PRAYER

Upon invitation of Speaker pro Tempore Ma, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, When we rely only on our own intellect to chart our course through life, we find at times that we are powerless. Then we waver and ultimately turn back, away from You. Help us, Lord, to maintain our original, child-like faith in You, so that we remain steady on the good path. For as long as we maintain our first state of faith and hope, our inspiration for following You stays strong, and obstacles, no matter how great they be, will not overcome us.—AMEN.

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2012-039
April 26, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: This letter report provides an update on recent events related to the Financial Information System for California (FI\$Cal) project. Pursuant to Government Code, Section 15849.22(e), the California State Auditor (state auditor) is required to independently monitor the FI\$Cal project throughout its development, as deemed appropriate by the state auditor. FI\$Cal is a business transformation project for state government in the areas of budgeting, accounting, procurement, and cash management. The independent monitoring shall include, but is not limited to, monitoring the contracts for independent project oversight (IPO) and independent verification and validation (IV&V) services, assessing whether concerns about the project raised by the IPO and IV&V contractors are appropriately addressed by the FI\$Cal steering committee and the FI\$Cal project office within the Department of Finance or its successor entity, and assessing whether the FI\$Cal project is progressing timely and within budget. We are required to report on the project's status at least annually and this is the seventh report we have issued since we began our monitoring in April 2007.

The project released its fourth Special Project Report (SPR) on March 1, 2012, to update information in prior SPRs regarding FI\$Cal's costs, schedule, benefits, and cost savings, and to announce that the project is ready for implementation. The project also announced that Accenture plc was the project's winning fit-gap vendor and is its selected systems integrator, with a proposed five-year contract for \$213.1 million. Statute requires the project to submit a report to the Legislature with specified information about the selected system integrator and alternative implementation approaches, 90 days before entering a contract with the system integrator. The project submitted the FI\$Cal legislative report on March 2, 2012. The remainder of this letter report provides our review of selected information in the fourth SPR, including FI\$Cal's updated cost estimates and proposed funding option, projected benefits, revised project schedule and implementation approach, and envisioned risks and assumptions. This letter report also provides status updates on topics that we have previously reported on.

We will continue to monitor and report on these topics in addition to others that come to our attention, at a minimum, before January 10 each year.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Business, Professions and Consumer Protection.

California State Auditor

2012-042
July 12, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As authorized by California Health and Safety Code, sections 1179.25 and 1179.58, the California State Auditor presents this audit report concerning the Children's Hospital Program (program).

This report concludes that the California Health Facilities Financing Authority (authority), which administers the program, complied with laws and regulations related to awarding grants for eligible hospitals to construct or improve children's facilities. Further, the authority has a process for monitoring grants and has processed payments to grantees in accordance with the law. However, the authority's administration of the program could be more efficient. The authority requested bond sales that were in excess of its cash needs at a time when California's credit rating was low and interest-rate volatility was high. As a result, the State paid as much as \$16 million in interest annually on the idle capital while the State was facing cash shortfalls.

Although the authority could not have foreseen or mitigated all of the circumstances that led to an excessive fund balance, its estimates of cash needs have consistently been well above actual disbursements. This pattern, as well as some hospital project delays that it could have anticipated, indicate that the authority needs to revise the way it makes yearly projections of cash needs. In particular, the authority currently includes in its estimates the projected cash needs of hospitals that have not yet submitted a project application for approval.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Health.

July 31, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: The California State Auditor presents this audit report of the State Treasurer's Office statement of securities accountability as of December 31, 2011.

The statement of securities accountability presents securities owned by or pledged to the State directly, and securities held for safekeeping. The State Treasurer's Office is responsible for the safekeeping of all securities held in the treasury or other depositories. It is not responsible for securities owned by or pledged to the University of California, or for securities in other depositories owned by or pledged to the Public Employees' Retirement System, the State Teachers' Retirement System, the Legislators' Retirement System, or the Judges' Retirement System. The statement is prepared solely for purposes of accountability. The dollar amounts represent various values, including par value or face value, original principal value, and current outstanding principal balances. They do not represent cost or market value and should not be used to determine the value of investments owned by, or pledged to, the State. We found that the statement presents fairly the securities accountability of the State Treasurer's Office as of December 31, 2011.

We conducted this audit to comply with the California Government Code, Section 13299.1.

Respectfully submitted,

JOHN F. COLLINS II, CPA
Deputy State Auditor

Above report referred to the Committee on Banking and Finance.
