MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal:

Veto Message—Assembly Bill No. 449

Governor's Office, Sacramento

September 27, 2019

To the Members of the California State Assembly:

I am returning the following bills without my signature:

AB 449

SB 628

These bills would direct revenue from the sale of excess state highway properties to local transportation projects.

Existing law establishes a process for programming transportation projects and directs revenues from sales of excess Caltrans property to the General Fund to be used to pay for transportation debt service.

These bills create an exception to existing law that would negatively impact the General Fund by millions of dollars. If other jurisdictions are provided similar exceptions, the General Fund would be exposed to additional revenue losses in the future.

Sincerely,

GAVIN NEWSOM

Veto Message—Assembly Bill No. 710

Governor's Office, Sacramento

September 27, 2019

To the Members of the California State Assembly:

I am returning Assembly Bill 710 without my signature.

This bill requires the campuses of the University of California, California State University, California Community Colleges, and independent and private postsecondary educational institutions to post specified information regarding students' cost of attendance on their respective websites.

I share the goal of equipping students and their families with the most accurate and consistent information surrounding full cost of attendance across college and university campuses. However, the educational institutions affected by the bill are already providing much of this information to prospective students. In addition, this bill requires the use of data points that may not be reflective of the true costs of attendance while ignoring data that could be more informative.

Therefore, I cannot sign this bill.

Sincerely,

GAVIN NEWSOM

Veto Message—Assembly Bill No. 776

Governor's Office, Sacramento
September 27, 2019

To the Members of the California State Assembly:

I am returning Assembly Bill 776 without my signature.

This bill requires the Department of Education, in consultation with the Health and Human Services Agency, to establish an optional process for Local Education Agencies to include child-level data for children enrolled in state or federally funded early learning and care programs within the California Longitudinal Pupil Achievement Database.

I support the intention of this bill, and I believe there is a need for additional data in early childhood policymaking. However, we should build on our strong ongoing efforts in this space rather than starting anew.

The action proposed by this bill should be part of ongoing efforts to better integrate existing data. Moreover, any assessment of a potential comprehensive early childhood data system should take place in the context of the Master Plan for Early Learning and Care and the recently established Early Childhood Policy Council.

Therefore, I cannot sign this bill.

Sincerely,

GAVIN NEWSOM

Veto Message—Assembly Bill No. 1093

Governor's Office, Sacramento
September 27, 2019

To the Members of the California State Assembly:

I am returning Assembly Bill 1093 without my signature.

This bill would require the State Water Board to establish financial capability assessment guidelines for municipal separate storm sewer system permittees.

However, municipal finances are diverse, and a generic financial analysis as this bill suggests would not meaningfully advance our understanding of the ability of municipalities to meet stormwater permitting requirements.

The State Water Board is currently implementing and refining guidelines to assist local agencies in estimating and tracking the cost of compliance with their stormwater permits. Additionally, the State Water Board and Regional Water Boards work with permittees to create customized compliance schedules and offer grants and loans.

Sincerely,

GAVIN NEWSOM

Veto Message—Assembly Bill No. 1227

Governor’s Office, Sacramento
September 27, 2019

To the Members of the California State Assembly:

I am returning Assembly Bill 1227 without my signature.

This bill would require the Departments of Aging, Health Care Services, Public Health, Social Services and the Emergency Medical Services Authority to share information regarding adverse administrative actions against licensees, facilities or providers.

This bill is not needed because these entities are already sharing such information as authorized under current law.

Sincerely,

GAVIN NEWSOM

Veto Message—Assembly Bill No. 1249

Governor’s Office, Sacramento
September 27, 2019

To the Members of the California State Assembly:

I am returning Assembly Bill 1249 without my signature.

This bill would authorize a pilot program that would exempt risk-bearing provider groups taking on global risk from full licensure under the Knox-Keene Act. This proposed pilot project would undermine the fundamental purpose of the Knox-Keene Act by permitting such entities to operate in the State without providing the strong consumer protections guaranteed under the Act.

Therefore, I cannot sign this bill.

Sincerely,

GAVIN NEWSOM

Veto Message—Assembly Bill No. 1511

Governor’s Office, Sacramento
September 27, 2019

To the Members of the California State Assembly:

I am returning Assembly Bill 1511 without my signature.

This bill transfers responsibility for the administrative services for the Santa Monica Bay Restoration Commission from the State Water Resources Control Board to the State Coastal Conservancy.

I appreciate the efficiencies gained by linking the Santa Monica Bay Restoration Commission to the State Coastal Conservancy. However, the State Water Resources Control Board is better equipped with both staff and resources to provide administrative services to the Commission. Additionally, this bill would require the Commission to expand their authority to include water supply and broaden the water quality authority. It is not clear that the Commission has the appropriate expertise to fulfill this direction.

Sincerely,

GAVIN NEWSOM

Veto Message—Assembly Bill No. 1591

Governor's Office, Sacramento
September 27, 2019

To the Members of the California State Assembly:

I am returning Assembly Bill 1591 without my signature.

This bill would require the Insurance Commissioner (Commissioner) to appear before the Senate and Assembly Insurance Committees on a biennial basis to provide a presentation on the National Association of Insurance Commissioners' (NAIC) accreditation process. The bill also authorizes the Commissioner to provide the presentation to the legislative budget committees.

While I support the purpose of AB 1591, I do not believe that a statutory mandate is necessary for the Commissioner to appear before the Legislature to share information related to the NAIC's accreditation process.

Sincerely,

GAVIN NEWSOM

Veto Message—Assembly Bill No. 1658

Governor's Office, Sacramento
September 27, 2019

To the Members of the California State Assembly:

I am returning Assembly Bill 1658 without my signature.

This bill requires the Commission on Teacher Credentialing (CTC) to study issues related to adult education teacher credentialing.

Both the CTC and the Legislative Analyst's Office (LAO) have separately convened workgroups over the past four years that reviewed the current requirements and have already made recommendations to the Legislature. The CTC's report suggested that it consider waiving some or all of the requirements for adult education instructors, and the LAO's report recommended that the Legislature amend the statute so that individuals no longer need a teaching credential to serve as instructors at adult schools. However, no changes have been made.

Rather than convening a third workgroup to study these same issues, the Legislature should consider the recommendations made by the workgroups convened by the Commission and the LAO.

Sincerely,

GAVIN NEWSOM

September 18, 2019

To the Members of the California State Assembly:

Assembly Bill 5 is landmark legislation for workers and our economy. It will help reduce worker misclassification—workers being wrongly classified as “independent contractors,” rather than employees, which erodes basic worker protections like the minimum wage, paid sick days and health insurance benefits.

The hollowing out of our middle-class has been 40 years in the making, and the need to create lasting economic security for our workforce demands action. Assembly Bill 5 is an important step. A next step is creating pathways for more workers to form a union, collectively bargain to earn more, and have a stronger voice at work—all while preserving flexibility and innovation.

In this spirit, I will convene leaders from the Legislature, the labor movement and the business community to support innovation and a more inclusive economy by stepping in where the federal government has fallen short and granting workers excluded from the National Labor Relations Act the right to organize and collectively bargain.

Sincerely,

GAVIN NEWSOM
