PRAYER

Upon invitation of Speaker pro Tempore Mullin, the following prayer was offered by Chaplain Imam Mohammad Yasir Khan:

In the name of God, the most gracious, the most merciful.

Good and gracious God, on this last day of Session, before we go into fall recess, we look back and give You thanks for Your many blessings given to us, to our loved ones, and to our entire State. Indeed, we have been truly blessed. We are also aware of what has not yet been accomplished, and what still needs to be done. We seek forgiveness for our shortcomings. We enter into this recess, we do so with hope. We know that You are with us.

May this place be, today and always, a place of enlightenment and a place for those that intend doing Your will by serving Your creation. We make this prayer in Your holy name.—*Ameen*.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Mullin, Assembly Member Bauer-Kahan then led the Assembly in the pledge of allegiance to the Flag.

Legislative Intent—Assembly Bill No. 178

August 31, 2022

*Sue Parker**Chief Clerk of the Assembly
State Capitol, Room 319
Sacramento, California*

Dear Ms. Parker: The Legislature unanimously advanced the vision of an International Genocide Memorial in Sacramento with the enactment of Assembly Bill 2790 (Nazarian) in 2016.

This year, Assembly Bill 178 and later amendments of the 2022 Budget Act appropriate \$2 million to the Department of General Services to advance planning, siting, and construction efforts for the memorial.

As author of Assembly Bill 178 and Chair of the Assembly Budget Committee, I submit this letter to note the intent to advance the memorial further in 2023 budget actions. First, it is our intent to propose amendments to clarify language in Section 6311(c) of the Government Code to make clear that this year's appropriation may be used to construct the memorial. Second, it is our intent to propose amendments to ensure that the Department of General Services consults with the USC Institute of Armenian Studies Leadership Council in planning for the memorial's construction in addition to the other consultations required in existing law. I encourage the department to proceed with planning as soon as possible consistent with this legislative intent. I commend my colleague, Assemblymember Adrin Nazarian, for his leadership to advance the International Genocide Memorial project.

Sincerely,

PHILIP Y. TING, Assembly Member
Nineteenth District**Legislative Intent—Assembly Bill No. 185**

August 31, 2022

*Sue Parker**Chief Clerk of the Assembly
State Capitol, Room 319
Sacramento, California*

Dear Ms. Parker: I am providing this letter to the journal to clarify Section 23 of AB 185 does not permit an employer to deduct an alleged wage overpayment without providing the employee with due process rights, under existing law. Further, processes established pursuant to Section 23 of AB 185 do not supersede collective bargaining under the Educational Employment Relations Act, Gov. Code Section 3543.2.

Sincerely,

PHILIP Y. TING, Assembly Member
Nineteenth District

Legislative Intent—Assembly Bill No. 988

August 30, 2022

*Sue Parker**Chief Clerk of the Assembly
State Capitol, Room 319
Sacramento, California*

Dear Ms. Parker: I write to clarify on the record that the intent of Government Code Section 53123.2(b)(2)(C) in AB 988 is to include emergency medical services as part of the State 988 Technical Advisory Board.

Sincerely,

REBECCA BAUER-KAHAN, Assembly Member
Sixteenth District**Legislative Intent—Assembly Bill No. 2135**

August 30, 2022

*Sue Parker**Chief Clerk of the Assembly
State Capitol, Room 319
Sacramento, California*

Dear Ms. Parker: This letter is to clarify the intent of AB 2135 (Irwin). The bill requires certain state agencies to certify by February 1, and annually thereafter, to Legislative leadership that they are in compliance with specific adopted information security policies, standards, and procedures. The certification must also include a plan of action and milestones to address areas of non-compliance. I acknowledge that the first certifications under this bill, if signed by the Governor, will come a month after it becomes effective as state law.

I acknowledge it is infeasible for these state agencies to all conduct independent security assessments within the first month of the effective date of this bill in order to certify and complete a plan of action and milestones based upon recently adopted information security standards. This would put undue pressure on agencies' current fiscal year budgets and the security assessment vendor community.

This letter clarifies that the Legislature intends that the first certification will indicate each state agency's adoption of standards and its included plan of action and milestones will be based upon prior independent security assessments or knowledge of any known weaknesses or areas of non-compliance. These prior assessments may have been conducted under different standards, but can and should be mapped to the adopted standards.

I believe this approach will provide the Legislature with a more immediate understanding of the information security posture of these agencies. This enables better oversight and support of these state agencies, rather than a delay of the certifications until new independent security assessments can be completed.

Sincerely,

JACQUI IRWIN, Assembly Member
Forty-fourth District

Legislative Intent—Assembly Bill No. 2322

State Capitol, Room 319
Sacramento, California*

RE: Letter to the Assembly Journal regarding AB 2322

Dear Ms. Parker: The purpose of this letter is to express my intent as the author of Assembly Bill 2322. Catastrophic wildfires in California have grown larger and more destructive over the past several decades. California has implemented measures to minimize or prevent wildfires, but very little has been done to ensure that nonresidential, critical infrastructure in areas that are most susceptible to fire meet the standards necessary to withstand prolonged exposure to fire. AB 2322 requires the State Fire Marshal to research and develop updated building standards for fire resistance that would apply to nonresidential, critical infrastructure in very high, high, and moderate California fire hazard severity zones. The State Fire Marshal may propose these standards to the California Building Standards Commission. This will ensure that the building materials used to construct critical infrastructure provide necessary protection for the public against the threat of wildfire.

While the intent of this bill is to build resiliency throughout fire prone areas of California, new requirements should not be so restrictive as to prevent construction altogether. My intent has always been that the experts at the State Fire Marshal would retain flexibility to make evidence based recommendations that are consistent with the state of modern technology. Accordingly, this bill is not intended to take away the State Fire Marshal's existing authority to research, develop, and propose building standards related to fire and life safety, thereby ensuring that State Fire Marshal can develop recommendations that make certain newly constructed critical infrastructures are built with materials that will withstand wildfires to the greatest degree practicable.

Respectfully submitted,

JIM WOOD, Assembly Member

Legislative Intent—Assembly Bill No. 2273

August 29, 2022

*Sue Parker**Chief Clerk of the Assembly
State Capitol, Room 319
Sacramento, California*

Dear Ms. Parker: I am writing to clarify my intent as the author of the California Age-Appropriate Design Code Act (AB 2273), and in particular the requirements regarding Data Protection Impact Assessments (DPIA). As discussed in more detail below, the DPIA requirements in AB 2273 are intended to bring California into alignment with existing, respected international frameworks protecting children's privacy online.

I am aware of recent concerns that the DPIA requirements set forth in Section 1798.99.31(a) of AB 2273 could unnecessarily restrict the flexibility of the Attorney General and companies to evolve the scope and focus of DPIAs as technologies change. I write to clarify that my intent in drafting the DPIA provisions is to ensure that DPIA standards conform with those already established in the United Kingdom and Europe, for example, and may be subject to refinement over time to better address evolving risks to children.

Concerns have also recently been raised that the DPIA provisions could potentially be seen as imposing new obligations or otherwise chill the development of features intended to help teens grow and express themselves. My intent is to enact protections for children's privacy and the protection of their data—not frustrate the development of or access to services or features that help teens gain access to important support networks, build communities, or share user-generated content.

Finally, I want to emphasize that AB 2273 grants rulemaking authority to the California Attorney General. I believe many of the concerns described above can be clarified through regulation. To the extent that infirmities that frustrate the Legislature's intent are identified and not resolved through rulemaking, I am committed to authoring subsequent legislation to resolve the issues and ensure that there is necessary flexibility and clarity in the law.

Thank you for this opportunity to clarify the intent of AB 2273.

Sincerely,

BUFFY WICKS, Assembly Member
Fifteenth District

Legislative Intent—Assembly Bill No. 2752

August 30, 2022

*Sue Parker**Chief Clerk of the Assembly
State Capitol, Room 319
Sacramento, California*

Dear Ms. Parker: The purpose of this letter is to express my intent as the author of Assembly Bill 2752. Today, the maps that define broadband availability in California overstate access and minimize the experience of those struggling behind the digital divide. Data reported to the CPUC must reflect the reality of broadband access at the household-level.

To maintain the California Broadband Interactive Map, the CPUC presently requests that broadband service providers submit broadband deployment data indicating each street address to which the provider has built out their broadband network infrastructure and to which they either currently provide service or could perform a standard broadband installation, whether mass market/consumer broadband service is available at that address, the technology of transmission of that service (e.g. DSL, cable modem, fiber optic, terrestrial fixed wireless), the maximum advertised upstream and downstream bandwidth for consumers at that address, and whether business/enterprise/government broadband service is available at that address.

In addition, to verify the availability of broadband service at these locations, the CPUC requests that broadband service providers submit limited broadband subscription information indicating each address from which a customer subscribes to the provider's broadband service, the technology of transmission, the upstream and downstream bandwidth to which the customer at the address subscribes, the number of total connections at the address, and the number of connections at the address that are provided in consumer-grade service plans.

The intent of this bill is to clarify that the CPUC's authority to collect this information from broadband providers, receipt of which is necessary to maintain an accurate and detailed map of broadband accessibility, extends to the address level. It is not the intent of this bill to expand the CPUC's authority to collect address-level information from broadband providers that is unrelated to this function. The privacy and security of the data collected by the CPUC would be protected by existing statute—namely the Information Practices Act in California.

Respectfully submitted,

JIM WOOD, Assembly Member
Second District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Reyes was granted unanimous consent that the following statement of legislative intent relative to Assembly Bill No. 1886 be printed in the Journal.

Legislative Intent—Assembly Bill No. 1886

August 31, 2022

*Sue Parker**Chief Clerk of the Assembly
State Capitol, Room 319
Sacramento, California*

Dear Chief Clerk Parker, the purpose of this letter is to clarify my intent in enacting Assembly Bill (AB) 1886, which will include street sweeping services within the statutory definition for “public works,” thus making the services subject to payment of prevailing wages. My objective in advancing this measure is to provide clarity for awarding entities, contractors, and labor compliance groups as to the application of prevailing wages to street sweeping public works maintenance projects.

It is my intent to codify the Department of Industrial Relations (DIR) interpretation of street sweeping as a “routine and recurring work that keeps public streets and facilities in a safe and continually usable condition for public use” and requires the payment of prevailing wage as explained in DIR Public Works Case No. 2020-005.

Based off of new opposition to the bill, it is my understanding that a variety of localities around the state have contracts for street sweeping services that do not meet the DIR’s interpretation of this work. It is my intent for these localities to have the opportunity to renegotiate these contracts in a reasonable amount of time, but by no later than January 1, 2024.

Thank you for the opportunity to clarify the intent of AB 1886.

Sincerely,

JIM COOPER, Assembly Member
Ninth District
