REPORTS

The following letter of transmittal was presented by the Speaker and ordered printed in the Journal:

California State Auditor

2020-104
May 11, 2021

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As directed by the Joint Legislative Audit Committee, my office conducted an audit of Calbright College (Calbright) to assess its progress in establishing the college and its ability to achieve its mission of providing self-paced educational opportunities to California adults who face barriers to attending traditional colleges. We determined that Calbright's potential value to the State is significant. However, it is behind in accomplishing key milestones and must act quickly to demonstrate its ability to achieve its mission.

A primary reason why Calbright's progress is not on track is that its former executive team failed to develop and execute effective strategies for launching the college. It also used ineffective and inappropriate hiring and contracting processes that failed to ensure that the right team was in place to accomplish its goals. Because of these missteps, Calbright has struggled to adequately enroll the students it was intended to serve, took longer than it should have to develop a student support system, and did not adequately partner with employers in the development of its educational programs, thereby hindering its ability to assist its students in obtaining jobs.

If it succeeds in recovering from these missteps, Calbright could fulfill its purpose and help address barriers that many Californians face to complete a postsecondary education to improve their economic mobility. Calbright's new leadership has taken some initial steps to address the deficiencies we observed. The college must now make significant progress in enrolling, graduating, and helping to secure jobs for its students by following the recommendations we make in this report. If Calbright does not demonstrate meaningful implementation of our recommendations by the end of 2022, we recommend that the Legislature eliminate the college as an independent entity and explore other options for providing self-paced educational programs to California adults.

Respectfully submitted,

ELAINE M. HOWLE, CPA
California State Auditor

Above report referred to the Committee on Higher Education.
