Referred by the Speaker to the Committee on Jobs, Economic Development, and the Economy.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2006-116
June 7, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Medical Board of California's Physician Diversion Program (diversion program).

This report concludes that although the diversion program has made many improvements since the release of the November 2005 report of an independent reviewer, known as the enforcement monitor, there are still some areas in which the program must improve in order to adequately protect the public. For instance, although case managers appear to be contacting participants on a regular basis and participants appear to be attending group meetings and completing the required amount of drug tests, the diversion program does not adequately ensure that it receives required monitoring reports from its participants' treatment providers and work-site monitors. In addition, although the diversion program has reduced the amount of time it takes to admit new participants into the program and begin drug testing, it does not always respond to potential relapses in a timely and adequate manner. Specifically, the diversion program has not always required a physician to immediately stop practicing medicine after testing positive for alcohol or a nonprescribed or prohibited drug.

Further, of the drug tests scheduled in June and October 2006, 26 percent were not performed as randomly scheduled. Additionally, the diversion program currently does not have an effective process for reconciling its scheduled drug tests with the actual drug tests performed and does not formally evaluate its collectors, group facilitators, and diversion evaluation committee members to determine whether they are meeting program standards. Finally, the medical board, which is charged with overseeing the diversion program, has not provided consistently effective oversight.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Business and Professions.
