REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2023-101
June 11, 2024

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 319
Sacramento, California*

Members of the Assembly: As directed by the Joint Legislative Audit Committee, my office conducted an audit of the Santa Clara Valley Transportation Authority (VTA) regarding the agency's governance structure, project planning and management, financial viability, and fiscal oversight. VTA is a special district that provides transit services throughout Santa Clara County (county). The agency is governed by a Board of Directors (board) consisting of 12 directors who each represent various jurisdictions within the county.

VTA is responsible for planning and delivering improvements to county transit systems or transportation infrastructure. However, the agency needs to strengthen its planning and oversight of such capital projects. For example, when VTA estimates the costs of capital projects, it does not always estimate the cost to operate and maintain the project. Also, VTA's staff do not provide regular updates to the board about variances from the cost estimates it develops before the construction of a project. For example, the construction cost of one project we reviewed increased by about 24 percent from the start of construction. Without regular information about cost increases such as this one, the board has diminished insight into capital project performance.

The processes for appointing VTA's directors are not always transparent enough to ensure the appointment of directors with experience in transportation. For example, one group of cities in the county does not meet publicly when it decides who to appoint as its director. Once appointed, VTA's directors have briefer tenures than those of peer transit agencies, and this is due, in part, to the shorter term lengths that state law establishes for VTA directors compared to the term lengths of other agencies' directors. As a result, VTA's board has less experience overseeing the agency's operations than the boards of peer agencies.

Finally, VTA is in good financial condition but would benefit from adopting additional fiscal oversight practices. More than 60 percent of VTA's annual revenue comes from sales taxes, which are a time-limited and uncertain source of revenue. However, VTA has not determined how it will replace this revenue once some of the measures authorizing these taxes begin expiring in 2036. Additionally, VTA's staff do not report to the board about financial performance metrics, such as the cost per passenger trip, which is information that could assist the board in overseeing VTA's performance.

Respectfully submitted,

GRANT PARKS
California State Auditor

Above report referred to the Committee on Transportation.
