**California State Auditor**

2023-106  
June 6, 2024

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 319  
Sacramento, California*

Members of the Assembly: As directed by the Joint Legislative Audit Committee, my office conducted an audit of the University of California (UC) and its use of online program management firms (OPMs). The following report details the audit's findings and conclusions. Overall, we determined that UC makes limited use of OPM firms to provide online education but should provide increased oversight to better ensure transparency for students.

We identified 51 UC contracts with OPMs in effect as of January 1, 2023, none of which involved undergraduate education. Of those contracts, 30 were with the five UC campuses we selected for review—Berkeley, Davis, Los Angeles, San Diego, and Santa Barbara—of which 15 pertained to continuing education provided through campuses' extension units. We found that each of these campuses provided potential students with incomplete or misleading information about the OPMs' involvement in some programs—such as not disclosing whether the OPM was teaching the class—or overstating the value of those programs. Additionally, we found that some of the campus extension units did not consistently adhere to their processes for approving courses or instructors.

The campuses lack systemwide guidance from the UC Office of the President (Office of the President) on contracting with OPMs. For example, although the Office of the President recommends that campuses not engage in incentive compensation—such as tuition revenue sharing—when contracting with third parties to recruit undergraduate students, this guidance does not address graduate or continuing education students. Further, some of the contracts included payment terms that may elevate the risk of OPMs using practices to recruit and enroll students that are not in the best interests of students. To mitigate the risks of using OPMs, the Office of the President should establish systemwide guidance that ensures transparency about OPMs' involvement in educational programs, enables campuses to provide adequate oversight of OPMs, and protects prospective students from potentially abusive recruiting practices.

Respectfully submitted,

**GRANT PARKS**  
California State Auditor

Above report referred to the Committee on Higher Education.
