REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-113
March 8, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the fiscal management of the Salinas Valley Memorial Healthcare System (Health Care System). This report concludes that the Health Care System's board of directors (board), when making decisions regarding executive compensation, violated the Ralph M. Brown Act, which requires legislative bodies of local public agencies to conduct their meetings in an open manner. In an environment characterized by a lack of an executive compensation policy and limited transparency, the Health Care System granted compensation for its executives at the upper end of the range for the health care industry. In addition, the former chief executive officer (CEO) received generous retirement and severance benefits totaling \$4.9 million between 2008 and 2011, most of which were paid to him before he retired.

Our review also noted weaknesses in controls in several areas. We identified 11 instances in which the Health Care System had business relationships between 2006 and 2010 with entities in which its executives or board members had economic interests. In the two relationships we reviewed, the former CEO may have violated conflict-of-interest laws in one instance, and the board may have violated conflict-of-interest laws in the other instance. Also, the Health Care System did not ensure that many of the individuals its conflict-of-interest code identified as needing to submit statements of economic interests did so. Further, it does not have a written policy and procedures to demonstrate that its community funding furthers its public

purposes, thereby risking questions about whether this funding violates the constitutional prohibition against public agencies making gifts of public funds. Additionally, for contracts we reviewed for which it was not required by state law to use a competitive process, the Health Care System generally did not document how it selected contractors in a way that demonstrated that it obtained the best value when procuring goods and services.

Finally, we noted that the Health Care System has undertaken several initiatives to improve its financial situation, including reducing its staff by 341 positions between July 2010 and October 2011. Even though it reduced its staffing, there is no indication that this decrease affected patient quality of care, as reflected by complaints and similar measures.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Health.
