California State Auditor

97118.1
May 5, 1998

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the regulation of health care service plans performed by the Department of Corporations' Health Plan Division (division). This report concludes that to meet future challenges in the health care industry, the division needs to be placed in an organizational structure that has health care as a primary mission. Therefore, we recommend that the Legislature move the division from the Department of Corporations and the Business, Transportation and Housing Agency.

Options for the organizational placement of the State's health plan regulatory program exist such as placing it within an existing department or creating a stand-alone entity. If the Legislature decides to place the regulatory program within an existing department, it should consider the Department of Health Services because it has regulatory functions that are most similar in skills and focus to those of the division. However, regardless of which choice is made, we believe the Health and Welfare Agency is the best location for this regulatory program.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Insurance.

California State Auditor

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As required by Chapter 518, Statutes of 1995, the Bureau of State Audits presents its audit report concerning Los Angeles County's (county) fiscal condition and the status of issues we previously reported. This report concludes that, despite anticipated growth of \$300 million in general purpose revenues, the county may face a budget shortfall exceeding \$308 million by 2000-01 unless it can identify new sources of revenue or cut costs. Factors giving rise to the shortfall include the loss of about \$380 million in program-specific revenues and net cost increases of about \$228 million. After 2000-01,

the county may also face an additional loss of about \$300 million in surplus investment earnings from its retirement system, on which it currently relies.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Local Government.
