California State Auditor

2015-806  
August 4, 2016

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As approved by the Joint Legislative Audit Committee, the California State Auditor presents the results of our audit of the city of Hemet (Hemet), conducted as part of our high-risk local government agency audit program.

This report concludes that Hemet is a high-risk city due to its financial and organizational risks. Specifically, Hemet’s budget deficit has persisted for many years and our projection indicates that it will continue through at least fiscal year 2019–20, raising concerns about the city’s ability to fund its services. Although the city developed a five-year plan to address its deficit, inaccurate information and overly optimistic assumptions distort the validity of the city’s projection. In addition, we identified inefficiencies in the city’s management. For example, Hemet has not adequately funded its fire department resulting in minimal staffing. The low staffing level combined with high demand for services results in potentially unsafe conditions. Further, the city lacks a coordinated approach to community engagement, and interrelated functions of city government do not have shared reporting relationships. To address these concerns, we present several recommendations, such as implementing a fee for services that the city currently provides but does not charge for as a way to generate additional revenues and outsourcing its parks maintenance to reduce costs. We also recommend changing the city’s organizational structure, such as assigning its code enforcement division to report to the police or fire department to better address the city’s high crime rate.

Respectfully submitted,

ELAINE M. HOWLE, CPA  
State Auditor

Above report referred to the Committee on Local Government.
