4. The Department of Social Services shall report to the legislative fiscal committees by December 1, 1994, on the feasibility of securing federal Medicaid funds for personal care services provided by nonmedical out-of-home care facilities to SSI/SSP recipients, and shall estimate the net fiscal effect on the state budget that would result from adopting this policy. If the establishment of additional payment categories would preclude adoption of this policy, the department shall review options for condensing existing categories in order to resolve this potential obstacle.	
5. (a) Individuals who have been convicted of a felony related to the sale or possession of a controlled substance for which they are sentenced to the state prison, and who at the time of conviction are receiving SSI/SSP due to a drug- or alcohol-related disability, shall not receive SSI/SSP from the state for a period of two years following the date of the conviction, to the extent that this prohibition is consistent with federal law governing eligibility for SSI/SSP benefits or is authorized by an applicable federal waiver.

In no event may the increased expenditure exceed, in the aggregate, \$6,000,000 for both the University of California and the California State University or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chair of the committee in each house that considers appropriations and the Chair of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chair of that committee, or his or her designee, may in each instance determine.

In the event that the systemwide enrollment of the University of California is under the budgeted enrollment by more than 2 percent, the excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved that action, and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chair of the committee in each house that considers appropriations and the Chair of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chair of that committee, or his or her designee, may in each instance determine.

	(c) Of the amount appropriated in Schedule (e), \$800,000 shall be used for staff costs at campus High Tech Centers to be selected by the Chancellor.	
	(d) Of the amount appropriated in Schedule (e), \$577,500 shall be used, with 50 percent matching funds, to establish High Tech Centers at colleges that currently do not have one. Also, \$622,500 shall be available for grants of up to \$7,500 to be used to augment staff and/or equipment at existing High Tech Centers. Those colleges with High Tech Centers in the 1993-94 fiscal year that receive these funds shall not supplant existing resources provided to the centers.	
	(e) Notwithstanding any other provision of law, of the funds appropriated in Schedule (e), \$1,311,000 shall be for state hospital adult education programs at the hospitals served by the Coast, Kern and West Valley Community College Districts since the 1986-87 fiscal year. The amount provided includes the level of funding provided for these state hospital programs in the 1986-87 fiscal year, plus subsequent cost-of-living adjustments if provided. If adult education services at any of the three hospitals are not supported by the community colleges in the 1994-95 fiscal year, the associated funds shall, upon order of the Department of Finance, after 30 days' notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the Department of Developmental Services (DDS). For any transfer of funds to DDS during the 1994-95 fiscal year, the Proposition 98 base funding levels for

	community colleges and DDS shall be adjusted accordingly.
8.	The funds appropriated in Schedule (f) are for the purpose of student matriculation, as specified in Article 1 (commencing with Section 78210) of Chapter 2 of Part 48 of the Education Code.
9.	Of the funds appropriated in Schedule (l), \$589,000 is for Project ASSIST; \$310,000 is for Middle Colleges Program; \$165,000 is for Joint Faculty Projects; \$489,000 is for the establishment of Mathematics, Engineering and Science Achievement/Minority Engineering (MESA/MEP) Programs at three community college sites; and \$290,000 is for Migrant Education Teacher Preparation Programs at five community colleges.
10.	The funds appropriated in Schedule (p) shall be distributed by the chancellor's office to the districts on a project-by-project basis based on priority of need for the project. Pursuant to Section 84661 of the Education Code, districts shall provide matching funds, unless the Board of Governors waives this requirement in accordance with law.
13.	Of the funds appropriated in Schedule (a), up to \$875,618 is for educational services to inmates pursuant to regulations adopted by the Board of Governors; and an amount of up to \$100,000 is for a maintenance allowance, in lieu of other transportation funding, pursuant to regulations adopted by the Board of Governors.
14.	Of the funds appropriated in Schedules (b) and (c), the funds not required for the 1994-95 fiscal year to meet the demand for the programs funded under those schedules shall be made available on a one-time basis for general apportionment under Schedule (a), provided that no transfer shall occur prior to May 15, 1995.
15.	The funds appropriated in Schedule (mx) are available on a one-time basis, for the purpose of providing community college districts with funds to replace instructional equipment and to purchase library materials. The Chancellor of the California Community Colleges shall al-

	locate these funds on the basis that, for every \$3 of funds allocated from Schedule (mx), the recipient district shall provide \$1 in matching funds. The funds appropriated in Schedule (mx) shall not be used for personal services costs or operating expenses.	
16.	The state-funded FTES level shall not be reduced for the 1994-95 fiscal year to reflect the lack of a cost-of-living adjustment (COLA).	
17.	The state-funded FTES level may be adjusted to reflect (a) fee and property tax revenue shortfalls, if any, as compared to the level assumed in this act, (b) the equalization mechanism allowed by Chapter 973 of the Statutes of 1988 for declining enrollments, or (c) natural disasters or other factors that are outside the control of the California Community Colleges.	
18.	Of the funds appropriated in Schedule (b), the Director of Finance may redirect up to \$125,000, pursuant to the process set forth in Section 28.00, including the notification required by subdivision (c) of that section, to fund planning for participation by the state under the federal Reemployment Act of 1994, including planning for the development of One-Stop Career Centers.	
19.	It is the intent of the Legislature that the cost savings to the California Community Colleges resulting from the reduction in the Public Employees Retirement System (PERS) rate for employees, funded from the general apportionments in Schedule (a), will be \$14,500,000. The Chancellor is directed to apply this reduction to the community college districts in a uniform amount proportional to each district's PERS contribution, excluding districts that do not participate in PERS. It is further the intent of the Legislature that \$10,400,000 of this reduction not be deemed a base revenue reduction pursuant to Section 58772 of Title 5 of the California Code of Regulations. It is further the intent of the Legislature that, of this reduction, \$4,100,000 shall be a permanent base revenue reduction pursuant to Section 58772 of Title 5 of the California Code of Regulations, but that the revenue reduction not result in a reduction of FTES requirements.

SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 1994, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs, and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to the schedules "category", "program", or "project" means a class of expenditure such as, but not limited to:

(a) "Personal services," which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-001 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the Public Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but do not include compensation of independent contractors rendering personal services to the state under contract.

(b) "Operating expenses and equipment," which shall include all expenditures for purchase of materials, supplies, equipment, services

(other than services of state officers and employees), departmental services (services provided by other organizational units within a department, including indirect distributed costs), and all other proper expenses.

(c) "Preliminary plans" are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(e) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration and associated costs.

(f) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

(g) "Programs" include all expenditures, regardless of category, required to carry out the objectives of the named activity.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 1994-95," submitted by the Governor to the Legislature at the 1994 portion of the 1994-95 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 et seq. of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. SEC. 3.85. Notwithstanding any other provision of this act, items of appropriation in this act shall be reduced, as appropriate, to reflect a cumulative reduction of one hundred fifty million dollars (\$150,000,000) resulting from a 10 percent reduction in the number of civil service manager and supervisor positions. The Director of Finance shall allocate the necessary reductions to accomplish the reduction required by this section. To the extent possible, vacant positions shall be eliminated to achieve the reduction. (d) No payment shall be made by the Controller for expenditures pursuant to subdivision (a) except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney's fees incurred in connection with a single action.

(e) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Senate Committee on Budget and Fiscal Review, and the Chairperson of the Assembly Committee on Ways and Means pursuant to Section 27.00 of this act when there are insufficient funds appropriated in this act in support of the state operations of the affected agency, department, board, bureau, or commission to satisfy the claim completely.

SEC. 6.00. No more than \$20,000 of the funds appropriated for support purposes under Section 2.00 of this act may be encumbered

for preliminary plans, working drawings, or construction of any project for the alteration of a state building unless the Director of Finance determines that the proposed alteration is critical and that it is necessary to proceed using funds appropriated for support purposes. SEC. 9.10. The Supplemental Report of the Committee on Conference on the Budget Bill, that contains agreed language on statements of intent or requests for studies and that was submitted to the Senate and Assembly concurrently with consideration of the Budget Bill for the 1994-95 fiscal year, reflects the intent of the Legislature in enacting the Budget Act of 1994 and should be interpreted as such by the various agencies of state government affected by the statements contained in the report. If the appropriate department or agency no longer exists, or no linkage can be identified, the

federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act is made deficient by such a charge, funding augmentations must follow the regular budget processes including Section 27.00 of the Budget Act. However, the 30-day notification requirement is waived for payments mandated by federal courts.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with Section 14959 of the Government Code. Upon receipt of bids for the project, an estimate of the amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of the Department of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the department to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the object for which the special fund was created.

(2) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 1994-95 fiscal year from the recipient fund.

To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(B) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 1994–95 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) Commencing March 1, 1995, and annually thereafter, the Director of the Department of Consumer Affairs shall provide a report on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding 12-month period to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to the allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. This transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

(f) No money in any 1994–95 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action (s) unless the Department of Finance certifies to the salary and other compensation-setting authority prior to the adoption of these action (s) that funds are available to pay the increased salary or employee compensation resulting therefrom. Prior to certification, the Department of Finance shall determine whether this increase in salary range or employee compensation action will require supplemental funding in the 1995–96 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(g) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that these expenditures comply with the provisions of this section.

(h) Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 31.50. (a) Notwithstanding Section 12439 of the Government Code or any other provision of law, any position funded entirely from the General Fund, which has been continuously vacant from July 1, 1993, to March 15, 1994, shall be permanently eliminated as of March 16, 1994.

SEC. 32.00. The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations, unless the consent of the Department of Finance is first obtained, and a certificate, in writing, is duly signed by the director of the department seeking authority for the expenditure, certifying the unavoidable necessity of the expenditure. Any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void, and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of a depart-

ment, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to which the indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Chairperson of the Joint Legislative Budget Committee, and the chairperson of the committee in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, such decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

This act makes appropriations and contains related provisions for support of state and local government for the 1994-95 fiscal year and provides for capital outlay appropriations, in continuation of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be available for expenditure commencing not later than July 1, 1994. It is therefore necessary that this act go into immediate effect.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Battered Women Protection Act of 1994. This act establishes the Comprehensive Domestic Violence Program.

SEC. 2. Section 300.5 is added to the Health and Safety Code, to read:

300.5. (a) The Maternal and Child Health Branch of the State Department of Health Services shall administer a comprehensive shelter-based services grant program to battered women's shelters pursuant to this section.

(b) The Maternal and Child Health Branch shall administer grants to battered women's shelters that propose to expand existing services or create new services, and to establish new battered women's shelters to provide services, in any of the following four areas:

(1) Emergency shelter to women and their children escaping violent family situations.

(2) Transitional housing programs to help women and their children find housing and jobs so that they are not forced to choose between returning to a violent relationship or becoming homeless. The programs may offer up to 18 months of housing, case management, job training and placement, counseling, support groups, and classes in parenting and family budgeting.

(3) Legal and other types of advocacy and representation to help women and their children pursue the appropriate legal options.

(4) Other support services for battered women identified by the advisory council.

(c) In implementing the grant program pursuant to this section, the State Department of Health Services shall consult with an advisory council composed of not to exceed 13 voting members and two nonvoting members appointed as follows:

(1) Seven members appointed by the Governor.

(2) Three members appointed by the Speaker of the Assembly.

(3) Three members appointed by the Senate Committee on Rules.

(4) Two nonvoting ex-officio members who shall be Members of the Legislature, one appointed by the Speaker of the Assembly and one appointed by the Senate Committee on Rules. Any Member of the Legislature appointed to the council shall meet with, and

participate in the activities of, the council to the extent that participation is not incompatible with his or her position as a Member of the Legislature.

The membership of the council shall consist of domestic violence advocates, battered women service providers, and representatives of women's organizations, law enforcement, and other groups involved with domestic violence. At least one-half of the council membership shall consist of domestic violence advocates or battered women service providers from organizations such as the California Alliance Against Domestic Violence.

It is the intent of the Legislature that the council membership reflect the ethnic, racial, cultural, and geographic diversity of the state.

(d) The department shall collaborate closely with the council in the development of funding priorities, the framing of the Request for Proposals, and the solicitation of proposals.

(e) Administrative costs of the State Department of Health Services incurred pursuant to the grant program shall not exceed 5 percent of the funds allocated for the program.

(f) The shelters funded pursuant to this section shall reflect the ethnic, racial, economic, cultural, and geographic diversity of the state.

(g) As a condition of receiving funding pursuant to this section, battered women's shelters shall provide matching funds equivalent to 10 percent of the grant they would receive. The matching funds may come from other governmental or private sources.

SECTION 1. Section 35021 of the Education Code is amended to read:

35021. Notwithstanding any other law, any person, except a person required to register as a sex offender pursuant to Section 290 of the Penal Code, may be permitted by the governing board of any school district to perform the duties specified in Section 44814 or 44815, or to serve as a nonteaching volunteer aide under the immediate supervision and direction of the certificated personnel of the district to perform noninstructional work which serves to assist the certificated personnel in performance of teaching and administrative responsibilities. The nonteaching volunteer aide shall not be an employee of the school district and shall serve without compensation of any type or other benefits accorded to employees of the district, except as provided in Section 3364.5 of the Labor Code.

No district may abolish any of its classified positions and utilize volunteer aides, as authorized herein, in lieu of classified employees who are laid off as a result of the abolition of a position. A district shall not refuse to employ a person in a vacant classified position and use volunteer aides in lieu of filling the classified position.

It is the intent of the Legislature to permit school districts to use volunteer aides to enhance its educational program but not to permit displacement of classified employees nor to allow districts to utilize volunteers in lieu of normal employee requirements.

8025.1. (a) In addition to the causes for discipline or denial of certification set forth in Section 8025, the board may suspend or revoke any certificate, or deny certification, on any of the following grounds:

(1) That the applicant or licensee is incapable of performing the duties of a certified shorthand reporter due to physical or mental infirmity or incapacity.

(2) That the applicant or licensee is unable to perform the duties of a certified shorthand reporter due to the abuse of chemical substances or alcohol.

(b) For purposes of determining the existence or nonexistence of grounds for denial, suspension, or revocation of a license as set forth in this section, the board may, based upon a reasonable belief that grounds exist, require the applicant or licensee to submit to a physical or mental examination or examinations by a licensed physician as designated by the board. Failure to submit to, or to schedule, a physical or mental examination within 10 days of written demand by the board shall result in the automatic suspension of any license or the denial of any application. The denial of an application on any of the grounds set forth in this section shall be subject to the provisions of Sections 11504 and 11504.5 of the Government Code. The licensee may request a hearing to contest an automatic suspension of licensure under this section by sending a written request for hearing to the offices of the board within 12 days of the date that the board mails a notice of suspension to the licensee. If a hearing is requested, it shall be convened within 30 days after the receipt by the board of the written request for the hearing. The hearing shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The sole issue for determination in the hearing, whether for denial or suspension of license, shall be whether the licensee failed or refused to submit to the physical or mental examination after being duly ordered to do so by the board. Evidence that the licensee has, since the date of automatic suspension, submitted to a mental or physical examination shall be considered as mitigation of any failure or refusal to comply with the board's order, and may, in the sound discretion of the administrative law judge, constitute cause to set aside any automatic suspension. A decision shall be rendered by the administrative law judge within 10 days of the hearing and shall constitute the final determination as to the continuing status of any automatic suspension.

(c) Following a physical or mental examination pursuant to subdivision (b), the physician conducting the examination shall determine whether the applicant or licensee is incapable of

performing the duties of a certified shorthand reporter due to physical or mental infirmity or incapacity, or whether the applicant or licensee is unable to perform the duties of a certified shorthand reporter due to the abuse of chemical substances or alcohol. Where a medical determination is made that an impairment exists, and the finding is reported to the board, the board shall deny any application and any license shall be automatically suspended. The denial of an application on these grounds shall be subject to the provisions of Sections 11504 and 11504.5 of the Government Code. The licensee may request a hearing to contest an automatic suspension of licensure under this section by sending a written request for hearing to the offices of the board within 12 days of the date that the board mails a notice of suspension to the licensee. If a hearing is requested, it shall be convened within 30 days after the receipt by the board of the written request for hearing. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The sole issue for determination in the hearing, whether for denial or suspension of license, shall be whether the applicant or licensee is incapable of performing the duties of a certified shorthand reporter due to physical or mental infirmity or incapacity, or whether the applicant or licensee is unable to perform the duties of a certified shorthand reporter due to the abuse of chemical substances or alcohol.

(d) For purposes of the hearing conducted pursuant to subdivision (c), the applicant or licensee shall, at a minimum, have the following rights:

(1) To be represented by counsel.

(2) To have a record made of the proceedings, copies of which may be obtained by the licensee upon payment of any reasonable charges associated with the record.

(3) To call, examine, and cross-examine witnesses.

(4) To present and rebut evidence determined to be relevant.

(5) To present oral argument.

(e) The statutory period governing reapplication for licensure following denial of the application as set forth in Section 486 does not apply to licenses denied under this section.

(1) The account is in the name of the broker as trustee for the specified beneficiary or specified principal of a transaction or series of transactions.

(2) All of the funds in the account are covered by insurance provided by an agency of the federal government.

(3) The funds in the account are kept separate, distinct, and apart from funds belonging to the broker or to any other person for whom the broker holds funds in trust.

(4) The broker discloses to the person from whom the trust funds are received and to any beneficiary whose identity is known to the broker at the time of establishing the account the nature of the account, how interest will be calculated and paid under various circumstances, whether service charges will be paid to the depository and by whom, and possible notice requirements or penalties for withdrawal of funds from the account.

(5) No interest earned on funds in the account shall inure directly or indirectly to the benefit of the broker nor to any person licensed to the broker.

(6) In an executory sale, lease, or loan transaction in which the broker accepts funds in trust to be applied to the purchase, lease, or loan, the parties to the contract shall have specified in the contract or by collateral written agreement the person to whom interest earned on the funds is to be paid or credited.

(e) The broker shall have no obligation to place trust funds into an interest-bearing account unless requested to do so and unless all of the conditions in subdivision (d) are met; nor, in any event, if he or she advises the party making the request that the funds will not be placed in an interest-bearing account.

(f) Nothing in subdivision (d) precludes the commissioner from prescribing by regulation the circumstances in which and the conditions under which a real estate broker is authorized to deposit funds received in trust into an interest-bearing trust fund account.

(g) The broker shall maintain a separate record of the receipt and disposition of all funds described in subdivisions (a) and (b), including any interest earned on the funds.

(h) Upon request of the commissioner, a broker shall furnish to the commissioner an authorization for examination of financial records of any such trust fund accounts maintained in a financial institution, in accordance with the procedures set forth in Section 7473 of the Government Code.

(i) As used in this section "neutral escrow" means an escrow business conducted by a person licensed under Division 6 (commencing with Section 17000) of the Financial Code or by any person described in paragraph (1) or (3) of subdivision (a) of Section 17006 of that code.

SEC. 11. Section 1785.11 of the Civil Code is amended to read:

(2) In accordance with the written instructions of the consumer to whom it relates.

(3) To a person whom it has reason to believe:

(A) Intends to use the information in connection with a credit transaction, or entering or enforcing an order of a court of competent jurisdiction for support, involving the consumer as to whom the information is to be furnished and involving the extension of credit to, or review or collection of an account of, the consumer; or

(B) Intends to use the information for employment purposes; or

(C) Intends to use the information in connection with the underwriting of insurance involving the consumer, or for insurance claims settlements; or

(D) Intends to use the information in connection with a determination of the consumer's eligibility for a license or other benefit granted by a governmental instrumentality required by law to consider the applicant's financial responsibility or status; or

(E) Intends to use the information in connection with the hiring of a dwelling unit, as defined in subdivision (c) of Section 1940; or

(F) Otherwise has a legitimate business need for the information in connection with a business transaction involving the consumer.

(b) A consumer credit reporting agency may furnish information for purposes of a credit transaction specified in subparagraph (A) of paragraph (4), where it is a credit transaction that is not initiated by the consumer, only under the circumstances specified in paragraph (1) or (2), as follows:

(1) The consumer authorizes the consumer credit reporting agency to furnish the consumer credit report to the person.

(2) The proposed transaction involves a firm offer of credit to the consumer, the consumer credit reporting agency has complied with subdivision (c), and the consumer has not elected pursuant to paragraph (1) of subdivision (c) to have the consumer's name

excluded from lists of names provided by the consumer credit reporting agency for purposes of reporting in connection with the potential issuance of firm offers of credit. A consumer credit reporting agency may provide only the following information pursuant to this paragraph:

(A) The name and address of the consumer.

(B) Information pertaining to a consumer that is not identified or identifiable with a particular consumer.

Except as provided in paragraph (2) of subdivision (a) of Section 1785.15, a consumer credit reporting agency shall not furnish to any person a record of inquiries solely resulting from credit transactions that are not initiated by the consumer.

(c) (1) A consumer may elect to have his or her name and address excluded from any list provided by a consumer credit reporting agency pursuant to paragraph (2) of subdivision (b) by notifying the consumer credit reporting agency, by telephone or in writing, through the notification system maintained by the consumer credit reporting agency pursuant to subdivision (d), that the consumer does not consent to any use of consumer credit reports relating to the consumer in connection with any transaction that is not initiated by the consumer.

(2) An election of a consumer under paragraph (1) shall be effective with respect to a consumer credit reporting agency, and any affiliate of the consumer credit reporting agency, on the date on which the consumer notifies the consumer credit reporting agency.

(3) An election of a consumer under paragraph (1) shall terminate and be of no force or effect following notice from the consumer to the consumer credit reporting agency, through the system established pursuant to subdivision (d), that the election is no longer effective.

(d) Each consumer credit reporting agency that furnishes a prequalifying report pursuant to subdivision (b) in connection with a credit transaction not initiated by the consumer shall establish and maintain a notification system, including a toll-free telephone number, that permits any consumer, with appropriate identification and for which the consumer credit reporting agency has a file, to notify the consumer credit reporting agency of the consumer's election to have the consumer's name removed from any list of names and addresses provided by the consumer credit reporting agency, and by any affiliated consumer credit reporting agency, pursuant to paragraph (2) of subdivision (b). Compliance with the requirements of this subdivision by a consumer credit reporting agency shall constitute compliance with those requirements by any affiliate of that consumer credit reporting agency.

(e) Each consumer credit reporting agency that compiles and maintains files on consumers on a nationwide basis shall establish and maintain a notification system under paragraph (1) of subdivision (d) jointly with its affiliated consumer credit reporting agencies.

SEC. 12. Section 1785.13 of the Civil Code is amended to read:

1785.13. (a) No consumer credit reporting agency shall make any consumer credit report containing any of the following items of information:

(1) Bankruptcies that, from the date of adjudication, antedate the report by more than 10 years.

(2) Suits and judgments that, from the date of entry or renewal, antedate the report by more than seven years or until the governing statute of limitations has expired, whichever is the longer period.

(3) Unlawful detainer actions, unless the lessor was the prevailing party. For purposes of this paragraph, the lessor shall be deemed to be the prevailing party only if (A) final judgment was awarded to the lessor (i) upon entry of the tenant's default, (ii) upon the granting of the lessor's motion for summary judgment, or (iii) following trial, or (B) the action was resolved by a written settlement agreement between the parties that states that the unlawful detainer action may be reported. In any other instance in which the action is resolved by settlement agreement, the lessor shall not be deemed to be the prevailing party for purposes of this paragraph.

(4) Paid tax liens that, from the date of payment, antedate the report by more than seven years.

(5) Accounts placed for collection or charged to profit and loss that antedate the report by more than seven years.

(6) Records of arrest, indictment, information, misdemeanor complaint, or conviction of a crime that, from the date of disposition, release, or parole, antedate the report by more than seven years. These items of information shall no longer be reported if at any time it is learned that in the case of a conviction a full pardon has been granted, or in the case of an arrest, indictment, information, or misdemeanor complaint a conviction did not result.

(7) Any other adverse information that antedates the report by more than seven years.

(b) The seven-year period specified in paragraphs (5) and (7) of subdivision (a) shall commence to run, with respect to any account that is placed for collection (internally or by referral to a third party, whichever is earlier), charged to profit and loss, or subjected to any similar action, upon the expiration of the 180-day period beginning on the date of the commencement of the delinquency that immediately preceded the collection activity, charge to profit and loss, or similar action. Where more than one of these actions is taken with respect to a particular account, the seven-year period specified in paragraphs (5) and (7) shall commence concurrently for all these actions on the date of the first of these actions.

(c) Any consumer credit reporting agency that furnishes a consumer credit report containing information regarding any case involving a consumer arising under the bankruptcy provisions of Title 11 of the United States Code shall include an identification of the chapter of Title 11 of the United States Code under which the case arose if that can be ascertained from what was provided to the consumer credit reporting agency by the source of the information.

(d) A consumer credit report shall not include any adverse information concerning a consumer antedating the report by more than 10 years or that otherwise is prohibited from being included in a consumer credit report.

(e) If a consumer credit reporting agency is notified by a furnisher of credit information that an open-end credit account of the consumer has been closed by the consumer, any consumer credit report thereafter issued by the consumer credit reporting agency with respect to that consumer, and that includes information respecting that account, shall indicate the fact that the consumer has closed the account. For purposes of this subdivision, "open-end credit account" does not include any demand deposit account, such as a checking account, money market account, or share draft account.

(f) Consumer credit reporting agencies shall not include medical information in their files on consumers or furnish medical information for employment or credit purposes in a consumer credit report without the consent of the consumer.

(g) A consumer credit reporting agency shall include in any consumer credit report information, if any, on the failure of the consumer to pay overdue child or spousal support, where the information either was provided to the consumer credit reporting agency pursuant to Section 4752 or has been provided to the consumer credit reporting agency and verified by another federal, state, or local governmental agency.

SEC. 13. Section 1950.5 of the Civil Code is amended to read:

1950.5. (a) This section applies to security for a rental agreement for residential property that is used as the dwelling of the tenant.

(b) As used in this section, "security" means any payment, fee, deposit or charge, including, but not limited to, an advance payment of rent, used or to be used for any purpose, including, but not limited to, any of the following:

(1) The compensation of a landlord for a tenant's default in the payment of rent.

(2) The repair of damages to the premises, exclusive of ordinary wear and tear, caused by the tenant or by a guest or licensee of the tenant.

(3) The cleaning of the premises upon termination of the tenancy.

(4) To remedy future defaults by the tenant in any obligation under the rental agreement to restore, replace, or return personal property or appurtenances, exclusive of ordinary wear and tear, if the security deposit is authorized to be applied thereto by the rental agreement.

(c) A landlord may not demand or receive security, however denominated, in an amount or value in excess of an amount equal to two months' rent, in the case of unfurnished residential property, and an amount equal to three months' rent, in the case of furnished residential property, in addition to any rent for the first month paid on or before initial occupancy.

This subdivision does not prohibit an advance payment of not less than six months' rent where the term of the lease is six months or longer.

This subdivision does not preclude a landlord and a tenant from entering into a mutual agreement for the landlord, at the request of the tenant and for a specified fee or charge, to make structural, decorative, furnishing, or other similar alterations, if the alterations are other than cleaning or repairing for which the landlord may charge the previous tenant as provided by subdivision (e).

(d) Any security shall be held by the landlord for the tenant who is party to the lease or agreement. The claim of a tenant to the security shall be prior to the claim of any creditor of the landlord.

(e) The landlord may claim of the security only those amounts as are reasonably necessary for the purposes specified in subdivision (b). The landlord may not assert a claim against the tenant or the security for damages to the premises or any defective conditions that preexisted the tenancy, for ordinary wear and tear or the effects thereof, whether the wear and tear preexisted the tenancy or occurred during the tenancy, or for the cumulative effects of ordinary wear and tear occurring during any one or more tenancies.

(f) Within three weeks after the tenant has vacated the premises, the landlord shall furnish the tenant, by personal delivery or by first-class mail, postage prepaid, a copy of an itemized statement indicating the basis for, and the amount of, any security received and the disposition of the security and shall return any remaining portion of the security to the tenant.

(g) Upon termination of the landlord's interest in the dwelling unit in question, whether by sale, assignment, death, appointment of receiver or otherwise, the landlord or the landlord's agent shall, within a reasonable time, do one of the following acts, either of which shall relieve the landlord of further liability with respect to the security held:

(1) Transfer the portion of the security remaining after any lawful deductions made under subdivision (e) to the landlord's successor in interest. The landlord shall thereafter notify the tenant by personal delivery or by first-class mail, postage prepaid, of the transfer, of any claims made against the security, of the amount of the security deposited, and of the names of the successors in interest, their address, and their telephone number. If the notice to the tenant is made by personal delivery, the tenant shall acknowledge receipt of the notice and sign his or her name on the landlord's copy of the notice.

(2) Return the portion of the security remaining after any lawful deductions made under subdivision (e) to the tenant, together with an accounting as provided in subdivision (f).

(h) Prior to the voluntary transfer of a landlord's interest in a dwelling unit, the landlord shall deliver to the landlord's successor in interest a written statement indicating the following:

(1) The security remaining after any lawful deductions are made.

(2) An itemization of any lawful deductions from any security received.

(3) His or her election under paragraph (1) or (2) of subdivision (g).

Nothing in this subdivision shall affect the validity of title to the real property transferred in violation of the provisions of this subdivision.

(i) In the event of noncompliance with subdivision (g), the landlord's successors in interest shall be jointly and severally liable with the landlord for repayment of the security, or that portion thereof to which the tenant is entitled, when and as provided in subdivisions (e) and (f). A successor in interest of a landlord may not require the tenant to post any security to replace that amount not transferred to the tenant or successors in interest as provided in subdivision (g), unless and until the successor in interest first makes restitution of the initial security as provided in paragraph (2) of subdivision (g) or provides the tenant with an accounting as provided in subdivision (f).

Nothing in this subdivision shall preclude a successor in interest from recovering from the tenant compensatory damages that are in excess of the security received from the landlord previously paid by the tenant to the landlord.

Notwithstanding the provisions of this subdivision, if, upon inquiry and reasonable investigation, a landlord's successor in interest has a good faith belief that the lawfully remaining security deposit is transferred to him or her or returned to the tenant pursuant to subdivision (g), he or she shall not be liable for damages as provided in subdivision (k), or any security not transferred pursuant to subdivision (g).

(j) Upon receipt of any portion of the security under paragraph (1) of subdivision (g), the landlord's successors in interest shall have all of the rights and obligations of a landlord holding the security with respect to the security.

(k) The bad faith claim or retention by a landlord or the landlord's successors in interest of the security or any portion thereof in violation of this section, or the bad faith demand of replacement security in violation of subdivision (i), may subject the landlord or the landlord's successors in interest to statutory damages of up to six hundred dollars (\$600), in addition to actual damages. The court may award damages for bad faith whenever the facts warrant such an award, regardless of whether the injured party has specifically requested relief. In any action under this section, the landlord or the landlord's successors in interest shall have the burden of proof as to the reasonableness of the amounts claimed or the authority pursuant to this section to demand additional security deposits.

(l) No lease or rental agreement shall contain any provision characterizing any security as "nonrefundable."

(m) Any action under this section may be maintained in small claims court if the damages claimed, whether actual or statutory or

both, are within the jurisdictional amount allowed by Section 116.220 of the Code of Civil Procedure.

(n) Proof of the existence of and the amount of a security deposit may be established by any credible evidence, including, but not limited to, a canceled check, a receipt, a lease indicating the requirement of a deposit as well as the amount, prior consistent statements or actions of the landlord or tenant, or a statement under penalty of perjury that satisfies the credibility requirements set forth in Section 780 of the Evidence Code.

(o) The amendments to this section made during the 1985 portion of the 1985–86 Regular Session of the Legislature that are set forth in subdivision (e) are declaratory of existing law.

SEC. 14. Section 2982 of the Civil Code is amended to read:

2982. Every conditional sale contract subject to this chapter shall contain the disclosures required by Regulation Z whether or not Regulation Z applies to the transaction. In addition, to the extent applicable, the contract shall contain the other disclosures and notices required by, and shall satisfy the requirements and limitations of, this section. The disclosures required by subdivision (a) may be itemized or subtotaled to a greater extent than as required by that subdivision and shall be made together and in the sequence set forth in that subdivision. All other disclosures and notices may appear in the contract in any location or sequence and may be combined or interspersed with other provisions of the contract.

(a) The contract shall contain the following disclosures, as applicable, which shall be labeled “itemization of the amount financed”:

(1) (A) The cash price, exclusive of document preparation fees, taxes imposed on the sale, pollution control certification fees, and the amount charged for a service contract.

(B) The fee to be retained by the seller for document preparation.

(C) The fee charged by the seller for certifying that the motor vehicle complies with applicable pollution control requirements.

(D) Taxes imposed on the sale.

(E) The amount charged for a service contract.

(F) The total cash price, which is the sum of subparagraphs (A) to (E), inclusive.

(2) An itemization of the amounts to be paid to any public officer for license, certificate of title, motor vehicle smog impact fee, and registration.

(3) The aggregate amount of premiums agreed, upon execution of the contract, to be paid for policies of insurance included in the contract, excluding the amount of any insurance premium included in the finance charge.

(4) The amount of the state fee for issuance of a certificate of compliance, noncompliance, or waiver pursuant to any applicable pollution control statute.

(5) A subtotal representing the sum of the foregoing items.

(6) The amount of the buyer's downpayment itemized to show the following:

(A) The net agreed value of the property being traded in.

(B) The amount of any portion of the downpayment to be deferred until not later than the due date of the second regularly scheduled installment under the contract and which is not subject to a finance charge.

(C) The amount of any manufacturer's rebate applied or to be applied to the downpayment.

(D) The remaining amount paid or to be paid by the buyer as a downpayment.

(7) The amount of any administrative finance charge, labeled "prepaid finance charge."

(8) The difference between item (5) and the sum of items (6) and (7), labeled "amount financed."

(b) No particular terminology is required to disclose the items set forth in subdivision (a) except as expressly provided in that subdivision.

(c) If payment of all or a portion of the downpayment is to be deferred, the deferred payment shall be reflected in the payment schedule disclosed pursuant to Regulation Z.

(d) If the downpayment includes property being traded in, the contract shall contain a brief description of that property.

(e) The contract shall contain the names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 is to be sent.

(f) (1) Where the contract includes a finance charge determined on the precomputed basis, the contract shall identify the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the actuarial method if the computation will be under that method. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the Rule of 78's, the sum of the digits, or the sum of the periodic time balances method in all other cases, and those references shall be deemed to be equivalent for disclosure purposes.

(2) Where the contract includes a finance charge that is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, the contract shall contain a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(g) (1) Where the contract includes a finance charge that is determined on the precomputed basis and provides that the

unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is one dollar (\$1) or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(2) Where the contract includes a finance charge that is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is one dollar (\$1) or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(3) Where the contract includes a finance charge that is determined on the simple-interest basis, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(h) The contract shall contain a notice in at least 8-point boldface type, acknowledged by the buyer, that reads as follows:

"If you have a complaint concerning this sale, you should try to resolve it with the seller.

Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or the Department of Motor Vehicles, Division of Investigations and Occupational Licensing, P.O. Box 93289,

Sacramento, California 94232-3890, or any combination thereof.

After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

Buyer's Signature"

(i) (1) The contract shall contain an itemization of any insurance included as part of the amount financed disclosed pursuant to paragraph (3) of subdivision (a) and of any insurance included as part of the finance charge. The itemization shall identify the type of insurance coverage and the premium charged therefor, and, if the insurance expires before the date of the last scheduled installment included in the repayment schedule, the term of the insurance shall be stated.

(2) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof is to be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(j) (1) The dollar amount of the disclosed finance charge shall not exceed the greater of:

(A) (i) One and one-half percent on so much of the unpaid balance as does not exceed two hundred twenty-five dollars (\$225), 1½ percent on so much of the unpaid balance in excess of two hundred twenty-five dollars (\$225) as does not exceed nine hundred dollars (\$900), ⅓ of 1 percent on so much of the unpaid balance in excess of nine hundred dollars (\$900) as does not exceed one thousand six hundred fifty dollars (\$1,650), and ¼ of 1 percent on that portion of the unpaid balance that exceeds one thousand six hundred fifty dollars (\$1,650); or

(ii) One percent of the entire unpaid balance; multiplied in either case by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars (\$25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars (\$25) if the unpaid balance does not exceed one thousand dollars (\$1,000), (ii) fifty dollars (\$50) if the unpaid balance exceeds one thousand dollars (\$1,000) but does not exceed two thousand dollars (\$2,000), or (iii) seventy-five dollars (\$75) if the unpaid balance exceeds two thousand dollars (\$2,000).

(2) The holder of the contract shall not charge, collect, or receive a finance charge that exceeds the disclosed finance charge, except to the extent (A) caused by the holder's receipt of one or more payments under a contract that provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (C) permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds five thousand dollars (\$5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars (\$75), provided that the sum of the administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge that is charged, received, or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(4) When a contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge shall be at the effective rate provided for in paragraph (1), having due regard for the schedule of installments.

(k) The contract may provide that, for each installment in default for a period of not less than 10 days, the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge unless the charge is permitted by Section 2982.3. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(l) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to

Section 2982.8 or other additional charge imposed because the contract has been extended, deferred, or refinanced, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as so extended, deferred, or refinanced. Where the amount of the refund credit is less than one dollar (\$1), no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges that are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which the payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (j), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder additionally shall be entitled to the difference.

(4) This subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (k) or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(m) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time that disclosure is made, except that permitted by paragraph (2) of subdivision (c) of Section 226.18 of Regulation Z, provided that all of the requirements and limitations set forth in subdivision (a) of this section are satisfied. Nothing in this chapter

prohibits the disclosure in that contract of additional information required or permitted under Regulation Z, as in effect at the time that disclosure is made.

(n) If the seller imposes a fee for document preparation, the contract shall contain a disclosure that the fee is not a governmental fee.

(o) No seller may impose an application fee for a transaction governed by this chapter.

(p) The seller or holder may charge and collect a fee not to exceed fifteen dollars (\$15) for the return by a depository institution of a dishonored check, negotiated order of withdrawal, or share draft issued in connection with the contract, if the contract so provides or if the contract contains a generalized statement that the buyer may be liable for collection costs incurred in connection with the contract.

(q) The contract shall disclose on its face, by printing the word "new" or "used" within a box outlined in red, that is not smaller than one-half inch high and one-half inch wide, whether the vehicle is sold as a new vehicle, as defined in Section 430 of the Vehicle Code, or a used vehicle, as defined in Section 665 of the Vehicle Code.

(r) The contract shall contain a notice with a heading in at least 12-point boldface type and the text in at least 10-point boldface type, circumscribed by a line, immediately above the contract signature line, that reads as follows:

THERE IS NO COOLING OFF PERIOD

California law does not provide for a "cooling off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud.

The buyer's written acknowledgment, conforming to the requirements of this

section, of delivery of a completely filled-in copy of the contract, and a copy of the other documents shall be a rebuttable presumption of delivery in any action or proceeding by or against a third party without knowledge to the contrary when he or she acquired his or her interest in the contract. If the third party furnishes the buyer a copy of the documents, or a notice containing the disclosures identified in subdivision (a) of Section 2982, and stating that the buyer shall notify the third party in writing within 30 days if a copy of the documents was not furnished, and that notification is not given, it shall be conclusively presumed in favor of the third party that copies of the documents were furnished as required by this chapter.

3482.6. (a) No agricultural processing activity, operation, facility, or appurtenances thereof, conducted or maintained for commercial purposes, and in a manner consistent with proper and accepted customs and standards, shall be or become a nuisance, private or public, due to any changed condition in or about the locality, after the same has been in continuous operation for more than three years if it was not a nuisance at the time it begins.

(b) If an agricultural processing activity, operation, facility, or appurtenances thereof substantially increases its activities or operations after January 1, 1993, then a public or private nuisance action may be brought with respect to those increases in activities or operations that have a significant effect on the environment. For increases in activities or operations that have been in effect more than three years, there shall be a rebuttable presumption affecting the burden of producing evidence that the increase was not substantial.

(c) This section shall not supersede any other provision of law, except other provisions of this part, if the agricultural processing activity, operation, facility, or appurtenances thereof, constitute a nuisance, public or private, as specifically defined or described in the provision.

(d) This section shall prevail over any contrary provision of any ordinance or regulation of any city, county, city and county, or other political subdivision of the state, except regulations adopted pursuant to Section 41700 of the Health and Safety Code as applied to agricultural processing activities, operations, facilities, or appurtenances thereof that are surrounded by housing or commercial development on the effective date of this section. However, nothing in this section shall preclude a city, county, city and county, or other political subdivision of this state, acting within its constitutional or statutory authority and not in conflict with other provisions of state law, from adopting an ordinance that allows notification to a prospective homeowner that the dwelling is in close proximity to an agricultural processing activity, operation, facility, or appurtenances thereof and is subject to provisions of this section consistent with Section 1102.6a.

(e) For purposes of this section:

(1) "Agricultural processing activity, operation, facility, or appurtenances thereof" includes, but is not limited to, the canning or freezing of agricultural products, the processing of dairy products, the production and bottling of beer and wine, the processing of meat and egg products, the drying of fruits and grains, the packing and cooling of fruits and vegetables, and the storage or warehousing of any agricultural products, and includes processing for wholesale or retail markets of agricultural products.

(2) "Continuous operation" means at least 30 days of agricultural processing operations per year.

(3) "Proper and accepted customs and standards" means the

384. The Legislature finds that the use of funds collected by the State Bar pursuant to this section for these purposes is in the public interest, is a proper use of the funds, and is consistent with essential public and governmental purposes.

(b) Prior to the entry of any judgment in a class action established pursuant to Section 382, the court shall determine the total amount that will be payable to all class members, if all class members are paid the amount to which they are entitled pursuant to the judgment. The court shall also set a date when the parties shall report to the court the total amount that was actually paid to the class members. After the report is received, the court shall amend the judgment to direct the defendant to pay the sum of the unpaid residue, plus interest on that sum at the legal rate of interest from the date of entry of the initial judgment, in any manner the court determines is consistent with the objectives and purposes of the underlying cause of action, including to child advocacy programs and to the California Legal Corps, as established pursuant to Section 6034 of the Business and Professions Code. The court shall ensure that notice is given to the State Bar of California of any such order.

(c) Nothing in this section shall create an obligation or pledge of the credit of the State Bar of California. Neither the State Bar nor its officers and employees are liable for damage or injury arising out of any act or omission in the implementation or administration of this section.

SEC. 29. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984-85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1985-86 and 1986-87 fiscal years only, the equalization adjustment specified in Section 42238.4.

(3) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(4) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(1) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(2) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(3) Add the amounts in paragraphs (1) and (2).

(e) The base revenue limit per unit of average daily attendance shall be the lesser of the following amounts:

(1) The amount determined in subdivision (b).

(2) The amount computed pursuant to Section 42238 for the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance times the sum of 1.0 and twice the percentage increase in revenue limits computed pursuant to Section 42238.1 for the current fiscal year.

(f) For districts electing to compute units of average daily attendance pursuant to paragraph (3) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(g) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

The reduction shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes

of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars (\$25,000) by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(4) Prior years taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount, if any, received pursuant to any provision of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance, except for any amount received pursuant to Section

33492.15, 33607.5, or 33607.7 of the Health and Safety Code that is allocated exclusively for educational facilities.

(i) This section shall become operative July 1, 1984.

SEC. 30. Section 44277 of the Education Code is amended to read:

44277. The Legislature recognizes that effective professional growth must continue to occur throughout the careers of all teachers, in order that teachers remain informed of changes in pedagogy, subject matter, and pupil needs. In enacting this section, it is the intent of the Legislature to establish professional growth requirements that give individual teachers a wide range of options to pursue as well as significant roles in determining the course of their professional growth.

(a) The minimum requirements for maintaining the validity of the clear multiple or single subject teaching credential pursuant to Section 44251 shall be both of the following:

(1) Successful service as a classroom teacher or successful service authorized by a services credential. The minimum length of service shall be equivalent to one-half of a school year.

(2) Completion of an individual program of professional growth as prescribed in this section and by the commission.

(b) An individual program of professional growth shall consist of a minimum of 150 clock hours of participation in activities that contribute to competence, performance, or effectiveness in the profession of education. Acceptable activities shall be defined by the commission to include, among other acceptable activities, the completion of courses offered by regionally accredited colleges and universities; participation in professional conferences, workshops, teacher center programs, or staff development programs; service as a mentor teacher pursuant to Section 44496; participation in school curriculum development projects; participation in systematic programs of observation and analysis of teaching; service in a leadership role in a professional organization; and participation in educational research or innovation efforts. Employing agencies and employees' bargaining agents may negotiate to agree on the terms of programs of professional growth within their jurisdictions, provided that the agreements shall be consistent with this section.

(c) An individual program of professional growth shall be developed and planned by the holder of a clear teaching credential.

(d) Effective January 1, 1991, an individual program of professional growth may include a basic course in cardiopulmonary resuscitation, which includes training in the subdiaphragmatic abdominal thrust (also known as the "Heimlich maneuver") and meets or exceeds the standards established by the American Heart Association or the American Red Cross for courses in that subject. A teacher's participation in this training option shall count towards the minimum 150 clock hours required to satisfy the professional growth requirements.

(e) Before a holder of a clear teaching credential commences or amends an individual program of professional growth, a school

principal, a mentor teacher provided for in Section 44496, or other district designee shall certify to the credentialholder that the planned program or amendment complies with this section and with regulations of the commission.

(f) A clear teaching credential shall be deemed to remain valid so long as the holder of the credential, at five-year intervals, submits to the commission verification by a school principal, a mentor teacher, or other district designee that the holder has satisfied the minimum requirements specified in subdivision (a). In the absence of adequate verification, the commission shall invalidate the credential. Verification by a school principal, a mentor teacher, or other district designee shall be independent of any evaluation of the performance of the holder of the clear teaching credential that is conducted for the purpose of determining the credentialholder's employment status. The arbitrary refusal of a school principal, a mentor teacher, or other district designee to verify completion of an individual program of professional growth meeting the requirements of this section and commission regulations shall constitute grounds for an appeal as prescribed in Section 44278.

SEC. 31. Section 48911 of the Education Code is amended to read:

48911. (a) The principal of the school, the principal's designee, or the superintendent of schools may suspend a pupil from the school for any of the reasons enumerated in Section 48900, and pursuant to Section 48900.5, for no more than five consecutive schooldays.

(b) Suspension by the principal, the principal's designee, or the superintendent of schools shall be preceded by an informal conference conducted by the principal or the principal's designee or the superintendent of schools between the pupil and, whenever practicable, the teacher, supervisor, or school employee who referred the pupil to the principal, the principal's designee, or the superintendent of schools. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

(c) A principal, the principal's designee, or the superintendent of schools may suspend a pupil without affording the pupil an opportunity for a conference only if the principal, the principal's designee, or the superintendent of schools determines that an emergency situation exists. "Emergency situation," as used in this article, means a situation determined by the principal, the principal's designee, or the superintendent of schools to constitute a clear and present danger to the life, safety, or health of pupils or school personnel. If a pupil is suspended without a conference prior to suspension, both the parent and the pupil shall be notified of the pupil's right to a conference and the pupil's right to return to school for the purpose of a conference. The conference shall be held within two schooldays, unless the pupil waives this right or is physically unable to attend for any reason, including, but not limited to, incarceration or hospitalization. The conference shall then be held

as soon as the pupil is physically able to return to school for the conference.

(d) At the time of suspension, a school employee shall make a reasonable effort to contact the pupil's parent or guardian in person or by telephone. Whenever a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension.

(e) A school employee shall report the suspension of the pupil, including the cause therefor, to the governing board of the school district or to the school district superintendent in accordance with the regulations of the governing board.

(f) The parent or guardian of any pupil shall respond without delay to any request from school officials to attend a conference regarding his or her child's behavior.

No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

(g) In a case where expulsion from any school or suspension for the balance of the semester from continuation school is being processed by the governing board, the school district superintendent or other person designated by the superintendent in writing may extend the suspension until the governing board has rendered a decision in the action. However, an extension may be granted only if the school district superintendent or the superintendent's designee has determined, following a meeting in which the pupil and the pupil's parent or guardian are invited to participate, that the presence of the pupil at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. If the pupil or the pupil's parent or guardian has requested a meeting to challenge the original suspension pursuant to Section 48914, the purpose of the meeting shall be to decide upon the extension of the suspension order under this section and may be held in conjunction with the initial meeting on the merits of the suspension.

(h) Notwithstanding subdivisions (a) and (g), an individual with exceptional needs may be suspended for up to, but not more than, 10 consecutive schooldays if he or she poses an immediate threat to the safety of himself or herself or others. In the case of a truly dangerous child, a suspension may exceed 10 consecutive schooldays, or the pupil's placement may be changed, or both, if either of the following occurs:

- (1) The pupil's parent or guardian agrees.
- (2) A court order so provides.

(i) For the purposes of this section, a "principal's designee" is any one or more administrators at the schoolsite specifically designated by the principal, in writing, to assist with disciplinary procedures.

In the event that there is not an administrator in addition to the principal at the schoolsite, a certificated person at the schoolsite may be specifically designated by the principal, in writing, as a

“principal’s designee,” to assist with disciplinary procedures. The principal may designate only one such person at a time as the principal’s primary designee for the school year.

An additional person meeting the requirements of this subdivision may be designated by the principal, in writing, to act for the purposes of this article when both the principal and the principal’s primary designee are absent from the schoolsite. The name of the person, and the names of any person or persons designated as “principal’s designee,” shall be on file in the principal’s office.

This section is not an exception to, nor does it place any limitation on, Section 48903.

SEC. 32. Section 48918 of the Education Code is amended to read: 48918. The governing board of each school district shall establish rules and regulations governing procedures for the expulsion of pupils. These procedures shall include, but are not necessarily limited to, all of the following:

(a) The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 schooldays after the date the principal or the superintendent of schools determines that the pupil has committed any of the acts enumerated in Section 48900, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall specify that the pupil is entitled to at least one postponement of an expulsion hearing, for a period of not more than 30 calendar days. Any additional postponement may be granted at the discretion of the governing board.

The decision of the governing board as to whether to expel a pupil shall be made within 10 schooldays after the conclusion of the hearing, unless the pupil requests in writing that the decision be postponed. If the hearing is held by a hearing officer or an administrative panel, or if the district governing board does not meet on a weekly basis, the governing board shall make its decision about a pupil’s expulsion within 40 schooldays after the date of the pupil’s removal from his or her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent, unless the pupil requests in writing that the decision be postponed.

In the event that compliance by the governing board with the time requirements for the conducting of an expulsion hearing under this subdivision is impracticable, the superintendent of schools or the superintendent’s designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

(b) Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days prior to the date of the hearing. The notice

shall include: the date and place of the hearing; a statement of the specific facts and charges upon which the proposed expulsion is based; a copy of the disciplinary rules of the district that relate to the alleged violation; a notice of the parent, guardian, or pupil's obligation pursuant to subdivision (b) of Section 48915.1; and notice of the opportunity for the pupil or the pupil's parent or guardian to appear in person or employ and be represented by counsel, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses.

(c) Notwithstanding Section 54593 of the Government Code and Section 35145 of this code, the governing board shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days prior to the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the governing board may meet in closed session for the purpose of deliberating and determining whether the pupil should be expelled.

If the governing board or the hearing officer or administrative panel appointed under subdivision (d) to conduct the hearing admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel of the pupil also shall be allowed to attend the closed deliberations.

(d) In lieu of conducting an expulsion hearing itself, the governing board may contract with the county hearing officer, or with the Office of Administrative Hearings of the State of California pursuant to Chapter 14 (commencing with Section 27720) of Part 3 of Division 2 of Title 3 of the Government Code and Section 35207 of this code, for a hearing officer to conduct the hearing. The governing board also may appoint an impartial administrative panel of three or more certificated persons, none of whom are members of the board or employed on the staff of the school in which the pupil is enrolled. The hearing shall be conducted in accordance with all of the procedures established under this section.

(e) Within three schooldays after the hearing, the hearing officer or administrative panel shall determine whether to recommend the expulsion of the pupil to the governing board. If the hearing officer or administrative panel decides not to recommend expulsion, the expulsion proceedings shall be terminated and the pupil immediately shall be reinstated and permitted to return to a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs. Placement in one or more of these programs shall be made by the superintendent of schools or the superintendent's designee after consultation with school district personnel, including the pupil's teachers, and the pupil's parent or guardian. The decision not to recommend expulsion shall be final.

(f) If the hearing officer or administrative panel recommends expulsion, findings of fact in support of the recommendation shall be prepared and submitted to the governing board. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the governing board accepts the recommendation calling for expulsion, acceptance shall be based either upon a review of the findings of fact and recommendations submitted by the hearing officer or panel or upon the results of any supplementary hearing conducted pursuant to this section that the governing board may order.

The decision of the governing board to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided in this section, no evidence to expel shall be based solely upon hearsay evidence. The governing board or the hearing officer or administrative panel may, upon a finding that good cause exists, determine that the disclosure of the identity of a witness and the testimony of that witness at the hearing would subject the witness to an unreasonable risk of harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the governing board or the hearing officer or administrative panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

(g) A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.

(h) Technical rules of evidence shall not apply to the hearing, except that relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the governing board to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated in Section 48900.

(i) Whether an expulsion hearing is conducted by the governing board or before a hearing officer or administrative panel, final action to expel a pupil shall be taken only by the governing board in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the superintendent of schools or his or her designee to the pupil or the pupil's parent or guardian, and shall be accompanied by notice of the right to appeal the expulsion to the county board of education and of the obligation of the parent, guardian, or pupil under subdivision (b) of Section 48915.1, upon the pupil's enrollment in a new school district, to inform that district of the expulsion.

(j) The governing board shall maintain a record of each expulsion, including the cause therefor. Records of expulsions shall be a nonprivileged, disclosable public record.

The expulsion order and the causes therefor shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

(5) Affidavits and assurances necessary to comply with all applicable federal, state, and local laws and regulations which include criminal record summaries required of all nonpublic school or agency personnel having contact with minor children under Section 44237.

(b) Unless the board grants a waiver pursuant to Section 56101, a nonpublic, nonsectarian school or agency shall file an application for certification between January 1 and March 1.

(c) If the applicant operates a facility or program on more than one site, each site shall be certified.

(d) If the applicant is part of a larger program or facility on the same site, the superintendent shall consider the effect of the total program on the applicant. A copy of the policies and standards for the nonpublic, nonsectarian school or agency and the larger program shall be available to the superintendent.

(e) Prior to certification, the superintendent shall conduct an onsite review of the facility and program for which the applicant seeks certification. The superintendent shall document the concern and submit it to the nonpublic, nonsectarian school or agency at the time of the onsite monitoring. The superintendent shall require a written response to any noncompliance or deficiency found.

(j) (1) Notwithstanding any other provision of law, the superintendent may not certify a nonpublic, nonsectarian school or agency that proposes to initiate or expand services to pupils who are currently educated, or were educated in the immediate prior fiscal year, in a juvenile court program, community school pursuant to Section 56150, or other nonspecial education program, including independent study or adult school, or both, unless the nonpublic, nonsectarian school or agency notifies the county superintendent of schools and the special education local plan area in which the proposed new or expanded nonpublic, nonsectarian school or agency is located of its intent to seek certification. The notification shall occur no later than the last day of the second school year prior to the date on which the proposed or expanding school or agency intends to initiate services. (3) Before certifying the school or agency, the superintendent shall determine that certification of the new or expanding school or agency program is necessary for the provision of a free appropriate special education program to the affected pupils in the least restrictive environment.

(4) Notwithstanding any other provision of law, the certification becomes effective no earlier than the first day of the second school year beginning after the school or agency provides the notification required pursuant to paragraph (1).

(b) The judge shall, if the offense is punishable under Section 12008 of this code or subdivision (c) of Section 597 of the Penal Code, order the forfeiture of any device or apparatus that is used in committing the offense, including, but not limited to, any vehicle that is used or intended for use in delivering, importing, or exporting any unlawfully taken, imported, or purchased species.

In addition, the Senator representing the Senate district in which the California African-American Museum is located and the Assembly Member representing the Assembly district in which the museum is located shall be ex officio nonvoting members of the board. The two legislative ex officio nonvoting members of the board shall participate in the activities of the board to the extent that their participation is not incompatible with their respective positions as Members of the Legislature. The appointees of the Governor shall be appointed to four-year terms with the initial terms of appointment expiring as follows: one term expiring January 1, 1984, one term expiring January 1, 1985, one term expiring January 1, 1986, and one term expiring January 1, 1987. The person appointed to the Advisory Board of the California Museum of African-American History and Culture by the Board of Directors of the California Museum of Science and Industry prior to the amendments made to this section by Chapter 1439 of the Statutes of 1987 shall serve on the Board of Directors of the California African-American Museum until the Governor makes the fifth appointment authorized pursuant to those amendments. The fifth appointment made to the board shall serve a term expiring on January 1, 1990, the sixth appointment shall serve

SEC. 56. Section 77417 of the Food and Agricultural Code is amended to read:

77417. "Ex officio members" are nonvoting members of the commission.

SEC. 57. Section 77442 of the Food and Agricultural Code is amended to read:

77442. A quorum of the commission shall be any seven voting producer members, three voting processor members, and three voting shipper members of the commission. Except as provided in Sections 77481.5 and 77499, the vote of a majority of members present

at a meeting at which there is a quorum shall constitute an act of the commission.

SEC. 58. Section 77501 of the Food and Agricultural Code, as added by Chapter 805 of the Statutes of 1993, is amended and renumbered to read:

77498. Every five years, commencing with the 1999-2000 marketing season, the director shall hold a hearing to determine whether the operation of this chapter should be continued. If the director finds after the hearing that a substantial question exists among the producers, processors, and shippers assessed under this chapter regarding whether the operation of this chapter should be continued, the director shall submit the chapter to a reapproval referendum. If a reapproval referendum is required, the operation of this chapter shall be continued in effect if the director finds that a majority of the eligible producers, processors, and shippers voting in the referendum voted in favor of continuing this chapter. In finding whether the commission is continued pursuant to this article, the vote of any nonprofit agricultural cooperative marketing association that is authorized by its members to so vote shall be considered as being the approval or rejection by the individual members of, or the individual stockholders in, the nonprofit agricultural cooperative marketing association.

If the director finds after conducting a hearing that no substantial question exists or that a favorable vote has been given, the director shall so certify and this chapter shall remain operative. If the director finds that a favorable vote has not been given, he or she shall so certify and declare the operation of this chapter and the commission suspended upon the expiration of the marketing season ending January 31, 2000. Thereupon, the operations of the commission shall be concluded and funds distributed in the manner provided in Section 77499.5. No bond or security shall be required for any such referendum.

SEC. 59. Section 77502 of the Food and Agricultural Code, as added by Chapter 805 of the Statutes of 1993, is amended and renumbered to read:

77498.5. Following a hearing, and favorable referendum if required, conducted prior to January 31, 2000, the process specified in Section 77498 shall be conducted by the commission every fifth year thereafter between February 1 and June 30, unless a referendum is conducted as the result of a petition pursuant to Section 77499. In that case, the hearing, and referendum if required, shall be conducted every fifth year following the industry petitioned referendum.

SEC. 60. Section 77503 of the Food and Agricultural Code, as added by Chapter 805 of the Statutes of 1993, is amended and renumbered to read:

77499. (a) Upon a finding by a two-thirds vote of the commission that the operation of this chapter has not tended to effectuate its declared purposes, the commission may recommend to the director

that the commission be suspended. Any suspension shall not become effective until the expiration of the current marketing season.

(b) The director shall, upon receipt of a recommendation, or may, after a public hearing to review a petition filed with him or her requesting such suspension, signed by 15 percent of the producers, processors, or shippers by number who produced, processed, or shipped not less than 15 percent of the volume in the immediately preceding season, cause a referendum to be conducted among the listed producers, processors, and shippers to determine if the operations of the commission shall be suspended. However, the director shall not hold a referendum as a result of the petition unless the petitioner shows by the weight of evidence that this chapter has not effectuated its declared purposes.

(c) The director shall establish a referendum period, which shall not be less than 10 or more than 60 days in duration. The director may prescribe additional procedures necessary to conduct the referendum. At the close of the established referendum period, the director shall tabulate the ballots filed during the period. If at least 40 percent of the total number of producers, processors, and shippers from the list established by the director participate in the referendum, the director shall suspend the operation of this chapter, if the director finds either one of the following:

(1) Sixty-five percent or more of the producers, processors, and shippers who voted in the referendum voted in favor of suspension, and the producers, processors, and shippers so voting marketed a majority of the total quantity of strawberries marketed in the preceding marketing season by all of the producers, processors, and shippers who voted in the referendum.

(2) That a majority of the producers, processors, and shippers who voted in the referendum voted in favor of suspension, and that the producers, processors, and shippers so voting marketed 65 percent or more of the total quantity of strawberries marketed in the preceding season by all of the producers, processors, and shippers who voted in the referendum.

SEC. 61. Section 77504 of the Food and Agricultural Code, as added by Chapter 805 of the Statutes of 1993, is amended and renumbered to read:

77499.5. After the effective date of suspension of this chapter and of the commission, the operations of the commission shall be concluded and all moneys held by the commission, and moneys collected by assessment and not required to defray the expenses of concluding and terminating operations of the commission, shall be returned upon a pro rata basis to all persons from whom assessments were collected in the immediately preceding current marketing season. However, if the commission finds that the amounts returnable are so small as to make impractical the computation and remitting of the pro rata refund to those persons, any moneys remaining and any moneys remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from

the approved depository and paid into an appropriate state or federal program or used to fund activities related to the subject matter of this chapter.

SEC. 62. Section 77505 of the Food and Agricultural Code, as added by Chapter 805 of the Statutes of 1993, is amended and renumbered to read:

(e) If any credit card draft is not paid following due presentment to a card issuer or draft purchaser or is charged back to the court, city, county, city and county, or other public agency for any reason, any record of payment made by the court, city, or other public agency honoring the credit card shall be void. Any receipt issued in acknowledgment of payment shall also be void. The obligation of the cardholder shall continue as an outstanding obligation as if no payment had been attempted.

When he or she determines that the public interest so requires, the Legislative Counsel may release any material arising out of the attorney-client relationship with a former Member of the Legislature who is not available to execute a release.

(b) (1) The Legislative Counsel shall maintain the attorney-client relationship with the Governor with respect to communications between the Governor and the Legislative Counsel. Sec. 12132), and the federal rules and regulations adopted in implementation thereof, except that if the laws of this state prescribe stronger protections and prohibitions, the programs and activities subject to subdivision (a) shall be subject to the stronger protections and prohibitions.

(c) As used in this section, "disability" means any of the following with respect to an individual: (1) a physical or mental impairment that substantially limits one or more of the major life activities of the individual, (2) a record of an impairment as described in paragraph (1), or (3) being regarded as having an impairment as described in paragraph (1).

12945.2. (a) Except as provided in subdivision (b), it shall be an unlawful employment practice for any employer, as defined in paragraph (2) of subdivision (c), to refuse to grant a request by any employee with more than 12 months of service with the employer, and who has at least 1,250 hours of service with the employer during the previous 12-month period, to take up to a total of 12 workweeks in any 12-month period for family care and medical leave. Family care and medical leave requested pursuant to this subdivision shall not be deemed to have been granted unless the employer provides the employee, upon granting the leave request, a guarantee of employment in the same or a comparable position upon the termination of the leave. The commission shall adopt a regulation specifying the elements of a reasonable request.

(b) Notwithstanding subdivision (a), it shall not be an unlawful employment practice for an employer to refuse to grant a request for family care and medical leave by an employee if the employer employs less than 50 employees within 75 miles of the worksite where that employee is employed.

(c) For purposes of this section:

(1) "Child" means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis who is either of the following:

- (A) Under 18 years of age.
- (B) An adult dependent child.

(2) "Employer" means either of the following:

(A) Any person who directly employs 50 or more persons to perform services for a wage or salary.

(B) The state, and any political or civil subdivision of the state and

cities.

(3) "Family care and medical leave" means any of the following:

(A) Leave for reason of the birth of a child of the employee, the placement of a child with an employee in connection with the adoption or foster care of the child by the employee, or the serious health condition of a child of the employee.

(B) Leave to care for a parent or a spouse who has a serious health condition.

(C) Leave because of an employee's own serious health condition that makes the employee unable to perform the functions of the position of that employee, except for leave taken for disability on account of pregnancy, childbirth, or related medical conditions.

(4) "Employment in the same or a comparable position" means employment in a position that has the same or similar duties and pay that can be performed at the same or similar geographic location as the position held prior to the leave.

(5) "FMLA" means the federal Family and Medical Leave Act of 1993 (P.L. 103-3).

(6) "Health care provider" means any of the following:

(A) An individual holding either a physician's and surgeon's certificate issued pursuant to Article 4 (commencing with Section 2080) of Chapter 5 of Division 2 of the Business and Professions Code, an osteopathic physician's and surgeon's certificate issued pursuant to Article 4.5 (commencing with Section 2099.5) of Chapter 5 of Division 2 of the Business and Professions Code, or an individual duly licensed as a physician, surgeon, or osteopathic physician or surgeon in another state or jurisdiction, who directly treats or supervises the treatment of the serious health condition.

(B) Any other person determined by the United States Secretary of Labor to be capable of providing health care services under the FMLA.

(7) "Parent" means a biological, foster, or adoptive parent, a stepparent, a legal guardian, or other person who stood in loco parentis to the employee when the employee was a child.

(8) "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves either of the following:

(A) Inpatient care in a hospital, hospice, or residential health care facility.

(B) Continuing treatment or continuing supervision by a health care provider.

(d) An employer shall not be required to pay an employee for any leave taken pursuant to subdivision (a), except as required by subdivision (e).

(e) An employee taking a leave permitted by subdivision (a) may elect, or an employer may require the employee, to substitute, for leave allowed under subdivision (a), any of the employee's accrued vacation leave or other accrued time off during this period or any other paid or unpaid time off negotiated with the employer. If an

employee takes a leave because of the employee's own serious health condition, the employee may also elect, or the employer may also require the employee, to substitute accrued sick leave during the period of the leave. However, an employee shall not use sick leave during a period of leave in connection with the birth, adoption, or foster care of a child, or to care for a child, parent, or spouse with a serious health condition, unless mutually agreed to by the employer and the employee.

(f) (1) During any period that an eligible employee takes leave pursuant to subdivision (a) or takes leave that qualifies as leave taken under the FMLA, the employer shall maintain and pay for coverage under a "group health plan," as defined in Section 5000(b)(1) of the Internal Revenue Code of 1986, for the duration of the leave, not to exceed 12 workweeks in a 12-month period, commencing on the date leave taken under the FMLA commences, at the level and under the conditions coverage would have been provided if the employee had continued in employment continuously for the duration of the leave. Nothing in the preceding sentence shall preclude an employer from maintaining and paying for coverage under a "group health plan" beyond 12 workweeks. An employer may recover the premium that the employer paid as required by this subdivision for maintaining coverage for the employee under the group health plan if both of the following conditions occur:

(A) The employee fails to return from leave after the period of leave to which the employee is entitled has expired.

(B) The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to leave under subdivision (a) or other circumstances beyond the control of the employee.

(2) Any employee taking leave pursuant to subdivision (a) shall continue to be entitled to participate in employee health plans for any period during which coverage is not provided by the employer under paragraph (1), employee benefit plans, including life, short-term, or long-term disability or accident insurance, pension and retirement plans, and supplemental unemployment benefit plans to the same extent and under the same conditions as apply to an unpaid leave taken for any purpose other than those described in subdivision (a). In the absence of these conditions an employee shall continue to be entitled to participate in these plans and, in the case of health and welfare employee benefit plans, including life, short-term, or long-term disability or accident insurance, or other similar plans, the employer may, at his or her discretion, require the employee to pay premiums, at the group rate, during the period of leave not covered by any accrued vacation leave, or other accrued time off, or any other paid or unpaid time off negotiated with the employer, as a condition of continued coverage during the leave period. However, the nonpayment of premiums by an employee shall not constitute a break in service, for purposes of longevity, seniority under any collective bargaining agreement, or any

employee benefit plan.

For purposes of pension and retirement plans, an employer shall not be required to make plan payments for an employee during the leave period, and the leave period shall not be required to be counted for purposes of time accrued under the plan. However, an employee covered by a pension plan may continue to make contributions in accordance with the terms of the plan during the period of the leave.

(g) During a family care and medical leave period, the employee shall retain employee status with the employer, and the leave shall not constitute a break in service, for purposes of longevity, seniority under any collective bargaining agreement, or any employee benefit plan. An employee returning from leave shall return with no less seniority than the employee had when the leave commenced, for purposes of layoff, recall, promotion, job assignment, and seniority-related benefits such as vacation.

(h) If the employee's need for a leave pursuant to this section is foreseeable, the employee shall provide the employer with reasonable advance notice of the need for the leave.

(i) If the employee's need for leave pursuant to this section is foreseeable due to a planned medical treatment or supervision, the employee shall make a reasonable effort to schedule the treatment or supervision to avoid disruption to the operations of the employer, subject to the approval of the health care provider of the individual requiring the treatment or supervision.

(j) (1) An employer may require that an employee's request for leave to care for a child, a spouse, or a parent who has a serious health condition be supported by a certification issued by the health care provider of the individual requiring care. That certification shall be sufficient if it includes all of the following:

(A) The date on which the serious health condition commenced.

(B) The probable duration of the condition.

(C) An estimate of the amount of time that the health care provider believes the employee needs to care for the individual requiring the care.

(D) A statement that the serious health condition warrants the participation of a family member to provide care during a period of the treatment or supervision of the individual requiring care.

(2) Upon expiration of the time estimated by the health care provider in subparagraph (C) of paragraph (1), the employer may require the employee to obtain recertification, in accordance with the procedure provided in paragraph (1), if additional leave is required.

(k) (1) An employer may require that an employee's request for leave because of the employee's own serious health condition be supported by a certification issued by his or her health care provider. That certification shall be sufficient if it includes all of the following:

(A) The date on which the serious health condition commenced.

(B) The probable duration of the condition.

(C) A statement that, due to the serious health condition, the employee is unable to perform the function of his or her position.

(2) The employer may require that the employee obtain subsequent recertification regarding the employee's serious health condition on a reasonable basis, in accordance with the procedure provided in paragraph (1), if additional leave is required.

(3) (A) In any case in which the employer has reason to doubt the validity of the certification provided pursuant to this section, the employer may require, at the employer's expense, that the employee obtain the opinion of a second health care provider, designated or approved by the employer, concerning any information certified under paragraph (1).

(B) The health care provider designated or approved under subparagraph (A) shall not be employed on a regular basis by the employer.

(C) In any case in which the second opinion described in subparagraph (A) differs from the opinion in the original certification, the employer may require, at the employer's expense, that the employee obtain the opinion of a third health care provider, designated or approved jointly by the employer and the employee, concerning the information certified under paragraph (1).

(D) The opinion of the third health care provider concerning the information certified under paragraph (1) shall be considered to be final and shall be binding on the employer and the employee.

(4) As a condition of an employee's return from leave taken because of the employee's own serious health condition, the employer may have a uniformly applied practice or policy that requires the employee to obtain certification from his or her health care provider that the employee is able to resume work. Nothing in this paragraph shall supersede a valid collective bargaining agreement that governs the return to work of that employee.

(l) It shall be an unlawful employment practice for an employer to refuse to hire, or to discharge, fine, suspend, expel, or discriminate against, any individual because of any of the following:

(1) An individual's exercise of the right to family care and medical leave provided by subdivision (a).

(2) An individual's giving information or testimony as to his or her own family care and medical leave, or another person's family care and medical leave, in any inquiry or proceeding related to rights guaranteed under this section.

(m) This section shall not be construed to require any changes in existing collective bargaining agreements during the life of the contract, or until January 1, 1993, whichever occurs first.

(n) The amendments made to this section by the act adding this subdivision shall not be construed to require any changes in existing collective bargaining agreements during the life of the contract, or until February 5, 1994, whichever occurs first.

(o) The provisions of this section shall be construed as separate and distinct from those of Section 12945.

(p) Leave provided for pursuant to this section may be taken in one or more periods. The 12-month period during which 12 workweeks of leave may be taken under this section shall run concurrently with the 12-month period under the FMLA, and shall commence the date leave taken under the FMLA commences.

(q) In any case in which both parents entitled to leave under subdivision (a) are employed by the same employer, the employer shall not be required to grant leave in connection with the birth, adoption, or foster care of a child that would allow the parents family care and medical leave totaling more than the amount specified in subdivision (a).

(r) (1) Notwithstanding subdivision (a), an employer may refuse to reinstate an employee returning from leave to the same or a comparable position if all of the following apply:

(A) The employee is a salaried employee who is among the highest paid 10 percent of the employer's employees who are employed within 75 miles of the worksite at which that employee is employed.

(B) The refusal is necessary to prevent substantial and grievous economic injury to the operations of the employer.

(C) The employer notifies the employee of the intent to refuse reinstatement at the time the employer determines the refusal is necessary under subparagraph (B).

(2) In any case in which the leave has already commenced, the employer shall give the employee a reasonable opportunity to return to work following the notice prescribed by subparagraph (C).

(s) Leave taken by an employee pursuant to this section shall run concurrently with leave taken pursuant to the FMLA, except for any leave taken under the FMLA for disability on account of pregnancy, childbirth, or related medical conditions. The aggregate amount of leave taken under this section or the FMLA, or both, except for leave taken for disability on account of pregnancy, childbirth, or related medical conditions, shall not exceed 12 workweeks in a 12-month period. An employee is entitled to take, in addition to the leave provided for under this section and the FMLA, the leave provided for in Section 12945, if the employee is otherwise qualified for that leave.

SEC. 84. Section 56375 of the Government Code is amended to read:

56375. The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally, proposals for changes of organization or reorganization. Effective July 1, 1994, the commission may initiate proposals for consolidation of districts, as defined in Section 56036, dissolution, merger, or establishment of a subsidiary district, or a reorganization that includes any of these changes of organization. A commission shall have the authority to initiate a consolidation of districts, dissolution, merger, establishment of a subsidiary district, or a reorganization that includes any of these changes of organization only if that change of organization or reorganization is consistent with a recommendation or conclusion of a study prepared pursuant to Section 56378 or 56425. However, a commission shall not have the power to disapprove an annexation to a city, initiated by resolution, of contiguous territory that the commission finds is either:

(1) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(2) Located within an urban service area that has been delineated and adopted by a commission, is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

As a condition to the annexation of an area that is surrounded, or substantially surrounded, by the city to which the annexation is

proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

A commission shall not impose any conditions that would directly regulate land use density or intensity, property development, or subdivision requirements. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. This paragraph does not prohibit a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed. However, the commission shall not specify how, or in what manner, the territory shall be zoned.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization that includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in the resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated, successor city or district.

(d) To approve the annexation to a city after notice and hearing, and authorize the conducting authority to order annexation of the territory without an election, if the commission finds that the territory contained in an annexation proposal meets all of the following requirements:

(1) It does not exceed 75 acres in area, that area constitutes the entire island, and the island does not constitute a part of an unincorporated area that is more than 100 acres in area.

(2) It is surrounded in either of the following ways:

(A) Surrounded, or substantially surrounded, by the city to which annexation is proposed or by the city and a county boundary or the Pacific Ocean.

(B) Surrounded by the city to which annexation is proposed and adjacent cities.

(3) It is substantially developed or developing. The finding required by this paragraph shall be based upon one or more factors, including, but not limited to, any of the following factors:

(A) The availability of public utility services.

(B) The presence of public improvements.

(C) The presence of physical improvements upon the parcel or parcels within the area.

(4) It is not prime agricultural land, as defined by Section 56064.

(5) It will benefit from the annexation or is receiving benefits from the annexing city.

(e) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56111, that is located in the same county as that in which the city is located and is owned by

a city and used for municipal purposes, and to authorize the conducting authority to annex the territory without notice and hearing.

(f) Subject to Section 56029, to designate in the resolution making determinations the conducting authority for proceedings.

(g) When a change of organization or a reorganization includes the annexation of inhabited territory to a city and the assessed value of land within the territory equals one-half or more of the assessed value of land within the city, or the number of registered voters residing within the territory equals one-half or more of the number of registered voters residing within the city, to determine as a condition of the proposal that the change of organization or reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of the city to which annexation is proposed.

(h) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district. The number of registered voters shall be calculated as of the time of the last report of voter registration by the county clerk to the Secretary of State prior to the date the first signature was affixed to the petition. The executive officer shall notify the petitioners of the number of registered voters resulting from this calculation.

(i) To adopt written procedures for the evaluation of proposals. The commission may adopt standards for any of the factors enumerated in Section 56841. Any standards adopted by the commission shall be written.

(j) To adopt standards and procedures for the evaluation of service plans submitted pursuant to Section 56653 and the initiation of a change of organization or reorganization pursuant to subdivision (a).

(k) To make and enforce regulations for the orderly and fair conduct of hearings by the commission.

(l) To incur usual and necessary expenses for the accomplishment of its functions.

(m) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(n) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty of those boundaries, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(o) To waive the restrictions of Section 56109 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(p) To waive the application of Section 25210.90 or 22613 of the Streets and Highways Code if it finds that the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and that the waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(q) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56842.

In addition to the fines or other penalties provided by law, the court may order that person to pay to the pilot who is entitled to pilot the vessel the amount of pilotage fees collected.

(b) Any person may also be enjoined from engaging in the pilotage prescribed by subdivision (a) by a court of competent jurisdiction.

(c) This section does not apply to any of the following persons:

(B) The executive director immediately notifies the representative of the organization composed of state-licensed pilots, or his or her designee, that the vessel will hire a pilot not licensed by the state unless a state-licensed pilot offers to join the vessel immediately.

SEC. 89. Section 1171.5 of the Harbors and Navigation Code is amended to read:

(b) The board shall adopt reasonable rules and regulations that require pilots to be qualified to perform all pilot duties.

(c) The board shall adopt, by regulation, training standards and a training program for pilots, inland pilots, and pilot trainees. In the case of pilot trainees, the training program shall be for a minimum of one year and a maximum of three years. In the case of pilots and inland pilots, the board shall specify the type, nature, duration, and frequency of the training required and the identity of the pilots or inland pilots who are required to undergo training in the next 12-month period. Pursuant to Section 1182, the license of a pilot or inland pilot may be revoked or suspended if he or she fails to complete the training required by this subdivision during the period specified. The board shall also require that an evaluation of the pilot's or inland pilot's performance be prepared by the institution selected by the board to provide pilot training, and the institution shall provide copies of the evaluation to the pilot or inland pilot and to the pilot evaluation committee.

(h) The training program for pilots, inland pilots, and pilot trainees shall be funded from the Board of Pilot Commissioners' Special Fund pursuant to Section 1159.

SEC. 90. Section 429.13 of the Health and Safety Code, as added by Chapter 639 of the Statutes of 1991, is amended and renumbered to read:

429.20. The Legislature hereby finds and declares all of the following:

(a) More than 700,000 California health care workers and professionals, such as nurses, physicians and surgeons and housekeeping staff, daily put their lives at risk of infection from deadly, bloodborne diseases in order to provide health care for all Californians.

(b) Nationally, more than 1,000 health care personnel a year are infected with Hepatitis B, and 250 die of this disease.

(c) Approximately 30 cases of occupational exposure to HIV have been conclusively documented by the federal Centers for Disease Control.

(d) Studies estimate that it is likely that several hundred health care workers nationwide have been infected with HIV on the job.

(e) Some bloodborne diseases, including infection with HIV, can be prevented only through avoiding exposure to the pathogen.

(f) In 1989, the federal Occupational Safety and Health Administration estimated that health care personnel suffer 889,000 exposures to bloodborne diseases annually nationwide and that 790,000 of these exposures results from injuries from sharp instruments, including needle sticks.

(g) During a six-month period, more than 200 exposures of health care personnel to blood and other bodily fluids were documented at a single hospital, the Medical Center at the University of California, San Francisco.

(h) While most health care employers have implemented rigorous, universal infection control procedures, requiring gloving and other protective equipment, exposure to bloodborne diseases continues to be a major risk for health care workers.

(i) As the federal Occupational Safety and Health Administration has noted, gloving and other protective devices cannot prevent puncture injuries from needles and other sharp instruments.

(j) Medical devices, such as needles and intravenous tubing, are reviewed by the federal Food and Drug Administration for patient safety and efficacy but are not reviewed by any state or federal agency for worker safety.

(k) It is estimated that improved product design of medical devices, such as needles, syringes, connectors for intravenous tubes, and vacuum tubes used to draw blood could reduce injuries involving exposure to blood by as much as 85 percent.

SEC. 91. Section 429.14 of the Health and Safety Code, as added by Chapter 639 of the Statutes of 1991, is amended and renumbered to read:

429.21. It is the intent of the Legislature in enacting this article to reduce exposure of health care personnel to deadly, bloodborne diseases by encouraging the development and use of medical devices that are designed to assure worker safety as well as the safety of patients and the efficacy of the device.

SEC. 92. Section 429.15 of the Health and Safety Code, as added by Chapter 639 of the Statutes of 1991, is amended and renumbered to read:

429.22. (a) The program on occupational health and occupational disease prevention of the state department shall do all of the following:

(1) In coordination with the Division of Occupational Safety and Health, review and analyze existing studies, data, and other information on safety-enhanced product design of medical devices that place health care workers at risk of exposure to bloodborne diseases including, but not limited to, syringes and intravenous tubing that have sharp points.

(2) Collect and evaluate information from health facilities that are using medical devices that have been redesigned to enhance worker safety.

(3) To the extent that funding is available, conduct demonstration projects to test the use of safety enhanced medical devices at health facilities that volunteer to participate in these projects.

(4) Report to the Legislature and the Department of Industrial Relations its findings regarding the use of safety-enhanced product design for medical devices. These findings shall include analysis and recommendations regarding projected cost savings to health facilities, actual improvement in worker safety, and continued patient safety and efficacy.

(b) The duties required by this section shall be performed to the extent that the state department obtains funds from private sources and the federal government.

SEC. 93. Section 429.16 of the Health and Safety Code is amended to read:

429.16. (a) A program is hereby established within the

department to meet the requirements of the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. Sec. 4851 and following) and Title X of the Housing and Community Development Act of 1992 (P.L. 102-550).

(b) The department shall implement and administer the program. The department shall have powers and authority consistent with the intent of, and shall promulgate regulations to establish the program as an authorized state program pursuant to, Title IV, Section 402 to 404, inclusive, of the Toxic Substances Control Act (15 U.S.C. Sec. 2601 and following).

(c) Regulations regarding accreditation of training providers that are promulgated pursuant to subdivision (b) shall include, but not be limited to, provisions governing accreditation of providers of health and safety training to employees who engage in or supervise lead-related construction work as defined in Section 6716 of the Labor Code, and certification of employees who have successfully completed that training. Regulations regarding accreditation of training providers shall, as a condition of accreditation, require providers to offer training that meets the requirements of Section 6717 of the Labor Code. The department shall, not later than August 1, 1994, adopt regulations establishing fees for the accreditation of training providers, the certification of individuals, and the licensing of entities engaged in lead-related occupations. The fees imposed under this subdivision shall be established at levels not exceeding an amount sufficient to cover the costs of administering and enforcing the standards and regulations promulgated under this section. The fees established pursuant to this subdivision shall not be imposed on any state or local government or nonprofit training program.

(d) All regulations affecting the training of employees shall be adopted in consultation with the Division of Occupational Safety and Health. The regulations shall include provisions for allocating to the division an appropriate portion of funds to be expended for the program for the division's cost of enforcing compliance with training and certification requirements. The department shall adopt regulations to establish the program on or before August 1, 1994.

(e) The department shall review and amend its training, certification, and accreditation regulations promulgated under this section as is necessary to ensure continued eligibility for federal and state funding of lead-hazard reduction activities in the state.

1250.03. A rural general acute care hospital that does not provide surgical and anesthesia services shall maintain written transfer agreements with one or more general acute care hospitals that provide surgical and anesthesia services.

SEC. 95. Section 1259.5 of the Health and Safety Code is amended to read:

1259.5. By January 1, 1995, each general acute care hospital, acute

psychiatric hospital, special hospital, psychiatric health facility, and chemical dependency recovery hospital shall establish written policies and procedures to screen patients routinely for the purpose of detecting spousal or partner abuse. The policies shall include guidelines on all of the following:

(a) Identifying, through routine screening, spousal or partner abuse among patients.

(b) Documenting patient injuries or illnesses attributable to spousal or partner abuse.

(c) Educating appropriate hospital staff about the criteria for identifying, and the procedures for handling, patients whose injuries or illnesses are attributable to spousal or partner abuse.

(d) Advising patients exhibiting signs of spousal or partner abuse of crisis intervention services that are available either through the hospital facility or through community-based crisis intervention and counseling services.

(e) Providing to patients who exhibit signs of spousal or partner abuse information on domestic violence and a referral list, to be updated periodically, of private and public community agencies that provide, or arrange for, evaluation of and care for persons experiencing spousal or partner abuse, including, but not limited to, hot lines, local battered women's shelters, legal services, and information about temporary restraining orders.

SEC. 96. Section 1266 of the Health and Safety Code is amended to read:

1266. (a) Each new and renewal application for a license for the health facilities listed below shall be accompanied by an annual fee as set forth below.

(1) The annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, and chemical dependency recovery hospital, based on the number of licensed beds, is as follows

1-49 beds	\$460 plus \$8 per bed

100 or more beds	\$3,183 plus \$26 per bed

(3) The fees specified in this subdivision shall be adjusted commencing July 1, 1983, as proposed in the state department 1983-84 fiscal year Health Facility License Fee Report to the Legislature. Commencing July 1, 1984, fees provided in this subdivision shall be adjusted annually, as directed by the Legislature in the annual Budget Act.

(b) (1) By March 17 of each year, the State Department of Health Services shall make available to interested parties, upon request, information regarding the methodology and calculations used to determine the fee amounts specified in this section, the staffing and systems analysis required under subdivision (e), the program costs associated with the licensing provisions of this division, and the actual numerical fee charges to be implemented on June 30 of that year. The methodology and calculations used to determine the fee amounts shall result in fee levels that are sufficient to provide revenues equal to the sum of the following:

(A) The General Fund expenditures for the fiscal year ending on June 30 of that year, as specified in the Governor's proposed budget, less license fees estimated to be collected in that fiscal year under the licensing provisions of this division, excluding licensing fees collected pursuant to this section.

The methodology for calculating the fee levels shall include an adjustment that takes into consideration the actual amount of license fee revenue collected pursuant to this section for that prior fiscal year.

(2) The information specified in paragraph (1) shall specifically identify federal funds received, but not previously budgeted, for the licensing provisions of this division that are used to offset the amount of General Fund money to be recovered through license fees. The information also shall identify the purpose of federal funds received for any additional activities under the licensing provisions of this division that are not used to offset the amount of General Fund money.

(c) The annual fees determined pursuant to this section shall be waived for any health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or office, by the Regents of the University of California, or by a local hospital district, city, county, or city and county.

(d) The department shall, by July 30 of each year, publish a list of actual numerical fee charges as adjusted pursuant to this section. This adjustment of fees and the publication of the fee list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. If the published list of fees is higher than that made available to interested parties pursuant to subdivision (b), the affected health facilities may choose to pay the fee in the amount presented at the public hearing and to defer payment of the additional increment until 60 days after publication of the list of fees pursuant to this subdivision.

(e) Prior to the establishment of the annual fee, the state department shall prepare a staffing and systems analysis to ensure

the efficient and effective utilization of fees collected, and the proper allocation of departmental resources to licensing and certification activities, survey schedules, complaint investigations, enforcement and appeal activities, data collection and dissemination, surveyor training, and policy development.

The analysis prepared under this subdivision shall be included in the information made available pursuant to subdivision (b), and shall include all of the following:

(1) The number of surveyors and administrative support personnel devoted to the licensing and certification of health care facilities.

The annual staffing and systems analysis shall be presented to the Health Care Advisory Committee and the Legislature prior to the establishment and adoption of the annual fee.

(f) The annual fee for a congregate living health facility shall initially be based, until adjusted by the Legislature in a Budget Act, on the number of licensed beds as follows:

1-3 beds	\$ 800
4-6 beds	\$1,000
7-10 beds	\$1,200
11-15 beds	\$1,500
16 or more beds	\$1,700

Commencing July 1, 1991, fees specified in this subdivision shall be adjusted annually, as directed by the Legislature in the annual Budget Act.

(g) The annual fee for a pediatric day health and respite care facility, as defined in Section 1760.2, shall initially be based, until adjusted by the Legislature in a Budget Act, on the number of licensed beds as follows:

SEC. 97. Section 1357 of the Health and Safety Code is amended to read:

1357. As used in this article:

(a) "Dependent" means the spouse or child of an eligible employee, subject to applicable terms of the health care plan contract covering the employee, and includes dependents of guaranteed association members if the association elects to include dependents under its health coverage at the same time it determines its membership composition pursuant to subdivision (o).

(b) "Eligible employee" means either of the following:

(1) Any permanent employee who is actively engaged on a full-time basis in the conduct of the business of the small employer with a normal workweek of at least 30 hours, at the small employer's regular places of business, who has met any statutorily authorized applicable waiting period requirements. The term includes sole proprietors or partners of a partnership, if they are actively engaged on a full-time basis in the small employer's business and included as employees under a health care plan contract of a small employer, but does not include employees who work on a part-time, temporary, or substitute basis. It includes any eligible employee as defined in this paragraph who obtains coverage through a guaranteed association. Employees of employers purchasing through a guaranteed association shall be deemed to be eligible employees if they would otherwise meet the definition except for the number of persons employed by the employer.

(2) Any member of a guaranteed association as defined in subdivision (o).

(c) "In force business" means an existing health benefit plan contract issued by the plan to a small employer.

(d) "Late enrollee" means an eligible employee or dependent who has declined enrollment in a health benefit plan offered by a small employer at the time of the initial enrollment period provided under the terms of the health benefit plan and who subsequently requests enrollment in a health benefit plan of that small employer, provided that the initial enrollment period shall be a period of at least 30 days. It also means any member of an association that is a guaranteed association as well as any other person eligible to

purchase through the guaranteed association when that person has failed to purchase coverage during the initial enrollment period provided under the terms of the guaranteed association's plan contract and who subsequently requests enrollment in the plan, provided that the initial enrollment period shall be a period of at least 30 days. However, an eligible employee, any other person eligible for coverage through a guaranteed association pursuant to subdivision (o), or dependent shall not be considered a late enrollee if: (1) the individual meets all of the following: (A) he or she was covered under another employer health benefit plan at the time the individual was eligible to enroll; (B) he or she certified at the time of the initial enrollment that coverage under another employer health benefit plan was the reason for declining enrollment, provided that, if the individual was covered under another employer health plan, the individual was given the opportunity to make the certification required by this subdivision and was notified that failure to do so could result in later treatment as a late enrollee; (C) he or she has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan's coverage, cessation of an employer's contribution toward an employee or dependent's coverage, death of the person through whom the individual was covered as a dependent, or divorce; and (D) he or she requests enrollment within 30 days after termination of coverage or employer contribution toward coverage provided under another employer health benefit plan; (2) the employer offers multiple health benefit plans and the employee elects a different plan during an open enrollment period; (3) a court has ordered that coverage be provided for a spouse or minor child under a covered employee's health benefit plan and request for enrollment is made within 30 days after issuance of the court order; (4) (A) in the case of an eligible employee as defined in paragraph (1) of subdivision (b), the plan cannot produce a written statement from the employer stating that the individual or the person through whom the individual was eligible to be covered as a dependent, prior to declining coverage, was provided with, and signed, acknowledgment of an explicit written notice in bold type specifying that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the individual's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion, unless the individual meets the criteria specified in paragraph (1), (2), or (3); (B) in the case of an association member who did not purchase coverage through a guaranteed association, the plan cannot produce a written statement from the association stating that the association sent a written notice in bold type to all potentially eligible association members at their last known address prior to the initial

enrollment period informing members that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the member's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion unless the member can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1) or paragraph (2) or (3); or (C) in the case of an employer or person who is not a member of an association, was eligible to purchase coverage through a guaranteed association, and did not do so, and would not be eligible to purchase guaranteed coverage unless purchased through a guaranteed association, the employer or person can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1), or paragraph (2) or (3), or that he or she recently had a change in status that would make him or her eligible and that application for enrollment was made within 30 days of the change.

(e) "New business" means a health care service plan contract issued to a small employer that is not the plan's in force business.

(f) "Preexisting condition provision" means a contract provision that excludes coverage for charges or expenses incurred during a specified period following the employee's effective date of coverage, as to a condition for which medical advice, diagnosis, care, or treatment was recommended or received during a specified period immediately preceding the effective date of coverage.

(g) "Qualifying prior coverage" means:

(1) Any individual or group policy, contract, or program that is written or administered by a disability insurer, nonprofit hospital service plan, health care service plan, fraternal benefits society, self-insured employer plan, or any other entity, in this state or elsewhere, and that arranges or provides medical, hospital, and surgical coverage not designed to supplement other private or governmental plans. The term includes continuation or conversion coverage but does not include accident only, credit, disability income, Medicare supplement, long-term care, dental, vision, coverage issued as a supplement to liability insurance, insurance arising out of a workers' compensation or similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and that is statutorily required to be contained in any liability insurance policy or equivalent self-insurance.

(2) The federal Medicare program pursuant to Title XVIII of the Social Security Act.

(3) The medicaid program pursuant to Title XIX of the Social Security Act.

(4) Any other publicly sponsored program, provided in this state or elsewhere, of medical, hospital, and surgical care.

(h) "Rating period" means the period for which premium rates established by a plan are in effect, and shall be no less than six months.

(i) "Risk adjusted employee risk rate" means the rate determined for an eligible employee of a small employer in a particular risk category after applying the risk adjustment factor.

(j) "Risk adjustment factor" means the percentage adjustment to be applied equally to each standard employee risk rate for a particular small employer, based upon any expected deviations from standard cost of services. This factor may not be more than 120 percent or less than 80 percent until July 1, 1996. Effective July 1, 1996, this factor may not be more than 110 percent or less than 90 percent.

(k) "Risk category" means the following characteristics of an eligible employee: age, geographic region, and family composition of the employee, plus the health benefit plan selected by the small employer.

(1) No more than the following age categories may be used in determining premium rates:

- Under 30
- 30-39
- 40-49
- 50-54
- 55-59
- 60-64
- 65 and over

However, for the 65 and over age category, separate premium rates may be specified depending upon whether coverage under the plan contract will be primary or secondary to benefits provided by the federal Medicare program pursuant to Title XVIII of the federal Social Security Act.

(2) Small employer health care service plans shall base rates to small employers using no more than the following family size categories:

- (A) Single.
- (B) Married couple.
- (C) One adult and child or children.
- (D) Married couple and child or children.

(3) (A) In determining rates for small employers, a plan that operates statewide shall use no more than nine geographic regions in the state, have no region smaller than an area in which the first three digits of all its ZIP Codes are in common within a county, and divide no county into more than two regions. Plans shall be deemed to be operating statewide if their coverage area includes 90 percent or more of the state's population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous.

(B) In determining rates for small employers, a plan that does not operate statewide shall use no more than the number of geographic regions in the state than is determined by the following formula: the

population, as determined in the last federal census, of all counties that are included in their entirety in a plan's service are divided by the total population of the state, as determined in the last federal census, multiplied by nine. The resulting number shall be rounded to the nearest whole integer. No region may be smaller than an area in which the first three digits of all its ZIP Codes are in common within a county and no county may be divided into more than two regions. The area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous. No plan shall have less than one geographic area.

Nothing in this section shall be construed to require a plan to establish a new service area or to offer health coverage on a statewide basis, outside of the plan's existing service area.

(l) "Small employer" means either of the following:

(1) Any person, firm, proprietary or nonprofit corporation, partnership, public agency, or association that is actively engaged in business or service, that, on at least 50 percent of its working days during the preceding calendar quarter, employed at least three, but no more than 50, eligible employees, the majority of whom were employed within this state, that was not formed primarily for purposes of buying health care service plan contracts, and in which a bona fide employer-employee relationship exists. However, for purposes of subdivisions (a), (b), and (c) of Section 1357.03, the definition shall include employers with at least five eligible employees until July 1, 1994, four eligible employees until July 1, 1995, and three eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies and that are eligible to file a combined tax return for purposes of state taxation shall be considered one employer. Subsequent to the issuance of a health care service plan contract to a small employer pursuant to this article, and for the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as otherwise specifically provided in this article, provisions of this article that apply to a small employer shall continue to apply until the plan contract anniversary following the date the employer no longer meets the requirements of this definition. It includes any small employer as defined in this paragraph who purchases coverage through a guaranteed association, and any employer purchasing coverage for employees through a guaranteed association.

(2) Any guaranteed association, as defined in subdivision (n), that purchases health coverage for members of the association.

(m) "Standard employee risk rate" means the rate applicable to an eligible employee in a particular risk category in a small employer group.

(n) "Guaranteed association" means a nonprofit organization comprised of a group of individuals or employers who associate based solely on participation in a specified profession or industry, accepting for membership any individual or employer meeting its membership

criteria, and that (1) includes one or more small employers as defined in paragraph (1) of subdivision (1), (2) does not condition membership directly or indirectly on the health or claims history of any person, (3) uses membership dues solely for and in consideration of the membership and membership benefits, except that the amount of the dues shall not depend on whether the member applies for or purchases insurance offered to the association, (4) is organized and maintained in good faith for purposes unrelated to insurance, (5) has been in active existence on January 1, 1992, and for at least five years prior to that date, (6) has included health insurance as a membership benefit for at least five years prior to January 1, 1992, (7) has a constitution and bylaws, or other analogous governing documents that provide for election of the governing board of the association by its members, (8) offers any plan contract that is purchased to all individual members and employer members in this state, (9) includes any member choosing to enroll in the plan contracts offered to the association provided that the member has agreed to make the required premium payments, and (10) covers at least 1,000 persons with the health care service plan with which it contracts. The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a contract issued by a plan is with an association or a trust formed for, or sponsored by, an association to administer benefits for association members.

For purposes of this subdivision, an association formed by a merger of two or more associations after January 1, 1992, and otherwise meeting the criteria of this subdivision shall be deemed to have been in active existence on January 1, 1992, if its predecessor organizations had been in active existence on January 1, 1992, and for at least five years prior to that date and otherwise met the criteria of this subdivision.

(o) "Members of a guaranteed association" means any individual or employer meeting the association's membership criteria if that person is a member of the association and chooses to purchase health coverage through the association. At the association's discretion, it also may include employers and employees of association members, employees of employers of association members, association staff, retired members, retired employees of members, and surviving spouses and dependents of deceased members. However, if an association chooses to include these persons as members of the guaranteed association, the association shall make that election in advance of purchasing a plan contract. Health care service plans may require an association to adhere to the membership composition it selects for up to 12 months.

SEC. 98. Section 1367.5 of the Health and Safety Code, as added by Chapter 1134 of the Statutes 1992, is amended and renumbered to read:

1367.35. 1418.8. (a) If the attending physician and surgeon of a resident in a skilled nursing facility or intermediate care facility prescribes or orders a medical intervention for which informed consent is required to be obtained prior to administration of the medical intervention, but is unable to obtain informed consent because the physician and surgeon determines that the resident lacks capacity to make decisions concerning his or her health care and that there is no person with legal authority to make those decisions on behalf of the resident, the physician and surgeon shall so inform the skilled nursing facility or intermediate care facility.

(b) The attending physician and the skilled nursing facility or intermediate care facility may initiate a medical intervention that requires informed consent pursuant to subdivision (c) in accordance with acceptable standards of practice.

(g) Nothing in this section shall in any way affect the right of a resident of a skilled nursing facility or intermediate care facility for whom medical intervention has been prescribed, ordered, or administered pursuant to this section to seek appropriate judicial relief to review the decision to provide the medical intervention.

(h) No physician or other health care provider whose action under this section is in accordance with reasonable medical standards is subject to administrative sanction if the physician or health care provider believes in good faith that the action is consistent with this section and the desires of the resident or, if unknown, the best interests of the resident.

(i) This section shall remain in effect only until January 1, 1995, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1995, deletes or extends that date.

(p) Documentation demonstrating that the monitoring system and methods used at the facility can detect any seepage, including any leaks, cracks, or malfunctions in the well or a breach of the confining zone, before the hazardous waste constituents migrate from the well above the injection zone or from the confining zone. This documentation shall include, but is not limited to, substantiation of all of the following:

(1) The monitoring system is effective enough, and includes a sufficient number of monitoring wells in the major water-bearing zones, which are located close enough to the injection well casing and to the injection zone, to verify that no lateral and vertical migration of any constituents discharged into the well is occurring outside of the injection zone.

(2) Monitoring wells are not located within the influence of any

adjacent pumping wells that might impair their effectiveness.

(3) Monitoring wells are only screened in the aquifer to be monitored and are monitored for both pressure and water quality.

(4) The chosen casing material does not adversely react with the potential contaminants of major concern at the facility.

(5) The casing diameter allows an adequate amount of water to be removed during sampling and allows full development of the monitor well.

(6) Monitoring wells are constructed so as not to provide potential conduits for migration of pollution, and the wells' construction features, including annular seals, prevent pollutants from migrating up or down the monitoring well.

(7) The methods of water sample collection require that the samples are transported and handled in accordance with the United States Geological Survey's "National Handbook of Recommended Methods for Water-Data Acquisition," which provides guidelines for collection and analysis of groundwater samples for selected unstable constituents and any additional procedures specified by the department. For all monitoring wells, except those extending into the injection zone, the sample shall be collected after at least five well volumes have been removed from the well.

(8) The hazardous waste constituents selected for analysis are specific to the facility, taking into account the chemical composition of hazardous wastes previously discharged into the injection well. The monitoring data shall be arranged in tabular form so that the date, the constituents, and the concentrations are readily discernible.

(9) The frequency of monitoring is sufficient to give timely warning of migration of hazardous waste constituents so that remedial action can be taken prior to any adverse changes in the quality of the groundwater.

(10) A written statement from the qualified person preparing the report indicating whether any constituents have migrated into the surface water bodies or any strata outside the injection zone, including water-bearing strata.

(11) A written statement from the qualified person preparing the report indicating whether any migration of hazardous waste constituents into surface water bodies or any strata outside the injection zone, including water-bearing strata, is likely or not likely to occur within five years, and any evidence supporting that statement.

(q) This section applies only to injection wells into which hazardous waste is discharged.

SEC. 109. Section 25187 of the Health and Safety Code is amended to read:

25187. (a) (1) Whenever the department, a local health officer authorized pursuant to Section 25187.7, or a local public officer designated by the director pursuant to subdivision (a) of Section 25180 and authorized pursuant to Section 25187.7 determines that any person has violated, is in violation of, or threatens, as defined in

subdivision (e) of Section 13304 of the Water Code, to violate, this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, Chapter 6.8 (commencing with Section 25300), or Article 3 (commencing with Section 25810) of Chapter 7.6, of this division, or the department, an authorized local health officer, or an authorized local public officer determines that there is or has been a release, as defined in Chapter 6.8 (commencing with Section 25300), of hazardous waste or constituents into the environment from a hazardous waste facility, the department, authorized local health officer, or authorized local public officer may issue an order specifying a schedule for compliance or correction and imposing an administrative penalty for any violation of this chapter or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter.

(2) An order issued pursuant to this section shall include a requirement that the person take corrective action with respect to hazardous waste, including the cleanup of the hazardous waste, abatement of the effects thereof, and any other necessary remedial action. An order issued pursuant to this section that requires corrective action at a hazardous waste facility shall require that corrective action be taken beyond the facility boundary, where necessary to protect human health or the environment. The order shall incorporate, as a condition of the order, any applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board, and shall be consistent with all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code and state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the issuance of the order, to the extent that the department, authorized local health officer, or authorized local public officer determines that those plans and policies are not less stringent than this chapter and regulations adopted pursuant to this chapter. The department, authorized local health officer, or authorized local public officer also may include any more stringent requirement that the department, authorized local health officer, or authorized local public officer determines is necessary or appropriate to protect water quality. Persons who are subject to an order pursuant to this section include present and prior owners, lessees, or operators of the property where the hazardous waste is located, present or past generators, storers, treaters, transporters, disposers, and handlers of hazardous waste, and persons who arrange, or have arranged, by contract or other agreement, to store, treat, transport, dispose of, or otherwise handle hazardous waste.

(3) In an order proposing a penalty pursuant to this section, the

department shall take into consideration the nature, circumstances, extent, and gravity of the violation, the violator's past and present efforts to prevent, abate, or clean up conditions posing a threat to the public health or safety or the environment, the violator's ability to pay the proposed civil penalty, and the prophylactic effect that imposition of the proposed penalty would have on both the violator and the regulated community as a whole.

(b) For purposes of subdivision (a), "hazardous waste facility" includes the entire site that is under the control of an owner or operator engaged in the management of hazardous waste.

(c) Any order issued pursuant to subdivision (a) shall be served by personal service or certified mail and shall inform the person so served of the right to a hearing.

(d) (1) Any person served with an order pursuant to subdivision (c) who has been unable to resolve any violation or deficiency on an informal basis with the department, authorized local health officer, or authorized local public officer may, within 15 days after service of the order, request a hearing by filing with the department, authorized local health officer, or authorized local public officer a notice of defense. The notice shall be filed with the office that issued the order. A notice of defense shall be deemed filed within the 15-day period provided by this subdivision if it is postmarked within that 15-day period. If no notice of defense is filed within the time limits provided by this subdivision, the order shall become final.

(2) If a person served with an order pursuant to subdivision (c) chooses to resolve the content, terms, or conditions of the order directly with the department, authorized local health officer, or authorized local public officer and does not file an administrative or judicial appeal, the person may request, and the department, authorized local health officer, or authorized local public officer shall prepare, a written statement, which the department, authorized local health officer, or authorized local public officer shall amend into the order, which explains the violation and the penalties applied, including the nature, extent, and gravity of the violations, and which includes a brief description of any mitigating circumstances and any explanations by the respondent. Any amendment to include the written statement prepared pursuant to this subdivision does not constitute a new order and does not create new appeal rights.

(e) Except as provided in subdivision (f), any hearing requested under subdivision (d) shall be conducted within 90 days after receipt of the notice of defense by an administrative law judge of the Office of Administrative Hearings of the Department of General Services in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the authority granted to an agency by those provisions.

(f) Any provision of an order issued under subdivision (a), except the imposition of an administrative penalty, shall take effect upon issuance by the department if the department finds that the violation

or violations of law associated with that provision may pose an imminent and substantial endangerment to the public health or safety or the environment, and a request for a hearing shall not stay the effect of that provision of the order pending a decision by the department under subdivision (e). However, in the event that the department determines that any or all provisions of the order are so related that the public health or safety or the environment can be protected only by immediate compliance with the order as a whole, then the order as a whole, except the imposition of an administrative penalty, shall take effect upon issuance by the department. A request for a hearing shall not stay the effect of the order as a whole pending a decision by the hearing officer under subdivision (e). Any order issued after a hearing requested under subdivision (d) shall take effect upon issuance by the department.

(g) A decision issued pursuant to this section may be reviewed by the court pursuant to Section 11523 of the Government Code. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the department if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.

(h) Except as otherwise provided in subdivisions (i) and (j), all administrative penalties collected under this section shall be placed in a separate subaccount in the Hazardous Waste Control Account and shall be available for expenditure by the department only upon appropriation by the Legislature.

(i) Fifty percent of the penalties collected from actions brought by local health officers or designated local public officers pursuant to this section shall be paid to the city or county whose local health officer or designated local public officer imposed the penalty, and shall be deposited into a special account that may be expended to fund the activities of the local health officer or designated local public officer in enforcing this chapter pursuant to Section 25180, after the director determines that the local agency enforcement of this section is fair and reasonable.

(j) Fifty percent of the penalties collected from actions brought by local health officers or designated local public officers pursuant to this section shall be paid to the department and deposited in the Hazardous Waste Control Account for expenditure by the department, upon appropriation by the Legislature, in connection with activities of local health officers or designated local public officers.

SEC. 110. Section 25200.1.5 of the Health and Safety Code is amended to read:

25200.1.5. (a) The department may establish an administrative process to certify hazardous waste environmental technologies that it determines will not pose a significant potential hazard to the public

health and safety or to the environment if they are used under specified operating conditions and can be operated without specialized training and with minimal maintenance. Hazardous waste environmental technologies that may be certified include, but are not limited to, hazardous waste management technologies, site mitigation technologies, and waste minimization and pollution prevention technologies. The certification process shall not be used for hazardous waste incineration technologies. The certification shall include all of the following:

(1) A statement of the technical specifications applicable to the technology.

(2) A determination of the composition of the hazardous wastes or chemical constituents for which the technology can appropriately be used.

(3) An estimate of the efficacy and efficiency of the technology in regard to the hazardous wastes or chemical constituents for which it is certified.

(4) A specification of the minimal operational standards that the technology is required to meet to ensure that the certified technology is managed properly and used safely.

(b) An applicant for certification of a hazardous waste environmental technology shall provide the department with any information required by the department to make a determination on the application for certification.

(c) The department's proposed decision on an application for certification of a hazardous waste environmental technology shall be published in the California Regulatory Notice Register and shall be subject to a 30-day comment period. The department's final decision on an application for certification of a hazardous waste environmental technology shall become effective not sooner than 30 days after publication of the final decision in the California Regulatory Notice Register.

(d) The department may decertify a hazardous waste environmental technology if it determines, on the basis of any information, that the hazardous waste environmental technology may pose a significant potential hazard to the public health and safety or to the environment. The department may decertify a hazardous waste environmental technology in accordance with the procedure set forth in subdivision (c).

(e) The department's decision on an application for certification under this section is exempt from the requirements of Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and shall not be subject to the review and approval of the Office of Administrative Law.

(f) Based on the determination made by the department pursuant to subdivision (a), other local and state government permitting authorities may take this certification process into consideration

when making their permitting decisions.

(g) (1) The department shall place appropriate conditions on any certification granted pursuant to this section. Those conditions may include, but are not limited to, all of the following:

(A) Limits on the types, volume, and concentration of waste streams that may be employed with the technology.

(B) Operating requirements.

(C) Monitoring requirements.

(2) Any technology certified by the department pursuant to this section may be eligible for authorization pursuant to permit-by-rule or conditional authorization pursuant to Section 25201.5, or conditional exemption pursuant to Section 25200.3, only if the department determines that the use of that technology to handle the waste stream or streams is demonstrated to be as safe and as effective as the processes that are subject to regulation pursuant to permit-by-rule or conditional authorization pursuant to Section 25201.5 or conditional exemption pursuant to Section 25200.3. A certified technology determined to be eligible for authorization pursuant to permit-by-rule shall, in addition to any conditions placed on the certification pursuant to paragraph (1), operate in accordance with all conditions of the certification and permit-by-rule.

(h) The department shall charge fees to review and certify environmental technologies pursuant to this section that are sufficient to recover the actual costs of the department in reviewing and approving the technology.

(i) The department shall implement a program to continually monitor and oversee manufacturers and users of technologies certified pursuant to this section, in order to ensure that the certified technologies are operating in a manner that is not hazardous to human health and safety or to the environment.

(j) The department shall adopt regulations to implement the certification process.

SEC. 111. Section 25201.5 of the Health and Safety Code is amended to read:

25201.5. (a) Notwithstanding any other provision of law, a hazardous waste facility permit is not required for a generator who treats hazardous waste of a total weight of not more than 500 pounds, or a total volume of not more than 55 gallons, in any calendar month, if both of the following conditions are met:

(1) The hazardous waste is not an extremely hazardous waste and is listed in Section 67450.11 of Title 22 of the California Code of Regulations, as in effect on January 1, 1992, as eligible for treatment pursuant to the regulations adopted by the department for operation under a permit-by-rule, and the treatment technology used is approved for that waste stream in Section 67450.11 of Title 22 of the California Code of Regulations for treatment under a permit-by-rule.

(2) The generator is not otherwise required to obtain a hazardous waste facility permit or other grant of authorization for any other hazardous waste management activity at the facility.

(b) Notwithstanding any other provision of law, treatment in the following units is ineligible for exemption pursuant to subdivision (a) or (c):

- (1) Landfills.
- (2) Surface impoundments.
- (3) Injection wells.
- (4) Waste piles.
- (5) Land treatment units.
- (6) Thermal destruction units.

(c) Notwithstanding any other provision of law, a hazardous waste facility permit or other grant of authorization is not required to conduct the following treatment activities, if the generator treats the following hazardous waste streams using the treatment technology required by this subdivision:

(1) The generator treats resins mixed in accordance with the manufacturer's instructions.

(2) The generator treats a container having a capacity of 110 gallons or less, which is not constructed of wood, paper, cardboard, fabric, or any similar absorptive material, for the purposes of emptying the container as specified by Section 66261.7 of Title 22 of the California Code of Regulations, as revised July 1, 1990, or treats the inner liners removed from empty containers that once held hazardous waste or hazardous material. The generator shall treat the container or inner liner by using the following technologies, if the treated containers and rinseate are managed in compliance with the applicable requirements of this chapter:

(A) The generator rinses the container or inner liner with a suitable liquid capable of dissolving or removing the hazardous constituents that the container held.

(B) The generator uses physical processes, such as crushing, shredding, grinding, or puncturing, that change only the physical properties of the container or inner liner, if the container or inner liner is first rinsed as provided in subparagraph (A) and the rinseate is removed from the container or inner liner.

(3) The generator conducts drying by pressing or by passive or heat-aided evaporation to remove water from wastes classified as special wastes by the department pursuant to Section 66261.124 of Title 22 of the California Code of Regulations.

(4) The generator conducts magnetic separation or screening to remove components from wastes classified as special wastes by the department pursuant to Section 66261.124 of Title 22 of the California Code of Regulations.

(5) The generator neutralizes wastes that are hazardous solely due to corrosivity or toxicity that results only from the acidic or alkaline material, in elementary neutralization units, as defined in Section 66260.10 of Title 22 of the California Code of Regulations, if the wastes result solely from the regeneration of ion exchange media used to demineralize water, do not contain more than 10 percent acid or base concentration by weight, and are treated in vessels and

pipng constructed of materials compatible with the range of temperatures and pH levels, and subject to appropriate pH and temperature controls.

(6) The generator neutralizes acidic wastes that are hazardous solely due to corrosivity resulting from the presence of food or food by-products, and alkaline or acidic waste, other than wastes containing nitric acid, at SIC Code Group 20, food and kindred product facilities, as defined in subdivision (p) of Section 25501, if both of the following conditions are met:

(A) The neutralization process does not result in the emission of volatile hazardous waste constituents or toxic air contaminants.

(B) The neutralization process is required in order to meet discharge or other regulatory requirements.

(7) The generator processes effluent hazardous waste for disposal from the processing of silver halide-based imaging products, if all of the following conditions are met:

(A) The effluent is a hazardous waste solely due to its silver content.

(B) The effluent is treated within 90 days of its generation.

(C) The effluent is treated in a tank or container.

(D) The total influent hazardous waste stream treated does not exceed 500 gallons in any calendar month.

(E) The effluent is treated with a technology or combination of technologies that recover the silver to a level less than 5 mg/l total silver in the final waste water discharge, or a lower level as may be set by the local publicly owned treatment works.

(8) Except as provided for specific waste streams in Section 25200.3, the generator conducts the separation by gravity of the following, if the activity is conducted in impervious tanks or containers constructed of noncorrosive materials, the activity does not involve the addition of heat or other form of treatment, or the addition of chemicals other than flocculants and demulsifiers, and the activity is managed in compliance with applicable requirements of federal, state, or local agency or treatment works:

(A) The settling of solids from waste where the resulting aqueous stream is not hazardous.

(B) The separation of oil and water mixtures and separation sludges, if the average oil recovered per month is less than 25 barrels.

(9) The generator is a laboratory that is certified by the State Department of Health Services or operated by an educational institution, and treats waste water that is generated onsite solely as a result of analytical testing, or is a laboratory that treats less than one gallon of hazardous waste, generated onsite, in any single batch, subject to the following conditions:

(A) The waste water treated is hazardous solely due to corrosivity or toxicity that results only from the acidic or alkaline material, as defined in Section 66260.10 of Title 22 of the California Code of Regulations, or is excluded from the definition of hazardous waste by subparagraph (E) of paragraph (2) of subsection (a) of Section

66261.3 of Title 22 of the California Code of Regulations, or both.

(B) The treatment meets the following requirements, in addition to all other requirements of this section:

(i) The treatment complies with all applicable pretreatment requirements.

(ii) Neutralization occurs in elementary neutralization units, as defined in Section 66260.10 of Title 22 of the California Code of Regulations; wastes to be neutralized do not contain any more than 10 percent acid or base concentration by weight, or any other concentration limit that may be imposed by the department; and vessels and piping for neutralization are constructed of materials compatible with the range of temperatures and pH levels, and subject to appropriate pH temperature controls.

(iii) Treatment does not result in the emission of volatile hazardous waste constituents or toxic air contaminants.

(10) The hazardous waste treatment is carried out in a quality control or quality assurance laboratory at a facility that is not an offsite hazardous waste facility and the treatment activity otherwise meets the requirements of paragraph (1) of subdivision (a).

(11) Any wastestream technology combination certified by the department, pursuant to Section 25200.1.5, as suitable for authorization pursuant to this section, that operates pursuant to the conditions imposed on that certification.

(d) A generator conducting treatment pursuant to subdivision (a) or (c) shall meet all of the following conditions:

(1) The waste being treated is generated onsite, and a residual material from the treatment of a hazardous waste generated offsite is not a waste that has been generated onsite.

(2) The treatment does not require a hazardous waste facilities permit pursuant to the federal act.

(3) The generator prepares and maintains written operating instructions and a record of the dates, amounts, and types of waste treated.

(4) The generator prepares and maintains a written inspection schedule and log of inspections conducted.

(5) The records specified in paragraphs (3) and (4) are maintained onsite for a period of three years.

(6) The generator maintains adequate records to demonstrate that it is in compliance with all applicable pretreatment standards and with all applicable industrial waste discharge requirements issued by the agency operating the publicly owned treatment works into which the wastes are discharged.

(7) (A) The generator submits a notification to the department and to the local health officer or other local public officer authorized to implement this chapter pursuant to Section 25180 on or before April 1, 1993, or, if the generator is commencing the first treatment of waste pursuant to this section, not more than 60 days before commencing treatment of that waste pursuant to this section. The notification shall be completed, dated, and signed in accordance with

the requirements of Section 66270.11 of Title 22 of the California Code of Regulations, as those requirements apply to permit applications, shall be on a form prescribed by the department, and shall include, but not be limited to, all of the following information:

(i) The name, identification number, site address, mailing address, and telephone number of the generator to whom the conditional exemption applies.

(ii) A description of the physical characteristics and chemical composition of the hazardous waste to which the conditional exemption applies.

(iii) A description of the hazardous waste treatment activity to which the conditional exemption applies, including, but not limited to, the basis for determining that a hazardous waste permit is not required under the federal act.

(iv) A description of the characteristics and management of any treatment residuals.

(B) The development and publication of the notification form specified in subparagraph (A) is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The department shall hold at least one public workshop concerning the development of the notification form.

(C) Any notification submitted pursuant to this paragraph shall supersede any prior notice of intent submitted by the same generator in order to obtain a permit-by-rule under the regulations adopted by the department. This subparagraph does not require the department to refund any fees paid for any application in conjunction with the submission of a notice of intent for a permit-by-rule.

(8) (A) Upon terminating operation of any treatment process or unit exempted pursuant to this section, the generator who conducted the treatment shall remove or decontaminate all waste residues, containment system components, soils, and other structures or equipment contaminated with hazardous waste from the unit. The removal of the unit from service shall be conducted in a manner that does both of the following:

(i) Minimizes the need for further maintenance.

(ii) Eliminates the escape of hazardous waste, hazardous constituents, leachate, contaminated runoff, or waste decomposition products to the environment after the treatment process is no longer in operation.

(B) Any owner or operator who permanently ceases operation of a treatment process or unit that is conditionally exempted pursuant to this section shall provide written notification to the department and to the local health officer or other local public officer designated by the director pursuant to Section 25180 upon completion of all activities required under this subdivision.

(9) The waste is managed in accordance with all applicable requirements for generators of hazardous waste under this chapter

and the regulations adopted by the department pursuant to this chapter.

(10) The generator submits a fee in the amount required by Section 25205.14. The generator shall submit that fee within 30 days after the date that the fee is assessed by the State Board of Equalization, in the manner specified by Section 43152.10 of the Revenue and Taxation Code.

(11) Notwithstanding any other provision of law, the generator shall submit the fee required by Section 25205.14 for the 1993 reporting period to the department as part of, and at the same time as, the notification required pursuant to paragraph (7) that is due on April 1, 1993. Any notification not accompanied by payment of the fee is invalid and shall not result in a grant of conditional exemption.

(e) (1) Unless otherwise required by federal law, ancillary equipment for a tank or container treating hazardous wastes solely pursuant to this section is not subject to Section 66265.193 of Title 22 of the California Code of Regulations if the ancillary equipment's integrity is attested to pursuant to Section 62265.191 of Title 22 of the California Code of Regulations every two years from the date that retrofitting requirements would otherwise apply.

(2) The Legislature hereby finds and declares that, in the case of underground, gravity-pressured sewer systems, integrity testing often is not feasible. Therefore, on or before June 30, 1994, the department shall, by regulation, determine the best feasible leak detection measures that are sufficient to ensure that underground gravity-pressured sewer systems, for which it is not feasible to conduct integrity testing, do not leak. On and after July 1, 1994, if it is not feasible for an operator's ancillary equipment, or a portion thereof, to undergo integrity testing, the operator is not subject to Section 66265.193 of Title 22 of the California Code of Regulations if the operator implements the best feasible leak detection measures that are determined to be sufficient by the department in those regulations, and those leak detection measures do not reveal any leaks emanating from the operator's ancillary equipment. Any ancillary equipment found to leak shall be retrofitted by the operator to meet the full secondary containment standards of Section 66265.196 of Title 22 of the California Code of Regulations.

(f) Nothing in this section shall abridge any authority granted to the department by any other provision of law to impose any further restrictions or limitations upon facilities that are subject to this section, which the department determines to be necessary to protect human health or the environment.

(g) A generator may contract with another party to provide onsite treatment in accordance with the permit exemption provisions of this section. Any person who performs onsite treatment in a transportable treatment unit pursuant to this subdivision shall comply with the standards set forth in this chapter for the same treatment units treating the same waste streams and shall be subject to any additional requirements for transportable treatment units that

are imposed by the department by regulations adopted pursuant to this section. The additional requirements may include, but shall not be limited to, a waste analysis plan, site-specific notification, financial assurances for third-party liability, operating standards, records retention, and time limits for the operation of the transportable treatment unit at a particular site.

(h) A generator conducting activities that are exempt from this chapter pursuant to Section 66261.7 of Title 22 of the California Code of Regulations, as that section read on January 1, 1993, is not required to comply with this section.

SEC. 112. Section 25201.10 of the Health and Safety Code, as added by Chapter 1117 of the Statutes of 1992, is amended and renumbered to read:

25201.11. (a) Copyright protection and all other rights and privileges provided pursuant to Title 17 of the United States Code are available to the department to the fullest extent authorized by law, and the department may sell, lease, or license for commercial or noncommercial use any work, including, but not limited to, videotapes, audiotapes, books, pamphlets, and computer software as that term is defined in Section 6254.9 of the Government Code, that the department produces whether the department is entitled to that copyright protection or not.

(b) Any royalties, fees, or compensation of any type that is paid to the department to make use of a work entitled to copyright protection shall be deposited in the Hazardous Waste Control Account.

(c) Nothing in this section is intended to limit any powers granted to the department pursuant to Section 6254.9 of the Government Code or any other provision of law.

SEC. 113. Section 25355.7 of the Health and Safety Code is amended to read:

25355.7. (a) The department and the State Water Resources Control Board concurrently shall establish policies and procedures consistent with this chapter that the department's representatives shall follow in overseeing and supervising the activities of responsible parties who are carrying out the investigation of, and taking removal or remedial actions at, hazardous substance release sites. The policies and procedures shall be consistent with the policies and procedures established pursuant to Section 13307 of the Water Code, and shall include, but are not limited to, all of the following:

(1) The procedures the department will follow in making decisions as to when a potentially responsible party may be required to undertake an investigation to determine if a hazardous substance release has occurred.

(2) Policies for carrying out a phased, step-by-step investigation to determine the nature and extent of possible soil and groundwater contamination at a site.

(3) Procedures for identifying and utilizing the most cost-effective methods for detecting contamination and carrying out

removal or remedial actions.

(4) Policies for determining reasonable schedules for investigation and removal or remedial action at a site. The policies shall recognize the dangers to public health and the environment posed by a release and the need to mitigate those dangers, while taking into account, to the extent possible, the financial and technical resources available to a responsible party.

(b) The department and the State Water Resources Control Board jointly shall review the policies and procedures that were established pursuant to this section and Section 13307 of the Water Code prior to the enactment of this subdivision, and concurrently shall revise policies and procedures as necessary to make them as consistent as possible by selecting, from those inconsistent procedures or policies, the policies or procedures that are most protective of the environment. Where they cannot be made consistent because of the differing requirements of this chapter and Division 7 (commencing with Section 13000) of the Water Code, the department and the State Water Resources Control Board shall, by July 1, 1994, jointly develop, and send to the Legislature, recommendations for revising this chapter and Division 7 (commencing with Section 13000) of the Water Code to make consistent the hazardous substance release cleanup policies and procedures followed by the department, the State Water Resources Control Board, and the California regional water quality control boards.

SEC. 114. Section 25359.3 of the Health and Safety Code, as added by Chapter 1237 of the Statutes of 1992, is amended and renumbered to read:

25359.4.5. (a) A responsible party who has entered into an agreement with the department and is in compliance with the terms of that agreement, or who is in compliance with an order issued by the department, may seek, in addition to contribution, treble damages from any contribution defendant who has failed or refused to comply with any order or agreement, was named in the order or agreement, and is subject to contribution. A contribution defendant from whom treble damages are sought in a contribution action shall not be assessed treble damages by any court where the contribution defendant, for sufficient cause, as determined by the court, failed to comply with an agreement or with an order issued by the department, or where the contribution defendant is an owner of real property who did not generate, treat, transport, store, or dispose of the hazardous substance on, in, or at the facility located on that real property, as specified in Sections 101 (35) and 107 (b) of the federal act (42 U.S.C. Secs. 9601 (35) and 9607 (b)), or where the principles of fundamental fairness would be violated, as determined by the court. A party seeking treble damages pursuant to this section shall show that the party, the department, or another entity provided notice, by means of personal service or certified mail, of the order or agreement to the contribution defendant from whom the party

seeks treble damages.

(b) One-half of any treble damages awarded pursuant to this section shall be paid to the department, for deposit in the Hazardous Substance Account. Nothing in this subdivision affects the rights of any party to seek contribution pursuant to any other statute or under common law.

(c) A contribution defendant from whom treble damages are sought pursuant to this section shall be deemed to have acted willfully with respect to the conduct that gave rise to this liability for purposes of Section 533 of the Insurance Code.

SEC. 115. Section 26569.29 of the Health and Safety Code is amended to read:

26569.29. (a) Notwithstanding any other provision of law, any producer, handler, processor, or retailer of food sold as organic immediately shall make available for inspection by the director, the Attorney General, any prosecuting attorney, any governmental agency responsible for enforcing laws related to the production or handling of food sold as organic, or the Director of Food and Agriculture any record required to be kept under this section for purposes of carrying out this article and Chapter 10 (commencing with Section 46000) of Division 17 of the Food and Agricultural Code, and, upon request, shall provide to any of those persons or agencies a copy of any such record within 72 hours after the request. (b) Upon written request of any person that establishes cause for the request, the director and the Director of Food and Agriculture shall obtain and provide to the requesting party, within 10 working days of the request, a copy of any of the following records required to be kept under this article that pertain to a specific product sold or offered for sale, and that identify substances applied, administered, or added to that product, except that financial information about an operation or transaction, information regarding the quantity of a substance administered or applied, the date of each administration or application, information regarding the identity of suppliers or customers, and the quantity or price of supplies purchased or products sold shall be removed before disclosure and shall not be released to any person other than persons and agencies authorized to acquire records under subdivision (a):

(1) Records of a producer, as described in paragraph (1) of subdivision (a) and in paragraph (3) of subdivision (b) of Section 26569.28.

(2) Records of a handler, as described in paragraphs (4) and (5) of subdivision (c) of Section 26569.28, records of previous handlers, if any, and producers, as described in paragraph (1) of subdivision (a) of, paragraph (3) of subdivision (b) of, and paragraphs (4) and (5) of subdivision (c) of, Section 26569.28, without identifying the

previous handlers or producers, and, if applicable, records obtained as required in subdivision (d).

(3) Records of a processor, as described in paragraph (4) of subdivision (d) of Section 26569.28, except for processing aids that are not residual in the product and spices and seasonings exempt from labeling requirements in Parts 145 and 146 of Title 21 of the Code of Federal Regulations, records of previous processors and handlers, if any, and producers, as described in paragraph (1) of subdivision (a) of, paragraph (3) of subdivision (b) of, paragraphs (4) and (5) of subdivision (c) of, and paragraph (4) of subdivision (d) of, Section 26569.28, without identifying the previous processors, handlers, or producers, and, if applicable, records obtained as required in subdivision (d).

Prior to releasing records required to be kept pursuant to this chapter in response to a subpoena, the director shall delete any information regarding the identity of suppliers or customers and the quantity or price of supplies purchased or products sold.

(g) Subdivisions (b), (c), and (d) shall become inoperative on January 1, 1995.

SEC. 116. Section 33334.20 of the Health and Safety Code is amended to read:

33334.20. (a) Notwithstanding any other provision of law, for the

1993-94 fiscal year, a redevelopment agency to which this section applies may set aside, into the Low and Moderate Income Housing Fund established pursuant to Section 33334.3, an amount that is less than that required by subdivision (a) of Section 33334.2 or subdivision (c), (d), or (e) of Section 33334.6, provided that, in that fiscal year, the legislative body of the agency has made a finding, by resolution, that the amount deposited, when added to other public funds expended or appropriated in that fiscal year for the purposes described in subdivision (e) of Section 33334.2, is equal to or greater than the amount otherwise required to be set aside by subdivision (a) of Section 33334.2 or subdivision (c), (d), or (e) of Section 33334.6.

(b) This section applies to a redevelopment agency within a city to which all of the following apply:

(1) The city has a population of less than 100,000 according to the 1990 federal decennial census.

(2) The legislative body of the city has made a finding, by resolution, that property damage in the city during the civil unrest that occurred between April 29, 1992, and May 3, 1992, exceeded fifty million dollars (\$50,000,000).

(3) The city has adopted a housing element, pursuant to Section 65585 of the Government Code, that substantially complies with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(c) (1) If, pursuant to subdivision (a), the agency deposits less than 20 percent of the taxes allocated to the agency pursuant to Section 33670 in the 1993-94 fiscal year in the Low and Moderate Income Housing Fund, the amount equal to the difference between 20 percent of the taxes allocated to the agency pursuant to Section 33670 for each affected project area and the amount deposited that year shall constitute a deficit of the project.

(2) The agency shall adopt a plan to eliminate the deficit in subsequent years, beginning with payments in the 1999-2000 fiscal year and completing payments by the 2003-04 fiscal year. In calculating the amount of deficit, no interest may be included. If the amount of the deficit has not been eliminated by July 1, 2004, the county auditor is directed to withhold the amount of the remaining deficit and to make the deposit into the agency's Low and Moderate Income Housing Fund.

(d) If, pursuant to subdivision (a), an agency deposits less than 20 percent of the taxes allocated to the agency pursuant to Section 33670 in the 1993-94 fiscal year in the Low and Moderate Income Housing Fund, the amount of the deficit shall be used to refinance bonds and to make payments on new bonds. The proceeds of these bonds shall be used to assist areas damaged during the civil unrest that occurred between April 29, 1992, and May 3, 1992.

Article 4. Castle Air Force Base Redevelopment Project Area

SEC. 120. Section 33492.50 of the Health and Safety Code is amended and renumbered to read:

33492.70. (a) With the enactment of this article, it is the intent of the Legislature to provide precise and specific means to mitigate the very serious economic effects of the closure of Castle Air Force Base on surrounding communities.

(b) The Legislature finds and declares all of the following:

(1) The County of Merced, with a population of 180,000, is already in a very significantly depressed condition, with an unemployment rate exceeding 18 percent, extraordinarily high costs relating to the Aid for Families with Dependent Children program, and low property tax revenues.

(2) The closure of Castle Air Force Base will result in the elimination of over 6,000 jobs, which is one in every 20 jobs in the County of Merced and a payroll loss of \$220,000,000.

(3) The impact of the closure of Castle Air Force Base will fall in an area in which 70 percent of public assistance recipients live within 10 miles of the base.

(4) This act is the result of a specific agreement between the County of Merced and affected local cities to resolve the situation created by the closure of Castle Air Force Base.

(5) The Legislature grants the temporary authorization for the Castle Joint Powers Redevelopment Agency to defer 50 percent of its Low and Moderate Income Housing Fund requirements for up to five years to allow the agency to receive a larger cash flow to help the agency pay for its initial costs. The Legislature grants this authorization only in recognition of the unusual circumstances facing the agency.

SEC. 121. Section 33492.51 of the Health and Safety Code is amended and renumbered to read:

33492.71. (a) Notwithstanding any other provision of law, there is hereby created the Castle Joint Powers Redevelopment Agency, which shall be composed of the City of Atwater, the City of Merced, and the County of Merced.

(b) The Castle Joint Powers Redevelopment Agency shall have all

the powers, authorities, and duties granted to it under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code and this part, except as modified by Section 33320.66 for the exclusive purpose of establishing the Castle Air Force Base project area within the unincorporated territory of the County of Merced.

SEC. 122. Section 33492.53 of the Health and Safety Code is amended and renumbered to read:

33492.73. (a) In addition to the powers of any agency, the Castle Joint Powers Redevelopment Agency also shall act as the legislative body and planning commission for all approvals and actions required and authorized by this part for the adoption and implementation of a redevelopment plan. However, all land use, planning and development decisions with regard to the land within the project area shall continue to be under the control and jurisdiction of each of the respective local legislative bodies or planning commissions, as applicable.

(b) In adopting a redevelopment project area for the area within the unincorporated territory of the County of Merced contained within the Castle Air Force Base, the following shall apply, subject to the requirements of Section 33492.13:

The amount of the deferral shall be considered an indebtedness and shall be repaid to the Low and Moderate Income Housing Fund within eight years of the establishment of the Castle Air Force Base project area. If the indebtedness is not eliminated by the eighth year, the county auditor or controller shall withhold an amount equal to the indebtedness and deposit those moneys into a separate Low and Moderate Income Housing Fund for use by the Castle Joint Powers Redevelopment Agency under this section.

(e) The agency shall comply with the requirements of Chapter 16 (commencing with Section 7260) of Division 4 of Title 1 of the Government Code. In addition, if any housing occupied by persons of very low, low, or moderate income who have resided in the housing for at least two years is destroyed by redevelopment agency activities, the displaced persons shall receive relocation benefits which enable those persons to lease or rent a comparable replacement dwelling for a period not to exceed 96 months.

(f) (1) The agency shall comply with the requirements of Section

33413.

(2) In addition, if any housing occupied by persons of very low, low, or moderate income is destroyed by redevelopment agency activities, the destroyed units shall be replaced with housing, of the same or greater size, which shall be affordable in direct proportion to the income levels of the persons or households displaced by the redevelopment agency activities. This housing shall be provided simultaneously with the development for which it was destroyed.

(3) The requirements imposed by paragraph (2) shall not apply to any dormitory building that, as of January 1, 1994, was located on Castle Air Force Base.

(4) The requirements imposed by paragraph (2) shall not apply to the destruction of any housing if the vacancy rate for low-income housing within the jurisdiction of the Castle Joint Powers Redevelopment Agency, as determined by the agency, is then 6 percent or higher.

(g) Notwithstanding Section 33320.65, the Castle Joint Powers Redevelopment Agency may establish a project area and adopt and amend a redevelopment plan, as modified by subdivision (a) and other provisions of this chapter, if all of the following conditions are met:

(2) The project area is contained entirely in two concentric circles, such that the center of one is directly in front of the main gate and has a radius of 4.75 miles, and the center of the second is at the intersection of Yosemite Avenue and G Street in the City of Merced with a radius of 6.5 miles. At no time shall the aggregate acreage of the project areas established pursuant to this section exceed 2 percent of either city or 1 percent of the unincorporated area of the circles.

(3) The resolution adopting a survey area pursuant to Section 33310 shall be transmitted to all affected entities, including affected school districts, within 30 days of adoption. The planning commission, in formulating the preliminary plan pursuant to Section 33330, shall consult with all affected taxing entities.

(h) The Castle Joint Powers Redevelopment Agency shall not adopt a redevelopment plan pursuant to this section until the City of Atwater adopts a housing element, pursuant to Section 65585 of the Government Code, that complies substantially with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

SEC. 125. Section 33607.7 of the Health and Safety Code is amended to read:

33607.7. (a) This section applies to a redevelopment plan amendment for any redevelopment plans adopted prior to January 1, 1994, that increases the limitation on the number of dollars to be allocated to the redevelopment agency or the time limit on the establishing of loans, advances, and indebtedness established pursuant to paragraphs (1) and (2) of subdivision (a) of Section 33333.2, or that lengthens the period during which the redevelopment plan is effective if the redevelopment plan being amended contains the provisions required by subdivision (b) of Section 33670. However, this section does not apply to those redevelopment plans that add new territory.

(b) If a redevelopment agency adopts an amendment that is governed by this section, it shall pay to each affected taxing entity either of the following:

(1) If an agreement exists that requires payments to the taxing entity, the amount required to be paid by an agreement between the agency and an affected taxing entity entered into prior to January 1, 1994.

(2) If an agreement requiring those payments does not exist, the amounts required pursuant to subdivisions (b), (c), (d), and (e) of Section 33607.5, until termination of the redevelopment plan, calculated against the amount of assessed value by which the current year assessed value exceeds an adjusted base year assessed value. The amounts shall be allocated between property taxes and educational facilities according to the appropriate formula in paragraph (3) of subdivision (a) of Section 33607.5. In determining the applicable amount under Section 33607.5, the first fiscal year shall be the first fiscal year following the fiscal year in which the adjusted base year value is determined.

(c) The adjusted base year assessed value shall be the assessed value of the project area in the year in which the limitation being amended would have taken effect without the amendment or, if more than one limitation is being amended, in the first year in which one or more of the limitations would have taken effect without the amendment. The agency shall commence making these payments pursuant to the terms of the agreement, if applicable, or, if an agreement does not exist, in the first fiscal year following the fiscal year in which the adjusted base year value is determined.

SEC. 126. Section 33676 of the Health and Safety Code is amended to read:

33676. (a) Prior to the adoption by the legislative body of a redevelopment plan providing for tax-increment financing pursuant to Section 33670, any affected taxing agency may elect to be allocated, and every school district and community college district shall be allocated, in addition to the portion of taxes allocated to the affected taxing agency pursuant to subdivision (a) of Section 33670,

all or any portion of the tax revenues allocated to the agency pursuant to subdivision (b) of Section 33670 that are attributable to one or more of the following:

(1) Increases in the rate of tax imposed for the benefit of the taxing agency which levy occurs after the tax year in which the ordinance adopting the redevelopment plan becomes effective.

(2) If an agency pursuant to Section 33354.5 amends a redevelopment plan that does not utilize tax increment financing to add tax increment financing and, pursuant to subdivision (a) of Section 33670, uses the assessment roll last equalized prior to the effective date of the ordinance originally adopting the redevelopment plan, an affected taxing agency may elect to be allocated all or any portion of the tax revenues allocated to the agency pursuant to subdivision (b) of Section 33670 that the affected taxing agency would receive if the agency were to use the assessment roll last equalized prior to the effective date of the ordinance amending the redevelopment plan to add tax increment financing.

(b) (1) Any local education agency that is a basic aid district or office at the time the ordinance adopting a redevelopment plan is adopted and that receives no state funding, other than that provided pursuant to Section 6 of Article IX of the California Constitution, pursuant to Section 2558, 42238, or 84750, as appropriate, of the Education Code, shall receive annually its percentage share of the property taxes from the project area allocated among all of the affected taxing entities during the fiscal year the funds are allocated, increased by an amount equal to the lesser of the following:

(A) The percentage growth in assessed value that occurs throughout the district, excluding the portion of the district within the redevelopment project area.

(B) Eighty percent of the growth in assessed value that occurs within the portion of the district within the redevelopment project area.

(2) Subparagraphs (A) and (B) of paragraph (1) shall not apply to a redevelopment plan adopted by the legislative body of a community if both of the following occur:

(A) The median household income in the community in which the redevelopment project area is located is less than 80 percent of the median household income in the county in which the redevelopment project area is located.

(B) The preliminary plan for the redevelopment plan was adopted on or before September 1, 1993, and the redevelopment plan was adopted on or before August 1, 1994.

(3) Any local education agency that is a basic aid district or office at the time the ordinance amending a redevelopment plan is adopted pursuant to Section 33607.7 and that receives no state funding, other than that provided pursuant to Section 6 of Article IX of the California Constitution, pursuant to Section 2558, 42238, or 84750, as appropriate, of the Education Code, shall receive either of the following:

(A) If an agreement exists that requires payments to the basic aid district, the amount required to be paid by an agreement between the agency and the basic aid district entered into prior to January 1, 1994.

(B) If an agreement requiring those payments does not exist, the percentage share of the increase in property taxes from the project area allocated among all of the affected taxing entities during the fiscal year the funds in the project area are allocated, derived from 80 percent of the growth in assessed value that occurs within the portion of the district within the redevelopment project area from the year in which the amendment takes effect pursuant to subdivision (c) of Section 33607.7.

(4) The redevelopment agency shall subtract from any payments made pursuant to this section the amount that a basic aid district receives pursuant to Section 33607.5 for the purposes of either paragraph (1) of subdivision (h) of Section 42238 of the Education Code or Section 84750 of the Education Code.

(c) The governing body of any affected taxing agency, other than a school district and a community college district, electing to receive allocation of taxes pursuant to this section in addition to taxes allocated to it pursuant to subdivision (a) of Section 33670 shall adopt a resolution to that effect and transmit the same, prior to the adoption of the redevelopment plan, to (1) the legislative body, (2) the agency, and (3) the official or officials performing the functions of levying and collecting taxes for the affected taxing agency. Upon receipt by the official or officials of the resolution, allocation of taxes pursuant to this section to the affected taxing agency that has elected to receive the allocation pursuant to this section by the adoption of the resolution, and allocation of taxes pursuant to this section to every school district and community college district, shall be made at the time or times allocations are made pursuant to subdivision (a) of Section 33670.

(d) An affected taxing agency, at any time after the adoption of the resolution, may elect not to receive all or any portion of the additional allocation of taxes pursuant to this section by rescinding the resolution or by amending the same, as the case may be, and giving notice thereof to the legislative body, the agency, and the official or officials performing the functions of levying and collecting taxes for the affected taxing agency. After receipt of a notice by the official or officials that an affected taxing agency has elected not to receive all or a portion of the additional allocation of taxes by rescission or amendment of the resolution, any allocation of taxes to the affected taxing agency required to be made pursuant to this section shall not thereafter be made but shall be allocated to the agency, and the affected taxing agency shall thereafter be allocated only the portion of taxes provided for in subdivision (a) of Section 33670. After receipt of a notice by the official or officials that an affected taxing agency has elected to receive additional tax revenues attributable to only a portion of the increases in the rate of tax, only

that portion of the tax revenues shall thereafter be allocated to the affected taxing agency in addition to the portion of taxes allocated pursuant to subdivision (a) of Section 33670, and the remaining portion thereof shall be allocated to the agency.

(e) As used in this section, "affected taxing agency" means and includes every public agency for the benefit of which a tax is levied upon property in the project area, whether levied by the public agency or on its behalf by another public agency.

(f) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) of Chapter 4 on or after January 1, 1977.

395.1. (a) Notwithstanding any other provision of law to the contrary, any officer or employee of the state not subject to Chapter 11 (commencing with Section 19770) of Part 2 of Division 5 of Title 2 of the Government Code, or any public officer, deputy, assistant, or employee of any city, county, city and county, school district, water district, irrigation district, or any other district, political corporation, political subdivision, or governmental agency thereof who, in time of war or national emergency as proclaimed by the President or Congress, or when any of the armed forces of the United States are serving outside of the United States or their territories pursuant to order or request of the United Nations, or while any national conscription act is in effect, leaves or has left his or her office or position prior to the end of the war, or the termination of the national emergency or during the effective period of any order or request of this type of the United Nations or prior to the expiration of the National Conscription Act, to join the armed forces of the United States and who does or did without unreasonable and unnecessary delay join the armed forces or, being a member of any reserve force or corps of any of the armed forces of the United States or of the militia of this state, is or was ordered to duty therewith by competent military authority and served or serves in compliance with those orders, shall have a right, if released, separated or discharged under conditions other than dishonorable, to return to and reenter upon the office or position within six months after the

termination of his or her active service with the armed forces, but not later than six months after the end of the war or national emergency or military or police operations under the United Nations or after the Governor finds and proclaims that, for the purposes of this section, the war, national emergency, or United Nations military or police operation no longer exists, or after the expiration of the National Conscription Act, if the term for which he or she was elected or appointed has not ended during his or her absence; provided, that the right to return to and reenter upon the office or position shall not extend to or be granted to any officer or employee of the state not subject to Chapter 11 (commencing with Section 19770) of Part 2 of Division 5 of Title 2 of the Government Code, or any public officer, deputy, assistant, or employee of any city, county, city and county, school district, water district, irrigation district or any other district, political corporation, political subdivision or governmental agency thereof, who shall fail to return to and reenter upon his or her office or position within 12 months after the first date upon which he or she could terminate or could cause to have terminated his or her active service with the armed forces of the United States or of the militia of this state. He or she shall also have a right to return to and reenter upon the office or position during terminal leave from the armed forces and prior to discharge, separation or release therefrom.

(b) Upon return and reentry to the office or employment the officer or employee shall have all of the rights and privileges in, connected with, or arising out of the office or employment which he or she would have enjoyed if he or she had not been absent therefrom; provided, however, the officer or employee shall not be entitled to sick leave, vacation or salary for the period during which he or she was on leave from that governmental service and in the service of the armed forces of the United States.

If the office or position has been abolished or otherwise has ceased to exist during his or her absence, he or she shall be reinstated in a position of like seniority, status and pay if the position exists, or to a comparable vacant position for which he or she is qualified.

(c) Any officer or employee other than a probationer who is restored to his or her office or employment pursuant to this act shall not be discharged from that office or position without cause within one year after the restoration, and shall be entitled to participate in insurance or other benefits offered by the employing governmental agency pursuant to established rules and practices relating to those officers or employees on furlough or leave of absence in effect at the time the officer or employee left his or her office or position to join the armed forces of the United States.

(d) Notwithstanding any other provisions of this code, any enlisted person who was involuntarily ordered to active duty (other than for training) for a stated duration shall not lose any right or benefit conferred under this code if he or she voluntarily elects to complete the period of that duty.

(e) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 162. Section 395.3 of the Military and Veterans Code is amended to read:

395.3. In the event that any public officer or employee has resigned or resigns his or her office or employment to serve or to continue to serve in the armed forces of the United States or in the armed forces of this state, he or she shall have a right to return to and reenter the office or employment prior to the time at which his or her term of office or his or her employment would have ended if he or she had not resigned, on serving a written notice to that effect upon the authorized appointing power, or if there is no authorized appointing power, upon the officer or agency having power to fill a vacancy in the office or employment, within six months of the termination of his or her active service with the armed forces; provided, that the right to return and reenter upon the office or position shall not extend to or be granted to any public officer or employee, who shall fail to return to and reenter upon his or her office or position within 12 months after the first date upon which he or she could terminate or could cause to have terminated his or her active service with the armed forces of the United States or of the militia of this state.

As used in this section, "public officers and employees" includes all of the following:

- (a) Members of the Senate and of the Assembly.
- (b) Justices of the Supreme Court and the courts of appeal, judges of the superior courts and of the municipal courts, and all other judicial officers.
- (c) All other state officers and employees not within Chapter 11 (commencing with Section 19770) of Part 2 of Division 5 of Title 2 of the Government Code, including all officers for whose selection and term of office provision is made in the Constitution and laws of this state.
- (d) All officers and employees of any county, city and county, city, township, district, political subdivision, authority, commission, board, or other public agency within this state.

The right of reentry into public office or employment provided for in this section shall include the right to be restored to the civil service status as the officer or employee would have if he or she had not so resigned; and no other person shall acquire civil service status in the same position so as to deprive the officer or employee of his or her right to restoration as provided for herein.

This section shall be retroactively applied to extend the right of

reentry into public office or employment to public officers and employees who resigned prior to its effective date.

This section does not apply to any public officer or employee to whom the right to reenter public office or employment after service in the armed forces has been granted by any other provision of law.

If any provision of this section, or the application of this section to any person or circumstance, is held invalid, the remainder of this section, or the application of this section to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 163. Section 209.5 of the Penal Code, as added by Chapter 610 of the Statutes of 1993, is repealed.

SEC. 164. Section 215 of the Penal Code, as added by Chapter 610 of the Statutes of 1993, is repealed.

SEC. 165. Section 987.2 of the Penal Code is amended to read:

987.2. (a) In any case in which a person, including a person who is a minor, desires but is unable to employ counsel, and in which counsel is assigned in the superior, municipal, or justice court to represent the person in a criminal trial, proceeding, or appeal, the following assigned counsel shall receive a reasonable sum for compensation and for necessary expenses, the amount of which shall be determined by the court, to be paid out of the general fund of the county:

(1) In a county or city and county in which there is no public defender.

(2) In a county of the first, second, or third class where there is no contract for criminal defense services between the county and one or more responsible attorneys.

(3) In a case in which the court finds that, because of a conflict of interest or other reasons, the public defender has properly refused.

(4) In a county of the first, second, or third class where attorneys contracted by the county are unable to represent the person accused.

(b) The sum provided for in subdivision (a) may be determined by contract between the court and one or more responsible attorneys after consultation with the board of supervisors as to the total amount of compensation and expenses to be paid, which shall be within the amount of funds allocated by the board of supervisors for the cost of assigned counsel in those cases.

(c) In counties that utilize an assigned private counsel system as either the primary method of public defense or as the method of appointing counsel in cases where the public defender is unavailable,

the county, the courts, or the local county bar association working with the courts are encouraged to do all of the following:

(1) Establish panels that shall be open to members of the State Bar of California.

(2) Categorize attorneys for panel placement on the basis of experience.

(3) Refer cases to panel members on a rotational basis within the level of experience of each panel, except that a judge may exclude an individual attorney from appointment to an individual case for good cause.

(4) Seek to educate those panel members through an approved training program.

(5) Establish a cost-efficient plan to ensure maximum recovery of costs pursuant to Section 987.8.

(d) In a county of the first, second, or third class, the court shall first utilize the services of the public defender to provide criminal defense services for indigent defendants. In the event that the public defender is unavailable and the county and the courts have contracted with one or more responsible attorneys or with a panel of attorneys to provide criminal defense services for indigent defendants, the court shall utilize the services of the county-contracted attorneys prior to assigning any other private counsel. Nothing in this subdivision shall be construed to require the appointment of counsel in any case in which the counsel has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of a county-contracted attorney after making a finding of good cause and stating the reasons therefor on the record.

(e) In a county of the first, second, or third class, the court shall first utilize the services of the public defender to provide criminal defense services for indigent defendants. In the event that the public defender is unavailable and the county has created a second public defender and contracted with one or more responsible attorneys or with a panel of attorneys to provide criminal defense services for indigent defendants, and if the quality of representation provided by the second public defender is comparable to the quality of representation provided by the public defender, the court shall next utilize the services of the second public defender and then the services of the county-contracted attorneys prior to assigning any other private counsel. Nothing in this subdivision shall be construed to require the appointment of counsel in any case in which the counsel has a conflict of interest. In the interest of justice, a court may depart from that portion of the procedure requiring appointment of the second public defender or a county-contracted attorney after making a finding of good cause and stating the reasons therefor on the record.

(f) In any case in which counsel is assigned as provided in subdivision (a), that counsel appointed by the court and any court-appointed licensed private investigator shall have the same

rights and privileges to information as the public defender and the public defender investigator. It is the intent of the Legislature in enacting this subdivision to equalize any disparity that exists between the ability of private, court-appointed counsel and investigators, and public defenders and public defender investigators, to represent their clients. This subdivision is not intended to grant to private investigators access to any confidential Department of Motor Vehicles' information not otherwise available to them. This subdivision is not intended to extend to private investigators the right to issue subpoenas.

(g) Notwithstanding any other provision of this section, where an indigent defendant is first charged in one county and establishes an attorney-client relationship with the public defender, defense services contract attorney, or private attorney, and where the defendant is then charged with an offense in a second or subsequent county, the court in the second or subsequent county may appoint the same counsel as was appointed in the first county to represent the defendant when all of the following conditions are met:

(1) The offense charged in the second or subsequent county would be joinable for trial with the offense charged in the first if it took place in the same county, or involves evidence which would be cross-admissible.

(2) The court finds that the interests of justice and economy will be best served by unitary representation.

(3) Counsel appointed in the first county consents to the appointment.

(h) The county may recover costs of public defender services under Chapter 6 (commencing with Section 4750) of Title 5 of Part 3 for any case subject to Section 4750.

(i) Counsel shall be appointed to represent, in the municipal or justice court, a person who desires but is unable to employ counsel, when it appears that the appointment is necessary to provide an adequate and effective defense for the defendant.

(j) As used in this section, "county of the first, second, or third class" means the county of the first class, county of the second class, and county of the third class as provided by Sections 28020, 28022, 28023, and 28024 of the Government Code.

SEC. 166. Section 1170.1 of the Penal Code is amended to read:

1170.1. (a) Except as provided in subdivision (c) and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term, and any additional term imposed pursuant to Section 667, 667.5, 667.6, or 12022.1, and pursuant to Section 11370.2 of the Health and Safety Code. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the

crimes, including any enhancements imposed pursuant to Section 667.15, 667.8, 667.85, 12022, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, or 12022.9 and an enhancement imposed pursuant to Section 11370.4 or 11379.8 of the Health and Safety Code. The subordinate term for each consecutive offense which is not a "violent felony" as defined in subdivision (c) of Section 667.5 shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is not a violent felony for which a consecutive term of imprisonment is imposed, and shall exclude any enhancements. In no case shall the total of subordinate terms for these consecutive offenses which are not "violent felonies" as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a "violent felony" as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8), (9), or (17) of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is a violent felony for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section 667.15, 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9.

(b) (1) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include one-third of any enhancements imposed pursuant to Section 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9. The five-year limitation on the total of subordinate terms provided in subdivision (a) shall not apply to subordinate terms for second and subsequent convictions of kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions.

(2) As used in this subdivision, "separate occasion" means the defendant committed a second violation of Section 207 involving the same victim after at least 24 hours elapsed following his or her release of the victim.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison, or is subject to reimprisonment for escape from custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in

subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

(d) When the court imposes a prison sentence for a felony pursuant to Section 1170 the court shall also impose the additional terms provided in Sections 667, 667.15, 667.5, 667.8, 667.85, 12022, 12022.1, 12022.2, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, and 12022.9, and the additional terms provided in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, unless the additional punishment therefor is stricken pursuant to subdivision (h). The court shall also impose any other additional term which the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of the additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) When two or more enhancements under Sections 12022, 12022.4, 12022.5, 12022.55, 12022.7, and 12022.9 may be imposed for any single offense, only the greatest enhancement shall apply. However, in cases of lewd or lascivious acts upon or with a child under the age of 14 years accomplished by means of force or fear, as described in Section 288, kidnapping, as defined in Section 207, sexual battery, as defined in Section 243.4, penetration of a genital or anal opening by a foreign object, as defined in Section 289, oral copulation, sodomy, robbery, carjacking, rape or burglary, or attempted lewd or lascivious acts upon or with a child under the age of 14 years accomplished by means of force or fear, kidnapping, sexual battery, penetration of a genital or anal opening by a foreign object, oral copulation, sodomy, robbery, carjacking, rape, murder, or burglary, the court may impose both (1) one enhancement for weapons as provided in either Section 12022, 12022.4, or subdivision (a) of, or paragraph (2) of subdivision (b) of, Section 12022.5, and (2) one enhancement for great bodily injury as provided in either Section 12022.7 or 12022.9.

(f) The enhancements provided in Sections 667, 667.15, 667.5, 667.6, 667.8, 667.85, 12022, 12022.1, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, and 12022.9, and in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, shall be pleaded and proven as provided by law.

(g) (1) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170, unless the defendant stands convicted of a "violent felony" as defined in subdivision (c) of Section 667.5, or a consecutive sentence is being imposed pursuant to subdivision (b) or (c) of this section, or an enhancement is imposed pursuant to Section 667, 667.15, 667.5, 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, or 12022.9, or an enhancement is being imposed pursuant to Section

11370.2, 11370.4, or 11379.8 of the Health and Safety Code, or the defendant stands convicted of felony escape from an institution in which he or she is lawfully confined.

(2) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170 unless an enhancement is imposed pursuant to Section 12022.1 and both the primary and secondary offenses specified in Section 12022.1 are serious felonies as specified in subdivision (c) of Section 1192.7.

(h) Notwithstanding any other law, the court may strike the additional punishment for the enhancements provided in Sections 667.15, 667.5, 667.8, 667.85, 12022, 12022.1, 12022.2, 12022.4, 12022.6, 12022.7, 12022.75, and 12022.9, or the enhancements provided in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

(i) For any violation of paragraph (2) or (3) of subdivision (a) of Section 261, Section 264.1, subdivision (b) of Section 288, subdivision (a) of Section 289, or sodomy or oral copulation by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person as provided in Section 286 or 288a, the number of enhancements which may be imposed shall not be limited, regardless of whether the enhancements are pursuant to this or some other section of law. Each of the enhancements shall be a full and separately served enhancement and shall not be merged with any term or with any other enhancement.

SEC. 167. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" shall mean the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of the probation officer. As used in this code, "conditional sentence" shall mean the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to the conditions established by the court without the supervision of the probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) Except as provided in subdivision (j), in every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the

granting or denying of probation and the conditions of probation, if granted. Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation. The probation officer shall also include in the report his or her recommendation of the amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his or her report a recommendation as to whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund. The report shall be made available to the court and the prosecuting and defense attorneys at least five days, or upon request of the defendant or prosecuting attorney, nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered the report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If the case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person which could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert such information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment

is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, carjacking, burglary, burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of those crimes and was armed with a deadly weapon at either of those times.

(2) Any person who used or attempted to use a deadly weapon upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, murder, attempt to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, 288a, or 288.5, or a conspiracy to commit one or more of those crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of the previous crime or his or her arrest for the previous crime, he or she was armed with a weapon at either of those times.

(B) The person used or attempted to use a deadly weapon upon a human being in connection with the perpetration of the previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of the previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(10) Any person who, in the commission of a felony, inflicts great bodily injury or causes the death of a human being by the discharge of a firearm from or at an occupied motor vehicle proceeding on a public street or highway.

(11) Any person who possesses a short-barreled rifle or a short-barreled shotgun under Section 12020, a machine gun under Section 12220, or a silencer under Section 12520.

(f) When probation is granted in a case which comes within the provisions of subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where the determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon that referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) In any case in which a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer may obtain and include in the report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain a statement in any case where the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4) and the probationer has reimbursed the county that has jurisdiction over his or her probation case the reasonable costs of processing his or her request for interstate compact supervision. The amount and method of reimbursement shall be in accordance with Section 1203.1b.

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before the county financial evaluation officer for a financial evaluation of the

defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay those costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 168. Section 1203.1g of the Penal Code is amended to read:

As used in this section, "sexual assault" has the meaning specified in subdivisions (a) and (b) of Section 11165.1. The defendant is entitled to a hearing concerning any modification of the amount of restitution based on the costs of medical and psychological treatment incurred by the victim subsequent to the issuance of the order of probation.

(b) Notwithstanding subdivision (a), any person who has been convicted of a felony or of an offense enumerated in Section 12001.6, when that conviction results from certification by the juvenile court for prosecution as an adult in an adult court under Section 707 of the Welfare and Institutions Code, who owns or has in his or her possession or under his or her custody or control any firearm is guilty of a felony.

(c) (1) Except as provided in subdivision (a) or paragraph (2) of

this subdivision, any person who has been convicted of a misdemeanor violation of Section 136.5, 140, 171b, 171c, 171d, 240, 241, 242, 243, 244.5, 245, 245.5, 246.3, 247, 273.5, 273.6, 417, 417.2, 626.9, 646.9, subdivision (b) or (d) of Section 12034, subdivision (a) of Section 12100, 12320, or 12590 and who, within 10 years of the conviction, owns, or has in his or her possession or under his or her custody or control, any firearm is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars (\$1,000), or by both that imprisonment and fine. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and shall notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

The court shall require, as a condition of granting relief from the prohibition under this section, that the petitioner agree to participate in counseling as deemed appropriate by the court. Relief from the prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to

any particular petitioner. It is the intent of the Legislature to permit persons who were convicted of an offense specified in Section 273.5, 273.6, or 646.9 to seek relief from the prohibition imposed by this subdivision.

(3) Any person who is subject to the prohibition imposed by this subdivision because of a conviction prior to January 1, 1991, may petition the court only once for relief from this prohibition. The petition shall be filed with the court in which the petitioner was sentenced. If possible, the matter shall be heard before the same judge that sentenced the petitioner. Upon filing the petition, the clerk of the court shall set the hearing date and notify the petitioner and the prosecuting attorney of the date of the hearing. Upon making each of the following findings, the court may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as the court deems appropriate:

(A) Finds by a preponderance of the evidence that the petitioner is likely to use a firearm in a safe and lawful manner.

(B) Finds that the petitioner is not within a prohibited class as specified in subdivision (a), (b), (d), (e), or (g) or Section 12021.1, and the court is not presented with any credible evidence that the petitioner is a person described in Section 8100 or 8103 of the Welfare and Institutions Code.

(C) Finds that the petitioner does not have a previous conviction under this subdivision, no matter when the prior conviction occurred.

In making its decision, the court may consider the interest of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that courts exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require courts to grant relief to any particular petitioner.

(4) Law enforcement officials who enforce the prohibition specified in this subdivision against a person who has been granted relief pursuant to paragraph (2) or (3), shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified copy of the court order that granted the person relief from the prohibition. This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(d) Any person who, as an express condition of probation, is prohibited or restricted from owning, possessing, controlling, receiving, or purchasing a firearm and who owns, or has in his or her possession or under his or her custody or control, any firearm but who is not subject to subdivision (a) or (c) is guilty of a public offense, which shall be punishable by imprisonment in the state prison or in a county jail not exceeding one year, by a fine not exceeding one thousand dollars (\$1,000), or by both that

imprisonment and fine. The court, on forms provided by the Department of Justice, shall notify the department of persons subject to this subdivision. The notice shall include a copy of the order of probation and a copy of any minute order or abstract reflecting the order and conditions of probation.

(b) The city, county, or member agency of a regional agency shall multiply the total amount of base-year solid waste generation, as adjusted using the methods described in subdivision (c) of Section 41780.1, by 0.75 to determine the maximum amount of total disposal allowable in 1995 to meet the diversion requirements of Section 41780.

(d) The city, county, or member agency of a regional agency shall multiply the total amount of base-year solid waste generation, as adjusted using the methods described in subdivision (c) of Section 41780.1, by 0.25 to determine the minimum amount of total diversion needed in the year 1995 to meet the diversion requirements of Section 41780.

(e) The city, county, or member agency of a regional agency shall multiply the total amount of base-year solid waste generation, as adjusted using the methods described in subdivision (c) of Section 41780.1, by 0.50 to determine the minimum amount of total diversion needed in the year 2000 to meet the diversion requirements of Section 41780.

SEC. 184. Section 1007.5 of the Public Utilities Code is amended to read:

1007.5. The commission, in the exercise of the jurisdiction conferred upon it by the Constitution of the state and by this part, and consistent with Section 9 of Article I of the California Constitution and Section 10 of Article I of the United States Constitution, may grant certificates of public convenience and necessity, make decisions and orders, and prescribe rules affecting vessel common carriers notwithstanding the provisions of any ordinance, permit, or franchise of any city, county, or other political subdivision of this state, and in the case of conflict between any certificate, decision, order, or rule of the commission and any ordinance, permit, or franchise, the certificate, decision, order, or rule of the commission shall prevail.

SEC. 185. Section 2882.5 of the Public Utilities Code is amended and renumbered to read:

2882.5. (a) The following conditions apply to the offering of enhanced services by local exchange telephone corporations, their subsidiaries, and affiliates:

(1) To the extent that the local exchange telephone corporation's facilities, information, assets, and personnel are utilized in the offering of enhanced services, the local exchange telephone corporation's basic telephone service operations shall be not less than fully compensated for their use.

(2) Cross-subsidy of the enhanced services by the noncompetitive services offered by the local exchange telephone corporation is prohibited. When the local exchange telephone corporation requests authority to offer an enhanced service, the commission shall analyze that request, hold hearings if appropriate, and impose safeguards that will prevent this type of cross-subsidy from occurring. However, the commission may expressly authorize cross-subsidy of noncompetitive enhanced services when necessary for the public's health and safety, or to provide necessary information to consumers concerning the telecommunications network.

(3) Anticompetitive behavior by the local exchange telephone corporation with respect to enhanced services is prohibited. When the local exchange telephone corporation requests authority to offer an enhanced service, the commission shall analyze that request, hold

hearings if appropriate, and have in place whatever safeguards are necessary to prevent anticompetitive behavior from occurring.

(b) To the extent that accounting mechanisms are utilized to achieve the purposes of this section, the commission shall perform, or cause to be performed, annual audits to ensure compliance with subdivision (a). The audits shall specifically examine each enhanced service for which the commission has granted an exemption from subdivision (a) of Section 489. The commission may determine that other audits required or performed by the commission, or independent audits required by the Federal Communications Commission, are directly applicable to the intrastate operations under review and satisfy this requirement. Upon request, the audits shall be made available consistent with the commission's procedures for handling proprietary information. The commission may impose additional conditions that are not in conflict with the above provisions.

(c) To the extent necessary to ensure that competition in enhanced service markets is fair, the commission shall do all of the following:

(1) Ensure nondiscriminatory access by all enhanced service providers to the local exchange telecommunications network capabilities, including network billing services, on equivalent terms, conditions, price, and quality as are made available to the local exchange telephone corporation's enhanced services operations, affiliates, subsidiaries, partners, and joint ventures.

(2) Disaggregate and price the elemental capabilities of the local exchange telephone corporation's telephone network.

(3) Consider whether the local exchange telephone corporation's customer proprietary network information and services that are ancillary to the local exchange telecommunications network capabilities should be made available to all enhanced service providers.

(4) Implement any other procedures that are necessary to ensure fair competition.

(d) The commission may exempt local exchange telephone corporations serving less than 500,000 access lines from subdivisions (b) and (c).

(e) If a local exchange telephone corporation is found by the commission or any court of competent jurisdiction to have improperly and materially cross-subsidized an enhanced service or to have behaved in an unlawfully anticompetitive manner in the offering of an enhanced service, any exemption from subdivision (a) of Section 489 granted by the commission to that local exchange telephone corporation for that enhanced service shall be revoked. The commission shall consider the impact of the cross-subsidy on consumers, competitors, and the market for that enhanced service when determining whether a cross-subsidy is material. Twelve months subsequent to the revocation of the exemption, the local exchange telephone corporation may reapply to the commission for

an exemption from subdivision (a) of Section 489.

(f) Nothing in this section shall limit the commission's authority to impose other sanctions on the local exchange telephone corporation, including fines or penalties, or both, for violations of this section. The fines or penalties, or both, shall not be recoverable from ratepayers. The commission shall consider handling complaints about cross-subsidy or anticompetitive behavior on an expedited basis.

(g) For purposes of this section, enhanced services are defined as services offered over telecommunications facilities that employ computer processing applications that act on the format, content, code, protocol, or similar aspects of the subscriber's transmitted information, provide the subscriber additional, different, or restructured information, or involve subscriber interaction with stored information.

(h) Nothing in this section shall be construed to limit the authority of the commission to perform its duties, including resolving consumer complaints, in relation to any services offered.

(i) Nothing in this section shall require that the commission exempt any enhanced service or enhanced service provider from subdivision (a) of Section 489. The commission shall have the authority to revoke at any time any exemptions granted pursuant to this section.

(j) Nothing in this section limits the authority of the commission to protect customers' privacy.

(k) The commission shall report to the Legislature on a timely basis if any of the penalty provisions of subdivision (e) or (f) are invoked.

(l) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 186. Section 2872 of the Public Utilities Code is amended to read:

2872. (a) The connection of automatic dialing-announcing devices to a telephone line is subject to this article and to the jurisdiction, control, and regulation of the commission.

(b) No person shall operate an automatic dialing-announcing device except in accordance with this article. The use of such a device by any person, either individually or acting as an officer, agent, or employee of a person or corporation operating automatic dialing-announcing devices, is subject to this article.

(c) No person shall operate an automatic dialing-announcing device in this state to place a call that is received by a telephone in this state during the hours between 9 p.m. and 9 a.m. California time.

(5) A petroleum refinery, chemical processing plant, or nuclear powerplant for purposes of advising residents, public service agencies, and the news media in its vicinity of an actual or potential life-threatening emergency.

(e) This article does not prohibit law enforcement agencies, fire protection agencies, public health agencies, public environmental health agencies, city or county emergency services planning agencies, or any private for-profit agency operating under contract with, and at the direction of, one or more of these agencies, from placing calls through automatic dialing-announcing devices, if those devices are used for any of the following purposes:

(1) Providing public service information relating to public safety.

(2) Providing information concerning police or fire emergencies.

(3) Providing warnings of impending or threatened emergencies.

These calls shall not be subject to Section 2874.

(f) This article does not apply to any automatic dialing-announcing device that is not used to randomly or sequentially dial telephone numbers but that is used solely to transmit a message to an established business associate, customer, or other person having an established relationship with the person using the automatic dialing-announcing device to transmit the message, or to any call generated at the request of the recipient.

(g) The commission may determine any question of fact arising under this section.

agency are supervised by the commission, exclusively for the collection of unpaid debts.

(2) (A) To any law enforcement agency, fire protection agency, public health agency, public environmental health agency, city or county emergency services planning agency, or private for-profit agency operating under contract with, and at the direction of, one or more of these agencies, for the exclusive purpose of responding to a 911 call or communicating an imminent threat to life or property.

(B) Any information or records provided to a private for-profit agency pursuant to this subdivision shall be held in confidence by that agency and by any individual employed by or associated with that agency. This information or these records shall not be open to examination for any purpose not directly connected with the administration of the services specified in subdivision (e) of Section 2872 or this paragraph.

(3) To a lawful process issued under state or federal law.

(4) To a telephone corporation providing service between service areas for the provision to the subscriber of telephone service between service areas, or to third parties for the limited purpose of providing billing services.

(5) To the commission pursuant to its jurisdiction and control over telephone and telegraph corporations.

(d) Every deliberate violation of this section is grounds for a civil suit by the aggrieved subscriber against the organization or corporation and its employees responsible for the violation.

(e) For purposes of this section, "unpublished or unlisted access number" means a telephone, telex, teletex, facsimile, computer modem, or any other code number that is assigned to a subscriber by a telephone or telegraph corporation for the receipt of communications initiated by other telephone or telegraph customers and that the subscriber has requested that the telephone or telegraph corporation keep in confidence.

(f) No telephone corporation, nor any official or employee thereof, shall be subject to criminal or civil liability for the release of customer information as authorized by this section.

SEC. 188. Section 3910 of the Public Utilities Code is amended to read:

3910. (a) No highway carrier shall engage in any interstate or foreign transportation of property or passengers for compensation by motor vehicle on any public highway in this state without first having registered the operation with the commission or with the carrier's base registration state, if other than California, as determined in accordance with final regulations issued by the Interstate Commerce Commission pursuant to the Intermodal Surface Transportation Efficiency Act of 1991 (49 U.S.C., Sec. 11506). To register with the commission, a highway carrier shall comply with the following:

(1) When the operation requires authority from the Interstate Commerce Commission under the Interstate Commerce Act, a copy of that authority shall be filed with the initial application for

registration. A copy of any additions or amendments to the authority shall be filed with the commission. Proof of public liability protection shall also be filed with the commission.

(2) If the operation does not require authority from the Interstate Commerce Commission under the Interstate Commerce Act, an affidavit of that exempt status shall be filed with the application for registration.

(b) The commission shall grant registration upon the filing of the application pursuant to applicable law and the payment of any applicable fees, subject to the highway carrier's compliance with this chapter.

SEC. 189. Section 3911 of the Public Utilities Code is amended to read:

3911. The commission shall establish fees to be charged for registration consistent with the final regulations embodying standards as set forth in the Intermodal Surface Transportation Efficiency Act of 1991 (49 U.S.C., Sec. 11506) and adopted by the Interstate Commerce Commission.

SEC. 190. Section 99401.5 of the Public Utilities Code is amended to read:

99401.5. Prior to making any allocation not directly related to public transportation services, specialized transportation services, or facilities provided for the exclusive use of pedestrians and bicycles, the transportation planning agency shall annually do all of the following:

(a) Consult with the social services transportation advisory council established pursuant to Section 99238.

(b) Identify the transit needs of the jurisdiction which have been considered as part of the transportation planning process, including the following:

(1) An annual assessment of the size and location of identifiable groups likely to be transit dependent or transit disadvantaged, including, but not limited to, the elderly, the handicapped, including individuals eligible for paratransit and other special transportation services pursuant to Section 12143 of Title 42 of the United States Code (the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101, et seq.)), and persons of limited means.

(2) An analysis of the adequacy of existing public transportation services and specialized transportation services, including privately and publicly provided services necessary to implement the plan prepared pursuant to Section 12143 (c) (7) of Title 42 of the United States Code, in meeting the transit demand identified pursuant to paragraph (1).

(3) An analysis of the potential alternative public transportation and specialized transportation services and service improvements that would meet all or part of the transit demand.

(c) Identify the unmet transit needs of the jurisdiction and those needs that are reasonable to meet. The transportation planning agency shall hold at least one public hearing pursuant to Section

99238.5 for the purpose of soliciting comments on the unmet transit needs that may exist within the jurisdiction and that might be reasonable to meet by establishing or contracting for new public transportation or specialized transportation services or by expanding existing services. The definition adopted by the transportation planning agency for the terms “unmet transit needs” and “reasonable to meet” shall be documented by resolution or in the minutes of the agency. The fact that an identified transit need cannot be fully met based on available resources shall not be the sole reason for finding that a transit need is not reasonable to meet. An agency’s determination of needs that are reasonable to meet shall not be made by comparing unmet transit needs with the need for streets and roads.

(d) Adopt by resolution a finding for the jurisdiction, after consideration of all available information compiled pursuant to subdivisions (a), (b), and (c). The finding shall be that (1) there are no unmet transit needs, (2) there are no unmet transit needs that are reasonable to meet, or (3) there are unmet transit needs, including needs that are reasonable to meet. The resolution shall include information developed pursuant to subdivisions (a), (b), and (c) which provides the basis for the finding.

(e) If the transportation planning agency adopts a finding that there are unmet transit needs, including needs that are reasonable to meet, then the unmet transit needs shall be funded before any allocation is made for streets and roads within the jurisdiction.

SEC. 191. Section 74.3 of the Revenue and Taxation Code is amended to read:

74.3. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the California Constitution, “newly constructed” does not include the construction, installation, or modification of any portion or structural component of an existing single- or multiple-family dwelling that is eligible for the homeowner’s exemption as described in Section 218, if the construction, installation, or modification is for the purpose of making the dwelling more accessible to a severely and permanently disabled person who is a permanent resident of the dwelling.

(b) For purposes of this section, “a severely and permanently disabled person” is any person who has a physical disability or impairment, whether from birth or by reason of accident or disease, that results in a functional limitation as to employment or substantially limits one or more major life activities of that person, and that has been diagnosed as permanently affecting the person’s ability to function, including, but not limited to, any disability or impairment that affects sight, speech, hearing, or the use of any limbs.

(c) For purposes of this section, “accessible” means that combination of elements with regard to any dwelling that provides for access to, circulation throughout, and the full use of, the dwelling and any fixture, facility, or item therein. The construction of an

entirely new addition, such as a bedroom or bath, that duplicates existing facilities in the dwelling that are not otherwise available to the disabled resident solely because of his or her disability, shall be deemed to make the dwelling more accessible within the meaning and for the purposes of this section.

(d) The exclusion provided by this section shall apply only to those improvements or features that specially adapt a dwelling accessibility by a severely and permanently disabled person. The value of any improvement, addition, or modification excluded pursuant to this section shall not include any other functional improvement, addition, or modification to the property unless it is merely incidental to the qualified improvements or features.

(e) The exclusion provided by this section shall not apply to the construction of an entirely new dwelling.

(f) The construction, installation, or modification, with regard to an existing building, for purposes of making the structure more accessible to a disabled person, shall be eligible for exclusion pursuant to this section only if the disabled person, or his or her spouse or legal guardian, submits to the assessor both of the following:

(1) A statement signed by a licensed physician or surgeon, of appropriate specialty which certifies that the person is severely and permanently disabled as defined in subdivision (b), and identifies specific disability-related requirements necessitating accessibility improvements or features.

(2) A statement that identifies the construction, installation, or modification that was in fact necessary to make the structure more accessible to the disabled person.

(g) The assessor may charge a fee to the disabled person or his or her spouse or legal guardian sufficient to reimburse the assessor for the costs of processing and administering the statement required by subdivision (f).

(h) This section shall apply to construction, installations, or modifications completed on or after June 6, 1990.

SEC. 192. Section 97.036 of the Revenue and Taxation Code, as added by Chapter 901 of the Statutes of 1993, is amended and renumbered to read:

97.034. (a) Notwithstanding any other provision of this chapter, the water quality control compliance costs of a qualified special district for the relevant fiscal year shall be deducted from the amount of property tax revenue subject to reduction with respect to that district under Section 97.03 for the 1992–93 fiscal year, under Section 97.035 for the 1993–94 fiscal year, and under any statute with respect to any subsequent fiscal year that would reduce the amount of property tax revenue deemed allocated in the prior fiscal year to that district for purposes of increasing the amount of property tax revenue allocated to another jurisdiction.

(b) For purposes of this section:

(1) A “qualified special district” means any special district that is required to comply with Chapter 12 (commencing with Section

13950) of Division 7 of the Water Code.

(c) The auditor may assess each qualified special district its share of the auditor's actual and reasonable costs of complying with this section. For purposes of this subdivision, each share of costs shall be determined in accordance with that district's proportional share of the total amount of water quality control compliance costs determined by the auditor for purposes of this section for each fiscal year.

SEC. 193. Section 97.036 of the Revenue and Taxation Code, as added by Chapter 905 of the Statutes of 1993, is amended to read:

97.036. (a) The Director of Finance may reduce the amount of the transfer to the Educational Revenue Augmentation Account determined pursuant to subdivision (a) of Section 97.035 for any eligible county as described in subdivision (b) of this section. The total amount of the reductions for all counties that may be authorized pursuant to this section shall not exceed two million dollars (\$2,000,000).

(b) For purposes of this section, an "eligible county" is a county with a population of less than 350,000 as reported in the 1990 federal census that had a fire element of the tax bill in 1977-78, that continues to fund some portion of those costs from the county general fund in 1993-94, and that provides these services in the same manner as a special district less than countywide and has so indicated in the Controller's Report on Financial Transactions Concerning Counties.

(c) For each eligible county, the county auditor may submit the following information to the Director of Finance not later than November 1, 1993:

(1) The amount of property tax allocated to the county fire district in the 1977-78 fiscal year.

(5) The amount allocated to the county fire district from the Special District Augmentation Fund in the 1992-93 fiscal year.

(d) For each eligible county that submits to the Director of Finance by November 1, 1993, the information described in subdivision (c), the Director of Finance shall make the following calculations:

(1) Multiply the amount of property tax allocated to the county fire district in the 1977-78 fiscal year by the change in the value of the property tax base for the county from the 1977-78 fiscal year to the 1978-79 fiscal year.

(2) Subtract the amount reported pursuant to paragraph (3) of subdivision (c) from the amount determined pursuant to paragraph (1).

(3) Multiply the amount determined pursuant to paragraph (2) by an amount determined by the Director of Finance to be the change in assessed value for the county from the 1978-79 fiscal year to the 1993-94 fiscal year.

(4) Multiply the amount reported pursuant to paragraph (5) of subdivision (c) by 1.038.

(5) Add the amount determined pursuant to paragraph (3) to the amount determined pursuant to paragraph (4).

(6) Subtract the amount determined pursuant to paragraph (5) from the amount reported pursuant to paragraph (4) of subdivision (c).

(e) The Director of Finance shall determine the sum of all the amounts determined pursuant to paragraph (6) of subdivision (d).

(f) If the sum determined pursuant to subdivision (e) is greater than two million dollars (\$2,000,000), then the Director of Finance shall proportionately reduce the amount for each county so that the total of the amounts for all counties does not exceed two million dollars (\$2,000,000). If the sum determined pursuant to subdivision (e) does not exceed two million dollars (\$2,000,000), then the Director of Finance shall not reduce the amount determined for each county.

(g) The Director of Finance shall by January 15, 1994, notify each county of its reduction in the amount to be transferred to the Educational Revenue Augmentation Account pursuant to subdivision (a) of Section 97.035. The maximum amount of the reduction that may be authorized pursuant to this section is one-half the amount determined pursuant to subdivision (f).

SEC. 194. Section 97.038 of the Revenue and Taxation Code, as added by Chapter 900 of the Statutes of 1993, is amended and renumbered to read:

97.039. Notwithstanding Section 97.035, the amount of property tax revenues of a community service district that is subject to reduction pursuant to that section shall not include those property tax revenues, up to the amount of ninety thousand dollars (\$90,000), that are allocated by that district to "police protection and personal safety" activities, as indicated in the 1989-90 edition of the Controller's Report on the Financial Transactions of Special Districts in California.

SEC. 195. Section 254.5 of the Revenue and Taxation Code is amended to read:

254.5. (a) Affidavits for the welfare exemption and the veterans' organization exemption shall be filed in duplicate on or before March

15 of each year with the assessor. Affidavits of organizations filing for the first time shall be accompanied by duplicate certified copies of the financial statements of the owner and operator. Thereafter, financial statements shall be submitted only if requested in writing by either the assessor or the board. Copies of the affidavits and financial statements shall be forwarded not later than April 1 by the assessor with his or her recommendations for approval or denial to the board which shall review all the affidavits and statements and may institute an independent audit or verification of the operations of the owner and operator to ascertain whether both the owner and operator meet the requirements of Section 214 of the Revenue and Taxation Code. In this connection the board shall consider, among other matters, whether:

(1) The services and expenses of the owner or operator (including salaries) are excessive, based upon like services and salaries in comparable public institutions.

(2) The operations of the owner or operator, either directly or indirectly, materially enhance the private gain of any individual or individuals.

(3) Any capital investment of the owner or operator for expansion of physical plant is justified by the contemplated return thereon, and required to serve the interests of the community.

(4) The property on which exemption is claimed is used for the actual operation of an exempt activity and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose.

(b) The board shall make a finding as to the eligibility of each applicant and the applicant's property and shall forward its finding to the assessor concerned. In a case where the board conducts a hearing with respect to the eligibility of the applicant and the applicant's property, the finding shall be forwarded to the assessor concerned within 30 days after the decision is made by the board following the hearing. The assessor may deny the claim of an applicant the board finds eligible but may not grant the claim of an applicant the board finds ineligible.

(c) Notwithstanding subdivision (a), an applicant, granted a welfare exemption and owning any property exempted pursuant to Section 231, shall not be required to reapply for the welfare exemption in any subsequent year in which there has been no transfer of, or other change in title to, the exempted property and the property is used exclusively by a governmental entity for its interest and benefit. The applicant shall notify the assessor on or before March 15 if, on or before the preceding lien date, the applicant became ineligible for the welfare exemption or if, on or before that lien date, the property was no longer owned by the applicant or otherwise failed to meet all requirements for the welfare exemption.

Prior to the lien date, the assessor shall annually mail a notice to every applicant relieved of the requirement of filing an annual

application by this subdivision.

The notice shall be in a form and contain that information that the board may prescribe, and shall set forth the circumstances under which the property may no longer be eligible for exemption and advise the applicant of the duty to inform the assessor if the property is no longer eligible for exemption.

The notice shall include a card that is to be returned to the assessor by any applicant desiring to maintain eligibility for the welfare exemption under Section 231. The card shall be in the following form:

To all persons who have received a welfare exemption under Section 231 of the Revenue and Taxation Code for the _____ fiscal year.

Question: Will the property to which the exemption applies in the _____ fiscal year continue to be used exclusively by government for its interest and benefit in the _____ fiscal year?

YES _____ NO _____

Signature: _____

Title: _____

Failure to return this card does not of itself constitute a waiver of exemption as called for by the California Constitution, but may result in onsite inspection to verify exempt activity.

(d) Upon any indication that a welfare exemption has been incorrectly granted, the assessor shall redetermine eligibility for the exemption. If the assessor determines that the property, or any portion thereof, is no longer eligible for the exemption, he or she shall immediately cancel the exemption on so much of the property as is no longer eligible for the exemption.

(e) If a welfare exemption has been incorrectly allowed, an escape assessment as provided by Article 4 (commencing with Section 531) of Chapter 3 in the amount of the exemption, with interest as provided in Section 506, shall be made, and a penalty shall be assessed for any failure to notify the assessor as required by this section in an amount equaling 10 percent of the escape assessment, but in no event exceeding two hundred fifty dollars (\$250).

SEC. 196. Section 2188.8 of the Revenue and Taxation Code is amended to read:

2188.8. (a) Whenever the assessor receives a written request for separate assessment of timeshare estates in a timeshare project, as defined in Section 11003.5 of the Business and Professions Code and as specified in subdivision (h) of this section, the assessor shall, on the first lien date that occurs more than 60 days following the request, and on each lien date thereafter, separately assess each timeshare

estate in the project if the assessor determines that the conditions specified in subdivision (c) have been met. Whenever estates in a timeshare project are separately assessed, they shall continue to be separately assessed in subsequent fiscal years and once a request for separate assessment is made with respect to a project, it is binding on all future timeshare estate owners.

(b) The interest that is to be separately assessed is the value of the right of recurrent, exclusive use or occupancy of real property, annually or on some other periodic basis, for a specific period of time that has been, or will be, allotted from the use or occupancy periods into which the project has been divided.

(c) The separate assessment of a timeshare estate may not be made by the assessor unless both of the following occur:

(1) The person making the request certifies that the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally.

(2) A diagrammatic floor plan of the improvements, a copy of the documents setting forth the procedures for scheduling time and units to each timeshare estate owner, and a list of every timeshare estate owner, with a date notation thereon showing when, according to the organization's records, each timeshare estate was acquired, have been filed with the assessor. A plot map of the land showing the location of the improvements on the land need not be filed unless requested by the assessor. The organization shall file an annual statement for each succeeding assessment year, on or before April 1, with the assessor setting forth any changes to the required information known to the organization. The list or other information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408.

(d) Notwithstanding subdivision (c), this section shall not be construed to require any person making a request for separate assessment to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment.

(e) The tax on a timeshare estate that is separately assessed pursuant to this section shall be a lien solely on the timeshare estate and shall be entered on and be subject to all provisions of law applicable to taxes on the secured roll, provided:

(1) If the taxes on any timeshare estate that is separately assessed remain unpaid at the time set for declaration of default for delinquent taxes, the taxes on the timeshare estate, together with any penalties and costs that may have accrued thereon while on the secured roll, may be transferred to the unsecured roll.

(2) Defaulted timeshare estate taxes remaining unpaid on any prior year secured tax roll may be transferred to the unsecured roll and collected like any other tax on the unsecured roll.

(f) The assessor shall provide to the principal office of each

timeshare project within the taxing jurisdiction, at the time and in the manner as he or she deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(g) The county may charge a fee for processing an application for separate assessment and for the initial and the ongoing costs, not to exceed the actual cost, of the separate assessment and billing, and mailings, with respect to a timeshare project. This fee shall be subject to Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code, and shall be proportionately allocated to each of the timeshare estate owners. This fee may be collected commencing with the initial separate tax bills, and on subsequent tax bills, and deposited in the county's general fund.

(h) For purposes of this section, "timeshare estate" applies to timeshare estates, as defined in Section 11003.5 of the Business and Professions Code, that include a fee simple interest in the underlying property involved. However, "timeshare estate" does not include timeshare estates that are coupled with a leasehold interest or an estate for years.

SEC. 197. Section 6073 of the Revenue and Taxation Code is amended to read:

6073. (a) (1) When the board determines it is necessary for the efficient administration of this part, the board may require the operator of a swap meet, flea market, or special event as a prerequisite to renting or leasing space on the premises owned or controlled by that operator to a person desiring to engage in or conduct business as a seller, to obtain written evidence that the seller is the holder of a valid seller's permit issued pursuant to Section 6067, or a written statement from the seller that he or she is not offering for sale any item that is taxable under this part or is otherwise not required to hold a valid seller's permit.

(2) In providing the board with documentation required by the board pursuant to paragraph (1), an operator of a swap meet, flea market, or special event may require each person desiring to engage in or conduct business as a seller at that swap meet, flea market, or special event to provide his or her driver's license number to the operator on a form authorized by the board or under Section 6073.1.

(b) At any time as the board may specify in a written notice, but in no case more than three times in a calendar year, the board may require an operator to submit to the board a list of vendors conducting business on their premises as a seller. Each listing shall be provided to the board within 30 days after the date of the board's notice. The list shall contain the name and seller's permit number for permitholders and the name, address, and driver's license number for vendors who do not have a seller's permit. Records shall be retained as provided in Section 7053.

(c) "Swap meet, flea market, or special event," as used in this section, means an activity involving a series of sales sufficient in

number, scope, and character to constitute a regular course of business, or any event at which two or more persons offer tangible personal property for sale or exchange and at which a fee is charged for the privilege of displaying the property for sale or exchange or at which a fee is charged to prospective buyers for admission to the area where the property is offered or displayed for sale or exchange.

(d) Any operator of a swap meet, flea market, or special event who fails or refuses to comply with this section is subject to a penalty not exceeding one thousand dollars (\$1,000) for each offense.

SEC. 198. Section 6355 of the Revenue and Taxation Code is amended to read:

6355. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale in bulk of monetized bullion, nonmonetized gold or silver bullion, and numismatic coins that are substantially equivalent to transactions in securities or commodities through a national securities or commodities exchange and the storage, use, or other consumption in this state of monetized bullion, nonmonetized gold or silver bullion, and numismatic coins so sold.

(b) (1) A sale in bulk, for purposes of this section, shall be deemed to have occurred if the amount of monetized bullion, nonmonetized gold or silver bullion, and numismatic coins sold in the transaction totals, in market value, the sum of one thousand dollars (\$1,000) or more, or its equivalent.

(2) The board shall adjust the one thousand dollar (\$1,000) amount specified in paragraph (1) as follows:

(A) On or before September 1, 1994, and on or before each September 1 of each year thereafter, the board shall multiply the amount applicable for the current calendar year by the inflation factor adjustment determined by the Franchise Tax Board pursuant to subdivision (h) of Section 17041, the resulting amount to be the applicable amount for the succeeding calendar year. The applicable amount shall be operative as an adjustment of the amount specified in paragraph (1) only when the applicable amount computed is equal to or exceeds a new operative threshold, as defined in subparagraph (C).

(B) When the applicable amount equals or exceeds an operative threshold specified in subparagraph (C), the resulting applicable amount, rounded to the nearest multiple of five hundred dollars (\$500), shall be operative for purposes of paragraph (1) beginning January 1 of the succeeding calendar year.

(C) For purposes of this paragraph, "operative threshold" means an amount that exceeds by at least five hundred dollars (\$500), the greater of either the amount specified in paragraph (1) or the amount computed pursuant to subparagraphs (A) and (B) as the operative adjustment to the amount specified in paragraph (1).

(c) "Monetized bullion," for purposes of this section, means coins or other forms of money manufactured of gold, silver, or other metal and heretofore, now, or hereafter used as a medium of exchange under the laws of this state, the United States, or any foreign nation.

“Monetized bullion,” for purposes of this section, also means gold medallions struck under authority of the American Arts Gold Medallion Act (Title IV of Public Law 95-630).

(d) A sale of monetized bullion, nonmonetized gold or silver bullion, or numismatic coins, for purposes of this section, shall be deemed to be substantially equivalent to a transaction in securities or commodities through a national securities or commodities exchange, if the sale is by or through a person registered pursuant to the Commodity Exchange Act (7 U.S.C. Sec. 1 et seq.) or not required to be registered under the Commodity Exchange Act.

SEC. 199. Section 6358.2 of the Revenue and Taxation Code is amended to read:

6358.2. There are exempted from the taxes imposed by this part the gross receipts from the sale of and the storage, use, or other consumption in this state of wood shavings, sawdust, rice hulls, or other products that are used as litter in poultry and egg production and that are ultimately resold as, or incorporated into, fertilizer products.

SEC. 200. Section 13210 of the Revenue and Taxation Code is amended to read:

13210. (a) For gross premiums paid or to be paid on insurance contracts that take effect or are renewed on or after January 1, 1994, every person who effects insurance governed by Chapter 6 (commencing with Section 1760) of Part 2 of Division 1 of the Insurance Code shall pay a gross premium tax of 3 percent for the use of the state, less 3 percent of returned premiums that were subject to the tax received by reason of cancellation or reduction of premium.

(1) This section shall not apply to either of the following:

(A) Insurance coverage for which a tax on the gross premium is due or has been paid pursuant to Section 1775.5 of the Insurance Code.

(B) Gross premiums paid and returned premiums received by that person upon business governed by the provisions of Section 1760.5 of the Insurance Code.

(2) If, during any calendar quarter 3 percent of the returned premiums received that were subject to the tax imposed by this part exceed 3 percent of the gross premiums paid or to be paid by that person on contracts that took effect or were renewed in that calendar quarter, then that person may either carry forward the excess to a succeeding calendar quarter and apply it as a credit against the 3 percent of gross premiums paid or to be paid by that person in the succeeding calendar quarter, or the person may elect to receive, and be paid a refund equal to the amount of taxes paid by the person on the excess of returned premiums received over gross premiums paid or to be paid.

(b) For purposes of determining the tax, the total premium paid or to be paid for all nonadmitted insurance placed in a single transaction with one underwriter or group of underwriters, whether

in one or more policies, in that calendar quarter during which the taxable insurance contract or contracts took effect or were renewed, shall be allocated to this state in the proportion that the total premium on the insured properties or operations in this state, as computed on the exposure in this state on the basis of any single standard rating method in use in all states or countries where the insurance applies, bears to the total premium so computed in all states or countries in which that nonadmitted insurance may apply.

(c) Subdivision (b) shall not apply to interstate motor transit operations conducted between this and other states. With respect to those operations, the tax shall be payable on the entire premium charged on all nonadmitted insurance, less both of the following:

(1) The portion of the premium that is determined to have been paid for operations in other states taxing the premium on operations in states of an insured maintaining its headquarters office in this state.

(2) The premium for any operations outside of this state of an insured who maintains a headquarters operating office outside of this state and a branch office in this state.

SEC. 201. Section 13221 of the Revenue and Taxation Code is amended to read:

13221. In the event that a person subject to tax is delinquent in the payment of any amount due under this part, and that person also has an amount imposed and due and payable under Part 10 (commencing with Section 17001), Part 10.2 (commencing with Section 18401), or Part 11 (commencing with Section 23001), any amounts collected by the Franchise Tax Board shall be applied first to the payment of those taxes, additions to tax, penalties, interest, fees, or other amounts imposed and due and payable under Part 10 (commencing with Section 17001), Part 10.2 (commencing with Section 18401), or Part 11 (commencing with Section 23001).

SEC. 202. Section 17053.45 of the Revenue and Taxation Code is amended to read:

17053.45. (a) For each taxable year beginning on or after January 1, 1995, and before January 1, 2003, there shall be allowed as a credit against the "net tax" (as defined by Section 17039) an amount equal to the sales or use tax paid or incurred by the taxpayer in connection with the purchase of qualified property to the extent that the qualified property does not exceed a value of one million dollars (\$1,000,000).

(b) For purposes of this section:

(1) "LAMBRA" means a local agency military base recovery area designated in accordance with Section 7114 of the Government Code.

(2) "Taxpayer" means a taxpayer or partnership that conducts a trade or business within a LAMBRA and, for the first two taxable years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA.

(A) The net increase in the number of jobs shall be determined

by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the taxable year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second taxable year after commencing business operations in the LAMBRA. For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the taxable year prior to commencing business operations in the LAMBRA shall be zero. If the taxpayer has a net increase in jobs in the state, the credit shall be allowed only if one or more full-time employees is employed within the LAMBRA.

(B) The total number of employees employed in the LAMBRA shall equal the sum of both of the following:

(i) The total number of hours worked in the LAMBRA for the taxpayer by employees (not to exceed 2,000 hours per employee) who are paid an hourly wage divided by 2,000.

(ii) The total number of months worked in the LAMBRA for the taxpayer by employees who are salaried employees divided by 12.

(C) In the case of a taxpayer who first commences doing business in the LAMBRA during the taxable year, for purposes of clauses (i) and (ii), respectively, of subparagraph (B) the divisors "2,000" and "12" shall be multiplied by a fraction, the numerator of which is the number of months of the taxable year that the taxpayer was doing business in the LAMBRA and the denominator of which is 12.

(3) "Qualified property" means the purchase of any of the following for exclusive use in a LAMBRA:

(A) High technology equipment, including, but not limited to, computers and electronic processing equipment.

(B) Aircraft maintenance equipment, including, but not limited to, engine stands, hydraulic mules, power carts, test equipment, handtools, aircraft start carts, and tugs.

(C) Aircraft components, including, but not limited to, engines, fuel control units, hydraulic pumps, avionics, starts, wheels, and tires.

(D) Any property that is Section 1245 property, as defined in Section 1245(a) (3) of the Internal Revenue Code.

(c) The credit provided under subdivision (a) shall be allowed only for qualified property manufactured in California unless qualified property of a comparable quality and price is not available for timely purchase and delivery from a California manufacturer.

(d) In the case where the credit allowed under subdivision (a) exceeds the limitation set forth in subdivision (f), that portion of the credit which exceeds the limitation may be carried over and added to the credit computed under subdivision (a) in succeeding years, until the credit is exhausted.

(e) Any taxpayer who elects to be subject to this section shall not be entitled to increase the basis of the property as otherwise required by Section 164(a) of the Internal Revenue Code with respect to sales or use tax paid or incurred in connection with the purchase of

qualified property.

(f) The amount of the credit provided by this section, including credit carryover from prior years, in any taxable year shall not exceed the amount of tax that would be imposed on the income attributed to business activities of the taxpayer within a LAMBRA as if that attributable income represented all the income of the taxpayer subject to tax under this part. In the event that a credit carryover is allowable under subdivision (d) for any taxable year after the LAMBRA designation has expired, the LAMBRA shall be deemed to remain in existence for purposes of computing this limitation. The amount of that income shall be determined in accordance with Article 2 (commencing with Section 25120) of Chapter 17 of Part 11, modified for purposes of this section as follows:

(1) Income shall be apportioned to a LAMBRA by multiplying total income from the business by a fraction, the numerator of which is the property factor, plus the payroll factor, and the denominator of which is 2.

(2) "The LAMBRA" shall be substituted for "this state."

(g) (1) If the qualified property is disposed of or no longer used by the taxpayer in the local agency military base recovery area, at any time before the close of the second taxable year after the property is placed in service, the amount of the credit previously claimed, with respect to that property, shall be added to the taxpayer's tax liability in the taxable year of that disposition or nonuse.

(2) At the close of the second taxable year, if the taxpayer has not increased the number of its employees as determined by paragraph (2) of subdivision (b), then the amount of the credit previously claimed shall be added to the taxpayer's net tax for the taxpayer's second taxable year.

(h) In the case where "qualified property" qualifies for a credit under more than one section in this part, the taxpayer shall make an election as to which section applies to that qualified property.

(i) This section shall remain in effect only until December 1, 2003, and as of that date is repealed. However, any unused credit may continue to be carried forward as provided in subdivision (d), until the credit is exhausted.

SEC. 203. Section 17053.46 of the Revenue and Taxation Code is amended to read:

17053.46. (a) For each taxable year beginning on or after January 1, 1995, and before January 1, 2003, there shall be allowed as a credit against the "net tax" (as defined in Section 17039) to a qualified taxpayer for hiring a qualified disadvantaged individual or a qualified displaced employee during the taxable year for employment in the LAMBRA. The credit shall be equal to the sum of each of the following:

(1) Fifty percent of the qualified wages in the first year of employment.

(2) Forty percent of the qualified wages in the second year of

employment.

(3) Thirty percent of the qualified wages in the third year of employment.

(4) Twenty percent of the qualified wages in the fourth year of employment.

(5) Ten percent of the qualified wages in the fifth year of employment.

(b) For purposes of this section:

(ii) Who performs at least 50 percent of his or her services for the taxpayer during the taxable year in the LAMBRA.

(B) Who is hired by the employer after the designation of the area as a LAMBRA in which the individual's services were primarily performed.

(6) "Qualified taxpayer" means a taxpayer or partnership that

conducts a trade or business within a LAMBRA and, for the first two taxable years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA.

(A) The net increase in the number of jobs shall be determined by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the taxable year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second taxable year after commencing business operations in the LAMBRA. For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the taxable year prior to commencing business operations in the LAMBRA shall be zero. If the taxpayer has a net increase in jobs in the state, the credit shall be allowed only if one or more full-time employees is employed within the LAMBRA.

(B) The total number of employees employed in the LAMBRA shall equal the sum of both of the following:

(i) The total number of hours worked in the LAMBRA for the taxpayer by employees (not to exceed 2,000 hours per employee) who are paid an hourly wage divided by 2,000.

(ii) The total number of months worked in the LAMBRA for the taxpayer by employees who are salaried employees divided by 12.

(C) In the case of a taxpayer who first commences doing business in the LAMBRA during the taxable year, for purposes of clauses (i) and (ii), respectively, of subparagraph (B) the divisors "2,000" and "12" shall be multiplied by a fraction, the numerator of which is the number of months of the taxable year that the taxpayer was doing business in the LAMBRA and the denominator of which is 12.

(7) "Qualified displaced employee" means an individual who satisfies all of the following requirements:

(A) Any civilian or military employee of a base or former base who has been displaced as a result of a federal base closure act.

(C) Who is hired by the employer after the designation of the area in which services were performed as a LAMBRA.

(c) (1) For purposes of this section, both of the following apply:

(A) All employees of trades or businesses that are under common control shall be treated as employed by a single employer.

(B) The credit (if any) allowable by this section with respect to each trade or business shall be determined by reference to its proportionate share of the qualified wages giving rise to the credit.

The regulations prescribed under this paragraph shall be based on principles similar to the principles that apply in the case of controlled groups of corporations as specified in subdivision (e) of Section

23622.

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (f)) for any calendar year ending after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(d) (1) If the employment of any employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount (determined under those regulations) equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(4) At the close of the second taxable year, if the taxpayer has not increased the number of its employees as determined by paragraph

(1) The rescission of any offer and reasons therefor.

(2) The amount of reestablished liability that is due and payable.

SEC. 218. Section 9601.7 of the Unemployment Insurance Code is amended to read:

9601.7. (a) Each state or local government agency or community action agency, or any private organization contracting with a state or local government agency, that enters into an agreement with the department to provide employment services including, but not limited to, job training, retraining, or placement, shall post in a prominent location in the workplace, a notice stating that only citizens or those persons legally authorized to work in the United States will be permitted to use the agency's or organization's employment services that are funded by the federal or state government.

(b) The notice shall read:

NOTICE: Attention All Job Seekers

The Immigration and Reform Control Act of 1986 (IRCA) requires that all employers verify the identity and employment authorization of all individuals hired after November 6, 1986. An employer is required to examine documents provided by the job seeker establishing identity and authorization for employment in the United States. In addition, it is a violation of both state and federal law to discriminate against job seekers on the basis of ancestry, race, or national origin. This agency provides employment services funded by the federal or state government that are available only to individuals who are United States citizens or who are legally authorized to work in the United States.

SEC. 219. Section 5002.6 of the Vehicle Code is amended to read:

5002.6. (a) The Chancellor or a president of a campus of the California State University, or the president or a chancellor of a campus of the University of California, who is regularly issued a state-owned vehicle may apply to the department for regular series license plates for that vehicle, if a request for that issuance is also made by the Trustees of the California State University or the Regents of the University of California, as applicable. The request by the president or chancellor and by the trustees or regents shall be in the manner specified by the department.

(b) Regular series license plates issued pursuant to subdivision (a) shall be surrendered to the department by the trustees or regents, as applicable, upon the reassignment of a vehicle, for which those plates have been issued, to a person other than the person who requested those plates.

SEC. 220. Section 5024 of the Vehicle Code is amended to read:

5024. (a) Any person described in Section 5101 may also apply for a set of commemorative collegiate reflectorized license plates, and the department shall issue those special license plates in lieu of the regular license plates. The collegiate reflectorized plates shall be of a distinctive design, and shall be available in a special series of letters or numbers, or both, as determined by the department. The collegiate reflectorized plates shall also contain the name of the participating institution as well as the reflectorized logotype, motto, symbol, or other distinctive design, as approved by the department, representing the participating university or college selected by the applicant.

(b) Any public or private postsecondary educational institution in the state, which is accredited or has been accepted as a recognized candidate for accreditation by the Western Association of Schools and Colleges, may indicate to the department its decision to be included in the commemorative collegiate license plate program and submit its distinctive design for the logotype, motto, symbol, or other design. However, no public or private postsecondary educational institution may be included in the program until not less than 5,000 applications are received for license plates containing that

institution's logotype, motto, symbol, or other design. Each participating institution shall collect and hold applications for collegiate license plates until it has received at least 5,000 applications. Once the institution has received at least 5,000 applications, it shall submit the applications, along with the necessary fees, to the department. Upon receiving the first application, the institution shall have one calendar year to receive the remaining required applications. If, after that one calendar year, 5,000 applications have not been received, the institution shall refund to all applicants any fees or deposits which have been collected.

(c) In addition to the regular fees for an original registration, a renewal of registration, or a transfer of registration, the following commemorative collegiate license plate fees shall be paid:

(1) Fifty dollars (\$50) for the initial issuance of the plates. These plates shall be permanent and shall not be required to be replaced.

(2) Forty dollars (\$40) for each renewal of registration which includes the continued display of the plates.

(3) Fifteen dollars (\$15) for transfer of the plates to another vehicle.

(4) Thirty-five dollars (\$35) for replacement plates, if the plates become damaged or unserviceable.

(d) When payment of renewal fees is not required as specified in Section 4000, or when the person determines to retain the commemorative collegiate license plates upon sale, trade, or other release of the vehicle upon which the plates have been displayed, the person shall notify the department and the person may retain the plates.

(e) Of the revenue derived from the additional special fees provided in this section, less costs incurred by the department pursuant to this section, one-half shall be deposited in the California Collegiate License Plate Fund, which is hereby created, and one-half shall be deposited in the Resources License Plate Fund, which is hereby created.

(f) The money in the California Collegiate License Plate Fund is, notwithstanding Section 13340 of the Government Code, continuously appropriated to the Controller for allocation as follows:

(1) To the governing body of participating public institutions in the proportion that funds are collected on behalf of each, to be used for need-based scholarships, distributed according to federal student aid guidelines.

(2) With respect to funds collected on behalf of accredited nonprofit, private, and independent colleges and universities in the state, to the California Student Aid Commission for grants to students at those institutions, in the proportion that funds are collected on behalf of each institution, who demonstrate eligibility and need in accordance with the Cal Grant Program pursuant to Article 3 (commencing with Section 69530) of Chapter 2 of Part 42 of the Education Code, but who did not receive an award based on a listing prepared by the California Student Aid Commission.

(g) The scholarships and grants shall be awarded without regard to race, religion, creed, sex, or age.

(h) The money in the Resources License Plate Fund is available, upon appropriation, for the purposes of natural resources preservation, enhancement, and restoration.

(i) All revenues deposited in, and expenditures from, the California Collegiate License Plate Fund shall be audited by the Auditor General on December 1, 1993, and December 1, 1995.

SEC. 221. Section 11709.2 of the Vehicle Code is amended to read:

11709.2. Every dealer shall conspicuously display a notice, not less than eight inches high and 10 inches wide, in each sales office and sales cubicle of a dealer's established place of business where written terms of specific sale or lease transactions are discussed with prospective purchasers or lessees, and in each room of a dealer's established place of business where sale and lease contracts are regularly executed, which states the following:

“NO COOLING-OFF PERIOD

California law does not provide for a “cooling-off” or other cancellation period for vehicle lease or purchase contracts. Therefore, you cannot later cancel such a contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign a motor vehicle purchase or lease contract, it may only be canceled with the agreement of the seller or lessor or for legal cause, such as fraud.”

SEC. 222. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the minor being recommended by the supervising agency. The notice to the foster parent shall indicate that the foster parent may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services provided or offered to the parent or guardian to enable them to assume custody, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the recommendation is not to return the minor to a parent or guardian, the report shall specify why the return of the minor would be detrimental to the minor. The probation officer shall provide the parent or guardian with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court-appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to such a hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that the return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report, shall review and consider the report and recommendations of any child advocate appointed pursuant to Section 356.5, and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to

which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the minor was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the minor had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian, provided that the court may modify the terms and conditions of those services. If the child is not returned to his or her parent or guardian, the court shall determine whether reasonable services have been provided or offered to the parent or guardian which were designed to aid the parent or guardian in overcoming the problems which led to the initial removal and the continued custody of the minor. The court shall order that those services be initiated or continued.

(f) At the review hearing held 12 months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parent or guardian unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or guardian which were designed to aid the parent or guardian to overcome the problems which led to the initial removal and continued custody of the minor. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that the return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the

efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If a minor is not returned to the custody of a parent or guardian at the hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for another review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months or that reasonable services have not been provided to the parent or guardian. The court shall inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a permanent plan shall be developed at that hearing. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or guardian.

(2) Order that the minor remain in long-term foster care, if the court finds by clear and convincing evidence, based upon the evidence already presented to it, that the minor is not adoptable and has no one willing to accept legal guardianship.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the minor pending the hearing unless it finds that visitation would be detrimental to the minor.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the

capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor concerning placement and the adoption or guardianship, unless the minor's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

(j) This section shall apply to minors made dependents of the court pursuant to subdivision (c) of Section 360 on or after January 1, 1989.

SEC. 223. Section 729 of the Welfare and Institutions Code is amended to read:

729. If a minor is found to be a person described in Section 602 by reason of the commission of a battery on school property as described in Penal Code Section 243.5, and the court does not remove the minor from the physical custody of the parent or guardian, the court as a condition of probation, except in any case in which the court makes a finding and states on the record its reasons that the condition would be inappropriate, shall require the minor to make restitution to the victim of the battery. If restitution is found to be inappropriate, the court, except in any case in which the court makes a finding and states on the record its reasons that the condition would be inappropriate, shall require the minor to perform specified community service. Nothing in this section shall be construed to limit the authority of a juvenile court to provide conditions of probation.

SEC. 224. Section 731.6 of the Welfare and Institutions Code is amended to read:

731.6. (a) The Legislature hereby finds and declares the following:

There is a desire to develop and implement innovative and cost-effective options that will alleviate crowding within the institutions operated by the Department of the Youth Authority, that will increase the department's substance abuse treatment capability, that will improve ward performance after release to parole, and that will prevent the further incursion of youthful offenders into the criminal justice system.

(b) The Legislature, therefore, intends to establish a pilot program within the Department of the Youth Authority to test and evaluate innovative and cost-effective sentencing options; to instill discipline, responsibility, and self-esteem among the youth admitted to the program; and to facilitate the successful return of these youth to law-abiding and productive participation in their home communities.

(c) There shall be within the Department of the Youth Authority

an intensive correctional program for minors adjudged wards of the juvenile court on the grounds that they are persons described by Section 602. The program shall be known as the Leadership, Esteem, Ability, and Discipline (LEAD) program and shall be intended to promote leadership, esteem, ability, and discipline among wards who participate. The program shall be implemented as a treatment continuum consisting of a short-term and highly structured institutional component followed by an intensive parole experience component. The institutional component shall not exceed four months from the time the ward enters into the LEAD program until the time the ward is released to parole, except as provided in subdivision (g). The institutional component shall be based on a military training model and shall include such discipline, educational, and vocational training, substance abuse prevention, esteem-building, and other activities as may be deemed appropriate and effective by the department. The last month of the institutional component shall include a special emphasis on preparole and transitional needs of wards, emphasizing public service, personal accountability, employability, and good citizenship. The intensive parole experience shall consist of six months of enriched parole services designed to facilitate the successful return of the ward to society. As used in this section, "enriched parole services" means that parole agents assigned to the LEAD program shall have caseloads of not more than 15 parolees per agent. The intensive parole component of the LEAD program shall consist of services and strategies deemed appropriate and effective by the department, including, but not limited to, substance abuse prevention support services, individual and group counseling, family support services, drug testing, electronic monitoring, job training and job placement services, and the development of linkages to community-based agencies and services that can assist the ward in making a successful readjustment. The intensive parole phase of the LEAD program shall include a relapse-management strategy designed to focus intensive services upon wards who are at risk of failing on parole, and this relapse-management may include specialized, short-term residential, and noninstitutional placement for parolees who need a temporary and structured environment in order to succeed on parole. Upon the successful completion of six months of intensive parole, LEAD participants may be transferred to the regular parole caseload of the Department of the Youth Authority for six months and shall be subject to general provisions of parole in order to receive continued supervision and parole services at less intensive levels.

(d) The LEAD program shall be implemented as a 60-bed pilot program at a northern California facility to be designated by the Department of the Youth Authority, and shall begin enrolling wards on or before September 30, 1992. The second phase shall consist of a 60-bed program at a southern California facility to be designated by the Department of the Youth Authority and shall begin enrolling wards during the 1993 calendar year, unless one of the following

events occurs:

(1) The LEAD program is ended by the Department of the Youth Authority on the basis of an operational failure, such as a chronic insufficiency of wards meeting the eligibility requirements of subdivision (a) of Section 731.7.

(2) There is an insufficient number of wards meeting the eligibility requirements of subdivision (a) of Section 731.7 to sustain at least a 40-bed program in southern California.

(3) Insufficient funds are available to implement the southern California expansion of the LEAD program.

If the Department of the Youth Authority determines, based on one or more of these events, that it cannot add an additional LEAD program to serve southern California wards, it shall make a written report to the Legislature of its decision not to proceed with the second phase of the LEAD program and of its reasons for making the decision not to proceed.

The Department of the Youth Authority may, at any time and in its discretion, increase LEAD program capacity at either the northern or southern California facility if resources are available to support the increase.

(e) Wards who participate in the LEAD program shall, to the extent practical, be separated while institutionalized from wards who are not enrolled in the LEAD program.

(f) The Department of the Youth Authority shall, in its design, staffing, and implementation of the institutional component of the LEAD program, take steps to ensure that the disciplinary and esteem-building activities do not involve the corporal punishment of wards or the application of training methods that are personally degrading, humiliating, or inhumane.

(g) In exceptional cases, a ward may be retained in the institutional component of the LEAD program for up to 30 additional days if additional time is needed, in the opinion of the department, to allow the ward to complete the program successfully after illness or some other unforeseen circumstance that may delay the ward's normal progress and timely release to parole. If a ward's release to parole is delayed beyond the normal four-month institutional stay, the department shall maintain documentation in the ward's file regarding the need for and the length of any additional time spent in the institutional component of the program.

(h) This section shall be repealed on June 30, 1997, unless that date is extended or deleted by a later enacted statute.

SEC. 225. Section 11325.2 of the Welfare and Institutions Code is amended to read:

11325.2. (a) At the time an individual registers pursuant to this article, including any individual who volunteers to participate, or, with respect to any individual described in Section 11325, at the time the situation that permits nonparticipation no longer exists, every individual shall enter into a written basic contract with the county welfare department.

(b) The county shall offer the participant three days in which to consider and evaluate the proposed terms of the contract, or any subsequent amendments to the contract.

(c) The contract shall contain all of the following:

(1) The contract shall be written in clear and understandable language, and have a simple and easy-to-read format. The contract shall contain at least all of the following general information:

(A) A general description of the program provided for in this article.

(B) A detailed description of the services, including supportive services such as child care and transportation, available to program participants and the hours the participant is required to attend training, education, or work experience.

(C) A description of the rights, duties, and responsibilities of program participants, including a list of the exemptions from required participation under this article and the consequences of a refusal to participate in program components.

(2) In the case of any participant who has not been employed within two years from the date of registration, except for a participant described in paragraph (4), the contract shall provide that the participant shall participate in job club for a period of three weeks, as defined in Section 11322.6. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(3) In the case of any participant who has been employed within two years of the date of registration, except for a participant described in paragraph (4), the participant shall have the option to participate in a three-week period of job club, as defined in Section 11322.6, or in a three-week period of supervised job search, as defined in that section. At the discretion of the employment and training counselor and with the approval of the first or second line supervisor, the job search period may be shortened when it is determined that all reasonable job search efforts have been exhausted. The participant shall choose one of the options upon signing the contract. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(4) Notwithstanding paragraph (2) and (3), in the case of any participant who has been a recipient of aid under this chapter more than twice within three years from the date of registration, the contract shall provide for immediate referral to assessment pursuant to Section 11325.4. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(5) (A) Any individual who is enrolled or attending in good standing in a self-initiated vocational training program or an educational program that will likely lead to unsubsidized employment in an occupation in demand may continue to participate in that program until completion of the program for a period not to exceed two years from the date the basic contract reflecting the self-initiated program is signed. The individual's program shall be scheduled to be completed within the two-year

period. The two-year period may be extended, one time only, for a period of not more than six months, on an individual basis, for persons who are unable to complete a self-initiated program due to any of the following circumstances and who have a reasonable expectation to complete that program within the six-month period:

(i) The individual's basic skills requirements required more class time than was estimated at the commencement of that individual's self-initiated program.

(ii) The school or college did not offer required classes in a sequence that permitted completion of the self-initiated program within the prescribed time period.

(iii) The individual had a personal or family crisis that resulted in the inability of that individual to complete his or her self-initiated program without an additional period of attendance, not to exceed six months.

(B) In order to continue in a self-initiated training or education program, a GAIN applicant or recipient shall need the education or training in order to become employable in unsubsidized employment. Any individual who meets either of the following criteria shall be deemed to be employable:

(i) Possesses a baccalaureate degree.

(ii) Has an education or job skills necessary to obtain unsubsidized employment in an occupation that is in demand that will provide the individual with an income equal to two times the federal poverty line for the appropriate family size. A county may waive this requirement if an individual is able to demonstrate that, due to compelling personal circumstances, employment in the previous occupation is not realistic, including, but not limited to, a work-related disability, inability to obtain required union membership, or hours of employment that cause a severe hardship on the recipient's family.

(C) (i) Supportive services reimbursement shall be limited to child care and transportation for any participant in a self-initiated training or education program approved under this subdivision. This reimbursement shall be provided if no other source of funding for those costs is available.

(ii) Any offset to supportive services payments shall be made in accordance with subdivision (d) of Section 11323.4.

(D) (i) In order to continue in a self-initiated training or education program, a GAIN participant shall be attending at least full time and shall make satisfactory progress, as periodically measured according to the standards of the program in which the individual is enrolled. If the individual is attending less than full time upon entry into GAIN but she or he agrees to full-time attendance as soon as possible, the individual shall be considered to be attending on a full-time basis.

(ii) A GAIN participant may participate on less than a full-time basis, but not less than on a half-time basis, if full-time participation is not feasible due to good cause, as defined in Section 11328.

(E) Participation in the self-initiated vocational or educational

training program shall be reflected in the basic contract. The basic contract shall provide that whenever an individual ceases to participate in, refuses to attend regularly, or does not maintain satisfactory progress in the self-initiated program, the individual shall participate in this program in accordance with paragraph (2), (3), or (4), whichever is applicable.

(F) Any person whose previously approved self-initiated education or training program is interrupted for reasons preventing participation may resume participation in the same program if the participant maintained good standing in the program while participating. The county shall adjust the completion date of the program accounting for the time of absence to allow the participant a cumulative total of two years participation for completion of the program. In circumstances where the break in participation was for a period of more than one year, the participant may resume the program if the county determines the previously approved self-initiated education or training program meets all other criteria of this section at the time it is resumed.

(6) For those participants who lack basic literacy or mathematics skills, a high school diploma or its equivalent, or English language skills, the basic contract shall provide for either remedial education, instruction in order to obtain a general educational development certificate, or instruction in English as a second language. These participants shall be referred to appropriate service providers, including the educational programs operated by school districts or county offices of education that have contracted with the Superintendent of Public Instruction to provide services to participants pursuant to Section 33117.5 of the Education Code. The basic contract shall provide that when an individual to whom this paragraph applies, fails, refuses, or ceases to comply with program requirements, without good cause, as specified in Section 11328, and conciliation efforts as specified in Section 11327.4 have failed to resolve the dispute, the individual shall be subject to the sanction provisions of Section 11327.5.

(7) An individual to whom paragraph (6) applies who is either determined at appraisal or by the education provider as unable to benefit from basic educational services due to a learning or medical problem, or is participating in the instruction and is determined not to be making satisfactory progress, shall be referred to a progress evaluation for a determination of whether the individual has the ability to successfully complete the assigned component. As part of the evaluation, counties may require an individual to take tests to obtain additional information regarding the student's learning abilities. This evaluation may result in referral, as appropriate, to any of the following components: (A) rereferral to the person's previous activity; (B) existing special programs that meet specific needs of the individual; (C) job club, if the county determines the individual has the skills needed to find a job in the local labor market; (D) assessment followed by the appropriate postassessment activity; or

(E) rehabilitation assessment and subsequent training. The participant shall be involved in the decisions made during the progress evaluation and shall have appeal rights consistent with those accorded to individuals during an assessment made pursuant to subdivision (b) of Section 11325.4.

It is the intent of the Legislature that the progress evaluations provide a method for determining the appropriate services needed by an individual for long-term success in the job market. An individual who is determined to need long periods of classroom instruction in order to achieve basic skills should not be referred to a progress evaluation if he or she is making steady, satisfactory progress in attaining the basic skill goal.

(8) (A) In the case of an individual who is an applicant for aid under this chapter and who is required to register pursuant to this article, mandated activities shall be limited to those necessary to enter into a written basic contract and to participation in job search.

(B) A participant described in subparagraph (A) who is assessed as needing additional education and who chooses education in preference to job search as his or her first program component shall not be required to participate in job search until the county has approved the registrant for aid pursuant to this chapter.

(9) Notwithstanding paragraphs (2) to (6), inclusive, the department shall adopt regulations or policies, as required by federal law, that specify the participation requirements with which one parent in a family eligible for aid under this chapter due to the unemployment of the principal wage earner is required to comply.

(d) This section shall not apply to individuals subject to Article 3.5 (commencing with Section 11331) during the time that article is operative.

SEC. 226. Section 11400 of the Welfare and Institutions Code is amended to read:

11400. For the purposes of this article, the following definitions shall apply:

(a) "Aid to Families with Dependent Children-Foster Care (AFDC-FC)" means the aid provided on behalf of needy children in foster care under the terms of this division.

(b) "Case plan" means a written document which at a minimum specifies the type of home in which the child shall be placed, the appropriateness of the home for meeting the child's needs, the agency's plan for ensuring that the child, family, and foster parents receive services, and the appropriateness of the services provided to the child, in order to meet the child's needs while in foster care, and to reunify the child with his or her family, or, when reunification is not possible, to facilitate an alternate permanent plan.

1357.03. (a) Upon the effective date of this article, a plan shall fairly and affirmatively offer, market, and sell all of the plan's health care service plan contracts that are sold to small employers or to associations that include small employers to all small employers in

each service area in which the plan provides or arranges for the provision of health care services. A plan contracting to participate in the voluntary purchasing pool for small employers provided for under Article 4 (commencing with Section 10730) of Chapter 14 of Part 2 of Division 2 of the Insurance Code shall be deemed in compliance with this requirement for a contract offered through the voluntary purchasing pool established under Article 4 (commencing with Section 10730) of Chapter 14 of Part 2 of Division 2 of the Insurance Code in those geographic regions in which plans participate in the pool, if the contract is offered exclusively through the pool. Each plan shall make available to each small employer all small employer health care service plan contracts which the plan offers and sells to small employers or to associations that include small employers in this state. No plan or solicitor shall induce or otherwise encourage a small employer to separate or otherwise exclude an eligible employee from a health care service plan contract that is provided in connection with the employee's employment or membership in a guaranteed association.

(b) Every plan shall file with the commissioner the reasonable employee participation requirements and employer contribution requirements that will be applied in offering its plan contracts. Participation requirements shall be applied uniformly among all small employer groups, except that a plan may vary application of minimum employee participation requirements by the size of the small employer group and whether the employer contributes 100 percent of the eligible employee's premium. Employer contribution requirements shall not vary by employer size. Members of an association eligible for health coverage under subdivision (o) of Section 1357 but not electing any health coverage through the association shall not be counted as eligible employees for purposes of determining whether the guaranteed association meets a plan's reasonable participation standards.

(c) The plan may not reject an application from a small employer for a health care service plan contract if all of the following are met:

(1) The small employer, as defined by paragraph (1) of subdivision (l) of Section 1357 offers health benefits to 100 percent of its eligible employees, as defined by paragraph (1) of subdivision (b) of Section 1357. Employees who waive coverage on the grounds that they have other group coverage shall not be counted as eligible employees.

(2) The small employer agrees to make the required premium payments.

(3) The small employer agrees to inform the small employers' employees of the availability of coverage and the provision that those not electing coverage must wait one year to obtain coverage through the group if they later decide they would like to have coverage.

(4) The employees and their dependents who are to be covered by the plan contract work or reside in the service area in which the plan provides or otherwise arranges for the provision of health care

services.

(d) No plan or solicitor shall, directly or indirectly, engage in the following activities:

(1) Encourage or direct small employers to refrain from filing an application for coverage with a plan because of the health status, claims experience, industry, occupation of the small employer, or geographic location provided that it is within the plan's approved service area.

(2) Encourage or direct small employers to seek coverage from another plan or the voluntary purchasing pool established under Article 4 (commencing with Section 10730) of Chapter 14 of Part 2 of Division 2 of the Insurance Code because of the health status, claims experience, industry, occupation of the small employer, or geographic location provided that it is within the plan's approved service area.

(e) No plan shall, directly or indirectly, enter into any contract, agreement, or arrangement with a solicitor that provides for or results in the compensation paid to a solicitor for the sale of a health care service plan contract to be varied because of the health status, claims experience, industry, occupation, or geographic location of the small employer. This subdivision shall not apply with respect to a compensation arrangement that provides compensation to a solicitor on the basis of percentage of premium, provided that the percentage shall not vary because of the health status, claims experience, industry, occupation, or geographic area of the small employer.

(f) Each plan shall comply with the requirements of Section 1374.3.

(c) "Preexisting condition provision" means a contract provision that excludes coverage for charges or expenses incurred during a specified period following the enrollee's effective date of coverage,

Carriers shall be deemed to be operating statewide if their coverage area includes 90 percent or more of the state's population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be

separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous.

However, for purposes of subdivisions (b) and (h) of Section 10705, the definition shall include employers with at least five eligible employees until July 1, 1994, four eligible employees until July 1, 1995, and three eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies, and that are eligible to file a combined income tax return for purposes of state taxation shall be considered one employer. Subsequent to the issuance of a health benefit plan to a small employer pursuant to this chapter, and for the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as otherwise specifically provided, provisions of this chapter that apply to a small employer shall continue to apply until the health benefit plan anniversary following the date the employer no longer meets the requirements of this definition. It includes any small employer as defined in this paragraph who purchases coverage through a guaranteed association, and any employer purchasing coverage for employees through a guaranteed association.

The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a master policy by an admitted insurer is delivered directly to the association or a trust formed for or sponsored by an association to administer benefits for association members.

For purposes of this subdivision, an association formed by a merger of two or more associations after January 1, 1992, and otherwise meeting the criteria of this subdivision shall be deemed to have been in active existence on January 1, 1992, if its predecessor organizations had been in active existence on January 1, 1992, and for at least five years prior to that date and otherwise met the criteria of this subdivision.

(2) Each participating local governmental agency that has received payments under this section shall be liable for the same proportion of the disallowance and interest as the participating local governmental agency's paid claims pursuant to this section less its contribution pursuant to subdivision (m) of Section 14132.47, both in the fiscal year to which the disallowance pertains, bears to the particular participating local governmental agency's total claims pursuant to this section and Section 14132.47 in that same fiscal year.

(3) Each participating local governmental agency that has received payments under this section shall be liable for any final federal audit disallowance and interest only with respect to the payments made to that participating local governmental agency. In the event that the department is required or obligated to reimburse the federal medicaid program for a final federal audit disallowance and interest resulting from payments made to a participating local governmental agency for TCM services provided by a TCM provider pursuant to this section, the department shall recoup from that particular participating local governmental agency the same proportion of the disallowance and interest as the participating local governmental agency's paid claims pursuant to this section less its contribution pursuant to subdivision (m) of Section 14132.47, both in the fiscal year to which the disallowance pertains, bears to the particular participating local governmental agency's total claims pursuant to this section and Section 14132.47 in that same fiscal year.

(4) Notwithstanding paragraphs (2) and (3), to the extent that a final federal audit disallowance and interest results from a claim or claims for which the participating local governmental agency has received reimbursement for TCM services performed by a nongovernmental entity under contract with, and on behalf of, the participating local governmental agency, the department shall be held harmless by that particular participating local governmental agency for 100 percent of the amount of any such final federal audit disallowance and interest.

(g) The use of local matching funds allowed by this section shall not create, lead to, or expand the health care funding obligations or service obligations for current or future years for each participating local governmental agency, except as required by this section or as may be required by federal law.

(h) TCM services are services which assist clients to gain access to needed medical, social, educational, and other services. Activities

(m) Amendments to this section enacted during the 1994 calendar year shall be applicable to services rendered, and to moneys paid to participating local governmental agencies for those services, in the 1994-95 fiscal year and thereafter.

SEC. 26. Section 14132.47 is added to the Welfare and Institutions Code, to read:

14132.47. (a) (1) It is the intent of the Legislature that federal financial participation in both state and local programs be maximized. It is further the intent of the Legislature, in enacting this act, to provide for local governmental participation in the provision of targeted case management services pursuant to Section 1396n(g) of Title 42 of the United States Code and in Medi-Cal Administrative Claiming, with maximum possible federal financial participation.

(2) It is further the intent of the Legislature to provide local governmental agencies the choice of participating in either or both of the Target Case Management (TCM) and Medi-Cal Administrative Claiming process programs at their option, subject to

the requirements of this section and Section 14132.44.

(b) The department is authorized to contract with each participating local governmental agency for the provision of administrative functions necessary for the proper and efficient administration of the Medi-Cal program, pursuant to Section 1396b(a) of Title 42 of the United States Code, Section 19303a of the federal Social Security Act, and this activity shall be known as the Medi-Cal Administrative Claiming process.

(c) (1) As a condition for participation in the Medi-Cal Administrative Claiming process, each participating local governmental agency shall, for the purpose of obtaining federal medicaid matching funds, execute a contract with the department and shall certify to the department the amount of funds expended on allowable administrative functions.

(2) The department shall deny the claim if it determines that the certification is not adequately supported for purposes of federal financial participation.

(d) Each Medi-Cal Administrative Claiming process contract shall include a requirement that each participating local governmental agency submit a claiming plan in a manner prescribed by the department that does all of the following:

(1) Describes the nature of each local program claiming administrative costs pursuant to the contract.

(2) Describes each administrative function performed pursuant to the contract.

(3) Identifies each employee job category and number of employees directly responsible for the performance of any administrative function.

(4) Identifies the participating local governmental agency or political subdivision thereof that employs or controls the employee job category responsible for the performance of any administrative function.

(5) Identifies, by local program, each nongovernmental entity and the choice of claiming method for that nongovernmental entity made pursuant to subdivision (i).

(e) The department shall require that each participating local governmental agency certify to the department both of the following:

(1) The availability and expenditure of 100 percent of the nonfederal share of the provision of Medi-Cal Administrative Claiming process functions.

(2) In each fiscal year, that its expenditures represent costs that are eligible for federal financial participation for that fiscal year. The department shall deny the claim if it determines that the certification is not adequately supported for purposes of federal financial participation.

(f) (1) Notwithstanding any other provision of this section, the state shall be held harmless, in accordance with paragraphs (2) and (3), from any final federal audit disallowance and interest resulting

from payments made to a participating local governmental agency pursuant to this section.

(2) Each participating local governmental agency that has received payments under this section shall be liable for the same proportion of the disallowance and interest as the participating local governmental agency's paid claims pursuant to this section and Section 14132.44 less its contribution pursuant to subdivision (m), both in the fiscal year to which the disallowance pertains, bears to the particular participating local governmental agency's total claims pursuant to this section and Section 14132.44 in that same fiscal year.

(3) Each participating local governmental agency that has received payments under this section shall be liable for any final federal audit disallowance and interest only with respect to the payments made to that participating local governmental agency. In the event that the department is required or obligated to reimburse the federal medicaid program for a final federal audit disallowance and interest resulting from payments made to a participating local governmental agency for Medi-Cal Administrative Claiming process functions pursuant to this section, the department shall recoup from that particular participating local governmental agency the same proportion of the disallowance and interest as the participating local governmental agency's paid claims pursuant to this section and Section 14132.44 less its contribution pursuant to subdivision (m), both in the fiscal year to which the disallowance pertains, bears to the particular participating local governmental agency's total claims pursuant to this section and Section 14132.44 in that same fiscal year.

(4) Notwithstanding paragraphs (2) and (3), to the extent that a final federal audit disallowance and interest results from a claim or claims for which the participating local governmental agency has received reimbursement for Medi-Cal Administrative Claiming process functions performed by a nongovernmental entity under contract with, and on behalf of, the participating local governmental agency, the department shall be held harmless by that particular participating local governmental agency for 100 percent of the amount of any such final federal audit disallowance and interest.

(g) The use of local matching funds required by this section shall not create, lead to, or expand the health care funding obligations or service obligations for current or future years for any participating local governmental agency, except as required by this section or as may be required by federal law.

(h) The department shall deny any claim from a participating local governmental agency if the department determines that the claim is not adequately supported in accordance with criteria established pursuant to this subdivision before it forwards such a claim for reimbursement to the federal medicaid program. In consultation with local government agencies, the department shall establish criteria, on or before October 1, 1994, for the submission and payment of claims by each participating local governmental agency for administrative functions. The criteria shall include, but not be

limited to, all of the following standards:

(1) Methodology for determining and calculating personnel time studies submitted by each participating local governmental agency in support of its claims.

(2) Identification of each local program for which Medi-Cal administrative costs are being claimed by that participating local governmental agency. This identification shall be consistent with the participating local governmental agency's claiming plan.

(3) Identification of the local governmental agency or the political subdivision thereof submitting the claim. This identification shall be consistent with the participating local governmental agency's claiming plan.

(5) Methodology for identifying the costs of the administrative functions performed by each participating local governmental agency.

(6) A specific identification of the administrative functions, approved by the department, that are performed and being claimed by each participating local governmental agency pursuant to an executed contract, as described in subdivision (a).

(7) Methodology, applicable to any claim submitted by a participating local governmental agency based in whole or in part on health care services and administrative functions performed by the same employee of that agency, to demonstrate that no activity properly classified as a service or a part of a service is redesignated as an administrative function, and that the services and functions claimed are not duplicative.

(i) Administrative functions shall be necessary for the proper and efficient administration of the state's medicaid plan, and the department may, after consultation with the participating local governmental agencies, include, without limitation, the following:

(1) Functions or activities, under Medi-Cal, such as methods to inform or offer opportunity or assistance to recipients or potential recipients to enter into care through the Medi-Cal system.

All other claims shall be processed either for payment or for inclusion in the state's federal medicaid claim within 14 days of the claim review.

(k) If the department denies any claim submitted under this section or Section 14132.44, the affected participating local governmental agency may, within 30 days after receipt of written notice of the denial, request that the department reconsider its action. The participating local governmental agency may request a meeting with the director or his or her designee within 30 days to present its concerns to the department after the request is filed. If the director or his or her designee cannot meet, the department shall respond in writing indicating the specific reasons for which the claim is out of compliance to the participating local governmental agency in response to its appeal. Thereafter, the decision of the director shall be final.

(l) If a participating local governmental agency chooses to provide case management through an entity or person that is not administered by, affiliated with, or employed by, a participating local governmental agency, it may, subject to applicable requirements of federal law, pursuant to a contract with the nongovernmental entity, claim costs by designating the entity in advance either as a TCM provider under Section 14132.44, or as performing administrative case management activities under this section. After the election is made as to each nongovernmental entity, the choice shall be reflected in the contract between the participating local governmental agency and the nongovernmental entity and be included in the participating local governmental agency's claiming plan pursuant to subdivision (c).

(m) (1) Each participating local governmental agency shall reimburse the department from its nonfederal, general fund revenues in an amount necessary to yield a combined total reimbursement of two hundred million dollars (\$200,000,000) for the 1994-95 fiscal year and subsequent fiscal years for deposit in the Health Care Deposit Fund.

(2) In accordance with subdivision (u), on or before August 1, 1994, and thereafter before July 1 of each year, the participating local governmental agencies shall determine the contribution of each participating local governmental agency to the total reimbursement

amount set forth in paragraph (1).

(3) If the department is not advised of the final determination of those contribution amounts by the date specified in paragraph (2), the department shall specify, by October 1, 1994, and by September 1 of each year thereafter, the contribution amount for each participating local governmental agency. Upon notification by the department, each participating local governmental agency shall remit to the department the amounts required by this subdivision on a quarterly basis beginning within 30 days after the participating local governmental agency's receipt of quarterly payments for Medi-Cal Administrative Claiming process services.

(4) Moneys received by the department pursuant to this subdivision are hereby continuously appropriated to the department for support of the Medi-Cal program, and the funds shall be administered in accordance with procedures prescribed by the Department of Finance. If not paid as provided in this section, the department may offset payments due to each participating local governmental agency from the state, not related to payments required to be made pursuant to this section and Section 14132.44, in order to recoup these funds for the Health Care Deposit Fund.

(n) As a condition of participation in the Medi-Cal Administrative Claiming process and in recognition of revenue generated to each participating local governmental agency in the Medi-Cal Administrative Claiming process, each participating local governmental agency shall pay an annual participation fee through a mechanism agreed to by the state and local governmental agencies, or, if no agreement is reached by August 1 of each year, directly to the state. The participation fee shall be used to cover the cost of administering the Medi-Cal Administrative Claiming process, including, but not limited to, claims processing, technical assistance, and monitoring. The amount of the participation fee shall be based upon the anticipated salaries, benefits, and operating expenses, to administer the Medi-Cal Administrative Claiming process and other costs related to that process.

(o) For the purposes of this section "participating local governmental agency" means a county or chartered city under contract with the department pursuant to subdivision (a).

(p) For the purposes of this section, a "TCM provider" means an entity or person that is not administered by, affiliated with, or employed by a participating local governmental agency, but provides TCM services on behalf of a local governmental agency in accordance with a contract as required under Section 14132.44.

(q) The requirements of subdivision (m) shall not apply to claims for administrative functions, pursuant to the Medi-Cal Administrative Claiming process, performed by a local educational agency and by public health programs administered by the state.

(r) A participating local governmental agency may charge an administrative fee to any entity claiming Medi-Cal Administrative Claiming through that agency. The fee for local education agencies

shall not exceed the percentage established for that county pursuant to subdivision (m).

(s) The department, subject to federal law, shall continue to administer the Medi-Cal Administrative Claiming process according to current practices and procedures established by the department, in consultation with participating local government agencies, until such time as the criteria established pursuant to subdivision (m) are in effect.

(t) The department shall provide technical assistance to all local governmental agencies in order to maximize federal financial participation in the TCM and Medi-Cal Administrative Claiming process programs.

(u) This section shall be applicable to Medi-Cal Administrative Claiming process activities performed, and to moneys paid to participating local governmental agencies for those activities, in the 1994-95 fiscal year and thereafter.

Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in subdivision (d). The fund shall consist of the following:

(1) Transfer amounts collected by the Controller under this section, whether submitted by transferor entities pursuant to subdivision (i) or obtained by offset pursuant to subdivision (j).

(2) Any other intergovernmental transfers deposited in the fund, as permitted by Section 14164.

(3) Any interest that accrues with respect to amounts in the fund.

(c) Moneys in the fund, which shall not consist of any state general funds, shall be used as the source for the nonfederal share of payments to hospitals pursuant to Section 14105.98. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures, and used to make payments pursuant to Section 14105.98.

(d) Except as otherwise provided in Section 14105.98 or in any provision of law appropriating a specified sum of money to the department for administering this section and Section 14105.98, moneys in the fund shall be used only for the following:

(1) Payments to hospitals pursuant to Section 14105.98.

(2) Except for the amount transferred pursuant to paragraph (3), transfers to the Health Care Deposit Fund in the amount of two hundred thirty-nine million seven hundred fifty-seven thousand six hundred ninety dollars (\$239,757,690), for the 1994-95 fiscal year and for each fiscal year thereafter. Notwithstanding any other provision of law, the amount specified in this paragraph shall be in addition to any amounts transferred to the Health Care Deposit Fund arising from changes of any kind attributable to payment adjustment years prior to the 1993-94 payment adjustment year. These transfers from the fund shall be made in six equal monthly installments to the Medi-Cal local assistance appropriation item (Item 4260-101-001 of the annual Budget Act) in support of Medi-Cal expenditures. The first installment shall accrue in October of each transfer year, and all other installments shall accrue monthly thereafter from November through March.

(3) In the 1993-94 fiscal year, in addition to the amount transferred as specified in paragraph (2), fifteen million dollars (\$15,000,000) shall also be transferred to the Medi-Cal local assistance

appropriation item (Item 4260-101-001) of the Budget Act of 1993.

(e) For the 1991-92 state fiscal year, the department shall determine, no later than 70 days after the enactment of this section, the transferor entities for the 1991-92 transfer year. To make this determination, the department shall utilize the disproportionate share list for the 1991-92 fiscal year, which shall be issued by the department no later than 65 days after the enactment of this section, pursuant to paragraph (1) of subdivision (f) of Section 14105.98. The department shall identify each eligible hospital on the list for which a public entity is the licensee as of July 1, 1991. The public entity that is the licensee of each identified eligible hospital shall be a transferor entity for the 1991-92 transfer year.

(f) The department shall determine, no later than 70 days after the enactment of this section, the transfer amounts for the 1991-92 transfer year. The transfer amounts shall be determined as follows:

(1) The eligible hospitals for 1991-92 shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991-92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals shall be added together to determine an aggregate sum for the 1991-92 transfer year.

(2) The eligible hospitals for 1991-92 involving transferor entities as licensees shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991-92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals with transferor entities as licensees shall be added together to determine an aggregate sum for the 1991-92 transfer year.

(3) The aggregate sum determined under paragraph (1) shall be divided by the aggregate sum determined under paragraph (2), yielding a factor to be utilized in paragraph (4).

(4) The factor determined in paragraph (3) shall be multiplied by the amount determined for each hospital under paragraph (2). The product of this calculation for each hospital in paragraph (2) shall be divided by 1.771, yielding a transfer amount for the particular transferor entity for the transfer year, except as provided by paragraph (5).

(5) Only for the transfer year with respect to which the payment adjustment program set forth in Section 14105.98 first gains federal approval, a reduction in the transfer amount determined pursuant to paragraph (4) shall be applicable under the following circumstances:

(A) To determine any such reduction, the transfer amount determined pursuant to paragraph (4) shall first be multiplied by a

fraction, the numerator of which is the number of days of the transfer year for which federal approval is effective and the denominator of which is 365.

(B) If the product of the calculation under subparagraph (A) is 80 percent or more of the transfer amount determined under paragraph (4), no reduction of the transfer amount determined under paragraph (4) shall apply.

(C) If the product of the calculation under subparagraph (A) is less than 80 percent of the transfer amount determined under paragraph (4), a reduction shall apply to the transfer amount determined under paragraph (4). The reduction shall be that particular amount which is equal to the difference between (i) the transfer amount determined under paragraph (4) and (ii) the amount calculated under subparagraph (A) divided by 80 percent.

(D) Any reduction of a transfer amount applicable under subparagraph (C) shall be spread equally among the installments referred to in subdivision (i).

(g) For the 1991-92 transfer year, the department shall notify each transferor entity in writing of its applicable transfer amount or amounts no later than 70 days after the enactment of this section, which amount or amounts shall be subject to adjustment pursuant to subdivisions (f) and (i).

(h) For the 1992-93 transfer year and subsequent transfer years, transfer amounts shall be determined in the same procedural manner as set forth in subdivision (f), except:

(1) The department shall use all of the following:

(A) The disproportionate share list applicable to the particular transfer year to determine the eligible hospitals.

(B) The payment adjustment amounts calculated under Section 14105.98 for the particular transfer year. These amounts shall take into account any projected or actual increases or decreases in the size of the payment adjustment program as are required under Section 14105.98 for the particular year in question. Subject to the installment schedule in paragraph (5) of subdivision (i) regarding transfer amounts, the department may issue interim, revised, and supplemental transfer requests as necessary and appropriate to address changes in payment adjustment levels that occur under Section 14105.98. All transfer requests, or adjustments thereto, issued to transferor entities by the department shall meet the requirements set forth in subparagraph (E) of paragraph (5) of subdivision (i).

(C) Data regarding annualized Medi-Cal inpatient paid days for the most recent calendar year ending prior to the beginning of the particular transfer year, as determined from all Medi-Cal paid claims records available through April 1 preceding the particular transfer year.

(D) The status of public entities as licensees of eligible hospitals as of July 1 of the particular transfer year.

(E) The transfer amounts calculated by the department may be increased or decreased by a percentage amount consistent with the

Medi-Cal State Plan.

(2) For the 1993-94 transfer year and subsequent transfer years, transfer amounts shall be increased on a pro rata basis for each transferor entity for the particular transfer year in the amounts necessary to fund the nonfederal share of the total supplemental lump-sum payment adjustment amounts that arise under Section 14105.98. For purposes of this paragraph, the supplemental lump-sum payment adjustment amounts shall be deemed to arise for the particular transfer year as of the date specified in Section 14105.98. Transfer amounts to fund the nonfederal share of the payments shall be paid by the transferor entities for the particular transfer year within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(3) The department shall prepare preliminary analyses and calculations regarding potential transfer amounts, and potential transferor entities shall be notified by the department of estimated transfer amounts as soon as reasonably feasible regarding any particular transfer year. Written notices of transfer amounts shall be issued by the department as soon as possible with respect to each transfer year. All state agencies shall take all necessary steps in order to supply applicable data to the department to accomplish these tasks. The Office of Statewide Health Planning and Development shall provide to the department quarterly access to the edited and unedited confidential patient discharge data files for all Medi-Cal eligible patients. The department shall maintain the confidentiality of that data to the same extent as is required of the Office of Statewide Health Planning and Development. In addition, OSHPD shall provide to the department, not later than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year, from all of the following:

(A) Hospital annual disclosure reports, filed with the Office of Statewide Health Planning and Development pursuant to Section 443.31 of the Health and Safety Code, for hospital fiscal years that ended during the calendar year ending 13 months prior to the applicable February 1.

(B) Annual reports of hospitals, filed with the Office of Statewide Health Planning and Development pursuant to Section 439.2 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(C) Hospital patient discharge data reports, filed with the Office of Statewide Health Planning and Development pursuant to subdivision (g) of Section 443.31 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(D) Any other materials on file with the Office of Statewide Health Planning and Development.

(4) For the 1993-94 transfer year and subsequent transfer years,

the divisor to be used for purposes of the calculation referred to in paragraph (4) of subdivision (f) shall be determined by the department. The divisor shall be calculated to ensure that the appropriate amount of transfers from transferor entities are received into the fund to satisfy the requirements of Section 14105.98 for the particular transfer year. For the 1993-94 transfer year, the divisor shall be 1.742.

(5) For the 1993-94 fiscal year, the transfer amount that would otherwise be required from the University of California shall be increased by fifteen million dollars (\$15,000,000).

(6) Notwithstanding any other provision of law, the total amount of transfers required from the transferor entities for any particular transfer year shall not exceed the sum of the following:

(A) The amount needed to fund the nonfederal share of all payment adjustment amounts applicable to the particular payment adjustment year as calculated under Section 14105.98. Included in the calculations for this purpose shall be any decreases in the program as a whole, and for individual hospitals, that arise due to the provisions of Section 1396r-4(f) of Title 42 of the United States Code.

(B) The amount needed to fund the transfers to the Health Care Deposit Fund, as referred to in paragraphs (2) and (3) of subdivision (d).

(7) Except as provided in subparagraph (A) of paragraph (2) of subdivision (j), any amounts in the fund that are not expended, or estimated to be required for expenditure, under Section 14105.98 with respect to a particular transfer year shall be returned on a pro rata basis to the transferor entities for the particular transfer year within 120 days after the department determines that the funds are not needed for an expenditure in connection with the particular transfer year.

(i) (1) For the 1991-92 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments. Except as provided below, the first installment shall accrue on July 25, 1991, and all other installments shall accrue on the 5th day of each month thereafter from August through February.

(2) Notwithstanding paragraph (1), no installment shall be payable to the Controller until that date which is 20 days after the department notifies the transferor entity in writing that the payment adjustment program set forth in Section 14105.98 has first gained federal approval as part of the Medi-Cal program. For purposes of this paragraph, federal approval requires both (i) approval by appropriate federal agencies of an amendment to the Medi-Cal State Plan, as referred to in subdivision (o) of Section 14105.98, and (ii) confirmation by appropriate federal agencies regarding the availability of federal financial participation for the payment adjustment program set forth in Section 14105.98 at a level of at least 40 percent of the percentage of federal financial participation that is normally applicable for Medi-Cal expenditures for acute inpatient

hospital services.

(3) If any installment that would otherwise be payable under paragraph (1) is not paid because of the provisions of paragraph (2), then subparagraphs (A) and (B) shall be followed when federal approval is gained.

(A) All installments that were deferred based on the provisions of paragraph (2) shall be paid no later than 20 days after the department notifies the transferor entity in writing that federal approval has been gained, in an amount consistent with subparagraph (B).

(B) The installments paid pursuant to subparagraph (A) shall be paid in full, subject to an adjustment in amount pursuant to paragraph (5) of subdivision (f).

(4) All installments for the 1991-92 transfer year that arise in months after federal approval is gained shall be paid by the 5th day of the month or 20 days after the department notifies the transferor entity in writing that federal approval has been gained, whichever is later. These installments shall be subject to an adjustment in amount pursuant to paragraph (5) of subdivision (f).

(5) (A) Except as provided in subparagraphs (B) and (C), for the 1992-93 transfer year and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments. The first installment shall be payable on July 10 of each transfer year. All other installments shall be payable on the 5th day of each month thereafter from August through February.

(B) For the 1994-95 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments. The first installment shall be payable on October 5, 1994. The next four installments shall be payable on the fifth day of each month thereafter from November through February.

(C) For the 1995-96 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments. The first installment shall be payable on October 5, 1995. The next four installments shall be payable on the fifth day of each month thereafter from November through February.

(D) Except as otherwise specifically provided, subparagraphs (A) to (C), inclusive, shall not apply to increases in transfer amounts described in paragraph (2) of subdivision (h) or to additional transfer amounts described in subdivision (o).

(E) All requests for transfer payments, or adjustments thereto, issued by the department shall be in writing and shall include (i) an explanation of the basis for the particular transfer request or transfer activity, (ii) a summary description of program funding status for the particular transfer year, and (iii) the general calculations used by the department in connection with the particular transfer request or transfer activity.

(6) A transferor entity may use any of the following funds for purposes of meeting its transfer obligations under this section:

(A) General funds of the transferor entity.

(B) Any other funds permitted by law to be used for these purposes, except that a transferor entity shall not submit to the Controller any federal funds unless those federal funds are authorized by federal law to be used to match other federal funds. In addition, no private donated funds from any health care provider, or from any person or organization affiliated with such a health care provider, shall be channeled through a transferor entity or any other public entity to the fund. The transferor entity shall be responsible for determining that funds transferred meet the requirements of this subparagraph.

(j) (1) If a transferor entity does not submit any transfer amount within the time period specified in this section, the Controller shall offset immediately the amount owed against any funds which otherwise would be payable by the state to the transferor entity. The Controller, however, shall not impose an offset against any particular funds payable to the transferor entity where the offset would violate state or federal law.

(2) Where a withhold or a recoupment occurs pursuant to the provisions of paragraph (2) of subdivision (r) of Section 14105.98, the nonfederal portion of the amount in question shall remain in the fund, or shall be redeposited in the fund by the department, as applicable. The department shall then proceed as follows:

(A) If the withhold or recoupment was imposed with respect to a hospital whose licensee was a transferor entity for the particular state fiscal year to which the withhold or recoupment related, the nonfederal portion of the amount withheld or recouped shall serve as a credit for the particular transferor entity against an equal amount of transfer obligations under this section, to be applied whenever the transfer obligations next arise. Should no such transfer obligation arise within 180 days, the department shall return the funds in question to the particular transferor entity within 30 days thereafter.

(B) For other situations, the withheld or recouped nonfederal portion shall be subject to paragraph (7) of subdivision (h).

(k) All amounts received by the Controller pursuant to subdivision (i), paragraph (2) of subdivision (h), or subdivision (o), or offset by the Controller pursuant to subdivision (j), shall immediately be deposited in the fund.

(l) For purposes of this section, the disproportionate share list utilized by the department for a particular transfer year shall be identical to the disproportionate share list utilized by the department for the same state fiscal year for purposes of Section 14105.98. Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and

Development in preparation of the list.

(m) Neither the intergovernmental transfers required by this section, nor any elective transfer made pursuant to Section 14164, shall create, lead to, or expand the health care funding or service obligations for current or future years for any transferor entity, except as required of the state by this section or as may be required by federal law, in which case the state shall be held harmless by the transferor entities on a pro rata basis.

(n) No amount submitted to the Controller pursuant to subdivision (i), paragraph (2) of subdivision (h), or subdivision (o), or offset by the Controller pursuant to subdivision (j), shall be claimed or recognized as an allowable element of cost in Medi-Cal cost reports submitted to the department.

(o) Whenever additional transfer amounts are required to fund the nonfederal share of payment adjustment amounts under Section 14105.98 that are distributed after the close of the particular payment adjustment year to which the payment adjustment amounts apply, the additional transfer amounts shall be paid by the parties who were the transferor entities for the particular transfer year that was concurrent with the particular payment adjustment year. The additional transfer amounts shall be calculated under the formula that was in effect during the particular transfer year. For transfer years prior to the 1993-94 transfer year, the percentage of the additional transfer amounts available for transfer to the Health Care Deposit Fund under subdivision (d) shall be the percentage that was in effect during the particular transfer year. These additional transfer amounts shall be paid by transferor entities within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(p) (1) Ten million dollars (\$10,000,000) of the amount transferred from the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund due to amounts transferred attributable to years prior to the 1993-94 fiscal year is hereby appropriated without regard to fiscal years to the State Department of Health Services to be used to support the development of managed care programs under the department's plan to expand Medi-Cal managed care.

(2) These funds shall be used by the department for both of the following purposes: (A) distributions to counties or other local entities that contract with the department to receive those funds to offset a portion of the costs of forming the local initiative entity, and (B) distributions to local initiative entities that contract with the department to receive those funds to offset a portion of the costs of developing the local initiative health delivery system in accordance with the department's plan to expand Medi-Cal managed care.

(3) Entities contracting with the department for any portion of the ten million dollars (\$10,000,000) shall meet the objectives of the department's plan to expand Medi-Cal managed care with regard to traditional and safety net providers.

(4) Entities contracting with the department for any portion of the ten million dollars (\$10,000,000) may be authorized under those contracts to utilize their funds to provide for reimbursement of the costs of local organizations and entities incurred in participating in the development and operation of a local initiative.

(5) To the full extent permitted by state and federal law, these funds shall be distributed by the department for expenditure at the local level in a manner that qualifies for federal financial participation under the medicaid program.

The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations and shall remain in effect for no more than 180 days.

If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 34. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(d) (1) The department and the State Department of Social Services, jointly, shall adopt rules and regulations to establish exemptions in addition to those provided in subdivision (c), if the department and the State Department of Social Services determine the exemptions are needed to reduce unnecessary or burdensome reporting or are needed to facilitate cost-effective operation of this section.

(2) The department and the State Department of Social Services shall adopt regulations required pursuant to paragraph (1) by April 1, 1993.

(e) (1) Employers shall submit a report within 30 days of the

(2) The report shall contain all of the following:

(A) The first initial and last name and social security number of the person.

(B) The employer's name, address, and state employer identification number.

(3) The report required by Section 1088 shall not be accepted in lieu of the report required by this section.

(f) Employers may report pursuant to this section, by submitting a copy of the employee's W-4 form, a form provided by the department, or any other hiring document, by mail or telefaxing or by any other means that is authorized by the department and that will result in timely reporting.

(h) The department may use the information collected pursuant to this section only for the following purposes:

(1) The administration and enforcement of this section.

(2) The identification, prevention, and collection of benefit overpayments pursuant to any of the following provisions:

(A) Article 4 (commencing with Section 1375) of Chapter 5.

(i) The department shall provide a written notice to any employer for the employer's first failure to report any new hire, rehire, or return to work of an employee. For each subsequent failure to report as required by this section that occurs after the date the employer receives notice from the department of his or her first failure to report, an employer shall be subject to a penalty of two hundred fifty dollars (\$250).

(j) The department shall not enforce the employer reporting requirements of this section until April 1, 1993, or when regulations are adopted pursuant to subdivision (d), whichever is sooner.

(k) For purposes of this section, "wages" means the same as defined in Section 926 of the Unemployment Insurance Code.

SEC. 2. Section 1611.5 is added to the Unemployment Insurance Code to read:

1611.5. (a) Notwithstanding Section 1611, the Legislature may appropriate up to twenty million dollars (\$20,000,000) from the Employment Training Fund in the Budget Act of 1994 for purposes of funding the local assistance portion of the nonfederal share of cost in the Greater Avenues for Independence (GAIN) program, provided for pursuant to Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, as administered by the State Department of Social Services.

(b) Notwithstanding any other provision of law, the panel may execute training contracts for up to twenty million dollars (\$20,000,000) in excess of the amounts appropriated by Item 5100-001-514 of the Budget Act of 1994.

(c) This section shall become inoperative on July 1, 1995, and as of January 1, 1996, is repealed, unless later enacted statute, which becomes effective on or before January 1, 1996, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 4681.1 of the Welfare and Institutions Code is amended to read:

4681.1. (a) By July 1, 1989, and each year thereafter, the department shall establish rates, that shall be reviewed by the state council. Payment of these rates shall be subject to the appropriation of sufficient funds for that purpose in the Budget Act. In reviewing the sufficiency of these rates that is required by March 1, 1989, the department shall take into account the findings and recommendations of the study conducted by the State Council on Developmental Disabilities pursuant to Section 4541.

(b) In establishing rates to be paid for out-of-home care, the department shall include each of the cost elements in this section as follows:

(1) Rates established for all facilities shall include an adequate amount to care for "basic living needs" of a person with developmental disabilities. "Basic living needs" shall include housing, shelter, utilities, furnishings, food, incidental transportation, housekeeping, and personal care items. The amount required for basic living needs shall be calculated each year as the average cost of these items in community care facilities. The department shall annually publish a listing of the allowable cost components of these cost items and the methodology used to determine the amounts of each item. The amount for basic living needs shall be adjusted depending on the extent to which there is a demonstrated variation based on the size of the out-of-home facility. These amounts shall be adjusted annually to reflect cost-of-living changes. A redetermination of basic living costs shall be undertaken every three years by the State Department of Developmental Services, using the best available estimating methods. The first report shall be made on March 1, 1996, contingent upon availability of funds. By March 1,

1993, the department shall convene an advisory committee and develop a plan, including a proposal for an appropriate study methodology, for the redetermination of basic living costs. The advisory committee shall include, but not be limited to, service consumers, family members, residential service providers, and advocacy groups. If sufficient funds are not available, the first report shall be made on March 1, 1997.

(2) Rates established for all facilities that provide direct supervision for persons with developmental disabilities shall include an amount for "direct supervision." The cost of "direct supervision" shall vary with the person's functioning in the areas of self-care and daily living skills, physical coordination and mobility, and behavioral self-control and shall reflect one of the following:

(A) Basic self-help and daily living skills, no significant limitations in physical coordination and mobility, and behavioral self-control.

(B) Poor self-help and daily living skills, some limitations in physical coordination and mobility, or some disruptive or self-injurious behavior.

(C) Severe deficits in self-care and daily living skills, severe impairments in physical coordination and mobility, or severely disruptive or self-injurious behavior.

The individual program plan developed pursuant to Section 4646 shall determine the amount of direct supervision required for each individual. The cost of direct supervision shall be calculated as the wage and benefit costs of caregiving staff depending on the level of service being provided to meet the functional needs of the person with developmental disabilities. These rates shall be adjusted annually to reflect wage changes and shall comply with all federal regulations for hospitals and residential care establishments under the federal Fair Labor Standards Act.

(3) Rates established for all facilities that provide "special services" for persons with developmental disabilities shall include an amount to pay for such "special services" for each person receiving special services. "Special services" include specialized training, treatment, supervision, or other services which the individual program plan of each person requires to be provided by the residential facility in addition to the direct supervision provided pursuant to the person's individual program plan in subdivision (b). Facilities shall be paid for providing special services for each individual to the extent that such services are specified in the person's individual program plan and the facility is designated provider of such special services. Rates of payment for special services shall be the same as prevailing rates paid for similar services in the area.

(4) To the extent applicable, rates established for facilities shall include a reasonable amount for "unallocated services." These costs shall be determined using generally accepted accounting principles. "Unallocated services" means the indirect costs of managing a facility and includes costs of managerial personnel, facility operation,

maintenance and repair, employee benefits, taxes, interest, insurance, depreciation, and general and administrative support. If a facility serves other persons in addition to developmentally disabled persons, unallocated services expenses shall be reimbursed under this section, only for the proportion of the costs associated with the care of developmentally disabled persons. The amount for unallocated services shall be adjusted depending on the extent to which there is a demonstrated variation due to such factors as facility size or administrative structure.

(5) Rates established for facilities shall include an amount to reimburse facilities for the depreciation of "mandated capital improvements and equipment" as established in the state's uniform accounting manual. For purposes of this section, "mandated capital improvements and equipment" are only those remodeling and equipment costs incurred by a facility because an agency of government has required such remodeling or equipment as a condition for the use of the facility as a provider of out-of-home care to persons with developmental disabilities.

(6) When applicable, rates established for proprietary facilities shall include a reasonable "proprietary fee."

(7) Rates established for all facilities shall include as a "factor" an amount to reflect differences in the cost of living for different geographic areas in the state.

(8) Rates established for developmentally disabled persons who are also mentally disordered may be fixed at a higher rate. The State Department of Mental Health shall establish criteria upon which higher rates may be fixed pursuant to this subdivision. The higher rate for developmentally disabled persons who are also mentally disordered may be paid when requested by the director of the regional center and approved by the Director of Developmental Services.

(c) This section shall apply to facility rates paid under the alternative residential model originally authorized in Item 4300-101-001 of the Budget Act of 1985 and as identified in the department's report of April 1987 entitled Alternative Residential Model (ARM).

(d) The department shall approve additional facilities to receive rates pursuant to this section upon the appropriation of funds for that purpose.

(e) It is the intent of the Legislature that the department phase in implementation of the alternative residential model during the fiscal years 1987-88, 1988-89, 1989-90, and 1990-91. The department shall include all facilities providing services pursuant to this article in the alternative residential model by January 1, 1991.

(f) By April 1, 1989, the State Department of Developmental Services shall prepare draft regulations establishing quality service standards for facilities and procedures for administering the alternative residential model. The department shall confer with interested parties concerning the draft regulations by July 1, 1989. By

July 1, 1990, the department shall submit to the Office of Administrative Law regulations establishing quality service standards for facilities, procedures for administering the Alternative Residential Model, and ratesetting methodology. Full statewide implementation of the Alternative Residential Model shall not occur until the department has submitted these regulations.

(g) In addition to establishing rates as required by this section, the State Department of Developmental Services shall detail obstacles to ensuring sufficient numbers of living arrangements for persons served by the department, and to providing an adequate quality of care and services to persons served by the department who reside in residential facilities, and make recommendations for overcoming these obstacles.

SEC. 4. Section 10824 of the Welfare and Institutions Code is repealed.

SEC. 5. Section 10824 is added to the Welfare and Institutions Code, to read:

10824. (a) Funds appropriated by the Budget Act of 1994 may be used to fund the county share of (1) development costs, and; (2) maintenance costs and operation costs for the first 12 months of implementation of the Statewide Automated Welfare System (SAWS) for each county participating in the SAWS. Implementation shall be deemed to begin in each county when the county receives state certification that the SAWS application is operational on the first group of workstations in that county.

(b) (1) The county shall secure the prior approval of the department for any use of SAWS equipment, software or resources for activities and program administration not eligible for federal financial participation.

(2) The county shall allocate SAWS costs to the respective programs eligible for federal financial participation in accordance with the cost allocation requirements of each program.

(3) The county shall allocate as SAWS costs only costs for activities and program administration eligible for federal financial participation.

(c) If a county uses SAWS equipment, software, or resources for activities and program administration not eligible for federal financial participation, and fails to comply with provisions specified in subdivision (b), the county shall be liable to the department for any disallowance due to that use by the county of SAWS equipment, software, or resources. In the event of such a loss, the department may recover the loss by reducing funds otherwise due the county as state participation in programs administered by the county under the supervision of the department.

(d) The department shall fund each county's share of the Central Data Base for the Medi-Cal Eligibility Data System (MEDS) until the end of the 12th month of implementation of the SAWS, as defined in subdivision (a).

amended to read:

11008.13. To the same extent as required by federal law, and as otherwise consistent with other provisions of this chapter:

(2) Is not employed or is employed for fewer than 15 hours per week.

(3) Is any of the following:

(A) Has failed or refused to comply with program requirements without good cause in a program component to which he or she is assigned and for whom conciliation efforts, as described in Section 11327.4, have failed.

(B) Is participating in or has completed a long-term preemployment preparation assignment.

(C) Has received or had an opportunity to complete post-assessment education and training services and is not entitled to receive additional education and training services, in accordance with subdivision (f) of Section 11322.4.

(4) Has received aid payments pursuant to Section 11450 for 22 out of the last 24 months.

(b) (1) Two years after an individual, who is subject to this section, other than an individual already participating in a long-term preemployment preparation assignment of 100 or more hours per

month, is appraised, the county welfare department shall notify the individual of any preemployment preparation assignment it has identified, and shall offer him or her the assignment if it deems the offer appropriate. The preemployment preparation assignment shall conform to the requirements of this article, shall be appropriate to the individual's skills and abilities, and shall require 100 hours of participation per month. Individuals already participating in a long-term preemployment preparation assignment fewer than 100 hours per month shall increase participation to 100 hours per month, if feasible.

(2) If an individual fails or refuses to comply without good cause with the requirements of paragraph (1), the conciliation provisions of Section 11327.4 and the sanction provisions of Section 11327.5 shall apply.

(3) Any hours spent by the individual as a classroom volunteer in his or her child's school shall count towards meeting the 100 hour requirement.

(c) All services and rights available under this article to GAIN participants, including due process rights granted pursuant to Chapter 7 (commencing with Section 10950) of Part 2, shall be available to individuals subject to this section.

(d) This section shall apply only if the individual has had an opportunity to complete GAIN education and training.

(e) This section shall not apply to any individual who has the primary responsibility for personally providing care to a child two years of age or younger.

(f) This section shall be implemented only when the director has executed a declaration, that shall be retained by the director, that any necessary waivers and federal financial participation have been obtained.

(g) The department shall seek all federal waivers necessary to implement this section.

SEC. 8.5. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) (1) Aid shall be paid for each needy family, which shall include all eligible brothers and sisters of each eligible applicant or recipient child and the parents of the children, but shall not include unborn children, or recipients of aid under Chapter 3 (commencing with Section 12000), qualified for aid under this chapter. In determining the amount of aid paid, the family's income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (e) or Section 11453.1 shall be deducted from the sum specified in Section 11452, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2) of subdivision (a) of Section 11450 11496. In no case shall the amount of aid paid for each month exceed the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2) of subdivision (a) of Section 11450, plus any special needs, as specified in subdivisions (c), (e), and (f):

Number of eligible needy persons in the same home	Maximum aid
1	\$ 326
2	535
3	663
4	788
5	899
6	1,010
7	1,109
8	1,209
9	1,306
10 or more	1,403

If, when, and during such times as the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to that increase or decrease by the United States government, provided that no increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(2) The sums specified in paragraph (1) shall not be adjusted for cost of living for the 1990-91, 1991-92, 1992-93, 1993-94, 1994-95, and 1995-96 fiscal years, nor shall that amount be included in the base for calculating any cost-of-living increases for any fiscal year thereafter. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother in the amount which would otherwise be paid to one person, as specified in subdivision (a), if the mother, and child if born, would have qualified for aid under this chapter. Verification of pregnancy shall be required as a condition of eligibility for aid under this subdivision.

(c) The amount of forty-seven dollars (\$47) per month shall be paid to pregnant mothers qualified for aid under subdivision (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If that payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month

period immediately prior to the month in which delivery is anticipated, if the mother, and the child if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which, when added to the child's income, is equal to the rate specified in Section 11460, 11461, 11462, 11462.1, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. These recurring special needs shall include, but not be limited to, special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars (\$10) by the number of recipients in the family who are eligible for assistance.

(f) After a family has used all available liquid resources, both exempt and nonexempt, in excess of one hundred dollars (\$100), the family shall also be entitled to receive an allowance for nonrecurring special needs.

(1) An allowance for nonrecurring special needs shall be granted for replacement of clothing and household equipment and for emergency housing needs other than those needs addressed by paragraph (2). These needs shall be caused by sudden and unusual circumstances beyond the control of the needy family. The department shall establish the allowance for each of the nonrecurring special need items. The sum of all nonrecurring special needs provided by this subdivision shall not exceed six hundred dollars (\$600) per event.

(2) Homeless assistance is available to a homeless family seeking shelter when the family is eligible for aid under this chapter. Homeless assistance for temporary shelter is also available to homeless families which are apparently eligible for aid under this chapter. Apparent eligibility exists when evidence presented by the applicant or which is otherwise available to the county welfare department and the information provided on the application documents indicate that there would be eligibility for aid under this chapter if the evidence and information were verified. However, an alien applicant who does not provide verification of his or her eligible alien status, or a woman with no eligible children who does not provide medical verification of pregnancy, is not apparently eligible for purposes of this section.

A family is considered homeless, for the purpose of this section, when the family lacks a fixed and regular nighttime residence; or the family has a primary nighttime residence that is a supervised publicly

or privately operated shelter designed to provide temporary living accommodations; or the family is residing in a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

(A) (i) A nonrecurring special need of thirty dollars (\$30) a day shall be available to families for the costs of temporary shelter, subject to the requirements of this paragraph. County welfare departments may increase the daily amount available for temporary shelter to large families as necessary to secure the additional bed space needed by the family.

(ii) This special need shall be granted or denied immediately upon the family's application for homeless assistance, and benefits shall be available for up to three working days. The county welfare department shall verify the family's homelessness within the first three working days and if the family meets the criteria of questionable homelessness established by the department, the county welfare department shall refer the family to its early fraud prevention and detection unit, if the county has such a unit, for assistance in the verification of homelessness within this period.

(iii) After homelessness has been verified, the three-day limit shall be extended for a period of time which, when added to the initial benefits provided, does not exceed a total of 16 calendar days. This extension of benefits shall be done in increments of one week and shall be based upon searching for permanent housing which shall be documented on a housing search form; good cause; or other circumstances defined by the department. Documentation of housing search shall be required for the initial extension of benefits beyond the three-day limit and on a weekly basis thereafter as long as the family is receiving temporary shelter benefits. Good cause shall include, but is not limited to, situations in which the county welfare department has determined that the family, to the extent it is capable, has made a good faith but unsuccessful effort to secure permanent housing while receiving temporary shelter benefits.

(B) A nonrecurring special need for permanent housing assistance is available to pay for last month's rent and security deposits when these payments are reasonable conditions of securing a residence.

The last month's rent portion of the payment (1) shall not exceed 80 percent of the family's maximum aid payment without special needs for a family of that size and (2) shall only be made to families that have found permanent housing costing no more than 80 percent of the family's maximum aid payment without special needs for a family of that size, in accordance with the maximum aid schedule specified in subdivision (a).

However, if the county welfare department determines that a family intends to reside with individuals who will be sharing housing costs, the county welfare department shall, in appropriate circumstances, set aside the condition specified in clause (2) of the preceding paragraph.

(C) The nonrecurring special need for permanent housing assistance is also available to cover the standard costs of deposits for utilities which are necessary for the health and safety of the family.

(D) A payment for or denial of permanent housing assistance shall be issued no later than one working day from the time that a family presents evidence of the availability of permanent housing. If an applicant family provides evidence of the availability of permanent housing before the county welfare department has established eligibility for aid under this chapter, the county welfare department shall complete the eligibility determination so that the denial of or payment for permanent housing assistance is issued within one working day from the submission of evidence of the availability of permanent housing, unless the family has failed to provide all of the verification necessary to establish eligibility for aid under this chapter.

(E) Eligibility for the temporary shelter assistance and the permanent housing assistance pursuant to this paragraph shall be limited to once every 24 months. The county welfare department shall report to the department, through a statewide homeless assistance payment indicator system, necessary data, as requested by the department, regarding all recipients of aid under this paragraph.

(F) The county welfare departments, and all other entities participating in the costs of the AFDC program, have the right in their share to any refunds resulting from payment of the permanent housing. However, if an emergency requires the family to move within the 24-month period specified in subparagraph (E), the family shall be allowed to use any refunds received from its deposits to meet the costs of moving to another residence.

(G) Payments to providers for temporary shelter and permanent housing and utilities shall be made on behalf of families requesting these payments.

(H) The daily amount for the temporary shelter special need for homeless assistance may be increased if authorized by the current year's Budget Act by specifying a different daily allowance and appropriating the funds therefor.

(I) No payment shall be made pursuant to this paragraph unless the provider of housing is a commercial establishment, shelter, or person in the business of renting properties who has a history of renting properties.

(g) The department shall establish rules and regulations assuring the uniform application statewide of this subdivision.

(h) The department shall notify all applicants and recipients of aid through the standardized application form that these benefits are available and shall provide an opportunity for recipients to apply for the funds quickly and efficiently.

(i) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a).

The amounts payable to recipients pursuant to Section 11453.1

shall not constitute income to recipients of aid under this section.

SEC. 9. Section 11450.02 of the Welfare and Institutions Code is repealed.

SEC. 10. Section 11450.017 is added to the Welfare and Institutions Code to read:

11450.017. (a) Notwithstanding any other provision of law, the maximum aid payment in effect on June 30, 1994, in accordance with paragraph (1) of subdivision (a) of Section 11450 as reduced by subdivisions (a) and (b) of Section 11450.01 and subdivision (a) of Section 11450.015, shall be reduced by 2.3 percent beginning the first of the month following 50 days after the effective date of this section.

(b) The decrease in aid provided for pursuant to this section shall not prevent the increases in aid that shall occur on July 1, 1996, pursuant to Sections 11450.01 and 11450.015.

SEC. 11. Section 11462 of the Welfare and Institutions Code, as amended by Section 2 of Chapter 950 of the Statutes of 1993, is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(3) The department shall terminate the rate, effective January 1, 1993, of any group home that is not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986-87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, the single rate

established for each RCL, and the rate floor for each RCL.

(e) The standardized schedule of rates shall be phased in commencing July 1, 1990.

(1) In order to phase in the standardized schedule of rates, a "rate floor" has been established for each RCL.

(2) The rate floor for the 1990-91 fiscal year shall be 85 percent of the standard rate for each RCL. The rate floor shall be increased to 92.5 percent of the standard rate for the 1991-92 fiscal year for each RCL, shall be equal to the standard rate for each RCL for the period July 1, 1992, to September 13, 1992, inclusive, and shall be 92.5 percent of the standard rate for each RCL for the period September 14, 1992, to June 30, 1993, inclusive.

(3) The rate floor for each RCL shall be 95 percent of the standard rate for each RCL for the 1993-94 fiscal year. The rate floor shall be equal to the standard rate for each RCL for the 1994-95 fiscal year and beyond.

(f) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) For a group home program for which the department established a rate effective prior to June 30, 1990, that took into account the program's historical costs, the department shall establish the rate for the 1990-91 fiscal year by determining the RCL on a retrospective basis, according to the level of care and services actually provided between July 1 and December 31, 1989, or between July 1, 1989, and March 31, 1990.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) Beginning July 1, 1994, for group homes paid at rates below the standard rate established by subdivision (g), a group home program shall remain at its current RCL if it maintains at least the level of care and services associated with that percentage of the points required to be at that RCL that equals the percentage of the standard rate used to establish the group home's rate. In no event, however, shall points per child per month be reduced more than ten points below

the minimum required for the current RCL. The RCL for a program shall not increase due to the operation of this paragraph absent any program changes approved by the department pursuant to subdivision (k).

(5) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(g) The standardized schedule of rates for the 1990-91 fiscal year is:

Rate Classification Level	Point Ranges	FY 1990-91	
		Standard Rate	Rate Floor (85%)
1	Under 60	\$1,183	\$1,006
2	60- 89	1,478	1,256
3	90-119	1,773	1,507
4	120-149	2,067	1,757
5	150-179	2,360	2,006
6	180-209	2,656	2,258
7	210-239	2,950	2,508
8	240-269	3,245	2,758
9	270-299	3,539	3,008
10	300-329	3,834	3,259
11	330-359	4,127	3,508
12	360-389	4,423	3,760
13	390-419	4,720	4,012
14	420 & Up	5,013	4,261

(h) (1) For the 1990-91 fiscal year, the standardized schedule of rates shall be implemented as follows:

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the fiscal year 1990-91 RCL shall receive their 1989-90 rate plus an amount equal to the California Necessities Index (CNI). The rate for the 1990-91 fiscal year at which the state will participate shall not exceed the standard rate for the RCL.

(B) If the CNI increase to the group home program's 1989-90 fiscal year rate does not raise the group home program to the rate floor for the RCL, the group home program shall receive a rate equal to the rate floor for the RCL.

(C) A group home program which received an AFDC-FC rate for the 1989-90 fiscal year at or above the standard rate for the RCL for the 1990-91 fiscal year shall continue to receive the 1989-90 fiscal year rate.

(2) For the 1996-97 fiscal year and the 1997-98 fiscal year, the

standardized rate for each RCL shall be adjusted by an amount equal to CNI computed pursuant to the methodology described in Section 11453.

(3) Notwithstanding paragraph (2), on and after the operative date of this paragraph the standardized rate for each RCL in effect on June 30, 1992, shall be the standardized rate for the remainder of fiscal year 1992-93. The department shall adjust rates downward, as necessary to comply with this paragraph.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) A group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive that rate adjusted by an amount equal to the CNI. The rate for the current fiscal year shall not exceed the standard rate for the RCL and shall not be less than the rate floor for the RCL.

(4) Beginning with the 1996-97 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) Any group home program which received an AFDC-FC rate in the prior fiscal year below the adjusted standard rate for the RCL in the current fiscal year shall receive the adjusted RCL rate.

(i) (1) (A) The rate for a new group home program of a new or existing provider shall be established at the rate floor for the new program's projected RCL.

(B) On and after the operative date of this subparagraph, the department shall not, prior to July 1, 1993, establish a rate for a new group home program of a new or existing provider. However, in order to allow for the continued operation of group homes which, prior to January 1, 1993, had a rate established as a group home organized and operated on a for-profit basis and which have subsequently organized and operated on a nonprofit basis, the department shall establish a rate for the remainder of the 1992-93 fiscal year for those providers not to exceed the RCL and AFDC-FC rate received by the provider prior to the operative date of this subparagraph.

(2) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be

provided by the program.

(3) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(4) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Sections 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or the AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) (A) Prior to July 1, 1993, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective June 30, 1992. For rate increases as a result of a program change which become effective between July 1, 1992, and the effective date of this paragraph, the department shall adjust rates downward, as necessary, to comply with this chapter. Notwithstanding any other provision of law, a group home provider shall be allowed to change a group home program to reflect a decrease in services due to the provisions of this paragraph.

(B) For the 1993-94 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1993, except as provided in paragraph (3).

(C) For the 1994-95 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1994, except as provided in paragraph (3).

(3) (A) Commencing with the operative date of this paragraph and only during the 1992-93 fiscal year, the 1993-94 fiscal year, and the 1994-95 fiscal year, the department shall not establish a rate for a new program of a new or existing provider, or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as the result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program and the new program or program change will result in a reduction of referrals to state hospitals during the 1992–93 fiscal year, the 1993–94 fiscal year, or the 1994–95 fiscal year.

(l) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

(n) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before July 1, 1995, deletes or extends that date.

SEC. 12. Section 11462 of the Welfare and Institutions Code, as amended by Section 3 of Chapter 950 of the Statutes of 1993, is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of

Group Home Programs under the Standardized Schedule of Rates System,” prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986-87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, “standardized schedule of rates” means a listing of the 14 rate classification levels, the single rate established for each RCL, and the rate floor for each RCL.

(e) The standardized schedule of rates shall be phased in commencing July 1, 1990.

(1) In order to phase in the standardized schedule of rates, a “rate floor” has been established for each RCL.

(2) The rate floor for fiscal year 1990-91 shall be 85 percent of the standard rate for each RCL. The rate floor shall be increased to 92.5 percent of the standard rate for fiscal year 1991-92 for each RCL, shall be equal to the standard rate for each RCL for the period July 1, 1992, to September 13, 1992, inclusive, and shall be 92.5 percent of the standard rate for each RCL for the period September 14, 1992, to June 30, 1993, inclusive.

(3) The rate floor for each RCL shall be 95 percent of the standard rate for each RCL for the 1993-94 fiscal year. The rate floor shall be equal to the standard rate for each RCL for the 1994-95 fiscal year and beyond.

(f) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) For a group home program for which the department established a rate effective prior to June 30, 1990, that took into account the program’s historical costs, the department shall establish the rate for fiscal year 1990-91 by determining the RCL on a retrospective basis, according to the level of care and services actually provided between July 1 and December 31, 1989, or between July 1, 1989, and March 31, 1990.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) Beginning July 1, 1994, for group homes paid at rates below the standard rate established by subdivision (g), a group home program shall remain at its current RCL if it maintains at least the level of care and services associated with that percentage of the points required to be at that RCL that equals the percentage of the standard rate used to establish the group home's rate. In no event, however, shall points per child per month be reduced more than ten points below the minimum required for the current RCL. The RCL for a program shall not increase due to the operation of this paragraph absent any program changes approved by the department pursuant to subdivision (k).

(5) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(g) The standardized schedule of rates for fiscal year 1990-91 is:

(h) (1) For fiscal year 1990-91, the standardized schedule of rates shall be implemented as follows:

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the fiscal year

1990-91 RCL shall receive their 1989-90 rate plus an amount equal to the California Necessities Index (CNI). The rate for fiscal year 1990-91 at which the state will participate shall not exceed the standard rate for the RCL.

(B) If the CNI increase to the group home program's fiscal year 1989-90 rate does not raise the group home program to the rate floor for the RCL, the group home program shall receive a rate equal to the rate floor for the RCL.

(C) A group home program which received an AFDC-FC rate for fiscal year 1989-90 at or above the standard rate for the RCL for fiscal year 1990-91 shall continue to receive that fiscal year 1989-90 rate.

(2) For the 1996-97 and 1997-98 fiscal years, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) A group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive that rate adjusted by an amount equal to the CNI. The rate for the current fiscal year shall not exceed the standard rate for the RCL and shall not be less than the rate floor for the RCL.

(3) Beginning with the 1996-97 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds.

(A) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the adjusted standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(B) Any group home program which received an AFDC-FC rate in the prior fiscal year below the adjusted standard rate for the RCL in the current fiscal year shall receive the adjusted RCL rate.

(i) (1) (A) The rate for a new group home program of a new or existing provider shall be established at the rate floor for the new program's projected RCL.

(B) On and after the operative date of this subparagraph, the department shall not, prior to July 1, 1993, establish a rate for a new group home program of a new or existing provider.

(2) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(3) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(4) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Sections 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) (A) Prior to July 1, 1993, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective June 30, 1992. For rate increases as a result of a program change which became effective between July 1, 1992, and the effective date of this paragraph, the department shall adjust rates downward as necessary to comply with this chapter. Notwithstanding any other provisions of law, a group home provider shall be allowed to change a group home program to reflect a decrease in services due to the provisions of this paragraph.

(B) For the 1993-94 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1993, except as provided in paragraph (3).

(C) For the 1994-95 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1994, except as provided in paragraph (3).

(3) (A) For the 1993-94 fiscal year and the 1994-95 fiscal year, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if (i) the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program, and (ii) the new program or program change will result in a reduction of referrals to state hospitals during the 1993-94 fiscal year or the 1994-95 fiscal year.

(l) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993-94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

(n) This section shall become operative on July 1, 1995.

This subdivision shall remain operative only so long as the waivers are effective.

(c) Proceedings against any individual alleged to have committed an offense described in subdivision (a) or (b) may be held either by hearing, pursuant to Section 10950 and in conformity with the regulations of the United States Secretary of Health and Human Services, if appropriate, or by referring the matter to the appropriate authorities for civil or criminal action in court.

(d) The department shall coordinate any action taken under this section with any corresponding actions being taken under the Food Stamp Program in any case where the factual issues involved arise from the same or related circumstances.

(e) Any period for which sanctions are imposed under this section shall remain in effect, without possibility of administrative stay, unless and until the findings upon which the sanctions were imposed are subsequently reversed by a court of appropriate jurisdiction, but in no event shall the duration of the period for which the sanctions are imposed be subject to review.

(f) Sanctions imposed under this section shall be in addition to, and not in substitution for, any other sanctions which may be provided for by law with respect to the offenses for which the sanctions are imposed.

(c) In no event shall the reduction of any maximum aid payment level pursuant to this section result in a change in share of cost or eligibility for services under Article 7 (commencing with Section 12300) for any aged, blind, or disabled person who was receiving services under that article in 1994 prior to the enactment of this section because of that reduction in maximum aid payment, provided he or she continues to meet other applicable requirements.

(2) To the extent not inconsistent with federal law, if a county has provided emergency medical care to an indigent and dependent adult resident of the county, other than an involuntary detainee or prisoner, who is a sponsored alien, and that care was provided during the period during which the sponsor has agreed, in writing, to provide for the alien, the county may recover the reasonable cost of that care from the sponsor of that alien. If the county is required to take legal action to enforce this right to recovery, the written promise to provide for the alien shall be considered, under state law, to be the equivalent of a written contract to pay for that medical care.

(3) No county shall be required to provide medical care to any sponsored alien who is eligible, with or without a share of cost, for participation in the California Medical Assistance (Medi-Cal) program.

(6) A minor and the sponsor or the sponsor's spouse is the parent of the alien child.

(d) This section shall become operative on the effective date of federal law that prohibits providing Medi-Cal assistance to sponsored aliens, and shall remain operative only as long as federal law remains in effect. 19806. (a) For each fiscal year commencing with the 1984-85 fiscal year, an independent living center shall not be required to provide any matching funds through private contributions as a condition of receiving state funds except to acquire state incentive funds. An independent living center whose allocation of funds pursuant to this chapter, excluding state incentive funds, is less than one hundred fifty thousand dollars (\$150,000) shall, to the extent funds are appropriated by the Legislature and allocated in accordance with regulations adopted by the department, receive, during the 1984-85 fiscal year, an amount of state funds pursuant to this section, in an amount equal to 50 percent of the difference between one hundred fifty thousand dollars (\$150,000) and the independent living center's allocation under this chapter. During the 1985-86 fiscal year, and each fiscal year thereafter, until the 1994-95 fiscal year, each independent living center shall receive, to the extent funds are appropriated by the Legislature and allocated in accordance with regulations adopted by the department, except for state incentive funds, at least one hundred fifty thousand (\$150,000) in funds allocated under this chapter. Beginning with the 1994-95 fiscal year, and each fiscal year thereafter, each independent living center shall receive, to the extent funds are appropriated by the Legislature and allocated in accordance with regulations adopted by the department, excluding state incentive funds, at least one hundred seventy-five thousand dollars (\$175,000) in funds allocated under this chapter. However, beginning with the 1994-95 fiscal year, and for each fiscal year thereafter, state funds may be replaced by reimbursements under the Supplemental Security Disability Insurance and the Supplemental Security Income programs provided for under Titles II and XVII of the Federal Social Security Act, Subchapter II (commencing with Section 401) and Subchapter XVII (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code to the extent appropriated by the Legislature and allocated by the department to independent living centers under this chapter. Beginning with the 1995-96 fiscal year, and each year thereafter, to the extent such funds from the Social Security Act are not appropriated by the Legislature as were appropriated in the 1994-95 fiscal year, an amount equal to the combined state and federal fund allocation to independent living centers in the Budget Act of 1994 shall be appropriated to, and allocated by, the department to independent living centers under this chapter.

(b) (1) In addition to funds received pursuant to subdivision (a), and subject to the limitations of subdivision (c), to the extent funds are appropriated by the Legislature, and allocated in accordance

with regulations adopted by the department, each independent living center shall have the amount of its private contributions which, for any fiscal year, exceeds the amount of private contributions received by the independent living center during the 1982-83 fiscal year matched by state incentive funds on the basis of one dollar (\$1) in state incentive funds for each one dollar (\$1) received in private contributions.

(2) Available state incentive funds shall be allocated during each fiscal year based upon the private contributions received by the independent living center in the immediately preceding fiscal year.

(3) For the purpose of determining eligibility for state incentive funds, any independent living center that uses a fiscal year other than the state fiscal year may elect to use a different fiscal year so long as the closing date of the fiscal year so elected does not precede the closing date of the equivalent state fiscal year by more than 11 months.

(4) The amount of private contributions claimed by an independent living center for each fiscal year, including the 1982-83 fiscal year, shall be verified by the department by utilizing appropriate financial records including, but not limited to, independent audits. Audits may be performed by the department up to three years from the close of the fiscal year during which state incentive funds were received by the independent living center being audited.

(c) The maximum amount of incentive funds as defined in subdivision (d) that may be acquired by any independent living center in any single fiscal year shall be computed as follows:

(1) Each independent living center funded under Section 19803 shall be entitled to acquire state incentive funds as specified in subdivision (b) in an amount not to exceed the total available state incentive funds, divided by the number of independent living centers then funded under Section 19803.

Each center with remaining unmatched private contributions shall be allowed to match remaining incentive funds in an amount equal to the total remaining incentive funds divided by the number of centers with remaining private contributions. Subsequent distributions shall be made pursuant to the formula described in the preceding sentence and shall be repeated as many times as is necessary to allocate incentive funds to the greatest extent possible.

(3) State incentive funds not distributed to independent living centers under paragraph (1) or (2) shall not be allocated under Section 19803 nor retained by the department for distribution as state incentive funds in later fiscal years.

(d) For purposes of this section:

(1) "Private funds" does not include any funds originating from any entity of the federal, state, city, or county government or any

(2) "State incentive funds" means state funds appropriated by the Legislature for purposes of this chapter, except those funds allocated by the department pursuant to Section 19803 and subdivision (a) of this section.

(e) Any funds allocated under this chapter to any independent living center, other than as part of the initial allocation for each fiscal year, shall be made by contract amendment. Any such contract amendment shall require the provision of services in addition to that required by the contract being amended. All such services required by contract amendment shall not be performed prior to the date the contract amendment is approved by the state.

The initial adoption of emergency regulations and one re-adoption of the initial regulation shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Initial emergency regulations and the first re-adoption of those regulations shall be exempt from review by the Office of Administrative Law. The

emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations and shall remain in effect for no more than 180 days.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(1) Determine the amount of employer contributions that would have been made in the current fiscal year if the applicable Public Employees' Retirement System employee contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the current fiscal year.

(2) Determine the actual amount of employer contributions made to the Public Employees' Retirement System in the current fiscal year.

(3) If the amount determined in paragraph (1) is greater than the amount determined in paragraph (2), the total revenue limit computed pursuant to this part for that county superintendent of schools shall be decreased by the amount of the difference between those paragraphs; or if the amount determined in paragraph (1) is less than the amount determined in paragraph (2), the total revenue limit for that county superintendent of schools shall be increased by the amount of the difference between those paragraphs.

(4) For the purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(A) Positions or portions of positions supported by federal funds that are subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employers contributions not exceeding twenty-five thousand dollars (\$25,000) by any single educational agency, from a non-General Fund revenue source determined to be properly excludable from this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(5) For accounting purposes, any reduction to county office of education revenue limits made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(6) The amount of the increase or decrease to the revenue limits of county superintendents of schools made by this subdivision for the 1995-96 fiscal year shall not be adjusted by the deficit factor calculated pursuant to Section 2558.45 for that fiscal year.

(c) The Superintendent of Public Instruction shall also subtract from the amount determined in subdivision (a) the sum of: (1) local

property tax revenues received pursuant to Section 2573 in the then current fiscal year, and tax revenues received pursuant to Section 2556 in the then current fiscal year, (2) state and federal categorical aid for the fiscal year, (3) district contributions pursuant to Section 52321 for the fiscal year, and other applicable local contributions and revenues, and (4) any amounts that the county superintendent of schools was required to maintain as restricted and not available for expenditure in the 1978-79 fiscal year as specified in the second paragraph of subdivision (c) of Section 6 of Chapter 292 of the Statutes of 1978, as amended by Chapter 51 of the Statutes of 1979.

(d) The remainder computed in subdivision (c) shall be distributed in the same manner as state aid to school districts from funds appropriated to Section A of the State School Fund.

(e) If the remainder determined pursuant to subdivision (c) is a negative amount, no state aid shall be distributed to that county superintendent of schools pursuant to subdivision (d), and an amount of funds of that county superintendent equal to that negative amount shall be deemed restricted and not available for expenditure during the current fiscal year. In the next fiscal year, that amount shall be considered local property tax revenue for purposes of the operation of paragraph (1) of subdivision (c) of this section.

SEC. 2. Section 2558.45 of the Education Code is amended to read:

2558.45. For the purposes of this article, the revenue limit for the 1994-95 and 1995-96 fiscal years for each county superintendent of schools determined pursuant to this article shall be reduced by a deficit factor calculated as follows:

$$100 - \frac{(90.23 \times 100)}{(100 + C)}$$

For purposes of this calculation, "C" is the percentage determined pursuant to subdivision (b) of Section 42238.1 for the 1994-95 fiscal year.

The revenue limit for each county superintendent of schools for the 1994-95 fiscal year shall be determined as if the revenue limit for each county superintendent of schools had been determined for the 1993-94 fiscal year without being reduced by the deficit factor required pursuant to Section 2558.4.

The revenue limit for each county superintendent of schools for the 1995-96 fiscal year shall be determined as if the revenue limit for each county superintendent of schools had been determined for the 1994-95 fiscal year without being reduced by the deficit factor specified in this section.

The revenue limit for each county superintendent of schools for the 1996-97 fiscal year and each fiscal year thereafter shall be determined as if the revenue limit for that county superintendent of schools had been determined for the 1995-96 fiscal year without

being reduced by the deficit factor specified in this section.

SEC. 3. Section 2558.6 is added to the Education Code, to read:

2558.6. Notwithstanding any other provision of law, for the 1994-95 fiscal year the county superintendent of schools shall reduce the total revenue limit computed pursuant to Section 2558 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the 1994-95 fiscal year. The reduction shall be calculated for each county superintendent of schools as follows:

(a) Determine the amount of employer contributions that would have been made in the 1994-95 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1994-95 fiscal year.

(b) Subtract from the amount determined in subdivision (a) the actual amount of employer contributions made to the Public Employees' Retirement System in the 1994-95 fiscal year.

(c) For the purposes of this section, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(1) Positions or portions of positions supported by federal funds that are subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars (\$25,000) by any single educational agency, from a non-General Fund revenue source determined to be properly excludable from this section by the Superintendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(e) The amount of the reduction made by this section shall not be adjusted by the deficit factor calculated pursuant to Section 2558.45.

It is the intent of the Legislature to make adjustments to county office of education revenue limits for the 1994-95 fiscal year to reflect savings that these county offices of education will realize in the contributions to the Public Employees' Retirement System due to a reduced contribution rate for the 1994-95 fiscal year.

SEC. 4. Section 41203.1 of the Education Code is amended to read:

41203.1. (a) For the 1990-91 fiscal year and each fiscal year

thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section. Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989-90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), then the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) Notwithstanding any other provision of law, this section shall not apply to the 1992-93 fiscal year.

(d) Notwithstanding any other provision of law, this section shall not apply to the 1993-94 fiscal year.

(e) Notwithstanding any other provision of law, this section shall not apply to the 1994-95 fiscal year.

SEC. 5. Section 41205 of the Education Code is amended to read:

41205. The Legislature hereby finds and declares that the only state agencies that provide direct elementary and secondary level instructional services within the meaning of Section 41302.5 are those state agencies enumerated in Section 8880.5 of the Government Code, or in any successor to that section, not including any agency enumerated in any of subdivisions (a) to (f), inclusive, of that section, and California Indian education centers as established pursuant to Article 6 (commencing with Section 33380) of Chapter 3 of Part 20. The amount of any appropriation made to a state agency for direct elementary and secondary level instruction services shall be determined by applying the definition of those services, as defined in the California School Accounting Manual, to the expenditures of the agency. However, for the Diagnostic Schools for Neurologically Handicapped Children, as established pursuant to Article 1 (commencing with Section 59200) of Chapter 3 of Part 32, all expenditures of the agency shall be considered appropriations made to a state agency for direct elementary and secondary level instruction.

SEC. 6. Section 42238.11 is added to the Education Code, to read: 42238.11. Notwithstanding any other provision of law, for the 1994-95 fiscal year the county superintendent of schools shall reduce the total revenue limit for each school district in the jurisdiction of the county superintendent of schools by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the 1994-95 fiscal year. The reduction shall be calculated for each school district as follows:

(a) Determine the amount of employer contributions that would have been made in the 1994-95 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1994-95 fiscal year.

For purposes of this calculation, no school district shall have a contribution rate higher than 13.020 percent.

(b) Subtract from the amount determined in subdivision (a) the actual amount of employer contributions made to the Public Employees' Retirement System in the 1994-95 fiscal year.

(c) For the purposes of this section, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(1) Positions or portions of positions supported by federal funds that are subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6.

(3) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars (\$25,000) by any single educational agency, from a non-General Fund revenue source determined to be properly excludable from this section by the Superintendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(e) The amount of the reduction made by this section shall not be adjusted by the deficit factor calculated pursuant to Section 42238.145.

It is the intent of the Legislature to make adjustments to school district revenue limits for the 1994-95 fiscal year to reflect savings that these districts will realize in the contributions to the Public Employees' Retirement System due to a reduced contribution rate for the 1994-95 fiscal year.

SEC. 7. Section 42238.12 is added to the Education Code, to read:

42238.12. For the 1995-96 fiscal year and each fiscal year thereafter, the county superintendent of schools shall adjust the total revenue limit for each school district in the jurisdiction of the county superintendent of schools by the amount of increased or decreased employer contributions to the Public Employees' Retirement System resulting from the enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates, excluding rate changes due to the direct transfer of the state-mandated portion of the employer contributions to the Public Employees' Retirement System, through the current fiscal year. The adjustment shall be calculated for each school district, as follows:

(a) Determine the amount of employer contributions that would have been made in the current fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the current fiscal year.

For the purposes of this calculation, no school district shall have a contribution rate higher than 13.020 percent.

(b) Determine the actual amount of employer contributions made to the Public Employees' Retirement System in the current fiscal year.

(c) If the amount determined in subdivision (a) for a school district is greater than the amount determined in subdivision (b), the total revenue limit computed for that school district shall be decreased by the amount of the difference between those subdivisions; or, if the amount determined in subdivision (a) for a school district is less than the amount determined in subdivision (b), the total revenue limit for that school district shall be increased by the amount of the difference between those subdivisions.

(d) For the purpose of this section, employer contributions to the Public Employees' Retirement System for any of the following positions shall be excluded from the calculation specified above:

(1) Positions or portions of positions supported by federal funds that are subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6.

(3) Positions supported, to the extent of employers contributions not exceeding twenty-five thousand dollars (\$25,000) by any single educational agency, from a non-General Fund revenue source determined to be properly excludable from this section by the Superintendent of Public Instruction with the approval of the Director of Finance.

(e) For accounting purposes, any reduction to district revenue limits made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(f) The amount of the increase or decrease to the revenue limits of school districts computed pursuant to subdivision (c) for the

1995-96 fiscal year shall not be adjusted by the deficit factor calculated pursuant to Section 42238.145 for that fiscal year.

SEC. 8. Section 42238.145 of the Education Code is amended to read:

42238.145. For the purposes of this article, the revenue limit for the 1994-95 and 1995-96 fiscal years for each school district determined pursuant to this article shall be reduced by a deficit factor calculated as follows:

$$100 - \frac{(91.86 \times 100)}{(100 + C)}$$

For purposes of this calculation, "C" is the percentage determined pursuant to subdivision (b) of Section 42238.1 for the 1994-95 fiscal year.

The revenue limit for the 1994-95 fiscal year for each school district shall be determined as if the revenue limit for each school district had been determined for the 1993-94 fiscal year without being reduced by the deficit factor required pursuant to Section 42238.14.

The revenue limit for each school district for the 1995-96 fiscal year shall be determined as if the revenue limit for that school district had been determined for the 1994-95 fiscal year without being reduced by the deficit factor specified in this section.

The revenue limit for each school district for the 1996-97 fiscal year, and each fiscal year thereafter, shall be determined as if the revenue limit for that school district had been determined for the 1995-96 fiscal year without being reduced by the deficit factor specified in this section.

SEC. 9. Section 54761.1 is added to the Education Code, to read:

54761.1. (a) The sum of one hundred seventy-eight million eight hundred sixty-six thousand dollars (\$178,866,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation to school districts for purposes of this article for the 1994-95 fiscal year. The funds appropriated pursuant to this subdivision shall be allocated pursuant to subdivision (c) of Section 12.32 of the Budget Act of 1994.

(b) Any action by a school district to change, or any decision by the school district to maintain, the 1993-94 designation of supplemental grant funds in the 1994-95 fiscal year pursuant to subdivision (c) of Section 12.32 of the Budget Act of 1994 shall be considered a new designation and shall be applicable in the 1994-95 fiscal year and each fiscal year thereafter.

(c) For purposes of computing the base revenue limit per unit of average daily attendance of a school district for the 1995-96 fiscal year, the base revenue limit per unit of average daily attendance of the school district for the 1994-95 fiscal year shall be increased by an amount equal to the amount of supplemental grant funds added to the total revenue limit in the 1994-95 fiscal year divided by the school

district's revenue limit average daily attendance for the 1994-95 fiscal year determined pursuant to Section 42238.5 and Article 4 (commencing with Section 42280) of Chapter 7 of Part 24. This increase shall be subject to any other adjustments applicable to the base revenue limit.

(d) For the purpose of computing the entitlement of any school district for any of the categorical programs described in Section 54760.1 and clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761, the following adjustments shall be made:

(1) For programs that base the current fiscal year entitlement on the prior fiscal year entitlement, in whole, or in part, for the 1995-96 fiscal year, and each fiscal year thereafter, the entitlement under each of those programs for the 1994-95 fiscal year shall be deemed to include the amount of supplemental grant funds allocated by the school district to the program pursuant to subdivision (b) in the 1994-95 fiscal year.

(2) For programs that base the current fiscal year entitlement on factors other than the prior fiscal year entitlement, the entitlement under each of those programs shall be increased in the 1995-96 fiscal year and each fiscal year thereafter by the amount of the supplemental grant funds allocated by the school district to the program pursuant to subdivision (b) in the 1994-95 fiscal year.

The increases described in paragraphs (1) and (2) are subject to any applicable adjustments to the relevant categorical program for the 1995-96 fiscal year and each fiscal year thereafter.

SEC. 10. Section 76300 of the Education Code is amended to read: 76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) The fee prescribed by this section shall be thirteen dollars (\$13) per unit per semester.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts pursuant to Section 84750, the chancellor shall subtract from the total revenue owed to each district, 98 percent of the revenues received by districts from charging a fee pursuant to this section.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84711.

(2) California State University or University of California students

enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) The fee requirements of this section shall be waived for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program or has demonstrated financial need in accordance with the methodology set forth in federal law or regulation for determining the expected family contribution of students seeking financial aid. The governing board of a community college district may also waive the fee requirements of this section for any student who demonstrates eligibility according to income standards established by the board of governors and contained in Section 58620 of Title 5 of the California Code of Regulations.

(h) The fee requirements of this section shall be waived for any student who, at the time of enrollment is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. "Active service of the state," for the purposes of this subdivision, means a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(i) It is the intent of the Legislature that sufficient funds be provided to support the provision of a fee waiver for every student who demonstrates eligibility pursuant to subdivisions (g) and (h).

From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to 2 percent of the fees waived pursuant to subdivisions (g) and (h). From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to 7 percent of the fee waivers provided pursuant to subdivisions (g) and (h) for determination of financial need and delivery of student financial aid services, on the basis of the number of students for whom fees are waived. Funds allocated to a community college district for determination of financial need and delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1992-93 fiscal year.

(j) The board of governors shall adopt regulations implementing this section.

(k) This section shall remain in effect only until July 1, 1995, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1995, deletes or extends that date.

SEC. 11. Section 76330 of the Education Code is amended to read:

76330. (a) The governing board of each community college district shall charge a fee of fifty dollars (\$50) per semester unit, or the quarter unit equivalent, to each student who previously has been awarded a baccalaureate or graduate degree from any public postsecondary educational institution or any private postsecondary educational institution approved to operate by the Council for Private Postsecondary and Vocational Education, accredited by an agency recognized by the United States Department of Education, or operated pursuant to Section 94303. Any student charged a fee pursuant to this section shall be exempt from the fees required pursuant to Section 76300.

(b) The governing board shall exempt from subdivision (a), and charge the fees specified in Section 76300 to, a student who is any of the following:

(1) A dislocated worker, as certified by a state agency in accordance with Subchapter III of the federal Job Training Partnership Act (29 U.S.C. Sec. 1651 et seq.).

(2) A displaced homemaker, as defined in accordance with the Higher Education Act of 1965, as amended (20 U.S.C. Sec. 1001 et seq.).

(3) A recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

(4) An enrollee in a course offered pursuant to a contract between the community college and a public or private entity if (A) the contract provides for the payment by the public or private entity of all costs associated with the course and (B) full-time equivalent student enrollment in the course is not counted for the purpose of determining district or statewide apportionment.

(5) A student who demonstrates, pursuant to Chapter 2 (commencing with Section 69500) of Part 42 or Section 76310, financial need in excess of the amount of the fee specified in subdivision (a).

(c) Nonresident students who pay nonresident tuition shall be exempt from subdivision (a).

(d) The governing board of a community college district may require each student not required to pay the fee charged pursuant to subdivision (a) to file a written oath or affirmation, at the time of enrollment, that he or she either does not have a baccalaureate degree or higher degree or is eligible for an exemption.

(e) It is the intent of the Legislature that governing boards conduct selective audits of any oath or affirmation filed by students

pursuant to subdivision (d). If any audit conducted under this subdivision results in a finding by the community college district that a student owes additional fees pursuant to this section, the district may require the student to pay the additional fees, plus an amount not to exceed two times the additional fees.

(f) For the purposes of computing apportionments to community college districts, pursuant to Section 84750, the chancellor shall subtract from the total revenue owed to each district 98 percent of the revenues received by each district from charging a fee pursuant to this section.

(g) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(h) It is the further intent of the Legislature that students who have not previously been awarded a baccalaureate or graduate degree be given priority for enrollment.

(i) (1) This section shall be operative beginning with the first regular academic semester, quarter, or term commencing after January 1, 1993.

(2) Notwithstanding subdivision (c) of Section 84750, decreases in the 1992-93 fiscal year in credit full-time equivalent students (FTES) resulting from the implementation of this section shall not result in any reduction in revenue for the 1993-94 fiscal year. Decreases in FTES in the 1992-93 fiscal year shall result in a revenue reduction over the three-year period beginning with the 1994-95 fiscal year, except that community college districts shall be entitled to restore any reductions in apportionment revenue if there is a subsequent increase in FTES. For purposes of this paragraph, any revenue loss associated with decreases in FTES shall be distributed on a district-by-district basis. District revenue loss shall not be distributed on a statewide average basis.

(3) The board of governors shall report to the Legislature on or before January 1, 1994, on the implementation and impact of this section.

(j) This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 12. Section 84751 of the Education Code is amended to read: 84751. In calculating each community college district's revenue level for each fiscal year pursuant to subdivision (a) of Section 84750, the chancellor shall subtract, from the total revenues owed, all of the following:

(a) The local property tax revenue specified by law for general operating support, exclusive of bond interest and redemption.

(b) Ninety-eight percent of the fee revenues collected pursuant to Section 76300 and 76330.

(c) Motor vehicle license fees received pursuant to Section 11003.4 of the Revenue and Taxation Code.

(d) Timber yield tax revenue received pursuant to Section 38905

of the Revenue and Taxation Code.

(e) Any amounts received pursuant to Section 33492.15, 33607.5, or 33607.7 of the Health and Safety Code, except those amounts that are allocated exclusively for educational facilities.

SEC. 13. Section 7550.6 is added to the Government Code, to read:

7550.6. Notwithstanding any other provision of law, until June 30, 1995, no local educational agency shall be required to prepare or to submit any written report pursuant to Chapter 1.2 (commencing with Section 628) of Title 15 of Part 1 of the Penal Code.

SEC. 14. Section 15816 of the Government Code is amended to read:

15816. (a) When any public building has been acquired or constructed by the board, and the revenues, rentals, or receipts from the operation of the public building are no longer required or pledged for the payment of principal or interest on any of the certificates or revenue bonds of the board undertaken under this part, the board shall forthwith notify the Department of General Services of that fact, and thereafter the public building shall be under the jurisdiction of, and operated and maintained by, the Department of General Services.

(b) Subdivision (a) shall not apply to any public facility used pursuant to Section 15817.1 by, or to any public building constructed for lease-purchase, to the Regents of the University of California, the Trustees of the California State University, the Board of Governors of the California Maritime Academy, or any community college district, pursuant to this part. When the revenues, rentals, or receipts from the operation of any public facility or public building are no longer required or pledged for the payment of principal or interest on the certificates or revenue bonds of the board, title to the public building shall vest in the Regents of the University of California, the Trustees of the California State University, the Board of Governors of the California Maritime Academy, or the community college district.

(c) If at any time funds are available by law to retire any certificates or revenue bonds issued to defray the cost of any public building, these funds shall be applied to the redemption of certificates or revenue bonds secured by the rentals and revenues from that public building.

SEC. 15. Section 15817.1 is added to the Government Code, to read:

15817.1. (a) Exclusively for the purpose of providing the financing of public buildings or equipment pursuant to this part through the issuance of revenue bonds, notes, or certificates by the board, and notwithstanding any other provision of law, the board may buy or lease from any community college district, the Trustees of the California State University, or the Regents of the University of California public facilities identified by and under the jurisdiction or control of the community college district, the Trustees of the

California State University, or the Regents of the University of California, and, in that connection, the board may then sell or lease those public facilities back to the community college district, the Trustees of the California State University, or the Regents of the University of California. In each case, the sale or lease shall provide installment payment or rental provisions, term, payment, security, default, remedy, and other terms or provisions as may be specified in the installment sale, lease, or other agreement or agreements between the board and the community college district, the Trustees of the California State University, or the Regents of the University of California. The public facilities or equipment that are sold or leased pursuant to this section may be existing public facilities or equipment, as determined by the board and the community college district, the Trustees of the California State University, or the Regents of the University of California, and which are also determined to have both of the following:

(1) A fair market value that is not less than the principal amount of the bonds, notes, or certificates of the board authorized to be issued for the purpose of providing the financing of public buildings pursuant to this part.

(2) An economic useful life that is not shorter than the final maturity of the bonds, notes, or certificates of the board authorized to be issued for the purpose of providing the financing of public buildings pursuant to this part.

(b) These determinations by the board, and the community college district, the Trustees of the California State University, or the Regents of the University of California pursuant to subdivision (a) shall be final and conclusive.

SEC. 16. Section 15820.21 of the Government Code is amended to read:

15820.21. (a) In order to provide for facilities or portions thereof for research within the University of California, including the acquisition of land, buildings, related infrastructure, and equipment and the construction, renovation, and equipping of research facilities or portions thereof and related infrastructure to be dedicated to long-term scientific research activities that are expected to generate federal funding for research and to enhance the economy of this state and the nation or the competitive position of this state and the nation in the international economy, it is the intent of the Legislature to authorize the University of California to use the revenues referenced in subdivision (b) for the acquisition, construction, renovation, equipping, and maintenance of certain research facilities, or portions thereof, and related infrastructure and for the financing and refinancing of these projects.

(b) To the extent necessary, increases in revenues received by the University of California that are derived from increases in research due to each project shall be available to the Regents of the University of California and shall be used by the regents for the purpose of funding the capital costs, maintenance costs, and financing or

refinancing thereof, provided that the project has been specifically identified by a statute. Revenue increases in excess of the amount necessary for these purposes shall be shared by the university and the state based on state and university budgetary policies.

(c) The capital costs, maintenance costs, and financing or refinancing of the buildings, facilities, or equipment described in this section shall be the responsibility of the regents and payable from university funds. For purposes of this section, "university funds" shall not include any funds appropriated from the state.

(d) This section shall be construed and applied in a manner entirely consistent with the obligations of the Regents of the University of California under any bond indenture or other financing document in effect on July 11, 1990.

SEC. 17. Section 15820.62 of the Government Code is repealed.

SEC. 18. Notwithstanding any other provision of law, for the purposes of Sections 14002, 14004, and 41301 of the Education Code, for the 1995-96 fiscal year the Superintendent of Public Instruction shall certify to the Controller amounts that do not exceed the amounts needed to fund the revenue limits of school districts pursuant to Section 42238 of the Education Code, as adjusted by the deficit factor required pursuant to Section 42238.145 of the Education Code, and the revenue limits of county superintendents of schools pursuant to Section 2558 of the Education Code, as adjusted by the deficit factor required pursuant to Section 2558.45 of the Education Code.

SEC. 19. It is the intent of the Legislature that the deficit factors determined pursuant to Sections 2558.45 and 42238.145 of the Education Code be adjusted in the 1995-96 fiscal year to reflect the following conditions:

(a) That the total funding for school districts and community colleges districts from the General Fund for the 1995-96 fiscal year does not exceed the minimum state funding obligation for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(b) That the total state funding for education programs for kindergarten and grades 1 to 12, inclusive, excluding apportionments to school districts and county offices of education for revenue limit purposes, is not decreased below the funding level for those programs in the 1994-95 fiscal year.

SEC. 20. The amount of the increase in the 1994-95 fiscal year to the revenue limits of county offices of education to reflect increased unemployment insurance costs pursuant to Section 2557.5 of the Education Code shall not be adjusted by the deficit factor computed pursuant to Section 2558.45 of the Education Code.

SEC. 21. The amount of the increase in the 1994-95 fiscal year to the revenue limit of any elementary, high, or unified school district to reflect increased unemployment insurance costs pursuant to Section 42241.7 of the Education Code shall not be adjusted by the deficit factor computed pursuant to Section 42238.145 of the

Education Code.

SEC. 22. The amount of the change in the 1994-95 fiscal year to the revenue limits of any school district to reflect the adjustment for continuation high school education pursuant to Section 42243.7 of the Education Code shall not be adjusted by the deficit factor computed pursuant to Section 42238.145 of the Education Code.

SEC. 23. The funds appropriated in Item 6110-161-001 of Section 2.00 of the Budget Act of 1994 are in lieu of the amounts that would otherwise be required to be appropriated for special education programs pursuant to Chapter 7 (commencing with Section 56700) of Part 30, or Section 42238.15, of the Education Code, or any other provision of law.

SEC. 24. The funds appropriated in Item 6110-230-001 of Section 2.00 of the Budget Act of 1994 for any program eligible for funding under that item are in lieu of the amount that would otherwise be required to be appropriated pursuant to any other provision of law.

SEC. 25. Notwithstanding any other provision of law or any agreement between a school district or county office of education and the State Department of Education to the contrary, for the 1994-95 fiscal year not more than 10 percent of the amount apportioned to any school district, county office of education, or other agency under Item 6110-230-001 of Section 2.00 of the Budget Act of 1994 for any program eligible for funding under that item may be expended by that recipient for the purposes of any other program for which the recipient is eligible for funding under that item, except that the total amount of funding allocated to the recipient under that item that is expended by the recipient for the purposes of any program funded pursuant to that item shall not exceed 115 percent of the amount of state funding allocated to that recipient for that program for the 1994-95 fiscal year.

SEC. 26. (a) Notwithstanding any other provision of law, funds allocated to each county superintendent of schools and each school district in the 1994-95 fiscal year for an adult in correctional facilities program pursuant to Sections 1909 and 41841.5 of the Education Code shall not exceed the amount of funds received by each county superintendent of schools or each school district in the 1993-94 fiscal year for that purpose, subject to subdivision (b).

(b) The total amount of funds allocated in the 1994-95 fiscal year to county superintendents of schools and school districts pursuant to subdivision (a) shall not exceed thirteen million four hundred thousand dollars (\$13,400,000). If the total amount of funds allocated in the 1993-94 fiscal year to county superintendents of schools and school districts for adults in correctional facilities programs is greater than thirteen million four hundred thousand dollars (\$13,400,000), the reduction in the amount to be allocated to county superintendents of schools and school districts shall be made on a pro rata basis by applying a deficit factor to each allocation that is computed by dividing the total amount of funds allocated to county superintendents of schools and school districts in the 1993-94 fiscal

year by thirteen million four hundred thousand dollars (\$13,400,000).

(c) If a county superintendent of schools or a school district reduces or eliminates its adults in correctional facilities program in the 1994-95 fiscal year, and that reduction to, or elimination of, the program is not a direct result of the reduction, if any, required to the allocation to the county superintendent of schools or school district pursuant to subdivision (b), the allocation pursuant to this section to that county superintendent of schools or that school district shall be reduced by either an amount equal to the amount of the reduction in the actual expense of the program, or an amount that reflects the reduction in the units of average daily attendance generated by the program, whichever is appropriate.

(d) Any funds remaining after the reduction made pursuant to subdivision (c) shall be reallocated for the purposes of Section 41841.8 of the Education Code.

SEC. 27. Notwithstanding any other provision of law, for the 1994-95 fiscal year, the Superintendent of Public Instruction shall apportion not more than a total of eighty-eight million five hundred twenty-five thousand dollars (\$88,525,000) from all sources for purposes of funding the average daily attendance of pupils pursuant to subdivision (c) of Section 1981 of the Education Code. This section shall not apply for purposes of funding the average daily attendance of any pupil placed in a county community school as a result of being expelled pursuant to subdivision (a) or (b) of Section 48915 of the Education Code or any pupil placed in a community school pursuant to legislation enacted during the second year of the 1993-94 Regular Session of the Legislature that amends subdivision (c) of Section 1981 of the Education Code.

SEC. 28. Notwithstanding any other law, any advanced placement class offered by a school district at one or more schools of the district during evening hours, on weekends, or both, shall qualify for instructional minutes, subject to subdivision (a) of Section 46300 of the Education Code. The attendance of pupils at advanced placement classes offered on weekends, as described in this section, shall not be included in any computation of average daily attendance for purposes of the Education Code.

SEC. 29. Notwithstanding any other provision of law, Section 66156 of the Education Code shall not apply to the imposition of student fees by the Trustees of the California State University for the 1994-95 academic year.

SEC. 30. Notwithstanding former Section 15820.62 of the Government Code, as it read on June 30, 1994, a new project may be authorized pursuant to Chapter 3.8 (commencing with Section 15820.50) of Part 10b of Division 3 of Title 2 of the Government Code on and after July 1, 1994.

SEC. 31. Notwithstanding any other provision of law, the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes, as calculated pursuant

to paragraphs (2) and (3) of subdivision (b) of Section 8 of Article XVI of the California Constitution, for purposes of determining the minimum state school funding obligation under that constitutional provision for the 1995–96 fiscal year, shall be deemed to be the sum of the actual amounts allocated from these sources for the 1994–95 fiscal year plus seventy-five million dollars (\$75,000,000).

SEC. 32. The Legislature hereby finds and declares that the total resources per pupil available for expenditure by school districts and county offices of education for the 1994–95 fiscal year is not less than the total resources per pupil available for expenditure by those entities for the 1993–94 fiscal year, estimated to be approximately four thousand two hundred seventeen dollars (\$4,217) per unit of average daily attendance. The Legislature further finds and declares that Sections 3 and 6 of this act reflect reductions in revenue limits for county superintendents of schools and school districts in amounts not to exceed the reductions in costs experienced by those entities as a result of the decrease in their required employer contributions to the Public Employees' Retirement System in the 1994–95 fiscal year.

SEC. 33. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to effectuate the necessary statutory changes to implement the Budget Act of 1994, it is necessary that this act take effect immediately.

CHAPTER 154

An act relating to public funds.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) The State of California is a plaintiff in a lawsuit filed in the United States District Court for the Central District of California (In re: Coordinated Pretrial Proceedings in Petroleum Products Antitrust Litigation (M.D.L. (2) A settlement agreement has been reached that would divide the amount of the settlement fund among California and the other plaintiffs, as determined by the federal court.

(b) It is the intent of the Legislature that California's share of the funds disbursed pursuant to the settlement agreement be deposited in the State Highway Account in the State Transportation Fund in the 1995-96 fiscal year.

CHAPTER 155

An act to add Section 341.5 to the Code of Civil Procedure, to amend Section 955.3 of the Government Code, to amend Sections 97.02, 97.03, 97.035, 97.036, and 97.04 of, and to amend and renumber Section 97.036 of, the Revenue and Taxation Code, and to repeal Section 19 of Chapter 905 of the Statutes of 1993, relating to local government finance, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 341.5 is added to the Code of Civil Procedure, to read:

341.5. Notwithstanding any other provision of law, any action or proceeding in which a county, city, city and county, school district, special district, or any other local agency is a plaintiff or petitioner, that is brought against the State of California challenging the constitutionality of any statute relating to state funding for counties, cities, cities and counties, school districts, special districts, or other local agencies, shall be commenced with 45 days of the effective date of the statute at issue in the action. For purposes of this section, "State of California" means the State of California itself, or any of its agencies, departments, commissions, boards, or public officials.

SEC. 2. Section 955.3 of the Government Code is amended to read:

For the purposes of this section, "local agency" means any governmental district, board or agency, or any other local governmental body or corporation, or elected local public official, and "State of California" means the State of California itself, or any of its agencies, departments, commissions, boards, or public officials.

(b) Notwithstanding any other provision of law, including Section 401 of the Code of Civil Procedure, when a county, city, city and county, school district, special district, or any other local agency is a plaintiff or petitioner in any action or proceeding against the State of California that involves funding for the local governmental entity, the action shall be filed and tried in Sacramento County.

SEC. 3. Section 97.02 of the Revenue and Taxation Code is amended to read:

97.02. (a) Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 97, as modified by Section 97.03 for the 1992-93 fiscal year, shall be modified for the 1993-94 fiscal year as follows:

(1) The amount of property tax revenue deemed allocated to the county or city and county in the prior fiscal year shall be reduced by an amount equal to seventy-eight cents (\$0.78) per each resident of the county or city and county. In addition, the amount of property tax revenue deemed allocated in the prior fiscal year to each city or city and county shall be reduced by an amount equal to ninety-nine cents (\$0.99) per each resident of that city or city and county.

(2) The amount of property tax revenues not allocated to the county, city and county, and any city as a result of the reductions calculated pursuant to paragraph (1) shall be deposited in the Educational Revenue Augmentation Fund established pursuant to paragraph (1) of subdivision (d) of Section 97.03.

(b) For the purpose of this section, the population of a city, county, or city and county shall be the population determined pursuant to Section 11005.

SEC. 4. Section 97.03 of the Revenue and Taxation Code is amended to read:

97.03. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 97 shall be modified for the 1992-93 fiscal year pursuant to subdivisions (a) to (d), inclusive, and for the 1997-98 and 1998-99 fiscal years pursuant to subdivision (e), as follows:

(a) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each county shall be reduced by the dollar amounts indicated as follows, multiplied by .953649:

(2) Notwithstanding paragraph (1), the amount of the reduction specified in that paragraph for any county or city and county that has been materially and substantially impacted as a result of a federally declared disaster, as evidenced by at least 20 percent of the cities, or cities and unincorporated areas of the county representing 20 percent of the population within the county suffering substantial damage, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of five million dollars (\$5,000,000) determined for that county or city and county pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each county and city and county in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each county and city and county as described in subparagraph (A) its share of five million dollars (\$5,000,000) on the basis of that county's population relative to the total population of all counties described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(b) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each city, except for a newly incorporated city that did not receive property tax revenues in the 1991-92 fiscal year, shall be reduced by 9 percent. In making the above computation with respect to cities in Alameda County, the computation for a city described in paragraph (6) of subdivision (a) of Section 100.7, as added by Section 73.5 of Chapter 323 of the Statutes of 1983, shall be adjusted so that the amount multiplied by 9 percent is reduced by the amount determined for that city for "museums" pursuant to paragraph (2) of subdivision (h) of Section 95.

(2) Notwithstanding paragraph (1), the amount of the reduction determined pursuant to that paragraph for any city that has been materially and substantially impacted as a result of a federally declared disaster, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of fifteen million dollars (\$15,000,000) determined for that city pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each city in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each city as described in subparagraph (A) its share of fifteen million dollars (\$15,000,000) on the basis of that city's population relative to the total population of all cities described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(4) In the 1992-93 fiscal year and each fiscal year thereafter, the auditor shall adjust the computations required pursuant to Sections 97.35, 97.36, 97.38, and 97.39 so that those computations do not result in the restoration of any reduction required pursuant to this section.

(c) (1) Subject to paragraph (2), the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall be reduced by 35 percent. For purposes of this subdivision, "revenues that are pledged to debt service" include only those amounts required to pay debt service costs in the 1991-92 fiscal year on debt instruments issued by a special district for the acquisition of capital assets.

(2) No reduction pursuant to paragraph (1) for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the 1989-90 Edition of the State Controller's Report on Financial Transactions Concerning Special Districts (not including any annual revenues from fiscal years following the 1989-90 fiscal year). With respect to any special district, as defined pursuant to subdivision (m) of Section 95, that is allocated property tax revenue pursuant to this chapter but does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, the auditor shall determine the total annual revenues for that special district from the information in the 1989-90 Edition of the State Controller's Report on Financial Transactions Concerning Counties. With respect to a special district that did not exist in the 1989-90 fiscal year, the auditor may use information from the first full fiscal year, as appropriate, to determine the total annual revenues for that special district. No reduction pursuant to paragraph (1) for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(3) The auditor in each county shall, on or before January 15, 1993, and on or before January 30 of each year thereafter, submit information to the Controller concerning the amount of the property tax revenue reduction to each special district within that county as a result of paragraphs (1) and (2). The Controller shall certify that the calculation of the property tax revenue reduction to each special district within that county is accurate and correct, and submit this information to the Director of Finance.

(A) The Director of Finance shall determine whether the total of the amounts of the property tax revenue reductions to special districts, as certified by the Controller, is equal to the amount that would be required to be allocated to school districts and community college districts as a result of a three hundred seventy-five million dollar (\$375,000,000) shift of property tax revenues from special districts for the 1992-93 fiscal year. If, for any year, the total of the amount of the property tax revenue reductions to special districts is less than the amount as described in the preceding sentence, the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall, subject to subparagraph (B), be reduced by an amount up to 5 percent of the amount subject to reduction for that district pursuant to paragraphs (1) and (2).

(B) No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the most recent State Controller's Report on Financial Transactions Concerning Special Districts. No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(C) In no event shall the amount of the property tax revenue loss to a special district derived pursuant to subparagraphs (A) and (B) exceed 40 percent of that district's property tax revenues or 10 percent of that district's total revenues, from whatever source.

(4) For the purpose of determining the total annual revenues of a special district that provides fire protection or fire suppression services, all of the following shall be excluded from the determination of total annual revenues:

(A) If the district had less than two million dollars (\$2,000,000) in total annual revenues in the 1991-92 fiscal year, the revenue generated by a fire suppression assessment levied pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(B) Any appropriation for fire protection received by a district pursuant to Section 25642 of the Government Code.

(C) The revenue received by a district as a result of contracts entered into pursuant to Section 4133 of the Public Resources Code.

(5) For the purpose of determining the total annual revenues of a resource conservation district, all of the following shall be excluded from the determination of total annual revenues:

(A) Any revenues received by that district from the state for financing the acquisition of land, or the construction or improvement of state projects, and for which that district serves as the fiscal agent in administering those state funds pursuant to an agreement entered into between that district and a state agency.

(B) Any amount received by that district as a private gift or donation.

(C) Any amount received as a county grant or contract as supplemental to, or independent of, that district's property tax share.

(D) Any amount received by that district as a federal or state grant.

(d) (1) The amount of property tax revenues not allocated to the county, cities within the county, and special districts as a result of the reductions calculated pursuant to subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund to be established in each county. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1991-92 fiscal year.

(2) The auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those school districts and county offices of education within the county that are not excess tax school entities, as defined in Section 95.1. The county superintendent of schools shall determine the amount to be allocated to each school district and county office of education in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district and county office of education. In no event shall any additional money be allocated from the fund to a school district or county office of education upon that school district or county office of education becoming an excess tax school entity.

(3) The auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those community college districts within the county that are not excess tax school entities, as defined in Section 84750 of the Education Code. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph

(2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2).

(5) For purposes of allocations made pursuant to Section 97 for the 1993-94 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than amounts deposited in the Educational Revenue Augmentation Fund pursuant to Section 33681 of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(e) (1) For the 1997-98 fiscal year:

(A) The amount of property tax revenue deemed allocated in the prior fiscal year to any city subject to the reduction specified in paragraph (2) of subdivision (b) shall be reduced by an amount that is equal to the difference between the amount determined for the city pursuant to paragraph (1) of subdivision (b) and the amount of the reduction determined for the city pursuant to paragraph (2) of subdivision (b).

(B) The amount of property tax revenue deemed allocated in the prior fiscal year to any county or city and county subject to the reduction specified in paragraph (2) of subdivision (a) shall be reduced by an amount that is equal to the difference between the amount specified for the county or city and county pursuant to paragraph (1) of subdivision (a) and the amount of the reduction determined for the county or city and county pursuant to paragraph (2) of subdivision (a).

(2) The amount of property tax revenues not allocated to a city or city and county as a result of this subdivision shall be deposited in the Educational Revenue Augmentation Fund described in subparagraph (A) of paragraph (1) of subdivision (d).

(3) For purposes of allocations made pursuant to Section 97 for the 1998-99 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision shall be deemed property tax revenues allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(f) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 97.03 of the Revenue and Taxation Code, as added by Senate Bill 617 of the 1991-92 Regular Session.

SEC. 5. Section 97.035 of the Revenue and Taxation Code is amended to read:

97.035. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 97, as modified by Section 97.03 for the 1992-93 fiscal year, shall be modified for the 1993-94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars (\$1,998,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May Revision of the 1993-94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991-92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (2) for any county or city and county that has first implemented, for the 1993-94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of

Part 8 shall be reduced, for the 1993–94 fiscal year only, in the amount of any increased revenue allocated to each qualifying school entity that would not have been allocated for the 1993–94 fiscal year but for the implementation of that alternative procedure. For purposes of this paragraph, “qualifying school entity” means any school district, county office of education, or community college district that is not an excess tax school entity as defined in Section 95.1. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county or city and county shall not exceed the reduction calculated for that county or city and county pursuant to paragraph (2).

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars (\$288,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993–94 fiscal year to the amount of each city’s state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars (\$382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents (\$19.31), as determined in accordance with that city’s population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to

subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars (\$244,000,000) in the 1993-94 fiscal year.

(2) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(A) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(B) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(C) A transit district.

(D) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(E) A special district that was a multicounty special district as of July 1, 1979.

(3) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993-94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of Section 98.6 as that section read on June 15, 1993. In those counties that were subject to Sections 98.65, 98.66, 98.67, and 98.68, the county auditor shall determine an amount for each special district that represents the current amount of its allocation determined pursuant to Sections 96 or 97, and 98 for the 1993-94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining this amount, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992-93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(4) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989-90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992-93 fiscal year. In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of Section 98.6 in the 1992-93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to Section 98.65, 98.66, 98.67, or 98.68, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the amount determined for that district pursuant to paragraph (3).

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.03. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992-93 fiscal year.

(2) The county auditor shall, based on information provided by

the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in Section 95.1. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in Section 95.1. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be

allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 97 for the 1994-95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 6. Section 97.036 of the Revenue and Taxation Code, as added by Section 1 of Chapter 901 of the Statutes of 1993, is amended and renumbered to read:

97.034. (a) Notwithstanding any other provision of this chapter, the amount of the revenue reduction resulting from the application of subdivision (c) of Section 97.03 to an amount equal to the amount of the water quality control compliance costs of a qualified special district for the 1992-93 fiscal year shall, for purposes of property tax revenue allocations for the 1993-94 fiscal year, be added to the amount of property tax revenue deemed allocated to that district in the 1992-93 fiscal year. The water quality control compliance costs of a qualified special district for the relevant fiscal year shall also be deducted from the amount of property tax revenue subject to reduction with respect to that district under Section 97.035 for the 1993-94 fiscal year, and under any statute with respect to any subsequent fiscal year that would reduce the amount of property tax revenue deemed allocated in the prior fiscal year to that district for purposes of increasing the amount of property tax revenue to be allocated to another jurisdiction.

(b) For purposes of this section:

(1) A "qualified special district" means any special district that is required to comply with Chapter 12 (commencing with Section 13950) of Division 7 of the Water Code.

(2) "Water quality control compliance costs" mean those costs, including, but not limited to, reserves for nongrowth facility augmentation and replacement and environmental protection, that are determined by the county auditor in accordance with subdivision (a) to have been incurred by a qualified special district in complying with Chapter 12 (commencing with Section 13950) of Division 7 of the Water Code.

(c) The auditor may assess each qualified special district its share of the auditor's actual and reasonable costs of complying with this section. For purposes of this subdivision, each share of costs shall be determined in accordance with that district's proportional share of the total amount of water quality control compliance costs determined by the auditor for purposes of this section for each fiscal year.

SEC. 7. Section 97.036 of the Revenue and Taxation Code, as added by Section 11 of Chapter 905 of the Statutes of 1993, is amended to read:

97.036. (a) (1) The Director of Finance may direct the county auditor to reduce the amount of the transfer to the Educational Revenue Augmentation Fund determined pursuant to subdivision (a) of Section 97.035 for any eligible county in accordance with subdivision (b) of this section, and also shall reduce the amount of that transfer for certain counties in accordance with subdivision (c). The total amount of the reductions for all counties which may be authorized pursuant to subdivision (b) shall not exceed two million dollars (\$2,000,000).

(2) For purposes of this section, an "eligible county" is a county with a population of less than 350,000 as reported in the 1990 federal census that had a fire element of the tax bill in 1977-78, that continues to fund some portion of those costs from the county general fund in 1993-94, and that provides these services in the same manner as a special district less than countywide and has so indicated in the Controller's Report on Financial Transactions Concerning Counties.

(b) (1) For each eligible county, the county auditor may submit the following information to the Director of Finance not later than November 1, 1993:

(A) The amount of property tax allocated to the county fire district in the 1977-78 fiscal year.

(B) The amount allocated from the county budget to the county fire district in the 1978-79 fiscal year.

(C) The amount of property tax reduction for the county fire district attributable to the passage of Article XIII A of the California Constitution by the voters in the primary election in June 1978.

(D) The amount of money allocated from the county budget to the county fire district in the 1993-94 fiscal year.

(E) The amount allocated to the county fire district from the Special District Augmentation Fund in the 1992-93 fiscal year.

(2) For each eligible county that submits to the Director of Finance by November 1, 1993, the information described in paragraph (1), the Director of Finance shall make the following calculations:

(A) Multiply the amount of property tax allocated to the county fire district in the 1977-78 fiscal year by the change in the value of the property tax base for the county from the 1977-78 fiscal year to the 1978-79 fiscal year.

(B) Subtract the amount reported pursuant to subparagraph (C)

of paragraph (1) from the amount determined pursuant to subparagraph (A).

(C) Multiply the amount determined pursuant to subparagraph (B) by an amount determined by the Director of Finance to be the change in assessed value for the county from the 1978-79 fiscal year to the 1993-94 fiscal year.

(D) Multiply the amount reported pursuant to subparagraph (E) of paragraph (1) by 1.038.

(E) Add the amount determined pursuant to subparagraph (C) to the amount determined pursuant to subparagraph (D).

(F) Subtract the amount determined pursuant to subparagraph (E) from the amount reported pursuant to subparagraph (D) of paragraph (1).

(3) The Director of Finance shall determine the sum of all the amounts determined pursuant to subparagraph (F) of paragraph (2).

(4) If the sum determined pursuant to paragraph (3) is greater than two million dollars (\$2,000,000), then the Director of Finance shall proportionately reduce the amount for each county so that the total of the amounts for all counties does not exceed two million dollars (\$2,000,000). If the sum determined pursuant to subdivision (e) does not exceed two million dollars (\$2,000,000), then the Director of Finance shall not reduce the amount determined for each county.

(5) The Director of Finance shall by January 15, 1994, notify each county of its reduction in the amount to be transferred to the Educational Revenue Augmentation Fund pursuant to subdivision (a) of Section 97.035. The maximum amount of the reduction that may be authorized pursuant to this subdivision is one-half the amount determined pursuant to subparagraph (F) of paragraph (2).

(c) The amount to be transferred from a county to an Educational Revenue Augmentation Fund pursuant to subdivision (a) of Section 97.035 shall be reduced by one hundred thousand dollars (\$100,000) for the County of Madera and by two hundred thousand dollars (\$200,000) for the County of Tulare.

SEC. 8. Section 97.04 of the Revenue and Taxation Code is amended to read:

97.04. (a) Notwithstanding Section 97.03 or 97.035 or any other provision of this chapter, in implementing the changes in allocations of property tax revenues required by Sections 97.01, 97.02, 97.03, and 97.035, the county auditor may elect to determine and give effect to the changes in allocations of property tax revenues required by Sections 97.01, 97.02, 97.03, and 97.035 on a countywide, rather than tax rate area, basis. If the county auditor so elects, he or she shall ensure adequate recognition of year-to-year revenue growth so that the results of changes implemented on a countywide basis do not differ materially from the results which would be obtained from the use of a tax rate area basis.

(b) (1) Notwithstanding any other provision of law, for the

1992-93 fiscal year and each fiscal year thereafter, in any county in which property tax increment revenues are allocated to a redevelopment agency pursuant to Section 33670 of the Health and Safety Code, the county auditor shall deposit in the Educational Revenue Augmentation Fund an amount that is equal to the total amount of revenues that would be so deposited pursuant to Sections 97.01, 97.02, 97.03, and 97.035 if no reduction were made in that amount of revenues for purposes of allocations to a redevelopment agency pursuant to Section 33670 of the Health and Safety Code. Those revenues deposited in the Educational Revenue Augmentation Fund in accordance with this paragraph shall be allocated or transferred only to school districts, county offices of education, or community college districts, in accordance with subdivision (d) of either Section 97.03 or 97.035.

(2) The deposit of property tax revenue in the Educational Revenue Augmentation Fund in accordance with paragraph (1) shall not reduce or otherwise affect the amount of property tax revenue to be allocated to a redevelopment agency pursuant to subdivision (b) of Section 33670 of the Health and Safety Code, and any additional amount required to be allocated to the Educational Revenue Augmentation Fund pursuant to paragraph (1) shall be deducted from those amounts allocated to the county, cities, and special districts with respect to each tax rate area in which property tax increment revenues are allocated to a redevelopment agency. These reductions shall be made in proportion to the total amount of the reductions required with respect to the county and each city and special district in each of these redevelopment agency tax rate areas under Sections 97.01, 97.02, 97.03, and 97.035.

(3) This subdivision shall not require the modification of any property tax revenue allocation that was made by the county auditor for the 1992-93 fiscal year in a manner inconsistent with paragraph (1) or (2), if that allocation was implemented on or before June 30, 1993. However, property tax revenue allocations made in the 1993-94 fiscal year and any fiscal year thereafter shall be determined by the county auditor as if the allocations made for the 1992-93 fiscal year had been made in a manner consistent with paragraph (1).

SEC. 9. Section 19 of Chapter 905 of the Statutes of 1993, as amended by Section 20 of Chapter 906 of the Statutes of 1993, is repealed.

SEC. 10. It is the intent of the Legislature that the amendments to Section 97.03 of the Revenue and Taxation Code made by Section 4 of this act change the calculation of property tax revenue allocations for the 1992-93 fiscal year as if Chapter 1279 of the Statutes of 1993 had not been enacted.

SEC. 11. It is the intent of the Legislature in enacting subdivision (c) of Section 97.035 of the Revenue and Taxation Code to transfer from a special district to the Educational Revenue Augmentation Fund, for the 1993-94 fiscal year, a total amount of property tax revenue not to exceed that amount of property tax revenue

attributable to the amount of state assistance payments received by that special district pursuant to Chapter 282 of the Statutes of 1979, as reduced by transfers required by Section 97.03 of the Revenue and Taxation Code.

SEC. 12. The additional property tax revenue transfers that are required by Section 4 of this act to be made by each county auditor from special districts to the Educational Revenue Augmentation Fund for the 1992-93 and 1993-94 fiscal years may be performed during the 1994-95 and 1995-96 fiscal years, except that no less than 50 percent of the property tax revenue required to be transferred shall be transferred on or before June 30, 1995.

SEC. 13. Those property tax revenue transfers required by Section 8 of this act with respect to the 1993-94 fiscal year from any county that allocated property tax revenues before May 18, 1994, to either the Educational Revenue Augmentation Fund or a redevelopment agency in a manner that is inconsistent with Section 8 of this act, may be performed during the 1994-95 and 1995-96 fiscal years, except that no less than 50 percent of the property tax revenue required to be transferred shall be transferred on or before June 30, 1995. The preceding sentence shall apply only to the extent that Section 8 of this act applies to those property tax revenue reductions and transfers as required pursuant to subdivision (a) of Section 97.03 and Section 97.035 of the Revenue and Taxation Code.

SEC. 14. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution with respect to the Counties of Madera and Tulare, because those counties have been disproportionately impacted by the property tax revenue shifts required for the 1992-93 and 1993-94 fiscal years as a result of their relatively small tax bases and populations, and the unique conditions to which those counties are subject in maintaining an adequate level of fire protection services.

SEC. 15. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that Sections 4, 7, and 8 of this act contain costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement of these costs does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

However, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution with respect to either Section 3 of this act, because the Legislature finds and declares that there are savings as well as costs in Section 3 of this act that, in the aggregate, do not result in additional net costs, or with respect to Section 6 of this act, because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by

Section 6 of this act.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to effect the necessary statutory changes to implement the Budget Act of 1994 as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 156

An act to amend Section 341.5 of the Code of Civil Procedure, and to amend Section 955.3 of the Government Code, relating to local government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 341.5 of the Code of Civil Procedure, as added by Assembly Bill 860 of the 1993–94 Regular Session, is amended to read:

341.5. Notwithstanding any other provision of law, any action or proceeding in which a county, city, city and county, school district, special district, or any other local agency is a plaintiff or petitioner, that is brought against the State of California challenging the constitutionality of any statute relating to state funding for counties, cities, cities and counties, school districts, special districts, or other local agencies, shall be commenced within 90 days of the effective date of the statute at issue in the action. For purposes of this section, "State of California" means the State of California itself, or any of its agencies, departments, commissions, boards, or public officials.

SEC. 2. Section 955.3 of the Government Code, as amended by Assembly Bill 860 of the 1993–94 Regular Session, is amended to read:

955.3. Notwithstanding any provision of law, when a city, county, or city and county, or local agency is a plaintiff in an action or proceeding against the State of California, the action may be tried in any city or county, or city and county, where the city, county, or city and county, or local agency is situated.

The Attorney General may, on behalf of the State of California, before answering, move to change the place of trial to Sacramento County in accordance with the provisions of Section 397 of the Code

of Civil Procedure.

For the purposes of this section, "local agency" means any governmental district, board, or agency, or any other local governmental body or corporation, or elected local public official, but shall not include the State of California or any of its agencies, departments, commissions, or boards, or elected public officials in the executive branch of the state government.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to effect the necessary statutory changes to implement the Budget Act of 1994 as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 157

An act to amend Sections 44253.5 and 44280 of the Education Code, relating to teacher credentialing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 44253.5 of the Education Code is amended to read:

44253.5. (a) The commission shall develop and administer examinations on which a teacher can demonstrate his or her competence in the knowledge and skills necessary for effective teaching of limited-English-proficient pupils. For the purpose of demonstrating the competencies specified in paragraphs (5) and (6) of subdivision (c) in languages for which the commission has developed no examinations, the commission may establish guidelines for approving assessments performed by organizations that are expert in the language and culture assessed.

(g) The need to assure safe and pollution free waterborne commerce requires that pilotage services be employed in the confined and crowded waters of Humboldt Bay.

(h) Bar pilotage in Humboldt Bay has been continuously regulated by a state board since 1850 and that regulation and licensing should continue.

(b) All claims and actions against the district and its employees are governed by Division 3.6 (commencing with Section 810) of Title 1 of the Government Code except as expressly provided therein or as expressly provided by any other law.

SEC. 5. Section 38 of the Humboldt Bay Harbor, Recreation, and Conservation District Act, Chapter 1283 of the Statutes of 1970, is amended to read:

Sec. 38. (a) The board may make and enforce all necessary rules and regulations governing the use and control of all navigable waters, all filled or unfilled tidelands and submerged lands, and all other lands within the jurisdictional limits of the district.

The people of the State of California do enact as follows:

SECTION 1. Section 22659.5 of the Vehicle Code is amended to read:

22659.5. (a) Notwithstanding any other provision of law, the County of San Diego, any city in that county, the City of Oakland, the City of Signal Hill, the City of Long Beach, and the City of Los Angeles with respect to that portion of that city situated in the San

(b) The ordinance may also include procedures to enjoin and abate the declared nuisance by ordering the defendant not to use the vehicle again for purposes of violating subdivision (b) of Section 647 of the Penal Code and authorizing the temporary impoundment of the vehicle that the court has declared a nuisance if the defendant violates the order within one year of the court's declaration that the vehicle is a nuisance.

Revenues for the funding of court and criminal justice facilities funding have been less than anticipated due to the economic recession, the inability of traffic and parking law violators to pay penalty assessments, and the use by the courts of alternatives to monetary penalties. This act will provide counties of the first class which have established courthouse and criminal justice facilities construction funds needed authority to transfer moneys from one such fund to another, as needed to meet obligations in construction projects, to acquire fixtures, furniture, equipment, and other items necessary to put buildings to use in a timely manner, and to use those transfers to take advantage of opportunities to achieve overall cost savings.

(b) The governing board of any school district may grant the use of school facilities or grounds as a civic center upon the terms and conditions the board deems proper, subject to the limitations, requirements, and restrictions set forth in this article, for any of the following purposes:

(1) Public, literary, scientific, recreational, educational, or public agency meetings.

(2) The discussion of matters of general or public interest.

Each governing board that decides to levy these charges shall first adopt a policy specifying which activities shall be charged an amount not to exceed direct costs.

(c) The governing board of any school district may charge an amount not to exceed its direct costs for use of its school facilities by any entity, including a religious organization or church, that arranges for and supervises sports league activities for youths as described in paragraph (6) of subdivision (b) of Section 40041.

(d) The governing board of any school district that authorizes the use of school facilities or grounds for the purpose specified in paragraph (3) of subdivision (b) of Section 40041 shall charge the church or religious denomination an amount at least equal to the district's direct costs.

(e) In the case of entertainments or meetings where admission fees are charged or contributions are solicited and the net receipts are not expended for the welfare of the pupils of the district or for charitable purposes, a charge shall be levied for the use of school facilities or grounds which charge shall be equal to fair rental value.

(f) If any group activity results in the destruction of school property, the group may be charged for an amount necessary to repay the damages, and further use of facilities may be denied.

(i) Any school district authorizing the use of school facilities or grounds under subdivision (a) shall be liable for any injuries resulting from the negligence of the district in the ownership and maintenance of those facilities or grounds. Any group using school facilities or grounds under subdivision (a) shall be liable for any

injuries resulting from the negligence of that group during the use of those facilities or grounds. The district and the group shall each bear the cost of insuring against its respective risks and shall each bear the costs of defending itself against claims arising from those risks. Notwithstanding any other provision of law, this subdivision shall not be waived. Nothing in this subdivision shall be construed to limit or affect the immunity or liability of a school district under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, for injuries caused by a dangerous condition of public property.

CHAPTER 164

An act to amend Section 3102 of the Family Code, relating to family law.

(1) That substantial new evidence has been discovered by the prosecution which would not have been known through the exercise of due diligence at, or prior to, the time of termination of the action.

(2) That the termination of the action was the result of the direct intimidation of a material witness, as shown by a preponderance of the evidence.

(3) That the termination of the action was the result of the failure to appear by the complaining witness, who had been personally subpoenaed in a prosecution arising under subdivision (e) of Section 243 or Section 262, 273.5, or 273.6. This paragraph shall apply only within six months of the original dismissal of the action, and may be invoked only once in each action. Nothing in this section shall preclude a defendant from being eligible for diversion.

(b) Notwithstanding subdivision (a), an order terminating an action pursuant to this chapter is not a bar to another prosecution for the same offense if it is a misdemeanor charging an offense based on an act of domestic violence, as defined in subdivisions (a) and (b) of Section 13700, and the termination of the action was the result of the failure to appear by the complaining witness, who had been personally subpoenaed. This subdivision shall apply only within six months of the original dismissal of the action, and may be invoked only once in each action. Nothing in this subdivision shall preclude a defendant from being eligible for diversion.

(c) An order terminating an action is not a bar to prosecution if a complaint is dismissed before the commencement of a preliminary hearing in favor of an indictment filed pursuant to Section 944 and the indictment is based upon the same subject matter as charged in the dismissed complaint, information, or indictment.

However, if the previous termination was pursuant to Section 859b, 861, 871, or 995, the subsequent order terminating an action is not a bar to prosecution if:

(1) Good cause is shown why the preliminary examination was not held within 60 days from the date of arraignment or plea.

(2) The motion pursuant to Section 995 was granted because of any of the following reasons:

(A) Present insanity of the defendant.

(B) A lack of counsel after the defendant elected to represent himself or herself rather than being represented by appointed counsel.

(C) Ineffective assistance of counsel.

(D) Conflict of interest of defense counsel.

(E) Violation of time deadlines based upon unavailability of defense counsel.

(F) Defendant's motion to withdraw a waiver of the preliminary examination.

(3) The motion pursuant to Section 995 was granted after dismissal by the magistrate of the action pursuant to Section 871 and was recharged pursuant to Section 739.

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Disaster Fraud Protection Act of 1994.

SEC. 2. Section 7158 of the Business and Professions Code is amended to read:

7158. (a) Any person who shall accept or receive a completion certificate or other evidence that performance of a contract for a work of improvement, including but not limited to a home improvement, is complete or satisfactorily concluded, with knowledge that the document is false and that the performance is not substantially completed, and who shall utter, offer, or use the document in connection with the making or accepting of any assignment or negotiation of the right to receive any payment from the owner, under or in connection with a contract, or for the purpose of obtaining or granting any credit or loan on the security of the right to receive any payment shall be guilty of a misdemeanor and subject to a fine of not less than five hundred dollars (\$500) nor more than five thousand dollars (\$5,000), or to imprisonment in the county jail for a term of not less than one month nor more than one year, or both.

(b) Any person who violates this section as part of a plan or scheme to defraud an owner of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to

pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by subdivision (a), the court may impose a fine of not less than five hundred dollars (\$500) nor more than twenty-five thousand dollars (\$25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

SEC. 3. Section 7159 of the Business and Professions Code is amended to read:

7159. This section shall apply only to home improvement contracts, as defined in Section 7151.2, between a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction and who contracts with an owner or tenant for work upon a residential building or structure, or upon land adjacent thereto, for proposed repairing, remodeling, altering, converting, modernizing, or adding to the residential building or structure or land adjacent thereto, and where the aggregate contract price specified in one or more improvement contracts, including all labor, services, and materials to be furnished by the contractor, exceeds five hundred dollars (\$500).

Every home improvement contract and every contract the primary purpose of which is the construction of a swimming pool, shall be subject to the provisions of this section. Every contract and any changes in the contract subject to the provisions of this section shall be evidenced by a writing and shall be signed by all the parties to the contract thereto. The writing shall contain the following:

(a) The name, address, and license number of the contractor, and the name and registration number of any salesperson who solicited or negotiated the contract.

(b) The approximate dates when the work will begin and on which all construction is to be completed.

(c) A plan and scale drawing showing the shape, size, dimensions, and construction and equipment specifications for a swimming pool and for other home improvements, a description of the work to be done and description of the materials to be used and the equipment to be used or installed, and the agreed consideration for the work.

(d) If the payment schedule contained in the contract provides for a downpayment to be paid to the contractor by the owner or the tenant before the commencement of work, the downpayment shall not exceed two hundred dollars (\$200) or 2 percent of the contract price for swimming pools, or one thousand dollars (\$1,000) or 10 percent of the contract price for other home improvements, excluding finance charges, whichever is the lesser.

(e) A schedule of payments showing the amount of each payment as a sum in dollars and cents. In no event shall the payment schedule provide for the contractor to receive, or shall the contractor actually

receive, payments in excess of 100 percent of the value of the work performed on the project at any time, excluding finance charges, except that the contractor may receive an initial downpayment authorized by subdivision (d). With respect to a swimming pool contract, the final payment may be made at the completion of the final plastering phase of construction, provided that any installation or construction of equipment, decking, or fencing required by the contract is also completed. A failure by the contractor without lawful excuse to substantially commence work within twenty (20) days of the approximate date specified in the contract when work will begin shall postpone the next succeeding payment to the contractor for that period of time equivalent to the time between when substantial commencement was to have occurred and when it did occur. The schedule of payments shall be stated in dollars and cents, and shall be specifically referenced to the amount of work or services to be performed and to any materials and equipment to be supplied. With respect to a contract that provides for a schedule of monthly payments to be made by the owner or tenant and for a schedule of payments to be disbursed to the contractor by a person or entity to whom the contractor intends to assign the right to receive the owner's or tenant's monthly payments, the payments referred to in this subdivision mean the payments to be disbursed by the assignee and not those payments to be made by the owner or tenant.

(f) The contract shall state that upon satisfactory payment being made for any portion of the work performed, the contractor shall, prior to any further payment being made, furnish to the person contracting for the home improvement or swimming pool a full and unconditional release from any claim or mechanic's lien pursuant to Section 3114 of the Civil Code, for that portion of the work for which payment has been made.

(g) The requirements of subdivisions (d), (e), and (f) shall not apply when the contract provides for the contractor to furnish a performance and payment bond, lien and completion bond, bond equivalent, or joint control approved by the Registrar of Contractors covering full performance and completion of the contract and the bonds or joint control is or are furnished by the contractor, or when the parties agree for full payment to be made upon or for a schedule of payments to commence after satisfactory completion of the project. The contract shall contain in close proximity to the signatures of the owner and contractor a notice in at least 10-point type stating that the owner or tenant has the right to require the contractor to have a performance and payment bond.

(h) No extra or change-order work shall be required to be performed without prior written authorization of the person contracting for the construction of the home improvement or swimming pool. Any change-order forms for changes or extra work shall be incorporated in, and become a part of the contract.

(i) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on

a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with subdivision (e).

(j) The language of the notice required pursuant to Section 7018.5.

(k) What constitutes substantial commencement of work pursuant to the contract.

(l) A notice that failure by the contractor without lawful excuse to substantially commence work within twenty (20) days from the approximate date specified in the contract when work will begin is a violation of the Contractors' State License Law.

(m) If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

A failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of this section.

This section shall not be construed to prohibit the parties to a home improvement contract from agreeing to a contract or account subject to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code.

The writing may also contain other matters agreed to by the parties to the contract.

The writing shall be legible and shall be in a form that clearly describes any other document which is to be incorporated into the contract, and before any work is done, the owner shall be furnished a copy of the written agreement, signed by the contractor.

For purposes of this section, the board shall, by regulation, determine what constitutes "without lawful excuse."

The provisions of this section are not exclusive and do not relieve the contractor or any contract subject to it from compliance with all other applicable provisions of law.

A violation of this section by a licensee, or a person subject to be licensed, under this chapter, his or her agent, or salesperson is a misdemeanor punishable by a fine of not less than one hundred dollars (\$100) nor more than five thousand dollars (\$5,000), or by imprisonment in the county jail not exceeding one year, or by both that fine and imprisonment.

(n) Any person who violates this section as part of a plan or scheme to defraud an owner of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by this section, the court may impose a fine of not less than five hundred dollars (\$500) nor more than twenty-five thousand dollars (\$25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the

Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

SEC. 3.5. Section 7159 of the Business and Professions Code is amended to read:

7159. This section shall apply only to home improvement contracts, as defined in Section 7151.2, between a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction and who contracts with an owner or tenant for work upon a residential building or structure, or upon land adjacent thereto, for proposed repairing, remodeling, altering, converting, modernizing, or adding to the residential building or structure or land adjacent thereto, and where the aggregate contract price specified in one or more improvement contracts, including all labor, services, and materials to be furnished by the contractor, exceeds five hundred dollars (\$500).

Every home improvement contract and every contract the primary purpose of which is the construction of a swimming pool, shall be subject to the provisions of this section. Every contract and any changes in the contract subject to the provisions of this section shall be evidenced by a writing and shall be signed by all the parties to the contract thereto. The writing shall contain the following:

(a) The name, address, and license number of the contractor, and the name and registration number of any salesperson who solicited or negotiated the contract.

(b) The approximate dates when the work will begin and on which all construction is to be completed.

(c) A plan and scale drawing showing the shape, size dimensions, and construction and equipment specifications for a swimming pool and for other home improvements, a description of the work to be done and description of the materials to be used and the equipment to be used or installed, and the agreed consideration for the work.

(d) If the payment schedule contained in the contract provides for a downpayment to be paid to the contractor by the owner or the tenant before the commencement of work, the downpayment shall not exceed two hundred dollars (\$200) or 2 percent of the contract price for swimming pools, or one thousand dollars (\$1,000) or 10 percent of the contract price for other home improvements, excluding finance charges, whichever is the lesser.

(e) A schedule of payments showing the amount of each payment as a sum in dollars and cents. In no event shall the payment schedule provide for the contractor to receive, or shall the contractor actually receive, payments in excess of 100 percent of the value of the work performed on the project at any time, excluding finance charges, except that the contractor may receive an initial downpayment authorized by subdivision (d). With respect to a swimming pool contract, the final payment may be made at the completion of the final plastering phase of construction, provided that any installation

or construction of equipment, decking, or fencing required by the contract is also completed. A failure by the contractor without lawful excuse to substantially commence work within 20 days of the approximate date specified in the contract when work will begin shall postpone the next succeeding payment to the contractor for that period of time equivalent to the time between when substantial commencement was to have occurred and when it did occur. The schedule of payments shall be stated in dollars and cents, and shall be specifically referenced to the amount of work or services to be performed and to any materials and equipment to be supplied. With respect to a contract that provides for a schedule of monthly payments to be made by the owner or tenant and for a schedule of payments to be disbursed to the contractor by a person or entity to whom the contractor intends to assign the right to receive the owner's or tenant's monthly payments, the payments referred to in this subdivision mean the payments to be disbursed by the assignee and not those payments to be made by the owner or tenant.

(f) The contract shall state that upon satisfactory payment being made for any portion of the work performed, the contractor shall, prior to any further payment being made, furnish to the person contracting for the home improvement or swimming pool a full and unconditional release from any claim or mechanic's lien pursuant to Section 3114 of the Civil Code, for that portion of the work for which payment has been made.

(g) The requirements of subdivisions (d), (e), and (f) shall not apply when the contract provides for the contractor to furnish a performance and payment bond, lien and completion bond, bond equivalent, or joint control approved by the Registrar of Contractors covering full performance and completion of the contract and the bonds or joint control is or are furnished by the contractor, or when the parties agree for full payment to be made upon or for a schedule of payments to commence after satisfactory completion of the project. The contract shall contain in close proximity to the signatures of the owner and contractor a notice in at least 10-point type stating that the owner or tenant has the right to require the contractor to have a performance and payment bond.

(h) No extra or change-order work shall be required to be performed without prior written authorization of the person contracting for the construction of the home improvement or swimming pool. Any change-order forms for changes or extra work shall be incorporated in, and become a part of the contract.

(i) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with subdivision (e).

(j) The language of the notice required pursuant to Section 7018.5.

(k) What constitutes substantial commencement of work pursuant to the contract.

(l) A notice that failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of the Contractors' State License Law.

(m) If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

A failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of this section.

This section shall not be construed to prohibit the parties to a home improvement contract from agreeing to a contract or account subject to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code.

The writing may also contain other matters agreed to by the parties to the contract.

The writing shall be legible and shall be in a form that clearly describes any other document which is to be incorporated into the contract, and before any work is done, the owner shall be furnished a copy of the written agreement, signed by the contractor.

For purposes of this section, the board shall, by regulation, determine what constitutes "without lawful excuse."

The provisions of this section are not exclusive and do not relieve the contractor or any contract subject to it from compliance with all other applicable provisions of law.

A violation of this section by a licensee, or a person subject to be licensed, under this chapter, his or her agent, or salesperson is a misdemeanor punishable by a fine of not less than one hundred dollars (\$100) nor more than five thousand dollars (\$5,000), or by imprisonment in the county jail not exceeding one year, or by both that fine and imprisonment.

(n) Any person who violates this section as part of a plan or scheme to defraud an owner of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by this section, the court may impose a fine of not less than five hundred dollars (\$500) nor more than twenty-five thousand dollars (\$25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

(o) Notwithstanding any other provision of law to the contrary, an indictment or information shall be brought, or a complaint filed, for a violation of this section, within three years from the effective date

of the contract.

SEC. 4. Section 7161 of the Business and Professions Code is amended to read:

7161. It is a misdemeanor for any person to engage in any of the following acts, the commission of which shall be cause for disciplinary action against any licensee or applicant:

(d) Preparing or accepting any trust deed, mortgage, promissory note, or other evidence of indebtedness upon the obligations of a home improvement transaction or other transaction for a work of improvement with knowledge that it specifies a greater monetary obligation than the consideration for the improvement work, which consideration may be a time sale price.

(e) Directly or indirectly publishing any advertisement relating to home improvements or other works of improvement which contains an assertion, representation or statement of fact which is false, deceptive, or misleading, or by any means advertising or purporting to offer to the general public any such improvement work with the intent not to accept contracts for the particular work or at the price which is advertised or offered to the public, except that any advertisement which is subject to and complies with the existing rules, regulations or guides of the Federal Trade Commission shall not be deemed false, deceptive or misleading.

(f) Any person who violates subdivision (b), (c), (d), or (e) as part of a plan or scheme to defraud an owner of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment as authorized by this section, the court may impose a fine of not less than five hundred dollars (\$500) nor more than twenty-five thousand dollars (\$25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

The additional term shall not be imposed unless the allegation is charged in the accusatory pleading and admitted by the defendant or found to be true by the trier of fact.

(b) This enhancement applies to natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

(c) Notwithstanding any other law, the court may strike the additional term provided in subdivision (a) if the court determines that there are mitigating circumstances and states on the record the reasons for striking the additional punishment.

SEC. 6. Section 3.5 of this bill incorporates amendments to Section 7159 of the Business and Professions Code proposed by both this bill and AB 2719. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1995, but this bill becomes operative first, (2) each bill amends Section 7159 of the Business and Professions Code, and (3) this bill is enacted after AB 2719, in which case Section 7159 of the Business and Professions Code, as amended by Section 3 of this bill shall remain operative only until the operative date of AB 2719, at which time Section 3.5 of this bill shall become operative.

CHAPTER 177

An act to amend Section 10110.1 of the Insurance Code, relating to insurance.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 10110.1 of the Insurance Code is amended to read:

10110.1. (a) An insurable interest, with reference to life and disability insurance, is an interest based upon a reasonable expectation of pecuniary advantage through the continued life, health, or bodily safety of another person and consequent loss by reason of that person's death or disability or a substantial interest engendered by love and affection in the case of individuals closely related by blood or law.

(b) An individual has an unlimited insurable interest in his or her own life, health, and bodily safety and may lawfully take out a policy of insurance on his or her own life, health, or bodily safety and have the policy made payable to whomsoever he or she pleases, regardless of whether the beneficiary designated has an insurable interest.

(c) An employer has an insurable interest, as referred to in subdivision (a), in the life or physical or mental ability of any of its directors, officers, or employees or the directors, officers, or employees of any of its subsidiaries or any other person whose death or physical or mental disability might cause financial loss to the employer; or, pursuant to any contractual arrangement with any

shareholder concerning the reacquisition of shares owned by the shareholder at the time of his or her death or disability, on the life or physical or mental ability of that shareholder for the purpose of carrying out the contractual arrangement; or, pursuant to any contract obligating the employer as part of compensation arrangements or pursuant to a contract obligating the employer as guarantor or surety, on the life of the principal obligor. The trustee of an employer or trustee of a pension, welfare benefit plan, or trust established by an employer providing life, health, disability, retirement, or similar benefits to employees and retired employees of the employer or its affiliates and acting in a fiduciary capacity with respect to those employees, retired employees, or their dependents or beneficiaries has an insurable interest in the lives of employees and retired employees for whom those benefits are to be provided. The employer shall obtain the written consent of the individual being insured.

(d) An insurable interest shall be required to exist at the time the contract of life or disability insurance becomes effective, but need not exist at the time the loss occurs.

(e) Any contract of life or disability insurance procured or caused to be procured upon another individual is void unless the person applying for the insurance has an insurable interest in the individual insured at the time of the application.

(f) Notwithstanding subdivisions (a), (d), and (e), a charitable organization that meets the requirements of Section 214 or 23701d of the Revenue and Taxation Code may effectuate life or disability insurance on an insured who consents to the issuance of that insurance.

(g) This section shall not be interpreted to define all instances in which an insurable interest exists.

Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 668 of the Penal Code is amended to read:
668. Every person who has been convicted in any other state, government, country, or jurisdiction of an offense for which, if committed within this state, that person could have been punished under the laws of this state by imprisonment in a state prison, is punishable for any subsequent crime committed within this state in the manner prescribed by law and to the same extent as if that prior conviction had taken place in a court of this state. The application of this section includes, but is not limited to, all statutes which provide for enhancements for prior convictions and prior prison terms.

SEC. 2. It is the intent of the Legislature in enacting Section 1 of this act to abrogate the holding in Part II of *People v. Burgio*, 16 Cal. App. 4th 769, 777-779, because it is an incorrect statement of existing law, and because it ignored the controlling effect of Section 668 of the Penal Code with respect to the use of a prior conviction from another jurisdiction for purposes of enhancement. This act is intended to be declaratory of existing law, and to clarify and reemphasize the proper application of Section 668.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to abrogate an incorrect appellate court holding regarding a penal statute, and to protect the public safety by

ensuring proper punishment for recidivist criminals, it is necessary that this act take effect immediately.

CHAPTER 180

An act to amend Section 1812.601 of the Civil Code, to amend Section 710 of the Harbors and Navigation Code, and to amend Sections 1819, 4456, 5602, 5901, 6100, 6102, and 9561 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Current law requires notice to the Department of Motor Vehicles of the transfer of a motor vehicle through a dealer conducting a wholesale motor vehicle auction by use of a notice of transfer form approved by the department.

(b) Current law also requires any dealer who sells or transfers a motor vehicle through a dealer conducting a wholesale motor vehicle auction to file with the department a report-of-sale form evidencing transfer to the dealer conducting the motor vehicle auction and further requires the dealer conducting the auction to file a separate report-of-sale form respecting the sale or transfer of the vehicle through the auction.

(c) Buyers of motor vehicles are currently able to determine significant facts and trends concerning a vehicle's history from documents filed with the department, including the report-of-sale and notice of transfer forms prepared and filed by each dealer selling or transferring a vehicle.

(d) Buyers of vehicles sold through a wholesale motor vehicle auction rely on the fact that the dealer who conducts the auction sale becomes an owner of vehicles transferred to the auction for sale and the seller of vehicles purchased through the auction.

(e) It is the intent of the Legislature in enacting this act to, among other things, streamline and make more efficient the process by which report-of-sale and notice of transfer forms are made to the department in wholesale motor vehicle auction transactions by consolidating the information contained in those forms into a single form to be approved by the department and to require that single form to be completed and filed by the dealer conducting the wholesale vehicle auction. However, notwithstanding the provisions of this act or any agreement or other attempt to recharacterize an auction transaction, it is the intent of the Legislature that, for all

purposes of law and equity, any dealer who purchases a vehicle through a wholesale auction has the same rights and remedies against the dealer conducting the auction sale as if that dealer were the owner and seller of the auctioned vehicle.

SEC. 2. Section 1812.601 of the Civil Code is amended to read:
1812.601. (a) "Advertisement" means any of the following:

(1) Any written or printed communication for the purpose of soliciting, describing, or offering to act as an auctioneer or provide auction company services, including any brochure, pamphlet, newspaper, periodical, or publication.

(2) A telephone or other directory listing caused or permitted by an auctioneer or auction company to be published that indicates the offer to practice auctioneering or auction company services.

(3) A radio, television, or similar airwave transmission that solicits or offers the practice of auctioneering or auction company services.

(b) "Auction" means a sale transaction conducted by means of oral or written exchanges between an auctioneer and the members of his or her audience, which exchanges consist of a series of invitations for offers for the purchase of goods made by the auctioneer and offers to purchase made by members of the audience and culminate in the acceptance by the auctioneer of the highest or most favorable offer made by a member of the participating audience. However, auction does not include either of the following:

(1) A wholesale motor vehicle auction subject to regulation by the Department of Motor Vehicles.

(2) A sale of real estate or a sale in any sequence of real estate with personal property or fixtures or both in a unified sale pursuant to subparagraph (ii) of paragraph (a) of subdivision (4) of Section 9501 of the Commercial Code.

(c) "Auction company" means any person who arranges, manages, sponsors, advertises, accounts for the proceeds of, or carries out auction sales at locations, including, but not limited to, any fixed location, including an auction barn, gallery place of business, sale barn, sale yard, sale pavilion, and the contiguous surroundings of each.

(d) "Auctioneer" means any individual who is engaged in, or who by advertising or otherwise holds himself or herself out as being available to engage in, the calling for, the recognition of, and the acceptance of, offers for the purchase of goods at an auction.

(e) "Employee" means an individual who works for an employer, is listed on the employer's payroll records, and is under the employer's control.

(f) "Employer" means a person who employs an individual for wages or salary, lists the individual on the person's payroll records, and withholds legally required deductions and contributions.

(g) "Goods" means any goods, wares, chattels, merchandise, or other personal property, including domestic animals and farm products.

(h) "Person" means an individual, corporation, partnership, trust,

including a business trust, firm, association, organization, or any other form of business enterprise.

SEC. 3. Section 710 of the Harbors and Navigation Code is amended to read:

710. The definitions of "broker" and "salesperson," as set forth in Section 701, do not include the following:

(a) A person who directly performs any act subject to this article with reference to a yacht owned by that person or, in the case of a corporation which, through its regular officers receiving no special compensation therefor, performs any act subject to this article with reference to the corporation's yacht.

(b) Services rendered by an attorney at law in performing duties as an attorney at law.

(c) Any receiver, trustee in bankruptcy, or other person acting under the order of any court.

(d) Any transaction involving the sale of property subject to foreclosure of a security interest in a yacht which is conducted only by the holder of the security interest or by a person licensed pursuant to Chapter 11 (commencing with Section 7500) of Division 3 of the Business and Professions Code when liquidating repossessed collateral pursuant to the written request of the holder of the security interest.

(e) Any transaction involving the sale of a yacht in excess of 300 gross tons or tenders thereof sold at the same time.

(f) Any transaction involving the sale of a new yacht or ship.

(g) Any transaction in the regular course of business by a wholesale motor vehicle auction subject to regulation by the Department of Motor Vehicles.

SEC. 4. Section 1819 of the Vehicle Code is amended to read:

1819. All records of the department containing information as to the actual mileage of motor vehicles submitted as required by subdivision (b) of Section 4456 and Sections 5900 and 5901 shall be open to inspection by the public during the office hours of the department.

SEC. 5. Section 4456 of the Vehicle Code is amended to read:

4456. (a) When selling a vehicle, dealers and lessor-retailers shall use numbered report-of-sale forms issued by the department. The forms shall be used in accordance with the following terms and conditions:

(1) The dealer or lessor-retailer shall attach for display a copy of the report of sale on the vehicle before the vehicle is delivered to the purchaser.

(2) The dealer or lessor-retailer shall submit to the department an application accompanied by all fees and penalties due for registration or transfer of registration of the vehicle within 20 days from the date of sale. Penalties due for noncompliance with this paragraph shall be paid by the dealer or lessor-retailer. The dealer or lessor-retailer shall not charge the purchaser for the penalties.

(3) As part of an application to transfer registration of a used

vehicle, the dealer or lessor-retailer shall include all of the following information on the certificate of title, application for a duplicate certificate of title, or form prescribed by the department:

- (A) Date of sale and report of sale number.
- (B) Purchaser's name and address.
- (C) Dealer's name, address, number, and signature or signature of authorized agent.

(D) Salesperson number.

(4) If the department returns an application and the application was first received by the department within 20 days of the date of sale of the vehicle, the dealer or lessor-retailer shall submit a corrected application to the department within 40 days from the date of sale of the vehicle or within 20 days from the date that the application is first returned by the department, whichever is later.

(5) If the department returns an application and the application was first received by the department more than 20 days from the date of sale of the vehicle, the dealer or lessor-retailer shall submit a corrected application to the department within 40 days from the date of sale of the vehicle.

(6) An application first received by the department more than 40 days from the date of sale of the vehicle is subject to the penalties specified in subdivisions (a) and (b) of Section 4456.1.

(7) The dealer or lessor-retailer shall report the sale pursuant to Section 5901.

(b) (1) A transfer that takes place through a dealer conducting a wholesale motor vehicle auction shall be reported to the department by that dealer on a single form approved by the department. The completed form shall contain, at a minimum, all of the following information:

- (A) The name and address of the seller.
- (B) The seller's dealer number, if applicable.
- (C) The date of delivery to the dealer conducting the auction.
- (D) The actual mileage of the vehicle as indicated by the vehicle's odometer at the time of delivery to the dealer conducting the auction.

(E) The name, address, and occupational license number of the dealer conducting the auction.

(F) The name, address, and occupational license number of the buyer.

(G) The signature of the dealer conducting the auction.

(2) Submission of the completed form specified in paragraph (1) to the department shall fully satisfy the requirements of subdivision (a) and subdivision (a) of Section 5901 with respect to the dealer selling at auction and the dealer conducting the auction.

(3) The single form required by this subdivision does not relieve a dealer of any obligation or responsibility that is required by any other provision of law.

(c) A vehicle displaying a copy of the report of sale may be operated without license plates or registration card until the license

plates and registration card are received by the purchaser.

SEC. 6. Section 5602 of the Vehicle Code is amended to read:

5602. An owner who has made a bona fide sale or transfer of a vehicle and has delivered possession of the vehicle to a purchaser is not, by reason of any of the provisions of this code, the owner of the vehicle so as to be subject to civil liability or criminal liability for the parking, abandoning, or operation of the vehicle thereafter by another when the selling or transferring owner, in addition to that delivery and that bona fide sale or transfer, has fulfilled either of the following requirements:

(a) He or she has made proper endorsement and delivery of the certificate of ownership as provided in this code.

(b) He or she has delivered to the department or has placed in the United States mail, addressed to the department, either of the following documents:

(1) The notice as provided in subdivision (b) of Section 4456 or Section 5900 or 5901.

(2) The appropriate documents and fees for registration of the vehicle to the new owner pursuant to the sale or transfer.

SEC. 7. Section 5901 of the Vehicle Code is amended to read:

5901. (a) Every dealer or lessor-retailer, upon transferring by sale, lease, or otherwise any vehicle, whether new or used, of a type subject to registration under this code, shall, not later than the end of the fifth calendar day thereafter not counting the day of sale, give written notice of the transfer to the department at its headquarters upon an appropriate form provided by it.

(b) Except as otherwise provided in this subdivision or in subdivision (c), the dealer or lessor-retailer shall enter on the form and pursuant to the federal Motor Vehicle Information and Cost Savings Act (15 U.S.C. Sec. 1901 et seq.), on the ownership certificate, the actual mileage of the vehicle as indicated by the vehicle's odometer at the time of the transfer. However, if the vehicle dealer or lessor-retailer has knowledge that the mileage displayed on the odometer is incorrect, the licensee shall indicate on the form the true mileage, if known, of the vehicle at the time of the transfer. A vehicle dealer or lessor-retailer need not give the notice when selling or transferring a new unregistered vehicle to a dealer or lessor-retailer.

(c) When the dealer or lessor-retailer is not in possession of the vehicle that is sold or transferred, the person in physical possession of the vehicle shall give the information required by subdivision (b).

(d) A sale is deemed completed and consummated when the purchaser of the vehicle has paid the purchase price, or, in lieu thereof, has signed a purchase contract or security agreement, and has taken physical possession or delivery of the vehicle.

SEC. 8. Section 6100 of the Vehicle Code is amended to read:

6100. A dealer who conducts a wholesale motor vehicle auction and who uses the form prescribed in subdivision (b) of Section 4456 shall include the phrase "SOLD THROUGH [name of dealer conducting the auction]" and the date of the auction on the

certificate of title of every vehicle sold, in a manner prescribed by the department.

SEC. 9. Section 6102 of the Vehicle Code is amended to read:

(a) The form required by subdivision (b) of Section 4456.

(b) A copy of the auction sales agreement.

(c) A copy of the odometer statement required by Section 5900.

SEC. 10. Section 9561 of the Vehicle Code is amended to read:

9561. (a) When a legal owner or his or her agent repossesses a vehicle on which renewal fees are due, the department shall waive any renewal penalties that are due for late payment if the fees are paid within 60 days of taking possession.

(b) Notwithstanding any other provisions of this code, when a repossessed vehicle is sold through a dealer conducting a wholesale motor vehicle auction as provided in subdivision (b) of Section 4456 and Article 5 (commencing with Section 6100) of Chapter 2 of Division 3, any penalties that may be due are waived, if all renewal fees that are due are paid not later than 60 days after the date of sale at the auction.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to streamline and make more efficient the process by which certain sales of vehicles are made, it is necessary that this act take effect immediately.

CHAPTER 181

An act to amend Section 726 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 726 of the Welfare and Institutions Code is amended to read:

726. In all cases wherein a minor is adjudged a ward or dependent child of the court, the court may limit the control to be exercised over the ward or dependent child by any parent or guardian and shall by its order clearly and specifically set forth all those limitations, but no ward or dependent child shall be taken from the physical custody of a parent or guardian unless upon the hearing the court finds one of the following facts:

(a) That the parent or guardian is incapable of providing or has failed or neglected to provide proper maintenance, training, and education for the minor.

(b) That the minor has been tried on probation in such custody and has failed to reform.

(c) That the welfare of the minor requires that custody be taken from the minor's parent or guardian.

In any case in which the minor is removed from the physical custody of his or her parent or guardian as the result of an order of wardship made pursuant to Section 602, the order shall specify that the minor may not be held in physical confinement for a period in excess of the maximum term of imprisonment which could be imposed upon an adult convicted of the offense or offenses which brought or continued the minor under the jurisdiction of the juvenile court.

As used in this section and in Section 731, "maximum term of imprisonment" means the longest of the three time periods set forth in paragraph (2) of subdivision (a) of Section 1170 of the Penal Code, but without the need to follow the provisions of subdivision (b) of Section 1170 of the Penal Code or to consider time for good behavior or participation pursuant to Sections 2930, 2931, and 2932 of the Penal Code, plus enhancements which must be proven if pled.

If the court elects to aggregate the period of physical confinement on multiple counts, or multiple petitions, including previously sustained petitions adjudging the minor a ward within Section 602, the "maximum term of imprisonment" shall be the aggregate term of imprisonment specified in subdivision (a) of Section 1170.1 of the Penal Code, which includes any additional term imposed pursuant to Section 667, 667.5, 667.6, or 12022.1 of the Penal Code, and pursuant to Section 11370.2 of the Health and Safety Code.

If the charged offense is a misdemeanor or a felony not included within the scope of Section 1170 of the Penal Code, the "maximum term of imprisonment" is the longest term of imprisonment prescribed by law.

"Physical confinement" means placement in a juvenile hall, ranch, camp, forestry camp or secure juvenile home pursuant to Section 730, or in any institution operated by the Youth Authority.

Nothing in this section shall be construed to limit the power of the court to retain jurisdiction over a minor and to make appropriate orders pursuant to Section 727 for the period permitted by Section 607.

CHAPTER 182

An act to amend Section 6307 of the Water Code, relating to water.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 6307 of the Water Code is amended to read:
6307. (a) (1) An annual fee shall be paid on or before December 31, 1970, and on or before December 31 of each succeeding year, based upon the height of the dam, including all enlargements thereto, substantially completed by or in operation on June 30, 1970, and on June 30 of each succeeding year. The annual fee shall be one hundred fifty dollars (\$150) plus sixteen dollars (\$16) per foot of height of the dam.

(2) The annual fee shall be increased pursuant to the following schedule:

Calendar Year	Fee Per Dam	Fee Per Foot of Height
1995	\$175	\$20
1997	\$200	\$24

(b) For purposes of this section, "height of the dam" means the vertical distance, to the nearest foot, from the natural bed of the stream or watercourse at the downstream toe of the barrier, as determined by the department, or from the lowest elevation of the outside limit of the barrier, as determined by the department, if it is not across a stream channel or watercourse, to the maximum possible water storage elevation.

(c) Notwithstanding subdivision (a), the department shall limit the total annual fee per dam to not more than seventy-five dollars (\$75) if both of the following apply:

(1) The dam has a storage capacity of not more than 100 acre-feet.

(2) The governing body of a private school or the governing board of a public school certifies that the dam is used as a subject of study by its students.

(d) (1) Dams or reservoirs located on farms or ranch properties shall be assessed an annual fee in the amount set forth in paragraph (1) of subdivision (a) and are exempt from the annual fee increases set forth in paragraph (2) of subdivision (a).

(2) For purposes of this subdivision, "farm" has the same meaning as defined in Section 52262 of the Food and Agricultural Code.

(e) (1) Except as provided in subdivision (c), privately owned dams with less than 100 acre-feet of storage capacity shall be assessed an annual fee in accordance with paragraph (1) of subdivision (a) and are exempt from the annual fee increases set forth in paragraph (2) of subdivision (a).

(2) As used in this subdivision, "privately owned" does not include dams owned by municipalities, water districts or companies, irrigation districts, private, investor owned or publicly owned utilities, or public agencies.

CHAPTER 183

An act to amend Section 25299.57 of the Health and Safety Code, relating to hazardous substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 9, 1994. Filed with
Secretary of State July 11, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 25299.57 of the Health and Safety Code is amended to read:

25299.57. (a) If the board makes the determination specified in subdivision (d), the board may only pay for the costs of corrective actions which exceed the level of financial responsibility required to be obtained pursuant to Section 25299.32, but not more than nine hundred ninety thousand dollars (\$990,000) for each occurrence. In the case of an owner or operator who, as of January 1, 1988, was required to perform corrective action, who initiated that corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), and who is undertaking the corrective action in compliance with waste discharge requirements or other orders issued pursuant to Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), the owner or operator may apply to the board for satisfaction of a claim filed pursuant to this article.

(b) For claims eligible for reimbursement pursuant to subdivision (c) of Section 25299.55, the claimant shall submit the actual cost of corrective action to the board, which shall either approve or disapprove the costs incurred as reasonable and necessary.

(c) For claims eligible for prepayment pursuant to subdivision (c) of Section 25299.55, the claimant shall submit the estimated cost of the corrective action to the board, which shall approve or disapprove the reasonableness of the cost estimate.

(d) A claim specified in subdivision (a) may be paid if the board makes all of the following findings:

(1) There has been an unauthorized release of petroleum into the environment from an underground storage tank.

(2) The claimant is required to undertake or contract for corrective action pursuant to Section 25299.37, or, as of January 1, 1988, the claimant has initiated corrective action in accordance with

Division 7 (commencing with Section 13000) of the Water Code.

(3) (A) Except as provided in subparagraph (B), the claimant has complied with Section 25299.31 and the permit requirements of Chapter 6.7 (commencing with Section 25280).

(B) All claimants who file their claim on or after January 1, 1994, and all claimants who filed their claim prior to that date but are not eligible for a waiver of the permit requirement pursuant to board regulations in effect on the date of the filing of the claim, and who did not obtain or apply for any permit required by subdivision (a) of Section 25284 by January 1, 1990, shall be subject to subparagraph (A) regardless of the reason or reasons that the permit was not obtained or applied for. However, on and after January 1, 1994, the board may waive the provisions of subparagraph (A) as a condition for payment from the fund if the board finds all of the following:

(i) The claimant was unaware of the permit requirement prior to January 1, 1990, and there was no intent to intentionally avoid the permit requirement or the fees associated with the permit.

(ii) Prior to submittal of the application to the fund, the claimant has complied with Section 25299.31 and has obtained and paid for all permits currently required by this paragraph.

(iii) Prior to submittal of the application to the fund, the claimant has paid all current underground storage tank fees imposed pursuant to Section 25299.41 and all prior fees due on and after January 1, 1991.

(C) (i) A claimant exempted pursuant to subparagraph (B) shall obtain a level of financial responsibility pursuant to Section 25299.32 of at least twenty thousand dollars (\$20,000).

(ii) The board may waive the requirements of clause (i) if the claimant can demonstrate that the conditions specified in clauses (i) to (iii), inclusive, of subparagraph (B) were satisfied prior to the causing of any contamination. That demonstration may be made through a certification issued by the permitting agency based on site and tank tests at the time of permit application or in any other manner acceptable to the board.

(D) The board shall rank all claims resubmitted pursuant to subparagraph (B) lower than all claims filed before January 1, 1994, within their respective priority classes specified in subdivision (b) of Section 25299.52.

(4) The board has approved either the costs incurred for the corrective action pursuant to subdivision (b) or the estimated costs for corrective action pursuant to subdivision (c).

(e) The board shall provide the claimant, whose cost estimate has been approved, a letter of credit authorizing payment of the costs from the fund.

(f) The claimant may submit a claim for partial payment to cover the costs of corrective action performed in stages, as approved by the board.

(g) (1) Any claimant who submits a claim for payment to the board shall submit multiple bids for prospective costs as prescribed in regulations adopted by the board pursuant to Section 25299.77.

(2) Paragraph (1) does not apply to a tank owned or operated by a public agency if the prospective costs are for private professional services within the meaning of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code and those services are procured in accordance with the requirements of that chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Subdivision (a) of Section 25299.57 of the Health and Safety Code inadvertently included a limitation on eligibility for reimbursements from the Underground Storage Tank Cleanup Fund that is inconsistent with the primary eligibility requirements set forth in subdivision (a) of Section 25299.54. This inconsistency has resulted in ambiguity in the eligibility requirements and has resulted in a hold on several reimbursements of otherwise eligible claimants. These claimants have high priority for payment, but are required now to wait for reimbursement until this ambiguity is eliminated by this act. Any further delays in reimbursement of these claims would be inequitable and inconsistent with the intent of the Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989. It is necessary, therefore, to correct this problem at the earliest possible time, that this act take effect immediately.

CHAPTER 184

Notwithstanding any other provision of law, for purposes of Division 13 (commencing with Section 21000) of the Public Resources Code, the county committee, as defined in Section 35512 of the Education Code, shall be deemed to be the "lead agency" with regard to any project undertaken as a result of the unification action described in Section 3 of this act.

SEC. 9. Due to unique circumstances concerning the proposed unification of the Riverdale Joint Union High School District and the Riverdale Joint Union Elementary School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 10. Sections 3 to 6, inclusive, and Sections 8 and 9 of this act shall remain in effect only until January 1, 1998, and as of that date are repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

One of the component school districts that will form the newly unified school district in the Riverdale area has and continues to experience a pattern of deficit spending over the last 10 years. The deficit for the 1993-94 school year was seven hundred dollars (\$700) per pupil. The situation is continuing to deteriorate. Unification will join this school district with a financially healthy school district and

the resulting unified school district will meet the financial criteria and all other criteria of Section 35753 of the Education Code. All school districts within the boundaries of the proposed unified school district support the unification as proposed. Existing State Board of Education administrative procedures and hearings for unification are substantially similar to the procedures conducted by the county committee, as defined in Section 35512 of the Education Code. The time required to complete both procedures before the county committee and before the board will delay unification beyond July 1, 1995. If unification is delayed beyond July 1, 1995, the financial condition of the troubled school district will have deteriorated to the extent that unification will not be possible because the financial criteria of Section 35753 of the Education Code cannot be met. This troubled school district would then be a candidate for state receivership and a burden on the taxpayers. This bill, which allows for unification after the approval of the county committee and the approval of the electorate, must be effective prior to January 1, 1995, so that the unification will become effective for all purposes on July 1, 1995. Thus, it is necessary that this act take effect immediately.

[Approved by Governor July 11, 1994. Filed with
Secretary of State July 12, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 49460 of the Education Code is amended to read:

49460. The State Department of Education, the State Department of Health Services, and the State Department of Social Services shall jointly enter into a collaborative agreement with the

California State University, the University of California, and California medical schools, to establish a standardized health assessment of the children within public schools, and develop a data base on the health of children who are representative of the state's population. The University of California is responsible for coordinating this effort. The agreement shall address all of the following:

(a) Conducting the health assessment which may include the following:

(1) Anthropometric measures.

(2) Testing for physical fitness.

(3) Testing for chronic disease indicators by using the following methods:

(A) A survey of family health and medical history.

(B) Blood pressure measurement.

(C) A blood panel by participating pupils, on a voluntary basis, and with the written consent of the pupil's parent or guardian.

(4) Assessment of the nutritional status of participating pupils.

SEC. 3. Section 49463 of the Education Code is amended to read:

49463. The University of California shall notify each school selected to participate in the assessment about any pupils at that school for whom the assessment has detected any health problems and shall notify the parent or guardian of each pupil for whom the assessment has detected health problems and shall recommend further consultation with a physician. If there is no physician available, the coordinating center shall direct the parent or guardian to an appropriate medical referral. Under no circumstances shall a school or the University of California be held liable for the parent or guardian's action, or failure to take action on seeking medical care for the identified health problem. This section is not applicable to alcohol, drug, and tobacco use.

SEC. 4. Section 49465 of the Education Code is amended to read:

49465. (a) The agencies enumerated in Section 49460 shall only

be required to implement this article upon the availability of funds received from the private sector and state funds appropriated for the purposes of this article in a total amount sufficient to cover all costs relating to the implementation and continuing administration of this article.

(b) The University of California shall notify all participating entities, including school districts, the State Department of Education, the State Department of Health Services, the State Department of Social Services, and the California State University when sufficient funds are available to meet the requirements specified in subdivision (a).

(c) Any funds received from the private sector under this article shall be deposited in the State Treasury and are continuously appropriated to the University of California, which shall allocate those funds to participating agencies to reimburse those agencies for costs incurred in carrying out this article. The amounts allocated to the State Department of Education shall include amounts sufficient to reimburse participating school districts for any costs incurred pursuant to this article.

No school district shall be required to participate in the assessments unless it is reimbursed from those funds for all costs incurred pursuant to this article.

(d) Reimbursements pursuant to this section shall be limited to the amounts and purposes specified in the collaborative agreement described in Section 49460.

SEC. 5. Section 49466 is added to the Education Code, to read: 49466. No provision of this chapter shall apply to the University of California unless the Regents of the University of California, by resolution, make that provision applicable.

SEC. 6. Article 8.7 (commencing with Section 424.10) is added to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, to read:

Article 8.7. Cigarette and Tobacco Products Surtax Research Program

424.10. (a) (1) The Legislature finds that the efforts to reduce smoking in California have led to a drop in the consumption of tobacco. Although not on target to meet the goal of achieving a 75-percent reduction in tobacco consumption in California by the year 1999, the results are encouraging.

(2) The Legislature further finds that as a result of the success of the programs, the money received from the taxation of tobacco has been dropping. The Legislature declares this a sign of success, not a matter of concern.

(3) The Legislature further notes that programs, organizations, and individuals receiving money from the Cigarette and Tobacco Products Surtax Fund are receiving money from a declining revenue source. The Legislature finds that this success has led to an obvious

concern and fear among recipients that "their money" is shrinking every year.

(4) The Legislature finds that, assuming the success of the antismoking efforts continue, there will be necessary reductions in spending in the years to come.

(5) The Legislature declares its intention to seek full analysis of all programs receiving money under Proposition 99 and declares its intention to critically evaluate how the money is being spent and whether the spending is achieving the results desired.

(6) The Legislature specifically rejects the notion that every dollar of expenditure made by every program, organization, or activity is of equal value. Instead, the Legislature declares its intention to choose between competing programs and to allocate moneys to those programs and activities that are most successful in meeting the goals of the initiative.

(b) It is the intent of the Legislature to provide for the continuation of the Cigarette and Tobacco Products Surtax Research Program to support research into tobacco-related disease. It is the intent of the Legislature that this program be administered by the University of California and that this program be administered pursuant to the following principles:

(1) The research program established should adhere to the objectives stated in the provisions of the initiative act entitled Cigarette and Tobacco Products Surtax regarding research: "The Research Account . . . shall only be available for tobacco-related disease research."

(2) All research funds shall be awarded on the basis of scientific merit as determined by an open, competitive peer review process that assures objectivity, consistency, and high quality. All qualified investigators, regardless of institutional affiliation, shall have equal access and opportunity to compete for the funds in the Research Account.

(3) The peer review process for the selection of grants awarded under this program shall be modeled on that used by the National Institutes of Health in its grant-making process.

(4) Awardees shall be reimbursed for the full cost, both direct and indirect, of conducting the sponsored research consistent with federal guidelines governing all federal research grants and contracts.

424.20. The Legislature hereby requests the University of California to continue to administer a comprehensive grant program to support research efforts related to the prevention, causes, and treatment of tobacco-related diseases. It is the intent of the Legislature that the program incorporate the principles and organizational elements specified in this article, including, but not limited to, a program office with a director and other necessary staff, a scientific advisory committee, and research review panels.

424.30. For the purposes of this article:

(a) "Grantee" means any qualifying public, private, or nonprofit

agency or individual including, but not limited to, colleges, universities, hospitals, laboratories, research institutions, local health departments, voluntary health agencies, health maintenance organizations, and individuals conducting research in California.

(b) "Indirect costs" includes such items as use allowance for research facilities, heating, lighting, library services, health and safety services, project administration, and building maintenance, as defined by federal cost accounting guidelines for federally sponsored research.

(c) "Tobacco-related disease" includes, but is not limited to, the following:

(1) Coronary heart disease.

(2) Cerebrovascular disease.

(3) Cancer, including cancers of the lung, larynx, esophagus, bladder, pancreas, and mouth. It is the intent of the Legislature that the university further research the epidemiological link between smoking and breast cancer and prostate cancer.

(4) Chronic obstructive lung disease, including emphysema, chronic bronchitis, asthma, and related lung disorders.

(5) Other conditions or diseases that smoking or tobacco use has been established to be a risk factor for excess disability and illness.

(d) "Tobacco-related disease research" includes, but is not limited to, research in the fields of biomedical science, the social and behavioral sciences, public policy, epidemiology, and public health.

(e) "Public policy research" means research that investigates and evaluates various programs and strategies used by governmental, private, and nonprofit organizations to control tobacco use.

(f) "University" means the University of California.

424.40. It is the intent of the Legislature that the university establish a scientific advisory committee to provide advice to the president of the university as to the direction, scope, and progress of the research program.

(a) Responsibilities of the committee may include, but are not limited to:

(1) Provision of advice on program priorities and emphasis.

(2) Provision of advice on overall program budget.

(3) Participation in periodic program evaluation.

(4) Assistance in developing guidelines to assure fairness, neutrality, and adherence to the principles of merit and quality in the conduct of the program.

(5) Assistance in developing appropriate linkages to nonacademic entities such as voluntary organizations, health care delivery institutions, industry, government agencies, and public officials.

(b) Responsibilities of the committee may additionally include:

(1) Development of criteria and standards for grant awards.

(2) Development of administrative procedures relative to the solicitation, review, and award of grants to ensure an impartial, high quality peer review system.

(3) Development and supervision of research review panels.

(4) Review of research review panel reports and recommendations for grant awards.

(5) Development and oversight of mechanisms for the dissemination of research results.

(c) It is the intent of the Legislature that the committee consist of at least nine members representing a range of scientific expertise and experience appointed by the president of the university from nominations submitted by relevant organizations, as follows:

(1) Three members from voluntary health organizations dedicated to the reduction of tobacco use.

(2) One member with expertise in the field of biomedical research.

(3) One member with expertise in the field of behavioral or social research.

(4) One member from professional medical or health organizations.

(5) One member from an independent research university in California.

(6) One member drawn from other institutions engaged in research directed at tobacco-related diseases.

(7) One member representing tobacco control for the State Department of Health Services.

(8) One member representing a community-based provider of health education and prevention services.

(d) Committee membership shall be drawn from the ranks of bona fide scientists and individuals fully conversant with the norms of scientific inquiry.

(e) Members shall serve at the pleasure of the President of the University of California. Membership may be staggered in such a way as to maintain a full committee while ensuring a reasonable degree of continuity of expertise and consistency of direction.

(f) Members shall serve without compensation, but may receive reimbursement for travel and other necessary expenses actually incurred in the performance of their official duties.

(g) The Legislature hereby declares that public policy research is an area of compelling interest because of its potential to determine the best methods for reducing tobacco use on a wide scale among Californians. The scientific advisory committee shall give a high priority to proposals for grant awards to fund public policy research.

424.55. It is the intent of the Legislature that the university utilize peer review panels modeled upon the National Institutes of Health peer review process to review all research grants. The membership of these panels shall vary depending on the subject matter of proposals and review requirements, and shall draw on the most qualified individuals from appropriate institutions within and outside the State of California and from within and without the University of California system. The work of the peer review panels shall be administered pursuant to policies and procedures established by the scientific advisory committee. In order to avoid conflicts of interest

and to ensure access to qualified reviewers, the university may utilize reviewers not only from California but also from outside the state. When serving on peer review panels, individuals who have submitted grant applications for funding by this program shall be governed by conflict-of-interest provisions consistent with the National Institutes of Health Manual, Chapter 4510 (item h).

424.60. Research projects funded under this article may include, but are not limited to:

(a) Individual investigator-generated grants. These grants may be awarded to an institution on behalf of a principal investigator for a discrete project related to the investigator's interests and competence.

(b) New investigator grants. These grants may be awarded to an institution to support the work of promising individuals in the initial stages of their research careers.

(c) Center grants. These grants may be awarded to institutions on behalf of a principal investigator and a group of collaborating investigators providing support for long-term multidisciplinary programs of research and development.

(d) Conference grants. These grants may be awarded for funding of conferences in California to coordinate, exchange, and disseminate information related to specific research efforts. These grants may fund honoraria and travel expenses for invited participants from outside California.

424.70. It is the intent of the Legislature that the university, as lead agency, do all of the following:

(a) Provide overall direction and coordination of the program.

(b) Provide staff assistance to the advisory committee and review panels.

(c) Provide for periodic program evaluation, to assure that work funded is consistent with program goals.

(d) Maintain a system of financial reporting and accountability.

(e) Transmit programmatic as well as financial reports to the state, including an annual report on grants made, grants in progress, program accomplishments, and future program directions.

(f) Provide for the systematic dissemination of research results to the public and the health care community, and to provide for a mechanism to disseminate the most current research findings in the areas of smoking cessation and the prevention of tobacco use in order that these findings may be applied to the implementation of the Health Education Account.

(g) Develop policies and procedures to facilitate the translation of research results into commercial applications wherever appropriate.

(h) Undertake an outreach program to inform interested parties of the availability of grants for public policy research in the area of tobacco control.

424.80. It is the intent of the Legislature that projects funded under this article be reimbursed for actual costs, including direct costs and indirect costs incurred by a research institution consistent

with federal guidelines. Indirect cost rates shall not exceed those allowable by the federal government for federally sponsored research. With respect to those institutions that have not negotiated a federal indirect cost reimbursement rate, the university will request information to verify the indirect cost rates.

424.90. It is the intent of the Legislature that no more than 5 percent of the Research Account be used for the purposes of the administration of this article.

424.95. No provision of this article shall apply to the University of California unless the regents of the university, by resolution, make that provision so applicable.

424.97. This article shall become inoperative on July 1, 1996, and, as of January 1, 1997, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. Section 1189.101 of the Health and Safety Code is amended to read:

1189.101. (a) The State Department of Health Services shall select primary care clinics that are licensed under paragraph (1) or (2) of subdivision (a) of Section 1204, or are exempt from licensure under subdivision (c) of Section 1206, to be reimbursed for delivering medical services, including preventative health care, and smoking prevention and cessation health education, to program beneficiaries. In selecting primary care clinics for reimbursement, the department shall give priority to clinics that provide services in a medically underserved area or to a medically underserved population as determined by the department.

(b) As a part of the award process for funding pursuant to this part, the department shall take into account the availability of primary care services in the various geographic areas of the state. The department shall determine which areas within the state have populations which have clear and compelling difficulty in obtaining access to primary care. The department shall consider proposals from new and existing eligible providers to extend clinic services to these populations. The department shall give equal consideration to all applicants, regardless of whether or not they have previously been funded for this program by the department.

(c) Each primary care clinic applying for funds pursuant to this part shall demonstrate that the funds shall be used to expand medical services, including preventative health care, and smoking prevention and cessation health education, for program beneficiaries based on the primary care clinic's projected increase in outpatient visits as compared to the outpatient visits provided in the 1988 calendar year.

(d) (1) For purposes of this part, an outpatient visit shall include, diagnosis and medical treatment services, including the associated pharmacy, X-ray, and laboratory services, and prevention health and case management services that are needed as a result of the outpatient visit. For a new patient, an outpatient visit shall also

include a health assessment encompassing an assessment of smoking behavior and the patient's need for appropriate health education specific to related tobacco use and exposure.

(2) "Case management" includes, for this purpose, the management of all physician services, both primary and specialty, and arrangements for hospitalization, postdischarge care, and followup care.

(e) (1) Payment shall be on a per visit basis at a rate that is determined by the department to be appropriate for an outpatient visit as defined in this section, not to exceed sixty-five dollars (\$65) per outpatient visit.

In developing a statewide uniform rate for an outpatient visit as defined in this part, the department shall consider existing rates of payments for comparable outpatient visits. The department shall review the outpatient visit rate on an annual basis.

(2) The department may also pay for case management services, and may establish a separate, uniform statewide rate for these services which shall be paid in addition to the outpatient visit rate. The rate for case management shall not exceed 5 percent of the rate for an outpatient visit. If, upon establishment of the outpatient visit rate, the department determines that the rate of payment for case management is not adequate to cover the cost of the service, the department may increase the rate for case management, but the rate shall not exceed 10 percent of the outpatient visit rate.

In developing the separate, uniform statewide rate for case management, the department shall take into account rates paid to providers for case management services under any other program funded in whole or in part by the state or federal government. The rates shall be published in accordance with subdivision (e). The department shall review the case management rate on an annual basis.

(3) A primary care clinic may, at its option, and with department approval, provide and be paid for both outpatient visits and case management services.

(f) Not later than January 15 of each year, the department shall adopt and provide each clinic with a schedule for programs under this part, including the date for notification of availability of funds, the deadline for the submission of a completed application, and an anticipated contract award date for successful applicants.

(g) In administering the program created pursuant to this part, the department shall utilize the Medi-Cal program statutes and regulations pertaining to program participation standards, medical and administrative recordkeeping, the ability of the department to monitor and audit clinic records pertaining to program services rendered to program beneficiaries and take recoupments or recovery actions consistent with monitoring and audit findings, and the provider's appeal rights. Each primary care clinic applying for program participation shall certify that it will abide by these statutes and regulations and other program requirements set forth in this

part.

SEC. 8. Section 1189.103 of the Health and Safety Code is amended to read:

1189.103. (a) Each eligible entity applying for funds under this part, as specified in subdivision (a) of Section 1189.101, shall demonstrate in its application that it is providing primary care services, to a medically underserved area or population. Any applicant who has applied for and received a federal or state designation for serving a medically underserved area or population shall be deemed to meet the requirements of subdivision (a) of Section 1189.101.

(b) Each applicant shall also demonstrate to the satisfaction of the department that the proposed services supplement, and do not supplant, those primary care services to program beneficiaries that are funded by any county, state, or federal program.

(c) Each applicant shall demonstrate that it is an active Medi-Cal provider by having a Medi-Cal provider number and diligently billing the Medi-Cal program for services rendered to Medi-Cal eligible patients during the past three months. This subdivision shall not apply to clinics that are not currently Medi-Cal providers, and were funded participants pursuant to this part during the 1993-94 fiscal year.

(d) Each application shall be evaluated by the state department prior to funding to determine all of the following:

(1) The number of program beneficiaries who are in the service area of the applicant, and the number of visits, the scope of primary care services, and the proposed total budget for outpatient visits provided to beneficiaries under this part. The applicant shall provide its most recently audited financial statement to verify budget information.

(2) The applicant's ability to deliver basic primary care to program beneficiaries.

(3) A description of the applicant's operational quality assurance program.

(4) The applicant's use of protocols for the most common diseases in the population served under this part.

SEC. 9. Section 1189.105 of the Health and Safety Code is repealed.

SEC. 10. Section 1189.105 is added to the Health and Safety Code, to read:

1189.105. (a) The department shall utilize existing contractual claims processing services in order to promote efficiency and to maximize use of funds.

(b) The department shall certify which primary care clinics are selected to participate in the program for each specific fiscal year, and how much in program funds each selected primary care clinic will be allocated each fiscal year.

(c) The department shall make an advance payment for funds appropriated for services provided under this part to the selected

primary care clinics in an amount not to exceed 25 percent of a clinic's allocation for visits provided to program beneficiaries. These advance payments may only be made during the 1994-95 fiscal year.

(d) In the event the department's contractual claims processing service is not ready to accept and timely adjudicate program claims by August 15, 1994, the department shall reimburse clinic billings in excess of the advance payment until such time as the contractual claims processing mechanism is viable.

(e) The department shall pay claims from selected primary care clinics up to each clinic's annual allocation, adjusted for advance payments made under subdivision (c) and claims reimbursement made under subdivision (d). Once a clinic has exhausted its annual allocation, the state shall stop paying its program claims.

(f) The department may adjust any selected primary care clinic's allocation to take into account:

(1) An increase in program funds appropriated for the fiscal year.

(2) A decrease in program funds appropriated for the fiscal year.

(3) A clinic's projected inability to fully spend its allocation within the fiscal year.

(4) Surplus funds reallocated from other selected primary care clinics.

(g) The department shall notify all affected primary care clinics in writing prior to adjusting selected primary care clinics' allocations.

(h) Cessation of program payments under subdivision (e) or adjustment of selected primary care clinic's allocations under subdivision (f) shall not be subject to the Medi-Cal appeals process referenced in subdivision (g) of Section 1189.101.

SEC. 11. Section 1189.107 is added to the Health and Safety Code, to read:

1189.107. Final payment adjustments reflecting advance payments pursuant to this part shall be made pursuant to a plan of financial adjustment that is approved by the state department and submitted to the Controller.

SEC. 12. Section 1189.109 of the Health and Safety Code is amended to read:

1189.109. (a) For any condition detected as part of a child health and disability prevention screen for any child eligible for services under Section 24165.3, if the child was screened by the clinic or upon referral by a child health and disability prevention program provider, unless the child is eligible to receive care with no share of cost under the Medi-Cal program, is covered under another publicly funded program, or the services are payable under private coverage, a clinic shall, as a condition of receiving funds under this article, do all of the following:

(1) Insofar as the clinic directly provides these services for other patients, provide medically necessary followup treatment, including prescription drugs.

(2) Insofar as the clinic does not provide treatment for the condition, arrange for the treatment to be provided.

(b) (1) If any child requires treatment the clinic does not provide, the clinic shall arrange for the treatment to be provided, and the name of that provider shall be noted in the patient's medical record.

(2) The clinic shall contact the provider or the patient or his or her guardian, or both, within 30 days after the arrangement for the provision of treatment is made, and shall determine if the provider has provided appropriate care, and shall note the results in the patient's medical record.

(3) If the clinic is not able to determine, within 30 days after the arrangement for the provision of treatment is made, whether the needed treatment was provided, the clinic shall provide written notice to the county child health and disability prevention program director, and shall also provide a copy to the state director of the program.

(c) (1) For the 1994-95 and 1995-96 fiscal years, inclusive, the state department may establish a reimbursement program for referral case management services required pursuant to subdivision (b), provided to a child pursuant to subdivision (a).

(2) The state department may utilize funds appropriated for the purposes of this part for reimbursements under paragraph (1).

(3) (A) The state department shall evaluate the effectiveness of the referral case management program, including the extent to which children actually receive appropriate treatment for conditions detected as part of the Child Health and Disability Prevention Program examination.

(B) The state department shall report the evaluation required by subparagraph (A) to the health policy committee of each house of the Legislature no later than April 1 of each year.

SEC. 13. Section 1189.113 of the Health and Safety Code is amended to read:

1189.113. This part shall remain operative only until July 1, 1996, and shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is effective on or before January 1, 1997, deletes or extends that date.

SEC. 14. Section 24162 of the Health and Safety Code is amended to read:

24162. (a) There is hereby created the Tobacco Education and Research Oversight Committee in state government which shall advise the State Department of Health Services and the State Department of Education with respect to policy development, integration, and evaluation of tobacco education programs funded under this chapter, and for development of a master plan for the future implementation of tobacco education programs.

(b) The Tobacco Education Oversight Committee shall be composed of 13 members to be appointed as follows:

(8) One member representing the interests of the general public appointed by the Governor.

(9) One representative of local health departments appointed by the Governor.

(10) One member representing a volunteer health organization dedicated to the reduction of tobacco associated injury appointed by the Governor.

(11) One member from the Tobacco Related Disease Research Program appointed by the Governor.

(c) Members shall serve for a term of two years, renewable at the option of the appointing authority. The initial appointments of members shall be for two or three years, to be drawn by random lot at the first meeting. The committee shall be staffed by the State Department of Health Services' coordinator of the program created pursuant to Section 24164.

(d) The committee shall meet as often as it deems necessary, but shall meet not less than four times per year.

(e) The members of the committee shall serve without compensation, but shall be reimbursed for necessary travel expenses incurred in the performance of the duties of the committee.

SEC. 15. Section 24163 of the Health and Safety Code is amended to read:

24163. The committee shall be advisory to the State Department of Health Services, the University of California, and State Department of Education for the following purposes:

In order to evaluate tobacco education, research, and cessation programs, the committee shall seek the cooperation and assistance of the State Department of Health Services, the State Department of Education, county offices of education, local lead agencies, administrative representatives, target populations, school officials, and researchers. A principal measurement of effectiveness shall be reduction of smoking rates

among a given target population.

(b) Facilitation of programs directed at reducing and eliminating tobacco use that are operated jointly by more than one agency or entity. The committee shall propose strategies for the coordination of proposed programs administered by the State Department of Health Services, the University of California, and the State Department of Education in order to avoid the duplication of services and to maximize the public benefit of the programs.

(c) Make recommendations to the State Department of Health Services, the University of California, and the State Department of Education regarding the most appropriate criteria for the selection of, standards of the operation of, and the types of programs to be funded under this chapter.

(d) Reporting to the Legislature on or before January 1 of each year on the number and amount of tobacco education programs funded by the Health Education Account, created by Section 30122 of the Revenue and Taxation Code, the amount of money in the account, any moneys previously appropriated to the State Department of Health Services, the University of California, and the State Department of Education but unspent by the departments, a description and assessment of all programs funded under this chapter, and recommendations for any necessary policy changes or improvements for tobacco education programs.

(e) Ensuring that the most current research findings regarding tobacco use prevention are applied in designing the tobacco education programs administered by the State Department of Health Services and the State Department of Education. The State Department of Health Services and the State Department of Education shall apply the most current findings and recommendations of research including research funded by the Research Account of the Cigarette and Tobacco Products Surtax Fund created by Section 30122 of the Revenue and Taxation Code.

The master plan shall include implementation strategies for each target population specified in Section 24161.5 for programs throughout this state. The Tobacco Education and Research Oversight Committee shall submit the master plan to the Legislature on or before January 1, 1991, and shall be updated every two years thereafter until a progress report is completed on January 15, 2000. The master plan and its revisions shall include recommendations on administrative arrangements, funding priorities, integration and coordination of approaches by the State Department of Health Services, the University of California, and the State Department of Education and their support systems, as well as progress reports relating to each target population. The master plan shall establish a goal of achieving a 75-percent reduction in tobacco

consumption in California by the year 1999.

SEC. 16. Section 24164 of the Health and Safety Code is amended to read:

24164. (a) To prevent tobacco-related diseases and diminish tobacco use, the State Department of Health Services shall establish within the state department a program on tobacco use and health to reduce tobacco use in California by conducting health education interventions and behavior change programs at the state level, in the community, and other nonschool settings.

(b) The state department shall conduct statewide surveillance of tobacco-related behaviors, knowledge, and attitudes and evaluate the state department's local and state tobacco control programs under this chapter. At a minimum, these evaluation activities shall utilize scientifically appropriate methods for monitoring the annual progress of the program in reducing the adult smoking prevalence from the 1993 benchmark rate of 20 percent and reducing cigarette consumption from the 1993 per capita benchmark rate of 4.84 packs per quarter. These surveillance and evaluation activities may include, but need not be limited to, the following:

Initial media efforts shall be directed to specific target populations. The contractors selected shall be provided with all available survey information resulting from ongoing programs funded under this chapter. Priority shall be given to minor children, ages 6 to 14, inclusive. The medium used shall be determined to be the most effective at reaching this targeted age group. With respect to the broadcast media, the message shall be aired at times expected to reach the priority age group. With respect to the print media, publications to be used shall be those which appeal to the priority age group.

The guidelines shall require local public health departments to provide services directed at preventing tobacco use and promoting smoking cessation to the target populations enumerated in Section 24161.5 and to persons under 19 years of age who no longer attend school and to youth attending school who are not served through State Department of Education

funded programs. The guidelines shall require for each target population to be served a description of the services to be provided, an estimate of the number to be served, an estimate of the success rate, and a method to determine to what extent goals have been achieved. Beginning with the 1990–91 fiscal year, and for each fiscal year thereafter, the guidelines shall require local lead agencies to describe how local funding decisions will take into account evaluations of program effectiveness and efficiency. (p) The department shall establish, in consultation with the State

Department of Education and county offices of education, a data collection and data management program to study effective tobacco use interventions. Under this program the department may contract for studies and evaluations in school-based and community-based programs. The department shall consult with the State Department of Education regarding the collection and evaluation of program data.

(3) Any child who was conceived as a result of contraceptive failure if the parent was using an intrauterine device, a Norplant, or the sterilization of either parent.

(c) This section shall not apply to any child born on or before November 1, 1995.

(d) (1) This section shall not apply to any child to whom it would otherwise apply if the family has not received aid for 24 consecutive months while the child was living with the family.

(2) This section shall not apply to any child conceived when either parent was a nonneedy caretaker relative.

(3) This section shall not apply to any child who is no longer living in the same home with either parent.

(e) One hundred percent of any child support payment received for a child born into the family, but for whom the maximum aid payment is not increased pursuant to this section, shall be paid to the

assistance unit. Any such child support payment shall not be considered as income to the family for the purpose of calculating the amount of aid for which the family is eligible under this article.

(f) Commencing January 1, 1995, each county welfare department shall notify applicants for assistance under this chapter, in writing, of the provisions of this section. The notification shall also be provided to recipients of aid under this chapter, in writing, at the time of recertification, or sooner. The notification required by this section shall set forth the provisions of this section and shall state explicitly the impact these provisions would have on the future aid to the assistance unit. This section shall not apply to any recipient's child earlier than 12 months after the mailing of an informational notice as required by this subdivision.

(g) (1) The department shall seek all appropriate federal waivers for the implementation of this section.

(2) The department shall implement this section commencing on the date the Director of Social Services executes a declaration, that shall be retained by the director, stating that the administrative actions required by paragraph (1) as a condition of implementation of this section have been taken by the United States Secretary of Health and Human Services.

(h) Subdivisions (a) to (g), inclusive, shall become operative on January 1, 1995.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 197

An act to repeal Part 5 (commencing with Section 580) of Division 3 of the Family Code, relating to marriage.

[Approved by Governor July 15, 1994. Filed with
Secretary of State July 18, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Part 5 (commencing with Section 580) of Division 3 of the Family Code is repealed.

CHAPTER 198

An act to amend Sections 17922.9, 50686.5, and 50896.3 of, and to add Sections 50517.6 and 50833.1 to, the Health and Safety Code, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 15, 1994. Filed with
Secretary of State July 18, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 17922.9 of the Health and Safety Code is amended to read:

17922.9. (a) The Legislature hereby finds and declares that the provision of an adequate level of affordable housing, in and of itself, is a fundamental responsibility of the state and that a generally inadequate supply of decent, safe, and sanitary housing affordable to persons of low and moderate income threatens orderly community and regional development, including job creation, attracting new private investment, and creating the physical, economic, social, and environmental conditions to support continued growth and security of all areas of the state.

The Legislature further finds and declares that many rural communities depend on mortgage financing available through the Farmers Home Administration and that the continued construction of affordable housing is a priority for the state. However, the Legislature, in requiring waiver of certain local requirements respecting adequacy of garages and carports and house size, does not endorse the restrictive Farmers Home Administration regulations that preclude financing of two-car garages and houses exceeding a maximum size.

The Legislature further finds and declares that inadequate housing supplies have a negative impact on regional development and are, therefore, a matter of statewide interest and concern.

(b) Notwithstanding any local ordinance, charter provision, or regulation to the contrary, if the applicant for a building permit for construction of a qualifying residential structure submits with the application a conditional loan commitment letter or letter of intent to finance issued by the Farmers Home Administration of the United States Department of Agriculture for the structure, the city, county, or city and county issuing the building permit shall not impose any requirement on the permit respecting the size or capacity of any appurtenant garage or carport or house size which exceeds the size or capacity that the Farmers Home Administration will finance under its then applicable regulations and policies. "Qualifying residential structure," as used in this section, means any single-family or multifamily residential structure financed by the Farmers Home Administration and which is restricted pursuant to federal law to

ownership or occupancy by households with incomes not exceeding the income criteria for persons and families of low and moderate income, as defined by Section 50093, or more restrictive income criteria.

(c) This section does not preclude a city, county, or city and county from requiring the provision of one uncovered, paved parking space located outside the required setback and outside the driveway approach to the garage or covered parking space plus a garage or covered parking space that does not exceed the size and capacity allowed for Farmers Home Administration financing. However, this setback requirement may not exceed the setbacks applicable to single-family dwelling units in the same zoning district that have two-car garages.

SEC. 1.5. Section 50517.6 is added to the Health and Safety Code, to read:

50517.6. (a) The department may set aside the amount of funds authorized by subdivision (d) for the purposes of curing or averting a default on the terms of any loan or other obligation by the recipient of financial assistance, or bidding at any foreclosure sale where the default or foreclosure sale would jeopardize the department's security in the dwelling unit assisted pursuant to this chapter.

(b) The department may use the set-aside funds made available pursuant to this chapter to repair or maintain any dwelling unit assisted pursuant to this chapter which was acquired to protect the department's security interest in the dwelling unit.

(c) The payment or advance of funds by the department pursuant to this section shall be exclusively within the department's discretion, and no person shall be deemed to have any entitlement to the payment or advance of those funds. The amount of any funds expended by the department for the purposes of curing or averting a default shall be added to any grant amount secured by the lien and shall be payable to the department upon demand.

(d) On the effective date of the act that adds this section, the department may set aside up to two hundred thousand dollars (\$200,000) from the Farmworker Housing Grant Fund for the purposes authorized by this section. On July 1 of each subsequent fiscal year, the department may set aside, for the purposes of this section, up to 4 percent of the funds available in the Farmworker Housing Grant Fund on that date.

SEC. 2. Section 50686.5 of the Health and Safety Code is amended to read:

50686.5. (a) Notwithstanding any other provision of law, any public housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 which is providing, or proposes to provide, housing for persons requiring supportive services may apply to the federal Department of Housing and Urban Development for federal housing subsidies therefor.

(b) (1) On or after July 1, 1994, the department, with the approval of the federal Department of Housing and Urban

Development, shall transfer, in accordance with subdivision (c), all contracts entered into under this section to public housing authorities created by Part 2 (commencing with Section 34200) of Division 24. Prior to the transfer of vouchers and certificates that are specifically designated for the use of persons with disabilities, the public housing authority shall deliver to the department a letter attesting to its intent to maintain the vouchers and certificates for the use of persons with disabilities, including the maintenance of a separate list of eligible voucher and certificate applicants to the extent allowed by federal law. The list shall be specially coded and identified as a local preference for Aftercare eligible certificate and voucher holders. The department shall make copies of the letters of intent available to any person who requests that information.

(2) Each housing authority shall be required to annually report on its Aftercare activities in its annual Section 8 Certificate and Voucher Program report submitted to the federal Department of Housing and Urban Development and the department and to any representative of the disabled community that requests that information. All information in the annual Aftercare report shall be subject to public comment and review at a properly noticed Housing Authority Commission meeting.

(c) The transfers authorized pursuant to paragraph (1) of subdivision (b) shall not occur unless and until the federal Department of Housing and Urban Development, prior to March 1, 1994, has notified the department, in writing, that the transfer can be structured so that the Aftercare vouchers and certificates will continue to serve the program's existing and future clients.

SEC. 3. Section 50833.1 is added to the Health and Safety Code, to read:

50833.1. (a) In the event that the department is allocated supplemental funds in excess of the state's annual program allocation pursuant to subdivision (d) of Section 5306 of Title 42 of the United States Code to meet an extraordinary need, including funds provided to serve as an economic stimulus to the economy of California, or in the event that federal funds are required to be set aside from the department's annual allocation pursuant to federal law or regulation, the department may distribute these supplemental or federally mandated set-aside funds pursuant to guidelines to be set forth in a special Notice of Funding Availability.

(b) The distribution of supplemental or federally mandated set-aside funds under this section shall not be subject to the requirements of Sections 50831, 50832, and 50833, and shall be made notwithstanding any special allocations specified in Subchapter 2 (commencing with Section 7050) of Chapter 7 of Division 1 of Title 25 of the California Code of Regulations.

(c) The guidelines for the distribution of supplemental allocations and federally mandated set-aside funds shall not be subject to any provision of Subchapter 2 (commencing with Section 7050) of Chapter 7 of Division 1 of Title 25 of the California Code of

Regulations that the department determines to be in conflict with the purpose of, or impair the achievement of the goals of, the supplemental allocation or the federally mandated set-aside funds.

(d) The department may adopt emergency regulations to implement this section. The adoption of any emergency regulations to implement this section that are filed with the Office of Administrative Law within one year of the effective date of the federal act that allocates these supplemental funds shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

SEC. 4. Section 50896.3 of the Health and Safety Code is amended to read:

50896.3. (a) All HOME funds made available to the state shall be allocated by the department for the purposes specified in HOME in accordance with the following provisions:

(1) The department may allocate state HOME funds to local agencies that do not meet the threshold entitlement in an amount not to exceed the difference between the computed entitlement and the threshold.

(2) The department may allocate HOME funds, in an amount determined by the department, to any local agency that does not receive a formula allocation.

(3) The department may allocate HOME funds to housing sponsors who are eligible to participate and meet the standards required in the housing programs authorized by Part 2 (commencing with Section 50400) of this division.

(b) The department shall, on or before January 15, 1994, adopt regulations which set forth procedures and program standards, for the combined use of HOME and state funds, that are compatible and consistent with both federal and state law.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize the Department of Housing and Community Development to establish a reserve account within the Farmworker Housing Grant Fund to provide the department with the ability to cure or avert potential default or avoid a foreclosure sale that would jeopardize the department's security in dwelling units financed through the program, and in order to provide vital financial support for the other housing programs addressed by this bill, thereby taking steps to alleviate the ongoing housing crisis in California, it is necessary that this act take effect immediately.

CHAPTER 199

An act to amend Section 1502.4 of the Health and Safety Code, and to amend Sections 4096 and 4096.5 of, and to amend, repeal, and add Section 11462.01 of, the Welfare and Institutions Code, relating to foster homes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 15, 1994. Filed with
Secretary of State July 18, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1502.4 of the Health and Safety Code is amended to read:

1502.4. (a) (1) A community care facility licensed as a group home for children pursuant to this chapter may accept for placement, and provide care and supervision to, a child assessed as seriously emotionally disturbed as long as the child does not need inpatient care in a licensed health facility.

(2) For the purpose of this chapter, the following definitions shall apply:

(A) "Inpatient care in a licensed health facility" means care and supervision at a level greater than incidental medical services as specified in Section 1507.

(B) "Seriously emotionally disturbed" means the same as paragraph (2) of subdivision (a) of Section 5600.3 of the Welfare and Institutions Code.

(b) If a child described in subdivision (a) is placed into a group home program classified at rate classification level 13 or rate classification level 14 pursuant to Section 11462.01 of the Welfare and Institutions Code, the licensee shall meet both of the following requirements:

(1) The licensee shall agree to accept, for placement into its group home program, only children who have been assessed as seriously emotionally disturbed by either of the following:

(A) An interagency placement committee, as described in Section 4096 of the Welfare and Institutions Code or by a licensed mental health professional, as defined in Sections 629 to 633, inclusive, of Title 9 of the California Code of Regulations.

(B) A licensed mental health professional pursuant to paragraph (3) of subdivision (i), or subdivision (j), of Section 11462.01 of the Welfare and Institutions Code if the child is privately placed or only county funded.

(2) The program is certified by the State Department of Mental Health, pursuant to Section 4096.5 of the Welfare and Institutions Code, as a program that provides mental health treatment services for seriously emotionally disturbed children.

(c) The department shall not evaluate, or have any responsibility

or liability with regard to the evaluation of, the mental health treatment services provided pursuant to this section and paragraph (3) of subdivision (f) of Section 11462.01 of the Welfare and Institutions Code.

SEC. 2. Section 4096 of the Welfare and Institutions Code is amended to read:

4096. (a) (1) Interagency collaboration and children's program services shall be structured in a manner that will facilitate future implementation of the goals of the Children's Mental Health Services Act.

(2) Components shall be added to state-county performance contracts required in Section 5650 that provide for reports from counties on how this section is implemented.

(3) The department shall develop performance contract components required by paragraph (2).

(4) Performance contracts subject to this section shall document that the procedures to be implemented in compliance with this section have been approved by the county social services department and the county probation department.

(b) Funds specified in subdivision (a) of Section 17601 for services to wards of the court and dependent children of the court shall be allocated and distributed to counties based on the number of wards of the court and dependent children of the court in the county.

(c) A county may utilize funds allocated pursuant to subdivision (b) only if the county has an established and operational interagency placement committee, with a membership that includes at least the county placement agency and a licensed mental health professional from the county department of mental health. If necessary, the funds may be used for costs associated with establishing the interagency placement committee.

(d) Subsequent to the establishment of an interagency placement committee, funds allocated pursuant to subdivision (b) shall be used to provide services to wards of the court and dependent children of the court jointly identified by county mental health, social services, and probation departments as the highest priority. Every effort shall be made to match those funds with funds received pursuant to Title XIX of the federal Social Security Act, contained in Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

(e) (1) Each interagency placement committee shall establish procedures whereby a ward of the court or dependent child of the court, or a voluntarily placed child whose placement is funded by the Aid to Families with Dependent Children-Foster Care Program, who is to be placed or is currently placed in a group home program at a rate classification level 13 or rate classification level 14 as specified in Section 11462.01, is assessed as seriously emotionally disturbed, as defined in Section 5600.3 and Section 1502.4 of the Health and Safety Code.

(2) The assessment required by paragraph (1) shall also indicate
