REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2004-122
June 14, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Department of Fish and Game's (Fish and Game) administration of the Fish and Game Preservation Fund (preservation fund).

This report concludes that although fees from fishing and hunting licenses have increased, the preservation fund reserves have decreased significantly between fiscal years 2001–02 and 2003–04. This occurred while Fish and Game had its General Fund appropriation reduced, which together with the preservation fund has been used to fund Fish and Game's programs. However, while funding for some programs has dramatically increased or decreased, others, such as hatcheries, have changed little. A long-range spending plan could serve as a useful tool to guide Fish and Game decisions, especially in times of fluctuating funding, but Fish and Game lacks such a tool.

Between fiscal years 2001–02 and 2003–04, Fish and Game spent into its reserves, that is, the balance that had accumulated in the preservation fund. During this time, Fish and Game spent more from its accounts with revenues dedicated by statute for specific purposes (dedicated accounts) than it collected. Furthermore, Fish and Game has not demonstrated that it used allowable dedicated resources to cover deficit spending in certain accounts of the preservation fund. Fish and Game was able to cover the deficit spending in these accounts by borrowing from those dedicated accounts with sufficient balances, a practice that may not be allowed.

Fish and Game adequately assessed and collected fees and allocated revenue to the appropriate accounts of the preservation fund. It did not do as well, however, in accounting for indirect costs because it failed to

follow its own policy and update the percentages used each year to allocate indirect costs. As a result, Fish and Game overcharged or undercharged indirect costs to certain preservation fund programs.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Water, Parks and Wildlife.
