#### COMMUNICATIONS

The following letters of transmittal were presented by the Speaker, and ordered printed in the Journal:

California State Auditor

96103  
May 20, 1996

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit

report concerning instructional training agreements between community college districts and state, local, and private agencies. We determined that many community college districts are contracting with these agencies to generate millions of dollars in state funds for providing limited administrative support services. Specifically, of the 71 districts surveyed, 28 reported that they had such agreements and we estimate that these districts generated more than \$11 million in state apportionment funds.

We reviewed agreements that four district had with state, local, and private agencies and found that both the district and the agency received benefits at the State's expense. For example, during fiscal year 1994-95, the four districts received \$3.9 million of state apportionment funds while the agencies earned \$2.6 million. State agencies used their earnings to procure goods and services "off the books," thereby circumventing the State's budget and procurement practices while local and private agencies received cash payments. Furthermore, we noted that three of the four districts did not meet the minimum conditions necessary to qualify the attendance of students in the training courses for state apportionment funds. As a result, these three districts inappropriately received approximately \$6.7 million of state apportionment funds.

Finally, we conclude that although the regulations allow districts to enter into agreements with public and private agencies, the agreements needlessly cost the State millions of dollars in that the districts receive state support for providing services that are primarily administrative rather than instructional in nature.

Respectfully submitted,

KURT R. SJOBERG  
State Auditor

Above report referred to the Committee on Higher Education.

California State Auditor

96021  
May 21, 1996

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by Chapter 782, Statutes of 1995, the Bureau of State Audits presents its audit report concerning the State Bar of California's (State Bar) use of membership fees, its discipline process, and its administration and planning practices. This report concludes that the State Bar has not taken advantage of opportunities to reduce fees. For example, if the State Bar improved its recovery of costs from disciplined attorneys, it could significantly reduce the annual membership fee. Further, the State Bar could reduce costs by strengthening its controls over travel expenses and contracting. For example, we found instances where the State Bar could have saved money if it had hired additional staff rather than contracting for services. In addition, although it has improved the discipline process, the State Bar should make additional changes to enhance its effectiveness. Moreover, certain discipline practices may

create the appearance of bias in favor of attorneys. Finally, the State Bar has not developed a complete strategic plan that management can use as a guide to accomplishing the overall mission.

Respectfully submitted,

**KURT R. SJOBERG**  
State Auditor

Above report referred to the Committee on Judiciary.
