PRAYER

Upon invitation of Assistant Speaker pro Tempore Gatto, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, You have given every one of us a measure of faith. Yet the Scriptures tell us that “faith by itself, if it has no works, is dead.” (James 2:17) If the faith inside of us doesn’t get expression through our actions and words, it will no longer be alive. Strengthen us, Lord, to put our faith in action in order to keep it alive. Inspire us to pray more often, to worship You regularly and to be inclined to show love to those around us.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Assistant Speaker pro Tempore Gatto, Assembly Member Feuer then led the Assembly in the pledge of allegiance to the Flag.

MOTION TO DISPENSE WITH READING OF THE JOURNAL

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2010-121
September 29, 2011

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the Department of Social Services' (Social Services) administration of the Foster Family Home and Small Family Home Insurance Fund (insurance fund). In September 1986 the Legislature established the insurance fund to pay, on behalf of foster family homes and small family homes (licensed homes), the claims of foster children, their parents, or their guardians stemming from an accident that results in bodily injury or personal injury neither expected nor intended by the foster parent.

This report concludes that almost 90 percent of the foster parents running licensed homes who responded to our survey were unaware of the insurance fund's existence. In addition, approximately a third of these foster parents reported that the possibility of liability claims against them made them less likely to continue as foster parents in the future. Expanding the insurance fund's coverage to homes that are certified by foster family agencies (FFAs), which are organizations that recruit, certify, and train parents who provide foster family homes not licensed by the State, may be costly. If the Legislature desires to expand the insurance fund's coverage to include the FFAs' certified homes, it will have to make statutory amendments to expressly permit the insurance fund to pay claims on behalf of certified homes. Based on our survey results and the insurance fund's claims history, our consultant estimated that expanding the insurance fund's coverage to the FFAs' certified homes could potentially cost the State a minimum of \$967,500 each year. Further, if the Legislature desires to enable the insurance fund to cover legal guardians participating in the Kinship Guardianship Assistance Payment (Kin-GAP) program, it will have to amend the pertinent statutes to expressly provide coverage for these guardians.

Due to limitations in obtaining readily available and pertinent data, we were unable to survey the Kin-GAP families and project the financial impact of adding them to the insurance fund.

This report also concludes that Social Services did not ensure that the Department of General Services (General Services), its designated contract agency, approved or rejected claims filed against the insurance fund within the 180-day time frame state law mandates. Social Services also failed to obtain key information from General Services, and as a result, Social Services has been unable to accurately project the insurance fund's budget needs. As of December 31, 2010, the insurance fund had a balance of roughly \$5.4 million, which is significantly higher than the \$1 million amount we estimate it needs to maintain as a reserve. Should the Legislature choose to expand the insurance fund's coverage to include certified homes and Kin-GAP families, Social Services will need to reevaluate this reserve amount.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Human Services.

California State Auditor

2011-104
December 13, 2011

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the California Medical Assistance Programs (Medi-Cal) managed care two-plan model, under which both a county entity, known as a local initiative, and a commercial health plan provide services to Medi-Cal beneficiaries. The departments of Managed Health Care (Managed Health Care) and Health Care Services (Health Care Services) share oversight responsibility for the local initiatives participating in the two-plan model.

Both departments have inconsistencies in the financial reviews they conduct of local initiatives. Managed Health Care is chronically late in completing its financial report reviews, thus seriously lessening their value as an oversight tool. Further, Managed Health Care does not have an effective process to monitor local initiatives' responses to corrective action plans that result from its financial examinations. For its part, Health Care Services is inconsistent in performing financial reviews and does not always ensure that all financial requirements are included. Finally, both Managed Health Care and Health Care Services fail to conduct medical audits—intended to review several aspects of the provision of health care—of the health delivery system of each local initiative within the frequency required by law.

Although most local initiatives hold tangible net equity (TNE) balances—the central measure of financial viability under the

Knox-Keene Health Care Service Plan Act of 1975—that are significantly higher than the required TNE minimum balances—Health Care Services’ performance indicators show that California’s eight local initiatives in operation during the time covered by our audit provide a satisfactory level of care to beneficiaries. The four local initiatives we visited generally had adequate fiscal processes and internal controls to monitor their administrative expenses, although weak past policies at Kern Health Systems allowed it to enter into two contracts for medical claims reviews that were not cost-effective. Our review also found that the four local initiatives we visited use similar methods to set and approve salaries, although the salaries and retirement benefits of their highest-paid executives vary significantly.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Health.

California State Auditor

2011-002.1
December 15, 2011

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Pursuant to guidance issued by the U.S. Office of Management and Budget (OMB), the California State Auditor’s Office (State Auditor’s Office) presents its interim report concerning various state departments’ administration of federal programs during fiscal year 2010–11. With the passage of the American Recovery and Reinvestment Act of 2009 (Recovery Act) comes a renewed emphasis on accountability and public transparency to ensure federal funds are spent properly. A key component of such accountability and transparency is the annual report from the State Auditor’s Office on internal control and compliance with federal laws and regulations. OMB’s March 2011 guidance stresses the importance of auditors communicating promptly any identified internal control deficiencies to management and those charged with governance. In addition, the guidance states that it is imperative that deficiencies in internal control be corrected by management as soon as possible to ensure proper accountability and transparency for expenditures of Recovery Act awards.

This interim report summarizes audit results pertaining to 31 federal programs administered by 10 departments. Seven of the 10 departments received Recovery Act funding through 15 programs during fiscal year 2010–11. The State Auditor’s Office has currently identified 11 findings regarding the 10 departments’ administration of these federal programs during fiscal year 2010–11. In many cases the findings are recurring issues we identified in past audits. The findings focused on various federal requirements including those regarding allowable costs,

reporting, and monitoring subrecipients'—such as counties'—use of funds. We also reported that the departments fully corrected 18 findings that we included in last year's annual audit report. The specific federal programs, and their administering state departments, are listed in the table of contents.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor
