PRAYER

Upon invitation of Speaker pro Tempore Mullin, the following prayer was offered by Assembly Alternate Chaplain Rev. Bob Oshita:

Please join me in a brief reflection on leadership:

A true leader should be the very definition of integrity and honor. They should be respectful of history and serve as our living time capsule of experience and knowledge. Most importantly they should be our invisible guiding hand, unassuming and absolutely reliable. These are the ideal qualities of leadership.

As Lao Tzu said, “A leader is best when people barely know they exist.”

Oprah Winfrey said, “Real Integrity is doing the right thing knowing that nobody’s going to know whether you did or not.”

Maya Angelou has said, “In order to Mentor, one must care.”

And in the words of Mahatma Gandhi, “The sign of a good leader is not how many followers they have, but how many leaders they create.”

For such leadership, we have been truly fortunate.

—Namo Amida Butsu, with kindness and gratitude beyond words.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Mullin, Assembly Member Jones-Sawyer then led the Assembly in the pledge of allegiance to the Flag.

MOTION TO DISPENSE WITH READING OF THE JOURNAL

Further reading of the Journal of the previous legislative day was dispensed with on motion of Assembly Member Calderon, seconded by Assembly Member Flora.

COMMUNICATIONS

The following communication was presented by the Chief Clerk, and ordered printed in the Journal:

September 9, 2019

E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: The Legislative Analyst’s Office has posted on our website our office’s fiscal analysis of the proposed memorandum of understanding between the Governor and the nine bargaining units represented by Service Employees’ International Union, Local 1000. This analysis was only released in an online version (<https://lao.ca.gov/Publications/Report/4094>). This analysis is required to be submitted to the Legislature pursuant to Section 19829.5 of the Government Code. On August 30, 2019, the Department of Human Resources transmitted to the Legislature the agreement and the administration’s estimate of the agreement’s fiscal effects.

Sincerely,

GABRIEL PETEK
Legislative Analyst

MESSAGES FROM THE SENATE

September 13, 2019

The Honorable E. Dotson Wilson

Chief Clerk of the Assembly

Assembly Chamber

Dear Dotson: By direction of the Senate, I am ordering that SB 416 be returned to the Assembly for further action.

Sincerely,

ERIKA CONTRERAS
Secretary of the Senate

Above bill ordered held at the Desk.

Senate Chamber, September 13, 2019

Mr. Speaker: I am directed to inform your honorable body that the Senate on this day passed as amended:

Assembly Bill No. 1290

And respectfully requests the Assembly to concur in said amendments.

ERIKA CONTRERAS, Secretary of the Senate
By Bernadette McNulty, Assistant Secretary

Above bill ordered to unfinished business file.

ANNOUNCEMENTS

Speaker pro Tempore Mullin made the following announcement on behalf of Speaker Rendon:

We welcome the public to witness the exchange of ideas on this Floor, and we celebrate the First Amendment’s guarantees that allow everyone to express their opinions about matters before this Body, to their representatives.

However, this Body expects decorum in the Assembly Chamber. Decorum is necessary to properly conduct the business of all the people of the State of California.

Those visitors who attend Session must agree to behave in a quiet and orderly fashion.

This means we expect guests to not applaud, shout, or disrupt proceedings.

We will be enforcing those rules today.

Those who do not comply will be asked to leave quietly. Those who do not cooperate will be removed from the Chamber.

The Assembly thanks you for your understanding and compliance.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Calderon was granted unanimous consent that the following statements of legislative intent relative to Assembly Bills Nos. 1, 5, 38, 51, 115, 179, 423, 658, 701, 744, 920, 1066, 1264, 1383, 1466, 1485, 1486, 1505, 1511, 1695, 1768, and 1790, and Senate Bill No. 200 be printed in the Journal:

Legislative Intent—Assembly Bill No. 1

September 5, 2019

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: As the author of AB 1, the California Youth Football Act, I am providing this letter to the Assembly Daily Journal to clarify the scope of my intentions of the bill in two areas: ages and funding authority. First, the scope is focused on youth tackle football leagues, associations, chapters, and programs with non-high school participants in California. Second, we are excluding any tackle football leagues, associations, teams, and programs that may operate under the funding authority of the California Department of Education or the California Interscholastic Federation.

It is my understanding that there is some confusion on whether local education agencies or schools are impacted by AB 1. This letter clarifies that as the author, my intent was to have the bill only apply to youth sports organizations; meaning an organization, business or nonprofit that conducts youth tackle football programs. AB 1 does not apply to youth football programs that are run directly by local education agencies. Furthermore, this bill does not apply to any interscholastic sports in the State of California.

Provisions in my bill were analyzed by both committees and their analyses will confirm that it will in no way impact school operated football programs.

I trust that this clarifies the questions that have arisen.

Sincerely,

JIM COOPER, Assembly Member
Ninth District

Legislative Intent—Assembly Bill No. 5

September 13, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I am writing to clarify the intent of AB 5. The fundamental purpose of AB 5 is to codify the California Supreme Court's unanimous decision in *Dynamex Operations West, Inc. v. Superior Court of Los Angeles* (2018) 4 Cal.5th 903 (*Dynamex*) and clarify the decision's application in state law. Additionally, AB 5 provides that, for specified occupations and situations, the applicable test for determining if an individual is an employee or an independent contractor is the test set forth in the California Supreme Court decision in *S.G. Borello & Sons, Inc. v. Department of Industrial Relations* (1989) 48 Cal.3d 341 (*Borello*) or relevant statute.

It is not the intent of AB 5 to distinguish between "platform" and "brick and mortar" businesses. Both types of businesses rely on individuals to perform work as part of the usual course of their businesses.

One of the provisions of AB 5 addresses business-to-business contracting. Specifically, Subdivision (e) of Section 2750.3 provides that the holding in *Dynamex* and subdivision (a) of Section 2750.3 do not apply to a bona fide business-to-business contracting relationship if certain criteria are satisfied and, instead, the determination of employee or independent contractor status of the business services provider is governed by *Borello*. Importantly, while this provision exempts certain bona fide business-to-business contracting relationships from the holding in *Dynamex* if the criteria are satisfied, subdivision (e) is not intended to suggest, by negative implication, that the business services provider is necessarily an employee if those criteria are not satisfied.

Additionally, AB 5 is not intended to replace, alter, or change joint employer liability between two businesses. AB 5 is focused upon the determination whether an individual is an employee or an independent contractor.

It is the intent of AB 5 that subdivision (a) of the bill and the holding in *Dynamex* do not apply to a physician and surgeon, dentist, podiatrist, psychologist or veterinarian (Licensees), but that the holding in *Borello* applies to the Licensees. The September 6, 2019 amendments to AB 5 include language in Section 2750.3(b)(2) stating that *Dynamex* shall apply to the Licensees in some limited instances. The intent of AB 5 is to apply *Dynamex* to current or potential collective bargaining agreements in settings that allow for the employment of these Licensees. The version of AB 5 amended September 6, 2019 has language in Section 2750.3(b)(2) that fails to capture the intent of the author due to a drafting error and erroneously applies *Dynamex* to employment settings and not collective bargaining agreements. The language as of September 6, 2019 is not accurate. It is my intent to fix this drafting error by introducing a bill to amend Labor Code Section 2750.3(b)(2).

In an effort to provide as much certainty as possible moving forward, I am committed to working collaboratively with the labor and business

communities to develop additional language regarding the applicability of *Dynamex* in 2020 and to pursue legislation that further clarifies the law.

Thank you for this opportunity to clarify the intent of AB 5.

Sincerely,

LORENA GONZALEZ, Assembly Member
Eightieth District

Legislative Intent—Assembly Bill No. 38

September 13, 2019

E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: AB 38 is one bill among others in recent years with the express intent of providing “comprehensive” risk reduction to protect structures, communities, and ultimately the residents of California, from wildfire. We must do all we can to protect our communities.

Experience and studies show us that comprehensively reducing risk to structures requires applying all effective mitigation strategies, and that for every dollar invested in mitigation measures that go beyond the building code requirements, four dollars are saved when disaster strikes. For that reason, it is my intention that the term “structure hardening,” as defined in section 8654.3 of the bill, be broadly interpreted to include not only those strategies enshrined in code, but also other known cost-effective options. For example, I encourage the Fire Marshall and the JPA to consider strategies like non-combustible shutters, and adding exterior fire sprinklers to structures. We must support new and emerging strategies that are proven effective in protecting structures.

Historically the legislature has seen fit to outline income eligibility criteria for assistance programs. While AB 38 leaves discretion of eligibility criteria to the specified departments, it is my intention that this program employ a variety of financial assistance tools to make this program cost effective and available to a broader range of applicants. For example, grants and in-kind work should be considered for lower income applicants and other tools, such as rebates or loans, should be considered for more moderate income applicants.

I respectfully submit this letter to be printed in the Assembly Journal to clarify my intention regarding AB 38.

Respectfully submitted,

JIM WOOD, Assembly Member
Second District

Legislative Intent—Assembly Bill No. 51

September 12, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: The purpose of this letter is to express my intent in enacting Assembly Bill 51, which prohibits California employers from forcing employees to waive their right to have certain potential legal disputes heard in the dispute resolution forum of their choice, as a condition of employment, continued employment, or the receipt of any employment-related benefit. The bill also protects California workers from retaliation if they refuse to agree to such a waiver.

The bill states that it does not apply to postdispute settlement agreements or negotiated severance agreements. It is my intent that the term “postdispute” in this context means any time after both parties are aware that an actual point of legal controversy has arisen between them. It is my intent that the term “negotiated” in this context means that the agreement is voluntary, deliberate, and informed, provides consideration of value to the employee, and that the employee is given notice and an opportunity to retain an attorney or is represented by an attorney.

Sincerely,

LORENA GONZALEZ, Assembly Member
Eightieth District

Legislative Intent—Assembly Bill No. 115

September 12, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: AB 115 renews and restructures the Managed Care Organization (MCO) tax, a vital revenue source that leverages federal matching funds for the Medi-Cal program. The new tax will raise approximately \$2 billion annually for Medi-Cal and is an important benefit for all Californians, whether they depend on the commercial market or our public programs to obtain affordable health coverage.

In 2016, the Legislature approved a bipartisan MCO tax package that ultimately received federal approval. Principally, the Legislature levied an MCO tax on licensed health care service plans, recognizing that health care service plans are not and have not been insurers as defined by Article XIII §28 of the California Constitution and California Insurance Code §§22 and 23. With this legislation, the state was able to make important investments in the health care system for the 13 million Californians who receive care through the Medi-Cal system. AB 115 builds upon the structure of previous MCO taxes and ensures the tax's impact on health care service plan premiums remains affordable, while providing a critical funding stream for the Medi-Cal program.

It is the intent of the Legislature, in passing AB 115, that the structure of the Managed Care Organization (MCO) tax remains consistent with the provisions of AB 115. To the extent that the California Department of Health Care Services is required by the Centers for Medicare and Medicaid Services (CMS) to make significant changes to the MCO tax, the Legislature retains its role in reviewing those changes and, if necessary, amending or repealing the statute enacted by AB 115.

We respectfully submit this letter to be printed in the Assembly Journal to clarify our intention in continuing to impose the MCO tax on health care service plans.

Sincerely,

PHILIP Y. TING, Chair
Assembly Budget Committee

Legislative Intent—Assembly Bill No. 179

September 6, 2019

E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Chief Clerk: My Assembly Bill 179 seeks to update the laws regulating the relationship between automobile manufacturers and franchised dealers. I would like to clarify my intentions, relating to the changes proposed by AB 179 to sections 3050, 3065 and 3065.2 of the Vehicle Code.

Section 3050 of the Vehicle Code contains the powers and duties of the New Motor Vehicle Board (Board) and subdivision (b) relates to “petitions” in which the Board can “[c]onsider any matter concerning the activities or practices of any person applying for, or holding a license as, a new motor vehicle dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative pursuant to Chapter 4 (commencing with Section 11700) of Division 5 submitted by any person”

AB 179 amends Vehicle Code Section 3050 to remove the authority of the New Motor Vehicle Board (Board) to hear appeals from decisions made by the Department of Motor Vehicles. AB 179 also seeks to clarify the Board’s jurisdiction over consumers in subdivision (b)(2)(B) of Section 3050. It is my intention that, for the Board to have jurisdiction over a petition pursuant to this subdivision, the petitioner must have filed the petition or consent to the jurisdiction by the Board. Since this subdivision is limited to petitions filed by members of the public, including consumers, it is my intention that this subdivision does not affect petitions filed by licensees nor does it affect respondents to petitions filed by licensees.

Section 3065 of the Vehicle Code addresses the warranty reimbursement requirements between franchisor automakers and their franchised dealers. AB 179 amends this section to specify that dealers are entitled to retail warranty reimbursement rates for labor and parts if the dealer complies with Section 3065.2 of the Vehicle Code, a newly established section. AB 179 also specifies that an automaker and a dealer may enter into any voluntary written agreement signed by both parties that adequately and fairly compensates the dealer for labor and parts used to satisfy the warranty obligations. It is my intention to provide franchised dealers with an option on warranty reimbursement rates. A franchisee might choose to pursue warranty reimbursement with the retail submission process established in Section 3065.2 or sign a separate written agreement with an automaker. It is not my intention to compel every franchisee to use the retail warranty reimbursement rates. This bill will not operate to default to the retail warranty reimbursement rates option as established in Section 3065.2 of the Vehicle Code.

Accordingly, I wish to clarify my intention of AB 179.

Sincerely,

ELOISE GÓMEZ REYES, Assembly Member
Forty-seventh District

Legislative Intent—Assembly Bill No. 423

September 11, 2019

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: I am the author of AB 423. AB 423 requires the San Diego County Air Pollution Control District among other things to “create and maintain an internet website” “and migrate all of the existing data by December 2021, including” “all current permit information in a format that allows that information to be downloadable and searchable by address, facility name, pollutant, permit number, and equipment or process.”

I am submitting this letter to the Assembly Journal to clarify my intent with respect to these provisions. AB 423 is intended to protect and improve air quality in San Diego. While the bill does prescribe new posting requirements for the district, I believe that the new board and district employees will do everything they can to ensure the economic, public, and physical safety of San Diego. After conversations with the County of San Diego, I believe that the Public Records Act exemptions will protect a company, the Air District, and the County from having to post sensitive facility information that could create a physical security or other risk to critical infrastructure.

Sincerely,

TODD GLORIA, Assembly Member

Legislative Intent—Assembly Bill No. 701

September 6, 2019

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: As the author of AB 701, I respectfully submit this Letter to the Journal to clarify the legislative intent of this measure. AB 701 amends Section 3007.05 of the Penal Code to provide a person who is exonerated of a criminal offense to receive \$5,000 upon release from prison to be used to pay for housing and entitles the exonerated person to receive direct payment or reimbursement for reasonable housing costs for up to four years thereafter. It is the intent of this legislation that these payments are not taxable, as they are awards received in connection with their wrongful incarceration. Section 17156.1 of the Revenue and Taxation Code exempts any award from gross income to prevent taxation of payments to the wrongfully incarcerated.

As such, the payments pursuant to AB 701 should be disbursed without any state entity having to calculate or otherwise withhold taxes. It is my intent that gross income would not include any amount received in any taxable year pursuant to paragraph (2) of subdivision (d) of Section 3007.05 of the Penal Code.

Thank you for the opportunity to clarify this matter.

Sincerely,

SHIRLEY N. WEBER, Ph.D., Assembly Member
Seventy-ninth District

Legislative Intent—Assembly Bill No. 744

September 12, 2019

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: It is my intent to clarify the intended application of Assembly Bill 744 in this letter.

Section 2290.5 of the Business and Professions Code, as amended by AB 744, defines “telehealth” to mean the mode of delivering health care services and public health via information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient’s health care. Further, Subdivision (e) of Section 2290.5 states that the bill is not to be construed to authorize the delivery of health care services in a manner not otherwise authorized by law.

Based on this definition of “telehealth” and the language set forth in subdivision (e) of section 2290.5, nothing in AB 744 is intended to address the legality of the use of any particular technology for diagnosis or treatment. The bill is intended to defer determinations of the legality of any particular technologies to the appropriate state and federal regulators.

Sincerely,

CECILIA AGUIAR-CURRY, Assembly Member
Fourth District

Legislative Intent—Assembly Bill No. 920

September 13, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I request that this letter be placed in the September 13, 2019, Daily Journal to further state the intent of Assembly Bill 920. This bill is intended to eliminate unlicensed treatment in outpatient programs for substance use disorder. Its purpose is to ensure that outpatient programs operate with integrity and provide services that have a level of quality that ensure safety for clients who access them to treat the life-threatening disease of addiction.

Outpatient treatment services for substance use disorder are also offered and provided by individuals, also known as independent practitioners. These professionals include various licensed and certified individuals including marriage family therapists, social workers, psychologists, and certified addiction counselors. This bill is not intended to regulate services offered or provided by independent practitioners, including certified counselors who are not currently licensed by any board or agency. Although standards and regulations for the delivery of substance use disorder services by unlicensed independent practitioners are sorely needed, these issues are not pertinent to the implementation of this bill.

Therefore, this bill is distinctly concerned with the regulation of programs through licensing which will provide the public with much needed quality assurance for substance use disorder treatment programs, thus improving consumer protection, reducing fraud and abuse, and raising confidence in California's treatment system. Subsequent and distinct legislation will allow the legislature to address standards and licensing for practitioners who also provide similar services.

Sincerely,

**COTTIE PETRIE-NORRIS, Assembly Member
Seventy-fourth District**

Legislative Intent—Assembly Bill No. 1066

September 13, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I'm writing this letter to clarify my intent in authoring Assembly Bill 1066. The purpose of the bill is to further the primary goal of the Unemployment Insurance (UI) program, which serves to minimize economic insecurity of unemployed workers and their communities when suitable work is unavailable and all other legal criteria are met. The bill provides workers involved in a trade dispute access to a modest safety net by permitting the collection of UI benefits after a four-week waiting period, or after a one-week waiting period if the workers are locked out by their employer.

To ensure successful implementation of this legislation, it is my intent to work with the Administration and EDD to review data on the impacts of this policy change on the UI program, including the interplay with any labor dispute-related settlement agreements, whether this policy change would impact fund solvency in any way, and other implementation details. Should the policy change under AB 1066 result in anything more than negligible impact on the UI fund, it is my intent that additional legislative or regulatory action be pursued to limit adverse fiscal impacts on the fund.

Sincerely,

LORENA GONZALEZ, Assembly Member
Eightieth District

Legislative Intent—Assembly Bill No. 1264

September 10, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I request that this letter be placed in the September 11, 2019 Daily Journal to further state the intent of Assembly Bill 1264. This bill will reduce barriers to health care via virtual care by clarifying that qualified health providers may prescribe drug prescriptions through an asynchronous store-and-forward telehealth modality as long as the standard of care is not compromised. Specifically, as amended on June 25, 2019, AB 1264 clarifies the definition of “appropriate prior examination” for prescribing drugs using telehealth services and does not limit this definition to any type of care or prescription.

This bill makes it clear that an appropriate prior examination can be achieved through virtual care and does not require a synchronous interaction between the patient and the licensed provider, so long as use of the telehealth modality meets an appropriate standard of care for providing medical care as determined by the relevant board that license healthcare providers, such as the Medical Board of California.

Therefore, under AB 1264, appropriate uses of telehealth can include self-assessment or questionnaires to screen for important safety information, while increasing ease of access for patients.

Sincerely,

COTTIE PETRIE-NORRIS, Assembly Member
Seventy-fourth District**Legislative Intent—Assembly Bill No. 1383**

September 13, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: AB 1383 will prohibit the California State University, and if adopted by the Regents, the University of California, from admitting applicants by special admission without a process of checks and balances. AB 1383 as recently amended seeks to incorporate certain recommendations from the University of California audit of their admission process into the provisions of this bill. As the author of this measure, I respectfully submit this letter to be printed in the Assembly Journal in order to provide clarification that the intent of AB 1383 is to become operative commencing with applications submitted during the 2021–22 academic year.

Thank you for your attention to this important clarification.

Sincerely,

KEVIN MCCARTY, Assembly Member

Legislative Intent—Assembly Bill No. 1466

September 12, 2019

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: The purpose of this letter is to expand upon my intent as the author of Assembly Bill (AB) 1466, which provides for instructional employees in higher education to be treated as professional employees and therefore exempt from specified provisions of the applicable wage orders and wage and hour provisions of the Labor Code, provided certain criteria are met. As articulated during this legislative session, it is my intent that the bill provides that an adjunct faculty member at an independent, non-profit institution of higher education in California is considered an exempt professional, provided their compensation meets the minimum threshold identified in Section 515.7 (b), or has been established pursuant to a collective bargaining agreement.

Instructional employees that are neither tenured nor on the tenure track at independent colleges and universities are commonly referred to as adjunct faculty members, who may teach one or two classes per week and do not work a traditional full-time workweek of 40 hours. It is common practice for such adjunct faculty who provide instruction for a credit-bearing course or laboratory to be paid on a per-course or per-unit basis, and this bill provides much needed clarification in the Labor Code to preserve this industry standard practice.

AB 1466 maintains the protective wage floor, below which an instructional employee's wages may not go, in order to trigger the professional exemption under existing law. Currently, this wage floor is a monthly salary equivalent to no less than two times the state minimum wage for full-time employment. This bill is aimed at clarifying that the wage floor for instructional employees who do not teach full-time may in the alternative be calculated by establishing a minimum weekly payment that is no less than two times the state minimum wage for each classroom hour, as that term is used consistently by institutions (as opposed to course or unit, which can vary by institution), and for time spent on class preparation, grading, and other course-related work. Thus, the calculation that is set forth in the bill for "weekly pay" is intended to be read in this manner, so that the employee must receive the flat payment amount that is indicated in the bill, and that increases each subsequent year, for each "classroom hour" that is worked (i.e., for each hour that an instructional employee provides instruction in the classroom), in order for that employee to be considered exempt. In addition, this calculation of weekly pay, when also considering the total number of hours spent by an instructional employee outside the classroom on course or laboratory-related work, is intended to result in payment of at least two times the state minimum wage for all time spent on course or laboratory-related work.

It is not the intent of this bill to limit the maximum amount of compensation that an adjunct faculty member can earn. It is not the intent of this bill to modify or limit compensation of full time faculty

members at independent institutions of higher education. It is also not the intent of this bill to require any professional license or certification for the operation of this exemption.

Should this legislation be signed into law, it is my intent to work with the appropriate policy committees to further clarify the bill to reflect the intent stated above.

JACQUI IRWIN, Assembly Member
Forty-fourth District

Legislative Intent—Assembly Bill No. 1485

September 13, 2019

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: This letter is to clarify the intent of Assembly Bill 1485.

Under California statute, if a local government does not permit enough housing units to meet its share of the regional housing need for above moderate-income households a housing developer can receive streamlined, ministerial approval for a market-rate project if it dedicates 10% of the units in the project to lower-income households—those making 80% or less of area median income (AMI).

AB 1485 expands upon this streamlining for housing developments in the nine-county Bay Area by allowing a developer to choose to dedicate 20% of the units to households making up to 120% of AMI, with an average affordability level of 100% AMI, as an alternative to providing 10% lower-income units.

This amendment to the law is a focused response to the extraordinarily high housing costs that currently exist in the Bay Area. In April, the San Jose Mercury News partnered with real-estate analytics firm Zillow to better understand the housing crisis in the Bay Area and found that even those earning \$100,000—roughly the region's median household income, one of the highest in the United States—are being priced out. In the nine-county Bay Area the number of affordable options for low- and moderate-income families, for renters and buyers alike, are simply vanishing. As a result, many families are leaving the Bay Area due to the high cost of living. To address this, AB 1485 is intended to incentivize market-rate developers to produce affordable units for moderate-income families in the nine-county Bay Area.

While we lack explicit data for every jurisdiction in the region, the information we do have for the Bay Area suggests that units affordable to moderate-income households are in short supply, generally below market rate, and cannot be produced by market-rate developers without subsidy or incentives. This may not be the case in other parts of the state. It is my intent that any future expansion of SB 35 that allows for developers to include moderate-income units build in a mechanism for ensuring that those units are below market rate and necessary to fulfill a need in the community. It is not my intent that AB 1485 shift or undermine state incentives away from meeting the housing needs of lower-income households, but rather to recognize that there is and may

continue to be a need to support the production of moderate-income housing in certain circumstances in addition to lower-income housing.

Another clarification is that the California Environmental Quality Act (CEQA) exemption for land owned by the San Francisco Bay Area Rapid Transit District (BART) is intended to apply only to development projects utilizing the streamlined, ministerial approval processes under Section 65913.4 of the Government Code.

Furthermore, Government Code Section 65913.4 (h)(2) is intended to provide a CEQA exemption for off-site improvements located on local agency or BART property that are necessary to implement projects approved through the streamlined SB 35 process.

Sincerely,

BUFFY WICKS, Assembly Member

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I am writing to clarify a provision of my bill, AB 1486, pertaining to the disposition of surplus land, which was erroneously omitted. In Government Code 54221(b)(2), the language below was inadvertently struck from the bill:

. . . Nothing in this article shall be interpreted to require a local agency to dispose of land that is determined to be surplus.

This language was omitted by Legislative Counsel and given legislative deadlines we are unable to amend the bill prior to the end of Session. Without this provision it may be interpreted that a local agency would be compelled to dispose of surplus property immediately upon declaring it “surplus” or “exempt surplus” land.

Our intention with Government Code 54221(b) is to require local agencies to declare surplus property “surplus” or “exempt surplus” prior to disposal. In so doing, local agencies may, on an annual basis, declare multiple parcels as “surplus” or “exempt surplus” land. To allow for this, it is critical that local agencies be allowed to dispose of surplus property when they choose and not immediately upon declaring it “surplus” or “exempt surplus” land.

In addition to this letter, I commit to facilitating a clean-up measure (either a committee or stand-alone bill) when the Legislature returns in January 2020 to include the language outlined in this letter in the Surplus Land Act. This clarification will provide flexibility and streamlined processes for local agencies to implement AB 1486.

Dear Mr. Wilson: I am providing this letter to the Journal to clarify the intent of AB 1505, relating to charter school approvals, renewals and oversight. AB 1505 adds Education Code Section 47605.9(a), which mirrors the existing charter school geographic limitation provisions in 47605(a).

Education Code Section 47605.1(g) currently gives flexibility to charter schools which operate in exclusive partnership with specified workforce training programs. AB 1505 is not intended to impact the flexibility afforded to charter schools pursuant to 47605.1(g).

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: This letter is to explain the intent of Section 2 of AB 1511.

Section 30988.2 of the Public Resources Code as amended by Section 2 of AB 1511 would provide that the Secretary for Environmental Protection, the Secretary of the Natural Resources Agency, the State Coastal Conservancy and the Santa Monica Bay Restoration Commission shall enter into a Memorandum of Understanding that ensures the coordination of state programs affecting the Santa Monica Bay, and that delineates the authority of that commission, and its governance structure with respect to the implementation of those state programs. This section also provides that the Commission membership shall be prescribed in the Memorandum of Understanding and shall include federal, state, and local public agency officials and employees, and representatives of stakeholder interests.

Control over Commission membership is maintained at the local level, specifically by the Commission Governing Board (pursuant to the Memorandum of Understanding) and it is not the intent of this legislation to change or remove that control.

Local representation has been critical to the Commission's goal of enhancing and restoring Santa Monica Bay by improving water quality, conserving and rehabilitating natural resources, and protecting the Bay's benefits and values and it should continue upon implementation of AB 1511.

Dear Mr. Wilson: The purpose of this letter is to express my intent in enacting Assembly Bill (AB) 1695, which requires a skilled nursing facility to notify residents 90-days in advance of any proposed changes in ownership. The bill requires the facility to provide the notice to the public, upon request and requires the California Department of Public Health (DPH) to include information in the Department's database.

It is my intention that DPH includes this information in the database once an application to change ownership, which includes this information, has been filed with the DPH.

Sincerely,

WENDY CARRILLO, Assembly Member
Fifty-first District**Legislative Intent—Assembly Bill No. 1768**

Dear Mr. Wilson: The purpose of this letter is to express my intent in enacting Assembly Bill (AB) 1768, which would expand the definition of public works to include work conducted during site assessments or feasibility studies.

In order to provide awarding bodies and the entities with whom they contract time to adjust to the statutory changes effected by this bill, it is my intent that the changes made to Labor Code section 1720 (a)(1) in AB 1768 shall be not enforceable prior to July 1, 2020.

Sincerely,

WENDY CARRILLO, Assembly Member

Legislative Intent—Assembly Bill No. 1790

September 12, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: With a large footprint in the retail space, marketplaces have a responsibility to ensure that third-party sellers know and understand the policies that govern their contractual relationship prior to selling in the marketplace. While the definition of “marketplace” in AB 1790 is intentionally broad, “marketplace” is not intended to apply to a company that simply advertises third-party sellers’ products and services on their website or platform or refers customers to third-party sellers through their respective company website, so long as any retail sales are completed on the third party sellers’ own websites or otherwise completed outside of the company’s website or platform.

This bill seeks to ensure that third-party sellers know and understand the marketplace policies related to the contractual relationship between the e-commerce marketplaces and the third-party sellers by requiring that the terms and conditions regarding these relationships are drafted in plain language and are easily accessible for marketplace sellers online. The intent, however, is for an online marketplace to post only the marketplace’s standard terms and conditions which pertain to issues raised in AB 1790 rather than posting entire contracts with marketplace sellers.

Therefore, the posted terms and conditions would be limited to: (1) grounds for decisions to retain, or refuse to disburse, funds in the marketplace’s possession that belong to a marketplace seller pending investigation or resolution of disputes between the marketplace and its seller, (2) grounds for suspending or terminating a marketplace seller from participating in the marketplace, and (3) policies regarding payments to the marketplace to influence search results through ranking or preferential placement of tangible personal property or services sold by marketplace sellers through the marketplace. Also, the intent is not to post marketplace seller’s contract terms, which have been accepted by the marketplace, or contract terms negotiated by both parties.

AB 1790 will help level the playing field for small businesses by requiring online e-commerce marketplaces to provide clear and specific information about their terms and policies, make that information available online to the businesses that use their platform to sell goods, and set objective grounds for disputes about the disbursement of funds from the third-party sales that are in the platform’s possession.

Sincerely,

BUFFY WICKS, Assembly Member
Fifteenth District

Legislative Intent—Senate Bill No. 200

September 12, 2019

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Erika Contreras
Secretary of the Senate
State Capitol, Room 400
Sacramento, California

Dear Mr. Wilson and Ms. Contreras: For the last three years, I have authored legislation to provide funding for the State Water Resources Control Board (State Board) to address unsafe drinking water in communities across California. During budget discussions, the leaders of the two houses and the Governor agreed to commit \$130 million annually from the Greenhouse Gas Reduction Fund to restoring safe drinking water for all Californians. Subsequent discussions have culminated in agreement on the language in SB 200, as amended on July 2, 2019, which I jointly authored with Assemblymembers Eduardo Garcia and Richard Bloom.

As I explained in response to questions in the Assembly Environmental Safety & Toxic Materials Committee, SB 200 does not change the duty of either the State Board or the Attorney General to enforce California's water quality laws. Those laws include the Porter-Cologne Water Quality Control Act and the Safe Drinking Water Act. SB 200 does not include either agricultural fees or any limits on enforcement of water quality laws. I intend, along with the bill's joint authors, that enforcement of water quality laws will continue.

We respectfully request that this letter be printed in the Journal for each house, to establish our intent on this issue in the legislative record for SB 200.

Sincerely,

WILLIAM MONNING, Senator
Seventeenth District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Legislative Intent—Assembly Bill No. 1413

September 13, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I have authored AB 1413, which allows specified jurisdictions to impose previously authorized transactions and use taxes in a portion of their jurisdictions, rather than imposing such taxes in the entirety of their jurisdictions, subject to certain requirements. I submit this letter to the Assembly Journal for the purposes of clarifying the intent of AB 1413.

AB 1413 is only intended to provide specified jurisdictions with flexibility in how they apply their existing transactions and use tax authority, previously provided under the Public Utilities Code, enabling them to impose such transactions and use taxes in a portion of their jurisdictions rather than in the entirety of their jurisdictions. AB 1413 does not provide the specified jurisdictions with new or additional authority to impose a transactions and use tax, and, as the bill requires, any transactions and use taxes imposed pursuant to AB 1413 remain subject to the 2.00% rate limitation established by Revenue and Taxation Code Section 7251.1. Should this legislation be signed into law, it is my intent to work with the appropriate policy committees to further clarify the bill to reflect the intent stated above. Thank you for the opportunity to clarify this intent.

Sincerely,

TODD GLORIA, Assembly Member
Seventy-eighth District

Legislative Intent—Assembly Bill No. 1487

September 9, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: The purpose of this letter is to clarify the intent of my Assembly Bill 1487.

AB 1487 adds an act to Title 6.8 (commencing with Section 64500) to the Government Code, relating to housing.

Part 1 Chapter 3 Section 64520 empowers the Bay Area Housing Finance Authority to place a measure on the ballot to raise revenue and allocate funds throughout the San Francisco Bay Area. It is the intent of the legislation that before any ballot measure is placed on the ballot that the Association of Bay Area Governments and Metropolitan Transportation Commission facilitate a robust process involving a wide range of stakeholders to facilitate input on the measure and its proposed expenditure.

Part 2 Chapter 2 specifies the revenue measures that can be utilized to fund affordable housing in the San Francisco Bay Area. It is the intent of this legislation that these revenue measures would not, on balance, make it more difficult to build housing in the Bay Area. It is also not the intent of this legislation that these revenue measures be targeted at or inordinately burden housing developers. It is for these reasons, and in light of the burdens already facing housing development, that the legislation itself describes its intent to “distribute the responsibility for addressing the affordable housing needs of the region across commercial developers, businesses above a certain size, taxpayers, and property owners within the region.”

Part 2 Chapter 3 Section 64650 provides the process for counties to draft and adopt a county expenditure plan as it relates to the “return to source” funds. It is the intent of this legislation for counties to work collaboratively with cities and other stakeholders in the development of the expenditure plans.

Thank you for this opportunity to clarify my intent in AB 1487.

Sincerely,

DAVID CHIU, Assembly Member
Seventeenth District

Legislative Intent—Assembly Bill No. 1658

September 13, 2019

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: The purpose of this letter is to express my intent in enacting Assembly Bill (AB) 1658, which would require the Commission on Teacher Credentialing (CTC) to create a working group including representatives from the adult education field with the goal of addressing issues surrounding employment patterns, permanency, funding levels and reciprocity that lead to different instructor requirements and different experiences for adults seeking education.

In order to ensure the working group created by AB 1658 will accurately represent the diverse interests of the California education system, it is my intent that Sections 44233 (b)(1) and Section 44233 (b)(2) of the Education Code make reference to two adult education teachers who have been approved by their exclusive bargaining agent and two adult education teachers who have been approved by the Academic Senate of the California Community Colleges, respectively.

Sincerely,

**WENDY CARRILLO, Assembly Member
Fifty-first District**
