(e) For 1980–81 and each year thereafter, the property tax apportionment factors for the current year shall be used to apportion the total amount paid to a county annually for reimbursement of tax loss from business inventory exemptions pursuant to Chapter 1150 of the Statutes of 1979.

(f) For 1980–81 and each year thereafter, prior years' property tax revenues shall be apportioned using the factors determined pursuant to subdivision (c) for the immediately preceding fiscal year.

(g) For 1979–80, prior years' property tax revenues shall be apportioned using the tax allocation factors computed pursuant to Section 26912 of the Government Code.

(h) Notwithstanding the provisions of this section property tax revenues may be apportioned by tax rate area.

(i) Supplemental property tax revenues for 1985–86 and each year thereafter, generated by Sections 75 to 75.80, inclusive, shall be apportioned using the property tax apportionment factors for the current year.

(j) This section, as amended by Senate Bill 399 of the 1993–94 Regular Session, shall apply to the entire 1993–94 fiscal year, regardless of the operative date of Senate Bill 399, and to each fiscal year thereafter.

SEC. 7. Section 4702 of the Revenue and Taxation Code is amended to read:

4702. (a) The procedure authorized by this chapter may be placed in effect in any county by resolution of the board of supervisors of that county adopted not later than July 15th of the fiscal year for which it is to first apply and shall thereafter remain in effect unless the board orders its discontinuance or unless, prior to the commencement of any subsequent fiscal year, the board receives a petition for its discontinuance joined in by resolutions duly adopted by the governing boards of not less than two-thirds of the participating revenue districts in the county, in which event the board shall order discontinuance of the procedure effective at the commencement of the subsequent fiscal year.

(b) Notwithstanding subdivision (a), for the 1993–94 and 1994–95 fiscal years only, the procedure authorized by this chapter may be placed in effect in any county by resolution of the board of supervisors of that county adopted not later than October 15 of the relevant fiscal year, and shall remain in effect unless otherwise discontinued in accordance with the provisions of this chapter.

SEC. 8. Section 4703 of the Revenue and Taxation Code is amended to read:

4703. In each county that elects to adopt the procedure authorized by this chapter there is hereby created a tax losses reserve fund.

(a) The tax losses reserve fund shall be used exclusively, as hereinafter provided, to cover losses that may occur in the amount of tax liens as a result of special sales of tax-defaulted property.

Whenever in any year the amount of the tax losses reserve fund has reached an amount equivalent to 3 percent of the total of all taxes and assessments levied on the secured roll for that year for participating entities in the county, the amounts hereinafter authorized to be credited to that fund may, for the remainder of that year, be credited to the county general fund.

(b) The auditor and treasurer shall keep apportioned tax resources accounts in such a manner that the balance of amounts apportioned to funds on an accrual basis shall be known by both officers. In addition, the auditor shall keep secured taxes receivable accounts in such a manner as to establish accountability for the amounts receivable on the secured tax rolls. Secured tax rolls, as used in this chapter, include delinquent rolls prescribed by Section 2627.

SEC. 9. Section 4703.2 of the Revenue and Taxation Code is amended to read:

4703.2. (a) In any county electing to follow the procedure authorized by this chapter, the board of supervisors may, by September 1 of any fiscal year, on the recommendation of the county auditor, adopt a resolution electing to be governed by this section rather than the provisions of Section 4703. Upon adoption, a copy of this resolution shall be filed with the county auditor, the county treasurer, and the county tax collector. This election shall remain in effect each fiscal year unless the board of supervisors adopts another resolution by September 1 of a fiscal year electing to be governed instead by Section 4703. For the 1993-94 fiscal year only, the election to be governed by this section rather than Section 4703 may be made no later than January 15, 1994.

(b) In each county that elects to adopt the procedure authorized by this chapter and elects to be governed by this section rather than Section 4703 there shall be created a tax losses reserve fund.

(c) The tax losses reserve fund shall be used exclusively, as hereinafter provided, to cover losses that may occur in the amount of tax liens as a result of special sales of tax-defaulted property. In a county electing to be subject to this section rather than Section 4703, the tax losses reserve fund shall be maintained at not less than 50 percent of the total delinquent secured taxes and assessments for participating entities in the county as calculated at the end of the fiscal year. At the end of the fiscal year, amounts in the tax losses reserve fund that are in excess of 50 percent of the total delinquent secured taxes and assessments for participating entities in the county may be credited to the county general fund.

(d) The auditor and treasurer shall keep apportioned tax resources accounts in such a manner that the balance of amounts apportioned to funds on an accrual basis shall be known by both officers. In addition, the auditor shall keep secured taxes receivable accounts in such a manner as to establish accountability for the amounts receivable on the secured tax rolls. Secured tax rolls as used in this chapter include delinquent rolls prescribed by Section 2627.

SEC. 10. Section 1.7 is added to the San Bernardino County Flood

Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 1.7. The board of supervisors may, by ordinance, change the boundaries of any zone created pursuant to Sections 1.01 to 1.6, inclusive, of this act.

In addition to any other requirement of current law, before changing the boundaries of any zone, the board of supervisors shall hold a public hearing on the proposed change. Notice of the hearing shall be published in a newspaper of general circulation within the zone. If there is no newspaper of general circulation within the zone, notice of the hearing shall be posted in at least seven places within the zone. The notice shall describe the proposed changes to the boundaries of the zone and contain a general statement of the reasons for the proposed change. At the hearing, any interested person may appear and protest the proposed boundary change.

SEC. 11. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique fiscal situation and property tax revenue allocation patterns with respect to community college districts and other local agencies in the County of Marin.

SEC. 12. Sections 1 to 3, inclusive, of this act shall become operative only if Assembly Bill 3759 of the 1993-94 Regular Session is enacted to add Title 7.86 (commencing with Section 67800) to the Government Code, and in that event shall become operative on the same date as that title.

SEC. 13. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify important matters with respect to local government with respect to the 1994-95 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1167

An act to add Section 12467 to the Government Code, and to repeal and add Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of, the Revenue and Taxation Code, and to amend Sections 10 and 11 of Chapter 155 of the Statutes of 1994, relating to property taxation.

[Approved by Governor September 29, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 12467 is added to the Government Code, to read:

12467. The Controller shall regularly audit the apportionment and allocation by counties of property tax revenue pursuant to this chapter, in accordance with the following schedule:

(a) For counties with population in excess of 5,000,000 the audit shall be performed annually.

(b) For counties with population greater than 200,000 and less than 5,000,000, the audit shall be performed on a three-year cycle.

(c) For counties with population 200,000 or less, the audit shall be performed on a five-year cycle.

(d) The Controller may, at his or her discretion, perform audits more frequently than provided in subdivisions (b) and (c).

(e) The Controller shall annually submit a report to the Legislature containing a description of the audit findings for each county that was audited during the prior year. The report shall contain recommendations to the Legislature for legislation to correct any errors in the apportionment and allocation of property tax revenues that were determined as a result of these audits.

SEC. 2. Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code is repealed.

SEC. 3. Chapter 6 (commencing with Section 95) is added to Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

CHAPTER 6. ALLOCATION OF PROPERTY TAX REVENUE

Article 1. Definitions and Administration

95. For the purpose of this chapter:

(a) "Local agency" means a city, county, and special district.

(b) "Jurisdiction" means a local agency, school district, community college district, or county superintendent of schools. A jurisdiction as defined in this subdivision is a "district" for purposes of Section 1 of Article XIII A of the California Constitution.

For jurisdictions located in more than one county, the county auditor of each county in which that jurisdiction is located shall, for

the purposes of computing the amount for that jurisdiction pursuant to this chapter, treat the portion of the jurisdiction located within that county as a separate jurisdiction.

(c) "Property tax revenue" includes the amount of state reimbursement for the homeowners' exemption. "Property tax revenue" does not include the amount of property tax levied for the purpose of making payments for the interest and principal on either of the following:

(1) General obligation bonds or other indebtedness approved by the voters prior to July 1, 1978, including tax rates levied pursuant to Part 10 (commencing with Section 15000) of Division 1 of, and Sections 39308 and 39311 and former Sections 81338 and 81341 of the Education Code, and Section 26912.7 of the Government Code.

(2) Bonded indebtedness for the acquisition or improvement of real property approved by two-thirds of the voters on or after June 4, 1986.

(d) "Taxable assessed value" means total assessed value minus all exemptions other than the homeowners' and business inventory exemptions.

(e) "Jurisdictional change" includes a change of organization, as defined in Section 35027 of the Government Code, an incorporation, as defined in Section 35037 of the Government Code, a municipal reorganization, as defined in Section 35042 of the Government Code, a change of organization, as defined in Section 56021 of the Government Code, a formation, as defined in Section 56042 of the Government Code, and a reorganization, as defined in Section 56068 of the Government Code. "Jurisdictional change" also includes any change in the boundary of those special districts that are not under the jurisdiction of a local agency formation commission.

"Jurisdictional change" also includes a functional consolidation where two or more local agencies, except two or more counties, exchange or otherwise reassign functions and any change in the boundaries of a school district or community college district or county superintendent of schools.

(f) "School entities" means school districts, community college districts, the Educational Revenue Augmentation Fund, and county superintendents of schools.

(g) Except as otherwise provided in this subdivision, "tax rate area" means a specific geographic area all of which is within the jurisdiction of the same combination of local agencies and school entities for the current fiscal year.

In the case of a jurisdictional change pursuant to Section 99, the area subject to the change shall constitute a new tax rate area, except that if the area subject to change is within the same combinations of local agencies and school entities as an existing tax rate area, the two tax rate areas may be combined into one tax rate area.

Existing tax rate areas having the same combinations of local agencies and school entities may be combined into one tax rate area. For the combination of existing tax rate areas, the factors used to

allocate the annual tax increment pursuant to Section 98 shall be determined by calculating a weighted average of the annual tax increment factors used in the tax rate areas being combined.

(h) "State assistance payments" means:

(1) For counties, amounts determined pursuant to subdivision (b) of Section 16260 of the Government Code, increased by the amount specified for each county pursuant to Section 94 of Chapter 282 of the Statutes of 1979, with the resultant sum reduced by an amount derived by the calculation made pursuant to Section 16713 of the Welfare and Institutions Code.

(2) For cities, 82.91 percent of the amounts determined pursuant to subdivisions (b) and (i) of Section 16250 of the Government Code, plus for any city an additional amount equal to one-half of the amount of any outstanding debt as of June 30, 1978, for "museums" as shown in the Controller's "Annual Report of Financial Transactions of Cities for Fiscal Year 1977-78."

(3) For special districts, 95.24 percent of the amounts received pursuant to Chapter 3 (commencing with Section 16270) of Part 1.5 of Division 4 of Title 2 of the Government Code, Section 35.5 of Chapter 332 of the Statutes of 1978, and Chapter 12 of the Statutes of 1979.

(i) "City clerk" means the clerk of the governing body of a city or city and county.

(j) "Executive officer" means the executive officer of a local agency formation commission.

(k) "City" means any city whether general law or charter, except a city and county.

(l) "County" means any chartered or general law county. "County" includes a city and county.

(m) "Special district" means any agency of the state for the local performance of governmental or proprietary functions within limited boundaries. "Special district" includes a county service area, a maintenance district or area, an improvement district or improvement zone, or any other zone or area, formed for the purpose of designating an area within which a property tax rate will be levied to pay for a service or improvement benefiting that area. "Special district" includes the Bay Area Air Quality Management District. "Special district" does not include a city, a county, a school district or a community college district. "Special district" does not include any agency that is not authorized by statute to levy a property tax rate. However, any special district authorized to levy a property tax by the statute under which the district was formed shall be considered a special district. Additionally, a county free library established pursuant to Article 1 (commencing with Section 19100) of Chapter 6 of Part 11 of Division 1 of Title 1 of the Education Code, and for which a property tax was levied in the 1977-78 fiscal year, shall be considered a special district.

(n) "Excess tax school entity" means an educational agency for which the amount of the state funding entitlement determined

under Section 2558, 42238, 84750, or 84751 of the Education Code, as appropriate, is zero.

95.2. (a) (1) Notwithstanding any other provision of law, for the 1990–91 fiscal year, for the purposes of the computations required by Section 96.1 or its predecessor section, the amount of property tax presumed to have been received by the county in the prior year shall be increased by the amount of 1989–90 property tax administrative costs proportionately attributable to incorporated cities as determined pursuant to paragraph (2).

(2) The auditor shall determine the 1989–90 fiscal year property tax administrative costs proportionately attributable to incorporated cities by adding the 1989–90 fiscal year property tax-related costs of the assessor, tax collector, and auditor, including applicable administrative overhead costs as permitted by federal Office of Management and Budget Circular A-87 standards, and multiplying the sum of those amounts by the ratio of property tax revenue received by all incorporated cities divided by the total property tax revenue for all local jurisdictions in the county for that fiscal year.

(3) The county shall use the additional revenue received pursuant to this subdivision only to fund the actual costs of assessing, collecting, and allocating property taxes. At least once each fiscal year, the county auditor shall report the amount of these actual costs and allowable overhead costs to the legislative body and any other jurisdiction or person that request the information. To the extent that actual costs for assessing, collecting, and allocating property taxes plus allowable overhead costs are less than the amount determined pursuant to paragraph (2), the county auditor shall apportion the difference to each incorporated city as otherwise required by this section.

(4) The county may retain up to one-half of any increased property tax allocation to which a jurisdiction may be otherwise entitled, until the county receives its additional revenues pursuant to this subdivision.

(5) It is the intent of the Legislature in enacting this subdivision to recognize that since the adoption of Article XIII A of the California Constitution by the voters, county governments have borne an unfair and disproportionate part of the financial burden of assessing, collecting, and allocating property tax revenues for cities. It is further the intent of the Legislature that the adjustments provided for by this subdivision shall constitute charges by a county for the assessment, collection, and allocation of property taxes and shall not exceed the actual costs reasonably borne by a county for those activities.

(b) If so directed by the board of supervisors, the auditor shall determine the 1989–90 fiscal year property tax administrative costs proportionately attributable to local jurisdictions other than the county or city and county, and cities, by adding the property tax-related costs of the assessor, tax collector, and auditor, including applicable administrative overhead costs as permitted by federal

Office of Management and Budget Circular A-87 standards, and multiplying the sum of those amounts by the ratio of property tax revenue received by jurisdictions other than the county, city and county, and cities, divided by the total property tax received by all local jurisdictions in the county for that fiscal year. Notwithstanding any other provision of law, this amount may be calculated for each fiscal year commencing with the 1989-90 fiscal year, and the auditor shall, commencing in fiscal year 1990-91, if so directed by the board of supervisors, submit an invoice to these jurisdictions for services rendered in the prior fiscal year.

(c) Notwithstanding subdivision (b), no invoice as described in that subdivision shall be submitted to any school district, community college district, or county office of education, nor shall any of those entities be required to pay any invoice, for property tax administrative costs for services rendered in the 1990-91 fiscal year, or in any subsequent fiscal year. This subdivision shall not be construed to prevent the auditor of any county from collecting from school districts, community college districts, and county offices of education, in accordance with subdivision (b), property tax administrative costs for services rendered to those entities in the 1989-90 fiscal year.

95.3. (a) Notwithstanding any other provision of law, for the 1990-91 fiscal year and each fiscal year thereafter, the auditor shall divide the sum of the amounts calculated with respect to each jurisdiction or community redevelopment agency pursuant to Sections 96.1 and 100, or their predecessor sections, and Section 33670 of the Health and Safety Code, by the countywide total of those calculated amounts. The resulting ratio shall be known as the "administrative cost apportionment factor" and shall be multiplied by the sum of the property tax administrative costs incurred in the immediately preceding fiscal year by the assessor, tax collector, and auditor to determine the fiscal year property tax administrative costs proportionately attributable to each jurisdiction or community redevelopment agency. For purposes of this paragraph, property tax administrative costs shall also include applicable administrative overhead costs allowed by the federal Office of Management and Budget Circular A-87 standards, but shall not include any amount reimbursed pursuant to Section 75.60 and former Section 98.6, or include any amount in excess of the amounts reimbursable pursuant to Section 75.60, unless a county meets the conditions of paragraph (2) of subdivision (b) of Section 75.60.

(b) Each proportionate share of property tax administrative costs determined pursuant to subdivision (a), except for those proportionate shares determined with respect to a school entity, shall be deducted from the property tax revenue allocation of the relevant jurisdiction or community redevelopment agency, and shall be added to the property tax revenue allocation of the county. For purposes of applying this paragraph for the 1990-91 fiscal year, each proportionate share of property tax administrative costs shall be

deducted from those amounts allocated to the relevant jurisdiction or community redevelopment agency after January 1, 1991.

(c) Reductions made pursuant to this section to property tax revenue allocations shall be made without regard to Section 907 of the Government Code.

(d) Any additional amounts of property tax revenue allocated to the county pursuant to this subdivision shall be used only to fund costs incurred by the county in assessing and collecting property taxes, and in allocating property tax revenues, and shall constitute charges for those services, not exceeding the actual and reasonable costs incurred by the county in performing those services.

(e) It is the intent of the Legislature in enacting this section to recognize that since the adoption of Article XIII A of the California Constitution by the voters, county governments have borne an unfair and disproportionate part of the financial burden of assessing, collecting, and allocating property tax revenues for other jurisdictions and for redevelopment agencies. The Legislature finds and declares that this subdivision is intended to fairly apportion the burden of collecting property tax revenues and is not a reallocation of property tax revenue shares or a transfer of any financial or program responsibility.

(f) Commencing with the 1992-93 fiscal year and each fiscal year thereafter, this section shall supersede and replace Section 95.2, as authority for a county to recover property tax administrative costs.

(g) This section shall apply to the entire 1993-94 fiscal year, regardless of the operative date of the act adding the predecessor to this section, and to each fiscal year thereafter.

95.4. Amounts invoiced pursuant to subdivision (b) of Section 95.2 or its predecessor shall not include the amount of any costs incurred by the county auditor pursuant to Section 33672.5 of the Health and Safety Code.

Article 2. Basic Revenue Allocations

96. For the 1979-80 fiscal year only, property tax revenues shall be apportioned to each jurisdiction pursuant to this section and Section 96.2 or their predecessors by the county auditor, subject to the allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, as follows:

(a) For each tax rate area, each local agency shall be allocated an amount of property tax revenue equal to the sum of the amount of property tax revenue allocated pursuant to Section 26912 of the Government Code to each local agency for the 1978-79 fiscal year, as allocated to that tax rate area pursuant to paragraph (1) of subdivision (f) of former Section 98, modified by any adjustments required by Section 99, and the amount of state assistance payments allocated to that tax rate area pursuant to paragraph (2) of subdivision (f) of Section 96.5.

(b) The auditor shall determine the school entities' share of the

1979–80 property tax revenue by subtracting the state assistance payments allocated to local agencies within the county for the 1978–79 fiscal year from the aggregate amount of property tax revenue allocated pursuant to Section 26912 of the Government Code to all school entities within the county for the 1978–79 fiscal year. The amount of the difference shall be the school entities' share of property taxes for fiscal year 1979–80, and shall be allocated to the school entities in the same proportion as the allocation made to those entities for the 1978–79 fiscal year. The amount for each school entity shall be allocated among its tax rate areas pursuant to paragraph (3) of subdivision (f) of Section 96.5.

(c) The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivisions (a) and (b) shall be allocated pursuant to Section 96.5.

(d) For the purposes of computing property tax allocations for the 1978–79 fiscal year and each year thereafter, the county auditor shall recompute the 1978–79 property tax allocation for any city that levied a utility users' tax prior to 1978 but repealed that tax prior to December 31, 1977. For these cities, the term "property tax revenues for the 1975–76, 1976–77, and 1977–78 fiscal years" shall be deemed to include the aggregate of property tax and utility users' tax for those respective years.

96.1. Except as otherwise provided in Article 3 (commencing with Section 97), and in Article 4 (commencing with Section 98), for the 1980–81 fiscal year and each fiscal year thereafter, property tax revenues shall be apportioned to each jurisdiction pursuant to this section and Section 96.2 by the county auditor, subject to allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, to each jurisdiction in the following manner:

(a) For each tax rate area, each jurisdiction shall be allocated an amount of property tax revenue equal to the amount of property tax revenue allocated pursuant to this chapter to each jurisdiction in the prior fiscal year, modified by any adjustments required by Section 99 or 99.2.

(b) The difference between the total amount of property tax revenue and the amounts allocated pursuant to subdivision (a) shall be allocated pursuant to Section 96.5, and shall be known as the "annual tax increment."

(c) For purposes of this section, the amount of property tax revenue referred to in subdivision (a) shall not include amounts generated by the increased assessments under Chapter 3.5 (commencing with Section 75).

96.2. Except as otherwise provided in Section 96.21 or 96.22, for the purpose of apportioning property tax revenues each fiscal year:

(a) The amount of property tax revenue allocated pursuant to subdivisions (a) and (b) of Section 96 or subdivision (a) of Section 96.1, modified by any adjustments made pursuant to Section 99 or 99.2 and subdivision (e) of Section 96.5, shall be combined to

compute the total amount of property tax revenue allocated to the jurisdiction with respect to the tax rate area.

(b) The total amount of property tax revenue allocated to each jurisdiction with respect to all tax rate areas as determined pursuant to subdivision (a) shall be added to compute a total amount of property tax revenue for a jurisdiction in all tax rate areas.

(c) Each amount determined pursuant to subdivision (b) shall be divided by the total of all those amounts computed. The quotient determined shall be used to apportion actual property tax collections and shall be known as the "property tax apportionment factors."

(d) For the 1980–81 fiscal year and each fiscal year thereafter, prior years' property tax revenues shall be apportioned using the factors determined pursuant to subdivision (c) for the immediately preceding fiscal year.

(e) Notwithstanding this section, property tax revenues may be apportioned by tax rate area.

96.21. (a) Notwithstanding any other provision of this chapter, in the County of Solano, the apportionment of property tax revenues made pursuant to Section 96.2 or its predecessor section, for the 1987–88 fiscal year only, shall be modified as follows:

(1) The auditor shall increase by the sum of two hundred sixty-three thousand dollars (\$263,000) the total amount of property tax revenues apportioned to the City of Suisun.

(2) The auditor shall reduce by the sum of ninety thousand dollars (\$90,000) the total amount of property tax revenue apportioned to the Solano County General Fund.

(3) The auditor shall reduce by the total sum of one hundred seventy-three thousand dollars (\$173,000) the total amount of property tax revenue apportioned to all of the following: the Solano County Free Library; the Greater Vallejo Recreation District; the Solano County Water Conservation District; the Solano County Accumulated Capital Outlay Fund; the Solano County Aviation; the Solano County Recreation; the Solano County Zone of Benefit 1; the Solano County Library Special Tax Zone 1; the Fairfield-Suisun Cemetery District; the Solano County portion of the Bay Area Air Quality Management District; and the Cities of Benicia, Dixon, Fairfield, Vacaville, Rio Vista, and Vallejo. The reduction required by this paragraph shall be made by the auditor by computing that percentage of the total amount of property tax revenue allocated to all of the jurisdictions and funds specified in this paragraph which equals one hundred seventy-three thousand dollars (\$173,000) and by reducing the total amount of property tax revenue allocated to each of those jurisdictions and funds by that percentage.

(b) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall increase the total amount of property tax revenue apportioned to the City of Suisun pursuant to Section 96.2 by the same percentage by which the total amount of property tax revenue to be apportioned to the city pursuant to Section 96.2 in the 1987–88 fiscal year was increased by the application of subdivision (a).

(c) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall reduce the total amount of property tax revenue apportioned to each jurisdiction and fund specified in paragraphs (2) and (3) of subdivision (a) as follows:

(1) The auditor shall compute for each jurisdiction and fund that percentage of the total amount of the property tax revenue reduction required by subdivision (a) for the 1987–88 fiscal year which is equal to the total amount of its property tax revenue reduction for that fiscal year.

(2) The auditor shall reduce the total amount of the property tax revenue apportioned to each jurisdiction and fund for the applicable fiscal year by the amount determined by multiplying the percentage computed for the jurisdiction or fund in paragraph (1) by the total amount of the increase computed in subdivision (b).

96.22. (a) Notwithstanding any other provision of this chapter, in any county with an eligible city, the apportionment of property tax revenues made pursuant to Section 96.2 or its predecessor section, for the 1988–89 fiscal year only, shall be modified as follows:

(1) The auditor shall increase the total amount of property tax revenues apportioned to an eligible city by an amount equal to 20 percent of the “additional amount” provided to that city pursuant to paragraph (2) of subdivision (h) of Section 95.

(2) The auditor shall reduce by the amount determined in paragraph (1) the total amount of property tax revenues apportioned to an eligible local agency authorized to maintain vehicular recreation areas pursuant to Section 5541.1 of the Public Resources Code.

(b) For the 1988–89 fiscal year only, the allocation of annual tax increment pursuant to subdivision (e) of Section 98 or its predecessor section to the eligible city and the eligible local agency shall be adjusted correspondingly to reflect the modifications made by subdivision (a).

(c) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1989–90 fiscal year and each fiscal year thereafter, the amounts that are allocated to any eligible city and any eligible local agency pursuant to subdivision (a) shall be included in the “amount of property tax revenue allocated pursuant to this chapter in the prior year.”

(d) For the purposes of this section, “eligible city” means any city which received an additional amount of state assistance payments in accordance with paragraph (2) of subdivision (h) of Section 95.

(e) The amount allocated to an eligible city pursuant to this section shall be expended for zoo purposes only.

96.23. (a) Notwithstanding any other provision of this chapter, in the County of Nevada, the apportionment of property tax revenues made pursuant to Section 96.2 or its predecessor section shall be modified for the 1993–94 fiscal year only, as follows:

(1) The auditor shall increase by the sum of fifty-six thousand six hundred eighty-four dollars (\$56,684) the total amount of property

tax revenues apportioned to the North San Juan Fire Protection District.

(2) The auditor shall reduce by the sum of thirty-one thousand seven hundred eighty-three dollars (\$31,783) the total amount of property tax revenues apportioned to the Nevada County General Fund.

(3) The auditor shall reduce by the sum of twenty-four thousand nine hundred one dollars (\$24,901) the total amount of property tax revenues apportioned to all of the following local agencies within Nevada County: Nevada County Solid Waste; the Nevada Irrigation District; the City of Nevada City; the City of Grass Valley; Higgins Area Fire Protection District; Truckee Fire Protection District; the Truckee Sanitary District; the Nevada Cemetery District; the Truckee Cemetery District; the Nevada Resource Conservation District; the San Juan Ridge County Water District; the Washington County Water District; the Tahoe Forest Hospital; the Donner Summit Public Utility District; the Tahoe Airport District; the Gold Flat Fire Protection District; the Alta Oaks Sunset Fire Protection District; the Forty Niner Fire Protection District; the Ophir Hill Fire Protection District; the Consolidated Fire District; the Peardale-Chicago Park Fire Protection District; the Rough and Ready Fire Protection District; the Watt Park Fire Protection District; the Truckee Donner Park and Recreation District; the Tahoe Truckee Sanitation District; the Penn Valley Fire District; County Service Area 1A; County Service Area 2; County Service Area 3; County Service Area 4; County Service Area 5; County Service Area 10; County Service Area 11; County Service Area 16; and the Lake of the Pines Ranchos Community Services District. The reduction required by this paragraph shall be made by the auditor by computing that percentage of the total amount of property tax revenues allocated in fiscal year 1993-94 to all of the jurisdictions and funds specified in this paragraph that equals twenty-four thousand nine hundred one dollars (\$24,901) and by reducing the total amount of property tax revenues allocated to each of those jurisdictions and funds by that percentage.

(b) (1) For purposes of the calculations made pursuant to Section 96.1 in the 1994-95 fiscal year, the amount allocated to the North San Juan Fire Protection District in the 1993-94 fiscal year pursuant to paragraph (1) of subdivision (a) shall be included in the "amount of property tax revenue allocated pursuant to this chapter in the prior year."

(2) For the 1994-95 fiscal year and each fiscal year thereafter, the North San Juan Fire Protection District shall be allocated a share of the annual tax increment equal to 2.56 percent of the total of the annual tax increment amounts calculated under Section 96.5 for each of the tax rate areas comprising the North San Juan Fire Protection District. The auditor shall commensurately reduce on a pro rata basis the shares of the annual tax increment to be allocated to other local agencies, as defined in subdivision (a) of Section 95, within those tax

rate areas.

96.3. (a) For the 1983–84 and 1984–85 fiscal years, no local agency shall impose a property tax rate pursuant to subdivision (a) of Section 93 for other than bonded indebtedness that is in excess of the rate, if any, imposed in the 1982–83 fiscal year or imposed for the 1983–84 fiscal year pursuant to a budget resolution adopted on or before July 1, 1983, that contemplated the levy of an additional property tax rate for pension system costs, whichever rate is higher, for other than bonded indebtedness. This section shall be deemed to be a maximum tax rate pursuant to Section 20 of Article XIII of the California Constitution.

(b) If a local agency imposes a rate in excess of the maximum rate authorized by subdivision (a), the amount of property tax allocated to that local agency pursuant to this chapter shall be reduced by one dollar (\$1) for each one dollar (\$1) of property tax revenue attributable to the excess rate.

(c) Any property tax revenue that has been subtracted from a local agency's allocation pursuant to subdivision (b) shall be allocated to elementary, high school, and unified school districts within the agency's jurisdiction in proportion to the average daily attendance of each of those districts.

(d) As used in this section, "bonded indebtedness" means any bond obligation of a local government which was approved by the voters of such jurisdiction prior to July 1, 1978.

96.31. (a) For the 1985–86 fiscal year and each fiscal year thereafter, no jurisdiction shall impose a property tax rate pursuant to subdivision (a) of Section 93, unless it is imposed for one or more of the following purposes:

(1) To make annual payments for the interest and principal on general obligation bonds approved by the voters before July 1, 1978, and on bonded indebtedness for the acquisition and improvement of real property approved by the voters by a two-thirds vote after June 4, 1986.

(2) To make payments to the State of California under contracts for the sale, delivery, or use of water entered into pursuant to California Water Resources Development Bond Act in Chapter 8 (commencing with Section 12930) of Part 6 of Division 6 of the Water Code or to make payments to the United States or another public agency under voter-approved contracts for the sale, delivery, or use of water or for the repayment of voter-approved obligations for the construction, maintenance, or operation of water conservation, treatment, or distribution facilities, provided that the indebtedness was approved by the voters before July 1, 1978.

(3) To make payments pursuant to lease-purchase programs approved by the voters before July 1, 1978, provided that the jurisdiction imposed the property tax rate in the 1982–83 fiscal year.

(4) To make payments in support of pension programs approved by the voters before July 1, 1978, provided that the local agency imposed the property tax rate in the 1982–83 or 1983–84 fiscal year.

(5) To make payments in support of paramedic, library, or zoo programs approved by the voters before July 1, 1978, provided that the jurisdiction imposed the property tax rate in the 1982-83 fiscal year.

(6) To make payments for the interest and principal on an indebtedness, pursuant to Section 5544.2 of the Public Resources Code, approved by the voters before July 1, 1978, provided that the local agency imposed the property tax rate in the 1982-83 fiscal year.

(b) In the 1985-86 fiscal year and any fiscal year thereafter, a jurisdiction shall not impose a property tax rate, pursuant to subdivision (a) of Section 93, in excess of the rate it imposed in the 1982-83 or 1983-84 fiscal year. Notwithstanding the limit imposed by this subdivision, a higher property tax rate may be imposed whenever necessary to make payments for any of the purposes specified in paragraphs (1), (2), and (3) of subdivision (a). However, no property tax rate increase in excess of the rate imposed in the 1984-85 fiscal year shall be imposed if the purpose of the rate increase is to fund a reduction in the rates charged for water at the time of the property tax rate increase.

(c) Notwithstanding subdivisions (a) and (b), a charter city may levy an ad valorem property tax rate to make payments in support of a retirement system for fire and police employees if all of the following criteria are met:

(1) The retirement system is part of the city's charter and was approved by the voters before July 1, 1978.

(2) The city did not levy a separate ad valorem property tax rate to support the retirement system in the 1983-84 fiscal year.

(3) The retirement system provides for a cost-of-living adjustment that is indexed to a consumer price index and does not limit the annual increases which may be paid to members after their retirement.

(4) The retirement system is not currently available to newly hired fire and police employees and will not be available in the future.

(5) Before January 1, 1985, the city unsuccessfully litigated a limit to the cost-of-living adjustment that may be paid to members of the retirement system after their retirement.

(6) After July 1, 1985, the city conducted an election and a question authorizing the levying of an ad valorem property tax for the purpose of making payments in support of the retirement system received the affirmative votes of at least 60 percent of those voting on that question.

The proceeds of an ad valorem property tax rate levied pursuant to this subdivision shall be used only to pay for the obligations of a retirement system described by this subdivision. The proceeds shall not be used to finance more than 75 percent of the annual obligations of this retirement system. A city shall not levy an ad valorem property tax pursuant to this subdivision after June 30, 2034.

(d) If a jurisdiction imposes a rate in excess of the maximum rate

authorized by subdivision (a), (b), or (c), the amount of property tax allocated to the jurisdiction pursuant to this chapter shall be reduced by one dollar (\$1) for each one dollar (\$1) of property tax revenue attributable to the excess rate. Any property tax revenue that has been subtracted from a jurisdiction's allocation pursuant to this subdivision shall be allocated to elementary, high school, and unified school districts within the jurisdiction's jurisdiction in proportion to the average daily attendance of each district.

(e) This section shall be deemed to be a limit on the maximum property tax rate pursuant to Section 20 of Article XIII of the California Constitution.

96.4. (a) Notwithstanding any other provision of this part or Part 8 (commencing with Section 4651) of Division 1, when all loans, advances, or indebtedness incurred to finance or refinance a redevelopment project subject to a reimbursement agreement validated by Section 33608 of the Health and Safety Code have been paid as provided in subdivision (b) of Section 33670 of the Health and Safety Code, the portion of taxes specified in subdivision (b) of this section that is produced by property within the redevelopment project area and that would otherwise have been allocated and distributed to the city, shall instead be allocated and distributed as follows:

(1) Fifty percent of these tax revenues shall be distributed to the affected school entities specified in Section 95 until the school entities have received the amount, including interest, specified in this subdivision. The amount of taxes allocated under this subdivision shall be equal to the aggregate amount of taxes that would have otherwise been received by the school entities in the years 2006 to 2014, inclusive, but for the reimbursement paid to the city pursuant to the agreement specified in Section 33608 of the Health and Safety Code, plus simple interest on the unpaid balance at an annual rate of 7 percent, accruing from and after January 1, 2006, until payment in full.

(2) The balance of these tax revenues shall be paid to the city, including the remainder of the portion of taxes specified in subdivision (b) available after the distribution made pursuant to paragraph (1).

(b) This section applies to that portion of the property tax revenues from property within the redevelopment project area subject to Section 33608 of the Health and Safety Code that is in excess of the property tax revenues that would be produced by the rate upon which the tax is levied each year by or for the city upon the total sum of the assessed value of the taxable property in the redevelopment project area as shown upon the assessment roll used in connection with the taxation of the property by the city, last equalized prior to the effective date of the ordinance approving the final redevelopment plan for that redevelopment project area.

(c) For purposes of all other allocations of property taxes under this code, the amount allocated to school entities by this section shall

be treated as having been allocated to the city.

(d) The county auditor may assess the city for, and the city shall pay to the county auditor, the actual costs of making the reallocation and payment of property taxes required by this section.

96.5. The difference between the total amount of property tax revenue computed each year using the equalized assessment roll and the sum of the amounts allocated pursuant to subdivision (a) of Section 96.1 shall be known and may be cited as the annual tax increment, and shall be allocated, subject to allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, and modified by any adjustments made pursuant to Section 99 or 99.02, as follows:

(a) For each tax rate area, the auditor shall determine an amount of property tax revenue by multiplying the value of the change in taxable assessed value from the equalized assessment roll for the prior fiscal year to the equalized assessment roll for the current fiscal year by a tax rate of four dollars (\$4) per one hundred dollars (\$100) of assessed value. When computing the change in taxable assessed value between the 1980–81 fiscal year and the 1981–82 fiscal year, the assessed values for the 1980–81 fiscal year shall be multiplied by four. Starting with the 1981–82 fiscal year, the tax rate used in this calculation shall be one dollar (\$1) per one hundred dollars (\$100) of full value.

(b) Each amount determined pursuant to subdivision (a) shall be divided by the total of all those amounts computed for all tax rate areas within the county.

(c) The difference between the total amount of property tax revenue for the county and the sum of the amounts allocated pursuant to subdivisions (a) and (b) of Section 96 or subdivision (a) of Section 96.1 shall be computed.

(d) The amount determined pursuant to subdivision (c) shall be multiplied by the quotients determined pursuant to subdivision (b) to derive, for each tax rate area, the amount of property tax revenue attributable to changes in assessed valuation.

(e) Except as provided in paragraph (4) of subdivision (b) of former Section 97.3, as that section read on January 1, 1994, in the 1984–85 fiscal year only, in subdivision (d) of former Section 97.32, as that section read on January 1, 1994, in the 1985–86 fiscal year only, and in paragraph (4) of subdivision (b) of former Sections 97.35, 97.37, and 97.38 in the 1989–90 fiscal year only, the amount of property tax revenue determined pursuant to subdivision (d) shall be allocated to the jurisdictions in the tax rate area in the same proportion that the total property tax revenue determined pursuant to subdivision (d) for the prior year was allocated to all those jurisdictions in the tax rate area except that those proportions within each tax rate area may be adjusted for affected agencies pursuant to the provisions of Section 99 or 99.02.

(f) Any agency that has not filed a map of its boundaries by January 1, in compliance with Chapter 8 (commencing with Section

54900) of Part 1 of Division 2 of Title 5 of the Government Code, shall not receive any allocation pursuant to this section for the following fiscal year.

(g) For purposes of the calculations made pursuant to this section or its predecessor for the 1993-94 and 1998-99 fiscal years, the amount of property tax revenue allocated to the county, a city, a special district, a school district, community college district, or an Educational Reserve Augmentation Fund in the prior fiscal year shall be that amount as determined pursuant to Section 96.1, as modified or as provided in Article 3 (commencing with Section 97).

96.6. (a) Notwithstanding any other provision of law, for the purposes of this chapter, the apportionment of property tax revenues required by Article 1 (commencing with Section 95) to Article 4 (commencing with Section 98), inclusive, shall not involve the subtraction of the redevelopment increment, calculated pursuant to subdivision (b) of Section 33670 of the Health and Safety Code, from any jurisdiction that is not within the boundaries of a redevelopment project area. Any redevelopment increment that is subtracted from a jurisdiction within a redevelopment project area shall be computed on the basis of the factors or rates which are developed pursuant to Section 96.5. In order to determine each jurisdiction's liability for the redevelopment increment, the factors or rates for tax rate areas that are part of a redevelopment project shall be applied to the current assessed value of the taxable property within the redevelopment project area, less the assessed valuation on the assessment roll last equalized prior to the effective date of the ordinance establishing the redevelopment project. Nothing in this section shall be construed as prohibiting a county from making the allocation and payment of funds as provided for by subdivision (b) of Section 33670 of the Health and Safety Code prior to the apportionment of property tax revenues to any jurisdiction.

(b) It is the intent of the Legislature that subdivision (a) of this section is a declaration and clarification of existing law. Any computation made pursuant to Article 1 (commencing with Section 95) to Article 4 (commencing with Section 98), inclusive, or their predecessors, or pursuant to Section 33670 of the Health and Safety Code prior to the effective date of this section, that is inconsistent with the provisions of subdivision (a), shall be deemed to have complied with the provisions of subdivision (a) only insofar as the computation may affect apportionments for the 1981-82 fiscal year or prior fiscal years.

(c) Commencing with the 1982-83 fiscal year, the provisions of subdivision (a) of this section shall be utilized in the apportionment of property tax revenues.

96.7. In the case of any county taking over the responsibilities of an independent local health special district created pursuant to Chapter 6 (commencing with Section 880) of Part 2 of Division 1 of the Health and Safety Code, as enacted by Chapter 60 of the Statutes of 1939, for purposes of computations pursuant to this chapter, the

amount of state assistance payments with respect to that county shall be increased by five hundred four thousand nine hundred fifty-seven dollars (\$504,957).

96.8. (a) On or before August 1, 1982, and on or before August 1 of each year thereafter, any jurisdiction may request that the amount computed for it pursuant to this chapter be reduced for the current fiscal year by a specified amount. Upon receiving a request as so described, the county auditor shall compute an effective tax rate reduction by dividing the amount of property tax revenue to be reduced by the taxable assessed value on the secured roll of the jurisdiction and multiplying the quotient by 100. The effective tax rate reduction shall be applied to the taxable assessed value on each secured roll tax bill for property within the jurisdiction, and the resulting amount shall be subtracted from the property tax owed by the taxpayer which is attributable to the tax rate provided by subdivision (b) of Section 2237. This subtracted amount shall be shown on each such tax bill with a notation reading: "Tax reduction by (name of jurisdiction)." The same effective tax rate reduction shall be applied in a comparable manner to the taxable assessed value on the next succeeding unsecured roll tax bill for property within the jurisdiction, except that for the 1981-82 fiscal year any such rate reduction used on that year's unsecured roll shall be equal to the 1980-81 rate divided by four.

(b) Notwithstanding any other provision of law, if a school entity acts pursuant to subdivision (a), the state shall not increase school apportionments to that school entity to make up the reduction in property tax revenues.

(c) Effective tax rate reductions made pursuant to this section shall not be taken into account in computing property tax allocations pursuant to this chapter, except that for the 1981-82 fiscal year any rate reduction used on that year's unsecured roll shall be equal to the 1980-81 rate divided by four.

Article 3. Revenue Allocation Shifts for Education

97. (a) Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section, for the 1992-93 fiscal year only, shall be modified as follows:

(1) The amount of property tax revenue deemed allocated to the county or city and county in the prior fiscal year shall be reduced by an amount equal to one dollar and ninety-two cents (\$1.92) per each resident of the county or city and county. In addition, the amount of property tax revenue deemed allocated in the prior fiscal year to each city or city and county shall be reduced by an amount equal to one dollar and sixty-five cents (\$1.65) per each resident of that city or city and county.

(2) The amount of property tax revenues not allocated to the county, city and county, and any city as a result of the reductions

calculated pursuant to paragraph (1) shall be deposited in the Educational Revenue Augmentation Fund pursuant to paragraph (1) of subdivision (d) of Section 97.2.

(b) Notwithstanding any other provision of this chapter, for the 1993-94 fiscal year only, for purposes of the calculations and allocations made by each county pursuant to Section 96.1, the amount of property tax revenue deemed allocated in the prior fiscal year to the Educational Revenue Augmentation Fund shall be reduced by the total amount of the reductions required for each county or city and county and each city or city and county pursuant to paragraph (1) of subdivision (a).

(c) For the purpose of this section, the population of a city, county, or city and county shall be the population determined pursuant to Section 11005.

97.1. (a) Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section, as modified by Section 97.2 or its predecessor section for the 1992-93 fiscal year, shall be modified for the 1993-94 fiscal year as follows:

(1) The amount of property tax revenue deemed allocated to the county or city and county in the prior fiscal year shall be reduced by an amount equal to seventy-eight cents (\$0.78) per each resident of the county or city and county. In addition, the amount of property tax revenue deemed allocated in the prior fiscal year to each city or city and county shall be reduced by an amount equal to ninety-nine cents (\$0.99) per each resident of that city or city and county.

(2) The amount of property tax revenues not allocated to the county, city and county, and any city as a result of the reductions calculated pursuant to paragraph (1) shall be deposited in the Educational Revenue Augmentation Fund established pursuant to paragraph (1) of subdivision (d) of Section 97.2.

(b) For the purpose of this section, the population of a city, county, or city and county shall be the population determined pursuant to Section 11005.

97.2. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section shall be modified for the 1992-93 fiscal year pursuant to subdivisions (a) to (d), inclusive, and for the 1997-98 and 1998-99 fiscal years pursuant to subdivision (e), as follows:

(a) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each county shall be reduced by the dollar amounts indicated as follows, multiplied by .953649:

(2) Notwithstanding paragraph (1), the amount of the reduction specified in that paragraph for any county or city and county that has been materially and substantially impacted as a result of a federally declared disaster, as evidenced by at least 20 percent of the cities, or cities and unincorporated areas of the county representing 20 percent of the population within the county suffering substantial damage, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of five million dollars (\$5,000,000) determined for that county or city and county pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each county and city and county in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each county and city and county as described in subparagraph (A) its share of five million dollars (\$5,000,000) on the basis of that county's population relative to the total population of all counties described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(b) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each city, except for a newly incorporated city that did not receive property tax revenues in the 1991-92 fiscal year, shall be reduced by 9 percent. In making the above computation with respect to cities in Alameda County, the computation for a city described in paragraph (6) of subdivision (a) of Section 100.7, as added by Section 73.5 of Chapter 323 of the Statutes of 1983, shall be adjusted so that the amount multiplied by 9 percent is reduced by the amount determined for that city for "museums" pursuant to paragraph (2) of subdivision (h) of Section 95.

(2) Notwithstanding paragraph (1), the amount of the reduction

determined pursuant to that paragraph for any city that has been materially and substantially impacted as a result of a federally declared disaster, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of fifteen million dollars (\$15,000,000) determined for that city pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each city in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each city as described in subparagraph (A) its share of fifteen million dollars (\$15,000,000) on the basis of that city's population relative to the total population of all cities described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(4) In the 1992-93 fiscal year and each fiscal year thereafter, the auditor shall adjust the computations required pursuant to Article 4 (commencing with Section 98) so that those computations do not result in the restoration of any reduction required pursuant to this section.

(c) (1) Subject to paragraph (2), the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall be reduced by 35 percent. For purposes of this subdivision, "revenues that are pledged to debt service" include only those amounts required to pay debt service costs in the 1991-92 fiscal year on debt instruments issued by a special district for the acquisition of capital assets.

(2) No reduction pursuant to paragraph (1) for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the 1989-90 edition of the State Controller's Report on Financial Transactions Concerning Special Districts (not including any annual revenues from fiscal years following the 1989-90 fiscal year). With respect to any special district, as defined pursuant to subdivision (m) of Section 95, that is allocated property tax revenue pursuant to this chapter but does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, the auditor shall determine the total annual revenues for that special district from the information in the 1989-90 edition of the State Controller's Report on Financial Transactions Concerning Counties. With respect to a special district that did not exist in the 1989-90 fiscal year, the auditor may use information from the first full fiscal year, as appropriate, to

determine the total annual revenues for that special district. No reduction pursuant to paragraph (1) for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(3) The auditor in each county shall, on or before January 15, 1993, and on or before January 30 of each year thereafter, submit information to the Controller concerning the amount of the property tax revenue reduction to each special district within that county as a result of paragraphs (1) and (2). The Controller shall certify that the calculation of the property tax revenue reduction to each special district within that county is accurate and correct, and submit this information to the Director of Finance.

(A) The Director of Finance shall determine whether the total of the amounts of the property tax revenue reductions to special districts, as certified by the Controller, is equal to the amount that would be required to be allocated to school districts and community college districts as a result of a three hundred seventy-five million dollar (\$375,000,000) shift of property tax revenues from special districts for the 1992-93 fiscal year. If, for any year, the total of the amount of the property tax revenue reductions to special districts is less than the amount as described in the preceding sentence, the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall, subject to subparagraph (B), be reduced by an amount up to 5 percent of the amount subject to reduction for that district pursuant to paragraphs (1) and (2).

(B) No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the most recent State Controller's Report on Financial Transactions Concerning Special Districts. No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(C) In no event shall the amount of the property tax revenue loss to a special district derived pursuant to subparagraphs (A) and (B) exceed 40 percent of that district's property tax revenues or 10 percent of that district's total revenues, from whatever source.

(4) For the purpose of determining the total annual revenues of a special district that provides fire protection or fire suppression services, all of the following shall be excluded from the

determination of total annual revenues:

(A) If the district had less than two million dollars (\$2,000,000) in total annual revenues in the 1991-92 fiscal year, the revenue generated by a fire suppression assessment levied pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(B) Any appropriation for fire protection received by a district pursuant to Section 25642 of the Government Code.

(C) The revenue received by a district as a result of contracts entered into pursuant to Section 4133 of the Public Resources Code.

(5) For the purpose of determining the total annual revenues of a resource conservation district, all of the following shall be excluded from the determination of total annual revenues:

(A) Any revenues received by that district from the state for financing the acquisition of land, or the construction or improvement of state projects, and for which that district serves as the fiscal agent in administering those state funds pursuant to an agreement entered into between that district and a state agency.

(B) Any amount received by that district as a private gift or donation.

(C) Any amount received as a county grant or contract as supplemental to, or independent of, that district's property tax share.

(D) Any amount received by that district as a federal or state grant.

(d) (1) The amount of property tax revenues not allocated to the county, cities within the county, and special districts as a result of the reductions calculated pursuant to subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund to be established in each county. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1991-92 fiscal year.

(2) The auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district and county office of education in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district and county office of education. In no event shall any additional money be allocated from the fund to a school district or county office of education upon that school district or county office of education becoming an excess tax school entity.

(3) The auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2).

(5) For purposes of allocations made pursuant to Section 96.1 or its predecessor section for the 1993-94 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than amounts deposited in the Educational Revenue Augmentation Fund pursuant to Section 33681 of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(e) (1) For the 1997-98 fiscal year:

(A) The amount of property tax revenue deemed allocated in the prior fiscal year to any city subject to the reduction specified in paragraph (2) of subdivision (b) shall be reduced by an amount that is equal to the difference between the amount determined for the city pursuant to paragraph (1) of subdivision (b) and the amount of the reduction determined for the city pursuant to paragraph (2) of subdivision (b).

(B) The amount of property tax revenue deemed allocated in the prior fiscal year to any county or city and county subject to the reduction specified in paragraph (2) of subdivision (a) shall be reduced by an amount that is equal to the difference between the amount specified for the county or city and county pursuant to paragraph (1) of subdivision (a) and the amount of the reduction determined for the county or city and county pursuant to paragraph (2) of subdivision (a).

(2) The amount of property tax revenues not allocated to a city or city and county as a result of this subdivision shall be deposited in the Educational Revenue Augmentation Fund described in subparagraph (A) of paragraph (1) of subdivision (d).

(3) For purposes of allocations made pursuant to Section 96.1 for the 1998-99 fiscal year, the amounts allocated from the Educational

Revenue Augmentation Fund pursuant to this subdivision shall be deemed property tax revenues allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(f) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 97.03 of the Revenue and Taxation Code, as added by Senate Bill 617 of the 1991-92 Regular Session.

97.21. For the purpose of determining under Section 97.2 the total annual revenues of a special district that provides fire protection or fire suppression services and had less than two million dollars (\$2,000,000) in total annual revenues in the 1991-92 fiscal year, all of the following shall, in addition to any other revenues otherwise excluded, be excluded from the determination of total annual revenues:

(a) The revenue generated by a special tax levied pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(b) The revenue generated by a special tax levied pursuant to Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code.

(c) The revenue generated by a special tax levied pursuant to Article 16 (commencing with Section 53970) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code.

97.22. For the purposes of paragraph (1) of subdivision (c) of Section 97.2, "multicounty district" includes District 2 of the Alameda Contra Costa Transit District. This section shall be deemed to have become operative July 1, 1992, and the auditor is hereby authorized to adjust the 1993-94 distributions to the Educational Revenue Augmentation Fund accordingly.

97.3. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section, as modified by Section 97.2 or its predecessor section for the 1992-93 fiscal year, shall be modified for the 1993-94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars (\$1,998,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May Revision of the 1993-94 Governor's Budget" shall be determined by

reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991-92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (2) for any county or city and county that has first implemented, for the 1993-94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993-94 fiscal year only, in the amount of any increased revenue allocated to each qualifying school entity that would not have been allocated for the 1993-94 fiscal year but for the implementation of that alternative procedure. For purposes of this paragraph, "qualifying school entity" means any school district, county office of education, or community college district that is not an excess tax school entity as defined in Section 95. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county or city and county shall not exceed the reduction calculated for that county or city and county pursuant to paragraph (2).

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the

following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars (\$288,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993-94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars (\$382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents (\$19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars (\$244,000,000) in the 1993-94 fiscal year.

(2) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(A) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(B) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(C) A transit district.

(D) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(E) A special district that was a multicounty special district as of July 1, 1979.

(3) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993-94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of former Section 98.6 as that section read on June 15, 1993. In those counties that were subject to former Sections 98.65, 98.66, 98.67, and 98.68, as those sections read on that same date, the county auditor shall determine an amount for each special district that represents the current amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993-94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining this amount, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992-93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(4) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989-90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992-93 fiscal year. In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the

district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of former Section 98.6 in the 1992-93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to former Section 98.65, 98.66, 98.67, or 98.68 in that same fiscal year, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the amount determined for that district pursuant to paragraph (3).

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.2. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992-93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue

between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until

all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 96.1 for the 1994-95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

97.31. (a) (1) The Director of Finance may direct the county auditor to reduce the amount of the transfer to the Educational Revenue Augmentation Fund determined pursuant to subdivision (a) of Section 97.3 for any eligible county in accordance with subdivision (b) of this section, and also shall reduce the amount of that transfer for certain counties in accordance with subdivision (c). The total amount of the reductions for all counties that may be authorized pursuant to subdivision (b) shall not exceed two million dollars (\$2,000,000).

(2) For purposes of this section, an "eligible county" is a county with a population of less than 350,000 as reported in the 1990 federal census that had a fire element of the tax bill in 1977-78, that continues to fund some portion of those costs from the county general fund in 1993-94, and that provides these services in the same manner as a special district less than countywide and has so indicated in the Controller's Report on Financial Transactions Concerning Counties.

(b) (1) For each eligible county, the county auditor may submit the following information to the Director of Finance not later than November 1, 1993:

(A) The amount of property tax allocated to the county fire district in the 1977-78 fiscal year.

(B) The amount allocated from the county budget to the county fire district in the 1978-79 fiscal year.

(C) The amount of property tax reduction for the county fire district attributable to the passage of Article XIII A of the California Constitution by the voters in the primary election in June 1978.

(D) The amount of money allocated from the county budget to the county fire district in the 1993-94 fiscal year.

(E) The amount allocated to the county fire district from the Special District Augmentation Fund in the 1992-93 fiscal year.

(2) For each eligible county that submits to the Director of Finance by November 1, 1993, the information described in paragraph (1), the Director of Finance shall make the following calculations:

(A) Multiply the amount of property tax allocated to the county fire district in the 1977-78 fiscal year by the change in the value of the property tax base for the county from the 1977-78 fiscal year to the 1978-79 fiscal year.

(B) Subtract the amount reported pursuant to subparagraph (C) of paragraph (1) from the amount determined pursuant to

subparagraph (A).

(C) Multiply the amount determined pursuant to subparagraph (B) by an amount determined by the Director of Finance to be the change in assessed value for the county from the 1978-79 fiscal year to the 1993-94 fiscal year.

(D) Multiply the amount reported pursuant to subparagraph (E) of paragraph (1) by 1.038.

(E) Add the amount determined pursuant to subparagraph (C) to the amount determined pursuant to subparagraph (D).

(F) Subtract the amount determined pursuant to subparagraph (E) from the amount reported pursuant to subparagraph (D) of paragraph (1).

(3) The Director of Finance shall determine the sum of all the amounts determined pursuant to subparagraph (F) of paragraph (2).

(4) If the sum determined pursuant to paragraph (3) is greater than two million dollars (\$2,000,000), then the Director of Finance shall proportionately reduce the amount for each county so that the total of the amounts for all counties does not exceed two million dollars (\$2,000,000). If the sum determined pursuant to subdivision (e) does not exceed two million dollars (\$2,000,000), then the Director of Finance shall not reduce the amount determined for each county.

(5) The Director of Finance shall by January 15, 1994, notify each county of its reduction in the amount to be transferred to the Educational Revenue Augmentation Fund pursuant to subdivision (a) of Section 97.3. The maximum amount of the reduction that may be authorized pursuant to this subdivision is one-half the amount determined pursuant to subparagraph (F) of paragraph (2).

(c) The amount to be transferred from a county to an Educational Revenue Augmentation Fund pursuant to subdivision (a) of Section 97.3 shall be reduced by one hundred thousand dollars (\$100,000) for the County of Madera and by two hundred thousand dollars (\$200,000) for the County of Tulare.

97.32. Notwithstanding Section 97.3, a special district does not include, for purposes of the reductions required by that section, a memorial district formed pursuant to Article 1 (commencing with Section 1170) of Chapter 1 of Part 2 of Division 6 of the Military and Veteran's Code.

97.33. (a) Notwithstanding any other provision of this chapter, for the 1993-94 fiscal year, the amounts of property tax revenue that are required to be shifted pursuant to Section 97.3 from a city described in the second clause of paragraph (2) of subdivision (h) of Section 95 or a city described in paragraph (2) of subdivision (b) of Section 16700 of the Welfare and Institutions Code, and from the county in which those cities are located, to the Educational Relief Augmentation Fund, shall each be reduced by an amount equal to the sum of the property tax revenue loss incurred by the city or county as a result of the Oakland/Berkeley fire that occurred in

October 1991. The auditor shall certify to the Department of Finance the amount of the property tax revenue loss for each city and the county as a result of those properties that were reassessed as a result of that fire. The property tax revenue loss shall be the difference between the property tax revenues, including property tax revenue attributable to tax rates levied pursuant to subdivision (b) of Section 1 of Article XIII A of the California Constitution, that would have been derived based on the original assessed value of those properties for the 1991-92 fiscal year prior to any reassessment for disaster relief, increased by 2 percent, and the property tax revenues derived from the assessed value of those properties for the 1992-93 fiscal year.

(b) In each of the 1994-95, 1995-96, and 1996-97 fiscal years, for the county and cities described in subdivision (a), one-third of the adjustments made pursuant to subdivision (a) for each described city and the county shall be added to the amount of property tax revenue deemed allocated to each city and the county in the prior fiscal year.

97.34. (a) Notwithstanding any other provision of this chapter, the amount of the revenue reduction resulting from the application of subdivision (c) of Section 97.2 to an amount equal to the amount of the water quality control compliance costs of a qualified special district for the 1992-93 fiscal year shall, for purposes of property tax revenue allocations for the 1993-94 fiscal year, be added to the amount of property tax revenue deemed allocated to that district in the 1992-93 fiscal year. The water quality control compliance costs of a qualified special district for the relevant fiscal year shall also be deducted from the amount of property tax revenue subject to reduction with respect to that district under Section 97.3 for the 1993-94 fiscal year, and under any statute with respect to any subsequent fiscal year that would reduce the amount of property tax revenue deemed allocated in the prior fiscal year to that district for purposes of increasing the amount of property tax revenue to be allocated to another jurisdiction.

(b) For purposes of this section:

(1) A "qualified special district" means any special district that is required to comply with Chapter 12 (commencing with Section 13950) of Division 7 of the Water Code.

(2) "Water quality control compliance costs" mean those costs, including, but not limited to, reserves for nongrowth facility augmentation and replacement and environmental protection, that are determined by the county auditor in accordance with subdivision (a) to have been incurred by a qualified special district in complying with Chapter 12 (commencing with Section 13950) of Division 7 of the Water Code.

(c) The auditor may assess each qualified special district its share of the auditor's actual and reasonable costs of complying with this section. For purposes of this subdivision, each share of costs shall be determined in accordance with that district's proportional share of the total amount of water quality control compliance costs determined by the auditor for purposes of this section for each fiscal

year.

97.35. Notwithstanding Section 97.3, the amount of property tax revenues of a community service district that is subject to reduction pursuant to that section shall not include those property tax revenues, up to the amount of ninety thousand dollars (\$90,000), that are allocated by that district to "police protection and personal safety" activities, as indicated in the 1989-90 edition of the State Controller's Report on the Financial Transactions of Special Districts in California.

97.4. (a) Notwithstanding Section 97.2 or 97.3 or any other provision of this chapter, in implementing the changes in allocations of property tax revenues required by Sections 97, 97.1, 97.2, and 97.3, the county auditor may elect to determine and give effect to the changes in allocations of property tax revenues required by Sections 97, 97.1, 97.2, and 97.3 on a countywide, rather than tax rate area, basis. If the county auditor so elects, he or she shall ensure adequate recognition of year-to-year revenue growth so that the results of changes implemented on a countywide basis do not differ materially from the results which would be obtained from the use of a tax rate area basis.

(b) (1) Notwithstanding any other provision of law, for the 1992-93 fiscal year and each fiscal year thereafter, in any county in which property tax increment revenues are allocated to a redevelopment agency pursuant to Section 33670 of the Health and Safety Code, the county auditor shall deposit in the Educational Revenue Augmentation Fund an amount that is equal to the total amount of revenues that would be so deposited pursuant to Sections 97, 97.1, 97.2, and 97.3 if no reduction were made in that amount of revenues for purposes of allocations to a redevelopment agency pursuant to Section 33670 of the Health and Safety Code. Those revenues deposited in the Educational Revenue Augmentation Fund in accordance with this paragraph shall be allocated or transferred only to school districts, county offices of education, or community college districts, in accordance with subdivision (d) of either Section 97.2 or 97.3.

(2) The deposit of property tax revenue in the Educational Revenue Augmentation Fund in accordance with paragraph (1) shall not reduce or otherwise affect the amount of property tax revenue to be allocated to a redevelopment agency pursuant to subdivision (b) of Section 33670 of the Health and Safety Code, and any additional amount required to be allocated to the Educational Revenue Augmentation Fund pursuant to paragraph (1) shall be deducted from those amounts allocated to the county, cities, and special districts with respect to each tax rate area in which property tax increment revenues are allocated to a redevelopment agency. These reductions shall be made in proportion to the total amount of the reductions required with respect to the county and each city and special district in each of these redevelopment agency tax rate areas under Sections 97, 97.1, 97.2, and 97.3.

(3) This subdivision shall not require the modification of any property tax revenue allocation that was made by the county auditor for the 1992-93 fiscal year in a manner inconsistent with paragraph (1) or (2), if that allocation was implemented on or before June 30, 1993. However, property tax revenue allocations made in the 1993-94 fiscal year and any fiscal year thereafter shall be determined by the county auditor as if the allocations made for the 1992-93 fiscal year had been made in a manner consistent with paragraph (1).

Article 4. Tax Equity Allocations for Certain Cities

98. (a) In each county, other than the County of Ventura, having within its boundaries a qualifying city, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989-90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of "property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year," an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Except as otherwise provided in this section, each qualifying city shall, for the 1989-90 fiscal year and each year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989-90 fiscal year and each year thereafter, allocate the amount determined pursuant to the TEA formula to all tax rate areas within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its predecessor section, the auditor shall, for all tax rate areas in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989-90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall, for the 1989-90 fiscal year and each year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 96.5 or its predecessor section to jurisdictions in the tax rate area using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990-91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to

qualifying cities pursuant to this subdivision shall be deemed to be the “amount of property tax revenue allocated in the prior fiscal year.”

(c) “TEA formula” means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(E) For the fifth fiscal year in which the qualifying city receives a distribution pursuant to this section, 5 percent of the amount determined in paragraph (5).

(F) For the sixth fiscal year in which the qualifying city receives a distribution pursuant to this section, 6 percent of the amount

determined in paragraph (5).

(G) For the seventh fiscal year and each fiscal year thereafter in which the city receives a distribution pursuant to this section, 7 percent of the amount determined in paragraph (5).

(d) "Qualifying city" means any city, except a qualifying city as defined in Section 98.1, that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988-89 fiscal year that is less than 7 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to the city in the 1988-89 fiscal year.

(2) The auditor shall subtract the amount in the 1988-89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue determined in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.07, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.07, the city is not a qualifying city.

(e) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(f) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the sum of the following:

(1) The amount of property tax revenue that was exchanged between the county and the qualifying city as a result of negotiation pursuant to Section 99.03.

(2) The amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special tax, except any tax that was imposed after January 1, 1988. In the case of a tax that existed before January 1, 1988, this paragraph shall apply only with respect to an amount attributable to a reduction of the rate or base to a level lower than the rate or base applicable on January 1, 1988. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the

qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(3) The amount of property tax revenue received pursuant to this chapter in excess of the amount allocated for the 1986–87 fiscal year by all special districts that are governed by the city council of the qualifying city or whose governing body is the same as the city council of the qualifying city with respect to all tax rate areas within the boundaries of the qualifying city. Notwithstanding this paragraph, commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(g) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (e) and (f), would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(h) The amount not distributed to the tax rate areas of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(i) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(j) Notwithstanding any other provision of this section, the auditor shall not distribute any amount determined pursuant to this section to any qualifying city that has in the prior fiscal year used any revenues or issued bonds for the construction, acquisition, or development, of any facility which is defined in Section 103(b)(4), 103(b)(5), or 103(b)(6) of the Internal Revenue Code of 1954 prior to the enactment of the Tax Reform Act of 1986 (P.L. 99-514) and is no longer eligible for tax-exempt financing.

98.01. (a) An independent qualifying city shall receive a distribution of the following percentages of the TEA formula, as computed in subdivision (c) of Section 98, if the amount of that distribution, less the applicable reductions provided for in subdivisions (e), (f), and (g) of Section 98, would be greater than the amount the city would have been allocated without the application of the TEA formula:

(1) Thirty-three and one-third percent of the amount determined in subparagraph (G) of paragraph (6) of subdivision (c) of Section 98, less any applicable reductions provided for in subdivisions (e), (f), and (g) of Section 98, for the first fiscal year in which the independent qualifying city receives an allocation pursuant to this

section.

(2) Sixty-six and two-thirds percent of the amount determined in subparagraph (G) of paragraph (6) of subdivision (c) of Section 98, less any applicable reductions provided for in subdivisions (e), (f), and (g) of Section 98, for the second fiscal year in which the independent qualifying city receives an allocation pursuant to this section.

(3) One hundred percent of the amount determined in subparagraph (G) of paragraph (6) of subdivision (c) of Section 98, less any applicable reductions provided for in subdivisions (e), (f), and (g) of Section 98, for the third fiscal year in which the independent qualifying city receives an allocation pursuant to this section.

The amount not distributed as a result of this subdivision to the tax rate areas in each independent qualifying city, shall be allocated by the auditor to the county. The auditor may assess each independent qualifying city its proportional share of the actual costs of making the calculations required by this subdivision, and may deduct that assessment from the amount allocated pursuant to this subdivision. For purposes of this subdivision, an independent qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a) of Section 98.

(b) "Independent qualifying city" means a qualifying city, as defined in Section 98, in the County of Los Angeles which met the following criteria on January 1, 1988:

(1) Was not served by a special district which received a portion of the 1 percent property tax revenue, and provided any of the following services to the qualified city:

- (A) Emergency medical services.
- (B) Fire prevention services.
- (C) Fire suppression.
- (D) Libraries.
- (E) Parks.
- (F) Recreation services.
- (G) Street lighting.

(2) Did not have redevelopment project areas which receive property tax revenues.

(3) The county general fund received greater than 65 percent of the 1 percent property tax revenues collected from tax rate areas within the qualifying city's boundaries.

98.02. (a) In the County of Ventura, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989-90 fiscal year and each year thereafter, shall be modified as follows:

With respect to tax rate areas, except excluded tax rate areas, within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of "property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year," an amount equal to the sum of the

amounts calculated pursuant to the TEA formula.

(b) (1) Each qualifying city shall, for the 1989–90 fiscal year and each fiscal year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each year thereafter, distribute the amount determined pursuant to the TEA formula to all tax rate areas, except excluded tax rate areas, within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of the property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its predecessor section, the auditor shall, for all tax rate areas, except excluded tax rate areas, in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 98 to jurisdictions in the tax rate area, except an excluded tax rate area, using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to all tax rate areas, except excluded tax rate areas, of qualifying cities pursuant to this subdivision shall be deemed to be the "amount of property tax revenue allocated to those tax rate areas in the prior fiscal year."

(c) "TEA formula" means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas, except excluded tax rate areas, within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the amount of funds allocated in each fiscal year to those tax rate areas, except excluded tax rate areas, within a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) (A) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency

within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(B) Of the total amount determined in subparagraph (A), the auditor shall compute a proportionate amount to be attributed to all tax rate areas, except excluded tax rate areas, within the community redevelopment agency. That proportionate amount shall be equal to that proportion which the amount determined in paragraph (2) in each fiscal year bears to the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in subparagraph (B) of paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year and each fiscal year thereafter in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(d) For purposes of this section, "excluded tax rate area" means either of the following:

(1) Any tax rate area included in territory annexed by the qualifying city and allocated a prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(2) Any tax rate area described in paragraph (1) that was detached from the county library district and that is also allocated an additional prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(e) (1) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas described in subdivision (d) shall remain in force.

(2) All existing agreements between the qualifying city and the

county covering the allocation of property tax revenues to tax rate areas that were detached from the county library district but are not included in territory that was annexed by the qualifying city shall remain in force.

(3) All allocations to those tax rate areas described in subdivision (d), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 96.1 and Section 96.5.

(4) All allocations to those tax rate areas described in paragraph (2), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 96.1 and Section 96.5. However, the tax rate areas referred to in this paragraph shall also be distributed an amount of property tax revenue determined pursuant to the TEA formula that is over and above the amount allocated as provided in the preceding sentence.

(f) "Qualifying city" means any city that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988-89 fiscal year that is less than 4 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to all tax rate areas, except excluded tax rate areas, in the city in the 1988-89 fiscal year.

(2) The auditor shall subtract the amount in the 1988-89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.04, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.04, the city is not a qualifying city.

(g) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(h) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city receives a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying

city by the amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special tax. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(i) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (g) and (h), would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(j) The amount not distributed to tax rate areas, except excluded tax rate areas, of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(k) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(l) Notwithstanding any other provision of this section, commencing with the 1994-95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(m) The amount not distributed as a result of this section to the tax rate areas, except excluded tax rate areas, in each qualifying city shall be allocated by the auditor to the county.

98.03. For purposes of Section 98, the definition of qualifying city contained in subdivision (d) of that section shall not include the City of Foster City.

98.04. Notwithstanding any other provision of law, commencing with the 1989-90 fiscal year and each fiscal year thereafter, in any given year, the amount allocated by the auditor in accordance with Section 98 or its predecessor section for a qualifying city in the County of Santa Clara shall not exceed 55 percent of the amount that otherwise would be allocated pursuant to that section.

98.1. (a) In the County of Orange, the computations made pursuant to Section 96.1 or its predecessor section, for the 1984-85 fiscal year only, shall be modified as follows:

(1) With respect to tax rate areas within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of "property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year," an amount equal to the sum of amounts calculated pursuant to the TEA

formula, as defined in subdivision (c).

(2) The amount excluded pursuant to paragraph (1) shall be subtracted from the allocations of all local agencies other than a qualifying city with tax rate areas within the boundaries of a qualifying city in proportion to each such local agency's share of the total 1983-84 property tax revenues, as defined in subdivision (c) of Section 95, allocated to all those tax rate areas.

(b) (1) Each qualifying city, as defined in subdivision (d), shall for the 1984-85 fiscal year only, be allocated by the auditor an amount determined pursuant to the TEA formula, as defined in subdivision (c).

(2) For each qualifying city, the auditor shall distribute the amount determined pursuant to the TEA formula to all tax rate areas within the city in proportion to each tax rate area's share of the total 1983-84 assessed value in the city.

(3) After making the allocations, pursuant to paragraphs (1) and (2) but before making the calculations pursuant to Section 96.5, the auditor shall, for all tax rate areas in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1 in the 1984-85 fiscal year to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall for the 1984-85 fiscal year only, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 96.5 or its predecessor section to jurisdictions in the tax rate area using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1985-86 fiscal year and fiscal years thereafter, the amounts allocated to qualifying cities pursuant to this subdivision (notwithstanding any deduction made pursuant to subdivision (e)) shall be deemed to be the "amount of property tax revenue allocated pursuant to this chapter in the prior fiscal year."

(c) "TEA formula" shall mean Tax Equity Allocation formula, and shall be calculated by the auditor by applying a tax rate of ten cents (\$.10) per \$100 assessed value to the 1983-84 assessed value of the qualifying city.

(d) "Qualifying city" shall mean any city in the County of Orange that existed but did not levy a property tax in the 1977-78 fiscal year.

(e) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to paragraph (1) of subdivision (a).

Article 5. Jurisdictional Changes and Negotiated Transfers

99. (a) For the purposes of the computations required by this chapter:

(1) In the case of a jurisdictional change, other than a city incorporation or a formation of a district as defined in Section 2215, the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1, or the annual tax increment determined pursuant to Section 96.5, for local agencies whose service area or service responsibility would be altered by the jurisdictional change, as determined pursuant to subdivision (b) or (c).

(2) In the case of a city incorporation, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56842 of the Government Code and the adjustments in tax revenues that may occur pursuant to Section 56845 of the Government Code to the newly formed city or district and shall make the adjustment as determined by Section 56842 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the incorporation.

(3) In the case of a formation of a district as defined in Section 2215, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56842 of the Government Code to the district and shall make the adjustment as determined by Section 56842 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the formation.

(b) Upon the filing of an application or a resolution pursuant to the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code), but prior to the issuance of a certificate of filing, the executive officer shall give notice of the filing to the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change.

(1) (A) The county assessor shall provide to the county auditor, within 30 days of the notice of filing, a report which identifies the assessed valuations for the territory subject to the jurisdictional change and the tax rate area or areas in which the territory exists.

(B) The auditor shall estimate the amount of property tax revenue generated within the territory that is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to each local agency pursuant to Section 96.1 and Section 96.5.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local

agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) that is subject to a negotiated exchange.

(4) Upon receipt of the estimates pursuant to paragraph (3) the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between and among the local agencies. This negotiation period shall not exceed 30 days.

The exchange may be limited to an exchange of property tax revenues from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years.

(5) In the event that a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which the districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues.

(6) Notwithstanding any other provision of law, the executive officer shall not issue a certificate of filing pursuant to Section 56828 of the Government Code until the local agencies included in the property tax revenue exchange negotiation, within the 30-day negotiation period, present resolutions adopted by each such county and city whereby each county and city agrees to accept the exchange of property tax revenues.

(7) In the event that the commission modifies the proposal or its resolution of determination, any local agency whose service area or service responsibility would be altered by the proposed jurisdictional change may request, and the executive officer shall grant, 15 days for the affected agencies, pursuant to paragraph (4) to renegotiate an exchange of property tax revenues. Notwithstanding the time period specified in paragraph (4), if the resolutions required pursuant to paragraph (6) are not presented to the executive officer within the 15-day period, all proceedings of the jurisdictional change shall automatically be terminated.

(8) No later than the date on which the certificate of completion of the jurisdictional change is recorded with the county recorder, the executive officer shall notify the auditor or auditors of the exchange of property tax revenues and the auditor or auditors shall make the appropriate adjustments as provided in subdivision (a).

(c) Whenever a jurisdictional change is not required to be reviewed and approved by a local agency formation commission, the local agencies whose service area or service responsibilities would be altered by the proposed change, shall give notice to the State Board of Equalization and the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or

responsibility will be altered by the jurisdictional change and request the auditor and assessor to make the determinations required pursuant to paragraphs (1) and (2) of subdivision (b). Upon notification by the auditor of the amount of, and allocation factors with respect to, property tax subject to exchange, the local agencies, pursuant to the provisions of paragraphs (4), (5), and (6) of subdivision (b), shall determine the amount of property tax revenues to be exchanged between and among the local agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in these negotiations agrees, by resolution, to accept the negotiated exchange of property tax revenues. The exchange may be limited to an exchange of property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Upon the adoption of the resolutions required pursuant to this section, the adopting agencies shall notify the auditor who shall make the appropriate adjustments as provided in subdivision (a).

(d) With respect to adjustments in the allocation of property taxes pursuant to this section, a county and any local agency or agencies within the county may develop and adopt a master property tax transfer agreement. The agreement may be revised from time to time by the parties subject to the agreement.

(e) Except as otherwise provided in subdivision (f), for the purpose of determining the amount of property tax to be allocated in the 1979-80 fiscal year and each fiscal year thereafter for those local agencies that were affected by a jurisdictional change which was filed with the State Board of Equalization after January 1, 1978, but on or before January 1, 1979. The local agencies shall determine by resolution the amount of property tax revenues to be exchanged between and among the affected agencies and notify the auditor of the determination.

(f) For the purpose of determining the amount of property tax to be allocated in the 1979-80 fiscal year and each fiscal year thereafter, for a city incorporation that was filed pursuant to Sections 54900 to 54904 after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by the jurisdiction for the 1978-79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to the incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978-79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977-78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax

revenue projected for that incorporation, the commission shall by October 10, determine pursuant to Section 54790.3 of the Government Code the amount of property tax to be transferred to the city.

The provisions of this subdivision shall also apply to the allocation of property taxes for the 1980–81 fiscal year and each fiscal year thereafter for incorporations approved by the voters in June 1979.

(g) For the purpose of the computations made pursuant to this section, in the case of a district formation that was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1978, but before January 1, 1979, the amount of property tax to be allocated to the district for the 1979–80 fiscal year and each fiscal year thereafter shall be determined pursuant to Section 54790.3 of the Government Code.

(h) For the purposes of the computations required by this chapter, in the case of a jurisdictional change, other than a change requiring an adjustment by the auditor pursuant to subdivision (a), the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1 or its predecessor section, or the annual tax increment determined pursuant to Section 96.5 or its predecessor section, for each local school district, community college district, or county superintendent of schools whose service area or service responsibility would be altered by the jurisdictional change, as determined as follows:

(1) The governing body of each district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by the change shall determine the amount of property tax revenues to be exchanged between and among the affected jurisdictions. This determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that the affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(i) For purposes of subdivision (h), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall

negotiate the amount, if any, of property tax revenues to be exchanged. In these negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to the annexation for the purposes of paying tuition expenses of residents enrolled in the community college district, adjusted each year by the percentage change in population and the percentage change in the cost of living, or per capita personal income, whichever is lower, less the amount of revenue received by the community college district in the annexed area from the timber yield tax and forest reserve receipts.

(j) At any time after a jurisdictional change is effective, any of the local agencies party to the agreement to exchange property tax revenue may renegotiate the agreement with respect to the current fiscal year or subsequent fiscal years, subject to approval by all local agencies affected by the renegotiation.

99.01. (a) For the purposes of Section 99, in the case of a jurisdictional change that will result in a special district providing one or more services to an area where those services have not been previously provided by any local agency, the following shall apply:

(1) The special district referred to in this subdivision and each local agency that receives an apportionment of property tax revenue from the area shall be considered local agencies whose service area or service responsibility will be altered by the jurisdictional change.

(2) The exchange of property tax among those local agencies shall be limited to property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to those local agencies.

(3) Notwithstanding the provisions of paragraph (5) of subdivision (b) of Section 99, any special district affected by the jurisdictional change may negotiate on its own behalf, if it so chooses.

(4) If a special district involved in the negotiation (other than the district which will provide one or more services to the area where those services have not been previously provided) fails to adopt a resolution providing for the exchange of property tax revenue, the board of supervisors of the county in the area subject to the jurisdictional change is located shall determine the exchange of property tax revenue for that special district.

(b) The provisions of subdivisions (a), (b), (c), (d), and (j) of Section 99 not in conflict with this section shall apply. The jurisdictional changes described in subdivisions (e), (f), (g), (h), and (i) of Section 99 shall not be affected by the provisions of this section.

99.02. (a) For the purposes of the computations required by this chapter for the 1985-86 fiscal year and fiscal years thereafter, in the case of any transfer of property tax revenues between local agencies that is adopted and approved in conformity with subdivisions (b) and (c), the auditor shall adjust the allocation of property tax

revenue determined pursuant to Section 96.1 or its predecessor section, or the annual tax increment determined pursuant to Section 96.5 or its predecessor section, for those local agencies whose allocation would be altered by the transfer.

(b) Commencing with the 1985–86 fiscal year, any local agency may, by the adoption of a resolution of its governing body or governing board, determine to exchange any portion of its property tax revenues which is allocable to one or more tax rate areas within the local agency with one or more other local agencies having the same tax rate area or tax rate areas. Upon the local agency's adoption of the resolution, the local agency shall notify the board of supervisors of the county or the city council of the city within which the exchange of property tax revenues is proposed.

(c) If the board of supervisors or the city council concurs with the proposed exchange of property tax revenue, the board or council shall, by resolution, notify the county auditor of the approved exchange.

(d) Upon receipt of notification from the board of supervisors or the city council, the county auditor shall make the necessary adjustments specified in subdivision (a).

(e) Prior to the adoption or approval by any local agency of a transfer of property tax revenues pursuant to this section, each local agency that will be affected by the proposed transfer shall hold a public hearing to consider the effect of the proposed transfer on fees, charges, assessments, taxes, or other revenues. Notice of the hearing shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within each affected local agency.

(f) No local agency shall reallocate property tax revenue pursuant to this section unless each of the following conditions exists:

(1) The transferring agency determines that revenues are available for this purpose.

(2) The transfer will not result in any increase in the ratio between the amount of revenues of the transferring agency that are generated by regulatory licenses, use charges, user fees, or assessments and used to finance services provided by the transferring agency.

(3) The transfer will not impair the ability of the transferring agency to provide existing services.

(4) The transfer will not result in a reduction of property tax revenues to school entities.

99.03. (a) For the purposes of Section 99, in the case of a jurisdictional change that results in a qualifying city, as defined in Section 98, providing its own fire protection services in accordance with Section 25643 of the Government Code in lieu of the county providing those services, the negotiated exchange of property tax revenues between the county and the qualifying city pursuant to subdivision (c) of Section 99 as a result of that jurisdictional change may also provide for a negotiated adjustment in the amount of

property tax revenue distributed by the auditor to the qualifying city in accordance with Section 98. The negotiated adjustment may be made in any amount that does not exceed the amount of property tax revenue exchanged between the county and the qualifying city.

(b) This section applies only to exchanges of property tax revenue affecting the County of Riverside and qualifying cities within that county.

99.1. (a) For the purposes of the computations required by this chapter for the 1986–87 fiscal year and fiscal years thereafter, in the case of any transfer of property tax revenues between local agencies that is adopted and approved in conformity with subdivisions (b) and (c), the county auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96.1 or its predecessor section, or the annual tax increment determined pursuant to Section 96.5 or its predecessor section, for those local agencies whose allocation would be altered by the transfer.

(b) Commencing with the 1986–87 fiscal year or any fiscal year thereafter, a local agency may, by the adoption of a resolution of its governing board, determine to exchange any portion of its property tax revenues that is allocable to one or more tax rate areas, with one or more other local agencies having the same tax rate area or tax rate areas. Upon the adoption of the resolution, the governing board of the local agency shall notify the board of supervisors of the affected county.

If the transfer of property tax revenues will alter the property tax revenue allocation of a city, the governing board of the local agency shall, upon adoption of the resolution, also notify the affected city.

(c) If the board of supervisors of the affected county concurs with the proposed exchange of property tax revenues, it shall, by resolution, approve the exchange and notify the county auditor. If the property tax allocation of a city would be affected by the exchange, the board shall not notify the county auditor pursuant to this subdivision until the city council of the affected city has, by resolution, approved the proposed exchange of property tax revenues.

(d) Upon receipt of notification from the board of supervisors pursuant to subdivision (c), the county auditor shall make the necessary adjustments specified in subdivision (a).

(e) Prior to the adoption by the governing board of a local agency of a resolution pursuant to subdivision (b), the local agency shall hold a public hearing to consider the effect of the proposed transfer. Notice of the hearing shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within the local agency.

(f) No local agency shall reallocate property tax revenue pursuant to this section unless the transfer will not result in any increase in the ratio between the amount of revenues of the transferring agency that are generated by regulatory licenses, use charges, user fees, or assessments and the amount of revenues of the transferring agency

used to finance services provided by it.

(g) This section applies only to exchanges affecting the Ventura Regional Sanitation District located within the County of Ventura.

99.2. No amendment made by any chapter of the Statutes of 1980, or any year thereafter, to Section 99 of the Revenue and Taxation Code shall be construed, except as expressly provided therein, to apply to a jurisdictional change initiated, pursuant to the applicable provisions of law governing those jurisdictional changes, prior to the effective date of the amendment. The provisions of Section 99 of the Revenue and Taxation Code in effect at the time the jurisdictional change is initiated shall govern the procedures for, and exchange of, property tax revenues between local agencies whose service area or service responsibility would be altered by that jurisdictional change, provided that there shall be no duty to impound any property tax revenues.

Article 6. Miscellaneous Provisions

100. Notwithstanding any other provision of law, commencing with the 1988–89 fiscal year, property tax assessed value attributable to unitary and operating nonunitary property, as defined in Sections 723 and 723.1, that is assessed by the State Board of Equalization shall be allocated by county as provided in Section 756, and the assessed value and revenues attributable to that allocation shall be allocated within each county as follows:

(a) Each county shall establish one countywide tax rate area. The assessed value of all unitary and operating nonunitary property shall be assigned to this tax rate area. No other property shall be assigned to this tax rate area.

(b) Property assigned to the tax rate area created by subdivision (a) shall be taxed at a rate equal to the sum of the following two rates:

(1) A rate determined by dividing the county's total ad valorem tax levies for the secured roll, including levies made pursuant to Section 96.8, for the prior year, exclusive of levies for debt service, by the county's total ad valorem secured roll assessed value for the prior year.

(2) A rate determined as follows:

(A) By dividing the county's total ad valorem tax levies for unitary and operating nonunitary property for the prior year debt service only by the county's total unitary and operating nonunitary assessed value for the prior year.

(B) Beginning with the 1989–90 fiscal year, adjusting the rate determined pursuant to subparagraph (A) by the percentage change between the two preceding fiscal years in the county's ad valorem debt service levy for the secured roll, not including unitary and operating nonunitary debt service.

(c) The property tax revenue derived from the assessed value assigned to the countywide tax rate area pursuant to subdivision (a) by the use of the tax rate determined in paragraph (1) of subdivision

(b) shall be allocated as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, each taxing jurisdiction shall be allocated an amount of property tax revenue equal to 102 percent of the amount of the aggregate property tax revenue it received from all unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service.

(2) If the amount of property tax revenue available for allocation in the current fiscal year is insufficient to make the allocations required by paragraph (1), the amount of revenue to be allocated to each taxing jurisdiction shall be prorated based on a factor determined by dividing the total amount of property tax revenue available to all taxing jurisdictions from unitary and operating nonunitary property in the current year, exclusive of revenue attributable to levies for debt service, by the total amount of property tax revenue received by all taxing jurisdictions from unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service.

(3) If the amount of property tax revenue available for allocation to all taxing jurisdictions in the current fiscal year from unitary and operating nonunitary property, exclusive of revenue attributable to levies for debt service, exceeds 102 percent of the property tax revenue received by all taxing jurisdictions from all unitary and operating nonunitary property in the prior fiscal year, exclusive of revenue attributable to levies for debt service, the amount of revenue in excess of 102 percent shall be allocated to all taxing jurisdictions in the county by a ratio determined by dividing each taxing jurisdiction's share of the county's total ad valorem tax levies for the secured roll for the prior year, exclusive of levies for debt service, by the county's total ad valorem tax levies for the secured roll for the prior year, exclusive of levies for debt service.

(d) The property tax revenue derived from the assessed value assigned to the countywide tax rate area pursuant to subdivision (a) by the use of the tax rate determined in paragraph (2) of subdivision (b) shall be allocated as follows:

(1) An amount shall be computed for each taxing jurisdiction and shall be determined by multiplying the amounts required in the current year pursuant to subdivisions (a) and (c) of Section 93 by that percentage that shall be determined by dividing the amount of property tax revenue the jurisdiction received in the prior year from unitary property and operating nonunitary property by the total amount of property tax revenue the jurisdiction received in the prior year from all property.

(2) The amount of property tax revenue available for allocation pursuant to this subdivision shall be allocated among taxing jurisdictions in the proportion that the amount computed for each taxing jurisdiction pursuant to paragraph (1) bears to the total amount computed pursuant to paragraph (1) for all taxing jurisdictions.

(3) If a taxing jurisdiction is levying a tax rate for debt service for the first time in the current fiscal year, for purposes of determining the percentage specified in paragraph (1), that percentage shall be the percentage determined by dividing the amount of property tax revenue received by that taxing jurisdiction in the prior year pursuant to subdivision (c) from unitary and operating nonunitary property by the total amount of property tax revenue received by that taxing jurisdiction in the prior year from all property within the taxing jurisdiction.

(e) For purposes of this section:

(1) "The county's total ad valorem tax levies for the secured roll" means all ad valorem tax levies for the county's secured roll, including the general tax levy, levies for debt service (including land only and land and improvement rates), and levies for redevelopment agencies.

(2) "The county's total ad valorem secured roll" means the county's local roll, after all exemptions except the homeowner's exemption, and the county's utility roll.

(3) "Taxing jurisdiction" includes a redevelopment agency.

(f) The assessed value of the unitary and operating nonunitary property shall be kept separate for each state assessee throughout the allocation process.

(g) Each state assessee shall be issued only one tax bill for all unitary and operating nonunitary property within the county.

(h) This section does not apply to unitary property of regulated railway companies.

(i) This section does not apply to property that on July 1, 1987, was undeveloped and owned by a utility and located within a city, county, or city and county that adopts a resolution stating that the property is subject to a development plan or agreement and that this section shall not apply to that property, and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the State Board of Equalization and the county's auditor-controller prior to January 1, 1988.

(j) (1) For property that on July 1, 1990, was undeveloped and owned by a utility and that is located within a city, county, or city and county that adopts a resolution stating that the property is subject to a development plan or agreement and that this subdivision applies to that property, and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the county auditor prior to August 1, 1991, the allocation of property tax revenues derived with respect to that property pursuant to Sections 96.1, 96.2, 97.31, 98, 98.01, and 98.04, shall be subject to the allocation required by paragraph (2).

(2) The county auditor shall annually allocate to a city, county, or city and county, that has adopted and transmitted a resolution pursuant to paragraph (1), the amount of property tax revenues derived with respect to the property described in paragraph (1) that would be allocated to that city, county, or city and county if that

property were subject to assessment by the county assessor. In order to provide the allocations required by this paragraph, the county auditor shall make any necessary pro rata reductions in allocations to local agencies other than that city, county, or city and county adopting and transmitting a resolution pursuant to paragraph (1), of property tax revenues derived with respect to the property described in paragraph (1).

(k) (1) For property subject to this section that is owned by a utility that serves no more than two counties and is located within a city, county, or city and county that adopts a resolution stating that the property is subject to a development plan or agreement for new construction and the city, county, or city and county transmits a copy of that resolution, including a legal description of the property, to the State Board of Equalization and the county auditor prior to January 1, 1995, the allocation of property tax revenues derived with respect to that property pursuant to Sections 96.1, 97.31, 98, 98.01, and 98.04, shall be subject to the requirements of paragraph (2) until December 31, 2004.

(2) If the city, county, or city and county has adopted and transmitted a resolution pursuant to paragraph (1), the county auditor shall annually allocate the property tax revenue attributable to the new construction described in the development plan or agreement, as if that new construction were subject to assessment by the county assessor, according to the following formula:

(A) An amount of property tax revenue to school entities, as defined in subdivision (f) of Section 95, equivalent to the same percentage the school entities received in the prior fiscal year of the property tax revenues paid by the utility in the county in which the property described in paragraph (1) is located.

(B) An amount of property tax revenue to the county in which the property is located equivalent to the same percentage the county received in the prior fiscal year of the property tax revenues paid by the utility in the county in which the property described in paragraph (1) is located. The county shall distribute those property tax revenues to the county general fund, the county library district, the county flood control district, the county sanitation districts, and the county service areas.

(C) The property tax revenue remaining after the allocations described in subparagraphs (A) and (B) are made shall be distributed to the city in which the property described in paragraph (1) is located.

(3) In order to provide the allocations required by paragraph (2), the county auditor shall make any necessary pro rata reductions in allocations of property taxes attributable to the property specified in paragraph (1) to jurisdictions other than those receiving an allocation under paragraph (2).

(4) The allocation required by this subdivision shall not apply to property tax revenues allocated on or after December 31, 2004.

100.1. Notwithstanding any other provision of law, commencing

with the 1988–89 fiscal year, property tax assessed value attributable to unitary property, as defined in Section 723, of a regulated railway company that is assessed by the State Board of Equalization, shall be allocated to tax rate areas as follows:

(a) Each tax rate area shall receive an amount of assessed value equal to the amount of assessed value received in the prior fiscal year adjusted for changes in track mileage unless the total amount of assessed value to be allocated is insufficient, in which case, each tax rate area shall receive a pro rata share of the amount it received in the prior fiscal year adjusted for changes in track mileage.

(b) If the total amount of assessed value to be allocated is greater than the amount of assessed value allocated in the prior fiscal year adjusted for changes in track mileage, each tax rate area shall receive a pro rata share of the amount in excess of the prior year's assessed value of the regulated railway company adjusted for track mileage.

(c) If a tax rate area is divided, the prior fiscal year amount of assessed value of the unitary property of the regulated railway company shall be divided among the resulting tax rate areas in the same proportion that the track mileage on unitary property is divided among the resulting tax rate areas.

(d) The assessed value allocated to each tax rate area under subdivision (a), (b), or (c) shall be further allocated between land, improvements, and personal property in the same proportion as existed for each regulated railway company statewide in the 1987–88 assessment year.

(e) For purposes of this section:

(1) "The amount of assessed value received in the prior fiscal year adjusted for changes in track mileage" means the prior year's amount of assessed value in each tax rate area after it has been adjusted upward or downward in direct proportion to the change in the amount of track mileage on unitary property in the current year over the prior year.

(2) "Track mileage" means the number of miles of track adjusted to reflect the relative importance of mainline, branch, and other track.

100.2. Supplemental property tax revenues for 1985–86 and each year thereafter, generated by Sections 75 to 75.80, inclusive, shall be apportioned using the property tax apportionment factors for the current year.

100.3. Notwithstanding any other provision of this chapter, in the County of Santa Cruz, the auditor shall, for the 1993–94 fiscal year only, deposit those property tax revenues that would otherwise be allocated to enterprise special districts in a Supplemental Allocation Fund. The county board of supervisors shall allocate moneys in the fund for the 1993–94 fiscal year only to either enterprise special districts or the County Library Fund.

SEC. 4. Section 10 of Chapter 155 of the Statutes of 1994 is amended to read:

Sec. 10. It is the intent of the Legislature that the amendments

to Section 97.2 of the Revenue and Taxation Code or its predecessor section, made by Section 4 of this act, change the calculation of property tax revenue allocations for the 1992-93 fiscal year as if Chapter 1279 of the Statutes of 1993 had not been enacted.

SEC. 5. Section 11 of Chapter 155 of the Statutes of 1994 is amended to read:

Sec. 11. It is the intent of the Legislature in enacting subdivision (c) of Section 97.3 of the Revenue and Taxation Code or its predecessor section to transfer from a special district to the Educational Revenue Augmentation Fund, for the 1993-94 fiscal year, a total amount of property tax revenue not to exceed that amount of property tax revenue attributable to the amount of state assistance payments received by that special district pursuant to Chapter 282 of the Statutes of 1979, as reduced by transfers required by Section 97.2 of the Revenue and Taxation Code or its predecessor section.

SEC. 6. Section 95.3 is added to Article 1 (commencing with Section 95) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

95.3. (a) Notwithstanding any other provision of law, for the 1990-91 fiscal year and each fiscal year thereafter, the auditor shall divide the sum of the amounts calculated with respect to each jurisdiction or community redevelopment agency pursuant to Sections 96.1 and 100, or their predecessor sections, and Section 33670 of the Health and Safety Code, by the countywide total of those calculated amounts. The resulting ratio shall be known as the "administrative cost apportionment factor" and shall be multiplied by the sum of the property tax administrative costs incurred in the immediately preceding fiscal year by the assessor, tax collector, and auditor to determine the fiscal year property tax administrative costs proportionately attributable to each jurisdiction or community redevelopment agency. For purposes of this paragraph, property tax administrative costs shall also include applicable administrative overhead costs allowed by the federal Office of Management and Budget Circular A-87 standards, but shall not include any amount reimbursed pursuant to Section 75.60 and former Section 98.6, or include any amount in excess of the amounts reimbursable pursuant to Section 75.60, unless a county meets the conditions of paragraph (2) of subdivision (b) of Section 75.60. However, no amount of funds appropriated to counties for purposes of property tax administration in Item 9100-102-001 of the Budget Act of 1994 or any subsequent Budget Act shall result in any deduction from those property tax administrative costs that are eligible for reimbursement pursuant to this subdivision.

(b) Each proportionate share of property tax administrative costs determined pursuant to subdivision (a), except for those proportionate shares determined with respect to a school entity, shall be deducted from the property tax revenue allocation of the relevant jurisdiction or community redevelopment agency, and shall be

added to the property tax revenue allocation of the county. For purposes of applying this paragraph for the 1990-91 fiscal year, each proportionate share of property tax administrative costs shall be deducted from those amounts allocated to the relevant jurisdiction or community redevelopment agency after January 1, 1991.

(c) Reductions made pursuant to this section to property tax revenue allocations shall be made without regard to Section 907 of the Government Code.

(d) Any additional amounts of property tax revenue allocated to the county pursuant to this subdivision shall be used only to fund costs incurred by the county in assessing and collecting property taxes, and in allocating property tax revenues, and shall constitute charges for those services, not exceeding the actual and reasonable costs incurred by the county in performing those services.

(e) It is the intent of the Legislature in enacting this section to recognize that since the adoption of Article XIII A of the California Constitution by the voters, county governments have borne an unfair and disproportionate part of the financial burden of assessing, collecting, and allocating property tax revenues for other jurisdictions and for redevelopment agencies. The Legislature finds and declares that this subdivision is intended to fairly apportion the burden of collecting property tax revenues and is not a reallocation of property tax revenue shares or a transfer of any financial or program responsibility.

(f) Commencing with the 1992-93 fiscal year and each fiscal year thereafter, this section shall supersede and replace Section 95.2, as authority for a county to recover property tax administrative costs.

(g) This section shall apply to the entire 1993-94 fiscal year, regardless of the operative date of the act adding the predecessor to this section, and to each fiscal year thereafter.

SEC. 7. Section 97.2 is added to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

97.2. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section shall be modified for the 1992-93 fiscal year pursuant to subdivisions (a) to (d), inclusive, and for the 1997-98 and 1998-99 fiscal years pursuant to subdivision (e), as follows:

(a) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each county shall be reduced by the dollar amounts indicated as follows, multiplied by .953649:

(2) Notwithstanding paragraph (1), the amount of the reduction specified in that paragraph for any county or city and county that has been materially and substantially impacted as a result of a federally declared disaster, as evidenced by at least 20 percent of the cities, or cities and unincorporated areas of the county representing 20 percent of the population within the county suffering substantial damage, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of five million dollars (\$5,000,000) determined for that county or city and county pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each county and city and county in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each county and city and county as described in subparagraph (A) its share of five million dollars (\$5,000,000) on the basis of that county's population relative to the total population of all counties described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(b) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each city, except for a newly incorporated city that did not receive property tax revenues in the 1991-92 fiscal year, shall be reduced by 9 percent. In making the above computation with respect to cities in Alameda County, the computation for a city described in paragraph (6) of subdivision (a) of Section 100.7, as added by Section 73.5 of Chapter 323 of the Statutes of 1983, shall be adjusted so that the amount multiplied by 9 percent is reduced by the amount determined for that city for "museums" pursuant to paragraph (2) of subdivision (h) of Section 95.

(2) Notwithstanding paragraph (1), the amount of the reduction

determined pursuant to that paragraph for any city that has been materially and substantially impacted as a result of a federally declared disaster, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of fifteen million dollars (\$15,000,000) determined for that city pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each city in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each city as described in subparagraph (A) its share of fifteen million dollars (\$15,000,000) on the basis of that city's population relative to the total population of all cities described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(4) In the 1992-93 fiscal year and each fiscal year thereafter, the auditor shall adjust the computations required pursuant to Article 4 (commencing with Section 98) so that those computations do not result in the restoration of any reduction required pursuant to this section.

(c) (1) Subject to paragraph (2), the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall be reduced by 35 percent. For purposes of this subdivision, "revenues that are pledged to debt service" include only those amounts required to pay debt service costs in the 1991-92 fiscal year on debt instruments issued by a special district for the acquisition of capital assets.

(2) No reduction pursuant to paragraph (1) for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the 1989-90 edition of the State Controller's Report on Financial Transactions Concerning Special Districts (not including any annual revenues from fiscal years following the 1989-90 fiscal year). With respect to any special district, as defined pursuant to subdivision (m) of Section 95, that is allocated property tax revenue pursuant to this chapter but does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, the auditor shall determine the total annual revenues for that special district from the information in the 1989-90 edition of the State Controller's Report on Financial Transactions Concerning Counties. With respect to a special district that did not exist in the 1989-90 fiscal year, the auditor may use information from the first full fiscal year, as appropriate, to

determine the total annual revenues for that special district. No reduction pursuant to paragraph (1) for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(3) The auditor in each county shall, on or before January 15, 1993, and on or before January 30 of each year thereafter, submit information to the Controller concerning the amount of the property tax revenue reduction to each special district within that county as a result of paragraphs (1) and (2). The Controller shall certify that the calculation of the property tax revenue reduction to each special district within that county is accurate and correct, and submit this information to the Director of Finance.

(A) The Director of Finance shall determine whether the total of the amounts of the property tax revenue reductions to special districts, as certified by the Controller, is equal to the amount that would be required to be allocated to school districts and community college districts as a result of a three hundred seventy-five million dollar (\$375,000,000) shift of property tax revenues from special districts for the 1992-93 fiscal year. If, for any year, the total of the amount of the property tax revenue reductions to special districts is less than the amount as described in the preceding sentence, the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall, subject to subparagraph (B), be reduced by an amount up to 5 percent of the amount subject to reduction for that district pursuant to paragraphs (1) and (2).

(B) No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the most recent State Controller's Report on Financial Transactions Concerning Special Districts. No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(C) In no event shall the amount of the property tax revenue loss to a special district derived pursuant to subparagraphs (A) and (B) exceed 40 percent of that district's property tax revenues or 10 percent of that district's total revenues, from whatever source.

(4) For the purpose of determining the total annual revenues of a special district that provides fire protection or fire suppression services, all of the following shall be excluded from the

determination of total annual revenues:

(A) If the district had less than two million dollars (\$2,000,000) in total annual revenues in the 1991-92 fiscal year, the revenue generated by a fire suppression assessment levied pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(B) Any appropriation for fire protection received by a district pursuant to Section 25642 of the Government Code.

(C) The revenue received by a district as a result of contracts entered into pursuant to Section 4133 of the Public Resources Code.

(5) For the purpose of determining the total annual revenues of a resource conservation district, all of the following shall be excluded from the determination of total annual revenues:

(A) Any revenues received by that district from the state for financing the acquisition of land, or the construction or improvement of state projects, and for which that district serves as the fiscal agent in administering those state funds pursuant to an agreement entered into between that district and a state agency.

(B) Any amount received by that district as a private gift or donation.

(C) Any amount received as a county grant or contract as supplemental to, or independent of, that district's property tax share.

(D) Any amount received by that district as a federal or state grant.

(6) For purposes of determining the total annual revenues of the Sunrise Recreation and Park District in the County of Sacramento, there shall be excluded any one-time revenues received by that district during the 1989-90 fiscal year for the purposes of park development and land acquisition.

(d) (1) The amount of property tax revenues not allocated to the county, cities within the county, and special districts as a result of the reductions calculated pursuant to subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund to be established in each county. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1991-92 fiscal year.

(2) The auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district and county office of education in inverse proportion to the amounts of

property tax revenue per average daily attendance in each school district and county office of education. In no event shall any additional money be allocated from the fund to a school district or county office of education upon that school district or county office of education becoming an excess tax school entity.

(3) The auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2).

(5) For purposes of allocations made pursuant to Section 96.1 or its predecessor section for the 1993-94 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than amounts deposited in the Educational Revenue Augmentation Fund pursuant to Section 33681 of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(e) (1) For the 1997-98 fiscal year:

(A) The amount of property tax revenue deemed allocated in the prior fiscal year to any city subject to the reduction specified in paragraph (2) of subdivision (b) shall be reduced by an amount that is equal to the difference between the amount determined for the city pursuant to paragraph (1) of subdivision (b) and the amount of the reduction determined for the city pursuant to paragraph (2) of subdivision (b).

(B) The amount of property tax revenue deemed allocated in the prior fiscal year to any county or city and county subject to the reduction specified in paragraph (2) of subdivision (a) shall be reduced by an amount that is equal to the difference between the amount specified for the county or city and county pursuant to paragraph (1) of subdivision (a) and the amount of the reduction determined for the county or city and county pursuant to paragraph (2) of subdivision (a).

(2) The amount of property tax revenues not allocated to a city

or city and county as a result of this subdivision shall be deposited in the Educational Revenue Augmentation Fund described in subparagraph (A) of paragraph (1) of subdivision (d).

(3) For purposes of allocations made pursuant to Section 96.1 for the 1998-99 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision shall be deemed property tax revenues allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(f) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 97.03 of the Revenue and Taxation Code, as added by Senate Bill 617 of the 1991-92 Regular Session.

SEC. 8. Section 97.3 is added to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

97.3. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section, as modified by Section 97.2 or its predecessor section for the 1992-93 fiscal year, shall be modified for the 1993-94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars (\$1,998,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May Revision of the 1993-94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991-92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred

ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (2) for any county or city and county that has first implemented, for the 1993-94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993-94 fiscal year only, in the amount of any increased revenue allocated to each qualifying school entity that would not have been allocated for the 1993-94 fiscal year but for the implementation of that alternative procedure. For purposes of this paragraph, "qualifying school entity" means any school district, county office of education, or community college district that is not an excess tax school entity as defined in Section 95.1. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county or city and county shall not exceed the reduction calculated for that county or city and county pursuant to paragraph (2).

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars (\$288,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993-94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars (\$382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents (\$19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars (\$244,000,000) in the 1993-94 fiscal year.

(2) (A) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(i) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(ii) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(iii) A transit district.

(iv) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(v) A special district that was a multicounty special district as of July 1, 1979.

(B) Notwithstanding any other provision of this subdivision, the first one hundred four thousand dollars (\$104,000) of the amount of any reduction that otherwise would be made under this subdivision with respect to a qualifying community services district shall be excluded. For purposes of this subparagraph, a "qualifying community services district" means a community service district that meets all of the following requirements:

(i) Was formed pursuant to Division 3 (commencing with Section

61000) of Title 6 of the Government Code.

(ii) Succeeded to the duties and properties of a police protection district upon the dissolution of that district.

(iii) Currently provides police protection services to substantially the same territory as did that district.

(iv) Is located within a county in which the board of supervisors has requested the Department of Finance that this subparagraph be operative in the county.

(3) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993-94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of former Section 98.6 as that section read on June 15, 1993. In those counties that were subject to former Sections 98.65, 98.66, 98.67, and 98.68, as those sections read on that same date, the county auditor shall determine an amount for each special district that represents the current amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993-94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining this amount, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992-93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(4) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989-90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992-93 fiscal year. In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that

is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of former Section 98.6 in the 1992-93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to former Section 98.65, 98.66, 98.67, or 98.68 in that same fiscal year, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the amount determined for that district pursuant to paragraph (3).

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.2. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992-93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school

district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund

moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 96.1 for the 1994-95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 8.3. Section 97.3 is added to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

97.3. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section, as modified by Section 97.2 or its predecessor section for the 1992-93 fiscal year, shall be modified for the 1993-94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars (\$1,998,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May Revision of the 1993-94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991-92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for

counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (2) for any county or city and county that has first implemented, for the 1993-94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993-94 fiscal year only, in the amount of any increased revenue allocated to each qualifying school entity that would not have been allocated for the 1993-94 fiscal year but for the implementation of that alternative procedure. For purposes of this paragraph, "qualifying school entity" means any school district, county office of education, or community college district that is not an excess tax school entity as defined in Section 95.1. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county or city and county shall not exceed the reduction calculated for that county or city and county pursuant to paragraph (2).

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars (\$288,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993-94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined

pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars (\$382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents (\$19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars (\$244,000,000) in the 1993-94 fiscal year.

(2) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(A) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(B) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(C) A transit district.

(D) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(E) A special district that was a multicounty special district as of July 1, 1979.

(3) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993-94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of former Section 98.6 as that section read on June 15, 1993. In those counties that were subject to former Sections 98.66, 98.67, and 98.68, as those sections read on that same date, the county auditor shall determine an amount for each special district that

represents the current amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993-94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining these amounts, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992-93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(B) Notwithstanding subparagraph (A), commencing with the 1994-95 fiscal year, in the County of Sacramento, the auditor shall determine the amount for each special district that represents the current amount of its allocations determined pursuant to Section 96, 96.1, 96.5, or 100.6 for the 1994-95 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979.

(4) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989-90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992-93 fiscal year. In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of former Section 98.6 in the 1992-93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to former Section 98.65, 98.66, 98.67, or 98.68 in that same fiscal year, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the amount determined for that district

pursuant to paragraph (3).

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.2. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992-93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent

of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 96.1 for the 1994-95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the

Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 8.5. Section 97.3 is added to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

97.3. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section, as modified by Section 97.2 or its predecessor section for the 1992-93 fiscal year, shall be modified for the 1993-94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars (\$1,998,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the "May Revision of the 1993-94 Governor's Budget" shall be determined by reference to the document entitled "Estimated County Property Tax Transfers Under Governor's May Revision Proposal," published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991-92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (B) to the one billion nine hundred ninety-eight million dollar (\$1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the

amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (2) for any county or city and county that has first implemented, for the 1993-94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993-94 fiscal year only, in the amount of any increased revenue allocated to each qualifying school entity that would not have been allocated for the 1993-94 fiscal year but for the implementation of that alternative procedure. For purposes of this paragraph, "qualifying school entity" means any school district, county office of education, or community college district that is not an excess tax school entity as defined in Section 95.1. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county or city and county shall not exceed the reduction calculated for that county or city and county pursuant to paragraph (2).

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars (\$288,000,000) in the 1993-94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993-94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars (\$382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents (\$19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax

revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars (\$244,000,000) in the 1993-94 fiscal year.

(2) (A) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(i) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(ii) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(iii) A transit district.

(iv) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(v) A special district that was a multicounty special district as of July 1, 1979.

(B) Notwithstanding any other provision of this subdivision, the first one hundred four thousand dollars (\$104,000) of the amount of any reduction that otherwise would be made under this subdivision with respect to a qualifying community services district shall be excluded. For purposes of this subparagraph, a "qualifying community services district" means a community service district that meets all of the following requirements:

(i) Was formed pursuant to Division 3 (commencing with Section 61000) of Title 6 of the Government Code.

(ii) Succeeded to the duties and properties of a police protection district upon the dissolution of that district.

(iii) Currently provides police protection services to substantially the same territory as did that district.

(iv) Is located within a county in which the board of supervisors has requested the Department of Finance that this subparagraph be operative in the county.

(3) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Section 96 or 96.1, and

Section 96.5 or their predecessor sections for the 1993–94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of former Section 98.6 as that section read on June 15, 1993. In those counties that were subject to former Sections 98.66, 98.67, and 98.68, as those sections read on that same date, the county auditor shall determine an amount for each special district that represents the current amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993–94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In that county subject to Section 100.4, the county auditor shall determine an amount for each special district that represents the current amount of its allocations determined pursuant to Section 96, 96.1, 96.5, or 100.4 or their predecessor sections for the 1993–94 fiscal year that is attributable to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining these amounts, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992–93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(B) Notwithstanding subparagraph (A), commencing with the 1994–95 fiscal year, in the County of Sacramento, the auditor shall determine the amount for each special district that represents the current amount of its allocations determined pursuant to Section 96, 96.1, 96.5, or 100.6 for the 1994–95 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979.

(4) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989–90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of "Fire Protection," that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992–93 fiscal year. In the case of a special district, other than a special district governed by the county board of supervisors or whose

governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of former Section 98.6 in the 1992-93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to former Section 98.65, 98.66, 98.67, or 98.68 in that same fiscal year, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the amount determined for that district pursuant to paragraph (3).

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.2. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992-93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of

property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax

revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(5) For purposes of allocations made pursuant to Section 96.1 for the 1994–95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 9. Section 97.36 is added to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

97.36. Notwithstanding any other provision of this chapter, for the 1994–95 fiscal year, the amount of the revenue allocation reduction with respect to a qualified county that is attributable to the reduction determined for that county for the 1993–94 fiscal year pursuant to paragraph (1) of subdivision (a) of Section 97.3 or its predecessor section shall be reduced by the amount of any increased revenues, allocated in the 1994–95 fiscal year in that county to a “qualifying school entity” as defined in paragraph (5) of subdivision (a) of Section 97.3 or its predecessor section, that would not have been so allocated but for that county being a qualified county. For purposes of this section, a “qualified county” means a county or city or county that has first implemented for the 1994–95 fiscal year the alternative procedure for the distribution of property tax levies that is authorized by Chapter 2 (commencing with Section 4701) of Part 8.

SEC. 10. Section 97.37 is added to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

97.37. Notwithstanding any other provision of this chapter, for the 1994–95 fiscal year and each fiscal year thereafter, the amount of property tax revenue deemed allocated in the prior fiscal year to a county free library, or a library established as an independent special district, shall not be reduced for purposes of increasing the amount of property tax revenue to be allocated to another jurisdiction.

SEC. 11. Section 97.38 is added to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

97.38. Notwithstanding any contrary provision in paragraph (4) of subdivision (d) of Section 97.3 and for the County of Marin only, commencing with the 1993–94 fiscal year, if, after making the allocations pursuant to paragraph (2) as required by paragraph (4), the auditor determines that each community college district located entirely within that county is an excess school tax entity as defined in subdivision (n) of Section 95, the auditor shall then apply any

remaining funds to reduce the amounts of those reductions calculated pursuant to this section with respect to the county, cities, and special districts in proportion to the amount of the reduction otherwise calculated under this section for each of those agencies.

SEC. 12. Section 97.39 is added to Article 3 (commencing with Section 97) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

97.39. (a) (1) Notwithstanding any other provision of this chapter, the amounts of the reductions determined for the Counties of Butte, Del Norte, Humboldt, Lassen, Mendocino, Merced, and Siskiyou for the 1993–94 fiscal year pursuant to subdivision (a) of Section 97.3 or its predecessor section shall be reduced by the amounts listed in the following schedule:

County	Amount
Butte	\$2,230,405
Del Norte	131,406
Humboldt	2,064,866
Lassen	381,679
Mendocino.....	1,841,576
Merced	5,946,882
Siskiyou	871,668

(2) Any reduction, resulting from the implementation of paragraph (1), in an amount of revenues deposited in an Educational Revenue Augmentation Fund, shall be applied exclusively to reduce the amount of revenues allocated from that fund to school districts and county offices of education, and shall in no event be applied to reduce the amount of revenues allocated from that fund to community college districts.

(b) The total amounts of property tax revenues that are allocated to jurisdictions for the 1993–94 fiscal year, with the modifications required by subdivision (a), shall be deemed, for purposes of property tax revenue allocations to those jurisdictions for the 1994–95 fiscal year, to be the total amounts of property tax revenues allocated to those jurisdictions in the prior fiscal year.

SEC. 13. Section 100.3 is added to Article 6 (commencing with Section 100) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code, to read:

The county board of supervisors shall, for the 1994-95 fiscal year and each fiscal year thereafter, allocate the moneys in that fund to either enterprise special districts or those community services districts or county service areas that are engaged in police protection activities as reported to the Controller for inclusion in the 1989-90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of "Police Protection and Public Safety."

(b) The amount deposited in a Supplemental Allocation Fund pursuant to subdivision (a) shall not exceed two million two hundred thousand dollars (\$2,200,000) for the 1994-95 fiscal year, or that amount as adjusted for inflation for each subsequent fiscal year. The inflation factor to be applied in adjusting that amount for each subsequent fiscal year shall be the inflation factor adjustment as determined during that fiscal year by the Franchise Tax Board in accordance with paragraph (2) of subdivision (h) of Section 17041. The board of supervisors may allocate moneys in the fund only for the 1994-95 and 1995-96 fiscal years, to either the enterprise special districts to whom those moneys would otherwise be allocated or to an extended police protection services area established under Chapter 2.2 (commencing with Section 25210.1) of

(f) Notwithstanding any other provision of law, this section shall not be operative in the 1993-94 fiscal year.

For the purposes of this chapter, "affected taxing entity" means any governmental taxing agency that levied a property tax on all or any portion of the property located in the proposed project area in the fiscal year prior to submission of the plan to the committee. SEC. 2. Article 6 (commencing with Section 33492.90) is added to Chapter 4.5 of Part 1 of Division 24 of the Health and Safety Code, to read:

Article 6. Mare Island Redevelopment Project Area

33492.90. With the enactment of this article, it is the intent of the Legislature to provide for precise and specific means to mitigate the very serious economic effects of the closure of the Mare Island Naval Shipyard on the City of Vallejo and surrounding communities by enabling the City of Vallejo to facilitate the planning and implementation of the reuse and redevelopment of the lands comprising Mare Island Naval Shipyard and surrounding areas, in accordance with the city's land use plans and facilities financing plans, through the redevelopment process and prior to the disposition of lands by the federal government to public entities and private parties.

33492.91. (a) (1) The redevelopment plan for the Mare Island Redevelopment Project Area need not include either of the following:

33492.92. (a) This section shall apply to a redevelopment project area that is adopted pursuant to this article and the territory of which includes the Mare Island Naval Shipyard.

(b) Notwithstanding any other provision of law, the redevelopment agency shall make payments to affected taxing entities required by subdivision (a) of Section 33607.5, except that each of the time periods governing the payments shall be calculated from the date the county auditor makes the certification to the Director of Finance pursuant to Section 33492.9 instead of from the first fiscal year in which the agency receives tax-increment revenue.

33492.93. (a) The territory of the Mare Island Redevelopment Project Area shall include all of Mare Island except for the following areas:

- (1) All wetlands and dredge ponds, active or inactive.

33492.94. The environmental document for any implementing project shall include an analysis and mitigation of potential cumulative impacts that otherwise will not be known until an environmental impact report for the redevelopment plan is certified.

(b) The notice of the public hearing required pursuant to subdivision (a) shall include the date, time, and place of the hearing, a brief description of the proposed project and its location, the date when notice will be provided pursuant to Section 21092 of the Public Resources Code, and the address where copies of the notice of exemption are available for review.

(b) An area that contains one or more of the conditions described in subdivision (b) of Section 33492.11, the effect of which are so prevalent and so substantial that it causes a reduction of, or a lack of, proper utilization of the area to an extent that constitutes a serious physical and economic burden on the community that cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment, and is in addition characterized by the existence of inadequate public improvements, public facilities, and utilities, that cannot be remedied by private or governmental action, without redevelopment.

SEC. 3. The Legislature finds and declares that, because of the unique circumstances applicable only to the City of Vallejo and its redevelopment agency due to the closure of Mare Island Naval Shipyard, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act. Notwithstanding Section 17580 of the Government Code unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

67678. (a) The board shall be the principal local public agent for the acquisition, lease disposition, and sale of real property transferred pursuant to the "Pryor Amendment", except as otherwise provided in this section. The board may take title to property transferred pursuant to the "Pryor Amendment" within the area of the base that is either turned over to the board by the federal government at no cost or that is purchased. The board may sell, lease, or otherwise dispose of this property at full market value or at less than full market value in order to facilitate the rapid and successful transition of the base to civilian use. In any transaction involving the transfer of federal property, the board shall fully satisfy all conditions, requirements, and understandings with the federal government with respect to the use and disposal of that property. In the sale, lease, or disposition of real property, the board shall follow the procedures and make those determinations that are required of redevelopment agencies pursuant to Article 11 (commencing with

Section 33430) of Chapter 4 of Part 1 of Division 24 of the Health and Safety Code.

(b) (1) The board shall transfer all real and personal property received pursuant to this section and intended for municipal or county use, except for property subject to paragraph (4), within a reasonable period of time after receiving title to the property to the city or county with jurisdiction over the property, and all transfers pursuant to this paragraph shall be at no cost to the city or county except for the reasonable costs incurred by the board as a result of the transfer, management, servicing, maintenance, and enhancement of the property, and except for any payments required to be made to the federal government as a result of the transfer.

(2) The board shall transfer or lease all real and personal property received pursuant to this section and which is intended for private use, except for uses specified in paragraph (3), within a reasonable period of time after receiving title to the property. Any proceeds received by the board each year as a result of the sale or lease of the property, net of all costs incurred by the board as a result of the sale, management, servicing, maintenance, and enhancement of the property, and net of all payments made to the federal government due to the property, shall be divided as follows: 50 percent of the net proceeds received each year shall be paid to the city or county with jurisdiction over the property, and 50 percent of the proceeds shall be retained by the board to help finance its responsibilities for the reuse of Fort Ord, unless otherwise agreed upon by the city or county with jurisdiction over the property and the board.

(3) The board shall transfer or lease all real or personal property received pursuant to this section and which is intended for public utility use within a reasonable period of time, consistent with the orderly and economical provision of utility services to the area of Fort Ord, under terms and conditions the board may determine.

(4) Notwithstanding any other paragraph of this subdivision, the board may retain real or personal property received pursuant to this section as long as both of the following occur:

(i) The board determines that retention of the property is necessary or convenient to carrying out the authority's responsibilities pursuant to law.

(ii) The board determines that its retention of the property will not cause significant financial hardship to the city or county with jurisdiction over the property.

(c) The board may mediate and resolve conflicts between local agencies concerning the uses of federal land to be transferred for public benefit purposes or other uses.

(d) The provisions of this title shall not preclude negotiations between the federal government and any local telecommunication, water, gas, electric, or cable provider for the transfer to any utility or provider of federally owned distribution systems and related facilities serving Fort Ord.

(e) This title shall not be construed to limit the rights of the

California State University or the University of California to acquire, hold, and use real property at Fort Ord, including locating or developing educationally related or research oriented facilities on this property.

(f) Except for property transferred to the California State University, or to the University of California, and that is used for educational or research purposes, and except for property transferred to the California Department of Parks and Recreation, all property transferred from the federal government to any user or purchaser, whether public or private, shall be used only in a manner consistent with the plan adopted or revised pursuant to Section 67675.

SEC. 3. Section 67679 of the Government Code, as added by Chapter 64 of the Statutes of 1994, is amended to read:

67679. (a) (1) The board shall identify those basewide public capital facilities described in the Fort Ord Reuse Plan, including, but not limited to, roads, freeway ramps, air transportation facilities, and freight hauling and handling facilities; sewage and water conveyance and treatment facilities; school, library, and other educational facilities; and recreational facilities, that serve residents or will serve future residents of the base territory and could most efficiently or conveniently be planned, negotiated, financed, constructed, or repaired, remodeled, or replaced by the board to further the integrated future use of the base. The board shall undertake to plan for and arrange the provision of those facilities, including arranging for their financing and construction or repair, remodeling, or replacement. The board may plan, design, construct, repair, remodel, or replace and finance these public capital facilities, or delegate any of those powers to one or more member agencies. Notwithstanding any other provision of law, no permit or permission of any kind from any city or county shall be required for any project undertaken by the board pursuant to this section.

(2) The board shall identify significant local public capital facilities, as distinguished from the basewide public capital facilities identified in the paragraph (1) which are described in the Fort Ord Reuse Plan. Local public capital facilities shall be the responsibility of the city or county with land use jurisdiction or the redevelopment agency if the facilities are located within an established project area and the board of the redevelopment agency determines that it will assume responsibility.

(3) The board may construct or otherwise act to improve a local public capital facility only with the consent of the city or county with land use authority over the area where the facility is or will be located. A city or county or a local redevelopment agency may construct or otherwise act to improve a basewide public capital facility only with the consent of the board.

(b) If all or any portion of the Fritzsche Army Air Field is transferred to the City of Marina, the board shall not consider those portions of the air field that continue to be used as an airport to be

basewide capital facilities, except with the consent of the legislative body of the city. If all or any portion of the two Army golf courses within the territory of Seaside are transferred to the City of Seaside, the board shall not consider those portions of the golf courses that continue in use as golf courses to be basewide capital facilities, except with the consent of the legislative body of the city.

(c) The board may seek state and federal grants and loans or other assistance to help fund public facilities.

(d) The board may, in any year, levy assessments, reassessments, or special taxes and issue bonds to finance these basewide public facilities in accordance with, and pursuant to, any of the following:

(1) The Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code).

(2) The Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code).

(6) The Integrated Financing District Act (Chapter 1.5 (commencing with Section 53175) of Division 2 of Title 5).

(7) The Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5).

(8) The Infrastructure Financing District Act (Chapter 2.8 (commencing with Section 53395) of Division 2 of Title 5).

(9) The Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1).

(10) The Revenue Bond Act of 1941 (Chapter 6 (commencing with Section 54300) of Division 2 of Title 5).

(11) Fire suppression assessments levied pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5.

(12) The Habitat Maintenance Funding Act (Chapter 11 (commencing with Section 2900) of Division 3 of the Fish and Game Code).

Notwithstanding any other provision of law, the board may create any of these financing districts within the area of Fort Ord to finance basewide public facilities without the consent of any city or county. In addition, until January 1, 2000, the board may, but is not obligated to create, within the area of Fort Ord, any of these financing districts which authorize financing for public services and may levy authorized assessments or special taxes in order to pass through

funding for these services to the local agencies. Notwithstanding any other provision of law, no city or county with jurisdiction over any area of the base, whether now or in the future, shall create any land-based financing district or levy any assessment or tax secured by a lien on real property within the area of the base without the consent of the board, except that the city or county may create these financing districts for the purposes and subject to any financing limitations that may be specified in the capital improvement program prepared pursuant to Section 67675.

(e) The board may levy development fees on development projects within the area of the base. Any development fees shall comply with the requirements of Chapter 5 (commencing with Section 66000) of Division 1 of Title 5. No local agency shall issue any building permit for any development within the area of Fort Ord until the board has certified that all development fees that it has levied with respect to the development project have been paid or otherwise satisfied.

SEC. 4. Section 67679.5 is added to the Government Code, to read:

67679.5. The board may, by ordinance, establish in the area of Fort Ord a public body, corporate and politic, known as the Redevelopment Agency of Fort Ord. This agency may transact business and exercise its powers as a redevelopment agency upon the effective date of the establishing ordinance. The provisions of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), including, but not limited to, Article 4 (commencing with Section 33492.70) thereof, shall apply to the Redevelopment Agency of Fort Ord, and this agency shall have all powers of a redevelopment agency as provided in that part.

SEC. 5. Section 67686 is added to the Government Code, to read:

67686. A city or county receiving subventions from the state based on the military population residing at Fort Ord, shall continue to receive those subventions based on the 1990 Census of the Population until the earlier of:

(a) The release of the new population figures for the city or county based on the decennial United States Census for the year 2000.

(b) Certification by the Department of Finance that the population of Fort Ord is greater than the population calculated based on the decennial United States Census for the year 1990.

SEC. 6. Section 33492.27 of the Health and Safety Code is amended to read:

33492.27. For the purposes of this chapter, "affected taxing entity" means any governmental taxing agency that levied a property tax on all or any portion of the property located in the proposed project area in the fiscal year prior to submission of the plan to the committee. In areas where there is no prior property tax assessment, an "affected taxing entity" shall include any local

governmental taxing agency which will have service and administrative responsibilities within the proposed project area.

SEC. 7. Article 4 (commencing with Section 33492.70) is added to Chapter 4.5 of Part 1 of Division 24 of the Health and Safety Code, to read:

Article 4. Redevelopment Agency of Fort Ord

33492.70. (a) (1) This article shall govern the establishment and operation of all redevelopment project areas created within the area previously known as Fort Ord.

(2) It is the intent of the Legislature that the redevelopment of the territory of Fort Ord be conducted jointly, in part by redevelopment project areas established by cities and the county with jurisdiction over parts of the territory of what was previously known as Fort Ord, and in part by the Fort Ord Reuse Authority. It is further the intent of the Legislature that this joint redevelopment include the sharing of tax increment revenues pursuant to this article. The joint division of tax increment will enable the local redevelopment agencies to finance redevelopment activities which primarily affect their own jurisdictions, and the authority will have a revenue source to assist in financing redevelopment of facilities of base-wide significance.

(b) The board of the Fort Ord Reuse Authority, as established by Title 7.85 (commencing with Section 67650) of the Government Code, may, by ordinance, establish in the area of Fort Ord a public body, corporate and politic, known as the Redevelopment Agency of Fort Ord. This agency may transact business and exercise its powers as a redevelopment agency upon the effective date of the establishing ordinance. The provisions of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24), as modified by Chapter 4.5 (commencing with Section 33492) thereof, shall apply to the Redevelopment Agency of Fort Ord, and this agency shall have all powers of a redevelopment agency as provided in this part.

(c) In addition to the powers of an agency, the Redevelopment Agency of Fort Ord shall also act as the legislative body and the planning commission for all approvals and actions required and authorized by this part for the adoption and implementation of a redevelopment plan. However, subject to the consistency and appeal provision of Title 7.85 (commencing with Section 67650) of the Government Code and other applicable provisions of state law, all planning, zoning, and permitting decisions with regard to the land within the project area shall continue to be under the control and jurisdiction of each of the respective local legislative bodies, as applicable.

(d) For purposes of this article, "board" means the governing board of the Fort Ord Reuse Authority, as defined in Title 7.85 (commencing with Section 67650) of the Government Code.

“Legislative body,” as used elsewhere in this part, shall, for the purposes of this article when relating to the Redevelopment Agency of Fort Ord, also refer to the governing board of the Fort Ord Reuse Authority.

(e) The board may create a project area to include all or a portion or portions of the area of Ford Ord, except that the board shall not create a project area which overlays any territory included within a project area established by the redevelopment agency of a city or the county.

(f) A city or county redevelopment agency may establish a project area which includes any or all of the territory within the jurisdiction of the city or county which is also within the territory of Fort Ord, but only pursuant to the provisions of this section.

33492.71. (a) This section shall apply to each redevelopment project area created pursuant to this article with a redevelopment plan that contains the provisions required by Section 33670. All amounts calculated pursuant to this section shall be calculated after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Section 33334.2, 33334.3, 33334.6, and 33492.76, and the amounts required to be paid by school and community college districts pursuant to Section 33492.78 have been deducted from the local tax increment funds received by the agency in the applicable fiscal year.

(b) The payments made pursuant to this section shall be in addition to any amounts the affected taxing entities receive pursuant to subdivision (a) of Section 33670. The agency shall reduce its payments pursuant to this section to the authority or an affected taxing entity by any amount the agency has paid, directly or indirectly, pursuant to Section 33445 and with the agreement of the authority or the affected taxing entity, or pursuant to any other provision of law other than this section for, or in connection with a public facility owned or leased by the authority or that affected taxing entity and with the agreement of the authority or that affected taxing entity.

(c) Commencing in the first fiscal year in which a redevelopment agency receives tax-increment revenue from a project area created pursuant to this article, the agency shall pay the following amounts to the following entities, and the agency shall not be obligated to pay any additional sums to any taxing entities pursuant to Section 33607.5 and subdivision (b) of Section 33676:

(1) (A) Thirty-five percent of the tax-increment revenue received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6, as modified by Section 33492.76, has been deducted each fiscal year shall be paid to the authority to finance in whole or in part its responsibilities in providing for the reuse of Fort Ord.

(B) Thirty-five percent of the tax-increment revenue received by the agency after the amount required to be deposited in the Low and

Moderate Income Housing Fund pursuant to Section 33334.2, 33334.3, and 33334.6 of, as modified by Section 33492.76, has been deducted each fiscal year shall be paid to or retained by the redevelopment agency of the city or county in which the project area is located, to finance, in whole or in part, its responsibilities in providing for the reuse of Fort Ord.

(C) Of the amount referenced in subparagraph (B), each city may elect to receive from its agency, and the agency shall pay, an amount not to exceed 25 percent of the tax-increment revenue generated from a project area established pursuant to this article, to alleviate the financial burden and detriment incurred as a result of the adoption of the redevelopment plan in each year until the sixth fiscal year after the year in which the agency is first allocated one hundred thousand dollars (\$100,000) or more in tax-increment revenues.

(D) Upon dissolution of the authority, the amount allocated pursuant to this section shall continue to be paid to the accounts of the authority insofar as needed to pay principal and interest or other amounts on debt which was incurred by the authority. Funds which would be allocated pursuant to this section which exceed the amounts necessary to pay debt service on authority debt shall be divided as follows: 54 percent shall be allocated to the city or county redevelopment agency which establishes the project area; 38 percent shall be allocated to the county; and 8 percent shall be allocated to other affected taxing entities.

(2) (A) Twenty-five percent of the tax-increment revenue received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6, as modified by Section 33492.76, has been deducted each fiscal year shall be paid to the county to alleviate the financial burden and detriment to the county incurred because of the establishment of the project area.

(3) Not to exceed five percent of the tax-increment revenue received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6, as modified by Section 33492.76, has been deducted each fiscal year shall be paid to other affected taxing entities as defined in Section 33492.27, but excluding the entities specified in paragraphs (1) and (2), and excluding school and community college districts, in order to alleviate the financial burden and detriment incurred by those affected taxing entities because of the establishment of the project area. If the total payments made pursuant to this paragraph are less than 5 percent of the tax increment revenue received by the agency pursuant to this article, the remaining portion of the revenue available as a result of this paragraph shall be allocated as follows: 37 percent to the agency, 37 percent to the authority, and 26 percent to the county.

(d) Notwithstanding subdivision (c), through and including the second fiscal year after the certification date established pursuant to

Section 33492.9, the amount of tax increment revenue the redevelopment agencies of the Cities of Marina and Seaside or the County of Monterey are required to pay to other entities as prescribed in paragraph (1) shall be modified as follows:

(1) For each of those fiscal years, the board shall determine an amount equal to 100 percent of the revenue payable to the city or county establishing the project area from all ad valorem property taxes, including allocations of property tax increment revenues pursuant to subdivision (c), sales taxes, utility users taxes, business license taxes, real property transfer taxes, franchise taxes, transient occupancy taxes, and payments received as a result of vehicle and trailer coach registration, and cigarette and gasoline taxes except for payments received as a result of vehicle registrations because of military personnel occupying Fort Ord, attributable to the property, population, and economic activity which is within the jurisdiction of each local entity which has established a redevelopment project area pursuant to this subdivision and is also within the area of Fort Ord.

(2) If the amount determined pursuant to paragraph (1) for a fiscal year is less than four hundred thousand dollars (\$400,000), the redevelopment agency of the local entity which established the project area shall retain tax-increment revenue received because of the project area so that the sum of the retained tax-increment revenue, exclusive of required deposits to the Low and Moderate Income Housing Fund and the amount of revenue determined pursuant to paragraph (1), equals four hundred thousand dollars (\$400,000), but in no event exceeding 100 percent of the tax-increment revenue received for the project area for that fiscal year. Any tax-increment revenue received by the redevelopment agency which established the project area which exceeds the amount necessary to bring the total of the amount calculated pursuant to paragraph (1), plus the tax increment retained by the agency pursuant to this subdivision to four hundred thousand dollars (\$400,000) shall be distributed pursuant to subdivision (c).

(e) The board may increase or decrease the qualified minimum level of increment funding set in paragraph (2) of subdivision (d) above four hundred thousand dollars (\$400,000), if the board determines, based on substantial evidence, that the costs of providing police and fire protection services to the area of Fort Ord within the local agency's redevelopment agency's project area exceed or are less than this amount. In the event that any city which does not now have jurisdiction over territory within the area of Fort Ord subsequently annexes territory within the area of Fort Ord, the board may provide for a qualified minimum level of increment funding at a level that it determines, based on substantial evidence as to the cost of providing police and fire protection services to the area of Fort Ord within the local agency's redevelopment agency's project area is appropriate for a period not to exceed three years, but is under no obligation to do so.

(f) Because this article provides for an allocation of tax-increment

revenue arising from the redevelopment of the area of Fort Ord among the affected taxing entities for the purpose of alleviating any financial burden or detriment that is caused by the redevelopment plan, the consultations with the affected taxing entities, as required by Section 33492.19, shall not include the payment of supplemental moneys, but may only include the discussion of possible modifications in the redevelopment plan, including, but not limited to, the timing of projects, selection of projects, scope of projects, and the type of financing that is being considered for the projects.

(g) (1) All moneys received by the authority from a redevelopment agency shall be deposited in a separate fund from all other moneys of the authority.

(2) The authority shall annually report on the total amount of moneys deposited into the fund during the year; the specific project and programs which were financed with the moneys, including amounts expended per project and program; and the beginning and ending balance of the fund.

(3) The moneys in the fund shall be exclusively expended for the purpose of financing the development and redevelopment of basewide facilities as identified in the basewide public capital facilities plan adopted pursuant to Section 67675 of the Government Code.

(4) The authority shall have an independent financial audit annually prepared on the fund in accordance with generally accepted auditing standards and rules of governing auditing reports promulgated by the State Board of Accountancy.

(h) Notwithstanding any other provision of law, no tax increment moneys, including moneys paid from a redevelopment agency to Fort Ord Reuse Authority or any affected taxing entity, shall directly or indirectly finance the development or redevelopment of facilities owned or operated by the California State University or the University of California or for facilities or infrastructure which is for the primary benefit of the California State University or the University of California.

33492.72. (a) Prior to incurring any loans, or other indebtedness, except loans or advances from the local agency or the authority, the agency which established the redevelopment project area, or the board, may subordinate to the loans or other indebtedness the amounts required to be paid to all other local agencies pursuant to this section, provided that the agency or the board has approved these subordinations pursuant to this subdivision.

(b) At the time the agency or the board requests any other entity receiving tax-increment revenues pursuant to this section to subordinate the amount to be paid to it, the agency or the board seeking permission for subordination, shall provide the affected taxing entity with substantial evidence that sufficient funds will be available to pay both the debt service and the payments required by this section, when due.

(c) Within 45 days after receipt of the agency's or the board's

request, the entities receiving tax-increment revenues pursuant to this section shall approve or disapprove the request for subordination. An entity other than the redevelopment agency or the board may disapprove a request for subordination only if it finds, based upon substantial evidence, that after the agency or the board pays the debt payments, the agency will not have sufficient funds to pay the amounts required to be paid to other entities pursuant to this section. The agency or the board may also disapprove a request for subordination if it finds that subordination would interfere with its ability to issue debt as needed to carry out its responsibilities. If an entity, the agency, or the board does not act within 45 days after receipt of the agency's request, the request to subordinate shall be deemed approved and shall be final and conclusive.

33492.73. Any redevelopment or implementation plan prepared in conjunction with establishment or operation of a project area, and any subsequent amendment, update, or other modification of that plan or those plans, shall take effect only upon certification by the board of the consistency of that plan or those plans with the Fort Ord Reuse Plan in the same manner as for the local agency's general plan pursuant to Chapter 4 (commencing with Section 67675) of Title 7.85 of the Government Code.

33492.74. (a) For purposes of this article, a blighted area may be a military base in which the combination of two or more of the conditions set forth in subdivision (b) or (c) of this section are so prevalent and so substantial that it causes a reduction of, or a lack of, proper utilization of the area to an extent that constitutes a serious physical and economic burden on the community that cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment.

(b) This subdivision, for purposes of this article, describes physical conditions that cause blight.

(1) Buildings in which it is unsafe or unhealthy for persons to live or work. These conditions can be caused by serious building code violations, dilapidation and deterioration, defective design or physical construction, faulty or inadequate infrastructure, or other similar factors.

(2) Factors that prevent or substantially hinder the economically viable reuse or capacity of buildings or areas. This condition can be caused by a substandard design; buildings that are too large or too small given present standards and market conditions; and age, obsolescence, deterioration, dilapidation, or other physical conditions that could prevent the highest and best uses of the property. This condition can also be caused by buildings that will have to be demolished or buildings or areas that have a lack of parking.

(3) Adjacent or nearby uses that are incompatible with each other and that prevent the economic development of those parcels or other portions of the project area.

(4) Buildings on land that, when subdivided or when

infrastructure is installed, will not comply with normal subdivision, zoning, or planning regulations.

(c) This subdivision, for purposes of this article, describes economic conditions that cause blight:

(1) Land that contains materials, including, but not necessarily limited to, materials for airport runways that will have to be removed to allow development.

(2) Properties that contain hazardous wastes that may benefit from the use of agency authority as specified in Article 12.5 (commencing with Section 33459) of Chapter 4 in order to be developed by either the private or public sector or in order to comply with applicable federal or state standards. Notwithstanding any other provision of law, all redevelopment agencies with authority under this act are specifically prohibited from accepting responsibility for, or using agency authority on behalf of, hazardous waste sites that are the responsibility of the federal government.

(d) For purposes of this article, a blighted area also may be one that contains one or more of the conditions described in subdivision (c) and is, in addition, characterized by the existence of inadequate public improvements, public facilities, and utilities, where these conditions are so prevalent and so substantial that it causes a reduction of, or a lack of, proper utilization of the area to an extent that it constitutes a serious physical and economic burden on the community that cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment.

33492.75. (a) For purposes of adoption of a project area, the preliminary report prepared pursuant to Section 33344.5 is not required to contain the material identified in paragraphs (2), (3), and (4) of subdivision (c) of Section 33344.5.

(b) For purposes of adoption of a project area, the report prepared pursuant to Section 33352 shall be modified to require that the blight conditions specified in Section 33492.74 exist.

(c) A redevelopment plan adopted for a project area shall contain the limitations set forth in Section 33492.13, and shall not be subject to the limitations set forth in Section 33333.2.

(d) For purposes of redevelopment project areas within the area of Fort Ord, calculation of the amount determined pursuant to subdivision (a) of Section 33670 shall be based on the assessment roll used in connection with property within the project area last equalized prior to the date on which the board of the Fort Ord Reuse Authority adopts a Fort Ord Reuse Plan pursuant to Section 67675 of the Government Code, which shall be deemed to be a redevelopment plan for the area of the base, or the effective date of the ordinance approving a redevelopment plan for a specific project area within the area of Fort Ord, whichever occurs first for any project area.

33492.76. (a) Notwithstanding Section 33334.2 or any other provision of law, a redevelopment agency established or governed

pursuant to this article may annually waive the requirement to allocate 20 percent of the total annual tax increment revenue from any project area to the Low and Moderate Income Housing Fund for a period of up to five years after the date on which the county auditor makes the certification pursuant to Section 33492.9. The agency may not waive its allocation in any year unless it first adopts a finding, based on substantial evidence, that the vacancy rate for rental housing affordable to lower income households is greater than 6 percent.

(b) Notwithstanding Section 33413, the redevelopment agency shall not be required to replace removed or demolished military barracks, which are located, as of January 1, 1995, within the boundaries of Fort Ord.

33492.78. (a) The provisions of Section 33607.5 shall not apply to an agency created pursuant to this article. For purposes of Sections 42238, 84750, and 84751 of the Education Code, funds allocated pursuant to this section shall be treated as if they were allocated pursuant to Section 33607.5.

(1) The provisions of this section shall apply to each redevelopment project area created pursuant to a redevelopment plan which contains the provisions required by Section 33670 and is created pursuant to this article. All the amounts calculated pursuant to this section shall be calculated after the amount required to be deposited in the Low and Moderate Income Housing Fund pursuant to Sections 33334.2, 33334.3, and 33334.6, as modified by Section 33492.76, has been deducted from the total amount of tax-increment funds received by the agency in the applicable fiscal year.

(2) The payments made pursuant to this section shall be in addition to any amounts the school district or districts and community college district or districts receive pursuant to subdivision (a) of Section 33670. The agency shall reduce its payments pursuant to this section to an affected school or community college district by any amount the agency has paid, directly or indirectly, pursuant to Section 33445, 33445.5, or 33446, or any provision of law other than this section for, or in connection with, a public facility owned or leased by that affected school or community college district.

(3) (A) Of the total amount paid each year pursuant to this section to school districts, 43.9 percent shall be considered to be property taxes for the purposes of paragraph (1) of subdivision (h) of Section 42238 of the Education Code, and 56.1 percent shall not be considered to be property taxes for the purposes of that section, and shall be available to be used for educational facilities.

(B) Of the total amount paid each year pursuant to this section to community college districts, 47.5 percent shall be considered to be property taxes for the purposes of Section 84750 of the Education Code, and 52.5 percent shall not be considered to be property taxes for the purposes of that section, and shall be available to be used for educational facilities.

(C) Of the total amount paid each year pursuant to this section to county offices of education, 19 percent shall be considered to be property taxes for the purposes of paragraph (1) of subdivision (h) of Section 42238 of the Education Code, and 81 percent shall not be considered to be property taxes for the purposes of that section, and shall be available to be used for educational facilities.

(D) Of the total amount paid each year pursuant to this section to special education, 19 percent shall be considered to be property taxes for the purposes of paragraph (1) of subdivision (h) of Section 42238 of the Education Code, and 81 percent shall not be considered to be property taxes for the purposes of that section, and shall be available to be used for educational facilities.

(4) Local education agencies that use funds received pursuant to this section for educational facilities shall spend these funds at schools that are any one of the following:

(A) Within the project area.

(B) Attended by students from the project area.

(C) Attended by students generated by projects that are assisted directly by the redevelopment agency.

(D) Determined by a local education agency to be of benefit to the project area.

(b) Commencing with the first fiscal year in which the agency receives tax increments, and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency created pursuant to this article shall pay to each affected school and community college district an amount equal to the product of 25 percent times the percentage share of total property taxes collected which are allocated to each affected school or community college district, including any amount allocated to each district pursuant to Sections 97.03 and 97.035 of the Revenue and Taxation Code times the total of the tax increments received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund has been deducted.

(c) Commencing with the 11th fiscal year in which the agency receives tax increments and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency created pursuant to this article shall pay to each affected school and community college district, in addition to the amounts paid pursuant to subdivision (b), an amount equal to the product of 21 percent times the percentage share of total property taxes collected which are allocated to each affected school or community college district, including any amount allocated to each district pursuant to Sections 97.03 and 97.035 of the Revenue and Taxation Code times the total of the first adjusted tax increments received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund has been deducted. The first adjusted tax increments received by the agency shall be calculated by applying the tax rate against the amount of assessed value by which the current year assessed value exceeds the first adjusted base

year assessed value. The first adjusted base year assessed value is the assessed value of the project area in the 10th fiscal year in which the agency receives tax increment.

(d) Commencing with the 31st fiscal year in which the agency receives tax increments and continuing through the last fiscal year in which the agency receives tax increments, a redevelopment agency shall pay to the affected school and community college districts, in addition to the amounts paid pursuant to subdivisions (b) and (c), an amount equal to 14 percent times the percentage share of total property taxes collected which are allocated to each affected school or community college district, including any amount allocated to each district pursuant to Sections 97.03 and 97.035 of the Revenue and Taxation Code times the total of the second adjusted tax increments received by the agency after the amount required to be deposited in the Low and Moderate Income Housing Fund has been deducted. The second adjusted tax increments received by the agency shall be calculated by applying the tax rate against the amount of assessed value by which the current year assessed value exceeds the second adjusted base year assessed value. The second adjusted base year assessed value is the assessed value of the project area in the 30th fiscal year in which the agency receives tax increments.

(g) (1) The Legislature finds and declares both of the following:

(A) The payments made pursuant to this section are necessary in order to alleviate the financial burden and detriment that affected school and community college districts may incur as a result of the adoption of a redevelopment plan, and payments made pursuant to this section will benefit redevelopment project areas.

(B) The payments made pursuant to this section are the exclusive payments that are required to be made by a redevelopment agency to affected school and community college districts during the term of a redevelopment plan.

(2) Notwithstanding any other provision of law, a redevelopment agency shall not be required, either directly or indirectly, as a measure to mitigate a significant environmental effect or as part of any settlement agreement or judgment brought in any action to contest the validity of a redevelopment plan pursuant to Section 33501, to make any other payments to affected school or community college districts, or to pay for public facilities that will be owned or leased to an affected school or community college district.

(h) As used in this section, a "local education agency" includes a school district, a community college district, or a county office of education.

SEC. 8. The Legislature finds and declares that, because of the unique circumstances, set forth in Sections 67651 and 67652 of the Government Code and applicable only to communities within the County of Monterey due to the closure of Fort Ord, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California

Constitution. The enactment of this special statute is therefore necessary.

SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1170

An act to amend Section 33492.27 of, and to add Article 5 (commencing with Section 33492.80) to Chapter 4.5 of Part 1 of Division 24 of, the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 29, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 33492.27 of the Health and Safety Code is amended to read:

33492.27. For the purposes of this chapter, "affected taxing entity" means any governmental taxing agency that levied a property tax on all or any portion of the property located in the proposed project area in the fiscal year prior to submission of the plan to the committee. In areas where there is no prior property tax assessment, an "affected taxing entity" shall include any local governmental taxing agency which will have service and administrative responsibilities within the proposed project area.

SEC. 2. Article 5 (commencing with Section 33492.80) is added to Chapter 4.5 of Part 1 of Division 24 of the Health and Safety Code, to read:

Article 5. March Joint Powers Redevelopment Agency

33492.80. For purposes of this article, it is the intent of the Legislature to provide a means of mitigating the economic and social degradation facing communities impacted by the realignment of March Air Force Base.

33492.81. (a) The March Joint Powers Authority, a public entity

created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, and composed of the Cities of Moreno Valley, Perris, and Riverside and the County of Riverside, is hereby authorized to establish the March Joint Powers Redevelopment Agency, with all of the powers, authority, and duties granted to it under this part, as a public body, corporate and politic, for the exclusive purpose of establishing the March Air Force Base Redevelopment Project Area pursuant to this article.

(b) The March Joint Powers Redevelopment Agency shall act as the legislative body and planning commission for all approvals and actions required or authorized for the adoption and implementation of a redevelopment plan. However, all land use planning and development decisions with regard to the land within the project area shall continue to be under the control and jurisdiction of each of the respective local legislative bodies or planning commissions, as applicable.

33492.82. (a) For purposes of this article, a blighted area within the boundaries of March Air Force Base, as those boundaries exist on January 1, 1995, is either one of the following:

(1) An area in which the combination of two or more of the conditions set forth in subdivision (a) or (b) of Section 33492.83 are so prevalent and so substantial that it causes a reduction of, or a lack of, proper utilization of the area to an extent that constitutes a serious physical and economic burden on the community that cannot reasonably be expected to be reversed or alleviated by private enterprise or governmental action, or both, without redevelopment.

(2) An area that contains one or more of the conditions described in subdivision (b) of Section 33492.83, the effect of which are so prevalent, and so substantial that it causes a reduction of, or a lack of, proper utilization of the area to an extent that constitutes a serious physical and economic burden on the community that cannot reasonably be expected to be reversed or alleviated by private enterprise, or governmental action, or both, without redevelopment, and is, in addition, characterized by the existence of inadequate public improvements, public facilities, and utilities that cannot be remedied by private or governmental action without redevelopment.

(b) For the purposes of this article, a blighted area outside the boundaries of March Air Force Base, as those boundaries exist on January 1, 1995, shall be an area that meets the requirements of Section 33030.

33492.83. (a) This subdivision, for purposes of this article, describes physical conditions that cause blight.

(1) Buildings in which it is unsafe or unhealthy for persons to live or work. These conditions can be caused by serious building code violations, dilapidation and deterioration, defective design or physical construction, faulty or inadequate infrastructure, or other similar factors.

(2) Factors that prevent or substantially hinder the economically viable reuse or capacity of buildings or areas. This condition can be caused by a substandard design; buildings that are too large or too small given present standards and market conditions; and age, obsolescence, deterioration, dilapidation, or other physical conditions that could prevent the highest and best uses of the property. This condition can also be caused by buildings that will have to be demolished or buildings or areas that have a lack of parking.

(3) Adjacent or nearby uses that are incompatible with each other and that prevent the economic development of those parcels or other portions of the project area.

(4) Buildings on land that, when subdivided or when infrastructure is installed, will not comply with normal subdivision, zoning, or planning regulations.

(b) This subdivision, for purposes of this article, describes economic conditions that cause blight:

(1) Land that contains materials or facilities, including, but not necessarily limited to, materials for airport runways that will have to be removed to allow development.

(2) Properties that contain hazardous wastes that may benefit from the use of agency authority as specified in Article 12.5 (commencing with Section 33459) of Chapter 4 in order to be developed by either the private or public sector or in order to comply with applicable federal or state standards. Notwithstanding any other provision of law, the March Joint Powers Redevelopment Agency is specifically prohibited from accepting responsibility for, or using agency authority on behalf of, hazardous waste sites that are the responsibility of the federal government.

(c) Pursuant to Section 33321, a project area need not be restricted to buildings, improvements, or lands which are not detrimental or inimical to the public health, safety, or welfare, but may consist of an area in which these conditions predominate and injuriously affect the entire area. A project area may include lands, buildings, or improvements which are not detrimental to the public health, safety, or welfare, but whose inclusion is found necessary for the effective redevelopment of the area of which they are a part. Each area included under this section shall be necessary for effective redevelopment and shall not be included for the purpose of obtaining the allocation of tax-increment revenue from the area pursuant to Section 33670 without other substantial justification for its inclusion.

33492.84. For purposes of this article, the terms "redevelopment agency" and "agency" refer to the March Joint Powers Redevelopment Agency, which is hereby authorized to engage in the redevelopment activities included in and referenced by this article.

33492.85. (a) A redevelopment plan for March Air Force Base, adopted pursuant to this chapter and containing the provisions set

forth in Section 33670, shall contain all of the following limitations:

(1) (A) A time limit on the establishing of loans, advances, and indebtedness to be paid with the proceeds of property taxes received pursuant to Section 33670 to finance in whole or in part the redevelopment project, which may not exceed 20 years from the date the county auditor certifies pursuant to Section 33492.9, except by amendment of the redevelopment plan as authorized by subparagraph (B). The loans, advances, or indebtedness may be repaid over a period of time longer than the time limit as provided in this section. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond this time limitation.

(B) The time limitation established by subparagraph (A) may be extended only by amendment of the redevelopment plan after the agency finds, based on substantial evidence, that (i) substantial blight remains within the project area; (ii) this blight cannot be eliminated without the establishment of additional debt; and (iii) the elimination of blight cannot reasonably be accomplished by private enterprise acting alone or by the legislative body's use of financing alternatives other than tax increment financing. However, this amended time limitation may not exceed 30 years from the date the county auditor certifies pursuant to Section 33492.9.

(2) A time limit, not to exceed 30 years from the date the county auditor certifies pursuant to Section 33492.9, on the effectiveness of the redevelopment plan. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness and enforce existing covenants or contracts.

(3) A time limit, not to exceed 45 years from the date the county auditor certifies pursuant to Section 33492.9, to repay indebtedness with the proceeds of property taxes received pursuant to Section 33670. After the time limit established pursuant to this paragraph, an agency may not receive property taxes pursuant to Section 33670.

(b) (1) A redevelopment plan, adopted pursuant to this chapter, that does not contain the provisions set forth in Section 33670 shall contain the limitations in paragraph (2).

(2) A time limit, not to exceed 12 years from the date the county auditor certifies pursuant to Section 33492.9, for commencement of eminent domain proceedings to acquire property within the project area. This time limitation may be extended only by amendment of the redevelopment plan.

33492.86. (a) This section shall apply to a redevelopment project area whose territory includes March Air Force Base, that is adopted pursuant to a redevelopment plan that contains the provisions required by Section 33670, and that is adopted pursuant to this chapter. The redevelopment agency shall make the payments to affected school districts and community college districts required by subdivision (a) of Section 33607.5, except that each of the time periods governing the payments shall be calculated from the date the

county auditor makes the certification to the Director of Finance pursuant to Section 33492.9 instead of from the first fiscal year in which the agency receives tax-increment revenue.

(b) (1) Pursuant to Section 33492.3, the March Air Force Base Project Area adopted pursuant to this article may include all, or any portion of, property within the military base that the federal Base Closure and Realignment Commission has voted to realign when that action has been sustained by the President and the Congress of the United States, regardless of the percentage of urbanized land, as defined in Section 33320.1, within the military base.

(2) (A) Pursuant to Section 33492.3, the March Air Force Base Project Area may include territory outside the military base. The project area shall be entirely contained within a one-mile perimeter of the boundaries of March Air Force Base, as those boundaries exist on January 1, 1995. At no time shall the aggregate acreage of the project area outside the boundaries of March Air Force Base, as those boundaries exist on January 1, 1995, exceed 2 percent of the total acreage contained within that one-mile perimeter, and these areas may only be included in the project area upon a finding of benefit to the March Air Force Base Project Area and with the concurrence of the legislative bodies of the County of Riverside, the City of Moreno Valley, the City of Perris, and the City of Riverside.

(B) The agency for the March Air Force Base Project Area may, with the concurrence of the relevant legislative body pursuant to subparagraph (B), pay for all or a part of the value of land and the cost of the installation and construction of any structure or facility or other improvement that is publicly owned outside the jurisdiction of the agency, if the legislative body of the agency determines both the following:

(i) That the structure, facility, or other improvement is of benefit to the project area.

(ii) That no other reasonable means of financing the facilities, structures, or improvements, are available to the community.

(iii) That the payment of funds for the acquisition of land or the cost of facilities, structures, or other improvements will assist in the elimination of one or more blight conditions, as identified pursuant to Section 33492.83, inside the project area, or provide housing for low- or moderate-income persons.

(C) Concurrence of the relevant legislative body shall be demonstrated by the adoption of an ordinance by the community where the structure, facility, or other improvement is to be located which authorizes the redevelopment of the area within its territorial limits by the redevelopment agency for March Air Force Base Project Area.

(D) All projects authorized by this subdivision shall be within communities which are contiguous to the March Air Force Base Project Area.

33492.87. (a) (1) Notwithstanding Section 33334.2 or any other provision of law, the redevelopment agency established or governed

pursuant to this article may annually defer the requirement to allocate 20 percent of tax-increment revenue to the Low and Moderate Income Housing Fund for a period of up to 5 years after the date on which the county auditor makes the certification pursuant to Section 33492.9.

(2) The agency shall not defer its allocation in any year unless it first adopts a finding based on substantial evidence that the vacancy rate for rental housing affordable to lower income households within the jurisdiction of the members of the agency is greater than 4 percent.

(3) The amount of the deferral, if any, shall be considered an indebtedness of the agency and shall be paid into the Low and Moderate Income Housing Fund no later than the end of the 10th fiscal year after the date on which the county auditor makes the certification pursuant to Section 33492.9. If the indebtedness is not eliminated by the end of the 10th fiscal year, the county auditor or controller shall, no later than March 15 of the 11th year, withhold an amount equal to the indebtedness and deposit those funds into a separate Low and Moderate Income Housing Fund for use by the redevelopment agency to meet its affordable housing requirements pursuant to this part.

(b) (1) Notwithstanding Section 33413, the redevelopment agency shall not be required to replace barracks or dormitory-style housing that is adaptively reused, demolished, or removed within the boundaries of March Air Force Base.

(2) All other dwelling units demolished or removed by activities of the redevelopment agency, or as part of a project pursuant to written agreement with, or a project receiving financial assistance from, the agency within the boundaries of March Air Force Base, shall be replaced not later than 15 years after the demolition or removal of the unit. Seventy-five percent of the replacement units shall be affordable to very low, low-, and moderate-income households in the same proportion as the weighted proportion of very low, low-, and moderate-income housing units allocated by the regional fair share allocation pursuant to Section 65584 of the Government Code each city and county that is a member of the March Joint Powers Authority. The agency may receive credit toward the remaining 25 percent for any dwelling units developed by entities other than the agency within the territory of the March Joint Powers Authority members. Replacement units shall be affordable for the longest feasible time, but in no event less than the period of time equal to the total duration of the redevelopment plan from adoption to expiration.

(3) Notwithstanding any other provision of law, the tax increment funds and revenues of redevelopment agencies within the jurisdiction of any of the cities or county that are members of the March Joint Powers Authority, including low- and moderate-income housing funds of those agencies, may be used for the development of low- and moderate-income replacement units for any units

removed or demolished from within the boundaries of March Air Force Base and, if so used, may be expended on replacement units developed outside the project area of each respective agency.

(c) The agency may assign, upon approval of the affected redevelopment agency, the obligation to replace units removed or demolished from within the boundaries of the base. The area in which units may be replaced may include any territory within the boundaries of each city and county that is a member of the March Joint Powers Authority.

33492.88. Notwithstanding any other provision of law, as part of an agreement that provides for the development, rehabilitation, or improvement of buildings, structures, or facilities within the project area, the redevelopment agency may use any available funds, including moneys received pursuant to Section 33670, to provide credit enhancements, including, but not limited to, the ability to buy down interest rates, that are necessary for the project. Prior to entering into an agreement for a development that would be assisted pursuant to this section, the agency shall find, after a public hearing, that the assistance is necessary for the economic feasibility of the development and that the assistance cannot be obtained on economically feasible terms in the private sector.

33492.89. Notwithstanding any other provision of law, the March Joint Powers Redevelopment Agency shall not expend any tax-increment funds allocated to it for expenses related to carrying out the project until and unless the City of Perris adopts a housing element, pursuant to Section 65585 of the Government Code, that substantially complies with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

SEC. 3. The Legislature finds and declares that, because of the unique circumstances with regard to the particular conditions of blight intrinsic to the realignment of March Air Force Base, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. The enactment of a special statute is therefore necessary.

CHAPTER 1171

An act to amend Sections 8235, 8236, and 8263 of, to add Section 8450 to, the Education Code, relating to child care.

[Approved by Governor September 29, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 8235 of the Education Code is amended to read:

8235. (a) The Superintendent of Public Instruction shall administer all state preschool programs in accordance with the funding priorities set forth in Section 8236. Those programs shall include, but not be limited to, part-day and preschool appropriate programs for prekindergarten children three to five years of age in educational development, health services, social services, nutritional services, parent education and parent participation, evaluation, and staff development. Preschool programs for which federal reimbursement is not available shall be funded as prescribed by the Legislature in the Budget Act, and unless otherwise specified by the Legislature, shall not utilize federal funds made available through Title XX of the Social Security Act (42 U.S.C. Sec. 1397).

(b) Federal Headstart funds used to provide services to families receiving state preschool services shall be deemed nonrestricted funds.

(c) Priority for receiving state preschool services shall be given to low-income families who meet the eligibility standards as established by the Superintendent of Public Instruction, in accordance with the priorities set forth in Section 8236.

(d) Reimbursement for state preschool programs shall be on a per capita basis, as determined by the Superintendent of Public Instruction.

(e) Any agency described in subdivision (c) of Section 8208 as an "applicant or contracting agency" is eligible to contract to operate a state preschool program.

SEC. 2. Section 8236 of the Education Code is amended to read:

8236. (a) For purposes of this section, the following definitions apply:

(1) "Eligible children" means children who are currently eligible for the state preschool program.

(2) "Local educational agency" means a school district, a county office of education, a community college district, or a school district on behalf of one or more schools within the school district.

(3) "Superintendent" means the Superintendent of Public Instruction.

(4) "Four-year-old children" means those children who will have their fourth birthday on or before December 2 of the fiscal year in

which they are enrolled in a state preschool program.

(5) "Three-year-old children" means those children who will have their third birthday on or before December 2 of the fiscal year in which they are enrolled in a state preschool program.

(b) (1) Each applicant or contracting agency funded pursuant to Section 8235 shall give first priority to neglected or abused children who are recipients of child protective services, or recipients who are at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. If an agency is unable to enroll a child in this first priority category, the agency shall refer the child's parent or guardian to local resource and referral services so that services for the child can be located.

(2) After children in the first priority category set forth in paragraph (1) are served, each agency funded pursuant to Section 8235 shall serve eligible four-year-old children prior to serving eligible three-year-old children. Each agency shall certify to the superintendent that enrollment priority is being given to eligible four-year-old children.

(3) Each agency shall report annually to the superintendent the numbers of four-year-old and three-year-old children enrolled in its state preschool programs at a point in time to be determined by the superintendent. The data shall be submitted in a manner and form prescribed by the superintendent. The superintendent shall annually transmit this information to the Legislature and the Governor by December 1 of each fiscal year.

(c) For state preschool programs operating with funding that was initially allocated in a prior fiscal year, at least half the children enrolled at a preschool site shall be four-year-olds. Any exception to this requirement shall be approved by the superintendent. The superintendent shall inform the Secretary of Child Development and Education of any exceptions that have been granted.

(d) The following provisions apply to the award of any new funding for the expansion of the state preschool program that is appropriated by the Legislature for that purpose in any fiscal year:

(1) In an application for those expansion funds, an agency shall furnish the superintendent with an estimate of the number of four-year-old and three-year-old children that it plans to serve in the following fiscal year with those expansion funds. The agency also shall furnish documentation that indicates the basis of those estimates.

(2) In awarding contracts for expansion pursuant to this subdivision, the superintendent, after taking into account the geographic criteria established pursuant to Section 8289, and the headquarters preferences and eligibility criteria relating to fiscal or programmatic noncompliance established pursuant to Section 8261, shall give priority to applicant agencies that, in expending the expansion funds, will be serving the highest percentage of four-year-old children.

(3) Agencies that receive funding for the expansion of a state

preschool program shall enroll children in the following priority order:

(A) Neglected or abused children who are recipients of child protective services, or recipients who are at risk of being neglected or abused, upon written referral from a legal, medical, or social services agency.

(B) Four-year-old children who are eligible for the state preschool program.

Otherwise, children shall be enrolled based on other statutory and regulatory priorities for the state preschool program.

(e) Nothing in this section shall be deemed to preclude a local educational agency from subcontracting with an appropriate public or private agency to operate a state preschool program and to apply for funds made available for the purposes of this section. If a school district chooses not to operate or subcontract for a state preschool program, the superintendent shall work with the county office of education and other eligible agencies to explore possible opportunities in contracting or alternative subcontracting to provide a state preschool program.

(f) Nothing in this section shall prevent eligible children who are currently receiving services from continuing to receive those services in future years pursuant to this chapter.

SEC. 3. Section 8263 of the Education Code is amended to read:

8263. (a) The Superintendent of Public Instruction shall adopt rules and regulations on eligibility, enrollment, and priority of services needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family is (A) a current aid recipient, (B) income eligible, (C) homeless, or (D) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) A family needs the child care service because the child is identified by a legal, medical, social service agency, or emergency shelter as (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

(b) Priority for state and federally subsidized child development services is as follows:

(1) First priority shall be given to neglected or abused children who are recipients of child protective services, or recipients who are at risk of being neglected or abused, upon written referral from a

legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the superintendent, shall be admitted first. When two or more families are in the same priority in relation to income, the family that has been on the waiting list for the longest amount of time shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for, and may grant specific waivers of, the priorities established in this subdivision for agencies that wish to serve specific populations, including disabled children or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) Notwithstanding any other provision of law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services if the contractor is able to transfer the family's enrollment to another program for which the family continues to be eligible prior to the date of termination of services. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs within that county.

(d) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because a parent or guardian has filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(e) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(f) The superintendent shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter, which shall include, but not be limited to, the following restrictions:

(1) No fees shall be assessed for families whose children are enrolled in the state preschool program.

(2) A contractor or provider may require parents to provide diapers. A contractor or provider offering field trips either may include the cost of the field trips within the service rate charged to the parent or may charge parents an additional fee. No federal or state money shall be used to reimburse parents for the costs of field trips if those costs are charged as an additional fee. A contractor or provider that charges parents an additional fee for field trips shall inform parents, prior to enrolling the child, that a fee may be charged and that no reimbursement will be available. A contractor or provider may charge parents for field trips or require parents to provide diapers only under the following circumstances:

(A) The provider has a written policy that is adopted by the agency's governing board that includes parents in the decisionmaking process regarding both of the following:

(i) Whether or not, and how much, to charge for field trip expenses.

(ii) Whether or not to require parents to provide diapers.

(B) The maximum total of charges per child in a contract year does not exceed twenty-five dollars (\$25).

(C) No child is denied participation in a field trip due to the parent's inability or refusal to pay the charge. No adverse action shall be taken against any parent for that inability or refusal.

Each contractor or provider shall establish a payment system that prevents the identification of children based on whether or not their parents have paid a field trip charge.

Expenses incurred and income received for field trips pursuant to this section, shall be reported to the State Department of Education. The income received for field trips shall be reported specifically as restricted income.

(g) The superintendent shall establish guidelines for the collection of employer-sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(h) The superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(i) No public funds shall be paid directly or indirectly to any agency that does not pay at least the minimum wage to each of its employees.

SEC. 3.3. Section 8263 of the Education Code is amended to read:

8263. (a) The Superintendent of Public Instruction shall adopt rules and regulations on eligibility, enrollment, and priority of services needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family is (A) a current aid recipient, (B) income eligible, (C) homeless, or (D) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) (A) A family needs the child care service because the child is identified by a legal, medical, or social service agency, or emergency shelter as (i) a recipient of protective services, (ii) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (iii) having a medical or psychiatric special need which cannot be met without provision of child day care.

(B) A family needs the child care services because the parent or relative caregiver is (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, (iv) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care, or (v) the service is essential to family preservation and support.

(b) Priority for state and federally subsidized child development services is as follows:

(1) First priority shall be given to neglected or abused children who are recipients of child protective services, or recipients who are at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the superintendent, shall be admitted first. When two or more families are in the same priority in relation to income, the family that has been on the waiting list for the longest amount of time shall be admitted first. For purposes of determining order of

admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for, and may grant specific waivers of, the priorities established in this subdivision for agencies that wish to serve specific populations, including disabled children, children of prisoners, or children being cared for by grandparents or other relatives. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) Notwithstanding any other provision of law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services if the contractor is able to transfer the family's enrollment to another program for which the family continues to be eligible prior to the date of termination of services. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs within that county.

(d) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because a parent or guardian has filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(e) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(f) The superintendent shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter which shall include, but not be limited to, the following restrictions:

(1) No fees shall be assessed for families whose children are enrolled in the state preschool program.

(2) A contractor or provider may require parents to provide diapers. A contractor or provider offering field trips either may include the cost of the field trips within the service rate charged to the parent or may charge parents an additional fee. No federal or state money shall be used to reimburse parents for the costs of field trips if those costs are charged as an additional fee. A contractor or provider that charges parents an additional fee for field trips shall inform parents, prior to enrolling the child, that a fee may be charged and that no reimbursement will be available. A contractor or provider may charge parents for field trips or require parents to provide diapers only under the following circumstances:

(A) The provider has a written policy that is adopted by the agency's governing board that includes parents in the decisionmaking process regarding both of the following:

(i) Whether or not, and how much, to charge for field trip expenses.

(ii) Whether or not to require parents to provide diapers.

(B) The maximum total of charges per child in a contract year does not exceed twenty-five dollars (\$25).

(C) No child is denied participation in a field trip due to the parent's inability or refusal to pay the charge. No adverse action shall be taken against any parent for that inability or refusal.

Each contractor or provider shall establish a payment system that prevents the identification of children based on whether or not their parents have paid a field trip charge.

Expenses incurred and income received for field trips pursuant to this section, shall be reported to the State Department of Education. The income received for field trips shall be reported specifically as restricted income.

(g) The superintendent shall establish guidelines for the collection of employer-sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(h) The superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(i) No public funds shall be paid directly or indirectly to any agency that does not pay at least the minimum wage to each of its employees.

(j) For purposes of this section, "relative caregiver" means an adult head of the household who cares for one or more minor children whose parents are absent who is related to the minor or

minors by blood or affinity, including all relatives whose status is preceded by the words "step," "great," "great-great," or "grand."

(k) The State Department of Education shall report, by January 1, 1997, on both of the following:

(1) The number of families who have qualified for child care and development services pursuant to clause (v) of subparagraph (B) of paragraph (2) of subdivision (a).

(2) The number of families, if any, who otherwise would have received services pursuant to this section, but did not, because of the addition of clause (v) to subparagraph (B) of paragraph (2) of subdivision (a).

SEC. 3.5. Section 8263 of the Education Code is amended to read:

8263. (a) The Superintendent of Public Instruction shall adopt rules and regulations on eligibility, enrollment, and priority of services needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family is (A) a current aid recipient, (B) income eligible, (C) homeless, or (D) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) A family needs the child care service because the child is identified by a legal, medical, social service agency, or emergency shelter as (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

(b) Priority for state and federally subsidized child development services is as follows:

(1) First priority shall be given to neglected or abused children who are recipients of child protective services, or recipients who are at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for, and may grant specific waivers of, the priorities established in this subdivision for agencies that wish to serve specific populations, including disabled children or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) Notwithstanding any other provision of law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services in another state or federally funded child care and development program if the contractor is able to transfer the family's enrollment to another program for which the family is eligible prior to the date of termination of services or to exchange the family's existing enrollment with the enrollment of a family in another program, provided that both families satisfy the eligibility requirements for the program in which they are being enrolled. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs within that county.

(d) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because a parent or guardian has filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(e) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(f) The superintendent shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter, which shall include, but not be limited to, the following restrictions:

(1) No fees shall be assessed for families whose children are enrolled in the state preschool program.

(2) A contractor or provider may require parents to provide diapers. A contractor or provider offering field trips either may include the cost of the field trips within the service rate charged to the parent or may charge parents an additional fee. No federal or state money shall be used to reimburse parents for the costs of field trips if those costs are charged as an additional fee. A contractor or provider that charges parents an additional fee for field trips shall inform parents, prior to enrolling the child, that a fee may be charged and that no reimbursement will be available. A contractor or provider may charge parents for field trips or require parents to provide diapers only under the following circumstances:

(A) The provider has a written policy that is adopted by the agency's governing board that includes parents in the decisionmaking process regarding both of the following:

(i) Whether or not, and how much, to charge for field trip expenses.

(ii) Whether or not to require parents to provide diapers.

(B) The maximum total of charges per child in a contract year does not exceed twenty-five dollars (\$25).

(C) No child is denied participation in a field trip due to the parent's inability or refusal to pay the charge. No adverse action shall be taken against any parent for that inability or refusal.

Each contractor or provider shall establish a payment system that prevents the identification of children based on whether or not their parents have paid a field trip charge.

Expenses incurred and income received for field trips pursuant to this section, shall be reported to the State Department of Education. The income received for field trips shall be reported specifically as restricted income.

(g) The superintendent shall establish guidelines for the collection of employer-sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(h) The superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(i) No public funds shall be paid directly or indirectly to any agency that does not pay at least the minimum wage to each of its

employees.

SEC. 3.7. Section 8263 of the Education Code is amended to read:

8263. (a) The Superintendent of Public Instruction shall adopt rules and regulations on eligibility, enrollment, and priority of services needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family is (A) a current aid recipient, (B) income eligible, (C) homeless, or (D) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) (A) A family needs the child care service because the child is identified by a legal, medical, or social service agency, or emergency shelter as (i) a recipient of protective services, (ii) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (iii) having a medical or psychiatric special need which cannot be met without provision of child day care.

(B) A family needs the child care services because the parent or relative caregiver is (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care, or (v) the service is essential to family preservation and support.

(b) Priority for state and federally subsidized child development services is as follows:

(1) First priority shall be given to neglected or abused children who are recipients of child protective services, or recipients who are at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the superintendent, shall be admitted first. When two or more families are in the same priority in relation to income, the family that has been on the waiting list for the longest amount of time shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for, and may grant specific waivers of, the priorities established in this subdivision for agencies that wish to serve specific populations, including disabled children, children of prisoners, or children being cared for by

grandparents or other relatives. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) Notwithstanding any other provision of law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services in another state or federally funded child care and development program if the contractor is able to transfer the family's enrollment to another program for which the family is eligible prior to the date of termination of services or to exchange the family's existing enrollment with the enrollment of a family in another program provided that both families satisfy the eligibility requirements for the program in which they are being enrolled. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs within that county.

(d) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because a parent or guardian has filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(e) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(f) The superintendent shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter, which shall include, but not be limited to, the following restrictions:

(1) No fees shall be assessed for families whose children are enrolled in the state preschool program.

(2) A contractor or provider may require parents to provide diapers. A contractor or provider offering field trips either may include the cost of the field trips within the service rate charged to the parent or may charge parents an additional fee. No federal or state money shall be used to reimburse parents for the costs of field trips if those costs are charged as an additional fee. A contractor or provider that charges parents an additional fee for field trips shall inform parents, prior to enrolling the child, that a fee may be charged and that no reimbursement will be available. A contractor or provider may charge parents for field trips or require parents to provide diapers only under the following circumstances:

(A) The provider has a written policy that is adopted by the agency's governing board that includes parents in the decisionmaking process regarding both of the following:

(i) Whether or not, and how much, to charge for field trip expenses.

(ii) Whether or not to require parents to provide diapers.

(B) The maximum total of charges per child in a contract year does not exceed twenty-five dollars (\$25).

(C) No child is denied participation in a field trip due to the parent's inability or refusal to pay the charge. No adverse action shall be taken against any parent for that inability or refusal.

Each contractor or provider shall establish a payment system that prevents the identification of children based on whether or not their parents have paid a field trip charge.

Expenses incurred and income received for field trips pursuant to this section, shall be reported to the State Department of Education. The income received for field trips shall be reported specifically as restricted income.

(g) The superintendent shall establish guidelines for the collection of employer-sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(h) The superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(i) No public funds shall be paid directly or indirectly to any agency that does not pay at least the minimum wage to each of its employees.

(j) For purposes of this section, "relative caregiver" means an adult head of the household who cares for one or more minor children whose parents are absent who is related to the minor or minors by blood or affinity, including all relatives whose status is preceded by the words "step," "great," "great-great," or "grand."

(k) The State Department of Education shall report, by January 1, 1997, on both of the following:

(1) The number of families who have qualified for child care and development services pursuant to clause (v) of subparagraph (B) of paragraph (2) of subdivision (a).

(2) The number of families, if any, who otherwise would have received services pursuant to this section, but did not, because of the addition of clause (v) to subparagraph (B) of paragraph (2) of subdivision (a).

SEC. 4. Section 8450 is added to the Education Code, to read:

8450. (a) All child development contractors are encouraged to develop and maintain a reserve within the child development fund, derived from earned but unexpended funds. For the purpose of this section, "earned funds" are those for which the required number of eligible service units have been provided.

(b) In calculating the amount of final reimbursement for each contractor, the State Department of Education shall include all actual and allowable net costs, plus the amount of earned but unexpended funds added to the reserve fund in that fiscal year, as specified in subdivision (c). The total of actual and allowable net costs, plus that addition to the reserve fund, shall not exceed the maximum reimbursable amount of the contract or the contracted rate per unit of service, multiplied by the actual total services provided.

(c) A contractor may retain a reserve fund balance equal to 2 percent of the sum of the maximum reimburseable amounts of all contracts to which the contractor is a party, or two thousand dollars (\$2,000), whichever is greater. This subdivision does not apply to resource and referral programs or to alternative payment model and certificate child care contracts.

(d) Notwithstanding subdivisions (a) and (b), a contractor may retain a reserve fund balance for a resource and referral program, separate from the balance retained pursuant to subdivision (c), not to exceed 3 percent of the contract amount.

(e) Notwithstanding subdivisions (a) and (b), a contractor may retain a reserve fund for alternative payment model and certificate child care contracts, separate from the reserve fund retained pursuant to subdivisions (c) and (d), in an amount equal to either of the following, whichever is greater:

(1) Two percent of the sum of the parts of each contract to which that contractor is a party that is allowed for administration pursuant to Section 8276.7 and that is allowed for supportive services pursuant to the provisions of the contract.

(2) One thousand dollars (\$1,000).

(f) Each contractor's audit shall identify any funds earned by the contractor for each contract through the provision of contracted services in excess of funds expended.

(g) Any interest earned on reserve funds shall be included in the fund balance of the reserve. This reserve fund shall be maintained

in an interest-bearing account.

(h) Moneys in a contractor's reserve fund shall be used only for expenses which are reimbursable allowable expenses under Section 8265.

(i) Any reserve fund balance in excess of the amount authorized pursuant to subdivisions (c) and (d) shall be returned to the State Department of Education pursuant to procedures established by the department and reappropriated as second-year funds consistent with Section 8278.

(j) Upon termination of all child development contracts between a contractor and the State Department of Education, all moneys in a contractor's reserve fund shall be returned to the department pursuant to procedures established by the department, and reappropriated as second-year funds consistent with Section 8278.

(k) Expenditures from, additions to, and balances in, the reserve fund shall be included in the agency's annual financial statements and audit.

SEC. 5. Section 8263 of the Education Code is amended to read:
8263. (a) The Superintendent of Public Instruction shall adopt rules and regulations on eligibility, enrollment, and priority of services needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

- (1) A family shall be (A) a current aid recipient, (B) income

eligible, (C) homeless, or (D) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) A family shall need the child care service because the child is identified by a legal, medical, social service agency, or emergency shelter as being (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

(b) Priority for state and federally subsidized child development services shall be as follows:

(1) First priority shall be given to recipients of child protective services for children who are neglected or abused, or at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the superintendent, shall be admitted first. When two or more families are in the same priority in relation to income, the family which has been on the waiting list for the longest amount of time shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for and may grant specific waivers of the priorities established in this subdivision for agencies that wish to serve specific populations, including handicapped children or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(4) Notwithstanding any other provision of law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services in another state or federally funded child care and development program if the contractor is able

to transfer the family's enrollment to another program for which the family is eligible prior to the date of termination of services or to exchange the family's existing enrollment with the enrollment of a family in another program, providing both families satisfy the eligibility requirements for the program in which they are being enrolled. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs within that county.

(c) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(d) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(f) The superintendent shall establish guidelines for the collection of employer-sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(2) A family needs the child care service because the child is identified by a legal, medical, social service agency, or emergency shelter as (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for and may grant specific waivers of the priorities established in this subdivision for agencies that wish to serve specific populations, including disabled children or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) Notwithstanding any other provision of law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services in another state or federally funded child care and development program if the contractor is able to transfer the family's enrollment to another program for which the family is eligible prior to the date of termination of services or to exchange the family's existing enrollment with the enrollment of a family in another program, provided that both families satisfy the eligibility requirements for the program in which they are being enrolled. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs within that county.

(d) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(e) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(2) A contractor or provider may require parents to provide diapers. A contractor or provider offering field trips either may include the cost of the field trips within the service rate charged to the parent or may charge parents an additional fee. No federal or state money shall be used to reimburse parents for the costs of field

trips if those costs are charged as an additional fee. A contractor or provider that charges parents an additional fee for field trips shall inform parents, prior to enrolling the child, that a fee may be charged and that no reimbursement will be available. A contractor or provider may charge parents for field trips or require parents to provide diapers only under the following circumstances:

(A) The provider has a written policy that is adopted by the agency's governing board that includes parents in the decisionmaking process regarding both of the following:

(i) Whether or not, and how much, to charge for field trip expenses.

(ii) Whether or not to require parents to provide diapers.

(B) The maximum total of charges per child in a contract year does not exceed twenty-five dollars (\$25).

(C) No child is denied participation in a field trip due to the parent's inability or refusal to pay the charge. No adverse action shall be taken against any parent for that inability or refusal.

Each contractor or provider shall establish a payment system that prevents the identification of children based on whether or not their parents have paid a field trip charge.

Expenses incurred and income received for field trips pursuant to this section, shall be reported to the State Department of Education. The income received for field trips shall be reported specifically as restricted income.

(g) The superintendent shall establish guidelines for the collection of employer-sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(h) The superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(i) No public funds shall be paid directly or indirectly to any agency that does not pay at least the minimum wage to each of its employees.

42267. (a) Each school district that receives funding for a schoolsite pursuant to Section 42263 for any fiscal year shall report to the Superintendent of Public Instruction, no later than June 30 of that fiscal year, the number of pupils enrolled for the schoolsite in excess of the capacity of the schoolsite, as determined by State Allocation Board or court-mandated pupil loading standards.

(b) The amount of funding otherwise calculated for a schoolsite for any fiscal year pursuant to Section 42263 shall be reduced by the superintendent to reflect the extent to which the number of pupils estimated for that schoolsite for the prior fiscal year is greater than the number of pupils certified in excess of the capacity of the schoolsite for that prior fiscal year. If the amount of that reduction exceeds the funding entitlement for that schoolsite for the current fiscal year, the superintendent shall reduce the first principal

apportionment to that school district in the current fiscal year by the amount of that excess.

(c) If the number of pupils estimated for a schoolsite for the prior fiscal year is less than the number of pupils certified in excess of the capacity of the schoolsite for that prior fiscal year, the school district may elect to increase accordingly the number of pupils it subsequently claims for the prior fiscal year. In that event, the superintendent shall increase the district's funding entitlement under Section 42263 for the schoolsite for the current fiscal year, and the district's building area eligibility under Chapter 22 (commencing with Section 17700) shall be reduced accordingly pursuant to Section 17746.8.

SEC. 10. Section 46010 of the Education Code is amended to read:

46010. (a) The total days of attendance of a pupil upon the schools and classes maintained by a school district, or schools or classes maintained by the county superintendent of schools during the fiscal year shall be the number of days school was actually taught for not less than the minimum schooldays during the fiscal year less the sum of his or her absences.

(b) The absence of a pupil from school or class shall be excused for the purposes of Section 48260 and shall not, in any county office of education or school district that has not had a request pursuant to Section 2550.4 or 42238.8, respectively, to calculate its days of attendance as provided in Section 46010.2 approved, be deemed an absence in computing the attendance of a pupil if that absence was:

- (1) Due to his or her illness.
- (2) Due to quarantine under the direction of a county or city health officer.
- (3) For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
- (4) For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
- (5) For the purpose of jury duty in the manner provided for by law.
- (6) Due to exclusion from school pursuant to Section 3381 of the Health and Safety Code, so long as the absence is not more than five schooldays pursuant to Section 46010.5.

"Immediate family," as used in this subdivision, has the same meaning as that set forth in Section 45194 except that references therein to "employee" shall be deemed to be references to "pupil."

This subdivision shall not apply in the case of pupils attending summer school, adult schools, and classes, or regional occupational centers and programs other than pupils concurrently enrolled in a regular high school program and a regional occupational center or program.

(c) For purposes of reporting pupil attendance for any purpose to an agency of the federal government, the phrase "total days of

attendance of a pupil” shall be defined only as set forth in subdivision (a).

SEC. 11. Section 46010.2 of the Education Code is amended to read:

46010.2. In county offices of education and school districts that have had a request pursuant to Section 2550.4 or 42238.8, respectively, to calculate their days of attendance as provided in this section approved, the following shall apply:

(a) For the purpose of determining “changes in enrollment” pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution, as required by subdivision (d) of Section 41204, the total days of attendance by pupils in schools and classes maintained by a county office of education or school district shall, in the initial fiscal year for which their days of attendance are calculated as provided in this section, be separately calculated both as if subdivision (b) of Section 46010 did and did not apply to them. The amount resulting from the application of subdivision (b) of Section 46010 shall be used in comparison with the year prior to the initial year. The amount calculated without applying subdivision (b) of Section 46010 shall be used in comparison with the year subsequent to that initial fiscal year.

(b) For purposes other than determining changes in enrollment as provided in subdivision (a), the total days of attendance by pupils in schools and classes maintained by a county office of education or school district shall first be calculated according to subdivision (a) of Section 46010, and then increased by the same percentage of apportionable absences authorized pursuant to subdivision (b) of Section 46010 for that county office of education or school district in the fiscal year prior to the initial fiscal year for which the days of attendance are calculated as provided in this section. This amount shall not exceed the corresponding statewide average in the 1990–91 fiscal year, for county offices of education or elementary school districts, high school districts, or unified school districts, as applicable, of the number of days of attendance by pupils in the 1990–91 school year, calculated as provided in subdivision (a) of Section 46010.

SEC. 12. Section 46010.5 of the Education Code is amended to read:

46010.5. The county office of education or the governing board of the school district of attendance shall exclude any pupil who has not been immunized properly pursuant to Chapter 7 (commencing with Section 3380) of Division 4 of the Health and Safety Code. In any county office of education or school district that has not had a request pursuant to Section 2550.4 or Section 42238.8, respectively, to calculate its days of instruction as provided in Section 46010.2 approved, the first five schooldays of the exclusion shall not be deemed an absence in computing average daily attendance if the following conditions are complied with:

(a) The governing board of the district notifies the parent or

guardian of the pupil that they have two weeks to supply evidence either that the pupil has been properly immunized, or that the pupil is exempted from the immunization requirement pursuant to Section 3385 or Section 3386 of the Health and Safety Code.

(b) The governing board of the district, in that notice, refers the parent or guardian of the pupil to the pupil's usual source of medical care to obtain the immunization, or if no usual source exists, either refers the parent or guardian to the county health department, or notifies the parent that the immunizations will be administered at a school of the district.

SEC. 13. Article 4.5 (commencing with Section 48987) is added to Chapter 6 of Part 27 of the Education Code, to read:

In the case of oral communications with the parent or guardian whose primary language is other than English, concerning that guideline or the procedures for filing child abuse complaints, the governing board shall provide an interpreter for that parent or guardian.

SEC. 14. Section 52048 of the Education Code is amended to read:

52048. (a) It is the intent of the Legislature that the funding system for school improvement programs, as prescribed by Section 52046, be simplified and equalized to the end that all districts have available for ongoing efforts one hundred six dollars (\$106) per pupil enrolled in kindergarten and grades 1 to 6, inclusive, adjusted in the 1985-86 fiscal year and each fiscal year thereafter by the same percentage increase made in base revenue limits for unified school districts with over 1,500 units of average daily attendance.

(b) In order to promote this intent, the Superintendent of Public Instruction shall allocate any cost-of-living adjustment for school improvement programs in a kindergarten and grades 1 to 6, inclusive, as follows:

(1) For any school district which received an allocation in the prior year, compute the product of one hundred six dollars (\$106), adjusted for increases in base revenue limits as specified in subdivision (a), multiplied by 80 percent of the prior year enrollment in kindergarten and grades 1 to 6, inclusive.

(2) For any district which received an allocation for kindergarten and grades 1 to 6, inclusive, in the prior year which was less than the product computed in paragraph (1), allocate funds to the district equivalent to the percentage increase approved by the Legislature as the cost-of-living adjustment for school improvement, except that the allocation to the district for kindergarten and grades 1 to 6, inclusive, shall not exceed the amount computed in paragraph (1).

(c) The governing board of any school district receiving funds for school improvement programs in kindergarten and grades 1 to 6, inclusive, may elect to allocate those funds, excluding carryover reserves, on an equal per pupil basis to any school or schools in the district for use in kindergarten and grades 1 to 6, inclusive, for the operation of school improvement programs in accordance with the provisions of this chapter, provided that the allocation to any school shall not be reduced to less than 80 percent of the school's prior year enrollment in kindergarten and grades 1 to 6, inclusive, multiplied by one hundred six dollars (\$106) adjusted pursuant to subdivision (a).

(d) Any funds appropriated by the Legislature for a cost-of-living adjustment for school improvement programs for kindergarten and grades 1 to 6, inclusive, which are not allocated by the Superintendent of Public Instruction as a result of the implementation of subdivision (b) shall be allocated by the superintendent in accordance with subdivision (e).

(e) The Superintendent of Public Instruction shall allocate any additional funds appropriated by the Legislature for the implementation of school improvement programs in kindergarten and grades 1 to 6, inclusive, plus any funds remaining unallocated pursuant to subdivision (d), to school districts on an application basis. Such funds shall be allocated to school districts in accordance with criteria established by the State Board of Education in order to promote the simplification and equalization of school improvement funding in kindergarten and grades 1 to 6, inclusive. No funds shall be allocated pursuant to this subdivision to a school district which is receiving school improvement funding for kindergarten and grades 1 to 6, inclusive, in an amount equal to or greater than the amount computed in paragraph (1) of subdivision (b).

(f) The Superintendent of Public Instruction may waive the planning requirements prescribed pursuant to subdivision (a) of Section 52046, if the school district certifies that school improvement funds may be utilized effectively without preplanning. Nothing in this subdivision shall be construed to allow the use of school improvement funds in any school without a school level plan developed pursuant to this chapter.

The provisions of this section shall become operative July 1, 1984.

SEC. 15. Section 52335.8 is added to the Education Code, to read: 52335.8. For the 1993-94 and 1994-95 fiscal years only, the Superintendent of Public Instruction shall use, for the purposes of Section 52335.2, the same base average daily attendance for each

ROC/P that was used for the 1992-93 fiscal year.

SEC. 16. Section 56365 of the Education Code, as amended by Section 16 of Chapter 1296 of the Statutes of 1993, is repealed.

SEC. 17. Section 56365 of the Education Code, as amended by Section 16.1 of Chapter 1296 of the Statutes of 1993, is repealed.

SEC. 18. Section 56365 is added to the Education Code, to read:
56365. (a) Nonpublic, nonsectarian school services, including services by nonpublic, nonsectarian agencies shall be available. These services shall be provided pursuant to Section 56366 under contract with the district, special education local plan area, or county office to provide the appropriate special educational facilities, special education, or designated instruction and services required by the individual with exceptional needs when no appropriate public education program is available.

(b) Pupils enrolled in nonpublic, nonsectarian schools and agencies under this section shall be deemed to be enrolled in public schools for all purposes of Chapter 4 (commencing with Section 41600) of Part 24 and Section 42238. If an appropriate public school program or nonpublic, nonsectarian school or agency placement is not available, the district, special education local plan area, or county office shall submit a waiver request pursuant to Section 56101. The waiver request shall include information about the special education and related services provided by the

out-of-state program placement and the costs of the special education and related services provided as specified in subdivisions (a) and (b) of Section 56741 and shall indicate the efforts of the local educational agency to locate an appropriate public school or nonpublic, nonsectarian school or agency, or a combination thereof, within the state. The board shall approve or deny the waiver upon receipt of the waiver request from the local education agency at the next scheduled meeting of the board.

(f) All waivers shall be resubmitted to the board no later than March 30 each year for reapproval of the pupil's out-of-state placement for the following fiscal year. In addition to the information required as part of the initial waiver request, the district, special education local plan area, or county office shall indicate the anticipated date for the return of the pupil to a public or nonpublic, nonsectarian school or agency placement, or a combination thereof, located in the state and shall document efforts during the previous placement year to return the pupil.

(g) In addition to meeting the requirements of Section 56366.1, a nonpublic, nonsectarian school or agency that operates a program outside of this state shall be certified or licensed by that state to provide, respectively, special education and related services to pupils under the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

(b) Pupils enrolled in nonpublic, nonsectarian schools and agencies under this section shall be deemed to be enrolled in public schools for all purposes of Chapter 4 (commencing with Section 41600) of Part 24 and Section 42238. The district, special education local plan area, or county office shall be eligible to receive allowances under Chapter 7 (commencing with Section 56700) for services that are provided to individuals with exceptional needs pursuant to the contract.

(c) If the state participates in the federal program of assistance for state-operated or state-supported programs for children with disabilities (P.L. 89-313, Sec. 6), pupils enrolled in nonpublic, nonsectarian schools shall be deemed to be enrolled in state-supported institutions for all purposes of that program and shall be eligible to receive allowances under Chapter 7 (commencing with Section 56700) for supplemental services provided to individuals with exceptional needs pursuant to a contract with a district, special education local plan area, or county office of

education. In order to participate in the federal program, the state must find that participation will not result in any additional expenditures from the General Fund.

(d) The district, special education local plan area, or county office shall pay to the nonpublic, nonsectarian school or agency the full amount of the tuition for individuals with exceptional needs that are enrolled in programs provided by the nonpublic, nonsectarian school pursuant to the contract.

(e) Before contracting with a nonpublic, nonsectarian school or agency outside of this state, the district, special education local plan area, or county office shall document its efforts to utilize public schools or to locate an appropriate nonpublic, nonsectarian school or agency program, or both, within the state.

(f) If a district, special education local plan area, or county office places a pupil with a nonpublic, nonsectarian school or agency outside of this state, the pupil's individualized education program team shall submit a report to the superintendent within 15 days of the placement decision. The report shall include information about the special education and related services provided by the out-of-state program placement and the costs of the special education and related services provided, as specified in subdivisions (a) and (b) of Section 56741, and shall indicate the efforts of the local educational agency to locate an appropriate public school or nonpublic, nonsectarian school or agency, or a combination thereof, within the state. The superintendent shall submit a report to the State Board of Education on all placements made outside of this state.

(g) If a school district, special education local plan area, or county office of education decides to place a pupil with a nonpublic, nonsectarian school or agency outside of this state, that local education agency shall indicate the anticipated date for the return of the pupil to a public or nonpublic, nonsectarian school or agency placement, or a combination thereof, located in the state and shall document efforts during the previous placement year to return the pupil.

(h) In addition to meeting the requirements of Section 56366.1, a nonpublic, nonsectarian school or agency that operates a program outside of this state shall be certified or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

(i) A nonpublic, nonsectarian school or agency that is located outside of this state is eligible for certification pursuant to Section 56366.1 only if a pupil is enrolled in a program operated by that school or agency pursuant to the recommendation of an individualized education program team in California, and if that pupil's parents or guardians reside in California.

SEC. 19. Section 56366 of the Education Code, as amended by Section 16.3 of Chapter 1296 of the Statutes of 1993, is repealed.

SEC. 20. Section 56366 of the Education Code, as amended by Section 16.35 of Chapter 1296 of the Statutes of 1993, is repealed.

SEC. 21. Section 56366 is added to the Education Code, to read: 56366. It is the intent of the Legislature that the role of the nonpublic, nonsectarian school or agency shall be maintained and continued as an alternative special education service available to districts, special education local plan areas, county offices, and parents.

(a) The contract for nonpublic, nonsectarian school or agency services shall be developed in accordance with the following provisions:

(1) The contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office to provide the special education and designated instruction and services, as well as transportation specified in the pupil's individualized education program on forms provided by the superintendent in January of each year for the following fiscal year. The administrative provisions of the contract also shall include procedures for recordkeeping and documentation, and the maintenance of school records by the contracting district, special education local plan area, or county office to ensure that appropriate high school graduation credit is received by the pupil. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school.

(2) The contract shall include an individual services agreement on forms provided by the superintendent in January of each year for the following fiscal year for each pupil placed by a district, special education local plan area, or county office that will be negotiated for the length of time for which nonpublic, nonsectarian school or agency special education and designated instruction and services are specified in the pupil's individualized education program.

Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract or individual services agreement, the parent; nonpublic, nonsectarian school or agency; or district, special education local plan area, or county office may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the contract that do not alter the individual services agreement that outlines each pupil's educational instruction, services, or placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office.

(3) The contract or individual services agreement may be terminated for cause. The cause shall not be the availability of a public class initiated during the period of the contract unless the

parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(4) The nonpublic, nonsectarian school or agency shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office agree otherwise in the contract.

(5) Related services provided pursuant to a nonpublic, nonsectarian agency contract shall only be provided during the period of the child's regular or extended school year program, or both, unless otherwise specified by the pupil's individualized education program.

(6) The nonpublic, nonsectarian school or agency shall report attendance of pupils receiving special education and designated instruction and services as defined by Section 46307 for purposes of submitting a warrant for tuition to each contracting district, special education local plan area, or county office on forms developed by the superintendent.

(b) The contract or individual services agreement shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by a district, special education local plan area, or county office for pupils enrolled in the nonpublic, nonsectarian school or agency unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency.

The superintendent shall withhold 20 percent of the amount apportioned to a school district or county office for costs related to the provision of nonpublic, nonsectarian school or agency placements if the superintendent finds that the local education agency is in noncompliance with this subdivision. This amount shall be withheld from the apportionments in the fiscal year following the superintendent's finding of noncompliance. The superintendent shall take other appropriate actions to prevent noncompliant practices from occurring and report to the Legislature on those actions.

(c) (1) If the pupil is enrolled in the nonpublic, nonsectarian school or agency with the approval of the district, special education local plan area, or county office prior to agreement to a contract or individual services agreement, the district, special education local plan area, or county office shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated.

(2) If after 60 days the contract or individual services agreement has not been finalized as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract, or

the superintendent, if the county superintendent is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(d) (1) No contract for special education and related services provided by a nonpublic, nonsectarian school or agency shall be authorized under this part unless the school or agency has been certified as meeting those standards relating to the required special education and specified related services and facilities for individuals with exceptional needs. The certification shall result in the school's or agency's receiving approval to educate pupils under this part. The procedures, methods, and areas of certification shall be established by rules and regulations issued by the board that shall include, but not be limited to, procedures for conducting onsite reviews of the nonpublic, nonsectarian school or agency program and include provisions specific to the provision of special education and related services to individuals with exceptional needs from birth to preschool. In addition to those standards adopted by the board, the school or agency shall meet all applicable standards relating to fire, health, sanitation, and building safety.

(e) The school or agency shall be charged a reasonable fee for certification. The superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts with greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

- (A) 1-5 pupils — \$150.
- (B) 6-10 pupils — \$250.
- (C) 11-24 pupils — \$500.
- (D) 25-75 pupils — \$750.
- (E) 76 pupils and over — \$1,000.

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual review by the superintendent. The superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall be refunded if the application is withdrawn or is denied by the superintendent.

(f) (1) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who hold, or are receiving training under the supervision of staff who hold, a current valid California credential or license in the service rendered shall be eligible to receive certification. Only those nonpublic, nonsectarian schools or agencies located outside of California that employ staff who hold a current valid credential or license to render special education and related services as required

by that state shall be eligible to be certified.

(2) Nothing in this subdivision restricts student teachers, interns, or other staff who are enrolled in training programs that lead to a license or credential that authorize the holder to render services to special education pupils and who are under the direct supervision of a staff member who holds a current valid California credential, license, or certificate of registration document.

(3) A nonpublic, nonsectarian school or agency that employs only persons who hold a valid California credential authorizing substitute teaching pursuant to Section 56060 shall not be certified. At least one full-time person with a current valid California credential, license, or certificate of registration in the area of service to be rendered, or a current valid credential, license, or certificate or registration for appropriate special education and related services rendered that is required in another state, shall be required for purposes of certification under subdivision (d).

(4) A nonpublic, nonsectarian school or agency that employs persons holding a valid emergency credential shall document efforts of recruiting appropriately credentialed, licensed, or registered personnel for the special education and related services rendered as a condition of renewing certification.

SEC. 21.5. Section 56366 is added to the Education Code, to read: 56366. It is the intent of the Legislature that the role of the nonpublic, nonsectarian school or agency shall be maintained and continued as an alternative special education service available to districts, special education local plan areas, county offices, and parents.

(a) The master contract for nonpublic, nonsectarian school or agency services shall be developed in accordance with the following provisions:

(1) The master contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office to provide the special education and designated instruction and services, as well as transportation specified in the pupil's individualized education program on forms provided by the superintendent in January of each year for the following fiscal year. The administrative provisions of the contract also shall include procedures for recordkeeping and documentation, and the maintenance of school records by the contracting district, special education local plan area, or county office to ensure that appropriate high school graduation credit is received by the pupil. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school.

(2) The master contract shall include an individual services agreement on forms provided by the superintendent in January of each year for the following fiscal year for each pupil placed by a district, special education local plan area, or county office that will be negotiated for the length of time for which nonpublic,

nonsectarian school or agency special education and designated instruction and services are specified in the pupil's individualized education program.

Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract or individual services agreement, the parent; nonpublic, nonsectarian school or agency; or district, special education local plan area, or county office may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the master contract that do not alter the individual services agreement that outlines each pupil's educational instruction, services, or placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office.

(3) The master contract or individual services agreement may be terminated for cause. The cause shall not be the availability of a public class initiated during the period of the contract unless the parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(4) The nonpublic, nonsectarian school or agency shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office agree otherwise in the contract.

(5) Related services provided pursuant to a nonpublic, nonsectarian agency master contract shall only be provided during the period of the child's regular or extended school year program, or both, unless otherwise specified by the pupil's individualized education program.

(6) The nonpublic, nonsectarian school or agency shall report attendance of pupils receiving special education and designated instruction and services as defined by Section 46307 for purposes of submitting a warrant for tuition to each contracting district, special education local plan area, or county office on forms developed by the superintendent.

(b) The master contract or individual services agreement shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by a district, special education local plan area, or county office for pupils enrolled in the nonpublic, nonsectarian school or agency unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency.

The superintendent shall withhold 20 percent of the amount apportioned to a school district or county office for costs related to the provision of nonpublic, nonsectarian school or agency placements if the superintendent finds that the local education

agency is in noncompliance with this subdivision. This amount shall be withheld from the apportionments in the fiscal year following the superintendent's finding of noncompliance. The superintendent shall take other appropriate actions to prevent noncompliant practices from occurring and report to the Legislature on those actions.

(c) (1) If the pupil is enrolled in the nonpublic, nonsectarian school or agency with the approval of the district, special education local plan area, or county office prior to agreement to a contract or individual services agreement, the district, special education local plan area, or county office shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated.

(2) If after 60 days the master contract or individual services agreement has not been finalized as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract, or the superintendent, if the county superintendent is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(d) (1) No master contract for special education and related services provided by a nonpublic, nonsectarian school or agency shall be authorized under this part unless the school or agency has been certified as meeting those standards relating to the required special education and specified related services and facilities for individuals with exceptional needs. The certification shall result in the school's or agency's receiving approval to educate pupils under this part for a period no longer than four years from the date of the approval. The procedures, methods, and areas of certification, including information required for purposes of the application specified in subdivision (a) of Section 56366.1, shall be established by rules and regulations issued by the board that shall include, but not be limited to, procedures for conducting onsite reviews of the nonpublic, nonsectarian school or agency program and include provisions specific to the provision of special education and related services to individuals with exceptional needs from birth to preschool. In addition to those standards adopted by the board, the school or agency shall meet all applicable standards relating to fire, health, sanitation, and building safety.

(e) The school or agency shall be charged a reasonable fee for certification. The superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts

with greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

- (A) 1-5 pupils — \$150.
- (B) 6-10 pupils — \$250.
- (C) 11-24 pupils — \$500.
- (D) 25-75 pupils — \$750.
- (E) 76 pupils and over — \$1,000.

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual review by the superintendent. The superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall be refunded if the application is withdrawn or is denied by the superintendent.

(f) (1) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who hold, or are receiving training under the supervision of staff who hold, a current valid California credential or license in the service rendered shall be eligible to receive certification. Only those nonpublic, nonsectarian schools or agencies located outside of California that employ staff who hold a current valid credential or license to render special education and related services as required by that state shall be eligible to be certified.

(2) Nothing in this subdivision restricts student teachers, interns, or other staff who are enrolled in training programs that lead to a license or credential that authorize the holder to render services to special education pupils and who are under the direct supervision of a staff member who holds a current valid California credential, license, or certificate of registration document.

(3) A nonpublic, nonsectarian school or agency that employs only persons who hold a valid California credential authorizing substitute teaching pursuant to Section 56060 shall not be certified. At least one full-time person with a current valid California credential, license, or certificate of registration in the area of service to be rendered, or a current valid credential, license, or certificate of registration for appropriate special education and related services rendered that is required in another state, shall be required for purposes of certification under subdivision (d).

(4) A nonpublic, nonsectarian school or agency that employs persons holding a valid emergency credential shall document efforts of recruiting appropriately credentialed, licensed, or registered personnel for the special education and related services rendered as a condition of renewing certification.

11008.19. (a) (1) To the degree child care and development services administered by the State Department of Education pursuant to Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code are used to serve families receiving aid to families with dependent children that are eligible for child care under the AFDC program, the department and the State Department of Education, in consultation with the county welfare departments, shall establish a system for documenting child care usage by this population so the state can claim the maximum amount to which it is entitled under Title IV-A of the Social Security Act, contained in Part A (commencing with Section 601) of Subchapter 4 of Chapter 7 of Title 42 of the United States Code.

(2) To the extent permitted by federal law, on July 1, 1992, and each year thereafter, the department and the State Department of Education shall coordinate their efforts and claim federal financial participation pursuant to Title IV-A of the Social Security Act.

(3) Upon the approval of the Superintendent of Public Instruction, the department, and the State Department of Education shall enter into an interagency agreement to transfer Title IV-A funds from the department to the State Department of Education and to ensure that all federal requirements are met in carrying out the program made possible by the receipt of Title IV-A funds.

(4) The system established pursuant to paragraph (1) shall be implemented only to the extent that its implementation does not result in an overall increase in expenditures from the General Fund.

(b) (1) Title IV-A funds received pursuant to paragraph (1) of subdivision (a) shall be used to expand child care and development services in accordance with the interagency agreement required by paragraph (3) of subdivision (a).

(2) In no case shall Title IV-A funds received pursuant to this section be used to supplant existing state funds and cause the state to violate the maintenance of effort requirements for the federal Child Care and Development Block Grant and the Title IV-A "at-risk" programs. Funds made available pursuant to subdivision (a) shall be expended by the departments to support the following:

(A) Any additional administrative costs associated with documenting and claiming federal reimbursement incurred by the department, the State Department of Education, county welfare offices, and child care and development services contractors.

(B) Expanded child care and development services to families receiving AFDC benefits, in the following order of priority:

(i) AFDC families in approved education and training programs, except those receiving services under Article 3.2 (commencing with Section 11320) of Chapter 2.

(ii) AFDC applicants or recipients who choose the Alternative Assistance Program pursuant to Section 11280.

(iii) All other AFDC recipients who meet the eligibility criteria for federally funded Title IV-A child care pursuant to this section.

(c) (1) The Superintendent of Public Instruction, the Secretary

of Health and Welfare, and the Secretary for Child Development and Education, in consultation with representatives from child care and development programs, county welfare departments, legislative staff, and representatives from the Department of Finance and the office of the Legislative Analyst, shall investigate, and develop a report concerning, the feasibility of consolidating all child care and development services to provide equal access to services established by federal regulations, including issues associated with the AFDC child care disregard.

(2) The purpose of the report required by paragraph (1) shall be to develop a comprehensive, seamless program that maximizes parental choice.

(3) The Superintendent of Public Instruction, the Secretary of Health and Welfare, and the Secretary for Child Development and Education shall submit their report, including their findings and recommendations, to the appropriate policy and fiscal committees of the Legislature by January 30, 1993.

(d) (1) Notwithstanding Section 8278 of the Education Code and Item 6110-196-001 of the Budget Act of 1991 (Chapter 118 of the Statutes of 1991), the Superintendent of Public Instruction may authorize the expenditure of not more than one million dollars (\$1,000,000) in child care carryover funds by the State Department of Education and the State Department of Social Services, through an interagency agreement, for the purposes of implementing the program specified in this section in the 1991-92 and 1992-93 fiscal years.

(2) Prior to making the authorization under paragraph (1), the Superintendent of Public Instruction shall notify the appropriate policy and fiscal committees of the Legislature of the amounts to be expended pursuant to this subdivision.

(3) Funds that may be expended pursuant to this subdivision shall be expended for the purpose of supporting administrative costs associated with claiming federal reimbursement for families with dependent children receiving services pursuant to Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code. In the 1993-94 fiscal year and subsequent fiscal years, state administrative funds for both departments shall be appropriated in the annual Budget Act pursuant to subdivision (b).

(e) For purposes of this section "Title IV-A funds" means federal money received pursuant to Part A (commencing with Section 601) of Subchapter 4 of Chapter 7 of Title 42 of the United States Code.

SEC. 29. No requests shall be approved pursuant to Section 2550.4 or 42238.8 for the 1994-95 fiscal year, or any fiscal year thereafter, until the Superintendent of Public Instruction and the Director of Finance evaluate the implementation of the new method to calculate attendance pursuant to Sections 46010 and 46010.2 by school districts that were so approved pursuant to Section 42238.8, and mutually agree that additional school districts or county offices of education should be permitted to implement that method of

attendance accounting.

SEC. 30. Item 6110-161-001 of Section 2.00 of the Budget Act of 1994 is amended to read:

6110-161-001—For local assistance, Department of Education (Proposition 98), Program 10.60—Special Education Programs for Exceptional Children 1,623,811,000
Schedule:

- (a) 10.60.050-Special education instruction..... 1,607,960,000
- (b) 10.60.050-Special education program for exceptional children—prior year deficiencies 15,851,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller to Section A of the State School Fund, in lieu of the amount that otherwise would be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1994–95 fiscal year pursuant to Sections 14002 and 41301 of the Education Code, for apportionment pursuant to Part 30 (commencing with Section 56000) of the Education Code, superseding all prior law.
2. Of the amount appropriated in this item, \$53,447,000 shall be available for program growth pursuant to Section 56728.6 of the Education Code. The funds allocated pursuant to this provision shall be the only funds available in this item for program growth for ages 3 to 21 years, inclusive.

These funds shall be allocated to fully fund calculated growth units for special education programs serving pupils ages 3 to 21 years, inclusive, excluding pupils ages 3 and 4 years not requiring intensive services, based on each special education local plan area's (SELPA) pupil count data and an average number of pupils per unit of:

- (a) For special day classes and centers—10.
- (b) For resource specialist programs—24.
- (c) For designated instructional services—24.

For the purposes of allocating special day class and center (SDC) growth units, a revenue limit offset shall be calculated for the unfunded 1993–94 P-2 SDC average daily attendance for those local educational agencies that are scheduled to

- receive SDC growth units. In no case shall the offset exceed 8 pupils per SDC growth unit. All other SDC growth units shall be allocated using no revenue limit offset.
3. The number of units to be recaptured shall be calculated pursuant to Section 56728.6 of the Education Code. Within each SELPA, to maximize the use of existing units, the units available for recapture shall be shifted to any instructional setting that is eligible for growth pursuant to Provision 2. After maximizing the existing units, growth shall be calculated pursuant to the standards in Provision 2. Waivers of the subcaps (Section 56728.6 of the Education Code) may be approved only if compliance would prevent the provision of a free, appropriate public education.
 4. Of the amount specified in Provision 2, \$500,000 shall be available only for units approved by waiver for SELPAs with small or sparse populations as identified under Article 1.5 (commencing with Section 56210) of Chapter 3 of Part 30 of the Education Code. Waivers for sparsity may be approved only after previous waivers have been reviewed to determine that those units were utilized in sparsely populated areas of the SELPA, that additional units are necessary for these areas, and that severe hardship would occur without additional units for this purpose.
 5. Of the amount appropriated in this item, \$759,000 shall be available for infant program growth units (ages birth-2 years). Funds for infant units shall be allocated with the following average number of pupils per unit:
 - (a) For special classes and centers—16.
 - (b) For resource specialist programs—24.
 - (c) For designated instructional services—16.
 6. Of the amount appropriated in this item, no more than \$344,000 shall be available for the purposes of Section 56775.5 of the Education Code.
 7. Of the funds appropriated in this item, \$8,030,000 shall be available for the purchase, repair, and inventory maintenance of specialized books, materials, and equipment for pupils with low-incidence disabilities, as defined in Section 56026.5 of the Education Code.
 8. Of the funds appropriated in this item, \$4,106,000 shall be available for the purposes of

Public Law 101-392, and for vocational training and job placement for special education pupils through Project Workability I pursuant to Article 3 (commencing with Section 56470) of Chapter 4.5 of Part 30 of the Education Code. As a condition of receiving these funds, each agency shall certify that the amount of nonfederal resources, exclusive of funds received pursuant to this provision, devoted to the provision of vocational education for special education pupils shall be maintained at or above the level provided in the 1984-85 fiscal year. The Superintendent of Public Instruction may waive this requirement for agencies that can demonstrate that the requirement would impose a severe hardship.

9. Of the funds appropriated in this item, \$2,712,000 shall be available for regional occupational centers and programs that serve pupils having disabilities, \$108,870,000 shall be available for extended year programs, \$52,263,000 shall be available for regionalized program specialist services, and \$5,061,000 shall be available for county office of education longer day and year programs.
10. Except for instructional personnel services units serving infants, the county office of education or school district reporting instructional personnel services units for funding shall be the agency that employs the personnel staffing the units, unless the combined unit rate and support services ratio of a nonemploying agency is equal to or lesser than that of the employing agency and both agencies agree that the nonemploying agency shall report the units for funding.
12. Of the funds appropriated in Schedule (b), \$15,851,000 shall be transferred to Section A of the State School Fund and made available for the purposes of paying the deficiency in the special education program for the 1993-94 fiscal year. Notwithstanding Section 41206 of the Education Code, or any other provision of law, the appropriation described in this provision shall apply to the state school funding obligation, as determined under subdivision (b) of Section 8 of Article XVI of the California Constitution, for the 1994-95 fiscal year.
13. During the 1994-95 fiscal year, the State Board of Education shall not approve any waiver of

Section 56364.1 of the Education Code relating to the full inclusion of pupils with low incidence disabilities. This restriction does not prohibit the State Board of Education from approving any waiver of Section 56364 of the Education Code relating to full inclusion during the 1994-95 fiscal year.

14. (a) Notwithstanding Chapter 7 (commencing with Section 56700) of Part 30 of the Education Code, or any other provision of law, the amount available under this item for apportionment for the 1994-95 fiscal year to any school district, county office of education, or special education local plan area that aggregates the special education entitlements of all of its constituents, for the purpose of the costs of placement of individuals with exceptional needs in non-public, nonsectarian schools or agencies and licensed children's institutions, except for the costs reimbursed at 100 percent for the placement of individuals with exceptional needs who reside in licensed children's institutions, shall be the lesser of the product of the amount computed under Section 56740 of the Education Code for the second principal apportionment of the 1993-94 fiscal year multiplied by 1.03615 or the amount computed under Section 56740 of the Education Code for the 1994-95 fiscal year.
- (b) Any school district or county office of education that, in the 1993-94 fiscal year, was apportioned \$70,000 or less to fund the costs of placement of individuals with exceptional needs in nonpublic school, nonsectarian schools or agencies may apply to the State Board of Education for a waiver of subdivision (a) of this provision if, because of the placement of one or more pupils in a non-public, nonsectarian school or agency pursuant to the individualized education plan for the pupil or pupils, the school district or county office of education incurs costs for those purposes in the 1994-95 fiscal year that are equal to or greater than 130 percent of the amount apportioned to the school district or county office of education for those purposes in the 1993-94 fiscal

year.

- (c) For the 1994–95 fiscal year, if (1) any nonpublic, nonsectarian school or agency increases the rates it charges to school districts and county offices of education to provide services to pupils with exceptional needs beyond the rates charged for those services in the 1993–94 fiscal year, (2) any school district or county office of education had pupils served by that nonpublic, nonsectarian school or agency in the 1993–94 fiscal year and planned to place pupils with that same nonpublic, nonsectarian school or agency in the 1994–95 fiscal year, and (3) that school district or county office of education deems that the rate increase is not justified, then the school district or county office of education shall inform the Superintendent of Public Instruction of the rate increase and the Superintendent of Public Instruction shall deem that nonpublic, nonsectarian school or agency to be not in compliance with Section 56366 of the Education Code, and shall decertify that school or agency pursuant to that section. The superintendent shall not apportion funds pursuant to this provision for the purpose of reimbursing any nonpublic, nonsectarian school or agency that is decertified. Within 15 days after receiving notification that it is not in compliance with Section 56366 of the Education Code, a nonpublic, nonsectarian school or agency may either provide evidence to the superintendent demonstrating, to the superintendent's satisfaction, that it is in compliance with that section, in which case it shall not be decertified, or request a waiver of this subdivision from the State Board of Education. Nothing in this provision shall be interpreted to supersede Section 56743 of the Education Code; accordingly, if a school district or county office of education decides that the rate increase of a nonpublic, nonsectarian school or agency for the 1994–95 fiscal year is justified, and decides to pay the additional amount rather than report the rate increase to the Superintendent of Public Instruction, the Superintendent of Pub-

lic Instruction shall not apportion additional funds to that school district or county office of education to pay that portion of a claim related to the increase in the rate.

- (d) The State Department of Education shall undertake to ensure that all local educational agencies report the costs of placement of individuals with exceptional needs in nonpublic, nonsectarian schools and agencies in a consistent manner.

SEC. 31. Item 6110-230-001 of Section 2.00 of the Budget Act of 1994 is amended to read:

6110-230-001—For local assistance, Department of Education, (Proposition 98) for transfer to Section A of the State School Fund, for allocation by the Superintendent of Public Instruction to school districts, county offices of education, and other agencies for the purposes of the Proposition 98 educational programs funded in this item, in lieu of amounts otherwise provided by statute 3,012,504,895

Schedule:

- (a) Programs 3,081,605,874
- (b) Reimbursements..... -69,100,979

Provisions:

1. The Superintendent of Public Instruction shall take action, in a manner consistent with state policy as expressed in statute and with the purposes of this act, to ensure the orderly administration of state-funded education programs conducted by local agencies. The Superintendent of Public Instruction shall apportion funds from the program allocations to each school district, county office of education, or other agency in a manner consistent with the policies, formulas, regulations, and statutes governing those apportionments, including the appropriate program provisions set forth in the Proposed Conference Amendments No. 2 of July 2, 1992, for Senate Bill 1280 of the 1991-92 Regular Session. If funding provided in this item is greater or lesser than the amount necessary to fund these programs, the

CHAPTER 1175

An act to amend Section 49116 of the Education Code, and to amend Sections 1286, 1288, 1293.1, 1294, 1295, 1296, 1298, 1303, 1305, 1308, 1308.1, 1309, 1391, 1392, and 1394 of, to add Sections 1294.1, 1294.3, 1294.4, 1294.5, 1308.2, 1308.3, 1308.4, and 1393 to, and to repeal Section 1394.1 of, the Labor Code, relating to employment.

[Approved by Governor September 29, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Child labor law violations continue to be a serious problem in many different California industries.

(b) California's child labor laws are narrower in scope and provide for significantly lower penalties than federal labor laws prohibiting exactly the same injurious, unsafe, and unhealthy working conditions for children.

(c) The narrow scope of, and relatively light penalties under California child labor laws do little to encourage employers to prevent child injuries and illnesses in California workplaces.

(d) State officials currently are not mandated to conduct comprehensive analysis with respect to occupationally related illnesses, injuries, and deaths of children.

(e) The lack of any comprehensive analysis or statistical reporting of children's occupational illnesses, injuries, and deaths prevents Californians from understanding the types, causes, frequency, and severity of those occurrences or the full costs of child labor in this state. Other states, such as New York, have compiled those statistical analyses and reports as an essential part of protecting child workers.

SEC. 2. It is the intent of the Legislature:

(a) To afford children working in California's industries workplace protection at least as great as that provided under federal law.

(b) To bring penalties under the scope of California child labor laws into conformity with the federal penalty provisions.

(c) To establish as a goal the evaluation of the nature, causes, frequency, and costs of children's occupational injuries and illnesses in order to prevent these occurrences and ensure the well-being of all children during employment and throughout their lives.

SEC. 3. This act shall be known as the Omnibus Child Labor Reform Act of 1993.

SEC. 4. Section 49116 of the Education Code is amended to read:

(b) An employer shall not employ a minor 16 or 17 years of age for more than four hours in any day in which that minor is required by law to attend school for 240 minutes or more, except as follows:

(1) The minor is employed in personnel attendance occupations, as defined in the Industrial Welfare Commission Minimum Wage Order No. 1-74, school approved work experience, or cooperative vocational education programs.

(2) The minor has been issued a permit to work pursuant to subdivision (c) of Section 49112 and is employed in accordance with the provisions of that permit.

(c) If evidence is shown, to the satisfaction of the authority issuing the permit to work, that the schoolwork or the health of the minor is being impaired by the employment, that authority may revoke the permit.

(d) Nothing in this section shall apply to any minor employed to deliver newspapers to consumers.

SEC. 5. Section 1286 of the Labor Code is amended to read:

A person under the age of 18 years who is not required to attend school under Chapter 2 (commencing with Section 48200) and Chapter 3 (commencing with Section 48400) of Part 27 of the Education Code solely because that person is a nonresident of California shall still be considered a minor.

(d) "Labor Commissioner" means the Chief of the Division of Labor Law Enforcement, his or her deputies or agents, who shall have the authority to conduct informal hearings and determine the amount of civil penalties in accordance with this article.

SEC. 6. Section 1288 of the Labor Code is amended to read:

1288. Citations issued pursuant to this article shall be classified according to the nature of the violation, and shall indicate the classification on the face thereof, as follows:

(a) Class "A" violations are violations of Section 1292, 1293, 1293.1, 1294, 1294.1, 1294.2, 1308, or 1392, and any other violations that the director determines present an imminent danger to minor employees or a substantial probability that death or serious physical harm would result therefrom. The violation of Section 1391 for the third or subsequent time shall also constitute a class "A" violation. A physical condition or one or more practices, means, methods, or operations in use in a place of employment may constitute a violation. (2) Infants are an especially vulnerable class of people who are at the complete mercy of an unsafe crib.

(3) The design and construction of a baby crib must ensure that it is safe to leave an infant unattended for extended periods of time. A parent or caregiver has a right to believe that the crib in use is a safe place to leave an infant.

(4) Over 13,000 infants are injured in unsafe cribs every year.

(5) In the past decade, 622 infants died (a rate of 62 infants each year) from injuries sustained in unsafe cribs.

(6) The United States Consumer Product Safety Commission estimates that the cost to society resulting from injuries and death due to unsafe cribs is two hundred thirty-five million dollars (\$235,000,000) per year.

(7) Secondhand, hand-me-down, and heirloom cribs pose a special problem. There were four million infants born in this country last year, but only one million new cribs sold. As many as three out of four infants are placed in secondhand, hand-me-down, or heirloom cribs.

(8) Most injuries and deaths occur in secondhand, hand-me-down, or heirloom cribs.

(9) Existing state and federal legislation is inadequate to deal with this hazard.

(10) Prohibiting the remanufacture, retrofit, sale, contracting to sell or resell, leasing, or subletting of unsafe cribs, particularly unsafe secondhand, hand-me-down, or heirloom cribs, will prevent injuries and deaths caused by cribs.

(b) The purpose of this article is to prevent the occurrence of injuries and deaths to infants as a result of unsafe cribs by making it illegal to remanufacture, retrofit, sell, contract to sell or resell, lease, sublet, or otherwise place in the stream of commerce, after the effective date of this act, any full-size or non-full-size crib that is unsafe for any infant using the crib.

(c) It is the intent of the Legislature to encourage public and private collaboration in disseminating materials relative to the safety of baby cribs to parents, child care providers, and those who would be likely to place unsafe cribs in the stream of commerce. The Legislature also intends that informational materials regarding baby crib safety are to be developed with private resources and shall be available to consumers through the Department of Consumer Affairs.

SEC. 2. Chapter 4.7 (commencing with Section 24500) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 4.7. INFANT SAFETY

Article 1. Infant Crib Safety Act

24500. This article shall be known and may be cited as the Infant Crib Safety Act.

24501. As used in this article, the following terms have the following meanings:

(a) "Infant" means any person less than 35 inches tall and less than three years of age.

(b) "Crib" means a bed or containment designed to accommodate an infant.

(c) "Full-size crib" means a full-size crib as defined in Section 1508.3 of Title 16 of the Code of Federal Regulations regarding the requirements for full-size cribs.

(d) "Non-full-size crib" means a non-full-size crib as defined in Section 1509.2(b) of Title 16 of the Code of Federal Regulations regarding the requirements for non-full-size cribs.

(e) "Person" means any natural person, firm, corporation, association, or agent or employee thereof.

(f) "Commercial user" means any person who deals in full-size or non-full-size cribs of the kind governed by this chapter who otherwise by one's occupation holds oneself out as having knowledge or skill peculiar to the full-size or non-full-size cribs governed by this chapter, or any person who is in the business of remanufacturing, retrofitting, selling, leasing, subletting, or otherwise placing in the stream of commerce full-size or non-full-size cribs.

24502. (a) No commercial user shall remanufacture, retrofit, sell, contract to sell or resell, lease, sublet, or otherwise place in the stream of commerce, on or after January 1, 1995, a full-size or non-full-size crib that is unsafe for any infant using the crib.

(b) A crib is presumed to be unsafe pursuant to this article if it does not conform to all of the following:

(1) Part 1508 (commencing with Section 1508.1) of Title 16 of the Code of Federal Regulations.

(2) Part 1509 (commencing with Section 1509.1) of Title 16 of the Code of Federal Regulations.

(3) Part 1303 (commencing with Section 1303.1) of Title 16 of the Code of Federal Regulations.

(4) American Society for Testing Materials Voluntary Standards F966-90.

(5) American Society for Testing Materials Voluntary Standards F1169-88.

(6) Any regulations that are adopted in order to amend or supplement the regulations described in paragraphs (1) to (5), inclusive.

(c) Cribs that are unsafe or fail to perform as expected pursuant to subdivision (b) include, but are not limited to, cribs that have any of the following dangerous features or characteristics:

(1) Corner posts that extend more than one-sixteenth of an inch.

(2) Spaces between side slats more than two and three-eighths inches.

(3) Mattress support that can be easily dislodged from any point of the crib. A mattress segment can be easily dislodged if it cannot withstand at least a 25-pound upward force from underneath the

crib.

(4) Cutout designs on the end panels.

(5) Rail height dimensions that do not conform to the following:

(A) The height of the rail and end panel as measured from the top of the rail or panel in its lowest position to the top of the mattress support in its highest position is at least 22.8 centimeters (9 inches).

(B) The height of the rail and end panel as measured from the top of the rail or panel in its highest position to the top of the mattress support in its lowest position is at least 66 centimeters (26 inches).

(6) Any screws, bolts, or hardware that are loose and not secured.

(7) Sharp edges, points, or rough surfaces, or any wood surfaces that are not smooth and free from splinters, splits, or cracks.

(8) Non-full-size cribs with tears in mesh or fabric sides.

24503. On or after January 1, 1996, any commercial user who willfully and knowingly violates Section 24502 is guilty of a misdemeanor, punishable by a fine not exceeding one thousand dollars (\$1,000). Hotels, motels, or similar transient lodging shall not be subject to this section until January 1, 1998.

24504. Any person may maintain an action against any commercial user who violates Section 24502 to enjoin the remanufacture, retrofit, sale, contract to sell, contract to resell, lease, or subletting of a full-size or non-full-size crib that is unsafe for any infant using the crib, and for reasonable attorney's fees and costs. This section shall not apply to hotels, motels, or similar transient lodging until January 1, 1998.

24505. Remedies available under this article shall be in addition to any other remedies or procedures under any other provision of law that may be available to an aggrieved party.

24506. If any provision of this article or the application thereof to any person or circumstances is held invalid or unconstitutional, that invalidity shall not affect other provisions or applications of this article that can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

Article 2. Shaken Baby Syndrome

24520. The Legislature finds and declares all of the following:

(a) Shaken baby syndrome is a medically serious, sometimes fatal, matter affecting newborns and very young children. Shaking an infant or child in anger is particularly dangerous.

(b) Vigorous shaking of an infant or child can result in bleeding inside the head, causing irreversible brain damage, blindness, cerebral palsy, hearing loss, spinal cord injury, seizures, learning disabilities, and even death.

(c) While doctors have long recognized that shaking an infant or child can cause injuries, many adults remain unaware of how dangerous this practice can be.

(d) Studies have shown that exposure to materials about the

dangers of shaking a baby improved understanding of the effects of shaking an infant or child.

(e) Shaken baby syndrome is preventable. Knowledge about shaken baby syndrome can be significantly raised through education and public awareness campaigns.

(f) It is the intent of the Legislature to encourage public and private collaboration in developing instructional materials regarding shaken baby syndrome, and to encourage that these materials be supplied to health facilities, midwives, and to the State Department of Social Services free of charge.

24521. The purpose of this article is to prevent the occurrence of injuries and deaths to infants and children as a result of shaken baby syndrome by creating a statewide public awareness education campaign. The campaign shall include the distribution of readily understandable information and instructional materials regarding shaken baby syndrome, explaining its medical effects upon infants and children and emphasizing preventive measures.

24522. (a) Information and instructional materials as described in Section 24521 shall be provided free of charge by each health facility to parents or guardians of each newborn, upon discharge from the health facility. In the event of home birth attended by a licensed midwife, the midwife shall provide the information and instructional materials to the parents or guardians of the newborn.

(b) The State Department of Social Services shall provide the information and instructional materials free of charge to child care providers upon licensure and at the time of site visit.

(c) The information and instructional materials provided pursuant to this section shall focus upon the serious nature of the risk to infants and young children presented by shaken baby syndrome.

(d) The requirement that informational and instructional materials be provided pursuant to this section applies only when those materials have been supplied to those persons or entities that are required to provide the materials. The persons or entities required to provide these materials shall not be subject to any legal cause of action whatsoever based on the requirements of this section.

(e) For persons or agencies providing these materials pursuant to this section, this section does not require the provision of duplicative or redundant informational and instructional materials.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1177

An act to amend Section 25007 of the Health and Safety Code, and to amend Sections 13281 and 13282 of the Water Code, relating to waste discharge.

[Approved by Governor September 29, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 25007 of the Health and Safety Code is amended to read:

25007. (a) Applicants may be registered under any terms, conditions, orders, and directions as the health officer or his or her duly authorized representative may deem necessary for the protection of human health and comfort. Each health officer and his or her duly authorized representative may require any and all persons who are registered with the health officer to clean septic tanks, cesspools, or sewage seepage pits or to dispose of the cleanings therefrom, to file with the health officer at any time and at any frequency or intervals as the health officer or duly authorized representative may desire, a statement specifying all of the following:

(1) The name and address of the owner or tenant of each and every one of the premises where a septic tank, cesspool, or sewage seepage pit has been cleaned out by the registrant or his or her employees or by others on his or her behalf and the date of each cleaning.

(2) The location where the cleanings are disposed of and by whom.

(3) Discharges of waste that may result in violation of laws or ordinances required to be known by the registrant pursuant to Section 25004.

(b) The health officer may require the statement to be sworn to before a notary.

(c) Any and all persons registered with the health officer to clean septic tanks, cesspools, or sewage seepage pits, or to dispose of the cleanings therefrom, shall also provide a statement as required pursuant to paragraph (3) of subdivision (a) to a regional board as defined pursuant to Section 13050 of the Water Code.

SEC. 2. Section 13281 of the Water Code is amended to read:

13281. In making the determination, the regional board shall consider all relevant evidence related to the discharge, including, but not limited to, those factors set forth in Section 13241, information provided pursuant to Section 25007 of the Health and Safety Code, possible adverse impacts if the discharge is permitted, failure rates of any existing individual disposal systems whether due to inadequate design, construction, maintenance, or unsuitable

hydrogeologic conditions, evidence of any existing, prior, or potential contamination, existing and planned land use, dwelling density, historical population growth, and any other criteria as may be established pursuant to guidelines, regulations, or policies adopted by the state board.

SEC. 3. Section 13282 of the Water Code is amended to read:

13282. (a) If it appears that adequate protection of water quality, protection of beneficial uses of water, and prevention of nuisance, pollution, and contamination can be attained by appropriate design, location, sizing, spacing, construction, and maintenance of individual disposal systems in lieu of elimination of discharges from systems, and if an authorized public agency provides satisfactory assurance to the regional board that the systems will be appropriately designed, located, sized, spaced, constructed, and maintained, the discharges shall be permitted so long as the systems are adequately designed, located, sized, spaced, constructed, and maintained.

(b) An authorized public agency shall notify the regional board if the systems are not adequately designed, located, sized, spaced, constructed, and maintained.

(c) For purposes of this section, "authorized public agency" means a public agency authorized by a water quality control board and having authority to ensure that systems are adequately designed, located, sized, spaced, constructed, and maintained.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

Moreover, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Also, notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1178

An act to add Section 44253.10 to the Education Code, relating to teacher credentialing.

[Approved by Governor September 29, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares each of the following:

(a) All pupils should have the opportunity to learn. Pupils with limited English Proficiency (LEP) need equal educational access to the curriculum. Teachers of LEP pupils must have the skills and knowledge to provide appropriate methods of instruction. The pupil population in kindergarten and grades 1 to 12, inclusive, in this state has become more diverse and many pupils in our schools speak little or no English. It appears that this trend toward a more culturally diverse population will continue at a rising pace. This increase in cultural and language diversity of the schoolage population will require a dramatic increase in the number of teachers who are trained and competent to provide educational instructions to LEP pupils.

(b) The new credentialing system includes a Crosscultural, Language and Academic Development (CLAD) certificate to provide for the preparation and credentialing of teachers for LEP pupils. For the near future, there is a shortage of teachers who will meet the educational requirements of the CLAD certificates. However, there is an abundance of LEP pupils who need trained and competent teachers.

(c) In appreciation of these current circumstances, and as an alternative to the CLAD certificate program for a limited duration to efficiently and quickly generate a sufficient number of experienced, competent teachers to provide equal educational access for the large schoolage population of LEP pupils in this state, the Legislature hereby enacts Section 44253.10 of the Education Code.

SEC. 2. Section 44253.10 is added to the Education Code, to read:

44253.10. (a) A teacher with a basic teaching credential may be assigned to provide specially designed content instruction delivered in English, as defined in subdivision (b) of Section 44253.2, to limited-English-proficient pupils only if the following conditions are met:

(1) The teacher, as of January 1, 1995, is a permanent employee of a school district, a county office of education, or a school administered under the authority of the Superintendent of Public Instruction, or has been employed in a school district with an average daily attendance of not more than 250 for at least two years.

(2) The teacher completes 45 clock hours of staff development in methods of specially designed content instruction delivered in English prior to January 1, 1998. The commission may extend that date by an additional six-month period if the commission finds, on the basis of a petition by the staff development sponsor, that the sponsor has made a good faith effort to provide the staff development but has been unable to do so because of circumstances beyond the control of the sponsor providing the staff development and the teachers.

(b) The commission, in consultation with the Superintendent of Public Instruction, shall establish guidelines for the provision of staff development pursuant to this section. The commission and the superintendent shall use their best efforts to establish these guidelines as soon as possible, but in no event later than January 1, 1996. Staff development pursuant to this section shall be consistent with the commission's guidelines. To ensure the highest standards of program quality and effectiveness, the guidelines shall include quality standards for the persons who train others to perform staff development training and for those who provide the training. The guidelines may require that teachers who qualify to provide instruction pursuant to paragraph (1) of subdivision (d) include a portion within the total 45 clock hours of training provided in paragraph (2) of subdivision (a) in English language development. The guidelines and standards established by the commission to implement this section shall require and maintain compliance with any requirements mandated by federal law or its implementing regulations for purposes of assuring continued federal financial assistance.

(c) The staff development may be sponsored by any school district, county office of education, or regionally accredited college or university meets the standards included in the guidelines established pursuant to this subdivision or any organization that meets those standards and is approved by the commission. Any equivalent three semester unit or four quarter unit class may be taken by the teacher at a regionally accredited college or university to satisfy the staff development requirement described in subdivision (a).

(d) A teacher who completes the staff development described in subdivision (a) shall be awarded a certificate of completion of staff development in methods of specifically designed content instruction in English by the school district or county office of education, but may not be assigned to provide content instruction in the pupil's primary language, as defined in subdivision (c) of Section 44253.2. A teacher who completes that staff development may be assigned to provide instruction for English language development, as defined in subdivision (a) of Section 44253.2, in a self-contained classroom only under either of the following circumstances:

(1) The teacher has taught for at least nine years in California public schools and certifies that he or she has had experience, or training in, teaching limited-English-proficient pupils and authorizes

verification by the entity that issues the certificate of completion. The teacher shall be awarded a certificate of completion in methods of instruction for English language development in a self-contained classroom issued by the school district or county office of education.

(2) The teacher has taught for less than nine years in California public schools, or has taught for at least nine years in California public schools but is unable to certify that he or she has had experience, or training in, teaching limited-English-proficient pupils, but has, within three years of completing the staff development described in subdivision (a), completed an additional 45 hours of staff development, including English language development training, as set forth in the guidelines developed pursuant to subdivision (a). Upon completion of this additional staff development, the teacher shall be awarded a certificate of completion in methods of instruction for English language development in a self-contained classroom issued by the school district or county office of education.

(e) A teacher who is pursuing the training specified in paragraph (2) of subdivision (a) or subdivision (d), or both, including through the period for the assessment and awarding of the certificate, may be provisionally assigned to provide instruction for English language development, as defined in subdivision (a) of Section 44253.2, or to provide specially designed content instruction delivered in English, as defined in subdivision (b) of Section 44253.2, during the period in which the teacher pursues that training.

(f) A teacher who meets the requirements for a certificate of completion may be assigned indefinitely to provide the instructional services named on the certificate in any school district, county office of education, or school administered under the authority of the Superintendent of Public Instruction.

(g) A school district or county office of education that provides staff development pursuant to paragraph (2) of subdivision (a) shall award each teacher who completes the staff development a certificate of completion of staff development in methods of specially designed content instruction in English or English language development, or both, in accordance with the staff development that the teacher completed.

(h) Teacher assignments made in accordance with subdivision (a) of this section shall be included in the reports required by subdivisions (a) and (e) of Section 44258.9.

(i) A school district governing board shall make reasonable efforts to provide limited-English-proficient pupils in need of English language development instruction with teachers who hold appropriate credentials, language development specialist certificates, or crosscultural language and academic development certificates that authorize English language development instruction. However, any teacher awarded a certificate or certificates of completion under subdivision (e) shall be deemed certificated and competent to provide the services listed on that

certificate of completion. A teacher who completes staff development pursuant to this section may use those hours of staff development to meet the requirements of subdivision (b) of Section 44277.

(k) Any teacher completing staff development pursuant to this section shall be credited with three semester units or four quarter units for each block of 45 hours of staff development completed for the purpose of meeting the requirements set forth in subdivision (b) of Section 44253.3.

(l) Any school district may use funds allocated to it for the purposes of Chapter 3.1 (commencing with Section 44670) to provide staff development pursuant to this section.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars (\$1,000,000), reimbursement shall be made from the State Mandates Claims Fund. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1179

An act to amend Section 39616 of, and to add Section 40440.2 to, the Health and Safety Code, relating to air pollution.

[Approved by Governor September 29, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 39616 of the Health and Safety Code is amended to read:

39616. (a) The Legislature hereby finds and declares all of the following:

(1) Several regions in California suffer from some of the worst air quality in the United States.

(2) While traditional command and control air quality regulatory programs are effective in cleaning up the air, other options for improvement in air quality, such as market-based incentive programs, should be explored, provided that those programs result in equivalent emission reductions while expending fewer resources and while maintaining or enhancing the state's economy.

(3) The purpose of this section is to establish requirements under

which a district board may adopt market-based incentive programs in a manner which achieves the greatest air quality improvement while strengthening the state's economy and preserving jobs.

(b) (1) A district may adopt a market-based incentive program as an element of the district's plan for attainment of the state or federal ambient air quality standards.

(2) A market-based incentive program that satisfies the conditions in this section may substitute for current command and control regulations and future air quality measures that would otherwise have been adopted as part of the district's plan for attainment, and may be implemented in lieu of some or all of the control measures adopted by the district pursuant to Chapter 10 (commencing with Section 40910) of Part 3.

(c) In adopting the rules and regulations to implement a program for the use of market-based incentives, a district shall, at the time the rules and regulations are adopted, make express findings and shall, at the time the rules and regulations are submitted to the state board, submit appropriate information to substantiate the basis for making the findings that each of the following conditions is met on an overall districtwide basis:

(1) The program will result in an equivalent or greater reduction in emissions at equivalent or less cost compared with current command and control regulations and future air quality measures that would otherwise have been adopted as part of the district's plan for attainment.

(2) The program will provide a level of enforcement and monitoring, to ensure compliance with emission reduction requirements, comparable with command and control air quality measures that would otherwise have been adopted by the district for inclusion in the district's plan for attainment.

(3) The program will establish a baseline methodology that provides appropriate credit so that stationary sources of air pollution which have been modified prior to implementation of the program to reduce stationary source emissions are treated equitably.

(4) The program will not result in a greater loss of jobs or more significant shifts from higher to lower skilled jobs, on an overall districtwide basis, than that which would exist under command and control air quality measures that would otherwise have been adopted as part of the district's plan for attainment. A finding of compliance with this requirement may be made in the same manner as the analyses made by the district to meet the requirements of Section 40728.5.

(5) The program will not in any manner delay, postpone, or otherwise hinder district compliance with Chapter 10 (commencing with Section 40910) of Part 3.

(6) The program will not result in disproportionate impacts, measured on an aggregate basis, on those stationary sources included in the program compared to other permitted stationary sources in the district's attainment plan.

(d) (1) A plan or plan revision submitted to the state board prior to January 1, 1993, shall be designed to achieve equivalent emission reductions and reduced cost and job impacts compared to current command and control regulations and future air quality measures that would otherwise have been adopted as part of the district's implementation plan. The state board shall, not later than 90 days after the program has been submitted, or by April 1, 1993, whichever is sooner, determine whether the program complies with this paragraph. A district shall not implement the program unless the state board determines that the plan or plan revision complies with this paragraph.

(2) A plan or plan revision submitted on or after January 1, 1993, shall be designed to meet the provisions of subdivision (c) and Section 40440.1 if applicable. The state board shall approve the plan or plan revision prior to program implementation, and shall make its determination not later than 90 days from submittal of the plan or plan revision.

(3) Upon the adoption of rules and regulations to implement the program, the district shall submit the rules and regulations to the state board. The state board shall, within 90 days, determine whether the rules and regulations meet the requirements of this section and Section 40440.1, if applicable. This paragraph does not prohibit the district from implementing the program upon the approval of the plan or plan revision and prior to submittal of the implementing rules and regulations.

(e) Within five years of the date of adoption of a program for the use of market-based incentives, the district board shall commence public hearings to reassess the program and shall, not later than seven years from the district's initial adoption of the program, ratify the findings required pursuant to paragraphs (1), (2), (5), and (6) of subdivision (c) and the district's compliance with Section 40440.1, if applicable, with the concurrence of the state board. If the district fails to ratify the findings within the seven-year period, the district shall make appropriate revisions to the district's plan for attainment.

(f) The district board shall reassess any program subject to this section if the market price of emission trading units exceeds a predetermined level set by the district board. The district board may take action to revise the program. A predetermined market price review level shall be set in a public hearing in consideration of the costs of command and control air quality measures that would otherwise have been adopted as part of the district's plan for attainment, costs and factors submitted by interested parties, and any other factors considered appropriate by the district. The district board may revise the market price review level for emission trading units every three years during attainment plan updates required under Section 40925. In revising the market price review level, the district board shall consider the factors used in setting the initial market price review level as well as other economic impacts, including the overall impact of the program on job loss, rate of

business formation, and rate of business closure.

(g) For sources not included in market-based incentive programs, this section does not apply to, and shall in no way limit, existing district authority to facilitate compliance with particular emission control measures by imposing or authorizing sourcewide emission caps, alternative emission control plans, stationary for mobile source emission trades, mobile for mobile source emission trades, and similar measures, whether imposed or authorized by rule or permit condition.

(h) This section does not apply to the implementation of market-based transportation control measures which do not involve emissions trading.

SEC. 2. Section 40440.2 is added to the Health and Safety Code, to read:

40440.2. (a) In addition to, and notwithstanding the requirements of, Section 39616, all of the following shall be implemented as part of the south coast district's market-based incentive program, the Regional Clean Air Incentives Market, also known as RECLAIM:

(1) (A) On or before July 1, 1998, the south coast district staff shall provide to the south coast district board a progress report based on the annual audits specified in paragraph (3). The progress report shall meet all of the following requirements:

(i) The data in the report for the nitrogen oxides RECLAIM program shall be aggregated by three-digit SIC code and facility emission rate to the extent feasible. The categories of emission rates shall be under 4, 4 to 10, inclusive, 11 to 100, inclusive, and over 100 tons per year.

(ii) The data in the report for the sulfur oxides RECLAIM program shall be aggregated by three-digit SIC code only to the extent feasible.

(iii) In preparing the report, the south coast district shall publish in an appendix all final data and model outputs, except that it shall keep confidential any facility-specific information that is obtained by either the south coast district, or any independent contractor retained by the south coast district, in the course of preparing the report.

(iv) Any publication of the data obtained from facilities by the south coast district shall be in aggregate form only, as specified in this subdivision. The south coast district board shall make the raw data available to the public.

(B) The south coast district board shall receive public comment on the progress report.

(C) The south coast district shall not lower the emission threshold for mandatory participation in the RECLAIM program for nitrogen oxides and sulfur oxides from the threshold that was established on October 15, 1993, until the progress report is completed and a public hearing on the report has been held, unless the south coast district board finds, after a public hearing, that there will be no adverse

environmental or economic effects resulting from a lowered emission threshold.

(2) On or before July 1, 1997, an advisory committee shall be selected by the south coast district board. The advisory committee shall serve for a maximum of one year, or until the report required by paragraph (4) is made to the south coast district board, whichever is later. The advisory committee shall be composed of the following members:

(A) One representative from each of the following:

(i) A facility that participates in one or both of the market-based incentive programs and emits more than 100 tons of nitrogen oxides or sulfur oxides annually.

(ii) A facility that emits from 11 to 100 tons, inclusive, of nitrogen oxides or sulfur oxides annually.

(iii) A facility that emits less than 10 tons, of nitrogen oxides or sulfur oxides annually.

(B) One representative from the south coast district staff, one representative from the state board, and one representative from the Environmental Protection Agency.

(C) One representative from a financial institution.

(D) One representative from an academic institution.

(E) One representative from an market commodities or securities trading institution.

(F) One representative from an economic analysis research institution.

(G) Two representatives from environmental organizations.

(H) One representative from each of the investor-owned energy utilities serving the south coast district, and one representative from a municipal energy utility representing the City of Los Angeles.

(I) One representative from a technical contractor specializing in installation and certification of emissions monitoring equipment.

The advisory committee shall present its peer review conclusions to the south coast district board as an independent report concurrently with the staff progress report. The advisory committee may request staff support from the south coast district in conducting its peer review and preparing the report.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level

CHAPTER 1180

An act to add Article 1.7 (commencing with Section 52336) to Chapter 9 of Part 28 of, the Education Code, relating to vocational education.

[Approved by Governor September 29, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) Currently, approximately 16.6 percent of our state's pupils drop out before completing high school. Over the long run, the burden of some of the costs of sustaining uneducated, unproductive individuals is shouldered by our welfare and penal systems.

(2) A major contributing factor to the dropout rate is a lack of any connection between obtaining a high school diploma or continuing with the education system beyond high school and opportunities for employment and the availability of career options.

(b) It is the intent of the Legislature in enacting this act to provide a direct link between the concluding years of high school and employment and career options, thereby helping to decrease the percentage of pupils who drop out of high school.

SEC. 2. Article 1.7 (commencing with Section 52336) is added to Chapter 9 of Part 28 of the Education Code, to read:

Article 1.7. Career Preparatory Program

52336. (a) Any business, trade or professional association, union, or state or local governmental agency operating within this state may establish and operate, under the auspices of the local school district, a career preparatory program within this state that meets the requirements of this article.

(b) As part of a career preparatory program, an entity establishing and operating the program shall develop and implement a course of instruction for all pupils enrolled in the program that satisfies the requirements of Section 51225.3 applicable to grades 11 and 12.

(c) Subject to the development of the course of instruction delineated in subdivision (b) and to continuing certification by the State Department of Education, an entity establishing and operating a career preparatory program may propose and implement a program that is designed to provide on-the-job training and

instruction in specific vocational skills to prepare students for future employment.

(d) An entity establishing and operating a career preparatory program shall present pupils who have successfully completed all aspects of the program with a certificate of completion that shall supplement a high school diploma.

52336.1. Any pupil who has successfully completed his or her education through grade 10, with the written consent of his or her parent or guardian, may choose to follow either a traditional college preparatory curriculum or a career preparatory program established pursuant to Section 52336.

52336.3. (a) The State Department of Education shall adopt rules and regulations by January 1, 1996, in relation to the following:

(1) An application process for entities that are seeking to establish and operate a career preparatory program pursuant to Section 52336 that includes, but is not limited to, the name of the entity, the organizational structure of the entity, its years of operation within the state, its financial stability, and the type of career preparatory program to be offered.

(2) An application process for pupils who are seeking to enroll in a career preparatory program established pursuant to Section 52336 that includes, but is not limited to, the age of the pupil, transcripts, or other official documents that show successful completion of his or her education through grade 10, and written consent for participation in the career preparatory program from the parent or guardian of the pupil.

(3) An initial and continuing certification process to ensure that the entity seeking to establish and operate a career preparatory program pursuant to Section 52336 develops and implements the course of instruction set forth in subdivision (b) of Section 52336.

(4) A process to evaluate and certify that pupils have successfully completed the course of instruction set forth in subdivision (b) of Section 52336. This process may include the successful completion of standardized achievement tests as developed by the State Department of Education.

(5) Any other necessary standards or policies to govern the administration of career preparatory programs established under this article.

(b) The rules and regulations adopted pursuant to this section shall be published for distribution as soon as practicable after adoption.

52336.5. (a) A private entity establishing a career preparatory program pursuant to this article shall not be eligible for any moneys from the state or any school district.

(b) An entity establishing a career preparatory program pursuant to Section 52336 may contract for assistance in the development or administration of that program with one or more of the following:

(1) A community college district.

(2) A school district that operates an adult education program.

- (3) A regional occupational center or program.
- (4) Any other public vocational education program.

CHAPTER 1181

An act to amend Sections 74156 and 74157 of, and to add and repeal Article 2 (commencing with Section 79130) to Chapter 9 of Part 49 of, the Education Code, relating to schools.

[Approved by Governor September 29, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 74156 of the Education Code is amended to read:

74156. Each affected district governing board shall set a date for a hearing on the petition, which shall be within 60 days of the receipt of the petition forwarded pursuant to Section 74155, and the county superintendent shall notify the chief petitioners of the times and places of the hearings, where appropriate. At the hearings, interested persons shall be given an opportunity to present their views on the petition. The affected district governing boards then shall either approve or deny the petition. No new district shall be formed unless a majority of the members of a majority of the affected district governing boards sign a statement agreeing to all conditions of the formation at the hearings. Upon completion of the hearings, each affected school district governing board shall return the petition, together with a notice of action, to the county committee.

SEC. 2. Section 74157 of the Education Code is amended to read:

74157. The county committee may approve the petition only if all of the following conditions are met:

(a) A majority of the affected district governing boards have consented to all conditions of the formation by an agreement signed by a majority of the members of each board.

(b) The county committee finds that:

(1) The formation will not result in any increased cost to the state.

(2) The formation will not result in a reduction in state aid to community college districts not party to the petition.

(3) The projected funding of the new district is adequate to meet its needs as projected during the first five years of operation.

(4) The allocation of local property tax revenues has been accurately determined and will be appropriately implemented.

(5) The formation will not significantly affect the racial or ethnic composition of the districts affected.

(6) The formation will not decrease educational opportunities for residents of the districts affected.

SEC. 3. Article 2 (commencing with Section 79130) is added to

Chapter 9 of Part 49 of the Education Code, to read:

Article 2. Eastern Madera Education Center

79130. For purposes of this article, the following definitions shall apply:

(a) "Center" means the Eastern Madera Education Center established pursuant to Section 79131.

(b) "District" means the State Center Community College District.

79131. (a) The Eastern Madera Education Center is hereby established as an off-campus center of Kings River Community College within the State Center Community College District.

(b) The Legislature, in establishing the center on a pilot basis, intends to provide expanded access to postsecondary educational services to the residents of eastern Madera County and Mariposa County.

(c) The Legislature finds and declares that the unique barriers to adequate postsecondary educational services for the residents of eastern Madera County and Mariposa County necessitate special legislative assistance. Due to geographic and transportation isolation that requires a commute of more than one hour to reach the nearest community college or education center, residents of these areas are denied meaningful access to comprehensive educational services.

79132. (a) From funds appropriated pursuant to subdivision (g) of Section 84750, in addition to any other funds that the district otherwise receives, the chancellor shall apportion to the district funds for enrollment growth equal to 90 full-time equivalent students (FTES) in fiscal year 1995-96 inclusive, at the statewide average funding rate per FTES. If the actual FTES enrolled at the center is less than the amount budgeted pursuant to this section, FTES funds in the following fiscal year shall be reduced by the difference. Funds received by the district pursuant to this subdivision may be expended only for support and operation of the center and shall supplement, and not supplant, existing district funds for support of educational services in eastern Madera County.

(b) In order to be eligible to receive funds pursuant to subdivision (a), the district shall maintain the level of support from its own funds for educational services in eastern Madera County for fiscal year 1995-96 at the level provided during the 1992-93 fiscal year.

79133. The Board of Governors shall designate Mariposa County within the service area of the district. It is the intent of the Legislature in establishing the center to expand community college services for the residents of Mariposa County.

79134. The governing board of the district shall establish a local advisory committee for the center. The President of Kings River Community College, the chancellor of the district, and the governing board of the district shall consult regularly with the committee on matters relating to the operation of the center,

including program and course schedules. The committee shall be comprised of students, educators, representatives of business and commerce, representatives of local tribes, and members of the general public, in eastern Madera County and Mariposa County.

79135. The Legislature intends that the supplemental funds provided to the district pursuant to this article are sufficient to cover any additional costs imposed on the district by this article.

79136. The California Postsecondary Education Commission, pursuant to its responsibilities as described in Section 66904, shall evaluate the center and submit its findings to appropriate committees of the Legislature and to the Governor no later than January 1, 2000. It is the intent of the Legislature that the commission conduct its evaluation from within existing resources, and that no new funds be appropriated for this purpose.

79137. This article shall become inoperative on June 30, 2000, and, as of January 1, 2001, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2001, deletes or extends that date.

SEC. 4. Due to the unique circumstances concerning access to educational services in the geographically isolated areas of Madera and Mariposa Counties, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 5. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law. Pursuant to Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the July 1 following the date on which the act takes effect pursuant to the California Constitution.

CHAPTER 1182

An act to add Section 44226 to the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 44226 is added to the Education Code, to read:

44226. (a) The Commission on Teacher Credentialing shall conduct a study of teacher preparation programs to assess the extent to which those programs prepare candidates for teaching credentials to teach critical thinking and problem-solving skills to pupils who are in kindergarten and grades 1 to 12, inclusive.

(b) The commission shall make a written report, based on the results of the study, on or before November 1, 1995, to the Senate Special Committee on Critical Thinking and Problem Solving in Our Schools, the Senate Committee on Education, and the Assembly Committee on Education.

SEC. 2. The sum of twenty thousand dollars (\$20,000) is hereby appropriated to the Commission on Teacher Credentialing from the Teacher Credentials Fund for the 1994-95 fiscal year for the purpose of staff costs incurred by the commission for teacher preparation programs pursuant to Section 44226 of the Education Code.

SEC. 3. The State Department of Education shall not solicit applications for the award of any funding provided pursuant to the federal Goals 2000: Educate America Act (P.L. 103-227) prior to February 28, 1995.

SEC. 4. It is the intent of the Legislature, in enacting Section 3 of this act, to provide additional time for public notice of, and input in, the development of the state plan to adopt content and performance standards for elementary and secondary education, and to increase the amount of information and time available to school districts for the development of plans to meet those standards. It is also the intent of the Legislature that, in accordance with federal law, the State Department of Education be given adequate time to develop a plan for the distribution of the money provided pursuant to Public Law 103-227, that ensures the equitable distribution of funds among school districts in the state.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the Commission on Teacher Credentialing is paid as soon as possible for its costs in implementing teacher preparation programs, and to ensure sufficient time for public input on the use of federal funds in developing educational standards, it is necessary that this act take effect immediately.

CHAPTER 1183

The board may make exceptions from the established priorities if it determines that the pupils affected will benefit.

(b) If at any time the number of portable classrooms available exceeds the number of those required by applicant districts, as determined by basic loading standards and eligibility requirements, the board may authorize additional portable classrooms to be placed in any school district that agrees to hire an additional teacher for each additional portable classroom placed in the district pursuant to this subdivision.

(c) If at any time the number of portable classrooms available exceeds the number of those required by applicant districts, as determined by basic loading standards and eligibility requirements, the board shall authorize additional portable classrooms to be placed in any school district, upon request of the school district, for the

purpose of providing licensed child day care programs or recreation or enrichment activities or programs for schoolage children on a schoolsite, unless the surplus classrooms are needed for emergency purposes.

SEC. 3. Section 17792 of the Education Code is amended to read:

17792. (a) No portable classrooms shall be made available to any school district unless the district furnishes evidence, satisfactory to the board, that the district has no available bond proceeds that could be used for the purchase of classroom facilities.

Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 8234 is added to the Education Code, to read:

8234. (a) It is the intent of the Legislature to pilot a Migrant Family Day Care Program that trains and supports migrant workers to become family day care home providers to take care of migrant preschool children. The Legislature declares that this service approach meets the unique child care needs of migrant parents and their children by accomplishing the following:

- (1) Providing service continuity that enhances program quality.
- (2) Eliminating the need to support a facility that is only used seasonally, thereby reducing costs and allowing more children to be served with the same dollars.
- (3) Providing migrant workers higher paying employment options as child care providers.

(b) The Superintendent of Public Instruction shall establish, in the 1994-95 fiscal year, in Region IV of the service regional system established pursuant to Section 54444.1, the Migrant Family Day Care program. (d) In accordance with the procedures set forth in Section 18000 of Title 5 of the California Code of Regulations, the superintendent shall issue a request for applications in Region IV of the regional service system established pursuant to Section 54444.1.

(e) A school district, county office of education, nonprofit entity, public entity, or a consortium thereof may submit an application to establish a Migrant Family Day Care program pursuant to this section if it is eligible for funding pursuant to Section 18001 of Title 5 of the California Code of Regulations.

(f) In developing the program, the superintendent shall do all of the following:

(2) Require applicant school districts, county offices of education, nonprofit entities, or public entities to include in the program design the utilization, as day care aides, of high school pupils who perform community service as part of their curriculum.

(3) Encourage the school districts, county offices of education, nonprofit entities, or public entities to seek additional funding sources, such as contributions from private entities and other federal, state, and local sources.

(4) Encourage the school districts, county offices of education, nonprofit entities, or public entities to include in the program design an institutionalization plan that shall outline a plan for the continued operation of the program beyond the initial funding source.

(5) Select and fund, at his or her discretion, the pilot program that best meets the needs of the persons to be served by taking into account the special needs of migrant families, including, but not limited to, the need for child care in early morning and late evening hours or during weekend days and that provides the most comprehensive educational component.

(g) The school district, county office of education, nonprofit entity, or public entity that is selected to implement the pilot program shall annually collect data relevant to its implementation of the program and shall prepare a summative evaluation report that shall be submitted to the Legislature not more than six months after the conclusion of the pilot program.

(h) Any funds apportioned by the superintendent for the purposes of the pilot program shall be used in conformity with Section 8 of Article IX of the California Constitution.

(b) If a petition requesting an election on a proposal to rearrange trustee area boundaries is filed, containing at least 5 percent of the signatures of the district's registered voters as determined by the elections official, the proposal shall be presented to the electors of the district, at the next succeeding election for the members of the governing board, at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot.

Before the proposal is presented to the electors, the county committee on school district organization may call and conduct one or more public hearings on

the proposal.

(d) The resolution of the county committee approving a proposal to establish a common governing board for a high school and an elementary school district within the boundaries of the high school district shall constitute an order of election. The proposal shall be presented to the electors of the district at the next succeeding statewide primary or general election, or at the next succeeding regularly scheduled election at which the electors of the district are otherwise entitled to vote, provided that there is sufficient time to place the issue on the ballot.

An inconsistent proposal approved by a lesser number of voters than the number which have approved a proposal to adopt one of the methods of election of board members specified in Section 5030 shall not be effective.

SEC. 3. Section 33050 of the Education Code is amended to read:

SEC. 9. Section 35735 of the Education Code is repealed.

SEC. 10. Section 35735 is added to the Education Code, to read: 35735. (a) Each proposal for the reorganization of school districts shall include a computation of the base revenue limit per unit of average daily attendance for the districts. That computation shall be an integral part of the proposal and shall not be considered separately from the proposal. The computation of the base revenue limit for the newly organized school districts shall be based on the current information available for each affected school district for the second principal apportionment period for the fiscal year two years prior to the fiscal year in which the reorganization is to become effective. The computation of any adjustments for employee salaries and benefits shall be based on information from the fiscal year two years prior to the fiscal year in which the reorganization is to become effective. For the purposes of this article "affected school district" means a school district affected by a reorganization because all or a portion of its average daily attendance is to be included in the newly organized school districts.

(b) The county superintendent of schools shall compute the base revenue limit per unit of average daily attendance pursuant to Section 35735.1 for a school district involved in an action to reorganize and in an action to transfer territory.

(c) The State Department of Education shall use information provided pursuant to subdivision (a) by the county superintendent of schools in each county that has a school district affected by an

action to unify or by an appeal of a transfer of territory to compute the base revenue limit per unit of average daily attendance for a newly organized school district pursuant to Section 35735.1.

(d) This section shall not apply to any reorganization proposal approved by the State Board of Education prior to January 1, 1995.

(e) Any costs incurred by the county superintendent of schools in preparing reports pursuant to this section or Section 35735.1 or 35735.2 may be billed to the affected school districts on a proportionate basis.

SEC. 11. Section 35735.1 is added to the Education Code, to read:

35735.1. (a) The base revenue limit per unit of average daily attendance for newly organized school districts shall be equal to the total of the amount of blended revenue limit per unit of average daily attendance of the affected school districts computed pursuant to paragraph (1), the amount based on salaries and benefits of classified employees computed pursuant to paragraph (2), the amount based on salaries and benefits of certificated employees calculated pursuant to paragraph (3), and the amount of the inflation adjustment calculated pursuant to paragraph (4). The following computations shall be made to determine the base revenue limit per unit of average daily attendance for the newly organized school districts:

(1) Divide the average daily attendance computed pursuant to Section 42238.5 into the base revenue limit computed pursuant to Section 42238 for each affected district, and then perform the following computation to arrive at the blended revenue limit:

(A) For each school district affected by the reorganization, multiply the amount determined pursuant to paragraph (1) by the number of units of average daily attendance for that school district that the county superintendent of schools determines will be included in the proposed school district.

(B) Add the amounts calculated pursuant to subparagraph (A).

(2) For each affected school district for which the employment of 25 percent or more of the classified full-time equivalent employees of the district is attributable to average daily attendance that the county superintendent of schools determines will be included in the newly organized school districts, the following computation shall be made to determine the amount to be included in the base revenue limit per unit of average daily attendance for the newly organized school districts that is based on the salaries and benefits of classified employees:

(A) For each of those school districts, make the following computation to arrive at the highest average amount expended for salaries and benefits for classified full-time employees by the districts:

(i) Add the amount of all salaries and benefits for classified employees of the district, including both part-time and full-time employees.

(ii) Divide the amount computed in clause (i) by the total

number of full-time equivalent classified employees in the district.

(B) Compare the amounts determined for each of those school districts pursuant to subparagraph (A) and identify the highest average amount expended for salaries and benefits for classified employees.

(C) For each of those school districts, subtract the amount determined for the district pursuant to subparagraph (A) from the amount identified pursuant to subparagraph (B).

(D) For each of those school districts, multiply the amount determined for the district pursuant to subparagraph (C) by the number of full-time equivalent classified employees employed by the district, and then multiply by the percentage of the district's average daily attendance to be included in the new district.

(E) Add the amounts computed for each school district pursuant to subparagraph (D).

(3) For each affected school district for which the employment of 25 percent or more of the certificated full-time equivalent employees of the district is attributable to average daily attendance that the county superintendent of schools determines will be included in the newly organized school districts, the following computation shall be made to determine the amount to be included in the base revenue limit per unit of average daily attendance for the newly organized school districts that is based on the salaries and benefits of certificated employees:

(A) For each of those school districts, make the following computation to determine the highest average amount expended for salaries and benefits for certificated full-time employees:

(i) Add the amount of all salaries and benefits for certificated employees, including both part-time and full-time employees.

(ii) Divide the amount determined in clause (i) by the total number of full-time equivalent certificated employees in the district.

(B) Compare the amounts determined for each school district pursuant to subparagraph (A) and identify the highest average amount expended for salaries and benefits for certificated employees.

(C) For each of those school districts, subtract the amount determined for the district pursuant to subparagraph (A) from the amount identified pursuant to subparagraph (B).

(D) For each of those school districts, multiply the amount determined for the district pursuant to subparagraph (C) by the number of full-time equivalent certificated employees of the school district, and then multiply by the percentage of the district's average daily attendance to be included in the new district.

(E) Add the amount calculated for each school district identified pursuant to subparagraph (D).

(4) The base revenue limit per unit of average daily attendance shall be adjusted for inflation as follows:

(A) Add the amounts determined pursuant to subparagraph (B) of paragraph (1), subparagraph (E) of paragraph (2), and

subparagraph (E) of paragraph (3), and divide that sum by the number of units of average daily attendance in the newly organized school districts. The amount determined pursuant to this subparagraph shall not exceed 110 percent of the blended revenue limit per unit of average daily attendance calculated pursuant to paragraph (1).

(B) Increase the amount determined pursuant to subparagraph (A) by the amount of the inflation adjustment calculated and used for apportionment purposes pursuant to Section 42238.1 for the fiscal year immediately preceding the year in which the reorganization becomes effective.

(C) Increase the amount determined pursuant to subparagraph (B) by the amount of the inflation adjustment calculated and used for apportionment purposes pursuant to Section 42238.1 for the fiscal year in which the reorganization becomes effective for all purposes.

(D) Increase the amount determined pursuant to subparagraph (C) by any other adjustments to the base revenue limit per unit of average daily attendance that the newly organized school districts would have been eligible to receive had they been reorganized in the fiscal year two years prior to the year in which the reorganization becomes effective for all purposes.

(b) The amount determined pursuant to subparagraph (D) of paragraph (4) of subdivision (a) shall be the base revenue limit per unit of average daily attendance for the newly organized school districts.

(c) The base revenue limit per unit of average daily attendance for the newly organized school district shall not be greater than the amount set forth in the proposal for reorganization that is approved by the State Board of Education. The Superintendent of Public Instruction may make adjustments to base revenue limit apportionments to a newly organized school district, if necessary to cause those apportionments to be consistent with this section.

(d) If the territorial jurisdiction of any school district was revised pursuant to a unification, consolidation, or other reorganization, occurring on or before July 1, 1989, that resulted in a school district having a larger territorial jurisdiction than the original school district prior to the reorganization, and a reorganization of school districts occurs on or after the effective date of the act that added this subdivision that results in a school district having a territorial jurisdiction that is substantially the same, as determined by the State Board of Education, as the territorial jurisdiction of that original school district prior to the most recent reorganization occurring on or before July 1, 1989, the revenue limit of the school district resulting from the subsequent reorganization shall be the same, notwithstanding subdivision (b), as the revenue limit that was determined for the original school district prior to the most recent reorganization occurring on or before July 1, 1989.

(e) The average daily attendance of a newly organized school district, for purposes of subdivision (d) of Section 42238, shall be the

average daily attendance that is attributable to the area reorganized for the fiscal year two years prior to the fiscal year in which the new district becomes effective for all purposes.

(f) For purposes of computing average daily attendance pursuant to subdivision (d) of Section 42238 for each school district that exists prior to the reorganization and whose average daily attendance is directly affected by the reorganization, the following calculation shall apply for the fiscal year two years prior to the fiscal year in which the newly reorganized school district becomes effective:

(1) Divide the 1982-83 fiscal year average daily attendance, computed pursuant to subdivision (d) of Section 42238, by the total average daily attendance of the district pursuant to Section 42238.5.

(2) Multiply the percentage computed pursuant to paragraph (1) by the total average daily attendance of the district pursuant to 42238.5 excluding the average daily attendance of pupils attributable to the area reorganized.

(g) This section shall not apply to any reorganization proposal approved by the State Board of Education prior to January 1, 1995.

(h) Notwithstanding any other provision of law, this section shall not be subject to waiver by the State Board of Education pursuant to Section 33050 or by the Superintendent of Public Instruction.

SEC. 12. Section 35735.2 is added to the Education Code, to read:

35735.2. (a) If a newly organized school district is unable to provide the school facilities necessary to provide instructional services by employees of the district to all of the pupils who are residents of that district during the fiscal year in which the reorganization becomes effective for all purposes, the base revenue limit per unit of average daily attendance of the newly organized district shall be the blended revenue limit arrived at pursuant to paragraph (1) of subdivision (a) of Section 35735.1. As the newly organized school district as adjusted by the calculations pursuant to subparagraphs (B), (C), and (D) of paragraph (4) of subdivision (a) of Section 35735.1 and subdivision (b) of Section 35735.1 obtains the school facilities necessary to provide instructional services by employees of the district to all or a portion of those pupils, the following adjustment shall be made to the base revenue limit per unit of average daily attendance of the district each fiscal year subsequent to the fiscal year in which the reorganization becomes effective until the fiscal year in which the district provides the facilities necessary to provide those services for all of those pupils:

(1) Determine the total number of pupils who are residents of the district to whom the district was unable to provide school facilities necessary to provide that instruction during the fiscal year in which the reorganization becomes effective for all purposes.

(2) Determine the total number of pupils identified in paragraph (1) that will attend school in school facilities located in, and receive instructional services provided by employees of, that district in the current fiscal year.

(3) Divide the number determined pursuant to paragraph (2) by

the number determined pursuant to paragraph (1) to determine the percentage of pupils identified in paragraph (1) who will attend school in school facilities located in, and receive instructional services provided by employees of, that district in the current fiscal year.

(4) Multiply the numbers determined pursuant to paragraphs (2) and (3) of subdivision (a) of Section 35735.1 by the percentage determined pursuant to paragraph (3) for that fiscal year, and total the amounts. Divide that sum by the number of units of average daily attendance residing in the proposed district in the current fiscal year.

(5) Increase the base revenue limit calculated pursuant to subdivision (a) of this section for the school district by the amount arrived at pursuant to paragraph (4) as adjusted by the calculations pursuant to subparagraphs (B), (C), and (D) of paragraph (4) of subdivision (a) of Section 35735.1. In no event shall the amount determined pursuant to this paragraph exceed that amount that would otherwise be calculated pursuant to subdivision (a) of Section 35735.1.

(b) For the purposes of making the adjustments described in subdivision (a), the annual audit of the school district required pursuant to Section 41020 shall include an audit of the average daily attendance of pupils by grade level and the numbers of certificated and classified employees on which the adjustments to the base revenue limit of the district were made pursuant to paragraphs (1), (2), and (3) of subdivision (a) of Section 35735.1. Until the newly organized school district provides the school facilities necessary to provide instructional services by employees of the district to pupils who are residents of the district in the manner and in the timeframes set forth in the proposal to reorganize that was approved by the State Board of Education, the county superintendent of schools shall, for each fiscal year, inform the Superintendent of Public Instruction of the extent to which the district is providing those facilities to those pupils. The county superintendent of schools may charge the school district for the cost of preparation of the report. Based on that information, the superintendent shall make base revenue limit apportionments to the school district in a manner consistent with subdivision (a).

(c) If the newly organized school district is unable to provide the school facilities necessary to provide instructional services by employees of the district to all of the pupils who are residents of the district five years from the date on which the reorganization becomes effective for all purposes, the State Department of Education shall recommend to the State Board of Education whether or not the district should be lapsed pursuant to Article 5 (commencing with Section 35780). The State Department of Education shall make that recommendation for each fiscal year until either the school district provides the school facilities necessary to provide instructional services by employees of the district to all of the pupils who are residents of the district or the district is lapsed. Upon recommendation by the State Department of Education, the State

Board of Education may direct the county committee on school district organization to lapse the school district according to the procedures set forth in Article 5 (commencing with Section 35780).

(d) This section shall not apply to any reorganization proposal approved by the State Board of Education prior to January 1, 1995.

SEC. 13. Section 35735.3 is added to the Education Code, to read:

35735.3. No transfer of seventh and eighth grade pupils between an elementary school district and a high school district shall result in the receiving district receiving a revenue limit apportionment for those pupils that exceeds 105 percent of the statewide average revenue limit for the type and size of the receiving school district.

SEC. 14. Section 35753 of the Education Code is amended to read:

35753. (a) The State Board of Education may approve proposals for the reorganization of districts, if the board has determined, with respect to the proposal and the resulting districts, that all of the following conditions are substantially met:

(1) The new districts will be adequate in terms of number of pupils enrolled.

(2) The districts are each organized on the basis of a substantial community identity.

(3) The proposal will result in an equitable division of property and facilities of the original district or districts.

(4) The reorganization of the districts will not promote racial or ethnic discrimination or segregation.

(5) The proposed reorganization will not result in any substantial increase in costs to the state.

(6) The proposed reorganization will not significantly disrupt the educational programs in the proposed districts and districts affected by the proposed reorganization and will continue to promote sound education performance in those districts.

(7) The proposed reorganization will not result in a significant increase in school housing costs.

(8) The proposed reorganization is not primarily designed to result in a significant increase in property values causing financial advantage to property owners because territory was transferred from one school district to an adjoining district.

(9) The proposed reorganization will not cause a substantial negative effect on the fiscal management or fiscal status of the proposed district or any existing district affected by the proposed reorganization.

(10) Any other criteria as the board may, by regulation, prescribe.

(b) The State Board of Education may approve a proposal for the reorganization of school districts if the board determines that it is not practical or possible to apply the criteria of this section literally, and that the circumstances with respect to the proposals provide an exceptional situation sufficient to justify approval of the proposals.

SEC. 15. Section 35780 of the Education Code is amended to read:

35780. (a) Any school district which has been organized for more than three years shall be lapsed as provided in this article if the

number of registered electors in the district is less than six or if the average daily attendance of pupils in the school or schools maintained by the district is less than six in grades 1 through 8 or is less than 11 in grades 9 through 12, except that for any unified district which has established and continues to operate at least one senior high school, the board of supervisors shall defer the lapsation of the district for one year upon a written request of the governing board of the district and written concurrence of the county committee. The board of supervisors shall make no more than three such deferments.

(b) For a newly organized school district that has been unable to provide the school facilities necessary for instructional services by employees of the district to all of the pupils who are residents of the district after five years from the date that the reorganization became effective, the county committee on school district organization, upon direction from the State Board of Education, shall initiate lapsation procedures pursuant to Section 35783 or revert the reorganized district to its original status.

(c) A school district may also be lapsed when there are no school facilities or sites on which to maintain any school in the district.

SEC. 16. Section 46304 of the Education Code is amended to read:

46304. (a) Notwithstanding anything in this code to the contrary when as a result of the unification or other reorganization of school districts, or the change of school district boundaries, and if the Superintendent of Public Instruction determines that a school district in which pupils reside does not have suitable facilities in which to maintain school for all the day pupils of the district, or that for other good and sufficient reasons the education of pupils in the district in which they reside is not practical or in the best interests of the pupils, the governing board of the district of residence shall contract with the governing board of another school district for the education of those pupils for whom suitable facilities are not available, or who should be educated in another district, as determined by the Superintendent of Public Instruction.

(b) Except as provided in subdivision (b) of Section 46607 and Sections 46610 and 46611, the average daily attendance of pupils attending a district other than the district in which they reside pursuant to a contract described in subdivision (a) shall be credited to the district of attendance for apportionment purposes.

(c) Any reorganization proposal approved by the State Board of Education on or before December 31, 1994, shall be governed by Section 46304 as it existed on December 31, 1994.

SEC. 17. Section 46605 of the Education Code is repealed.

SEC. 18. Section 46621 of the Education Code is repealed.

SEC. 19. Section 48031 of the Education Code is amended to read:

48031. Any person who is eligible to attend high school and who does not reside in a high school district or in a unified school district may attend high school in any high school district or unified school district in the county in which he or she resides or in another county.

The five-year limitation on the total of subordinate terms provided in subdivision (a) shall not apply to subordinate terms for second and subsequent convictions of kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions.

(2) As used in this subdivision, "separate occasion" means the

defendant committed a second violation of Section 207 involving the same victim after at least 24 hours elapsed following his or her release of the victim.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison, or is subject to reimprisonment for escape from custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

(d) When the court imposes a prison sentence for a felony pursuant to Section 1170, the court shall also impose the additional terms provided in subdivision (c) of Section 186.10 and Sections 667, 667.15, 667.5, 667.8, 667.85, 12022, 12022.1, 12022.2, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, and 12022.9 of this code, and the additional terms provided in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, unless the additional punishment therefor is stricken pursuant to subdivision (h). The court shall also impose any other additional term which the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of the additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) When two or more enhancements under Sections 12022, 12022.4, 12022.5, 12022.55, 12022.7, and 12022.9 may be imposed for any single offense, only the greatest enhancement shall apply. (h) Notwithstanding any other law, the court may strike the additional punishment for the enhancements provided in subdivision (c) of Section 186.10 and Sections 667.15, 667.5, 667.8, 667.85, 12022, 12022.1, 12022.2, 12022.4, 12022.6, 12022.7, 12022.75, and 12022.9 of this code, or the enhancements provided in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

1170.1. (a) Except as provided in subdivision (c) and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term, and any additional term imposed pursuant to Section 667, 667.5, 667.6, or 12022.1, and pursuant to Section 11370.2 of the Health and Safety Code. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any enhancements imposed pursuant to subdivision (c) of Section 186.10 or Section 667.15, 667.8, 667.83,

667.85, 12022, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, or 12022.9 of this code, and an enhancement imposed pursuant to Section 11370.4 or 11379.8 of the Health and Safety Code. The subordinate term for each consecutive offense which is not a "violent felony" as defined in subdivision (c) of Section 667.5 shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is not a violent felony for which a consecutive term of imprisonment is imposed, and shall exclude any enhancements. In no case shall the total of subordinate terms for these consecutive offenses which are not "violent felonies" as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a "violent felony" as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8), (9), or (17) of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is a violent felony for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section 667.15, 667.8, 667.83, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9.

(b) (1) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include one-third of any enhancements imposed pursuant to Section 667.8, 667.83, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9. The five-year limitation on the total of subordinate terms provided in subdivision (a) shall not apply to subordinate terms for second and subsequent convictions of kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions.

(2) As used in this subdivision, "separate occasion" means the defendant committed a second violation of Section 207 involving the same victim after at least 24 hours elapsed following his or her release of the victim.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison, or is subject to reimprisonment for escape from custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may

exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

The court shall also impose any other additional term which the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of the additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) When two or more enhancements under Sections 12022, 12022.4, 12022.5, 12022.55, 12022.7, and 12022.9 may be imposed for any single offense, only the greatest enhancement shall apply. (f) The enhancements provided in subdivision (c) of Section 186.10 and Sections 667, 667.15, 667.5, 667.6, 667.8, 667.83, 667.85, 12022, 12022.1, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, and 12022.9 of this code, and in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, shall be pleaded and proven as provided by law.

(g) (1) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170, unless the defendant stands convicted of a "violent felony" as defined in subdivision (c) of Section 667.5, or a consecutive sentence is being imposed pursuant to subdivision (b) or (c) of this section, or an enhancement is imposed pursuant to subdivision (c) of Section 186.10 or Section 667,

(2) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170 unless an enhancement is imposed pursuant to Section 12022.1 and both the primary and secondary offenses specified in Section 12022.1 are serious felonies as specified in subdivision (c) of Section 1192.7.

(b) Any person convicted of an offense specified in subdivision (a) who has served two or more prior prison terms as defined in Section 667.5 for any offense specified in subdivision (a), shall receive a 10-year enhancement for each of those prior terms provided that no additional enhancement shall be imposed under this subdivision for any prison term served prior to a period of 10 years in which the person remained free of both prison custody and the commission of an offense which results in a felony conviction. In addition to the 10-year enhancement imposed under this subdivision, the court also may impose a fine not to exceed twenty thousand dollars (\$20,000) for any person sentenced under this subdivision. The fine imposed and collected pursuant to this subdivision shall be deposited in the Victim-Witness Assistance Fund to be available for appropriation to fund child sexual exploitation and child sexual abuse victim counseling centers and prevention programs established pursuant to Section 13837.

(c) In lieu of the term provided in Section 1170.1, a full, separate, and consecutive term may be imposed for each violation of Section 220, other than an assault with intent to commit mayhem, provided that the person has been convicted previously of violating Section 220 for an offense other than an assault with intent to commit

mayhem, paragraph (2), (6), (3), or (7) of subdivision (a) of Section 261, paragraph (1), (4), or (5) of subdivision (a) of Section 262, Section 264.1, subdivision (b) of Section 288, Section 288.5 or subdivision (a) of Section 289, of committing sodomy in violation of subdivision (k) of Section 286, of committing oral copulation in violation of subdivision (k) of Section 288a, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person whether or not the crimes were committed during a single transaction. If the term is imposed consecutively pursuant to this subdivision, it shall be served consecutively to any other term of imprisonment, and shall commence from the time the person otherwise would have been released from imprisonment. The term shall not be included in any determination pursuant to Section 1170.1. Any other term imposed subsequent to that term shall not be merged therein but shall commence at the time the person otherwise would have been released from prison.

(d) A full, separate, and consecutive term shall be served for each violation of Section 220, other than an assault with intent to commit mayhem, provided that the person has been convicted previously of violating Section 220 for an offense other than an assault with intent to commit mayhem, paragraph (2), (3), (6), or (7) of subdivision (a) of Section 261, paragraph (1), (4), or (5) of subdivision (a) of Section 262, Section 264.1, subdivision (b) of Section 288, subdivision (a) of Section 289, of committing sodomy in violation of subdivision (k) of Section 286, of committing oral copulation in violation of subdivision (k) of Section 288a, or of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person if the crimes involve separate victims or involve the same victim on separate occasions.

In determining whether crimes against a single victim were committed on separate occasions under this subdivision, the court shall consider whether, between the commission of one sex crime and another, the defendant had a reasonable opportunity to reflect upon his or her actions and nevertheless resumed sexually assaultive behavior. Neither the duration of time between crimes, nor whether or not the defendant lost or abandoned his or her opportunity to attack, shall be, in and of itself, determinative on the issue of whether the crimes in question occurred on separate occasions.

The term shall be served consecutively to any other term of imprisonment and shall commence from the time the person otherwise would have been released from imprisonment. The term shall not be included in any determination pursuant to Section 1170.1. Any other term imposed subsequent to that term shall not be merged therein but shall commence at the time the person otherwise would have been released from prison.

(e) If the court orders a fine to be imposed pursuant to subdivision

(a) or (b), the actual administrative cost of collecting that fine, not to exceed 2 percent of the total amount paid, may be paid into the general fund of the county treasury for the use and benefit of the county.

The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any enhancements imposed pursuant to Section 667.15, 667.8, 667.85, 12022, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, or 12022.9 and an enhancement imposed pursuant to Section 11370.4 or 11379.8 of the Health and Safety Code. The subordinate term for each consecutive offense which is not a "violent felony" as defined in subdivision (c) of Section 667.5 shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is not a violent felony for which a consecutive term of imprisonment is

imposed, and shall exclude any enhancements. In no case shall the total of subordinate terms for these consecutive offenses which are not "violent felonies" as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a "violent felony" as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8), (9), or (17) of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is a violent felony for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section 667.15, 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9.

(b) (1) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include one-third of any enhancements imposed pursuant to Section 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

The court shall also impose any other additional term which the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. (f) The enhancements provided in Sections 667, 667.15, 667.5, 667.6, 667.8, 667.85, 12022, 12022.1, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, and 12022.9, and in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, shall be pleaded and proven as provided by law.

(g) (1) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170, unless the defendant stands convicted of a "violent felony" as defined in subdivision (c) of Section 667.5, or a consecutive sentence is being imposed pursuant to subdivision (b) or (c) of this section, or an enhancement is imposed pursuant to Section 667, 667.15, 667.5, 667.8, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, or 12022.9, or an enhancement is being imposed pursuant to Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, or the defendant stands convicted of felony escape from an institution in which he or she is lawfully confined.

(2) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170 unless an enhancement is imposed pursuant to Section 12022.1 and both the primary and secondary offenses specified in Section 12022.1 are serious felonies as specified

in subdivision (c) of Section 1192.7.

(h) Notwithstanding any other law, the court may strike the additional punishment for the enhancements provided in Sections 667.15, 667.5, 667.8, 667.85, 12022, 12022.1, 12022.2, 12022.4, 12022.6, 12022.7, 12022.75, and 12022.9, or the enhancements provided in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

(i) For any violation of paragraph (2), (3), or (6) of subdivision (a) of Section 261, paragraph (1) or (4) of subdivision (a) of Section 262, Section 264.1, subdivision (b) of Section 288, subdivision (a) of Section 289, or sodomy or oral copulation by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person as provided in Section 286 or 288a, the number of enhancements which may be imposed shall not be limited, regardless of whether the enhancements are pursuant to this or some other section of law. Each of the enhancements shall be a full and separately served enhancement and shall not be merged with any term or with any other enhancement.

If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

SEC. 12.5. Section 1170.1 of the Penal Code is amended to read:

1170.1. (a) Except as provided in subdivision (c) and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term, and any additional term imposed pursuant to Section 667, 667.5, 667.6, or 12022.1, and pursuant to Section 11370.2 of the Health and Safety Code. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any enhancements imposed pursuant to Section 667.15, 667.8, 667.83, 667.85, 12022, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, or 12022.9 and an enhancement imposed pursuant to Section 11370.4 or 11379.8 of the Health and Safety Code. The subordinate term for each consecutive offense which is not a "violent felony" as defined in subdivision (c) of Section 667.5 shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is not a violent felony for which a consecutive term of imprisonment is imposed, and shall exclude any enhancements. In no case shall the total of subordinate terms for these consecutive offenses which are not "violent felonies" as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a "violent felony" as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8), (9), or (17) of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is a violent felony for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section

667.15, 667.8, 667.83, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9.

(b) (1) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include one-third of any enhancements imposed pursuant to Section 667.8, 667.83, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9. The five-year limitation on the total of subordinate terms provided in subdivision (a) shall not apply to subordinate terms for second and subsequent convictions of kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions.

(2) As used in this subdivision, "separate occasion" means the defendant committed a second violation of Section 207 involving the same victim after at least 24 hours elapsed following his or her release of the victim.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison, or is subject to reimprisonment for escape from custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

The court shall also impose any other additional term which the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of the additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) When two or more enhancements under Sections 12022, 12022.4, 12022.5, 12022.55, 12022.7, and 12022.9 may be imposed for any single offense, only the greatest enhancement shall apply.

(g) (1) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170, unless the defendant stands convicted of a "violent felony" as defined in subdivision (c) of Section 667.5, or a consecutive sentence is being imposed pursuant to subdivision (b) or (c) of this section, or an enhancement is imposed pursuant to Section 667, 667.15, 667.5, 667.8, 667.83, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, or 12022.9, or an enhancement is being imposed pursuant to Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, or the defendant stands convicted of felony escape from an institution in which he or she is lawfully confined.

(2) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170 unless an enhancement is imposed pursuant to Section 12022.1 and both the primary and secondary offenses specified in Section 12022.1 are serious felonies as specified in subdivision (c) of Section 1192.7.

(h) Notwithstanding any other law, the court may strike the additional punishment for the enhancements provided in Sections 667.15, 667.5, 667.8, 667.83, 667.85, 12022, 12022.1, 12022.2, 12022.4, 12022.6, 12022.7, 12022.75, and 12022.9, or the enhancements provided in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

(d) When the court imposes a prison sentence for a felony pursuant to Section 1170, the court shall also impose the additional terms provided in subdivision (c) of Section 186.10 and Sections 667, 667.15, 667.5, 667.8, 667.83, 667.85, 12022, 12022.1, 12022.2, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, and 12022.9 of this code, and the additional terms provided in Section 11370.2, 11370.4, or 11379.8 of the Health and Safety Code, unless the additional punishment therefor is stricken pursuant to subdivision (h). Upon a plea of guilty or nolo contendere to an accusatory pleading charging a felony, other than a violation of paragraph (2), (3), or (6) of subdivision (a) of Section 261, paragraph (1) or (4) of subdivision (a) of Section 262, Section 264.1, Section 286 by force, violence, duress, menace or threat of great bodily harm, subdivision (b) of Section 288, Section 288a by force, violence, duress, menace or threat of great bodily harm, or subdivision (a) of Section 289, the plea may specify the punishment to the same extent as it may be specified by the jury on a plea of not guilty or fixed by the court on a plea of guilty, nolo contendere, or not guilty, and may specify the exercise by the court thereafter of other powers legally available to it.

Where the plea is accepted by the prosecuting attorney in open court and is approved by the court, the defendant, except as otherwise provided in this section, cannot be sentenced on the plea to a punishment more severe than that specified in the plea and the court may not proceed as to the plea other than as specified in the plea.

If the court approves of the plea, it shall inform the defendant prior to the making of the plea that (1) its approval is not binding, (2) it may, at the time set for the hearing on the application for probation or pronouncement of judgment, withdraw its approval in the light of further consideration of the matter, and (3) in that case, the defendant shall be permitted to withdraw his or her plea if he or she desires to do so. The court shall also cause an inquiry to be made of the defendant to satisfy itself that the plea is freely and voluntarily made, and that there is a factual basis for the plea.

If the plea is not accepted by the prosecuting attorney and approved by the court, the plea shall be deemed withdrawn and the defendant may then enter the plea or pleas as would otherwise have been available.

If the plea is withdrawn or deemed withdrawn, it may not be received in evidence in any criminal, civil, or special action or proceeding of any nature, including proceedings before agencies, commissions, boards, and tribunals.

However, before beginning implementation pursuant to this paragraph, the responsible party shall notify the regulatory agency of the intent to initiate proposed actions set forth in the submitted workplan.

(5) The owner, operator, or other responsible party shall conduct corrective actions in accordance with the workplan approved pursuant to the section.

(6) The local agency, the board, or the regional board shall advise the owner, operator, or other responsible party of the opportunity to seek preapproval of corrective action costs pursuant to Section 2811.4 of Title 23 of the California Code of Regulations.

25299.38. (a) On or before February 1, 1995, the board shall convene an advisory committee consisting of distinguished chemists, biologists, health professionals, geologists, engineers, and other appropriate professionals. The advisory committee shall conduct a comprehensive review of groundwater monitoring requirements, remediation techniques, and methodologies; criteria for determining that remediation has been satisfactorily completed; the cleanup standards which responsible parties conducting corrective action pursuant to this article are required to meet; and the policies, guidelines, and methods which are used to establish those standards. On or before September 1, 1995, the advisory committee shall recommend to the board any changes which it believes are necessary to ensure that cleanup standards are both technologically feasible and necessary to ensure the protection of human health and safety and the environment.

(b) On or before March 1, 1997, after consulting with representatives of local agencies, regional boards, tank owners and operators, environmental organizations, the advisory committee, and any other interested party, the board shall adopt regulations

- (5) A statewide closure certification letter to be issued by local agencies, regional boards, and the board upon satisfactory remediation of a site.

(c) Any regulations governing cleanup standards and required corrective actions adopted pursuant to this article shall ensure the protection of human health and safety and the environment.

SEC. 4. Section 25299.43 is added to the Health and Safety Code, to read:

25299.43. (a) To implement the changes to this chapter made by the act adding this section, and consistent with Section 25299.40, effective January 1, 1995, every owner subject to Section 25299.41 shall pay a storage fee of one mill (\$.001) for each gallon of petroleum placed in an underground storage tank which the person owns, in addition to the fee required by Section 25299.41. The fee imposed pursuant to this section shall be paid to the State Board of Equalization pursuant to Part 26 (commencing with Section 50101) of Division 2 of the Revenue and Taxation Code in the same manner as, and consistent with, the fees imposed pursuant to Section 24299.41.

(b) On and after January 1, 1996, the storage fee imposed pursuant to subdivision (a) shall be increased by two mills (\$.002) for each gallon of petroleum placed in an underground storage tank.

(c) On and after January 1, 1997, the storage fee imposed pursuant to subdivisions (a) and (b) shall be increased by three mills (\$.003) for each gallon of petroleum placed in an underground storage tank.

(d) The State Board of Equalization shall amend the regulations adopted pursuant to Section 25299.41 to carry out this section.

SEC. 5. Section 25299.52 of the Health and Safety Code is amended to read:

25299.52. (a) The board shall adopt a priority ranking list at least annually for awarding claims pursuant to Section 25299.57 or 25299.58. Any owner or operator eligible for payment of a claim pursuant to Section 25299.54 shall file an application with the board within a reasonable period, to be determined by the board, prior to adoption of the priority ranking list.

(b) Except as provided in subdivision (c), in awarding claims pursuant to Section 25299.57 or 25299.58, the board shall pay claims in accordance with the following order of priority:

- (1) Owners of tanks who are eligible to file a claim pursuant to subdivision (e) of Section 25299.54.

(2) Owners and operators of tanks which are either of the following:

(A) An owner or operator which is a small business, as defined in subdivision (c) of Section 14837 of the Government Code.

(B) An owner or operator which is a city, county, district, or nonprofit organization that receives total annual revenues of not more than seven million dollars (\$7,000,000). In determining the amount of a nonprofit organization's annual revenues, the board shall calculate only those revenues directly attributable to the particular site at which the tank or tanks for which the claim is submitted are located.

(3) Owners or operators of tanks which are either of the following:

(A) The owner or operator owns and operates a business which employs fewer than 500 full-time and part-time employees, is independently owned and operated, is not dominant in its field of operation, the principal office is located in California, and all of the officers of the business are domiciled in California.

(B) The owner or operator is a city, county, district, or nonprofit organization that employs fewer than 500 full-time and part-time employees. In determining the number of employees employed by a nonprofit organization, the board shall calculate only those employees employed at the particular site at which the tank or tanks for which the claim is submitted are located.

(4) All other tank owners and operators.

(c) (1) In any year in which the board is not otherwise authorized to award at least 15 percent of the total amount of funds committed for that year to tank owners or operators in those categories set forth in paragraph (3) or (4) of subdivision (b) due to the priority ranking list award limitations set forth in subdivision (b), the board shall allocate between 14 and 16 percent of the total amount of funds committed for that year to each category that is not otherwise entitled to at least that level of committed funding for that year.

(2) If the total amount of claims outstanding in one or more of the priority categories specified in paragraph (3) or (4) of subdivision (b) is less than 15 percent of the total amount annually appropriated from the fund for the purpose of awarding claims, the board shall reserve for making claims in that category only the amount that is necessary to satisfy the outstanding claims in that category.

(d) The board shall give priority to a claim which is filed before the effective date of the act adding this subdivision by a city, county, or district that is eligible for payment pursuant to Section 25299.54 in the following manner:

(1) The board shall determine whether the priority category specified for a city, county, or district pursuant to subparagraph (B) of paragraph (2), or pursuant to subparagraph (B) of paragraph (3), of subdivision (b) requires that the priority ranking of the claim be changed.

(2) If the priority ranking of the claim is changed and the claim is placed into either the priority category specified in subparagraph

(B) of paragraph (2), or specified in subparagraph (B) of paragraph (3), of subdivision (b), the board shall pay all other claims that were assigned to that priority category prior to the effective date of the act adding this subdivision before paying the claim of the city, county, or district.

(e) The board may, to carry out the intent specified in paragraph (1) of subdivision (b) of Section 25299.10 and to expedite the processing and awarding of claims pursuant to Sections 25299.57 and 25299.58, implement the contracting procedures required by Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code, as may be necessary, to alleviate the claims processing and award backlog. If, at the conclusion of any fiscal year, 25 percent or more of the funds appropriated annually for awards to claimants during that year have not actually been obligated by the board, the board shall, at its next regularly scheduled meeting, determine, in a public hearing, whether, given the circumstances of the awards backlog, it is appropriate to implement those contracting procedures for some, or all, of the claims filed with the board.

(f) For purposes of this section, the following definitions shall apply:

(1) "Nonprofit organization" means a nonprofit public benefit organization incorporated pursuant to Part 2 (commencing with Section 511) of Division 2 of Title 1 of the Corporations Code.

(2) "Annual revenue," with respect to public entities, means the total annual general purpose revenues, excluding all restricted revenues over which the governing agency has no discretion, as reported in the Annual Report of Financial Transactions submitted to the Controller, for the latest fiscal year ending prior to the date the fund reimbursement claim application was filed.

(3) "Annual revenue," with respect to nonprofit organizations, means the total annual revenues, as shown in an annual fiscal report filed with the Registry of Charitable Trusts of state and federal tax records, based on the latest fiscal year ending prior to the date the fund reimbursement claim application was filed.

(4) "General purpose revenues," as used in paragraph (2), means revenues consisting of all of the following: secured and unsecured revenues; less than countywide funds, secured and unsecured; prior year secured and unsecured penalties and delinquent taxes; sales and use taxes; transportation taxes (nontransit); property transfer taxes; transient lodging taxes; timber yield taxes; aircraft taxes; franchise taxes; fines, forfeitures, and penalties; revenues from use of money and property; motor vehicle in-lieu taxes; trailer coach in-lieu taxes; homeowner property tax relief; open-space tax relief; and cigarette taxes.

(g) The fund may sue and be sued in its own name.

SEC. 6. Section 25299.57 of the Health and Safety Code, as amended by Chapter 183 of the Statutes of 1994, is amended to read: 25299.57. (a) If the board makes the determination specified in subdivision (d), the board may only pay for the costs of corrective

actions which exceed the level of financial responsibility required to be obtained pursuant to Section 25299.32, but not more than one million dollars (\$1,000,000) for each occurrence. In the case of an owner or operator who, as of January 1, 1988, was required to perform corrective action, who initiated that corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), and who is undertaking the corrective action in compliance with waste discharge requirements or other orders issued pursuant to Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), the owner or operator may apply to the board for satisfaction of a claim filed pursuant to this article. It is the intent of the Legislature that claimants applying for satisfaction of claims from the fund be notified of eligibility for reimbursement in a prompt and timely manner and that a letter of credit or commitment which will obligate funds for reimbursement follow the notice of eligibility as soon thereafter as possible.

(b) (1) For claims eligible for reimbursement pursuant to subdivision (c) of Section 25299.55, the claimant shall submit the actual cost of corrective action to the board, which shall either approve or disapprove the costs incurred as reasonable and necessary.

(2) The board shall not reject any actual costs of corrective action in a claim solely on the basis that the invoices submitted fail to sufficiently detail the actual costs incurred, if all of the following applies:

(A) Auxiliary documentation is provided which documents to the board's satisfaction that the invoice is for necessary corrective action work.

(B) The costs of corrective action work in the claim are reasonably commensurate with similar corrective action work performed during the same time period covered by the invoice for which reimbursement is sought.

(C) The invoices include a brief description of the work performed, the date that the work was performed, the vendor, and the amount.

(c) For claims eligible for prepayment pursuant to subdivision (c) of Section 25299.55, the claimant shall submit the estimated cost of the corrective action to the board, which shall approve or disapprove the reasonableness of the cost estimate.

(d) A claim specified in subdivision (a) may be paid if the board makes all of the following findings:

(1) There has been an unauthorized release of petroleum into the environment from an underground storage tank.

(2) The claimant is required to undertake or contract for corrective action pursuant to Section 25299.37, or, as of January 1, 1988, the claimant has initiated corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code.

(3) (A) Except as provided in subparagraph (B), the claimant

has complied with Section 25299.31 and the permit requirements of Chapter 6.7 (commencing with Section 25280).

(B) All claimants who file their claim on or after January 1, 1994, and all claimants who filed their claim prior to that date but are not eligible for a waiver of the permit requirement pursuant to board regulations in effect on the date of the filing of the claim, and who did not obtain or apply for any permit required by subdivision (a) of Section 25284 by January 1, 1990, shall be subject to subparagraph (A) regardless of the reason or reasons that the permit was not obtained or applied for. However, on and after January 1, 1994, the board may waive the provisions of subparagraph (A) as a condition for payment from the fund if the board finds all of the following:

(i) The claimant was unaware of the permit requirement prior to January 1, 1990, and there was no intent to intentionally avoid the permit requirement or the fees associated with the permit.

(ii) Prior to submittal of the application to the fund, the claimant has complied with Section 25299.31 and has obtained and paid for all permits currently required by this paragraph.

(iii) Prior to submittal of the application to the fund, the claimant has paid all current underground storage tank fees imposed pursuant to Section 25299.41 and all prior fees due on and after January 1, 1991.

(C) (i) A claimant exempted pursuant to subparagraph (B) shall obtain a level of financial responsibility twice as great as the amount which the claimant is otherwise required to obtain pursuant to subdivision (a) of Section 25299.32.

(ii) The board may waive the requirements of clause (i) if the claimant can demonstrate that the conditions specified in clauses (i) to (iii), inclusive, of subparagraph (B) were satisfied prior to the causing of any contamination. That demonstration may be made through a certification issued by the permitting agency based on site and tank tests at the time of permit application or in any other manner acceptable to the board.

(D) The board shall rank all claims resubmitted pursuant to subparagraph (B) lower than all claims filed before January 1, 1994, within their respective priority classes specified in subdivision (b) of Section 25299.52.

(4) The board has approved either the costs incurred for the corrective action pursuant to subdivision (b) or the estimated costs for corrective action pursuant to subdivision (c).

(e) The board shall provide the claimant, whose cost estimate has been approved, a letter of credit authorizing payment of the costs from the fund.

(f) The claimant may submit a claim for partial payment to cover the costs of corrective action performed in stages, as approved by the board.

(g) (1) Any claimant who submits a claim for payment to the board shall submit multiple bids for prospective costs as prescribed in regulations adopted by the board pursuant to Section 25299.77.

(2) Any claimant who submits a claim to the board for the

payment of professional engineering and geologic work shall submit multiple proposals and fee estimates, as required by the regulations adopted by the board pursuant to Section 25299.70. The claimant's selection of the provider of these services is not required to be based on the lowest estimated fee, if the fee estimate conforms with the range of acceptable costs established by the board.

(3) Any claimant who submits a claim for payment to the board for remediation construction contracting work shall submit multiple bids, as required in the regulations adopted by the board pursuant to Section 25299.77.

(4) Paragraphs (1), (2), and (3) do not apply to a tank owned or operated by a public agency if the prospective costs are for private professional services within the meaning of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code and those services are procured in accordance with the requirements of that chapter.

(h) The board shall provide, upon the request of a claimant, assistance to the claimant in the selection of contractors retained by the claimant to conduct reimbursable work related to corrective actions. The board shall develop a summary of expected costs for common remedial actions. This summary of expected costs may be used by claimants as a guide in the selection and supervision of consultants and contractors.

(i) The board shall pay, within 60 days from the date of receipt of an invoice of expenditures, all costs specified in the workplan developed pursuant to Section 25299.37, and all costs which are otherwise necessary to comply with an order issued by a local, state, or federal agency.

SEC. 7. Section 25299.58 of the Health and Safety Code is amended to read:

25299.58. (a) Except as provided in subdivision (d), if the board makes the determination specified in subdivision (b), the board may only reimburse those costs which are related to the compensation of third parties for bodily injury and property damages and which exceed the level of financial responsibility required to be obtained pursuant to Section 25299.32, but not more than one million dollars (\$1,000,000) for each occurrence.

(b) A claim may be paid if the board makes all of the following findings:

(1) There has been an unauthorized release of petroleum into the environment from an underground storage tank.

(2) The claimant has been ordered to pay a settlement or final judgment for third-party bodily injury or property damage arising from operating an underground storage tank.

(3) (A) Except as provided in subparagraph (B), the claimant has complied with Section 25299.31 and the permit requirements of Chapter 6.7 (commencing with Section 25280).

(B) All claimants who file their claim on or after January 1, 1994, and all claimants who filed their claim prior to that date but are not

eligible for a waiver of the permit requirement pursuant to board regulations in effect on the date of the filing of the claim, and who did not obtain or apply for any permit required by subdivision (a) of Section 25284 by January 1, 1990, shall be subject to subparagraph (A) regardless of the reason or reasons that the permit was not obtained or applied for. However, on and after January 1, 1994, the board may waive the provisions of subparagraph (A) as a condition for payment from the fund if the board finds all of the following:

(i) The claimant was unaware of the permit requirement prior to January 1, 1990, and there was no intent to intentionally avoid the permit requirement or the fees associated with the permit.

(ii) Prior to submittal of the application to the fund, the claimant has complied with Section 25299.31 and has obtained and paid for all permits currently required by this paragraph.

(iii) Prior to submittal of the application to the fund, the claimant has paid all current underground storage tank fees imposed pursuant to Section 25299.41 and all prior fees due on and after January 1, 1991.

(C) (i) A claimant exempted pursuant to subparagraph (B) shall obtain a level of financial responsibility in an amount twice as great as the amount which the claimant is otherwise required to obtain pursuant to subdivision (a) of Section 25299.32.

(ii) The board may waive the requirements of clause (i) if the claimant can demonstrate that the conditions specified in clauses (i) to (iii), inclusive, of subparagraph (B) were satisfied prior to any contamination having been caused. That demonstration may be made through a certification issued by the permitting agency based on site and tank tests at the time of permit application or in any other manner as may be acceptable to the board.

(D) The board shall rank all claims resubmitted pursuant to subparagraph (B) lower than all claims filed before January 1, 1994, within their respective priority classes specified in subdivision (b) of Section 25299.52.

(4) The claimant is required to undertake or contract for corrective action pursuant to Section 25299.37, or, as of January 1, 1988, the claimant has initiated corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280).

(c) A claimant may be reimbursed by the fund for compensation of third parties for only the following:

(2) Actual lost wages or business income.

(3) Actual expenses for remedial action to remedy the effects of damage to the property of the third party caused by the unauthorized release of petroleum from an underground storage tank.

(4) The fair market value of the property rendered permanently unsuitable for use by the unauthorized release of petroleum from an underground storage tank.

(d) The board shall pay a claim submitted pursuant to subdivision

(e) of Section 25299.54 for the costs related to the compensation of third parties for bodily injury and property damages which exceed the level of financial responsibility required to be obtained pursuant to paragraph (2) of subdivision (a) of Section 25299.32, but not more than one million dollars (\$1,000,000) for each occurrence.

SEC. 8. This act shall become operative on July 1, 1995, except that Section 4 of this act shall become operative on January 1, 1995.

SEC. 9. Section 2.1 of this bill incorporates amendments to Section 25299.37 of the Health and Safety Code proposed by both this bill and AB 3673. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1995, (2) each bill amends Section 25299.37 of the Health and Safety Code, and (3) this bill is enacted after AB 3673, in which case Section 25299.37 of the Health and Safety Code, as amended by AB 3673, shall remain operative only until the operative date of this bill, at which time Section 2.1 of this bill shall become operative, and Section 2 of this bill shall not become operative.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act or because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. CHAPTER 1192

An act to amend, repeal, and add Sections 40925, 43201, 43800, 44001, 44011, 44012, 44013, 44015, 44037.1, 44062.1, and 44062.2 of, to add Section 39016.5 to, to add and repeal Sections 39027.5, 39047.4, 39051.7, 39053.1, 40927, 43200.5, 43646, 44001.6, 44001.7, 44013.5, 44225, and 44236.1 of, to add and repeal Article 4 (commencing with Section 43705) of Chapter 3 of, and to add and repeal Chapter 8 (commencing with Section 44250) of, Part 5 of Division 26 of, the Health and Safety Code, and to add and repeal Section 1667 of the Vehicle Code, relating to air pollution.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Air pollution is a serious environmental and public health problem in parts of California. Emissions from motor vehicles are a significant cause of that problem.

(b) Ambient air quality standards for ozone may not be attained in some parts of California unless the use of motor vehicles, particularly older high-emission motor vehicles, is reduced.

(c) It is the responsibility of all residents of ozone nonattainment areas in California to limit or mitigate the air pollution impacts of their vehicle ownership and driving decisions, by operating cleaner vehicles or driving fewer miles. It is appropriate to impose additional obligations on vehicle owners who are unable or unwilling to directly meet this obligation, so that necessary emission reductions are not jeopardized by avoidably high emissions from high use vehicles.

(d) Low-income drivers may be forced by economic circumstances to rely on older high-emission motor vehicles. Therefore, programs to help low-income drivers acquire cleaner vehicles are appropriate.

SEC. 2. The Legislature further finds and declares that the purposes of this act are to accomplish all of the following:

(a) Establish a program which can help reduce emissions from vehicles in ozone nonattainment areas to the extent necessary to attain ambient air quality standards.

(b) Provide incentives to drivers in ozone nonattainment areas to purchase and use less polluting vehicles, and to drive less.

(c) Establish a program for reducing vehicle miles traveled that covers all vehicles in all driving circumstances, which does not require employers to police employee driving decisions, and which is not unduly burdensome to low-income persons.

(d) Stimulate market demand for cleaner vehicles, so that manufacturers will be able to sell those vehicles, despite a higher purchase price.

(e) Encourage manufacturers to offer additional pollution control equipment as an extra cost option on motor vehicles sold in nonattainment areas, and to encourage consumers to purchase that equipment.

(f) Stimulate the development of after-market kits to reduce emissions from motor vehicles, and encourage the purchase of those kits by consumers.

(g) Encourage motor vehicle owners to apply enhanced vehicle maintenance practices to achieve improved engine operating efficiencies.

SEC. 8. Section 40925 of the Health and Safety Code is amended to read:

40925. (a) Every district shall review and revise its attainment plan at least once every three years, beginning in 1994, to correct for deficiencies in meeting the interim measures of progress incorporated into the plan pursuant to Section 40914, and to incorporate new data or projections into the plan.

(b) A district may modify the emission reduction strategy or alternative measure of progress for subsequent years based on this assessment if the district demonstrates to the state board, and the state board finds, that the modified strategy is at least as effective in improving air quality as the strategy which is being replaced. In making that demonstration and finding, the district and the state board shall take into account the effects in the district of district and state programs to reduce emissions from motor vehicles, including,

in a district conducting the pilot program established pursuant to subdivision (b) of Section 43705, the smog index program and programs to impose disincentives on motor vehicle owners for excess pollution miles and to subsidize the retrofit or replacement of high-emission motor vehicles. A district conducting the pilot program may require employers and indirect sources to conduct surveys periodically to obtain data on driving decisions to support that demonstration.

(c) Each district which cannot demonstrate attainment by December 31, 2000, shall prepare and submit a comprehensive update of its plan to the state board not later than December 31, 1997. The revised plan shall include an interim air quality improvement goal or an equivalent emission reduction strategy, subject to review and approval by the state board, to be achieved in the subsequent five-year period.

(d) A district that elects to conduct the pilot program established pursuant to subdivision (b) of Section 43705 shall not receive federal emission reduction credits for the pilot program unless the Environmental Protection Agency finds that the pilot program may be, dependent on the pilot program's results, a full or partial fulfillment of a federally mandated transportation control measure.

(e) A district that elects to participate in the pilot program established pursuant to subdivision (b) of Section 43705 shall only do so upon a majority vote of the district governing board.

(f) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

SEC. 9. Section 40925 is added to the Health and Safety Code, to read:

40925. (a) Every district shall review and revise its attainment plan at least once every three years, beginning in 1994, to correct for deficiencies in meeting the interim measures of progress incorporated into the plan pursuant to Section 40914, and to incorporate new data or projections into the plan.

(b) A district may modify the emission reduction strategy or alternative measure of progress for subsequent years based on this assessment if the district demonstrates to the state board, and the state board finds, that the modified strategy is at least as effective in improving air quality as the strategy which is being replaced.

(c) Each district which cannot demonstrate attainment by December 31, 2000, shall prepare and submit a comprehensive update of its plan to the state board not later than December 31, 1997. The revised plan shall include an interim air quality improvement goal or an equivalent emission reduction strategy, subject to review and approval by the state board, to be achieved in the subsequent five-year period.

to read:

40927. (a) Not later than December 31, 1995, or 180 days from the operative date of this section, whichever is later, and at the first triennial review and revision of any plan for an ozone nonattainment area, the San Diego County Air Pollution Control District and the Ventura County Air Pollution Control District, in consultation with the regional transportation planning agency in whose jurisdiction the district is located, and after public notice and comment, shall do all of the following:

(1) Estimate for the district and for the calendar year following the operative date of this section, the total emissions of ozone precursor chemicals from motor vehicles in the district, vehicle miles traveled, and average pollution miles per vehicle.

(2) In consultation with the regional planning agency for the area, determine the target pollution miles for each motor vehicle in the district for each of the next four calendar years. For the first of those four calendar years, the target pollution miles per vehicle for a 12-month period shall be set at a level so that 90 percent of the vehicles have target pollution miles below the threshold.

(3) Reduce the total target pollution miles for all motor vehicles combined in the district by 5 percent per year until the district attains the state ambient air quality standard for ozone, or until the conclusion of the pilot program established pursuant to subdivision (b) of Section 43705.

(b) The district shall update and project the target pollution miles for each motor vehicle for an additional three years at each subsequent triennial review of a plan. The determinations shall be published and shall be provided to the bureau.

(c) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this section, and on the January 1 following that date is repealed.

SEC. 11. Section 43200.5 is added to the Health and Safety Code, to read:

43200.5. (a) The sale and registration in this state of any new motor vehicle is prohibited unless a decal in the form specified by the state board pursuant to subdivision (b) of Section 44254 has been securely affixed by the manufacturer to a window of the motor vehicle, and affixed in accordance with Section 43200 and any regulations adopted pursuant to Section 43200, which discloses the smog index for the vehicle.

(b) This section does not apply to any authorized emergency vehicle, as defined in Section 165 of the Vehicle Code, or to any employer-provided carpool or vanpool vehicle.

(c) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this section, and on the January 1 following that date is repealed.

SEC. 12. Section 43201 of the Health and Safety Code is amended to read:

43201. (a) Any dealer or person holding a retail seller's permit

who sells a new motor vehicle without the decal required by Section 43200 or 43200.5 shall be subject to a civil penalty of not to exceed one thousand dollars (\$1,000).

(b) Any penalty recovered pursuant to this section shall be deposited in the General Fund.

(c) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

SEC. 13. Section 43201 is added to the Health and Safety Code, to read:

43201. (a) Any dealer or person holding a retail seller's permit who sells a new motor vehicle without the decal required by Section 43200 shall be subject to a civil penalty of not to exceed one thousand dollars (\$1,000).

(b) Any penalty recovered pursuant to this section shall be deposited into the General Fund.

(c) This section shall become operative five years from the date determined pursuant to Section 32 of the act adding this section.

SEC. 14. Section 43646 is added to the Health and Safety Code, to read:

43646. (a) The bureau, in consultation with the state board, may develop, not later than 180 days from the operative date of this section, a list of engine maintenance practices that are designed to improve a motor vehicle's engine operating efficiency. The bureau shall conduct any evaluations that it determines to be necessary to identify the extent to which various maintenance practices could reduce vehicle emissions, and the minimum periodic application of each maintenance practice that is required to achieve the desired improvement in engine operating efficiency. The bureau may contract with private automotive testing services to carry out the evaluations.

(b) The bureau shall make the list available to the public, and shall specify therein the extent to which each maintenance practice can be expected to reduce vehicle emissions, and how the application of each practice could result in a reduction of the vehicle's smog index.

(c) A motor vehicle owner who subjects his or her vehicle to enhanced maintenance practices, as established by the bureau, may submit the vehicle to an in-use emissions evaluation at a smog check station to determine if excessive in-use emissions have been reduced. If the vehicle is certified as having reduced its emissions relative to its last in-use emissions evaluation, the Department of Motor Vehicles shall adjust the smog index for the vehicle. Vehicles receiving adjustments pursuant to this subdivision shall submit to annual in-use emissions evaluations to maintain their adjusted smog index. A failure to submit an annual in-use emissions evaluation to the Department of Motor Vehicles shall result in the vehicle's smog index being adjusted to its original level.

(d) This section shall become inoperative pursuant to Section 33 of the act adding this section or, in any case, five years from the date

determined pursuant to Section 32 of the act adding this section, and on the January 1 following the date upon which this section becomes inoperative, is repealed.

SEC. 15. Article 4 (commencing with Section 43705) is added to Chapter 3 of Part 5 of Division 26 of the Health and Safety Code, to read:

Article 4. Smog Index Decals

43705. (a) There is hereby established a five-year pilot statewide smog index system for light duty vehicles.

(b) Subject to any conditions imposed by any other provision of law, there is hereby established a five-year pilot study in the San Diego County Air Pollution Control District and the Ventura County Air Pollution Control District for testing a pollution-miles-per-vehicle proposal to reduce air pollution by identifying high-pollution high-mileage vehicles and requiring annual smog checks for those vehicles.

43706. (a) The state board shall petition the Federal Trade Commission, pursuant to Part 455 of Title 16 of the Code of Federal Regulations, for a limited exemption from the Federal Trade Commission's Buyer's Guide, to allow this state to incorporate into the Buyer's Guide utilized by motor vehicle dealers in this state, a smog index chart pursuant to subdivision (b) of Section 44254.

(b) Ninety days following approval by the Federal Trade Commission of a petition pursuant to subdivision (a), it shall be unlawful for any motor vehicle dealer licensed by the Department of Motor Vehicles to display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations which includes a smog index chart pursuant to subdivision (b) of Section 44254. Ninety days following the final disapproval by the Federal Trade Commission of a petition pursuant to subdivision (a), it shall be unlawful for any motor vehicle dealer licensed by the Department of Motor Vehicles to display or offer for sale any used vehicle unless there is attached, by a perforated attachment, to the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations, a smog index chart pursuant to subdivision (b) of Section 44254.

(c) Subdivisions (a) and (b) shall not apply to any vehicle sold by either (1) a dismantler after being reported for dismantling pursuant to Section 11520 of the Vehicle Code or (2) a salvage pool after obtaining a salvage certificate pursuant to Section 11515 of the Vehicle Code. Subdivisions (a) and (b) shall also not apply to any vehicle sold to a dealer or sold for the purpose of being legally wrecked or dismantled.

43707. This article shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this article, and on the January 1 following that date is repealed.

SEC. 16. Section 43800 of the Health and Safety Code is amended to read:

43800. As used in this article, "low-emission motor vehicle" means a motor vehicle which has been certified by the state board to meet all applicable emission standards and which meets at least one of the following additional requirements:

(a) Is capable of operating on methanol, as determined by the state board, and will have an adverse impact on ambient ozone air quality not greater than a vehicle which meets the requirements of subdivision (c).

(b) Is capable of operating on any available fuel other than gasoline or diesel and, in the determination of the state board, will have an adverse impact on ambient ozone air quality not greater than a vehicle operating on methanol.

(c) Operates exclusively on gasoline and is certified to meet a hydrocarbon exhaust emission standard which is at least twice as stringent as otherwise applicable to gasoline vehicles of the same year and class.

(d) Is capable, in the case of a heavy-duty diesel vehicle, of meeting standards for either oxides of nitrogen or particulate matter that are twice as stringent as otherwise applicable.

(e) Has been modified from its configuration, as originally certified by the state board, by the use of an emissions retrofit device approved for use on the vehicle, and which reduces the combined emissions of ozone precursor chemicals from the vehicle by at least 30 percent.

(f) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

SEC. 16.5. Section 43800 is added to the Health and Safety Code, to read:

43800. As used in this article, "low-emission motor vehicle" means a motor vehicle which has been certified by the state board to meet all applicable emission standards and which meets at least one of the following additional requirements:

(a) Is capable of operating on methanol, as determined by the state board, and will have an adverse impact on ambient ozone air quality not greater than a vehicle which meets the requirements of subdivision (c).

(b) Is capable of operating on any available fuel other than gasoline or diesel and, in the determination of the state board, will have an adverse impact on ambient ozone air quality not greater than a vehicle operating on methanol.

(c) Operates exclusively on gasoline and is certified to meet a hydrocarbon exhaust emission standard which is at least twice as stringent as otherwise applicable to gasoline vehicles of the same year and class.

(d) Is capable, in the case of a heavy-duty diesel vehicle, of meeting standards for either oxides of nitrogen or particulate matter

that are twice as stringent as otherwise applicable.

(e) This section shall become operative five years from the date determined pursuant to Section 32 of the act adding this section.

SEC. 17. Section 44001 of the Health and Safety Code is amended to read:

44001. (a) The Legislature hereby finds and declares that California has been required, by the amendments enacted to the Clean Air Act in 1990, and by regulations adopted by the Environmental Protection Agency, to enhance California's existing vehicle inspection and maintenance program to meet new, more stringent emission reduction targets. Therefore, the Legislature declares that the 1994 amendments to this chapter are adopted to implement further improvements in the existing inspection and maintenance program so that California will meet or exceed the new emission reduction targets.

(b) The Legislature further finds and declares all of the following:

(1) California is recognized as a leader in establishing performance standards for its air quality programs and those standards have been adopted by many other states and countries.

(2) Studies show that a minority of motor vehicles produce a disproportionate amount of the pollution caused by vehicle emissions. Those vehicles are referred to as gross polluters.

(3) The concept of periodic testing alone does not act as a sufficient deterrent to tampering, or as a sufficient incentive for vigilant vehicle maintenance by a significant percentage of motorists. Gross polluters continue to be driven on the roadways of California.

(4) New technology, known as remote sensing, offers great promise as a cost-effective means to detect vehicles emitting excess emissions as the vehicles are being driven. This type of detection offers many valuable applications, especially its use between scheduled tests, as an inexpensive, random, and pervasive means of identifying vehicles which are gross polluters and targeting those vehicles for repair or other methods of emission reduction.

(5) California continues to seek strict adherence to federal and state performance standards and to results-based evaluations that meet the state's unique circumstances, and which consist of all of the following:

(A) Acceptance of the shared obligation and personal responsibility required to successfully inspect and maintain millions of motor vehicles. Specifically, that obligation begins with this chapter, and extends through those regulators charged with its implementation and enforcement. Through the enactment of the 1994 amendments to this chapter, the Legislature hereby recognizes and seeks to encourage, through a number of innovative and significant steps, the critical role that each California motorist must play in maintaining his or her vehicle's emission control systems in proper working order, in such a way as to continuously meet mandated emission control standards and ensure for California the

clean air essential to the health of its citizens, its communities, and its economy.

(B) A focus on the detection, diagnosis, and repair of broken, tampered, or malfunctioning vehicle emission control systems.

(C) Flexibility to incorporate future new scientific findings and technological advances.

(D) Consideration of convenience and costs to those who are required to participate, including motorists, smog check stations, and technicians.

(E) An enforcement program which is vigorous and effective and includes monitoring of the performance of the smog check test or repair stations and technicians, as well as the monitoring of vehicle emissions as vehicles are being driven.

(c) The Legislature further finds and declares that California is, as of the effective date of this section, implementing a number of motor vehicle emission reduction strategies far beyond the effort undertaken by any other state, including all of the following:

(1) California certification standards exceed those of the other 49 states, increasing the cost of a new car to a California consumer by one hundred fifty dollars (\$150) or more.

(2) State board regulations mandate increasing availability for sale of low-emission, ultra-low emission, and zero-emission vehicles, including, by 1998, 2 percent; by 2001, 5 percent; and, by 2003, 10 percent zero-emission vehicles.

(3) Effective in 1996, state board regulations mandate the reformulation of gasoline for reduced emissions, at an estimated increased cost to the consumer of 12 to 17 cents per gallon due to refinery modifications and higher production costs.

(4) Cleaner diesel fuel regulations, more stringent than federal standards, took effect in California in October 1993, increasing diesel fuel costs by 4 to 6 cents per gallon.

(5) California law provides for vehicle registration surcharges of up to four dollars (\$4) per vehicle in nonattainment areas for air quality related projects.

(6) California law taxes cleaner fuels at one-half the rate of gasoline and diesel fuel.

(7) California law provides tax credits for the purchase of low-emission vehicles.

(8) California requires smog checks and repairs whenever a vehicle changes ownership, some 3 million vehicles annually, in addition to the regular biennial tests.

(9) Low-value vehicles are discouraged from entering California due to the imposition of a three hundred dollar (\$300) smog impact fee on vehicles that are not manufactured to California certification standards.

(10) California imposes sales taxes on motor vehicle fuels and dedicates most of those revenues to mass transit. This increases the cost of fuels by seven cents (\$.07) per gallon.

(11) Transportation sales taxes in most urban counties also

generate substantial funding for transit and other congestion-reduction measures, costing the average urban California resident fifty dollars (\$50) to one hundred dollars (\$100) annually, which would be the equivalent of another 8 to 16 cents per gallon of fuel.

(12) California provides information on vehicle pollution levels to vehicle operators and purchasers, and, in an area subject to the pilot program established pursuant to subdivision (b) of Section 43705, requires annual rather than biennial smog checks for high-emission vehicles that are used extensively.

(d) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

SEC. 17.5. Section 44001 is added to the Health and Safety Code, to read:

44001. (d) This section shall become operative five years from the date determined pursuant to Section 32 of the act adding this section.

44001.6. (a) The bureau shall develop a program for the visual confirmation of motor vehicle odometer operation at smog check stations when loaded mode testing is performed, and for recording any failed tests in the data base established pursuant to Section 44037.1. This program shall require odometer operation to be confirmed only for vehicles registered in San Diego or Ventura County and that are constructed in such a manner as to allow visual confirmation during smog testing. No other odometer inspection shall be required. Smog check stations that follow the program specified by the bureau shall not be liable for any fines, penalties, or license sanctions for any failure to detect odometer tampering or alteration.

44001.7. (a) The bureau shall notify smog check stations in the San Diego County Air Pollution Control District and the Ventura County Air Pollution Control District of the target pollution miles for each motor vehicle in the district in which the smog check station is located, and shall provide information to allow each smog check station to determine whether each motor vehicle presented for smog check at the smog check station has exceeded the applicable target pollution miles.

(b) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this section, and on the January 1 following that date is repealed.

(a) Except for the motor vehicles specified in subdivision (c), any motor vehicle powered by an internal combustion engine which is registered within an area designated for program coverage within the San Diego County Air Pollution Control District or the Ventura County Air Pollution Control District, which has been operated in excess of the applicable target pollution miles for that vehicle, shall be required annually to obtain a certificate of compliance or noncompliance.

(b) Except for the motor vehicles specified in subdivision (c), all other motor vehicles powered by internal combustion engines which are registered within an area designated for program coverage shall be required biennially to obtain a certificate of compliance or noncompliance.

(c) The following motor vehicles are not required to obtain a certificate of compliance or noncompliance:

(1) Every motorcycle, and every diesel-powered vehicle, until the department, pursuant to Section 44012, implements test procedures applicable to motorcycles or to diesel-powered vehicles, or both.

(2) Any motor vehicle which has been issued a certificate of compliance or noncompliance or an emission cost waiver upon a change of ownership or initial registration in this state during the preceding six months, or which has been issued a certificate of exemption pursuant to Section 4000.6 of the Vehicle Code.

(3) Any motor vehicle manufactured prior to the 1966 model-year.

(4) Any other motor vehicle which the department determines would present prohibitive inspection or repair problems.

(5) Any vehicle registered to the owner of a fleet licensed pursuant to Section 44020 if the vehicle is garaged exclusively outside the area included in program coverage, and is not primarily operated inside the area included in program coverage.

(d) Vehicles that are designated for program coverage in enhanced areas shall be required to obtain inspections from appropriate smog check stations operating in enhanced areas.

(e) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

SEC. 20.5. Section 44011 is added to the Health and Safety Code, to read:

44011. (a) All motor vehicles powered by internal combustion engines which are registered within an area designated for program coverage shall be required biennially to obtain a certificate of compliance or noncompliance, except for all of the following:

(1) Every motorcycle, and every diesel-powered vehicle, until the department, pursuant to Section 44012, implements test procedures applicable to motorcycles or to diesel-powered vehicles, or both.

(2) Any motor vehicle which has been issued a certificate of compliance or noncompliance or an emission cost waiver upon a change of ownership or initial registration in this state during the

preceding six months, or which has been issued a certificate of exemption pursuant to Section 4000.6 of the Vehicle Code.

(3) Any motor vehicle manufactured prior to the 1966 model-year.

(4) Any other motor vehicle which the department determines would present prohibitive inspection or repair problems.

(5) Any vehicle registered to the owner of a fleet licensed pursuant to Section 44020 if the vehicle is garaged exclusively outside the area included in program coverage, and is not primarily operated inside the area included in program coverage.

(b) Vehicles designated for program coverage in enhanced areas shall be required to obtain inspections from appropriate smog check stations operating in enhanced areas.

(c) This section shall become operative five years from the date determined pursuant to Section 32 of the act adding this section.

SEC. 21. Section 44012 of the Health and Safety Code is amended to read:

44012. (a) The test at the smog check stations shall be performed in accordance with procedures prescribed by the department, pursuant to Section 44013, shall require, at a minimum, loaded mode dynamometer testing in enhanced program areas, and two-speed testing in all other program areas, and shall ensure all of the following:

(1) Emission control systems required by state and federal law are reducing excess emissions in accordance with the standards adopted pursuant to subdivisions (a) and (c) of Section 44013.

(2) Motor vehicles are preconditioned to ensure representative and stabilized operation of the vehicle's emission control system.

(3) For other than diesel-powered vehicles, the vehicle's exhaust emissions of hydrocarbons, carbon monoxide, carbon dioxide, and oxides of nitrogen in an idle mode or loaded mode are tested in accordance with procedures prescribed by the department. In determining how loaded mode and evaporative emissions testing shall be conducted, the department shall ensure that the emission reduction targets for the enhanced program are met.

(4) For other than diesel-powered vehicles, the vehicle's fuel evaporative system and crankcase ventilation system are tested to reduce any nonexhaust sources of volatile organic compound emissions, in accordance with procedures prescribed by the department.

(5) For diesel-powered vehicles, if the department determines that the inclusion of those vehicles is technologically and economically feasible, a visual inspection is made of emission control devices and the vehicle's exhaust emissions in an idle mode or loaded mode are tested in accordance with procedures prescribed by the department. The test may include testing of emissions of any or all of the pollutants specified in paragraph (3) and, upon the adoption of applicable standards, measurement of emissions of smoke or particulates, or both.

(6) A visual or functional check is made of emission control devices specified by the department, including the catalytic converter in those instances in which the department determines it to be necessary to meet the findings of Section 44001. The visual or functional check shall be performed in accordance with procedures prescribed by the department.

(7) A determination is made as to whether the motor vehicle complies with the emission standards for that vehicle's class and model-year as prescribed by the department.

(8) A determination is made, in the San Diego County Air Pollution Control District and Ventura County Air Pollution Control District regions based on procedures specified by the bureau pursuant to Section 44001.6, that the odometer of the vehicle is functioning.

(9) A determination is made, in the San Diego County Air Pollution Control District and Ventura County Air Pollution Control District regions, that a vehicle registered and regularly operated in an ozone nonattainment area has or has not been operated for more than the applicable target pollution miles.

(b) The test procedures may authorize smog check stations to refuse the testing of a vehicle that would be unsafe to test, or that cannot physically be inspected, as specified by the department by regulation. The refusal to test a vehicle for those reasons shall not excuse or exempt the vehicle from compliance with all applicable requirements of this chapter.

(c) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

SEC. 21.5. Section 44012 is added to the Health and Safety Code, to read:

44012. (a) The test at the smog check stations shall be performed in accordance with procedures prescribed by the department, pursuant to Section 44013, shall require, at a minimum, loaded mode dynamometer testing in enhanced areas, and two-speed testing in all other program areas, and shall ensure all of the following:

(1) Emission control systems required by state and federal law are reducing excess emissions in accordance with the standards adopted pursuant to subdivisions (a) and (c) of Section 44013.

(2) Motor vehicles are preconditioned to ensure representative and stabilized operation of the vehicle's emission control system.

(3) For other than diesel-powered vehicles, the vehicle's exhaust emissions of hydrocarbons, carbon monoxide, carbon dioxide, and oxides of nitrogen in an idle mode or loaded mode are tested in accordance with procedures prescribed by the department. In determining how loaded mode and evaporative emissions testing shall be conducted, the department shall ensure that the emission reduction targets for the enhanced program are met.

(4) For other than diesel-powered vehicles, the vehicle's fuel evaporative system and crankcase ventilation system are tested to

reduce any nonexhaust sources of volatile organic compound emissions, in accordance with procedures prescribed by the department.

(5) For diesel-powered vehicles, if the department determines that the inclusion of those vehicles is technologically and economically feasible, a visual inspection is made of emission control devices and the vehicle's exhaust emissions in an idle mode or loaded mode are tested in accordance with procedures prescribed by the department. The test may include testing of emissions of any or all of the pollutants specified in paragraph (3) and, upon the adoption of applicable standards, measurement of emissions of smoke or particulates, or both.

(6) A visual or functional check is made of emission control devices specified by the department, including the catalytic converter in those instances in which the department determines it to be necessary to meet the findings of Section 44001. The visual or functional check shall be performed in accordance with procedures prescribed by the department.

(7) A determination as to whether the motor vehicle complies with the emission standards for that vehicle's class and model-year as prescribed by the department.

(8) The test procedures may authorize smog check stations to refuse the testing of a vehicle that would be unsafe to test, or that cannot physically be inspected, as specified by the department by regulation. The refusal to test a vehicle for those reasons shall not excuse or exempt the vehicle from compliance with all applicable requirements of this chapter.

(b) This section shall become operative five years from the date determined pursuant to Section 32 of the act adding this section.

SEC. 22. Section 44013 of the Health and Safety Code is amended to read:

44013. (a) (1) The department, in cooperation with the state board, shall prescribe maximum emission standards to be applied in inspecting motor vehicles under this chapter.

(2) In prescribing the standards, the department shall undertake studies and experiments which are necessary and feasible, evaluate available data, and confer with automotive engineers.

(3) The standards shall be set at a level reasonably achievable for each class and model of motor vehicle when operating in a reasonably sound mechanical condition, allowing for the effects of installed motor vehicle pollution control devices and the motor vehicle's age and total mileage.

(4) The standards shall be designed so that motor vehicles failing the test specified in Section 44012 will be operated, as soon as possible, with a substantial reduction in emissions, and shall be revised from time to time as experience justifies.

(b) The department, in cooperation with the state board, shall research and prescribe test procedures to be applied in inspecting motor vehicles under this chapter, which procedures shall be simple,

cost-effective, and consistent with Section 44012. The department may revise the test procedures from time to time as experience justifies. To the extent that any test procedure revision requires new equipment, or a change in equipment, at licensed smog check stations, the department shall provide a reasonable period of time for the acquisition and installation of that new or changed equipment.

(c) Notwithstanding any other provision of this chapter, the maximum emission standards and test procedures prescribed in subdivisions (a) and (b) for a motor vehicle class and model-year shall not be more stringent than the emission standards and test procedures under which that motor vehicle's class and model-year was certified. Emission standards and test procedures prescribed by the department shall ensure that not more than 5 percent of the vehicles or engines, which would otherwise meet the requirements of this part, will fail the inspection and maintenance test for that class of vehicle or engine.

(d) Maximum emission standards established under this section shall not be adjusted downward based on the installation of an exhaust device.

(e) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

SEC. 22.5. Section 44013 is added to the Health and Safety Code, to read:

44013. (a) (1) The department, in cooperation with the state board, shall prescribe maximum emission standards to be applied in inspecting motor vehicles under this chapter.

(2) In prescribing the standards, the department shall undertake studies and experiments which are necessary and feasible, evaluate available data, and confer with automotive engineers.

(3) The standards shall be set at a level reasonably achievable for each class and model of motor vehicle when operating in a reasonably sound mechanical condition, allowing for the effects of installed motor vehicle pollution control devices and the motor vehicle's age and total mileage.

(4) The standards shall be designed so that motor vehicles failing the test specified in Section 44012 will be operated, as soon as possible, with a substantial reduction in emissions, and shall be revised from time to time as experience justifies.

(b) The department, in cooperation with the state board, shall research and prescribe test procedures to be applied in inspecting motor vehicles under this chapter, which procedures shall be simple, cost-effective, and consistent with Section 44012. The department may revise the test procedures from time to time as experience justifies. To the extent that any test procedure revision requires new equipment, or a change in equipment, at licensed smog check stations, the department shall provide a reasonable period of time for the acquisition and installation of that new or changed equipment.

(c) Notwithstanding any other provision of this chapter, the

maximum emission standards and test procedures prescribed in subdivisions (a) and (b) for a motor vehicle class and model-year shall not be more stringent than the emission standards and test procedures under which that motor vehicle's class and model-year was certified. Emission standards and test procedures prescribed by the department shall ensure that not more than 5 percent of the vehicles or engines, which would otherwise meet the requirements of this part, will fail the inspection and maintenance test for that class of vehicle or engine.

(d) This section shall become operative five years from the date determined pursuant to Section 32 of the act adding this section.

SEC. 23. Section 44013.5 is added to the Health and Safety Code, to read:

44013.5. (a) If the department, in consultation with the state board, determines that substantial demand for emission retrofit devices exists, the department shall develop a program for the certification of emissions retrofit device installations by licensed installers. The department may require installers of emissions retrofit devices to be qualified pursuant to this chapter. The department may assess biennial license fees upon those installers in an amount not to exceed the reasonable cost of administering the emissions retrofit device certification program.

(b) The certification shall be performed at a referee or test-only station and shall be based on a visual inspection of the emissions retrofit device and its installation, and verification of the proper operation of any new or modified components that are a part of the emissions retrofit device, and not on the results of an emissions test.

(c) The department shall develop a program for the identification of retrofitted vehicles at smog check stations and for providing information required for the inspection of those systems to smog check stations.

(d) No emissions retrofit device shall be required to be installed on a motor vehicle registered in the San Diego County Air Pollution Control District or the Ventura County Air Pollution Control District unless more than one manufacturer is producing the device.

(e) This section shall become inoperative pursuant to Section 33 of the act adding this section or, in any case, five years from the date determined pursuant to Section 32 of the act adding this section, and on the January 1 following the date upon which this section becomes inoperative, is repealed.

SEC. 24. Section 44015 of the Health and Safety Code is amended to read:

44015. (a) A licensed smog check station shall not issue a certificate of compliance, except as authorized by this chapter, to any vehicle which meets the following criteria:

- (1) A vehicle that has been tampered with.
- (2) A vehicle that, prior to repairs, has been identified by the smog check station as a gross polluter.
- (3) A vehicle that has been identified through roadside auditing

as a gross polluter pursuant to Sections 44081 and 44081.6.

(4) A vehicle described in subdivision (c).

(b) If a vehicle meets the requirements of Section 44012, a smog check station licensed to issue certificates shall issue a certificate of compliance or a certificate of noncompliance.

(c) A certificate of compliance shall be issued by a test-only facility authorized to perform referee functions for a vehicle which has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable cost limit established under Section 44017 and that every defect specified by paragraph (2) of subdivision (a) of Section 43204, and by paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected. A certificate issued pursuant to this subdivision shall be deemed an emission cost waiver. No emission cost waiver shall be issued until there has been an actual expenditure by the vehicle owner of an amount at least equal to the applicable repair cost limit specified in Section 44017. No emission cost waiver shall be issued under any of the following circumstances:

(1) If a vehicle was issued an emission cost waiver in the previous biennial inspection of that vehicle.

(2) If a vehicle is designated as a gross polluter pursuant to this chapter, except as otherwise provided in this subdivision or Section 44017.

(3) Upon initial registration of all of the following: a direct import vehicle, a vehicle previously registered outside this state, a dismantled vehicle pursuant to Section 11519 of the Vehicle Code, a vehicle that has had an engine change, an alternate fuel vehicle, and a specially constructed vehicle.

(4) To a motor vehicle registered in the San Diego County Air Pollution Control District or the Ventura County Air Pollution Control District that has been operated in excess of the applicable target pollution miles for that vehicle.

(d) A certificate of compliance or noncompliance shall be valid for 90 days.

(e) A test may be made at any time within 90 days prior to the date otherwise required.

(f) (1) The certificate of compliance or the certificate of noncompliance shall indicate the odometer reading for the vehicle, or an alternative and higher mileage figure certified by the owner to be accurate pursuant to paragraph (2).

(2) The vehicle owner or operator shall sign a statement appearing on the vehicle inspection report certifying the true mileage of the vehicle to the best of the owner's or operator's knowledge.

(3) If a motor vehicle registered in the San Diego County Air Pollution Control District or the Ventura County Air Pollution Control District, other than an authorized emergency vehicle, as

defined in Section 165 of the Vehicle Code, or an employer-provided carpool or vanpool vehicle, meets the requirements of Section 44012, but has been operated for more than the applicable target pollution miles since its last smog check or fails the visual odometer check specified in Section 44001.6 and paragraph (8) of subdivision (a) of Section 44012, the smog check station shall issue a qualified certificate of compliance or a certificate of noncompliance indicating that the vehicle shall be presented for a smog check at a test-only station or a test and repair station located within the appropriate district after one year rather than in two years.

(4) On and after February 1, 1995, or on and after the date determined pursuant to Section 32 of the act adding this paragraph, whichever is later, the smog check stations in the San Diego County Air Pollution Control District and the Ventura County Air Pollution Control District shall report electronically to the Department of Motor Vehicles centralized data base established pursuant to Section 44037.1 the odometer reading for the tested motor vehicle, whether or not the vehicle has met the requirements of Section 44012, and whether the vehicle has been operated for more than the applicable target pollution miles.

(5) If the determination is made that the vehicle has been operated in excess of the applicable target pollution miles, the vehicle inspection report shall contain a message informing the owner that the mileage limit set by the appropriate district has been exceeded and annual smog inspections are now required.

(g) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this subdivision, and on the January 1 following that date is repealed.

SEC. 24.5. Section 44015 is added to the Health and Safety Code, to read:

44015. (a) A licensed smog check station shall not issue a certificate of compliance, except as authorized by this chapter, to any vehicle which meets the following criteria:

(1) A vehicle that has been tampered with.

(2) A vehicle that, prior to repairs, has been identified by the smog check station as a gross polluter.

(3) A vehicle that has been identified through roadside auditing as a gross polluter pursuant to Sections 44081 and 44081.6.

(4) A vehicle described in subdivision (c).

(b) If a vehicle meets the requirements of Section 44012, a smog check station licensed to issue certificates shall issue a certificate of compliance or a certificate of noncompliance.

(c) A certificate of compliance shall be issued by a test-only facility authorized to perform referee functions for a vehicle which has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable cost limit established under Section 44017 and that every defect specified by paragraph (2) of

subdivision (a) of Section 43204, and by paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected. A certificate issued pursuant to this subdivision shall be deemed an emission cost waiver. No emission cost waiver shall be issued until there has been an actual expenditure by the vehicle owner of an amount at least equal to the applicable repair cost limit specified in Section 44017. No emission cost waiver shall be issued under any of the following circumstances:

(1) If a vehicle was issued an emission cost waiver in the previous biennial inspection of that vehicle.

(2) If a vehicle is designated as a gross polluter pursuant to this chapter, except as otherwise provided in this subdivision or Section 44017.

(3) Upon initial registration of all of the following: a direct import vehicle, a vehicle previously registered outside this state, a dismantled vehicle pursuant to Section 11519 of the Vehicle Code, a vehicle that has had an engine change, an alternate fuel vehicle, and a specially constructed vehicle.

(d) A certificate of compliance or noncompliance shall be valid for 90 days.

(e) A test may be made at any time within 90 days prior to the date otherwise required.

(f) This section shall become operative five years from the date determined pursuant to Section 32 of the act adding this section.

SEC. 25. Section 44037.1 of the Health and Safety Code is amended to read:

(c) After January 1, 1995, each smog check station shall transmit vehicle data emission test results to the department's centralized data base. Each smog check station shall also transmit vehicle data and emission measurements made before and after repair. The department shall establish, by regulation, the form, manner, and frequency of the data transmittals.

(d) The department may enter into a contract for the design, establishment, or both, of the equipment required by subdivision (a). Any contract entered into pursuant to this subdivision shall not be subject to any restrictions that are applicable to contracts in the Government Code or in the Public Contract Code. (4) Upon a determination that a smog check station or technician has engaged in a pattern of violating this chapter, or that a vehicle failed one or more emissions tests before obtaining a certificate of compliance, to provide the information necessary to identify and contact vehicle owners who obtained certificates from the station or technician, or may have obtained certificates of compliance in violation of this chapter, for purposes of requiring the retesting of their vehicles.

(5) To be compatible with the eventual transition to a fully computerized smog certification program that will not require the use of printed certificates as evidence of compliance.

(6) To be compatible with bar code scanning of vehicles as provided in Section 44041.

SEC. 31. Chapter 8 (commencing with Section 44250) is added to Part 5 of Division 26 of the Health and Safety Code, to read:

CHAPTER 8. SMOG INDEX NUMBERS

44250. The Legislature hereby finds and declares as follows:

(a) Existing programs to ensure that new motor vehicles sold in California emit less pollution may not be adequate to allow attainment of ambient air quality standards. Continued use of older high-emission motor vehicles, inadequate vehicle maintenance practices, and increases in vehicle miles traveled may overwhelm the gains from more stringent standards for new motor vehicles, and

defeat state and local efforts to improve air quality.

(b) Substantial additional reductions in vehicle emissions can be achieved by retrofitting existing motor vehicles, enhancing vehicle maintenance practices, and installing additional pollution control equipment on new motor vehicles operated in nonattainment areas. Existing state programs are an impediment to the use of retrofits and additional equipment to reduce vehicle emissions and should be streamlined.

(c) Information on vehicle emissions should be provided to the driving public to encourage the manufacture and purchase of clean burning vehicles, to encourage retrofits of motor vehicles to reduce emissions, to encourage the application of enhanced motor vehicle maintenance practices on a routine basis, and to encourage reductions in vehicle miles traveled.

44251. (a) The state board shall specify smog index numbers for new light-duty passenger vehicles and light-duty trucks with a gross vehicle weight up to 6,000 pounds to be sold in California. That smog index shall be based on certification data quantifying tailpipe and evaporative emissions of ozone precursor chemicals for classes of vehicles.

(b) Smog index number 1.0 shall be assigned to a hypothetical light-duty passenger vehicle, a hypothetical light-duty truck with a gross vehicle weight of 3,750 pounds or less, and a hypothetical light-duty truck with a gross vehicle weight of greater than 3,750 pounds up to 6,000 pounds, emitting the maximum amount of pollution allowed for that class of vehicle certified for sale in this state as of the January 1 immediately preceding the operative date of this section. The state board shall determine the existing class or classes of vehicles to which the smog index shall be applied.

(c) Not later than 180 days from the operative date of this section, the state board, in consultation with the bureau, shall specify smog index numbers for existing light-duty passenger vehicles and light-duty trucks with a gross vehicle weight of up to 6,000 pounds registered in the San Diego County Air Pollution Control District and the Ventura County Air Pollution Control District, and all pre-1966 light-duty passenger vehicles and light-duty trucks with a gross vehicle weight of up to 6,000 pounds in use in California. Smog index numbers shall be based on the tailpipe and evaporative emissions levels to which the vehicle was certified for sale. No smog index shall be assigned to a pre-1966 vehicle for which certification was not required prior to its initial sale. Smog index assignments for motor vehicles in use shall be adjusted as provided in Section 44255.

44252. The state board, in consultation with the bureau, shall establish smog index numbers for classes or categories of vehicles that may be modified by the use of an emissions retrofit device.

44253. If the Environmental Protection Agency adopts a system that provides for the assignment of one or more index numbers to vehicles in a manner, and for purposes, similar to the smog index provided for in this chapter, the state board shall adopt the index

numbers assigned to vehicles by the Environmental Protection Agency as the smog index, but shall also specify a smog index consistent with the federal index system for any vehicle subject to this chapter for which the Environmental Protection Agency has not specified an index number.

44254. (a) The state board shall publish the smog index numbers in a form that is convenient for use by the Department of Motor Vehicles, the bureau, vehicle owners, manufacturers, dealers, and consumers shopping for a new or used motor vehicle of a particular type.

(b) The state board, in consultation with the Environmental Protection Agency, shall adopt regulations specifying a form of decal to be affixed by manufacturers to new motor vehicles pursuant to Section 43200.5 to inform purchasers of the smog index for the vehicle, a smog index chart listing vehicle model years and the corresponding smog index for that model year to be affixed by motor vehicles dealers to used motor vehicles pursuant to subdivision (c) of Section 43705, and information to inform purchasers of the significance of the smog index and smog index chart.

(c) The state board, in consultation with the Department of Motor Vehicles, shall specify a form of notice to be provided by the Department of Motor Vehicles to each owner of a motor vehicle registered in this state, informing the owner of the smog index for the vehicle and the significance of the smog index.

44255. (a) Not later than 180 days from the operative date of this section, in consultation with the state board, the Department of Motor Vehicles shall assign the appropriate smog index as determined under Section 44251 to each motor vehicle registered in the San Diego County Air Pollution Control District and the Ventura County Air Pollution Control District. Subdivisions (b) to (e), inclusive, shall apply only to vehicles registered in those districts.

(b) Upon receipt from a motor vehicle owner of a retrofit certification obtained pursuant to Section 44013.5, the bureau shall determine the revised smog index for that vehicle. The bureau shall notify the Department of Motor Vehicles bureau of that revised smog index, and the bureau shall update its records to reflect that change.

(c) Upon receipt from a smog check station of an in-use emissions evaluation pursuant to subdivision (c) of Section 43646, the bureau shall adjust the smog index assigned to that vehicle by a percentage that is approximately equal to the percentage exceedance stated in the evaluation, and shall notify the Department of Motor Vehicles of the revised smog index for the vehicle, and the bureau shall update its records to reflect the revised smog index.

(d) The bureau shall maintain records of assigned smog index numbers for each motor vehicle.

(e) Registration renewal information sent by the Department of Motor Vehicles to the owner of a motor vehicle, which is issued a restricted one year certificate of compliance or certificate of

noncompliance pursuant to subdivision (c) of Section 44015, shall specify that a smog check is required before the registration can be renewed.

44256. (a) The San Diego County Air Pollution Control District and the Ventura County Air Pollution Control District may receive donations or contributions to implement the pilot program established pursuant to subdivision (b) of Section 43705.

(b) Each district, after consultation with the state board, shall determine the emission reductions that will be achieved by expansion or enhancement of that program.

(c) Any stationary source providing the additional funding shall receive bankable and tradeable emission reduction credits, with an appropriate lifetime, for a portion of the incremental emission reduction from the program, with the proportion of the reduction credited to the stationary source to be determined by agreement between the stationary source and the district before the stationary source provides the supplemental funds.

(d) Any emission reductions not credited to the stationary source may be used to fund a community offset bank or to make progress toward attainment, at the discretion of the district.

44257. This chapter shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this chapter, and on the January 1 following that date is repealed.

SEC. 31.1. Section 1667 is added to the Vehicle Code, to read:

1667. (a) As part of its motor vehicle registration and registration renewal process, other than upon the initial registration of a new motor vehicle, the department shall inform motor vehicle owners of the vehicle smog indexing program. That notice shall be in the form developed by the State Air Resources Board in consultation with the department pursuant to subdivision (c) of Section 44254 of the Health and Safety Code.

(b) This section shall become inoperative five years from the date determined pursuant to Section 32 of the act adding this section, and on the January 1 following that date is repealed.

SEC. 31.2. (a) No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(b) No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution to the extent that the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

(c) Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant

to the California Constitution.

SEC. 32. (a) This act, except Section 29, shall not become operative until both of the following occur:

(1) The system required by subdivision (b) of Section 44060 of the Health and Safety Code for the electronic filing of certificates of compliance or noncompliance is determined to be operational by the Department of Consumer Affairs and that fact is reported by the department to the Secretary of State.

(2) The San Diego County Air Pollution Control District and the Ventura County Air Pollution Control District have sufficient funds available to implement the pilot program established pursuant to subdivision (b) of Section 43705 of the Health and Safety Code, as determined by each of those districts and reported by each district to the Secretary of State.

(b) On the date that all of the reports have been received by the Secretary of State pursuant to subdivision (a), subject to the exceptions stated in Section 33 of this act, this act shall be operative.

SEC. 33. Sections 14 and 23 of this act shall become inoperative if the Environmental Protection Agency finds that the economic incentive program contained in those sections is not an acceptable transportation control measure that will contribute to compliance with federal requirements for the use of transportation control measures in certain ozone nonattainment areas.

CHAPTER 1193

An act to add Title 6 (commencing with Section 3427) to Part 1 of Division 4 of the Civil Code, relating to liability.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Title 6 (commencing with Section 3427) is added to Part 1 of Division 4 of the Civil Code, to read:

TITLE 6. INTERFERENCE WITH ACCESS TO HEALTH CARE

3427. As used in this title:

(a) "Aggrieved" means and refers to any of the following persons or entities:

(1) A person physically present at a health care facility when a commercial blockade occurs whose access is obstructed or impeded.

(2) A person physically present at a health care facility when a commercial blockade occurs whose health care is disrupted.

(3) A health care facility where a commercial blockade occurs, its

employees, contractors, or volunteers.

(4) The owner of a health care facility where a commercial blockade occurs or of the building or property upon which the health care facility is located.

(b) "Commercial blockade" means acts constituting the tort of commercial blockade, as defined in Section 3427.1.

(c) "Disrupting the normal functioning of a health care facility" means intentionally rendering or attempting to render a health care facility temporarily or permanently unavailable or unusable by a licensed health practitioner, the facility's staff, or patients. "Disrupting the normal functioning of a health care facility" does not include acts of the owner of the facility, an agent acting on behalf of the owner, or officers or employees of a governmental entity acting to protect the public health or safety.

CHAPTER 1194

An act to add Sections 25110.10, 25121.3, and 25163.3 to the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Non-RCRA hazardous waste is sometimes initially collected in small quantities at remote, unstaffed locations, including, but not limited to, field pumping stations, pipelines, power poles and lines, and utility light poles.

(b) Under current law, when hazardous waste is removed from the site of generation, where it may be initially accumulated for up to 90 days, the hazardous waste must be shipped to a permitted hazardous waste treatment, storage, or disposal facility. Current law does not specifically address hazardous waste initially collected at remote locations where it is not feasible or practical to maintain a 90-day generator accumulation area. In particular, current law does not address generators such as utilities, petroleum producers, and others that collect small quantities of hazardous waste at remote locations in the course of routine activities and transport that hazardous waste back to a central consolidation yard owned by the generator for interim accumulation prior to eventually shipping the hazardous waste to a permitted facility.

(c) Under current law, to move a small amount of hazardous waste from a remote location, hazardous waste manifests are required, and the hazardous waste must be transported by a registered transporter. It is the intent of the Legislature by the enactment of this act to provide a more feasible system that would provide an alternative "cradle to grave" tracking mechanism appropriate for the small quantities of hazardous waste initially collected at remote sites.

(d) It is also the intent of the Legislature to eliminate expensive procedural requirements for small quantities of hazardous waste which may encourage generators to leave hazardous waste at remote, unstaffed locations, and to encourage the consolidated accumulation of the hazardous waste in locations where generators can reasonably be expected to manage the hazardous waste in compliance with the safety requirements applicable to generators of hazardous waste pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code.

(e) Therefore, to promote the safe and secure handling of hazardous waste initially collected at remote locations, the Legislature hereby declares that, under specified conditions, small

quantities of non-RCRA hazardous waste may be transported to, and be managed at, safe and secure consolidation sites operated by the generator, in compliance with the requirements of Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code, and the regulations adopted by the Department of Toxic Substances Control to implement those provisions with regard to generator hazardous waste management activities.

SEC. 2. Section 25110.10 is added to the Health and Safety Code, to read:

25110.10. (a) "Consolidation site" means a site to which hazardous waste initially collected at a remote site, as defined in Section 25121.3, is transported.

(b) Hazardous waste initially collected at a remote site and subsequently transported to a consolidation site, which is operated by the generator of the hazardous waste, shall be deemed to be generated at the consolidation site for purposes of this chapter if the generator notifies the department pursuant to subdivision (d) and all of the following conditions are met:

(1) The hazardous waste is non-RCRA hazardous waste, or the hazardous waste or its management at the consolidation site is otherwise exempt from, or is not otherwise regulated pursuant to, the federal act.

(2) (A) The hazardous waste is not generated through large spill cleanup activities.

(B) As used in this paragraph, "large spill cleanup" means a spill cleanup operation which generates more than a total of 275 gallons or 2,500 pounds, whichever is greater, of hazardous waste.

(3) The hazardous waste is transported to the consolidation site within 10 days from the date that the generator first begins to actively manage the hazardous waste at the remote site, unless the generator has been granted an extension to the 10-day period. An extension of up to 20 days may be granted by the department, if the generator demonstrates to the department's satisfaction that more than 10 days is required to collect and transport the hazardous waste to the consolidation site solely for the purpose of facilitating effective and efficient removal, collection, or transportation of the hazardous waste.

(4) The hazardous waste is not handled at any interim site en route from the remote site to the consolidation site, except that the hazardous waste may be temporarily held at an interim site pursuant to subdivision (b) of Section 25121.3 and subdivision (e) of Section 25163.3.

(5) At the consolidation site, the hazardous waste is managed at all times in accordance with all applicable requirements of this chapter and the regulations adopted by the department pursuant to this chapter. For purposes of Section 25123.3, the 90-day accumulation period shall begin on the day that the hazardous waste arrives at the consolidation site.

(6) Each container of hazardous waste is labeled at the remote

site, in accordance with the regulations adopted by the department pertaining to labeling requirements for generators, and the label remains on the container at all times while the hazardous waste is in the container and in the possession of the generator. Each container shall be labeled with the date that the container reaches the consolidation site. If individual containers are placed into a larger container, the labeling information required pursuant to this paragraph and paragraph (6) of subdivision (b) of Section 25121.3 shall also be placed on the outside of the larger container. If the hazardous waste is transferred to another container, the labeling information required pursuant to this paragraph and paragraph (6) of subdivision (b) of Section 25121.3 shall also be placed on the outside of the new container.

(7) The generator maintains at the consolidation site the information specified in paragraphs (1) to (10), inclusive, of subdivision (g) of Section 25163.3 for each shipment of hazardous waste initially collected at a remote site that is received at the consolidation site. This information shall be maintained for at least three years from the date that hazardous waste is received at the consolidation site. For shipments subject to the requirement to be accompanied by a shipment paper pursuant to subdivision (g) of Section 25163.3, the requirements of this paragraph may be fulfilled by maintaining a copy of the shipping paper at the consolidation site.

(c) For purposes of paragraph (1) of subdivision (d) of Section 25123.3, the "initial accumulation point" for hazardous waste initially collected at a remote site and subsequently transported to a consolidation site, in accordance with subdivision (b), shall be deemed to be the location where the hazardous waste is first accumulated at the consolidation site.

(d) (1) Subdivision (b) of this section and subdivision (b) of Section 25121.3 apply only to a generator who annually notifies the department of the generator's intent to operate under this exemption. Any person who notifies the department of their intent to operate under this exemption shall comply with the requirements of this section and Sections 25121.3 and 25163.3. The notification shall include all of the following information:

(A) A general description of the remote location from which the non-RCRA hazardous waste will be initially collected.

(B) A description of the type of hazardous waste that may be collected.

(C) The location of the consolidation site and the generator ID number for that generator.

(D) Significant differences in the generator's operations from the prior year's notification.

(2) Following the procedures specified in Section 25187, the department may revoke a generator's authority to operate pursuant to the exemption specified in this section and Sections 25121.3 and 25163.3, if the generator has demonstrated a pattern of failure to meet the requirements of this section and Sections 25121.3 and

25163.3 and the department has notified the generator of these violations prior to issuing an order pursuant to Section 25187.

SEC. 3. Section 25121.3 is added to the Health and Safety Code, to read:

25121.3. (a) "Remote site" means a site operated by the generator where hazardous waste is initially collected, at which generator staff, other than security staff, is not routinely located, and which is not contiguous to a staffed site operated by the generator of the hazardous waste or which does not have access to a staffed site without the use of public roads. Generator staff who visit a remote location to perform inspection, monitoring, or maintenance activities on a periodic scheduled or random basis, less frequently than daily, are not considered to be routinely located at the remote location.

(b) Notwithstanding this chapter or the regulations adopted by the department pursuant to this chapter, a generator who notifies the department pursuant to subdivision (d) of Section 25110.10 may hold hazardous waste at the remote site where the hazardous waste is initially collected, or at another remote site operated by the generator, while en route to the consolidation site, if all of the following requirements are met with respect to the hazardous waste:

(1) The hazardous waste is a non-RCRA hazardous waste, or the hazardous waste or its management at the remote site is otherwise exempt from, or is not otherwise regulated pursuant to, the federal act.

(2) The requirements of subdivision (b) of Section 25110.10 are met.

(3) All personnel handling hazardous waste at any remote site complete health and safety training equivalent to the training required under Section 5194 of Title 8 of the California Code of Regulations, prior to being assigned to handle hazardous waste.

(4) A description of the actions which the generator's personnel will take to minimize hazards to human health and safety or to the environment from fires, explosions, or any unplanned release of hazardous waste or hazardous waste constituents to air, soil, or surface water at the remote site where the hazardous waste is being managed shall be included in the contingency plan for the consolidation site. A single generic description of response actions may be used for all similar remote sites associated with a single consolidation site.

(5) As soon as the generator begins to actively manage the hazardous waste at the remote site, the generator places the hazardous waste in a container meeting the requirements of the United States Department of Transportation applicable to containers used to transport hazardous waste, and the containers are managed in accordance with the regulations adopted by the department regarding the management by generators of containers used to hold hazardous waste.

(6) The containers used to hold the hazardous waste at the remote

site are labeled, in accordance with the regulations adopted by the department pertaining to labeling requirements for generators, as soon as the hazardous waste is placed in the container.

(7) The generator makes a reasonable effort to minimize the possibility of unknowing or unauthorized entry into the area where the hazardous waste is held at the remote site. If the remote site is located within one mile of a residential or commercial area, or is otherwise readily accessible to the public, the area where hazardous waste is held at the remote site shall at all times be supervised by employees or agents of the generator or otherwise secured so as to prevent unknowing entry and to minimize the possibility for unauthorized entry.

(c) If the management of hazardous wastes at a remote site does not meet all of the conditions specified in subdivision (b), the hazardous waste shall be subject to all other applicable generator and facility requirements of this chapter and the regulations adopted by the department to implement this chapter.

SEC. 4. Section 25163.3 is added to the Health and Safety Code, to read:

25163.3. A person who initially collects hazardous waste at a remote site and transports that hazardous waste to a consolidation site operated by the generator and who notifies the department pursuant to subdivision (d) of Section 25110.10 shall be exempt from the manifest and transporter registration requirements of Sections 25160 and 25163 with regard to the hazardous waste if all of the following conditions are met:

(a) The hazardous waste is a non-RCRA hazardous waste, or the hazardous waste or its transportation is otherwise exempt from, or is not otherwise regulated pursuant to, the federal act.

(b) The conditions and requirements of Section 25121.3 are met.

(c) The regulations adopted by the department pertaining to personnel training requirements for generators are complied with for all personnel handling the hazardous waste during transportation from the remote site to the consolidation site.

(d) The hazardous waste is transported by employees of the generator or by trained contractors under the control of the generator, in vehicles which are under the control of the generator, or by registered hazardous waste transporters. The generator shall assume liability for a spill of hazardous waste being transported under this section by the generator, or a contractor in a vehicle under the control of the generator or contractor. Nothing in this subdivision bars any agreement to insure, hold harmless, or indemnify a party to the agreement for any liability under this section or otherwise bars any cause of action a generator would otherwise have against any other party.

(e) The hazardous waste is not held at any interim location, other than another remote site operated by the same generator, for more than eight hours, unless that holding is required by other provisions of law.

(f) Not more than 275 gallons or 2,500 pounds, whichever is greater, of hazardous waste is transported in any shipment, except that a generator who is a public utility or municipal utility district may transport up to 500 gallons of liquid hazardous waste in a shipment.

(g) A shipping paper containing all of the following information accompanies the hazardous waste while in transport, except as provided in subdivision (h).

(1) A list of the hazardous wastes being transported.

(2) The type and number of containers being used to transport each type of hazardous waste.

(3) The quantity, by weight or volume, of each type of hazardous waste being transported.

(4) The physical state, such as solid, powder, liquid, semi-liquid, or gas, of each type of hazardous waste being transported.

(5) The location of the remote site where the hazardous waste is initially collected.

(6) The location of any interim site where the hazardous waste is held en route to the consolidation site.

(7) The name, address, and telephone number of the generator, and, if different, the address and telephone number of the consolidation site to which the hazardous waste is being transported.

(8) The name and telephone number of an emergency response contact, for use in the event of a spill or other release.

(9) The name of the individual or individuals who transport the hazardous waste from the remote site to the consolidation site.

(10) The date that the generator first begins to actively manage the hazardous waste at the remote site, the date that the shipment leaves the remote site where the hazardous waste is initially collected, and the date that the shipment arrives at the consolidation site.

(h) A shipping paper is not required if the total quantity of the shipment does not exceed 10 pounds of hazardous waste, except that a shipping paper is required to transport any quantity of extremely or acutely hazardous waste.

(i) All shipments conform with all applicable requirements of the United States Department of Transportation for hazardous materials shipments.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(b) The county or city obtaining a license shall be responsible for all legal liabilities during the license periods and the state shall be held harmless in each case.

(c) The county or city obtaining a license shall be responsible for all costs of providing shelter in the state armory or armories to homeless persons during the license periods, including, but not limited to, all costs for minor emergency repairs such as plumbing and electrical work, with the exception of costs for utilities, including heating and electricity, and for National Guardsmen for security of military equipment and property, these costs to be borne by the Military Department at a total cost for all authorized armories no greater or less than the amount allowed for this purpose by the Military Department from General Fund moneys in the department's 1993-94 budget.

(d) The county or city obtaining a license shall be solely responsible for alternative housing arrangements, including relocation measures and transportation, for homeless persons housed in state armories during the license periods, upon notification from the Military Department that the armory or armories shall be required for military activities or emergency purposes as announced by the Governor. [Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. (a) This act shall be known and may be cited as the California Schools Hate Violence Reduction Act of 1995.

(b) The Legislature hereby finds and declares that there is an urgent need to prevent and respond to acts of hate violence and bias-related incidents that are occurring at an increasing rate within the public school system in kindergarten and grades 1 to 12, inclusive.

SEC. 2. Article 4.5 (commencing with Section 45) is added to Chapter 1 of Part 1 of the Education Code, to read:

Article 4.5. Equal Opportunity: Antiharassment of Pupils

(b) California's public schools have an affirmative obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity.

(4) In a merger in which a foreign other business entity is a disappearing other business entity it is not prohibited by the laws under which it is organized from effecting that merger.

(b) Each corporation and each other business entity which desires to merge shall approve an agreement of merger. The board of each corporation which desires to merge shall approve the agreement of merger. The agreement of merger shall be approved on behalf of each constituent other business entity by those persons required to approve the merger by the laws under which it is organized. The constituent corporations and constituent other business entities shall be parties to the agreement of merger and other persons, including a parent party corporation (Section 1200), may be parties to the agreement of merger. The agreement of merger shall state:

(1) The terms and conditions of the merger.

(2) The name and place of incorporation or organization of each constituent corporation and constituent other business entity and the identity of the constituent corporation or constituent other business entity that is the surviving corporation or surviving other business entity.

(3) The amendments, if any, subject to Sections 900 and 907, to the articles of the surviving corporation, if applicable, to be effected by the merger. If any amendment changes the name of the surviving corporation, if applicable, the new name may be the same as or similar to the name of a disappearing domestic or foreign corporation, subject to subdivision (b) of Section 201.

(4) The manner of converting the shares of each of the constituent corporations into shares, interests or other securities of the surviving corporation or surviving other business entity and, if any shares of any of the constituent corporations are not to be converted solely into shares, interests or other securities of the surviving corporation or surviving other business entity, the cash, property, rights, interests or securities of any corporation or other business entity which the holders of those shares are to receive in exchange for the shares, which cash, property, rights, interests, or securities of any corporation or other business entity may be in

addition to or in lieu of shares, interests or other securities of the surviving corporation or surviving other business entity, or that the shares are canceled without consideration.

(5) Any other details or provisions as are required by the laws under which any constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.2 or, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17751.

(6) Any other details or provisions as are desired, including, without limitation, a provision for the payment of cash in lieu of fractional shares or for any other arrangement with respect thereto consistent with the provisions of Section 407.

(c) Each share of the same class or series of any constituent corporation (other than the cancellation of shares held by a constituent corporation or its parent or a wholly owned subsidiary of either in another constituent corporation) shall, unless all shareholders of the class or series consent and except as provided in Section 407, be treated equally with respect to any distribution of cash, property, rights, interests or securities. Notwithstanding paragraph (4) of subdivision (b), the nonredeemable common shares of a constituent corporation may be converted only into nonredeemable common shares of a surviving corporation or a parent party (Section 1200) if (1) a constituent corporation or a constituent other business entity or its parent owns, directly or indirectly, prior to the merger shares of another constituent corporation representing more than 50 percent of the voting power of the other constituent corporation or membership interests or limited partnership interests of another constituent other business entity representing more than 50 percent of the membership interests or limited partnership interests of the other constituent other business entity entitled to vote with respect to the merger or (2) a constituent corporation or constituent other business entity is a general partner of a constituent limited partnership, unless all of the shareholders of the class consent and except as provided in Section 407.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger or the certificate of merger, as is applicable, if the amendment is approved by the board of any constituent corporation and, if the amendment changes any of the principal terms of the agreement, by the outstanding shares (Section 152), if required by Chapter 12 (commencing with Section 1200), in the same manner as the original agreement of merger. If the agreement of merger so amended is approved by the board and the outstanding shares, if required, of each of the constituent corporations and is approved by each of the constituent other business entities, the agreement of merger so amended shall then constitute the agreement of merger.

(e) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third

parties, including other constituent corporations and constituent other business entities without further approval by the outstanding shares (Section 152), at any time before the merger is effective.

(f) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president or a vice president and secretary or an assistant secretary acting on behalf of their respective corporations.

(g) (1) If the surviving entity is a corporation, after approval of a merger by the constituent corporations through approval by the board and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and the constituent other business entities, the surviving corporation shall file a copy of the agreement of merger with an officers' certificate of each constituent corporation attached stating the total number of outstanding shares of each class entitled to vote on the merger, that the principal terms of the agreement in the form attached were approved by that corporation by a vote of a number of shares of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, or that the merger agreement was entitled to be and was approved by the board alone under the provisions of Section 1201. In lieu of an officers' certificate for any constituent other business entities, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed. The certificate of merger shall be executed and acknowledged by each constituent other business entity by those persons required to execute the certificate of merger by the laws under which the other business entity is organized and, if applicable, on behalf of each constituent corporation by the chairperson of the board, president or a vice president and secretary or an assistant secretary of the respective corporation. The certificate of merger shall set forth, if a vote of the members or limited partners of a constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entities are organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4 and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. If equity securities of a parent party (Section 1200) of a constituent corporation are to be issued in the merger, the officers' certificate of that constituent corporation shall state either that no vote of the shareholders of the parent was required or that the required vote was obtained. The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall thereupon be effective, subject to subdivision (c) of

Section 110 and subject to the provisions of subdivision (j), and the several parties thereto shall be one corporation. The agreement of merger shall not be filed, however, until there has been filed by or on behalf of each corporation taxed under the Bank and Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code), the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured. The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(2) If the surviving entity is an other business entity, after approval of a merger by the constituent corporations through approval by the board and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and the constituent other business entities, the constituent corporations and constituent other business entities shall file a certificate of merger in the office of, and on a form prescribed by, the Secretary of State. The certificate of merger shall be executed and acknowledged by each constituent corporation by the chairperson of the board, president or a vice president and secretary or an assistant secretary of the respective corporation and by each domestic constituent limited liability company by all of the managers of the limited liability company (unless a lesser number is specified in the articles of organization or the operating agreement of the constituent limited liability company) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in the certificate of limited partnership of the domestic constituent limited partnership) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent limited partnership by one or more general partners. The certificate of merger shall set forth all of the following:

(A) The names and the Secretary of State's file numbers, if any, of each of the constituent corporations and constituent other business entities, separately identifying the disappearing corporations and disappearing other business entities and the surviving other business entity.

(B) If the approval of the outstanding shares of a constituent corporation was required by Chapter 12 (commencing with Section 1200), a statement setting forth the total number of outstanding shares of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of shares of each class entitled to vote and the percentage vote required of each class.

(C) The future effective date or time, not more than 90 days subsequent to the date of filing of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(D) Any other information required to be stated in the certificate of merger by the laws under which each constituent other business entity is organized, including, if a domestic limited liability company is a party to a merger, subdivision (a) of Section 17552 and, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4.

Unless a future effective date or time is provided in a certificate of merger, in which event the merger shall be effective at that future effective date or time, a merger shall be effective upon the filing of the certificate of merger in the office of the Secretary of State and the several parties thereto shall be one entity. The certificate of merger shall not be filed, however, until there has been filed by or on behalf of each corporation taxed under the Bank and Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code), the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by the Bank and Corporation Tax Law have been paid or secured. The surviving other business entity shall keep a copy of the agreement of merger at the office referred to in Section 17057 if a domestic limited liability company, at the business address specified in paragraph (5) of subdivision (a) of Section 17552 if a foreign limited liability company, at the office referred to in subdivision (a) of Section 15614 if a domestic limited partnership or at the business address specified in paragraph (5) of subdivision (a) of Section 15678.4 if a foreign limited partnership. Upon request of a holder of shares of a constituent corporation or a holder of interests of a constituent other business entity, a person with authority to do so on behalf of the surviving other business entity shall promptly deliver to the holder of shares of a constituent corporation or a holder of interests of a constituent other business entity, a copy of the agreement of merger. A waiver by a shareholder, partner, or member of the rights provided in the foregoing sentence shall be unenforceable.

(h) (1) A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving corporation or surviving other business entity and the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger.

(2) For all purposes for a merger in which the surviving entity is a domestic other business entity a copy of the certificate of merger duly certified by the Secretary of State is conclusive evidence of the merger of the constituent corporations, either by themselves or together with constituent other business entities, into the surviving other business entity.

(i) (1) Upon a merger of corporations and other business entities pursuant to this section the separate existence of the disappearing

corporations and disappearing other business entities cease and the surviving corporation or surviving other business entity shall succeed, without other transfer, to all the rights and property of each of the disappearing corporations and disappearing other business entities and shall be subject to all the debts and liabilities of each in the same manner as if the surviving corporation or surviving other business entity had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent corporations and constituent other business entities shall be preserved unimpaired, provided that those liens upon property of a disappearing corporation or disappearing other business entity shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing corporation or disappearing other business entity may be prosecuted to judgment, which shall bind the surviving corporation or surviving other business entity, or the surviving corporation or surviving other business entity may be proceeded against or substituted in its place.

(4) If a limited partnership is a party to the merger, nothing in this section is intended to affect the liability a general partner of a disappearing limited partnership may have in connection with the debts and liabilities of the disappearing limited partnership existing prior to the time the merger is effective.

(j) (1) The merger of any number of domestic corporations with any number of foreign corporations or foreign other business entities in a merger in which one or more other business entities is a party shall comply with subdivision (a) and this subdivision.

(2) If the surviving corporation or surviving other business entity is a domestic corporation or domestic other business entity, the merger proceedings with respect to that corporation or other business entity and any domestic disappearing corporation shall conform to the provisions of this section, but if the surviving corporation or surviving other business entity is a foreign corporation or foreign other business entity, then, subject to the requirements of paragraph (4) of subdivision (c), and of Section 407 and Chapters 12 (commencing with Section 1200) and 13 (commencing with Section 1300) with respect to any domestic constituent corporations, Chapter 13 (commencing with Section 17600) of Title 2.5 with respect to any domestic constituent limited liability companies, and Article 7.6 (commencing with Section 15679.1) of Chapter 3 of Title 2 with respect to any domestic constituent limited partnerships, the merger proceedings may be in accordance with the laws of the state or place of incorporation of the surviving corporation or the laws of the state or place of organization of the surviving other business entity.

(3) If the surviving corporation or surviving other business entity is a domestic corporation or domestic other business entity, the certificate of merger, if the surviving entity is an other business

entity, or the agreement of merger with attachments, if the surviving entity is a corporation, shall be filed as provided in subdivision (g) and thereupon, subject to subdivision (c) of Section 110 or paragraph (2) of subdivision (g), as is applicable, the merger shall be effective as to each domestic constituent corporation and domestic constituent other business entity.

(4) If the surviving corporation or surviving other business entity is a foreign corporation or foreign other business entity, the merger shall become effective in accordance with the law of the jurisdiction in which the surviving corporation or surviving other business entity is organized, but, except as provided in paragraph (5), the merger shall be effective as to any domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction upon the filing in this state of a copy of the agreement of merger with an officers' certificate of the surviving foreign corporation and of each constituent domestic corporation and a certificate of merger of each constituent other business entity attached, which officers' certificates and certificates of merger shall conform to the requirements of paragraph (1) of subdivision (g). If one or more domestic other business entities is a disappearing other business entity in a merger pursuant to this subdivision in which a foreign other business entity is the surviving entity, a certificate of merger as required by subdivision (a) of Section 15678.4 or subdivision (a) of Section 17552, as is applicable, shall also be filed at the same time as the filing of the agreement of merger.

(5) If the date of the filing in this state pursuant to this subdivision is more than six months after the time of the effectiveness in the foreign jurisdiction, or if the powers of the domestic corporation are suspended at the time of effectiveness in the foreign jurisdiction, the merger shall be effective as to the domestic disappearing corporation or corporations as of the date of filing in this state.

(6) In a merger described in paragraphs (3) or (4), each foreign disappearing corporation that is qualified for the transaction of intrastate business shall automatically by the filing pursuant to this subdivision surrender its right to transact intrastate business as of the date of filing in this state regardless of the time of effectiveness as to a domestic disappearing corporation. With respect to each foreign disappearing other business entity previously registered for the transaction of intrastate business in this state, the filing of the agreement of merger or certificate of merger, as is applicable, pursuant to this subdivision automatically has the effect of a cancellation of registration for that foreign other business entity without the necessity of the filing of a certificate of cancellation.

(7) A certificate of satisfaction of the Franchise Tax Board for each domestic disappearing corporation shall be filed when required by subdivision (g) or when required by Section 23334 of the Revenue and Taxation Code.

SEC. 22. Section 1201 of the Corporations Code is amended to read:

1201. (a) The principal terms of a reorganization shall be approved by the outstanding shares (Section 152) of each class of each corporation the approval of whose board is required under Section 1200, except as provided in subdivision (b) and except that (unless otherwise provided in the articles) no approval of any class of outstanding preferred shares of the surviving or acquiring corporation or parent party shall be required if the rights, preferences, privileges and restrictions granted to or imposed upon such class of shares remain unchanged (subject to the provisions of subdivision (c)). For the purpose of this subdivision, two classes of common shares differing only as to voting rights shall be considered as a single class of shares.

(b) No approval of the outstanding shares (Section 152) is required by subdivision (a) in the case of any corporation if such corporation, or its shareholders immediately before the reorganization, or both, shall own (immediately after the reorganization) equity securities, other than any warrant or right to subscribe to or purchase such equity securities, of the surviving or acquiring corporation or a parent party (subdivision (d) of Section 1200) possessing more than five-sixths of the voting power of the surviving or acquiring corporation or parent party. In making the determination of ownership by the shareholders of a corporation, immediately after the reorganization, of equity securities pursuant to the preceding sentence, equity securities which they owned immediately before the reorganization as shareholders of another party to the transaction shall be disregarded. For the purpose of this section only, the voting power of a corporation shall be calculated by assuming the conversion of all equity securities convertible (immediately or at some future time) into shares entitled to vote but not assuming the exercise of any warrant or right to subscribe to or purchase such shares.

(c) Notwithstanding the provisions of subdivision (b), a reorganization shall be approved by the outstanding shares (Section 152) of the surviving corporation in a merger reorganization if any amendment is made to its articles which would otherwise require such approval.

(d) Notwithstanding the provisions of subdivision (b), a reorganization shall be approved by the outstanding shares (Section 152) of any class of a corporation which is a party to a merger or sale-of-assets reorganization if holders of shares of that class receive shares of the surviving or acquiring corporation or parent party having different rights, preferences, privileges or restrictions than those surrendered. Shares in a foreign corporation received in exchange for shares in a domestic corporation have different rights, preferences, privileges and restrictions within the meaning of the preceding sentence.

(e) Notwithstanding the provisions of subdivisions (a) and (b), a reorganization shall be approved by the affirmative vote of at least two-thirds of each class of the outstanding shares of any close

corporation if the reorganization would result in their receiving shares of a corporation which is not a close corporation; provided, however, that the articles may provide for a lesser vote, but not less than a majority of the outstanding shares of each class.

(f) Notwithstanding the provisions of subdivisions (a) and (b), a reorganization shall be approved by the outstanding shares (Section 152) of any class of a corporation which is a party to a merger reorganization if holders of shares of that class receive interests of a surviving other business entity in the merger.

(g) Any approval required by this section may be given before or after the approval by the board. Notwithstanding approval required by this section, the board may abandon the proposed reorganization without further action by the shareholders, subject to the contractual rights, if any, of third parties.

15632. If a limited partner participates in the control of the business without being named as a general partner, that partner may be held liable as a general partner only to persons who transact

business with the limited partnership with actual knowledge of that partner's participation in control and with a reasonable belief, based upon the limited partner's conduct, that the partner is a general partner at the time of the transaction. SEC. 26. Section 15678.2 of the Corporations Code is amended to read:

15678.2. (a) Each limited partnership and other business entity which desires to merge shall approve an agreement of merger. The agreement of merger shall be approved by all general partners of each constituent limited partnership and the principal terms of the merger shall be approved by a majority in interest of each class of limited partners of each constituent limited partnership, unless a greater approval is required by the partnership agreement of the constituent limited partnership. Notwithstanding the previous sentence, if the limited partners of any constituent limited partnership become personally liable for any obligations of a constituent limited partnership or constituent other business entity as a result of the merger, the principal terms of the agreement of merger shall be approved by all of the limited partners of the constituent limited partnership, unless the agreement of merger provides that all limited partners will have the dissenters' rights provided in Article 7.6 (commencing with Section 15679.1). The agreement of merger shall be approved on behalf of each constituent other business entity by those persons required to approve the merger by the laws under which it is organized. Other persons, including a parent of a constituent limited partnership, may be parties to the agreement of merger. The agreement of merger shall state:

(1) The terms and conditions of the merger.

(2) The name and place of organization of the surviving limited partnership or surviving other business entity, and of each disappearing limited partnership and disappearing other business entity, and the agreement of merger may change the name of the surviving limited partnership, which new name may be the same as or similar to the name of a disappearing domestic or foreign limited partnership, subject to Section 15612.

(3) The manner of converting the partnership interests of each of the constituent limited partnerships into interests, shares, or other securities of the surviving limited partnership or surviving other business entity, and if partnership interests of any of the constituent

limited partnerships are not to be converted solely into interests, shares, or other securities of the surviving limited partnership or surviving other business entity, the cash, property, rights, interests, or securities which the holders of the partnership interests are to receive in exchange for the partnership interests, which cash, property, rights, interests, or securities may be in addition to or in lieu of interests, shares, or other securities of the surviving limited partnership or surviving other business entity, or that the partnership interests are canceled without consideration.

(4) Any other details or provisions as are required by the laws under which any constituent other business entity is organized, including, if a domestic corporation is a party to the merger, subdivision (b) of Section 1113.

(5) Any other details or provisions that are desired, including, without limitation, a provision for the treatment of fractional partnership interests.

(b) Each limited partnership interest of the same class of any constituent limited partnership (other than a limited partnership interest in another constituent limited partnership that is being canceled and that is held by a constituent limited partnership or its parent or a limited partnership of which the constituent limited partnership is a parent) shall, unless all limited partners of the class consent, be treated equally with respect to any distribution of cash, property, rights, interests, or securities. Notwithstanding this subdivision (b), except in a merger of a limited partnership with a limited partnership in which it controls at least 90 percent of the limited partnership interests entitled to vote with respect to the merger, the nonredeemable limited partnership interests of a constituent limited partnership may be converted only into nonredeemable interests or securities of the surviving limited partnership or other business entity or a parent if a constituent limited partnership or a constituent other business entity or its parent owns, directly or indirectly, prior to the merger, limited partnership interests of another constituent limited partnership or interests or securities of a constituent other business entity representing more than 50 percent of the interests or securities entitled to vote with respect to the merger of the other constituent limited partnership or constituent other business entity or more than 50 percent of the voting power, as defined in Section 194.5, of a constituent other business entity which is a domestic corporation, unless all of the limited partners of the class consent. This subdivision shall apply only to constituent limited partnerships with over 35 limited partners.

(c) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the certificate of merger or the agreement of merger, as provided in Section 15678.4, if the amendment is approved by the general partners of each constituent limited partnership in the same manner as required for approval of the original agreement of merger and, if the amendment changes

any of the principal terms of the agreement of merger, the amendment is approved by the limited partners of each constituent limited partnership in the same manner and to the same extent as required for the approval of the original agreement of merger, and by each of the constituent other business entities.

(d) The general partners of a constituent limited partnership may, in their discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other constituent limited partnerships and constituent other business entities, without further approval by the limited partnership interests, at any time before the merger is effective.

(e) An agreement of merger approved in accordance with subdivision (a) may (1) effect any amendment to the partnership agreement of any constituent limited partnership or (2) effect the adoption of a new partnership agreement for a constituent limited partnership if it is the surviving limited partnership in the merger. Any amendment to a partnership agreement or adoption of a new partnership agreement made pursuant to the foregoing sentence shall be effective at the effective time or date of the merger. Notwithstanding the above provisions of this subdivision, if a greater number of limited partners is required to approve an amendment to the partnership agreement of a constituent limited partnership than is required to approve the agreement of merger pursuant to subdivision (a), and the number of limited partners that approve the agreement of merger is less than the number of limited partners required to approve an amendment to the partnership agreement of the constituent limited partnership, any amendment to the partnership agreement or adoption of a new partnership agreement of that constituent limited partnership made pursuant to the first sentence of this subdivision shall be effective only if the agreement of merger provides that all of the limited partners shall have the dissenter's rights provided in Article 7.6 (commencing with Section 15679.1).

(f) The surviving limited partnership or surviving other business entity shall keep the agreement of merger at the office referred to in subdivision (a) of Section 15614 or at the business address specified in paragraph (5) of subdivision (a) of Section 15678.4, as applicable, and, upon the request of a limited partner of a constituent limited partnership or a holder of shares, interests, or other securities of a constituent other business entity, the general partners of the surviving limited partnership or the authorized person of the surviving other business entity shall promptly deliver to the limited partner or the holder of shares, interests, or other securities, at the expense of the surviving limited partnership or surviving other business entity, a copy of the agreement of merger. A waiver by a partner or holder of shares, interests, or other securities of the rights provided in this subdivision shall be unenforceable.

(e) The presence in certain provisions of this title of the words "unless otherwise provided in the articles of organization or operating agreement" or words of similar import does not imply that the effect of other provisions may not be varied as among the members by the articles of organization or operating agreement.

(1) The name of the limited liability company.

(2) The latest date on which the limited liability company is to dissolve.

(b) It is not necessary to set out in the articles of organization any of the powers of a limited liability company enumerated in this title.

(c) The articles of organization may contain any other provision not inconsistent with law, including, but not limited to:

(1) A provision limiting or restricting the business in which the limited liability company may engage or the powers that the limited liability company may exercise or both.

(2) Provisions governing the admission of members to the limited liability company.

(3) Any events, other than or additional to the events specified in subdivision (d) of Section 17350, that will cause a dissolution of the limited liability company.

(e) The Secretary of State may cancel the filing of articles of organization if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier's check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the original filing.

17052. The name of each limited liability company as set forth in its articles of organization:

(a) Shall contain either the words "limited liability company" or the abbreviation "LLC" as the last words in the name of the limited liability company. The words "limited" and "company" may be abbreviated to "Ltd." and "Co.," respectively.

(b) May contain the name of one or more members.

(c) Shall not be a name that the Secretary of State determines is likely to mislead the public and shall not be the same as, or resemble so closely as to tend to deceive, (1) the name of any limited liability company that has filed articles of organization pursuant to Section 17050, (2) the name of any foreign limited liability company registered to do business in this state pursuant to Section 17451, or (3) any name that is under reservation for another domestic limited liability company or foreign limited liability company pursuant to Section 17053, except that a limited liability company may adopt a name that is substantially the same as that of an existing domestic limited liability company or foreign limited liability company that is registered pursuant to Section 17451 upon proof of consent by that domestic limited liability company or foreign limited liability company and a finding by the Secretary of State that under the circumstances the public is not likely to be misled.

(d) Shall not contain the words "bank," "insurance," "trust,"

“trustee,” “incorporated,” “inc.,” “corporation,” or “corp.”

(e) The use by a limited liability company or a foreign limited liability company of a name in violation of this section may be enjoined notwithstanding the filing of its articles of organization or its registration with the Secretary of State.

17053. Any applicant may, upon payment of the fee prescribed in subdivision (a) of Section 17701, obtain from the Secretary of State a certificate of reservation of any name not prohibited by Section 17052, and upon the issuance of the certificate the name stated therein may be reserved for a period of 60 days. The Secretary of State shall not issue certificates reserving the same name for two or more consecutive 60-day periods to the same applicant or for the use or benefit of the same person; nor shall consecutive reservations be made by or for the use or benefit of the same person for names so similar as to fall within the prohibitions of subdivision (c) of Section 17052.

17054. (a) Subject to subdivision (c) of Section 17103, the articles of organization may be amended at any time and in any manner as the members may determine, as long as the articles of organization as amended contain only those provisions as it would be lawful to insert in original articles of organization filed at the time of the filing of the amendment. The articles of organization may be amended regardless of whether any provision contained in the amendment was permissible at the time of the original organization of the limited liability company.

(b) The articles of organization shall be amended by filing a certificate of amendment thereto duly executed by at least one manager, unless a greater number is provided in the articles of organization. The certificate of amendment shall be filed with, and on a form prescribed by, the Secretary of State, and shall set forth all of the following:

(1) The name and the Secretary of State’s file number of the limited liability company.

(2) The text of the amendment to the articles of organization.

(c) A certificate of amendment to the articles of organization shall be filed to effect any of the following:

(1) A change in the name of the limited liability company.

(2) Any change in the statement referred to in subdivision (b) of Section 17151.

(3) Any change in the time as stated in the articles of organization for the dissolution of the limited liability company.

(4) Any change in the events that will cause a dissolution of the limited liability company.

(d) The managers shall cause to be filed a certificate of amendment to the articles of organization within 30 days of the discovery by any of the managers of any false or erroneous material statement contained in the articles of organization or any amendment thereto.

(e) Any manager who executes a certificate of amendment shall

be liable for any statement materially inconsistent with the operating agreement or any material misstatement of fact contained in the certificate of amendment if the manager knew or should have known that the statement was false when made or that the statement became false and an amendment required by subdivision (d) was not filed, and the person suffering the loss relied on the statement or misstatement.

(f) Articles of organization may be restated at any time. Restated articles of organization shall be filed with, and on a form prescribed by, the Secretary of State, shall be specifically designated as restated in the heading, shall set forth the limited liability company's name and the Secretary of State's file number, may set forth the name and address of the agent for service of process required to be maintained by Section 17057, unless a corporate agent is designated, in which case only the name of the agent shall be set forth, shall set forth all the other matters required by Section 17051 to be set forth in the articles of organization, and may set forth any other matters that may be set forth as authorized by Section 17051. If restated articles of organization include the agent for service of process, any previously filed statements pursuant to Section 17060 are superseded as to the agent for service of process until another statement pursuant to Section 17060 is filed subsequent to the filing of the restated articles of organization. If the name of the limited liability company is to be changed by the filing of the restated articles of organization, the old name shall also be set forth in the heading in a manner to indicate the intent to change the name.

17055. (a) If any document filed with the Secretary of State under this title contains any typographical error, error of transcription, or other technical error, or has been defectively executed, the document may be corrected by the filing of a certificate of correction.

(b) A certificate of correction shall be filed with, and on a form prescribed by, the Secretary of State, and shall set forth:

(1) The name and the Secretary of State's file number of the limited liability company.

(2) The title of the document being corrected.

(3) The name of each party to the document being corrected.

(4) The date that the document being corrected was filed.

(5) The provision in the document as previously filed and as corrected and, if execution of the document was defective, the manner in which it was defective.

(c) A certificate of correction shall not make any other change or amendment that would not have complied in all respects with the requirements of this title at the time the document being corrected was filed.

(d) A certificate of correction shall be executed in the same manner in which the document being corrected was required to be executed.

(e) A certificate of correction may not:

(1) Change the effective date of the document being corrected.

(2) Affect any right or liability accrued or incurred before its filing, except that any right or liability accrued or incurred by reason of the error or defect being corrected shall be extinguished by the filing if the person having the right or to whom the liability is owed has not detrimentally relied on the original document.

17056. (a) Unless otherwise specified in any other section of this title, any document required by this title to be executed and filed with the Secretary of State shall be executed:

(1) By the person or persons organizing the limited liability company when the limited liability company has not yet been formed.

(2) By any manager.

(3) If the limited liability company is in the hands of a receiver, trustee, or other court-appointed fiduciary, by that fiduciary.

(4) In the case of a foreign limited liability company, in the manner required by the laws of the state of its organization.

(b) Any person may execute any document referred to in subdivision (a) by an attorney in fact. Powers of attorney relating to the signing of those documents by an attorney in fact need not be sworn to, verified, or acknowledged, and need not be filed with the Secretary of State.

(c) Any instrument filed with respect to a limited liability company, other than the original articles of organization, may provide that it is to become effective not more than 90 days after its filing date. In case a delayed effective date is specified, the instrument may be prevented from becoming effective by a certificate stating that by appropriate action it has been revoked and is null and void. This certificate shall be executed in the same manner as the original instrument and shall be filed before the specified effective date. In the case of a merger agreement or certificate of merger, a certificate revoking the earlier filing need only be executed on behalf of one of the constituent parties to the merger. If no revocation certificate is filed, the instrument becomes effective on the date specified.

(d) If the Secretary of State determines that an instrument submitted for filing or otherwise submitted does not conform to the law and returns it to the person submitting it, the instrument may be resubmitted accompanied by a written opinion of a member of the State Bar of California submitting the instrument or representing the person submitting it, to the effect that the specific provisions of the instrument objected to by the Secretary of State does conform to law and stating the points and authorities upon which the opinion is based. The Secretary of State shall rely, with respect to any disputed point of law, other than the application of Sections 17052, 17053, 17451, and 17452, upon that written opinion in determining whether the instrument conforms to law. The date of filing in that case shall be the date the instrument is received on resubmission.

17057. Each limited liability company shall continuously

maintain in this state each of the following:

(a) An office at which shall be maintained the records required by Section 17058.

(b) An agent in this state for service of process on the limited liability company.

17058. (a) Each limited liability company shall maintain at the office referred to in subdivision (a) of Section 17057 all of the following:

(1) A current list of the full name and last known business or residence address of each member and of each holder of an economic interest in the limited liability company set forth in alphabetical order, together with the contribution and the share in profits and losses of each member and holder of an economic interest.

(2) If the articles of organization contain the statement described in subdivision (b) of Section 17151, a current list of the full name and business or residence address of each manager.

(3) A copy of the articles of organization and all amendments thereto, together with any powers of attorney pursuant to which the articles of organization or any amendments thereto were executed.

(4) Copies of the limited liability company's federal, state, and local income tax or information returns and reports, if any, for the six most recent taxable years.

(5) A copy of the limited liability company's operating agreement, if in writing, and any amendments thereto, together with any powers of attorney pursuant to which any written operating agreement or any amendments thereto were executed.

(6) Copies of the financial statements of the limited liability company, if any, for the six most recent fiscal years.

(7) The books and records of the limited liability company as they relate to the internal affairs of the limited liability company for at least the current and past four fiscal years.

(b) Upon request of an assessor, a domestic or foreign limited liability company owning, claiming, possessing, or controlling property in this state subject to local assessment shall make available at the limited liability company's principal office in California or at the office required to be kept pursuant to subdivision (a) of Section 17057 or at a place mutually acceptable to the assessor and the limited liability company, a true copy of business records relevant to the amount, cost, and value of all property that it owns, claims, possesses, or controls within the county.

17059. The power to adopt, alter, amend, or repeal the operating agreement of a limited liability company shall be vested in the members. The articles of organization or a written operating agreement may prescribe the manner in which the operating agreement may be altered, amended, or repealed.

17060. (a) Every limited liability company and every foreign limited liability company registered to transact intrastate business in this state shall file within 90 days after the filing of its original articles of organization and annually thereafter during the applicable filing

period in each year, on a form prescribed by the Secretary of State, a statement containing:

(1) The name of the limited liability company and the Secretary of State's file number and, in the case of a foreign limited liability company, the state under the laws of which it is organized.

(2) The name and street address of the agent for service of process required to be maintained pursuant to subdivision (b) of Section 17057. If a corporate agent is designated, only the name of the agent shall be set forth.

(3) The street address of its principal executive office and, in the case of a domestic limited liability company, of the office required to be maintained pursuant to Section 17057.

(4) The name and complete business or residence addresses of any manager or managers and the chief executive officer, if any, appointed or elected in accordance with the articles of organization or operating agreement or, if no manager has been so elected or appointed, the name and business or residence address of each member.

(5) The general type of business that constitutes the principal business activity of the limited liability company (for example, manufacturer of aircraft; wholesale liquor distributor; retail department store).

(b) If there has been no change in the information in the last filed statement of the limited liability company on file in the Secretary of State's office, the limited liability company may, in lieu of filing the statement required by subdivision (a), advise the Secretary of State, on a form prescribed by the Secretary of State, that no changes in the required information have occurred during the applicable filing period.

(c) For the purposes of this section, the applicable filing period for a limited liability company shall be the calendar month during which its original articles of organization were filed or, in the case of a foreign limited liability company, the month during which its application for registration was filed, and the immediately preceding five calendar months. The Secretary of State shall mail a form for compliance with this section to each limited liability company approximately three months prior to the close of the applicable filing period. The form shall state the due date thereof and shall be mailed to the last address of the limited liability company according to the records of the Secretary of State. The failure of the limited liability company to receive the form shall not exempt the limited liability company from complying with this section.

(d) Whenever any of the information required by subdivision (a) changes, other than the name and street address of the agent for service of process, the limited liability company may file a current statement containing all the information required by subdivision (a). When changing its agent for service of process or when the address of the agent changes, the limited liability company shall file a current statement containing all the information required by subdivision (a).

Whenever any statement is filed pursuant to this section changing the name and street address of the agent for service of process, that statement supersedes any previously filed statement pursuant to this section, the statement in the original articles of organization, and the statement in any restated articles of organization that have been filed, or in the case of a foreign limited liability company, in the application for registration. Whenever restated articles of organization are filed, the statement therein, if any, of the name and street address of the agent for service of process supersedes any previously filed statement pursuant to this section.

(e) The Secretary of State may destroy or otherwise dispose of any statement filed pursuant to this section after it has been superseded by the filing of a new statement.

(f) This section shall not be construed to place any person dealing with the limited liability company on notice of, or under any duty to inquire about, the existence or content of a statement filed pursuant to this section.

17061. (a) In addition to Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure, process may be served upon limited liability companies and foreign limited liability companies as provided in this section.

(b) Personal service of a copy of any process against the limited liability company or the foreign limited liability company by delivery (1) to any individual designated by it as agent, or (2) if the designated agent is a corporation, to any person named in the latest certificate of the corporate agent filed pursuant to Section 1505 at the office of the corporate agent, shall constitute valid service on the limited liability company or the foreign limited liability company. No change in the address of the agent for service of process or appointment of a new agent for service of process shall be effective until an amendment to the statement described in Section 17060 is filed. In the case of a foreign limited liability company that has appointed the Secretary of State as agent for service of process by reason of subdivision (e) of Section 17456, process shall be delivered by hand to the Secretary of State, or to any person employed in the capacity of assistant or deputy, and shall include one copy of the process for each defendant to be served, together with a copy of the court order authorizing the service and the fee therefor. The order shall set forth the address to which the process shall be sent by the Secretary of State.

(c) (1) If an agent for service of process has resigned and has not been replaced or if the designated agent cannot with reasonable diligence be found at the address designated for personal delivery of the process, and it is shown by affidavit to the satisfaction of the court that process against a limited liability company or foreign limited liability company cannot be served with reasonable diligence upon the designated agent by hand in the manner provided in Section 415.10, subdivision (a) of Section 415.20, or subdivision (a) of Section 415.30 of the Code of Civil Procedure, the court may make an order

that the service shall be made upon a domestic limited liability company or upon a registered foreign limited liability company by delivering by hand to the Secretary of State, or to any person employed in the Secretary of State's office in the capacity of assistant or deputy, one copy of the process for each defendant to be served, together with a copy of the order authorizing the service. Service in this manner shall be deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of the copy of process and the fee therefor, the Secretary of State shall give notice of the service of the process to the limited liability company or foreign limited liability company, at its principal executive office, by forwarding to that office, by registered mail with request for return receipt, the copy of the process.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State under this title and shall record therein the time of service and the action taken by the Secretary of State. A certificate under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice to the limited liability company or foreign limited liability company, and the forwarding of the process pursuant to this section, shall be competent and prima facie evidence of the service of process.

(d) (1) The articles of organization of a limited liability company and the application for registration of a foreign limited liability company shall designate, as the agent for service of process, an individual residing in this state or a corporation that has complied with Section 1505 and whose capacity to act as an agent has not terminated. If an individual is designated, the statement shall set forth that person's complete business or residence address in this state.

(2) An agent designated for service of process may file with the Secretary of State a signed and acknowledged written statement of resignation as an agent. Upon filing of the statement of resignation, the authority of the agent to act in that capacity shall cease and the Secretary of State shall give written notice of the filing of the statement of resignation by mail to the limited liability company or foreign limited liability company addressed to its principal executive office.

(3) If an individual who has been designated agent for service of process dies or resigns or no longer resides in the state, or if the corporate agent for that purpose resigns, dissolves, withdraws from the state, forfeits its right to transact intrastate business, has its corporate rights, powers, and privileges suspended, or ceases to exist, the limited liability company or foreign limited liability company shall promptly file an initial or amended statement described in Section 17060 designating a new agent.

(e) In addition to any other discovery rights that may exist, in any case pending in a California court in which a party seeks records from a limited liability company formed under this title, whether or not the limited liability company is a party, the court may order the

production in California of the books and records of the limited liability company on those terms and conditions that the court deems appropriate.

(f) A member may, in a written operating agreement or other writing, consent to be subject to the nonexclusive jurisdiction of the courts of a specified jurisdiction, or the exclusive jurisdiction of the courts of this state.

(g) If a member desires to use the arbitration process, that member may, in a written operating agreement or other writing, consent to be nonexclusively subject to arbitration in a specified state, or to be exclusively subject to arbitration in this state.

(h) Along with the consent to the jurisdiction of courts or to be subject to arbitration as provided in subdivisions (f) and (g), a member may consent to be served with legal process in the manner prescribed in a written operating agreement or other writing.

17062. An instrument shall be deemed filed, and the date of filing endorsed thereon, upon receipt by the Secretary of State of any instrument accompanied by the fee prescribed in Chapter 15 (commencing with Section 17700). The date of filing shall be the date the instrument is received by the Secretary of State unless the instrument is withheld from filing for a period of time not to exceed 90 days pursuant to a request by the party submitting it for filing or unless, in the judgment of the Secretary of State, the filing is intended to be coordinated with the filing of some other document that cannot be filed. The Secretary of State shall file a document as of any requested future date not more than 90 days after its receipt, including a Saturday, Sunday, or legal holiday, if that document is received in the Secretary of State's office at least one business day prior to the requested date of filing. Upon receipt and after filing of any document under this title, the Secretary of State may microfilm or reproduce by other techniques any filings or documents and destroy the original filing or document. The microfilm or other reproduction of any document under the provision of this section shall be admissible in any court of law.

CHAPTER 3. MEMBERS

17100. (a) After formation of a limited liability company, a person may become a member:

(1) In the case of a person acquiring a membership interest directly from the limited liability company, at the time provided in and upon compliance with the articles of organization or the operating agreement or, if the articles of organization or operating agreement do not so provide, only upon the vote of all the members and when the person becomes a party to the operating agreement.

(2) In the case of an assignee of a membership interest, upon compliance with subdivision (a) of Section 17303 and at the time provided in and upon compliance with the articles of organization or the operating agreement or, if the articles of organization or

operating agreement do not so provide, when the assignee becomes a party to the operating agreement.

(b) In each case under subdivision (a), the person acquiring the membership interest shall be added as a member to the list required by paragraph (1) of subdivision (a) of Section 17058.

(c) The operating agreement may provide for the termination in whole or in part of the membership interest or economic interest of a member in the limited liability company. If a member's economic interest in the limited liability company is terminated pursuant to the operating agreement, the member may demand and shall be entitled to receive a return of that member's contribution. Any provision in an operating agreement governing the termination of a member's interest and the return of a member's contribution shall be enforceable in accordance with its terms unless the member seeking to invalidate the provision establishes that the provision was unreasonable under the circumstances existing at the time the agreement was made. Upon any termination of a membership interest, the list required by paragraph (1) of subdivision (a) of Section 17058 shall be amended accordingly.

17101. (a) Except as otherwise provided in Section 17254, no member of a limited liability company shall be personally liable under any judgment of a court, or in any other manner, for any debt, obligation, or liability of the limited liability company, whether that liability or obligation arises in contract, tort, or otherwise, solely by reason of being a member of the limited liability company.

(b) A member of a limited liability company shall be personally liable under a judgment of a court or for any debt, obligation, or liability of the limited liability company, whether that liability or obligation arises in contract, tort, or otherwise, under the same or similar circumstances and to the same extent as a shareholder of a corporation may be personally liable for any debt, obligation, or liability of the corporation; except that the failure to hold meetings of members or managers or the failure to observe formalities pertaining to the calling or conduct of meetings shall not be considered a factor tending to establish that the members have personal liability for any debt, obligation, or liability of the limited liability company where the articles of organization or operating agreement do not expressly require the holding of meetings of members or managers.

(c) Nothing in this section shall be construed to affect the liability of a member of a limited liability company to third parties for the member's participation in tortious conduct.

(d) A limited liability company or foreign limited liability company shall carry insurance or provide an undertaking to the same extent and in the same amount as is required by any law, rule, or regulation of this state that would be applicable to the limited liability company or foreign limited liability company were it a corporation organized and existing or duly qualified for the transaction of intrastate business under the General Corporation

Law.

17102. The articles of organization or the operating agreement may provide for the creation of classes of members having those relative rights, powers, and duties as the articles of organization or operating agreement may provide, including rights, powers, and duties senior to other classes of members.

17103. (a) The articles of organization or a written operating agreement may provide to all or certain identified members or a specified class or group of members the right to vote separately or with all or any class or group of members on any matter. Voting by members may be on a per capita, number, financial interest, class, group, or any other basis. If no voting provision is contained in the articles of organization or written operating agreement:

(1) The members of a limited liability company shall vote in proportion to their interests in current profits of the limited liability company or, in the case of a member who has assigned his or her or its entire economic interest in the limited liability company to a person who has not been admitted as a member, in proportion to the interest in current profits that the assigning member would have, had the assignment not been made.

(2) The following matters shall require the unanimous vote of all members:

(A) A decision to continue the business of the limited liability company after dissolution of the limited liability company pursuant to Section 17350.

(B) Approval of the transfer of a membership interest and admission of the assignee as a member of the limited liability company.

(C) Any amendment of the articles of organization or operating agreement.

(3) In all other matters in which a vote is required, a vote of a majority in interest of the members shall be sufficient.

(b) Notwithstanding any provision to the contrary in the articles of organization or operating agreement, in no event shall the articles of organization be amended by a vote of less than a majority in interest of the members.

(c) Notwithstanding any provision to the contrary in the articles of organization or operating agreement, members shall have the right to vote on a dissolution of the limited liability company as provided in subdivision (c) of Section 17350 and on a merger of the limited liability company as provided in Section 17551.

17104. (a) Meetings of members may be held at any place, either within or without this state, selected by the person or persons calling the meeting or as may be stated in or fixed in accordance with the articles of organization or a written operating agreement. If no other place is stated or so fixed, all meetings shall be held at the principal executive office of the limited liability company.

(b) A meeting of the members may be called by any manager or by any member or members representing more than 10 percent of

the interests of members for the purpose of addressing any matters on which the members may vote.

(c) (1) Whenever members are required or permitted to take any action at a meeting, a written notice of the meeting shall be given not less than 10 days nor more than 60 days before the date of the meeting to each member entitled to vote at the meeting. The notice shall state the place, date, and hour of the meeting and the general nature of the business to be transacted. No other business may be transacted at this meeting.

(2) Any report or any notice of a members' meeting shall be given either personally or by mail or other means of written communication, addressed to the member at the address of the member appearing on the books of the limited liability company or given by the member to the limited liability company for the purpose of notice, or, if no address appears or is given, at the place where the principal executive office of the limited liability company is located or by publication at least once in a newspaper of general circulation in the county in which the principal executive office is located. The notice or report shall be deemed to have been given at the time when delivered personally or deposited in the mail or sent by other means of written communication. An affidavit of mailing of any notice or report in accordance with the provisions of this article, executed by a manager, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to the member at the address of the member appearing on the books of the limited liability company is returned to the limited liability company by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the member at the address, all future notices or reports shall be deemed to have been duly given without further mailing if they are available for the member at the principal executive office of the limited liability company for a period of one year from the date of the giving of the notice or report to all other members.

(3) Upon written request to a manager by any person entitled to call a meeting of members, the manager shall immediately cause notice to be given to the members entitled to vote that a meeting will be held at a time requested by the person calling the meeting, not less than 10 days nor more than 60 days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the person entitled to call the meeting may give the notice or, upon the application of that person, the superior court of the county in which the principal executive office of the limited liability company is located, or if the principal executive office is not in this state, the county in which the limited liability company's address in this state is located, shall summarily order the giving of the notice, after notice to the limited liability company affording it an opportunity to be heard. The procedure provided in subdivision (c) of Section 305 shall apply to the application. The court may issue any

order as may be appropriate, including, without limitation, an order designating the time and place of the meeting, the record date for determination of members entitled to vote, and the form of notice.

(d) When a members' meeting is adjourned to another time or place, unless the articles of organization or a written operating agreement otherwise require and, except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting, the limited liability company may transact any business that may have been transacted at the original meeting. If the adjournment is for more than 45 days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each member of record entitled to vote at the meeting.

(e) The actions taken at any meeting of members, however called and noticed, and wherever held, have the same validity as if taken at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the members entitled to vote, not present in person or by proxy, signs a written waiver of notice or consents to the holding of the meeting or approves the minutes of the meeting. All waivers, consents, and approvals shall be filed with the limited liability company records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of the meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Attendance at a meeting is not a waiver of any right to object to the consideration of matters required by this title to be included in the notice but not so included, if the objection is expressly made at the meeting. Neither the business to be transacted nor the purpose of any meeting of members need be specified in any written waiver of notice, unless otherwise provided in the articles of organization or operating agreement, except as provided in subdivision (g).

(f) Members may participate in a meeting of the limited liability company through the use of conference telephones or similar communications equipment, as long as all members participating in the meeting can hear one another. Participation in a meeting pursuant to this provision constitutes presence in person at that meeting.

(g) Any action approved at a meeting, other than by unanimous approval of those entitled to vote, shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

(h) (1) A majority in interest of the members represented in person or by proxy shall constitute a quorum at a meeting of members.

(2) The members present at a duly called or held meeting at which a quorum is present may continue to transact business until

adjournment, notwithstanding the loss of a quorum, if any action taken after loss of a quorum, other than adjournment, is approved by the requisite percentage of interests of members specified in this title or in the articles of organization or a written operating agreement.

(3) In the absence of a quorum, any meeting of members may be adjourned from time to time by the vote of a majority of the interests represented either in person or by proxy, but no other business may be transacted, except as provided in paragraph (2).

(i) (1) Any action that may be taken at any meeting of the members may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed and delivered to the limited liability company within 60 days of the record date for that action by members having not less than the minimum number of votes that would be necessary to authorize or take that action at a meeting at which all members entitled to vote thereon were present and voted.

(2) Unless the consents of all members entitled to vote have been solicited in writing, (A) notice of any member approval of an amendment to the articles of organization or operating agreement, a dissolution of the limited liability company as provided in Section 17350, or a merger of the limited liability company as provided in Section 17551, without a meeting by less than unanimous written consent shall be given at least 10 days before the consummation of the action authorized by such approval, and (B) prompt notice shall be given of the taking of any other action approved by members without a meeting by less than unanimous written consent, to those members entitled to vote who have not consented in writing.

(3) Any member giving a written consent, or the member's proxyholder, may revoke the consent by a writing received by the limited liability company prior to the time that written consents of members having the minimum number of votes that would be required to authorize the proposed action have been filed with the limited liability company, but may not do so thereafter. This revocation is effective upon its receipt at the office of the limited liability company required to be maintained pursuant to Section 17057.

(j) The use of proxies in connection with this section will be governed in the same manner as in the case of corporations formed under the General Corporation Law.

(k) In order that the limited liability company may determine the members of record entitled to notices of any meeting or to vote, or entitled to receive any distribution or to exercise any rights in respect of any other lawful action, a manager, or members representing more than 10 percent of the interests of members, may fix, in advance, a record date, that is not more than 60 days nor less than 10 days prior to the date of the meeting and not more than 60 days prior to any other action. If no record date is fixed:

(1) The record date for determining members entitled to notice

of or to vote at a meeting of members shall be at the close of business on the business day next preceding the day on which notice is given or, if notice is waived, at the close of business on the business day next preceding the day on which the meeting is held.

(2) The record date for determining members entitled to give consent to limited liability company action in writing without a meeting shall be the day on which the first written consent is given.

(3) The record date for determining members for any other purpose shall be at the close of business on the day on which the managers adopt the resolution relating thereto, or the 60th day prior to the date of the other action, whichever is later.

(4) The determination of members of record entitled to notice of or to vote at a meeting of members shall apply to any adjournment of the meeting unless a manager or the members who called the meeting fix a new record date for the adjourned meeting, but the manager or the members who called the meeting shall fix a new record date if the meeting is adjourned for more than 45 days from the date set for the original meeting.

17105. (a) The operating agreement may provide that the interest of a member or assignee in a limited liability company may be evidenced by a certificate of interest issued by the limited liability company, and may make other provisions not inconsistent with this title with respect to the transfer of interests represented by those certificates or with respect to the form of those certificates.

(b) The operating agreement may provide that the certificate may be signed by a manager or officer of the limited liability company, whose signature may be a facsimile. In case any manager or officer of the limited liability company who has signed or whose facsimile signature has been placed upon a certificate has ceased to be a manager or officer before the certificate is issued, it may be issued by the limited liability company with the same effect as if the person were a manager or officer at the date of issue. If a certificate is worn out or lost, it may be renewed on production of the worn out or lost certificate or on satisfactory proof of its loss together with such indemnity as may be required by the manager or managers or a resolution of members.

17106. (a) Upon the request of a member or a holder of an economic interest, for purposes reasonably related to the interest of that person as a member or a holder of an economic interest, a manager shall promptly deliver to the member or holder of an economic interest, at the expense of the limited liability company, a copy of the information required to be maintained by paragraphs (1), (2), and (4) of subdivision (a) of Section 17058, and any written operating agreement of the limited liability company.

(b) Each member, manager, and holder of an economic interest has the right upon reasonable request, for purposes reasonably related to the interest of that person as a member, manager, or holder of an economic interest, to each of the following:

(1) To inspect and copy during normal business hours any of the

records required to be maintained by Section 17058.

(2) To obtain from a manager promptly after becoming available, a copy of the limited liability company's federal, state, and local income tax or information returns for each year.

(c) In the case of any limited liability company with more than 35 members:

(1) A manager shall cause an annual report to be sent to each of the members not later than 120 days after the close of the fiscal year. That report shall contain a balance sheet as of the end of the fiscal year and an income statement and statement of changes in financial position for the fiscal year.

(2) Members representing at least 5 percent of the voting interests of members, or three or more members, may make a written request to a manager for an income statement of the limited liability company for the initial three-month, six-month, or nine-month period of the current fiscal year ended more than 30 days prior to the date of the request, and a balance sheet of the limited liability company as of the end of that period. The statement shall be delivered or mailed to the members within 30 days thereafter.

(3) The financial statements referred to in this section shall be accompanied by the report thereon, if any, of the independent accountants engaged by the limited liability company or, if there is no report, the certificate of a manager of the limited liability company that the financial statements were prepared without audit from the books and records of the limited liability company.

(d) A manager shall promptly furnish to a member a copy of any amendment to the articles of organization or operating agreement executed by a manager pursuant to a power of attorney from the member.

(e) The limited liability company shall send or cause to be sent to each member or holder of an economic interest within 90 days after the end of each taxable year such information as is necessary to complete federal and state income tax or information returns, and, in the case of a limited liability company with 35 or fewer members, a copy of the limited liability company's federal, state, and local income tax or information returns for the year.

(f) In addition to any other remedies, a court of competent jurisdiction may enforce the duty of making and mailing or delivering the information and financial statements required by this section and, for good cause shown, may extend the time therefor.

(g) In any action under this section, if the court finds the failure of the limited liability company to comply with the requirements of this section is without justification, the court may award an amount sufficient to reimburse the person bringing the action for the reasonable expenses incurred by that person, including attorneys' fees, in connection with the action or proceeding.

(h) Any waiver of the rights provided in this section shall be unenforceable.

(i) Any request, inspection, or copying by a member or holder of

an economic interest may be made by that person or by that person's agent or attorney.

17107. (a) Upon complaint that a limited liability company is failing to comply with the provisions of Section 17106, or to afford to the members rights given to them in the articles of organization or operating agreement, the Attorney General may, in the name of the people of the State of California, send to the office required to be maintained pursuant to Section 17057, notice of the complaint.

(b) If the answer of the limited liability company is not received within 30 days of the date the notice was transmitted, or if the answer is not satisfactory, and if the enforcement of the rights of the aggrieved persons by private civil action, by class action, or otherwise, would be so burdensome or expensive as to be impracticable, the Attorney General may institute, maintain, or intervene in any court of competent jurisdiction or before any administrative agency for relief by way of injunction, the dissolution of entities, the appointment of receivers, or any other temporary, preliminary, provisional, or final remedies as may be appropriate to protect the rights of members or to restore the position of the members for the failure to comply with the requirements of Section 17106 or the articles of organization or the operating agreement. In any action, suit, or proceeding, there may be joined as parties all persons and entities responsible for or affected by the activity.

CHAPTER 4. MANAGEMENT

17150. Unless the articles of organization include the statement referred to in subdivision (b) of Section 17151 vesting management of the limited liability company in a manager or managers, the business and affairs of a limited liability company shall be managed by the members subject to any provisions of the articles of organization or operating agreement restricting or enlarging the management rights and duties of any member or class of members. If management is vested in the members, each of the members shall have the same rights and be subject to all duties and obligations of managers as set forth in this title.

17151. (a) The articles of organization may provide that the business and affairs of the limited liability company shall be managed by or under the authority of one or more managers who may, but need not, be members.

(b) If the limited liability company is to be managed by one or more managers and not by all its members, the articles of organization shall contain a statement to that effect. Neither the names of the managers nor the number of managers need be specified in the articles of organization, but if management is vested in only one manager, the articles of organization shall so state.

(c) The articles of organization or operating agreement may prescribe the number and qualifications of managers who may, but need not, be natural persons.

17152. If management of the limited liability company is vested in one or more managers pursuant to a statement in the articles of organization:

(a) Election of managers to fill initial positions or vacancies shall be by the affirmative vote of a majority in interest of the members.

(b) Any or all managers may be removed, with or without cause, by the vote of a majority in interest of the members at a meeting called expressly for that purpose. Any removal shall be without prejudice to the rights, if any, of the manager under any contract of employment.

(c) Any manager may resign as a manager at any time upon written notice to the limited liability company, without prejudice to the rights, if any, of the limited liability company under any contract to which the manager is a party.

(d) Unless they have earlier resigned or been removed, managers shall hold office until the expiration of the term for which they were elected or, if no term was provided, until their successors have been elected and qualified.

17153. The fiduciary duties a manager owes to the limited liability company and to its members are those of a partner to a partnership and to the partners of the partnership.

17154. (a) A written operating agreement may provide for the appointment of officers, including, without limitation, a chairperson or a president, or both, a secretary, a chief financial officer, and any other officers with such titles, powers, and duties as shall be specified in the articles of organization or operating agreement, or determined by the managers or members. An officer may, but need not, be a member or manager of the limited liability company, and any number of offices may be held by the same person.

(b) Officers, if any, shall be appointed in accordance with the written operating agreement or, if no such provision is made in the operating agreement, any officers shall be appointed by the managers and shall serve at the pleasure of the managers, subject to the rights, if any, of an officer under any contract of employment. Any officer may resign at any time upon written notice to the limited liability company without prejudice to the rights, if any, of the limited liability company under any contract to which the officer is a party.

(c) Subject to the provisions of subdivision (d) of Section 17051, any note, mortgage, evidence of indebtedness, contract, certificate, statement, conveyance, or other instrument in writing, and any assignment or endorsement thereof, executed or entered into between any limited liability company and any other person, when signed by the chairman of the board, the president or any vice president and any secretary, any assistant secretary, the chief financial officer, or any assistant treasurer of the limited liability company, is not invalidated as to the limited liability company by any lack of authority of the signing officers in the absence of actual knowledge on the part of the other person that the signing officers

had no authority to execute the same.

17155. (a) Except for a breach of the duty set forth in Section 17153, the articles of organization or written operating agreement of a limited liability company may provide for indemnification of any person, including, without limitation, any manager, member, officer, employee, or agent of the limited liability company, against judgments, settlements, penalties, fines, or expenses of any kind incurred as a result of acting in that capacity.

(b) A limited liability company shall have power to purchase and maintain insurance on behalf of any manager, member, officer, employee, or agent of the limited liability company against any liability asserted against or incurred by the person in that capacity or arising out of the person's status as a manager, member, officer, employee, or agent of the limited liability company.

17156. Except as otherwise provided in the articles of organization or the operating agreement, if the members have appointed more than one manager, decisions of the managers shall be made by majority vote of the managers if at a meeting, or by unanimous written consent.

17157. (a) Unless the statement referred to in subdivision (b) of Section 17151 is included in the articles of organization, every member is an agent of the limited liability company for the purpose of its business or affairs, and the act of any member, including, but not limited to, the execution in the name of the limited liability company of any instrument, for the apparent purpose of carrying on in the usual way the business or affairs of the limited liability company of which that person is a member, binds the limited liability company, unless the member so acting has, in fact, no authority to act for the limited liability company in the particular matter, and the person with whom the member is dealing has actual knowledge of the fact that the member has no such authority.

(b) If the articles of organization contain the statement referred to in subdivision (b) of Section 17151 that management of the limited liability company is vested in a manager or managers, then:

(1) No member, acting solely in the capacity of a member, is an agent of the limited liability company nor can any member bind, nor execute any instrument on behalf of, the limited liability company.

(2) Every manager is an agent of the limited liability company for the purpose of its business or affairs, and the act of any manager, including, but not limited to, the execution in the name of the limited liability company of any instrument, for apparently carrying on in the usual way the business or affairs of the limited liability company of which the person is the manager, binds the limited liability company, unless the manager so acting has, in fact, no authority to act for the limited liability company in the particular matter, and the person with whom the manager is dealing has actual knowledge of the fact that the manager has no such authority.

(c) No act of a manager or member in contravention of a restriction on authority shall bind the limited liability company to

persons having actual knowledge of the restriction.

(d) Notwithstanding the provisions of subdivision (c) of this section, and subject to the provisions of subdivision (d) of Section 17051, any note, mortgage, evidence of indebtedness, contract, certificate, statement, conveyance, or other instrument in writing, and any assignment or endorsement thereof, executed or entered into between any limited liability company and any other person, when signed by at least two managers (or by one manager in the case of a limited liability company whose articles of organization state that it is managed by only one manager), is not invalidated as to the limited liability company by any lack of authority of the signing managers or manager in the absence of actual knowledge on the part of the other person that the signing managers or manager had no authority to execute the same.

17158. No person who is a manager or officer or both a manager and officer of a limited liability company shall be personally liable under any judgment of a court, or in any other manner, for any debt, obligation, or liability of the limited liability company, whether that liability or obligation arises in contract, tort, or otherwise, solely by reason of being a manager or officer or both a manager and officer of the limited liability company.

CHAPTER 5. FINANCE

17200. (a) The articles of organization or the operating agreement may provide for capital contributions of members. The contribution of a person may be in money, property, or services, or other obligation to contribute money or property or to render services.

(b) Unless the articles of organization or operating agreement provide otherwise, no member shall be required to make any additional contribution to the limited liability company.

17201. (a) (1) Subject to the terms of the articles of organization or the operating agreement, a member is not excused from an obligation to the limited liability company to perform any promise to contribute cash or property or to perform services because of death, disability, dissolution, or any other reason.

(2) If a member does not make the required contribution of property or services, that member is obligated, at the option of the limited liability company, to contribute cash equal to that portion of the fair market value (or agreed value if stated in writing and signed by the limited liability company and the member) of the contribution that has not been made. The foregoing option shall be in addition to, and not in lieu of, any other rights, including the right to specific performance, that the limited liability company may have against the member under the articles of organization, operating agreement, or applicable law.

(3) An operating agreement may provide that the interest of a member who fails to make any contribution or other payment that

the member is required to make shall be subject to specific remedies for, or specific consequences of, the failure. Any such provision shall be enforceable in accordance with its terms unless the member seeking to invalidate the provision establishes that the provision was unreasonable under the circumstances existing at the time the agreement was made. The specific remedies or consequences may include loss of voting, approval, or other rights, loss of the ability, by a member, to actively participate in the management and operations of the limited liability company, liquidated damages, or a reduction of the defaulting member's economic rights. The reduction of the defaulting member's economic rights may include one or more provisions:

(A) Diluting, reducing, or eliminating the defaulting member's proportionate interest in the limited liability company.

(B) Subordinating the defaulting member's interest in the limited liability company to that of nondefaulting members.

(C) Permitting a forced sale of the membership interest.

(D) Permitting the lending or contribution by other members of the amount necessary to meet the defaulting member's commitment.

(E) Providing for the adjustment of interest rates or other rates of return, preferred, priority, or otherwise, with respect to contributions by or capital accounts of the other members.

(F) Providing for a fixing of the value of the defaulting member's interest in the limited liability company by appraisal or by formula and redemption or sale of the defaulting member's interest in the limited liability company at a percentage of that value.

(b) (1) Unless otherwise provided in the articles of organization or the operating agreement, the obligation of a member to make a contribution or return money or property paid or distributed in violation of this article shall be compromised only by the unanimous vote of the members.

(2) Notwithstanding the compromise of an obligation referred to in paragraph (1), a person whose claim against a limited liability company arises before the receipt of notice of the compromise may enforce the original obligation of a member to make a contribution to the limited liability company or to return a distribution if the person had knowledge of the original obligation prior to the time the claim arose and if the compromise occurred after the time the claim arose. Any other person with a claim against a limited liability company may enforce only the existing obligation of a member to make a contribution to the limited liability company or to return to the limited liability company money or other property paid or distributed.

(c) A person with a claim against a limited liability company may not enforce a conditional obligation of a member unless the conditions have been satisfied or waived. Conditional obligations include, without limitation, a capital contribution payable upon a discretionary call of the limited liability company prior to the time

the call occurs.

(d) Nothing in this section shall be construed to affect the rights of third-party creditors of the limited liability company to seek equitable remedies nor any rights existing under the Uniform Fraudulent Transfer Act (Chapter 1 (commencing with Section 3439) of Title 2 of Part 2 of Division 4 of the Civil Code).

17202. The profits and losses of a limited liability company shall be allocated among the members, and among classes of members, in the manner provided in the operating agreement. If the operating agreement does not otherwise provide, profits and losses shall be allocated in proportion to the contributions of each member.

CHAPTER 6. DISTRIBUTIONS AND WITHDRAWALS

17250. Distributions of the money or property of a limited liability company shall be made to the members and to any classes of members in the manner provided in the operating agreement. If the operating agreement does not otherwise provide, distributions that are a return of capital shall be made in proportion to the contributions made by each member and distributions that are not a return of capital shall be made in proportion to the allocation of profits.

17251. Except as provided in this article, a member is entitled to receive distributions from a limited liability company before the withdrawal of that member from the limited liability company and before the dissolution and winding up thereof, subject to the limitations contained in Section 17254, to the extent and at the times or upon the happening of the events specified in the operating agreement.

17252. (a) A member may withdraw from a limited liability company at the time or upon the happening of events specified in the articles of organization or operating agreement. A written operating agreement may provide that a member may not withdraw the member's contribution from the limited liability company, or may provide specific remedies in the event of a wrongful withdrawal of a member's contribution, prior to the dissolution and winding up of the limited liability company. If the articles of organization or a written operating agreement do not specify the time or the events upon the happening of which a member may withdraw, a member may withdraw from the limited liability company either:

(1) Upon not less than six months' prior written notice to each member at the addresses set forth in the list required to be kept pursuant to paragraph (1) of subdivision (a) of Section 17058.

(2) If any amendment to the articles of organization or operating agreement that is adopted over the member's written dissent adversely affects the rights or preferences of the dissenting member's membership interest in any of the ways described in subparagraph (A), (B), (C), (D), or (E), in which event the withdrawal shall be deemed to have occurred as of the effective date

of the amendment, if the member gives notice to the limited liability company not more than 60 days after the date of the amendment. In valuing the member's distribution pursuant to subdivision (c), there shall be excluded any depreciation in anticipation of the amendment. An amendment that does any of the following is subject to this paragraph:

(A) Altering or amending that member's right to receive a distribution.

(B) Altering or abolishing that member's right to voluntarily withdraw or retire.

(C) Altering or abolishing that member's right to vote on any matter, except as the rights may be altered or abolished through the acceptance of contributions or the making of contribution agreements.

(D) Altering or abolishing that member's preemptive right to make contributions.

(E) Establishing or changing the conditions for or consequences of expulsion.

No member withdrawing under this paragraph shall be liable for damages for the breach of any agreement not to withdraw.

(b) Notwithstanding the provisions of subdivision (a), any member who is under an obligation to render services to the limited liability company may withdraw as a member at any time upon written notice to the limited liability company, without prejudice to the rights, if any, of the limited liability company or the other members under any contract to which the withdrawing member is a party. Any provision in an operating agreement governing the withdrawal of services by a member shall be enforceable in accordance with its terms unless the member seeking to invalidate the provision establishes that the provision was unreasonable under the circumstances existing at the time the agreement was made.

(c) Upon a permitted withdrawal that does not cause dissolution of the limited liability company, any withdrawing member is entitled to receive any distribution to which that member is entitled under the operating agreement and, if not otherwise provided in the operating agreement, the member is entitled to receive, within a reasonable time after withdrawal, the fair market value of the member's interest in the limited liability company as of the date of withdrawal based upon the member's right to share in distributions from the limited liability company.

(d) Subject to Sections 17254 and 17353, at the time a member becomes entitled to receive a distribution, the member has the status of, and is entitled to all remedies available to, a creditor of the limited liability company with respect to the distribution. An operating agreement may provide for the establishment of a record date with respect to sharing of profits and distributions from a limited liability company.

(e) Upon the withdrawal of a member, the list required to be kept pursuant to paragraph (1) of subdivision (a) of Section 17058 shall be

amended accordingly.

17253. (a) A member, regardless of the nature of the member's contribution, has no right to demand and receive any distribution from a limited liability company in any form other than money.

(b) No member may be compelled to accept from a limited liability company a distribution of any asset in kind in lieu of a proportionate distribution of money being made to other members.

(c) Except upon a dissolution and winding up of a limited liability company, no member may be compelled to accept a distribution of any asset in kind.

17254. (a) No distribution shall be made if, after giving effect to the distribution:

(1) The limited liability company would not be able to pay its debts as they become due in the usual course of business.

(2) The limited liability company's total assets would be less than the sum of its total liabilities plus, unless the operating agreement provides otherwise, the amount that would be needed, if the limited liability company were to be dissolved at the time of the distribution, to satisfy the preferential rights of other members upon dissolution that are superior to the rights of the member receiving the distribution.

(b) The limited liability company may base a determination that a distribution is not prohibited under subdivision (a) on any of the following:

(1) Financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances.

(2) A fair valuation.

(3) Any other method that is reasonable in the circumstances.

(c) Except as provided in subdivision (e), the effect of a distribution under subdivision (a) is measured as of (1) the date the distribution is authorized if the payment occurs within 120 days after the date of authorization, or (2) the date payment is made if it occurs more than 120 days after the date of authorization.

(d) (1) If terms of the indebtedness provide that payment of principal and interest is to be made only if, and to the extent that, payment of a distribution to members could then be made under this section, indebtedness of a limited liability company, including indebtedness issued as a distribution, is not a liability for purposes of determinations made under subdivision (b).

(2) If the indebtedness is issued as a distribution, each payment of principal or interest on the indebtedness is treated as a distribution, the effect of which is measured on the date the payment is actually made.

(e) A member or assignee of a member is obligated to return a distribution from a limited liability company to the extent that (1) the member or assignee had actual knowledge of facts indicating the impropriety of the distribution, and (2) immediately after giving effect to the distribution, and notwithstanding the compromise of an obligation referred to in subdivision (b) of Section 17201, all liabilities

of the limited liability company, other than liabilities to members or assignees on account of their interest in the limited liability company and liabilities as to which recourse of creditors is limited to specified property of the limited liability company, exceed the fair market value of the limited liability company's assets, provided that the fair market value of any property that is subject to a liability as to which recourse of creditors is so limited shall be included in the limited liability company assets only to the extent that the fair market value of the property exceeds this liability.

(f) A cause of action with respect to an obligation to return a distribution pursuant to subdivision (e) is extinguished unless the action is brought within four years after the distribution is made.

17255. (a) A member or manager who votes for a distribution in violation of the operating agreement or Section 17254 or 17353 is personally liable to the limited liability company for the amount of the distribution that exceeds what could have been distributed without violating Section 17254 or 17353 or the operating agreement if it is established that the member or manager did not act in compliance with Section 17254 or 17353.

(b) Each member or manager held liable under subdivision (a) for an unlawful distribution is entitled to compel contribution:

(1) From each other member or manager who could be held liable under subdivision (a) for the unlawful distribution.

(2) From each member for the amount the member received with knowledge of facts indicating that the distribution was made in violation of Section 17254 or 17353 or the operating agreement.

(c) A proceeding under this section is barred unless it is commenced within four years after the date on which the effect of the distribution is measured under Section 17254 or 17353.

CHAPTER 7. INTEREST IN LIMITED LIABILITY COMPANY: ASSIGNMENT OF INTERESTS

17300. A membership interest and an economic interest in a limited liability company constitute personal property of the member or assignee. A member or assignee has no interest in specific limited liability company property.

17301. (a) Except as provided in the articles of organization or the operating agreement:

(1) A membership interest or an economic interest is assignable in whole or in part, provided, however, that no membership interest may be assigned without the unanimous vote of members required pursuant to Section 17303.

(2) An assignment of an economic interest does not of itself dissolve the limited liability company or, other than as set forth in the articles of organization or operating agreement, entitle the assignee to vote or participate in the management and affairs of the limited liability company or to become or exercise any rights of a member.

(3) An assignment of an economic interest merely entitles the

assignee to receive, to the extent assigned, the distributions and the allocations of income, gains, losses, deductions, credit, or similar items to which the assignor would be entitled.

(4) Upon the assignment of all or part of an economic interest, the assignor shall provide the manager or member of the limited liability company responsible for maintaining its books and records with the name and address of the assignee, together with details of the interest assigned. Upon receipt of that notice, the limited liability company shall amend the list required by paragraph (1) of subdivision (a) of Section 17058 accordingly. Until the assignee of that interest becomes a member, the assignor continues to be a member and to have the power to exercise any rights and powers of a member, including the right to vote which, in the case of a member who has assigned his or her or its entire economic interest in the limited liability company, shall include the right to vote in proportion to the interest in current profits that the assigning member would have, had the assignment not been made.

(b) Except to the extent assumed by agreement, until an assignee of an economic interest in a limited liability company becomes a member, the assignee shall have no liability to the limited liability company under Chapter 5 (commencing with Section 17200) and Chapter 6 (commencing with Section 17250) solely as a result of the assignment. The assignor of a membership interest is not released from liability as a member solely as a result of the assignment.

(c) The pledge of, or granting of, a security interest, lien, or other encumbrance in or against any or all of the membership interest of a member shall not cause the member to cease to be a member or to grant to anyone else the power to exercise any rights or powers of a member.

17302. On application to a court of competent jurisdiction by any judgment creditor of a member, the court may charge the membership interest of the member with payment of the unsatisfied amount of the judgment with interest. To the extent so charged, the judgment creditor has only the rights of an assignee of the membership interest. This section does not deprive any member of the benefit of any exemption laws applicable to the member's membership interest.

17303. (a) Except as otherwise provided in the articles of organization or the operating agreement, an assignee of an interest in a limited liability company may become a member only if the other members unanimously vote in favor of the assignee's admission to the limited liability company as a member.

(b) An assignee who has become a member has, to the extent assigned, the rights and powers, and is subject to the restrictions and liabilities, of a member under the articles of organization, any operating agreement, and this title. An assignee who becomes a member also is liable for the obligations of the assignor to make contributions as provided in Chapter 5 (commencing with Section 17200), and to return any unlawful distributions made to the assignee

under Chapter 6 (commencing with Section 17250) or Chapter 8 (commencing with Section 17350). However, the assignee is not obligated for liabilities unknown to the assignee at the time the assignee became a member and that could not be ascertained from the articles of organization or operating agreement.

(c) Whether or not an assignee of a membership interest becomes a member, the assignor is not released from the assignor's liability to the limited liability company under Chapter 5 (commencing with Section 17200) and Chapter 6 (commencing with Section 17250).

17304. (a) If a member who is an individual dies or is adjudged by a court of competent jurisdiction to be incompetent to manage the member's person or property, the member's executor, administrator, guardian, conservator, or other legal representative may exercise all of the member's rights for the purpose of settling the member's estate or administering the member's property, including any power the member had under the articles of organization or an operating agreement to give an assignee the right to become a member.

(b) If a member is a corporation, trust, or other entity and is dissolved or terminated, the powers of that member may be exercised by its legal representative or successor.

CHAPTER 8. DISSOLUTION

17350. A limited liability company shall be dissolved and its affairs shall be wound up upon the happening of the first to occur of the following:

(a) At the time specified in the articles of organization.

(b) Upon the happening of events specified in the articles of organization or a written operating agreement.

(c) By the vote of a majority in interest of the members, or such greater percentage of the voting interests of members as may be specified in the articles of organization or a written operating agreement.

(d) Except as otherwise provided in the articles of organization or a written operating agreement, upon the death, withdrawal, resignation, expulsion, bankruptcy, or dissolution of a member, unless the business of the limited liability company is continued by a vote of all the remaining members within 90 days of the happening of that event.

(e) Entry of a decree of judicial dissolution pursuant to Section 17351.

17351. (a) Pursuant to an action filed by any manager or by any member or members, a court of competent jurisdiction may decree the dissolution of a limited liability company whenever any of the following occurs:

(1) It is not reasonably practicable to carry on the business in conformity with the articles of organization or operating agreement.

(2) Dissolution is reasonably necessary for the protection of the

rights or interests of the complaining members.

(3) The business of the limited liability company has been abandoned.

(4) The management of the limited liability company is deadlocked or subject to internal dissention.

(5) Those in control of the company have been guilty of, or have knowingly countenanced persistent and pervasive fraud, mismanagement, or abuse of authority.

(b) (1) In any suit for judicial dissolution, the other members may avoid the dissolution of the limited liability company by purchasing for cash the membership interests owned by the members so initiating the proceeding (the "moving parties") at their fair market value. In fixing the value, the amount of any damages resulting if the initiation of the dissolution is a breach by any moving party or parties of an agreement with the purchasing party or parties, including, without limitation, the operating agreement, may be deducted from the amount payable to the moving party or parties; provided, that no member who sues for dissolution on the grounds set forth in paragraph (3), (4), or (5) of subdivision (a) shall be liable for damages for breach of contract in bringing that action.

(2) If the purchasing parties (A) elect to purchase the membership interests owned by the moving parties, (B) are unable to agree with the moving parties upon the fair market value of the membership interests, and (C) give bond with sufficient security to pay the estimated reasonable expenses, including attorneys' fees, of the moving parties if the expenses are recoverable under paragraph (3), the court, upon application of the purchasing parties, either in the pending action or in a proceeding initiated in the superior court of the proper county by the purchasing parties, shall stay the winding up and dissolution proceeding and shall proceed to ascertain and fix the fair market value of the membership interests owned by the moving parties.

(3) The court shall appoint three disinterested appraisers to appraise the fair market value of the membership interests owned by the moving parties, and shall make an order referring the matter to the appraisers so appointed for the purpose of ascertaining that value. The order shall prescribe the time and manner of producing evidence, if evidence is required. The award of the appraisers or a majority of them, when confirmed by the court, shall be final and conclusive upon all parties. The court shall enter a decree that shall provide in the alternative for winding up and dissolution of the limited liability company unless payment is made for the membership interests within the time specified by the decree. If the purchasing parties do not make payment for the membership interests within the time specified, judgment shall be entered against them and the surety or sureties on the bond for the amount of the expenses, including attorneys' fees, of the moving parties. Any member aggrieved by the action of the court may appeal therefrom.

(4) If the purchasing parties desire to prevent the winding up and

dissolution of the limited liability company, they shall pay to the moving parties the value of their membership interests ascertained and decreed within the time specified pursuant to this section, or, in the case of an appeal, as fixed on appeal. On receiving that payment or the tender thereof, the moving parties shall transfer their membership interests to the purchasing parties.

(5) For the purposes of this section, the valuation date shall be the date upon which the action for judicial dissolution was commenced. However, the court may, upon the hearing of a motion by any party, and for good cause shown, designate some other date as the valuation date.

17352. In the event of a dissolution of a limited liability company:

(a) The managers who have not wrongfully dissolved the limited liability company or, if none, the members may wind up the limited liability company's affairs, unless the dissolution occurs pursuant to subdivision (e) of Section 17350, in which event the winding up shall be conducted in accordance with the decree of dissolution. The persons winding up the affairs of the limited liability company shall give written notice of the commencement of winding up by mail to all known creditors and claimants whose addresses appear on the records of the limited liability company.

(b) Upon the petition of any manager or of any member or members, or three or more creditors, a court of competent jurisdiction may enter a decree ordering the winding up of the limited liability company if that appears necessary for the protection of any parties in interest. The decree shall designate the managers or members who are to wind up the limited liability company's affairs.

(c) The managers or members winding up the affairs of the limited liability company pursuant to this section shall be entitled to reasonable compensation.

17353. (a) Except as otherwise provided in the articles of organization or the written operating agreement, after determining that all the known debts and liabilities of a limited liability company in the process of winding up, including, without limitation, debts and liabilities to members who are creditors of the limited liability company, have been paid or adequately provided for, the remaining assets shall be distributed among the members according to their respective rights and preferences as follows:

(1) To members in satisfaction of liabilities for distributions pursuant to Section 17201, 17202, or 17255.

(2) To members of the limited liability company for the return of their contributions.

(3) To members in the proportions in which those members share in distributions.

(b) If the winding up is by court proceeding or subject to court supervision, the distribution shall not be made until after the expiration of any period for the presentation of claims that has been prescribed by order of the court.

(c) The payment of a debt or liability, whether the whereabouts of the creditor is known or unknown, has been adequately provided for if the payment has been provided for by either of the following means:

(1) Payment thereof has been assumed or guaranteed in good faith by one or more financially responsible persons or by the United States government or any agency thereof, and the provision, including the financial responsibility of the person, was determined in good faith and with reasonable care by the members or managers of the limited liability company to be adequate at the time of any distribution of the assets pursuant to this section.

(2) The amount of the debt or liability has been deposited as provided in Section 2008.

This subdivision shall not prescribe the exclusive means of making adequate provision for debts and liabilities.

17354. (a) A limited liability company that is dissolved nevertheless continues to exist for the purpose of winding up its affairs, prosecuting and defending actions by or against it in order to collect and discharge obligations, disposing of and conveying its property, and collecting and dividing its assets. A limited liability company shall not continue business except so far as necessary for the winding up thereof.

(b) No action or proceeding to which a limited liability company is a party abates by the dissolution of the limited liability company or by reason of proceedings for the winding up and dissolution thereof.

(c) Any assets inadvertently or otherwise omitted from the winding up continue in the dissolved limited liability company for the benefit of the persons entitled thereto upon dissolution and on realization shall be distributed accordingly.

17355. (a) (1) Causes of action against a dissolved limited liability company, whether arising before or after the dissolution of the limited liability company, may be enforced against any of the following:

(A) Against the dissolved limited liability company, to the extent of its undistributed assets, including, without limitation, any insurance assets held by the limited liability company that may be available to satisfy claims.

(B) If any of the assets of the dissolved limited liability company have been distributed to members, against members of the dissolved limited liability company to the extent of the limited liability company assets distributed to them upon dissolution of the limited liability company.

Any member compelled to return distributed assets in an amount that exceeds the sum of the member's pro rata share of the claim and the amount for which the member could otherwise be held liable under Section 17254 or 17255 may seek contribution for the excess from any other member or manager, up to the sum of that other person's pro rata share of the claim and that other person's liabilities

under Section 17254 or 17255.

(2) Except as set forth in subdivision (c), all causes of action against a member of a dissolved limited liability company arising under this section are extinguished unless the claimant commences a proceeding to enforce the cause of action against that member of a dissolved limited liability company prior to the earlier of the following:

(A) The expiration of the statute of limitations applicable to the cause of action.

(B) Four years after the effective date of the dissolution of the limited liability company.

(3) As a matter of procedure only, and not for purposes of determining liability, members of the dissolved limited liability company may be sued in the name of the limited liability company upon any cause of action against the limited liability company. This section does not affect the rights of the limited liability company or its creditors under Sections 17254 and 17255, or the rights, if any, of creditors under the Uniform Fraudulent Transfer Act, that may arise against the member of a limited liability company.

(b) Summons or other process against a limited liability company may be served by delivering a copy thereof to a manager, member, officer, or person having charge of its assets or, if no such person can be found, to any agent upon whom process might be served at the time of dissolution. If none of those persons can be found with due diligence and it is so shown by affidavit to the satisfaction of the court, then the court may make an order that summons or other process be served upon the dissolved limited liability company by personally delivering a copy thereof, together with a copy of the order, to the Secretary of State or an assistant or deputy Secretary of State. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State. Upon receipt of process and the fee therefor, the Secretary of State shall give notice to the limited liability company as provided in Section 1702.

(c) Every limited liability company shall survive and continue to exist indefinitely for the purpose of being sued in any quiet title action. Any judgment rendered in any such action shall bind each and all of its members or other persons having any equity or other interest in the limited liability company, to the extent of their interest therein, and the action shall have the same force and effect as an action brought under the provisions of Sections 410.50 and 410.60 of the Code of Civil Procedure. Service of summons or other process in any action may be made as provided in Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure or as provided in subdivision (b).

17356. (a) (1) The managers shall cause to be filed in the office of, and on a form prescribed by, the Secretary of State, a certificate of dissolution upon the dissolution of the limited liability company pursuant to Chapter 8 (commencing with Section 17350), unless the event causing the dissolution is that specified in subdivision (e) of

Section 17350, in which case the managers or members conducting the winding up of the limited liability company's affairs pursuant to Section 17352 shall have the obligation to file the certificate of dissolution.

(2) The certificate of dissolution shall set forth all of the following:

(A) The name of the limited liability company and the Secretary of State's file number.

(B) The event causing, and the date of, the dissolution.

(C) The effective date (which shall be a date certain) of the certificate of dissolution if it is not to be effective upon the filing.

(D) A statement that a person, limited liability company, or other business entity assumes the tax liability, if any, of the dissolving limited liability company as security for the issuance of a tax clearance certificate from the Franchise Tax Board and is responsible for additional taxes or fees, if any, that are assessed under the Revenue and Taxation Code and become due after the date of the assumption of tax liability.

(E) Any other information the managers or members filing the certificate of dissolution determine to include.

(3) The Secretary of State shall notify the Franchise Tax Board of the filing and shall forward to the Franchise Tax Board any statement of assumption of tax liability accompanying the certificate of dissolution. The Franchise Tax Board shall determine from the available evidence whether or not all taxes and fees imposed on the limited liability company under the Revenue and Taxation Code have been paid or secured and shall notify the taxpayer of any outstanding tax or fee liability and the necessity of satisfying that liability.

(b) (1) The managers or members who filed the certificate of dissolution shall cause to be filed in the office of, and on a form prescribed by, the Secretary of State, a certificate of cancellation of articles of organization upon the completion of the winding up of the affairs of the limited liability company pursuant to Chapter 8 (commencing with Section 17350), unless the event causing the dissolution is that specified in subdivision (e) of Section 17350, in which case the managers or members conducting the winding up of the limited liability company's affairs pursuant to Section 17352 shall have the obligation to file the certificate of cancellation of articles of organization.

(2) The certificate of cancellation of articles of organization shall set forth all of the following:

(A) The name of the limited liability company and the Secretary of State's file number.

(B) Any other information the managers or members filing the certificate of cancellation of articles of organization determine to include.

(3) The Franchise Tax Board shall notify the Secretary of State when all taxes and fees imposed on the limited liability company under the Revenue and Taxation Code have been paid or secured,

at which time the limited liability company shall cease to exist as of the date of filing its certificate of cancellation of articles of organization.

17357. (a) Notwithstanding the filing of a certificate of dissolution, a majority in interest of the members may cause to be filed, in the office of, and on a form prescribed by, the Secretary of State, a certificate of continuation, in any of the following circumstances:

(1) The business of the limited liability company is to be continued pursuant to a unanimous vote of the remaining members.

(2) The dissolution of the limited liability company was by vote of the members pursuant to subdivision (c) of Section 17350 and each member who consented to the dissolution has agreed in writing to revoke his or her vote in favor of or consent to the dissolution.

(3) The limited liability company was not, in fact, dissolved.

(b) The certificate of continuation shall set forth all of the following:

(1) The name of the limited liability company and the Secretary of State's file number.

(2) The grounds provided by subdivision (a) that are the basis for filing the certificate of continuation.

(c) Upon the filing of a certificate of continuation, the certificate of dissolution shall be of no effect from the time of the filing of the certificate of dissolution.

CHAPTER 9. PROFESSIONAL LIMITED LIABILITY COMPANIES: RESERVED

CHAPTER 10. FOREIGN LIMITED LIABILITY COMPANIES

17450. Subject to the provisions of Section 17453:

(a) The laws of the state under which a foreign limited liability company is organized shall govern its organization and internal affairs and the liability and authority of its managers and members.

(b) A foreign limited liability company may not be denied registration by reason of any difference between those laws and the laws of this state.

17451. (a) Before transacting intrastate business in this state, a foreign limited liability company shall register with the Secretary of State. In order to register, a foreign limited liability company shall submit to the Secretary of State an application for registration as a foreign limited liability company, signed by a person with authority to do so under the laws of the state of its organization, on a form prescribed by the Secretary of State and setting forth:

(1) The name of the foreign limited liability company and, if different, the name under which it proposes to transact business in this state.

(2) The state and date of its organization and a statement that the foreign limited liability company is authorized to exercise its powers

and privileges in that state.

(3) The name and address of an agent for service of process on the foreign limited liability company meeting the qualifications specified in paragraph (1) of subdivision (d) of Section 17061, unless a corporate agent is designated, in which case only the name of the agent shall be set forth.

(4) A statement that the Secretary of State is appointed the agent of the foreign limited liability company for service of process if the agent has resigned and has not been replaced or if the agent cannot be found or served with the exercise of reasonable diligence.

(5) The address of the principal executive office of the foreign limited liability company and of its principal office in this state, if any.

(b) Annexed to the application for registration shall be a certificate from an authorized public official of the foreign limited liability company's jurisdiction of organization to the effect that the foreign limited liability company is in good standing in that jurisdiction, if the laws of that jurisdiction permit the issuance of those certificates; or, in the alternative, a statement by the foreign limited liability company that the laws of its jurisdiction of organization do not permit the issuance of those certificates.

(c) The Secretary of State may cancel the application and certificate of registration of a foreign limited liability company if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier's check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the original filing.

17452. (a) If the Secretary of State finds that an application for registration conforms to law and all requisite fees have been paid, the Secretary of State shall issue a certificate of registration to transact intrastate business in this state, subject, however, to any licensing requirements imposed by the laws of this state. However, no certificate of registration shall be issued for a foreign limited liability company to transact intrastate business in this state under a name that falls within the prohibitions of subdivision (c) of Section 17052.

(b) If the name of a foreign limited liability company does not satisfy the requirements of Section 17052, to obtain or maintain a certificate of registration, a foreign limited liability company may either:

(1) Add the words "limited liability company" or the abbreviation "LLC" to its name for use in this state.

(2) Use an assumed name that is available, and that satisfies the requirements of Section 17052, provided the foreign limited liability company agrees that it will use the assumed name in all its dealings

with the Secretary of State and in the conduct of its affairs in this state. The assumed name may be the name of the foreign limited liability company with the addition of some distinguishing word or words acceptable to the Secretary of State or a name available for the name of a domestic limited liability company pursuant to Section 17052. Any foreign limited liability company that has made such an agreement with the Secretary of State shall not do business in this state except under the name agreed upon, as long as the agreement remains in effect.

17453. If the members of a foreign limited liability company residing in this state represent 25 percent or more of the voting interests of members of that limited liability company, those members shall be entitled to all information and inspection rights provided in Section 17106.

17454. If any statement in the application for registration of a foreign limited liability company was false when made or any statements made have become erroneous, the foreign limited liability company shall promptly file in the office of the Secretary of State an amendment to the application for registration, signed by a person with authority to do so under the laws of the state of its organization, amending the statement.

17455. A foreign limited liability company may cancel its registration by filing with the Secretary of State a certificate of cancellation signed by a person with authority to do so under the laws of the state of its organization. A cancellation does not terminate the authority of the Secretary of State to accept service of process on the foreign limited liability company with respect to causes of action arising out of the transaction of business in this state.

17456. (a) A foreign limited liability company transacting intrastate business in this state shall not maintain any action, suit, or proceeding in any court of this state until it has registered in this state.

(b) Any foreign limited liability company that transacts intrastate business in this state without registration is subject to a penalty of twenty dollars (\$20) for each day that unauthorized intrastate business is transacted, up to a maximum of ten thousand dollars (\$10,000). An action to recover this penalty may be brought, and any recovery shall be paid, as provided in Section 2258.

(c) A member of a foreign limited liability company is not liable for the debts and obligations of the foreign limited liability company solely by reason of its having transacted business in this state without registration.

(d) A foreign limited liability company, transacting business in this state without registration, appoints the Secretary of State as its agent for service of process with respect to causes of action arising out of the transaction of business in this state.

17457. The Attorney General may bring an action to restrain a foreign limited liability company from transacting intrastate business in this state in violation of this chapter.

CHAPTER 11. CLASS ACTIONS AND DERIVATIVE ACTIONS

17500. Any member of a foreign or domestic limited liability company may bring a class action on behalf of all or a class of members to enforce any claim common to those members and any such action shall be governed by the law governing class actions generally, provided that in order to maintain the class action there shall be no requirement that the class be so numerous that joinder of all members of the class is impracticable.

17501. (a) No action shall be instituted or maintained in right of any domestic or foreign limited liability company by any member of the limited liability company unless both of the following conditions exist:

(1) The plaintiff alleges in the complaint that plaintiff was a member of record, or beneficiary, at the time of the transaction or any part thereof of which plaintiff complains, or that plaintiff's interest thereafter devolved upon plaintiff by operation of law from a member who was a member at the time of the transaction or any part thereof complained of. Any member who does not meet these requirements may nevertheless be allowed in the discretion of the court to maintain the action on a preliminary showing to and determination by the court, by motion and after a hearing at which the court shall consider any evidence, by affidavit or testimony, as it deems material, of all of the following:

(A) There is a strong prima facie case in favor of the claim asserted on behalf of the limited liability company.

(B) No other similar action has been or is likely to be instituted.

(C) The plaintiff acquired the interest before there was disclosure to the public or to the plaintiff of the wrongdoing of which plaintiff complains.

(D) Unless the action can be maintained, the defendant may retain a gain derived from defendant's willful breach of a fiduciary duty.

(E) The requested relief will not result in unjust enrichment of the limited liability company or any member of the limited liability company.

(2) The plaintiff alleges in the complaint with particularity plaintiff's efforts to secure from the managers the action plaintiff desires or the reasons for not making that effort, and alleges further that plaintiff has either informed the limited liability company or the managers in writing of the ultimate facts of each cause of action against each defendant or delivered to the limited liability company or the managers a true copy of the complaint that plaintiff proposes to file.

(b) In any action referred to in subdivision (a), at any time within 30 days after service of summons upon the limited liability company or upon any defendant who is a manager of the limited liability company or held that position at the time of the acts complained of, the limited liability company or the defendant may move the court

for an order, upon notice and hearing, requiring the plaintiff to furnish security as hereinafter provided. The motion shall be based upon one or both of the following grounds:

(1) That there is no reasonable possibility that the prosecution of the cause of action alleged in the complaint against the moving party will benefit the limited liability company or its members.

(2) That the moving party, if other than the limited liability company, did not participate in the transaction complained of in any capacity. The court, on application of the limited liability company or any defendant, may, for good cause shown, extend the 30-day period for an additional period not exceeding 60 days.

(c) At the hearing upon any motion pursuant to subdivision (b), the court shall consider evidence, written or oral, by witnesses or affidavit, as may be material (1) to the ground upon which the motion is based, or (2) to a determination of the probable reasonable expenses, including attorneys' fees, of the limited liability company and the moving party that will be incurred in the defense of the action.

If the court determines, after hearing the evidence adduced by the parties, that the moving party has established a probability in support of any of the grounds upon which the motion is based, the court shall fix the nature and amount of security, not to exceed fifty thousand dollars (\$50,000), to be furnished by the plaintiff for reasonable expenses, including attorneys' fees, that may be incurred by the moving party and the limited liability company in connection with the action. A ruling by the court on the motion shall not be a determination of any issue in the action or of the merits thereof. The amount of the security may thereafter be increased or decreased in the discretion of the court upon a showing that the security provided has or may become inadequate or is excessive, but the court may not in any event increase the total amount of the security beyond fifty thousand dollars (\$50,000) in the aggregate for all defendants. If the court, upon a motion, makes a determination that security shall be furnished by the plaintiff as to any one or more defendants, the action shall be dismissed as to that defendant or defendants, unless the security required by the court has been furnished within any reasonable time as may be fixed by the court. The limited liability company and the moving party shall have recourse to the security in the amount that the court determines upon the termination of the action.

(d) If the plaintiff, either before or after a motion is made pursuant to subdivision (b), or any order or determination pursuant to that motion, posts good and sufficient bond or bonds in the aggregate amount of fifty thousand dollars (\$50,000) to secure the reasonable expenses of the parties entitled to make the motion, the plaintiff shall be deemed to have complied with the requirements of this section and with any order for security made pursuant to this section. Any motion then pending shall be dismissed and no further or additional bond or other security shall be required.

(e) If a motion is filed pursuant to subdivision (b), no pleadings need be filed by the limited liability company or any other defendant and the prosecution of the action shall be stayed until 10 days after the motion has been disposed of.

CHAPTER 12. MERGER

17550. (a) The following entities may be merged pursuant to this chapter:

(1) Two or more limited liability companies into one limited liability company.

(2) One or more limited liability companies and one or more other business entities into one of those other business entities.

(3) One or more limited liability companies and one or more other business entities into one limited liability company.

(b) Notwithstanding this section, the merger of any number of limited liability companies with any number of other business entities may be effected only if the other business entities that are organized in California are authorized by the laws under which they are organized to effect the merger, and:

(1) If a limited liability company is the surviving limited liability company, the foreign other business entities are not prohibited by the laws under which they are organized from effecting that merger.

(2) If a foreign limited liability company or foreign other business entity is the survivor of the merger, the laws of the jurisdiction under which the survivor is organized authorize that merger. Notwithstanding the foregoing sentence, if one or more domestic corporations is also a party to the merger, the merger may be effected only if, with respect to any foreign other business entity that is a corporation, the foreign corporation is authorized by the laws under which it is organized to effect that merger.

17551. (a) Each limited liability company and other business entity that desires to merge shall approve an agreement of merger. The agreement of merger shall be approved by the vote of a majority in interest of the members of each constituent limited liability company, or such greater percentage of the voting interests of members as may be specified in the articles of organization or written operating agreement of that constituent limited liability company. Notwithstanding the previous sentence, if the members of any constituent limited liability company become personally liable for any obligations of a constituent limited liability company or constituent other business entity as a result of the merger, the principal terms of the agreement of merger shall be approved by all of the members of the constituent limited liability company, unless the agreement of merger provides that all members will have the dissenters' rights provided in Chapter 13 (commencing with Section 17600). The agreement of merger shall be approved on behalf of each constituent other business entity by those persons required to approve the merger by the laws under which it is organized. Other

persons, including a parent of a constituent limited liability company, may be parties to the agreement of merger. The agreement of merger shall state:

(1) The terms and conditions of the merger.

(2) The name and place of organization of the surviving limited liability company or surviving other business entity, and of each disappearing limited liability company and disappearing other business entity. The agreement of merger may change the name of the surviving limited liability company, which new name may be the same as or similar to the name of a disappearing domestic or foreign limited liability company, subject to Section 17052.

(3) The manner of converting the interests of each of the constituent limited liability companies into interests, shares, or other securities of the surviving limited liability company or surviving other business entity. If interests of any of the constituent limited liability companies are not to be converted solely into interests, shares, or other securities of the surviving limited liability company or surviving other business entity, the agreement of merger shall state the cash, property, rights, interests, or securities that the holders of the interests are to receive in exchange for the interests, that cash, property, rights, interests, or securities may be in addition to or in lieu of interests, shares, or other securities of the surviving limited liability company or surviving other business entity, or that the interests are canceled without consideration.

(4) The amendments to the articles of organization of the surviving limited liability company, if applicable, to be effected by the merger, if any.

(5) Any other details or provisions as are required by the laws under which any constituent other business entity is organized, including, if a domestic corporation is a party to the merger, subdivision (b) of Section 1113.

(6) Any other details or provisions that are desired, including, without limitation, a provision for the treatment of fractional interests.

(b) Each interest of the same class of any constituent limited liability company, other than an interest in another constituent limited liability company, that is being canceled and that is held by a constituent limited liability company or its parent or a limited liability company of which the constituent limited liability company is a parent, unless all members of the class consent, shall be treated equally with respect to any distribution of cash, property, rights, interests, or securities. Notwithstanding this subdivision, except in a merger of a limited liability company with a limited liability company in which it controls at least 90 percent of the membership interests entitled to vote with respect to the merger, the nonredeemable interests of a constituent limited liability company may be converted only into nonredeemable interests or securities of the surviving limited liability company or other business entity or a parent if a constituent limited liability company or a constituent

other business entity or its parent owns, directly or indirectly, prior to the merger, interests of another constituent limited liability company or interests or securities of a constituent other business entity representing more than 50 percent of the interests or securities entitled to vote with respect to the merger of the other constituent limited liability company or constituent other business entity, or more than 50 percent of the voting power, as defined in Section 194.5, of a constituent other business entity that is a domestic corporation unless all of the members of the class consent.

The provisions of this subdivision do not apply to any transaction if the commissioner has approved the terms and conditions of the transaction and the fairness of those terms and conditions pursuant to Section 25142.

(c) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the certificate of merger or the agreement of merger as provided in Section 17552 if the amendment is approved by the members of each constituent limited liability company in the same manner as required for approval of the original agreement of merger and, if the amendment changes any of the principal terms of the agreement of merger, the amendment is approved by each of the constituent other business entities in the same manner as required for approval of the original agreement of merger.

(d) A merger may be abandoned by the members of a constituent limited liability company in the same manner as required for approval of the agreement of merger, subject to the contractual rights, if any, of third parties, including other constituent limited liability companies and constituent other business entities, at any time before the merger is effective.

(e) An agreement of merger approved in accordance with subdivision (a) may effect any amendment to the operating agreement of any constituent limited liability company or effect the adoption of a new operating agreement for a constituent limited liability company if it is the surviving limited liability company in the merger. Any amendment to an operating agreement or adoption of a new operating agreement made pursuant to the foregoing sentence shall be effective at the effective time or date of the merger. Notwithstanding the above provisions of this subdivision, if a greater number of members is required to approve an amendment to the operating agreement of the constituent limited liability company than is required to approve the agreement of merger pursuant to subdivision (a), and the number of members that approve the agreement of merger is less than the number of members required to approve an amendment to the operating agreement of the constituent limited liability company, any amendment to the operating agreement or adoption of a new operating agreement of the surviving limited liability company made pursuant to the first sentence of this subdivision shall be effective only if the agreement of merger is approved by the number

of members required to approve an amendment to the operating agreement of the constituent limited liability company.

(f) The surviving limited liability company or surviving other business entity shall keep the agreement of merger at the office referred to in subdivision (a) of Section 17057 or at the business address specified in paragraph (5) of subdivision (a) of Section 17552, as applicable. Upon the request of a member of a constituent limited liability company or a holder of shares, interests, or other securities of a constituent other business entity, a manager or, if no managers have been elected, any member of the surviving limited liability company or a person with authority to do so on behalf of the surviving other business entity shall promptly deliver to the member or the holder of shares, interests, or other securities, at the expense of the surviving limited liability company or surviving other business entity, a copy of the agreement of merger. A waiver by a member or holder of shares, interests, or other securities of the rights provided in this subdivision shall be unenforceable.

17552. (a) If the surviving entity is a limited liability company or an other business entity (other than a corporation in a merger in which a domestic corporation is a constituent party), after approval of a merger by the constituent limited liability companies and any constituent other business entities, the constituent limited liability companies or constituent other business entities shall file a certificate of merger in the office of, and on a form prescribed by, the Secretary of State. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all of the managers of the limited liability company, unless a lesser number is specified in the articles of organization or the operating agreement of the constituent limited liability company, and by each constituent foreign limited liability company and each constituent other business entity by those persons required to execute the certificate or agreement of merger by the laws under which the constituent foreign limited liability company or other business entity is organized. The certificate of merger shall set forth all of the following:

(1) The names and the Secretary of State's file numbers, if any, of each of the constituent limited liability companies and constituent other business entities, separately identifying the disappearing limited liability companies and disappearing other business entities and the surviving limited liability company or surviving other business entity.

(2) If a vote of the members was required under Section 17551, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of interests of each class that equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class.

(3) If the surviving entity is a limited liability company and not an

other business entity, any change required to the information set forth in the articles of organization of the surviving limited liability company resulting from the merger, including any change in the name of the surviving limited liability company resulting from the merger. The filing of a certificate of merger setting forth any changes to the articles of organization of the surviving limited liability company shall have the effect of the filing of an amendment to the articles of organization by the surviving limited liability company, and the surviving limited liability company need not file a certificate of amendment under Section 17054 to reflect those changes.

(4) The future effective date or time (which shall be a date or time certain not more than 90 days subsequent to the date of filing) of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(5) If the surviving entity is an other business entity or a foreign limited liability company, the full name, type of entity, legal jurisdiction in which the entity was organized and by whose laws its internal affairs are governed, and the address of the principal place of business of the entity.

(6) Any other information required to be stated in the certificate of merger by the laws under which each constituent other business entity is organized, including, if a domestic corporation is a party to the merger, paragraph (2) of subdivision (g) of Section 1113.

If the surviving entity is a foreign limited liability company in a merger in which a domestic corporation is a disappearing other business entity, a copy of the agreement of merger and attachments as required under paragraph (1) of subdivision (g) of Section 1113 shall be filed at the same time as the filing of the certificate of merger.

(b) If the surviving entity is a domestic corporation or a foreign corporation in a merger in which a domestic corporation is a constituent party, after approval of the merger by the constituent limited liability companies and constituent other business entities, the surviving corporation shall file in the office of the Secretary of State a copy of the agreement of merger and attachments required under paragraph (1) of subdivision (g) of Section 1113. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all of the managers of the limited liability company unless a lesser number is specified in the articles of organization or the operating agreement of the domestic constituent limited liability company.

(c) A certificate of merger, or the agreement of merger, as is applicable under subdivisions (a) or (b), shall have the effect of the filing of a certificate of cancellation of articles of organization for each disappearing limited liability company and no disappearing limited liability company need file a certificate of cancellation of articles of organization under Section 17356 as a result of the merger.

(d) If a disappearing other business entity is a foreign corporation qualified to transact intrastate business in this state, a certificate of

satisfaction of the Franchise Tax Board as required by Section 23334 of the Revenue and Taxation Code shall be filed with the certificate of merger or the agreement of merger, as is applicable under subdivision (a) or (b). By the filing of the certificate of merger or the agreement of merger, the foreign corporation shall automatically surrender its right to transact intrastate business.

(e) No certificate of merger shall be filed, however, until there has been filed on behalf of each constituent entity that is taxed under the Bank and Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured.

17553. (a) Unless a future effective date or time is provided in the certificate of merger or in any agreement of merger required to be filed under Section 17552, in which event the merger shall be effective at that future effective date or time (which shall be a date or time certain not more than 90 days subsequent to the date of filing), a merger shall be effective upon the filing of the certificate of merger, or the agreement of merger, as is applicable under subdivision (a) or (b), in the office of the Secretary of State.

(b) (1) For all purposes, a copy of the certificate of merger duly certified by the Secretary of State is conclusive evidence of the merger of (A) the constituent limited liability companies (either by themselves or together with constituent other business entities) into the surviving other business entity, or (B) the constituent limited liability companies or the constituent other business entities, or both, into the surviving limited liability company.

(2) In a merger in which the surviving entity is a corporation in a merger in which a domestic corporation and a domestic limited liability company are parties to the merger, a copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving corporation, and the performance of the conditions necessary to the adoption of any amendment to the articles of incorporation of the surviving corporation, if applicable, contained in the agreement of merger.

17554. (a) Upon a merger of limited liability companies or limited liability companies and other business entities pursuant to this chapter, the separate existence of the disappearing limited liability companies and disappearing other business entities ceases and the surviving limited liability company or surviving other business entity shall succeed, without other transfer, act, or deed, to all the rights and property, whether real, personal, or mixed, of each of the disappearing limited liability companies and disappearing other business entities and shall be subject to all the debts and liabilities of each in the same manner as if the surviving limited liability company or surviving other business entity had itself

incurred them.

(b) All rights of creditors and all liens upon the property of each of the constituent limited liability companies and constituent other business entities shall be preserved unimpaired and may be enforced against the surviving limited liability company or the surviving other business entity to the same extent as if the debt, liability, or duty that gave rise to that lien had been incurred or contracted by it, provided that such liens upon the property of a disappearing limited liability company or disappearing other business entity shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(c) Any action or proceeding pending by or against any disappearing limited liability company or disappearing other business entity may be prosecuted to judgment, that shall bind the surviving limited liability company or surviving other business entity, or the surviving limited liability company or surviving other business entity may be proceeded against or be substituted in the disappearing limited liability company's or disappearing other business entity's place.

(d) If a partnership is a party to a merger nothing in this chapter is intended to affect the liability a general partner of a disappearing partnership may have in connection with the debts and liabilities of the disappearing partnership existing prior to the time the merger is effective.

17555. (a) The merger of any number of domestic limited liability companies with any number of foreign limited liability companies or foreign other business entities shall be required to comply with Section 17550.

(b) If the surviving entity is a domestic limited liability company or a domestic other business entity, the merger proceedings with respect to that limited liability company or other business entity and any domestic disappearing limited liability company shall conform to the provisions of this chapter governing the merger of domestic limited liability companies, but if the surviving entity is a foreign limited liability company or a foreign other business entity, then, subject to the requirements of subdivision (d) and Chapter 13 (commencing with Section 17600), with respect to any domestic constituent corporation, Section 1113 and Chapters 12 (commencing with Section 1200) and 13 (commencing with Section 1300) of Division 1 of Title 1, and with respect to any domestic constituent limited partnership, Article 7.6 (commencing with Section 15679.1) of Chapter 3 of Title 2, the merger proceedings may be in accordance with the laws of the state or place of organization of the surviving limited liability company or surviving other business entity.

(c) If the surviving entity is a domestic limited liability company or domestic other business entity, other than a domestic corporation, a certificate of merger shall be filed as provided in subdivision (a) of Section 17552 and thereupon, subject to subdivision (a) of Section 17553, the merger shall be effective as to each domestic constituent

limited liability company and domestic constituent other business entity. If the surviving entity is a domestic corporation, the agreement of merger with attachments shall be filed as provided in subdivision (b) of Section 17552, and thereupon, subject to subdivision (a) of Section 17553, the merger shall be effective as to each domestic constituent limited liability company and domestic constituent other business entity unless another effective date is provided for in Chapter 11 (commencing with Section 1100) of Division 1 of Title 1, with respect to any constituent corporation or any constituent other business entity.

(d) If the surviving entity is a foreign limited liability company or foreign other business entity, the merger shall become effective in accordance with the laws of the jurisdiction in which the surviving limited liability company or surviving other business entity is organized; but the merger shall be effective as to any domestic disappearing limited liability company as of the time of effectiveness in the foreign jurisdiction upon the filing in this state of a certificate of merger or agreement of merger as provided in Section 17552.

(e) If a merger described in subdivision (c) or (d) also includes a foreign disappearing limited liability company previously registered for the transaction of intrastate business in this state pursuant to Section 17451, the filing of the certificate of merger or agreement of merger, as applicable, automatically has the effect of a cancellation of registration for that foreign limited liability company pursuant to Section 17456 without the necessity of the filing of a certificate of cancellation.

(f) The provisions of subdivision (b) of Section 17551 and Chapter 13 (commencing with Section 17600) apply to the rights of the members of any of the constituent limited liability companies that are domestic limited liability companies and of any domestic limited liability company that is a parent of any foreign constituent limited liability company.

(g) If the surviving entity is a foreign limited liability company or foreign other business entity, the surviving entity shall file the following with the Secretary of State:

(1) An agreement that it may be served in this state in a proceeding for the enforcement of an obligation of any constituent entity and in a proceeding to enforce the rights of any holder of a dissenting interest or dissenting shares in a constituent domestic limited liability company or domestic other business entity.

(2) An irrevocable appointment of the Secretary of State as its agent for service of process, and an address to which process may be forwarded.

(3) An agreement that it will promptly pay the holder of any dissenting interest or dissenting share in a constituent domestic limited liability company or domestic other business entity the amount to which that person is entitled under California law.

17556. Whenever a domestic or foreign limited liability company or other business entity having any real property in this state merges

with another limited liability company or other business entity pursuant to the laws of this state or of the state or place in which any constituent limited liability company or constituent other business entity was organized, and the laws of the state or place of organization (including this state) of any disappearing limited liability company or disappearing other business entity provide substantially that the making and filing of the agreement of merger or certificate of merger vests in the surviving limited liability company or surviving other business entity all the real property of any disappearing limited liability company and disappearing other business entity, the filing for record in the office of the county recorder of any county in this state in which any of the real property of the disappearing limited liability company or disappearing other business entity is located of either of the documents specified in subdivision (a) or (b) shall evidence record ownership in the surviving limited liability company or surviving other business entity of all interest of the disappearing limited liability company or disappearing other business entity in and to the real property located in that county.

(a) A certificate of merger certified by the Secretary of State, or any other certificate as may be prescribed by the Secretary of State.

(b) A copy of the agreement of merger or certificate of merger, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the merger is effected.

CHAPTER 13. DISSENTING MEMBERS' RIGHTS

17600. (a) For purposes of this chapter, "reorganization" refers to any of the following:

(1) A merger pursuant to Chapter 12 (commencing with Section 17550).

(2) The acquisition by one limited liability company, in exchange in whole or part for its membership interests (or the membership interests or equity securities of a limited liability company or other business entity that is in control of the acquiring limited liability company), of membership interests of another limited liability company or other business entity if, immediately after the acquisition, the acquiring limited liability company has control of the other limited liability company or other business entity.

(3) The acquisition by one limited liability company in exchange in whole or in part for its membership interests (or the membership interests or equity securities of a limited liability company or other business entity that is in control of the acquiring limited liability company) or for its debt securities (or debt securities of a limited liability company or other business entity that is in control of the acquiring limited liability company) that are not adequately secured and that have a maturity date in excess of five years after the consummation of the acquisition, or both, of all or substantially all of

the assets of another limited liability company or other business entity.

(b) For purposes of this chapter, “control” means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a limited liability company or other business entity.

17601. (a) If the approval of outstanding membership interests is required for a limited liability company to participate in a reorganization, pursuant to the operating agreement of the limited liability company, or otherwise, then each member of the limited liability company holding those membership interests may, by complying with this chapter, require the limited liability company to purchase for cash, at its fair market value, the interest owned by the member in the limited liability company, if the interest is a dissenting interest as defined in subdivision (b). The fair market value shall be determined as of the day before the first announcement of the terms of the proposed reorganization, excluding any appreciation or depreciation in consequence of the proposed reorganization unless exclusion would be inequitable.

(b) As used in this chapter, “dissenting interest” means a membership interest that satisfies all of the following conditions:

(1) The membership interest was outstanding on the date for the determination of members entitled to vote on the reorganization.

(2) (A) The membership interest was not voted in favor of the reorganization, or (B) the membership interest was voted against the reorganization; provided, however, that subparagraph (A) rather than subparagraph (B) of this paragraph applies in any event where the approval for the proposed reorganization is sought by written consent rather than at a meeting.

(3) That the member has demanded that the limited liability company purchase at its fair market value in accordance with Section 17602.

(4) That the member submits for endorsement, if applicable, in accordance with Section 17603.

(c) As used in this chapter, “dissenting member” means the recordholder of a dissenting interest, and includes an assignee of record of that interest.

17602. (a) If members have a right under Section 17601, subject to compliance with paragraphs (4) and (5) of subdivision (b) thereof, to require the limited liability company to purchase their membership interests for cash, that limited liability company shall mail to each member a notice of the approval of the reorganization by the requisite vote or consent of the members. This notice shall be mailed within 10 days after the date of the approval, accompanied by a copy of this section and Sections 17601, 17603, 17604, and 17605, a statement of the price determined by the limited liability company to represent the fair market value of its outstanding interests, a statement of the method of valuation employed, the latest available balance sheet of the limited liability company, the latest available

income statement of the limited liability company, and a brief description of the procedure to be followed if the member desires to exercise the member's rights under those sections. The statement of price constitutes an offer by the limited liability company to purchase at the price stated any dissenting interests as defined in subdivision (b) of Section 17601, unless they lose their status as dissenting interests under Section 17610.

(b) Any member who has a right to require the limited liability company to purchase the member's interest for cash under Section 17601, subject to compliance with paragraphs (4) and (5) of subdivision (b) thereof, and who desires the limited liability company to purchase that interest, shall make written demand upon the limited liability company for the purchase of the interest and the payment to the member in cash of its fair market value. The demand is not effective for any purpose unless it is received by the limited liability company or any transfer agent thereof within 30 days after the date on which notice of the approval of the reorganization by the requisite vote or consent of the members is mailed by the limited liability company to the members.

(c) The demand shall state the number or amount of the dissenting member's interest in the limited liability company and shall contain a statement of what that member claims to be the fair market value of that interest on the day before the announcement of the proposed reorganization. The statement of fair market value constitutes an offer by the dissenting member to sell the interest at that price.

17603. Within 30 days after the date on which notice of the approval of the outstanding interests of the limited liability company is mailed to the dissenting member pursuant to subdivision (a) of Section 17602, the member shall submit to the limited liability company at its principal office or at the office of any transfer agent thereof, the following:

(a) If the interest is evidenced by a certificate, the dissenting member's certificate representing the interest that the member demands that the limited liability company purchase, to be stamped or endorsed with a statement that the interest is a dissenting interest, or to be exchanged for certificates of appropriate denominations so stamped or endorsed.

(b) If the interest is not evidenced by a certificate, written notice of the number or amount of interest that the dissenting member demands that the limited liability company purchase. Upon subsequent transfers of the dissenting interest on the books of the limited liability company, the new certificates or other written statement issued therefor shall bear a like statement, together with the name of the original holder of the dissenting interest.

17604. (a) If the limited liability company and the dissenting member agree that the member's interest is a dissenting interest and agree upon the price to be paid for the dissenting interest, the dissenting member is entitled to the agreed price with interest

thereon at the legal rate on judgments from the date of consummation of the reorganization. All agreements fixing the fair market value of any dissenting member's interest as between the limited liability company and the member shall be in writing and filed in the records of the limited liability company.

(b) Subject to the provisions of Section 17607, payment of the fair market value for a dissenting interest shall be made within 30 days after the amount thereof has been agreed upon or within 30 days after any statutory or contractual conditions to the reorganization are satisfied, whichever is later. In the case of dissenting interests evidenced by certificates of interest, payment shall be subject to surrender of the certificates of interest, unless provided otherwise by agreement.

17605. (a) If the limited liability company denies that a membership interest is a dissenting interest, or the limited liability company and a dissenting member fail to agree upon the fair market value of a dissenting interest, then the member or any interested limited liability company, within six months after the date on which notice of the approval of the reorganization by the requisite vote or consent of the members was mailed to the member, but not thereafter, may file a complaint in the superior court of the proper county to determine whether the interest is a dissenting interest, or the fair market value of the dissenting interest, or both, or to intervene in any action pending on such a complaint.

(b) Two or more dissenting members may join as plaintiffs or be joined as defendants in any action and two or more actions may be consolidated.

(c) On the trial of the action, the court shall determine the issues. If the status of the membership interest as a dissenting interest is an issue, the court shall first determine that issue. If the fair market value of the dissenting interest is an issue, the court shall determine, or shall appoint one or more impartial appraisers to determine, the fair market value of the dissenting interest.

17606. (a) If the court appoints an appraiser or appraisers, they shall determine the fair market value per interest of the outstanding membership interests of the limited liability company, by class if necessary. Within the time fixed by the court, the appraisers, or a majority of them, shall make and file a report in the office of the clerk of the court. On the motion of any party, the report shall be submitted to the court and considered along with any additional evidence as the court considers relevant. If the court finds the report reasonable, the court may confirm it.

(b) If a majority of the appraisers appointed fail to make and file a report within 30 days from the date of their appointment, or within such further time as may be allowed by the court, or the report is not confirmed by the court, the court shall determine the fair market value per interest of the outstanding membership interests of the limited liability company, by class if necessary.

(c) Subject to Section 17607, judgment shall be rendered against

the limited liability company for payment of an amount equal to the fair market value, as determined by the court, of each dissenting interest that any dissenting member who is a party, or has intervened, is entitled to require the limited liability company to purchase, with interest thereon at the legal rate on judgments from the date of consummation of the reorganization.

(d) Any judgment shall be payable forthwith, provided, however, that with respect to membership interests evidenced by transferable certificates of interest, only upon the endorsement and delivery to the limited liability company of those certificates representing the interest described in the judgment. Any party may appeal from the judgment.

(e) The costs of the action, including reasonable compensation for the appraisers, to be fixed by the court, shall be assessed or apportioned as the court considers equitable, but, if the appraisal exceeds the price offered by the limited liability company, the limited liability company shall pay the costs, including, in the discretion of the court, if the value awarded by the court for the dissenting interest is more than 125 percent of the price offered by the limited liability company under subdivision (a) of Section 17602, attorneys' fees and fees of expert witnesses.

17607. To the extent that the payment to dissenting members of the fair market value of their dissenting interests would require the dissenting members to return that payment or a portion thereof by reason of subdivision (f) of Section 17254 or the Uniform Fraudulent Transfer Act (Chapter 1 (commencing with Section 3439) of Title 2 of Part 2 of Division 4 of the Civil Code), then that payment or portion thereof shall not be made and the dissenting members shall become creditors of the limited liability company for the amount not paid, together with interest thereon at the legal rate on judgments until the date of payment. The dissenting members shall be subordinate to all other creditors in any proceeding relating to the winding up and dissolution of the limited liability company.

17608. Any cash distributions made by a limited liability company to a dissenting member after the date of consummation of the reorganization, but prior to any payment by the limited liability company for the dissenting member's interest, shall be credited against the total amount to be paid by the limited liability company for that dissenting interest.

17609. Except as expressly limited by this chapter, dissenting members shall continue to have all the rights and privileges incident to their interests immediately prior to the reorganization, including limited liability, until payment by the limited liability company for their dissenting interests. A dissenting member may not withdraw a demand for payment unless the limited liability company consents thereto.

17610. A dissenting interest loses its status as a dissenting interest and the holder thereof ceases to be a dissenting member and ceases to be entitled to require the limited liability company to purchase

the interest upon the occurrence of any of the following:

(a) The limited liability company abandons the reorganization. Upon abandonment of the reorganization, the limited liability company shall pay, on demand, to any dissenting member who has initiated proceedings in good faith under this chapter, all reasonable expenses incurred in those proceedings and reasonable attorneys' fees.

(b) The interest is transferred prior to its submission for endorsement in accordance with Section 17603.

(c) The dissenting member and the limited liability company do not agree upon the status of the interest as a dissenting interest or upon the purchase price of the dissenting interest, and neither files a complaint nor intervenes in a pending action, as provided in Section 17605, within six months after the date upon which notice of the approval of the reorganization by the requisite vote or consent of members was mailed to the member.

(d) The dissenting member, with the consent of the limited liability company, withdraws that member's demand for purchase of the dissenting interest.

17611. If litigation is instituted to test the sufficiency or regularity of the vote of the members in authorizing a reorganization, any proceedings under Sections 17605 and 17606 shall be suspended until final determination of that litigation.

17612. (a) Subject to subdivisions (b) and (c), this chapter applies to the following:

(1) A domestic limited liability company.

(2) A foreign limited liability company if members holding more than 50 percent of the voting interests of the foreign limited liability company reside in this state.

(b) This chapter does not apply to membership interests governed by operating agreements whose terms and provisions specifically set forth the amount to be paid in respect of those interests in the event of a reorganization of the limited liability company.

(c) This chapter shall not apply to any limited liability company with 35 or fewer members if all the members have waived the application of this chapter in writing, whether in an operating agreement or otherwise, provided that if, at the time of the reorganization, the limited liability company had more than 35 members, any waiver shall be ineffective as to that reorganization.

17613. (a) No member of a limited liability company who has a right under this chapter to demand payment of cash for the interest owned by that member in a limited liability company shall have any right at law or in equity to attack the validity of the reorganization, or to have the reorganization set aside or rescinded, except (1) in an action to test whether the vote or consent of members required to authorize or approve the reorganization has been obtained in accordance with the procedures established therefor by the operating agreement of the limited liability company, or if there is

no written operating agreement, this chapter, or (2) when the limited liability company action is fraudulent with respect to the complaining member or the limited liability company.

(b) If one of the parties to a reorganization is directly or indirectly controlled by, or under common control with, another party to the reorganization, subdivision (a) shall not apply to any member of the controlled party who has not demanded payment of cash for the member's interest pursuant to this chapter; but if the member institutes any action to attack the validity of the reorganization or to have the reorganization set aside or rescinded, the member shall not thereafter have any right to demand payment of cash for that member's interest pursuant to this chapter.

(c) If one of the parties to a reorganization is directly or indirectly controlled by, or under common control with, another party to the reorganization, then, in any action to attack the validity of the reorganization or to have the reorganization set aside or rescinded, (1) a party to a reorganization that controls another party to a reorganization shall have the burden of proving that the transaction is just and reasonable as to the members of the controlled party, and (2) a person who controls two or more parties to a reorganization shall have the burden of proving that the transaction is just and reasonable as to the members of any party so controlled.

(d) Subdivisions (b) and (c) shall not apply if a majority in interest of the members other than members who are directly or indirectly controlled by, or under common control with, another party to the reorganization approve or consent to the reorganization.

(e) This section shall not prevent a member of a limited liability company that is a party to a reorganization from bringing an action against the limited liability company or any manager, officer, employee, or agent of the limited liability company, at law or in equity, as to any matters, including, without limitation, an action for breach of fiduciary obligation or fraud, other than to attack the validity of the reorganization or to have the reorganization set aside or rescinded.

CHAPTER 14. MISCELLANEOUS PROVISIONS

17650. (a) If a manager or member required by this title to execute or file any document fails, after demand, to do so within a reasonable time or refuses to do so, any other manager or member, or any person appointed by a court of competent jurisdiction, may prepare, execute, and file that document with the Secretary of State.

(b) If there is any dispute concerning the filing of a document, or the failure to file a document, any manager or member may petition the superior court to direct the execution of the document.

(c) If the court finds that it is proper for the document to be executed and that any person so designated has failed or refused to execute the document, or if the court determines that any document should be filed, it shall order a party to file the document, on a form

prescribed by the Secretary of State if appropriate, as ordered by the court.

(d) In any action under this section, if the court finds the failure of the manager or member to comply with the requirement to file any document to have been without justification, the court may award an amount sufficient to reimburse the managers or members bringing the action for the reasonable expenses incurred by them, including attorneys' fees, in connection with the action or proceeding.

(e) Any member who is not a manager, or any person filing any document under this section, shall state the statutory authority after the signature on the appropriate document.

17651. (a) Every limited liability company that neglects, fails, or refuses to keep or cause to be kept or maintained the documents, books, and records required by Section 17058 to be kept or maintained shall be subject to a penalty of twenty-five dollars (\$25) for each day that the failure or refusal continues, beginning 30 days after receipt of written request by any member that the duty be performed, up to a maximum of one thousand five hundred dollars (\$1,500). The penalty shall be paid to the member or members jointly making the request for performance of the duty and damaged by the neglect, failure, or refusal, if suit therefor is commenced within 90 days after the written request is made; but the maximum daily penalty because of failure to comply with any number of separate requests made on any one day or for the same act shall be two hundred fifty dollars (\$250).

(b) Upon the failure of a limited liability company, or a foreign limited liability company registered to transact intrastate business in this state, to file the statement required by Section 17060, the Secretary of State shall mail a notice of that delinquency to the limited liability company or foreign limited liability company. The notice shall also contain information concerning the application of this section, advise the limited liability company or foreign limited liability company of the penalty imposed by this subdivision for failure to timely file the required statement after notice of delinquency has been mailed by the Secretary of State, and shall advise the limited liability company or foreign limited liability company of its right to request relief from the Secretary of State because of reasonable cause or unusual circumstances that justify the failure to file. If, within 60 days after the mailing of the notice of delinquency, a statement pursuant to Section 17060 has not been filed by the limited liability company or foreign limited liability company, the limited liability company or foreign limited liability company shall be subject to a penalty of two hundred fifty dollars (\$250).

17652. Any penalty prescribed by Section 17651 shall be in addition to any remedy by injunction or action for damages or by writ of mandate for the nonperformance of acts and duties enjoined by law upon the limited liability company or its managers.

The court in which an action for any penalty is brought may reduce, remit or suspend the penalty on any terms and conditions as it may deem reasonable when it is made to appear that the neglect, failure or refusal was inadvertent or excusable.

17653. (a) Upon the failure of a limited liability company to file the statement required by Section 17060, the Secretary of State shall mail a notice of the delinquency to the limited liability company. The notice shall also contain information concerning the application of this section, advise the limited liability company of the penalty imposed by Section 19141 of the Revenue and Taxation Code for failure to timely file the required statement after notice of delinquency has been mailed by the Secretary of State, and shall advise the limited liability company of its right to request relief from the Secretary of State because of reasonable cause or unusual circumstances that justify such failure to file. If, within 60 days after the mailing of the notice of delinquency, a statement pursuant to Section 17060 has not been filed by the limited liability company, the Secretary of State shall certify the name of such limited liability company to the Franchise Tax Board.

(b) Upon certification pursuant to subdivision (a), the Franchise Tax Board shall assess against the limited liability company the penalty provided in Section 19141 of the Revenue and Taxation Code.

(c) The penalty provided by Section 19141 shall not apply to a limited liability company that on or prior to the date of certification pursuant to subdivision (a) has dissolved or has been merged into another limited liability company or other business entity.

(d) The penalty herein provided shall not apply and the Secretary of State need not mail a notice of delinquency to a limited liability company the powers, rights and privileges of which have been suspended by the Franchise Tax Board pursuant to Section 23301, 23301.5 or 23775 of the Revenue and Taxation Code on or prior to, and remain suspended on, the last day of the filing period pursuant to Section 17060. The Secretary of State need not mail a form pursuant to Section 17060 to a limited liability company the powers, rights and privileges of which have been so suspended by the Franchise Tax Board on or prior to, and remain suspended on, the day the Secretary of State prepares the forms for mailing.

(e) If, after certification pursuant to subdivision (a) the Secretary of State finds (1) the required statement was filed or the required fee was paid before the expiration of the 60-day period after mailing of the notice of delinquency, or (2) the failure to provide notice of delinquency was due to an error of the Secretary of State, the Secretary of State shall promptly decertify the name of the limited liability company to the Franchise Tax Board. The Franchise Tax Board shall then promptly abate any penalty assessed against the limited liability company pursuant to Section 19141 of the Revenue and Taxation Code.

(f) If the Secretary of State determines that the failure of a limited

liability company to file the statement required by Section 17060, or to pay the fee imposed by Section 23092 of the Revenue and Taxation Code, is excusable because of reasonable cause or unusual circumstances that justify such failure, the Secretary of State may waive the penalty imposed by this section and by Section 19141 of the Revenue and Taxation Code, in which case the Secretary of State shall not certify the name of the limited liability company to the Franchise Tax Board, or if already certified, the Secretary of State shall promptly decertify the name of the limited liability company.

17654. (a) A limited liability company that (1) fails to file a statement pursuant to Section 17060 for an applicable filing period, (2) has not filed a statement pursuant to Section 17060 during the preceding 24 months, and (3) was certified for penalty pursuant to Section 17653 for the same filing period of the prior year, shall be subject to suspension pursuant to this section rather than to penalty pursuant to Section 17653.

(c) After the expiration of the 60-day period without any statement filed pursuant to Section 17060, the Secretary of State shall notify the Franchise Tax Board of the suspension, and mail a notice of the suspension to the limited liability company and thereupon, except for the purpose of amending the articles of organization to set forth a new name, the powers, rights, and privileges of the limited liability company are suspended.

(d) A statement pursuant to Section 17060 may be filed notwithstanding suspension of the powers, rights, and privileges pursuant to this section or Section 23301 or 23301.5 of the Revenue and Taxation Code. Upon the filing of a statement pursuant to Section 17060 by a limited liability company that has suffered suspension pursuant to this section, the Secretary of State shall certify that fact to the Franchise Tax Board and the limited liability company may thereupon, in accordance with Section 23305a of the Revenue and Taxation Code, be relieved from suspension unless the limited liability company is held in suspension by the Franchise Tax Board by reason of Section 23301 or 23301.5 of the Revenue and Taxation Code.

17655. (a) Sections 17653 and 17654 apply to foreign limited liability companies with respect to the statements required to be filed by Section 17060. For this purpose, the suspension of the powers, rights, and privileges of a domestic limited liability company shall mean the forfeiture of the exercise of the powers, rights, and privileges of a foreign limited liability company in this state.

(b) The forfeiture of the exercise of the powers, rights, and privileges of a foreign limited liability company in this state as used in subdivision (a) does not prohibit the transaction of business in this

state by a foreign limited liability company if the business transacted subsequent to the forfeiture would not, considered as an entirety, require the foreign limited liability company to obtain a certificate of registration pursuant to subdivision (ao) of Section 17001 and Section 17452.

SEC. 38. Section 40170 of the Public Resources Code is amended to read:

40170. "Person" includes an individual, firm, limited liability company, association, partnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever.

SEC. 39. Section 19 of the Revenue and Taxation Code, as

amended by Chapter 1187 of the Statutes of 1993, is amended to read:

19. "Person" includes any person, firm, partnership, general partner of a partnership, limited liability company, association, corporation, company, syndicate, estate, trust, business trust, or organization of any kind. As used in Division 2 (commencing with Section 6001), "person" shall include, in addition to the items of definition contained in the first sentence, trustee, trustee in bankruptcy, receiver, executor, administrator, or assignee.

SEC. 40. Section 28 of the Revenue and Taxation Code is repealed.

SEC. 41. Section 28.5 is added to the Revenue and Taxation Code, to read:

28.5. As used in Division 1 of this code, "partnership" shall include limited liability company, except where the context or the specific provisions of this division otherwise require.

SEC. 42. Section 64 of the Revenue and Taxation Code is amended to read:

64. (a) Except as provided in subdivision (h) of Section 61 and subdivisions (c) and (d) of this section, the purchase or transfer of ownership interests in legal entities, such as corporate stock or partnership or limited liability company interests, shall not be deemed to constitute a transfer of the real property of the legal entity.

(b) Any corporate reorganization, where all of the corporations involved are members of an affiliated group, and which qualifies as a reorganization under Section 368 of the United States Internal Revenue Code and which is accepted as a nontaxable event by similar California statutes, or any transfer of real property among members of an affiliated group, or any reorganization of farm credit institutions pursuant to the federal Farm Credit Act of 1971 (Public Law 92-181), as amended, shall not be a change of ownership. The taxpayer shall furnish proof, under penalty of perjury, to the assessor that the transfer meets the requirements of this subdivision.

For purposes of this subdivision "affiliated group" means one or more chains of corporations connected through stock ownership with a common parent corporation if:

(1) One hundred percent of the voting stock, exclusive of any share owned by directors, of each of the corporations, except the parent corporation, is owned by one or more of the other corporations; and

(2) The common parent corporation owns, directly, 100 percent of the voting stock, exclusive of any shares owned by directors, of at least one of the other corporations.

(c) When a corporation, partnership, limited liability company, other legal entity, or any other person obtains control, as defined in Section 25105 (as enacted by Chapter 938 of the Statutes of 1955), in any corporation, or obtains a majority ownership interest in any partnership, limited liability company, or other legal entity through the purchase or transfer of corporate stock, partnership, or limited

liability company interest, or ownership interests in other legal entities, such purchase or transfer of such stock or other interest shall be a change of ownership of property owned by the corporation, partnership, limited liability company, or other legal entity in which the controlling interest is obtained.

(d) If property is transferred on or after March 1, 1975, to a legal entity in a transaction excluded from change in ownership by paragraph (2) of subdivision (a) of Section 62, then the persons holding ownership interests in such legal entity immediately after the transfer shall be considered the "original coowners." Whenever shares or other ownership interests representing cumulatively more than 50 percent of the total interests in the entity are transferred by any of the original coowners in one or more transactions, a change in ownership of that real property owned by the legal entity shall have occurred, and the property which was previously excluded from change in ownership under the provisions of paragraph (2) of subdivision (a) of Section 62 shall be reappraised.

The date of reappraisal shall be the date of the transfer of the ownership interest representing individually or cumulatively more than 50 percent of the interests in the entity.

A transfer of shares or other ownership interests which results in a change in control of a corporation, partnership, limited liability company, or any other legal entity is subject to reappraisal as provided in subdivision (c) rather than this subdivision.

(e) In order to assist in the determination of whether a change of ownership has occurred under subdivisions (c) and (d), the Franchise Tax Board shall include a question in substantially the following form on returns for partnerships, banks and corporations (except tax-exempt organizations):

If the corporation (or partnership or limited liability company) owns real property in California, has cumulatively more than 50 percent of the voting stock (or more than 50 percent of total interest in both partnership or limited liability company capital and partnership or limited liability company profits) (1) been transferred by the corporation (or partnership or limited liability company) since March 1, 1975, or (2) been acquired by another legal entity or person during the year? (See instructions.)

If the entity answers "yes" to (1) or (2) in the above question, then the Franchise Tax Board shall furnish the names and addresses of that entity and of the stock or partnership or limited liability company ownership interest transferees to the State Board of Equalization.

SEC. 43. Section 480 of the Revenue and Taxation Code is amended to read:

480. (a) Whenever any change in ownership of real property or of a mobilehome subject to local property taxation, and which is assessed by the county assessor, occurs, the transferee shall file a

signed change in ownership statement in the county where the real property or mobilehome is located, as provided for in subdivision (c). In the case of a change in ownership where the transferee is not locally assessed, no change in ownership statement is required.

(b) The personal representative shall file a change in ownership statement with the county recorder or assessor in each county where the decedent owned real property at the time of death. The statement shall be filed at the time the inventory and appraisal is filed with the court clerk.

(c) Except as provided in subdivision (d), the change in ownership statement as required pursuant to subdivision (a) shall be declared to be true under penalty of perjury and shall give such information relative to the real property or mobilehome acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. The information shall include, but not be limited to, a description of the property, the parties to the transaction, the date of acquisition, the amount, if any, of the consideration paid for the property, whether paid in money or otherwise, and the terms of the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. The statement shall contain a notice informing the transferee of the property tax relief available under Section 69.5. The statement shall contain a notice that is printed, with the title in at least 12-point boldface type and the body in at least 8-point boldface type, in the following form:

“Important Notice”

“The law requires any transferee acquiring an interest in real property or mobilehome subject to local property taxation, and which is assessed by the county assessor, to file a change in ownership statement with the county recorder or assessor. The change in ownership statement must be filed at the time of recording or, if the transfer is not recorded, within 45 days of the date of the change in ownership. The failure to file a change in ownership statement within 45 days from the date of a written request by the assessor results in a penalty of either: (1) one hundred dollars (\$100), or (2) 10 percent of the taxes applicable to the new base year value reflecting the change in ownership of the real property or mobilehome, whichever is greater, but not to exceed two thousand five hundred dollars (\$2,500) if such failure to file was not willful. This penalty will be added to the assessment roll and shall be collected like any other delinquent property taxes, and be subject to the same penalties for nonpayment.”

(d) The change in ownership statement may be attached to or accompany the deed or other document evidencing a change in ownership filed for recording, in which case such notice, declaration under penalty of perjury, and any information contained in the deed

or other transfer document otherwise required by subdivision (c) may be omitted.

(e) If the document evidencing a change in ownership is recorded in the county recorder's office, then the statement shall be filed with the recorder at the time of recordation. However, the recordation of the deed or other document evidencing a change in ownership shall not be denied or delayed because of the failure to file a change of ownership statement, or filing of an incomplete statement, in accordance with this subdivision. If the document evidencing a change in ownership is not recorded or is recorded without the concurrent filing of a change in ownership statement, then the statement shall be filed with the assessor no later than 45 days from the date the change in ownership occurs.

(f) Whenever a change in ownership statement is filed with the county recorder's office, the recorder shall transmit, as soon as possible, the original statement or a true copy thereof to the assessor along with a copy of every recorded document as required by Section 255.7.

(g) The change in ownership statement may be filed with the assessor through the United States mail, properly addressed with the postage prepaid.

(h) In the case of a corporation, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation. In the case of a partnership, limited liability company, or other legal entity, the statement shall be signed by an officer, partner, manager, or an employee or agent who has been designated in writing by the partnership, limited liability company, or legal entity.

(i) No person or entity acting for or on behalf of the parties to a transfer of real property shall incur liability for the consequences of assistance rendered to the transferee in preparation of any change in ownership statement, and no action may be brought or maintained against any such person or entity as a result of such assistance.

Nothing in this section shall create a duty, either directly or by implication, that such assistance be rendered by any person or entity acting for or on behalf of parties to a transfer of real property.

SEC. 44. Section 480.1 of the Revenue and Taxation Code is amended to read:

480.1. (a) Whenever there is a change in control of any corporation, partnership, limited liability company, or other legal entity, as defined in subdivision (c) of Section 64, a signed change in ownership statement as provided for in subdivision (b), shall be filed by the person or legal entity acquiring ownership control of such corporation, partnership, limited liability company, or other legal entity with the board at its office in Sacramento. The statement shall list all counties in which the corporation, partnership, limited liability company, or legal entity owns real property.

(b) The change in ownership statement as required pursuant to subdivision (a), shall be declared to be true under penalty of perjury and shall give such information relative to the ownership control acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. The information shall include, but not be limited to, a description of the property owned by the corporation, partnership, limited liability company, or other legal entity, the parties to the transaction, and the date of the ownership control acquisition. The change in ownership statement shall not include any question which is not germane to the assessment function. “Important Notice”

The change in ownership statement must be filed within 45 days from the date of the change in control of a corporation, partnership, limited liability company, or other legal entity. The law further requires that a change in ownership statement be completed and filed whenever a written request is made therefor by the State Board of Equalization, regardless of whether a change in control of the legal entity has occurred. The failure to file a change in ownership statement within 45 days from the date of a written request by the State Board of Equalization results in a penalty of 10 percent of the taxes applicable to the new base year value reflecting the change in control of the real property owned by the corporation, partnership, limited liability company, or legal entity (or 10 percent of the current year's taxes on that property if no change in control occurred). This penalty will be added to the assessment roll and shall be collected like any other delinquent property taxes, and be subject to the same penalties for nonpayment.”

(c) In the case of a corporation, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation. In the case of a partnership, limited liability company, or other legal entity, the statement shall be signed by an officer, partner, manager, or an employee or agent who has been designated in writing by the partnership, limited liability company, or legal entity.

(d) No person or entity acting for or on behalf of the parties to a

transfer of real property shall incur liability for the consequences of assistance rendered to the transferee in preparation of any change in ownership statement, and no action may be brought or maintained against any such person or entity as a result of such assistance.

Nothing in this section shall create a duty, either directly or by implication, that such assistance be rendered by any person or entity acting for or on behalf of parties to a transfer of real property.

(e) The board or assessors may inspect any and all records and documents of a corporation, partnership, limited liability company, or legal entity to ascertain whether a change in control as defined in subdivision (c) of Section 64 has occurred. The corporation, partnership, limited liability company, or legal entity shall upon request, make such documents available to the board during normal business hours.

The statement shall list all counties in which the corporation, partnership, limited liability company, or legal entity owns real property.

(b) The change in ownership statement required pursuant to subdivision (a) shall be declared to be true and under penalty of perjury and shall give such information relative to the ownership interest acquisition transaction as the board shall prescribe after consultation with the California Assessors' Association. The information shall include, but not be limited to, a description of the property owned by the corporation, partnership, limited liability company, or other legal entity, the parties to the transaction, the date of the ownership interest acquisition, and a listing of the "original coowners" of the corporation, partnership, limited liability company, or other legal entity prior to the transaction. The change in ownership statement shall not include any question which is not germane to the assessment function. Sacramento. The change in ownership statement must be filed within 45 days from the date that shares or other ownership interests representing cumulatively more than 50 percent of the total control or ownership interests in the entity are transferred by any of the original coowners in one or more transactions. The law further requires that a change in ownership statement be completed and filed whenever a written request is made therefor by the State Board of Equalization, regardless of whether a change in ownership of the legal entity has occurred. The failure to file a change in ownership statement within 45 days from the date of a written request by the Board of Equalization results in a penalty of 10 percent of the taxes applicable to the new base year value reflecting the change in ownership of the real property owned by the corporation, partnership, limited liability company, or legal entity (or 10 percent of the current year's taxes on that real property if no change in ownership occurred). This penalty will be added to the assessment roll and shall be collected like any other delinquent property taxes, and be subject to the same penalties for nonpayment."

(c) In the case of a corporation, the change in ownership statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign such statements on behalf of the corporation. (d) The fee assessed under this section shall be due and payable on the date the return of the limited liability company is required to be filed under Section 18633.5.

23093. (a) On or before January 1, 1999, and annually thereafter, the Franchise Tax Board shall conduct a study using the methodology and assumptions set forth in the report dated August 9, 1994, and titled "Methodology for the Limited Liability Company Fee Adjustment Calculation," which is hereby incorporated by reference into this section. The study shall be submitted to the Joint Legislative Budget Committee and made available, upon request, to any Member of the Legislature. If the Franchise Tax Board determines, in accordance with the methodology and assumptions set forth in the study referenced in this subdivision that the act that added this section results in a net gain or reduction in state income and franchise tax revenues, the Franchise Tax Board annually shall, after a public hearing, increase or decrease the amounts of the fees imposed under Section 23092 in a manner that offsets the computed revenue gain or loss. Notwithstanding the above, in no case shall the amount of the fees be less than one dollar (\$1).

1, 1999.

(d) The Secretary of State shall provide the Franchise Tax Board with an annual listing, in a form and manner agreed upon by the Franchise Tax Board and the Secretary of State, of the limited liability companies registered with the Secretary of State during the previous calendar year, including, but not limited to, the following information:

The Secretary of State shall also notify persons that receipt of documents by the Secretary of State will be acknowledged within 21 days of receipt.

23095. No decree of dissolution, withdrawal, or cancellation shall be made and entered by any court, nor shall the county clerk of any county or the Secretary of State file any such decree, withdrawal, or cancellation or any other document by which the term of existence of the limited liability company shall be reduced or terminated, nor shall the Secretary of State file any certificate of the surrender or cancellation by a foreign limited liability company of its rights to do intrastate business in this state unless the limited liability company obtains from the Franchise Tax Board and files from the court, county clerk, or Secretary of State as the case may be, a tax clearance certificate indicating that the Franchise Tax Board is satisfied from the available evidence that all taxes and fees imposed by this chapter have been paid or are secured by bond, deposit, or otherwise. Within 30 days after receiving a request for a certificate, the Franchise Tax Board shall either issue the certificate or notify the person requesting the certificate of the amount of tax or fees that must be paid or the

amount of bond, deposit, or other security that must be furnished as a condition of issuing the certificate. The issuance of the certificate shall not relieve the taxpayer or any individual, bank, or corporation from liability for any taxes, fees, penalties, or interest imposed by this code. The Franchise Tax Board shall furnish a copy of the tax clearance certificate to the Secretary of State.

23096. A limited liability company shall not be subject to the taxes and fees imposed by this chapter if the limited liability company did no business in this state during the taxable or income year and the taxable or income year was 15 days or less.

SEC. 93. Nothing in this act shall be construed to permit a domestic or foreign limited liability company to render professional services, as defined in subdivision (a) of Section 13401 of the Corporations Code, in this state unless expressly authorized under applicable provisions of the Business and Professions Code or the Chiropractic Act.

SEC. 94. For purposes of implementing and administering this act in the 1994-95 fiscal year, the sum of three hundred fifty thousand dollars (\$350,000) is hereby appropriated from the General Fund to the Franchise Tax Board, in augmentation of Item 1730-001-001 of the Budget Act of 1994. It is the intent of the Legislature that the funds required to administer this act for the 1995-96 fiscal year and each fiscal year thereafter, shall be provided for in the annual Budget Act.

SEC. 95. It is a concern of the Legislature that, while this act is designed to assist the formation and operation of small or closely held or controlled business arrangements, limited liability companies may become a format for a publicly held business entity to transact business without adequate provision for governance standards, including rights of securities holders. The Legislature is mindful, also, of the severe financial damage caused to investors in publicly held limited partnerships whose securities were either listed on, or involved in rollup transactions resulting in the issuance of securities to be listed on, a national securities exchange or interdealer quotation system, that had not adopted or imposed standards relating to these securities or transactions. Therefore, it is the intent of the Legislature that a national securities exchange or interdealer quotation system, certified by the Commissioner of Corporations under subdivision (o) of Section 25100 of the Corporations Code, shall adopt, subject to the review and approval of the Commissioner of Corporations, listing standards or designation criteria for the securities of limited liability companies prior to the listing or designation of any such securities on the exchange or system. The Commissioner of Corporations shall withdraw the exemption under

subdivision (o) of Section 25100 of the Corporations Code for securities of a limited liability company on an exchange or system if an exchange or system fails to adopt such standards or criteria.

SEC. 96. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 96.5. Section 65.5 of this bill incorporates amendments to Section 23036 of the Revenue and Taxation Code proposed by both this bill and AB 3316. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1995, (2) each bill amends Section 23036 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 3316, in which case Section 23036 of the Revenue and Taxation Code, as amended by AB 3316, shall remain operative only until the operative date of this bill, at which time Section 65.5 of this bill shall become operative, and Section 65 of this bill shall not become operative.

SEC. 97. Section 53.5 of this bill incorporates amendments to Section 17220 of the Revenue and Taxation Code proposed by both this bill and SB 1805. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1995, (2) each bill amends Section 17220 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 1805, in which case Section 17220 of the Revenue and Taxation Code, as amended by SB 1805, shall remain operative only until the operative date of this bill, at which time Section 53.5 of this bill shall become operative, and Section 53 of this bill shall not become operative.

SEC. 98. Section 54.5 of this bill incorporates amendments to Section 18402 of the Revenue and Taxation Code proposed by both this bill and SB 1805. SEC. 99. Section 56.5 of this bill incorporates amendments to Section 18621.5 of the Revenue and Taxation Code proposed by both this bill and SB 1805. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1995, (2) each bill amends Section 18621.5 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 1805, in which case Section 18621.5

of the Revenue and Taxation Code, as amended by SB 1805, shall remain operative only until the operative date of this bill, at which time Section 56.5 of this bill shall become operative, and Section 56 of this bill shall not become operative.

SEC. 100. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Limited liability companies may presently do business in at least 43 of the United States. It is essential to the California economy that the state provide an attractive business environment, which includes provision for limited liability companies. In order to help stem the flow of business and jobs from California, protect the rights of Californians dealing with limited liability companies, and improve California's business climate and tax base, it is necessary that this act go into effect immediately.

(b) The special powers provided in this act are necessary to provide an orderly and financially sound transition from a rural community to an urban community in a manner consistent with the San Joaquin County General Plan. This act will serve a special need, which is not common to all districts formed under the Community Services District Law. In no event shall the notice of disqualification be made after a hearing of any contested issue of fact relating the merits of the claim. Nothing in this section shall limit the right of a party to vacate an award or to disqualify an arbitrator pursuant to subdivision (e) of Section 1282, Section 1286.2, or any other law or statute.

(b) Consistent with its mandatory investigation and reinspection duties under Sections 6309, 6313, and 6320, the division shall develop and implement a special emphasis program for enforcement of the standard for at least two years following its adoption. Not later than March 15, 1995, the division shall also develop a written plan to coordinate its enforcement program with other state and local agencies. The division shall be the lead enforcement agency. Other state and local agencies shall cooperate with the division in the development and implementation of the plan. The division shall report to the Legislature, not later than January 1, 1994, on its enforcement program. The plan shall provide for coordination between the division and local officials in counties where the field sanitation facilities required by the standard adopted pursuant to subdivision (a) are registered by the county health officer or other appropriate official of the county where the facilities are located. The division shall establish guidelines to assist counties that choose to register sanitation facilities pursuant to this section, for developing service charges, fees, or assessments to defray the costs of registering the facilities, taking into consideration the differences between small and large employers.

(c) (1) Past violations by a fixed-site or nonfixed-site employer,

occurring anywhere in the state within the previous five years, of one or more field sanitation regulations established pursuant to this section, or of Section 1928.110 of Title 29 of the Code of Federal Regulations, shall be considered for purposes of establishing whether a current violation is a repeat violation under Section 6429.

(2) Past violations by a fixed-site or nonfixed-site employer, occurring anywhere in the state within the previous five years, of one or more field sanitation regulations established pursuant to this section, Chapter 6.5 (commencing with Section 5474.20) of Part 3 of Division 5 of the Health and Safety Code, Chapter 1 (commencing with Section 3700) of Part 1 of Division 5 of the Health and Safety Code, or Section 2441 of this code, or of Section 1928.110 of Title 29 of the Code of Federal Regulations, shall constitute evidence of willfulness for purposes of Section 6429.

(d) (1) Notwithstanding Sections 6317 and 6434, any employer who fails to provide the facilities required by the field sanitation standard shall be assessed a civil penalty under the appropriate provisions of Sections 6427 to 6430, inclusive, except that in no case shall the penalty be less than seven hundred fifty dollars (\$750) for each violation.

(2) Abatement periods fixed by the division pursuant to Section 6317 for violations shall be limited to one working day. However, the division may, pursuant to Section 6319.5, modify the period in cases where a good faith effort to comply with the abatement requirement is shown. The filing of an appeal with the appeals board pursuant to Sections 6319 and 6600 shall not stay the abatement period.

(3) An employer cited pursuant to paragraph (1) of this subdivision shall be required to annually complete a field sanitation compliance form which shall list the estimated peak number of employees, the toilets, washing, and drinking water facilities to be provided by the employer, any rental and maintenance agreements, and any other information considered relevant by the division for a period of five years following the citation. The employer shall be required to annually submit the completed form, subscribed under penalty of perjury, to the division, or to an agency designated by the division.

(e) The division shall notify the State Department of Health Services and the appropriate local health officers whenever a violation of the standard adopted pursuant to this section may result in the adulteration of food with harmful bacteria or other deleterious substances within the meaning of Article 3 (commencing with Section 26520) of Chapter 5 of Division 21 of the Health and Safety Code.

(f) Pending final adoption and approval of the standard required by subdivision (a), the division may enforce the field sanitation standards prescribed by Section 1928.110 of Title 29 of the Code of Federal Regulations, except subdivision (a) of Section 1928.110, in the same manner as other standards contained in this division.

CHAPTER 1204

An act to add Section 2856 to the Civil Code, relating to guarantors.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 2856 is added to the Civil Code, to read:

2856. (a) Any guarantor, including a guarantor of an obligation secured by real property or any interest therein, may waive the guarantor's rights of subrogation and reimbursement and any other rights and defenses available to the guarantor by reason of Sections 2787 to 2855, inclusive, including, without limitation, (1) any defenses the guarantor may have to the guaranty obligation by reason of an election of remedies by the creditor and (2) any rights or defenses the guarantor may have by reason of protection afforded to the principal with respect to the obligation so guaranteed pursuant to the antideficiency or other laws of this state limiting or discharging the principal's indebtedness, including, without limitation, Section 580a, 580b, 580d, or 726 of the Code of Civil Procedure.

(b) Any language that expressly sets forth a waiver of suretyship rights or defenses described in subdivision (a), or any of them, shall be effective whether or not it contains references to statutory provisions or judicial decisions. The following language shall be an effective waiver of the guarantor's defense to a recovery by the creditor by reason of the creditor's election of remedies:

Guarantor waives all rights and defenses arising out of an election of remedies by the creditor, even though that election of remedies, such as a nonjudicial foreclosure with respect to security for a guaranteed obligation, has destroyed the guarantor's rights of subrogation and reimbursement against the principal by the operation of Section 580d of the Code of Civil Procedure or otherwise.

(c) Subdivision (b) shall not apply to a guaranty of a loan to an individual primarily for personal, family, or household purposes, secured by a deed of trust or mortgage on a dwelling for not more than four families when the dwelling is occupied, entirely or in part, by the borrower.

SEC. 2. Subdivisions (a) and (b) of Section 2856 of the Civil Code do not represent a change in, but are merely declarative of, existing law. The Legislature, by enacting subdivision (b) of Section 2856 of the Civil Code, does not address the legal requirements for waivers in a guaranty in connection with the types of transactions described in subdivision (c) of Section 2856 of the Civil Code. No inference of any kind should be drawn from the exclusion of these transactions from the application of subdivision (b) of Section 2856 of the Civil

Code.

CHAPTER 1205

An act to amend Section 25658 of the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 25658 of the Business and Professions Code is amended to read:

25658. (a) Every person who sells, furnishes, gives, or causes to be sold, furnished, or given away, any alcoholic beverage to any person under the age of 21 years is guilty of a misdemeanor.

(b) Any person under the age of 21 years who purchases any alcoholic beverage, or any person under the age of 21 years who consumes any alcoholic beverage in any on-sale premises, is guilty of a misdemeanor.

(c) Any on-sale licensee who knowingly permits a person under the age of 21 years to consume any alcoholic beverage in the on-sale premises, whether or not the licensee has knowledge that the person is under the age of 21 years, is guilty of a misdemeanor.

(d) Any person who violates this section shall be punished by a fine of not less than two hundred fifty dollars (\$250), no part of which shall be suspended, or the person shall be required to perform not less than 24 hours or more than 32 hours of community service during hours when the person is not employed and is not attending school, or a combination of fine and community service as determined by the court.

(e) Persons under the age of 21 years may be used by peace officers in the enforcement of this section to apprehend licensees, or employees or agents of licensees, who sell alcoholic beverages to minors. Notwithstanding subdivision (b), any person under the age of 21 years who purchases or attempts to purchase any alcoholic beverage while under the direction of a peace officer is immune from prosecution for that purchase or attempt to purchase an alcoholic beverage. Guidelines with respect to the use of persons under the age of 21 years as decoys shall be adopted and published by the department in accordance with the rulemaking portion of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). Law enforcement-initiated minor decoy programs in operation prior to the effective date of regulatory guidelines adopted by the department shall be authorized as long as the minor decoy

displays to the seller of alcoholic beverages the appearance of a person under the age of 21 years. This subdivision shall not be construed to prevent the department from taking disciplinary action against a licensee who sells alcoholic beverages to a minor decoy prior to the department's final adoption of regulatory guidelines.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit immediate proper implementation of a recent Supreme Court decision, it is necessary for this act to take effect immediately.

As used in this section, "license" includes "certificate," "permit," "authority," and "registration" or any other indicia giving authorization to engage in a business or profession regulated by this code or referred to in Section 1000 or 3600.

SEC. 2. Section 125 of the Business and Professions Code is amended to read:

125. Any person, licensed under Division 1 (commencing with Section 100), Division 2 (commencing with Section 500), or Division 3 (commencing with Section 5000) is guilty of a misdemeanor and subject to the disciplinary provisions of this code applicable to him or her, who conspires with a person not so licensed to violate any provision of this code, or who, with intent to aid or assist that person in violating those provisions does either of the following:

SEC. 3. Section 125.7 of the Business and Professions Code is amended to read:

In addition to the remedy provided for in Section 125.5, the superior court for the county in which any licensee licensed under Division 2 (commencing with Section 500), or any initiative act referred to in that division, has engaged or is about to engage in any act which constitutes a violation of a chapter of this code administered or enforced by a board referred to in Division 2, may, upon a petition filed by the board and accompanied by an affidavit or affidavits in support thereof and a memorandum of points and authorities, issue a temporary restraining order or other appropriate order restraining the licensee from engaging in the business or profession for which the person is licensed or from any part thereof, in accordance with the provisions of this section.

(a) If the affidavits in support of the petition show that the licensee has engaged or is about to engage in acts or omissions constituting a violation of a chapter of this code and if the court is satisfied that permitting the licensee to continue to engage in the business or profession for which the license was issued will endanger the public health, safety, or welfare, the court may issue an order temporarily restraining the licensee from engaging in the profession for which he or she is licensed.

(b) The order may not be issued without notice to the licensee unless it appears from facts shown by the affidavits that serious injury would result to the public before the matter can be heard on notice.

(c) Except as otherwise specifically provided by this section, proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure.

(d) When a restraining order is issued pursuant to this section, or within a time to be allowed by the superior court, but in any case not more than 30 days after the restraining order is issued, an accusation shall be filed with the board pursuant to Section 11503 of the Government Code. The accusation shall be served upon the licensee as provided by Section 11505 of the Government Code. The licensee shall have all of the rights and privileges available as specified in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code; however, if the licensee requests a hearing on the accusation, the board shall provide the licensee with a hearing within 30 days of the request and a decision within 15 days of the date of the conclusion of the hearing, or the court may nullify the restraining order previously issued. Any restraining order issued pursuant to this section shall be dissolved by operation of law at the time the board's decision is subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

(e) The remedy provided for in this section shall be in addition to, and not a limitation upon, the authority provided by any other provision of this code.

SEC. 5. Section 652 of the Business and Professions Code is amended to read:

652. The proceedings for suspension or revocation shall be conducted in accordance with the Administrative Procedure Act, Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and each board shall have all the powers granted therein. In addition, any violation constitutes a misdemeanor as to any and all persons offering, delivering, receiving, accepting, or participating in any rebate, refund, commission, preference, patronage dividend, unearned discount, or consideration, whether or not licensed under this division, and is punishable by imprisonment in the county jail not exceeding six months, or by a fine not exceeding two thousand five hundred dollars (\$2,500), or by both the imprisonment and fine.

SEC. 6. Section 652.5 of the Business and Professions Code is amended to read:

652.5. Except as otherwise provided in this article, any violation of this article constitutes a misdemeanor as to any and all persons, whether or not licensed under this division, and is punishable by imprisonment in the county jail not exceeding six months, or by a fine not exceeding two thousand five hundred dollars (\$2,500), or by both the imprisonment and fine.

SEC. 7. Section 656 of the Business and Professions Code is amended to read:

656. Whenever any person has engaged, or is about to engage, in

any acts or practices that constitute, or will constitute, a violation of this article, the superior court in and for the county wherein the acts or practices take place, or are about to take place, may issue an injunction, or other appropriate order, restraining the conduct on application of the State Board of Optometry, the Medical Board of California, the Osteopathic Medical Board of California, the Attorney General, or the district attorney of the county.

The proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure.

The remedy provided for in this section shall be in addition to, and not a limitation upon, the authority provided by any other provision of this code.

SEC. 8. Section 801 of the Business and Professions Code is amended to read:

801. (a) Every insurer providing professional liability insurance to a person who holds a license, certificate or similar authority from or under any agency mentioned in subdivision (a) of Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200) or Chapter 5 (commencing with Section 2000) of Division 2 or the Osteopathic Initiative Act) shall send a complete report to that agency as to any settlement or arbitration award over three thousand dollars (\$3,000) of a claim or action for damages for death or personal injury caused by that person's negligence, error or omission in practice, or rendering of unauthorized professional services. The report shall be sent within 30 days after the written settlement agreement has been reduced to writing and signed by all parties thereto or within 30 days after service of the arbitration award on the parties.

(b) Every insurer providing professional liability insurance to a physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) of Division 2 or the Osteopathic Initiative Act shall send a complete report to the Medical Board of California or the Osteopathic Medical Board of California, as appropriate, as to any settlement or arbitration award over thirty thousand dollars (\$30,000) of a claim or action for damages for death or personal injury caused by that person's negligence, error or omission in practice, or rendering of unauthorized professional services. The report shall be sent within 30 days after the written settlement agreement has been reduced to writing and signed by all parties thereto or within 30 days after service of the arbitration award on the parties.

The report shall be

sent within 30 days after the written settlement agreement has been reduced to writing and signed by all parties thereto or within 30 days after service of the arbitration award on the parties.

(d) Notwithstanding any other provision of law, no insurer shall enter into such a settlement without the written consent of the insured, except that this prohibition shall not void any settlement entered into without that written consent. The requirement of written consent shall only be waived by both the insured and the insurer. This section shall only apply to a settlement on a policy of insurance executed or renewed on or after January 1, 1971.

Two members of each panel shall be public members. For purposes of this article, "agency itself," as used in the Administrative Procedure Act, means a panel of the division as described in this subdivision. (d) A plea or verdict of guilty or a conviction after a plea of nolo

contendere is deemed to be a conviction within the meaning of this section and Section 2236.1. The record of conviction shall be conclusive evidence of the fact that the conviction occurred.

SEC. 20. Section 2236.1 is added to the Business and Professions Code, to read:

2236.1. (a) A physician and surgeon's certificate shall be suspended automatically during any time that the holder of the certificate is incarcerated after conviction of a felony, regardless of whether the conviction has been appealed. The Division of Medical Quality shall, immediately upon receipt of the certified copy of the record of conviction, determine whether the certificate of the physician and surgeon has been automatically suspended by virtue of his or her incarceration, and if so, the duration of that suspension. The Division shall notify the physician and surgeon of the license suspension and of his or her right to elect to have the issue of penalty heard as provided in this section.

(b) Upon receipt of the certified copy of the record of conviction, if after a hearing it is determined therefrom that the felony of which the licensee was convicted was substantially related to the qualifications, functions, or duties of a physician and surgeon, the Division of Medical Quality shall suspend the license until the time for appeal has elapsed, if no appeal has been taken, or until the judgment of conviction has been affirmed on appeal or has otherwise become final, and until further order of the division. The issue of substantial relationship shall be heard by an administrative law judge from the Medical Quality Panel sitting alone or with a panel of the division, in the discretion of the division. A conviction of any crime referred to in Section 2237, or a conviction of Section 187, 261, or 288 of the Penal Code, shall be conclusively presumed to be substantially related to the qualifications, functions, or duties of a physician and surgeon. Upon its own motion or for good cause shown, the division may decline to impose or may set aside the suspension when it appears to be in the interest of justice to do so, with due regard to maintaining the integrity of and confidence in the medical profession.

(c) (1) Discipline may be ordered in accordance with Section 2227, or the Division of Licensing may order the denial of the license when the time for appeal has elapsed, the judgment of conviction has been affirmed on appeal, or an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

(2) The issue of penalty shall be heard by an administrative law judge from the Medical Quality Panel sitting alone or with a panel of the division, in the discretion of the division. The hearing shall not be had until the judgment of conviction has become final or, irrespective of a subsequent order under Section 1203.4 of the Penal

Code, an order granting probation has been made suspending the imposition of sentence; except that a licensee may, at his or her option, elect to have the issue of penalty decided before those time periods have elapsed. Where the licensee so elects, the issue of penalty shall be heard in the manner described in this section at the hearing to determine whether the conviction was substantially related to the qualifications, functions, or duties of a physician and surgeon. If the conviction of a licensee who has made this election is overturned on appeal, any discipline ordered pursuant to this section shall automatically cease. Nothing in this subdivision shall prohibit the division from pursuing disciplinary action based on any cause other than the overturned conviction.

(d) The record of the proceedings resulting in the conviction, including a transcript of the testimony therein, may be received in evidence.

(e) The other provisions of this article setting forth a procedure for the suspension or revocation of a physician and surgeon's certificate shall not apply to proceedings conducted pursuant to this section.

SEC. 21. Section 2313 of the Business and Professions Code is amended to read:

six months from receipt by the division of information concerning the relevant acts to the filing of an accusation; average and median time in processing complaints from original receipt of complaint by the division for all cases at each stage of discipline and court review, respectively; number of persons in diversion, and number successfully completing diversion programs and failing to do so, respectively; probation violation reports and probation revocation filings and dispositions; number of petitions for reinstatement and their dispositions; and caseloads of investigators for original cases and for probation cases, respectively.

The court of appeal shall exercise its independent judgment in review of the proceedings below, and, where the court finds that there is relevant evidence that, in the exercise of reasonable diligence, could not have been produced, or that was improperly excluded at the hearing, it may admit the evidence without remanding the case.

The Judicial Council may adopt rules to allocate these cases to a particular panel or panels within each district for consistent and efficient consideration. Review shall be entitled to calendar priority, and the hearing shall be set no later than 180 days from the filing of the action.

This section shall become operative on January 1, 1996, and shall be repealed as of January 1, 1999, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

On and after January 1, 1998, the board shall approve only those podiatric residencies at the entry level that are approved by the Council on Podiatric Medical Education or other organization designated by the board, provided that the organization requires entry-level podiatric residencies to include podiatric surgical training.

(b) The immunity provided in Section 2318 of the Business and Professions Code and in Section 47 shall apply to complaints and information made or provided to a board pursuant to this section.

(b) The director shall determine the qualifications of panel members, supervise their training, and coordinate the publication of a reporter of decisions pursuant to this section. The panel shall include only those persons specifically qualified and shall at no time constitute more than 25 percent of the total number of

administrative law judges within the Office of Administrative Hearings. If the members of the panel do not have a full workload, they may be assigned work by the Director of the Office of Administrative Hearings. When the medically related case workload exceeds the capacity of the members of the panel, additional judges shall be requested to be added to the panels as appropriate. When this workload overflow occurs on a temporary basis, the Director of the Office of Administrative Hearings shall supply judges from the Office of Administrative Hearings to adjudicate the cases.

(c) The decisions of the administrative law judges of the panel, together with any court decisions reviewing those decisions, shall be published in a quarterly "Medical Discipline Report," to be funded from the Contingent Fund of the Medical Board of California.

(d) The administrative law judges of the panel shall have panels of experts available. The panels of experts shall be appointed by the Director of the Office of Administrative Hearings, with the advice of the Medical Board of California. These panels of experts may be called as witnesses by the administrative law judges of the panel to testify on the record about any matter relevant to a proceeding and subject to cross-examination by all parties. Among other things, the report shall analyze whether administrative adjudications against physicians have been expedited, the aging of cases at the office, whether administrative decisions and penalties ordered in the discipline of physicians have become more consistent, and whether the panels of the Division of Medical Quality have adopted more proposed decisions than prior to the creation of the panel. The board shall send a copy of its report to the Chairpersons of the Senate Committee on Business and Professions and the Assembly Committee on Health, to the Office of Administrative Hearings, and to the Director of Consumer Affairs.

(f) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

SEC. 28. Section 11510 of the Government Code is amended to read:

11510. (a) Before the hearing has commenced, the agency or the assigned administrative law judge shall issue subpoenas and subpoenas duces tecum at the request of any party for attendance or production of documents. Subpoenas and subpoenas duces tecum shall be issued in accordance with Sections 1985, 1985.1, 1985.2, and 1985.3 of the Code of Civil Procedure. After the hearing has commenced, the agency itself hearing a case or an administrative law

judge sitting alone may issue subpoenas and subpoenas duces tecum.

(b) The process issued pursuant to subdivision (a) shall be extended to all parts of the state and may be served in person in accordance with Sections 1987 and 1988 of the Code of Civil Procedure. A subpoena or subpoena duces tecum may also be delivered by certified mail return receipt requested or by messenger. Service by messenger shall be effected when the witness acknowledges receipt of the subpoena to the sender, by telephone, by mail, or in person, and identifies himself or herself either by reference to his or her date of birth and his or her driver's license number or Department of Motor Vehicles identification number, or, the sender may verify receipt of the subpoena by obtaining other identifying information from the recipient. The sender shall make a written notation of the acknowledgment. A subpoena issued and acknowledged pursuant to this section shall have the same force and effect as a subpoena personally served. Failure to comply with a subpoena issued and acknowledged pursuant to this section may be punished as a contempt and the subpoena may so state. A party requesting a continuance based upon the failure of a witness to appear in court at the time and place required for his or her appearance or testimony pursuant to a subpoena, shall prove to the court that the party has complied with this section. The continuance shall only be granted for a period of time that would allow personal service of the subpoena and in no event longer than that allowed by law. No witness shall be obliged to attend unless the witness is a resident of the state at the time of service.

(c) All witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the state or any political subdivision thereof, shall receive fees, and all witnesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed by law for witnesses in civil actions in a superior court. Witnesses appearing pursuant to subpoena, except the parties, who attend hearings at points so far removed from their residences as to prohibit return thereto from day to day, shall be entitled, in addition to fees and mileage, to a per diem compensation of three dollars (\$3) for expenses of subsistence for each day of actual attendance and for each day necessarily occupied in traveling to and from the hearing. Fees, mileage, and expenses of subsistence shall be paid by the party at whose request the witness is subpoenaed.

SEC. 29. Section 11523 of the Government Code is amended to read:

11523. Judicial review may be had by filing a petition for a writ of mandate in accordance with the provisions of the Code of Civil Procedure, subject, however, to the statutes relating to the particular agency. Except as otherwise provided in this section, the petition shall be filed within 30 days after the last day on which reconsideration can be ordered. The right to petition shall not be affected by the failure to seek reconsideration before the agency.

The complete record of the proceedings, or the parts thereof as are designated by the petitioner, shall be prepared by the Office of Administrative Hearings or the agency and shall be delivered to petitioner, within 30 days, which time shall be extended for good cause shown, after a request therefor by him or her, upon the payment of the fee specified in Section 69950 as now or hereinafter amended for the transcript, the cost of preparation of other portions of the record and for certification thereof. Thereafter, the remaining balance of any costs or charges for the preparation of the record shall be assessed against the petitioner whenever the agency prevails on judicial review following trial of the cause. These costs or charges constitute a debt of the petitioner which is collectible by the agency in the same manner as in the case of an obligation under a contract, and no license shall be renewed or reinstated where the petitioner has failed to pay all of these costs or charges. The complete record includes the pleadings, all notices and orders issued by the agency, any proposed decision by an administrative law judge, the final decision, a transcript of all proceedings, the exhibits admitted or rejected, the written evidence and any other papers in the case. Where petitioner, within 10 days after the last day on which reconsideration can be ordered, requests the agency to prepare all or any part of the record the time within which a petition may be filed shall be extended until 30 days after its delivery to him or her. The agency may file with the court the original of any document in the record in lieu of a copy thereof. In the event that the petitioner prevails in overturning the administrative decision following judicial review, the agency shall reimburse the petitioner for all costs of transcript preparation, compilation of the record, and certification.

(a) Every lead agency shall adopt ordinances in accordance with state policy which establish procedures for the review and approval of reclamation plans and financial assurances and the issuance of a permit to conduct surface mining operations, except that any lead agency without an active surface mining operation in its jurisdiction may defer adopting an implementing ordinance until the filing of a permit application. The ordinances shall establish procedures requiring at least one public hearing and shall be periodically reviewed by the lead agency and revised, as necessary, to ensure that the ordinances continue to be in accordance with state policy.

(b) The lead agency shall conduct an inspection of a surface mining operation within six months of receipt by the lead agency of the surface mining operation's report submitted pursuant to Section 2207, solely to determine whether the surface mining operation is in compliance with this chapter. In no event shall a lead agency inspect a surface mining operation less than once in any calendar year. The lead agency may cause such an inspection to be conducted by a state-registered geologist, state-registered civil engineer, state-licensed landscape architect, or state-registered forester, who is experienced in land reclamation and who has not been employed by the surface mining operation in any capacity during the previous 12 months. All inspections shall be conducted using a form developed by the department and approved by the board. The operator shall be solely responsible for the reasonable cost of the inspection. The lead agency shall notify the director within 30 days of the date of completion of the inspection that the inspection has been conducted. The notice shall contain a statement regarding the surface mining operation's compliance with this chapter, shall include a copy of the completed inspection form, and shall specify which aspects of the surface mining operations, if any, are inconsistent with this chapter. If the surface mining operation has a review of its reclamation plan, financial assurances, or an interim management plan pending under

subdivision (b), (c), (d), or (h) of Section 2770, or an appeal pending before the board or lead agency governing body under subdivision (e) or (h) of Section 2770, the notice shall so indicate. The lead agency shall forward to the operator a copy of the notice, a copy of the completed inspection form, and any supporting documentation, including, but not limited to, any inspection report prepared by the geologist, civil engineer, landscape architect, or forester.

(c) Prior to approving a surface mining operation's reclamation plan, financial assurances, including existing financial assurances reviewed by the lead agency pursuant to subdivision (c) of Section 2770, or any amendments, the lead agency shall submit the plan, assurances, or amendments to the director for review. All documentation for that submission shall be submitted to the director at one time. When the lead agency submits a reclamation plan or plan amendments to the director for review, the lead agency shall also submit to the director, for use in reviewing the reclamation plan or plan amendments, information from any related document prepared, adopted, or certified pursuant to Division 13 (commencing with Section 21000), and shall submit any other pertinent information. The lead agency shall certify to the director that the reclamation plan is in compliance with the applicable requirements of Article 1 (commencing with Section 3500) of Chapter 8 of Division 2 of Title 14 of the California Code of Regulations in effect at the time that the reclamation plan is submitted to the director for review.

(d) (1) The director shall have 30 days from the date of receipt of a reclamation plan or plan amendments submitted pursuant to subdivision (c), and 45 days from the date of receipt of financial assurances submitted pursuant to subdivision (c), to prepare written comments, if the director so chooses. The lead agency shall evaluate any written comments received from the director relating to the reclamation plan, plan amendments, or financial assurances within a reasonable amount of time.

(2) The lead agency shall prepare a written response to the director's comments describing the disposition of the major issues raised. In particular, if the lead agency's position is at variance with any of the recommendations made, or objections raised, in the director's comments, the written response shall address, in detail, why specific comments and suggestions were not accepted. Copies of any written comments received and responses prepared by the lead agency shall be forwarded to the operator.

(3) To the extent that there is a conflict between the comments of a trustee agency or a responsible agency that are based on the agency's statutory or regulatory authority and the comments of other commenting agencies which are received by the lead agency pursuant to Division 13 (commencing with Section 21000) regarding a reclamation plan or plan amendments, the lead agency shall consider only the comments of the trustee agency or responsible agency.

(e) Lead agencies shall notify the director of the filing of an application for a permit to conduct surface mining operations within 30 days of such an application being filed with the lead agency. By July 1, 1991, each lead agency shall submit to the director for every active or idle mining operation within its jurisdiction, a copy of the mining permit required pursuant to Section 2774, and any conditions or amendments to those permits. By July 1 of each subsequent year, the lead agency shall submit to the director for each active or idle mining operation a copy of any permit or reclamation plan amendments, as applicable, or a statement that there have been no changes during the previous year. Failure to file with the director the information required under this section shall be cause for action under Section 2774.4.

SEC. 3. Section 2774.6 of the Public Resources Code is amended to read:

2774.6. (a) On or before March 1, 1995, the department shall submit to the Governor and the Legislature a report, prepared by a qualified consultant, which may include an educational institution, which evaluates the effectiveness of lead agencies and the department in implementing this chapter and Section 2207, and in meeting the intent of the Legislature as set forth in Section 2712. The report shall be prepared to the extent that funds are appropriated by the Legislature for this purpose. Prior to encumbering any funds for preparation of the report, the board may conduct a public hearing to receive and respond to public comments concerning the scope of issues to be addressed.

(b) The report shall include, but is not limited to, an evaluation of all of the following:

(1) Compliance with this chapter and Section 2207 by operators of surface mines, lead agencies, the State Geologist, the department, and the board.

(2) Compliance with the reclamation requirements prescribed in Section 2773.

(3) The adequacy of resources needed to carry out this chapter and Section 2207.

(4) The adequacy of information available for purposes of preparing the report.

(5) Any recommended changes to administrative regulations or recommendations for further legislation.

CHAPTER 1209

An act to amend Section 14201 of, and to add Section 14200.1 to, the Government Code, relating to state agencies.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 14200.1 is added to the Government Code, to read:

14200.1. (a) The Legislature finds and declares the following:

(1) Telecommuting can be an important means to reduce air pollution and traffic congestion and to reduce the high costs of highway commuting.

(2) Telecommuting stimulates employee productivity while giving workers more flexibility and control over their lives.

(b) It is the intent of the Legislature to encourage state agencies to adopt policies that encourage telecommuting by state employees.

SEC. 2. Section 14201 of the Government Code is amended to read:

14201. Every state agency shall review its work operations to determine where in its organization telecommuting can be of practical benefit to the agency. On or before July 1, 1995, each agency shall develop and implement a telecommuting plan as part of its telecommuting program in work areas where telecommuting is identified as being both practical and beneficial to the organization.

Agencies that participated in the experimental studies described in Section 15276 may continue and expand those telecommuting programs in accordance with the policy, procedures, and guidelines developed by the Department of General Services in conjunction with those participating agencies. Those agencies not having participated in the initial experimental studies described in Section 15276 may comply with the policy, procedures, and guidelines developed by the Department of General Services in conjunction with a multiagency group that participated in those studies.

CHAPTER 1210

An act to add Section 249.5 to the Health and Safety Code, relating to children's services.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the California Children's Services program is a unique medical treatment and case management program for chronically and critically handicapped infants and children. The Legislature further finds and declares that the California Children's Services program can, as shown by a recent pilot project in Riverside County, be operated more efficiently and economically by utilizing a uniform and centralized billing system for this program. This billing system would relieve the counties of some of the administrative burdens, but would still preserve the program case management and oversight authority in the county California Children's Services program offices. Any costs that may be incurred by the counties from the transfer to a centralized billing process will be offset by the savings in administrative costs for the counties as a result of this change.

SEC. 2. Section 249.5 is added to the Health and Safety Code, to read:

249.5. All claims for services provided under this article shall be submitted to the state fiscal intermediary for payment no later than January 1, 1999. The State Department of Health Services shall work in cooperation with the counties to develop a timeline for implementing the centralized billing system. If a department review of those counties participating in the centralized billing system demonstrates that as of January 1, 2000, any county has incurred increased costs as a result of submitting claims for services to the state fiscal intermediary, that county may be exempt from this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1211

An act to amend Section 10878 of, and to add Section 10879 to, the Revenue and Taxation Code, and to amend Sections 9801 and 9805 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 10878 of the Revenue and Taxation Code is amended to read:

10878. (a) Notwithstanding Sections 10877 and 10951, on and after July 1, 1993, the responsibility and authority for the collection of the following delinquent amounts and any interest, penalties, or service fees added thereto, shall be transferred from the department to the Franchise Tax Board, and any reference in this part to the department in connection with the duty to collect these amounts shall be deemed a reference to the Franchise Tax Board.

- (1) Registration fees.
- (2) Transfer fees.
- (3) License fees.
- (4) Use taxes.

(5) Penalties for offenses relating to the standing or parking of a vehicle for which a notice of parking violation has been served on the owner, and any administrative service fee added to the penalty.

(6) Any court-imposed fine or penalty assessment, and any administrative service fee added thereto, which is subject to collection by the department.

(b) The amounts collected under subdivision (a) may be collected in any manner authorized under the law as though they were a tax imposed under Part 10 (commencing with Section 17001) that is final, including, but not limited to, issuance of an order and levy under Article 4 (commencing with Section 706.070) of Chapter 5 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure in the manner provided for earnings withholding order for taxes. Part 10 (commencing with Section 17001), 10.2 (commencing with Section 18401), or 10.7 (commencing with Section 21001), or any other applicable law shall apply for this purpose in the same manner and with the same force and effect as if the language of Part 10, 10.2, or 10.7, or the other applicable law is incorporated in full into this authority to collect these amounts, except to the extent that the provision is either inconsistent with the collection of these amounts or is not relevant to the collection of these amounts.

(c) Even though the amounts authorized by this section are collected as though they are taxes, amounts so received by the Franchise Tax Board shall be deposited into an appropriate fund or

account upon agreement between the Franchise Tax Board and the department. The amounts shall be distributed by the department from the appropriate fund or account in accordance with the laws providing for the deposits and distributions as though the moneys were received by the department.

(d) For any collection action under this section, the Franchise Tax Board may utilize the contract authorization, procedures, and mechanisms available either with respect to the collection of taxes, interest, additions to tax, and penalties pursuant to Section 18837 or 19376, or with respect to the collection of the delinquencies by the department immediately prior to the time this section takes effect.

(e) The Legislature finds that it is essential for fiscal purposes that the program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any standard, criteria, procedure, determination, rule, notice, or guideline established or issued by the Franchise Tax Board in implementing and administering the program required by this section.

(f) Any standard, criteria, procedure, determination, rule, notice, or guideline, that is not subject to the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code pursuant to subdivision (e), shall be approved by the Franchise Tax Board, itself.

(g) The Franchise Tax Board may enter into any agreements or contracts necessary to implement and administer the provisions of this section. The Franchise Tax Board in administering this section may delegate collection activities to the department. Any contracts may provide for payment of the contract on the basis of a percentage of the amount of revenue realized as a result of the contractor's services under that contract. However, the Franchise Tax Board, in administering this part, may not enter into contracts with private collection agencies as authorized under Section 19377.

SEC. 2. Section 10879 is added to the Revenue and Taxation Code, to read:

10879. In the case of leased vehicles, for purposes of Section 10877, this section, and Article 6 (commencing with Section 9800) of Chapter 6 of Division 3 of the Vehicle Code, the following shall apply:

(a) (1) Except as provided in subdivision (b), in the event the lessor designates the address of the lessee under subdivision (a) of Section 4453.5 of the Vehicle Code and provides the Department of Motor Vehicles with the address of the lessor, at a time and in the form and manner required by the department, the lessee shall be solely liable for the following, and any interest, penalties, or service fees added thereto:

(A) Penalties resulting from the delinquent registration of the leased vehicle.

(B) Penalties for offenses relating to the standing or parking of a vehicle for which a notice of parking violation has been served on the

owner.

(C) Any court-imposed fines or penalty assessments that are subject to collection by the department.

(2) Except as provided in paragraph (3), the lien described in Section 9800 of the Vehicle Code shall remain in full force and effect for all unpaid penalties, fines, and fees described in this subdivision, including related interest, if any.

(3) Upon a bona fide sale or transfer of the vehicle, the lien on the vehicle being sold or transferred shall be released if the lessor has paid the registration and license fees within 30 days after the lessor is issued notice and demand by the Franchise Tax Board in accordance with subdivision (b).

(4) Any amount that is owed by the lessee under paragraph (1) at the time the lien is released in accordance with paragraph (3) shall constitute a lessee liability enforceable under Section 9805 of the Vehicle Code and collectible in accordance with Section 10878 of this code.

(b) If, within 30 days after notice and demand is issued to the lessor by the Franchise Tax Board, the lessor fails to pay the registration and license fees required to register the vehicle, all of the following shall apply to the lessor:

(1) The lessor shall remain solely liable for those registration and license fees.

(2) The lessor shall be jointly and severally liable with the lessee for the amounts described in paragraph (1) of subdivision (a).

(3) The lessor shall not be subject to relief under Section 4760 or 9561 of the Vehicle Code or any other law.

SEC. 3. Section 9801 of the Vehicle Code is amended to read:

9801. (a) (1) When the payment required for the registration or transfer of a vehicle is delinquent pursuant to subdivision (a) of Section 9800, the department may collect the amount of the lien on the vehicle plus costs, not to exceed two hundred fifty dollars (\$250), by the filing of a certificate requesting judgment pursuant to Section 9805, or by appropriate civil action and by the seizure and sale of the vehicle or any other vehicle owned by the owner of the unregistered vehicle.

(2) In the case of a leased vehicle, the authority provided in paragraph (1) to seize and sell the vehicle or any other vehicle owned by the owner of that vehicle shall not apply to a lien for any delinquency for which only the lessee is liable pursuant to paragraph (1) of subdivision (a) of Section 10879 of the Revenue and Taxation Code.

(b) At least 10 days before the seizure, notice of the lien and of the intent to seize and sell the vehicle shall be given by the department to the registered and legal owners, and to any other person known to be claiming an interest in the vehicle, by registered mail addressed to those persons at the last known addresses appearing on the records of the department.

(c) Any person receiving the notice of the lien and the intent to

seize and sell the vehicle may request a hearing to contest the existence or amount of the lien. If no hearing is requested, the vehicle shall be seized and sold.

(d) If a hearing is requested, 10 days' notice shall be given of the time and place of the hearing, which shall be held within the county of residence of the person requesting the hearing or of the registered owner. The hearing shall be conducted by a referee who shall submit findings and recommendations to the director or his or her authorized representative, who shall decide the matter. The decision shall be effective on notice thereof to the interested parties. However, the director or his or her authorized representative may rescind the decision and reconsider the matter for good cause shown at any time within three years after the date the disputed fee or tax first became due, or within one year from the hearing, whichever is later.

(e) At any time before seizure or sale, any registered owner, legal owner, or person claiming an interest in the vehicle may pay the department the amount of the lien, plus costs. In that event, the seizure or sale shall not be held and the vehicle, if seized, shall be returned by the department to the person entitled to its possession. This payment shall not constitute a waiver of the right to a hearing.

(f) When the department or an authorized agent has reasonable cause to believe that the lien may be jeopardized within the 10-day notice-of-intent period, the vehicle may be seized without prior notice to the registered or legal owner, upon obtaining authorization for the seizure from the Registrar of Vehicles or authorized representative. In all those cases, a notice of the lien and the intent to sell the vehicle shall be given by the department to the legal and registered owner, and to any other person known to be claiming an interest in the vehicle, within 48 hours after seizure excluding Saturdays, Sundays, and holidays specified in Section 6700 of the Government Code. Any hearing to contest the lien and the seizure shall be requested within 10 days following transmittal of that notice.

(g) When a lien exists against one or more vehicles owned by the same person or persons, the department may seize and sell a sufficient number of the vehicles to pay the lien, plus costs, on one or more of the vehicles in accordance with subdivision (a).

(h) The Department of the California Highway Patrol shall assist with the seizure and impounding of the vehicle. Any municipality or county law enforcement agency may assist with the seizure and impounding of the vehicle.

(i) Any property found by the department in any vehicle seized under the provisions of this article shall be handled by the department in the same manner as is provided in Sections 2414 and 2415.

SEC. 4. Section 9805 of the Vehicle Code is amended to read:

9805. (a) The department may file in the office of the county clerk of Sacramento County, or any other county, a certificate specifying the amount of any fee, tax, penalty, and collection cost

due, the name and last known address of the individual, company, or corporation liable for the amount due, and the fact that the department has complied with all the provisions of this division in the computation of the amount due, and a request that judgment be entered against the individual, company, or corporation in the amount of the fee, tax, penalty, and collection cost set forth in the certificate if the fee, tax, penalty, or collection cost constitutes either of the following:

(1) A lien under this division on the vehicle on which it is due is not paid when due, and there is evidence that the vehicle has been operated in violation of this code or any regulations adopted pursuant to this code.

(2) A lessee liability as provided in Section 10879 of the Revenue and Taxation Code.

(b) Prior to the filing of the certificate, the department shall, by mail, notify the individual, company, or corporation of the amount which is due and of the opportunity for a hearing as provided in this subdivision. At the request of the individual, company, or corporation, the department shall conduct a hearing pursuant to Section 9801, at which it shall be determined whether the claimed fee, tax, penalty, or collection cost in the amount claimed by the department is due and constitutes a lien on the vehicle, and whether the individual, company, or corporation is liable therefor.

(c) If no hearing is requested within 15 days after mailing the notice required by subdivision (b), the certificate required by subdivision (b) may be filed.

SEC. 5. This act shall apply only to delinquencies arising on or after the effective date of this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to resolve, as soon as possible, possible inequities to lessors of vehicles with regard to the enforcement of liens on leased vehicles for delinquent vehicle registration fees, traffic citations, and court-imposed fines and penalty assessments, it is necessary that this act go into immediate effect.

CHAPTER 1212

An act relating to energy resources, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Any unencumbered funds appropriated from the Federal Trust Fund pursuant to subdivision (m) of Section 6 of Chapter 1159 of the Statutes of 1993 to the Office of Planning and Research for the small business energy assistance program is hereby reappropriated to the Office of Planning and Research for the small business energy assistance program, for the 1994-95 fiscal year.

SEC. 2. The sum of one million dollars (\$1,000,000), appropriated from the Federal Trust Fund pursuant to subdivision (l) of Section 6 of Chapter 1159 of the Statutes of 1993 to the State Energy Resources Conservation and Development Commission to provide funding for the San Diego ITER project, plus any interest earned on those funds since that appropriation, is hereby reappropriated to the State Energy Resources Conservation and Development Commission for the purpose of making awards under the commission's transportation energy technology advancement program.

SEC. 3. Notwithstanding any other provision of law, the State Energy Resources Conservation and Development Commission may make grants, for the 1994-95 fiscal year, from funds in the State Energy Conservation Assistance Account, to local government for the conversion of street lights to low pressure sodium vapor, not to exceed 1,000 street lights, to minimize the impact of city lights on an astronomical research facility affiliated with the University of California, and to thereby conserve energy.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide local government and small businesses in this state with projects to conserve energy, thereby reducing expenses and averting environmental damage, it is necessary that this act take effect immediately.

CHAPTER 1213

An act to amend Sections 19567, 19596.1, 19601, 19605, 19605.51, 19605.7, 19605.71, 19612.1, 19612.2, 19613, 19613.2, 19614.2, 19616, 19616.1, 19617.5, and 19617.8 of, to add Section 19617.9 to, and to repeal Sections 19533 and 19610.7 of, the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 19533 of the Business and Professions Code, as added by Chapter 251 of the Statutes of 1990, is repealed.

SEC. 2. Section 19567 of the Business and Professions Code is amended to read:

19567. (a) Since the purpose of this chapter is to encourage agriculture and the breeding of horses in this state, a sum equal to 10 percent of the first money of every purse won by a California-bred horse at a horserace meeting shall be paid by the licensee conducting the meeting to the breeder of the horse. This section applies to any California-bred standardbred horse that is foaled on or after November 1, 1977, for all races, except the California standardbred sires stakes races.

(b) Notwithstanding subdivision (a), a sum equal to 10 percent of the first and second place money of every purse won by a California-bred Appaloosa or Arabian horse for first or second place at a horserace meeting shall be paid by the licensee conducting the meeting to the breeder of the horse.

(c) Moneys from quarter horse racing derived pursuant to this section shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.7.

(d) Moneys from Appaloosa horseracing derived pursuant to this section shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.9.

(e) This section does not apply to thoroughbred horses or thoroughbred racing.

SEC. 3. Section 19596.1 of the Business and Professions Code is amended to read:

19596.1. Notwithstanding any other provision of law, the board may authorize an association conducting a race meeting to accept wagers on the results of out-of-state harness or quarter horse feature races or stake races and, with the board's approval and with the

concurrence of the horsemen's organization contracting with the association, other designated harness or quarter horse races during the period it is conducting the racing meeting, if all of the following conditions are met:

(a) The authorization complies with federal laws, including, but not limited to, Chapter 57 (commencing with Section 3001) of Title 15 of the United States Code.

(b) Wagering is offered only within the racing inclosure and only within 36 hours of the running of the out-of-state feature race.

(c) The association conducts at least seven live races, and imports not more than four races on those days during a racing meeting when live races are being run.

(d) On a day during a racing meeting on which live races are not being run, the out-of-state feature race has a gross purse of at least one hundred thousand dollars (\$100,000).

SEC. 4. Section 19601 of the Business and Professions Code, as added by Chapter 311 of the Statutes of 1994, is amended to read:

19601. (a) Notwithstanding any other provision of law, a licensed association or fair that is conducting a live meeting in any racing zone may accept wagers on any race conducted in this state, if all of the following requirements are met:

(1) The association or fair that conducts the race and the association or fair that accepts wagers on that race have executed an agreement providing for the conditions for transmission of the audiovisual signal of the race and the amount of compensation, if any, to be paid to the association or fair conducting the transmitted race.

(2) The association or fair that conducts the racing meeting and the organization that is responsible for negotiating purse agreements, satellite wagering agreements, and all other business agreements on behalf of the horsemen participating in that racing meeting consent to the acceptance of the wagers. However, if consent is withheld, any party may appeal the withholding of consent to the board, which may determine that consent is not required.

(3) The association or fair conducts not less than eight races on days when the association or fair is licensed to conduct racing, except that fewer than eight live races per day may be conducted by the mutual agreement of the association or fair and the organization that is responsible for negotiating purse agreements, satellite wagering agreements, and all other business agreements on behalf of the horsemen participating in the racing meeting.

(4) Wagering is offered only within the association's or fair's racing inclosure or within the satellite wagering facility and only within seven days of the commencement of the racing program with the transmitted race.

(5) All wagers are included in the appropriate parimutuel pool at the racetrack of the association or fair where the race is conducted, or, at the election of the parties to the agreement required by paragraph (1), in the appropriate parimutuel pool of the racetrack of the association or fair that accepts the transmitted race.

(6) The association or fair accepting wagers on an out-of-zone transmitted race distributes the audiovisual signal of the race to, and accepts wagers from, all eligible satellite wagering facilities.

(b) Any association or fair accepting wagers under subdivision (a) shall deduct from the total amount handled in each conventional and exotic parimutuel pool on the transmitted race, the same percentages deducted pursuant to Article 9.5 (commencing with Section 19610) for races at its own meeting. However, if the wagers are from a quarter horse race meeting, then the amounts deducted shall be the same as for a quarter horse race meeting. Amounts deducted under this section, including amounts deducted from wagers on out-of-zone races within the inclosure of the association or fair, shall be distributed as provided under Section 19605.7 with respect to wagers made within the northern zone, or Section 19605.71 with respect to wagers made within the central or southern zone, except that amounts distributed for purposes other than state license fees and fees payable to the Equine Research Laboratory, School of Veterinary Medicine, University of California at Davis, and the California Diagnostic Veterinary Lab System shall be proportionally reduced by the amount of any fees paid as compensation to the association or fair conducting the transmitted race pursuant to subdivision (c). The method used to calculate the reduction in proportionate share shall be approved by the board. For wagers on out-of-zone races made within the association's or fair's inclosure, the percentage amount normally distributed as a satellite wagering facility commission, less any pro rata reduction required by this subdivision, shall be distributed instead as additional commissions and purses pursuant to Section 19605.8. Additionally, for all wagers on out-of-zone races, the percentage amount normally distributed for promotion of the program at satellite wagering facilities, less any pro rata reduction required by this subdivision, shall be distributed instead as additional commissions and purses pursuant to Section 19605.8.

(c) Nothing in this section precludes an association or fair from charging a fee as a condition of transmitting its races to another zone, except that any fee shall be allocated among all associations, fairs, and satellite wagering facilities receiving the transmitted race in proportion to the amount wagered at each location, and the fee shall not exceed 2.5 percent of the total amount wagered on each out-of-zone race. Any fees received by the association or fair that conducts the transmitted race shall be divided equally between commissions to the association or fair conducting the out-of-zone race and purses to horsemen that participate in the association's or fair's racing meeting.

(d) All breakage and unclaimed tickets, including unclaimed refunds, on wagers on out-of-zone races shall be distributed equally between the association or fair that accepts wagers on the transmitted race, and the horsemen, in the form of purses, who participate in the racing meeting of the association or fair that

accepts wagers on the transmitted race.

(e) All wagers made pursuant to this section shall be considered to have been wagered at a satellite wagering facility and shall be excluded from total handle for the purposes of Section 19611.

(f) Notwithstanding Section 19530.5, satellite wagering facilities operated by a county fair, district agricultural association fair, or citrus fruit fair in the Counties of Kern, Fresno, or Tulare shall be considered northern zone facilities and shall receive their audiovisual signal from the association or fair conducting a racing meeting in the northern zone that is authorized to distribute the signal and accept wagers on central and southern zone races. Satellite wagering facilities operated by a county fair, district agricultural association, or citrus fruit fair in the Counties of Santa Barbara or Ventura shall be considered central-southern zone facilities and shall receive the audiovisual signal from the association or fair conducting a racing meeting in the central or southern zone that is authorized to distribute the signal and accept wagers on central and southern zone races.

(g) All purse moneys derived from wagering on out-of-zone races at fair racing meetings conducted shall be distributed to all breeds of horses participating in the fair meeting in direct proportion to the purse money generated by breed on live races conducted during the fair race meeting.

(h) During calendar periods when both a fair and a thoroughbred association conduct live racing, the thoroughbred association shall be the association authorized to distribute the signal and accept wagers on out-of-zone races. The amounts deducted under this section shall be distributed on any day of overlap as provided in Section 19607.5 subject to the agreements specified in paragraph (1) of subdivision (a), except that the applicable state license fee shall be at the rate or rates specified for nonfair meetings in subdivision (b) of Section 19605.7.

(i) During calendar periods when a thoroughbred association and any other breed association are conducting a racing meeting in the same zone, the thoroughbred association shall be the association authorized to distribute out-of-zone thoroughbred or fair races, except that the thoroughbred association may waive this right and allow the other breed racing association conducting a race meeting to distribute the signal and accept wagers on out-of-zone thoroughbred or fair races for any racing day or days. For the purposes of this subdivision, the combined central and southern zone shall be considered one zone.

(j) In order to encourage additional intrastate simulcasting, maximize state revenues, and further the purposes of this section, the board may adopt regulations to ensure that all horseracing programs conducted within the state are exposed to the maximum number of racing fans. The regulations may include, but are not limited to, the following:

- (1) Establishing a minimum number of out-of-zone races that

must be accepted by associations and fairs that contract to accept out-of-zone wagers pursuant to subdivision (a).

(2) Requiring associations, fairs, and satellite wagering facilities to present out-of-zone audiovisual signals to racing fans in substantially the same manner as in-zone signals are presented.

(3) Giving racing fans the opportunity to make wagers on out-of-zone racing programs at all parimutuel terminals where wagers on in-zone races are accepted.

SEC. 5. Section 19605 of the Business and Professions Code, as amended by Chapter 311 of the Statutes of 1994, is amended to read:

19605. (a) Notwithstanding any other provision of law, the board may authorize an association licensed to conduct a racing meeting in the northern zone to operate a satellite wagering facility for wagering on races conducted in the northern zone at its racetrack inclosure subject to all of the conditions specified in Section 19605.3, and may authorize an association licensed to conduct a racing meeting in the central or southern zone to operate a satellite wagering facility for wagering on races conducted in the central or southern zone at its racetrack inclosure subject to the conditions specified in subdivisions (a) to (e), inclusive, of Section 19605.3 and the conditions and limitations set forth in Section 19605.6.

(b) Notwithstanding any other provision of law, no satellite wagering facility, except a facility that is located at a track where live racing is conducted, shall be located within 20 miles of any existing satellite wagering facility or of any track where a racing association conducts a live racing meeting. However, in the northern zone, a racing association or any existing satellite wagering facility may waive the prohibition contained in this subdivision and may consent to the location of another satellite wagering facility within 20 miles of the facility or track. This subdivision does not apply to an association described in subdivision (g) of Section 19531.

(c) Notwithstanding subdivision (b), the Department of Food and Agriculture may approve not more than three satellite wagering facilities that are licensed jointly to the 1a District Agricultural Association and the 5th District Agricultural Association and that are located on the fairgrounds of the 1a District Agricultural Association or within the boundaries of the City and County of San Francisco. Before a satellite wagering facility may be licensed for the 1997 and subsequent calendar years under this subdivision, the department shall conduct a one-year test at the proposed site in order to determine the impact of the proposed facility on total state parimutuel revenues and on attendance and wagering at existing racetracks and fair satellite wagering facilities in the Counties of Alameda, San Mateo, Santa Clara, and Solano. Notwithstanding Section 19605.1, a satellite wagering facility may be located on property leased to one or both fairs. Notwithstanding any other provision of law, the fairs may contract for the operation and management of a satellite wagering facility with an individual racing association or a partnership, joint venture, or other affiliation of two

or more racing associations that are licensed to conduct thoroughbred meetings within the northern zone.

(d) Subdivision (b) shall not be construed to prohibit the location of satellite wagering facilities within 20 miles of any existing or proposed satellite facility established pursuant to subdivision (c).

SEC. 6. Section 19605.51 of the Business and Professions Code is amended to read:

19605.51. Notwithstanding subdivision (a) of Section 19605, and Section 19605.1, any county fair or district agricultural association in San Joaquin, Humboldt, or Fresno County may, with the approval of the Department of Food and Agriculture and the authorization of the board, subject to the conditions specified in Section 19605.3, operate a satellite wagering facility on leased premises within the boundaries of that fair or district agricultural association, but may only operate one such facility.

SEC. 6.5. Section 19605.7 of the Business and Professions Code is amended to read:

19605.7. The total percentage deducted from wagers at satellite wagering facilities in the northern zone shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and thirty-three hundredths of one-tenth of 1 percent distributed to the Equine Research Laboratory and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers

and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.7; in the case of Appaloosas, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.9; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and thirty-three hundredths of one-tenth of 1 percent shall be distributed to the Equine Research Laboratory and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition to the distributions specified in subdivision (a) or (b), for thoroughbred and fair meetings only, six-tenths of 1 percent of the total amount handled by each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the facility for promotion of that meeting's program. For harness and mixed breed meetings, 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. For quarter horse meetings, one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization

representing the horsemen participating in the meeting.

(d) In addition to the distributions specified in subdivisions (a), (b), and (c), for thoroughbred meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the association conducting the racing program to reimburse it for any costs of offsite stabling and vanning that are required pursuant to Section 19535. The amount of the reimbursement payable to an association for offsite stabling shall not exceed the actual cost to the association of maintaining stalls at its racetrack plus the actual costs incurred by the association to provide vanning and transportation of racehorses from offsite stabling facilities to its racetrack.

(e) In addition to the distributions specified in subdivisions (a), (b), and (c), for fair meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the organization representing racing fairs to reimburse fairs for the actual cost of providing offsite stabling required by the board pursuant to Section 19535. If fairs contract with associations to provide offsite stabling during fair meetings, the cost incurred by fairs shall not exceed the actual cost to the association of maintaining the stalls or the amount of reimbursement funds made available pursuant to this subdivision, whichever is less. In the event of a disagreement between an association and the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting with respect to the actual cost of maintaining stalls, the board, at the request of the association or the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting, shall determine within 60 days the amount of actual costs incurred. For purposes of this subdivision, "actual cost" does not include fixed overhead or administrative expenses that would be incurred by the association in the absence of an agreement to provide offsite stabling during fair meetings.

(f) Any of the promotional funds distributed pursuant to subdivision (c) that are not expended in the year in which they are collected may be expended in the following year. If promotion funds expended in any year exceed the amount collected for that year, the funds expended in the following year shall be reduced by the excess amount.

(g) Any of the stabling and vanning reimbursement funds distributed pursuant to subdivision (d) that are not expended during the meeting at which they are collected shall be retained by the racing association to offset its costs, in excess of payments by the organization representing fairs, of maintaining the stalls contracted for by fairs pursuant to subdivision (e).

(h) Additionally, for thoroughbred, harness, quarter horse, mixed breed, and fair meetings, thirty-three hundredths of 1 percent of the total amount handled by each satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(i) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 7. Section 19605.71 of the Business and Professions Code is amended to read:

19605.71. The total percentage deducted from wagers at satellite wagering facilities in the central and southern zone shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2, and thirty-three hundredths of one-tenth of 1 percent distributed to the Equine Research Laboratory and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating

expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6; in the case of Appaloosas, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.9; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b) and (c) of Section 19617.2; and thirty-three hundredths of one-tenth of 1 percent shall be distributed to the Equine Research Laboratory and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the Equine Research Laboratory shall supplement, and not supplant, other funding sources.

(c) In addition, for thoroughbred meetings and harness, Appaloosa, mixed breed, or fair meetings, 1 percent shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. Notwithstanding any other provision of law, on wagers made in the Counties of Orange and Los Angeles on thoroughbred races conducted in the County of Orange or Los Angeles, or both, excluding the 50th District Agricultural Association, the amount deducted for promotion of the satellite wagering program at satellite wagering facilities shall be one-half of 1 percent. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year. If promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. For quarter horse meetings, one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting. To the extent that funds representing a percentage greater than one-half of 1 percent of funds wagered on thoroughbred races conducted in the Counties of Orange and Los

Angeles have been distributed, prior to July 27, 1992, to an organization described in Section 19608.2 for promotion activities, but remain unused, those funds shall be redistributed, 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the racing meeting. Additionally, thirty-three hundredths of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

between the parties.

(2) This subdivision applies regardless of the cause of the failure to execute a contract, whether that failure is a result of inadvertence or otherwise.

(3) For racing meetings which do not come within paragraph (1), the board shall, within 20 days after the commencement of the racing meeting, determine the amounts payable to the horsemen's organization for administrative expenses and services, and provide for the direct payment of those amounts.

(C) In the case of stallion awards, the annual amount earned by Appaloosa foals of an eligible Appaloosa sire for finishing first or second.

(E) In determining the purse earned in any race that is a stakes race, the amount earned shall be based solely on the added money, with no consideration given to other sources of the purse, such as nomination, entry, or starting fees, bonuses, and sponsor contributions, or any combination thereof.

(F) On or before February 1 of any year, the stallion owner shall advise the official registering agency of any and all purses earned during the preceding year to be considered in determining the amount of the stallion award to which the owner is entitled.

(3) "Eligible Appaloosa sire" means an Appaloosa stallion that was

continuously present in this state from February 1 to July 15, inclusive, of the calendar year in which the qualifying race was conducted, and, if the sire left this state after July 15 of the calendar year in which the qualifying race was conducted, the sire returned to and was present in this state by February 1 of the following calendar year and thereafter remained until July 15 of that year. If a sire dies in this state and stood his last season at stud in this state, he shall thereafter continue to be considered an eligible Appaloosa sire. Notwithstanding any other provision of law, an Appaloosa stallion shall be considered an eligible Appaloosa sire only if its owner has registered the stallion with the official registering agency for stallion awards on or before February 1 of the calendar year immediately following the calendar year for which the awards are being distributed.

(b) Any association conducting a race meeting that includes Appaloosa horseracing shall deposit with the official registering agency 0.2 of 1 percent of the total amount handled ontrack, and 0.4 of 1 percent of the total amount handled offtrack, in daily conventional and exotic parimutuel pools and a sum equal to 13.33 percent of those funds specified for purses in Section 19612.1, and the sums specified in Sections 19567 and 19617.5, resulting from Appaloosa horseracing. The deposits shall be made at the following intervals:

(2) For any meeting of more than 20 racing days, the initial deposit shall be made not later than 27 racing days after the commencement of that meeting and every 20 racing days thereafter, with a final deposit made not later than seven days following the last day of that meeting. The initial deposit for that meeting shall be based upon the applicable amount handled during the first 20 racing days of the meeting and deposits thereafter shall be based upon the applicable amount handled during the ensuing periods of 20 racing days with the last deposit based upon the applicable amount handled

from the end of the last 20-racing-day period for which a deposit has been made to the end of the meeting.

(c) After deducting a sum up to, but not to exceed, 10 percent of the total deposits made pursuant to subdivision (b) and the total deposits made pursuant to other provisions of this chapter, including Sections 19612.1 and 19612.2, to compensate the official registering agency for its administrative costs, the official registering agency shall distribute annually the balance of the deposits in the following manner:

(1) Sixty percent to the breeder fund from which breeder premiums are to be paid.

(2) Twenty-five percent to the owner fund from which owners' awards are to be paid.

(3) Fifteen percent to the stallion fund from which stallion awards are to be paid.

(2) The owner shall be paid an owners' award, a sum based on a prorated share of first and second place earnings from qualified races by a California-bred Appaloosa horse.

(3) The stallion owner shall be paid a stallion award, a sum based on a prorated share of first and second place earnings from Appaloosa horses who placed first or second in one or more races at a fair meeting or a mixed breed meeting.

Stallion awards shall not be made to the owner of a sire that has been out of the state for breeding purposes during the calendar year. Stallion awards shall not be made for any race run outside the State of California.

(4) The breeder premium, and owners' and stallion awards shall be paid not later than March 31 of the calendar year immediately following the calendar year for which the awards or premiums were earned.

SECTION 1. The Legislature hereby finds and declares that the development of a consolidated hazardous material spill notification and reporting process is necessary to reduce confusion, improve compliance, and simplify notification requirements.

SEC. 2. Section 8589.7 is added to the Government Code, to read: 8589.7. (a) In carrying out its responsibilities pursuant to subdivision (b) of Section 8574.17, the Office of Emergency Services shall serve as the central point in state government for the emergency reporting of spills, unauthorized releases, or other accidental releases of hazardous materials and shall coordinate the notification of the appropriate state and local administering agencies that may be required to respond to those spills, unauthorized releases, or other accidental releases. The Office of Emergency Services is the only state agency required to make the notification required by subdivision (b).

(b) Upon receipt of a report concerning a spill, unauthorized release, or other accidental release involving hazardous materials, as defined in Section 25501 of the Health and Safety Code, the Office of Emergency Services shall immediately inform the appropriate

state agencies concerning the spill, release, or accident, as follows:

(1) For an oil spill reportable pursuant to Section 8670.25.5, the Office of Emergency Services shall inform the administrator for oil spill response, the State Lands Commission, the California Coastal Commission, and the California regional water quality control board having jurisdiction over the location of the discharged oil.

(2) For a rupture, explosion, or fire involving a pipeline reportable pursuant to Section 51018, the Office of Emergency Services shall inform the State Fire Marshal.

(3) For a discharge in or on any waters of the state of a hazardous substance or sewage reportable pursuant to Section 13271 of the Water Code, the Office of Emergency Services shall inform the appropriate California regional water quality control board.

(c) This section does not relieve a person who is responsible for a spill, unauthorized release, or other accidental release of a hazardous material from the duty to make an emergency notification to a local agency, or the 911 emergency system, under any other statute or regulation.

(d) A person who is subject to Section 25507 of the Health and Safety Code shall immediately report all releases or threatened releases pursuant to that section to the appropriate local administering agency, each local administering agency shall notify the Office of Emergency Services and businesses in their jurisdiction of the appropriate emergency telephone number that can be used for emergency notification to an administering agency on a 24-hour basis. The administering agency shall notify other local agencies or departments of spills within their jurisdiction, as appropriate.

(e) No facility, owner, operator, or other person required to report a spill, unauthorized release, or accident to the Office of Emergency Services shall be liable for the Office of Emergency Services' failure to make notifications required by this section or failure to accurately transmit the information reported.

8670.25.5. (a) Without regard to intent or negligence, any party responsible for the discharge or threatened discharge of oil in marine waters shall report the discharge to the Office of Emergency Services pursuant to Section 25507 of the Health and Safety Code.

If the spill has occurred within the jurisdiction of the San Francisco Bay Conservation and Development Commission, the Office of Emergency Services shall notify that commission. Each public agency specified in this subdivision shall adopt an internal protocol over communications regarding the discharge of oil and file the internal protocol with the

Office of Emergency Services.

(c) The 24-hour emergency telephone number of the Office of Emergency Services shall be posted at every terminal, at the area of control of every marine facility, and on the bridge of every tanker in marine waters.

(d) This section does not apply to discharges, or potential discharges, of less than one barrel (42 gallons) of oil unless a more restrictive reporting standard is adopted in the state oil spill contingency plan prepared pursuant to Section 8574.1.

(e) Except as otherwise provided in this section and Section 8589.7, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency.

SEC. 4. Section 51018 of the Government Code is amended to read:

51018. (a) Every rupture, explosion, or fire involving a pipeline, including a pipeline system otherwise exempted by subdivision (a) of Section 51010.5, and including a pipeline undergoing testing, shall be immediately reported to the fire department having fire suppression responsibilities and to the Office of Emergency Services.

(b) (1) The Office of Emergency Services shall immediately notify the State Fire Marshal of the incident, who shall immediately dispatch his or her employees to the scene. The State Fire Marshal or his or her employees, upon arrival, shall provide technical expertise and advise the operator and all public agencies on activities needed to mitigate the hazard.

(2) For purposes of this subdivision, the Legislature does not intend to hinder or disrupt the workings of the "incident commander system," but does intend to establish a recognized element of expertise and direction for the incident command to consult and acknowledge as an authority on the subject of pipeline incident mitigation. Furthermore, it is expected that the State Fire Marshal will recognize the expertise of the pipeline operator and any other emergency agency personnel who may be familiar with the particular location of the incident and respect their knowledgeable input regarding the mitigation of the incident.

(c) For purposes of this section, "rupture" includes every unintentional liquid leak, except that a crude oil leak of less than five barrels from a pipeline or flow line in a rural area, or any crude oil or petroleum product leak in any in-plant piping system of less than five barrels, when no fire, explosion, or bodily injury results or no waterway is contaminated thereby, does not constitute a rupture for purposes of the reporting requirements of subdivision (a).

(d) This section does not preempt any other applicable federal or state reporting requirement.

(e) Except as otherwise provided in this section and Section 8589.7, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency.

SEC. 4.5. Section 51018 of the Government Code is amended to read:

In addition, the pipeline operator shall within 30 days of the rupture, explosion, or fire file a report with the State Fire Marshal containing all the information that the State Fire Marshal may reasonably require to prepare the report required pursuant to subdivision (d).

(b) (1) The Office of Emergency Services shall immediately notify the State Fire Marshal of the incident, who shall immediately dispatch his or her employees to the scene. The State Fire Marshal or his or her employees, upon arrival, shall provide technical expertise and advise the operator and all public agencies on activities needed to mitigate the hazard.

(2) For purposes of this subdivision, the Legislature does not intend to hinder or disrupt the workings of the "incident commander system," but does intend to establish a recognized element of expertise and direction for the incident command to consult and acknowledge as an authority on the subject of pipeline incident mitigation. Furthermore, it is expected that the State Fire Marshal will recognize the expertise of the pipeline operator and any other emergency agency personnel who may be familiar with the particular location of the incident and respect their knowledgeable input regarding the mitigation of the incident.

(c) For purposes of this section, "rupture" includes every unintentional liquid leak, including any leak that occurs during hydrostatic testing, except that a crude oil leak of less than five barrels from a pipeline or flow line in a rural area, or any crude oil or petroleum product leak in any in-plant piping system of less than five barrels, when no fire, explosion, or bodily injury results or no waterway is contaminated thereby, does not constitute a rupture for purposes of the reporting requirements of subdivision (a).

(d) The State Fire Marshal shall, every fifth year commencing in 1999, issue a report identifying pipeline leak incident rate trends, reviewing current regulatory effectiveness with regard to pipeline safety, and recommending any necessary changes to the Legislature. This report shall include all of the following: total length of regulated pipelines, total length of regulated piggable pipeline, total number of line sections, average length of each section, number of leaks during study period, average spill size, average damage per incident, average age of leak pipe, average diameter of leak pipe, injuries during study period, cause of the leak or spill, fatalities during study period, and other information as deemed appropriate by the State Fire Marshal.

(e) This section does not preempt any other applicable federal or

state reporting requirement.

(f) Except as otherwise provided in this section and Section 8589.7, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency.

SEC. 5. Section 25270.8 of the Health and Safety Code is amended to read:

25270.8. Each owner or operator of a tank facility shall immediately, upon discovery, notify the Office of Emergency Services, and the local administering agency using the appropriate 24-hour emergency number or 911 number as established by the administering agency or the governing body of the administering agency, of the occurrence of a spill or other release of one barrel (42 gallons) or more of petroleum which is required to be reported pursuant to subdivision (a) of Section 13272 of the Water Code.

SEC. 6. Section 25295 of the Health and Safety Code is amended to read:

25295. (a) (1) Any unauthorized release which escapes from the secondary containment, or from the primary containment, if no secondary containment exists, increases the hazard of fire or explosion, or causes any deterioration of the secondary containment of the underground tank system shall be reported by the operator to the local agency designated pursuant to Section 25283 within 24 hours after the release has been detected or should have been detected. A full written report shall be transmitted by the owner or operator of the underground tank system to the local agency within five working days of the occurrence of the release. The report shall describe the nature and volume of the unauthorized release, any corrective or remedial actions undertaken, and any further corrective or remedial actions, including investigative actions, which will be needed to clean up the unauthorized release and abate the effects of the release and a time schedule for implementing these actions.

(2) The local agency shall review the permit whenever there has been an unauthorized release or when it determines that the underground tank system is unsafe. In determining whether to modify or terminate the permit, the local agency shall consider the age of the tank, the methods of containment, the methods of monitoring, the feasibility of any required repairs, the concentration of the hazardous substances stored in the tank, the severity of potential unauthorized releases, and the suitability of any other long-term preventive measures which would meet the requirements of this chapter.

(b) In cooperation with the Office of Emergency Services, the board shall submit an annual statewide report by county, to the Legislature, of all unauthorized releases, indicating for each unauthorized release the operator, the hazardous substance, the quantity of the unauthorized release, and the actions taken to abate the problem.

(c) The reporting requirements imposed by this section are in addition to any requirements which may be imposed by Sections 13271 and 13272 of the Water Code.

SEC. 7. Section 2453 of the Vehicle Code is amended to read:

2453. The California Highway Patrol shall serve as statewide information, assistance, and notification coordinator for all hazardous substances spill incidents occurring on highways within the State of California. The California Highway Patrol shall establish a single notification mechanism to serve as a central focus point for a hazardous substances spill response system. To assure timely notification of emergency personnel, the notification mechanism established pursuant to this section shall complement and not conflict with the system established pursuant to subdivision (b) of Section 8574.17 of the Government Code.

SEC. 8. Section 23112.5 of the Vehicle Code is amended to read:

23112.5. (a) Any person who dumps, spills, or causes the release of hazardous material, as defined by Section 353, or hazardous waste, as defined by Section 25117 of the Health and Safety Code, upon any highway shall notify the Department of the California Highway Patrol or the agency having traffic jurisdiction for that highway of the dump, spill, or release, as soon as the person has knowledge of the dump, spill, or release and notification is possible. Upon receiving notification pursuant to this section, the Department of the California Highway Patrol shall, as soon as possible, notify the Office of Emergency Services of the dump, spill, or release, except for petroleum spills of less than 42 gallons from vehicular fuel tanks.

(b) Any person who is convicted of a violation of this section shall be punished by a mandatory fine of not less than two thousand dollars (\$2,000).

SEC. 9. Section 13271 of the Water Code is amended to read:

13271. (a) Except as provided by subdivision (b), any person who, without regard to intent or negligence, causes or permits any hazardous substance or sewage to be discharged in or on any waters of the state, or discharged or deposited where it is, or probably will be, discharged in or on any waters of the state, shall, as soon as (1) that person has knowledge of the discharge, (2) notification is possible, and (3) notification can be provided without substantially impeding cleanup or other emergency measures, immediately notify the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state toxic disaster contingency plan adopted pursuant to Article 3.7 (commencing with Section 8574.7) of Chapter 7 of Division 1 of Title 2 of the Government Code. The Office of Emergency Services shall immediately notify the appropriate regional board of the discharge. The regional board shall notify the state board as appropriate. The state board or the regional board shall list all notifications received by them pursuant to this section in the minutes of the next business meeting and shall provide a copy of the minutes to the appropriate local health officials.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not more than twenty thousand dollars (\$20,000) or imprisonment for not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) For substances listed as hazardous wastes or hazardous material pursuant to Section 25140 of the Health and Safety Code, the state board, in consultation with the Department of Toxic Substances Control, shall by regulation establish reportable quantities for purposes of this section. The regulations shall be based on what quantities should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations need not set reportable quantities on all listed substances at the same time. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division, and shall not supersede or affect in any way the list, criteria, and guidelines for the identification of hazardous wastes and extremely hazardous wastes adopted by the Department of Toxic Substances Control pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. The regulations of the Environmental Protection Agency for reportable quantities of hazardous substances for purposes of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 and following) shall be in effect for purposes of the enforcement of this section until the time that the regulations required by this subdivision are adopted.

(f) The state board shall adopt regulations establishing reportable quantities of sewage for purposes of this section. The regulations shall be based on the quantities that should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division. For purposes of this section, "sewage" means the effluent of a municipal waste water treatment plant or a private utility waste water treatment plant, as those terms are defined in Section 13625.

(g) Except as otherwise provided in this section and Section 8589.7 of the Government Code, a notification made pursuant to this

section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency. When notifying the Office of Emergency Services, the person shall include all of the notification information required in the permit.

SEC. 10. Section 13272 of the Water Code is amended to read:

13272. (a) Except as provided by subdivision (b), any person who, without regard to intent or negligence, causes or permits any oil or petroleum product to be discharged in or on any waters of the state, or discharged or deposited where it is, or probably will be, discharged in or on any waters of the state, shall, as soon as (1) that person has knowledge of the discharge, (2) notification is possible, and (3) notification can be provided without substantially impeding cleanup or other emergency measures, immediately notify the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state oil spill contingency plan adopted pursuant to Article 3.5 (commencing with Section 8574.1) of Chapter 7 of Division 1 of Title 2 of the Government Code. This section shall not apply to spills of oil into marine waters as defined in subdivision (f) of Section 8670.3 of the Government Code.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not less than five hundred dollars (\$500) or more than five thousand dollars (\$5,000) per day for each day of failure to notify, or imprisonment of not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state. This subdivision shall not apply to any person who is fined by the federal government for a failure to report a discharge of oil.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) Immediate notification to the appropriate regional board of the discharge, in accordance with reporting requirements set under Section 13267 or 13383, shall constitute compliance with the requirements of subdivision (a).

(f) The reportable quantity for oil or petroleum products shall be one barrel (42 gallons) or more, by direct discharge to the receiving waters, unless a more restrictive reporting standard for a particular body of water is adopted.

SEC. 11. Section 4.5 of this bill incorporates amendments to Section 51018 of the Government Code proposed by both this bill and AB 3521. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1995, (2) each bill amends

Section 51018 of the Government Code, and (3) this bill is enacted after AB 3521, in which case Section 4 of this bill shall not become operative.

CHAPTER 1215

An act to add Sections 12021 and 13006 to the Fish and Game Code, relating to penalties, and making an appropriation therefor.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 12021 is added to the Fish and Game Code, to read:

12021. (a) In addition to any assessment, fine, penalty, or forfeiture imposed pursuant to any other provision of law, an additional penalty of fifteen dollars (\$15) shall be added to any fine, penalty, or forfeiture imposed under this code for a violation of this code or a regulation adopted pursuant thereto. The revenue from this penalty shall be transferred to, and deposited in, the Fish and Game Preservation Fund and used exclusively for the purposes of Section 13006.

(b) Subdivision (a) does not apply to a violation punishable pursuant to subdivision (b) of Section 12002.1, subdivision (b) of Section 12002.2, or any regulation relating to the wearing or display of a fishing license.

SEC. 2. Section 13006 is added to the Fish and Game Code, to read:

13006. Notwithstanding Section 13001, the money collected from the penalties on fines, penalties, or forfeitures levied pursuant to Section 12021 shall be used only to pay the department's costs of support for the department's secret witness program. The purpose of the secret witness program is to facilitate the enforcement of this code and regulations adopted pursuant to this code. Contributions to the secret witness program may also be made pursuant to subdivision (k) of Section 13103.

CHAPTER 1216

An act to amend Sections 22451 and 40509 of, and to add Sections 210, 21362.5, and 40518 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Rail Traffic Safety Enforcement Act."

SEC. 2. The Legislature hereby finds and declares the following:

(a) The expansion of rail transit systems in California increases the need for rail transit traffic safety programs.

(b) Most rail-related traffic accidents are caused by motorists ignoring crossing gates and other warning signals and driving into the path of oncoming trains. An analysis of accidents related to the metropolitan blue line in Los Angeles found that 79 percent of those accidents were caused by motorists driving around closed crossing gates or making illegal turns against warning lights in front of oncoming trains.

(c) Automated rail crossing enforcement systems that photographically record violations occurring at rail crossing signals and rail crossing gates are a significant deterrent to these violations where motorists are aware of the presence of the automated systems. Grade crossing violations were reduced 65 percent in a demonstration project in Los Angeles using these systems. Similar results have been seen in Europe and other parts of the United States.

SEC. 3. Section 210 is added to the Vehicle Code, to read:

210. An "automated rail crossing enforcement system" is any system operated by a governmental agency, in cooperation with a law enforcement agency, that photographically records a driver's responses to a rail or rail transit signal or crossing gate, or both, and is designed to obtain a clear photograph of a vehicle's license plate and the driver of the vehicle.

SEC. 4. Section 21362.5 is added to the Vehicle Code, to read:

21362.5. (a) Railroad and rail transit grade crossings may be equipped with an automated rail crossing enforcement system if the system is identified by signs clearly indicating the system's presence and visible to traffic approaching from each direction.

Only a governmental agency, in cooperation with a law enforcement agency, may operate an automated rail crossing enforcement system.

(b) Notwithstanding Section 6253 of the Government Code, or any other provision of law, photographic records made by an automated rail crossing enforcement system shall be confidential, and shall be made available only to governmental agencies and law

enforcement agencies for the purposes of this section.

SEC. 5. Section 22451 of the Vehicle Code is amended to read:

22451. (a) The driver of any vehicle approaching a railroad or rail transit grade crossing shall stop not less than 15 feet from the nearest rail and shall not proceed until he or she can do so safely, whenever the following conditions exist:

(1) A clearly visible electric or mechanical signal device or a flagman gives warning of the approach or passage of a train or car.

(2) An approaching train or car is plainly visible or is emitting an audible signal and, by reason of its speed or nearness, is an immediate hazard.

(b) No driver shall proceed through, around, or under any railroad or rail transit crossing gate while the gate is closed.

(c) Whenever a railroad or rail transit crossing is equipped with an automated rail crossing enforcement system, a notice of a violation of this section is subject to the procedures provided in Section 40518.

SEC. 6. Section 40509 of the Vehicle Code is amended to read:

40509. (a) If any person has for a period of 15 or more days violated a written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before the person authorized to receive a deposit of bail, or violated an order to appear in court, including, but not limited to, a written notice to appear issued in accordance with Section 40518, the magistrate or clerk of the court may give notice of the failure to appear to the department for any violation of this code, or any violation that can be heard by a juvenile traffic hearing referee pursuant to Section 256 of the Welfare and Institutions Code, or any violation of any other statute relating to the safe operation of a vehicle, except violations not required to be reported pursuant to paragraphs (1), (2), (3), (6), (7), and (8) of subdivision (b) of Section 1803. The notice shall be given within 60 days of the failure to appear. If thereafter the case in which the promise was given is adjudicated or the person who has violated the court order appears in court or otherwise satisfies the order of the court, the magistrate or clerk of the court hearing the case shall sign and file with the department a certificate to that effect.

(b) If any person has, for a period of 15 or more days, willfully failed to pay a lawfully imposed fine within the time authorized by the court or to pay a fine pursuant to subdivision (a) of Section 42003, the magistrate or clerk of the court may give notice of the fact to the department for any violation, except violations not required to be reported pursuant to paragraphs (1), (2), (3), (6), (7), and (8) of subdivision (b) of Section 1803. If thereafter the fine is fully paid, the magistrate or clerk of the court shall issue and file with the department a certificate showing that the fine has been paid.

(c) (1) Notwithstanding subdivisions (a) and (b), the court may notify the department of the total amount of bail, fines, assessments, and fees authorized or required by this code, including Section

40508.5, which are unpaid by any person.

(2) Once a court has established the amount of a fine and any assessments, and notified the department, the court shall not further enhance or modify that amount.

(3) This subdivision applies only to violations of this code that do not require a mandatory court appearance, are not contested by the defendant, and do not require proof of correction certified by the court.

(d) Whenever any person has for a period of 15 or more days willfully failed to obey any court order concerning a violation of this code other than failure to appear or pay a fine, the department shall suspend the person's privilege to operate a motor vehicle until compliance with the court order is shown. The magistrate or clerk of the court may give notice of any noncompliance of a court order to the department. The suspension shall not become effective until 45 days after the giving of written notice by the department to the person or until the end of any stay of suspension. However, this subdivision does not apply to court orders concerning violations enumerated in paragraphs (1), (2), (3), (6), and (7) of subdivision (b) of Section 1803.

(e) With respect to a violation of this code, this section is applicable to any court which has not elected to be subject to the notice requirements of subdivision (b) of Section 40509.5.

(f) Any violation subject to Section 40001, which is the responsibility of the owner of the vehicle, shall not be reported under this section.

SEC. 7. Section 40518 is added to the Vehicle Code, to read:

40518. (a) Whenever a written notice to appear has been issued by a peace officer or by a qualified employee of a law enforcement agency on a form approved by the Judicial Council for an alleged violation of Section 22451, or, with respect to a rail crossing, of Section 21453 or 22101 based on an alleged violation recorded by an automated rail crossing enforcement system, and delivered by mail within 30 days of the alleged violation to the current address of the registered owner of the vehicle on file with the department, with a certificate of mailing obtained as evidence of service, an exact and legible duplicate copy of the notice when filed with the magistrate shall constitute a complaint to which the defendant may enter a plea. Preparation and delivery of a notice to appear pursuant to this section is not an arrest.

(b) A notice to appear shall contain the name and address of the person, the license plate number of the person's vehicle, the offense charged, and the time and place when, and where, the person may appear in court or before a person authorized to receive a deposit of bail. The time specified shall be at least 10 days after the notice to appear is delivered.

CHAPTER 1217

An act to amend Section 25191 of, and to add Sections 25110.8.5, 25117.6, 25117.9.1, and 25187.8 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 30, 1994. Filed with Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Hazardous waste laws must be enforced by qualified public officials to protect the health and safety of California workers and residents as well as the environment. Violations must receive enforcement attention and action quickly and in relation to the severity of the offense as measured by the danger to, or potential to endanger, public health and safety and the environment.

(b) The Department of Toxic Substances Control has authority to adopt regulations which allow the categorization of hazardous waste violations as either major or minor violations, which have been defined as "Class I" and "Class II" violations, as set forth in Title 22 of the California Code of Regulations. The definition of a Class I violation includes, but is not limited to, the requirement that the violation represent a significant threat to human health and safety or to the environment.

(c) Class II violations, by definition, do not represent a significant threat to human health and safety or to the environment and are not indicative of chronic violations or of violations that are committed by a recalcitrant violator.

(d) It is the intent of the Legislature, in enacting this act, to provide a more resource-efficient enforcement mechanism, faster compliance times, and creation of a productive and cooperative working relationship between the department and the regulated community.

(e) It is the intent of the Legislature, in enacting this act, to establish a program with compliance as its goal.

SEC. 2. Section 25110.8.5 is added to the Health and Safety Code, to read:

25110.8.5. "Class I violation" means any of the following:

(a) A deviation from the requirements of this chapter, or any regulation, standard, requirement, or permit or interim status document condition adopted pursuant to this chapter, that is any of the following:

(1) The deviation represents a significant threat to human health or safety or the environment because of one or more of the following:

(A) The volume of the waste.

(B) The relative hazardousness of the waste.

(C) The proximity of the population at risk.

(2) The deviation is significant enough that it could result in a failure to accomplish any of the following:

(A) Ensure that hazardous waste is destined for, and delivered to, an authorized hazardous waste facility.

(B) Prevent releases of hazardous waste or constituents to the environment during the active or postclosure period of facility operation.

(C) Ensure early detection of releases of hazardous waste or constituents.

(D) Ensure adequate financial resources in the case of releases of hazardous waste or constituents.

(E) Ensure adequate financial resources to pay for facility closure.

(F) Perform emergency cleanup operations of, or other corrective actions for, releases.

(b) The deviation is a Class II violation which is a chronic violation or committed by a recalcitrant violator. "Class II Violation" has the same meaning as defined in Section 66260.10 of Title 22 of the California Code of Regulations.

SEC. 3. Section 25117.6 is added to the Health and Safety Code, to read:

25117.6. (a) "Minor violation" means a deviation from the requirements of this chapter, or any regulation, standard, requirement, or permit or interim status document condition adopted pursuant to this chapter, that is not a Class I violation.

(b) (1) A minor violation does not include any of the following:

(A) Any knowing, willful, or intentional violation of this chapter.

(B) Any violation of this chapter that enables the violator to benefit economically from noncompliance, either by reduced costs or competitive advantage.

(C) Any Class II violation that is a chronic violation or that is committed by a recalcitrant violator.

(2) In determining whether a violation is chronic or a violator is recalcitrant, for purposes of subparagraph (C) of paragraph (1), the department shall consider whether there is evidence indicating that the violator has engaged in a pattern of neglect or disregard with respect to the requirements of this chapter.

SEC. 4. Section 25117.9.1 is added to the Health and Safety Code, to read:

25117.9.1. "Notice to comply" means a written method of alleging a minor violation which is in compliance with all of the following requirements:

(a) The notice to comply is written in the course of conducting an inspection of a facility by an authorized representative of the department or by an authorized local health officer or a local public officer designated by the director.

(b) A copy of the notice to comply is presented to a person who is an owner or employee of the facility being inspected at the time that the notice to comply is written.

(c) The notice to comply clearly states the nature of the alleged minor violation, a means by which compliance with the permit conditions, rule, regulation, standard, or other requirement cited by the department representative or the authorized or designated officer may be achieved, and a time limit in which to comply, which shall not exceed 30 days.

(d) The notice to comply shall contain the information specified in subdivision (h) of Section 25187.8 with regard to inspection of the facility.

SEC. 5. Section 25187.8 is added to the Health and Safety Code, to read:

25187.8. (a) An authorized representative of the department or an authorized local health officer or a local public officer designated by the director, who, in the course of conducting an inspection of a facility, detects a minor violation of any permit conditions, rule, regulation, standard, or other requirement, shall issue a notice to comply before leaving the site in which the minor violation is alleged to have occurred.

(b) A facility which receives a notice to comply pursuant to subdivision (a) shall have not more than 30 days from the date of receipt of the notice to comply in which to achieve compliance with the permit conditions, rule, regulation, standard, or other requirement cited on the notice to comply. Within five working days of achieving compliance, an appropriate person who is an owner or operator of, or an employee at, the facility shall sign the notice to comply and return it to the department representative or to the authorized or designated officer, as the case may be, which states that the facility has complied with the notice to comply. A false statement that compliance has been achieved is a violation of this chapter pursuant to Section 25191.

(c) A single notice to comply shall be issued for all minor violations cited during the same inspection and the notice to comply shall separately list each of the cited minor violations and the manner in which each of the minor violations may be brought into compliance.

(d) A notice to comply shall not be issued for any minor violation which is corrected immediately in the presence of the inspector. Immediate compliance in that manner may be noted in the inspection report, but the facility shall not be subject to any further action by the department representative or by the authorized or designated officer.

(e) Except as otherwise provided in subdivision (g), a notice to comply shall be the only means by which the department representative or the authorized or designated officer shall cite a minor violation. The department representative or the authorized or designated officer shall not take any other enforcement action specified in this chapter against a facility which has received a notice to comply if the facility complies with this section.

(f) If a facility that receives a notice to comply pursuant to

subdivision (a) disagrees with one or more of the alleged violations listed on the notice to comply, the owner shall give the person who issued the notice to comply written notice of disagreement. If the issuing agency takes administrative enforcement action on the basis of the disputed violation, that action may be appealed in the same manner as for other alleged violations under subdivisions (d) to (j), inclusive, of Section 25187.

(g) (1) Notwithstanding any other provision of this section, if a facility fails to comply with a notice to comply within the prescribed period, or if the department, or an authorized or designated officer, determines that the circumstances surrounding a particular minor violation are such that immediate enforcement is warranted to prevent harm to the public health or safety or to the environment, the department or officer may take any needed enforcement action authorized by this chapter.

(2) Notwithstanding any other provision of this section, if the department, or an authorized or designated officer, determines that the circumstances surrounding a particular minor violation are such that the assessment of a civil penalty pursuant to this chapter is warranted or is required by the federal act, in addition to issuance of a notice to comply, the department or officer shall assess that civil penalty in accordance with this chapter, if the department or officer makes written findings that set forth the basis for the department's or officer's determination.

(h) A notice to comply issued to a facility pursuant to this section shall contain an explicit statement that the facility may be subject to reinspection at any time by the department or officer that issued the notice to comply. Nothing in this section shall be construed as preventing the reinspection of a facility to ensure compliance with this chapter or to ensure that minor violations cited in a notice to comply have been corrected and that the facility is in compliance with this chapter.

(i) Until January 1, 1998, the department shall maintain a public record of all minor violations, which shall include information about the name and circumstance of each minor violation and shall list whether a notice to comply was issued or if additional enforcement action was taken.

(j) Nothing in this section shall be construed as preventing the department, on a case-by-case basis, from requiring a facility to submit reasonable and necessary documentation to support the facility's claim of compliance pursuant to subdivision (b).

SEC. 6. Section 25191 of the Health and Safety Code is amended to read:

25191. (a) (1) Any person who knowingly does any of the acts specified in subdivision (b) shall, upon conviction, be punished by a fine of not less than two thousand dollars (\$2,000) or more than twenty-five thousand dollars (\$25,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both that fine and imprisonment.

(2) If the conviction is for a second or subsequent violation of subdivision (b), the person shall be punished by imprisonment in the state prison for 16, 20, or 24 months, or in the county jail for not more than one year, or by a fine of not less than two thousand dollars (\$2,000) or more than fifty thousand dollars (\$50,000) for each day of violation, or by both that fine and imprisonment.

(3) Each day or partial day that a violation occurs is a separate violation.

(b) A person who does any of the following is subject to the punishment prescribed in subdivision (a):

(1) Makes any false statement or representation in any application, label, manifest, record, report, permit, notice to comply, or other document filed, maintained, or used for the purposes of compliance with this chapter.

(2) Has in his or her possession any record relating to the generation, storage, treatment, transportation, disposal, or handling of hazardous waste required to be maintained pursuant to this chapter, that has been altered or concealed, whether altered or concealed prior to January 1, 1982.

(3) Destroys, alters, or conceals any record relating to the generation, storage, treatment, transportation, disposal, or handling of hazardous waste required to be maintained pursuant to this chapter.

(4) Withholds information regarding a real and substantial danger to the public health or safety when that information has been requested by the department and is required to carry out the department's responsibilities pursuant to this chapter in response to a real and substantial danger.

(5) Except as otherwise provided in this chapter, engages in transportation of hazardous waste in violation of Section 25160 or 25161, or subdivision (a) or (e) of Section 25163, or in violation of any regulation adopted by the department pursuant to those sections, including, but not limited to, failing to complete or provide the manifest in the form and manner required by the department.

(6) Except as otherwise provided in this chapter, produces, receives, stores, or disposes of hazardous waste, or submits hazardous waste for transportation, in violation of Section 25160 or 25161 or any regulation adopted by the department pursuant to those sections, including, but not limited to, failing to complete, provide, or submit the manifest in the form and manner required by the department.

(7) Transports any waste, for which there is provided a manifest, if the transportation is in violation of this chapter or the regulations adopted by the department pursuant thereto.

(8) Violates Section 25162.

(c) (1) The penalties imposed pursuant to subdivision (a) on any person who commits any of the acts specified in paragraph (5), (7), or (8) of subdivision (b) shall be imposed only (A) on the owner or lessee of the vehicle in which the hazardous wastes are unlawfully transported, carried, or handled or (B) on the person who authorizes

or causes the transporting, carrying, or handling. These penalties shall not be imposed on the driver of the vehicle, unless the driver is also the owner or lessee of the vehicle or authorized or caused the transporting, carrying, or handling.

(2) If any person other than the person producing the hazardous waste prepares the manifest specified in Section 25160, that other person is also subject to the penalties imposed on a person who commits any of the acts specified in paragraph (6) of subdivision (b).

(d) Any person who knowingly does any of the following acts, each day or partial day that a violation occurs constituting a separate violation, shall, upon conviction, be punished by a fine of not more than five hundred dollars (\$500) for each day of violation, or by imprisonment in the county jail for not to exceed six months, or by both that fine and imprisonment:

(3) The certificate holder has failed to meet the provisions required for retention of the driver instructor certificate. This includes failure to meet the instructor training requirements prescribed by Section 40089.

(4) The certificate holder does not possess a valid driver's license, endorsement, or special driver's certificate of the appropriate class.

(h) The department shall by regulation adopt an instructor certificate appeals procedure for subdivisions (e), (f), and (g).

(i) The Department of Motor Vehicles or the Department of the California Highway Patrol may disallow the driver training documentation provided pursuant to Section 40087 signed by any driver instructor certified pursuant to Section 40081 if either of those departments finds that the instructor's certificate would have been suspended, revoked, or canceled for any of the reasons designated in subdivision (e), (f), or (g).

SEC. 5. Section 40089 of the Education Code is amended to read:

40089. (a) A school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor with no instructional limitations shall conduct at least 20 hours of instruction each 12 months that includes at least 10 hours of behind-the-wheel and 10 hours of classroom training, which need not be given in a single session. A school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor limited to either classroom or behind-the-wheel training only shall conduct at least 10 hours of instruction each 12 months that includes at least 10 hours of behind-the-wheel or classroom training depending on the limitation. The training need not be given in a single session. A school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor limited to in-service training only shall conduct at least 10 hours of in-service training each 12 months. All school pupil activity bus (SPAB), transit bus, schoolbus, and farm labor vehicle driver instructor training conducted by department staff may be accepted in lieu of the requirements of this subdivision.

(b) A school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor may be limited to classroom instruction, behind-the-wheel training or in-service training only, and prohibited from recording, documenting, or signing for any training required by this article, as determined by the department.

(c) A school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor shall be limited to behind-the-wheel instruction in vehicles that the instructor is qualified to drive.

(d) All school pupil activity bus (SPAB), transit bus, schoolbus, or farm labor vehicle driver instructor training required by subdivision (a) shall be properly documented on a State Department of Education Training Certificate T-01, and signed by the state-certified instructor at the end of each 12-month training period. The signature certifies that the required instruction was conducted during the 12-month training period. Upon renewal of the instructor driver's license, endorsement, or certificate, the completed instructor training record, recorded on the State Department of Education Training Certificate, shall be submitted to the department in Sacramento.

SEC. 6. Section 14035.4 of the Government Code is repealed.

SEC. 7. Section 14035.6 of the Government Code, as added by Chapter 568 of the Statutes of 1980, is amended and renumbered to read:

14035.4. The department shall request the involvement and cooperation of affected local agencies and public and private passenger carriers in decisions relative to the acquisition, development, and operation of intermodal passenger facilities.

SEC. 8. Section 14529.11 is added to the Government Code, to read:

14529.11. The following conditions apply to projects in the state highway system which are financed, in whole or in part, from retail

transactions and use taxes as part of an identified expenditure plan.

(a) A local jurisdiction which chooses to provide its own financing for the construction or improvement of a state highway shall be responsible for determining the priority and delivery schedule of locally funded projects. The jurisdiction shall consult with the department in determining the schedules.

(b) The local jurisdiction shall request that the department, as the state agency responsible for determining the final concept and location of projects in the state highway system, prepare, or cause to be prepared, initial project reports in conjunction with the local jurisdiction. The request shall accompany or be predicated on a strategic plan developed by the local jurisdiction which includes information on the description, priority, and delivery schedule of all projects proposed by the local jurisdiction to be financed by retail transactions and use taxes. The department shall review the strategic plan to assess the department's long-term resource capabilities, and shall develop and submit a recommendation to the local jurisdiction for the management and conduct of all phases of the work to meet the priorities established by the local jurisdiction.

(c) The department shall use the initial project report prepared pursuant to subdivision (b) to determine and obtain initial agreements with the local jurisdiction on feasibility, concept, estimates, staging, limits, environmental considerations, and schedules. The department shall prepare the initial project report at state expense and within a timeframe established jointly by the local jurisdiction and the department. The local jurisdiction shall provide, at its expense, appropriate existing technical and financial information that may be needed to prepare the initial project report and may, at its option, provide other data to expedite preparation and approval, including draft initial project reports prepared with the approval of the department. After the department and the local jurisdiction have provided their initial approval, any change in project scope that causes any change in cost estimates or schedule shall be agreed upon by the local jurisdiction, the department and, where appropriate, the Federal Highway Administration.

(d) Upon completion of the initial project report, or at a time deemed appropriate by the local jurisdiction, the department shall respond within 30 days to a request from the local jurisdiction to prepare, or cause to be prepared, all project development work through environmental clearance for those projects financed by retail transactions and use taxes. The local jurisdiction's request shall include the local jurisdiction's final determination of the priority and delivery schedule of proposed projects. The determination may, but is not required to, match the initial agreements reached in the initial project report. If the department determines that it is able to comply with the request, the state shall pay for the project development work through environmental clearance. If the department and the local jurisdiction concur, the local jurisdiction may undertake project development work through environmental clearance at its own

expense, under the oversight of the department. The cost of oversight shall be borne by the department.

(e) A local jurisdiction which has determined to utilize its own retail transactions and use taxes and any other local resources to fund the construction or improvement of a state highway project may, if the department is unable to comply with the request specified in subdivision (d), request the department to furnish the local jurisdiction with all information and assistance necessary to enable the local jurisdiction to proceed with the planning, design, right-of-way acquisition, and construction of the project. A local jurisdiction which chooses to proceed with project development work through environmental clearance pursuant to this section, is responsible for all the costs associated with the work. The department, however, shall provide the required oversight at state expense.

Upon receiving sufficient assurances that adequate local funding for the project will be made available by the local jurisdiction, the department shall move expeditiously to furnish that information and assistance to the local jurisdiction within 90 days of the department's determination that it cannot comply with the request specified in subdivision (d). This information shall be made available only after the department has had the opportunity to determine whether it will be able to comply with the request specified in subdivision (d).

The project shall be designed, right-of-way acquired, and the environmental documents prepared in accordance with the department's practices for planning, design, right-of-way acquisition, and construction. The department shall prescribe these practices in policy and procedural memoranda within the 90-day period.

(f) The detailed application of the conditions prescribed by this section shall be set forth in an agreement between the department and the local jurisdiction.

(g) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 9. Section 29601 of the Government Code is amended to read:

29601. The following expenses of the district attorney and the sheriff are county charges:

(a) Traveling and other personal expenses incurred in criminal cases arising in the county and in civil actions and proceedings in which the county is interested.

(b) All other expenses necessarily incurred by either of them:

(1) In the detection of crime. Except as to violations of Section 23152 of the Vehicle Code, this section does not apply to the detection of those crimes declared to be misdemeanors by the Vehicle Code.

(2) In the prosecution of criminal cases, and in civil actions and proceedings and all other matters in which the county is interested, or in which any officer or employee, or former officer or employee,

of the county is a defendant in an action for damages instituted for any act performed by him or her in good faith in furtherance of his or her duty while in the employ of the county and in which the district attorney is authorized to represent him or her.

SEC. 11. Section 43012 of the Health and Safety Code is amended to read:

43012. (a) For the purpose of enforcing or administering any federal, state, or local law, order, regulation, or rule relating to vehicular sources of emissions, the executive officer of the state board or an authorized representative of the executive officer, or a representative of the department, upon presentation of credentials or, if necessary under the circumstances, after obtaining an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, has the right of entry to any premises owned, operated, used, leased, or rented by any new or used car dealer, as defined in Sections 285, 286, and 426 of the Vehicle Code, for the purpose of inspecting any vehicle for which emissions standards have been enacted or adopted or for which emissions equipment is required and which is situated on the premises for the purpose of emission-related maintenance, repair, or service, or for the purpose of sale, lease, or rental, whether or not the vehicle is owned by the dealer. The inspection may extend to all emission-related parts and operations of the vehicle, and may require the on-premises operation of an engine or vehicle, the on-premises securing of samples of emissions from the vehicle, and the inspection of any records which relate to vehicular emissions required by the Environmental Protection Agency or by any state or local law, order, regulation, or rule to be maintained by the dealer in connection with the dealer's business.

(b) The right of entry for inspection under this section is limited to the hours during which the dealer is open to the public, except when the entry is made pursuant to warrant or whenever the executive officer or an authorized representative, or a representative of the department, has reasonable cause to believe that a violation of any federal, state, or local law, order, regulation, or rule has been committed in his or her presence. No vehicle shall be inspected pursuant to this section more than one time without an inspection warrant or without reasonable cause unless the vehicle undergoes a change of ownership or the inspection reveals that the vehicle has failed to comply with required emissions standards or equipment, in which case one additional inspection may be made to verify the violation or to verify that the violation has been corrected.

(c) With respect to vehicles not owned by the dealer, the state board or the department may not prosecute, without the owner's knowledge or consent, any violation by the owner of any law pertaining to vehicular emissions unless prior notice of the inspection has been given to the owner.

(d) If the executive officer or authorized representative, or a representative of the department, upon inspection, finds that a used

motor vehicle fails to comply with applicable emissions standards or equipment, the state board or the department shall issue a notice to correct and enter the appropriate vehicle information into the centralized computer data base created pursuant to Section 44037.1. Until all violations in the notice have been corrected and the dealer has sent proof of correction by certified mail to the state board or the department, whichever issued the notice, the motor vehicle shall prominently display the following disclosure affixed to the windshield in at least 18-point type:

NOT FOR SALE

THIS VEHICLE IS PRESENTLY NOT IN COMPLIANCE WITH THE CALIFORNIA VEHICLE POLLUTION CONTROL LAWS AND MAY NOT BE SOLD UNTIL A VALID CERTIFICATE OF COMPLIANCE HAS BEEN ISSUED.

Any dealer who sells a vehicle prohibited to be sold under this subdivision is subject to a civil penalty of not to exceed one thousand dollars (\$1,000). For purposes of this subdivision, "proof of correction" shall consist of a copy of a certificate of compliance or noncompliance issued following the issuance of a notice to correct by a licensed test station or licensed repair station not affiliated with or owned by the dealer or any other proof of repair satisfactory to the inspecting officer. The dealer shall send the copy of the certificate of compliance or noncompliance by certified mail to the state board or the department, whichever issued the notice, within three days of obtaining the certificate.

(e) Civil penalties may be assessed or recovered for one or more violations by a dealer involving the tampering with or disabling of a vehicle's air injection, exhaust gas recirculation, crankcase ventilation, fuel injection or carburetion systems, ignition timing or evaporative controls, fuel filler neck restrictor, oxygen sensor or electronic controls, or missing catalytic converter.

(f) No civil penalty or criminal penalty may be assessed for a violation by a dealer identified in a notice to correct as a result of an inspection under this section if the violation is related to lack of maintenance or customer tampering or vandalism, including, but not limited to, a missing gasoline filler cap and a disconnected or missing heated air intake tube or vacuum hose. However, if notices to correct are issued under this subdivision to more than 20 percent of the vehicles offered for sale on a dealer's premises during each of three consecutive inspections conducted 30 or more days apart during any one-year period, civil penalties may be assessed and recovered for each vehicle issued a notice to correct.

(g) If the executive officer or authorized representative, upon inspection, finds that a certificate of compliance or noncompliance was issued to a motor vehicle that fails to comply with applicable emissions standards or equipment, the state board shall immediately

refer these findings to the department for investigation under Chapter 5 (commencing with Section 44000). The state board may refer any other suspected violation to the department for appropriate action.

(h) Notwithstanding Section 17150 of the Vehicle Code, the state shall be liable for any injury or damage caused by the negligent or wrongful act or omission of the operator of any vehicle which is operated pursuant to this section.

(i) This section provides the exclusive authority for inspections of motor vehicles for the purposes specified in this section.

(j) As used in this section, the terms "tampering" and "disabling" mean an unauthorized modification, alteration, removal, or disconnection.

SEC. 12. Section 44005 of the Health and Safety Code is amended to read:

44005. (a) The Department of Motor Vehicles shall cooperate with the department in implementing any changes to enhance the program to achieve greater efficiency, cost-effectiveness, and convenience, or to reduce excess emissions in accordance with this chapter.

(b) The program shall provide for inspection of motor vehicles upon initial registration, biennially upon renewal of registration, upon transfer of ownership, upon the issuance of a notice of noncompliance to a gross polluter pursuant to Section 44081, and as otherwise provided in this chapter.

SEC. 13. Section 44014.5 of the Health and Safety Code is amended to read:

44014.5. (a) The enhanced program shall provide for the testing and retesting of vehicles in accordance with Section 44010.5 and this section.

(b) The repair of vehicles at test-only stations shall be prohibited, except that the minor repair of components damaged by station personnel during inspection at the station, any minor repair which is necessary for the safe operation of a vehicle while at a station, or other minor repairs, such as the reconnection of hoses or vacuum lines, may be undertaken at no charge to the vehicle owner or operator if authorized in advance in writing by the department.

(c) The department shall provide for the distribution to consumers by test-only stations of a list, compiled by region, of smog check stations licensed to make repairs of vehicular emission control systems. A test-only station shall not refer a vehicle owner to any particular provider of vehicle repair services.

(d) The department shall establish standards for training, equipment, performance, or data collection for test-only facilities.

(e) The department, by regulation, shall prohibit test-only stations from engaging in other business activities that represent a conflict of interest, as determined by the department.

(f) The test-only station may charge a fee, established by the department, sufficient to cover the station's cost to perform the tests

required by this chapter. In addition, the station shall charge and collect the certificate fee established pursuant to Section 44060. This subdivision shall apply only to stations contracted for pursuant to subdivision (e) of Section 44010.5.

(g) The department shall ensure that there is a sufficient number of test-only facilities to provide convenient testing for the following vehicles:

(1) All vehicles identified and confirmed as gross polluters pursuant to Section 44081 and Section 27156 of the Vehicle Code.

(2) All vehicles identified by a smog check station prior to repairs as gross polluters or as having been tampered with.

(3) All vehicles designated by the department pursuant to Sections 44014.7 and 44020.

(h) The department shall provide a sufficient number of test-only facilities authorized to perform referee functions to provide convenient testing for those vehicles that are required to report to, and receive a certificate of compliance from, a test-only station by this chapter, including all of the following:

(1) All vehicles seeking to utilize state-operated financial assistance or inclusion in authorized scrap programs.

(2) All vehicles unable to obtain a certificate of compliance from a licensed smog check station pursuant to subdivision (c) of Section 44015.

(3) Any other vehicles that may be designated by the department.

(i) (1) Gross polluters shall be referred to a test-only facility for a post-repair inspection and retest pursuant to subdivision (g). Simply passing the emissions test shall not be a sufficient condition for receiving a certificate of compliance. A certificate of compliance shall only be issued to a vehicle which does not have any defects with its emission control systems or any defects which could lead to damage of its emission control system, as provided in regulations adopted by the department.

(2) The department shall require all vehicles which are tested pursuant to this chapter and found to be gross polluters, or which are found to have been tampered with, to be tested annually at a test-only station for at least two, but not more than five, consecutive years, as the department determines to be necessary to ensure that the program will comply with Environmental Protection Agency performance standards.

SEC. 14. Section 44017 of the Health and Safety Code is amended to read:

44017. (a) Except as otherwise provided in this section, the cost limit for repairs under the program, including parts and labor, shall be a minimum of four hundred fifty dollars (\$450) in all areas where the program operates.

(b) The limit established pursuant to subdivision (a) shall not become operative until January 1, 1995, or until the repair subsidy program required pursuant to Section 44062.1 is implemented, whichever occurs first. Prior to that time, the following cost limits

shall remain in effect:

(1) For motor vehicles of 1971 and earlier model-years, fifty dollars (\$50).

(2) For motor vehicles of 1972 to 1974, inclusive, model-years, ninety dollars (\$90).

(3) For motor vehicles of 1975 to 1979, inclusive, model-years, one hundred twenty-five dollars (\$125).

(4) For motor vehicles of 1980 to 1989, inclusive, model-years, one hundred seventy-five dollars (\$175).

(5) For motor vehicles of 1990 and later model-years, three hundred dollars (\$300).

(c) The department shall periodically revise the cost limits specified in subdivisions (a) and (b) in accordance with changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics.

(d) No cost limit shall be imposed in those cases where emissions control equipment is missing or is partially or totally inoperative as a result of being tampered with or when the vehicle has been identified as a gross polluter pursuant to Section 44081 and verified as a gross polluter at a test-only station. The cost limits prescribed pursuant to this section, when implemented, shall not be imposed on vehicles identified as gross polluters prior to repairs at a smog check station. However, if there is no evidence of tampering and the vehicle owner has had repairs performed as necessary to bring the vehicle's emissions below the appropriate threshold established for gross polluters, the emission cost waiver provisions shall apply.

SEC. 15. Section 44031.5 of the Health and Safety Code is amended to read:

44031.5. (a) No smog check technician may perform tests or make repairs required by this chapter, for compensation, unless qualified by the department for the class and category of vehicle being tested or repaired. To qualify, smog check technicians shall pass a qualification test administered by the department, in addition to meeting prerequisite minimum experience and training criteria established by the department, pursuant to Section 44045.5. Passage of the qualification test shall, and training may, also be required upon each biennial renewal of the smog check technician's license.

(b) The department shall prescribe training and periodic retraining courses for licensed smog check technicians pursuant to Section 44045.6.

(c) Whenever the department determines, through investigation, that a previously qualified smog check technician may lack the skills to reliably and accurately perform the test or repair functions within the required qualification, the department may prescribe for the technician one or more retraining courses which have been certified by the department. The smog check technician may request and be granted a hearing, pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, on the department's determination. The request for a hearing shall be

submitted within 30 days of the department's notification of its determination. A failure to complete the prescribed retraining course within the time designated by the department, or to request a hearing within 30 days of the department's notification of its determination, shall result in loss of qualification. Upon a later completion of the prescribed department certified retraining course, the department may reinstate the smog check technician's qualification.

(d) Smog check technicians shall have the option to do hands-on work in lieu of written work in order to successfully complete the department certified training and retraining courses.

(e) The institution administering the department certified training or retraining courses shall issue a certificate of completion to each person who successfully completes the certified courses. The certificate shall be valid for one year.

(f) The department may, by regulation, establish procedures relating to the issuance and use of photo identification cards for licensed technicians.

SEC. 15.3. Section 44037 of the Health and Safety Code is amended to read:

44037. (a) The department shall compile and maintain records, using the sampling methodology necessary to ensure their scientific validity and reliability, of tests and repairs performed by qualified smog check technician at licensed smog check stations pursuant to this chapter on all of the following information:

(1) The motor vehicle identification information and the test data collected at the station.

(2) The number of maintenance and repair operations performed on motor vehicles which fail to pass a test conducted pursuant to this chapter.

(3) The correlation between maintenance and repairs recommended by the department pursuant to Section 44016 and maintenance and repairs performed.

(4) The charges assessed for the service and repairs and the correlation between the amount charged for repairs and the amount of emission reduction.

(5) Data received and compiled through the use of the centralized computer data base and computer network to be established pursuant to Section 44037.1, and any other information determined to be essential by the department for program enhancement to achieve greater efficiency, consumer protection, cost-effectiveness, convenience, or emission reductions.

(6) The frequency of specific smog check stations which issue a passing certificate for vehicles which have failed a previous inspection at other smog check stations within the preceding 30 days.

(b) A written summary of the information specified in subdivision (a) shall be available annually for the technicians and smog check stations in each district and to the public upon request.

SEC. 15.5. Section 44041 of the Health and Safety Code is

amended to read:

44041. In order to expedite emissions testing and to eliminate errors in the transcription of vehicle data, the department shall, in cooperation with the Department of Motor Vehicles, furnish bar code labels or bar coded documents to all vehicle owners at the time of their vehicle's annual registration renewal. The labels or documents shall contain vehicle identification numbers and other vehicle-specific information, to be determined by the department, which can be recorded by smog check station technicians utilizing the scanning devices required by Section 44036.

SEC. 15.7. Section 44081 of the Health and Safety Code is amended to read:

44081. (a) (1) The department, in cooperation with the state board, shall institute procedures for auditing the emissions of vehicles while actually being driven on the streets and highways of the state. The department may undertake those procedures itself or seek a qualified vendor of these services. The primary object of the procedures shall be the detection of gross polluters. The procedures shall consist of techniques and technologies determined to be effective for that purpose by the department, including, but not limited to, remote sensing. The procedures may include pullovers for roadside emissions testing and inspection. The department shall consider the recommendations of the review committee based on the outcome of the pilot demonstration program conducted pursuant to Section 44081.6.

(2) The department may additionally use other methods to identify gross polluting vehicles for out-of-cycle testing and repair.

(b) The department shall, by regulation, establish a program for the out-of-cycle testing and repair of vehicles found, through roadside auditing, to be emitting at levels that exceed specified standards. The program shall include all of the following elements:

(1) Emission standards, and test and inspection procedures and regulations, adopted in coordination with the state board, applicable to vehicles tested during roadside auditing. Emission standards for issuance of a notice of noncompliance to a gross polluter shall be designed to maximize the identification of vehicles with substantial excess emissions.

(2) Procedures for issuing notices of noncompliance to owners of gross polluters, either at the time of the roadside audit, or subsequently by certified mail, or by obtaining a certificate of mailing as evidence of service, using technologies for recording license plate numbers. The notice of noncompliance shall provide that, unless the vehicle is brought to a designated test-only station for emissions testing within 30 days, the owner will be required to pay an administrative fee of five hundred dollars (\$500) to be collected by the Department of Motor Vehicles at the next annual registration renewal or the next change of ownership of the vehicle, whichever occurs first. Commencing on the 31st day after issuance of the notice of noncompliance, the fee shall accrue at the rate of five dollars (\$5)

per day up to the five hundred dollars (\$500) maximum.

(3) Procedures for the testing of vehicles identified as gross polluters by a designated test-only facility to confirm that the vehicle exceeds the minimum emission standard for gross polluters set by the department.

(4) Procedures requiring owners of vehicles confirmed as gross polluters to have the vehicle repaired, resubmitted for testing, and obtain a certificate of compliance from a designated test-only facility within 30 days or be required to pay an administrative fee of not more than five hundred dollars (\$500), to be collected by the Department of Motor Vehicles at the next annual registration renewal or the next change of ownership, whichever occurs first. Commencing on the 31st day after issuance of the notice of noncompliance, the fee shall accrue at the rate of five dollars (\$5) per day up to the five hundred dollars (\$500) maximum. Regulations adopted by the department may authorize impoundment of a vehicle after the maximum penalty has accrued. The registration of a vehicle shall not be issued or renewed if that vehicle has been identified as a gross polluter and has not been issued a certificate of compliance. Except as provided in subdivision (b) of Section 9250.18 of the Vehicle Code, any revenues collected by the Department of Motor Vehicles pursuant to this subdivision and Section 9250.18 of the Vehicle Code shall be deposited in the Vehicle Inspection and Repair Fund. If the ownership of the vehicle is transferred, the administrative fee provided for in this subdivision shall be waived if the vehicle is brought into compliance.

(5) A procedure for notifying the Department of Motor Vehicles of notices of noncompliance issued, so that the Department of Motor Vehicles may provide effective collection of the administrative fee. The Department of Motor Vehicles shall cooperate with, and implement the requirements of, the department in that regard.

(6) The department may adopt any other regulations necessary for the effective implementation of this section, as determined by the department.

(c) Upon the request of the department, the Department of the California Highway Patrol shall provide assistance in conducting roadside auditing, to consist of (1) the stopping of vehicles and traffic management, and (2) the issuance of notices of noncompliance to gross polluters. The department shall reimburse the Department of the California Highway Patrol for its costs of providing those services. The Department of Transportation and affected local agencies shall provide necessary assistance and cooperation to the department in the operation of the program.

(d) There shall be no repair cost limit imposed pursuant to Section 44017 for any repairs that are required to be made under the roadside auditing program, except as provided in subdivision (d) of Section 44017.

SEC. 16. Section 44081.6 of the Health and Safety Code is amended to read:

44081.6. (a) The California Environmental Protection Agency, the state board, and the department, in cooperation with, and with the participation of, the Environmental Protection Agency, shall jointly undertake a pilot demonstration program to do all of the following:

(1) Determine the emission reduction effectiveness of alternative loaded mode emission tests compared to the IM240 test.

(2) Quantify the emission reductions, above and beyond those required by Environmental Protection Agency regulation or by the biennial test requirement, achievable from a remote sensing-based program that identifies gross polluting and other vehicles and requires the immediate repair and retest of those gross polluting vehicles at a test-only station established by this chapter.

(3) Determine if high polluting vehicles can be identified and directed to test-only stations using criteria other than, or in addition to, age and model year, and whether this reduces the number of vehicles which would otherwise be subject to inspection at test-only stations.

(4) Qualify emission reductions above and beyond those that are required by the regulations of the Environmental Protection Agency, achievable from other program enhancements pursuant to this chapter.

(5) Determine the extent to which the capacity of the test-only station network established pursuant to Section 44010.5 needs to be expanded to comply with Environmental Protection Agency performance standards.

(b) The California Environmental Protection Agency shall enter into a memorandum of agreement with the Environmental Protection Agency to establish the protocol for the pilot demonstration program. The memorandum of agreement shall ensure, to the extent possible, that the Environmental Protection Agency will accept the results of the pilot demonstration program as the findings of the Administrator of the Environmental Protection Agency. The pilot demonstration program shall be conducted pursuant to the memorandum of agreement.

(c) The review committee established pursuant to Section 44021 shall review the protocol for the pilot demonstration program, as established in the signed memorandum of agreement, and recommend any modification that the review committee finds to be appropriate for the pilot demonstration program. Any such modification shall become effective only upon the written agreement of the California Environmental Protection Agency and the Environmental Protection Agency.

(d) The department shall contract, on behalf of the committee, with an independent entity to ensure quality control in the collection of data pursuant to the pilot demonstration program. The department shall also contract, on behalf of the committee, for an independent analysis of the data produced by the pilot demonstration program.

(e) Any contract entered into pursuant to this section shall not be subject to any restrictions that are applicable to contracts in the Government Code or in the Public Contract Code. The department shall report to the Legislature any action that is taken in accordance with this subdivision.

(f) To the extent possible, the pilot demonstration program shall be conducted using equipment, facilities, and staff of the state board, the department, and the Environmental Protection Agency.

(g) The pilot demonstration program shall provide for, but not be limited to, all of the following:

(1) For the purposes of this section, any vehicle subject to the inspection and maintenance program may be selected to participate in the pilot demonstration program regardless of when last inspected pursuant to this chapter.

(2) Registered owners of vehicles selected to participate in the pilot demonstration program shall make the vehicle available for testing within a time period and at a testing facility designated by the department. If necessary, the department shall increase the capacity of the existing referee network in the area or areas where the pilot demonstration program will be operating, in order to accommodate the convenient testing of selected vehicles.

(3) If the department finds that a vehicle is emitting excessive emissions, the vehicle owner shall be required to make necessary repairs within the existing cost limits and return to a testing facility designated by the department. The vehicle owner shall have additional repairs made if the repairs are requested and funded by the department. The department shall also fund the cost of any necessary repairs if the owner of the vehicle has, within the last two years, already paid for emissions-related repairs to the same vehicle in an amount at least equal to the existing cost limits, in order to obtain a certificate of compliance or an emission cost waiver.

(4) Vehicle owners who fail to bring the vehicle in for inspection or fail to have repairs made pursuant to this section shall be issued notices of noncompliance. The notice shall provide that, unless the vehicle is brought to a designated testing facility for testing, or repair facility for repairs, within 15 days of notice of the requirement, the owner will be required to pay an administrative fee of not more than five dollars (\$5) a day, not to exceed two hundred fifty dollars (\$250), to be collected by the Department of Motor Vehicles at the next annual registration renewal or the next change of ownership of the vehicle, whichever occurs first. 12804.9. (a) (1) The examination shall include all of the following:

(A) A test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways.

(C) A test of the applicant's understanding of traffic signs and signals, including the bikeway signs, markers, and traffic control devices established by the Department of Transportation.

(D) An actual demonstration of the applicant's ability to exercise ordinary and reasonable control in operating a motor vehicle by driving it under the supervision of an examining officer. The applicant shall submit to an examination appropriate to the type of motor vehicle or combination of vehicles he or she desires a license to drive, except that the department may waive the driving test part of the examination of any applicant who holds a valid license issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(E) A test of the hearing and eyesight of the applicant, and of other matters that may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways, and whether any ground exists for refusal of a license under this code.

(2) The examination for a class A or class B license under subdivision (b) shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a health care professional. As used in this subdivision, "health care professional" means a person who is licensed, certified, or registered in accordance with applicable state

laws and regulations to perform physical examinations and includes, but is not limited to, doctors of medicine, doctors of osteopathy, physician assistants, advanced practice nurses, and doctors of chiropractic. The report shall be on a form approved by the department, the Federal Highway Administration, or the Federal Aviation Administration. In establishing the requirements, consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration.

(3) Any physical defect of the applicant, which, in the opinion of the department, is compensated for to ensure safe driving ability, shall not prevent the issuance of a license to the applicant.

(b) Beginning on January 1, 1989, in accordance with the following classifications, any applicant for a driver's license shall be required to submit to an examination appropriate to the type of motor vehicle or combination of vehicles the applicant desires a license to drive:

(F) (i) Any two-axle vehicle weighing 4,000 pounds or more unladen when towing either a trailer coach or a fifth-wheel travel

trailer not exceeding 10,000 pounds gross vehicle weight rating, when the towing of the trailer is not for compensation.

(ii) Any two-axle vehicle weighing 4,000 pounds or more unladen when towing a fifth-wheel travel trailer exceeding 10,000 pounds, but not exceeding 15,000 pounds, gross vehicle weight rating, when the towing of the trailer is not for compensation, and if the person has passed a specialized written examination provided by the department relating to the knowledge of this code and other safety aspects governing the towing of recreational vehicles upon the highway. The authority to operate combinations of vehicles under this subparagraph shall be granted by endorsement on a class C license upon completion of that written examination.

(G) Class C does not include any two-wheel motorcycle or any two-wheel motor-driven cycle.

(4) Class M1. Any two-wheel motorcycle. Authority to operate vehicles included in a class M1 license may be granted by endorsement on a class A, B, or C license upon completion of an appropriate examination.

(5) Class M2. Any two-wheel motor-driven cycle, including, but not limited to, a motorized bicycle or moped, or any bicycle with an attached motor. Authority to operate vehicles included in class M2 may be granted by endorsement on a class A, B, or C license upon completion of an appropriate examination. Persons holding a class M1 license or endorsement may operate vehicles included in class M2 without further examination.

(c) No driver's license or driver certificate shall be valid for operating any commercial motor vehicle, as defined in subdivision (b) of Section 15210, any other motor vehicle defined in paragraph (1) or (2) of subdivision (b), or any other vehicle requiring a driver to hold any driver certificate or any driver's license endorsement under Section 15275, unless a medical certificate approved by the department, the Federal Highway Administration, or the Federal Aviation Administration, which has been issued within two years of the date of the operation of that vehicle, is within the licensee's immediate possession, and a copy of the medical examination report from which the certificate was issued is on file with the department. Otherwise the license shall be valid only for operating class C vehicles which are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2 vehicles, if so endorsed, which are not commercial vehicles, as defined in subdivision (b) of Section 15210.

(d) A license or driver certificate issued prior to the enactment of Chapter 7 (commencing with Section 15200) shall be valid to operate the class or type of vehicles specified under the law in existence prior to that enactment until the license or certificate expires or is otherwise suspended, revoked, or canceled.

(e) The department may accept a certificate of driving skill that is issued by an employer, authorized by the department to issue a certificate under Section 15250, of the applicant, in lieu of a driving

test, on class A or B applications, if the applicant has first qualified for a class C license and has met the other examination requirements for the license for which he or she is applying. The certificate may be submitted as evidence of the applicant's skill in the operation of the types of equipment covered by the license for which he or she is applying.

(f) The department may accept a certificate of competence in lieu of a driving test on class M1 or M2 applications, when the certificate is issued by a law enforcement agency for its officers who operate class M1 or M2 vehicles in their duties, if the applicant has met the other examination requirements for the license for which he or she is applying.

(g) The department may accept a certificate of satisfactory completion of a novice motorcyclist training program approved by the commissioner pursuant to Section 2932 in lieu of a driving test on class M1 or M2 applications, if the applicant has met the other examination requirements for the license for which he or she is applying. The department shall review and approve the written and driving test used by a program to determine whether the program may issue a certificate of completion.

(h) Notwithstanding subdivision (b), any person holding a valid California driver's license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this paragraph, "short-term" means 48 hours or less.

(i) No person under the age of 21 years shall be issued a class M1 or M2 license or endorsement unless he or she provides evidence satisfactory to the department of completion of a motorcycle safety training program that is operated pursuant to Article 2 (commencing with Section 2930) of Chapter 5 of Division 2.

(j) Drivers of vanpool vehicles may operate with class C licenses but shall possess evidence of a medical examination required for a class B license when operating vanpool vehicles. In order to be eligible to drive the vanpool vehicle, the driver shall keep in the vanpool vehicle a statement, signed under penalty of perjury, that he or she has not been convicted of reckless driving, drunk driving, or a hit and run offense in the last five years.

(k) During the implementation of this section, from January 1, 1989, through December 31, 1992, provisions of this code pertaining to persons holding class 1, 2, 3, or 4 licenses pursuant to Section 12804, shall apply to persons holding class A, B, C, M1, or M2 licenses pursuant to this section, to the extent that class A, B, C, M1, or M2 vehicles under this section fall within the definition of class 1, 2, 3, or 4 vehicles under Section 12804.

(l) A class M license issued between January 1, 1989, and December 31, 1992, shall permit the holder to operate any motorcycle, motor-driven cycle, or motorized bicycle until the expiration of the license.

SEC. 58. Section 12810 of the Vehicle Code is amended to read: 12810. In determining the violation point count, the following shall apply:

(2) Any conviction of a violation of subdivision (a) or (b) of Section 23140 shall be given a value of two points.

(e) Except as provided in subdivision (g), any other traffic conviction involving the safe operation of a motor vehicle upon the highway shall be given a value of one point.

(g) (1) A violation of paragraph (1), (2), (3), or (5) of subdivision (b) of Section 40001 shall not result in a violation point count being given to the driver if the driver is not the owner of the vehicle.

(2) Any conviction of a violation of subdivision (a) of Section 21116, Section 21207.5, 21708, 21710, 21716, 23120, 24800, or 26707 shall not be given a violation point count.

(h) A conviction for only one violation arising from one occasion of arrest or citation shall be counted in determining the violation point count for the purposes of this section.

(i) Any conviction of a violation of Section 14601, 14601.1, 14601.2, or 14601.3 shall be given a value of two points.

SEC. 59.5. Section 22356 of the Vehicle Code is amended to read: 22356. (a) Whenever the Department of Transportation, after

consultation with the Department of the California Highway Patrol, determines upon the basis of an engineering and traffic survey on existing highway segments, or upon the basis of appropriate design standards and projected traffic volumes in the case of newly constructed highway segments, that a speed greater than 55 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any state highway, or portion thereof, that is otherwise subject to a maximum speed limit of 55 miles per hour, the Department of Transportation, with the approval of the Department of the California Highway Patrol, may declare a higher maximum speed of 60 or 65 miles per hour for vehicles not subject to Section 22406, and shall cause appropriate signs to be erected giving notice thereof. The Department of Transportation shall only make a determination under this section that is fully consistent with, and in full compliance with, federal law.

(b) No person shall drive a vehicle upon that highway at a speed greater than 60 or 65 miles per hour, as posted.

SEC. 60. Section 22651 of the Vehicle Code is amended to read:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway or any public lands and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a

highway or any public lands are, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) (1) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(2) When an officer serves a notice of an order of suspension or revocation of a driver's license pursuant to Section 23137.

(i) (1) When any vehicle, other than a rented vehicle, is found upon a highway or any public lands, or is removed pursuant to this code, and it is known to have been issued five or more notices of parking violation, to which the owner or person in control of the vehicle has not responded within 21 calendar days of citation issuance or 14 calendar days of a notice of delinquent parking violation to the agency responsible for processing notices of parking violation or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency all of the following:

(A) Evidence of his or her identity.

(B) An address within this state at which he or she can be located.

(C) Satisfactory evidence that all parking penalties due for the vehicle and any other vehicle registered to the registered owner of the impounded vehicle, and all traffic violations of the registered owner, have been cleared.

(2) The requirements in subparagraph (C) of paragraph (1) shall be fully enforced by the impounding law enforcement agency on and after the time that the Department of Motor Vehicles is able to provide access to the necessary records.

(3) A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of furnishing satisfactory evidence that the full amount of parking penalties or bail has been deposited, that person may demand to be taken without unnecessary delay before a magistrate, for traffic offenses, or a hearing examiner, for parking offenses, within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded. At the discretion of the impounding law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 may be issued to that person, if the two days immediately

following the day of impoundment are weekend days or holidays.

(4) A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in the possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5.

(5) The impounding agency that has a lien on the surplus that remains upon the sale of a vehicle to which a registered owner is entitled pursuant to paragraph (4) has a deficiency claim against the registered owner for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5, less the amount received from the sale of the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(l) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would

prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) (1) When any vehicle is found upon a highway, any public lands, or an offstreet parking facility with a registration expiration date in excess of six months before the date it is found on the highway, public lands, or the offstreet parking facility. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration and a currently valid driver's license to operate the vehicle.

(2) As used in this subdivision, "offstreet parking facility" means any offstreet facility held open for use by the public for parking vehicles and includes any publicly owned facilities for offstreet parking, and privately owned facilities for offstreet parking where no fee is charged for the privilege to park and which are held open for the common public use of retail customers.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, 14601.2, 14601.3, 14601.4, 14601.5, or 14604 and the vehicle has been impounded pursuant to Section 22655.5. Any vehicle so removed from the highway or any public lands, or from private property after having been on a highway or public lands, shall not be released to the registered owner or his or her agent, except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

(r) When any vehicle is illegally parked and blocks the movement of a legally parked vehicle.

(s) (1) When any vehicle, except highway maintenance or construction equipment, an authorized emergency vehicle, or a vehicle which is properly permitted or otherwise authorized by the Department of Transportation, is stopped, parked, or left standing

for more than eight hours within a roadside rest area or viewpoint.

(2) For purposes of this subdivision, a roadside rest area or viewpoint is a publicly maintained vehicle parking area, adjacent to a highway, utilized for the convenient, safe stopping of a vehicle to enable motorists to rest or to view the scenery. If two or more roadside rest areas are located on opposite sides of the highway, or upon the center divider, within seven miles of each other, then that combination of rest areas is considered to be the same rest area.

SEC. 61. Section 22651.3 of the Vehicle Code is amended to read:

22651.3. (a) Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which any vehicle, other than a rented vehicle, is located may remove the vehicle from an offstreet public parking facility located within the territorial limits in which the officer or employee may act when the vehicle is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded or when any vehicle is illegally parked so as to prevent the movement of a legally parked vehicle.

A notice of parking violation issued to a vehicle which is registered in a foreign jurisdiction or is without current California registration and is known to have been issued five or more notices of parking violation over a period of five or more days shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle.

(b) The vehicle may be impounded until the owner or person in control of the vehicle furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and furnishes satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, the owner or person in control of the vehicle may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded.

(c) Evidence of current registration shall be produced after a vehicle has been impounded. At the discretion of the impounding law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 may be issued to the owner or person in control of the vehicle, if the two days immediately following the day of impoundment are weekend days or holidays.

SEC. 62. Section 22651.7 of the Vehicle Code is amended to read:

22651.7. In addition to, or as an alternative to, removal, any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or any regularly employed and salaried employee who is engaged in directing traffic or enforcing parking laws and regulations, of a jurisdiction in which a vehicle is located may immobilize the vehicle with a device designed and manufactured for the immobilization of vehicles, on a highway or any public lands located within the territorial limits in which the officer or employee may act if the vehicle is found upon a highway or any public lands and is known to have been issued five or more notices of parking violation which are delinquent because the owner or person in control of the vehicle has not responded to the agency responsible for processing notices of parking violation within 21 calendar days of citation issuance or 14 calendar days of a notice of delinquent parking violation, or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17. The vehicle may be immobilized until that person furnishes to the immobilizing law enforcement agency all of the following:

- (a) Evidence of his or her identity.
- (b) An address within this state at which he or she can be located.
- (c) Satisfactory evidence that the full amount of parking penalties has been deposited for all notices of parking violation issued for the vehicle and any vehicles registered to the registered owner of the immobilized vehicle and that bail has been deposited for all traffic violations of the registered owner that have not been cleared. The requirements in subdivision (c) shall be fully enforced by the immobilizing law enforcement agency on and after the time that the Department of Motor Vehicles is able to provide access to the necessary records. A notice of parking violation issued to the vehicle shall be accompanied by a warning that repeated violations may result in the impounding or immobilization of the vehicle. In lieu of furnishing satisfactory evidence that the full amount of parking penalties or bail, or both, have been deposited that person may demand to be taken without unnecessary delay before a magistrate, for traffic offenses, or a hearing examiner, for parking offenses, within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is immobilized. Evidence of current registration shall be produced after a vehicle has been immobilized. At the discretion of the immobilizing law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 may be issued to that

person, if the two days immediately following the day of impoundment are weekend days or holidays.

SEC. 63. Section 22658 of the Vehicle Code is amended to read:

22658. (a) Except as provided in Section 22658.2, the owner or person in lawful possession of any private property, subsequent to notifying, by telephone or, if impractical, by the most expeditious means available, the local traffic law enforcement agency may cause the removal of a vehicle parked on the property to the nearest public garage under any of the following circumstances:

(1) There is displayed, in plain view at all entrances to the property, a sign not less than 17 by 22 inches in size, with lettering not less than one inch in height, prohibiting public parking and indicating that vehicles will be removed at the owner's expense, and containing the telephone number of the local traffic law enforcement agency. The sign may also indicate that a citation may also be issued for the violation.

(2) The vehicle has been issued a notice of parking violation, and 96 hours have elapsed since the issuance of that notice.

(3) The vehicle is on private property and lacks an engine, transmission, wheels, tires, doors, windshield, or any other major part or equipment necessary to operate safely on the highways, the owner or person in lawful possession of the private property has notified the local traffic law enforcement agency, and 24 hours have elapsed since that notification.

(4) The lot or parcel upon which the vehicle is parked is improved with a single-family dwelling.

(b) The person causing removal of the vehicle, if the person knows or is able to ascertain from the registration records of the Department of Motor Vehicles the name and address of the registered and legal owner of the vehicle, shall immediately give, or cause to be given, notice in writing to the registered and legal owner of the fact of the removal, the grounds for the removal, and indicate the place to which the vehicle has been removed. If the vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage. The notice provided for in this section shall include the amount of mileage on the vehicle at the time of removal. If the person does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the owner as provided in this section, the person causing removal of the vehicle shall comply with the requirements of subdivision (c) of Section 22853 relating to notice in the same manner as applicable to an officer removing a vehicle from private property.

(c) This section does not limit or affect any right or remedy which the owner or person in lawful possession of private property may have by virtue of other provisions of law authorizing the removal of a vehicle parked upon private property.

(d) The owner of a vehicle removed from private property pursuant to subdivision (a) may recover for any damage to the vehicle resulting from any intentional or negligent act of any person

causing the removal of, or removing, the vehicle.

(e) Any owner or person in lawful possession of any private property, or an "association" pursuant to Section 22658.2, causing the removal of a vehicle parked on that property is liable for double the storage or towing charges whenever there has been a failure to comply with paragraph (1), (2), or (3) of subdivision (a) or to state the grounds for the removal of the vehicle if requested by the legal or registered owner of the vehicle as required by subdivision (f).

(f) Any owner or person in lawful possession of any private property, or an "association" pursuant to Section 22658.2, causing the removal of a vehicle parked on that property shall state the grounds for the removal of the vehicle if requested by the legal or registered owner of that vehicle. Any towing company that removes a vehicle from private property with the authorization of the property owner or the property owner's agent shall not be held responsible in any situation relating to the validity of the removal. Any towing company that removes the vehicle under this section shall be responsible for (1) any damage to the vehicle in the transit and subsequent storage of the vehicle and (2) the removal of a vehicle other than the vehicle specified by the owner or other person in lawful possession of the private property.

(g) Possession of any vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.

(h) A towing company may impose a charge of not more than one-half of the regular towing charge for the towing of a vehicle at the request of the owner of private property or that owner's agent pursuant to this section if the owner of the vehicle or the owner's agent returns to the vehicle before it is removed from the private property. The regular towing charge may only be imposed after the vehicle has been removed from the property and is in transit.

(i) A charge for towing or storage, or both, of a vehicle under this section is excessive if the charge is greater than that which would have been charged for towing or storage, or both, made at the request of a law enforcement agency under an agreement between the law enforcement agency and a towing company in the city or county in which is located the private property from which the vehicle was, or was attempted to be, removed.

If a request to release a vehicle is made within 24 hours from the time the vehicle is brought into the storage facility, regardless of the calendar date, the storage charge shall be for only one day. Not more than one day's storage charge may be required for any vehicle released the same day that it is stored.

(j) Any person who charges a vehicle owner a towing, service, or storage charge at an excessive rate, as described in subdivision (i), is liable to the vehicle owner for four times the amount charged.

(k) Persons operating or in charge of any storage facility where vehicles are stored pursuant to this section shall accept a valid bank credit card or cash for payment of towing and storage by a registered

owner or the owner's agent claiming the vehicle. A person operating or in charge of any storage facility who refuses to accept a valid bank credit card is liable to the registered owner of the vehicle for four times the amount of the towing and storage charges, but not to exceed five hundred dollars (\$500). In addition, persons operating or in charge of the storage facility shall have sufficient moneys on the premises to accommodate, and make change in, a reasonable monetary transaction.

Credit charges for towing and storage services shall comply with Section 1748.1 of the Civil Code. Law enforcement agencies may include the costs of providing for payment by credit when making agreements with towing companies as described in subdivision (i).

(1) (1) A towing company shall not remove or commence the removal of a vehicle from private property without first obtaining written authorization from the property owner or lessee, or an employee or agent thereof, who shall be present at the time of removal. General authorization to remove or commence removal of a vehicle at the towing company's discretion shall not be delegated to a towing company or its affiliates except in the case of a vehicle unlawfully parked within 15 feet of a fire hydrant or in a fire lane, or in a manner which interferes with any entrance to, or exit from, the private property.

(2) If a towing company removes a vehicle without written authorization and that vehicle is unlawfully parked within 15 feet of a fire hydrant or in a fire lane, or in a manner which interferes with any entrance to, or exit from, the private property, the towing company shall take, prior to the removal of that vehicle, a photograph of the vehicle which clearly indicates that parking violation. The towing company shall keep one copy of the photograph taken pursuant to this paragraph, and shall present that photograph to the owner or an agent of the owner, when that person claims the vehicle.

(3) Any towing company, or any affiliate of a towing company, which removes, or commences removal of, a vehicle from private property without first obtaining written authorization from the property owner or lessee, or an employee or agent thereof, who is present at the time of removal or commencement of the removal, except as permitted by paragraph (1), is liable to the owner of the vehicle for four times the amount of the towing and storage charges, in addition to any applicable criminal penalty, for a violation of paragraph (1).

SEC. 64. Section 22850.3 of the Vehicle Code is amended to read:

22850.3. (a) A vehicle placed in storage pursuant to Section 22850 shall be released to the owner or person in control of the vehicle only if the owner or person furnishes, to the law enforcement agency or employee who placed the vehicle in storage, satisfactory proof of current vehicle registration. The agency which caused the vehicle to be stored may, in its discretion, issue a notice to appear for the registration violation, if the two days immediately following the

day of impoundment are weekend days or holidays.

(b) At every storage facility there shall be posted in a conspicuous place a notice to the effect that a vehicle placed in storage pursuant to Section 22850 may be released only on proof of current registration or, at the discretion of the impounding agency, upon the issuance of a notice to appear for the registration violation by the local agency which caused the vehicle to be stored, specifying the name and telephone number of that local agency.

SEC. 65. Section 24007.1 is added to the Vehicle Code, to read:

24007.1. (a) The manufacturer of equipment used in the assembly of an authorized emergency vehicle, as defined in Section 165, used by a local public fire service agency shall, upon request of the fire department, reimburse the agency for the cost of repairs to the vehicle if (1) the repair was made to correct a manufacturer's defect, and (2) the vehicle is placed on a safety-related recall to correct that defect.

(b) A final stage equipment manufacturer is deemed to be an original equipment manufacturer in the event of a warranty dispute with a local public fire service agency regarding the failure of component parts used in the assembly of the agency's authorized emergency vehicle. As used in this section, "final stage equipment manufacturer" means the manufacturer who assembles the authorized emergency vehicle from one or more components supplied by other manufacturers.

(c) The Legislature finds and declares that local public fire service agencies of this state are entitled to safe and efficient use of their equipment, and that defects in emergency equipment, especially emergency vehicles, endanger the firefighters of California and the public they serve. It is the intent of the Legislature to ensure that these defects are repaired as expeditiously as possible and with no expense to the local public fire service agencies.

SEC. 66. Section 25950 of the Vehicle Code is amended to read:

25950. This section applies to the color of lamps and to any reflector exhibiting or reflecting perceptible light of 0.05 candela or more per foot-candle of incident illumination. Unless provided otherwise, the color of lamps and reflectors upon a vehicle shall be as follows:

(a) The emitted light from all lamps and the reflected light from all reflectors, visible from in front of a vehicle, shall be white or yellow, except as follows:

(1) Rear side marker lamps required by Section 25100 may show red to the front.

(2) The color of foglamps described in Section 24403 may be in the color spectrum from white to yellow.

(b) The emitted light from all lamps and the reflected light from all reflectors, visible from the rear of a vehicle, shall be red except as follows:

- (5) The rearward facing portion of any front-mounted double-faced turn signal lamp may show amber to the rear while the headlamps or parking lamps are lighted, if the intensity of the light emitted is not greater than the parking lamps and the turn signal function is not impaired.

(c) All lamps and reflectors visible from the front, sides, or rear of a vehicle, except headlamps, may have any unlighted color, provided the emitted light from all lamps or reflected light from all reflectors complies with the required color. Except for backup lamps, the entire effective projected luminous area of lamps visible from the rear or mounted on the sides near the rear of a vehicle shall be covered by an inner lens of the required color when the unlighted color differs from the required emitted light color. Taillamps, stoplamps, and turn signal lamps that are visible to the rear may be white when unlighted on vehicles manufactured before January 1, 1974.

SEC. 67. Section 34505.9 of the Vehicle Code is amended to read:

34505.9. (a) As used in this section, the following terms have the following meanings:

(1) An "intermodal chassis" is a trailer designed for carrying intermodal freight containers.

(2) An "ocean marine terminal" is a terminal, as defined in Section 34515, located at a port facility that engages in the loading and unloading of the cargo of ocean-going vessels.

(b) An ocean marine terminal that receives and dispatches intermodal chassis may conduct the intermodal roadability inspection program, as described in this section, in lieu of the inspection required by Section 34505.5, if the terminal meets all of the following conditions:

(1) More than 1,000 chassis are based at the ocean marine terminal.

(2) The ocean marine terminal has, following the two most recent consecutive inspections required by Section 34501.12, received satisfactory compliance ratings.

(3) Each intermodal chassis exiting the ocean marine terminal shall have a current decal and supporting documentation in accordance with Section 396.17 of Title 49 of the Code of Federal Regulations.

(4) The ocean marine terminal's intermodal roadability inspection program consists of all of the following:

(A) Each time an intermodal chassis is released from the ocean marine terminal, the chassis shall be inspected. The inspection shall include, but not be limited to, brake adjustment, brake system components and leaks, suspension systems, tires and wheels, vehicle connecting devices, and lights and electrical system.

(B) Each inspection shall be recorded on a daily roadability inspection report, which shall include, but not be limited to, all of the following:

(i) Positive identification of the intermodal chassis, including company identification number.

(ii) Date and nature of each inspection.

(iii) Signature of the ocean marine terminal operator or an authorized representative.

(C) Records of each inspection conducted pursuant to subparagraph (A) shall be retained for 90 days at the ocean marine terminal at which each chassis is based and shall be made available upon request by any authorized employee of the department.

(D) Defects noted on any intermodal chassis shall be repaired, and the repairs shall be recorded on the intermodal chassis maintenance file, before the intermodal chassis is released from the control of the ocean marine terminal. No vehicle subject to this section shall be operated on the highway other than to a place of repair until all defects listed during the inspection conducted pursuant to subparagraph (A) have been corrected and attested to by the signature of the operator's authorized representative.

(E) Records of maintenance or repairs performed pursuant to the inspection in subparagraph (A) shall be maintained at the ocean marine terminal for two years and shall be made available upon request of the department. Repair records may be retained in a computer system if printouts of those records are provided to the department upon request.

(F) Individuals performing ocean marine terminal roadability inspections pursuant to this section shall, at a minimum, be qualified as set forth in Section 396.19 of Title 49 of the Code of Federal Regulations. Evidence of each inspector's qualification shall be retained by the ocean marine terminal operator for the period during which the inspector is performing intermodal roadability inspections.

(c) Following a terminal inspection in which the department determines an operator of an ocean marine terminal utilizing the intermodal roadability inspection program has failed to comply with the requirements of this section, the department shall conduct a reinspection within 120 days as specified in subdivision (h) of Section 34501.12. If the terminal fails the reinspection, the department shall direct the operator to comply with the requirements of Section 34505.5 until eligibility to utilize the inspection program described in this section is reestablished pursuant to subdivision (b). If any inspection results in an unsatisfactory rating due to conditions presenting an imminent danger to the public safety, as described in Section 34505.6 or 34506.7, the department immediately shall direct the operator to comply with the requirements of Section 34505.5 until eligibility to utilize the inspection program described in this section is reestablished pursuant to subdivision (b).

(d) This section shall remain in effect only until January 1, 1998,

and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 68. Section 35002 of the Vehicle Code is amended to read:

35002. (a) (1) This division does not apply to any authorized emergency vehicle owned or operated by a governmental agency while being used in responding to and returning from emergency fire calls, while being moved from place to place in anticipation of emergency fire calls, when used during training in any fire service application or during fire prevention activities, or when vehicles ordinarily used for those purposes are necessarily transported for vehicle maintenance, repair, or service. This subdivision only applies to vehicles purchased prior to January 1, 1994. Vehicles purchased on January 1, 1992, to and including December 31, 1993, shall meet the applicable requirements of Standards 1901 to 1904, inclusive, of the National Fire Protection Association, as those standards were in effect on December 31, 1991.

(2) All vehicles described in paragraph (1) first purchased on or after January 1, 1994, shall comply with the applicable permit requirements adopted by the Department of Transportation.

(3) For purposes of this section, "purchased" means the date that the operating agency enters into a contract to purchase the vehicle.

(b) All vehicles described in subdivision (a) purchased on or after January 1, 1994, shall meet the following requirements:

(1) It shall be the responsibility of the manufacturer to provide a gross axle weight rating (GAWR), gross combined weight rating (GCWR), and gross vehicle weight rating (GVWR), adequate to carry a full water tank with the allowance for personnel and miscellaneous equipment, including hose load, shown in the table below:

	Personnel	Misc. Equipment
Pumpers	1,200 lbs.	2,000 lbs.
Light attack apparatus	600 lbs.	900 lbs.
Water towers	1,200 lbs.	1,500 lbs.
Aerial platforms with ground ladders	1,200 lbs.	2,500 lbs.
Aerial ladders with ground ladders	1,200 lbs.	2,500 lbs.

Fire apparatus shall be weighed and certified by the manufacturer to determine compliance with the table above prior to acceptance by the purchaser. Apparatus and chassis manufacturers shall furnish certification of the gross vehicle weight rating (GVWR), gross combined weight rating (GCWR), and gross axle weight rating (GAWR) on a nameplate affixed to the apparatus.

(2) Any fire apparatus exceeding 31,000 pounds gross vehicle weight rating (GVWR) shall be equipped with a retarder.

(3) For purposes of this section, a "fire apparatus" is any vehicle

or combination of vehicles designed, maintained, and used exclusively for the suppression of fires or for fire prevention activities, including the training of firefighters. A tank vehicle owned by a regularly organized fire suppression agency and used to transport water or other fire suppression materials is a fire apparatus. A vehicle or combination of vehicles which is not designed primarily for fire suppression, including, but not limited to, a hazardous materials response vehicle, dedicated rescue vehicle, command post communications vehicle, passenger vehicle, bus, mobile kitchen, mobile sanitation facility, and heavy equipment transport vehicle, are not a fire apparatus for purposes of this section.

(c) A vehicle owned, operated, or rented by any public agency which is being used in responding to or returning from an emergency, may be operated as required, if a reasonable effort is first made by the agency to obtain verbal permission from an authorized officer or employee of the agency having jurisdiction of the highways used, and, upon termination of the emergency, when the vehicle is returning from the site of the emergency, the public agency either obtains a permit at the location of the emergency or makes a reasonable effort to obtain verbal permission from an authorized officer or employee of the agency having jurisdiction of the highways used, and obtains a written permit for that use pursuant to Section 35780 not later than three days after the date of the emergency. As used in this subdivision, "emergency" means a condition which poses an imminent threat of loss of property or a hazard to life, as determined by the public agency charged with responsibility to respond thereto.

(d) Any governmental agency operating an authorized emergency vehicle or other vehicle subject to this section is liable to the governmental agency having jurisdiction of any state or county highway for any damage to the highway or any highway structure caused by the operation of the vehicle of a size or weight of vehicle or load exceeding that specified in this division. The cost of repair of the damage is a proper charge against the support fund of the governmental agency operating the oversize or overweight vehicle.

(e) Neither the state nor any agency thereof is liable for damage to any highway or highway structure caused by vehicles operated, pursuant to this section, by or on behalf of a local authority or any other local governmental entity.

SEC. 69. Section 40517 of the Vehicle Code is repealed.

SEC. 70. The Department of Transportation may conduct a study to determine the policy and fiscal consequences of deleting paragraph (2) of subdivision (a) of Section 27700 of the Vehicle Code upon receiving donations from nonstate sources to cover the costs of the study. No state funds may be expended to conduct this study.

SEC. 71. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 72. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to put into effect as quickly as possible certain statutory changes that the Legislature intended to enact during earlier stages of the 1993-94 Regular Session, and to make other changes that need to become effective for the orderly administration of transportation and vehicle laws as quickly as possible, it is necessary that this act take effect immediately.

(b) An application for a transfer of registration of a commercial motor vehicle specified in Section 34500 shall include a declaration, made by the owner to the department upon the appropriate form furnished by it, that the owner is aware of the applicable motor carrier safety regulations adopted by the Department of the California Highway Patrol pursuant to Section 34501. SEC. 8. Section 13106 is added to the Vehicle Code, to read:

13106. (a) When the privilege of a person to operate a motor vehicle is suspended or revoked, the department shall notify the person by certified mail, return receipt requested, of the action taken and of the effective date thereof, except for those persons personally given notice by the department or a court, by a peace officer pursuant to Section 23137 or 23158.5, or otherwise pursuant to this code. It shall be conclusively presumed that a person has knowledge of the suspension or revocation if notice has been sent by certified mail by the department pursuant to this section to the most recent address reported by the person to the department pursuant to Section 14600, and the return receipt has been signed and returned to the department. It is the responsibility of every license holder to report changes of address to the department pursuant to Section 14600.

(b) (1) In the event the certified mail is not delivered, the department shall attempt to provide personal service by using a process server for service of any person whose driving privilege was suspended or revoked for a conviction of a violation of Section 23103, 23104, 23152, or 23153, or for any reason listed in subdivision (a) or

13351.5. (a) Upon receipt of a duly certified abstract of the record of any court showing that a person has been convicted of a violation of Section 245 of the Penal Code, and a vehicle was found by the court to constitute the deadly weapon or instrument used to commit that offense, the department immediately shall revoke the privilege of that person to drive a motor vehicle.

(b) The department shall not reinstate a privilege revoked under subdivision (a) under any circumstances.

SEC. 10. Section 13353.7 of the Vehicle Code is amended to read:

13353.7. (a) Subject to subdivision (c) and except as provided in Section 13353.6 for persons who have commercial driver's licenses, if the person whose driving privilege has been suspended under Section 13353.2 has not been convicted of, or found to have committed, a separate violation of Section 23103, as specified in Section 23103.5, Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion within seven years of the occasion in question and, if the person subsequently enrolls in a program described in Section 11837.3 of the Health and Safety Code, pursuant to subdivision (b) of Section 23161, that person, if 21 years of age or older at the time the offense occurred, may apply to the department for a restricted driver's license limited to travel to and from the activities required by the program or to and from and in the course of the person's employment, or both. Notwithstanding any other provision of law, if the person's restricted driver's license permits travel to and from and in the course of his or her employment, the person's privilege to operate a motor vehicle shall be suspended, subject to the restriction, for six months. After receiving proof of enrollment in the program, and if the person has not been arrested subsequent to the offense for which the person's driving privilege has been suspended under Section 13353.2 for a violation of Section 23103, as specified in Section 23103.5, Section 23140, 23152, or 23153 of this code, or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, and if the person's privilege to operate a motor vehicle has not been suspended or revoked pursuant to Section 13353 or 13353.2 for an offense which occurred on a separate occasion, notwithstanding Section 13551, the department shall, after review pursuant to Section 13557, suspend

the person's privilege to operate a motor vehicle for 30 days and then issue the person a restricted driver's license under the following conditions:

(1) The program shall report any failure to participate in the program to the department and shall certify successful completion of the program to the department.

(2) The person was 21 years of age or older at the time the offense occurred and gives proof of financial responsibility as defined in Section 16430.

(3) The restricted driver's license authorizes the operation of a motor vehicle only to and from the activities required under the program.

(4) If any person who has been issued a restricted license under this section fails at any time to participate in the program, the department shall suspend the restricted license immediately. The department shall give notice of the suspension under this paragraph in the same manner as prescribed in subdivision (b) of Section 13353.2 for the period specified in Section 13353.3, which is effective upon receipt by the person.

(5) On or after 60 days after the effective date of the restricted license, and upon notification of successful completion of the program, the department may issue an unrestricted driver's license to the person.

(b) If the court of jurisdiction in a criminal action arising out of the same offense orders the department to suspend or revoke the person's privilege to operate a motor vehicle or does not grant probation after conviction of that offense, notwithstanding subdivision (a), the department shall suspend or revoke the person's privilege pursuant to the order of the court or Section 13352.

(c) If the holder of a commercial driver's license was operating a commercial vehicle, as defined in Section 15210, at the time of the violation which resulted in the suspension of that person's driving privilege under Section 13353.2, the department shall, pursuant to this section, if the person is otherwise eligible, issue the person a class C driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (a), except that the license shall not allow travel to and from or in the course of the person's employment.

(d) This section does not apply to a person whose driving privilege has been suspended or revoked pursuant to the order of the court or Section 13353 or 13353.2 for an offense which occurred on a separate occasion, or as a result of a conviction of a separate violation of Section 23103, as specified in Section 23103.5, or Section 23140, 23152, or 23153, which violation occurred within seven years of the offense in question. (d) Any person convicted of a violation of this section shall be punished as follows:

(1) Upon a first conviction, by imprisonment in the county jail for not more than six months or by a fine of not less than three hundred dollars (\$300) or more than one thousand dollars (\$1,000), or by both that fine and imprisonment.

(e) In imposing the minimum fine required by subdivision (d), the court shall take into consideration the defendant's ability to pay the fine and may, in the interest of justice, and for reasons stated in the record, reduce the amount of that minimum fine to less than the amount otherwise imposed.

(f) Nothing in this section prohibits a person who is participating in, or has completed, an alcohol or drug rehabilitation program from driving a motor vehicle, that is owned or utilized by the person's employer, during the course of employment on private property that is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (c) of Section 12500.

SEC. 12. Section 14601.5 of the Vehicle Code is amended to read:
14601.5. (a) No person shall drive a motor vehicle at any time when that person's driving privilege is suspended or revoked pursuant to Section 13353, 13353.1, or 13353.2 and that person has knowledge of the suspension or revocation.

(b) Except in full compliance with the restriction, no person shall drive a motor vehicle at any time when that person's driving privilege is restricted pursuant to Section 13353.6, 13353.7, or 13353.8 and that person has knowledge of the restriction.

(c) Knowledge of suspension, revocation, or restriction of the driving privilege shall be conclusively presumed if notice has been given by the department to the person pursuant to Section 13106.

The presumption established by this subdivision is a presumption affecting the burden of proof.

(d) Any person convicted of a violation of this section shall be punished as follows:

(1) Upon a first conviction, by imprisonment in the county jail for not more than six months or by a fine of not less than three hundred dollars (\$300) or more than one thousand dollars (\$1,000), or by both that fine and imprisonment.

(2) If the offense occurred within five years of a prior offense which resulted in a conviction for a violation of this section or Section 14601, 14601.1, 14601.2, or 14601.3, by imprisonment in the county jail for not less than 10 days or more than one year, and by a fine of not less than five hundred dollars (\$500) or more than two thousand dollars (\$2,000).

(e) In imposing the minimum fine required by subdivision (d), the court shall take into consideration the defendant's ability to pay the fine and may, in the interest of justice, and for reasons stated in the record, reduce the amount of that minimum fine to less than the amount otherwise imposed.

(f) Nothing in this section prohibits a person who is participating in, or has completed, an alcohol or drug rehabilitation program from driving a motor vehicle, that is owned or utilized by the person's employer, during the course of employment on private property that is owned or utilized by the employer, except an offstreet parking facility as defined in subdivision (d) of Section 12500.

SEC. 13. Section 14602.6 is added to the Vehicle Code, to read:

14602.6. (a) Whenever a peace officer determines that a person was driving a vehicle while his or her driving privilege was suspended or revoked or without ever having been issued a license, the peace officer may immediately arrest that person and cause the removal and seizure of that vehicle in accordance with Chapter 10 (commencing with Section 22650) of Division 11. A vehicle so impounded shall be impounded for 30 days.

(b) The registered and legal owner of a vehicle that is removed and seized under subdivision (a) or their agents shall be provided the opportunity for a storage hearing to determine the validity of the storage in accordance with Section 22852.

(c) Any period in which a vehicle is subjected to storage under this section shall be included as part of the period of impoundment ordered by the court under subdivision (a) of Section 14602.5.

SEC. 14. Section 14604 is added to the Vehicle Code, to read:

14604. (a) No owner of a motor vehicle may knowingly allow another person to drive the vehicle upon a highway unless the owner determines that the person possesses a valid driver's license that authorizes the person to operate the vehicle. For the purposes of this section, an owner is required only to make a reasonable effort or inquiry to determine whether the prospective driver possesses a valid driver's license before allowing him or her to operate the owner's vehicle. An owner is not required to inquire of the

department whether the prospective driver possesses a valid driver's license.

(b) (1) A rental company is deemed to be in compliance with subdivision (a) if the company rents the vehicle in accordance with Sections 14608 and 14609 and if the driver of the rental vehicle is an authorized driver.

(2) As used in this subdivision, "rental company" and "authorized driver" have the same meaning as those terms are defined in paragraphs (1) and (3), respectively, of subdivision (a) of Section 1936 of the Civil Code.

SEC. 15. Section 14906 of the Vehicle Code is amended to read:

14906. (a) In addition to the fees required by Section 14904, the department may require payment of a fee sufficient to pay the actual costs, as determined by the department, for giving any notices in connection with suspensions or revocations in accordance with Sections 22, 29, and 13106.

(b) This section does not apply to any suspension or revocation that is set aside by the department or a court.

22651. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located, may remove a vehicle located within the territorial limits in which the officer or employee may act, under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway or any public lands and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway or any public lands are, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(i) (1) When any vehicle, other than a rented vehicle, is found upon a highway or any public lands, or is removed pursuant to this code, and it is known to have been issued five or more notices of parking violation, to which the owner or person in control of the vehicle has not responded within 21 days of citation issuance or 10 days of a notice of delinquent parking violation to the agency responsible for processing notices of parking violation or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency all of the following:

(A) Evidence of his or her identity.

(B) An address within this state at which he or she can be located.

(C) Satisfactory evidence that all parking penalties due for the vehicle and any other vehicle registered to the registered owner of the impounded vehicle, and all traffic violations of the registered owner, have been cleared.

(2) The requirements in subparagraph (C) of paragraph (1) shall be fully enforced by the impounding law enforcement agency on and after the time that the Department of Motor Vehicles is able to provide access to the necessary records.

(3) A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of furnishing satisfactory evidence that the full amount of parking penalties or bail has been deposited, that person may demand to be taken without unnecessary delay before a magistrate, for traffic offenses, or a hearing examiner, for parking offenses, within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded, or, at the discretion of the impounding law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(4) A vehicle shall be released to the legal owner, as defined in

Section 370, if the legal owner does all of the following:

(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5.

(5) The impounding agency that has a lien on the surplus that remains upon the sale of a vehicle to which a registered owner is entitled pursuant to paragraph (4) has a deficiency claim against the registered owner for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5, less the amount received from the sale of the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(l) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least

24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) (1) When any vehicle is found upon a highway, any public lands, or an offstreet parking facility with a registration expiration date in excess of one year before the date it is found on the highway, public lands, or the offstreet parking facility. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration and a currently valid driver's license to operate the vehicle.

(2) As used in this subdivision, "offstreet parking facility" means any offstreet facility held open for use by the public for parking vehicles and includes any publicly owned facilities for offstreet parking, and privately owned facilities for offstreet parking where no fee is charged for the privilege to park and which are held open for the common public use of retail customers.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, 14601.2, 14601.3, 14601.4, 14601.5, or 14604 and the vehicle has not been impounded pursuant to Section 22655.5. Any vehicle so removed from the highway or any public lands shall not be released to the registered owner or his or her agent, except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

(r) When any vehicle is illegally parked and blocks the movement of a legally parked vehicle.

(s) (1) When any vehicle, except highway maintenance or construction equipment, an authorized emergency vehicle, or a vehicle which is properly permitted or otherwise authorized by the Department of Transportation, is stopped, parked, or left standing for more than eight hours within a roadside rest area or viewpoint.

(2) For purposes of this subdivision, a roadside rest area or viewpoint is a publicly maintained vehicle parking area, adjacent to

a highway, utilized for the convenient, safe stopping of a vehicle to enable motorists to rest or to view the scenery. If two or more roadside rest areas are located on opposite sides of the highway, or upon the center divider, within seven miles of each other, then that combination of rest areas is considered to be the same rest area.

SEC. 17. Section 22651 of the Vehicle Code is amended to read: 22651. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located, may remove a vehicle located within the territorial limits in which the officer or employee may act, under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway or any public lands and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway or any public lands are, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) (1) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(2) When an officer serves a notice of an order of suspension or revocation of a driver's license pursuant to Section 23137.

(i) (1) When any vehicle, other than a rented vehicle, is found upon a highway or any public lands, or is removed pursuant to this code, and it is known to have been issued five or more notices of

parking violation, to which the owner or person in control of the vehicle has not responded within 21 days of citation issuance or 10 days of a notice of delinquent parking violation to the agency responsible for processing notices of parking violation or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which no certificate has been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency all of the following:

(A) Evidence of his or her identity.

(B) An address within this state at which he or she can be located.

(C) Satisfactory evidence that all parking penalties due for the vehicle and any other vehicle registered to the registered owner of the impounded vehicle, and all traffic violations of the registered owner, have been cleared.

Evidence of current registration shall be produced after a vehicle has been impounded, or, at the discretion of the impounding law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(4) A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:

(A) Pays the cost of towing and storing the vehicle.

(B) Submits evidence of payment of fees as provided in Section 9561.

(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered

owner is or may be entitled, as security for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt thereof, full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5.

(5) The impounding agency that has a lien on the surplus that remains upon the sale of a vehicle to which a registered owner is entitled pursuant to paragraph (4) has a deficiency claim against the registered owner for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for any local administrative charges imposed pursuant to Section 22850.5, less the amount received from the sale of the vehicle.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5

(commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration and a currently valid driver's license to operate the vehicle.

(2) As used in this subdivision, "offstreet parking facility" means any offstreet facility held open for use by the public for parking vehicles and includes any publicly owned facilities for offstreet parking, and privately owned facilities for offstreet parking where no fee is charged for the privilege to park and which are held open for the common public use of retail customers.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, 14601.2, 14601.3, 14601.4, 14601.5, or 14604 and the vehicle has not been impounded pursuant to Section 22655.5. Any vehicle so removed from the highway or any public lands, or from private property after having been on a highway or public lands, shall not be released to the registered owner or his or her agent, except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of a court.

(q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

(r) When any vehicle is illegally parked and blocks the movement of a legally parked vehicle.

(s) (1) When any vehicle, except highway maintenance or construction equipment, an authorized emergency vehicle, or a vehicle which is properly permitted or otherwise authorized by the Department of Transportation, is stopped, parked, or left standing for more than eight hours within a roadside rest area or viewpoint.

(2) For purposes of this subdivision, a roadside rest area or viewpoint is a publicly maintained vehicle parking area, adjacent to a highway, utilized for the convenient, safe stopping of a vehicle to enable motorists to rest or to view the scenery. If two or more roadside rest areas are located on opposite sides of the highway, or upon the center divider, within seven miles of each other, then that combination of rest areas is considered to be the same rest area.

CHAPTER 1222

An act to amend Section 51142 of the Government Code, and to amend Sections 61, 63.1, 69.3, 69.5, 75.21, 75.5, 170, 273.5, 276, 480, 5802, and 38204 of, to add Section 2188.11 to, and to repeal Sections 32 and 107.4 of, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 30, 1994. Filed with
Secretary of State September 30, 1994.]

The people of the State of California do enact as follows:

SECTION 1. Section 51142 of the Government Code is amended to read:

51142. (a) Upon immediate rezoning of a parcel in a timberland production zone, a tax recoupment fee shall be imposed on the owner of the land. Within 90 days following rezoning of land in the timberland production zone the county assessor shall reassess the rezoned parcels on the basis of the value of the property in its rezoned use. The assessor shall certify this value to the owner of the land and to the county auditor. The owner may appeal this new valuation in the same manner as an assessment appeal. Except when under such an appeal, after the certification the auditor shall, in cases of immediate rezoning, within 10 days compute the tax recoupment

fee and certify the amount to the tax collector. The tax collector shall notify the owner in writing of the amount and due date of the fee. Fees shall be due 60 days after receipt of notification.

(b) The tax recoupment fee shall apply only in cases of immediate rezoning and shall be a multiple of the difference between the amount of the tax last levied against the property when zoned as timberland production and the amount equal to the assessed valuation of the rezoned property times the tax rate of the current levy for the tax rate area, that multiple to be chosen from the following table according to subdivision (c):

Year	Multiple
1.....	1.06000
2.....	2.18360
3.....	3.37462
4.....	4.63709
5.....	5.97332
6.....	7.39384
7.....	8.89747
8.....	10.49132
9.....	12.18080
10.....	13.97164

(c) The multiple shall correspond to the number of years or fraction thereof, but in no event greater than 10, for which the land was zoned as timberland production or was subject to a contract under chapter 7 (commencing with Section 51200).

(d) Tax recoupment fees imposed pursuant to this section shall be due and payable to the county in which the rezoning has taken place.

(e) In cases of immediate rezoning, an owner may submit a written application, requesting the waiver of tax recoupment fees and explaining the reasons therefor, to either the State Board of Equalization or, where the county board of supervisors has adopted an authorizing resolution, to the county board of supervisors. The board receiving an application pursuant to this subdivision may, if it determines that it is in the public interest, waive all or any portion of the fees.

SEC. 2. Section 32 of the Revenue and Taxation Code is repealed.

SEC. 3. Section 61 of the Revenue and Taxation Code is amended to read:

61. Except as otherwise provided in Section 62, change in ownership, as defined in Section 60, includes, but is not limited to:

(a) The creation, renewal, sublease, assignment, or other transfer of the right to produce or extract oil, gas, or other minerals regardless of the period during which the right may be exercised. The balance of the property, other than the mineral rights, shall not be reappraised pursuant to this section.

(b) The creation, renewal, extension, sublease, or assignment of a taxable possessory interest in tax exempt real property for any term.

For purposes of this subdivision, “renewal” and “extension” do not include the granting of an option to renew or extend an existing agreement pursuant to which the term of possession of the existing agreement would, upon exercise of the option, be lengthened, whether the option is granted in the original agreement or subsequent thereto.

(c) (1) The creation of a leasehold interest in taxable real property for a term of 35 years or more (including renewal options), the termination of a leasehold interest in taxable real property which had an original term of 35 years or more (including renewal options), and any transfer of a leasehold interest having a remaining term of 35 years or more (including renewal options); or (2) any transfer of a lessor’s interest in taxable real property subject to a lease with a remaining term (including renewal options) of less than 35 years.

Only that portion of a property subject to that lease or transfer shall be considered to have undergone a change in ownership.

For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners’ exemption, other than manufactured homes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), that are on leased land have a renewal option of at least 35 years on the lease of that land, whether or not in fact that renewal option exists in any contract or agreement.

(d) The creation, transfer, or termination of any joint tenancy interest, except as provided in subdivision (f) of Section 62, and in Section 63 and Section 65.

(e) The creation, transfer, or termination of any tenancy-in-common interest, except as provided in subdivision (a) of Section 62 and in Section 63.

(f) Any vesting of the right to possession or enjoyment of a remainder or reversionary interest which occurs upon the termination of a life estate or other similar precedent property interest, except as provided in subdivision (d) of Section 62 and in Section 63.

(g) Any interests in real property which vest in persons other than the trustor (or, pursuant to Section 63, his or her spouse) when a revocable trust becomes irrevocable.

(h) The transfer of stock of a cooperative housing corporation, vested with legal title to real property that conveys to the transferee the exclusive right to occupancy and possession of that property, or a portion thereof. A “cooperative housing corporation” is a real estate development in which membership in the corporation, by stock ownership, is coupled with the exclusive right to possess a portion of the real property.

(i) The transfer of any interest in real property between a corporation, partnership, or other legal entity and a shareholder, partner, or any other person.

SEC. 4. Section 63.1 of the Revenue and Taxation Code is

amended to read:

63.1. (a) Notwithstanding any other provision of this chapter, a change in ownership shall not include either of the following purchases or transfers for which a claim is filed pursuant to this section:

(1) The purchase or transfer of real property which is the principal residence of an eligible transferor in the case of a purchase or transfer between parents and their children.

(2) The purchase or transfer of the first one million dollars (\$1,000,000) of full cash value of all other real property of an eligible transferor in the case of a purchase or transfer between parents and their children.

(b) (1) For purposes of paragraph (1) of subdivision (a), "principal residence" means a dwelling for which a homeowner's exemption or a disabled veteran's residence exemption has been granted in the name of the eligible transferor. "Principal residence" includes only that portion of the land underlying the principal residence that consists of an area of reasonable size that is used as a site for the residence.

(2) For purposes of paragraph (2) of subdivision (a), the one million dollar (\$1,000,000) exclusion shall apply separately to each eligible transferor with respect to all purchases by and transfers to eligible transferees on and after November 6, 1986, of real property, other than the principal residence, of that eligible transferor. The exclusion shall not apply to any property in which the eligible transferor's interest was received through a transfer, or transfers, excluded from change in ownership by the provisions of either subdivision (f) of Section 62 or subdivision (b) of Section 65, unless the transferor qualifies as an original transferor under subdivision (b) of Section 65. In the case of any purchase or transfer subject to this paragraph involving two or more eligible transferors, the transferors may elect to combine their separate one million dollar (\$1,000,000) exclusions and, upon making that election, the combined amount of their separate exclusions shall apply to any property jointly sold or transferred by the electing transferors, provided that in no case shall the amount of full cash value of real property of any one eligible transferor excluded under this election exceed the amount of the transferor's separate unused exclusion on the date of the joint sale or transfer.

(c) As used in this section:

(1) "Purchase or transfer between parents and their children" means either a transfer from a parent or parents to a child or children of the parent or parents or a transfer from a child or children to a parent or parents of the child or children. For purposes of this section, the date of any transfer between parents and their children under a will or intestate succession shall be the date of the decedent's death, if the decedent died on or after November 6, 1986.

(2) "Children" means any of the following:

(A) Any child born of the parent or parents, except a child, as

defined in subparagraph (D), who has been adopted by another person or persons.

(B) Any stepchild of the parent or parents and the spouse of that stepchild while the relationship of stepparent and stepchild exists. For purposes of this paragraph, the relationship of stepparent and stepchild shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce, or, if the relationship is terminated by death, until the remarriage of the surviving stepparent.

(C) Any son-in-law or daughter-in-law of the parent or parents. For the purposes of this paragraph, the relationship of parent and son-in-law or daughter-in-law shall be deemed to exist until the marriage on which the relationship is based is terminated by divorce or, if the relationship is terminated by death, until the remarriage of the surviving son-in-law or daughter-in-law.

(D) Any child adopted by the parent or parents pursuant to statute, other than an individual adopted after reaching the age of 18 years.

(3) "Full cash value" means full cash value, as defined in Section 2 of Article XIII A of the California Constitution and Section 110.1, with any adjustments authorized by those sections, and the full value of any new construction in progress, determined as of the date immediately prior to the date of a purchase by or transfer to an eligible transferee of real property subject to this section.

(4) "Eligible transferor" means a parent or child of an eligible transferee.

(5) "Eligible transferee" means a parent or child of an eligible transferor.

(6) "Real property" means real property as defined in Section 104. Real property does not include any interest in a legal entity.

(7) "Transfer" includes, and is not limited to, any transfer of the present beneficial ownership of property from an eligible transferor to an eligible transferee through the medium of an inter vivos or testamentary trust.

(8) "Social security number" also includes a taxpayer identification number issued by the Internal Revenue Service in the case in which the taxpayer is a foreign national who cannot obtain a social security number.

(d) (1) The exclusions provided for in subdivision (a) shall not be allowed unless the eligible transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate files a claim with the assessor for the exclusion sought and furnishes to the assessor each of the following:

(A) A written certification by the transferee, the transferee's legal representative, or the executor or administrator of the transferee's estate made under penalty of perjury that the transferee is a parent or child of the transferor.

(B) A copy of a written certification by the transferor, the transferor's legal representative, or the executor or administrator of

the transferor's estate made under penalty of perjury that the transferor is a parent or child of the transferee. The written certification shall also include either or both of the following:

(i) If the purchase or transfer of real property includes the purchase or transfer of residential real property, a certification that the residential real property is or is not the transferor's principal residence.

(ii) If the purchase or transfer of real property includes the purchase or transfer of real property other than the transferor's principal residence, a certification that other real property of the transferor that is subject to this section has or has not been previously sold or transferred to an eligible transferee, the total amount of full cash value, as defined in subdivision (c), of any real property subject to this section that has been previously sold or transferred by that transferor to eligible transferees, the location of that real property, the Social Security number of each eligible transferor, and the names of the eligible transferees of that property.

(2) If the full cash value of the real property purchased by or transferred to the transferee exceeds the permissible exclusion of the transferor or the combined permissible exclusion of the transferors, in the case of a purchase or transfer from two or more joint transferors, taking into account any previous purchases by or transfers to an eligible transferee from the same transferor or transferors, the transferee shall specify in his or her claim the amount and the allocation of the exclusion he or she is seeking. Within any appraisal unit, as determined in accordance with subdivision (e) of Section 51 by the assessor of the county in which the real property is located, the exclusion shall be applied only on a pro rata basis, however, and shall not be applied to a selected portion or portions of the appraisal unit.

(e) The State Board of Equalization shall design the form for claiming eligibility. Any claim under this section shall be filed:

(1) For transfers of real property between parents and their children occurring prior to September 30, 1990, within three years after the date of the purchase or transfer of real property for which the claim is filed.

(2) For transfers of real property between parents and their children occurring on or after September 30, 1990, within three years after the date of the purchase or transfer of real property for which the claim is filed, or prior to transfer of the real property to a third party, whichever is earlier.

(3) Notwithstanding paragraphs (1) and (2), a claim shall be deemed to be timely filed if it is filed within six months after the date of mailing of a notice of supplemental or escape assessment, issued as a result of the purchase or transfer of real property for which the claim is filed.

(4) Unless otherwise expressly provided, the provisions of this subdivision shall apply to any purchase or transfer of real property that occurred on or after November 6, 1986.

(f) The assessor shall report quarterly to the State Board of Equalization all purchases or transfers, other than purchases or transfers involving a principal residence, for which a claim for exclusion is made pursuant to subdivision (d). Each report shall contain the assessor's parcel number for each parcel for which the exclusion is claimed, the amount of each exclusion claimed, the Social Security number of each eligible transferor, and any other information the board shall require in order to monitor the one million dollar (\$1,000,000) limitation in paragraph (2) of subdivision (a).

(g) This section shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree. Nothing in this subdivision shall be construed as conflicting with paragraph (1) of subdivision (c) or the general principle that transfers by reason of death occur at the time of death.

(h) This section shall apply to purchases and transfers of real property completed on or after November 6, 1986, and shall not be effective for any change in ownership, including a change in ownership arising on the date of a decedent's death, that occurred prior to that date.

SEC. 5. Section 69.3 of the Revenue and Taxation Code, as added by Chapter 72 of the Statutes of 1994, is amended to read:

69.3. (a) (1) Notwithstanding any other provision of law, pursuant to the authority of paragraph (3) of subdivision (e) of Section 2 of Article XIII A of the California Constitution, a county board of supervisors, after consultation with affected local agencies located within the boundaries of the county, may adopt an ordinance that authorizes the transfer, subject to the conditions and limitations of this section, of the base year value of real property that is located within another county in this state and has been substantially damaged or destroyed by a disaster to comparable replacement property, including land, of equal or lesser value that is located within the adopting county and has been acquired or newly constructed as a replacement for the damaged or destroyed property within three years after the damage or destruction of the original property.

(2) The base year value of the original property shall be the base year value of the original property as determined in accordance with Section 110.1, with the inflation factor adjustments permitted by subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property was substantially damaged or destroyed. The base year value of the original property shall also include any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the date of the substantial damage to, or destruction of, the original property and up to the date the replacement property is acquired or newly constructed, regardless of whether the claimant continued to own the original property during this entire period. The base year or years used to compute the base year value of the original

property shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(b) For purposes of this section:

(1) "Affected local agency" means any city, special district, school district, or community college district that receives an annual allocation of ad valorem property tax revenues.

(2) "Claimant" means an owner or owners of real property claiming the property tax relief provided by this section.

(3) "Comparable replacement property" means a replacement property that has a full cash value of equal or lesser value as defined in paragraph (6).

(4) "Consultation" means a noticed hearing, that is conducted by a county board of supervisors concerning the adoption of an ordinance described in subdivision (a) and with respect to which all affected local agencies within the boundaries of the county are provided with reasonable notice of the time and the place of the hearing and a reasonable opportunity to appear and participate.

(5) "Disaster" means a major misfortune or calamity in an area subsequently proclaimed by the Governor to be in a state of disaster as a result of the misfortune or calamity.

(6) "Equal or lesser value" means that the amount of the full cash value of the replacement property does not exceed one of the following:

(A) One hundred five percent of the amount of the full cash value of the original property if the replacement property is purchased or newly constructed within the first year following the date of the damage or destruction of the original property.

(B) One hundred ten percent of the amount of the full cash value of the original property if the replacement property is purchased or newly constructed within the second year following the date of the damage or destruction of the original property.

(C) One hundred fifteen percent of the amount of the full cash value of the original property if the replacement property is purchased or newly constructed within the third year following the date of the damage or destruction of the original property.

For the purposes of this paragraph, if the replacement property is, in part, purchased and, in part, newly constructed, the date the "replacement property is purchased or newly constructed" is the date of the purchase or the date of completion of new construction, whichever is later.

(7) "Full cash value of the original property" means its full cash value, as determined in accordance with Section 110, immediately prior to its substantial damage or destruction, as determined by the county assessor of the county in which the property is located.

(8) "Full cash value of the replacement property" means its full cash value, as determined in accordance with Section 110.1 as of the date upon which it was purchased or new construction was completed, that is applicable on and after that date.

(9) "Original property" means a building, structure, or other

shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated, that has been substantially damaged or destroyed by a disaster. For purposes of this paragraph, land constituting a part of original property includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. For purposes of this paragraph, each unit of a multiunit dwelling shall be considered a separate original property.

(10) "Owner or owners" means an individual or individuals, but does not include any firm, partnership, association, corporation, company, other legal entity or organization of any kind.

(11) "Replacement property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of the replacement property includes only that area of reasonable size that is used as the site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. For purposes of this paragraph, each unit of a multiunit dwelling shall be considered a separate replacement property. "Replacement property" does not include any property, including land or improvements, if the claimant owned any portion of that property prior to the date of the disaster that damaged or destroyed the original property.

(12) "Substantially damaged or destroyed" means property that sustains physical damage amounting to more than 50 percent of its full cash value immediately prior to the disaster. Damage includes a diminution in the value of property as a result of restricted access to the property where the restricted access was caused by the disaster and is permanent in nature.

(c) At the time the base year value of the substantially damaged or destroyed property is transferred to the replacement property pursuant to an ordinance adopted under this section, the substantially damaged or destroyed property shall be reassessed at its full cash value. However, the substantially damaged or destroyed property shall retain its base year value notwithstanding that transfer. If the owner or owners of substantially damaged or destroyed property receive property tax relief under this section, that property shall not be eligible for property tax relief under subdivision (c) of Section 70 in the event of its reconstruction.

(d) Only the owner or owners of the property that has been substantially damaged or destroyed may receive property tax relief

under an ordinance adopted pursuant to this section. Relief under an ordinance adopted pursuant to this section shall be granted to an owner or owners of a substantially damaged or destroyed property obtaining comparable replacement property. The acquisition of an ownership interest in a legal entity that, directly or indirectly, owns real property is not an acquisition of comparable replacement property for purposes of this section.

(e) A timely claim for relief under an ordinance adopted pursuant to this section, in that form as shall be prescribed by the board, shall be filed by the owner with the assessor of the county in which the replacement property is located. No relief under an ordinance adopted pursuant to this section shall be granted unless the claim is filed no later than January 1, 1996, or within three years after the replacement property is acquired or newly constructed, whichever is later.

(f) Any taxes that were levied on the replacement property prior to the filing of a claim on the basis of the replacement property's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that taxes exceed the amount that would be due when determined on the basis of the adjusted new base year value.

(g) This section shall apply to any comparable replacement property of equal or lesser value that is acquired or newly constructed as a replacement for property that has been substantially damaged or destroyed by a disaster occurring on or after October 20, 1991, and to the determination of base year values for the 1991-92 fiscal year and each fiscal year thereafter.

SEC. 6. Section 69.5 of the Revenue and Taxation Code, as amended by Section 3 of Chapter 1180 of the Statutes of 1992, is amended to read:

69.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years, or any severely and permanently disabled person, who resides in property that is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value that is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(2) Notwithstanding the limitation in paragraph (1) requiring that the original property and the replacement dwelling be located in the same county, this limitation shall not apply in any county in which the county board of supervisors, after consultation with local affected agencies within the boundaries of the county, adopts an

ordinance making the provisions of paragraph (1) also applicable to situations in which replacement dwellings are located in that county and the original properties are located in another county within this state. The authorization contained in this paragraph shall be applicable in a county only if the ordinance adopted by the board of supervisors complies with the following requirements:

(A) It is adopted only after consultation between the board of supervisors and all other local affected agencies within the county's boundaries.

(B) It requires that all claims for transfers of base year value from original property located in another county be granted if the claims meet the applicable requirements of both subdivision (a) of Section 2 of Article XIII A of the California Constitution and this section.

(C) It requires that all base year valuations of original property located in another county and determined by its assessor be accepted in connection with the granting of claims for transfers of base year value.

(D) The ordinance provides that its provisions shall remain operative for a period of not less than five years.

(E) The ordinance specifies the date on and after which its provisions shall be applicable. However, the date specified shall not be earlier than November 9, 1988. The specified applicable date may be a date earlier than the date the county adopts the ordinance.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowner's exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age, or is severely and permanently disabled.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowner's exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the

purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and which, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) (A) For purposes of paragraph (1) of subdivision (a), the replacement dwelling, including that portion of land on which it is situated which is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(B) For purposes of paragraph (2) of subdivision (a), the replacement dwelling, including that portion of the land on which it is situated which is specified in paragraph (5), is located entirely within the county.

(7) The claimant has not previously been granted, as a claimant, the property tax relief provided by this section. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors and all claimants who have thereby received relief. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media or other media and in a format that is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant, includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit development. If the unit or lot constitutes the original property of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A mobilehome or a mobilehome and any land owned by the claimant on which the mobilehome is situated. If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the mobilehome or the base year value of the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value

shall be made by the assessor of that portion of land that does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g). If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the mobilehome or the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor to that portion of land that does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of the original property, as a joint tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years, or is severely and permanently disabled, shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them shall be deemed eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership which either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value

determined in accordance with this section, Section 69, or Section 69.3 because the property qualifies under this section, Section 69, or Section 69.3 as a replacement dwelling or property.

(f) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form that the assessor shall make available upon request, the following information:

(1) The name and social security number of each claimant and of any spouse of the claimant who is a record owner of the replacement dwelling.

(2) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age or severely and permanently disabled. Proof of severe and permanent disability shall be considered a certification, signed by a licensed physician and surgeon of appropriate specialty, attesting to the claimant's severely and permanently disabled condition. In the absence of available proof that a person is over 55 years of age, the claimant shall certify under penalty of perjury that the age requirement is met. In the case of a severely and permanently disabled claimant either of the following shall be submitted:

(A) A certification, signed by a licensed physician or surgeon of appropriate specialty that identifies specific reasons why the disability necessitates a move to the replacement dwelling and the disability-related requirements, including any locational requirements, of a replacement dwelling. The claimant shall substantiate that the replacement dwelling meets disability-related requirements so identified and that the primary reason for the move to the replacement dwelling is to satisfy those requirements. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move to the replacement dwelling is to satisfy identified disability-related requirements.

(B) The claimant's substantiation that the primary purpose of the move to the replacement dwelling is to alleviate financial burdens caused by the disability. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move is to alleviate the financial burdens caused by the disability.

(3) The address and, if known, the assessor's parcel number of the original property, and, if the original property is located within another county, the name of the county or counties and, if applicable, city or cities in which the original property is located.

(4) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(5) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

(6) If the original property and the replacement dwelling are located in different counties, the base year value of the original property determined by the assessor of the county in which the original property is located.

The State Board of Equalization shall design the form for claiming eligibility.

Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed.

(g) For purposes of this section:

(1) "Person over the age of 55 years" means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of original property.

(2) "Base year value of the original property" means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property is sold by the claimant.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, "base year value of the original property" also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the "base year value of the original property" shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) "Replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size which is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling.

(4) "Original property" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of original property includes only that area of reasonable size that is used as a site for a residence, and "land owned by the claimant" includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit

of a multiunit dwelling shall be considered a separate original property.

(5) "Equal or lesser value" means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if either of the following conditions are met:

(i) The replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

(ii) The replacement dwelling is purchased or newly constructed on or after November 5, 1986, and on or before January 1, 1988, and within two years of the sale of the original property.

For the purposes of this paragraph, except as otherwise provided in paragraph (4) of subdivision (h), if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the "replacement dwelling is purchased or newly constructed" is the date of purchase or the date of completion of construction, whichever is later.

(6) "Full cash value of the replacement dwelling" means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) "Full cash value of the original property" means its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) "Sale" means any change in ownership of the original property for consideration.

(9) "Claimant" means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the replacement dwelling, the spouse shall also be deemed a claimant for purposes of determining whether the condition of paragraph (7) of subdivision (b) has been met.

(10) "Property that is eligible for the homeowner's exemption" includes property which is the principal place of residence of its

owner and is entitled to exemption pursuant to Section 205.5.

(11) "Consultation" means a noticed hearing conducted by a county board of supervisors concerning the adoption of an ordinance described in paragraph (2) of subdivision (a) and with respect to which all local affected agencies within the boundaries of the county are provided with reasonable notice of the time and place of the hearing and a reasonable opportunity to appear and participate at the hearing.

(12) "Local affected agency" means any city, special district, school district, or community college district that receives an annual property tax revenue allocation.

(13) "Person" means any individual, but does not include any firm, partnership, association, corporation, company, or other legal entity or organization of any kind.

(14) "Severely and permanently disabled person" means any person described in subdivision (b) of Section 74.3.

(h) (1) Upon the timely filing of a claim, the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(A) The date the original property is sold.

(B) The date the replacement dwelling is purchased.

(C) The date the new construction of the replacement dwelling is completed.

(2) Any taxes which were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount which would be due when determined on the basis of the adjusted new base year value.

(3) Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(4) In the case where a claim under this section has been timely filed and granted, and new construction is performed upon the replacement dwelling subsequent to the transfer of base year value, the property tax relief provided by this section also shall apply to the replacement dwelling, as improved, and thus there shall be no reassessment upon completion of the new construction if both of the following conditions are met:

(A) The new construction is completed within two years of the date of the sale of the original property and the owner notifies the assessor in writing of completion of the new construction within 30 days after completion.

(B) The fair market value of the new construction on the date of completion, plus the full cash value of the replacement dwelling on the date of acquisition, is not more than the full cash value of the

original property as determined pursuant to paragraph (7) of subdivision (g) for purposes of granting the original claim.

(i) Any claimant may rescind a claim for the property tax relief provided by this section and shall not be considered to have received that relief for purposes of paragraph (7) of subdivision (b), if a written notice of rescission is delivered to the office of the assessor in which the original claim was filed and all of the following have occurred:

(1) The notice is signed by the original filing claimant or claimants.

(2) The notice is delivered to the office of the assessor before the date that the county first issues, as a result of relief granted under this section, a refund check for property taxes imposed upon the replacement dwelling. If granting relief will not result in a refund of property taxes, then the notice shall be delivered before payment is first made of any property taxes, or any portion thereof, imposed upon the replacement dwelling consistent with relief granted under this section. If payment of the taxes is not made, then notice shall be delivered before the first date that those property taxes, or any portion thereof, imposed upon the replacement dwelling, consistent with relief granted under this section, are delinquent.

(3) The notice is accompanied by the payment of a fee as the assessor may require, provided that the fee shall not exceed an amount reasonably related to the estimated cost of processing a rescission claim, including both direct costs and developmental and indirect costs, such as costs for overhead, personnel, supplies, materials, office space, and computers.

(j) (1) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, this section, except as provided in paragraph (3) or (4), shall apply to any replacement dwelling that is purchased or newly constructed on or after November 5, 1986.

(2) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, this section, except as provided in paragraph (3), shall apply to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

(3) With respect to the transfer of base year value by a severely and permanently disabled person, this section shall apply only to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(4) The amendments made to subdivision (e) by the act adding this paragraph shall apply only to replacement dwellings under Section 69 that are acquired or newly constructed on or after October 20, 1991, and shall apply commencing with the 1991-92 fiscal

year.

(k) The amendments to this section made by the act adding this subdivision, and the amendments to this section during the 1989 portion of the 1989-90 Regular Session of the Legislature, shall remain operative only until January 1, 1999, and on that date are repealed.

SEC. 7. Section 69.5 of the Revenue and Taxation Code, as amended by Section 3.5 of Chapter 1180 of the Statutes of 1992, is amended to read:

69.5. (a) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years, or any severely and permanently disabled person, who resides in property that is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value that is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowner's exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age, or is severely and permanently disabled.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowner's exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the

purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and that, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) The replacement dwelling, including that portion of land on which it is situated that is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(7) The claimant has not previously been granted, as a claimant, the property tax relief provided by this section. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors and all claimants who have thereby received relief. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media or other media and in a format that is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant, includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit development. If the unit or lot constitutes the original property of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A mobilehome or a mobilehome and any land owned by the claimant on which the mobilehome is situated. If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the mobilehome or the base year value of the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor of that portion of land that does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g). If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the

claimant's original property either to the mobilehome or the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor to that portion of land that does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of original property, as a joint tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years, or is severely and permanently disabled, shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them is eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership that either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section, Section 69, or Section 69.3 because the property qualifies under this section, Section 69, or Section 69.3 as a replacement dwelling or property.

(f) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor,

on a form that the assessor shall make available upon request, the following information:

(1) The name and social security number of each claimant and of any spouse of the claimant who was a record owner of the original property at the time of its sale or is a record owner of the replacement dwelling.

(2) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age, or severely and permanently disabled. Proof of severe and permanent disability shall be considered a certification, signed by a licensed physician and surgeon of appropriate specialty, attesting to the claimant's severely and permanently disabled condition. In the absence of available proof that a person is over 55 years of age, the claimant shall certify under penalty of perjury that the age requirement is met. In the case of a severely and permanently disabled claimant either of the following shall be submitted:

(A) A certification, signed by a licensed physician or surgeon of appropriate specialty that identifies specific reasons why the disability necessitates a move to the replacement dwelling and the disability-related requirements, including any locational requirements, of a replacement dwelling. The claimant shall substantiate that the replacement dwelling meets disability-related requirements so identified and that the primary reason for the move to the replacement dwelling is to satisfy those requirements. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move to the replacement dwelling is to satisfy identified disability-related requirements.

(B) The claimant's substantiation that the primary purpose of the move to the replacement dwelling is to alleviate financial burdens caused by the disability. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move is to alleviate the financial burdens caused by the disability.

(3) The address and, if known, the assessor's parcel number of the original property.

(4) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(5) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

The State Board of Equalization shall design the form for claiming eligibility.

Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed.

(g) For purposes of this section:

(1) "Person over the age of 55 years" means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of original property.

(2) "Base year value of the original property" means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property is sold by the claimant.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, "base year value of the original property" also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the "base year value of the original property" shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.
