California State Auditor

2002-016  
June 9, 2004

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by Chapter 941, Statutes of 2002, the Bureau of State Audits presents its audit report concerning the operations and management of the Water Replenishment District of Southern California (district).

This report concludes that although the district has implemented many recommendations of our May 2002 report, it has not fully addressed all our concerns. Specifically, our review revealed that the district adopted a reserve-funds policy that calls for increasing its reserve funds, but that policy lacks credibility, largely because since adopting the policy, the district allowed its reserve funds to further deplete. In addition, the district likely overstated its reserve-funds targets by using some faulty assumptions in calculating them. Moreover, although it included goals and objectives in its strategic plan, it did not include outcomes by which the district and public can measure the district's progress in meeting them. Further, the district spent district funds on items such as gifts and flowers that its policies specifically prohibit. Finally, the district incurred costs for items, such as award dinners, catered meals, and snacks and beverages for its staff and others, that do not appear to be the most prudent use of its funds.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Local Government.
