California State Auditor

2023-601
August 24, 2023

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 319
Sacramento, California*

Members of the Assembly: As required by Government Code section 8546.5, my office presents this report about statewide issues and state agencies that represent a high risk to the State or its residents. Our work to identify and address such high-risk statewide issues and agencies aims to enhance efficiency and effectiveness by focusing the State's resources on improving the delivery of services related to important programs or functions.

We describe in this report four high-risk statewide issues that include aspects of state management of COVID-19 federal funds, state management of financial reporting and accountability, information security, and water infrastructure. We also conclude that three state agencies meet our criteria to be designated as high-risk: the Employment Development Department, the California Department of Technology, and the Department of Health Care Services. Finally, we have removed from our state high-risk list higher education, the California State Teachers' Retirement System, other postemployment benefits, the California Department of Public Health, transportation infrastructure, and the California Department of Corrections and Rehabilitation. We have based these decisions on factors including changes in circumstances and the significant progress that the State has made toward mitigating various risk factors.

We will continue to monitor the risks we have identified in this report and the actions the State takes to address them. When the State's actions result in significant progress toward resolving or mitigating such risks, we will remove the high-risk designation based on our professional judgment.

Respectfully submitted,

GRANT PARKS
California State Auditor

Above report referred to the Committee on Accountability and Administrative Review.
