I herewith return to your honorable body without my approval, with my objections thereto, Assembly Bill No. 239, entitled "An Act providing for the payment of certain costs and expenses incurred in the arrest, keeping, examination, and trial of any convict committed to either of the State prisons of the State of California, and of any inmate of the Whittier State School or Fresno School of Industry, including the costs of coroners' inquests held on the body of any person confined in such prisons and schools."

This bill is principally designed to relieve the counties wherein the State prisons and reform schools are located from the burdens which necessarily flow from their establishment. While on the one hand it might perhaps appear just that the State should be charged with the expenses following the care of its convicts, and of the inmates of its reform schools, yet, on the other hand, in view of past experience evidencing the eager competition of counties to have such penal institutions located in their particular localities, it might, perhaps, seem that the incidental burdens, as well as the benefits, should be endured by the counties wherein such penal institutions are established, particularly in view of the fact that the State pays one half of the salaries of the Judges of the Superior Court and the expenses of the transportation of all convicts and inmates of the reform schools, as well as the fees of officers for such transportation.

Independently, however, of the merits of the bill, I am compelled to disapprove of its provisions: first, because it conflicts in essential particulars with Section 111 of the Penal Code; and second, because its subject-matter relates to and should form part of said Penal Code, and therefore should be codified as required by Sections 249 and 260 of the Political Code.

I am, nevertheless, of the opinion that the expenses incident to the arrest, keeping, examination, and trial of convicts, as well for escapes as for crimes committed in the State prisons, should be payable out of the money for the support of the State prisons after approval by the State Board of Prison Directors, as provided in Section 111 of the Penal Code, in addition to the approval by the State Board of Examiners, as required by the present measure.

I am also of the opinion that the expenses incident to the arrest, keeping, and trial of the inmates of the reform schools should be likewise payable out of the funds for the support of the Whittier State School and the Preston School of Industry, after approval by the trustees of said institutions and by the State Board of Examiners.

In the future consideration of this bill, I respectfully suggest that a change be made in the following ambiguous language of Section 2, which reads: "for any coroner's inquest held on the body of any convict or inmate who had been confined therein, shall be a legal charge against the State."

As the time of confinement referred to is not limited by any words, this part of the sentence is capable of the construction that the expense of a coroner's inquest upon the body of any convict or inmate of a reform school should be a charge against the State if such convict or inmate had at any time been confined in such penal institution, although he had been previously lawfully discharged.

HENRY T. GAGE,
Governor of the State of California.

RESOLUTION OF RESPECT.

Mr. Johnson moved the adoption of the following resolution:

WHEREAS, We have just learned with unsighed sorrow of the death of the Hon. Stephen M. White, formerly State Senator from Los Angeles County, and formerly United States Senator from California; and,

WHEREAS, It is fit and proper that the feelings of the State of California, represented
by the Assembly of the State, should be expressed in reference to the life and death of one who filled so important a place in the affairs of this commonwealth; therefore, be it

Resolved, That in the death of Stephen M. White our State has lost a man whose every act in private and public life was governed by a desire to add the State which was honored by his birth, and whose career as a public man is free from blot, or blemish, or scandal, or taint of corruption, and who, in his private life, displayed those amiable qualities which attached men to him as with hooks of steel, regardless of their political faith, and who, as a citizen, was the pride and pleasure of all to know and claim as a friend, and who has, by the success which attended his efforts in life, shown that, in this country, lack of fortune does not prevent a man from attaining by his own exertions the highest distinctions in the gift of the people; and be it further

Resolved, That we tender to the family of our dead Senator our sincere sympathy, and assure them that, while they peculiarly feel the loss of a kind and loving father and husband, we mourn the loss of one who was at once a friend of the people, a leader in good works, and a public servant of whom it could be said, at all times, that his work was well done, with an earnest and heartfelt effort to do his duty as he understood it; and be it further

Resolved, That, as a further mark of esteem for his memory, when this Assembly adjourns today it do so out of respect for the Hon. Stephen M. White; and be it further

Resolved, That a copy of these resolutions, duly engrossed and attested by the Speaker and Chief Clerk, be forwarded to the family of the deceased.

SPECIAL ORDER.

ASSEMBLY CONCATERN RESOLUTION No. 6.

Relative to tendering thanks to His Excellency William McKinley, President of the United States; His Excellency John Hay, Secretary of State; His Excellency Henry T. Gage, Governor of California; and to our Senators and Representatives, for prompt action in regard to the bubonic plague scare of 1900.

Whereas, Early in the year A. D. nineteen hundred, it was incorrectly reported, either by mistake or through malice, that the dreadful bubonic plague existed in the Chinese quarter of the City of San Francisco, which report was spread broadcast over the world and resulted in various quarantines, local and State, being established, and in great and irreparable injury to many of the interests of our people;

Whereas, His Excellency the Governor personally directed and participated in a prompt and thorough investigation of the conditions relative to the alleged existence of the plague as so reported, at the request of His Excellency John Hay, Secretary of State of Washington, which investigation established beyond doubt that said reported existence of the bubonic plague was without foundation in fact; and the result of which investigation was immediately reported to the Secretary of State at Washington, and by him laid before the President for consideration and advisement.
WHEREAS, Upon the establishment by one Dr. Kinyoun, Federal Quarantine Officer stationed at San Francisco, of a Federal quarantine against the entire State, our Governor also telegraphed a supplemental appeal direct to the President of the United States for release thereof; and our Senators and Representatives in Congress also promptly and efficiently appealed to the President for relief from said quarantine.

WHEREAS, His Excellency the President, and his Excellency the Secretary of State at Washington, promptly caused the release of said Federal quarantine upon receipt of said report and appeals; and,

WHEREAS The said actions of the President and of his Secretary of State, and of our Governor, Senators, and Representatives in Congress, had the effect of almost entirely dispelling the impression which had gone abroad as to the existence of the plague within our State, and of ameliorating the deplorable condition into which the plague scare had thrown the business interests of the people, and of checking further loss of their goods and further shrinkage in the values thereof; therefore, be it, and it is

Resolved by the Assembly of the State of California, the Senate concurring, That the grateful thanks of the entire people of this State are due and hereby tendered to His Excellency William McKinley, President of the United States; to His Excellency John Hay, Secretary of State at Washington, D. C.; to His Excellency Henry T. Gage, Governor of the State of California, and to each of our Senators and Representatives in Congress, for the respective parts taken by them in the matters in this resolution above mentioned; that Hon. Charles P. Curry, Secretary of State for the State of California, be and he is requested to properly engross and certify one copy hereof, and to forward the same to, each of the persons herein mentioned and tender the thanks of the people.

Mr. Laird moved to amend the resolution as follows:

Amend by striking out, in line two, the word "incorrectly," and also by striking out in said line two, the words "either by mistake or through malice"

Also: Amend by striking out the following, beginning in line five, after the word "Washington," "which investigation established beyond doubt that said reported existence of the bubonic plague was without foundation in fact," in line seven, being all words between the word "Washington," in line five, and the word "and," in line seven.

The question being on the adoption of the amendments.

Roll call was demanded by Messrs. Laird, Knight, and Irish.

CONTEMPT PROCEEDINGS IN RE J. V. COFFEY ET AL.

The Speaker ordered the following resolution, citation, and return read:
RETURN.

Office of Sergeant-at-Arms of Assembly of the State of California.
Sacramento, Calif., February 20, 1901.

To the Speaker and Assembly of the Legislature of the State of California:

I, W. O. Banks, Sergeant-at-Arms of the above named Assembly, do hereby certify that I received the annexed resolutions and citation for service on the 15th day of February, 1901.

That I made due and legal service thereof at the City and County of San Francisco on the 16th day of February, 1901, in manner following, that is to say:

That, at the time and place aforesaid, I personally delivered to and left with each of the persons therein named a duly certified copy of said citation and resolutions, and that at the same time and place I exhibited to each of said persons the said original citation and resolutions annexed thereto; except that as to the said Chief of Police W. P. Sullivan, said service was made by exhibiting at his residence to a person of sufficient age and description, to wit: the nurse in charge of and in attendance upon the said W. P. Sullivan, a duly certified copy of said citation and resolutions, and by leaving the same with said nurse. That the reason said service was so made is that said W. P. Sullivan was then, and he ever since has been, suffering from a malignant and contagious disease, and he could not be seen.

Witness my hand this 21st day of February, 1901.

W. O. BANKS, Sergeant-at-Arms.
By J. Hocking, Assistant.

CITATION.

Assembly Chamber, Sacramento, February 15, 1901.

W. O. Banks, Sergeant-at-Arms of the Assembly:

You are directed by the Speaker of the Assembly of the State of California, at the thirty-fourth session of the Legislature, to bring before the bar of the Assembly on Thursday, February 21, 1901, at the hour of twelve o'clock meridian, the following-named persons: Wm P. Sullivan, Jr., Chief of Police of San Francisco; Geo. W. Wittman, Captain of Police of San Francisco, and Ed J. Wren, Detective of Police of San Francisco, all of the City and County of San Francisco, State of California, and serve on each of them a duly certified copy of the resolutions attached.

By order of the Speaker of the Assembly.

CLIO LLOYD, Chief Clerk.

RESOLUTION.

Whereas, It appears from the report of the select committee appointed to investigate certain conditions in San Francisco, and also from the statement of Joseph F. Coffey made in open Assembly this day in his statement in response to the citation of said committee, that Chief of Police Sullivan, Captain of Police Wittman, and Detective Wren, all of the San Francisco police force, did aid and abet and assist the said Coffey in the doing of the acts reported by said committee, and concerning which contempt of this Assembly is charged against said Coffey; and

Whereas, It is desirable that all the facts connected with the doing of said acts be in possession of the Assembly before final action be taken, to the end that justice may be done; therefore, be it

Resolved, That said Chief of Police Sullivan, and said Captain of Police Wittman, and said Detective of Police Wren be and they are each hereby cited to appear at the bar of the Assembly on Thursday, February 21, 1901, at the hour of twelve o'clock meridian of that day, then and there to show cause why they should not be punished for contempt of the Assembly; and

Be it further resolved, That a copy of this preamble and resolutions, duly certified by the Speaker and Chief Clerk, be served forthwith upon each of said persons, viz: said Sullivan, Wittman, and Wren, by the Sergeant-at-Arms of the Assembly, and

Be it further resolved, That the case of said Coffey be and the same is hereby continued until said February 21, 1901, at said hour of twelve o'clock meridian.

In answer to the foregoing citations, Capt. George W. Wittman and Ed J. Wren appeared at the bar of the Assembly.

Mr. J. V. Coffey reappeared at the same time.

William P. Sullivan, Jr., Chief of Police of San Francisco, was unable to appear, as the following communications show:

Mr. Webber moved that contempt proceedings against William P. Sullivan, Jr., be continued until the proceedings against J. V. Coffey, George W. Wittman, and Ed J. Wren had been disposed of.

So ordered.

STATEMENT OF CAPTAIN WITTMAN.

Mr. Speaker—You are familiar, each of you, with the proceedings which have terminated in your being brought before the bar of the House?

Captain Wittman—Yes, sir; we waive the reading.

Mr. Speaker—Captain Wittman, we will hear from you first.

Captain Wittman—Well, I want to say if there was any contempt committed, it certainly wasn’t contemplated or intended. The intention was to the utmost to aid the committee in the transaction of their business. I can refer you to the chairman of the committee, who sits here before me, that we extended to him every facility in conducting that investigation. We welcomed that investigation, hoped that it would be conducted fairly and impartially, and extended to them every facility for getting witnesses before the committee. In this particular case it was stated to the committee that they were not obtainable. That statement was made in the committee. I saw a man standing in the doorway, and called the Chief’s attention to the fact, and we went over and asked him for a statement as to how it came that he got into a tan game—we being always under the impression that no white man could get admission into one of these places. He made a statement that put certain people in a rather bad light. He was asked if he had any objections to putting that statement in writing, and he said he had not. We told him it would be taken down in writing, and he acted freely and voluntarily in the matter. There was no duress, no threats, and he acted of his own free will. The statement was taken down, and then the question arose as to whether he would appear before the committee next day. He said he would be here, and Mr. Coffey was present, and he suggested that inasmuch as he had been served with a copy of the subpoena, which he had in his possession, that the name of Oram may be written in the subpoena, and that it be served on him. That was done, and he appeared in the language of the street, he “gave us the double-cross.” There was no intention to commit any contempt whatever—no desire. The only desire was to aid the committee, and aid this Assembly in conducting this investigation, in bringing witnesses before this committee, and to bring witnesses there. There is no desire to commit any contempt whatever. As I said before, the desire was to aid this committee in making a full investigation, and bringing witnesses before this committee, which people had charged could not be obtained.

Q. You knew, of course, that the witness would have to give his testimony before this committee? A. Yes, sir.

Q. Why was it that you took down his testimony? A. Just for that reason, that we suspected there was some chicanery going on. He made a statement which implicated certain people whom we thought had procured him to do this, and it was under false pretenses. The first intent was that we should have his written statement before the committee. We didn’t know whether he would come or not, and we had no authority to place him under arrest. We had no subpoena, and we thought we would take his statement down in writing, and bring it up before the committee, and the statement was handed to the chairman of the committee—the statement that he made.

Q. How long have you known this man? A. I have known him for some five or six years.

Q. What is he—a morphine fiend? A. A morphine fiend—yes, sir. He is an inhabitant of the Chinese quarter.

Q. That is his character? A. Yes, sir; that is his character. That is the reason we desired to get his statement in writing.

Q. (by Mr. Carter) I noticed in the press that the police put him through a sweating process; was this before or after obtaining this statement?

Mr. Sutro—The gentleman at the bar should not be called on to answer accusations of the press.

The Speaker—Do you object to the question?

Mr. Sutro—I do, on the ground that it is not fair.

The Speaker—Captain Wittman, have you any objection to answering this question?

Captain Wittman—There was no more of a sweating process than I am going through right now, sir.
Mr. Carter—That is not an answer to my question. My question was whether or not you had served the subpoena before you got this written statement?

Captain Wittman—Oh, I beg your pardon. The subpoena was served after he made the statement. The question was then whether he would appear before the committee or not, and a discussion took place between Mr. Coffey and the Chief of Police. Coffey suggested that he had a copy of the subpoena which was served upon him that day, and he suggested inserting his name in the subpoena and subpoenaing him. That was done.

Q (by Mr. Carter.) How long did you have it in your possession before he made a statement? A. He made it immediately.

Q. And how long did you have him in possession after he made a statement? How long did this transaction take? A. Oh, perhaps an hour. He went with us freely and voluntarily.

Q. What time of night or day was it? A. We met on the street about 11:30. He made a statement to us first on the street.

Q. That day or the next? A. That night—that very night. We asked him then if he had any objections to making a written statement to that effect, and he said, "Not at all." He said, "Certainly," he would "put it down in writing." As each sentence spoken by him was taken down in longhand we said, "Is that correct?" and he said it was; and after the entire statement was produced it was all read over to him, and he was asked if the entire statement was correct, and he said "Certainly so." Then the paper was pushed over to him, and he signed it.

Mr. Johnson—you did not examine the witness personally yourself? A. No, sir.

STATEMENT OF MR. WREN.

The Speaker—Have you any statement you desire to make? A. I just repeat what Captain Wittman has said.

The Speaker—Are there any questions you desire to ask him, gentlemen?

Mr. Johnson—Did you read the subpoena after you had written the name Cram in the subpoena? A. I did, sir.

Q. Did you read it out loud to Mr. Cram? A. Yes, sir.

Q. Did you state to him at that time anything in regard to that subpoena? A. No. I told him it was a subpoena for his appearance before the legislative committee that was meeting the following day.

Q. Did you notice the date of that subpoena? A. Yes, sir.

Q. What date was it? A. I have forgotten the exact date, but I read it for the following day.

Q. You read it as being for the following day? A. Yes, sir.

Q. Do you know, or did you know at that time, for what day that subpoena was requested or directed Mr. Coffey to appear before you? A. I did.

Q. Was it for the same day that you directed writing it for Cram? A. No, sir.

Q. It was a different day? A. The day following.

Q. In reading it, you read a different date, that's all? A. Yes, sir.

Q. You didn't make any personal change in it? A. No, sir.

Q. But read it a different day? A. Yes, sir.

Q. Did you state to him that he could have counsel if he desired? A. No, sir; he did not ask for anybody.

Mr. Weber—How long have you known Cram? A. About seven or eight years.

Q. What was his character? A. He is an optimist. A majority of the time he sleeps in the Chinese quarter.

Mr. Schlesinger—Did you inform the chairman of the committee of the general reputation of Mr. Cram? A. No, sir. I didn't talk to him.

Q. You didn't inform him? A. No, sir.

Q. Were they informed of his general reputation? A. Not that I know of.

Mr. Weber—Did Chief Sullivan have anything to do with inserting the name of Cram in the subpoena? A. No. The suggestion came from Coffey. Coffey suggested that Cram's name be inserted in the subpoena. Neither one of us had the subpoena, and neither one of us saw it. I simply glanced up from the newspaper I was reading.

Mr. Johnson—I move that we take a recess until two o'clock p. m., and that we lay the matter over.

Motion carried.

At twelve o'clock and thirty-five minutes p. m., the Speaker declared a recess until two o'clock p. m.

CONTEMPT PROCEEDINGS IN RE J. V. COFFEY ET AL.—(RESUMED).

The following resolution was offered by Mr. Knowland:

WHEREAS, From the partial report of the select committee appointed by the Assembly to investigate certain charges affecting the Police Department of San Francisco, and from the statements of Joseph Coffey, E. J. Wren, and George W. Wittman at the bar of this House, it appears as follows:

First—That on the night of February 11, 1901, a conference was held in the office of the Chief of Police of San Francisco, at which were present William P. Sullivan, Jr., George W. Wittman, E. J. Wren, Joseph V. Coffey, and Charles Cram.

Second—That during said conference, said Coffey produced a formal copy of a subpoena, regularly issued by the said committee, and directing him to appear before said committee on said 11th day of February, and did advise that the name of said Cram be written in said process so that it should appear that said process applied to said Cram, as well as to him, said Coffey.

Third—That thereupon said Wren did write in the name of said Cram as so advised, and did affect to serve said pretended subpoena on said Cram, and did, on reading said falsified process, represent it as directing said Cram to appear before said committee on the 12th of February.

Fourth—That believing himself regularly served with a binding subpoena of said committee, by reason of the aforesaid falsification, said Cram did hold himself subject to the direction of said Wren on said 12th of February, and did appear before said committee; now, therefore, be it

**REPORT OF SELECT COMMITTEE ON INVESTIGATION.**

**ASSEMBLY CHAMBER, SACRAMENTO, February 21, 1901**

MR. SPEAKER: Your select committee of five, appointed pursuant to a resolution offered by Mr. Fisk, and adopted by the Assembly on January 31, 1901, directing that said committee, immediately and fully, thoroughly and carefully, investigate certain charges affecting the Police Department of San Francisco, and the administration of the state's laws in the Chinese quarter of said city, beg leave to report as follows:
That said committee commenced said investigation on February 4th, at the City and County of San Francisco, and continued the same from day to day until and including the 13th day of February. Sixty-five witnesses were examined, a stenographic report of whose testimony accompanies this report, and from the evidence adduced, and proceedings had and taken, your committee finds:

I.

That James D. Phelan, as Mayor of San Francisco, and William P. Sullivan, Jr., as Chief of Police of San Francisco, did, in December, 1900, make up their minds to bring about a policy whereby violations of the State's laws against gambling and prostitution should be tolerated by the police, in San Francisco's Chinatown, and should be made a source of municipal revenue—a source estimated to yield $97,600 per annum.

II.

That James D. Phelan, as Mayor of San Francisco, did, late in December, 1900, call a meeting of the Police Commissioners, the Judges of the Police Courts, the District Attorney, the Chief of Police, and two Captains of Police (Wittman and Spillane), all of San Francisco, and did at said meeting advocate the aforesaid policy; and that at said meeting the Police Commissioners, the Chief of Police, and the Captains of Police failed to take a stand against the contemplated compounding with law-breakers.

III.

That after said meeting the Chief of Police caused to be printed legal blanks designed to be used in executing the said unlawful policy, beginning with the opening of the year 1901.

IV.

That subsequently, in December, 1900, the "Examiner" of San Francisco publicly directed attention to Section 337 of the Penal Code of California, which said section made the proposed compounding felonious.

V.

That thereupon, by reason of said section of the Penal Code, and not because of the voluntary abandonment of said unlawful policy, the said James D. Phelan and the said William P. Sullivan, Jr., ceased to proceed with their contemplated compounding.

VI.

That thereupon said Chief of Police determined to withdraw from said Chinatown the special detail of six patrolmen and a sergeant, known as "The Chinatown Squad," which squad had for years been regarded as essential in enforcing the State's laws against gambling and prostitution in said quarter; and that on the first of January, 1901, he did withdraw said squad, giving as his reason that he wished to give the regular police a chance in order to try the experiment.

VII.

That on the day said squad was withdrawn, and long prior thereto, there were in said Chinatown about sixty fan-tan resorts, wherein the State's laws were habitually violated, most of which resorts were on the ground floor of buildings, and the precise location whereof was known to the said Police Department, and that when said special squad was so withdrawn, said Chief of Police directed the regular patrolmen of said Chinatown to oblige the law-breakers to cease on said ground floor, and to require the law-breakers to confine the forbidden gambling to upper floors (as shown by the sworn testimony of the patrolmen on duty in this quarter), thus showing a direct disposition to tolerate infraction of the law, provided the infractions were committed at a given altitude.

VIII.

That said James D. Phelan, as Mayor of San Francisco, speaking under oath, acknowledged that the State's laws against gambling and prostitution are habitually and extensively violated in said Chinatown; and that similar admission has been made to your committee by said Chief of Police and by the Captain of Police in whose district said quarter lies.

IX.

That the said admissions are in line with the great mass of evidence produced before your committee independently of said Police Department, which said evidence establishes conclusively that the State's laws against lottery playing, fan-tan, and similar games, and prostitution are, and for a long time have been, violated on a wholesale scale in said Chinatown.

X.

That said James D. Phelan, speaking under oath, estimated to your committee that to enforce said laws in Chinatown would require the presence there of 180 policemen; that said William P. Sullivan, Jr., speaking under oath, estimated to your committee that said enforcement would require the presence in said Chinatown of 300 to 400 policemen; and that William J. Biggy, ex-Chief of Police of said city, likewise speaking under oath, estimated to your committee that said enforcement could be obtained with 30
policemen, if earnestly directed, Mr. Biggy stating that he based this estimate on his experience in Chinatown during his incumbency.

XI.

That white men and white boys visit Chinese houses of prostitution in said Chinatown.

XII.

That white men and white boys frequent Chinese lottery dens in said Chinatown.

XIII.

That the visits of white men and white boys to said Chinese brothels and gambling resorts are and have been so open as to leave the said Police Department no reasonable excuse for its professed want of knowledge in that regard.

XIV.

That Chinese women and Chinese girls (mere infants, frequently), are bought and sold as chattels in said Chinatown, in violation of a vital principle in our national life—a condition of affairs that is a disgrace to the great State of California.

XV.

That the said Police Department has been so apathetic in putting down the horrible system of slavery existing in said Chinatown as to justify your committee in believing it criminally negligent; and that the testimony of said Chief of Police shows that during his regime said department has not in a single case taken the initiative in enforcing the laws against such infamy.

XVI.

That said Chief of Police acknowledged, under oath, to your committee, that he had never read the Penal Code it is his duty to enforce; and while your committee disavows a disposition to reflect on his reputation for honesty, it feels constrained to say that he betrayed, while testifying, a want of knowledge of the laws of this State affecting said Chinatown, and a lack of alertness in the matter of dealing with breaches of those laws, that is inexcusable.

XVII.

That for years there has been a general impression, in and out of police circles of said city, that Chinese law-breakers have corruptly purchased a measure of immunity from enforcement in said Chinatown of the State's laws against gambling, opium dens, and prostitution.

XVIII.

That, during the administration of Patrick Crowley as Chief of Police of said city (the source of this finding being the sworn testimony of said Crowley before this committee), said Crowley was offered a bribe of $6,000 by the keepers of brothels in said Chinatown for a stated sort of police protection against the State's anti-brothel laws; and that said Crowley promptly brought the matter to the attention of the Police Commission of said city.

XIX.

That, during the administration of said William P. Sullivan, Jr., as Chief of Police of said city, the Chinese agent of one of the principal Chinese gamblers of said Chinatown sent to San José for the Santa Clara business representative of said James D. Phelan; that said business representative thereupon visited San Francisco, and conferred with said Chinese agent, that said Chinese agent, during said conference, offered said business representative of said Phelan a bribe of $200 per month, and offered to pay a large sum every month to a person to be subsequently agreed upon, the stated purpose of both bribes to be a degree of immunity from police raids of gambling resorts in said Chinatown; that said business representative of said Phelan forthwith brought the felonious proposal to the attention of said Phelan; that said Phelan was informed of the name of the bribe-offerer and the character of the proposal; but the testimony of said Phelan does not disclose that he endeavored to bring the offender or his principal to justice.

XX.

That within the last two months the keepers of Chinese gambling resorts in said Chinatown have said to white men that police interference with prohibited gambling was not feared, intimations being thrown out that an understanding existed between the police and the law-breakers whereby law-breaking would be tolerated by the police.

XXI.

That, while no direct evidence is before your committee showing the passage of bribe-money to the said Police Department, evidence was adduced pointing to the collection of a Chinatown corruption fund, and until there shall be a strong and decisive effort to enforce the laws of California in said Chinatown, your committee must feel that there are convincing grounds for believing that money does pass, though the evidence is not sufficiently clear to justify your committee in attempting to say to whom.
XXIII.

That there has been no attempt whatever on the part of the said Police Department to enforce the provisions of Section 309 of the Penal Code, which makes it a misdemeanor for any person to keep any minor of either sex in any house of prostitution, and also that there has been an absolute disregard of, and no attempt whatever by the Police Department to enforce the provisions of Section 316 of the Penal Code, which makes it a misdemeanor for any person or persons to let any apartment or tenement, knowing that it is to be used for the purposes of assignation or prostitution. It is also found that there has been an utter disregard of, and no attempt whatever to enforce the provisions of Section 328 of the Penal Code, which makes it a misdemeanor for any person to let or permit any building or vessel, or any portion thereof, knowing that it is to be used for lottery purposes; and also that said Police Department has willfully failed to enforce the provisions of Section 331 of the Penal Code, which make it a misdemeanor knowingly to permit any of the games mentioned in Section 330 of said Code to be played, conducted or dealt in any house owned or rented by the accused in whole or in part.

XXIII.

That, in view of all the evidence adduced, your committee believes and concludes that the task of suppressing the slave-trafic in this State will be made less difficult if those changes be made in the laws which are proposed in the bills now before the Legislature, and known as Assembly Bill No. 763 and Assembly Bill No. 766. Therefore, your committee strongly recommends the passage of said bills.

But it is your committee's opinion that the laws of this State are adequate in the matter of the suppression of lotteries, gambling, and prostitution in said Chinatown; and in this regard attention is invited to the Code provisions hereinbefore referred to, and also to the circumstance that the laws of California contain other valuable provisions which, with vigorous effort on the part of said Police Department and the District Attorney of said San Francisco, would quickly free the commonwealth of the conditions in said Chinatown now disgracing it. Those other provisions may be summarized as follows:

1. It is well settled at law that houses of prostitution and gambling houses (especially gambling houses in which games prohibited by law are played) are public nuisances.

2. Under the Act of February 7, 1874 (Stat. 1874, p. 84), houses of ill-fame are declared to be public nuisances, and common repute is made competent evidence of the character of the houses.

3. Under the Act "authorizing and directing district attorneys to bring suits to abate public nuisances" (Stat. of 1896, p. 105), the District Attorney of San Francisco may, and when directed by the Board of Supervisors must, bring civil actions in the name of the People of the State to abate public nuisances.

4. Chinese corporations affecting to be social clubs, but really carrying on gambling resorts, may be deprived of their charters and may be dissolved, by reason of their course in aid of illegal practices, the procedure in that regard being by suit prosecuted by the Attorney-General in the name of the People. (See People vs. Dashaway Association, 94 Cal., 17, and Chap. V. of the Code of Civil Procedure, and especially Section 899 thereof.)

CONCLUSIONS.

Wherefore, your committee recommend:

That the Mayor, the Police Commission, and the Chief of Police of said City and County of San Francisco proceed forthwith to enforce the laws of the State of California in said Chinatown.

That the District Attorney of said City and County of San Francisco take immediate action to bring about the enforcement of the laws of California affecting existing Chinatown abuses, both by compelling action on the part of said Police Department and by instituting proceedings on his own behalf.

And that should the said Police Department or said District Attorney, or either of them, neglect to perform it, or his duty in the premises, a grand jury of said city and county proceed against the derelict public officer or officers with a view to having them removed from office.

In conclusion, your committee desires to express its thanks to the press of San Francisco for valuable assistance given in ferreting out the truth touching conditions obtaining in said Chinatown; and to express its appreciation of the courtesy of the Board of Supervisors of said City and County of San Francisco, and of the Hon. William P. Lawlor in placing at the service of your committee the court-room of Department Eleven of the Superior Court of said city and county. Moreover, your committee wishes in an especial manner to compliment and thank the Honorable John Lackmann, Sheriff of said city and county, and his deputies, for their able and conscientious labors in the course of the investigation now concluded.

To the California Legislature, in thirty-fourth session:

The following is the petition of the congregation of the Lincoln Avenue Methodist Episcopal Church of Pasadena, as expressed by a resolution adopted Sunday, February 24, 1901:
WHEREAS, There is now pending in the State Legislature an iniquitous bill, introduced by Senator Nelson, which, if enacted, would throttle local option and be a disastrous blow to temperance work; therefore, be it

Resolved, by the members of Lincoln Avenue Methodist Episcopal Church of Pasadena, that the Legislature in general, and our Senators and Assemblymen in particular, be urgently requested to defeat this Nelson bill, and also to use every effort to prevent any legislation which will give the liquor power any advantage in California, and further urge them to enact any form of law that will work greater progress in temperance and sobriety in this State.

Ordered printed in the Journal.

By Mr. Sheridan:

To the Hon. T. J. Sheridan, Assemblyman representing Assembly District No. 10.

A bill was presented in the Legislature at Sacramento by Senator Nelson of San Francisco, on or about January 29, 1901, in relation to the collection of a license tax on the business of selling liquors. The provisions of this bill are such (especially Sections 3 and 4) that if passed by the Legislature each city and county in the State will be handed over into the power of one man in each of these communities, viz: the tax collector. To pass such a measure, irrespective of the sentiments of these several communities on the question of license or no license, would be, we consider, both un-American and unjust. We, therefore, your constituents, request that you vote against this bill to the end it may not become a law, and that you refer the same to the Assembly for its consideration.

Also: C. C. Hendricks, J. W. Dorn, R. G. Larker, C. A. Patrick, F. M. Snow, Geo W. Piner, Jr., C. Yule, H. W. Benson, Geo. F. Colwell, D. E. Sullivan (Kelseyville, California), and twenty-three others.

Ordered printed in the Journal.

By Mr. Chiles:

To the Hon. J. F. Chiles, Assemblyman representing Assembly District No. 11.

SENATE JOINT RESOLUTION NO. 14

Inviting the Committee on Rivers and Harbors of the House of Representatives to visit the State of California.

Resolved by the Senate and Assembly of the State of California, jointly, That we do extend a cordial invitation to the members of the Committee on Rivers and Harbors of the House of Representatives to visit the State of California, at their earliest convenience, for the purpose of examining the waterways and harbors of this State. The Pacific Slope is about to witness a great industrial development, and California must necessarily be the center of increased progress. The Bay of San Francisco and the great rivers that empty into it, will, in the near future, possess such a degree of importance that the whole people of the United States will demand their development as commercial waterways to their fullest capacity. From the fact that we are distant from the seat of government we have difficulty in making our needs known, and believe that an examination of our rivers and harbors would demonstrate their importance to the country. We pledge to the committee during their sojourn in California a most hearty welcome.

Resolved, That our Senators be instructed and our Representatives requested to present this invitation to the members of said committee, and to extend to them an invitation to visit California on behalf of this State.

PETITION.

Mr. Treadwell presented the following petition:

To the Hon. E. P. Treadwell, Assemblyman representing Assembly District No. 35:

Dear Sir: A bill was presented in the Legislature at Sacramento by Senator Nelson of San Francisco, on or about January 29, 1901, in relation to the collection of a license tax on the business of selling liquors. The provisions of this bill are such (especially Sections 3 and 4) that if passed by the Legislature each city and county in the State will be handed over into the power of one man in each of these communities, viz: the tax collector. To pass such a measure, irrespective of the sentiments of these several communities on the question of license or no license, would be, we consider, both un-American and unjust. We, therefore, your constituents, request that you vote against this bill, to the end it may not become a law.

1060. Where an action is commenced to set aside a transfer or conveyance of property on the grounds that such transfer or conveyance was made to hinder, delay, or defraud a creditor or creditors, the transferee or grantee, to whom it is alleged the property was transferred or conveyed to hinder, delay, or defraud creditors or the successors or assigns of such transferee or grantee, may give an undertaking as provided in this and six sections following, and when such undertaking is given the transferee or grantee to whom it is alleged the property was transferred or conveyed to hinder, delay, or defraud creditors, or the successors and assigns of such transferee or grantee, may sell, incumber, transfer, convey, mortgage, pledge, or otherwise dispose of the property, or any part thereof, which is alleged to have been transferred or conveyed to hinder, delay, or defraud creditors, so that the purchaser, incumbrancer, transferee, mortgagee, grantee, or pledgee of such property may take, own, hold, and possess such property, unaffected by such action and suit, or the judgment which may be rendered therein.

1061. Such undertaking, with four sureties, shall be executed by the transferee or grantee to whom it is alleged the property was transferred or conveyed to hinder, delay, or defraud creditors or the successor or assign of such transferee or grantee, in double the estimated value of the property so alleged to have been transferred or conveyed, provided, in no case need such undertaking be for a greater sum than double the amount of the debt or liability alleged to be due and owing to the plaintiff in such action commenced to set aside said transfer and conveyance, and where such estimated value of the property alleged so to have been conveyed is less than the sum alleged to be due and owing to the plaintiff in such action, the sum equal to the value, as the same is estimated in said undertaking, and said undertaking shall be conditioned that, if it be adjudged in said action that the transfer or conveyance was made to hinder, delay, or defraud a creditor or creditors, that the transferee or grantee or the said successor or assign of such transferee or grantee giving such undertaking, will pay to the plaintiff in said action a sum equal to the value, as the same is estimated in said undertaking, of said property alleged to have been transferred or conveyed to hinder, delay, or defraud creditors, not exceeding the sum alleged to be due and owing to the plaintiff in the action. Said undertaking shall be filed in the action in which said execution issued, and a copy thereof served upon the plaintiff or his attorney in said action.

1062. In the defense of the copy of undertaking the plaintiff may object to such undertaking on the ground of inability of the sureties, or either of them, to pay the sum for which they become bound in said undertaking, and upon the ground that the estimated value of property therein is less than the market value of such property. Such objection to the undertaking shall be made in writing, specifying the ground or grounds of objection, and if the objection is made to the undertaking that the estimated value therein is less than the market value of the property, such objection shall specify the plaintiff's estimate of the market value of the property. PETITION.

Mr. Stewart of Amador presented the following petition:

To the Hon. Fred L. Stewart, Assemblyman representing Assembly District No. 15.

Dear Sir: A bill was presented in the Legislature at Sacramento by Senator Nelson of San Francisco, on or about January 29, 1901, in relation to the collection of a license tax on the business of selling liquors. The provisions of this bill are such (especially Sections 3 and 4) that if passed by the Legislature each city and county in the State will be handed over into the power of one man in each of these communities, viz: the tax collector. To pass such a measure, irrespective of the sentiments of these several com-
munities on the question of license or no license, would be, we consider, both un-
American and unjust. We, therefore, your constituents, request that you vote against
this bill, to the end it may not become a law.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
Sacramento, March 1, 1901.

To the Assembly of the State of California

I have the honor to inform your honorable body that I have approved Assembly Bill No. 127, entitled "An Act to provide for a lunch-hour for laborers in sawmills, shingle-mills, and logging camps."

In approving this bill I desire to give my reason, in view of my disapproval of a similar measure which was passed at the thirty-third session of the Legislature. In my message of disapproval, addressed to the Assembly dated February 21, 1899, among other things I then said:

"While I am strongly in favor of appropriate legislation for the protection of all laboring men, I am compelled to disapprove of the present bill on account of its patent unconstitutionality."

While I warmly sympathized with the wage-earner, I felt that my duty obliged me at that time to disapprove of the measure and to call the attention of the Legislature to the prohibitive sections of the State Constitution which I believed the bill violated. The fact that substantially the same measure is again passed by the ensuing Legislature, composed of many members of the Legislature of 1899, is evidence to me of a general and popular demand for this law, and its passage at this time in effect overrides my individual opinion. According to this popular demand, I cheerfully approve the present bill, which, though not appealing to my legal judgment, yet meets my sincere sympathy.

Governor of the State of California.

Sacramento, March 1, 1901.

To the Assembly of the State of California

I herewith return to your honorable body Assembly Bill No. 851, entitled "An Act transferring money from the General Fund to the State Printing Fund, to defray the expenses of legislative printing for the thirty-fourth session of the Legislature, and directing the State Controller and State Treasurer to make such transfer."

I am compelled to disapprove of this bill, in its present form, of transferring the amount of $15,600 from the General Fund for the payment of printing expenses for this session. This amount, if required, should be made as a direct appropriation. Although as a matter of urgency at the beginning of this session I signed a bill transferring the sum of $50,000 from the General Fund, yet I did not then, and do not now, sanction such legislation.

To the Assembly of the State of California

I herewith return to your honorable body without my approval, Assembly Bill No. 377, entitled "An Act to amend Section 1329 of the Penal Code in relation to witnesses."

This Act is designed to amend Section 1329 of the Penal Code by restricting the cases in which fees are now paid to witnesses for compulsory attendance at criminal trials and examinations. Under the law as it stands, witnesses who are compelled to attend in criminal cases from places outside of the county, or who are unable through poverty to pay the expenses of such attendance, may be allowed their expenses in the discretion of the judge, whether their attendance be before a magistrate, a grand jury, or any court.

The amendment in this bill limits the payment of the expenses of such witnesses to attendance before a grand jury or the Superior Court. It appears to me that there is no rational distinction between the inconvenience of being compelled to attend as a witness in a Justice's Court and in the Superior Court, and the hardship bears equally upon the witness who is too poor to pay his expenses. Under this bill, a witness might be subpoenaed from Del Norte County to San Diego without being allowed his rightful expenses, and this amendment might be made an engine of great oppression.

Such occasional abuses of judicial discretion under the present law cannot justify so radical a change.

Governor of the State of California.

To the Assembly of the State of California

I herewith return to your honorable body without my approval, with my objections thereto, Assembly Bill No. 269, entitled "An Act appropriating money for establishing an ice-making and refrigerating plant at the Preston School."

I do not perceive any urgent need for the allowance at this time of the appropriation specified in this bill, nor do I favor it, in view of several more urgent demands of many other of the State institutions requiring large expenditures, and likewise because a
further and large appropriation is asked for by this institution in order to provide proper and much needed water facilities. Already three several appropriations for the Preston School, aggregating $1,550, have been passed by this Legislature to supply several needs, and the State cannot at this time afford to expend more, other than to meet the most urgent and pressing of its requirements. The bill is likewise objectionable because made payable immediately

To the Assembly of the State of California

I herewith return without my approval, for correction, Assembly Bill No. 314, entitled "An Act to amend Section 190 of the Penal Code of the State of California, relating to the bringing into the State prisons, or any of the reformatories therein, or within the grounds of such institutions, any opium, morphine, cocaine, or other narcotics, intoxicating liquors of any kind, or firearms, weapons, or explosives, and fixing the penalty therefor."

While I favor the amendment proposed in this bill, I regret, that, through inadvertence, a mistake in the numbering of the sections of the Penal Code occurred in the enactment of the law approved February 10, 1899, by which it appears that there are two sections referring to two different subjects numbered Section 180; hence the present proposed Act should receive a number distinguishing it from the preceding section of the Penal Code, which was approved March 3, 1897.

When this correction is made in the section of the present proposed bill, it will not meet with my disapproval.

HENRY T. GAGE,
Governor of the State of California.

Mr. Anderson of Solano moved that the Assembly do now consider Senate messages.
So ordered.

REPORT OF STANDING COMMITTEE—(OUT OF ORDER).

ON COMMISSIONS AND PUBLIC EXPENDITURES.

Assembly Chamber, Sacramento, March 1, 1901.

Mr Speaker: Your Committee on Commissions and Public Expenditures, authorized to visit the various State hospitals throughout the State, herewith present their report as the result of their visits, making recommendations as to appropriations for improvements, and suggestions respecting the policy of financing and managing the various institutions.

Highlands Hospital.

On February 10th, we visited the Southern California State Hospital. At this hospital your committee were driven over the magnificent farm and examined the system of water supply, the ravages of storm-water (to correct which an appropriation is asked of your honorable body), the orchards, and brickyard. Of particular importance is the damage done to valuable land by storm-water, to obviate which two or more plans have been brought forward, the most practicable and feasible being the more economical. The committee feels confident that the $5,000 recommended will put an end to further troubles from this source.

An examination of the brickyard discloses the fact that some very poor brick have been made. However, there is probably nearly enough brick of fair quality to erect a wing or cottage for the accommodation of patients.

We visited nearly every ward in the building, and found the patients well cared for, the halls neat and clean, the discipline excellent, and the general condition good. The crowded state of the hospital, and the fact that patients were sleeping in the basement and on ward floors, was brought prominently to our attention. That crowding exists is undoubted, but it may be questioned if full advantage has been taken of the means at hand to have at least partially relieved this condition. We commend the careful records kept of patients and, in general, the care given them.

Agnews.

On February 17th your committee visited Agnews State Hospital, in company with the Senate Committee, and, after an inspection of the excellently kept wards, we were given an opportunity of seeing the practical workings of the cottage system in operation at this institution. The cottage system impressed us very favorably, and in my opinion is a distinct advance in the care of the insane. While possibly slightly more expensive to maintain, it provides something more like a home for those who have often a full appreciation of their surroundings. Besides it furnishes better opportunities for segregation, classification, and treatment, and therefore is to be highly commended. On inquiry, we found that the two cottages now in use and the one under construction have been built from the Contingent Fund of earnings of the hospital without calling on the Legislature for appropriations, and without depriving the patients of any comforts. Your committee believe that such a use of the Contingent Fund should be encouraged, as it is distinctly for the benefit of the insane, and to the financial advantage of the State. Agnews, like Southern California, is crowded, having a number of patients sleeping on the floors of wards. The completion of the cottage now under construction will relieve
the men's ward, but the women's department has no relief in sight, unless the Legislature appropriates the $25,000 asked for, and enables the hospital authorities to build a cottage for about one hundred women. Twenty-five thousand dollars for a building and furniture for one hundred patients is economical construction, for it is at the rate of $250 per patient, which is $300 per patient less than the amount allowed by the Lunacy Law.

Mendocino Hospital.

On February 23d your committee visited the Mendocino State Hospital. This, the latest and newest of our hospitals, was found pretty located, well kept, remarkably clean, and apparently well managed. It suffers materially from the lack of a good system of lighting, from the absence of proper facilities for the disposal of its sewage, and from shortage of land.

The lighting is by gasoline gas, and is unsatisfactory, expensive, unreliable, and dirty. This system should be dispensed with and the hospital equipped with an electric light plant.

The sewage system has no proper outlet, and the liquid sewage is emptied into a small stream running alongside the county road, to the annoyance and detriment of the hospital neighbors, who have been already before the Board of Supervisors, with the result that that body has ordered the nuisance abated. There are but two ways for the proper disposition of the sewage: First, by burning, which involves a large first cost and a continuous large cost for maintenance of the plant; second, by the purchase of land for the farming of the sewage. The second proposition, while requiring a large outlay in the start, is not accompanied by the continued expense of maintenance. The purchase of additional land for the purpose of handling the sewage will enable the hospital to maintain a dairy, and thereby effect a decided saving in the cost of milk. This article of diet now costs the hospital fifteen cents per gallon, or $300 a month, while other hospitals having their own gardens are enabled to supply it at half that cost. The hospital has no but little land, and cannot maintain a dairy with economy.

There is here a marked necessity for a building which will provide a hall for the diversion and amusement of the patients. The construction of the building desired will supply the above want, will furnish a connecting link between the hospital and the administration building, and will provide accommodation for thirty-five women patients. The building is a desirable improvement, and is advisable from nearly every point of view. But as there are many calls upon the Legislature for money for buildings at this session, to ask for this building at this time is not advisable, and we therefore refrain from recommending the appropriation.

Consolidation of Management.

Early in the session your committee sought to take up the matter of investigating the management of the various hospitals, and kindred institutions in the State, with a view of ascertaining if a consolidation of management could not be accomplished and a saving of expense effected. Because your honorable body charged this committee with the duty of inquiring into the affairs of the California Commission to the Paris Exposition, those matters had to be deferred until the session was half gone. Nevertheless, your committee have made some inquiries into the conduct and management of the hospitals, and desire to submit a few recommendations, understanding full well that it is now too late for these recommendations to be embodied in legislation at the present session. But the belief that, if public opinion is given this report, it may result in the proposal at a future session of a bill or bills framed along the lines of these suggestions.

Because of the similarity of functions performed for the State by such institutions as the five State hospitals for the insane, the reform schools at Whittier and at Ione, the Home for the Feeble-Minded at Eldridge, and the Home for the Adult Blind at Oakland, your committee is of the opinion that these institutions, with great benefit to themselves, and with a large saving to the State as regards cost of maintenance, could all be placed under management of a Central Board of Control. This Board of Control could be composed of three members appointed by the Governor, to serve four years, at a salary, each, of $5,000 a year, one member being a competent physician, another a lawyer, and the third a business man of experience.

Buying Supplies in Bulk.

To the Central Board of Control would be delegated the power of appointing superintendents of the various institutions, local boards of trustees being abolished and the several superintendents being made responsible personally for appointment of all employees connected with their institutions. The business of letting contracts for supplies would be attended to by the Board of Control, which could buy in bulk, at wholesale prices, instead of the supplies required by the institutions enumerated above. The most casual investigation undertaken by your committee has shown that this method would effect a very material saving. Here, it might be said that the creation of a State Commission in Lunacy was a step in the right direction.

Furthermore, regarding the matter of appropriations for improvements, which are now asked for by the boards of trustees of each institution, who being moved by a local pride of ownership, or the notion that more money than is actually needed, your committee is of the opinion that such a Central Board of Control would effectually keep these requests down to the very lowest possible figures, so that in this direction, as well as in the purchase of supplies, there would be a distinct saving to the State.
In this connection, your committee would like to call attention to the fact that the five thousand four hundred people now confined in the State Hospitals for the Insane alone cost for maintenance the enormous sum of $750,000 a year, a sum which represents one eighth of the annual income of the State. This sum is increasing year by year at a rate in proportion to the increase in the number of patients, which is about one hundred annually.

Because of these facts, it seems to your committee that it behooves those in authority seriously to consider the advisability of providing some administrative machinery which would enable the State to secure in the matter of the care of its dependent charges the best returns for the least economic outlay. It is realized that the question is a big one, presenting many important matters of financial as well as legal policy, and therefore it cannot be disposed of hastily.

Concluding Recommendations.

Finally, your committee would recommend to your honorable body that the bills now before the Legislature containing appropriations for improvements for the State hospitals are many of them worthy of support, and we therefore urge that the following requests for aid be allowed:

PETITIONS.

By Mr. Savage:

Los Angeles, Cal., February 26, 1901.

The undersigned merchants of the City of Los Angeles respectfully protest against the passage of Assembly Bill No. 664. The bill as proposed will throw the greatest of obstacles in the way of doing business in nearly all lines, especially machinery, farm implements, and house furnishings, and other merchandise usually sold on the monthly payment plan. It will work great hardship for the merchants, in compelling them to forego the major portion of their business on account of having no security whatever, but the greatest hardship will fall on the wage-earners and salaried persons, who cannot buy goods on any other but a monthly payment plan.

By Mr. John:

To the Hon. Warren M. John, Assemblyman representing Assembly District No. 67

Dear Sir: A bill was presented in the Legislature at Sacramento by Senator Nelson of San Francisco, on or about January 29, 1901, in relation to the collection of a license tax on the business of selling liquors. The provisions of this bill are such (especially Sections 3 and 4) that if passed by the Legislature each city and county in the state will be handed over into the power of one man in each of these communities, viz., the Tax Collector. To pass such a measure, irrespective of the sentiments of these several communities on the question of license or no license, would be, we consider, both un-American and unjust. We, therefore, your constituents, request that you vote against this bill, to the end it may not become a law.

AN ACT

To amend the Code of Civil Procedure of the State of California by adding thereto six new sections, to be numbered 710, 711, 712, 713, 713a, and 713b, to provide for giving, conditioning, and executing an undertaking, with sureties, by a person, corporation, partnership, or association claiming to own property, or an interest therein, levied upon by execution, in an action wherein the said person, corporation, partnership, or association is not the judgment debtor, to release the property so claimed from the levy and lien of said execution; to provide for the examination and determination of the sufficiency of the sureties on such undertaking; to provide for making objections to such undertaking, and for the examination and determination of such objections, and the giving of a new undertaking in case any objection made is sustained by the court, or admitted.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Code of Civil Procedure of the State of California is hereby amended by adding six new sections thereto, to be numbered 710, 711, 712, 713, 713a, and 713b, so as to read as follows:

710. Where property levied upon under execution to satisfy a judgment for the payment of money is claimed, in whole or in part, by a person, corporation, partnership, or association other than the judgment debtor, such claimant may give an undertaking, as provided in this and five following sections, which undertaking shall release the property in the undertaking described from the lien and levy of such execution.

711. Such undertaking, with four sureties, shall be executed by the person, corporation, partnership, or association claiming in whole or in part the property upon which execution is levied in double the estimated value of the property claimed by the person, corporation, partnership, or association; provided, in no case need such undertaking be for a greater sum than double the amount for which the execution is levied, and where the estimated value of the property so claimed by the person, corporation, partnership, or association is less than the sum for which such attachment is levied, such estimated value shall be stated in the undertaking, and said undertaking shall be conditioned that if the property claimed by the person, corporation, partnership, or association is finally adjudged to be the property of the judgment debtor, said person, corporation, partnership, or association will pay of said judgment upon which execution has issued a sum equal to the value, as estimated in said undertaking, of said property claimed by said person, corporation, partnership, or association, and said property claimed shall be described in said undertaking. Said undertaking shall be filed in the action in which said execution issued, and a copy thereof served upon the judgment creditor or his attorney in said action.

712. Within ten days after the service of the copy of undertaking, the judgment creditor may object to such undertaking on the ground of inability of the sureties, or either of them, to pay the sum for which they become bound in said undertaking, and upon the ground that the estimated value of property therein is less than the market value of the property claimed. Such objection to the undertaking shall be made in writing, specifying the ground or grounds of objection, and if the objection is made to the undertaking that the estimated value therein is less than the market value of the property claimed, such objection shall specify the judgment creditor’s estimate of the market value of the property claimed. Such written objections shall be served upon the person, partnership, corporation or association giving such undertaking and claiming the property therein described.

713. When the sureties, or either of them, are objected to as provided in Section 712, the surety or sureties so objected to shall justify before the court out of which such execution issued, upon ten days’ notice of the time when they will so justify being
given to the judgment debtor or his attorney. Upon the hearing and examination into the sufficiency of a surety, witnesses may be required to attend and evidence may be procured and introduced in the same manner as in trial of civil cases. Upon such hearing and examination the court shall make its order, in writing, approving or disapproving the sufficiency of the surety or sureties on such undertaking. In case the court disapproves of the surety or sureties on any undertaking a new undertaking may be filed and served, and to any undertaking given under this or the following section the same objection to the sureties may be made, and the same proceedings had as in case of the first undertaking filed and served.

713a When objection is made to the undertaking upon the ground that the estimated value of the property claimed, as stated in the undertaking, is less than the market value of the property claimed, the person, corporation, partnership, or association may accept the estimated value stated by the judgment creditor in said objection, and a new undertaking may be at once filed with the judgment creditor's estimate stated therein as the estimated value, and no objection shall thereafter be made upon that ground; if the judgment creditor's estimate of the market value is not accepted, the person, corporation, partnership, or association giving the undertaking shall move the court in which the execution issued, upon ten days' notice to the judgment creditor, to estimate the market value of the property claimed and described in the undertaking, and upon the hearing of such motion witnesses may be required to attend and testify, and evidence be produced in the same manner as in the trial of civil actions. Upon the hearing of such motion, the court shall estimate the market value of the property described in the undertaking and if the estimated value made by the court exceeds the estimated value as stated in the undertaking, a new undertaking shall be filed and served, with the market value determined by the court stated therein as the estimated value. The sureties shall justify on the undertaking as required by section one thousand and fifty-seven of the Code of Civil Procedure.

Report adopted.

Senate Bill No. 365 ordered to third reading.

RESOLUTION.

Mr. Duryea presented the following resolution, from Roseville Grange, No. 161:

WHEREAS, The committee appointed by the Senate at the thirty-second session of the Legislature to make an examination of State institutions, in referring to the Board of State Harbor Commissioners, reports, "There is no occasion whatever for a superintendent of the ferry building, except to give some one a place, the law placing the superintendency of that building in the Chief Wharfer;" and

WHEREAS, The commission now has a man on its payroll at $100 per month as superintendent of the Ferry Building; and

WHEREAS, This Senate report further says, "There is no occasion for the employment of any police force by the Harbor Commission in the City of San Francisco, as it is the duty of the city and its police department to take care of all property within the city, and there is no authority of law and no necessity, so far as your committee can learn, for the maintenance of any such force;" and

WHEREAS, The commission now has in its employ two policemen at $75 per month, and

WHEREAS, Said report further says, "Watchmen are maintained upon the wharves, which is an unnecessary expense, the claim being made that because the State does not insure its property, it becomes necessary to employ watchmen to guard it." Your committee is of the opinion that there is nothing substantial in this claim. On all the wharves occupied to any great extent by transportation companies, they themselves keep a watchman for the protection of their own property, and certainly the State has no occasion to keep one itself, under such circumstances, and there is no occasion for the employment of these watchmen that your committee is advised of; and

WHEREAS, The commission now employs three watchmen at a salary of $75 per month; and

WHEREAS, Howard C. Holmes, chief engineer of the commission, in his report to the board for the two fiscal years ending June 30, 1900, says: "In the years 1899 and 1900 the number of cars switched on the Belt Railroad were 48,000, at an actual cost of about $4,000 per car, or at the rate of fifty cents per car for every car switched," thus showing a loss of over $12,000 per annum in this one item alone; and

WHEREAS, Grave charges of extravagance and unbusiness-like methods of management have been preferred against the Board of State Harbor Commissioners of San Francisco, not alone by the public press, but by reputable citizens, and the Chamber of Commerce of San Francisco; therefore, be it

Resolved by Roseville Grange No. 161, of the Order of Patrons of Husbandry, That we, the members of said grange, individually as taxpayers and citizens, and collectively as an organization, having the welfare of our State, and especially the agricultural interests thereof, at heart, do most earnestly, yet respectfully, request the Legislature of California at its present session to take some action looking toward the thorough and impartial investigation of the management of said commission, and we would suggest that a hold-over committee be appointed for this purpose, in order that it may make a complete examination of the affairs of the commission and report to the next session of the Legislature; And we would suggest to the Legislature the advisability, in case such a committee is appointed, of placing men thereon of known integrity and ability (and we believe there are such among even our much-abused legislators), for, we believe, if an attempt is made to whitewash or smother this thing, the day will come when it will "smell to high heaven" and be investigated by "the people," and when that day does come, we beseech the men and party who attempt to smother it; and be it further

Resolved That a copy of this resolution, duly signed by the secretary of this grange, stamped with the seal thereof, and countersigned by the master, be forwarded to Hon. Frank Duryea, our representative in the State Legislature at Sacramento, with the request that he lay this matter before the Legislature and urge its investigation; and be it further

Resolved That every subordinate grange in California be asked to urge their representatives in the Legislature to take similar action, insomuch as this is a matter that touches the pockets of every producer in the State.

Ordered printed in the Journal.
Assembly Bill No. 109—An Act to amend Section 1186 of the Political Code, relating to conventions.

Pending amendment, Mr. James moved that a select committee of one be appointed to amend Assembly Bill No. 109 as follows:

AMENDMENT No. 2.

Amend by striking out all of subdivision eleven, page seven of the printed bill, and inserting in lieu thereof the following:

"Eleventh—The powers and duties of High School Boards shall be such as are now or may hereafter be assigned by law to Boards of Education or Boards of School Trustees in any city, incorporated town, school district, or union high school district, which shall have voted to establish and maintain a high school, or which is now maintaining a high school, the High School Board of such High School District may, when in its judgment it is advisable, and must upon a petition of a majority of the heads of families residing in such High School District, call an election and submit to the electors of the High School District whether the bonds of such High School District shall be issued and sold for the purpose of raising money for purchasing high school lots, for building or purchasing one or more high school buildings, for insuring the same, for supplying the same with furniture and necessary apparatus, for improving the grounds, or for any or all of said purposes, for liquidating any indebtedness already incurred for said purposes, and for refunding any outstanding valid indebtedness, evidenced by bonds or the warrants thereof. Such election must be called by posting notices signed by the High School Board, in three of the most public places in the High School District, for not less than twenty days before the election; and if there is a newspaper published in the county in which said district was organized, by publishing such notice therein not less than once a week for three successive weeks. Such notice must contain: (1) The time and place of holding such election (2) The names of the inspector and judges to conduct the same. (3) The hours during the day in which the polls will be open (4) The amount and denomination of the bonds, the rate of interest, and the number of years, not exceeding twenty, the whole of said bonds are to run. Such election shall be conducted in conformity with the provisions of sections one thousand five hundred and ninety-six, one thousand five hundred and ninety-seven, one thousand five hundred and ninety-eight, one thousand five hundred and ninety-nine, one thousand six hundred and one, and one thousand eight hundred and thirty-four of this code, except that the words to appear upon the ballots shall be 'High School Bonds —Yes,' or 'High School Bonds —No.' On the seventh day after said election, at one o'clock p. m., the returns having been made to the High School Board of such High School District, such High School Board must meet and canvass said returns, and if it appears that two thirds of the votes cast at said election were cast in favor of issuing such bonds, then such High School Board shall cause an entry of that fact to be made upon its minutes, and shall certify to the Board of Supervisors of the county in which such district was organized all of the proceedings had in the premises, and thereupon said Board of Supervisors shall and is hereby authorized and directed to issue the bonds to such High School District, to the number and amount provided in such proceedings, payable out of the building fund of such High School District, naming the same, and that the money shall be raised by taxes upon the taxable property in said High School District for the redemption of said bonds and the payment of the interest thereon, provided, that the total amount of bonds so issued shall not exceed five per cent of the taxable property of the High School District as shown by the last equalized assessment of the county or counties in which such district is located. The Board of Supervisors, by an order entered upon its minutes, shall prescribe the form of said bonds and of the interest coupons attached thereto, and must fix the time when the whole or any part of the principal of said bonds shall be payable, which shall be not more than twenty years from the date thereof. Said bonds must not bear a greater amount of interest than eight per cent, said interest to be payable annually or semi-annually, and said bonds must be sold in the manner prescribed by the Board of Supervisors, but for not less than par, and the proceeds of the sale thereof must be deposited in the County Treasury to the credit of the building fund of the
said High School District, and be drawn out for the purposes aforesaid as other school moneys are drawn out.

The Board of Supervisors of the county in which such High School District was organized, at the time of making the levy for county purposes must levy a tax for that year upon the taxable property in such High School District for the interest and redemption of said bonds, and said tax must not be less than sufficient to pay the interest of said bonds for that year, and such portion of the principal as is to become due during such year, and in any event must be high enough to raise, annually, for the first half of the term said bonds have to run, a sufficient sum to pay the interest thereon, and during the balance of the term high enough to pay such annual interest, and to pay, annually, a proportion of the principal of said bonds, equal to a sum produced by taking the whole amount of said bonds outstanding and dividing it by the number of years said bonds then have to run; and all taxes so levied, when collected shall be paid into the County Treasury of the county in which such district was organized, to the credit of the building fund of such High School District, and be used for the payment of the principal and interest on said bonds and for no other purpose. The principal and interest on said bonds shall be paid by the County Treasurer upon the warrant of the Auditor out of the fund provided therefor; and it shall be the duty of the Auditor to cancel and file with the Treasurer of the county in which such district was organized, the bonds and coupons as rapidly as they are paid. That part of any High School District which has been admitted to said High School District from another county under the provisions of this section shall be deemed a part of the county wherein such High School District was organized, for all purposes connected with the issuance of the bonds of said High School District, including the levying and collecting of taxes for the payment of the principal and interest of said bonds. If the Board of Supervisors of any county which has issued bonds under the provisions of this Act shall fail to make the levy necessary to pay such bonds or interest coupons at maturity and the same shall have been presented to the County Treasurer, and the payment thereof refused, the owner may file the bond, together with all unpaid coupons with the State Controller, taking his receipt thereof, and the same shall be registered in the State Controller’s office; and the State Board of Equalization shall at its next session, and at each annual equalization thereafter, add to the State tax to be levied in said High School District a sufficient rate to realize the amount of principal or interest past due prior to the next levy, and the same shall be levied and collected as a part of the State tax and paid into the State Treasury and placed to the special credit of such High School District bond tax, and shall be paid by warrants, as the payments mature, to the holders of such registered obligations as shown by the register in the office of the State Controller, until the same shall be fully satisfied and discharged; any balance then remaining being passed to the general account and credit of said High School District. Whenever any bonds issued under the provisions of this section shall remain unsold for the period of six months after having been offered for sale in the manner prescribed by the Board of Supervisors, the High School Board of the High School District, for and on account of which such bonds were issued, may petition the Board of Supervisors of the county in which such High School District was organized to redeem such unsold bonds from the market and cancel. Upon receiving such petition, signed by a majority of the members of said High School Board, the said Board of Supervisors shall fix a time for hearing the same, which shall not be more than thirty days thereafter, and shall cause a notice, stating the time and place of hearing, and the object of the petition, in general terms, to be published, to be published in the newspaper published in said High School District, if there is one, and if there is no newspaper published in said High School District, then in a newspaper published at the county seat of the county in which such High School District was organized. At the time and place designated in the notice for hearing said petition, or at any subsequent time to which said hearing may be postponed, the Board of Supervisors of the county in which such High School District was organized, shall hear any reasons that may be submitted for or against the granting of the petition, and if said board shall deem it for the best interests of the High School District named in the petition, that such unsold bonds be canceled, said board shall make and enter an order in the minutes of its proceedings that said unsold bonds be canceled; and thereupon said bonds and the vote by which they were authorized to be issued shall cease to be of any validity whatever.”

said High School District shall be issued and sold for the purposes mentioned in subdivision eleventh of this section, and in case said election is determined in favor of the issuance of said bonds, the same shall be issued as provided in subdivision eleventh of this section, for any or all of the purposes mentioned therein."

To the Hon. J. G. Mattos, Jr., Assemblyman representing Assembly District No. 26.

Dear Sir: A bill was presented in the Legislature at Sacramento by Senator Nelson of San Francisco, on or about January 29, 1901, in relation to the collection of a license tax on the business of selling liquors. The provisions of this bill are such (especially Sections 3 and 4) that if passed by the Legislature each city and county in the State will be handed over into the power of one man in each of these communities, viz: the tax collector. To pass such a measure, irrespective of the sentiments of these several communities on the question of license or no license, would be, we consider, both un-American and unjust. We, therefore, your constituents, request that you vote against this bill, to the end it may not become a law.

Also: Howard Overacker, Mrs. Howard Overacker, Chas. Gate, Mrs. Plumber, W. Chalmers Gunn, Lena Miller, John Fair, James E. Fair, Margaret L. Martin, R. B. Ralph, and twenty-one others (of Centerville, Cal.).

By Mr. Milice:

ARLINGTON STATION, RIVERSIDE, CAL., March 2, 1901.

To Hon. A. S. Milice, Assembly Chamber, Sacramento, Cal.

Dear Sir: We wish to call your especial attention to Senate Bill No 410, introduced by Senator Nelson of San Francisco, which proposes, in substance, the general issuing of liquor licenses throughout the State of California "at the rate of six dollars per annum, payable quarterly."

We regard this as a most unwise and vicious piece of legislation, practically without redeeming features; and, as good citizens, desirous of the essential welfare of the State, we bespeak for this bill your earnest and persistent opposition.

Yours, most respectfully.

At nine o'clock and forty-five minutes a.m., Speaker pro tem. Ralston was called to the chair.

PETITION—(OUT OF ORDER).

Mr. Mattos presented the following petition:

To the Hon. John G. Mattos, Jr., Assemblyman representing Assembly District No. 32.

DRAWING: A bill was presented in the Legislature at Sacramento by Senator Nelson of San Francisco, on or about January 29, 1901, in relation to the collection of a license tax on
the business of selling liquors. The provisions of this bill are such (especially Sections 3 and 4) that if passed by the Legislature each city and county in the State will be handed over into the power of one man in each of these communities, viz: the tax collector. To pass such a measure, irrespective of the sentiments of these several communities on the question of license or no license, would be, we consider, both un-American and unjust. We, therefore, your constituents, request that you vote against this bill, to the end it may not become a law.

To the Assembly of the State of California
I herewith return to your honorable body without my approval, with my objections thereto, Assembly Bill No. 90, entitled "An Act making additional appropriation to provide for certain improvements and repairs at the State Normal School at Los Angeles."
I am of the opinion that the amount herein appropriated is excessive, because $10,000 has already been appropriated for this specific purpose under the Act approved March 22, 1899 (Statutes 1898, p. 174), which sum has not yet been expended.
I also disapprove of the present bill because by its terms the appropriation is made payable immediately.

I desire to explain my vote on Senate Bill No. 56. I voted for the bill because I think it will be for the best interests of the office to make it appointive, and because the men of the craft in Sacramento, to wit: Sacramento Council of Federated Trades and the Sacramento Allied Trades Council, have passed resolutions in favor of said office being appointive, believing that the people of the printing trades know better than any one else what is good for them. The following is one of the resolutions received by me in relation to said bill:

"SACRAMENTO ALLIED TRades COUNCIL FAVORS THE APPOINTMENT OF SUPERINTENDENT OF STATE PRINTING.

"At a special meeting of Sacramento Allied Trades Council held Monday, February 18, 1901, the following resolutions were unanimously adopted:

"WHEREAS, A bill is now under consideration by the Assembly, known as Senate Bill No. 56, providing for the appointment of the Superintendent of State Printing, and which bill has been passed by the Senate by a vote of 21 to 8; and

"WHEREAS, This Council feels deeply interested in the bill under consideration, as we believe the perpetuation of the State Printing Office largely depends upon the passage of Senate Bill No. 56, making the office an appointive one; and

"WHEREAS, During the six years the State Printing Office has been working under the elective system it has been attended by the most disastrous results to the organized skilled labor employed in that office; therefore, be it

"Resolved, That Sacramento Allied Trades Council strongly advocates the appointment of Superintendent of State Printing as a measure necessary for the protection of the skilled labor employed therein;

"Resolved, That this Council urges upon all friends of organized labor to vote for the measure making the office of Superintendent of State Printing appointive; be it further

"Resolved, That a copy of these resolutions be immediately transmitted to each member of the Assembly.

"J. E. RUGGLES, President.
"J. J. C. FITZGERALD, Secretary."

COMMUNICATION.

Mr. Guilfoyle presented the following communication:

SAN FRANCISCO TYPOGRAPHICAL UNION NO. 21,

To Hon. W. J. Guilfoyle, Sacramento, Cal.:

Dear sir: Any report that San Francisco Typographical Union No. 21 has rescinded the resolutions passed at its regular meeting on January 27, 1901, is false, and is undoubtedly circulated for sinister motives.

The resolutions passed at that meeting follow:

WHEREAS, A bill (Senate Bill No. 58) is now pending in the California Legislature asking for an appropriation of $80,000 to establish a type-setting plant in the State Printing Office, the object being to dispense with hand composition; and

WHEREAS, Another measure (Senate Bill No. 56) is before the Legislature, providing that the Superintendent of State Printing shall hereafter be appointed by the Governor, instead of being elected by the voters of the State at large, as at present; therefore, be it

Resolved, That San Francisco Typographical Union No. 21 hereby emphatically protests against the passage of the above-mentioned bills, and requests labor unions and friends of organized labor generally to use all honorable means to insure their defeat.

Resolved, That copies of these resolutions be sent to all members of the Legislature, and also furnished to the press for publication.

Since the passage of the above resolutions, they have been indorsed by the San Francisco Labor Council and the Building Trades Council.

Labor Unions in San Francisco are a unit against making the office of Superintendent of State Printing appointive.

The Union at its regular meeting on February 24, 1901, instructed me to forward this letter to each member of the Legislature.

Very respectfully yours,

H. L. White,
Secretary San Francisco Typographical Union No. 21.

READING OF JOURNAL.

PETITION.

Mr. Myers presented the following petition:

WHEREAS, The committee appointed by the Senate at the thirty-second session of the Legislature to make an examination of State institutions, in referring to the Board of State Harbor Commissioners, reports: "There is no occasion whatever for a superintendent of the Ferry building, except to give some one a place, the law placing the superintendency of that building in the Chief Whar finger"; and

WHEREAS, The commission now has a man on its payroll at $100 per month as superintendent of the Ferry building; and

WHEREAS, This Senate report further says: "There is no occasion for the employment of any police force by the Harbor Commission in the City of San Francisco, as it is the duty of the city and its police department to take care of all property within the city, and there is no authority of law and no necessity, so far as your committee can learn, for the maintenance of any such force"; and

WHEREAS, Said report further says: "Watchmen are maintained upon the wharves, which is an unnecessary expense, the claim being made that because the State does not insure its property, it becomes necessary to employ watchmen to guard it. Your committee is of the opinion that there is nothing substantial in this claim: on all the wharves occupied for the greatest extent by transportation companies, they themselves keep a watchman for the protection of their own property, and certainly the State has no occasion to keep one itself under such circumstances, and there is no occasion for the employment of these watchmen that your committee is advised of", and

WHEREAS, The commission now employs three watchmen at a salary of $75 per month; and

WHEREAS, Howard C. Holmes, Chief Engineer of the commission, in his report to the board for the two fiscal years ending June 30, 1900, says: "In the years 1899 and 1900 the number of cars switched on the Belt Railroad was 45,000, at an actual cost of about $1.25 per car, or at a loss of fifty cents per car for every car switched," thus showing a loss of over $2,000 per annum in this one item alone; and

WHEREAS, Grave charges of extravagance and unbusiness-like methods of management have been preferred against the Board of State Harbor Commissioners of San Francisco, not alone by the public press, but by reputable citizens and the Chamber of Commerce of San Francisco; therefore, be it

Resolved by Tulare Grange No. 128 of the Order of Patrons of Husbandry, That we the members of said grange, individually as taxpayers and citizens, and collectively as
an organization, having the welfare of our State, and especially the agricultural interests thereof, at heart, do most earnestly, yet respectfully, request the Legislature of California at its present session to take some action looking towards the thorough and impartial investigation of the management of said commission, and we would suggest that a hold-over committee be appointed for this purpose in order that it may make a complete examination of the affairs of the commission and report to the next session of the Legislature. And we would suggest to the Legislature the advisability, in case such a committee is appointed, of placing men thereon of known integrity and ability (and we believe there are such among even our much abused legislators), for, we believe, if an attempt is made to whitewash or smother this thing, the day will come when it will “smell to high heaven” and be investigated by the people, and when that day does come, woe betide the men and party who attempt to smother it, and be it further

Resolved, That a copy of this resolution, duly signed by the secretary of this grange, stamped with the seal thereof, and countersigned by the master, be forwarded to R. H. Myers, our representative in the State Legislature at Sacramento, with the request that he lay this matter before the Legislature and urge its investigation; and be it further

Resolved, That every subordinate grange in California be asked to urge their representatives in the Legislature to take similar action, inasmuch as this is a matter that touches the pockets of every producer in the State.

PROTEST.

ASSEMBLY CHAMBER, SACRAMENTO, March 11, 1901.

MR. SPEAKER: I hereby protest against the action of the Assembly taken this day in refusing to amend Senate Bill No 447 as proposed by me. This protest is based on the grounds:

First—That the proposed redistricting, as it applies to the City and County of San Francisco, and which I opposed in caucus, is a virtual dismemberment and distribution, in small fractional parts, of the present Thirty-fourth Assembly District, which I have the honor to represent, and of the Twentieth Senatorial District, so that at best a small portion of the people of the present Thirty-fourth Assembly District will hereafter vote together for Assemblyman, and none of them will vote in the same combination for Senator.

Second—That either of the amendments proposed by me would have partially corrected the injustice of the proposed apportionment, and would have been acceptable to the people whom I have the honor of representing.

E. D. KNIGHT

REPORT OF STANDING COMMITTEE—(OUT OF ORDER).

ON FISH AND GAME.

Assembly Chamber, Sacramento, March 11, 1901.

Mr. Speaker: Your Committee on Fish and Game, who were instructed to visit the State Fish Hatchery at Sisson, beg leave to report as follows:

Your committee visited said hatchery on Sunday, February 24, 1901. After a careful examination into the condition and management of the hatchery, your committee found that the same was being conducted in a manner that merited the strong approbation of your committee; found the employees of the hatchery thoroughly conversant with their business, and your committee was further impressed with the economical and judicious expenditure of the funds devoted to the management of the hatchery. The premises were found clean and well kept.

There were in the hatchery, at the time your committee visited it, 1,500,000 salmon undergoing the process of hatching. None of them were more than a week old, and many were breaking through the shell of the egg. In the troughs reserved for the hatching of trout, there were 500,000 eggs; or newly-hatched trout, none of them more than five days old. The percentage of diseased or dead fish was far less than one per cent. In some troughs there were no evidences whatever of a failure to hatch, and no signs of eggs that had been lost, or fish that had died or become diseased.

Your committee found that the eggs under process of hatching had been brought from the spawning grounds under a process of an exceedingly economical character. As many as five thousand eggs had been taken from one female salmon, and as many as ten thousand eggs fertilized by the milt of one male salmon under the artificial process of spawning used by the employees of the Fish Commission.

The hatchery has successfully conducted an annual hatch of salmon eggs for the last eight years. The supply of eggs used at the hatchery requires the work of eleven men for thirty days of the year. Sixteen millions of salmon have been hatched at the hatchery. The loss of eggs has been less than four per cent from the time they were taken from the fish until the young salmon have been placed in streams of the State.

As to the trout, the annual hatch at the stations amounts now to two and a half million. In its trout work the Fish Commission has devoted its attention almost exclusively to the rainbow trout. The other species, to wit: the German, brown, and Eastern brook trout, have been found predatory and destructive of the smaller fish in our streams. The stock maintained by the commission at the hatchery makes it possible for them to rely largely on their stock fish for trout eggs. The commission is daily becoming more dependent upon its stock ponds for its trout eggs, and is relying less and less on the streams of the State for its supply. If present methods are maintained, the hatchery will, in a few years, furnish its own trout spawn.

A large pond a few hundred feet from the hatchery is reserved for rainbow trout, which are left there undisturbed until the spawning, when they are put through the artificial process and returned to the pond. A small proportion of the result of each
year's hatch is also returned to the spawning pond, so that the stock fish, as they are
termed, are constantly increasing and establishing what might be termed an "endless
chain." The pond of the hatchery was found to be in good condition, supplied with
running water, and stocked with varieties of trout which are kept largely for experi-
mental purposes. The troughs in the hatchery were found supplied with running
water. About twenty troughs were in actual use, there being in each trough baskets,
each containing about one hundred thousand eggs, suspended in the running water
which supplied the trough. The fish and eggs were segregated according to the various
stages of development in the different troughs.

The appointments at the hatchery were found satisfactory, except in one regard:
The superintendent of the hatchery is at present compelled to live at some distance
from the hatchery itself. The moisture in the hatchery would prevent any person from
living in it; at the same time, your committee deem it necessary that the superintendent,
or some one under his control, should live in the immediate vicinity of the hatchery.
Under the present conditions, the grounds and ponds of the hatchery are troubled by
poachers, who are able to get into the grounds at night, and whom it is difficult to
detect because of the absence of any one on the ground. Your committee recommend
that a lot be purchased adjoining the hatchery, and a house constructed for the use of
the superintendent and his family. An appropriation of $3,000 would fully cover this
necessity.

In conclusion, your committee beg leave to express its approval of the management
of the hatchery. The work, as at present conducted, your committee deems of inestim-
able value to the State. Your committee respectfully refers to the last report of the
Fish Commission for evidence of the success with which the commission has met in
increasing the run of salmon in this State.

Respectfully submitted

67—A
MESSAGE FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 11, 1901.

To the Assembly of the State of California:

I herewith return to your honorable body without my approval, with my objections thereto, Assembly Bill No. 145, entitled "An Act making an appropriation to pay expenses incurred by the Commission for the Revision and Reform of the Law." It is attempted by this law to appropriate $1,120 in payment of certain expenses alleged to have been incurred by the predecessors in office of the present Commission for the Revision and Reform of the Law, for services alleged to have been performed and expenses incurred by John V. Powers, as porter to said commission.

The Act of March 28, 1896, creating the commission, gave no power to employ a porter at the public expense, hence the labor, if any, performed for said members was either a charge against them personally or purely gratuitous. An examination of the records in the offices of the State Board of Examiners, and of the Code Commission, relating to the alleged services of Mr. Powers, failed to disclose any equity in the claim. It appears from the minutes of said commission dated June 12, 1897, that Mr. Powers was appointed both stenographer and porter. Section 7 of the Act creating said commission fixed the salary of said stenographer at $100 a month, and the commission, without authority of law, fixed his additional salary as porter at $40 per month. It appears from the minutes that Mr. Powers farmed out his duties as stenographer to three others, to each of whom he agreed to pay $20 per month. He continued in the capacity of stenographer until May, 1899, when it appears that he was removed as stenographer, and another person given the place. It appears, also, that Mr. Powers acted as porter for the Lunacy Commission, and received pay as such at the rate of $40 per month from April 29, 1897, to May 15, 1899.

In fine, the commission entered into a contract with Mr. Powers which could only bind the members individually, and not the State, for under the laws there existed no power in the commission to employ a porter. If the agreement between the commission and Mr. Powers was that he should look to the Legislature for his compensation, as might appear from a pencil memorandum with the minutes of the commission, then the employment of Mr. Powers, being without express authority of law, the Legislature would be prohibited by Section 32 of Article IV of the State Constitution from granting the recompense provided in this measure.

HENRY T. GAGE,
Governor of the State of California.

"It is further agreed, by and between the parties hereto, that the party of the first part shall have, and as hereby given, full, power and authority to decide all questions arising between the parties hereto as to whether or not the party of the second part has fully, and in good faith, complied with all the terms and conditions of this lease by said party of the second part to be done and performed, and whether or not any of the terms or conditions of this lease have been violated by the party of the second part, and that the decision of said party of the first part upon any and all said questions shall be final and binding upon said party of the second part and all other persons"

EXPLANATION OF VOTES.

ASSEMBLY CHAMBER, SACRAMENTO, March 12, 1901.

MR. SPEAKER: I wish to explain my vote on Senate Bill No. 392. I voted "aye" because I believe the people of the State, and especially of San Francisco, wish this lease ratified. The various commercial bodies of San Francisco have endorsed it, and I do not feel that I can disregard their wishes. My personal views are that the State should retain the possession and control of this property; but in deference to what I consider the wishes of my constituents, I have voted to ratify this lease.

ARTHUR G. FISK.

Also:

ASSEMBLY CHAMBER, SACRAMENTO, March 12, 1901.

MR. SPEAKER: I desire to explain that my reasons for voting "aye" upon Senate Bill No 392 are that the people of California, and particularly the commercial bodies and the people of San Francisco, desire the ratification of this lease, and because I realize the great value of more transportation facilities. Personally, I believe the period of the lease is too great; that the privileges granted under such a lease will, before the expiration of fifty years, have become of such immense value that the return made to the State will be inadequate.

FRANK D. MACBETH.

Also:

ASSEMBLY CHAMBER, SACRAMENTO, March 12, 1901.

MR. SPEAKER: I voted for Senate Bill No. 392 because I believe it will be of vast benefit to the commercial and farming interests of the State in providing added facilities in the way of transportation and competition in rates and fares, which later will result in big advantage to the people.

WARREN M. JOHN.

Also:

ASSEMBLY CHAMBER, SACRAMENTO, March 12, 1901.

MR. SPEAKER: In voting for Senate Bill No 392, I do so for the reason that the people I represent think that it will be a good thing for the city, State, and for the Mission district and Potrero. While I do not believe that the city or State should lease any property for a period of fifty years, I also believe that I should do as my people desire.

W. J. GUILFOYLE.

FRANKLIN, Chairman

EXPLANATION OF VOTES.

ASSEMBLY CHAMBER, SACRAMENTO, March 12, 1901.

Mr Speaker: I desire to explain my vote on Senate Bill No. 392. I voted “no” because I did not think the interests of the State were properly protected in the lease, and I considered Mr. Johnson’s argument on that point unanswerable, and wholly unanswered in the debate.

J. W. P. LAIRD.

Also:

ASSEMBLY CHAMBER, SACRAMENTO, March 12, 1901

Mr Speaker: My vote in favor of Senate Bill No. 392 was given against my own best judgment, which is that said bill does not sufficiently protect the interests of the State; and that the rent reserved in the lease ratified thereby is inadequate. I so voted because of the seemingly unanimous demand for the passage of the bill by the people and commercial interests of San Francisco.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, SACRAMENTO, MARCH 13, 1901.

To the Assembly of the State of California:

I have the honor to inform your honorable body that I have approved Assembly Bill No. 397, entitled "An Act to amend Section 1 of an Act entitled 'An Act to provide for the appointment, duties, and compensation of a Débris Commissioner, and to make an appropriation to be expended under his directions in the discharge of his duties as such commissioner,' approved March 21, 1893"; and No. 229, entitled "An Act to provide for the appointment by the Supreme Court of five commissioners, to be known as Commissioners of the Supreme Court, to appoint a secretary, and to appropriate money therefor".

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, SACRAMENTO, MARCH 13, 1901.

To the Assembly of the State of California:

I herewith return to your honorable body, without my approval, with my objections thereto, Assembly Bill No. 291, entitled "An Act to provide for the location and construction of a State highway from a point at or near Merced Falls to the boundary line
of the Yosemite National Park, at its crossing of the Merced River, and placing the same under the management and control of the Department of Highways, and making an appropriation therefor, and repealing an Act entitled "An Act to appropriate money for the survey, location, and construction of a free wagon road from the town of Mariposa, in Mariposa County, to the Yosemite Valley," approved March 26, 1896."

I regret that I cannot give this bill my approval, but the many necessary appropriations already approved and those which, on account of extreme State needs, must be hereafter approved by me, aggregate so large a sum, when coupled with the increased appropriations for the University and schools, and for the maintenance of the orphans, half-orphans, etc., all incident to the rapid growth of our State, that I am compelled, out of regard for the taxpayers of the State, to disapprove of this measure, which might meet with my favor were the circumstances different.

There are now pending before me other bills for the improvement of roads and highways which, taken together, carry such a large appropriation—covering many hundreds of thousands of dollars—that their allowance at this session would not only be a grievous wrong and unnecessary burden upon the taxpayers, but would be in violation of the pledge to economy forming part of the Republican platform upon which I was elected, and which every member of the dominant party in the Legislature is bound to respect. Obligated by that pledge, and above that, having the deepest concern for the interests of the taxpayers of the State, notwithstanding the numerous appeals made to me by people in the localities interested in the passage of these various road bills, I will be constrained to refuse my approval. I appealed to you in my biennial message at the beginning of this session to exercise such economy as would be compatible with the actual necessities of each case, and now toward its close I again call your attention to the enormous appropriations pending consideration in your honorable body, together with the appropriations already made, and I beg of you to refuse your approval of any other bills carrying appropriations except of the most urgent and necessary character.

HENRY T. GAGE,
Governor of the State of California.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, MARCH 13, 1901

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, Assembly Bill No. 42 entitled "An Act to amend an Act entitled "An Act to prevent the destruction of forests by the on public lands," approved February 13, 1872, and to extend the provisions of said Act to private lands."

This bill purports to amend the Act of February 13, 1872, by extending its provisions to private lands, and by making the fines collected thereunder payable into a Forest Fire Fund, instead of into the Common School Fund. The measure, while sufficiently laudable in its object of protecting the forests of the State from such destruction by the use of fire, yet should have been made a part of the Penal Code, pursuant to the provisions of Sections 218 and 249 of the Political Code, as the subject relates to and should form part of the Penal Code, following or amending Section 384 of the Penal Code.

In Assembly Bill No. 764, which has already passed, proposing to revise the Penal Code, this subject is sufficiently covered by Sections 384a and 384b, on page thirty-two, which will dispense with the necessity of the present measure.

HENRY T. GAGE,
Governor of the State of California.

Ordered printed in the Journal.

PETITION.

By Mr. Brown of San Mateo:

WHEREAS, The committee appointed by the Senate at the thirty-second session of the Legislature to make an examination of State institutions, in referring to the Board of State Harbor Commissioners, reports: “There is no occasion whatever for a superintendent of the (ferry) building, except to give some one a place, the law placing the superintendency of that building in the Chief Wharfinger”; and

WHEREAS, The commission now has a man on its payroll at $100 per month as superintendent of the ferry building; and

WHEREAS, This Senate report further says: “There is no occasion for the employment of any police force by the Harbor Commission in the City of San Francisco, as it is the duty of the city and its police department to take care of all property within the city, and there is no authority of law and no necessity, so far as your committee can learn, for the maintenance of any such force”; and

WHEREAS, The commission now has in its employ two policemen at $75 per month; and

WHEREAS, Said report further says: “Watchmen are maintained upon the wharves, which is an unnecessary expense, the claim being made that because the State does not insure its property, it becomes necessary to employ watchmen to guard it. Your committee is of the opinion that there is nothing substantial in this claim. On all the wharves occupied to any great extent by transportation companies, they themselves keep a watchman for the protection of their own property, and certainly the State
has no occasion to keep one itself under such circumstances, and there is no occasion for the employment of these watchmen that your committee is advised of; and

Whereas, The commission now employs three watchmen at a salary of $75 per month; and

Whereas, Howard C. Holmes, Chief Engineer of the commission, in his report to the Board for the two fiscal years ending June 30, 1900, says: "In the years 1896 and 1900 the number of cars switched on the Belt Railroad were 40,000, at an actual cost of about $1.25 per car, or at a loss of fifty cents per car for every car switched," thus showing a loss of over $12,000 per annum in this one item alone, and

Whereas, Grave charges of extravagance and unbusiness-like methods of management have been preferred against the Board of State Harbor Commissioners of San Francisco, not alone by the public press, but by reputable citizens, and the Chamber of Commerce of San Francisco, therefore, be it

Resolved by Pescadero Grange of the Order of Patrons of Husbandry, That we the members of said grange, individually as taxpayers and citizens, and collectively as an organization, having the welfare of our state, and especially the agricultural interests thereof, at heart, do most earnestly, yet respectfully, request the Legislature of California at its present session to take some action looking toward the thorough and impartial investigation of the management of said commission, and we would suggest that a hold-over committee be appointed for this purpose, in order that it may make a complete examination of the affairs of the commission, and report to the next session of the Legislature. And we would suggest to the Legislature the advisability, in case such a committee is appointed, of placing men thereon of known integrity and ability (and we believe there are such among our own-abused legislators) for, we believe, if an attempt is made to whitewash or smother this thing, the day will come when it will "smell so high heaven" and be investigated by "the people," and when that day does come, woe betide the men and party who attempt to smother it; and be it further

Resolved, That a copy of this resolution, duly signed by the secretary of this grange, stamped with the seal thereof, and countersigned by the master, be forwarded to Hon. W. H. Brown, our representative in the State Legislature at Sacramento, with the request that he lay this matter before the Legislature and urge its investigation; and be it further

Resolved, That every subordinate grange in California be asked to urge their representatives in the Legislature to take similar action,asmuch as this is a matter that touches the pockets of every producer in the State

EXPLANATION OF VOTES.

ASSEMBLY CHAMBER, SACRAMENTO, March 14, 1901.

Mr. Speaker: I vote against concurring in Senate amendment to Senate Bill No. 793, as to the test, because of a fear that it will render the bill unconstitutional, and in the hope that the Senate will recede in conference.

E. D. KNIGHT.

ASSEMBLY CHAMBER, SACRAMENTO, March 14, 1901.

Mr. Speaker: I voted to concur in Senate amendment to Assembly Bill No 793, and also voted "aye" upon the passage of the bill, for the reason that I and my constituents desire a primary election law; but I believe that the constitutionality of the law is extremely doubtful, in view of previous decisions of the Supreme Court.

EDWARD F. TREADWELL.

EXPLANATION OF VOTE.

ASSEMBLY CHAMBER, SACRAMENTO, March 15, 1901.

Mr. Speaker: I voted "no" on Senate Bill No. 554 for the reason that the bill, as it appeared in my file, was in the form of a general law, when it should have been made part of the Penal Code, and I did not know that it had been codified by amendment, and was informed by the gentleman having it in charge that it had not been so codified. I learned the error too late to change my vote.

REPORT OF COMMITTEE OF FREE CONFERENCE.

The question being on the adoption of the report of the committee of free conference relative to Senate Bill No. 447, as follows:

ASSEMBLY CHAMBER, SACRAMENTO, March 15, 1901.

MR. SPEAKER: Your committee of free conference concerning Senate Bill No. 447—An Act to divide the State into legislative districts, and to provide for the election of Senators and Assemblymen therein—report that we have met a like committee of the Senate, consisting of Senators Cutter, Rowell, and Leavitt, and we report that the free conference committee agreed upon and recommend that the Assembly recede from those portions of the Assembly amendment to Section 2 which relate, respectively, to Assembly districts numbered ten, eleven, fifty-eight, and fifty-nine; being subdivisions ten, eleven, fifty-eight, and fifty-nine of said Section 2.

And your committee further recommend that the following amendments be made to Section 2:

1. That subdivision ten of said Section 2 be amended to read as follows:

"10. The counties of Placer and El Dorado shall constitute the Tenth Assembly District."

2. That subdivision eleven of said Section 2 be amended to read as follows:

"11. The counties of Amador, Calaveras, Alpine, and Mono shall constitute the Eleventh Assembly District."

The roll was called, and report adopted by the following vote:

At two o'clock and thirty minutes p. m., the Speaker called Mr. Sutro to the chair.

EXPLANATION OF VOTE.

ASSEMBLY CHAMBER, SACRAMENTO, March 15, 1901.

Mr. Speaker: I have voted for the adoption of this report because I consider the joint action of the Republican members of the Legislature in caucus binding upon me, being a member of said caucus, but I believe the bill to be a denial of the rights of the people of the State of California to equal representation under the Constitution, and an unfair and unequal apportionment in so far as the giving of an Assemblyman to the County of San Benito is concerned.

FRED L. STEWART.

MOTION.

Mr. Johnson moved to amend Rule 67 of the Standing Rules of the Assembly by adding thereto as follows, viz:

During a call of the House no proceedings shall be had or be in order except a motion to adjourn or to suspend proceedings under the call, which shall each be decided without debate. No recess can be taken under a call of the House. The ayes and noes may be taken while the Assembly is acting under a call of the House, upon the motions that can be made.

MESSAGES FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, SACRAMENTO, MARCH 16, 1901.

To the Assembly of the State of California:

I have the honor to inform your honorable body that I have approved Assembly Bill No. 573, entitled "An Act providing for the creation and management of the California Redwood Park, making an appropriation therefor, and creating a board of five commissioners, with power to make purchases and to manage said California Redwood Park."

HENRY T. GAGE,
Governor of the State of California

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, SACRAMENTO, MARCH 16, 1901.

To the Assembly of the State of California:

I herewith return to your honorable body without my approval, with my objections thereto, Assembly Bill No. 579, entitled "An Act providing for an appropriation for the purpose of purchasing additional land for Sutter's Fort, and for improving the grounds about such fort."

I do not perceive any urgent necessity for the appropriation of this sum. Sutter's Fort was acquired under the Act of March 7, 1891, creating a board of five trustees, and by that Act the sum of $20,000 was appropriated for the improvement and care of this historic site. It was not then deemed necessary for the State to purchase or acquire any additional ground. Afterward, under an Act of the Legislature approved March 9, 1893, $15,000 was appropriated for the purpose of completing the work of restoring Sutter's Fort, and for the care and preservation of the property.

Again, under the Act of the Legislature approved March 16, 1896, the position of Guardian of Sutter's Fort was created, and the salary of such Guardian was fixed at $50 per month, which amount has ever since been a continuing charge against the State.

Still again, under an Act approved April 1, 1897, $4,000 was appropriated for the purpose of improvements and repairs.

It is proposed under the terms of this Act to expend $20,000 more for the purchase of additional land, which will necessarily entail additional expense for its care in the future. The money which the State has expended in the past, and which it continues to expend in the appropriations biennially made, ought at least for the present to suffice for this purpose, especially when other needed appropriations for State institutions are indispensable.

With the naturally increased necessities of the State to be provided for, in addition to the many special appropriations which are required, it must appear to all right-thinking people whose attention is directed to the whole situation that it would be as unwise in policy as it would be unjust to the taxpayers to force, at this inopportune time, the purchase of new grounds, merely for the embellishment of Sutter's Fort.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, SACRAMENTO, MARCH 16, 1901.

To the Assembly of the State of California:

I have the honor to inform your honorable body that I have approved Assembly Bill No. 596, entitled "An Act declaring upon what terms contracts between persons, companies, associations, or corporations furnishing water for irrigation to the consumers of such water shall be valid, and to provide that such contracts shall be deemed
based upon sufficient consideration"; and No. 704, entitled "An Act to revise the Penal Code of the State of California by amending certain sections, repealing others, and adding certain new sections"; and No. 683, entitled "An Act to revise the Civil Code of the State of California by amending certain sections, repealing others, and adding certain new sections."

HENRY T. GAGE,
Governor of the State of California.

CONSIDERATION OF SENATE CONCURRENT RESOLUTIONS.

SENATE CONCURRENT RESOLUTION NO. 24.

Relative to Code Commission furnishing a complete set of amended codes.

Resolved, Senate and Assembly concurring, That the Code Commission be directed to purchase and to furnish to the Lieutenant-Governor, to each Senator and Assemblyman, and to the Speaker of the House and the Secretary of the Senate, a complete set of the codes passed at this session of the Legislature, after being printed and bound, and that the same be paid out of the printing fund now in the hands of said commission.

Senate Concurrent Resolution No. 24 read and adopted.

SENATE CONCURRENT RESOLUTION NO. 10.

Resolution welcoming to the State of California the International Convention of Epworth Leagues upon the occasion of its fifth biennial session, to be held in San Francisco, July 18th to 21st, 1901.

WHEREAS, The fifth international convention of Epworth Leagues is to be held in the City of San Francisco, this State, July 18th to 21st, 1901; and

WHEREAS, The Epworth League is an organization of the young people of the Methodist Church, with an aggregate membership of two and one half millions of persons, located principally in the United States and Canada, and having societies in nearly all the different countries of the world, which organization has for its object the promotion of piety and loyalty to religion, education in the Bible and Christian literature, encouragement in works of charity, and right living among its members, and their development in uprightness and citizenship; and

WHEREAS, At the previous biennial international conventions of the League, held in Eastern and Southern cities of the United States and in Canada, the attendance has reached as high as fifty thousand persons; and

WHEREAS, A large number of our citizens in public and private life have for nearly two years past been devoting their time, labor, and funds in the promotion of this great convention, and will continue so to labor and devote their energies in this behalf, and will to the last, that the convention may be a success, and that the many thousands of visitors to California may be hospitably received; and

WHEREAS, By reason of the superior attractions offered by a trip to California, by reason of the prevailing good times, by reason of the prominence attained by California in Oriental affairs, and by reason of the extremely low rates for transportation to and from the State on account of this convention, agreed upon by the Railway Association of the United States, which rates are more favorable than those granted to the International Convention of Christian Endeavor of eighteen hundred and ninety-seven, with terms and provisions permitting holders of tickets to visit numerous points of interest in the State, and which rates of transportation are available to everybody whether members of the League or not, and by reason of the great success and unannoyed pleasure attending the International Convention of Christian Endeavor of eighteen hundred and ninety-seven, and by reason of the world-wide fame of the State of California for unbounded hospitality, it is confidently expected by those who have in charge the arrangements for the coming convention that more than thirty-five thousand people will visit our State in July next; and

WHEREAS, It is meet and proper that the people of the State of California, represented in Senate and Assembly, should welcome to our splendid State the delegates to the convention of nine hundred and one, and their accompanying friends, and others drawn hereon this great occasion; therefore, be it

Resolved by the Senate of the State of California, the Assembly concurring therein, That the Legislature of the State of California, in its thirty-fourth session assembled, does hereby extend to the members of the Epworth League from all parts of the world, and their accompanying friends, a hearty greeting and a cordial welcome to our beloved State upon this, the occasion of their fifth biennial international convention, and assure them that we believe that much benefit will be derived by the people of our own State from the visit of those who will come within our borders at the time of this great gathering, and sincerely hope that much good will come to those who thus visit us. We assure
our intending visitors that they will find in the hearts of our people a sincere regard for, and an "earnest interest in that moral culture which is elevating and helpful to humanity, and in all that is designed on purpose to aid and encourage good works, and that in the homes of our people they will find the same reverence for God that characterizes true Christianity wherever found.

In this the opening year of the new century, the eyes of the entire world are turned toward the Orient. California and her great metropolis, San Francisco, command the approaches to the far east. With fifty years of statehood, forming a glorious past, California occupies a commanding position, with possibilities seldom equaled and never surpassed by any other State in the Union.

We point to our countless churches, our works of art, our scientific institutions and our splendid school system, crowned with our great State university, as evidences of our spiritual and intellectual progress. From the founding of the first mission at San Diego in 1769, by the Spanish Fathers, the progress of Christian teaching may be traced through the rude and now refined missions, through the rough frontier churches and schoolhouses, to our great cathedrals and magnificent seats of learning of to-day. We point to the farms and orchards in our fertile valleys, to the mines of our productive hills, to our great cities and our railways and waterways burdened with the commerce of the world, as evidences of our material prosperity. Our great ship-building plants, our factories, mills, and our varied industries demonstrate progress in the mechanical arts. The vast annual output of our gold mines; the enormous value of our cereal and fruit crops; the immensity of our wool, lumber, oil, and other industries, tell the story of the richness of our State. To an enjoyment of the riches and glories of the State our visitors welcome. Within our borders they may luxuriate amid semi-tropical scenes of San Diego, Coronado, Pasadena, and Los Angeles; they may wander at will amidst scenes of nature's grandeur found in the Yosemite Valley, Monterey, and elsewhere; and amidst the frozen fastnesses of Shasta's summit they may find solitude equal to that of the polar regions. In the great valleys and along the shores with vine and fig-tree setting, bringing to mind Italy, Palestine, and the East. In San Francisco and our other large cities will be found Oriental quarters that will offer opportunities to study the people of eastern nations in their own peculiar surroundings. To these and other points of interest and entertaining scenes we bid our visitors come. In the name of a million and a half of hospitable citizens, we bid them welcome to California.

Senate Concurrent Resolution No. 10 read and adopted.

Gentlemen of the Assembly:

The time for the adjournment of the thirty-fourth session of the Legislature of the State of California, in accordance with its concurrent resolution to that end, is almost at hand; and before sounding the gavel for the last time upon your deliberations, permit me to say a few words in parting.

To the members of the prevailing political party who conferred upon me the distinguished honor of electing me as your Speaker, I again desire to express my sincere
thanks and the hope that there is no feeling among you indicating that your confidence has been misplaced.

To the standing committees whose selection was made after careful deliberation, I wish to express my great satisfaction at the evident care and attention which were given their work, and the general good results accomplished. If any fault is to be found or any errors have been committed by them, I cheerfully assume all the responsibility.

I will not attempt to review your work in detail, but I am impelled to congratulate you all upon the fact that in the short space of time that has been allotted to us the result of the six years of labor spent by the Commission for the Revision and Reform of the Law has been thoroughly reviewed, with the result that we have now completed and in effect the three codes, passed by both branches of this Legislature. Too much praise cannot be given to the joint committee that assumed the charge of this work.

You have complied with the constitutional provision relating to reapportionment, and while the law resulting therefrom may not be entirely satisfactory to you all, still the State at large is to be congratulated, and we can congratulate ourselves upon the fact that so little friction was manifested in its passage, and that any sore spots which may have been inflicted have entirely healed, and that there now exists among you the best of feeling and good fellowship.

Another cause for congratulation is the fact that this Legislature, after providing for the pressing and actual needs of all the State institutions, has succeeded in reducing the tax levy to the smallest sum ever levied by any Legislature that has convened at its capital within the history of the State, which fact alone should place this Legislature on a high plane in the estimation of the people, by whose votes we were selected.

Other causes for congratulation suggest themselves to me, but for lack of time I will not present them, but will merely say that you can return to your people with the assurance of a duty well and honorably performed.

I extend to you one and all my heartfelt thanks for the uniform courtesy, support, and sympathy that I have received on all sides, and the spirit with which you have overlooked acts of mine which may at times have appeared arbitrary and unjust. No man is perfect; we are all liable to err, it is only human; but accept from me the assurance that at all times I have endeavored to be fair and just to all, and yet expedite the business of the Assembly with the least possible loss of valuable time. How well I have succeeded rests for you to decide. I realize that you will be charitable. The position which I have occupied is one attended with care, labor, responsibility, and vexation, and it would be indeed strange if one man could so harmonize every difference that arose, and so settle every disputed point, as to leave the impression in the minds of all that no wrong or injustice has been done.

The time has come for us to part. Some of us undoubtedly will meet again, some never, but our recollection will ever remain, and in the years to come it is my earnest hope that your remembrance of the Speaker of the thirty-fourth session will at least be kind, and your judgment upon his actions charitable. Personally, I have no wrongs to remember, no known injuries to repair, and my remembrance of every member will be filled with kindness and respect.
