REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2025-108
August 6, 2026

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 319
Sacramento, California*

Members of the Assembly: As directed by the Joint Legislative Audit Committee, my office conducted an audit of the California Community Colleges (CCC) Chancellor's Office (Chancellor's Office) and a selection of six of the CCC's 73 districts. Our assessment focused on the Chancellor's Office's oversight of districts' unrestricted general fund reserves, and the following report details the audit's findings and conclusions. In general, we determined that several districts did not have adequate reserve policies and had reserves that had grown to be in excess of their own reserve policies or the statewide median for all college districts. Further, the Chancellor's Office did not sufficiently oversee the financial condition of the districts we reviewed.

My office determined that reserve levels for five of the six districts increased during the past seven years. As of the end of fiscal year 2024–25, four districts maintained reserves in excess of their reserve goals, or the statewide median in the absence of such goals. Only three of the six districts established maximum reserve policies or procedures, and two of them exceeded even those maximum levels. None of the districts with high reserve balances have formal plans to spend the funding to support student outcomes.

Although maintaining sufficient funding in reserve is important for districts’ fiscal health, when districts accumulate reserves beyond their needs, they miss opportunities to spend on programs to better support students. We found that opportunities exist for these districts to use the excess reserves to improve student and system outcomes. Further, none of the districts have conducted risk analyses consistent with recommended best practices to determine their reserve needs. My office also determined that the Chancellor’s Office did not provide sufficient oversight for districts’ reserves, nor did it monitor the appropriateness of districts’ policies or their plans to reduce excess reserves.

Respectfully submitted,

GRANT PARKS
California State Auditor

Above report referred to the Committee on Higher Education.
