**PRAYER**

Upon invitation of Chief Clerk E. Dotson Wilson, the following prayer was offered by Rev. Jean Shaw-Connelly, Presbyterian Minister.

*Gracious God*, Center us now not on the drama of this moment, but rather on Your presence which surely fills this place.

Restore in us forward looking courage to educate and heal this great state of ours. Lead us to be a body not divided by partisan thought but united by a synergy of soul to serve the people of this state.

Remind us, constantly remind us—that good people, good people, can differ in opinion and vote.

Cause us not to diminish this House by thoughtless words postured for posterity.

Cause us not to degrade this House by pernicious ways.

Guide us to greatness by reminding us of the generous and talented support of all the men and women, these who so ably staff this Assembly and its members.

Guide us to greatness by giving these women and men who serve this Assembly the strength to balance their commitments to this body and to their families.

Guide us to greatness by reminding us, always reminding us that Your love goes behind us; Your love goes before us; Your love goes beside us; Your love goes beneath us; challenging us to realize a future of promise that together we might make of this rare balance in this House a profound moment where justice and gentleness shall dwell where no voice, no voice shall go unheard and God's work may be done. In Your mercy.—AMEN.

TONY MILLER  
Acting Secretary of State

**POINT OF ORDER**

Assembly Member-elect Sher arose to the following point of order:

Assembly Member-elect Mountjoy responded to the roll call but is not duly elected and qualified to be the Assembly Member for the 59th Assembly District and therefore, should not be sworn in.

**ANNOUNCEMENTS**

Assembly Member-elect Johnson announced that moments ago Assembly Member Mountjoy had taken and subscribed to the Oath of Office for the 59th Assembly District, administered by the Honorable Pete Wilson, Governor of the State of California.

**OATH**

*for the Office of Member of the Assembly,  
State of California, 59th District*

I, Richard L. Mountjoy, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter.

**RICHARD L. MOUNTJOY**

Subscribed and sworn to before me,  
this fifth day of December, 1994

A.D. 1994

PETE WILSON (Governor)

ANDREW POAT, Witness

(Chief Deputy Cabinet Secretary)

**RULING BY CHAIR**

The Chair ruled the point of order by Assembly Member-elect Sher not well-taken, as the House is not a duly constituted Body; therefore, a Member-elect cannot make a motion.

**MEMBERS SWORN IN**

As required by Section 9023 of the Government Code, the Clerk read the roll of counties in alphabetical order, and the following Assembly Members-elect presented their certificates of election and duly qualified by taking and subscribing to the following oath administered by Hon. Lloyd G. Connelly, Judge of the Superior Court, County of Sacramento:

**OATH**

*for the Office of Member of the Assembly,  
State of California*

I, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter.

**ANNOUNCEMENTS**

The Chief Clerk announced that the next order of business was the nomination and election of officers of the Assembly for the 1995-96 Regular Session of the Legislature, and declared that nominations for Office of Speaker were now in order.

**POINT OF ORDER**

Assembly Member Sher arose to the following point of order:

That Assembly Member Mountjoy is not duly elected and qualified, and therefore, may not participate in any business in the Assembly.

**QUESTION OF PRIVILEGE**

Assembly Member Johnson arose to the following question of privilege:

That pursuant to Government Code Section 9023 "there shall be no other business, motion or resolution considered before the election of Speaker, save and except a motion to adjourn or a motion for a call of the house."

**RULING BY CHAIR**

The Chair ruled the point of order by Assembly Member Sher not well-taken; that the House by a majority of the members present and voting determines its own Rules and could therefore dispense with the procedure set forth in Government Code Section 9023.

**PARLIAMENTARY INQUIRY**

Assembly Member Sher arose to the following parliamentary inquiry:

If a motion was made to dispense with the Rules, and since it relates to the next order of business which is the election of Speaker, is it not important for the House to determine who is eligible to vote on a motion to elect a Speaker?

**Reply by Chair**

The Chair replied that procedure is subject to the will of the House.

**PARLIAMENTARY INQUIRY**

Assembly Member Sher arose to the following parliamentary inquiry:

Is Assembly Member Mountjoy eligible to vote on a motion to dispense with Government Code Section 9023?

**Reply by Chair**

The Chair replied that a motion to dispense with Government Code Section 9023 is a procedural motion and therefore, Assembly Member Mountjoy would be eligible to vote.

**PARLIAMENTARY INQUIRY**

Assembly Member Sher arose to the following parliamentary inquiry:

If the next order of business is the election of Speaker, is it not important for the House to determine if Assembly Member Mountjoy is eligible to participate in that vote?

**Reply by Chair**

The Chair replied that before it is possible to get to the motion to determine qualification of a Member, the House would first have to dispense with the provisions of Government Code Section 9023.

The Chair then directed the Clerk to read Government Code Section 9023, in entirety.

**ORDERS OF THE DAY DEMANDED**

Assembly Member Johnson demanded the Orders of the Day.

**PARLIAMENTARY INQUIRY**

Assembly Member Burton arose to the following parliamentary inquiry:

Is it the ruling of the Chair that by a majority of the members present and voting, the House could move to another order of business in order to permit a motion to be made by Assembly Member Sher?

**Reply by Chair**

The Chair replied that a motion has not been made by Assembly Member Sher.

**DEMAND FOR ORDERS OF THE DAY**

Assembly Member Johnson demanded the Orders of the Day.

**PARLIAMENTARY INQUIRY**

Assembly Member Katz arose to the following parliamentary inquiry:

Does Assembly Member Johnson's request require a majority of the Members present and voting?

**Reply by Chair**

The Chair replied that Assembly Member Johnson demanded the Orders of the Day under Government Code Section 9023; and that to dispense with the Orders of the Day is the equivalent of a rules suspension of Government Code Section 9023.

**PARLIAMENTARY INQUIRY**

Assembly Member Katz arose to the following parliamentary inquiry:

Is not Assembly Member Mountjoy's eligibility to vote on a motion to determine his qualification as a Member of the Assembly the equivalent of the Orders of the Day?

**Reply by Chair**

The Chair replied that he had previously ruled that the House has the authority under the Constitution to determine the qualification of its Members.

**PARLIAMENTARY INQUIRY**

Assembly Member Katz arose to the following parliamentary inquiry:

Can Assembly Member Mountjoy vote on a motion to determine his qualification as a Member of the Assembly?

**Reply by Chair**

The Chair replied in the negative.

**DEMAND FOR ORDERS OF THE DAY**

Assembly Member Johnson demanded the Orders of the Day.

**PARLIAMENTARY INQUIRY**

Assembly Member Katz arose to the following parliamentary inquiry:

Can a Member vote on a motion to determine his/her own qualification?

**Reply by Chair**

The Chair replied that a Member cannot vote on a motion to determine his/her own qualification.

**PARLIAMENTARY INQUIRY**

Assembly Member Katz arose to the following parliamentary inquiry:

Can a Member in question vote on either a Demand for Orders of the Day or a motion to determine his/her own qualification, or both?

**Reply by Chair**

The Chair replied that there is precedent to allow a Member to vote on a procedural question, but that the Member in question would not be eligible to vote on a motion to determine his/her own qualification; and further, that the House may adopt a new rule to specify a different procedure.

**PARLIAMENTARY INQUIRY**

Assembly Member Katz arose to the following parliamentary inquiry:

Could a Member in question vote on a motion to adopt a new rule specifying a different procedure?

**Reply by Chair**

The Chair replied that the Member in question would be eligible to vote on that procedural question.

**PARLIAMENTARY INQUIRY**

Assembly Member Speier arose to the following parliamentary inquiry:

At what point in the proceedings would it be appropriate to make a motion to determine if a Member is duly qualified to vote on the officers of this Body?

**Reply by Chair**

The Chair replied that the appropriate time to make the motion is after the House expresses its will to dispense with Government Code Section 9023.

**PARLIAMENTARY INQUIRY**

Assembly Member Johnson arose to the following parliamentary inquiry:

Has the Chair not ruled the point of order by Assembly Member Sher not well-taken; and would it not require an overruling of the Chair to proceed?

**Reply by Chair**

The Chair replied that the House may appeal from the decision of the Chair.

**ORDERS OF THE DAY DEMANDED**

Assembly Member Johnson demanded the Orders of the Day.

**NOMINATIONS FOR SPEAKER OF THE ASSEMBLY****Nominations from the Floor**

Assembly Member Vasconcellos nominated Assembly Member Willie L. Brown, Jr. for the Office of Speaker of the Assembly for the 1995-96 Regular Session.

Nomination of Willie L. Brown, Jr. was seconded by Assembly Members Baca, Archie-Hudson, and Speier whereupon each addressed the assemblage.

**Further Nominations for Speaker**

Assembly Member Johnson nominated Assembly Member Brulte for the Office of Speaker of the Assembly for the 1995-96 Regular Session.

Nomination of Jim Brulte was seconded by Assembly Members Aguiar and Mountjoy whereupon each addressed the assemblage.

**Nominations Closed**

There being no further nominations, the Chief Clerk declared nominations for Speaker of the Assembly closed.

**DELEGATION FROM THE SENATE**

Senators O'Connell, Polanco, and Kopp appeared at the rear of the Assembly Chamber to inform the Assembly that the Senate is organized for the 1995-96 Regular Session of the Legislature and ready to proceed with regular business.

**MOTION BY ASSEMBLY MEMBER SHER**

Assembly Member Sher moved that Assembly Member Mountjoy is not a duly elected and qualified Member of the Assembly and further, that he not be permitted to participate since Government Code Section 9171 provides that a Speaker is elected by a majority vote of the duly elected and qualified Members of the Assembly.

**Motion Ruled Out of Order**

The Chair ruled that the above motion by Assembly Member Sher is out of order based upon his earlier ruling that the same motion was out of order unless a motion is first placed before the Body dispensing with the Orders of the Day under Government Code Section 9023.

**PARLIAMENTARY INQUIRY**

Assembly Member Burton arose to the following parliamentary inquiry:

If there is a question as to qualification of a Member, is there no way to get to that issue?

**Reply by Chair**

The Chair replied that the House can get to that issue of determining its internal affairs by a majority of the members present and voting.

**ELECTION OF SPEAKER**

The roll was called, with the following result:

*For Assembly Member Willie L. Brown, Jr.:*

Assembly Members Alpert, Archie-Hudson, Baca, Bates, Bowen, Valerie Brown, Willie Brown, Burton, Bustamante, Caldera, Campbell, Cannella, Davis, Ducheny, Escutia, Figueroa, Friedman, Gallegos, Hannigan, Hauser, Horcher, Isenberg, Katz, Knox, Kuehl, Lee, Machado, Martinez, Mazzoni, McDonald, Kevin Murray, Willard Murray, Napolitano, Sher, Speier, Sweeney, Tucker, Vasconcellos, Villaraigosa, and Cortese—40.

*For Assembly Member James L. Brulte:*

Assembly Members Aguiar, Alby, Allen, Baldwin, Battin, Boland, Bordonaro, Bowler, Brewer, Brulte, Conroy, Cunneen, Firestone, Frusetta, Goldsmith, Granlund, Harvey, Hawkins, Hoge, House, Johnson, Kaloogian, Knight, Knowles, Kuykendall, McPherson, Morrissey, Morrow, Mountjoy, Olberg, Poochigian, Pringle, Rainey, Richter, Rogan, Setencich, Takasugi, Thompson, Weggeland, and Woods—40.

**Motion for Call of the Assembly**

Assembly Member Johnson moved a Call of the Assembly.

**Motion Ruled Out of Order**

The Chair ruled the motion for Call of the Assembly out of order as the vote had been announced.

**Parliamentary Inquiry**

Assembly Member Katz arose to the following parliamentary inquiry:

Is Assembly Member Johnson requesting unanimous consent for a Call of the Assembly?

**Reply by Chair**

The Chair replied that placing a Call of the Assembly requires a majority of the members present and voting.

**Unanimous Consent Withheld**

Assembly Member Katz announced that he would withhold unanimous consent to a request for a Call of the Assembly.

**MOTION TO ADJOURN**

At 1:25 p.m., Assembly Member Burton moved that the Assembly do now adjourn.

Assembly Member Hannigan seconded the motion.

**PARLIAMENTARY INQUIRY**

Assembly Member Johnson arose to the following parliamentary inquiry:

What is the vote required to adopt a motion to adjourn?

**Reply by Chair**

The Chair replied that a majority of the Members present and voting can adopt a motion to adjourn.

**PARLIAMENTARY INQUIRY**

Assembly Member Burton arose to the following parliamentary inquiry:

Is a motion to recess to a time certain out of order?

**Reply by Chair**

The Chair replied that a motion to recess to a time certain is treated the same as a motion to adjourn, and that the House could move to adjourn to a fixed time.

**PARLIAMENTARY INQUIRY**

Assembly Member Johnson arose to the following parliamentary inquiry:

Does a majority of the members present and voting carry a motion to adjourn?

**Reply by Chair**

The Chair replied in the affirmative.

**REQUEST FOR UNANIMOUS CONSENT**

Assembly Member Willie Brown requested unanimous consent to proceed to the introduction of bills by individual members so that, in fact, business can commence.

**Request Granted**

The Chair announced that in the absence of any objection, bill introduction would be permitted.

**PARLIAMENTARY INQUIRY**

Assembly Member Sher arose to the following parliamentary inquiry:

Nominations and vote having been completed on the question of the Speakership, is this the appropriate time to raise a question as to the qualification of votes cast?

**Reply by Chair**

The Chair replied that, as previously ruled, the appropriate time to raise such a question is after a Speaker has been elected, unless, with permission of the Body, that order of business is dispensed with.

## PROCEEDINGS OF THE ASSEMBLY

### IN ASSEMBLY

Assembly Chamber, Sacramento  
Wednesday, January 4, 1995

Chief Clerk E. Dotson Wilson at the Desk.

Assistant Clerk Stephen J. Greene, Jr. reading.

#### ROLL CALL

The roll was called.

#### PRAYER

Upon invitation of Senior Member of the Assembly Willie Brown, the following prayer was offered by Assembly Member Kevin Murray, of the 47th Assembly District:

*Almighty God, We thank You for another day to work for and with our fellow persons. We pray that Almighty God may be with us today to defend us, within us that He may sustain us, before us that He may lead us, behind us that He may protect us, above us that He may bless us and everything that we do.—AMEN.*

Upon request of Senior Member of the Assembly Willie Brown, Assembly Member Mazzoni then led the Assembly in the pledge of allegiance to the Flag.

#### QUORUM CALL OF THE ASSEMBLY

At 9:06 a.m., Senior Member of the Assembly Willie Brown placed a quorum call upon the Assembly.

Senior Member of the Assembly Willie Brown then directed the Sergeant at Arms to close the doors, and to bring in the absent Members.

#### STATEMENT READ BY CLERK

Senior Member of the Assembly Willie Brown directed the Clerk to read the following statement by Chief Clerk E. Dotson Wilson to the Body, and upon request of Assembly Member Katz ordered the statement printed in the Journal.

#### STATEMENT OF E. DOTSON WILSON

Chief Clerk of the Assembly

*Who Presides over the Assembly on January 4, 1995?*

After considering the key provisions of the California Constitution, Government Code, Legislative Counsel opinions and *Mason's Manual of Legislative Procedure (1979)*, I have concluded that the

Chief Clerk is not required nor does he have the authority to preside after the first day of the organizational session.

If a Speaker is not elected on the first day of the organizational session the Senior Member present presides at subsequent sessions.

*Interpretation of Government Code Section 9023:*

Based on my interpretation of *Government Code Section 9023*, the Chief Clerk's role as presiding officer is limited to the day (December 5) and the hour (12 noon) as set forth in the Constitution.

"At the day and hour appointed for the assembling of any regular session of the Legislature," the Chief Clerk of the Assembly shall take the chair, call the members-elect to order, and call over the roll of counties in alphabetical order (*Government Code Section 9023*).

Pursuant to *Article IV, Sec. 3(a)*, the California Constitution provides that the house shall convene in regular session at **noon on the first Monday in December** of each even-numbered year and each house shall immediately organize.

There is no explicit Constitutional provision, Assembly rule or statute granting the Chief Clerk the authority to preside on any subsequent days following the first day of session if a Speaker is not elected.

*Framers of Section 9023 did not contemplate a stalemate:*

The language in Section 9023 (placed in the Government Code in 1943; previously in the Political Code) was not intended to apply to the Chief Clerk on subsequent session days.

This interpretation is consistent with the modern historical practice of the Assembly of having the Chief Clerk preside until the members-elect are sworn in and a Speaker elected on the first day.

Section 9023 does not contemplate, nor provide for a procedure when there is a tie vote for Speaker. Further, neither the *Government Code* nor *Mason's Manual* suggests or requires the Chief Clerk to preside when the House reconvenes.

Therefore, I conclude that the selection of a Speaker is a matter to be determined by the Members (elected by the voters) in the course of governing its internal affairs. In the absence of a rule adopted by a majority of those present and voting, the applicable provisions of *Mason's Manual* would dictate that the senior member present presides on January 4.

*Section 580.5 of Mason's Manual provides:*

"When no elected or appointed presiding officer is present at a meeting, the body should be called to order by the senior member present or other member, and a temporary presiding officer should be immediately elected. A presiding officer in such case may be elected by a majority vote."

Bless each of us in this august body, Lord, and open us to the wondrous possibilities when we realize that we are the earth made fertile by the showers of Your love; that we are the mouths that speak Your creative words; and that the kingdom is fulfilled when what is Your will becomes our will. As we respond to Your call to servanthood, may the seed planted and nurtured within us bear the fruits of justice, compassion and truth.—AMEN.

**GOVERNOR'S ADDRESS PRINTED IN JOURNAL**

Pursuant to the Rules the following text of Governor Pete Wilson's State of the State address was printed in the Journal:

The 1995 State of the State Address  
of Governor Pete Wilson

Distinguished Constitutional Officers, Legislative Leaders and Members of the Legislature, Members of the Supreme Court, and my fellow Californians . . .

These past four years have shown the world what Californians are made of. We've conquered every challenge that man or Mother Nature could throw our way.

Just a year ago, a massive earthquake tore California from its sleep. The earth ripped apart, but Californians came together and showed the heart and guts to overcome it.

When the quake first hit, Nurse Mary Morner rushed to St. John's Medical Center. With great initiative and under hellish conditions, she set up an emergency triage center on a street corner outside the hospital. For the next 5 days, she worked nearly around the clock tending the physical and emotional wounds of hundreds of quake victims.

Los Angeles Police Officer Henry Izzo was the first officer to arrive at the horrifying scene of the collapsed Northridge Meadows apartment complex. Officer Izzo organized bystanders into human chains that led the building's terrified residents through the darkness to safety.

California has *needed* heroes . . . California has been *rich* in heroes.

Here tonight are two of California's heroes. Ladies and gentlemen, Nurse Mary Morner and Officer Henry Izzo . . .

Californians have not just endured, we've prevailed.

From one of the worst natural disasters in American history, we've rebuilt one of the world's greatest cities.

We've rebuilt our state's economy. Four years ago, hundreds of jobs a day were being *lost*. Today, hundreds of jobs a day are being *created*.

Four years ago, our criminal laws were some of the nation's *weakest*. Now, with your help, we're fighting back with some of the *toughest*.

We're reforming welfare to require individual responsibility and to put people back to work—offering a model for the nation.

We're showing the nation that there is a right way—a free-market way—to reform health care—voluntarily, *without* imposing mandates on small business and *without raising taxes*.

And we've finally sent a message to Washington that it can't ignore: Stop rewarding illegal immigration . . . and stop sticking California taxpayers with the bill for your failed policy.

At long last, we've begun to see the blooming of a vibrant economic recovery across California. Hand wringing has been replaced by the ringing of cash registers.

As sales and payrolls grow, so do revenues to state government. In last year's State of the State message, I asked a distinguished Californian—former Secretary of State George Shultz—to investigate how and when California might best achieve the tax relief to sharpen our advantage in the global competition for jobs. Taxes are a cost of doing business, and a real factor in that competition.

He and his colleagues on the Task Force on California Tax Reform and Reduction have done outstanding work. Secretary Shultz is with us tonight, and I would ask him to stand to acknowledge my deep gratitude.

Their report showed the unacceptably high risk to California if we continue as one of the highest tax states in the nation.

It will *cost us jobs*.

It will *cost us opportunity*.

Job creators are personal and business taxpayers. All too many can, and do, vote with their feet for tax relief. They're paying lower taxes now in Yuma and Reno, in Salt Lake and San Antonio.

Death and taxes may be inevitable, but not taxes as high as California's.

What is inevitable is that California taxes will be death to California jobs . . . unless we lower them.

So, tonight I propose a dramatic cut in California taxes for all individuals and businesses in our state—a 15 percent reduction across the board over the next 3 years—returning to California taxpayers seven and a half billion dollars.

To working Californians, we're saying: The way to help make California an economic powerhouse is to lower the tax burden at *your house*.

We must ensure those who invest tax dollars understand they bear a special duty of care. Orange County's fiscal crisis requires that we change the law, so that it just does not permit high-risk gambling of the public's money.

To ease the burden on taxpayers, we're shrinking government. We must make government smaller . . . and *smarter*.

When a family goes shopping—for a new car or a quart of milk—they look for the best quality at the lowest price. Common sense for California families should become common practice for state government.

We should not spend tax dollars hiring state employees to do work the private sector can do as well or better for less money.

After the Northridge Earthquake, I used emergency powers to suspend regulations . . . to cut the time to do the job by cutting red tape. The result: We rebuilt the world's busiest freeway in just 64 days.

Part of our success came from contracting with private firms—to speed rebuilding and to keep down the cost.

But when the Director of Caltrans tried to use such reforms on every-day freeway projects, a judge threatened him with contempt of court.

The judge construed the state Constitution as barring us from saving time and money for the taxpayers . . . except in an emergency! If the judge is right then Dickens' Mr. Bumble was right, if not grammatical, when he declared: "The law is a ass!"

How absurd that it's against the law to make government more efficient, and to save time and tax dollars routinely!

Let's end that nonsense! I ask that lawmakers put on the ballot a constitutional amendment that will clearly allow the people of California to expand privatization, and to buy more goods and services from the private sector . . . to get the most bang for the taxpayers' buck!

Of all California's high taxes, perhaps the heaviest and most irritating is the hidden tax of over-regulation. Bureaucratic rules and red tape hit small business especially hard.

It's just not fair to burden small business owners with hiring lawyers and accountants to navigate the maze. They need to spend their time and money working to get new customers or better serving those they have.

They should be doing productive work—not paper work.

Yet, when we pass laws that add new regulations, we rarely know what the cost will be to those who *bear* the cost . . . the manufacturers and service providers.

In the 1970s, when property taxes ballooned unbearably, the people passed Proposition 13 to cap them.

Twenty years later, a similar reform is needed to halt runaway costs of regulation. So tonight, I propose a constitutional amendment to rein in the red-tape tax of regulation.

The hidden cost must be revealed.

Regulations must come with an accurate price tag. It's only fair that lawmakers first experience the sticker-shock before passing it on to producers and ultimately, the consumer.

Another threat to our entrepreneurial energy is the cost, in dollars and in jobs, of lawsuit abuse.

A plague of lawsuits is not only leaching the creative energy and capacity of even our high-tech economy, but it's undermining the average citizen's confidence in the fairness of our legal system.

In Redding, when a burglar fell through the skylight of his victim's building, the thief sued and won \$250,000.

In San Francisco, a Good Samaritan taxi driver chased and captured a mugger when the cabby pinned him against a wall with his cab. Claiming injury, the mugger won \$24,000, before the decision was overturned on appeal.

These are flagrant but not isolated cases.

Seven lawsuits are filed *every minute* of every working day in California.

And how they drive up the costs . . . of insurance . . . of doctors' bills . . . of even the price of a Big Mac at McDonald's.

But the worst of these rising costs is that lawsuits are driving *jobs out of our state*.

The scales of justice are gravely out of balance.

So, we will hold lawyers accountable for the lawsuits they file, provide juries with reasonable guidelines for making decisions, and strip criminals of the right to sue over injuries that arise from their own crimes.

We've got to stop this plague of lawsuits. The people say, "We object." It's time we say, "objection sustained."

Auto insurance is Exhibit A of how abuse of the legal system is needlessly driving up costs for all California families.

Have you seen the bumper-sticker that reads, "Hit me, I need the money"?

Too many lawyers and too much fraud are making auto insurance prohibitive for millions and millions of working Californians: It is terribly wrong and unfair when they are forced to choose between driving without required coverage, and paying premiums they can't afford.

It's time to stand up to the special interests . . . to get the lawyers out of fender-benders and to crack down on fraud.

It's time to pass reform which some call "no-fault." It will allow affordable rates for drivers. It will guarantee benefits for genuine accident victims. And it will ensure that uninsured drivers pay their fair share.

Four years ago, I urged a change of course for California. I urged that we shift our focus from remediation to prevention, especially in our public choices for children.

I still hold to that conviction. And this year, I ask you to double the funding for our AIM program, which provides prenatal care for poor working women. And I ask you to fund our REACH program, which will provide health care for all poor, uninsured children through age 5.

That will provide important help, but it's painfully clear that an even more fundamental kind of prevention is required.

We must discourage from having a child those who lack the maturity, the emotional capacity, and financial resources to function as parents. We must, in fairness to the child.

For the teenager laboring under the delusion that unwed welfare motherhood is her ticket to a place of her own and some cash, we must apply some sobering cold-water. She must learn that her options do not remotely fulfill her fantasy.

*Before* she gets pregnant, she needs to know that *after* she is, she will live with her baby in her parent's home, or in a foster family or a group home.

We must also reform welfare so that every child grows up in a home where they can learn by example the rewards of work, rather than the depression of dependency.

In Riverside County, welfare recipients learn about work by doing it—not by watching film strips or having group discussions.

We will make that the model for the rest of California's counties.

For those capable of work, welfare must be only temporary, a transition to a better life—not a way of life.

We will set a limit on our generosity, for the sake of the recipient and the taxpayer. For all able-bodied adults on welfare, the rule will be: Two years and *you're off . . . you're off . . .*

And we demand that fathers shoulder their responsibility as fathers.

We will insist that before single mothers receive a welfare check, they identify the father of their child.

We will insist the father pay child support. We've got a message for "dead-beat" dads: Your child is *your* responsibility—not the taxpayers'.

We hold *you* accountable for the children you father.

But being a father means more than just sending a check.

It means giving the love and discipline, the nurturing and guidance that young children—especially young boys—need to keep them from becoming young thugs.

There's nothing better for keeping a kid out of jail than keeping a father in the home.

Yet today, our nation faces a crisis of absent fathers. Four of every ten children in our country will go to bed tonight in a home without their father.

And these children are far more likely than their peers to grow up in poverty, drop out of school, and spend time in jail.

We can't ignore this crisis.

This year, I will convene a statewide Fathers' Summit to address the crisis of absent fathers that is unraveling the very fabric of our society.

We must reach out to help our kids choose the right path. But if they turn to violence, we will protect the people from them. That is our first responsibility.

If that means building more prisons, then we must build them. It's not what we want to do; it's what we must do.

And we must keep dangerous criminals in prison as long as they *are* dangerous.

But California law incredibly *requires* the release of criminals we know are still a grave threat to society.

In Pasadena, a vicious animal named Christopher Hubbard was sent to prison after being convicted of 20 rapes. Hubbard is up for parole this spring. He has completed his legal sentence, but was denied parole last year and the year before as too dangerous to be released. We can keep him behind bars for only one more year. Then, no matter how dangerous the threat he poses to the women of California, existing law will set him free.

No sane or civilized society can tolerate that. For as long as they remain dangerous, predators must be kept from society.

We must make that change without delay.

And when a criminal commits the ultimate crime and takes a human life, justice demands that he pay with his own.

Car-jackings and drive-by shootings have made our streets like battle zones in Bosnia or Beirut.

I ask justice . . . and protection for all neighborhoods against this brutality.

I ask the death penalty for the killers who take an innocent life committing these crimes.

And we must also make the death penalty more than just an idle threat.

If Congress wants to thump its chest about passing a tough anti-crime bill, then it must limit the virtually endless process of appeals that can be taken in federal courts. Abuse of that process is making a mockery of the death penalty.

It's past time for reform. Old age shouldn't be the leading cause of death on death row.

During the past four years, we've increased spending on public schools by \$4 billion. And even with our tax cut, we'll continue to increase our investment in California's public schools.

But improving our schools takes much more than money. It takes fundamental change in the way schools are run.

With us tonight is a man who has set the example, through all his superb career . . . challenging his students, setting high standards, demanding performance and getting it from them . . . and changing their lives forever.

He is an inspiration for his students and for the movie *Stand and Deliver*: Jaime Escalante.

We must stand and deliver for all California's kids, and bring needed lessons of reform and renewal to California's schools.

Reform should begin with the very document that governs public education in California—the state education code.

Its 11 volumes and more than 7,000 pages have prescribed everything from how many electrical sockets must be in each classroom to how many fruit trees can be on a school campus.

This absurd micro-management stifles innovation and feeds bureaucratic bloat. The fact is that it's too broken to fix.

It's time to start over.

So, the first education bill I'm asking for in this new year will abolish the present education code by 1997.

That will start the clock ticking for us to deliver a new foundation on which we can remake California schools. The new education code should be simple enough for anyone to understand and short enough to make it useful—certainly no more than a single volume.

Local control must be the cornerstone of the new code. And local control should start with giving parents a greater role in the education of their children.

Every teacher can't be a parent, but every parent must be a teacher. I will urge the Board of Education to work with textbook publishers to provide a parents' guide to assist parents in monitoring their child's progress in school.

All parents should play a central role in their child's education. And in doing so, they deserve some fundamental rights:

- . . . the right to request their child's school and teacher;
- . . . the right to monitor their child's classes;
- . . . and the right to meet with their child's teachers and see their child's test scores.

Let's pass the Parents' Bill of Rights, and make *that* the beginning of the new education code.

Next to a parent, the most important influence on a child's education is their teacher.

Our children deserve the best teachers possible.

Why then do we tolerate a system that wouldn't let George Shultz teach history, or let John Steinbeck or Amy Tan teach English, or let Bill Walsh teach gym in our public schools?

And why, when confronted with a dearth of qualified teachers of science and math, do we ignore the talent and experience of retired or out-of-work aerospace and military personnel? Our credentialing system is wasting time and talent which no other state can boast—and which our kids urgently need in their classrooms. We must open the system to that talent now.

It also makes no sense to ignore a teacher's performance when setting his or her pay. Rewarding excellence is not only an American tradition, it's essential for encouraging good teaching. We do it in every other profession, we should do it in teaching.

And when a teacher isn't doing the job, he should not stay in the classroom. We wouldn't tolerate a chef who can't cook, or a pilot who can't fly. We shouldn't tolerate a teacher who can't teach.

Good teachers don't need tenure. And our children can't afford a teacher who is just punching the clock. Tenure should be repealed.

Finally, if we expect little from our children, you can be sure that's what we'll get.

Jaime Escalante has helped high school students achieve what others said was impossible, because he set the highest standards for his students, then insisted they need those standards.

That requires standardized individual testing of every student in California.

If students fail to meet minimum standards, then promoting them to the next grade is a serious disservice to them . . . and any potential employer. It's a mockery of the education process.

We must put an end to "social promotion."

We must guarantee employers and universities that our high school graduates haven't just warmed a seat for four years, but have actually mastered the skills necessary to succeed in the 21st century. And when our students exceed these standards, they deserve to be recognized for their success.

So, to honor excellence, I propose a Governor's Diploma for every student who has proven through rigorous examination that he or she has the skills the new century will demand of them.

And all the other changes we bring to California won't be enough, if we fail to fix our children's schools.

It's for our kids that we must make these fundamental changes. So they can *learn* more and *earn* more than we have.

And I have full confidence that they will.

They've got the moxie.

After the Northridge quake struck, a Northridge Little League team kept on playing despite damaged homes and disrupted lives. They kept striving for excellence. They kept chasing their dream. And because they refused to quit, they went on to win the national championships . . . and represent our nation in the Little League World Series!

The press dubbed them the Earthquake Kids.

The Earthquake Kids recall the spirit of another California governor, who refused to allow his vision and optimism for California to be dampened by the nay-sayers and pessimists of his time.

Governor Leland Stanford, in 1863, in the midst of the Civil War, stood not far from where we are today . . . and launched the building of a great railroad that many said could not be built.

But Stanford told his audience, "There will be no delay, no backing away, there will be no uncertainty about the continued progress of California."

Let us keep faith with Leland Stanford's vision for California . . . and the hopes and dreams of the Earthquake kids . . . and all our kids.

Let's make all the change that California needs to be all that it can be—a society that demands and honors the acceptance of individual responsibility, and rewards it with unparalleled individual opportunity.

Governor's Office, Sacramento  
January 10, 1995

*E. Dotson Wilson*  
*Assembly Chief Clerk*  
*State Capitol, Room 3196*  
*Sacramento, California*

Dear Mr. Wilson: The California Constitution, Article IV, Section 12 (c), requires the budget bill to "be introduced immediately in each house by the persons chairing the committees that consider appropriations."

I have today submitted the budget bill to the Senate which will be authored by Senator Alquist, the Chairman of the Budget and Fiscal Review Committee. Because the Assembly has not yet organized and appointed a Chairperson to consider the budget, I am delivering the bill to you so the Assembly can take the appropriate action.

Sincerely,

PETE WILSON

Governor's Office, Sacramento  
January 10, 1995

*To the Senate and the Assembly of the California Legislature:*

I submit for your consideration the Governor's Budget for 1995-96.

The budget reflects the priorities that the people of California enunciated in last year's historic election. It takes further steps to enhance and expand our state's economy. It provides the resources necessary to protect public safety. It emphasizes greater personal responsibility and self-sufficiency, and it demands smart, fair, and more economical government from both Sacramento and Washington, D.C.

Over the past four years, California has weathered some of the most difficult times in our state's history, having been forced to confront recession, fiscal crisis, and an unprecedented string of disasters. But Californians have characteristically persevered—we have overcome our challenges, begun an economic recovery, and have poised the State for yet another era of greatness.

I am proud of the work we have done together to improve the state's job climate, to protect Californians from crime and violence, and to promote self-sufficiency and greater opportunity for all of our citizens. But if this recovery is to continue, and if California is to achieve greatness once again, we must reject complacency and continue to build upon our accomplishments.

Working together, I am convinced that we can make the further

change that is necessary to build a bright future for all of our people—to build the New California.

Sincerely,

PETE WILSON

Accompanying Governor's Budget and Budget Summary ordered filed with the Secretary of State.

**REPORTS**

The following letters of transmittal were presented by the Speaker, and ordered printed in the Journal:

Bureau of State Audits

94022

December 7, 1994

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by the Budget Act of 1994, the Bureau of State Audits presents its audit report concerning a management review of the Office of Information Technology (OIT). This report concludes that the State's current model for managing statewide information technology does not work. The OIT has not provided the statewide leadership and coordination for information technology as intended by the 1983 legislation that established the OIT. Additionally, the OIT's oversight of information technology projects is limited and does not ensure that state departments implement projects successfully. Because of these deficiencies, the State must reengineer the entire statewide information technology program to ensure that the state's interests and assets are protected and used to their maximum potential. To initiate the reengineering

process, the State should establish a statewide chief information office (CIO) position. The CIO should serve as a member of the governor's cabinet and head a new statewide information resources office.

Respectfully submitted,

KURT R. SJOBERG  
State Auditor

Above report referred to the Committee on Televising the Assembly and Information Technology.

In this preliminary report, we conclude that the county's investment portfolio loss, based on current information, is \$1.69 billion, or \$330 million, lower than originally estimated in December 1994.

Respectfully submitted,

#### REPORTS

The following letters of transmittal were presented by the Speaker, and ordered printed in the Journal:

Bureau of State Audits

95012

February 1, 1995

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by Chapter 716, Statutes of 1992, the Bureau of State Audits presents its audit report concerning the way the Department of Health Services (department) processes reimbursement requests for certain prescribed drugs under the California Medical Assistance Program (Medi-Cal). These requests are known as drug treatment authorization requests (TARs). This report concludes that the department was not able to process drug TARs in a timely manner during the period of time that we reviewed, June through November 1994. During this time, the number of drug TARs received by the department increased 35 percent over the previous six-month period. Contributing to this increase were the implementation of new restrictions on the pharmaceutical component of the State's Medi-Cal program. For example, in July 1994, the Welfare and Institutions Code was amended to place a limit on the number of prescriptions that a beneficiary could receive each month without prior authorization through a drug TAR. Once this limit is exceeded, an approved drug TAR is required before the Medi-Cal program will pay for the prescription. In October 1994, the department addressed the increase in its drug TAR workload by hiring 79 new workers.

Respectfully submitted,

**KURT R. SJOBERG**  
State Auditor

Above report referred to the Committee on Health.

Bureau of State Audits

February 2, 1995

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: The Bureau of State Audits presents its second status report concerning the Orange County Treasurer's Office. In this report, we had planned to assess the short-term cash demands of the county's operational needs and the cash needed to pay interest on the county's outstanding bonds. However, because significant issues are unresolved and other irregularities in the county's investment portfolio have recently surfaced, we will not release a separate report on cash flows. Instead, these and other issues will be addressed in our final report, which we plan to release in March.

Respectfully submitted,

KURT R. SJOBERG  
State Auditor

Above report referred to the Committee on Local Government.

February 24, 1995

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by Chapters 105, 106, and 108 of the Statutes of 1989, the Bureau of State Audits presents its audit report concerning the State's allocations and expenditures of transportation funds made available by the 1989 Transportation Blueprint Legislation. This report concludes that the State allocated and spent transportation funds in accordance with statutory requirements.

Respectfully submitted,

KURT R. SJOBERG  
State Auditor

Above report referred to the Committee on Transportation.

March 1, 1995

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by the Government Code, Section 5703, the Bureau of State Audits presents its audit report concerning the State's compliance with the Government Code, Section 5703, for bond sales during 1993 and 1994. The Government Code, Section 5703, requires the state treasurer to use a competitive process in selecting underwriters for negotiated bond sales, and also requires that the state treasurer, financing authorities, and the California Housing Finance Agency maintain certain records related to the bond sales. This report concludes that the State has generally complied with the Government Code, Section 5703. However, because the state treasurer believes the law can be interpreted to require competitive selection of only lead underwriters rather than lead underwriters and comanaging underwriters, we believe more needs to be done. Therefore, to ensure that a competitive process is used to select all underwriters in the future, we recommend that the Legislature consider amending the Government Code, Section 5703,

to specifically state that comanaging underwriters as well as lead underwriters be selected through a competitive process.

Respectfully submitted,

KURT R. SJOBERG  
State Auditor

Above report referred to the Committee on Appropriations.

Bureau of State Audits

March 1, 1995

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by Chapter 1267, Statutes of 1993, the Bureau of State Audits presents its audit of the enforcement and disciplinary system administered by the Medical Board of California (medical board). This report concludes that the medical board is not maximizing its efforts to recover costs of the enforcement and disciplinary system. For example, we estimate that under current law, the medical board could have attempted to recover more than \$6.3 million of the \$25 million it spent on enforcement and disciplinary efforts during fiscal year 1993-94. Furthermore, if the medical board had sought to change the law to allow it to recover costs incurred during administrative hearings, the medical board could have attempted to recover an additional \$3.1 million. However, the medical board reported that it recovered only \$94,053 of its costs for the same period.

This report also concludes that before January 1, 1995, the Health Quality Enforcement Section (HQES) of the Attorney General's Office did not have a system in place that would allow supervisors in each of the four field offices to monitor the amount of time that attorneys and legal assistants spent on particular tasks. Finally, the Department of General Services' Office of Administrative Hearings (OAH) overcharged the medical board for services provided by court reporters and failed to reimburse the medical board for the cost of some transcripts. As a result, we estimate that the OAH owes the medical board approximately \$283,000. In addition, we determined that the OAH also owes the medical board an undetermined amount for the cost of transcripts and copies of transcripts ordered by third parties for appealed cases from January 1, 1991, through June 30, 1994.

Respectfully submitted,

KURT R. SJOBERG  
State Auditor

*Assembly Constitutional**Amendment No.**Committee*

11 ----- C.P., G.E. &amp; E.D.

**REQUEST FOR UNANIMOUS CONSENT**

Speaker Brown was granted unanimous consent that when the Assembly adjourns on this day it do so out of respect to the memory of Melvin Franklin, the original bass singer of The Temptations, who died recently at the age of 52; and that the following be printed in the Journal:

Born in Montgomery, Alabama, Franklin at one time got kicked out of school for singing in the hallways. At the age of 15 he was a street singer in Detroit, where he met Otis Williams. They formed a singing group which later became known as The Temptations.

Franklin and Williams were the only two original members who stayed with the group throughout the years. In 1989, both were honored by the Brotherhood Crusade for three decades in the music business. Last September, The Temptations were awarded a star on the Hollywood Walk of Fame. Over the years, The Temptations have sold an estimated 22 million records and the group has continued to perform on the road in over 200 concerts a year.

Melvin Franklin was a man of character and talent. He will be missed.

**COMMUNICATIONS**

The following communication was presented by the Chief Clerk, and ordered printed in the Journal:

**Assembly Republican Caucus**

March 7, 1995

*E. Dotson Wilson, Chief Clerk  
California State Assembly  
Sacramento, California*

Dear Mr. Wilson: Pursuant to Article 4, Section 22 of the Constitution of the State of California, I hereby submit to you for inclusion into the Assembly Journal, the Assembly Republican goals and objectives for the 1995–96 Legislative session.

Our House faces critical choices. Recent changes in the partisan makeup of the Assembly dictate we reexamine how best to undertake the People's Business.

On one hand, we can continue the usual routine with the belief that tinkering around with the state's problems will somehow solve them.

On the other hand, we can move forward boldly . . . tackling the state's problems with a vision . . . a vision that looks upon these problems as challenges to be conquered.

Assembly Republicans will be taking the path of greater resistance. The time for legislative complacency is past. It is time for bold ideas and bold action. Below is an outline of the Assembly Republican Agenda for the 1995–96 session.

***Criminal Justice Reform***

Last year, the Legislature finally passed "Three-Strikes" criminal justice reform. While we were dismayed that Assembly Democrats saw fit to place exemptions in every penalty-enhancement measure to follow, we were pleased that the Legislature finally listened to the citizens of California and did what needed to be done . . . we removed repeat, violent offenders from our streets.

A prime target of Assembly Republican criminal justice reform efforts this session will be juvenile crime. For instance, why should a 14-year-old who committed a heinous crime as a "child," spent two years in the youth authority and then commits another crime as an adult have that previous conviction hidden from law enforcement authorities? This cannot continue.

***Welfare***

The welfare system is broken and is in desperate need of repair. Not only is it failing the people for whom it is intended, it invites fraud and abuse.

Welfare should be temporary relief for those genuinely in need. However, results of government assistance programs show they have the opposite effect. AFDC recipients now average 38 months of assistance—that's up from a 32-month average 10 years ago. Furthermore, from 1984 to 1991—while unemployment fell or stayed steady—dependency on welfare rose 19 percent.

Last year, we were successful in passing a number of reform measures. For instance, no longer will we give additional cash to those individuals who choose to have additional children while on welfare. The new child will be given medical care and food stamps,

but their parent will not qualify for additional cash benefits.

Two areas Republicans plan to focus on will be to limit the amount of time able-bodied adults may remain on AFDC and ensuring that teenage welfare mothers remain, or get placed, in nurturing home environments.

It is time to open the welfare trap and release its victims.

### ***Economic Development***

Even with the economic recovery currently underway in California, we must not become complacent. We may have turned the corner, but we are not yet out of the woods. Business, the lifeblood of California, continues to flow to other states . . . states boasting of friendlier regulatory climates and offering attractive incentives to entice new and expanding businesses. The economic development portion of the Assembly Republican Agenda is the transfusion California needs to resharpen its competitive edge.

Assembly Republicans plan to focus their attention on specific policy areas, to give us the necessary edge to increase California's lure to business and job opportunities. Our agenda includes legislation designed to address specific program areas such as workers' compensation reform, prevailing wage reform, regulatory streamlining, civil justice reform, tax incentives and educational restructuring.

### ***Workers' Compensation***

In 1993, the California Legislature finally heard the call of the business community and allowed meaningful workers' compensation reform to get to the Governor's desk. However, as good as that may sound, we are not finished yet. Still to be addressed are such esoteric issues as cumulative stress injuries, predominate cause standards and liberal construction provisions.

It is time for more and Assembly Republicans will be pushing for a number of further reforms to the still-unfair workers' compensation system.

### ***Regulatory Streamlining***

The only thing government can do more onerous to California business and citizens than taxes is regulation. Californians suffer under more regulatory controls than any other state. We regulate the workplace, the environment, wages, insurance coverage, private property, construction . . . even landscaping!

Republicans believe there is a very real need for regulation. We, like anybody else, desire clean water to drink, clean air to breath, and safe work and living environments. However, we part company with those who think regulations should simply be a tool to stop those things Californians need because some group or individual does not agree with them, not because of any real damage to the environment they could cause.

Because regulations affect every aspect of our lives, we must focus our attention on the most onerous ones that have been perverted for uses for which they were not intended. Additionally, it should be as tough to implement new regulations in California as it is to raise taxes.

### ***Civil Justice (tort) Reform***

In 1992 there were 134,983 attorneys in California collecting fees in excess of \$16.3 billion.

Every Californian pays when someone files a frivolous claim or demands greater compensation than the actual damages incurred. This "lawsuit tax" costs California consumers over \$10 billion every year in higher prices for goods and services. These costs are rising at four times the rate of inflation, amounting to \$300 for every man, woman and child in the state. Put simply, California cannot expect a robust economy without substantive reform of our civil justice system.

### ***Tax Relief***

Just the mention of taxes evokes a very strong emotional reaction from just about everybody . . . and it is seldom a positive one. People are reluctant to part with their earnings, particularly if it is perceived as going to a government that spends those dollars irresponsibly.

Many legislators are participating in a bipartisan effort aimed at improving the tax climate in California, for both individuals and business. Because of the wide disparity of views as to the best course to take, Assembly Republicans have introduced a number of different tax proposals in the current Legislative session.

We look forward to an open and frank exchange of ideas through the Legislative process to chart the best course of action.

### ***Education Reform***

California used to boast of the best public school system in the nation. However, in 1992, California's fourth grade reading scores ranked 40th out of the 41 states with students taking the National Assessment of Educational Progress tests. Obviously, it is time to demand more from our education system. We must allow parents more choices in where they send their children to school. We must promote more intelligent use of our education resources. And we must cut the eleven-volume education code down to a document our educators can understand.

### ***Insurance Reform***

The recent Los Angeles earthquake shows how vulnerable California's economy is to nature's forces. More potential homeowners are finding it impossible to secure insurance because of firms leaving the California marketplace. The reason? California requires insurance companies writing homeowners policies to offer earthquake insurance. To an insurance company, this could mean death as one quake like Los Angeles' could cause them to go insolvent.

Without affordable homeowners insurance, the California building industry could come to a standstill. Assembly Republicans are committed to ensuring an adequate supply of affordable homeowners insurance so all Californians can realize the dream of owning their own home.

In addition, affordable automobile insurance is still a problem in California. Twenty-eight percent of all California vehicles are uninsured. That means that 5.8 million motorists are on the streets and highways without the insurance coverage required by state law. It is estimated that California's 15 million insured drivers end up

paying an additional 10 cents of every premium dollar, or about \$1 billion annually, to cover the cost of these outlaw motorists.

The cure? Republicans continue to support and will encourage legislative passage of a first party, limited liability, auto insurance system by which accident victims collect a fair settlement from their own insurance company. This type of system offers a plausible, market-reliant solution with the least amount of government regulation.

### *In Conclusion*

California needs and deserves strong leadership. In the past, Assembly Democrats thwarted the will of the people in such areas as welfare reform, criminal justice reform, tax reform, insurance reform, civil justice reform, workers' compensation reform, regulatory streamlining, and education reform.

The Assembly Republican Caucus firmly believes the recent election, that led to the historic shift in the partisan make-up of our House, was a mandate for change. A change in the usual course of action which this Legislature has taken in the past. A change from the old way of doing business in California government to a new way that features new and bold ideas. A change that requires us to take risks and make the tough decisions needed to solve the problems facing our state and its citizens.

Assembly Republicans believe these issues are important to the well-being of every citizen of California. We may not solve all these issues right away, but we will move forward with legislation that addresses each of them. We commit, to the people of California, that we will act on these issues. We will not rest until we have addressed and had meaningful debate on each of them.

To that end, we pledge to work on this Assembly Republican Agenda for California until we resolve each of these issues.

Sincerely,

JAMES L. BRULTE  
Assembly Republican Leader

Upon invitation of Speaker Brown, the following prayer was offered by Assembly Member Juanita McDonald, of the 55th Assembly District:

Our eyes have seen hardships, poverty, death, violence, starving children, homelessness, drug abuse but most of all our eyes have seen love and happiness.

All the eyes of the world are watching and hoping for more—these eyes represent not ours but the souls of all.

Each day is a new day. Each day we see as one more day to live and fight for what we believe in.

We can only live in the now and set the stepping stones for others to continue the fight to be able to live in peace and harmony with all. Does anyone understand the way we feel? The answer is Yes—God does.

God's eyes see more than ours. They see all our struggles, fears, the forgiveness, the stress, and the loneliness in us. We can not be almighty or everlasting but we can put our faith and live each day making a difference in our community.

God Bless.

**REPORTS**

The following letter of transmittal was presented by the Speaker, and ordered printed in the Journal:

California State Auditor

94206.3

March 28, 1995

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report discussing the Orange County Treasurer's investment strategy. We found that the Orange County Treasurer (treasurer) pursued an investment strategy that placed the funds of the 190 participants in his portfolio at unnecessary risk. Namely, he excessively utilized short-term reverse repurchase agreements to leverage his portfolio, and purchased highly volatile, long-term structured notes with the proceeds. Further, he violated the public trust by inequitably treating the participants in his portfolio by misallocating \$93 million in interest earnings to the county and shifting nearly \$300 million in losses incurred by specific investments to all pool members.

During the 1990s, the treasurer sacrificed the portfolio's safety and liquidity in a futile attempt to maintain yields. As a result of his failed strategies, the investment portfolio ultimately lost \$1.69 billion; the county filed for bankruptcy protection; and critical city, county, and school services are in jeopardy throughout Orange County.

We have made recommendations to the Orange County Board of Supervisors to assist them in formulating a corrective action plan for the future, and to the Legislature to amend state statutes to assure that local government investment problems like those we found in Orange County do not recur.

Respectfully submitted,

**KURT R. SJOBERG**  
State Auditor

**REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL**

**Legislative Intent—Assembly Bill No. 472 (1994)**

March 22, 1995

*Dotson Wilson  
Chief Clerk  
California State Assembly  
State Capitol  
Sacramento, California*

Dear Mr. Wilson: This letter is to clarify the intent of my AB 472 of last session (Chapter 1177 of 1994).

The measure requires a person licensed to clean septic systems to file a statement with the local health officer regarding potential discharge hazards. The local health officer is then required to pass along this information to the regional water quality control board.

AB 472 was intended to provide all levels of government with greater information to evaluate waste discharges from septic systems. By requiring increased reporting responsibilities starting with the licensed inspector, the bill was designed to bring attention to faulty systems at an early stage, to ensure enhanced water quality.

Thank you for the opportunity to clarify the intent of my AB 472 of the 1993–94 legislative session.

Sincerely,

DOMINIC L. CORTESE, Assembly Member  
Twenty-third District

ARCHBISHOP VATCHÉ HOVSEPIAN, PRIMATE

Armenian Church Western Diocese:

*Honorable Willie Brown, Speaker of the California State Assembly:*

I am most appreciative of the kind invitation extended to us by the Speaker, the Honorable Willie Brown, a good friend of mine and of the Armenian Community.

As the spiritual and lay leaders, we bring greetings to you from the Armenian Communities living in the West coast. This year, once again, the over seven (7) million Armenians throughout the world, will gather in their respective communities to remember our martyrs of 1915, on the occasion of the 80th Anniversary of the Armenian Genocide. The magnitude of the tragedy that befell our people was so extensive, that today, there scarcely exists an Armenian, whose family was not touched by this horrendous act of genocide. We are unable to forget these horrible events; which are indelible in our psyche.

In reality, to be victimized by genocide is tragedy enough, however, to have the Holocaust of 1915 ignored, and to have the perpetrators pronounce that it never happened, adds to our feelings of victimization and our communal sense of outrage.

In this century, . . . which is hailed as the most progressive in all of human existence, . . . we constantly observe 'the laws of the jungle,' we have moral responsibility to protest against acts of violence. The genocide of any people, no matter how small or how powerless, is an attack on all humanity. Each of us has a moral responsibility to protest against acts of brutality. It is tragedy that in the international politics there are no ethical and moral boundaries. Throughout history, it looks as though small nations are always being victimized and swallowed by the bigger powers. Let everyone know, . . . that in the sight of God, everyone is equal!

I have just returned from Armenia, a country who has risen from ashes, has survived atheistic persecutions and has now declared independence, and now is in the process of building our ancestral homeland. The entire Armenian nation, with jubilation, witnessed the enthronement of the new spiritual leader of the Armenian Church and the Armenian people, His Holiness Karekin I, Supreme Patriarch and Catholicos of All Armenians, on April 9, 1995.

For Armenia, and Armenians, these are the days of resurrection and hope for a bright future, because we are the followers of the eternal message given by our Lord, Jesus Christ:

"Blessed are those who hunger and thirst for righteousness, for they shall be satisfied.

Blessed are those who are persecuted for righteousness, for theirs is the Kingdom of heaven."

We can accept the natural disasters; however, we should never accept the genocide of the Armenians; the Holocaust of the Jewish people and the destruction of the African and Asian nations, and presently, the Kurdish people.

My advice to you is to stand steadfast for justice, truth and beauty and be courageous to repel the evil principalities of the world. Remember that living, by the fear of God, and the Love of God, will truly make this world a better place to live for all mankind.

Now, let us bow our heads for a moment of meditation:

“O’Beneficent, merciful and omnipotent God, with Thy unforgettable knowledge and infinite love of man, We beseech Thee to bestow Thy divine wisdom and grace upon the leaders of the United States, in particular, the members of this Assembly. May they realize, that Thou art the righteous Judge and pure wisdom and Thy divinely instituted laws and commandments are above all the laws of the world.”

As we relive with humility and respect the memories of millions Armenians and martyrs of other nations, let us harken unto the voice of God revealed through the prophet Ezekial. (37: 1-6)

“The hand of the Lord was upon me, and He brought me out by the spirit of the Lord and set me down in the midst of the valley, it was full of bones. And he led me round among them: and behold there were very many upon the valley, and lo, they were dry. And He said to me,

“Son of Man, can these bones live?” And I answered,

“O’Lord, God, Thou knowest,” again he said to me, “Prophecy to these bones and say to them, O’dry bones, hear the word of the Lord. Thus says the Lord God to these bones: Behold, I will cause breath to enter you, and you shall live. And, I will lay sinews upon you, and will cause flesh to come upon you, and cover you with skin, and put breath in you, and you shall live; and you shall know that I am the Lord.”

We pray Thee, O’Lord, to receive the souls for all the martyrs, in particular the souls of millions of Armenians, who became victims of the Turkish atrocities and place them in the abode of just. Bestow Thy divine grace upon us all to live in love, in peace and with one another, and glorify Thy immutable dominion now and forever and unto the ages of ages.”—AMEN.

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by the Budget Act of 1994, the Bureau of State Audits presents its audit report concerning its review of the contracting practices of the State Architect. This report concludes that the State Architect did not always comply with state requirements when procuring architectural, engineering, construction and other services. In addition, this report addresses concerns that had been raised related to the State Architect's management of a major construction project that involved the seismic upgrading of the Armory and Ahmanson buildings owned by the California Museum of Science and Industry.

Respectfully submitted,

Members of the Assembly: As required by Chapter 139, Statutes of 1994, the Bureau of State Audits presents its audit report entitled "Department of Social Services: Review and Assessment of the Cost Effectiveness of AFDC Fraud Detection Programs." This report concludes that the early and continuing fraud programs are clearly cost effective. However, the amount of savings attributable to the program is difficult to calculate. Finally, although the program is cost beneficial, the Department of Social Services could improve its management and oversight activities.

Respectfully submitted,

KURT R. SJOBERG

Above report referred to the Committee on Human Services.

Members of the Assembly: As required by the 1994–95 Budget Act, the Bureau of State Audits presents its audit report entitled "Department of Social Services: The Department's Approach to Welfare Automation Is Too Costly and Unlikely To Succeed." It was prepared under contract by Ernst & Young, LLP. The report concludes that the department's approach to welfare automation will cost over \$1 billion and that the department's estimated savings from this project will not recover the costs for nearly ten years. Moreover, we are concerned that the department's estimated savings may not be attainable.

In addition, the software by the department may not be suitable to accommodate a high volume of transactions and is based on a proprietary system not suitable for competitive procurement. The technology approach is inefficiency, outdated, and not performing as expected. Further, our contractor found a number of serious deficiencies in the department's management of welfare automation including the lack of a strategic plan, measurable objectives, and adequate cost accounting or reporting. Because of these deficiencies,

we recommend the Legislature limit funding until certain conditions are met, the department competitively procure statewide welfare automation, and the department improve its management of welfare automation.

Respectfully submitted,

State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: The Bureau of State Audits presents its audit report of the State Treasurer's Office Statement of Securities Accountability as of June 30, 1994.

The Statement of Securities Accountability presents the securities owned by or pledged to the State directly or under investment agreements and securities held for safekeeping. The State Treasurer's Office is responsible for the safekeeping of all securities held in the treasury or other depositories, except for securities owned by or pledged to the University of California, or for securities in other depositories owned by or pledged to the Public Employees' Retirement System, the State Teachers' Retirement System, the Legislators' Retirement System, or Judges' Retirement System. For the Statement of Securities Accountability, the State Treasurer's Office assigns dollar amounts to each security for ease of accountability rather than for purposes of valuing securities to cost or market. The dollar amounts assigned represent the par or face value, the original face value, the original principal value, the current outstanding principal balance, or a nominal value of \$1 per certificate or note. Therefore, the dollar amounts presented in the Statement of Securities Accountability should not be used to determine the value of investments of, or pledged to the State. We found that the statement presents fairly the securities accountability of the State Treasurer's Office as of June 30, 1994.

We conducted this audit to comply with the California Government Code, Section 13299.1.

Respectfully submitted,

KURT R. SJOBERG  
State Auditor

Above report referred to the Committee on Budget.

**PRAYER**

Upon invitation of Speaker Brown, the following prayer was offered by Rev. Constantine C. Pappademos, Pastor of Saint Katherine Greek Orthodox Church:

We gather today on this National Day of Prayer to reflect on the importance of prayer in our daily lives and in the life of our great nation. The theme for this year's National Day of Prayer, "Seek His Face," is taken from the prophecy of Jeremiah, Chapter 29, verses eleven through thirteen which reads:

I alone know My purpose for you, says the Lord: prosperity and not misfortune, and a long line of children after you. If you invoke Me and pray to Me, I will listen to you: when you seek Me, you shall find Me, if you search with all your heart. (NEB)

Having heard then these words from Scripture, let us pray:

*Lord*, grant us to greet the coming day in peace. Help us in all things to rely upon Your holy will. In every hour of the day reveal Your will to us. Bless our dealings with all who surround us. Teach us to treat all that comes to us throughout the day with peace of soul, and with firm conviction that Your will governs all. In all our deeds and words guide our thoughts and feelings. In unforeseen events let us not forget that all are sent by You. Teach us to act firmly and wisely, without embittering and embarrassing others. Give us strength to bear the fatigue of the coming day with all that it shall bring. Direct our will and teach us to pray.—AMEN.

**MESSAGES FROM THE GOVERNOR**

The following message from the Governor was received and ordered printed in the Journal:

**Governor's Message  
Reorganization Plan No. 1 of 1995**

Governor's Office, Sacramento  
May 12, 1995

*The Honorable Willie Brown, Jr.  
Speaker of the Assembly  
and Members of the Assembly  
State Capitol, Room 219  
Sacramento, California*

Dear Assembly Members: It is my pleasure to submit to you and the Legislature, Reorganization Plan # 1 for 1995. The plan calls for the consolidation of the Division of the California State Police into the Department of the California Highway Patrol (CHP). The plan is being submitted to you in conformance with the provision of Section 12080.2 of the Government Code.

Reorganization Plan #1 will combine two law enforcement functions into one department. Currently, the California State Police fall within the organizational structure of the Department of General Services (DGS). This reorganization plan will move these responsibilities from DGS to the CHP. I believe combining these law enforcement activities will benefit both organizations. It will provide enhanced services to state employees, the public being served at state facilities, and provide improved security for state properties. Given recent events elevating concerns regarding Capitol security, the Legislature may wish to give expeditious consideration to the proposed reorganization and its potential for positive impacts on safety. The consolidation of these two functions will also promote some cost savings to the State of California. The reorganization plan was submitted to the Little Hoover Commission. The Commission evaluated this reorganization on March 16, 1995 and subsequently, recommended its approval by unanimous vote.

I believe the Legislature will find the consolidation of the two organizations will be more efficient and effective than the current arrangement. It is my hope for this change to be effective as soon as the statutory provisions allow. I, therefore, ask that you take the appropriate steps to ensure its introduction to the Legislature.

Very truly yours,

PETE WILSON

cc: Assemblyman Jim Brulte

I acknowledge receipt this 12th day of May, 1995, at 4:40 p.m., of the Governor's Reorganization Plan No. 1, pursuant to Government Code Section 12080.2, delivered to me personally by Karen Morgan.

**Explanation of Vote—Assembly Bill No. 1870**

May 18, 1995

*E. Dotson Wilson**Chief Clerk**State Capitol, Room 3196**Sacramento, California*

Dotson - I hereby protest my recorded "aye" vote on AB 1870 today.

While I was away from my desk, another member, intending to help in what was mistakenly thought to be a noncontroversial bill, pushed my "aye" button. Upon discovering this error, I tried to place a call and thus change my vote from "aye" to "nay". The Republican Caucus refused to allow me to change my vote to reflect my *opposition* to AB 1870.

JOHN VASCONCELLOS, Assembly Member  
Twenty-second District

**MESSAGES FROM THE GOVERNOR**

The following message from the Governor was received and ordered printed in the Journal:

**Governor's Message  
Reorganization Plan No. 2 of 1995**

Governor's Office, Sacramento  
May 31, 1995

*The Honorable Willie Brown, Jr.  
Speaker of the Assembly  
and Members of the Assembly  
State Capitol, Room 219  
Sacramento, California*

Dear Assembly Members: It is my pleasure to submit to you and the Legislature Reorganization Plan #2 for 1995. The Plan calls for the consolidation of the State's energy functions and programs into a single department, the expanded and newly titled Department of Energy and Conservation. The Plan is being submitted to you in conformance with the provision of Section 12080.2 of the Government Code.

After careful consideration and wide consultation with many Californians, I have found this reorganization to be in the public interest. The consolidation of the energy functions of the Department of Conservation and the California Energy Commission is long overdue. The merger of these two entities into the Department of Energy Conservation will create a primary point of accountability for the State's energy programs; allow for more rapid deployment of coordinated government action to meet California's energy needs; and, lead to the reduction of overlapping and the redundant bureaucracies.

While this reorganization transfers functions to the Department of Energy and Conservation, it does not abolish any functions. This reorganization does provide for the appointment of state officials, particularly the Director of Energy and Conservation and declare the appointment of such officers to be in the public interest in order to effectively implement this reorganization.

Thank you in advance for your consideration.

Sincerely,

PETE WILSON

cc: Assemblyman Brulte
