REPORTS

The following letter of transmittal was presented by the Speaker and ordered printed in the Journal:

California State Auditor

2021-114
March 22, 2022

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 319
Sacramento, California

Members of the Assembly: With more than 1.4 million low-income California households unable to access affordable housing in 2021, the rapid creation of additional affordable housing is vital to the State. To address this need, the Governor issued Executive Order N-06-19 (executive order) in 2019, which prioritized the use of excess and surplus state-owned land to support the development of affordable housing.

To assess state agencies' management of surplus properties and their compliance with the Governor's order, the Joint Legislative Audit Committee directed my office to conduct an audit. Our assessment focused on the Department of General Services (DGS), the California Department of Housing and Community Development (HCD), the California Department of Transportation, and the Department of Developmental Services.

Although we found that the executive order has proven effective in its intent, and we estimate that it could ultimately make way for more than 32,000 housing units, our evidence shows that DGS could accelerate the process by which it makes properties available. Of the 92 properties DGS plans to release for long-term leases and development as

affordable housing, it has only done so with 19 of those properties. The department anticipates that it will take seven years to make the remaining 73 properties available, but the addition of just one staff member could reduce that time by more than two years.

The executive order required DGS to complete a comprehensive review of state property in 2019, but it did not set a requirement for additional periodic assessments. Therefore, without changes to state law, California may lose this focus on affordable housing creation. Amending state law to incorporate the benefits of the executive order would facilitate the identification of additional excess state property and the ultimate creation of more affordable housing.

Respectfully submitted,

MICHAEL S. TILDEN, CPA
Acting California State Auditor

Above report referred to the Committee on Housing and Community Development.
