inclusive, of the Revenue and Taxation Code if it has established an employee benefit plan subject to federal law which preempts the funding provisions of this chapter.

(2) Notwithstanding paragraph (1), an exempt employer shall comply with the reporting requirements of subdivision (b) of Section 33001 of the Revenue and Taxation Code, to the extent permitted by federal law.

(b) An employer is exempt from any other provisions of this act to the extent compliance with the provision would be preempted by federal law. It is the intent of the people that the provisions of this act be construed to be consistent with federal law.

25137. Waiver.

(a) The commissioner shall pursue all reasonable means to secure repeal or waiver of any provision of federal law that preempts any provision of this act.

(b) *In the event repeal or waiver cannot be secured, the commissioner shall exercise his or her powers to promulgate rules and regulations, or seek conforming state legislation, that are consistent with federal law in an effort to best fulfill the purposes of this act.*

25138. *Employees covered by health plan subject to preemption.*

(a) *To the extent permitted by federal law, an employee entitled to health or related benefits under a contract or plan which, under federal law, preempts provisions of this act, shall first seek benefits under that contract or plan before receiving benefits under this act.*

(1) *No benefits shall be denied under this act unless the employee has failed to take reasonable steps to secure like benefits from the contract or plan, if those benefits are available.*

(2) *Nothing in this section shall preclude an employee from receiving benefits under this act that are superior to benefits available to the employee under the contract or plan.*

(3) *Nothing in this act is intended, nor shall this act be construed, to discourage recourse to contracts or plans that are protected by federal law.*

(b) *Any physician or health care provider, including a hospital, may render services pursuant to a contract or plan subject to federal preemption without regard to the limitations on professional provider fees contained in Section 25180.*

(1) *To the extent permitted by federal law, the provider shall first seek payment from the contract or plan, before submitting bills to the health security system.*

(2) *Any fee charged by the provider in excess of the rate set or negotiated by the commissioner shall not serve to increase the amount of funding available to the provider from the health security system in the current or subsequent years.*

Article 4. Subrogation

25139. (a) *It is the intent of the people to establish a single public-payer for all health care in the State of California. However, until such time as the role of all other payers for health care have been terminated, it is the intent of the people to recover health care costs from collateral sources whenever medical services are provided to an individual that are or may be covered services under a policy of insurance, health benefits plan, or other collateral source available to that individual, or for which the individual has a right of action for compensation to the extent permitted by law.*

(b) *As used in this article, the term collateral source includes all of the following:*

(1) *Insurance companies and carriers, as defined in Section 14124.70, including the medical components of automobile, homeowners, and other forms of insurance.*

(2) *Health care and pension plans.*

(3) *Employers.*

(4) *Employee benefits contracts.*

(5) *Government benefits programs including, but not limited to, workers' compensation.*

(6) *A judgment for damages for personal injury.*

(7) *Any third party who is or may be liable to the individual for health care services or costs.*

(c) *The term collateral source does not include either of the following:*

(1) *A contract or plan subject to federal preemption as described in Article 3 (commencing with Section 25136) of this chapter.*

(2) Any governmental unit, agency or service, to the extent that subrogation is prohibited by law. An entity described in subdivision (b) is not excluded from the obligations imposed by this article by virtue of a contract or relationship with a governmental unit, agency, or service.

(d) It is the further intent of the people that the commissioner and the Legislature make every attempt to negotiate waivers, seek federal legislation or make other arrangements to incorporate collateral sources in California into the health security system.

25140. Whenever an individual receives health care services under the health security system for which he or she is entitled to coverage, reimbursement, indemnity, or other compensation from a collateral source, he or she shall notify the health care provider and the commissioner and provide information identifying the collateral source, the nature and extent of coverage or entitlement, and other relevant information as requested by the commissioner.

25141. Use of an eligibility card for, or receipt of, health care services under this act for which an individual is entitled to coverage, reimbursement, indemnity, or other compensation from a collateral source, shall be deemed an assignment by the individual to the health security system of his or her rights from or against the collateral source, to the extent of services provided under the act. Any provision or agreement between the individual and the collateral source prohibiting assignment of rights shall not be applicable to an assignment under this section. Except as specified in this article, nothing contained in this act affects any person's right to benefits, money, or right of action from or against, a collateral source.

25142. (a) The health security system shall seek reimbursement from the collateral source for services provided to the individual, and may institute appropriate action, including suit, to recover same. Upon demand, the collateral source shall pay to the Health Security Fund such sums as it would have paid or expended on behalf of the individual for the health care services provided by the health security system.

(b) In addition to any other right to recovery provided in this article, the commissioner shall have the same right to recover the reasonable value of benefits from a collateral source as provided to the Director of Health Services by Article 3.5 (commencing with Section 14124.70) of Chapter 7 of Part 3 of Division 9, in the manner so provided.

25143. If a collateral source is exempt from subrogation or the obligation to reimburse the health security system as provided in Sections 25136 and 25139, the commissioner may require that an individual who is entitled to medical services from the source first seek those services from that source.

25144. To the extent permitted by federal law, contractual retiree health benefits provided by employers shall be subject to the same subrogation as other contracts, allowing the health security system to recover the cost of services provided to individuals covered by the retiree benefits, unless and until arrangements are made to transfer the revenues of the benefits directly to the health security system.

25145. Upon integration of workers' compensation health benefits into the health security system, the cost of workplace related medical claims that are found to result from unsafe workplace conditions or negligence on the part of the employer shall be borne by the employer rather than the health security system.

Article 5. Other Considerations

25147. (a) Revenue to operate the health security system shall be generated in a manner intended to coincide in the aggregate with financial responsibility for health care expenditures in the base year, and not exceed the limits described in Article 1 (commencing with Section 25150) of Chapter 7.

(b) In the event of unanticipated expenditures in excess of the Reserve Account, or if cost control mechanisms indicated under Article 8 (commencing with Section 25225) of Chapter 7, are unable to lower expenditures without endangering the health of Californians, the commissioner may request the Legislature to increase health security system funding either by increasing tax rates on the sources described in this chapter or from other revenue sources.

(c) In the event that federal health care reform legislation is passed prior to or subsequent to passage of this act, the commissioner shall take all steps necessary to ensure that all funds available to California for benefits and services covered under the federal health security system are paid to the Health Security Fund.

(d) In the event of federal health care reform legislation including payroll, individual income or cigarette and tobacco products taxation, and to the extent that agreements are reached to transfer those revenues into the Health Security Fund, the Legislature may enact a proportional decrease in the payroll, individual, and cigarette and tobacco taxes established by this act pursuant to Sections 30123.5 and 30001 to 30007, inclusive, of the Revenue and Taxation Code in order that revenues to the Health Security Fund be maintained within the limits established by subdivision (a) of Section 25102 and subdivision (a) of Section 25150.

25148. (a) Default, underpayment, or late payment of any tax or other obligation imposed by this act shall result in the remedies and penalties provided by law except as provided in this section.

(b) Eligibility for benefits under Chapter 4 (commencing with Section 25010), except for those benefits provided by Article 4 (commencing with Section 25025) of Chapter 4, relating to long-term care, shall not be impaired by any default, underpayment, or late payment of any tax or other obligation imposed by this chapter.

(c) (1) Eligibility for benefits provided by Article 4 (commencing with Section 25025) of Chapter 4, relating to long-term care, shall not be impaired by any default, underpayment, or late payment of any tax or other obligation imposed on employers by Section 25115.

(2) Eligibility for benefits provided by Article 4 (commencing with Section 25025) of Chapter 4, relating to long-term care, may not be established pursuant to paragraph (2) of subdivision (b) of Section 25006 except upon payment of the taxes or other contributions stated in that section.

25149. Actions taken by the commissioner, including, but not limited to, the negotiating or setting of rates, fees, or prices, and the promulgation of any and all regulations, shall be completely exempt from any review by the Office of Administrative Law, except for subdivisions (a), (c), and (d), and paragraphs (1) and (2) of subdivision (b) of Section 11344, and Sections 11344.1, 11344.2, 11344.3, and 11344.6 of the Government Code, addressing the publication of regulations. This exemption from Office of Administrative Law review includes, but is not limited to, exemptions from Sections 11340, 11340.1, 11340.15, 11342, and 11346.1 as that statute provides for action by the Office of Administrative Law, subdivision (b) of Section 11345.53, subdivision (d) of Section 11346.2, and

Sections 11346.7, 11349, 11349.1, 11349.3, 11349.4, 11349.5, 11349.10, and 11349.11 of the Government Code.

CHAPTER 7. APPROPRIATIONS, BUDGETING, AND EXPENDITURES

Article 1. Expenditure Limit

25150. (a) It is the intent of the people that expenditures under this act not exceed in any year expenditures for the prior year adjusted for changes in the state's gross domestic product and population.

(b) (1) If the Reserve Account is not fully funded, mandatory cost control measures as described in Section 25240 shall be triggered when the cumulative expenditures of the health security system, on an annualized basis, exceed 95% of the health security system budget exclusive of the Reserve Account, except during the last month of the fiscal year.

(2) If the Reserve Account is fully funded, and during the last month of the fiscal year, mandatory cost control measures as described in Section 25240 shall be triggered only when cumulative expenditures of the health security system on an annualized basis exceed 100% of the health security system budget exclusive of the Reserve Account.

Article 2. Appropriations

25151. (a) It is the intent of the people that all moneys in the Health Security Fund be appropriated to the health security system to support the implementation of this act.

(b) On July 1 of any year, all moneys in the Reserve Account are appropriated to the commissioner for the purpose of implementing the health security system if a Budget Act for the fiscal year beginning on that July 1 has not been enacted by that date. The authority to spend funds from the Reserve Account for that fiscal year, pursuant to this subdivision, shall be terminated upon enactment of the Budget Act, unless the Budget Act continues that authority.

(c) The Legislature may appropriate additional money from the General Fund or from other sources to support the implementation of this act.

Article 3. Health Security System Budgets

25155. Preparation of Budgets.

(a) The commissioner shall prepare an annual budget in the manner prescribed by law. The budget shall include all of the following:

(1) A system budget which includes all expenditures for the health security system.

(2) Regional budgets, which include all expenditures for the health security system within each system region.

(3) Global budgets for each of the two principal mechanisms of professional provider reimbursement (fee-for-service and integrated health delivery system), and for individual health facilities and their associated clinics. The global budgets shall be part of the regional budget for each system region.

(4) A capital expenditure budget, as described in Section 25215.

(b) The commissioner shall prepare the system budget for the health security system to be submitted to the Legislature as part of the Governor's Budget.

25156. System Budget.

(a) The cost of the health security system, including the cost of all services and benefits provided, administration, data gathering and other activities, and revenues deposited within the named accounts pursuant to Section 25250, shall comprise the system budget.

(b) Moneys in the Reserve Account shall not be considered as available revenues for purposes of preparing the system budget.

25157. *Regional Budgets.*

(a) The commissioner, in consultation with the regional administrator, shall propose a regional budget for each system region.

(b) The cost of all functions of the health security system within the system region, including the cost of all services and other benefits provided, administration, data gathering and other activities, and allocations to the system region from the named accounts, shall comprise the regional budget.

(c) Funds available for system regions shall be equally allocated among the system regions, on a per capita basis, adjusted for variations in population, demographics, incidence of disease, quality and availability of providers, reimbursement rates, and any other factor relevant to a particular system region, as determined by the commissioner.

25158. *Global Budgets.*

(a) The commissioner, in consultation with the regional administrator, shall prepare a regional budget for each system region. That budget shall include allocations for each of the following:

(1) *Fee-for-service providers.*

(2) *Capitated providers.*

(3) *Health facilities and associated clinics that are not part of a capitated provider network.*

(b) The allocations in subdivision (a) shall consider the relative usage of fee-for-service providers, capitated providers, and health facilities and associated clinics that are not part of a capitated provider network within the system region. The global budgets shall be adjusted from year to year to reflect changes in the utilization of services, changes in copayment for covered services, and the addition or exclusion of covered services made by the commissioner upon recommendation of the advisory board.

(c) The global budget for fee-for-service providers in each system region shall be further divided among categories of licensed professional providers, thus establishing a total annual budget for each category within each region. Each of these category budgets shall be sufficient to cover all included services anticipated to be required by eligible individuals choosing fee-for-service within the region, at the rates negotiated or set by the commissioner, except as necessary for cost containment purposes under Article 8 (commencing with Section 25225) of Chapter 7.

(d) The global budget for capitated providers shall be sufficient to cover all eligible individuals choosing an integrated health delivery system within the system region, at the capitation rates negotiated or set by the commissioner, except as necessary for cost containment purposes under Article 8 (commencing with Section 25225) of Chapter 7.

(e) Each health facility and clinic in a system region, apart from those that are part of capitated integrated delivery systems, shall have a facility budget that encompasses all operating expenses for the health facility or clinic. In establishing a facility budget, the commissioner shall develop and utilize separate formulae that reflect the differences in cost of primary, secondary, and tertiary care services and health care services provided by academic medical centers.

25162. In preparing the budgets under this article, the commissioner shall consider anticipated increased expenditures and savings including, but not limited to, all of the following:

(a) Projected increases in expenditures due to improved access for underserved populations and improved reimbursement for primary care.

(b) Projected administrative savings under the single-payer mechanism.

(c) Projected savings in prescription drug expenditures under competitive bidding and a single buyer.

(d) Projected savings in health facility and clinic costs due to decreased acuity of hospitalization in some cases, and appropriate availability of long-term care facilities in other cases.

(e) Projected savings due to provision of primary care rather than emergency room treatment.

(f) Projected savings from termination of reimbursement of procedures of no documented benefit or for which appropriate indications are not present.

(g) Projected savings from diminished reimbursement for procedures and services of marginal benefit, as determined by the advisory board.

(h) Projected savings from decreased reimbursement of specialty care relative to primary care.

(i) Projected savings due to regionalization of high-technology and experimental services.

25165. In preparing the system budget the commissioner shall also consider, in addition to changes in the state gross domestic product and population from year to year, anticipated additional expenditures due to medically appropriate increases in utilization due to changes in disease incidence and prevalence among the population, and technological advances allowing better diagnosis and treatment of disease.

25175. (a) Commencing with the second budget year, the administrative costs of the health security system incurred by the commissioner shall be 4 percent or less of the total funds appropriated for the health security system. If administrative costs exceed this target, the commissioner shall report to the Legislature the reasons for excess administrative costs.

(b) That amount of the system budget remaining after funds are allocated for administration, data gathering, and the named accounts pursuant to Section 25250, shall be budgeted for the system regions, in the manner described commencing with Section 25157, to provide benefits pursuant to Chapter 4 (commencing with Section 25010).

Article 4. Provider Reimbursement

25180. (a) Professional providers registered for reimbursement with the system shall, with respect to all covered services provided to an eligible individual under Chapter 4 (commencing with Section 25010), do all of the following:

(1) Submit all bills to the regional administrator pursuant to procedures established by the commissioner.

(2) Not charge the system an amount in excess of rates negotiated or set by the commissioner.

(3) Not charge the patient any additional amount or copayment except as specified under Sections 25020, 25030, 25040, and 25305.

(b) Professional providers registered for reimbursement under the system, who have submitted bills for covered services in accordance with the guidelines established by the commissioner, shall be paid promptly. Interest shall accrue on all bills 45 days past due at the rate of 1% per month.

25185. (a) Health facilities and clinics registered with the health security system may choose to be reimbursed on the basis of either a facility budget for all covered services rendered under the health security system based on standards

and criteria pursuant to Section 25158, or as a capitated integrated professional provider network pursuant to subdivision (c) of Section 25190.

(b) The budget specified in paragraph (a) shall be negotiated with each participating health facility or clinic on an annual basis, with adjustments during the year made for epidemics and other unforeseen catastrophic changes in the general health status of a patient population, at the discretion of the commissioner.

(c) Surplus generated from the operating section of a health facility or clinic's facility budget shall not be used for the payment or reimbursement of any capital cost, except in accordance with the provisions of Sections 25213 and 25215.

(d) Any surplus a health facility and clinic may be able to generate through increased efficiency of operation may be used to develop new and innovative programs, as approved by the commissioner, or shall be returned to the health security system.

(e) Health facilities and clinics shall inform the commissioner as soon as evidence suggests that operating expenses will exceed the facility budget.

(f) (1) Any real or projected operating deficit as a result of a health facility or clinic exceeding the facility budget shall be investigated by the commissioner. If it is determined that the deficit reflects appropriate increased utilization of services, the facility budget for the health facility or clinic shall be adjusted and appropriately revised in the current or subsequent year, or both, to cover the anticipated shortfall.

(2) To the extent that it is determined that the operating deficit was not justifiable under the policies and terms of the health security system, adjustments in the facility budget shall not be made. Instead, recommendations for improved efficiency or other changes necessary to bring costs within the health facility or clinic's facility budget, or other changes, may be made by the regional administrator. Implementation of these recommendations may be a precondition for funding in the next health security system year.

(g) (1) Every health facility or clinic facility budget shall allow for care of individuals who are not enrolled in the health security system or are not eligible for services, at the same rates as for enrolled individuals, as necessary to provide emergency care and to protect the health and safety of the population as a whole.

(2) Any health facility or clinic that fails to provide full access to all individuals pursuant to paragraph (1) shall be investigated by the commissioner and may be barred from receiving health security system funds in subsequent years, at the discretion of the commissioner, subject to the review procedures in Section 25200.

25190. (a) Physicians, advanced practice nurses, and other independent professional providers may choose from a variety of payment mechanisms for reimbursement. These payment methods may include, but need not be restricted to, fee-for-service, capitation, or a salary from a globally budgeted health facility or clinic for a defined level of service. Nothing in this act shall be construed to permit discrimination in eligibility for reimbursement against a class of professional providers who are providing services within the scope of practice permitted by law.

(b) The commissioner may require that all care under fee-for-service payment be coordinated by a designated primary care provider, and that all individuals select a primary care provider. The primary care provider may be an individual professional provider or a group of professional providers. Under these arrange-

ments, care provided by specialists without referral from a designated primary provider shall be reimbursed at the primary care rate rather than that for specialty care.

(c) (1) An individual professional provider or a group of professional providers may elect to be paid a prospective payment on a capitated basis for all individuals enrolling for care from that professional provider or group of professional providers. Providers accepting payment on a capitated basis cannot also be paid on a fee-for-service basis. All patients receiving care from professional providers participating under prepaid arrangement must do so on a capitated basis. A formal enrollment process shall be adopted whereby individuals voluntarily designate the individual professional provider or group of professional providers for prepaid care. Individuals enrolling under prepaid arrangements shall receive their care from the designated prepaid practice or professional providers authorized by the prepaid practice.

(2) The fee level for capitated reimbursement shall be negotiated annually by professional provider organizations and the commissioner, or set by the commissioner, and shall apply uniformly to all professional providers in the system region. The capitated fee level shall be adjusted based on health risk of enrollees, scope of ambulatory services provided by the professional provider, and any other relevant factors. At a minimum, the scope of services covered by the capitated payment shall include all primary care services. Capitated contracts may include stop-loss measures for catastrophic expenses and any other measures necessary to maintain fairness and fiscal stability.

(d) Compensation for professional providers who provide services as employees of, or under contract to, health facilities or clinics, shall be covered under the facility budget of those health facilities or clinics.

25195. (a) The commissioner shall recognize professional associations to represent licensed professional providers in each system region in negotiations with the commissioner on reimbursement and other professional issues.

(b) It is the intent of the people that the Legislature establish procedures allowing each category of professional provider in a system region to choose, by majority vote of that category of professional provider, the organization or association in each region that shall be their representative in all negotiations with the commissioner.

(c) All professional provider organizations may participate in annual negotiations. All professional providers within a category shall be bound by the results of the negotiations between the commissioner and the organization representing that category of professional provider.

(d) In the event that negotiations with professional providers and others are not concluded in a timely manner, the commissioner may set rates, fees, and prices for services reimbursed by the health security system.

25196. (a) Notwithstanding Section 25195, the commissioner shall establish a limit on the aggregate annual payments to an individual professional provider, or discounts on reimbursements above a specified amount of aggregate billing, as negotiated with the professional associations.

(b) An individual professional provider whose billing volume or distribution suggests the possibility of impropriety may be subject to investigation by the commissioner through either the regional administrator or the regional consumer advocate and may be subject to exclusion or other penalties pursuant to Chapter 9 (commencing with Section 25282).

25200. (a) (1) A health facility or clinic and a group of physicians and other professional providers may organize as an integrated delivery system providing the full spectrum of health care services to a defined population of enrollees. Such integrated systems may be paid by the health security system on a capitated basis to provide the full spectrum of benefits covered by the health security system. Nothing in this act shall prevent an integrated delivery system from offering benefits beyond those set forth in Chapter 4 (commencing with Section 25010). The fee level for capitated reimbursement shall be negotiated on a regional basis by professional provider organizations and the commissioner, based on health risk of enrollees, and any other relevant factors, and shall apply uniformly to all professional providers in the region.

(2) Health facilities and clinics participating under this capitated arrangement as part of an integrated delivery system are exempt from negotiating separate operating budgets with the health security system. However, they are not exempt from regulation of capital investment as specified in Article 5 (commencing with Section 25213).

(b) (1) Health facilities, clinics, and professional providers organizing as integrated delivery systems that are for-profit shall have their profits restricted to a fair rate of return to be negotiated with the commissioner and are subject to the same restrictions on capital expansion that apply to all other health facilities, clinics and professional providers.

(2) Health facilities, clinics, and providers organizing as an integrated delivery system that are for-profit shall be capitated or facility budgeted by the same criteria and at the same rates as non-profit entities.

(c) If any professional provider involved in an integrated system has an existing collective bargaining agreement or agreements, those collective bargaining agreements may be extended to the employees of all of the professional providers in the integrated system, unless otherwise prohibited by law.

(d) Nothing in this act shall prevent the commissioner, after public hearings, from termination of the participation of a health facility or clinic in the health security system, should credible evidence lead the commissioner to conclude either of the following:

(1) That the health facility or clinic is unable to meet minimum requirements relating to the number and type of professional providers on the staff, the type of equipment available to the facility or the range of specialty services provided by the facility, or other standards and criteria.

(2) That the health facility or clinic provides care significantly below the standard for facilities in the region.

(e) The commissioner shall develop different standards and criteria pursuant to subdivision (d) for urban and rural health facilities. Under the circumstances of subdivision (d), the commissioner may authorize conversion of the facilities to meet health care needs in such areas as long-term care.

25205. (a) The commissioner shall provide clear and well-publicized procedures whereby individuals eligible for benefits under the health security system may voluntarily enroll under capitated payment arrangements with a specified professional provider, group of professional providers, or integrated delivery system. Individuals shall be entitled to disenroll from such capitated practices as specified in subdivision (b). Enrollment and disenrollment shall be administered by the health security system and not delegated to professional providers or professional provider organizations for the purposes of processing or otherwise administering enrollment and disenrollment procedures.

(b) Every six months, individuals enrolled in a capitated practice shall be entitled to an open enrollment period of not less than two weeks, pursuant to regulations promulgated by the commissioner.

(c) During the open enrollment period, an individual may enroll in another capitated practice or choose a primary care provider in the fee-for-service sector.

(d) An individual who has selected a primary care provider in the fee-for-service sector may choose to switch to enrollment in a capitated practice at any time.

(e) Any professional provider accepting payment from the health security system on a prepaid basis shall allow any eligible individual to enroll in the order of application, up to a reasonable limit determined by the capacity of the capitated practice to provide services.

(f) Providers accepting payment from the health security system on a prepaid basis, as a condition of approval to participate in the provision of benefits under this division, shall demonstrate they will provide, or arrange and pay for, all of the benefits required for the capitation payment negotiated or set by the commissioner.

(g) Nothing in this division shall prohibit an integrated delivery system or other capitated practice from offering additional benefits beyond those set forth in Chapter 4 (commencing with Section 25010). The additional benefits shall be clearly set forth in disclosure and practice description materials provided to individuals eligible for services under this division.

25210. (a) The commissioner shall incorporate into the reimbursement policies specific financial incentives for professional providers to perform community outreach and preventive services. As a condition of receiving the incentives, professional providers shall coordinate their efforts with those of the State Department of Health Services, local health departments, and other agencies funded from the Public Health and Prevention Account, in a manner specified by the commissioner.

(b) (1) The commissioner shall reimburse collaborative practice costs to meet the objectives of community-oriented primary care including the costs of visiting health workers and public health nurses working with primary care providers, including physicians, advanced degree nurses, and physician assistants.

(2) The commissioner may institute reimbursement mechanisms which have as their purpose improving the availability of health care services to underserved areas and populations.

(c) The commissioner shall consider the special needs and requirements of rural hospitals in California that are financially distressed and in danger of closure. The commissioner may provide technical assistance with respect to the reimbursement and other requirements and procedures of the health security system to financially distressed rural hospitals, when appropriate, in order to preserve the availability of health care services.

Article 5. Capital Expenditures

25213. (a) (1) The purpose of this article is to assure that health care facilities that are reimbursed by the health security system do not engage in unnecessary capital expenditures and thereby contribute to health care cost inflation.

(2) Commencing on the operative date of this article, no licensed health care facility or any individual acting on behalf of a licensed health care facility shall incur a capital expenditure as defined herein, and no health facility can receive Health Facility Construction Loans, pursuant to Chapter 4 (commencing with

Section 436) of Part 1 of Division 1 of the Health and Safety Code without obtaining the prior approval of the commissioner.

(3) The commissioner shall exclude from any reimbursement under this division amounts for capital expenditures, operating expenses for capital improvements, and the cost of services provided by those capital improvements, made or incurred by a health facility, clinic, or provider after the date of passage of this act, unless that capital expenditure was approved by the commissioner.

(4) As used herein the term "capital expenditure" is an expenditure that, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance and that does any of the following:

(A) Exceeds five hundred thousand dollars (\$500,000).

(B) Changes the bed capacity of the facility with respect to which the expenditure is made.

(C) Adds a new service or license category.

(5) For purposes of this section, the cost of studies, surveys, design plans and working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of the plant and equipment with respect to which the expenditures are made shall be included in determining whether the expenditure exceeds the dollar amount specified in this section.

(6) When a health care facility or individual acting on behalf of a health care facility obtains by lease or comparable arrangement any facility or part thereof or any equipment for a facility, the market value of which would have been a capital expenditure, the lease or arrangement shall be considered a capital expenditure for purposes of this section.

(b) The commissioner shall only approve a capital expenditure if it is in conformity with standards, criteria, and plans developed by the commissioner to accomplish one or more of the following:

(1) Fill unmet needs.

(2) Eliminate duplicative, inappropriate, or unnecessary services by regionalizing tertiary care services in appropriate facilities.

(3) Encourage the expansion of those facilities with superior records of consumer satisfaction and operating efficiency.

(4) Convert to non-acute care uses general acute care hospitals of less than 150 licensed beds within Standard Metropolitan Statistical Areas.

(5) Assure that health care facilities are accessible to all parts of the community including the disabled and populations with special medical needs.

(6) Promote joint, cooperative, or shared health care resources.

(7) Assure the development of new technologies in appropriate facilities.

(8) Meet the special needs of rural hospitals.

(c) (1) The commissioner shall establish procedures for the review of capital expenditures.

(2) The procedures may provide that all capital expenditures in a particular region or for one or more particular purposes submitted over a period of time of up to one year, may be reviewed together at the same hearing.

(d) Notwithstanding the provisions of subdivision (b), the commissioner may approve capital expenditures for either of the following reasons:

(1) If necessary to meet parking, seismic safety, fire safety, physical accessibility for the disabled, energy or water conservation, or other public health and safety requirements of federal, state, or local government.

(2) If necessary to replace physical plant and equipment damaged or destroyed by fire, earthquake, or other natural disaster.

(e) Notwithstanding any other provision of law, the commissioner may approve the temporary or permanent conversion of general acute care beds to skilled nursing beds or the addition of skilled nursing beds to any general acute care hospital.

Article 6. Capital Allocation

25215. (a) Funds appropriated for capital expenditures pursuant to the capital expenditures budget shall be placed in the Capital Improvements Account, pursuant to this section and Section 25155.

(b) Once a capital expenditure request has been approved by the commissioner, it may be funded either from the Capital Improvements Account or from other sources. All capital improvements made from the Capital Improvements Account shall remain the property of the State of California under the health security system.

(c) No later than January 1 of the second year following passage of this act, the commissioner shall report on the capital needs of health facilities and clinics in each system region. In addition to any other matter deemed relevant by the commissioner, the report shall identify the capital needs of all of the following:

(1) County health facilities and clinics.

(2) Underserved geographic areas with per capita investment in health facilities and clinics substantially different from the state average.

(3) Geographic areas where the distance to health facilities and clinics imposes a barrier to care.

Article 7. Formulary

25216. (a) In order to achieve the lowest possible cost for prescription drugs the commissioner shall do all of the following:

(1) Establish a health security system formulary composed of the best-priced prescription drugs of proven efficacy for a particular condition. The formulary may include in whole or in part the List of Contract Drugs established pursuant to Sections 14105.3 through 14105.35, inclusive, and Section 14105.405 of the Welfare and Institutions Code. The commissioner shall have the authority to enter into purchase contracts for prescription drugs pursuant to these sections.

(2) Use his or her bidding power to negotiate directly from the manufacturer the lowest possible prices for drugs provided under the health security system.

(3) Establish standards and criteria as needed to ensure that only those prescription drugs on the formulary shall be reimbursed under the health security system.

(4) Establish standards and criteria as needed to ensure that formulary drugs are substituted for prescriptions written for comparable non-formulary drugs, with the approval of the prescribing provider.

(5) Establish standards and criteria by which certain non-prescription, over-the-counter, investigational, and other exceptional drugs, and nutritional supplements, that are of particular benefit for the treatment of specific medical conditions, or that are cost-effective compared to prescription drugs, may be reimbursed when prescribed by a licensed provider acting within the scope of his or her practice.

(6) Use his or her express or implied powers to reduce the direct cost of prescription drugs.

(7) Encourage the rational use of prescription drugs through educational, outreach, and other programs.

(b) In establishing the formulary and standards and criteria for purposes of this section, the commissioner shall seek the advice of the advisory board.

(c) Formulary drugs, reimbursable under the health security system, shall be substituted for prescriptions written for comparable non-formulary drugs, with the approval of the prescribing provider, pursuant to standards and criteria.

Article 8. Cost Control Measures

25225. The commissioner shall not carry out any cost control measure that limits access to care that is needed on an emergent or urgent basis, or that is medically appropriate for treatment of a patient's medical condition.

25226. (a) In order to control costs the commissioner shall strive at all times to do all of the following:

(1) Eliminate administrative and other costs that do not contribute to health care.

(2) Identify and eliminate wasteful and unnecessary care that is of no benefit to patients receiving that care.

(3) Identify and foster those measures that prevent disease and maintain health.

(b) (1) In the event that the measures taken pursuant to subdivision (a) are insufficient to maintain the fiscal integrity of the health security system, the commissioner shall study the contribution of inappropriately provided services to escalating costs. The commissioner shall adjust the next year's budgets, pursuant to Sections 25155 and 25162, to correct for the degree of overutilization identified for particular services or particular categories of licensed providers, under particular modes of reimbursement.

(2) Restrictions in budgets under paragraph (1) may be employed only to the extent necessary to correct for the proportion of cost increase in excess of that resulting from appropriate utilization, based on incidence of illness in the population, that is due to the particular services, category of provider, or mode of reimbursement being restricted, as determined by the commissioner.

25240. (a) In the event that cost control is required by subdivision (b) of Section 25150, the commissioner may request that the Legislature increase appropriations for the health security system. Any request shall be accompanied by a report on the causes of the increase in expenditures beyond the increase in gross domestic product, adjusted for population, and measures taken to control costs pursuant to Section 25226.

(b) In the event the actions taken pursuant to subdivision (a) and Section 25226 are insufficient to contain costs or increase revenues, the commissioner may, as necessary, defer funding of the Reserve Account and reduce funding of the named accounts for a period not to exceed one year, and establish restrictions or copayments on elective services.

(c) Restrictions on, and copayments for, elective services, as necessary to balance the system budget, shall be applied by the commissioner in order of increasing efficacy, as determined by the advisory board, in order that those elective services that are clearly beneficial for treatment of a patient's condition be the last services to be restricted or to have a copayment applied.

(d) Measures taken under subdivision (b) and Section 25226 shall not be used to restrict coverage of a specific diagnosis, unless the commissioner finds both of the following:

(1) That the diagnosis or the available treatments are often inappropriate.

(2) That a means of distinguishing appropriate from inappropriate utilization

of services for the diagnosis is established based on recommendations of the advisory board.

Article 9. Named Accounts in the Health Security Fund

25250. *There are in the Health Security Fund a number of named accounts. The commissioner shall propose budgets that fully fund these accounts as provided for in this act except under the circumstances described in Section 25240:*

- (a) The Public Health and Prevention Account.*
- (b) The Innovations Account.*
- (c) The Capital Improvements Account.*
- (d) The Reserve Account.*
- (e) The Health Worker Training Account.*

25251. *(a) There is in the Health Security Fund the Public Health and Prevention Account. Funds in the Public Health and Prevention Account shall be budgeted for programs designed to prevent disease, including, but not limited to, community-based disease prevention and health promotion programs, training programs, and research as described in Chapter 8 (commencing with Section 25260).*

(b) The programs funded by the Public Health and Prevention Account shall give priority to meeting the population-based health care needs of population groups with the greatest unmet needs, to provide public health outreach to underserved populations, and research designed to better understand, reduce, or eliminate the causes of illnesses in the population as a whole and enhance quality of life.

(c) All existing population-based public health programs of the State Department of Health Services and the county departments of health, shall be funded from the Public Health and Prevention Account. Nothing in this act shall be construed to require any decrease in funding for population-based programs of the State Department of Health Services and the county departments of health.

(d) The Public Health and Prevention Account shall be used to provide additional funding for existing programs of the State Department of Health Services and funding for new programs designed to improve health outcomes of the population by addressing the educational, social, economic, basic biological, and other causes of ill health.

(1) To develop new programs for funding by the Public Health and Prevention Account, the commissioner may consult with the Director of Health Services, local health officers, directors of county health departments, the State Superintendent of Public Instruction, directors of other state and local human services programs, and the deans of health professional training programs, academic medical centers, and schools of public health in the state, in order to determine the areas of investment likely to have the greatest impact on future improvement of health outcomes for the population in each system region.

(2) New programs shall be coordinated with existing public health and human services programs and may be funded by grants to any state, local, or private nonprofit human services agencies, or may be established by the commissioner directly.

(e) The Public Health and Prevention Account may be used to provide funding for school-based nurses to provide such services as immunizations and health education, as deemed appropriate by the commissioner.

(f) (1) In the first four budget years under this act, the commissioner's proposed budget shall include funding of the Public Health and Prevention Account at a level not less than the sum of all population-based public health

expenditures of the state and local health departments in the base year, supplemented by an additional one percent (1%) of anticipated total annual health security system revenues for the first year, and amounts in the second through fourth years that will achieve the level of funding specified in paragraph (2).

(2) In the fifth year and subsequent budget years under this act, the commissioner's proposed budget shall include funding of the Public Health and Prevention Account at a level not less than five percent (5%) of total annual health security system revenues.

25252. (a) There is in the Health Security Fund the Innovations Account. Funds in this account shall be expended for research and development of new strategies for disease treatment and cure. These funds shall also be used to guarantee that new technologies, approaches, and insights into disease treatment and cure are developed in order that they be available to all Californians at regional tertiary care referral centers.

(b) The commissioner's proposed budget shall include funding of the Innovations Account at a level not less than one percent (1%) of total annual health security system revenues.

25253. (a) There is in the Health Security Fund the Capital Improvements Account. The commissioner, in consultation with the advisory board, shall propose the amount to be included in each regional budget for capital improvements to be funded out of the Capital Improvements Account.

(b) To ensure survival and transition for state, county or municipally operated facilities, the funds in the Capital Improvements Account shall be disbursed, for a period of at least three years, in a manner proposed by the commissioner, to give priority to the capital needs of those facilities.

(c) Allocation of funds for capital expenditures in each system region shall require approval of the commissioner and shall be funded from the Capital Improvements Account.

(d) Notwithstanding any other provision of law, it is the intent of the people that no funds shall be appropriated for any health facility or clinic-related capital improvements above five hundred thousand dollars (\$500,000) per health facility or clinic in any year, unless that capital improvement is approved by the commissioner.

25254. (a) There is in the Health Security Fund the Reserve Account. The Reserve Account shall be considered to be fully funded when it contains an amount no less than five percent (5%) of total health security system revenues in a given year.

(b) The commissioner shall retain the Reserve Account for budgetary shortfalls, epidemics, or other extraordinary circumstances as defined by the commissioner and as set forth in Section 25151. The commissioner's proposed budget shall contain funding for the Reserve Account equal to one percent (1%) of the system budget, unless the commissioner determines that a different amount is needed for prudent operation of the health security system.

25255. (a) There is in the Health Security Fund, for a period of at least three years after benefits are first provided, a Health Worker Training Account.

(1) The commissioner's proposed budget shall contain funding for the Health Worker Training Account equal to one percent (1%) of the system budget, unless the commissioner determines that a different amount is needed for prudent operation of the health security system.

(2) Funds in the Health Worker Training Account may be used to allow health workers displaced by transition to the health security system to be retrained and placed in jobs that meet the new needs of the system.

(3) It is the intent of the people that the Legislature, in consultation with the commissioner, establish job retraining or apprenticeship training programs in each system region, pursuant to this section, to be funded from the Health Worker Training Account.

(b) After three years, the commissioner may do either of the following:

(1) Propose termination of the Health Worker Training Account.

(2) Continue the Health Worker Training Account, and its inclusion in the commissioner's proposed budgets, for the purpose of providing career education and training assistance that will enhance the delivery of health care to California communities that are underserved either in the quality of health care or in accessibility to health care providers.

Article 10. Transfer of Other State Programs

25257. (a) Programs for individual clinical prevention and treatment, previously administered by the State Department of Health Services, the State Department of Mental Health, the Department of Rehabilitation, the Department of Aging, the State Department of Developmental Services and the State Department of Social Services, and any other state or county entity that provides individual clinical prevention and treatment services, shall be administered by the commissioner to the extent that those programs are transferred to the health security system.

(b) Local health departments shall continue to provide clinical services when needed to reach special or underserved populations and to fulfill the counties' responsibility to provide health care services pursuant to Section 17000 of the Welfare and Institutions Code. However, to the greatest extent possible, those facilities shall be funded for these services from the Health Security Fund under the same overall operating expense budgets according to formulae applied to all health facilities and clinics.

(c) Those programs concerned with population-based public health activities and core public health functions shall remain the responsibility of the State Department of Health Services and shall be funded from the Public Health and Prevention Account pursuant to Section 25251.

(d) It is the intent of the people that the Legislature take steps to consolidate the administration of residual programs in those state departments whose functions have been significantly appropriated to the health security system, in order to maintain administrative efficiency and to effectively carry out the goals for which any residual programs were established.

CHAPTER 8. PRIMARY CARE, TERTIARY CARE, PUBLIC HEALTH, RESEARCH, AND HEALTH CARE WORKER TRAINING AND DISTRIBUTION

Article 1. Primary Care

25260. The people find that quality and efficiency in the delivery of health care services can best be achieved when the ratio of primary care to specialist physicians is one-to-one. Accordingly, the commissioner shall develop and implement appropriate policies which are intended to achieve this ratio.

Article 2. Tertiary Care

25265. (a) The commissioner shall designate one or more tertiary care referral centers for each system region, where particular specialized, experimental,

high-technology, and high-expense procedures and services shall be performed based on the expertise available, and outcomes demonstrated at those centers.

(1) The commissioner shall guarantee that specialized, high-technology, and high-expense procedures and services are performed at the highest level of competency possible and are fully available to all Californians with conditions whose effective treatment requires such care.

(2) The commissioner shall guarantee that the specialized services available in tertiary care referral centers are not in oversupply or otherwise available in ways that are likely to foster their inappropriate utilization.

(3) Tertiary care referral centers shall include, but need not be limited to, academic medical centers and county hospitals in the region, unless the commissioner finds compelling reasons to designate otherwise.

(b) The services whose reimbursement is restricted to the designated tertiary care referral centers shall be determined and specified no less than yearly by the commissioner on recommendation of the advisory board.

(c) The commissioner shall take such measures as are necessary to ensure that regionalization of specialized services does not result in barriers to appropriate and reasonable access to those services.

Article 3. Public Health

25270. (a) The advisory board shall make recommendations to the commissioner on technology assessment, cost-effectiveness, practice guidelines and standards, and promotion of population-based health strategies with an emphasis on prevention. Funding to carry out these recommendations, and to carry out public health research to promote disease prevention strategies shall be budgeted from the Public Health and Prevention Account in the form of grants for specific programs of the State Department of Health Services, county health departments, State Department of Education, or other state or local government or private non-profit human services agencies, or to programs established directly by the commissioner.

(b) It is the intent of the people that the Legislature not use funding by the commissioner of new programs under the auspices of the State Department of Health Services, county health departments, State Department of Education, or other state or local government or private non-profit human services agencies as a basis for diminishing existing funding of these departments and agencies.

Article 4. Academic Medical Centers

25275. (a) The commissioner shall acknowledge the special role of academic medical centers in providing individual health care services delivery, public health and basic research affecting health care outcomes and costs, and health worker education and training, by establishing special formulae by which facility budgets for academic medical centers are established.

(b) The commissioner shall meet with representatives of academic medical centers no less than yearly to promote the needs of the health security system and better coordinate health worker supply, distribution and demand to fulfill the objectives of this act. These objectives include:

(1) Achieving the targeted ratio of primary care to specialist physician providers specified in Section 25260.

(2) Achieving the number, geographic, discipline and specialty distribution of professional providers to that needed by the state as a whole.

(3) *Adjusting, over a period of years to be determined by the commissioner, the number and geographic and specialty distribution of professional providers as needed to staff underserved areas and communities.*

(c) *Actions of the commissioner with respect to academic medical centers shall be limited to filling those needs resulting from the replacement of multiple third party providers by a single-payer for health care services.*

Article 5. Research

25280. (a) *The commissioner may provide competitive grants to academic medical centers and other health professional schools in the state and to local health care experts in the regions to improve the effectiveness of the health security system at a level of funding recommended by the advisory board. The funding shall be for the following purposes:*

(1) (A) *To determine, and periodically review, the medical conditions that are effectively treated by particular new and currently practiced procedures and services:*

(B) *The outcome of these studies shall be provided to the advisory board for use in establishing recommendations regarding medical indications for new and currently practiced services and procedures, and to the commissioner and professional provider representatives for the purposes of negotiating rate and fee schedules for professional provider reimbursement and health facility or clinic facility budgets, and in decisions regarding capital expansion.*

(2) *To carry out basic biomedical and clinical research whose eventual outcome may prevent disease or allow it to be treated with greater efficacy and cost-effectiveness than is the case now.*

(3) *To carry out research into all aspects of health care services, organization, delivery, and population-based public health.*

(b) *Specific funding for these and other activities which explore new and innovative approaches to the current and future health care needs of California shall, upon appropriation of the Legislature, come from, but need not be limited to funds from, the Public Health and Prevention Account and the Innovations Account and shall be calculated separately from the facility budget for provision of services and health worker training of academic medical centers or the budget for local health departments.*

Article 6. Miscellaneous

25281. *The commissioner may establish standards and criteria regarding any aspect of primary care, tertiary care, public health, health worker training, and research not specified in this chapter.*

CHAPTER 9. ENFORCEMENT

25282. (a) *No provider that receives funds or provides care pursuant to this division, shall discriminate against a person seeking care on the basis of race, religious creed, color, national origin, ancestry, physical or mental disability, medical condition, marital status, sex, sexual orientation, age, wealth, or any other basis prohibited by the civil rights laws of this state; provided that nothing in this act shall require a professional provider or health facility or clinic to perform a particular service where either of the following applies:*

(1) *The particular service is outside its scope of practice which is bona fide limited to certain medical specialties, services, or age groups.*

(2) *The professional provider or health facility or clinic asserts a religious or conscientious objection to providing the particular service.*

(b) Any person who is eligible for health care services under this division has the right to equitable access to medically appropriate health care, and shall have standing to enforce this section.

25283. (a) Standards and criteria shall be established to assure that health care providers shall not have a financial interest in laboratory and diagnostic facilities to which they refer patients for tests, procedures, or services.

(b) Standards and criteria shall be established regarding financial disclosure by any health facility, clinic, or professional provider reimbursed under the health security system, in order to safeguard patient care and the integrity of the system.

25284. The commissioner shall exclude the following providers from participation in any program under this act:

(a) Any provider that has been convicted, under either state or federal law, of a criminal offense relating to any of the following:

(1) The delivery of an item or service under the act or any other federal or state health care program.

(2) The neglect or abuse of a patient in connection with the delivery of health care.

(3) Fraud, theft, embezzlement, breach of financial responsibility, or other financial misconduct in connection with the delivery of health care or with respect to any act or omission in a program operated by or financed in whole or in part by any federal, state, or local government agency.

(4) The interference with or obstruction of any act of the commissioner.

(5) The unlawful manufacture, distribution, prescription or dispensing of a controlled substance.

(b) Any provider whose license to provide health care has been revoked or suspended by any state licensing agency or who otherwise lost a license or the right to apply for or renew a license, for reasons bearing on the individual's or entity's professional competence, professional performance, or financial integrity.

(c) Any provider that has been suspended or excluded from participation in any federal or state program involving the provision of health care, including, but not limited to, Medicare, Medi-Cal, and programs of the Department of Defense and the Veterans Administration.

(d) Any provider that the commissioner determines any of the following:

(1) Has submitted or caused to be submitted to the commissioner bills or requests for payment for items or services furnished, where the bills or requests are based on charges or costs in excess of permitted charges or costs, unless the commissioner finds there is good cause for the bills or requests.

(2) Has furnished or caused to be furnished items or services to patients substantially in excess of the needs of the patients or of a quality that fails to meet professional recognized standards of health care.

(3) Is a health maintenance organization or other capitated program and has failed substantially to provide medically necessary items and services that are required under this act to be provided to eligible individuals if the failure has adversely affected or has had a substantial likelihood of adversely affecting those individuals.

(e) Any provider that did not fully or accurately make any disclosure required to be made by a health care facility or other provider under this act.

(f) Any provider that fails to grant the commissioner access upon reasonable request of the commissioner, pursuant to regulations promulgated by the commissioner, to enable the commissioner to do any of the following:

(1) To review data and records relating to compliance with conditions for participation and payment.

(2) To perform the reviews and surveys required by this act.

(3) To review records, documents, and other data necessary to the performance of the statutory functions of the commissioner.

25285. The commissioner may exclude the following providers from participation in any program under this act:

(a) Any provider found to violate Sections 25282 or 25283.

(b) Any person, including an organization, agency or other entity, but excluding a covered individual, that presents or causes to be presented to an officer, employee or agent of the commissioner a claim or request for payment that the commissioner determines meets any of the following descriptions:

(1) Is for a service or item that the person knows or should know was not provided as claimed.

(2) Is for a service or item and the person knows or should know the claim is false or fraudulent.

(3) Is presented for a physician's service or an item or service incident to a physician's service by a person who knows or should know that the individual who furnished or supervised the furnishing of the service was not licensed as a physician or was not certified in a medical specialty by a medical specialty board when the individual was represented as certified or the individual had been previously excluded from participation.

(4) Is in violation of this act or any regulation issued thereunder.

(c) Any person, including an organization, agency, or other entity, but excluding a covered individual that does any of the following:

(1) Makes a payment or provides an item or service, directly or indirectly, to any other provider, as an inducement to reduce or limit the service provided to a covered individual under this act.

(2) Offers to pay or solicits or receives any remuneration (including, but not limited to, any kickback, bribe, or rebate), directly or indirectly, overtly or covertly, in cash or in kind, in return for either of the following:

(A) Referring an individual to a person for the furnishing or arranging for the furnishing of any item or service for which payment is made under this act.

(B) Purchasing, leasing, ordering, or arranging for or recommending purchasing, leasing, or ordering any good, facility, service or time for which payment may be made in whole or in part under this act.

(d) Subdivision (c) shall not apply to any of the following:

(1) Any discount or other reduction in price obtained by a provider of service or other entity if the reduction in price is properly disclosed and appropriately reflected in the costs claimed or charges made by the provider or entity under this act.

(2) Any amount paid by an employer to an employee (who has a bona fide employment relationship with that employer) for employment in the provision of covered items and services.

(3) Any other agreement or payment practices that the commissioner determines, pursuant to regulations promulgated by the commissioner, are not primarily intended to induce or influence the quantity or quality of services provided under this act.

(e) (1) Any provider found to provide substandard care or engage in unprofessional conduct.

(2) Standards and criteria shall be established to review the care provided by providers to detect potential and actual quality of care problems and to prevent over-utilization or under-utilization of services paid for by the health security system.

25286. In addition to any other penalties prescribed by law, the commissioner may impose a civil money penalty of not more than \$5,000 for each violation of this chapter. In addition, such a person shall be subject to an assessment of not more than twice the amount of unlawful payment or damages sustained by the State of California resulting from the violation. In addition, the commissioner may make a determination in the same proceeding to exclude the person from participation in the health security system.

25289. The commissioner shall establish regulations and procedures for the review of any action which may result in exclusion or penalties under this chapter.

(a) In the case of exclusion or limitation under subdivision (e) of Section 25285, the review procedures shall be consistent with those required by Sections 809 through 809.9, inclusive, of the Business and Professions Code. The commissioner and all other individuals participating in the review procedures shall have all the immunities provided to a hospital by Sections 43.7, 43.8, 43.9, and 47 of the Civil Code, and Section 2318 of the Business and Professions Code. The review procedures shall be protected from discovery by Sections 1156, 1156.1, 1157, and 1157.5 of the Evidence Code.

(b) In the case of exclusion, limitation or penalty for any other reason permitted by this chapter, the review procedures shall be consistent with Section 25405.

25290. (a) An exclusion shall be effective at such time and upon such conditions as the commissioner determines.

(b) An exclusion may be terminated at such time and upon such conditions as the commissioner determines.

25291. (a) The commissioner shall provide notice to the public of all exclusions in accordance with regulations promulgated by the commissioner.

(b) The commissioner shall file a report pursuant to Section 805 of the Business and Professions Code with respect to any professional provider whose participation in the health security system has been limited in any way or who has been excluded from participation.

CHAPTER 10. IMPLEMENTATION

Article 1. Initial Health Security System Budget

25300. (a) The commissioner shall seek from the Legislature sufficient appropriation for start-up expenditures and transition costs.

(b) Any money appropriated under subdivision (a) shall be repaid with interest to the General Fund from the Health Security Fund within two years, unless a longer period is authorized by the Legislature.

Article 3. Phase-In of Benefits

25305. (a) Benefits under Article 2 (commencing with Section 25015), Article 3 (commencing with Section 25020), and Article 5 (commencing with Section 25030) of Chapter 4 shall be available to eligible individuals commencing January 1 of the second year following passage of this act.

(b) During the first year of benefits under this act, the commissioner may establish copayments as follows:

(1) For any elective service or prescription drug not to exceed \$5 for each procedure or prescription.

(2) For outpatient mental health care services, after the 26th service rendered in the year, not to exceed:

(A) In the case of services rendered by fee-for-service providers, 50% of the fee charged for each visit or rendered service.

(B) In the case of services rendered by capitated providers, \$25 per visit or rendered service.

(3) Individuals who receive benefits under the federal Medicare program, the CHAMPUS Program, or the Federal Employees' Health Benefit Plan, or who are exempt from copayments under federal law, shall not be required to pay the copayments specified in this section.

(c) After the first year of benefits under this act, no copayment shall be required for any covered benefit, other than as established by the commissioner pursuant to Sections 25020 and 25240, provided that the commissioner may extend the period of copayment under subdivision (b) for up to one additional year upon making a finding that the health security system is not yet capable of absorbing the full cost of the benefits.

(d) Benefits under Article 6 (commencing with Section 25035) of Chapter 4 shall be available to eligible individuals commencing January 1 of the third year following passage of this act.

(e) Benefits under Article 4 (commencing with Section 25025) of Chapter 4 shall be available to eligible individuals commencing January 1 of the fourth year following passage of this act.

Article 4. Health Worker Staffing Ratio Changes

25310. (a) Commencing on the effective date of this act, no health facility, clinic, or professional provider shall increase the ratio of patients to licensed or registered nurses without the approval of the commissioner. Petitions for waivers shall be made public and may not be approved without 60 days public notice.

(b) Prior to the date benefits are first available under this act, the commissioner shall establish minimum safe staffing standards for all settings in which health care is provided including minimum public health staffing standards.

Article 5. Transition of Capitated Integrated Health Delivery Systems

25311. (a) Individuals enrolled in a capitated integrated health delivery system on December 31 of the first year following passage of this act, shall be considered enrolled in that integrated health delivery system for the purposes of initial benefits effective January 1 of the second year following passage of this act, unless the particular integrated delivery system in which they are enrolled has not been registered by the health security system or has selected a non-capitated mode of reimbursement under the health security system.

(b) The commissioner shall meet with representatives of registered integrated health care delivery systems in each system region no less than four months prior to providing initial benefits under this act, for the purposes of coordinating their transition to the health security system.

(c) The commissioner shall consider the special needs and requirements of capitated integrated health care delivery systems in California. The commissioner may provide technical assistance or promulgate regulations with respect to the reimbursement and other requirements and procedures of the health security

system to ease the transition of capitated integrated health care delivery systems in order to preserve the availability of health care services in California.

CHAPTER 11. MISCELLANEOUS

Article 1. Hearings and Judicial Review

25400. (a) *Any person aggrieved by a decision, order, rate, rule, regulation, action or failure to act, of or by the commissioner, a regional administrator, or a regional consumer advocate, may seek judicial review.*

(1) *A decision that is required by law to be made following a quasi-adjudicatory hearing shall be set aside only if it is not supported by substantial evidence. Any other decision, order, rate, rule, regulation, action or failure to act, shall be set aside only if it is arbitrary and capricious.*

(2) *In suits brought by one or more individuals contesting an action of the commissioner restricting coverage afforded them under this program, a prevailing plaintiff shall be awarded costs of suit and reasonable attorney's fees.*

(b) *In any action or proceeding challenging a legislative amendment to this act:*

(1) *The party or parties asserting the validity of the amendment shall have the burden of proof by clear and convincing evidence that the amendment is consistent with the purposes of this act. The purposes of this act include not only the intent, findings, and declarations set forth in Sections 25001 and 25002, but also the means the act employs to achieve its stated aims.*

(2) *A legislative amendment inconsistent with the purposes of this act shall be declared invalid, and the prevailing plaintiff, other than the commissioner, an officer, or a member of a department, board or agency established by this act, shall be awarded cost of suit and reasonable attorney's fees.*

25405. (a) *Any quasi-adjudicatory hearing required by law shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except as provided in this act or in regulations promulgated by the commissioner.*

(b) *The hearing shall be conducted by a hearing officer assigned by the commissioner who shall rule on the admission and the exclusion of evidence and may exercise all other powers relating to the conduct of the hearing.*

Article 2. Insurance and Practice Outside the Health Security System

25415. (a) *Any person providing or offering health care or insurance to any individual for a fee or other consideration that covers benefits available under the health security system shall inform these individuals, including prospective customers, in writing of the benefits for which they may be eligible under the health security system.*

(b) *The commissioner may establish a uniform notice, specifying both content and print size, to be included in any place of business, advertisement, policy of insurance, or offer to insure, as described in subdivision (a). The notice shall be limited to an advisement of rights under this act and the name and phone number of a person or office that can provide further information.*

(c) *Failure to provide the notice required by this section shall constitute an unfair business practice, entitling the individual to rescission, restitution, damages, and other remedies as provided by law and result in other action by the commissioner as authorized by law.*

25420. *Any health facility, clinic, or professional provider may elect to participate in the health security system, unless excluded by the commissioner.*

25421. (a) Except as provided in Section 25138, a participating health facility, clinic, or professional provider may not charge any person, including individuals not eligible for benefits under this act, for services or procedures that are covered benefits under this act, other than for a copayment as permitted by this act.

(b) Except as provided in Article 4 (commencing with Section 25180) of Chapter 7, a participating health facility, clinic, or professional provider may provide to any person services or procedures that are not covered benefits under this act.

(1) A provider may require a patient to pay for services or procedures that the commissioner has determined are not covered by this act. Fees or reimbursement for such service or procedure is a matter between the provider and the patient. The health security system is not liable for these charges and shall not be billed.

(2) No provider shall require a patient to pay for or obtain a service not covered by this act as a condition of obtaining covered services.

(3) The commissioner may monitor the provision, frequency, and cost of services under this subdivision to determine their efficacy and possible inclusion as covered benefits, and to safeguard against abuse of the health security system.

Article 3. Coordination with Other Laws

25520. Exemption from state and federal antitrust laws.

(a) Actions taken by or on behalf of the commissioner, or by any person as authorized by this act, shall not be considered a violation of California antitrust laws, including, but not limited to, Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code.

(b) It is the intent of the people to ensure that all Californians receive high-quality health care coverage in the most efficient and cost-effective manner possible.

(1) In furtherance of this intent, the people find and declare that it is in the public interest to enhance the ability of professional providers, health facilities, and clinics to form bargaining units for the purpose of contracting for the delivery of health care services, and that it is in the public interest for the health security system to contract with vendors, professional providers, health facilities and clinics to further the purposes of this act.

(2) The people further find and declare that the existing marketplace for health care services, relying on contracts between individual providers, both institutional and professional, and individual insurers and purchasers, has not proven effective, and has been unable to provide quality and efficient health care to all Californians.

(3) The people further find and declare that the efficient operation of the health security system, including its salient purpose of providing universal, comprehensive, accessible, portable, and publicly administered health care, providing the greatest freedom of choice to the health care consumer, requires the displacement of competition among providers, insurers, and purchasers of health care services.

(4) The California Legislature has previously demonstrated a similar intent and public purpose in Section 16770 of the Business and Professions Code, Sections 1342.6 and 1797.6 of the Health and Safety Code, Section 10133.6 of the Insurance Code, and Section 14087.26 of the Welfare and Institutions Code.

(5) It is the intent of the people, therefore, that the formation of groups and combinations of providers and health facilities and the concentration of purchasing power and regulatory authority in the health security system, be exempt from federal antitrust restraints.

(c) *The people find and declare all of the following:*

(1) *There is a compelling state public interest in each action undertaken by or on behalf of the commissioner, and every other state and local agency, board, council, and officer acting under and in furtherance of this act, including, but not limited to, those actions otherwise considered in restraint of trade.*

(2) *This act prescribes and exercises the degree of state direction and supervision over health care services as shall provide for state action immunity under federal antitrust laws for activities undertaken by local governmental entities in carrying out their prescribed functions under this act.*

(d) *This section does not change existing antitrust law as it relates to any agreement or arrangement to exclude from any of the above-described groups or combinations, any person who is lawfully qualified to perform the services to be performed by the members of the group or combination, where the ground for the exclusion is failure to possess the same license or certification as is possessed by the members of the group or combination.*

25525. *Compliance with federal health care reform legislation.*

(a) *The commissioner shall determine which provisions of this act, and which actions taken pursuant to this act, must be modified to achieve compliance with requirements for state health plans as specified by federal laws or regulations including those enacted after submission of this ballot initiative, or other federal laws and regulations.*

(1) *If any statutory provision of this act must be modified to achieve compliance with federal health care reform legislation, the commissioner shall seek appropriate amendment by the Legislature, preserving the goals of this act, including, but not limited to, providing universal and comprehensive coverage, cost control, fiscal soundness, and progressive financing.*

(2) *The commissioner shall construe or modify any regulation promulgated under this act as necessary to achieve compliance with federal health care reform legislation.*

(b) *Provisions of federal laws and regulations covered by this section include, but are not limited to, certifying health plans, financing and financial solvency, cost control, protection for health care providers and enrollees, health benefits, enrollment, and provider reimbursement.*

25530. *Federal Waivers.*

(a) *The commissioner shall seek all appropriate federal waivers, exemptions, agreements or legislation that shall allow all federal payments for medical, mental health and long-term care made in this state to be paid directly to the commissioner for the purposes of the health security system, and for the assumption, by the health security system, of the responsibility for all benefits previously paid for by the federal government.*

(b) *The commissioner shall, in all cases, seek to maximize federal contributions and payments for medical, mental health, and long-term care services provided in this state, and, in obtaining the waivers, exemptions, agreements, or legislation required by subdivision (a), the commissioner shall seek to ensure that the contributions of the federal government for medical, mental health, and long-term care services in California shall not decrease in relation to other states as a result of the waivers, exemptions, agreements, or legislation.*

25535. *Construction.*

This act shall be construed as necessary to comply with federal health care legislation, consistent with the intent of the act to establish a single-payer for

health care with freedom of choice of professional provider and a single standard of care for all Californians eligible for particular services under the health security system.

SECTION 3. Section 13 is hereby added to Article XIII B of the California Constitution to read as follows:

SEC. 13. (a) "Appropriations subject to limitation" for each entity of government do not include appropriations for purposes of the California Health Security Act.

(b) "Appropriations subject to limitation" for each entity of government shall be lowered in any year by the amount excluded from limitation under subdivision (a), to the extent that amount was subject to limitation in the prior year.

SECTION 4. Section 20 is hereby added to Article XVI of the California Constitution to read as follows:

SEC. 20. (a) There is established a special fund in the State Treasury, to be called the Health Security Fund, for the purpose of implementing the California Health Security Act.

(b) All moneys collected, received, and transferred pursuant to the California Health Security Act shall be transmitted to the State Treasury to be deposited to the credit of the Health Security Fund for the purpose of financing the health security system.

(c) The money in the Health Security Fund shall not be considered state revenues or state money or proceeds of taxes for purposes of Sections 3 and 8 of this article.

SECTION 5. Unless expressly provided for in this act, the provisions of Part 2 (commencing with Section 10110) of Division 2 of the Insurance Code, shall not be applicable to this act.

SECTION 6. Welfare and Institutions Code Sections 5750, 10720, 10721, 10722, 10723, and 10724 are hereby added to read as follows:

5750. Administrative duties; standards; rules and regulations.

(a) The California State Health Commissioner shall administer this part. Notwithstanding any other provision of law, standards and regulations for mental health services shall be adopted in the manner set out in Chapter 4 (commencing with Section 25010) of Division 13 (California Health Security Act) for the adoption of standards and regulations for other benefits provided under this act consistent with Sections 5751 and 5751.1.

(b) Notwithstanding any other provision of law, the duties, purposes, responsibilities, functions and jurisdiction of the Citizen Advisory Council and the California Conference of Local Mental Health Directors under this part are transferred to the Health Care Policy Advisory Board as defined in subdivision (b) of Section 25004, unless the California State Health Commissioner determines otherwise by regulation.

(c) The transfer of the purposes, responsibilities, functions, property, officers, and employees of the Department of Mental Health to the California State Health Commissioner shall occur as provided in Sections 10720, 10721, and 10722, as added by this act.

(d) All regulations heretofore adopted by the Director of Mental Health which relate to the Director of Mental Health's duties, purposes, responsibilities, functions, and jurisdiction as well as payment, accounting, auditing, and collection of funds under this part, and that are in effect on the date of passage of this act, shall remain in effect and shall be fully enforceable unless and until readopted, amended, or repealed by the California State Health Commissioner.

10720. *Duties of the California State Health Commissioner.* The California State Health Commissioner shall administer the chapters and part referred to in Section 10721, as well as any other law in this division pertaining to the administration of health care services and medical assistance. As used in the chapters and parts referred to in Section 10721, the term "directors" and "department" mean the California State Health Commissioner.

10721. *Transfer of functions; effective date; impairment of contracts.*

(a) The California State Health Commissioner succeeds to and is vested with the duties, purposes, responsibilities, functions, and jurisdiction exercised by the State Department of Health Services pursuant to Chapter 6.5 (commencing with Section 13900), Chapter 7 (commencing with Section 14000), Chapter 8 (commencing with Section 14200), Chapter 8.5 (commencing with Section 14500), Chapter 8.7 (commencing with Section 14520), Chapter 8.8 (commencing with Section 14600), Chapter 9 (commencing with Section 15000), Chapter 9.5 (commencing with Section 15300), Chapter 11 (commencing with Section 15600), and Chapter 12 (commencing with Section 15710), of Part 3 and Part 4 (commencing with Section 16000), Part 4.5 (commencing with Section 16700), Part 4.6 (commencing with Section 16800), Part 4.7 (commencing with Section 16900), Part 5 (commencing with Section 17000), Part 5.5 (commencing with Section 17700) and Part 6 (commencing with Section 18000) of this division the date immediately prior to the date this section becomes effective.

(b) Functions transferred pursuant to this section include the management and administration of the Health Care Deposit Fund and the audit and recovery of amounts due as the result of payments made under the California Medical Assistance Program (Medi-Cal).

(c) Transfer to the California State Health Commissioner of the above duties, purposes, responsibilities, functions, and jurisdiction shall not impair any contract between the State Department of Health Services and any third party and the transfer shall neither create nor vest any right or obligation in either party. In no case shall the substitution of the California State Health Commissioner for the State Department of Health Services be considered a breach of contract or failure of performance, nor shall it disturb the legal relationship of the two parties.

10722. *Transfer of property.* The California State Health Commissioner shall have possession and control of all records, papers, offices, equipment, supplies, moneys, funds, appropriations, land and other property, real or personal held for the benefit or use of the Director of Health Services in the performance of his or her duties, powers, purposes, responsibilities, and jurisdiction that are vested in the State Department of Health Services for the purposes of carrying out the chapters and parts referred to in Section 10721.

10723. *Transfer of officers and employees.* All officers and employees of the State Department of Health Services who on the effective date of this act are serving in the state civil service, other than temporary employees, and engaged in the performance of a function vested in the California State Health Commissioner by Section 10721 shall be transferred to the California State Health Commissioner. The status, positions, and rights of those individuals shall not be affected by the transfer and shall be retained by them as officers and employees of the California State Health Commissioner, pursuant to the State Civil Service Act except as to positions exempt from civil service.

10724. *Regulations; continued effectiveness; readoption, amendment or repeal.* All regulations heretofore adopted by the Director of Health Services that

relate to payment, accounting, auditing, and collections functions vested in the State Department of Health Services, or by any predecessor department that relate to health care services or medical assistance functions vested in the State Department of Health Services, and that are in effect immediately preceding the effective date of this section, shall remain in effect and shall be fully enforceable unless and until readopted, amended or repealed by the California State Health Commissioner.

SECTION 7. Health and Safety Code Sections 443.20, 446, and 446.35 are added, to read as follows:

443.20. The California Health Policy and Data Advisory Commission is abolished. The California State Health Commissioner succeeds to and is vested with all the duties, powers, purposes, responsibilities, and jurisdiction of the California Health Policy and Data Advisory Commission, including, but not limited to, those functions and responsibilities performed pursuant to this division.

446. The Office of Statewide Health Planning and Development is abolished. The California State Health Commissioner succeeds to and is vested with all the duties, powers, purposes, responsibilities, and jurisdiction of the Office of Statewide Health Planning and Development, including, but not limited to, those functions and responsibilities performed pursuant to this division.

446.35. All regulations heretofore adopted by the Office of Statewide Health Planning and Development and that are in effect immediately preceding the operative date of this section, shall remain in effect and shall be fully enforceable unless and until readopted, amended or repealed by the California State Health Commissioner.

SECTION 8. Section 30123.5 and Part 14.5 of Division 2, commencing with Section 33000, are hereby added to the Revenue and Taxation Code to read as follows:

30123.5. Health Security System Cigarette and Tobacco Products Surtax.

(a) In addition to the tax imposed upon the distribution of cigarettes by this chapter, there shall be imposed on every distributor a tax upon the distribution of cigarettes at the rate of 50 mills (\$.05) for each cigarette distributed.

(b) There shall be imposed on every distributor of tobacco products based on the wholesale cost of these products, at a tax rate, as determined annually by the State Board of Equalization, which is equivalent to the combined rate of tax imposed on cigarettes by subdivision (a).

(c) The rate specified in subdivisions (a) and (b) shall be reduced by an amount equal to any tax imposed on like cigarette and tobacco products pursuant to federal health security legislation, to the extent that the federal tax revenues are contributed to the Health Security Fund.

(d) The revenues generated pursuant to this section shall be deposited in the Health Security Fund.

PART 14.5. HEALTH SECURITY FUND

33000. Definitions.

The definitions contained in this section shall govern the construction of this part, unless the context requires otherwise.

(a) "Act" means the California Health Security Act (Division 13 (commencing with Section 25000) of the Welfare and Institutions Code).

(b) "Base year" means the twelve months prior to the passage of the California Health Security Act.

(c) "Commissioner" or "Health Commissioner" means the California State Health Commissioner.

(d) "Employee" means a resident of California who works for an employer, is listed on the employer's payroll records, and is under the employer's control.

(e) "Employer" means any person, partnership, corporation, association, joint venture, or public or private entity employing for wages, salary, or other compensation, one or more employees at any one time to work in this state. "Employer" does not include self-employed persons with respect to self-employed earnings.

33001. Employer Health Security System Payroll Tax.

(a) All employers shall pay a health security payroll tax commencing January 1 of the second year following passage of the California Health Security Act.

(b) (1) Not later than April 15 of the year following passage of the act, each employer shall report to the Health Commissioner, by means and formulae determined by the commissioner, the number of employees and the amount paid for employee health insurance and benefits, both in absolute dollars and as a percentage of overall payroll, for the base year.

(2) An employer without a base year payroll shall estimate the items in paragraph (1) for its first full year of operation after the base year and report them to the commissioner. Within 90 days of completing the first full year of doing business in the state, the employer shall file a corrected report with the commissioner. The first full year of doing business in the state shall serve as the employer's base year for the purposes of this section.

(3) In addition to any penalties provided by law, an employer who fails to file the report required by this subdivision, or misstates any material fact, shall be assessed the maximum rate permitted under this section or Section 33002, plus an additional one percent tax on payroll, until a valid report is filed.

(c) Except as provided in Section 33002, the payroll tax rate shall be:

(1) In the case of employers with fewer than 10 employees, 4.4 percent of payroll.

(2) In the case of employers with 10 or more but fewer than 25 employees, 6.0 percent of payroll.

(3) In the case of employers with 25 or more but fewer than 50 employees, 7.0 percent of payroll.

(4) In the case of employers with 50 or more employees, 8.9 percent of payroll.

(5) In the event that federal law requires a different payroll tax rate, that rate shall apply.

(d) The payroll tax rate specified in this section shall be inclusive of, but not in addition to, any payroll tax mandated by federal health care reform legislation.

(e) For purposes of determining the tax rates under subdivision (c) both of the following shall apply:

(1) The number of employees means the number of full-time equivalent employees.

(2) The number of employees shall be the greater of the number in the current year or the base year.

(f) Nothing in the California Health Security Act shall be construed to prevent an employer from providing health benefits in excess of those available under the health security system.

(g) The commissioner may seek assistance from any appropriate state agency in obtaining the data necessary to carry out this section.

(h) The earnings of a self-employed individual resulting from self-employment shall not be considered payroll for the purposes of this section.

33002. Phase-In of Employer Health Security Payroll Tax.

(a) For the first year in which benefits are provided under this act, the payroll tax rate shall be the amount specified in Section 33001, adjusted as follows:

(1) By adding, in the case of an employer whose base-year health insurance and benefit payments, expressed as a percentage of payroll, was greater than the rate specified in subdivision (c) of Section 33001, two-thirds of the difference between these two rates.

(2) By subtracting, in the case of an employer whose base-year health insurance and benefit payments expressed as a percentage of payroll, was less than the rate specified in subdivision (c) of Section 33001, two-thirds of the difference between these two rates.

(b) For the second year in which benefits are provided under this act, the payroll tax rates shall equal the amount calculated in subdivision (a), replacing the fraction two-thirds in paragraphs (1) and (2) with the fraction one-third.

33003. Credit Against Employer Health Security Payroll Tax.

(a) With respect to each employee affected, an employer who, on the date of passage of this act, was under a contractual or legal obligation to provide the employee with health care benefits, that are covered benefits under this act, or to pay for such benefits through a policy of insurance or otherwise, shall receive a credit against its payroll tax obligation in a tax period equal to the amount it pays during that period for the benefits or insurance pursuant to the contract or legal obligation.

(1) Entitlement to the credit shall lapse upon the expiration of the contractual or legal obligation. No credit may be claimed for any obligation arising on or after the effective date of this act.

(2) This subdivision shall not apply to obligations subject to federal preemption as described in Article 3 (commencing with Section 25136) of Chapter 6 of Division 13 of the Welfare and Institutions Code.

(b) (1) In the event that the amount of a credit provided by this section exceeds the employer's payroll tax obligation for any affected employee, the excess shall be credited against the employee's tax obligation imposed by Section 33004.

(2) In the case of an employer exempt from the payroll tax obligation pursuant to Section 25136 of the Welfare and Institutions Code, the amount of credit to be applied to the employee's tax obligation shall be determined in the same manner as in the case of a non-exempt employer.

(c) No credit may be carried over from year to year or transferred among employees.

33004. Individual Health Security Income Tax.

(a) All heads of households and persons subject to California income tax shall pay a health security income tax commencing January 1 of the second year following passage of the California Health Security Act.

(b) The tax rate shall be 2.5 percent of taxable income as defined in Section 17073, but not less than fifty dollars (\$50) per household per year.

(c) In the case of households where no member files a California income tax return, the Health Commissioner shall establish mechanisms or coordinate with other state agencies to establish mechanisms, for the collection of the minimum tax, including, but not limited to, deduction of the tax from transfer payments or entitlements at their source.

33005. Credit Against Individual Health Security Income Tax.

(a) Individuals shall receive a credit against their individual health security income tax obligation for either or both of the following:

(1) Any credit arising under subdivision (b) of Section 33003.

(2) Any premium or tax paid by the individual required by federal health care reform legislation, to the extent that the payments are mandatory and no election is allowed for a single-payer system.

(b) In no case shall the amount of a credit provided under this section exceed the individual's health security income tax obligation in any year. No credit may be carried over from year to year.

33006. (a) Nothing in the California Health Security Act shall be construed to interfere with an employer choosing to pay, in part or in full, the individual health security income tax for an employee.

(b) If an employer chooses to pay the health security income tax on behalf of an employee, the payments shall not substitute for any obligation of the employer pursuant to Section 33000.

33007. Individual Health Security Income Surtax.

(a) Persons filing a California income tax return shall pay a health security income surtax of 2.5 percent on net taxable income in excess of two hundred fifty thousand dollars (\$250,000).

(b) Notwithstanding subdivision (a), married couples filing a California joint income tax return shall pay a health security income surtax of 2.5 percent on net taxable income in excess of five hundred thousand dollars (\$500,000).

(c) The surtax described in this subdivision shall be in addition to the individual health security income tax imposed by Section 33004.

SECTION 9. Legislative Amendment.

(a) The provisions of this act shall not be amended by the Legislature except to further its purposes by a statute passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring, or by a statute that becomes effective only when approved by the electorate.

(b) The two-thirds vote requirement of subdivision (a) shall not apply to any provision of this act that meets any of the following requirements:

(1) Specifically mentions and authorizes action by the Legislature, in which case a majority of the membership in each house shall be sufficient for amendment.

(2) Specifically states a different method for amendment, in which case that method shall control.

(3) Must be amended to achieve compliance with federal health care reform legislation, pursuant to Sections 25525 and 25530 of the Welfare and Institutions Code, in which case a majority of the membership in each house shall be sufficient for amendment.

SECTION 10. Severability.

If any provisions of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable. Towards this end, it is the intent of the people that any invalid section, subdivision, paragraph, sentence, or clause shall be severed from the remainder of the act to preserve its remaining provisions.

SECTION 11. Repeal of Welfare and Institutions Code Sections 5750, 10720, 10721, 10722, 10723, 10724, 10725, and 10726, and Health and Safety Code Sections 443.20, 443.21, 446, 446.1, 446.2, 446.3, and 446.35.

Welfare and Institutions Code Section 5750 is hereby repealed.

5750. (a) The State Department of Mental Health shall administer this part and shall adopt standards for approval of mental health services, and rules and regulations necessary thereto. However, these standards, rules, and regulations shall be adopted only after consultation with the California Council on Mental Health and the California Conference of Local Mental Health Directors. Adoption of these standards, rules, and regulations shall require approval by the California Conference of Local Mental Health Directors by majority vote of those present at an official session except for regulations pertaining to psychiatric health facilities. For regulations pertaining to psychiatric health facilities, the vote by the conference, following consultation, shall be only advisory to the State Department of Mental Health.

(b) If the conference refuses or fails to approve standards, rules, or regulations submitted to it by the State Department of Mental Health for its approval, the State Department of Mental Health may submit these standards, rules, or regulations to the conference at its next meeting, and if the conference again refuses to approve them, the matter shall be referred for decision to a committee composed of the Secretary of the Health and Welfare Agency, the Director of Mental Health, the President of the California Conference of Local Mental Health Directors, the Chairman of the California Council on Mental Health, and a member designated by the State Advisory Health Council.

(c) (1) From July 1, 1991, to June 30, 1993, inclusive, the conference shall not approve regulations of the State Department of Mental Health. The impact on this subdivision of regulatory timing shall be included in the department's report to the Legislature on September 30, 1992.

(2) The department shall continue during that period to involve the conference in the development of all regulations which affect local mental health programs, prior to the promulgation of those regulations pursuant to the Administrative Procedure Act.

Welfare and Institutions Code Section 10720 is hereby repealed.

10720. As used in this chapter, "department" means the State Department of Health Services, and "director" means the State Director of Health Services.

Welfare and Institutions Code Section 10721 is hereby repealed.

10721. The director shall administer Chapter 7 (commencing with Section 14000) and Chapter 8 (commencing with Section 14200) of Part 3 of this division and any other law pertaining to the administration of health care services and medical assistance. He shall perform such other duties as may be prescribed by law and shall observe and report to the Secretary of Health and Welfare and the Governor on the condition of health care services and medical assistance throughout the state

Welfare and Institutions Code Section 10722 is hereby repealed.

10722. The State Department of Health Services succeeds to and is vested with the duties, purposes, responsibilities, and jurisdiction exercised by the State Department of Health or the State Department of Benefit Payments pursuant to Chapter 7 (commencing with Section 14000), Chapter 8 (commencing with Section 14200), Chapter 8.5 (commencing with Section 14500), and Chapter 8.7 (commencing with Section 14520) of this part on the date immediately prior to the date this section becomes operative. Functions transferred pursuant to this

section include the management and administration of the Health Care Deposit Fund and the audit and recovery of amounts due as the result of payments made under the California Medical Assistance Program (Medi-Cal).

Transfer to the State Department of Health Services of the above functions shall not impair any contract between the State Department of Health or the State Department of Benefit Payments and any third party and such transfer shall neither create nor vest any right or obligation in either party. In no case shall the substitution of the State Department of Health Services for the State Department of Health or the State Department of Benefit Payments be considered a breach of contract or failure of performance, nor shall it disturb the legal relationships of the parties.

Welfare and Institutions Code Section 10723 is hereby repealed.

10723. The State Department of Health Services shall have possession and control of all records, papers, offices, equipment, supplies, moneys, funds, appropriations, land, and other property real or personal held for the benefit or use of the Director of Health or the Director of Benefit Payments in the performance of his duties, powers, purposes, responsibilities, and jurisdiction that are vested in the State Department of Health Services by Section 10722.

Welfare and Institutions Code Section 10724 is hereby repealed.

10724. All officers and employees of the Director of Health and the Director of Benefit Payments who on the operative date of this section are serving in the state civil service, other than as temporary employees, and engaged in the performance of a function vested in the State Department of Health Services by Section 10722 shall be transferred to the State Department of Health Services. The status, positions, and rights of such persons shall not be affected by the transfer and shall be retained by them as officers and employees of the State Department of Health Services pursuant to the State Civil Service Act, except as to positions exempt from civil service.

Welfare and Institutions Code Section 10725 is hereby repealed.

10725. The director may adopt regulations, orders, or standards of general application to implement, interpret, or make specific the law enforced by the department, and such regulations, orders, and standards shall be adopted, amended, or repealed by the director only in accordance with the provisions of Chapter 4.5 (commencing with Section 11371), Part 1, Division 3, Title 2 of the Government Code, provided that regulations relating to services need not be printed in the California Administrative Code or California Administrative Register if they are included in the publications of the department. Such authority also may be exercised by the director's designee.

In adopting regulations the director shall strive for clarity of language which may be readily understood by those administering services or subject to such regulations.

The rules of the department need not specify or include the detail of forms, reports or records, but shall include the essential authority by which any person, agency, organization, association or institution subject to the supervision or investigation of the department is required to use, submit or maintain such forms, reports or records.

Welfare and Institutions Code Section 10726 is hereby repealed.

10726. All regulations heretofore adopted by the Director of the State Department of Benefit Payments which relate to payment, accounting, auditing and collection functions vested in the State Department of Health Services, or by the State Department of Health or any predecessor department which relate to

health care services or medical assistance functions vested in the State Department of Health Services, and which are in effect immediately preceding the operative date of this section, shall remain in effect and shall be fully enforceable unless and until readopted, amended or repealed by the State Director of Health Services.

Health and Safety Code Section 443.20 is hereby repealed.

443.20. There is hereby created the California Health Policy and Data Advisory Commission to be composed of 11 members.

The Governor shall appoint seven members, one of whom shall be a hospital chief executive officer, one of whom shall be a long-term care facility chief executive officer, one of whom shall be a representative of the health insurance industry involved in establishing premiums or underwriting, one of whom shall be a representative of a group prepayment health care service plan, one of whom shall be a representative of a business coalition concerned with health, and two of whom shall be general members. The Speaker of the Assembly shall appoint two members, one of whom shall be a physician and surgeon and one of whom shall be a general member. The Senate Rules Committee shall appoint two members, one of whom shall be a representative of a labor coalition concerned with health, and one of whom shall be a general member.

The chairperson shall be designated by the Governor. The Governor shall designate four original appointments which will be for four-year terms. The Governor shall designate three original appointments which shall be for two-year terms. The Speaker of the Assembly shall designate one original appointment which will be for two years and one original appointment which will be for four years. The Senate Rules Committee shall designate one original appointment which will be for two years and one original appointment which will be for four years. Thereafter, all appointments shall be for four-year terms.

In addition to the 11 original appointees to the commission, the chairperson of the Advisory Health Council on December 31, 1985, and the chairperson of the California Health Facilities Commission on December 31, 1985, shall also serve four-year terms. During their terms when the commission shall have 13 members, they shall be full voting representatives.

Health and Safety Code Section 443.21 is hereby repealed.

443.21. As used in this part, the following terms mean:

(a) "Commission" means the California Health Policy and Data Advisory Commission.

(b) "Health facility" or "health facilities" means all health facilities required to be licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2.

(c) "Hospital" means all health facilities except skilled nursing, intermediate care, and congregate living health facilities.

(d) "Office" means the Office of Statewide Health Planning and Development.

(e) "Risk-adjusted outcomes" means the clinical outcomes of patients grouped by diagnoses or procedures which have been adjusted for demographic and clinical factors.

Health and Safety Code Section 446 is hereby repealed.

446. There is in the state government, in the Health and Welfare Agency, an Office of Statewide Health Planning and Development.

Health and Safety Code Section 446.1 is hereby repealed.

446.1. The Office of Statewide Health Planning and Development is under the control of an executive officer known as the Director of Statewide Health

Planning and Development, who shall be appointed by the Governor, subject to confirmation by the Senate, and hold office at the pleasure of the Governor. He shall receive the annual salary provided by Article 1 (~~commencing with Section 11550~~) of Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code.

Health and Safety Code Section 446.2 is hereby repealed.

446.2. The Director of Statewide Health Planning and Development shall have the powers of a head of the department pursuant to Chapter 2 (~~commencing with Section 11150~~) of Part 1 of Division 3 of Title 2 of the Government Code.

Health and Safety Code Section 446.3 is hereby repealed.

446.3. The Office of Statewide Health Planning and Development succeeds to and is vested with all the duties, powers, purposes, responsibilities, and jurisdiction of the State Department of Health relating to health planning and research development. The office shall assume the functions and responsibilities of the Facilities Construction Unit of the former State Department of Health, including, but not limited to, those functions and responsibilities performed pursuant to the following provisions of law:

Article 5.5 (~~commencing with Section 380~~) of Chapter 2 of Part 1 of Division 1; Article 18 (~~commencing with Section 429.70~~) and Article 19 (~~commencing with Section 429.94~~) of Chapter 2.5 of Part 1 of Division 1; Chapter 3 (~~commencing with Section 430~~) and Chapter 4 (~~commencing with Section 436~~) of Part 1 of Division 1; Part 1.5 (~~commencing with Section 437~~) of Division 1; Section 1260; Chapter 10 (~~commencing with Section 1770~~) of Division 2; Section 13113; and Division 12.5 (~~commencing with Section 15000~~).

Health and Safety Code Section 446.35 is hereby repealed.

446.35. All regulations heretofore adopted by the State Department of Health which relate to functions vested in the Office of Statewide Health Planning and Development and which are in effect immediately proceeding the operative date of this section, shall remain in effect and shall be fully enforceable unless and until readopted, amended, or repealed by the Office of Statewide Health Planning and Development.

185. Public Transportation Trust Funds. Gasoline Sales Tax.

[Rejected by electors November 8, 1994.]

PROPOSED LAW

The People of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 2. The People of the State of California find and declare all of the following:

(a) Improving air quality and saving energy are vital for the well-being of the people of California. One of the best ways to accomplish these goals is to convert existing public transit systems to electrical and clean fuel operation and to build new public transit systems which run on electricity and clean fuels.

(b) Improving public transportation service to those with disabilities and the elderly is an important public goal.

(c) Increasing the efficiency of public transportation systems, and reducing waste and bureaucratic overhead is important in an era of diminished public resources.

(d) When funds are collected for a specific transportation purpose, they should be used for that purpose.

(e) Preventing crime and graffiti on public transportation vehicles is important to the quality of life in our cities, and to the safety and security of transit passengers.

(f) Reinforcing roads and bridges to prevent loss of life in earthquakes is a worthwhile use of transportation funds.

(g) Increasing the safety of passenger rail systems by utilizing automated enforcement technology at grade crossings will save lives and reduce accidents by providing for more effective and efficient enforcement of grade crossing laws.

(h) Providing funds to reduce the impact of transportation on the environment by protecting sensitive lands, planting trees in and near urban areas, providing funding for bicycle and trail projects, and other projects is an appropriate use of transportation funding.

(i) It is appropriate to pay for these programs through an increase in the sales tax on gasoline.

SECTION 3. Section 14502.5 is added to the Government Code, to read:

14502.5. (a) The Rail Committee of the California Transportation Commission is hereby created, and is comprised of three of the members of the commission appointed pursuant to subdivision (a) of Section 14502. No member of the committee shall be the commissioner who represents the Public Utilities Commission. All appointees to the committee shall have knowledge and expertise in rail and other forms of public transportation.

For the initial committee, two of the members of the committee shall be the members of the commission who are appointed to the commission after January 10, 1995, to fill the vacancies on the commission which occur in 1995. The third member of the committee shall be appointed by the Governor after January 10, 1995, from the current members of the commission, and shall serve until the Governor fills the next vacancy on the commission, at which time the member appointed to fill that vacancy shall become the third member of the committee.

(b) The committee shall have full and sole jurisdiction and authority to allocate the funds made available to it pursuant to the Clean Air, Jobs, and Transportation Efficiency Act of 1994. In addition, the committee shall have the full authority to allocate all state and federal rail and public transit funds over which the commission otherwise would have jurisdiction, including bond funds approved by the voters, and transit funds made available pursuant to the Transportation Planning and Development Account, and other state funds available to the commission which are designated for rail and other public transit projects. Nothing in this subdivision shall be interpreted as granting either the commission or the committee the authority to allocate federal funds to a local transit agency or the department that are allocated directly from the federal government. The commission shall program all funds which may be allocated on a flexible basis to transit or highway purposes. The committee shall allocate all flexible funds which are programmed by the commission for transit purposes. The members of the committee shall be full voting members of the commission on all matters which require action by the commission.

(c) The purpose of this section is to streamline and expedite the early allocation and distribution of funds provided for rail and public transit

programs, and to efficiently expend funds authorized by the Clean Air, Jobs, and Transportation Efficiency Act of 1994, to stimulate the California economy and create jobs.

(d) The committee shall cease to exist on January 1, 2000, and the full commission shall assume the powers and duties of the committee pursuant to the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 4. Section 29531 of the Government Code is amended to read:

29531. (a) The board of supervisors shall continuously appropriate the money in ~~such~~ the local transportation fund for expenditure for the purposes specified in this article directly related to administration of the fund and the fund's revenue and the transportation and associated fund administration purposes specified in Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code.

(b) The local transportation fund is a trust fund. Once the local transportation fund is created, it shall not be abolished. Money in the fund shall only be allocated to mass transportation, pedestrian and bicycle facilities, streets and roads, transportation planning, and fund administration purposes, as required by this article and by Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code. Neither the county nor the Legislature shall divert any of the money in the fund from these purposes to another purpose.

(c) If a statute transfers any funds or results in the transfer of any funds from the local transportation fund to any other account, fund, or other depository, directly or indirectly, within 90 days of the effective date of the statute, the Controller shall transfer an amount equivalent to the amount of the transfer from the General Fund to the local transportation fund. There is hereby appropriated from the General Fund an amount necessary to make any transfer required by this subdivision.

SECTION 5. Section 25619 is added to the Public Resources Code, to read:

25619. (a) Funds transferred pursuant to subdivision (e) of Section 7103 of the Revenue and Taxation Code are continuously appropriated, notwithstanding Section 13340 of the Government Code and without regard to fiscal year, to the State Energy Conservation Assistance Account, created pursuant to Section 25416, to be expended by the commission.

(b) The funds appropriated pursuant to subdivision (a) shall be used for research, development, demonstration, and commercialization of electric, hybrid-electric, including, but not limited to, hybrid utility vans, and other "ultra-low emission" and "zero emission" vehicles and vehicle technologies, and the establishment of these advanced transportation technology industries in California. The commission shall expend these funds in consultation with the Department of Transportation and the State Air Resources Board, and may adopt guidelines to implement this section. High priority for use of these funds shall be to promote commercialization of these technologies by assisting in the purchase of these vehicles by public agencies. Public agencies using funds provided pursuant to this subdivision shall purchase vehicles meeting the emission standards established by the State Air Resources Board for "ultra-low emission" and "zero emission" vehicles. The terms "ultra-low emission" and "zero emission" shall be defined by the State Air Resources Board. For purposes of this section, "vehicle" includes passenger cars, light and medium-duty trucks and vans, other vehicles for personal transportation, and buses. Expenditures pursuant to this subdivision for buses and bus technologies shall not exceed ten million dollars (\$10,000,000).

The commission shall seek additional funds to augment these programs. In allocating funds for these programs the commission shall give preference to vehicle technologies that are identified by the State Air Resources Board as having very low fuel cycle emissions of air pollutants, or other air quality characteristics that, in the judgment of the State Air Resources Board, provide significant air quality and economic benefits to California. In assisting in the purchase of vehicles by public agencies, the commission shall have as a goal that the agencies' purchase or lease cost of the vehicles, not counting the assistance provided by the commission and other forms of assistance, be no more than the cost of comparable conventional gasoline or diesel fueled vehicles.

(c) The Legislature may amend subdivision (b) of this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 6. Section 99232 of the Public Utilities Code is amended to read:

99232. ~~For~~ *(a) Notwithstanding any other provision of law, for counties with a population of 500,000 or more, as determined by the 1970 federal decennial census, but excluding counties with more than 4,500 miles of maintained county roads as of 1970 as determined by the most recent population information available from the Department of Finance, the amount representing the apportionments of the areas of all operators serving an urbanized area of 100,000 or more in population shall be available solely for claims for Section 99234 purposes, and for Article 4 (commencing with Section 99260) and Article 4.5 (commencing with Section 99275) purposes, and not for street and road purposes, and any of those moneys not allocated in any year shall be available for those claims in subsequent years. However, no area that was subject to the apportionment restriction of this section in effect on July 1, 1993, shall become eligible to receive funds for street and road purposes as a result of any change to this section made by the Clean Air, Jobs, and Transportation Efficiency Act of 1994. In the event of a conflict between this section and any other provision of law, this section shall prevail. This section shall become operative on July 1, 1995.*

(b) The Legislature may amend subdivision (a) of this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 7. Section 99310.5 of the Public Utilities Code is amended to read:

99310.5. (a) The account is hereby designated a trust fund.

~~(b) The funds in the account shall be available, when appropriated by the Legislature, are continuously appropriated, notwithstanding Section 13340 of the Government Code and without regard to fiscal years, to the committee, for allocation only for the transportation planning and mass transportation purposes, as specified by the Legislature required by this article.~~

(c) Any reference to the account in this article also includes the subaccount established by Section 99310.6, except as provided in Section 99310.6 and Article 7.5 (commencing with Section 99385). In the case of a conflict between this section and Section 99310.6 or Article 7.5 (commencing with Section 99385), Section 99310.6 and Article 7.5 (commencing with Section 99385) shall prevail.

~~(e) (d)~~ *The Legislature may amend subdivision (c) of this section by statute passed in each house of the Legislature by rollcall vote entered in the journal,*

~~two-thirds~~ *four-fifths* of the membership concurring, if the statute is consistent with, and furthers the purposes of, ~~this section~~ *the Clean Air, Jobs, and Transportation Efficiency Act of 1994.*

SECTION 8. Section 99310.6 is added to the Public Utilities Code, to read:

99310.6. *Funds transferred to the account pursuant to Section 7103 of the Revenue and Taxation Code shall be deposited in a separate subaccount of the account, which shall be known as the Clean Air, Jobs, and Transportation Efficiency Act Subaccount. Interest on these funds shall accrue to the subaccount. Notwithstanding Section 13340 of the Government Code, all money in the subaccount is continuously appropriated, without regard to fiscal years, to the committee for allocation as required by Article 7.5 (commencing with Section 99385).*

SECTION 9. Section 99310.7 is added to the Public Utilities Code, to read:

99310.7. (a) *No funds in the account shall be used for debt service for general obligation bonds issued for transportation purposes pursuant to Chapter 17 (commencing with Section 2701) of the Streets and Highways Code and Chapter 19 (commencing with Section 2703) of Division 3 of that code, or bonds issued pursuant to Chapter 6 (commencing with Section 99690) of Part 11.5, or for any future general obligation bonds that the state may authorize and issue.*

(b) *All loans that were made from the account in order to pay transportation bond debt service pursuant to the relevant provisions of the Budget Act of 1992, the Budget Act of 1993, and any other budget acts, shall be repaid, with interest at the pooled money investment rate applicable to the period during which the loans were outstanding, on or before June 1, 1997, with funds other than funds in the account or other funds dedicated to transportation purposes. If these loans have not been repaid in full by that date, the Controller shall transfer 50 percent of the amount due, including interest, on June 30, 1997, from the General Fund to the account, and shall transfer the remainder, including interest, from the General Fund to the account, on or before June 1, 1998. There is hereby appropriated from the General Fund an amount necessary to make any transfer required by this subdivision. The loans that were made pursuant to the relevant provisions of the budget acts described in this subdivision shall be considered to be loans until repaid, notwithstanding any other provision of law.*

SECTION 10. Section 99310.8 is added to the Public Utilities Code, to read:

99310.8. (a) *Except as otherwise specified in this article and Article 7.5 (commencing with Section 99385), and any provision of the Clean Air, Jobs, and Transportation Efficiency Act of 1994, no funds shall be transferred or loaned from the account to any other account, fund, or other depository. The intent of this subdivision is to provide funds to mass transportation and other public transportation purposes, and to successfully implement the purposes of Section 99399.10 and the Clean Air, Jobs, and Transportation Efficiency Act of 1994.*

(b) *All interest, rental or lease income, or other income earned by the state from the funds in the account or from income produced by property acquired by the state by funds from the account, directly or indirectly, shall remain or be deposited in the account. This subdivision does not apply to income produced by property acquired and developed by local agencies or joint powers authorities pursuant to grants made by the state.*

(c) *If a statute transfers any funds from the account to any other account, fund, or other depository, directly or indirectly, within 90 days of the effective date of the statute, the Controller shall transfer an amount equivalent to the*

amount of the transfer from the General Fund to the account. There is hereby appropriated from the General Fund an amount necessary to make any transfer required by this subdivision.

SECTION 11. Section 99310.9 is added to the Public Utilities Code, to read:

99310.9. (a) (1) Notwithstanding Section 99310.8, all funds returned to the Transportation Planning and Development Account pursuant to subdivision (b) of Section 99310.7 shall be transferred to the Passenger Equipment Acquisition Fund, created pursuant to Section 14066 of the Government Code. The Passenger Equipment Acquisition Fund is a continuously appropriated fund, notwithstanding Section 13340 of the Government Code, without regard to fiscal years. These funds shall be available to the department, at the discretion of the department, to exercise remaining options for the procurement of intercity California rail cars initially procured pursuant to Section 99649, and to purchase California rail cars modified as necessary to meet the speed requirements of subparagraph (C) of paragraph (1) of subdivision (c) of Section 99391.

(2) If by the date the funds are returned to the account the equipment originally purchased pursuant to Section 99649 is not completely delivered and in revenue service, or if there are remaining significant contractual disputes between the department and the manufacturer of the equipment regarding equipment performance, the department may allocate the funds to the purchase of any rail cars and locomotives suitable for service in intercity rail service.

(3) In allocating the California rail cars purchased pursuant to paragraphs (1) and (2), highest priority shall be given to providing cars for intercity rail service on the Los Angeles-Orange County-San Diego rail corridor.

(4) All funds returned to the account and transferred to the Passenger Equipment Acquisition Fund and not expended on or before January 1, 2010, shall be transferred to the subaccount to be expended for the purposes of the subaccount.

(b) (1) The department shall not provide for the replacement of any existing Amtrak-owned or leased intercity rail cars in use on or after January 1, 1996, on California-supported intercity rail routes in existence on January 1, 1996, with state-owned California cars, unless Amtrak or the federal government provides assurances satisfactory to the department that a minimum of 90 percent federal funding has been secured for acquisition of California rail cars with at least as many aggregate number of seats as the Amtrak-owned cars to be replaced and removed from California for use on Amtrak routes in other states. Alternatively, the department may provide for the replacement of existing Amtrak-owned equipment on state-supported routes, if Amtrak contractually agrees to retain an equivalent or greater number of existing or new Amtrak-owned cars for use on new or expanded California-supported services, or if Amtrak agrees to another comparable or greater deployment of equipment within California which the department determines is fair to the state.

(2) This subdivision does not apply to Amtrak equipment in interstate service.

(3) The Legislature may amend paragraphs (1) and (2) of this subdivision by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 12. Section 99311 of the Public Utilities Code is amended to read:

99311. Upon appropriation by the Legislature, funds transferred, or scheduled as a reimbursement, to the account, pursuant to Section 21682.5 of this

code and Section 194 of the Streets and Highways Code, shall be available for allocation by the director, *in cooperation with the commission*, for the following purposes:

(a) State transportation planning.

(b) Regional transportation planning by transportation planning agencies designated pursuant to Section 29532 of the Government Code, but not those specified in subdivision (b) of Section 29532.4 of the Government Code.

SECTION 13. Section 99312 of the Public Utilities Code is amended to read:

99312. From the funds transferred to the account pursuant to Section 7102 of the Revenue and Taxation Code, ~~the Legislature shall appropriate funds~~ *shall be allocated subject to the approval of the Director of Finance* for purposes of Section 99315.5. The remaining transferred funds in the account shall be ~~appropriated by the Legislature,~~ *allocated* as follows:

(a) To the department, 50 percent for purposes of Section 99315, *subject to the requirements of Section 99316. No funds shall be made available for subdivision (c) of Section 99315 as long as funds are available pursuant to subdivision (g) of Section 7103 of the Revenue and Taxation Code. Funding shall continue to be available for subdivision (b) of Section 99315, and at least 15 percent of those funds shall be allocated to intercity rail projects.*

(b) To the Controller, 25 percent for allocation to transportation planning agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board pursuant to Section 99314.

(c) To the Controller, 25 percent for allocation to transportation agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board for purposes of Section 99313.

(d) *The Legislature may amend subdivisions (a), (b) and (c) of this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994.*

SECTION 14. Section 99315.5 of the Public Utilities Code is amended to read:

99315.5. From the funds made available pursuant to Section 99312, an amount shall be ~~appropriated~~ *allocated* for each of the following purposes:

(a) To the department for its planning activities not payable from the State Highway Account in the State Transportation Fund, its mass transportation responsibilities, and its assistance in regional transportation planning.

(b) To the director for allocation, *subject to Section 99315.6, to the Institute of Transportation Studies of the University of California and to the International Institute for Surface Transportation Policy Studies, authorized by the Intermodal Surface Transportation Efficiency Act of 1991 (P.L. 102-240) as the Institute for National Surface Transportation Policy Studies* for training and research in public transportation systems engineering and management and coordination with other transportation modes, *and other public transportation policy issues. The director shall provide dollar-for-dollar matching funds for any federal funds provided to each institute.*

(c) To the commission, *subject to the approval of the Director of Finance*, for its activities not payable from the State Highway Account.

(d) To the Public Utilities Commission for its passenger rail safety responsibilities specified in statute on commuter rail, intercity rail, and urban rail transit lines.

(e) The Legislature may amend subdivisions (a) through (d) of this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 15. Section 99316 of the Public Utilities Code is amended to read:

99316. *(a) Funds made available pursuant to subdivision (a) of Section 99315 shall be appropriated allocated to the department for allocation, as directed by the commission, committee, for purposes of bus and passenger rail services pursuant to Sections 14035, 14035.5, and 14038 of the Government Code, and maintenance and operation of all rail lines and stations owned by the department and by the joint powers authority established pursuant to Section 250000. The department shall request, and the commission's rail committee shall approve, sufficient funds to operate the same levels of revenue service miles of state-funded rail and associated feeder bus service in existence on the effective date of the Clean Air, Jobs, and Transportation Efficiency Act of 1994, and all proposed services authorized pursuant to that act and otherwise proposed by the department, subject to farebox recovery requirements of Section 14031.8 of the Government Code as modified by this section. For purposes of this section, the farebox recovery requirements for a route shall include the aggregate revenues and costs from all passenger trains operated on the route as a whole, including Amtrak trains not funded by the state, and excluding the cost of right-of-way acquisition and other capital costs. The department may request funding of up to 100 percent of long-term avoidable costs of new and expanded intercity rail services in order to facilitate implementation of those services.*

(b) The Legislature may amend subdivision (a) of this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 16. Article 7.5 (commencing with Section 99385) is added to Chapter 4 of Part 11 of Division 10 of the Public Utilities Code, to read:

Article 7.5. Clean Air, Jobs, and Transportation Efficiency Act Subaccount of the Transportation Planning and Development Account

99385. *The People of the State of California find and declare all of the following:*

(a) An improved seamless multimodal transportation system is vital to strengthening the state's economy, creating jobs, and providing increased mobility, cleaner air, energy savings, and congestion relief.

(b) Public transportation must continue to be an important component of the statewide transportation system.

(c) Several recently enacted state and federal mandates have increased the demand for public transportation services, without concurrently increasing funding for these services. These mandates include the Americans with Disabilities Act of 1990 (P.L. 101-336), the federal Clean Air Act Amendments of 1990 (P.L. 101-549), the California Clean Air Act of 1988 (Ch. 1568, Stats. 1988), the applicable provisions of the federal Energy Policy Act of 1992 (P.L. 102-486), as well as other enactments which prescribe clean air standards. The State of California should provide funding to allow California's public transit operators to carry out these mandates.

(d) Electrification of public transportation and the use of clean fuels for public transportation provide substantial clean air and energy savings benefits.

(e) Preservation of passenger rail rights-of-way is vital to maintain and expand a system of rail transportation which can help meet California's transportation needs in the 21st Century.

99386. *For purposes of this article, the following terms have the following meanings:*

(a) "Committee" is the Rail Committee of the commission, created pursuant to Section 14502.5 of the Government Code.

(b) "Act" is the Clean Air, Jobs, and Transportation Efficiency Act of 1994, as defined in Section 99399.

(c) "Subaccount" is the Clean Air, Jobs, and Transportation Efficiency Act Subaccount, created pursuant to Section 99310.6.

99387. *(a) Funds shall not be allocated pursuant to this article for a project requiring service over the right-of-way of a railroad corporation unless a course of improvements and operation is agreed to by the railroad corporation or unless the right-of-way, or a part of the right-of-way, is acquired by eminent domain or purchase, or the right to use the right-of-way or its tracks is acquired by purchase or lease. New or increased passenger service over the right-of-way of a railroad corporation shall be implemented in a manner that ensures the adequacy and efficiency of existing freight service.*

(b) No specific amounts allocated pursuant to this article are intended to indicate the actual fair market value of any railroad right-of-way or trackage rights to be acquired or leased. Similarly, no specific amounts allocated for a specific project are intended to indicate the total costs to complete that project.

(c) All acquisitions or long-term leases of rights-of-way and trackage rights shall be considered capital outlay projects.

99388. *(a) The commission and the committee shall require each applicant for a grant pursuant to the act, including the department, to demonstrate in its application that if the grant funds being applied for are awarded, no other funds which were previously planned, programmed, or approved for public transportation purposes will be used for other than public transportation purposes.*

(b) Funds provided pursuant to the act may be used to satisfy any federal requirement for non-federal matching funds for the project to be funded.

(c) Consistent with the requirements of Section 99399.15, the requirements of Sections 99680 and 99683 shall apply to any funds granted pursuant to the act by the commission or the committee.

99389. *All funds in the subaccount are continuously appropriated without regard to fiscal years, notwithstanding Section 13340 of the Government Code, to the committee for allocation as required by this article.*

99390. *(a) Sixty-five percent of the revenues transferred to the subaccount in each fiscal year shall be available for the programs and projects specified in Section 99391.*

(b) Thirty-five percent of the revenues transferred to the subaccount shall be available in each fiscal year for transit operations, as provided in Section 99393.

(c) (1) Funds allocated to the purposes of subdivision (a) remaining at the end of each fiscal year shall be available only for the purposes of subdivision (a) in future years.

(2) Funds allocated to the purposes of subdivision (b) remaining at the end of each fiscal year shall be available only for the purposes of subdivision (b) in future years.

99391. (a) Funds available pursuant to subdivision (a) of Section 99390 shall be programmed and allocated by the committee as provided in this section. Funds shall also be available for acquisition of rolling stock for projects eligible for funding pursuant to this section.

(b) Electrification of publicly owned urban rail transit system lines and bus lines shall not be considered a precedent for electrification of other rail lines, including freight rail lines, by any regulatory agency.

(c) (1) The committee shall allocate funds authorized to be spent by subdivision (a) of Section 99390 to the following mass transportation projects of statewide significance. No funds available pursuant to this paragraph shall be expended for the acquisition of rail rights-of-way on or after January 1, 2000. Notwithstanding any other provision of law, all of the projects listed in this paragraph shall be funded regardless of whether they have been included in the State Transportation Improvement Program or a regional transportation improvement program.

(A) Five hundred thousand dollars (\$500,000) shall be made available to the department in cooperation with the National Park Service and local transportation agencies, to determine the feasibility of implementing rail service from Merced to Yosemite National Park via the State Highway Route 140 corridor.

(B) Three hundred fifty million dollars (\$350,000,000) shall be made available to the Los Angeles and Long Beach Harbor Commissions for track improvements, rail and roadway bridges, grade separations, interconnections, depressed trainways, centralized traffic control, environmental remediation, signal synchronization, and other improvements to the Alameda-San Pedro branch rail line connecting the Los Angeles and Long Beach Harbors with downtown Los Angeles and paralleling Alameda Street. Notwithstanding any other provision of law, and consistent with the authority granted to the department over grade separations along the line pursuant to the intent of subdivision (b) of Section 99624, the department and the Los Angeles and Long Beach Harbor Commissions shall be the only state and local agencies with authority to make decisions regarding the timing and necessity of grade separations along the Alameda-San Pedro branch line. These agencies shall consult with the joint powers agency established to represent cities along the line.

Notwithstanding any other provision of law, the Los Angeles and Long Beach Harbor Commissions may, in any requests for competitive bids or in any negotiations for contracts to construct and equip a consolidated rail corridor along the line and related on-dock container loading facilities, require potential bidders and contractors to offer and provide private financing for all or a portion of the costs of construction and equipping those corridor and related facilities.

(C) Five hundred million dollars (\$500,000,000) shall be made available to the San Francisco Bay Area-Los Angeles Rail Corridor Joint Powers Agency, created pursuant to Section 250000, for fast train intercity, tourist, commuter, and urban rail service between and to the San Francisco Bay Area, San Jose, Gilroy, Watsonville, Salinas, Santa Cruz, San Luis Obispo, Monterey, Santa Barbara, San Buenaventura, Burbank, and Los Angeles. Operation of fast train intercity rail services by the agency and maintenance of the line shall be funded from funds available to the department for intercity rail service operations, and shall be given equal priority for funding with other intercity rail service operations. High priority shall be given to immediately providing funds to Amtrak to operate at least a second daily frequency on the Coast Starlight route, and additional local intercity trains from San Luis Obispo to Los Angeles. As used in this subpara-

graph, "fast train intercity service" means passenger rail service capable of attaining speeds of 110 miles per hour. It shall be the goal of the state to provide fast train intercity service between Los Angeles and the San Francisco Bay Area via coastline communities by the year 1999. The funds available pursuant to this subparagraph shall be allocated as follows:

(i) Not more than two hundred million dollars (\$200,000,000) for the acquisition of railroad rights-of-way. A joint appraisal of the value of the rights-of-way to be acquired from Gilroy to the Ventura-Los Angeles County line shall be conducted by the joint powers agency and the affected railroad. Up to two hundred thousand dollars (\$200,000) may be allocated by the agency for purposes of this appraisal.

(ii) Not more than three hundred million dollars (\$300,000,000) for track and other capital improvements.

(iii) Not more than one hundred million dollars (\$100,000,000) for the acquisition of rolling stock capable of attaining speeds of 110 miles per hour, and other necessary equipment. The rolling stock and other equipment acquired pursuant to this subparagraph shall be the equipment and rolling stock designed to meet the requirements of Sections 99603 and 99649, appropriately modified to meet the speed requirements of this subparagraph.

(D) Five grants of up to five hundred thousand dollars (\$500,000) each shall be made available not later than June 30, 1995, on a competitive basis to transit operators, subject to the approval of the appropriate regional transportation planning agency or county transportation commission, serving at least one urbanized area with a population of at least 100,000 that is not currently served or programmed to be served by a light rail system, to determine the feasibility of implementing such a system and to identify the most promising potential light rail corridors.

(E) One million dollars (\$1,000,000) to the Metropolitan Transportation Commission to determine the feasibility of restoring rail service to the Oakland-San Francisco Bay Bridge without reducing the capacity of the bridge for automobile traffic.

(F) Two hundred million dollars (\$200,000,000) to the Peninsula Commute Service Joint Powers Board for the extension of CalTrain service to a downtown San Francisco terminal at or in the immediate vicinity of the Transbay Terminal. The goal of CalTrain service shall include headways of thirty minutes or less during the day and during and between commute periods. The downtown San Francisco terminal shall be designed so as not to preclude any future high speed rail service.

(G) Not less than 5 percent of the funds available pursuant to subdivision (a) of Section 99390 shall be allocated annually to the department for capital outlay projects to improve intercity passenger rail service. These funds shall be in addition to other funds specified in this section for intercity rail projects.

(H) One hundred forty million dollars (\$140,000,000) shall be allocated to the department and local agencies for the acquisition of rights-of-way and trackage rights which are important for present or future passenger rail service in the reasonably near future.

(I) Sixty million dollars (\$60,000,000) shall be allocated to the department for the improvement of the Los Angeles-Orange County-San Diego passenger rail corridor.

(J) Seventy million dollars (\$70,000,000) shall be allocated to the county transportation commissions of Riverside and San Bernardino Counties, based on

their respective populations, for capital outlay projects for the improvement of intercity and commuter rail service serving Riverside and San Bernardino Counties.

(K) Five million dollars (\$5,000,000) shall be allocated to the department for the restoration of rail service between San Diego and Imperial Counties.

(L) Five hundred thousand dollars (\$500,000) shall be allocated to the department to undertake a feasibility study of expanded intercity rail service between Sacramento, Redding, and the City of Mt. Shasta. Upon completion of that study using these or other funds, any remaining funds allocated by this subparagraph can be used to implement the service.

(M) Five hundred thousand dollars (\$500,000) shall be allocated to the department to undertake a feasibility study of expanded intercity rail service between Calexico and Los Angeles via the Coachella Valley and Riverside. Upon completion of that study using these or other funds, any remaining funds allocated by this subparagraph can be used to implement the service.

(N) Twenty million dollars (\$20,000,000) shall be allocated to the Port of Oakland for the construction of the Joint Intermodal Terminal to facilitate the loading and rail shipment of containerized goods from port facilities.

(2) The committee shall program the funds authorized to be spent pursuant to subdivision (a) of Section 99390 that are not required for projects authorized pursuant to paragraph (1) to the recipient agencies listed in this paragraph, based on their share of the state population within their boundaries. The committee shall use population figures provided by the Department of Finance. Unless inconsistent with the act, applications for grants pursuant to this paragraph shall comply with the requirements of Chapter 4 (commencing with Section 99660) of Part 11.5, as applicable to this paragraph, except that Section 99665 shall not apply to applications for grants. The selection of rail stations for the passenger rail projects funded pursuant to this paragraph shall to the greatest extent practicable be located and designed to maximize access to and from the stations by modes other than the automobile, and to promote transit use within highly urbanized areas.

After January 1, 2010, recipient agencies may propose changes to the priorities described in the paragraphs that apply to those agencies, and the committee may approve the changes if they are consistent with the other requirements and purposes of this paragraph and the act. Where priorities are established within recipient agencies with respect to projects or programs, funds available in each year pursuant to this paragraph shall go to fund projects or programs identified as highest priority that have a need for funds in that year. Funds may be allocated to lower priorities, and thereafter to the priorities specified below, if the higher priorities do not have a need for funds in that year, as determined by the recipient agency. Unless separate priorities are specified in this paragraph for a recipient agency, all agencies receiving funds pursuant to this paragraph shall receive funds for projects in the following order of priority.

First priority shall be given to electrification projects, and to urban rail transit, commuter, and intercity rail capital outlay projects. Second priority shall be given to acquisition of clean fuel buses and rail rolling stock, and electric buses and urban rail transit vehicles. Third priority shall be given to the projects and purposes authorized by subdivisions (b), (d), (f), (g), (h), and (i) of Section 7103 of the Revenue and Taxation Code, and transit operations pursuant to subdivision (b) of Section 99390. Funds available pursuant to this paragraph in each year shall be allocated to fund projects or programs identified as highest

priority that have a need for funds in that year. Funds may be allocated to lower priorities if the higher priorities do not have a need for funds in that year, as determined by the recipient agency.

The committee shall determine that the expenditure of the funds pursuant to this paragraph will, to the maximum extent practicable, further the goal of providing a fully integrated bus, rail, air, and waterborne transit system that increases passenger convenience and complements the state's substantial existing transportation investments.

(A) San Diego Association of Governments. The following projects shall receive equal high priority for funding:

(i) A tunnel or other projects to increase the speed of commuter rail service in San Diego County.

(ii) Expansion of light rail service.

(B) Imperial County Board of Supervisors.

(C) Orange County Transportation Authority. The first priority for funding shall be for the design, engineering, and construction of an initial segment of an urban rail transit system within Orange County.

(D) Riverside County Transportation Commission. The following projects shall receive the same highest priority for funding: capital improvements and rolling stock on the passenger rail lines between Riverside and San Jacinto, between Riverside and Irvine, between Riverside and Fullerton, and between Riverside and Los Angeles via Ontario.

(E) San Bernardino County Transportation Commission.

(F) Los Angeles County Metropolitan Transportation Authority. No more than ten percent of the annual allocation to the authority pursuant to this paragraph shall be for the Red Line extension, regardless of the priorities set by the authority pursuant to clause (ii).

(i) Extension of the Blue Line light rail line from Los Angeles to East Pasadena in the San Gabriel Valley shall receive the highest priority in funding.

(ii) Second priority shall be given to construct and extend urban rail transit lines, and for construction of and acquisition of rolling stock and equipment for electric trolley bus lines and electric bus lines. The authority shall establish the priority order of expenditures pursuant to this clause.

(G) Ventura County Transportation Commission. First priority for funding shall be for extension to the City of San Buenaventura of existing commuter rail service.

(H) Santa Barbara County Association of Governments.

(I) San Luis Obispo County Council of Governments.

(J) A joint application submitted by the regional transportation planning agencies of Santa Cruz, San Benito, and Monterey Counties, or separate applications from any one of these counties if the proposed projects are specific to one county.

(K) A joint application submitted by the regional transportation planning agencies of Kern, Tulare, Kings, Fresno, Madera, Merced, Stanislaus, and San Joaquin Counties. Improvements to the intercity rail transportation corridor connecting Bakersfield and Stockton shall receive highest priority for funding. The committee shall award funds to the appropriate agencies to undertake a study of intercity rail transportation service on the rail route between Exeter and Huron, including Visalia, Hanford, and other intermediate points, and shall award funding to implement the service if it is found by the committee to be feasible from financial and engineering perspectives.

(L) A joint application submitted by the regional transportation planning agencies of Tuolumne, Amador, Calaveras, Mariposa, Inyo, Mono, and Alpine Counties.

(M) Sacramento Area Council of Governments.

(i) Highest priority for funding shall be to the Sacramento Regional Transit District to extend light rail service south from Sacramento, serving Sacramento City College.

(ii) Second priority shall be given equally to the extension of light rail service to Antelope Road, Folsom, and Sacramento Metropolitan Airport.

(iii) Third priority shall be given equally to the extension of light rail service from Antelope Road to Roseville, provision of passenger rail service from Sacramento to Colfax, Davis, Truckee, Woodland, and Marysville-Yuba City and to acquisition of a rail right-of-way from Folsom to Placerville.

(N) A joint application submitted by the regional transportation planning agencies of El Dorado, Yolo, Placer, Nevada, Sutter and Yuba Counties. Highest priority shall be given equally to the extension of light rail service from Antelope Road to Roseville, provision of passenger rail service to Sacramento from Colfax, Davis, Truckee, Woodland, and Marysville-Yuba City, and to acquisition of a rail right-of-way from Folsom to Placerville.

(O) A joint application submitted by the regional transportation planning agencies of Colusa, Glenn, Butte, Tehama, Shasta, Trinity, Lake, and Siskiyou Counties.

(P) A joint application submitted by the regional transportation planning agencies of Sierra, Plumas, Modoc, and Lassen Counties.

(Q) A joint application submitted by the regional transportation planning agencies of Del Norte, Humboldt, and Mendocino Counties. The first priority for funding shall be the rehabilitation of the rail lines owned by the North Coast Railroad Authority.

(R) Metropolitan Transportation Commission. Of the funds received by the Metropolitan Transportation Commission, two million dollars (\$2,000,000) a year, increasing at a rate equal to the rate of increase in the Consumer Price Index, may be used to fund projects and studies related to improving the efficiency of public transit. This subparagraph shall not be interpreted in a way which promotes privatization of public transit systems.

(i) The following projects shall receive equal highest priority in funding:

(I) Construction or improvement of a passenger rail corridor connecting the Santa Clara County light rail system and a station on the San Francisco Bay Area Rapid Transit District-Fremont line.

(II) A high priority light rail line identified by the San Francisco Public Utilities Commission.

(III) A high priority light rail line identified by the Alameda-Contra Costa Transit District's light rail corridor study.

(IV) Rehabilitation of the San Francisco Bay Area Rapid Transit District's existing fleet of rolling stock.

(V) The "Metro East" light rail maintenance and storage facility in San Francisco.

(VI) A high priority light rail project identified by the Santa Clara County Transit District.

(ii) After the projects in clause (i) are completed, further expenditures for additional public transportation projects, including exclusive public mass transit guideways, shall be for priorities adopted by the Metropolitan Transportation

Commission, consistent with the requirements of this clause. Any expenditures pursuant to this clause for passenger rail projects shall be made according to the following equal priorities: (1) cost effectiveness of the project measured in terms of least cost per new transit rider, (2) rehabilitation and other operational improvements to existing passenger rail service, (3) projects that have the lowest percentage of trips to and from the stations by automobile, and (4) projects which promote transit use within highly urbanized areas.

(3) (A) Notwithstanding any other requirement of this section, the committee may allocate not more than ten percent of the funds available annually pursuant to subdivision (a) of Section 99390, at the request of the department, for construction of a new, separate, high-speed intercity passenger main rail line connecting Los Angeles, Bakersfield, Fresno, and San Jose, with connections to San Francisco via the CalTrain corridor, and connections to Oakland. Funding may also be allocated for construction and operation of a new, separate, high-speed intercity passenger rail line connecting the main line to Stockton and Sacramento. These funds shall be deployed in a manner that maximizes private investment in that line. As used in this paragraph, "high-speed" train service means passenger rail service that attains a speed of at least 150 miles per hour.

It shall be the goal of the state to provide high-speed train service, if sufficient funds become available, between Los Angeles and the San Francisco Bay Area via the San Joaquin Valley by the year 2010. The committee shall determine whether to allocate funds pursuant to this paragraph not later than December 31, 1998, but the timing of the allocation of the funds shall be at the discretion of the committee.

(B) The committee may allocate not more than twenty million dollars (\$20,000,000) per year of the funds available annually from the transit capital improvement program established pursuant to Section 99317 for not more than thirty years for the purposes of subparagraph (A). The allocation made pursuant to this subparagraph shall commence at the discretion of the committee, if the committee decides to allocate funds pursuant to subparagraph (A).

99391.7. (a) For urban rail transit projects as defined in Section 164.50 of the Streets and Highways Code, the state funding share provided pursuant to Section 99391 shall be 100 percent for the first fifteen million dollars (\$15,000,000), increasing at a rate equal to the rate of increase in the Consumer Price Index, per mile of new construction. For the portion of costs of urban rail transit projects in excess of fifteen million dollars (\$15,000,000) per mile, increasing at a rate equal to the rate of increase in the Consumer Price Index, the committee shall require 50 percent funding from nonstate sources.

(b) Intercity and commuter rail projects shall not require any matching nonstate funds.

(c) Notwithstanding any other provision of law, or the requirements of subdivision (a), funds received pursuant to this article by a local agency may be used to meet the matching fund requirements of Part 11.5 (commencing with Section 99600).

99393. (a) Funding pursuant to subdivision (b) of Section 99393.4 shall be available only for allocation to transit operators in an "area" of "apportionment", as those terms are used in Section 99231, that has remaining transit needs after local transportation funds and state transit assistance funds have been fully allocated to transit purposes. All funds that are not allocated for transit operations pursuant to this section shall be transferred for allocation pursuant to

Section 191.1 of the Streets and Highways Code for highway-railroad grade separations, as provided by that section.

(b) The committee shall notify the Controller of the amount of funding required for transit operating needs of statewide significance pursuant to subdivision (a) of Section 99393.4. The Controller shall apportion the remaining funds pursuant to subdivision (b) of Section 99393.4. The Controller shall estimate revenue likely to be received by agencies receiving funding pursuant to Section 99393.4 and provide this information to the agencies.

(c) First priority in the expenditure of funds by local operators pursuant to paragraphs (1) and (2) of subdivision (b) of Section 99393.4 shall be for meeting the needs of disabled persons pursuant to the requirements of the federal Americans with Disabilities Act (P.L. 101-336); for the continuance of paratransit services provided pursuant to the provisions of Chapter 4 (commencing with Section 99200) to persons 65 years of age or older; for prevention of crime, gang activity, and graffiti on public transit systems and vehicles; and for increasing the efficiency and cost effectiveness of transit system operations. This subdivision shall not be interpreted in a way that promotes privatization of public transit systems.

(d) At least 90 percent of all funds received by any agency pursuant to this section shall be expended to provide direct transit service to the public, consistent with the other requirements of this section.

99393.1. In order to receive an allocation for transit operating funds pursuant to Sections 99313, 99314, and 99393, a transit operator shall be required to be in compliance with all of the following, except that the committee, after a public hearing, may waive or modify the requirements of all or part of subdivisions (b) and (c) on a substantial showing by the operator that either or both of these requirements are financially or otherwise infeasible. The committee may delegate its power to waive these requirements as they apply to transit operators that are entirely within the jurisdiction of a single transportation planning agency to that transportation planning agency. Guidelines governing the implementation of this section shall be adopted by the committee in consultation with regional transportation planning agencies and operators and public transit users.

(a) The operator has adopted and is implementing an anti-graffiti policy which has as a goal that no transit vehicle containing any graffiti is dispatched at the beginning of a service day unless the graffiti has first been removed.

(b) The operator offers free transfers on payment of a regular fare valid for use on its system for a minimum of 90 minutes.

(c) The operator offers a day pass, a monthly pass, and an annual pass valid for unlimited rides on its system for the time specified. Passes may be offered for one or more zones, in addition to the operator's entire system. Operators shall accept credit cards and provide a billing option for discounted annual passes. This subdivision shall apply only to operators with average daily weekday ridership of more than 5,000 unlinked trips, and not to operators whose fare structures are based on distance.

(d) The operator accepts the California Pass authorized pursuant to Section 14036.6 of the Government Code for travel on its system without requiring payment of an additional fare.

(e) Free transfers shall be offered to transit customers connecting from an urban rail transit or commuter rail line to a local bus system serving a rail station. Rail and bus operators shall be reimbursed for their reasonable costs of providing and accepting rail-to-bus transfers from funds eligible for allocation for this

purpose by the appropriate transportation planning agency, county transportation commission, or transit development board. Each allocating agency, as appropriate, shall establish guidelines governing the implementation of this subdivision, including the amount of reimbursement to operators. Operators of bus systems shall have as a goal to coordinate bus schedules to maximize timely connections between buses and trains.

(f) At the request of a campus of the University of California, the California State University, a community college, or any other institution of higher learning, a transit operator shall enter into an agreement with the university, college, or institution to provide unlimited use of its system at no charge to students with a valid registration card in exchange for a regular lump-sum payment by the university, college, or institution to the operator sufficient to cover the costs to the operator of the agreement. The implementation of the agreement shall be a high priority for use of parking fees and parking penalties received by a college campus.

(g) The operator offers at least a 50 percent discount from the regular fare, rounded to the nearest quarter dollar, to persons 65 years of age and older, and to disabled persons, at a minimum during off-peak travel periods on service available to the general public. The committee, after a public hearing, may waive or modify the requirements of Sections 99268.3, 99268.4, and 99268.9, whichever are applicable, if compliance with this subdivision causes violation of the applicable farebox recovery requirements.

(h) The operator of a passenger rail service has adopted and is implementing a highway-railroad grade crossing safety program that includes the use of automated enforcement technology at grade crossings with 5,000 or more average weekday vehicle crossings to reduce accidents, fatalities, and injuries at grade crossings. The operator shall agree to acquire and implement this technology at existing grade crossings not later than December 31, 2000, and at new grade crossings at the time of construction. Acquisition and implementation of this technology may be funded by funds provided to operators pursuant to Sections 99390, 99391, and 99393. The committee may waive this requirement at individual highway-railroad grade crossings on a showing by the operator that the requirement is not necessary in order to reduce accidents, fatalities, and injuries at that grade crossing.

99393.3. Funding for transit operations available pursuant to this article shall not be allocated to any area of apportionment where a finding has been made by the transportation planning agency pursuant to Section 99401.5 that there are either no unmet transit needs or no unmet transit needs that are reasonable to meet within that jurisdiction. As used in this section, "area" has the same meaning as in Section 99231.

99393.4. (a) Funds available pursuant to Section 99393 shall be allocated first to the following programs of statewide priority:

(1) Upon a finding that the National Park Service will implement a plan to restrict entry of private vehicles into Yosemite Valley, other than those carrying persons with confirmed camping reservations and disabled persons, such funds as are necessary, but not exceeding four million dollars (\$4,000,000) per year, increasing at a rate equal to the rate of increase in the Consumer Price Index, to operate a frequent and convenient public transportation system within the park, connecting the City of Merced with Yosemite Valley, shall be made available to the department for allocation to the National Park Service. In order to be eligible to receive funds pursuant to this paragraph, the National Park Service shall

maintain a level of funding for public transit service at least equal to the funding provided in 1993-94, increasing at a rate equal to the rate of increase in the Consumer Price Index, for the park shuttle services.

(2) Upon a finding that the Tahoe Transportation District authorized pursuant to Section 66801 of the Government Code has been activated, funds not exceeding one million dollars (\$1,000,000) per year, increasing at a rate equal to the rate of increase in the Consumer Price Index, shall be available for a unified transit system serving the California portion of the Lake Tahoe Basin and the City of Truckee. In order to be eligible to receive an allocation of funds pursuant to this paragraph, the Tahoe Transportation District shall certify to the committee that it is scheduled to receive all of the local transportation funds and state transit assistance funds eligible to be used for public transit purposes that are apportioned to its area.

(b) Of the remaining funds available pursuant to Section 99393, the funds shall be distributed as follows:

(1) One-third of the funds shall be allocated by the Controller pursuant to the formula set forth in Section 99313.

(2) One-third of the funds shall be allocated by the Controller pursuant to the formula set forth in Section 99314.

(3) (A) Notwithstanding the priorities set forth in subdivision (c) of Section 99393, one-third of the funds shall be allocated by the Controller using the formula set forth in Section 99313, and shall be used to increase the frequency of service along routes that have the greatest potential to increase ridership if that service frequency is increased. Eligible projects shall include only bus and urban rail transit routes that have basic weekday service frequency of not less than 30 minutes and commuter rail routes that have basic weekday service frequency of not less than 60 minutes during peak hours. On rail routes, frequency augmentations may take place at hours other than the peak if it is determined that frequency augmentations will increase the overall passenger utilization of the service. If it is not practicable to use the funds for this purpose, they shall be used to increase the frequency of basic weekday service on bus and rail routes that have the greatest potential to increase ridership if the service frequency is increased. Allocations made pursuant to this paragraph may include funds necessary for increases in paratransit service, as required by the federal Americans with Disabilities Act (P.L. 101-336), that are complementary to the service provided as a result of the allocation.

The committee shall adopt guidelines for the distribution of these funds by the recipient agencies, based on public hearings, to implement this subdivision. The guidelines shall prescribe methods for evaluating the success of programs funded pursuant to this paragraph in increasing ridership. The committee shall ensure that multi-county or multi-agency rail commuter systems are included in the guidelines with equal standing with bus and rail operators included within each agency or region.

(B) Funds allocated pursuant to subparagraph (A) to increase service frequency shall continue to be allocated to the same programs in succeeding years if the programs increase and sustain ridership to or near levels at least as high as projected in the original grant application.

(c) All administrative and eligibility provisions applicable to the State Transit Assistance program shall be applicable to the funds allocated pursuant to this section, including, but not limited to, the provisions in Sections 99312.7, 99313.6,

99313.7, 99314.3, 99314.6, and 99314.7, as applicable. The funds from this section shall be deposited in special subaccounts of the state transit assistance funds created pursuant to Section 99313.6.

99393.5. Local public agencies that acquire or have acquired rail rights-of-way with state funding participation shall, if those lines are used jointly for commuter and intercity rail services, work cooperatively with the department and Amtrak to properly schedule all trains in accordance with scheduling practices adopted by major railroads for similar corridors.

Where commuter service exists, intercity trains shall generally be scheduled to serve a minimum number of intermediate stops and shall normally run on a regular schedule. Local agencies, the department, and Amtrak shall consult with one another prior to making scheduling decisions. Unresolved disputes between local agencies, and between local agencies and the department shall be arbitrated through a procedure approved by the committee. No party advocating one of the disputed positions shall be designated an arbitrator in the mediation efforts. Local agencies shall also provide access to ticket machines for intercity ticket sales, on such terms as the parties may agree, unless such access subjects the agencies to additional federal regulation. Commuter and intercity service shall be operated in a manner that maximizes public convenience.

99396. All capital outlay funds allocated by the committee or the commission, and all capital outlay funds expended by the department shall be subject to the requirements of this section.

(a) The department, in expending capital outlay funds, and any public agencies receiving capital outlay funds from the commission, the committee, or the department may not expend more than 20 percent of those funds on administrative overhead. At least 80 percent of those funds received must be spent on actual project construction, including acquisition of rights-of-way. The committee, the commission, and the department shall prepare a report showing the amount of the capital outlay funds saved through implementation of this section.

(b) The Controller shall annually audit compliance with the requirements of subdivision (a) by the department and any other agencies receiving capital outlay funds. The commission shall advance to the Controller the costs estimated by the Controller in performing the audits for the ensuing fiscal year and for the other costs incurred by the Controller pursuant to the act. If the Controller finds that the department or another agency receiving capital outlay funds has not complied with the requirements of subdivision (a), the Controller may take any necessary action, including litigation, issuing a direct order, or offsetting any funds expended in violation of this section in subsequent fiscal years, pursuant to Section 12419.5 of the Government Code. The Controller may also adopt regulations to further define "administrative overhead" as used in this section. The adoption and amendment of regulations pursuant to this subdivision shall not be subject to the requirements of Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code.

(c) If there is any conflict between this section and Section 14524.16 of the Government Code, this section shall prevail.

99397. (a) The committee may request the Treasurer to sell, and the Treasurer may sell, revenue bonds secured by the revenues allotted to capital outlay projects pursuant to this article on a schedule that will provide the funds when needed as identified in the program described in this article, including the funds identified

in subparagraph (B) of paragraph (3) of subdivision (c) of Section 99391. Nothing in this section authorizes the sale of general obligation bonds without a vote of the people.

(b) The recipient agencies named in subdivision (c) of Section 99391 may request the committee to request the Treasurer to sell revenue bonds for the construction of projects funded pursuant to that subdivision consistent with a reasonable assumption about revenues that would be allocated to that regional agency, and the committee may make that request if it is consistent with the requirements of subdivision (a) and the remainder of the act.

99398. (a) This section shall not become operative if a general obligation bond act primarily for rail or other transportation purposes appears on the General Election or other statewide ballot in November 1994.

(b) (1) Notwithstanding Section 13340 of the Government Code or any other provision of law, the first 20 percent of revenue available each year from the Retail Sales Tax Fund derived from the additional tax imposed by Sections 6052 and 6201.8 of the Revenue and Taxation Code, pursuant to Section 7103 of the Revenue and Taxation Code, is continuously appropriated to the committee without regard to fiscal years to meet programming commitments made by the commission in the 1992 State Transportation Improvement Program that were intended to have been funded by general obligation bonds issued pursuant to Article 1 (commencing with Section 2703) of Chapter 19 of Division 3 of the Streets and Highways Code.

(2) When a total of one billion dollars (\$1,000,000,000) has been made available to the committee pursuant to this section, all revenues available pursuant to Section 7103 of the Revenue and Taxation Code shall be allocated as provided by that section, and this section shall be inoperative. The State Board of Equalization, in consultation with the Controller, shall adopt regulations to implement this subdivision. The adoption and amendment of regulations pursuant to this subdivision shall not be subject to the requirements of Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code.

(c) Notwithstanding Section 99391 and any other provision of law, if this section takes effect, the committee shall, with the funds remaining after the implementation of subdivision (b), give first priority to funding the projects designated in paragraph (1) of subdivision (c) of Section 99391, before funding projects and programs in subdivisions (b) through (i), inclusive, of Section 7103 of the Revenue and Taxation Code and paragraphs (2) and (3) of subdivision (c) of Section 99391.

99398.1. The Legislature may amend this article, by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the act. However, the Legislature may not amend subdivision (c) of Section 99388; Sections 99389, 99390, 99391, 99391.7, and 99393.3; subdivision (a) of Section 99393.4; Section 99398; or this section.

SECTION 17. Article 7.6 (commencing with Section 99399) is added to Chapter 4 of Part 11 of Division 10 of the Public Utilities Code, to read:

Article 7.6. General Provisions Applicable to the Clean Air, Jobs, and Transportation Efficiency Act of 1994

99399. *The Clean Air, Jobs, and Transportation Efficiency Act of 1994 consists of Sections 14502.5 and 29531 of the Government Code; Section 25619 of the Public Resources Code; Sections 99232, 99310.5, 99310.6, 99310.7, 99310.8, 99310.9, 99311,*

99312, 99315.5, and 99316 of, and Article 7.5 (commencing with Section 99385) of Chapter 4 of Part 11 of Division 10 of, Article 7.6 (commencing with Section 99399) of Chapter 4 of Part 11 of Division 10 of, and Division 26 (commencing with Section 250000) of, the Public Utilities Code; Sections 97.055, 6052, 6201.8, 6480.1, 7102, and 7103 of the Revenue and Taxation Code; and Sections 164.561, 191.1, 195, 196, 197, 199.12, 199.13, 199.14, and 894.5 of the Streets and Highways Code. For purposes of this article, "act" means the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

99399.1. (a) It is the intent of the People in approving the act that should any statute or amendment to the Constitution be approved on November 8, 1994, that could prevent this act from taking effect, this act shall go into effect, regardless of the passage of any such statute or constitutional amendment, and regardless of the number of votes received by any measure on the November 8, 1994, ballot.

(b) The act shall take effect notwithstanding any other provision of law.

(c) It is the express intent of the voters that the act shall take effect and become operative at 12:01 a.m. on November 8, 1994.

(d) It is the express intent of the voters that the act shall take effect and become operative even if the Constitution is amended at the November 8, 1994, election to prohibit or restrict the enactment of new taxation.

99399.2. If any provision of the act or the application thereof is held invalid, the invalidity shall not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

99399.3. For purposes of the act, the following terms have the following meanings, unless expressly stated otherwise:

(a) "Account" is the Transportation Planning and Development Account in the State Transportation Fund, as continued and created in Section 99310, unless another account is specifically named.

(b) "Administrative overhead" is all noncapital costs incurred through the award of a construction contract. These costs include the costs incurred by outside contractors. With respect to the department, "administrative overhead" includes the prorated share of distributed departmental administration, as identified in the Governor's proposed budget, attributable to project development activities. The calculation of the prorated share of departmental administration shall exclude tort payments, the costs of legal services associated with those payments, and the costs associated with projects for which the department has provided design oversight only, or has not been the responsible agency for project design. In any conflict between this subdivision and its application, and the provisions of Section 14524.16 of the Government Code, the provisions of this subdivision shall prevail.

(c) "Committee" means the Rail Committee of the California Transportation Commission, established pursuant to Section 14502.5 of the Government Code.

(d) "Electrification" means the conversion of bus lines to electrical operation and the creation of new electrically powered bus lines through the purchase of electric vehicles, and the installation of equipment allowing electrically operated buses to have access to a central electric power system. Electrification also means the construction of new electrically powered urban rail transit passenger transportation systems, including acquisition of rolling stock, related infrastructure, and rights-of-way to provide such service. Electrification also includes the acquisition of electric vehicles used to transport the public to and from rail stations.

(e) "Light rail" means an urban rail transit project that uses surface streets or a dedicated right-of-way, but excludes commuter rail and intercity rail projects.

(f) "Mass transportation" means public transportation services and facilities normally provided to or offered to the general public, and services and facilities funded pursuant to subparagraphs (B), (K), and (N) of paragraph (1) of subdivision (c) of Section 99391 and subparagraph (Q) of paragraph (2) of subdivision (c) of Section 99391, and does not include services available only to a restricted group or category of persons, except for community transit services as defined in Section 99275. "Mass transportation" includes public transportation systems, and transportation services for any group, as determined by the transportation planning agency, requiring specialized transportation assistance, as provided in subdivisions (c), (d), and (e) of Section 99400.

(g) "Rail" means projects using standard railroad technology or urban rail transit technology, using tracks consisting of two parallel rails and rolling stock riding on top of the rails. "Rail" also means other urban rail transit technology utilizing rails or monorails if the technology is proven in urban operation.

(h) "Right-of-way" means right-of-way for rail purposes, including separate right-of-way alignments adjacent to existing freight lines.

(i) "State Highway Account" is the State Highway Account in the State Transportation Fund.

(j) "Subaccount" means the Clean Air, Jobs, and Transportation Efficiency Act subaccount of the Transportation Planning and Development Account, established pursuant to Section 99310.6.

(k) "Urban rail transit" is as defined in Section 164.50 of the Streets and Highways Code.

(l) Unless otherwise defined in the act, the definitions in subdivisions (a), (b), (c), (d), (e), (h), (i), and (k) of Section 99602 shall apply to this act. In the case of conflict between the definitions of Section 99602 and this section, the definitions in this section shall prevail as to this act.

99399.4. The act shall be liberally construed to further its purposes, especially with respect to carrying out the intent of the voters expressed in Section 99399.1.

99399.5. Any conflict between a provision in the act and any other provision of law in existence prior to the effective date of the act shall be resolved in favor of the provision in this act.

99399.6. Any ambiguity or uncertainty with respect to the act shall be resolved in a manner that is consistent with the intent and purposes of the act, as expressed in Section 99399.10.

99399.7. Every project undertaken pursuant to the act shall comply with the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code.

99399.8. The act shall be implemented in the most expeditious manner. All state and local officials shall implement this act to the fullest extent of their authority.

99399.9. Section 5358 of the Elections Code does not apply to the act. The intent of this section is to assure that the act can be carried out in an orderly and comprehensive manner.

99399.10. The purpose of the act is to provide funds for public transportation construction and operation; to protect transportation funding sources from being diverted for nontransportation purposes; to increase the safety and convenience of the public, the disabled and elderly in their use of California public transportation systems; to reduce the cost of administrative overhead in building

transportation systems; to save energy and improve air quality by providing a more efficient transportation system as an alternative to the single passenger vehicle; and to provide jobs and economic development through development and operation of public transportation facilities throughout California.

99399.11. Construction projects or works of improvement for facilities that are paid for in part or in whole using funds from the subaccount or provided by subdivision (c) of Section 7103 of the Revenue and Taxation Code shall be considered public works projects subject to Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code and shall be enforced by the Department of Industrial Relations in the same manner in which it carries out this responsibility under the Labor Code.

99399.14. The allocation of a grant or grants to a state or local agency for a particular project or program pursuant to any provision of this act shall not preclude eligibility for an additional allocation of grant funds to the same state or local agency pursuant to other provisions of this act or any other provision of law, for the same project or program or a different project or program.

99399.15. Any commuter or intercity rail cars purchased with state funds shall be designed to accommodate a minimum of four bicycles per car. The design shall allow seating for passengers in the space designated for bicycles if the space is not needed for bicycles. This section is consistent with the intent of Section 99683, and is not in conflict with that section.

99399.16. The Legislature may amend Sections 99399.11, 99399.14, and 99399.15, by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the act.

99399.17. Any state or local agency that expends any capital outlay funds appropriated by this act shall in the expenditure of those funds, to the maximum extent practicable, utilize the services of the California Conservation Corps and local community conservation corps as defined in Section 14507.5 of the Public Resources Code, or as certified to be eligible by the California Conservation Corps.

SECTION 18. Division 26 (commencing with Section 250000) is added to the Public Utilities Code, to read:

**DIVISION 26. SAN FRANCISCO BAY AREA-LOS ANGELES
RAIL CORRIDOR JOINT POWERS AGENCY**

250000. (a) The Counties of Los Angeles, Monterey, San Benito, San Luis Obispo, Santa Barbara, Santa Clara, Santa Cruz, and Ventura shall form the San Francisco Bay Area-Los Angeles Rail Corridor Joint Powers Agency for the purposes of acquiring, constructing, and operating a fast train intercity, tourist, commuter, and urban rail corridor between the San Francisco Bay area and Los Angeles. Each county shall have one vote on the agency's board. Each county shall be represented on the agency's board by its regional transportation planning agency, or county transportation commission in counties with commissions, or the board of supervisors in other counties in regions with statutorily created multi-county regional transportation planning agencies. It shall be the goal of the joint powers agency to establish fast train intercity passenger rail service capable of transporting passengers between the San Francisco Bay area and Los Angeles in less than six hours. Funds previously designated pursuant to Part 11.5 (commencing with Section 99600) of Division 10 for the member counties of the joint powers agency may also be utilized for this purpose, and for the purpose of urban rail systems between Watsonville Junction and Santa Cruz,

and between Monterey and the main coast line. The agency shall coordinate with the Department of Transportation, Amtrak, the Association of Monterey Bay Area Governments, and transportation agencies and operators representing the Counties of Alameda, Contra Costa, and San Mateo and the City and County of San Francisco in order to assure appropriate interconnections with other rail and bus service.

(b) The San Francisco Bay Area-Los Angeles Rail Corridor Joint Powers Agency shall have the following powers:

(1) To acquire real and personal property of every kind for passenger rail purposes by grant, gift, devise, lease, purchase or eminent domain, and to hold, use, sell, lease, or transfer that property.

(2) To enter into any contract necessary to carry out its powers including any contract with the Department of Transportation, Amtrak or any private entity to operate train service.

(3) To establish or change rates, charges, and services. The Public Utilities Commission shall have no jurisdiction over the joint powers agency or any of its activities except as to matters of public safety.

(4) To apply for and receive additional local, state, and federal funds for passenger rail purposes.

(5) To indemnify and defend any railroad corporation, regardless of its negligence, that operates passenger rail services for the joint powers agency pursuant to contract.

(6) To appoint an executive officer, and to employ staff and legal counsel.

(7) To sue and be sued.

(c) The Legislature may amend subdivisions (a) and (b) of this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994, and does not diminish the powers of the agency with respect to the acquisition and operation of the rail corridor.

SECTION 19. Section 97.055 is added to the Revenue and Taxation Code, to read:

97.055. (a) Locally generated property tax revenues have been and continue to be an important source of revenue for many local transportation agencies throughout California.

(b) The Legislature shall not reduce or reallocate the percentage of property tax revenues allocated to local transportation agencies, including single county and multiple county agencies, regardless of the composition of the governing boards of those agencies, below the percentage of property tax allocations made to those agencies for the 1992-93 fiscal year.

(c) If a statute directly or indirectly reduces or reallocates any property tax revenues required by this section to be allocated to one or more local transportation agencies so that the percentage of property tax revenues allocated to that agency is reduced below the level provided in subdivision (b), within ninety days of the effective date of the statute the Controller shall transfer to that agency, from the General Fund, an amount equal to the difference between the reduced or reallocated property tax allocation and the amount of property tax the agency would otherwise have been entitled to receive had the reduction or reallocation not been made. There is hereby appropriated from the General Fund an amount necessary to make any transfer required by this subdivision.

SECTION 20. Section 6052 is added to the Revenue and Taxation Code, to read:

6052. (a) *In addition to the taxes imposed by the other provisions of this article, for the privilege of selling motor vehicle fuel, as defined by Section 6480, at retail, a tax at the rate of four percent is hereby imposed upon all retailers on the gross receipts of the retailer from the sale of motor vehicle fuel at retail in this state on and after January 1, 1995. The tax shall be subject to the prepayment requirements set forth in Section 6480.1.*

(b) *This tax is imposed pursuant to the Sales and Use Tax Law.*

SECTION 21. Section 6201.8 is added to the Revenue and Taxation Code, to read:

6201.8. (a) *In addition to the taxes imposed by other provisions of this article, an excise tax is hereby imposed on the storage, use or other consumption in this state of motor vehicle fuel, as defined in Section 6480, purchased from any retailer on or after January 1, 1995, for storage, use, or other consumption in this state, at the rate of four percent of the sales price of the property.*

(b) *This tax is imposed pursuant to the Sales and Use Tax Law.*

SECTION 22. Section 6480.1 of the Revenue and Taxation Code is amended to read:

6480.1. (a) After service of written notification by the board, on the first distribution in this state of motor vehicle fuel subject to the motor vehicle fuel license tax, the distributor shall collect prepayment of retail sales tax from the person to whom the motor vehicle fuel is distributed. The prepayment required to be collected by the distributor constitutes a debt owed by the distributor to this state until paid to the board, until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the retail sales tax to the board, or until a distributor or broker who has consumed the fuel has paid the use tax to the board. Each distributor shall report and pay the prepayment amounts to the board, on a form prescribed by the board, in the period in which the fuel is distributed. On each subsequent distribution of that motor vehicle fuel, each seller, other than the retailer, shall collect from his or her purchaser a prepayment computed using the rate applicable at the time of distribution. Each distributor shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts which shall be separately stated thereon.

(b) After service of written notification by the board, the broker shall collect prepayment of the retail sales tax from the person to whom the motor vehicle fuel is transferred. The prepayment required to be collected by the broker constitutes a debt owed by the broker to the state until paid to the board, or until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the tax to the board. Each broker shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts which shall be separately stated thereon.

Each broker shall report and pay the prepayment amounts to the board, on a form prescribed by the board, in the period in which the fuel is distributed. The amount of prepayment paid by the broker to his or her vendor shall constitute a credit against the amount of prepayment required to be collected and remitted by the broker to the board.

(c) A distributor or broker who pays the prepayment and issues a resale certificate to the seller, but subsequently consumes the fuel, shall be entitled to a credit against his or her sales and use taxes due and payable for the period in

which the prepayment was made, provided that he or she reports and pays the use tax to the board on the consumption of that fuel.

(d) The amount of a *the* prepayment paid by the retailer or a distributor or broker who has consumed the fuel to the seller from whom he or she acquired the fuel shall constitute a credit against his or her sales and use taxes due and payable for the period in which the distribution was made. Failure of the distributor or broker to report prepayments or the distributor's or broker's failure to comply with any other duty under this article shall not constitute grounds for denial of the credit to the retailer, distributor, or broker, either on a temporary or permanent basis or otherwise. The retailer, distributor, or broker shall be entitled to the credit to the extent of the amount prepaid to his or her supplier as evidenced by purchase documents, invoices, or receipts stating separately the amount of tax prepayment.

(e) The rate of the prepayment required to be collected during the period from July 1, 1986, through March 31, 1987, shall be four cents (\$.04) per gallon of motor vehicle fuel distributed or transferred.

(f) On April 1 of each succeeding year, the rate per gallon, rounded to the nearest one-half of one cent, of the required prepayment shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051, 6051.2, 6051.3, 6052, and 7202 on the arithmetic average selling price (excluding sales tax) as determined by the State Energy Resources Conservation and Development Commission, in its latest publication of the "Quarterly Oil Report," of all grades of gasoline sold through a self-service gasoline station. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every distributor, broker, and retailer of motor vehicle fuel. In the event the price of fuel decreases or increases, and the established rate results in prepayments which consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(g) The Legislature may amend subdivisions (a) through (f) of this section by statute passed in each house of the Legislature by rollcall vote entered in the journal, two-thirds of the membership concurring, if the statute is not inconsistent with the Clean Air, Jobs, and Transportation Efficiency Act of 1994, and the purposes of that act, as specified in Section 99399.10 of the Public Utilities Code.

SECTION 23. Section 7102 of the Revenue and Taxation Code is amended to read:

7102. The money in the fund shall, upon order of the Controller, be drawn therefrom for refunds under this part, and pursuant to Section 1793.25 of the Civil Code, or be transferred in the following manner:

(a) (1) All revenues, less refunds, derived under this part at the 4¾-percent rate, including the imposition of sales and use taxes with respect to the sale, storage, use, or other consumption of motor vehicle fuel which would not have been received if the sales and use tax rate had been 5 percent and if motor vehicle fuel, as defined for purposes of the Motor Vehicle Fuel License Tax Law (Part 2 (commencing with Section 7301)), had been exempt from sales and use taxes, shall be estimated by the State Board of Equalization, ~~with the concurrence of the Department of Finance,~~ and shall be transferred quarterly to the Transportation Planning and Development Account, a trust fund in the State Transportation Fund. *The transfer shall occur on a quarterly basis regardless of estimates for future quarters.*

(2) All revenues, less refunds, derived under this part at the $4\frac{3}{4}$ -percent rate, resulting from increasing after December 31, 1989, the rate of tax imposed pursuant to the Motor Vehicle Fuel License Tax Law on motor vehicle fuel, as defined for purposes of that law, shall be transferred quarterly to the Transportation Planning and Development Account, a trust fund in the State Transportation Fund.

(3) All revenues, less refunds, derived under this part at the $4\frac{3}{4}$ -percent rate from the imposition of sales and use taxes on fuel, as defined for purposes of the Use Fuel Tax Law (Part 3 (commencing with Section 8601)), shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be transferred quarterly to the Transportation Planning and Development Account, a trust fund in the State Transportation Fund.

~~(4) All revenues, less refunds, derived under this part from a rate of more than $4\frac{3}{4}$ percent pursuant to Sections 6051.1 and 6201.1 for the period December 1, 1989, to June 5, 1990, inclusive, shall be transferred to the Disaster Relief Fund created by Section 16419 of the Government Code. All revenues, less refunds, derived under this part at the $4\frac{3}{4}$ -percent rate, resulting from any increase after January 1, 1993 in the rate of any tax imposed by the United States on motor vehicle fuel, as that term is defined in Section 7304, shall be transferred quarterly to the Transportation Planning and Development Account, a trust fund in the State Transportation Fund.~~

(5) All revenues, less refunds, derived under this part from a rate of more than $4\frac{3}{4}$ percent pursuant to Sections 6051.1 and 6201.1 for the period June 6, 1990, to December 31, 1990, inclusive, which is attributable to the imposition of sales and use taxes with respect to the sale, storage, use, or other consumption of tangible personal property other than fuel, as defined for purposes of the Use Fuel Tax Law (Part 3 (commencing with Section 8601)), shall be transferred to the Disaster Relief Fund created by Section 16419 of the Government Code.

(6) All revenues, less refunds, derived under this part from a rate of more than $4\frac{3}{4}$ percent pursuant to Sections 6051.1 and 6201.1 for the period June 6, 1990, to December 31, 1990, inclusive, which is attributable to the imposition of sales and use taxes with respect to the sale, storage, use, or other consumption of fuel, as defined for purposes of the Use Fuel Tax Law (Part 3 (commencing with Section 8601)), shall be transferred to the Disaster Relief Fund created by Section 16419 of the Government Code.

(7) All revenues, less refunds, derived under this part from the taxes imposed pursuant to Sections 6051.2 and 6201.2 shall be transferred to the Sales Tax Account of the Local Revenue Fund for allocation to cities and counties as prescribed by statute.

(8) All revenues, less refunds, derived under this part from the taxes imposed pursuant to Sections 6051.6 and 6201.6 shall be transferred to the Interim Public Safety Account in the Local Public Safety Fund created in Section 30051 of the Government Code for allocation to counties as prescribed by statute.

(9) All revenues, less refunds, derived from the taxes imposed pursuant to Section 35 of Article XIII of the California Constitution shall be transferred to the Public Safety Account in the Local Public Safety Fund created in Section 30051 of the Government Code for allocation to counties as prescribed by statute.

~~(10) An amount equal to all revenues, less refunds, derived under this part at a $4\frac{3}{4}$ percent rate for the period between January 1, 1994, and July 1, 1994, from the increase in sales and use tax revenue attributable to the increase in the rate of the federal motor vehicle fuel tax between January 1, 1993, and the rate in~~

effect on January 1, 1994, shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and an amount equal to that amount, but not exceeding seven million five hundred thousand dollars ~~(\$7,500,000)~~ shall be transferred from the Retail Sales Tax Fund to the Small Business Expansion Fund created by Article 5 ~~(commencing with Section 14030)~~ of Chapter 1 of Part 5 of Division 3 of Title 1 of the Corporations Code.

(b) The balance shall be transferred to the General Fund.

(c) The estimates required by subdivision (a) shall be based on taxable transactions occurring during a calendar year, and the transfers required by subdivision (a) shall be made during the fiscal year that commences during that same calendar year. Transfers required by paragraphs (1), (2), ~~and (3)~~, and (4) of subdivision (a) shall be made quarterly.

(d) The Legislature may amend *paragraphs (5), (6), (7), (8), and (9) of subdivision (a), and subdivisions (b) and (c) of this section*, by statute passed in each house of the Legislature by rollcall vote entered in the journal, two-thirds of the membership concurring, if the statute is ~~consistent with, and furthers does not reduce funding for the purposes of this section.~~ *the Transportation Planning and Development Account and is not in conflict with the Clean Air, Jobs, and Transportation Efficiency Act of 1994.*

(e) (1) *The purpose of paragraphs (1), (2), (3), and (4) of subdivision (a) is to guarantee and require the transfer of the specified sales and use tax revenues to the Transportation Planning and Development Account to be used as required by Section 99310.5 of the Public Utilities Code. No statute may redirect the specified revenues or estimated revenues, whether from the tax revenue itself or from the Retail Sales Tax Fund. Any statute purporting to accomplish that purpose shall be void and without effect.*

(2) *If a statute transfers any revenues identified in paragraphs (1), (2), (3), or (4) of subdivision (a) from the tax revenue itself or from the Retail Sales Tax Fund to any other account, fund, or other depository than the Transportation Planning Development Account, directly or indirectly, within 90 days of the effective date of the statute, the Controller shall transfer an amount equivalent to the amount of the transfer from the General Fund to the Retail Sales Tax Fund, and that amount shall be transferred to the Transportation Planning and Development Account as required by this section. There is hereby appropriated from the General Fund an amount necessary to make any transfer required by this subdivision.*

SECTION 24. Section 7103 is added to the Revenue and Taxation Code, to read:

7103. (a) *Notwithstanding Section 7102, or any other provision of law, and except as provided in subdivisions (b) through (i), inclusive, money in the Retail Sales Tax Fund derived from the additional tax imposed by Section 6052 and 6201.8 on motor vehicle fuel, less refunds, after allocating to the board for reimbursement of all the costs incurred in connection with collection of those taxes, shall be transferred quarterly to the Transportation Planning and Development Account, a trust fund in the State Transportation Fund. Notwithstanding Section 99310.8 of the Public Utilities Code, the revenues transferred to the Transportation Planning and Development Account pursuant to this section shall be deposited in the Clean Air, Jobs, and Transportation Efficiency Act Subaccount of that account pursuant to Section 99310.6 of the Public Utilities Code. The revenues identified for transfer in subdivisions (b) through (i) shall be*

transferred from the Clean Air, Jobs, and Transportation Efficiency Act Subaccount as specified in those subdivisions.

(b) One percent of revenues received each quarter shall be transferred quarterly to the State Highway Account for fog-related safety and other projects, for expenditure as provided in Section 195 of the Streets and Highways Code.

(c) Until January 1, 2000, fifteen percent of revenues received each quarter shall be transferred quarterly to the Seismic Safety Retrofit Account, established pursuant to Article 4.8 (commencing with Section 179) of Chapter 1 of Division 1 of the Streets and Highways Code, to fund seismic upgrades on state highway bridges and publicly owned local bridges, including publicly owned toll bridges and rail bridges. These funds shall be in addition to funds programmed for seismic upgrade purposes in the State Highway Operation and Protection Program and any funds programmed for this purpose from toll bridge accounts and subaccounts established by the Streets and Highways Code on or before January 1, 1994. These funds may not be used to expand the traffic carrying capacity of the bridges. Transfers pursuant to this subdivision shall cease effective January 1, 2000. Notwithstanding any other provision of law, funds transferred into the Seismic Safety Retrofit Account pursuant to this subdivision are continuously appropriated to the Department of Transportation without regard to fiscal year.

(d) Two percent of revenues received each quarter shall be transferred quarterly to the Bicycle and Pedestrian Facilities Account, for expenditure as provided by Section 894.5 of the Streets and Highways Code.

(e) Until January 1, 2010, two percent of revenues received each quarter shall be transferred quarterly to the State Energy Conservation Assistance Account, created pursuant to Section 25416 of the Public Resources Code, for expenditure by the Energy Commission for electric, hybrid-electric, and clean fuel vehicle research, development, demonstration, and commercialization, and to assist in the purchase of these vehicles by public agencies, for expenditure as provided by Section 25619 of the Public Resources Code. Transfers pursuant to this subdivision shall cease effective January 1, 2010.

(f) Two percent of revenues received each quarter shall be transferred quarterly to the State Highway Account, for traffic signal synchronization, and traffic signal preemption devices for exclusive public mass transit guideway vehicles and emergency vehicles for expenditure as provided by Section 196 of the Streets and Highways Code. After January 1, 2010, the California Transportation Commission may, at its discretion, reduce the percentage of revenue allocated to this purpose in any year if it finds that there is a reduced need for expenditures for these programs.

(g) One percent of revenues received each quarter shall be transferred quarterly to the State Highway Account, for commuter carpool information systems and transit planning and development purposes, for expenditure as provided by Section 197 of the Streets and Highways Code.

(h) Two percent of revenues received each quarter shall be transferred quarterly to the Transportation and Environmental Improvement Program Fund for expenditure pursuant to Section 164.561 of the Streets and Highways Code. This transfer of funds is in addition to, and shall not substitute for, any funds authorized to be expended from the Environmental Enhancement and Mitigation Demonstration Program Fund pursuant to subdivision (a) of Section 164.56 of the Streets and Highways Code.

(i) Two percent of revenues received each quarter shall be transferred quarterly to the State Highway Account, to be made available for highway-railroad grade separations, as provided in Section 191.1 of the Streets and Highways Code.

(j) (1) The purpose of this section is to guarantee and require the transfer of the specified sales and use tax revenues to the Transportation Planning and Development Account and to the accounts specified in subdivisions (b) through (i), inclusive. No statute may redirect the specified revenues or estimated revenues, whether from the tax revenue itself or from the Retail Sales Tax Fund. Any statute purporting to accomplish that purpose shall be void and without effect.

(2) If a statute transfers any revenues identified in this section from the tax revenue itself or from the Retail Sales Tax Fund to any other account, fund, or other depository, directly or indirectly, within 90 days of the effective date of the statute, the Controller shall transfer an amount equivalent to the amount of the transfer from the General Fund to the Retail Sales Tax Fund, and this amount shall be transferred to the Transportation Planning and Development Account pursuant to this section. There is hereby appropriated from the General Fund an amount necessary to make any transfer required by this subdivision.

SECTION 25. Section 164.561 is added to the Streets and Highways Code, to read:

164.561. (a) Funds transferred to the Transportation and Environmental Improvement Program Fund pursuant to subdivision (h) of Section 7103 of the Revenue and Taxation Code shall be deposited into the Transportation and Environmental Improvement Program Fund, which is hereby created as a trust fund, and shall be continuously appropriated, notwithstanding Section 13340 of the Government Code, to the Resources Agency, without regard to fiscal year, for the purposes provided in this section.

(b) Local, state, and federal agencies and nonprofit organizations may apply for and receive grants, not to exceed five million dollars (\$5,000,000) for any single grant, to undertake environmental enhancement and mitigation projects that are directly or indirectly related to the environmental impact of existing transportation facilities, the modification of existing transportation facilities, or the construction and operation of new transportation facilities.

(c) The following projects are eligible for funding:

(1) Urban forestry projects to offset vehicular emissions of carbon monoxide and urban forestry projects along urban rail transit corridors.

(2) Acquisition, restoration, and enhancement of resource lands to mitigate the loss of, or the detriment to, resource lands from existing or proposed transportation improvements. Projects funded pursuant to this paragraph may also include the acquisition and preservation of lands containing significant archaeological resources to mitigate the loss of, or detriment to, archaeological resources from existing and proposed transportation projects.

(3) Acquisition, restoration, and enhancement of wetlands and riparian habitat, or any combination thereof, to mitigate the impacts of, or detriment from, runoff from roads.

(4) Trails, including paved bicycle paths, which provide exclusive use for bicycles or pedestrians, or both, and trailhead projects.

(5) Acquisition of land for parks.

(6) The purchase of permanent conservation easements from willing sellers on prime agricultural lands, and for the mapping of those lands, to mitigate the loss of, or detriment to, agricultural lands lying within or near the right-of-way

acquired for existing or proposed transportation improvements. For purposes of this paragraph, "prime agricultural lands" has the same meaning as provided in subdivision (c) of Section 51201 of the Government Code. Not more than 15 percent of the funds transferred in any particular year to the Transportation and Environmental Improvement Program Fund may be used for this purpose.

(d) Grant proposals shall be submitted to the Resources Agency for evaluation in accordance with procedures and criteria prescribed by the Resources Agency. The Resources Agency shall evaluate proposals submitted to it and prepare a list of proposals for funding which the Resources Agency may revise at any time. Prior to including a proposal on the list, the Resources Agency shall make a finding that the proposal is eligible for funding pursuant to this section. Unless otherwise prohibited by law, grants may include prepayments and advance payments to the grantees for the purpose of implementing projects funded pursuant to this section.

(e) Within the fiscal limitations of this section and subdivision (h) of Section 7103 of the Revenue and Taxation Code, the Resources Agency shall annually award grants to fund proposals which are included on the list prepared pursuant to subdivision (d).

(f) No funds authorized pursuant to this section shall be allocated to the department for its own projects or for highway landscaping or roadside rest projects. No funds authorized pursuant to this section shall be allocated to pay for any environmental mitigation or other mitigation or enhancement costs that would otherwise be required by any laws effective on the date of this enactment or thereafter, including, but not limited to, requirements established under the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code.

(g) Permanent acquisitions of wildlife habitat by any public agency pursuant to this section may be considered to be an expenditure from the Habitat Conservation Fund, created by Section 2786 of the Fish and Game Code, if the agency receiving the funds makes a finding that each and every expenditure is identical in purpose to at least one of those required by Section 2786 of the Fish and Game Code.

(h) For purposes of this section, "nonprofit organization" means any nonprofit organization qualified pursuant to paragraphs (3) and (4) of subdivision (c) of Section 501 of the federal Internal Revenue Code.

(i) The Legislature may amend subdivisions (b) through (h) of this section, by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, this section and the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 26. Section 191.1 is added to the Streets and Highways Code, to read:

191.1. (a) Notwithstanding Section 13340 of the Government Code, funds available pursuant to subdivision (i) of Section 7103 of the Revenue and Taxation Code and subdivision (a) of Section 99393 of the Public Utilities Code are continuously appropriated to the commission, without regard to fiscal year, for allocation to cities and counties for grade separation projects as defined in subdivision (a) of Section 2450.

(b) The funds appropriated by subdivision (a) shall be allocated exclusively for projects on mainline railroad lines with not less than four daily passenger trains, where the basic maximum passenger train speed limit is not less than 70

miles per hour. The maximum amount of funding to be allocated to any one project from this source shall not exceed five million dollars (\$5,000,000), increasing at a rate equal to the rate of increase in the Consumer Price Index. Each project shall be subject to the matching requirements of Section 190. Preference shall be given to grade separation projects in counties with populations of less than 200,000 and to the least expensive projects.

(c) Subject to the restrictions in subdivision (b), the commission shall follow the priorities in the grade separation priority list developed by the Public Utilities Commission, pursuant to Section 2452.

(d) In addition to the funds allocated pursuant to this section, a minimum of fifteen million dollars (\$15,000,000) shall continue to be made available annually from the State Highway Account for grade separations pursuant to Section 190.

(e) The Legislature may amend subdivisions (b) and (c) of this section, by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 27. Section 195 is added to the Streets and Highways Code, to read:

195. (a) Funds transferred to the State Highway Account pursuant to subdivision (b) of Section 7103 of the Revenue and Taxation Code shall be continuously appropriated, notwithstanding Section 13340 of the Government Code, to the commission, without regard to fiscal year, for projects on state highways and local roads that improve safety during fog conditions, including, but not limited to, changeable message signs, limited range radio frequencies, and advance warning devices for railroad crossings. Funds shall be allocated to projects that have the greatest likelihood of saving lives, and shall be in addition to existing levels of expenditures for these types of projects. The commission shall allocate these funds to the department and other transportation agencies, with highest priority going to projects in counties with a population of less than 100,000.

(b) In any year that the commission finds that all the funds allocated by subdivision (b) of Section 7103 of the Revenue and Taxation Code are not needed for projects authorized in subdivision (a), the unneeded funds may be allocated to projects authorized by Sections 164.561, 191.1, and 894.5, within counties with a population of less than 100,000.

(c) The Legislature may amend subdivisions (a) and (b) of this section, by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, this section and the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

SECTION 28. Section 196 is added to the Streets and Highways Code, to read:

196. (a) Funds transferred to the State Highway Account pursuant to subdivision (f) of Section 7103 of the Revenue and Taxation Code shall be continuously appropriated to the commission, notwithstanding Section 13340 of the Government Code, and without regard to fiscal year.

(b) The funds appropriated pursuant to subdivision (a) shall be allocated to public agencies to fund traffic signal synchronization and traffic signal preemption devices for both exclusive public mass transit guideway vehicles and emergency vehicles. Signal preemption devices shall receive high priority for funding.

(c) *The commission shall adopt initial guidelines to fund this program within 180 days of the enactment of this section. The guidelines shall require that synchronization projects shall not have an adverse impact on the operation of public transportation systems.*

(d) *The Legislature may amend subdivisions (b) and (c) of this section, by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, this section and the Clean Air, Jobs, and Transportation Efficiency Act of 1994.*

SECTION 29. Section 197 is added to the Streets and Highways Code, to read:

197. (a) *Funds transferred to the State Highway Account pursuant to subdivision (g) of Section 7103 of the Revenue and Taxation Code shall be continuously appropriated to the commission without regard to fiscal year, notwithstanding Section 13340 of the Government Code.*

(b) *The funds appropriated pursuant to subdivision (a) shall be allocated to public agencies and nonprofit corporations in regions of the state that have not attained state or federal air quality standards or that have significant traffic congestion, to provide ridesharing services, including computer matching of carpool and vanpool rides and riders, and to develop and plan better public transit routes and systems.*

(c) *The commission shall adopt initial guidelines to fund this program within 180 days of the enactment of this section.*

(d) *The Legislature may amend subdivisions (b) and (c) of this section, by statute passed in each house of the Legislature by rollcall vote entered in the journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, this section and the Clean Air, Jobs, and Transportation Efficiency Act of 1994.*

SECTION 30. Section 199.12 is added to the Streets and Highways Code, to read:

199.12. *The amount of funds available each fiscal year from the State Highway Account, pursuant to Section 199 of this code and Section 99317 of the Public Utilities Code, for the guideways component of the transit capital improvements program approved pursuant to Article XIX of the California Constitution shall be maintained at not less than historical levels, consistent with Section 199.11. "Historical levels" means an amount equal to the ratio of state funds in the State Highway Account actually appropriated to the guideway program by the State Budget Act of 1989 compared to the total amount of state funds appropriated from the State Highway Account by that budget act for all transportation capital outlay, multiplied by the total amount of state funds in the State Highway Account available for all transportation capital outlay in each future budget year. Notwithstanding Section 13340 of the Government Code, funds for these guideway purposes shall be continuously appropriated at historical levels to the committee, without regard to fiscal year, for allocation through the transit capital improvements program. Not less than 15 percent of guideway funds shall be allocated to intercity rail projects.*

SECTION 31. Section 199.13 is added to the Streets and Highways Code, to read:

199.13. (a) *Except as provided in subdivision (b), and otherwise required by the act defined in Section 99399 of the Public Utilities Code, no funds shall be permanently transferred from the State Highway Account to any other account, fund, or other depository. The intent of this section is to provide funds for*

transportation purposes consistent with Article XIX of the California Constitution. Except as provided in Sections 16310 and 16381 of the Government Code, loans from funds in the State Highway Account derived from motor vehicle fuel taxes to the General Fund consistent with Section 6 of Article XIX of the California Constitution shall be limited in duration to a term of two years and shall be repaid with interest from the General Fund at the Pooled Money Investment Account rate. No other loans of those funds shall be made.

(b) Funds may be transferred from the State Highway Account to the Transportation Planning and Development Account for support of the commission and the rail committee and to provide reimbursements for transportation planning activities and support of transportation research activities. Any reduction in transfers from one year to the next shall be accompanied by an equivalent reduction in the directly associated expenditures from the Transportation Planning and Development Account. Funds may also be transferred from the State Highway Account to the Environmental Enhancement and Mitigation Demonstration Program Fund, the Seismic Safety Retrofit Account, and other accounts and funds for purposes substantially similar to purposes for which the State Highway Account is authorized on and after the effective date of this section.

(c) All interest, fee income (except tolls), rental or lease income, or other income earned by the state from the funds in the State Highway Account, or from transportation facilities paid for in part or entirely by the State Highway Account, directly or indirectly, shall remain or be deposited in the State Highway Account. This subdivision shall not apply to income produced by property acquired and developed by local agencies or joint powers authorities pursuant to grants made by the state, or to income from property purchased pursuant to Section 164.56.

(d) Except as provided in subdivisions (a) and (b), if a statute transfers any funds from the State Highway Account to any other account, fund, or other depository, directly or indirectly, within ninety days of the effective date of the statute the Controller shall transfer an amount equivalent to the amount of that transfer from the General Fund to the State Highway Account. If a loan pursuant to subdivision (a) to the General Fund is not repaid with interest, the Controller shall transfer the necessary amount of funds to repay the loan with interest from the General Fund to the State Highway Account within six months of the end of the maximum two-year loan term. There is hereby appropriated from the General Fund an amount necessary to make any transfer required by this subdivision.

SECTION 32. Section 199.14 is added to the Streets and Highways Code, to read:

199.14. (a) Except as provided by Section 5 of Article XIX of the California Constitution, and Section 199.13, no funds in the State Highway Account shall be used for debt service for general obligation bonds issued for transportation purposes pursuant to Chapter 17 (commencing with Section 2701) of Division 3, or Chapter 19 (commencing with Section 2703) of Division 3, or bonds issued pursuant to Chapter 6 (commencing with Section 99690) of Part 11.5 of Division 10 of the Public Utilities Code, or for any future general obligation bonds that the state may authorize and issue.

(b) All loans that were made from the State Highway Account in order to pay transportation bond debt service pursuant to the relevant provisions of the Budget Act of 1992, the Budget Act of 1993, and any other budget acts shall be repaid, with interest at the pooled money investment rate applicable to the period during which the loans were outstanding, on or before June 1, 1997, with funds

other than funds in the State Highway Account or other funds dedicated to transportation purposes. If these loans have not been repaid in full by that date, the Controller shall transfer 50 percent of the amount due, including interest, on June 30, 1997, from the General Fund to the State Highway Account, and shall transfer the remainder, including interest, from the General Fund to the State Highway Account on or before June 1, 1998. There is hereby appropriated from the General Fund an amount necessary to make any transfer required by this subdivision. The loans that were made pursuant to the relevant provisions of the budget acts described in this subdivision shall be considered to be loans until repaid, notwithstanding any other provision of law.

SECTION 33. Section 894.5 is added to the Streets and Highways Code, to read:

894.5. (a) *The Bicycle and Pedestrian Facilities Account is hereby created in the State Transportation Fund. Notwithstanding Section 13340 of the Government Code, the money in the Bicycle and Pedestrian Facilities Account is continuously appropriated to the department without regard to fiscal year for the purposes of this section. The commission shall establish a program to be administered by the department for allocating the funds in the Bicycle and Pedestrian Facilities Account made available by subdivision (d) of Section 7103 of the Revenue and Taxation Code. These funds shall be allocated by the commission to cities, counties, and other public agencies for bicycle, sidewalk, and rural walkway projects which primarily benefit nonmotorized facilities for bicycles and pedestrians, as provided in this section. Not less than three-quarters of the funds in the Bicycle and Pedestrian Facilities Account shall be allocated to bicycle projects. Of the remaining funds, rural walkway projects shall be given highest priority.*

(b) A bicycle project shall be eligible for funding only if it primarily benefits bicycle commuters, rather than recreational users.

(c) A sidewalk project shall be eligible for funding only if it is in an existing urban area, with the highest priority given to projects which complete gaps in existing sidewalks with significant pedestrian traffic. Repair of an existing sidewalk is not eligible for an allocation.

(d) A rural walkway project shall be eligible for funding only if it is along a road which is heavily used by pedestrians or bicycling children on a suggested route to school, or if the project is in support of public transit use and is within one-quarter mile of transit stops in rural areas.

(e) To the greatest extent practicable, the department shall use the same guidelines to administer this section that were adopted by the commission for the administration of bicycle funds made available by Section 99650 of the Public Utilities Code. The initial version of any required changes to those guidelines shall be adopted within 180 days of the enactment of this section.

(f) To the greatest extent practicable, the department shall use the same guidelines to administer this section that were adopted by the commission for the administration of rural walkway funds made available by Section 99628 of the Public Utilities Code.

(g) Annual funding for bicycle purposes pursuant to subdivision (b) of Section 2106 shall not be reduced below funding levels actually made available in fiscal year 1993-94.

(h) The Legislature may amend subdivisions (b) through (f) of this section, by statute passed in each house of the Legislature by rollcall vote entered in the

journal, four-fifths of the membership concurring, if the statute is consistent with, and furthers the purposes of, the Clean Air, Jobs, and Transportation Efficiency Act of 1994.

188. Smoking and Tobacco Products. Local Preemption. Statewide Regulation.

[Rejected by electors November 8, 1994.]

PROPOSED LAW

SECTION 1. The People of the State of California find and declare that:

(a) The current regulation of smoking in public in California is inadequate in that there are insufficient statewide standards for regulating smoking in restaurants, office buildings, and other public places.

(b) There is a wide variance in the local regulation of smoking. Some localities provide little or no protection to those who wish to avoid secondhand smoke in such places, while others overregulate to the extent that in at least one city a person may be fined for smoking on the sidewalk or in the street.

(c) There is a clear need for uniform statewide regulation of smoking in public to assure those interested in avoiding secondhand tobacco smoke have the same protections wherever they go in the state and that those who do smoke have fair notice of where smoking is prohibited.

(d) There must be stricter statewide controls to curb the illegal sale of tobacco products to minors, including the regulation of tobacco products vending machines. Further, the advertisement of tobacco products near schools must be restricted.

SEC. 2. To accomplish the goals set forth in Section 1, the People enact this measure to provide for the statewide regulation of smoking in restaurants, other public places and the workplace, and for statewide restrictions on the marketing and distribution of tobacco products through the regulation of sales to minors, tobacco products vending machines, and billboard advertising near school grounds.

SEC. 3. This act shall be known and may be cited as the California Uniform Tobacco Control Act.

SEC. 4. Division 10 (commencing with Section 25800) is added to the Business and Professions Code, to read:

DIVISION 10. REGULATION OF SMOKING

CHAPTER 1. GENERAL PROVISIONS

25800. For purposes of this division, the following definitions shall apply:

(a) *“ASHRAE Standard 62-1989” means the standard approved by the American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc. in 1989 as ASHRAE Standard 62-1989, “Ventilation for Acceptable Indoor Air Quality” and approved by the American National Standards Institute in 1991. The standard is also designated “ANSI/ASHRAE 62-1989.”*

(b) *“Bar” means an area that is devoted to the service of alcoholic beverages for consumption on the premises and in which the serving of food, if any, is incidental to the consumption of alcoholic beverages. When a bar is located within a building in conjunction with another use, including, but not limited to, a restaurant, only the area used primarily for the consumption of alcoholic*

beverages shall constitute a bar. The dining area shall not constitute a bar, even though alcoholic beverages may be served therein.

(c) "Private office" means a room within a building in which no more than one person works that is enclosed by floor to ceiling walls and an operable door.

(d) "Public place" means any enclosed indoor area open to the general public, including, but not limited to, a theater, educational facility, health facility, retail services establishment, retail food production and market establishment, gymnasium, health spa, library, museum, and gallery. "Public place" does not include a workplace, restaurant, or bar.

(e) "Restaurant" means any coffeeshop, cafeteria, short-order cafe, luncheonette, diner, sandwich shop, soda fountain, and any other eating establishment which gives, sells, or offers for sale food to the general public for consumption on the premises. "Restaurant" does not include a "bar" as defined in this section.

(f) "Workplace" means any enclosed indoor area in which one or more individuals are employed on a full-time basis and to which the general public does not have access, except by specific invitation. Notwithstanding the preceding sentence, "workplace" does not include a prison, jail or other correctional facility and does not include a work area in a private residence other than a licensed family day care home during its hours of operation and in those areas where children are present.

CHAPTER 2. RESTAURANTS

25806. Smoking is prohibited in any restaurant, except as otherwise provided in this chapter.

25808. (a) The prohibition of Section 25806 shall not apply to any restaurant to which both of the following apply:

(1) Smoking is confined to designated areas not exceeding 25 percent of the seating capacity.

(2) Ventilation is provided in accordance with the recommended ventilation rates specified for dining rooms and cafeterias in Table 2 of ASHRAE Standard 62-1989 or in accordance with the requirements of the indoor air quality procedure described in ASHRAE Standard 62-1989. If a restaurant elects to provide ventilation in accordance with this paragraph, the restaurant shall keep on the premises a written certification, provided at least once a year by the contractor who maintains the ventilation system, that the system meets the applicable provisions of ASHRAE Standard 62-1989.

(b) Any restaurant permitting smoking shall post a sign on the exterior of the building at each point of public entrance stating that smoking and non-smoking sections are available.

25810. The prohibition of Section 25806 shall not apply to rooms in restaurants being used for private functions.

25812. Nothing in this chapter shall be construed to prevent the owner of any restaurant from prohibiting smoking entirely on any premises under his or her control.

CHAPTER 3. WORKPLACES

25814. Smoking is prohibited in any workplace, except as otherwise provided in this chapter.

25816. (a) The prohibition of Section 25814 shall not apply to any workplace that is any of the following:

(1) Any private office or, with the consent of all occupants, any conference room if ventilation is provided to that office or room in accordance with the

recommended ventilation rates specified for offices in Table 2 of ASHRAE Standard 62-1989 or in accordance with the requirements of the indoor air quality procedure described in ASHRAE Standard 62-1989.

(2) Any employee cafeteria where smoking is confined to a single area not exceeding 25 percent of the seating capacity of the cafeteria, and ventilation is provided in accordance with the recommended ventilation rates specified for dining rooms and cafeterias in Table 2 of ASHRAE Standard 62-1989 or in accordance with the requirements of the indoor air quality procedure described in ASHRAE Standard 62-1989.

(3) Designated smoking lounges if ventilation is provided in accordance with the recommended ventilation rates specified for smoking lounges in Table 2 of ASHRAE Standard 62-1989 or in accordance with the requirements of the indoor air quality procedure described in ASHRAE Standard 62-1989.

(b) If an employer elects to provide ventilation in accordance with subdivision (a), the employer shall keep on the premises a written certification, provided at least once a year by the contractor who maintains the ventilation system, that the system meets the applicable provisions of ASHRAE Standard 62-1989.

25818. Smoking is prohibited in any company vehicle unless all those present in the vehicle consent.

25820. Nothing in this chapter shall be construed to prevent an employer from prohibiting smoking entirely on any premises under his or her control.

CHAPTER 4. PUBLIC PLACES

25822. Smoking is prohibited in any public place, except as otherwise provided in this chapter.

25824. Smoking may be permitted in no more than 25 percent of the concourse area of any bowling alley and the lobby areas of any hotel, motel or other lodging facility.

25826. The prohibition of Section 25822 shall not apply to any of the following places:

(a) Hotel and motel rooms rented to guests, unless they are designated non-smoking rooms by management.

(b) Establishments devoted primarily to the retail sale of tobacco products or to the operations of a manufacturer of tobacco products.

(c) Hotel and motel conference or meeting rooms, and public and private assembly rooms, while these places are being used for private functions.

(d) Gaming clubs registered pursuant to Chapter 5 (commencing with Section 19800) of Division 8, facilities used to conduct bingo games pursuant to Section 326.5 of the Penal Code, racetracks, and private boxes and separate smoking lounges in indoor and outdoor sports arenas.

25828. Nothing in this chapter shall be construed to prevent the owner or lessee of any public place from prohibiting smoking entirely on any premises under his or her control.

CHAPTER 5. SIGNS

25836. Smoking and non-smoking areas designated pursuant to this division shall be clearly indicated by the posting of signs.

CHAPTER 6. VENDING MACHINES

25840. It is unlawful to sell tobacco products at retail through a vending machine unless the vending machine is located in one of the following areas:

(a) In an area of a factory, business, office, or other place that is not open to the general public.

(b) *On any public premises, as defined in Section 23039, to which persons under the age of 21 years are denied access pursuant to Section 25665.*

(c) *On other premises to which persons under the age of 18 years are not permitted access.*

(d) *In any other place, but only if the machine is operated by the activation of an electronic switch by the licensee, or by an employee of the licensee, prior to each purchase.*

25842. *The person liable for a violation of Section 25840 is the person authorizing the installation or placement of the tobacco products vending machine upon premises he or she manages or otherwise controls and under circumstances in which he or she has knowledge, or otherwise should have grounds for knowledge, of the violation.*

CHAPTER 7. BILLBOARDS

25844. *No person shall advertise or cause to be advertised tobacco products on any outdoor billboard located within 500 feet of any public or private elementary school, junior high school, or high school. This prohibition shall not apply to advertisements erected or maintained at street level and affixed to business establishments selling tobacco products at retail.*

CHAPTER 8. ENFORCEMENT

25850. *The provisions of Chapter 3 shall be considered occupational safety and health standards under the California Occupational Safety and Health Act of 1973 as amended and shall be enforced as standards under that act.*

25852. *Except as provided in Section 25850, every person who smokes in violation of this division, every person in charge of a place where smoking is prohibited by this division who knowingly permits smoking in violation of this division, every person who fails to post a sign required by this division and every person who violates any other prohibition in this division, shall be guilty of an infraction punishable by a fine not to exceed one hundred dollars (\$100) for a first violation, by a fine not to exceed two hundred dollars (\$200) for a second violation within one year, or by a fine not to exceed five hundred dollars (\$500) for a third violation and for each subsequent violation within one year.*

SEC. 5. Article 1 of Chapter 10.8 (commencing with Section 25940) of Division 20 of the Health and Safety Code is repealed.

Article 1. California Indoor Clean Air Act of 1976

25940. This chapter shall be known and may be cited as the California Indoor Clean Air Act of 1976.

25940.5. The Legislature finds and declares that tobacco smoke is a hazard to the health of the general public.

25941. Within indoor rooms, indoor chambers, or indoor places of public assembly in publicly owned buildings in which public business is conducted requiring or providing direct participation or observation by the general public there shall be a contiguous area of not less than 50 percent of the total area of such room, chamber or place designated and posted by signs of sufficient number and posted in such locations as to be readily seen by persons within such area, where the smoking of tobacco is prohibited while a public meeting is in progress. A public body, commission, agency, or other entity conducting a public meeting may waive the requirements of this section with respect to its own members, provided that the rights of nonsmoking members are not adversely affected.

25942. Every health facility, as defined in Section 1250, and clinic, as defined in Section 1200, shall comply with the following:

(a) Shall make every reasonable effort to assign patients to rooms according to the patient's individual nonsmoking or smoking preference.

(b) Shall designate and post by signs of sufficient number and posted in such locations as to be readily seen by persons within such area, a contiguous area of not less than 20 percent of every cafeteria or other dining area whose occupied capacity is 50 or more persons as a nonsmoking section.

(c) This section shall not prevent any health facility or clinic from banning smoking in any area which it may designate and post by sign or in all areas of the facility or clinic.

25943. Within every publicly owned building open to the general public for the primary purpose of exhibiting any motion picture, stage drama, music recital, or any other performance, with the exception of any indoor sporting event, signs shall be posted in sufficient number and in such locations as to be readily seen by persons within such area, which shall designate that the smoking of tobacco is prohibited in any area other than that commonly known as the lobby. Such prohibition shall not apply except during those times when the building is actually open to the public.

25944. Within every restaurant in a publicly owned building serving food or alcoholic beverages in rooms whose occupied capacity is 50 or more persons there shall be designated and posted by signs of sufficient number and posted in such locations as to be readily seen by persons within such area, a contiguous area of not less than 20 percent of the serving area where the smoking of tobacco is prohibited.

(a) This section shall not apply to banquet rooms in use for private functions.

(b) This section shall not apply to premises under lease as a restaurant for such time as the lessee of record on January 1, 1977, has a lease as the operator of the restaurant.

(c) As used in this section, "restaurant" means any place designated as a restaurant by Section 28522.

25945. Any person may apply for a writ of mandate to compel compliance by any public entity which has not complied with the requirements of this chapter for the designating or posting of nonsmoking areas or areas where the smoking of tobacco is prohibited. If judgment is given for the applicant, he may recover all reasonable costs of suit, including reasonable attorney fees, reasonableness to be determined by the court.

25946. The Legislature declares its intent not to preempt the field of regulation of the smoking of tobacco. A local governing body may ban completely the smoking of tobacco, or may regulate such smoking in any manner not inconsistent with this chapter or any other provision of state law.

25947. (a) Except as provided in subdivision (b), no person shall smoke any tobacco product in any retail food production and marketing establishment, as defined in Section 28802, during such hours as the establishment is open to the public.

(b) The provisions of subdivision (a) shall not apply to that portion of an establishment subject to Section 25944 nor to an area of an establishment set aside for employee smoking and not open to the public.

SEC. 6. Section 25949.6 of the Health and Safety Code is repealed.

25949.6. This article does not preempt any local ordinance on the same subject where a local ordinance is more restrictive to the benefit of the nonsmoker.

SEC. 7. Section 308 of the Penal Code is amended to read:

308. (a) (1) Every person, firm, or corporation ~~which~~ *that* knowingly sells, gives, or in any way furnishes to another person who is under the age of 18 years any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking or ingestion of tobacco, products prepared from tobacco, or ~~any~~ *a* controlled substance, is subject to either a criminal action for a misdemeanor or to a civil action brought by a city attorney, a county counsel, or a district attorney, punishable by a fine of ~~two hundred dollars (\$200) for the first offense, five hundred dollars (\$500) for the second offense, and one thousand dollars (\$1,000) for the third offense.~~ *five hundred dollars (\$500) for a first violation, one thousand dollars (\$1,000) for a second violation within two years of the first violation, two thousand dollars (\$2,000) for a third violation within two years of the second violation, and two thousand dollars (\$2,000) for any violation within two years of a violation subsequent to the third violation.*

(2) *A fine imposed on a person, firm, or corporation for a violation of this subdivision that is a first violation or that occurs more than two years after any other violation of this subdivision shall be waived and any subsequent violation of this subdivision shall be deemed a first violation if the person, firm, or corporation clearly establishes that he, she, or it acted in good faith to prevent the violation and that the violation occurred despite the exercise of due diligence by the person, firm, or corporation. For purposes of this paragraph, a person, firm, or corporation shall be deemed to have exercised due diligence if the person, firm, or corporation complies with subdivisions (d) and (e).*

(3) Notwithstanding Section 1464 or any other provision of law, 25 percent of each civil and criminal penalty collected pursuant to this subdivision shall be paid to the office of the city attorney, county counsel, or district attorney, whoever is responsible for bringing the successful action, and 25 percent of each civil and criminal penalty collected pursuant to this subdivision shall be paid to the city or county for the administration and cost of the community service work component provided in subdivision ~~(b)~~ (c) .

(4) Proof that a defendant, or his or her employee or agent, demanded, was shown, and reasonably relied upon evidence of majority shall be *a* defense to any action brought pursuant to this subdivision. Evidence of majority of a person is a facsimile of or a reasonable likeness of a document issued by a federal, state, county, or municipal government, or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the ~~Federal~~ *federal* Selective Service Act, or an identification card issued to a member of the armed forces.

(b) For purposes of this section, the person liable for selling or furnishing tobacco products to minors by a tobacco *products* vending machine shall be the person authorizing the installation or placement of the tobacco vending machine upon premises he or she manages or otherwise controls and under circumstances in which he or she has knowledge, or should otherwise have grounds for knowledge, that the tobacco products vending machine will be utilized by minors.

~~(b)~~ (c) Every person under the age of 18 years who purchases or receives any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking of tobacco, products prepared from tobacco, or any controlled substance shall, upon conviction, be punished by a fine of ~~fifty dollars (\$50)~~ *five hundred dollars (\$500)* or ~~25~~ *100* hours of community service work.

~~(e)~~ (d) Every person, firm, or corporation ~~which~~ *that* sells, or deals in tobacco or any preparation thereof, shall post conspicuously and keep so posted in his, her, or their place of business a ~~copy of this act, and any~~, *at each point of purchase within the premises, a sign, no smaller than 8½ by 11 inches, stating the following in no smaller than 28 point type:*

NOTICE—SECTION 308 OF THE PENAL CODE PROHIBITS THE SALE OF TOBACCO PRODUCTS TO PERSONS UNDER 18 YEARS OF AGE AND THE PURCHASE OF TOBACCO PRODUCTS BY PERSONS UNDER 18 YEARS OF AGE.

~~Any such~~ person failing to do so shall upon conviction be punished by a fine of ~~ten dollars (\$10)~~ *one hundred dollars (\$100)* for the first offense and ~~fifty dollars (\$50)~~ *two hundred dollars (\$200)* for each succeeding violation of this provision, or by imprisonment for not more than 30 days.

The Secretary of State is hereby authorized to have printed sufficient copies of this act to enable him or her to furnish dealers in tobacco with copies thereof upon their request for the same.

(e) Every person, firm, or corporation that sells, or deals in tobacco or any preparation thereof, shall notify each individual employed by the person, firm, or corporation as a retail sales clerk that state law prohibits the sale of tobacco products to any person under 18 years of age and the purchase of tobacco products by any person under 18 years of age. This notice shall be provided before the individual commences work as a retail sales clerk or, in the case of an individual employed as a retail sales clerk on the date when this subdivision becomes operative, within 30 days of that date. The individual shall signify that he or she has received the notice required by this subdivision by signing a form stating as follows: "I understand that state law prohibits the sale of tobacco products to persons under the age of 18 and the purchase of tobacco products by persons under the age of 18. I promise, as a condition of my employment, to observe this law." Each form signed by an individual shall indicate the date of signature. The employer shall retain the form signed by each individual employed as a retail sales clerk until 120 days after the individual has left the employer's employ. Any employer failing to comply with the requirements of this subdivision with respect to any employee shall upon conviction be punished by a fine of one hundred dollars (\$100) for the first offense and two hundred dollars (\$200) for each succeeding violation of this subdivision, or by imprisonment for not more than 30 days.

~~(d)~~ (f) For purposes of determining the liability of persons, firms, or corporations controlling franchises or business operations in multiple locations for the second and subsequent violations of this section, each individual franchise or business location shall be deemed a separate entity.

~~(e)~~ It is the Legislature's intent to regulate the subject matter of this section. As a result, no city, county, or city and county shall adopt any ordinance or regulation inconsistent with this section.

~~(f)~~ Notwithstanding any other provision of this section, the Director of Corrections may sell or supply tobacco and tobacco products, including cigarettes and cigarette papers, to any person confined in any institution or facility under his, her, or its jurisdiction who has attained the age of 16 years, if the parent or guardian of the person consents thereto, and may permit smoking by any such person in any such institution or facility. No officer or employee of the Department of Corrections shall be considered to have violated this section by any act authorized by this subdivision.

(g) In addition to other efforts to ensure compliance with this section, every county sheriff, city police chief, and other head of a law enforcement agency responsible for enforcing subdivision (a) shall at least annually conduct unannounced inspections at randomly selected locations where tobacco products are sold or distributed. A person under the age of 18 may be employed to test compliance with subdivision (a) only if the testing is conducted under the direct supervision of a peace officer acting within the scope of his or her official duties and written parental consent for the person's participation has been obtained. Except as provided in this subdivision, every person who, for the purpose of testing compliance of another with subdivision (a), solicits, employs or otherwise aids a minor in the purchase or attempted purchase of any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking of tobacco, products prepared from tobacco, or a controlled substance, is guilty of a misdemeanor.

(h) The Attorney General shall prepare for submission annually to the Secretary of the United States Department of Health and Human Services the report required by Section 1926 of Subpart II of Part B of Title XIX of the federal Public Health Service Act (42 U.S.C. Sec. 300x-26).

SEC. 8. Consistent with the finding in Section 1 of this act, the people find and declare that the need for uniform statewide regulation, as set forth in this act, is a matter of statewide concern and uniform statewide regulation of smoking in public places, bars, restaurants, and workplaces, as well as the sale, distribution, advertising, sampling, promotion, or display of tobacco products, is required to maximize public awareness of, and compliance with, this act and is warranted because these activities do not vary from county to county or city to city. This act shall apply, without limitation, to a city, county, and city and county, including a charter city, charter county, or charter city and county. It is the People's intent to regulate the subject matter of this act comprehensively and to occupy the field to the exclusion of local action. Notwithstanding any other provision of law, no ordinance or regulation of any city, county, city and county, including a charter city, charter county, or charter city and county, or other political subdivision of this state, or any local ordinance or regulation adopted by the use of an initiative or other ballot measure, shall in any way attempt to regulate the sale, distribution, advertising, sampling, promotion, or display of tobacco products, or smoking in public places, restaurants, bars, or workplaces.

SEC. 9. The amendment of Section 308 of the Penal Code by this act shall not be construed to in any way affect other statutory prohibitions before or hereafter enacted on the distribution of controlled substance paraphernalia to minors or possession of such paraphernalia, including, but not limited to, Sections 11364, 11364.5, and 11364.7 of the Health and Safety Code.

SEC. 10. This act may be amended by a statute passed by a two-thirds vote of the membership of each house of the Legislature.

SEC. 11. If any provision of this act or its application to any person or circumstance is held invalid, this shall not affect other provisions or applications of this act that can be given effect without the invalid application and to this end the provisions of the act are severable.

SEC. 12. This act shall become effective on the first day of July of the year following its enactment.

181. **Passenger Rail and Clean Air Bond Act of 1994.** (Statutes 1989, Chapter 108, AB 973, as amended by Statutes 1992, Chapter 25, AB 680; Statutes 1992, Chapter 1310, SB 1691; Statutes 1993, Chapter 478, AB 1089)

[Rejected by electors November 8, 1994.]

PROPOSED LAW

SEC. 4. Chapter 19 (commencing with Section 2703) is added to Division 3 of the Streets and Highways Code, to read:

CHAPTER 19. PASSENGER RAIL AND CLEAN AIR BOND ACT OF 1994

Article 1. General Provisions

2703. This chapter shall be known and may be cited as the Passenger Rail and Clean Air Bond Act of 1994.

2703.01. As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Passenger Rail Finance Committee created pursuant to Section 2703.12.

(b) "Department" means the Department of Transportation.

(c) "Fund" means the Passenger Rail Bond Fund created pursuant to Section 2703.05.

2703.02. The Legislature has provided that, in addition to the one billion dollars (\$1,000,000,000) authorized pursuant to this chapter, the Passenger Rail and Clean Air Bond Act of 1990 has been submitted for voter approval for the issuance of additional bonds of one billion dollars (\$1,000,000,000) in 1990 and the Passenger Rail and Clean Air Bond Act of 1992 has been submitted for voter approval for the issuance of additional bonds of one billion dollars (\$1,000,000,000) in 1992, for a total of three billion dollars (\$3,000,000,000).

Article 2. Transportation Improvement Program

2703.05. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the Passenger Rail Bond Fund, which is hereby created.

2703.06. The money in the fund, upon appropriation by the Legislature, shall be available, without regard to fiscal years, for acquisition of rights-of-way, capital expenditures, and acquisition of rolling stock for intercity rail, commuter rail, and urban rail transit and for capital improvements which directly support rail transportation, including exclusive busways which are converted within 10 years after completion of construction into rail lines, grade separations to enhance rail passenger service, and multimodal terminals.

2703.07. The appropriations for capital improvements and acquisition of rolling stock for intercity rail, commuter rail, and urban rail transit shall be used only on the following routes and corridors and those specified by statutes enacted by the Legislature:

(a) Intercity Rail.

2703.08. (a) *At least 15 percent of the money in the fund shall be used for intercity rail purposes and shall be equitably expended on intercity rail corridors based on the relative population served by each corridor.*

(b) *Any intercity rail corridor which was included, on or after January 1, 1992, among the corridors enumerated in Section 2703.07, is eligible to compete for funding under this article. Funds that had been programmed or allocated prior to the inclusion of the additional eligible corridor or corridors need not be reprogrammed or reallocated in order to comply with the requirements of subdivision (a).*

Article 3. Fiscal Provisions

2703.10. *Bonds in the total amount of one billion dollars (\$1,000,000,000), exclusive of refunding bonds, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.*

2703.11. (a) *Except as provided in subdivision (b), the bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.*

(b) *Notwithstanding any provision of the State General Obligation Bond Law, each issue of bonds authorized by the committee shall have a final maturity of not more than 20 years.*

2703.12. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this chapter, the Passenger Rail Finance Committee is hereby created. For purposes of this chapter, the Passenger Rail Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Treasurer, the Director of Finance, the Controller, the Secretary of the Business, Transportation and Housing Agency, and the Director of Transportation, or their designated representatives. The Treasurer shall serve as chairperson of the committee. A majority of the committee may act for the committee.

(b) For purposes of the State General Obligation Bond Law, the department is designated the "board."

2703.13. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 2703.06 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be issued and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized be issued and sold at any one time. The committee shall consider program funding needs, revenue projections, financial market conditions, and other necessary factors in determining the shortest feasible term for the bonds to be issued.

2703.14. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

2703.15. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount equal to that sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

2703.16. (a) Money may be transferred from the fund to the State Transportation Fund to reimburse the Transportation Planning and Development Account and the State Highway Account for expenditures made from those accounts, on and after November 9, 1994, for capital improvements and acquisitions of rolling stock for intercity rail, commuter rail, and urban rail transit in accordance with Chapter 2 (commencing with Section 14520) of Part 5.3 of Division 3 of Title 2 of the Government Code, as specified in Section 2703.06.

(b) The amount that may be transferred pursuant to subdivision (a) shall not exceed the amount expended from those accounts for those capital improvements and acquisitions of rolling stock.

2703.17. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for purposes of this chapter. The amount of the request shall not exceed the amount of the unsold bonds which the committee has, by resolution, authorized to be sold for the purpose of this chapter, less any amount borrowed pursuant to Section 2703.18. The board shall execute such documents as required by the Pooled Money Investment Board to obtain and repay the loan. Any amount loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

2703.18. For the purpose of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of unsold bonds which have been authorized by the committee to be sold for the purpose of carrying out this chapter, less any amount borrowed pursuant to Section 2703.17. Any amount withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, plus the interest that the amounts would have earned in the Pooled Money Investment Account, from the sale of bonds for the purpose of carrying out this chapter.

2703.19. All money deposited in the fund which is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

2703.20. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of the State General Obligation Bond Law.

2703.21. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

2703.22. Notwithstanding any provision of the State General Obligation Bond Law with regard to the proceeds from the sale of bonds authorized by this chapter that are subject to investment under Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code, the Treasurer may maintain a separate account for investment earnings, order the payment of those earnings to comply with any rebate requirement applicable under federal law, and may otherwise direct the use and investment of those proceeds so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

2703.23. (a) The department may advance funds in the State Highway Account in the State Transportation Fund for all or a portion of the cost of projects approved for bond funding pursuant to this chapter. The director shall first make a finding that there are adequate funds for the advancement without delaying or adversely affecting any other project. The total amount advanced shall not exceed the amount of the unsold bonds which the committee has, by resolution, authorized to be sold for the purposes of this chapter.

(b) All advances shall be subject to the terms and conditions of an agreement between the department and the public entity which will receive the advancement. The agreement shall contain provisions for reimbursement of the State Highway Account from the proceeds of the next bond sale for funds advanced pursuant to this section. Any amounts advanced pursuant to this section shall be repaid with interest at the rate being earned by the Pooled Money Investment Account at the time of the advance. Interest payments shall be made from the funds of the public entity which received the advancement, other than from the proceeds of bonds authorized by this chapter.

1994 CHAPTERS

CHAPTER 1

An act to amend Sections 43012, 44001.5, 44003, 44005, 44010, 44011, 44012, 44013, 44014, 44015, 44017, 44017.3, 44020, 44021, 44031.5, 44032, 44033, 44034, 44034.1, 44035, 44036, 44036.8, 44037, 44038, 44050, 44056, and 44060 of, to add Sections 39032.5, 44000.5, 44014.5, 44014.7, 44024, 44025, 44037.1, 44041, 44045.5, 44045.6, 44062.1, 44062.2, 44070.5, 44072.10, 44072.11, and 44081.5 to, to repeal Sections 44001, 44003.1, 44003.5, 44031, and 44083 of, and to repeal and add Sections 44000, 44081, and 44082, of, the Health and Safety Code, and to amend Sections 4000.3, 5204, and 27156 of, and to add Sections 9250.18 and 40517 to, the Vehicle Code, relating to air pollution.

[Approved by Governor January 27, 1994. Filed with
Secretary of State January 28, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 39032.5 is added to the Health and Safety Code, to read:

39032.5. "Gross polluter" means a vehicle with excess hydrocarbon, carbon monoxide, or oxides of nitrogen emissions as established by the department in consultation with the state board.

SEC. 2. Section 43012 of the Health and Safety Code is amended to read:

43012. (a) For the purpose of enforcing or administering any federal, state, or local law, order, regulation, or rule relating to vehicular sources of emissions, the executive officer of the state board or an authorized representative of the executive officer, or a representative of the department, upon presentation of credentials or, if necessary under the circumstances, after obtaining an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, has the right of entry to any premises owned, operated, used, leased, or rented by any new or used car dealer, as defined in Sections 285, 286, and 426 of the Vehicle Code, for the purpose of inspecting any vehicle for which emissions standards have been enacted or adopted or for which emissions equipment is required and which is situated on the premises for the purpose of emission-related maintenance, repair, or service, or for the purpose of sale, lease, or rental, whether or not the vehicle is owned by the dealer. The inspection may extend to all emission-related parts and operations of the vehicle, and may require the on-premises operation of an engine or vehicle, the on-premises securing of samples of emissions from the vehicle, and the inspection of any records which relate to vehicular emissions required by the Environmental Protection Agency or by any state or local law, order, regulation, or rule to be maintained by the dealer in connection with the dealer's business.

(b) The right of entry for inspection under this section is limited

to the hours during which the dealer is open to the public, except when the entry is made pursuant to warrant or whenever the executive officer or an authorized representative, or a representative of the department, has reasonable cause to believe that a violation of any federal, state, or local law, order, regulation, or rule has been committed in his or her presence. No vehicle shall be inspected pursuant to this section more than one time without an inspection warrant or without reasonable cause unless the vehicle undergoes a change of ownership or the inspection reveals that the vehicle has failed to comply with required emissions standards or equipment, in which case one additional inspection may be made to verify the violation or to verify that the violation has been corrected.

(c) With respect to vehicles not owned by the dealer, the state board or the department may not prosecute, without the owner's knowledge or consent, any violation by the owner of any law pertaining to vehicular emissions unless prior notice of the inspection has been given to the owner.

(d) If the executive officer or authorized representative, or a representative of the department, upon inspection, finds that a used motor vehicle fails to comply with applicable emissions standards or equipment, the state board shall issue a notice to correct. Until all violations in the notice have been corrected and the dealer has sent proof of correction by certified mail to the state board or the department, the motor vehicle shall prominently display the following disclosure affixed to the windshield in at least 18-point type:

NOT FOR SALE

THIS VEHICLE IS PRESENTLY NOT IN COMPLIANCE WITH THE CALIFORNIA VEHICLE POLLUTION CONTROL LAWS AND MAY NOT BE SOLD UNTIL A VALID CERTIFICATE OF COMPLIANCE HAS BEEN ISSUED.

Any dealer who sells a vehicle prohibited to be sold under this subdivision is subject to a civil penalty of not to exceed one thousand dollars (\$1,000). For purposes of this subdivision, "proof of correction" shall consist of a copy of a certificate of compliance or noncompliance issued following the issuance of a notice to correct by a licensed test station or licensed repair station not affiliated with or owned by the dealer or any other proof of repair satisfactory to the inspecting officer. The dealer shall send the copy of the certificate of compliance or noncompliance by certified mail to the state board or the department within three days of obtaining the certificate.

(e) Civil penalties may be assessed or recovered for one or more violations by a dealer involving the tampering with or disabling of a vehicle's air injection, exhaust gas recirculation, crankcase ventilation, fuel injection, or carburation systems, ignition timing or evaporative controls, fuel filler neck restrictor, oxygen sensor or

electronic controls, or missing catalytic converter.

(f) No civil penalty or criminal penalty may be assessed for a violation by a dealer identified in a notice to correct as a result of an inspection under this section if the violation is related to lack of maintenance or customer tampering or vandalism, including, but not limited to, a missing gasoline filler cap and a disconnected or missing heated air intake tube or vacuum hose. However, if notices to correct are issued under this subdivision to more than 20 percent of the vehicles offered for sale on a dealer's premises during each of three consecutive inspections conducted 30 or more days apart during any one-year period, civil penalties may be assessed and recovered for each vehicle issued a notice to correct.

(g) If the executive officer or authorized representative, upon inspection, finds that a certificate of compliance or noncompliance was issued to a motor vehicle that fails to comply with applicable emissions standards or equipment, the state board shall immediately refer these findings to the department for investigation under Chapter 5 (commencing with Section 44000). The state board may refer any other suspected violation to the department for appropriate action.

(h) Notwithstanding Section 17150 of the Vehicle Code, the state shall be liable for any injury or damage caused by the negligent or wrongful act or omission of the operator of any vehicle which is operated pursuant to this section.

(i) This section provides the exclusive authority for inspections of motor vehicles for the purposes specified in this section.

(j) As used in this section, the terms "tampering" and "disabling" mean an unauthorized modification, alteration, removal, or disconnection.

SEC. 3. Section 44000 of the Health and Safety Code is repealed.

SEC. 4. Section 44000 is added to the Health and Safety Code, to read:

44000. By the enactment of the amendments to this chapter made pursuant to the law that added this section, the Legislature hereby declares its intent to meet or exceed the air quality standards established by the amendments enacted to the federal Clean Air Act in 1990 (42 U.S.C. Sec. 7401 et seq., as amended by P.L. 101-549), to enhance and improve the existing vehicle inspection and maintenance network, to periodically monitor the performance of the network against stated objectives and to enact additional improvements and safeguards, if necessary, to meet the air quality standards of the Clean Air Act amendments of 1990.

SEC. 5. Section 44000.5 is added to the Health and Safety Code, to read:

44000.5. (a) The Legislature hereby finds and declares that California has been required by amendments enacted to the Clean Air Act in 1990 (42 U.S.C. Sec. 7401 et seq., as amended by P.L. 101-549), and by regulations adopted by the Environmental Protection Agency, to enhance California's existing vehicle

inspection and maintenance program to meet new, more stringent emission reduction targets. Therefore, the 1993 amendments to this chapter are being adopted to implement further improvements in the existing decentralized inspection and maintenance program so that California will meet or exceed the new emission reduction targets.

(b) The Legislature further finds and declares all of the following:

(1) California is recognized as a leader in establishing performance standards for its air quality programs and these standards have been adopted by many other states and countries.

(2) Studies show that a small number of vehicles produce the majority of the pollution caused by vehicle emissions. Those vehicles are referred to as gross polluters.

(3) The concept of periodic testing alone does not act as a sufficient deterrent to tampering, or as a sufficient incentive for vigilant vehicle maintenance by a significant percentage of motorists. Gross polluters continue to be driven on the roadways of California.

(4) New technology, known as remote sensing, offers great promise as a cost-effective means to detect vehicles emitting excess emissions as the vehicles are being driven. This type of detection offers many valuable applications, especially its use between scheduled tests, as an inexpensive, random, and pervasive means of identifying vehicles which are gross polluters and targeting those vehicles for repair or other methods of emission reduction.

(5) Independent analysis by the Rand Corporation has concluded that there is no conclusive evidence to demonstrate which test network—centralized, state operated or contracted test-only facilities; or decentralized, privately operated test and repair facilities—is more effective. Furthermore, their study concluded that the test architecture is not the central factor in determining whether an inspection and maintenance program succeeds in achieving sufficient pollution reduction from vehicles.

(6) California continues to seek strict adherence to federal and state performance standards and results-based evaluation that meet its unique circumstances and which consist of all of the following:

(A) Acceptance of the shared obligation and personal responsibility required to successfully inspect and maintain millions of motor vehicles. Specifically, that obligation begins with this chapter, and extends through those regulators charged with its implementation and enforcement. Through the enactment of the amendments to this chapter in 1993, the Legislature recognizes and seeks to encourage, through a number of innovative and significant steps, the critical role each California motorist must play in maintaining his or her vehicle's emission control systems in proper working order, in such a way as to continuously meet mandated emission control standards and ensure for California the clean air essential to the health of its citizens, its communities, and its economy.

(B) A focus on the detection, diagnosis, and repair of broken, tampered, or malfunctioning vehicle emission control systems.

(C) Flexibility to incorporate future new scientific findings and technological advances.

(D) Consideration of convenience and costs to those who are required to participate, including motorists, smog check stations, and technicians.

(E) An enforcement program which is vigorous and effective and includes monitoring of the performance of the smog check test or repair stations and technicians, as well as monitoring of vehicle emissions as vehicles are being driven.

SEC. 6. Section 44001 of the Health and Safety Code is repealed.

SEC. 7. Section 44001.5 of the Health and Safety Code is amended to read:

44001.5. (a) There is in the Department of Consumer Affairs a Bureau of Automotive Repair under the supervision and control of the director. A duty of enforcing and administering this chapter is vested in the chief of the bureau who is responsible to the director.

(b) The department shall take those actions consistent with its statutory authority to ensure that the reduction in vehicle emissions of hydrocarbons, carbon monoxide, and oxides of nitrogen meet or exceed the reductions required by the amendments enacted to the Clean Air Act of 1990 (P.L. 101-549). The department shall endeavor to achieve these vehicle emission reductions as expeditiously as practicable, but not later than the deadlines established by the amendments enacted in 1990 to the Clean Air Act.

(c) The department shall also ensure that gross polluters are identified and failed when tested pursuant to this chapter and that vehicles meeting the state standards are protected from being falsely failed.

SEC. 8. Section 44003 of the Health and Safety Code is amended to read:

44003. (a) (1) An enhanced vehicle inspection and maintenance program is established in each urbanized area of the state, any part of which is classified by the Environmental Protection Agency as a serious, severe, or extreme nonattainment area for ozone or a moderate or serious nonattainment area for carbon monoxide with a design value greater than 12.7 ppm, and in other areas of the state as provided in this chapter.

(2) A basic vehicle inspection and maintenance program shall be continued in all other areas of the state where a program was in existence under this chapter as of January 1, 1994.

(b) The department may prescribe different test procedures and equipment requirements for those areas described in subdivision (a). Program components shall be operated in all program areas unless otherwise indicated, as determined by the department. In those areas where the biennial program is not implemented and smog check inspections are required to complete the requirements set forth in Sections 4000.1 and 4000.2 of the Vehicle Code, program

elements that apply in basic areas, including test equipment requirements for smog check stations, shall apply.

(c) Districts classified as attainment areas may request the department to implement all or part of the program elements defined in this chapter and areas classified as basic program nonattainment areas pursuant to subdivision (a) may request implementation of test procedures and equipment required for enhanced program areas and any other program requirement specified for enhanced program areas.

SEC. 9. Section 44003.1 of the Health and Safety Code is repealed.

SEC. 10. Section 44003.5 of the Health and Safety Code is repealed.

SEC. 11. Section 44005 of the Health and Safety Code is amended to read:

44005. (a) The Department of Motor Vehicles shall cooperate with the department in implementing any changes to enhance the program to achieve greater efficiency, cost-effectiveness, and convenience, or to reduce excess emissions in accordance with this chapter.

(b) The program shall provide for inspection of motor vehicles upon initial registration, biennially upon renewal of registration, upon transfer of ownership, and upon the citation of gross polluting vehicles pursuant to Section 44081, and as otherwise provided in this chapter.

SEC. 12. Section 44010 of the Health and Safety Code is amended to read:

44010. The motor vehicle inspection program shall provide for privately operated stations which shall be referred to as smog check stations and, except in the case of repair-only stations, are authorized to issue certificates of compliance or noncompliance to vehicles which meet the requirements of this chapter.

SEC. 13. Section 44011 of the Health and Safety Code is amended to read:

44011. All motor vehicles powered by internal combustion engines which are registered within an area designated for program coverage shall be required biennially to obtain a certificate of compliance or noncompliance, except for all of the following:

(a) Every motorcycle, and every diesel-powered vehicle, until the department, pursuant to Section 44012, implements test procedures applicable to motorcycles or to diesel-powered vehicles, or both.

(b) Any motor vehicle which has been issued a certificate of compliance or noncompliance or a waiver upon a change of ownership or initial registration in this state during the preceding six months, or which has been issued a certificate of exemption pursuant to Section 4000.6 of the Vehicle Code.

(c) Any motor vehicle manufactured prior to the 1966 model-year.

(d) Any other motor vehicle which the department determines would present prohibitive inspection or repair problems.

(e) Any vehicle registered to the owner of a fleet licensed pursuant to Section 44020 if the vehicle is garaged exclusively outside the area included in program coverage.

SEC. 14. Section 44012 of the Health and Safety Code is amended to read:

44012. The test at the smog check stations shall be performed in accordance with procedures prescribed by the department, pursuant to Section 44013, shall require, at a minimum, loaded mode testing in enhanced areas, and two-speed testing in all other program areas, and shall ensure all of the following:

(a) Emission control systems required by state and federal law are reducing excess emissions in accordance with the standards adopted pursuant to subdivisions (a) and (c) of Section 44013.

(b) Motor vehicles are preconditioned to ensure representative and stabilized operation of the vehicle's emission control system.

(c) For other than diesel-powered vehicles, the vehicle's exhaust emissions of hydrocarbons, carbon monoxide, carbon dioxide, and oxides of nitrogen in an idle mode or loaded mode are tested in accordance with procedures prescribed by the department. The loaded mode (dynamometer) test procedures set by the department for the enhanced program shall provide for either transient or steady-state testing of exhaust emissions, or both. In determining how loaded mode and evaporative emissions testing shall be conducted, the department shall ensure that the emission reduction targets for the enhanced program in Section 44001.5 are met.

(d) For other than diesel-powered vehicles, the functioning of the vehicle's fuel evaporative system and crankcase ventilation system is tested to reduce any nonexhaust sources of volatile organic compound emissions, in accordance with procedures prescribed by the department.

(e) For diesel-powered vehicles, if the department determines that the inclusion of those vehicles is technologically and economically feasible, a visual inspection is made of emission control devices and the vehicle's exhaust emissions in an idle mode or loaded mode are tested in accordance with procedures prescribed by the department. The test may include testing of emissions of any or all of the pollutants specified in subdivision (c) and, upon the adoption of applicable standards, measurement of emissions of smoke or particulates, or both.

(f) A visual or functional check is made of emission control devices specified by the department, including the catalytic converter in those instances in which the department determines it to be necessary to meet the findings of Section 44000.5. The visual or functional check shall be performed in accordance with procedures prescribed by the department.

(g) A determination as to whether the motor vehicle complies with the emission standards for that vehicle's class and model-year as prescribed by the department.

SEC. 15. Section 44013 of the Health and Safety Code is amended

to read:

44013. (a) (1) The department, in cooperation with the state board, shall prescribe maximum emission standards to be applied in inspecting motor vehicles under this chapter.

(2) In prescribing the standards, the department shall undertake studies and experiments which are necessary and feasible, evaluate available data, and confer with automotive engineers.

(3) The standards shall be set at a level reasonably achievable for each class and model of motor vehicle when operating in a reasonably sound mechanical condition, allowing for the effects of installed motor vehicle pollution control devices and the motor vehicle's age and total mileage.

(4) The standards shall be designed so that motor vehicles failing the test specified in Section 44012 will be operated, as soon as possible, with a substantial reduction in emissions, and shall be revised from time to time as experience justifies.

(b) The department, in cooperation with the state board, shall research and prescribe test procedures to be applied in inspecting motor vehicles under this chapter, which procedures shall be simple, cost-effective, and consistent with the requirements of Section 44012 and the findings in Section 44000.5. The department may revise the test procedures from time to time as experience justifies. To the extent that any test procedure revision requires new equipment, or a change in equipment, at licensed smog check stations, the department shall provide a reasonable period of time for the acquisition and installation of that new or changed equipment.

(c) Notwithstanding any other provision of this chapter, the maximum emission standards and test procedures prescribed in subdivisions (a) and (b) for a motor vehicle class and model-year shall not be more stringent than the emission standards and test procedures under which that motor vehicle's class and model-year was certified. Emission standards and test procedures prescribed by the department shall ensure that not more than 5 percent of the vehicles or engines, which would otherwise meet the requirements of this part, will fail the inspection and maintenance test for that class of vehicle or engine.

SEC. 16. Section 44014 of the Health and Safety Code is amended to read:

44014. (a) Except as provided in Section 44014.5, the testing and repair portion of the program shall be conducted by smog check stations licensed by the department, and by smog check technicians who have qualified pursuant to this chapter.

(b) A smog check station may be licensed by the department as a smog check test-only station and, when so licensed, need not comply with the requirement for onsite availability of current service and adjustment procedures specified in paragraph (3) of subdivision (b) of Section 44030. A smog check technician employed by a smog check test-only station shall be qualified in accordance with this section.

(c) A smog check station may also be licensed as a repair-only station, and if so licensed, may perform repairs to reduce excessive emissions on vehicles which have failed the smog check test. Repair procedures and equipment requirements shall be established by the department. Technicians employed by a smog check repair-only station shall be qualified in accordance with this section.

(d) Smog check technicians are qualified to test and repair only those classes and categories of vehicles for which they have passed a qualification test administered by the department. The department shall provide for smog check technicians to be qualified for different categories of motor vehicle inspection based on vehicle classification and model-year.

(e) The consumer protection-oriented quality assurance portion of the program, shall be conducted by more than one private entity pursuant to contracts with the department.

SEC. 17. Section 44014.5 is added to the Health and Safety Code, to read:

44014.5. (a) The department shall establish a sufficient number of referee facilities to provide convenient testing for those vehicles required to report to the referee station pursuant to Sections 44081 and 44081.5 and those vehicles required to receive a certificate of compliance from a referee station by this chapter, including all of the following:

(1) All vehicles cited and confirmed as gross polluters pursuant to Sections 44081 and 44081.5 and Section 27156 of the Vehicle Code.

(2) All vehicles identified as gross polluters or as tampered by a smog check station prior to repairs.

(3) All vehicles seeking to utilize state-operated financial assistance or inclusion in authorized scrap programs.

(4) All vehicles unable to obtain a certificate of compliance from a licensed smog check station pursuant to subdivision (c) of Section 44015.

(5) All vehicles designated by the department pursuant to Sections 44014.7 and 44020.

(6) Any other vehicles that may be designated by the department.

(b) Referee facilities shall be test-only stations, which shall be operated by one or more private persons under contract to the department, unless the department determines, after soliciting bids at least once, that contracting for those services is not feasible or cost-effective, in which case the stations shall be operated by the department on an interim basis while a contractor is being sought.

(c) The repair of vehicles at referee facilities is prohibited, except that the minor repair of components damaged by facility personnel during inspection, any minor repair which is necessary for the safe operation of a vehicle while at the station, or other minor repairs, such as the reconnection of hoses, vacuum lines, or other measures, that require not more than five minutes to complete. Those minor repairs may be undertaken at no charge to the vehicle owner or operator if authorized in advance in writing by the department.

(d) The department shall establish standards for training, equipment, performance and data collection for referee facilities. The test at the referee facility shall be the same as, or shall correlate with, the test procedures prescribed for the smog check stations pursuant to Section 44012.

(e) Data generated at referee facilities is the property of the state, and shall be fully accessible to the department at any time. The department may set contract specifications for the storage of data in a central data storage system or facility designated by the department.

(f) The department may permit its referee contractor to perform tests pursuant to this chapter in those areas where there is not a sufficient number of privately operated test-only or test and repair stations and only for the purpose of providing motorists with a convenient means of complying with the inspection requirements of this chapter. This authority shall be exercised by the state on a temporary basis and only when necessary. The state shall solicit program participation from privately operated stations in these areas and the referee shall cease operation when those stations are properly licensed and equipped to perform smog check inspections. The referee stations operated pursuant to this authority may be operated using mobile testing equipment. In no event shall the referee stations established pursuant to this section compete with privately operated smog check test-only or test and repair stations.

(g) The referee contractor may charge a fee, established by the department, sufficient to recover the department's cost of the referee to perform the tests required by this section. In addition, the referee shall charge and collect the certificate fee established pursuant to Section 44060.

(h) Gross polluters shall be referred to a referee test-only facility for a post-repair inspection and retest pursuant to subdivision (a). Simply passing the emissions test is not a sufficient condition for receiving a certificate of compliance. A certificate of compliance shall only be issued to a vehicle which does not have any defects with its emission control systems or any defects which could lead to damage of its emission control system.

SEC. 18. Section 44014.7 is added to the Health and Safety Code, to read:

44014.7. In addition to other vehicles required by this chapter to receive their certificate of compliance from a referee facility, the department shall require that not to exceed 2 percent of the vehicles required to obtain a certificate of compliance each year receive their certificate from a referee facility. The review committee shall determine the selection process and shall ensure that it is a statistically significant representation of the vehicles subject to the program. The Department of Motor Vehicles, in consultation with the department, shall select the vehicles and notify the owners of their obligation under this section pursuant to Section 4000.3 of the Vehicle Code. Selection shall be made from vehicles in an area where

a referee facility is located.

SEC. 19. Section 44015 of the Health and Safety Code is amended to read:

44015. (a) A licensed smog check station authorized to issue certificates shall not issue a certificate of compliance, but may perform repairs, to any vehicle which meets the following criteria:

(1) A vehicle that has been tampered.

(2) A vehicle that prior to repairs has been identified by the smog check station as a gross polluter.

(3) A vehicle that has been identified through roadside auditing as a gross polluter pursuant to Sections 44081 and 44081.5.

(4) A vehicle described in subdivision (c).

(5) A vehicle described pursuant to subdivision (a) of Section 44014.5.

(b) If a vehicle meets the requirements of Section 44012, a smog check station licensed to issue certificates shall issue a certificate of compliance or a certificate of noncompliance. The certificate shall be signed by a licensed inspector.

(c) A certificate of compliance shall be issued by a referee facility for a vehicle which has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable cost limit established under Section 44017 and that every defect specified by paragraph (2) of subdivision (a) of Section 43204, and by paragraphs (2) and (3) of subdivision (a) and paragraph (2) of subdivision (b) of Section 43205, has been corrected. A certificate issued pursuant to this subdivision shall be deemed a repair cost waiver. No repair cost waiver shall be issued under any of the following circumstances:

(1) If a vehicle was issued a repair cost waiver in the previous biennial inspection of that vehicle.

(2) If a vehicle is designated as a gross polluter pursuant to Section 44015.

(3) Upon initial registration of a vehicle previously registered out of this state, or upon registration of a dismantled vehicle pursuant to Section 11519 of the Vehicle Code.

(d) A certificate of compliance or noncompliance shall be valid for 90 days.

(e) A test may be made at any time within three months prior to the date otherwise required.

SEC. 20. Section 44017 of the Health and Safety Code is amended to read:

44017. (a) Except as otherwise provided in this section, the cost limit for repairs under the program, including parts and labor, shall be a minimum of four hundred fifty dollars (\$450) in all areas where the program operates.

(b) The limit established pursuant to subdivision (a) shall not become operative until January 1, 1996, or until the repair subsidy

program mandated pursuant to Section 44062.1 is implemented, whichever occurs first. Prior to that time, the following cost limits shall remain in effect:

(1) For motor vehicles of 1971 and earlier model-years, fifty dollars (\$50).

(2) For motor vehicles of 1972 to 1974, inclusive, model-years, ninety dollars (\$90).

(3) For motor vehicles of 1975 to 1979, inclusive, model-years, one hundred twenty-five dollars (\$125).

(4) For motor vehicles of 1980 to 1989, inclusive, model-years, one hundred seventy-five dollars (\$175).

(5) For motor vehicles of 1990 and later model-years, three hundred dollars (\$300).

(c) The department shall periodically revise the cost limits specified in subdivision (a) in accordance with changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics.

(d) No cost limit shall be imposed in those cases where emissions control equipment is missing or is partially or totally inoperative as a result of tampering or when the vehicle has been cited as a gross polluter pursuant to Section 44081 and verified as a gross polluter at a referee station. The cost limits prescribed pursuant to subdivision (b), when implemented, shall not be imposed on vehicles identified as gross polluters prior to repairs at a smog check station. However, if there is no evidence of tampering and the vehicle owner has had repairs performed as necessary to bring the vehicle's emissions below the appropriate threshold established for gross polluters, then the waiver provisions shall apply.

SEC. 21. Section 44017.3 of the Health and Safety Code is amended to read:

44017.3. (a) Each smog check station shall have posted conspicuously in an area frequented by customers a sign advising of the minimum or maximum amounts established by law to be spent on repairs required to cause a motor vehicle to pass a smog check. The signs shall be required in all stations where smog check inspections are performed. In stations where licensed smog check technician repairs are not performed, the station shall have posted conspicuously in an area frequented by customers a statement that repair technicians are not available and repairs are not performed.

(b) The specific amounts enumerated in the sign shall be in compliance with Section 44017. The adjustments in the repair cost limits authorized in subdivision (b) of that section shall also be reflected in the sign.

(c) The sign shall include language, as determined by the department, to warn consumers of the penalties for obtaining a certificate by means of fraud.

SEC. 22. Section 44020 of the Health and Safety Code is amended to read:

44020. Notwithstanding any other provision of this chapter, the

department may license any registered owner of a fleet of 10 or more motor vehicles subject to this chapter, who so elects, to implement and conduct the tests and to perform necessary service and adjustment on the fleet's vehicles under this chapter, subject to all of the following conditions:

(a) The registered owner's facilities or personnel, or both, or a designated contractor of the registered owner, shall be licensed by the department as a fleet smog check station, and the test and repair system shall conform, in the department's determination, with all provisions of this chapter and all rules and regulations adopted by the department. The regulations shall provide for adequate onsite inspection by the department. Mobile testing equipment certified by the department may be used in accordance with procedures established by the department. The department may prohibit the use of mobile testing equipment if violations occur.

(b) A license issued under this section is subject to Sections 44035, 44050, and 44072.10, and may be suspended or revoked by the department whenever the department determines, on the basis of random periodic spot checks of the owner's inspection system and fleet vehicles, that the system fails to conform or that certificates of compliance have been issued by the owner in violation of regulations adopted by the department. Any person licensed to conduct tests and service and adjustments under this section is deemed to have consented to provide the department with whatever access, information, and other cooperation the department reasonably determines are necessary to facilitate the random periodic spot checks.

(c) The department or its contractor, on a random periodic basis, shall inspect or observe the inspections performed by licensed fleet smog check stations on not less than 2 percent of the total business fleet vehicles subject to this chapter.

(d) A fleet owner licensed to conduct tests or make repairs pursuant to this chapter shall issue certificates of compliance for motor vehicles. The cost limitations in Section 44017 shall not apply to any motor vehicle owned by a fleet owner licensed pursuant to this section.

(e) Notwithstanding subdivision (d), certificates of compliance or noncompliance prepared solely for the disposal or sale of motor vehicles owned by a fleet owner licensed pursuant to this section shall be subject to the cost limitations in Section 44017.

(f) The department shall establish initial and renewal license fees, which shall not exceed the reasonable costs of administering this section.

(g) Notwithstanding any other provision of this section, fleets consisting of vehicles for hire or vehicles which accumulate high mileage, as defined by the department, shall go to a referee station when a smog check certificate of compliance is required. Initially, high mileage vehicles shall be defined as vehicles which accumulate 50,000 miles or more each year. In addition, fleets which do not

operate high mileage vehicles may be required to obtain certificates of compliance from the referee if they fail to comply with this chapter.

SEC. 23. Section 44021 of the Health and Safety Code is amended to read:

44021. (a) (1) A review committee is hereby created to analyze the effect of the improved inspection and maintenance program established by the 1993 amendments to this chapter on motor vehicle emissions and air quality.

(2) The members of the review committee shall receive no compensation, but shall be reimbursed by the department for their reasonable expenses in performing committee duties. The state board and the department shall provide the review committee with any necessary technical and clerical support in its evaluation and study.

(3) (A) The review committee shall consist of thirteen members, nine to be appointed by the Governor, two by the Senate Rules Committee, and two by the Speaker of the Assembly. All members shall be appointed to four-year terms, and the Governor shall appoint from among his or her appointees the chairperson of the review committee.

(B) The appointees of the Governor shall include an air pollution control officer from an enhanced program nonattainment area, three public members, an expert in air quality, an economist, a social scientist, a representative of the inspection and maintenance industry, and a representative of stationary source emissions organizations.

(C) The appointees of the Senate Committee on Rules shall include an environmental member with expertise in air quality, and a representative from the inspection and maintenance industry.

(D) The appointees of the Speaker of the Assembly shall include an environmental member with expertise in air quality, and a representative of a local law enforcement agency charged with prosecuting violations of this chapter in an enhanced program nonattainment area.

(E) If the review committee is not fully constituted pursuant to subparagraphs (A) to (D), inclusive, by April 30, 1994, any remaining appointments may be made by the Environmental Protection Agency.

(4) In preparing its evaluations of program effectiveness, the review committee shall consult with the Department of the California Highway Patrol, the Department of Motor Vehicles, and any other appropriate agencies, as well as the department and the state board. Any reports, other than those required by this section, that the review committee is required to provide pursuant to this chapter shall also be transmitted to the Secretary for Environmental Protection and the Secretary for State and Consumer Services.

(5) The review committee shall schedule and conduct periodic meetings in the performance of its duties, and shall meet and consult

with local, state, and federal officials involved in the evaluation of motor vehicle inspection and maintenance programs.

(b) The review committee shall submit periodic written reports to the Legislature on the program at least every 12 months. The review committee's reports shall quantify the reduction in emissions and improvement in air quality attributed to the program.

(c) The review committee shall report to the Legislature and the Governor on the performance of the program and make recommendations on program improvements. In its evaluation of performance, the review committee shall make a determination regarding program effectiveness, and shall make recommendations to the department with regard to taking steps towards improvements as established pursuant to, or in addition to, those set forth in Section 44082. The review committee shall contract with independent entities to do the evaluation required by this subdivision.

(d) The review committee shall evaluate whether the motor vehicle inspection and maintenance program authorized by this chapter, combined with the benefits of statewide implementation of the gross polluter program authorized in Section 44081, will be sufficient to meet the emission reduction requirements specified by the Clean Air Act (42 U.S.C. Sec. 7401 et seq.) and by the implementing regulations of the Environmental Protection Agency.

(e) The review committee shall work closely with all interested parties in preparing the information required by subdivisions (g) and (h). The committee shall hold at least one public hearing on its findings and recommendations prior to submitting its reports. The reports shall include statutory language to implement its recommendations, and shall recommend the timeframe for making any changes to the program, including an assessment of whether pilot demonstrations or implementation in selected areas of the state is appropriate. The review committee shall seek comments from the department, the Department of Motor Vehicles, the Department of the California Highway Patrol, and the state board prior to submitting its report, and those comments shall be published as an appendix to the report.

SEC. 24. Section 44024 is added to the Health and Safety Code, to read:

44024. (a) The department, in cooperation with the state board, shall investigate new technologies, including the role of onboard diagnostic (OBD) systems in vehicles, as a means both for detecting excess emissions and defective emission control equipment, and for assisting in determining what repairs would be effective. The department shall report on the results of its investigation in its annual report to the Legislature.

(b) To incorporate new technologies into the program, the department may institute the following changes if the department determines that the changes will be cost-effective and convenient to vehicle owners:

- (1) The schedule for testing and certifying vehicles.
- (2) The location and method for complying with the test requirements otherwise applicable under this chapter.
- (3) The equipment requirements and repair procedures, including the imposition of new or revised diagnostic procedures, to be used at licensed smog check stations.
- (4) The training, skill, and licensing requirements for smog check technicians.
- (5) The applicable test procedures and emission standards, as applied at smog check stations, and during roadside inspection.

SEC. 25. Section 44025 is added to the Health and Safety Code, to read:

44025. The department shall act as a clearinghouse to provide access to the vendors who possess service information generated by the vehicle manufacturers.

SEC. 26. Section 44031 of the Health and Safety Code is repealed.

SEC. 27. Section 44031.5 of the Health and Safety Code is amended to read:

44031.5. (a) No smog check technician may perform tests or make repairs required by this chapter, for compensation, unless qualified by the department for the class and category of vehicle being tested or repaired. To qualify, smog check technicians shall pass a qualification test administered by the department, in addition to meeting prerequisite minimum experience and training criteria established by the department, pursuant to Section 44045.5. Passage of the qualification test shall also be required upon each biennial renewal of the smog check technician's license.

(b) The department shall prescribe training and periodic retraining courses for licensed smog check technicians pursuant to Section 44045.6.

(c) Whenever the department determines, through investigation, that a previously qualified smog check technician may lack the skills to reliably and accurately perform the test or repair functions within the required qualification, the department may prescribe for the technician one or more retraining courses which have been certified by the department. The smog check technician may request and be granted a hearing, pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, on the department's determination. The request for a hearing shall be submitted within 30 days of the department's notification of its determination. A failure to complete the prescribed retraining course within the time designated by the department, or to request a hearing within 30 days of the department's notification of its determination, shall result in loss of qualification. Upon a later completion of the prescribed department certified retraining course, the department may reinstate the smog check technician's qualification.

(d) Smog check technicians shall have the option to do hands-on work in lieu of written work in order to successfully complete the

department certified training and retraining courses.

(e) The institution administering the department certified training or retraining courses shall issue a certificate of completion to each person who successfully completes the certified courses. The certificate shall be valid for two years.

(f) The department may contract to ensure the availability of retraining courses required by this chapter if those courses are not otherwise available. Charges for retraining courses offered by a contractor shall be borne by the course attendees.

SEC. 28. Section 44032 of the Health and Safety Code is amended to read:

44032. No person shall perform, for compensation, tests or repairs of emission control devices or systems of motor vehicles required by this chapter unless the person performing the test or repair is a qualified smog check technician and the test or repair is performed at a licensed smog check station. Qualified technicians shall perform tests of emission control devices and systems in accordance with Section 44012.

SEC. 29. Section 44033 of the Health and Safety Code is amended to read:

44033. (a) Any facility meeting the requirements established by the department pursuant to this chapter may be licensed as a smog check station. A licensed smog check station shall display an identifying sign prescribed by the department in a manner conspicuous to the public.

(b) No licensed smog check station shall require, as a condition of performing the test, that any needed repairs or adjustment be done by the person, or at the facility of the person, performing the test.

(c) If a motor vehicle, including a commercial vehicle, is tested at a facility licensed to perform tests and repairs pursuant to this chapter, the facility shall provide the customer with a written estimate pursuant to Section 9884.9 of the Business and Professions Code. The written estimate shall contain a notice to the customer stating that the customer may choose another smog check station to perform needed repairs, installations, adjustments, or subsequent tests.

(d) Charges for testing or repair, or both, shall be separately stated.

(e) The department shall require the posting of station licenses and qualified technicians' certificates prominently in each place of business so as to be readily visible to the public.

SEC. 30. Section 44034 of the Health and Safety Code is amended to read:

44034. Annual license fees for smog check stations and biennial license fees for smog check technicians may be imposed by the department, but shall not exceed the reasonable cost of administering the qualifications and licensing program.

SEC. 31. Section 44034.1 of the Health and Safety Code is amended to read:

44034.1. The department may impose an examination fee, which shall not exceed the reasonable cost of administering, developing, and updating the examination, for smog check technician initial and biennial renewal applicants. Payment of the fee entitles the applicant to be scheduled for an examination.

SEC. 32. Section 44035 of the Health and Safety Code is amended to read:

44035. A smog check station's license or a qualified smog check technician's qualification may be suspended or revoked by the department, after a hearing, for failure to meet or maintain the standards prescribed for qualification, equipment, performance, or conduct. The department shall adopt rules and regulations governing the suspension, revocation, and reinstatement of licenses and qualifications and the conduct of the hearings.

SEC. 33. Section 44036 of the Health and Safety Code is amended to read:

44036. (a) The consumer protection-oriented quality assurance portion of the motor vehicle inspection program shall ensure uniform and consistent tests and repairs by all qualified smog check technicians and licensed smog check stations throughout the state, and shall include a number of referee stations available to consumers.

(b) All licensed smog check stations shall utilize original equipment and replacement parts that are certified by the department. The department shall charge a fee for certification testing of the equipment or the replacement parts. The fee for certification testing of equipment shall be fixed by the department based upon its actual costs of certification testing, shall be calculated from the time that the equipment is submitted for certification testing until the time that the certification testing is complete, and shall in no event exceed ten thousand dollars (\$10,000). The fee for certification testing of replacement parts shall be fixed by the department based upon its actual costs of certification testing, shall be calculated from the time that the replacement part is submitted for certification testing until the time that the certification testing is complete, and shall in no event exceed two thousand five hundred dollars (\$2,500). The department shall adopt, and may from time to time revise, standards for certification and decertification of the equipment, which may include a device for testing of emissions of oxides of nitrogen. As expeditiously as possible, the department shall adopt equipment standards which shall include a test analyzer system containing all of the following:

(1) A microprocessor to control test sequencing, selection of proper test standards, the automatic pass or fail decision, and the format for the test report and the recorded data file. The microprocessor shall be capable of using a standardized programming language specified by the department.

(2) An exhaust gas analysis portion with an analyzer for hydrocarbons, carbon monoxide, and carbon dioxide which is designed to accommodate an optional oxides of nitrogen analyzer.

An oxides of nitrogen analyzer shall be required in the enhanced program areas.

(3) Equipment necessary to perform visual and functional tests of emission control devices required by the department.

(4) A device to accept and record motor vehicle identification information, including a device capable of reading bar code information pursuant to regulations of the state board. The device shall have the ability to identify, with the cooperation of the Department of Motor Vehicles, smog inspections performed on vehicles sold by used car dealers.

(5) A device to provide a printed record of the test process and diagnostic information for the motorist.

(6) A mass storage device capable of storing not less than the minimum amount of program software and data specified by the department.

(7) A device to provide for the periodic modification of all program and data files contained on the mass storage device, using a standardized form of removable media conforming to specifications of the department.

(8) A device which provides for the storage of test records on a standardized form of removable media conforming to specifications of the department.

(9) One or more communications ports conforming to the specifications established by the department as necessary to provide real time communication, or communication which is consistent with maintaining a superior quality assurance program and efficient information transfer, between the test equipment and the centralized computer data base through the computer network maintained by the department pursuant to Section 44037.1.

(10) An interface capable of monitoring equipment used with loaded mode testing, idle testing, OBD, or other tests prescribed by the department.

(11) Any other features that the department determines are necessary to increase the effectiveness of the program, including, but not limited to, a loaded mode dynamometer for purposes of oxides of nitrogen detection, and other equipment necessary to detect nonexhaust-related volatile organic compound emissions such as found in fuel system evaporative emissions and crankcase ventilation emissions.

(c) The department shall require all smog check stations to use equipment meeting the requirements of subdivision (b) as soon as possible, but not later than January 1, 1996. However, the department may defer the requirement for any equipment, external to the chassis of the test analyzer system, needed to read bar code information until a substantial portion of the vehicles subject to this chapter are equipped with bar code labels. Prior to the imposition of a requirement for equipment meeting the requirements of subdivision (b), every smog check station shall use equipment meeting the specifications of the department in effect on January 1,

1988.

(d) The quality assurance portion shall provide for inspections of licensed smog check stations, data collection and forwarding, equipment accuracy checks, operation of referee stations, and other necessary functions. In contracting for services pursuant to subdivision (e) of Section 44014, the department shall prepare detailed specifications and solicit bids from private entities for the implementation of the quality assurance functions.

(e) The department may revise the specifications for equipment annually if the cost thereof is less than 20 percent of the total system cost. A more comprehensive revision to the specifications may be required not more often than every five years.

(f) (1) Equipment manufacturers shall furnish to the department, and shall install, software updates as specified by the department. The department shall allow equipment manufacturers six months, from the date the department issues its proposed specifications for periodic software updates, to obtain department approval that the updates meet the proposed specifications and to install the updates in all equipment subject to the updates. During the first 30 days of the six-month period, the manufacturers shall be permitted to review and to comment upon the proposed specifications. However, notwithstanding any other provision of this section, the department may order manufacturers to install software changes in a shorter period of time upon a finding by the department that a previously installed update does not meet current specifications. A manufacturer's failure to furnish or install software updates as so specified is cause for the department to decertify the manufacturer's test analyzer system or to issue a citation to the manufacturer. The citation shall specify the nature of the violation and may specify a civil penalty not to exceed one thousand dollars (\$1,000) for each day the manufacturer fails to furnish or install the specified software updates by the specified period. In assessing a civil penalty pursuant to this subdivision, the department shall give due consideration, in determining the appropriateness of the amount of the civil penalty, to factors such as the gravity of the violation, the good faith of the manufacturer, and the history of previous violations.

(2) The citations shall be served pursuant to subdivision (c) of Section 11505 of the Government Code. The manufacturer may request a hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. A request for a hearing shall be submitted in writing within 30 days of service of the citation, and shall be delivered to the office of the department in Sacramento. Hearings and related procedures under this subdivision shall be conducted in the same manner as proceedings for adjudication of an accusation under that Chapter 5, except as otherwise specified in this article.

(3) If within 30 days from service of the citation, the manufacturer fails to request a hearing, the citation shall be deemed the final order of the department.

(4) Any failure to comply with the final order of the department for payment of a civil penalty, or to pay the amount specified in any settlement executed by the licensee and the Director of Consumer Affairs, is cause for decertification of the manufacturer's test analyzer system.

SEC. 34. Section 44036.8 of the Health and Safety Code is amended to read:

44036.8. The data collected by the equipment used by a smog check station, as required by regulations of the Bureau of Automotive Repair, may be used by a licensed smog check station technician or operator when appealing a citation issued by the Bureau of Automotive Repair.

SEC. 35. Section 44037 of the Health and Safety Code is amended to read:

44037. (a) The department shall compile and maintain records, using the sampling methodology necessary to ensure their scientific validity and reliability, of tests and repairs performed by qualified smog check technician at licensed smog check stations pursuant to this chapter on all of the following information:

(1) The motor vehicle identification information and the test data collected at the station.

(2) The number of maintenance and repair operations performed on motor vehicles which fail to pass a test conducted pursuant to this chapter.

(3) The correlation between maintenance and repairs recommended by the department pursuant to Section 44016 and maintenance and repairs performed.

(4) The charges assessed for the service and repairs and the correlation between the amount charged for repairs and the amount of emission reduction.

(5) Data received and compiled through the use of the centralized computer data base and computer network to be established pursuant to Section 44037.1, and any other information determined to be essential by the department for program enhancement to achieve greater efficiency, cost-effectiveness, convenience, or emissions reductions.

(6) The frequency of specific smog check stations which issue a passing certificate for vehicles which have failed a previous inspection at other smog check stations within the preceding 30 days.

(b) A written summary of the information specified in subdivision (a) shall be available annually for the technicians and smog check stations in each district and to the public upon request.

SEC. 36. Section 44037.1 is added to the Health and Safety Code, to read:

44037.1. (a) On or before January 1, 1995, the department shall design and establish the equipment necessary to operate a centralized computer data base and computer network which is readily accessible by all licensed smog check technicians on a real-time basis.

(b) The centralized computer data base and network shall be designed with all of the following capabilities:

(1) To provide smog check technicians with immediate access to vehicle-specific information regarding the location of all emission control equipment, pattern failure data, and other vehicle-specific technical information relevant to the efficient identification, diagnosis, and repair of emission problems.

(2) To provide smog check technicians and the department with information as to the date and result of prior smog check tests performed on each vehicle in order to discourage vehicle owners from shopping for certificates of compliance and to permit the department to identify smog check stations for further investigation as potential violators of this chapter.

(3) To provide the department with data on the failure rates and repair effectiveness for vehicles of each make and model-year on a statewide basis, and by smog check station and technician, to facilitate identification of smog check stations and technicians as potential violators of this chapter.

(4) Upon a determination that a smog check station or technician has engaged in a pattern of violating this chapter, or that a vehicle failed one or more emissions tests before obtaining a certificate of compliance, to provide the information necessary to identify and contact vehicle owners who obtained certificates from the station or technician, or may have obtained certificates of compliance in violation of this chapter, for purposes of requiring retesting of their vehicles.

(5) To be compatible with the eventual transition to a fully computerized smog certification program that will not require the use of printed certificates as evidence of compliance.

(6) To be compatible with bar code scanning of vehicles as provided in Section 44041.

(7) To permit ongoing entry of information from each smog check station into the centralized data base to enlarge and improve the data base on a continuous basis.

(8) To be compatible with the department's recordkeeping and compilation requirements established by Section 44037.

(9) To meet the needs of a remote-sensing program to identify gross polluting vehicles, specified by the department.

(10) To meet any other needs specified by the department to enhance the benefits of the program through storage of vehicle-specific information such as that pertaining to scrap programs, and the referee program.

(c) After January 1, 1995, each smog check station shall transmit vehicle data emission test results to the department's centralized data base. Each smog check station shall also transmit vehicle data and emission measurements made before and after repair. The department shall establish, by regulation, the form, manner, and frequency of the data transmittals.

SEC. 37. Section 44038 of the Health and Safety Code is amended

to read:

44038. Until implementation of the centralized computer data base required pursuant to Section 44037.1, each smog check station shall transmit vehicle data and emission test or repair results to the department and transmit to the department vehicle data and emission measurements made before and after repair. The department shall establish, by regulation, the form, manner, and frequency of those data transmittals.

SEC. 38. Section 44041 is added to the Health and Safety Code, to read:

44041. In order to expedite emissions testing and to eliminate errors in the transcription of vehicle data, the department shall, in cooperation with the Department of Motor Vehicles, furnish bar code labels to all vehicle owners at the time of their vehicle's annual registration renewal. The labels shall contain vehicle identification numbers and other vehicle-specific information, to be determined by the department, which can be recorded by smog check station technicians utilizing the scanning devices required by Section 44036.

SEC. 39. Section 44045.5 is added to the Health and Safety Code, to read:

44045.5. (a) The department shall, by regulation, establish requirements for the licensure of smog check technicians which are necessary to enable the program to meet the applicable emission reduction performance standards, to include, at a minimum:

(1) Either of the following:

(A) Certification standards for all technicians in the program which are equivalent or superior to the standards applicable for certification by an established national certification or accrediting institution to perform service on automotive engines and electrical systems.

(B) Successful completion of a training program certified by the department under Section 44045.6.

(2) In addition to the requirement in paragraph (1), both of the following:

(A) Certification standards which are equivalent or superior to the standards applicable for certification by an established national certification or accrediting institution to perform electronic emissions diagnostics.

(B) A minimum of two years' experience as a licensed smog check technician, or experience determined to be equivalent by the department approved by the department, or an associate degree in an automotive technology curriculum, or an equivalent degree as determined by the department.

(3) An examination process that effectively determines whether applicants are all of the following:

(A) Knowledgeable regarding the visual, functional, and exhaust and evaporative emissions inspection and testing procedures specified by the department.

(B) Knowledgeable regarding misfire detection, air injection

testing, closed-loop system testing, and generic idle adjustment procedures specified by the department.

(C) Capable of using emissions manuals and tune-up labels to properly identify required emission control systems and components on any vehicle subject to the enhanced program.

(4) Not later than January 1, 1995, the examination shall use actual vehicle systems or components, or computer simulations thereof, to determine whether applicants can properly identify, diagnose, and repair emission-related problems in a simulated real-world situation.

(b) The department shall not license any technician unless the department has determined that the person is able to perform the inspection, testing, and repair tasks required under the program on all vehicles subject to the program, except that the department may limit this requirement to specified makes or models of vehicles if a technician requests licensing limited to specified makes or models of vehicles.

(c) The department may establish more than one category or level of licensure, and may provide for the licensing of interns or trainees if those persons do all of their test and repair work under the supervision of a licensed technician.

(d) The department shall require the renewal of smog check technician licenses every two years, and shall establish any necessary and appropriate requirements for renewal.

SEC. 40. Section 44045.6 is added to the Health and Safety Code, to read:

44045.6. (a) The department shall, by regulation, establish requirements for the training of smog check technicians which are necessary to enable the program to meet the applicable emission reduction performance standards, to include, at a minimum, all of the following:

(1) Criteria for facilities, equipment, reference materials, and instructional materials.

(2) A detailed outline of lectures and laboratory work.

(3) A final examination and recommended passing score.

(4) In lieu of the requirements in paragraphs (1) to (3), inclusive, the department may accept certification by an established national training institution of training in relevant curricula, including electrical systems, engine performance, and electronic emissions diagnostics.

(b) Training facilities meeting the requirements of subdivision (a) shall be certified by the department to provide smog check training.

(c) The department may require remedial training at a certified training facility or may take disciplinary action, whichever the department determines to be the most appropriate, for any licensed technician who the department determines cannot perform inspections, testing, or repairs as required under the program. The failure to complete the remedial training when required by the department shall be a ground for revocation or suspension of a smog

check technician's license under Section 44072.2.

SEC. 41. Section 44050 of the Health and Safety Code is amended to read:

44050. (a) If, upon investigation, the department has probable cause to believe that a licensed smog check station or a fleet owner licensed under Section 44020 has violated this chapter, or any regulation adopted pursuant to this chapter, the department may issue a citation to the licensee or fleet owner. The citation shall specify the nature of the violation and may specify a civil penalty assessed by the department pursuant to Section 44051 or 44051.5.

(b) If, upon investigation, the department has probable cause to believe that a qualified smog check technician has violated Section 44012, 44015, 44016, or 44032, or any regulation of the department adopted pursuant to this chapter, the department may issue a citation to the technician. The citation shall specify the nature of the violation and, in addition, whichever of the following applies:

(1) For a first citation, the smog check technician shall successfully complete one or more retraining courses prescribed by the department pursuant to subdivision (c) of Section 44031.5.

(2) For a second citation, the smog check technician shall successfully complete one or more retraining courses prescribed by the department pursuant to subdivision (c) of Section 44031.5 and the technician shall perform inspections or repairs pursuant to this chapter under the direction of a technician in good standing, as defined by the department.

(3) For a third citation, the smog check technician shall successfully complete an advanced retraining course prescribed by the department and shall perform no inspection or repair pursuant to this chapter until that completion.

(4) For a fourth citation, the smog check technician's qualification may be permanently revoked.

(c) The citation shall be served pursuant to subdivision (c) of Section 11505 of the Government Code.

SEC. 42. Section 44056 of the Health and Safety Code is amended to read:

44056. (a) Except as otherwise provided in Sections 44051 and 44051.5, any person who violates this chapter, or any order, rule, or regulation of the department adopted pursuant to this chapter, is liable for a civil penalty of not less than one hundred fifty dollars (\$150) and not more than two thousand five hundred dollars (\$2,500) for each day in which each violation occurs. Any action to recover civil penalties shall be brought by the Attorney General in the name of the state on behalf of the department, or may be brought by any district attorney, city attorney, or attorney for a district.

(b) The penalties specified in subdivision (a) do not apply to an owner or operator of a motor vehicle, except an owner or operator who does any of the following:

(1) Obtains, or who attempts to obtain, a certificate of compliance or noncompliance without complying with the requirements of

Section 44015.

(2) Obtains, or attempts to obtain, a certificate of compliance by means of fraud, including, but not limited to, offering or giving any form of financial or other inducement to any person for the purpose of obtaining a certificate of compliance for a vehicle which has not been tested or has been tested improperly.

(3) Registers a motor vehicle at an address other than the owner's or operator's residence address for the purpose of avoiding the requirements of this chapter.

SEC. 43. Section 44060 of the Health and Safety Code is amended to read:

44060. (a) The department shall prescribe the form of the certificate of compliance or noncompliance.

(b) Effective not later than January 1, 1996, the certificate shall be in the form of an electronic entry filed with the department, the Department of Motor Vehicles, and any other person designated by the department. In meeting the January 1, 1996, deadline, the department shall ensure that adequate lead time is provided for conversion to an electronic entry type of certificate. The department shall ensure that the vehicle owner or operator is provided with a written report of any test performed by a smog check station, including a pass or fail indication, and written confirmation of the issuance of the certificate.

(c) (1) The department shall charge a fee to a licensed smog check station and a referee station for a vehicle inspected at that station which meets the requirements of this chapter, to cover its costs incurred pursuant to subdivision (b).

(2) The fee charged pursuant to paragraph (1) shall be calculated to recover the costs of the department and any other state agency directly involved in the implementation, administration, or enforcement of the motor vehicle inspection and maintenance program, and shall not exceed the amount reasonably necessary to fund the operation of the program, including all responsibilities, requirements, and obligations imposed upon the department or any of those state agencies by this chapter, which are not otherwise recoverable by fees received pursuant to Section 44034.

(3) Except for adjustments to reflect changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics, the fee for each certificate shall not exceed seven dollars (\$7).

(4) Fees collected by the department pursuant to this subdivision shall be deposited in the Vehicle Inspection and Repair Fund. It is the intent of the Legislature that a prudent surplus be maintained in the Vehicle Inspection and Repair Fund. If the surplus exceeds the reasonable costs of administration of the programs specified in this chapter and in Chapter 20.3 (commencing with Section 9880) of Division 3 of the Business and Professions Code, the department shall, by regulation, prescribe a lower fee for the certificate.

(d) The sale or transfer of the certificate by a licensed smog check

station and referee stations to any other licensed smog check station or any other person, and the purchase or acquisition of the certificate by any person, other than from the department, the department's designee, or pursuant to a vehicle inspection or repair conducted pursuant to this chapter, is prohibited.

(e) Following implementation of the electronic entry certificate under subdivision (b), the department may require modification of the analyzers and other equipment required at smog check stations to prevent the entry of a certificate which has not been issued or validated through prepayment of the fee authorized by subdivision (c).

(f) The fee charged by licensed smog check stations and referee stations to consumers for a certificate shall be the same amount that is charged by the department.

SEC. 44. Section 44062.1 is added to the Health and Safety Code, to read:

44062.1. The department shall develop and implement a repair subsidy program not later than January 1, 1996.

SEC. 45. Section 44062.2 is added to the Health and Safety Code, to read:

44062.2. (a) The state board shall adopt, by regulation, procedures to establish an emissions credit exchange whereby persons may contribute to the Vehicle Inspection and Repair Fund, and receive equitable emissions reduction credits for those contributions.

(b) Districts may establish procedures to generate marketable emission reduction credits from contributions toward the repair subsidy program described in Section 44062.1. Emission reduction credits generated pursuant to this subdivision may be used to meet or offset transportation control requirements, average vehicle ridership reductions, or other mobile source emission requirements, as determined by the district.

(c) The credits established pursuant to subdivision (a) or (b) shall not be allowed until the emission reduction goals established by the amendments enacted in 1990 to the Clean Air Act (P.L. 101-549) have been achieved.

SEC. 46. Section 44070.5 is added to the Health and Safety Code, to read:

44070.5. (a) The department shall develop and continuously conduct a public information program. The program shall be designed to develop and maintain public support and cooperation for the smog check program and shall include information on all of the following:

- (1) The health damage caused by air pollution.
- (2) The contribution of automobiles to air pollution and the gross polluter problem.
- (3) Whether a motorist's vehicle could be a gross polluter without the motorist knowing.
- (4) The importance of maintaining a vehicle's emission control

devices in good working order and the importance of the smog check program.

(b) That information shall be imparted by all means that the department determines to be feasible and cost-effective, including, but not limited to, television, newspaper, and radio advertising and trailers in movie theaters. The department may also utilize grass roots community networks, including local opinion leaders, churches, the PTA, and the workplace. Extensive marketing research shall be performed to identify the target population.

SEC. 47. Section 44072.10 is added to the Health and Safety Code, to read:

44072.10. (a) Notwithstanding Sections 44072 and 44072.4, the director, or the director's designee, may, pending a hearing conducted by the director under this article, temporarily suspend any smog check station or technician's license issued under this chapter, for a period not to exceed 60 days, if the department determines that there is evidence of any of the following:

(1) Fraud.

(2) Tampering.

(3) Intentional or willful violation of this chapter or any regulation, standard, or procedure of the department implementing this chapter.

(4) A pattern or regular practice of violating this chapter or any regulation, standard, or procedure of the department implementing this chapter.

(b) If a motor vehicle dealer sells any used vehicle, knowing that the vehicle has been fraudulently certified, that act shall be additional grounds for suspension or revocation pursuant to Section 11705 of the Vehicle Code. A dealer's license so revoked shall not be reinstated for any reason for at least five years.

(c) The department shall issue a citation to a smog check station licensee if any fraudulent certification of vehicles occurs on the premises of the station. If within two years of the issuance of such a citation, any fraudulent certification of vehicles occurs at the station, the department shall revoke the station's license. The department shall, pending any hearing on revocation under this section, temporarily suspend any smog check station's or technician's license for not more than 60 days.

(d) The department shall revoke the license of any smog check technician or station licensee who fraudulently certifies vehicles or participates in the fraudulent certification of vehicles. A fraudulent certification includes, but is not limited to, all of the following:

(1) Clean piping, as defined by the department.

(2) Tampering with a vehicle emission control system or test analyzer system.

(3) Intentional or willful violation of this chapter or any regulation, standard, or procedure of the department implementing this chapter.

(e) Once a license has been revoked for a smog check station or

technician under subdivision (a), (c), or (d), the license shall not be reinstated for any reason. A hearing shall be held and a decision issued within 60 days after the date on which the notice of the temporary suspension was provided unless the time for the hearing has been extended, or the right to a hearing has been waived, by the licensee.

(f) The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, or by court order.

(g) The department shall adopt, by regulation, procedures to ensure that any affected licensee is provided adequate notice and opportunity to be heard prior to issuing an order temporarily suspending a license under this section.

SEC. 48. Section 44072.11 is added to the Health and Safety Code, to read:

44072.11. (a) The department may refuse to issue or renew a license for a smog check station or technician who is subject to a 60-day suspension pursuant to Section 44072.10.

(b) Any smog check station or technician's license granted by the department is a privilege and not a vested right, and may be revoked or suspended by the department for any of the reasons specified in Section 44072.1 or on evidence that the station or technician is not in compliance with any of the requirements of subdivision (a).

SEC. 49. Section 44081 of the Health and Safety Code is repealed.

SEC. 50. Section 44081 is added to the Health and Safety Code, to read:

44081. (a) The department, in cooperation with the state board, shall institute procedures for auditing the emissions of vehicles while actually being driven on the streets and highways of the state. The department may undertake those procedures itself or seek a qualified vendor of these services. The primary object of the procedures shall be the detection of gross polluting vehicles. The procedures shall consist of techniques and technologies determined to be effective for that purpose by the department, including, but not limited to, remote sensing. The procedures may include pullovers for roadside emissions testing and inspection. The department shall, if requested by the review committee, revise the program developed pursuant to this subdivision based on the findings of the review committee regarding the pilot program or programs conducted pursuant to Section 44081.5.

(b) The department shall, by regulation, establish a program for the out-of-cycle testing and repair of vehicles found, through roadside auditing, to be emitting at levels that exceed specified standards. The program shall include all of the following elements:

(1) Emission standards, and test and inspection procedures and regulations, adopted with the written concurrence of the state board, applicable to vehicles tested during roadside auditing. Emission standards for citation as a gross polluter shall be designed to maximize the identification of vehicles with substantial excess

emissions and shall be set to identify not less than the 5 percent of the vehicle population subject to the program that are the worst gross polluters.

(2) Procedures for issuing citations to owners of gross polluting vehicles, either at the time of the roadside audit, or subsequently by certified mail, or by obtaining a certificate of mailing as evidence of service, using technologies for recording license plate numbers. The citations shall provide that, unless the vehicle is brought to a designated referee station for emission existing within 30 days, the owner will be subject to a penalty of five hundred dollars (\$500) to be imposed at the next annual registration renewal or the next change of ownership of the vehicle, whichever occurs first.

(3) Procedures for the testing of vehicles cited as gross polluters by a designated referee facility to confirm that the vehicle exceeds the minimum emission standard for gross polluters set by the department.

(4) Procedures requiring owners of vehicles confirmed as gross polluters to have the vehicle repaired, resubmitted for testing, and obtain a certificate of compliance from a designated referee facility within 30 days or be subject to a penalty of five hundred dollars (\$500) imposed at the next annual registration renewal or the next change of ownership, whichever occurs first. No vehicle cited as a gross polluter that has not received a certificate of compliance shall be registered in California. Except as provided in subdivision (b) of Section 9250.18 of the Vehicle Code, any penalty revenues collected by the Department of Motor Vehicles pursuant to this subdivision and Section 9250.18 of the Vehicle Code shall be deposited in the Vehicle Inspection and Repair Fund. If the ownership of the vehicle is transferred, the penalty provided for in this subdivision shall be waived if the vehicle is brought into compliance.

(5) A procedure for notifying the Department of Motor Vehicles of citations issued, so that the Department of Motor Vehicles may provide effective enforcement of the penalty for noncompliance. The Department of Motor Vehicles shall cooperate with and implement the requirements of the department in this regard, by regulation.

(c) Upon the request of the department, the Department of the California Highway Patrol shall provide assistance in conducting roadside auditing, to consist of (1) the stopping of vehicles and traffic management, and (2) the issuance of citations to gross polluting vehicles. The department shall reimburse the Department of the California Highway Patrol for its costs of providing those services.

(d) There shall be no repair cost limit imposed pursuant to Section 44017 for repairs that are required to be made under the roadside auditing program, except as provided in subdivision (d) of Section 44017.

SEC. 51. Section 44081.5 is added to the Health and Safety Code, to read:

44081.5. (a) The review committee shall design, in cooperation

with the department, the state board, and the Environmental Protection Agency, and the department shall conduct, one or more pilot programs to evaluate the gross polluter program authorized in Section 44081. Any such pilot programs shall be conducted on a sufficient scale and with a large enough number of vehicles to provide adequate data to project emission benefits from statewide implementation.

(b) The review committee shall contract with an academic or research institution to conduct an evaluation of the pilot program. The amending of the contract shall not be subject to any restrictions in the Government Code or the Public Contract Code. The evaluation shall provide projections of emission benefits from statewide implementation not later than December 1, 1994.

(c) The department shall implement the findings of the pilot program for the purpose of establishing an effective out-of-cycle testing program pursuant to Section 44081.

SEC. 52. Section 44082 of the Health and Safety Code is repealed.

SEC. 53. Section 44082 is added to the Health and Safety Code, to read:

44082. (a) (1) On or before June 30, 1995, the review committee shall evaluate whether the motor vehicle inspection and maintenance program, combined with the projected benefits of statewide implementation of the gross polluter program authorized in Section 44081, will be sufficient to meet emission reduction requirements specified in the Clean Air Act (42 U.S.C. Sec. 7401 et seq.) and implementing regulations of the Environmental Protection Agency. The review committee shall contract with an academic or research institution to independently evaluate the projected emission benefits from the program and to identify the additional emission reductions possible from each of the measures listed in subdivision (b).

(2) The review committee shall submit its findings and recommendations to the California Environmental Protection Agency not later than June 30, 1995.

(b) If the California Environmental Protection Agency determines that California will not meet the federal emission reduction standards, the agency shall notify the department of that determination, and the department shall implement the following measures, in the following order, as necessary to meet the federal standards:

(1) Increase the number of vehicles required to obtain out-of-cycle repairs for excessive emissions up to a maximum of 10 percent of the fleet.

(2) Require vehicles confirmed as gross polluters to receive annual certificates of compliance for five years.

(3) Require all vehicles eight years old and older to receive annual certificates of compliance.

(4) Require all fleet vehicles with a demonstrated pattern of excessive emissions to receive annual certificates of compliance.

(5) Require all fleet vehicles to report to referee stations for testing prior to repair.

(6) To the extent necessary to meet Environmental Protection Agency performance standards under the Clean Air Act (42 U.S.C. 7401 et seq.), implement the provisions in subdivision (c).

(c) (1) (A) Instead of the requirements of Section 44010, the basic program shall provide for privately operated stations which shall be referred to as smog check stations and which are authorized to issue certificates of compliance for vehicles which meet the requirements of this chapter.

(B) Except as provided in paragraph (2), the enhanced program shall provide for the testing and retesting of 1980 and subsequent model-year subject vehicles at test-only stations, which shall be operated by one or more private persons under contract to the department, unless the department determines that contracting for those services is not feasible or cost-effective, in which case the stations shall be operated by the department. Vehicles of the 1979 and earlier model-years registered in an area subject to the enhanced program may be tested at any smog check station that performs tests only.

(C) The repair of vehicles at test-only stations shall be prohibited, except that the minor repair of components damaged by station personnel during inspection at the station, any minor repair which is necessary for the safe operation of a vehicle while at a station, or other minor repairs such as the reconnection of hoses, vacuum lines, or other measures that require not more than five minutes to complete, may be undertaken at no charge to the vehicle owner or operator if authorized in advance in writing by the department.

(D) No person shall be a contractor of the department for test-only stations in all air basins where the enhanced program is in effect unless the department determines that there is not more than one qualified contractor.

(E) In awarding contracts under this section, the department shall request bids through the issuance of a request for proposals. The department shall first determine which bidders are qualified, and then award the contract to the qualified bidder with the lowest cost bid. The department shall apply up to a 5-percent discount to the cost of a bid, based on the extent to which the bidder provides firm commitments to employ businesses or employees of businesses licensed or otherwise substantially participating in the smog check program on or after January 2, 1993. The department shall also apply a 5-percent discount to the cost of a bid based on the extent to which bidders maximize the potential financial impact of the program on this state over the term of the contract. That potential financial impact shall include the percentage of work performed by California-based firms, the percentage of the total project workforce that will be California residents, and the percentage of subcontracts that will be awarded to California-based firms. Any contract executed by the department for the operation of a test-only station

shall explicitly require compliance with all requirements established by the department.

(F) The department shall ensure that there is a sufficient number of test-only stations, and that they are properly located, to ensure reasonable accessibility and convenience to all persons within an enhanced program area, but in no event shall the average driving distance to the closest test-only station exceed 10 miles within an enhanced program area. The department shall specify in the request for proposal the number of test-only stations that are required for the program.

(G) The department shall ensure that test-only stations are designed, equipped, and operated so as to limit the maximum waiting time for service to 15 minutes for at least 90 percent of the inspections. The department shall specify in the request for proposal the total number of inspection lanes at the test-only stations for each contract area and the total weekly operating hours of the test-only stations. In order to ensure that the program will accommodate future growth or changes in the program, the department shall specify in the request for proposal the minimum number of expansion lanes for each test-only station.

(H) Any data generated at a test-only station is the property of the state, and shall be fully accessible to the department at any time. The department may set contract specifications for the storage of that data in a central data storage system or facility designated by the department.

(I) The department shall ensure an effective transition to the new program by implementing an effective public education program and shall specify in the request for proposal a dollar amount that bidders shall include in their bids for the public education activities.

(J) The department shall ensure the effective management of the test-only stations and shall specify in the request for proposal that a manager be present during all hours of operation.

(K) The department shall ensure and facilitate the effective transition of employees of businesses licensed or otherwise substantially participating in the smog check program and shall specify in the request for proposal that test-only station management be Automotive Service Excellence (ASE) certified.

(2) (A) The department shall authorize smog check stations in the enhanced program which are licensed as a Gold Shield station pursuant to paragraph (3) to repair and retest failed vehicles which have failed an initial test at a test-only smog check station operated by the department or its contractor. Gold Shield stations authorized to retest vehicles pursuant to this subdivision may issue certificates of compliance to vehicles, other than tampered vehicles, heavy-duty gasoline-powered vehicles that have failed a functional evaporative system control test, vehicles that received certificates of compliance from a Gold Shield station in the previous test cycle, or gross emitters, which meet all applicable emission standards and equipment requirements of the enhanced program.

(B) Tampered vehicles, heavy-duty gasoline-powered vehicles, vehicles that received certificates of compliance from a Gold Shield station in the previous test cycle, vehicles which have failed an evaporative emissions control system functional test, and gross emitters which have been repaired and meet all applicable emission standards and equipment requirements under the enhanced program may be issued a certificate of compliance only at a test-only station operated by the department or its contractor, or at a referee station if applicable, except that a repair cost waiver may be issued for gross emitters pursuant to Section 44015.

(C) The department shall conduct an ongoing evaluation of the effectiveness of the Gold Shield program to determine whether it should be discontinued or expanded. Vehicles of the 1996 and later model-years shall not be allowed to participate in the Gold Shield program until it has been demonstrated to the satisfaction of the Environmental Protection Agency that the Gold Shield program is effective at reducing vehicle emissions and that the inclusion of those vehicles in the Gold Shield program will not jeopardize the ability of the enhanced program to meet the Environmental Protection Agency's enhanced performance standard for all applicable milestone dates.

(D) A Gold Shield smog check station shall require, as a condition of performing a retest, that any needed repairs or adjustments be done at the station or by a person employed by the station.

(E) (i) A motor vehicle dealer who is licensed pursuant to Article 1 (commencing with Section 11700) of Chapter 4 of Division 5 of the Vehicle Code shall not be in violation of subdivision (b) of Section 24007 of the Vehicle Code if the dealer has sold a vehicle which will be registered in an area subject to the enhanced program and all of the following conditions have been met:

(I) The vehicle received a certificate of compliance following its most recent inspection and test and would not, except for the vehicle's transfer of ownership, have been required to be inspected and tested again for at least 30 days subsequent to the date of sale.

(II) Not more than 90 days prior to the date of sale, the dealer has had the vehicle inspected and tested at a test-only or a Gold Shield smog check station licensed under this chapter and the station has verified that the vehicle is in compliance with the emission standards and equipment requirements applicable for that vehicle as of the date that the vehicle received its most recent certificate of compliance and issued a certificate of verification attesting to that compliance.

(III) The dealer obtains the purchaser's signature on the following written statement, provides the purchaser with an executed copy of the statement, and retains the statement for inspection by the department:

“An emission test has been performed on this vehicle which verifies that it is still in compliance with the applicable emission control requirements of the State of California as of the date that the vehicle last received a Certificate of Compliance.

You have the right to have this vehicle retested at an official test-only smog check station and to obtain a new Certificate of Compliance within five (5) working days from the date of your purchase. If the vehicle passes the retest, you are responsible for the cost of the retest, but the next required smog check inspection of the vehicle will not occur for at least one year. If the vehicle fails the retest, the seller is obligated to reimburse you for your cost of having the vehicle retested, and, without expense to you, must have the vehicle repaired and must obtain a Certificate of Compliance from a test-only station.

Unless the scheduled renewal date is extended as a result of a retest, you will be responsible for having the vehicle tested when the current Certificate of Compliance for the vehicle expires, and for the cost of the testing.

Date: _____

Buyer's Signature: _____”

(IV) The dealer has complied with all conditions and requirements applicable to the seller in the statement set forth in subclause (III).

(ii) The Department of Motor Vehicles shall accept a certificate of verification issued under subclause (III) of clause (i) in lieu of the certificate of compliance otherwise required under Section 24007 of the Vehicle Code.

(iii) The department shall specify the form and content of the certificate of verification, which shall include the date of sale of the subject vehicle by the dealer.

(iv) If the purchaser of a vehicle has obtained a certificate of compliance following a confirmatory retest, as provided for in the statement set forth in subclause (III) of clause (i), and the next required biennial inspection under the program is due within one year from the date of sale, the Department of Motor Vehicles shall extend the date of that inspection one additional year.

(F) Not later than December 31, 1997, the state board, in consultation with the department and the review committee established pursuant to Section 44021, shall complete a study of the emissions reduction effectiveness of Gold Shield smog check stations, and provide the results of the study to the department. If the results

so indicate, the state board shall apply to the Environmental Protection Agency for approval to use a revised emissions reduction effectiveness factor for Gold Shield smog check stations.

(3) (A) (i) With the written concurrence of the state board, the department shall establish, and from time to time revise, licensing requirements for Gold Shield smog check stations and technicians authorized to test and repair vehicles under the enhanced program. Those requirements shall ensure that Gold Shield smog check stations and technicians, at a minimum, meet the requirements applicable to all smog check stations and technicians in the enhanced program, and shall impose any additional or more stringent requirements that may be necessary to achieve and maintain the following objectives for Gold Shield smog check stations:

(I) Emission reductions for all Gold Shield smog check stations, on a statewide basis, that are consistent with the performance standards set by the department under Section 44013.

(II) A 98 percent or better validity rate for all tests conducted at each Gold Shield smog check station.

(III) Up-to-date, in-depth knowledge on the part of all test and repair personnel at each Gold Shield smog check station sufficient to enable successful diagnosis of at least 90 percent of the emissions-related defects in vehicles that fail inspection.

(ii) At least once annually, the department shall survey each Gold Shield smog check station, and station personnel, to determine its progress in meeting these objectives. The department shall utilize specially prepared test vehicles to objectively and accurately assess performance in its surveys. The department shall report survey results to the owner or operator of each Gold Shield smog check station, with appropriate recommendations for improved performance. For any Gold Shield smog check station with performance significantly and unjustifiably below statewide performance levels, the department shall issue a written performance improvement directive specifying what measures the station must take, and by what date, to upgrade its performance. Based on the results of those surveys, the department shall revise its licensing requirements as needed.

(B) Emission retests and repairs conducted at a Gold Shield smog check station shall use equipment and follow procedures specified by the department, which may differ from those applicable at other smog check stations. Retesting at Gold Shield smog check stations shall be by the same method as in test-only stations, or, if different, shall accurately replicate testing conducted on vehicles that fail at test-only stations. The department may revise the equipment specifications for Gold Shield smog check stations annually, but the cost of those revisions may not exceed 33 percent of the total system cost for each station. A more comprehensive annual revision may not be required more often than every three years.

(C) In addition to the grounds specified in Section 44072.1, the department may refuse to issue or renew a license for a Gold Shield

smog check station or technician if the department has determined that the station or technician has failed to do any of the following:

- (i) Properly detect failed or noncomplying vehicles.
- (ii) Accurately diagnose the cause for any failure.
- (iii) Properly conduct testing or retesting.
- (iv) Properly repair emissions-related defects.
- (v) Implement a performance improvement directive by the specified date.
- (vi) Comply with any applicable licensing requirement of the department.

(D) Any Gold Shield smog check station or technician's license granted by the department is a privilege and not a vested right, and may be revoked or suspended by the department for any of the reasons specified in Section 44072.2 or on evidence that the station or technician is not complying with any of the requirements of subparagraph (C).

(E) Except as provided in this section, Article 7 (commencing with Section 44072) applies to any action taken by the department to deny, revoke, suspend, or otherwise take action with respect to a Gold Shield smog check station or technician's license.

(F) Revocation or suspension of a Gold Shield license shall not prevent the licensee from operating as a non-Gold Shield licensed smog check station or technician under the enhanced program, unless the department has also revoked or suspended that license.

(4) (A) The department shall charge a fee at all test-only stations to recover the actual cost of all tests conducted, including all associated administrative and overhead costs.

(B) The department shall charge a fee for each certificate of compliance issued at a test-only or Gold Shield station, as authorized pursuant to Section 44060.

(C) All amounts collected under this section at test-only stations shall be deposited in the Vehicle Inspection and Repair Fund, except that, if a station is operated by a contractor of the department, the department may, by contract, and subject to strict accounting and audit by the department, authorize the operator to collect the fees and retain an amount sufficient to cover the operator's collection costs, and require the operator to transfer the balance to the department for deposit in the fund.

(D) Nothing in this section shall prevent a Gold Shield smog check station, which is duly licensed under this chapter, from independently setting and charging fees for testing or repair at the station.

(5) (A) Instead of the requirements of Section 44014, the testing and repair portion of the basic program shall be conducted by smog check stations licensed by the department, and by smog check technicians who have qualified pursuant to this chapter.

(B) A smog check station may be licensed under the basic program by the department as a smog check test-only station. A smog check technician employed by a smog check test-only station shall be

qualified in accordance with this section.

(C) Smog check technicians are qualified under the basic program to test and repair only those classes and categories of vehicles for which they have passed a qualification test administered by the department. The department shall provide for smog check technicians to be qualified for different categories of motor vehicle inspection based on vehicle classification and model-year.

(D) The repair of vehicles for compensation under the enhanced program shall be conducted at smog check stations licensed by the department, and by smog check technicians who have qualified pursuant to this chapter. The retesting of vehicles after repair under the enhanced program shall be conducted only by the test-only facilities established under the enhanced program, or by a licensed Gold Shield smog check station.

(E) The consumer protection-oriented quality assurance portion of the basic program may be conducted by more than one private entity pursuant to contract with the department.

SEC. 54. Section 44083 of the Health and Safety Code is repealed.

SEC. 55. Section 4000.3 of the Vehicle Code is amended to read:

4000.3. (a) Except as otherwise provided in Section 44011 of the Health and Safety Code, the department shall require biennially, upon renewal of registration of any motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, a valid certificate of compliance issued in accordance with Section 44015 of the Health and Safety Code. The department, in consultation with the Department of Consumer Affairs, shall develop a schedule under which vehicles shall be required biennially to obtain certificates of compliance.

(b) The Department of Consumer Affairs shall provide the department with information on vehicle classes that are subject to the motor vehicle inspection and maintenance program.

SEC. 56. Section 5204 of the Vehicle Code is amended to read:

5204. (a) Except as provided by subdivisions (b) and (c), a tab shall indicate the year of expiration and a tab shall indicate the month of expiration, which tabs shall be attached to the rear license plate assigned to the vehicle for the last preceding registration year in which license plates were issued, and, when so attached, the license plate with the tabs shall, for the purposes of this code, be deemed to be the license plate for the preceding registration year, except that truck tractors, and commercial motor vehicles having an unladen weight of 10,000 pounds or more, shall display the tabs upon the front license plate assigned to the truck tractor or commercial motor vehicle.

(b) The requirement of subdivision (a) that the tabs indicate the year and the month of expiration does not apply to fleet vehicles subject to Article 9.5 (commencing with Section 5300).

(c) Subdivision (a) does not apply when proper application for registration has been made pursuant to Section 4602 and the new indicia of current registration have not been received from the

department.

(d) This section is enforceable against any motor vehicle that is driven, moved, or left standing upon a highway, or in an offstreet public parking facility, in the same manner as provided in subdivision (a) of Section 4000.

SEC. 57. Section 9250.18 is added to the Vehicle Code, to read:

9250.18. (a) The department shall collect the penalty established pursuant to Section 44081 of the Health and Safety Code upon the renewal of registration or transfer of ownership of any motor vehicle registered in the state.

(b) After deducting all costs incurred pursuant to this section and Section 44081 of the Health and Safety Code, the department shall deposit the revenues from collection of the penalty in the Vehicle Inspection and Repair Fund, or shall dispose of the revenues as may be provided in an interagency agreement between the department and the Department of Consumer Affairs.

SEC. 58. Section 27156 of the Vehicle Code is amended to read:

27156. (a) No person shall operate or leave standing upon any highway any motor vehicle which is a gross polluter, as defined in Section 39032.5 of the Health and Safety Code.

(b) No person shall operate or leave standing upon any highway any motor vehicle which is required to be equipped with a motor vehicle pollution control device under Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code or any other certified motor vehicle pollution control device required by any other state law or any rule or regulation adopted pursuant to that law, or required to be equipped with a motor vehicle pollution control device pursuant to the National Emission Standards Act (42 U.S.C. Secs. 1857f-1 to 1857f-7, inclusive) and the standards and regulations adopted pursuant to that federal act, unless the motor vehicle is equipped with the required motor vehicle pollution control device which is correctly installed and in operating condition. No person shall disconnect, modify, or alter any such required device.

(c) No person shall install, sell, offer for sale, or advertise any device, apparatus, or mechanism intended for use with, or as a part of, any required motor vehicle pollution control device or system which alters or modifies the original design or performance of any such motor vehicle pollution control device or system.

(d) If the court finds that a person has willfully violated this section, the court shall impose the maximum fine that may be imposed in the case, and no part of the fine may be suspended.

(e) "Willfully," as used in this section, has the same meaning as the meaning of that word prescribed in Section 7 of the Penal Code.

(f) No person shall operate a vehicle after notice by a traffic officer that the vehicle is not equipped with the required certified motor vehicle pollution control device correctly installed in operating condition, except as may be necessary to return the vehicle to the residence or place of business of the owner or driver or to a

garage, until the vehicle has been properly equipped with such a device.

(g) The notice to appear issued or complaint filed for a violation of this section shall require that the person to whom the notice to appear is issued or against whom the complaint is filed produce proof of correction pursuant to Section 40150 or proof of exemption pursuant to Section 4000.1 or 4000.2.

(h) This section shall not apply to an alteration, modification, or modifying device, apparatus, or mechanism found by resolution of the State Air Resources Board to do either of the following:

(1) Not to reduce the effectiveness of any required motor vehicle pollution control device.

(2) To result in emissions from any such modified or altered vehicle which are at levels which comply with existing state or federal standards for that model year of the vehicle being modified or converted.

(i) This section applies to motor vehicles of the United States or its agencies, to the extent authorized by federal law.

SEC. 59. Section 40517 is added to the Vehicle Code, to read:

40517. (a) Whenever a written notice to appear as a gross polluter pursuant to Section 44081 of the Health and Safety Code has been prepared by a peace officer or by a qualified employee or agent of the Bureau of Automotive Repair, on a form delivered by mail to the current address on file with the department, with a certificate of mailing being obtained as evidence of service, an exact and legible duplicate copy of the notice when filed with the department shall constitute a complaint to which the defendant may enter a plea. That notice shall not, however, constitute an arrest. If the notice to appear is not responded to by the person or business named in the notice, the department shall, not sooner than fifteen days after the date to appear specified in the notice, place a hold on the registration of the vehicle described in the notice.

(b) Thereafter, if the party named in the written notice to appear complies with the requirements of the notice, the department shall remove any hold placed on the registration of the vehicle pursuant to subdivision (a), except that any other hold not related to the specific notice shall not be removed.

SEC. 61. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 2

An act relating to energy resources, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 27, 1994. Filed with Secretary of State January 28, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The sum of four hundred thousand dollars (\$400,000) appropriated for local assistance to the Department of Transportation, payable from the Petroleum Violation Escrow Account, and allocated to child care facilities for mass transit commuters, pursuant to subdivision (q) of Provision 1 of Item 2660-101-853 of Section 2.00 of the Budget Act of 1992 (Chapter 587 of the Statutes of 1992), and reappropriated pursuant to Item 2660-493 of Section 2.00 of the Budget Act of 1993 (Chapter 55 of the Statutes of 1993), is hereby reappropriated in accordance with the following schedule:

- (a) To the Department of Transportation for local assistance for the Sylmar-San Fernando Metrolink Station \$300,000
- (b) To the State Energy Resources Conservation and Development Commission for allocation to the Metropolitan Transportation Authority for child care facilities energy conservation measures at the Sylmar-San Fernando Metrolink Station \$100,000

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize the maximum use of federal funds for the Sylmar-San Fernando Metrolink Station and for child care facilities energy conservation measures at the station, it is necessary that this act take effect immediately.

CHAPTER 3

An act to amend and renumber Section 40100 of, and to add Section 40100 to, the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 27, 1994. Filed with Secretary of State January 28, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 40100 of the Health and Safety Code is amended and renumbered to read:

40100.5. (a) On and after July 1, 1994, the membership of the governing board of each county district, including any district formed on or after that date, shall include (1) one or more members who are mayors, city council members, or both, and (2) one or more members who are county supervisors.

(b) The number of those members and their composition shall be determined jointly by the county and the cities within the district, and shall be approved by the county, and by a majority of the cities which contain a majority of the population in the incorporated area of the district.

(c) The governing board shall reflect, to the extent feasible and practicable, the geographic diversity of the district and the variation of population between the cities in the district.

(d) The members of the governing board who are mayors or city council members shall be selected by the city selection committee. The members of the governing board who are county supervisors shall be selected by the county.

(e) This section does not apply to any district in which the population of the incorporated area of the county is 35 percent or less of the total county population, as determined by the district on June 30, 1994, or to a county district having a population of more than 2,500,000 as of June 30, 1990.

(f) If a district fails to comply with subdivisions (a) and (b), the membership of the governing board shall be determined as follows:

(1) In districts in which the population in the incorporated areas represents between 36 and 50 percent of the total county population, one-third of the members of the governing board shall be mayors or city council members, and two-thirds shall be county supervisors.

(2) In districts in which the population in the incorporated areas represents more than 50 percent of the total county population, one-half of the members of the governing board shall be mayors or city council members, and one-half shall be county supervisors.

(3) The number of those members shall be determined as provided in subdivision (b) and the members shall be selected pursuant to subdivision (d).

(4) For purposes of paragraphs (1) and (2), if any number which is not a whole number results from the application of the term "one-third," "one-half," or "two-thirds," the number of county supervisors shall be increased to the nearest integer, and the number of mayors or city council members decreased to the nearest integer.

SEC. 2. Section 40100 is added to the Health and Safety Code, to read:

40100. Except as provided in Section 40100.5, a county board of supervisors shall be ex officio the county district board of the county.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the intent of the Legislature in the enactment of Chapter 961 of the Statutes of 1993 and to ensure the continuing authority of the board of supervisors to act as the governing board of county air pollution control districts in which the population of the incorporated area is 35 percent or less of the total population on June 30, 1994, and of county districts having a population of more than 2,500,000 as of June 30, 1990, it is necessary that this act take effect immediately.

CHAPTER 4

An act relating to victims of crime, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 27, 1994. Filed with
Secretary of State January 28, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares its intent that the State Board of Control be provided with the resources necessary to address a current deficiency in the Restitution Fund so that crime victims can be compensated for the pecuniary losses they suffer as a direct result of the crime for which no other source of reimbursement is available.

SEC. 2. The Legislature further finds and declares that the demonstrated decline in revenues available in the 1993-94 fiscal year for allocation to the State Penalty Fund has seriously jeopardized the solvency of that fund, and therefore the ability to provide critical services to victims of crime. It is the intent of the Legislature that victim and related services be continued without interruption at acceptable levels during the current fiscal year, and further that an appropriation from the General Fund for this purpose is urgently needed.

SEC. 3. The sum of forty-five million nine hundred thousand dollars (\$45,900,000) is hereby appropriated from the General Fund for allocation as follows:

(a) Forty-four million dollars (\$44,000,000) for deposit into the Restitution Fund for the payment of claims pursuant to subdivision (b) of Section 13967 of the Government Code.

(b) One million nine hundred thousand dollars (\$1,900,000) for deposit into the Victim-Witness Assistance Fund for the 1993-94 fiscal year, to be used in accordance with the requirements of Section 13835.7 of the Penal Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the continued solvency of the Victim-Witness Assistance Fund through the end of the current fiscal year and in order for the State Board of Control to pay approved victims of crime claims and end hardship to claimants and service providers as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 5

An act to amend Section 19533 of, and to add Sections 19440.5, 19613, and 19613.1 to, the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 10, 1994. Filed with
Secretary of State February 10, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 19440.5 is added to the Business and Professions Code, to read:

19440.5. An annual audit shall be conducted of the financial books and records of the horsemen's organizations, including any subsidiaries of the horsemen's organizations, by a nationally recognized accounting firm as follows:

(a) With respect to pension funds received by those organizations pursuant to Sections 19533, 19613, and 19613.1, the audit shall be conducted within 90 days of the close of the fund's business year. The audit shall cover the period of time since the last audit, and a copy thereof shall be filed with the board.

(b) With respect to administrative funds and welfare funds received pursuant to Sections 19533, 19606.5, 19613, and 19641, the audit shall be conducted within 90 days of the close of the fund's business year. The audit shall cover the period of time since the last audit, and a copy thereof shall be filed with the board.

(c) The horsemen's organizations shall bear the cost of the audit.

SEC. 2. Section 19533 of the Business and Professions Code, as amended by Chapter 97 of the Statutes of 1993, is amended to read:

19533. (a) Any license granted to an association other than a fair shall be only for one type of racing, thoroughbred, harness, or quarter horse racing as the case may be, except that the board may authorize the entering of thoroughbred and Appaloosa horses in quarter horse races at a distance not exceeding five furlongs at quarter horse meetings, mixed breed meetings, and fair meetings. If the board authorizes the entering of thoroughbred or Appaloosa horses in quarter horse races, the following conditions shall be met:

(1) Any race written for participation by quarter horses, Appaloosas, and thoroughbreds shall be written as quarter horse preferred.

(2) The number of races written as quarter horse preferred at a distance exceeding 870 yards shall not exceed more than three races per program without the consent of the quarter horse horsemen's organization contracting with the association.

(3) More than one-half of the races on any program shall be written for quarter horses at a distance not to exceed 550 yards, unless the consent of the quarter horse horsemen's organization is received.

(4) Mixed races with Appaloosa and quarter horses may only be written with the consent of the quarter horse horsemen's organization contracting with the association.

(b) The association that conducts the meeting shall pay to the horsemen's organization representing thoroughbred horsemen an amount for a pension plan for backstretch personnel to be administered by that horsemen's organization equivalent to 1 percent of the amount available to thoroughbred horses for purses. The remainder of the portion shall be distributed as purses. Any redistributable money paid to the board pursuant to Section 19641, which is paid to a welfare fund established by a horsemen's organization from races with both thoroughbred and quarter horses, shall be divided pro rata between the two welfare funds based on the number of thoroughbreds and quarter horses in the race.

(c) (1) Notwithstanding any other provision of law, any association licensed to conduct quarter horse racing may apply to the board for, and the board shall grant, authority to conduct thoroughbred racing as part of its racing program if all of the following conditions are met:

(A) The thoroughbred races are for a claiming price of not more than five thousand dollars (\$5,000), and at a distance of four and one-half furlongs or less. The races may not be stakes, allowance races, or maiden allowance races.

(B) More than one-half of the races on any program shall be written for quarter horses at a distance not to exceed 550 yards, unless the consent of the quarter horse horsemen's organization is received.

(C) The consent of the quarter horse horsemen's organization contracting with the association is obtained with respect to the inclusion of thoroughbred racing.

(2) The quarter horse racing association conducting thoroughbred racing pursuant to this subdivision shall pay to the horsemen's organization representing thoroughbred horsemen an amount for a pension plan for backstretch personnel to be administered by that horsemen's organization equivalent to 1 percent of the amount available to thoroughbred horses for purses. The remainder of the portion shall be distributed as purses. The quarter horse racing association shall also deduct the appropriate amount to comply with subdivision (a) of Section 19617.2 for distribution to the thoroughbred official registering agency.

SEC. 3. Section 19613 is added to the Business and Professions Code, to read:

19613. (a) Except as provided in subdivision (b) and Section 19613.1, the portion deducted for purses pursuant to this chapter shall be paid to or for the benefit of the horsemen at the racing meeting.

(b) Any association conducting a fair racing meeting or conducting a mixed breed racing meeting shall pay to any thoroughbred horsemen's organizations contracting with an association for a fair racing meeting or participating in mixed breed racing meetings, 1 percent of the portion deducted for purses for welfare funds, to be administered by the thoroughbred horsemen's organizations.

(c) This section shall become operative on January 1, 1995.

SEC. 4. Section 19613.1 is added to the Business and Professions Code, to read:

19613.1. (a) Any association that conducts a thoroughbred racing meeting, a fair racing meeting, or a mixed breed racing meeting shall pay an amount equivalent to 1 percent of the portion deducted for purses to the thoroughbred horsemen's organization contracting with the association with respect to the conduct of the racing meeting for a pension plan for backstretch personnel to be administered by the horsemen's organization.

(b) This section shall become operative on January 1, 1995.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the changes made by this act to take effect during the 1994 racing season, it is necessary that this act take effect immediately.

CHAPTER 6

An act to amend Sections 1063, 1063.1, 1063.2, 1063.4, 1063.5, 1063.7, 1067.04, 1067.05, and 10112.5 of, to add Section 1067.055 to, and to repeal and add Section 1063.3 of, the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 10, 1994. Filed with
Secretary of State February 10, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1063 of the Insurance Code is amended to read:

1063. (a) Within 60 days after the original effective date of this article, all insurers, including reciprocal insurers, admitted to transact insurance in this state of any or all of the following classes only in accordance with the provisions of Chapter 1 (commencing with Section 100) of Part 1 of this division: fire (see Section 102), marine (see Section 103), plate glass (see Section 107), liability (see Section 108), workers' compensation (see Section 109), common carrier liability (see Section 110), boiler and machinery (see Section 111), burglary (see Section 112), sprinkler (see Section 114), team and vehicle (see Section 115), automobile (see Section 116), aircraft (see Section 118), and miscellaneous (see Section 120), shall establish the California Insurance Guarantee Association (the association); provided, however, this article shall not apply to the following classes or kinds of insurance: life and annuity (see Section 101), title (see Section 104), fidelity or surety including fidelity or surety bonds, or any other bonding obligations (see Section 105), disability or health (see Section 106), credit (see Section 113), mortgage (see Section 117), mortgage guaranty, insolvency or legal (see Section 119), financial guaranty or other forms of insurance offering protection against investment risks (see Section 124), the ocean marine portion of any marine insurance or ocean marine coverage under any insurance policy including the following: the Jones Act (46 U.S.C. Sec. 688), the Longshore and Harbor Workers' Compensation Act (33 U.S.C. Sec. 901 et seq.), or any other similar federal statutory enactment, or any endorsement or policy affording protection and indemnity coverage, or reinsurance as defined in Section 620, or fraternal fire insurance written by associations organized and operating under Sections 9080 to 9103, inclusive. Any insurer admitted to transact only those classes or kinds of insurance excluded from this article shall not be a member insurer of the association. Each such insurer, including the State Compensation Insurance Fund, as a condition of its authority to transact insurance in this state, shall participate in the association whether established voluntarily or by order of the commissioner after the elapse of 60 days following the

original effective date of this article in accordance with rules to be established as provided in this article. It shall be the purpose of such association to provide for each member insurer insolvency insurance as defined in Section 119.5.

(b) The association shall be managed by a board of governors, composed of nine member insurers, each of which shall be appointed by the commissioner to serve initially for terms of one, two, or three years and thereafter for three-year terms so that three terms shall expire each year on December 31, and shall continue in office until his or her successor shall be appointed and qualified. At least five members of the board shall be domestic insurers. At least three such members shall be stock insurers, and at least three shall be nonstock insurers. The nine members shall be representative, as nearly as possible, of the classes of insurance and of the kinds of insurers covered by this article. In case of a vacancy for any reason on the board, the commissioner shall appoint a member insurer to fill the unexpired term.

(c) The association shall adopt a plan of operations, and any amendments thereto, not inconsistent with the provisions of this article, necessary to assure the fair, reasonable, and equitable manner of administering the association, and to provide for such other matters as are necessary or advisable to implement the provisions of this article. The plan of operations and any amendments thereto shall be subject to prior written approval by the commissioner. All members of the association shall adhere to the plan of operation.

(d) If for any reason the association fails to adopt a suitable plan of operation within 90 days following the original effective date of this article, or if at any time thereafter the association fails to adopt suitable amendments to the plan of operation, the commissioner shall after hearing adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this chapter. Such rules shall continue in force until modified by the commissioner after hearing or superseded by a plan of operation, adopted by the association and approved by the commissioner.

(e) In accordance with its plan of operation, the association may designate one or more of its members as a servicing facility, but a member may decline such designation. Each servicing facility shall be reimbursed by the association for all reasonable expenses it incurs and for all payments it makes on behalf of the association. Each servicing facility shall have authority to perform any functions of the association that the board of governors lawfully may delegate to it and to do so on behalf of and in the name of the association. The designation of servicing facilities shall be subject to the approval of the commissioner.

(f) The association shall have authority to borrow funds when necessary to effectuate the provisions of this article.

(g) The association, either in its own name or through servicing facilities, may be sued and may use the courts to assert or defend any

rights the association may have by virtue of this article as reasonably necessary to fully effectuate the provisions thereof.

SEC. 2. Section 1063.1 of the Insurance Code is amended to read:

1063.1. As used in this article:

(a) "Member insurer" means an insurer required to be a member of the association in accordance with the provisions of subdivision (a) of Section 1063, except and to the extent that the insurer is participating in an insolvency program adopted by the United States government.

(b) "Insolvent insurer" means a member insurer against which an order of liquidation or receivership with a finding of insolvency has been entered by a court of competent jurisdiction.

(c) (1) "Covered claims" means the obligations of an insolvent insurer, including the obligation for unearned premiums, (i) imposed by law and within the coverage of an insurance policy of the insolvent insurer; (ii) which were unpaid by the insolvent insurer; (iii) which are presented as a claim to the liquidator in this state or to the association on or before the last date fixed for the filing of claims in the domiciliary liquidating proceedings; (iv) which were incurred prior to the date coverage under the policy terminated and prior to, on, or within 30 days after the date the liquidator was appointed; (v) for which the assets of the insolvent insurer are insufficient to discharge in full; (vi) in the case of a policy of workers' compensation insurance, to provide workers' compensation benefits under the workers' compensation law of this state; and (vii) in the case of other classes of insurance if the claimant or insured is a resident of this state at the time of the insured occurrence, or the property from which the claim arises is permanently located in this state.

(2) "Covered claims" shall not include any obligations arising from the following:

(i) Life, annuity, health, or disability insurance.

(ii) Mortgage guaranty, financial guaranty, or other forms of insurance offering protection against investment risks.

(iii) Fidelity or surety insurance including fidelity or surety bonds, or any other bonding obligations.

(iv) Credit insurance.

(v) Title insurance.

(vi) Ocean marine insurance or ocean marine coverage under any insurance policy including claims arising from the following: the Jones Act (46 U.S.C.A. Sec. 688), the Longshore and Harbor Workers' Compensation Act (33 U.S.C.A. Sec. 901 et seq.), or any other similar federal statutory enactment, or any endorsement or policy affording protection and indemnity coverage.

(vii) Any claims servicing agreement or insurance policy providing retroactive insurance of a known loss or losses, except a special excess workers' compensation policy issued pursuant to paragraph (2) of subdivision (a) of Section 3702.8 of the Labor Code which cover all or any part of workers' compensation liabilities of an

employer that was previously issued a certificate of consent to self-insure pursuant to subdivision (b) of Section 3700 of the Labor Code.

(3) "Covered claims" shall not include any obligations of the insolvent insurer arising out of any reinsurance contracts, nor any obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured's request, or after the insurance policy has been canceled by the association as provided in this chapter, or after the insurance policy has been canceled by the liquidator, nor any obligations to any state or to the federal government.

(4) "Covered claims" shall not include any obligations to insurers, insurance pools, or underwriting associations, nor their claims for contribution, indemnity, or subrogation, equitable or otherwise, except as otherwise provided in this chapter.

No insurer, insurance pool, or underwriting association may maintain, in its own name or in the name of its insured, any claim or legal action against the insured of the insolvent insurer for contribution, indemnity or by way of subrogation, except insofar as, and to the extent only, that the claim exceeds the policy limits of the insolvent insurer's policy. In those claims or legal actions, the insured of the insolvent insurer shall be entitled to a credit or setoff in the amount of the policy limits of the insolvent insurer's policy, or in the amount of such limits remaining, where those limits have been diminished by the payment of other claims.

(5) "Covered claims," except in cases involving a claim for workers' compensation benefits or for unearned premiums, shall not include any claim in an amount of one hundred dollars (\$100) or less, nor that portion of any claim which is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(6) "Covered claims" shall not include that portion of any claim, other than a claim for workers' compensation benefits, which is in excess of five hundred thousand dollars (\$500,000).

(7) "Covered claims" shall not include any amount sought as a return of a premium under any policy providing retroactive insurance of a known loss or losses.

(8) "Covered claims" shall not include any amount awarded as punitive or exemplary damages.

(9) "Covered claims" shall not include (i) any claim to the extent it is covered by any other insurance of a class covered by the provisions of this article available to the claimant or insured nor (ii) any claim by any person other than the original claimant under the insurance policy in his or her own name, his or her assignee as the person entitled thereto under a premium finance agreement as defined in Section 673 and entered into prior to insolvency, his or her executor, administrator, guardian or other personal representative or trustee in bankruptcy and shall not include any claim asserted by an assignee or one claiming by right of subrogation, except as

otherwise provided in this chapter.

(10) "Covered claims" shall not include any obligations arising out of the issuance of an insurance policy written by the separate division of the State Compensation Insurance Fund pursuant to the provisions of Sections 11802 and 11803.

(11) "Covered claims" shall not include any obligations of the insolvent insurer arising from any policy or contract of insurance issued or renewed prior to the insolvent insurer's admission to transact insurance in the State of California.

(12) "Covered claims" shall not include surplus deposits of subscribers as defined in Section 1374.1.

(d) "Admitted to transact insurance in this state" means an insurer possessing a valid certificate of authority issued by the California Department of Insurance.

(e) "Affiliate" means a person who directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with an insolvent insurer on December 31 of the year next preceding the date the insurer becomes an insolvent insurer.

(f) "Control" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, 10 percent or more of the voting securities of any other person. This presumption may be rebutted by showing that control does not in fact exist.

(g) "Claimant" means any insured making a first party claim or any person instituting a liability claim; provided that no person who is an affiliate of the insolvent insurer may be a claimant.

(h) "Ocean marine insurance" includes marine insurance as defined in Section 103, except for inland marine insurance, as well as any other form of insurance, regardless of the name, label, or marketing designation of the insurance policy, which insures against maritime perils or risks and other related perils or risks, which are usually insured against by traditional marine insurance such as hull and machinery, marine builders' risks, and marine protection and indemnity. Those perils and risks insured against include, without limitation, loss, damage, or expense or legal liability of the insured arising out of or incident to ownership, operation, chartering, maintenance, use, repair, or construction of any vessel, craft or instrumentality in use in ocean or inland waterways, including liability of the insured for personal injury, illness, or death for loss or damage to the property of the insured or another person.

SEC. 3. Section 1063.2 of the Insurance Code is amended to read:
1063.2. (a) The association shall pay and discharge covered

claims and in connection therewith pay for or furnish loss adjustment services and defenses of claimants when required by policy provisions. It may do so either directly by itself or through a servicing facility or through a contract for reinsurance and assumption of liabilities by one or more member insurers or through a contract with the liquidator, upon terms satisfactory to the association and to the liquidator, under which payments on covered claims would be made by the liquidator using funds provided by the association.

(b) The association shall be a party in interest in all proceedings involving a covered claim, and shall have the same rights as the insolvent insurer would have had if not in liquidation, including, but not limited to, the right to: (1) appear, defend, and appeal a claim in a court of competent jurisdiction; (2) receive notice of, investigate, adjust, compromise, settle, and pay a covered claim; and (3) investigate, handle, and deny a noncovered claim. The association shall have no cause of action against the insureds of the insolvent insurer for any sums it has paid out, except as provided by this article.

(c) (1) If damages against uninsured motorists are recoverable by the claimant from his or her own insurer, the applicable limits of the uninsured motorists coverage shall be a credit against a covered claim payable under this article. Any person having a claim that may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured, except that if it is a first-party claim for damage to property with a permanent location, he or she shall seek recovery first from the association of the permanent location of the property, and if it is a workers' compensation claim, he or she shall seek recovery first from the association of the residence of the claimant. Any recovery under this article shall be reduced by the amount of recovery from any other insurance guaranty association or its equivalent. A member insurer may recover in subrogation from the association only one-half of any amount paid by such insurer under uninsured motorist coverage for bodily injury or wrongful death (and nothing for a payment for anything else), in those cases where the injured person insured by such an insurer has proceeded under his or her uninsured motorist coverage on the ground that the tortfeasor is uninsured as a result of the insolvency of his or her liability insurer (an insolvent insurer as defined in this article), provided that such member insurer shall waive all rights of subrogation against such tortfeasor. Any amount paid a claimant in excess of the amount authorized by this section may be recovered by action brought by the association.

(2) Any claimant having collision coverage on a loss which is covered by the insolvent company's liability policy shall first proceed against his or her collision carrier. Neither that claimant nor the collision carrier, if it is a member of the association, shall have the right to sue or continue a suit against the insured of the insolvent insurance company for such collision damage.

(d) The association shall have the right to recover from any person who is an affiliate of the insolvent insurer and whose liability obligations to other persons are satisfied in whole or in part by payments made under this article the amount of any covered claim and allocated claims expense paid on behalf of that person pursuant to this article.

(e) Any person having a claim or legal right of recovery under any governmental insurance or guaranty program which is also a covered claim, shall be required to first exhaust his or her right under the program. Any amount payable on a covered claim shall be reduced by the amount of any recovery under the program.

(f) "Covered claims" for unearned premium by lenders under insurance premium finance agreements as defined in Section 673 shall be computed as of the earliest cancellation date of the policy pursuant to Section 673 or subdivision (g) of this section.

(g) "Covered claims" shall not include any judgments against or obligations or liabilities of the insolvent insurer or the commissioner, as liquidator, or otherwise resulting from alleged or proven torts, nor shall any default judgment or stipulated judgment against the insolvent insurer, or against the insured of the insolvent insurer, be binding against the association.

(h) "Covered claims" shall not include any loss adjustment expenses, including adjustment fees and expenses, attorney fees and expenses, court costs, interest, and bond premiums, incurred prior to the appointment of a liquidator.

SEC. 4. Section 1063.3 of the Insurance Code is repealed.

SEC. 5. Section 1063.3 is added to the Insurance Code, to read:

1063.3. To aid in the detection and prevention of member insurer insolvencies:

(a) The board may, upon majority vote, make recommendations to the commissioner on matters pertaining to regulation for solvency.

(b) The board may prepare a report on the history and causes of any member insurer insolvency in which the association was obligated to pay covered claims, based on the information available to the association, and submit that report along with any recommendations resulting therefrom to the commissioner.

SEC. 6. Section 1063.4 of the Insurance Code is amended to read:

1063.4. (a) Insureds entitled to the protection of this article shall cooperate with the association in accordance with their policies in the same manner as they would have been required to cooperate with their insurer if it were not in liquidation and shall be deemed to have assigned to the association any right to make claim against the liquidator for a refund of unearned premium for the period of coverage provided by the association beginning on the date of the order of liquidation to the date of expiration or cancellation.

(b) Any insured or claimant entitled to the benefits of this article who elects to proceed under this article shall be deemed to have assigned to the association his or her rights against the estate of the insolvent insurer.

SEC. 7. Section 1063.5 of the Insurance Code is amended to read:

1063.5. Each time an insurer becomes insolvent then, to the extent necessary to secure funds for the association for payment of covered claims of that insolvent insurer and also for payment of reasonable costs of adjusting the claims, the association shall collect premium payments from its member insurers sufficient to discharge its obligations. The association shall allocate its claim payments and costs, incurred or estimated to be incurred, to one or more of the following categories: (a) workers' compensation claims; (b) homeowners' claims, and automobile claims, which shall include: automobile material damage, automobile liability (both personal injury and death and property damage), medical payments and uninsured motorist claims; and (c) claims other than workers' compensation, homeowners', and automobile, as above defined. Separate premium payments shall be required for each category. The premium payments for each category shall be used to pay the claims and costs allocated to that category. The rate of premium charged shall be a uniform percentage of net direct written premium in the preceding calendar year applicable to that category. The rate of premium charges to each member in the appropriate categories shall initially be based on the written premium of each insurer as shown in the latest year's annual financial statement on file with the commissioner. The initial premium shall be adjusted by applying the same rate of premium charge as initially used to each insurer's written premium as shown on the annual statement for the second year following the year in which the initial premium charge is made. The difference between the initial premium charge and the adjusted premium charge shall be charged or credited to each member insurer by the association as soon as practical after the filing of the annual statements of the member insurers with the commissioner for the year on which the adjusted premium is based. In the case of an insurer that was a member insurer when the initial premium charge was made and that paid the initial assessment but is no longer a member insurer at the time of the adjusted premium charge by reason of its insolvency or its withdrawal from the state and surrender of its certificate of authority to transact insurance in this state, any credit accruing to that insurer shall be refunded to it by the association. "Net direct written premiums" shall mean the amount of gross premiums, less return premiums, received in that calendar year upon business done in this state, other than premiums received for reinsurance. In cases of a dispute as to the amount of any such net direct written premium between the association and one of its members the written decision of the commissioner shall be final. The premium charged to any member insurer for any of the three categories or a category established by the association shall not be more than 1 percent of the net direct premium written in that category in this state by that member insurer. The association may exempt or defer, in whole or in part, the premium charge of any member insurer, if the premium charge would cause the member

insurer's financial statement to reflect an amount of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. However, during the period of deferment, no dividends shall be paid to shareholders or policyholders by the company whose premium charge was deferred. Deferred premium charges shall be paid when the payment will not reduce capital or surplus below required minimums. These payments shall be credited against future premium charges to those companies receiving larger premium charges by virtue of the deferment. After all covered claims of the insolvent insurer and expenses of administration have been paid, any unused premiums and any reimbursements or claims dividends from the liquidator remaining in any category shall be retained by the association and applied to reduce future premium charges in the appropriate category. However, an insurer which ceases to be a member of the association, other than an insurer that has become insolvent or has withdrawn from the state and has surrendered its certificate of authority following an initial assessment that is entitled to a refund based upon an adjusted assessment as provided above in this section, shall have no right to a refund of any premium previously remitted to the association. The commissioner may suspend or revoke the certificate of authority to transact business in this state of a member insurer which fails to pay a premium when due and after demand has been made.

Interest at a rate equal to the current federal reserve discount rate plus 2½ percent per annum shall be added to the premium of any member insurer which fails to submit the premium requested by the association within 30 days after such mailing request. However, in no event shall the interest rate exceed the legal maximum.

SEC. 8. Section 1063.7 of the Insurance Code is amended to read:

1063.7. When a liquidator, domiciliary or ancillary, is appointed in this state for any member insurer, the liquidator shall promptly give notice of his or her appointment and a brief description of the contents of this article and of the nature and functions of the association by prepaid first-class mail, to: (a) all persons known or reasonably expected to have or be interested in claims against the insurer, at the last known address within this state; (b) all insureds of the insurer, at the last known address within this state, accompanied by a notice of the date of termination of insurance; and (c) the board of governors of the association. Such notice may, but need not be, combined with the notice provided for in Section 1021. In the situations where notice is being provided by an ancillary liquidator, notice is only required to the extent information is available to provide the notice. The ancillary liquidator may also rely on the notice provided by the domiciliary liquidator to satisfy the notice requirements of this section. The liquidator may also require that producers of record of the insurer give prompt written notice of the same information, by first-class mail, to their insureds at the

last known address within this state. The liquidator shall also promptly publish such notice in a newspaper of general circulation in the county where the insurer had its principal office in this state not less than once per week, for four weeks, and by publication elsewhere in this state as the court shall direct.

SEC. 9. Section 1067.04 of the Insurance Code is amended to read:

1067.04. As used in this article:

(a) "Account" means any of the three accounts created under Section 1067.05.

(b) "Association" means the California Life and Health Insurance Guarantee Association created pursuant to Section 1067.05.

(c) "Commissioner" means the Insurance Commissioner.

(d) "Contractual obligation" means any obligation under a policy or contract, or certificate under a group policy or contract, or portion thereof, for which coverage is provided under Section 1067.02.

(e) "Covered policy" means any policy or contract within the scope of this article under Section 1067.02.

(f) "Impaired insurer" means a member insurer that, after October 1, 1990, is not an insolvent insurer, and (1) is deemed by the commissioner to be potentially unable to fulfill its contractual obligations or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

(g) "Health insurance" means the class of insurance described as disability insurance in Section 106.

(h) "Insolvent insurer" means a member insurer that, after October 1, 1990, is placed under an order of liquidation by a court of competent jurisdiction with a finding of insolvency.

(i) "Member insurer" means any insurer licensed or which holds a certificate of authority to transact in this state any kind of insurance for which coverage is provided under Section 1067.02 and includes any insurer whose license or certificate of authority in this state may have been suspended, revoked, not renewed, or voluntarily withdrawn, but does not include any of the following:

(1) A fraternal benefit society.

(2) A mandatory state pooling plan.

(3) A mutual assessment company or any entity that operates on an assessment basis.

(4) An insurance exchange.

(5) A nonprofit hospital service plan.

(6) A health care service plan.

(7) A grants and annuities society holding a certificate of authority under Section 11520.

(8) Any entity similar to any of the above.

(j) "Moody's Corporate Bond Yield Average" means the Monthly Average Corporates as published by Moody's Investors Service, Inc., or any successor thereto.

(k) "Person" means any individual, corporation, partnership, association, or voluntary organization.

(l) "Premiums" means amounts received on covered policies or contracts less premiums, considerations, and deposits returned thereon, and less dividends and experience credits thereon. "Premiums" does not include any amounts received for any policies or contracts or for the portions of any policies or contracts for which coverage is not provided under subdivision (b) of Section 1067.02 except that assessable premium shall not be reduced on account of paragraph (2) of subdivision (c) of Section 1067.02 relating to limitations with respect to any one individual, any one participant, and any one contractholder; provided that "premiums" shall not include any premiums in excess of five million dollars (\$5,000,000) with respect to multiple policies of individual life insurance issued to any one owner, whether the policyowner is an individual, firm, corporation, or other legal entity, and whether the persons insured are officers, employees, or other persons in whose lives the policyowner has an insurable interest, regardless of the number of policies held by the owner.

(m) "Resident" means any person who resides in this state at the time a member insurer is determined to be an impaired or insolvent insurer and to whom a contractual obligation is owed. A person may be a resident of only one state, which in the case of a person other than a natural person shall be its principal place of business.

(n) "Supplemental contract" means any agreement entered into for the distribution of policy or contract proceeds.

(o) "Unallocated annuity contract" means any annuity contract or group annuity certificate which is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed to an individual by an insurer under that contract or certificate, and except to the extent allowed in subparagraph (D) of paragraph (2) of subdivision (b) of Section 1067.02.

SEC. 10. Section 1067.05 of the Insurance Code is amended to read:

1067.05. (a) A nonprofit legal entity to be known as the California Life and Health Insurance Guarantee Association shall exist as a result of the merger of the Robbins-Seastrand Health Insurance Guaranty Association with and into the California Life Insurance Guaranty Association pursuant to Section 1067.055. All member insurers shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions under the plan of operation established and approved under Section 1067.09 and shall exercise its powers through a board of directors established under Section 1067.06. For purposes of administration and assessment, the association shall maintain the following three accounts:

- (1) The life insurance account.
- (2) The annuity account.
- (3) The health insurance account.

(b) The association shall come under the immediate supervision of the commissioner and shall be subject to the applicable provisions

of the insurance laws of this state. Meetings or records of the association may be opened to the public upon majority vote of the board of directors of the association.

SEC. 11. Section 1067.055 is added to the Insurance Code, to read: 1067.055. In order to provide for the merger of the Robbins-Seastrand Health Insurance Guaranty Association with and into the California Life Insurance Guaranty Association, the following shall apply:

(a) Notwithstanding the repeal of the California Life Insurance Guaranty Association Act and the Robbins-Seastrand Health Insurance Guaranty Association Act, the Robbins-Seastrand Health Insurance Guaranty Association shall, effective immediately prior to that repeal, be merged with and into the California Life Insurance Guaranty Association, which shall then be known as the California Life and Health Insurance Guarantee Association.

(b) Notwithstanding the repeal of the California Life Insurance Guaranty Association Act and the Robbins-Seastrand Health Insurance Guaranty Association Act, but subject to the last sentence of this subdivision, all of the following shall apply:

(1) The association shall succeed, without other transfer, to all the rights, powers, privileges, assets, and property of each of the California Life Insurance Guaranty Association and the Robbins-Seastrand Health Insurance Guaranty Association, which for the purposes of this section shall be referred collectively as the merging associations. The association shall be subject to all debts, obligations, and liabilities of each merging association in the same manner as if the association had itself incurred them, in each case under the law in effect prior to the effective date of this article, as those rights, powers, privileges, obligations, debts, and liabilities may be amended and restated in this article, including, without limitation, the extension of coverage with respect to unallocated contracts as provided in subparagraph (D) of paragraph (2) of subdivision (b) of Section 1067.02, and in each case with respect to member insurers that became impaired insurers or insolvent insurers prior to the effective date of this article and after October 1, 1990. Without limiting the generality of the foregoing, the association shall succeed to (A) all collected, uncollected, or unbilled assessments of the merging associations, (B) all cash, bank accounts, and accrued interest of the merging associations, (C) all rights, powers, privileges, and obligations of the merging associations under any contracts or commitments of the merging association, (D) all subrogations, assignments, and creditor rights and interests of the merging associations, and (E) all rights, powers, privileges, and obligations of each of the trusts established on December 31, 1993, by each of the merging associations as settlor.

(2) All rights of creditors and all liens upon the property of each of the merging associations shall be preserved unimpaired, provided that the liens upon property of a merging association shall be limited to the property affected thereby immediately prior to the effective

date of this article.

(3) Any action or proceeding pending by or against a merging association may be prosecuted to judgment, which shall bind the association, or the association may be proceeded against or be substituted in its place.

Notwithstanding the other provisions of this subdivision, all debts, obligations, and liabilities of a merging association that were to be paid out of a specified account of the merging association shall be paid solely out of the assets of that merging association that were available to that merging association to pay those debts and liabilities, including, without limitation, collected, uncollected, or unbilled assessments, and any and all subrogation, assignment, and creditor rights, or out of assets in the same type of account of the association.

(c) Notwithstanding any other provision to the contrary in this article:

(1) It is the intent of this section to preserve rights, powers, privileges, assets, property, debts, obligations, and liabilities of each of the merging associations, and not to provide contractholders and policyholders, or their respective payees, beneficiaries, or assignees, with duplicative rights, powers, privileges, assets, or property.

(2) Accordingly, no contractholder and policyholder, and no contractholder's or policyholder's payee, beneficiary, or assignee, shall be entitled to (A) a recovery from the association that is duplicative of a previous recovery from either of the merging associations, or the trust established by either merging association, or (B) a recovery from the association on account of a claim against either of the merging associations where the association is liable with respect to a claim under the same policy or contract under this article.

SEC. 12. Section 10112.5 of the Insurance Code is amended to read:

10112.5. (a) Notwithstanding any other provision of law, every policy or certificate of disability insurance covering hospital, medical, or surgical expenses marketed, issued, or delivered to a resident of this state, regardless of the situs of the contract or master group policyholder, shall be subject to all provisions of this code.

(b) Subdivision (a) shall not apply to a policy of disability insurance that covers hospital, medical, or surgical expenses and that is issued outside of California to an employer whose principle place of business and majority of employees are located outside of California.

(c) Nothing in subdivision (b) shall be construed to limit the applicability of any other provision of this code to any policy of disability insurance that covers hospital, medical, or surgical expenses and that is issued outside of California to an employer whose principle place of business and majority of employees are located outside of California.

SEC. 13. It is the intent of the Legislature in enacting those portions of this act dealing with the California Life and Health

Insurance Guarantee Association to implement the intent of the Legislature at the time it enacted Chapter 974 of the Statutes of 1993 to (a) merge the Robbins-Seastrand Health Insurance Guaranty Association and the California Life Insurance Guaranty Association, with the surviving entity to be known as the California Life and Health Insurance Guarantee Association, (b) to provide that the California Life and Health Insurance Guarantee Association will have the same purposes as California Life Insurance Guaranty Association and the Robbins-Seastrand Health Insurance Guaranty Association, and (c) to provide that the California Life and Health Insurance Guarantee Association will succeed to the rights and liabilities of the Robbins-Seastrand Health Insurance Guaranty Association and the California Life Insurance Guaranty Association.

This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 974 of the Statutes of 1993 created the California Life and Health Insurance Guarantee Association without expressly providing for the orderly transition of operations and coverage. To remedy this potential defect, it is the intent of the Legislature to clarify that the California Life and Health Insurance Guarantee Association is the successor to the California Life Insurance Guaranty Association and the Robbins-Seastrand Health Insurance Guaranty Association. In order to ensure that policyholders of impaired or insolvent insurers are paid promptly and to clarify the rights and obligations of the association, it is necessary that this act take effect immediately.

CHAPTER 7

An act to amend Section 6 of Chapter 609 of the Statutes of 1993, relating to murder, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 23, 1994. Filed with
Secretary of State February 23, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 6 of Chapter 609 of the Statutes of 1993 is amended to read:

Sec. 6. Section 3 of this act affects an initiative statute and shall become effective only when submitted to, and approved by, the voters pursuant to subdivision (c) of Section 10 of Article II of the California Constitution.

SEC. 2. Notwithstanding any other law, Section 3 of Chapter 609 of the Statutes of 1993 shall be submitted by the Secretary of State to the voters at the June 7, 1994, primary election pursuant to

subdivision (c) of Section 10 of Article II of the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to correct a section reference made by Section 6 of Chapter 609 of the Statutes of 1993, it is necessary that this act take effect immediately.

CHAPTER 8

An act to amend Section 5101.2 of the Vehicle Code, relating to vehicles.

[Approved by Governor February 23, 1994. Filed with Secretary of State February 23, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 5101.2 of the Vehicle Code is amended to read:

5101.2. (a) Any person otherwise eligible under this article who is a firefighter may apply for special license plates for the vehicle under this article. Any license plates issued pursuant to this section shall be issued in accordance with Section 5060.

(b) The applicant shall, by satisfactory proof, show all of the following:

(1) The applicant is in good standing as an officer, an employee, or a member of a fire department or a fire service of the state, a county, a city, a district, or any other political subdivision of the state, whether in a volunteer, partly paid, or fully paid status.

(2) The applicant is regularly employed as a firefighter or regularly enrolled as a volunteer firefighter.

(3) The applicant's principal duties fall within the scope of active firefighting and any of the following activities:

- (A) Fire prevention service.
- (B) Fire training.
- (C) Hazardous materials abatement.
- (D) Arson investigation.
- (E) Emergency medical services.

(c) The special license plates issued under this section shall contain the words "California Firefighter" and shall run in a regular numerical series.

(d) In addition to the regular fees for an original registration, a renewal of registration, or a transfer of registration, the following special license plate fees shall be paid:

- (1) A fee of thirty-five dollars (\$35) for the initial issuance of the

special license plates. These special license plates shall be permanent and shall not be required to be replaced.

(2) A fee of twenty dollars (\$20) for each renewal of registration which includes the continued display of the special license plates.

(3) If the special license plates become damaged or unserviceable, a fee of thirty-five dollars (\$35) for the replacement of the special license plates, obtained from the department upon proper application therefor.

(4) A fee of fifteen dollars (\$15) for the transfer of the special license plates to another vehicle qualifying as a vehicle owned by a firefighter who has met the requirements set forth in subdivision (b).

(5) In addition, for the issuance of environmental license plates, as defined in Section 5103, with the special firefighter personal vehicle license plates and distinctive design or decal, the additional fees prescribed in Sections 5106 and 5108. The additional fees collected pursuant to this paragraph shall be deposited in the California Environmental License Plate Fund.

(e) Upon the death of a person issued special license plates pursuant to this section, the plates shall be returned to the department within 60 days after the death of the plateholder or upon the expiration of the vehicle registration, whichever occurs first.

(f) Except as provided in paragraph (5) of subdivision (d), the revenues derived from the additional special fees provided in this section, less costs incurred by the department pursuant to this section, shall, prior to January 1, 1999, be deposited in the California Firefighters' Memorial Fund established by Section 18518.2 of the Revenue and Taxation Code.

(g) Except as provided in paragraph (5) of subdivision (d), the revenues derived from the additional special fees provided in this section, less costs incurred by the department pursuant to this section, shall, on and after January 1, 1999, be deposited in the California Fire and Arson Training Fund established by Section 13159.10 of the Health and Safety Code.

CHAPTER 9

An act to amend Sections 6489 and 6490 of, and to repeal Section 6489.3 of, the Elections Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 23, 1994. Filed with
Secretary of State February 23, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 6489 of the Elections Code is amended to read:

6489. For the purposes of this article, "nomination documents"

means declaration of candidacy and nomination papers.

SEC. 2. Section 6489.3 of the Elections Code is repealed.

SEC. 3. Section 6490 of the Elections Code is amended to read:

6490. (a) No candidate's name shall be printed on the ballot to be used at the direct primary unless the following nomination documents are delivered for filing to the county elections official:

(1) Declaration of candidacy pursuant to Section 6491.

(2) Nomination papers signed by signers pursuant to Section 6494.

(b) The forms shall first be available on the 113th day prior to the direct primary election and shall be delivered not later than 5 p.m. on the 88th day prior to the direct primary.

(c) Upon the receipt of an executed nomination document, the county elections official shall give the person delivering the document a receipt, properly dated, indicating that the document was delivered to the county elections official.

(d) Notwithstanding Section 6490.5, upon request of a candidate, the county elections official shall provide the candidate with a declaration of candidacy. The county elections official shall not require a candidate to sign, file, or sign and file, a declaration of candidacy as a condition of receiving nomination papers.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the changes in election procedures proposed by this bill to be in effect for the statewide primary election to be held on June 7, 1994, it is necessary that this bill take effect immediately.

CHAPTER 10

An act to amend, repeal, and add Sections 10153.4 and 10170.5 of the Business and Professions Code, relating to real estate, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 23, 1994. Filed with Secretary of State February 23, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 10153.4 of the Business and Professions Code is amended to read:

10153.4. (a) Every person who is required to comply with Section 10153.3 to obtain an original real estate salesperson license shall, prior to the issuance of the license, or within 18 months after issuance, submit evidence, satisfactory to the commissioner, of successful completion, at an accredited institution, of two of the courses listed in Section 10153.2, other than real estate principles, advanced legal aspects of real estate, advanced real estate finance, or advanced real estate appraisal.

(b) A salesperson who qualifies for a license pursuant to this section shall not be required for the first license renewal thereafter to complete the continuing education pursuant to Article 2.5 (commencing with Section 10170), except for the courses specified in subdivisions (a) and (b) of Section 10170.5.

(c) The salesperson license issued to an applicant who has satisfied only the requirements of Section 10153.3 at the time of issuance shall be automatically suspended effective 18 months after issuance if the licensee has failed to satisfy subdivision (a). The suspension shall not be lifted until the suspended licensee has submitted the required evidence of course completion and the commissioner has given written notice to the licensee of the lifting of the suspension.

(d) The original license issued to a salesperson shall clearly set forth the conditions of the license and shall be accompanied by a notice of the provisions of this section and of any regulations adopted by the commissioner to implement this section.

(e) The commissioner shall waive the requirements of this section for any person who presents evidence of admission to the State Bar of California, and the commissioner shall waive the requirement for any course for which an applicant has completed an equivalent course of study as determined under Section 10153.5.

This section shall remain in effect until January 1, 1996, and as of that date is repealed.

SEC. 2. Section 10153.4 is added to the Business and Professions Code, to read:

10153.4. (a) Every person who is required to comply with Section 10153.3 to obtain an original real estate salesperson license shall, prior to the issuance of the license, or within 18 months after

issuance, submit evidence, satisfactory to the commissioner, of successful completion, at an accredited institution, of two of the courses listed in Section 10153.2, other than real estate principles, advanced legal aspects of real estate, advanced real estate finance, or advanced real estate appraisal.

(b) A salesperson who qualifies for a license pursuant to this section shall not be required for the first license renewal thereafter to complete the continuing education pursuant to Article 2.5 (commencing with Section 10170), except for the courses specified in paragraphs (1) to (4), inclusive, of subdivision (a) of Section 10170.5.

(c) The salesperson license issued to an applicant who has satisfied only the requirements of Section 10153.3 at the time of issuance shall be automatically suspended effective 18 months after issuance if the licensee has failed to satisfy subdivision (a). The suspension shall not be lifted until the suspended licensee has submitted the required evidence of course completion and the commissioner has given written notice to the licensee of the lifting of the suspension.

(d) The original license issued to a salesperson shall clearly set forth the conditions of the license and shall be accompanied by a notice of the provisions of this section and of any regulations adopted by the commissioner to implement this section.

(e) The commissioner shall waive the requirements of this section for any person who presents evidence of admission to the State Bar of California, and the commissioner shall waive the requirement for any course for which an applicant has completed an equivalent course of study as determined under Section 10153.5.

This section shall become operative January 1, 1996.

SEC. 3. Section 10170.5 of the Business and Professions Code is amended to read:

10170.5. Except as otherwise provided in Sections 10153.4 and 10170.8, no real estate license shall be renewed unless the commissioner finds that the applicant for license renewal has, during the four-year period preceding the renewal application, successfully completed the 45 clock hours of education provided for in Section 10170.4, including all of the following:

(a) A three-hour course in ethics, professional conduct, and legal aspects of real estate, which shall include, but not be limited to, relevant legislation, regulations, articles, reports, studies, court decisions, treatises, and information of current interest.

(b) A three-hour course in agency relationships and duties in a real estate brokerage practice, including instruction in the disclosures to be made and the confidences to be kept in the various agency relationships between licensees and the parties to real estate transactions.

(c) Not less than 18 clock hours of courses or programs related to consumer protection, and designated by the commissioner as satisfying this purpose in his or her approval of the offering of these courses or programs, which shall include, but not be limited to, forms

of real estate financing relevant to serving consumers in the marketplace; land use regulation and control; pertinent consumer disclosures; agency relationships; capital formation for real estate development; fair practices in real estate; appraisal and valuation techniques; landlord-tenant relationships; energy conservation; environmental regulation and consideration; taxation as it relates to consumer decisions in real estate transactions; probate and similar disposition of real property; governmental programs such as revenue bond activities, redevelopment, and related programs; business opportunities; and mineral, oil, and gas conveyancing.

(d) Other courses and programs that will enable a licensee to achieve a high level of competence in serving the objectives of consumers who may engage the services of licensees to secure the transfer, financing, or similar objectives with respect to real property, including organizational and management techniques that will significantly contribute to this goal.

Any denial of a license pursuant to this section shall be subject to Section 10100.

It is the intent of the Legislature that a real estate licensee renewing his or her license on or after January 1, 1994, and before the effective date of this section, as amended by Assembly Bill 244, comply with the provisions of this section in connection with the license renewal. Therefore, the provisions of this section are retroactive and the commissioner shall require a licensee who renewed his or her license on or after January 1, 1994, and prior to the effective date of this section, as amended by Assembly Bill 244, and who in connection therewith did not submit evidence of having met the requirements of this section, to do so within 45 days of the mailing of the following notice to the licensee at his or her mailing address on file with the department:

“At the time of the renewal of your real estate license, you did not submit evidence satisfactory to the commissioner of having satisfied the continuing education requirements set forth in Section 10170.5 of the Business and Professions Code, as amended by Assembly Bill 244. Also at the time of your renewal, you were advised that Assembly Bill 244 was pending in the Legislature, and that it would require a licensee who renewed his or her license on or after January 1, 1994, and who had not satisfied the continuing education requirements in connection with the renewal, to do so within 45 days from its enactment. Assembly Bill 244 has passed the Legislature and has been enacted into law. Therefore, you are now required to submit evidence, satisfactory to the commissioner, of having complied with the continuing education requirements within 45 days from the date of the mailing of this notice or your real estate license will be indefinitely suspended until the commissioner has received and approved the evidence of compliance.”

This section shall remain in effect until January 1, 1996, and as of that date is repealed.

SEC. 4. Section 10170.5 is added to the Business and Professions

Code, to read:

10170.5. (a) Except as otherwise provided in Sections 10153.4 and 10170.8, no real estate license shall be renewed unless the commissioner finds that the applicant for license renewal has, during the four-year period preceding the renewal application, successfully completed the 45 clock hours of education provided for in Section 10170.4, including all of the following:

(1) A three-hour course in ethics, professional conduct, and legal aspects of real estate, which shall include, but not be limited to, relevant legislation, regulations, articles, reports, studies, court decisions, treatises, and information of current interest.

(2) A three-hour course in agency relationships and duties in a real estate brokerage practice, including instruction in the disclosures to be made and the confidences to be kept in the various agency relationships between licensees and the parties to real estate transactions.

(3) A three-hour course in trust fund accounting and handling.

(4) A three-hour course in fair housing.

(5) Not less than 18 clock hours of courses or programs related to consumer protection, and designated by the commissioner as satisfying this purpose in his or her approval of the offering of these courses or programs, which shall include, but not be limited to, forms of real estate financing relevant to serving consumers in the marketplace; land use regulation and control; pertinent consumer disclosures; agency relationships; capital formation for real estate development; fair practices in real estate; appraisal and valuation techniques; landlord-tenant relationships; energy conservation; environmental regulation and consideration; taxation as it relates to consumer decisions in real estate transactions; probate and similar disposition of real property; governmental programs such as revenue bond activities, redevelopment, and related programs; business opportunities; and mineral, oil, and gas conveyancing.

(6) Other courses and programs that will enable a licensee to achieve a high level of competence in serving the objectives of consumers who may engage the services of licensees to secure the transfer, financing, or similar objectives with respect to real property, including organizational and management techniques that will significantly contribute to this goal.

(b) Except as otherwise provided in Sections 10153.4 and 10170.8, no real estate license shall be renewed for a licensee who already has renewed under the provisions of subdivision (a), unless the commissioner finds that the applicant for license renewal has, during the four-year period preceding the renewal application, successfully completed the 45 clock hours of education provided for in Section 10170.4, including either of the following:

(1) A four-hour update survey course that covers the subject areas specified in paragraphs (1) to (4), inclusive, of subdivision (a).

(2) Any two of the four three-hour courses described in paragraphs (1) to (4), inclusive, of subdivision (a), provided that the

two courses completed have not been used to qualify for renewal under this subdivision in the four-year period immediately preceding the applicant's current four-year renewal period, other than the initial renewal in which all four courses shall have been completed.

(c) Any denial of a license pursuant to this section shall be subject to Section 10100.

This section shall become operative January 1, 1996.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The requirements for continuing education for real estate licensees, which have been in effect since 1983, unintentionally were suspended for the 1994 calendar year by the language of AB 1902 (Chapter 541, Statutes of 1993). This act is necessary to reinstitute these requirements.

CHAPTER 11

An act to add Sections 21100.2 and 21100.4 to the Water Code, relating to water, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 23, 1994. Filed with Secretary of State February 23, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 21100.2 is added to the Water Code, to read: 21100.2. (a) This section applies to the Pixley Irrigation District.

(b) Notwithstanding Section 21100, the board of directors of the district may adopt a resolution that authorizes a person who meets only the landownership requirement of Section 21100 to be a director of the district.

(c) Notwithstanding the adoption of a resolution pursuant to subdivision (b), the registered voters in the district may request, in writing, that all of the directors who are appointed or elected subsequent to the receipt of the request be required to meet all of the requirements of Section 21100. The request shall be submitted to the directors.

(d) If the directors determine that at least 25 percent of the registered voters in the district have signed the request submitted pursuant to subdivision (c), all of the directors who are appointed or elected subsequent to the receipt of the request shall meet all of the requirements of Section 21100.

SEC. 2. Section 21100.4 is added to the Water Code, to read:

21100.4. (a) This section applies to the Hills Valley Irrigation

District.

(b) Notwithstanding Section 21100, the board of directors of the district may adopt a resolution that authorizes a person who meets only the landownership requirement of Section 21100 to be a director of the district.

(c) Notwithstanding the adoption of a resolution pursuant to subdivision (b), the registered voters in the district may request, in writing, that all of the directors who are appointed or elected subsequent to the receipt of the request be required to meet all of the requirements of Section 21100. The request shall be submitted to the directors.

(d) If the directors determine that at least 25 percent of the registered voters in the district have signed the request submitted pursuant to subdivision (c), all of the directors who are appointed or elected subsequent to the receipt of the request shall meet all of the requirements of Section 21100.

SEC. 3. The Legislature finds and declares that this act, which is applicable only to the Pixley Irrigation District and the Hills Valley Irrigation District, is necessary because a substantial portion of the land included within those districts is owned by persons not residing within those districts who are concerned with the affairs and support of those districts. It is, therefore, hereby declared that a general law cannot be made applicable to those districts in accordance with Section 16 of Article IV of the California Constitution, and that the enactment of this special law is necessary for the solution of problems existing within those districts.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the changes affecting the qualifications of the directors of the Pixley Irrigation District and the Hills Valley Irrigation District may take effect at the earliest possible date, it is necessary that this act take effect immediately.

CHAPTER 12

An act to amend Section 667 of the Penal Code, relating to sentencing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 7, 1994. Filed with
Secretary of State March 7, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 667 of the Penal Code is amended to read:
667. (a) (1) In compliance with subdivision (b) of Section 1385,

any person convicted of a serious felony who previously has been convicted of a serious felony in this state or of any offense committed in another jurisdiction which includes all of the elements of any serious felony, shall receive, in addition to the sentence imposed by the court for the present offense, a five-year enhancement for each such prior conviction on charges brought and tried separately. The terms of the present offense and each enhancement shall run consecutively.

(2) This subdivision shall not be applied when the punishment imposed under other provisions of law would result in a longer term of imprisonment. There is no requirement of prior incarceration or commitment for this subdivision to apply.

(3) The Legislature may increase the length of the enhancement of sentence provided in this subdivision by a statute passed by majority vote of each house thereof.

(4) As used in this subdivision, "serious felony" means a serious felony listed in subdivision (c) of Section 1192.7.

(5) This subdivision shall not apply to a person convicted of selling, furnishing, administering, or giving, or offering to sell, furnish, administer, or give to a minor any methamphetamine-related drug or any precursors of methamphetamine unless the prior conviction was for a serious felony described in subparagraph (24) of subdivision (c) of Section 1192.7.

(b) It is the intent of the Legislature in enacting subdivisions (b) to (i), inclusive, to ensure longer prison sentences and greater punishment for those who commit a felony and have been previously convicted of serious and/or violent felony offenses.

(c) Notwithstanding any other law, if a defendant has been convicted of a felony and it has been pled and proved that the defendant has one or more prior felony convictions as defined in subdivision (d), the court shall adhere to each of the following:

(1) There shall not be an aggregate term limitation for purposes of consecutive sentencing for any subsequent felony conviction.

(2) Probation for the current offense shall not be granted, nor shall execution or imposition of the sentence be suspended for any prior offense.

(3) The length of time between the prior felony conviction and the current felony conviction shall not affect the imposition of sentence.

(4) There shall not be a commitment to any other facility other than the state prison. Diversion shall not be granted nor shall the defendant be eligible for commitment to the California Rehabilitation Center as provided in Article 2 (commencing with Section 3050) of Chapter 1 of Division 3 of the Welfare and Institutions Code.

(5) The total amount of credits awarded pursuant to Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall not exceed one-fifth of the total term of imprisonment imposed and

shall not accrue until the defendant is physically placed in the state prison.

(6) If there is a current conviction for more than one felony count not committed on the same occasion, and not arising from the same set of operative facts, the court shall sentence the defendant consecutively on each count pursuant to subdivision (e).

(7) If there is a current conviction for more than one serious or violent felony as described in paragraph (6), the court shall impose the sentence for each conviction consecutive to the sentence for any other conviction for which the defendant may be consecutively sentenced in the manner prescribed by law.

(8) Any sentence imposed pursuant to subdivision (e) will be imposed consecutive to any other sentence which the defendant is already serving, unless otherwise provided by law.

(d) Notwithstanding any other law and for the purposes of subdivisions (b) to (i), inclusive, a prior conviction of a felony shall be defined as:

(1) Any offense defined in subdivision (c) of Section 667.5 as a violent felony or any offense defined in subdivision (c) of Section 1192.7 as a serious felony in this state. The determination of whether a prior conviction is a prior felony conviction for purposes of subdivisions (b) to (i), inclusive, shall be made upon the date of that prior conviction and is not affected by the sentence imposed unless the sentence automatically, upon the initial sentencing, converts the felony to a misdemeanor. None of the following dispositions shall affect the determination that a prior conviction is a prior felony for purposes of subdivisions (b) to (i), inclusive:

(A) The suspension of imposition of judgment or sentence.

(B) The stay of execution of sentence.

(C) The commitment to the State Department of Health Services as a mentally disordered sex offender following a conviction of a felony.

(D) The commitment to the California Rehabilitation Center or any other facility whose function is rehabilitative diversion from the state prison.

(2) A conviction in another jurisdiction for an offense that, if committed in California, is punishable by imprisonment in the state prison. A prior conviction of a particular felony shall include a conviction in another jurisdiction for an offense that includes all of the elements of the particular felony as defined in subdivision (c) of Section 667.5 or subdivision (c) of Section 1192.7.

(3) A prior juvenile adjudication shall constitute a prior felony conviction for purposes of sentence enhancement if:

(A) The juvenile was 16 years of age or older at the time he or she committed the prior offense.

(B) The prior offense is listed in subdivision (b) of Section 707 of the Welfare and Institutions Code or described in paragraph (1) or (2) as a felony.

(C) The juvenile was found to be a fit and proper subject to be

dealt with under the juvenile court law.

(D) The juvenile was adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code.

(e) For purposes of subdivisions (b) to (i), inclusive, and in addition to any other enhancement or punishment provisions which may apply, the following shall apply where a defendant has a prior felony conviction:

(1) If a defendant has one prior felony conviction that has been pled and proved, the determinate term or minimum term for an indeterminate term shall be twice the term otherwise provided as punishment for the current felony conviction.

(2) (A) If a defendant has two or more prior felony convictions as defined in subdivision (d) that have been pled and proved, the term for the current felony conviction shall be an indeterminate term of life imprisonment with a minimum term of the indeterminate sentence calculated as the greater of:

(i) Three times the term otherwise provided as punishment for each current felony conviction subsequent to the two or more prior felony convictions.

(ii) Imprisonment in the state prison for 25 years.

(iii) The term determined by the court pursuant to Section 1170 for the underlying conviction, including any enhancement applicable under Chapter 4.5 (commencing with Section 1170) of Title 7 of Part 2, or any period prescribed by Section 190 or 3046.

(B) The indeterminate term described in subparagraph (A) shall be served consecutive to any other term of imprisonment for which a consecutive term may be imposed by law. Any other term imposed subsequent to any indeterminate term described in subparagraph (A) shall not be merged therein but shall commence at the time the person would otherwise have been released from prison.

(f) (1) Notwithstanding any other law, subdivisions (b) to (i), inclusive, shall be applied in every case in which a defendant has a prior felony conviction as defined in subdivision (d). The prosecuting attorney shall plead and prove each prior felony conviction except as provided in paragraph (2).

(2) The prosecuting attorney may move to dismiss or strike a prior felony conviction allegation in the furtherance of justice pursuant to Section 1385, or if there is insufficient evidence to prove the prior conviction. If upon the satisfaction of the court that there is insufficient evidence to prove the prior felony conviction, the court may dismiss or strike the allegation.

(g) Prior felony convictions shall not be used in plea bargaining as defined in subdivision (b) of Section 1192.7. The prosecution shall plead and prove all known prior felony convictions and shall not enter into any agreement to strike or seek the dismissal of any prior felony conviction allegation except as provided in paragraph (2) of subdivision (f).

(h) All references to existing statutes in subdivisions (c) to (g), inclusive, are to statutes as they existed on June 30, 1993.

(i) If any provision of subdivisions (b) to (h), inclusive, or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of those subdivisions which can be given effect without the invalid provision or application, and to this end the provisions of those subdivisions are severable.

(j) The provisions of this section shall not be amended by the Legislature except by statute passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring, or by a statute that becomes effective only when approved by the electors.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure longer prison sentences and greater punishment for those who commit a felony and have been previously convicted of serious or violent felony offenses, and to protect the public from the imminent threat posed by those repeat felony offenders, it is necessary that this act take effect immediately.

CHAPTER 13

An act to amend Section 66171 of the Education Code, relating to postsecondary education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 9, 1994. Filed with
Secretary of State March 10, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 66171 of the Education Code is amended to read:

66171. (a) Each governing board shall charge duplicate degree tuition to a student who has earned a degree equivalent to or higher than the degree awarded by the program in which he or she is enrolled or who has earned a baccalaureate degree or postbaccalaureate degree and is enrolled without a declared degree objective.

(b) No duplicate degree tuition shall be charged to a student who is any of the following:

(1) A dislocated worker, as certified by a state agency in accordance with Title 3 of the federal Job Training Partnership Act.

(2) A displaced homemaker, as defined in accordance with the Higher Education Act of 1965, as amended (20 U.S.C. Sec. 1001 et

seq.).

(3) A person who is an enrollee in any program leading to a credential or certificate that has been approved by the Commission on Teacher Credentialing.

(4) A recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income or State Supplementary Program, or a general assistance program.

(c) For purposes of this article, the following shall apply:

(1) A degree earned in a joint degree or double-major program shall not be considered an equivalent degree earned prior to any other degree awarded by the joint degree or double-major program.

(2) A program that awards a master's degree as part of a course of study leading to a doctorate shall not be considered a program that awards the master's degree, unless the stated objective of the student is to earn the master's degree.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that students pursuing a credential will be exempted from the duplicate degree tuition fee for the term that begins in January 1994, it is necessary that this act take effect immediately.

CHAPTER 14

An act to amend Section 38170 of the Vehicle Code, relating to vehicles.

[Approved by Governor March 9, 1994. Filed with
Secretary of State March 10, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 38170 of the Vehicle Code is amended to read:

38170. (a) Every off-highway motor vehicle subject to identification shall have displayed upon it the identification number assigned to the vehicle for which it is issued, together with the word "California" or the abbreviation "CAL" and the year number for which it is issued or a suitable device issued by the department for validation purposes, which device shall contain the year for which it is issued.

(b) The identification plate or device shall at all times be securely fastened to the vehicle for which it is issued and shall be mounted or affixed in a position to be clearly visible, and shall be maintained in a condition so as to be clearly legible. No covering shall be used on the identification plate or device.

(c) All identification plates or devices issued on or after January

1, 1996, shall be displayed as follows:

(1) On the left fork leg of a motorcycle, either horizontal or vertical, and shall be visible from the left side of the motorcycle.

(2) On the left quadrant of the metal frame member of sand rails, rail-type buggies, and dune buggies, visible from the rear of the vehicle.

(3) On the left rear quadrant on permanent plastic or metal frame members of all-terrain vehicles, visible to outside inspections.

(4) On the left tunnel on the back quadrant of snowmobiles.

CHAPTER 15

An act to add Chapter 12.48 (commencing with Section 8879) to Division 1 of Title 2 of the Government Code, and to add Article 4.9 (commencing with Section 180) to Chapter 1 of Division 1 of the Streets and Highway Code, relating to earthquake relief and seismic retrofit by providing the funds necessary therefor through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 15, 1994. Filed with
Secretary of State March 15, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.48 (commencing with Section 8879) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 12.48. EARTHQUAKE RELIEF AND SEISMIC RETROFIT BOND ACT OF 1994

Article 1. General Provisions

8879. This chapter shall be known as the Earthquake Relief and Seismic Retrofit Bond Act of 1994.

8879.1. The Legislature finds and declares all of the following:

(a) The Northridge earthquake of January 17, 1994, caused personal losses and damage to infrastructure and property resulting in relocations and severe disruption of livelihood.

(b) It is in the best interest of the state to provide, to the greatest extent feasible, resources to address the disruptions and dangerous situations that continue to exist.

8879.2. As used in this chapter, the following terms have the following meanings:

(a) "Board" means any department receiving an allocation from the Department of Finance.

(b) "Committee" means the Earthquake Relief and Seismic Retrofit Finance Committee created pursuant to Section 8879.7.

(c) "Fund" means the Earthquake Relief and Seismic Retrofit Bond Fund of 1994 created pursuant to Section 8879.3.

(d) "January 17, 1994, Northridge earthquake" means the earthquake of that date and any resulting aftershocks.

Article 2. Earthquake Relief and Seismic Retrofit Bond Fund and Program

8879.3. The Earthquake Relief and Seismic Retrofit Bond Fund of 1994 is hereby created in the State Treasury. The proceeds of bonds issued and sold pursuant to this chapter for the purposes specified in this chapter are hereby appropriated, without regard to fiscal years, to the Department of Finance for allocation in the following manner:

(a) One hundred forty-five million dollars (\$145,000,000) for transportation costs associated with the recovery from the January 17, 1994, Northridge earthquake. Funds may be used to match any available federal funds for transportation purposes or may be used without matching federal funds to repair, reconstruct, replace, or retrofit transportation facilities, roadways, structures, and equipment in the area affected by the earthquake. Funds may also be used to provide alternative transportation capacity and transportation management needed to mitigate the effects of the earthquake, and to reimburse, upon the order of the Director of Finance, the General Fund or special funds for expenditures made for the purposes set forth in this subdivision prior to the approval, sale, and issuance of earthquake relief bonds. Expenditures from the fund for transportation purposes shall be approved by the Director of Transportation and reported within five days of approval to the Director of Finance and the California Transportation Commission.

(b) Two hundred sixty-five million dollars (\$265,000,000) for allocation to cities, counties, school districts, and other local government agencies, except community college districts, and to state agencies, for the costs of repair, renovation, reconstruction, replacement, relocation, or retrofitting of public infrastructure, including schools, buildings and facilities, hospitals, utilities, sewers, streets and roads, and emergency centers damaged as a result of the January 17, 1994, Northridge earthquake. These funds may, in addition, be used to match any available federal funds for these purposes in the Counties of Los Angeles, Orange, and Ventura, and to reimburse, upon order of the Director of Finance, the General Fund or special funds for expenditures made for the purposes set forth in this subdivision prior to the approval, sale, and issuance of earthquake relief bonds.

For purposes of this subdivision, "public infrastructure" does not include any vehicular bridges, roadways, highways, or any facility or building owned by the University of California, the California State University, or a community college district or campus.

(c) Sixty-five million dollars (\$65,000,000) for the purpose of financing the cost of earthquake hazard mitigation projects for public buildings and facilities in the Counties of Los Angeles, Orange, and Ventura, and to reimburse, upon order of the Director of Finance, the General Fund or special funds for expenditures made for the purposes set forth in this subdivision prior to the approval, sale, and issuance of earthquake relief bonds. For these projects, allowable earthquake hazard mitigation costs shall include the cost of repair, renovation, replacement, retrofit, or relocation for the purposes of reducing the risk of future damage, hardship, or loss arising from future seismic activity. The Director of Finance shall establish priority for allocation of these funds.

For purposes of this subdivision, "public buildings and facilities" means any building or structure owned by a public agency, except for vehicular bridges, roadways, highways, or any facility or building owned by the University of California, the California State University, or a community college district or campus.

(d) (1) Nine hundred fifty million dollars (\$950,000,000) for the seismic retrofit of state-owned highways and bridges throughout California. Funds allocated for this purpose shall be deposited in the Seismic Retrofit Account and, upon deposit, are continuously appropriated to the Department of Transportation. Funds may be used to match any available federal funds for transportation purposes or may be used without matching federal funds to reconstruct, replace, or retrofit state-owned highways and bridges.

(2) Funds described in paragraph (1) shall not be used to offset or replace funds previously reserved in the 1992 State Highway Operation and Protection Program for seismic retrofit referred to as previously reserved retrofit funds. The unexpended portions of the previously reserved retrofit funds are further set forth in Exhibit B entitled 1994 SHOPP Fund Reservation Summary in the proposed 1994 State Highway Operation and Protection Program forwarded by the Department of Transportation to the California Transportation Commission on January 31, 1994.

(3) Funds described in this subdivision shall be spent for the seismic retrofit of state-owned toll bridges in an amount equal to the proportion of the total estimate of cost for retrofit of the toll bridges to the total estimate of cost for all state-owned bridges, but in no event less than 40 percent of the funds described in this subdivision. For purposes of this foregoing calculation, there shall be deducted those funds to be reserved for seismic retrofit as set forth on Exhibit B entitled 1994 SHOPP Fund Reservation Summary in the proposed 1994 State Highway Operation and Protection Program forwarded by the Department of Transportation to the California Transportation Commission of January 31, 1994. The total amount of those funds is four hundred nineteen million five hundred thousand dollars (\$419,500,000). All estimated costs required by this subdivision shall mean the costs estimated by the Department of Transportation effective July 1, 1994, which estimates shall be

forwarded to the California Transportation Commission prior to July 5, 1994.

(e) (1) Five hundred seventy-five million dollars (\$575,000,000) for transfer to the California Disaster Housing Repair Fund, shall be made available upon approval of the Director of Finance, for the purposes authorized pursuant to Section 50661.5 of the Health and Safety Code in order to implement the programs established in Sections 50662.7 and 50671.6 of the Health and Safety Code. Notwithstanding any other provision of law, these funds may be expended for any of the purposes authorized in Sections 50661.5, 50662.7, and 50671.6 of the Health and Safety Code, to address the effects of the January 17, 1994, Northridge earthquake. However, no funds transferred pursuant to this paragraph shall be expended for the purposes authorized in Section 50671.5 of the Health and Safety Code. No more than 15 percent of the funds expended pursuant to this subdivision may be expended for administrative costs.

(2) The Legislature may, from time to time, amend the provisions of law relating to programs to which funds are, or have been, allocated pursuant to this subdivision for the purpose of improving the efficiency and the effectiveness of the programs. The Legislature may also, from time to time, amend the provisions of law relating to programs to which funds are, or have been, allocated pursuant to this subdivision for the purpose of furthering the goals of those programs.

(3) The people of the State of California hereby find and declare that the words "develop, construct, or acquire," as used in Section 1 of Article XXXIV of the California Constitution, shall not be interpreted to apply to activities of a state public body when that body undertakes any of the activities permitted in Section 50671.6 of the Health and Safety Code, including, but not limited to, reconstruction of rental developments of comparable size on comparable sites in the immediate neighborhood where the rental development previously existed.

(f) Notwithstanding subdivisions (a), (b), and (c), in order to ensure efficient and appropriate use of bond proceeds for earthquake relief as authorized in subdivisions (a), (b), and (c), the Director of Finance may revise the amounts expressly allocated in subdivisions (a), (b), and (c), and reallocate these funds among subdivisions (a), (b), and (c). In addition, the director may reallocate funds allocated under subdivision (a) to subdivision (d). However, no revision or reallocation of funds authorized by this subdivision shall be made until 15 days after written notice to the Chair of the Joint Legislative Budget Committee and the chairs of the fiscal committees of both houses of the Legislature.

(g) The Department of Finance shall notify in writing the Chair of the Joint Legislative Budget Committee and the chairs of the fiscal committees of both houses of the Legislature at the end of each month regarding any allocations of funds pursuant to subdivisions (a), (b), (c), (d), and (e).

(h) Use of any funds authorized in subdivision (a), (b), (c), or (d)

for replacement or relocation of any facilities shall be authorized to provide new facilities that may have a size or capacity that is greater than the size or capacity of the damaged facilities being replaced to the extent that this increase is beneficial to the intended use of the replacement facility and may be accomplished on a cost-efficient basis.

Article 3. Fiscal Provisions

8879.5. Bonds in the total amount of two billion dollars (\$2,000,000,000), exclusive of refunding bonds, or so much thereof as is necessary, is hereby authorized to be issued and sold for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5. All bonds herein authorized which have been duly sold and delivered as provided herein shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

8879.6. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4), except Section 16727 and all of the other provisions of that law as amended from time to time apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

8879.7. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this chapter, the Earthquake Relief and Seismic Retrofit Finance Committee is hereby created. For the purposes of this chapter, the Earthquake Relief and Seismic Retrofit Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Treasurer, the Controller, the Director of Finance, the Director of General Services, and the Secretary of the Business, Transportation and Housing Agency, or a designated representative of each of those officials. The Treasurer shall serve as the chairperson of the committee. A majority of the committee may act for the committee.

(b) The committee may adopt guidelines establishing requirements for administration of its financing programs to the extent necessary to protect the validity of, and tax exemption for, interest on the bonds. The guidelines shall not constitute rules, regulations, orders, or standards of general application.

(c) For the purposes of the State General Obligation Bond Law, any department receiving an allocation from the Department of Finance is designated to be the "board."

8879.8. Upon request of the board stating that funds are needed for earthquake relief purposes, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized

pursuant to this chapter in order to carry out the actions specified in Section 8879.3, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and be sold at any one time. Bonds may bear interest subject to federal income tax.

8879.9. There shall be collected annually in the same manner and at the same time as other state revenue is collected, a sum of money in addition to the ordinary revenues of the state, sufficient to pay the principal of, and interest on, the bonds as provided herein, and all officers required by law to perform any duty in regard to the collections of state revenues shall collect that additional sum.

8879.10. Notwithstanding Section 13340, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum which is necessary to carry out Section 8879.12, appropriated without regard to fiscal years.

8879.11. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312, for purposes of this chapter. The amount of the request shall not exceed the amount of the unsold bonds which the committee has, by resolution, authorized to be sold for the purpose of this chapter, less any amount withdrawn pursuant to Section 8879.12. The board shall execute any documents as required by the Pooled Money Investment Board to obtain and repay the loan. Any amount loaned shall be deposited in the fund to be allocated by the Director of Finance in accordance with this chapter.

8879.12. For the purpose of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of any amount or amounts not to exceed the amount of the unsold bonds which the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the Earthquake Relief and Seismic Retrofit Bond Fund of 1994. Any money made available under this section shall be returned to the General Fund, plus the interest that the amounts would have earned in the Pooled Money Investment Account, from money received from the sale of bonds which would otherwise be deposited in that fund.

8879.13. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of the State Obligation Bond Law. Approval by the electors of this act shall constitute approval of any refunding bonds issued pursuant to the State General Obligation Bond Law.

8879.14. Notwithstanding anything in the State General Obligation Bond Law, the maximum maturity of any bonds

authorized by this chapter shall not exceed 30 years from the date of each respective series. The maturity of each series shall be calculated from the date of each series.

8879.15. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

8879.16. Notwithstanding any provision of the State General Obligation Bond Law with regard to the proceeds from the sale of bonds authorized by this chapter that are subject to investment under Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4, the Treasurer may maintain a separate account for investment earnings, order the payment of those earnings to comply with any rebate requirement applicable under federal law, and may otherwise direct the use and investment of those proceeds so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

SEC. 2. The Treasurer is hereby authorized, for purposes of complying with federal tax requirements relating to the bonds authorized by Section 1 of this act, to declare the official intent of the state to use proceeds of these bonds to reimburse the General Fund or special funds for expenditures for earthquake relief made from these funds prior to the approval, sale, and issuance of earthquake relief bonds.

SEC. 3. Any funds available from the 1988 Higher Education Capital Outlay Bond Fund, the Higher Education Capital Outlay Bond Fund of June 1990, and the Higher Education Capital Outlay Bond Fund of June 1992, not to exceed a combined total of seventy-five million dollars (\$75,000,000), are hereby appropriated to the University of California, the California State University, and the California Community Colleges to be allocated by the Department of Finance to meet the timely allocation of matching grants to repair, replace, reconstruct, renovate, or retrofit on-campus buildings or facilities, including utilities, and streets and roads, damaged by the January 17, 1994, Northridge earthquake.

The Department of Finance shall notify in writing the Chair of the Joint Legislative Budget Committee and the chairs of the fiscal committees of both houses of the Legislature at the end of each month regarding any allocations of funds pursuant to this section.

SEC. 4. Section 1 of this act shall become operative upon adoption by the people of the Earthquake Relief and Seismic Retrofit Bond Act of 1994 as set forth in Section 1 of this act.

SEC. 5. (a) Notwithstanding Section 3525 of the Elections Code, Section 1 of this act shall be submitted to the voters at the June 7, 1994, direct primary election.

(b) The Secretary of State shall ensure the placement of Section 1 of this act on the June 7, 1994, statewide ballot, in substantial

compliance with any statutory time requirements applicable to the submission of statewide measures to the voters at a statewide election.

(c) Notwithstanding Section 3531 of the Elections Code, the Attorney General shall prepare and return to the Secretary of State a ballot title for the bond act contained in Section 1 of this act within five days after the effective date of this act.

(d) Notwithstanding Section 3572 of the Elections Code, the Legislative Analyst shall prepare an impartial analysis of the bond act contained in Section 1 of this act within five days after the effective date of this act, but the analysis shall not be submitted to a review committee.

(e) The Secretary of State shall include, in the ballot pamphlet mailed pursuant to Section 3578 of the Elections Code, the information specified in Section 3570 of that code regarding the bond act contained in Section 1 of this act.

If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding the bond act to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall, notwithstanding Section 3578 of the code, be mailed at least 14 days before the election.

(f) Notwithstanding any other provision of law, including Sections 10218 and 10219.5 of the Elections Code, and Section 5 of Senate Bill 190 of the 1993-94 Regular Session of the Legislature, Section 1 of this act shall appear as Proposition 1A as the first proposition on the ballot, the School Facilities Bond Act of 1994, as proposed by Senate Bill 190, of the 1993-94 Regular Session, shall appear as Proposition 1B as the second proposition on the ballot, and the Higher Education Facilities Bond Act of June 1994, as proposed by Senate Bill 46, of the 1993-94 Regular Session, shall appear as Proposition 1C as the third Proposition on the ballot. If any of these acts is not submitted to the Secretary of State, those acts that are submitted shall be placed on the ballot in the same order as indicated above, numbered as Proposition 1A or Proposition 1A and Proposition 1B.

SEC. 6. Notwithstanding any other provision of law, all ballots of the election shall have printed thereon and in a square thereof, the words: "Earthquake Relief and Seismic Retrofit Bond Act of 1994", and in the same square under those words, the following in 8-point type: "This act provides for a bond issue of two billion dollars (\$2,000,000,000) to provide funds for an earthquake relief and seismic retrofit program." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 7. (a) The Legislature finds and declares that the completion of seismic safety retrofit work is essential to the welfare and economy of the State of California.

(b) It is the intent of the Legislature to ensure that the work be completed as quickly as possible.

(c) In order to avoid delays in the completion of the work, it is necessary that certain statutes that would otherwise be applicable be temporarily suspended.

(d) The Department of Transportation shall report at the end of each calendar quarter to the Joint Legislative Budget Committee and the committees in each house of the Legislature that consider transportation issues regarding the department's progress toward completion of seismic safety retrofit projects.

SEC. 8. Article 4.9 (commencing with Section 180) is added to Chapter 1 of Division 1 of the Streets and Highways Code, to read:

Article 4.9. Seismic Retrofit

180. (a) For the purposes of this article, "project" means any activity of seismic retrofit work that includes either the structural modification of an existing highway structure or the replacement of a highway structure by a newly constructed structure meeting seismic safety requirements.

(b) For the purpose of this article:

(1) "Permit" includes any permit, authorization, approval, or consent in any form.

(2) "Permitting agency" includes any city, county, city and county, and any state or local public agency.

180.1. (a) Projects under this article shall not be subject to the provisions of Chapter 1 (commencing with Section 10100) of Part 2 of Division 2 of the Public Contract Code, except the following:

(1) Article 1.5 (commencing with Section 10115) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code, as to projects not subject to the provisions of Part 23 of Title 49 of the Code of Federal Regulations.

(2) Section 10128 of the Public Contract Code.

(3) Article 9 (commencing with Section 10280) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code.

(4) Article 10 (commencing with Section 10285) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code.

(b) Projects undertaken by a local agency under this article shall not be subject to the Local Agency Public Construction Act (Chapter 1 (commencing with Section 20100) of Part 3 of Division 2 of the Public Contract Code).

(c) Projects under this article shall be performed under contract awarded to the lowest responsible bidder, except that they may be done by day labor under the direction of the department or local agency, by contract upon informal bids, or by a combination thereof, in the discretion of the department or local agency.

180.2. Projects under this article for the structural modification of an existing highway structure or the replacement of a highway structure by a newly constructed highway structure within an existing right-of-way shall be considered to be activities under paragraph (4) of subdivision (b) of Section 21080 of the Public Resources Code.

180.3. (a) There is hereby created an ad hoc earthquake emergency and seismic retrofit permit review panel that shall consist of the Secretary of the Business, Transportation and Housing Agency, the Secretary for Environmental Protection, and the Secretary of the Resources Agency.

(b) The panel shall hear and approve or deny appeals for time extensions from permitting agencies requested pursuant to Section 180.4, and shall hear and approve or deny appeals from the department or local agency requested pursuant to Section 180.5.

180.4. (a) Notwithstanding any other provision of law, within 15 working days of receiving an application from the department or local agency for a permit for any project subject to this article, a permitting agency shall issue the permit with any conditions the permitting agency deems necessary or shall deny the permit.

(b) If the permitting agency fails to act upon the permit within 15 working days, the permit shall be deemed approved, unless the earthquake emergency and seismic retrofit permit review panel grants a time extension pursuant to Section 180.3. If the permitting agency is unable to issue or deny a permit within 15 working days, it may file an appeal for a time extension with the panel.

(c) Any permitting agency affected by this article may adopt procedures for expedited permits.

180.5. (a) If the permitting agency denies a permit, or if the department or local agency determines that a permit issued pursuant to Section 180.4 imposes unreasonable conditions that would lead to a significant delay in a seismic retrofit project, the department or local agency may file an appeal with the earthquake emergency and seismic retrofit permit review panel.

(b) Notwithstanding any other provision of law, if, at a duly noticed public meeting, the panel reviews a permit or a denial of a permit for which the department or local agency had filed an appeal pursuant to subdivision (a), and finds that the project is necessary for the preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution, the panel may waive the permit, amend any condition established by the permit, or issue a permit that has been denied by the permitting agency.

180.6. Projects under this article are not subject to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1, or Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, or of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

SEC. 9. Section 8 of this act is severable from the other provisions of this act so that if the inclusion of the provisions of Section 8 is held

to violate Section 9 of Article IV of the California Constitution, Section 8 of this act shall become inoperative.

SEC. 10. This act shall become operative only if Senate Bill 805 is chaptered.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that specified provisions of this act may properly be operative upon adoption by the voters at the direct primary election to be held on June 7, 1994, and that funds for earthquake repairs at state higher education institutions may be made available without delay, it is necessary that this act take effect immediately.

CHAPTER 16

An act to add Article 4.9 (commencing with Section 180) to Chapter 1 of Division 1 of the Streets and Highways Code, relating to streets and highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 15, 1994. Filed with
Secretary of State March 15, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.9 (commencing with Section 180) is added to Chapter 1 of Division 1 of the Streets and Highways Code, to read:

Article 4.9. Seismic Retrofit

180. (a) For the purposes of this article, "project" means any activity of seismic retrofit work that includes either the structural modification of an existing highway structure or the replacement of a highway structure by a newly constructed structure meeting seismic safety requirements.

(b) For the purpose of this article:

(1) "Permit" includes any permit, authorization, approval, or consent in any form.

(2) "Permitting agency" includes any city, county, city and county, and any state or local public agency.

180.1. (a) Projects under this article shall not be subject to the provisions of Chapter 1 (commencing with Section 10100) of Part 2 of Division 2 of the Public Contract Code, except the following:

(1) Article 1.5 (commencing with Section 10115) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code, as to projects not subject to the provisions of Part 23 of Title 49 of the Code of Federal Regulations.

(2) Section 10128 of the Public Contract Code.

(3) Article 9 (commencing with Section 10280) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code.

(4) Article 10 (commencing with Section 10285) of Chapter 1 of Part 2 of Division 2 of the Public Contract Code.

(b) Projects undertaken by a local agency under this article shall not be subject to the Local Agency Public Construction Act (Chapter 1 (commencing with Section 20100) of Part 3 of Division 2 of the Public Contract Code).

(c) Projects under this article shall be performed under contract awarded to the lowest responsible bidder, except that they may be done by day labor under the direction of the department or local agency, by contract upon informal bids, or by a combination thereof, in the discretion of the department or local agency.

(d) The Department of Transportation shall report at the end of each calendar quarter to the Joint Legislative Budget Committee and the committees in each house of the Legislature that consider transportation issues regarding the department's progress toward completion of seismic safety retrofit projects.

180.2. Projects under this article for the structural modification of an existing highway structure or the replacement of a highway structure by a newly constructed highway structure within an existing right-of-way shall be considered to be activities under paragraph (4) of subdivision (b) of Section 21080 of the Public Resources Code.

180.3. (a) There is hereby created an ad hoc earthquake emergency and seismic retrofit permit review panel that shall consist of the Secretary of the Business, Transportation and Housing Agency, the Secretary for Environmental Protection, and the Secretary of the Resources Agency.

(b) The panel shall hear and approve or deny appeals for time extensions from permitting agencies requested pursuant to Section 180.4, and shall hear and approve or deny appeals from the department or local agency requested pursuant to Section 180.5.

180.4. (a) Notwithstanding any other provision of law, within 15 working days of receiving an application from the department or local agency for a permit for any project subject to this article, a permitting agency shall issue the permit with any conditions the permitting agency deems necessary or shall deny the permit.

(b) If the permitting agency fails to act upon the permit within 15 working days, the permit shall be deemed approved, unless the earthquake emergency and seismic retrofit permit review panel grants a time extension pursuant to Section 180.3. If the permitting agency is unable to issue or deny a permit within 15 working days, it may file an appeal for a time extension with the panel.

(c) Any permitting agency affected by this article may adopt procedures for expedited permits.

180.5. (a) If the permitting agency denies a permit, or if the department or local agency determines that a permit issued

pursuant to Section 180.4 imposes unreasonable conditions that would lead to a significant delay in a seismic retrofit project, the department or local agency may file an appeal with the earthquake emergency and seismic retrofit permit review panel.

(b) Notwithstanding any other provision of law, if, at a duly noticed public meeting, the panel reviews a permit or a denial of a permit for which the department or local agency had filed an appeal pursuant to subdivision (a), and finds that the project is necessary for the preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution, the panel may waive the permit, amend any condition established by the permit, or issue a permit that has been denied by the permitting agency.

180.6. Projects under this article are not subject to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1, or Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, or of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the seismic retrofit of state highways as soon as possible, it is necessary for this act to take effect immediately.

SEC. 3. This act shall become operative only if Section 10 of Senate Bill 131 of the 1993-94 Regular Session, which would add Article 4.9 (commencing with Section 180) to Chapter 1 of Division 1 of the Streets and Highways Code, is enacted but becomes inoperative and, in that case, this act shall become operative at the same time that Section 10 of Senate Bill 131 becomes inoperative.

CHAPTER 17

An act to amend Sections 17207 and 24347.5 of, and to add Sections 195.71, 195.72, and 195.73 to, the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 15, 1994. Filed with
Secretary of State March 15, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 195.71 is added to the Revenue and Taxation Code, to read:

195.71. In the 1993-94 fiscal year, or as soon as possible thereafter, the county auditor of an eligible county, proclaimed by the Governor to be in a state of disaster as a result of earthquake, aftershock, or any other related casualty that occurred in the Counties of Los Angeles,

Orange, and Ventura, on or after January 17 in 1994, shall certify to the Director of Finance an estimate of the total amount of the reduction in property tax revenues on both the regular secured roll and the supplemental roll for that fiscal year resulting from the reassessment of eligible properties by the county assessor pursuant to Section 170, except that the amount certified shall not include any estimated property tax revenue reductions to school districts (other than basic state aid school districts) and county offices of education. For purposes of this section, "basic state aid school district" means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

SEC. 2. Section 195.72 is added to the Revenue and Taxation Code, to read:

195.72. After the county auditor of an eligible county, as described in Section 195.71, has made the applicable certification to the Director of Finance pursuant to Section 195.71, the director shall, within 30 days after verification of the county auditor's estimate, certify this amount to the Controller for allocation to the county. Upon receipt of certification from the Director of Finance, the Controller shall make the appropriate allocation to the county within 10 working days thereafter.

SEC. 3. Section 195.73 is added to the Revenue and Taxation Code, to read:

195.73. On or before December 31, 1994, each eligible county, as described in Section 195.71, shall compute and remit to the Controller for deposit in the General Fund an amount equal to the amount allocated to it by the Controller pursuant to Section 195.71, less the actual amount of its property tax revenue lost in the immediately preceding fiscal year on the regular secured and supplemental rolls with respect to eligible properties as a result of the reassessment of those properties pursuant to Section 170, excluding any property tax revenue lost by school districts (other than basic state aid school districts) and county offices of education. If the actual amount of property tax revenue lost by an eligible county in the immediately preceding fiscal year, as described and limited in the preceding sentence, exceeds the amount allocated by the Controller to that county pursuant to Section 195.72, the Controller shall allocate the amount of that excess to that eligible county. For purposes of this section, "basic state aid school district" means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

SEC. 4. Section 17207 of the Revenue and Taxation Code is amended to read:

17207. (a) For disaster losses that qualify for treatment under Section 165(i) of the Internal Revenue Code, to the extent that those

losses, as computed pursuant to Section 165(a) of the Internal Revenue Code, exceed the adjusted taxable income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the adjusted taxable income of the year preceding the loss, then that "excess loss," at the election of the taxpayer, may be carried to other taxable years as provided in subdivision (b), with respect to disaster losses resulting from any of the following:

(1) Forest fire or any other related casualty occurring in 1985 in California.

(2) Storm, flooding, or any other related casualty occurring in 1986 in California.

(3) Any loss sustained during 1987 as a result of a forest fire or any other related casualty.

(4) Earthquake, aftershock, or any other related casualty occurring in 1987 in California.

(5) Earthquake, aftershock, or any other related casualty occurring in 1989 in California.

(6) Any loss sustained during 1990 as a result of fire or any other related casualty in California.

(7) For taxable years beginning on or after January 1, 1991, any loss sustained as a result of the Oakland/Berkeley Fire of 1991, or any other related casualty.

(8) Any loss sustained as a result of storm, flooding, or any other related casualty occurring in February 1992 in California.

(9) Earthquake, aftershock, or any other related casualty occurring in April 1992 in the County of Humboldt.

(10) Riots, arson, or any other related casualty occurring in April or May 1992 in California.

(11) Any loss sustained as a result of the earthquakes that occurred in the County of San Bernardino in June and July of 1992, or any other related casualty.

(12) Any loss sustained as a result of the Fountain Fire that occurred in the County of Shasta, or as a result of either of the fires in the Counties of Calaveras and Trinity that occurred in August 1992, or any other related casualty.

(13) Any loss sustained in the County of Los Angeles, Orange, or Ventura as a result of the Northridge Earthquake that occurred in January of 1994, any subsequent aftershock, or any other related casualty.

(b) For losses covered by Sections 165(c) (1) and 165(c) (2) of the Internal Revenue Code, relating to trade or business losses, losses resulting from transactions entered into for profit, and for losses covered by Section 165(c) (3) of the Internal Revenue Code, relating to personal casualty losses, the "excess loss" may be carried forward to each of the five taxable years following the year the loss is claimed. However, if there is any "excess loss" remaining after the five-year period, then 50 percent of that "excess loss" may be carried forward to each of the next 10 taxable years.

(c) The entire amount of any "excess loss" as defined in

subdivision (a) shall be carried to the earliest of the taxable years to which, by reason of subdivision (b), the loss may be carried. The portion of the loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of "excess loss" over the sum of the adjusted taxable income for each of the prior taxable years to which that "excess loss" may be carried.

(d) The provisions of this section and Section 165(i) of the Internal Revenue Code shall be applicable to any of the following losses sustained in any county or city in this state which was proclaimed by the Governor to be in a state of disaster:

(1) Any loss sustained during February 1986 as a result of storm, flooding, or any other related casualty.

(2) Any loss sustained during 1987 as a result of forest fire or any other related casualty.

(3) Any loss sustained during October 1987 as the result of earthquake, aftershock, or any other related casualty.

(4) Any loss resulting from the earthquake which occurred in October 1989, aftershock, or any other related casualty.

(5) Any loss sustained during 1990 as the result of fire in the County of Santa Barbara.

(6) Any loss sustained as a result of storm, flooding, or any other related casualty occurring in February 1992 in California.

(7) For taxable years beginning on or after January 1, 1991, any loss sustained as a result of the Oakland/Berkeley Fire of 1991, or any other related casualty.

(8) Any loss sustained during April 1992 as a result of earthquake, aftershock, or any other related casualty in the County of Humboldt.

(9) Any loss sustained during April or May 1992 as a result of riots, arson, or any other related casualty.

(10) Any loss sustained as a result of earthquakes that occurred in the County of San Bernardino in June and July of 1992, or any other related casualty.

(11) Any loss sustained as a result of the Fountain Fire that occurred in the County of Shasta, or as a result of either of the fires in the Counties of Calaveras and Trinity that occurred in August 1992, or any other related casualty.

(12) Any loss sustained in the County of Los Angeles, Orange, or Ventura as a result of the Northridge Earthquake that occurred in January of 1994, any subsequent aftershock, or any other related casualty.

(e) Losses described in this section may not be taken into account in computing a net operating loss deduction under Section 17201, as modified by Sections 17276, 17276.1, and 17276.2.

(f) For purposes of this section, "adjusted taxable income" shall be defined by Section 1212(b) (2) (B) of the Internal Revenue Code.

(g) For losses described in paragraph (13) of subdivision (a) and paragraph (12) of subdivision (d), the election under Section 165(i) of the Internal Revenue Code may be made on a return or amended return filed on or before the due date of the return (determined with

regard to extension) for the taxable year in which the disaster occurred.

SEC. 4.5. Section 17207 of the Revenue and Taxation Code is amended to read:

17207. (a) For disaster losses that qualify for treatment under Section 165(i) of the Internal Revenue Code, to the extent that those losses, as computed pursuant to Section 165(a) of the Internal Revenue Code, exceed the adjusted taxable income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the adjusted taxable income of the year preceding the loss, then that "excess loss," at the election of the taxpayer, may be carried to other taxable years as provided in subdivision (b), with respect to disaster losses resulting from any of the following:

(1) Forest fire or any other related casualty occurring in 1985 in California.

(2) Storm, flooding, or any other related casualty occurring in 1986 in California.

(3) Any loss sustained during 1987 as a result of a forest fire or any other related casualty.

(4) Earthquake, aftershock, or any other related casualty occurring in 1987 in California.

(5) Earthquake, aftershock, or any other related casualty occurring in 1989 in California.

(6) Any loss sustained during 1990 as a result of fire or any other related casualty in California.

(7) For taxable years beginning on or after January 1, 1991, any loss sustained as a result of the Oakland/Berkeley Fire of 1991, or any other related casualty.

(8) Any loss sustained as a result of storm, flooding, or any other related casualty occurring in February 1992 in California.

(9) Earthquake, aftershock, or any other related casualty occurring in April 1992 in the County of Humboldt.

(10) Riots, arson, or any other related casualty occurring in April or May 1992 in California.

(11) Any loss sustained as a result of the earthquakes that occurred in the County of San Bernardino in June and July of 1992, or any other related casualty.

(12) Any loss sustained as a result of the Fountain Fire that occurred in the County of Shasta, or as a result of either of the fires in the Counties of Calaveras and Trinity that occurred in August 1992, or any other related casualty.

(13) Any loss sustained as a result of a fire that occurred in the County of Los Angeles, Orange, Riverside, San Bernardino, San Diego, or Ventura, during October or November of 1993, or any other related casualty.

(14) Any loss sustained in the County of Los Angeles, Orange, or Ventura as a result of the Northridge Earthquake that occurred in January of 1994, any subsequent aftershock, or any other related casualty.

(b) For losses covered by Sections 165(c) (1) and 165(c) (2) of the Internal Revenue Code, relating to trade or business losses, losses resulting from transactions entered into for profit, and for losses covered by Section 165(c) (3) of the Internal Revenue Code, relating to personal casualty losses, the "excess loss" may be carried forward to each of the five taxable years following the year the loss is claimed. However, if there is any "excess loss" remaining after the five-year period, then 50 percent of that "excess loss" may be carried forward to each of the next 10 taxable years.

(c) The entire amount of any "excess loss" as defined in subdivision (a) shall be carried to the earliest of the taxable years to which, by reason of subdivision (b), the loss may be carried. The portion of the loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of "excess loss" over the sum of the adjusted taxable income for each of the prior taxable years to which that "excess loss" may be carried.

(d) The provisions of this section and Section 165(i) of the Internal Revenue Code shall be applicable to any of the following losses sustained in any county or city in this state which was proclaimed by the Governor to be in a state of disaster:

(1) Any loss sustained during February 1986 as a result of storm, flooding, or any other related casualty.

(2) Any loss sustained during 1987 as a result of forest fire or any other related casualty.

(3) Any loss sustained during October 1987 as the result of earthquake, aftershock, or any other related casualty.

(4) Any loss resulting from the earthquake which occurred in October 1989, aftershock, or any other related casualty.

(5) Any loss sustained during 1990 as the result of fire in the County of Santa Barbara.

(6) Any loss sustained as a result of storm, flooding, or any other related casualty occurring in February 1992 in California.

(7) For taxable years beginning on or after January 1, 1991, any loss sustained as a result of the Oakland/Berkeley Fire of 1991, or any other related casualty.

(8) Any loss sustained during April 1992 as a result of earthquake, aftershock, or any other related casualty in the County of Humboldt.

(9) Any loss sustained during April or May 1992 as a result of riots, arson, or any other related casualty.

(10) Any loss sustained as a result of earthquakes that occurred in the County of San Bernardino in June and July of 1992, or any other related casualty.

(11) Any loss sustained as a result of the Fountain Fire that occurred in the County of Shasta, or as a result of either of the fires in the Counties of Calaveras and Trinity that occurred in August 1992, or any other related casualty.

(12) Any loss sustained as a result of a fire that occurred in the County of Los Angeles, Orange, Riverside, San Bernardino, San Diego, or Ventura, during October or November of 1993, or any

other related casualty.

(13) Any loss sustained in the County of Los Angeles, Orange, or Ventura as a result of the Northridge Earthquake that occurred in January of 1994, any subsequent aftershock, or any other related casualty.

(e) Losses described in this section may not be taken into account in computing a net operating loss deduction under Section 17201, as modified by Sections 17276, 17276.1, and 17276.2.

(f) For purposes of this section, "adjusted taxable income" shall be defined by Section 1212(b)(2)(B) of the Internal Revenue Code.

(g) For losses described in paragraphs (13) and (14) of subdivision (a) and paragraphs (12) and (13) of subdivision (d), the election under Section 165(i) of the Internal Revenue Code may be made on a return or amended return filed on or before the due date of the return (determined with regard to extension) for the taxable year in which the disaster occurred.

SEC. 5. Section 24347.5 of the Revenue and Taxation Code is amended to read:

24347.5. (a) In lieu of Section 24347, Section 165(i) of the Internal Revenue Code, relating to disaster losses, shall apply to each of the following:

(1) Forest fire or any other related casualty occurring in 1985 in California.

(2) Storm, flooding, or any other related casualty occurring in 1986 in California.

(3) Any loss sustained during 1987 as a result of a forest fire or any other related casualty.

(4) Earthquake, aftershock, or any other related casualty occurring in October 1987 in California.

(5) Earthquake, aftershock, or any related casualty occurring in October 1989 in California.

(6) Any loss sustained during 1990 as a result of fire or any other related casualty in California.

(7) Earthquake, aftershock, or any other related casualty occurring in April 1992 in the County of Humboldt.

(8) Riots, arson, or any other related casualty occurring in April or May 1992 in California.

(9) Any loss sustained in the County of Los Angeles, Orange, or Ventura as a result of the Northridge Earthquake that occurred in January of 1994, any subsequent aftershock, or any other related casualty.

(b) To the extent that losses under subdivision (a) exceed the net income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the net income of the year preceding the loss, then that "excess loss," at the election of the taxpayer, may be carried forward to each of the five income years following the income year the loss is claimed. However, if there is any "excess loss" remaining after the five-year period, then 50 percent of that "excess loss" may be carried forward to each of the next 10

income years.

(c) The entire amount of any "excess loss" as defined in subdivision (b) shall be carried to the earliest of the income years to which, by reason of subdivision (b), the loss may be carried. The portion of the loss which shall be carried to each of the other income years shall be the excess, if any, of the amount of "excess loss" over the sum of the net income for each of the prior income years to which that "excess loss" may be carried.

(d) This section and Section 165(i) of the Internal Revenue Code shall be applicable to any of the following losses sustained in any county or city in this state which was proclaimed by the Governor to be in a state of disaster:

(1) Any loss sustained during February 1986 as a result of storm, flooding, or any other related casualty.

(2) Any loss sustained during 1987 as a result of forest fire or any other related casualty.

(3) Any loss sustained during October 1987 as the result of earthquake, aftershock, or any other related casualty.

(4) Any loss resulting from the earthquake which occurred in October 1989, aftershock, or any other related casualty.

(5) Any loss sustained during 1990 as the result of fire in the County of Santa Barbara.

(6) Any loss sustained during April 1992 as a result of earthquake, aftershock, or any other related casualty in the County of Humboldt.

(7) Any loss sustained during April or May 1992 as a result of riots, arson, or any other related casualty.

(8) Any loss sustained in the County of Los Angeles, Orange, or Ventura as a result of the Northridge Earthquake that occurred in January of 1994, any subsequent aftershock, or any other related casualty.

(e) Any corporation subject to the provisions of Section 25101 or 25101.15 that has disaster losses pursuant to this section, shall determine the "excess loss" to be carried to other income years under the principles specified in Section 25108 relating to net operating losses.

(f) Losses described in this section may not be taken into account in computing a net operating loss deduction under Section 24416 or 24416.1.

(g) For losses described in paragraph (9) of subdivision (a) and paragraph (8) of subdivision (d), the election under Section 165(i) of the Internal Revenue Code may be made on a return or amended return filed on or before the due date of the return (determined with regard to extension) for the income year in which the disaster occurred.

SEC. 5.5. Section 24347.5 of the Revenue and Taxation Code is amended to read:

24347.5. (a) In lieu of Section 24347, Section 165(i) of the Internal Revenue Code, relating to disaster losses, shall apply to each of the following:

(1) Forest fire or any other related casualty occurring in 1985 in California.

(2) Storm, flooding, or any other related casualty occurring in 1986 in California.

(3) Any loss sustained during 1987 as a result of a forest fire or any other related casualty.

(4) Earthquake, aftershock, or any other related casualty occurring in October 1987 in California.

(5) Earthquake, aftershock, or any related casualty occurring in October 1989 in California.

(6) Any loss sustained during 1990 as a result of fire or any other related casualty in California.

(7) Earthquake, aftershock, or any other related casualty occurring in April 1992 in the County of Humboldt.

(8) Riots, arson, or any other related casualty occurring in April or May 1992 in California.

(9) Any loss sustained as a result of a fire that occurred in the County of Los Angeles, Orange, Riverside, San Bernardino, San Diego, or Ventura, during October or November of 1993, or any other related casualty.

(10) Any loss sustained in the County of Los Angeles, Orange, or Ventura as a result of the Northridge Earthquake that occurred in January of 1994, any subsequent aftershock, or any other related casualty.

(b) To the extent that losses under subdivision (a) exceed the net income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the net income of the year preceding the loss, then that "excess loss," at the election of the taxpayer, may be carried forward to each of the five income years following the income year the loss is claimed. However, if there is any "excess loss" remaining after the five-year period, then 50 percent of that "excess loss" may be carried forward to each of the next 10 income years.

(c) The entire amount of any "excess loss" as defined in subdivision (b) shall be carried to the earliest of the income years to which, by reason of subdivision (b), the loss may be carried. The portion of the loss which shall be carried to each of the other income years shall be the excess, if any, of the amount of "excess loss" over the sum of the net income for each of the prior income years to which that "excess loss" may be carried.

(d) This section and Section 165(i) of the Internal Revenue Code shall be applicable to any of the following losses sustained in any county or city in this state which was proclaimed by the Governor to be in a state of disaster:

(1) Any loss sustained during February 1986 as a result of storm, flooding, or any other related casualty.

(2) Any loss sustained during 1987 as a result of forest fire or any other related casualty.

(3) Any loss sustained during October 1987 as the result of

earthquake, aftershock, or any other related casualty.

(4) Any loss resulting from the earthquake which occurred in October 1989, aftershock, or any other related casualty.

(5) Any loss sustained during 1990 as the result of fire in the County of Santa Barbara.

(6) Any loss sustained during April 1992 as a result of earthquake, aftershock, or any other related casualty in the County of Humboldt.

(7) Any loss sustained during April or May 1992 as a result of riots, arson, or any other related casualty.

(8) Any loss sustained as a result of a fire that occurred in the County of Los Angeles, Orange, Riverside, San Bernardino, San Diego, or Ventura, during October or November of 1993, or any other related casualty.

(9) Any loss sustained in the County of Los Angeles, Orange, or Ventura as a result of the Northridge Earthquake that occurred in January of 1994, any subsequent aftershock, or any other related casualty.

(e) Any corporation subject to the provisions of Section 25101 or 25101.15 that has disaster losses pursuant to this section, shall determine the "excess loss" to be carried to other income years under the principles specified in Section 25108 relating to net operating losses.

(f) Losses described in this section may not be taken into account in computing a net operating loss deduction under Section 24416 or 24416.1.

(g) For losses described in paragraphs (9) and (10) of subdivision (a) and paragraphs (8) and (9) of subdivision (d), the election under Section 165(i) of the Internal Revenue Code may be made on a return or amended return filed on or before the due date of the return (determined with regard to extension) for the income year in which the disaster occurred.

SEC. 6. The Legislature finds and declares that this act fulfills a statewide public purpose because of both of the following:

(a) The Governor of California has officially proclaimed that the earthquake and aftershocks that occurred in the Counties of Los Angeles, Orange, and Ventura on or after January 17 in 1994 were disasters, thus qualifying persons affected for various forms of governmental assistance and relief.

(b) This act is consistent with and supplements the proclaimed disaster relief by providing necessary tax relief to affected taxpayers to allow them to repair damage to, and to restore, their homes and businesses.

SEC. 7. Sections 4.5 and 5.5 of this bill incorporate amendments to Sections 17207 and 24347.5 of the Revenue and Taxation Code proposed by both this bill and SB 1234. These sections shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1995, (2) each bill amends Sections 17207 and 24347.5 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 1234, in which case Sections 4 and 5 of this bill shall not

become operative.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide, as soon as possible, essential tax relief to those persons who suffered damage to their homes or property as a result of the earthquake, aftershocks, and related casualties that occurred in the Counties of Los Angeles, Orange, and Ventura on or after January 17 in 1994, it is necessary that this act take effect immediately.

CHAPTER 18

An act to add Chapter 12.3 (commencing with Section 67010) to Part 40 of the Education Code, relating to funding higher education facilities through the issuance and sale of bonds of the State of California, and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 15, 1994. Filed with
Secretary of State March 15, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.3 (commencing with Section 67010) is added to Part 40 of the Education Code, to read:

CHAPTER 12.3. HIGHER EDUCATION FACILITIES BOND ACT OF JUNE 1994

Article 1. General Provisions

67010. This chapter shall be known and may be cited as the Higher Education Facilities Bond Act of June 1994.

67011. The Legislature finds and declares all of the following:

(a) California's economic and social prosperity relies on a higher education system that keeps pace with California's growth. In the coming decades, the state's economic prosperity will depend on increasing the productivity of the work force and on the ability to compete successfully in the world marketplace.

(b) The system of public higher education in this state includes the University of California containing nine campuses, the California State University containing 20 campuses, the California Community Colleges consisting of 71 districts containing 107 campuses, the Hastings College of the Law, the California Maritime Academy, and their respective off-campus centers. Each of these institutions plays a vital role in maintaining California's dominance in higher

education in the United States.

(c) Over the last several years, studies have been completed by the University of California, the California State University, and the California Community Colleges to assess their long-term and short-term capital needs. Those studies demonstrate that the long-term and short-term needs total, in the aggregate, several million dollars.

(d) The purpose of the Higher Education Facilities Bond Act of June 1994 is to assist in meeting the capital outlay financing needs of California's public higher education system.

67012. As used in this chapter, the following terms have the following meanings:

(a) "Committee" means the Higher Education Facilities Finance Committee created pursuant to Section 67353.

(b) "Fund" means the 1994 Higher Education Capital Outlay Bond Fund created pursuant to Section 67013.

Article 2. Higher Education Facilities Bond Act Program

67013. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the 1994 Higher Education Capital Outlay Bond Fund, which is hereby created.

67014. The committee shall be and is hereby authorized to create a debt or debts, liability or liabilities, of the State of California pursuant to this chapter for the purpose of funding aid to the University of California, the California State University, the California Community Colleges, the Hastings College of the Law, and the California Maritime Academy for the construction, including the construction of buildings and the acquisition of related fixtures; the equipping of new, renovated, or reconstructed facilities; funding for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings; renovation and reconstruction of facilities; and the construction or improvement of off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990, including the acquisition of sites upon which these facilities are to be constructed.

The addition of the Hastings College of the Law to this section is not intended to mark a change from the funding authorizations made by Section 67354, as contained in the Higher Education Facilities Bond Act of 1986, or Section 67334, as contained in the Higher Education Facilities Bond Act of 1988, but is intended to state more clearly what was intended by the Legislature in those sections as well.

Article 3. Fiscal Provisions

67015. (a) Bonds in the total amount of nine hundred million dollars (\$900,000,000), not including the amount of any refunding

bonds issued in accordance with Section 67023, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the committee at any different times necessary to service expenditures required by the apportionments.

67016. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law shall apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter. For purposes of the State General Obligation Bond Law, each state agency administering an appropriation of the bond fund is designated as the "board" for projects funded by those appropriations.

67017. The committee shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the apportionments that are expressly authorized by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in Section 67014 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

67018. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

67019. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out the provisions of Section 67020,

appropriated without regard to fiscal years.

67020. (a) For the purposes of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, together with interest at the rate paid on moneys in the Pooled Money Investment Account, from money received from the sale of bonds for the purpose of carrying out this chapter.

(b) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in Section 67014 by the University of California, the California State University, or the California Community Colleges shall be accompanied by the five-year capital outlay plan of the particular university or college and shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, by the 2000-01 fiscal year, in the judgment of the particular university or college, seismic hazards in buildings identified as high priority by the university or college.

67021. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

67022. The board may request the Pooled Money Investment Board for a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, and may execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. The loan shall be deposited in the fund for the purpose of carrying out the provisions of this chapter. The amount of the loan shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purposes of this chapter.

67023. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance and sale or exchange of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code. The approval by the electors of this state of the issuance and sale of bonds under this chapter includes approval of the issuance and sale or exchange of any bonds issued to refund either those bonds or any previously issued refunding bonds.

67024. Notwithstanding any provision of this chapter or the State General Obligation Bond Law set forth in Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes under designated conditions, the Treasurer may maintain

separate accounts for the investment of bond proceeds and the investment earnings on these proceeds, and the Treasurer shall be authorized to use or direct the use of these proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

67025. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

SEC. 2. Section 1 of this act shall take effect upon the adoption by the voters of the Higher Education Facilities Bond Act of June 1994, set forth in Section 1 of this act.

SEC. 3. (a) Notwithstanding Sections 3525, 3528, 3529, 3560, and 3578 of the Elections Code, or any other provision of law, Section 1 of this act shall be submitted to the voters at the June 7, 1994, direct primary election.

(b) The Secretary of State shall ensure the placement of Section 1 of this act on the June 7, 1994, direct primary election ballot, in substantial compliance with any statutory time requirements applicable to the submission of statewide measures to the voters at a statewide election.

(c) The Secretary of State shall include, in the ballot pamphlet mailed pursuant to Section 3578 of the Elections Code, the information specified in Section 3570 of that code regarding the bond act contained in Section 1 of this act.

SEC. 4. Notwithstanding any other provision of law, all ballots of the election shall have printed thereon and in a square thereof, the words: "Higher Education Facilities Bond Act of June 1994," and in the same square under those words, the following in 8-point type: "To renew California's economic vitality and to regain our state's high quality of life, this act authorizes a bond issue of nine hundred million dollars (\$900,000,000) for the strengthening, upgrading, and constructing of public colleges and universities throughout the state. These projects will create jobs and strengthen the state's economy by providing adult and student job training opportunities and by enabling public colleges and universities to prepare a well-trained and competitive workforce. They will repair and rebuild college classrooms, which will strengthen college campuses to prevent injuries in future earthquakes. They will provide alternatives to crime and gangs by ensuring access to higher education. They will improve the quality of learning at public campuses by improving classrooms and providing modern teaching technologies. Authorized projects for the 136 public campuses include, but are not necessarily limited to, earthquake and other health and safety improvements, upgrading of laboratories to keep up with scientific advances,

improving and modernizing campus computer capabilities, and construction of classrooms and libraries. No moneys derived from the sale of the bonds will be expended for administrative overhead.” Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters’ choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This bill would provide the people of California with an opportunity to provide funding in 1994 for critically needed higher education facilities. In order that the Higher Education Facilities Bond Act of June 1994 contained in Section 1 of this act, which provides for this funding, be included on the June 7, 1994, primary election ballot, it is necessary that the act take effect immediately.

CHAPTER 19

An act to add Chapter 22.2 (commencing with Section 17766) to Part 10 of the Education Code, and to repeal Section 65997 of the Government Code, relating to funding school construction through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 15, 1994. Filed with
Secretary of State March 15, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 22.2 (commencing with Section 17766) is added to Part 10 of Education Code, to read:

CHAPTER 22.2. SCHOOL FACILITIES BOND ACT OF 1994

Article 1. General Provisions

17766. This chapter shall be known and may be cited as the Safe Schools Act of 1994.

17766.10. As used in this chapter, the following terms have the following meanings:

(a) “Committee” means the State School Building Finance

Committee created pursuant to Section 15909.

(b) "Fund" means the State School Building Lease-Purchase Fund.

Article 2. Program Provisions

17766.15. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the fund.

17766.20. All moneys deposited in the fund shall be available to provide aid to school districts of the state in accordance with the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700)), and of all acts amendatory thereof and supplementary thereto, to provide aid to school districts of the state in accordance with Section 17766.30, to provide funds to repay any money advanced or loaned to the State School Building Lease-Purchase Fund under any act of the Legislature, together with interest provided for in that act, and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

17766.30. (a) Of the proceeds from the sale of bonds pursuant to this chapter, not more than four hundred million dollars (\$400,000,000) may be used for one or more of the following purposes:

(1) The acquisition of portable classrooms for use in accordance with Chapter 25 (commencing with Section 17785).

(2) The reconstruction or modernization of facilities pursuant to Chapter 22 (commencing with Section 17700). In addition to the current program requirements, the State Allocation Board may allocate funding pursuant to this subdivision for the reconstruction or modernization of any existing structure, including the wiring and cabling in that structure, to enable that structure to accommodate computers and other high technology equipment.

(3) The purchase and installation of air-conditioning equipment and insulation materials, and related costs, pursuant to Section 42250.1 for schools operated on a year-round multitrack schedule in a manner that increases school capacity and reduces or eliminates the school district's need for the construction of additional classroom space.

(4) Project funding for applicant districts under Chapter 22 (commencing with Section 17700) that have incurred or will incur enrollment increases due to the locating or expansion of state or federal prisons.

(5) The acquisition of relocatable child care and development facilities for the purpose of providing extended day care services pursuant to Article 22 (commencing with Section 8460) of Chapter 2 of Part 6.

(6) Project funding, without regard to funding priorities, for applicant county boards of education under Chapter 22 (commencing with Section 17700) that are eligible for that funding

for classrooms for severely handicapped pupils.

(7) Project funding for applicant districts under Chapter 22 (commencing with Section 17700) that are eligible for that funding, but that lack funding priority due to the size of pupil enrollment in the district.

(8) Project funding for high priority roof replacement projects.

(9) Construction projects or the purchase of furniture or equipment designed to increase school security.

(10) The identification, assessment, or abatement of hazardous asbestos in school facilities, pursuant to either Chapter 22 (commencing with Section 17700) or Section 39619.6.

(11) The reconstruction or modernization of facilities pursuant to Chapter 22 (commencing with Section 17700). Notwithstanding Section 17721.3, the State Allocation Board may allocate funding pursuant to this subdivision for the reconstruction or modernization of an existing structure in an amount that exceeds 25 percent of the replacement cost of that structure in order to finance structural improvements needed to avert future earthquake damage.

(b) Of the proceeds from the sale of bonds pursuant to this chapter, not more than forty million dollars (\$40,000,000) may be used for projects for those school districts that agree to contribute 60 percent or more of the cost of that project.

(c) Of the amount designated in subdivision (a), not more than sixty-five million dollars (\$65,000,000) may be used to match federal funds for facility repairs associated with the Northridge earthquake. This subdivision shall only be operative if the June 7, 1994, bond act authorized pursuant to Senate Bill 131 (Roberti), is not passed by the statewide electorate at the June 7, 1994, statewide primary election.

17766.35. Of the proceeds from the sale of bonds pursuant to this chapter, not more than two hundred million dollars (\$200,000,000) may be used for seismic retrofit projects of existing public school facilities.

Article 3. Fiscal Provisions

17766.40. Bonds in the total amount of one billion dollars (\$1,000,000,000), exclusive of refunding bonds, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

17766.44. The State School Building Finance Committee, created by Section 15909 and composed of the Governor, Controller, Treasurer, Director of Finance, and the Director of Education, or

their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence for the purpose of this chapter. The Treasurer shall be designated to chair the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet and advise with the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and as that committee shall have the powers and duties imposed upon those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide the assistance to the committee as it may require. The Attorney General of the state shall be the legal adviser of the committee.

17766.45. (a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

(b) For purposes of the State General Obligation Bond Law, the State Allocation Board is designated the "board."

17766.50. Upon request of the board from time to time, supported by a statement of the apportionments made and to be made for the purposes described in Section 17766.20, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to fund the apportionments and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to fund those apportionments progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

17766.55. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

17766.60. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum which is necessary to carry out the provisions of

Section 17766.70, appropriated without regard to fiscal years.

17766.63. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The board shall execute those documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

17766.65. Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), if the Treasurer sells bonds that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes subject to designated conditions, the Treasurer may maintain separate accounts for the bond proceeds invested and for the investment earnings on those proceeds, and may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds that is required or desirable under federal law in order to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

17766.70. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

17766.75. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

17766.80. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the electors of the state for the issuance of the bonds described in this chapter shall include approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

17766.85. The Legislature hereby finds and declares that,

inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

Article 4. Miscellaneous

17766.90. (a) Any remaining funds resulting or derived from the sale of bonds pursuant to Chapter 9 (commencing with Section 16400), Chapter 10 (commencing with Section 16500), Chapter 11 (commencing with Section 16600), Chapter 12 (commencing with Section 16700), Chapter 13 (commencing with Section 16800), Chapter 15 (commencing with Section 17000), Chapter 16 (commencing with Section 17100), Chapter 17 (commencing with Section 17200), Chapter 18 (commencing with Section 17300), Chapter 19 (commencing with Section 17400), and Chapter 20 (commencing with Section 17500) shall be transferred to the State School Building Lease-Purchase Fund and may be apportioned by the State Allocation Board for the purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700)).

(b) Any unsold bonds, authorized for issuance under Chapter 9 (commencing with Section 16400), Chapter 10 (commencing with Section 16500), Chapter 11 (commencing with Section 16600), Chapter 12 (commencing with Section 16700), Chapter 13 (commencing with Section 16800), Chapter 15 (commencing with Section 17000), Chapter 16 (commencing with Section 17100), Chapter 17 (commencing with Section 17200), Chapter 18 (commencing with Section 17300), Chapter 19 (commencing with Section 17400), and Chapter 20 (commencing with Section 17500) may be sold by the Treasurer, upon authorization by the State School Building Finance Committee for the purposes of the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700)).

SEC. 2. Section 65997 of the Government Code is repealed.

SEC. 3. Section 1 of this act shall become operative upon the approval by the voters, at the June 7, 1994, direct primary election, of the Safe Schools Act of 1994, as set forth in Section 1 of this act.

SEC. 4. (a) Notwithstanding Sections 3525, 3528, 3529, 3560, and 3578 of the Elections Code or any other provisions of law, Section 1 of this act shall be submitted to the voters at the June 7, 1994, direct primary election.

(b) The Secretary of State shall ensure the placement of Section 1 of this act on the June 7, 1994, statewide ballot, in substantial compliance with any statutory time requirements applicable to the submission of statewide measures to the voters at a statewide election.

(c) The Secretary of State shall include, in the ballot pamphlet mailed pursuant to Section 3578 of the Elections Code, the

information specified in Section 3570 of that code regarding the act contained in Section 1 of this act and shall refer to it as the Safe Schools Act of 1994.

(d) Notwithstanding any other provision of law, the Safe Schools Act of 1994, contained in Section 1 of this act, shall appear as the first proposition on the ballot.

SEC. 5. Notwithstanding any other provision of law, all ballots of the June 7, 1994, direct primary election shall have printed thereon and in a square thereof, the words: "Safe Schools Act of 1994" and in the same square under those words, the following in 8-point type: "This act provides for a bond issue of one billion dollars (\$1,000,000,000) to provide capital outlay for construction or improvement of public schools and the authorization to allocate bond funds and interest derived therefrom from the State School Building Aid Bond Law of 1952 for present-day public school construction or improvement." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting of the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with the provisions of this section.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Safe Schools Act of 1994 may be submitted for voter approval at the June 7, 1994, direct primary election to provide financing for urgently needed school safety equipment and educational technology, it is necessary that this act take effect immediately.

CHAPTER 20

An act to amend Sections 14502 and 84040.5 of, and to add Sections 22714, 44929, and 87488 to, the Education Code, relating to the State Teachers' Retirement System, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 15, 1994. Filed with
Secretary of State March 15, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 14502 of the Education Code is amended to read:

14502. (a) The Controller, in consultation with the Department

of Finance and the State Department of Education, shall develop a plan to review and report on financial and compliance audits. The plan shall commence with the 1984–85 fiscal year for audits of school districts and the offices of county superintendents of schools. The Controller, in consultation with the Department of Finance and the State Department of Education, shall prescribe the statements and other information to be included in the audit reports filed with the state and shall develop an audit guide to carry out the purposes of this chapter. Prior to the issuance of the audit guide, the Controller shall submit a copy of the audit guide to the Department of Finance for review to ensure all compliance requirements are properly included.

(b) For the audit of school districts or county offices of education electing to take formal action pursuant to Sections 22714 and 44929, the audit guide shall be in such form and require such information as is prescribed by the Controller, including, but not limited to, the following:

(1) The number and type of positions vacated.

(2) The age and service credit of the retirees receiving the additional service credit provided by Sections 22714 and 44929.

(3) A comparison of the salary and benefits of each retiree receiving the additional service credit with the salary and benefits of the replacement employee, if any.

(4) The resulting retirement cost, including interest, if any, and postretirement healthcare benefits costs, incurred by the employer.

(c) The Controller shall annually prepare a cost analysis, based on the information included in the audit reports for the prior fiscal year, to determine the net savings or costs resulting from formal actions taken by school districts and county offices of education pursuant to Sections 22714 and 44929, and shall report the results of the cost analysis to the Governor and the Legislature by April 1 of each year.

(d) All costs incurred by the Controller to implement subdivision (b) shall be absorbed by the Controller.

SEC. 2. Section 22714 is added to the Education Code, to read:

22714. (a) Whenever the governing board of a school district or a community college district or a county office of education, by formal action taken prior to January 1, 1999, determines pursuant to Section 44929 or 87488 that because of impending curtailment of or changes in the manner of performing services, the best interests of the district or county office of education would be served by encouraging the retirement of certificated employees or academic employees and that the retirement will either: result in a net savings to the district or county office of education; result in a reduction of the number of certificated employees or academic employees as a result of declining enrollment; or result in the retention of certificated employees who are credentialed to teach in, or faculty who are qualified to teach in, teacher shortage disciplines, including, but not limited to, mathematics and science, an additional two years of service shall be credited to a member if all of the following

conditions exist:

(1) The member is credited with five or more years of service and retires during a period of not more than 120 days or less than 60 days, commencing no sooner than the effective date of the formal action of the employer that shall specify the period. For the 1993-94 fiscal year, the retirement period shall begin on the date of the formal action and shall end on June 30, 1994.

(2) The employer transmits to the retirement fund an amount determined by the Teachers' Retirement Board that equals the actuarial equivalent of the difference between the allowance the member receives after receipt of service credit under this section and the amount the member would have received without the service credit and an amount determined by the Teachers' Retirement Board that equals the actuarial equivalent of the difference between the purchasing power protection supplemental payment the member receives after receipt of additional service credit pursuant to this section and the amount the member would have received without the additional service credit. The payment for purchasing power shall be deposited in the Supplemental Benefit Maintenance Account established by Section 22400 and shall be subject to Sections 24414 and 24415. The transfer to the retirement fund shall be made in a manner, and time period that shall not exceed four years, that are acceptable to the Teachers' Retirement Board. The employer shall make the payment with respect to all eligible employees who retired pursuant to this section.

(3) The employer transmits to the retirement fund the administrative costs incurred by the system in implementing this section, as determined by the Teachers' Retirement Board.

(4) The employer has considered the availability of teachers or academic employees to fill the positions that would be vacated pursuant to this section.

(b) (1) The school district shall demonstrate and certify to the county superintendent that the formal action taken would result in either: (A) a net savings to the district; (B) a reduction of the number of certificated employees as a result of declining enrollment, as computed pursuant to Section 42238.5; or (C) the retention of certificated employees who are credentialed to teach in teacher shortage disciplines.

(2) The county superintendent shall certify to the Teachers' Retirement Board that a result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (b) of Section 14502. A district that qualifies under clause (B) of paragraph (1) shall also certify that it qualifies as a declining enrollment district as computed pursuant to Section 42238.5.

(3) The school district shall reimburse the county superintendent for all the costs of the county superintendent that result from the certification.

(c) (1) The county office of education shall demonstrate and

certify to the Superintendent of Public Instruction that the formal action taken would result in either: (A) a net savings to the county office of education; (B) a reduction of the number of certificated employees as a result of declining enrollment; or (C) the retention of certificated employees who are credentialed to teach in teacher shortage disciplines.

(2) The Superintendent of Public Instruction shall certify to the Teachers' Retirement Board that a result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (b) of Section 14502.

(3) The Superintendent of Public Instruction may request reimbursement from the county office of education for all administrative costs that result from the certification.

(d) (1) The community college district shall demonstrate and certify to the chancellor's office that the formal action taken would result in either: (A) a net savings to the district; (B) a reduction in the number of academic employees as a result of declining enrollment, as computed pursuant to subdivision (c) of Section 84701; or (C) the retention of faculty who are qualified to teach in teacher shortage disciplines.

(2) The chancellor shall certify to the Teachers' Retirement Board that a result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 84040.5. A community college district that qualifies under clause (B) of paragraph (1) of subdivision (b) of this section shall also certify that it qualifies as a declining enrollment district as computed pursuant to subdivision (c) of Section 84701.

(3) The chancellor may request reimbursement from the community college for all administrative costs that result from the certification.

(e) The service credit made available pursuant to this section shall be available to all members employed by the school district, community college district, or county office of education who meet the conditions set forth in this section.

(f) The amount of service credit shall be two years.

(g) Any member who retires with service credit granted under this section and who subsequently reinstates into the system, shall forfeit the service credit granted under this section.

(h) This section shall not be applicable to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the effective date of the formal action, or if the member is not otherwise eligible to retire for service.

SEC. 3. Section 44929 is added to the Education Code, to read: 44929. (a) Whenever the governing board of a school district or a county office of education, by formal action taken prior to January

1, 1999, determines that because of impending curtailment of or changes in the manner of performing services, the best interests of the district or county office of education would be served by encouraging the retirement of certificated employees and that the retirement will either: result in a net savings to the district or county office of education; result in a reduction of the number of certificated employees as a result of declining enrollment; or result in the retention of certificated employees who are credentialed to teach in teacher shortage disciplines, including, but not limited to, mathematics and science, an additional two years of service shall be credited under the State Teachers' Retirement System to a certificated employee pursuant to Section 22714 if all of the following conditions exist:

(1) The employee is credited with five or more years of service under the State Teachers' Retirement System and retires during a period of not more than 120 days or less than 60 days, commencing no sooner than the effective date of the formal action of the district or county superintendent of schools that shall specify the period. For the 1993-94 fiscal year, the retirement period shall begin on the date of the formal action and shall end on June 30, 1994.

(2) The district or county office of education transmits to the retirement fund an amount determined by the Teachers' Retirement Board that equals the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and Section 22714 and the amount the member would have received without the service credit and an amount determined by the Teachers' Retirement Board that equals the actuarial equivalent of the difference between the purchasing power protection supplemental payment the member receives after receipt of additional service credit pursuant to this section and the amount the member would have received without the additional service credit. The payment for purchasing power shall be deposited in the Supplemental Benefit Maintenance Account established by Section 22400 and shall be subject to Sections 24414 and 24415. The transfer to the retirement fund shall be made in a manner, and time period that shall not exceed four years, that are acceptable to the Teachers' Retirement Board. The school district or county office of education shall make the payment with respect to all eligible employees who retired pursuant to this section and Section 22714.

(3) The district or county office of education transmits to the retirement fund the administrative costs incurred by the State Teachers' Retirement System in implementing this section, as determined by the Teachers' Retirement Board.

(4) The governing board of the school district or the county office of education has considered the availability of teachers to fill the positions that would be vacated pursuant to this section.

(b) (1) The school district shall demonstrate and certify to the county superintendent that the formal action taken would result in

either: (A) a net savings to the district; (B) a reduction of the number of certificated employees as a result of declining enrollment, as computed pursuant to Section 42238.5; or (C) the retention of certificated employees who are credentialed to teach in teacher shortage disciplines.

(2) The county superintendent shall certify to the Teachers' Retirement Board that a result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (b) of Section 14502. A district that qualifies under clause (B) of paragraph (1) also certify that it qualifies as a declining enrollment district as computed pursuant to Section 42238.5.

(3) The school district shall reimburse the county superintendent for all the costs of the county superintendent that result from the certification.

(c) (1) The county office of education shall demonstrate and certify to the Superintendent of Public Instruction that the formal action taken would result in either: (A) a net savings to the county office of education; (B) a reduction of the number of certificated employees as a result of declining enrollment; or (C) the retention of certificated employees who are credentialed to teach in teacher shortage disciplines.

(2) The Superintendent of Public Instruction shall certify to the Teachers' Retirement Board that a result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (b) of Section 14502.

(3) The Superintendent of Public Instruction may request reimbursement from the county office of education for all administrative costs that result from the certification.

(d) The service credit made available pursuant to this section shall be available to all members employed by the school district or county office of education who meet the conditions set forth in this section.

(e) The amount of service credit shall be two years.

(f) Any employee who retires with service credit granted under this section and Section 22714 and who subsequently reinstates into the State Teachers' Retirement System, shall forfeit the service credit granted under this section and Section 22714.

(g) This section shall not be applicable to any employee otherwise eligible if the employee receives any unemployment insurance payments arising out of employment with an employer subject to Part 13 (commencing with Section 22000) during a period extending one year beyond the effective date of the formal action, or if the employee is not otherwise eligible to retire for service under the State Teachers' Retirement System.

SEC. 4. Section 84040.5 of the Education Code is amended to read:

84040.5. (a) The board of governors, in cooperation with, and

upon approval by, the Department of Finance, shall prescribe the statements and other information to be included in the audit reports filed with the state and shall develop audit procedures for carrying out the purposes of this section. The Department of Finance may make audits, surveys, and reports which, in the judgment of the department will serve the best interest of the state.

(b) A review of existing audit procedures, statements, and other information required to be included in the audit reports shall be conducted periodically by the board of governors, in cooperation with the Department of Finance. Standards shall be updated periodically.

(c) For the audit of community colleges electing to take formal action pursuant to Sections 22714 and 87488, the audit standards shall require such information as is prescribed by the chancellor, including, but not limited to, the following:

(1) The number and type of positions being vacated.

(2) The age and service credit of the retirees receiving the additional service credit provided by Sections 22714 and 87488.

(3) A comparison of the salary and benefits of each retiree receiving the additional service credit with the salary and benefits of the replacement employee, if any.

(4) The resulting retirement costs, including interest, if any, and postretirement healthcare benefits costs, incurred by the employer.

(d) The chancellor shall annually prepare a cost analysis, based upon the information included in the audit reports for the prior fiscal year, to determine the net savings or costs resulting from formal actions taken by community college districts pursuant to Sections 22714 and 87488, and shall report the results of the cost analysis to the Governor and the Legislature by April 1 of each year.

(e) All costs incurred by the board of governors to implement subdivision (c) shall be absorbed by the board of governors.

(f) At the request of the Department of Finance, each community college district that elects to take formal action pursuant to Sections 22714 and 87488 shall reimburse the Department of Finance for any related administrative costs incurred by the Department of Finance.

SEC. 5. Section 87488 is added to the Education Code, to read: 87488. (a) Whenever the governing board of a community college district, by formal action taken prior to January 1, 1999, determines that because of impending curtailment of or changes in the manner of performing services, the best interests of the district would be served by encouraging the retirement of academic employees and that the retirement will either: result in a net savings to the district; result in a reduction of the number of academic employees as a result of declining enrollment; or result in the retention of faculty who are qualified to teach in areas of teacher shortage, including, but not limited to, mathematics and science, an additional two years of service shall be credited under the State Teachers' Retirement System to an academic employee pursuant to Section 22714 if all of the following conditions exist:

(1) The employee is credited with five or more years of service under the State Teachers' Retirement System and retires during a period not more than 120 days or less than 60 days, commencing no sooner than the effective date of the formal action of the district that shall specify the period. For the 1993-94 fiscal year, the retirement period shall begin on the date of the formal action and shall end on June 30, 1994.

(2) The governing board transmits to the retirement fund an amount determined by the Teachers' Retirement Board that equals the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and Section 22714 and the amount the member would have received without the service credit and an amount determined by the Teachers' Retirement Board that equals the actuarial equivalent of the difference between the purchasing power protection supplemental payment the member receives after receipt of additional service credit pursuant to this section and the amount the member would have received without the additional service credit. The payment for purchasing power shall be deposited in the Supplemental Benefit Maintenance Account established by Section 22400 and shall be subject to Sections 24414 and 24415. The transfer to the retirement fund shall be made in a manner and time period that shall not exceed four years, that are acceptable to the Teachers' Retirement Board. The community college district shall make the payment with respect to all eligible employees who retired pursuant to this section and Section 22714.

(3) The governing board transmits to the retirement fund the administrative costs incurred by the State Teachers' Retirement System in implementing this section, as determined by the Teachers' Retirement Board.

(4) The governing board of the community college district has considered the availability of academic employees to fill the positions that would be vacated pursuant to this section.

(b) (1) The community college district shall demonstrate and certify to the chancellor's office that the formal action taken would result in either: (A) a net savings to the district; (B) a reduction in the number of academic employees as a result of declining enrollment, as computed pursuant to subdivision (c) of Section 84701; or (C) the retention of faculty who are qualified to teach in teacher shortage disciplines.

(2) The chancellor shall certify to the Teachers' Retirement Board that the results specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 84040.5. A community college district that qualifies under clause (B) of paragraph (1) shall also certify that it qualifies as a declining enrollment district as computed pursuant to subdivision (c) of Section 84701.

(3) The chancellor may request reimbursement from the

community college district for all administrative costs that result from the certification.

(c) The service credit made available pursuant to this section shall be available to all members employed by the community college district who meet the conditions set forth in this section.

(d) The amount of service credit shall be two years.

(e) Any employee who retires with service credit granted under this section and Section 22714 and subsequently reinstates into the State Teachers' Retirement System, shall forfeit the service credit granted under this section and Section 22714.

(f) This section shall not be applicable to any employee otherwise eligible if the employee receives any unemployment insurance payments arising out of employment with an employer subject to Part 13 (commencing with Section 22000) during a period extending one year beyond the effective date of the formal action, or if the employee is not otherwise eligible to retire for service under the State Teachers' Retirement System.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that school districts, county superintendents of schools, and community college districts may be permitted to obtain savings through early retirement of certificated employees and faculty at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 21

An act to add and repeal Chapter 4.5 (commencing with Section 89420) of Part 55 of the Education Code, relating to jazz.

[Approved by Governor March 24, 1994. Filed with
Secretary of State March 25, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.5 (commencing with Section 89420) is added to Part 55 of the Education Code, to read:

CHAPTER 4.5. INSTITUTE FOR PRESERVATION OF JAZZ

89420. The Legislature hereby finds and declares that there is a need for a state repository dedicated to the diverse contributions of jazz to the history and culture of this state and the nation.

89421. The trustees may establish the Institute for Preservation of Jazz at California State University, Long Beach.

89422. (a) The Chancellor of the California State University may

appoint an advisory board of no more than 15 persons to the Institute for Preservation of Jazz, which shall recommend goals, objectives, and priorities for the institute.

(b) The members of the advisory board shall serve without compensation, but may be reimbursed for necessary expenses incurred in the performance of their duties in accordance with the regulations and guidelines of the California State University.

89423. It is the intent of the Legislature that the Institute for Preservation of Jazz be funded by a variety of sources, including grants and contributions from private sources, or from public entities dedicated to the arts. No funds, or resources supported by funds, available to the California State University for support of its educational mission shall be redirected to support the institute, including the state General Fund, the California State Lottery Education Fund, and student fees revenues, as well as reimbursements and other income that otherwise would be available for support of the educational mission. If these funds, or resources supported by these funds, are utilized for initial start-up costs, including grant applications, these funds shall be fully reimbursed by the institute from moneys subsequently received via grants and contributions.

89424. If established by the trustees, the Institute for Preservation of Jazz shall do all of the following:

(a) Preserve, collect, and display samples of the contributions of jazz as an art form to the sciences, religion, education, literature, entertainment, politics, sports, and history of the state and nation. The enrichment and historical perspective of that collection shall be made available for public use and enjoyment.

(b) Provide support for teaching programs at the undergraduate and graduate level, as well as research activities consistent with the mission of the California State University.

(c) Develop and distribute educational materials relating to the preservation of jazz.

89425. The Chancellor of the California State University shall implement Section 89422 only if private funds are donated in an amount sufficient to cover costs relating to the advisory board.

89426. This chapter shall become inoperative on July 1, 1998, and, as of January 1, 1999, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1999, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 22

An act to amend Sections 19141.6, 25111.1, and 25112 of, and to add Sections 17135.5 and 24308.5 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor March 24, 1994. Filed with
Secretary of State March 25, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 17135.5 is added to the Revenue and Taxation Code, to read:

17135.5. (a) Gross income does not include cost-share payments received by forest landowners from the Department of Forestry and Fire Protection pursuant to the California Forest Improvement Act of 1978 (Part 2.5 (commencing with Section 4790) of Division 1 of the Public Resources Code) or from the United States Department of Agriculture, Forest Service, under the Forest Stewardship Program and the Stewardship Incentives Program, pursuant to the Cooperative Forestry Assistance Act, as amended (Public Law 101-624).

(b) The amount of any cost-share payment excluded pursuant to subdivision (a) shall not be considered with regard to either of the following:

- (1) Determining the basis of property acquired or improved.
- (2) Computing any allowable deduction to which the taxpayer may otherwise be entitled.

SEC. 2. Section 19141.6 of the Revenue and Taxation Code is amended to read:

19141.6. (a) Each taxpayer determining its income subject to tax pursuant to Section 25101 or electing to file pursuant to Section 25110 shall, for income years beginning on or after January 1, 1994, maintain (in the location, in the manner, and to the extent prescribed in regulations which shall be promulgated by the Franchise Tax Board on or before December 31, 1995) and make available upon request all of the following:

(1) Any records as may be appropriate to determine the correct treatment of the components that are a part of one or more unitary businesses for purposes of determining the income derived from or attributable to this state pursuant to Section 25101 or 25110.

(2) Any records as may be appropriate to determine the correct treatment of amounts that are attributable to the classification of an item as business or nonbusiness income for purposes of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(3) Any records as may be appropriate to determine the correct treatment of the apportionment factors for purposes of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(4) Documents and information, including any questionnaires

completed and submitted to the Internal Revenue Service that are necessary to audit issues involving attribution of income to the United States or foreign jurisdictions under Section 882 or Subpart F of Part III of Subchapter N, or similar sections, of the Internal Revenue Code.

(b) For purposes of this section:

(1) Information for any year shall be retained for that period of time in which the taxpayers' income or franchise tax liability to this state may be subject to adjustment, including all periods in which additional income or franchise taxes may be assessed, not to exceed eight years from the due date or extended due date of the return, or during which a protest is pending before the Franchise Tax Board, or an appeal is pending before the State Board of Equalization or a lawsuit is pending in the courts of this state or the United States with respect to California franchise or income tax.

(2) "Related party" means banks and corporations that are related because one owns or controls directly or indirectly more than 50 percent of the stock of the other or because more than 50 percent of the voting stock of each is owned or controlled, directly or indirectly, by the same interests.

(3) "Records" includes any books, papers, or other data.

(c) (1) If a bank or corporation subject to this section fails to maintain or fails to cause another to maintain records as required by subdivision (a), or willfully fails to comply substantially with Section 18634 requiring the filing of an information return, that bank or corporation shall pay a penalty of ten thousand dollars (\$10,000) for each income year with respect to which the failure occurs.

(2) If any failure described in paragraph (1) continues for more than 90 days after the day on which the Franchise Tax Board mails notice of the failure to the bank or corporation, that bank or corporation shall pay a penalty (in addition to the amount required under paragraph (1)) of ten thousand dollars (\$10,000) for each 30-day period (or fraction thereof) during which the failure continues after the expiration of the 90-day period. The additional penalty imposed by this subdivision shall not exceed a maximum of fifty thousand dollars (\$50,000) if the failure to maintain or the failure to cause another to maintain is not willful. This maximum shall apply with respect to income years beginning on or after January 1, 1994, and before the earlier of the first day of the month following the month in which regulations are adopted pursuant to this section or December 31, 1995.

(3) For purposes of this section, the time prescribed by regulations to maintain records (and the beginning of the 90-day period after notice by the Franchise Tax Board) shall be treated as not earlier than the last day on which (as shown to the satisfaction of the Franchise Tax Board) reasonable cause existed for failure to maintain the records.

(d) (1) The Franchise Tax Board may apply the rules of paragraph (2) whether or not the board begins a proceeding to

enforce a subpoena, or subpoena duces tecum, if subparagraph (A), (B), and (C) apply:

(A) For purposes of determining the correct treatment under Part 11 (commencing with Section 23001) of the items described in subdivision (a), the Franchise Tax Board issues a subpoena or subpoena duces tecum to a bank or corporation to produce (either directly or as agent for the related party) any records or testimony.

(B) The subpoena or subpoena duces tecum is not quashed in a proceeding begun under paragraph (3) and is not determined to be invalid in a proceeding begun under Section 19504 to enforce the subpoena or subpoena duces tecum.

(C) The bank or corporation does not substantially comply in a timely manner with the subpoena or subpoena duces tecum and the Franchise Tax Board has sent by certified or registered mail a notice to that bank or corporation that it has not substantially complied.

(D) If the bank or corporation fails to maintain or fails to cause another to maintain records as required by subdivision (a), and by reason of that failure, the subpoena, or subpoena duces tecum, is quashed in a proceeding described in subparagraph (B) or the bank or corporation is not able to provide the records requested in the subpoena or subpoena duces tecum, the Franchise Tax Board may apply the rules of paragraph (2) to any of the items described in subdivision (a) to which the records relate.

(2) (A) All of the following shall be determined by the Franchise Tax Board in the Franchise Tax Board's sole discretion from the Franchise Tax Board's own knowledge or from information the Franchise Tax Board may obtain through testimony or otherwise:

(i) The components that are a part of one or more unitary businesses for purposes of determining the income derived from or attributable to this state pursuant to Section 25101 or 25110.

(ii) Amounts that are attributable to the classification of an item as business or nonbusiness income for purposes of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(iii) The apportionment factors for purposes of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(iv) The correct amount of income under Section 882 of Subpart F of the Internal Revenue Code, or similar sections of the Internal Revenue Code.

(B) This paragraph shall apply to determine the correct treatment of the items described in subdivision (a) unless the bank or corporation is authorized by its related parties (in the manner and at the time as the Franchise Tax Board shall prescribe) to act as the related parties' limited agent solely for purposes of applying Section 19504 with respect to any request by the Franchise Tax Board to examine records or produce testimony related to any item described in subdivision (a) or with respect to any subpoena or subpoena duces tecum for the records or testimony. The appearance of persons or the production of records by reason of the bank or corporation being an agent shall not subject those persons or records to legal process for

any purpose other than determining the correct treatment under Part 11 of the items described in subdivision (a).

(3) (A) Notwithstanding any other law or rule of law, any reporting bank or corporation to which the Franchise Tax Board issues a subpoena or subpoena duces tecum referred to in subparagraph (A) of paragraph (1) shall have the right to begin a proceeding to quash the subpoena or subpoena duces tecum not later than the 90th day after the subpoena or subpoena duces tecum was issued. In that proceeding, the Franchise Tax Board may seek to compel compliance with the subpoena or subpoena duces tecum.

(B) Notwithstanding any other law or rule of law, any reporting bank or corporation that has been notified by the Franchise Tax Board that it has determined that the bank or corporation has not substantially complied with a subpoena or subpoena duces tecum referred to in paragraph (1) shall have the right to begin a proceeding to review the determination not later than the 90th day after the day on which the notice referred to in subparagraph (C) of paragraph (1) was mailed. If the proceeding is not begun on or before the 90th day, the determination by the Franchise Tax Board shall be binding and shall not be reviewed by any court.

(C) The superior courts of the State of California for the Counties of Los Angeles, Sacramento, and San Diego, and for the City and County of San Francisco shall have jurisdiction to hear any proceeding brought under subparagraphs (A) and (B). Any order or other determination in the proceeding shall be treated as a final order that may be appealed.

(D) If any bank or corporation takes any action as provided in subparagraphs (A) and (B), the running of any period of limitations under Sections 19057 to 19064, inclusive (relating to the assessment and collection of tax), or under Section 19704 (relating to criminal prosecutions) with respect to that bank or corporation shall be suspended for the period during which the proceedings, and appeals therein, are pending. In no event shall any period expire before the 90th day after the day on which there is a final determination in the proceeding.

SEC. 3. Section 24308.5 is added to the Revenue and Taxation Code, to read:

24308.5. (a) Gross income does not include cost-share payments received by forest landowners from the Department of Forestry and Fire Protection pursuant to the California Forest Improvement Act of 1978 (Part 2.5 (commencing with Section 4790) of Division 1 of the Public Resources Code) or from the United States Department of Agriculture, Forest Service, under the Forest Stewardship Program and the Stewardship Incentives Program, pursuant to the Cooperative Forestry Assistance Act, as amended (Public Law 101-624).

(b) The amount of any cost-share payment excluded pursuant to subdivision (a) shall not be considered with regard to either of the following:

- (1) Determining the basis of property acquired or improved.
- (2) Computing any allowable deduction to which the taxpayer may otherwise be entitled.

SEC. 4. Section 25111.1 of the Revenue and Taxation Code is amended to read:

25111.1. For any income year beginning on or after January 1, 1994, consideration for water's-edge contracts in existence as of that date is no longer provided for by law. Contracts entered into for income years beginning prior to January 1, 1994, are rescinded for any periods remaining on those contracts commencing on the first day of the taxpayer's first income year that begins on or after January 1, 1994. Any fiscal year taxpayer whose contract is in effect as of December 31, 1993, shall continue to be bound by that contract until the close of its income year after January 1, 1994, and before December 31, 1994.

SEC. 5. Section 25112 of the Revenue and Taxation Code is amended to read:

25112. (a) If a taxpayer electing to file under Section 25110 fails to supply any information described in subdivision (b), the taxpayer shall pay a penalty of one thousand dollars (\$1,000) for each income year with respect to which the failure occurs.

(b) A taxpayer electing pursuant to Section 25110 shall do all of the following:

(1) Retain and make available upon request the documents and information, including any questionnaires completed and submitted to the Internal Revenue Service or qualified states, which are necessary to audit issues involving attribution of income to the United States or foreign jurisdictions under Sections 482, 861, 863, 902, and 904, and Subpart F of Part III of Subchapter N, or similar sections of the Internal Revenue Code.

(2) Identify, upon request, principal officers or employees who have substantial knowledge of, and access to, documents and records which discuss pricing policies, profit centers, cost centers, and the methods of allocating income and expense among these centers. The information shall include the employees' titles and addresses.

(3) Retain and make available upon request all documents and correspondence ordinarily available to a bank or corporation included in the water's-edge election which are submitted to, or obtained from, the Internal Revenue Service, foreign countries or their territories or possessions, and competent authority pertaining to ruling requests, rulings, settlement resolutions, and competing claims involving jurisdictional assignment and sourcing of income that affect the assignment of income to the United States. The documents shall include all ruling requests and rulings on reorganizations involving foreign incorporation of branches, all ruling requests and rulings on changing a bank or corporation's jurisdictional incorporation, and all documents which are ordinarily available to a bank or corporation included in the water's-edge election which pertain to the determination of foreign tax liability,

including examination reports issued by foreign taxing administrations. If the documents have been translated, the translations shall be furnished.

(4) Retain and make available, upon request, information filed with the Internal Revenue Service to comply with Sections 6038, 6038A, 6038B, 6038C, and 6041 of the Internal Revenue Code.

(5) Upon request, prepare and make available for each bank or corporation organized or created under the laws of the United States or a political subdivision thereof, of which 50 percent or more of its voting stock is directly or indirectly owned or controlled, the information which would be included in the forms described in paragraph (5) if those forms were required for United States corporations.

(6) Retain and make available, upon request, all state tax returns filed by each bank or corporation included under subdivision (a) in each state, including the District of Columbia.

(7) Comply with reasonable requests for information necessary to determine or verify its net income, apportionment factors, or the geographic source of that income pursuant to the Internal Revenue Code.

(8) For purposes of this subdivision, information for any year shall be retained for that period of time in which the taxpayer's income or franchise tax liability to this state may be subject to adjustment, including all periods in which additional income or franchise taxes may be assessed or during which an appeal is pending before the State Board of Equalization or a lawsuit is pending in the courts of this state or the United States with respect to California franchise or income tax.

(c) If the failure continues for more than 90 days after the date on which the Franchise Tax Board mails notice of that failure to the taxpayer, the taxpayer shall pay a penalty (in addition to the amount required under subdivision (a)) of one thousand dollars (\$1,000) for each 30-day period (or fraction thereof) during which the failure continues after the expiration of the 90-day period. The increase in any penalty under this subdivision shall not exceed twenty-four thousand dollars (\$24,000).

(d) If the taxpayer fails to comply substantially with any formal document request arising out of the examination of the tax treatment of any item (hereinafter in this section referred to as the "examined item") before the 90th day after the date of the mailing of the request, any court having jurisdiction of a civil proceeding in which the tax treatment of the examined item is an issue may, upon motion by the Franchise Tax Board, prohibit the introduction by the taxpayer of documentation covered by that request.

(e) For purposes of this section, the time in which information is to be furnished (and the beginning of the 90-day period after notice by the Franchise Tax Board) shall be treated as beginning not earlier than the last day on which reasonable cause existed for failure to furnish the information.

(f) This section shall not apply with respect to any requested documentation if the taxpayer establishes that the failure to provide the documentation, as requested by the Franchise Tax Board, is due to reasonable cause. For purposes of subdivision (d), the fact that a foreign jurisdiction would impose a civil or criminal penalty on the taxpayer (or any other person) for disclosing the requested documentation is not reasonable cause unless, after in-camera review of the documentation, the court finds otherwise.

(g) For purposes of this section, the term "formal document request" means any request (made after the normal request procedures have failed to produce the requested documentation) for the production of documentation which is mailed by registered or certified mail to the taxpayer at its last known address and which sets forth all of the following:

(1) The time and place for the production of the documentation.

(2) A statement of the reason the documentation previously produced (if any) is not sufficient.

(3) A description of the documentation being sought.

(4) The consequences to the taxpayer of the failure to produce the documentation described in this section.

(h) Notwithstanding any other law or rule of law, any taxpayer to whom a formal document request is mailed may begin a proceeding to quash that request not later than the 90th day after the date the request was mailed. In any such proceeding, the Franchise Tax Board may seek to compel compliance with the request.

(i) The superior courts of the State of California for the Counties of Los Angeles, Sacramento, and San Diego, and for the City and County of San Francisco shall have jurisdiction to hear any proceeding brought under subdivision (h). An order denying the petition shall be deemed a final order which may be appealed.

The running of the 90-day period referred to in subdivision (c) shall be suspended during any period during which a proceeding brought under subdivision (h) is pending.

(j) For purposes of this section, "documentation" means any documentation which may be relevant or material to the tax treatment of the examined item.

(k) The Franchise Tax Board, and any court having jurisdiction over a proceeding under subdivision (g), may extend the 90-day period referred to in subdivision (b).

(l) If any bank or corporation takes any action as provided in subdivision (h), the running of any period of limitations under Sections 19057 to 19067, inclusive (relating to the assessment and collection of tax), or under Section 19704 (relating to criminal prosecutions) with respect to that bank or corporation shall be suspended for the period during which the proceedings under subdivision (h) and appeals thereto are pending.

SEC. 6. Section 25115 of the Revenue and Taxation Code, as that section read on December 31, 1993, applies to any income year beginning before January 1, 1994.

SEC. 7. Section 6 of this act does not constitute a change in, but is declaratory of, the existing law.

SEC. 8. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 23

An act to amend Sections 1203, 12001, 12020, 12021, 12025, 12026.2, 12071, 12072, 12073, 12076, 12077, 12078, 12082, 12084, 12101, 12285, 12551, 12552, 12800, and 12802 of, to amend and renumber Section 467 of, to repeal and add Section 12023 of, and to repeal Sections 12100 and 12553 of, the Penal Code, and to amend Section 2 of Chapter 1180 of the Statutes of 1988, relating to firearms.

[Approved by Governor March 30, 1994. Filed with
Secretary of State March 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 467 of the Penal Code is amended and renumbered to read:

12024. Every person having upon him or her any deadly weapon, with intent to assault another, is guilty of a misdemeanor.

SEC. 2. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" means the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of a probation officer. As used in this code, "conditional sentence" means the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to the conditions established by the court without the supervision of a probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) Except as provided in subdivision (j), if a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to a probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted. Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement

agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation. The probation officer shall also include in the report his or her recommendation of the amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his or her report a recommendation as to whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund. The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or, upon request of the defendant or prosecuting attorney, nine days, prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered the report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) If a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If the case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person which could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert the information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, carjacking, burglary, burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and who was armed with the weapon at either of those times.

(2) Any person who used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used, or attempted to use, a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision

(b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machine gun under Section 12220, or a silencer under Section 12520.

(12) Any person who is convicted of violating Section 8101 of the Welfare and Institutions Code.

(13) Any person who is described in paragraph (2) of subdivision (g) of Section 12072.

(f) When probation is granted in a case which comes within subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) If a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement if the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county

financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 3. Section 12001 of the Penal Code is amended to read:

12001. (a) As used in this title, the terms "pistol," "revolver," and "firearm capable of being concealed upon the person" shall apply to and include any device designed to be used as a weapon, from which is expelled a projectile by the force of any explosion, or other form of combustion, and which has a barrel less than 16 inches in length. These terms also include any device which has a barrel 16 inches or more in length which is designed to be interchanged with a barrel less than 16 inches in length.

(b) As used in this title, "firearm" means any device, designed to be used as a weapon, from which is expelled through a barrel a projectile by the force of any explosion or other form of combustion.

(c) As used in Sections 12021, 12021.1, 12070, 12071, 12072, 12073, and 12078, and Sections 8100 and 8103 of the Welfare and Institutions Code, the term "firearm" includes the frame or receiver of the weapon.

(d) For the purposes of Sections 12025 and 12031, the term "firearm" also shall include any rocket, rocket propelled projectile launcher, or similar device containing any explosive or incendiary material whether or not the device is designed for emergency or distress signaling purposes.

(e) (1) For purposes of Sections 12070, 12071, and subdivisions (b), (c), and (d) of Section 12072, the term "firearm" does not include an unloaded firearm which is defined as an "antique firearm" in Section 921 (a) (16) of Title 18 of the United States Code.

(2) For purposes of Sections 12070, 12071, and subdivisions (b), (c), and (d) of Section 12072, the term "firearm" does not include an unloaded firearm that meets both of the following:

(A) It is not a pistol, revolver, or other firearm capable of being concealed upon the person.

(B) It is a curio or relic, as defined in Section 178.11 of Title 27 of the Code of Federal Regulations.

(f) Nothing shall prevent a device defined as a "pistol," "revolver," or "firearm capable of being concealed upon the person" from also being found to be a short-barreled shotgun or a short-barreled rifle, as defined in Section 12020.

(g) For purposes of Section 12551, the term "BB device" means any instrument which expels a metallic projectile, such as a BB or a pellet, through the force of air pressure, CO₂ pressure, or spring action, or any spot marker gun.

(h) As used in this title, “wholesaler” means any person who is licensed as a dealer pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto who sells, transfers, or assigns firearms, or parts of firearms, to persons who are licensed as manufacturers, importers, or gunsmiths pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code, or persons licensed pursuant to Section 12071, and includes persons who receive finished parts of firearms and assemble them into completed or partially completed firearms in furtherance of that purpose.

“Wholesaler” shall not include a manufacturer, importer, or gunsmith who is licensed to engage in those activities pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code or a person licensed pursuant to Section 12071 and the regulations issued pursuant thereto. A wholesaler also does not include those persons dealing exclusively in grips, stocks, and other parts of firearms that are not frames or receivers thereof.

(i) As used in Section 12071, 12072, or 12084, “application to purchase” means either of the following:

(1) The initial completion of the register by the purchaser, transferee, or person being loaned the firearm as required by subdivision (a) of Section 12076.

(2) The initial completion of the LEFT by the purchaser, transferee, or person being loaned the firearm as required by subdivision (d) of Section 12084.

(j) For purposes of Section 12023, a firearm shall be deemed to be “loaded” whenever both the firearm and the unexpended ammunition capable of being discharged from the firearm are in the immediate possession of the same person.

SEC. 4. Section 12020 of the Penal Code is amended to read:

12020. (a) Any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any cane gun or wallet gun, any undetectable firearm, any firearm which is not immediately recognizable as a firearm, any camouflaging firearm container, any ammunition which contains or consists of any fléchette dart, any bullet containing or carrying an explosive agent, any ballistic knife, any multiburst trigger activator, any nunchaku, any short-barreled shotgun, any short-barreled rifle, any metal knuckles, any belt buckle knife, any leaded cane, any zip gun, any shuriken, any unconventional pistol, any lipstick case knife, any cane sword, any shobi-zue, any air gauge knife, any writing pen knife, or any instrument or weapon of the kind commonly known as a blackjack, slungshot, billy, sandclub, sap, or sandbag, or who carries concealed upon his or her person any explosive substance, other than fixed ammunition, or who carries concealed upon his or her person any dirk or dagger is punishable by imprisonment in a county jail not exceeding one year or in the state prison. A bullet containing or carrying an explosive agent is not a destructive device as that term

is used in Section 12301.

(b) Subdivision (a) does not apply to any of the following:

(1) The sale to, purchase by, or possession of short-barreled shotguns or short-barreled rifles by police departments, sheriffs' offices, marshals' offices, the California Highway Patrol, the Department of Justice, or the military or naval forces of this state or of the United States for use in the discharge of their official duties or the possession of short-barreled shotguns and short-barreled rifles by regular, salaried, full-time members of a police department, sheriff's office, marshal's office, the California Highway Patrol, or the Department of Justice when on duty and the use is authorized by the agency and is within the course and scope of their duties.

(2) The manufacture, possession, transportation or sale of short-barreled shotguns or short-barreled rifles when authorized by the Department of Justice pursuant to Article 6 (commencing with Section 12095) of this chapter and not in violation of federal law.

(3) The possession of a nunchaku on the premises of a school which holds a regulatory or business license and teaches the arts of self-defense.

(4) The manufacture of a nunchaku for sale to, or the sale of a nunchaku to, a school which holds a regulatory or business license and teaches the arts of self-defense.

(5) Any antique firearm. For purposes of this section, "antique firearm" means any firearm not designed or redesigned for using rimfire or conventional center fire ignition with fixed ammunition and manufactured in or before 1898 (including any matchlock, flintlock, percussion cap, or similar type of ignition system or replica thereof, whether actually manufactured before or after the year 1898) and also any firearm using fixed ammunition manufactured in or before 1898, for which ammunition is no longer manufactured in the United States and is not readily available in the ordinary channels of commercial trade.

(6) Tracer ammunition manufactured for use in shotguns.

(7) Any firearm or ammunition which is a curio or relic as defined in Section 178.11 of Title 27 of the Code of Federal Regulations and which is in the possession of a person permitted to possess the items pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto. Any person prohibited by Section 12021, 12021.1, or 12101 of this code or Section 8100 or 8103 of the Welfare and Institutions Code from possessing firearms or ammunition who obtains title to these items by bequest or intestate succession may retain title for not more than one year, but actual possession of these items at any time is punishable pursuant to Section 12021, 12021.1, or 12101 of this code or Section 8100 or 8103 of the Welfare and Institutions Code. Within the year the person shall transfer title to the firearms or ammunition by sale, gift, or other disposition. Any person who violates this paragraph is in violation of subdivision (a).

(8) Any other weapon as defined in subsection (e) of Section 5845

of Title 26 of the United States Code and which is in the possession of a person permitted to possess the weapons pursuant to the federal Gun Control Act of 1968 (Public Law 90-618), as amended, and the regulations issued pursuant thereto. Any person prohibited by Section 12021, 12021.1, or 12101 of this code or Section 8100 or 8103 of the Welfare and Institutions Code from possessing these weapons who obtains title to these weapons by bequest or intestate succession may retain title for not more than one year, but actual possession of these weapons at any time is punishable pursuant to Section 12021, 12021.1, or 12101 of this code or Section 8100 or 8103 of the Welfare and Institutions Code. Within the year, the person shall transfer title to the weapons by sale, gift, or other disposition. Any person who violates this paragraph is in violation of subdivision (a). The exemption provided in this subdivision does not apply to pen guns.

(9) Instruments or devices that are possessed by federal, state, and local historical societies, museums, and institutional collections which are open to the public, provided that these instruments or devices are properly housed, secured from unauthorized handling, and, if the instrument or device is a firearm, unloaded.

(10) Instruments or devices, other than short-barreled shotguns or short-barreled rifles, that are possessed or utilized during the course of a motion picture, television, or video production or entertainment event by an authorized participant therein in the course of making that production or event or by an authorized employee or agent of the entity producing that production or event.

(11) Instruments or devices, other than short-barreled shotguns or short-barreled rifles, that are sold by, manufactured by, exposed or kept for sale by, possessed by, imported by, or lent by persons who are in the business of selling instruments or devices listed in subdivision (a) solely to the entities referred in paragraphs (9) and (10) when engaging in transactions with those entities.

(12) The sale to, possession of, or purchase of any weapon, device, or ammunition, other than a short-barreled rifle or short-barreled shotgun, by any federal, state, county, city and county, or city agency that is charged with the enforcement of any law for use in the discharge of their official duties, or the possession of any weapon, device, or ammunition, other than a short-barreled rifle or short-barreled shotgun, by peace officers thereof when on duty and the use is authorized by the agency and is within the course and scope of their duties.

(13) Weapons, devices, and ammunition, other than a short-barreled rifle or short-barreled shotgun, that are sold by, manufactured by, exposed, or kept for sale by, possessed by, imported by, or lent by, persons who are in the business of selling weapons, devices, and ammunition listed in subdivision (a) solely to the entities referred to in paragraph (12) when engaging in transactions with those entities.

(14) The manufacture for, sale to, exposing or keeping for sale to, importation of, or lending of wooden clubs or batons to special police

officers or uniformed security guards authorized to carry any wooden club or baton pursuant to Section 12002 by entities that are in the business of selling wooden batons or clubs to special police officers and uniformed security guards when engaging in transactions with those persons.

(c) (1) As used in this section, a “short-barreled shotgun” means any of the following:

(A) A firearm which is designed or redesigned to fire a fixed shotgun shell and having a barrel or barrels of less than 18 inches in length.

(B) A firearm which has an overall length of less than 26 inches and which is designed or redesigned to fire a fixed shotgun shell.

(C) Any weapon made from a shotgun (whether by alteration, modification, or otherwise) if that weapon, as modified, has an overall length of less than 26 inches or a barrel or barrels of less than 18 inches in length.

(D) Any device which may be readily restored to fire a fixed shotgun shell which, when so restored, is a device defined in subparagraphs (A) to (C), inclusive.

(E) Any part, or combination of parts, designed and intended to convert a device into a device defined in subparagraphs (A) to (C), inclusive, or any combination of parts from which a device defined in subparagraphs (A) to (C), inclusive, can be readily assembled if those parts are in the possession or under the control of the same person.

(2) As used in this section, a “short-barreled rifle” means any of the following:

(A) A rifle having a barrel or barrels of less than 16 inches in length.

(B) A rifle with an overall length of less than 26 inches.

(C) Any weapon made from a rifle (whether by alteration, modification, or otherwise) if that weapon as modified has an overall length of less than 26 inches or a barrel or barrels of less than 16 inches in length.

(D) Any device which may be readily restored to fire a fixed cartridge which, when so restored, is a device defined in subparagraphs (A) to (C), inclusive.

(E) Any part, or combination of parts, designed and intended to convert a device into a device defined in subparagraphs (A) to (C), inclusive, or any combination of parts from which a device defined in subparagraphs (A) to (C), inclusive, may be readily assembled if those parts are in the possession or under the control of the same person.

(3) As used in this section, a “nunchaku” means an instrument consisting of two or more sticks, clubs, bars or rods to be used as handles, connected by a rope, cord, wire, or chain, in the design of a weapon used in connection with the practice of a system of self-defense such as karate.

(4) As used in this section, a “wallet gun” means any firearm

mounted or enclosed in a case, resembling a wallet, designed to be or capable of being carried in a pocket or purse, if such firearm may be fired while mounted or enclosed in such case.

(5) As used in this section, a “cane gun” means any firearm mounted or enclosed in a stick, staff, rod, crutch, or similar device, designed to be, or capable of being used as, an aid in walking, if such firearm may be fired while mounted or enclosed therein.

(6) As used in this section, a “fléchette dart” means a dart, capable of being fired from a firearm, which measures approximately one inch in length, with tail fins which take up five-sixteenths of an inch of the body.

(7) As used in this section, “metal knuckles” means any device or instrument made wholly or partially of metal which is worn for purposes of offense or defense in or on the hand and which either protects the wearer’s hand while striking a blow or increases the force of impact from the blow or injury to the individual receiving the blow. The metal contained in the device may help support the hand or fist, provide a shield to protect it, or consist of projections or studs which would contact the individual receiving a blow.

(8) As used in this section, a “ballistic knife” means a device that propels a knifelike blade as a projectile by means of a coil spring, elastic material, or compressed gas. Ballistic knife does not include any device which propels an arrow or a bolt by means of any common bow, compound bow, crossbow, or underwater spear gun.

(9) As used in this section, a “camouflaging firearm container” means a container which meets all of the following criteria:

(A) It is designed and intended to enclose a firearm.

(B) It is designed and intended to allow the firing of the enclosed firearm by external controls while the firearm is in the container.

(C) It is not readily recognizable as containing a firearm.

“Camouflaging firearm container” does not include any camouflaging covering used while engaged in lawful hunting or while going to or returning from a lawful hunting expedition.

(10) As used in this section, a “zip gun” means any weapon or device which meets all of the following criteria:

(A) It was not imported as a firearm by an importer licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(B) It was not originally designed to be a firearm by a manufacturer licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(C) No tax was paid on the weapon or device nor was an exemption from paying tax on that weapon or device granted under Section 4181 and subchapters F (commencing with Section 4216) and G (commencing with Section 4221) of Chapter 32 of Title 26 of the United States Code, as amended, and the regulations issued pursuant thereto.

(D) It is made or altered to expel a projectile by the force of an explosion or other form of combustion.

(11) As used in this section, a "shuriken" means any instrument, without handles, consisting of a metal plate having three or more radiating points with one or more sharp edges and designed in the shape of a polygon, trefoil, cross, star, diamond, or other geometric shape for use as a weapon for throwing.

(12) As used in this section, an "unconventional pistol" means a firearm that does not have a rifled bore and has a barrel or barrels of less than 18 inches in length or has an overall length of less than 26 inches.

(13) As used in this section, a "belt buckle knife" is a knife which is made an integral part of a belt buckle and consists of a blade with a length of at least 2½ inches.

(14) As used in this section, a "lipstick case knife" means a knife enclosed within and made an integral part of a lipstick case.

(15) As used in this section, a "cane sword" means a cane, swagger stick, stick, staff, rod, pole, umbrella, or similar device, having concealed within it a blade that may be used as a sword or stiletto.

(16) As used in this section, a "shobi-zue" means a staff, crutch, stick, rod, or pole concealing a knife or blade within it which may be exposed by a flip of the wrist or by a mechanical action.

(17) As used in this section, a "leaded cane" means a staff, crutch, stick, rod, pole, or similar device, unnaturally weighted with lead.

(18) As used in this section, an "air gauge knife" means a device that appears to be an air gauge but has concealed within it a pointed, metallic shaft that is designed to be a stabbing instrument which is exposed by mechanical action or gravity which locks into place when extended.

(19) As used in this section, a "writing pen knife" means a device that appears to be a writing pen but has concealed within it a pointed, metallic shaft that is designed to be a stabbing instrument which is exposed by mechanical action or gravity which locks into place when extended or the pointed, metallic shaft is exposed by the removal of the cap or cover on the device.

(20) As used in this section, a "rifle" means a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of the explosive in a fixed cartridge to fire only a single projectile through a rifled bore for each single pull of the trigger.

(21) As used in this section, a "shotgun" means a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder and designed or redesigned and made or remade to use the energy of the explosive in a fixed shotgun shell to fire through a smooth bore either a number of projectiles (ball shot) or a single projectile for each pull of the trigger.

(22) As used in this section, an "undetectable firearm" means any weapon which meets one of the following requirements:

(A) When, after removal of grips, stocks, and magazines, it is not

as detectable as the Security Exemplar, by walk-through metal detectors calibrated and operated to detect the Security Exemplar.

(B) When any major component of which, when subjected to inspection by the types of X-ray machines commonly used at airports, does not generate an image that accurately depicts the shape of the component. Barium sulfate or other compounds may be used in the fabrication of the component.

(C) For purposes of this paragraph, the terms “firearm,” “major component,” and “Security Exemplar” have the same meanings as those terms are defined in Section 922 of Title 18 of the United States Code.

All firearm detection equipment newly installed in nonfederal public buildings in this state shall be of a type identified by either the United States Attorney General, the Secretary of Transportation, or the Secretary of the Treasury, as appropriate, as available state-of-the-art equipment capable of detecting an undetectable firearm, as defined, while distinguishing innocuous metal objects likely to be carried on one’s person sufficient for reasonable passage of the public.

(23) As used in this section, a “multiburst trigger activator” means one of the following devices:

(A) A device designed or redesigned to be attached to a semiautomatic firearm which allows the firearm to discharge two or more shots in a burst by activating the device.

(B) A manual or power-driven trigger activating device constructed and designed so that when attached to a semiautomatic firearm it increases the rate of fire of that firearm.

(24) As used in this section, a “dirk” or “dagger” means a knife or other instrument with or without a handguard that is primarily designed, constructed, or altered to be a stabbing instrument designed to inflict great bodily injury or death.

(d) Knives carried in sheaths which are worn openly suspended from the waist of the wearer are not concealed within the meaning of this section.

SEC. 5. Section 12021 of the Penal Code is amended to read:

12021. (a) (1) Any person who has been convicted of a felony under the laws of the United States, the State of California, or any other state, government, or country, or of an offense enumerated in subdivision (a), (b), or (d) of Section 12001.6, or who is addicted to the use of any narcotic drug, who owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a felony.

(2) Any person who has two or more convictions for violating paragraph (2) of subdivision (a) of Section 417 and who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6, when that conviction results from certification by the juvenile court

for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of this subdivision, any person who has been convicted of a misdemeanor violation of Section 136.5, 140, 171b, 171c, 171d, 240, 241, 242, 243, 244.5, 245, 245.5, 246.3, 247, 273.5, 273.6, 417, 417.2, 626.9, 646.9, 12023, subdivision (b) or (d) of Section 12034, paragraph (1) or (2) of subdivision (a) of Section 12072, subdivision (a) of former Section 12100, Section 12320 or 12590, or Section 8101 of the Welfare and Institutions Code, or of the conduct punished in paragraph (2) of subdivision (g) of Section 12072, or the sale of a pistol, revolver, or other firearm capable of being concealed upon the person in violation of paragraph (3) of subdivision (a) of Section 12072, and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars (\$1,000), or by both that imprisonment and fine. The court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. However, the prohibition in this paragraph may be reduced, eliminated, or conditioned as provided in paragraph (2) or (3).

(2) Any person employed as a peace officer described in Section 830.1, 830.2, 830.31, 830.32, 830.33, or 830.5 whose employment or livelihood is dependent on the ability to legally possess a firearm, who is subject to the prohibition imposed by this subdivision because of a conviction under Section 273.5, 273.6, or 646.9, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and shall notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under subdivision (c) no matter when the prior conviction occurred.

In making its decision, the court shall consider the petitioner's continued employment, the interest of justice, any relevant evidence, and the totality of the circumstances. The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Relief from the prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner. It is the intent of the Legislature to permit persons who were convicted of an offense specified in Section 273.5, 273.6, or 646.9 to seek relief from the prohibition imposed by this subdivision.

(3) Any person who is subject to the prohibition imposed by this subdivision because of a conviction prior to January 1, 1991, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner.

(4) Law enforcement officials who enforce the prohibition specified in this subdivision against a person who has been granted relief pursuant to paragraph (2) or (3), shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified

copy of the court order that granted the person relief from the prohibition. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars (\$1,000), or by both that imprisonment and fine. The court, on forms provided by the Department of Justice, shall notify the department of persons subject to this subdivision. The notice shall include a copy of the order of probation and a copy of any minute order or abstract reflecting the order and conditions of probation.

(e) Any person who (1) is alleged to have committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code or an offense described in subdivision (b) of Section 1203.073, (2) is found to be a fit and proper subject to be dealt with under the juvenile court law, and (3) is subsequently adjudged a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code because the person committed an offense listed in subdivision (b) of Section 707 of the Welfare and Institutions Code or an offense described in subdivision (b) of Section 1203.073 shall not own, or have in his or her possession or under his or her custody or control, any firearm until the age of 30 years. A violation of this subdivision shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars (\$1,000), or by both that imprisonment and fine. The juvenile court, on forms prescribed by the Department of Justice, shall notify the department of persons subject to this subdivision. Notwithstanding any other law, the forms required to be submitted to the department pursuant to this subdivision may be used to determine eligibility to acquire a firearm.

(f) Subdivision (a) shall not apply to a person who has been convicted of a felony under the laws of the United States unless either of the following criteria is satisfied:

(1) Conviction of a like offense under California law can only result in imposition of felony punishment.

(2) The defendant was sentenced to a federal correctional facility for more than 30 days, or received a fine of more than one thousand dollars (\$1,000), or received both punishments.

(g) Every person who purchases or receives, or attempts to purchase or receive, a firearm knowing that he or she is subject to a protective order as defined in Section 6218 of the Family Code, is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars (\$1,000), or both that

imprisonment and fine. This subdivision does not apply unless the copy of the restraining order personally served on the person against whom the restraining order is issued contains a notice in bold print stating (1) that the person is prohibited from purchasing or receiving or attempting to purchase or receive a firearm and (2) specifying the penalties for violating this subdivision, or a court has provided actual verbal notice of the firearm prohibition and penalty as provided in Section 6304 of the Family Code. However, this subdivision does not apply if the firearm is received as part of the disposition of community property pursuant to Division 7 (commencing with Section 2500) of the Family Code.

SEC. 6. Section 12023 of the Penal Code is repealed.

SEC. 7. Section 12023 is added to the Penal Code, to read:

12023. (a) Every person who carries a loaded firearm with the intent to commit a felony is guilty of armed criminal action.

(b) Armed criminal action is punishable by imprisonment in a county jail not exceeding one year, or in the state prison.

SEC. 8. Section 12025 of the Penal Code is amended to read:

12025. (a) A person is guilty of carrying a concealed firearm when he or she does any of the following:

(1) Carries concealed within any vehicle which is under his or her control or direction any pistol, revolver, or other firearm capable of being concealed upon the person.

(2) Carries concealed upon his or her person any pistol, revolver, or other firearm capable of being concealed upon the person.

(b) Carrying a concealed firearm in violation of this section is punishable, as follows:

(1) Where the person previously has been convicted of any felony, or of any crime made punishable by this chapter, as a felony.

(2) Where the person has been convicted of a crime against the person or property, or of a narcotics or dangerous drug violation, by imprisonment in the state prison, or by imprisonment in a county jail not to exceed one year, by a fine not to exceed one thousand dollars (\$1,000), or by both that imprisonment and fine.

(3) In all cases other than those specified in paragraphs (1) and (2), as a misdemeanor, punishable by imprisonment in a county jail not to exceed one year, by a fine not to exceed one thousand dollars (\$1,000), or by both that imprisonment and fine.

(c) (1) Every person convicted under this section who previously has been convicted of a misdemeanor offense enumerated in Section 12001.6 shall be punished by imprisonment in a county jail for at least three months and not exceeding six months, or, if granted probation, or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she be imprisoned in a county jail for at least three months.

(2) Every person convicted under this section who has previously been convicted of any felony, or of any crime made punishable by this chapter, if probation is granted, or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she

be imprisoned in a county jail for not less than three months.

(d) The court shall apply the three-month minimum sentence as specified in subdivision (c), except in unusual cases where the interests of justice would best be served by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in subdivision (c) or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in subdivision (c), in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

(e) Firearms carried openly in belt holsters are not concealed within the meaning of this section.

SEC. 9. Section 12026.2 of the Penal Code is amended to read:

12026.2. (a) Section 12025 does not apply to, or affect, any of the following:

(1) The possession of a firearm by an authorized participant in a motion picture, television, or video production or entertainment event when the participant lawfully uses the firearm as part of that production or event or while going directly to, or coming directly from, that production or event.

(2) The possession of a firearm in a locked container by a member of any club or organization, organized for the purpose of lawfully collecting and lawfully displaying pistols, revolvers, or other firearms, while the member is at meetings of the clubs or organizations or while going directly to, and coming directly from, those meetings.

(3) The transportation of a firearm by a participant when going directly to, or coming directly from, a recognized safety or hunter safety class, or a recognized sporting event involving that firearm.

(4) The transportation of a firearm by a person listed in Section 12026 directly between any of the places mentioned in Section 12026.

(5) The transportation of a firearm by a person when going directly to, or coming directly from, a fixed place of business or private residential property for the purpose of the lawful repair or the lawful transfer, sale, or loan of that firearm.

(6) The transportation of a firearm by a person listed in Section 12026 when going directly from the place where that person lawfully received that firearm to that person's place of residence or place of business or to private property owned or lawfully possessed by that person.

(7) The transportation of a firearm by a person when going directly to, or coming directly from, a gun show, swap meet, or similar event to which the public is invited, for the purpose of displaying that firearm in a lawful manner.

(8) The transportation of a firearm by an authorized employee or agent of a supplier of firearms when going directly to, or coming directly from, a motion picture, television, or video production or entertainment event for the purpose of providing that firearm to an

authorized participant to lawfully use as a part of that production or event.

(9) The transportation of a firearm by a person when going directly to, or coming directly from, a target range, which holds a regulatory or business license, for the purposes of practicing shooting at targets with that firearm at that target range.

(10) The transportation of a firearm by a person when going directly to, or coming directly from, a place designated by a person authorized to issue licenses pursuant to Section 12050 when done at the request of the issuing agency so that the issuing agency can determine whether or not a license should be issued to that person to carry that firearm.

(11) The transportation of a firearm by a person when going directly to, or coming directly from, a law enforcement agency for the purpose of a lawful transfer, sale, or loan of that firearm pursuant to Section 12084.

(12) The transportation of a firearm by a person when going directly to, or coming directly from, a lawful camping activity for the purpose of having that firearm available for lawful personal protection while at the lawful campsite. This paragraph shall not be construed to override the statutory authority granted to the Department of Parks and Recreation or any other state or local governmental agencies to promulgate rules and regulations governing the administration of parks and campgrounds.

(13) The transportation of a firearm by a person in order to comply with subdivision (i) of Section 12078 as it pertains to that firearm.

(14) The transportation of a firearm by a person in order to utilize subdivision (l) of Section 12078 as it pertains to that firearm.

(15) The transportation of a firearm by a person when going directly to, or coming directly from, a gun show or event, as defined in Section 178.100 of Title 27 of the Code of Federal Regulations, for the purpose of lawfully transferring, selling, or loaning that firearm in accordance with subdivision (d) of Section 12072.

(b) In order for a firearm to be exempted under subdivision (a), while being transported to or from a place, the firearm shall be unloaded, kept in a locked container, as defined in subdivision (d), and the course of travel shall include only those deviations between authorized locations as are reasonably necessary under the circumstances.

(c) This section does not prohibit or limit the otherwise lawful carrying or transportation of any pistol, revolver, or other firearm capable of being concealed upon the person in accordance with this chapter.

(d) As used in this section, "locked container" means a secure container which is fully enclosed and locked by a padlock, key lock, combination lock, or similar locking device. The term "locked container" does not include the utility or glove compartment of a motor vehicle.

SEC. 10. Section 12071 of the Penal Code is amended to read:

12071. (a) (1) As used in this chapter, the term "licensee," "person licensed pursuant to Section 12071," or "dealer" means a person who has (A) a valid federal firearms license, (B) any regulatory or business license, or licenses, required by local government, (C) a valid seller's permit issued by the State Board of Equalization, (D) a certificate of eligibility issued by the Department of Justice pursuant to paragraph (4), and (E) a license issued in the format prescribed by paragraph (6).

(2) The duly constituted licensing authority of a city, county, or a city and county shall accept applications for, and may grant licenses permitting, licensees to sell firearms at retail within the city, county, or city and county. The duly constituted licensing authority shall inform applicants who are denied licenses of the reasons for the denial in writing.

(3) No license shall be granted to any applicant who fails to provide a copy of his or her valid federal firearms license, valid seller's permit issued by the State Board of Equalization, and the certificate of eligibility described in paragraph (4).

(4) A person may request a certificate of eligibility from the Department of Justice and the Department of Justice shall issue a certificate to an applicant if the department's records indicate that the applicant is not a person who is prohibited from possessing firearms.

(5) The department shall adopt regulations to administer the certificate of eligibility program and shall recover the full costs of administering the program by imposing fees assessed to applicants who apply for those certificates.

(6) A license granted by the duly constituted licensing authority of any city, county, or city and county, shall be valid for not more than one year from the date of issuance and shall be in one of the following forms:

(A) In the form prescribed by the Attorney General.

(B) A regulatory or business license that states on its face "Valid for Retail Sales of Firearms" and is endorsed by the signature of the issuing authority.

(C) A letter from the duly constituted licensing authority having primary jurisdiction for the applicant's intended business location stating that the jurisdiction does not require any form of regulatory or business license or does not otherwise restrict or regulate the sale of firearms.

(7) Local licensing authorities may assess fees to recover their full costs of processing applications for licenses.

(b) A license is subject to forfeiture for a breach of any of the following prohibitions and requirements:

(1) (A) Except as provided in subparagraphs (B) and (C), the business shall be conducted only in the buildings designated in the license.

(B) A person licensed pursuant to subdivision (a) may take

possession of firearms and commence preparation of registers for the sale, delivery, or transfer of firearms at gun shows or events, as defined in Section 178.100 of Title 27 of the Code of Federal Regulations, or its successor, if the gun show or event is not conducted from any motorized or towed vehicle. A person conducting business pursuant to this subparagraph shall be entitled to conduct business as authorized herein at any gun show or event in the state without regard to the jurisdiction within this state that issued the license pursuant to subdivision (a), provided the person complies with (i) all applicable laws, including, but not limited to, the 15-day waiting period specified in subparagraph (A) of paragraph (3), and (ii) all applicable local laws, regulations, and fees, if any.

A person conducting business pursuant to this subparagraph shall publicly display his or her license issued pursuant to subdivision (a), or a facsimile thereof, at any gun show or event, as specified in this subparagraph.

(C) A person licensed pursuant to subdivision (a) may engage in the sale and transfer of firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person, at events specified in subdivision (g) of Section 12078, subject to the prohibitions and restrictions contained in that subdivision.

A person licensed pursuant to subdivision (a) also may accept delivery of firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person, outside the building designated in the license, provided the firearm is being donated for the purpose of sale or transfer at an auction or similar event specified in subdivision (g) of Section 12078.

(2) The license or a copy thereof, certified by the issuing authority, shall be displayed on the premises where it can easily be seen.

(3) No firearm shall be delivered:

(A) Prior to January 1, 1996, within 15 days of the application for the purchase, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register, or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later. On or after January 1, 1996, within 15 days of the application for the purchase of a pistol, revolver, or other firearm capable of being concealed upon the person, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register, or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later. On or after January 1, 1996, within 10 days of the application for the purchase of any other firearm, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 10 days of the submission to the department of corrected copies of the register, or within 10 days

of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later.

(B) Unless unloaded and securely wrapped or unloaded and in a locked container.

(C) Unless the purchaser, transferee, or person being loaned the firearm presents clear evidence of his or her identity and age to the dealer.

(D) Whenever the dealer is notified by the Department of Justice that the person is in a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(4) No pistol, revolver, or other firearm capable of being concealed upon the person or imitation thereof, or placard advertising the sale or other transfer thereof, shall be displayed in any part of the premises where it can readily be seen from the outside.

(5) The licensee shall agree to and shall act properly and promptly in processing firearms transactions pursuant to Section 12082.

(6) The licensee shall comply with Sections 12073 and 12077 and subdivisions (a) and (b) of Section 12072.

(7) The licensee shall post conspicuously within the licensed premises the following warning in block letters not less than one inch in height:

"IF YOU LEAVE A LOADED FIREARM WHERE A CHILD OBTAINS AND IMPROPERLY USES IT, YOU MAY BE FINED OR SENT TO PRISON."

(8) Commencing April 1, 1994, no pistol, revolver, or other firearm capable of being concealed upon the person shall be delivered unless the purchaser, transferee, or person being loaned the firearm presents to the dealer a basic firearm safety certificate.

(9) Commencing July 1, 1992, the licensee shall offer to provide the purchaser or transferee of a firearm, or person being loaned a firearm, with a copy of the pamphlet described in Section 12080 and may add the cost of the pamphlet, if any, to the sales price of the firearm.

(10) The licensee shall not commit an act of collusion as defined in Section 12072.

(11) The licensee shall post conspicuously within the licensed premises a detailed list of each of the following:

(A) All charges required by governmental agencies for processing firearm transfers required by Sections 12076, 12082, and 12806.

(B) All fees that the licensee charges pursuant to Sections 12082 and 12806.

(12) The licensee shall not misstate the amount of fees charged by a governmental agency pursuant to Sections 12076, 12082, and 12806.

(13) The licensee shall report the loss or theft of any firearm that is merchandise of the licensee, any firearm that the licensee takes possession of pursuant to Section 12082, or any firearm kept at the

licensee's place of business within 48 hours of discovery to the appropriate law enforcement agency in the city, county, or city and county where the licensee's business premises are located.

(14) In a city and county, or in the unincorporated area of a county with a population of 200,000 persons or more according to the most recent federal decennial census or within a city with a population of 50,000 persons or more according to the most recent federal decennial census, any time the licensee is not open for business, the licensee shall store all firearms kept in his or her licensed place of business using one of the following methods as to each particular firearm:

(A) Store the firearm in a secure facility that is a part of, or that constitutes, the licensee's business premises.

(B) Secure the firearm with a hardened steel rod or cable of at least one-eighth inch in diameter through the trigger guard of the firearm. The steel rod or cable shall be secured with a hardened steel lock that has a shackle. The lock and shackle shall be protected or shielded from the use of a bolt cutter and the rod or cable shall be anchored in a manner that prevents the removal of the firearm from the premises.

(C) Store the firearm in a locked fireproof safe or vault in the licensee's business premises.

(15) The licensing authority in an unincorporated area of a county with a population less than 200,000 persons according to the most recent federal decennial census or within a city with a population of less than 50,000 persons according to the most recent federal decennial census may impose the requirements specified in paragraph (14).

(16) Commencing January 1, 1994, the licensee shall, upon the issuance or renewal of a license, submit a copy of the same to the Department of Justice.

(c) (1) As used in this article, "clear evidence of his or her identity and age" includes, but is not limited to, a motor vehicle operator's license, a state identification card, an armed forces identification card, an employment identification card which contains the bearer's signature and photograph, or any similar documentation which provides the person delivering the firearm reasonable assurance of the identity and age of the person being delivered the firearm.

(2) As used in this article, a "basic firearm safety certificate" means a basic firearm certificate issued to the purchaser, transferee, or person being loaned the firearm by the Department of Justice pursuant to Article 8 (commencing with Section 12800) of Chapter 6.

(3) As used in this section, a "secure facility" means a building that meets all of the following specifications:

(A) All perimeter doorways shall meet one of the following:

(i) A windowless steel security door equipped with both a dead bolt and a doorknob lock.

(ii) A windowed metal door that is equipped with both a dead bolt and a doorknob lock. If the window has an opening of five inches or more measured in any direction, the window shall be covered with steel bars of at least one-half inch diameter or metal grating of at least nine gauge affixed to the exterior or interior of the door.

(iii) A metal grate that is padlocked and affixed to the licensee's premises independent of the door and doorframe.

(B) All windows are covered with steel bars.

(C) Heating, ventilating, air-conditioning, and service openings are secured with steel bars, metal grating, or an alarm system.

(D) Any metal grates have spaces no larger than six inches wide measured in any direction.

(E) Any metal screens have spaces no larger than three inches wide measured in any direction.

(F) All steel bars shall be no further than six inches apart.

(4) As used in this section, "licensed premises," "licensed place of business," "licensee's place of business," or "licensee's business premises" means the building designated in the license.

(d) Upon written request from a licensee, the licensing authority may grant an exemption from compliance with the requirements of paragraph (14) of subdivision (b) if the licensee is unable to comply with those requirements because of local ordinances, covenants, lease conditions, or similar circumstances not under the control of the licensee.

(e) Commencing March 1, 1994, the Department of Justice shall keep a centralized list of all persons licensed pursuant to this section and shall make information about an individual dealer available, upon request, for one of the following purposes:

(1) For law enforcement purposes.

(2) When the information is requested by a manufacturer, an importer, a wholesaler, or a dealer for determining the validity of the license for firearm shipments.

(f) Paragraph (14) or (15) of subdivision (b) shall not apply to a licensee organized as a nonprofit public benefit or mutual benefit corporation organized pursuant to Part 2 (commencing with Section 5110) or Part 3 (commencing with Section 7110) of Division 2 of the Corporations Code, if both of the following conditions are satisfied:

(1) The nonprofit public benefit or mutual benefit corporation obtained the dealer's license solely and exclusively to assist that corporation or local chapters of that corporation in conducting auctions or similar events at which firearms are auctioned off to fund the activities of that corporation or the local chapters of the corporation.

(2) The firearms are not pistols, revolvers, or other firearms capable of being concealed upon the person.

SEC. 11. Section 12072 of the Penal Code is amended to read:

12072. (a) (1) No person, corporation, or firm shall knowingly supply, sell, or give possession or control of any firearm to any person within any of the classes prohibited by Section 12021 or 12021.1.

(2) No person, corporation, or dealer shall sell, deliver, or otherwise transfer any firearm to any person whom he or she has cause to believe to be within any of the classes prohibited by Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(3) No person, corporation, or firm shall sell, loan, or transfer any firearm to a minor.

(b) No person licensed under Section 12071 shall sell, deliver, or transfer any pistol, revolver, or firearm capable of being concealed upon the person to any person under the age of 21 years or any other firearm to a person under the age of 18 years.

(c) No dealer, whether or not acting pursuant to Section 12082, shall deliver a firearm to a purchaser or transferee, as follows:

(1) Prior to January 1, 1996, within 15 days of the application for the purchase, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register, or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later. On or after January 1, 1996, within 15 days of the application for the purchase of a pistol, revolver, or other firearm capable of being concealed upon the person, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 15 days of the submission to the department of corrected copies of the register, or within 15 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later. On or after January 1, 1996, within 10 days of the application for the purchase of any other firearm, or, after notice by the department pursuant to subdivision (c) of Section 12076, within 10 days of the submission to the department of corrected copies of the register, or within 10 days of the submission to the department of any fee required pursuant to subdivision (d) of Section 12076, whichever is later.

(2) Unless unloaded and securely wrapped or unloaded and in a locked container.

(3) Unless the purchaser, transferee, or person being loaned the firearm presents clear evidence of his or her identity and age, as defined in Section 12071, to the dealer.

(4) Whenever the dealer is notified by the Department of Justice that the person is in a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(5) Commencing April 1, 1994, no pistol, revolver, or other firearm capable of being concealed upon the person shall be delivered unless the purchaser, transferee, or person being loaned the firearm presents to the dealer a basic firearm safety certificate.

(d) Where neither party to the transaction holds a dealer's license issued pursuant to Section 12071, in order for a person to sell, loan, or transfer a firearm, the parties to the transaction shall complete the transaction through either of the following:

(1) A licensed dealer pursuant to Section 12082.

(2) A law enforcement agency pursuant to Section 12084.

(e) No person may commit an act of collusion relating to Article 8 (commencing with Section 12800) of Chapter 6. For purposes of this section and Section 12071, collusion may be proven by any one of the following factors:

(1) Answering a test applicant's questions during an objective test relating to basic firearms safety.

(2) Knowingly misgrading the examination.

(3) Providing an advance copy of the test to an applicant.

(4) Taking or allowing another person to take the basic firearms safety course for one who is the applicant for the basic firearms safety certificate.

(5) Allowing another to take the objective test for the applicant, purchaser, or transferee.

(6) Allowing others to give unauthorized assistance during the examination.

(7) Reference to materials during the examination and cheating by the applicant.

(8) Providing originals or photocopies of the objective test, or any version thereof, to any person other than as specified in subdivision (f) of Section 12805.

(f) (1) No wholesaler shall deliver, sell, or transfer a firearm to a person who is licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and whose licensed premises are located in this state unless one of the following conditions is met:

(A) The person presents proof of licensure pursuant to Section 12071 to the wholesaler.

(B) The person presents proof that he or she is exempt from licensure under Section 12071 to the wholesaler, in which case the person also shall present proof that the transaction is also exempt from the provisions of subdivision (d).

(2) No importer or manufacturer who is licensed to engage in that business pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto shall deliver, sell, or transfer a firearm to a person who is licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and whose licensed premises are located in this state unless one of the following conditions is met:

(A) The person presents proof of licensure pursuant to Section 12071 to the importer or manufacturer.

(B) The person presents proof that he or she is exempt from licensure under Section 12071 to the importer or manufacturer, in which case the person also shall present proof that the transaction is also exempt from the provisions of subdivision (d).

(g) (1) Except as provided in paragraph (2) or (3), a violation of this section is a misdemeanor.

(2) If any of the following circumstances apply, a violation of this section shall be punished by imprisonment in the state prison or in a county jail not to exceed one year, or by a fine not to exceed one thousand dollars (\$1,000), or by both the fine and imprisonment:

(A) If the violation is of paragraph (1) of subdivision (a) of this section.

(B) If the defendant has a prior conviction of violating this section or former Section 12100 of this code or Section 8101 of the Welfare and Institutions Code.

(C) If the defendant has a prior conviction of violating any offense specified in subdivision (b) of Section 12021.1 or of a violation of Section 12020, 12220, 12520, or 12560.

(D) If the defendant is in a prohibited class described in Section 12021 or 12021.1 or Section 8100 or 8103 of the Welfare and Institutions Code.

(3) If any of the following circumstances apply, as a misdemeanor punishable by imprisonment in a county jail not to exceed one year, by a fine not to exceed one thousand dollars (\$1,000), or by both the imprisonment and fine:

(A) A violation of subdivision (b) involving the delivery of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor.

(B) A violation of paragraph (2) of subdivision (a).

(C) The sale of a pistol, revolver, or other firearm capable of being concealed upon the person in violation of paragraph (3) of subdivision (a).

(D) The transfer of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor in violation of subdivision (d).

SEC. 12. Section 12073 of the Penal Code is amended to read:

12073. (a) Every dealer shall keep a register in which shall be entered the information prescribed in Section 12077.

(b) This section shall not require the entry in the register of any of the following transactions:

(1) The delivery, sale, or transfer of an unloaded firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person by a dealer to another dealer upon proof that the person receiving the firearm is licensed pursuant to Section 12071.

(2) The delivery, sale, or transfer of an unloaded firearm by a dealer to another dealer if that firearm is intended as merchandise in the receiving dealer's business upon proof that the person receiving the firearm is licensed pursuant to Section 12071.

(3) The delivery, sale, or transfer of an unloaded firearm by a dealer to a person licensed as an importer or manufacturer pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and any regulations issued pursuant thereto.

(4) The delivery, sale, or transfer of an unloaded firearm by a dealer who sells, transfers, or delivers the firearm to a person who resides outside this state who is licensed pursuant to Chapter 44

(commencing with Section 921) of Title 18 of the United States Code and any regulations issued pursuant thereto.

(5) The delivery, sale, or transfer of an unloaded firearm by a dealer to a wholesaler if that firearm is being returned to the wholesaler and is intended as merchandise in the wholesaler's business.

(6) The delivery, sale, or transfer of an unloaded firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person by a dealer to himself or herself.

(7) The loan of an unloaded firearm by a dealer who also operates a target facility which holds a business or regulatory license on the premises of the building designated in the license or whose building designated in the license is on the premises of any club or organization organized for the purpose of practicing shooting at targets upon established ranges, whether public or private, to a person at that target facility or club or organization, if the firearm is kept at all times within the premises of the target range or on the premises of the club or organization.

(8) The delivery of an unloaded firearm by a dealer to a gunsmith for service or repair.

(c) A violation of this section is a misdemeanor.

SEC. 13. Section 12076 of the Penal Code is amended to read:

12076. (a) The purchaser of any firearm shall be required to present clear evidence of his or her identity and age, as defined in Section 12071, to the dealer, and the dealer shall require him or her to sign his or her current legal name and affix his or her residence address and date of birth to the register in quadruplicate. The salesperson shall affix his or her signature to the register in quadruplicate as a witness to the signature and identification of the purchaser. Any person furnishing a fictitious name or address or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the register and any person violating any provision of this section is guilty of a misdemeanor.

(b) Two copies of the original sheet of the register, on the date of sale, shall be placed in the mail, postage prepaid, and properly addressed to the Department of Justice in Sacramento. The third copy of the original shall be mailed, postage prepaid, to the chief of police, or other head of the police department, of the city or county wherein the sale is made. Where the sale is made in a district where there is no municipal police department, the third copy of the original sheet shall be mailed to the sheriff of the county wherein the sale is made.

The third copy for firearms, other than pistols, revolvers, or other firearms capable of being concealed upon the person shall be destroyed within five days of receipt and no information shall be compiled therefrom.

(c) The department shall examine its records, as well as those records that it is authorized to request from the State Department

of Mental Health pursuant to Section 8104 of the Welfare and Institutions Code, in order to determine if the purchaser is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

If the department determines that the purchaser is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the dealer and the chief of the police department of the city or county in which the sale was made, or if the sale was made in a district in which there is no municipal police department, the sheriff of the county in which the sale was made, of that fact.

If the department determines that the copies of the register submitted to it pursuant to subdivision (b) contain any blank spaces or inaccurate, illegible, or incomplete information, preventing identification of the purchaser, or of the pistol, revolver, or other firearm to be purchased, transferred, or loaned, or if any fee required pursuant to subdivision (d) is not submitted by the dealer in conjunction with submission of copies of the register, the department may notify the dealer of that fact. Upon notification by the department, the dealer shall submit corrected copies of the register to the department, or shall submit any fee required pursuant to subdivision (d), or both, as appropriate and, if notification by the department is received by the dealer at any time prior to delivery of the firearm to be purchased or transferred, the dealer shall withhold delivery until the conclusion of the waiting period described in Sections 12071 and 12072.

(d) The Department of Justice may charge the dealer a fee sufficient to reimburse all of the following:

(1) (A) The department for the cost of furnishing this information.

(B) The department for the cost of meeting its obligations under paragraph (2) of subdivision (b) of Section 8100 of the Welfare and Institutions Code.

(2) Local mental health facilities for state-mandated local costs resulting from the reporting requirements imposed by the amendments to Section 8103 of the Welfare and Institutions Code, made by the act which also added this paragraph.

(3) The State Department of Mental Health for the costs resulting from the requirements imposed by the amendments to Section 8104 of the Welfare and Institutions Code made by the act which also added this paragraph.

(4) Local mental hospitals, sanitariums, and institutions for state-mandated local costs resulting from the reporting requirements imposed by Section 8105 of the Welfare and Institutions Code.

(5) Local law enforcement agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (a) of Section 6385 of the Family Code created by the act which also added this paragraph.

(6) Local law enforcement agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (c) of Section 8105 of the Welfare and Institutions Code.

The fee established pursuant to this subdivision shall not exceed the sum of the actual processing costs of the department, the estimated reasonable costs of the local mental health facilities for complying with the reporting requirements imposed by the act which added paragraph (2) to this subdivision, the costs of the State Department of Mental Health for complying with the requirements imposed by the act which added paragraph (3) to this subdivision, the estimated reasonable costs of local mental hospitals, sanitariums, and institutions for complying with the reporting requirements imposed by the act which added paragraph (4) to this subdivision, the estimated reasonable costs of local law enforcement agencies for complying with the notification requirements set forth in subdivision (a) of Section 6385 of the Family Code created by the act which added paragraph (5) to this subdivision, and the estimated reasonable costs of local law enforcement agencies for complying with the notification requirements set forth in subdivision (c) of Section 8105 of the Welfare and Institutions Code created by the act which added paragraph (6) to this subdivision.

(e) (1) The Department of Justice may charge a fee sufficient to reimburse it for each of the following:

(A) For the actual costs associated with the preparation, sale, processing, and filing of forms or reports required or utilized pursuant to Section 12078 if neither a dealer nor a law enforcement agency acting pursuant to Section 12084 is filing the form or report.

(B) For the actual processing costs associated with the submission of a Dealers' Record of Sale to the department by a dealer or of the submission of a LEFT to the department by a law enforcement agency acting pursuant to Section 12084 if the waiting period described in Sections 12071, 12072, and 12084 does not apply.

(C) For the actual costs associated with the preparation, sale, processing, and filing of reports utilized pursuant to subdivision (l) of Section 12078.

(2) If the department charges a fee pursuant to subparagraph (B) of paragraph (1) of this subdivision, it shall be charged in the same amount to all categories of transaction that are within that subparagraph.

(3) Any costs incurred by the Department of Justice to implement this subdivision shall be reimbursed from fees collected and charged pursuant to this subdivision. No fees shall be charged to the dealer pursuant to subdivision (d) or to a law enforcement agency acting pursuant to paragraph (6) of subdivision (d) of Section 12084 for costs incurred for implementing this subdivision.

(f) All money received by the department pursuant to this section shall be deposited in the Dealers' Record of Sale Special Account of the General Fund, which is hereby created, to be available, upon appropriation by the Legislature, for expenditure by the department

to offset the costs incurred pursuant to this section and Sections 12289 and 12809.

(g) (1) Only one fee shall be charged pursuant to this section for a single transaction on the same date for the sale or transfer of any number of firearms that are not pistols, revolvers, or other firearms capable of being concealed upon the person or for the taking of possession of those firearms.

(2) In a single transaction on the same date for the sale of any number of firearms that are pistols, revolvers, or other firearms capable of being concealed upon the person, the department shall charge a reduced fee pursuant to this section for the second and subsequent firearms that are part of that transaction.

(h) Only one fee shall be charged pursuant to this section for a single transaction on the same date for taking title or possession of any number of firearms pursuant to subdivision (i) of Section 12078.

(i) Whenever the Department of Justice acts pursuant to this section as it pertains to firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person, the department's acts or omissions shall be deemed to be discretionary within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(j) As used in this section, the following definitions shall control:

(1) "Purchaser" means the purchaser or transferee of a firearm or the person being loaned a firearm.

(2) "Purchase" means the purchase, loan, or transfer of a firearm.

(3) "Sale" means the sale, loan, or transfer of a firearm.

SEC. 14. Section 12077 of the Penal Code is amended to read:

12077. (a) (1) The Department of Justice shall prescribe the form of the register described in Section 12074. There shall be two forms of the register with the format set forth in paragraph (2) of this subdivision for pistols, revolvers, and other firearms capable of being concealed upon the person and the format set forth in paragraph (3) of this subdivision for all firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person.

(2) For pistols, revolvers, and other firearms capable of being concealed upon the person, information contained in the register shall be the date and time of sale, make of firearm, peace officer exemption status pursuant to subdivision (a) of Section 12078 and the agency name, dealer waiting period exemption pursuant to subdivision (n) of Section 12078, manufacturer's name if stamped on the firearm, model name or number, if stamped on the firearm, if applicable, serial number, other number (if more than one serial number is stamped on the firearm), caliber, type of firearm, if the firearm is new or used, barrel length, color of the firearm, full name of purchaser, purchaser's complete date of birth, purchaser's local address, if current address is temporary, complete permanent address of purchaser, identification of purchaser, purchaser's place of birth (state or country), purchaser's complete telephone number,

purchaser's occupation, purchaser's sex, purchaser's physical description, all legal names and aliases ever used by the purchaser, yes or no answer to questions that prohibit purchase including, but not limited to, conviction of a felony as described in Section 12021 or an offense described in Section 12021.1, the purchaser's status as a person described in Section 8100 of the Welfare and Institutions Code, whether the purchaser is a person who has been adjudicated by a court to be a danger to others or found not guilty by reason of insanity, whether the purchaser is a person who has been found incompetent to stand trial or placed under conservatorship by a court pursuant to Section 8103 of the Welfare and Institutions Code, signature of purchaser, signature of salesperson (as a witness to the purchaser's signature), name and complete address of the dealer or firm selling the firearm as shown on the dealer's license, the establishment number, if assigned, the dealer's complete business telephone number, any information required by Section 12082, and a statement that any person signing a fictitious name or address or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the register is guilty of a misdemeanor.

(3) For firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person, information contained in the register shall be the date and time of sale, peace officer exemption status pursuant to subdivision (a) of Section 12078 and the agency name, auction or event waiting period exemption pursuant to subdivision (g) of Section 12078, full name of purchaser, purchaser's complete date of birth, purchaser's local address, if current address is temporary, complete permanent address of purchaser, identification of purchaser, purchaser's place of birth (state or country), purchaser's complete telephone number, purchaser's occupation, purchaser's sex, purchaser's physical description, all legal names and aliases ever used by the purchaser, yes or no answer to questions that prohibit purchase, including, but not limited to, conviction of a felony as described in Section 12021 or an offense described in Section 12021.1, the purchaser's status as a person described in Section 8100 of the Welfare and Institutions Code, whether the purchaser is a person who has been adjudicated by a court to be a danger to others or found not guilty by reason of insanity, whether the purchaser is a person who has been found incompetent to stand trial or placed under conservatorship by a court pursuant to Section 8103 of the Welfare and Institutions Code, signature of purchaser, signature of salesperson (as a witness to the purchaser's signature), name and complete address of the dealer or firm selling the firearm as shown on the dealer's license, the establishment number, if assigned, the dealer's complete business telephone number, any information required by Section 12082, and a statement that any person signing a fictitious name or address or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the register is

guilty of a misdemeanor.

(b) (1) The original of each dealer's record of sale of a firearm document shall be retained by the dealer in consecutive order. Each book of 50 originals shall become the permanent register of transactions that shall be retained for not less than three years from the date of last transaction and shall be provided for the inspection of any peace officer, Department of Justice employee designated by the Attorney General or agents of the federal Bureau of Alcohol, Tobacco, and Firearms upon the presentation of proper identification.

(2) Dealers shall use ink to complete each document.

(3) The dealer or salesperson making a sale shall ensure that all information is provided legibly. The dealer and salespersons shall be informed that incomplete or illegible information will delay sales.

(4) Each original shall contain instructions regarding the procedure for completion of the form and routing of the form. Dealers shall comply with these instructions which shall include the information set forth in this subdivision.

(5) One firearm transaction shall be reported on each record of sale document. For purposes of this subdivision, a "transaction" means a single sale, loan, or transfer of any number of firearms that are not pistols, revolvers, or other firearms capable of being concealed upon the person.

(c) As used in this section, the following definitions shall control:

(1) "Purchaser" means the purchaser or transferee of a firearm or the person being loaned a firearm.

(2) "Purchase" means the purchase, loan, or transfer of a firearm.

SEC. 15. Section 12078 of the Penal Code is amended to read:

12078. (a) (1) The preceding provisions of this article, except subdivision (e) of Section 12076, do not apply to deliveries, transfers, or sales of firearms made to persons properly identified as full-time paid peace officers as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, provided that the peace officers are authorized by their employer to carry firearms while in the performance of their duties, nor to deliveries, transfers, or sales of firearms made to authorized representatives of cities, cities and counties, counties, state or federal governments for use by those governmental agencies. Proper identification is defined as verifiable written certification from the head of the agency by which the purchaser or transferee is employed, identifying the purchaser or transferee as a peace officer who is authorized to carry firearms while in the performance of his or her duties, and authorizing the purchase or transfer. The certification shall be delivered to the seller or transferor at the time of purchase or transfer and the purchaser or transferee shall identify himself or herself as the person authorized in the certification. On the day the sale, delivery, or transfer is made, where a peace officer is receiving the firearm, and either a dealer is not the seller or transferor, or is not otherwise the person responsible for the delivery of the firearm, or the transfer or sale is not conducted

through a law enforcement agency pursuant to Section 12084, the peace officer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the seller or transferor, the buyer or transferee, the firearm as is indicated in Section 12077, together with the original certification. On the day the sale, delivery, or transfer is made, where a dealer is the seller, transferor, or otherwise responsible for delivery of the firearm, the dealer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12077, together with the original certification. On the day the sale, delivery, or transfer is made, where the transfer is conducted pursuant to Section 12084, the law enforcement agency shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12084, together with the original certification. The reports which peace officers shall complete shall be provided to them by the department. No report need be submitted to the Department of Justice where a peace officer receiving the firearm received it from his or her employer in accordance with the applicable rules, regulations, or procedures of the employer.

(2) The preceding provisions of this article, except subdivision (e) of Section 12076, do not apply to deliveries, transfers, or sales of firearms made to peace officers as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 made pursuant to Section 10334 of the Public Contracts Code. On the day the sale, delivery, or transfer is made, and a dealer is not the person responsible for the delivery of the firearm or the transfer or sale is not conducted through a law enforcement agency pursuant to Section 12084, the peace officer receiving the firearm shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the seller or transferor, the buyer or transferee, and the firearm as is indicated in Section 12077. On the day the sale, delivery, or transfer is made where a dealer is responsible for delivery of the firearm, the dealer shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12077. On the day the sale, delivery, or transfer is made where the transfer is conducted pursuant to Section 12084, the law enforcement agency shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the buyer or transferee and the firearm as is indicated in Section 12084. The reports which peace officers shall complete shall be the same as those set forth in paragraph (1) of this subdivision and shall be provided to them by the department.

(3) Subdivision (d) of Section 12072 does not apply to sales, deliveries, or transfers of firearms to authorized representatives of cities, cities and counties, counties, or state or federal governments for those governmental agencies where the entity is acquiring the

weapon as part of an authorized, voluntary program where the entity is buying or receiving weapons from private individuals. Any weapons acquired pursuant to this subdivision shall be disposed of pursuant to the applicable provisions of Section 12028 or 12032.

(b) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to deliveries, sales, or transfers of firearms between or to importers and manufacturers of firearms licensed to engage in that business pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(c) (1) Subdivision (d) of Section 12072 shall not apply to the infrequent transfer of firearms by gift, bequest, intestate succession, or other means by one individual to another if both individuals are members of the same immediate family.

(2) As used in this subdivision, immediate family member means any one of the following relationships:

(A) Parent and child.

(B) Grandparent and grandchild.

(d) Subdivision (d) of Section 12072 shall not apply to the infrequent loan of firearms between persons who are personally known to each other for any lawful purpose, if the loan does not exceed 30 days in duration.

(e) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to the delivery of a firearm to a gunsmith for service or repair.

(f) Subdivision (d) of Section 12072 shall not apply to the sale, delivery, or transfer of firearms by persons who reside in this state to persons who reside outside this state who are licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto, if the sale, delivery, or transfer is in accordance with Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(g) (1) Subdivision (d) of Section 12072 shall not apply to the infrequent sale or transfer of a firearm, other than a pistol, revolver, or other firearm capable of being concealed upon the person, at auctions or similar events conducted by nonprofit mutual or public benefit corporations organized pursuant to the Corporations Code.

As used in this paragraph, the term "infrequent" shall not be construed to prohibit different local chapters of the same nonprofit corporation from conducting auctions or similar events, provided the individual local chapter conducts the auctions or similar events infrequently. It is the intent of the Legislature that different local chapters, representing different localities, be entitled to invoke the exemption created by this paragraph, notwithstanding the frequency with which other chapters of the same nonprofit corporation may conduct auctions of similar events.

(2) Subdivision (d) of Section 12072 shall not apply to the transfer of a firearm other than a pistol, revolver, or other firearm capable of

being concealed upon the person, if the firearm is donated for an auction or similar event described in paragraph (1) and the firearm is delivered to the nonprofit corporation immediately preceding, or contemporaneous with, the auction or similar event.

(3) The waiting period described in Sections 12071 and 12072 shall not apply to a dealer who delivers a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, at an auction or similar event described in paragraph (1), as authorized by subparagraph (C) of paragraph (1) of subdivision (b) of Section 12071. Within 48 hours of the sale, delivery, or transfer, the dealer shall forward by prepaid mail to the Department of Justice a report of the same as is indicated in paragraph (3) of subdivision (a) of Section 12077.

(h) Subdivision (d) of Section 12072 shall not apply to the loan of a firearm for the purposes of shooting at targets if the loan occurs on the premises of a target facility which holds a business or regulatory license or on the premises of any club or organization organized for the purposes of practicing shooting at targets upon established ranges, whether public or private, if the firearm is at all times kept within the premises of the target range or on the premises of the club or organization.

(i) (1) Subdivision (d) of Section 12072 shall not apply to a person who takes title or possession of firearms by operation of law if all the following conditions are met:

(A) The person is not prohibited by Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code from possessing firearms.

(B) If the firearms are pistols, revolvers, or other firearms capable of being concealed upon the person, and the person is not a levying officer as defined in Section 481.140, 511.060, or 680.210 of the Code of Civil Procedure, the person shall, within 30 days of taking possession, forward by prepaid mail to the Department of Justice, a report of the same and the type of information concerning the individual taking possession of the firearm, how title or possession was obtained and from whom, and a description of the firearm in question. The reports which individuals complete pursuant to this paragraph shall be provided to them by the Department of Justice.

(C) In the case of a transmutation of property between spouses made in accordance with Section 850 of the Family Code consisting of a pistol, revolver, or other firearm capable of being concealed upon the person, taking place on or after April 1, 1994, a basic firearm safety certificate shall be required.

(2) Subdivision (d) of Section 12072 shall not apply to a person who takes possession of a firearm by operation of law in a representative capacity who transfers ownership of the firearm to himself or herself in his or her individual capacity. In the case of a pistol, revolver, or other firearm capable of being concealed upon the person, on and after April 1, 1994, that individual shall have a basic firearm safety certificate in order for the exemption set forth

in this paragraph to apply.

(j) Subdivision (d) of Section 12072 shall not apply to deliveries, transfers, or returns of firearms made pursuant to Section 12028, 12028.5, or 12030.

(k) Section 12071 and subdivision (c) of Section 12072 shall not apply to:

(1) The delivery, sale, or transfer of unloaded firearms that are not pistols, revolvers, or other firearms capable of being concealed upon the person by a dealer to another dealer upon proof that the person receiving the firearm is licensed pursuant to Section 12071.

(2) The delivery, sale, or transfer of unloaded firearms by dealers to persons who reside outside this state who are licensed pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto.

(3) The delivery, sale, or transfer of unloaded firearms to a wholesaler if the firearms are being returned to the wholesaler and are intended as merchandise in the wholesaler's business.

(4) The delivery, sale, or transfer of unloaded firearms by one dealer to another dealer if the firearms are intended as merchandise in the receiving dealer's business upon proof that the person receiving the firearm is licensed pursuant to Section 12071.

(5) The delivery, sale, or transfer of an unloaded firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person by a dealer to himself or herself.

(6) The loan of an unloaded firearm by a dealer who also operates a target facility which holds a business or regulatory license on the premises of the building designated in the license or whose building designated in the license is on the premises of any club or organization organized for the purposes of practicing shooting at targets upon established ranges, whether public or private, to a person at that target facility or that club or organization, if the firearm is at all times kept within the premises of the target range or on the premises of the club or organization.

(l) A person who is exempt from subdivision (d) of Section 12072 or is otherwise not required by law to report his or her acquisition, ownership, or disposal of a pistol, revolver, or other firearm capable of being concealed upon the person or who moves out of this state with his or her pistol, revolver, or other firearm capable of being concealed upon the person may submit a report of the same to the Department of Justice in a format prescribed by the department.

(m) Subdivision (d) of Section 12072 shall not apply to the delivery, sale, or transfer of unloaded firearms to a wholesaler as merchandise in the wholesaler's business by manufacturers or importers licensed to engage in that business pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto, or by another wholesaler, if the delivery, sale, or transfer is made in accordance with Chapter 44 (commencing with Section 921) of Title 18 of the United States Code.

(n) (1) The waiting period described in Section 12071 or 12072 shall not apply to the delivery, sale, or transfer of a pistol, revolver, or other firearm capable of being concealed upon the person by a dealer in either of the following situations:

(A) The dealer is delivering the firearm to another dealer and it is not intended as merchandise in the receiving dealer's business.

(B) The dealer is delivering the firearm to himself or herself and it is not intended as merchandise in his or her business.

(2) In order for this subdivision to apply, both of the following shall occur:

(A) If the dealer is receiving the firearm from another dealer, the dealer receiving the firearm shall present proof to the dealer delivering the firearm that he or she is licensed pursuant to Section 12071.

(B) Whether the dealer is delivering, selling, or transferring the firearm to himself or herself or to another dealer, on the date that the delivery, sale, or transfer is made, the dealer delivering the firearm shall forward by prepaid mail to the Department of Justice a report of the same and the type of information concerning the purchaser or transferee as is indicated in paragraph (2) of subdivision (a) of Section 12077.

(c) Section 12071 and subdivisions (c) and (d) of Section 12072 shall not apply to the delivery, sale, or transfer of firearms regulated pursuant to Section 12020, Chapter 2 (commencing with Section 12200), or Chapter 2.3 (commencing with Section 12275), if the delivery, sale, or transfer is conducted in accordance with the applicable provisions of Section 12020, Chapter 2 (commencing with Section 12200), or Chapter 2.3 (commencing with Section 12275).

(p) (1) Subdivision (d) and paragraph (3) of subdivision (a) of Section 12072 shall not apply to the loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a minor, with the express permission of the parent or legal guardian of the minor, if the loan does not exceed 30 days in duration.

(2) Subdivision (d) and paragraph (3) of subdivision (a) of Section 12072 shall not apply to the loan of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor by a person who is not the parent or legal guardian of the minor if all of the following circumstances exist:

(A) The minor has the written consent of his or her parent or legal guardian that is presented at the time of, or prior to the time of, the loan, or is accompanied by his or her parent or legal guardian at the time the loan is made.

(B) The minor is being loaned the firearm for the purpose of engaging in a lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, the nature of which involves the use of a firearm.

(C) The duration of the loan does not exceed the amount of time that is reasonably necessary to engage in the lawful, recreational

sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity.

(D) The duration of the loan does not, in any event, exceed 10 days.

(3) Subdivision (d) and paragraph (3) of subdivision (a) of Section 12072 shall not apply to the loan of a pistol, revolver, or other firearm capable of being concealed upon the person to a minor by his or her parent or legal guardian if both of the following circumstances exist:

(A) The minor is being loaned the firearm for the purposes of engaging in a lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, the nature of which involves the use of a firearm.

(B) The duration of the loan does not exceed the amount of time that is reasonably necessary to engage in the lawful, recreational sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity.

(4) Paragraph (3) of subdivision (a) of Section 12072 shall not apply to the transfer or loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a minor by his or her parent or legal guardian.

(5) Paragraph (3) of subdivision (a) of Section 12072 shall not apply to the transfer or loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a minor by his or her grandparent or legal guardian if the transfer is done with the express permission of the parent or legal guardian of the minor.

(q) Subdivision (d) of Section 12072 shall not apply to the loan of a firearm that is not a pistol, revolver, or other firearm capable of being concealed upon the person to a licensed hunter for use by that licensed hunter for a period of time not to exceed the duration of the hunting season for which that firearm is to be used.

(r) As used in this section:

(1) "Infrequent" has the same meaning as in paragraph (1) of subdivision (c) of Section 12070.

(2) "A person taking title or possession of firearms by operation of law" includes, but is not limited to, any of the following instances wherein an individual receives title to, or possession of, firearms:

(A) The executor or administrator of an estate if the estate includes firearms.

(B) A secured creditor or an agent or employee thereof when the firearms are possessed as collateral for, or as a result of, a default under a security agreement under the Commercial Code.

(C) A levying officer, as defined in Section 481.140, 511.060, or 680.260 of the Code of Civil Procedure.

(D) A receiver performing his or her functions as a receiver if the receivership estate includes firearms.

(E) A trustee in bankruptcy performing his or her duties if the bankruptcy estate includes firearms.

(F) An assignee for the benefit of creditors performing his or her functions as an assignee, if the assignment includes firearms.

(G) A transmutation of property consisting of firearms pursuant to Section 850 of the Family Code.

(H) Firearms passing to a surviving spouse pursuant to Chapter 1 (commencing with Section 13500) of Part 2 of Division 8 of the Probate Code.

SEC. 16. Section 12082 of the Penal Code is amended to read:

12082. A person shall complete any sale, loan, or transfer of a firearm through a person licensed pursuant to Section 12071 in accordance with this section in order to comply with subdivision (d) of Section 12072. The Attorney General shall adopt regulations under this section to allow the seller or transferor or the person loaning the firearm and the purchaser or transferee or the person being loaned the firearm to complete a sale, loan, or transfer through a dealer, and to allow those persons and the dealer to comply with the requirements of this section and of Sections 12071, 12072, 12076, and 12077 and to preserve the confidentiality of records. The register shall state the name and address of the seller or transferor of the firearm or the person loaning the firearm in addition to any other information required by Section 12077. The seller or transferor or the person loaning the firearm shall deliver the firearm to the dealer who shall retain possession of that firearm. The dealer shall then deliver the firearm to the purchaser or transferee or the person being loaned the firearm, if it is not prohibited, in accordance with subdivision (c) of Section 12072. If the dealer cannot legally deliver the firearm to the purchaser or transferee or the person being loaned the firearm, the dealer shall forthwith, without waiting for the conclusion of the waiting period described in Sections 12071 and 12072, return the firearm to the transferor or seller or the person loaning the firearm. The dealer shall not return the firearm to the seller or transferor or the person loaning the firearm when to do so would constitute a violation of subdivision (a) of Section 12072. If the dealer cannot legally return the firearm to the transferor or seller or the person loaning the firearm, then the dealer shall forthwith deliver the firearm to the sheriff of the county or the chief of police or other head of a municipal police department of any city or city and county who shall then dispose of the firearm in the manner provided by Sections 12028 and 12032. The purchaser or transferee or person being loaned the firearm may be required by the dealer to pay a fee not to exceed ten dollars (\$10) per firearm, plus the applicable fee that the Department of Justice may charge pursuant to Section 12076. Nothing in these provisions shall prevent a dealer from charging a smaller fee. The fee that the department may charge is the fee that would be applicable pursuant to Section 12076, if the dealer was selling, transferring, or delivering a firearm to a purchaser or transferee or person being loaned a firearm, without any other parties being involved in the transaction.

A violation of this section by a dealer is a misdemeanor.

SEC. 17. Section 12084 of the Penal Code is amended to read:

12084. (a) As used in this section, the following definitions shall control:

(1) "Agency" means a sheriff's department in a county of less than 200,000 persons, according to the most recent federal decennial census which elects to process purchases, sales, or transfers of firearms.

(2) "Seller" means the seller or transferor of a firearm or the person loaning the firearm.

(3) "Purchaser" means the purchaser or transferee of a firearm or the person being loaned a firearm.

(4) "Purchase" means the purchase, loan, sale, or transfer of a firearm.

(5) "Department" means the Department of Justice.

(6) "LEFT" means the Law Enforcement Firearms Transfer Form consisting of the transfer form utilized to purchase a firearm in accordance with this section.

(b) As an alternative to completing the sale, transfer, or loan of a firearm through a licensed dealer pursuant to Section 12082 in order to comply with the provisions of subdivision (d) of Section 12072, the parties to the purchase of a firearm may complete the transaction through an agency in accordance with this section in order to comply with the provisions of subdivision (d) of Section 12072.

(c) (1) LEFTs shall be prepared by the State Printer and shall be furnished to agencies on application at a cost to be determined by the Department of General Services for each 100 leaves in quintuplicate, one original and four duplicates for the making of carbon copies. The original and duplicate copies shall differ in color, and shall be in the form provided by this section. The State Printer, upon issuing the LEFT, shall forward to the department the name and address of the agency together with the series and sheet numbers on the LEFT. The LEFT shall not be transferable.

(2) The department shall prescribe the form of the LEFT. It shall be in the same exact format set forth in Sections 12077 and 12082, with the same distinct formats for firearms that are pistols, revolvers, and other firearms capable of being concealed upon the person and for firearms that are not pistols, revolvers, and other firearms capable of being concealed upon the person, except that instead of the listing of information concerning a dealer, the LEFT shall contain the name, telephone number, and address of the law enforcement agency.

(3) The original of each LEFT shall be retained in consecutive order. Each book of 50 originals shall become the permanent record of transactions that shall be retained not less than three years from the date of the last transaction and shall be provided for the inspection of any peace officer, department employee designated by the Attorney General, or agents of the federal Bureau of Alcohol, Tobacco and Firearms upon the presentation of proper identification.

(4) Ink shall be used to complete each LEFT. The agency shall ensure that all information is provided legibly. The purchaser and seller shall be informed that incomplete or illegible information delays purchases.

(5) Each original LEFT shall contain instructions regarding the procedure for completion of the form and the routing of the form. The agency shall comply with these instructions which shall include the information set forth in this subdivision.

(6) One firearm transaction shall be reported on each LEFT. For purposes of this paragraph, a "transaction" means a single sale, loan, or transfer of any number of firearms that are not pistols, revolvers, or other firearms capable of being concealed upon the person between the same two persons.

(d) The following procedures shall be followed in processing the purchase:

(1) Without waiting for the conclusion of any waiting period to elapse, the seller shall immediately deliver the firearm to the agency solely to complete the LEFT. Upon completion of the LEFT, the firearm shall be immediately returned by the agency to the seller without waiting for the waiting period to elapse.

(2) The purchaser shall be required to present clear evidence of his or her identity and age, as defined in Section 12071, to the agency. The agency shall require the purchaser to complete the original and one copy of the LEFT. An employee of the agency shall then affix his or her signature as a witness to the signature and identification of the purchaser.

(3) Two copies of the LEFT shall, on that date of purchase, be placed in the mail, postage prepaid to the department at Sacramento. The third copy shall be provided to the purchaser and the fourth copy to the seller.

(4) The department shall examine its records, as well as those records that it is authorized to request from the State Department of Mental Health pursuant to Section 8104 of the Welfare and Institutions Code, in order to determine if the purchaser is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(5) If the department determines that the copies of the LEFT submitted to it pursuant to paragraph (3) contain any blank spaces or inaccurate, illegible, or incomplete information, preventing identification of the purchaser or the firearm to be purchased, or if any fee required pursuant to paragraph (6) is not submitted by the agency in conjunction with submission of the copies of the LEFT, or if the department determines that the person is a person described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the agency of that fact. Upon notification by the department, the purchaser shall submit any fee required pursuant to paragraph (6), as appropriate, and if notification by the department is received by the agency at any time prior to delivery of the firearm, the delivery of the firearm shall

be withheld until the conclusion of the waiting period described in paragraph (7).

(6) The department and the agency may both charge a fee not to exceed the actual cost of processing the purchaser sufficient to reimburse both of the following:

(A) The agency for processing the transfer.

(B) The department for providing the information. The department shall charge the same fee as it would charge a dealer pursuant to Section 12082.

(7) The firearm shall not be delivered to the purchaser as follows:

(A) Prior to January 1, 1996, within 15 days of application for the purchase or, after notice by the department pursuant to paragraph (5), within 15 days of the submission to the department of any fees required pursuant to this subdivision, or within 15 days of a corrected LEFT, whichever is later. On or after January 1, 1996, within 15 days of the application for the purchase of a pistol, revolver, or other firearm capable of being concealed upon the person, or after notice by the department pursuant to paragraph (5), within 15 days of the submission to the department of any fees required pursuant to this subdivision, or within 15 days of the submission to the department of corrected copies of the LEFT, whichever is later. On or after January 1, 1996, within 10 days of the application for purchase of a firearm other than a pistol, revolver, or other firearm capable of being concealed upon the person, or after notice by the department pursuant to paragraph (5), or within 10 days of submission to the department of any fees required pursuant to this subdivision, or within 10 days of the submission to the department of corrected copies of the LEFT, whichever is later.

(B) Unless unloaded.

(C) In the case of a pistol, revolver, or other firearm capable of being concealed upon the person, unless securely wrapped or in a locked container.

(D) Unless the purchaser presents clear evidence of his or her identity and age to the agency.

(E) Whenever the agency is notified by the department that the person is in a prohibited class described in Section 12021 or 12021.1 or Section 8100 or 8103 of the Welfare and Institutions Code.

(F) Unless done at the agency's premises.

(G) In the case of a pistol, revolver, or other firearm capable of being concealed upon the person, commencing April 1, 1994, unless the purchaser presents to the seller a basic firearm safety certificate.

(H) Unless the purchaser is at least 18 years of age.

(e) The action of a law enforcement agency acting pursuant to Section 12084 shall be deemed to be a discretionary act within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(f) Whenever the Department of Justice acts pursuant to this section as it pertains to firearms other than pistols, revolvers, or other firearms capable of being concealed upon the person, its acts or

omissions shall be deemed to be discretionary within the meaning of the California Tort Claims Act pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

(g) Any person furnishing a fictitious name or address or knowingly furnishing any incorrect information or knowingly omitting any information required to be provided for the LEFT is guilty of a misdemeanor.

(h) All sums received by the department pursuant to this section shall be deposited in the Dealers' Record of Sale Special Account of the General Fund.

SEC. 18. Section 12100 of the Penal Code is repealed.

SEC. 19. Section 12101 of the Penal Code is amended to read:

12101. (a) (1) A minor shall not possess a pistol, revolver, or other firearm capable of being concealed upon the person.

(2) Paragraph (1) shall not apply if one of the following circumstances exists:

(A) The minor is accompanied by his or her parent or legal guardian, and the minor is actively engaged in, or is in direct transit to or from, a lawful recreational, sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, the nature of which involves the use of a firearm.

(B) The minor is accompanied by a responsible adult, the minor has the prior written consent of his or her parent or legal guardian, and the minor is actively engaged in, or is in direct transit to or from, a lawful recreational, sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, the nature of which involves the use of a firearm.

(C) The minor is at least 16 years of age, the minor has the prior written consent of his or her parent or legal guardian, and the minor is actively engaged in, or is in direct transit to or from, a lawful recreational, sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, the nature of which involves the use of a firearm.

(D) The minor has the prior written consent of his or her parent or legal guardian, the minor is on lands owned or lawfully possessed by his or her parent or legal guardian, and the minor is actively engaged in, or is in direct transit to or from, a lawful recreational, sport, including, but not limited to, competitive shooting, or agricultural, ranching, or hunting activity, the nature of which involves the use of a firearm.

(b) (1) A minor shall not possess live ammunition.

(2) Paragraph (1) shall not apply if one of the following circumstances exists:

(A) The minor has the written consent of his or her parent or legal guardian to possess live ammunition.

(B) The minor is accompanied by his or her parent or legal guardian.

(C) The minor is actively engaged in, or is going to or from, a lawful recreational, sport, including, but not limited to, competitive

shooting, or agricultural, ranching, or hunting activity, the nature of which involves the use of a firearm.

(c) (1) Violations of this section shall be punishable by imprisonment in the state prison, or in a county jail not exceeding one year, if one of the following applies:

(A) The person has been convicted previously of violating this section.

(B) The person has been convicted previously of violating an offense specified in Section 12020, subdivision (b) of Section 12020.1, or Section 12020, 12220, 12520, or 12560.

(2) Violations of this section other than those violations specified in paragraph (1) shall be punishable as a misdemeanor.

(d) As used in this section, "responsible adult" means a person at least 21 years of age who is not within a class of persons prohibited from owning or possessing firearms by virtue of Section 12021 or 12021.1 of this code, or Section 8100 or 8103 of the Welfare and Institutions Code.

SEC. 20. Section 12285 of the Penal Code is amended to read:

12285. (a) Any person who lawfully possesses an assault weapon, as defined in Section 12276, prior to June 1, 1989, shall register the firearm by January 1, 1991, and any person who lawfully possessed an assault weapon prior to the date it was specified as an assault weapon pursuant to Section 12276.5 shall register the firearm within 90 days, with the Department of Justice pursuant to those procedures that the department may establish. The registration shall contain a description of the firearm that identifies it uniquely, including all identification marks, the full name, address, date of birth, and thumbprint of the owner, and any other information that the department may deem appropriate. The department may charge a fee for registration of up to twenty dollars (\$20) per person but not to exceed the actual processing costs of the department. After the department establishes fees sufficient to reimburse the department for processing costs, fees charged shall increase at a rate not to exceed the legislatively approved annual cost-of-living adjustment for the department's budget or as otherwise increased through the Budget Act.

(b) (1) Except as provided in paragraph (2), no assault weapon possessed pursuant to this section may be sold or transferred on or after January 1, 1990, to anyone within this state other than to a licensed gun dealer, as defined in subdivision (c) of Section 12290, or as provided in Section 12288. Any person who (A) obtains title to an assault weapon registered under this section by bequest or intestate succession, or (B) lawfully possessed a firearm subsequently declared to be an assault weapon pursuant to Section 12276.5, shall, within 90 days, render the weapon permanently inoperable, sell the weapon to a licensed gun dealer, obtain a permit from the Department of Justice in the same manner as specified in Article 3 (commencing with Section 12230) of Chapter 2, or remove the weapon from this state. A person who lawfully possessed a firearm that was

subsequently declared to be an assault weapon pursuant to Section 12276.5 may alternatively register the firearm within 90 days of the declaration issued pursuant to subdivision (f) of Section 12276.5.

(2) A person moving into this state, otherwise in lawful possession of an assault weapon, shall do one of the following:

(A) Prior to bringing the assault weapon into this state, that person shall first obtain a permit from the Department of Justice in the same manner as specified in Article 3 (commencing with Section 12230) of Chapter 2.

(B) The person shall cause the assault weapon to be delivered to a licensed gun dealer, as defined in subdivision (c) of Section 12290, in this state in accordance with Chapter 44 (commencing with Section 921) of Title 18 of the United States Code and the regulations issued pursuant thereto. If the person obtains a permit from the Department of Justice in the same manner as specified in Article 3 (commencing with Section 12230) of Chapter 2, the dealer shall redeliver that assault weapon to the person. If the licensed gun dealer, as defined in subdivision (c) of Section 12290, is prohibited from delivering the assault weapon to a person pursuant to this paragraph, the dealer shall possess or dispose of the assault weapon as allowed by this chapter.

(c) A person who has registered an assault weapon under this section may possess it only under any of the following conditions unless a permit allowing additional uses is first obtained under Section 12286:

(1) At that person's residence, place of business, or other property owned by that person, or on property owned by another with the owner's express permission.

(2) While on the premises of a target range of a public or private club or organization organized for the purpose of practicing shooting at targets.

(3) While on a target range that holds a regulatory or business license for the purpose of practicing shooting at that target range.

(4) While on the premises of a shooting club which is licensed pursuant to the Fish and Game Code.

(5) While attending any exhibition, display, or educational project which is about firearms and which is sponsored by, conducted under the auspices of, or approved by a law enforcement agency or a nationally or state recognized entity that fosters proficiency in, or promotes education about, firearms.

(6) While on publicly owned land if the possession and use of a firearm described in Section 12276 is specifically permitted by the managing agency of the land.

(7) While transporting the assault weapon between any of the places mentioned in this subdivision, or to any licensed gun dealer, as defined in subdivision (c) of Section 12290, for servicing or repair pursuant to subdivision (b) of Section 12290, if the assault weapon is transported as required by Section 12026.1.

(d) No person who is under the age of 18 years, no person who is

prohibited from possessing a firearm by Section 12021 or 12021.1, and no person described in Section 8100 or 8103 of the Welfare and Institutions Code may register or possess an assault weapon.

(e) The department's registration procedures shall provide the option of joint registration for assault weapons owned by family members residing in the same household.

(f) For 90 days following January 1, 1992, a forgiveness period shall exist to allow persons specified in subdivision (b) of Section 12280 to register with the Department of Justice assault weapons that they lawfully possessed prior to June 1, 1989.

(g) Any person who registers his or her assault weapon during the 90-day forgiveness period described in subdivision (f), and any person whose registration form was received by the Department of Justice after January 1, 1991, and who was issued a temporary registration prior to the end of the forgiveness period, shall not be charged with a violation of subdivision (b) of Section 12280, if law enforcement becomes aware of that violation only as a result of the registration of the assault weapon. This subdivision shall have no effect upon persons charged with a violation of subdivision (b) of Section 12280 of the Penal Code prior to January 1, 1992, provided that law enforcement was aware of the violation before the weapon was registered.

SEC. 21. Section 12551 of the Penal Code is amended to read:

12551. Every person who sells to a minor any BB device is guilty of a misdemeanor.

SEC. 22. Section 12552 of the Penal Code is amended to read:

12552. (a) Every person who furnishes any air gun or gas-operated gun designed to fire a bullet, pellet, or metal projectile, to any minor, without the express or implied permission of the parent or legal guardian of the minor, is guilty of a misdemeanor.

(b) As used in this section, "furnishes" means any of the following:

(1) A loan.

(2) A transfer that does not involve a sale.

SEC. 23. Section 12553 of the Penal Code is repealed.

SEC. 24. Section 12800 of the Penal Code is amended to read:

12800. (a) The Legislature finds and declares as follows:

(1) Although California has a 15-day waiting period and background check for the acquisition, loan, and purchase of pistols, revolvers, and firearms capable of being concealed upon the person, a demonstrated knowledge of firearms safety is not required. Therefore, a person is able to obtain one of these firearms in California without having any idea of how to safely use, handle, or store it.

(2) In contrast, it is necessary for an individual to complete a firearms-related hunter safety course before a hunting license is issued. It has been documented that this program has saved lives, and has been beneficial to sportsmen and firearms owners.

(3) It is inconsistent for a person to have to go through a firearms-related hunter safety course before being able to use a

firearm to hunt, yet not be required to have any basic knowledge about the safe handling and operation of pistols, revolvers, and other firearms capable of being concealed upon the person before acquiring or being loaned them.

(b) The Legislature further finds and declares as follows:

(1) It has been documented that firearms accidents are one of the leading causes of accidental deaths for children ages 14 years and under. Almost all of the firearms involved in these accidents are pistols, revolvers, or other firearms capable of being concealed upon the person.

(2) On average, one child 18 years of age or under is accidentally killed, and 10 are injured, by a firearm every day across the United States.

(3) Firearm wounds to children who are 16 years of age and under have increased 300 percent in major urban areas since 1986.

(4) In 1987, the last year for which statistics are available, there were 44 accidental firearms deaths among California children 18 years of age and younger.

(5) Although statistics are not kept for injuries resulting from accidental shootings, it is estimated that for every firearms death, there are at least five nonfatal firearms injuries. Using this figure, it is estimated that approximately 220 California children were injured in nonfatal accidental shootings in 1987.

(6) Research has indicated that easy access in homes to loaded pistols, revolvers, and other firearms capable of being concealed upon the person is a chief contributing factor in unintentional shootings of children. Nearly 8,700,000 youngsters in the United States have access to pistols, revolvers, and other firearms capable of being concealed upon the person.

(7) Educating purchasers and transferees of pistols, revolvers, and other firearms capable of being concealed upon the person, and persons who are loaned pistols, revolvers, or other firearms capable of being concealed upon the person pursuant to Section 12071, 12072, or 12084, would make them more aware of their responsibilities as gun owners and would help to eliminate the ignorance or neglect that leads to children playing with loaded pistols, revolvers, and other firearms capable of being concealed upon the person.

(c) It is, therefore, the intent of the Legislature, in enacting this article, to require in this state that purchasers and transferees of pistols, revolvers, and other firearms capable of being concealed upon the person, and persons who are loaned pistols, revolvers, or other firearms capable of being concealed upon the person pursuant to Section 12071, 12072, or 12084, obtain a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms, methods for childproofing those firearms, and the responsibilities associated with ownership of those firearms.

(d) It is further the intent of the Legislature, in enacting this article, to establish a program that would help to eliminate the potential for accidental deaths and injuries, particularly those

involving children, which are caused by the unsafe handling of pistols, revolvers, and other firearms capable of being concealed upon the person.

SEC. 25. Section 12802 of the Penal Code is amended to read:

12802. (a) No basic firearms safety certificate shall be issued to any person unless that person has complied with this article. Proof of compliance with this article shall be forwarded to the Department of Justice as frequently as the department may determine.

(b) It is the intent of the Legislature to require a basic firearms safety certificate for persons who anticipate the purchase or transfer of a pistol, revolver, or other firearm capable of being concealed upon the person and persons who are loaned pistols, revolvers, or other firearms capable of being concealed upon the person pursuant to Section 12071, 12072, or 12084. This requirement of a certificate is not intended to be a requirement for the mere possession of a firearm.

SEC. 26. Section 2 of Chapter 1180 of the Statutes of 1988, as amended by Section 12 of Chapter 951 of the Statutes of 1991, is amended to read:

Sec. 2. The Legislature declares the following to be the public policy of this state:

(a) No person who buys or is transferred or is loaned a firearm that was conducted through a person acting under Section 12082 or 12084 of the Penal Code shall incur any civil liability for any illicit use or possession of the firearm prior to his or her taking possession of the firearm if the person had no knowledge of that conduct.

(b) No person holding a license under Section 12071 of the Penal Code when delivering firearms pursuant to Section 12082 of the Penal Code shall assume any civil liability beyond that existing at the time of the effective date of this section when the person sells or transfers or loans any firearms out of his or her own stock, if that person otherwise complies with Section 12082 of the Penal Code. No person acting as a dealer pursuant to Section 12071 of the Penal Code who is delivering firearms for third parties pursuant to Section 12082 of the Penal Code, and the firearms are not out of his or her own stock, shall assume any civil liability for any defects in those firearms unless he or she has actual knowledge of the defect.

(c) No person who transfers, sells, or loans a firearm through a dealer licensed pursuant to Section 12071 of the Penal Code in accordance with Section 12082 of the Penal Code, or through a local law enforcement agency pursuant to Section 12084 of the Penal Code, and who otherwise complies with Article 3 (commencing with Section 12070) of Chapter 1 of Title 2 of Part 4 of the Penal Code shall incur any civil liability for subsequent misuse of the firearm by the purchaser, transferee, or person being loaned that firearm if he or she had no knowledge of the misuse prior to the transfer, sale, or loan.

(d) The declarations contained in this section are declaratory of existing law.

SEC. 27. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 24

An act to amend Section 350 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor March 30, 1994. Filed with
Secretary of State March 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 350 of the Welfare and Institutions Code is amended to read:

350. (a) (1) The judge of the juvenile court shall control all proceedings during the hearings with a view to the expeditious and effective ascertainment of the jurisdictional facts and the ascertainment of all information relative to the present condition and future welfare of the person upon whose behalf the petition is brought. Except where there is a contested issue of fact or law, the proceedings shall be conducted in an informal nonadversary atmosphere with a view to obtaining the maximum cooperation of the minor upon whose behalf the petition is brought and all persons interested in his or her welfare with any provisions that the court may make for the disposition and care of the minor.

(2) Each juvenile court in Contra Costa, Los Angeles, Orange, Sacramento, San Diego, Santa Clara, and Tulare Counties is encouraged to develop a dependency mediation program to provide a problem-solving forum for all interested persons to develop a plan in the best interests of the child, emphasizing family preservation and strengthening. The Legislature finds that mediation of these matters assists the court in resolving conflict, and helps the court to intervene in a constructive manner in those cases where court intervention is necessary. Notwithstanding any other provision of law, no person, except the mediator, who is required to report suspected child abuse pursuant to the Child Abuse and Neglect Reporting Act (Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code), shall be exempted from those requirements under Section 1152.5 of the Evidence Code because he or she agreed to participate in a dependency mediation

program established in one of these juvenile courts.

If a dependency mediation program has been established in one of these juvenile courts, and if mediation is requested by any person who the judge or referee deems to have a direct and legitimate interest in the particular case, or on the court's own motion, the matter may be set for confidential mediation to develop a plan in the best interests of the child, utilizing resources within the family first and within the community if required.

(b) The testimony of a minor may be taken in chambers and outside the presence of the minor's parent or parents, if the minor's parent or parents are represented by counsel, the counsel is present and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(c) At any hearing in which the probation department bears the burden of proof, after the presentation of evidence on behalf of the probation department and the minor has been closed, the court, on motion of the minor, parent, or guardian, or on its own motion, shall order whatever action the law requires of it if the court, upon weighing all of the evidence then before it, finds that the burden of proof has not been met. That action includes, but is not limited to, the dismissal of the petition and release of the minor at a jurisdictional hearing, the return of the minor at an out-of-home review held prior to the permanency planning hearing, or the termination of jurisdiction at an in-home review. If the motion is not granted, the parent or guardian may offer evidence without first having reserved that right.

CHAPTER 25

An act to amend Section 66531 of the Government Code, relating to transportation.

[Approved by Governor March 30, 1994. Filed with Secretary of State March 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that county and regional transportation planning in the San Francisco Bay area must be coordinated and that local support is essential for the resulting plans to be meaningful and fully implemented. The Legislature also finds that it is critical that the long-range plans prepared pursuant to Section 66531 of the Government Code and the congestion management programs prepared pursuant to Section 65089 of that code be integrated.

SEC. 2. Section 66531 of the Government Code is amended to read:

66531. (a) Each county within the jurisdiction of the commission, together with the cities and transit operators within the county, may, every two years, develop and update a transportation plan for the county and the cities within the county. The county transportation plan shall be submitted to the commission by the agency that has been designated as the agency responsible for developing, adopting and updating the county's congestion management program pursuant to Section 65089, unless, not later than January 1, 1995, another public agency is designated by resolutions adopted by the county board of supervisors and the city councils of a majority of the cities representing a majority of the population in the incorporated area of the county. Nothing in this section requires additional action by the cities and county, if a joint powers agreement delegates the responsibility for the county transportation plan to the agency responsible for developing, adopting, and updating the county's congestion management program pursuant to Section 65089.

(b) The county transportation plans shall be consistent with, and provide a long-range vision for, the congestion management programs in the San Francisco Bay area prepared pursuant to Section 65089. The county transportation plans shall also be responsive to the planning factors included in Section 134 of the federal Intermodal Surface Transportation Efficiency Act of 1991 (Public Law 102-240).

(c) The commission, in consultation with local agencies, shall develop guidelines to be used in the preparation of county transportation plans. These guidelines shall be consistent with the commission's preparation of the regional transportation plan pursuant to Section 65081. These plans shall include recommendations for investment necessary to mitigate the impact of

congestion caused by an airport that is owned by the county, or city and county, and located in another county. The plans may include, but are not limited to, the following:

(1) Recommendations for investments necessary to sustain the effectiveness and efficiency of the county portion of the metropolitan transportation system, as defined cooperatively by the commission and the agency designated pursuant to Section 65089.

(2) Consideration of transportation system and demand management strategies which reinforce the requirements contained in Section 65089.

(3) Consideration of transportation impacts associated with land use designations embodied in the general plans of the county and cities within the county and projections of economic and population growth available from the Association of Bay Area Governments.

(4) Consideration of strategies that conserve existing transportation system capacity, such as pricing policies or long-term land use and transportation integration policies jointly developed by the commission and the agencies designated pursuant to Section 65089.

(5) Consideration of expected transportation revenues as estimated by the commission, the impact of these estimated revenues on investment recommendations, and options for enhanced transportation revenues.

(d) The commission shall adopt revised guidelines not later than January 1, 1995.

(e) The county transportation plan shall include recommended transportation improvements for the succeeding 10- and 20-year periods.

(f) The county transportation plans shall be the primary basis for the commission's regional transportation plan and shall be considered in the preparation of the regional transportation improvement program. To provide regional consistency, the county transportation plans shall consider the most recent regional transportation plan adopted by the commission. Where the counties' transportation plans conflict, the commission may resolve the differences as part of the regional transportation plan. The commission shall add proposals and policies of regional significance to the regional transportation plan.

(g) With the consent of the commission, a county may have the commission prepare its county transportation plan.

(h) The counties, together with the commission, shall jointly develop a funding strategy for the preparation of each county's transportation plan.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for

reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. Notwithstanding any other provision of law, the Controller shall deduct, from any state funds allocated to the cities, counties, and congestion management agencies designated pursuant to Section 65089 of the Government Code, the amount the city, county, or agency was reimbursed by the state for costs resulting from state mandates resulting from this act. The deducted state funds shall be transferred to the unappropriated balance of the fund from which they were appropriated.

CHAPTER 26

An act to amend Sections 32, 101, 124, 128.5, 130, 146, 149, 205, 313.1, 492, 800, 1626, 1632, 1633.5, 2071, 2085, 2101, 2102, 2135, 2144, 2265, 2406, 2415, 2423, 2427, 2428, 2461, 2489, 2499, 2530.3, 2530.4, 2531.05, 2531.2, 2531.3, 2535.2, 2537.1, 2537.2, 2537.3, 2538, 2559.2, 2560, 2561, 2604, 2636, 2639, 2655.4, 2655.5, 2655.71, 2655.8, 2660, 2666, 2732.1, 2733, 2741, 2761, 2892.1, 2927.5, 2960, 2984, 2986, 2987, 3057.5, 3147.6, 3147.7, 3306.5, 3321, 3354, 3365, 3402, 3452, 3454, 3542, 3543, 3544, 3545, 3546, 3739, 3760, 4033, 4035.4, 4036, 4036.2, 4036.3, 4036.4, 4050.8, 4390.5, 4510, 4521, 4545, 4546, 4933, 4935, 4940, 4949, 4955, 4956, 4961, 4966, 4967, 4969, 4980.90, 5029, 5070.7, 5081.1, 5680.1, 5680.2, 6529, 6704, 6715, 6735.3, 6735.4, 6736.1, 6737.3, 6796, 6796.3, 7051, 7306, 7685.3, 8000, 8005, 8018, 8027, 8030, 8030.2, 8040, 8712, 8750, 8762, 8802, 8803, 9662, and 18605 of, to amend and renumber Sections 2932 and 4982.2 of, to amend the heading of Article 7 (commencing with Section 2536) of Chapter 5.3 of Division 2 of, to amend the heading of Article 7 (commencing with Section 3535) of Chapter 7.7 of Division 2 of, to amend, repeal, and add Section 7071.6 of, to add Sections 23.7, 136, 200.1, 206, 462, 1686, 2688.5, 2895.1, 4982.2, and 4996.17 to, to add and repeal Sections 3057.5 and 3057.6, to repeal Sections 2140, 2673, 2739, 6737.4, 6796.6, 7851, and 8806 of, to repeal and add Sections 3751 and 4996.16 of, the Business and Professions Code, to amend Sections 13401 and 13401.5 of the Corporations Code, to amend Sections 69274.6 and 94304 of the Education Code, to amend Sections 1322, 11126, 11501, 11501.5, 26509, and 69942 of the Government Code, to amend Sections 286.5, 447.30, 447.50, 10203, 10225, 10250, 11027, 11164, 11167, 11167.5, and 11215 of the Health and Safety Code, and to amend Sections 14132.55 and 14134.5 of the Welfare and Institutions Code, relating to consumer affairs, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 30, 1994. Filed with
Secretary of State March 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 23.7 is added to the Business and Professions Code, to read:

23.7. Unless otherwise expressly provided, "license" means license, certificate, registration, or other means to engage in a business or profession regulated by this code or referred to in Section 1000 or 3600.

SEC. 2. Section 32 of the Business and Professions Code is amended to read:

32. (a) The Legislature finds that there is a need to ensure that professionals of the healing arts who have or intend to have significant contact with patients who have, or are at risk to be exposed to, acquired immune deficiency syndrome (AIDS) are provided with training in the form of continuing education regarding the characteristics and methods of assessment and treatment of the condition.

(b) A board vested with the responsibility of regulating the following licensees shall consider including training regarding the characteristics and method of assessment and treatment of acquired immune deficiency syndrome (AIDS) in any continuing education or training requirements for those licensees: chiropractors, medical laboratory technicians, dentists, dental hygienists, dental assistants, physicians and surgeons, podiatrists, registered nurses, licensed vocational nurses, psychologists, physician assistants, respiratory therapists, acupuncturists, marriage, family, and child counselors, licensed educational psychologists, and clinical social workers.

SEC. 4. Section 124 of the Business and Professions Code is amended to read:

124. Notwithstanding subdivision (c) of Section 11505 of the Government Code, whenever written notice, including a notice, order, or document served pursuant to the Administrative Procedure Act (Ch. 3.5 (commencing with Sec. 11340), Ch. 4 (commencing with Sec. 11370), and Ch. 5 (commencing with Sec. 11500), Gov. C.), is required to be given by any board in the department, the notice may be given by regular mail addressed to the last known address of the licentiate or by personal service, at the option of the board.

SEC. 5. Section 128.5 of the Business and Professions Code is amended to read:

128.5. (a) Notwithstanding any other provision of law, if at the end of any fiscal year, an agency within the Department of Consumer Affairs, except the agencies referred to in subdivision (b), has unencumbered funds in an amount which equals or is more than the agency's operating budget for the next two fiscal years, the agency shall reduce license or other fees, whether the license or other fees be fixed by statute or may be determined by the agency

within limits fixed by statute, during the following fiscal year in an amount which will reduce any surplus funds of the agency to an amount less than the agency's operating budget for the next two fiscal years.

(b) Notwithstanding any other provision of law, if at the end of any fiscal year, the California Board of Architectural Examiners, the Board of Behavioral Science Examiners, the Board of Examiners in Veterinary Medicine, the Court Reporters Board of California, the Medical Board of California, the Board of Vocational Nurse and Psychiatric Technician Examiners of California, or the Bureau of Security and Investigative Services has unencumbered funds in an amount which equals or is more than the agency's operating budget for the next two fiscal years, the agency shall reduce license or other fees, whether the license or other fees be fixed by statute or may be determined by the agency within limits fixed by statute, during the following fiscal year in an amount which will reduce any surplus funds of the agency to an amount less than the agency's operating budget for the next two fiscal years.

SEC. 6. Section 130 of the Business and Professions Code is amended to read:

130. (a) Notwithstanding any other provision of law, the term of office of any member of an agency designated in subdivision (b) shall be for a term of four years expiring on June 1.

(b) Subdivision (a) applies to the following boards or committees:

- (1) Medical Board of California.

SEC. 7. Section 136 is added to the Business and Professions Code, to read:

136. (a) Each person holding a license, certificate, registration, permit, or other authority to engage in a profession or occupation issued by a board within the department shall notify the issuing board at its principal office of any change in his or her mailing address within 30 days after the change, unless the board has specified by regulations a shorter time period.

(b) Except as otherwise provided by law, failure of a licentiate to comply with the requirement in subdivision (a) constitutes grounds for the issuance of a citation and administrative fine, if the board has the authority to issue citations and administrative fines.

SEC. 8. Section 146 of the Business and Professions Code is amended to read:

146. (a) Notwithstanding any other provision of law, a violation of any code section listed in subdivision (c) is an infraction subject to the procedures described in Sections 19.6 and 19.7 of the Penal Code when:

(1) A complaint or a written notice to appear in court pursuant to Chapter 5c (commencing with Section 853.5) of Title 3 of Part 2 of the Penal Code is filed in court charging the offense as an infraction unless the defendant, at the time he or she is arraigned, after being advised of his or her rights, elects to have the case proceed as a misdemeanor, or

(2) The court, with the consent of the defendant and the prosecution, determines that the offense is an infraction in which event the case shall proceed as if the defendant has been arraigned on an infraction complaint.

(b) Subdivision (a) does not apply to a violation of the code sections listed in subdivision (c) if the defendant has had his or her license, registration, or certificate previously revoked or suspended.

(c) The following sections require registration, licensure, certification, or other authorization in order to engage in certain businesses or professions regulated by this code:

(1) Sections 2052 and 2054.

(2) Section 2630.

(3) Section 2903.

(4) Sections 3760 and 3761.

(5) Section 4080.

(6) Section 4825.

(7) Section 4935.

(8) Section 4980.

(9) Section 4996.

(10) Section 5536.

(11) Section 6704.

(12) Section 6980.10.

- (13) Section 7317.
- (14) Section 7502 or 7592.
- (15) Section 7520.
- (16) Section 7617 or 7641.
- (17) Subdivision (a) of Section 7872.
- (18) Section 8016.
- (19) Section 8505.
- (20) Section 8725.
- (21) Section 9681.
- (22) Section 9840.
- (23) Section 9884.6.
- (24) Subdivision (c) of Section 9891.24.
- (25) Section 19049.

(d) Notwithstanding any other provision of law, a violation of any of the sections listed in subdivision (c), which is an infraction, is punishable by a fine of not less than two hundred fifty dollars (\$250) and not more than one thousand dollars (\$1,000). No portion of the minimum fine may be suspended by the court unless as a condition of that suspension the defendant is required to submit proof of a current valid license, registration, or certificate for the profession or vocation which was the basis for his or her conviction.

SEC. 9. Section 149 of the Business and Professions Code is amended to read:

149. (a) If, upon investigation, an agency designated in subdivision (e) has probable cause to believe that a person is advertising in a telephone directory with respect to the offering or performance of services, without being properly licensed by or registered with the agency to offer or perform those services, the agency may issue a citation under Section 148 containing an order of correction which requires the violator to do both of the following:

(1) Cease the unlawful advertising.

(2) Notify the telephone company furnishing services to the violator to disconnect the telephone service furnished to any telephone number contained in the unlawful advertising.

(b) This action is stayed if the person to whom a citation is issued under subdivision (a) notifies the agency in writing that he or she intends to contest the citation. The agency shall afford an opportunity for a hearing, as specified in Section 125.9.

(c) If the person to whom a citation and order of correction is issued under subdivision (a) fails to comply with the order of correction after that order is final, the agency shall inform the Public Utilities Commission of the violation and the Public Utilities Commission shall require the telephone corporation furnishing services to that person to disconnect the telephone service furnished to any telephone number contained in the unlawful advertising.

(d) The good faith compliance by a telephone corporation with an order of the Public Utilities Commission to terminate service issued pursuant to this section shall constitute a complete defense to any civil or criminal action brought against the telephone corporation

arising from the termination of service.

(e) Subdivision (a) shall apply to the following boards, bureaus, committees, commissions, or programs:

- (1) The State Board of Barbering and Cosmetology.
- (2) The State Board of Funeral Directors and Embalmers.
- (3) The Board of Examiners in Veterinary Medicine.
- (4) The Hearing Aid Dispensers Examining Committee.
- (5) The State Board of Landscape Architects.
- (6) The California Board of Podiatric Medicine.
- (7) The Respiratory Care Examining Committee.
- (8) The Bureau of Home Furnishings and Thermal Insulation.
- (9) The Bureau of Security and Investigative Services.
- (10) The Bureau of Electronic and Appliance Repair.
- (11) The Bureau of Automotive Repair.
- (12) The Tax Preparers Program.
- (13) The California Board of Architectural Examiners.
- (14) The Speech-Language Pathology and Audiology Examining Committee.
- (15) The Board of Registration for Professional Engineers and Land Surveyors.
- (16) The Board of Behavioral Science Examiners.
- (17) The State Board of Registration for Geologists and Geophysicists.
- (18) The Structural Pest Control Board.
- (19) The Acupuncture Examining Committee.
- (20) The Board of Psychology.
- (21) The State Board of Accountancy.

SEC. 10. Section 200.1 is added to the Business and Professions Code, to read:

200.1. (a) Any accruals that occur on or after September 11, 1993, to any funds or accounts within the Professions and Vocations Fund that realize increased revenues to that fund or account as a result of legislation enacted on or after September 11, 1993, and that have not been transferred pursuant to Sections 13.50, 13.60, and 13.70 of the Budget Act of 1993 on the effective date of the act that enacted this section, shall be exempt from the transfers contained in Sections 13.50, 13.60, and 13.70 of the Budget Act of 1993. These funds shall include, but not be limited to, all of the following:

- (1) Athletic Commission Fund.
- (2) Bureau of Home Furnishings and Thermal Insulation Fund.
- (3) Contractors' License Fund.
- (4) Private Investigator Fund.
- (5) Respiratory Care Fund.
- (6) Vocational Nurse and Psychiatric Technician Examiners Fund.

(b) Subdivision (a) shall not apply to the Contingent Fund of the Medical Board of California.

SEC. 11. Section 205 of the Business and Professions Code is amended to read:

205. There is in the State Treasury the Professions and Vocations Fund. The fund shall consist of the following special funds:

- Accountancy Fund.
- California Board of Architectural Examiners' Fund.
- Athletic Commission Fund.
- State Board of Barbering and Cosmetology Fund.
- Cemetery Fund.
- Contractors' License Fund.
- State Dentistry Fund.
- State Funeral Directors and Embalmers' Fund.
- Bureau of Home Furnishings and Thermal Insulation Fund.
- State Board of Landscape Architects' Fund.
- Contingent Fund of the Board of Medical Examiners.
- Board of Nurse Examiners' Fund.
- State Optometry Fund.
- Pharmacy Board Contingent Fund.
- Physical Therapy Fund.
- Private Investigator Fund.
- Professional Engineers' and Land Surveyors' Fund.
- Consumer Affairs Fund.
- Behavioral Science Examiners Fund.
- Court Reporters' Fund.
- Structural Pest Control Fund.
- Board of Veterinary Examiners' Contingent Fund.
- Vocational Nurse Examiners' Fund.
- State Dental Auxiliary Fund.
- Electronic and Appliance Repair Fund.
- Geology and Geophysics Fund.
- Dispensing Opticians Fund.
- Acupuncture Fund.
- Hearing Aid Dispensers Fund.
- Physician Assistant Fund.
- Board of Podiatric Medicine Fund.
- Psychology Fund.
- Respiratory Care Fund.
- Speech-Language Pathology and Audiology Fund.
- Pharmacy Board Contingent Fund.
- Board of Registered Nursing Fund.
- Nursing Home Administrator's State License Examining Board Fund.
- Vocational Nurse and Psychiatric Technician Examiners Fund.
- Animal Health Technician Examining Committee Fund.
- Tax Preparers Fund.

For accounting and recordkeeping purposes, the Professions and Vocations Fund shall be deemed to be a single special fund, and each of the several special funds therein shall constitute and be deemed to be a separate account in the Professions and Vocations Fund. Each account or fund shall be available for expenditure only for the purposes as are now or may hereafter be provided by law.

SEC. 12. Section 206 is added to the Business and Professions Code, to read:

206. Notwithstanding any other provision of law, any person tendering a check for payment of a fee, fine, or penalty that was subsequently dishonored, shall not be granted a license, or other authority that they were seeking, until the applicant pays the amount outstanding from the dishonored payment together with the applicable fee, including any delinquency fee. The board may require the person whose check was returned unpaid to make payment of all fees by cashier's check or money order.

SEC. 13. Section 313.1 of the Business and Professions Code is amended to read:

313.1. (a) Notwithstanding any other provision of law to the contrary, no rule or regulation, except those relating to examinations and qualifications for licensure, and no fee change proposed or promulgated by any of the boards, commissions, or committees within the department, shall take effect pending compliance with this section.

(b) The director shall be formally notified of and shall be provided a full opportunity to review, in accordance with the requirements of Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code, and this section, all of the following:

(1) All notices of proposed action, any modifications and supplements thereto, and the text of proposed regulations.

(2) Any notices of sufficiently related changes to regulations previously noticed to the public, and the text of proposed regulations showing modifications to the text.

(3) Final rulemaking records.

(c) The submission of all notices and final rulemaking records to the director and the completion of the director's review, as authorized by this section, shall be a precondition to the filing of any rule or regulation with the Office of Administrative Law. The Office of Administrative Law shall have no jurisdiction to review a rule or regulation subject to this section until after the completion of the director's review and only then if the director has not disapproved it. The filing of any document with the Office of Administrative Law shall be accompanied by a certification that the board, commission, or committee has complied with the requirements of this section.

(d) Following the receipt of any final rulemaking record subject to subdivision (a), the director shall have the authority for a period of 30 days to disapprove a proposed rule or regulation on the ground that it is injurious to the public health, safety, or welfare.

(e) Final rulemaking records shall be filed with the director within the one-year notice period specified in Section 11346.4 of the Government Code. If necessary for compliance with this section, the one-year notice period may be extended, as specified by this subdivision.

(1) In the event that the one-year notice period lapses during the

director's 30-day review period, or within 60 days following the notice of the director's disapproval, it may be extended for a maximum of 90 days.

(2) If the director approves the final rulemaking record or declines to take action on it within 30 days, the board, commission, or committee shall have five days from the receipt of the record from the director within which to file it with the Office of Administrative Law.

(3) If the director disapproves a rule or regulation, it shall have no force or effect unless, within 60 days of the notice of disapproval, (A) the disapproval is overridden by a unanimous vote of the members of the board, commission, or committee, and (B) the board, commission, or committee files the final rulemaking record with the Office of Administrative Law in compliance with this section and the procedures required by Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) Nothing in this section shall be construed to prohibit the director from affirmatively approving a proposed rule, regulation, or fee change at any time within the 30-day period after it has been submitted to him or her, in which event it shall become effective upon compliance with this section and the procedures required by Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 14. Section 462 is added to the Business and Professions Code, to read:

462. (a) Any of the boards, bureaus, commissions, or programs within the department may establish, by regulation, a system for an inactive category of licensure for persons who are not actively engaged in the practice of their profession or vocation.

(b) The regulation shall contain the following provisions:

(1) The holder of an inactive license issued pursuant to this section shall not engage in any activity for which a license is required.

(2) An inactive license issued pursuant to this section shall be renewed during the same time period in which an active license is renewed. The holder of an inactive license need not comply with any continuing education requirement for renewal of an active license.

(3) The renewal fee for a license in an active status shall apply also for a renewal of a license in an inactive status, unless a lesser renewal fee is specified by the board.

(4) In order for the holder of an inactive license issued pursuant to this section to restore his or her license to an active status, the holder of an inactive license shall comply with all the following:

(A) Pay the renewal fee.

(B) If the board requires completion of continuing education for renewal of an active license, complete continuing education equivalent to that required for renewal of an active license, unless a different requirement is specified by the board.

(c) This section shall not apply to any healing arts board as specified in Section 701.

SEC. 15. Section 492 of the Business and Professions Code is amended to read:

492. Notwithstanding any other provision of law, successful completion of any diversion program under the Penal Code, or successful completion of an alcohol and drug problem assessment program under Article 5 (commencing with Section 23249.50) of Chapter 12 of Division 11 of the Vehicle Code, shall not prohibit any agency established under Division 2 (commencing with Section 500) of this code, or any initiative act referred to in that division, from taking disciplinary action against a licensee or from denying a license for professional misconduct, notwithstanding that evidence of that misconduct may be recorded in a record pertaining to an arrest.

This section shall not be construed to apply to any drug diversion program operated by any agency established under Division 2 (commencing with Section 500) of this code, or any initiative act referred to in that division.

SEC. 15.5. Section 800 of the Business and Professions Code is amended to read:

800. (a) The Board of Medical Quality Assurance, the Board of Dental Examiners, the Osteopathic Medical Board of California, the Board of Chiropractic Examiners, the California Board of Registered Nursing, the Board of Vocational Nurse and Psychiatric Technician Examiners, the State Board of Optometry, the Board of Examiners in Veterinary Medicine, and the State Board of Pharmacy shall each separately create and maintain a central file of the names of all persons who hold a license, certificate, or similar authority from such board. Each central file shall be created and maintained to provide an individual historical record for each licensee with respect to (1) any conviction of a crime in this or any other state which constitutes unprofessional conduct pursuant to the reporting requirements of Section 803; (2) any judgment or settlement requiring the licensee or his or her insurer, to pay any amount of damages in excess of three thousand dollars (\$3,000) for any claim that injury or death was proximately caused by the licensee's negligence, error or omission in practice, or by rendering unauthorized professional services, pursuant to the reporting requirements of Section 801 or 802; (3) any public complaints for which provision is hereinafter made, pursuant to subdivision (b) of this section; (4) disciplinary information reported pursuant to Section 805.

(b) Each board shall prescribe and promulgate forms on which members of the public and other licensees or certificate holders may file written complaints to the board alleging any act of misconduct in, or connected with, the performance of professional services by the licensee.

If a board, or division thereof, a committee, or a panel has failed to act upon a complaint or report within five years, or has found that the complaint or report is without merit, the central file shall be purged of information relating to the complaint or report.

Notwithstanding this subdivision, the Board of Psychology and the

Respiratory Care Board of California shall maintain complaints or reports as long as each board deems necessary.

(c) The contents of any central file which are not public records under any other provision of law shall be confidential except that the licensee involved, or his or her counsel or representative, shall have the right to inspect and have copies made of his or her complete file except for the provision that may disclose the identity of an information source. For the purposes of this section, a board may protect an information source by providing a copy of the material with only those deletions necessary to protect the identity of the source or by providing a comprehensive summary of the substance of the material. Whichever method is used, the board shall ensure that full disclosure is made to the subject of any personal information that could reasonably in any way reflect or convey anything detrimental, disparaging, or threatening to a licensee's reputation, rights, benefits, privileges, or qualifications, or be used by a board to make a determination that would affect a licensee's rights, benefits, privileges, or qualifications.

The licensee may, but is not required to, submit any additional exculpatory or explanatory statement or other information which the board shall include in the central file.

Each board may permit any law enforcement or regulatory agency when required for an investigation of unlawful activity or for licensing, certification, or regulatory purposes to inspect and have copies made of that licensee's file, unless the disclosure is otherwise prohibited by law.

These disclosures shall effect no change in the confidential status of these records.

SEC. 17. Section 1626 of the Business and Professions Code is amended to read:

1626. It is unlawful for any person to engage in the practice of dentistry in the state, either privately or as an employee of a governmental agency or political subdivision, unless the person has a valid, unexpired license or special permit from the board.

The following practices, acts and operations, however, are exempt from the operation of this chapter:

(a) The practice of oral surgery by a physician and surgeon licensed under the Medical Practice Act.

(b) The operations by bona fide students of dentistry or dental hygiene in the clinical departments or the laboratory of a reputable dental college approved by the Board of Dental Examiners, including operations by unlicensed students while engaged in dental extension programs which have been approved by a school of dentistry, and approved by the Board of Dental Examiners, and which are offered by the educational institution comprising the approved school of dentistry, and which are under the general programmatic and academic supervision of that school of dentistry.

(c) The practice of dentistry by licensed dentists of other states or countries while appearing and operating as bona fide clinicians or

instructors in dental colleges approved by the Board of Dental Examiners.

(d) The practice of dentistry by licensed dentists of other states or countries in conducting or making a clinical demonstration before any bona fide dental or medical society, association or convention; provided, however, the consent of the Board of Dental Examiners to the making and conducting of the clinical demonstration must be first had and obtained.

(e) The construction, making, verification of shade taking, alteration or repairing of bridges, crowns, dentures, or other prosthetic appliances, or orthodontic appliances, when the casts or impressions for this work have been made or taken by a licensed dentist, but a written authorization signed by a licensed dentist shall accompany the order for the work or it shall be performed in the office of a licensed dentist under his or her supervision. The burden of proving written authorization or direct supervision is upon the person charged with the violation of this chapter.

It is unlawful for any person acting under the exemption of this subdivision (e) to represent or hold out to the public in any manner that he or she will perform or render any of the services exempted by this subdivision that are rendered or performed under the provisions of this chapter by a licensed dentist, including the construction, making, alteration or repairing of dental prosthetic or orthodontic appliances.

(f) The manufacture or sale of wholesale dental supplies.

(g) The practice of dentistry or dental hygiene by applicants during a licensing examination conducted in this state by the licensing agency of another state which does not have a dental school; provided, however, that the consent of the board to the conducting of the examination shall first have been obtained and that the examination shall be conducted in a dental college accredited by the board.

(h) The practice by personnel of the Air Force, Army, Coast Guard, or Navy or employees of the United States Public Health Service, Veterans' Administration, or Bureau of Indian Affairs when engaged in the discharge of official duties.

SEC. 18. Section 1632 of the Business and Professions Code is amended to read:

1632. The applicant shall give demonstrations of his or her skill in operative dentistry, prosthetic dentistry, diagnosis and treatment of periodontics, and his or her judgment in diagnosis-treatment planning. The examination may be supplemented by a jurisprudence and ethics examination.

SEC. 19. Section 1633.5 of the Business and Professions Code is amended to read:

1633.5. Notwithstanding any other provision of this chapter, the board may require each applicant to successfully complete the National Board of Dental Examiners' written examination administered by the National Board of Dental Examiners as

evidenced by a receipt of a certificate from that board. Notwithstanding Section 1633, an applicant who successfully completed the examination shall be exempt from further written examination requirements; provided, however, that nothing in this section shall be construed to prevent the board from administering the oral diagnosis and treatment planning examination, or a jurisprudence or ethics examination in written form.

SEC. 20. Section 1686 is added to the Business and Professions Code, to read:

1686. A person whose license, certificate, or permit has been revoked or suspended or who has been placed on probation may petition the board for reinstatement or modification of penalty, including modification or termination of probation, after a period of not less than the following minimum periods have elapsed from the effective date of the decision ordering disciplinary action:

(a) At least three years for reinstatement of a license revoked for unprofessional conduct.

(b) At least two years for early termination of probation of three years or more.

(c) At least one year for modification of a condition, or reinstatement of a license revoked for mental or physical illness, or termination of probation of less than three years.

The petition shall state any fact required by the board.

The petition may be heard by the board, or the board may assign the petition to an administrative law judge designated in Section 11371 of the Government Code.

In considering reinstatement or modification or penalty, the board or the administrative law judge hearing the petition may consider (1) all activities of the petitioner since the disciplinary action was taken, (2) the offense for which the petitioner was disciplined, (3) the petitioner's activities during the time the license, certificate, or permit was in good standing, and (4) the petitioner's rehabilitative efforts, general reputation for truth, and professional ability. The hearing may be continued from time to time as the board or the administrative law judge as designated in Section 11371 of the Government Code finds necessary.

The board or the administrative law judge may impose necessary terms and conditions on the licentiate in reinstating a license, certificate, or permit or modifying a penalty.

No petition under this section shall be considered while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on court-imposed probation or parole. No petition shall be considered while there is an accusation or petition to revoke probation pending against the person. The board may deny without a hearing or argument any petition filed pursuant to this section within a period of two years from the effective date of the prior decision following a hearing under this section.

Nothing in this section shall be deemed to alter Sections 822 and

823.

SEC. 22. Section 2071 of the Business and Professions Code is amended to read:

2071. The Division of Allied Health Professions shall adopt and administer regulations which establish standards for technical supportive services which may be performed by a medical assistant. Nothing in this section shall prohibit the division from amending or repealing regulations covering medical assistants. The division shall, prior to the adoption of any regulations, request recommendations regarding these standards from appropriate public agencies, including, but not limited to, the State Board of Optometry, the Board of Registered Nursing, the Board of Vocational Nurse and Psychiatric Technician Examiners of the State of California, the Laboratory Field Services division of the State Department of Health Services, those divisions of the State Department of Education which pertain to private postsecondary education and career and vocational preparation, the Chancellor of the California Community Colleges, the California Board of Podiatric Medicine, the Physician Assistant Examining Committee, and the Physical Therapy Examining Committee. The division shall also request recommendations regarding these standards from associations of medical assistants, physicians, nurses, doctors of podiatric medicine, physician assistants, physical therapists, laboratory technologists, optometrists, and others as the division finds appropriate, including, but not limited to, the California Optometric Association, the California Nurses Association, the California Medical Association, the California Society of Medical Assistants, the California Medical Assistants' Association, and the California Chapter of the American Physical Therapy Association. Nothing in this section shall be construed to supersede or modify that portion of the Administrative Procedure Act which relates to the procedure for the adoption of regulations and which is set forth in Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 23. Section 2085 of the Business and Professions Code is amended to read:

2085. (a) Notwithstanding Section 2084, a graduate of an approved medical school located in the United States or Canada who has graduated from a special medical school program that does not substantially meet the requirements of Section 2089 with respect to any aspect of curriculum length or content may be approved by the Division of Licensing if the division determines that the applicant has otherwise received adequate instruction in the subjects listed in subdivision (b) of Section 2089.

"Adequate instruction" means the applicant has received instruction adequate to prepare the applicant to engage in the practice of medicine in the United States. This definition applies to the sufficiency of instruction of the following courses:

- (1) Anatomy, including gross anatomy, embryology, histology,

and neuroanatomy.

- (2) Bacteriology and immunology.
- (3) Biochemistry.
- (4) Pathology.
- (5) Pharmacology.
- (6) Physiology.

The division may require an applicant under this section to undertake additional education to bring up to standard, instruction in the subjects listed in subdivision (b) of Section 2089 as a condition of issuing a physician and surgeon's certificate. In approving an applicant under this section, the division may take into account the applicant's total relevant academic experience, including performance on standardized national examinations.

(b) (1) Notwithstanding subdivision (a) or Sections 2084 and 2089, an applicant who is a graduate of an approved medical school located in the United States or Canada who has graduated from a special medical school program that does not substantially meet the requirements of Section 2089 with respect to any aspect of curriculum length or content shall be presumed to meet the requirements of Sections 2084 and 2089 if the special medical school program has been reviewed and approved by a national accrediting agency approved by the division and recognized by the United States Department of Education.

(2) This presumption may be overcome upon a finding by the division that the medical education received by the applicant is not the educational equivalent of the medical education received by graduates of medical schools approved pursuant to subdivision (a) or Section 2084. In making its finding, the division shall consider, at a minimum, the applicant's total academic and medical training experience prior to, and following, as well as during, medical school, the applicant's performance on standardized national examinations, including the National Board Examinations, the applicant's achievements as a house staff officer, and the number of years of postgraduate medical training completed by the applicant.

(3) An applicant under this subdivision who (A) has satisfactorily completed at least two years of postgraduate clinical training approved by the Accreditation Council for Graduate Medical Education or the Coordinating Council of Medical Education of the Canadian Medical Association and whose postgraduate training has included at least one year of clinical contact with patients and (B) has achieved a passing score in each subject area of the written examination required for licensure, satisfies the requirements of Sections 2084 and 2089. For purposes of this subdivision, a passing score on a subject area in Part I of the written examination shall be a standard score of 380 or higher, and for a subject area in Part II of the examination, a standard score of 290 or higher. For purposes of this subdivision, an applicant who has satisfactorily completed at least two years of approved postgraduate clinical training on or before July 1, 1987, shall not be required to have at least one year of

clinical contact with patients.

(4) An applicant who has not achieved a passing score in one or more subject areas of the written examination required for licensure may otherwise demonstrate to the satisfaction of the division that he or she possesses adequate skills, knowledge, and ability in the particular subject area or areas of the examination not passed.

(5) An applicant who has not achieved a passing score in one or more subject areas of the required examination may, at the discretion of the division, be allowed to remedy that deficiency by achieving a passing score in the pertinent subject area or areas through a reexamination administered under the auspices of the division, at the applicant's expense.

(6) Applicants under this subdivision who apply after satisfactorily completing one year of approved postgraduate training shall have their applications reviewed by the division and shall be informed by the division either that satisfactory completion of a second year of approved postgraduate training will result in their being deemed to meet the requirements of Sections 2084 and 2089, or informed of any deficiencies in their qualifications or documentation and the specific remediation, if any, required by the division to meet the requirements of Sections 2084 and 2089. Upon satisfactory completion of the specified remediation, the division shall promptly issue a license to the applicant.

SEC. 23.2. Section 2101 of the Business and Professions Code is amended to read:

2101. Any applicant who is not a citizen of the United States or otherwise does not qualify for licensure as a physician and surgeon under Section 2102 whose professional instruction was acquired in a country other than the United States or Canada shall provide evidence satisfactory to the Division of Licensing of compliance with the following requirements in order to be issued a physician and surgeon's certificate:

(a) Completion in a medical school or schools a resident course of professional instruction equivalent to that required by Section 2089 and issuance to the applicant of a document acceptable to the division which shows final and successful completion of the course.

(b) Admission or licensure to practice medicine and surgery in a country or other state of the United States wherein licensure requirements are satisfactory to the division.

(c) Certification by the Educational Commission for Foreign Medical Graduates, or its equivalent, as determined by the division. This subdivision shall apply to all applicants who are subject to this section and who have not taken and passed the written examination specified in subdivision (e) prior to June 1, 1986.

(d) Satisfactory completion of the postgraduate training required under Section 2096. An applicant shall be required to have substantially completed the professional instruction required in subdivision (a) and shall be required to make application to the division and have passed steps 1 and 2 of the written examination

relating to biomedical and clinical sciences prior to commencing any postgraduate training in this state. In its discretion, the division may authorize an applicant who is deficient in any education or clinical instruction required by Sections 2089 and 2089.5 to make up any deficiencies as a part of his or her postgraduate training program, but any such remedial training shall be in addition to the postgraduate training required for licensure.

(e) Pass the written examination as provided under Article 9 (commencing with Section 2170) and an oral examination. An applicant shall be required to meet the requirements specified in subdivision (c) prior to being admitted to the written examination required by this subdivision.

Nothing in this section prohibits the division from disapproving any foreign medical school or from denying an application if, in the opinion of the division, the professional instruction provided by the medical school or the instruction received by the applicant is not equivalent to that required in Article 4 (commencing with Section 2080).

SEC. 23.3. Section 2102 of the Business and Professions Code is amended to read:

2102. Any applicant who either (1) is a United States citizen or (2) has filed a declaration of intention to become a United States citizen, a petition for naturalization, or a comparable document, whose professional instruction was acquired in a country other than the United States or Canada shall provide evidence satisfactory to the Division of Licensing of compliance with the following requirements to be issued a physician and surgeon's certificate:

(a) Completion in a medical school or schools of a resident course of professional instruction equivalent to that required by Section 2089 and issuance to the applicant of a document acceptable to the division which shows final and successful completion of the course.

(b) Certification by the Educational Commission for Foreign Medical Graduates, or its equivalent, as determined by the division. This subdivision shall apply to all applicants who are subject to this section and who have not taken and passed the written examination specified in subdivision (d) prior to June 1, 1986.

(c) Satisfactory completion of the postgraduate training required under Section 2096. An applicant shall be required to have substantially completed the professional instruction required in subdivision (a) and shall be required to make application to the division and have passed steps 1 and 2 of the written examination relating to biomedical and clinical sciences prior to commencing any postgraduate training in this state. In its discretion, the division may authorize an applicant who is deficient in any education or clinical instruction required by Sections 2089 and 2089.5 to make up any deficiencies as a part of his or her postgraduate training program, but any such remedial training shall be in addition to the postgraduate training required for licensure.

(d) Pass the written examination as provided under Article 9

(commencing with Section 2170) and an oral examination. An applicant shall be required to meet the requirements specified in subdivision (b) prior to being admitted to the written examination required by this subdivision.

Nothing in this section prohibits the division from disapproving any foreign medical school or from denying an application if, in the opinion of the division, the professional instruction provided by the medical school or the instruction received by the applicant is not equivalent to that required in Article 4 (commencing with Section 2080).

SEC. 23.4. Section 2135 of the Business and Professions Code is amended to read:

2135. The Division of Licensing shall issue a physician and surgeon's certificate to an applicant who meets all of the following requirements:

(a) The applicant holds an unlimited license as a physician and surgeon in another state which was issued upon:

(1) Successful completion of a resident course of professional instruction equivalent to that specified in Section 2089.

(2) Taking and passing a written examination that is recognized by the division to be equivalent in content to that administered in California.

(b) The applicant has practiced medicine, with an unrestricted license, in a state or states, in a Canadian province or Canadian provinces, or as a member of the active military, United States Public Health Services, or other federal program, for a period of at least four years. Any time spent by the applicant in an approved postgraduate training program or clinical fellowship acceptable to the division shall not be included in the calculation of this four-year period.

(c) The division determines that no disciplinary action has been taken against the applicant by any medical licensing authority and that the applicant has not been the subject of adverse judgments or settlements resulting from the practice of medicine which the division determines constitutes evidence of a pattern of negligence or incompetence.

(d) The applicant takes and passes the clinical competency written examination administered by the division or takes and passes in another state, commonwealth, or territory of the United States, an examination which is recognized by the division to be equivalent to that administered in this state. However, this subdivision shall not apply to a graduate of a medical school approved by the division.

(e) The applicant takes and passes an oral examination administered by the division.

(f) The applicant has not committed any acts or crimes constituting grounds for denial of a certificate under Division 1.5 (commencing with Section 475) or Article 12 (commencing with Section 2220).

(g) Any application received from an applicant who has practiced medicine with an unrestricted license, in a state or states, or as a

member of the active military, United States Public Health Services, or other federal program for four or more years shall be reviewed and processed pursuant to this section. Any time spent by the applicant in an approved postgraduate training program or clinical fellowship acceptable to the division shall not be included in the calculation of this four-year period. This subdivision does not apply to applications which may be reviewed and processed pursuant to Section 2151.

SEC. 23.5. Section 2140 of the Business and Professions Code is repealed.

SEC. 23.6. Section 2144 of the Business and Professions Code is amended to read:

2144. The Division of Licensing may make an independent investigation of the educational qualifications and the ability and standing of the applicant.

If, after this investigation and any other or further examination or investigation which the division may see fit to make on its own part, it is found that the applicant does not meet the requirements for licensure as a physician and surgeon under this chapter, then the division may deny licensure under this article.

SEC. 23.7. Section 2265 of the Business and Professions Code is amended to read:

2265. The supervision, use, or employment of a physician's assistant who is licensed or practicing under interim approval, without the approval of the Division of Allied Health Professions, constitutes unprofessional conduct.

SEC. 24. Section 2406 of the Business and Professions Code is amended to read:

2406. A medical corporation or podiatry corporation is a corporation which is authorized to render professional services, as defined in Sections 13401 and 13401.5 of the Corporations Code, so long as that corporation and its shareholders, officers, directors and employees rendering professional services who are physicians, psychologists, registered nurses, optometrists, podiatrists or, in the case of a medical corporation only, physician assistants, are in compliance with the Moscone-Knox Professional Corporation Act, the provisions of this article and all other statutes and regulations now or hereafter enacted or adopted pertaining to the corporation and the conduct of its affairs.

With respect to a medical corporation or podiatry corporation, the governmental agency referred to in the Moscone-Knox Professional Corporation Act is the Division of Licensing.

SEC. 25. Section 2415 of the Business and Professions Code is amended to read:

2415. (a) Any physician and surgeon or any doctor of podiatric medicine, as the case may be, who as a sole proprietor, or in a partnership, group, or professional corporation, desires to practice under any name that would otherwise be a violation of Section 2285 may practice under that name if the proprietor, partnership, group,

or corporation obtains and maintains in current status a fictitious-name permit issued by the Division of Licensing, or, in the case of doctors of podiatric medicine, the California Board of Podiatric Medicine, under the provisions of this section.

(b) The division or the board shall issue a fictitious-name permit authorizing the holder thereof to use the name specified in the permit in connection with his, her, or its practice if the division or the board finds to its satisfaction that:

(1) The applicant or applicants or shareholders of the professional corporation hold valid and current licenses as physicians and surgeons or doctors of podiatric medicine, as the case may be.

(2) The professional practice of the applicant or applicants is wholly owned and entirely controlled by the applicant or applicants.

(3) The name under which the applicant or applicants propose to practice is not deceptive, misleading, or confusing, and contains one of the following designations: "medical group," "medical clinic," "medical corporation," "medical associates," "medical center," or "medical office." In the case of doctors of podiatric medicine, the same designations may be used substituting the words "podiatric medical," "podiatric surgical," "podiatry," or "podiatrists" for the word "medical," or the designations "foot clinic" or "foot and ankle clinic" may be used.

(c) This section shall not apply to licensees who contract with, are employed by, or are on the staff of, any clinic licensed by the State Department of Health Services under Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code or any medical school approved by the division or a faculty practice plan connected with such a medical school.

(d) Fictitious-name permits issued under this section shall be subject to Article 19 (commencing with Section 2420) pertaining to renewal of licenses, except the division shall establish procedures for the renewal of fictitious-name permits every two years on an anniversary basis. For the purpose of the conversion of existing permits to this schedule the division may fix prorated renewal fees.

(e) The division or the board may revoke or suspend any permit issued if it finds that the holder or holders of the permit are not in compliance with the provisions of this section or any regulations adopted pursuant to this section. A proceeding to revoke or suspend a fictitious-name permit shall be conducted in accordance with Section 2230.

(f) A fictitious-name permit issued to any licensee in a sole practice is automatically revoked in the event the licensee's certificate to practice medicine or podiatric medicine is revoked.

(g) The division or the board may delegate to the executive director, or to another official of the board, its authority to review and approve applications for fictitious-name permits and to issue those permits.

(h) The California Board of Podiatric Medicine shall administer and enforce this section as to doctors of podiatric medicine.

SEC. 26. Section 2423 of the Business and Professions Code is amended to read:

2423. (a) Notwithstanding Section 2422:

(1) All physician and surgeon's certificates, certificates to practice podiatric medicine, registrations of spectacle lens dispensers and contact lens dispensers, certificates of drugless practitioners, and certificates to practice midwifery shall expire at 12 midnight on the last day of the birth month of the licensee during the second year of a two-year term if not renewed.

(2) Registrations of dispensing opticians will expire at midnight on the last day of the month in which the license was issued during the second year of a two-year term if not renewed.

(b) The Division of Licensing shall establish by regulation procedures for the administration of a birth date renewal program, including, but not limited to, the establishment of a system of staggered license expiration dates such that a relatively equal number of licenses expire monthly.

(c) To renew an unexpired license, the licensee shall, on or before the dates on which it would otherwise expire, apply for renewal on a form prescribed by the licensing authority and pay the prescribed renewal fee.

SEC. 26.5. Section 2427 of the Business and Professions Code is amended to read:

2427. (a) Except as provided in Section 2429, a license which has expired may be renewed at any time within five years after its expiration on filing an application for renewal on a form prescribed by the licensing authority and payment of all accrued renewal fees and any other fees required by Section 2424. If the license is not renewed within 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the prescribed delinquency fee, if any. Except as provided in Section 2424, renewal under this section shall be effective on the date on which the renewal application is filed, on the date on which the renewal fee or accrued renewal fees are paid, or on the date on which the delinquency fee or the delinquency fee and penalty fee, if any, are paid, whichever last occurs. If so renewed, the license shall continue in effect through the expiration date set forth in Section 2422 or 2423 which next occurs after the effective date of the renewal, when it shall expire and become invalid if it is not again renewed.

(b) Notwithstanding subdivision (a), the license of a doctor of podiatric medicine which has expired may be renewed at any time within three years after its expiration on filing an application for renewal on a form prescribed by the licensing authority and payment of all accrued renewal fees and any other fees required by Section 2424. If the license is not renewed within 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the prescribed delinquency fee, if any. Except as provided in Section 2424, renewal under this section shall be effective on the date on which the renewal application is filed, on the date on which

the renewal fee or accrued renewal fees are paid, or on the date on which the delinquency fee or the delinquency fee and penalty fee, if any, are paid, whichever last occurs. If so renewed, the license shall continue in effect through the expiration date set forth in Section 2422 or 2423 which next occurs after the effective date of the renewal, when it shall expire and become invalid if it is not again renewed.

SEC. 27. Section 2428 of the Business and Professions Code is amended to read:

2428. (a) A person who fails to renew his or her license within five years after its expiration may not renew it, and it may not be reissued, reinstated, or restored thereafter, but such person may apply for and obtain a new license if he or she:

(1) Has not committed any acts or crimes constituting grounds for denial of licensure under Division 1.5 (commencing with Section 475).

(2) Takes and passes the examination, if any, which would be required of him or her if application for licensure was being made for the first time, or otherwise establishes to the satisfaction of the licensing authority which passes on the qualifications of applicants for such license that, with due regard for the public interest, he or she is qualified to practice the profession or activity for which the applicant was originally licensed.

(3) Pays all of the fees that would be required if application for licensure was being made for the first time.

The licensing authority may provide for the waiver or refund of all or any part of an examination fee in those cases in which a license is issued without an examination pursuant to this section.

Nothing in this section shall be construed to authorize the issuance of a license for a professional activity or system or mode of healing for which licenses are no longer required.

(b) Subdivision (a) shall apply to persons who held licenses to practice podiatric medicine except that those persons who failed to renew their licenses within three years after its expiration may not renew it, and it may not be reissued, reinstated, or restored, except in accordance with subdivision (a).

SEC. 29. Section 2461 of the Business and Professions Code is amended to read:

2461. As used in this article:

(a) "Division" means the Division of Allied Health Professions of the Medical Board of California.

(b) "Board" means the California Board of Podiatric Medicine.

(c) "Podiatric licensing authority" refers to any officer, board, commission, committee, or department of another state that may issue a license to practice podiatric medicine.

SEC. 30. Section 2489 of the Business and Professions Code is amended to read:

2489. The division or board shall not reject an application for a certificate to practice podiatric medicine solely on the basis that the podiatric licensing authority issuing the applicant's certificate or

license permitted the applicant to take the basic science examination given by the National Board of Medical Examiners or the National Board of Podiatry Examiners, as a part of that state's qualifying examination.

SEC. 31. Section 2499 of the Business and Professions Code is amended to read:

2499. There is in the State Treasury the Board of Podiatric Medicine Fund. Notwithstanding Section 2445, the division shall report to the Controller at the beginning of each calendar month for the month preceding the amount and source of all revenue received by it on behalf of the board, pursuant to this chapter, and shall pay the entire amount thereof to the Treasurer for deposit into the fund. On and after July 1, 1981, all revenue received by the board and the division from fees authorized to be charged relating to the practice of podiatric medicine shall be deposited in the fund as provided in this section, and shall be continuously appropriated to the board to carry out the provisions of this chapter relating to the regulation of the practice of podiatric medicine.

SEC. 32. Section 2530.3 of the Business and Professions Code is amended to read:

2530.3. (a) A person represents himself or herself to be a speech-language pathologist when he or she holds himself or herself out to the public by any title or description of services incorporating the words "speech pathologist," "speech pathology," "speech therapy," "speech correction," "speech correctionist," "speech therapist," "speech clinic," "speech clinician," "language pathologist," "language pathology," "logopedics," "logopedist," "communicology," "communicologist," "aphasiologist," "voice therapy," "voice therapist," "voice pathology," or "voice pathologist," "language therapist," or "phoniatriest," or any similar titles; or when he or she purports to treat stuttering, stammering, or other disorders of speech.

(b) A person represents himself or herself to be an audiologist when he or she holds himself or herself out to the public by any title or description of services incorporating the terms "audiology," "audiologist," "audiological," "hearing clinic," "hearing clinician," "hearing therapist," or any similar titles.

SEC. 33. Section 2530.4 of the Business and Professions Code is amended to read:

2530.4. Nothing in this chapter shall be construed as authorizing a speech-language pathologist or audiologist to practice medicine, surgery, or any other form of healing, except that authorized by Section 2530.2.

SEC. 34. Section 2531.05 of the Business and Professions Code is amended to read:

2531.05. The Hearing Aid Dispensers Examining Committee shall appoint one of its members to serve as liaison to the Speech-Language Pathology and Audiology Examining Committee for the purpose of coordinating the policies of the committees

regarding the fitting or dispensing of hearing aids. The Speech-Language Pathology and Audiology Examining Committee shall notify the Hearing Aid Dispensers Examining Committee in advance of all committee business concerning the fitting or dispensing of hearing aids to facilitate the participation of the liaison member.

SEC. 35. Section 2531.2 of the Business and Professions Code is amended to read:

2531.2. The membership of the committee shall include three licensed speech-language pathologists, three licensed audiologists, and three public members one of whom is a licensed physician and surgeon, board certified in otolaryngology, and the remaining two public members who shall not be licentiates of the committee or of any board under this division or of any board referred to in the Chiropractic Act or the Osteopathic Act.

The Governor shall appoint the physician and surgeon member and the other six licensed members qualified as provided in this section. The Senate Rules Committee and the Speaker of the Assembly shall each appoint a public member, and their initial appointment shall be made to fill, respectively, the first and second public member vacancies which occur on or after January 1, 1983.

SEC. 36. Section 2531.3 of the Business and Professions Code is amended to read:

2531.3. The committee shall examine every applicant for a speech-language pathology license or an audiology license at the time and place designated by the committee in its discretion, but at least once in each year; and for that purpose may appoint qualified persons to give the whole or any portion of the examination, who shall be designated as commissioners on examination. A commissioner on examination need not be a member of the committee, but shall be subject to the same rules and regulations and shall be entitled to the same fee as if he or she were a member of the committee.

The committee shall perform all examination functions, including but not limited to, participation in uniform examination systems.

SEC. 37. Section 2535.2 of the Business and Professions Code is amended to read:

2535.2. Except as provided in Section 2535.3, a license which has expired may be renewed at any time within five years after its expiration upon filing of an application for renewal on a form prescribed by the committee and payment of the renewal fee in effect on the last regular renewal date. If the license is not renewed within 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the prescribed delinquency fee. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee is paid, whichever last occurs. If so renewed, the license shall continue in effect through the expiration date provided in Section 2535, after the effective date of

the renewal, when it shall expire and become invalid if it is not again renewed.

SEC. 38. The heading of Article 7 (commencing with Section 2536) of Chapter 5.3 of Division 2 of the Business and Professions Code is amended to read:

Article 7. Speech-Language Pathology Corporations and
Audiology Corporations

SEC. 39. Section 2537.1 of the Business and Professions Code is amended to read:

2537.1. A speech-language pathology corporation or an audiology corporation shall not do or fail to do any act that the doing or failing to do would constitute unprofessional conduct under any statute or regulation now or hereafter in effect. In the conduct of its practice, it shall observe and be bound by those statutes and regulations to the same extent as a person holding a license under this chapter.

SEC. 40. Section 2537.2 of the Business and Professions Code is amended to read:

2537.2. Except as provided in Sections 13401.5 and 13403 of the Corporations Code, each shareholder, director and officer of a speech-language pathology corporation or an audiology corporation, except an assistant secretary and an assistant treasurer, shall be a licensed person as defined in Section 13401.

SEC. 41. Section 2537.3 of the Business and Professions Code is amended to read:

2537.3. The income of a speech-language pathology corporation or an audiology corporation attributable to professional services rendered while a shareholder is a disqualified person, as defined in Section 13401 of the Corporations Code, shall not in any manner accrue to the benefit of that shareholder or his or her shares in the speech-language pathology or audiology corporation.

SEC. 42. Section 2538 of the Business and Professions Code is amended to read:

2538. (a) The name of a speech-language pathology corporation under which it may render professional services shall include one of the words specified in subdivision (a) of Section 2530.3 and the word "corporation" or wording or abbreviations denoting corporate existence.

(b) The name of an audiology corporation under which it may render professional services shall include one of the words specified in subdivision (b) of Section 2530.3 and the word "corporation" or wording or abbreviations denoting corporate existence.

SEC. 43. Section 2559.2 of the Business and Professions Code is amended to read:

2559.2. (a) An individual shall apply for registration as a registered spectacle lens dispenser on forms prescribed by the division. The division shall register an individual as a registered spectacle lens dispenser upon satisfactory proof that the individual

has passed the registry examination of the American Board of Opticianry or any successor agency to that board. In the event the division should determine, after hearing, that the registry examination is not appropriate to determine entry level competence as a spectacle lens dispenser or is not designed to measure specific job performance requirements, the division may thereafter prescribe or administer a written examination that meets those specifications. If an applicant for renewal has not engaged in the full-time or substantial part-time practice of fitting and adjusting spectacle lenses within the last five years then the division may require the applicant to take and pass the examination referred to in this section as a condition of registration. Any examination prescribed or administered by the division shall be given at least twice each year on dates publicly announced at least 90 days before the examination dates. The division is authorized to contract for administration of an examination.

(b) The division may deny registration where there are grounds for denial under the provisions of Division 1.5 (commencing with Section 475).

(c) The division shall issue a certificate to each qualified individual stating that the individual is a registered spectacle lens dispenser.

(d) Any individual who had been approved as a manager of dispensing operations of a registered dispensing optician under the provisions of Section 2552 as it existed before January 1, 1988, and who had not been subject to any disciplinary action under the provisions of Section 2555.2 shall be exempt from the examination requirement set forth in this section and shall be issued a certificate as a registered spectacle lens dispenser, provided an application for that certificate is filed with the division on or before December 31, 1989.

(e) A registered spectacle lens dispenser is authorized to fit and adjust spectacle lenses at any place of business holding a certificate of registration under Section 2553 provided that the certificate of the registered spectacle lens dispenser is displayed in a conspicuous place at the place of business where he or she is fitting and adjusting.

SEC. 44. Section 2560 of the Business and Professions Code is amended to read:

2560. No individual may fit and adjust contact lenses, including plano contact lenses, unless the registration requirement of Section 2550 is complied with, and unless (a) the individual is a duly registered contact lens dispenser as provided in Section 2561 or (b) the individual performs the fitting and adjusting under the direct responsibility and supervision of a duly registered contact lens dispenser who is then present on the registered premises. In no event shall a registered contact lens dispenser supervise more than three contact lens dispenser trainees.

SEC. 45. Section 2561 of the Business and Professions Code is amended to read:

2561. An individual shall apply for registration as a registered contact lens dispenser on forms prescribed by the division. The division shall register an individual as a registered contact lens dispenser upon satisfactory proof that the individual has passed the contact lens registry examination of the National Committee of Contact Lens Examiners or any successor agency to that committee. In the event the division should ever find after hearing that the registry examination is not appropriate to determine entry level competence as a contact lens dispenser or is not designed to measure specific job performance requirements, the division may thereafter from time to time prescribe or administer a written examination that meets those specifications. If an applicant for renewal has not engaged in the full-time or substantial part-time practice of fitting and adjusting spectacle lenses within the last five years then the division may require the applicant to take and pass the examination referred to in this section as a condition of registration. Any examination administered by the division shall be given at least twice each year on dates publicly announced at least 90 days before the examination dates. The division is authorized to contract with the National Committee of Contact Lens Examiners or any successor agency to that committee to provide that the registry examination is given at least twice each year on dates publicly announced at least 90 days before the examination dates.

The division may deny registration where there are grounds for denial under the provisions of Division 1.5 (commencing with Section 475).

The division shall issue a certificate to each qualified individual stating that the individual is a registered contact lens dispenser.

A registered contact lens dispenser may use that designation, but shall not hold himself or herself out in advertisements or otherwise as a specialist in fitting and adjusting contact lenses.

SEC. 46. Section 2604 of the Business and Professions Code is amended to read:

2604. The members of the committee shall be appointed for a term of four years, expiring on the first day of June of each year.

The Governor shall appoint one of the public members and the three physical therapist members of the committee qualified as provided in Section 2603. The Senate Rules Committee and the Speaker of the Assembly shall each appoint a public member, and their initial appointment shall be made to fill, respectively, the first and second public member vacancies which occur on or after January 1, 1983.

Not more than one member of the committee shall be appointed from the full-time faculty of any university, college, or other educational institution.

No person may serve as a member of the committee for more than two consecutive terms. Vacancies shall be filled by appointment for the unexpired term. Annually the committee shall elect one of its members as chairperson.

The appointing power shall have the power to remove any member of the committee from office for neglect of any duty required by law or for incompetency or unprofessional or dishonorable conduct.

SEC. 47. Section 2636 of the Business and Professions Code is amended to read:

2636. Except as otherwise provided in this chapter, no person shall receive a license under this chapter without first successfully passing an examination given under the direction of the examining committee. The examination shall be in writing and conducted by persons and in the manner prescribed by the examining committee but shall be so conducted that the identity of each applicant taking an examination will be unknown to all of the examiners until all of the papers have been graded.

SEC. 48. Section 2639 of the Business and Professions Code is amended to read:

2639. Every graduate of an approved physical therapy school who has filed a physical therapy application with the committee may, between the date of receipt of notice that his or her application is on file and the date of receipt of his or her license, perform as a physical therapist under the direct and immediate supervision of a physical therapist licensed in this state. During this period such an applicant shall identify himself or herself only as a "physical therapist license applicant."

If such an applicant shall fail to take the next succeeding examination without due cause or fails to pass the examination and receive a license, all privileges under this section shall automatically cease.

SEC. 49. Section 2655.4 of the Business and Professions Code is amended to read:

2655.4. The examination for approval as a physical therapist assistant shall be given under the direction of the committee. The examination shall be in writing and shall be conducted by those persons and in a manner and under any regulations as shall be prescribed by the committee, but shall be so conducted that the identity of each applicant taking an examination will be unknown to all of the examiners until all of the examinations have been graded.

SEC. 50. Section 2655.5 of the Business and Professions Code is amended to read:

2655.5. Every applicant for approval as a physical therapist assistant who is otherwise qualified as provided in this article, and who receives a passing grade, as established by the committee on the examination shall be approved as a physical therapist assistant.

SEC. 51. Section 2655.71 of the Business and Professions Code is amended to read:

2655.71. (a) An applicant may be issued an approval without written examination if the applicant meets all of the following:

(1) He or she is at the time of his or her application approved, licensed, or registered as a physical therapist assistant in a state,

district, or territory of the United States having, in the opinion of the examining committee, requirements for approval, licensing or registration equal to or higher than those in California, and he or she has passed, to the satisfaction of the examining committee, an examination for that approval, licensing or registration that is, in the opinion of the examining committee, comparable to the examination used in this state.

(2) He or she is a graduate of a physical therapist assistant school approved by the examining committee.

(3) He or she files an application as provided in Section 2655.3.

(b) An applicant who has filed a physical therapist assistant application under this section with the examining committee may, between the date of receipt of notice that his or her application is on file and the date of receipt of approval, perform as a physical therapist assistant under the direct and immediate supervision of a physical therapist.

During this period such an applicant shall identify himself or herself only as a "physical therapist assistant applicant."

If the applicant under this section does not qualify and receive approval as provided in this section and does not qualify under Section 2655.75 all privileges under this section shall automatically cease.

SEC. 52. Section 2655.8 of the Business and Professions Code is amended to read:

2655.8. Any person, other than one who has been approved by the examining committee, who holds himself or herself out as a "physical therapist assistant" or who uses any other term indicating or implying that he or she is a physical therapist assistant, is guilty of a misdemeanor.

SEC. 53. Section 2660 of the Business and Professions Code is amended to read:

2660. The committee may, after the conduct of appropriate proceedings under the Administrative Procedure Act, suspend for not more than 12 months, or revoke, or impose probationary conditions upon, or issue subject to terms and conditions any license, certificate, or approval issued under this chapter for any of the following causes:

(a) Advertising in violation of Section 17500.

(b) Fraud in the procurement of any license under this chapter.

(c) Procuring or aiding or offering to procure or aid in criminal abortion.

(d) Conviction of a crime which substantially relates to the qualifications, functions, or duties of a physical therapist. The record of conviction or a certified copy thereof shall be conclusive evidence of that conviction.

(e) Impersonating or acting as a proxy for an applicant in any examination given under this chapter.

(f) Habitual intemperance.

(g) Addiction to the excessive use of any habit-forming drug.

(h) Gross negligence in his or her practice as a physical therapist.

(i) Conviction of a violation of any of the provisions of this chapter or of the State Medical Practice Act, or violating, or attempting to violate, directly or indirectly, or assisting in or abetting the violating of, or conspiring to violate any provision or term of this chapter or of the State Medical Practice Act.

(j) The aiding or abetting of any person to violate this chapter or any regulations duly adopted under this chapter.

(k) The aiding or abetting of any person to engage in the unlawful practice of physical therapy.

(l) The commission of any fraudulent, dishonest, or corrupt act which is substantially related to the qualifications, functions, or duties of a physical therapist.

(m) Except for good cause, the knowing failure to protect patients by failing to follow infection control guidelines of the committee, thereby risking transmission of blood-borne infectious diseases from licensee to patient, from patient to patient, and from patient to licensee. In administering this subdivision, the committee shall consider referencing the standards, regulations, and guidelines of the State Department of Health Services developed pursuant to Section 1250.11 of the Health and Safety Code and the standards, regulations, and guidelines pursuant to the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code) for preventing the transmission of HIV, Hepatitis B, and other blood-borne pathogens in health care settings. As necessary, the committee shall consult with the Medical Board of California, the California Board of Podiatric Medicine, the Board of Dental Examiners of California, the Board of Registered Nursing, and the Board of Vocational Nurse and Psychiatric Technician Examiners of the State of California, to encourage appropriate consistency in the implementation of this subdivision.

The committee shall seek to ensure that licensees are informed of the responsibility of licensees and others to follow infection control guidelines, and of the most recent scientifically recognized safeguards for minimizing the risk of transmission of blood-borne infectious diseases.

SEC. 54. Section 2666 of the Business and Professions Code is amended to read:

2666. (a) Criteria for acceptance into the diversion program shall include all of the following:

(1) The applicant shall be licensed as a physical therapist or approved as a physical therapist assistant by the committee and shall be a resident of California.

(2) The applicant shall be found to abuse dangerous drugs or alcoholic beverages in a manner which may affect his or her ability to practice physical therapy safely or competently.

(3) The applicant shall have voluntarily requested admission to the program or shall be accepted into the program in accordance with terms and conditions resulting from a disciplinary action.

(4) The applicant shall agree to undertake any medical or psychiatric examination ordered to evaluate the applicant for participation in the program.

(5) The applicant shall cooperate with the program by providing medical information, disclosure authorizations, and releases of liability as may be necessary for participation in the program.

(6) The applicant shall agree in writing to cooperate with all elements of the treatment program designed for him or her.

Any applicant may be denied participation in the program if the committee its designee, or a diversion evaluation committee, as the case may be, determines that the applicant will not substantially benefit from participation in the program or that the applicant's participation in the program creates too great a risk to the public health, safety, or welfare.

(b) A participant may be terminated from the program for any of the following reasons:

(1) The participant has successfully completed the treatment program.

(2) The participant has failed to comply with the treatment program designated for him or her.

(3) The participant fails to meet any of the criteria set forth in subdivision (a) or (c).

(4) It is determined that the participant has not substantially benefited from participation in the program or that his or her continued participation in the program creates too great a risk to the public health, safety, or welfare. Whenever an applicant is denied participation in the program or a participant is terminated from the program for any reason other than the successful completion of the program, and it is determined that the continued practice of physical therapy by that individual creates too great a risk to the public health, safety, and welfare, that fact shall be reported to the executive officer of the committee and all documents and information pertaining to and supporting that conclusion shall be provided to the executive officer. The matter may be referred for investigation and disciplinary action by the committee. Each physical therapist or physical therapy assistant who requests participation in a diversion program shall agree to cooperate with the recovery program designed for him or her. Any failure to comply with that program may result in termination of participation in the program.

The diversion evaluation committee shall inform each participant in the program of the procedures followed in the program, of the rights and responsibilities of a physical therapist or physical therapist assistant in the program, and the possible results of noncompliance with the program.

(c) In addition to the criteria and causes set forth in subdivision (a), the committee may set forth in its regulations additional criteria for admission to the program or causes for termination from the program.

SEC. 55. Section 2673 of the Business and Professions Code is repealed.

SEC. 57. Section 2688.5 is added to the Business and Professions Code, to read:

2688.5. The committee shall submit a report to the fiscal and appropriate policy committees of the legislature whenever the committee increases any fee. The report shall specify the justification for the increase and the percentage of the fee increase to be used for enforcement purposes.

SEC. 57.5. Section 2732.1 of the Business and Professions Code is amended to read:

2732.1. (a) An applicant for license by examination shall submit a written application in the form prescribed by the board.

Upon approval of the application, the board may issue an interim permit authorizing the applicant to practice nursing pending the results of the first licensing examination following completion of his or her nursing course or for a maximum period of six months, whichever occurs first.

If the applicant passes the examination, the interim permit shall remain in effect until a regular renewable license is issued by the board. If the applicant fails the examination, the interim permit shall terminate upon notice thereof by first-class mail.

(b) The board upon written application may issue a license without examination to any applicant who is licensed or registered as a nurse in a state, district or territory of the United States or Canada having, in the opinion of the board, requirements for licensing or registration equal to or higher than those in California at the time the application is filed with the Board of Registered Nursing, if he or she has passed an examination for the license or registration that is, in the board's opinion, comparable to the board's examination, and if he or she meets all the other requirements set forth in Section 2736.

(c) Each application shall be accompanied by the fee prescribed by this chapter for the filing of an application for a regular renewable license.

The interim permit shall terminate upon notice thereof by first-class mail, if it is issued by mistake or if the application for permanent licensure is denied.

SEC. 58. Section 2733 of the Business and Professions Code is amended to read:

2733. (a) Upon approval of an application filed pursuant to subdivision (b) of Section 2732.1, and upon the payment of the fee prescribed by subdivision (k) of Section 2815, the board may issue a temporary license to practice professional nursing, and a temporary certificate to practice as a certified nurse midwife, certified nurse practitioner, certified public health nurse, or certified nurse anesthetist for a period of six months from the date of issuance.

A temporary license or temporary certificate shall terminate upon notice thereof by certified mail, return receipt requested, if it is

issued by mistake or if the application for permanent licensure is denied.

(b) Upon written application, the board may reissue a temporary license or temporary certificate to any person who has applied for a regular renewable license pursuant to subdivision (b) of Section 2732.1 and who, in the judgment of the board has been excusably delayed in completing his or her application for or the minimum requirements for a regular renewable license, but the board may not reissue a temporary license or temporary certificate more than twice to any one person.

SEC. 59. Section 2739 of the Business and Professions Code is repealed.

SEC. 60. Section 2741 of the Business and Professions Code is amended to read:

2741. Notwithstanding Section 135, an applicant who fails to pass the examination may be reexamined within that period of time as the board, by regulation, deems appropriate, but not more frequently than once every three months. An application for reexamination shall be accompanied by the fees prescribed by this chapter.

SEC. 61. Section 2761 of the Business and Professions Code is amended to read:

2761. The board may take disciplinary action against a certified or licensed nurse or an applicant for a certificate or license for any of the following:

(a) Unprofessional conduct, which includes, but is not limited to, the following:

(1) Incompetence, or gross negligence in carrying out usual nursing functions or nurse anesthetist functions.

(2) A conviction of practicing medicine without a license in violation of Chapter 5 (commencing with Section 2000), in which event the record of conviction shall be conclusive evidence thereof.

(3) The use of advertising relating to nursing which violates Section 17500.

(4) Denial of licensure, revocation, suspension, restriction, or any other disciplinary action against a health care professional license or certificate by another state or territory of the United States, by any other government agency, or by another California health care professional licensing board. A certified copy of the decision or judgment, shall be conclusive evidence of that action.

(b) Procuring his or her certificate by fraud, misrepresentation, or mistake.

(c) Procuring, or aiding, or abetting, or attempting, or agreeing, or offering to procure or assist at a criminal abortion.

(d) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violating of, or conspiring to violate any provision or term of this chapter or regulations adopted pursuant to it.

(e) Making or giving any false statement or information in connection with the application for issuance of a license.

(f) Conviction of a felony or of any offense substantially related to the qualifications, functions, and duties of a registered nurse, in which event the record of the conviction shall be conclusive evidence thereof.

(g) Impersonating any applicant or acting as proxy for an applicant in any examination required under this chapter for the issuance of a license.

(h) Impersonating another licensed practitioner, or permitting or allowing another person to use his or her certificate for the purpose of nursing the sick or afflicted.

(i) Aiding or assisting, or agreeing to aid or assist any person or persons, whether a licensed physician or not, in the performance of, or arranging for, a violation of any of the provisions of Article 12 (commencing with Section 2221) of Chapter 5.

(j) Holding oneself out to the public or to any practitioner of the healing arts as a "nurse practitioner" or as meeting the standards established by the board for a nurse practitioner unless meeting the standards established by the board pursuant to Article 8 (commencing with Section 2834).

(k) Except for good cause, the knowing failure to protect patients by failing to follow infection control guidelines of the board, thereby risking transmission of blood-borne infectious diseases from licensed or certified nurse to patient, from patient to patient, and from patient to licensed or certified nurse. In administering this subdivision, the board shall consider referencing the standards, regulations, and guidelines of the State Department of Health Services developed pursuant to Section 1250.11 of the Health and Safety Code and the standards, guidelines, and regulations pursuant to the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300), Division 5, Labor Code) for preventing the transmission of HIV, hepatitis B, and other blood-borne pathogens in health care settings. As necessary, the board shall consult with the Medical Board of California, the Board of Podiatric Medicine, the Board of Dental Examiners, and the Board of Vocational Nurse and Psychiatric Technician Examiners, to encourage appropriate consistency in the implementation of this subdivision.

The board shall seek to ensure that licentiates and others regulated by the board are informed of the responsibility of licentiates to minimize the risk of transmission of blood-borne infectious diseases from health care provider to patient, from patient to patient, and from patient to health care provider, and of the most recent scientifically recognized safeguards for minimizing the risks of transmission.

SEC. 62. Section 2892.1 of the Business and Professions Code is amended to read

2892.1. Except as provided in Sections 2892.3 and 2892.5, an expired license may be renewed at any time within four years after its expiration upon filing of an application for renewal on a form

prescribed by the board, payment of the renewal fee in effect on the date the application for renewal is filed, and payment of any fees due pursuant to Section 2895.1.

If the license is renewed more than 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee is paid, whichever last occurs. If so renewed, the license shall continue in effect through the date provided in Section 2892 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

SEC. 63. Section 2895.1 is added to the Business and Professions Code, to read:

2895.1. Notwithstanding any other provision of law, an applicant for license renewal who receives his or her license after payment by a check or money order that is subsequently returned unpaid, shall not be granted a renewal until the applicant pays the amount outstanding from the returned check or money order, the applicable returned check fee, together with the applicable fee including any delinquency fee for the pending renewal. The board may require each applicant to make payment of all fees by cashier's check.

SEC. 66. Section 2927.5 of the Business and Professions Code is amended to read:

2927.5. Notice of each regular meeting of the board shall be given in accordance with the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code).

SEC. 69. Section 2932 of the Business and Professions Code is amended and renumbered to read:

2927. Five members of the board shall at all times constitute a quorum.

SEC. 76. Section 2960 of the Business and Professions Code is amended to read:

2960. The board may refuse to issue any registration or license, or may issue a registration or license with terms and conditions, or may suspend or revoke the registration or license of any registrant or licensee if the applicant, registrant, or licensee has been guilty of unprofessional conduct. Unprofessional conduct shall include, but not be limited to:

(a) Conviction of a crime substantially related to the qualifications, functions or duties of a psychologist or psychological assistant.

(b) Use of any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or dangerous drug, or any alcoholic beverage to an extent or in a manner dangerous to himself or herself, any other person, or the public, or to an extent that this use impairs his or her ability to perform the work of a psychologist with safety to the public.

(c) Fraudulently or neglectfully misrepresenting the type or status of license or registration actually held.

(d) Impersonating another person holding a psychology license or allowing another person to use his or her license or registration.

(e) Using fraud or deception in applying for a license or registration or in passing the examination provided for in this chapter.

(f) Paying, or offering to pay, accepting, or soliciting any consideration, compensation, or remuneration, whether monetary or otherwise, for the referral of clients.

(g) Violating Section 17500.

(h) Willful, unauthorized communication of information received in professional confidence.

(i) Violating any rule of professional conduct promulgated by the board and set forth in regulations duly adopted under this chapter.

(j) Being grossly negligent in the practice of his or her profession.

(k) Violating any of the provisions of this chapter or regulations duly adopted thereunder.

(l) The aiding or abetting of any person to engage in the unlawful practice of psychology.

(m) The suspension, revocation or imposition of probationary conditions by another state of a license or certificate to practice psychology or as a psychological assistant issued by that state to a person also holding a license or registration issued under this chapter if the act for which the disciplinary action was taken constitutes a violation of this section.

(n) The commission of any dishonest, corrupt, or fraudulent act.

(o) Any act of sexual abuse, or sexual relations with a patient, or sexual misconduct which is substantially related to the qualifications, functions or duties of a psychologist or psychological assistant.

(p) Functioning outside of his or her particular field or fields of competence as established by his or her education, training, and experience.

(q) Willful failure to submit, on behalf of an applicant for licensure, verification of supervised experience to the board.

(r) Repeated acts of negligence.

SEC. 80. Section 2984 of the Business and Professions Code is amended to read:

2984. Except as provided in Section 2985, a license which has expired may be renewed at any time within three years after its expiration on filing of application for renewal on a form prescribed by the division and payment of the renewal fee in effect on the last regular renewal date. If the license is not renewed within 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the prescribed delinquency fee, if any. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license shall continue in effect through the

expiration date provided in Section 2982 which next occurs after the effective date of the renewal, when it shall expire and become invalid if it is not again renewed.

SEC. 81. Section 2986 of the Business and Professions Code is amended to read:

2986. A person who fails to renew his or her license within the three years after its expiration may not renew it, and it may not be restored, reissued, or reinstated thereafter, but that person may apply for and obtain a new license if he or she meets the requirements of this chapter provided that he or she:

(a) Has not committed any acts or crimes constituting grounds for denial of licensure.

(b) Establishes to the satisfaction of the board that with due regard for the public interest, he or she is qualified to practice psychology.

(c) Pays all of the fees that would be required if application for licensure was being made for the first time.

The board may provide for the waiver or refund of all or any part of an examination fee in those cases in which a license is issued without examination pursuant to this section.

SEC. 82. Section 2987 of the Business and Professions Code is amended to read:

2987. The amount of the fees prescribed by this chapter shall be determined by the board, and shall be as follows:

(a) The application fee for a psychologist shall not be more than fifty dollars (\$50).

(b) Until July 1, 1993, the examination fee for a psychologist shall be not more than one hundred fifty dollars (\$150). Effective July 1, 1993, the examination and reexamination fees for the written and oral examinations shall be the actual cost to the board of developing, purchasing, and grading of each examination, plus the actual cost to the board of administering each examination.

(c) The initial license fee is an amount equal to the renewal fee in effect on the last regular renewal date before the date on which the license is issued, except that if the license will expire less than one year after its issuance, then the initial license fee is an amount equal to 50 percent of the renewal fee in effect on the last regular renewal date before the date on which the license is issued.

(d) The biennial renewal fee for a psychologist shall be four hundred dollars (\$400) for the renewal periods commencing on or after January 1, 1993. The board may increase the renewal fee to an amount not to exceed five hundred dollars (\$500).

(e) The application fee for registration and supervision of a psychological assistant by a supervisor under Section 2913, which is payable by that supervisor, shall not be more than seventy-five dollars (\$75).

(f) The annual renewal fee for registration of a psychological assistant shall not be more than seventy-five dollars (\$75).

(g) The duplicate license or registration fee is five dollars (\$5).

(h) The delinquency fee is twenty-five dollars (\$25).

(i) The delinquent fee is five dollars (\$5).

Notwithstanding any other provision of law, the board may reduce any fee prescribed by this section, when, in its discretion, the board deems it administratively appropriate.

SEC. 83. Section 3057.5 is added to the Business and Professions Code, to read:

3057.5. (a) Notwithstanding any other provision of this chapter, the board shall permit a person who meets all of the following requirements to take the examination for a certificate of registration as an optometrist:

(1) Is over the age of 18 years.

(2) Is not subject to denial of a certificate under Section 480.

(3) Has a degree as a doctor of optometry issued by a university located outside of the United States.

(b) Nothing contained in this section shall be construed to prohibit the board from refusing to permit a person meeting the above requirements to take the examination if, in the opinion of the board, the course of instruction at the institution issuing him or her the degree of doctor of optometry was not reasonably equivalent to that required of applicants for the examination who have graduated from a college or university located in the United States.

(c) This section shall remain in effect until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1996, deletes or extends that date.

SEC. 84. Section 3057.5 of the Business and Professions Code, as amended by Section 2 of Chapter 583 of the Statutes of 1990, is amended to read:

3057.5. (a) Notwithstanding any other provision of this chapter, the board shall permit a person who meets all of the following requirements to take the examination for a certificate of registration as an optometrist:

(1) Is over the age of 18 years.

(2) Is not subject to denial of a certificate under Section 480.

(3) Has a degree as a doctor of optometry issued by a university located outside of the United States.

(b) This section shall become operative on January 1, 1996.

SEC. 85. Section 3057.6 is added to the Business and Professions Code, to read:

3057.6. (a) Notwithstanding Section 3057.5, any individual who is over 18 years of age, is not subject to the denial of a license under Section 480, and who has a degree as a doctor of optometry issued by a university located outside of the United States, shall be sponsored by the State Board of Optometry for the National Board of Examiners of Optometry examination and, upon passing that examination, shall be permitted to take the examination for a certificate of registration as an optometrist, if that individual satisfies both of the following requirements:

(1) Was a graduate of a foreign school prior to 1980.

(2) Has been previously sponsored, or was otherwise qualified to be sponsored, by the State Board of Optometry for the National Board of Examiners of Optometry examination.

(b) This section shall remain in effect until January 1, 1996, and as of that date, is repealed, unless a later enacted statute, which is chaptered before January 1, 1996, deletes or extends that date.

SEC. 86. Section 3147.6 of the Business and Professions Code is amended to read:

3147.6. Except as otherwise provided by Section 114 of this code, a certificate which is not renewed within three years after its expiration may be restored, thereafter if no fact, circumstance, or condition exists which, if the certificate were restored, would justify its revocation or suspension provided:

(a) The holder of the expired certificate is not subject to denial of a certificate under Section 480,

(b) The holder of the expired certificate applies in writing for its restoration on a form prescribed by the board,

(c) He or she pays the fee or fees as would be required of him or her if he or she were then applying for a certificate of registration for the first time and had not previously taken the examination for a certificate,

(d) He or she takes and satisfactorily passes the clinical portion of the regular examination of applicants, or other clinical examination approved by the board, and

(e) After having taken and satisfactorily passed the clinical portion of the regular examination of applicants, or other clinical examination approved by the board, he or she pays a restoration fee equal to the renewal fee in effect on the last regular renewal date for certificates of registration.

SEC. 87. Section 3147.7 of the Business and Professions Code is amended to read:

3147.7. The provisions of Section 3147.6 shall not apply to a person holding a certificate which has not been renewed within three years of expiration, if the person provides satisfactory proof that he or she holds a license from another state and has practiced optometry in that state when his or her certificate expired. In this event, the person may renew his or her certificate in the manner provided for under Section 3147.

SEC. 88. Section 3306.5 of the Business and Professions Code is amended to read:

3306.5. In fitting hearing aids, a hearing aid dispenser shall not take facial measurements or fit, adjust, or adapt lenses or spectacle frames, except that a hearing aid dispenser may replace the temple or temples of a person's spectacle frames with a temple or temples incorporating hearing aid components.

SEC. 89. Section 3321 of the Business and Professions Code is amended to read:

3321. Each member of the committee, except the members first appointed, shall hold office for a term of four years. Each member

shall hold office until the appointment and qualification of his or her successor or until one year shall have elapsed since the expiration of the term for which he or she was appointed, whichever first occurs.

Vacancies occurring shall be filled by appointment for the unexpired term. Each member of the committee shall be eligible for reappointment in the discretion of the appointing power, provided that reappointed hearing aid dispenser members shall, at the time of the reappointment, hold a valid license under this chapter. No person may serve as a member of the committee more than two full consecutive terms.

The Governor shall appoint two of the public members and the three members qualified as provided in Section 3320. The Senate Rules Committee and the Speaker of the Assembly shall each appoint a public member, and their initial appointment shall be made to fill, respectively, the first and second public member vacancies which occur on or after January 1, 1983.

SEC. 90. Section 3354 of the Business and Professions Code is amended to read:

3354. The committee shall issue a license to all applicants who have satisfied this chapter, who are at least 18 years of age, who possess a high school diploma or its equivalent, who have not committed acts or crimes constituting grounds for denial of licensure under Section 480, and who have paid the fees provided for in Section 3456. No license shall be issued to any person other than an individual.

SEC. 91. Section 3365 of the Business and Professions Code is amended to read:

3365. A licensee shall, upon the consummation of a sale of a hearing aid, deliver to the purchaser a written receipt, signed by or on behalf of the licensee, containing all of the following:

- (a) The date of consummation of the sale.
- (b) Specifications as to the make, serial number, and model number of the hearing aid or aids sold.
- (c) The address of the principal place of business of the licensee, and the address and office hours at which the licensee shall be available for fitting or postfitting adjustments and servicing of the hearing aid or aids sold.
- (d) A statement to the effect that the aid or aids delivered to the purchaser are used or reconditioned, as the case may be, if that is the fact.
- (e) The number of the licensee's license and the name and license number of any other hearing aid dispenser or temporary licensee who provided any recommendation or consultation regarding the purchase of the hearing aid.
- (f) The terms of any guarantee or written warranty, required by Section 1793.02 of the Civil Code, made to the purchaser with respect to the hearing aid or hearing aids.

SEC. 92. Section 3402 of the Business and Professions Code is amended to read:

3402. Upon denial of an application for license, the committee shall notify the applicant in writing, stating (1) the reason for the denial and (2) that the applicant has a right to a hearing under Section 3400 if he or she makes written request therefor within 60 days after notice of denial. Service of the notice required by this section may be made by certified mail addressed to the applicant at the latest address filed by the applicant in writing with the committee in his or her application or otherwise.

SEC. 93. Section 3452 of the Business and Professions Code is amended to read:

3452. Except as otherwise provided in this chapter, an expired license may be renewed at any time within three years after its expiration on filing of an application for renewal on a form prescribed by the committee, and payment of all accrued and unpaid renewal fees. If the license is renewed more than 30 days after its expiration the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license shall continue in effect through the date provided in Section 3451 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

SEC. 94. Section 3454 of the Business and Professions Code is amended to read:

3454. A license which is not renewed within three years after its expiration may not be renewed, restored, reissued, or reinstated thereafter, but the holder of the expired license may apply for and obtain a new license if:

(a) He or she has not committed acts or crimes constituting grounds for denial of licensure under Section 480.

(b) He or she pays all the fees which would be required of him or her if he or she were then applying for a license for the first time; and

(c) He or she takes and passes the examination which would be required of him or her if he or she were then applying for a license for the first time, or otherwise establishes to the satisfaction of the committee that he or she is qualified to engage in the practice of fitting or selling hearing aids. The committee may, by regulation, provide for the waiver or refund of all or any part of the application fee in those cases in which a license is issued without an examination under this section.

SEC. 119. The heading of Article 7 (commencing with Section 3535) of Chapter 7.7 of Division 2 of the Business and Professions Code is amended to read:

Article 7. Osteopathic Physician Assistants

SEC. 122. Section 3542 of the Business and Professions Code is amended to read:

3542. A physician assistant corporation shall not do or fail to do any act the doing of which or the failure to do which would constitute unprofessional conduct under any statute or regulation, now or hereafter in effect. In the conduct of its practice, it shall observe and be bound by these statutes and regulations to the same extent as a person holding a license under this chapter.

SEC. 123. Section 3543 of the Business and Professions Code is amended to read:

3543. The name of a physician assistant corporation and any name or names under which it may render professional services shall contain the words "physician assistant," and wording or abbreviations denoting corporate existence.

SEC. 124. Section 3544 of the Business and Professions Code is amended to read:

3544. Except as provided in Sections 13401.5 and 13403 of the Corporations Code, each shareholder, director and officer of a physician assistant corporation, except an assistant secretary and an assistant treasurer, shall be a licensed person as defined in Section 13401 of the Corporations Code.

SEC. 125. Section 3545 of the Business and Professions Code is amended to read:

3545. The income of a physician assistant corporation attributable to professional services rendered while a shareholder is a disqualified person, as defined in Section 13401 of the Corporations Code, shall not in any manner accrue to the benefit of the shareholder or his or her shares in the physician assistant corporation.

SEC. 126. Section 3546 of the Business and Professions Code is amended to read:

3546. The board may adopt and enforce regulations to carry out the purposes and objectives of this article, including regulations requiring (a) that the bylaws of a physician assistant corporation shall include a provision whereby the capital stock of the corporation owned by a disqualified person (as defined in Section 13401 of the Corporations Code), or a deceased person, shall be sold to the corporation or to the remaining shareholders of the corporation within the time as the regulations may provide, and (b) that a physician assistant corporation shall provide adequate security by insurance or otherwise for claims against it by its patients arising out of the rendering of professional services.

SEC. 130. Section 3739 of the Business and Professions Code is amended to read:

3739. (a) Except as otherwise provided in this section, every graduate of an approved respiratory care program who has filed an initial respiratory care practitioner application with the examining committee may, between the date of receipt of notice that his or her

initial application has been approved and the date of receipt of his or her license, perform as a respiratory care practitioner under the direct supervision of a respiratory care practitioner licensed in this state. During this period such an applicant shall identify himself or herself only as a "respiratory care practitioner applicant."

(b) If an applicant fails to take the next available examination without good cause, or fails to pass the examination and receive a license, all privileges under this section shall automatically cease on the date specified by the examining committee.

(c) Notwithstanding the provisions of subdivision (a) an applicant for licensure who was previously licensed by the examining committee, but who allowed his or her license to expire for more than three years, shall be allowed to practice as a respiratory care practitioner applicant under the direct supervision of a respiratory care practitioner licensed in this state between the date of notice that his or her application has been approved and the date of receipt of his or her license. During this period, such an applicant shall identify himself or herself only as a "respiratory care practitioner applicant." If for any reason, the license is not issued, all privileges under this subdivision shall cease on the date specified by the examining committee.

(d) No applicant for a respiratory care practitioner license shall be authorized to perform as a respiratory care practitioner applicant if cause exists to deny the license.

SEC. 133. Section 3751 of the Business and Professions Code is repealed.

SEC. 134. Section 3751 is added to the Business and Professions Code, to read:

3751. (a) A person whose license has been revoked or suspended, or who has been placed on probation, may petition the examining committee for reinstatement, modification, or termination of probation. The petition may be filed only after a period of time has elapsed, but not less than the following minimum periods from the effective date of the decision ordering that disciplinary action:

(1) At least three years for reinstatement of a license that has been revoked.

(2) At least two years for early termination of probation of three years or more.

(3) At least one year for modification or a condition, or reinstatement of a license revoked for mental or physical illness, or termination of probation of less than three years.

(b) The petition shall state any facts as may be required by the examining committee. The petition shall be accompanied by at least two verified recommendations from licensed health care practitioners who have personal knowledge of the professional activities of the petitioner since the disciplinary penalty was imposed.

(c) The petition may be heard by the examining committee, or

the examining committee may assign the petition to an administrative law judge for hearing.

(d) The examining committee, or the administrative law judge hearing the petition, may consider all activities of the petitioner since the disciplinary action was taken, the offense for which the petitioner was disciplined, the petitioner's activities during the time the certificate was in good standing, and the petitioner's rehabilitative efforts, general reputation for truth, and professional ability. The hearing may be continued from time to time as the examining committee or administrative law judge finds necessary.

(e) The examining committee may deny the petition for reinstatement, reinstate the license without terms and conditions, or reinstate the license with terms and conditions as it deems necessary. Where a petition is heard by an administrative law judge, the administrative law judge shall render a proposed decision to the examining committee denying the petition for reinstatement, reinstating the license without terms and conditions, or reinstating the license with terms and conditions as he or she deems necessary. The examining committee may take any action with respect to the proposed decision and petition as it deems appropriate.

(f) No petition shall be considered while the petitioner is under sentence for any criminal offense including any period during which the petitioner is on court-imposed probation or parole. No petition shall be considered while there is an accusation or a petition to revoke probation pending against the person. The examining committee may deny without a hearing or argument any petition filed pursuant to this section within a period of two years from the effective date of the prior decision following a hearing under this section.

(g) Nothing in this section shall be deemed to alter Sections 822 and 823 of the Business and Professions Code.

SEC. 136. Section 3760 of the Business and Professions Code is amended to read:

3760. (a) Except as otherwise provided in this chapter, no person shall engage in the practice of respiratory care, respiratory therapy, or inhalation therapy. For purposes of this section, engaging in the practice of respiratory care includes, but is not limited to, representations by a person whether through verbal claim, sign, advertisement, letterhead, business card, or other representation that he or she is able to perform any respiratory care service, or performance of any respiratory care service.

(b) No person whose respiratory care practitioner license has been revoked or suspended shall engage in the practice of respiratory care during the period of suspension or revocation, even though the person may continue to hold a certificate or registration issued by a private certifying entity.

(c) Except as otherwise provided in this chapter, no person may represent himself or herself to be a respiratory care practitioner, a respiratory therapist or an inhalation therapist, or use the

abbreviation or letters "R.C.P.," "R.P.," "R.T.," or "I.T.," or use any modifications or derivatives of those abbreviations or letters without a current and valid license issued under this chapter.

(d) No respiratory care practitioner applicant shall begin practice as a "respiratory care practitioner applicant" pursuant to Section 3739 until the applicant meets the applicable requirements of this chapter and obtains a valid work permit.

SEC. 139. Section 4033 of the Business and Professions Code is amended to read:

4033. "Physicians," "dentists," "pharmacists," "podiatrists," "veterinarians," "veterinary surgeons," "registered nurses," and "physician assistants" are persons authorized by a currently valid and unrevoked license to practice their respective professions in this state. "Physicians" means and includes any person holding a valid and unrevoked physician's and surgeon's certificate or certificate to practice medicine and surgery, issued by the Medical Board of California or the Osteopathic Medical Board of California, and includes an unlicensed person lawfully practicing medicine pursuant to Section 2065, when acting within the scope of that section.

SEC. 140. Section 4035.4 of the Business and Professions Code is amended to read:

4035.4. No person other than a registered pharmacist, as defined in Section 4037, or an intern pharmacist, as defined in Section 4038.1, an exempt person, as specified in Section 4050.8, or an authorized officer of the law or a person authorized to prescribe, as provided in Section 4036, shall be permitted in that area, place, or premises described in the permit issued by the board pursuant to Section 4034.5 wherein dangerous devices as therein defined are stored, possessed, prepared, manufactured, or repacked, except that a registered pharmacist or exemptee shall be responsible for any individual who enters the medical device retailer as described in Section 4034.5 for the purposes of receiving fitting or consultation from the pharmacist or exemptee or any person performing clerical, inventory control, housekeeping, delivery, maintenance, or similar functions relating to the medical device retailer. The registered pharmacist or exemptee shall remain present in the medical device retailer any time an individual is present who is seeking a fitting or consultation. However, an exemptee need not be present on the premises of a medical device retailer at all times of operation and need not be present in a warehouse facility owned by a medical device retailer unless the board establishes that requirement by regulation based upon the need to protect the public. The exemptee need not be present if the dangerous devices are stored in a secure locked area, under the exclusive control of the exemptee, and unavailable for dispensing.

A "warehouse" as used in this section, is a facility owned by a medical device retailer which is used for storage only. There shall be no fitting, display or sales at the location. A pharmacist or exemptee shall be designated as "in charge" of a warehouse but need not be

present during operation. The pharmacist or exemptee may permit others to possess a key to the warehouse.

Notwithstanding the remainder of this section, a medical device retailer may establish a locked facility, meeting the requirements of Section 4050.8, for furnishing dangerous devices to patients having prescriptions for dangerous devices in emergencies or after working hours.

The board may by regulation establish reasonable security measures consistent with this section in order to prevent unauthorized persons from gaining access to the area, place, or premises or to the dangerous devices therein.

The board may by regulation establish a list of those dangerous devices which may be maintained, dispensed, sold, or furnished only by a pharmacist in a pharmacy. In establishing or modifying that list, the board shall consider factors, including, but not limited to:

- (a) The potential for abuse or spread of illness.
- (b) The danger to the public if the device is not so restricted.
- (c) The potential danger to minors if the device is not so restricted.

The board may, by regulation, establish labeling requirements for dangerous devices sold, fitted, or dispensed by a medical device retailer as it deems necessary for the protection of the public.

SEC. 141. Section 4036 of the Business and Professions Code is amended to read:

4036. (a) "Prescription" means an oral order or an electronic transmission prescription given individually for the person or persons for whom prescribed, directly from the prescriber to the furnisher, or indirectly by means of a written order, signed by the prescriber, and shall bear the name or names and address of the patient or patients, the name and quantity of the drug or device prescribed, directions for use, and the date of issue, and either rubber stamped, typed, or printed by hand or typeset the name, address, and telephone number of the prescriber, his or her license classification, and his or her federal registry number, if a controlled substance is prescribed, and a legible, clear notice of the condition for which the drug is being prescribed, if requested by the patient or patients. No person other than a physician, dentist, podiatrist, or veterinarian, shall prescribe or write a prescription.

Nothing in the amendments made to this section at the 1969 Regular Session of the Legislature shall be construed as expanding or limiting the right which a chiropractor, while acting within the scope of his or her license, may have to prescribe a device.

The use of commonly used abbreviations shall not invalidate an otherwise valid prescription.

(b) Notwithstanding subdivision (a), a written order of the prescriber for a dangerous drug, except for any Schedule II controlled substance, which contains at least the name and signature of the prescriber, the name or names and address of the patient or patients in a manner consistent with paragraph (3) of subdivision (b)

of Section 11164 of the Health and Safety Code, the name and quantity of the drug prescribed, directions for use, and the date of issue may be treated as a prescription by the dispensing pharmacist so long as any additional information required by subdivision (a) is readily retrievable in the pharmacy. In the event of a conflict between the provisions of this subdivision and Section 11164 of the Health and Safety Code, the provisions of Section 11164 shall prevail.

(c) Except as provided in Section 4036.1, an oral or electronic transmission prescription shall as soon as practicable be reduced to writing by the pharmacist and shall be filled by, or under the direction of, the pharmacist. The pharmacist need not reduce to writing the address, telephone number, license classification, federal registry number of the prescriber, or the address of the patient or patients if the information is readily retrievable in the pharmacy.

(d) "Electronic transmission prescription" includes both image and data prescriptions. "Electronic image transmission prescription" is any prescription order for which a facsimile of the order is received by a pharmacy from a licensed prescriber. "Electronic data transmission prescription" is any prescription order, other than an electronic image transmission prescription, that is electronically transmitted from a licensed prescriber to a pharmacy.

SEC. 142. Section 4036.2 of the Business and Professions Code is amended to read:

4036.2. Notwithstanding any other provision of law, a prescriber may authorize his or her authorized agent on his or her behalf to orally or electronically transmit a prescription to the furnisher. The furnisher shall record the name of the authorized agent of the prescriber who transmits the order.

This section shall not apply to orders for Schedule II controlled substances as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code.

SEC. 143. Section 4036.3 of the Business and Professions Code is amended to read:

4036.3. No prescription for a controlled substance transmitted by means of an oral or electronically transmitted order shall be furnished to any person unknown and unable to properly establish his or her identity. The board may by regulation establish procedures to prevent unauthorized persons from receiving prescription drugs furnished to a patient or a representative of the patient.

SEC. 144. Section 4036.4 of the Business and Professions Code is amended to read:

4036.4. Notwithstanding any other provision of law, a registered pharmacist, registered nurse, licensed vocational nurse, licensed psychiatric technician, or other healing arts licentiate, if so authorized by administrative regulation, who is employed by or serves as a consultant for a licensed skilled nursing, intermediate care or other health care facility, may orally or electronically transmit to the furnisher a prescription lawfully ordered by a person authorized to prescribe drugs or devices pursuant to Section 4036. The furnisher

shall record the name of the person who transmits the order. This section shall not apply to orders for Schedule II controlled substances as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code.

In enacting this section, the Legislature recognizes and affirms the role of the Department of Health Services in regulating drug order processing requirements for licensed health care facilities as set forth in Title 22 of the California Administrative Code as they may be amended from time to time.

SEC. 144.5. Section 4050.8 of the Business and Professions Code is amended to read:

4050.8. Section 4050 shall not prohibit a medical device retailer from selling or dispensing dangerous devices if the board finds that sufficient, qualified supervision is employed by the medical device retailer to adequately safeguard and protect the public health. Each person applying for an exemption shall meet the following requirements to obtain and maintain that exemption:

(a) The medical device retailer shall be in charge of an exempt person who has taken and passed an examination administered by the board and whose certificate of exemption is currently valid.

(b) The exempt person shall be on the premises at all times dangerous devices are available for sale or fitting unless dangerous devices are stored separately from other merchandise and are under the exclusive control of the exemptee. An exemptee need not be present in the warehouse facility of a medical device retailer unless the board establishes that requirement by regulation based upon the need to protect the public.

(c) No renewal certificate shall be issued by the board to an exempt person unless he or she submits proof satisfactory to the board of completion of board approved courses of home health education during the year preceding the application for renewal consisting of the number of hours, not to exceed five hours, designated by the board. The board may require a certificate holder to complete more than five hours of coursework as a condition in connection with any disciplinary action taken against the holder.

(d) Each premises maintained by a medical device retailer shall have a permit issued by the board and shall have an exempt person on the premises if dangerous devices are furnished, sold, or dispensed.

(e) A medical device retailer may establish locked storage (a lock box or locked area) for emergency or after working hours furnishing of dangerous devices. Locked storage may be installed or placed in a service vehicle of the medical device retailer for emergency or after hours service to patients having prescriptions for dangerous devices.

(f) The board may, by regulation, authorize an exempt person to direct an employee of the medical device retailer who operates the service vehicle equipped with locked storage described in subdivision (e) to deliver a dangerous device from the locked storage

to patients having prescriptions for dangerous devices. These regulations shall establish inventory requirements for the locked storage by an exempt person to take place shortly after a dangerous device has been delivered from the locked storage to a patient.

SEC. 145. Section 4390.5 of the Business and Professions Code is amended to read:

4390.5. Every person who, in order to obtain any drug, falsely represents himself or herself to be a physician or other person who can lawfully prescribe the drug, or falsely represents that he or she is acting on behalf of a person who can lawfully prescribe the drug, in a telephone communication or electronic communication with a registered pharmacist, shall be punished by imprisonment in the county jail for not more than one year.

SEC. 146. Section 4510 of the Business and Professions Code is amended to read:

4510. The board shall issue a psychiatric technician's license to each applicant who qualifies therefor, and, if required to take it, successfully passes the examination given pursuant to this chapter. The board shall also issue a psychiatric technician's license to each holder of a psychiatric technician license who qualifies for renewal pursuant to this chapter and who applies for renewal.

After the applicant passes the examination and upon receipt by the board of the initial license fee required by subdivision (e) of Section 4548, the board may issue a receipt or temporary certificate that shall serve as a valid permit for the licensee to practice under this chapter.

SEC. 147. Section 4521 of the Business and Professions Code is amended to read:

4521. The board may suspend or revoke a license issued under this chapter for any of the following reasons:

(a) Unprofessional conduct, which includes but is not limited to any of the following:

(1) Incompetence or gross negligence in carrying out usual psychiatric technician functions.

(2) A conviction of practicing medicine without a license in violation of Chapter 5 (commencing with Section 2000) of Division 2, the record of conviction being conclusive evidence thereof.

(3) The use of advertising relating to psychiatric technician services which violates Section 17500.

(4) Obtain or possess in violation of law, or prescribe, or except as directed by a licensed physician and surgeon, dentist, or podiatrist administer to himself or herself or furnish or administer to another, any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2.

(5) Use any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or any dangerous drug as defined in Article 8 (commencing with Section 4210) of Chapter 9 of Division 2, or alcoholic beverages, to

an extent or in a manner dangerous or injurious to himself or herself, any other person, or the public or to the extent that the use impairs his or her ability to conduct with safety to the public the practice authorized by his or her license.

(6) Be convicted of a criminal offense involving the falsification of records concerning prescription, possession, or consumption of any of the substances described in paragraphs (4) and (5), in which event the record of the conviction is conclusive evidence of the conviction. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline.

(7) Be committed or confined by a court of competent jurisdiction for intemperate use of or addiction to the use of any of the substances described in paragraphs (4) and (5), in which event the court order of commitment or confinement is prima facie evidence of the commitment or confinement.

(8) Falsify, or make grossly incorrect, grossly inconsistent, or unintelligible entries in any hospital, patient, or other record pertaining to the substances described in paragraph (4).

(b) Procuring a certificate or license by fraud, misrepresentation, or mistake.

(c) Procuring, or aiding, or abetting, or attempting, or agreeing or offering to procure or assist at a criminal abortion.

(d) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision or terms of this chapter.

(e) Giving any false statement or information in connection with an application.

(f) Conviction of any offense substantially related to the qualifications, functions, and duties of a psychiatric technician, in which event the record of the conviction shall be conclusive evidence of the conviction. The board may inquire into the circumstances surrounding the commission of the crime in order to fix the degree of discipline.

(g) Impersonating any applicant or acting as proxy for an applicant in any examination required by this chapter.

(h) Impersonating another practitioner, or permitting another person to use his or her certificate or license.

(i) The use of excessive force upon or the mistreatment or abuse of any patient.

(j) Aiding or assisting, or agreeing to aid or assist any person or persons, whether a licensed physician or not, in the performance of or arranging for a violation of any of the provisions of Article 12 (commencing with Section 2220) of Chapter 5 of Division 2.

(k) Failure to maintain confidentiality of patient medical information, except as disclosure is otherwise permitted or required by law.

(l) The commission of any act punishable as a sexually related crime, if that act is substantially related to the duties and functions of the licensee.

(m) The commission of any act involving dishonesty, when that action is substantially related to the duties and functions of the licensee.

(n) Except for good cause, the knowing failure to protect patients by failing to follow infection control guidelines, thereby risking transmission of blood-borne infectious diseases from licensee to patient, from patient to patient, and from patient to licensee. In administering this subdivision, the board shall consider the standards, regulations, and guidelines of the State Department of Health Services developed pursuant to Section 1250.11 of the Health and Safety Code and the standards, guidelines, and regulations pursuant to the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code) for preventing the transmission of HIV, hepatitis B, and other blood-borne pathogens in health care settings. As necessary, the board shall consult with the California Medical Board, the Board of Dental Examiners, and the Board of Registered Nursing, to encourage appropriate consistency in the implementation of this section.

The board shall seek to ensure that licentiates and others regulated by the board are informed of the responsibility of licentiates and others to follow infection control guidelines, and of the most recent scientifically recognized safeguards for minimizing the risk of transmission of blood-borne infectious diseases.

SEC. 148. Section 4545 of the Business and Professions Code is amended to read:

4545. Except as provided in Section 4545.2, a license which has expired may be renewed at any time within four years after its expiration on filing an application for renewal on a form prescribed by the board, and payment of the renewal fee in effect on the date the application for renewal was filed, and payment of all fees required by this chapter. If the license is renewed more than 30 days after its expiration, the holder, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license shall continue in effect through the date provided in Section 4544 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

A certificate which was forfeited for failure to renew under the law in effect before October 1, 1961, shall, for the purposes of this article, be considered to have expired on the date that it became forfeited.

SEC. 149. Section 4546 of the Business and Professions Code is amended to read:

4546. The board shall report each month to the Controller the amount and source of all revenue received by it pursuant to this chapter and at the same time pay the entire amount thereof into the

State Treasury for credit to the Vocational Nurse and Psychiatric Technician Examiners Fund. The board shall not maintain a reserve balance greater than three months of the appropriated operating expenditures of the board in any fiscal year.

SEC. 172. Section 4933 of the Business and Professions Code is amended to read:

4933. (a) The committee shall administer this chapter.

(b) The committee may adopt, amend, or repeal, in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), regulations as may be necessary to enable it to carry into effect the provisions of law relating to the practice of acupuncture. All regulations adopted, amended, or repealed by the committee shall be subject to the review and approval of the board.

(c) A majority of the appointed members of the committee shall constitute a quorum to conduct business.

(d) It shall require an affirmative vote of a majority of those present at a meeting of the committee to take any action or pass any motion.

SEC. 173. Section 4935 of the Business and Professions Code is amended to read:

4935. (a) Any person who practices acupuncture or holds himself or herself out as practicing or engaging in the practice of acupuncture, unless he or she possesses an acupuncturist's license, is guilty of a misdemeanor.

(b) A person holds himself or herself out as engaging in the practice of acupuncture by the use of any title or description of services incorporating the words "acupuncture," "acupuncturist," "certified acupuncturist," "licensed acupuncturist," "oriental medicine," or any combination of those words, phrases, or abbreviations of those words or phrases, or by representing that he or she is trained, experienced, or an expert in the field of acupuncture, oriental medicine, or Chinese medicine.

(c) Subdivision (a) shall not prohibit a person from administering acupuncture treatment as part of his or her educational training when he or she:

(1) Is engaged in a course or tutorial program in acupuncture, as provided in this chapter; or

(2) Is a graduate of a school of acupuncture approved by the committee and participating in a postgraduate review course that does not exceed three months in duration at a school approved by the board.

SEC. 174. Section 4940 of the Business and Professions Code is amended to read:

4940. (a) In approving tutorial programs under Section 4939, the committee may approve programs served under an approved supervising acupuncturist.

(b) An acupuncturist shall be approved to supervise a trainee, provided the supervisor meets the following conditions:

(1) Is licensed to practice acupuncture in this state and that license is current, valid, and has not been suspended or revoked or otherwise subject to disciplinary action.

(2) Has filed an application with the committee.

(3) Files with the committee the name of each trainee to be trained or employed and a training program satisfactory to the committee.

(4) Does not train or employ more than two acupuncture trainees at any one time.

(5) Has at least 10 years of experience practicing as an acupuncturist and has been licensed in this state for at least five years.

(6) Is found by the committee to have the knowledge necessary to educate and train the trainee in the practice of an acupuncturist.

The amendments made to this section at the 1993 portion of the 1993-94 Regular Session of the Legislature shall not affect the approval of any supervising acupuncturist which has been issued prior to the effective date of those amendments.

SEC. 175. Section 4949 of the Business and Professions Code is amended to read:

4949. The provisions of this chapter shall not prohibit an acupuncturist from another state or country, who is not a licensed acupuncturist in this state, who is the invited guest of a professional acupuncture association or scientific acupuncture foundation, an acupuncture training program that is approved under Section 4939, or a continuing education provider that is approved under Section 4945, solely from engaging in professional education through lectures, clinics, or demonstrations. The guest acupuncturist may engage in the practice of acupuncture in conjunction with these lectures, clinics, or demonstrations for a maximum of six months, but may not open an office or appoint a place to meet patients or receive calls from patients or otherwise engage in the practice of acupuncture.

SEC. 176. Section 4955 of the Business and Professions Code is amended to read:

4955. The committee may deny, suspend, or revoke, or impose probationary conditions upon, the license of any acupuncturist if he or she is guilty of unprofessional conduct which has endangered or is likely to endanger the health, safety, or welfare of the public.

Unprofessional conduct shall include the following:

(a) Securing a license by fraud or deceit.

(b) Committing a fraudulent or dishonest act as an acupuncturist resulting in substantial injury to another.

(c) Using any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or dangerous drug or alcoholic beverage to an extent or in a manner dangerous to himself or herself, or to any other person, or to the public, and to an extent that the use impairs his or her ability to engage in the practice of acupuncture with safety to the public.

(d) Conviction of a crime substantially related to the qualifications, functions, or duties of an acupuncturist, the record of conviction being conclusive evidence thereof.

(e) Improper advertising.

(f) Violating or conspiring to violate the terms of this chapter.

(g) Gross negligence.

(h) Repeated negligent acts.

(i) Incompetence.

(j) Except for good cause, the knowing failure to protect patients by failing to follow infection control guidelines of the committee, thereby risking transmission of blood-borne infectious diseases from licensee to patient, from patient to patient, and from patient to licensee. In administering this subdivision, the committee shall consider referencing the standards, regulations, and guidelines of the State Department of Health Services developed pursuant to Section 1250.11 of the Health and Safety Code and the standards, regulations, and guidelines pursuant to the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code) for preventing the transmission of HIV, hepatitis B, and other blood-borne pathogens in health care settings. As necessary, the committee shall consult with the Medical Board of California, the California Board of Podiatric Medicine, the Board of Dental Examiners of the State of California, the Board of Registered Nursing, and the Board of Vocational Nurse and Psychiatric Technician Examiners, to encourage appropriate consistency in the implementation of this subdivision.

The committee shall seek to ensure that licensees are informed of the responsibility of licensees and others to follow infection control guidelines, and of the most recent scientifically recognized safeguards for minimizing the risk of transmission of blood-borne infectious diseases.

SEC. 177. Section 4956 of the Business and Professions Code is amended to read:

4956. A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge which is substantially related to the qualifications, functions, or duties of an acupuncturist is deemed to be a conviction within the meaning of this chapter.

The committee may order a license suspended or revoked, or may deny a license, or may impose probationary conditions upon a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the person to withdraw his or her pleas of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

SEC. 178. Section 4961 of the Business and Professions Code is amended to read:

4961. An acupuncturist shall post his or her license in a conspicuous location in his or her place of practice at all times.

If an acupuncturist has more than one place of practice, he or she shall obtain from the committee a duplicate license for each additional location and post the duplicate license at each location.

SEC. 179. Section 4966 of the Business and Professions Code is amended to read:
