(3) "Replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling.

(4) "Original property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of original property includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate original property.

(5) "Equal or lesser value" means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash

value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

For the purposes of this paragraph, except as otherwise provided in paragraph (4) of subdivision (h), if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the "replacement dwelling is purchased or newly constructed" is the date of purchase or the date of completion of construction, whichever is later.

(6) "Full cash value of the replacement dwelling" means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) "Full cash value of the original property" means its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) "Sale" means any change in ownership of the original property for consideration.

(9) "Claimant" means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the replacement dwelling, the spouse is also a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has been met.

(10) "Property that is eligible for the homeowner's exemption" includes property that is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(11) "Person" means any individual, but does not include any firm, partnership, association, corporation, company, or other legal entity or organization of any kind.

(12) "Severely and permanently disabled" means any person described in subdivision (b) of Section 74.3.

(h) (1) Upon the timely filing of a claim, the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(A) The date the original property is sold.

(B) The date the replacement dwelling is purchased.

(C) The date the new construction of the replacement dwelling is completed.

(2) Any taxes that were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount that would be due when determined on the basis of the adjusted new base year value.

(3) Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(4) In the case where a claim under this section has been timely filed and granted, and new construction is performed upon the replacement dwelling subsequent to the transfer of base year value, the property tax relief provided by this section also shall apply to the replacement dwelling, as improved, and thus there shall be no reassessment upon completion of the new construction if both of the following conditions are met:

(A) The new construction is completed within two years of the date of the sale of the original property and the owner notifies the assessor in writing of completion of the new construction within 30 days after completion.

(B) The fair market value of the new construction on the date of completion, plus the full cash value of the replacement dwelling on the date of acquisition, is not more than the full cash value of the original property as determined pursuant to paragraph (7) of subdivision (g) for purposes of granting the original claim.

(i) Any claimant may rescind a claim for the property tax relief provided by this section and shall not be considered to have received that relief for purposes of paragraph (7) of subdivision (b), if a written notice of rescission is delivered to the office of the assessor in which the original claim was filed and all of the following have occurred:

(1) The notice is signed by the original filing claimant or claimants.

(2) The notice is delivered to the office of the assessor before the date that the county first issues, as a result of relief granted under this section, a refund check for property taxes imposed upon the replacement dwelling. If granting relief will not result in a refund of property taxes, then the notice shall be delivered before payment is first made of any property taxes, or any portion thereof, imposed upon the replacement dwelling consistent with relief granted under this section. If payment of the taxes is not made, then notice shall be delivered before the first date that those property taxes, or any portion thereof, imposed upon the replacement dwelling, consistent with relief granted under this section, are delinquent.

(3) The notice is accompanied by the payment of a fee as the assessor may require, provided that the fee shall not exceed an amount reasonably related to the estimated cost of processing a

rescission claim, including both direct costs and developmental and indirect costs, such as costs for overhead, personnel, supplies, materials, office space, and computers.

(j) (1) This section, except as provided in paragraph (2) or (3), shall apply to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(2) With respect to the transfer of base year value by a severely and permanently disabled person, this section shall apply only to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(3) The amendments made to subdivision (e) by the act adding this paragraph shall apply only to replacement dwellings under Section 69 that are acquired or newly constructed on or after October 20, 1991, and shall apply commencing with the 1991-92 fiscal year.

(k) The amendments to this section made by the act adding this subdivision shall become operative on January 1, 1999.

SEC. 8. Section 75.21 of the Revenue and Taxation Code is amended to read:

75.21. (a) Exemptions shall be applied to the amount of the supplemental assessment, provided that the property is not receiving any other exemption on either the current roll or the roll being prepared except as provided for in subdivision (b), that the assessee is eligible for the exemption, and that in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for the exemption.

(b) If the property received an exemption on the current roll or the roll being prepared and the assessee on the supplemental roll is eligible for an exemption and in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for an exemption of a greater amount, then the difference in the amount between the two exemptions shall be applied to the supplemental assessment.

(c) In those instances in which the provisions of this division require the filing of claims for exemption, except as provided in subdivision (d) or (e), any person claiming to be eligible for an exemption to be applied against the amount of the supplemental assessment shall file a claim or an amendment to a current claim, in that form as prescribed by the board, on or before the 30th day following the date of notice of the supplemental assessment, in order to receive a 100 percent exemption.

(1) With respect to property as to which the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, public schools, community colleges, state colleges, state universities, or welfare exemption was available but for which a timely application for exemption was not filed, the following amounts shall be canceled or refunded:

(A) Ninety percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two

hundred fifty dollars (\$250) in total amount, whichever is greater, for each supplemental assessment, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(B) Eighty-five percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars (\$250) in total amount, whichever is greater, for each supplemental assessment, if an appropriate application for exemption is thereafter filed.

(2) With respect to property as to which the welfare exemption or veterans' organization exemption was available, all provisions of Section 254.5, other than the specified dates for the filing of affidavits and other acts, are applicable to this section.

(3) With respect to property as to which the veterans', homeowners', or disabled veterans' exemption was available but for which a timely application for exemption was not filed, that portion of tax attributable to 80 percent of the amount of exemption available shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(4) With respect to property as to which any other exemption was available, but for which a timely application for exemption was not filed, the following amounts shall be canceled or refunded:

(A) Ninety percent of any tax or penalty or interest thereon, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(B) Eighty-five percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars (\$250) in total amount, whichever is greater, for each supplemental assessment, if an appropriate application for exemption is thereafter filed.

Other provisions of this division pertaining to the late filing of claims for exemption do not apply to assessments made pursuant to this chapter.

(d) For purposes of this section, any claim for the homeowners' exemption, veterans' exemption, or disabled veterans' exemption previously filed by the owner of a dwelling, granted and in effect, constitutes the claim or claims for that exemption required in this section. In the event that no claim for the homeowners' exemption, veterans' exemption, or disabled veterans' exemption is in effect, a claim for any of those exemptions for a single supplemental assessment for a change in ownership or new construction occurring on or after June 1, up to and including February 29, shall apply to that assessment; a claim for any of those exemptions for the two supplemental assessments for a change in ownership or new

construction occurring on or after March 1, up to and including May 31, one for the current fiscal year and one for the following fiscal year, shall apply to those assessments. In either case, if granted, the claim shall remain in effect until title to the property changes, the owner does not occupy the home as his or her principal place of residence on the lien date, or the property is otherwise ineligible pursuant to Section 205, 205.5, or 218.

(e) Notwithstanding subdivision (c), no additional exemption claim shall be required to be filed until the next succeeding lien date in the case in which a supplemental assessment results from the completion of new construction on property that has previously been granted exemption on either the current roll or the roll being prepared.

SEC. 9. Section 75.5 of the Revenue and Taxation Code is amended to read:

75.5. "Property" means and includes real property, other than fixtures which are normally valued as a separate appraisal unit from a structure, and manufactured homes subject to taxation under Part 13 (commencing with Section 5800).

SEC. 10. Section 107.4 of the Revenue and Taxation Code is repealed.

SEC. 11. Section 170 of the Revenue and Taxation Code, as amended by Chapter 33 of the Statutes of 1994, is amended to read:

170. (a) Notwithstanding any provision of law to the contrary, the board of supervisors may, by ordinance, provide that every assessee of any taxable property, or any person liable for the taxes thereon, whose property was damaged or destroyed without his or her fault, may apply for reassessment of that property as provided herein.

To be eligible for reassessment the damage or destruction to the property shall have been caused by any of the following:

(1) A major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if that property was damaged or destroyed by the major misfortune or calamity that caused the Governor to proclaim the area or region to be in a state of disaster. As used in this paragraph "damage" includes a diminution in the value of property as a result of restricted access to the property where that restricted access was caused by the major misfortune or calamity.

(2) A misfortune or calamity.

(3) A misfortune or calamity that, with respect to a possessory interest in land owned by the state or federal government has caused the permit or other right to enter upon the land to be suspended or restricted. As used in this paragraph, "misfortune or calamity" includes a drought condition such as existed in this state in 1976 and 1977.

The application for reassessment may be filed within the time specified in the ordinance, or, if no time is specified, within 60 days of the misfortune or calamity, by delivering to the assessor a written

application requesting reassessment showing the condition and value, if any, of the property immediately after the damage or destruction, and the dollar amount of the damage. The application shall be executed under penalty of perjury, or if executed outside the State of California, verified by affidavit.

An ordinance may be made applicable to a major misfortune or calamity specified in paragraph (1) or to any misfortune or calamity specified in paragraph (2), or to both, as the board of supervisors determines. An ordinance may not be made applicable to a misfortune or calamity specified in paragraph (3), unless an ordinance making paragraph (2) applicable is operative in the county. The ordinance may specify a period of time within which the ordinance shall be effective, and, if no period of time is specified, it shall remain in effect until repealed.

(b) Upon receiving a proper application, the assessor shall appraise the property and determine separately the full cash value of land, improvements and personalty immediately before and after the damage or destruction. If the sum of the full cash values of the land, improvements and personalty before the damage or destruction exceeds the sum of the values after the damage by five thousand dollars (\$5,000) or more, the assessor shall also separately determine the percentage reductions in value of land, improvements and personalty due to the damage or destruction. The assessor shall reduce the values appearing on the assessment roll by the percentages of damage or destruction computed pursuant to this subdivision, and the taxes due on the property shall be adjusted as provided in subdivision (e). However, the amount of the reduction shall not exceed the actual loss.

(c) The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

Those reassessed values resulting from reductions in full cash value of amounts, as determined above, shall be forwarded to the auditor by the assessor or the clerk of the local equalization board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, those reassessed values shall not be subject to review, except by a court of competent jurisdiction.

(d) If no application is made and the assessor determines that within the preceding six months a property has suffered damage caused by misfortune or calamity that may qualify the property

owner for relief under an ordinance adopted under this section, the assessor shall provide the last known owner of the property with an application for reassessment. The property owner shall file the completed application within 30 days of notification by the assessor but in no case more than six months after the occurrence of said damage. Upon receipt of a properly completed, timely filed application, the property shall be reassessed in the same manner as required in subdivision (b).

(e) The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of the misfortune or calamity, shall be applied to the amount of the reassessment as determined in accordance with this section and the assessee shall be liable for: (1) a prorated portion of the taxes that would have been due on the property for the current fiscal year had the misfortune or calamity not occurred, to be determined on the basis of the number of months in the current fiscal year prior to the misfortune or calamity; plus, (2) a proration of the tax due on the property as reassessed in its damaged or destroyed condition, to be determined on the basis of the number of months in the fiscal year after the damage or destruction, including the month in which the damage was incurred. If the damage or destruction occurred after March 1 and before the beginning of the next fiscal year, the reassessment shall be utilized to determine the tax liability for the next fiscal year provided, however, that if the property is fully restored during the next fiscal year, taxes due for that year shall be prorated based on the number of months in the year before and after the completion of restoration.

(f) Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9, as an erroneously collected tax or by order of the board of supervisors without the necessity of a claim being filed pursuant to Chapter 5.

(g) The assessed value of the property in its damaged condition, as determined pursuant to subdivision (b) compounded annually by the inflation factor specified in subdivision (a) of Section 51, shall be the taxable value of the property until it is restored, repaired, reconstructed or other provisions of the law require the establishment of a new base year value.

If partial reconstruction, restoration, or repair has occurred on any subsequent lien date, the taxable value shall be increased by an amount determined by multiplying the difference between its factored base year value immediately before the calamity and its assessed value in its damaged condition by the percentage of the repair, reconstruction, or restoration completed on that lien date.

(h) (1) When the property is fully repaired, restored, or reconstructed, the assessor shall make an additional assessment or assessments in accordance with subparagraph (A) or (B) upon completion of the repair, restoration, or reconstruction:

(A) If the completion of the repair, restoration, or reconstruction

occurs on or after March 1, but on or before May 31, then there shall be two additional assessments. The first additional assessment shall be the difference between the new taxable value as of the date of completion and the taxable value on the current roll. The second additional assessment shall be the difference between the new taxable value as of the date of completion and the taxable value to be enrolled on the roll being prepared.

(B) If the completion of the repair, restoration, or reconstruction occurs on or after June 1, but before the succeeding March 1, then the additional assessment shall be the difference between the new taxable value as of the date of completion and the taxable value on the current roll.

(2) On the lien date following completion of the repair, restoration, or reconstruction, the assessor shall enroll the new taxable value of the property as of that lien date.

(3) For purposes of this subdivision, "new taxable value" shall mean the lesser of the property's (A) full cash value, or (B) factored base year value or its factored base year value as adjusted pursuant to subdivision (c) of Section 70.

(i) The assessor may apply Chapter 3.5 (commencing with Section 75) of Part 0.5 in implementing this section, to the extent that chapter is consistent with this section.

(j) This section applies to all counties, whether operating under a charter or under the general laws of this state.

(k) Any ordinance in effect pursuant to Section 155.1, 155.13, or 155.14 shall remain in effect according to its terms as if that ordinance was adopted pursuant to this section, subject to the limitations of subdivision (b).

(l) In lieu of subdivision (d), if no application is made and the assessor determines that within the preceding six months a property has suffered damage caused by misfortune or calamity, that may qualify the property owner for relief under an ordinance adopted under this section, the assessor may, with the approval of the board of supervisors, reassess the property as provided in subdivision (b) and notify the last known owner of the property of the reassessment.

SEC. 11.5. Section 273.5 of the Revenue and Taxation Code is amended to read:

273.5. (a) If a claimant for the veterans' exemption for the 1976-77 fiscal year or any year thereafter fails to file the required affidavit with the assessor by 5 p.m. on April 15 of the calendar year in which the fiscal year begins, but files that claim on or before the following December 10, an exemption of the lesser of three thousand two hundred dollars (\$3,200) or 80 percent of the full value of the property shall be granted by the assessor.

(b) On those claims filed pursuant to subdivision (a) after November 15, this exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10, and the delinquent penalty provided for in this division will attach if the tax

amount due is not paid.

If this exemption is applied to the second installment and if both installments are paid on or before December 10, or if the reduction in taxes from this exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

SEC. 12. Section 276 of the Revenue and Taxation Code is amended to read:

276. (a) A claimant for the disabled veterans' property tax exemption for the 1976-77 fiscal year or any year thereafter may qualify for a partial exemption if the claimant fails to file the required affidavit with the assessor by 5 p.m. on April 15 of the calendar year in which the fiscal year begins, but files the claim on or before the following December 10. Commencing with the 1979-80 assessment year, late-filed claims for the forty thousand dollar (\$40,000) exemption provided in Section 205.5 shall receive the lesser of thirty-two thousand dollars (\$32,000) or 80 percent of the full value of the dwelling. Late-filed claims for the sixty thousand dollar (\$60,000) exemption provided in Section 205.5, when filed in conjunction with late-filed claims for the forty thousand dollar (\$40,000) exemption, shall receive the lesser of forty-eight thousand dollars (\$48,000) or 80 percent of the full value of the dwelling. Late-filed claims for the sixty thousand dollar (\$60,000) exemption, when filed in conjunction with timely filed claims for the forty thousand dollar (\$40,000) exemption, shall receive the lesser of fifty-six thousand dollars (\$56,000) or forty thousand dollars (\$40,000) plus 80 percent of the full value of the dwelling over forty thousand dollars (\$40,000). Commencing with the 1984-85 assessment year, late-filed claims for the one hundred thousand dollar (\$100,000) exemption provided in Section 205.5 shall receive the lesser of eighty thousand dollars (\$80,000) or 80 percent of the full value of the dwelling. Commencing with the 1990-91 assessment year, late-filed claims for the one hundred fifty thousand dollar (\$150,000) exemption provided in Section 205.5, when filed in conjunction with late-filed claims for the one hundred thousand dollar (\$100,000) exemption, shall receive the lesser of one hundred twenty thousand dollars (\$120,000) or 80 percent of the full value of the dwelling. Commencing with the 1990-91 assessment year, late-filed claims for the one hundred fifty thousand dollar (\$150,000) exemption, when filed in conjunction with timely filed claims for the one hundred thousand dollar (\$100,000) exemption, shall receive the lesser of one hundred forty thousand dollars (\$140,000) or one hundred thousand dollars (\$100,000) plus 80 percent of the full value of the dwelling over one hundred thousand dollars (\$100,000).

(b) On those claims filed pursuant to subdivision (a) after November 15, this exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10, and the delinquent penalty provided for in this division will attach if the tax

amount due is not paid.

If this exemption is applied to the second installment and if both installments are paid on or before December 10, or if the reduction in taxes from this exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

SEC. 13. Section 480 of the Revenue and Taxation Code is amended to read:

480. (a) Whenever there occurs any change in ownership of real property or of a manufactured home that is subject to local property taxation and is assessed by the county assessor, the transferee shall file a signed change in ownership statement in the county where the real property or manufactured home is located, as provided for in subdivision (c). In the case of a change in ownership where the transferee is not locally assessed, no change in ownership statement is required.

(b) The personal representative shall file a change in ownership statement with the county recorder or assessor in each county in which the decedent owned real property at the time of death that is subject to probate proceedings. The statement shall be filed prior to or at the time the inventory and appraisal is filed with the court clerk. In all other cases in which an interest in real property is transferred by reason of death, including a transfer through the medium of a trust, the change in ownership statement or statements shall be filed by the trustee (if the property was held in trust) or the transferee with the county recorder or assessor in each county in which the decedent owned an interest in real property within 150 days after the date of death.

(c) Except as provided in subdivision (d), the change in ownership statement as required pursuant to subdivision (a) shall be declared to be true under penalty of perjury and shall give that information relative to the real property or manufactured home acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. The information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question that is not germane to the assessment function. The statement shall contain a notice informing the transferee of the property tax relief available under Section 69.5. The statement shall contain a notice that is printed, with the title in at least 12-point boldface type and the body in at least 8-point boldface type, in the following form:

“Important Notice”

“The law requires any transferee acquiring an interest in real property or manufactured home subject to local property taxation,

and that is assessed by the county assessor, to file a change in ownership statement with the county recorder or assessor. The change in ownership statement must be filed at the time of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership, except that where the change in ownership has occurred by reason of death the statement shall be filed within 150 days after the date of death or, if the estate is probated, shall be filed at the time the inventory and appraisal is filed. The failure to file a change in ownership statement within 45 days from the date of a written request by the assessor results in a penalty of either: (1) one hundred dollars (\$100), or (2) 10 percent of the taxes applicable to the new base year value reflecting the change in ownership of the real property or manufactured home, whichever is greater, but not to exceed two thousand five hundred dollars (\$2,500) if that failure to file was not willful. This penalty will be added to the assessment roll and shall be collected like any other delinquent property taxes, and be subject to the same penalties for nonpayment.”

(d) The change in ownership statement may be attached to or accompany the deed or other document evidencing a change in ownership filed for recording, in which case the notice, declaration under penalty of perjury, and any information contained in the deed or other transfer document otherwise required by subdivision (c) may be omitted.

(e) If the document evidencing a change in ownership is recorded in the county recorder's office, then the statement shall be filed with the recorder at the time of recordation. However, the recordation of the deed or other document evidencing a change in ownership shall not be denied or delayed because of the failure to file a change of ownership statement, or filing of an incomplete statement, in accordance with this subdivision. If the document evidencing a change in ownership is not recorded or is recorded without the concurrent filing of a change in ownership statement, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs, except that where the change in ownership has occurred by reason of death the statement shall be filed within 150 days after the date of death or, if the estate is probated, shall be filed at the time the inventory and appraisal is filed.

(f) Whenever a change in ownership statement is filed with the county recorder's office, the recorder shall transmit, as soon as possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(g) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid.

(h) In the case of a corporation, the change in ownership statement shall be signed either by an officer of the corporation or

an employee or agent who has been designated in writing by the board of directors to sign those statements on behalf of the corporation. In the case of a partnership or other legal entity, the statement shall be signed by an officer, partner, or an employee or agent who has been designated in writing by the partnership or legal entity.

(i) No person or entity acting for or on behalf of the parties to a transfer of real property shall incur liability for the consequences of assistance rendered to the transferee in preparation of any change in ownership statement, and no action may be brought or maintained against any person or entity as a result of that assistance.

Nothing in this section shall create a duty, either directly or by implication, that the assistance be rendered by any person or entity acting for or on behalf of parties to a transfer of real property.

SEC. 13.3. Section 480 of the Revenue and Taxation Code is amended to read:

480. (a) Whenever there occurs any change in ownership of real property or of a manufactured home that is subject to local property taxation and is assessed by the county assessor, the transferee shall file a signed change in ownership statement in the county where the real property or manufactured home is located, as provided for in subdivision (c). In the case of a change in ownership where the transferee is not locally assessed, no change in ownership statement is required.

(b) The personal representative shall file a change in ownership statement with the county recorder or assessor in each county in which the decedent owned real property at the time of death that is subject to probate proceedings. The statement shall be filed prior to or at the time the inventory and appraisal is filed with the court clerk. In all other cases in which an interest in real property is transferred by reason of death, including a transfer through the medium of a trust, the change in ownership statement or statements shall be filed by the trustee (if the property was held in trust) or the transferee with the county recorder or assessor in each county in which the decedent owned an interest in real property within 150 days after the date of death.

(c) Except as provided in subdivision (d), the change in ownership statement as required pursuant to subdivision (a) shall be declared to be true under penalty of perjury and shall give that information relative to the real property or manufactured home acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. The information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question that is not germane to the assessment function. The statement shall contain a notice informing the transferee of the property tax relief available

under Section 69.5. The statement shall contain a notice that is printed, with the title in at least 12-point boldface type and the body in at least 8-point boldface type, in the following form:

“Important Notice”

“The law requires any transferee acquiring an interest in real property or manufactured home subject to local property taxation, and that is assessed by the county assessor, to file a change in ownership statement with the county recorder or assessor. The change in ownership statement must be filed at the time of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership, except that where the change in ownership has occurred by reason of death the statement shall be filed within 150 days after the date of death or, if the estate is probated, shall be filed at the time the inventory and appraisal is filed. The failure to file a change in ownership statement within 45 days from the date of a written request by the assessor results in a penalty of either: (1) one hundred dollars (\$100), or (2) 10 percent of the taxes applicable to the new base year value reflecting the change in ownership of the real property or manufactured home, whichever is greater, but not to exceed two thousand five hundred dollars (\$2,500) if that failure to file was not willful. This penalty will be added to the assessment roll and shall be collected like any other delinquent property taxes, and be subject to the same penalties for nonpayment.”

(d) The change in ownership statement may be attached to or accompany the deed or other document evidencing a change in ownership filed for recording, in which case the notice, declaration under penalty of perjury, and any information contained in the deed or other transfer document otherwise required by subdivision (c) may be omitted.

(e) If the document evidencing a change in ownership is recorded in the county recorder’s office, then the statement shall be filed with the recorder at the time of recordation. However, the recordation of the deed or other document evidencing a change in ownership shall not be denied or delayed because of the failure to file a change of ownership statement, or filing of an incomplete statement, in accordance with this subdivision. If the document evidencing a change in ownership is not recorded or is recorded without the concurrent filing of a change in ownership statement, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs, except that where the change in ownership has occurred by reason of death the statement shall be filed within 150 days after the date of death or, if the estate is probated, shall be filed at the time the inventory and appraisal is filed.

(f) Whenever a change in ownership statement is filed with the county recorder’s office, the recorder shall transmit, as soon as

possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(g) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid.

(h) In the case of a corporation, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign those statements on behalf of the corporation. In the case of a partnership, limited liability company, or other legal entity, the statement shall be signed by an officer, partner, manager, or an employee or agent who has been designated in writing by the partnership, limited liability company, or legal entity.

(i) No person or entity acting for or on behalf of the parties to a transfer of real property shall incur liability for the consequences of assistance rendered to the transferee in preparation of any change in ownership statement, and no action may be brought or maintained against any person or entity as a result of that assistance.

Nothing in this section shall create a duty, either directly or by implication, that the assistance be rendered by any person or entity acting for or on behalf of parties to a transfer of real property.

SEC. 13.5. Section 2188.11 is added to the Revenue and Taxation Code, to read:

2188.11. The assessor shall separately assess undivided interests in accordance with Chapter 3 (commencing with Section 2801) of Part 5.

SEC. 14. Section 5802 of the Revenue and Taxation Code, as amended by Section 2 of Chapter 1200 of the Statutes of 1993, is amended to read:

5802. (a) Except as provided in subdivision (b), "base year value" as used in this part means the full cash value of a manufactured home on the date the manufactured home is purchased or changes ownership. If the manufactured home undergoes any new construction after it is purchased or changes ownership, the base year value of the new construction is its full cash value on the date on which the new construction is completed, and if uncompleted, on the lien date.

(b) The base year value of a manufactured home for which the license fee is delinquent shall be its full cash value on the lien date for the fiscal year in which it is first enrolled.

(c) The base year value of a manufactured home converted pursuant to Section 18119 of the Health and Safety Code from taxation under Part 5 (commencing with Section 10701) of Division 2 to taxation under this part shall be its full cash value on the lien date for the fiscal year in which that manufactured home is first enrolled.

(d) Notwithstanding any other provision of law, the assessor shall determine the base year value of a manufactured home, located in

a resident-owned mobilehome park or a rental park in the process of being changed to resident ownership, that is converted to property taxation by the registered owner pursuant to Section 18555 of the Health and Safety Code, so that the property taxes levied, after adjustment for any applicable exemption, shall be the same amount as the vehicle license fee that was imposed for the registration year in which the home was converted to property taxation.

(e) This section shall remain in effect until January 1, 1999, and on that date is repealed.

SEC. 15. Section 5802 of the Revenue and Taxation Code, as amended by Section 3 of Chapter 1200 of the Statutes of 1993, is amended to read:

5802. (a) Except as provided in subdivision (b), "base year value" as used in this part means the full cash value of a manufactured home on the date the manufactured home is purchased or changes ownership. If the manufactured home undergoes any new construction after it is purchased or changes ownership, the base year value of the new construction is its full cash value on the date on which the new construction is completed, and if uncompleted, on the lien date.

(b) The base year value of a manufactured home for which the license fee is delinquent shall be its full cash value on the lien date for the fiscal year in which it is first enrolled.

(c) The base year value of a manufactured home converted pursuant to Section 18119 of the Health and Safety Code from taxation under Part 5 (commencing with Section 10701) of Division 2 to taxation under this part shall be its full cash value on the lien date for the fiscal year in which that manufactured home is first enrolled.

(d) This section shall become operative on January 1, 1999.

SEC. 16. Section 38204 of the Revenue and Taxation Code is amended to read:

38204. (a) On or before December 31, 1976, and periodically thereafter as determined by the board, the board after consultation with the Timber Advisory Committee and after public hearings held pursuant to the Administrative Procedure Act, shall designate areas containing timber having similar growing, harvesting, and marketing conditions to be used as timber value areas for the preparation and application of immediate harvest values. The board may designate areas for timber standing on lands owned by local agencies and on timberland as defined in Section 51104 of the Government Code and designate separate areas for timber standing on national forest lands owned by the United States government. On or before March 1, 1977, for timber harvested between April 1 and December 31, 1977, and on or before December 31, 1977, and on June 30 and December 31 of each year thereafter for timber harvested during the succeeding two calendar quarters, the board, after consultation with the Timber Advisory Committee, shall estimate the immediate harvest values of each species or subclassification of timber within those areas as of the initial date of the period. These

values shall be determined under rules adopted pursuant to the Administrative Procedure Act from the best evidence available, including (1) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, or (2) gross proceeds from sales of logs, or of finished products, adjusted to reflect only the portion of those proceeds attributable to value on the stump immediately prior to harvest, or a combination of (1) and (2), and shall be determined in a manner that makes reasonable allowance for differences in age, size, quality, cost of removal, accessibility to point of conversion, market conditions and other relevant factors.

(b) The board, either on its own motion after consultation with the Timber Advisory Committee or in response to application from a timber owner, may modify the immediate harvest values to reflect material changes in timber values that result from fire, blowdown, ice storm, flood, disease, insect damage or other cause, for any area or part thereof in which damaged timber is located. The board shall specify any additional accounting or other requirements to be complied with in reporting and paying the tax on that timber.

SEC. 17. Section 13.3 of this bill incorporates amendments to Section 480 of the Revenue and Taxation Code proposed by this bill and SB 469. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1995, (2) each bill amends Section 480 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 469, in which case Section 480 of the Revenue and Taxation Code, as amended by SB 469, shall remain operative only until the operative date of this bill, at which time Section 13.3 of this bill shall become operative, and Section 13 of this bill shall not become operative.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 25174.9 is added to the Health and Safety Code, to read:

25174.9. (a) Notwithstanding any other provision of law, non-RCRA hazardous waste, excluding asbestos, generated in a remedial action, a removal action, or a corrective action taken

pursuant to this chapter, Chapter 6.7 (commencing with Section 25280), Chapter 6.75 (commencing with Section 25299.10), or Chapter 6.8 (commencing with Section 25300), or generated in any other cleanup, removal, or remediation of a hazardous substance, shall be subject to any fees due under this article, at a rate of twelve dollars (\$12) per ton, unless the hazardous waste is otherwise exempt from the fee under this article.

(b) For purposes of this section, "remedial action" has the same meaning as defined in Section 25322 and "removal action" has the same meaning as defined in Section 25323.

SEC. 2. Section 25205.2 of the Health and Safety Code is amended to read:

25205.2. (a) Except as provided in subdivisions (c) and (h), in addition to the fees specified in Section 25174.1, each operator of a facility shall pay a facility fee for each reporting period, or any portion thereof, to the board based on the size and type of the facility, as specified in Section 25205.4. On or before January 31 of each calendar year, the department annually shall notify the board of all known facility operators by facility type and size. The department shall also notify the board of any operator who is issued a permit or grant of interim status within 30 days from the date that a permit or grant of interim status is issued to the operator. The fee specified in this section does not apply to facilities exempted pursuant to Section 25205.12.

(b) The board shall deposit all fees collected pursuant to subdivision (a) in the Hazardous Waste Control Account in the General Fund. The fees so deposited may be expended by the department, upon appropriation by the Legislature, for the purposes specified in subdivision (b) of Section 25174.

(c) Notwithstanding subdivision (a), a person who is issued a variance by the department from the requirement of obtaining a hazardous waste facilities permit or grant of interim status is not subject to the fee, for any reporting period following the reporting period in which the variance was granted by the department.

(d) Operators subject to facility fee liability pursuant to this section shall pay the following amounts:

(1) The operator shall pay the applicable facility fee for each reporting period in which the facility actually engaged in the treatment, storage, or disposal of hazardous waste.

(2) The operator shall pay the applicable facility fee for one additional reporting period immediately following the final reporting period in which the facility actually engaged in that treatment or storage. For the 1994 reporting period and thereafter, the facility's size for that additional reporting period shall be deemed to be the largest size at which the facility has ever been subject to the fee. If the department previously approved a unit or portion of the facility for a variance, closure, or permit-by-rule, the facility's size for that reporting period shall be deemed to be its largest size since the department granted the approval.

(3) The operator of a disposal facility shall pay twice the applicable facility fee for one additional reporting period immediately following the final reporting period in which the facility actually engaged in disposal of hazardous waste.

(4) For the 1994 reporting period and thereafter, a facility shall not be deemed to have stopped treating, storing, or disposing of hazardous waste unless it has actually ceased that activity and has notified the department of its intent to close.

(5) If the reporting period which immediately followed the final reporting period in which a facility actually engaged in the treatment, storage, or disposal of the hazardous waste was the six-month period from July 1, 1991, through December 31, 1991, the operator shall be subject to twice the fee otherwise applicable to that operator for that reporting period under paragraphs (2) and (3).

(e) No facility shall be subject to a facility fee for treatment, storage, or disposal, if that activity ceased before July 1, 1986, and if the fee for the activity was not paid prior to January 1, 1994.

(f) Notwithstanding any other provision of this section, a person who ceased actual treatment, storage, or disposal of hazardous waste, whether generated onsite or received from offsite, before July 1, 1986, and who paid facility fees for any reporting period after that date pursuant to a decision of the State Board of Equalization, and who filed a claim for refund of those fees on or before January 1, 1994, shall be entitled to a refund of those amounts.

(g) Facility operators who treated, stored, or disposed of hazardous waste on or after July 1, 1986, shall be subject to the provisions of this section which were in effect prior to January 1, 1994, as to payments which their operators made prior to January 1, 1994. The operators shall be subject to subdivision (d) as to any other liability for the facility fee.

(h) A treatment facility is not subject to the facility fee established pursuant to this section, if the facility engages in treatment exclusively to accomplish a removal or remedial action or a corrective action in accordance with an order issued by the Environmental Protection Agency pursuant to the federal act or in accordance with an order issued by the department pursuant to Section 25187, if the facility was put in operation solely for purposes of complying with that order. The department shall instead assess a fee for that facility for the actual time spent by the department for the inspection and oversight of that facility. The department shall base the fee on the department's work standards and shall assess the fee on an hourly basis.

(i) Notwithstanding subdivision (a), a facility operating pursuant to a standardized permit, as specified in Section 25201.6, is exempt from the annual facility fee imposed by this section for a period of time equal to the number of years that the facility lawfully operated prior to September 21, 1993, pursuant to a hazardous waste facilities permit or other grant of authorization and paid facility fees for the operation of the facility pursuant to this section.

SEC. 2.1. Section 25205.2 of the Health and Safety Code is amended to read:

25205.2. (a) Except as provided in subdivisions (c) and (h), in addition to the fees specified in Section 25174.1, each operator of a facility shall pay a facility fee for each reporting period, or any portion thereof, to the board based on the size and type of the facility, as specified in Section 25205.4. On or before January 31 of each calendar year, the department annually shall notify the board of all known facility operators by facility type and size. The department shall also notify the board of any operator who is issued a permit or grant of interim status within 30 days from the date that a permit or grant of interim status is issued to the operator. The fee specified in this section does not apply to facilities exempted pursuant to Section 25205.12.

(b) The board shall deposit all fees collected pursuant to subdivision (a) in the Hazardous Waste Control Account in the General Fund. The fees so deposited may be expended by the department, upon appropriation by the Legislature, for the purposes specified in subdivision (b) of Section 25174.

(c) Notwithstanding subdivision (a), a person who is issued a variance by the department from the requirement of obtaining a hazardous waste facilities permit or grant of interim status is not subject to the fee, for any reporting period following the reporting period in which the variance was granted by the department.

(d) Operators subject to facility fee liability pursuant to this section shall pay the following amounts:

(1) The operator shall pay the applicable facility fee for each reporting period in which the facility actually engaged in the treatment, storage, or disposal of hazardous waste.

(2) The operator shall pay the applicable facility fee for one additional reporting period immediately following the final reporting period in which the facility actually engaged in that treatment or storage. For the 1994 reporting period and thereafter, the facility's size for that additional reporting period shall be deemed to be the largest size at which the facility has ever been subject to the fee. If the department previously approved a unit or portion of the facility for a variance, closure, or permit-by-rule, the facility's size for that reporting period shall be deemed to be its largest size since the department granted the approval.

(3) The operator of a disposal facility shall pay twice the applicable facility fee for one additional reporting period immediately following the final reporting period in which the facility actually engaged in disposal of hazardous waste.

(4) For the 1994 reporting period and thereafter, a facility shall not be deemed to have stopped treating, storing, or disposing of hazardous waste unless it has actually ceased that activity and has notified the department of its intent to close.

(5) If the reporting period which immediately followed the final reporting period in which a facility actually engaged in the

treatment, storage, or disposal of the hazardous waste was the six-month period from July 1, 1991, through December 31, 1991, the operator shall be subject to twice the fee otherwise applicable to that operator for that reporting period under paragraphs (2) and (3).

(e) No facility shall be subject to a facility fee for treatment, storage, or disposal, if that activity ceased before July 1, 1986, and if the fee for the activity was not paid prior to January 1, 1994.

(f) Notwithstanding any other provision of this section, a person who ceased actual treatment, storage, or disposal of hazardous waste, whether generated onsite or received from offsite, before July 1, 1986, and who paid facility fees for any reporting period after that date pursuant to a decision of the State Board of Equalization, and who filed a claim for refund of those fees on or before January 1, 1994, shall be entitled to a refund of those amounts.

(g) Facility operators who treated, stored, or disposed of hazardous waste on or after July 1, 1986, shall be subject to the provisions of this section which were in effect prior to January 1, 1994, as to payments which their operators made prior to January 1, 1994. The operators shall be subject to subdivision (d) as to any other liability for the facility fee.

(h) A treatment facility is not subject to the facility fee established pursuant to this section, if the facility engages in treatment exclusively to accomplish a removal or remedial action or a corrective action in accordance with an order issued by the Environmental Protection Agency pursuant to the federal act or in accordance with an order issued by the department pursuant to Section 25187, if the facility was put in operation solely for purposes of complying with that order. The department shall instead assess a fee for that facility for the actual time spent by the department for the inspection and oversight of that facility. The department shall base the fee on the department's work standards and shall assess the fee on an hourly basis.

(i) Notwithstanding subdivision (a), a facility operating pursuant to a standardized permit or grant of interim status, as specified in Section 25201.6, is exempt from the annual facility fee imposed by this section for a period of time equal to the number of years that the facility lawfully operated prior to September 21, 1993, pursuant to a hazardous waste facilities permit or other grant of authorization and paid facility fees for the operation of the facility pursuant to this section.

SEC. 2.2. Section 25205.2 of the Health and Safety Code is amended to read:

25205.2. (a) Except as provided in subdivisions (c) and (h), in addition to the fees specified in Section 25174.1, each operator of a facility shall pay a facility fee for each reporting period, or any portion thereof, to the board based on the size and type of the facility, as specified in Section 25205.4. On or before January 31 of each calendar year, the department annually shall notify the board of all known facility operators by facility type and size. The

Commencing with the 1992 reporting period, and for each reporting period thereafter, the board shall adjust the base rate annually to reflect increases or decreases in the cost-of-living measured by the Consumer Price Index issued by the United States Department of Labor or by a successor agency of the federal government.

25205.7. (a) The board shall assess a fee for any application for a new hazardous waste facilities permit, a variance, or a permit modification issued by the department pursuant to this chapter or the regulations adopted pursuant to this chapter. The fee shall be nonrefundable, even if the application is withdrawn or the permit, variance, or modification is denied. The department shall provide the board with any information which is necessary to assess fees pursuant to this section. The fee shall be collected in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code, and deposited into the Hazardous Waste Control Account. A person who submits a single application for a facility that falls within more than one fee category shall pay only the higher fee.

(b) The amounts stated in this section shall be base rates for the 1989-90 fiscal year. Thereafter the fees shall be adjusted annually to reflect increases or decreases in the cost of living, as measured by the Consumer Price Index for the United States, as reported by the Department of Labor or a successor agency of the United States government. The fee shall be assessed upon application to the department. For a facility operating pursuant to a grant of interim status, the submittal of the application shall be the submittal of the Part B application in accordance with regulations adopted by the department. A person who submits an application for renewal of any existing permit shall pay an amount equal to the fee that would have been assessed had the person requested the same changes in a modification application, but not less than one-half the fee required for a new permit.

(c) A person submitting a hazardous waste facilities permit

application for a land disposal facility shall pay eighty-three thousand dollars (\$83,000) for a small facility, one hundred seventy-seven thousand dollars (\$177,000) for a medium facility, and three hundred four thousand dollars (\$304,000) for a large facility.

(d) A person submitting a hazardous waste facilities permit application for any incinerator shall pay fifty thousand dollars (\$50,000) for a small facility, one hundred six thousand dollars (\$106,000) for a medium facility, and one hundred eighty-two thousand dollars (\$182,000) for a large facility.

(e) (1) Except as provided in paragraphs (2) and (3), a person submitting a hazardous waste facility permit application for a storage facility, a treatment facility, or a storage and treatment facility shall pay seventeen thousand dollars (\$17,000) for a small facility, thirty-one thousand dollars (\$31,000) for a medium facility, and sixty thousand dollars (\$60,000) for a large facility.

(2) A person submitting an application for a standardized permit for a storage facility, a treatment facility, or a storage and treatment facility, as specified in Section 25201.6, shall pay thirty thousand fifty-one dollars (\$30,051) for a Series A standardized permit, eighteen thousand seven hundred sixty-two dollars (\$18,762) for a Series B standardized permit, and five thousand dollars (\$5,000) for a Series C standardized permit. The board shall assess these fees based upon the classifications specified in subdivision (a) of Section 25201.6.

(3) In addition to the fees specified in paragraph (2), the board shall assess a fee equal to the department's costs in reviewing and overseeing any corrective action program described in the application for a standardized permit pursuant to subparagraph (C) of paragraph (2) of subdivision (c) of Section 25201.6, and in reviewing and overseeing any corrective action work undertaken at the facility pursuant to that corrective action program.

(f) A person submitting a hazardous waste facilities permit application for a transportable treatment unit shall pay thirteen thousand dollars (\$13,000) for a small unit, thirty thousand dollars (\$30,000) for a medium unit, and sixty thousand dollars (\$60,000) for a large unit.

(B) A person submitting a request for a variance not otherwise listed in this paragraph shall pay eight thousand dollars (\$8,000), unless the applicant is a small business and the department determines in its discretion that payment of this fee would cause

financial or other unreasonable hardship to the applicant. If that finding is made, the department may assess the applicant up to 50 percent of the standard fee. For the purposes of this subparagraph, "small business" means a business which is independently owned and operated, has 25 employees or less, and has a gross annual income which does not exceed two million dollars (\$2,000,000).

(C) If the variance application requests a variance from more than one specific statute or regulation, a separate fee may be assessed for each statute or regulation from which the variance is requested.

(2) If the variance contains no significant changes from a variance previously issued to the same owner or operator, the fee shall be 25 percent of the amount otherwise provided for by this section. A change is a significant change if, had it been made to a permit, it would have been a class 2 or class 3 modification, as specified in subdivision (h).

(3) Any variance granted pursuant to Article 3 (commencing with Section 66260.21) of Chapter 10 of Division 4.5 of Title 22 of the California Code of Regulations is not subject to a fee under this section.

(2) A person who applies for one or more class 2 permit modifications shall pay a fee equal to 20 percent of the fee for a new permit for that facility for each unit directly impacted by the modifications, up to a maximum of 40 percent for each application, except that each person who applies for one or more class 2 permit modifications for a land disposal facility or an incinerator shall pay a fee equal to 15 percent of the fee for a new permit for that facility for each unit directly impacted by the modifications, up to a maximum of 30 percent for each application.

(3) A person who applies for one or more class 3 permit modifications shall pay a fee equal to 40 percent of the fee for a new permit for that facility for each unit directly impacted by the modifications, up to a maximum of 80 percent for each application, except that a person who applies for one or more class 3 permit modifications for a land disposal facility shall pay a fee equal to 30 percent of the fee for a new permit for that facility for each unit directly impacted by the modifications, up to a maximum of 60 percent for each modification.

(4) No facility which is exempted from fees imposed by this article pursuant to subdivision (e) of Section 25205.3, nor any operator who is subject to paragraph (2) or (3) of subdivision (d) of Section 25205.2, shall be subject to any fee pursuant to this section for a permit modification resulting from a revision of the facility's or operator's closure plan.

(i) (1) Permits for postclosure shall be required for hazardous waste facilities if hazardous wastes remain after closure which will

not be subject to the requirements of any other hazardous waste facilities permit issued by the department at the time of postclosure permit approval.

(j) For purposes of this section, and notwithstanding Section 25205.1, any facility or unit is "small" if it manages 0.5 tons (1,000 pounds) or less of hazardous waste during any one month of the state's current fiscal year, "medium" if it manages more than 0.5 tons (1,000 pounds), but less than 1,000 tons, of hazardous waste during any one month of the state's current fiscal year, and "large" if it manages 1,000 or more tons of hazardous waste during any one month of the state's current fiscal year.

(k) (1) The fees assessed pursuant to this section do not apply to any permit or variance to operate a research, development, and demonstration facility, if the duration of the permit or variance is not longer than one year, unless the permit or variance is renewed pursuant to the regulations adopted by the department.

(2) For purposes of this section, a "research, development, and demonstration facility" is a facility which proposes to utilize an innovative and experimental hazardous waste treatment technology or process for which regulations prescribing permit standards have not been adopted.

(l) The fees assessed pursuant to this section do not apply to any of the following:

(1) Any variance issued to a public agency to transport wastes for purposes of operating a household hazardous waste collection facility, or to transport waste from a household hazardous waste collection facility, which receives household hazardous waste or hazardous waste from conditionally exempted small quantity generators pursuant to Article 10.8 (commencing with Section 25218).

(2) A permanent household hazardous waste collection facility.

(3) Any variance issued to a public agency to conduct a collection program for agricultural wastes.

(m) Except as provided in paragraph (3) of subdivision (e), the department shall not assess any fees for the department's costs in reviewing and overseeing a corrective action taken in conjunction with a hazardous waste facility permit application.

(n) The fees assessed pursuant to subdivision (h) do not apply to any government agency for hazardous wastes which result when the government agency, or its contractor, investigates, removes, or remedies a release of hazardous waste caused by another person.

(o) Any person producing or transporting extremely hazardous waste shall pay a fee of two hundred dollars (\$200) per calendar year, in addition to any other fee imposed by this section. The fee shall be collected annually.

An act to amend Sections 25200.14 and 25201 of, and to add Section 25110.11 and 25201.12 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the enactment by this act of Section 25110.11 of the Health and Safety Code which defines "contained gaseous material" is consistent with, and shall not be construed as revising the terms of, and the basis for, any determination of when a container that has held compressed gas is empty pursuant to paragraph (1) of Section 66261.7 of Title 22 of the California Code of Regulations and paragraph (2) of subdivision (b) of Section 261.7 of Title 40 of the Code of Federal Regulations, as in effect on January 1, 1995.

SEC. 2. Section 25110.11 is added to the Health and Safety Code, to read:

25110.11. "Contained gaseous material," for purposes of subdivision (a) of Section 25124 or any other provision of this chapter, means any gas that is contained in an enclosed cylinder or other enclosed container. "Contained gaseous material" does not include any exhaust gas, flue gas, or other vapor stream, regardless of the source, that is abated or controlled by an air pollution control device that is permitted by an air pollution control district or air quality management district, or which is specially exempted from those permit requirements.

SEC. 3. Section 25200.14 of the Health and Safety Code is amended to read:

25200.14. (a) Except as provided in subdivision (h), in implementing the requirements of Section 25200.10 for facilities operating pursuant to a permit-by-rule or generators operating pursuant to a grant of conditional authorization under Section 25200.3, the department shall require the owner or operator of the facility or generator operating pursuant to a permit-by-rule or grant of conditional authorization under Section 25200.3, to complete and file a phase I environmental assessment with the department within one year from the date of the adoption of the checklist specified in subdivision (e). After submitting a phase I environmental assessment, the owner or operator of the facility or generator subject to this section shall subsequently submit to the department, during the next regular reporting period, if any, updated information obtained by the owner, operator, or generator concerning releases subsequent to the submission of the phase I environmental assessment.

(b) For purposes of this section, a phase I environmental assessment means a preliminary site assessment based on reasonably available knowledge of the facility, including, but not limited to, historical use of the property, prior releases, visual and other surveys, records, consultant reports, and regulatory agency correspondence. An assessment which would otherwise meet the requirements of this section which is prepared for another purpose and was completed no more than three years prior to the date by which the generator is required to submit a phase I environmental assessment may be used to comply with the requirements of this section, if the assessment is supplemented by any relevant updated information reasonably available to the owner, operator, or generator.

(c) The department shall not require sampling or testing as part of the phase I environmental assessment. A phase I environmental assessment shall be certified by the owner, operator, or their designee, certified professional engineer, geologist, or registered environmental assessor. The phase I environmental assessment shall indicate whether the preparer believes that further investigation, including sampling and analysis, is necessary to determine whether a release has occurred, or to determine the extent of a release from a solid waste management unit or hazardous waste management unit.

(d) If the results of the phase I environmental assessment conducted pursuant to subdivision (a) indicate that further investigation is needed in order to determine the existence or extent of a release from a solid waste management unit or hazardous waste management unit, the facility shall submit a schedule, within 90 days of submission of the phase I environmental assessment to the department, for that further investigation to the department. If the department determines, based upon a review of the phase I environmental assessment or other site-specific information in its possession, that further investigation is needed to determine the existence or extent of a release from a solid waste management unit

or hazardous waste management unit, in addition to any further action proposed by the owner or operator of the facility, or determines that a different schedule is necessary to prevent harm to human health and safety or to the environment, the department shall inform the owner or operator of the facility of this determination and shall set a reasonable time period in which to accomplish that further investigation. If a facility is conducting further investigation in order to determine the nature or extent of a release pursuant to, and in compliance with the provisions of, an order issued by a California regional water quality control board or other state or federal environmental enforcement agency, the department shall deem that investigation adequate for the purposes of determining the nature and extent of the release or releases which that order addressed, as the investigation pertains to the jurisdiction of the ordering agency.

(e) The department shall develop a checklist to be used by facilities in conducting a phase I environmental assessment. The development and publication of the checklist is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The department shall hold at least one public workshop concerning the development of the checklist.

(f) A facility, or to the extent required by the regulations adopted by the department, a transportable treatment unit, operating pursuant to a permit-by-rule shall additionally comply with the remaining corrective action requirements, as specified in Section 67450.7 of Title 22 of the California Code of Regulations, as in effect on January 1, 1992.

(g) A generator operating pursuant to a grant of conditional authorization pursuant to Section 25200.3 shall additionally comply with the requirement of paragraph (3) of subdivision (c) of Section 25200.3.

(h) The department shall not require a phase I environmental assessment pursuant to this section for those portions of a facility subject to a corrective action order issued pursuant to Section 25187, a cleanup and abatement order issued pursuant to Section 13304 of the Water Code, or a corrective action required under subsection (u) of Section 6294 of Title 42 of the United States Code or subsection (h) of Section 6928 of Title 42 of the United States Code.

SEC. 4. Section 25201 of the Health and Safety Code is amended to read:

25201. (a) Except as provided in subdivisions (c) and (d) and in Sections 25201.5 and 25201.12, no owner or operator of a storage facility, treatment facility, transfer facility, resource recovery facility, or disposal site shall accept, treat, store, or dispose of a hazardous waste at the facility, area, or site, unless the owner or operator holds a hazardous waste facilities permit or other grant of authorization from the department to use and operate the facility, area, or site.

(b) Except as necessary to comply with Section 25159.18, any

person planning to construct a new hazardous waste facility or a new hazardous waste management unit, which would manage RCRA hazardous waste, shall obtain a hazardous waste facilities permit or a permit amendment from the department prior to commencing construction.

(c) A hazardous waste facilities permit is not required for a recycle-only household hazardous waste collection facility operated in accordance with subdivision (b) of Section 25218.8.

(d) A hazardous waste facilities permit is not required for a facility that meets the requirements of Section 13263.2 of the Water Code.

SEC. 5. Section 25201.12 is added to the Health and Safety Code, to read:

25201.12. Notwithstanding any other provision of law, a hazardous waste facilities permit or other grant of authorization from the department, and payment of any fee imposed pursuant to Article 9.1 (commencing with Section 25205.1), are not required for a facility, with regard to the facility's operation of a physical process to remove air pollutants from exhaust gases prior to their emission to the atmosphere, as permitted by an air pollution control district or an air quality management district, unless a permit is required for that operation pursuant to the federal act. However, the facility is subject to all requirements imposed pursuant to this chapter on hazardous waste generators with regard to any liquid, semisolid, or solid hazardous waste that is generated as part of, and upon its removal from, the air pollution control process.

The County Medical Services Program shall have responsibilities for specified health services to county residents certified eligible for those services by the county.

(2) If the County Medical Services Program Governing Board contracts with the department to administer the County Medical Services Program, that contract shall include, but need not be limited to, all of the following:

(3) The contract between the department and the County Medical Services Program Governing Board shall require that the state maintain at least the level of administrative support provided to the County Medical Services Program for the 1993–94 fiscal year. The department may decline to implement decisions made by the governing board that would require a greater level of administrative support than that for the 1993–94 fiscal year. The department may implement decisions upon compensation by the governing board to cover that increased level of support.

(4) The department shall administer the County Medical Services Program pursuant to the provisions of the 1993–94 fiscal year contract with the counties and regulations relating to the administration of the program until the County Medical Services Program Governing Board executes a contract for the administration of the County Medical Services Program and adopts regulations for that purpose.

(5) The department shall not be liable for any costs related to decisions of the County Medical Services Program Governing Board that are in excess of those set forth in the contract between the department and the County Medical Services Program Governing Board.

(b) Each county intending to participate in the County Medical Services Program pursuant to this section shall submit to the Governing Board of the County Medical Services Program a notice of intent to contract adopted by the board of supervisors no later than April 1 of the fiscal year preceding the fiscal year in which the county will participate in the County Medical Services Program.

(e) Moneys in the program account shall be used by the department, pursuant to its contract with the County Medical Services Program Governing Board, to pay for health care services provided to the county residents meeting the eligibility criteria established pursuant to subdivision (j) and to pay for the expense of the governing board as set forth in the contract between the board and the department.

(f) (1) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

Six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to participating in the County Medical Services Program under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees as determined by the County Medical Services Program Governing Board pursuant to subdivision (i). Nothing in this section shall preclude the CMSP Governing Board from establishing other reserves.

(h) Moneys in the program account and the reserve account, except for moneys provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (p), shall not be transferred to

(4) For the 1994-95 and 1995-96 fiscal years, the specific amounts and method of apportioning risk to each participating county may be adjusted by the CMSP Governing Board.

(k) The Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Contracts under this section shall be exempt from Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code. Contracts of the department pursuant to this section shall have no force or effect unless they are approved by the Department of Finance.

(l) The state shall not incur any liability except as specified in this section.

(m) Third-party recoveries for services provided under this section pursuant to Article 3.5 (commencing with Section 14124.70) of Chapter 7 of Part 3 may be pursued.

(n) Under the program provided for in this section, the department may reimburse hospitals for inpatient services at the rates negotiated for the Medi-Cal program by the California Medical Assistance Commission, pursuant to Article 2.6 (commencing with Section 14081) of Chapter 7 of Part 3, if the California Medical Assistance Commission determines that reimbursement to the hospital at the contracted rate will not have a detrimental fiscal impact on either the Medi-Cal program or the program provided for in this section. In negotiating and renegotiating contracts with hospitals, the commission may seek terms which allow reimbursement for patients receiving services under this section at contracted Medi-Cal rates.

(o) Any hospital which has a contract with the state for inpatient services under the Medi-Cal program and which has been approved by the commission to be reimbursed for patients receiving services under this section shall not deny services to these patients.

(p) Participating counties may conduct an independent program review to identify ways through which program savings may be generated. The counties and the department may collectively

pursue identified options for the realization of program savings.

(q) The Department of Finance may authorize a loan of up to thirty million dollars (\$30,000,000) for deposit into the program account to ensure that there are sufficient funds available to reimburse providers and counties pursuant to this section.

(r) Regulations adopted by the department pursuant to this section shall remain operative and shall be used to operate the County Medical Services Program until a contract with the County Medical Services Program Governing Board is executed and regulations, as appropriate, are adopted by the County Medical Services Program Governing Board. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, those regulations adopted under the County Medical Services Program shall become inoperative until July 1, 1996, except those regulations that the department, in consultation with the County Medical Services Program Governing Board, determines are needed to continue to administer the County Medical Services Program. The department shall notify the Office of Administrative Law as to those regulations the department will continue to use in the implementation of the County Medical Services Program.

(s) Moneys appropriated from the General Fund to meet the state risk as set forth in subparagraph (B) of paragraph (1) of subdivision (j) shall not be available for those counties electing to disenroll from the County Medical Services Program.

(t) This section shall become inoperative on July 1, 1996, and as of January 1, 1997, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends the date on which it becomes inoperative and is repealed.

(B) All interest deposited pursuant to subparagraph (A) shall be available to reimburse program-covered services, or for expenditures to augment the program's rates, benefits, or eligibility criteria pursuant to subdivision (j).

(g) The department shall establish a separate County Medical Services Program Reserve Account in the County Health Services Fund. Six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to contract with the department under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees required by Section 16809.3.

(h) Moneys in the program account and the reserve account, except for moneys provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (p), shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. notwithstanding Section 16705.7 of the Government Code.

(i) (1) Counties shall pay by the 15th of each month the agreed upon contract amount. In the event a county does not make the agreed upon monthly payment, the department may terminate the county's participation in the program.

(2) A county may request, due to financial hardship, the payments under paragraph (1) be delayed. The request shall be subject to approval by the Small County Advisory Committee.

(3) Payments made pursuant to this subdivision shall be deposited in the program account.

(4) Payments may be made as part of the deposits authorized by the county pursuant to Sections 17603.05 and 17604.05.

The state shall be at risk for any cost that exceed the cumulative annual growth in dedicated sales tax and vehicle license fee revenue, up to the amount of twenty million two hundred thirty-seven thousand four hundred sixty dollars (\$20,237,460) per fiscal year. Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600 according to the table specified in paragraph (2) to the County Medical Services Program, plus additional cost increases in excess of twenty million two hundred thirty-seven thousand four hundred sixty dollars (\$20,237,460) per fiscal year.

(C) As a condition of the state assuming this risk, the department may require uniform eligibility criteria and benefits to be provided which shall be mutually established by participating counties in conjunction with the department. The department, in consultation with the counties, may revise these eligibility criteria and benefits or alter rates of payment in order to assure that expenditures do not exceed the funds available in the program account.

(2) For the 1991-92 fiscal year, jurisdictional risk limitations shall be as follows:

 - (i) The following definitions shall govern the construction of this part, unless the context requires otherwise:
 - (1) "CMSP Governing Board" means the County Medical Services Program Governing Board established pursuant to this section.
 - (2) "Board" means the County Medical Services Program Governing Board established pursuant to this section.
 - (3) "CMSP program" means the program by which health care services are provided to eligible persons in those counties electing to participate in CMSP pursuant to Section 16809.
 - (4) "CMSP county" means a county that has elected to participate pursuant to Section 16809 in the CMSP program.
 - (j) Any references to the "County Medical Services Program" or "CMSP county" in this code shall be defined as set forth in this section.
 - (k) This section shall become inoperative on July 1, 1996, and, as of January 1, 1997, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1997, deletes or extends the dates on which it becomes inoperative and is repealed.

40184. (a) "Rural county" means any county which has a population of 200,000 or less and which is located in a rural area.

(b) For the purposes of this section and Section 40183, the board shall adopt regulations that define "rural area" in a manner that establishes criteria and conditions applicable only to cities and

counties located in those areas of the state that are rural in character. Those criteria shall include, but are not limited to, the requirement that those cities and counties are located in agricultural or mountainous areas of the state and are geographically distant from markets for recyclable materials.

40973. (a) The regional agency, and not the cities or counties which are member agencies of the regional agency, may be responsible for compliance with Article 1 (commencing with Section 41780) of Chapter 6 if specified in the agreement pursuant to which the regional agency is formed.

(b) Notwithstanding Section 41782, except as provided in subdivision (c), if a regional agency has been specified in the regional agency formation agreement as the responsible party for compliance with Article 1 (commencing with Section 41780) of Chapter 6 of Part 1, neither the regional agency nor any member jurisdiction of the regional agency shall be eligible for a reduction of the diversion requirements of Section 41780.

(c) If all member jurisdictions of a regional agency are rural cities or rural counties, as defined, respectively, in Sections 40183 and 40184, the regional agency may be eligible for a reduction of the diversion requirements of Section 41780.

(d) (1) If, pursuant to subdivision (a), a regional agency is specified in the regional agency formation agreement as the responsible party for compliance with Article 1 (commencing with Section 41780) of Chapter 6, the regional agency shall not be comprised of more than two counties and all of the cities within those two counties, except as otherwise authorized by the board.

(2) The board may authorize the formation of a regional agency that exceeds two counties and all of the cities within those two counties, for purposes of compliance with Article 1 (commencing with Section 41780) of Chapter 6, if the board finds that the formation of such a regional agency will not adversely affect compliance with this part.

SEC. 7. Section 41781.2 of the Public Resources Code is amended to read:

41781.2. (a) (1) It is the intent of the Legislature in enacting this section not to require cities, counties, and regional agencies to revise

source reduction and recycling elements prior to their submittal to the board for review and approval, except as the elements would otherwise be required to be revised by the board pursuant to this part. Pursuant to Sections 41801.5 and 41811.5, compliance with this section shall be determined by the board when source reduction and recycling elements are submitted to the board pursuant to Section 41791.5. However, any city or county may choose to revise its source reduction and recycling element or any of its components prior to board review of the source reduction and recycling element for the purpose of complying with this section.

(2) It is further the intent of the Legislature in enacting this section to ensure that compliance with the diversion requirements of Section 41780 shall be accurately determined based upon a correlation between solid waste which was disposed of at permitted disposal facilities and diversion claims which are subsequently made for that solid waste.

(b) For the purposes of this section, the following terms have the following meaning:

(1) "Action by a city, county, regional, or local governing body" means franchise or contract conditions, rate or fee schedules, zoning or land use decisions, disposal facility permit conditions, or activities by a waste hauler, recycler, or disposal facility operator acting on behalf of a city, county, regional agency, or local governing body, or other action by the local governing body if the local government action is specifically related to the claimed diversion.

(2) "Scrap metal" includes ferrous metals, nonferrous metals, aluminum scrap, other metals, and auto bodies, but does not include aluminum cans, steel cans, or bimetal cans.

(3) "Inert solids" includes rock, concrete, brick, sand, soil, fines, asphalt, and unsorted construction and demolition waste.

(4) "Agricultural wastes" includes solid wastes of plant and animal origin, which result from the production and processing of farm or agricultural products, including manures, orchard and vineyard prunings, and crop residues, which are removed from the site of generation for solid waste management. Agriculture refers to SIC Codes 011 to 0291, inclusive.

(c) For purposes of determining the base amount of solid waste from which the diversion requirements of this article shall be calculated, "solid waste" does not include the diversion of agricultural wastes; inert solids, including inert solids used for structural fill; discarded, white-coated, major appliances; and scrap metals; unless all of the following criteria are met:

(1) The city, county, or regional agency demonstrates that the material was diverted from a permitted disposal facility through an action by the city, county, or regional agency which specifically resulted in the diversion.

(2) The city, county, or regional agency demonstrates that, prior to January 1, 1990, the solid waste which is claimed to have been diverted was disposed of at a permitted disposal facility in the

quantity being claimed as diversion. If historical disposal data is not available, that demonstration may be based upon information available to the city, county, or regional agency which substantiates a reasonable estimate of disposal quantities which is as accurate as is feasible in the absence of historical disposal data.

(3) The city, county, or regional agency is implementing, and will continue to implement, source reduction, recycling, and composting programs, as described in its source reduction and recycling element.

(d) If a city, county, or regional agency source reduction and recycling element submitted pursuant to this chapter includes the diversion of any of the wastes specified in subdivision (c) for years preceding the year commencing January 1, 1990, that diversion shall not apply to the diversion requirements of Section 41780, unless the criteria in subdivision (c) are met.

(e) If a city, county, or regional agency source reduction and recycling element submitted pursuant to this chapter does not contain information sufficient for the city, county, or regional agency to demonstrate to the board whether the criteria in subdivision (c) have been met, the city, county, or regional agency may provide additional information following board review of the source reduction and recycling element pursuant to Section 41791.5. In providing the additional information, Sections 41801.5 and 41811.5 shall apply.

(f) In demonstrating whether the requirements of paragraph (1) of subdivision (c) have been met, the city, county, or regional agency shall submit information to the board on local government programs which are specifically related to the claimed diversion.

(g) Notwithstanding any other provision of law, for purposes of determining the base amount of solid waste from which the diversion requirements of this article shall be calculated for a city, county, or regional agency which includes biomass conversion in its source reduction and recycling element pursuant to Section 41783.1, the base amount shall include those materials disposed of in the base year at biomass conversion facilities.

SEC. 8. Section 41782 of the Public Resources Code is repealed.

SEC. 9. Section 41782 is added to the Public Resources Code, to read:

41782. (a) The board may make adjustments to the amounts reported pursuant to subdivisions (a) and (c) of Section 41821.5, if the city, county, or regional agency demonstrates, and the board concurs, based on substantial evidence in the record, that achievement of the diversion requirements of Section 41780 is not feasible due to the fact that a medical waste treatment facility, as defined in subdivision (a) of Section 25025 of the Health and Safety Code, untreated medical waste, which was generated outside of the jurisdiction, for purposes of treatment, and the medical waste, when treated, becomes solid waste.

(b) If the board makes an adjustment pursuant to subdivision (a), the annual report required pursuant to Section 41821 by the

jurisdiction, within which a medical waste treatment facility described in subdivision (a) is located, shall include all of the following information:

(1) The total amount of residual solid waste produced at the facility.

(2) The waste types and amounts in the residual solid waste that cannot feasibly be diverted.

(3) The factors that continue to prevent the waste types from being feasibly diverted.

(4) Any changes since the petition for adjustment was granted or since the last annual report.

(5) The additional efforts undertaken by the jurisdiction to divert the waste produced at the facility.

(c) Based upon the information submitted pursuant to subdivision (b), if the board finds, as part of the biennial review pursuant to Section 41825, that the residual solid waste that previously could not be diverted can now be diverted, the board shall rescind the adjustment commensurate with the amount of diversion of the residual tonnages.

SEC. 10. Section 41783 of the Public Resources Code is amended to read:

41783. For any city, county, or regional agency source reduction and recycling element submitted to the board after January 1, 1995, the 50 percent diversion requirement specified in paragraph (2) of subdivision (a) of Section 41780 may include not more than 10 percent through transformation, as defined in Section 40201, if all of the following conditions are met:

(a) The transformation project is in compliance with Sections 21151.1 and 44150 of this code and Section 42315 of the Health and Safety Code.

(b) The transformation project uses front-end methods or programs to remove all recyclable materials from the waste stream prior to transformation to the maximum extent feasible.

(c) The ash or other residue generated from the transformation project is routinely tested at least once quarterly, or on a more frequent basis as determined by the agency responsible for regulating the testing and disposal of the ash or residue, and, notwithstanding Section 25143.5 of the Health and Safety Code, if hazardous wastes are present, the ash or residue is sent to a class 1 hazardous waste disposal facility.

(d) The board holds a public hearing in the city, county, or regional agency jurisdiction within which the transformation project is proposed, and, after the public hearing, the board makes both of the following findings, based upon substantial evidence on the record:

(1) The city, county, or regional agency is, and will continue to be, effectively implementing all feasible source reduction, recycling, and composting measures.

(2) The transformation project will not adversely affect public

health and safety or the environment.

(e) The transformation facility is permitted and operational on or before January 1, 1995.

(f) The city, county, or regional agency does not include biomass conversion, as authorized pursuant to Section 41783, in its source reduction and recycling element.

SEC. 11. Section 41783.1 is added to the Public Resources Code, to read:

41783.1. (a) For any city, county, or regional agency source reduction and recycling element submitted to the board after January 1, 1995, the 50 percent diversion requirement specified in paragraph (2) of subdivision (a) of Section 41780 may include not more than 10 percent through biomass conversion if all of the following conditions are met:

(1) The biomass conversion project exclusively processes biomass.

(2) The biomass conversion project is in compliance with all applicable air quality laws, rules, and regulations.

(3) The ash or other residue from the biomass conversion project is regularly tested to determine if it is hazardous waste and, if it is determined to be hazardous waste, the ash or other residue is sent to a class 1 hazardous waste disposal facility.

(4) The board determines, at a public hearing, based upon substantial evidence in the record, that the city, county, or regional agency is, and will continue to be, effectively implementing all feasible source reduction, recycling, and composting measures.

(5) The city, county, or regional agency does not include transformation, as authorized pursuant to Section 41783, in its source reduction and recycling element.

SEC. 12. Article 1.5 (commencing with Section 41787) is added to Chapter 6 of Part 2 of Division 30 of the Public Resources Code, to read:

Article 1.5. Rural Assistance

41787. (a) (1) The board may reduce the diversion requirements of Section 41780 for a rural city if the rural city demonstrates, and the board concurs, based on substantial evidence in the record, that achievement of the diversion requirements is not feasible due to both of the following conditions:

(A) The small geographic size or low population density of the rural city.

(B) The small quantity of solid waste generated within the rural city.

(2) The board may reduce the diversion requirements of Section 41780 for the unincorporated area of a rural county if the rural county demonstrates, and the board concurs, based on substantial evidence in the record, that achievement of the diversion requirements is not feasible due to both of the following conditions:

(A) The large geographic size or low population density of the

rural county.

(B) The small quantity of solid waste generated within the rural county.

(3) The board may grant a reduction in diversion requirements pursuant to this subdivision only if the rural city or the rural county demonstrates to the board, and the board concurs, based on substantial evidence in the record, that it has, at a minimum, implemented all of the following programs:

(A) A source reduction and recycling program designed to handle the predominant classes and types of solid waste generated within the rural city or rural county.

(B) A public sector diversion and procurement program.

(C) A public information and education program.

(b) If, as part of the review performed pursuant to Section 41825, the board finds that a rural city or a rural county, which previously qualified for a reduction in diversion requirements pursuant to subdivision (a), is no longer eligible for that reduction, the board shall issue an order requiring the rural city or rural county to comply with the diversion requirements of Section 41780.

41787.1. (a) Rural cities and rural counties may join to form rural regional agencies pursuant to Article 3 (commencing with Section 40970) of Chapter 1.

(b) A rural regional agency, and not the rural cities or rural counties which are member jurisdictions of the rural regional agency, may be responsible for compliance with Article 1 (commencing with Section 41780) of Chapter 6 if specified in the agreement pursuant to which the rural regional agency is formed.

(c) (1) The board may reduce the diversion requirements of Section 41780 for a rural regional agency, if the rural regional agency demonstrates, and the board concurs, based on substantial evidence in the record, that achievement of the diversion requirements is not feasible because adverse market or economic conditions beyond the control of the rural regional agency prevent it from meeting the requirements of Section 41780.

(2) Before a rural regional agency may be granted a reduction in diversion requirements pursuant to paragraph (1), it shall demonstrate that, at a minimum, it has established all of the following regionwide programs:

(A) A source reduction and recycling program or programs designed to handle the predominant classes and types of solid waste generated within the rural regional agency.

(B) A regional diversion and procurement program or programs.

(C) A regional public information and education program or programs.

41787.2. (a) A rural city or a rural county, which has received, or is eligible for, a reduction in diversion requirements pursuant to Section 41787, may become a member of a rural regional agency for the purpose of complying with the diversion requirements of Section 41780, in which case the region's maximum disposal tonnage

allowable shall be calculated as follows:

(1) Determining the regional maximum disposal tonnage allowable, excluding members with reduced diversion requirements.

(2) Determining the maximum disposal tonnage allowable for those members authorized to meet reduced diversion requirements.

(3) Adding the calculated maximum disposal tonnages determined pursuant to paragraphs (1) and (2) to determine the regional maximum disposal tonnage allowable.

(b) (1) A rural regional agency may not assume responsibility for compliance with diversion requirements upon formation pursuant to subdivision (b) of Section 41787.1, and for compliance with Article 1 (commencing with Section 41780), if the rural regional agency is comprised of more than two rural counties, unless authorized by the board pursuant to paragraph (2).

(2) The board may authorize the assumption of responsibility for compliance with diversion requirements by a rural regional agency upon formation, which is comprised of more than two rural counties, if the board finds that the rural regional agency's assumption of responsibility will not adversely affect compliance with this part.

41787.3. The board, in consultation with rural cities and rural counties, shall develop model programs and materials to assist rural cities and rural counties in complying with the requirements of Chapter 2 (commencing with Section 41000) and Chapter 3 (commencing with Section 41300). Those model programs and materials shall be designed to assist rural cities and rural counties in achieving the purposes of this division in a manner which minimizes, to the maximum extent feasible, the costs imposed on rural cities and rural counties to comply with this division.

41787.4. Notwithstanding Section 41820, the board may grant a two-year time extension from the diversion requirements of Section 41780 to a rural city, rural county, or rural regional agency if all of the following conditions are met:

(a) The board adopts written findings, based on substantial evidence in the record, that adverse market or economic conditions beyond the control of the rural city, rural county, or rural regional agency prevent the rural city, rural county, or rural regional agency from meeting the diversion requirements.

(b) The rural city, rural county, or rural regional agency submits a plan of correction that demonstrates how it will meet the diversion requirements before the time extension expires, which includes the source reduction, recycling, and composting programs it will implement and states how those programs will be funded.

(c) The rural city, rural county, or rural regional agency demonstrates that it is achieving the maximum feasible amount of source reduction, recycling, or composting of solid waste within its jurisdiction.

41787.5. Unless in conflict with the express provisions of this article, all other provisions of this division, as appropriate, shall apply to rural cities, rural counties, and rural regional agencies to the same

extent that those provisions apply to nonrural cities, counties, and regional agencies.

SEC. 13. Section 41800 of the Public Resources Code is amended to read:

41800. (a) Except as provided in subdivision (b), within 120 days from the date of receipt of a countywide or regional integrated waste management plan which the board has determined to be complete, or any element of the plan which the board has determined to be complete, the board shall determine whether the plan or element is in compliance with Article 2 (commencing with Section 40050) of Chapter 1 of Part 1, Chapter 2 (commencing with Section 41000), and Chapter 5 (commencing with Section 41750), and, based upon that determination, the board shall approve, conditionally approve, or disapprove the plan or element.

(b) (1) Within 120 days from the date of receipt of a city, county, or regional agency nondisposal facility element, which the board has determined to be complete, and within 60 days from the date of receipt of an amendment to a city, county, or regional agency nondisposal facility element, the board shall determine whether the element, which the board has determined to be complete, or amendment is in compliance with Chapter 4.5 (commencing with Section 41730) and Article 1 (commencing with Section 41780) of Chapter 6, and, based upon that determination, the board shall approve, conditionally approve, or disapprove the element or amendment within that time period.

(2) In reviewing the element or amendment, the board shall:

(A) Not consider the estimated capacity of the facility or facilities in the element or amendment unless the board determines that this information is needed to determine whether the element or amendment meets the requirements of Article 1 (commencing with Section 41780) of Chapter 6.

(B) Recognize that individual facilities represent portions of local plans or programs that are designed to achieve the diversion requirements of Section 41780 and therefore may not arbitrarily require new or expanded diversion at proposed facilities.

(C) Not disapprove an element or amendment that includes a transfer station or other facility solely because the facility does not contribute towards the jurisdiction's efforts to comply with Section 41780.

(c) If the board does not act to approve, conditionally approve, or disapprove an element which the board has determined to be complete within 120 days, or an amendment which the board has determined to be complete within 60 days, the board shall be deemed to have approved the element or amendment.

SEC. 14. Section 41801 of the Public Resources Code is amended to read:

41801. Before approving or conditionally approving a countywide or regional integrated waste management plan, or any element of the plan, pursuant to Section 41800, the board shall adopt

written findings, based on substantial evidence in the record, that implementing the plan or element will achieve the requirements established pursuant to this part, including the diversion requirements of Section 41780.

SEC. 15. Section 41801.5 of the Public Resources Code is amended to read:

41801.5. (a) If an element submitted to the board for final review includes the diversion of any solid wastes specified in subdivision (c) of Section 41781.2 for years preceding the year commencing January 1, 1990, and the board is unable to determine whether the requirements of Section 41781.2 have been met, the board shall notify the city, county, or regional agency that the diversion is excluded for purposes of calculating compliance with Section 41780. The board shall notify the city, county, or regional agency of the exclusion within 60 days from the date of receipt of the element for final review. If an element has been submitted to the board for final review prior to January 1, 1993, the board shall notify the submitting city, county, or regional agency of the exclusion on or before March 1, 1993.

(b) The notice shall be based upon a summary review undertaken solely for the purpose of determining whether the source reduction and recycling element includes any diversion of wastes excluded by Section 41781.2, and whether the element contains information sufficient for the board to determine whether the requirements of that section have been met. The summary review and notice shall be undertaken by the board concurrent with the board's review and approval, conditional approval, or disapproval of source reduction and recycling elements pursuant to Section 41800.

(c) The board shall approve or conditionally approve the source reduction and recycling element, if wastes have been excluded pursuant to Section 41781.2, if the board finds, pursuant to Section 41801, that, notwithstanding that exclusion, the element will achieve the requirements established pursuant to this part, including the diversion requirements of Section 41780.

(d) If the source reduction and recycling element is approved or conditionally approved pursuant to this section, the city, county, or regional agency shall revise the element to reflect the excluded wastes and shall submit any such revisions to the board pursuant to Section 41822.

SEC. 16. Section 41810 of the Public Resources Code is amended to read:

41810. (a) If the board conditionally approves a countywide or regional integrated waste management plan, or any element of the plan, the board shall issue a notice of conditional approval to the city, county, or regional agency which identifies the specific reasons for the conditional approval. The notice of conditional approval shall include specific recommendations on how to correct the remaining deficiencies in the plan or element.

(b) If the board disapproves a countywide or regional integrated

waste management plan, or any element of the plan, the board shall issue a notice of deficiency to the city, county, or regional agency which identifies the specific reasons for the disapproval. The notice of deficiency shall include specific recommendations on how to correct the deficiencies in the plan or element.

SEC. 17. Section 41810.1 is added to the Public Resources Code, to read:

41810.1. (a) Any city, county, or regional agency which receives a notice of conditional approval for a countywide or regional integrated waste management plan, or any element of the plan, pursuant to subdivision (a) of Section 41810, shall, within 60 days from the date of receipt of the notice of conditional approval, submit a compliance schedule to the board that demonstrates how the city, county, or regional agency will correct the deficiencies identified in the notice of conditional approval by the earliest feasible date, but in no event shall that correction take longer to make than one year from the date of submission of the compliance schedule.

(b) The board shall approve or disapprove a compliance schedule submitted pursuant to subdivision (a) within 60 days from the date of its receipt of the schedule.

(c) If the board determines, based on substantial evidence in the record, that a city, county, or regional agency is not in compliance with a compliance schedule approved pursuant to subdivision (b), the board may revoke the notice of conditional approval, and shall issue a notice of deficiency pursuant to subdivision (b) of Section 41810.

(d) It is the intent of the Legislature that a notice of conditional approval shall provide flexibility for a city, county, or regional agency to make substantial progress towards meeting the requirements of this part while ensuring full compliance with this part at the earliest feasible date.

SEC. 18. Section 41813 of the Public Resources Code is amended to read:

41813. (a) After conducting a public hearing pursuant to Section 41812, the board may impose administrative civil penalties of not more than ten thousand dollars (\$10,000) per day on any city or county, or, pursuant to Section 40974, on any city or county as a member of a regional agency, which fails to submit an adequate element or plan in accordance with the requirements of this chapter.

(b) The board shall not impose any penalty against a city or county pursuant to this section if the city or county is in substantial compliance with this part and if those aspects of a plan or element of a plan submitted by a city, county, or regional agency which is not in compliance with this part do not directly or substantially affect achievement of the diversion requirements of Section 41780.

(c) In determining whether a city, county, or regional agency is in substantial compliance, the board shall consider whether the city, county, or regional agency has made a good faith effort to implement all reasonable and feasible measures to comply.

(d) The board shall not use the money collected from the penalties imposed pursuant to subdivision (a) for administrative purposes. The board shall use the money collected from the penalties imposed pursuant to subdivision (a), to the extent possible, to assist local governments in meeting the requirements of this part.

SEC. 19. Section 41821.5 of the Public Resources Code is amended to read:

41821.5. (a) Disposal facility operators shall submit to counties information from periodic tracking surveys on the disposal tonnages by jurisdiction or region of origin, which are disposed of at each disposal facility. To enable disposal facility operators to provide that information, solid waste handlers and transfer station operators shall provide information to disposal facility operators on the origin of the solid waste that they deliver to the disposal facility.

(b) Recycling and composting facilities shall submit periodic information to counties on the types and quantities of materials which are disposed of, sold to end users, or which are sold to exporters or transporters for sale outside of the state, by county of origin. When materials are sold or transferred by one recycling or composting facility to another, for other than an end use of the material or for export, the seller or transferee of the material shall inform the buyer or transferee of the county of origin of the materials. The reporting requirements of this subdivision do not apply to entities which sell the byproducts of a manufacturing process.

(c) Each county shall submit periodic reports to the cities within the county, to any regional agency of which it is a member agency, and to the board, on the amounts of solid waste disposed by jurisdiction or region of origin, as specified in subdivision (a), and on the categories and amounts of solid waste diverted to recycling and composting facilities within the county or region, as specified in subdivision (b).

(d) The board may adopt regulations pursuant to this section requiring practices and procedures that are reasonable and necessary to perform the periodic tracking surveys required by this section, and that provide a representative accounting of solid wastes that are handled, processed, or disposed. Those regulations or periodic tracking surveys approved by the board shall not impose an unreasonable burden on waste handling, processing, or disposal operations or otherwise interfere with the safe handling, processing, and disposal of solid waste.

SEC. 20. Section 41825 of the Public Resources Code is amended to read:

41825. At least once every two years, the board shall review each city, county, or regional agency source reduction and recycling element and household hazardous waste element. If, after a public hearing, which, to the extent possible, is held in the local or regional agency's jurisdiction, the board finds that the city, county, or regional agency has failed to implement its source reduction and recycling

element or its household hazardous waste element, the board shall issue an order of compliance with a specific schedule for achieving compliance. The compliance order shall include those conditions which the board determines to be necessary for the local agency or regional agency to complete in order to implement its source reduction and recycling element or household hazardous waste element.

SEC. 21. Section 41850 of the Public Resources Code is amended to read:

41850. (a) (1) Except as specifically provided in Section 41813, if, after holding the public hearing and issuing an order of compliance pursuant to Section 41825, the board finds that the city, county, or regional agency has failed to implement its source reduction and recycling element or its household hazardous waste element, the board may impose administrative civil penalties upon the city or county or, pursuant to Section 40974, upon the city or county as a member of a regional agency of up to ten thousand dollars (\$10,000) per day until the city, county, or regional agency implements the element.

(b) In determining whether or not to impose any penalties, or in determining the amount of any penalties imposed under this section, including any penalties imposed due to the exclusion of solid waste pursuant to Section 41781.2 which results in a reduction in the quantity of solid waste diverted by a city, county, or regional agency, the board shall consider only those relevant circumstances which have prevented a city, county, or regional agency from meeting the requirements of this division, including the diversion requirements of paragraphs (1) and (2) of subdivision (a) of Section 41780, including, but not limited to, all of the following:

(1) Natural disasters.

(2) Budgetary conditions within a city, county, or regional agency which could not be remedied by the imposition or adjustment of solid waste fees.

(3) Work stoppages which directly prevent a city, county, or regional agency from implementing its source reduction and recycling element or household hazardous waste element.

(c) In addition, the board shall consider all of the following:

(1) The extent to which a city, county, or regional agency has made good faith efforts to implement its source reduction and recycling element or household hazardous waste element. For the purposes of this paragraph, "good faith efforts" means all reasonable and feasible efforts by a city, county, or regional agency to implement those programs or activities identified in its source reduction and recycling element or household hazardous waste element, or alternative programs or activities that achieve the same or similar results.

(2) The extent to which a city, county, or regional agency has implemented additional source reduction, recycling, and composting activities to comply with the diversion requirements of

paragraphs (1) and (2) of subdivision (a) of Section 41780.

(3) The extent to which a city, county, or regional agency is meeting the diversion requirements of paragraphs (1) and (2) of subdivision (a) of Section 41780.

SEC. 22. Section 41850.5 is added to the Public Resources Code, to read:

41850.5. Any administrative civil penalty imposed by the board pursuant to Section 41813 or 48150 shall be deposited in the Local Government Assistance Account, which is hereby created in the Integrated Waste Management Fund. Any funds deposited in that account shall be used solely for the purposes of assisting local governments in complying with the diversion requirements established under Section 41780, and shall not be used by the board for administrative purposes.

SEC. 23. Section 42310.1 of the Public Resources Code is amended to read:

42310.1. (a) Until January 1, 1997, the criteria specified in Section 42310 shall not apply to any rigid plastic packaging container that is manufactured for use with food or cosmetics, as defined in subdivisions (f) and (i) of Section 321 of Title 21 of the United States Code.

(b) Notwithstanding subdivision (a), rigid plastic packaging containers actually recycled shall be included in calculating the recycling rate pursuant to subdivision (b) or (c) of Section 42310.

(c) Every manufacturer of a product packaged in a rigid plastic packaging container described in subdivision (a), which is not in compliance with Section 42310, that is exempt from the criteria specified in Section 42310 pursuant to subdivision (a), shall do both of the following:

(1) On or before December 1, 1995, the manufacturer shall submit a report to the board which demonstrates that the manufacturer is taking, and will continue to take, all feasible actions consistent with Section 42310 to ensure the reduction, recycling, or reuse of the rigid plastic packaging containers described in subdivision (a) and the development and expansion of markets for rigid plastic packaging containers. Those actions may include, but are not limited to, all of the following:

(A) The use of postconsumer recycled plastic in rigid plastic packaging containers sold in this state.

(B) The use of postconsumer recycled plastic in other packaging materials sold or manufactured in this state.

(C) The use of postconsumer recycled plastic in other products sold or manufactured in this state.

(D) Arranging for the use of postconsumer recycled plastic collected for recycling in this state in the manufacture of nonrigid plastic packaging container products or packaging of another entity.

(E) The procurement of products containing postconsumer recycled plastic, including, but not limited to, trash bags, trash containers, pallets, carpeting, slip sheets, and shrink wrap.

(F) The demonstration of financial investment in recycled plastic collecting, processing, and remanufacturing activities in the state.

(2) On or before January 1, 1996, every manufacturer of rigid plastic packaging containers shall, for any rigid plastic packaging container that is exempt from, and not in compliance with, the criteria specified in Section 42310 pursuant to subdivision (a), diligently seek one or more "nonobjection letters" from the United States Food and Drug Administration which will permit the manufacturer of rigid plastic packaging containers to use recycled plastic in the manufacture of the rigid plastic packaging containers described in subdivision (a).

SEC. 24. Chapter 5 (commencing with Section 44820) is added to Part 4 of Division 30 of the Public Resources Code, to read:

CHAPTER 5. ASBESTOS CONTAINING WASTE

44820. Except as provided in subdivision (c), the board shall adopt, by regulation, a permitting, inspection, and enforcement program for the disposal of asbestos containing waste, as specified in Section 25143.7 of the Health and Safety Code, at any solid waste facility or disposal site subject to regulation pursuant to this part. The program may include, but is not limited to, standards and certification requirements for local enforcement agencies, pursuant to which the board may delegate authority for the regulation of asbestos containing waste to local enforcement agencies.

(b) On or before March 1, 1995, or the earliest feasible date thereafter, the board and the Department of Toxic Substances Control shall enter into a memorandum of understanding that defines the enforcement responsibilities of each agency for the disposal of asbestos containing waste at any solid waste disposal facility or disposal site subject to regulation pursuant to this part. The memorandum of understanding shall be periodically updated to be consistent with each agency's responsibilities pursuant to this section and Chapter 6.5 (commencing with Section 25100) of Division 30 of the Health and Safety Code.

(c) Until the board has adopted regulations pursuant to subdivision (a), the Department of Toxic Substances Control shall regulate asbestos containing waste at a solid waste facility or disposal site.

(d) Any regulations adopted pursuant to this section shall be deemed emergency regulations and shall be adopted in accordance with the Administrative Procedures Act (Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.) The adoption of these regulations shall be deemed to be necessary for the immediate preservation of the public peace, health, safety, or general welfare.

SEC. 25. Section 48000 of the Public Resources Code is amended to read:

48000. (a) Each operator of a disposal facility shall pay a fee

quarterly to the State Board of Equalization which is based on the amount, by weight or volumetric equivalent, as determined by the board, of all solid waste disposed of at each disposal site.

(b) The fee for solid waste disposed of shall be one dollar and thirty-four cents (\$.34) per ton. Commencing with the 1995-96 fiscal year, the amount of the fee shall be established by the board at an amount that is sufficient to generate revenues equivalent to the approved budget for that fiscal year, including a prudent reserve, but shall not exceed one dollar and forty cents (\$.40) per ton.

(c) The board shall notify the State Board of Equalization on the first day of the period in which the rate shall take effect of any rate change adopted pursuant to this section.

SEC. 26. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because, for certain costs, the costs incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction, and, for certain other costs, the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1228

An act to amend Sections 17705, 17710, and 17785 of the Education Code, to amend Sections 14620, 15492, 65971, and 65974 of the Government Code, and to amend Section 24275 of the Health and Safety Code, relating to school facilities.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 17705 of the Education Code is amended to read:

17705. In addition to all other powers and duties as are granted the board by this chapter, other statute, or the Constitution, the board shall have power to:

(a) Establish any qualifications not in conflict with other provisions of this chapter, as it deems will best serve the purposes of this chapter, for determining the eligibility of school districts to lease projects under this chapter.

(b) Establish any procedures and policies in connection with the

administration of this chapter as it deems necessary.

(c) Adopt any rules and regulations for the administration of this chapter, requiring any procedure, forms, and information, as it may deem necessary.

(d) Construct and control any project.

(e) Fix rates, rents, or other charges for the use of any project acquired, constructed, rehabilitated, equipped, furnished, or for services rendered in connection with that project, and to alter, change, or modify the same at its pleasure, subject to any contractual obligation that may be entered into by the board with respect to the fixing of the rates, rents, or charges.

SEC. 2. Section 17710 of the Education Code is amended to read:

17710. The board may construct any project, and may acquire all property necessary therefor, on any terms and conditions as it may deem advisable. When any part of the work is to be done or performed by any public body or the United States jointly or in conjunction with the board, the portion of the cost of the project to be borne by the board may be turned over to the government of the United States or to any other public body, to be expended by it in the acquisition, construction or completion of the project.

SEC. 3. Section 17785 of the Education Code is amended to read:

17785. This chapter may be cited as the State Relocatable Classroom Law of 1979.

SEC. 4. Section 14620 of the Government Code is amended to read:

14620. There is in the department a general services planning officer, a procurement officer, and an executive officer of the Office of Public School Construction. Each officer or executive director may be appointed by the Governor, upon recommendation of the director, and shall serve at the pleasure of the director. His or her salary shall be fixed by the director in accordance with law. Each officer or executive officer shall have any duties that may be assigned to him or her by, and shall be responsible to, the director for the performance of those duties. It is the intent of the Legislature that this section is not to result in an increase in the number of positions in the department.

SEC. 5. Section 15492 of the Government Code is amended to read:

15492. (a) The Department of General Services shall assign one full-time position within the Office of Public School Construction to the performance of the following functions:

(1) Providing advisory assistance to school districts regarding the process of site acquisition for projects for which the State Allocation Board has approved funding under Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code.

(2) Formulating recommendations for administrative or statutory revision to the manner in which school sites are acquired under Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code, and submitting those recommendations to the State

Allocation Board.

(b) The Department of General Services shall establish a screening unit or other mechanism within the Office of Public School Construction to ensure that the office responds in a timely manner to any inquiry regarding the status of an application for project funding under Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code.

(c) The requirements set forth in this section shall not increase the staffing level of the Office of Public School Construction, as that staffing level existed on the operative date of this section.

SEC. 6. Section 65971 of the Government Code is amended to read:

65971. (a) The governing body of a school district which operates an elementary or high school shall notify the city council or board of supervisors of the city or county within which the school district is located if the governing body makes both of the following findings supported by clear and convincing evidence:

(1) That conditions of overcrowding exist in one or more attendance areas within the district which will impair the normal functioning of educational programs including the reason for the existence of those conditions.

(2) That all reasonable methods of mitigating conditions of overcrowding have been evaluated and no feasible method for reducing those conditions exist.

(b) The notice of findings sent to the city or county pursuant to subdivision (a) shall specify the mitigation measures considered by the school district. The notice of findings shall include a completed application to the Office of Public School Construction for preliminary determination of eligibility under the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code). The city council or board of supervisors shall take no action on the notice of findings sent to the city or county pursuant to subdivision (a) until the findings have been made available to the public for 60 days after the date of receipt by the city or county. The city council or board of supervisors shall either concur or not concur in the notice of findings within 61 days to 150 days after the date of receipt of the findings. The city council or board of supervisors may extend the period to concur or not to concur for one 30-day period. The failure of the city council or board of supervisors to either concur or not concur within the time period prescribed in this subdivision shall not be deemed as an act of concurrence in the notice of findings by the council or board.

The date of receipt of the notice of findings is the date when all of the materials required by this section are completed and filed by the school district with the city council or board of supervisors.

If the city council or board of supervisors concurs in those findings, Section 65972 shall be applicable to actions taken on residential development by the city council or board of supervisors.

SEC. 7. Section 65974 of the Government Code is amended to read:

65974. (a) For the purpose of establishing an interim method of providing classroom facilities where overcrowded conditions exist, as determined necessary pursuant to Section 65971, and notwithstanding Section 66478, a city, county, or city and county may, by ordinance, require the dedication of land, the payment of fees in lieu thereof, or a combination of both, for classroom and related facilities for elementary or high schools as a condition to the approval of a residential development, if all of the following occur:

(1) The general plan provides for the location of public schools.
(2) The ordinance has been in effect for a period of 30 days prior to the implementation of the dedication or fee requirement.

(3) The land or fees, or both, transferred to a school district shall be used only for the purpose of providing interim elementary or high school classroom and related facilities. If fees are paid in lieu of the dedication of land and those fees are utilized to purchase land, no more land shall be purchased than is necessary for the placement thereon of interim facilities.

(4) The location and amount of land to be dedicated or the amount of fees to be paid, or both, shall bear a reasonable relationship and be limited to the needs of the community for interim elementary or high school facilities and shall be reasonably related and limited to the need for schools caused by the development. However, the value of the land to be dedicated or the amount of fees to be paid, or both, shall not exceed the amount necessary to pay five annual lease payments for the interim facilities. In lieu of the dedication of land or the payment of fees, or both, the builder of a residential development may, at his or her option and at his or her expense, provide interim facilities, owned or controlled by the builder, at the place designated by the school district, and at the conclusion of the fifth school year the builder shall, at the builder's expense, remove the interim facilities from that place.

(5) A finding is made by the city council or board of supervisors that the facilities to be constructed from the fees or the land to be dedicated, or both, is consistent with the general plan.

(b) The ordinance may specify the methods for mitigating the conditions of overcrowding which the school district shall consider when making the finding required by paragraph (2) of subdivision (a) of Section 65971.

(c) If the payment of fees is required, the payment shall be made at the time the building permit is issued or at a later time as may be specified in the ordinance.

(d) Only the payment of fees may be required in subdivisions containing 50 parcels or less.

(e) Notwithstanding any other provision of this chapter, contracts entered into or contracts to be entered into pursuant to a school facilities master plan administered by a joint powers authority created under Chapter 5 (commencing with Section 6500) of

Division 7 of Title 1 of the Government Code for a designated community plan area adopted by a city, county, or city and county, whether general law or chartered, on or before September 1, 1986, that requires the payment of a fee, charge, or dedication for the construction of school facilities as a condition to the approval of residential development shall not be subject to the provisions of subdivision (b) of Section 65995. However, in determining developer fees under that school facilities master plan, the cost and maximum building area standards for school buildings prescribed by Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code shall apply, and the school district or districts involved are required to have on file with the Office of Public School Construction, and actively pursue in good faith, an application for preliminary determination of eligibility for project funding under that chapter, and shall actively pursue in good faith the establishment of a community capital facilities district or other permanent financing mechanisms to reduce or eliminate developer fees.

Any fees collected or land dedicated after September 1, 1986, pursuant to this section, and not used to avoid overcrowding of the facilities to be built pursuant to the school facilities master plan, shall be subject to disposition in accordance with subdivision (b) of Section 65979.

Fees collected in excess of the limitations set forth in subdivision (b) of Section 65995 for schools constructed under that school facilities master plan shall neither advantage nor disadvantage a school district's application for project funding under Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code.

SEC. 8. Section 24275 of the Health and Safety Code is amended to read:

24275. (a) The State Department of Health Services, in conjunction with the study required pursuant to Chapter 116 of the Statutes of 1986, shall report to the Legislature by January 1, 1987, and periodically thereafter, on the most effective air monitoring standard for the airborne concentration of asbestos in any public school building that is both economically and technologically feasible. If the department believes that the air monitoring standard for asbestos in public school buildings as specified in Section 49410.7 of the Education Code should be revised, it shall promulgate a regulation to that effect.

(b) The department shall provide the Office of Public School Construction with appropriate sampling methodology for use in taking air samples in public school buildings.

CHAPTER 1229

CHAPTER 1230

An act to amend Sections 21002.1, 21005, 21064.5, 21065, 21080, 21080.1, 21081.6, 21100, 21100.1, and 21167.6 of, and to add Section 21080.14 to, the Public Resources Code, relating to environmental quality, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 21002.1 of the Public Resources Code is amended to read:

21002.1. In order to achieve the objectives set forth in Section 21002, the Legislature hereby finds and declares that the following policy shall apply to the use of environmental impact reports prepared pursuant to this division:

(a) The purpose of an environmental impact report is to identify the significant effects on the environment of a project, to identify alternatives to the project, and to indicate the manner in which those significant effects can be mitigated or avoided.

(b) Each public agency shall mitigate or avoid the significant effects on the environment of projects that it carries out or approves whenever it is feasible to do so.

(c) If economic, social, or other conditions make it infeasible to mitigate one or more significant effects on the environment of a project, the project may nonetheless be carried out or approved at

the discretion of a public agency if the project is otherwise permissible under applicable laws and regulations.

(d) In applying the policies of subdivisions (b) and (c) to individual projects, the responsibility of the lead agency shall differ from that of a responsible agency. The lead agency shall be responsible for considering the effects, both individual and collective, of all activities involved in a project. A responsible agency shall be responsible for considering only the effects of those activities involved in a project which it is required by law to carry out or approve. This subdivision applies only to decisions by a public agency to carry out or approve a project and does not otherwise affect the scope of the comments that the public agency may wish to make pursuant to Section 21104 or 21153.

(e) To provide more meaningful public disclosure, reduce the time and cost required to prepare an environmental impact report, and focus on potentially significant effects on the environment of a proposed project, lead agencies shall, in accordance with Section 21100, focus the discussion in the environmental impact report on those potential effects on the environment of a proposed project which the lead agency has determined are or may be significant. Lead agencies may limit discussion on other effects to a brief explanation as to why those effects are not potentially significant.

SEC. 2. Section 21005 of the Public Resources Code is amended to read:

21005. (a) The Legislature finds and declares that it is the policy of the state that noncompliance with the information disclosure provisions of this division which precludes relevant information from being presented to the public agency, or noncompliance with substantive requirements of this division, may constitute a prejudicial abuse of discretion within the meaning of Sections 21168 and 21168.5, regardless of whether a different outcome would have resulted if the public agency had complied with those provisions.

(b) It is the intent of the Legislature that, in undertaking judicial review pursuant to Sections 21168 and 21168.5, courts shall continue to follow the established principle that there is no presumption that error is prejudicial.

(c) It is further the intent of the Legislature that any court, which finds, or, in the process of reviewing a previous court finding, finds, that a public agency has taken an action without compliance with this division, shall specifically address each of the alleged grounds for noncompliance.

SEC. 3. Section 21064.5 of the Public Resources Code is amended to read:

21064.5. "Mitigated negative declaration" means a negative declaration prepared for a project when the initial study has identified potentially significant effects on the environment, but (1) revisions in the project plans or proposals made by, or agreed to by, the applicant before the proposed negative declaration and initial study are released for public review would avoid the effects or

mitigate the effects to a point where clearly no significant effect on the environment would occur, and (2) there is no substantial evidence in light of the whole record before the public agency that the project, as revised, may have a significant effect on the environment.

SEC. 4. Section 21065 of the Public Resources Code is amended to read:

21065. "Project" means an activity which may cause either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment, and which is any of the following:

- (a) An activity directly undertaken by any public agency.
- (b) An activity undertaken by a person which is supported, in whole or in part, through contracts, grants, subsidies, loans, or other forms of assistance from one or more public agencies.
- (c) An activity that involves the issuance to a person of a lease, permit, license, certificate, or other entitlement for use by one or more public agencies.

SEC. 5. Section 21080 of the Public Resources Code is amended to read:

21080. (a) Except as otherwise provided in this division, this division shall apply to discretionary projects proposed to be carried out or approved by public agencies, including, but not limited to, the enactment and amendment of zoning ordinances, the issuance of zoning variances, the issuance of conditional use permits, and the approval of tentative subdivision maps unless the project is exempt from this division.

(b) This division shall not apply to any of the following activities:
(1) Ministerial projects proposed to be carried out or approved by public agencies.

(2) Emergency repairs to public service facilities necessary to maintain service.

(3) Projects undertaken, carried out, or approved by a public agency to maintain, repair, restore, demolish, or replace property or facilities damaged or destroyed as a result of a disaster in a disaster-stricken area in which a state of emergency has been proclaimed by the Governor pursuant to Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code.

(4) Specific actions necessary to prevent or mitigate an emergency.

(5) Projects which a public agency rejects or disapproves.

(6) Actions undertaken by a public agency relating to any thermal powerplant site or facility, including the expenditure, obligation, or encumbrance of funds by a public agency for planning, engineering, or design purposes, or for the conditional sale or purchase of equipment, fuel, water (except groundwater), steam, or power for a thermal powerplant, if the powerplant site and related facility will be the subject of an environmental impact report, negative declaration, or other document, prepared pursuant to a regulatory

program certified pursuant to Section 21080.5, which will be prepared by the State Energy Resources Conservation and Development Commission, by the Public Utilities Commission, or by the city or county in which the powerplant and related facility would be located if the environmental impact report, negative declaration, or document includes the environmental impact, if any, of the action described in this paragraph.

(7) Activities or approvals necessary to the bidding for, hosting or staging of, and funding or carrying out of, an Olympic games under the authority of the International Olympic Committee, except for the construction of facilities necessary for the Olympic games.

(8) The establishment, modification, structuring, restructuring, or approval of rates, tolls, fares, or other charges by public agencies which the public agency finds are for the purpose of (A) meeting operating expenses, including employee wage rates and fringe benefits, (B) purchasing or leasing supplies, equipment, or materials, (C) meeting financial reserve needs and requirements, (D) obtaining funds for capital projects necessary to maintain service within existing service areas, or (E) obtaining funds necessary to maintain those intracity transfers as are authorized by city charter. The public agency shall incorporate written findings in the record of any proceeding in which an exemption under this paragraph is claimed setting forth with specificity the basis for the claim of exemption.

(9) All classes of projects designated pursuant to Section 21084.

(10) A project for the institution or increase of passenger or commuter services on rail or highway rights-of-way already in use, including modernization of existing stations and parking facilities.

(11) A project for the institution or increase of passenger or commuter service on high-occupancy vehicle lanes already in use, including the modernization of existing stations and parking facilities.

(12) Facility extensions not to exceed four miles in length which are required for the transfer of passengers from or to exclusive public mass transit guideway or busway public transit services.

(13) A project for the development of a regional transportation improvement program or the state transportation improvement program.

(14) Any project or portion thereof located in another state which will be subject to environmental impact review pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. Sec. 4321 et seq.) or similar state laws of that state. Any emissions or discharges that would have a significant effect on the environment in this state are subject to this division.

(15) Projects undertaken by a local agency to implement a rule or regulation imposed by a state agency, board, or commission under a certified regulatory program pursuant to Section 21080.5. Any site-specific effect of the project which was not analyzed as a significant effect on the environment in the plan or other written

documentation required by Section 21080.5 is subject to this division.

(c) If a lead agency determines that a proposed project, not otherwise exempt from this division, would not have a significant effect on the environment, the lead agency shall adopt a negative declaration to that effect. The negative declaration shall be prepared for the proposed project in either of the following circumstances:

(1) There is no substantial evidence in light of the whole record before the lead agency that the project may have a significant effect on the environment.

(2) An initial study identifies potentially significant effects on the environment, but (A) revisions in the project plans or proposals made by, or agreed to by, the applicant before the proposed negative declaration and initial study are released for public review would avoid the effects or mitigate the effects to a point where clearly no significant effect on the environment would occur, and (B) there is no substantial evidence in light of the whole record before the lead agency that the project, as revised, may have a significant effect on the environment.

(d) If there is substantial evidence in light of the whole record before the lead agency that the project may have a significant effect on the environment, an environmental impact report shall be prepared.

(e) Argument, speculation, unsubstantiated opinion or narrative, evidence which is clearly inaccurate or erroneous, or evidence of social or economic impacts which do not contribute to, or are not caused by, physical impacts on the environment, is not substantial evidence. Substantial evidence shall include facts, reasonable assumptions predicated upon facts, and expert opinion supported by facts.

(f) As a result of the public review process for a mitigated negative declaration, including administrative decisions and public hearings, the lead agency may conclude that certain mitigation measures identified pursuant to paragraph (2) of subdivision (c) are infeasible or otherwise undesirable. In those circumstances, the lead agency, prior to approving the project, may delete those mitigation measures and substitute for them other mitigation measures that the lead agency finds, after holding a public hearing on the matter, are equivalent or more effective in mitigating significant effects on the environment to a less than significant level and that do not cause any potentially significant effect on the environment. If those new mitigation measures are made conditions of project approval or are otherwise made part of the project approval, the deletion of the former measures and the substitution of the new mitigation measures shall not constitute an action or circumstance requiring recirculation of the mitigated negative declaration.

(g) Nothing in this section shall preclude a project applicant or any other person from challenging, in an administrative or judicial proceeding, the legality of a condition of project approval imposed by the lead agency. If, however, any condition of project approval set

aside by either an administrative body or court was necessary to avoid or lessen the likelihood of the occurrence of a significant effect on the environment, the lead agency's approval of the negative declaration and project shall be invalid and a new environmental review process shall be conducted before the project can be reapproved, unless the lead agency substitutes a new condition that the lead agency finds, after holding a public hearing on the matter, is equivalent to, or more effective in, lessening or avoiding significant effects on the environment and that does not cause any potentially significant effect on the environment.

SEC. 6. Section 21080.1 of the Public Resources Code is amended to read:

21080.1. (a) The lead agency shall be responsible for determining whether an environmental impact report, a negative declaration, or a mitigated negative declaration shall be required for any project which is subject to this division. That determination shall be final and conclusive on all persons, including responsible agencies, unless challenged as provided in Section 21167.

(b) In the case of a project described in subdivision (c) of Section 21065, the lead agency shall, upon the request of a potential applicant, provide for consultation prior to the filing of the application regarding the range of actions, potential alternatives, mitigation measures, and any potential and significant effects on the environment of the project.

SEC. 7. Section 21080.14 is added to the Public Resources Code, to read:

21080.14. (a) Except as provided in subdivision (c), this division does not apply to any development project which consists of the construction, conversion, or use of residential housing consisting of not more than 45 units in an urbanized area that is affordable to lower income households, as defined in Section 50079.5 of the Health and Safety Code, if the developer of the development project provides sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of the housing units for lower income households for a period of at least 15 years, or that is affordable to low- and moderate-income households, as defined in paragraph (2) of subdivision (h) of Section 65589.5 of the Government Code, if the developer of the development project provides sufficient legal commitments to the appropriate local agency to ensure the continued availability and use of the housing units for low- and moderate-income households at monthly housing costs as determined pursuant to paragraph (2) of subdivision (h) of Section 65589.5 of the Government Code, and the development project meets all of the following requirements:

(1) The development project is consistent with the jurisdiction's general plan as it existed on the date the application was deemed complete.

(2) The development project is consistent with the zoning designation, as specified in the zoning ordinance as it existed on the

date the application was deemed complete, unless the zoning is inconsistent with the general plan because the local agency has not rezoned the property to bring it into conformity with the general plan.

(3) The project site has been previously developed for urban uses, or the immediately contiguous properties surrounding the project site are, or previously have been, developed for urban uses.

(4) The project site is not more than two acres in area.

(5) The project site can be adequately served by utilities.

(6) The project site has no value as a wildlife habitat.

(7) The project site is not included on any list of facilities and sites compiled pursuant to Section 65962.5 of the Government Code.

(8) The project site is subject to an assessment prepared by a California registered environmental assessor to determine the presence of hazardous contaminants on the site and the potential for exposure of site occupants to significant health hazards from nearby properties and activities. If hazardous contaminants on the site are found, the contaminants must be removed or any significant effects of those contaminants must be mitigated to a level of insignificance. If the potential for exposure to significant health hazards from surrounding properties or activities is found to exist, the effects of the potential exposure must be mitigated to a level of insignificance.

(9) The project will not involve the demolition of, or any substantial adverse change in, any district, landmark, object, building, structure, site, area, or place that is listed, or determined to be eligible for listing, in the California Register of Historical Resources.

(b) As used in subdivision (a), "urbanized area" means an area that has a population density of at least 1,000 persons per square mile.

(c) Notwithstanding subdivision (a), this division does apply to a development project described in subdivision (a) if there is a reasonable possibility that the development project would have a significant effect on the environment due to unusual circumstances or due to related or cumulative impacts of reasonably foreseeable projects in the vicinity of the development project.

SEC. 8. Section 21081.6 of the Public Resources Code is amended to read:

21081.6. (a) When making the findings required by subdivision (a) of Section 21081 or when adopting a mitigated negative declaration pursuant to paragraph (2) of subdivision (c) of Section 21080, the following requirements shall apply:

(1) The public agency shall adopt a reporting or monitoring program for the changes made to the project, or conditions of project approval, adopted in order to mitigate or avoid significant effects on the environment. The reporting or monitoring program shall be designed to ensure compliance during project implementation. For those changes which have been required or incorporated into the project at the request of a responsible agency or a public agency having jurisdiction by law over natural resources affected by the

project, that agency shall, if so requested by the lead agency or a responsible agency, prepare and submit a proposed reporting or monitoring program.

(2) The lead agency shall specify the location and custodian of the documents or other material which constitute the record of proceedings upon which its decision is based.

(b) If there is a project for which mitigation is adopted, a public agency shall comply with subdivision (a) by, among other things, adopting mitigation measures as conditions of project approval. Those conditions of project approval may be set forth in referenced documents which address required mitigation measures or, in the case of the adoption of a plan, policy, regulation, or other public project, by incorporating the mitigation measures into the plan, policy, regulation, or project design.

(c) Prior to the close of the public review period for a draft environmental impact report or mitigated negative declaration, a responsible agency, or a public agency having jurisdiction over natural resources affected by the project, shall either submit to the lead agency complete and detailed performance objectives for mitigation measures which would address the significant effects on the environment identified by the responsible agency or agency having jurisdiction over natural resources affected by the project, or refer the lead agency to appropriate, readily available guidelines or reference documents. Any mitigation measures submitted to a lead agency by a responsible agency or an agency having jurisdiction over natural resources affected by the project shall be limited to measures which mitigate impacts to resources which are subject to the statutory authority of, and definitions applicable to, that agency. Compliance or noncompliance by a responsible agency or agency having jurisdiction over natural resources affected by a project with that requirement shall not limit the authority of the responsible agency or agency having jurisdiction over natural resources affected by a project, or the authority of the lead agency, to approve, condition, or deny projects as provided by this division or any other provision of law.

SEC. 8.5. Section 21081.6 of the Public Resources Code is amended to read:

21081.6. (a) When making the findings required by paragraph (1) of subdivision (a) of Section 21081 or when adopting a mitigated negative declaration pursuant to paragraph (2) of subdivision (c) of Section 21080, the following requirements shall apply: (1) The public agency shall adopt a reporting or monitoring program for the changes made to the project or conditions of project approval, adopted in order to mitigate or avoid significant effects on the environment. The reporting or monitoring program shall be designed to ensure compliance during project implementation. For those changes which have been required or incorporated into the project at the request of a responsible agency or a public agency having jurisdiction by law over natural resources affected by the

project, that agency shall, if so requested by the lead agency or a responsible agency, prepare and submit a proposed reporting or monitoring program.

(2) The lead agency shall specify the location and custodian of the documents or other material which constitute the record of proceedings upon which its decision is based.

(b) A public agency shall provide that measures to mitigate or avoid significant effects on the environment are fully enforceable through permit conditions, agreements, or other measures. Conditions of project approval may be set forth in referenced documents which address required mitigation measures or, in the case of the adoption of a plan, policy, regulation, or other public project, by incorporating the mitigation measures into the plan, policy, regulation, or project design.

(c) Prior to the close of the public review period for a draft environmental impact report or mitigated negative declaration, a responsible agency, or a public agency having jurisdiction over natural resources affected by the project, shall either submit to the lead agency complete and detailed performance objectives for mitigation measures which would address the significant effects on the environment identified by the responsible agency or agency having jurisdiction over natural resources affected by the project, or refer the lead agency to appropriate, readily available guidelines or reference documents. Any mitigation measures submitted to a lead agency by a responsible agency or an agency having jurisdiction over natural resources affected by the project shall be limited to measures which mitigate impacts to resources which are subject to the statutory authority of, and definitions applicable to, that agency. Compliance or noncompliance by a responsible agency or agency having jurisdiction over natural resources affected by a project with that requirement shall not limit the authority of the responsible agency or agency having jurisdiction over natural resources affected by a project, or the authority of the lead agency, to approve, condition, or deny projects as provided by this division or any other provision of law.

SEC. 9. Section 21100 of the Public Resources Code is amended to read:

21100. (a) All lead agencies shall prepare, or cause to be prepared by contract, and certify the completion of, an environmental impact report on any project which they propose to carry out or approve that may have a significant effect on the environment. Whenever feasible, a standard format shall be used for environmental impact reports.

(b) The environmental impact report shall include a detailed statement setting forth all of the following:

(1) All significant effects on the environment of the proposed project.

(2) In a separate section:

(A) Any significant effect on the environment that cannot be

avoided if the project is implemented.

(B) Any significant effect on the environment that would be irreversible if the project is implemented.

(3) Mitigation measures proposed to minimize significant effects on the environment, including, but not limited to, measures to reduce the wasteful, inefficient, and unnecessary consumption of energy.

(4) Alternatives to the proposed project.

(5) The growth-inducing impact of the proposed project.

(c) The report shall also contain a statement briefly indicating the reasons for determining that various effects on the environment of a project are not significant and consequently have not been discussed in detail in the environmental impact report.

(d) For purposes of this section, any significant effect on the environment shall be limited to substantial, or potentially substantial, adverse changes in physical conditions which exist within the area as defined in Section 21060.5.

(e) Previously approved land use documents, including, but not limited to, general plans, specific plans, and local coastal plans, may be used in cumulative impact analysis.

SEC. 10. Section 21100.1 of the Public Resources Code is amended to read:

21100.1. The information described in subparagraph (B) of paragraph (2) of subdivision (b) of Section 21100 shall be required only in environmental impact reports prepared in connection with the following:

(a) The adoption, amendment, or enactment of a plan, policy, or ordinance of a public agency.

(b) The adoption by a local agency formation commission of a resolution making determinations.

(c) A project which will be subject to the requirement for preparing an environmental impact statement pursuant to the requirements of the National Environmental Policy Act of 1969.

SEC. 11. Section 21167.6 of the Public Resources Code is amended to read:

21167.6. Notwithstanding any other provision of law, in all actions or proceedings brought pursuant to Section 21167, except those involving the Public Utilities Commission, all of the following shall apply:

(a) At the time that the action or proceeding is filed, the plaintiff or petitioner shall file a request that the respondent public agency prepare the record of proceedings relating to the subject of the action or proceeding. The request, together with the complaint or petition, shall be served upon the public agency not later than 10 business days from the date that the action or proceeding was filed.

(b) (1) The public agency shall prepare and certify the record of proceedings not later than 60 days from the date that the request specified in subdivision (a) was served upon the public agency. Upon certification, the public agency shall lodge a copy of the record of

proceedings with the court and shall serve on the parties notice that the record of proceedings has been certified and lodged with the court. The parties shall pay any costs or fees imposed for the preparation of the record of proceedings in conformance with any law or rule of court.

(2) The plaintiff or petitioner may elect to prepare the record of proceedings or the parties may agree to an alternative method of preparation of the record of proceedings, subject to certification of its accuracy by the public agency, within the time limit specified in this subdivision.

(c) The time limit established by subdivision (b) may be extended only upon the stipulation of all parties who have been properly served in the action or proceeding or upon order of the court. Extensions shall be liberally granted by the court when the size of the record of proceedings renders infeasible compliance with that time limit. There is no limit on the number of extensions which may be granted by the court, but no single extension shall exceed 60 days unless the court determines that a longer extension is in the public interest.

(d) If the public agency fails to prepare and certify the record within the time limit established in subdivision (b), or any continuances of that time limit, the plaintiff or petitioner may move for sanctions, and the court may, upon that motion, grant appropriate sanctions.

(e) The record of proceedings shall include, but is not limited to, all of the following items:

(1) All project application materials.

(2) All staff reports and related documents prepared by the respondent public agency with respect to its compliance with the substantive and procedural requirements of this division and with respect to the action on the project.

(3) All staff reports and related documents prepared by the respondent public agency and written testimony or documents submitted by any person relevant to any findings or statement of overriding considerations adopted by the respondent agency pursuant to this division.

(4) Any transcript or minutes of the proceedings at which the decisionmaking body of the respondent public agency heard testimony on, or considered any environmental document on, the project, and any transcript or minutes of proceedings before any advisory body to the respondent public agency which were presented to the decisionmaking body prior to action on the environmental documents or on the project.

(5) All notices issued by the respondent public agency to comply with this division or with any other law governing the processing and approval of the project.

(6) All written comments received in response to, or in connection with, environmental documents prepared for the project, including responses to the notice of preparation.

(7) All written evidence or correspondence submitted to, or transferred from, the respondent public agency with respect to compliance with this division or with respect to the project.

(8) Any proposed decisions or findings submitted to the decisionmaking body of the respondent public agency by its staff, or the project proponent, project opponents, or other persons.

(9) The documentation of the final public agency decision, including the final environmental impact report, mitigated negative declaration, or negative declaration, and all documents, in addition to those referenced in paragraph (3), cited or relied on in the findings or in a statement of overriding considerations adopted pursuant to this division.

(10) Any other written materials relevant to the respondent public agency's compliance with this division or to its decision on the merits of the project, including the initial study, any drafts of any environmental document, or portions thereof, which have been released for public review, and copies of studies or other documents relied upon in any environmental document prepared for the project and either made available to the public during the public review period or included in the respondent public agency's files on the project, and all internal agency communications, including staff notes and memoranda related to the project or to compliance with this division.

(11) The full written record before any inferior administrative decisionmaking body whose decision was appealed to a superior administrative decisionmaking body prior to the filing of litigation.

(f) In preparing the record of proceedings, the party preparing the record shall strive to do so at reasonable cost in light of the scope of the record.

(g) The clerk of the superior court shall prepare and certify the clerk's transcript on appeal not later than 60 days from the date that the notice designating the papers or records to be included in the clerk's transcript was filed with the superior court, if the party or parties pay any costs or fees for the preparation of the clerk's transcript imposed in conformance with any law or rules of court. Nothing in this subdivision precludes an election to proceed by appendix, as provided in Rule 5.1 of the California Rules of Court.

(h) Extensions of the period for the filing of any brief on appeal may be allowed only by stipulation of the parties or by order of the court for good cause shown. Extensions for the filing of a brief on appeal shall be limited to one 30-day extension for the preparation of an opening brief, and one 30-day extension for the preparation of a responding brief, except that the court may grant a longer extension or additional extensions if it determines that there is a substantial likelihood of settlement that would avoid the necessity of completing the appeal.

(i) At the completion of the filing of briefs on appeal, the appellant shall notify the court of the completion of the filing of briefs, whereupon the clerk of the reviewing court shall set the

appeal for hearing on the first available calendar date.

SEC. 12. (a) In the next scheduled review of the guidelines pursuant to Section 21087 of the Public Resources Code, the Office of Planning and Research shall (1) review the impact of Article 3 (commencing with Section 21158) of Chapter 4.5 of Division 13 of the Public Resources Code and provide further development of the concept of using a focused environmental impact report, and (2) provide recommendations for revising the definition of "project" in the guidelines to conform to Section 21065 of the Public Resources Code, as amended by Section 4 of this act.

(b) The Legislature hereby declares that the amendment of Section 21065 of the Public Resources Code by Section 4 of this act is intended to clarify the definition of "project" as currently set forth in subdivision (a) of Section 15378 of Title 14 of the California Code of Regulations, as adopted by the Secretary of the Resources Agency. The primary purpose of the change is to codify the holdings of *Kaufman & Broad-South Bay, Inc. v. Morgan Hill Unified School District* (1992), 9 Cal. App. 4th 464, and *City of Livermore v. Local Agency Formation Com.* (1986), 184 Cal. App. 3d 531.

SEC. 13. (a) The Office of Planning and Research may include in its annual survey questions relating to the impact of the exemption to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) for specified types of residential housing that is provided pursuant to Section 21080.14 of the Public Resources Code, as added by Section 7 of this act, on lead agencies that are considering the approval of housing development projects that are intended for lower income households or that are affordable to low- and moderate-income households.

(b) It is the intent of the Legislature that the survey questions shall include an analysis of the ability of the lead agency to address potential significant effects on the environment that may result from the proposed development project, including the conversion of agricultural lands to urban uses, to impose conditions on the construction of the proposed development project, and to shorten the amount of time within which the proposed development project may be considered and acted upon.

SEC. 14. If this bill and AB 314 are both chaptered, the provisions of this bill that amend Sections 21100, 21100.1, and 21167.6 of the Public Resources Code shall prevail over the provisions of AB 314 that amend those sections of the Public Resources Code regardless of which bill is chaptered last.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution to the extent that the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

Moreover, no reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with

Section 17500) of Division 4 of Title 2 of the Government Code for other costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law for those other costs.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 16. The changes to subdivision (e) of Section 21100 of the Public Resources Code made by this bill shall not become operative until January 1, 1995.

SEC. 17. Section 8.5 of this bill incorporates amendments to Section 21080.6 of the Public Resources Code proposed by this bill and AB 314. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1995, (2) each bill amends Section 21080.6 of the Public Resources Code, and (3) this bill is enacted after AB 314, in which case Section 21080.6 of the Public Resources Code, as amended by AB 314, shall remain operative only until the operative date of this bill, at which time Section 8.5 of this bill shall become operative, and Section 8 of this bill shall not become operative.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure, as soon as possible, the efficient review of projects subject to the California Environmental Quality Act, thereby protecting the environment and improving the economy of the state, it is necessary that this act take effect immediately.

CHAPTER 1231

An act to add Section 71.7 to the Harbors and Navigation Code, relating to Spud Point Marina, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) On May 1, 1994, the United States Department of Commerce issued regulations that drastically reduced catch levels and areas open to salmon fishing in the Pacific northwestern United States, including off the coast of northern California.

(b) On May 20, 1994, the Governor of California declared a state of emergency for the Counties of Sonoma, Mendocino, Humboldt, and Del Norte due to the devastating economic loss associated with the 50 to 90 percent decline in commercial salmon fishing over the last several years. The Governor declared that conditions of extreme peril to the salmon fishing industry exist because of drought, water diversion, degraded stream conditions, and the natural phenomenon known as the El Niño ocean current.

(c) On May 26, 1994, in response to the Governor's declaration, the United States Secretary of Commerce, under the authority of the Interjurisdictional Fisheries Act of 1986 (16 U.S.C. Sec. 4101 et seq.), determined that a fishing disaster exists because of the collapse of salmon stocks in the Pacific northwestern United States.

(d) Because the devastated northern California salmon industry faces the worst year in its history, Sonoma County's Spud Point Marina, at Bodega Bay in northern California, faces a similar plight. Commercial fishing vessel owners comprise over 80 percent of those persons using the Spud Point Marina. This industry generates revenues for the marina by paying berth rental fees and by purchasing fuel, ice, and other services. Without the income from commercial salmon fishing, many fishermen have been forced to remove their vessels from that marina. Only 73 percent of the berths in that marina are occupied, and that number is declining. Many commercial fishing vessels are for sale.

(e) Sonoma County's ability to serve the commercial fishing industry and to generate sufficient revenues from the operation of Spud Point Marina to make debt service payments to the Department of Boating and Waterways has been devastated, along with the commercial fishing industry the marina was designed to serve. This impact is likely to continue as long as the commercial fishing industry continues to suffer disastrous economic losses, which is likely to be indefinitely.

SEC. 2. Section 71.7 is added to the Harbors and Navigation Code, to read:

71.7. Notwithstanding any other provision of this chapter, Section 82, or any contract or agreement to the contrary, loan payments on the loan on behalf of Spud Point Marina in the County of Sonoma, as authorized by Schedule (b) (8) of Item 3680-101-516 of Section 2.00 of the Budget Act of 1982, and administered by the department, may be renegotiated by the department and the County of Sonoma, with the advice and consent of the commission, to solve the fiscal problems involving the marina existing on the effective date of the act enacting this section during the 1994 portion of the 1993-94 Regular Session.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The reduction in revenues available from the loss of the

commercial salmon season off the northern California coast has hampered the ability of the County of Sonoma to repay certain loans to the State of California for the construction of the Spud Point Marina. In order to prevent the default of the loans and the loss of the commercial fishing fleet in Bodega Bay, it is necessary that this act take effect immediately.

CHAPTER 1232

An act to amend Section 19702.3 of the Government Code, relating to state civil service.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 19702.3 of the Government Code is amended to read:

19702.3. (a) An appointing authority shall not refuse to hire, and shall not discharge, suspend, expel, or discriminate against, any individual because of any of the following:

(1) An individual's exercise of the right to family care leave provided by subdivision (a) of Section 12945.2.

(2) An individual's giving information or testimony as to his or her own family care leave, or another person's family care leave, in any inquiry or proceeding related to rights guaranteed under Section 12945.2.

(b) This section shall not be construed to require any changes in existing collective bargaining agreements during the life of the contract, or until January 1, 1993, whichever occurs first.

CHAPTER 1233

An act to add Sections 71.7 and 72.75 to the Harbors and Navigation Code, to amend and Supplement the Budget Act of 1994 by augmenting Item 3790-301-786 thereof, and by adding Item 3790-492 thereto, relating to fiscal affairs, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

SEC. 6. The Legislature finds and declares as follows:

(a) On May 1, 1994, the United States Department of Commerce issued regulations that drastically reduced catch levels and areas open to salmon fishing in the Pacific northwestern United States, including off the coast of northern California.

Without the income from commercial salmon fishing, many fishermen have been forced to remove their vessels from that marina. Only 73 percent of the berths in that marina are occupied, and that number is declining. Many commercial fishing vessels are for sale.

(e) Sonoma County's ability to serve the commercial fishing industry and to generate sufficient revenues from the operation of Spud Point Marina to make debt service payments to the Department of Boating and Waterways has been devastated, along with the

commercial fishing industry the marina was designed to serve. This impact is likely to continue as long as the commercial fishing industry continues to suffer disastrous economic losses, which is likely to continue indefinitely.

SEC. 7. Section 71.7 is added to the Harbors and Navigation Code, to read:

71.7. Notwithstanding any other provision of this chapter, Section 82, or any contract or agreement to the contrary, loan payments on the loan on behalf of Spud Point Marina in the County of Sonoma, as authorized by Schedule (b) (8) of Item 3680-101-516 of Section 2.00 of the Budget Act of 1982, and administered by the department, may be renegotiated by the department and the County of Sonoma, with the advice and consent of the commission, to solve the fiscal problems involving the marina existing on the effective date of this section as enacted during the 1994 portion of the 1993-94 Regular Session.

SEC. 8. Section 72.75 is added to the Harbors and Navigation Code, to read:

72.75. (a) The department may grant funds to any public agency for the construction or procurement of vessel pumpout or dump stations and ancillary items.

(b) The department shall establish general policies for determining appropriate bodies of water and locations thereon for placing vessel pumpout or dump stations. The department may adopt rules and regulations that it finds necessary to carry out this section.

(c) The Legislature finds and declares that the purpose of this section is to furnish vessel pumpout or dump station facilities on bodies of water where needed to meet the needs of boaters and where the presence of the vessel pumpout or dump stations may lessen environmental degradation of those bodies of water.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to commence the construction of state and local boating, waterway, and community facilities and to provide for the lending of funds in an orderly manner during this fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1234

An act to amend Section 100.4 of the Streets and Highways Code, relating to freeway construction.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 100.4 of the Streets and Highways Code is amended to read:

100.4. Notwithstanding Section 100.2, the department may construct a freeway, without an agreement with a county or city, on the route determined by the commission, if all of the following conditions have been met:

(a) The freeway is included within the California freeway and expressway system and a route has been adopted.

(b) Construction has commenced, but has not been completed, leaving an existing gap between the constructed portions of the freeway.

(c) In addition to the adopted route, there is at least one feasible alternative route as determined by the department.

(d) A draft environmental impact report or statement has been prepared on the unconstructed portion of the freeway.

(e) The affected freeway segment is within the jurisdiction of the Los Angeles County Metropolitan Transportation Authority.

(f) An agreement with one or more counties and cities pursuant to Section 100.2 is not possible because an impasse, as evidenced by the lack of freeway agreements by all affected jurisdictions, has existed for 10 or more years after an initial route was adopted.

(g) Under the conditions set forth in subdivisions (a) to (f), inclusive, the commission shall hold public hearings as it may deem necessary, review the draft or final environmental impact report or statement, and consider the recommendation and records of the authority and other documents as it may deem advisable. The commission shall take into consideration all the traditional factors of route selection by the state, including the question of least adverse economic and physical impact on the communities involved, but any previous selection by the commission or its predecessor shall not be considered binding.

(h) The environmental impact report or statement shall examine the potential impacts of alternative route alignments on the communities involved. The definition and scope of these communities shall reflect the sense of community of residents within and immediately adjacent to the adopted route and alternate route location.

(i) The department shall prepare a draft environmental impact report or statement. The commission may hold public hearings on

the draft environmental impact report or statement as it deems necessary. The department shall prepare a final environmental impact report or statement after the completion of the public review period of the draft environmental impact report or statement. The commission shall select a route after the completion of the environmental impact report or statement.

(j) If the route selected by the commission differs from a prior route adopted by the commission or a prior recommendation by the authority, the commission shall set forth, as a part of its decision statement, the reasons for the route selected.

(k) For any freeway constructed pursuant to this section, the department shall establish an outreach program to maximize the participation of businesses and professionals from within the county in which the freeway segment is located in the construction of the freeway segment.

(l) As used in this section, "authority" means the Los Angeles County Metropolitan Transportation Authority, or its predecessor, the Los Angeles County Transportation Commission.

CHAPTER 1235

An act to amend Section 65400 of, and to add Section 65584.5 to, the Government Code, relating to housing.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 65400 of the Government Code is amended to read:

65400. After the legislative body has adopted all or part of a general plan, the planning agency shall do both of the following:

(a) Investigate and make recommendations to the legislative body regarding reasonable and practical means for implementing the general plan or element of the general plan, so that it will serve as an effective guide for orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.

(b) (1) Provide an annual report to the legislative body on the status of the plan and progress in its implementation, including the progress in meeting its share of regional housing needs determined pursuant to Section 65584 and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583.

(2) The annual report required pursuant to this subdivision shall

be prepared through the use of forms and definitions adopted by the Department of Housing and Community Development pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of, Chapter 4 (commencing with Section 11370) of, and Chapter 5 (commencing with Section 11500) of, Part 1 of Division 3 of Title 2). This report shall be provided to the legislative body on or before July 1 of each year.

SEC. 2. Section 65584.5 is added to the Government Code, to read:

65584.5. (a) A city or county may transfer a percentage of its share of the regional housing needs to another city or county, if all of the following requirements are met:

(1) Both the receiving city or county and the transferring city or county comply with all of the conditions specified in subdivision (b).

(2) The council of governments or the department reviews the findings made pursuant to paragraph (2) of subdivision (c).

(3) The transfer does not occur more than once in a five-year housing element interval pursuant to subdivision (b) of Section 65588.

(4) The procedures specified in subdivision (c) are met.

(b) (1) Except as provided in paragraph (5) of subdivision (c) of Section 65584, a city or county transferring a share of its regional housing needs shall first have met, in the current or previous housing element cycle, at least 15 percent of its existing share of the region's affordable housing needs, as defined in Section 65584, in the very low and lower income category of income groups defined in Section 50052.5 of the Health and Safety Code if it proposes to transfer not more than 15 percent. In no event, however, shall the city or county transfer more than 500 dwelling units in a housing element cycle.

(2) A city or county shall transfer its regional housing needs in the same proportion by income group as the jurisdiction has met its regional housing needs.

(3) The transfer shall be only between jurisdictions that are contiguously situated or between a receiving city or county that is within 10 miles of the territory of the community of the donor city or county. If both the donor community and receiving community are counties, the donor county shall be adjacent to, in the same council of governments region as, and in the same housing market as, the receiving county. The sites on which any transferred housing units will be constructed shall be in the receiving city or county, and within the same housing market area as the jurisdiction of the donor city or county.

(4) The transferring and receiving city or county shall have adopted, and shall be implementing, a housing element in substantial compliance with Section 65583.

(5) The transferring city or county and the receiving city or county shall have completed, and provided to the department, the annual report required by subdivision (b) of Section 65400.

(c) (1) The donor city or county and the receiving city or county

shall, at least 45 days prior to the transfer, hold a public hearing, after providing notice pursuant to Section 6062, to solicit public comments on the draft contract, including its terms, conditions, and determinations.

(2) The transferring and the receiving city or county shall do all of the following:

(A) Adopt a finding, based on substantial evidence on the record, that the transfer of the regional housing need pursuant to the terms of the agreement will not cause or exacerbate racial, ethnic, or economic segregation and will not create a detrimental financial impact upon the receiving city or county.

(B) Adopt a finding, based on substantial evidence on the record, that the transfer of the regional housing need will result in the construction of a greater number of similar type dwelling units than if the transfer does not occur.

(3) (A) The transferring city or county and the receiving city or county shall enter into an agreement to transfer units eligible under subdivision (b). A copy of this agreement shall be sent to the council of governments and the department to be kept on file for public examination.

(B) The agreement shall include a plan and schedule for timely construction of dwelling units, including, in addition to site identification, identification of and timeframes for applying for sufficient subsidy or mortgage financing if the units need a subsidy or mortgage financing, and a finding that sufficient services and public facilities will be provided.

(4) At least 60 days prior to the transfer, the receiving city or county planning agency and the transferring city or county planning agency shall submit to the department a draft amendment to reflect the identified transferred units. A transferring agency may reduce its housing needs only to the extent that it had not previously reduced its housing needs pursuant to paragraph (2) of subdivision (b) of Section 65583. A county planning agency that has its share of the regional housing need reduced pursuant to paragraph (5) of subdivision (c) of Section 65584 shall comply with this section. A receiving city or county shall, in addition to any other provisions of the article, identify in its housing element sufficient sites to meet its initial low- and moderate-income housing needs and sufficient sites to meet all transferred housing needs.

(5) The department shall review the draft amendment and report its written findings to the planning agency within 45 days of its receipt.

(6) The department's review shall follow the same procedure, requirements, and responsibilities of Sections 65583, 65585, 65587, and 65589.3. The court shall consider any written findings submitted by the department.

(d) No transfer made pursuant to this section shall affect the plans for a development that have been submitted to a city or county for approval 45 days prior to the adoption of the amendment to the

housing element.

(e) No transfer made pursuant to this section shall be counted toward any ordinance or policy of a locality that specifically limits the number of units that may be constructed.

(f) The Attorney General or any other interested person shall have authority to enforce the terms of the agreement and the provisions of this section.

(g) For a period of five years after the transfer occurs, the report required by subdivision (b) of Section 65400 shall include information on the status of transferred units, implementation of the terms and conditions of the transfer contract, and information on any dwelling units actually constructed, including the number, type, location, and affordability requirements in place for these units.

(h) (1) At least 60 days prior to the proposed transfer, the donor city or county shall submit the proposed agreement to the council of governments, or to the department if there is no council of governments that serves the city or county, for review. The governing board of the council or the director shall determine whether there is substantial evidence to support the terms, conditions, and determinations of the agreement and whether the agreement complies with the substantive and procedural requirements of this section. If the council or the director finds that there is substantial evidence to support the terms, conditions, and determinations of the agreement, and that the agreement complies with the substantive and procedural requirements of this section, the participating jurisdictions may proceed with the agreement. If the governing board or the director finds that there is not substantial evidence to support the terms, conditions, and findings of the agreement, or that the agreement does not comply with the substantive and procedural requirements of this section, the board or the director may make recommendations for revising or terminating the agreement. The participating jurisdictions shall then include those revisions, if any, or terminate the agreement.

(2) The council or the director may convene a committee to advise the council or the director in conducting this review. The donor city or county and the receiving community shall pay the council's or the department's costs associated with the committee. Neither the donor city or county, nor the receiving city or county, may expend moneys in its Low and Moderate Income Housing Fund of its redevelopment agency for costs associated with the committee.

(3) Membership of the committee appointed pursuant to paragraph (2) shall include all of the following:

- (A) One representative appointed by the director.
- (B) One representative appointed by the donor agency.
- (C) One representative appointed by the receiving community.
- (D) Two low- and moderate-income housing advocates, appointed by the director, who represent those persons in that region.

(i) (1) The receiving city or county shall construct the housing

units within three years of the date that the transfer contract is entered into pursuant to this section. This requirement shall be met by documenting that a building permit has been issued and all fees have been paid.

(2) Any portion of a regional share allocation that is transferred to another jurisdiction, and that is not constructed within the three-year deadline set forth in paragraph (1), shall be reallocated by the council of governments to the transferring city or county, and the transferring city or county shall modify its zoning ordinance, if necessary, and amend its housing element to reflect the reallocated units.

(3) If, at the end of the five-year housing element planning period, any portion of a regional share allocation that is transferred to another jurisdiction is not yet constructed, the council of governments shall add the unbuilt units to the normal regional fair share allocation and reallocate that amount to either of the following:

(A) The receiving city, if the three-year deadline for construction has not yet occurred; or

(B) The transferring city, if the three-year deadline for construction has occurred.

(4) If the transferred units are not constructed within three years, the nonperforming jurisdictions participating in the transfer of regional share allocations shall be precluded from transferring their regional shares, pursuant to this section, for the planning period of the next periodic update of the housing element.

(j) On or after January 1, 2000, no transferring city or county shall enter into an agreement pursuant to this section unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

(k) If Article XXXIV of the California Constitution is applicable, the receiving city or county shall certify that it has sufficient authority under Article XXXIV of the California Constitution to allow development of units transferred pursuant to this section.

(l) The receiving city or county shall not, within three years of the date of the transfer agreement entered into pursuant to this section, or until transferred units are constructed, whichever is longer, enter into a contract to transfer units outside the territorial jurisdiction of the agency pursuant to this section.

(m) Communities that have transferred a portion of their share of the regional housing need to another city or county pursuant to this section shall comply with all other provisions of law for purposes of meeting the remaining regional housing need not transferred, including compliance with the provisions of Section 65589.5.

(n) As used in this section, "housing market area" means the area determined by a council of governments or the department pursuant to Section 65584, and based upon market demand for housing, employment opportunities, the availability of suitable sites and public facilities, and commuting patterns.

(o) This section shall not be construed to interfere with the right

of counties to transfer shares of regional housing needs pursuant to paragraph (5) of subdivision (c) of Section 65584.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1236

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 8880.4 of the Government Code is amended to read:

8880.4. Revenues of the state lottery shall be allocated as follows:

(a) Not less than 84 percent of the total annual revenues from the sale of state lottery tickets or shares shall be returned to the public in the form of prizes and net revenues to benefit public education.

(2) At least 34 percent shall be allocated to the benefit of public education as specified in Section 8880.5.

(3) All unclaimed prize money shall revert to the benefit of public education as provided for in subdivision (e) of Section 8880.32.

(4) All of the interest earned upon funds held in the State Lottery Fund shall be allocated to the benefit of public education as specified in Section 8880.5. This interest is in addition to, and shall not be considered as any part of, the 34 percent that is required to be allocated for the benefit of public education as specified in the second sentence of this section.

(5) No more than 16 percent of the total annual revenues shall be allocated for payment of expenses of the lottery as described in this chapter. or Section 8880.5.

(b) Funds allocated for the benefit of public education pursuant to subdivision (a) are in addition to other funds appropriated or required under existing constitutional reservations for educational purposes. No program shall have the amount appropriated to support that program reduced as a result of funds allocated pursuant to subdivision (a). Funds allocated for the benefit of public education pursuant to subdivision (a) shall not supplant funds committed for child development programs.

SEC. 2. The Legislature finds and declares that this act furthers the purposes of the California State Lottery Act of 1984.

CHAPTER 1237

An act to amend Sections 13352, 23246, and 23247 of, and to repeal and add Article 4 (commencing with Section 23235) of Chapter 12 of Division 11 of, the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 13352 of the Vehicle Code is amended to read:

13352. (a) The department shall immediately suspend or revoke, or record the court-administered suspension or revocation of, the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, or upon receipt of a report of a judge of the juvenile court, a juvenile traffic hearing officer, or a referee of a juvenile court showing that the person has been found to have committed a violation of Section 23152 or 23153 or subdivision (a) of Section 23109. If any offense in this section occurs in a vehicle defined in Section 15210, the suspension or revocation specified below shall apply to the noncommercial driving privilege. The commercial driving privilege shall be disqualified as specified in Section 15300. For purposes of this section, suspension or revocation shall be as follows:

(1) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23160, the privilege shall be suspended for a period of six months if the court orders the department to suspend the privilege, or if the court does not grant probation. If the person gives proof of ability to respond in damages as defined in Section 16430, the department shall issue the restricted license upon receipt of an abstract of record from the court pursuant to Section 1803

certifying that the court has granted probation to the person on conditions which include the condition specified in subdivision (b) of Section 23161. The privilege shall not be reinstated until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion of a program described in Section 23161.

(2) Upon a conviction or finding of a violation of Section 23153 punishable under Section 23180, the privilege shall be suspended for a period of one year. The privilege shall not be reinstated until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion of a program described in Section 23161.

(3) Except as provided in Section 13352.5, upon a conviction or finding of a violation of Section 23152 punishable under Section 23165, the privilege shall be suspended for 18 months. The privilege shall not be reinstated until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion of a program described in Section 23166.

(4) Except as provided in Section 13352.5, upon a conviction or finding of a violation of Section 23153 punishable under Section 23185, the privilege shall be revoked for a period of three years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages, and until the person gives proof satisfactory to the department of successful completion of a program described in Section 23166.

(5) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23170, the privilege shall be revoked for a period of three years. The privilege shall not be reinstated until the person files proof of ability to respond in damages and gives proof satisfactory to the department of successful completion, subsequent to the most recent underlying conviction, of one of the following programs: an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, or a program specified in Section 8001 of the Penal Code. The court shall advise the person at the time of sentencing that completion of one of the programs authorized by this paragraph is required in order to become eligible for a California driver's license. The court shall also advise the person that after the completion of 24 months of the revocation period, the person may apply to the court for an order granting a restricted driver's license, subject to the following conditions:

(A) The person has satisfactorily completed, subject to the current underlying conviction, either of the following:

(i) A licensed 18-month program pursuant to Section 11836 of the Health and Safety Code.

(ii) The initial 18 months of a licensed 30-month program, if

available in the county of the person's residence or employment, pursuant to Section 11836 of the Health and Safety Code.

(B) The person agrees, as a condition of the restriction, to continue satisfactory participation in the 30-month program, if applicable, and to have installed and maintained, as described in Section 23246, an ignition interlock device. The court shall require proof of installation of the device before issuing an order granting a restricted license. Once the order granting a restricted license is issued, all maintenance requirements in Section 23246 apply and the driver becomes subject to the prohibitions and penalties provided in Section 23247.

(C) The person provides proof of responsibility to respond in damages.

(D) The person has not applied for and received an order in conjunction with the current underlying conviction or a prior conviction for violation of Section 23103, 23152, or 23153, if the prior conviction was within the previous seven years.

Unless good cause is shown, the court shall order the referral.

(6) Upon a conviction or finding of a violation of Section 23153 punishable under Section 23190, the privilege shall be revoked for a period of five years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion, subsequent to the most recent underlying conviction, of one of the following programs: a 30-month program, if available in the county of the person's residence or employment or, if not available, an 18-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, or a program specified in Section 8001 of the Penal Code. The court shall advise the person at the time of sentencing that completion of one of the programs authorized by this paragraph is required in order to become eligible for a California driver's license. The court shall also advise the person that after the completion of 24 months of the revocation period, the person may apply to the court for an order granting a restricted driver's license, subject to the following conditions:

(A) (i) The person has satisfactorily completed, subject to the current underlying conviction, the 18-month program or the initial 18 months of a licensed 30-month program, as applicable, pursuant to Section 11836 of the Health and Safety Code.

(ii) The person agrees, as a condition of the restriction, to continue satisfactory participation in the 30-month program, if applicable, and to have installed and maintained, as described in Section 23246, an ignition interlock device. The court shall require proof of installation of the device before issuing an order granting a restricted license. Once the order granting a restricted license is issued, all maintenance requirements in Section 23246 apply and the driver becomes subject to the prohibitions and penalties provided in Section 23247.

(iii) The person provides proof of responsibility to respond in damages.

(iv) The person has not applied for and received an order in conjunction with the current underlying conviction or a prior conviction for a violation of Section 23103, 23152, or 23153, if the prior conviction was within the previous seven years.

(B) Any individual convicted of a violation of Section 23153 punishable under Section 23190 may also, at any time after sentencing, petition the court for referral to an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(7) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23175, the privilege shall be revoked for a period of four years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages and gives proof satisfactory to the department of successful completion, subsequent to the most recent underlying conviction, of one of the following programs: an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, or a program specified in Section 8001 of the Penal Code. The court shall advise the person at the time of sentencing that completion of one of the programs authorized by this paragraph is required in order to become eligible for a California driver's license. The court shall also advise the person that after the completion of 24 months of the revocation period, the person may apply to the court for an order granting a restricted driver's license, subject to the following conditions:

(A) The person has satisfactorily completed, subject to the current underlying conviction, the initial 18 months of a licensed 30-month program pursuant to Section 11836 of the Health and Safety Code.

(B) The person agrees, as a condition of the restriction, to continue satisfactory participation in the 30-month program, if

applicable, and to have installed and maintained, as described in Section 23246, an ignition interlock device. The court shall require proof of installation of the device before issuing an order granting a restricted license. Once the order granting a restricted license is issued, all maintenance requirements in Section 23246 apply and the driver becomes subject to the prohibitions and penalties provided in Section 23247.

(C) The person provides proof of responsibility to respond in damages.

(D) The person has not applied for and received an order in conjunction with the current underlying conviction or a prior conviction for violation of Section 23103, 23152, or 23153, if the prior conviction was within the previous seven years.

(E) Any individual convicted of a violation of Section 23152 punishable under Section 23175 may also, at any time after sentencing, petition the court for referral to an 18-month program or, if available in the county of the person's residence or employment, a 30-month program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(8) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (e) of that section, the privilege shall be suspended for a period of 90 days to six months, if and as ordered by the court.

(9) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (f) of that section, the privilege shall be suspended for a period of six months, if the court orders the department to suspend the privilege. The privilege shall not be reinstated until the person gives proof of ability to respond in damages.

(b) For the purpose of paragraphs (2) to (9), inclusive, of subdivision (a), the finding of the juvenile court judge, the juvenile traffic hearing officer, or the referee of a juvenile court of a commission of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, as specified in subdivision (a) of this section, is a conviction.

(c) Each judge of a juvenile court, juvenile traffic hearing officer, or referee of a juvenile court shall immediately report the findings specified in subdivision (a) to the department.

(d) A conviction of an offense in any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or Canada which, if committed in this state, would be a violation of Section 23152, is a conviction of Section 23152 for purposes of this section, and a conviction of an offense which, if committed in this state, would be a violation of Section 23153, is a conviction of Section 23153 for purposes of this section. The department shall suspend or revoke the privilege to operate a motor vehicle pursuant to this section upon receiving notice of that

conviction.

(e) Whenever the driving privilege is restricted, suspended, or revoked pursuant to this section, the department shall not issue a restricted driver's license or reinstate the driving privilege unless the person gives proof of ability to respond in damages and maintains that proof for three years. If, at any time during that three-year period, a person who is required to maintain that proof fails to maintain that proof, the department shall suspend that person's driving privilege until the proof of ability to respond in damages is again given to the department.

SEC. 2. Article 4 (commencing with Section 23235) of Chapter 12 of Division 11 of the Vehicle Code is repealed.

SEC. 3. Article 4 (commencing with Section 23235) is added to Chapter 12 of Division 11 of the Vehicle Code, to read:

Article 4. Ignition Interlock Device

23235. (a) The Department of Motor Vehicles shall certify or cause to be certified ignition interlock devices required by this article and publish a list of approved devices.

(b) The Department of Motor Vehicles shall utilize information from an independent laboratory to certify ignition interlock devices on or off the premises of the manufacturer or manufacturer's agent, in accordance with the guidelines. The cost of certification shall be borne by the manufacturers of interlock ignition devices. If the certification of a device is suspended or revoked, the manufacturer of the device shall be responsible for, and shall bear the cost of, the removal of the device and the replacement of a certified device of the manufacturer or another manufacturer.

(c) No model of ignition interlock device shall be certified unless it meets the accuracy requirements and specifications provided in the guidelines adopted by the National Highway Traffic Safety Administration.

(d) All manufacturers of ignition interlock devices that meet the requirements of subdivision (c) and are certified in a manner approved by the Department of Motor Vehicles, who intend to market the devices in this state, first shall apply to the Department of Motor Vehicles on forms provided by that department. The application shall be accompanied by a fee in an amount not to exceed the amount necessary to cover the costs incurred by the Department of Motor Vehicles in carrying out this section.

(e) The Administrative Office of the Courts shall ensure that standard forms and procedures are developed for documenting decisions and compliance and communicating results to relevant agencies. These forms shall include all of the following:

(1) An "Order to Install," to be issued to the probationer at the time of sentencing. This shall include the conditions of the sentence and be accompanied by a toll-free telephone number for each manufacturer of a certified ignition interlock device. Information

regarding approved installation locations shall be provided to drivers by manufacturers with ignition interlock devices that have been certified in accordance with this section. Copies of the "Order to Install" shall be provided for the court, the probationer, and the probation department, or other monitoring agency.

(2) A "Verification of Installation" form to be returned to the court by the probationer within a specified time period. Copies shall be provided for the court, the probationer, the manufacturer or manufacturer's agent, and the probation department or other monitoring agency.

(3) Verification of calibration, and compliance, forms and procedures to ensure continued use of the interlock device during the probation period and to ensure compliance with maintenance requirements. The maintenance period shall be standardized at 60 days to maximize monitoring checks for equipment tampering.

SEC. 4. Section 23246 of the Vehicle Code is amended to read:

23246. (a) In addition to any other provisions of law, the court may prohibit any person who is convicted of a first offense violation of Section 23152 or Section 23153 from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device as provided in this article.

(1) Notwithstanding any other provision of law, if any person is convicted of a violation of Section 23152 or 23153, and the offense occurred within seven years of a separate violation of Section 23152 or 23153 which resulted in a conviction, the court shall, subject to this article, prohibit the person from operating a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device, certified pursuant to Section 23235, unless the court finds that to do so would not be in the interest of justice, as prescribed by the rules adopted pursuant to subdivision (c), and enters the grounds for its finding on the record.

(2) Nothing in this section permits a person to drive without a valid driver's license. The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

(b) The court shall order the installation of an ignition interlock device on any vehicle that a person subject to subdivision (a) owns or operates. The court shall determine which owned or operated vehicles shall be subject to the installation order and may order that the person shall not operate a vehicle that is owned by the person, thereby permitting the court to exempt that vehicle from the installation order. The court shall order the device to remain installed on the vehicle for a period of one to three years following the restoration of the person's driving privileges. The court shall make a determination as to whether the person has the ability to pay for the ignition interlock device and, if the person claims inability to pay for the installation, the court shall determine the person's ability to pay in accordance with subdivision (b) of Section 1203.1b of the Penal Code. If the court determines that the person is unable to pay,

the court may order a payment plan. The plan may defer payment over a period that exceeds the period of the court's ignition interlock device installation order. The person shall pay the manufacturer of the ignition interlock device, or the manufacturer's agent, directly for the cost of the device and its installation, in accordance with any payment schedule ordered by the court. If the court determines that there is no feasible way for the person to pay for the device, or if the manufacturer declines the person's application for a payment plan, or if the court exempts the person in the interest of justice in accordance with subdivision (a), the court shall not order an ignition interlock device installed, but may order the defendant to perform an appropriate amount of community service.

(c) The Judicial Council shall adopt rules for exemptions granted pursuant to paragraph (1) of subdivision (a) on or before January 1, 1995. Those rules shall further the goal of installing an ignition interlock device in as many cases as possible. The Judicial Council shall authorize exemptions under all of the following circumstances:

- (1) The defendant is an out-of-state resident.
- (2) The defendant's residence is located 50 miles or more from, or it is necessary for the defendant to drive at least two hours to arrive at, the nearest ignition interlock installation or service facility.
- (3) If the defendant is the sole proprietor of a business which requires two or more vehicles to be registered in his or her name and the court determines that a single vehicle is the defendant's primary vehicle, the court may order the installation of the ignition interlock device on that one vehicle only.
- (4) The defendant's prior driving conviction occurred six years and nine months or more prior to the date of the offense for which he or she is being sentenced and the defendant shows proof to the court of enrollment in an alcohol rehabilitation program.
- (5) The defendant provides proof to the court that the vehicle, which is registered in the defendant's name, is inoperable and the defendant is unable to comply with the requirements relating to the transfer of title of the vehicle.

(d) The court shall require the person to provide proof of installation to the court or the probation officer within 30 days of the conviction, or within 30 days of the person's release from county jail, state prison, or a locked residential treatment program, on a form prescribed pursuant to Section 23235. If the driving privilege of the person is not also suspended or revoked, the court shall require the person to surrender his or her driver's license to the court until that proof is submitted and verified by the court or probation officer. If the person fails to provide proof of installation within that period, absent a finding by the court of good cause for that failure which is entered in the court record, the court shall notify the Department of Motor Vehicles, which shall revoke the person's driving privilege for a period of one year. The period of revocation for failure to provide proof of installation shall be added to any previously ordered suspension or revocation.

(e) A person whose driving privilege is restored prior to the end of the period ordered in subdivision (b), may petition the court to review whether it is necessary to continue the ignition interlock order.

(f) A person whose driving privilege is restricted pursuant to this section shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The installer shall notify the court or probation officer if the person fails to return for recalibration or if the device indicates that the person has attempted to bypass or tamper with the device or has attempted to start the vehicle while intoxicated. Unless so ordered by the court, there shall be no obligation on the part of the installer to notify the court or probation officer if the person has complied with all of the requirements of this article.

(g) The court shall immediately suspend the privilege to operate a motor vehicle of, and issue a bench warrant for, any person who fails to comply with any notice from the court or probation officer to comply with the installation period ordered pursuant to subdivision (b) or with the reporting requirement of subdivision (f), or who three or more times fails to comply with any requirement for the maintenance or calibration of the ignition interlock device.

(h) The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816, the requirement for, and the period of, the use of a certified ignition interlock device under this section. The records of the Department of Motor Vehicles shall reflect mandatory use of the device.

(i) If a person has a medical problem that does not permit the person to breathe with sufficient strength to activate the device, and provides the court with a physician's report that documents this condition to the satisfaction of the court, the court shall not order an ignition interlock device installed but may order the defendant to perform an appropriate amount of community service. The court may delay the installation of the device if the physician's report indicates that the person's condition may improve sufficiently to permit use of the device. The court shall enter on the record that it has granted a permanent or temporary medical exception as documented by a physician and surgeon's report.

(j) The owner of a vehicle that has an ignition interlock device installed shall notify the court of a pending sale of the vehicle prior to transfer of the vehicle to the new owner. The court shall determine whether there is a replacement vehicle and shall order installation of the ignition interlock device in the replacement vehicle for the duration of the sentence. If the court determines that there is no replacement vehicle, the court may suspend the restriction or order the person to perform an appropriate amount of community service. The Department of Motor Vehicles shall

crossmatch, on a weekly basis, driver's license records of persons who have violated either Section 23152 or 23153 with records of those persons applying for a change of ownership or transfer of title and report any matched records to the appropriate court.

(k) This article does not restrict a court from requiring installation of an ignition interlock device for any persons to whom subdivision (a) does not apply.

(l) For purposes of this section, "vehicle" does not include a motorcycle until the state certifies an ignition interlock device that can be installed on a motorcycle. However, a court shall order a person subject to this section not to operate a motorcycle for the duration of the ignition interlock order.

(m) For purposes of this section, "owned" means solely owned or owned in conjunction with another person or legal entity. For purposes of this section, "operates" includes operating vehicles that are not owned by the person subject to this section.

SEC. 5. Section 23247 of the Vehicle Code is amended to read:

23247. (a) It is unlawful for a person to knowingly rent, lease, or lend a motor vehicle to another person known to have had his or her driving privilege restricted as provided in Section 23246, unless the vehicle is equipped with a functioning, certified ignition interlock device. Any person, whose driving privilege is restricted pursuant to Section 23246 shall notify any other person who rents, leases, or loans a motor vehicle to him or her of the driving restriction imposed under that section.

(b) It is unlawful for any person whose driving privilege is restricted pursuant to Section 23246 to request or solicit any other person to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing the person so restricted with an operable motor vehicle.

(c) It is unlawful to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing an operable motor vehicle to a person whose driving privilege is restricted pursuant to Section 23246.

(d) It is unlawful to tamper with, or circumvent the operation of, an ignition interlock device.

(e) It is unlawful for any person whose driving privilege is restricted pursuant to Section 23246 to operate any vehicle not equipped with a functioning ignition interlock device or any vehicle that a court orders him or her not to operate.

(f) Any person convicted of a violation of this section shall be punished by imprisonment in the county jail for not more than six months or by a fine of not more than five thousand dollars (\$5,000), or by both that fine and imprisonment.

(g) If any person who is restricted pursuant to Section 23246 violates this section, the court shall notify the Department of Motor Vehicles, which shall revoke the person's driving privilege for one year from the date the court finds that the person violated this section. Immediately upon revocation, the order for installation

imposed in accordance with subdivision (b) of Section 23246 shall be deemed extended for a period equal to the period of revocation and until the person has petitioned the court for review of a continued restriction, pursuant to subdivision (d) of Section 23246.

(h) If any person who is restricted pursuant to Section 23246 violates subdivision (e), by operating a vehicle that the court has ordered him or her not to operate, the court shall order the installation of an ignition interlock device on the vehicle that the person used in violating subdivision (e). The order shall be consistent with the provisions of Section 23246.

(i) It is an affirmative defense to a criminal prosecution, with the exception of a prosecution for violation of Section 12500, 12951, 14601, 14601.1, 14601.2, 14601.3, or 14601.4, or a probation violation under this article if the defendant or violator can show either of the following circumstances:

(1) If he or she had his or her valid driving privilege restricted pursuant to Section 23246 and leased, rented, or borrowed a vehicle for an emergency use when no other feasible alternative was available, or for a bona fide business purpose when he or she was away from his or her regular place of business.

(2) If he or she rented, leased, or loaned a vehicle to another person, whose valid driving privilege was restricted pursuant to Section 23246, for an emergency use when no other feasible alternative was available, or for a bona fide business purpose when the person subject to the restriction was away from his or her regular place of business.

(j) Nothing in this section permits a person to drive without a valid driver's license. The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The provisions of the Vehicle Code relating to the mandatory installation of ignition interlock devices on motor vehicles are not being consistently enforced. From July 1, 1993, to January 1, 1994, the

first six months during which those provisions have been operative, less than 1,000 ignition interlock devices have been installed on the vehicles of over 35,000 persons convicted of repeat drunk driving offenses. Because those provisions are intended to be mandatory, this level of compliance is insufficient to carry out the intent of the Legislature. In order to ensure timely compliance with the intent of the Legislature regarding the mandatory installation of ignition interlock devices on motor vehicles, it is necessary that this act take effect immediately.

CHAPTER 1238

An act to add Section 170.9 to the Code of Civil Procedure, relating to judges.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 170.9 is added to the Code of Civil Procedure, to read:

170.9. (a) No judge shall accept gifts from any single source in any calendar year with a total value of more than two hundred fifty dollars (\$250). This section shall not be construed to authorize the receipt of gifts that would otherwise be prohibited by the California Code of Judicial Conduct adopted by the California Judges Association or any other provision of law.

(b) This section shall not prohibit or limit the following:

(1) Payments, advances, or reimbursements for travel and related lodging and subsistence permitted by subdivision (e).

(2) Wedding gifts and gifts exchanged between individuals on birthdays, holidays and other similar occasions, provided that the gifts exchanged are not substantially disproportionate in value.

(c) For purposes of this section, "judge" means judges of the justice, municipal, or superior courts, and justices of the courts of appeal or the Supreme Court.

(d) The gift limitation amounts in this section shall be adjusted biennially by the Commission on Judicial Performance to reflect changes in the Consumer Price Index, rounded to the nearest ten dollars (\$10).

(e) Payments, advances, or reimbursements, for travel, including actual transportation and related lodging and subsistence which is reasonably related to a judicial or governmental purpose, or to an issue of state, national, or international public policy, is not prohibited or limited by this section if any of the following apply:

(1) The travel is in connection with a speech, practice demonstration, or group or panel discussion given or participated in

by the judge, the lodging and subsistence expenses are limited to the day immediately preceding, the day of, and the day immediately following the speech, demonstration, or discussion, and the travel is within the United States.

(2) The travel is provided by a government, a governmental agency or authority, a foreign government, a foreign bar association, an international service organization, a bona fide public or private educational institution, as defined in Section 203 of the Revenue and Taxation Code, or a nonprofit charitable or religious organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, or by a person domiciled outside the United States who substantially satisfies the requirements for tax exempt status under Section 501(c)(3) of the Internal Revenue Code.

For purposes of this section, "foreign bar association" means an association of attorneys located outside the United States (A) that performs functions substantially equivalent to those performed by state or local bar associations in this state and (B) that permits membership by attorneys in that country representing various legal specialties and does not limit membership to attorneys generally representing one side or another in litigation. "International service organization" means a bona fide international service organization of which the judge is a member. A judge who accepts travel payments from an international service organization pursuant to this subdivision shall not preside over or participate in decisions affecting that organization, its state or local chapters, or its local members.

(3) The travel is provided by a state or local bar association or judges professional association in connection with testimony before a governmental body or attendance at any professional function hosted by the bar association or judges professional association, the lodging and subsistence expenses are limited to the day immediately preceding, the day of, and the day immediately following the professional function.

(f) Payments, advances, and reimbursements for travel not described in subdivision (e) are subject to the limit in subdivision (a).

(g) No judge shall accept any honorarium.

(h) "Honorarium" means any payment made in consideration for any speech given, article published, or attendance at any public or private conference, convention, meeting, social event, meal or like gathering.

(i) "Honorarium" does not include earned income for personal services which are customarily provided in connection with the practice of a bona fide business, trade, or profession, such as teaching or writing for a legal publisher, and does not include fees or other things of value received pursuant to Section 94.5 of the Penal Code for performance of a marriage. "Legal publisher" for purposes of this subdivision means a bona fide publisher of legal treatises or other publications to educate lawyers or judges concerning the practice of law.

(j) Subdivision (a) and (e) shall apply to all payments, advances, reimbursements for travel and related lodging and subsistence.

(k) This section does not apply to any honorarium that is not used and, within 30 days after receipt, is either returned to the donor or delivered to the Controller for deposit in the General Fund without being claimed as a deduction from income for tax purposes.

(l) "Gift" means any payment to the extent that consideration of equal or greater value is not received and includes a rebate or discount in the price of anything of value unless the rebate or discount is made in the regular course of business to members of the public without regard to official status. Any person, other than a defendant in a criminal action, who claims that a payment is not a gift by reason of receipt of consideration has the burden of proving that the consideration received is of equal or greater value. However, the term "gift" does not include:

(1) Informational material such as books, reports, pamphlets, calendars, or periodicals. No payment for travel or reimbursement for any expenses shall be deemed "informational material."

(2) Gifts which are not used and which, within 30 days after receipt, are returned to the donor or delivered to a charitable organization without being claimed as a charitable contribution for tax purposes.

(3) Gifts from a judge's spouse, child, parent, grandparent, grandchild, brother, sister, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle, or first cousin or the spouse of any such person; provided that a gift from any such person shall be considered a gift if the donor is acting as an agent or intermediary for any person not covered by this paragraph.

(4) Campaign contributions required to be reported under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code.

(5) Any devise or inheritance.

(6) Personalized plaques and trophies with an individual value of less than two hundred fifty dollars (\$250).

(m) The Commission on Judicial Performance shall enforce the prohibitions of this section.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 8802 of the Education Code is amended to read:

8802. For the purposes of this chapter, the following definitions apply:

(1) A school that maintains kindergarten or any of grades 1 to 6, inclusive, in which 50 percent or more of the enrolled pupils either (A) are from families that receive Aid to Families with Dependent Children program benefits, have limited English proficiency, as identified pursuant to Section 52163, or both, or (B) are eligible to receive free or reduced-price meals under Section 49552.

(2) A school that maintains any of grades 7 to 12, inclusive, in which 35 percent or more of the enrolled pupils either (A) are from families that receive Aid to Families with Dependent Children program benefits, have limited English proficiency, as identified pursuant to Section 52163, or both, or (B) are eligible to receive free or reduced-price meals under Section 49552.

(3) A school that does not satisfy the criteria in paragraph (1) or (2) but that demonstrates other factors that warrant its consideration, including, for example, exceptional need, potential to serve as a model program, or service to a particular target population. No more than 10 percent of the schools that participate in the program established by this chapter may be schools that qualify under this paragraph. A school that receives a grant under this paragraph shall ensure that the following pupils in that school are given priority to receive services provided with the grant money:

(A) are from families that receive Aid to Families with Dependent Children program benefits, have limited English proficiency, as identified pursuant to Section 52163, or both, or (B) are eligible to receive free or reduced-price meals under Section 49552.

(i) "Agency secretary" means the Secretary of the Health and Welfare Agency.

(j) "Superintendent" means the Superintendent of Public Instruction.

(k) "Support services" means services that will enhance the physical, social, emotional, and intellectual development of children and their families.

SEC. 2. Section 8803 of the Education Code is amended to read: 8803. In order to encourage the integration of children's services, it is the intent of the Legislature to promote interagency coordination and collaboration among the state agencies responsible for the provision of support services to children and their families.

Therefore, the Legislature hereby establishes the Healthy Start Support Services for Children Program Council, as follows:

(a) Members of the council shall include the superintendent, the agency secretary, the secretary, and the directors of the State Department of Health Services, the State Department of Social Services, the State Department of Alcohol and Drug Programs, and the State Department of Mental Health.

(b) Duties of the council shall include:

(1) Developing, promoting, and implementing policy supporting the Healthy Start Support Services for Children Grant Program.

(2) Assisting the lead agency in reviewing grant applications submitted to the lead agency and providing the lead agency with recommendations for awarding grants pursuant to Section 8804.

(3) Soliciting input regarding program policy and direction from individuals and entities with experience in the integration of children's services.

(4) Assisting the lead agency in fulfilling its responsibilities under this chapter.

(5) Providing recommendations to the Governor, the Legislature, and the lead agency regarding the Healthy Start Support Services for Children Grant Program.

(6) At the request of the superintendent, assisting the local educational agency or consortium in planning and implementing this program, including assisting with local technical assistance, and developing agency collaboration.

SEC. 3. Section 8804 of the Education Code is amended to read: 8804. The superintendent shall award grants to a local educational agency or consortium to pay the costs of planning and operating, on behalf of one or more qualifying schools within the local educational agency or consortium, programs that provide support services to pupils and their families at or near the school, as

follows:

(a) Grants shall be awarded by the superintendent based upon the recommendations of the council and pursuant to this section.

(b) Two types of grants may be awarded to applicant local educational agencies or consortia, depending upon the level of readiness of that applicant to implement a program pursuant to this chapter. The superintendent shall issue requests for applications for awarding the grants, which shall specify maximum dollar amounts for which each type of grant may be awarded. The requests for applications also shall specify other criteria, as required by this article. The superintendent shall award those grants as follows:

(1) Planning grants may be awarded to local educational agencies or consortia that have demonstrated a need to implement a program, but that are not ready to begin the operation of the program, or that are in need of additional planning to expand existing support services programs. Planning grants shall be no more than fifty thousand dollars (\$50,000) and shall be awarded for a period not to exceed two years. Upon completion of the planning phase, the local educational agency or consortium shall be eligible to apply for and may receive an operational grant.

(2) Operational grants may be awarded to local educational agencies or consortia that have demonstrated readiness to begin operation of a program or to expand existing support services programs. Operational grants shall supplement, not supplant, existing services and funds, and shall be awarded for a period not to exceed three years.

(A) Operational grants may include one-time startup grants, which may be used for, among other things, purchasing equipment, hiring staff, designing a program evaluation, or hiring a consultant. Startup grants shall be awarded for no more than one hundred thousand dollars (\$100,000).

(B) Operational grants shall be awarded for no more than three hundred thousand dollars (\$300,000). No more than 50 percent of each grant shall be available for expenditure on direct services, as long as the grant application contains a three-year plan to significantly reduce or to eliminate agency reliance on funding provided under this article for direct services. Direct services do not include salaries for staff who are developing or implementing the program.

(3) If a local educational agency or consortium submits an application for an operational grant that does not meet the criteria specified in subdivision (g), (h), (i), or (j), the superintendent may offer the applicant a planning grant, provided that the local educational agency or consortium has not received previously a planning grant.

(c) All grants awarded under this article shall be matched by the participating local educational agency or consortium and its cooperating agencies with one dollar (\$1) for each four dollars (\$4) awarded. The match shall be contributed in cash or as services or

resources of comparable value. It is the intent of the Legislature that participants seek and utilize private funds or resources for this purpose. The superintendent may waive the match requirement upon verifying that the local educational agency or consortium made a substantial effort to secure a match but was unable to secure the required match.

(d) The superintendent shall award grants pursuant to this article to local educational agencies or consortia in northern, central, and southern California, in urban, suburban, and rural areas. To the extent possible, the grants shall be awarded for programs representative of the ethnic and linguistic diversity of schoolage pupils and their families. Further, to the extent possible, 50 percent of the grants shall be awarded to schools serving elementary school pupils and 50 percent to schools serving junior and senior high school pupils.

(e) Of the schools that receive grants each year, not more than 10 percent may be selected based on the criteria identified in paragraph (3) of subdivision (g) of Section 8802.

(f) A local educational agency or consortium is eligible for a grant under this article, on behalf of one or more schools operated by the agency or consortium, if it demonstrates in its program plan that it:

(1) Will give priority for services provided under this chapter to pupils from low-income families.

(2) Will assist families in responding to support services needs of pupils.

(3) Has established the local agency collaboration process described in Article 4 (commencing with Section 8806), including a mechanism for sharing governance with cooperating agencies and entities, and for integrating or redirecting existing resources and other school support services.

(4) Has submitted or is submitting an application to the State Department of Education and the State Department of Health Services for certification as a Medi-Cal provider, pursuant to Section 14000, and following, of the Welfare and Institutions Code.

(5) Involves parents or guardians and teachers in the process of identifying pupils' service needs and in the planning for and provision of support services.

(g) For purposes of this chapter, support services shall include case-managed health, mental health, social, and academic support services benefiting children and their families, and may include, but are not limited to:

(1) Health care, including:

(A) Immunizations.

(B) Vision and hearing testing and services.

(C) Dental services.

(D) Physical examinations, diagnostic, and referral services.

(E) Prenatal care.

(2) Mental health services, including primary prevention, crisis intervention, assessments, and referrals, and training for teachers in

the detection of mental health problems.

(3) Substance abuse prevention and treatment services.

(4) Family support and parenting education, including child abuse prevention and schoolage parenting programs.

(5) Academic support services, including tutoring, mentoring, employment, and community service internships, and inservice training for teachers and administrators. However, grants for these purposes shall supplement, not supplant, existing resources in these areas.

(6) Counseling, including family counseling and suicide prevention.

(7) Services and counseling for children who experience violence in their communities.

(8) Nutrition services.

(2) The amount of out-patient mental health counseling related expenses which became necessary as a direct result of the crime. These counseling services may be provided by a person licensed as a clinical social worker or a person licensed as a marriage, family, and child counselor practicing within the scope of licensure, or within the scope of his or her respective practice acts.

(3) The loss of income that the victim or the loss of support that the derivative victim has incurred or will incur as a direct result of an injury or death.

(5) The amount of family psychiatric, psychological, or mental health counseling expenses necessary as a direct result of the crime for the successful treatment of the victim, provided to family members of the victim in the presence of the victim, whether or not the family member relationship existed at the time of the crime.

SEC. 2. Section 13961 of the Government Code is amended to read:

13961. (a) A victim or derivative victim may file an application for assistance with the board.

(b) The board shall supply and make available an application form for this purpose. The form shall be in one part, in laymen's terms, and shall be accompanied by information including, but not limited to, the following:

(1) The eligibility of applicants, the types of claims covered, and the maximum amount payable for these claims.

(2) Information explaining the procedure to be used to evaluate an applicant's claims.

(3) Other information pertinent to the applicant as deemed necessary by the board.

(4) Information about the existence and location of local victim centers.

(c) The period prescribed for the filing of an application for assistance shall be one year after the date of the crime or one year after the victim attains the age of 18 years, whichever is later. The board may for good cause grant an extension of this time period not to exceed three years after the date of the crime or three years after the victim attains the age of 18 years.

(d) The application for assistance shall be verified under penalty of perjury by the victim or derivative victim. If the victim or derivative victim is a minor or is incompetent, the application shall be verified under penalty of perjury or on information and belief by the parent with legal custody or the legal guardian of the victim or derivative victim for whom the application is made.

The application shall contain the following:

(1) A description of the date, nature, and circumstances of the crime or public offense.

(2) A complete financial statement including but not limited to the cost of medical care or burial expense and the loss of wages that the victim or the loss of support that the derivative victim has incurred or will incur and the extent to which the applicant has been or will be indemnified for these expenses from any source.

(3) When appropriate, a statement indicating the extent of any disability resulting from the injury incurred.

(4) An authorization permitting the board or a local victim center, or both, to verify the contents of the application.

(5) Any other information as the board may require.

SEC. 3. Section 13961.1 of the Government Code is amended to read:

13961.1. (a) An emergency award shall be available for a victim or derivative victim if either of the following occur as a result of the crime:

(1) The victim incurs loss of income or the derivative victim incurs loss of support.

(2) The victim requires emergency medical treatment.

(b) Emergency award application forms shall be provided by the board upon request of the applicant. The board shall make available

the application forms through all means at its disposal.

(c) The board may grant an emergency award based solely on the application of the victim or derivative victim. Disbursements of funds for emergency awards shall be made within 30 business days of application. The board may refuse to grant an emergency award where it has reason to believe that the applicant will not qualify for an award for assistance under this article. The board may delegate authority to designated staff persons, who will use guidelines established by the board, to grant emergency awards. By mutual agreement between the staff of the board and the applicant or the applicant's representative, the staff of the board or the applicant's representative may take additional 10-day periods to verify the emergency award claim and make payment.

(d) An applicant for an emergency award is not entitled to a hearing before the board to contest a denial of an emergency award. However, the applicant may submit an application for a regular award and is entitled to a hearing pursuant to Section 13963 if that application is recommended for denial.

(e) The application for an emergency award shall notify the applicant that he or she must complete the regular application within one year of the date of the crime or certify that he or she does not anticipate claiming reimbursements in addition to those claimed in the application for an emergency award.

(f) If the applicant certifies that no expenses will be claimed beyond those claimed in the emergency award, the board shall subsequently verify the emergency award application upon receipt of the crime report or any other information the board may require. Such other information shall include statements signed by the applicant authorizing the release of information to the board necessary for the verification of the claimed losses, and authorizing a lien in favor of the board against any recovery by the applicant by judgment, settlement, or otherwise as a result of any injury to the victim.

(g) If upon final disposition of the regular application or verification of the emergency award, it is found that the applicant is not eligible for assistance from the board, the applicant shall reimburse the board for the emergency award pursuant to an agreed upon repayment schedule. If upon a final disposition of the application, the board grants assistance to the applicant, the amount of the emergency award shall be deducted from the final award of compensation granted; and, if the amount of the grant is less than the amount of the emergency award, the excess amount shall be repaid according to an agreed upon repayment schedule. Final disposition for the purposes of this section shall mean the final decision of the board with respect to the victim's or derivative victim's application for assistance, before any appellate action is instituted. If an application for an emergency award is denied, the board shall notify the applicant in writing of the reasons for the denial.

(h) The amount of the emergency award shall be dependent

upon the immediate needs of the victim or derivative victim, as evidenced by the victim's loss of income or the derivative victim's loss of support and other losses incurred as a direct result of the crime before filing or reasonably anticipated during the first 90 days after the initial filing of an application. In no event shall the amount of the emergency award exceed two thousand dollars (\$2,000).

(i) The emergency award application shall require only the following:

(1) The name, address, and telephone number of the victim or derivative victim on whose behalf the application is made.

(2) A brief description of the nature and circumstances of the crime, including the date and location.

(3) The date the crime was reported to a law enforcement agency and the name and address of the agency.

(4) The name, address, and telephone number of the employer or self-employing entity, the loss of income or support to date and estimate of future loss.

(5) The nature of the injury and the name, address, and telephone number of medical providers and the cost of medical care incurred to date.

(6) A statement that in the event the applicant is later found ineligible for assistance under this article or the final award is less than the emergency award, the applicant will be required to repay the excess amount.

(7) The applicant's signature and a statement that the information is supplied under penalty of perjury, violation of which is punishable by six months in the county jail.

SEC. 4. Section 13964 of the Government Code is amended to read:

13964. (a) After having heard the evidence relevant to the application for assistance, the board shall approve the application if a preponderance of the evidence shows that as a direct result of the crime the victim or derivative victim incurred an injury which resulted in a pecuniary loss.

(b) An application for assistance may be denied, in whole or in part, if the board finds that denial is appropriate because of the nature of the victim's or other applicant's involvement in the events leading to the crime or the involvement of the persons whose injury or death give rise to the application.

(c) No victim shall be eligible for assistance under this article under any of the following circumstances:

(1) The board finds that the victim knowingly and willingly participated in the commission of the crime.

(2) The board finds that the victim failed to cooperate with a law enforcement agency in the apprehension and conviction of a criminal committing the crime.

(d) No derivative victim shall be eligible for assistance under this article under any of the following circumstances:

(1) The board finds that the victim or derivative victim knowingly

and willingly participated in the commission of the crime.

(2) The board finds that the victim or derivative victim failed to cooperate with a law enforcement agency in the apprehension and conviction of a criminal committing the crime.

(e) No application shall be denied solely because no criminal complaint has been filed, unless the complaint has not been filed for one of the reasons stated in subdivision (c) or (d). Moreover, no application shall be denied because a criminal complaint is filed, but later dismissed, if the dismissal is not for the reasons stated in subdivision (c) or (d).

(f) Once an application has been accepted by the board pursuant to subdivision (b) of Section 13962, as the application pertains to medical or medical-related expenses, the claim shall continue to be processed and either awarded or denied pursuant to this article in the event of the death of the applicant.

SEC. 5. Section 13965 of the Government Code is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their out-patient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars (\$10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiance of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars (\$10,000).

(C) A derivative victim who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (c) of Section 13964 in a total amount not to exceed ten thousand dollars (\$10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars (\$3,000).

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim

for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars (\$15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim equal to the pecuniary loss resulting from loss of wages directly resulting from the injury. Loss of wages shall not be paid by the board for more than two years following the crime. However, loss of wages may be extended for one additional year if the victim is either enrolled in a program of retraining or other rehabilitation approved by the board or has established to the satisfaction of the board that because of his or her disability arising from the crime he or she is unable to participate in any retraining or rehabilitation. If the board determines, after review of an application for assistance, including the evaluation of a qualified provider, that pecuniary loss for which payment may be made under this paragraph is expected to continue more than six months after the date of approval of the victim's application for assistance, disbursement shall commence and continue on a monthly basis for the period of time pecuniary loss is expected to continue.

(3) Authorize a cash payment to a derivative victim described in subparagraphs (A) and (B) of paragraph (2) of subdivision (a) of Section 13960 who was legally dependent on the victim at the time of the crime for the loss of support incurred by that person as a direct result of the crime.

(A) Loss of support shall not be paid by the board for income lost by an adult for a period of more than two years and shall not extend more than three years following the date of the crime.

(B) Loss of support shall not be paid by the board on behalf of a minor for a period beyond the child's attaining the age of 18 years.

(C) The total amount payable to all derivative victims for loss of

support pursuant to this paragraph as the result of one crime shall not exceed forty-six thousand dollars (\$46,000).

(4) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(5) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(6) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(7) The total award to or on behalf of the victim or a derivative victim shall not exceed twenty-three thousand dollars (\$23,000), and may be increased only in accordance with this section.

(8) In the event that the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars (\$500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (7) of

subdivision (a) shall be increased to forty-six thousand dollars (\$46,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars (\$46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act under Chapter 3.5 (commencing with Section 11340) of Part 1. An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

To assure service limitations which are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars (\$5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the

amount in excess of five thousand dollars (\$5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority which the board may have under current law except as explicitly provided in this section.

(l) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) The limitations on the amounts which the board may reimburse for loss of support and loss of wages pursuant to paragraphs (2) and (3) of subdivision (a) shall not apply to victims or derivative victims whose claims for loss of wages and loss of support had been approved prior to January 1, 1994.

(4) Of base fines resulting from city arrests not included in paragraph (1), an amount equal to the applicable county percentages set forth in Section 1463.002, as modified by Section 1463.28, shall be divided between the state and county, with 75 percent transferred to the General Fund and 25 percent transferred into the proper funds of the county. SEC. 8. Article 6 (commencing with Section 19280) is added to Chapter 5 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 6. Collection of Amounts Due a Court

19280. (a) Fines, state or local penalties, forfeitures, restitution fines, or restitution orders imposed by a superior, municipal, or justice court of the State of California upon a person or any other entity that is in an amount totaling no less than two hundred fifty dollars (\$250), in the aggregate, and due a county or the state for criminal offenses, including all offenses involving a violation of the Vehicle Code except offenses relating to parking or registration or offenses by pedestrians or bicyclists, may, no sooner than 90 days after payment of that amount becomes delinquent, be referred by the county or the state to the Franchise Tax Board for collection under guidelines prescribed by the Franchise Tax Board. The Franchise Tax Board shall establish criteria for referral, which shall include setting forth a minimum dollar amount subject to referral and collection.

(b) For the period January 1, 1995, to December 31, 1997, inclusive, for purposes of a manageable implementation and evaluation of the program authorized by this article, the Franchise Tax Board may limit referrals to nine counties.

(c) Upon written notice to the obligor from the Franchise Tax Board, any amount referred to the Franchise Tax Board under subdivision (a) and any interest thereon, including any interest on the amount referred under subdivision (a) that accrued prior to the date of referral, shall be treated as final and due and payable to the State of California, and shall be collected from the obligor by the Franchise Tax Board in any manner authorized under the law for collection of a delinquent personal income tax liability, including, but not limited to, issuance of an order and levy under Article 4 (commencing with Section 706.070) of Chapter 5 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure in the manner provided for earnings withholding orders for taxes.

(d) (1) Part 10 (commencing with Section 18401), this part, Part 10.7 (commencing with Section 21001), and Part 11 (commencing with Section 23001) shall apply to amounts referred under this article in the same manner and with the same force and effect and to the full extent as if the language of those laws had been incorporated in full into this article, except to the extent that any provision is either inconsistent with this article or is not relevant to this article.

(2) Any information, information sources, or enforcement remedies and capabilities available to the court referring the amount due described in subdivision (a), shall be available to the Franchise Tax Board to be used in conjunction with, or independent of, the information, information sources, or remedies and capabilities available to the Franchise Tax Board for purposes of administering Part 10 (commencing with Section 18401), this part, Part 10.7 (commencing with Section 21001), or Part 11 (commencing with Section 23001).

(e) The activities required to implement and administer this part shall not interfere with the primary mission of the Franchise Tax Board to administer Part 10 (commencing with Section 17001) and Part 11 (commencing with Section 23001).

(f) For amounts referred for collection under subdivision (a), interest shall accrue at the greater of the rate applicable to the amount due being collected or the rate provided under Section 19521. When notice of the amount due includes interest and is mailed to the obligor and the amount is paid within 10 days after the date of notice, interest shall not be imposed for the period after the date of notice.

(g) In no event shall a collection under this article be construed as a payment of income taxes imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001).

19281. (a) The Legislature finds that it is essential for fiscal purposes that the program authorized by this part be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any standard, criteria, procedure, determination, rule, notice, or guideline established or issued by the Franchise Tax Board or Controller in implementing and administering the program required by this article.

(b) Except as provided in subdivision (a), any standard, criteria, procedure, determination, rule, notice, or guideline that otherwise would be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall be approved by a majority vote of the Franchise Tax Board.

19282. (a) Amounts collected under this part shall be transmitted to the Treasurer and deposited in the State Treasury to the credit of the Court Collection Account in the General Fund, which is hereby created. Amounts deposited in the Court Collection Account shall, less an amount that is equal to the costs incurred by the Franchise Tax Board in administering the program authorized by

this article, be transferred by the Controller either to the county or to the state fund to which the amount due was originally owing or as otherwise directed by contractual agreement. If the amount collected is not sufficient to satisfy any fine, restitution fine, restitution order, penalty, or forfeiture imposed, then the amount paid shall be allocated for distribution on a pro rata basis, as defined in subdivision (d). The amount that is equal to the costs incurred by the Franchise Tax Board in administering the program authorized by this article shall be transferred by the Controller to the General Fund for the purpose of recovering the amount expended by the Franchise Tax Board from General Fund appropriations for the purpose of implementing and administering the program authorized by this article, and related statutes as added or amended by the act adding this article.

(b) It is the intent of the Legislature that costs to the Franchise Tax Board to administer this article for the 1995–96 and 1996–97 fiscal years not exceed 9 percent of the amount it collects pursuant to this article. It is also the intent of the Legislature that for the 1997–98 fiscal year and thereafter this percentage decrease to 5 percent. If the Franchise Tax Board projects that its costs will exceed these percentages for a given fiscal year, it shall report to the Legislature and the Department of Finance the reasons for the excess costs and the consequences of not funding these excess costs.

(c) Notwithstanding Section 13340 of the Government Code, all moneys deposited in the Court Collection Account pursuant to this section are hereby continuously appropriated, without regard to fiscal years, for purposes of making distributions pursuant to subdivision (a).

(d) For purposes of this section, “pro rata basis” means a distribution determined as follows: the sum of the fines, state and local penalties, forfeitures, restitution fines, or restitution orders imposed by the court to be paid by an offender shall be allocated and distributed in the same proportion that each of the elements has to the sum.

19283. This article shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends this date.

SEC. 1.5. Section 1760 of the Insurance Code is amended to read:

1760. (a) Any person may negotiate and effect insurance to protect himself, herself, or itself against loss, damage, or liability with any nonadmitted insurer.

(b) Every person that effects insurance governed by this chapter shall pay the tax imposed by Part 7.5 (commencing with Section 13201) of Division 2 of the Revenue and Taxation Code.

SEC. 2. Section 1340 of the Military and Veterans Code is amended to read:

1340. The California Mexican American Veterans’ Memorial Beautification and Enhancement Account is hereby created in the General Fund. All funds received by the California Mexican American Veterans’ Memorial Beautification and Enhancement Commission under Chapter 7 (commencing with Section 1330) and under Article 11 (commencing with Section 18821) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code shall be

deposited in the account for the design and construction of the California Mexican American Veterans' Memorial as specified in Section 18823 of the Revenue and Taxation Code.

SEC. 2.3. Section 64 of the Revenue and Taxation Code is amended to read:

64. (a) Except as provided in subdivision (h) of Section 61 and subdivisions (c) and (d) of this section, the purchase or transfer of ownership interests in legal entities, such as corporate stock or partnership interests, shall not be deemed to constitute a transfer of the real property of the legal entity.

(b) Any corporate reorganization, where all of the corporations involved are members of an affiliated group, and which qualifies as a reorganization under Section 368 of the United States Internal Revenue Code and which is accepted as a nontaxable event by similar California statutes, or any transfer of real property among members of an affiliated group, or any reorganization of farm credit institutions pursuant to the federal Farm Credit Act of 1971 (Public Law 92-181), as amended, shall not be a change of ownership. The taxpayer shall furnish proof, under penalty of perjury, to the assessor that the transfer meets the requirements of this subdivision.

For purposes of this subdivision "affiliated group" means one or more chains of corporations connected through stock ownership with a common parent corporation if:

(1) One hundred percent of the voting stock, exclusive of any share owned by directors, of each of the corporations, except the parent corporation, is owned by one or more of the other corporations; and

(2) The common parent corporation owns, directly, 100 percent of the voting stock, exclusive of any shares owned by directors, of at least one of the other corporations.

(c) When a corporation, partnership, other legal entity or any other person obtains control, as defined in Section 25105 (as enacted by Chapter 938 of the Statutes of 1955), in any corporation, or obtains a majority ownership interest in any partnership or other legal entity through the purchase or transfer of corporate stock, partnership interest, or ownership interests in other legal entities, the purchase or transfer of that stock or other interest shall be a change of ownership of property owned by the corporation, partnership, or other legal entity in which the controlling interest is obtained.

(d) If property is transferred on or after March 1, 1975, to a legal entity in a transaction excluded from change in ownership by paragraph (2) of subdivision (a) of Section 62, then the persons holding ownership interests in such legal entity immediately after the transfer shall be considered the "original coowners." Whenever shares or other ownership interests representing cumulatively more than 50 percent of the total interests in the entity are transferred by any of the original coowners in one or more transactions, a change in ownership of that real property owned by the legal entity shall have occurred, and the property which was previously excluded

from change in ownership under the provisions of paragraph (2) of subdivision (a) of Section 62 shall be reappraised.

The date of reappraisal shall be the date of the transfer of the ownership interest representing individually or cumulatively more than 50 percent of the interests in the entity.

A transfer of shares or other ownership interests which results in a change in control of a corporation, partnership, or any other legal entity is subject to reappraisal as provided in subdivision (c) rather than this subdivision.

(e) In order to assist in the determination of whether a change of ownership has occurred under subdivisions (c) and (d), the Franchise Tax Board shall include a question in substantially the following form on returns for partnerships, banks and corporations (except tax-exempt organizations):

If the corporation (or partnership) owns real property in California, has cumulatively more than 50 percent of the voting stock (or more than 50 percent of total interest in both partnership capital and partnership profits) (1) been transferred by the corporation (or partnership) since March 1, 1975, or (2) been acquired by another legal entity or person during the year? (See instructions.)

If the entity answers "yes" to (1) or (2) in the above question, then the Franchise Tax Board shall furnish the names and addresses of that entity and of the stock or partnership ownership interest transferees to the State Board of Equalization.

SEC. 2.5. Section 64 of the Revenue and Taxation Code is amended to read:

64. (a) Except as provided in subdivision (h) of Section 61 and subdivisions (c) and (d) of this section, the purchase or transfer of ownership interests in legal entities, such as corporate stock or partnership or limited liability company interests, shall not be deemed to constitute a transfer of the real property of the legal entity.

(b) Any corporate reorganization, where all of the corporations involved are members of an affiliated group, and which qualifies as a reorganization under Section 368 of the United States Internal Revenue Code and which is accepted as a nontaxable event by similar California statutes, or any transfer of real property among members of an affiliated group, or any reorganization of farm credit institutions pursuant to the federal Farm Credit Act of 1971 (Public Law 92-181), as amended, shall not be a change of ownership. The taxpayer shall furnish proof, under penalty of perjury, to the assessor that the transfer meets the requirements of this subdivision.

For purposes of this subdivision "affiliated group" means one or more chains of corporations connected through stock ownership with a common parent corporation if:

(1) One hundred percent of the voting stock, exclusive of any share owned by directors, of each of the corporations, except the

parent corporation, is owned by one or more of the other corporations; and

(2) The common parent corporation owns, directly, 100 percent of the voting stock, exclusive of any shares owned by directors, of at least one of the other corporations.

(c) When a corporation, partnership, limited liability company, other legal entity, or any other person obtains control, as defined in Section 25105 (as enacted by Chapter 938 of the Statutes of 1955), in any corporation, or obtains a majority ownership interest in any partnership, limited liability company, or other legal entity through the purchase or transfer of corporate stock, partnership, or limited liability company interest, or ownership interests in other legal entities, the purchase or transfer of that stock or other interest shall be a change of ownership of property owned by the corporation, partnership, limited liability company, or other legal entity in which the controlling interest is obtained.

(d) If property is transferred on or after March 1, 1975, to a legal entity in a transaction excluded from change in ownership by paragraph (2) of subdivision (a) of Section 62, then the persons holding ownership interests in such legal entity immediately after the transfer shall be considered the "original coowners." Whenever shares or other ownership interests representing cumulatively more than 50 percent of the total interests in the entity are transferred by any of the original coowners in one or more transactions, a change in ownership of that real property owned by the legal entity shall have occurred, and the property which was previously excluded from change in ownership under the provisions of paragraph (2) of subdivision (a) of Section 62 shall be reappraised.

The date of reappraisal shall be the date of the transfer of the ownership interest representing individually or cumulatively more than 50 percent of the interests in the entity.

A transfer of shares or other ownership interests which results in a change in control of a corporation, partnership, limited liability company, or any other legal entity is subject to reappraisal as provided in subdivision (c) rather than this subdivision.

(e) In order to assist in the determination of whether a change of ownership has occurred under subdivisions (c) and (d), the Franchise Tax Board shall include a question in substantially the following form on returns for partnerships, banks and corporations (except tax-exempt organizations):

If the corporation (or partnership or limited liability company) owns real property in California, has cumulatively more than 50 percent of the voting stock (or more than 50 percent of total interest in both partnership or limited liability company capital and partnership or limited liability company profits) (1) been transferred by the corporation (or partnership or limited liability company) since March 1, 1975, or (2) been acquired by another legal entity or person during the year? (See instructions.)

If the entity answers "yes" to (1) or (2) in the above question, then the Franchise Tax Board shall furnish the names and addresses of that entity and of the stock or partnership or limited liability company ownership interest transferees to the State Board of Equalization.

SEC. 2.7. Section 11003 of the Revenue and Taxation Code is amended to read:

11003. The amount appropriated by the Legislature for the use of the Department of Motor Vehicles and the Franchise Tax Board for the enforcement of this part shall be transferred from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the Motor Vehicle Account in the State Transportation Fund. That amount shall be determined so that the appropriate costs for registration and motor vehicle license fee activities are apportioned between the recipients of revenues in proportion to the revenues received by those recipients.

SEC. 3. Section 13210 of the Revenue and Taxation Code is amended to read:

13210. (a) For gross premiums paid or to be paid on insurance contracts that take effect or are renewed on or after January 1, 1994, every person who effects insurance governed by Chapter 6 (commencing with Section 1760) of Part 2 of Division 1 of the Insurance Code shall pay a gross premium tax of 3 percent for the use of the state, less 3 percent of returned premiums that were subject to the tax received by reason of cancellation or reduction of premium.

(1) This section shall not apply to any of the following:

(A) Insurance coverage for which a tax on the gross premium is due or has been paid pursuant to Section 1775.5 of the Insurance Code.

(B) Gross premiums paid and returned premiums received by that person upon business governed by the provisions of Section 1760.5 of the Insurance Code.

(C) Insurance coverage for which a tax on the gross premium is due or has been paid pursuant to Section 132 of the Insurance Code.

(2) If during any calendar quarter 3 percent of the returned premiums received that were subject to the tax imposed by this part exceed 3 percent of the gross premiums paid or to be paid by that person on contracts that took effect or were renewed in that calendar quarter, then that person may either carry forward the excess to a succeeding calendar quarter and apply it as a credit against the 3 percent of gross premiums paid or to be paid by that person in the succeeding calendar quarter, or the person may elect to receive, and be paid a refund equal to the amount of taxes paid by the person on the excess of returned premiums received over gross premiums paid or to be paid.

(b) For purposes of determining the tax, the total premium paid or to be paid for all nonadmitted insurance placed in a single transaction with one underwriter or group of underwriters, whether

in one or more policies, in that calendar quarter during which the taxable insurance contract or contracts took effect or were renewed, shall be allocated to this state in the proportion that the total premium on the insured properties or operations in this state, as computed on the exposure in this state on the basis of any single standard rating method in use in all states or countries where the insurance applies, bears to the total premium so computed in all states or countries in which that nonadmitted insurance may apply or, with prior approval of the Franchise Tax Board, on any other reasonable basis as determined by the Franchise Tax Board in its sole discretion.

(c) Subdivision (b) shall not apply to interstate motor transit operations conducted between this and other states. With respect to those operations, the tax shall be payable on the entire premium charged on all nonadmitted insurance, less any of the following:

(1) The portion of the premium that is determined to have been charged for operations in other states that have taxed the premium on operations in states of an insured maintaining its headquarters office in this state.

(2) The premium for any operations outside of this state of an insured who maintains a headquarters operating office outside of this state and a branch office in this state.

SEC. 4. Section 17014 of the Revenue and Taxation Code is amended to read:

employment-related contract shall be considered outside this state for other than a temporary or transitory purpose.

(1) For purposes of this subdivision, returns to this state, totaling in the aggregate not more than 45 days during a taxable year, shall be disregarded.

(2) This subdivision shall not apply to any individual, including any spouse described in paragraph (3), who has income from stocks, bonds, notes, or other intangible personal property in excess of two hundred thousand dollars (\$200,000) in any taxable year in which the employment-related contract is in effect. (2) For purposes of this subdivision, the term "eligible gain" means any gain from the sale or exchange of qualified small business stock held for more than five years.

(3) For purposes of this subdivision, the term "qualified trade or business" means any trade or business other than any of the following:

(A) Any trade or business involving the performance of services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, athletics, financial services, brokerage services, or any trade or business where the principal asset of the trade or business is the reputation or skill of one

(B) A corporation shall be treated as failing to meet the requirements of paragraph (1) for any period during which more than 10 percent of the value of its assets (in excess of liabilities) consists of stock or securities in other corporations which are not subsidiaries of the corporation (other than assets described in paragraph (6)).

(C) For purposes of this paragraph, a corporation shall be considered a subsidiary if the parent owns more than 50 percent of the combined voting power of all classes of stock entitled to vote, or more than 50 percent in value of all outstanding stock, of the corporation.

(6) For purposes of subparagraph (A) of paragraph (1), the following assets shall be treated as used in the active conduct of a qualified trade or business:

by reason of this paragraph.

(f) If any stock in a corporation is acquired solely through the conversion of other stock in the corporation that is qualified small business stock in the hands of the taxpayer, both of the following shall apply:

(1) The stock so acquired shall be treated as qualified small business stock in the hands of the taxpayer.

(2) The stock so acquired shall be treated as having been held during the period during which the converted stock was held.

(g) (1) If any amount included in gross income by reason of holding an interest in a pass-through entity meets the requirements of paragraph (2), then both of the following shall apply:

(A) The amount shall be treated as gain described in subdivision (a).

(B) For purposes of applying subdivision (b), the amount shall be treated as gain from a disposition of stock in the corporation issuing the stock disposed of by the pass-through entity and the taxpayer's proportionate share of the adjusted basis of the pass-through entity in the stock shall be taken into account.

(2) An amount meets the requirements of this paragraph if both of the following apply:

(A) The amount is attributable to gain on the sale or exchange by the pass-through entity of stock that is qualified small business stock in the hands of the entity (determined by treating the entity as an individual) and that was held by that entity for more than five years.

(B) The amount is includable in the gross income of the taxpayer by reason of the holding of an interest in the entity that was held by the taxpayer on the date on which the pass-through entity acquired the stock and at all times thereafter before the disposition of the stock by the pass-through entity.

(3) Paragraph (1) shall not apply to any amount to the extent the amount exceeds the amount to which paragraph (1) would have applied if the amount was determined by reference to the interest

the taxpayer held in the pass-through entity on the date the qualified small business stock was acquired.

- (A) Any partnership.
- (B) Any S corporation.

(C) From a partnership to a partner of stock with respect to which requirements similar to the requirements of subdivision (g) are met at the time of the transfer (without regard to the five-year holding period requirement).

(4) (A) In the case of a transaction described in Section 351 of the Internal Revenue Code or a reorganization described in Section 368 of the Internal Revenue Code, if qualified small business stock is exchanged for other stock that would not qualify as qualified small business stock but for this subparagraph, the other stock shall be treated as qualified small business stock acquired on the date on which the exchanged stock was acquired.

(B) This section shall apply to gain from the sale or exchange of stock treated as qualified small business stock by reason of subparagraph (A) only to the extent of the gain that would have been recognized at the time of the transfer described in subparagraph (A) if Section 351 or 368 of the Internal Revenue Code had not applied at that time. The preceding sentence shall not apply if the stock that is treated as qualified small business stock by reason of subparagraph (A) is issued by a corporation that (as of the time of the transfer described in subparagraph (A)) is a qualified small business.

(C) For purposes of this paragraph, stock treated as qualified small business stock under subparagraph (A) shall be so treated for subsequent transactions or reorganizations, except that the limitation of subparagraph (B) shall be applied as of the time of the first transfer to which the limitation applied (determined after the application of the second sentence of subparagraph (B)).

(D) In the case of a transaction described in Section 351 of the Internal Revenue Code, this paragraph shall apply only if immediately after the transaction the corporation issuing the stock owns directly or indirectly stock representing control (within the meaning of Section 368(c) of the Internal Revenue Code) of the corporation whose stock was exchanged.

(i) For purposes of this section:

(1) In the case where the taxpayer transfers property (other than money or stock) to a corporation in exchange for stock in the corporation, both of the following shall apply:

(A) The stock shall be treated as having been acquired by the taxpayer on the date of the exchange.

(B) The basis of the stock in the hands of the taxpayer shall in no event be less than the fair market value of the property exchanged.

(2) If the adjusted basis of any qualified small business stock is adjusted by reason of any contribution to capital after the date on which the stock was originally issued, in determining the amount of the adjustment by reason of the contribution, the basis of the contributed property shall in no event be treated as less than its fair market value on the date of the contribution.

(j) (1) If the taxpayer has an offsetting short position with respect to any qualified small business stock, subdivision (a) shall not apply to any gain from the sale or exchange of the stock unless both of the following apply:

(A) The stock was held by the taxpayer for more than five years as of the first day on which there was such a short position.

(B) The taxpayer elects to recognize gain as if the stock was sold on that first day for its fair market value.

(2) For purposes of paragraph (1), the taxpayer shall be treated as having an offsetting short position with respect to any qualified small business stock if any of the following apply:

(A) The taxpayer has made a short sale of substantially identical property.

(B) The taxpayer has acquired an option to sell substantially identical property at a fixed price.

(C) To the extent provided in regulations, the taxpayer has entered into any other transaction that substantially reduces the risk of loss from holding the qualified small business stock. For purposes of the preceding sentence, any reference to the taxpayer shall be treated as including a reference to any person who is related (within the meaning of Section 267(b) or 707(b) of the Internal Revenue Code) to the taxpayer.

(k) The Franchise Tax Board may prescribe those regulations as may be appropriate to carry out the purposes of this section, including regulations to prevent the avoidance of the purposes of this section through splitups, shell corporations, partnerships, or otherwise.

(l) It is the intent of the Legislature that, in construing the provisions of this section, any regulations that may be promulgated

by the Secretary of the Treasury under Section 1202(k) of the Internal Revenue Code shall apply to the extent that those regulations do not conflict with the provisions of this section or with any regulations that may be promulgated by the Franchise Tax Board.

(d) (1) In cases where the Franchise Tax Board determines that the reported income or loss of a group of commonly owned or controlled corporations (within the meaning of Section 25105), which includes one or more corporations electing to be treated as an "S corporation" under Chapter 4.5 (commencing with Section 23800), does not clearly reflect income (or loss) of a member of that group or represents an evasion of tax by one or more members of that group, and the Franchise Tax Board determines that the comparable uncontrolled price method prescribed by regulations pursuant to Section 482 of the Internal Revenue Code cannot practically be applied, the Franchise Tax Board may, in lieu of other methods prescribed by regulations pursuant to Section 482 of the Internal Revenue Code, apply methods of unitary combination, pursuant to Article 1 (commencing with Section 25101) of Chapter 17, to properly reflect the income or loss of the members of the group.

(2) The application of the provisions of this subdivision shall not affect the election of any corporation to be treated as an "S corporation."

(2) A federal termination by revocation shall be effective for purposes of this part and shall be reported to the Franchise Tax Board in the form and manner prescribed by the Franchise Tax Board no later than the last date allowed for filing federal

termination for that year under Section 1362(d) of the Internal Revenue Code.

The revocation for purposes of this part shall be made by providing a written notification to the Franchise Tax Board in the form and manner prescribed by the Franchise Tax Board which includes the California corporation number and meets the requirements of Section 1362(d) (1) of the Internal Revenue Code.

(g) For income years beginning on or after January 1, 1990, if a corporation, which has in effect a valid "S" election under Section 1362(a) of the Internal Revenue Code, fails to make a "C corporation" election under clause (ii) of subparagraphs (A) and (C) of paragraph (4) of subdivision (a) or to terminate by revocation under paragraph (3) of subdivision (f), the corporation shall be treated as an "S corporation" pursuant to subparagraph (A) of paragraph (4) of subdivision (a).

25105. (a) For purposes of this article, other than Section 25102, the income and apportionment factors of two or more corporations shall be included in a combined report only if the corporations, otherwise meeting the requirements of Section 25101 or 25101.15, are members of a commonly controlled group.

(b) A "commonly controlled group" means any of the following:

(1) A parent corporation and any one or more corporations or chains of corporations, connected through stock ownership (or constructive ownership) with the parent, but only if—

(A) The parent owns stock possessing more than 50 percent of the voting power of at least one corporation, and, if applicable,

Members of the same family are limited to an individual, his or her spouse, parents, brothers or sisters, grandparents, children and grandchildren, and their respective spouses.

(c) (1) If, in the application of subdivision (b), a corporation is eligible to be treated as a member of more than one commonly controlled group of corporations, the corporation shall elect to be treated as a member of only one commonly controlled group. This election shall remain in effect unless revoked with the approval of the Franchise Tax Board.

For purposes of this subdivision, the term "controlled" includes any kind of control, direct or indirect, whether legally enforceable, and however exercisable or exercised.

(3) Stock owned by a partnership is constructively owned by any partner, other than a limited partner, in proportion to the partner's capital interest in the partnership. For this purpose, a partnership is treated as owning proportionately the stock owned by any other partnership in which it has a tiered interest, other than as a limited partner.

(4) In any case where a member of a commonly controlled group, or shareholders, officers, directors, or employees of a member of a commonly controlled group, is a general partner in a limited partnership, stock held by the limited partnership is constructively owned by a limited partner to the extent of its capital interest in the limited partnership.

In view of pending litigation concerning the proper treatment of intercompany dividends, it is not intended by enactment of this section that any inference be drawn from it in such litigation.

SEC. 71. Section 25110 of the Revenue and Taxation Code, as amended by Chapter 31 of the Statutes of 1993, is amended to read:

25110. (a) Notwithstanding Section 25101, a qualified taxpayer, as defined in paragraph (2) of subdivision (b) which is subject to the tax imposed under this part, may elect to determine its income derived from or attributable to sources within this state pursuant to a water's-edge election in accordance with the provisions of this part, as modified by this article. A taxpayer which makes a water's-edge election shall take into account the income and apportionment factors of the following affiliated entities only:

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 196.97 is added to the Revenue and Taxation Code, to read:

196.97. In the 1994-95 fiscal year, or as soon as possible thereafter, the county auditor of an eligible county, proclaimed by the Governor to be in a state of disaster as a result of fire or any other related casualty that occurred in the County of San Luis Obispo during August of 1994, shall certify to the Director of Finance an estimate of the total amount of the reduction in property tax revenues on both the regular secured roll and the supplemental roll for that fiscal year resulting from the reassessment of eligible properties by the county assessor pursuant to paragraph (1) of subdivision (a) of Section 170, except that the amount certified shall not include any estimated property tax revenue reductions to school districts (other than basic state aid school districts) and county offices of education. For

purposes of this section, "basic state aid school district" means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

SEC. 2. Section 196.98 is added to the Revenue and Taxation Code, to read:

196.98. After the county auditor of an eligible county, as described in Section 196.97, has made the applicable certification to the Director of Finance pursuant to Section 196.97, the director shall, within 30 days after verification of the county auditor's estimate, certify this amount to the Controller for allocation to the county. If the actual amount of property tax revenue lost by an eligible county in the immediately preceding fiscal year, as described and limited in the preceding sentence, exceeds the amount allocated by the Controller to that county pursuant to Section 196.98, the Controller shall allocate the amount of that excess to that eligible county. For purposes of this section, "basic state aid school district" means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

(f) For purposes of this section, "adjusted taxable income" shall be defined by Section 1212(b)(2)(B) of the Internal Revenue Code.

(g) For losses described in paragraphs (13), (14), and (15) of subdivision (a) and paragraphs (12), (13), and (14) of subdivision (d), the election under Section 165(i) of the Internal Revenue Code may be made on a return or amended return filed on or before the due date of the return (determined with regard to extension) for the taxable year in which the disaster occurred.

SEC. 5. Section 24347.5 of the Revenue and Taxation Code is amended to read:

24347.5. (a) In lieu of Section 24347, Section 165(i) of the Internal Revenue Code, relating to disaster losses, shall apply to each of the following:

(11) Any loss sustained as a result of a fire that occurred in the County of San Luis Obispo during August of 1994, or any other related casualty.

(b) To the extent that losses under subdivision (a) exceed the net income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the net income of the year preceding the loss, then that "excess loss," at the election of the taxpayer, may be carried forward to each of the five income years following the income year the loss is claimed. However, if there is any "excess loss" remaining after the five-year period, then 50 percent of that "excess loss" may be carried forward to each of the next 10 income years.

(c) The entire amount of any "excess loss" as defined in

SEC. 6. The Legislature finds and declares that this act fulfills a

statewide public purpose because of both of the following:

(a) The Governor of California has officially proclaimed that the fire that occurred in the County of San Luis Obispo during August of 1994 was a disaster, thus qualifying persons affected for various forms of governmental assistance and relief.

(b) This act is consistent with and supplements the proclaimed disaster relief by providing necessary tax relief to affected taxpayers to allow them to repair damage to, and to restore, their homes and businesses.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to promptly provide vitally necessary relief and facilitate the recovery from the heavy damage that was inflicted by the fire that occurred in the County of San Luis Obispo, it is necessary that this act take effect immediately.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1337 of the Health and Safety Code is amended to read:

1337. (a) The Legislature finds that the quality of patient care in skilled nursing and intermediate care facilities is dependent upon the competence of the personnel who staff its facilities. The Legislature further finds that direct patient care in skilled nursing and intermediate care facilities is currently rendered largely by certified nurse assistants. To assure the availability of trained personnel in skilled nursing and intermediate care facilities, the Legislature intends that all such facilities in this state participate in approved training programs established under this article. This article shall not apply to intermediate care facilities/developmentally disabled habilitative which have staff training programs approved by the State Department of Developmental Services, general acute care hospitals, acute

psychiatric hospitals, or special hospitals.

(b) The requirement that certified nurse assistants obtain a criminal record clearance upon certification and biannually thereafter shall apply regardless of the setting in which the certified nurse assistant is employed.

(c) The department shall develop procedures to ensure that certified nurse assistants employed by intermediate care facilities for the developmentally disabled/habilitative and intermediate care facilities for the developmentally disabled/nursing shall not be required to obtain multiple criminal record clearances.

(d) For the purpose of this article:

(1) "Nurse assistant" means any unlicensed aide, assistant, or orderly, who performs nursing services directed at the safety, comfort, personal hygiene, or protection of patients in a skilled nursing or intermediate care facility.

(2) "Approved training program" means a program for the training of nurse assistants that meets the criteria established and approved under this chapter.

(3) "Certified nurse assistant" means any person who holds himself or herself out as a certified nurse assistant and who, for compensation, performs basic patient care services directed at the safety, comfort, personal hygiene, and protection of patients, and is certified as having completed the requirements of this article. These services shall not include any services which may only be performed by a licensed person and otherwise shall be performed under the supervision of a registered nurse, as defined in Section 2725 of the Business and Professions Code, or a licensed vocational nurse, as defined in Section 2859 of the Business and Professions Code.

(4) "State department" means the State Department of Health Services.

SEC. 2. Section 1337.2 of the Health and Safety Code is amended to read:

1337.2. (a) An applicant for certification as a certified nurse assistant shall comply with each of the following:

(1) Be at least 16 years of age.

(2) Have successfully completed a training program approved by the department, which includes an examination to test the applicant's knowledge and skills related to basic patient care services.

(3) Obtain a criminal record clearance pursuant to Section 1338.5.

(b) The state department may establish procedures for issuing certificates which recognize certification programs in other states and countries.

(c) Upon written application, criminal record clearance pursuant to Section 1338.5, and documentation of passing an appropriate competency examination, the state department may issue a certificate to any applicant who possesses a valid state license as either a licensed vocational nurse or a registered nurse issued by any other state or foreign country, and who, in the opinion of the state

department, has the qualifications specified in this article.

(d) Upon written application, criminal record clearance pursuant to Section 1338.5, and documentation of passing an appropriate examination, the state department may issue a certificate to any applicant who has completed the fundamentals of nursing courses in a school for registered nurses, approved by the Board of Registered Nursing, or in a school for licensed vocational nurses, approved by the Board of Vocational Nurse and Psychiatric Technician Examiners, which are substantially equivalent to the certification training program specified in this article.

(e) Every person certified as a nurse assistant under this article may be known as a "certified nurse assistant" and may place the letters CNA after his or her name when working in a licensed health facility. An individual working independently, providing personal care services, may not advertise or represent himself or herself as a certified nurse assistant.

(f) Any person holding a nurse assistant certificate issued by the state department prior to January 1, 1988, may continue to hold himself or herself out as a certified nurse assistant until January 1, 1991. Thereafter, it shall be unlawful for any person not certified under this article to hold himself or herself out to be a certified nurse assistant. Any person willfully making any false representation as being a certified nurse assistant is guilty of a misdemeanor.

(g) Any person who violates this article is guilty of a misdemeanor and, upon a conviction thereof, shall be punished by imprisonment in the county jail for not more than 180 days, or by a fine of not less than twenty dollars (\$20) nor more than one thousand dollars (\$1,000), or by both such fine and imprisonment.

SEC. 3. Section 1337.6 of the Health and Safety Code is amended to read:

1337.6. (a) Certificates issued under this article shall be renewed every two years and renewal shall be conditional upon the occurrence of all of the following:

(1) The certificate holder submitting documentation of completion of 48 hours of in-service training every two years obtained through an approved training program or taught by a director of staff development for a licensed skilled nursing or intermediate care facility that has been approved by the state department, or by individuals or programs approved by the state department. At least 12 of the 48 hours of in-service training shall be completed in each of the two years.

(2) The certificate holder obtaining a criminal record clearance.

(b) Certificates issued under this article shall expire on the certificate holder's birthday. If the certificate is renewed more than 30 days after its expiration, the certificate holder, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this article.

(c) To renew an unexpired certificate, the certificate holder shall, on or before the certificate expiration date, apply for renewal on a

form provided by the state department, pay the renewal fee prescribed by this article, and submit documentation of the required in-service training.

(d) The state department shall give written notice to a certificate holder 90 days in advance of the renewal date and, 90 days in advance of the expiration of the fourth year that a renewal fee has not been paid, and shall give written notice informing the certificate holder, in general terms, of the provisions of this article. Nonreceipt of the renewal notice does not relieve the certificate holder of the obligation to make a timely renewal. Failure to make a timely renewal shall result in expiration of the certificate.

(e) Except as otherwise provided in this article, an expired certificate may be renewed at any time within four years after its expiration on the filing of an application for renewal on a form prescribed by the state department, and payment of the renewal fee in effect on the date the application is filed, and documentation of the required in-service education.

Renewal under this article shall be effective on the date on which the application is filed, on the date when the renewal fee is paid, or on the date on which the delinquency fee is paid, whichever occurs last. If so renewed, the certificate shall continue in effect until the date provided for in this article, when it shall expire if it is not again renewed.

(f) If a certified nurse assistant applies for renewal more than 30 days after expiration but within four years after the expiration, and demonstrates in writing to the state department's satisfaction why the renewal application was late, then the state department shall issue a renewal, upon payment of the renewal fee. If the certified nurse assistant demonstrates in writing to the state department's satisfaction why the certified nurse assistant cannot pay the delinquency fee, then the state department on a case-by-case basis shall consider waiving the delinquency fee. A suspended certificate is subject to expiration and shall be renewed as provided in this article, but this renewal does not entitle the certificate holder, while the certificate remains suspended, and, until it is reinstated, to engage in the certified activity, or in any other activity or conduct in violation of the order or judgment by which the certificate was suspended.

(g) A revoked certificate is subject to expiration as provided in this article, but it cannot be renewed. If reinstatement of the certificate is approved by the state department, the certificate holder, as a condition precedent to reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the date the application for reinstatement is filed, plus the delinquency fee, if any, accrued at the time of its revocation.

(h) A certificate that is not renewed within four years after its expiration cannot be renewed, restored, reissued, or reinstated except upon completion of a certification program unless deemed otherwise by the state department if all of the following conditions

are met:

(1) No fact, circumstance, or condition exists that, if the certificate were issued, would justify its revocation or suspension.

(2) The person pays the application fee provided for by this article.

(3) The person takes and passes any examination that may be required of an applicant for a new certificate at that time, that shall be given by an approved provider of a certification training program.

(i) Certificate holders shall notify the department within 60 days of any change of address. Any notice sent by the department shall be effective if mailed to the current address filed with the department.

SEC. 4. Section 1337.7 of the Health and Safety Code is amended to read:

1337.7. (a) Fees shall be submitted with nurse assistant applications and certificate renewal applications. The department shall collect fees for late renewals and replacement certificates according to the following schedule:

(1) The renewal fee for certified nurse assistants shall be no more than twenty-five dollars (\$25), and shall include the costs for a criminal background check.

(2) The delinquency fee for late renewals is ten dollars (\$10).

(3) The duplicate fee for lost certificates is five dollars (\$5).

(b) The penalty for submitting insufficient funds or any fictitious check, draft, or order on any bank or depository for payment of any fee to the state department shall be ten dollars (\$10).

SEC. 5. Section 1337.8 of the Health and Safety Code is repealed.

SEC. 6. Section 1337.8 is added to the Health and Safety Code, to read:

1337.8. (a) The state department shall investigate complaints concerning misconduct by certified nurse assistants and may take disciplinary action pursuant to Section 1337.9.

(b) The state department shall maintain a registry that includes the certification status of all certified nurse assistants, including the status of any proposed or completed disciplinary actions.

(c) Long-term health care facilities, as defined in Section 1418, that hire certified nursing assistants shall consult the state department's registry prior to hiring these individuals or placing them in direct contact with patients.

SEC. 7. Section 1337.9 is added to the Health and Safety Code, to read:

1337.9. (a) The state department may deny an application for, or initiate an action to suspend or revoke, a nurse assistant, or deny a training and examination application.

(b) The state department shall deny a training and examination application and deny, suspend, or revoke a certificate issued under this article if the applicant or certificate holder has been convicted of a violation or attempted violation of any one or more of the following Penal Code provisions: Section 187, subdivision (a) of Section 192, Section 203, 205, 206, 207, 209, 210, 210.5, 211, 220, 222,

243.4, 245, 261, 262, or 264.1, Sections 265 to 267, inclusive, Section 273a, 273.5, or 285, subdivisions (c), (d), (f), and (g) of Section 286, Section 288, subdivisions (c), (d), (f), and (g) of Section 288a, Section 288.5, 289, 289.5, 368, 451, 459, 470, 475, 484, or 484b, Sections 484d to 484j, inclusive, Section 487, 503, or 518, unless any of the following applies:

(1) The person was convicted of a felony and has obtained a certificate of rehabilitation under Chapter 3.5 (commencing with Section 4852.01) of Title 6 of the Penal Code and the information or accusation against him or her has been dismissed pursuant to Section 1203.4 of the Penal Code.

(2) The person was convicted of a misdemeanor and the information or accusation against him or her has been dismissed pursuant to Section 1203.4 or 1203.4a of the Penal Code.

(3) The certificate holder was convicted of a felony or a misdemeanor, but has previously disclosed the fact of each conviction to the department, and the department has made a determination in accordance with law that the conviction does not disqualify the applicant from certification.

(c) An application or certificate shall be denied, suspended, or revoked upon conviction in another state of an offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses set forth in subdivision (b), unless evidence of rehabilitation comparable to the certificate of rehabilitation or dismissal of a misdemeanor set forth in paragraph (1) or (2) of subdivision (b) is provided.

(d) The state department may deny an application or deny, suspend, or revoke a certificate issued under this article for any of the following:

(1) Unprofessional conduct, including, but not limited to, incompetence, gross negligence unless due to circumstances beyond the nurse assistant's control, physical, mental, or verbal abuse of patients or misappropriation of property of patients or others.

(2) Conviction of a crime substantially related to the qualifications, functions, and duties of a certified nurse assistant, irrespective of a subsequent order under Section 1203.4, 1203.4a, or 4852.13 of the Penal Code, where the state department determines that the applicant or certificate holder has not adequately demonstrated that he or she has been rehabilitated and will present a threat to the health, safety, or welfare of patients.

(3) Conviction for, or use of, any controlled substance as defined in Division 10 (commencing with Section 11000), or any dangerous drug, as defined in Article 7 (commencing with Section 4211) of Chapter 9, or alcoholic beverages, to an extent or in a manner dangerous or injurious to the certified nurse assistant, any other person, or the public, to the extent that this use would impair the ability to conduct, with safety to the public, the practice authorized by a certificate.

(4) Procuring a certified nurse assistant certificate by fraud or

misrepresentation or mistake.

(5) Making or giving any false statement or information in conjunction with the application for issuance of a nurse assistant certificate or training and examination application.

(6) Impersonating any applicant, or acting as proxy for an applicant, in any examination required under this article for the issuance of a certificate.

(7) Impersonating another certified nurse assistant, a licensed vocational nurse, or a registered nurse, or permitting or allowing another person to use a certificate for the purpose of providing nursing services.

(8) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violating of, or conspiring to violate any provision or term of, this article.

(e) When the state department determines that a certificate shall be suspended, the state department shall specify the period of actual suspension. The state department may determine that the suspension shall be stayed, placing the certificate holder on probation with specified conditions for a period not to exceed two years. When the state department determines that probation is the appropriate action, the certificate holder shall be notified that in lieu of the state department proceeding with a formal action to suspend the certification and in lieu of an appeal pursuant to subdivision (h), the certificate holder may request to enter into a diversion program agreement. A diversion program agreement shall specify terms and conditions related to matters, including, but not limited to, work performance, rehabilitation, training, counseling, progress reports, and treatment programs. If a certificate holder successfully completes a diversion program, no action shall be taken upon the allegations that were the basis for the diversion agreement. Upon failure of the certificate holder to comply with the terms and conditions of an agreement, the state department may proceed with a formal action to suspend or revoke the certification.

(f) A plea or verdict of guilty, or a conviction following a plea of nolo contendere shall be deemed a conviction within the meaning of this article. The state department may deny an application or deny, suspend, or revoke a certification based on a conviction as provided in this article when the judgment of conviction is entered or when an order granting probation is made suspending the imposition of sentence.

(g) Upon determination to deny an application or deny, revoke, or suspend a certificate, the state department shall notify the applicant or certificate holder in writing by certified mail of all of the following:

(1) The reasons for the determination.

(2) The applicant's or certificate holder's right to appeal the determination if the determination was made under subdivision (d).

(h) (1) Upon written notification that the state department has determined that an application shall be denied or a certificate shall

be denied, suspended, or revoked under subdivision (d), the applicant or certificate holder may request an administrative hearing by submitting a written request to the state department within 20 business days of receipt of the written notification. Notwithstanding Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, upon receipt of a written request, the state department shall hold an administrative hearing providing the applicant or certificate holder with all of the following:

(A) The opportunity to present his or her position, orally or in writing, with or without legal representation.

(B) The opportunity to subpoena and cross-examine witnesses.

(2) Hearings under this section shall be conducted by hearing officers designated by the director at a location, other than the work facility, convenient to the applicant or certificate holder. The hearing shall be tape recorded and a written decision shall be sent by certified mail to the applicant or certificate holder within 30 calendar days of the hearing. Except as specified in subdivision (i), the effective date of an action to revoke or suspend a certificate shall be specified in the written decision, or if no administrative hearing is timely requested, the effective date will be 21 business days from written notification of the department's determination to revoke or suspend.

(i) The state department may revoke or suspend a certificate prior to any hearing when immediate action is necessary in the judgment of the director to protect the public welfare. Notice of this action, including a statement of the necessity of immediate action to protect the public welfare, shall be sent in accordance with subdivision (g). If the certificate holder requests an administrative hearing pursuant to subdivision (h), the state department shall hold the administrative hearing as soon as possible but not later than 30 calendar days from receipt of the request for a hearing. A written hearing decision upholding or setting aside the action shall be sent by certified mail to the certificate holder within 30 calendar days of the hearing.

(j) Upon the expiration of the term of suspension, he or she shall be reinstated by the state department and shall be entitled to resume practice unless it is established to the satisfaction of the state department that the person has practiced as a certified nurse assistant in California during the term of suspension. In this event, the state department shall revoke the person's certificate.

(k) Upon a determination to deny an application or deny, revoke, or suspend a certificate, the department shall notify the employer of the applicant or certificate holder in writing of that determination, and whether the determination is final, or whether a hearing is pending relating to this determination. If a licensee or facility is required to deny employment or terminate employment of the employee based upon notice from the state that the employee is determined to be unsuitable for employment under this section, the

licensee or facility shall not incur criminal, civil, unemployment insurance, workers compensation, or administrative liability as a result of that denial or termination.

SEC. 8. Section 1338.5 is added to the Health and Safety Code, to read:

1338.5. A criminal record clearance shall be made for all nurse assistants. This record clearance shall be completed prior to issuing or renewing a certificate. For purposes of this section, the department shall utilize the California Law Enforcement Telecommunications System (CLETS) as established pursuant to Chapter 2.5 (commencing with Section 15150) of Part 6 of Division 3 of Title 2 of the Government Code.

(a) Upon enrolling in a training program for nurse assistant certification, a candidate for training shall submit a training and examination application to the department to receive a criminal record review.

(b) The application shall include a question concerning whether the applicant has been convicted of any crime, other than a minor traffic violation. The department may request any or all of the following information in order to accurately establish the applicant's identity when comparing the information to the CLETS data:

- (1) Name.
- (2) Aliases.
- (3) Address.
- (4) Social security number.
- (5) Date of birth.
- (6) Driver's license number.

(c) If the data obtained from CLETS indicates that the applicant has a criminal conviction other than a minor traffic violation, prior to taking any action, the department shall notify the applicant, within 15 business days upon receipt of the applicant's training and examination application, to request a response. If the applicant disputes that he or she is the subject of this data and the question of identity cannot be resolved, the department may require the applicant to submit fingerprints on cards furnished by the department. If the department determines fingerprints are required, the applicant shall be responsible to pay for the cost of fingerprinting and processing. If the fingerprint search demonstrates that the applicant does not have a criminal conviction, the department shall reimburse the applicant for the cost of fingerprinting and processing. Failure to submit fingerprint cards within 15 days of receipt of notice from the department may result in denial of the training and examination application or immediate suspension of certification pursuant to subdivision (i) of Section 1337.9.

(d) Upon receipt, the department shall submit the fingerprints to the Department of Justice. Submission of the fingerprints to the Federal Bureau of Investigation shall be at the discretion of the state department.

(e) Upon receipt of the fingerprints, the Department of Justice shall notify the state department of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the state department with a statement of that fact. If the fingerprints are illegible, the Department of Justice shall, within 15 calendar days from receipt of the fingerprints, notify the state department of that fact.

(f) The department shall respond to the applicant and employer within 30 days from the date of receipt of the fingerprint cards.

(g) If the state department has reason to believe that the criminal report obtained through CLETS is inaccurate, they may request the provider to submit fingerprints following the process outlined in paragraphs (c), (d), and (e) of this section.

(h) A criminal record clearance, consistent with this section shall be implemented for nursing assistant applicants beginning July 1, 1995, and phased in for all renewals of certificates by June 30, 1997.

(i) If for any reason the department is unable to commence the criminal record clearance requirement for the issuing or renewing of certificates by July 1, 1995, the department shall continue to issue and renew certificates without a criminal records clearance until such time as the department is able to perform these clearances.

SEC. 9. Section 1727 of the Health and Safety Code is amended to read:

Services which do not involve personal care services provided under a plan of treatment prescribed by a physician and surgeon may be provided by a person who is not a certified home health aide. Home health aide services shall not include services provided pursuant to Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code.

(2) Obtain a criminal record clearance pursuant to Section 1736.6.

(b) Any person who violates this article is guilty of a misdemeanor and, upon a conviction thereof, shall be punished by imprisonment in the county jail for not more than 180 days, or by a fine of not less than twenty dollars (\$20) nor more than one thousand dollars (\$1,000), or by both fine and imprisonment.

SEC. 11. Section 1736.2 is added to the Health and Safety Code, to read:

1736.4. (a) The state department shall investigate complaints concerning misconduct by certified home health aides and may take disciplinary action pursuant to Section 1736.5.

(b) The department shall maintain a registry that includes the certification status of all certified home health aides, including the status of any proposed or completed disciplinary actions.

(c) Home health agencies, as defined in subdivision (a) of Section 1727, and hospice providers, as defined in subdivision (b) of Section 1745, that hire certified home health aides after July 1, 1997, shall consult the state department's registry prior to hiring these individuals or placing them in direct contact with patients.

SEC. 14. Section 1736.5 is added to the Health and Safety Code, to read:

1736.5. (a) The state department shall deny a training application and deny, suspend, or revoke a certificate issued under this article if the applicant or certificate holder has been convicted of a violation or attempted violation of any of the following Penal Code provisions: Section 187, subdivision (a) of Section 192, Section 203, 205, 206, 207, 209, 210, 210.5, 211, 220, 222, 243.4, 245, 261, 262, or 264.1, Sections 265 to 267, inclusive, Section 273a, 273.5, or 285, subdivisions (c), (d), (f), and (g) of Section 286, Section 288,

subdivisions (c), (d), (f), and (g) of Section 288a, Section 288.5, 289, 289.5, 368, 451, 459, 470, 475, 484, or 484b, Sections 484d to 484j, inclusive, Section 487, 503, or 518, unless any of the following apply:

(1) The person was convicted of a felony and has obtained a certificate of rehabilitation under Chapter 3.5 (commencing with Section 4852.01) of Title 6 of the Penal Code and the information or accusation against him or her has been dismissed pursuant to Section 1203.4 of the Penal Code.

(2) The person was convicted of a misdemeanor and the information or accusation against him or her has been dismissed pursuant to Section 1203.4 or 1203.4a of the Penal Code.

(3) The certificate holder was convicted of a felony or a misdemeanor, but has previously disclosed the fact of each conviction to the department, and the department has made a determination in accordance with law that the conviction does not disqualify the applicant from certification.

(b) An application or certificate shall be denied, suspended, or revoked upon conviction in another state of an offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses set forth in subdivision (a), unless evidence of rehabilitation comparable to the certificate of rehabilitation or dismissal of a misdemeanor set forth in paragraph (1) or (2) of subdivision (a) is provided.

(c) The state department may deny an application or deny, suspend, or revoke a certificate issued under this article for any of the following:

(1) Unprofessional conduct, including, but not limited to, incompetence, gross negligence, physical, mental, or verbal abuse of patients, or misappropriation of property of patients or others.

(2) Conviction of a crime substantially related to the qualifications, functions, and duties of a home health aide, irrespective of a subsequent order under Section 1203.4, 1203.4a, or 4852.13 of the Penal Code, where the state department determines that the applicant or certificate holder has not adequately demonstrated that he or she has been rehabilitated and will present a threat to the health, safety, or welfare of patients.

(3) Conviction for, or use of, any controlled substance as defined in Division 10 (commencing with Section 11000), or any dangerous drug, as defined in Article 7 (commencing with Section 4211) of Chapter 9, or alcoholic beverages, to an extent or in a manner dangerous or injurious to the home health aide, any other person, or the public, to the extent that this use would impair the ability to conduct, with safety to the public, the practice authorized by a certificate.

(4) Procuring a home health aide certificate by fraud or misrepresentation or mistake.

(5) Making or giving any false statement or information in conjunction with the application for issuance of a home health aide certificate or training and examination application.

(6) Impersonating any applicant, or acting as proxy for an applicant, in any examination required under this article for the issuance of a certificate.

(7) Impersonating another home health aide, a licensed vocational nurse, or a registered nurse, or permitting or allowing another person to use a certificate for the purpose of providing nursing services.

(8) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision or term of, this article.

(d) When the state department determines that a certificate shall be suspended, the state department shall specify the period of actual suspension. The state department may determine that the suspension shall be stayed, placing the certificate holder on probation with specified conditions for a period not to exceed two years. When the state department determines that probation is the appropriate action, the certificate holder shall be notified that in lieu of the state department proceeding with a formal action to suspend the certification and in lieu of an appeal pursuant to subdivision (g), the certificate holder may request to enter into a diversion program agreement. A diversion program agreement shall specify terms and conditions related to matters, including, but not limited to, work performance, rehabilitation, training, counseling, progress reports, and treatment programs. If a certificate holder successfully completes a diversion program, no action shall be taken upon the allegations that were the basis for the diversion agreement. Upon failure of the certificate holder to comply with the terms and conditions of an agreement, the state department may proceed with a formal action to suspend or revoke the certification.

(e) A plea or verdict of guilty, or a conviction following a plea of nolo contendere, shall be deemed a conviction within the meaning of this article. The state department may deny an application or deny, suspend, or revoke a certification based on a conviction as provided in this article when the judgment of conviction is entered or when an order granting probation is made suspending the imposition of sentence.

(f) Upon determination to deny an application or deny, revoke, or suspend a certificate, the state department shall notify the applicant or certificate holder in writing by certified mail of all of the following:

(1) The reasons for the determination.

(2) The applicant's or certificate holder's right to appeal the determination if the determination was made under subdivision (c).

(g) (1) Upon written notification that the state department has determined that an application shall be denied or a certificate shall be denied, suspended, or revoked under subdivision (c), the applicant or certificate holder may request an administrative hearing by submitting a written request to the state department within 20 business days of receipt of the written notification.

Notwithstanding Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, upon receipt of a written request, the state department shall hold an administrative hearing providing the applicant or certificate holder with all of the following:

(A) The opportunity to present his or her position, orally or in writing, with or without legal representation.

(B) The opportunity to subpoena and cross-examine witnesses.

(2) Hearings under this section shall be conducted by hearing officers designated by the director at a location other than the work facility convenient to the applicant or certificate holder. The hearing shall be tape recorded and a written decision shall be sent by certified mail to the applicant or certificate holder within 30 calendar days of the hearing. Except as specified in subdivision (h), the effective date of an action to revoke or suspend a certificate shall be specified in the written decision, or if no administrative hearing is timely requested, the effective date will be 21 business days from written notification of the department's determination to revoke or suspend.

(h) The state department may revoke or suspend a certificate prior to any hearing when immediate action is necessary in the judgment of the director to protect the public welfare. Notice of this action, including a statement of the necessity of immediate action to protect the public welfare, shall be sent in accordance with subdivision (f). If the certificate holder requests an administrative hearing pursuant to subdivision (g), the state department shall hold the administrative hearing as soon as possible but not later than 30 calendar days from receipt of the request for a hearing. A written hearing decision upholding or setting aside the action shall be sent by certified mail to the certificate holder within 30 calendar days of the hearing.

(i) Upon the expiration of the term of suspension, he or she shall be reinstated by the state department and shall be entitled to resume practice unless it is established to the satisfaction of the state department that the person has practiced as a home health aide in California during the term of suspension. In this event, the state department shall revoke the person's certificate.

(j) Upon a determination to deny an application or deny, revoke, or suspend a certificate, the department shall notify the employer of the applicant or certificate holder in writing of that determination, and whether the determination is final, or whether a hearing is pending relating to this determination. If a licensee or facility is required to deny employment or terminate employment of the employee based upon notice from the state that the employee is determined to be unsuitable for employment under this section, the licensee or facility shall not incur criminal, civil, unemployment insurance, workers' compensation, or administrative liability as a result of that denial or termination.

SEC. 15. Section 1736.6 is added to the Health and Safety Code,

to read:

1736.6. A criminal record clearance shall be made for all home health aides. This record clearance shall be completed prior to issuing a certificate. For purposes of this section, the state department shall utilize the California Law Enforcement Telecommunications System (CLETS) as established pursuant to Chapter 2.5 (commencing with Section 15150) of Part 6 of Division 3 of Title 2 of the Government Code.

(a) Upon enrolling in a training program for home health aide certification, a candidate for training shall submit a training and examination application to the state department to receive a criminal record review.

(b) The application shall include a question concerning whether the applicant has been convicted of any crime, other than a minor traffic violation. The state department may request any or all of the following information in order to accurately establish the applicant's identity when comparing the information to the CLETS data:

- (1) Name.
- (2) Aliases.
- (3) Address.
- (4) Social security number.
- (5) Date of birth.
- (6) Driver's license number.

(c) If the data obtained from CLETS indicates that the applicant has a criminal conviction other than a minor traffic violation, prior to taking any action, the state department shall notify the applicant within 15 business days upon receipt of the applicant's training and examination application to request a response. If the applicant disputes that he or she is the subject of this data and the question of identity cannot be resolved, the state department may require the applicant to submit fingerprints on cards furnished by the state department. If the state department determines fingerprints are required, the applicant shall be responsible to pay for the cost of fingerprinting and processing. If the fingerprint search demonstrates that the applicant does not have a criminal conviction, the state department shall reimburse the applicant for the cost of fingerprinting and processing. Failure to submit fingerprint cards within 15 days of receipt of notice from the state department may result in denial of the training and examination application or immediate suspension of certification pursuant to subdivision (i) of Section 1337.9.

(d) Upon receipt, the department shall submit the fingerprints to the Department of Justice. Submission of the fingerprints to the Federal Bureau of Investigation shall be at the discretion of the state department.

(e) Upon receipt of the fingerprints, the Department of Justice shall notify the state department of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the state

department with a statement of that fact. If the fingerprints are illegible, the Department of Justice shall, within 15 calendar days from receipt of the fingerprints, notify the state department of that fact.

(f) The department shall respond to the applicant and employer within 30 days from the date of receipt of the fingerprint cards.

(g) If the state department has reason to believe that the criminal report obtained through CLETS is inaccurate, they may request the provider to submit fingerprints following the process outlined in subdivisions (c), (d), and (e).

(h) A criminal record clearance, consistent with this section shall be implemented for home health aide applicants beginning July 1, 1995, and phased in for all certified home health aides by June 30, 1997.

(i) If, for any reason, the department is unable to commence the criminal record clearance requirement for the issuing or renewing of certificates by July 1, 1995, the state department shall continue to issue and renew certificates without a criminal record clearance until the department is able to perform these clearances.

SEC. 16. Article 9 (commencing with Section 15670) is added to Chapter 11 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 9. Paid Care Provider Requirements

15670. The Legislature finds and declares all of the following:

(a) Instances of elder and dependent adult abuse are on the rise, with the majority of the abuse occurring in the home of elderly or dependent person by noncertified caregivers.

(b) This state has a responsibility to protect these persons and to see that they are safeguarded from individuals who may pose a threat to their well-being.

(c) Criminal background checks of individuals who provide personal care services to elder and dependent adults, while not ending all occurrences of abuse, will serve as a factor in reducing some of these occurrences and giving senior citizens, dependent adults, and their families a sense of security that care is not being administered by individuals with dangerous criminal backgrounds.

(d) An effective background check program will be timely, affordable, and encompass caregivers in domestic and institutional settings.

(e) Individuals providing personal care services to elder and dependent adults should be well trained and appropriately compensated for their services to foster the creation of a long-term, professional work force.

(f) Therefore, it is the intent of the Legislature in enacting this article that certified nurse assistants and certified home health aides shall be subject to a criminal background check.

(g) It is the intent of the Legislature that the State Department

of Social Services prepare a plan by January 1, 1996, to implement a program of criminal background checks for in-home care providers employed under the In-Home Supportive Services program (Article 7 (commencing with Section 12300) of Chapter 3 of Part 3). The plan shall be made available to the Legislature upon request.

15671. (a) All initial certified nurse assistant and certified home health aide applicants, shall as a requirement for certification, undergo a criminal background check pursuant to Section 1338.5 of the Health and Safety Code.

(b) The State Department of Health Services may establish a fee for certified home health aide applicants at no more than fifteen dollars (\$15) for purposes of this section.

(c) Commencing July 1, 1997, nurse assistants certified prior to July 1, 1995, shall, as a condition of renewal of their certificates, undergo a criminal background check pursuant to subdivision (a) of Section 1337.6 and Section 1338.5 of the Health and Safety Code. Commencing July 1, 1995, pursuant to Section 1338.5 of the Health and Safety Code, nurse assistant applicants whose applications were submitted on or after July 1, 1995, shall undergo a criminal background check.

(b) Until July 1, 1997, employers shall reimburse certificate holders whom they employ for the amount of seven dollars (\$7) for the cost of the criminal background check upon receipt from the employee of evidence that the application for renewal has been submitted.

15673. (a) Commencing July 1, 1997, home health aides certified prior to July 1, 1995, shall undergo a criminal background check pursuant to Section 1736.6 of the Health and Safety Code. Commencing July 1, 1995, pursuant to Section 1736.6 of the Health and Safety Code, home health aide applicants whose applications are submitted on or after July 1, 1995, shall undergo a criminal background check.

(b) Until July 1, 1997, employers shall reimburse certificate holders whom they employ for the amount of seven dollars (\$7) of the cost of the criminal background check upon receipt from the employee of evidence that the application for renewal has been submitted.

15675. The Department of Justice shall make available to the State Department of Health Services, at no cost, access to the California Law Enforcement Telecommunications System as established pursuant to Chapter 2.5 (commencing with Section 15150) of Part 6 of Division 3 of Title 2 of the Government Code.

SEC. 17. Section 15755 is added to the Welfare and Institutions Code, to read:

15755. A law enforcement agency may seek a search warrant from a magistrate pursuant to the procedures set forth in Chapter 3 (commencing with Section 1523) of Title 12 of Part 2 of the Penal Code to enable a peace officer to have access to, and to inspect, premises if a county welfare worker has been denied access to the

premises by the person or persons in possession of the premises and there is probable cause to believe an elder or dependent adult on those premises is subject to abuse. While executing the search warrant the peace officer may allow a county welfare worker, or any other appropriate person, to accompany him or her.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 19. The fees collected pursuant to this act shall not exceed the actual costs of the department in providing the service. Notwithstanding any other provision of law, if the state department adopts regulations to establish fees pursuant to this act, it need not demonstrate that the fees do not exceed the actual costs.

CHAPTER 1247

An act to amend Sections 1871.7, 1872.1, 1872.8, 1875.10, and 1875.15 of the Insurance Code, and to amend Sections 16000, 20003, and 20012 of, and to add Chapter 2.5 (commencing with Section 6150) to Division 3 of, and Chapter 5 (commencing with Section 10900) to Division 4 of, the Vehicle Code, relating to insurance.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1871.7 of the Insurance Code is amended to read:

1871.7. (a) It is unlawful to knowingly employ runners, cappers, steerers, or other persons to procure clients or patients to perform or obtain services or benefits pursuant to Division 4 (commencing with Section 3200) of the Labor Code or for the purpose of engaging in activities prohibited by Section 549, 550, or 551 of the Penal Code.

(b) Every person who violates any provision of this section shall be subject, in addition to any other penalties that may be prescribed by law, to a civil penalty of not less than five thousand dollars (\$5,000) nor more than ten thousand dollars (\$10,000), plus an assessment of not more than three times the amount of each claim for compensation, as defined in Section 3207 of the Labor Code, or three times the amount of each false or fraudulent claim or activity

punishable under Section 549, 550, or 551 of the Penal Code, submitted in connection with or undertaken in violation of this section.

(c) Any person who violates subdivision (a) and who has a prior felony conviction of an offense set forth in Section 1871.4, or in Section 549, 550, or 551 of the Penal Code, shall be subject, in addition to the penalties set forth in subdivision (b), to a civil penalty of five thousand dollars (\$5,000) for each item, service, claim, or activity with respect to which a violation of subdivision (a) occurred.

(d) The Attorney General or district attorney may bring a civil action under this section.

(e) (1) Any interested persons may bring a civil action for a violation of this section for the person and for the State of California. The action shall be brought in the name of the state. The action may be dismissed only if the court and the Attorney General give written consent to the dismissal and their reasons for consenting.

(2) A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the state. The complaint shall be filed in camera, shall remain under seal for at least 60 days, and shall not be served on the defendant until the court so orders. The Attorney General or local district attorney may elect to intervene and proceed with the action within 60 days after he or she receives both the complaint and the material evidence and information. If both the Attorney General and the district attorney elect to intervene, the Attorney General shall have precedence.

(3) The Attorney General or district attorney may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal under paragraph (2). The motions may be supported by affidavits or other submissions in camera. The defendant shall not be required to respond to any complaint filed under this section until 20 days after the complaint is unsealed and served upon the defendant.

(4) Before the expiration of the 60-day period or any extensions obtained under paragraph (3), the Attorney General or district attorney shall either:

(A) Proceed with the action, in which case the action shall be conducted by the Attorney General or district attorney.

(B) Notify the court that it declines to take over the action, in which case the person bringing the action shall have the right to conduct the action.

(5) When a person brings an action under this section, no person other than the Attorney General or district attorney may intervene or bring a related action based on the facts underlying the pending action.

(f) (1) If the Attorney General or district attorney proceeds with the action, he or she shall have the primary responsibility for prosecuting the action, and shall not be bound by an act of the person bringing the action. That person shall have the right to continue as

a party to the action, subject to the limitations set forth in paragraph (2).

(2) (A) The Attorney General or district attorney may dismiss the action notwithstanding the objections of the person initiating the action if the person has been notified by the Attorney General or district attorney of the filing of the motion, and the court has provided the person with an opportunity for a hearing on the motion.

(B) The Attorney General or district attorney may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, the hearing may be held in camera.

(C) Upon a showing by the Attorney General or district attorney that unrestricted participation during the course of the litigation by the person initiating the action would interfere with or unduly delay the Attorney General's or district attorney's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, including, but not limited to, the following:

- (i) Limiting the number of witnesses the person may call.
- (ii) Limiting the length of the testimony of such witnesses.
- (iii) Limiting the person's cross-examination of witnesses.
- (iv) Otherwise limiting the participation by the person in the litigation.

(D) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.

(3) If the Attorney General or district attorney elects not to proceed with the action, the person who initiated the action shall have the right to conduct the action. If the Attorney General or district attorney so requests, he or she shall be served with copies of all pleadings filed in the action and shall be supplied with copies of all deposition transcripts, at the Attorney General's or district attorney's expense. When a person proceeds with the action, the court, without limiting the status and rights of the person initiating the action, may nevertheless permit the Attorney General or district attorney to intervene at a later date upon a showing of good cause.

(4) Whether or not the Attorney General or district attorney proceeds with the action, upon a showing by the Attorney General or district attorney that certain actions of discovery by the person initiating the action would interfere with the Attorney General's or district attorney's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than 60 days. A hearing on a request for the stay shall be conducted in camera. The court may extend the 60-day period upon a further showing in camera that the

Attorney General or district attorney has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(5) Notwithstanding subdivision (e), the Attorney General or district attorney may elect to pursue its claim through any alternate remedy available to the Attorney General or district attorney. If any such alternate remedy is pursued in another proceeding, the person initiating the action shall have the same rights in that proceeding as the person would have had if the action had continued under this section. Any finding of fact or conclusion of law made in the other proceeding that has become final shall be conclusive on all parties to an action under this section. For purposes of the preceding sentence, a finding or conclusion is final if it has been finally determined on appeal to the appropriate court, if all time for filing an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(g) (1) If the Attorney General or district attorney proceeds with an action brought by a person under subdivision (e), that person shall, subject to the second sentence of this paragraph, receive at least 15 percent but not more than 25 percent of the proceeds of the action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the action. Where the action is one that the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the action, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative or administrative report, hearing, audit, or investigation, or from the news media, the court may award such sums as it considers appropriate, but in no case more than 10 percent of the proceeds, taking into account the significance of the information and the role of the person bringing the action in advancing the case to litigation. Any payment to a person under the first or second sentence of this paragraph shall be made from the proceeds. Any such person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All of those expenses, fees, and costs shall be awarded against the defendant.

(2) If the Attorney General or district attorney does not proceed with an action under this section, the person bringing the action or settling the claim shall receive an amount that the court decides is reasonable for collecting the civil penalty and damages. The amount shall not be less than 25 percent and not more than 30 percent of the proceeds of the action or settlement and shall be paid out of the proceeds. That person shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All of those expenses, fees, and costs shall be awarded against the defendant.

(3) Whether or not the Attorney General or district attorney

proceeds with the action, if the court finds that the action was brought by a person who planned and initiated the violation of this section, that person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. The dismissal shall not prejudice the right of the Attorney General or district attorney to continue the action on behalf of the state.

(4) If the Attorney General or district attorney does not proceed with the action, and the person bringing the action conducts the action, the court may award to the defendant its reasonable attorneys' fees and expenses if the defendant prevails in the action and the court finds that the claim of the person bringing the action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(h) (1) In no event may a person bring an action under subdivision (e) that is based upon allegations or transactions that are the subject of a civil suit or an administrative civil money penalty proceeding in which the Attorney General or district attorney is already a party.

(2) (A) No court shall have jurisdiction over an action under this section based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing in a legislative or administrative report, hearing, audit, or investigation, or from the news media, unless the action is brought by the Attorney General or the person bringing the action is an original source of the information.

(B) For purposes of this paragraph, "original source" means an individual who has direct and independent knowledge of the information on which the allegations are based and has voluntarily provided the information to the Attorney General or district attorney before filing an action under this section which is based on the information.

(i) The Attorney General or district attorney is not liable for expenses that a person incurs in bringing an action under this section.

(j) In civil actions brought under this section by the Attorney General or district attorney, the court shall award to a prevailing defendant reasonable attorneys' fees and expenses unless the court finds that the position of the Attorney General or district attorney was substantially justified or that special circumstances make an award unjust.

(k) Any employee who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by his or her employer because of lawful acts done by the employee on behalf of the employee or others in furtherance of an action under this section, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under this section, shall be entitled to all relief necessary to make the employee whole. That relief shall include reinstatement with the same seniority status the employee would have had but for the discrimination, two times the amount of

back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees. An employee may bring an action in the appropriate superior court for the relief provided in this subdivision. The remedies under this section are in addition to any other remedies provided by existing law.

SEC. 2. Section 1872.1 of the Insurance Code is amended to read:

1872.1. (a) There is created within the Bureau of Fraudulent Claims an advisory committee on automobile insurance fraud and economic automobile theft prevention, investigation, and prosecution, as provided in this chapter. The committee shall be composed of the Chief of the Bureau of Fraudulent Claims, a representative from the Department of Justice, the Department of Motor Vehicles, the Division of Investigation of the Department of Consumer Affairs, the Department of the California Highway Patrol, the Bureau of Automotive Repair, the State Bar of California, the Medical Board of California, two representatives from local law enforcement agencies, one of whom shall be a prosecutor, and representatives of three insurers assessed pursuant to Section 1872.8.

(b) The commissioner shall select representatives from local law enforcement agencies from names submitted from local law enforcement agencies. The commissioner shall select one insurer representative from each of the following three categories from nominees submitted by insurers in each category: one representative of insurers with average annual automobile liability premiums in California of less than one hundred million dollars (\$100,000,000) in the preceding three years; one representative of insurers with average annual automobile liability premiums in California between one hundred million dollars (\$100,000,000) and seven hundred million dollars (\$700,000,000) in the preceding three years; and one representative of insurers with average annual automobile liability premiums in California exceeding seven hundred million dollars (\$700,000,000) in the preceding three years. At least one insurer representative shall be employed by an insurer having its principal headquarters in California. Members appointed by the commissioner shall serve at the pleasure of the commissioner. Representatives from other agencies shall be selected by the agencies represented.

(c) The advisory committee shall elect one of its members annually to chair its meetings. The chair shall conduct quarterly meetings of the committee in California and at such other times as he or she deems appropriate. Members of the committee shall serve without compensation except for expenses incidental to attendance at meetings called by the chair. A report of the committee's activities shall be included in the report required under Section 1872.9.

(d) The purpose and goals of the advisory committee are as follows:

(1) Recommend to the Bureau of Fraudulent Claims and other appropriate public agencies and private sector entities ways to coordinate the investigation, prosecution, and prevention of

automobile insurance claims fraud, including economic automobile theft.

(2) Provide assistance to the bureau towards implementing the goal of reducing the frequency and severity of fraudulent automobile insurance claims (adjusted for population growth and inflation) of 20 percent in urban areas and 10 percent in rural areas of the state within a 24-month period from the effective date of this chapter by utilizing resources set forth in Section 1872.8.

(3) Assure that preventive, investigative, prosecutive, and data collection efforts undertaken by the bureau pursuant to this chapter are efficient, cost-effective, and complement similar efforts undertaken by law enforcement agencies and insurers.

(4) Make recommendations for inclusion in the bureau's annual report required by Section 1872.9.

SEC. 3. Section 1872.8 of the Insurance Code is amended to read:

1872.8. (a) Each insurer doing business in this state shall pay an annual fee to be determined by the commissioner, but not to exceed one dollar (\$1) annually for each vehicle insured under an insurance policy it issues in this state, in order to fund increased investigation and prosecution of fraudulent automobile insurance claims and economic automobile theft. Thirty-four percent of those funds received from 95 cents (\$.95) of the assessment fee per insured vehicle shall be distributed to the Bureau of Fraudulent Claims for enhanced investigative efforts, 15 percent of that 95 cents (\$.95) shall be deposited in the Motor Vehicle Account for appropriation to the Department of the California Highway Patrol for enhanced prevention and investigative efforts to deter economic automobile theft, and 51 percent of that 95 cents (\$.95) shall be distributed to district attorneys for purposes of investigation and prosecution of automobile insurance fraud cases.

(b) The commissioner shall award funds to district attorneys according to population. The commissioner may alter this distribution formula as necessary to achieve the most effective distribution of funds. Each local district attorney desiring a portion of those funds shall submit to the commissioner a plan detailing their projected use of any moneys which may be provided. The plan shall include a detailed accounting of assessed funds received and expended in prior years, including at a minimum (1) the amount of funds received and expended; (2) the uses to which those funds were put, including payment of salaries and expenses, purchase of equipment and supplies, and other expenditures by type; (3) results achieved as a consequence of expenditures made, including the number of investigations, arrests, indictments, convictions, and the amounts originally claimed in cases prosecuted compared to payments actually made in those cases; and (4) other relevant information as the commissioner may reasonably require. Any district attorney who fails to submit an application within 90 days of the commissioner's deadline for applications shall be subject to loss of distribution of the money. The commissioner may consider

recommendations and advice of the bureau and the Commissioner of the California Highway Patrol in allocating moneys to local district attorneys. Any district attorney that receives funds shall submit an annual report to the commissioner, which may be made public, as to the success of the program that they have administered. The report shall provide information and statistics on the number of active investigations, arrests, indictments, and convictions. Both the application for moneys and the distribution of moneys shall be public documents. Information submitted to the commissioner pursuant to this section concerning active cases shall be confidential.

(c) The remaining five cents (\$.05) shall be spent pursuant to Article 6 (commencing with Section 1876).

(d) Except for funds to be deposited in the Motor Vehicle Account for allocation to the Department of the California Highway Patrol for purposes of the Motor Vehicle Theft Prevention Act (Chapter 5 (commencing with Section 10900) of Division 4 of the Vehicle Code), the funds received under this section shall be deposited in the Insurance Fund and be expended and distributed when appropriated by the Legislature.

(e) In the course of its investigations, the Bureau of Fraudulent Claims shall aggressively pursue all reported incidents of probable fraud and, in addition, shall forward to the appropriate disciplinary body the names of any individuals licensed under the Business and Professions Code who are suspected of actively engaging in fraudulent activity along with all relevant supporting evidence.

(f) As used in this section, "economic automobile theft" means automobile theft perpetrated for financial gain, including, but not limited to, the following:

- (1) Theft of an entire automobile for financial gain.
- (2) Reporting an automobile stolen for the purpose of filing a false insurance claim.
- (3) Engaging in any act prohibited by Chapter 3.5 (commencing with Section 10801) of Division 4 of the Vehicle Code.
- (4) Switching of vehicle identification numbers to obtain title to a stolen or illegally acquired automobile.

SEC. 4. Section 1875.10 of the Insurance Code is amended to read:

1875.10. The Legislature finds and declares as follows:

(a) That the business of insurance involves many transactions which have potential for abuse and illegal activities.

(b) That insurers and their policyholders ultimately pay the cost of fraudulent insurance claims.

(c) That the operation of insurance claims analysis bureaus would be to the benefit of the public, regulators, law enforcement, prosecutors, and insurers in suppressing and preventing insurance claims fraud.

(d) That the purpose of insurance claims analysis bureaus is to provide a data service to encourage the identification of utilization patterns by individuals or businesses who provide services in support

of insurance claims, and by individual claimants themselves, in order to facilitate the identification and prevention of fraudulent activities.

(e) That promotion of an effective public-private partnership between the insurance industry and the commissioner to share data on suspected fraudulent claims is necessary to avoid unnecessary duplication and expense in reporting that data.

(f) It is the intent of the Legislature that, to promote a data-sharing partnership that is efficient and cost-effective, the commissioner and the bureau make every effort to obtain suspected fraudulent claims data from reporting and collection sources already in existence and supported by the insurance industry, by licensing those sources as claims analysis bureaus, as provided in this chapter.

SEC. 5. Section 1875.15 of the Insurance Code is amended to read:

1875.15. (a) A licensed insurance claims analysis bureau shall develop rules governing the kind, quality, and frequency of data reporting, which shall be binding on all subscribers or members. The commissioner may require development of new claims categories for the suppression and prevention of fraud.

(b) Every member or subscriber shall report, at a minimum, the following regarding any category of claims:

- (1) Name of claimant.
- (2) Address of claimant.
- (3) Date of accident or incident.
- (4) Identification of medical provider, if applicable.
- (5) Identification of property repair vendor, if applicable.
- (6) Identification of members or subscribers and, if applicable, adjusters.
- (7) Identification of attorneys representing claimants, if applicable.
- (8) Description of claim.
- (9) Claimant's driver's license or California identification card number, if applicable.
- (10) Claimant's social security number, if known to the insurer.
- (11) Vehicle license numbers, if the claim involves automobile insurance.
- (12) Vehicle identification numbers, if known and the claim involves automobile insurance.

SEC. 6. Chapter 2.5 (commencing with Section 6150) is added to Division 3 of the Vehicle Code, to read:

CHAPTER 2.5. MISCELLANEOUS TITLE PROVISIONS

Article 1. Certificate of Title as Evidence

6150. In any criminal proceeding in which ownership, possession, or use of a motor vehicle is an issue, a copy certified by the department as its record of title on file, or with the official custodian of those documents of another state, shall be admissible as evidence

of ownership of the motor vehicle. Upon the introduction of evidence that the legal owner of a motor vehicle is not named in the certificate of title or that use or possession was with the consent or authority of the owner, a reasonable continuance shall be granted any party to enable the owner of the vehicle to be brought into court to testify.

6151. A party to a proceeding described in Section 6150 may provide notice to the opposing party that a showing of need will be made at the arraignment or at any other pretrial hearing, and upon the proof of that notice and the showing of need, the court shall take testimony from the owner or person in control of the motor vehicle which shall be admissible at trial.

6152. At any hearing, including, but not limited to, a scheduled trial date, involving a proceeding described in Section 6150, upon a showing of need, the court shall order as a condition of granting a continuance that the testimony of a witness then present in court be taken and preserved for subsequent use at a trial or any other stage of the proceeding.

6153. Where testimony is taken and preserved for use at trial or other stage of the proceeding pursuant to Sections 6151 and 6152, the witness shall be examined in open court by the party on whose behalf he or she is present, and the adverse party shall have the right of cross-examination.

6154. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

Article 2. Inspection and Cancellation of Titles for Exported Vehicles

6160. The Legislature finds and declares that when vehicles are exported and their title records are not amended to reflect exportation, it is conducive to vehicle theft and insurance fraud. The certificates of title issued by this state are used in insurance frauds in which a claimant falsely states that a vehicle has been stolen or uses that certificate to fraudulently procure insurance when in fact the vehicle has previously been exported from the United States. In the interest of the general welfare of the people of this state, and in order to combat vehicle theft and insurance fraud, it is necessary that the department's record of title reflect the fact that a vehicle is being exported either temporarily or permanently, based upon the true owner's declaration prior to exportation.

6161. For the purposes of this act, the term:

(a) "Certified record of permanent exportation" shall include the following:

- (1) Titled owner's name and address.
- (2) Description of the vehicle, including year, make, body type,

vehicle identification number, license registration number, and state registration.

(3) Destination of vehicle.

(4) Purpose of export, whether sale, lease, or personal use.

(b) "Declaration that the vehicle will not be permanently located outside the United States" shall include the items specified in paragraphs (1) to (3), inclusive, of subdivision (a), and shall also state the period of time for which it is anticipated that the vehicle will be outside the United States.

(c) "Export" means the shipping or transporting of a vehicle out of the United States by means other than its own power or that of a vehicle drawing or towing it.

(d) "Owner" means the owner of record indicated in a certificate of title issued by this state and includes an agent of that owner acting under a valid power of attorney executed by an owner.

(e) "Title" means the certificate of ownership issued by the department pursuant to Section 4450, but excludes a salvage certificate as described in Section 11515 and an acquisition bill of sale as described in Section 11519.

(f) "Vehicle" means every device designed for transportation of persons or property upon land, for which a certificate of title is required.

6162. An owner of a vehicle who seeks to export a vehicle titled in this state shall appear at the department with the certificate of title to ascertain whether there are any liens of record outstanding and whether the person exporting the vehicle is the lawful owner. If the certificates of title is found to be in proper order and no unsatisfied lien appears, the department shall enter into its record of title that the vehicle is intended for permanent exportation from the United States. If the owner certifies by filing a declaration with the department that the vehicle will not be permanently located outside the United States, and that he or she intends to return the vehicle to the United States, the department shall enter into its record of title a declaration that the vehicle will not be permanently located outside the United States until notification by the owner that the vehicle has been returned.

Article 3. Return of Stolen Motor Vehicle Retained as Evidence

6171. When criminal charges have been filed involving a motor vehicle alleged to have been stolen and the vehicle is in the custody of a peace officer for evidentiary purposes, it shall be held in custody or, if a request for its release from custody is made, until the prosecutor has notified the defendant or his or her attorney of that request and both the prosecution and defense have been afforded a reasonable opportunity for an examination of the motor vehicle to determine its true value and to produce or reproduce, by photographs or other identifying techniques, legally sufficient evidence for introduction at trial or other criminal proceedings.

6172. Upon expiration of a reasonable time for the completion of the examination, which in no event shall exceed 30 days from the date of service of the notice of request or return of the motor vehicle as provided in Section 6171, the property shall be released to the person making that request after satisfactory proof of the person's entitlement to the possession. Notwithstanding the foregoing, upon ex parte application by either party with notice to the other, the court may grant additional time for the examination or order retention of the motor vehicle if it determines that either is necessary to further the interests of justice; however, this provision shall not be construed to require a noticed hearing.

SEC. 7. Chapter 5 (commencing with Section 10900) is added to Division 4 of the Vehicle Code, to read:

CHAPTER 5. MOTOR VEHICLE THEFT PREVENTION

10900. This chapter shall be known and may be cited as the "Motor Vehicle Theft Prevention Act."

10901. (a) Pursuant to Section 1872.8 of the Insurance Code, proceeds from the assessment imposed thereunder shall be used to fund prevention and increased investigation of economic automobile theft. Funds received pursuant to Section 1872.8 of the Insurance Code shall be deposited in the Motor Vehicle Account and appropriated to the Department of the California Highway Patrol for prevention and enhanced investigative efforts to deter economic automobile theft.

(b) Moneys received by the commissioner pursuant to this section shall be used to fund (1) enhanced programs to prevent and investigate economic automobile theft; (2) a program directed at investigating and interdicting the export of stolen motor vehicles and stolen motor vehicle components across an international border; and (3) to operate the CAL H.E.A.T. (Californians Help Eliminate Auto Theft) program. Moneys received by a local law enforcement agency pursuant to this section shall be used to fund enhanced programs to prevent and investigate economic automobile theft and shall not be used to supplant or replace funding of existing personnel or equipment.

The commissioner shall submit an annual report to the Legislature, no later than 90 days following the completion of the fiscal year, accounting for all funds received and disbursed pursuant to this section. The report shall detail (A) the uses to which those funds were put, including payment of salaries and expenses, purchase of equipment and supplies, and other expenditures by type; and (B) results achieved as a consequence of expenditures made, including the number of investigations, arrests, complaints filed, convictions, and the number of vehicles recovered and amounts of property losses saved.

(c) As used in this section, "economic automobile theft" means automobile theft perpetrated for financial gain, including, but not

limited to, the following:

- (1) Theft of a motor vehicle for financial gain.
- (2) Reporting that a motor vehicle has been stolen for the purpose of filing a false insurance claim.
- (3) Engaging in any act prohibited by Chapter 3.5 (commencing with Section 10801) of Division 4.
- (4) Switching of vehicle identification numbers to obtain title to a stolen motor vehicle.

10902. The Department of the California Highway Patrol shall establish a program entitled "CAL H.E.A.T." (Californians Help Eliminate Auto Theft) for the purpose of reducing the incidence of economic auto theft in California. The program shall be an anti-auto theft program with a toll-free telephone hotline operator funded by the department using funds distributed to it pursuant to Section 10901. The hotline operator shall channel reports from the public regarding auto thefts to state and local law enforcement agencies. In the annual report, the commissioner shall report on the results of this program, including the number of calls from the public reporting a suspected motor vehicle theft, the number of arrests, complaints filed, convictions, and vehicles recovered, and the amount of property losses saved as a result of the program.

If funded by admitted insurers in this state, the program may offer rewards for reports that lead to the arrest and conviction of a person engaged in economic automobile theft. If so funded, the Department of the California Highway Patrol shall establish a claims board, which shall include appointments from state and local law enforcement agencies and the insurance industry, to determine the amount of individual awards.

SEC. 8. Section 16000 of the Vehicle Code is amended to read:
16000. (a) The driver of every motor vehicle who is in any manner involved in an accident originating from the operation of a motor vehicle on any street or highway or any reportable off-highway accident defined in Section 16000.1 which has resulted in damage to the property of any one person in excess of five hundred dollars (\$500) or in bodily injury or in the death of any person shall, within 10 days after the accident, report the accident, either personally or through an insurance agent, broker, or legal representative, on a form approved by the department to the office of the department at Sacramento, subject to the provisions of this chapter. The driver shall identify on the form, by name and current residence address, if available, any person involved in the accident complaining of bodily injury.

(b) A report is not required pursuant to subdivision (a) if the motor vehicle involved in the accident was owned or leased by, or under the direction of, the United States, this state, another state, or a local agency.

SEC. 9. Section 20003 of the Vehicle Code is amended to read:
20003. (a) The driver of any vehicle involved in an accident resulting in injury to or death of any person shall also give his or her

name, current residence address, the names and current residence addresses of any occupant of the driver's vehicle injured in the accident, the registration number of the vehicle he or she is driving, and the name and current residence address of the owner to the person struck or the driver or occupants of any vehicle collided with, and shall give the information to any traffic or police officer at the scene of the accident. The driver also shall render to any person injured in the accident reasonable assistance, including transporting, or making arrangements for transporting, any injured person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that treatment is necessary or if that transportation is requested by any injured person.

(b) Any driver or injured occupant of a driver's vehicle subject to the provisions of subdivision (a) shall also, upon being requested, exhibit his or her driver's license, if available, or, in the case of an injured occupant, any other available identification, to the person struck or to the driver or occupants of any vehicle collided with, and to any traffic or police officer at the scene of the accident.

SEC. 10. Section 20012 of the Vehicle Code is amended to read:

20012. All required accident reports, and supplemental reports, shall be without prejudice to the individual so reporting and shall be for the confidential use of the Department of Motor Vehicles and the Department of the California Highway Patrol, except that the Department of the California Highway Patrol or the law enforcement agency to whom the accident was reported shall disclose the entire contents of the reports, including, but not limited to, the names and addresses of persons involved or injured in, or witnesses to, an accident, the registration numbers and descriptions of vehicles involved, the date, time and location of an accident, all diagrams, statements of the drivers involved or occupants injured in the accident and the statements of all witnesses, to any person who may have a proper interest therein, including, but not limited to, the driver or drivers involved, or the guardian or conservator thereof, the parent of a minor driver, the authorized representative of a driver, or to any named person injured therein, the owners of vehicles or property damaged thereby, persons who may incur civil liability, including liability based upon a breach of warranty arising out of the accident, and any attorney who declares under penalty of perjury that he or she represents any of the above persons.

A request for a copy of an accident report shall be accompanied by payment of a fee, provided such fee shall not exceed the actual cost of providing the copy.

SEC. 11. Sections 3, 5, and 7 of this act shall not become operative unless Senate Bill 1743 is enacted.

SEC. 12. In enacting the provisions of Section 6 of this act, the Legislature finds and declares that deliberate overpricing of necessary materials and services by contractors to repair or replace dwellings or fixtures following catastrophic loss with the intent to file inflated insurance claims adds significantly to total losses paid by

insurers. These practices inflate the costs of catastrophic loss insurance to policyholders unfairly and unnecessarily.

CHAPTER 1248

An act to amend Sections 1872.8, 1875.15, and 1876.2 of the Insurance Code, and to add Section 2413 to, and to add Chapter 5 (commencing with Section 10900) to Division 4 of, the Vehicle Code, relating to motor vehicle theft.

1872.8. (a) Each insurer doing business in this state shall pay an annual fee to be determined by the commissioner, but not to exceed one dollar (\$1) annually for each vehicle insured under an insurance policy it issues in this state, in order to fund increased investigation and prosecution of fraudulent automobile insurance claims and economic automobile theft. Thirty-four percent of those funds received from ninety-five cents (\$.95) of the assessment fee per insured vehicle shall be distributed to the Bureau of Fraudulent Claims for enhanced investigative efforts, 15 percent of that ninety-five cents (\$.95) shall be deposited in the Motor Vehicle Account for appropriation to the Department of the California Highway Patrol for enhanced prevention and investigative efforts to deter economic automobile theft, and 51 percent of the funds shall be distributed to district attorneys for purposes of investigation and prosecution of automobile insurance fraud cases, including fraud involving economic automobile theft.

SEC. 5. Chapter 5 (commencing with Section 10900) is added to Division 4 of the Vehicle Code, to read:

CHAPTER 5. MOTOR VEHICLE THEFT PREVENTION

10900. This chapter shall be known and may be cited as the "Motor Vehicle Theft Prevention Act."

10901. (a) Pursuant to Section 1872.8 of the Insurance Code, proceeds from the assessment imposed thereunder shall be used to

Funds received pursuant to Section 1872.8 shall be deposited in the Motor Vehicle Account and appropriated to the Department of the California Highway Patrol for prevention and enhanced investigative efforts to deter economic automobile theft.

(b) Moneys received by the commissioner pursuant to this section shall be used to fund (1) enhanced programs to prevent and investigate economic automobile theft; (2) a program directed at investigating and interdicting the export of stolen motor vehicles and stolen motor vehicle components across an international border; and (3) to operate the CAL H.E.A.T (Californians Help Eliminate Auto Theft) program. Moneys received by a local law enforcement agency pursuant to this section shall be used to fund enhanced programs to prevent and investigate economic automobile theft and shall not be used to supplant or replace funding of existing personnel or equipment.

The commissioner shall submit an annual report to the Legislature, no later than 90 days following the completion of the fiscal year, accounting for all funds received and disbursed pursuant to this section. The report shall detail (A) the uses to which those funds were put, including payment of salaries and expenses, purchase of equipment and supplies, and other expenditures by type; and (B) results achieved as a consequence of expenditures made, including the number of investigations, arrests, complaints filed, convictions, and the number of vehicles recovered and amounts of property losses saved.

(c) As used in this section, "economic automobile theft" means automobile theft perpetrated for financial gain, including, but not limited to, the following:

- (1) Theft of a motor vehicle for financial gain.

If so funded, the Department of the California Highway Patrol shall establish a claims board, which shall include appointments from state and local law enforcement agencies and the insurance industry, to determine the amount of individual awards.

SEC. 6. It is the intent of the Legislature that district attorneys continue to exercise their discretion to utilize resources allocated pursuant to Section 1872.8 of the Insurance Code to prosecute those priority cases in the areas of automobile insurance fraud, including fraud involving economic automobile theft that involves large monetary claims or large numbers of defendants. It is the further intent of the Legislature that district attorneys receiving funding under Section 1872.8 of the Insurance Code inform the Insurance Commissioner and the Legislature of the number of cases that are not prosecuted because of limited resources and, if applicable, the amount of additional financial resources necessary to prosecute priority cases in areas of automobile insurance fraud and economic automobile theft that are not currently prosecuted.

SEC. 7. It is the intent of the Legislature that if this bill and Assembly Bill 1926 are both chaptered and take effect on or before January 1, 1995, regardless of the order of chaptering, Section 1872.8 of the Insurance Code as amended by Section 1 of this bill, Section 1875.15 of the Insurance Code as amended by Section 2 of this bill, and Chapter 5 (commencing with Section 10900) as added to Division 4 of the Vehicle Code by Section 5 of this bill shall prevail over provisions which also amend or add those provisions and are contained in Assembly Bill 1926.

CHAPTER 1249

An act to add Section 13825 to the Penal Code, relating to graffiti.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 13825 is added to the Penal Code, to read:

(b) Award grants to state and local agencies that have demonstrated implementation of effective graffiti reduction and abatement programs.

(c) Receive and disburse funds to effectuate the purposes of the clearinghouse.

SEC. 2. It is the intent of the Legislature to create an entity that will improve graffiti removal efforts through programs financed by grants from private foundations, donations from individual citizens, and contributions from federal agencies that believe their graffiti removal efforts will be enhanced by a voluntary contribution to support the State Graffiti Clearinghouse.

CHAPTER 1250

An act to amend Section 17060.2 of the Health and Safety Code, relating to housing.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

SECTION 1. Section 17060.2 of the Health and Safety Code is amended to read:

17060.2. (a) Notwithstanding any other provision of law, the operator of employee housing shall provide a resident of every unit in the employee housing with a written copy in English and Spanish of every order or notice of violation issued by an enforcement agency accompanied by an explanation of the owner's or operator's anticipated response to the order or notice. Each notice shall also advise the occupants of the right to a hardship deferral and the procedure for obtaining this, as set forth in subdivision (c). These copies may be provided by first-class mail or by posting a copy of the notice in a prominent place on each residential unit.

(b) (1) (A) The enforcement agency shall not require the vacating of all or any part of an accommodation unless it concurrently orders the operator to provide for the relocation of the tenants consistent with the requirements of Section 17062 prior to the date the vacating is required and requires expeditious demolition or repair to comply with this part, the building standards related to employee housing, or other rules and regulations adopted pursuant to this part. Any local government may, prior to January 1, 1994, enact a local relocation ordinance that imposes requirements more stringent than those contained in this section. The tenant or tenant association may enforce the relocation remedies of this section, and the enforcement agency, to the extent feasible, shall cooperate in these efforts. The enforcement agency may require vacation and demolition or itself vacate the building, repair or demolish the building, or institute any other appropriate action or proceeding, if either of the following occurs:

(i) The repair work is not done as scheduled or cannot be

completed within a reasonable period of time.

(ii) There is a significant threat to the residents' or public health and safety.

(B) In any civil action brought by a private person or entity to obtain relocation assistance pursuant to subparagraph (A) of paragraph (1) of subdivision (b), following an enforcement agency's order to vacate all or any part of an accommodation, and the failure to comply with the agency's order to provide for the relocation of the tenants, the private person or entity, if he, she, or it is the prevailing party, may be granted reasonable attorney's fees and costs, in addition to any other remedy granted.

(2) Prior to vacating and demolishing the accommodation, the public agency shall exert every reasonable effort to obtain or cause repairs. In addition, to the extent feasible, if the public entity causes vacation of the accommodation, it shall cooperate in efforts to obtain compensation from the owner or operator to compensate the displaced residents for their relocation expenses, including rent differentials.

(c) The enforcement agency or a court of competent jurisdiction may, in cases of extreme hardship to tenants of employee housing, provide for deferral of the effective date of orders of abatement. Any deferral of the effective date of any order of abatement shall include conditions, including, but not limited to, payment of rent to an appropriate receiver, which will ensure progress towards correcting defects, or assist in relocation of tenants prior to closure of the employee housing.

CHAPTER 1251

An act to amend Sections 16144, 51201, 51231, and 51238 of, and to add Sections 51238.1, 51238.2, and 51238.3 to, the Government Code, relating to land use.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 16144 of the Government Code is amended to read:

16144. On or before October 31 each year, the governing body of each county, city, or city and county shall report to the Secretary of the Resources Agency the number of acres of land under its regulatory jurisdiction which qualify for state payments pursuant to the various categories enumerated in Section 16142, together with supporting documentation as the secretary by regulation may require. The secretary, after reviewing the report and determining the eligibility of the local government to receive payment and the

actual amount to which it is entitled, shall certify that amount to the Controller for payment, and the Controller shall make the payment on or before June 30 of each year.

The secretary may make supplemental reports to the Controller as he or she deems necessary throughout the year to give effect to new or additional information received from local governing bodies, correct errors, and dispose of contested or conditional situations. Upon receiving the reports, the Controller shall pay any amount certified therein, and may withhold and deduct any certified overpayment from the amount that would otherwise be paid to the local government in the next succeeding year, including any cancellation fees that have not been collected and transmitted pursuant to Section 51283.

SEC. 2. Section 51201 of the Government Code is amended to read:

51201. As used in this chapter, unless otherwise apparent from the context:

(a) "Agricultural commodity" means any and all plant and animal products produced in this state for commercial purposes.

(b) "Agricultural use" means use of land for the purpose of producing an agricultural commodity for commercial purposes.

(c) "Prime agricultural land" means any of the following:

(1) All land which qualifies for rating as class I or class II in the Soil Conservation Service land use capability classifications.

(4) Land planted with fruit- or nut-bearing trees, vines, bushes or crops which have a nonbearing period of less than five years and which will normally return during the commercial bearing period on an annual basis from the production of unprocessed agricultural plant production not less than two hundred dollars (\$200) per acre.

(5) Land which has returned from the production of unprocessed agricultural plant products an annual gross value of not less than two hundred dollars (\$200) per acre for three of the previous five years.

(d) "Agricultural preserve" means an area devoted to either agricultural use, as defined in subdivision (b), recreational use as defined in subdivision (n), or open-space use as defined in subdivision (o), or any combination of those uses and which is established in accordance with the provisions of this chapter.

(e) "Compatible use" is any use determined by the county or city administering the preserve pursuant to Section 51231, 51238, or 51238.1 or by this act to be compatible with the agricultural, recreational, or open-space use of land within the preserve and subject to contract. "Compatible use" includes agricultural use, recreational use or open-space use unless the board or council finds

after notice and hearing that the use is not compatible with the agricultural, recreational or open-space use to which the land is restricted by contract pursuant to this chapter.

(f) "Board" means the board of supervisors of a county which establishes or proposes to establish an agricultural preserve or which enters or proposes to enter into a contract on land within an agricultural preserve pursuant to this chapter.

(g) "Council" means the city council of a city which establishes or proposes to establish an agricultural preserve or which enters or proposes to enter into a contract on land within an agricultural preserve pursuant to this chapter.

(h) Except where it is otherwise apparent from the context, "county" or "city" means the county or city having jurisdiction over the land.

(i) A "scenic highway corridor" is an area adjacent to, and within view of, the right-of-way of:

(1) An existing or proposed state scenic highway in the state scenic highway system established by the Legislature pursuant to Article 2.5 (commencing with Section 260) of Chapter 2 of Division 1 of the Streets and Highways Code and which has been officially designated by the Department of Transportation as an official state scenic highway; or

(2) A county scenic highway established pursuant to Article 2.5 (commencing with Section 260) of Chapter 2 of Division 1 of the Streets and Highways Code, if each of the following conditions have been met:

(A) The scenic highway is included in an adopted general plan of the county or city; and

(B) The scenic highway corridor is included in an adopted specific plan of the county or city; and

(C) Specific proposals for implementing the plan, including regulation of land use, have been approved by the Advisory Committee on a Master Plan for Scenic Highways, and the county or city highway has been officially designated by the Department of Transportation as an official county scenic highway.

(j) A "wildlife habitat area" is a land or water area designated by a board or council, after consulting with and considering the recommendation of the Department of Fish and Game, as an area of great importance for the protection or enhancement of the wildlife resources of the state.

(k) A "saltpond" is an area which, for at least three consecutive years immediately prior to being placed within an agricultural preserve pursuant to this chapter, has been used for the solar evaporation of sea water in the course of salt production for commercial purposes.

(l) A "managed wetland area" is an area, which may be an area diked off from the ocean or any bay, river or stream to which water is occasionally admitted, and which, for at least three consecutive years immediately prior to being placed within an agricultural

preserve pursuant to this chapter, was used and maintained as a waterfowl hunting preserve or game refuge or for agricultural purposes.

(m) A "submerged area" is any land determined by the board or council to be submerged or subject to tidal action and found by the board or council to be of great value to the state as open space.

(n) "Recreational use" is the use of land by the public, with or without charge, for any of the following: walking, hiking, picnicking, camping, swimming, boating, fishing, hunting, or other outdoor games or sports for which facilities are provided for public participation. Any fee charged for the recreational use of land as defined in this subdivision shall be in a reasonable amount and shall not have the effect of unduly limiting its use by the public.

(o) "Open-space use" is the use or maintenance of land in a manner that preserves its natural characteristics, beauty, or openness for the benefit and enjoyment of the public, to provide essential habitat for wildlife, or for the solar evaporation of sea water in the course of salt production for commercial purposes, if the land is within:

- (1) A scenic highway corridor, as defined in subdivision (i).
- (2) A wildlife habitat area, as defined in subdivision (j).
- (3) A saltpond, as defined in subdivision (k).
- (4) A managed wetland area, as defined in subdivision (l).
- (5) A submerged area, as defined in subdivision (m).

SEC. 3. Section 51231 of the Government Code is amended to read:

51231. For the purposes of this chapter, the board or council, by resolution, shall adopt rules governing the administration of agricultural preserves, including procedures for initiating, filing, and processing requests to establish agricultural preserves. Rules related to compatible uses shall be consistent with the principles set forth in Section 51238.1. Those rules shall be applied uniformly throughout the preserve. The board or council may require the payment of a reasonable application fee. The same procedure that is required to establish an agricultural preserve shall be used to disestablish or to enlarge or diminish the size of an agricultural preserve. In adopting rules related to compatible uses, the board or council may enumerate those uses, including agricultural laborer housing which are to be considered to be compatible uses on contracted lands separately from those uses which are to be considered to be compatible uses on lands not under contract within the agricultural preserve.

SEC. 4. Section 51238 of the Government Code is amended to read:

51238. Notwithstanding any determination of compatible uses by the county or city pursuant to this article, unless the board or council after notice and hearing makes a finding to the contrary, the erection, construction, alteration, or maintenance of gas, electric, water, communication, or agricultural laborer housing facilities are hereby determined to be compatible uses within any agricultural

preserve. No land occupied by gas, electric, water, communication, or agricultural laborer housing facilities shall be excluded from an agricultural preserve by reason of that use.

The board of supervisors may impose conditions on lands or land uses to be placed within preserves to permit and encourage compatible uses in conformity with Section 51238.1, particularly public outdoor recreational uses.

SEC. 5. Section 51238.1 is added to the Government Code, to read:

51238.1. (a) Uses approved on contracted lands shall be consistent with all of the following principles of compatibility:

(1) The use will not significantly compromise the long-term productive agricultural capability of the subject contracted parcel or parcels or on other contracted lands in agricultural preserves.

(2) The use will not significantly displace or impair current or reasonably foreseeable agricultural operations on the subject contracted parcel or parcels or on other contracted lands in agricultural preserves. Uses that significantly displace agricultural operations on the subject contracted parcel or parcels may be deemed compatible if they relate directly to the production of commercial agricultural products on the subject contracted parcel or parcels or neighboring lands, including activities such as harvesting, processing, or shipping.

(3) The use will not result in the significant removal of adjacent contracted land from agricultural or open-space use.

In evaluating compatibility a board or council shall consider the impacts on noncontracted lands in the agricultural preserve or preserves.

(b) A board or council may include in its compatible use rules or ordinance conditional uses which, without conditions or mitigations, would not be in compliance with this section. These conditional uses shall conform to the principles of compatibility set forth in subdivision (a) or, for nonprime lands only, satisfy the requirements of subdivision (c).

(c) In applying the criteria pursuant to subdivision (a), the board or council may approve a use on nonprime land which, because of onsite or offsite impacts, would not be in compliance with paragraphs (1) and (2) of subdivision (a), provided the use is approved pursuant to a conditional use permit that shall set forth findings, based on substantial evidence in the record, demonstrating the following:

(1) Conditions have been required for, or incorporated into, the use that mitigate or avoid those onsite and offsite impacts so as to make the use consistent with the principles set forth in paragraphs (1) and (2) of subdivision (a) to the greatest extent possible while maintaining the purpose of the use.

(2) The productive capability of the subject land has been considered as well as the extent to which the use may displace or impair agricultural operations.

(3) The use is consistent with the purposes of this chapter to

preserve agricultural and open-space land or supports the continuation of agricultural uses, as defined in Section 51205, or the use or conservation of natural resources, on the subject parcel or on other parcels in the agricultural preserve. The use of mineral resources shall comply with Section 51238.2.

(4) The use does not include a residential subdivision.

For the purposes of this section, a board or council may define nonprime land as land not defined as "prime agricultural land" pursuant to subdivision (c) of Section 51201 or as land not classified as "agricultural land" pursuant to subdivision (a) of Section 21060.1 of the Public Resources Code.

Nothing in this section shall be construed to overrule, rescind, or modify the requirements contained in Sections 51230 and 51238 related to noncontracted lands within agricultural preserves.

SEC. 6. Section 51238.2 is added to the Government Code, to read:

51238.2. Mineral extraction that is unable to meet the principles of Section 51238.1 may nevertheless be approved as compatible use if the board or council is able to document that (a) the underlying contractual commitment to preserve prime land as defined in subdivision (c) of Section 51201, or (b) the underlying contractual commitment to preserve nonprime land for open-space use as defined in subdivision (c) of Section 51201, will not be significantly impaired.

Conditions imposed on mineral extraction as a compatible use of contracted land shall include compliance with the reclamation standards adopted by the Mining and Geology Board pursuant to Section 2773 of the Public Resources Code, including the applicable performance standards for prime agricultural land and other agricultural land, and no exception to these standards may be permitted.

For purposes of this section, "contracted land" means all land under a single contract for which an applicant seeks a compatible use permit.

SEC. 7. Section 51238.3 is added to the Government Code, to read:

51238.3. (a) The requirements of Sections 51238.1 and 51238.2 shall not apply to compatible uses for which an application was submitted to the city or county prior to June 7, 1994, provided that the use constituted a "compatible use" as that term was defined by this chapter either at the time the application was submitted, or at the time the Williamson Act contract was signed with respect to the subject contract lands, whichever is later.

(b) Neither shall the requirements of Sections 51238.1 and 51238.2 apply to land uses of contracted lands in place prior to June 7, 1994, that constituted a "compatible use" as the term "compatible use" was defined by this chapter either at the time the use was initiated, or at the time the Williamson Act contract was signed with respect to the subject contract lands, whichever is later.

(c) Neither shall the requirements of Sections 51238.1 and 51238.2 apply to uses that are expressly specified within the contract itself prior to June 7, 1994, and that constituted a "compatible use" as the term "compatible use" was defined by this chapter at the time that Williamson Act contract was signed with respect to the subject contract lands, or at the time the contract was amended to include the uses, whichever is later. For purposes of this subdivision, the requirements of Sections 51238.1 and 51238.2, effective January 1, 1995, shall apply to contracts for which contract nonrenewal was initiated and was withdrawn after January 1, 1995.

SEC. 8. The Legislature finds and declares that for the purposes of subdivision (c) of Section 51238.1 of the Government Code, the goal of preserving the maximum amount of nonprime agricultural land can be met by allowing other compatible uses, in compliance with subdivision (c) of Section 51238.1 of the Government Code, that sustain the economic viability of those lands while maintaining their open-space quality.

CHAPTER 1252

An act to amend Section 11580.9 of the Insurance Code, relating to motor vehicle insurance.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.9 of the Insurance Code is amended to read:

11580.9. (a) Where two or more policies affording valid and collectible automobile liability insurance apply to the same motor vehicle in an occurrence out of which a liability loss shall arise, and one policy affords coverage to a named insured engaged in the business of selling, repairing, servicing, delivering, testing, road-testing, parking, or storing motor vehicles, then both of the following shall be conclusively presumed:

(1) If, at the time of loss, the motor vehicle is being operated by any person engaged in any of these businesses, or by his or her employee or agent, the insurance afforded by the policy issued to the person engaged in the business shall be primary, and the insurance afforded by any other policy shall be excess.

(2) If, at the time of loss, the motor vehicle is being operated by any person other than as described in paragraph (1), the insurance afforded by the policy issued to any person engaged in any of these businesses shall be excess over all other insurance available to the operator as a named insured or otherwise.

(b) Where two or more policies apply to the same loss, and one

policy affords coverage to a named insured engaged in the business of renting or leasing motor vehicles without operators, it shall be conclusively presumed that the insurance afforded by that policy to a person other than the named insured or his or her agent or employee, shall be excess over and not concurrent with, any other valid and collectible insurance applicable to the same loss covering the person as a named insured or as an additional insured under a policy with limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle Code. The presumption provided by this subdivision shall apply only if, at the time of the loss, the involved motor vehicle either:

(1) Qualifies as a "commercial vehicle" as that term is used in Section 260 of the Vehicle Code.

(2) Has been leased for a term of six months or longer.

(c) Where two or more policies are applicable to the same loss arising out of the loading or unloading of a motor vehicle, and one or more of the policies is issued to the owner, tenant, or lessee of the premises on which the loading or unloading occurs, it shall be conclusively presumed that the insurance afforded by the policy covering the motor vehicle shall not be primary, notwithstanding anything to the contrary in any endorsement required by law to be placed on the policy, but shall be excess over all other valid and collectible insurance applicable to the same loss with limits up to the financial responsibility requirements specified in Section 16056 of the Vehicle Code; and, in that event, the two or more policies shall not be construed as providing concurrent coverage, and only the insurance afforded by the policy or policies covering the premises on which the loading or unloading occurs shall be primary and the policy or policies shall cover as an additional insured with respect to the loading or unloading operations all employees of the owner, tenant, or lessee while acting in the course and scope of their employment.

(d) Except as provided in subdivisions (a), (b), and (c), where two or more policies affording valid and collectible liability insurance apply to the same motor vehicle or vehicles in an occurrence out of which a liability loss shall arise, it shall be conclusively presumed that the insurance afforded by that policy in which the motor vehicle is described or rated as an owned automobile shall be primary and the insurance afforded by any other policy or policies shall be excess.

(e) Any insurance policy which, under the terms of subdivisions (a) to (d), inclusive, applies as excess coverage may provide with respect to any primary policy or to any loss to which primary insurance is not valid and collectible in whole or in part, that the excess policy shall apply only to the extent necessary to provide the insured with the coverage limits specified in Section 16056 of the Vehicle Code.

(f) The presumptions stated in subdivisions (a) to (d), inclusive, may be modified or amended only by written agreement signed by all insurers who have issued a policy or policies applicable to a loss

described in these subdivisions and all named insureds under these policies.

(g) Where two or more personal policies affording valid and collectible liability insurance apply to the same motor vehicle in an occurrence out of which a loss shall arise, and one policy, as defined in subdivision (a) of Section 660, is primary, either by its terms or by operation of law, and one or more of the personal policies providing liability insurance, as defined in Section 108, are excess, either by their terms or by operation of law, then the following shall apply:

(1) Each insurer shall pay its share of the defense costs. Each insurer's share of the defense costs shall be the percentage of the total defense costs equal to the amount of damage paid by that insurer as a percentage of total damages paid by all insurers whose policies apply to that motor vehicle.

(2) The term "defense costs" means, for purposes of this subdivision, reasonable attorney's fees and expenses, investigation expenses, expert witness fees, and costs allowable under Section 1033.5 of the Code of Civil Procedure.

(h) For purposes of this article, a certificate of self-insurance issued pursuant to Section 16053 of the Vehicle Code or a deposit of cash made pursuant to Section 16054.2 of the Vehicle Code or a bond in effect pursuant to Section 16054 of the Vehicle Code or a report of governmental ownership or lease filed pursuant to Section 16051 of the Vehicle Code shall be considered a policy of automobile liability insurance. However, this subdivision does not establish or provide the basis for any other form of liability for or upon a self-insurer or other person or entity holding, issuing, or establishing any form of security as described herein.

CHAPTER 1253

An act to amend Section 12150 of the Insurance Code, and to amend Sections 286, 430, 1671, 9262, 11713, 11713.1, and 11713.3 of, and to add Sections 166, 232.5, 11735, 11736, 11737, and 11738, and 11739 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The distribution, sale, and service of new motor vehicles in the State of California vitally affects the general economy of the state and the public welfare.

(b) The new motor vehicle franchise system, that operates within a strictly defined and highly regulated statutory scheme, assures the

consuming public of a well organized distribution system for the availability and sale of new motor vehicles throughout the state; a network of quality warranty and repair facilities to maintain those vehicles; and a cost-effective method for the state to police those systems through the licensing of private sector franchisors and franchisees.

(c) It is the intent of the Legislature in enacting this act to protect the integrity and benefits of the new motor vehicle franchise system, while also affording consumers the choice and flexibility of utilizing the services of an autobroker to arrange or negotiate new car purchases within a framework that ensures a high level of consumer protection and accountability. This act is intended to legitimize the activity of motor vehicle brokering by defining that activity and permitting any holder of a motor vehicle dealer license to register with the Department of Motor Vehicles as an autobroker and thereafter engage in brokering activities pursuant to the provisions of this act.

SEC. 2. Section 12150 of the Insurance Code is amended to read:

12150. (a) Buying and selling service is an arrangement by a motor club whereby the holder of a service contract with a motor club is aided in any way in the purchase or sale of an automobile.

(b) (1) If a motor club offers a service that refers members to a new motor vehicle dealer for the purchase of a new motor vehicle, and the dealer pays the motor club any compensation, including, but not limited to, an advertising, promotional, or marketing fee, any advertisement of that service shall clearly and conspicuously disclose that the dealer has paid the fee and shall have the following statement: "All new cars arranged for sale are subject to availability and a price prearranged with the selling franchised new car dealer."

(2) In a printed advertisement, the disclosures required by paragraph (1) shall be in not less than 10-point bold type and shall be textually segregated from the other portions of the advertisement.

(3) The disclosures required by paragraph (1) do not apply to general advertisements of a motor club that merely list an auto buying service as one of several services offered by the motor club and that do not provide any details of the auto buying service.

SEC. 3. Section 166 is added to the Vehicle Code, to read:

166. An "autobroker" or "auto buying service" is a dealer, as defined in Section 285, who engages in the business of brokering, as defined in Section 232.5.

232.5. "Brokering" is an arrangement under which a dealer, for a fee or other consideration, regardless of the form or time of payment, provides or offers to provide the service of arranging, negotiating, assisting, or effectuating the purchase of a new or used motor vehicle, not owned by the dealer, for another or others.

SEC. 5. Section 286 of the Vehicle Code is amended to read:

286. The term "dealer" does not include any of the following:

(a) Insurance companies, banks, finance companies, public officials, or any other person coming into possession of vehicles in the regular course of business, who sells vehicles under a contractual right or obligation, in performance of an official duty, or in authority of any court of law, if the sale is for the purpose of saving the seller from loss or pursuant to the authority of a court.

(b) Persons who sell or distribute vehicles of a type subject to registration for a manufacturer to vehicle dealers licensed under this code, or who are employed by manufacturers or distributors to promote the sale of vehicles dealt in by those manufacturers or distributors. However, any of those persons who also sell vehicles at retail are vehicle dealers and are subject to this code.

(c) Persons regularly employed as salespersons by vehicle dealers licensed under this code while acting within the scope of that employment.

(d) Persons engaged exclusively in the bona fide business of exporting vehicles or of soliciting orders for the sale and delivery of vehicles outside the territorial limits of the United States, if no federal excise tax is legally payable or refundable on any of the transactions. Persons not engaged exclusively in the bona fide business of exporting vehicles, but who are engaged in the business of soliciting orders for the sale and delivery of vehicles, outside the territorial limits of the United States are exempt from licensure as dealers only if their sales of vehicles produce less than 10 percent of their total gross revenue from all business transacted.

(e) Persons not engaged in the purchase or sale of vehicles as a business, who dispose of any vehicle acquired and used in good faith, for their own personal use, or for use in their business, and not for the purpose of avoiding the provisions of this code.

(f) Persons who are engaged in the purchase, sale, or exchange of vehicles, other than motorcycles subject to identification under this code, which are not intended for use on the highways.

(g) Persons temporarily retained as auctioneers solely for the purpose of disposing of vehicle stock inventories by means of public auction on behalf of the owners at the owners' place of business, or as otherwise approved by the department, if intermediate physical possession or control of, or an ownership interest in, the inventory is not conveyed to the persons so retained.

(h) Persons who are engaged exclusively in the business of purchasing, selling, servicing, or exchanging racing vehicles, parts for racing vehicles, and trailers designed and intended by the manufacturer to be used exclusively for carrying racing vehicles. (2) The vehicles sold were donated to the institution or organization.

(3) They meet all of the applicable equipment requirements of Division 12 (commencing with Section 24000) and have been issued a certificate pursuant to Section 44015 of the Health and Safety Code.

(4) The institution or organization has qualified for state tax-exempt status under Section 23701d of the Revenue and Taxation Code, and federal tax-exempt status under Section 501 (c) (3) of the Internal Revenue Code.

(p) Any motor club, as defined in Section 12142 of the Insurance Code, that does not arrange or negotiate individual motor vehicle purchase transactions on behalf of its members but refers members to a new motor vehicle dealer for the purchase of a new motor vehicle and does not receive a fee from the dealer contingent upon the sale of the vehicle.

SEC. 6. Section 430 of the Vehicle Code is amended to read:

430. A "new vehicle" is a vehicle constructed entirely from new parts that has never been the subject of a retail sale, or registered with the department, or registered with the appropriate agency or authority of any other state, District of Columbia, territory or possession of the United States, or foreign state, province, or country.

SEC. 7. Section 1671 of the Vehicle Code is amended to read:

(b) The established place of business of an automobile dismantler shall have an office and a dismantling area located in a zone property zoned for that purpose by the city or county.

SEC. 8. Section 9262 of the Vehicle Code is amended to read:

9262. (a) The fee for a license issued to dealers and lessor-retailers is as follows:

(4) If an alteration of an existing license is caused by a change in the corporate officer structure, a fee of seventy dollars (\$70).

(c) The fee for a license issued to representatives is as follows:

(1) For the original license, or an ownership change which requires a new application, except as provided by Section 42231, a nonrefundable fee of fifty dollars (\$50).

(2) For the annual renewal of a license, a fee of eighty-five dollars (\$85).

(d) The fee for registration by a dealer as an autobroker is as follows:

(1) For the original registration, a nonrefundable fee of fifty dollars (\$50).

(2) For the annual registration, a fee of twenty-five dollars (\$25).

(e) When the holder of a license for which a fee is provided in this section applies for special plates as provided in subdivision (b) of

Section 11505 or subdivision (b) of Section 11714, the fee for the plates and the annual renewal of the plates is the prevailing vehicle registration fee as set forth in Section 9250 for the period for which the special plates are issued or renewed.

SEC. 9. Section 11713 of the Vehicle Code is amended to read:

11713. No holder of any license issued under this article shall do any of the following:

(a) Make or disseminate, or cause to be made or disseminated, before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatever, any statement which is untrue or misleading and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading; or to so make or disseminate, or cause to be so disseminated, any such statement as part of a plan or scheme with the intent not to sell any vehicle or service so advertised at the price stated therein, or as so advertised.

(b) (1) (A) Advertise or offer for sale or exchange in any manner, any vehicle not actually for sale at the premises of the dealer or available to the dealer directly from the manufacturer or distributor of the vehicle at the time of the advertisement or offer. However, a dealer registered with the department as an autobroker may advertise its service of arranging or negotiating the purchase of a new motor vehicle from a franchised new motor vehicle dealer and specify the line-makes and models of those new vehicles. Autobrokering service advertisements may not advertise the price or payment terms of any vehicle and shall disclose that the advertiser is an autobroker or auto buying service, and shall clearly and conspicuously state the following: "All new cars arranged for sale are subject to price and availability from the selling franchised new car dealer."

(B) As to printed advertisements, the disclosure statement required by subparagraph (A) shall be printed in not less than 10-point bold type size and shall be textually segregated from the other portions of the printed advertisement.

(2) Notwithstanding subparagraph (A), classified advertisements for autobrokering services that measure two column inches or less are exempt from the disclosure statement in subparagraph (A) pertaining to price and availability.

(3) Radio advertisements of a duration of less than 11 seconds that do not reference specific line-makes or models of motor vehicles are exempt from the disclosure statement required in subparagraph (A).

(c) Fail, within 48 hours, in writing to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) Advertise or represent a vehicle as a new vehicle if the vehicle is a used vehicle.

(e) Engage in the business for which the licensee is licensed without having in force and effect a bond as required by this article.

(f) Engage in the business for which the dealer is licensed without

at all times maintaining an established place of business as required by this code.

(g) Include, as an added cost to the selling price of a vehicle, an amount for licensing or transfer of title of the vehicle, which is not due to the state unless, prior to the sale, that amount has been paid by a dealer to the state in order to avoid penalties that would have accrued because of late payment of the fees. However, a dealer may collect from the second purchaser of a vehicle a prorated fee based upon the number of months remaining in the registration year for that vehicle, if the vehicle had been previously sold by the dealer and the sale was subsequently rescinded and all the fees that were paid, as required by this code and Chapter 2 (commencing with Section 10751) of Division 2 of the Revenue and Taxation Code, were returned to the first purchaser of the vehicle.

(h) Employ any person as a salesperson who has not been licensed pursuant to Article 2 (commencing with Section 11800), and whose license is not displayed on the premises of the dealer as required by Section 11812, or willfully fail to notify the department by mail within 10 days of the employment or termination of employment of a salesperson.

(i) Deliver, following sale, a vehicle for operation on California highways, if the vehicle does not meet all of the equipment requirements of Division 12 (commencing with Section 24000).

(j) Use, or permit the use of, the special plates assigned to him or her for any purpose other than as permitted by Section 11715.

(k) Advertise or otherwise represent, or knowingly allow to be advertised or represented on behalf of, or at the place of business of, the licenseholder that no downpayment is required in connection with the sale of a vehicle when a downpayment is in fact required and the buyer is advised or induced to finance the downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the vehicle.

(l) Participate in the sale of a vehicle reported to the Department of Motor Vehicles under Section 5900 or 5901 without making the return and payment of any sales tax due and required by Section 6451 of the Revenue and Taxation Code.

(m) Permit the use of the dealer's license, supplies, or books by any other person for the purpose of permitting that person to engage in the purchase or sale of vehicles required to be registered under this code, or permit the use of the dealer's license, supplies, or books to operate a branch location to be used by any other person, whether or not the licensee has any financial or equitable interest or investment in the vehicles purchased or sold by, or the business of, or branch location used by, the other person.

(n) Violate any provision of Article 10 (commencing with Section 28050) of Chapter 5 of Division 12.

(o) Sell a previously unregistered vehicle without disclosing in writing to the purchaser the date on which any manufacturer's or distributor's warranty commenced.

(p) Accept a purchase deposit relative to the sale of a vehicle, unless the vehicle is present at the premises of the dealer or available to the dealer directly from the manufacturer or distributor of the vehicle at the time the dealer accepts the deposit. Purchase deposits accepted by an autobroker when brokering a retail sale shall be governed by Sections 11736 and 11737.

(q) Consign for sale to another dealer a new vehicle.

(r) Display a vehicle for sale at a location other than an established place of business authorized by the department for that dealer or display a new motor vehicle at the business premises of another dealer registered as an autobroker. This subdivision does not apply to the display of a vehicle pursuant to subdivision (b) of Section 11709 or the demonstration of the qualities of a motor vehicle by way of a test drive.

SEC. 10. Section 11713.1 of the Vehicle Code is amended to read: 11713.1. It is a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) Advertise any specific vehicle for sale without identifying the vehicle by either its vehicle identification number or license number.

(b) Advertise the total price of a vehicle without including all costs to the purchaser at time of sale, except taxes, vehicle registration fees, certificate of compliance or noncompliance fees not exceeding thirty-five dollars (\$35) pursuant to any statute, finance charges, and any dealer document preparation charge. The dealer document preparation charge shall not exceed thirty-five dollars (\$35).

(c) Exclude from the newspaper display advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, and any dealer document preparation charge.

For purposes of this subdivision, "newspaper display advertisement" means any advertisement in a newspaper which is two or more newspaper columns in width or one newspaper column in width and more than seven inches in length.

(d) Represent the dealer document preparation charge or certificate of compliance or noncompliance fee, as a governmental fee.

(e) Fail to sell a vehicle to any person at the advertised total price, exclusive of taxes, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer document preparation charge, which charges shall not exceed thirty-five dollars (\$35) for the document preparation charge and thirty-five dollars (\$35) for the certificate of compliance or

noncompliance pursuant to any statute, while the vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.

(f) Advertise for sale or sell any new vehicle of a line-make for which the dealer does not hold a franchise.

This subdivision does not apply to any transaction involving a mobilehome, a recreational vehicle as defined in Section 18010 of the Health and Safety Code, a commercial coach as defined in Section 18001.8 of the Health and Safety Code, an off-highway motor vehicle subject to identification as defined in Section 38012, or a commercial vehicle.

(g) Sell a park trailer, as specified in subdivision (b) of Section 18010 of the Health and Safety Code, without disclosing in writing to the purchaser that a park trailer is required to be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to highways under their respective jurisdictions.

(h) Advertise free merchandise, gifts, or services provided by a dealer contingent on the purchase of a vehicle. The term "free" includes merchandise or services offered for sale at a price less than the seller's cost of the merchandise or services.

(i) Advertise vehicles, and related goods or services, at a specified dealer price, with the intent not to supply reasonably expectable demand, unless the advertisement discloses the number of vehicles in stock at the advertised price. In addition, whether or not there are sufficient vehicles in stock to supply a reasonably expectable demand, when phrases such as "starting at," "from," "beginning as low as," or words of similar import are used in reference to an advertised price, the advertisement shall disclose the number of vehicles available at that advertised price.

For purposes of this subdivision, in any newspaper advertisement for a vehicle that is two model years old or newer, the actual phrase that states the number of vehicles in stock at the advertised price shall be (1) printed in a type size that is at least equal to one-quarter of the type size, and in the same style and color of type, used for the advertised price, however, in no case shall the phrase be printed in less than 8-point type size, and (2) be disclosed immediately above, below, or beside the advertised price without any intervening words, pictures, marks, or symbols.

The disclosure required by this subdivision is in addition to any other disclosure required by this code or any regulation regarding identifying vehicles advertised for sale.

(j) Use the term "rebate" or similar words such as "cash back" in advertising the sale of a vehicle unless the rebate is expressed in a specific dollar amount and is in fact a rebate offered by the vehicle manufacturer or distributor directly to the retail purchaser of the vehicle or to the assignee of the retail purchaser.

(k) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than

the cash price the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, "cash price" has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(l) Advertise a guaranteed trade-in allowance unless the guarantee is provided by the manufacturer or distributor.

(m) Misrepresent the authority of a salesperson, representative, or agent to negotiate the final terms of a transaction.

(n) (1) Advertise that the selling price of a vehicle is above, below, or at either of the following:

(A) The manufacturer's or distributor's invoice price to a dealer.

(B) A dealer's cost.

(2) This subdivision does not apply to either of the following:

(A) Any communication occurring during face-to-face negotiations for the purchase of a specific vehicle.

(B) Any communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. For purposes of this subparagraph, a "commercial purchaser" means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, governmental entity, or person who purchases 10 or more vehicles during a year.

(o) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is "fully factory equipped."

(q) Affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additional price of each item. If the supplemental sticker price is greater than the sum of the manufacturer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as "added mark-up."

(r) Advertise any underselling claim, such as "we have the lowest

prices” or “we will beat any dealer’s price,” unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) Advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision, “incentive” means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

(t) Display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission’s Buyer’s Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

(u) Fail to disclose in writing to the franchisor of a new motor vehicle dealer the name of the purchaser, date of sale, and the vehicle identification number of each new motor vehicle sold of the line-make of that franchisor, or intentionally submit to that franchisor a false name for the purchaser or false date for the date of sale.

(v) Enter into a contract for the retail sale of a motor vehicle unless the contract clearly and conspicuously discloses whether the vehicle is being sold as a new vehicle or a used vehicle, as defined in this code.

(w) Use a simulated check, as defined in subdivision (a) of Section 22433 of the Business and Professions Code, in an advertisement for the sale or lease of a vehicle.

(x) Fail to disclose, in a clear and conspicuous manner in at least 10-point bold type on the face of any contract for the retail sale of a new motor vehicle that this transaction is, or is not, subject to a fee received by an autobroker from the selling new motor vehicle dealer, and the name of the autobroker, if applicable.

SEC. 11. Section 11713.3 of the Vehicle Code is amended to read: 11713.3. It is unlawful and a violation of this code for any manufacturer, manufacturer branch, distributor, or distributor branch licensed under this code to do any of the following:

(a) To refuse or fail to deliver in reasonable quantities and within a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle or parts or accessories to new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer, manufacturer branch, distributor, or distributor branch.

(b) To prevent or require, or attempt to prevent or require, by contract or otherwise, any change in the capital structure of a dealership or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and also provided that no change in capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

(c) To prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators if the franchise was granted the dealer in reliance upon the personal qualifications of such person or persons.

(d) To prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or stockholder of any dealership, the sale or transfer of any part of the interest of any of them to any other person or persons. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor except that the consent shall not be unreasonably withheld.

(e) To prevent, or attempt to prevent, a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld.

(f) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and that other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the dealer.

(g) To require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this article or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the board, if the referral would be binding on the dealer. This subdivision does not, however, prohibit arbitration before an independent arbitrator.

(h) To increase prices of motor vehicles which the dealer had ordered for private retail consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer is evidence of each such order. In the event of manufacturer price reductions, the amount of the reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series motor

vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by either (1) the addition to a motor vehicle of required or optional equipment pursuant to state or federal law, or (2) revaluation of the United States dollar in the case of foreign-make vehicles, are not subject to this subdivision.

(i) To fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new vehicle of a prior year model is in the dealer's inventory at the time of introduction of new model vehicles. A manufacturer or distributor shall not authorize or enable any new model or series passenger vehicle or station wagon to be delivered by dealers at retail more than 30 days prior to the eligibility date of the model change allowance payment for prior year model vehicles.

(j) To deny the widow or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of the dealership or successor dealership under a valid franchise for a reasonable time after the death of the owner.

(k) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line-make to be sold to the state or any political subdivision thereof without making the same offer to all other dealers in the same line-make within the relevant market area.

(l) To modify, replace, enter into, relocate, terminate or refuse to renew a franchise in violation of Article 4 (commencing with Section 3060) of Chapter 6 of Division 2.

(m) To employ a person as a representative who has not been licensed pursuant to Article 3 (commencing with Section 11900) of Chapter 4 of Division 5.

(n) To deny any dealer the right of free association with any other dealer for any lawful purpose.

(o) To compete with a dealer in the same line-make operating under an agreement or franchise from a manufacturer or distributor in the relevant market area. A manufacturer or distributor shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions. A distributor shall not be deemed to be competing when a wholly owned subsidiary corporation of the distributor sells motor vehicles at retail, if, for at least three years prior to January 1, 1973, the subsidiary corporation has been a wholly owned subsidiary of the distributor and engaged in the sale of vehicles at retail.

(p) To unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted its franchisees to

make warranty adjustments with retail customers.

(q) To sell vehicles to persons not licensed under this chapter for resale.

(r) To fail to affix an identification number to any park trailer, as described in subdivision (b) of Section 18010 of the Health and Safety Code, which is manufactured on or after January 1, 1987, and which does not clearly identify the unit as a park trailer to the department. The configuration of the identification number shall be approved by the department.

(s) To dishonor a warranty, rebate, or other incentive offered to the public or a dealer in connection with the retail sale of a new motor vehicle, based solely upon the fact that an autobroker arranged or negotiated the sale. This subdivision shall not prohibit the disallowance of that rebate or incentive if the purchaser or dealer is ineligible to receive the rebate or incentive pursuant to any other term or condition of a rebate or incentive program.

SEC. 12. Section 11735 is added to the Vehicle Code, to read:

11735. (a) No dealer shall engage in brokering a retail sales transaction without first registering with the department as an autobroker and paying the fee required by subdivision (d) of Section 9262. An autobroker registration shall be automatically canceled upon cancellation, suspension, revocation, surrender, or expiration of the dealer license of the autobroker.

(b) Upon registration with the department as an autobroker, the department shall furnish the dealer with an autobroker registration certificate and an autobroker log. The autobroker log shall remain the property of the department and may be taken up at any time for inspection.

(c) The autobroker log shall contain spaces sufficient for the dealer to record the following information with respect to each retail sale brokered by that dealer:

- (1) Vehicle identification number of brokered vehicle.
- (2) Date of brokering agreement.
- (3) Selling dealer's name, address, and dealer number.
- (4) Name of consumer.

(d) Nothing in this code prohibits a dealer registered as an autobroker from delivering, with the selling dealer's written approval, motor vehicles that have been sold pursuant to a duly executed motor vehicle purchase agreement or obtaining a consumer's signature on a selling dealer's motor vehicle purchase agreement that has already been executed by the selling dealer.

(e) When brokering a retail sale as an agent of the consumer, selling dealer, or both, the brokering dealer owes a fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with its principal or principals.

(f) For purposes of this section and Sections 11736, 11737, and 11738, "consumer" means any person who retains a dealer to perform brokering services in connection with a retail sale.

SEC. 13. Section 11736 is added to the Vehicle Code, to read:

11736. It is unlawful for any dealer licensed under this article to do any of the following when brokering a retail sale:

(a) Fail to execute a written brokering agreement, as described in Section 11738, and provide a completed copy to both of the following:

(1) Any consumer entering into the brokering agreement. The completed copy shall be provided prior to the consumer's signing of an agreement for the purchase of the vehicle described in the brokering agreement or, prior to accepting one hundred dollars (\$100) or more from that consumer, whichever occurs first.

(2) The selling dealer. The completed copy shall be provided prior to the selling dealer's entering into a purchase agreement with the consumer.

(b) Accept a purchase deposit from any consumer that exceeds 2.5 percent of the selling price of the vehicle described in the brokering agreement.

(c) Fail to refund any purchase money, including purchase deposits, upon demand by a consumer at any time prior to the consumer's signing of a vehicle purchase agreement with a selling dealer and taking delivery of the vehicle described in the brokering agreement.

(d) Fail to cancel a brokering agreement and refund, upon demand, any money paid by a consumer, including any brokerage fee, under any of the following circumstances:

(1) When the final price of the brokered vehicle exceeds the purchase price listed in the brokering agreement.

(2) When the vehicle delivered is not as described in the brokering agreement.

(3) When the brokering agreement expires prior to the customer being presented with a purchase agreement from a selling dealer arranged through the brokering dealer that contains a purchase price at or below the price listed in the brokering agreement.

(e) Act as a seller and provide brokering services, both in the same transaction.

(f) Fail to disclose to the consumer and selling dealer, as soon as practicable, whether the autobroker receives or does not receive a fee or other compensation, regardless of the form or time of payment, from the selling dealer and the dollar amount of any fee that the consumer is obligated to pay to the autobroker. This arrangement shall be confirmed in a brokering agreement.

(g) Fail to record in the dealer's autobroker log, for each brokered sale, all of the following:

(1) The vehicle identification number.

(2) The date of the broker agreement.

(3) The selling dealer's name, address, and dealer number.

(4) The name of the consumer.

(h) Fail to maintain for a minimum of three years a copy of the executed brokering agreement and other notices and documents related to each brokered transaction.

(i) Fail to advise the consumer, prior to accepting any money, that

a full refund will be given if the motor vehicle ordered through the autobroker is not obtained for the consumer or if the service orally contracted for is not provided.

SEC. 14. Section 11737 is added to the Vehicle Code, to read:

11737. (a) A dealer who brokers a motor vehicle sale shall deposit directly into a trust account any purchase money, including purchase deposits, it receives from a consumer or a consumer's lender. This subdivision does not require a separate trust account for each brokered transaction.

(b) The brokering dealer shall not in any manner encumber the corpus of the trust account except as follows:

(1) In partial or full payment to a selling dealer for a vehicle purchased by the brokering dealer's consumer.

(2) To make refunds.

(c) Subdivision (b) shall not prevent payment of the interest earned on the trust account to the brokering dealer.

(d) The brokering dealer shall serve as trustee of the trust account required by this section. If the brokering dealer is a partnership or a corporation, the managing partner of the partnership or the chief executive officer of the corporation shall be the trustee. The trustee may designate in writing that an officer or employee may manage the trust account if that officer or employee is under the trustee's supervision and control, and the original of that writing is on file with the department.

(e) All trust accounts required by this section shall be maintained at a branch of a bank, savings and loan association, or credit union regulated by the state or the government of the United States.

(f) The brokering dealer has a fiduciary responsibility with respect to all purchase money received from a consumer or consumer's lender relative to a brokered sale transaction.

(g) The following are deemed to be held in trust for consumers who have paid purchase money to a brokering dealer:

(1) All sums received by the brokering dealer whether or not required to be deposited in an actual trust account and regardless of whether any of these sums were required to be deposited or actually were deposited in a trust account.

(2) All property with which any of the sums described in paragraph (1) has been commingled if any of these sums cannot be identified because of the commingling.

(h) Upon any judicially ordered distribution of any money or property required to be held in trust and after all expenses of distribution approved by the court have been paid, every consumer of a brokering dealer has a claim on the trust for purchase money payments made to the brokering dealer. Unless a consumer can identify his or her funds in the trust within the time established by the court, each consumer shall receive a proportional share based on the amount paid.

SEC. 15. Section 11738 is added to the Vehicle Code, to read:

11738. The brokering agreement required by Section 11736 shall

be printed in no smaller than 10-point type and shall contain not less than the following terms, conditions, requirements, and disclosures:

(a) The name, address, license number, and telephone number of the autobroker.

(b) A complete description, including line-make, model, year model, and color, of the vehicle and the desired options.

(c) The following statement:

“The following information shall be completed prior to the signing of this brokering agreement:

Dollar Purchase Price of Vehicle: _____.

Date this agreement will expire if a purchase agreement from a selling dealer is not presented for your signature: _____.

Fee that you will be obligated to pay us, if any: _____.”

(d) One of the following notices, as appropriate, printed in at least 10-point bold type and placed immediately below the statement required by subdivision (c):

(1) “We do not receive a fee from the selling dealer.”

(2) “We receive a fee from the selling dealer.”

(e) The following notice on the face of the brokering agreement with a heading in at least 14-point bold type and the text in at least 10-point bold type, circumscribed by a line, that reads as follows:

NOTICE

This is an agreement to provide services; it is not an agreement for the purchase of a vehicle. California law gives you the following rights and protection:

Once you have signed this agreement, you have the right to cancel it and receive a full refund of any money paid, including any brokerage fee you may have paid, under any of the following circumstances:

(1) The final price of the vehicle exceeds the purchase price listed above.

(2) The vehicle is not as described above upon delivery.

(3) This agreement expires prior to your being presented with a selling dealer's purchase agreement.

If you have paid a purchase deposit, you have the right to receive a refund of that deposit at any time prior to your signing a vehicle purchase agreement with a selling dealer. Purchase deposits are limited by law to no more than 2.5 percent of the purchase price of a vehicle and must be deposited by an autobroker or auto buying service in a federally insured trust account. If you are unable to resolve a dispute with your autobroker or auto buying service, please contact the Department of Motor Vehicles, Division of Investigations and Occupational Licensing, via your local office of the Department of Motor Vehicles.

(f) The date the agreement is executed.

(g) The signature of the autobroker and consumer.

SEC. 16. Section 11739 is added to the Vehicle Code, to read:

If there is a manufacturer's recall, the consumer shall be notified directly by the manufacturer.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become

operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1254

CHAPTER 1255

An act to add and repeal Part 26.9 (commencing with Section 47700) of Division 4 of Title 2 of the Education Code, relating to juvenile offenders.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Part 26.9 (commencing with Section 47700) is added to Division 4 of Title 2 of the Education Code, to read:

PART 26.9. EDUCATIONAL PROGRAMS FOR JUVENILE
OFFENDERS

47700. There is hereby established in the Department of the Youth Authority a program of financial assistance to county offices of education for the operation of school activities within existing camps, ranches, and boot camps for juvenile offenders. All funds appropriated to the Department of the Youth Authority for the purposes of this part shall be administered and disbursed by the director of that department to county offices of education, pursuant to a formula based on population, and in response to a request for proposals issued by the department. Moneys for the support of this program shall be derived solely from federal funds for juvenile crime prevention programs or activities made available for these purposes.

47701. The Department of the Youth Authority shall select three counties, one in the northern, one in the central, and one in the southern part of the state, from those counties that have responded to the department's request for proposals. In selecting the counties, preference shall be given to those programs for juvenile offenders that conduct combined custodial and educational activities on a 24-hour basis within a military boot camp environment, and whose county office of education proposal specifies that the educational activities and the job training activities are to be provided at a cost not to exceed the statewide average per pupil that the state appropriates for programs identified as juvenile court schools.

47702. At the discretion of a judge of the juvenile court, any habitual juvenile offender may be committed to a camp, ranch, or boot camp with an educational and job training program as described in this part until age 18 years or completion of the 12th grade or its equivalent and obtaining a marketable job skill, whichever comes first.

47703. Each educational program for juvenile offenders shall be administered by the county office of education under the direction of the county superintendent of schools within county facilities for juvenile offenders.

47704. Academic coursework shall include only those subjects which will prepare the juvenile to obtain a 12th grade diploma or its equivalent. Emphasis shall be placed on mastering the subjects and skills needed for success in an industrialized, modern society.

47705. If the juvenile reaches the age of 17 years without completion of the 12th grade or its equivalent and attaining a vocational skill, and requests release from the camp, ranch, or boot camp, he or she shall be returned to the juvenile court for a determination as to whether the courts' jurisdiction should be terminated.

47710. A county's response to a request for proposals shall include a program evaluation component that assesses the educational and job training achievements of the offenders in the program. The department shall prepare a composite evaluation of each funded

program and report its findings and recommendations for program approval, modification, retention, termination, or expansion to the Governor and the Legislature within 36 months of the initial award of funding to a county office of education.

SEC. 2. This part shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 3. This act shall only become operative if California receives federal funds for juvenile crime prevention programs or activities and made available the general purpose of funding schools that target juvenile offenders. Any such federal funds received by California shall be subject to appropriation in the annual Budget Act.

CHAPTER 1256

An act to add Section 1820.47 to the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) With the growth of serious, violent crime committed by and against California's youth, the need for alternatives to the existing juvenile justice system has significantly increased.

(b) Although there are a few local programs for young, first-time offenders, most communities lack the ability to impose intermediate sanctions.

(c) While programs such as boot camps have been found to be an effective alternative to traditional incarceration, particularly for young, first-time offenders, few resources are available to state and local officials for technical assistance in the development and establishment of these programs.

(d) There are significant federal funds available for local youth offender programs, and the state should authorize local governments to use existing state resources, such as the Military Department, to assist in the establishment of boot camp and similar facilities.

(e) The Military Department is a valuable resource to this state, and its personnel have technical skills and expert knowledge in the development, establishment, and operation of boot camp facilities that should be exploited by local governments in creating boot camp and similar programs for young, first-time offenders.

SEC. 2. Section 1820.47 is added to the Welfare and Institutions Code, to read:

1820.47. In order to develop, establish, and operate boot camp and similar programs for young, first-time offenders, a county may

contract with the Military Department for the provision of the following services:

(a) Program planning assistance for counties contemplating the development of boot camp and similar programs.

(b) Training of personnel for boot camp and similar programs.

(c) Technical assistance for existing boot camp and similar programs.

(d) Assistance in establishing cooperative innovative military projects and career training (IMPACT) programs.

A county that contracts with the Military Department for any of these services shall be reimbursed for its costs to the extent that funds are made available in the annual Budget Act for these purposes.

CHAPTER 1257

An act to amend Sections 54, 54.1, 54.2, 54.3, 54.4, 54.5, 54.6, 54.7, and 55.1 of the Civil Code, to amend Section 39839 of the Education Code, to add Chapter 3.5 (commencing with Section 30850) to Division 14 of the Food and Agricultural Code, and to amend Section 365.5 of, and to add Sections 365.7, 600.2, and 600.5 to, the Penal Code, relating to disabled persons.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 54 of the Civil Code is amended to read:

54. (a) Individuals with disabilities shall have the same right as the general public to the full and free use of the streets, highways, sidewalks, walkways, public buildings, medical facilities, including hospitals, clinics, and physicians' offices, public facilities, and other public places.

(b) "Disability," as used in this part, means any of the following with respect to an individual:

(1) A physical or mental impairment that substantially limits one or more of the major life activities of the individual.

(2) A record of such an impairment.

(3) Being regarded as having such an impairment.

SEC. 2. Section 54.1 of the Civil Code is amended to read:

54.1. (a) (1) Individuals with disabilities shall be entitled to full and equal access, as other members of the general public, to accommodations, advantages, facilities, medical facilities, including hospitals, clinics, and physicians' offices, and privileges of all common carriers, airplanes, motor vehicles, railroad trains, motorbuses, streetcars, boats, or any other public conveyances or modes of transportation (whether private, public, franchised, licensed, contracted, or otherwise provided), telephone facilities, adoption

agencies, private schools, hotels, lodging places, places of public accommodation, amusement, or resort, and other places to which the general public is invited, subject only to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

(2) As used in this section, "telephone facilities" means tariff items and other equipment and services which have been approved by the Public Utilities Commission to be used by individuals with disabilities in a manner feasible and compatible with the existing telephone network proved by the telephone companies.

(3) "Full and equal access," for purposes of this section in its application to transportation, means access that meets the standards of Titles II and III of the Americans with Disabilities Act of 1990 (Public Law 101-336) and federal regulations adopted pursuant thereto, except that, if the laws of this state prescribe higher standards, it shall mean access that meets those higher standards.

(b) (1) Individuals with disabilities shall be entitled to full and equal access, as other members of the general public, to all housing accommodations offered for rent, lease, or compensation in this state, subject to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

(2) "Housing accommodations" means any real property, or portion thereof, which is used or occupied, or is intended, arranged, or designed to be used or occupied, as the home, residence, or sleeping place of one or more human beings, but shall not include any accommodations included within subdivision (a) or any single-family residence the occupants of which rent, lease, or furnish for compensation not more than one room therein.

(3) (A) Any person renting, leasing, or otherwise providing real property for compensation shall not refuse to permit an individual with a disability, at that person's expense, to make reasonable modifications of the existing rented premises if the modifications are necessary to afford the person full enjoyment of the premises. However, any modifications under this paragraph may be conditioned on the disabled tenant entering into an agreement to restore the interior of the premises to the condition existing prior to the modifications. No additional security may be required on account of an election to make modifications to the rented premises under this paragraph, but the lessor and tenant may negotiate, as part of the agreement to restore the premises, a provision requiring the disabled tenant to pay an amount into an escrow account, not to exceed a reasonable estimate of the cost of restoring the premises.

(B) Any person renting, leasing, or otherwise providing real property for compensation shall not refuse to make reasonable accommodations in rules, policies, practices, or services, when those accommodations may be necessary to afford individuals with a disability equal opportunity to use and enjoy the premises.

(4) Nothing in this subdivision shall require any person renting, leasing, or providing for compensation real property to modify his or

her property in any way or provide a higher degree of care for an individual with a disability than for an individual who is not disabled.

(5) Except as provided in paragraph (6) of this subdivision, nothing in this part shall require any person renting, leasing, or providing for compensation real property, if that person refuses to accept tenants who have dogs, to accept as a tenant an individual with a disability who has a dog.

(6) (A) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to an individual who is blind or visually impaired on the basis that the individual uses the services of a guide dog, an individual who is deaf or hearing impaired on the basis that the individual uses the services of a signal dog, or to an individual with any other disability on the basis that the individual uses the services of a service dog, or to refuse to permit such an individual who is blind or visually impaired to keep a guide dog, an individual who is deaf or hearing impaired to keep a signal dog, or an individual with any other disability to keep a service dog on the premises.

(B) Except in the normal performance of duty as a mobility or signal aid, nothing contained in this paragraph shall be construed to prevent the owner of a housing accommodation from establishing terms in a lease or rental agreement which reasonably regulate the presence of guide dogs, signal dogs, or service dogs on the premises of a housing accommodation, nor shall this paragraph be construed to relieve a tenant from any liability otherwise imposed by law for real and personal property damages caused by such a dog when proof of same exists.

(C) (i) As used in this subdivision, "guide dog" means any guide dog which was trained by a person licensed under the provisions of Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or as defined in the regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336).

(ii) As used in this subdivision, "signal dog" means any dog trained to alert an individual who is deaf or hearing impaired to intruders or sounds.

(iii) As used in this subdivision, "service dog" means any dog individually trained to the requirements of the individual with a disability, including, but not limited to, minimal protection work, rescue work, pulling a wheelchair, or fetching dropped items.

(7) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to an individual who is blind or visually impaired, an individual who is deaf or hearing impaired, or other individual with a disability on the basis that the individual with a disability is partially or wholly dependent upon the income of his or her spouse, if the spouse is a party to the lease or rental agreement. Nothing in

this subdivision shall, however, prohibit a lessor or landlord from considering the aggregate financial status of an individual with a disability and his or her spouse.

(c) Visually impaired or blind persons and persons licensed to train guide dogs for individuals who are visually impaired or blind pursuant to Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or guide dogs as defined in the regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336), and persons who are deaf or hearing impaired and persons authorized to train signal dogs for individuals who are deaf or hearing impaired, and other individuals with a disability and persons authorized to train service dogs for individuals with a disability, may take dogs, for the purpose of training them as guide dogs, signal dogs, or service dogs in any of the places specified in subdivisions (a) and (b). These persons shall ensure the dog is on a leash and tagged as a guide dog, signal dog, or service dog by identification tag issued by the county clerk, animal control department, or other agency, as authorized by Chapter 3.5 (commencing with Section 30850) of Title 14 of the Food and Agricultural Code.

Nothing in this subdivision shall be construed to impose limitation to access to any person in violation of the Americans with Disabilities Act of 1990 (Public Law 101-336).

(d) Nothing in this section shall preclude the requirement of the showing of a license plate or disabled placard when required by enforcement units enforcing disabled persons parking violations pursuant to Sections 22507.8 and 22511.8 of the Vehicle Code.

SEC. 3. Section 54.2 of the Civil Code is amended to read:

54.2. (a) Every individual with a disability shall have the right to be accompanied by a guide dog, signal dog, or service dog, especially trained for the purpose, in any of the places specified in Section 54.1 without being required to pay an extra charge or security deposit for the guide dog, signal dog, or service dog. However, the individual shall be liable for any damage done to the premises or facilities by his or her dog.

(b) Individuals who are blind or otherwise visually impaired and persons licensed to train guide dogs for individuals who are blind or visually impaired pursuant to Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or as defined in regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336), and individuals who are deaf or hearing impaired and persons authorized to train signal dogs for individuals who are deaf or hearing impaired, and individuals with a disability and persons who are authorized to train service dogs for the individuals with a disability may take dogs, for the purpose of training them as guide dogs, signal dogs, or service dogs in any of the places specified in Section 54.1 without being required to pay an extra charge or security deposit for the guide dog, signal dog, or service dog. However, the person shall be liable for any

damage done to the premises or facilities by his or her dog. These persons shall ensure the dog is on a leash and tagged as a guide dog, signal dog, or service dog by identification tag issued by the county clerk, animal control department, or other agency, as authorized by Chapter 3.5 (commencing with Section 30850) of Title 14 of the Food and Agricultural Code.

Nothing in this subdivision shall be construed to impose limitation to access to any person in violation of the Americans with Disabilities Act of 1990 (Public Law 101-336).

(b) In order to assure the opportunity for complaints to be made directly to the owner, licensee, or person designated by the owner or licensee, and to provide the opportunity for the owner, licensee, or person designated by the owner or licensee to meet residents and learn of problems in the neighborhood, any facility shall establish a fixed time on a weekly basis when the owner, licensee, or person designated by the owner or licensee will be present.

1562. The director shall ensure that operators and staffs of community care facilities have appropriate training to provide the care and services for which a license or certificate is issued.

SEC. 4. Section 1562.3 is added to the Health and Safety Code, to read:

1562.3. (a) The State Director of Social Services, in consultation with the Director of Mental Health and the State Director of Developmental Services, shall administer a training program to

ensure that operators and staffs of adult residential facilities have appropriate training to provide the care and services for which a license or certificate is issued.

(b) (1) An administrator of an adult residential care facility shall be required to successfully complete a department approved training program prior to employment.

(2) In those cases where the individual is both the licensee and the administrator of a facility, the individual shall comply with the requirements of this section unless he or she qualifies for the exemption provided for in subdivision (c).

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility where the individual is functioning as the administrator.

(c) (1) Individuals seeking exemptions under paragraph (2) of subdivision (b) shall meet the following criteria and fulfill the required portions of the training program, as the case may be.

(2) In those cases where the individual was both the licensee and administrator on or before July 1, 1995, the individual shall be required to complete all the areas specified for the training program but shall not be required to take the written test required by this section. Those individuals exempted from the written test shall be issued a conditional certification that is valid only as being the administrator of the facility for which the exemption was granted:

(A) As a condition to becoming an administrator of another facility, the individual shall be required to pass the written test provided for in this section.

(B) As a condition to applying for a new facility license, the individual shall demonstrate successful completion of the training program by passing a written test and receiving a certificate of completion.

(d) (1) The administrator of the training program shall require a minimum of 20 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of the type of facility for which the applicant will be an administrator.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial needs of the facility residents.

(E) Community and support services.

(F) Physical needs for facility residents.

(G) Use, misuse, and interaction of medication commonly used by facility residents.

(H) Resident admission, retention, and assessment procedures.

(2) Successful completion of the training program shall be demonstrated by passing a written test administered by the State Department of Social Services.

(e) The department shall issue a certificate upon receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one hundred dollars (\$100) shall be charged by the department to cover the costs for the issuance of a certificate.

(3) Documentation of passing the written test, unless exempt from the written test pursuant to subdivision (c).

(4) Submission of fingerprints. The department and the Department of Justice shall expedite the criminal record clearance for holders of certificates.

(f) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of an adult residential facility. Any person willfully making any false representation as being a certified administrator is guilty of a misdemeanor.

(g) (1) Certificates issued under this section shall be renewed every three years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 20 hours of continuing education related to the core of knowledge specified in paragraph (1) of subdivision (d).

(2) Every administrator of an adult residential facility is required to complete the continuing education requirements of this subdivision whether he or she is certified according to subdivision (b) or (c).

(3) Certificates issued under this section shall expire on the certificate holder's birthday. The department may send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the certificate is not renewed prior to its expiration date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing education courses and pay the renewal fee of one hundred dollars (\$100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate is proof of compliance with this paragraph.

(5) A suspended or revoked certificate is subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension.

(6) A certificate that is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a training program, passing any test that

may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(h) The department may revoke a certificate issued under this section for any of the following:

(1) Procuring a certificate by fraud or misrepresentation.

(2) Knowingly making or giving any false statement or information in conjunction with the application for issuance of a certificate.

(3) Criminal conviction unless an exemption is granted pursuant to Section 1522.

(i) The certificate shall be considered forfeited under the following conditions:

(1) The administrator has had a license revoked, suspended, or denied as authorized under Section 1552.

(2) The administrator has been denied employment, residence, or presence in a facility based on action resulting from an administrative hearing pursuant to Section 1552.5.

(j) (1) The State Department of Social Services, in consultation with the Department of Mental Health and the State Department of Developmental Services, shall establish, by regulation, the program content, the testing instrument, the process for approving training programs, and criteria to be used in authorizing individuals, organizations, or educational institutions to conduct training programs and continuing education courses. These regulations shall be developed in consultation with provider organizations, and shall be made available at least six months prior to the deadline required for certification.

(2) The State Department of Social Services shall prepare and maintain an updated list of approved training vendors.

(3) The State Department of Social Services may inspect training programs and continuing education courses to determine if content and teaching methods comply with regulations. If the department determines that any vendor is not complying with the intent of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(4) The department shall establish reasonable procedures and timeframes not to exceed 30 days for the approval of vendor training programs.

(5) The department may charge a reasonable fee, not to exceed one hundred fifty dollars (\$150) every two years to certify program vendors for review and approval of the initial 20-hour training program pursuant to subdivision (d). The department may also charge the vendor a fee not to exceed one hundred dollars (\$100) every two years for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(k) This section shall be operative upon regulations being adopted by the department to implement the administrator

certification program as provided for in this section.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution as a result of costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Moreover, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Also, notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1259

An act to amend Section 3303 of the Government Code, relating to public safety officers.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 3303 of the Government Code is amended to read:

3303. When any public safety officer is under investigation and subjected to interrogation by his or her commanding officer, or any other member of the employing public safety department, that could lead to punitive action, the interrogation shall be conducted under the following conditions. For the purpose of this chapter, punitive action means any action that may lead to dismissal, demotion, suspension, reduction in salary, written reprimand, or transfer for purposes of punishment.

(a) The interrogation shall be conducted at a reasonable hour, preferably at a time when the public safety officer is on duty, or during the normal waking hours for the public safety officer, unless the seriousness of the investigation requires otherwise. If the interrogation does occur during off-duty time of the public safety officer being interrogated, the public safety officer shall be compensated for any off-duty time in accordance with regular department procedures, and the public safety officer shall not be

released from employment for any work missed.

(b) The public safety officer under investigation shall be informed prior to the interrogation of the rank, name, and command of the officer in charge of the interrogation, the interrogating officers, and all other persons to be present during the interrogation. All questions directed to the public safety officer under interrogation shall be asked by and through no more than two interrogators at one time.

(c) The public safety officer under investigation shall be informed of the nature of the investigation prior to any interrogation.

(d) The interrogating session shall be for a reasonable period taking into consideration gravity and complexity of the issue being investigated. The person under interrogation shall be allowed to attend to his or her own personal physical necessities.

(e) The public safety officer under interrogation shall not be subjected to offensive language or threatened with punitive action, except that an officer refusing to respond to questions or submit to interrogations shall be informed that failure to answer questions directly related to the investigation or interrogation may result in punitive action. No promise of reward shall be made as an inducement to answering any question. The employer shall not cause the public safety officer under interrogation to be subjected to visits by the press or news media without his or her express consent nor shall his or her home address or photograph be given to the press or news media without his or her express consent.

(f) No statement made during interrogation by a public safety officer under duress, coercion, or threat of punitive action shall be admissible in any subsequent civil proceeding. This subdivision is subject to the following qualifications:

(1) This subdivision shall not limit the use of statements made by a public safety officer when the employing public safety department is seeking civil sanctions against any public safety officer, including disciplinary action brought under Section 19572.

(2) This subdivision shall not prevent the admissibility of statements made by the public safety officer under interrogation in any civil action, including administrative actions, brought by that public safety officer, or that officer's exclusive representative, arising out of a disciplinary action.

(3) This subdivision shall not prevent statements made by a public safety officer under interrogation from being used to impeach the testimony of that officer after an in camera review to determine whether the statements serve to impeach the testimony of the officer.

(4) This subdivision shall not otherwise prevent the admissibility of statements made by a public safety officer under interrogation if that officer subsequently is deceased.

(g) The complete interrogation of a public safety officer may be recorded. If a tape recording is made of the interrogation, the public safety officer shall have access to the tape if any further proceedings are contemplated or prior to any further interrogation at a

subsequent time. The public safety officer shall be entitled to a transcribed copy of any notes made by a stenographer or to any reports or complaints made by investigators or other persons, except those which are deemed by the investigating agency to be confidential. No notes or reports that are deemed to be confidential may be entered in the officer's personnel file. The public safety officer being interrogated shall have the right to bring his or her own recording device and record any and all aspects of the interrogation.

(h) If prior to or during the interrogation of a public safety officer it is deemed that he or she may be charged with a criminal offense, he or she shall be immediately informed of his or her constitutional rights.

(i) Upon the filing of a formal written statement of charges, or whenever an interrogation focuses on matters that are likely to result in punitive action against any public safety officer, that officer, at his or her request, shall have the right to be represented by a representative of his or her choice who may be present at all times during the interrogation. The representative shall not be a person subject to the same investigation. The representative shall not be required to disclose, nor be subject to any punitive action for refusing to disclose, any information received from the officer under investigation for noncriminal matters.

This section shall not apply to any interrogation of a public safety officer in the normal course of duty, counseling, instruction, or informal verbal admonishment by, or other routine or unplanned contact with, a supervisor or any other public safety officer, nor shall this section apply to an investigation concerned solely and directly with alleged criminal activities.

(j) No public safety officer shall be loaned or temporarily reassigned to a location or duty assignment if a sworn member of his or her department would not normally be sent to that location or would not normally be given that duty assignment under similar circumstances.

CHAPTER 1260

An act to amend Section 709 of, and to add Section 709.5 to, the Public Utilities Code, relating to public utilities.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Competition is emerging in telecommunications market sectors, including local telephone service and video service.

(b) The development of competition can be fostered through

appropriate statutory and regulatory changes at the federal, state, and local levels.

(c) Appropriate interconnection arrangements, appropriate telephone number portability, appropriate equal access to all competitors, and appropriate network unbundling are necessary in order to fully develop competition in local telecommunications markets.

(d) Some local exchange telephone corporations are seeking to enter the market for cable television and similar services. California's two largest local exchange telephone corporations have requested authority from the Federal Communications Commission to offer video dialtone service within their franchised service areas. Those same corporations have also initiated court action to enter into the provision of cable television service within their service areas. Any local exchange telephone corporation may provide cable television service outside its service area consistent with federal and state law.

(e) In order to facilitate and initiate the development of competition in local telecommunications markets, interim arrangements for interconnection and network unbundling are feasible and desirable.

(f) Competitive markets generally encourage greater efficiency, lower prices, and more consumer choice than noncompetitive markets.

(g) Competitive markets do not serve all consumers well. Consequently, for essential services, such as telecommunications services, other mechanisms are necessary to remedy these market failures. Competitive markets also fail to ensure that certain societal goals are met, such as universal service. Attaining these goals requires the establishment of other mechanisms.

It is explicitly the intent of the Legislature in enacting this act not to affirm or abrogate any contractual agreements between cable operators and their respective franchising authorities.

SEC. 2. Section 709 of the Public Utilities Code is amended to read:

709. The Legislature hereby finds and declares that the policies for telecommunications in California are as follows:

(a) To continue our universal service commitment by assuring the continued affordability and widespread availability of high-quality telecommunications service to all Californians.

(b) To encourage the development and deployment of new technologies and the equitable provision of services in a way which efficiently meets consumer need and encourages the ubiquitous availability of a wide choice of state-of-the-art services.

(c) To promote economic growth, job creation, and the substantial social benefits that will result from the rapid implementation of advanced information and communications technologies by assuring adequate long-term investment in the necessary infrastructure.

(d) To promote lower prices, broader consumer choice, and

avoidance of anticompetitive conduct.

SEC. 2.5. Section 709 of the Public Utilities Code is amended to read:

709. The Legislature hereby finds and declares that the policies for telecommunications in California are as follows:

(a) To continue our universal service commitment by assuring the continued affordability and widespread availability of high-quality telecommunications service to all Californians.

(b) To encourage the development and deployment of new technologies and the equitable provision of services in a way which efficiently meets consumer need and encourages the ubiquitous availability of a wide choice of state-of-the-art services.

(c) To promote economic growth, job creation, and the substantial social benefits that will result from the rapid implementation of advanced information and communications technologies by adequate long-term investment in the necessary infrastructure.

(d) To promote lower prices, broader consumer choice, and avoidance of anticompetitive conduct.

(e) To remove the barriers to open and competitive markets and promote fair product and price competition in a way that encourages greater efficiency, lower prices, and more consumer choice.

SEC. 3. Section 709.5 is added to the Public Utilities Code, to read:

709.5. (a) It is the intent of the Legislature that all telecommunications markets subject to commission jurisdiction be opened to competition not later than January 1, 1997. The commission shall take steps to ensure that competition in telecommunications markets is fair and that the state's universal service policy is observed.

(b) To the extent possible, competition in intraexchange telecommunications markets shall be coincident with competition in video markets.

(c) The commission shall expedite its open network architecture and network development, interconnection, universal service, and other related dockets so that whatever additional rules and regulations that may be necessary to achieve fair local exchange competition shall be in place no later than January 1, 1997.

(d) If any local exchange telephone company obtains the right to offer cable television or video dialtone service within its service territory from a regulatory body or court of competent jurisdiction, any cable television corporation or its affiliates may immediately have the right to enter into the intraexchange market within the service territory of that local exchange carrier by filing for approval of a certificate of public convenience and necessity, if necessary, which shall be expeditiously reviewed by the commission.

(e) If the local exchange corporation is subject to the commission's standards for the interconnection of networks, network unbundling, and service quality, the cable television corporation or

its affiliates may be subject to the commission's standards for the interconnection of networks, network unbundling, and service quality, for that portion of their network dedicated to intraexchange telecommunications service. In addition, all corporations offering intraexchange telecommunications service shall be subject to the commission's consumer protection regulations.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 709 of the Public Utilities Code proposed by both this bill and SB 1966. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1995, (2) each bill amends Section 709 of the Public Utilities Code, and (3) this bill is enacted after SB 1966, in which case Section 2 of this bill shall not become operative.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1261

An act to amend Sections 15346, 15346.1, and 15346.2 of, to amend and renumber the heading of Article 3.6 (commencing with Section 15346) of Chapter 1 of Part 6.7 of Division 3 of Title 2 of, to add Section 15346.10 to, and to add and repeal Article 6 (commencing with Section 65050) of Chapter 1.5 of Division 1 of Title 7 of, the Government Code, relating to economic development.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 3.6 (commencing with Section 15346) of Chapter 1 of Part 6.7 of Division 3 of Title 2 of the Government Code is amended and renumbered to read:

Article 3.7. California Defense Conversion and Military Base
Reuse Act

SEC. 2. Section 15346 of the Government Code is amended to read:

15346. This article shall be known and may be cited as the

California Defense Conversion and Military Base Reuse Act.

SEC. 3. Section 15346.1 of the Government Code is amended to read:

15346.1. The Legislature declares as follows:

(a) For over half a century, California's industries, universities, businesses, and workers have contributed to our nation's defense, utilizing their capital, talents, and skills to develop and bring to production important new technologies and advanced weapons systems, aircraft, and missiles.

(b) The nation now confronts the challenge of working together to resolve issues related to base closure and reuse, and converting our defense dependent economic sector to meet the rigors of commercial competition. California industries and workers have earned their government's gratitude and deserve our assistance in this transition. Communities that have housed military facilities require assistance as those facilities close due to reductions in military spending.

(c) Defense spending in California peaked at 60 billion dollars (\$60,000,000,000) in 1988. Since then, it has decreased by 16 percent with the resulting loss of 126,000 jobs. The Commission on State Finance projects a further 22 percent reduction to 37 billion dollars (\$37,000,000,000) in 1997, with a loss of another 81,000 jobs. California is expected to experience the most severe impact of defense cuts in 1994.

(d) California has experienced many rounds of base closures resulting in the closure or realignment of several bases since 1988. Additional bases may be considered for closure as part of round four in 1995.

(e) California will lose more federal payroll jobs from its 22 military base closures under rounds one to three than all of the rest of the states put together. The reduced military payroll (military and civilian employees) in California will be about 101,000 jobs. About 300,000 private sector defense industry jobs in California will be lost.

(f) California needs a coordinated base closure and defense conversion program within the state in order to expedite reuse and realignment, and to transition to a lower level of defense expenditures and peacetime economic pursuits.

(g) Just as the state is a leader in the nation's defense effort, so it must now assume a leadership role in converting to a peacetime economy. That role will require a coordinated effort to ensure that California benefits from federal programs, assists local governments to plan and provide for needed services, encourages the development of new technologies and their application by California industries, provides worker retraining, and builds an infrastructure for the future.

SEC. 4. Section 15346.2 of the Government Code is amended to read:

15346.2. The Legislature recognizes that fundamental shifts occur within the economy that result in the closure of existing

production facilities, retail establishments, and business institutions, or in severe reduction of employment opportunities. Reductions in the federal defense budget are creating that shift. Therefore, to promote integration in federal, state, and local government reuse and realignment policies, as well as defense conversion policies and programs, to foster an active information exchange between public and private sectors, and to build on the wealth of human and industrial capital that comprises California's defense dependent economic sector, the California Defense Conversion Council is hereby created in the Trade and Commerce Agency.

SEC. 5. Section 15346.10 is added to the Government Code, to read:

15346.10. In addition to the duties specified in Section 15346.5, the council shall do all of the following:

(a) Hold special information meetings throughout the state on base reuse problems and issues.

(b) Request and review plans of all state agencies that may have programmatic, assistance, or regulatory roles that may substantially affect military base reuse and offer comments or suggest changes to better integrate these plans into the overall state strategic plan required pursuant to subdivision (a) of Section 15346.5.

(c) Suggest, where appropriate, areas of specialization or differentiation for individual local military base reuse plans if similar, potentially competing reuse concepts are emerging at two or more bases.

SEC. 6. Article 6 (commencing with Section 65050) is added to Chapter 1.5 of Division 1 of Title 7 of the Government Code, to read:

Article 6. Local Base Reuse Entities

65050. (a) As used in this article, the following phrases have the following meanings:

(1) "Military base" means a military base that is designated for closure or downward realignment pursuant to the Defense Authorization Amendments and Base Closure and Realignment Act (P.L. 100-526), the Defense Base Closure and Realignment Act of 1990 (P.L. 101-510), or any subsequent closure or realignment approved by the President of the United States without objection by the Congress.

(2) "Effective date of a base closure" means the date a base closure decision becomes final under the terms specified by federal law. These decisions become final 45 legislative days after the date the federal Base Closure Commission submits its recommendations to the President, he or she approves those recommendations, and the Congress does not disapprove those recommendations or adjourns.

(b) It is not the intent of the Legislature in enacting this section to preempt local planning efforts or to supersede any existing or subsequent authority invested in the Defense Conversion Council, as established by Article 3.7 (commencing with Section 15346). It is the

intent of this act to provide a means of conflict resolution.

(c) For the purposes of this article, a single local base reuse entity shall be recognized pursuant to the provisions of this section for each military base closure in this state.

(d) The following entities or their successors, including, but not limited to, separate airport or port authorities, are recognized as the single local base reuse entity for the military bases listed:

Military Base	Local Reuse Entity
George Air Force Base	Victor Valley Economic Development Authority
Hamilton Army Base	City of Novato

Norton Air Force Base	Inland Valley Development Authority
Presidio Army Base	City and County of San Francisco
Salton Sea Navy Base	Imperial County
Castle Air Force Base	Castle Joint Powers Authority
Hunters Point Naval Annex	City and County of San Francisco
Long Beach Naval Station	City of Long Beach
MCAS Tustin	City of Tustin
Sacramento Army Depot	City of Sacramento
MCAS El Toro	El Toro Reuse Planning Authority

Oakland Navy Hospital	City of Oakland
Fort Ord Army Base	Fort Ord Reuse Authority

Any military base reuse authority created pursuant to Title 7.86 (commencing with Section 67800).

(e) For any military base that is closed and not listed in subdivision (a), a single local reuse entity shall be recognized for the base by the state if resolutions acknowledging the entity as the single base reuse entity are adopted by the affected county board of supervisors and the city council of each city located wholly or partly within the boundaries of a military base or having a sphere of

influence over any portion of the base and are forwarded to the Defense Conversion Council and the Office of Planning and Research within 60 days after the effective date of a base closure decision or within 60 days after the date on which this section becomes operative, whichever date is later.

(f) If the necessary resolutions are not adopted within the time limit specified in subdivision (e), the Director of the Office of Planning and Research may select a mediator, from a list submitted by the Defense Conversion Council containing no fewer than seven recommendations, to reach agreement among the affected jurisdictions on a single local reuse entity. In selecting a mediator, the director shall appoint a neutral person or persons, with experience in local land use issues, to facilitate communication between the disputants and assist them in reaching a mutually acceptable agreement.

(g) As a last resort, and only if no recognition is made pursuant to the procedure specified in subdivisions (e) and (f) within 120 days after a base closure decision has become final or within 120 days after the date on which this section becomes operative, whichever date is later, the Defense Conversion Council, created pursuant to Article 3.6 (commencing with Section 15346) of Chapter 1 of Part 6.7 of Division 3 of Title 2, shall hold public hearings and recognize a single local base reuse entity for each closing base for which agreement is reached among the local jurisdictions with responsibility for complying with Chapter 3 (commencing with Section 65100) and Chapter 4 (commencing with Section 65800) on the base, or recommend legislation or action by the local agency formation commission if necessary to implement a proposed recognition.

(h) In recognizing a single local reuse entity pursuant to this section, preference shall be given to existing entities and entities with responsibility for complying with Chapter 3 (commencing with Section 65100) and Chapter 4 (commencing with Section 65800).

(i) Any recognition of a single local reuse entity made pursuant to subdivision (e), (f), or (g) shall be submitted by the Director of the Office of Planning and Research to the Governor, the Legislature, and the United States Department of Defense.

65051. The single local base reuse authority shall be recognized by all state agencies as the single base reuse planning authority for the base. The state shall encourage the federal government and other local jurisdictions to recognize similarly the authorities designated pursuant to Section 65050 for the purposes of reuse planning and property transfers pursuant to Title XXIX (commencing with Section 2901) of the National Defense Authorization Act for Fiscal Year 1993 (P.L. 103-160).

65052. All state agencies shall consult with the affected single local reuse authority recognized pursuant to Section 65050 prior to submitting any public benefit conveyance requests to the federal government. The single local reuse entity is the only entity that is eligible for the following state benefits for use on the base, unless the

entity notifies the relevant state agency that a city or county having jurisdiction over a portion of the base shall be eligible for the state benefit.

(a) State grants for base reuse planning.

(b) Local Area Military Base Recovery Act (LAMBRA) designation.

(c) Air emissions reduction credits for base property, as permitted by law.

(e) Consultation on toxic cleanup priorities.

65053. This article shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

SEC. 7. This act shall only become effective if Assembly Bill No. 3759 of the 1993-94 Regular Session is enacted and becomes effective.

CHAPTER 1262

An act to amend Sections 35160.5, 46601.5, 48204, 48209.1, 48209.3, 48209.9, and 48980 of the Education Code, relating to school attendance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 35160.5 of the Education Code is amended to read:

35160.5. (a) On or before December 1, 1984, the governing board of each school district shall, as a condition for the receipt of school apportionments from the State School Fund, adopt rules and regulations establishing school district policies as they relate to the following:

(1) Certification that personnel assigned to evaluate teachers have demonstrated competence in instructional methodologies and evaluation for teachers they are assigned to evaluate. The determination of whether school personnel meet the district's adopted policies shall be made by the governing board.

(2) The establishment of district policies ensuring that each probationary certificated employee is assigned to a school within the district with assurances that his or her status as a new teacher and his or her potential needs for training, assistance, and evaluations will be recognized by the district.

(3) The establishment of policies and procedures that parents or

guardians of pupils enrolled in the district may use to present complaints regarding employees of the district. These policies and procedures shall provide for appropriate mechanisms to respond to, and where possible, to resolve the complaints.

(b) The governing board of each school district that maintains one or more schools containing any of grades 7 to 12, inclusive, shall, as a condition for the receipt of an inflation adjustment pursuant to Section 42238.1, establish a school district policy regarding participation in extracurricular and cocurricular activities by pupils in grades 7 to 12, inclusive. The criteria, which shall be applied to extracurricular and cocurricular activities, shall ensure that pupil participation is conditioned upon satisfactory educational progress in the previous grading period. Pupils who are eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 are covered by this section consistent with that subdivision. No person shall classify a pupil as eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 for the purpose of circumventing the intent of this subdivision.

(1) For purposes of this subdivision, "extracurricular activity" means a program that has all of the following characteristics:

(A) The program is supervised or financed by the school district.

(B) Pupils participating in the program represent the school district.

(C) Pupils exercise some degree of freedom in either the selection, planning, or control of the program.

(D) The program includes both preparation for performance and performance before an audience or spectators.

(2) For purposes of this subdivision, an "extracurricular activity" is not part of the regular school curriculum, is not graded, does not offer credit, and does not take place during classroom time.

(3) For purposes of this subdivision, a "cocurricular activity" is defined as a program that may be associated with the curriculum in a regular classroom.

(4) Any teacher graded or required program or activity for a course which satisfies the entrance requirements for admission to the California State University or the University of California, is not an extracurricular or cocurricular activity as defined by this section.

(5) For purposes of this subdivision, "satisfactory educational progress" shall include, but not be limited to, the following:

(A) Maintenance of minimum passing grades, which is defined as at least a 2.0 grade point average in all enrolled courses on a 4.0 scale.

(B) Maintenance of minimum progress toward meeting the high school graduation requirements prescribed by the governing board.

(6) For purposes of this subdivision, "previous grading period" does not include any grading period in which the pupil was not in attendance for all, or a majority of, the grading period due to absences excused by the school for reasons such as serious illness or injury, approved travel, or work. In that event, "previous grading period" is deemed to mean the grading period immediately prior to

the grading period or periods excluded pursuant to this paragraph.

(7) A program that has, as its primary goal, the improvement of academic or educational achievements of pupils is not an extracurricular or cocurricular activity as defined by this section.

(8) The governing board of each school district may adopt, as part of its policy established pursuant to this subdivision, provisions that would allow a pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), in the previous grading period to remain eligible to participate in extracurricular and cocurricular activities during a probationary period. The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district. A pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), during the probationary period shall not be allowed to participate in extracurricular and cocurricular activities in the subsequent grading period.

(9) Nothing in this subdivision shall preclude the governing board of a school district from imposing a more stringent academic standard than that imposed by this subdivision. If the governing board of a school district imposes a more stringent academic standard, the governing board shall establish the criteria for participation in extracurricular and cocurricular activities at a meeting open to the public pursuant to Section 35145.

The governing board of each school district shall annually review the school district policies adopted pursuant to the requirements of this section.

(c) (1) On or before July 1, 1994, the governing board of each school district shall, as a condition for the receipt of school apportionments from the state school fund, adopt rules and regulations establishing a policy of open enrollment within the district for residents of the district. This requirement does not apply to any school district that has only one school or any school district with schools that do not serve any of the same grade level.

(2) The policy shall include all of the following elements:

(A) It shall provide that the parents or guardian of each schoolage child who is a resident in the district may select the schools the child shall attend, irrespective of the particular locations of his or her residence within the district, except that school districts shall retain the authority to maintain appropriate racial and ethnic balances among their respective schools at the school districts' discretion or as specified in applicable court-ordered or voluntary desegregation plans.

(B) It shall include a selection policy for any school that receives requests for admission in excess of the capacity of the school that ensures that selection of pupils to enroll in the school is made through a random, unbiased process that prohibits an evaluation of whether any pupil should be enrolled based upon his or her academic or athletic performance. For purposes of this subdivision, the governing board of the school district shall determine the

capacity of the schools in its district. However, school districts may employ existing entrance criteria for specialized schools or programs if the criteria are uniformly applied to all applicants. This subdivision shall not be construed to prohibit school districts from using academic performance to determine eligibility for, or placement in, programs for gifted and talented pupils established pursuant to Chapter 8 (commencing with Section 52200) of Part 28.

(C) It shall provide that no pupil who currently resides in the attendance area of a school shall be displaced by pupils transferring from outside the attendance area.

(3) The policy may include any of the following elements:

(A) It may provide that special circumstances exist that might be harmful or dangerous to a particular pupil in the current attendance area of the pupil, including, but not limited to, threats of bodily harm or threats to the emotional stability of the pupil, that serve as a basis for granting a priority of attendance outside the current attendance area of the pupil. A finding of harmful or dangerous special circumstances shall be based upon either of the following:

(i) A written statement from a representative of the appropriate state or local agency, including, but not limited to, a law enforcement official or a social worker, or properly licensed or registered professionals, including, but not limited to, psychiatrists, psychologists, or marriage, family and child counselors.

(ii) A court order, including a temporary restraining order and injunction, issued by a judge.

A finding of harmful or dangerous special circumstances pursuant to this subparagraph may be used by a school district to approve transfers within the district to schools that have been deemed by the school district to be at capacity and otherwise closed to transfers that are not based on harmful or dangerous special circumstances.

(B) It may provide that any pupil attending a school prior to July 1, 1994, may be considered a current resident of that school for purposes of this section until the pupil is promoted or graduates from that school.

(C) It may provide that no pupil who was on a waiting list for a school or specialized program, on or before July 1, 1994, pursuant to a then-existing district policy on transfers within the district, shall be displaced by pupils transferring after July 1, 1994, from outside the attendance area, as long as the continued maintenance on a waiting list remains consistent with the former policy.

(D) It may provide that schools receiving requests for admission shall give priority for attendance to siblings of children already in attendance in that school.

(4) It is the intent of the Legislature that, upon the request of the pupil's parent or guardian and demonstration of financial need, each school district provide transportation assistance to the pupil to the extent that the district otherwise provides transportation assistance to pupils.

SEC. 2. Section 46601.5 of the Education Code is amended to

read:

46601.5. (a) The governing boards of any two school districts that have been requested by a pupil's parent or legal guardian to enter into an agreement for interdistrict attendance pursuant to Section 46600 shall, in considering that request, give consideration to the child care needs of the pupil.

(b) The governing board of any school district that has entered into an agreement for the interdistrict attendance of a pupil based on that pupil's child care needs shall allow that pupil to remain continuously enrolled in the school district of choice if the parent or guardian so chooses, subject to paragraphs (1) to (6), inclusive, of subdivision (f) of Section 48204.

(c) The governing board of any high school district whose feeder elementary school has entered into an agreement with another school district for the interdistrict attendance of a pupil based on that pupil's child care needs shall allow that pupil to continue to attend school through the 12th grade in the same district if the parent or guardian so chooses, subject to paragraphs (1) to (6), inclusive, of subdivision (f) of Section 48204.

(d) This section shall remain in effect only until July 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1998, deletes or extends that date.

SEC. 3. Section 48204 of the Education Code, as amended by Section 2 of Chapter 98 of the Statutes of 1994, is amended to read:

48204. Notwithstanding Section 48200, a pupil shall be deemed to have complied with the residency requirements for school attendance in a school district, provided he or she is any of the following:

(a) A pupil placed within the boundaries of that school district in a regularly established licensed children's institution, or a licensed foster home, or a family home pursuant to a commitment or placement under Chapter 2 (commencing with Section 200) of Part 1 of Division 2 of the Welfare and Institutions Code. An agency placing a pupil in a home or institution described in this subdivision shall provide evidence to the school that the placement or commitment is pursuant to law.

(b) A pupil for whom interdistrict attendance has been approved pursuant to Chapter 5 (commencing with Section 46600) of Part 26.

(c) A pupil whose residence is located within the boundaries of that school district and whose parent or legal guardian is relieved of responsibility, control, and authority through emancipation.

(d) A pupil who lives in the home of a caregiving adult that is located within the boundaries of that school district. Execution of an affidavit under penalty of perjury pursuant to Part 1.5 (commencing with Section 6550) of Division 11 of the Family Code by the caregiving adult shall be a sufficient basis for a determination that the pupil lives in the caregiver's home, unless the school district determines from actual facts that the pupil is not living in the caregiver's home.

(e) A pupil residing in a state hospital located within the boundaries of that school district.

(f) An elementary school pupil, one or both of whose parents, or whose legal guardian, is employed within the boundaries of that school district.

(1) Nothing in this subdivision requires the school district within which the pupil's parents or guardians are employed to admit the pupil to its schools. Districts may not, however, refuse to admit pupils under this subdivision on the basis, except as expressly provided in this subdivision, of race, ethnicity, sex, parental income, scholastic achievement, or any other arbitrary consideration.

(2) The school district in which the residency of either the pupil's parents or guardians is established, or the school district to which the pupil is to be transferred under this subdivision, may prohibit the transfer of the pupil under this subdivision if the governing board of the district determines that the transfer would negatively impact the district's court-ordered or voluntary desegregation plan.

(3) The school district to which the pupil is to be transferred under this subdivision may prohibit the transfer of the pupil if the district determines that the additional cost of educating the pupil would exceed the amount of additional state aid received as a result of the transfer.

(4) Any district governing board prohibiting a transfer pursuant to paragraph (1), (2), or (3) shall identify, and communicate in writing to the pupil's parent or guardian, the specific reasons for that determination and shall ensure that the determination, and the specific reasons therefor, are accurately recorded in the minutes of the board meeting in which the determination was made.

(5) The average daily attendance for pupils admitted pursuant to this subdivision shall be calculated pursuant to Section 46607.

(6) Unless approved by the sending district, this subdivision does not authorize a net transfer of pupils out of any given district, calculated as the difference between the number of pupils exiting the district and the number of pupils entering the district, in any fiscal year in excess of the following amounts:

(A) For any district with an average daily attendance for that fiscal year of less than 501, 5 percent of the average daily attendance of the district.

(B) For any district with an average daily attendance for that fiscal year of 501 or more, but less than 2,501, 3 percent of the average daily attendance of the district or 25 pupils, whichever is greater.

(C) For any district with an average daily attendance of 2,501 or more, 1 percent of the average daily attendance of the district or 75 pupils, whichever is greater.

(7) Once a pupil is deemed to have complied with the residency requirements for school attendance pursuant to this subdivision and is enrolled in a school in a school district whose boundaries include the location where one parent or both parents of a pupil is employed, or where the pupil's legal guardian is employed, the pupil shall not

have to reapply in the next school year to attend a school within that school district and the district governing board shall allow the pupil to attend school through the 12th grade in that district if the parent or guardian so chooses, subject to paragraphs (1) to (6), inclusive.

(g) This section shall remain in effect only until July 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1998, deletes or extends that date.

SEC. 4. Section 48204 of the Education Code, as amended by Section 3 of Chapter 98 of the Statutes of 1994, is amended to read:

48204. Notwithstanding Section 48200, a pupil shall be deemed to have complied with the residency requirements for school attendance in a school district, provided he or she is:

(a) A pupil placed within the boundaries of that school district in a regularly established licensed children's institution, or a licensed foster home, or a family home pursuant to a commitment or placement under Chapter 2 (commencing with Section 200) of Part 1 of Division 2 of the Welfare and Institutions Code.

An agency placing a pupil in the home or institution shall provide evidence to the school that the placement or commitment is pursuant to law.

(b) A pupil for whom interdistrict attendance has been approved pursuant to the provisions of Chapter 5 (commencing with Section 46600) of Part 26.

(c) A pupil whose residence is located within the boundaries of that school district and whose parent or legal guardian is relieved of responsibility, control, and authority through emancipation.

(d) A pupil who lives in the home of a caregiving adult that is located within the boundaries of that school district. Execution of an affidavit under penalty of perjury pursuant to Part 1.5 (commencing with Section 6550) of Division 11 of the Family Code by the caregiving adult shall be a sufficient basis for a determination that the pupil lives in the caregiver's home, unless the school district determines from actual facts that the pupil is not living in the caregiver's home.

(e) A pupil residing in a state hospital located within the boundaries of that school district.

(f) This section shall become operative on July 1, 1998.

SEC. 5. Section 48209.1 of the Education Code is amended to read:

48209.1. (a) The governing board of any school district may accept interdistrict transfers. No school district that receives an application for attendance under this article is required to admit pupils to its schools. If, however, the governing board elects to accept transfers as authorized under this article, it shall, by resolution, elect to accept transfer pupils, determine and adopt the number of transfers it is willing to accept under this article, and ensure that pupils admitted under the policy are selected through a random, unbiased process that prohibits an evaluation of whether or not the pupil should be enrolled based upon his or her academic or athletic

performance. Any pupil accepted for transfer shall be deemed to have fulfilled the requirements of Section 48204.

(b) Either the pupil's school district of residence, upon notification of the pupil's acceptance to the school district of choice pursuant to subdivision (c) of Section 48209.9, or the school district of choice may prohibit the transfer of a pupil under this article or limit the number of pupils so transferred if the governing board of the district determines that the transfer would negatively impact any of the following:

(1) The court-ordered desegregation plan of the district.

(2) The voluntary desegregation plan of the district that meets the criteria of Section 42249.

(3) The racial and ethnic balance of the district.

(c) The school district of residence shall not adopt policies that in any way block or discourage pupils from applying for transfer to another district.

SEC. 6. Section 48209.3 of the Education Code is amended to read:

48209.3. (a) The school district of choice shall not prohibit a transfer of a pupil under this article based upon a determination by the governing board of that school district that the additional cost of educating the pupil would exceed the amount of additional state aid received as a result of the transfer. However, a school district may reject the transfer of a pupil if the transfer of that pupil would require the district to create a new program or provide a new service to serve that pupil.

(b) This section is intended to ensure that special education, bilingual, or other special needs pupils are not discriminated against by the school district of choice because of the costs associated with educating those pupils. Pupils with special needs may take full advantage of the choice options available under this section.

SEC. 7. Section 48209.9 of the Education Code is amended to read:

48209.9. (a) Commencing January 1, 1994, any application for transfer under this article shall be submitted by the pupil's parent or guardian to the school district of choice that has elected to accept transfer pupils pursuant to Section 48209.1 prior to January 1 of the school year preceding the school year for which the pupil is to be transferred. This application deadline may be waived upon agreement of the pupil's school district of residence and the school district of choice. No applications shall be submitted after January 1, 1999.

(b) The application shall be submitted on a form provided for this purpose by the State Department of Education and may request enrollment of the pupil in a specific school or program of the district.

(c) Not later than 90 days after the receipt by a school district of an application for transfer, the governing board of the district shall notify the parent or guardian in writing whether the application has been provisionally accepted or rejected or of the pupil's position on

any waiting list. Final acceptance or rejection shall be made by May 15 preceding the school year for which the pupil is to be transferred. In the event of an acceptance, that notice shall be provided also to the school district of residence. If the application is rejected, the district governing board shall set forth in the written notification to the parent or guardian the specific reason or reasons for that determination, and shall ensure that the determination, and the specific reason or reasons therefor, are accurately recorded in the minutes of the board meeting in which the determination was made.

(d) The parent or guardian of a pupil who is prohibited from transferring pursuant to either subdivision (b) of Section 48209.1 or Section 48209.7 may appeal the decision to the county board of education.

(e) Final acceptance of the transfer is applicable for one school year and will be renewed automatically each year unless the school district of choice through the adoption of a resolution withdraws from participation in the program and no longer will accept any transfer pupils from other districts. However, if a school district of choice withdraws from participation in the program, high school pupils admitted under this article may continue until they graduate from high school.

SEC. 8. Section 48980 of the Education Code is amended to read: 48980. (a) At the beginning of the first semester or quarter of the regular school term, the governing board of each school district shall notify the parent or guardian of its minor pupils regarding the right or responsibility of the parent or guardian under Sections 35291, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51240, and 51550 and Chapter 2.3 (commencing with Section 32255) of Part 19.

(b) The notification also shall advise the parent or guardian of the availability of individualized instruction as prescribed by Section 48206.3, and of the program prescribed by Article 9 (commencing with Section 49510) of Chapter 9.

(c) The notification also may advise the parent or guardian of the importance of investing for future college or university education for their children and of considering appropriate investment options including, but not limited to, United States Savings Bonds.

(d) Each school district that elects to provide a fingerprinting program pursuant to Article 10 (commencing with Section 32390) shall inform parents or guardians of the program as specified in Section 32390.

(e) Until July 1, 1998, the notification shall also advise the parent or guardian of the availability of the employment-based school attendance options pursuant to subdivision (f) of Section 48204.

(f) The notification shall also include a copy of the district's written policy on sexual harassment established pursuant to Section 212.6, as it relates to pupils.

(g) The notification shall advise the parent or guardian of all current statutory attendance options and local attendance options available in the school district. That notification shall include all

options for meeting residency requirements for school attendance, programmatic options offered within the local attendance areas, and any special programmatic options available on both an interdistrict and intradistrict basis. That notification shall also include a description of all options, a description of the procedure for application for alternative attendance areas or programs, an application form from the district for requesting a change of attendance, and a description of the appeals process available, if any, for a parent or guardian denied a change of attendance. The notification shall also include an explanation of the current statutory attendance options including, but not limited to, those available under Section 35160.5, Chapter 5 (commencing with Section 46600) of Part 26, subdivision (f) of Section 48204, and Article 1.5 (commencing with Section 48209) of Chapter 2 of Part 27. The State Department of Education shall produce this portion of the notification and shall distribute it to all school districts.

It is the intent of the Legislature that the governing board of each school district annually review the enrollment options available to the pupils within their districts and that the school districts strive to make available enrollment options that meet the diverse needs, potential, and interests of California's pupils.

SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Governing boards of school districts are required to adopt rules and regulations establishing a policy of open enrollment within the district for residents of the districts on or before July 1, 1994. Because this bill would affect the elements of that policy, it is necessary that this act take effect immediately.

CHAPTER 1263

An act to amend Section 6254 of the Government Code, to amend Section 12101 of the Health and Safety Code, and to amend Sections 273a, 487h, 11105.3, and 12305 of, and to add Section 12022.95 to, the Penal Code, relating to crime.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Section 6254.7, nothing in this chapter shall be construed to require disclosure of records that are any of the following:

(a) Preliminary drafts, notes, or interagency or intra-agency memoranda which are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

(d) Contained in or related to:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan associations, industrial loan companies, credit unions, and insurance companies.

(2) Examination, operating, or condition reports prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(3) Preliminary drafts, notes, or interagency or intra-agency communications prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(4) Information received in confidence by any state agency referred to in paragraph (1).

(e) Geological and geophysical data, plant production data, and similar information relating to utility systems development, or market or crop reports, which are obtained in confidence from any person.

(f) Records of complaints to, or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and

any state or local police agency, or any investigatory or security files compiled by any other state or local police agency, or any investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes, except that state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, carjacking, vandalism, vehicle theft, or a crime as defined by subdivision (c) of Section 13960, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation. However, nothing in this division shall require the disclosure of that portion of those investigative files which reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name, current address, and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

(2) Subject to the restrictions imposed by Section 841.5 of the Penal Code, the time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent the information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date, and location of occurrence, the time and date of the report, the name, age, and current address of the victim, except that the address of the victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, or 422.75 of the Penal Code shall not be disclosed, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property, or

weapons involved. The name of a victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, or 422.75 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor. When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, 289, 422.6, 422.7, or 422.75 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

(g) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination, except as provided for in Chapter 3 (commencing with Section 99150) of Part 65 of the Education Code.

(h) The contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained. However, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes which is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

(j) Library circulation records kept for the purpose of identifying the borrower of items available in libraries, and library and museum materials made or acquired and presented solely for reference or exhibition purposes. The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

(k) Records the disclosure of which is exempted or prohibited pursuant to federal or state law, including, but not limited to, provisions of the Evidence Code relating to privilege.

(l) Correspondence of and to the Governor or employees of the Governor's office or in the custody of or maintained by the Governor's legal affairs secretary, provided that public records shall not be transferred to the custody of the Governor's legal affairs secretary to evade the disclosure provisions of this chapter.

(m) In the custody of or maintained by the Legislative Counsel.

(n) Statements of personal worth or personal financial data required by a licensing agency and filed by an applicant with the licensing agency to establish his or her personal qualification for the license, certificate, or permit applied for.

(o) Financial data contained in applications for financing under Division 27 (commencing with Section 44500) of the Health and Safety Code, where an authorized officer of the California Pollution Control Financing Authority determines that disclosure of the financial data would be competitively injurious to the applicant and

the data is required in order to obtain guarantees from the United States Small Business Administration. The California Pollution Control Financing Authority shall adopt rules for review of individual requests for confidentiality under this section and for making available to the public those portions of an application which are subject to disclosure under this chapter.

(p) Records of state agencies related to activities governed by Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1, Chapter 10.5 (commencing with Section 3525) of Division 4 of Title 1, and Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, which reveal a state agency's deliberative processes, impressions, evaluations, opinions, recommendations, meeting minutes, research, work products, theories, or strategy, or which provide instruction, advice, or training to employees who do not have full collective bargaining and representation rights under the above chapters. Nothing in this subdivision shall be construed to limit the disclosure duties of a state agency with respect to any other records relating to the activities governed by the employee relations acts referred to in this subdivision.

(q) Records of state agencies related to activities governed by Articles 2.6 (commencing with Section 14081), 2.8 (commencing with Section 14087.5), and 2.91 (commencing with Section 14089) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, which reveal the special negotiator's deliberative processes, discussions, communications, or any other portion of the negotiations with providers of health care services, impressions, opinions, recommendations, meeting minutes, research, work product, theories, or strategy, or which provide instruction, advice, or training to employees.

CHAPTER 1265

An act to amend Sections 1522 and 1569.17 of the Health and Safety Code, relating to care facilities, and making an appropriation therefor.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the Long-Range Plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII) to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of, or, after having been arrested and released on bail or on his or her own recognizance, is currently awaiting trial for, a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to

criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State

Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the state department or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of, or arrested for, a crime other than a minor traffic violation. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the

application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal arrests or convictions and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, paragraph (1) of subdivision (a) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(f) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (1) of subdivision (a) of Section

273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(i) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(j) (1) In order to expedite the current criminal record clearance and fingerprint process of the Department of Justice pursuant to subdivisions (a) and (c), the Department of Justice shall complete work on all of its current backlog of criminal record clearances for community care facilities licensed by the State Department of Social Services by July 1, 1995.

(2) Effective January 1, 1995, the Department of Justice shall complete all new requests for criminal record clearances for community care facilities within 30 days of receipt.

(3) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in two district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1995. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1996, and shall become part of that department's pilot project in accordance with its Long Range Plan. The State Department of Social Services may charge a fee not to exceed five dollars (\$5) or the actual cost of processing a set of

live-scan fingerprints.

(4) The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by July 15, 1995, regarding the completion of backlogged criminal record clearance requests pursuant to paragraph (1) and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (3). The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by April 15, 1996, regarding the progress of the implementation of the statewide CAL-CII system; the number of requests for criminal clearances received pursuant to this section during the previous year; the number of criminal record clearances requested and completed pursuant to this section within a 17-day "expedite" period or within the 30-day period required by paragraph (2); and the number of requests and reasons for delays beyond the 30-day period.

SEC. 1.5. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the Long-Range Plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII) to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, paragraph (b) of Section 273a, or prior to January 1, 1994 paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, of any of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and

care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints

not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulation to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The

individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal/cohabitant abuse or for any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified

in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of subdivision (a) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of *nolo contendere*. Any action which the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be *prima facie* evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for a license, special permit, or certificate of approval pursuant to subdivision (d), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of subdivision (a) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b)

of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) In order to expedite the current criminal record clearance and fingerprint process of the Department of Justice pursuant to subdivisions (a) and (c), the Department of Justice shall complete work on all of its current backlog of criminal records clearances for community care facilities licensed by the State Department of Social Services by July 1, 1995.

(2) Effective January 1, 1995, the Department of Justice shall complete all new requests for criminal record clearances for community care facilities within 30 days of receipt.

(3) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an

automated live-scan processing system for fingerprints in two district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1995. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1996, and shall become part of that department's pilot project in accordance with its long range plan. The State Department of Social Services may charge a fee not to exceed five dollars (\$5) or the actual cost of processing a set of live-scan fingerprints.

(4) The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by July 15, 1995, regarding the completion of backlogged criminal record clearance requests pursuant to paragraph (1) and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (3). The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by April 15, 1996, regarding the progress of the implementation of the statewide CAL-CII system; the number of requests for criminal clearances received pursuant to this section during the previous year; the number of criminal record clearances requested and completed pursuant to this section within a 17-day "expedite" period or within the 30-day period required by paragraph (2); and the number of requests and reasons for delays beyond the 30-day period.

SEC. 2. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. The Legislature supports the use of the fingerprint live-scan technology, as identified in the Long-Range Plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an

exemption pursuant to subdivision (e). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than 20 calendar days following employment, residence, or initial presence in the residential care facility for the elderly.

These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are

required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable

belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (1) of subdivision (a) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(f) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(g) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(h) (1) In order to expedite the current criminal record clearance and fingerprint process of the Department of Justice, the Department of Justice shall complete work on all of its current backlog of criminal record clearances for residential care facilities for the elderly licensed by the State Department of Social Services by July 1, 1995.

(2) Effective January 1, 1995, the Department of Justice shall complete all new requests for criminal record clearances for residential care facilities for the elderly within 30 days of receipt.

(3) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in two district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1995. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1996, and shall become part of that department's pilot project in accordance with its Long Range Plan. The State Department of Social Services may charge a fee not to exceed five dollars (\$5) or the actual cost of processing a set of live-scan fingerprints.

(4) The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and

Human Services Committee by July 15, 1995, regarding the completion of backlogged criminal record clearance requests pursuant to paragraph (1) and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (3). The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by April 15, 1996, regarding the progress of the implementation of the statewide CAL-CII system; the number of requests for criminal clearances received pursuant to this section during the previous year; the number of criminal record clearances requested and completed pursuant to this section within a 17-day "expedite" period or within the 30-day period required by paragraph (2); and the number of requests and reasons for delays beyond the 30-day period.

SEC. 2.5. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. The Legislature supports the use of the fingerprint live-scan technology, as identified in the long range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code, or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994 paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall

be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than 20 calendar days following employment, residence, or initial presence in the residential care facility for the elderly.

(2) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

(3) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous

employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof

certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of subdivision (a) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for

the criminal records clearances to be transferred under this section.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) (1) In order to expedite the current criminal record clearance and fingerprint process of the Department of Justice, the Department of Justice shall complete work on all of its current backlog of criminal record clearances for residential care facilities for the elderly licensed by the State Department of Social Services by July 1, 1995.

(2) Effective January 1, 1995, the Department of Justice shall complete all new requests for criminal record clearances for residential care facilities for the elderly within 30 days of receipt.

(3) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in two district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1995. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1996, and shall become part of that department's pilot project in accordance with its long range plan. The State Department of Social Services may charge a fee not to exceed five dollars (\$5) or the actual cost of processing a set of live-scan fingerprints.

(4) The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by July 15, 1995, regarding the completion of backlogged criminal record clearance requests pursuant to paragraph (1) and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (3). The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by April 15, 1996, regarding the progress of the implementation of the statewide CAL-CII system; the number of requests for criminal clearances received pursuant to this section during the previous year; the number of criminal record clearances requested and completed pursuant to this section within a 17-day "expedite" period or within the 30-day period required by paragraph (2); and the number of requests and reasons for delays beyond the 30-day period.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 1522 of the Health and Safety Code proposed by both this bill and SB 1984. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1995, (2) each bill amends Section 1522 of the Health and Safety Code, and (3) this bill

is enacted after SB 1984, in which case Section 1 of this bill shall not become operative.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 1569.17 of the Health and Safety Code proposed by both this bill and SB 1984. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1995, (2) each bill amends Section 1569.17 of the Health and Safety Code, and (3) this bill is enacted after SB 1984, in which case Section 2 of this bill shall not become operative.

SEC. 5. For purposes of the purchase and installation of the live-scan processing system required by Sections 1522 and 1569.17 of the Health and Safety Code as amended by the act adding this section, one hundred five thousand dollars (\$105,000) is hereby appropriated to the State Department of Social Services from the General Fund for expenditure in the 1994-95 fiscal year.

CHAPTER 1266

An act to amend Sections 259 and 640.1 of the Code of Civil Procedure, to amend Sections 4846, 7552, 7575, and 7576 of, to add Sections 7552.5 and 7644 to, and to repeal Section 7573 of, the Family Code, and to amend Section 11350.1 of, and to add Sections 11350.3 and 11350.4 to, the Welfare and Institutions Code, relating to family law.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 259 of the Code of Civil Procedure is amended to read:

259. Subject to the supervision of the court every court commissioner shall have power to do all of the following:

(a) Hear and determine ex parte motions, for orders and alternative writs and writs of habeas corpus in the superior court for which the court commissioner is appointed.

(b) Take proof and make and report findings thereon as to any matter of fact upon which information is required by the court. Any party to any contested proceeding may except to the report and the subsequent order of the court made thereon within five days after written notice of the court's action. A copy of the exceptions shall be filed and served upon opposing party or counsel within the five days. The party may argue any exceptions before the court on giving notice of motion for that purpose within 10 days from entry thereof. After a hearing before the court on the exceptions, the court may sustain, or set aside, or modify its order.

(c) Take and approve any bonds and undertakings in actions or

proceedings, and determine objections to the bonds and undertakings.

(d) Administer oaths and affirmations, and take affidavits and depositions in any action or proceeding in any of the courts of this state, or in any matter or proceeding whatever, and take acknowledgments and proof of deeds, mortgages, and other instruments requiring proof or acknowledgment for any purpose under the laws of this or any other state or country.

(e) Act as temporary judge when otherwise qualified so to act and when appointed for that purpose, or by written consent of an appearing party. While acting as temporary judge the commissioner shall receive no compensation therefor other than compensation as commissioner.

(f) Hear and report findings and conclusions to the court for approval, rejection, or change, all preliminary matters including motions or petitions for the custody and support of children, the allowance of temporary spousal support, costs and attorneys' fees, and issues of fact in contempt proceedings in proceedings for support, dissolution of marriage, nullity of marriage, or legal separation.

(g) Hear actions filed by the district attorney to establish paternity and to establish or enforce child support pursuant to Section 640.1.

(h) Hear, report on, and determine all uncontested actions and proceedings subject to the requirements of subdivision (e).

(i) Charge and collect the same fees for the performance of official acts as are allowed by law to notaries public in this state for like services. This subdivision does not apply to any services of the commissioner, the compensation for which is expressly fixed by law. The fees so collected shall be paid to the treasurer of the county, for deposit in the general fund of the county.

(j) Provide an official seal, upon which must be engraved the words "Court Commissioner" and the name of the county, or city and county, in which the commissioner resides.

(k) Authenticate with the official seal the commissioner's official acts.

SEC. 2. Section 640.1 of the Code of Civil Procedure is amended to read:

640.1. (a) To the extent required by federal law, all applications filed by the district attorney for an order to establish or enforce child support, including actions to establish paternity, shall be referred for hearing to a commissioner or a referee, unless the district attorney of that particular county has applied for, and received, an exemption from this requirement from the State Department of Social Services.

In counties which operate an expedited process, commissioners and referees shall order a temporary support obligation under the expedited process prior to referring those cases to the full judicial system.

All applications to be heard by a commissioner or referee shall be

made returnable on an order to show cause within 30 days after service thereof or heard on a noticed motion within 30 days after service of notice. The matter shall not be heard earlier than 10 days after service of the order to show cause or notice of motion and supporting papers. The hearing shall not be continued to a date more than 10 days after the date originally set for hearing.

Nothing in this section prohibits persons other than the district attorney from bringing an action under this section, if permitted by that particular county. However, actions brought by the district attorney shall have priority over actions brought by other persons.

(b) At the hearing, the commissioner or referee shall, where appropriate, do all of the following:

(1) Take testimony.

(2) Establish a record, evaluate evidence, and make recommendations or decisions.

(3) Accept voluntary acknowledgments of support liability and parentage and stipulated agreements respecting the amount of child support to be paid.

(4) Enter default orders where authorized pursuant to Section 639.5.

(5) In actions in which paternity is at issue, order the mother, child, and alleged father to submit to blood tests pursuant to Section 7551 of the Family Code.

(c) Except where a default or stipulated order has been entered by a commissioner or a referee, a recommended order shall be filed by the commissioner or referee within seven court days after the hearing concludes. The clerk shall mail an endorsed copy first class, postage prepaid, to all parties by the close of the business day on which the order is filed, together with a notice of a review hearing before a judge of the superior court, stating the date any party may appear and object to the recommended order. As an alternative to mailing the copy of the order and the notice to the parties, the clerk may personally serve the copy of the order and the notice at the time of the hearing. The clerk shall also provide a written notice of that hearing to all persons appearing at the hearing before the commissioner or referee. The hearing in superior court shall take place no earlier than 15 days nor later than 20 days following the mailing of the recommended order to all parties. The hearing before the superior court shall not be continued to a date more than 10 days after the date originally set for hearing. Section 1013 does not apply to these time limits.

(d) Except as provided in subdivision (e), on the appointed hearing date, the superior court shall independently review the record of the original hearing, any supplemental papers filed, hear any oral objections and responses thereto, and either adopt the recommended order or modify it on such terms as the interests of justice require.

(e) Notwithstanding subdivision (d), on its own motion, the superior court may rehear the matter. Any rehearing determined

necessary by the court shall be heard within 10 days of the date of the hearing required by subdivision (d). At the conclusion of the hearing, the superior court shall either adopt the recommended order or modify it on such terms as the interests of justice require.

(f) If no objection to the recommended order is presented to the court on the date specified in subdivision (c), the court shall adopt the recommended order, unless it modifies it on its own motion, consistent with the interests of justice, as described in subdivision (e).

SEC. 3. Section 4846 of the Family Code is amended to read:

4846. (a) A previous determination of paternity made by another state, whether established through voluntary acknowledgment procedures in effect in that state or through administrative or judicial processes, shall be given full faith and credit by the courts in this state. It has the same effect as a paternity determination made by this state and may be enforced and satisfied in a like manner.

(b) If the obligor asserts as a defense that he is not the father of the child for whom support is sought and it appears to the court that the issue of paternity has not previously been determined in this state or another state, and if both of the parties are present at the hearing or the proof required in the case indicates that the presence of either or both of the parties is not necessary, the court may adjudicate the paternity issue. Otherwise, the court may adjourn the hearing until the paternity issue has been adjudicated.

SEC. 3.5. Section 7552 of the Family Code is amended to read:

7552. The tests shall be made by experts qualified as examiners of blood types who shall be appointed by the court. Any party or person at whose suggestion the tests have been ordered may demand that other experts, qualified as examiners of blood types, perform independent tests under order of the court, the results of which may be offered in evidence. The number and qualifications of these experts shall be determined by the court.

SEC. 3.7. Section 7552.5 is added to the Family Code, to read:

7552.5. (a) A copy of the results of all blood tests performed under Section 7552 shall be served upon all parties, by any method of service authorized under Chapter 5 (commencing with Section 1010) of Title 14 of Part 2 of the Code of Civil Procedure except personal service, no later than 20 days prior to any hearing in which the blood test results may be admitted into evidence. The blood test results shall be accompanied by a declaration under penalty of perjury of the custodian of records or other qualified employee of the laboratory that conducted the blood tests, stating in substance each of the following:

(1) The declarant is the duly authorized custodian of the records or other qualified employee of the laboratory, and has authority to certify the records.

(2) A statement which establishes in detail the chain of custody of all blood samples drawn, including the date on which the blood was

drawn, the identity of each person from whom blood was drawn, the identity of the person who performed or witnessed the drawing of the blood samples and packaged them for transmission to the laboratory, the date on which the blood samples were received by the laboratory, the identity of the person who unpacked the samples and forwarded them to the person who performed the laboratory analysis of the blood, and the identification and qualifications of all persons who performed the laboratory analysis and published the results.

(3) A statement which establishes that the procedures used by the laboratory to conduct the tests for which the test results are attached are used in the laboratory's ordinary course of business to ensure accuracy and proper identification of blood samples.

(4) The blood test results were prepared at or near the time of completion of the blood tests by personnel of the business qualified to perform blood tests in the ordinary course of business.

(b) The blood test results shall be admitted into evidence at the hearing or trial to establish paternity, without the need for foundation testimony of authenticity and accuracy, unless a written objection to the blood test results is filed with the court and served on all other parties, by any party no later than five days prior to the hearing or trial where paternity is at issue.

(c) If a written objection is filed by the court and served on all parties within the time specified in subdivision (b), the experts appointed by the court shall be called by the court as witnesses to testify to their findings and are subject to cross-examination by the parties.

SEC. 4. Section 7573 of the Family Code is repealed.

SEC. 5. Section 7575 of the Family Code is amended to read:

7575. (a) (1) The presumption established by this chapter may be rebutted by any person by requesting blood or genetic tests pursuant to Chapter 2 (commencing with Section 7550). The notice of motion for blood or genetic tests pursuant to this section shall be supported by a declaration under oath submitted by the moving party stating the factual basis for placing the issue of paternity before the court. The notice of motion for blood tests shall be made within three years from the date of execution of the declaration by the attesting father, or by the attesting mother, whichever signature is later. The two-year statute of limitations specified in subdivision (b) of Section 7541 is inapplicable for purposes of this section.

(2) The Judicial Council, in consultation with the Family Support Council, the State Department of Social Services, a legal services organization providing representation on child support matters, and representatives of the Senate Judiciary Committee and the Assembly Judiciary Committee, shall develop the forms and procedures necessary to effectuate this subdivision.

(b) A presumption under this chapter shall override all statutory presumptions of paternity except a presumption arising under Section 7540 or 7555.

SEC. 6. Section 7576 of the Family Code is amended to read:

7576. (a) If the declaration is not registered by the person responsible for registering live births at the hospital, clinic, or place of birth, it may be completed by the attesting parents and mailed to the State Office of Vital Records and Statistics at any time after the child's birth.

(b) Declarations shall be made available without charge at all district attorney offices within this state. The State Department of Social Services and district attorneys shall publicize the availability of the declarations. The district attorney shall make the declaration, together with the informational pamphlets described in subdivision (a) of Section 7572, available upon request to any parent. The district attorney shall also provide qualified staff to answer parents' questions regarding the declaration and the process of establishing paternity.

(c) The declaration, whether filed by the person responsible for registering live births, or by the parents at a later date, shall be numerically matched to the birth certificate.

(d) Certified copies of the declaration shall be made available only to the parents, the child, the district attorney, and the State Department of Social Services.

SEC. 7. Section 7644 is added to the Family Code, to read:

7644. (a) Notwithstanding any other law, an action for child custody and support and for other relief as provided in Section 7637 may be filed based upon a voluntary declaration of paternity as provided in Chapter 3 (commencing with Section 7570) of Part 2.

(b) A copy of the voluntary declaration of paternity shall be filed with the complaint seeking the relief specified in subdivision (a). A copy of the voluntary declaration of paternity shall be served with the complaint on the party against whom the child custody or support order is sought.

(c) The court shall enter a judgment determining the existence of a parent and child relationship between the child and the attesting father named in the voluntary declaration of paternity unless one of the parties files a written objection to the voluntary declaration and the objection is filed within the three-year period specified in Section 7575. If an objection is filed in a timely manner pursuant to Section 7575, the court shall order blood tests and determine the issue of paternity pursuant to the procedures set forth in Section 7541.

(d) The court shall issue an order for support for the minor child pursuant to Section 3600 during the pendency of any proceeding under this section.

(e) The Judicial Council, in consultation with the California Family Support Council, the State Department of Social Services, a legal services organization providing representation on child support matters, and representatives of the Senate Judiciary Committee and the Assembly Judiciary Committee, shall develop the forms and procedures necessary to implement this section.

SEC. 8. Section 11350.1 of the Welfare and Institutions Code is amended to read:

11350.1. (a) Notwithstanding any other statute, in any action brought by the district attorney for child support of a minor child or children, the action may be prosecuted in the name of the county on behalf of the child, children, or caretaker parent. The caretaker parent shall not be a necessary party in the action but may be subpoenaed as a witness. In an action under this section there shall be no joinder of actions, or coordination of actions, or cross-complaints, and the issues shall be limited strictly to the question of paternity, if applicable, and child support, including an order for medical support. A final determination of parentage may be made in any action under this section as an incident to obtaining an order for support. An action for support or paternity pursuant to this section shall not be delayed or stayed because of the pendency of any other action between the parties. Judgment in an action brought pursuant to this section, and in an action brought pursuant to Section 11350, if at issue, may be rendered pursuant to a noticed motion, which shall inform the defendant that in order to exercise his or her right to trial, he or she must appear at the hearing on the motion.

If the defendant appears at the hearing on the motion, the court shall inquire of him or her if he or she desires to subpoena evidence and witnesses, if paternity is at issue and blood tests have not already been conducted whether he or she desires blood tests, and if he or she desires a trial. If his or her answer is in the affirmative, a continuance shall be granted to allow him or her to exercise those rights. A continuance shall not postpone the hearing to more than 75 days from the date of service of the summons and complaint. In the event that a continuance is granted, the court may make an order for temporary support without prejudice to the right of the court to make an order for temporary support as otherwise allowed by law.

(b) In any action to enforce a spousal support order the action may be pled in the name of the county in the same manner as an action to establish a child support obligation. The same restrictions on joinder of actions, coordination of actions, and cross-complaints, and delay because of the pendency of any other action as relates to actions to establish a child support obligation shall also apply to actions to enforce a spousal support order. Nothing contained in this section shall be construed to prevent the parties from bringing an independent action under the Family Code or otherwise, and litigating the issue of support. In that event, the court in those proceedings shall make an independent determination on the issue of support which shall supersede the support order made pursuant to this section.

SEC. 9. Section 11350.3 is added to the Welfare and Institutions Code, to read:

11350.3. In any action filed by the district attorney pursuant to Section 11350 or 11350.1, the district attorney shall provide the mother and the alleged father the opportunity to voluntarily acknowledge paternity by signing a paternity declaration as

described in Section 7574 of the Family Code prior to a hearing or trial where the paternity of a minor child is at issue. The opportunity to voluntarily acknowledge paternity may be provided either before or after an action pursuant to Section 11350 or 11350.1 is filed and served upon the alleged father.

SEC. 10. Section 11350.4 is added to the Welfare and Institutions Code, to read:

11350.4. (a) Notwithstanding any other law, an action for child support may be brought by the district attorney on behalf of a minor child or caretaker parent based upon a voluntary declaration of paternity as provided in Section 7571 of the Family Code.

(b) A copy of the voluntary declaration of paternity shall be filed with the complaint for child support filed by the district attorney, and a copy shall be served with the complaint on the party against whom the child support order is sought.

(c) The court shall enter a judgment determining the existence of a parent and child relationship between the child and the attesting father named in the voluntary declaration of paternity unless a written objection to the voluntary declaration of paternity is filed with the court within the three-year period specified in Section 7575 of the Family Code. If an objection is filed in a timely manner, the court shall order blood tests and determine the issue of paternity pursuant to Section 7541 of the Family Code.

(d) The court shall issue an order for support for the minor child pursuant to Section 3600 of the Family Code during the pendency of any proceeding to determine parentage.

(e) The Judicial Council, in consultation with the California Family Support Council, the State Department of Social Services, a legal services organization providing representation on child support matters, and representatives of the Senate Judiciary Committee and the Assembly Judiciary Committee, shall develop the forms and procedures necessary to implement this section.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 8172 of the Education Code is amended to read:

8172. (a) The Department of Justice shall establish a trustline registry pursuant to this chapter. Upon submission of the trustline application, fingerprints pursuant to subdivision (a) of Section 8171, and all other information required to be provided to the State Department of Social Services pursuant to Section 1596.871 of the Health and Safety Code, including, but not limited to, the full criminal record, if any, of those persons, the Department of Justice shall enter into the trustline registry the provider's name, identification card number, and an indicator that the provider has submitted an application and fingerprints. This provider shall be known as a "trustline applicant."

(b) Upon completion of the searches of the California Criminal History System and the California Child Abuse Central Index, if no reported criminal conviction or substantiated child abuse information that would disqualify the provider from being licensed by the State Department of Social Services as a child care provider is found, the Department of Justice shall enter that finding in the provider's record in the trustline registry and shall notify the provider of the action. This provider shall be known as a "registered trustline child care provider."

(c) If, in any of the two searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could not request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall notify the provider that he or she is not eligible to be a registered trustline child care provider, or in the case where a provider was previously registered, that he or she is no longer eligible to be a registered trustline child care provider. Also, the provider's record as a trustline applicant or a registered child care provider shall be removed from the registry.

(d) (1) If, in any of the two searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could request an exemption from

the Director of Social Services for a license as a child care provider is found, the Department of Justice shall review the information and either register the person as a registered trustline child care provider or deny the registration. In either case, the Department of Justice shall notify the provider of its action. In the event of a denial, the Department of Justice shall remove the provider's record as a trustline applicant from the registry.

(2) If the Department of Justice denies registration pursuant to paragraph (1), it shall advise the provider of the right to appeal. The provider shall have 15 days to appeal the denial. Upon receipt by the Department of Justice of the appeal, the appeal shall be set for hearing. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department has all the powers granted in that chapter.

(e) (1) The Department of Justice shall adopt regulations that are parallel to those used by the State Department of Social Services in determining whether a person applying for a license for a child day care facility may be granted an exemption to work in a day care facility despite a criminal conviction or a determination of substantiated child abuse. If an appeal is requested, the Department of Justice shall make the determination within 30 days, based upon the regulations adopted.

(2) Notwithstanding paragraph (1), the background examination required pursuant to this chapter shall not include review of the Automated Name Index of the Department of Motor Vehicles.

(3) In order to expedite the implementation of this chapter, regulations adopted for the purposes of Chapter 3.65 (commencing with Section 1597.80) shall be used for the purposes of this chapter to the extent that those regulations are consistent with this chapter.

(4) Any determination made by the Department of Justice pursuant to this section to grant or deny registration to a provider shall not be legally binding on the State Department of Social Services.

(5) Any determination made by the State Department of Social Services pursuant to Section 1596.871 of the Health and Safety Code to grant or deny a criminal records exemption to a person shall not be legally binding on the Department of Justice.

(f) The Department of Justice may charge a provider initiating a background examination a fee. Apportionment of the proceeds collected by the Department of Justice from this fee will occur on a percentage basis with a portion of the fee being allocated to the Department of Justice and the remainder to the State Department of Education. The percentages allocated will be reviewed annually by the Department of Justice, the State Department of Education, and the California Child Care Resource Referral Network. The Department of Justice and the State Department of Education shall enter into an interagency agreement for the purpose of transferring funds to offset the costs incurred by the California Child Care

Resource and Referral Network to implement the trustline program pursuant to this chapter. The maximum fee may not exceed the total actual costs of all of the following:

(1) The searches of the California Criminal History System and the California Child Abuse Central Index performed by the Department of Justice.

(2) The information and technical assistance provided by the California Child Care Resource and Referral Network to parents, providers, and employment agencies.

(3) The implementation by the local child care resource and referral programs of the trustline program.

All moneys collected by the Department of Justice to implement this chapter shall be continuously appropriated without regard to fiscal year for expenditure pursuant to this chapter.

(g) The Department of Justice shall maintain and continually update an index of reports of substantiated child abuse by, and pertinent criminal convictions of, providers and shall review the reports received from the child abuse index pursuant to Section 11170 of the Penal Code to determine if the child abuse of the provider is substantiated. The Department of Justice shall continually update the trustline registry pursuant to the actions required in subdivisions (c) and (d) of this section.

(h) The Department of Justice shall provide the California Child Care Resource and Referral Network with a continually updated record of the trustline applicants and the registered trustline child care providers.

(i) Notwithstanding any provision of law to the contrary, including Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code, state officers or employees shall not be liable for any damages caused by their conduct pursuant to this chapter except for intentional acts or gross negligence.

(j) Nothing in this chapter shall preclude the Superintendent of Public Instruction from compiling additional information from any source concerning the employment of any child care provider who is compensated with funds administered by the State Department of Education.

(k) Notwithstanding any other provision of this section, the Department of Justice may consider the licensing records of the State Department of Social Services in granting, denying, or continuing the registration. If the records of the State Department of Social Services disclose that conduct by the applicant demonstrates that registration would be inimical to the health and safety of the children of this state, the Department of Justice shall deny the registration and the applicant shall have the appeal rights of this section. The Department of Justice shall have access to the licensing files of the State Department of Social Services for the purposes of carrying out its functions under this section.

(l) Upon written request by the provider, the Department of Justice may permit the State Department of Social Services to have

access to the Trustline Registrant Information System if the provider seeks to obtain a criminal record clearance from the State Department of Social Services.

SEC. 1.5. Section 8172 of the Education Code is amended to read:

8172. (a) The Department of Justice shall establish a trustline registry pursuant to this chapter. Upon submission of the trustline application, fingerprints pursuant to subdivision (a) of Section 8171, and all other information required to be provided to the State Department of Social Services pursuant to Section 1596.871 of the Health and Safety Code, including, but not limited to, the full criminal record, if any, of those persons, the Department of Justice shall enter into the trustline registry the provider's name, identification card number, and an indicator that the provider has submitted an application and fingerprints. This provider shall be known as a "trustline applicant."

(b) Upon completion of the searches of the California Criminal History System and the California Child Abuse Central Index, and, if applicable, the records of the Federal Bureau of Investigation, if no reported criminal conviction or substantiated child abuse information that would disqualify the provider from being licensed by the State Department of Social Services as a child care provider is found, the Department of Justice shall enter that finding in the provider's record in the trustline registry and shall notify the provider of the action. This provider shall be known as a "registered trustline child care provider."

(c) If, in any of the searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could not request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall notify the provider that he or she is not eligible to be a registered trustline child care provider, or in the case where a provider was previously registered, that he or she is no longer eligible to be a registered trustline child care provider. Also the provider's record as a trustline applicant or a registered child care provider shall be removed from the registry.

(d) (1) If, in any of the searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall review the information and either register the person as a registered trustline child care provider or deny the registration. In either case, the Department of Justice shall notify the provider of its action. In the event of a denial, the Department of Justice shall remove the provider's record as a trustline applicant from the registry.

(2) If the Department of Justice denies registration pursuant to paragraph (1), it shall advise the provider of the right to appeal. The

provider shall have 15 days to appeal the denial. Upon receipt by the Department of Justice of the appeal, the appeal shall be set for hearing. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department has all the powers granted in that chapter.

(e) (1) The Department of Justice shall adopt regulations that are parallel to those used by the State Department of Social Services in determining whether a person applying for a license for a child day care facility may be granted an exemption to work in a day care facility despite a criminal conviction or a determination of substantiated child abuse. If an appeal is requested, the Department of Justice shall make the determination within 30 days, based upon the regulations adopted.

(2) Notwithstanding paragraph (1), the background examination required pursuant to this chapter shall not include review of the Automated Name Index of the Department of Motor Vehicles.

(3) In order to expedite the implementation of this chapter, regulations adopted for the purposes of Chapter 3.65 (commencing with Section 1597.80) shall be used for the purposes of this chapter to the extent that those regulations are consistent with this chapter.

(4) Any determination made by the Department of Justice pursuant to this section to grant or deny registration to a provider shall not be legally binding on the State Department of Social Services.

(5) Any determination made by the State Department of Social Services pursuant to Section 1596.871 of the Health and Safety Code to grant or deny a criminal records exemption to a person shall not be legally binding on the Department of Justice.

(f) The Department of Justice may charge a provider initiating a background examination a fee. Apportionment of the proceeds collected by the Department of Justice from this fee will occur on a percentage basis with a portion of the fee being allocated to the Department of Justice and the remainder to the State Department of Education. The percentages allocated will be reviewed annually by the Department of Justice, the State Department of Education, and the California Child Care Resource Referral Network. The Department of Justice and the State Department of Education shall enter into an interagency agreement for the purpose of transferring funds to offset the costs incurred by the California Child Care Resource and Referral Network to implement the trustline program pursuant to this chapter. The maximum fee may not exceed the total actual costs of all of the following:

(1) The searches of the California Criminal History System and the California Child Abuse Central Index performed by the Department of Justice.

(2) The cost incurred by the Department of Justice for the searches of the records of the Federal Bureau of Investigation.

(3) The information and technical assistance provided by the

California Child Care Resource and Referral Network to parents, providers, and employment agencies.

(4) The implementation by the local child care resource and referral programs of the trustline program.

All moneys collected by the Department of Justice to implement this chapter shall be continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this chapter.

(g) The Department of Justice shall maintain and continually update an index of reports of substantiated child abuse by, and pertinent criminal convictions of, providers and shall review the reports received from the child abuse index pursuant to Section 11170 of the Penal Code to determine if the child abuse of the provider is substantiated. The Department of Justice shall continually update the trustline registry pursuant to the actions required in subdivisions (c) and (d) of this section.

(h) The Department of Justice shall provide the California Child Care Resource and Referral Network with a continually updated record of the trustline applicants and the registered trustline child care providers.

(i) Notwithstanding any provision of law to the contrary, including Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code, state officers or employees shall not be liable for any damages caused by their conduct pursuant to this chapter except for intentional acts or gross negligence.

(j) Nothing in this chapter shall preclude the Superintendent of Public Instruction from compiling additional information from any source concerning the employment of any child care provider who is compensated with funds administered by the State Department of Education.

(k) Notwithstanding any other provision of this section, the Department of Justice may consider the licensing records of the State Department of Social Services in granting, denying, or continuing the registration. If the records of the State Department of Social Services disclose that conduct by the applicant demonstrates that registration would be inimical to the health and safety of the children of this state, the Department of Justice shall deny the registration and the applicant shall have the appeal rights of this section. The Department of Justice shall have access to the licensing files of the State Department of Social Services for the purposes of carrying out its functions under this section.

(l) Upon written request by the provider, the Department of Justice may permit the State Department of Social Services to have access to the Trustline Registrant Information System if the provider seeks to obtain a criminal record clearance from the State Department of Social Services.

SEC. 2. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with

community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a, of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or

corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another

crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption even if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a, of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of

perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal/cohabitant abuse, or for any crime for which the department can not grant an exemption if the person was convicted, and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of *nolo contendere*. Any action which the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be *prima facie*

evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for a license, special permit, or certificate of approval pursuant to subdivision (d), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 2.5. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII) to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, paragraph (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, of any of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded,

the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulation to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of a crime other than

a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal/cohabitant abuse or for any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of subdivision (a) Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish

conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of *nolo contendere*. Any action which the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be *prima facie* evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for a license, special permit, or certificate of approval pursuant to subdivision (d), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of subdivision (a) Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee

or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) In order to expedite the current criminal record clearance and fingerprint process of the Department of Justice pursuant to subdivisions (a) and (c), the Department of Justice shall complete work on all of its current backlog of criminal records clearances for community care facilities licensed by the State Department of Social Services by July 1, 1995.

(2) Effective January 1, 1995, the Department of Justice shall complete all new requests for criminal record clearances for community care facilities within 30 days of receipt.

(3) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in two district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1995. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1996, and shall become part of that department's pilot project in accordance with its long range plan. The State Department of Social Services may charge a fee not to exceed five dollars (\$5) or the actual cost of processing a set of live-scan fingerprints.

(4) The Department of Justice shall provide a report to the

Assembly Human Services Committee and to the Senate Health and Human Services Committee by July 15, 1995, regarding the completion of backlogged criminal record clearance requests pursuant to paragraph (1) and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (3). The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by April 15, 1996, regarding the progress of the implementation of the statewide CAL-CII system; the number of requests for criminal clearances received pursuant to this section during the previous year; the number of criminal record clearances requested and completed pursuant to this section within a 17-day "expedite" period or within the 30-day period required by paragraph (2); and the number of requests and reasons for delays beyond the 30-day period.

SEC. 3. Section 1551.1 is added to the Health and Safety Code, to read:

1551.1. (a) The administrative law judge conducting a hearing under this article may permit the testimony of a child witness, or a similarly vulnerable witness, including a witness who is developmentally disabled, to be taken outside the presence of the respondent or respondents if all of the following conditions exist:

(1) The administrative law judge determines that taking the witness's testimony outside the presence of the respondent or respondents is necessary to ensure truthful testimony.

(2) The witness is likely to be intimidated by the presence of the respondent or respondents.

(3) The witness is afraid to testify in front of the respondent or respondents.

(b) If the testimony of the witness is taken outside of the presence of the respondent or respondents, the department shall provide for the use of one-way closed-circuit television so the respondent or respondents can observe the testimony of the witness. Nothing in this section shall limit a respondent's right of cross-examination.

(c) The administrative law judge conducting a hearing under this section may clear the hearing room of any persons who are not a party to the action in order to protect any witness from intimidation or other harm, taking into account the rights of all persons.

SEC. 4. Section 1568.0651 is added to the Health and Safety Code, immediately after Section 1568.065, to read:

1568.0651. (a) The administrative law judge conducting a hearing under this article may permit the testimony of a child witness, or a similarly vulnerable witness, including a witness who is developmentally disabled, to be taken outside the presence of the respondent or respondents if all of the following conditions exist:

(1) The administrative law judge determines that taking the witness's testimony outside the presence of the respondent or respondents is necessary to ensure truthful testimony.

(2) The witness is likely to be intimidated by the presence of the

respondent or respondents.

(3) The witness is afraid to testify in front of the respondent or respondents.

(b) If the testimony of the witness is taken outside of the presence of the respondent or respondents, the department shall provide for the use of one-way closed-circuit television so the respondent or respondents can observe the testimony of the witness. Nothing in this section shall limit a respondent's right of cross-examination.

(c) The administrative law judge conducting a hearing under this section may clear the hearing room of any persons who are not a party to the action in order to protect any witness from intimidation or other harm, taking into account the rights of all persons.

SEC. 5. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, paragraph (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a, of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the residents. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the

volunteer is used to replace or supplement staff in providing direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, friend or family member and provides direct care and supervision to that resident only at the request of the resident. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with residents shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the residential care facility.

(2) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

(3) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense

specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the persons' employment, remove the person from the residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(e) The State Department of Social Services shall not use a record

of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (a) of Section 273a, or prior to January 1, 1994, or paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1568.092.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearance to be transferred.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 6. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to

the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, paragraph (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under

penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than 20 calendar days following employment, residence, or initial presence in the residential care facility for the elderly.

(2) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

(3) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in

consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of *nolo contendere*. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be *prima facie* evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, or paragraph (a) of Section 273a,

or prior to January 1, 1994, paragraph (1) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the State Department of Social Services that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 6.5. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. The Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person

specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code, or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than 20 calendar days following employment, residence, or initial presence in the residential care facility for the elderly.

(2) These fingerprints shall be on a card provided by the State

Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing.

(3) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of

his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of *nolo contendere*. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code shall be *prima facie* evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of subdivision (a) of Section 273a or Section 273d, or Section 288 or 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all

information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred under this section.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) (1) In order to expedite the current criminal record clearance and fingerprint process of the Department of Justice, the Department of Justice shall complete work on all of its current backlog of criminal record clearances for residential care facilities for the elderly licensed by the State Department of Social Services by July 1, 1995.

(2) Effective January 1, 1995, the Department of Justice shall complete all new requests for criminal record clearances for residential care facilities for the elderly within 30 days of receipt.

(3) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in two district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1995. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1996, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee not to exceed five dollars (\$5) or the actual cost of processing a set of live-scan fingerprints.

(4) The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by July 15, 1995, regarding the completion of backlogged criminal record clearance requests

pursuant to paragraph (1) and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (3). The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by April 15, 1996, regarding the progress of the implementation of the statewide CAL-CII system; the number of requests for criminal clearances received pursuant to this section during the previous year; the number of criminal record clearances requested and completed pursuant to this section within a 17-day "expedite" period or within the 30-day period required by paragraph (2); and the number of requests and reasons for delays beyond the 30-day period.

SEC. 7. Section 1569.511 is added to the Health and Safety Code, immediately following Section 1569.51, to read:

1569.511. (a) The administrative law judge conducting a hearing under this article may permit the testimony of a child witness, or a similarly vulnerable witness, including a witness who is developmentally disabled, to be taken outside the presence of the respondent or respondents if all of the following conditions exist:

(1) The administrative law judge determines that taking the witness's testimony outside the presence of the respondent or respondents is necessary to ensure truthful testimony.

(2) The witness is likely to be intimidated by the presence of the respondent or respondents.

(3) The witness is afraid to testify in front of the respondent or respondents.

(b) If the testimony of the witness is taken outside of the presence of the respondent or respondents, the department shall provide for the use of one-way closed-circuit television so the respondent or respondents can observe the testimony of the witness. Nothing in this section shall limit a respondent's right of cross-examination.

(c) The administrative law judge conducting a hearing under this section may clear the hearing room of any persons who are not a party to the action in order to protect any witness from intimidation or other harm, taking into account the rights of all persons.

SEC. 8. Section 1596.871 of the Health and Safety Code is amended to read:

1596.871. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph

(2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of an applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of that fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

(4) Any staff person or employee who has frequent and routine contact with the children. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of children in care. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility, as designated by the applicant agency.

(6) If the applicant is a local educational agency, the president of the governing board, the school district superintendent, or a person designated to administer the operation of the facility, as designated by the local educational agency.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(8) This section does not apply to adult volunteers or adult staff employed by the applicant on an intermittent basis for less than 10 days per month, provided that these adults are under constant supervision by adults who meet the requirements of this section.

(9) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission, including employees of child care and development programs that serve both children subsidized under, and children not subsidized under, a State Department of Education contract. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(10) This section does not apply to employees of a child care and development program operated by a school district, county office of education, or community college district under contract with the State Department of Education who have completed a criminal records clearance as a condition of employment. The school district, county office of education, or community college district upon receiving information that the status of an employee's criminal record clearance has changed shall submit that information to the department.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the child day care facility.

(2) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis

of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of *nolo contendere*. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be *prima facie* evidence of

conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a child day care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character so as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, or subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of Section 273a or 273d, or Section 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1596.8897.

(g) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(h) (1) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred.

SEC. 9. Section 1596.877 of the Health and Safety Code is amended to read:

1596.877. (a) Prior to granting a license to, or otherwise approving, any family day care home, the department shall check the child abuse and neglect complaint records of the child protective services agency of the county in which the applicant has resided for

the two years preceding the application.

(b) Prior to granting a license to or otherwise approving any individual to care for children in either a family day care home or a day care center, the department shall check the Child Abuse Registry pursuant to paragraph (3) of subdivision (b) of Section 11170 of the Penal Code.

(c) The department shall investigate any reports received from the Child Abuse Registry and investigate any information received from the county child protective services agency. However, child protective services agency information arising from a report designated as "unfounded," as defined pursuant to subdivision (a) of Section 11165.12 of the Penal Code, shall not be included in the investigation. The investigation shall include, but not be limited to, the review of the investigation report and file prepared by the child protective services agency that investigated the child abuse report. The department shall not deny a license based upon a report from the Child Abuse Registry or based on child abuse and neglect complaint records of the county child protective services agency unless child abuse is substantiated.

(d) On and after January 1, 1993, the department shall implement this section for records maintained by counties that have automated their child abuse and neglect complaint records on or before January 1, 1993. On and after July 1, 1993, the department shall implement this section for records maintained by all counties.

SEC. 10. Section 1596.8871 is added to the Health and Safety Code, immediately following Section 1596.887, to read:

1596.8871. (a) The administrative law judge conducting a hearing under this article may permit the testimony of a child witness, or a similarly vulnerable witness, including a witness who is developmentally disabled, to be taken outside the presence of the respondent or respondents if all of the following conditions exist:

(1) The administrative law judge determines that taking the witness's testimony outside the presence of the respondent or respondents is necessary to ensure truthful testimony.

(2) The witness is likely to be intimidated by the presence of the respondent or respondents.

(3) The witness is afraid to testify in front of the respondent or respondents.

(b) If the testimony of the witness is taken outside of the presence of the respondent or respondents, the department shall provide for the use of one-way closed-circuit television so the respondent or respondents can observe the testimony of the witness. Nothing in this section shall limit a respondent's right of cross-examination.

(c) The administrative law judge conducting a hearing under this section may clear the hearing room of any persons who are not a party to the action in order to protect any witness from intimidation or other harm, taking into account the rights of all persons.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 8171 of the Education Code is amended to read:

8171. (a) Each provider initiating a background examination process pursuant to this chapter shall obtain one set of fingerprints from a law enforcement agency or other local agency on a fingerprint card authorized by the Department of Justice and shall submit the fingerprints and a completed trustline application to the Department of Justice. The agency taking the fingerprints shall inscribe the serial number from the identification card described in Section 8170 on the fingerprint cards.

(b) A law enforcement agency or other local agency authorized to take fingerprints may charge a reasonable fee to offset the costs of fingerprinting for the purposes of this chapter.

(c) The Department of Justice shall use the fingerprints to search

the California Criminal History System and the California Child Abuse Central Index.

(d) A provider may request the Department of Justice to use a second set of fingerprints to search the records of the Federal Bureau of Investigation, in addition to the searches mandated in subdivision (c).

SEC. 2. Section 8172 of the Education Code is amended to read:

8172. (a) The Department of Justice shall establish a trustline registry pursuant to this chapter. Upon submission of the trustline application and fingerprints pursuant to subdivision (a) of Section 8171, the Department of Justice shall enter into the trustline registry the provider's name, identification card number, and an indicator that the provider has submitted an application and fingerprints. This provider shall be known as a "trustline applicant."

(b) Upon completion of the searches of the California Criminal History System and the California Child Abuse Central Index, and, if applicable, the records of the Federal Bureau of Investigation, if no reported criminal conviction or substantiated child abuse information that would disqualify the provider from being licensed by the State Department of Social Services as a child care provider is found, the Department of Justice shall enter that finding in the provider's record in the trustline registry and shall notify the provider of the action. This provider shall be known as a "registered trustline child care provider."

(c) If, in any of the searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could not request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall notify the provider that he or she is not eligible to be a registered trustline child care provider, or in the case where a provider was previously registered, that he or she is no longer eligible to be a registered trustline child care provider. Also the provider's record as a trustline applicant or a registered child care provider shall be removed from the registry.

(d) (1) If, in any of the searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall review the information and either register the person as a registered trustline child care provider or deny the registration. In either case, the Department of Justice shall notify the provider of its action. In the event of a denial, the Department of Justice shall remove the provider's record as a trustline applicant from the registry.

(2) If the Department of Justice denies registration pursuant to paragraph (1), it shall advise the provider of the right to appeal. The provider shall have 15 days to appeal the denial. Upon receipt by the

Department of Justice of the appeal, the appeal shall be set for hearing. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department has all the powers granted in that chapter.

(e) (1) The Department of Justice shall adopt regulations that are parallel to those used by the State Department of Social Services in determining whether a person applying for a license for a child day care facility may be granted an exemption to work in a day care facility despite a criminal conviction or a determination of substantiated child abuse. If an appeal is requested, the Department of Justice shall make the determination within 30 days, based upon the regulations adopted.

(2) Notwithstanding paragraph (1), the background examination required pursuant to this chapter shall not include review of the Automated Name Index of the Department of Motor Vehicles.

(3) In order to expedite the implementation of this chapter, regulations adopted for the purposes of Chapter 3.65 (commencing with Section 1597.80) shall be used for the purposes of this chapter to the extent that those regulations are consistent with this chapter.

(f) The Department of Justice may charge a provider initiating a background examination a fee. Apportionment of the proceeds collected by the Department of Justice from this fee will occur on a percentage basis with a portion of the fee being allocated to the Department of Justice and the remainder to the State Department of Education. The percentages allocated will be reviewed annually by the Department of Justice, the State Department of Education, and the California Child Care Resource Referral Network. The Department of Justice and the State Department of Education shall enter into an interagency agreement for the purpose of transferring funds to offset the costs incurred by the California Child Care Resource and Referral Network to implement the trustline program pursuant to this chapter. The maximum fee may not exceed the total actual costs of all of the following:

(1) The searches of the California Criminal History System and the California Child Abuse Central Index performed by the Department of Justice.

(2) The cost incurred by the Department of Justice for the searches of the records of the Federal Bureau of Investigation.

(3) The information and technical assistance provided by the California Child Care Resource and Referral Network to parents, providers, and employment agencies.

(4) The implementation by the local child care resource and referral programs of the trustline program.

All moneys collected by the Department of Justice to implement this chapter shall be continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this chapter.

(g) The Department of Justice shall maintain and continually update an index of reports of substantiated child abuse by, and

pertinent criminal convictions of, providers and shall review the reports received from the child abuse index pursuant to Section 11170 of the Penal Code to determine if the child abuse of the provider is substantiated. The Department of Justice shall continually update the trustline registry pursuant to the actions required in subdivisions (c) and (d) of this section.

(h) The Department of Justice shall provide the California Child Care Resource and Referral Network with a continually updated record of the trustline applicants and the registered trustline child care providers.

(i) Notwithstanding any provision of law to the contrary, including Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code, state officers or employees shall not be liable for any damages caused by their conduct pursuant to this chapter except for intentional acts or gross negligence.

(j) Nothing in this chapter shall preclude the Superintendent of Public Instruction from compiling additional information from any source concerning the employment of any child care provider who is compensated with funds administered by the State Department of Education.

SEC. 2.5. Section 8172 of the Education Code is amended to read:

8172. (a) The Department of Justice shall establish a trustline registry pursuant to this chapter. Upon submission of the trustline application, fingerprints pursuant to subdivision (a) of Section 8171, and all other information required to be provided to the State Department of Social Services pursuant to Section 1596.871 of the Health and Safety Code, including, but not limited to, the full criminal record, if any, of those persons, the Department of Justice shall enter into the trustline registry the provider's name, identification card number, and an indicator that the provider has submitted an application and fingerprints. This provider shall be known as a "trustline applicant."

(b) Upon completion of the searches of the California Criminal History System and the California Child Abuse Central Index, and, if applicable, the records of the Federal Bureau of Investigation, if no reported criminal conviction or substantiated child abuse information that would disqualify the provider from being licensed by the State Department of Social Services as a child care provider is found, the Department of Justice shall enter that finding in the provider's record in the trustline registry and shall notify the provider of the action. This provider shall be known as a "registered trustline child care provider."

(c) If, in any of the searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could not request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall notify the provider that he or she is not eligible to be a registered trustline child care provider, or

in the case where a provider was previously registered, that he or she is no longer eligible to be a registered trustline child care provider. Also the provider's record as a trustline applicant or a registered child care provider shall be removed from the registry.

(d) (1) If, in any of the searches, or in any report that is received by the Department of Justice subsequent to these searches, reported criminal conviction or substantiated child abuse information for which the provider could request an exemption from the Director of Social Services for a license as a child care provider is found, the Department of Justice shall review the information and either register the person as a registered trustline child care provider or deny the registration. In either case, the Department of Justice shall notify the provider of its action. In the event of a denial, the Department of Justice shall remove the provider's record as a trustline applicant from the registry.

(2) If the Department of Justice denies registration pursuant to paragraph (1), it shall advise the provider of the right to appeal. The provider shall have 15 days to appeal the denial. Upon receipt by the Department of Justice of the appeal, the appeal shall be set for hearing. The hearing shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department has all the powers granted in that chapter.

(e) (1) The Department of Justice shall adopt regulations that are parallel to those used by the State Department of Social Services in determining whether a person applying for a license for a child day care facility may be granted an exemption to work in a day care facility despite a criminal conviction or a determination of substantiated child abuse. If an appeal is requested, the Department of Justice shall make the determination within 30 days, based upon the regulations adopted.

(2) Notwithstanding paragraph (1), the background examination required pursuant to this chapter shall not include review of the Automated Name Index of the Department of Motor Vehicles.

(3) In order to expedite the implementation of this chapter, regulations adopted for the purposes of Chapter 3.65 (commencing with Section 1597.80) shall be used for the purposes of this chapter to the extent that those regulations are consistent with this chapter.

(4) Any determination made by the Department of Justice pursuant to this section to grant or deny registration to a provider shall not be legally binding on the State Department of Social Services.

(5) Any determination made by the State Department of Social Services pursuant to Section 1596.871 of the Health and Safety Code to grant or deny a criminal records exemption to a person shall not be legally binding on the Department of Justice.

(f) The Department of Justice may charge a provider initiating a background examination a fee. Apportionment of the proceeds collected by the Department of Justice from this fee will occur on a

percentage basis with a portion of the fee being allocated to the Department of Justice and the remainder to the State Department of Education. The percentages allocated will be reviewed annually by the Department of Justice, the State Department of Education, and the California Child Care Resource Referral Network. The Department of Justice and the State Department of Education shall enter into an interagency agreement for the purpose of transferring funds to offset the costs incurred by the California Child Care Resource and Referral Network to implement the trustline program pursuant to this chapter. The maximum fee may not exceed the total actual costs of all of the following:

(1) The searches of the California Criminal History System and the California Child Abuse Central Index performed by the Department of Justice.

(2) The cost incurred by the Department of Justice for the searches of the records of the Federal Bureau of Investigation.

(3) The information and technical assistance provided by the California Child Care Resource and Referral Network to parents, providers, and employment agencies.

(4) The implementation by the local child care resource and referral programs of the trustline program.

All moneys collected by the Department of Justice to implement this chapter shall be continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this chapter.

(g) The Department of Justice shall maintain and continually update an index of reports of substantiated child abuse by, and pertinent criminal convictions of, providers and shall review the reports received from the child abuse index pursuant to Section 11170 of the Penal Code to determine if the child abuse of the provider is substantiated. The Department of Justice shall continually update the trustline registry pursuant to the actions required in subdivisions (c) and (d) of this section.

(h) The Department of Justice shall provide the California Child Care Resource and Referral Network with a continually updated record of the trustline applicants and the registered trustline child care providers.

(i) Notwithstanding any provision of law to the contrary, including Part 3 (commencing with Section 900) of Division 3.6 of Title 1 of the Government Code, state officers or employees shall not be liable for any damages caused by their conduct pursuant to this chapter except for intentional acts or gross negligence.

(j) Nothing in this chapter shall preclude the Superintendent of Public Instruction from compiling additional information from any source concerning the employment of any child care provider who is compensated with funds administered by the State Department of Education.

(k) Notwithstanding any other provision of this section, the Department of Justice may consider the licensing records of the State Department of Social Services in granting, denying, or

continuing the registration. If the records of the State Department of Social Services disclose that conduct by the applicant demonstrates that registration would be inimical to the health and safety of the children of this state, the Department of Justice shall deny the registration and the applicant shall have the appeal rights of this section. The Department of Justice shall have access to the licensing files of the State Department of Social Services for the purposes of carrying out its functions under this section.

(l) Upon written request by the provider, the Department of Justice may permit the State Department of Social Services to have access to the Trustline Registrant Information System if the provider seeks to obtain a criminal record clearance from the State Department of Social Services.

Registration is required for providers who receive compensation pursuant to Subchapter IV (commencing with Section 601) of Chapter 7 of Title 42 of the United States Code only to the extent permitted by that law and the regulations adopted pursuant thereto. This section applies only to child care providers, as defined by Section 8170, who register for payment under subchapter IV (commencing with Section 601) of Chapter 7 of Title 42 of the United States Code after the implementation of the trustline registration system in those programs. SEC. 2.2. Section 394 of the Code of Civil Procedure is amended to read:

394. (a) An action or proceeding against a county, or city and county, a city, or local agency, may be tried in such county, or city and county, or the county in which such city or local agency is situated, unless the action or proceeding is brought by a county, or city and county, a city, or local agency, in which case it may be tried in any county, or city and county, not a party thereto and in which the city or local agency is not situated. Except for actions initiated by the district attorney pursuant to Section 11350, 11350.1, 11475.1, or 11476.1 of the Welfare and Institutions Code, any action or proceeding brought by a county, city and county, city, or local agency within a certain county, or city and county, against a resident of another county, city and county, or city, or a corporation doing business in the latter, shall be, on motion of either party, transferred for trial to a county, or city and county, other than the plaintiff, if the plaintiff is a county, or city and county, and other than that in which the plaintiff is situated, if the plaintiff is a city, or a local agency, and other than that in which the defendant resides, or is doing business, or is situated. Whenever an action or proceeding is brought against a county, city and county, city, or local agency, in any county, or city and county, other than the defendant, if the defendant is a county, or city and county, or, if the defendant is a city, or local agency, other than that in which the defendant is situated, the action or proceeding must be, on motion of the said defendant, transferred for trial to a county, or city and county, other than that in which the plaintiff, or any of the plaintiffs, resides, or is doing business, or is situated, and other than the plaintiff county, or city and county, or county in which such plaintiff city or local agency is situated, and other than the defendant county, or city and county, or county in which such defendant city or local agency is situated; provided, however, that any action or proceeding against the city, county, city and county, or local agency for injury occurring within the city, county, or city and

county, or within the county in which such local agency is situated, to person or property or person and property caused by the negligence or alleged negligence of such city, county, city and county, local agency, or its agents or employees, shall be tried in such county, or city and county, or if a city is a defendant, in such city or in the county in which such city is situated, or if a local agency is a defendant, in such county in which such local agency is situated. In any such action or proceeding, the parties thereto may, by stipulation in writing, or made in open court, and entered in the minutes, agree upon any county, or city and county, for the place of trial thereof. When the action or proceeding is one in which a jury is not of right, or in case a jury be waived, then in lieu of transferring the cause the court in the original county may request the chairman of the Judicial Council to assign a disinterested judge from a neutral county to hear said cause and all proceedings in connection therewith. When such action or proceeding is transferred to another county for trial, a witness required to respond to a subpoena for a hearing within the original county shall be compelled to attend hearings in the county to which the cause is transferred. If the demand for transfer be made by one party and the opposing party does not consent thereto the additional costs of the nonconsenting party occasioned by the transfer of the cause, including living and traveling expenses of said nonconsenting party and material witnesses, found by the court to be material, and called by such nonconsenting party, not to exceed five dollars (\$5) per day each in excess of witness fees and mileage otherwise allowed by law, shall be assessed by the court hearing the cause against the party requesting the transfer. To the extent of such excess, such costs shall be awarded to the nonconsenting party regardless of the outcome of the trial. This section shall apply to actions or proceedings now pending or hereafter brought.

(b) Any court in a county hereinabove designated as a proper county, which has jurisdiction of the subject matter of the action or proceeding, is a proper court for the trial thereof.

(c) For the purposes of this section, "local agency" shall mean any governmental district, board, or agency, or any other local governmental body or corporation, but shall not include the State of California or any of its agencies, departments, commissions, or boards.

SEC. 2.4. Section 395 of the Code of Civil Procedure is amended to read:

395. (a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial

of the action. In a proceeding for dissolution of marriage, the county in which either the petitioner or respondent has been a resident for three months next preceding the commencement of the proceeding is the proper county for the trial of the proceeding. In a proceeding for nullity of marriage or legal separation of the parties, the county in which either the petitioner or the respondent resides at the commencement of the proceeding is the proper county for the trial of the proceeding. In a proceeding to enforce an obligation of support under Section 3900 of the Family Code, the county in which the child resides is the proper county for the trial of the action. In a proceeding to establish and enforce a foreign judgment or court order for the support of a minor child, the county in which the child resides is the proper county for the trial of the action. Subject to subdivision (b), when a defendant has contracted to perform an obligation in a particular county, either the county where the obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on that obligation, and the county in which the obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his or her complaint, and, if the defendant is about to depart from the state, the action may be tried in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he or she resides, his or her residence shall not be considered in determining the proper place for the trial of the action.

(b) Subject to the power of the court to transfer actions or proceedings as provided in this title, in an action arising from an offer or provision of goods, services, loans or extensions of credit intended primarily for personal, family or household use, other than an obligation described in Section 1812.10 or Section 2984.4 of the Civil Code, or an action arising from a transaction consummated as a proximate result of an unsolicited telephone call made by a seller engaged in the business of consummating transactions of that kind, the county in which the buyer or lessee in fact signed the contract, the county in which the buyer or lessee resided at the time the contract was entered into, or the county in which the buyer or lessee resides at the commencement of the action is the proper county for the trial thereof.

(c) If within the county there is a municipal or justice court having jurisdiction of the subject matter established, in the cases mentioned in subdivision (a), in the judicial district in which the defendant or any defendant resides, in which the injury to person or

personal property or the injury causing death occurs, or, in which the obligation was contracted to be performed or, in cases mentioned in subdivision (b), in the judicial district which the buyer or lessee resides, in which the buyer or lessee in fact signed the contract, in which the buyer or lessee resided at the time the contract was entered into, or in which the buyer or lessee resides at the commencement of the action, then that court is the proper court for the trial of the action. Otherwise, any municipal or justice court in the county having jurisdiction of the subject matter is a proper court for the trial thereof.

(d) Any provision of an obligation described in subdivision (b) or (c) waiving those subdivisions is void and unenforceable.

SEC. 2.6. Section 397.5 of the Code of Civil Procedure is amended to read:

397.5. In any proceeding for dissolution or nullity of marriage or legal separation of the parties under the Family Code, where it appears that both petitioner and respondent have moved from the county rendering the order, the court may, when the ends of justice and the convenience of the parties would be promoted by the change, order that the proceedings be transferred to the county of residence of either party.

SEC. 2.8. Section 464 of the Code of Civil Procedure is amended to read:

464. (a) The plaintiff and defendant, respectively, may be allowed, on motion, to make a supplemental complaint or answer, alleging facts material to the case occurring after the former complaint or answer.

(b) The plaintiff and defendant, or petitioner and respondent, may, in any action in which the support of children is an issue, file a supplemental complaint seeking a judgment or order of paternity or support for a child of the mother and father of the child whose paternity and support are already in issue before the court. A supplemental complaint for paternity or child support may be filed without leave of court either before or after final judgment in the underlying action.

(c) Upon the filing of a supplemental complaint, the court clerk shall issue an amended or supplemental summons pursuant to Section 412.10. Service of the supplemental summons and complaint shall be made in the manner provided for the initial service of a summons by this code.

SEC. 3. Section 583.161 of the Code of Civil Procedure is amended to read:

(a) An order for child support has been issued in connection with the proceeding and the order has not been (1) terminated by the court or (2) terminated by operation of law pursuant to Sections 3900, 3901, 4007, and 4013 of the Family Code.

(b) An order for spousal support has been issued in connection with the proceeding and the order has not been terminated by the court.

(c) The petition is for dissolution of the marriage and a separate trial on the issue of the status of the marriage has been conducted pursuant to Section 2337 of the Family Code.

SEC. 3.3. Section 1218 of the Code of Civil Procedure is amended to read:

1218. (a) Upon the answer and evidence taken, the court or judge must determine whether the person proceeded against is guilty of the contempt charged, and if it be adjudged that he or she is guilty of the contempt, a fine may be imposed on him or her not exceeding one thousand dollars (\$1,000), or he or she may be imprisoned not exceeding five days, or both.

(b) No party, who is in contempt of a court order or judgment in a dissolution of marriage or legal separation action, shall be permitted to enforce such an order or judgment, by way of execution or otherwise, either in the same action or by way of a separate action, against the other party. This restriction shall not affect nor apply to the enforcement of child or spousal support orders.

(c) In any court action in which a party is found in contempt of court for failure to comply with a court order pursuant to the Family Code, or Sections 11350 to 11476.1, inclusive, of the Welfare and Institutions Code, the court shall order the following:

(1) Upon a first finding of contempt, the court shall order the contemner to perform community service of up to 120 hours, or to be imprisoned up to 120 hours, for each count of contempt.

(2) Upon the second finding of contempt, the court shall order the contemner to perform community service of up to 120 hours, in addition to ordering imprisonment of the contemner up to 120 hours, for each count of contempt.

(3) Upon the third or any subsequent finding of contempt, the court shall order both of the following:

(A) The court shall order the contemner to serve a term of imprisonment of up to 240 hours, and to perform community service of up to 240 hours, for each count of contempt.

(B) The court shall order the contemner to pay an administrative fee, not to exceed the actual cost of the contemner's administration and supervision, while assigned to a community service program pursuant to this paragraph.

(4) The court shall take parties' employment schedules into consideration when ordering either community service or imprisonment, or both.

SEC. 3.5. Section 1218.5 is added to the Code of Civil Procedure, to read:

1218.5. (a) If the contempt alleged is for failure to pay child, family, or spousal support, each month for which payment has not been made in full may be alleged as a separate count of contempt and punishment imposed for each count proven.

(b) If the contempt alleged is the failure to pay child, family, or spousal support, the period of limitations for commencing a contempt action is three years from the date that the payment was due. If the action before the court is enforcement of another order under the Family Code, the period of limitations for commencing a contempt action is two years from the time that the alleged contempt occurred.

(2) Except as otherwise provided in this section, unless the document otherwise provides, no document prepared for the purpose of, or in the course of, or pursuant to, the mediation, or copy thereof, is admissible in evidence or subject to discovery, and disclosure of such a document shall not be compelled, in any civil

(5) A written settlement agreement, or part thereof, is admissible to show fraud, duress, or illegality if relevant to an issue in dispute.

(6) Evidence otherwise admissible or subject to discovery outside of mediation shall not be or become inadmissible or protected from disclosure solely by reason of its introduction or use in a mediation.

all adverse claims thereto unless, before the payment or refund is made, the plan sponsor or the administrator of the plan has received written notice by or on behalf of some other person that the other person claims to be entitled to the payment or refund or some part thereof. Nothing in this section affects or releases the participant from claims which may exist against the participant by a person other than the plan sponsor, trustee, administrator, or other person making the benefit payment.

SEC. 13. Section 2040 of the Family Code is amended to read:

2040. (a) In addition to the contents required by Section 412.20 of the Code of Civil Procedure, the summons shall contain a temporary restraining order:

(2) Restraining both parties from transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether community, quasi-community, or separate, without the written consent of the other party or an order of the court, except in the usual course of business or for the necessities of life and requiring each party to notify the other party of any proposed extraordinary expenditures at least five business days before incurring those expenditures and to account to the court for all extraordinary expenditures made after service of the summons on that party. However, nothing in the restraining order shall preclude the parties from using community property to pay reasonable attorney's fees in order to retain legal counsel in the proceeding.

(3) Restraining both parties from cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage, including life, health, automobile, and disability held for the benefit of the parties and their child or children for whom support may be ordered.

“WARNING: California law provides that, for purposes of division of property upon dissolution of marriage or legal separation,

property acquired by the parties during marriage in joint form is presumed to be community property. If either party to this action should die before the jointly held community property is divided, the language of how title is held in the deed (i.e., joint tenancy, tenants in common, or community property) will be controlling and not the community property presumption. You should consult your attorney if you want the community property presumption to be written into the recorded title to the property.”

SEC. 15. Section 2062 of the Family Code is amended to read:

2062. (a) The party requesting joinder shall serve all of the following upon the employee benefit plan:

(b) Service shall be made in the same manner as service of papers generally. Service of the summons upon a trustee or administrator of the plan in its capacity as trustee or administrator, or upon an agent designated by the plan for service of process in its capacity as agent, constitutes service upon the plan.

(c) To facilitate identification and service, the employee spouse shall furnish to the nonemployee spouse within 30 days after written request, as to each employee benefit plan covering the employee, the name of the plan, the name, title, address, and telephone number of the plan's trustee, administrator, or agent for service of process. 2065. If the employee benefit plan has been served and no notice of appearance, notice of motion to quash service of summons pursuant to Section 418.10 of the Code of Civil Procedure, or notice of the filing of a petition for writ of mandate as provided in that section, has been filed with the clerk of the court within the time

specified in the summons or such further time as may be allowed, the clerk, upon written application of the party requesting joinder, shall enter the default of the employee benefit plan in accordance with Chapter 2 (commencing with Section 585) of Title 8 of Part 2 of the Code of Civil Procedure.

2070. (a) This article governs a proceeding in which an employee benefit plan has been joined as a party.

(b) To the extent not in conflict with this article and except as otherwise provided by rules adopted by the Judicial Council pursuant to Section 211, all provisions of law applicable to civil actions generally apply, regardless of nomenclature, to the portion of the proceeding as to which an employee benefit plan has been joined as a party if those provisions would otherwise apply to the proceeding without reference to this article.

SEC. 20. Section 2071 of the Family Code is amended to read:

2071. 2073. (a) Subject to subdivisions (b) and (c), the provisions of an order entered by stipulation of the parties or entered at or as a result of a hearing not attended by the employee benefit plan (whether or not the plan received notice of the hearing) which affect the plan or which affect any interest either the petitioner or respondent may have or claim under the plan, shall be stayed until 30 days after the order has been served upon the plan.

(b) The plan may waive all or any portion of the 30-day period under subdivision (a).

(c) If within the 30-day period, the plan files in the proceeding a motion to set aside or modify those provisions of the order affecting it, those provisions shall be stayed until the court has resolved the motion.

(d) The duration of the stay described in subdivision (a), and the time period for filing the motion to set aside or modify provisions of the order, shall be extended to 60 days if the plan files with the court and serves on all affected parties a request for extension within the 30-day period.

(e) Either spousal party may seek an order staying any other provisions of the order and associated orders or judgments related to

or affected by the provisions to which the plan has objected, until the court has resolved the motion, in order to protect the right of the party to seek relief under subdivision (c) of Section 2074.

SEC. 23. Section 2074 of the Family Code is amended to read:

2074. (a) At any hearing on a motion to set aside or modify an order pursuant to Section 2073, any party may present further evidence on any issue relating to the rights of the parties under the employee benefit plan or the extent of the parties' community or quasi-community property interest in the plan, except where the parties have agreed in writing to the contrary.

2330.1. In any proceeding for dissolution of marriage, for legal separation of the parties, or for the support of children, a supplemental complaint may be filed, pursuant to Section 464 of the Code of Civil Procedure either before or after a final judgment, seeking a judgment or order of paternity or support for a child of the mother and father of the child whose paternity and support are already in issue before the court. A supplemental complaint for paternity or support of children may be filed without leave of court either before or after final judgment in the underlying action. Service of the supplemental summons and complaint shall be made in the manner provided for the initial service of a summons by this code.

SEC. 24. Section 2337 of the Family Code is amended to read:

2337. (a) In a proceeding for dissolution of marriage, the court, upon noticed motion, may sever and grant an early and separate trial on the issue of the dissolution of the status of the marriage apart from other issues.

(b) The court may impose upon a party any of the following conditions on granting a severance of the issue of the dissolution of the status of the marriage, and in case of that party's death, an order of any of the following conditions continues to be binding upon that party's estate:

(1) The party shall indemnify and hold the other party harmless from any taxes, reassessments, interest, and penalties payable by the other party if the dissolution of the marriage before the division of the parties' community estate results in a taxable event to either of the parties by reason of the ultimate division of their community estate, which taxes would not have been payable if the parties were still married at the time the division was made.

(2) Until judgment has been entered on all remaining issues and

has become final, the party shall maintain all existing health and medical insurance coverage for the other party and the minor children as named dependents, so long as the party is legally able to do so. At the time the party is no longer legally eligible to maintain the other party as a named dependent under the existing health and medical policies, the party or the party's estate shall, at the party's sole expense, purchase and maintain health and medical insurance coverage that is comparable to the existing health and medical insurance coverage. If comparable insurance coverage is not obtained, the party or the party's estate is responsible for the health and medical expenses incurred by the other party which would have been covered by the insurance coverage, and shall indemnify and hold the other party harmless from any adverse consequences resulting from the lack of insurance.

(3) Until judgment has been entered on all remaining issues and has become final, the party shall indemnify and hold the other party harmless from any adverse consequences resulting to the other party if the bifurcation results in a termination of the other party's right to a probate homestead in the residence in which the other party resides at the time the severance is granted.

(4) Until judgment has been entered on all remaining issues and has become final, the party shall indemnify and hold the other party harmless from any adverse consequences resulting to the other party if the bifurcation results in the loss of the rights of the other party to a probate family allowance as the surviving spouse of the party.

(5) Until judgment has been entered on all remaining issues and has become final, the party shall indemnify and hold the other party harmless from any adverse consequences resulting to the other party if the bifurcation results in the loss of the other party's rights to pension benefits, elections, or survivors' benefits under the party's pension or retirement plan to the extent that the other party would have been entitled to those benefits or elections as the surviving spouse of the party.

(6) Prior to entry of judgment terminating status, both of the following shall occur:

(A) The party's retirement or pension plan shall be joined as a party to the proceeding for dissolution.

(B) If applicable, an order pursuant to Section 2611 shall be entered with reference to the defined benefit or similar plan pending the ultimate resolution of the distribution of benefits under the employee benefit plan.

(7) The party shall indemnify and hold the other party harmless from any adverse consequences if the bifurcation results in the loss of rights to social security benefits or elections to the extent the other party would have been entitled to those benefits or elections as the surviving spouse of the party.

(8) Any other condition the court determines is just and equitable.

(c) A judgment granting a dissolution of the status of the marriage

shall expressly reserve jurisdiction for later determination of all other pending issues.

SEC. 25. Section 2610 of the Family Code is amended to read:

(2) Make the payment of benefits to any party at any time before the member retires, except as provided in paragraph (3) of subdivision (a), unless the plan so provides.

(c) This section shall not be applied retroactively to payments made by a retirement plan to any person who retired or died prior to January 1, 1987, or to payments made to any person who retired or died prior to June 1, 1988, for plans subject to paragraph (3) of subdivision (a).

2550.

parties in the proportions the court deems reasonable.

(c) The court, in its finding, shall set forth reasons why it has found both of the following:

3192. In a proceeding in which counseling is ordered pursuant to this chapter, where there has been a history of abuse by either parent against the child or by one parent against the other parent and a protective order as defined in Section 6218 is in effect, the court may order the parties to participate in counseling separately and at separate times. Each party shall bear the cost of his or her own counseling separately, unless good cause is shown for a different apportionment. The costs associated with a minor child participating in counseling shall be apportioned in accordance with Section 4062.

SEC. 31.2. Section 3557 of the Family Code is amended to read:

(2) In any case in which an amount is set for current support, the court shall require that health insurance coverage for a supported child shall be maintained by either or both parents if that insurance is available at no cost or at reasonable cost to the parent. Health insurance coverage shall be rebuttably presumed to be reasonable in cost if it is employment-related group health insurance or other group health insurance, regardless of the service delivery mechanism. The actual cost of the health insurance to the obligor shall be considered in determining whether the cost of insurance is reasonable. If the court determines that the cost of health insurance coverage is not reasonable, the court shall state its reasons on the record.

(b) If the court determines that health insurance coverage is not available at no or reasonable cost, the court's order for support shall contain a provision that specifies that health insurance coverage shall be obtained if it becomes available at no or reasonable cost. (b) (1) The application shall state that the party or district attorney seeking the assignment order has given the obligor a written notice of the intent to seek a health insurance coverage assignment order in the event of a default in instituting coverage required by court order on behalf of the parties' child and that the notice was transmitted by first-class mail, postage prepaid, or personally served at least 15 days before the date of the filing of the application for the order. The written notice of the intent to seek an assignment order required by this subdivision may be given at the time of filing a petition or complaint for support or at any later time, but shall be given at least 15 days before the date of filing the application under this section. (b) The motion and notice of motion to quash the assignment order, including the declaration required by subdivision (a), shall be filed with the court issuing the assignment order within 15 days after delivery of a copy of the order to the obligor pursuant to subdivision (b) of Section 3764. The court clerk shall set the motion for hearing not less than 15 days, nor more than 30 days, after receipt of the notice of motion. The clerk shall, within five days after receipt of the notice of motion, deliver a copy of the notice of motion to (1) the district attorney personally or by first-class mail, and (2) the applicant and the employer or other person providing health insurance, at the appropriate addresses contained in the application, by first-class mail.

(c) If the obligor has not enrolled in an available health plan, there is a choice of coverage, and the court has not ordered coverage by a specific plan, the employer or other person providing health insurance shall enroll the child in the plan that will provide reasonable benefits or coverage where the child resides. 4852.1. (a) When the district attorney is responsible for the enforcement of a support obligation pursuant to Section 11475.1 of the Welfare and Institutions Code, he or she may register a support order made or registered in another county utilizing the procedures set forth in Section 4852, or by filing in the superior court of his or her county the following:

(1) An endorsed file copy of the most recent support order or a copy thereof.

(2) A statement of arrearages, including an accounting of amounts ordered and paid each month, together with any added costs, fees, and interest.

(3) A statement prepared by the district attorney showing the post office address of the district attorney; the last known place of residence or post office address of the obligor; the last business or residence address given by the obligor on any document filed in the previous county and served on the obligee or district attorney of that county; and a list of other states and counties in California that are known to the district attorney in which the original order of support and any modifications are registered.

(b) The filing of the documents described in subdivision (a) constitutes registration under this chapter.

(c) Promptly upon registration, the district attorney shall, in

compliance with the requirements of Section 1013 of the Code of Civil Procedure, or in any other manner as provided by law, serve the obligor with copies of the documents described in subdivision (a).

(d) If a motion to vacate registration is filed under Section 4853, any party may introduce into evidence copies of any pleadings, documents, or orders which have been filed in the original court or other courts where the support order has been registered or modified. Certified copies of the documents shall not be required unless a party objects to the authenticity or accuracy of the document, in which case it shall be the responsibility of the party who is asserting the authenticity of the document to obtain a certified copy of the questioned document.

(e) Upon registration, the clerk of the court shall forward a copy of the registration to the courts in other counties and states in which the original order for support and any modifications were issued or registered.

(f) If the court modifies a support order that has been registered pursuant to this chapter, the clerk of the court shall mail a copy of the modified order to the courts in other counties and states in which the original order for support and any modifications were issued or registered.

(g) The Judicial Council, in consultation with the State Department of Social Services, and representatives of the California Family Support Council, shall develop the forms necessary to effectuate this section.

SEC. 49. Section 4853 of the Family Code is amended to read:

4853. (a) Except as specified in this section, upon registration, the registered foreign support order shall be treated in the same manner as a support order issued by a court of this state. It has the same effect and is subject to the same procedures, defenses, and proceedings for reopening, vacating, or staying as a support order of this state and may be enforced and satisfied in like manner.

(b) The obligor has 20 days after the mailing or other service of notice of the registration of a foreign order of support in which to file a noticed motion requesting the court to vacate the registration or for other relief. In an action under this section, there shall be no joinder of actions, coordination of actions, or cross-complaints, and the claims or defenses shall be limited strictly to the identity of the obligor, the validity of the underlying foreign support order, or the accuracy of the obligee's statement of the amount of support remaining unpaid unless the amount has been previously established by a judgment or order. The obligor shall serve a copy of the motion, personally or by first-class mail, on the office of the district attorney, private attorney representing the obligee, or obligee representing himself or herself who filed the request for registration of the order, not less than 15 days prior to the date on which the motion is to be heard. If service is by mail, Section 1013 of the Code of Civil Procedure applies. If the obligor does not file the motion within 20

days, the registered foreign support order and all other documents filed pursuant to subdivision (a) of Section 4852 are confirmed.

(c) At the hearing on the motion to vacate the registration of the order, the obligor may present only matters that would be available to the obligor as defenses in an action to enforce a support judgment. If the obligor shows and the court finds that an appeal from the order is pending or that a stay of execution has been granted, the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the obligor has furnished security for payment of the support ordered as required by the rendering state. If the obligor shows and the court finds any ground upon which enforcement of a support order of this state may be stayed, the court shall stay enforcement of the order for an appropriate period if the obligor furnishes the same security for payment of the support ordered that is required for a support order of this state.

(d) Registration of an out-of-state order for the sole purpose of interstate wage withholding does not confer jurisdiction on the court for any purpose other than income withholding.

(e) After registration, a foreign order for the assignment of wages or other earnings for support shall be treated for all purposes in the same manner as an order for assignment of earnings entered pursuant to this article. The registered foreign order for assignment of wages shall be served upon the obligor's employer and the obligor shall be sent, by first-class mail, a copy of the foreign assignment order at the same time that the employer is served with the notice. The obligor may move to quash the assignment in accordance with Section 5270.

SEC. 49.2. Section 5100 of the Family Code is amended to read:

5100. Notwithstanding Section 291, a child or family support order may be enforced by a writ of execution without prior court approval as long as the support order remains enforceable.

SEC. 49.4. Section 5101 of the Family Code is amended to read:

5101. Notwithstanding Section 291, a spousal support order may be enforced by a writ of execution without prior court approval as long as the support order remains enforceable.

SEC. 50. Section 5103 of the Family Code is amended to read:

5103. (a) Notwithstanding Section 2060, an order for the payment of child, family, or spousal support may be enforced against an employee benefit plan regardless of whether the plan has been joined as a party to the proceeding in which the support order was obtained.

(b) Notwithstanding Section 697.710 of the Code of Civil Procedure, an execution lien created by a levy on the judgment debtor's right to payment of benefits from an employee benefit plan to enforce an order for the payment of child, family, or spousal support continues until the date the plan has withheld and paid over to the levying officer, as provided in Section 701.010 of the Code of Civil Procedure, the full amount specified in the notice of levy,

unless the plan is directed to stop withholding and paying over before that time by court order or by the levying officer.

(c) A writ of execution pursuant to which a levy is made on the judgment debtor's right to payment of benefits from an employee benefit plan under an order for the payment of child, family, or spousal support shall be returned not later than one year after the date the execution lien expires under subdivision (b).

SEC. 50.2. Section 5235 of the Family Code is amended to read:

5235. (a) The employer shall continue to withhold and forward support as required by the assignment order until served with notice terminating the assignment order.

(b) Within 10 days of service of a substitution of payee on the employer, the employer shall forward all subsequent support to the governmental entity or other payee that sent the substitution.

(c) The employer shall send the amounts withheld to the obligee within 10 days of the date the obligor is paid and shall report to the obligee the date on which the amount was withheld from the obligor's wages.

(d) The employer may deduct from the earnings of the employee the sum of one dollar (\$1) for each payment made pursuant to the order.

SEC. 50.4. Section 5260 of the Family Code is amended to read:

5260. (a) The court may order that service of the assignment order be stayed only if the court makes a finding of good cause or if an alternative arrangement exists for payment in accordance with paragraph (2) of subdivision (b). Notwithstanding any other provision of law, service of wage assignments issued for foreign orders for support, and service of foreign orders for the assignment of wages registered pursuant to Article 3 (commencing with Section 4820) of Chapter 6 shall not be stayed pursuant to this subdivision.

(b) For purposes of this section, good cause or an alternative arrangement for staying an assignment order is as follows:

(1) Good cause for staying a wage assignment exists only when all of the following conditions exist:

(A) The court provides a written explanation of why the stay of the wage assignment would be in the best interests of the child.

(B) The obligor has a history of uninterrupted, full, and timely payment, other than through a wage assignment or other mandatory process of previously ordered support, during the previous 12 months.

(C) The obligor does not owe an arrearage for prior support.

(D) The obligor proves, and the court finds, by clear and convincing evidence that service of the wage assignment would cause extraordinary hardship upon the obligor. Whenever possible, the court shall specify a date that any stay ordered under this section will automatically terminate.

(2) An alternative arrangement for staying a wage assignment order shall require a written agreement between the parties that provides for payment of the support obligation as ordered other than

through the immediate service of a wage assignment. Any agreement between the parties which includes the staying of a service of a wage assignment shall include the concurrence of the district attorney in any case in which support is ordered to be paid through a county officer designated for that purpose. The execution of an agreement pursuant to this paragraph shall not preclude a party from thereafter seeking a wage assignment in accordance with the procedures specified in Section 5261 upon violation of the agreement.

7571. (a) On and after January 1, 1995, upon the event of a live birth, prior to an unmarried mother leaving any hospital, clinic, or birthing center that is licensed to provide obstetric services, the person responsible for registering live births under Sections 10101 and 10102 of the Health and Safety Code shall provide to the natural mother and shall attempt to provide, at the place of birth, to the man identified by the natural mother as the natural father, a declaration for completion that meets the requirements of Section 7574. The person responsible for registering the birth shall file the declaration, if completed, with the birth certificate, and, if requested, shall transmit a copy of the declaration to the district attorney of the county where the birth occurred. A copy of the declaration shall be

made available to each of the attesting parents.

(b) No health care provider shall be subject to any civil, criminal, or administrative liability for any negligent act or omission relative to the accuracy of the information provided, or for filing the declaration with the appropriate state or local agencies.

(c) The district attorney shall pay to the hospital, clinic, or other place of birth that files the completed declaration with the birth certificate, as set forth in this subdivision, the sum of ten dollars (\$10) for each declaration filed by it.

(d) Except as provided in Section 7575, the child of a woman and a man executing a declaration of paternity under this chapter, which meets the requirements of Section 7574, is conclusively presumed to be the man's child. The presumption under this section has the same force and effect as the presumption under Section 7540.

(e) A voluntary declaration of paternity that meets the requirements of Section 7574 shall be recognized as the basis for the establishment of an order for child custody or support.

(f) In any action to rebut the presumption created by this subdivision, a voluntary declaration of paternity that meets the requirements of Section 7574 shall be admissible as evidence to determine paternity of the child named in the voluntary declaration of paternity.

SEC. 51.5. Section 7572 of the Family Code is amended to read:

7572. (a) The State Department of Social Services, in consultation with the State Department of Health Services, the California Association of Hospitals and Health Systems, and other affected health provider organizations, shall work cooperatively to develop informational pamphlets and related materials to assist providers and parents in complying with this chapter.

(b) The State Department of Social Services shall, free of charge, make available to hospitals, clinics, and other places of birth any and all informational and training materials for the program under this chapter, as well as the paternity declaration form. The State Department of Social Services shall make training available to every hospital, clinic, and other place of birth no later than October 31, 1994.

(c) The State Department of Social Services may adopt regulations, including emergency regulations, necessary to implement this chapter.

SEC. 52. Section 7574 of the Family Code is amended to read:

7574. In order for a conclusive presumption of paternity to be established pursuant to this chapter, the following must appear on the declaration:

(a) The full name, place, and date of birth of the child.

(b) The full name and current address of the attesting father of the child.

(c) The full name and current address of the attesting mother of the child.

(d) The social security numbers of the attesting mother and father

of the child, on a voluntary basis.

(e) A notice captioned "READ THIS BEFORE SIGNING" conspicuously placed on the declaration stating:

"(1) FATHER AND MOTHER: You do not have to sign this form. The choice is up to you. If any part of this form does not make sense, talk to the county Family Support Division or a lawyer before you sign it.

(2) FATHER AND MOTHER: Paternity means legal fatherhood. ONLY the natural father may sign this form. If the man signs this form, the law of California will give him certain rights. He will have the same rights as if the were married to the mother. These rights include custody, the right to agree to adoption, and the right to visit your child. You may want to pursue an order for custody. Your child will have rights too (such as the right to inherit from the father).

(3) FATHER: Once you sign this form and say you are the child's father, the law says you also have duties like helping to support your child. If you and the mother separate, the court may order you to pay child support.

(4) FATHER: You have the right to go to trial to decide paternity. At the trial you have the right to tell your side of the story, to ask questions, and make witnesses attend. By signing the form you understand you are, by choice, giving up your right to a trial on the issue of paternity unless you challenge this paternity form.

(5) FATHER AND MOTHER: This form can be challenged in court only by using blood or genetic test results which show the man is not the natural father. This may be done if no more than three years have passed since the form was signed. This means three years from the date of the last signature.

(6) FATHER AND MOTHER: If there is no court challenge to paternity during the three-year period, the man signing this form is the legal father of the child. This is true even if blood or genetic tests show he is not the father after the three years have passed.

(7) FATHER AND MOTHER: You do not have to write down your social security number. The number helps find parents so child support and other benefits your child may need may be collected. If you write down your social security number, it will be on any copies that are made of this form."

(f) The signature of the father attesting under penalty of perjury under the laws of the State of California that the information provided is true and correct, that he has read and fully understands the rights he is waiving, that he is waiving those rights willingly, knowingly, and intelligently, that he understands the duties imposed on him as described in subdivision (e), and that he is executing this declaration to establish that he is the natural father of the child and understands that by acknowledging paternity of the child he accepts an obligation to provide child support under the laws of the State of California.

(g) The signature of the natural mother attesting under penalty of perjury under the laws of the State of California that the

information provided is true and correct, that the man named is the natural father of her child, that she is executing this declaration to name the natural father of her child and that she fully understands that by executing this declaration she is establishing the paternal rights of the named father under the laws of the State of California, which include the right to physical and legal custody of the child, the right to consent to adoption of the child, and visitation rights.

(h) The full name and signature of the person witnessing the signing of the paternity declaration by both the natural mother and the father.

(i) A statement that execution of this declaration authorizes the state to add the signator's name as the natural father of the child to the child's birth certificate.

SEC. 52.2. Section 7575 of the Family Code is amended to read:

7575. (a) (1) The presumption established by this chapter may be rebutted by any person, by a motion for blood tests as provided in subdivision (a) of Section 7541, within three years from the date of execution of the declaration by the attesting father, or by the attesting mother, whichever signature is later. The two-year statute of limitations specified in subdivision (b) of Section 7541 is inapplicable for purposes of this section.

(2) The Judicial Council, in consultation with the Family Support Counsel and representatives of the Senate Judiciary Committee and the Assembly Judiciary Committee, shall develop the forms and procedures necessary to effectuate this subdivision.

(b) A presumption under this chapter shall not override a presumption arising under Section 7540. A presumption under this chapter shall override all presumptions except a presumption arising under Section 7540, including presumptions under Section 7611.

SEC. 52.3. Section 7575 of the Family Code is amended to read:

7575. (a) (1) The presumption established by this chapter may be rebutted by any person by requesting blood or genetic tests pursuant to Chapter 2 (commencing with Section 7550). The notice of motion for blood or genetic tests pursuant to this section shall be supported by a declaration under oath submitted by the moving party stating the factual basis for placing the issue of paternity before the court. The notice of motion for blood tests shall be made within three years from the date of execution of the declaration by the attesting father, or by the attesting mother, whichever signature is later. The two-year statute of limitations specified in subdivision (b) of Section 7541 is inapplicable for purposes of this section.

(2) The Judicial Council, in consultation with the Family Support Council, the State Department of Social Services, a legal services organization providing representation on child support matters, and representatives of the Senate Judiciary Committee and the Assembly Judiciary Committee, shall develop the forms and procedures necessary to effectuate this subdivision.

(b) A presumption under this chapter shall override all statutory presumptions of paternity except a presumption arising under

Section 7540 or 7555.

(b) Before the child's birth, he and the child's natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and either of the following is true:

(b) Before the child's birth, he and the child's natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and either of the following is true:

(1) If the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 300 days after its termination by death, annulment, declaration of invalidity, or divorce.

(2) If the attempted marriage is invalid without a court order, the child is born within 300 days after the termination of cohabitation.

(c) After the child's birth, he and the child's natural mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and either of the following is true:

7612. (a) Except as provided in Chapter 1 (commencing with Section 7540) and Chapter 3 (commencing with Section 7570) of Part 2 or in Section 20102, a presumption under Section 7611 is a rebuttable presumption affecting the burden of proof and may be rebutted in an appropriate action only by clear and convincing evidence.

(b) If two or more presumptions arise under Section 7611 which conflict with each other, the presumption which on the facts is founded on the weightier considerations of policy and logic controls.

(c) The presumption under Section 7611 is rebutted by a judgment establishing paternity of the child by another man.

SEC. 54.5. Section 7612 of the Family Code is amended to read:

7612. (a) Except as provided in Chapter 1 (commencing with Section 7540) and Chapter 3 (commencing with Section 7570) of Part 2 or in Section 20102, a presumption under Section 7611 is a rebuttable presumption affecting the burden of proof and may be

rebutted in an appropriate action only by clear and convincing evidence.

(b) If two or more presumptions arise under Section 7611 which conflict with each other, and one of the presumed fathers is the biological father, the biological father shall be declared the presumed father; otherwise the presumption which on the facts is founded on the weightier considerations of policy and logic controls.

SEC. 55. Section 7635 of the Family Code is amended to read:

7635. (a) The child may, if under the age of 12 years, and shall, if 12 years of age or older, be made a party to the action. If the child is a minor and a party to the action, the child shall be represented by a guardian ad litem appointed by the court. The guardian ad litem need not be represented by counsel if the guardian ad litem is a relative of the child.

(b) The natural mother, each man presumed to be the father under Section 7611, and each man alleged to be the natural father, may be made parties and shall be given notice of the action in the manner prescribed in Section 7666 and an opportunity to be heard.

(c) The court may align the parties.

(d) In any initial or subsequent proceeding under this chapter where custody of, or visitation with, a minor child is in issue, the court may, if it determines it would be in the best interest of the minor child, appoint private counsel to represent the interests of the minor child pursuant to Chapter 10 (commencing with Section 3150) of Part 2 of Division 8.

SEC. 55.2. Section 7640 of the Family Code is amended to read:

This part does not apply to a minor adjudged a dependent child of the juvenile court pursuant to subdivision (c) of Section 360 of the Welfare and Institutions Code on and after January 1, 1989, during the period in which the minor is a dependent child of the court. For those minors, the exclusive means for the termination of parental rights are provided in the following statutes:

(a) Section 366.26 of the Welfare and Institutions Code.

(b) Sections 8604 to 8606, inclusive, and 8700 of this code.

8700. (a) Either birth parent may relinquish a child to the department or a licensed adoption agency for adoption by a written

statement signed before two subscribing witnesses and acknowledged before an authorized official of the department or agency. The relinquishment, when reciting that the person making it is entitled to the sole custody of the child and acknowledged before the officer, is prima facie evidence of the right of the person making it to the sole custody of the child and the person's sole right to relinquish.

(b) A birth parent who is a minor has the right to relinquish the birth parent's child for adoption to the department or a licensed adoption agency, and the relinquishment is not subject to revocation by reason of the minority.

(c) If a birth parent resides outside this state and the child is being or will be cared for and is or will be placed for adoption by the department or a licensed adoption agency, the birth parent may relinquish the child to the department or agency by a written statement signed by the birth parent before a notary on a form prescribed by the department, and previously signed by an authorized official of the department or agency, which signifies the willingness of the department or agency to accept the relinquishment.

(d) The relinquishment authorized by this section has no effect until a certified copy is filed with the department. Upon filing with the department, the relinquishment is final and may be rescinded only by the mutual consent of the department or licensed adoption agency to which the child was relinquished and the birth parent or parents relinquishing the child.

(e) The birth parent may name in the relinquishment the person or persons with whom the birth parent intends that placement of the child for adoption be made by the department or licensed adoption agency.

(f) Notwithstanding subdivision (d), if the relinquishment names the person or persons with whom placement by the department or licensed adoption agency is intended and the child is not placed in the home of the named person or persons or the child is removed from the home prior to the granting of the adoption, the department or agency shall mail a notice by certified mail, return receipt requested, to the birth parent signing the relinquishment within 72 hours of the decision not to place the child for adoption or the decision to remove the child from the home.

(g) The birth parent has 30 days from the date on which the notice described in subdivision (f) was mailed to rescind the relinquishment.

(1) If the birth parent requests rescission during the 30-day period, the department or licensed adoption agency shall rescind the relinquishment.

(2) If the birth parent does not request rescission during the 30-day period, the department or licensed adoption agency shall select adoptive parents for the child.

(3) If the birth parent and the department or licensed adoption

agency wish to identify a different person or persons during the 30-day period with whom the child is intended to be placed, the initial relinquishment shall be rescinded and a new relinquishment identifying the person or persons completed.

(h) The filing of the relinquishment with the department terminates all parental rights and responsibilities with regard to the child, except as provided in subdivisions (f) and (g).

SEC. 56.5. Section 21365.6 of the Government Code is amended to read:

21365.6. The surviving spouse of a member who has attained the minimum age for voluntary service retirement applicable to him or her in his or her last employment preceding death, and who is eligible to receive an allowance pursuant to Section 21365.5, shall instead receive an allowance which is equal to the amount that the member would have received if the member had been retired from service on the date of death and had elected optional settlement 2 and Section 21336. The surviving spouse of a member who has attained the minimum age for voluntary service retirement applicable to him or her in his or her last employment preceding death, and who is eligible to receive a special death benefit in lieu of an allowance under Section 21365.5, may elect to instead receive an allowance which is equal to the amount that the member would have received if the member had been retired from service on the date of death and had elected optional settlement 2 and Section 21336.

The allowance shall be payable as long as the surviving spouse lives or until remarriage. Upon the death or remarriage of the surviving spouse, the benefit shall be continued to minor children, as defined in Section 6500 of the Family Code, or a lump sum shall be paid as provided under circumstances specified in Section 21365.5 or in Sections 21364 and 21366, as the case may be.

The allowance provided by this section shall be paid in lieu of the basic death benefit, but the surviving spouse qualifying for the allowance may elect before the first payment on account of it to receive such basic death benefit in lieu of the allowance.

This section shall apply with respect to state members whose death occurs on and after July 1, 1976.

All references in this code to Section 21365.5 shall be deemed to include this section in the alternative.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after January 1, 1985, by express provision in the contract making the contracting agency subject to this section.

SEC. 56.6. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to

require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of, or, after having been arrested and released on bail or on his or her own recognizance, is currently awaiting trial for, a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as

determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the

person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the state department or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of, or arrested for, a crime other than a minor traffic violation. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal arrests or convictions and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the state

department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(f) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (1) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(i) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written

notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 56.7. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the Long-Range Plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII) to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of, or, after having been arrested and released on bail or on his or her own recognizance, is currently awaiting trial for, a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b),

the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the state department or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of, or arrested for, a crime other than a minor traffic violation. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal arrests or convictions and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice.

Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, paragraph (1) of subdivision (a) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(f) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, paragraph (1) of subdivision (a) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of

Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(h) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(i) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(j) (1) In order to expedite the current criminal record clearance and fingerprint process of the Department of Justice pursuant to subdivisions (a) and (c), the Department of Justice shall complete work on all of its current backlog of criminal record clearances for community care facilities licensed by the State Department of Social Services by July 1, 1995.

(2) Effective January 1, 1995, the Department of Justice shall complete all new requests for criminal record clearances for community care facilities within 30 days of receipt.

(3) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in two district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1995. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1996, and shall become part of that department's pilot project in accordance with its Long-Range Plan. The State Department of Social Services may charge a fee not to exceed five dollars (\$5) or the actual cost of processing a set of live-scan fingerprints.

(4) The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by July 15, 1995, regarding the completion of backlogged criminal record clearance requests pursuant to paragraph (1) and the progress on implementing the

automated live-scan processing system in the two district offices pursuant to paragraph (3). The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by April 15, 1996, regarding the progress of the implementation of the statewide CAL-CII system; the number of requests for criminal clearances received pursuant to this section during the previous year; the number of criminal record clearances requested and completed pursuant to this section within a 17-day "expedite" period or within the 30-day period required by paragraph (2); and the number of requests and reasons for delays beyond the 30-day period.

SEC. 56.8. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a, of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

- (1) Adults responsible for administration or direct supervision of staff.
- (2) Any person, other than a client, residing in the facility.
- (3) Any person who provides client assistance in dressing,

grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption even if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a, of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history

information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal/cohabitant abuse, or for any crime for which the department cannot grant an exemption if the person was convicted, and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the State Department of Social Services is permitted to take following the

establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for a license, special permit, or certificate of approval pursuant to subdivision (d), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information

unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

SEC. 56.9. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation, or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, paragraph (b) of Section 273a, or prior to January 1, 1994 paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not

been exonerated. That criminal history information shall include the full criminal record, of any of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant, or any other person specified in subdivision (b), has been convicted of, or is awaiting trial for, a crime other than a minor traffic violation, the Department of Justice shall notify the State Department of Social Services of the fact and the application shall be denied, unless the director grants an exemption pursuant to subdivision (f). If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee

shall submit these fingerprints to the Department of Justice not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints. Fingerprints not submitted to the Department of Justice, as required in this section, shall result in the citation of a deficiency and the fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 15 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 15 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, or subdivision (a) or (b) of Section 368 of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (f). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulation to

establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other adult person residing in the home has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245, 273.5, subdivision (b) of Section 273a, or prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. If the applicant or other persons specified in this subdivision have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied. For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal/cohabitant abuse or for any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority. The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family agency with a statement of that fact concurrent with providing the

information to the State Department of Social Services. The application shall be denied if it is determined by the approving authority, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was convicted of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client.

(f) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for a license, special permit, or certificate of approval pursuant to subdivision (d), or for employment, residence, or presence in a community care facility as specified in subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision

(c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, 264.1, subdivision (a) of Section 273a, or prior to January 1, 1994, paragraph (1) of subdivision (a) of Section 273a, Sections 273d, 288, 289, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) In order to expedite the current criminal record clearance and fingerprint process of the Department of Justice pursuant to subdivisions (a) and (c), the Department of Justice shall complete work on all of its current backlog of criminal records clearances for community care facilities licensed by the State Department of Social Services by July 1, 1995.

(2) Effective January 1, 1995, the Department of Justice shall complete all new requests for criminal record clearances for community care facilities within 30 days of receipt.

(3) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in two district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1995. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1996, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee not to exceed five dollars (\$5) or the actual cost of processing a set of live-scan fingerprints.

(4) The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by July 15, 1995, regarding the completion of backlogged criminal record clearance requests pursuant to paragraph (1) and the progress on implementing the automated live-scan processing system in the two district offices pursuant to paragraph (3). The Department of Justice shall provide a report to the Assembly Human Services Committee and to the Senate Health and Human Services Committee by April 15, 1996, regarding the progress of the implementation of the statewide CAL-CII system; the number of requests for criminal clearances received pursuant to this section during the previous year; the number of criminal record clearances requested and completed pursuant to this section within a 17-day "expedite" period or within the 30-day period required by paragraph (2); and the number of requests and reasons for delays beyond the 30-day period.

SEC. 60. Section 836 of the Penal Code is amended to read:

836. (a) A peace officer may arrest a person in obedience to a

warrant, or, pursuant to the authority granted to him or her by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, without a warrant, may arrest a person whenever any of the following circumstances occur:

(1) The officer has reasonable cause to believe that the person to be arrested has committed a public offense in the officer's presence.

(2) The person arrested has committed a felony, although not in the officer's presence.

(3) The officer has reasonable cause to believe that the person to be arrested has committed a felony, whether or not a felony, in fact, has been committed.

(b) Any time a peace officer is called out on a domestic call, it shall be mandatory that the officer make a good faith effort to inform the victim of his or her right to make a citizen's arrest. This information shall include advising the victim how to safely execute the arrest.

(c) (1) When a peace officer is responding to a call alleging a violation of a protective order issued under Division 10 (commencing with Section 6200) of the Family Code or Section 136.2 of this code, and the peace officer has reasonable cause to believe that the person against whom the order is issued has notice of the order and has committed an act in violation of the order, the officer may arrest the person without a warrant and take that person into custody whether or not the violation occurred in the presence of the arresting officer. The officer shall, as soon as possible after the arrest, confirm with the appropriate authorities that a true copy of the protective order has been filed, unless the victim provides the officer with a copy of the protective order.

(2) The person against whom a protective order has been issued shall be deemed to have notice of the order if the victim presents to the officer proof of service of the order, the officer confirms with the appropriate authorities that a true copy of the proof of service is on file, or the person against whom the protective order was issued was present at the protective order hearing or was informed by a peace officer of the contents of the protective order.

(3) In situations where mutual protective orders have been issued under Division 10 (commencing with Section 6200) of the Family Code, liability for arrest under this subdivision applies only to those persons who are reasonably believed to have been the primary aggressor. In those situations, prior to making an arrest under this subdivision, the peace officer shall make reasonable efforts to identify, and may arrest, the primary aggressor involved in the incident. The primary aggressor is the person determined to be the most significant, rather than the first, aggressor. In identifying the primary aggressor, an officer shall consider (A) the intent of the law to protect victims of domestic violence from continuing abuse, (B) the threats creating fear of physical injury, (C) the history of domestic violence between the persons involved, and (D) whether either person involved acted in self-defense.

(4) Pursuant to Chapter 3 (commencing with Section 6920) of Part 4 of Division 11 of the Family Code, a minor may consent to hospital, medical, and surgical care related to a sexual assault without the consent of a parent or guardian.

SEC. 61.6. Section 13504 of the Probate Code is amended to read:

13504. Notwithstanding the provisions of this part, community property held in a revocable trust described in Section 761 of the Family Code is governed by the provisions, if any, in the trust for disposition in the event of death.

SEC. 61.7. Section 23143 of the Vehicle Code is amended to read:

23143. Notwithstanding Section 6929 of the Family Code, if the court finds it just and reasonable, the court may order the parent or parents of a minor who is ordered to participate in an alcohol education program or a community service program which provides an alcohol education component pursuant to this article, to pay the required fees for the program.

SEC. 62. Section 903 of the Welfare and Institutions Code is amended to read:

903. (a) A parent of a minor, the estate of a parent, and the estate of the minor, shall be liable for the reasonable costs of support of the minor while the minor is placed, or detained in, or committed to, any institution or other place pursuant to Section 625 or pursuant to an order of the juvenile court. However, a county shall not levy charges for the costs of support of a minor detained pursuant to Section 625 unless, at the detention hearing, the juvenile court determines that detention of the minor should be continued, the petition for the offense for which the minor is detained is subsequently sustained, or the minor agrees to a program of supervision pursuant to Section 654. The liability of these persons and estates shall be a joint and several liability.

(b) The county shall limit the charges it seeks to impose to the reasonable costs of support of the minor and shall exclude any costs of incarceration, treatment, or supervision for the protection of society and the minor and the rehabilitation of the minor. In the event that court-ordered child support paid to the county pursuant to subdivision (a) exceeds the amount of the costs authorized by this subdivision and subdivision (a), the county shall either hold the excess in trust for the minor's future needs pursuant to Section 302.52 of Title 45 of the Code of Federal Regulations or, with the approval of the minor's caseworker or the probation officer, pay the excess directly to the minor.

(c) It is the intent of the Legislature in enacting this subdivision to protect the fiscal integrity of the county, to protect persons against whom the county seeks to impose liability from excessive charges, to ensure reasonable uniformity throughout the state in the level of liability being imposed, and to ensure that liability is imposed only on persons with the ability to pay. In evaluating a family's financial ability to pay under this section, the county shall take into consideration the family income, the necessary obligations of the family, and the number of persons dependent upon this income. Except as provided in paragraphs (1), (2), (3), and (4), "costs of

support” as used in this section means only actual costs incurred by the county for food and food preparation, clothing, personal supplies, and medical expenses, not to exceed a combined maximum cost of fifteen dollars (\$15) per day, except that:

(1) The maximum cost of fifteen dollars (\$15) per day shall be adjusted every third year beginning January 1, 1988, to reflect the percentage change in the calendar year annual average of the California Consumer Price Index, All Urban Consumers, published by the Department of Industrial Relations, for the three-year period.

(2) No cost for medical expenses shall be imposed by the county until the county has first exhausted any eligibility the minor may have under private insurance coverage, standard or medically indigent Medi-Cal coverage, and the Robert W. Crown California Children’s Services Act (Article 2 (commencing with Section 248) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code).

(3) In calculating the cost of medical expenses, the county shall not charge in excess of 100 percent of the AFDC fee for service average Medi-Cal payment for that county for that fiscal year as calculated by the State Department of Health Services; however, if a minor has extraordinary medical or dental costs that are not met under any of the coverages listed in paragraph (2), the county may impose these additional costs.

(4) For those placements of a minor subject to this section in which an AFDC-FC grant is made, the district attorney shall seek an order pursuant to Section 11350 and the statewide child support guideline in effect in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of Division 9 of the Family Code. For purposes of determining the correct amount of support of a minor subject to this section, the rebuttable presumption set forth in Section 4057 of the Family Code is applicable.

SEC. 62.1. Section 903 of the Welfare and Institutions Code is amended to read:

903. (a) The father, mother, spouse, or other person liable for the support of a minor, the estate of that person, and the estate of the minor, shall be liable for the reasonable costs of support of the minor while the minor is placed, or detained in, or committed to, any institution or other place pursuant to Section 625 or pursuant to an order of the juvenile court. However, a county shall not levy charges for the costs of support of a minor detained pursuant to Section 625 unless, at the detention hearing, the juvenile court determines that detention of the minor should be continued, the petition for the offense for which the minor is detained is subsequently sustained, or the minor agrees to a program of supervision pursuant to Section 654. The liability of these persons and estates shall be a joint and several liability.

(b) The county shall limit the charges it seeks to impose to the reasonable costs of support of the minor and shall exclude any costs of incarceration, treatment, or supervision for the protection of society and the minor and the rehabilitation of the minor. In the

event that court-ordered child support paid to the county pursuant to subdivision (a) exceeds the amount of the costs authorized by this subdivision and subdivision (a), the county shall either hold the excess in trust for the minor's future needs pursuant to Section 302.52 of Title 45 of the Code of Federal Regulations or, with the approval of the minor's caseworker or the probation officer, pay the excess directly to the minor.

(c) It is the intent of the Legislature in enacting this subdivision to protect the fiscal integrity of the county, to protect persons against whom the county seeks to impose liability from excessive charges, to ensure reasonable uniformity throughout the state in the level of liability being imposed, and to ensure that liability is imposed only on persons with the ability to pay. In evaluating a family's financial ability to pay under this section, the county shall take into consideration the family income, the necessary obligations of the family, and the number of persons dependent upon this income. Except as provided in paragraphs (1), (2), (3), and (4), "costs of support" as used in this section means only actual costs incurred by the county for food and food preparation, clothing, personal supplies, and medical expenses, not to exceed a combined maximum cost of fifteen dollars (\$15) per day, except that:

(1) The maximum cost of fifteen dollars (\$15) per day shall be adjusted every third year beginning January 1, 1988, to reflect the percentage change in the calendar year annual average of the California Consumer Price Index, All Urban Consumers, published by the Department of Industrial Relations, for the three-year period.

(2) No cost for medical expenses shall be imposed by the county until the county has first exhausted any eligibility the minor may have under private insurance coverage, standard or medically indigent Medi-Cal coverage, and the Robert W. Crown California Children's Services Act (Article 2 (commencing with Section 248) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code).

(3) In calculating the cost of medical expenses, the county shall not charge in excess of 100 percent of the AFDC fee for service average Medi-Cal payment for that county for that fiscal year as calculated by the State Department of Health Services; however, if a minor has extraordinary medical or dental costs that are not met under any of the coverages listed in paragraph (2), the county may impose these additional costs.

(4) For those placements of a minor subject to this section in which an AFDC-FC grant is made, the district attorney shall seek an order pursuant to Section 11350 and the statewide child support guideline in effect in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of Division 9 of the Family Code. For purposes of determining the correct amount of support of a minor subject to this section, the rebuttable presumption set forth in Section 4057 of the Family Code is applicable.

SEC. 62.2. Section 903.41 is added to the Welfare and Institutions Code, to read:

903.41. (a) It is the intention of the Legislature that the family law departments and juvenile departments of each superior court coordinate determinations of parentage and the setting of support to ensure that the State of California remains in compliance with federal regulations for child support guidelines. The Legislature therefore enacts this section for the purpose of ensuring a document exchange between the family law departments and juvenile departments of each superior court as necessary to administer the public social services administered or supervised by the State Department of Social Services.

(b) If the issue of paternity is raised during any hearings pursuant to Section 300, 601, or 602, the court clerk shall notify the district attorney's office for an inquiry concerning any superior court order or judgment which addresses the issue.

(1) If the district attorney's office determines that a judgment for parentage already exists, the district attorney shall obtain and forward certified copies of the judgment to the juvenile court and the court shall take judicial notice thereof.

(2) If the district attorney's office determines that the issue of parentage has not been determined, the juvenile court may determine the issue of parentage and, if it does so, shall give notice to the district attorney's office.

(c) If the court establishes paternity of a minor child, the court clerk shall forward the order on a form to be adopted by the Judicial Council to the Family Support Division of the district attorney's office.

(d) If a child is receiving public assistance under the Aid to Families with Dependent Children (AFDC) program, or if it appears to the court that the child may receive AFDC, the court shall direct the clerk of the court to advise the Family Support Division of the district attorney's office.

(e) The court shall advise the parent of the minor of the possibility that the Family Support Division of the district attorney's office may file an action for support if the child receives AFDC, pursuant to Section 11350.

SEC. 62.3. Section 11350 of the Welfare and Institutions Code is amended to read:

11350. (a) In any case of separation or desertion of a parent or parents from a child or children which results in aid under this chapter being granted to that family, the noncustodial parent or parents shall be obligated to the county for an amount equal to the following:

(1) The amount specified in an order for the support and maintenance of such family issued by a court of competent jurisdiction; or in the absence of such court order, the amount specified in paragraph (2).

(2) The amount of support which would have been specified in an order for the support and maintenance of the family during the period of separation or desertion provided that any such amount in

excess of the aid paid to the family shall not be retained by the county, but disbursed to the family.

(3) The obligation shall be reduced by any amount actually paid by such parent directly to the custodian of the child or to the district attorney of the county in which the child is receiving aid during the period of separation or desertion for the support and maintenance of the family.

(b) The district attorney shall take appropriate action pursuant to this section as provided in subdivision (1) of Section 11475.1. The district attorney may establish liability for child support as provided in subdivision (a) when public assistance was provided by another county or by other counties.

(c) The amount of the obligation established under paragraph (2) of subdivision (a) shall be determined by using the appropriate child support guidelines currently in effect. If one parent remains as a custodial parent, the guideline support shall be computed in the normal manner. If neither parent remains as a custodial parent, the support shall be computed by combining the noncustodial parents' incomes and placing the figure obtained in the column for noncustodial parent. A zero shall be placed in the column for the custodial parent and the amount of guideline support resulting shall be proportionately shared between the parents as directed by the court. The parents shall pay the amount of support specified in the support order to the district attorney.

SEC. 62.4. Section 11351 is added to the Welfare and Institutions Code, to read:

11351. (a) Notwithstanding Section 11350.1, upon noticed motion of the district attorney, the superior court may consolidate or combine support or reimbursement arrearages owed by one obligor to one obligee in two or more court files into a single court file, or combine or consolidate two or more orders for current child support into a single court file. A motion to consolidate may be made by a district attorney only if he or she is seeking to enforce the orders being consolidated. The motion shall be filed only in the court file the district attorney is seeking to have designated as the primary file.

(b) Orders may be consolidated regardless of the nature of the underlying action, whether initiated under the Family Code, this code, or another law. Orders for support shall not be consolidated unless the children involved have the same mother and father and venue is proper pursuant to Section 11475.1.

(c) Upon consolidation of orders, the court shall designate which court file the support orders are being consolidated into the primary file, and which court files are subordinate. Upon consolidation, the court shall order the district attorney to file a notice in the subordinate court actions indicating the support orders in those actions were consolidated into the primary file. The notice shall state the date of the consolidation, the name of the court, and the primary file number.

(d) Upon consolidation of orders, the superior court shall not issue

further orders pertaining to support in a subordinate court file; and all enforcement and modification of support orders shall occur in the primary court action.

(e) After consolidation of court orders, a single wage assignment for current support and arrearages may be issued when possible.

SEC. 62.5. Section 11352 is added to the Welfare and Institutions Code, to read:

11352. In any action or judgment brought or obtained pursuant to Section 11350, 11350.1, 11475.1, or 11476.1, a supplemental complaint may be filed, pursuant to Section 464 of the Code of Civil Procedure and Section 2330.1 of the Family Code, either before or after a final judgment, seeking a judgment or order of paternity or support for a child of the mother and father of the child whose paternity and support are already in issue before the court. A supplemental complaint for paternity or support of children may be filed without leave of court either before or after final judgment in the underlying action. Service of the supplemental summons and complaint shall be made in the manner provided for the initial service of a summons by the Code of Civil Procedure.

SEC. 63. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively establishing, modifying, and enforcing child support obligations, including medical support, enforcing spousal support orders established by a court of competent jurisdiction, and determining paternity in the case of a child born out of wedlock. The district attorney shall take appropriate action, both civil and criminal, to establish, modify, and enforce child support and when appropriate enforce spousal support orders when the child is receiving public assistance, including Medi-Cal, and, when appropriate, to take the same actions on behalf of a child who is not receiving public assistance, including Medi-Cal.

(b) Actions brought by the district attorney to establish paternity or child support or to enforce child support obligations shall be completed within the time limits set forth by federal law. The district attorney's responsibility applies to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or revocation of an order that is being enforced under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.), the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a)(9)), or any subsequent date.

(c) In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has

attained the age of majority.

(d) The county shall undertake an outreach program to inform the public that the services described in subdivisions (a) to (c), inclusive, are available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that the services provided in subdivisions (a) to (c), inclusive, are provided to all individuals whether or not they are recipients of public social services.

(e) In any action to establish a child support order brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Code.

The district attorney shall file a motion for an order for temporary support within the following time limits:

(1) If the defendant is the mother, a presumed father under Section 7611 of the Family Code, or any father where the child is at least six months old when the defendant files his answer, the time limit is 90 days after the defendant files an answer.

(2) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section prohibits the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

In counties which operate an expedited process in accordance with Section 640.1 of the Code of Civil Procedure, commissioners and

referees shall order a temporary support order prior to referring those cases to the full judicial system.

(f) As used in this article, “enforcing obligations” includes, but is not limited to, (1) the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations, (2) the obtaining by the district attorney of an initial order for child support, which may include medical support or which is for medical support only, by civil or criminal process, (3) the initiation of a motion or order to show cause to increase an existing child support order, and the response to a motion or order to show cause brought by an obligor parent to decrease an existing child support order, or the initiation of a motion or order to show cause to obtain an order for medical support, and the response to a motion or order to show cause brought by an obligor parent to decrease or terminate an existing medical support order, without regard to whether the child is receiving public assistance, and (4) the response to a notice of motion or order to show cause brought by an obligor parent to decrease an existing spousal support order when the child or children are residing with the obligee parent and the district attorney is also enforcing a related child support obligation owed to the obligee parent by the same obligor.

(g) As used in this section, “out of wedlock” means that the biological parents of the child were not married to each other at the time of the child’s conception.

(h) The district attorney is the public agency responsible for administering wage withholding for the purposes of Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.). The district attorney shall seek an earnings assignment order for support in any case as soon as the obligor is in arrears in payment of support pursuant to Chapter 8 (commencing with Section 5200) of Part 5 of Division 9 of the Family Code.

Nothing in this section shall limit the authority of the district attorney granted by other sections of this code or otherwise granted by law.

(i) In the exercise of the authority granted under this article, the district attorney may intervene, pursuant to subdivision (b) of Section 387 of the Code of Civil Procedure, by ex parte application, in any action under the Family Code, or other proceeding wherein child support is an issue or a reduction in spousal support is sought. By notice of motion, order to show cause, or responsive pleading served upon all parties to the action, the district attorney may request such relief as appropriate which the district attorney is authorized to seek.

(j) The district attorney shall comply with any guidelines established by the State Department of Social Services which set time standards for responding to requests for assistance in locating absent parents, establishing paternity, establishing child support awards, and collecting child support payments.

(k) As used in this article, medical support activities which the district attorney is authorized to perform are limited to the following:

(1) The obtaining and enforcing of court orders for health insurance coverage.

(2) Any other medical support activity mandated by federal law or regulation.

(l) (1) Notwithstanding any other provision of law, venue for an action or proceeding under this part shall be determined follows:

(A) Venue shall be in the superior court in the county that is currently expending public assistance.

(B) If public assistance is not currently being expended, venue shall be in the superior court in the county where the child who is entitled to current support resides or is domiciled.

(C) If current support is no longer payable through, or enforceable by, the district attorney, venue shall be in the superior court in the county that last provided public assistance for actions to enforce arrearages assigned pursuant to Section 11477.

(D) If subparagraphs (A), (B), and (C) do not apply, venue shall be in the superior court in the county of residence of the support obligee.

(E) If the support obligee does not reside in California, and subparagraphs (A), (B), (C), and (D) do not apply, venue shall be in the superior court of the county of residence of the obligor.

(2) Notwithstanding paragraph (1), if the child becomes a resident of another county after an action under this part has been filed, venue may remain in the county where the action was filed until the action is completed.

(m) The district attorney of one county may appear on behalf of the district attorney of any other county in an action or proceeding under this part.

SEC. 63.5. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively establishing, modifying, and enforcing child support obligations, including medical support, enforcing spousal support orders established by a court of competent jurisdiction, and determining paternity in the case of a child born out of wedlock. The district attorney shall take appropriate action, both civil and criminal, to establish, modify, and enforce child support and when appropriate enforce spousal support orders when the child is receiving public assistance, including Medi-Cal, and, when appropriate, to take the same actions on behalf of a child who is not receiving public assistance, including Medi-Cal.

(b) Actions brought by the district attorney to establish paternity or child support or to enforce child support obligations shall be completed within the time limits set forth by federal law. The district attorney's responsibility applies to spousal support only where the

spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or revocation of an order that is being enforced under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.), the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a)(9)), or any subsequent date.

(c) (1) The Judicial Council, in consultation with the department and representatives of the California Family Support Council, the Senate Judiciary Committee, the Assembly Judiciary Committee, and a legal services organization providing representation on child support matters, shall develop simplified complaint and answer forms for any action for support brought pursuant to this section or Section 11350.1.

(2) The simplified complaint form shall provide the defendant with notice of the amount of child support that is sought pursuant to the guidelines set forth in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of the Family Code by stating the possible amount of an order in terms of a percentage of the defendant's income for the number of children specified in the order. The Judicial Council shall determine the percentage estimates. The complaint shall state that the estimated percentage is only an estimate and that the actual order will be based upon the defendant's actual ability to pay and may be significantly higher or lower than the estimated percentage.

(3) (A) The simplified answer form shall be written in simple English and shall permit a defendant to answer and raise defenses by checking applicable boxes. The answer form shall include instructions for completion of the form and instructions for proper filing of the answer.

(B) The answer form shall include a blank standard or simplified Declaration of Income and Expenses form and instructions on how to complete the Declaration of Income and Expenses. The answer form shall direct the defendant to file the completed Declaration of Income and Expenses with the answer, but shall state that the answer will be accepted by a court without the Declaration of Income and Expenses.

(C) The clerk of the court shall accept and file answers that are completed by hand provided they are legible.

(4) (A) The simplified complaint form prepared pursuant to this subdivision shall be used by the district attorney or the Attorney General in all cases brought under this section or Section 11350.1.

(B) The simplified answer form prepared pursuant to this subdivision shall be served on all defendants with the simplified complaint. Failure to serve the simplified answer form on all defendants shall not invalidate any judgment obtained. However, failure to serve the answer form may be used as evidence in any proceeding under Section 473 of the Code of Civil Procedure.

(C) The Judicial Council shall add language to the governmental summons, for use by the district attorney with the governmental

complaint to establish parental relationship and child support, informing defendants that a blank answer form should have been received with the summons and additional copies may be obtained from either the district attorney's office or the superior court clerk.

(d) In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority.

(e) The county shall undertake an outreach program to inform the public that the services described in subdivisions (a) to (c), inclusive, are available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that the services provided in subdivisions (a) to (c), inclusive, are provided to all individuals whether or not they are recipients of public social services.

(f) In any action to establish a child support order brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Code.

The district attorney shall file a motion for an order for temporary support within the following time limits:

(1) If the defendant is the mother, a presumed father under Section 7611 of the Family Code, or any father where the child is at least six months old when the defendant files his answer, the time limit is 90 days after the defendant files an answer.

(2) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section prohibits the district attorney from

entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

In counties which operate an expedited process in accordance with Section 640.1 of the Code of Civil Procedure, commissioners and referees shall order a temporary support order prior to referring those cases to the full judicial system.

(g) As used in this article, "enforcing obligations" includes, but is not limited to, (1) the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations, (2) the obtaining by the district attorney of an initial order for child support, which may include medical support or which is for medical support only, by civil or criminal process, (3) the initiation of a motion or order to show cause to increase an existing child support order, and the response to a motion or order to show cause brought by an obligor parent to decrease an existing child support order, or the initiation of a motion or order to show cause to obtain an order for medical support, and the response to a motion or order to show cause brought by an obligor parent to decrease or terminate an existing medical support order, without regard to whether the child is receiving public assistance, and (4) the response to a notice of motion or order to show cause brought by an obligor parent to decrease an existing spousal support order when the child or children are residing with the obligee parent and the district attorney is also enforcing a related child support obligation owed to the obligee parent by the same obligor.

(h) As used in this section, "out of wedlock" means that the biological parents of the child were not married to each other at the time of the child's conception.

(i) The district attorney is the public agency responsible for administering wage withholding for the purposes of Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.). The district attorney shall seek an earnings assignment order for support in any case as soon as the obligor is in arrears in payment of support pursuant to Chapter 8 (commencing with Section 5200) of Part 5 of Division 9 of the Family Code.

Nothing in this section shall limit the authority of the district attorney granted by other sections of this code or otherwise granted by law.

(j) In the exercise of the authority granted under this article, the district attorney may intervene, pursuant to subdivision (b) of Section 387 of the Code of Civil Procedure, by ex parte application, in any action under the Family Code, or other proceeding wherein

child support is an issue or a reduction in spousal support is sought. By notice of motion, order to show cause, or responsive pleading served upon all parties to the action, the district attorney may request such relief as appropriate which the district attorney is authorized to seek.

(k) The district attorney shall comply with any guidelines established by the State Department of Social Services which set time standards for responding to requests for assistance in locating absent parents, establishing paternity, establishing child support awards, and collecting child support payments.

(l) As used in this article, medical support activities which the district attorney is authorized to perform are limited to the following:

(2) Any other medical support activity mandated by federal law or regulation.

(m) (1) Notwithstanding any other provision of law, venue for an action or proceeding under this part shall be determined as follows:

(A) Venue shall be in the superior court in the county that is currently expending public assistance.

(B) If public assistance is not currently being expended, venue shall be in the superior court in the county where the child who is entitled to current support resides or is domiciled.

(C) If current support is no longer payable through, or enforceable by, the district attorney, venue shall be in the superior court in the county that last provided public assistance for actions to enforce arrearages assigned pursuant to Section 11477.

(D) If subparagraphs (A), (B), and (C) do not apply, venue shall be in the superior court in the county of residence of the support obligee.

(E) If the support obligee does not reside in California, and subparagraphs (A), (B), (C), and (D) do not apply, venue shall be in the superior court of the county of residence of the obligor.

(2) Notwithstanding paragraph (1), if the child becomes a resident of another county after an action under this part has been filed, venue may remain in the county where the action was filed until the action is completed.

SEC. 65.5. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the

case plan.

(b) The Legislature further finds and declares that a case plan ensures that the child receives protection and proper case management, and that services are provided to the parents or other caretakers as appropriate. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of the least restrictive or most familylike setting, selection of the environment best suited to meet the child's special needs and best interests, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.25 or 366.26, but no less frequently than once every six months.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances which required child welfare services intervention.

(2) The case plan shall identify specific goals, and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents which led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be

specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(6) When out-of-home services are used, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(7) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(8) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the probation officer's facilitation, transportation, or supervision of visits between the child and his or her siblings.

SEC. 65.6. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(b) The Legislature further finds and declares that a case plan ensures that the child receives protection and proper case management, and that services are provided to the parents or other caretakers as appropriate. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of the least restrictive or most familylike setting, selection of the environment best suited to meet the child's special needs and

best interests, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.25 or 366.26, but no less frequently than once every six months.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances which required child welfare services intervention.

(2) The case plan shall identify specific goals, and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents which led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(6) When out-of-home placement is made, the case plan shall include documentation of the provisions specified in subdivisions (b), (c), and (d) of Section 16002.

(7) When out-of-home services are used, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been

provided to the child or to the child's siblings.

(8) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(9) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the probation officer's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

SECTION 1. Section 10263 of the Public Contract Code is amended to read:

10263. (a) Provisions shall be included in any invitation for bid and in any contract documents to permit the substitution of securities for any moneys withheld by a public agency to ensure performance under a contract. At the request and expense of the contractor, securities equivalent to the amount withheld shall be deposited with the State Treasurer or, a state or federally chartered bank in California, as the escrow agent, who shall then pay the moneys to the contractor. Upon satisfactory completion of the contract, the securities shall be returned to the contractor.

(b) Alternatively, the contractor may request and the owner shall make payment of retentions earned directly to the escrow agent. The contractor may direct the investment of the payments into securities and the contractor shall receive the interest earned on the investments upon the same terms provided for in this section for securities deposited by the contractor. Upon satisfactory completion of the contract, the contractor shall receive from the escrow agent all securities, interest, and payments received by the escrow agent from the owner, pursuant to the terms of this section.

(c) Alternatively, and subject to the approval of the public agency, the payment of retentions earned may be deposited directly with a person licensed under Division 6 (commencing with Section 17000) of the Financial Code as the escrow agent. Upon written

request of an escrow agent that has not been approved by the public agency under this subdivision, the public agency shall provide written notice to that escrow agent within 10 business days of receipt of the request indicating the reason or reasons for not approving that escrow agent. The payments shall be deposited in a trust account with a federally chartered bank or savings association within 24 hours of receipt by the escrow agent. The contractor shall not place any retentions with the escrow agent in excess of the coverage provided to that escrow agent pursuant to subdivision (b) of Section 17314 of the Financial Code. In all respects not inconsistent with this subdivision, the remaining provisions of this section shall apply to escrow agents acting pursuant to this subdivision.

This subdivision shall not be applicable to payments deposited on or after January 1, 1997.

(d) Securities eligible for investment under this section shall include those listed in Section 16430 of the Government Code, bank or savings and loan certificates of deposit, interest-bearing demand deposit accounts, standby letters of credit, or any other security mutually agreed to by the contractor and the public agency.

The contractor shall be beneficial owner of any securities substituted for moneys withheld and shall receive any interest thereon.

(2) The owner shall make progress payments to the contractor for those funds which otherwise would be withheld from progress payments pursuant to the contract provision, provided that the escrow agent holds securities in the form and amount specified above.

(3) When the owner makes payment of retentions earned directly to the escrow agent, the escrow agent shall hold them for the benefit of the contractor until such time as the escrow created under this contract is terminated. The contractor may direct the investment of the payments into securities. All terms and conditions of this agreement and the rights and responsibilities of the parties shall be equally applicable and binding when the owner pays the escrow agent directly.

(4) The contractor shall be responsible for paying all fees for the expenses incurred by the escrow agent in administering the escrow account. These expenses and payment terms shall be determined by the contractor and escrow agent.

(5) The interest earned on the securities or the money market accounts held in escrow and all interest earned on the interest shall be for the sole account of contractor and shall be subject to withdrawal by contractor at any time and from time to time without notice to the owner.

(6) The contractor shall have the right to withdraw all or any part of the principal in the escrow account only by written notice to the escrow agent accompanied by written authorization from the owner to the escrow agent that the owner consents to the withdrawal of the amount sought to be withdrawn by contractor.

(7) The owner shall have a right to draw upon the securities in the event of default by the contractor. Upon seven days' written notice to the escrow agent from the owner of the default, the escrow agent shall immediately convert the securities to cash and shall distribute the cash as instructed by the owner.

For purposes of this section, "community standards" means the statewide standards of the community of licensees. SEC. 4. Section 494 of the Business and Professions Code is amended to read:

494. (a) A board or an administrative law judge sitting alone, as provided in subdivision (h), may, upon petition, issue an interim order suspending any licentiate or imposing license restrictions, including, but not limited to, mandatory biological fluid testing, supervision, or remedial training. The petition shall include affidavits that demonstrate, to the satisfaction of the board, both of the following:

(1) The licentiate has engaged in acts or omissions constituting a violation of this code or has been convicted of a crime substantially related to the licensed activity.

(2) Permitting the licentiate to continue to engage in the licensed activity, or permitting the licentiate to continue in the licensed activity without restrictions, would endanger the public health, safety, or welfare.

(b) No interim order provided for in this section shall be issued without notice to the licentiate unless it appears from the petition and supporting documents that serious injury would result to the public before the matter could be heard on notice.

(c) Except as provided in subdivision (b), the licentiate shall be given at least 15 days' notice of the hearing on the petition for an interim order. The notice shall include documents submitted to the board in support of the petition. If the order was initially issued without notice as provided in subdivision (b), the licentiate shall be entitled to a hearing on the petition within 20 days of the issuance of the interim order without notice. The licentiate shall be given notice of the hearing within two days after issuance of the initial interim order, and shall receive all documents in support of the petition. The failure of the board to provide a hearing within 20 days following the issuance of the interim order without notice, unless the licentiate waives his or her right to the hearing, shall result in the dissolution of the interim order by operation of law.

(d) At the hearing on the petition for an interim order, the licentiate may:

(1) Be represented by counsel.

(2) Have a record made of the proceedings, copies of which shall

be available to the licentiate upon payment of costs computed in accordance with the provisions for transcript costs for judicial review contained in Section 11523 of the Government Code.

(3) Present affidavits and other documentary evidence.

(4) Present oral argument.

(e) The board, or an administrative law judge sitting alone as provided in subdivision (h), shall issue a decision on the petition for interim order within five business days following submission of the matter. The standard of proof required to obtain an interim order pursuant to this section shall be a preponderance of the evidence standard. If the interim order was previously issued without notice, the board shall determine whether the order shall remain in effect, be dissolved, or modified.

(f) The board shall file an accusation within 15 days of the issuance of an interim order. In the case of an interim order issued without notice, the time shall run from the date of the order issued after the noticed hearing. If the licentiate files a Notice of Defense, the hearing shall be held within 30 days of the agency's receipt of the Notice of Defense. A decision shall be rendered on the accusation no later than 30 days after submission of the matter. Failure to comply with any of the requirements in this subdivision shall dissolve the interim order by operation of law.

(g) Interim orders shall be subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure and shall be heard only in the superior court in and for the Counties of Sacramento, San Francisco, Los Angeles, or San Diego. The review of an interim order shall be limited to a determination of whether the board abused its discretion in the issuance of the interim order. Abuse of discretion is established if the respondent board has not proceeded in the manner required by law, or if the court determines that the interim order is not supported by substantial evidence in light of the whole record.

(h) The board may, in its sole discretion, delegate the hearing on any petition for an interim order to an administrative law judge in the Office of Administrative Hearings. If the board hears the noticed petition itself, an administrative law judge shall preside at the hearing, rule on the admission and exclusion of evidence, and advise the board on matters of law. The board shall exercise all other powers relating to the conduct of the hearing but may delegate any or all of them to the administrative law judge. When the petition has been delegated to an administrative law judge, he or she shall sit alone and exercise all of the powers of the board relating to the conduct of the hearing. A decision issued by an administrative law judge sitting alone shall be final when it is filed with the board. If the administrative law judge issues an interim order without notice, he or she shall preside at the noticed hearing, unless unavailable, in which case another administrative law judge may hear the matter. The decision of the administrative law judge sitting alone on the petition for an interim order is final, subject only to judicial review

in accordance with subdivision (g).

(i) Failure to comply with an interim order issued pursuant to subdivision (a) or (b) shall constitute a separate cause for disciplinary action against any licentiate, and may be heard at, and as a part of, the noticed hearing provided for in subdivision (f). Allegations of noncompliance with the interim order may be filed at any time prior to the rendering of a decision on the accusation. Violation of the interim order is established upon proof that the licentiate was on notice of the interim order and its terms, and that the order was in effect at the time of the violation. The finding of a violation of an interim order made at the hearing on the accusation shall be reviewed as a part of any review of a final decision of the agency.

If the interim order issued by the agency provides for anything less than a complete suspension of the licentiate from his or her business or profession, and the licentiate violates the interim order prior to the hearing on the accusation provided for in subdivision (f), the agency may, upon notice to the licentiate and proof of violation, modify or expand the interim order.

(j) A plea or verdict of guilty or a conviction after a plea of nolo contendere is deemed to be a conviction within the meaning of this section. A certified record of the conviction shall be conclusive evidence of the fact that the conviction occurred. A board may take action under this section notwithstanding the fact that an appeal of the conviction may be taken.

(k) The interim orders provided for by this section shall be in addition to, and not a limitation on, the authority to seek injunctive relief provided in any other provision of law.

(l) In the case of a board, a petition for an interim order may be filed by the executive officer. In the case of a bureau or program, a petition may be filed by the chief or program administrator, as the case may be.

(m) "Board," as used in this section, shall include any agency described in Section 22, and any allied health agency within the jurisdiction of the Medical Board of California. Board shall also include the Osteopathic Medical Board of California and the State Board of Chiropractic Examiners. The provisions of this section shall not be applicable to the Medical Board of California, the Board of Podiatric Medicine, or the State Athletic Commission.

(c) Nothing in this chapter shall be construed as restricting or preventing the practice of speech-language pathology or audiology by personnel holding the appropriate credential from the Commission on Teacher Credentialing as long as the practice is conducted within the confines of or under the jurisdiction of a public preschool, elementary or secondary school by which they are employed and those persons do not either offer to render or render speech-language pathology or audiology services to the public for compensation over and above the salary they receive from the public

preschool elementary or secondary school by which they are employed for the performance of their official duties.

(d) Nothing in this chapter shall be construed as restricting the activities in services of a student or speech-language pathology intern in speech-language pathology pursuing a course of study leading to a degree in speech-language pathology at an accredited or approved college or university or an approved clinical training facility, provided that these activities and services constitute a part of his or her supervised course of study and that those persons are designated by the title as "speech-language pathology intern," "speech-language pathology trainee," or other title clearly indicating the training status appropriate to his or her level of training.

The number of applicants who may be supervised by a licensed speech-language pathologist or a speech-language pathologist having qualifications deemed equivalent by the committee shall be determined by the committee. The committee shall not give any credit for any required professional experience which is completed in violation of this section.

(g) Nothing in this chapter shall be construed as restricting hearing screening services in public or private elementary or secondary schools so long as these screening services are provided by persons registered as qualified school audiometrists pursuant to Sections 1685 and 1686 of the Health and Safety Code or hearing screening services supported by the State Department of Health

Services so long as these screening services are provided by appropriately trained or qualified personnel.

The forms shall contain sufficient information to identify the service dealer, including name, address, retail seller's permit number, if a permit is required under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code), a copy of the certificate of qualification as filed with the Secretary of State if the service dealer is a foreign corporation, and other identifying data to be prescribed by the bureau. If the business is to be carried on under a fictitious name, that fictitious name shall be stated. If the service dealer is a partnership, identifying data shall be stated for each partner. If the service dealer is a private company that does not file an annual report on Form 10-K with the Securities and Exchange Commission, data shall be included for each of the officers and directors of the company as well as for the individual in charge of each place of the service dealer's business in the State of California, subject to any regulations the director may adopt. If the service dealer is a publicly held corporation or a private company that files an annual report on Form 10-K with the Securities and Exchange Commission, it shall be sufficient for purposes of providing data for each of the officers and directors of the corporation or company to file with the director the most recent annual report on Form 10-K that is filed with the Securities and Exchange Commission.

A service dealer who does not operate a place of business in this state, but who engages in the electronic repair industry or the appliance repair industry in this state, shall hold a valid registration

issued by the bureau and shall pay the registration fee required by this chapter as if he or she had a place of business in this state.

SEC. 48. Section 9830.5 of the Business and Professions Code is amended to read:

9830.5. Each service contractor shall pay the fee required by this chapter for each place of business operated by him or her in this state and shall register with the bureau upon forms prescribed by the director. The forms shall contain sufficient information to identify the service contractor, including name, address, retail seller's permit number, if a permit is required under the Sales and Use Tax Law (Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code), a copy of the certificate of qualification as filed with the Secretary of State if the service contractor is a foreign corporation, and other identifying data to be prescribed by the bureau. If the business is to be carried on under a fictitious name, that fictitious name shall be stated. If the service contractor is a partnership, identifying data shall be stated for each partner. If the service contractor is a private company that does not file an annual report on Form 10-K with the Securities and Exchange Commission, data shall be included for each of the officers and directors of the company as well as for the individual in charge of each place of the service contractor's business in the State of California, subject to any regulations the director may adopt. If the service contractor is a publicly held corporation or a private company that files an annual report on Form 10-K with the Securities and Exchange Commission, it shall be sufficient for purposes of providing data for each of the officers and directors of the corporation or company to file with the director the most recent annual report on Form 10-K that is filed with the Securities and Exchange Commission.

A service contractor who does not operate a place of business in this state but who sells, issues, or administers service contracts in this state, shall hold a valid registration issued by the bureau and shall pay the registration fee required by this chapter as if he or she had a place of business in this state.

This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 49. Section 9832 of the Business and Professions Code is amended to read:

9832. (a) Registrations issued under this chapter shall expire no more than 12 months after the issue date. The expiration date of registrations shall be set by the director in a manner to best distribute renewal procedures throughout the year.

(b) To renew an unexpired registration, the service dealer shall, on or before the expiration date of the registration, apply for renewal on a form prescribed by the director, and pay the renewal fee prescribed by this chapter.

(c) To renew an expired registration, the service dealer shall

apply for renewal on a form prescribed by the director, pay the renewal fee in effect on the last regular renewal date, and pay all accrued and unpaid delinquency and renewal fees.

(d) A registration that is delinquent more than two years may not be renewed. A service dealer with a delinquent registration is required to reapply for registration. Renewal is effective on the date on which the application is filed and the renewal fee is paid. If there is a delinquency fee, renewal shall be effective upon payment of that fee.

(e) For purposes of implementing the distribution of the renewal of registrations throughout the year, the director may extend by not more than six months, the date fixed by law for renewal of a registration, except that in that event any renewal fee that may be involved shall be prorated in a manner that no person shall be required to pay a greater or lesser fee than would have been required had the change in renewal dates not occurred.

SEC. 50. Section 9832.5 of the Business and Professions Code is amended to read:

9832.5. (a) Registrations issued under this chapter shall expire no more than 12 months after the issue date. The expiration date of registrations shall be set by the director in a manner to best distribute renewal procedures throughout the year.

(d) A registration that is delinquent more than two years may not be renewed. A service contractor with a delinquent registration is required to reapply for registration. Renewal is effective on the date on which the application is filed and the renewal fee is paid. If there is a delinquency fee, renewal shall be effective upon payment of that fee.

(e) For purposes of implementing the distribution of the renewal of registrations throughout the year, the director may extend, by not more than six months, the date fixed by law for renewal of a registration, except that, in that event, any renewal fee that may be involved shall be prorated in such a manner that no person shall be required to pay a greater or lesser fee than would have been required had the change in renewal dates not occurred.

(f) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 51. Section 9854 is added to the Business and Professions Code, to read:

9854. The bureau shall design and approve a sign that shall be

placed in all electronic and appliance repair locations operated by a service dealer in a place and manner conspicuous to the public. The sign shall give notice that inquiries concerning service may be made to the bureau and shall contain the telephone number of the bureau. The sign shall also indicate that the customer is entitled to a return of replaced parts and of the customer's right, pursuant to Section 1793.2 of the Civil Code, to have his or her equipment serviced or repaired within 30 days of receipt by the service dealer if the equipment is serviced or repaired pursuant to a manufacturer's express warranty.

SEC. 52. Section 9862 of the Business and Professions Code is amended to read:

9862. If a complaint indicates a possible violation of this chapter or of the regulations adopted pursuant to this chapter, the director may advise the service dealer of the contents of the complaint and, if the service dealer is so advised, the director shall make a summary investigation of the facts after the service dealer has had reasonable opportunity to reply thereto.

SEC. 53. Section 9862.5 of the Business and Professions Code is amended to read:

9862.5. If a complaint indicates a possible violation of this chapter or of the regulations adopted pursuant to this chapter, the director may advise the service contractor of the contents of the complaint and, if the service contractor is so advised, the director shall make a summary investigation of the facts after the service dealer has had reasonable opportunity to reply thereto.

This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 53.5. Section 18824 of the Business and Professions Code is amended to read:

18824. Except as provided in Section 18646 and Section 18832, every person who conducts a contest or wrestling exhibition shall, within 72 hours after the determination of every contest or wrestling exhibition for which admission is charged and received, furnish to the commission a written report executed under penalty of perjury by one of the officers, showing the number of tickets issued or sold for the contest or wrestling exhibition, the amount of the gross receipts or value thereof, and the gross price charged directly or indirectly and no matter by whom received, for the sale, lease, or other exploitation of broadcasting and television rights of the contest or wrestling exhibition, and without any deductions, except for expenses incurred for one broadcast announcer, telephone line connection, and transmission mobile equipment facility, which may be deducted from the gross taxable base when those expenses are approved by the commission. The person shall also, within the same time, pay to the commission a 5-percent fee, exclusive of any federal taxes paid thereon, of the amount paid for admission to the contest or wrestling exhibition, and up to 5 percent of the gross price as

described above for the sale, lease, or other exploitation of broadcasting or television rights thereof, except that in no case shall the fee be less than one thousand dollars (\$1,000). The minimum fee for an amateur contest or exhibition shall not be less than five hundred dollars (\$500). The amount of the gross receipts upon which the fee provided for in this section is calculated shall not include any assessments levied by the commission under Section 18711.

The fee on admission shall apply to the amount actually paid for admission and not to the regular established price.

No fee is due in the case of a person admitted free of charge; provided, however, if the total number of persons admitted free of charge to a boxing, kickboxing, or martial arts contest or wrestling exhibition exceeds 25 percent of the total number of spectators, then a fee of one dollar (\$1) per complimentary ticket or pass used to gain admission to the contest shall be paid to the commission for each complimentary ticket or pass that exceeds the numerical total of 25 percent of the total number of spectators.

As used in this section, "person" includes a promoter, club, individual, corporation, partnership, association or other organization, and "wrestling exhibition" means a performance of wrestling skills and techniques by two or more individuals, to which admission is charged or which is broadcast or televised, in which the participating individuals are not required to use their best efforts in order to win, and for which the winner may have been selected before the performance commences.

SEC. 54. Section 18868 is added to the Business and Professions Code, to read:

18868. (a) The commission shall have the authority to obtain and review criminal history information to determine whether an applicant or licensee has been convicted of any offense or has been arrested for any offense for which disposition is still pending. A conviction, or a plea of guilty or nolo contendere to an offense, may be cause to deny an application or take disciplinary action against a licensee dependent on the relevancy of the offense to the licensed activity.

(b) The commission may require applicants to submit two sets of fingerprints which shall be furnished to the Department of Justice. Upon the request of the commission, the Department of Justice shall submit one set of the fingerprints to the Federal Bureau of Investigation to obtain a copy of the Federal Bureau of Investigation's record and shall retain one set to search the California criminal history system.

consumer-oriented state agency and any investigation of the person made by the agency, where that person is being investigated by the district attorney regarding possible consumer fraud.

(b) Where the district attorney does not take action with respect to the complaint or investigation, the material shall remain confidential.

(c) Where the release of the material would jeopardize an investigation or other duties of a consumer-oriented state agency, the agency shall have discretion to delay the release of the information.

(d) As used in this section, a consumer-oriented state agency is any state agency which regulates the licensure, certification, or qualification of persons to practice a profession or business within the state, where the regulation is for the protection of consumers who deal with the professionals or businesses. SEC. 56. Section 1327 of the Health and Safety Code is amended to read:

1327. (a) Whenever circumstances exist indicating that continued management of a long-term health care facility by the current licensee would present a substantial probability or imminent danger of serious physical harm or death to the patients, or there exists in the facility a condition in substantial violation of this chapter or the rules and regulations adopted pursuant to this chapter, or the facility exhibits a pattern or practice of habitual violation of this chapter or the rules and regulations adopted pursuant thereto, or the facility is closing or intends to terminate operation as a licensed long-term health care facility and adequate arrangements for relocation of residents have not been made at least 30 days prior to the closing or termination, the director may petition the superior court for the county in which the long-term health care facility is located for an order appointing a receiver to temporarily operate the long-term health care facility in accordance with this article.

The petition shall allege the facts upon which the action is based and shall be supported by an affidavit of the director. A copy of the petition and affidavits, together with an order to appear and show cause why temporary authority to operate the long-term health care facility should not be vested in a receiver pursuant to this article, shall be delivered to the licensee, administrator, or a responsible person at the facility to the attention of the licensee and administrator. The order shall specify a hearing date, which shall be not less than five, nor more than 10, days following delivery of the petition and order upon the licensee, except that the court may shorten or lengthen the time upon a showing of just cause.

(b) If the director files a petition pursuant to subdivision (a) for appointment of a receiver to operate a long-term health care facility, in accordance with Section 564 of the Code of Civil Procedure, the director may also petition the court, in accordance with Section 527 of the Code of Civil Procedure, for an order appointing a temporary receiver. A temporary receiver appointed by the court pursuant to this subdivision shall serve until the court has made a final determination on the petition for appointment of a receiver filed pursuant to subdivision (a). A receiver appointed pursuant to this subdivision shall have the same powers and duties as a receiver would have if appointed pursuant to subdivision (a).

At the time of the hearing, the state department shall advise the licensee of the name of the proposed receiver. The receiver shall be a licensed nursing home administrator or other responsible person or entity, as determined by the court, from a list of qualified receivers established by the state department, with input from providers of long-term care and consumer representatives. The department shall consult with the Board of Nursing Home Administrators, in order to

screen potential receivers who are licensed by the board, and to determine if they are administrators in good standing. Persons appearing on the list shall have experience in the delivery of health care services, and, if feasible, shall have experience with the operation of a long-term health care facility. The receivers shall have sufficient background and experience in management and finances to ensure compliance with orders issued by the court. The owner, licensee, or administrator shall not be appointed as the receiver unless authorized by the court.

If at the conclusion of the hearing, which may include oral testimony and cross-examination at the option of any party, the court determines that adequate grounds exist for the appointment of a receiver and that there is no other reasonably available remedy to protect the patients, the court may issue an order appointing a receiver to temporarily operate the long-term health care facility and enjoining the licensee from interfering with the receiver in the conduct of his or her duties. The court shall in any such proceedings make written findings of fact and conclusions of law, and shall require an appropriate bond to be filed by the receiver and paid for by the licensee. The bond shall be in an amount necessary to protect the licensee in the event of any failure on the part of the receiver to act in a reasonable manner. The bond requirement may be waived by the licensee.

The court may permit the licensee to participate in the continued operation of the facility during the pendency of any receivership ordered pursuant to this section and shall issue an order detailing the nature and scope of participation.

Failure of the licensee to appear at the hearing on the petition shall constitute an admission of all factual allegations contained in the petition for purposes of these proceedings only.

The licensee shall receive notice and a copy of the application each time the receiver applies to the court or the state department for instructions regarding his or her duties under the provisions of this article, when an accounting pursuant to Section 1330 is submitted, and when a report pursuant to Section 1332 or other report is submitted. The licensee shall have an opportunity to present objections or otherwise participate in any such proceeding.

(c) (1) The director may petition the superior court pursuant to this section for the county in which any health facility, as defined in subdivision (e), (g), or (h) of Section 1250, providing long-term care for persons with developmental disabilities is located, for an order appointing a temporary receiver to operate the facility for a maximum of 120 days in accordance with this article.

(2) The state department may provide onsite technical assistance to the receiver appointed pursuant to this subdivision, if requested by the receiver, to continue operation of the facility. The technical assistance may include, but need not be limited to, technical assistance regarding any of the following:

(A) Staff training and personnel management.

- (B) Rate adjustment applications and appeals.
- (C) Administrative practices and procedures.
- (D) Fiscal management.
- (E) Licensing regulations and review procedures.

(3) The state department shall notify the State Department of Developmental Services and the appropriate regional center, or centers, of the receivership action.

(4) When the director has determined that the facility specified in paragraph (1) presents a risk of abruptly closing, but the director determines that the situation does not require the filing of a petition with the court for an order appointing a receiver, the director may provide onsite technical assistance as specified in paragraph (2) to the operator of the facility if the operator requests the assistance.

SEC. 57. Section 1422 of the Health and Safety Code is amended to read:

1422. (a) The Legislature finds and declares that it is the public policy of this state to assure that long-term health care facilities provide the highest level of care possible. The Legislature further finds that inspections are the most effective means of furthering this policy. It is not the intent of the Legislature by the amendment of subdivision (b) enacted by Chapter 1595 of the Statutes of 1982 to reduce in any way the resources available to the state department for inspections, but rather to provide the state department with the greatest flexibility to concentrate its resources where they can be most effective.

(b) Without providing notice of these inspections, the state department shall, in addition to any inspections conducted pursuant to complaints filed pursuant to Section 1419, conduct inspections annually, except with regard to those facilities which have no class "AA", class "A", or class "B" violations in the past twelve months. The state department shall also conduct inspections as may be necessary to assure the health, safety, and security of patients in long-term health care facilities. Every facility shall be inspected at least once every two years.

The state department shall submit to the federal Department of Health and Human Services on or before July 1, 1985, for review and approval, a request to implement a three-year pilot program designed to lessen the predictability of the long-term health care facility inspection process. Two components of the pilot program shall be (1) the elimination of the present practice of entering into a one-year certification agreement, and (2) the conduct of segmented inspections of a sample of facilities with poor inspection records, as defined by the state department. At the conclusion of the pilot project, an analysis of both components shall be conducted by the state department to determine effectiveness in reducing inspection predictability and the respective cost benefits. Implementation of this pilot project is contingent upon federal approval. The state department shall report annually to the Legislature on progress of the pilot project with a final report at the

end of the third year.

(c) Except as otherwise provided in subdivision (b), the state department shall conduct unannounced direct patient care inspections at least annually to inspect physician and surgeon services, nursing services, pharmacy services, dietary services, and activity programs of all the long-term health care facilities. Facilities evidencing repeated serious problems in complying with this chapter or a history of poor performance, or both, shall be subject to periodic unannounced direct patient care inspections during the inspection year. The direct patient care inspections shall assist the state department in the prioritization of its efforts to correct facility deficiencies.

(d) All long-term health care facilities shall report to the state department any changes in the nursing home administrator or the director of nursing services within 10 calendar days of the changes.

(e) Within 90 days after the receipt of notice of a change in the nursing home administrator or the director of nursing services, the state department may conduct an abbreviated inspection of the long-term health care facilities.

(f) If a change in a nursing home administrator occurs and the Board of Nursing Home Administrators notifies the state department that the new administrator is on probation or has had his or her license suspended within the previous three years, the state department shall conduct an abbreviated survey of the long-term health care facility employing that administrator within 90 days of notification.

SEC. 58. Section 1429.5 of the Health and Safety Code is amended to read:

1429.5. (a) The state department shall report enforcement actions taken against a facility, and the name of the licensed administrator of the facility, to the State Board of Nursing Home Administrators.

(b) The following actions shall be reported to the State Board of Nursing Home Administrators:

- (1) Temporary suspension orders.
- (2) Final decertification from the Medi-Cal or Medicare programs based on failure to meet certification requirements.
- (3) Service of an accusation to revoke a facility's license.
- (4) Any class "AA" citations and three class "A" citations within the same facility with the same administrator within a one calendar year period. The State Department of Health Services shall notify the board in the event that citations are overturned or modified in citation review conference, through binding arbitration, or on appeal.

SEC. 59. The Legislature finds and declares that the enactment of Chapter 21 of the Statutes of 1992 of the First Extraordinary Session of the Legislature satisfied the condition set forth in Section 30 of Chapter 1135 of the Statutes of 1992, and therefore, Section 7517 of the Business and Professions Code as amended by Section 6.5 of,

and Section 7591.17 of the Business and Professions Code as amended by Section 10.4 of, Chapter 1135 of the Statutes of 1992, became operative on January 1, 1993.

SEC. 60. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1276

An act to add Article 11.5 (commencing with Section 2215) to Chapter 5 of Division 2 of the Business and Professions Code, and to add Chapter 1.3 (commencing with Section 1248) to Division 2 of the Health and Safety Code, relating to health, and making an appropriation therefor.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Article 11.5 (commencing with Section 2215) is added to Chapter 5 of Division 2 of the Business and Professions Code, to read:

Article 11.5. Surgery in Certain Outpatient Settings

2215. The Legislature finds and declares that in this state, significant surgeries are being performed in unregulated out-of-hospital settings. The Legislature further finds and declares that without appropriate oversight, some of these settings may be operating in a manner which is injurious to the public health, welfare, and safety. Although the health professionals delivering health care services in these settings are licensed, further quality assurance is needed to ensure that health care services are safely and effectively performed in these settings. The Legislature further recognizes that there is a wide range of surgical procedures safely performed in a myriad of outpatient settings, and the degree of patient risk varies greatly. It is the intent of the Legislature to create regulations that directly impact patient safety. It is not the intent of the Legislature to require standards in excess of those requirements in Section 1248.15, or to require physical modifications to facilities

unless the modifications or standards directly impact patient safety and are cost-effective. The cost effectiveness of any modifications shall be taken into consideration by the Division of Licensing of the Medical Board of California, and shall ensure that the least costly and effective method of achieving patient safety is required.

2216. On or after July 1, 1996, no physician and surgeon shall perform procedures in an outpatient setting using anesthesia, except local anesthesia or peripheral nerve blocks, or both, complying with the community standard of practice, in doses that, when administered, have the probability of placing a patient at risk for loss of the patient's life-preserving protective reflexes, unless the setting is specified in Section 1248.1. Outpatient settings where anxiolytics and analgesics are administered are excluded when administered, in compliance with the community standard of practice, in doses that do not have the probability of placing the patient at risk for loss of the patient's life-preserving protective reflexes.

The definition of "outpatient settings" contained in subdivision (c) of Section 1248 shall apply to this section.

2217. The Division of Licensing of the Medical Board of California may adopt regulations to implement this article and Chapter 1.3 (commencing with Section 1248) of Division 2 of the Health and Safety Code.

SEC. 2. Chapter 1.3 (commencing with Section 1248) is added to Division 2 of the Health and Safety Code, to read:

CHAPTER 1.3. OUTPATIENT SETTINGS

1248. For purposes of this chapter, the following definitions shall apply:

(a) "Division" means the Division of Licensing of the Medical Board of California.

(b) "Division of Medical Quality" means the Division of Medical Quality of the Medical Board of California.

(c) "Outpatient setting" means any facility, clinic, unlicensed clinic, center, office, or other setting that is not part of a general acute care facility, as defined in Section 1250, and where anesthesia, except local anesthesia or peripheral nerve blocks, or both, is used in compliance with the community standard of practice, in doses that, when administered have the probability of placing a patient at risk for loss of the patient's life-preserving protective reflexes.

"Outpatient setting" does not include, among other settings, any setting where anxiolytics and analgesics are administered, when done so in compliance with the community standard of practice, in doses that do not have the probability of placing the patient at risk for loss of the patient's life-preserving protective reflexes.

(d) "Accreditation agency" means a public or private organization that is approved to issue certificates of accreditation to outpatient settings by the division pursuant to Sections 1248.15 and 1248.4.

1248.1. No association, corporation, firm, partnership, or person shall operate, manage, conduct, or maintain an outpatient setting in this state, unless the setting is one of the following:

(a) An ambulatory surgical center that is certified to participate in the Medicare program under Title XVIII (42 U.S.C. Sec. 1395 et seq.) of the federal Social Security Act.

(b) Any clinic conducted, maintained, or operated by a federally recognized Indian tribe or tribal organization, as defined in Section 450 or 1601 of Title 25 of the United States Code, and located on land recognized as tribal land by the federal government.

(c) Any clinic directly conducted, maintained, or operated by the United States or by any of its departments, officers, or agencies.

(d) Any primary care clinic licensed under subdivision (a) and any surgical clinic licensed under subdivision (b) of Section 1204.

(e) Any health facility licensed as a general acute care hospital under Chapter 2 (commencing with Section 1250).

(f) Any outpatient setting to the extent that it is used by a dentist or physician and surgeon in compliance with Article 2.7 (commencing with Section 1646) or Article 2.8 (commencing with Section 1647) of Chapter 4 of Division 2 of the Business and Professions Code.

(g) An outpatient setting accredited by an accreditation agency approved by the division pursuant to this chapter.

(h) A setting, including, but not limited to, a mobile van, in which equipment is used to treat patients admitted to a facility described in subdivision (a), (d), or (e), and in which the procedures performed are staffed by the medical staff of, or other healthcare practitioners with clinical privileges at, the facility and are subject to the peer review process of the facility but which setting is not a part of a facility described in subdivision (a), (d), or (e).

Nothing in this section shall relieve an association, corporation, firm, partnership, or person from complying with all other provisions of law that are otherwise applicable.

1248.15. (a) The division shall adopt standards for accreditation and, in approving accreditation agencies to perform accreditation of outpatient settings, shall ensure that the certification program shall, at a minimum, include standards for the following aspects of the settings' operations:

(1) Outpatient setting allied health staff shall be licensed or certified to the extent required by state or federal law.

(2) (A) Outpatient settings shall have a system for facility safety and emergency training requirements.

(B) There shall be onsite equipment, medication, and trained personnel to facilitate handling of services sought or provided and to facilitate handling of any medical emergency that may arise in connection with services sought or provided.

(C) In order for procedures to be performed in an outpatient setting as defined in Section 1248, the outpatient setting shall do one of the following:

(i) Have a written transfer agreement with a local accredited or licensed acute care hospital, approved by the facility's medical staff.

(ii) Permit surgery only by a licensee who has admitting privileges at a local accredited or licensed acute care hospital, with the exception that licensees who may be precluded from having admitting privileges by their professional classification or other administrative limitations, shall have a written transfer agreement with licensees who have admitting privileges at local accredited or licensed acute care hospitals.

(iii) Submit for approval by an accrediting agency, a detailed procedural plan for handling medical emergencies that shall be reviewed at the time of accreditation. No reasonable plan shall be disapproved by the accrediting agency.

(D) All physicians and surgeons transferring patients from an outpatient setting shall agree to cooperate with the medical staff peer review process on the transferred case, the results of which shall be referred back to the outpatient setting, if deemed appropriate by the medical staff peer review committee. If the medical staff of the acute care facility determines that inappropriate care was delivered at the outpatient setting, the acute care facility's peer review outcome shall be reported, as appropriate, to the accrediting body, the Health Care Financing Administration, the State Department of Health Services, and the appropriate licensing authority.

(3) The outpatient setting shall permit surgery by a dentist acting within his or her scope of practice under Chapter 4 (commencing with Section 1600) of the Business and Professions Code or physician and surgeon, osteopathic physician and surgeon, or podiatrist acting within his or her scope of practice under Chapter 5 (commencing with Section 2000) of the Business and Professions Code or the Osteopathic Initiative Act. The outpatient setting may, in its discretion, permit anesthesia service by a certified registered nurse anesthetist acting within his or her scope of practice under Article 7 (commencing with Section 2825) of Chapter 6 of the Business and Professions Code.

(4) Outpatient settings shall have a system for maintaining clinical records.

(5) Outpatient settings shall have a system for patient care and monitoring procedures.

(6) (A) Outpatient settings shall have a system for quality assessment and improvement.

(B) Members of the medical staff and other practitioners who are granted clinical privileges shall be professionally qualified and appropriately credentialed for the performance of privileges granted. The outpatient setting shall grant privileges in accordance with recommendations from qualified health professionals, and credentialing standards established by the outpatient setting.

(C) Clinical privileges shall be periodically reappraised by the outpatient setting. The scope of procedures performed in the outpatient setting shall be periodically reviewed and amended as

appropriate.

(7) Outpatient settings regulated by this chapter that have multiple service locations governed by the same standards may elect to have all service sites surveyed on any accreditation survey. Organizations that do not elect to have all sites surveyed shall have a sample, not to exceed 20 percent of all service sites, surveyed. The actual sample size shall be determined by the division. The accreditation agency shall determine the location of the sites to be surveyed. Outpatient settings that have five or fewer sites shall have at least one site surveyed. When an organization that elects to have a sample of sites surveyed is approved for accreditation, all of the organizations' sites shall be automatically accredited.

(b) An accreditation agency may include additional standards in its determination to accredit outpatient settings if these are approved by the division to protect the public health and safety.

(c) No accreditation standard adopted or approved by the division, and no standard included in any certification program of any accreditation agency approved by the division, shall serve to limit the ability of any allied healthcare practitioner to provide services within his or her full scope of practice. Notwithstanding this or any other provision of law, each outpatient setting may limit the privileges, or determine the privileges, within the appropriate scope of practice, that will be afforded to physicians and allied health care practitioners who practice at the facility, in accordance with credentialing standards established by the outpatient setting in compliance with this chapter. Privileges may not be arbitrarily restricted based on category of licensure.

1248.2. (a) Any outpatient setting may apply to an accreditation agency for a certificate of accreditation. Accreditation shall be issued by the accreditation agency solely on the basis of compliance with its standards as approved by the division under this chapter.

(b) The division shall obtain and maintain a list of all accredited, certified, and licensed outpatient settings from the information provided by the accreditation, certification, and licensing agencies approved by the division, and shall notify the public, upon inquiry, whether a setting is accredited, certified, or licensed, or whether the setting's accreditation, certification, or license has been revoked.

1248.25. If an outpatient setting does not meet the standards approved by the division, accreditation shall be denied by the accreditation agency, which shall provide the outpatient setting notification of the reasons for the denial. An outpatient setting may reapply for accreditation at any time after receiving notification of the denial.

1248.3. (a) Certificates of accreditation issued to outpatient settings by an accreditation agency shall be valid for not more than three years.

(b) The outpatient setting shall notify the accreditation agency within 30 days of any significant change in ownership, including, but not limited to, a merger, change in majority interest, consolidation,

name change, change in scope of services, additional services, or change in locations.

(c) Except for disclosures to the division or to the Division of Medical Quality under this chapter, an accreditation agency shall not disclose information obtained in the performance of accreditation activities under this chapter that individually identifies patients, individual medical practitioners, or outpatient settings. Neither the proceedings nor the records of an accreditation agency or the proceedings and records of an outpatient setting related to performance of quality assurance or accreditation activities under this chapter shall be subject to discovery, nor shall the records or proceedings be admissible in a court of law. The prohibition relating to discovery and admissibility of records and proceedings does not apply to any outpatient setting requesting accreditation in the event that denial or revocation of that outpatient setting's accreditation is being contested. Nothing in this section shall prohibit the accreditation agency from making discretionary disclosures of information to an outpatient setting pertaining to the accreditation of that outpatient setting.

1248.35. (a) The Division of Medical Quality or an accreditation agency may, upon reasonable prior notice and presentation of proper identification, enter and inspect any outpatient setting that is accredited by an accreditation agency at any reasonable time to ensure compliance with, or investigate an alleged violation of, any standard of the accreditation agency or any provision of this chapter.

(b) If an accreditation agency determines, as a result of its inspection, that an outpatient setting is not in compliance with the standards under which it was approved, the accreditation agency may do any of the following:

(1) Issue a reprimand.

(2) Place the outpatient setting on probation, during which time the setting shall successfully institute and complete a plan of correction, approved by the division or the accreditation agency, to correct the deficiencies.

(3) Suspend or revoke the outpatient setting's certification of accreditation.

(c) Except as is otherwise provided in this subdivision, before suspending or revoking a certificate of accreditation under this chapter, the accreditation agency shall provide the outpatient setting with notice of any deficiencies and reasonable time to supply information demonstrating compliance with the standards of the accreditation agency in compliance with this chapter, as well as the opportunity for a hearing on the matter upon the request of the outpatient center. The accreditation agency may immediately suspend the certificate of accreditation before providing notice and an opportunity to be heard, but only when failure to take the action may result in imminent danger to the health of an individual. In such cases, the accreditation agency shall provide subsequent notice and an opportunity to be heard.

(d) If the division determines that deficiencies found during an inspection suggests that the accreditation agency does not comply with the standards approved by the division, the division may conduct inspections, as described in this section, of other settings accredited by the accreditation agency to determine if the agency is accrediting settings in accordance with Section 1248.15.

1248.4. (a) It is the intent of the Legislature that an accreditation agency operating on or before January 1, 1995, and meeting the standards set forth in this chapter, as determined by the division, not be required to go through the entire application process with the division. Therefore, the division may grant a temporary certificate of approval to such an accreditation agency. The temporary approval issued to an accreditation agency under this subdivision shall expire on January 1, 1998. In order to continue its status as an accreditation agency, an accreditation agency approved by the division under this subdivision shall apply for renewal of approval by the division on or before January 1, 1998, and shall establish that it is in compliance with the standards set forth in this chapter and any regulations adopted pursuant thereto.

(b) Each accreditation agency approved by the division shall, on and after January 1, 1995, promptly forward to the division a list of each outpatient setting to which it has granted a certificate of accreditation, as well as settings that have lost accreditation or were denied accreditation.

(c) The division shall approve an accreditation agency that applies for approval on a form prescribed by the division, accompanied by payment of the fee prescribed by this chapter and evidence that the accreditation agency meets the following criteria:

(1) Includes within its accreditation program, at a minimum, the standards for accreditation of outpatient settings approved by the division as well as standards for patient care and safety at the setting.

(2) Submits its current accreditation standards to the division every three years, or upon request for continuing approval by the division.

(3) Maintains internal quality management programs to ensure quality of the accreditation process.

(4) Has a process by which accreditation standards can be reviewed and revised no less than every three years.

(5) Maintains an available pool of allied health care practitioners to serve on accreditation review teams as appropriate.

(6) Has accreditation review teams that shall do all of the following:

(A) Consist of at least one physician and surgeon who practices in an outpatient setting; any other members shall be practicing actively in these settings.

(B) Participate in formal educational training programs provided by the accreditation agency in evaluation of the certification standards at least every three years.

(7) The accreditation agency shall demonstrate that professional

members of its review team have experience in conducting review activities of freestanding outpatient settings.

(8) Standards for accreditation shall be developed with the input of the medical community and the ambulatory surgery industry.

(9) Accreditation reviewers shall be credentialed and screened by the accreditation agency.

(10) The accreditation agency shall not have an ownership interest in nor be involved in the operation of a freestanding outpatient setting, nor in the delivery of health care services to patients.

(d) Accreditation agencies approved by the division shall forward to the division copies of all certificates of accreditation and shall notify the division promptly whenever the agency denies or revokes a certificate of accreditation.

(e) A certification of an accreditation agency by the division shall expire at midnight on the last day of a three-year term if not renewed. The division shall establish by regulation the procedure for renewal. To renew an unexpired approval, the accreditation agency shall, on or before the date upon which the certification would otherwise expire, apply for renewal on a form, and pay the renewal fee, as prescribed by the division.

1248.5. The division may evaluate the performance of an approved accreditation agency no less than every three years, or in response to complaints against an agency, or complaints against one or more outpatient settings accredited by an agency that indicates noncompliance by the agency with the standards approved by the division.

1248.55. (a) If the accreditation agency is not meeting the criteria set by the division, the division may terminate approval of the agency.

(b) Before terminating approval of an accreditation agency, the division shall provide the accreditation agency with notice of any deficiencies and reasonable time to supply information demonstrating compliance with the requirements of this chapter, as well as the opportunity for a hearing on the matter in compliance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) (1) If approval of the accreditation agency is terminated by the division, outpatient settings accredited by that agency shall be notified by the division and, except as provided in paragraph (2), shall be authorized to continue to operate for a period of 12 months in order to seek accreditation through an approved accreditation agency, unless the time is extended by the division for good cause.

(2) The division may require that an outpatient setting, that has been accredited by an accreditation agency whose approval has been terminated by the division, cease operations immediately in the event that the division is in possession of information indicating that continued operation poses an imminent risk of harm to the health of an individual. In such cases, the division shall provide the outpatient

setting with notice of its action, the reason underlying it, and a subsequent opportunity for a hearing on the matter. An outpatient setting that is ordered to cease operations under this paragraph may reapply for a certificate of accreditation after six months and shall notify the division promptly of its reapplication.

1248.6. (a) The Division of Licensing shall establish by regulation a reasonable fee for an application for approval as an accreditation agency in an amount that is reasonably necessary to recover the cost of implementing and administering this chapter, and not to exceed five thousand dollars (\$5,000). The division shall establish by regulation a reasonable fee for a temporary certificate of approval, as outlined in subdivision (a) of Section 1248.4, not to exceed two thousand dollars (\$2,000). The division shall also establish a reasonable fee for renewal. The renewal fee shall be proportionate to the number of outpatient settings accredited by the approved accrediting body seeking renewal, and shall not exceed one hundred dollars (\$100) per outpatient setting accreditation reviewed.

(b) All fees paid to and received by the division or the Medical Board of California under this chapter shall be paid into the State Treasury and shall be credited to a special fund that is hereby created as the Outpatient Setting Fund of the Medical Board of California. Funds in the Outpatient Setting Fund of the Medical Board of California shall be expended by the board for the purpose of implementing and administering this chapter upon appropriation by the Legislature. No surplus in the fund shall be deposited in or transferred to the General Fund or any other fund.

1248.65. It shall constitute unprofessional conduct for a physician and surgeon to willfully and knowingly violate this chapter.

1248.7. The Division of Medical Quality or the local district attorney may bring an action to enjoin a violation or threatened violation of this chapter in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the Division of Medical Quality shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or irreparable damage or loss.

With respect to any and all actions brought pursuant to this section alleging an actual or threatened violation of any requirement of this chapter, the court shall, if it finds the allegations to be true, issue an order enjoining the person or facility from continuing the violation.

1248.75. (a) Except as may otherwise be provided in this section, before the Division of Medical Quality may seek an injunction as provided under Section 1248.7, the Division of Medical Quality shall notify the outpatient setting of all deficiencies in its compliance with this chapter, and any rules and regulations adopted pursuant to this chapter, and the Division of Medical Quality and the outpatient setting shall reach an agreement upon a plan of correction that shall give the outpatient setting reasonable time to correct the

deficiencies. The Division of Medical Quality shall also inform the outpatient setting that failure to reach an agreement or to correct deficiencies may lead to corrective action by the Division of Medical Quality, which may include imposition of fines under Section 1248.8. If at the end of the allotted time the division and the outpatient setting have failed to reach an agreement or the outpatient setting has failed to correct the deficiencies, as revealed by inspection, the Division of Medical Quality may take corrective action to include, as appropriate, seeking an injunction under Section 1248.7, revoking or requesting that the accreditation agency revoke accreditation, or communicating with any agency that has oversight authority over the outpatient setting, such as the Department of Health Services or other appropriate licensing authority, to request that the agency take corrective action against the outpatient setting.

(b) For purposes of this section, and at the sole discretion of the Division of Medical Quality, any notifications, inspections, and corrective action plans of the Division of Medical Quality relating to outpatient settings that have been accredited by an accreditation agency may be performed or coordinated by the accreditation agency rather than by the Division of Medical Quality.

(c) If the Division of Medical Quality determines that an outpatient setting poses an immediate and substantial hazard to the health or safety of the patient, that may not reasonably be corrected through a plan of correction, the Division of Medical Quality may immediately institute injunction proceedings pursuant to Section 1248.7.

1248.8. (a) Any person or entity that willfully violates this chapter or any rule or regulation adopted under this chapter shall be guilty of a misdemeanor and subject to a fine not to exceed one thousand dollars (\$1,000) per day of violation.

(b) In determining the punishment to be imposed under this section, the court shall consider all relevant facts, including, but not limited to, the following:

(1) Whether the violation exposed a patient or other individual to the risk of death or serious physical harm.

(2) Whether the violation had a direct or immediate relationship to health, safety, or security of a patient or other individual.

(3) Evidence, if any, of willfulness in the violation.

(4) The presence or absence of good faith efforts by the outpatient setting to prevent the violation.

(c) For purposes of this section, “willfully” or “willful” means that the person doing an act or omitting to do an act intends the act or omission, and knows the relevant circumstances connected with the act or omission.

(d) The district attorney of every county shall, upon application by the Division of Medical Quality or its authorized representative, institute and conduct the prosecution of any action or violation within the county of any provisions of this chapter.

1248.85. Nothing in this chapter shall preclude an approved

accreditation agency from adopting additional standards consistent with Section 1248.15, establishing procedures for the conduct of surveys, selecting surveyors to perform accreditation surveys, or establishing and collecting reasonable fees for the conduct of accreditation surveys.

SEC. 3. The sum of one hundred fifty thousand dollars (\$150,000) is transferred from the Contingent Fund of the Medical Board of California to the Outpatient Setting Fund of the Medical Board of California, and is hereby appropriated to the board for the purposes of this act, which sum shall be a loan to be repaid to the Contingent Fund of the Medical Board of California with interest at the rate earned by moneys invested in the Pooled Money Investment Account. The entire sum, plus interest, shall be repaid by January 1, 2003.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

A violation of this section shall not be a crime. However, it is subject to all applicable civil remedies. In addition, any person who collects any fee in excess of the limits imposed by this section shall be subject to a penalty in the amount of the excess fee, which penalty may be collected in an action by any person authorized to bring an enforcement action under Chapter 5 (commencing with Section 17200) and distributed as provided in that chapter.

CHAPTER 1280

An act to add Section 2446 to the Civil Code, and to add Chapter 4 (commencing with Section 4800) to Part 4 of Division 4.5 of the Probate Code, relating to powers of attorney.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 2446 is added to the Civil Code, to read:

2446. (a) The Secretary of State shall establish a registry system by which any person who has executed a durable power of attorney for health care may register in a central information center information regarding the durable power of attorney for health care, making that information available upon request to any health care provider, the public guardian, or other person authorized by the

registrant. Information that may be received and released is limited to the registrant's name, social security or driver's license or other individual identifying number established by law, if any, address, date and place of birth, the intended place of deposit or safekeeping of the durable power of attorney for health care, and the name and telephone number of the attorney in fact and any alternative attorney in fact. The Secretary of State, at the request of the registrant, may transmit the information it receives regarding the durable power of attorney for health care to the registry system of another jurisdiction as identified by the registrant. The Secretary of State may charge a fee to each registrant in an amount such that, when all fees charged to registrants are aggregated, the aggregated fees do not exceed the actual cost of establishing and maintaining the registry.

(b) The Secretary of State shall establish procedures to verify the identities of health care providers, the public guardian, and other authorized persons requesting information pursuant to subdivision (a). No fee shall be charged to any health care provider, the public guardian, or other authorized person requesting information pursuant to subdivision (a).

(c) The Secretary of State shall establish procedures to advise each registrant of the following:

(1) A health care provider may not honor a durable power of attorney for health care until it receives a copy from the registrant.

(2) Each registrant must notify the registry upon revocation of the durable power of attorney for health care.

(3) Each registrant must reregister upon execution of a subsequent durable power of attorney for health care.

(d) Failure to register with the Secretary of State shall not invalidate any durable power of attorney for health care.

(e) Registration with the Secretary of State shall not affect the ability of the registrant to revoke that durable power of attorney or a later executed power, nor shall registration raise any presumption of validity or superiority among any competing powers or revocations.

(f) Nothing in this section shall be construed to require a health care provider to request from the registry information about whether a patient has executed a durable power of attorney for health care. Nothing in this section shall be construed to affect the duty of a health care provider to provide information to a patient regarding advance health care directives pursuant to any provision of federal law.

SEC. 2. Chapter 4 (commencing with Section 4800) is added to Part 4 of Division 4.5 of the Probate Code, to read:

CHAPTER 4. REGISTRATION OF THE DURABLE POWERS OF ATTORNEY FOR HEALTH CARE WITH SECRETARY OF STATE

4800. The Secretary of State shall establish a registry system by

which any person who has executed a durable power of attorney for health care may register in a central information center information regarding the durable power of attorney for health care, making that information available upon request to any health care provider, the public guardian, or other person authorized by the registrant. Information that may be received and released is limited to the registrant's name, social security or driver's license or other individual identifying number established by law, if any, address, date and place of birth, the intended place of deposit or safekeeping of durable power of attorney for health care, and the name and telephone number of the attorney in fact and any alternative attorney in fact. The Secretary of State, at the request of the registrant, may transmit the information it receives regarding the durable power of attorney for health care to the registry system of another jurisdiction as identified by the registrant. The Secretary of State may charge a fee to each registrant in an amount such that, when all fees charged to registrants are aggregated, the aggregated fees do not exceed the actual cost of establishing and maintaining the registry.

4801. The Secretary of State shall establish procedures to verify the identities of health care providers, the public guardian, and other authorized persons requesting information pursuant to Section 4800. No fee shall be charged to any health care provider, the public guardian, or other authorized person requesting information pursuant to Section 4800.

4802. The Secretary of State shall establish procedures to advise each registrant of the following:

(a) A health care provider may not honor a durable power of attorney for health care until it receives a copy from the registrant.

(b) Each registrant must notify the registry upon revocation of the durable power of attorney for health care.

(c) Each registrant must reregister upon execution of a subsequent durable power of attorney for health care.

4804. Failure to register with the Secretary of State shall not invalidate any durable power of attorney for health care.

4805. Registration with the Secretary of State shall not affect the ability of the registrant to revoke that durable power of attorney or a later executed power, nor shall registration raise any presumption of validity or superiority among any competing powers or revocations.

4806. Nothing in this section shall be construed to require a health care provider to request from the registry information about whether a patient has executed a durable power of attorney for health care. Nothing in this section shall be construed to affect the duty of a health care provider to provide information to a patient regarding advance health care directives pursuant to any provision of federal law.

SEC. 3. Section 2 of this bill shall become operative only if (1) both this bill and Senate Bill 1907 are enacted and become effective

on January 1, 1995, and (2) this bill is enacted after Senate Bill 1907, in which case Section 1 of this bill shall not become operative.

CHAPTER 1281

An act to amend Section 7510 of the Government Code, relating to property taxation, to take effect immediately, tax levy.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 7510 of the Government Code is amended to read:

7510. (a) (1) Except as provided in subdivision (b), a public retirement system, which has invested assets in real property and improvements thereon for business or residential purposes for the production of income, shall pay annually to the city or county, in whose jurisdiction the real property is located and has been removed from the secured roll, a fee for general governmental services equal to the difference between the amount that would have accrued as real property secured taxes and the amount of possessory interest unsecured taxes paid for that property. The governing bodies of local entities may adopt ordinances and regulations authorizing retirement systems to invest assets in real property subject to the foregoing requirements.

(2) This subdivision shall not apply to any retirement system which is established by a local governmental entity if that entity is presently authorized by statute or ordinance to invest retirement assets in real property.

(3) This subdivision shall not apply to property owned by any state public retirement system.

(b) (1) Whenever a state public retirement system, which has invested assets in real property and improvements thereon for business or residential purposes for the production of income, leases the property, the lease shall provide, pursuant to Section 107.6 of the Revenue and Taxation Code, that the lessee's possessory interest may be subject to property taxation and that the party in whom the possessory interest is vested may be subject to the payment of property taxes levied on that interest. The lease shall also provide that the full cash value, as defined in Sections 110 and 110.1 of the Revenue and Taxation Code, of the possessory interest upon which property taxes will be based shall equal the greater of (A) the full cash value of the possessory interest, or (B), if the lessee has leased less than all of the property, the lessee's allocable share of the full cash value of the property that would have been enrolled if the property had been subject to property tax upon acquisition by the

state public retirement system. The full cash value as provided for pursuant to either (A) or (B) of the preceding sentence shall reflect the anticipated term of possession if, on the lien date described in Section 2192 of the Revenue and Taxation Code, that term is expected to terminate prior to the end of the next succeeding fiscal year. The lessee's allocable share shall, subject to the preceding sentence, be the lessee's leasable square feet divided by the total leasable square feet of the property.

(2) Except as provided in this subdivision, the property shall be assessed and its taxes computed and collected in the same manner as privately owned property. The lessee's possessory interest shall be placed on the unsecured roll and the tax on the possessory interest shall be subject to the collection procedures for unsecured property taxes.

(3) An investment by a state public retirement system in a legal entity that invests assets in real property and improvements thereon shall not constitute an investment by the state public retirement system of assets in real property and improvements thereon. For purposes of this paragraph, "legal entity" includes, but is not limited to, partnership, joint venture, corporation, trust, or association. When a state public retirement system invests in a legal entity, the state public retirement system shall be deemed to be a person for the purpose of determining a change in ownership under Section 64 of the Revenue and Taxation Code.

(4) Notwithstanding any other provision of law, fees charged pursuant to this section and collected prior to July 1, 1992, shall be deemed valid and not refundable under any circumstance. Notwithstanding any other provision of law, fees, interest and penalties, if any, asserted to be due pursuant to this section that were not charged or collected prior to July 1, 1992, shall be deemed invalid and not collectable under any circumstance.

(5) This subdivision shall apply to the assessment, computation, and collection of taxes for the fiscal year beginning on July 1, 1992, and each fiscal year thereafter. For the 1992-93 and 1993-94 fiscal years, in the case where a lessee's possessory interest existed for less than the full fiscal year for which the tax was levied, the amount of tax shall be prorated in accordance with the number of months for which the lessee's interest existed.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1282

An act to add Section 1367.68 to the Health and Safety Code, and to add Sections 10123.21 and 11512.156 to the Insurance Code, relating to health insurance.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.68 is added to the Health and Safety Code, to read:

1367.68. (a) Any provision in a health care service plan contract entered into, amended, or renewed in this state on or after July 1, 1995, that excludes coverage for any surgical procedure for any condition directly affecting the upper or lower jawbone, or associated bone joints, shall have no force or effect as to any enrollee if that provision results in any failure to provide medically-necessary basic health care services to the enrollee pursuant to the plan's definition of medical necessity.

(b) For purposes of this section, "plan contract" means every plan contract, except a specialized health care service plan contract, that covers hospital, medical, or surgical expenses.

(c) Nothing in this section shall be construed to prohibit a plan from excluding coverage for dental services provided that any exclusion does not result in any failure to provide medically-necessary basic health care services.

SEC. 2. Section 10123.21 is added to the Insurance Code, to read:

10123.21. On or after July 1, 1995, every individual or group policy of disability insurance that provides hospital, medical, or surgical coverage entered into, amended, or renewed in this state shall, subject to other terms and conditions as may be agreed upon between the group or individual policyholder and the insurer, provide coverage for the surgical procedure for those covered conditions directly affecting the upper or lower jawbone, or associated bone joints, if each procedure being considered for reimbursement is deemed medically-necessary by the insurer pursuant to the policy's definition of medical necessity. Nothing in this section shall be construed to require the provision of dental services if dental services are specifically excluded from coverage under the terms and conditions of the contract between the group or individual policyholder and insurer.

SEC. 3. Section 11512.156 is added to the Insurance Code, to read:

11512.156. On or after July 1, 1995, every individual or group nonprofit hospital service plan contract that provides hospital, medical, or surgical benefits entered into, amended, or renewed in this state shall, subject to other terms and conditions as may be agreed upon between the group or individual subscriber and the

plan, provide coverage for the surgical procedure for those covered conditions directly affecting the upper or lower jawbone, or associated bone joints, if each procedure being considered for reimbursement is deemed medically-necessary by the plan pursuant to the plan's definition of medical necessity. Nothing in this section shall be construed to require the provision of dental services if dental services are specifically excluded from coverage under the terms and conditions of the contract between the group or individual subscriber and the plan.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

7541. Except as otherwise provided by this section, an applicant, or his or her manager, for a license as a private investigator shall have had at least three years' experience in investigation work.

A year's experience shall consist of not less than 2,000 hours of actual compensated work performed by each applicant preceding the filing of an application.

An applicant who holds a law degree or who has completed a four-year course in police science, criminal justice, criminal law, or the equivalent thereof shall be required to have had two years' experience in investigation work.

An applicant shall substantiate the claimed years of qualifying experience and the exact details as to the character and nature thereof by written certifications from the employer, subject to independent verification by the director as he or she may determine.

Notwithstanding any other provision of law, only an employer or his or her designated agent may certify experience for purposes of this section. For purposes of this section, the term "employer" shall mean only those persons, corporations, partnerships, proprietorships, or other associations which, in the employ of the designated individual, regularly and routinely withheld income taxes and other payroll deductions for direct forwarding to governmental

taxing authorities.

An employer who is a licensee shall respond in writing within 30 days to an applicant's written request for certifications of the applicant's work experience as an employee and either provide the certifications or the reasons for denial. If the applicant notifies the director in writing, under penalty of perjury, that the applicant is unable to obtain the required written response from a licensee or provides the licensee's written denial and states, under penalty of perjury, that the licensee's reasons for denial are invalid or insufficient and the director concurs, the director may require the licensee to provide the bureau with all relevant employment records maintained pursuant to Section 7531.5 regarding the applicant for evaluation in substantiating the applicant's employment experience.

7541.1. (a) Notwithstanding any other provision of law, experience for purposes of taking the examination for licensure as a private investigator shall be limited to those activities actually performed in connection with investigations, as defined in Section 7521, and only if those activities are performed by persons who are employed in the following capacities:

For purposes of this section, only that experience acquired in that skip tracing shall be credited toward qualification to take the examination.

(6) Persons duly trained and certified as an arson investigator and employed by a public agency engaged in fire suppression.

(b) For purposes of Section 7541, persons possessing an associate of arts degree in police science, criminal law or justice from an accredited college shall be credited with 1,000 hours of experience in investigative activities.

(3) The transportation or custodial attendance of persons in the physical custody of a law enforcement agency.

(4) The provision of bailiff or other security services to a court of law.

(5) The collection or attempted collection of debts by telephone or written solicitation after the debtor has been located.

7542. Every licensee and qualified manager who in the course of his or her employment or business carries a deadly weapon shall complete a course of training in the exercise of the powers to arrest as specified in Section 7583.7 and a course of training in the carrying and use of firearms as specified in Article 4 (commencing with Section 7583) of Chapter 11.5. No licensee or qualified manager shall carry or use a firearm unless he or she has met the requirements of Sections 7583.23, 7583.28, and 7583.29 and has in his or her possession a valid firearms qualification card as provided in Section 7583.30. A licensee or qualified manager who possesses a valid firearms qualification card shall comply with and be subject to the provisions of Sections 7583.31, 7583.32, and 7583.37.

7542.1. Every licensee and any person employed and compensated by a licensee who in the course of such employment or business carries tear gas or any other nonlethal chemical agent shall complete the required course pursuant to Section 12403.5 of the Penal Code.

Article 5. Expiration and Renewal of License

7558. Every private investigator license, branch office certificate, and pocket card issued under this chapter which expires on or after January 1, 1985, shall be placed on a cyclical renewal and shall expire two years following the date of issuance or assigned renewal date. In order to implement this cyclical renewal, the population of licensees shall be divided into 24 equal groups, the licenses of those in each group to expire on the last day of each successive month. Notwithstanding any other provision of law, the bureau shall have authority to extend or shorten the first term of licensure following January 1, 1985, and to prorate the required license fee in order to implement this cyclical renewal.

7558.1. (a) To renew an unexpired license or certificate, the licensee shall, on or before the date on which it would otherwise expire, apply for renewal on a form prescribed by the director, and pay the renewal fee prescribed by this chapter. On renewal, such evidence of renewal of the license or certificate as the director may prescribe, and renewal pocket cards for the persons mentioned in Section 7529, shall be issued to the licensee.

(b) A license or certificate shall not be renewed until any and all fines assessed pursuant to Section 7564 and not resolved in accordance with the provisions of that section have been paid.

7558.5. Except as otherwise provided in this article, an expired license or branch office certificate may be renewed at any time within one year after its expiration on filing of application for renewal on a form prescribed by the director, and payment of the renewal fee in effect on the last preceding regular renewal date. If the license or certificate is renewed more than 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed in this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license or certificate shall continue in effect through the date provided in Section 7558 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

Renewal of a license or certificate shall not prohibit the bringing of disciplinary proceedings for an act committed before the effective date of the renewal.

7559. A suspended license or branch office certificate is subject to expiration and shall be renewed as provided in this article, but renewal of the license does not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity, or in any other activity, or in any other activity or conduct in violation of the order or judgment by which the license was suspended, and renewal of the branch office certificate does not entitle the licensee, while the certificate remains suspended, and until it is reinstated, to engage in the licensed activity at the location for which the certificate was issued, or to engage in any other activity or conduct in violation of the order or judgment by which the certificate was suspended.

7559.5. A revoked license or branch office certificate is subject to expiration as provided in this article, but it may not be renewed. If it is reinstated after its expiration, the licensee, as a condition precedent to its reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of its revocation.

7560. A license or branch office certificate which is not renewed within one year after its expiration may not be renewed, restored, reinstated, or reissued thereafter.

The holder of the license or certificate may obtain a new license or certificate only on compliance with all of the provisions of this chapter relating to the issuance of an original license or certificate.

(o) Been convicted of a violation of Section 95.3 of the Penal Code.

7561.3. The director may suspend or revoke a license issued under this chapter if he or she determines that the licensee or his or her manager, if an individual, or if the licensee is a person other than an individual, that any of its officers, directors, partners, or its manager, has:

(a) Used any letterhead, advertisement, or other printed matter, or in any manner whatever represented that he or she is an instrumentality of the federal government, a state, or any political subdivision thereof.

(b) Used a name different from that under which he or she is currently licensed in any advertisement, solicitation, or contract for business.

7562. The record of conviction, or a certified copy thereof, shall be conclusive evidence of the conviction as that term is used in this article, Section 7538, or Section 480.

A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this article, Section 7538, or Section 480. The director may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

7563. The director, in lieu of suspending or revoking a license issued under this chapter for violations of Sections 7561.1, 7561.3, and 7561.4, may impose a civil penalty not to exceed five hundred dollars (\$500) upon a licensee, if the director determines that this action

better serves the purposes of this chapter.

7564. If, upon investigation, the director determines a licensee, including a corporation, or registrant is in violation of Section 7566, the director may issue a citation to the licensee or registrant. The citation shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law determined to have been violated. If the director deems it appropriate, the citation may contain an order of abatement fixing a reasonable time for abatement of the violation and may contain an assessment of an administrative fine. The amount of the fine shall in no event exceed one thousand dollars (\$1,000) or as otherwise provided in this chapter, whichever is less.

A citation or fine assessment shall inform the licensee or registrant that if he or she contests the finding of a violation, they may request a hearing in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code if he or she wishes to contest the findings of a violation and if a hearing is not requested, payment of any fines shall not constitute an admission of the violation charged.

If the licensee or registrant neither requests a hearing, nor pays the assessed fine within 30 days of the assessment, the license or registration of the person shall not be renewed pursuant to the provisions of this chapter until the assessed fine is paid.

Administrative fines collected pursuant to this article shall be deposited in the Private Investigator Fund.

7565. Any person who knowingly falsifies the fingerprints or photographs submitted pursuant to any provision of this chapter is guilty of a felony. Any person who violates any of the other provisions of this chapter is guilty of a misdemeanor punishable by a fine not to exceed one thousand dollars (\$1,000) or by imprisonment in the county jail not to exceed one year, or by both such fine and imprisonment.

7566. The director may assess administrative fines against any licensee, registrant, or firearms qualification cardholder for failure to notify the bureau within 30 days of any change of residence or business address. Applications, on forms prescribed by the director, shall be submitted by all new officers. The director may suspend or revoke a license issued under this chapter if he or she determines that at the time the person became an officer of a licensee, any of the facts stated in Section 7582.24 or 7582.25 existed as to such person.

7582.20. Every advertisement by a licensee soliciting or advertising business shall contain his or her name, address and license number as they appear in the records of the bureau. For the purpose of this section, "advertisement" includes any business card, stationary, brochure, flyer, circular, newsletter, fax form, printed or published paid advertisement in any media form, or telephone book listing. Every advertisement by a licensee soliciting or advertising the licensee's business shall contain his or her business name,

business address or business telephone number, and license number, as they appear in the records of the bureau.

7582.21. A licensee shall not advertise or conduct business from any location other than that shown on the records of the bureau as his or her principal place of business unless he or she has received a branch office certificate for the location after compliance with the provisions of this chapter and any additional requirements necessary for the protection of the public as the director may by regulation prescribe. A licensee shall notify the bureau in writing within 10 days after closing or changing the location of a branch office.

7582.22. (a) The business of each licensee shall be operated under the active direction, control, charge, or management, in this state, of the licensee, if he or she is qualified, or the person who is qualified to act as the licensee's manager, if the licensee is not qualified.

(b) No person shall act as a qualified manager of a licensee until he or she has complied with each of the following:

(1) Demonstrated his or her qualifications by a written or oral examination, or a combination of both, if required by the director.

(2) Made a satisfactory showing to the director that he or she has the qualifications prescribed in Section 7582.8 and that none of the facts stated in Section 7582.24 or 7582.25 exist as to him or her.

7582.23. (a) In case of the death of a person licensed as an individual, a member of the immediate family of the deceased licensee shall be entitled to continue the business under the same license for 120 days following the death of the licensee, provided that written application for permission is made to the bureau within 30 days following the death of the licensee. At the end of the 120-day period, the license shall be automatically canceled. If no request is received within the 30-day period, the license shall be automatically canceled at the end of that period.

(b) If the manager, who has qualified as provided in Section 7582.22, ceases for any reason whatsoever to be connected with the licensee to whom the license is issued, the licensee shall notify the bureau in writing 30 days from this cessation. If the notice of cessation is filed timely, the license shall remain in force for a period of 90 days after cessation or for an additional period, not to exceed one year, as approved by the director, pending the qualification of another manager as provided in this chapter. After the 90-day period or additional period, as approved by the director, the license shall be automatically suspended, unless the bureau receives written notification that the license is under the active charge of a qualified manager. If the licensee fails to notify the bureau within the 30-day period, his or her license shall be automatically suspended and may be reinstated only upon the filing of an application for reinstatement, payment of the reinstatement fee, and the qualification of a manager as provided in this chapter.

(c) In the case of the death or disassociation of a partner of an entity licensed as a partnership, the licensee shall notify the bureau,

in writing, within 30 days from the death or disassociation of the individual. If notice is given, the license shall remain in force for 90 days following the death or disassociation. At the end of this period the license shall be automatically canceled. If the licensee fails to notify the bureau within the 30-day period, the license shall be automatically canceled.

(d) A license extended under this section is subject to all other provisions of this chapter.

7582.24. After a hearing the director may deny a license unless the applicant makes a showing satisfactory to the director that the applicant, if an individual, has not, or if the applicant is a person other than an individual, that its manager and each of its officers have not:

(a) Committed any act, which, if committed by a licensee, would be a ground for the suspension or revocation of a license under this chapter.

(b) Committed any act constituting dishonesty or fraud.

(c) Committed any act or crime constituting grounds for denial of licensure under Section 480, including illegally using, carrying, or possessing a deadly weapon.

(d) Been refused a license under this chapter or had a license revoked.

7582.25. The director may refuse to issue any license provided for in this chapter to any person:

(a) Who has had any license revoked, or whose license is under suspension, or has failed to renew his or her license while it was under suspension.

(b) If any member of any partnership, or any officer or director of any corporation, or any officer or person acting in a managerial capacity of any firm or association has had any license issued to him or her revoked, or whose license is under suspension, or who has failed to renew his or her license while it was under suspension.

(c) If any member of the partnership, or any officer or director of the corporation, or any officer or person acting in a managerial capacity of the firm or association, was either a member of any partnership, or an officer or director of any corporation, or an officer or person acting in a managerial capacity of any firm or association, whose license has been revoked, or whose license is under suspension, or who failed to renew a license while it was under suspension, and while acting as such member, officer, director, or person acting in a managerial capacity participated in any of the prohibited acts for which any such license was revoked or suspended.

7582.26. (a) Any licensee or officer, director, partner, or manager of a licensee may divulge to any law enforcement officer or

district attorney, or his or her representative, any information he or she may acquire as to any criminal offense, but he or she shall not divulge to any other person, except as he or she may be required by law so to do, any information acquired by him or her except at the direction of the employer or client for whom the information was obtained.

(b) No licensee or officer, director, partner, manager, or employee of a licensee shall knowingly make any false report to his or her employer or client for whom information was being obtained.

(c) No written report shall be submitted to a client except by the licensee, qualifying manager, or a person authorized by one or either of them, and the person submitting the report shall exercise diligence in ascertaining whether or not the facts and information in the report are true and correct.

(d) No licensee, or officer, director, partner, manager, or employee of a licensee, shall use a title, or wear a uniform, or use an insignia, or use an identification card, or make any statement with the intent to give an impression that he or she is connected in any way with the federal government, a state government, or any political subdivision of a state government.

(e) No licensee, or officer, director, partner, manager, or employee of a licensee, shall enter any private building or portion thereof, except premises commonly accessible to the public, without the consent of the owner or of the person in legal possession thereof.

(f) No private patrol licensee, or officer, director, partner, manager, or employee of a private patrol licensee shall use or wear a badge, except while engaged in guard or patrol work and while wearing a uniform. Any person authorized to use or wear a badge shall wear a patch on each arm that reads "private security" and that includes the name of the private patrol company by which the person is employed or for which the person is a representative. The patch shall be of a standard design approved by the director and shall be clearly visible.

(g) No licensee shall permit an employee or agent in his or her own name to advertise, engage clients, furnish reports or present bills to clients, or in any manner whatever conduct business for which a license is required under this chapter. All business of the licensee shall be conducted in the name of and under the control of the licensee.

(h) No licensee shall use a fictitious name in connection with the official activities of the licensee's business.

(i) No private patrol operator licensee or officer, director, partner, or manager of a private patrol operator licensee, or person required to be registered as a security guard pursuant to this chapter shall use or wear a baton or exposed firearm as authorized by this chapter unless he or she is wearing a uniform which complies with the requirements of Section 7582.27.

7582.27. Any person referred to in subdivision (i) of Section 7582.26 who uses or wears a baton or exposed firearm as authorized

pursuant to this chapter shall wear a patch on each arm that reads "private security" and that includes the name of the company by which the person is employed or for which the person is a representative. The patch shall be clearly visible at all times. The patches of a private patrol operator licensee, or his or her employees or representatives shall be of a standard design approved by the director.

7582.28. Any badge or cap insignia worn by a person who is a licensee, officer, director, partner, manager, or employee of a licensee, shall be of a design approved by the director, and shall bear on its face a distinctive word indicating the name of the licensee and an employee number by which the person may be identified by the licensee.

The provisions of this section shall not be construed to authorize persons to wear badges who are prohibited by Section 7582.26 from wearing badges.

Article 4. Private Patrol Operators

7583. For purposes of this article, "licensee" means a licensed private patrol operator.

7583.1. An applicant, or his or her manager, for a license as a private patrol operator shall have had at least one year of experience as a patrolperson, guard or watchman, or the equivalent thereof as determined by the director. An applicant shall substantiate the claimed year of qualifying experience and the exact details as to the character and nature thereof by written certifications from the employer, subject to independent verification by the chief as he or she may determine. In the event of inability of an applicant to supply the written certifications from the employer in whole or in part, applicants may offer other written certifications from other than employers substantiating employment for consideration by the chief.

7583.2. No person licensed as a private patrol operator shall do any of the following:

(a) Fail to properly maintain an accurate and current record of all firearms or other deadly weapons that are in the possession of the licensee or of any employee while on duty. Within seven days after a licensee or his or her employees discover that a deadly weapon which has been recorded as being in his or her possession has been misplaced, lost, or stolen, or in any other way missing, the licensee or his or her manager shall mail or deliver to any local law enforcement agency who has jurisdiction, a written report concerning the incident. The report shall describe fully the circumstances surrounding the incident, any injuries or damages incurred, the identity of all participants, and whether a police investigation was conducted.

(b) Fail to properly maintain an accurate and current record of the name, address, commencing date of employment, and position of each employee, and the date of termination of employment when

an employee is terminated.

(c) Fail to properly maintain an accurate and current record of proof of completion by each employee of the licensee of the course of training in the exercise of the power to arrest as required by Section 7583.5.

(d) Fail to certify an employee's completion of the course of training in the exercise of the power to arrest prior to placing the employee at a duty station.

(e) Fail to either certify proof of current and valid registration for each employee who is subject to registration or fail to require an employee to complete an application for registration within three working days after employing an individual who does not possess a current and valid registration from the bureau.

(f) Permit any employee to carry a firearm or other deadly weapon without first ascertaining that the employee is proficient in the use of each weapon to be carried. With respect to firearms, evidence of proficiency shall include a certificate from a firearm training facility approved by the director certifying that the employee is proficient in the use of that specified caliber of firearm and a current and valid firearm qualification permit issued by the department. With respect to other deadly weapons, evidence of proficiency shall include a certificate from a training facility approved by the director certifying that the employee is proficient in the use of that particular deadly weapon.

(g) Fail to deliver to the director a written report describing fully the circumstances surrounding the discharge of any firearm, or physical altercation with a member of the public while on duty, by a licensee or any officer, partner, or employee of a licensee while acting within the course and scope of his or her employment within seven days after the incident. For the purposes of this subdivision, a report shall be required only for physical altercations that result in any of the following: (1) the arrest of a security guard, (2) the filing of a police report by a member of the public, (3) injury on the part of a member of the public that requires medical attention, or (4) the discharge, suspension, or reprimand of a security guard by his or her employer. The report shall include, but not be limited to, a description of any injuries or damages incurred, the identity of all participants, and whether a police investigation was conducted. Any report may be investigated by the director to determine if any disciplinary action is necessary.

(h) Fail to notify the bureau in writing and within 30 days that a manager previously qualified pursuant to this chapter is no longer connected with the licensee.

7583.3. No person required to be registered as a security guard pursuant to this chapter shall do any of the following:

(a) Fail to carry on his or her person, while on duty, a valid and current security guard registration card or an unexpired temporary registration card issued pursuant to Section 7583.11.

(b) Fail to carry on his or her person a valid and current firearms

permit when carrying a firearm on duty.

(c) Carry or use a firearm unless he or she possesses a valid and current firearms permit issued pursuant to this chapter.

(d) Fail to report to his or her employer within 24 hours of the incident the circumstances surrounding any incident involving the discharge of any firearm in which he or she is involved while acting within the course and scope of his or her employment.

7583.4. Any person registered as a security guard or patrolperson shall deliver to the director a written report describing fully the circumstances surrounding any incident involving the discharge of any firearm in which he or she was involved while acting within the course and scope of his or her employment, within seven days after the incident. The report shall be made on a form prescribed by the director which shall include, but not be limited to, the following:

(a) The name, address, and date of birth of the guard or patrolperson.

(b) The registration number of the guard or patrolperson.

(c) The firearm permit number and baton permit number of the guard or patrolperson, if applicable.

(d) The name of the employer of the person.

(e) The description of any injuries and damages that occurred.

(f) The identity of all participants in the incident.

(g) Whether a police investigation was conducted relating to the incident.

(h) The date and location of the incident. Any report may be investigated by the director to determine if any disciplinary action is necessary.

A copy of the report delivered to the director pursuant to this section shall also be delivered within seven days of the incident to the local police or sheriff's department which has jurisdiction over the geographic area where the incident occurred.

7583.5. (a) Every licensee and any person employed and compensated by a licensee, other lawful business or public agency as a security guard or patrolperson, and who in the course of that employment or business carries a firearm, shall complete a course of training in the exercise of the powers to arrest and a course of training in the carrying and use of firearms. This subdivision shall not apply to armored vehicle guards hired prior to January 1, 1977. Armored vehicle guards hired on or after January 1, 1977, shall complete a course of training in the carrying and use of firearms, but shall not be required to complete a course of training in the exercise of the powers to arrest. The course of training in the carrying and use of firearms shall not be required of any employee who is not required or permitted by a licensee to carry or use firearms. The course in the carrying and use of firearms and the course of training in the exercise of the powers to arrest shall meet the standards which shall be prescribed by the Department of Consumer Affairs. The department shall encourage restraint and caution in the use of firearms.

(b) No uniformed employee of a licensee shall carry or use any

firearm unless the employee has in his or her possession a valid firearm qualification card.

7583.6. Every person entering the employ of a licensee to perform the functions of a security guard or a security patrolperson shall complete a course in the exercise of the power to arrest prior to being assigned to a duty location.

7583.7. (a) The course of training in the exercise of the power to arrest may be administered, tested, and certified by any licensee. The department may approve any person or school to teach the course in the exercise of the power to arrest. The course of training shall be approximately two hours in length and shall cover the following topics:

- (1) Responsibilities and ethics in citizen arrest.
- (2) Relationship with the public police in arrest.
- (3) Limitations on security guard power to arrest.
- (4) Restrictions on searches and seizures.
- (5) Criminal and civil liabilities.
- (A) Personal liability.
- (B) Employer liability.

(b) The department shall make available a guidebook as a standard for teaching the course in the exercise of the power to arrest. The department shall encourage additional training and may provide a training guide recommending additional courses to be taken by security personnel.

(c) The bureau may inspect, supervise, or view the administration of the test at any time and without any prior notification. Any impropriety in the administration of the course or the test shall constitute grounds for disciplinary action.

7583.8. No employee of a licensee who performs the function of a security guard or security patrolperson shall be issued a registration card until proper certification by the instructor that the exercise of the power to arrest course has been taught and the employee's certification that the instruction was received has been delivered to the department.

7583.9. Within three working days after employment, any employee who performs the function of a security guard or security patrolperson who is not currently registered with the bureau, shall submit to the bureau a completed application for registration on a form as prescribed by the director, two classifiable fingerprint cards, and the appropriate registration fee. "Within three working days after employment" means within 72 hours from the time an employee is first compensated by a licensee for security guard or security patrolperson services. No application is required to be submitted if the employee terminates within the three working days. The licensee shall maintain supplies of applications and fingerprint cards which shall be provided by the bureau upon request.

7583.10. The application shall be verified and shall include all of the following:

- (a) The full name, residence address, telephone number, and date

of birth of the employee.

(b) The name, address, telephone number, and license number of the employer and the date the employment commenced.

(c) The signature of the employee and the employer's certification that the employee has received a course in the exercise of the power to arrest.

(d) A statement as to whether the employee has been convicted of a misdemeanor, excluding minor traffic violations.

(e) A statement as to whether the employee has been convicted of a felony.

7583.11. (a) Except as provided in subdivision (b), an employee of a licensee may be assigned to work with a temporary registration card which indicates completion of the course in the exercise of the power to arrest until the bureau issues a registration card or denies the application for registration. A temporary registration card shall in no event be valid for more than 120 days. However, the director may extend the expiration date beyond the 120 days at any time when there is an abnormal delay in processing applications for prospective security guards. For purposes of this section, the 120-day period shall commence on the date the applicant signs the application.

(b) An employee who has been convicted of a crime prior to applying for a position as a security guard shall not be issued a temporary registration card and shall not be assigned to work as a security guard until the bureau issues a permanent registration card. This subdivision shall apply only if the applicant for registration as a security guard has disclosed the conviction to the bureau on his or her application form, or if the fact of the conviction has come to the attention of the bureau through official court or other governmental documents. In no event shall the director, the department, the bureau, the chief, or the State of California be liable for any civil damages in the event of the issuance of a temporary registration where the applicant has falsified his or her application to conceal a prior criminal conviction.

7583.12. No employee of a licensee shall carry or use a firearm unless the employee has in his or her possession a valid guard registration card and a valid firearm qualification card issued pursuant to this chapter.

7583.13. (a) The bureau, upon receipt of a criminal offense record or record of a subsequent arrest from the Department of Justice, shall make an immediate determination of fitness of (1) applicants for registration under this article, or (2) applicants for firearm qualification cards, when information contained in the records of the Department of Justice makes this determination possible. Applications of those determined to be unfit shall be immediately denied.

(b) The bureau shall keep a current and accurate record of the individuals who have applied for and been denied registration under this article or a firearms qualification card. A list consisting of

individual names and other pertinent identifying information may be made of those individuals who have been denied registration. The list may be updated bimonthly and made available to interested licensees and law enforcement agencies.

7583.14. (a) If the chief determines that an applicant's criminal history contains open arrest information, the chief shall issue a notice to the applicant allowing 45 days for the applicant to provide documentation concerning the disposition of the arrest or arrests.

(b) The notice shall be sent to the applicant at his or her last known residential address and shall provide sufficient information to assist the applicant in complying with the chief's request. If the applicant fails to respond within 45 days, the applicant's employment shall be automatically suspended until the bureau obtains the necessary documentation to approve or deny the application, or suspend the registration.

7583.15. If the director determines that continued employment of an applicant, firearms qualification cardholder, or registrant, in his or her current capacity, may present an undue hazard to the public safety, the licensee, upon proper notification from the director, shall suspend the applicant, firearms qualification cardholder, or registrant from employment in that capacity.

A registrant, firearms qualification card holder, or applicant may request a review by the Private Security Disciplinary Review Committee as set forth in Section 7581.3 to appeal the suspension.

7583.16. (a) The director may refuse to register any employee, or may suspend or revoke a previously issued registration, if the individual has committed any action which, if committed by a licensee, would be grounds for refusing to issue a license, or for the suspension or revocation of a license issued under this chapter.

(b) The denial of an application for registration under this article shall be in writing and shall describe the basis for the denial. The denial shall inform the applicant that if he or she desires a review by a disciplinary review committee to contest the denial, the review shall be requested of the director within 30 days following notice of the issuance of the denial.

7583.17. Upon approval of an application for registration, the chief shall cause to be issued to the applicant at his or her last known residential address a registration card in a form approved by the director. In the event of the loss or destruction of the card, the cardholder may apply to the bureau for a certified replacement of the card, stating the circumstances surrounding the loss, and pay a ten dollar (\$10) certification fee, whereupon the bureau shall issue a certified replacement of the card.

7583.18. A qualified manager who complies with Section 7582.22 is not required to register under this article.

7583.19. A licensee shall at all times be responsible for ascertaining that those of his or her employees who are subject to registration are currently registered or have made proper application for registration as provided in this article. A licensee may

not have in his or her employment a person whose registration has expired or been revoked, denied, suspended, or canceled.

7583.20. (a) All registrations which expire on or after January 1, 1985, shall be placed on a cyclical renewal and shall expire two years following the date of issuance or assigned renewal date. In order to implement such cyclical renewal, the population of registrants shall be divided into 24 equal groups, the registrations of those in each group to expire on the last day of each successive month. Notwithstanding any other provision of law, the bureau shall have authority to extend or shorten the first term of licensure following January 1, 1985, and to prorate the required license fee in order to implement this cyclical renewal. A registrant seeking to renew a guard registration shall forward to the bureau no earlier than 60 days before expiration, a completed registration renewal application and the renewal fee prescribed by this chapter. The renewal application shall be on a form prescribed by the director, dated and signed by the applicant, certifying under penalty of perjury that the information in the application is true and correct.

(b) The licensee shall provide to any employee information regarding procedures for renewal or registration.

(c) In the event a registrant fails to request a renewal of his or her registration as provided in this chapter, the registration shall expire. If the registration is renewed as provided in this chapter within 60 days after its expiration, the registrant, as a condition precedent to renewal, shall pay the renewal fee and also pay the delinquency fee prescribed in this chapter.

(d) The delinquency fee is 50 percent of the renewal fee in effect on the date of expiration, but not less than twenty-five dollars (\$25).

(e) If the renewed registration card has not been delivered to the registrant prior to the date of expiration of the prior registration, the registrant may present evidence of renewal to substantiate continued registration for a period not to exceed 90 days after the date of expiration.

(f) A registration shall not be renewed or reinstated until any and all fines assessed pursuant to Section 7587.7 and not resolved in accordance with the provisions of that section have been paid.

7583.21. The registration of a security guard shall be automatically suspended if the guard is convicted of any crime which is substantially related to the functions, duties, and responsibilities of a security guard. The automatic suspension shall be effectuated by the mailing of a notice of conviction and suspension of license to be sent by the bureau to the registered guard at his or her address of record. A copy of the notice shall be sent to the private patrol operator employing the guard with notice that the employer shall suspend any and all employment of the guard forthwith. The notice shall contain a statement of preliminary determination by the director or his or her designee that the crime stated is reasonably related to the functions, duties, and responsibilities of a security guard. Upon proper request by the guard, a hearing shall be

convened within 60 days of the request, before the private security disciplinary review committee, as specified in Section 7581.3, for a determination as to whether the automatic suspension shall be made permanent or whether the registration shall be revoked or the guard otherwise disciplined.

In enacting this provision, the Legislature finds and declares that registered guards convicted of the commission of crimes reasonably related to the functions, duties, and responsibilities of a security guard shall be subject to automatic suspension of their license and that summary suspension is justified by compelling state interests of public safety and security within the meaning of the California Supreme Court's decision in *Eye Dog Foundation v. State Board of Guide Dogs for the Blind*, 67 Cal. 2d 536.

7583.22. (a) Every licensee, qualified manager of a licensee, or security guard who in the course of his or her employment carries a firearm shall complete a course of training in the carrying and use of firearms and shall receive a firearms qualification card prior to the carrying of a firearm.

(b) A licensee shall not permit an employee to carry or use a loaded or unloaded firearm, whether or not it is serviceable or operative, unless the employee possesses a valid and current firearms qualification card issued by the bureau.

7583.23. The bureau shall issue a firearms permit when all of the following conditions are satisfied:

(a) The applicant is a licensee, a qualified manager of a licensee, or a registered uniformed security guard.

(b) A certified firearms training instructor has certified that the applicant has successfully completed a written examination prepared by the bureau and training course in the carrying and use of firearms approved by the bureau.

(c) The applicant has filed with the bureau a classifiable fingerprint card, a completed application for a firearms permit on a form prescribed by the director, dated and signed by the applicant, certifying under penalty of perjury that the information in the application is true and correct.

(d) The bureau has determined, after investigation, that the carrying and use of a firearm by the applicant, in the course of his or her duties, presents no apparent threat to the public safety, or that the carrying and use of a firearm by the applicant is not in violation of the Penal Code.

(e) The applicant has produced evidence to the firearm training facility that he or she is a citizen of the United States or has permanent legal alien status in the United States. Evidence of citizenship or permanent legal alien status shall be that deemed sufficient by the bureau to ensure compliance with federal laws prohibiting possession of firearms by persons unlawfully in the United States and may include, but not be limited to, Department of Justice, Immigration and Naturalization Service Form I-151 or I-551, Alien Registration Receipt Card, naturalization documents, or

birth certificates evidencing lawful residence or status in the United States.

(f) The application is accompanied by the application fees prescribed in this chapter.

7583.24. (a) The bureau shall not issue a firearm permit if the applicant is prohibited from possessing, receiving, owning, or purchasing a firearm pursuant to Section 12021 or 12021.1 of the Penal Code or Section 8100 or 8103 of the Welfare and Institutions Code.

(b) Before issuing an initial firearm permit the bureau shall provide the Department of Justice with the name, address, social security number, and fingerprints of the applicant.

(c) The Department of Justice shall inform the bureau, within 60 days from receipt of the information specified in subdivision (b), of the applicant's eligibility to possess, receive, purchase, or own a firearm pursuant to Section 12021 or 12021.1 of the Penal Code or Section 8100 or 8103 of the Welfare and Institutions Code.

(d) An applicant who has been denied a firearm permit based upon subdivision (a) may reapply for the permit after the prohibition expires. The bureau shall treat this application as an initial application and shall follow the required screening process as specified in this section.

7583.25. (a) The bureau shall not renew a firearm permit if the applicant is prohibited from possessing, receiving, purchasing, or owning a firearm pursuant to Section 12021 or 12021.1 of the Penal Code or Section 8100 or 8103 of the Welfare and Institutions Code.

(b) Before renewing a firearm permit, the bureau shall provide the Department of Justice with the information necessary to identify the renewal applicant. No firearm permit shall be renewed if the expiration date of the permit is between October 1, 1993, and October 1, 1994, unless the application for renewal is also accompanied by a classifiable fingerprint card and the fingerprint processing fees for that card.

(c) The Department of Justice shall inform the bureau, within 30 days of receipt of the information specified in subdivision (b), of the renewal applicant's eligibility to possess, receive, purchase, or own a firearm pursuant to Sections 12021 and 12021.1 of the Penal Code and Sections 8100 and 8103 of the Welfare and Institutions Code.

(d) An applicant who is denied a firearm permit renewal based upon subdivision (a) may reapply for the permit after the prohibition expires. The bureau shall treat this as an initial application and shall follow the screening process specified in Section 7583.24.

7583.26. (a) The Department of Justice may charge the bureau a fee sufficient to reimburse the department's costs for furnishing firearm eligibility information upon submission of the application for issuance or renewal of a firearm permit. The fee charged shall not exceed the actual costs for system development, maintenance, and processing necessary to provide this service.

(b) The bureau shall collect the fee described in subdivision (a) for all initial and renewal applications for firearm permits.

7583.27. A firearm permit shall be automatically revoked if at any time the Department of Justice notifies the bureau that the holder of the firearm permit is prohibited from possessing, receiving, or purchasing a firearm pursuant to Sections 12021 and 12021.1 of the Penal Code or Sections 8100 and 8103 of the Welfare and Institutions Code. Following the automatic revocation, an administrative hearing shall be provided upon written request to the bureau in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

7583.28. If an applicant fails to complete his or her application within one year after it has been filed, the application shall be considered to be abandoned. An application submitted subsequent to the abandonment of the former application shall be treated as a new application.

7583.29. If a firearms permit is denied, the denial of the permit shall be in writing and shall describe the basis for the denial. The denial shall inform the applicant that if he or she desires a review by a disciplinary review committee to contest the denial, the review shall be requested of the director within 30 days following notice of the issuance of the denial. However, no review or hearing shall be granted to an individual who is otherwise prohibited by law from carrying a firearm.

7586. Every private patrol operator license, branch office certificate, and pocket card issued under this chapter which expires on or after January 1, 1985, shall be placed on a cyclical renewal and shall expire two years following the date of issuance or assigned renewal date. In order to implement this cyclical renewal, the population of licensees shall be divided into 24 equal groups, the licenses of those in each group to expire on the last day of each successive month. suspended, and renewal of the branch office certificate does not entitle the licensee, while the certificate remains suspended, and until it is reinstated, to engage in the licensed activity at the location for which the certificate was issued, or to engage in any other activity or conduct in violation of the order or judgment by which the certificate was suspended.

7586.4. A revoked license or branch office certificate is subject to expiration as provided in this article, but it may not be renewed. The amount of the fine shall in no event exceed one thousand dollars (\$1,000) or as otherwise provided in this chapter, whichever is less.

A citation or fine assessment shall inform the licensee or registrant that if he or she contests the finding of a violation, they may request a review by a disciplinary review committee in accordance with Section 7581.3. If a review is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged. If a review is not allowed under this chapter, a licensee or registrant may request a hearing in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code if he or she wishes to contest the findings of a violation, and if a hearing is not requested, payment

SEC. 6. Section 49060 of the Education Code is amended to read:

49060. It is the intent of the Legislature to resolve potential conflicts between California law and the provisions of Public Law 93-380 regarding parental access to, and the confidentiality of, pupil records in order to insure the continuance of federal education funds to public educational institutions within the state, and to revise generally and update the law relating to such records.

This chapter applies to public agencies that provide educationally related services to pupils with disabilities pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code and to public agencies that educate pupils with disabilities in state hospitals or developmental centers and in youth and adult facilities.

This chapter shall have no effect regarding public community colleges, other public or private institutions of higher education, other governmental or private agencies which receive federal education funds unless described herein, or, except for Sections 49068 and 49069 and subdivision (b) (5) of Section 49076, private schools.

The provisions of this chapter shall prevail over the provisions of Section 12400 of this code and Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code to the extent that they may pertain to access to pupil records.

SEC. 7. Section 49070 of the Education Code is amended to read: 49070. Following an inspection and review of a pupil's records, the parent of a pupil or former pupil of a school district may challenge the content of any pupil record.

(a) The parent of a pupil may file a written request with the superintendent of the district to correct or remove any information recorded in the written records concerning his or her child which the parent alleges to be any of the following:

- (1) Inaccurate.
- (2) An unsubstantiated personal conclusion or inference.
- (3) A conclusion or inference outside of the observer's area of competence.
- (4) Not based on the personal observation of a named person with the time and place of the observation noted.

(5) Misleading.

(6) In violation of the privacy or other rights of the pupil.

(b) Within 30 days of receipt of a request pursuant to subdivision (a), the superintendent or the superintendent's designee shall meet with the parent and the certificated employee who recorded the information in question, if any, and if the employee is presently employed by the school district. The superintendent shall then sustain or deny the allegations.

If the superintendent sustains any or all of the allegations, he or she shall order the correction or the removal and destruction of the information. However, in accordance with Section 49066, the superintendent shall not order a pupil's grade to be changed unless the teacher who determined the grade is, to the extent practicable, given an opportunity to state orally, in writing, or both, the reasons for which the grade was given and is, to the extent practicable, included in all discussions relating to the changing of the grade.

If the superintendent denies any or all of the allegations and refuses to order the correction or the removal of the information, the parent may, within 30 days of the refusal, appeal the decision in writing to the governing board of the school district.

(c) Within 30 days of receipt of an appeal pursuant to subdivision (b), the governing board shall, in closed session with the parent and the certificated employee who recorded the information in question, if any, and if the employee is presently employed by the school district, determine whether or not to sustain or deny the allegations.

If the governing board sustains any or all of the allegations, it shall order the superintendent to immediately correct or remove and destroy the information from the written records of the pupil. However, in accordance with Section 49066, the governing board shall not order a pupil's grade to be changed unless the teacher who determined the grade is, to the extent practicable, given an opportunity to state orally, in writing, or both, the reasons for which the grade was given and is, to the extent practicable, included in all discussions relating to the changing of the grade.

The decision of the governing board shall be final.

Records of these administrative proceedings shall be maintained in a confidential manner and shall be destroyed one year after the decision of the governing board, unless the parent initiates legal proceedings relative to the disputed information within the prescribed period.

(d) If the final decision of the governing board is unfavorable to the parent, or if the parent accepts an unfavorable decision by the district superintendent, the parent shall have the right to submit a written statement of his or her objections to the information. This statement shall become a part of the pupil's school record until the information objected to is corrected or removed.

SEC. 8. Section 52315 of the Education Code is amended to read: 52315. Any visually impaired, orthopedically impaired, or deaf person who is not enrolled in a regular high school or community college program may attend a regional occupational center or regional occupational program on the same basis as a high school pupil. Additional special instruction and support services shall be provided to these persons.

If the Superintendent of Public Instruction determines that there would be a duplication of effort to these impaired persons if a regional occupational center or regional occupational program provided services to them, in that other programs exist that are available to them, the superintendent may disapprove of the curriculum to provide programs to these impaired persons pursuant to Section 52309 and of any state funding made available pursuant to Section 41897 for these purposes.

SEC. 9. Section 52860 of the Education Code is amended to read: 52860. (a) Resource specialist program services, designated instruction and services, and team teaching for special day classes, except special day classes operating pursuant to Section 56364.1, may be provided to pupils who have not been identified as individuals with exceptional needs, provided that all identified individuals with exceptional needs are appropriately served and a description of the services is included in the schoolsite plan.

(b) Programs for individuals with exceptional needs shall be under the direction of credentialed special education personnel, but services may be provided entirely by personnel not funded by special education moneys, provided that all services specified in the individualized education program are received by the pupil.

SEC. 10. Section 56100 of the Education Code is amended to read: 56100. The State Board of Education shall do all of the following:

(j) Adopt uniform rules and regulations relating to parental due process rights in the area of special education.

SEC. 11. Section 56346 of the Education Code is amended to read:

56346. (a) No pupil shall be required to participate in all or part of any special education program unless the parent is first informed, in writing, of the facts that make participation in the program necessary or desirable, and of the contents of the individualized education program, and after this notice, consents, in writing, to all or part of the individualized education program. If the parent does not consent to all the components of the individualized education program, then those components of the program to which the parent has consented shall be implemented so as not to delay providing instruction and services to the pupil.

(b) If the district, special education local plan area, or county office determines that the part of the proposed special education program to which the parent does not consent is necessary to provide a free and appropriate public education to the pupil, a due process

hearing shall be initiated pursuant to Chapter 5 (commencing with Section 56500), unless a prehearing mediation conference is held. During the pendency of the due process hearing, the district, special education local plan area, or county office may reconsider the proposed individualized education program, may choose to meet informally with the parent pursuant to subdivision (b) of Section 56502, or may hold a mediation conference pursuant to Section 56503. As an alternative to holding a due process hearing, the parties may hold a prehearing mediation conference pursuant to Section 56500.3 to resolve any issue or dispute. If a due process hearing is held, the hearing decision shall be the final administrative determination and shall be binding upon the parties. While a prehearing mediation conference or due process hearing is pending, the pupil shall remain in his or her then-current placement unless the parent and the district, special education local plan area, or county office agree otherwise.

SEC. 12. Section 56363.1 is added to the Education Code, to read:

No later than June 30 of that year, an individualized family service plan team shall meet to review the infant's progress, determine eligibility for preschool special education services, and develop the individualized family service plan accordingly. That individualized family service plan team meeting shall be conducted by the local educational agency responsible for the provision of preschool special education services. Representatives of the early education program shall be invited to that meeting.

SEC. 16. Section 56429 of the Education Code is amended to read: 56429. In order to assure the maximum utilization and coordination of local early education services, eligibility for the receipt of funds pursuant to Section 56425, 56427, 56428, or 56728.8 is conditioned upon the approval by the Superintendent of Public Instruction of a local plan for early education services, which approval shall apply for not less than one, nor more than four, years. The local plan shall identify existing public and private early education services, and shall include an interagency plan for the delivery of early education services in accordance with the California Early Intervention Services Act, Title 14 (commencing with Section 95000) of the Government Code.

SEC. 17. Section 56440 of the Education Code is amended to read: 56440. (a) Each special education local plan area shall submit a plan to the superintendent by September 1, 1987, for providing special education and services to individuals with exceptional needs, as defined by the State Board of Education, who are between the ages of three and five years, inclusive, who do not require intensive special education and services but who would be eligible for special education and services under Title II of the Education of the Handicapped Act Amendments of 1986, Public Law 99-457 (20 U.S.C. Secs. 1411, 1412, 1413, and 1419).

(b) The superintendent shall provide for a five-year phase-in of the individuals with exceptional needs qualifying for special education and services under Public Law 99-457, who do not require intensive special education and services, through an application process to be developed by the superintendent.

(c) All individuals with exceptional needs between the ages of three and five years, inclusive, identified in subdivision (a) shall be served by the districts and county offices within each special education local plan area by June 30, 1992, to the extent required under federal law and pursuant to the local plan and application approved by the superintendent.

(d) Individuals with exceptional needs between the ages of three and five years, inclusive, who are identified by the district, special education local plan area, or county office as requiring special education and services, as defined by the State Board of Education, shall be eligible for special education and services pursuant to this part and shall not be subject to any phase-in plan.

(e) In special education local plan areas where individuals with exceptional needs between the ages of three and five, inclusive, who do not require intensive special education and services, are expected to have an increased demand on school facilities as a result of projected growth, pursuant to this chapter, the special education local plan area director shall submit a written report on the impacted local educational agencies to the State Allocation Board by December 1, 1987. The State Allocation Board shall assess the situation and explore ways of resolving the school facilities impaction situation.

(f) The superintendent shall provide technical assistance to local educational agencies in order to help identify suitable alternative instructional settings to alleviate the school facilities impact situation. Alternative instructional settings may include, but are not limited to, state preschool programs, or the child's home. Nothing in this chapter shall cause the displacement of children currently enrolled in these settings.

(g) Special education facilities operated by local educational agencies serving children under this chapter and Chapter 4.4 (commencing with Section 56425) shall meet all applicable standards relating to fire, health, sanitation, and building safety, but are not subject to Chapter 3.4 (commencing with Section 1596.80), Chapter 3.5 (commencing with Section 1596.90), and Chapter 3.6 (commencing with Section 1597.30) of Division 2 of the Health and Safety Code.

 - (4) Meets eligibility criteria specified in Section 3030 of Title 5 of the California Code of Regulations.

Upon the request of a parent who is not represented by an attorney, the agency responsible for conducting hearings shall provide a mediator to assist the parent in identifying the issues and the proposed resolution of the issues.

(7) The right to prohibit the introduction of any evidence at the hearing that has not been disclosed to the party at least five days before the hearing.

(f) The hearing conducted pursuant to this section shall be completed and a written, reasoned decision mailed to all parties to the hearing within 45 days from the receipt by the superintendent of the request for a hearing. Either party to the hearing may request the hearing officer to grant an extension. The extension shall be granted upon a showing of good cause. Any extension shall extend the time for rendering a final administrative decision for a period only equal to the length of the extension.

(h) In decisions relating to the placement of individuals with exceptional needs, the person conducting the state hearing shall consider cost, in addition to all other factors that are considered.

(i) Nothing in this chapter shall preclude a party from exercising the right to appeal the decision to a court of competent jurisdiction. An appeal shall be made within 90 days of receipt of the hearing decision. During the pendency of any administrative or judicial proceeding conducted pursuant to Chapter 5 (commencing with Section 56500), unless the public education agency and the parents of the child agree otherwise, the child involved in the hearing shall remain in his or her present educational placement.

CHAPTER 1289

An act to add and repeal Section 97.23 of the Revenue and Taxation Code, relating to special districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 97.23 is added to the Revenue and Taxation Code, to read:

97.23. (a) Notwithstanding Section 97.03 as amended by Chapter 155 of the Statutes of 1994, or any successor to that section, the Chino Basin Municipal Water District may maintain any existing commitment of a stream of property tax revenues to service revenue bonds that were issued, in accordance with Chapter 1279 of the Statutes of 1993, on or after the effective date of that act and prior to the effective date of Chapter 155 of the Statutes of 1994.

(b) This section shall remain in effect only until the date upon which those revenue bonds described in subdivision (a) have been fully amortized, and as of that date is repealed.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the critically severe fiscal difficulties being suffered with respect to revenue bond obligations by the Chino Basin Municipal Water District.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to timely and appropriately safeguard those necessary revenue streams that have been committed by the Chino Basin

Municipal Water District to the servicing of those debt instruments issued between the effective dates of Chapter 1279 of the Statutes of 1993 and Chapter 155 of the Statutes of 1994, it is necessary that this act take effect immediately.

CHAPTER 1290

An act to amend Section 230.8 of the Labor Code, relating to employees.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Family School Partnership Act."

SEC. 2. The Legislature finds and declares the following:

(a) It is crucial for parents to be involved in their children's education, both in the school and in the home.

(b) The evidence is beyond dispute that parent involvement improves pupil achievement.

(c) Pupils whose parents are involved in their formal education have better grades, test scores, long-term academic achievement, attitudes, and behavior.

(d) Pupils' reading scores and study habits in particular improve when parental help is provided.

(e) Parents represent the single most important citizen group in terms of school support.

(f) The building of a network of parent volunteers to support children in public schools is central to the well-being of the entire community.

(g) More than 60 percent of the women of childbearing age in the United States are in the work force.

(h) Because of the changing roles of men and women in the work force and the family, and the need to promote stability and economic security in families, both men and women should have the option of taking leave for purposes relating to their children's education.

SEC. 3. Section 230.8 of the Labor Code is amended to read:

230.8. (a) (1) No employer who employs 25 or more employees working at the same location shall discharge or in any way discriminate against an employee who is a parent, guardian, or grandparent having custody, of one or more children in kindergarten or grades 1 to 12, inclusive, for taking off up to 40 hours each school year, not exceeding eight hours in any calendar month of the school year, to participate in activities of the school of any child, if the employee, prior to taking the time off, gives reasonable notice to the employer of the planned absence of the employee.

(2) If both parents of a child are employed by the same employer at the same work site, the entitlement under paragraph (1) of a planned absence as to that child applies, at any one time, only to the parent who first gives notice to the employer, such that the other parent may take a planned absence simultaneously as to that same child under the conditions described in paragraph (1) only if he or she obtains the employer's approval for the requested time off.

(b) (1) The employee shall utilize existing vacation, personal leave, or compensatory time off for purposes of the planned absence authorized by this section, unless otherwise provided by a collective bargaining agreement entered into before January 1, 1995, and in effect on that date. An employee also may utilize time off without pay for this purpose, to the extent made available by his or her employer. The entitlement of any employee under this section shall not be diminished by any collective bargaining agreement term or condition that is agreed to on or after January 1, 1995.

(2) Notwithstanding paragraph (1), in the event that all permanent, full-time employees of an employer are accorded vacation during the same period of time in the calendar year, an employee of that employer may not utilize that accrued vacation benefit at any other time for purposes of the planned absence authorized by this section.

(c) The employee, if requested by the employer, shall provide documentation from the school as proof that he or she participated in school activities on a specific date and at a particular time. For purposes of this subdivision, "documentation" means whatever written verification of parental participation the school deems appropriate and reasonable.

(d) Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated against in terms and conditions of employment by his or her employer because the employee has taken time off to participate in school activities as described in this section shall be entitled to reinstatement and reimbursement for lost wages and work benefits caused by the acts of the employer. Any employer who willfully refuses to rehire, promote, or otherwise restore an employee or former employee who has been determined to be eligible for rehiring or promotion by a grievance procedure, arbitration, or hearing authorized by law shall be subject to a civil penalty in an amount equal to three times the amount of the employee's lost wages and work benefits.

CHAPTER 1291

An act to amend Sections 25123.3, 25200.3, 25201, and 25201.5 of, and to add Section 25201.13 to, the Health and Safety Code, relating to hazardous waste.

[Became law without Governor's signature. Filed with Secretary of State October 4, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 25123.3 of the Health and Safety Code is amended to read:

25123.3. (a) For purposes of this section, the following terms have the following meaning:

(1) "Liquid hazardous waste" means a hazardous waste that meets the definition of free liquids, as specified in Section 66260.10 of Title 22 of the California Code of Regulations, as that section read on January 1, 1994.

(2) "Transfer facility" means any offsite facility which is related to the transportation of hazardous waste, including, but not limited to, loading docks, parking areas, storage areas, and other similar areas where shipments of hazardous waste are held during the normal course of transportation.

(b) "Storage facility" means a hazardous waste facility at which the hazardous waste meets any of the following requirements:

(1) The hazardous waste is held in containers or tanks for greater than 90 days at an onsite facility.

(2) (A) Liquid hazardous waste is held at an onsite facility in tanks for any period of time and the quantity of the liquid hazardous waste in any individual tank exceeds 5,000 gallons or the aggregate amount of liquid hazardous waste stored in tanks at the facility exceeds 50,000 gallons.

(B) The quantities of liquid hazardous waste specified in subparagraph (A) shall not include any of the following:

(i) Liquid hazardous waste stored in a portable tank used for a period of not more than 60 calendar days at an onsite facility.

(ii) Liquid hazardous waste accumulated onsite which has been generated from onsite maintenance operations which occur less frequently than annually.

(iii) Liquid hazardous waste which is held, as part of the ongoing treatment of that waste, in a tank which is authorized by the department to perform that treatment for that waste.

(iv) Liquid hazardous waste held in a tank pursuant to subdivision (o) of Section 25200.3 or subdivision (i) of Section 25201.5 if the liquid hazardous waste is held in a tank for not more than 90 days or an additional 90 days upon approval of the department.

(3) The hazardous waste is held in containers or tanks for any

period of time at an offsite facility which is not a transfer facility.

(4) (A) Except as provided in subparagraph (B), the hazardous waste is held in containers or tanks at a transfer facility for periods greater than 144 hours.

(B) The department may extend the period of time specified in subparagraph (A) for hazardous waste which is generated as a result of an emergency release and which is collected and temporarily stored by emergency rescue personnel, as defined in Section 25501, or by a response action contractor, as defined in Section 25364.6, upon the request of emergency rescue personnel or the response action contractor. Notwithstanding any other provision of law, a transfer facility which holds hazardous waste for periods greater than 144 hours pursuant to this subparagraph shall not be classified as a storage facility.

(5) The liquid hazardous waste is held at an onsite facility in any individual container of less than 5,000 gallons for any period of time, and the aggregate amount of liquid hazardous waste stored in those containers, exclusive of tanks, at the facility exceeds 50,000 gallons. For purposes of this paragraph, this quantity does not include liquid hazardous waste being accumulated at an initial accumulation point pursuant to subdivision (d).

(6) The hazardous waste is held at any facility for any period of time in a manner other than in a container or tank.

(7) (A) Except as provided in subparagraph (B), the hazardous waste is held at a transfer facility for any period of time and handling occurs.

(B) Notwithstanding subparagraph (A), a transfer facility is not a storage facility if the hazardous waste is held in containers or tanks at a transfer facility for a period of 144 hours or less and no handling occurs, other than the transfer of packed or containerized hazardous waste from one vehicle to another.

(c) The time period for calculating the 90-day period for purposes of paragraph (1) of subdivision (b) begins when the facility has accumulated 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste. However, if the facility generates more than 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste during any calendar month, the time period begins when any amount of hazardous waste first begins to accumulate in that month.

(d) Notwithstanding paragraph (1) of subdivision (b), a generator of hazardous waste that accumulates waste onsite is not a storage facility if all of the following requirements are met:

(1) The generator accumulates a maximum of 55 gallons of hazardous waste, one quart of acutely hazardous waste, or one quart of extremely hazardous waste at an initial accumulation point which is at or near the area where the waste is generated and which is under the control of the operator of the process generating the waste.

(2) The generator accumulates the waste in (2) containers other than

tanks.

(3) The generator does not hold the hazardous waste onsite for more than one year from the initial date of accumulation, or 90 days from the date the quantity limitation specified in paragraph (1) of this subdivision is reached, whichever occurs first.

(4) The generator labels any container used for the accumulation of hazardous waste with the initial date of accumulation and with the words "hazardous waste" or other words that identify the contents of the container.

(5) Within three days of reaching any applicable quantity limitation specified in paragraph (1), the generator labels the container holding the accumulated hazardous waste with the date the quantity limitation was reached and either transports the waste offsite or holds the waste onsite and complies with the regulations adopted by the department establishing requirements for personnel training, preparedness and prevention, and contingency plans and emergency procedures applicable to storage facilities.

(6) The generator complies with regulations adopted by the department pertaining to the use and management of containers and any other regulations adopted by the department to implement this subdivision.

(7) The generator does not otherwise meet the definition of a storage facility.

SEC. 2. Section 25200.3 of the Health and Safety Code is amended to read:

25200.3. (a) Notwithstanding Section 25201, a generator who uses the following methods for treating RCRA or non-RCRA hazardous waste in tanks or containers, which is generated onsite, and which do not require a hazardous waste facility permit under the federal act, shall, for those activities, be deemed to be operating pursuant to a grant of conditional authorization without obtaining a hazardous waste facility permit or other grant of authorization and a generator is deemed to be granted conditional authorization upon notification to the department, as specified in subdivision (f) if the treatment complies with the applicable requirements of this section:

(1) The treatment of aqueous wastes which are hazardous solely due to the presence of inorganic constituents, except asbestos, listed in subparagraph (B) of paragraph (1) and subparagraph (A) of paragraph (2) of subdivision (a) of Section 66261.24 of Title 22 of the California Code of Regulations, and which contain not more than 1400 ppm total of these constituents, using the following treatment technologies:

(A) Phase separation, including precipitation, by filtration, centrifugation, or gravity settling, including the use of demulsifiers and flocculants in those processes.

(B) Ion exchange, including metallic replacement.

(C) Reverse osmosis.

(D) Adsorption.

(E) pH adjustment of aqueous waste with a pH of between 2.0 and

12.5.

(F) Electrowinning of solutions, if those solutions do not contain hydrochloric acid.

(G) Reduction of solutions which are hazardous solely due to the presence of hexavalent chromium, to trivalent chromium with sodium bisulfite, sodium metabisulfite, sodium thiosulfite, ferrous chloride, ferrous sulfate, ferrous sulfide, or sulfur dioxide, provided that the solution contains less than 750 ppm of hexavalent chromium.

(2) Treatment of aqueous wastes which are hazardous solely due to the presence of organic constituents listed in subparagraph (B) of paragraph (1), or subparagraph (B) of paragraph (2), of subdivision (a) of Section 66261.24 of Title 22 of the California Code of Regulations and which contain not more than 750 ppm total of those constituents, using either of the following treatment technologies:

(A) Phase separation by filtration, centrifugation, or gravity settling, but excluding super critical fluid extraction.

(B) Adsorption.

(3) Treatment of wastes which are sludges resulting from wastewater treatment, solid metal objects, and metal workings which contain or are contaminated with, and are hazardous solely due to the presence of, constituents, except asbestos, listed in subparagraph (B) of paragraph (1) of, and subparagraph (A) of paragraph (2) of, subdivision (a) of Section 66261.24 of Title 22 of the California Code of Regulations, or treatment of wastes which are dusts which contain, or are contaminated with, and are hazardous solely due to the presence of, not more than 750 ppm total of those constituents, except asbestos, listed in subparagraph (B) of paragraph (1) of, and subparagraph (A) of paragraph (2) of, subdivision (a) of Section 66261.24 of Title 22 of the California Code of Regulations, using any of the following treatment technologies:

(A) Physical processes which constitute treatment only because they change the physical properties of the waste, such as filtration, centrifugation, gravity settling, grinding, shredding, crushing, or compacting.

(B) Drying to remove water.

(C) Separation based on differences in physical properties, such as size, magnetism, or density.

(4) Treatment of alum, gypsum, lime, sulfur, or phosphate sludges, using either of the following treatment technologies:

(A) Drying to remove water.

(B) Phase separation by filtration, centrifugation, or gravity settling.

(6) Treatment of wastes, except asbestos, which have been classified by the department as special wastes pursuant to Section 66261.24 of Title 22 of the California Code of Regulations, using any of the following treatment technologies, if the waste is hazardous solely due to the presence of constituents, except asbestos, listed in subparagraph (B) of paragraph (1) of, and subparagraph (A) of paragraph (2) of, subdivision (a) of Section 66261.24 of Title 22 of the California Code of Regulations and the waste contains not more than 750 ppm of those constituents:

(A) Drying to remove water.

(B) Phase separation by filtration, centrifugation, or gravity settling.

(C) Magnetic separation.

(7) Treatment of soils which are hazardous solely due to the presence of metals listed in subparagraph (A) of paragraph (2) of subdivision (a) of Section 66261.24 of Title 22 of the California Code of Regulations, using either of the following treatment technologies:

(A) Screening to separate components based on size.

(B) Magnetic separation.

(8) Except as provided in Section 25201.5, treatment of oil mixed with water and oil/water separation sludges, using any of the following treatment technologies:

(A) Phase separation by filtration, centrifugation, or gravity settling, but excluding supercritical fluid extraction. This phase separation may include the use of demulsifiers and flocculants in those processes, even if the processes involve the application of heat, if the heat is applied in totally enclosed tanks and containers, and if it does not exceed 160 degrees Fahrenheit, or any lower temperature which may be set by the department.

(B) Separation based on differences in physical properties, such as size, magnetism, or density.

(C) Reverse osmosis.

(9) Neutralization of acidic or alkaline wastes that are hazardous only due to corrosivity or toxicity that results only from the acidic or alkaline material, in elementary neutralization units, as defined in Section 66260.10 of Title 22 of the California Code of Regulations, if the wastes contain less than 10 percent acid or base constituents by weight, and are treated in tanks or containers and piping, constructed of materials compatible with the range of temperatures and pH levels, and subject to appropriate pH and temperature

controls. If the waste contains more than 10 percent acid or base constituents by weight, the volume treated in a single batch at any one time shall not exceed 500 gallons.

(10) Processing of more than 500 gallons per month for disposal of effluent hazardous waste from the processing of silver halide-based imaging products, if the treatment also complies with the requirements of paragraph (6) of subdivision (c) of Section 25201.5, with the exception of the volume limit in subparagraph (D) of paragraph (6) of subdivision (c) of Section 25201.5.

(11) Treatment of spent cleaners and conditioners which are hazardous solely due to the presence of copper or copper compounds, subject to the following:

(A) The following requirements are met, in addition to all other requirements of this section:

(i) The waste stream does not contain more than 5000 ppm total copper.

(ii) The generator does not generate for treatment any more than 1000 gallons of the waste stream per month.

(iii) The treatment technologies employed are limited to those set forth in paragraph (1) for metallic wastes.

(iv) The generator keeps records documenting compliance with this subdivision, including records indicating the volume and concentration of wastes treated, and the management of related solutions which are not cleaners or conditioners.

(B) Cleaners and conditioners, for purposes of this paragraph, are solutions containing surfactants and detergents to remove dirt and foreign objects. Cleaners and conditioners do not include microetch, etchant, plating, or metal stripping solutions or solutions containing oxidizers, or any cleaner based on organic solvents.

(C) A grant of conditional authorization under this paragraph shall expire on January 1, 1995, unless extended by the department pursuant to this section.

(D) The department shall evaluate the treatment activities described in this paragraph and shall designate, by regulation, not later than January 1, 1995, those activities eligible for conditional authorization and those activities subject to permit-by-rule. In adopting regulations under this subparagraph, the department shall consider all of the following:

(i) The volume of waste being treated.

(ii) The concentration of the hazardous waste constituents.

(iii) The characteristics of the hazardous waste being treated.

(iv) The risks of the operation, and breakdown, of the treatment process.

(12) Any wastestream technology combination certified by the department, pursuant to Section 25200.1.5, as suitable for authorization pursuant to this section, that operates pursuant to the conditions imposed on that certification.

(b) Any treatment performed pursuant to this section shall comply with all of the following, except as to generators, who are

treating hazardous waste pursuant to paragraph (12) of subdivision (a), who shall also comply with any additional conditions of the specified certification if those conditions are different from those set forth in this subdivision:

(1) The total volume of hazardous waste treated in the unit in any calendar month shall not exceed 5,000 gallons or 45,000 pounds, whichever is less, unless the waste is a dilute aqueous waste described in paragraph (1), (2), or (9) of subdivision (a) or oily wastes as described in paragraph (8) of subdivision (a). The department may by regulation impose volume limitations on wastes which have no limitations under this section, as may be necessary to protect human health and the environment.

(2) The treatment is conducted in tanks or containers.

(3) The treatment does not consist of the use of any of the following:

(A) Chemical additives, except for pH adjustment, chrome reduction, oil/water separation, and precipitation with the use of flocculants, as allowed by this section.

(B) Radiation.

(C) Electrical current except in the use of electrowinning, as allowed by this section, or in the processing of silver halide effluent pursuant to paragraph (10) of subdivision (a).

(D) Pressure, except for reverse osmosis, filtration, and crushing, as allowed by this section.

(E) Application of heat, except for drying to remove water or demulsification, as allowed by this section.

(4) All treatment residuals and effluents are managed and disposed of in accordance with applicable federal, state, and local requirements.

(5) The treatment process does not do either of the following:

(A) Result in the release of hazardous waste into the environment as a means of treatment or disposal.

(B) Result in the emission of volatile hazardous waste constituents or toxic air contaminants, unless the emission is in compliance with the rules and regulations of the local air pollution control or air quality management district.

(6) The generator unit complies with any additional requirements set forth in regulations adopted pursuant to this section.

(c) A generator or person owning or operating pursuant to subdivision (a) shall comply with all of the following requirements:

(1) Except as provided in paragraph (4), the generator shall comply with the standards applicable to generators specified in Chapter 12 (commencing with Section 66262.10) of Division 4.5 of Title 22 of the California Code of Regulations and with the applicable requirements in Sections 66265.12, 66265.14, and 66265.17 of Title 22 of the California Code of Regulations.

(2) The generator shall comply with Section 25202.9 by making an annual waste minimization certification.

(3) The generator shall comply with the environmental assessments procedures required pursuant to subdivisions (a) to (e), inclusive, of Section 25200.14. If that assessment reveals that there is contamination resulting from the release of hazardous waste or constituents from a solid waste management unit or a hazardous waste management unit at the generator's facility, regardless of the time at which waste was released, the generator shall take every action necessary to expeditiously remediate that contamination, unless the generator provides documentation to the department and the local agency which demonstrates, to a degree of certainty which conforms to generally accepted professional standards, that the contamination does not present a substantial hazard to human health or the environment. If a facility is remediating the contamination pursuant to, and in compliance with the provisions of, an order issued by a California regional water quality control board or other state or federal environmental enforcement agency, that remediation shall be adequate for the purposes of complying with this section, as the remediation pertains to the jurisdiction of the ordering agency. This paragraph does not limit the department's authority pursuant to Section 25187 as may be necessary to protect human health or the environment.

(4) The generator unit shall comply with container and tank standards applicable to non-RCRA wastes, unless otherwise required by federal law, specified in subdivisions (a) and (b) of Section 66264.175 of Title 22 of the California Code of Regulations, as the standards apply to container storage and transfer activities, and to Article 9 (commencing with Section 66265.170) and Article 10 (commencing with Section 66265.190) of Chapter 15 of Division 4.5 of Title 22 of the California Code of Regulations, except for Section 66265.197 of Title 22 of the California Code of Regulations.

(A) Unless otherwise required by federal law, ancillary equipment for a tank or container treating hazardous wastes solely pursuant to this section, is not subject to Section 66265.193 of Title 22 of the California Code of Regulations, if the ancillary equipment's integrity is attested to, pursuant to Section 66265.191 of Title 22 of the California Code of Regulations, every two years from the date that retrofitting requirements would otherwise apply.

(B) The Legislature hereby finds and declares that in the case of underground, gravity-pressured sewer systems, integrity testing is often not feasible. Therefore, on or before June 30, 1994, the department shall, by regulation, determine the best feasible leak detection measures which are sufficient to assure that underground gravity-pressured sewer systems, for which it is not feasible to conduct integrity testing, do not leak. After July 1, 1994, if it is not feasible for an operator's ancillary equipment, or a portion thereof, to undergo integrity testing, the operator is not subject to Section 66265.193 of Title 22 of the California Code of Regulations, if the operator implements the best feasible leak detection measures which are determined to be sufficient by the department in those

regulations, and those leak detection measures do not reveal any leaks emanating from the operator's ancillary equipment. Any ancillary equipment found to leak shall be retrofitted by the operator to meet the secondary containment standards of Section 66265.196 of Title 22 of the California Code of Regulations.

(5) The generator shall prepare and maintain a written inspection schedule and a log of inspections conducted.

(6) The generator shall prepare and maintain written operating instructions and a record of the dates, concentrations, amounts, and types of waste treated. Records maintained to comply with the state, federal, or local programs may be used to satisfy this requirement, to the extent that those documents substantially comply with the requirements of this section. The operating instructions shall include, but not be limited to, directions regarding all of the following:

(A) How to operate the treatment unit and carry out waste treatment.

(B) How to recognize potential and actual process upsets and respond to them.

(C) When to implement the contingency plan.

(D) How to determine if the treatment has been efficacious.

(E) How to address the residuals of waste treatment.

(7) The generator shall maintain adequate records to demonstrate to the department that the requirements and conditions of this section are met, including compliance with all applicable pretreatment standards and with all applicable industrial waste discharge requirements issued by the agency operating the publicly owned treatment works into which the wastes are discharged. The records shall be maintained onsite for a period of five years.

(8) The generator shall treat only waste which is generated onsite. For purposes of this chapter, a residual material from the treatment of a hazardous waste generated offsite is not a waste that has been generated onsite.

(9) The generator shall submit a fee to the State Board of Equalization in the amount required by Section 25205.14. The generator shall submit that fee within 30 days of the date that the fee is assessed by the State Board of Equalization.

(10) Notwithstanding any other provision of law, the generator shall submit the fee required by Section 25205.14 for the 1993 reporting period to the department as part of, and at the same time as, the notification required pursuant to subdivision (f) that is due on April 1, 1993. Any notification not accompanied by payment of the fee is invalid and shall not result in a grant of conditional authorization.

(d) Notwithstanding any other provision of law, the following activities are ineligible for conditional authorization:

(1) Treatment in any of the following units:

(A) Landfills.

- (B) Surface impoundments.
- (C) Injection wells.
- (D) Waste piles.
- (E) Land treatment units.

(2) Commingling of hazardous waste with any hazardous waste that exceeds the concentration limits or pH limits specified in subdivision (a), or diluting hazardous waste in order to meet the concentration limits or pH limits specified in subdivision (a).

(3) Treatment using a treatment process not specified in subdivision (a).

(4) Pretreatment or posttreatment activities not specified in subdivision (a).

(5) Treatment of any waste which is reactive or extremely hazardous.

(e) The department may, upon a petition being presented, adopt regulations which are not emergency regulations to consider granting a conditional authorization to a new treatment technology. An operator of a new technology which is granted a conditional authorization is subject to subdivisions (f), (g), (h), (i), (j), (k), and (l) pursuant to the requirements of paragraph (3) of subdivision (c). For the purposes of this subdivision, "new technology" means a hazardous waste treatment technology which, as it is applied to a specific waste stream, is not identified in this section or Section 25201.5 or in the department's regulations relating to permit-by-rule or hazardous waste facility permits. In order to conditionally authorize a new technology, the department shall find all of the following:

(1) The hazardous waste to be treated is defined by paragraph (1), (2), (3), (4), (5), (6), (7), (8), (9), (10), or (11) of subdivision (a).

(2) The new treatment technology complies with all of the conditions of subdivision (b).

(3) The generator complies with subdivision (c).

(4) The treatment technology does not violate paragraph (1), (2), or (5) of subdivision (d).

(5) The new treatment technology poses no greater risk to the public health and the environment than those technologies specifically made eligible for conditional authorization by this section.

(f) Any generator operating pursuant to a grant of conditional authorization under this section shall notify by certified mail, with return receipt requested, the department and the local health officer or other local public officer designated by the director pursuant to Section 25180 on or before April 1, 1993, or for a generator commencing the first treatment of hazardous waste pursuant to this section, not less than 60 days prior to commencing the first treatment of that waste pursuant to this section, whichever date is later. Each notification shall be completed, dated, and signed according to the requirements of Section 66270.11 of Title 22 of the California Code

of Regulations, as those requirements that were in effect on January 1, 1992, and apply to hazardous waste facilities permit applications, shall be on a form prescribed by the department, and shall include, but not be limited to, all of the following information:

(1) The name, identification number, site address, mailing address, and telephone number of the generator to whom the conditional authorization is granted.

(2) A description of the physical characteristics and chemical composition of the hazardous waste to which the conditional authorization applies.

(3) A description of the hazardous waste treatment activity to which the conditional authorization applies, including the basis for determining that a hazardous waste facility permit is not required under the federal act.

(4) A description of the characteristics and management of any treatment residuals.

(5) Documentation of any convictions, judgments, settlements, or orders resulting from an action by any local, state, or federal environmental or public health enforcement agency concerning the operation of the facility within the last three years, as the documents would be available under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) or the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of the Civil Code). For purposes of this paragraph, a notice of violation for any local, state, or federal agency does not constitute an order and a generator is not required to report the notice unless the violation is not corrected and the notice becomes a final order.

(6) A description of the hazardous waste storage tanks as described in subdivision (o). A generator shall have until May 1, 1995, to make an amended notification containing this information for existing storage tanks.

(g) Any generator operating pursuant to a grant of conditional authorization shall comply with all regulations adopted by the department relating to generators of hazardous waste.

(h) Upon terminating operation of any treatment process or unit conditionally authorized pursuant to this section, the generator conducting treatment pursuant to this section shall remove or decontaminate all waste residues, containment system components, soils, and other structures or equipment contaminated with hazardous waste from the unit. The removal of the unit from service shall be conducted in a manner that does both of the following:

(i) Minimizes the need for further maintenance.

(ii) Eliminates the escape of hazardous waste, hazardous constituents, leachate, contaminated runoff, or waste decomposition products to the environment after the treatment process is no longer in operation.

Any generator conducting treatment pursuant to this section who permanently ceases operation of a treatment process or unit that is

conditionally authorized pursuant to this section shall provide written notification to the department and to the local health officer or other local public officer designated by the director pursuant to Section 25180 upon completion of all activities required under this subdivision.

(i) In adopting regulations pursuant to this section, the department may impose any further restrictions or limitations consistent with the conditionally authorized status conferred by this section which are necessary to protect human health and the environment.

(j) The department may revoke any conditional authorization granted pursuant to this section. The department shall base a revocation on any one of the causes set forth in subdivision (a) of Section 66270.43 of Title 22 of the California Code of Regulations or in Section 25186, or upon a finding that operation of the facility in question will endanger human health, domestic livestock, wildlife, or the environment. The department shall conduct the revocation of a conditional authorization granted pursuant to this section in accordance with Chapter 21 (commencing with Section 66271.1) of Division 4.5 of Title 22 of the California Code of Regulations and as specified in Section 25186.7.

(k) A generator who would otherwise be subject to this section may contract with the operator of a transportable treatment unit who is operating pursuant to a permit by rule, a standardized permit, or a full state hazardous waste facilities permit to treat the generator's waste. If treatment of the generator's waste takes place under such a contract, the generator is not otherwise subject to the requirements of this section, but shall comply with all other requirements of this chapter that apply to generators. The operator of the transportable treatment unit that performs onsite treatment pursuant to this subdivision shall comply with all requirements applicable to transportable treatment units operating pursuant to a permit-by-rule, as set forth in the regulations adopted by the department.

(l) A generator shall submit an amended notification to the department and the local health officer or other local public officer designated by the director pursuant to Section 25180, in person, or by certified mail, with return receipt requested, on or before April 1, 1993, and within 30 days of any change in operation which necessitates modifying any of the information submitted in the notification required pursuant to subdivision (f). Each amended notification shall be completed, dated, and signed in accordance with the requirements of Section 66270.11 of Title 22 of the California Code of Regulations, as those requirements apply to hazardous waste facilities permit applications.

(m) A person who has submitted a notification to the department pursuant to subdivision (f) shall be deemed to be operating pursuant to this section, and shall be subject to the fee set forth in subdivision (a) of Section 25205.14 until that person submits to the department

in person, or by certified mail, with return receipt requested, a certification that the generator has ceased all treatment activities of hazardous waste streams authorized pursuant to this section in accordance with the requirements of subdivision (h).

(n) The development and publication of the notification form specified in subdivision (f) is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The department shall hold at least one public workshop concerning the development of the notification form.

(o) Notwithstanding paragraph (2) of subdivision (b) of Section 25123.3, a tank used for the purpose of storing hazardous waste which is treated onsite in accordance with this section is not a storage facility for purposes of Section 25123.3, but the hazardous waste shall be subject to all of the applicable requirements of this section.

SEC. 3. Section 25201 of the Health and Safety Code is amended to read:

25201. (a) Except as provided in subdivisions (c) and (d) and in Section 25201.5 or 25201.13, no owner or operator of a storage facility, treatment facility, transfer facility, resource recovery facility, or disposal site shall accept, treat, store, or dispose of a hazardous waste at the facility, area, or site, unless the owner or operator holds a hazardous waste facilities permit or other grant of authorization from the department to use and operate the facility, area, or site.

(b) Except as necessary to comply with Section 25159.18, any person planning to construct a new hazardous waste facility or a new hazardous waste management unit, which would manage RCRA hazardous waste, shall obtain a hazardous waste facilities permit or a permit amendment from the department prior to commencing construction.

(c) A hazardous waste facilities permit is not required for a recycle-only household hazardous waste collection facility operated in accordance with subdivision (b) of Section 25218.8.

(d) A hazardous waste facilities permit is not required for a facility that meets the requirements of Section 13263.2 of the Water Code.

SEC. 4. Section 25201.5 of the Health and Safety Code is amended to read:

25201.5. (a) Notwithstanding any other provision of law, a hazardous waste facility permit is not required for a generator who treats hazardous waste of a total weight of not more than 500 pounds, or a total volume of not more than 55 gallons, in any calendar month, if both of the following conditions are met:

(1) The hazardous waste is not an extremely hazardous waste and is listed in Section 67450.11 of Title 22 of the California Code of Regulations, as in effect on January 1, 1992, as eligible for treatment pursuant to the regulations adopted by the department for operation under a permit-by-rule and the treatment technology used is approved for that waste stream in Section 67450.11 of Title 22 of the California Code of Regulations for treatment under a permit-by-rule.

(2) The generator is not otherwise required to obtain a hazardous waste facility permit or other grant of authorization for any other hazardous waste management activity at the facility.

(b) Notwithstanding any other provision of law, treatment in the following units is ineligible for exemption pursuant to subdivision (a) or (c):

- (1) Landfills.
- (2) Surface impoundments.
- (3) Injection wells.
- (4) Waste piles.
- (5) Land treatment units.
- (6) Thermal destruction units.

(c) Notwithstanding any other provision of law, a hazardous waste facility permit or other grant of authorization is not required to conduct the following treatment activities, if the generator treats the following hazardous waste streams using the treatment technology required by this subdivision:

(1) The generator treats resins mixed in accordance with the manufacturer's instructions.

(2) The generator treats a container of 110 gallons or less capacity, which is not constructed of wood, paper, cardboard, fabric, or any other similar absorptive material, for the purposes of emptying the container as specified by Section 66261.7 of Title 22 of the California Code of Regulations, as revised July 1, 1990, or treats the inner liners removed from empty containers that once held hazardous waste or hazardous material. The generator shall treat the container or inner liner by using the following technologies, if the treated containers and rinseate are managed in compliance with the applicable requirements of this chapter:

(A) The generator rinses the container or inner liner with a suitable liquid capable of dissolving or removing the hazardous constituents which the container held.

(B) The generator uses physical processes, such as crushing, shredding, grinding, or puncturing, that change only the physical properties of the container or inner liner, if the container or inner liner is first rinsed as provided in subparagraph (A) and the rinseate is removed from the container or inner liner.

(3) The generator conducts drying by pressing or by passive or heat-aided evaporation to remove water from wastes classified as special wastes by the department pursuant to Section 66261.124 of Title 22 of the California Code of Regulations.

(4) The generator conducts magnetic separation or screening to remove components from wastes classified as special wastes by the department pursuant to Section 66261.124 of Title 22 of the California Code of Regulations.

(5) The generator neutralizes acidic wastes which are hazardous solely due to corrosivity resulting from the presence of food or food by-products, and alkaline or acidic waste, other than wastes containing nitric acid, at SIC Code Group 20, food and kindred

product facilities, as defined in subdivision (p) of Section 25501, if both of the following conditions are met:

(A) The neutralization process does not result in the emission of volatile hazardous waste constituents or toxic air contaminants.

(B) The neutralization process is required in order to meet discharge or other regulatory requirements.

(6) The generator processes effluent hazardous waste for disposal from the processing of silver halide-based imaging products, if all of the following conditions are met:

(A) The effluent is a hazardous waste solely due to its silver content.

(B) The effluent is treated within 90 days of its generation.

(C) The effluent is treated in a tank or container.

(D) The total influent hazardous waste stream treated does not exceed 500 gallons in any calendar month.

(E) The effluent is treated with a technology or combination of technologies which recover the silver to a level less than 5 mg/l total silver in the final wastewater discharge, or a lower level as may be set by the local publicly owned treatment works.

(7) Except as provided for specific waste streams in Section 25200.3, the generator conducts the separation by gravity of the following, if the activity is conducted in impervious tanks or containers constructed of noncorrosive materials, the activity does not involve the addition of heat or other form of treatment, or the addition of chemicals other than flocculants and demulsifiers, and the activity is managed in compliance with applicable requirements of federal, state, or local agency or treatment works:

(A) The settling of solids from waste where the resulting aqueous stream is not hazardous.

(B) The separation of oil/water mixtures and separation sludges, if the average oil recovered per month is less than 25 barrels.

(8) The generator is a laboratory which is certified by the State Department of Health Services or operated by an educational institution, and treats wastewater generated onsite solely as a result of analytical testing, or is a laboratory which treats less than one gallon of hazardous waste, which is generated onsite, in any single batch, subject to the following:

(A) The wastewater treated is hazardous solely due to corrosivity or toxicity that results only from the acidic or alkaline material, as defined in Section 66260.10 of Title 22 of the California Code of Regulations, or is excluded from the definition of hazardous waste by subparagraph (E) of paragraph (2) of subsection (a) of Section 66261.3 of Title 22 of the California Code of Regulations, or both.

(B) The treatment meets all of the following requirements, in addition to all other requirements of this section:

(i) The treatment complies with all applicable pretreatment requirements.

(ii) Neutralization occurs in elementary neutralization units, as defined in Section 66260.10 of Title 22 of the California Code of

Regulations; wastes to be neutralized do not contain any more than 10 percent acid or base concentration by weight, or any other concentration limit which may be imposed by the department; and vessels and piping for neutralization are constructed of materials that are compatible with the range of temperatures and pH levels, and subject to appropriate pH temperature controls.

(iii) Treatment does not result in the emission of volatile hazardous waste constituents or toxic air contaminants.

(9) The hazardous waste treatment is carried out in a quality control or quality assurance laboratory at a facility that is not an offsite hazardous waste facility and the treatment activity otherwise meet the requirements of paragraph (1) of subdivision (a).

(10) Any wastestream technology combination certified by the department, pursuant to Section 25200.1.5, as suitable for authorization pursuant to this section, that operates pursuant to the conditions imposed on that certification.

(11) The generator uses any technology that is certified by the department pursuant to Section 25200.1.5. as effective for the treatment of formaldehyde or glutaraldehyde solutions used in health care facilities that are operated pursuant to the conditions imposed on the certification and which makes the operation appropriate to this tier. The technology may be certified using a pilot certification process until the department adopts regulations pursuant to Section 25200.1.5. This paragraph shall be operative only until April 11, 1996.

(d) A generator conducting treatment pursuant to subdivision (a) or (c) shall meet all of the following conditions:

(1) The waste being treated is generated onsite, and a residual material from the treatment of a hazardous waste generated offsite is not a waste that has been generated onsite.

(2) The treatment does not require a hazardous waste facilities permit pursuant to the federal act.

(3) The generator prepares and maintains written operating instructions and a record of the dates, amounts, and types of waste treated.

(4) The generator prepares and maintains a written inspection schedule and log of inspections conducted.

(5) The records specified in paragraphs (3) and (4) are maintained onsite for a period of three years.

(6) The generator maintains adequate records to demonstrate that it is in compliance with all applicable pretreatment standards and with all applicable industrial waste discharge requirements issued by the agency operating the publicly owned treatment works into which the wastes are discharged.

(7) (A) The generator submits a notification to the department and to the local health officer or other local public officer authorized to implement this chapter pursuant to Section 25180 on or before April 1, 1993, or if the generator is commencing the first treatment of waste pursuant to this section, not more than 60 days before

commencing treatment of that waste pursuant to this section. The notification shall be completed, dated, and signed in accordance with the requirements of Section 66270.11 of Title 22 of the California Code of Regulations, as those requirements apply to permit applications, shall be on a form prescribed by the department, and shall include, but not be limited to, all of the following information:

The department shall hold at least one public workshop concerning the development of the notification form.

(C) Any notification submitted pursuant to this paragraph shall supersede any prior notice of intent submitted by the same generator in order to obtain a permit-by-rule under the regulations adopted by the department. This subparagraph does not require the department to refund any fees paid for any application in conjunction with the submission of a notice of intent for a permit-by-rule.

(8) (A) Upon terminating operation of any treatment process or unit exempted pursuant to this section, the generator who conducted the treatment shall remove or decontaminate all waste residues, containment system components, soils, and other structures or equipment contaminated with hazardous waste from the unit. The removal of the unit from services shall be conducted in a manner that does both of the following:

(i) Minimizes the need for further maintenance.

(ii) Eliminates the escape of hazardous waste, hazardous constituents, leachate, contaminated runoff, or waste decomposition products to the environment after treatment process is no longer in operation.

(B) Any owner or operator who permanently ceases operation of a treatment process or unit that is conditionally exempted pursuant

to this section shall provide written notification to the department and to the local health officer or other local public officer designated by the director pursuant to Section 25180 upon completion of all activities required under this subdivision.

(9) The waste is managed in accordance with all applicable requirements for generators of hazardous waste under this chapter and the regulations adopted by the department pursuant to this chapter.

(10) The generator submits a fee in the amount required by Section 25205.14. The generator shall submit that fee within 30 days of the date that the fee is assessed by the State Board of Equalization, in the manner specified by Section 43152.10 of the Revenue and Taxation Code.

(11) Notwithstanding any other provision of law, the generator shall submit the fee required by Section 25205.14 for the 1993 reporting period to the department as part of, and at the same time as, the notification required pursuant to paragraph (7) that is due on April 1, 1993. Any notification not accompanied by payment of the fee is invalid and shall not result in a grant of conditional exemption.

(e) (1) Unless otherwise required by federal law, ancillary equipment for a tank or container treating hazardous wastes solely pursuant to this section, is not subject to Section 66265.193 of Title 22 of the California Code of Regulations, if the ancillary equipment's integrity is attested pursuant to Section 62265.191 of Title 22 of the California Code of Regulations every two years from the date that retrofitting requirements would otherwise apply.

(2) The Legislature hereby finds and declares that, in the case of underground, gravity-pressured sewer systems, integrity testing is often not feasible. Therefore, on or before June 30, 1994, the department shall, by regulation, determine the best feasible leak detection measures which are sufficient to ensure that underground gravity-pressured sewer systems, for which it is not feasible to conduct integrity testing, do not leak. On and after July 1, 1994, if it is not feasible for an operator's ancillary equipment, or a portion thereof, to undergo integrity testing, the operator is not subject to Section 66265.193 of Title 22 of the California Code of Regulations, if the operator implements the best feasible leak detection measures that are determined to be sufficient by the department in those regulations, and those leak detection measures do not reveal any leaks emanating from the operator's ancillary equipment. Any ancillary equipment found to leak shall be retrofitted by the operator to meet the full secondary containment standards of Section 66265.196 of Title 22 of the California Code of Regulations.

(f) Nothing in this section shall abridge any authority granted to the department by any other provision of law to impose any further restrictions or limitations upon facilities subject to this section, that the department determines to be necessary to protect human health or the environment.

(g) A generator who would otherwise be subject to this section

may contract with the operator of a transportable treatment unit who is operating pursuant to this section to treat the generator's waste. If treatment of the generator's waste takes place under such a contract, the generator is not otherwise subject to the requirements of this section, but shall comply with all other requirements of this chapter that apply to generators. The operator of the transportable treatment unit shall comply with all of the applicable requirements of this section and, for purposes of this section, the operator of the transportable treatment unit shall be deemed to be the generator.

(h) A generator conducting activities which are exempt from this chapter pursuant to Section 66261.7 of Title 22 of the California Code of Regulations, as that section read on January 1, 1993, is not required to comply with this section.

(i) Notwithstanding paragraph (2) of subdivision (b) of Section 25123.3, a tank used for the purpose of storing hazardous waste which is treated onsite in accordance with this section is not a storage facility for purposes of Section 25123.3, but the hazardous waste shall be subject to all of the applicable requirements of this section.

SEC. 5. Section 25201.13 is added to the Health and Safety Code, to read:

25201.13. (a) The Legislature hereby finds and declares that demineralization of water is a standard industrial water purification process used by utilities and industry. The regeneration and recycling of ion exchange media used to demineralize water is a continuous, onsite, totally enclosed, automated process, which is exempt from federal permitting requirements. The conditions set forth in subdivision (d) of Section 25201.5 are important to protect the environment by ensuring notification before treatment begins, written operating instructions, inspections, compliance with pretreatment standards, cleanup of terminated units, and recordkeeping to demonstrate compliance. However, those conditions are inapplicable to demineralization units because of the enclosed, automated, continuous technology involved, the very brief period in which treatment occurs, and the lack of any waste residue. An exemption from Section 25201.5 is therefore appropriate.

(b) An owner or operator of an elementary neutralization unit, as defined in Section 66260.10 of Title 22 of the California Code of Regulations, and any storage tank not regulated under the federal act which is an integral part of the demineralizer operation, that neutralizes wastes which are hazardous solely due to corrosivity or toxicity that results only from the acidic or alkaline material, is exempt from this article, including the requirement of obtaining a hazardous waste facilities permit or other grant of authorization from the department, if the wastes result solely from the regeneration of ion exchange media used to demineralize water, do not contain more than 10 percent acid or base concentration by weight, and are treated in vessels and piping constructed of materials that are compatible with the range of temperatures and pH levels, and subject to appropriate pH and temperature controls.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1292

An act to amend the heading of Chapter 4 (commencing with Section 13220) of Part 2 of Division 12 of, to amend Section 13220 of, and to repeal Section 13222 of, the Health and Safety Code, relating to fire protection.

[Became law without Governor's signature. Filed with
Secretary of State October 4, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 4 (commencing with Section 13220) of Part 2 of Division 12 of the Health and Safety Code is amended to read:

CHAPTER 4. EMERGENCY PROCEDURE INFORMATION

SEC. 2. Section 13220 of the Health and Safety Code is amended to read:

13220. (a) The owner or operator of any of the following buildings shall provide to persons entering those buildings specific emergency procedures to be followed in the event of fire, including procedures for handicapped and nonambulatory persons:

(1) A privately owned high-rise structure, as defined in Section 13210.

(2) An office building two stories or more in height.

(3) An apartment house two stories or more in height that contains three or more dwelling units, and where the front door opens into an interior hallway or an interior lobby area.

(4) A hotel or motel.

(b) In the case of apartment houses, if more than 25 percent of the occupants do not read English, the owner or operator shall provide the emergency procedure information in any language, or languages other than English, understood by at least 25 percent of the occupants.

(c) In the case of hotels motels, and apartment houses,, the emergency procedure information shall be posted in a conspicuous place in every room or apartment house available for rental in the hotel or motel, or apartment house, or, at the option of the hotel or motel operator, or apartment house owner, it shall be provided through the use of brochures, pamphlets, videotapes, or other means pursuant to regulations adopted by the State Fire Marshal.

(d) In the case of high-rise structures and office buildings, the emergency procedure information shall be made available in an area of the structure that is easily accessible to all persons entering the structure, designated pursuant to the regulations of the State Fire Marshal.

(e) In the case of apartment houses as described in paragraph (3) of subdivision (a), this section shall become operative on July 1, 1995.

(f) An owner, operator, translator, or transcriber who provides emergency procedure information pursuant to this section in good faith and without gross negligence shall be held harmless for any errors in the translation or transcription of that emergency information. This limited immunity shall apply only to errors in the translation or transcription and not to the providing of the information required to be provided pursuant to this section.

SEC. 3. Section 13222 of the Health and Safety Code is repealed.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1293

An act to add Chapter 6 (commencing with Section 13240) to Part 2 of Division 12 of the Health and Safety Code, relating to fire safety.

[Became law without Governor's signature. Filed with
Secretary of State October 4, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 13240) is added to Part 2 of Division 12 of the Health and Safety Code, to read:

CHAPTER 6. PROPANE STORAGE AND HANDLING

Article 1. General and Definitions

13240. This chapter shall be known, and may be cited, as the Propane Storage and Handling Safety Act.

13240.1. For the purposes of this chapter, the following terms have the following meanings:

(a) "Propane storage system" or "system" means any tank or collection of tanks or other vessels that are intended or used for the commercial purpose of storing more than 18,000 gallons of propane.

(b) "Odorized propane" means propane to which ethyl mercaptan or any other odorizing substance is added.

13241. Prior to January 1, 1996, the State Fire Marshal in conjunction with the Occupational Safety and Health Standards Board shall, after public hearings, adopt by reference the 1992 edition of the NFPA 58 Standard for the Storage and Handling of Liquefied Petroleum Gases, or as this 1992 edition may be subsequently amended or supplemented. It is the intent of the Legislature that the NFPA 58 Standard supersede any inconsistent state standards, including, but not limited to, Sections 470 to 494, inclusive, of Chapter 4 of Title 8 of the California Code of Regulations, except where Sections 470 to 494, inclusive, of Chapter 4 of Title 8 of the California Code of Regulations contain a more stringent safety standard than that contained in the NFPA 58 Standard. Nothing in this section prohibits the board from adopting more stringent standards than those contained in the NFPA 58 Standard.

13242. The State Fire Marshal, in cooperation with the Department of Industrial Relations as appropriate, shall do all of the following:

(a) Prior to January 1, 1997, inspect and certify the safety of all propane storage systems existing on January 1, 1995.

(b) Adopt regulations setting forth safety standards for the siting and construction of fixed propane storage systems. These standards shall be prepared, adopted, and submitted for approval as building standards pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13.

(c) Adopt propane storage system fire safety compliance requirements setting forth propane fire safety handling standards relating to propane storage systems.

(d) Adopt regulations setting forth minimum training and other qualifications for personnel handling propane storage systems, including, but not limited to, continuing education requirements.

(e) Issue operator certificates to persons that comply with minimum training and other qualifications for personnel handling propane storage systems.

(f) Adopt standards setting forth minimum training and other qualifications for firefighting personnel responding to a fire

involving a propane storage system.

(g) Upon completion of inspection of propane storage systems as required by subdivision (b), the Division of Occupational Safety and Health and the State Fire Marshal shall report to the Legislature on the condition of propane storage systems statewide. The report shall include identification and location of the propane storage systems inspected; identification of fire safety violations, if any, at each system inspected, and a determination of whether the fire safety violation was significant or minor. The report shall also include what remedial actions were taken, or were proposed to be taken, to correct the violations, and whether the propane storage system is in compliance with current fire safety requirements.

The Division of Occupational Safety and Health and the State Fire Marshal shall also recommend in the report, after consulting with representatives of the propane industry, any corrective or remedial legislation necessary to ensure future compliance with fire safety requirements, including, but not limited to, future fire safety inspection requirements, including the recommended frequency of these inspections.

13243. The Department of Industrial Relations shall on or before January 1, 1996, develop a propane storage system inspection training curriculum and certification program for inspectors who are authorized to inspect propane storage system pressure vessels. The training curriculum shall include, but is not limited to, training and enforcement procedures for the NFPA 58 Standard, Article 82 of the Uniform Fire Code Standards, and the propane storage system fire safety compliance requirements adopted pursuant to subdivision (d) of Section 13242.

13243.3. Any requirements adopted as provisions of the federal Clean Air Act (42 U.S.C. Sec. 7401 et seq.) shall supersede this measure.

13243.6. Any costs incurred by state agencies or departments pursuant to this article, that are not funded through fees pursuant to Section 13244.5, shall be funded from existing resources.

Article 2. Liability Insurance Coverage

13244. (a) All of the following persons or entities shall carry liability insurance set forth in subdivision (b):

(1) Any person or entity that owns or operates a business engaged in whole or in part, in the wholesale or retail sale of any energy product, liquid or vapor, which is transported or dispensed.

(2) Any person or entity engaged in the wholesale or retail sale of propane, if the activities are subject to Part 387 of Title 49 of the Code of Federal Regulations and if the activities are within the scope of the National Fire Protection Association (NFPA) Standard 58, "Standard for the Storage and Handling of Liquefied Petroleum Gases."

(3) Any person or entity engaged in the wholesale or retail sale of any energy product, liquid or vapor, which is transported or

dispensed, if required by law to obtain any California hazardous materials permit based upon that activity.

(b) Persons or entities set forth in subdivision (a) shall carry liability insurance for any liability arising from that activity in an amount of no less than five hundred thousand dollars (\$500,000).

(c) The liability insurance requirement of this section is a minimum and does not control over other provisions of law, if any, that may require a greater insurance coverage.

(d) The liability insurance requirement of this section does not apply to any of the following:

(1) An operation for the exchange of propane cylinders.

(2) The retail sale of propane in small propane canisters of 20 pounds or less.

13244.1. Notwithstanding any provision of law, any person or entity that owns or operates a business engaged, in whole or in part, in the wholesale or retail sale of any energy product, liquid or vapor, which is transported or dispensed, may combine to form an insurance risk pool, or pools, for the purpose of purchasing insurance in compliance with this article.

13244.2. If any provision of this article or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of this article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

Article 3. Fees

13244.5. The State Fire Marshal, in conjunction with local fire departments, shall determine a fee, not to exceed two hundred fifty dollars (\$250) per propane storage system, to pay for the cost of the inspection and regulation of propane storage systems required by this chapter. The fees shall not exceed the cost of this inspection and regulation.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1294

An act to amend Section 66474.01 of the Government Code, to amend Sections 21081, 21081.5, 21081.6, 21087, 21094, 21100, 21100.1, 21100.2, 21151.5, 21152, 21157, 21157.1, 21157.6, 21158, 21167, 21167.1, 21167.4, 21167.6, and 21167.8, of, to repeal Sections 21157.7 and 21159.4 of, and to repeal the heading of Article 4.1 (commencing with Section 21159.1) of Chapter 4.5 of Division 13 of, the Public Resources Code, and to amend Section 13264 of the Water Code, relating to environmental quality, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with Secretary of State October 4, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 66474.01 of the Government Code is amended to read:

66474.01. Notwithstanding subdivision (e) of Section 66474, a local government may approve a tentative map, or a parcel map for which a tentative map was not required, if an environmental impact report was prepared with respect to the project and a finding was made pursuant to paragraph (3) of subdivision (a) of Section 21081 of the Public Resources Code that specific economic, social, or other considerations make infeasible the mitigation measures or project alternatives identified in the environmental impact report.

SEC. 2. Section 21081 of the Public Resources Code is amended to read:

21081. Pursuant to the policy stated in Sections 21002 and 21002.1, no public agency shall approve or carry out a project for which an environmental impact report has been certified which identifies one or more significant effects on the environment that would occur if the project is approved or carried out unless both of the following occur:

(a) The public agency makes one or more of the following findings with respect to each significant effect:

(1) Changes or alterations have been required in, or incorporated into, the project which mitigate or avoid the significant effects on the environment.

(2) Those changes or alterations are within the responsibility and jurisdiction of another public agency and have been, or can and should be, adopted by that other agency.

(3) Specific economic, legal, social, technological, or other considerations, including considerations for the provision of employment opportunities for highly trained workers, make infeasible the mitigation measures or alternatives identified in the environmental impact report.

(b) With respect to significant effects which were subject to a finding under paragraph (3) of subdivision (a), the public agency finds that specific overriding economic, legal, social, technological, or other benefits of the project outweigh the significant effects on the environment.

SEC. 3. Section 21081.5 of the Public Resources Code is amended to read:

21081.5. In making the findings required by paragraph (3) of subdivision (a) of Section 21081, the public agency shall base its findings on substantial evidence in the record.

SEC. 4. Section 21081.6 of the Public Resources Code is amended to read:

21081.6. When making the findings required by paragraph (1) of subdivision (a) of Section 21081 or when adopting a negative declaration pursuant to paragraph (2) of subdivision (c) of Section 21080, the following requirements shall apply:

(a) The public agency shall adopt a reporting or monitoring program for the changes to the project which it has adopted or made a condition of project approval in order to mitigate or avoid significant effects on the environment. The reporting or monitoring program shall be designed to ensure compliance during project implementation. For those changes which have been required or incorporated into the project at the request of an agency having jurisdiction by law over natural resources affected by the project, that agency shall, if so requested by the lead or responsible agency, prepare and submit a proposed reporting or monitoring program.

(b) A public agency shall provide that measures to mitigate or avoid significant effects on the environment are fully enforceable through permit conditions, agreements, or other measures. Conditions of project approval may be set forth in referenced documents which address required mitigation measures.

(c) Prior to the close of the public review period for a draft environmental impact report or mitigated negative declaration, a responsible agency, or a public agency having jurisdiction over natural resources affected by the project, shall either submit to the lead agency complete and detailed performance objectives for mitigation measures which would address the significant effects on the environment identified by the responsible agency or agency having jurisdiction over natural resources affected by the project, or refer the lead agency to appropriate, readily available guidelines or reference documents. Any mitigation measures submitted to a lead agency by a responsible agency or an agency having jurisdiction over natural resources affected by the project shall be limited to measures which mitigate impacts to resources which are subject to the statutory authority of, and definitions applicable to, that agency. Compliance or noncompliance by a responsible agency or agency having jurisdiction over natural resources affected by a project with that requirement shall not limit the authority of the responsible agency or agency having jurisdiction over natural resources affected

by a project, or the authority of the lead agency, to approve, condition, or deny projects as provided by this division or any other provision of law.

(d) The lead agency shall specify the location and custodian of the documents or other material which constitute the record of proceedings upon which its decision is based.

SEC. 4.5. Section 21081.6 of the Public Resources Code is amended to read:

21081.6. (a) When making the findings required by paragraph (1) of subdivision (a) of Section 21081 or when adopting a mitigated negative declaration pursuant to paragraph (2) of subdivision (c) of Section 21080, the following requirements shall apply:

(1) The public agency shall adopt a reporting or monitoring program for the changes made to the project or conditions of project approval, adopted in order to mitigate or avoid significant effects on the environment. The reporting or monitoring program shall be designed to ensure compliance during project implementation. For those changes which have been required or incorporated into the project at the request of a responsible agency or a public agency having jurisdiction by law over natural resources affected by the project, that agency shall, if so requested by the lead agency or a responsible agency, prepare and submit a proposed reporting or monitoring program.

(2) The lead agency shall specify the location and custodian of the documents or other material which constitute the record of proceedings upon which its decision is based.

(b) A public agency shall provide that measures to mitigate or avoid significant effects on the environment are fully enforceable through permit conditions, agreements, or other measures. Conditions of project approval may be set forth in referenced documents which address required mitigation measures or, in the case of the adoption of a plan, policy, regulation, or other public project, by incorporating the mitigation measures into the plan, policy, regulation, or project design.

(c) Prior to the close of the public review period for a draft environmental impact report or mitigated negative declaration, a responsible agency, or a public agency having jurisdiction over natural resources affected by the project, shall either submit to the lead agency complete and detailed performance objectives for mitigation measures which would address the significant effects on the environment identified by the responsible agency or agency having jurisdiction over natural resources affected by the project, or refer the lead agency to appropriate, readily available guidelines or reference documents. Any mitigation measures submitted to a lead agency by a responsible agency or an agency having jurisdiction over natural resources affected by the project shall be limited to measures which mitigate impacts to resources which are subject to the statutory authority of, and definitions applicable to, that agency. Compliance or noncompliance by a responsible agency or agency

having jurisdiction over natural resources affected by a project with that requirement shall not limit the authority of the responsible agency or agency having jurisdiction over natural resources affected by a project, or the authority of the lead agency, to approve, condition, or deny projects as provided by this division or any other provision of law.

SEC. 5. Section 21087 of the Public Resources Code is amended to read:

21087. (a) The Office of Planning and Research shall, at least once every two years, review the guidelines adopted pursuant to Section 21083 and shall recommend proposed changes or amendments to the Secretary of the Resources Agency. The Secretary of the Resources Agency shall certify and adopt guidelines, and any amendments thereto, at least once every two years, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, which shall become effective upon the filing thereof. However, guidelines shall not be adopted or amended without compliance with Sections 11346.4, 11346.5, and 11346.8 of the Government Code.

(b) Within six months of the enactment of AB 314 of the 1993-94 Regular Session of the Legislature, the Office of Planning and Research shall recommend proposed changes and the Secretary of the Resources Agency shall certify and adopt revisions to the guidelines pursuant to Section 21083 to reflect the changes to this division enacted during the 1993-94 Regular Session of the Legislature.

SEC. 6. Section 21094 of the Public Resources Code is amended to read:

21094. (a) Where a prior environmental impact report has been prepared and certified for a program, plan, policy, or ordinance, the lead agency for a later project that meets the requirements of this section shall examine significant effects of the later project upon the environment by using a tiered environmental impact report, except that the report on the later project need not examine those effects which the lead agency determines were either (1) mitigated or avoided pursuant to paragraph (1) of subdivision (a) of Section 21081 as a result of the prior environmental impact report, or (2) examined at a sufficient level of detail in the prior environmental impact report to enable those effects to be mitigated or avoided by site specific revisions, the imposition of conditions, or by other means in connection with the approval of the later project.

(b) This section applies only to a later project which the lead agency determines (1) is consistent with the program, plan, policy, or ordinance for which an environmental impact report has been prepared and certified, (2) is consistent with applicable local land use plans and zoning of the city, county, or city and county in which the later project would be located, and (3) is not subject to Section 21166.

(c) For purposes of compliance with this section, an initial study

shall be prepared to assist the lead agency in making the determinations required by this section. The initial study shall analyze whether the later project may cause significant effects on the environment that were not examined in the prior environmental impact report.

(d) All public agencies which propose to carry out or approve the later project may utilize the prior environmental impact report and the environmental impact report on the later project to fulfill the requirements of Section 21081.

(e) When tiering is used pursuant to this section, an environmental impact report prepared for a later project shall refer to the prior environmental impact report and state where a copy of the prior environmental impact report may be examined.

SEC. 7. Section 21100 of the Public Resources Code is amended to read:

21100. (a) All state agencies, boards, and commissions shall prepare, or cause to be prepared by contract, and certify the completion of, an environmental impact report on any project which they propose to carry out or approve that may have a significant effect on the environment. Whenever feasible, a standard format shall be used for environmental impact reports.

(b) The environmental impact report shall include a detailed statement setting forth all of the following:

(1) The significant effects on the environment of the proposed project.

(2) Any significant effect on the environment that cannot be avoided if the project is implemented.

(3) Any significant effect on the environment that would be irreversible if the project is implemented.

(4) Any growth-inducing impact of the project.

(5) Mitigation measures proposed to minimize the significant effects on the environment, including, but not limited to, measures to reduce the wasteful, inefficient, and unnecessary consumption of energy.

(6) Alternatives to the proposed project.

(7) The relationship between local short-term uses of the human environment and the maintenance and enhancement of long-term productivity.

(c) The report shall also contain a statement briefly indicating the reasons for determining that various effects on the environment of a project are not significant and consequently have not been discussed in detail in the environmental impact report.

(d) For purposes of this section, any significant effect on the environment shall be limited to substantial, or potentially substantial, adverse changes in physical conditions that exist within the area as defined in Section 21060.5.

(e) Previously approved land use documents, including, but not limited to, general plans, specific plans, and local coastal plans, may be used in cumulative impact analysis.

SEC. 8. Section 21100.1 of the Public Resources Code is amended to read:

21100.1. The information described in paragraphs (3) and (7) of subdivision (b) of Section 21100 shall be required only in environmental impact reports prepared in connection with the following:

(a) The adoption, amendment, or enactment of a plan, policy, or ordinance of a public agency.

(b) The adoption by a local agency formation commission of a resolution making determinations.

(c) A project which will be subject to the requirement for the preparation of an environmental impact statement pursuant to the requirements of the National Environmental Policy Act of 1969.

SEC. 9. Section 21100.2 of the Public Resources Code is amended to read:

21100.2. (a) Each state agency shall establish, by resolution or order, time limits, not to exceed one year for completing and certifying environmental impact reports, and 105 days for completing and approving negative declarations, for projects described in subdivision (c) of Section 21065. These time limits shall apply only to those circumstances in which the state agency is the lead agency for a project. These resolutions or orders may establish different time limits for different types or classes of projects, but all limits shall be measured from the date on which an application requesting approval of the project is received and accepted as complete by the state agency. No application for a project may be deemed incomplete for lack of a waiver of time periods prescribed in state regulations. The resolutions or orders required by this section may provide for a reasonable extension of the time period in the event that compelling circumstances justify additional time and the project applicant consents thereto.

(b) If a draft environmental impact report, environmental impact report, focused environmental impact report, or negative declaration is prepared under a contract to a state agency, the contract shall be executed within 45 days from the date on which the state agency determines that a negative declaration or an environmental impact report is required. The state agency may take longer to execute the contract in the event that compelling circumstances justify additional time and the project applicant consents thereto.

SEC. 10. Section 21151.5 of the Public Resources Code is amended to read:

21151.5. (a) Each local agency shall establish, by ordinance or resolution, time limits, not to exceed one year for completing and certifying environmental impact reports, and 105 days for completing negative declarations, for projects described in subdivision (c) of Section 21065. These time limits shall apply only to those circumstances in which the local agency is the lead agency for a project. These ordinances or resolutions may establish different

time limits for different types or classes of projects and different types of environmental impact reports, but all limits shall be measured from the date on which an application requesting approval of the project is received and accepted as complete by the local agency. No application for a project may be deemed incomplete for lack of a waiver of time periods prescribed by local ordinance or resolution. The ordinances or resolutions required by this section may provide for a reasonable extension of the time period in the event that compelling circumstances justify additional time and the project applicant consents thereto.

(b) If a draft environmental impact report, environmental impact report, focused environmental impact report, or negative declaration is prepared under a contract to a local agency, the contract shall be executed within 45 days from the date on which the local agency determines that a negative declaration or an environmental impact report is required. The local agency may take longer to execute the contract in the event that compelling circumstances justify additional time and the project applicant consents thereto.

SEC. 11. Section 21152 of the Public Resources Code is amended to read:

21152. (a) Whenever a local agency approves or determines to carry out a project which is subject to this division, it shall file notice of the approval or the determination within five working days after the approval or determination becomes final, with the county clerk of each county in which the project will be located. The notice shall indicate the determination of the local agency whether the project will, or will not, have a significant effect on the environment and shall indicate whether an environmental impact report has been prepared pursuant to this division. The notice shall also include certification that the final environmental impact report, if one was prepared, together with comments and responses, is available to the general public.

(b) Whenever a local agency determines that a project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172, and it approves or determines to carry out the project, it, or the person specified in subdivision (b) or (c) of Section 21065, may file a notice of the determination with the county clerk of each county in which the project will be located. Any notice filed pursuant to this subdivision by a person specified in subdivision (b) or (c) of Section 21065 shall have a certificate of determination attached to it issued by the local agency responsible for making the determination that the project is not subject to this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172. The certificate of determination may be in the form of a certified copy of an existing document or record of the local agency.

SEC. 13. Section 21157.1 of the Public Resources Code is amended to read:

21157.1. The preparation and certification of a master environmental impact report, if prepared and certified consistent with this division, may allow for the limited review of subsequent projects that were described in the master environmental impact report as being within the scope of the report, in accordance with the following requirements:

(a) The lead agency for a subsequent project shall be the lead agency or any responsible agency identified in the master environmental impact report.

(b) The lead agency shall prepare an initial study on any proposed subsequent project. This initial study shall analyze whether the subsequent project may cause any significant effect on the environment that was not examined in the master environmental impact report and whether the subsequent project was described in the master environmental impact report as being within the scope of the report.

(c) If the lead agency, based on the initial study, determines that a proposed subsequent project will have no additional significant effect on the environment, as defined in subdivision (d) of Section 21158, that was not identified in the master environmental impact report and that no new or additional mitigation measures or alternatives may be required, the lead agency shall make a written finding based upon the information contained in the initial study that the subsequent project is within the scope of the project covered by the master environmental impact report. No new environmental document nor findings pursuant to Section 21081 shall be required by this division. Prior to approving or carrying out the proposed subsequent project, the lead agency shall provide notice of this fact pursuant to Section 21092 and incorporate all feasible mitigation measures or feasible alternatives set forth in the master environmental impact report which are appropriate to the project. Whenever a lead agency approves or determines to carry out any subsequent project pursuant to this section, it shall file a notice pursuant to Section 21108 or 21152.

(d) Where a lead agency cannot make the findings required in subdivision (c), the lead agency shall prepare, pursuant to Section 21157.7, either a mitigated negative declaration or environmental impact report.

SEC. 14. Section 21157.6 of the Public Resources Code is amended to read:

21157.6. The master environmental impact report shall not be used for the purposes of this chapter if (1) the certification of the report occurred more than five years prior to the filing of an application for the subsequent project, or (2) if the approval of a project that was not described in the report may affect the adequacy of the environmental review in the report for any subsequent

project, unless the lead agency reviews the adequacy of the master environmental impact report and does either of the following:

(a) Finds that no substantial changes have occurred with respect to the circumstances under which the master environmental impact report was certified or that no new information, which was not known and could not have been known at the time that the master environmental impact report was certified as complete, has become available.

(b) Certifies a subsequent or supplemental environmental impact report which has been either incorporated into the previously certified master environmental impact report or references any deletions, additions, or any other modifications to the previously certified master environmental impact report.

SEC. 15. Section 21157.7 of the Public Resources Code is repealed.

SEC. 16. Section 21158 of the Public Resources Code is amended to read:

21158. (a) A focused environmental impact report is an environmental impact report on a subsequent project identified in a master environmental impact report. A focused environmental impact report may be utilized only if the lead agency finds that the analysis in the master environmental impact report of cumulative impacts, growth inducing impacts, and irreversible significant effects on the environment is adequate for the subsequent project. The focused environmental impact report shall incorporate, by reference, the master environmental impact report and analyze only the subsequent project's additional significant effects on the environment, as defined in subdivision (d), and any new or additional mitigation measures or alternatives that were not identified and analyzed by the master environmental impact report.

(b) The focused environmental impact report need not examine those effects which the lead agency finds were one of the following:

(1) Mitigated or avoided pursuant to paragraph (1) of subdivision (a) of Section 21081 as a result of mitigation measures identified in the master environmental impact report which will be required as part of the approval of the subsequent project.

(2) Examined at a sufficient level of detail in the master environmental impact report to enable those significant environmental effects to be mitigated or avoided by specific revisions to the project, the imposition of conditions, or by other means in connection with the approval of the subsequent project.

(3) Subject to a finding pursuant to paragraph (2) of subdivision (a) of Section 21081.

(c) A focused environmental impact report on any subsequent project shall analyze any significant effects on the environment where substantial new or additional information shows that the adverse environmental impact may be more significant than was described in the master environmental impact report. The substantial new or additional information may also show that

mitigation measures or alternatives identified in the master environmental impact report, which were previously determined to be infeasible, are feasible and will avoid or reduce the significant effects on the environment of the subsequent project to a level of insignificance.

(d) For purposes of this chapter, "additional significant effects on the environment" are those project specific effects on the environment which were not addressed as significant effects on the environment in the master environmental impact report.

(e) Nothing in this chapter is intended to limit or abridge the ability of a lead agency to focus upon the issues that are ripe for decision at each level of environmental review, or to exclude duplicative analysis of environmental effects examined in previous environmental impact reports pursuant to Section 21093.

SEC. 17. The heading of Article 4.1 (commencing with Section 21159.1) of Chapter 4.5 of Division 13 of the Public Resources Code is repealed.

SEC. 18. Section 21159.4 of the Public Resources Code, as added by Chapter 1130 of the Statutes of 1993, is repealed.

SEC. 19. Section 21167 of the Public Resources Code is amended to read:

21167. Any action or proceeding to attack, review, set aside, void, or annul the following acts or decisions of a public agency on the grounds of noncompliance with this division shall be commenced as follows:

(a) An action or proceeding alleging that a public agency is carrying out or has approved a project which may have a significant effect on the environment without having determined whether the project may have a significant effect on the environment shall be commenced within 180 days of the public agency's decision to carry out or approve the project, or, if a project is undertaken without a formal decision by the public agency, within 180 days after commencement of the project.

(b) Any action or proceeding alleging that a public agency has improperly determined whether a project may have a significant effect on the environment shall be commenced within 30 days after the filing of the notice required by subdivision (a) of Section 21108 or subdivision (a) of Section 21152.

(c) Any action or proceeding alleging that an environmental impact report does not comply with the provisions of this division shall be commenced within 30 days after the filing of the notice required by subdivision (a) of Section 21108 or subdivision (a) of Section 21152 by the lead agency.

(d) Any action or proceeding alleging that a public agency has improperly determined that a project is not subject to the provisions of this division pursuant to subdivision (b) of Section 21080 or pursuant to Section 21085 or 21172 shall be commenced within 35 days after the filing by the public agency, or person specified in subdivision (b) or (c) of Section 21065, of the notice authorized by

subdivision (b) of Section 21108 or subdivision (b) of Section 21152. If the notice has not been filed, the action or proceeding shall be commenced within 180 days of the public agency's decision to carry out or approve the project, or, if a project is undertaken without a formal decision by the public agency, within 180 days after commencement of the project.

(e) Any action or proceeding alleging that any other act or omission of a public agency does not comply with the provisions of this division shall be commenced within 30 days after the filing of the notice required by subdivision (a) of Section 21108 or subdivision (a) of Section 21152.

(f) If a person has made a written request to the public agency for a copy of the notice specified in Section 21108 or 21152 within the posting periods specified in Sections 21108 and 21152, the time periods specified in subdivisions (b), (c), (d), and (e) shall commence from the date that the public agency deposits a written copy of the notice in the United States mail, first-class postage prepaid.

SEC. 20. Section 21167.1 of the Public Resources Code is amended to read:

21167.1. (a) In all actions or proceedings brought pursuant to Sections 21167, 21168, and 21168.5, including the hearing of an action or proceeding on appeal from a decision of a lower court, all courts in which the action or proceeding is pending shall give the action or proceeding preference over all other civil actions, in the matter of setting the action or proceeding for hearing or trial, and in hearing or trying the action or proceeding, so that the action or proceeding shall be quickly heard and determined. The court shall regulate the briefing schedule so that, to the extent feasible, the court shall commence hearings on an appeal within one year of the date of the filing of the appeal.

(b) To ensure that actions or proceedings brought pursuant to Sections 21167, 21168, and 21168.5 may be quickly heard and determined in the lower courts, the superior courts in all counties with a population of more than 200,000 shall designate one or more judges to develop expertise in this division and related land use and environmental laws, so that those judges will be available to hear, and quickly resolve, actions or proceedings brought pursuant to Sections 21167, 21168, and 21168.5.

(c) In any action or proceeding filed pursuant to this chapter that is joined with any other cause of action, the court, upon a motion by any party, may grant severance of the actions. In determining whether to grant severance, the court shall consider such as matters judicial economy, administrative economy, and prejudice to any party.

SEC. 21. Section 21167.4 of the Public Resources Code is amended to read:

21167.4. (a) In any action or proceeding alleging noncompliance with this division, the petitioner shall request a hearing within 90

days from the date of filing the petition or shall be subject to dismissal on the court's own motion or on the motion of any party interested in the action or proceeding.

(b) The petitioner shall serve a notice of the request for a hearing on all parties at the time that the petitioner files the request for a hearing.

(c) Upon the filing of a request by the petitioner for a hearing and upon application by any party, the court shall establish a briefing schedule and a hearing date. In the absence of good cause, briefing shall be completed within 90 days from the date that the request for a hearing is filed, and the hearing, to the extent feasible, shall be held within 30 days thereafter. Good cause may include, but shall not be limited to, the conduct of discovery, determination of the completeness of the record of proceedings, the complexity of the issues, and the length of the record of proceedings and the timeliness of its production. The parties may stipulate to a briefing schedule or hearing date that differs from the schedule set forth in this subdivision if the stipulation is approved by the court.

SEC. 22. Section 21167.6 of the Public Resources Code is amended to read:

21167.6. Notwithstanding any other provision of law, in all actions or proceedings brought pursuant to Section 21167, except those involving the Public Utilities Commission, all of the following procedures shall apply:

(a) At the time that the action is filed, the petitioner shall file a request that the respondent public agency prepare the record of proceedings relating to the subject of the action or proceeding. The request, together with the petition, shall be served upon the public agency not later than 10 business days from the date upon which the action or proceeding is filed.

(b) (1) The public agency shall prepare and certify the record of proceedings not later than 60 days from the date upon which the request specified in subdivision (a) is served upon the public agency. Upon certification, the public agency shall lodge with the court a copy of the record and shall serve on all parties notice that the record of proceedings has been certified and lodged. The parties shall pay any costs or fees imposed for the preparation of the record of proceedings in conformance with any law or rule of court.

(2) The petitioner may elect to prepare the record of proceedings or the parties may agree to an alternative method of preparation of the record of proceedings, subject to certification of its accuracy by the public agency, within the time limit specified in this subdivision.

(c) The time limit prescribed by subdivision (b) may be extended only upon stipulation of all parties who have been properly served in the action or proceeding or upon order of the court. Extensions shall be liberally granted by the court when the size of the record of proceedings renders infeasible compliance with that time limit. There is no limit on the number of extensions which may be granted by the court, but no single extension shall exceed 60 days unless the

court determines that a longer extension is in the public interest.

(d) If the public agency fails to prepare and certify the record within the time limit prescribed in subdivision (b), or any continuances of that time limit, the petitioner may move for sanctions, and the court may, upon that motion, grant appropriate sanctions.

(e) The clerk of the superior court shall prepare and certify the clerk's transcript on appeal not later than 60 days from the date upon which the notice designating the papers or records to be included in the clerk's transcript is filed with the superior court, if the party or parties pay any costs or fees for preparation of the clerk's transcript imposed in conformance with any law or rules of court. Nothing in this subdivision precludes an election to proceed pursuant to Rule 5.1 of the California Rules of Court.

(f) Extensions of the period for the filing of any brief on appeal may be allowed only by stipulation of the parties or by order of the court for good cause shown. Extensions on appeal shall be limited to one 30-day extension for the preparation of an opening brief, and one 30-day extension for the preparation of a responding brief, except that the court may grant a longer extension or additional extensions if it determines that there is a substantial likelihood of settlement that would avoid the necessity of completing the appeal.

(g) At the completion of the filing of briefs on appeal, the appellant shall notify the court of completion of the filing of briefs, whereupon the clerk of the reviewing court shall set the appeal for hearing on the first available calendar date.

SEC. 23. Section 21167.8 of the Public Resources Code is amended to read:

21167.8. (a) Not later than 20 days from the date of service upon a public agency of a petition or complaint brought pursuant to Section 21167, the public agency shall file with the court a notice setting forth the time and place at which all parties shall meet and attempt to settle the litigation. The meeting shall be scheduled and held not later than 45 days from the date of service of the petition or complaint upon the public agency. The notice of the settlement meeting shall be served by mail upon the counsel for each party. If the public agency does not know the identity of counsel for any party, the notice shall be served by mail upon the party for whom counsel is not known.

(b) At the time and place specified in the notice filed with the court, the parties shall meet and confer regarding anticipated issues to be raised in the litigation and shall attempt in good faith to settle the litigation and the dispute which forms the basis of the litigation. The settlement meeting discussions shall be comprehensive in nature and shall focus on the legal issues raised by the parties concerning the project that is the subject of the litigation.

(c) The settlement meeting may be continued from time to time without postponing or otherwise delaying other applicable time limits in the litigation. The settlement meeting is intended to be

conducted concurrently with any judicial proceedings.

(d) If the litigation is not settled, the court, in its discretion, may, or at the request of any party, shall, schedule a further settlement conference before a judge of the superior court. If the petition or complaint is later heard on its merits, the judge hearing the matter shall not be the same judge conducting the settlement conference, except in counties that have only one judge of the superior court.

(e) The failure of any party, who was notified pursuant to subdivision (a), to participate in the litigation settlement process, without good cause, may result in an imposition of sanctions by the court.

(f) Not later than 30 days from the date that notice of certification of the record of proceedings was filed and served in accordance with Section 21167.6, each party shall file and serve on all other parties a statement of issues which that party intends to raise in any brief or at any hearing or trial.

SEC. 24. Section 13264 of the Water Code is amended to read:

13264. (a) No person shall initiate any new discharge of waste or make any material changes in any discharge, or initiate a discharge to, make any material changes in a discharge to, or construct, an injection well, prior to the filing of the report required by Section 13260 and no person shall take any of these actions after filing the report but before whichever of the following occurs first:

(D) The regional board is a responsible agency for purposes of the California Environmental Quality Act, and at least 90 days have expired since certification or approval of environmental documentation by the lead agency.

(3) The regional board's waiver pursuant to Section 13269.

(b) The Attorney General, at the request of a regional board, shall petition the superior court for the issuance of a temporary restraining order, preliminary injunction, or permanent injunction, or combination thereof, as may be appropriate, prohibiting any

person who is violating or threatening to violate this section from doing any of the following, whichever is applicable:

- (2) Making any material change in the discharge.
