California State Auditor

2004-120  
June 16, 2005

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the administration and monitoring of state and federal supplemental English learner program funds by the Department of Education (department) and a sample of school districts.

This report concludes that the department is charged with distributing program funds for three main programs that address the needs of public school students who are not yet fluent in English, known as English learners. The department, however, provides leeway to school districts in establishing certain criteria they use both to identify students as English learners and to redesignate them as fluent in English. Significant differences exist in the stringency of school districts' criteria causing funding variances and a lack of comparability in performance

results across the State. Moreover, school districts and department monitoring of schools' adherence to the redesignation process is inadequate, causing students who meet the criteria for fluent status to remain as English learners.

In addition, the department provides school districts little guidance on documenting expenditures and performs limited monitoring of their expenditure of English learner program funds, resulting in some questionable and unallowable uses of these funds by school districts. Further, the department's evaluation of the effectiveness of particular English learner programs is weak, and a recent independent evaluation of the English Language Acquisition Program has not provided decisive answers regarding that program's effectiveness. Finally, although the department's funding formulas are generally sound, the formula for Impact Aid needs updating.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Education.
