California State Auditor

2009-611.1

June 24, 2009

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: The Bureau of State Audits presents its analysis concerning the State's efforts to develop the necessary infrastructure to administer federal funds received under the American Recovery and Reinvestment Act of 2009 (Recovery Act). This analysis follows up on the identification of the State's implementation of the Recovery Act as a high-risk issue area in our April 2009 report titled *California's System for Administering Federal Recovery Act Funds* (2009-611).

Our analysis concludes that although some departments have exhibited more progress than others, none of the four departments we assessed—the Department of Education, the Department of Health Care Services, the Employment Development Department, and the Department of Social Services—are fully prepared to administer Recovery Act funding. Representatives from each of the four departments generally stated that they intend to rely on internal controls already in place for existing federal programs to administer Recovery Act funding. However, in our May 2009 report titled *State of California: Internal Control and State and Federal Compliance Audit Report for the Fiscal Year Ended June 30, 2008* (2008-002), we noted 30 internal control weaknesses related to certain compliance requirements and federal programs for which the four departments we assessed expect to receive Recovery Act funds in fiscal years 2008–09 and 2009–10. We

assessed the departments' status in correcting these control weaknesses and found that progress has been limited—the departments appear to have corrected only four, are still in the process of correcting 22, and have taken minimal or no action for the remaining four.

Further, some of the departments are uncertain as to whether they will be able to meet some of the reporting requirements established under Section 1512 of the Recovery Act, whereas other departments that administer entitlement or mandatory programs believe they are exempt from these reporting requirements. All four departments indicated they are either seeking or awaiting additional guidance from the federal government regarding these reporting requirements or are seeking guidance on other Recovery Act provisions. Finally, although the California Federal Economic Stimulus Task Force has provided general guidance for securing and applying for funds that are potentially available under the Recovery Act, we believe it should provide a more detailed framework to state departments for administering Recovery Act funding.

Respectfully submitted,

ELAINE M. HOWLE, CPA  
State Auditor

Above report referred to the Committee on Jobs, Economic Development, and the Economy.
