MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT STATE OF CALIFORNIA,
SACRAMENTO, March 6, 1925.

To the Senate and Assembly of the State of California.

I am sending you herewith, as supplemental to my message of yesterday, a copy of a telegram received from Secretary of Commerce Herbert Hoover in regard to the Colorado River Compact, and also a copy of a resolution in the form he approves.

Secretary Hoover represented the federal government in the original negotiations held at Santa Fe, New Mexico, and I hope his opinions will be given earnest attention.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

[TELEGRAM—COPY.]

WASHINGTON, D. C., March 3, 1925.

Friend Wm. Richardson, Governor of California, Sacramento, California.

Any reservation placed upon the renewed ratification of the compact will automatically necessitate the acceptance or acquiescence of all other five states now in process of ratification in the new form. It is my understanding that they will not accept any reservations because the upper states do not care how much storage is built in the lower basin if their water rights are protected. I am advised that they will not consent to make the security of their rights dependent upon some hypothetical action of the federal government in construction of engineering works which they can not control. I am advised that the feeling of many people in these states is that they have already sacrificed more of what they consider their rights to the lower basin than is justified and are not disposed to continue longer unless the settlement can be reached. I am convinced that unless we can secure ratification on present lines the whole compact will need to be abandoned and we will have another setback for five years in the development of the river, for no development will take place until the water rights of the northern states can be settled.

The long years of failure already behind us in the development of this river have been due to the unwillingness of the different groups to solve one problem at a time. At this time we are trying solely to settle the conflict of the upper and lower states over water rights, and nothing else. The reservation attempts to settle still further problems of the volume of storage to be provided, and although my sympathies are entirely for such a volume of storage and although I have no doubt that we shall be able to secure it, to import this idea in connection with the determination of water rights will entirely defeat the whole. The proposed reservation accomplishes nothing for California, as the storage question is one wholly for the federal government, and I have no fear of failure to secure the federal action as soon as the compact is settled. I can not too strongly recommend that California act in cooperation with the other five states without raising new issues which will

in no way intrinsically advance her own interest and which may greatly jeopardize the whole of them.

HERBERT HOOVER.

REPORT OF SPECIAL COMMITTEE—(OUT OF ORDER).

The following report of special committee was read, and ordered printed in the Journal:

To the Assembly of the State of California.

Your committee appointed to investigate the conduct of members and officers of the House in pursuance of a resolution adopted on the twenty-fifth day of February, 1925, respectfully reports as follows

The committee has exhausted every avenue of search and pursued every rumor possible, and has endeavored to ascertain the whole truth concerning the matters of the investigation. The newspapers of this State and the reporters handling the subject have materially aided the committee in its investigation, and the people of the State are indebted to these agencies for their assistance

The committee deems it advisable to submit to the House, as briefly as possible, those certain portions of the testimony most directly bearing upon the questions involved, in order that the House may be able to draw its own conclusions, rather than to depend upon recommendations of the committee

It is well to dismiss one proposition in advance, and that is the report concerning the action of Mr J. E Hood, the attorney of the State Board of Pharmacy, whose office is in Oakland Mr. Hood was unnecessarily brought into public light by a remark which seems to have been more than careless, and well nigh approaching the criminal, and in the detailed testimony hereinafter set forth this reference will more specifically appear. The only object in bringing in the name of Mr. Hood was that the person using his name might be the better enabled to exert pressure upon those interested in defeating Assembly Bill No. 440.

On the twenty-first day of January, 1925, Assemblyman Edward J. Smith introduced what is known as Assembly Bill No. 440, and which is entitled "An act to regulate the manufacture, sale and use of herbs, roots or other nature products used in the administering of sickness or treating diseases of a human being and providing a penalty for the violation thereof."

Thereafter some public notoriety was given to this bill and to its import, and the testimony of William R Brackett, a former member of this House, shows that he read an account of the bill in a newspaper He made some remark to the effect that it appeared to be a good bill calling for the employment of a lobbyist at

Sacramento in order to secure its defeat. The avowed purpose of Mr. Brackett in endeavoring to have himself engaged was not out of any public spirited feeling, but arose simply because he saw in it a fair field for the talent and remuneration of the lobbyist.

The bill directed itself against the use of herbs and roots and other products of nature either prohibitive or regulatory, and concerned mostly Chinese doctors engaged in this Oriental practice and who seems to have quite a large clientele in the State of California. He immediately repaired to the office of Fong Wan, an herb doctor in the city of Oakland. Out of the conversations between the two the charges against Assemblyman Smith seem solely to have sprung. There is a conflict as to these conversations. The following is taken verbatim from the stenographic report, and the whole of said testimony will be transcribed and made a part of the records of this body and accessible at all times to the public.

FROM TESTIMONY OF FONG WAN

A. I asked him (Brackett) what he do with that $5000.00. He said he divide it $2,500.00 for Smith and $1,000.00 for himself and $1,000.00 for Mr. Hurley and $500.00 for expenses.

FROM TESTIMONY OF WILLIAM R. BRACKETT.

Q. Did you, at any time, in conversation with Fong Wan, or the other Chinamen, mention any amount that was to go to Mr. Smith in connection with this bill? A. Absolutely not.

Q. Then when the Chinamen say you mentioned a certain amount as going to Mr. Smith, they are mistaken? A. Absolutely. They are telling an untruth.

Q. You made no mention of Mr. Smith or Mr. Hurley in connection with any amount? A. Absolutely no; at no time.

Q. Did you in any conversation with Fong Wan, or the other Chinamen mention Mr. Smith's associate in connection with the bill? A. Never at no time, no sir.

This is the only evidence against Assemblyman Edward J. Smith concerning the charges and intimations which have been made as to his motives in introducing the bill. It appears as a fact that Brackett and Smith were not acquainted and had never had any dealings. Upon the question of veracity between Fong Wan and Mr. Brackett, it is immaterial which one is speaking the truth so far as Assemblyman Smith is concerned. If Mr. Brackett was speaking the truth, Mr. Smith's name was not used, and hence was never used in connection with any of these reports. If Fong Wan's version is true, it amounts to hearsay, and would appear to have come from Bracket, speaking entirely for his own interest and using all of the pressure and argument in aid thereof, wholly unacquainted with Assemblyman Smith and without authority of any kind or character to speak for Mr. Smith.

The committee therefore acquits Assemblyman Edward J. Smith of any of the charges or insinuations made against him, and of any misconduct in the matter.

It is brought to the attention of the committee that the character of Assembly Bill 440 is such that an immediate presumption arises to the effect that such bills are not introduced in good faith, and that they are commonly styled "cinch bills". In this connection we desire to impress upon the members of the Legislature, and, we hope, upon others who may be members of future legislatures, that such bills call for the peculiar activities of the lobbyist, and are often introduced for the mere purpose that some money shall be made, and that corruption may follow. A bill of this character should have been first endorsed by some government agency having the administration of justice concerning the regulation of the sale of the drugs mentioned in the bill, and should have the support of the police force of the city wherein the member resided, or of some such authority, in order that when introduced it might import good faith. We do not offer this in condemnation of any motives in introducing this particular bill, but as a general observation concerning the future.

We find, that after this bill had been introduced, it became a matter of great concern among the Chinese, and there seems to have been a concerted action on their part to defeat it. T. Wah Hing, a Chinese merchant residing in Sacramento, came to the Sergeant-at-Arms' room in the Assembly on the sixth day of February, 1925, and asked Charles Wilkinson, the Sergeant-at-Arms of the Assembly, for a copy of Assembly Bill No. 440. Wilkinson secured several copies and gave six to T. Wah Hing, putting others in his desk. The Chinaman reappeared the following day for more copies and Mr. Wilkinson reached in his desk and gave them to him. The Chinaman announced that he wanted Wilkinson to call up Assemblyman Smith on the telephone, and to ask him to come to Sacramento, as he, the said Chinaman, wanted to consult him about Assembly Bill No. 440, and that the Chinaman was to pay the expenses of the trip amounting to thirty ($30) dollars. Wilkinson finally got into telephonic communication with Assemblyman Smith and the latter was to come up on the following Monday. Later Smith called up Wilkinson and informed him that he would not keep the appointment, that if the Chinaman desired to see him he could come down to Oakland and consult him at his office.

The Chinaman told Wilkinson that he wanted to get two stenographers to assist in preparing for the fight to be made against the bill, and Wilkinson afterwards sent down two stenographers who were engaged by the Chinaman at five ($5) dollars a day. The Chinaman advanced Wilkinson twenty ($20) dollars for the purpose of meeting immediate expenses in the way of stamps and stationery and Wilkinson gave this twenty ($20) dollars to one of the stenographers, who expended it as suggested.

In assisting the Chinaman in these matters, Wilkinson was contributing to the preparations being made to defeat the bill whether intentionally or not.

We find that Mr. Wilkinson, afterwards and on the twenty-fifth day of February, 1925 made a statement to the District Attorney of Alameda County, in an investigation had by the county authorities of that county in the matter of these charges, which said statement contained the following: Mr. Wilkinson was asked if he knew who the Chinaman was. He stated "that he did not that he did not know what his name was; that he did not know where he lived, or where his place of business was located or situated, that he had never seen him at any place other than the Capitol Building and the Hotel Senator." Upon being asked by the committee as to why he had given this statement to Mr. Warren instead of saying that he did know who the Chinaman was, he replied as an excuse that "he would do anything to keep a member of the Legislature out of trouble, that he didn't want to stir up a stink."

We find that the Chief Clerk of the House, Arthur A. Ohnimus and Assemblyman Smith had been, during a prior session of the Legislature, particular friends and associates, and that this relation continued up to the time we are about to speak of.

On the eleventh or twelfth of February 1925 Mr. Ohnimus and Mr. Wilkinson left Sacramento at three o'clock a.m., going by way of Stockton to San Francisco, in Mr. Ohnimus' car. On reaching Oakland Mr. Ohnimus made a statement that he desired to stop and see "Eddie" Smith, meaning Assemblyman Smith. Arriving at the residence Mr. Ohnimus went into the house leaving Wilkinson in the car; Ohnimus stated to the committee that Mr. Wilkinson was too sleepy to make the effort to get out, while Mr. Wilkinson's version was that he did not go in because it was raining and he did not want to get wet.

Assemblyman Smith seems to have been in bed and was awakened by his mother-in-law and finally came into the room where Mr. Ohnimus was waiting for him. According to the testimony of Mr. Ohnimus they talked of casual matters until the conversation was directed to Assembly Bill 440. The committee will give briefly, and in substance the two versions of said conversation, one as detailed by Mr. Ohnimus and the other as detailed by Mr. Smith.

FROM TESTIMONY OF MR. OHNIMUS.

A. Eddie came in * * * I said, "I understand Eddie, there is some money on that bill of yours." And then Eddie said, "Ha! Ha! Ha! Ha! you are about the third or fourth fellow to speak to me on that bill." And then there was some other remark passed. I don't recall just exactly what, and then I immediately said, "My God, Eddie, you don't think for one second I am propositioning you on this bill, do you?" He said, "I do think it kind of queer you are coming in at this hour of the morning." I said, 'Eddie Smith, for God's sake, you don't think that of me, you above all the people in the world, just because I come here at this hour of the morning to see you?" So Eddie Smith just laughed. I imagine that kind of registered with him.

FROM TESTIMONY OF MR. SMITH.

A. My recollection of the conversation was as follows. Mr. Ohnimus spoke of this bill and said, "I know where there is $500 if you lay off of that bill." I laughed at him and said, "Art, if I wanted to make money on that bill I could get $5000, if I wanted to take money, but I am not taking a dime. That bill has merit. I believe in it and I am going to put it through, and you just watch me move it over * * * After I got finished explaining that I could make money if I wanted to make money, he said something about, "You don't think I am trying to approach you?" I said, "Well, Art, it don't look very good coming here at this time of the morning."

It appears, both from the testimony of Mr. Ohnimus and Mr. Wilkinson, that no mention was made during their trip from Sacramento to Oakland concerning Assembly Bill 440, nor in relation to any other legislative matter or proposed legislation. It is for the House to say whether this silence concerning the bill was maintained during the trip, and to judge of the significance to be given to this testimony.

It appears, upon the re-assembling of the Legislature on the twenty-fourth of February, 1925, Mr. Smith apologized to Mr. Ohnimus for what he had said; that Mr. Ohnimus understood this apology as an expression on the part of Mr. Smith, that he, Smith, was mistaken as to the conversation. In the evidence given before the Committee, in explanation of this, Mr. Smith says.

FROM TESTIMONY OF MR. SMITH.

Q. Would you say today that an offer was made to you to kill that bill for $500 or any other sum of money? A. Well, Mr. Wright, I am not prepared to say that

today, no. I will say this that the construction that I placed upon the language on the day in which Mr. Ohnimus was there I interpreted as such; since then I have had plenty of time to reflect and if I had considered when I came to Sacramento that that was put in the way of an offer I would not have gone to Mr. Ohnimus for the purpose of apologizing.

Q. Then from the time that Mr. Ohnimus called on you, approximately the twelfth of February, until the time when you came up here at the opening of the second session, you believed that the offer had been made to you of remuneration to kill the bill through Mr Ohnimus? A. Yes, I believed it.

Q. You believed it? A. I believed it. My belief may have been mistaken.

Q. What caused you to change that belief? A. Well, as time went on I began to consider that possibly I was hasty * * * as a matter of fact, I talked about that and repeated it, as I said, to seven or eight people, at least. After the expiration of about two or three days it gradually began to drift from my mind; I paid no more attention to it. I came to Sacramento and the first thing I did was to go to Arthur, and apologized.

Q. Is it possible that he actually did make some offer and that in your anger at the time you and he had some words and that afterwards, realizing the seriousness of this whole thing, not only he backed up, but you backed up on the proposition? A. No, I won't say that, Mr. Wright I won't say that. I will say, it is possible that the offer was made and it is true I became angry Whether I was justified in becoming angry or not is for this committee to determine or for anybody else to determine.

Q. Then you would say at this date it is possible that the offer was made? A. It is possible. But I will say this that before he left the house he had assured me that such was not his intention; that he had no idea of making any offer.

Q. Yet he said, "You are foolish not to take the $5000" in the conversation. A. Something to that effect, Mr Wright

Q. It certainly looks like he was presenting some kind of an offer, doesn't it, if during the conversation he said, "You are foolish not to take the $5000?" A. Well, I won't say that he said, "You are foolish if you don't take the $5000." He said, "You are foolish if you don't take it," but it was after I had made the statement I was able to get $5000

Q. Foolish not to take some money? A Foolish not to take it.

Q. Foolish not to take it? A Yes

Q. (By Chairman Graves): You are clear on that? A. Yes * * * Let me say this to the members of the committee I have made a very serious statement here, I am in a measure sorry that I had to do it.

Q What statement do you mean, the one you just made to me? A. Yes, about in any way bringing Arthur into the situation.

It is impossible for the committee to reconcile the differences in the two statements given by Mr Ohnimus and Mr. Smith, nor can they be reconciled There is sufficient in the testimony concerning the actions of the two elective officers of the House, the Chief Clerk and the Sergeant-at-Arms, to call attention to their unwarranted activities concerning the defeat of this measure. These activities are calculated to bring, and have brought upon the House the odium in the public mind that its members are disregardful of their own conduct and of the conduct of their officers. Such conduct is not to be indulged in in a light or frivolous manner, and the excuses that such matters were referred to by the officers of the House in jest is entirely reprehensible Every reference by an officer of the House, characterizing any bill as a "cinch bill", or introduced for cinch purposes, is reflecting upon the member of the House who introduces it, and it also reflects upon the system of government which countenances it. If any officer of the House knows, or has reason to suspect anything, concerning a bill of this character, it is his duty to impart such knowledge to the Speaker of the House; to treat it otherwise is to show utter disregard of the gravity of such a situation.

The two officers of the House involved, are deserving of the severest condemnation for their conduct, and it is immaterial whether that conduct reaches into a zone of corruption, or whether it is indulged in out of a disregard of the very highest ideals which should actuate their conduct.

This committee, as solemnly as language can possibly impart, and as severely as judgment is capable, condemns the two officers of the House in their conduct in this matter, whatever their motives may have been.

Respectfully submitted

Section 4149*q*. (1) The county dairy inspector or inspectors shall be appointed by the board of supervisors whenever in the discretion of such board the interests of the public welfare demand the services of such an officer or officers *provided*, that nothing herein contained shall be construed to conflict with the provisions of the "Pure Milk Law" regarding the establishment of approved milk inspecting departments. The county dairy inspector or inspectors shall be selected from a list of persons eligible to hold such office, which list shall be furnished by the director of the department of agriculture of the State of California upon request. The county dairy inspectors shall receive a salary of one hundred fifty dollars a month during the time actually employed and expenses incurred in the performance of their duties, which shall be paid at the same time and in the same manner and out of the same funds as other county officers are paid.

(2) No person shall be eligible for appointment to the office of county dairy inspector until he has received and holds from the said director a valid certificate of eligibility to said office. Said director is authorized to hold examinations under such rules and regulations as he may establish, for the purpose of passing on the qualifications of persons desiring to obtain certificates of eligibility to the office of county dairy inspector.

(3) It shall be the duty of the county dairy inspector, acting under supervision and authority of the department of agriculture of the State of California to enforce all laws of the State of California and all rules and regulations of said department of agriculture relating to the dairy industry. The director of agriculture shall give a notice in writing to the person against whom charges are filed, ten days previous to the time of hearing, giving the time and place thereof and including information relating to the charges against him. If, after such hearing, the trial board herein provided for disqualifies the county dairy inspector, a notice to that effect shall be transmitted in writing to the county board of supervisors and the auditor of the county employing said county inspector.

Assembly Bill No. 652—An act to amend section 16 of an act known as the "General Dairy Law of California," approved June 15, 1923, relating to the licensing of persons handling dairy products and preventing artificial price fixing in connection therewith.

COMMITTEE AMENDMENTS.

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE.

Strike out all of the title and insert in lieu thereof the following:

An act to add a new section to an act known as the "general dairy law of California," approved June 15, 1923, to be numbered section sixteen and one-half, relating to the licensing of dairy produce exchanges.

AMENDMENT NUMBER TWO.

In line 1, after the words "Section 1" insert the following: A new section to be numbered sixteen and one-half is hereby added to an act known as the "general dairy law of California" approved June 15, 1923, to read as follows:

Section 16½. (*a*) For the purposes of this act, a dairy produce exchange shall be deemed to be an association of persons, firms or corporations organized for the purpose of furnishing a medium for trading in butter, cheese and/or eggs, to facilitate the marketing of said products, and/or to establish their wholesale market value.

(*b*) It shall be unlawful for any association or corporation to establish or operate a dairy produce exchange without first obtaining from the department of agriculture a license to do so.

(*c*) Every dairy produce exchange within the expiration of thirty days from and after the effective date of this act, and any association or corporation thereafter desiring to operate a dairy produce exchange, and before engaging in such activity, shall file with the director of the department of agriculture a written application for a license, stating the name of the exchange and the location of its place of business, together with a certified copy of its articles of incorporation if a corporation, and its by-laws and rules and the names of its members or stockholders and the names of its directors and officers as of the date of said application. Said application shall be accompanied by an annual license fee in the amount of one hundred dollars.

(*d*) Upon determining that the by-laws and rules of the exchange applying for said license are fair and equitable to both buyer and seller, that they safeguard the interest of both producer and consumer, and that they allow for the freest possible operation of the economic law of supply and demand, the director of agriculture shall issue a "dairy exchange license" to said exchange.

(2) If such by-laws and rules are not approved by the director of the department of agriculture within the time allowed from and after the effective date of this act in which application must be made, then the exchange shall be allowed a grace of ninety (90) days within which to amend such by-laws or rules, and shall not be deemed to act in violation of this section until the expiration of said ninety (90) day period. A copy of all further amendments of by-laws and rules shall be submitted to the director of the department of agriculture for approval, and it shall be unlawful for any dairy produce exchange to operate under any rules which have not been approved by said director. Said director shall have the power to require said exchange to make such alterations in its by-laws or rules, or to adopt such by-laws or rules as in his judgment may be deemed necessary for the accomplishment of the purposes of this act before granting to such exchange a license.

(*f*) Every dairy exchange license shall expire the thirty-first day of December of each year and may be renewed on the first of each successive year, *provided*, that application for renewal of said license be made within thirty days prior to the expiration of the year, and that such application for renewal shall be accompanied by the annual license fee of one hundred dollars.

(*g*) The director of the department of agriculture shall have power to establish and maintain a proper system of classification and grading under such rules and regulations as he may prescribe, including the payment of fees similar in amount to the fees collected by the United States department of agriculture for similar service, and to appoint duly qualified joint representatives of the department of agriculture of the State of California and the United States department of agriculture to act as inspectors and graders of butter, cheese or eggs handled by any dairy produce exchange, and said representatives shall perform their duties in accordance with the rules of the exchange and the instructions of said director.

(*h*) The director of the department of agriculture shall have general supervision and control over any and all dairy produce exchanges, and may upon his own motion, and shall upon the verified complaint of any person, investigate the actions of the exchange, and before denying, suspending or revoking any license, the director shall notify the applicant for, or holder of such license of the charges made

against such applicant or licensee, giving at least ten days notice thereof, and afford such applicant or licensee an opportunity to be heard in person or by counsel in reference thereto.

(f) The director may refuse to grant a license or may temporarily suspend or permanently revoke any license when he shall be satisfied that the applicant or licensee is guilty of any fraudulent or dishonest practice, that any of the rules of the applicant or licensee are unfair, unjust or inequitable, or that the applicant or licensee has refused or neglected to adequately punish any member infringing or violating any of its approved rules.

(g) Any exchange acting without a license as herein provided, or after its license has been suspended or revoked, shall be deemed guilty of a violation of this act and subject to the same penalties which apply to the operation of factories of dairy products without a license, as provided in section twenty-two of this act.

Section 2. It is hereby expressly provided that this amendment shall become an integral part of the "general dairy law of California" and that it shall be read and interpreted in connection with the context of said act as a whole, and that it is subject to the same general provisions relating to unlawful sales, enforcement, violations and penalties as are provided by said law.

SEC. 2. Said act is hereby revised to read as follows:

Section 1. All highways, roads, streets, avenues, boulevards, lanes, alleys, courts, places and parks (hereafter in this act collectively designated as "public ways", which term shall mean and include any or all of the foregoing wherever it is used) now open or dedicated, or which may hereafter be opened or dedicated to public use in unincorporated territory of any of the counties of this state, and all public ways, now open or dedicated, or which may hereafter be opened or dedicated to public use, forming the exterior boundaries of any municipality of this state, where such municipality joins unincorporated territory of a county, whether such public ways be partly or wholly within or without the boundaries of such municipality, and all property for which an order to take immediate possession and use of a right of way therefor for a public use has been obtained from a court of competent jurisdiction in any action in eminent domain or proceeding for the laying out, opening, extending, widening or straightening, in whole or in part, or any public way, in compliance with the provisions of section fourteen of article one of the constitution of this state, shall be deemed and held to be open public ways for the purposes of this act, and the board of supervisors of each county is hereby empowered to establish and change the grade or grades of any or all of such public ways and to fix the width thereof, and is hereby invested with jurisdiction and power to order to be done in, under or upon the whole or any portion of any or all of such public ways and in, under or upon all publicly owned property and rights of way, any work or improvement of the character mentioned in that act of the legislature known as the "Improvement Act of 1911," which work or improvement shall be done in accordance with the procedure and in pursuance of the provisions of said improvement act, and the provisions of said improvement act are hereby adopted by reference for the purposes of this act, *provided*, that certain words used in said improvement act shall, for the purposes of this act, be construed as follows: The words "city" and "municipality" shall be construed as referring to "county"; the words "city council" as referring to "board of supervisors", the word "mayor" as referring to the "chairman of the board of supervisors", the word "clerk" as referring to "county clerk", the words "council chambers" as referring to the "chambers of the board of supervisors", the words "city treasurer" as referring to "county treasurer", the words "street superintendent" and "city engineer" as referring to "county surveyor", and all words relating to municipal officers and matters as referring to the corresponding county officers and matters under this act. *Provided*, that the board of supervisors may appoint any competent county officer, other than the county surveyor, without compensation, as the officer to perform any or all of the duties conferred upon the street superintendent or city engineer in said improvement act, *provided, further*, that said board may appoint an engineer of work, in which event the duties to be performed by the city engineer as set forth in the Improvement Act of 1911 shall be performed by said engineer of work, whose compensation and expenses shall constitute an incidental expense in the cost of said work. Said board may provide

that the work shall be done under his direction and to his satisfaction and that the materials used shall comply with the specifications and be to the satisfaction of such engineer of work instead of said county surveyor and may provide that he shall make and sign the assessment instead of the county surveyor. The contract shall nevertheless be entered into with the county surveyor and the assessment and warrant when confirmed shall be recorded in the office of said county surveyor.

Said board of supervisors shall also have jurisdiction and power to include in the same proceeding and under the same provisions of law and to order, with any of the work aforesaid, any work of the same kind or kinds upon any one or more public ways or publicly owned property or rights of way within any one or more municipalities whenever in the judgment of said board such work therein is necessary or proper to complete or connect with any work outside thereof, *provided*, that the consent of the legislative body of such municipality, expressed by resolution, shall first be obtained for the use for such purpose of such public ways or publicly owned property or rights of way within such municipality, and such consent shall likewise be obtained for the doing of work upon any public way forming the exterior boundary of a municipality, where such municipality joins unincorporated territory of the county if the whole or a part of such public way lies within the boundaries of such municipality.

Sec. 2. If any improvements for lighting purposes, for fire protection purposes, for the purpose of improving by the planting of trees, shrubs or other ornamental vegetation, for sanitary purposes, for drainage purposes, for domestic water supply or distribution purposes, or any or all of such purposes shall be constructed under the provisions of this act, or any or all of such improvements are contemplated to be constructed under the provisions of this act, the board of supervisors may, in its resolution declaring its intention to order work done or improvements made, also declare its intention to order that the expenses of maintaining and operating any or all of said improvements, including the cost of necessary repairs, replacements, fuel, power, care, supervision and all other items necessary for proper maintenance and operation, shall be assessed, either partly or wholly, upon the lands lying within the district to be benefited by and to be assessed to pay the cost of the construction of the same, the amounts so assessed to be levied and collected in the same manner and by the same officers as taxes for county purposes are levied and collected. Said resolution may describe the boundaries of the district to be assessed for such maintenance and operation (which district shall hereafter in this act be designated and referred to as the maintenance district) as being the same boundaries as those of the district to be assessed for the cost of constructing said improvements, which district may be designated by a name by which it may thereafter be referred to in all subsequent proceedings, including proceedings for the levy and collection of taxes.

At any time not later than the hour for hearing objections to the proposed work as provided in said improvement act of 1911, any person permitted by the provisions of said act to make written protest against the proposed work, or against the extent of the district to be assessed therefor, or both, may make like protest and in like manner against the ordering of the formation of the maintenance district or against the extent of said maintenance district or both, at the time set for hearing protests, as prescribed in the said act. The board of supervisors, in addition to hearing protests against the proposed work or improvement and the extent of the district to be assessed therefor, shall hear and pass upon all protests against the formation of the maintenance district and against the extent thereof, and its decision shall be final and conclusive: *provided*, that when the board of supervisors finds that the protest against the formation of the maintenance district is made by the owners of more than one-half of the area of the property included within such district, no further proceeding shall be taken for a period of six months from the date of the decision of the board of supervisors on said hearing, unless the said protests be overruled by an affirmative vote of four-fifths of the members of the board of supervisors. The board of supervisors may adjourn said hearing from time to time.

In the event that the board of supervisors in its resolution of intention, shall declare its intention to order a maintenance district formed, the notice of improvement provided for by said improvement act of 1911 shall likewise give notice of such declaration of intention and that protests against the same may be filed and will be heard in accordance with the provisions of this act.

The board of supervisors shall be deemed to have acquired jurisdiction to order that such a maintenance district be formed to be assessed to pay the cost of maintaining and operating the improvement constructed, at the same time and in the same manner prescribed in the said improvement act of 1911 for the acquiring of jurisdiction to order the construction of the proposed improvements, and it may thereupon order the formation of such a maintenance district for such purpose, which order may be contained in the resolution ordering the construction of the improvements.

Thereupon a copy of said resolution ordering the formation of the maintenance district shall be filed in the office of the county assessor and the county assessor shall thereafter, in making up the assessment roll, segregate the property included within such district on the assessment roll under the designation contained in said resolution. The board of supervisors shall thereafter, in each year, prior to the time of fixing the county tax rate, estimate the cost of maintaining and operating the said improvements to be maintained and operated within said district

during the ensuing year Said board shall decide whether or not the cost of the same shall be borne wholly or partially by the said maintenance district and shall, in addition to all other taxes, fix a special tax rate for the lands within said assessment district sufficient to raise an amount of money to cover the expense of maintaining said improvements during the ensuing year, or such portion of said amount as the board of supervisors shall determine shall be borne by said district, and the board of supervisors shall levy a special assessment tax each year upon the lands in such district sufficient to pay such expense or said portion of such expense Such special assessment tax shall be levied and collected at the same time and in the same manner as the general tax levy for county purposes and when collected shall be paid into the county treasury to the credit of the fund of such maintenance district and be used for the payment of the expenses of such district, and said board shall have the power to control and order the expenditure thereof for said purposes

The maintenance district in this section provided for may include property lying within an incorporated city or cities, provided that the consent of the legislative body of such incorporated city or cities, expressed by resolution, to the formation of such district shall first be obtained before the resolution of intention is adopted by the board of supervisors.

Sec. 3 The board of supervisors of the county in which a maintenance district is formed shall have power and it shall be its duties to make and enforce all rules and regulations necessary for the administration, operation and government of such district, to execute all contracts and make all necessary provisions for the maintenance and operation of the same, to appoint and employ all necessary agents, superintendents, engineers and labor for the proper performance of the work and to do and perform all other acts or things necessary or proper to accomplish the purposes of this act. All contracts shall be let to the lowest responsible bidder. Said board shall advertise for two or more days in a newspaper of general circulation published in such county inviting bids for furnishing labor, material or supplies before any contract shall be made therefor. The board shall have the right to require such bonds as it may deem adequate from the successful bidder, to secure the faithful performance of the contract and the payment of all claims for labor and materials, and shall also have the right to reject any and all bids; *provided, however*, that nothing herein shall be construed as prohibiting the county itself from doing and when ordered by the board of supervisors of the county, such disposition to be between the work contemplated herein and to purchase the materials and supplies and employ the labor necessary for such purpose

Sec. 4. The title to all property acquired by such district shall be vested in the county; *provided*, that upon the dissolution of such district by reason of all of its territory being included within a municipality such property shall thereupon become the property of such municipality, and if all of such district be included within more than one municipality then such property shall be subject to the disposition of the board of supervisors of the county, such disposition to be between the several municipalities in such manner as to said board shall appear most just and equitable.

Sec. 5 Any such maintenance district formed under this act may be dissolved by the board of supervisors, as hereinafter provided, upon receiving a petition signed by the owners of more than one-half of the area of property included within such district. The board of supervisors shall fix a time for hearing such petition, which shall be not less than ten, nor more than thirty days after the receipt of such petition, and shall, at least five days prior to the time so fixed, publish notice of such hearing by one insertion in a daily, weekly or semiweekly newspaper printed, published and circulated in said county At the time appointed for such hearing, or at any time to which the same may be adjourned, the board of supervisors shall hear and pass upon such petition and all objections and protests and may grant or deny the same, and its decision thereon shall be final and conclusive. If such petition be granted, the board of supervisors shall, by resolution, order the dissolution of said district and such district shall thereby be dissolved; *provided, however*, that the maintenance and operation of the improvements of such district may be continued thereafter until the funds collected for the purpose of maintaining and operating the same have been expended for such purpose.

Upon the inclusion of all the territory of such a maintenance district within one or more incorporated cities, either by reason of annexation proceedings or by reason of the incorporation of one or more cities, all funds paid into the county treasury to the credit of such district shall be paid over by the board of supervisors of such district as follows If the whole of such district is so included within one incorporated city, such funds shall be paid to the treasurer of said incorporated city and administered by the legislative body of said incorporated city for the benefit of said district and said district shall thereupon, by reason of such inclusion, be dissolved; if a part only of such district is so included within one incorporated city and the remaining part of such district is so included within one or more other incorporated cities, so that no portion of the district remains within unincorporated territory of the county, then such proportionate part of such funds shall be paid to the treasurer of each such incorporated city as the area of the portion of the district included therein bore, before being so included, to the total area of the district, and such funds shall be administered by the legislative bodies of said incorporated cities for the benefit of said district and said district shall thereupon, by reason of such

inclusion, be dissolved. If less than the whole of such a district shall be included within one or more incorporated cities either by reason of annexation or by reason of incorporation proceedings, the district shall continue in existence and shall continue to function without being affected thereby unless the same shall be dissolved upon petition as in this act provided, and the fact that a portion or portions of such district is so included within one or more incorporated cities shall not deprive the board of supervisors of the right to levy the special assessment tax herein provided upon the lands therein for the purpose of maintaining the improvements of said district.

Sec. 6. The board of supervisors may determine that the whole or any part of the cost and expenses of constructing the improvements mentioned in this act, or of the expenses of the maintenance district, or both, shall be paid out of the treasury of the county, and such payment, or any part of the same, may be made from the general fund of the county, or general road fund of the county, or from the road district fund of the road district in which said improvements shall be constructed or from any other fund of the county from which expenditures may be made for improvements and work of like character as those permitted to be made and done under this act. Said board may also purchase all or any part of the materials to be used in constructing any of said improvements and furnish the same therefor, said purchase to be made from any of the funds above mentioned. If the county has a purchasing agent, the materials shall be purchased by him; otherwise said materials shall be purchased by the board of supervisors by contract let to the lowest responsible bidder after notice calling for bids has been published at least five days in a newspaper of general circulation in the county. If the county is to furnish materials or contribute towards the said costs and expenses, the resolution of intention shall so provide. When such provision is made, the execution of the contract for the improvements shall create a liability on the part of the county to furnish the materials or make the contribution provided for in said resolution.

Sec. 7. Whenever any work or improvement is done or made under the provisions of this act, whether it be in, under or upon public ways or publicly owned property or rights of way lying exclusively within unincorporated territory of a county, or in, under or upon any public way, or publicly owned property or rights of way within a municipality, or in, under or upon any public way forming the exterior boundary of a municipality, where such municipality joins unincorporated territory of the county, whether partly or wholly within or without the boundaries of such municipality, the lands to be assessed for the construction of such work or improvement, or for the maintenance and operation thereof, or both, may include lands lying within the boundaries of any municipality benefited thereby, and all of such lands may be assessed and taxed therefor, under the procedure prescribed by this act, the same as though such lands were situated exclusively in the unincorporated territory of the county, and with the same effect.

Sec. 8. The board of supervisors may, by resolution, adopt a name for any public way to be improved under this act, for which a name has not been provided under the provisions of section two thousand six hundred thirty-six of the Political Code and may, by resolution, change the name of any such public way theretofore established, and the board of supervisors may also, by resolution, establish the official grade of any such public way for which no official grade has heretofore been established by ordinance or resolution, and the words "official grade" as used in the improvement act of 1911, except where the official grade is established, changed or modified under the proceedings provided in said act, which method may also be followed under this act, shall mean the grade so established by resolution of the board of supervisors.

Sec. 9. In addition to the provisions of the improvement act of 1911 for the issuance, sale, enforcement and collection of bonds for the work contemplated by this act, which may be used in proceedings under this act, the board of supervisors shall have power, in its discretion, (as an alternative and additional method) to determine that serial bonds shall be issued to represent and be secured by the assessments which shall be made to pay the cost of any work or improvement done under this act in the manner and form provided by an act of the legislature of the State of California entitled "An act to provide for the issuance of improvement bonds to represent and be secured by certain assessments made for the cost of certain work and improvements made in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities and upon property and rights-of-way owned by municipalities, to provide for the collection of such assessments, the sale of the property affected thereby, and for the payment of the bonds so issued," approved June 11, 1915 (known as the "improvement bond act of 1915"), as amended, and as the same shall hereafter be amended, and whenever the board of supervisors shall determine that bonds shall be issued under said act it shall so declare in the resolution of intention to do the work and shall specify the rate of interest which said bonds shall bear. The said improvement bond act of 1915 and all amendments thereto are hereby incorporated in and adopted by reference as a part of this act for the purposes above set forth; *provided*, that certain words used in said act shall,

for the purposes of this act, be construed as follows. The words "city" and "municipality" shall be construed as referring to "county"; the words "city council" as referring to "board of supervisors"; the words "city treasurer" as referring to "county treasurer"; the words "city clerk," "clerk of the city council" and "clerk" as referring to "county clerk"; the words "street superintendent" as referring to "county surveyor" or such other competent county officer as may be appointed by the board of supervisors to perform the duties imposed upon the "street superintendent" and "city engineer"; the words "auditor" and "city auditor" as referring to "county auditor"; the words "tax collector" as referring to "county tax collector" and all words relating to municipal officers and matters as referring to the corresponding county officers and matters under this act.

Sec. 10. The "improvement act of 1911," when referred to in this act, shall mean that act of the legislature entitled "An act to provide for work in and upon streets, avenues, lanes, alleys, courts, places and sidewalks within municipalities, and upon property and rights of way owned by municipalities, and upon property and rights of way owned by municipalities, and for establishing and changing the grades of any such streets, avenues, lanes, alleys, courts, places and sidewalks, and providing for the issuance and payment of street improvement bonds to represent certain assessments for the cost thereof and providing a method for the payment of such bonds," approved April 7, 1911, as amended, and as the same shall hereafter be amended.

Sec. 11. The provisions of this act shall be liberally construed to effect the objects thereof. This act may be designated and referred to as the county improvement act of 1921.

SEC. 7. The examination by the board of applicants for license to practice dentistry in this state shall be sufficiently thorough to test the fitness of the applicant to practice dentistry. It shall include, written in the English language, questions on the following subjects: Anatomy, histology, physiology, anaesthesia, materia medica, pathology, bacteriology, therapeutics, oral surgery, chemistry, metallurgy, operative dentistry, prosthetic dentistry and orthodontia, and such other subjects as the board may require, *provided*, that the addition of any new subject or subjects be published at least ninety (90) days prior to the examination; the answers to which shall be written in the English language. Said written examination may be supplemented by an oral examination. Demonstrations of the applicant's skill in operative and prosthetic dentistry must also be given. All persons successfully passing such examination shall be registered as licensed dentists on the board register, as provided in section three, and shall be granted by the board a license to

practice dentistry in the State of California. When a candidate for a license shall have received a grading of eighty-five per cent or above in any given subject, he shall be exempt from re-examination on that subject in subsequent examinations before the said board held at the first or second meeting thereafter. Such payment to be effective shall be made prior to the commencement of the year for which the same accrues and the receipt of the secretary of the board shall be indispensable evidence that the same has been made. The failure, neglect or refusal of any person who was a regularly licensed dentist to pay in advance said annual tax of two dollars during the time his or her license remained in force shall ipso facto work a forfeiture of his or her license, and it shall not be restored except upon a written application therefor and the payment to said board of twenty-five dollars, except that such person shall not be required to submit to any examination.

Such applicant shall further satisfy the state director of agriculture of his or its character, responsibility and good faith in seeking to carry on the business of produce dealer. The state director of agriculture shall thereupon issue to such applicant upon the execution and delivery of a bond as hereinafter provided, a license entitling the applicant to conduct the business of produce dealer at the place named in the application until the first day of January next following. The fee for such license shall be twenty-five dollars for each year or part thereof. Section 4. Before any license shall be issued, the applicant shall execute and deliver to the state director of agriculture a good and sufficient surety bond in the sum of five thousand dollars. Said bond shall be conditioned upon compliance with the provisions of this act and upon the faithful and honest handling of farm products in accordance with the terms of this act. Said bond shall be to the State of California in favor of every consignor of farm products. Any consignor of farm products injured by the fraud, deceit or wilful negligence of any produce dealer may bring action upon said bond against both principal and surety in any court of competent jurisdiction to recover the damages caused by such fraud, deceit and wilful negligence.

Section 5. For the purpose of enforcing the provisions of this act, the state director of agriculture is authorized to receive verified complaints against any produce dealer or any person, firm, exchange, association or corporation assuming or attempting to act as such, and upon receipt of such verified complaint shall have full authority to make any and all necessary investigations relative to the said complaint, and he shall have at all times free and unimpeded access to all buildings, yards, warehouses, storage and transportation facilities in which any produce is

Copies of records, inspection certificates, certified reports and all papers on file in the office of the state director of agriculture shall be prima facie evidence of the matters therein contained.

Section 6. The state director of agriculture is authorized to investigate the character and standing of any applicant for a license to act as produce dealer, and upon the verified complaint of any interested party must investigate any transaction involving solicitation, receipt, sale or attempted sale of farm products by any person or persons acting or assuming to act as a produce dealer; failure to make proper and true account of sales and settlement thereof as in this act required; the making of false statements as to condition, quality or quantity of any farm products received or in storage; the intentional making of false statements as to market conditions; the failure to make payment for farm products within the time required by this act; or any other injurious transactions, and in furtherance of such investigation or inspection, the state director of agriculture, or any authorized representative, may examine that portion of the ledger, books, accounts, memorandums and other documents, farm products, scales, measures, and other articles and things used in connection with the business of such produce dealer relating to the transactions involved. When a consignor of farm products fails to obtain satisfactory settlement in any transaction after having notified the consignee, a verified complaint may be filed with the state director of agriculture, who shall undertake to effect a settlement, and in the event that he shall fail to effect such settlement, he shall cause a copy of such complaint, together with a notice of time and place of hearing of such complaint, to be served personally or by mail upon such produce dealer. Such service shall be made at least seven days before the hearing, which shall be held in the city or town in which is situated the business location of the licensee. At the time and place appointed for such hearing, the state director of agriculture, or his agents, shall hear the parties to such complaint, and shall enter in the office of the state director of agriculture at Sacramento a decision either dismissing such complaint or specifying the facts established on such hearing. A copy of such decision shall be furnished the complainant.

Section 7. The state director of agriculture may refuse to grant a license, and may revoke any license, as the case may require, when he shall be satisfied of the existence of any of the following facts:

(*e*) That the applicant, or licensee, directly or indirectly, has purchased for his, or its own account farm products received by him, or it, upon consignment without prior authority or without notifying the consignor thereof promptly of such purchase; *provided*, that this shall not prevent any produce dealer from taking to account of sales, in order to close the day's business, miscellaneous lots or parcels of farm products remaining unsold, if such produce dealer shall forthwith enter such transaction on his account of sales;

(*f*) That the applicant, or licensee, has intentionally made any false or misleading statement as to the conditions of the market for any farm products;

Section 8. Any action of the state director of agriculture with reference to the granting of, or the refusal to grant, any license; or with reference to the revocation of any license granted under the provisions of this act, may be reviewed by any court of competent jurisdiction, but pending final determination of any such review, in the case of the revocation of the license of any produce dealer, such license shall be deemed in full force and effect until the final determination of such proceedings, unless such license shall sooner expire by limitation; *provided*

that no license shall be refused on account of the pendency of any review proceedings. Every license issued or granted under the provisions of this act shall be deemed to have expired by limitation at midnight of the last day of the period for which such license was granted in the first instance

Subdivisions (*c*), (*f*), (*g*), and (*h*) shall not apply in the case of farm products purchased outright at an agreed price payable at a definite date.

If he finds that the proposed plan of business of the applicant is not unfair, unjust, or inequitable, that it intends to fairly and honestly transact its business, and that the securities that it proposes to issue and the methods to be used by it in issuing or disposing of them are not such as, in his opinion, will work a fraud upon the purchaser thereof, the commissioner shall issue to the applicant a permit authorizing it to

issue and dispose of securities, as therein provided, in this state, in such amounts and for such considerations and upon such terms and conditions as the commissioner may in said permit provide. Otherwise, he shall deny the application and refuse such permit and notify the applicant in writing of his decision. Every permit shall recite in bold type that the issuance thereof is permissive only and does not constitute a recommendation or endorsement of the securities permitted to be issued. The commissioner may impose conditions requiring the deposit in escrow of securities, the impoundment of the proceeds from the sale thereof, limiting the expense in connection with the sale thereof, and such other conditions as he may deem reasonable and necessary or advisable to insure the disposition of the proceeds of such securities in the manner and for the purposes provided in such permit. The commissioner may, from time to time for cause, amend, alter or revoke any permit issued by him, or temporarily suspend the rights of the applicant under such permit. The commissioner shall have the power to establish such rules and regulations as may be reasonable or necessary to carry out the purposes and provisions of this act.

SEC. 3. Section five of said act, as amended, is hereby amended to read as follows:

SEC. 5. No person or company shall act as an agent or broker until such person or company shall have first applied for and secured from the commissioner a certificate, then in effect, authorizing such person or company so to do. Every such certificate shall expire on the thirty-first day of December next after its issuance, unless sooner suspended or revoked. To secure such certificate, the applicant shall make and file in the office of the commissioner an application therefor in writing, verified by or in behalf of the applicant. In such application, the applicant shall set forth, in addition to such other information as may be required by the commissioner:

1. The name and address of the applicant, and if it be a corporation, association, or joint stock company, the name and address of each of its managing officers and agents, and, if it be a partnership, the name and address of each of the partners;

Said bond shall be conditioned upon the strict compliance with the provisions of this act, and the honest and faithful application of all funds received and the faithful and honest performance of all obligations and undertakings in the purchase or sale of securities, by said broker, his agents and employees. Said bond shall be further conditioned upon the payment of all damages suffered by any person damaged or defrauded by reason of the violation of any of the provisions of this act, or by reason of any fraud connected with or growing out of any transaction contemplated by the provisions of this act. Any person who sustains an injury covered by such bond, may in addition to any other remedy that he may have, bring an action in his own name upon said bond for the recovery of any damages sustained by him. Upon such action being commenced the commissioner of corporations may in his discretion, require the filing of a new bond, and immediately upon the recovery in any action on such bond, such broker shall file a new bond, and upon failure to file the same within ten days in either case such failure shall constitute sufficient grounds for the suspension or revocation of such broker's certificate.

For filing such application, the applicant shall pay a fee as hereinafter provided. If the applicant is a corporation or association organized under the laws of any other state, territory, or government, it shall file with its application a copy of its articles of incorporation or association, together with a certificate executed by the proper officer of such state, territory, or government not more than thirty days before the filing of such applications, showing that such applicant is authorized to transact business in such state, territory, or government, and also in such form as the commissioner may prescribe, its written instrument, irrevocably appointing the commissioner and his successor in office its true and lawful attorney upon whom all process in any action or proceeding against it, arising out of or founded upon the fraud of such applicant in the sale of securities within this state, or in any action upon any bond provided by this section, may be served, with the same effect as if said corporation or association were organized or created under the laws of this state and had been lawfully served with process therein.

SEC. 4. Section six of said act, as amended, is hereby amended to read as follows:

Section 6. The commissioner shall examine such application, and shall make such further investigation of the applicant and its affairs as he shall deem advisable. If, from such examination, the commissioner shall be satisfied of the good business reputation of the applicant and of its officers or members, if any, that the sale of the securities proposed to be sold by it would not be unfair, unjust or inequitable

to the purchasers thereof, that neither it nor its officers or members have violated any of the provisions of this act and that neither it nor its officers or members have engaged or are about to engage in any fraudulent transaction he shall issue such certificate. Otherwise, he shall refuse the same and deny the application and notify the applicant of his decision. The commissioner may at any time temporarily suspend or revoke any broker's or agent's certificate issued by him if he shall find that the holder thereof is of bad business repute, or has violated any provision of this act, or has engaged, or is about to engage in any fraudulent transaction

SEC 5. Section seven of said act, as amended, is hereby amended to read as follows

Section 7. No person, partnership, association, or corporation, other than a broker holding a broker's certificate, then in effect, shall issue, circulate, or publish any advertisement, pamphlet, prospectus, or circular concerning any security, to be issued by any company, that such person, partnership, association, or corporation desires or proposes to sell, until the company proposing to issue such security shall have first secured from the commissioner a permit authorizing it to issue or sell such security, nor shall any company, broker, or agent, or any other person, issue, circulate, or publish any advertisement, pamphlet, prospectus, or circular concerning any security sold or offered for sale by it, unless the name of the company, broker, agent, or person issuing, circulating, or publishing the same shall be subscribed thereto, and a true copy thereof shall have been first filed in the office of the commissioner at least one day prior *Provided, however*, that the filing of a copy of such advertisement, pamphlet, prospectus or circular, as herein provided, shall not be required in any case in which the commissioner shall have authorized or consented to the issuance, circulation or publication thereof, nor shall any company broker, or agent, or any other person, issue circulate or publish any such advertisement, pamphlet, prospectus, or circular after notice in writing given to it by the commissioner that, in his opinion, the same contains any statement that is false or misleading or otherwise likely to deceive a reader thereof

SEC. 6 Section nine of said act, as amended, is hereby amended to read as follows

Section 9. The people of the State of California do enact as follows

SECTION 1. It having been determined by the supreme court of the State of California that certain taxes heretofore assessed against and collected from life insurance companies doing business in this state were so assessed and collected by reason of an erroneous construction of the provisions of section fourteen of article thirteen of the constitution, adopted November 8, 1910, and of the legislation enacted in pursuance thereof, whereby there was denied to such companies the right to deduct from the premiums stipulated in their respective policies dividends or coupon reductions credited or paid to said policyholders, when ascertaining and fixing the gross premium receipts of such companies for purposes of taxation, there is hereby granted to such life insurance companies a credit upon their forthcoming taxes equal in amount to the aggregate of the sums heretofore erroneously assessed against and collected from each of them respectively as aforesaid; but without costs or interest on any part thereof; *provided, however*, and upon the express condition that at or before the time of applying for such credit, or any part thereof, but in any event not later than the fourth Monday prior to the first Monday in July, A. D. 1925, each such life insurance company so applying shall file with the state board of equalization a written admission of liability, past and future, for taxes levied upon the gross premiums received upon its business done in this state, without deducting therefrom matured endowments or surrender values.

It shall be the duty of the insurance commissioner to certify to the state board of equalization so soon as may be practicable after this act takes effect, and in no event later than the fourth Monday prior to the first Monday in July, A. D. 1925, the name of each life insurance company from which taxes have been heretofore erroneously collected as above set forth and the aggregate amount so erroneously collected from each of them.

SEC. 3. Upon receipt of the foregoing certification from the insurance commissioner and of the written admission of liability in the manner and within the time mentioned in section one hereof, the board of equalization shall, upon the application of any life insurance company entitled thereto under the provisions of this act, prior to completing its record of assessments for each of the years 1925, 1926 and 1927, allow as a credit and as an advance payment upon the tax which otherwise would be assessed against such company for each of said years an amount equal as nearly as may be to one-third of the sum so certified by the insurance commissioner to have been erroneously collected from such company, and shall, during each of said years, and such further time as may be necessary to completely credit said taxes so erroneously collected, deduct the amount of such credit and advance payment from the tax which otherwise would

be assessed against such company for such year, prior to delivering to the controller of state the record of assessments for such year.

AMENDMENT NUMBER THREE

On page 1 of the printed bill strike out all of lines 4 to 24 inclusive and insert in lieu thereof the following:

"3066 Every person who furnishes feed for a herd of live stock or flock of poultry shall have a lien upon such herd of live stock or flock of poultry to the extent of the value of such feed, as hereinafter provided, and for all costs of filing and enforcing such lien, whether furnished at the instance of the owner or of any other person having lawful possession of such herd of live stock or flock of poultry, and any person in the lawful possession of such herd of live stock or flock of poultry shall be held to be the agent of the owner for the purpose of the succeeding sections.

The words "herd of live stock", as used in sections three thousand sixty-six, three thousand sixty-six *a*, and three thousand sixty-six *b* of the Civil Code shall be construed to mean a number of cattle, horses, mules, sheep, goats or swine assembled together.

The word "flock", as used in this section and in sections three thousand sixty-six *a* and three thousand sixty-six *b*, of the Civil Code, shall be construed to mean a number of poultry assembled together.

SEC. 2. A new section is hereby added to the Civil Code, to be numbered three thousand sixty-six *a*, and to read as follows:

3066*a*. Every person claiming the benefit of the above section at any time while furnishing such feed and until sixty days after he has ceased to furnish such feed, may file for record, with the county recorder of the county or counties or city and county in which said herd of live stock or flock of poultry is situated, a claim of lien containing a statement of his demand after deducting all just credits and offsets; the name of the owner or reputed owner and the person in possession of such herd of live stock or flock of poultry at the time of furnishing such feed, a general statement of the kind of feed furnished by him and a general description of the herd or flock sought to be charged with the lien, and the location thereof at the time the feed was furnished, and, if such herd or flock, or any part thereof, has been removed, the location of the same at the time of filing the lien, and a statement of the time within which such feed was furnished, which claim of lien must be verified by the oath of claimant or some other person.

The recorder must record the claim in a book kept by him for that purpose, which record must be indexed as other encumbrances upon personal property are required by law to be indexed, and for which he may receive the same fees as are allowed by law for recording like encumbrances.

Such lien shall not bind any property for a longer period than ninety days after the same has been filed unless proceedings be commenced in a proper court within that time to enforce the same, and in case such proceedings be not prosecuted to trial within one year after commencement thereof, the court may, at its discretion, dismiss the same for want of prosecution, and in all cases the dismissal of such action, or a judgment rendered therein that no lien exists, shall be equivalent to the cancellation and removal from the record of such lien.

The court must also allow, as a part of the costs, the money paid for verifying and recording the lien.

Whenever feed shall have been furnished for a herd of live stock or flock of poultry, such feed shall not be subject to attachment, execution or other legal process to enforce any debt due by the purchaser of such feed, except a debt due for the purchase money thereof, so long as in good faith the same is reasonably necessary to provide feed for such herd of live stock or flock of poultry for a period not exceeding ninety days.

Nothing contained herein shall be construed to impair or affect the right of any person to whom any debt may be due for feed furnished to maintain a personal action to recover said debt against the person liable therefor, and the person bringing such personal action may take out an attachment therefor notwithstanding his lien, and his affidavit to procure an attachment need not state that his demand is not secured by a lien, but judgment, if any, obtained by the plaintiff in such personal action, shall not be construed to impair or merge any lien held by the plaintiff in such action, provided only that any money collected on said judgment shall be credited on the amount of such lien in any action brought to enforce the same, in accordance with the provisions herein contained.

SEC. 3. A new section is hereby added to the Civil Code, to be numbered three thousand sixty-six *b*, and to read as follows:

3066*b*. The lien provided for in the above two sections shall be preferred to any lien, mortgage or other encumbrance not recorded in the office of the recorder of the county or counties or city and county in which said herd of live stock or flock of poultry is situated, for any feed furnished within ninety days prior to the recording of such mortgage or encumbrance.

The lien provided for herein is not to attach for an amount of feed necessary for such herd of live stock or flock of poultry for a period in excess of ninety days immediately preceding the date of recording such claim of lien.

No mistake or errors in the statement of the demand, or of the amount of credits and offsets allowed, or of the balance asserted to be due to claimant, nor in the description of the property against which the claim is filed, shall invalidate the lien, unless the court finds that such mistake or error in the statement of the demand, credit and offsets, or of the balance due, was made with the intent to defraud, or the court shall find that an innocent third party, without notice, direct or constructive, has since the claim was filed become a bona fide owner of the property liened upon, and that the notice of claim was so deficient that it did not put the party upon further inquiry in any manner.

The judgment of the court in any action brought to enforce such lien shall provide for the sale of so much of the live stock or poultry as may be necessary to satisfy the judgment, and whenever, on the sale of the property subject to such lien, under the judgment or decree or foreclosure of such lien, there is a deficiency of proceeds necessary to satisfy said judgment, a judgment for the deficiency may be docketed against the party personally liable therefor in like manner and with like effect as in actions for the foreclosure of chattel mortgages."

REPORT OF SPECIAL COMMITTEE.

The following report of the joint committee appointed to investigate and report upon the conditions at Delhi was received and ordered printed in the Journal:

To the Members of the Senate and Assembly.

In January, 1925, this Legislature adopted Assembly Concurrent Resolution No. 9, which provides as follows:

"WHEREAS, It appears that considerable refinancing of the State Land Settlement at Delhi will be asked at this forty-sixth session of the Legislature and that it is advisable that this Legislature have full first hand information as to the conditions at Delhi, therefore

Resolved by the Assembly, the Senate concurring, That a committee of six members, consisting of three members of the Assembly and three members of the Senate, be appointed by the Speaker of the Assembly and the President of the Senate, respectively, to visit Delhi during the constitutional recess and to fully inquire into the situation at Delhi and to report back its findings to this Legislature soon after its reconvening February 24, 1925."

The undersigned, constituting the joint committee appointed under this resolution, pursuant to its terms, visited the Delhi Settlement during the constitutional recess and made a careful investigation of the existing conditions

Your committee went over a considerable part of the land of the settlement, called upon a number of the settlers, discussed their problems, held informal hearings at which a number of the settlers appeared and gave their views We also had a formal hearing at which all settlers, who requested it, were permitted to testify and at which representatives of the former and present administrations of the settlement testified orally and filed as exhibits elaborate statements of the financial conditions and needs of the settlement A stenographic report of these formal proceedings together with said exhibits, is filed herewith

Your committee's findings as to the conditions at Delhi are as follows:

(1) That the State purchased the Delhi land consisting of about 8400 acres, and installed an irrigation system, utilizing underground concrete pipe, during the period of high prices that prevailed in 1919 and for a few years thereafter.

(2) That it sold more than half of the land to settlers during the same period on long term contracts on a first payment of five per cent of the purchase price. The remaining portion of said land is still unsold, and consists of approximately 3300 acres.

(3) That the average size of each settler's farm is about 26 6 acres and the average price per acre agreed to be paid is about $229. This includes land, water right and main pipe line, but not individual pipe.

(4) That the average date of existing contracts with settlers is about October 1, 1921.

(5) That the average cost to the settler in planting his land, erecting buildings, residence and other improvements is about $3,762 56, or about $141 60 per acre.

(6) That the amount required each year to meet payments to the State, taxes, irrigation taxes and irrigation maintenance is about $33 49 per acre.

(7) That the average initial capital of these settlers was about $3,000, though many were accepted who had much less

(8) That a great part of the acreage has been planted to fruit, which will not produce for several years. That 38% of the farms have produced no income to date, and for those that have, the average has been $451 20 per farm, or an average of about $17 per acre

(9) That State funds for Delhi have been depleted. The loans promised to settlers for use on their farms have not been made in many instances.

(10) That Delhi settlers have suffered in common with all other agricultural interests due to well known economic conditions affecting farmers in general

(11) That a large number of the settlers have invested their original capital in this land and improvements and a large number have borrowed money from the

State for improvements and equipment. Their only property interests consist of equities in the lands and equipment and they are unable to borrow from private sources, consequently a large number of these settlers are unable to meet their obligations to the Land Settlement Board.

(12) The project as a whole has been, and now is, a financial failure. The settlers were led to expect too much, in several instances they were granted greater loans than the Land Settlement Act permitted

In a number of instances chattel mortgages were made by settlers to the board securing loans made by the board. Later the mortgaged chattels were sold by the mortgagors and the loans were not repaid to the board

Furthermore, in addition to the general expectation of more help than is economically sound or larger loans than was financially or legally proper, many of the settlers came to the colony with the distinct belief that the State would act as a sort of guardian angel or Santa Claus and "see them through", as they expressed it.

The final consideration of this problem has led your committee to recommend that the State of California should never enter into another land settlement scheme.

(13) The above mentioned conditions demonstrating the general failure of the plan, added to the fact that the settlers have been unable to meet their obligations to the Land Settlement Board and to the further fact that a portion of the land purchased was of nominal value only, has prevented the Land Settlement Board from making the payments due by it to the State according to the terms of the Land Settlement Act. All of these facts and conditions have tended to raise the average price of the land sold as well as those lands to be sold and have materially aided in preventing the sale of more tracts of land

(14) That many of the settlers are not able to finance themselves and, unless the State will finance them, as they were led to believe, when they agreed to purchase this land, they will undoubtedly abandon their contracts and the State will have the partially developed land on its hands.

(15) That the reduction in farm values has been so great, averaging 33⅓% or more since the purchase and improvement of these lands by the State, that a corresponding change in its prices will necessarily have to be made if the unsold lands are to be sold and the sold lands are to remain sold

(16) That the present expense of administration has been reduced to practical necessities only, except that the State still pays the chairman of the Land Settlement Board an annual salary of $6,000.00. This expense is not now necessary

(17) That the present administration of the settlement is highly efficient and economical

As a conclusion from these findings your committee recommends legislation as follows

(1) An appropriation of $250,000 to pay existing obligations and operating expenses, to be repaid to the State with interest.

(2) An appropriation of $350,000 for the Land Settlement Board with which to pay to the State its arrears in interest, which is merely a method of balancing the books of the Land Settlement Board

(3) An amendment to the Land Settlement Act authorizing a reduction in price of unsold lands and a revision of existing contracts with settlers to meet present price conditions.

(4) An act to limit the interest chargeable upon moneys heretofore appropriated for the purpose of carrying out the provisions of the Land Settlement Act and providing that no interest shall be charged to the Land Settlement Board from the first day of July, 1925, or from the date the act takes effect, in case the latter date is subsequent to July 1, 1925, and up to June 30, 1930.

Your committee has prepared and offered bills for the above purposes It believes that the suggested legislation offers the best solution of the Delhi problem, and it is the opinion of your committee that if the legislation herewith proposed is enacted that no further appropriation to or on behalf of the Delhi settlers and Land Settlement Board will be necessary and no such further appropriations should ever be allowed.

Respectfully submitted.

EXPLANATION OF VOTE.

The following explanation of vote was received, and ordered printed in the Journal:

In explanation of my vote against Senate Bill No. 697, authorizing the Board of State Harbor Commissioners to insure against loss by fire or other disaster the property of the State located on the water front of San Francisco:

First, I desire to say that the policy of the State has been in the past to carry its own risks in such matters and this bill sets aside that policy.

Second, nearly all the large private concerns in our country carry their own risks much more cheaply than can be done through insurance companies and our State with its many millions of dollars worth of property surely can do as well in the future as it has done in the past.

Third, if our Board of Control should find that we should have such risks specially provided for, in my opinion it should recommend to the Legislature, legislation as would provide against such risks which in my judgment should be money reserves set aside regularly to meet such contingencies.

Fourth, if this bill is approved by the Governor, I fear it will be the opening wedge which will cause other legislation along this same line until all of our institutions will be insured by the big foreign insurance companies to the detriment and financial loss to our State.

S. L. HEISINGER.

COMMUNICATIONS.

The following communications were received and ordered printed in the Journal:

STATE OF CALIFORNIA, OFFICE OF ATTORNEY GENERAL,
SAN FRANCISCO, March 16, 1925.

Honorable Frank C. Weller,
Chairman, Assembly Judiciary Committee,
Assembly Chamber, Sacramento, California

MY DEAR MR. WELLER On Wednesday evening of last week your committee had under consideration a resolution relative to the case of People of the State of California vs. John Vail, which case arose in Shasta County and was transferred to the United States District Court, where the same is now pending.

Before further proceedings can be had in such case it becomes necessary to determine if the district attorney of Shasta County, Honorable Jesse W. Carter, has "become disqualified from conducting" the prosecution, within the meaning of such term as the same is used in section 472 of the Political Code.

Prior to the hearing by your committee, I had given the matter some consideration, but had not been able to reach a conclusion as to the disqualification of the

district attorney However, through the disclosure made at such hearing, and from further information obtained directly at a conference with Mr Carter on the following day, I became entirely satisfied that the district attorney is legally disqualified to further represent the people in this case, and as result it becomes the duty of this office to represent the people therein. Having reached this conclusion I have felt it my duty to convey this information to you and to your committee.

Whether further proceedings in the case will be conducted directly by this office or through "special counsel" employed, as provided in said section 472, has not been determined However this particular matter will be given further consideration and such action taken as the facts warrant.

Very truly yours,

U. S. WEBB, Attorney General.

STATE OF CALIFORNIA, OFFICE OF ATTORNEY GENERAL.
SACRAMENTO, CALIFORNIA, March 18, 1925.

Honorable B S. Crittenden, Assembly Chamber

DEAR MR CRITTENDEN At your request I have examined the provisions of Senate Bill No. 313 with a view to ascertaining whether or not it is an appropriation bill, prohibited passage in advance of the final enactment of the budget bill under the provisions of section 34 of article IV of the constitution.

As a result of such examination, I conclude, and so advise you, that the bill itself makes no appropriation and that it is not within the prohibited class above mentioned. As I construe this bill, it is in the nature of a declaration of policy to be pursued by the State in future, contingent upon the adoption of a similar policy by the government of the United States, whereby each will, through the medium of specific appropriations to be made in future, assume and pay equal shares of the cost of constructing the works contemplated by the report of the California Debris Commission, as modified under date of January 5, 1925

Very truly yours,

U. S WEBB, Attorney General.
By R. T McKISICK, Deputy.

Sec 9 No bank of this state, or any officer or director thereof, shall hereafter open or keep an office other than its principal place of business, without first having obtained the written approval of the superintendent of banks to the opening of such branch office, which written approval may be given or withheld in his discretion, and shall not be given by him until he has ascertained to his satisfaction that the public convenience and advantage will be promoted by the opening of such branch office, *provided*, that no bank or any officer or director thereof, shall open or maintain any such branch office unless the capital of such bank, actually paid in, in cash, shall exceed the amount required by this act by the sum of twenty-five thousand dollars for each branch office opened and maintained in the place where its principal business is transacted, *and provided*, that for each branch office opened or maintained by any bank, other than a bank transacting only the business described in section six of this act, in any place in this state other than the place where the

EXPLANATION OF VOTE.

The following explanation of vote was received, and ordered printed in the Journal:

For the past six years of service as a member of the State Legislature I have consistently voted against all dry legislation. Arguments presented on the floor with reference to Assembly Bill No. 381 proved that this bill did not raise a wet or dry issue that the bill was intended as a protective religious measure where fraudulent practices were being committed, causing a reflection on all religious organizations.

Communications from those opposed to prohibition laws, including the California Division Association Against the Prohibition Amendment, signed by Mr. W. H.

Metson, chairman of same, were received by me, which gave approval of Assembly Bill No. 381 and had no objections to its passage.

Assembly Bill No. 1172—An act to provide for the organization and government of municipal corporations consisting of two or more municipalities, or of two or more municipalities and unincorporated territory.

COMMITTEE AMENDMENT.

During second reading of the bill, the following amendment was submitted by the committee:

AMENDMENT NUMBER ONE

On page 1, line 1, of the printed bill, after the period following the figure "1", insert the following:

Two or more municipal corporations and unincorporated territory, all within one county, may unite to form one municipal corporation as in this act provided, and such municipal corporation so formed shall have the powers conferred, or that hereafter may be conferred by law upon municipal corporations of the class to which the same may belong, or shall have the powers conferred by a charter adopted by the electors of such municipal corporation at the time of the formation of such municipal corporation and approved by the Legislature of the State of California.

SEC. 2. A petition shall first be presented to the Board of Supervisors of the county in which the territory proposed to be created into such municipal corporation is situated. Such petition shall be signed by at least twenty-five per cent of the qualified electors residing within each city and within the unincorporated territory proposed to be formed into such municipal corporation. Such petition shall particularly describe the boundaries of the municipal corporation proposed to be created, shall state the name of such proposed municipal corporation, shall either state the class to which such proposed municipal corporation shall belong or shall propose a charter for the government of such municipal corporation, and shall pray that the territory described in said petition may be incorporated under the provisions of this act, *provided, however*, that the boundaries described in such petition shall not include less than the whole of any municipality.

When such petition is presented, the same shall be received by the board of supervisors, who shall thereupon set a time at which protests may be heard against the inclusion of any portion of the territory described in the petition as a part of the territory proposed to be included in the municipal corporation proposed to be formed. The time for such hearing shall be not less than twenty nor more than forty days after the time at which such time for hearing is set. Notice of such hearing shall be published at least five times prior to the time set for such hearing in some newspaper of general circulation within the territory described in the petition. At such hearing the board of supervisors shall hear any protests against the inclusion of any portion of the territory described in the petition as a part of the territory proposed to be included in the municipal corporation proposed to be formed, and may adjourn such hearing from time to time, not exceeding ninety days in all. At such hearing, or at any time to which it may be adjourned, the board of supervisors may receive any petition praying for the addition of territory to that proposed to be formed into a municipal corporation by the original petition. Such supplementary petition shall describe the boundaries of such additional territory and shall be signed by not less than twenty-five per cent of the qualified electors residing within such additional territory described in such supplementary petition. The boundaries described in such supplementary petition may include unincorporated or incorporated territory, but shall not include less than the whole of any municipality. On the final hearing the board of supervisors shall make such changes in the proposed boundaries as described in the original petition as they may find to be proper, and shall ascertain and determine how many inhabitants reside within such boundaries as changed, *provided, however*, that no changes shall

be made in the boundaries described in the original or a supplementary petition in such manner as to include all or any portion of any city not included within the boundaries described in such petitions: *provided further, however*, that no changes shall be made in the boundaries described in such petitions in such manner as to exclude less than the whole of any city included within the boundaries described in such petitions. In case changes are made in the boundaries described in the original petition so as to include additional territory, the board of supervisors shall set a new time for hearing, which shall be not less than ten nor more than thirty days after such changes have been made. Notice of such new hearing shall be published at least three times in some newspaper having general circulation within the territory included within the changed boundaries. At such new hearing, the board of supervisors shall hear any protests against the inclusion of the additional territory, or any portion thereof, included by reason of the change of the boundaries described in the original petition, and may change the boundaries as altered in such manner as to exclude any territory they may deem proper to be so excluded; *provided, however*, that such boundaries shall not be changed in such manner as to exclude less than the whole of any municipality therefrom. In case the original petition contained a proposed charter, and the board of supervisors have changed the boundaries of the proposed municipal corporation, said board shall change any boundaries described in said proposed charter in such manner as to conform to the changes made by said board in the boundaries of said proposed municipal corporation. The board shall have no power to make other changes in the proposed charter. Forty days after the conclusion of the final hearing, or, if the petition contained a proposed charter, at the conclusion of the final hearing, the board of supervisors shall give notice of an election to be held in the territory described in such manner as finally determined by said board, for the purpose of determining whether the same shall form a new municipal corporation. Such notice shall particularly describe the boundaries so established, shall state the name of the proposed municipal corporation and the number of inhabitants ascertained to reside therein, and shall either state the class to which the proposed municipal corporation shall belong or shall include the charter proposed for such proposed municipal corporation as contained within the original petition, if such petition contained a proposed charter, and shall state that such charter is proposed as the charter of the proposed municipal corporation, and that if the proposed municipal corporation is formed, the proposed charter shall be the charter thereof. Such notice of election shall be published at least five times prior to such election in some newspaper of general circulation within the proposed incorporation. Such election shall be held not less than thirty nor more than forty-five days after the adoption of such notice. Such notice shall fix the polling places, shall name the election officers, and shall require the voters to cast ballots which shall contain the words "For the formation of the city of _____" (naming it) and "Against the formation of the city of _____" (naming it), or words equivalent thereto. In case the notice of election does not contain a charter proposed for such proposed municipal corporation, the ballot shall also contain the names of persons which have been nominated to fill the various elective municipal offices prescribed by law for municipal corporations of the class to which such proposed corporation will belong. Such persons shall be electors residing within the limits of the proposed corporation and shall be qualified as prescribed in section 3 of this act for electors entitled to vote at said election. Such persons shall be nominated by petitions signed by electors residing within the proposed corporation of a number equal to at least five per cent of the total vote cast for governor at the last general election within the proposed municipal corporation, as may be determined by the registrar of voters of the county within which the proposed municipal corporation is situated. In computing such vote for governor, any precinct divided by the boundaries of the proposed municipal corporation shall be considered as a whole. Such nominating petitions shall be filed with the clerk of the county within which the proposed corporation is situated within thirty days after the conclusion of the final hearing by the board of supervisors of the original petition and any supplementary petition which may have been filed.

SEC. 3. Such election shall be conducted in accordance with the general laws of the state and no person shall be qualified to vote thereat unless he shall be a qualified elector of the county, enrolled upon the great register thereof, and shall have resided within the limits of the proposed municipal corporation for at least thirty days next preceding such election. The board of supervisors shall meet on the Monday next succeeding such election, and proceed to canvass the votes cast thereat. If no proposed charter was included in the notice of election, and if, upon the aforementioned canvass, it appear that a majority of the votes cast within each municipality within the proposed municipal corporation and within the unincorporated territory within the proposed municipal corporation are in favor of the formation of the proposed municipal corporation, the board shall, by an order entered upon its minutes, declare such proposed municipal corporation duly formed as a municipal corporation, under the name of the city of _____ (naming it), and shall declare the persons receiving respectively the highest number

of votes for the various elective municipal offices to be duly elected to such offices. Said board shall cause a copy of such order, duly certified, to be filed in the office of the secretary of state; and from and after the date of such filing, such formation of the municipal corporation shall be deemed complete, and such officers shall be entitled to enter immediately upon the duties of their respective offices, upon qualifying in accordance with law, and shall hold such offices, respectively, only until the next general municipal election to be held in such municipal corporation, and until their successors are elected and qualified. In case the notice of election included a charter proposed to be adopted for the proposed municipal corporation, and if, upon the aforementioned canvass by the board of supervisors of the vote cast at such election, it appear that a majority of the votes cast within each municipality and within the unincorporated territory within the proposed municipal corporation are in favor of the formation of the proposed municipal corporation, the board shall, by an order, enter that fact upon its minutes and shall cause a copy of such order, duly certified, to be filed in the office of the secretary of state, together with a duly certified copy of the charter included in the notice of election. Such charter shall then be deemed to have been ratified by the electors in the proposed municipal corporation, and shall be submitted to the legislature, if then in session, or at the regular or special session of the legislature next following such election. The legislature shall by concurrent resolution approve or reject such charter as a whole, without power of alteration or amendment. If approved by majority vote of the members elected to each house, such charter shall be deemed to have been approved by the legislature. Thereupon a certified copy of such charter, as ratified and approved, shall be filed with the secretary of state and with the clerk of the county in which the proposed municipal corporation is located.

SEC. 4. After such filing in the office of the secretary of state, the board of supervisors of the county in which such municipal corporation is located shall give notice of an election to be held within such municipal corporation for the purpose of electing the various municipal officers as provided in the charter for such municipal corporation. Such notice of election shall be published at least five times in some newspaper of general circulation within such municipal corporation. Such election shall be held in such manner as may be prescribed in the charter for such municipal corporation. The notice of election shall fix the polling places, shall name the election officers and shall require the voters to cast ballots which shall contain the names of the persons nominated to fill the various elective offices. Such persons shall be qualified and nominated as may be prescribed in the charter for such municipal corporation.

SEC. 5. Such election shall be conducted in accordance with the procedure which may be prescribed in the charter for the municipal corporation and no person shall be qualified to vote thereat unless he shall be qualified as prescribed in said charter. The board of supervisors shall meet on the Monday next following such election and proceed to canvass the vote cast thereat. The board at that time shall, by an order entered upon its minutes, declare the municipal corporation duly formed as a municipal corporation under the name of the city of _____ (naming it) and shall declare the persons receiving respectively the highest number of votes for the various elective municipal offices to be duly elected to such offices. Said board shall cause a copy of such order, duly certified, to be filed in the office of the secretary of state; and from and after the date of such filing, such formation of the municipal corporation shall be deemed complete, the courts shall take judicial notice of the provisions of the charter approved for such corporation, and such officers as have been elected shall be entitled to enter immediately upon the duties of their respective offices, upon qualifying in accordance with law, and shall hold such offices, respectively, only until the next general municipal election to be held in such city, and until their successors are elected and qualified.

SEC. 6. From and after the formation of a municipal corporation under the provisions of this act, all persons holding municipal offices in the previously existing municipal corporations within the territory formed into the new municipal corporation shall deliver all moneys, funds, books, papers, archieves and records in their custody to the proper officers of the new municipal corporation duly elected under the provisions of this act. Such offices shall thereupon cease to exist, notwithstanding the fact that the terms for which those persons holding such offices may not have expired, and such previously existing municipal corporations shall thereupon ipso facto be deemed to be and shall be dissolved and disincorporated, and any freeholders' charter thereof shall be deemed to be, and shall be surrendered and annulled.

SEC. 7. The formation of a municipal corporation under the provisions of this act shall not affect any debts, demands, liabilities or obligations of any kind existing in favor of or against any previously existing municipal corporation within the territory formed into such municipal corporation, at the time of such formation, or any action or proceeding then pending in any court in which any such debt, demand, or proceeding brought by or against any such municipal corporation prior to the formation of the new municipal corporation; but all such proceedings shall be continued and concluded, by final judgment or otherwise, in all respects the same as if such formation of such new municipal corporation had not been effected. All such rights or liabilities shall be and become the rights and liabilities of the new

municipal corporation. All ordinances of said previously existing municipal corporations shall immediately, upon the formation of the new municipal corporation being effected, be deemed to be repealed and of no further force and effect, *provided, however*, that such repeal shall not operate to discharge any person from any liability, civil or criminal, then existing, nor to affect any prosecution then pending for any violation of any such ordinances, and all cases then pending in any justice's court, police court, or court of any recorder, or other judicial municipal magistrate or officer of any of the aforementioned previously existing municipal corporations, shall, upon such formation of such new municipal corporation being effected, ipso facto be deemed to be and be transferred to the justice's court, police court or court of any recorder, or other judicial municipal magistrate or officer of the new municipal corporation which has jurisdiction of proceedings or misdemeanors or of other actions, civil or criminal, of the character so transferred; *provided, further*, that such repeal shall not apply to ordinances under which vested rights have accrued, or to ordinances relating to proceedings for street or other public improvements, or to proceedings for opening, extending, widening or straightening streets or other public plans, or to proceedings for changing the grade thereof, all of which proceedings shall be continued and conducted by and under the authority of the new municipal corporation, with the same force and effect as if continued and conducted by and under the authority of the municipal corporation by which they were commenced. And all ordinances of the new municipal corporation shall, upon the completion of its formation, ipso facto have full force and effect in and throughout the new municipal corporation.

SEC. 8. No property in any of the municipal corporations or other territory included within the boundaries of any new municipal corporation formed under the provisions of this act shall ever be taxed to pay any portion of any indebtedness or liability of any other such previously existing municipal corporation, contracted or incurred prior to or existing at the time of such formation of such new municipal corporation. The legislative body of such new municipal corporation shall provide for the payment of the indebtedness or liability of each of the aforementioned previously existing municipal corporations in the following manner, to wit: Said new municipal corporation shall levy and collect the necessary taxes therefor, in each such previously existing municipal corporation, and for that purpose, and for all other purposes, such new municipal corporation, and its officers, shall be deemed the successor and successors of such other previously existing municipal corporations and their respective officers.

SEC. 9. In the event that a tax for road purposes has been levied by the board of supervisors of any county against property situated in any unincorporated territory which, subsequent to such levy, becomes part of a municipal corporation under the provisions of this act, but which tax, at the time of such formation of such municipal corporation has not been collected, then all such taxes so uncollected shall be and become the property of such municipal corporation, and the same shall, with other county taxes, be collected by the county tax collector, and by him paid into the county treasury of said county, after which the same shall, by the county treasurer, be paid to such municipal corporation, upon proper warrant therefor. The city clerk, or other officer performing the duties of clerk of such municipal corporation, shall, at any regular meeting of the board of supervisors of said county, present, and file a verified claim for any money thus due such municipal corporation, setting forth the facts, and the date of the formation of such municipal corporation, and the amount in the hands of said county treasurer so due such municipal corporation. Such claim shall be audited by the board of supervisors in the manner in which other claims against the county are audited, and if the amount thereof is correct, the same shall be allowed, and the county auditor instructed to draw his warrant for said amount against the road fund within which are deposited the road funds collected in such previously unincorporated territory. This section shall apply to all such taxes not paid into the county treasury prior to the taking effect of this act.

SEC. 10. Nothing in this act shall alter or affect the boundaries of any senatorial or assembly district.

SEC. 11. In case any section or sections, or part of any section, of this act, shall be found to be unconstitutional or invalid, for any reason, the remainder of the act shall not thereby be invalidated, but shall remain in full force and effect.

An act to add a new section to an act known as the "general dairy law of California," approved June 15, 1923, to be numbered section sixteen and one-half, relating to the licensing of dairy produce exchanges.

The people of the State of California do enact as follows:

SECTION 1. A new section to be numbered sixteen and one-half is hereby added to an act known as the "general dairy law of California," approved June 15, 1923, to read as follows:

Sec. 16½. (*a*) For the purposes of this act, a dairy produce exchange shall be deemed to be an association of persons, firms or corporations organized for the purpose of furnishing a medium for trading in butter, cheese or eggs, to facilitate the marketing of said products, or to establish their wholesale market value.

(*b*) It shall be unlawful for any association or corporation to establish or operate a dairy produce exchange without first obtaining from the department of agriculture a license to do so.

(e) Every dairy produce exchange within the expiration of thirty days from and after the effective date of this act, and any association or corporation thereafter desiring to operate a dairy produce exchange, and before engaging in such activity, shall file with the director of the department of agriculture a written application for a license, which application shall be accompanied by the license fee, as hereinafter provided, and shall state or include the following information:

(1) The name under which said exchange proposes to operate.

(2) The location of its place of business.

(3) The names of its officers, directors, and the persons and/or firms constituting its membership.

(4) A certified copy of its articles of incorporation, its constitution and by-laws, and the rules and regulations and bases of trade under which it proposes to operate.

(5) Such further or additional information as may be necessary to satisfy the director of agriculture that the by-laws and rules of the applicant are fair and equitable to both buyer and seller; that they safeguard the interest of both producer and consumer; and that they allow for a free operation of the economic law of supply and demand.

(d) The director of agriculture shall, within sixty days after receipt of said application, issue a license to said applicant, *provided, however*, that said director of agriculture, may after a public hearing, conducted in the city in which said applicant or licensee is located, refuse to grant said license or may suspend or revoke any license, upon thirty days notice to the applicant or licensee, when he shall be satisfied of the existence of any of the following facts:

(1) That the applicant, or licensee, has intentionally made any false or misleading statements, or misrepresentation of facts, or was guilty of fraud or deception in its application for or procurement of a license.

(2) That any fraudulent or unfair practice or illegal act shall have been committed by the applicant or licensee in the conduct of its business.

(3) That such applicant, or licensee, or its membership, by collusion or otherwise, is guilty of unlawfully fixing market prices or any act resulting in restraint of trade or in the making of fictitious market quotations.

(4) That the applicant, or licensee, has failed or refused to make such reports or submit such records or statistics to the director of agriculture as may be required by him.

(e) The director of agriculture may require such monthly or other periodical reports, records of market quotations, and other statistical information as may be necessary to him in administering this act, and all such reports, statistics or information pertaining to each licensee shall be kept on file in the office of the director of agriculture and subject to public inspection.

(f) The director of agriculture shall, upon verified complaint, conduct such investigation and require such showing from any licensee as he may deem necessary to determine whether all of the provisions of this act have been complied with, and if such investigation develops the fact that any licensee has been guilty of any unlawful act, or acts, the director of agriculture may initiate legal proceedings again such licensee.

(g) Any action of the director of agriculture with reference to the granting of, or the refusal to grant any license, or the suspension or revocation of any license granted under the provisions of this act, may be reviewed by any court of competent jurisdiction and, pending final determination of any such review in the case of the revocation or suspension of the license of any dairy produce exchange, such license shall be deemed to be in full force and effect until final determination of such proceedings.

(h) The director of agriculture shall have access to all records of every licensed dairy produce exchange, and may serve, or appoint a representative to serve for him, as ex officio member of the board of directors of any such exchange or exchanges.

(i) Except as otherwise provided herein, each license issued by the director of agriculture shall continue in effect so long as the licensee shall continue in business; *provided, however*, that a fee of $100 shall be paid annually to the director of agriculture, such fee being payable on the first Monday of each calendar year.

(j) All license fees collected by the director of agriculture under this act shall be used by said director of agriculture in administering the provisions of this act.

(k) No provision in this act shall be so construed as to conflict with interstate trade or commerce, as defined by the supreme court of the United States and of the State of California.

SEC. 2. It is hereby expressly provided that this amendment shall become an integral part of the general dairy law of California and that it shall be read and interpreted in connection with the context of said act as a whole, and that it is subject to the same general provisions relating to unlawful sales, enforcement, violations and penalties, as are provided by said law.

For the purposes of said election, the park board shall establish election precincts within the boundaries of the district and may form election precincts by consolidating the precincts established for general election purposes in said district, not exceeding six for each said bond election precinct, and shall designate polling places and appoint two inspectors, two judges and two clerks for each of such precincts. In all particulars not recited in the resolution calling the same, such election shall be held as nearly as practicable in conformity with the general election laws of the state. Said resolution calling such election shall, prior to the date set for such election, be published ten times in a daily or four times in a weekly newspaper of general circulation printed and published in each of the counties comprising said district and designated by the park board for said purpose. No other notice of such election need be given. If, at such election, two-thirds of the votes cast is in favor of incurring such bonded indebtedness, then the bonds of said district for the amount stated in said resolution shall be issued and sold as in this act provided. Any defect or irregularity in the proceedings prior to the election shall not effect the validity of the bonds.

SEC. 25. The park board shall, subject to the provisions of this act, prescribe the form of said bonds and of the interest coupons attached thereto. Said bonds shall be payable substantially in the following manner. A part, to be determined by said park board and which shall be not less than a one-fortieth part of the whole amount of such indebtedness, shall be payable each and every year on a specified date and at a place either within or without the State of California to be fixed by said park board and designated in such bonds, together with the interest thereon payable either annually or semiannually as the district board may determine. The rate of interest specified in such bonds shall be fixed by the park board, which rate may be less than, but shall not exceed the rate of interest stated in the resolution calling said election. Such bonds shall be issued in such denominations as the park board may determine, except that no bonds shall be of less denomination than one hundred dollars nor of a greater denomination than one thousand dollars.

SEC. 26. The park board may issue and sell the bonds of such district authorized as hereinbefore provided at not less than par value and the proceeds of the sale of such bonds shall be placed in the treasury of the district, to the credit thereof, and a record of such transaction shall be made upon the books of the treasurer and auditor of said district, and such proceeds shall be applied exclusively to the purposes and objects mentioned in the resolution calling such bond election as aforesaid, subject to the provisions in this act contained. Payment from said district funds shall be made by warrants authenticated as provided in section 20 of this act and issued upon demands allowed by said park board and prepared, presented and audited in the same manner as demands are prepared, presented and audited upon the funds of counties.

SEC. 27. Should the proposition of issuing bonds submitted at any election under this act fail to receive the requisite number of votes of the qualified voters voting at such election to incur the indebtedness for the purpose specified, the park board shall have power and authority, at the expiration of six months after such election, to call or order another election for incurring indebtedness and issuing bonds under the terms of this act, either for the same objects and purposes, or for any of the objects and purposes of the district.

SEC. 28. Whenever bonds have been issued by said district and the proceeds of the sale thereof have been expended as in this act authorized, and said park board shall by resolution passed by a vote of four-fifths of all its members determine that the public interest or necessity of said district demands the issuance of additional bonds for carrying out any of the objects of the district, said park board may again proceed as in this act provided, and submit to the qualified voters of said district the question of issuing additional bonds in the same manner and with like procedure as hereinbefore provided, and all the above provisions of this

act for the issuing and sale of such bonds, and for the expenditure of the proceeds thereof shall be deemed to apply to such issue of additional bonds.

SEC. 29. Bonds issued under the provisions of this act shall be a lien upon the property of the district, and said bonds and interest thereon shall be paid by revenue derived from an annual tax upon all taxable real property, exclusive of operative property within the district. The park board must annually, on or before the fifteenth day of August, furnish to the board of supervisors of each county, all or part of which lies within the district, a written statement of the amount necessary to pay the interest on said bonds for that year, and such portion of the principal thereof as is to become due before the time of making the next general tax levy.

In case the district lies wholly within one county, the board of supervisors of such county must annually at the time and in the manner of levying other county taxes, levy and cause to be collected a tax upon the taxable real property in such district, based upon the last equalized assessment roll of said county sufficient to pay the interest on said bonds for that year and such portion of the principal thereof as is to become due before the time for making the next general tax levy. Should the park board fail to furnish to the board of supervisors said written statement of the amount necessary, it shall nevertheless be the duty of the board of supervisors of such county, to ascertain the amount necessary to pay the interest on said bonds for that year and such portion of the principal thereof as is to become due before the time for making the next general tax levy, and to levy and cause to be collected said amount as herein provided. Said tax shall be collected at the time and in the same manner as the general tax levy for county purposes and when collected, shall be paid into the treasury of the county to the credit of said district, and shall be used for the payment of the principal and interest upon said bonds, and for no other purpose. The principal and interest on said bonds shall be paid by the treasurer of said county, in the manner now or hereafter provided by law for the payment of principal and interest on the bonds of the county.

In case the district lies in two or more counties, the said tax shall be so levied according to the ratio which the assessed value of the property in such district in any county bears to the total assessed value of the property in such district, each board of supervisors to levy upon the property in such district and within their own county, such rate of tax as will be sufficient to raise in the entire district not less than the amount needed to pay the interest and such portion of the principal of such bonds as is to become due during such year. Said tax shall be entered upon the assessment roll and collected in the same manner as are other county taxes, and when collected shall be paid into the treasury of the county, and shall be kept in a special fund. Such moneys shall thereafter, upon written demand of the treasurer of the county which has been designated by the park board as the treasurer of the district, be paid to such treasurer, and shall be used for the payment of the principal and interest upon said bonds, and for no other purpose. The principal and interest on said bonds shall be paid by said treasurer in the manner now or hereafter provided by law for the payment of principal and interest on the bonds of the county.

SEC. 30. If there be a county or regional planning commission or commissions within the territory included within the district, such commission or commissions shall have the power to make recommendations to the park board relating to any of the purposes of the district. Such a commission may be designated, or such commissions may be jointly designated by the park board as the planning commission for the district. The park board may direct such planning commission to prepare a complete plan and report covering a system of parks, playgrounds and parkways for the district, and may appropriate funds to assist in the preparation of such report and to assist in such other functions of such planning commission as are directly related to the work and purposes of the district.

SEC. 31. It is the intent of this act that any system of parks, playgrounds and parkways established by any district formed under the provisions of this act shall be of such nature as to be of general benefit to the citizens of the entire district, rather than of local interest. The determination of the park board as to what parks, playgrounds and parkways are of general interest shall be conclusive.

SEC. 32. The park board may by agreement with any city or public agency take possession of any park, parkway or playground property necessary or convenient to carry out any of the purposes of this act, or may acquire by agreement the right to use same. Whenever any such property so taken possession of or otherwise acquired was paid for from the proceeds of a bond issue, the district shall assume and pay all outstanding bonds according to their terms, and the principal sum thereof remaining unpaid shall be credited to the district and deducted from any sum to be paid to the city or governmental agency therefor. Funds may be obtained to pay the principal and interest on such bonds as in section 29 above provided for obtaining funds to pay the principal and interest on the bonds therein referred to.

Each city and governmental agency within the district is hereby authorized to enter into an agreement or agreements with the district for the use of or entire

possession of and maintenance by the district of any park, playground or parkway property owned by such city or governmental agency.

SEC. 33. This act, and every part hereof, shall be liberally construed to promote the objects hereof, and to carry out its intents and purposes

SEC. 34. In case any section or sections, or part of any section of this act, shall be found to be unconstitutional or invalid for any reason, the remainder of the act shall not be thereby invalidated, but shall remain in full force and effect.

SEC 35. This act may be designated and referred to as the "Regional Park District Act," and any reference thereto by such designation shall be deemed sufficient for all purposes.
