California State Auditor

2009-108
October 27, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the State Auditor's Office presents its audit report concerning the Department of Veterans Affairs' (department) efforts to address the needs of California veterans.

The report concludes that the department provides few direct services outside of its veterans homes and CalVet Home Loan program (CalVet program). Although the department's Veterans Services division (Veterans Services) assists veterans and their dependents to obtain benefits, the department offers only minimal direct assistance to address other issues veterans face, such as homelessness and mental illness. Rather, the department relies on other entities including local and federal agencies to provide such services. The department has recently shifted its attention from focusing primarily on the veterans homes, deciding that it should take a more active role in increasing awareness among veterans about available services and benefits. However, the department's lack of coordination with County Veterans Service Officer programs (CVSOs) that help veterans apply for benefits may hinder its ability to increase veterans' participation in federal disability compensation and pension benefits. In addition, Veterans Services is in the process of developing collaborative relationships with other state entities that serve veterans, but many of these efforts are in the preliminary stages of development.

Furthermore, the department's strategic plan covering fiscal years 2007–08 through 2011–12 is incomplete. It has not formally assessed veterans' needs or included key stakeholders such as CVSOs in its strategic planning process, and it has not effectively measured its progress toward meeting the goals and objectives that it identified in its plan. Finally, the number of veterans participating in the CalVet program declined in the past three years for various reasons, including uncompetitive interest rates, economic recession, and a federal law that until recently limited the funding available to some veterans. In

addition, we determined that this program is generally not designed to address the needs of homeless veterans or veterans in need of multifamily or transitional housing and that state law would need to be changed or clarified for the department to address such needs.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Veterans Affairs.
