REPORTS

The following letter of transmittal was presented by the Speaker and ordered printed in the Journal:

California State Auditor

2021-101
February 10, 2022

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As directed by the Joint Legislative Audit Committee, my office conducted an audit of the K–12 component of the Strong Workforce Program, which awards grants to local educational agencies (LEAs) to create, support, or expand career technical education (CTE) programs. We determined that various administrative shortcomings by the Chancellor of the California Community Colleges (Chancellor's Office) and regional groups of community college districts (regional consortia) have resulted in the program not serving grant applicants as effectively as it could have.

The Chancellor's Office has not disclosed in the request for grant applications (RFA) all of the factors that regional selection committees consider in making grant award decisions. As a result, applicants have not had access to information that could help them make decisions about their applications. In fiscal year 2020–21, three selection committees denied funding for applications based on criteria that the RFA had not disclosed. Furthermore, the Chancellor's Office has not directed applicants to provide key details that would help selection committees ensure that they fund the applications that best meet the program's goals.

The Chancellor's Office has also not ensured that LEAs have equal access to staff who support applicants. Currently, the number of LEAs that each staff position serves varies, thereby affecting the level of support they are able to provide to LEAs. Due to hiring delays, approximately \$2.6 million that the State appropriated to fund these support positions for fiscal year 2018–19 remains unused. State law requires that this unused funding be added to the amount appropriated to the regional consortia for CTE programs, but the Chancellor's Office has not yet done so. We also found that the California Department of Education inaccurately reported that LEAs' demand for a related CTE grant program was three times higher than what was actually requested, which may have misled policymakers and stakeholders.

Finally, some selection committees have insufficient safeguards in place to prevent unfair grant decisions. Only two of the eight regional consortia documented their efforts to mitigate selection committee members' potential conflicts of interest when awarding fiscal year 2020–21 grants.

Respectfully submitted,

MICHAEL S. TILDEN, CPA
Acting California State Auditor

Above report referred to the Committee on Higher Education.
