**PRAYER**

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

Phillips Brooks, a noted 19th century leader of the Episcopal Church, taught: "It is not for us to pray for tasks equal to our powers, but for powers equal to our tasks . . . ."

It is not enough to simply do what is within our reach. What God asks of us is to grow to meet the challenging tasks that beckon us.

Often times, we live in the illusion that there is a finite amount of power to be exercised in the different realms of our lives; with our friends, our family, and in our work.

However, when we draw from the internal strengths that we have been given, we are doubly blessed; first by being able to help those around us, and secondly, we are rewarded by growing beyond what we believed we could.

May the Holy One of Blessing grant us the ability to use our powers to create a more perfect world within us and around us. May this be God's will.—AMEN.

The following communication was presented by the Chief Clerk from:

Marsha H. Kwalwasser, Acting Chairperson, Employment Training Panel.

July 17, 2001

*E. Dotson Wilson  
Chief Clerk of the Assembly  
State Capitol  
P.O. Box 942849  
Sacramento, California*

Dear Mr. Wilson: I would like to provide you an update on the Employment Training Panel's (ETP) Strategic Plan for fiscal

year (FY) 2001–02. Briefly the mandate of the Panel is to administer a statewide economic development program that supports California's economy by ensuring that employers have the trained workers necessary to compete in the global economy. The program's priority is the retraining of incumbent workers of businesses challenged by out-of-state competition. The Panel also funds training of unemployed workers for high-skill, high-wage, secure jobs.

The enabling legislation for ETP requires that the Panel submit an annual Strategic Plan to the Governor and Legislature by July 1. At its June 2001 meeting, the Panel reviewed and heard public comment on its draft FY 2001–2002 Plan. We then directed the Panel staff to begin to finalize the Plan's provisions for submission to the Governor and Legislature.

We recognize that there is a slight delay in the filing of the plan, and we would appreciate special consideration this year. Several Panel members, including myself, were appointed in March 2001. We are working diligently to become more familiar with the operation of the Panel and to reach consensus on the major goals for the coming year. This newly constituted Panel has wished to take an active role in the drafting of the Plan, consistent with the intent of the enabling legislation. We are carefully considering and prioritizing our goals in order to ensure that our finite funds are used effectively to benefit California's workers and its economy.

Thank you for your understanding. Please feel free to call me if you have any questions.

Sincerely,

MARSHA H. KWALWASSER  
Acting Chairperson

California State Auditor

2001-101  
August 14, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Los Angeles County Metropolitan Transportation Authority's (MTA) compliance with applicable state and federal laws designed to protect driver and public safety and its procedures for monitoring the secondary employment of its part-time bus drivers.

This report concludes that the MTA lacks an adequate system to prevent all violations of federal and state driving and on-duty time restrictions. For example, the MTA does not have the ability to effectively prevent all drivers from exceeding 10 hours behind the wheel since it cannot track actual driving time. In addition, although the MTA is taking positive steps to collect complete data on its drivers' secondary employment, it needs a more consistent approach to identify bus drivers working for multiple employers who exceed driving and on-duty restrictions. Furthermore, the MTA does not take full advantage of citation information provided by the Department of Motor Vehicles to ensure it applies its discipline process equitably to all bus drivers. Finally, unreliable or missing data in MTA's accident monitoring system hinder its ability to determine whether driver fatigue contributes to an accident.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Transportation.

California State Auditor

2001-102  
July 31, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the operations of the Department of Insurance's (department) Conservation and Liquidation Office (CLO). Specifically, we reviewed the operations of the CLO that are outside the control structure of the State and the effectiveness of the department's oversight process in monitoring the operations of the CLO.

This report concludes that the CLO does not adequately safeguard and conserve insurance companies' assets by following prudent

business practices and adhering to established controls. Further, the department has not adequately overseen the operations of the CLO. During our review, we identified significant weaknesses in the CLO's inventory and asset identification process. As a result, the CLO failed to promptly safeguard insurers' assets. Further, we noted that the CLO does not effectively managed its contracts, its hiring practices need improvement, and it has spent at least \$6 million on an automated claim processing system that does not meet its overall needs. In addition, the CLO uses a basis to allocate certain of its costs to insurers that is not equitable. We also found that the CLO has not recently updated its estate closing plans or prepared cash flow projections as a means for ensuring that investment decisions are optimized.

Moreover, the department and the CLO have not addressed many of the issues raised in our previous two audit reports, nor has the department ensured that the CLO takes corrective action on the findings reported by other external auditors and the CLO's internal auditor. Finally, the CLO has yet to establish comprehensive conflict-of-interest policies and guidelines for its employees and vendor contractors.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

**MESSAGES FROM THE GOVERNOR**

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

**Veto Message—Assembly Bill No. 1256**

Governor's Office, Sacramento  
July 30, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 1256 without my signature. This bill would have established a planning process for future state acquisition of the Bolsa Chica Mesa adjacent to the City of Huntington Beach in Orange County.

Nearly 90 percent of the Bolsa Chica lowlands and wetlands are already under public ownership. The State already has invested major resources in preserving the most significant habitat and parklands in this area, including the Bolsa Chica State Beach and the surrounding ecological reserve.

The remaining lands that are the subject of this bill do not have the same statewide potential. Other entities may therefore wish to pursue preservation of the remaining lands.

Sincerely,

GRAY DAVIS

**RECEIPT**

I acknowledge receipt this 31st day of July 2001 at 4:20 p.m., of Assembly Bill No. 1256, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

LAWRENCE A. MURMAN  
Assistant Chief Clerk of the Assembly

**Veto Message—Assembly Bill No. 194**

Governor's Office, Sacramento  
August 6, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 194 without my signature.

This bill expands existing law by allowing individuals born in California, and who have surgically changed their sex, to obtain a new birth certificate, upon court order, from their county of residence or from their California county of birth.

I find no compelling reason to expand existing law and therefore cannot sign this measure.

Sincerely,

GRAY DAVIS

**RECEIPT**

I acknowledge receipt this 6th day of August 2001 at 9:35 p.m., of Assembly Bill No. 194, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Pam Oto.

RALPH ROMO  
Chief Assistant Clerk

**Veto Message—Assembly Bill No. 230**

Governor's Office, Sacramento  
July 30, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 230 without my signature.

School district governing boards are given the responsibility to determine discipline for their classified employees and are held accountable for their actions. Districts need to retain a wide range of authority in order to fully implement the state's accountability objectives. Responsibilities should not be delegated to an outside arbitrator the local voters can not hold accountable.

For these reasons, I am returning AB 230 without my signature.

Sincerely,

GRAY DAVIS

**RECEIPT**

I acknowledge receipt this 30th day of July 2001 at 9:25 p.m., of Assembly Bill No. 230, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

RALPH ROMO  
Chief Assistant Clerk

**Veto Message—Assembly Bill No. 1228**

Governor's Office, Sacramento  
August 8, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 1228 without my signature.

This bill would allow railroads to report their property holdings by county, rather than by individual tax rate area, for purposes of property taxation. The bill would also require county auditors to make one-time adjustments to local jurisdictions' tax bases to incorporate revenue from railroad unitary property.

This is a well-intentioned bill that provides for greater efficiencies in determining the tax obligations of the railroad industry. However, I am vetoing this bill because it would result in a reimbursable state mandate for county implementation costs that could exceed \$150,000, and those costs would not be offset by a gain in property tax revenue. This has been a difficult budget year and the state cannot afford to absorb any unnecessary costs.

I would be willing to sign a bill to achieve the same tax collection efficiencies if the railroad industry will reimburse the state for any costs resulting from the reimbursable mandate imposed on county auditors.

Sincerely,

GRAY DAVIS

**RECEIPT**

I acknowledge receipt this 9th day of August 2001 at 3:10 p.m., of Assembly Bill No. 1228, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

E. DOTSON WILSON  
Chief Clerk of the Assembly

**Veto Message—Assembly Bill No. 1635**

Governor's Office, Sacramento  
July 28, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 1635 without my signature.

Under current law, employees have the right to inspect their own personnel records. This bill would permit employees to obtain a copy of those records, and would authorize employers to charge either a maximum copying fee of ten cents per page or an amount specified in an applicable collective bargaining agreement.

While it would modify existing law governing personnel records, this bill contains no provisions to protect the privacy of other individuals who may be identified in the personnel records. Without measures that ensure the privacy of those individuals and the confidentiality of a company's legitimate proprietary information, the potential for harm of this measure outweighs the possible benefits.

Sincerely,

GRAY DAVIS

HUGH R. SLAYDEN

Acting Chief Clerk of the Assembly

The following item veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

**Item Veto—Assembly Bill No. 441**

Governor's Office, Sacramento  
August 7, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill No. 441, however, I am vetoing the \$40 million appropriated in the bill as there are sufficient funds remaining in the Proposition 98 Reversion Account to fund this measure. I am setting sufficient funding aside in that account for subsequent legislation to fulfill my commitment for \$40 million of equalization funding.

I also object to the intent statement in the bill to fully meet the funding targets by the 2006–2007 fiscal year. Any consideration for future equalization funding will be contingent on sufficient revenues to meet other, higher priorities. Because I have already approved nearly \$2.3 billion in discretionary funding increases for school districts beyond statutory requirements in the prior two budgets, and because the state is already in compliance with court requirements for equalized funding, I do not believe that further equalization funding is of a sufficiently high priority to require the level of commitment intended by this statement

when there may be more pressing priorities for school reforms that can help ensure increased student achievement.

Sincerely,

GRAY DAVIS

*To Members of the State Assembly:*

I am signing Assembly Bill 212 with great reluctance.

It is my general belief that local land use disputes should be settled without state interference. The difference of opinion that exists between the City of Tustin, the Santa Ana Unified School District and the Rancho Santiago Community College District can and should have been resolved by the directly elected representatives of those local government agencies.

At issue is the redevelopment of the former Tustin Marine Corp Air Base. The base is within the City of Tustin and their designation as the Base Reuse Authority is appropriate. However, the needs of the overlapping school districts must be considered as the master plan for the 1600-acre area is prepared.

Land is scarce in this densely populated area, and the remaining open land in private ownership is prohibitively expensive for the two districts. Yet, new school facilities are needed to ease overcrowding and to accommodate future growth.

I am persuaded that the districts' request for land is not unreasonable. These two school districts are among the most severely overcrowded in the State. The Santa Ana Unified School District is responsible for the education of nearly 60,000 students and expects enrollment to grow by 40% in the next five years. Almost one half of the students in this district currently attend school in over 900 portable classrooms. The Rancho Santiago Community College District had a 45% increase in enrollment between 1995 and 1999. I would also note that the Department of the Navy indicates it does not intend to convey any base property until there is an agreement on the acceptability of the entire base reuse plan.

I am calling on the three agencies to continue their efforts to reach an agreement. Further, I am signing AB 212 based on a commitment from the principal authors that they will introduce urgency legislation specifying that a final agreement between the City of Tustin, the Santa Ana Unified School District, and the Ranch Santiago Community College District will supercede the provisions of the bill.

Sincerely,

GRAY DAVIS

*To the Members of the California Legislature:*

I am signing AB 434 that would provide for the transfer of property originally bought by the California Department of Transportation (CalTrans) for construction of the Hatton Canyon freeway to the Department of Parks and Recreation for the purpose of developing a state park.

The Hatton Canyon bypass project, originally conceived of in the 1930's, would have constructed a four-lane freeway through beautiful, coastal Hatton Canyon in Monterey County. The project has languished over the years because of the difficult struggle to balance development and growth with environmental preservation.

I am pleased to announce, however, that, after more than seventy years of debate, the CalTrans, with support from local residents and regional transportation authorities, is canceling the Hatton Canyon bypass project.

I applaud the efforts of all those who participated in striking this tenuous balance between transportation needs and environmental integrity. I am directing Caltrans to work with Monterey County and local transportation authorities to make improvements necessary to the existing Route 1. I am also directing the Department of Parks and Recreation to develop a plan to ensure Hatton Canyon remains the environmental asset that it is into perpetuity.

GRAY DAVIS

*To the Members of the California Legislature:*

I am signing Assembly Bill 188 which will provide several protections for children from the effects of second hand smoke. However, I am requesting that the author immediately pursue legislation to ensure that the fines for littering of tobacco waste are not reduced below those provided in existing law.

In addition, due to the health risks associated with exposure to second hand smoke, I am requesting that the author pursue legislation to establish smoke free boundaries of at least 15 to 25 feet surrounding the play areas. Such smoke free barriers will create a reasonable distance to protect our children while allowing parents who smoke to remain close enough to monitor them while they play.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento  
August 7, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill 423, which would establish Farm Labor Contractor Verification and Enforcement Units within the Department of Industrial Relations (DIR) and make various changes to farm labor contractor requirements.

This bill responds to the main objection I expressed to the bill I vetoed last year by eliminating mandatory jail time for growers and

farm labor contractors who violate the law, and instead expands monetary penalties for repeat offenses. This bill will target only those individuals who knowingly and willfully fail to pay wages. According to the California District Attorney's Association the provisions in this bill require greater elements of proof than existing law and thus protect growers and farm labor contractors from inadvertent violations. This high standard will however target the worst offenders, which is the stated intention of the author and advocates for this bill.

I am hopeful that these increased penalties will cause repeat violators of California's wage and hour laws to think twice before failing to pay those men and women who perform much of this state's hardest work under the toughest conditions. The penalties imposed, while stiffer than most, are not unique to other industries that rely on seasonal or predominantly migrant labor. Employers in the garment industry, for example, are subject to one year in prison and/or penalties of up to \$30,000 for repeat violations of labor laws in the apparel manufacturing industry.

The bill also permits local district attorney's office, *if desired*, to establish farm labor contractor enforcement units and to coordinate with the Rural Crime Prevention Programs. This provision is not mandated, and should not in any way impinge upon the funding or purpose of the RCPP to provide for the protection and safety of the state's agricultural industry.

This bill and other legislation I have signed are intended to protect the vitality of California's \$27 billion agricultural industry, including the health and safety of farmworkers. Last year I signed AB 1338, a bill that increases wage surety bonds and requirements for farm labor contractors. New legislation this year, SB 1125, will allow growers to use those wage surety bonds and license fees to pay for damages arising from labor law violations. These bills in combination with AB 423 establish the most significant package of agricultural labor law enacted in the past 20 years. Thus, I will not consider any major additional legislation in this area until these measures are fully implemented and their impacts understood by all of the parties involved in this issue.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento  
August 7, 2001

*To the Members of the California Legislature:*

I am signing AB 426 which will increase the tax relief provided to senior citizen homeowners and renters, enact several sales tax relief provisions for agriculture, and revise the formula used to trigger a sales tax rate reduction in order to make that reduction easier to achieve. This measure will provide significant, ongoing tax relief to the targeted beneficiaries.

Some technical corrections to this measure will, however, be required. In order to better clarify the intent of the 2001-02 budget agreement between the Administration and the Legislature, the State sales tax exemption for diesel fuel used in farming should better define that it is intended only to apply to delivery to the first destination from the farm. This will target the benefits to those intended—the farmers.

The 2001-02 budget agreement was for the Senior Citizens' Property

Tax Assistance and Renters' Tax Assistance Program to increase by 45 percent for an additional cost of \$75 million. However, due to a drafting error, this bill is technically deficient in that it increases the maximum income threshold of program participants, rather than the benefit levels. I am requesting that subsequent legislation be passed as soon as the Legislature returns that corrects this technical deficiency and provides the tax relief intended for these programs. In an effort to ensure that these taxpayers are not delayed in receiving their existing level of assistance, I request that the Franchise Tax Board issue two checks to each claimant. Issuance of the first check would begin immediately based on the benefit levels that existed prior to enactment of AB 426. A second check would be issued as soon as the Franchise Tax Board can feasibly implement and calculate the supplemental benefit pursuant to the corrected legislation.

Although I regret the need for the delay in taxpayers receiving their full benefit, I am pleased that the ultimate goal of a significant, increased level of ongoing benefits for these taxpayers will be achieved.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento  
August 9, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill No. 430. However, I am concerned the Legislature did not continue the statutory cost controls requiring the regional centers to administer their contracts within the amounts in the annual Budget Act. Allowing this provision to sunset could result in unrestrained cost increases for services to the developmentally disabled. While during the last five years the population served by regional centers has increased 20.3 percent, regional center expenditures have increased 74.4 percent. Heretofore, statute, recognizing fiscal crises and uncertainty, has specified that regional centers could not incur a deficiency by requiring them to live within budgeted amounts. As a temporary measure, this requirement sunset on June 30, 2001. However, I requested the Legislature make this provision permanent. In order to track regional center costs and prevent unrestrained cost increases, I am directing the Department of Developmental Services to closely monitor regional center expenditures and report that information quarterly to my office.

I am also concerned about Section 14.5 that permits applicants for the Healthy Families Program (HFP) to provide signed statements as to the value or amount of household income.

This provision was included in the State's waiver request to the federal government to add parental coverage through the HFP as a component of the State's actions to align the HFP with the Medi-Cal Program. The use of different income documentation standards between the two programs results in confusion for families and creates a barrier to enrollment of eligible children. Current Medi-Cal regulations provide for use of signed statements of income when other documentation is unavailable. Although the State's waiver request is still under review at the federal level, a key area of review by federal officials has focused on the State's efforts to coordinate coverage between Medi-Cal and Healthy Families.

Use of applicants' signed statements of income may place the program at some risk for enrollment of non-eligible children. However, basic program integrity standards remain in place and will include a requirement that statements of income be signed under penalty of perjury.

I am directing the Managed Risk Medical Insurance Board (MRMIB) to promulgate regulations that would restrict the use of applicants' statements of income to instances when other sources of income documentation are unavailable. To assist the Administration and the Legislature in evaluating this policy change, I am also asking the MRMIB after six months of implementation to report on the percentage of applicants that use this method of income documentation.

Sincerely,

GRAY DAVIS

## PROCLAMATION

**Proclaiming August 5, 2001 as  
Foster Care Awareness Day**

WHEREAS, it is with great pleasure that I designate August 5th as Foster Care Awareness Day in the State of California; and

WHEREAS, through awareness and education, citizens are encouraged to learn about foster care programs in California, and to further recognize that taking an active role in foster care can be a very rewarding and positive experience—an act that can directly make a difference in someone's life; and

WHEREAS, within this realm, young adults who emerge from foster care represent a segment of the population who are likely to need assistance in order to transition from foster care into the work place and residences of their own; and

WHEREAS, the California State Legislature, recognizing the need to help these young adults, has passed landmark legislation: AB 427 (Hertzberg), which was signed by the Governor, to create several programs designed to specifically provide assistance, education and the essential services and opportunities that one needs to succeed, and which increases spending towards this goal by more than \$19 million to help these young adults; and

WHEREAS, AB 427 is based on three components that create the following programs: the "Supportive Transitional Emancipation Program," which continues primary support for foster youth while they are participating in an education or training program or activity consistent with a transitional living plan; the "Internet-Based Health and Education Passport" pilot program in Los Angeles—an internet-based program for health and education information for foster care children; and the "Foster Youth Transitional Housing Fund," which will pay for new transitional housing costs for foster and emancipated youth; and

WHEREAS, this legislation represents a significant investment in the future of California, and more importantly, faith in the abilities and dreams of foster care youth—offering them every opportunity to rise and shine and in turn, to help others; now, therefore, be it

**RESOLVED**, that I, Cruz M. Bustamante, Acting Governor of the State of California, do hereby recognize foster care as a valuable commitment and outstanding public service, and declare this day, August 5, 2001, as "Foster Care Awareness Day."

IN WITNESS WHEREOF, I hereunto set my hand  
and have caused the Great Seal of the State of  
California to be affixed on this 5th day of August of

PROCLAMATION  
**Proclaiming August 6, 2001 as  
 “Food Bank Volunteer Day”**

WHEREAS, I am delighted to honor the thousands of volunteers who make it possible for food banks to efficiently provide vital services to thousands of needy Californians, while also maintaining low overheads; and

WHEREAS, food banks are charitable organizations that house and distribute donated food and other essential products directly and indirectly to low income and homeless individuals; and without the generous services of so many volunteers, this type of operation would not be possible; and

WHEREAS, there are approximately 70 food banks in the State of California that distribute more than 150 million pounds of food annually to over two million hungry members of our communities—a feat that requires the caring support of more than 25,000 volunteers; and

WHEREAS, more than 11% of California households lack adequate levels of food to meet the USDA food security rankings; and at least 25% of California’s children under the age of five live in poverty, while thirteen California counties have child poverty rates above 30%—dire circumstances that require all Californians to take notice and pitch in to help in any way that they are able; and

WHEREAS, food bank volunteers represent all sectors of California in terms of age, income, ethnicity, and education levels and provide a myriad of services, including inspecting and sorting donated food, packing boxes, assisting with administrative duties, organizing friends and family to participate in food drives, and serving on planning committees; and

WHEREAS, volunteerism and “helping thy neighbor” is the very foundation of American life; and I am pleased to have the opportunity to pay tribute to the thousands of Californians who give of their time on behalf of this basic humanitarian cause each year; now, therefore be it

*RESOLVED*, that I, Cruz M. Bustamante, Acting Governor of the State of California, do hereby declare August 6, 2001 as “Food Bank Volunteer Day” in the State of California, and encourage all Californians to join me in recognizing the much-needed services that food bank volunteers provide to the underprivileged population of the Golden State.

IN WITNESS WHEREOF, I hereunto set my hand  
 and have caused the Great Seal of the State of  
 California to be affixed on this 6th day of August, of  
 the Year Two Thousand and One.
