REPORTS

The following letter of transmittal was presented by the Speaker and ordered printed in the Journal:

California State Auditor

2021-123
March 29, 2022

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 319
Sacramento, California*

Members of the Assembly: As directed by the Joint Legislative Audit Committee, my office conducted an audit of the State's licensure and oversight of hospice agencies and found that the State's weak controls have created the opportunity for large-scale fraud and abuse. We identified numerous indicators of such fraud and abuse by hospice agencies, which typically offer palliative end-of-life care to individuals with medical diagnoses of fewer than six months to live. The fraud indicators we found particularly in Los Angeles County include the following:

- A rapid increase in the number of hospice agencies with no clear correlation to increased need.
- Excessive geographic clustering of hospices with sometimes dozens of separately licensed agencies located in the same building.
- Unusually long durations of hospice services provided to individual patients.
- Abnormally high rates of still-living patients discharged from hospice care.
- Hospice agencies using possibly stolen identities of medical personnel.

These indicators strongly suggest that a network or networks of individual perpetrators in Los Angeles County are engaging in a large and organized effort to defraud the Medicare and Medi-Cal hospice programs. Such fraud places at risk the extremely vulnerable population of hospice patients.

The California Department of Public Health's (Public Health) inadequate performance of its licensing and investigative functions has enabled this suspected fraud. Without regulations to guide its oversight, its initial licensing site visits and ongoing monitoring do not adequately safeguard patient care or prevent fraud. Its investigation of complaints involving hospice agencies is often incomplete and slow, which increases the risk that patients may receive substandard care or that hospice agencies may engage in fraudulent activity. Public Health has not sought statutory enforcement measures to address problems that it identifies through its oversight, and Public Health and the California Department of Health Care Services do not coordinate with each other to comprehensively assess fraud risks.

Respectfully submitted,

MICHAEL S. TILDEN, CPA
Acting California State Auditor

Above report referred to the Committee on Health.
