REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2023-112
December 19, 2023

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 319
Sacramento, California*

Members of the Assembly: As directed by the Joint Legislative Audit Committee, my office conducted an audit of the California Department of Housing and Community Development’s (HCD) administration of the Mobilehome Residency Law Protection Program (program). The program allows mobilehome owners to submit complaints about alleged violations of the Mobilehome Residency Law to HCD. In response, HCD must identify the most severe allegations and, in certain circumstances, forward those allegations to a contracted nonprofit legal service provider (LSP) that can assist the homeowner. Our audit concluded that HCD must improve its oversight of the program.

Although LSPs are responsible for providing services to complainants, attorney-related privileges limit HCD's ability to effectively oversee the work done by these contractors. The privileges prevent the LSPs from providing information—such as the number of hours they work on a complaint or investigations they perform to assist complainants—that HCD needs to determine if the LSPs are serving referred complainants. We also found that HCD did not take immediate action when LSPs notified it that they were denying services to complainants based on incorrect eligibility criteria and that HCD's program data are not of good enough quality to allow HCD to report accurately or efficiently to the Legislature as required.

The program is funded by an annual \$10 per lot fee paid by mobilehome park owners. Although we determined that HCD generally spent program funding appropriately, it has spent less than 40 percent of the program's revenue it has collected and has consequently accumulated \$8.3 million in unspent funds. Even if HCD's annual costs grow, the amount of unspent funds will likely continue to grow if the Legislature does not reduce the fee. To assess the appropriateness of the program's fee, we modeled different scenarios and determined that suspending the fee from fiscal year 2024–25 through the program's sunset date in January 2027 would reduce the unspent fund balance and still allow HCD sufficient funding to address complaints.

Respectfully submitted,

GRANT PARKS
California State Auditor

Above report referred to the Committee on Housing and Community Development.
