MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received, read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, April 22, 1925.

To the Assembly of the State of California

Assembly Bill No. 2 is returned herewith without my approval. This bill puts the county highway from Madera to the Yosemite Valley into the State highway system. Many cities, towns and hamlets between Fresno and Stockton appear to be ambitious to be connected with the Yosemite Valley by State highway routes, built and maintained by State funds. Each thinks it can furnish the best route. The people of California have by their vote approved the route from Merced via Mariposa, Briceburg and El Portal into the Yosemite Valley. This is the most direct and logical route. It is convenient for travelers from both north and south of Merced. It will require a great sum of money to complete this road. Until it is completed it would be folly to divert any money to other routes. The State has no money at this time to spend on the Madera route, so it is better for it to remain in the county system, where it can receive aid, rather than to be put into the State system where it can get no aid.

At the present time there are several hundred miles of highway in the State system which should never have been unloaded upon the State. To eliminate these roads is important. To add roads such as the Madera road to the system now is the height of folly. An attempt was made in 1923 to put this road in the system but was defeated in committee, when the policy of the State was known. This bill has been shoved through regardless of the warnings in my message, the protests of the Highway Commission and the illogic of it at this time. Some time in the future when the Merced-Briceburg road is completed it may be feasible to take over the Madera road. I fully realize that it would be to my political advantage in Madera County to sign this bill, but I refuse to allow the State highway system to become the football of politics.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received, read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, April 22, 1925.

To the Senate and Assembly of the State of California

Gentlemen This is to advise you that I have signed the following bills

Assembly Bills Nos 431, 502 and 1192

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, April 22, 1925.

To the Assembly of the State of California

Assembly Bill No. 542 is returned herewith without my approval. This bill amends section 602 of the Penal Code in regard to trespassing on timbered or cut over land. It adds a new subdivision to the section which provides that every person who wilfully commits any trespass by "camping or building fires upon any lands owned by another where signs forbidding trespass are displayed at intervals not greater than one-third mile along the exterior boundaries or along roads and trails passing through such lands, without first having obtained permission from the owner of such lands or his agent, or the person in lawful possession thereof" shall be guilty of a misdemeanor.

The State Forester says that the intention of this bill "was to afford protection to private lands but is so worded that it is impossible of enforcement. The bill would work a hardship on campers, many of whom would be innocent violators of the law. There has been considerable agitation against the closing of the forests and the people who camp in the mountains would see in this measure an attempt to deprive them of the privileges they feel they have a right to enjoy."

The Fish and Game Commission has called attention to this bill and presents arguments against it being signed. The commission says: "The effect of this amendment is far reaching It will create the whole wild and unsettled area in this State into a huge private game preserve. If adopted it would be a departure from the long established rules of the State, causing its police powers to be used for purely private ends Under this bill every peace officer in the State becomes at once a private detective and a policeman. It is a throwback to the middle ages, by reviving the long abandoned "Forest Court" It again brings upon the people the very essence of the law that made the Robin Hoods and Dick Turpins. It would prohibit the hunter or fisherman or camper from building a campfire beside any road anywhere in the State It does not require the owner of wild land to post along the roads, but creates a pitfall for the strange camper or hunter to be arrested for unintentional trespass because of building a perfectly legal campfire The mere building of a campfire beside the road, afar from a human habitation, with no evidence as to whether the land is privately owned or not, makes the innocent camper a criminal under this proposed act."

It appears to me that the present section of the Penal Code amply covers all necessary protection to the owners of private property I do not think the sponsors of this bill fully realized its far-reaching consequences

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

The following explanation of vote was received, and ordered printed in the Journal:

Mr. Speaker and Members of the Assembly.

This Senate Constitutional Amendment No. 9, with the accompanying reapportionment bill which gives to one county one-fourth of the legislators of the State, brings to our attention a matter of such vast importance and grave dangers not only to the small rural counties that are losing their rightful representation, but also to those counties surrounding the wonderful Golden Gate, that we must act very carefully.

This whole thing is an acknowledged deal between a Senator or senators and a person generally known as a member of the third house. In our Reapportionment Committee, when these measures were under consideration, any attempts to amend the constitutional amendment so as to protect rural California, by members of this House were brusquely put aside with the remark that they were not according to the deal. I believe it is a dangerous thing for either branch of our Legislature to submit to such deals by a member or members of the other House with an outside man commonly known as a lobbyist. These people threaten to put this reapportionment bill on the ballot at the next election. To my mind, it

is no difference whether we submissively lay down and give what the deal provides, or whether they put it on the ballot, the results are practically the same.

The federal constitution provides that one House shall be controlled by territorial area and it has always worked satisfactorily. This provision now before us leaves us, as at present, on a population basis which has brought us into this trouble and will keep us there.

I would rather strive for what I know is right and fail, than to work for what I think is wrong and succeed. Therefore, my vote is against this act.

S. L. HEISINGER.

EXPLANATION OF VOTE.

The following explanation of vote was received, and ordered printed in the Journal:

We, the undersigned, believe that when the legislative districts of this State are reapportioned, it should be in such manner as to retain the control of one House in the rural communities. We believe that under Senate Constitutional Amendment No. 9, such a reapportionment could be made. But since this constitutional amendment has come to us tied to a plan of reapportionment which does not accord with our ideas in any particular, a plan, as to the constitutionality of parts of which we are in doubt, a plan which may result in bringing about the very thing to which we are opposed, we feel constrained to vote against Senate Constitutional Amendment No. 9, and also Senate Bill No. 326 which is presented to us in conjunction with it.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 23, 1925.

To the Senate and Assembly of the State of California.

GENTLEMEN: In compliance with the provisions of section 13 of "An act to authorize the creation of a debt or debts, liability or liabilities through the issuance and sale of State bonds for the single object of creating a fund to carry on the operations of the Veterans' Welfare Board," etc. (chapter 578, Statutes of 1921, submitted to voters at the general election in November, 1922), I hereby lay before you an abstract of proceedings under said act of the Veterans' Welfare Finance Committee, the State Controller and State Treasurer, together with their report to me.

Respectfully submitted.

FRIEND WM RICHARDSON, Governor.

FINANCIAL REPORT OF THE BOOKS AND RECORDS OF ACCOUNT OF THE DIVISION OF FARM AND HOME PURCHASES AND VETERANS' WELFARE FINANCE COMMITTEE.

Honorable Friend Wm. Richardson,
Governor of California,
Sacramento, California.

DEAR SIR In compliance with section 13 of chapter 578, Statutes of 1921, there is herewith submitted a report as of April 1, 1925, together with abstract of all proceedings of the Veterans' Welfare Finance Committee.

The Veterans' Welfare Finance Committee is composed of Friend W. Richardson, Governor, Ray L. Riley, State Controller, Charles G Johnson, State Treasurer; George G. Radcliff, Chairman State Board of Control, and Frank H. Nichols, Chairman of the Veterans' Welfare Board.

Meeting No 1 of the Veterans' Welfare Finance Committee was held November 1, 1923, for the purpose of discussing the preliminary procedure to the authorization of bond creation and sale.

Meeting No 2 of the Veterans' Welfare Finance Committee was held December 5, 1923, when the committee discussed a proposed resolution fixing the amount of the first bond issue, the purpose of the issue, and the interest rate to be borne by said bonds. After a discussion with the Veterans' Welfare Board as to its plans, the $1,000,000 provided for veteran land settlement purposes was eliminated, and the interest rate reduced from 4¾ per cent to 4½ per cent because of the apparent stability of the bond market.

Meeting No 3 of the Veterans' Welfare Finance Committee was held December 20, 1923, at which time the committee adopted a resolution authorizing the creation and sale of $4,000,000 Veterans' Welfare bonds for the administration of the Veterans' Farm and Home Purchase Act, chapter 519, Statutes of 1921, as amended by chapter 405, Statutes of 1923, on the basis of the plans and projects of the Veterans' Welfare Board

Meeting No. 4 of the Veterans' Welfare Finance Committee, held February 11, 1924, fixed the date of sale of the $4,000,000 issue, and authorized and directed the State Treasurer to advertise said sale in accordance with section 8 of the Bond Act.

Meeting No. 5 was held on September 6, 1924, when the Veterans' Welfare Finance Committee met and considered a draft of a resolution authorizing the creation and sale of bonds in the amount of $2,000,000 to continue the administration of the Farm and Home Purchase Act. The resolution was adopted and the date of the sale of said bonds fixed and the State Treasurer directed to advertise said sale in accordance with section 8 of the Bond Act.

Meeting No 6 was held on February 24, 1925, when the Veterans' Welfare Finance Committee met and considered a resolution authorizing the creation and sale of bonds in the amount of $2,000,000 to continue the administration of the Veterans' Farm and Home Purchase Act. The resolution was adopted, fixing the date of sale and directing the State Treasurer to advertise the same in accordance with section 8 of the Bond Act.

To date the creation and sale of 8000 bonds, aggregating $8,000,000 have been authorized by this committee, of which 6000 bonds, aggregating $6,000,000, have been sold On May 1, 1925, 2000 bonds, aggregating $2,000,000, will be offered at public auction in accordance with the provisions of this Bond Act. There remains unissued 2000 bonds of the total of $10,000,000 provided by the act.

The Veterans' Welfare Board has repaid into the General Fund of the State Treasury the loan of $1,950,000 granted under chapter 519, Statutes of 1921. The money to repay this loan was acquired from the receipts of the first bond issue authorized by the Veterans' Welfare Finance Committee.

The funds, contractual rights and other properties constituting the assets of which the Farm and Home Purchases is possessed as of March 31, 1925, are sufficient to

offset all current and unmatured obligations, and to absorb adequate reserves, including a reserve for future expenditures of $276,844.26. This reserve represents an excess of income accrued over expenditures incurred, which is restricted in its application to the lawful expenditures of the Farm and Home Purchase Act. Both the maturity of bonds and the interest indebtedness thereon have been promptly paid when due.

Appended hereto are

1. Financial Statement of Veterans' Welfare Finance Committee as of April 1, 1925.
2. Statement of plans and projects of the Veterans' Welfare Board as submitted to the Veterans' Welfare Finance Committee, on which basis the resolutions authorizing bond creation and sales were adopted.
3. Statement showing schedule of maturities of the several bond issues
4. Financial report of the operations of the Veterans' Welfare Board as of April 1, 1925.
5. Status of applications filed by veterans for aid under the Farm and Home Purchase Act, chapter 519, Statutes of 1921, as of April 1, 1925.
6. Number and cost of homes and farms purchased by the Veterans' Welfare Board, as of April 1, 1925.

Respectfully submitted

VETERANS' WELFARE FINANCE COMMITTEE.

State Controller.

Secretary pro tempore.

State Treasurer.

REPORTS OF STANDING COMMITTEES.

The following reports of standing committees were received and read:

ON GOVERNMENTAL REVENUES AND EXPENDITURES.

ASSEMBLY CHAMBER, SACRAMENTO, April 24, 1925.

The Committee having under investigation revenues and expenditures of the State reports as follows:

There are created by law practically one hundred sixty-seven special funds. When any portion of these funds remain unexpended by the agencies having them in charge they become frozen and unavailable, except upon a special act of the Legislature with reference to each one of them. This process requires a great number of special acts of the Legislature and the law should be changed so that the frozen funds other than those of self-supporting commissions should automatically go into the general fund. It is probable that this could be done by a general law. It is doubtful if there should be such a thing as a special fund with reference to many of these funds, and there is no reason why they should not go directly to a general fund, from which they could be drawn with equal availability. Such an act creating this system would have to be so guided as not to contravene the budget amendment to the constitution.

The Committee finds that the estimated expenses for the fiscal years beginning July 1, 1925, and ending June 30, 1927, realized from franchise taxes provided from amendment number one which separates State and county taxes amount to $99,340,600 for the two fiscal years, but the total State receipts amount to $185,981,874 estimated for the said fiscal years. Deducting the amount of franchise tax given above from this total it is seen that from the several agencies of the State there is derived $86,641,874 besides the franchise tax.

The budget appropriates $106,141,033, and this amount is all that is required to take care of the expenditures of the government. It is found, however, that the total amount of the estimated expenditures for the two fiscal years is $160,120,283. It is seen, therefore, that the amount of expenditures for the two fiscal years over

and above the budget appropriation, amounts to $53,978,344. This excess over the budget is expended by the different agencies for which this aggregate amount is collected

It appears that the franchise tax going into the general fund amounts to $99,340,000, and the budget amounts to $106,141,933, there apparently being a deficiency in the general fund to pay the running expenses of the government which would amount to $6,801,933. This deficiency is more than accounted for in the fact that the fixed charges and recurrent appropriations amounting to $68,804,871 are accounted for in the budget.

The Committee further reports that during the progress of the making of the budget it has offered suggestions which have been submitted to the Attorney General and have reflected in the shaping of the budget.

In conclusion, the Committee desires to recommend to the future Legislature that such a committee be continued in existence, composed of the new members of the Legislature, but that it be composed of not more than five members, as this limited number will avoid the experience of calling too many of the members from other committees during the rushing time of the consideration of bills

In connection with the report the Committee submits a tabulation of estimates from the State Controller

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were taken up, read, and ordered printed in the Journal:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 24, 1925.

To the Assembly of the State of California

Assembly Bill No. 4 is returned herewith without my approval. This bill provides for a system of pensions for aged persons, creates a commission, and appropriates $25,000 for carrying the act into effect. An old age pension would tend to encourage wastefulness and extravagance and would be an injustice to those who practice thrift and economy. The law at present provides for caring for aged persons so that this bill is unnecessary.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,

Respectfully submitted.

To the Assembly of the State of California

Assembly Bill No. 169 is returned herewith without my approval. This bill provides that every person peddling or dealing in poultry must enter in a book to be kept for that purpose the name and address of those from whom they purchase fowls if of a number of six or more. This measure should have been made a part of the Penal Code and not a general statute.

Early in the session I disapproved bills of this nature but the authors of this bill do not seem to have taken any warning. It is important that the penal statutes should be kept in the Penal Code where they belong

At the present time some counties have ordinances covering the relief desired, and it seems to me that this should more properly be a matter of county regulation than of the State.

Respectfully submitted.

To the Assembly of the State of California

Assembly Bill No. 242 is returned herewith without my approval. This bill provides that upon direction of a "commissioner of institutions," or upon application of a child or the parents or guardian thereof, it shall be the duty of any State hospital or State institution to make preparation to afford treatment, nursing, medical and surgical treatment to injured children No provision is made in the bill for any compensation to be paid. While the bill refers to the commissioner of institutions, it probably means the Director of Institutions, and the Director of Institutions says that he does not believe that the class of children referred to in the bill should properly be cared for in State hospitals for the insane, or in the reform schools, or the homes for feeble-minded or epileptics.

The superintendents of the various State institutions have expressed themselves in regard to this bill in the following manner.

Dr Reily of Patton: "Unless our State hospitals are equipped with a full general hospital unit, which could be conducted exclusive of the department devoted to the care of the insane it would seem to me entirely unfair to the deformed, crippled and injured children to place them in contact with insane patients, which we would be obliged to do under present conditions.

'If the State intends to go into the general hospital business, in connection with our State hospital organization, then, an appropriation should be made for a substantial general hospital unit in connection with each institution, which can be devoted to the care of these children With our present organization it would be quite impossible to segregate crippled children, and such medical and surgical care that they would be given we would be obliged to give in our receiving and treatment building, which is primarily intended for the care of the insane."

Dr. Butler, of the Sonoma State Home, says: "This measure should be opposed, as it does away with the original purpose of the respective institutions, and besides, so far as I know, none of the institutions has sufficient room for the cases who are really eligible under the present law Furthermore, in my opinion, it would not seem fair to house normal crippled children in the State institutions."

Dr. Walton, of the Ventura School for Girls, says: "The treatment of cripples is a specialty needing special apparatus and equipment in many cases. It seems as if the U. C Hospital might undertake such work. In any event, Preston, Whittier, and the California School for Girls should not be included in the group to do this work, as we must keep before the public that we are not hospitals but training schools, with a medical feature as one of the accessories to the training."

Dr. Scanland, of the Napa State Hospital, says: "I am in favor of the State making provision for the surgical and other care of deformed and crippled children,

but I am not in favor of such cases being received at the State hospitals for the insane. Crippled children and mental cases should not be associated in the same institution for the sake of both classes."

Dr. Smith, of Mendocino State Hospital, says: "It would be a bad policy to have crippled children cared for in an institution for the insane, feeble-minded and epileptics, to say nothing of institutions of the nature of Whittier and Preston."

Dr. Clark, of Stockton State Hospital, says: "The provisions of Assembly Bill No. 242 are ridiculous and out of all reason if it applies to State hospitals for the insane. Crippled children and insane patients are incompatible and certainly would be a bad mixture in the same hospital."

Dr. Wayte, of the Norwalk State Hospital, says: "If this bill should become a law, there should be a provision to exclude the State hospitals and institutions."

Dr. Stocking, of the Agnews State Hospital, says: "If this bill would permit sending to State hospitals deformed, crippled, and injured children, then I do not think it should pass. It would necessitate additions to the State hospitals with entirely different provisions than for the class they now receive, would necessitate the increase of medical staff, nursing force and equipment. If there is need for the State to assume the medical and surgical treatment of this class, then I think it should be in a separate and distinct institution."

Mr. Nelles, of the Whittier State School, says: "The State schools are not places to undertake such work, yet they surely are State institutions, as are other places no more suitable."

Mr. Close, of the Preston State School, says: "If this bill becomes a law it will likely be necessary to increase hospital facilities in the State institutions. To correct physical defects, causing children to be crippled, requires a long period of care and treatment. If State hospitals can treat crippled children and remedy defects, I am certain people will avail themselves of the opportunity to secure the service."

Assembly Bill No. 383 is returned herewith without my approval. This bill amends section 822 of the Penal Code, relating to the arrest of persons charged with misdemeanor in another county. The amendment would permit a person charged with any felony, except murder, arrested in a county other than the county in which the complaint is pending, to be taken before a magistrate in the county in which he is arrested and be admitted to bail. The present section limits the right of the defendant if arrested in another county to give bail in cases of misdemeanor only. The present section of the law has stood unchanged for the past fifty-two years and there seems to be no adequate reason for changing it at this time. In felony cases there would appear to be danger of a release upon insufficient bond where the facts of the case were not as well understood. The present law has never proved oppressive and has apparently worked no injustice.

This bill does not meet with the approval of district attorneys, who think it would be a dangerous practice inasmuch as magistrates in counties other than that in which the offense was committed would know nothing concerning the facts of an important case whereon to base orders fixing the amount of bail. They point out that there would be extreme danger of bail being fixed in an amount not commensurate with the offense committed, and that a straw bail might be given

The present law very properly makes a distinction between felony and misdemeanor cases.

Assembly Bill No. 478 is returned herewith without my approval. This bill adds section 476b to the Penal Code, relating to the drawing of checks and providing for punishment The bill reduces the punishment for issuing fraudulent checks from a felony to a misdemeanor The bill also changes the rules of evidence pertaining to prosecution for offenses of this kind and permits the introduction of hearsay evidence. It will also deny the defendant the right to be confronted with witnesses against him and to have the opportunity to cross-examine them.

Section 476a of the Penal Code covers the same subject as the proposed bill. If the present bill should become a law, then there would be two sections of the Penal Code upon the same subject which would tend to make prosecution difficult. A prominent jurist who has had much to do with criminal cases, in speaking of this bill says: "It would make it a misdemeanor only to pass a check or draft with intent to defraud, where the party has not sufficient funds to pay it I consider this a bad measure for, in my opinion, it repeals by implication section 476a which makes the same offense a felony or misdemeanor in the discretion of the court. If this bill becomes a law a man could fraudulently obtain $10,000 on his check and can be punished for a misdemeanor only."

In the opinion of prominent jurists, section 476a, which is the provision of the Penal Code as it now stands, is much broader than this proposed law Under the present law any person who issues a check in the name of a corporation can be convicted if it be proved that the corporation has no funds or credit with the bank Under this bill this has been changed and the statute weakened and a defendant may be enabled to issue and pass checks, signing the name of a corporation, with the possibility of conviction very doubtful

The last eleven lines of the proposed bill require the defendant to pay a certain amount of charges for collecting the amount of a bad check and if he does not pay said added charges of collecting, the defendant then comes under the prima facie rule of evidence there set forth. The title of the bill is evidently not broad enough to cover these provisions in the bill

This bill, in the opinion of attorneys and jurists is loosely drawn, will not accomplish the beneficial purposes for which it is intended, and will jeopardize the present section of the Penal Code in regard to bad checks There is need for an amendment to the present section, and I regret that this bill is in such shape that it can not be signed

This farm in the past has proved a failure I asked many members of the Senate and Assembly to vote for this bill in order to save themselves embarrassment, and assured them that I was perfectly willing to assume full responsibility for refusing to mulct the taxpayers to provide a free sanitarium for adult delinquent women. The State is providing ample funds for the reformation of girls at the Ventura State Home, and if any money is expended for the purpose of aiding in the reforming of delinquents it should be expended on this home The matter of taking care of adult delinquent women and providing for their reformation is a city function which should be taken care of by the metropolitan cities and not placed as a tax burden upon hundreds of smaller cities which have no problem of this kind
