MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 1436

Governor's Office, Sacramento
June 3, 1996

To the Members of the California Assembly:

I am returning Assembly Bill No. 1436 without my signature.

This bill would require health care service plans and disability insurance policies, beginning January 1, 1997, to reimburse fire departments for their first responder services. The bill would also require the Medi-Cal Program to reimburse for these services. Additionally, this bill would require the Medi-Cal Program to increase rates for ambulance transportation services.

This bill would result in persons with health care coverage subsidizing tax supported emergency services. The cost of operating fire departments and emergency services is paid by all taxpayers. Those taxpayers with health care coverage would be required to pay twice in the form of higher health care premiums to cover reimbursement for first responder services provided by public agencies.

In addition, the cost of this new mandate would disproportionately fall on small businesses and individuals. Self-insured health plans, usually sponsored by large employers, are exempt from state mandates.

Finally, this bill would create a new Medi-Cal benefit. Because federal financial participation would not be available for this added service, this new benefit would be supported by the General Fund only.

Cordially,

PETE WILSON

RECEIPT

I acknowledge receipt this 3rd day of June 1996, at 2:05 p.m., of Assembly Bill No. 1436, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Olberg was granted unanimous consent that the following essay by Vanessa del Castillo be printed in the Journal:

AMERICAN DEMOCRACY

American Democracy is an unique form of government where the people decide how they live their lives. Democracy was based on beliefs, truths, ideas, and philosophy. The peoples' government is flexible enough to change with current political, economic and social conditions of the United States of America. Our government only has the power that we allow it to have.

The founders believed that all men are created equal. If one person has more money or property than another, "all men are created equal", doesn't mean take from one to give to another. Created equal means all men have the same opportunity to achieve the same things.

All men are born with certain unalienable rights. All people have the right to live without fear of being injured or killed by another person. All men have the right to believe what they want, read what they wish, say what they wish, and travel where they wish. All men have the right to own material things. These three rights are also known as Life, Liberty, and the pursuit of Happiness. Some founders believe you get these rights from God, others believe it's natural to have them.

The colonists who came here prior to the 1760's felt it was time to cut off ties with Britain. King George III of Britain decided to tax the colonists, stop their trading with other countries, he kept his army in the colonies during peace time, and he refused to approve the laws which the colonists made. The colonists felt that the Kings actions threatened their right to govern themselves. In April of 1775 Britain and the American Colonists began the American Revolutionary War. When the war ended Britain had no governmental control over the American Colonists.

The founders of the Constitution of the United States and the Declaration of Independence believed that a Republican Government had great advantages. The laws made by Congress would be fair, if they weren't the people could elect a different representative from their state. The laws made would help everyone, not just a few. People would be able to have freedom to live well. A Republican Government was the best kind of government.

When our founders drafted the Constitution there were two main things they needed to make sure of. They never wanted the government to have more power than the people. The founders also never wanted to take away the peoples' God given rights. An American Democracy was created while allowing the people to keep the power and rights.

Our Republican government was created with limited power. The government was divided into three branches, the legislative, executive and judicial. The legislative branch makes our laws. The executive branch enforces the laws. The judicial branch settles

disagreements about the laws. With three branches of government, no one branch will ever have more power than the people. This type of system is also known as checks and balances.

The most important branch of our government is the legislative branch, which is also known as congress. The people in congress are the representatives we have elected from each state. Congress is made up of the Senate and the House of Representatives. The Senate has two representatives from every state. The House is determined by each states population. No law can pass unless a majority of both, Senate and House, voted in favor of it.

The executive branch of government is the President. The President can only serve for a maximum of 8 years. After Congress passes a law the president can sign it or veto it. If he signs it will become law. If he doesn't sign it, both the Senate and the House must get a ⅔ majority vote to over ride the Presidents veto. If Congress gets the ⅔ votes the bill becomes law.

The judicial branch of the government is known as the Supreme Court. The president appoints these judges, Congress must approve the appointment. The Supreme Court settles disagreements about the law arising from the Constitution. The Supreme Court can stop a law from going into effect if it violates your God given rights.

A good constitution and good leaders are not enough. We, the people have a responsibility to fulfill. We must participate in the peoples' government to ensure that our rights are protected. It is every citizen's responsibility to vote when they reach the age of 18. You are free to choose what type of citizen you will be, and what kind of society you will live in. More importantly, it is every mans responsibility to leave a free country for the future.

All "citizens" of the United States of America, are the people. We the people, elect the people to run our government. American Democracy is a government of the people, by the people, and for the people.

Explanation of Vote—Assembly Bill No. 3174

June 5, 1996

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California

Dear Dotson: Please be advised that during last Thursday's (May 30) floor session I inadvertently cast a "no" vote on Assembly Bill 3174. It was my intention and still is, to support this measure to hopefully move it to conference by voting "aye". However, due to this House's rules regarding vote corrections, I am unable to have the vote tabulation properly record my support. I would therefore like to submit this letter to accurately reflect my position and intentions with respect to Assembly Bill 3174.

Respectfully submitted,

CRUZ M. BUSTAMANTE, Assembly Member
Thirty-first District

Explanation of Vote—Assembly Bill No. 2482

Chief Clerk
Mr. Dotson Wilson
Room 3196

Dear Dotson: Last Thursday, May 30, 1996, when the roll call was taken on file item #76—AB 2482 (Pringle) I voted "aye" but reconsidered and changed my vote by signature on the ballot to "no". Inadvertently, due to the late hour, I omitted to make the voice vote change announcement at the end of Session.

Please let the record reflect my intention to be recorded as a "no" vote on AB 2482. Thank you.

Sincerely,

MARTHA ESCUTIA, Assembly Member
Fiftieth District

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 276

Governor's Office, Sacramento
June 5, 1996

To the Members of the California Assembly:

I am returning Assembly Bill No. 276 without my signature.

This bill would require counties and districts covered by the County Employees Retirement Law of 1937, with the exception of Los Angeles County, to provide organizations representing retired employees with notice and an opportunity to comment on proposed changes to their health care coverage.

Nothing in existing law prevents this type of communication between various interested parties, including those representing retired employees. In fact, there are several notice requirements already mandated as part of the collective bargaining process which can be used by any interested individual or group. In contrast, a mandate such as this has a strong potential for lengthening the time required to conduct collective bargaining. Finally, enactment of this legislation could set a precedent for other interested parties to seek the same consideration, complicating an already cumbersome and difficult process.

Cordially,

PETE WILSON

RECEIPT

I acknowledge receipt this 6th day of June 1996, at 2:45 p.m., of Assembly Bill No. 276, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

May 10, 1996

The Honorable Curt Pringle
Speaker, California State Assembly
State Capitol, Room 219
Sacramento, California

Dear Mr. Speaker: I request permission to travel to Hawaii for the National Conference of State Liquor Administrators, Sunday, June 9, through Thursday, June 13, 1996.

As chairman of the Assembly Select Committee on California Wine Production and Economy, I have been asked to present a proposed resolution to the NCSLA, the purpose of which is to encourage mutually beneficial solutions between regulators, legislators and industry around the country on issues related to interstate consumer wine shipments. This issue is increasingly critical to the economic viability of our $9 billion California wine industry. The passage of the Kentucky felony wine law, recently signed by Kentucky Governor Paul Patton, is but one example of punitive approaches that must be abandoned.

In addition, I have been asked to moderate a panel discussion.

I would respectfully appreciate your consideration of this request.

Sincerely,

DOMINIC L. CORTESE, Assembly Member
Twenty-third District

June 10, 1996

Honorable Curt Pringle

TOWARD A PAX PACIFICA

A Speech of
Speaker Jose de Venecia, Jr.
House of Representatives
Republic of the Philippines

Before The California State Assembly
Sacramento, California, 13 June 1996

I. DAWNING OF THE PACIFIC CENTURY

Ladies and gentlemen:

This is a great honor, to be invited to speak before the Legislature of the American state most closely associated with my country, some 6,000 miles westward across the Pacific, a major pillar in the building of America.

Before there was a United States, California and *Filipinas* were joined together by the Spanish galleons trading between East Asia and the New World.

For 250 years, starting from the 1570s, the great galleons sailed between Manila and Acapulco. Their American landfalls, after the dangerous voyage that often lasted eight–nine months, were what are now the great cities of the California coast, Monterey, San Diego, Los Angeles, Santa Barbara, San Francisco.

Then, in the nineteenth century, the very same spirit that colonized California encompassed my country. The pursuit of Manifest Destiny that tamed the American West also overran the Philippine archipelago.

In our own time, these historical ties are being strengthened even more by the amazing growth of the Pacific Rim economies.

The world's economic and political gravity is tilting to the Asia-Pacific so decisively that knowledgeable people predict the coming of a "Pacific Century."

What are the indicators of this Pacific Century?

More than half the global GNP for the decade of the 1990s will be produced in Asia. In 1990, America's trade with East Asia exceeded its trade with Europe for the first time. By the year 2000, trade and investment flows across the Pacific should be double the volume of trade and investment across the Atlantic.

Within ten years from today, there will be more people in the ASEAN region with an American standard of living than there will be in America. Imagine that!

The Pacific Ocean has historically been a great highway—bringing our two continents together. In our time, its linkages are even more secure—because they are supported by the new communications technology and the international division of labor.

II. CALIFORNIA AND THE PHILIPPINES IN THE ASIA-PACIFIC ECONOMY

As late as 1852, Daniel Webster, then Secretary of State, arguing against the Westward drive of the American Republic, had questioned what it would do "with this worthless area, this region of savages and wild beasts, of shifting sands and whirlwinds of dust, of cactus and prairie dogs."

"To what use," he asked, "could we ever hope to put these great deserts and these endless mountain ranges?"

What a mighty answer California has given Daniel Webster!

Because the pioneer spirit is an entrepreneurial spirit, California has become the agricultural and industrial power of the United States—responsible for America's world leadership in aerospace, agribusiness, semiconductors, microcomputers, genetic engineering and laser technology.

In fact it is said, if California were to secede from the Union, it would become the seventh biggest industrial power on earth!

And now California, which has always faced the Pacific, also connects the American Republic to the region that will be the motive force of the world economy in the twenty-first century.

California the favored destination of Asian migrants

This early, the airports of the West Coast have become the new Ellis Islands for the new wave of migrants "yearning to breath free."

California is where the rainbow ends for migrants from East Asia. Since 1965, when U.S. quotas favoring European migrants were abolished, there has been a leap in Asian migration. Between 1990 and 1995, the number of Asians and Pacific Islanders in California increased by more than a third.

And the people of this second migration are not the manual workers and indentured peasants of the first Asian migration a hundred years ago. They are professionals, engineers, doctors, scientists, or entrepreneurs, hard-driving, education-oriented, competitive—and they carry capital with them. I understand there are some 30 Asian banks established in California, and an estimated $27 billion in Asian investments.

These new Asian-Americans are helping along California's geoeconomic alliances across the Pacific. California's share of American exports, now 16%, is rising steadily, and two-thirds of it is destined for East Asian ports.

My own country is stirring in East Asia

Like California, my own country is being deeply affected by the vigor of the East Asian economy. As a rising tide lifts all boats, so has the buoyant East Asian economy raised the level of Philippine economic growth.

The Asian Development Bank projects Philippine real GNP to grow by 6% this year and 7% in 1997. What is more, our growth, under the leadership of our great President Fidel Ramos, now is led not (as in the past) by public spending but by exports and private-sector investment. Over January–March, our real GNP grew by 6.2%.

Foreign investment is pouring into Subic Bay and Clark Field—once the home-bases of the Seventh Fleet and the Thirteenth Air Force. Thanks to the infrastructure the American military left behind in 1992, the two bases have become attractive export zones. In 1993, for example, Subic alone attracted $300 million in direct foreign investment—20% more than the entire country had attracted in the previous year.

Reebok International is already in Subic: So is Federal Express, which has chosen Subic Freeport for its Asian hub.

Nynex is in telecommunications, and Intel is investing $200 million to increase the capacity of its memory chip and microprocessor plant. Avon has a Southeast Asian manufacturing hub in the Philippines; and Proctor and Gamble are planning a $100 million detergent plant.

Even American television is voting for the Philippines. The new American television program INVEST/America has named my country as one of the best in the world for foreign investors!

Yet Philippine growth is just beginning to accelerate—the economy is just gearing up for the "cruising speed" of 8–9% that our East Asian neighbors easily attain.

Politically, we in the Philippines are trying to construct a new politics—a democracy that will make the system benefit not just the political elite, but every citizen equally.

Relations with American are still "special"

The relationship between our two countries has changed a great deal since the Seventh Fleet sailed out of Subic Bay three years ago. But for us Filipinos, our shared belief in liberal democracy—and the Filipino-American community (America's largest ethnic-Asian population)—ensure that relations between our two counties will always be "special."

America is still our top trading partner—we still have a mutual defense pact—and we look to American investments to balance investment coming predominantly from East Asia.

In foreign relations, our foremost concern—in cooperation with our neighbors and partners in ASEAN, the Association of Southeast Asian Nations—is to preserve the benign regional environment.

This is the object of the ASEAN Regional Forum—founded July 1994—which gives all the East Asian states—plus all the outside

powers (like the United States, Canada, the European Union and Russia) with legitimate interests in the region—a forum for settling multilateral security issues.

This November, the Philippines will host the APEC Leaders Summit: 1996, by the way, is also the centennial of our nationalist revolution of 1896 against Spain—which produced East Asia's first free Republic.

III. TOGETHER LET US WORK FOR A PAX PACIFICA

Following America's recession from its Philippine bases in 1992, fears of a power vacuum had been widespread in East Asia. But we in the Philippines never for a moment believed the United States would pull out of East Asia. Isolationism is impossible for such a great power in the era of the intercontinental ballistics missile; the communications satellite, and the worldwide cultural revolution.

Demography, commerce, and national security bind America irrevocably to the Asian continent. And it can no more accept an East Asia dominated by a single power than it could a Western Europe dominated by Hitler's Germany or Stalin's USSR.

No, we in the Philippines do not think the United States has any alternative but to take part in the organization of a Pacific peace, a peace along both rims of the ocean we share, a *Pax Pacifica.*

The Pacific peace needs American leadership

This Pacific peace that all our peoples envision needs American involvement, just as East Asian stability, to which the region owes its amazing growth, needed its underpinning of American military power.

Throughout the post-World War II period, the United States has not only been the crucial guarantor of East Asian stability, it has also been the main export market for East Asia's commodities.

Throughout the Cold War, the United States has been the fulcrum of the Asia-Pacific balance of power—the great power whose constructive involvement is accepted by every other East Asian power, because it has no hegemonic ambitions.

There is a tremendous reservoir of goodwill for the United States in East Asia, on which a post-Cold War relationship can be built.

At a conference of the Asia-Pacific Parliamentarians Union (APPU) in Manila which I had the privilege to chair, I said that in the event the more than 40 countries on the Pacific Basin decide to form a union, a common community, they would exercise a decisive and implacable influence on the course of human affairs.

The countries within the scope of the Pacific Ocean constitute mighty force for good without any possible match or parallel in the world. In terms of manpower, natural and human resources, existing and probable wealth, moral, spiritual, and material strength, and achievements, the Pacific countries surpass, collectively, all other countries on the face of the earth.

Let me reiterate and stress two points I raised at the APPU conference in Manila:

Pax Pacifica would embody the finest and best of the culture, the political, social, and economic systems of three continents, the

highest levels of science and technology in the world, and infinite wealth of spiritual faith.

Pax Pacifica to Excel Romana and Britannica

Pax Pacifica would be an ideal point of convergence for the great religions and civilizations that have flourished throughout the ages.

Pax Pacifica would, in fine, be the incarnation of the quintessence of the priceless and imperishable heritage of the peoples of Asia, North America, and South America.

That would be a high point in the story of the world that could well excel the grandeur of Pax Romana and the glory of Pax Britannica.

Already, the fulcrum of leadership in the economic world is perceptively shifting from the Atlantic to the Pacific. When Pax Pacifica is organized, and the 40-odd countries within the Pacific littoral are integrated into an economic union, the sun of world civilization will rise anew in the Pacific "from whence it sprang, in God's good time, in its pristine glory."

Cultivating the concept of a Pacific Community

The idea that Asia-Pacific countries have both a national and a regional interest has taken some time to establish itself. But we in the Philippines believe it is growing in our midst. And we need to cultivate it, if our Asia-Pacific community is to deal with problems beyond the competence of any single nation.

This early, it seems obvious that lasting peace among our countries cannot be founded on the hegemony of any single power. The age of empire is gone forever. Pax Pacific must be founded on the idea that every state in the region, no matter how small, has something valuable to add to the whole.

John Donne, the great English poet, taught us that "No Man Is An Island." In the Pacific, we are learning that no state is an island either. Working together, and with America as our partner, we can make the Pax Pacific the greatest engine of economic and social progress since the Renaissance and Reformation. We can carry John Donne into the 21st Century.

Asia-Pacific unification will be managed by regional institutions like APEC and the Asean Regional Forum. Certainly, the free market must also be a vital component of a Pacific peace—as an instrument for liberating the spirit of enterprise and encouraging the rise of civil society. But we should insist that Asia-Pacific capitalism have a care for those social groups that development leaves behind.

Unhampered cultural exchanges too we must encourage, so that they can generate a synergy—compounding the best of East and West into a new Pacific civilization.

Genesis of a new Pacific culture in California?

American society has always been distinguished by its ability to take people of widely different backgrounds, cultures, and faiths—and assimilate them to the American ideology: a shared faith in a self-governing polity of citizens, secure in their individual freedoms, and equal in their opportunities.

Perhaps this can be the model of a new Pacific culture—cross-fertilizing American, Japanese, Chinese, Malay, Korean cultures. And perhaps its genesis will take place in California,

whose overwhelming influence on the international popular culture has moved some social commentators to speak of the *"Californiaization* of the Free World."

Ladies and gentlemen of the California Assembly—

So far the idea of a Pacific Community is just a vision we share, a dream nurtured by fraternal activities that bring us together from different parts of the Asia-Pacific. So far our economic interaction has proceeded faster than our political cooperation.

We should focus on closing this gap. Because if our political cooperation does not move forward, then inertia will begin to work against us. And our political and security problems will begin to stall our economic growth.

Finally—In this work of creating a Pacific Community, East Asia looks to America for substantive participation and counsel. We Filipinos, in particular, continue to look, beyond trade and investments, to the idealism which has always been the mainspring of American foreign policy.

We regard America as the ultimate guardian and pillar of peace in the Pacific—of lasting peace that will enable our peoples to "ripen into all the excellence and all the dignity of humanity."

Thank you for the hospitality of this Assembly. Long live the Philippines and America!

Explanation of Vote—Senate Bill No. 671

June 13, 1996

Mr. E. Dotson Wilson
Chief Clerk
California State Assembly
State Capitol
Sacramento, California

Dear Dotson: I was required to leave the floor of the Assembly this morning as it was my duty to serve on the Budget Conference Committee that was convening. It would have been my preference to have remained on the floor to cast votes on the bills that came before the house. One of the bills heard was SB671 (Lewis), File Item #42, on the subject of firearms dealers (e.g., providing for the electronic and telephonic transfer of purchaser information to the Department of Justice).

I write to make clear that it was my intention to vote "AYE" on SB671. I would have done so upon the conclusion of the session while the roll was open. Unfortunately, I was prevented from recording my vote because it was moved that no members could add on to the roll or change their vote.

Sincerely yours,

CHARLES S. POOCHIGIAN, Assembly Member
Twenty-ninth District

REQUEST FOR UNANIMOUS CONSENT

Assembly Member Willard Murray was granted unanimous consent that when the Assembly adjourns on this day it do so out of respect to the memory of jazz musician Ella Fitzgerald, and that the following statement be printed in the Journal:

Adjournment in Memory of Ella Fitzgerald

Over the weekend, the world lost one of its greatest jazz singers, Ella Fitzgerald, who died peacefully in her Beverly Hills home on Saturday at age 78.

Her death closes the book on the most prolific era in jazz singing where she and three other great performers—Billie Holliday, Sara Vaughn, and Carmen McRea—dominated the jazz vocal world.

Ella was described as "The First Lady of Song", "A singer's singer" (Frank Sinatra), "Flawless", and "The greatest singer on the planet" (Mel Torme).

Her range of two octaves and a sixth was envied by opera singers across the world; her control was coveted by countless musicians.

Ella recorded more than 200 albums in her lifetime.

Peerless in her fame, Ella had an award named after her—called "The Ella"—and received more honors than any jazz musician—male or female. Among them are 13 grammy awards, a Kennedy Center honor for lifetime achievement in performing arts, and a Grammy Hall of Fame award.

She was voted best female jazz singer in 18 consecutive *Downbeat* magazine polls as well as polls by *Metronome.*

Ella was so great when she sought formal vocal training early in her career, a music teacher turned her away afraid of spoiling her rare gift.

Leonard Feather, the late *Los Angeles Times* critic, said of her "If there was one artist whose work stood tall among all these giants, it was Ella Fitzgerald. Never had there been a more moving example of the spirit, beauty, beat, and total vocal control of which a jazz singer is capable. Ella can do anything to a melody except damage."

I respectfully request adjournment in her honor.

Our Heavenly Father, I come to You today acknowledging You as the Most High God. You alone are holy, just, omniscient and worthy of our honor and praise. You have made Your love known to us and have provided a way for us to have a personal relationship with You. We acknowledge You today as Jehovah God. We want to come to You and thank You for the privilege of standing in this place . . . this place where the men and women who You have allowed to assume positions of authority come together to discuss and debate and decide on issues of significance. Thank You for allowing us this privilege. I would pray that as we sing You would allow Your Spirit to move hearts. Take the message that these high school students will present and etch it into the hearts of those You have prepared to hear. Open hearts to hear Your Word and teach us even from the young. And for each student who is here, calm them so that they would be able to share from their hearts. As the business of this day continues in this room, I pray that You would be pleased by what You see. And Lord, we know that there are many in this room who are lonely, empty, unsure of the future, afraid of the past, and who, in spite of their positions, are still searching for true purpose in their lives. I pray today that You would meet them at their point of need, that You would reveal Yourself to them and that they would find peace in You. Bless this Assembly. I love You and give You all the praise.

In His name.—AMEN.

PRAYER

Upon invitation of Speaker pro Tempore Aguiar, the following prayer was offered by His Holiness Aram I, Catholicos of the Holy See of Cilicia:

Heavenly Father, As we come together to reflect and act together for the good of the people of California, we give thanks to You for Your gift of life. We are conscious that our lives come from You and belong to You, and should be lived accordingly.

O God, enrich and sustain our lives by values that make us responsible and faithful stewards of Your creation and the people to whom we are called to serve. Let Your wisdom guide us in our deliberations and decisions.

Let Your light illumine our lives. Let Your way become our way; a way of love, of service, of commitment and justice.

We deplore the lives of innocent American and other victims who were in service for peace in Dhahran, Saudi Arabia.

We pray, O God, that all acts of violence and hatred be replaced by acts of mutual understanding, mutual acceptance and love, in a world where all people, nations and religions are called to live together as one community.

We ask Your blessing and Your guidance on this august body called to serve this golden state of California.—AMEN.

SPECIAL MEMORIAL CEREMONY

The following remarks were offered by Assembly Member Mickey Conroy, of the 71st Assembly District:

Today I have the sad duty of asking all of us—members of the Assembly and visitors—to pause and remember the Americans who were killed by the bombing this week in Saudi Arabia.

The color guard from McClellan Air Force Base will present the colors, followed by the Pledge of Allegiance and the playing of Taps.

As a former Marine and veteran of the Vietnam War, I fully appreciate the sacrifice of these Americans who were killed in Saudi Arabia. They willingly placed themselves in harm's way to carry out our nation's role as leader of the free world.

By accepting an assignment in a dangerous part of the world, they followed in a long and noble American tradition—a commitment to keeping the peace and preserving freedom around the world.

Our prayers go out to the families of the dead, especially to the family of Airman First Class Justin R. Wood of Modesto, the one Californian who was killed in the blast.

We cannot make up for the loss felt by Airman Wood's family—or the families of the other brave Americans who died far from home. But we can promise to keep their memories close to our hearts. And we pray that their cowardly killers are brought to justice.

PLEDGE OF ALLEGIANCE TO THE FLAG AND PRESENTATION OF COLORS

Upon request of Speaker pro Tempore Aguiar, Assembly Member Conroy then led the Assembly in the pledge of allegiance to the Flag, followed by the Presentation of Colors by the McClellan Air Force Base Color Guard, TSgt. Maurice Mulqueen, A1C Patrick Andrews, A1C Anthony Soupley, and SRA Jennifer Beaupre. Bugle player John Dexter then performed "Taps" in the Assembly Chamber.

Honorable Curt Pringle
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California

Curt - I ask your approval to excuse me on legislative business from Assembly Session on Friday, June 28, 1996.

I long ago committed to be the featured speaker on June 28th in Palo Alto in a mid-day in-depth conversation with 30 senior managers of Hewlett Packard, regarding issues (especially economic) pertinent to the future well being of California. Many of the participants are located in Silicon Valley (heart of my district), others are flying in from around the United States.

In addition, I am committed to participating in a follow-on Town Hall meeting with H-P employees, at their Palo Alto headquarters.

Altogether, it is too late for them to cancel their plans, too important to my constituency for me to cancel. I trust you will understand, agree, approve my request.

I thank you, I wish you well.

JOHN VASCONCELLOS, Assembly Member
Twenty-second District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Woods was granted unanimous consent that the following communication be printed in the Journal:

June 25, 1996

California Environmental Protection Agency
James Strock, Secretary
555 Capitol Mall, Suite 525
Sacramento, California

Dear Secretary Strock: Last week I learned that you agreed to implement a policy that is similar to my bill AB 1659. First, you are to be congratulated for taking this much needed step to help reform California's environmental regulatory climate. Second, since this proposal is similar to AB 1659, I have opted not to seek further legislative action on this issue until Cal-EPA's ability to carry out such a policy is assessed.

The approach espoused in AB 1659 and Assemblyman Miller's proposed budget control language is a reasonable approach. This policy can be traced to Governor Wilson's Executive Order W-127-95 and President Clinton's Executive Order 12866 of 1993.

I have notified the support and opposition of AB 1659 that this or any such bill authored by myself next year will have to wait given your decision. In retrospect, the internal policy that you are proposing—provided that it reflects AB 1659—may be the best option. By assessing the operational strengths and weaknesses of the policy, a better legislative solution can be crafted if need be.

I look forward to seeing your proposed Cal-EPA policy and look forward to reviewing its success next legislative session.

Sincerely,

TOM WOODS, Assembly Member
Second District

Legislative Intent—Assembly Bill No. 2116

June 20, 1996

The Honorable Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

RE: Assembly Bill 2116

Dear Dotson: It has come to my attention that certain concerns have been raised regarding the application of my AB 2116, relating to domestic violence arrests. I am writing to clarify the intent of this bill in light of these concerns.

Currently, a peace officer may make an arrest, without a warrant, if he or she reasonably believes that a felony has been committed, or any offense is committed in his or her presence. The current statutory rules in domestic violence misdemeanors preclude the officer from making a warrantless arrest unless they actually witness the offense committed.

Also, case law permits an officer to enter premises without a warrant in immediate response to a domestic violence call, as set forth in *People* v. *Higgins* (1994) 26 Cal. App. 4th 247, 252–255. However, if the officer does not witness the misdemeanor offense that is being responded to, he cannot make the arrest, even though he has probable cause and is otherwise authorized to enter the premises. Given the emotional and psychological nature of domestic violence, the victim often refuses to ask the officer to effectuate a citizens arrest, and short of legislative remedy, the intervention an officer can offer is extremely limited in this situation.

To address this legitimate issue, my bill would permit—in a constitutional manner—a warrantless arrest of a person who commits an assault or battery upon his or her spouse, upon a person with whom he or she is cohabitating, or upon the parent of his or her child,

where the following and only the following circumstances are present:

- The officer is responding to a domestic violence call and is authorized to be on the premises without a warrant, pursuant to *People* v. *Higgins.*
- The officer has reasonable cause to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed.
- The officer makes the arrest as soon as reasonable cause arises to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed.

AB 2116 is thus intended to authorize a warrantless misdemeanor domestic violence arrest under conditions of exigency as specified in both the bill and the preceding conditions.

Sincerely,

BARBARA ALBY, Assembly Member
Fifth District

COMMUNICATIONS

The following communication was presented by the Speaker, and ordered printed in the Journal:

July 3, 1996

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California

Dear Mr. Wilson: Please be advised that I have appointed Assemblyman Mike Machado to the Assembly Committee on Agriculture for the purpose of today's hearing only. Assemblyman Machado replaces Assemblywoman Lee for this hearing.

Sincerely,

CURT PRINGLE
Speaker of the Assembly

The following letters of transmittal were presented by the Speaker, and ordered printed in the Journal:

California State Auditor

96102
July 2, 1996

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California Department of Food and Agriculture Market Enforcement Branch's (branch) effectiveness in achieving its mission and objectives and fulfilling its regulatory responsibilities. This report concludes that the branch does not always pursue administrative, civil, or criminal action when it identifies violators of the code. Further, the branch is not always accurate or consistent in its calculations of settlement amounts for complaints. Finally, the Farm Products Trust Fund, which was established to provide payment protection to producers and licensees, does not provide adequate protection for claimants that have not received full compensation for farm products delivered to produce dealers or processors.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Agriculture.

California State Auditor

95002
June 27, 1996

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents the results of our review of the State's control of its financial activities and its compliance with federal grant requirements and state regulations. This review was made as part of our examination of the State's general purpose financial statements. This report fully meets the requirements of the 1984 Single Audit Act set forth by the United States Government as a condition of receiving $26 billion in federal funds annually. The Bureau of State Audits, which was created in May 1993, pursuant to the California Government Code, Section 8543, is responsible for performing the annual financial and compliance audit previously conducted by the Office of the Auditor General.

The State has made numerous improvements in its system of controls in response to weaknesses reported in prior years. For example, for fiscal years 1982–83 through 1993–94, the Office of the Auditor General or the Bureau of State Audits reported that the State Controller's Office (SCO) issued financial statements in general conformity with the State's budgetary basis of accounting, which is not in accordance with generally accepted accounting principles (GAAP). The budgetary basis statements were then converted to GAAP for the State's general purpose financial statements. However, for the year ended June 30, 1995, the SCO issued a Comprehensive Annual Financial Report that included the State's general purpose financial statements prepared in accordance with GAAP. In another example, we reported that for fiscal year 1993–94 the Department of Motor Vehicles failed to allocate approximately $9.2 million in cash collections to programs supported by department revenue. This problem originated before fiscal year 1985–86 when it appeared the department deposited cash in the uncleared collections account of the SCO, but the deposits were not subsequently transferred to the correct revenue accounts. Since we reported this issue in last year's audit, the department has reconciled its balance to the SCO's uncleared collections account balance so these revenues can finally be used for their intended purpose.

While the State has addressed many of the concerns we reported in earlier audits, it continues to experience some weaknesses in its accounting, auditing, and administrative control structure. For example, we found inadequacies in the State's monitoring of recipients of state and federal moneys. As a result, the State cannot ensure that the recipients are complying with regulations or laws governing the receipt or use of these moneys. In addition, we noted instances in which the State failed to either promptly request federal funds to reimburse it for expenditures paid from the General Fund or promptly reimburse the federal government for excess funds the

State received. Thus, the State unnecessarily lost interest earnings or incurred a liability to the federal government.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Appropriations.

Dotson Wilson
Chief Clerk
Room 3196, State Capitol
Sacramento, California

Dotson With respect to SB 331: In the rush of business I inadvertently added my vote to what I thought were amendments improving the bill, without realizing that act included becoming a coauthor of the bill. I had no intention of becoming a coauthor of this bill. In fact, I oppose SB 331. I voted against it.

I wish you well.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Gallegos was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 3141

July 10, 1996

E. Dotson Wilson
Chief Clerk
California State Assembly
Sacramento, California

Dear Mr. Wilson: The purpose of this letter is to clarify the record of legislative intent with regard to AB 3141, relating to psychologists working in state-operated health facilities.

I authored AB 3141 in an attempt to encourage the inclusion of psychologists on the medical staffs of state-operated health facilities. AB 3141 would require the rules and regulations of a health facility owned or operated by the state to include provisions for medical staff membership and privileges for clinical psychologists within the scope of their licensure. Clinical privileges shall be granted on the basis of demonstrated competence and within the scope of respective licensure. Currently, the appointment of such medical staff membership is permissive and is set by the health facility.

There have been concerns raised that the psychologists' purpose in achieving medical staff status is simply to gain the standing necessary to sever from their current collective bargaining agent. In fact, this issue was already addressed by the Public Employment Relations Board (PERB) when, in 1992 and 1993 PERB rejected a petition and subsequent appeal by state-employed psychologists to sever from

their bargaining unit (Unit 19). PERB ruled that medical staff membership was not sufficient justification for a separate bargaining unit.

AB 3141 does not bestow any new right or privilege on psychologists employed in state facilities. Nonetheless, I wish to make clear that it is not my intent or the intent of the sponsors that the provisions of AB 3141 be used or interpreted to create a new community of interest or change the community of interest for any category of state employee, nor to support efforts for such a group to sever from its current bargaining unit. It is also not my intent or the intent of the sponsors of AB 3141 to undermine the findings and decisions of the PERB in PERB Decision 110-S of 1979 or PERB Decision 988-S of 1993.

In conclusion, I do not believe that AB 3141 changes any aspect of this community of interest and would oppose any measure with this intent. Thank you for the opportunity to clarify the intent of my AB 3141 of the 1995–96 Legislative Session.

Sincerely,

MARTIN GALLEGOS, Assemblymember
Fifty-seventh District

Is it not true that subject matter heard in committee was a different bill, and heard in the previous year?

That Assembly Bill No. 317 is not identical to a bill previously introduced in the session; and further, a vetoed bill is exempt under the rules.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Morrow was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

July 11, 1996

E. Dotson Wilson, Chief Clerk
Office of the Chief Clerk
California State Assembly
Room 3196
Sacramento, California

Dear Dotson Wilson: We would like to request inclusion of this letter in the Assembly Daily Journal to clarify the intent behind control language in Budget Item #3790-001-1263 relative to the Willows portion of Juan Bautista De Anza Road.

During budget conference committee deliberations, it was understood that there would be immediate opening of the canyon to vehicular traffic. The road has been closed to vehicular traffic recently by the Department of Parks and Recreation. Prior to the closure this year by the Department, the road was apparently open to vehicles for all but a few months during the summer.

It was our intent in Budget Item #3790-001-1263 that the road be open to vehicular traffic year round except during June 1 and September 30, inclusive. Thus, the policy would be to essentially reinstate the summer month closure in effect prior to the year round closure to vehicles recently enacted.

Sincerely,

BILL MORROW
Assemblyman, 73rd District

CHARLES POOCHIGIAN
Assemblyman, 29th District
Chairman, Appropriations Committee

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly

Members of the Assembly: As required by Chapter 716, Statutes of 1992, the Bureau of State Audits presents its audit report concerning the way the Department of Health Services (department) processes reimbursement requests for certain prescribed drugs under the California Medical Assistance Program (Medi-Cal). MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
July 11, 1996

To the Members of the Assembly:

Assembly Bill 3116, in my opinion, constitutes an emergency bill within the meaning of that term as used in Section 12 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

I, therefore, recommend consideration of Assembly Bill 3116 as an emergency measure.

Sincerely,

PETE WILSON

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 841

Governor's Office, Sacramento
July 12, 1996

To the Members of the California Assembly:

I am returning Assembly Bill No. 841 without my signature.

This bill would require the Secretary of the California Department of Veterans Affairs to redesignate the department's existing position of Internal Auditor to that of Inspector General of Veterans Affairs. The bill sets forth the duties and responsibilities of the proposed Inspector General position, which include reviewing policies and procedures for conducting investigations of the Department.

This bill is unnecessary. The Secretary of Veterans Affairs has already appointed an Internal Auditor position within the department who conducts inquiries into matters contained in this bill. In addition, the current duties of the Internal Auditor are not compatible with those of Inspector General as contained in the bill. The Department is not an investigatory agency.

Cordially,

PETE WILSON

RECEIPT

I acknowledge receipt of this 15th day of July 1996, at 2:40 p.m., of Assembly Bill No. 841, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

RALPH ROMO
Acting Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 2582

Governor's Office, Sacramento
July 24, 1996

To the Members of the California Assembly:

I am returning Assembly Bill No. 2582 without my signature.

This bill would authorize San Mateo County to calculate final compensation for its county probation officers based on the member's highest one year salary rather than the current three years salary requirement.

The purpose of basing the calculation on one year's salary instead of three is to increase retirement benefit levels that will have to be supported by higher contributions by county government, which will have to be supported by redirected or new tax dollars.

Government pension plans are already very generous under existing statutory authority. I do not see the need for further enhancements at this time.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 2675

Governor's Office, Sacramento
July 24, 1996

To the Members of the California Assembly:

I am returning Assembly Bill No. 2675 without my signature.

This bill would permit PERS' health benefits coverage to be provided to employees of a private, non-profit law firm whose employees are not public employees.

The health benefits program administered PERS is intended for public employers and employees of the State and California's local public agencies. The provisions of AB 2675 would set an undesirable precedent by allowing employees of private companies to enroll in health coverage plans intended only for public employees.

Cordially,

PETE WILSON

Veto Message—Assembly Bill No. 3480

Governor's Office, Sacramento
July 24, 1996

To the Members of the California Assembly:

I am returning Assembly Bill No. 3480 without my signature.

This bill would require a report of chemical test results, measuring a driver's blood alcohol content, to be either an unsworn and dated report by the officer, forensic alcohol analyst, or forensic alcohol

analyst supervisor, or in the alternative, a sworn and either dated or undated report.

The proponents believe that this bill would relieve crime labs from an extraordinary clerical burden and would promote the use of computerized reports. Recent legislation (Chapter 10, Statutes of 1996) specifies that a peace officer's report to the Department of Motor Vehicles is a sworn report when it bears an entry identifying the maker of the document or a signature that has been affixed by means of an electronic device approved by the Department. Thus resolving the concerns stated by the proponents.

The proponents also believe that this bill would reduce the time it takes to prosecute DUI cases. In fact, the opposite is true.

Without a sworn or dated test result, it will be incumbent on the Department of Motor Vehicles to prove the lab results are valid. The Department will be forced to subpoena the lab employee since a written certification after the fact would not be admissible.

Cordially,

PETE WILSON

RECEIPT

I acknowledge receipt this 25th day of July 1996, at 1:40 p.m., of Assembly Bills Nos. 2582, 2675, and 3480, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Karen Morgan.

PAMELLA J. CAVILEER
Acting Chief Clerk of the Assembly

The following item veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Item Veto Message—Assembly Bill No. 3488

Governor's Office, Sacramento
July 20, 1996

To the Members of the California Assembly:

On this date I have signed Assembly Bill No. 3488 with the following deletions.

Section 10 and Section 38. Providing Continuation School Adjustment Equalization. I am deleting subdivision (f) of Section 10 and I eliminate Section 38. These sections would provide $2,000,000 to equalize the continuation school revenue limit add-on on a per pupil basis. Because the law does not provide for any change to the continuation school revenue limit add-on from the original amount, and each continuation school's pupil population may vary annually, equalization is an unrealistic objective. This proposal is further complicated by the fact that for some districts, the continuation school adjustment was rolled into the district base revenue limit. Continuation schools provide important services to our pupils, such as functioning as the first safety net for at-risk pupils. While I cannot support the proposal in this bill, I would be receptive to reviewing a

comprehensive proposal that addresses issues regarding continuation school funding formulas.

Section 18. Regarding the Community Colleges Block Grant. I am deleting subdivision (b) of Section 18. This subdivision would provide $2,100,000 for the Mt. San Antonio Community College (MIS) project. This MIS project could be modified in scope and funded through the various supporting colleges' portion of one-time block grant funds or ongoing funds, if it is a high priority at the local level.

Section 30. Regarding the Alhambra City High School District Loan. I am deleting this section. This section would provide a loan of $650,000 to the Alhambra City High School District to compensate for a loss of pupils due to a district reorganization. The district, however, is currently meeting its budget reserve requirements and shows no evidence that its fiscal solvency is jeopardized. Only in such cases would a loan be appropriate.

Section 41. Related to Adult Basic Education. I am deleting this section. This section would provide $6,400,000 adult education funds to provide to immigrants classes in basic skills, citizenship, English as a second language, and workforce preparation classes such as reading, writing, speaking, and problem solving. The 1996 Budget Act appropriates over $477 million for adult education programs, with $28 million in General Fund (pursuant to the Immigration and Workforce Preparation Act) and $7.7 million in federal funds, specifically earmarked for the purposes described above. I believe those amounts should be sufficient to address the adult education needs of our immigrant population.

With the above deletions, I hereby approve AB 3488.

Cordially,

PETE WILSON

RECEIPT

I acknowledge receipt this 22nd day of July 1996, at 10:55 a.m., of the Governor's statement of the items of appropriation reduced or eliminated from Assembly Bill No. 3488 delivered to me personally by Karen Morgan.

Legislative Intent—Assembly Bill No. 3483

August 8, 1996

The Honorable Curt Pringle
Speaker of the State Assembly
State Capitol, Room 219
Sacramento, California

RE: *AB 3483—Clarification of Legislative Intent Regarding Provisions Eliminating Retroactive Rebate Demands by Department of Health Services*

Dear Speaker Pringle: As Co-Chairman of the Joint Conference Committee on the Budget, I am writing to request that this letter be published in the Journal so as to resolve any possible questions as to the intent and effect of the provisions of AB 3483 relating to the

elimination of legal authority to demand rebates retroactive to any date prior to July 1, 1996, in the Medi-Cal Drug Discount Program.

From July 1, 1994, to June 30, 1996, Welfare and Institutions Code Section 14105.335 required a 10 percent supplemental rebate from pharmaceutical manufacturers that participated in the contract drug program for *all* drugs reimbursed by the Medi-Cal program, whether those drugs were readily available on the Medi-Cal "list of contract drugs," or whether those drugs were subject to cumbersome "prior authorization" requirements. That statute *expired* pursuant to its own terms on June 30, 1996. That sunset date was neither deleted, nor extended—that statute *expired.*

As part of the bipartisan, negotiated resolution of the Budget Act of 1996, the Assembly and Senate conferees agreed, and the full Assembly and Senate ratified the decision, that a *new, but temporary* requirement for a 10 percent supplemental rebate be enacted, and that the administrative practice developed by the Department of Health Services of requiring rebates of contracting manufacturers retroactive to July 1, 1994, be terminated.

The Department of Health Services has elected to completely ignore the plain effect of the new statute, to disregard the announcements made by the Budget Conference Committee, and the comments made by Republican and Democrat legislators presenting the Budget trailer bill—AB 3483, and to ignore the analyses produced by both houses of the Legislature. In its letter dated July 25, 1996, the Department of Health Services advised pharmaceutical manufacturers that a non-negotiable, standard contract prepared "to implement this new law," requires drug manufacturers to provide the ten percent supplemental rebate for the period beginning July 1, 1994! According to the Department's letter, only by submitting to these non-negotiable terms, which abrogate, ignore and disregard the law the Legislature enacted, can pharmaceutical manufacturers enter into contracts with the Department of Health Services for the addition of drugs to the Medi-Cal list.

Let there be no question on any party's part that the clear, unequivocal intent and effect of *new* Welfare and Institutions Code Section 14105.335, which became operative on July 1, 1996, succeeding the former statute of the same number which *expired* on its own terms, was to eliminate any perceived or actual legal authority for the Department of Health Services to demand rebates retroactive to any date prior to July 1, 1996, based on the provisions of the former Section 14105.335, and to extend the authority for the Department to compel payment of any supplemental rebate only to January 1, 1997.

My thanks to you and the Members of the Assembly for your consideration and cooperation in setting the record straight for any party who may not have understood the effect of the expiration of the old law, and the enactment of the new law.

Sincerely,

GARY G. MILLER, Assembly Member,
Sixtieth District

PRAYER

Upon invitation of Assembly Member James E. Rogan, the following prayer was offered by Warren Duffy, host of "Live From LA" on Christian talk station KKLA Radio in Los Angeles:

Father, As another week begins for the men and women in this room, what a privilege to be able to lift them to You for Your guidance and direction, remembering the words of our Bible:

"When the righteous are in authority the people rejoice; but when the wicked man rules, the people groan."

The Bible says that You have instituted governments and You have ordained these leaders.

So I pray for each of them and I pray for them together as a body—that they might lead Your people, putting aside their differences of politics and parties and making decisions led by Your Holy Spirit.

For only You know what's best for this state and for this nation.

So now, I commit these leaders to You for Your care—trusting that You will direct their efforts this day and this week.

It is in the name of Jesus I pray—AMEN.

COMMUNICATIONS

The following letter of transmittal was presented by the Speaker, and ordered printed in the Journal:

California State Auditor

95015
August 15, 1996

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by Chapter 1044, Statutes of 1990, the Bureau of State Audits presents its audit report concerning its review of the State's compliance with state laws and regulations for contracts for July 1, 1994, through June 30, 1995. This report discusses deficiencies that have occurred in contracts between state departments and their contractors. We found that some state departments have executed interagency agreements with California State University or contracts with community colleges and campus foundations to accomplish work that is ultimately performed by private subcontractors. In these instances, millions of dollars of

work was awarded to subcontractors without soliciting bids from other consultants. Moreover, many of these contracts involve multi-tiered administration that creates excessive costs to the State. Also, we determined that, in some cases, the contracting department has identified a specific subcontractor before signing the agreement with the university or foundation. In effect, these departments are entering sole-source contracts and, in so doing, are avoiding important controls over the State's contracting process. Finally, some state departments did not properly manage contract funds, monitor compliance with contract terms, or comply with other contracting requirements.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Consumer Protection, Governmental Efficiency and Economic Development.

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 2428

Governor's Office, Sacramento
August 17, 1996

To the Members of the California Assembly:

I am returning Assembly Bill No. 2428 without my signature.

This bill would require the Department of General Services to develop a plan that would convert the existing "uniform" rental rate to a "market-based" rental system reflecting rents of each facility, while recovering the state's cost of occupying those facilities, including deferred maintenance.

By shifting to market-based rental rates on state buildings, this bill would increase the state's annual rental payments and expenditures

for deferred maintenance by $6 million. The amount currently budgeted for this purpose is $1.5 million, which strikes a balance between deferred maintenance needs and the need to maintain affordable rental rates for state agencies as part of reducing the cost of government.

Therefore, it is more prudent to allow the Department of General Services to complete its current analysis of all options, rather than to prematurely mandate a solution.

Cordially,

PETE WILSON

Re: Assembly Bill No. 3351

Dear Mr. Speaker: This is in reference to Assembly Bill No. 3351, which, among other things, creates a new Department of Financial Institutions to regulate banks, savings associations, credit unions, and industrial loan companies. The Assembly is expected to vote on concurrence with Senate amendments to the bill shortly.

Enclosed is a copy of the Explanatory Comments for AB 3351, dated August 8, 1996. The Explanatory Comments explain the reasons for, and the intent of, the provisions of the bill.

Because of the length of the Explanatory Comments, it is not feasible to print them in the Assembly Daily Journal. Therefore, I am filing a copy of the Explanatory Comments with your office, and I am distributing copies of the Explanatory Comments to all members of the Assembly. In addition, copies of the Explanatory Comments are available for inspection at the State Banking Department.

It is requested that this letter be printed in the Assembly Daily Journal and that the Explanatory Comments thereby be deemed incorporated by reference into the Assembly Daily Journal.

Thank you for your cooperation in this matter.

CONSIDERATION OF DAILY FILE (RESUMED)
THIRD READING OF SENATE BILLS (RESUMED)

SENATE BILL NO. 2075 (Haynes)—An act to amend Section 308 of the Family Code, relating to marriage.

Bill read third time.

Point of Order

Assembly Member Burton arose to the following point of order:

That Legislative Counsel has opined that amendments adopted to Senate Bill No. 2075 are not germane to the bill.

Ruling by Speaker

The Speaker replied that the amendments referenced were adopted in committee by a majority vote, recommended to the Floor, and were subsequently adopted on the second reading file, and further, that the issue of germaneness of amendments is the decision of the House in which the point of order on the subject at hand is raised. As the amendments were approved on two prior occasions by a majority of the Body considering the amendments, he would rule the amendments germane.

Point of Order

Assembly Member Burton arose to the following point of order:

When Senate Bill No. 2075 was on the second reading file for amendment in the Assembly he stated a parliamentary inquiry as to whether the issue of germaneness was waived when the amendments were adopted on second reading and was advised that the issue of germaneness was not waived.

Reply by Speaker

The Speaker replied that Assembly Member Burton did state a parliamentary inquiry when Senate Bill No. 2075 was on second reading for amendment; however, the amendments were adopted by the Body at that time. Speaker Pringle further replied that the opportunity to raise the question of germaneness was in order on the second reading file, as it is now on the third reading file.

Point of Order

Assembly Member Burton arose to the following point of order:

That a previous ruling on a question of germaneness was ruled based upon the opinion of Legislative Counsel and this ruling is based upon the adoption of the amendments by the House on second reading, indicating acquiescence of the House; and further, that it would be proper procedure for the issue of germaneness to be determined by the House.

Reply by Speaker

The Speaker replied that when Assembly Member Burton stated a parliamentary inquiry relative to Senate Bill No. 2075 on the second reading file, he was advised by the Chief Clerk that the opportunity to raise the issue of germaneness was in order on the second reading or third reading file. The issue has been raised at this time on third reading.

Parliamentary Inquiry

Assembly Member Isenberg arose to the following parliamentary inquiry:

When Senate Bill No. 2075 was introduced did it not deal with the Penal Code, and does it not now deal exclusively with the Family Code?

Reply by Speaker

The Speaker replied in the affirmative; and that the issue of germaneness is determined by a majority of the membership. A majority of the membership of the committee and a majority of the membership of the House made the determination.

Parliamentary Inquiry

Assembly Member Isenberg arose to the following parliamentary inquiry:

On a previous matter on a previous day the Chair ruled that amendments were not germane as the subject matter was different from the bill and therefore, not germane. Is the Speaker applying the same standard?

Reply by Speaker

The Speaker replied that bills may be amended in committee and that amendments were adopted in committee specifically on this bill, and adopted on second reading by the House.

Parliamentary Inquiry

Assembly Member Burton arose to the following parliamentary inquiry:

Were the amendments to Senate Bill No. 2075 adopted on second reading by a roll call vote of the House?

Reply by Speaker

The Speaker replied that the amendments to Senate Bill No. 2075 were adopted on second reading by unanimous consent.

Parliamentary Inquiry

Assembly Member Burton arose to the following parliamentary inquiry:

Is the question of germaneness answered if proposed amendments are adopted on second reading whether or not such amendments are germane?

Reply by Speaker

The Speaker replied this is one issue taken under consideration.

Parliamentary Inquiry

Assembly Member Archie-Hudson arose to the following parliamentary inquiry:

When Senate Bill No. 2075 was before the Appropriations Committee she was advised by the Chair of the Appropriations Committee that it was not appropriate to raise the question of germaneness in committee. Is it not now appropriate to raise the issue?

Reply by Speaker

The Speaker replied that the issue of germaneness has been raised by Assembly Member Burton, and that the Chair has ruled on the question.

Parliamentary Inquiry

Assembly Member Archie-Hudson arose to the following parliamentary inquiry:

Was the advice given in committee consistent with House rules?

Reply by Speaker

The Speaker replied that he was unaware of advice given to Assembly Member Archie-Hudson in committee.

Motion to Appeal from the Decision of the Chair

Assembly Member Burton moved to appeal from the decision of the Chair.

The question being: Shall the decision of the Chair that the amendments contained in Senate Bill No. 2075 are germane to the bill be overruled?

The roll was opened and the decision of the Chair sustained by the following vote:

AYES—37

California State Auditor

95105.1
August 21, 1996

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Oakland Unified School District's current financial condition, its classification of costs for State reporting purposes, and the actions the district has taken in response to the Office of the Auditor General's 1989 and 1990 reports on the district. This report concludes that the Oakland Unified School District has improved its financial condition and has projected that it will have approximately the State's recommended level of reserve in its general fund for fiscal year 1995–96. However, we found the district does not always correctly classify and thereby allocate program costs in the automated accounting system it uses to prepare reports for the State. Finally, although the district has improved its management controls since the reports issued by the Office of the Auditor General identified weaknesses in this area, it needs to further tighten its controls over payroll and facilities' keys.

Respectfully submitted,

MARIANNE P. EVASHENK

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Education.

California State Auditor

96107.1
August 22, 1996

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California State Lottery (lottery). Our review focused on whether the lottery's strategic planning efforts, administrative functions and expenses, mandated audit activity, and Scratcher product distribution system are effective and efficient. This report concludes that the lottery can further improve its annual planning process and it needs to prepare a long-term strategic plan. In addition, the lottery should continue its efforts to monitor and reduce its administrative costs. Also, the lottery can improve its Scratcher product distribution system by using its sales staff more

efficiently. Finally, the State Controller's Office needs to provide better documentation of its charges to the lottery and ensure its audit work is valuable, timely, and not duplicative.

Respectfully submitted,

KURT R. SJOBERG
State Auditor

Above report referred to the Committee on Governmental Organization.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Pringle was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 3229

August 26, 1996

E. Dotson Wilson
Chief Clerk, State Assembly
State Capitol, Room 3196

Dear Mr. Wilson: This letter is to clarify the intent of the Legislature in approving AB 3229 (Chapter 134, Statutes 1996) and establishing the "Supplemental Local Law Enforcement Service Fund" (SLESF).

Government Code Section 30062 (a), created in AB 3229, reads as follows:

"(a) Except as required by paragraphs (1) and (2) of subdivision (b) of Section 30061, moneys allocated from a SLESF to a recipient entity shall be expended exclusively to provide front line law enforcement services. *These moneys shall supplement existing services, and shall not be used to supplant existing funding for law enforcement services provided by that entity.*" (Emphasis added)

The language of the bill was specifically and intentionally written to state, "these moneys shall supplement existing *services,*" without reference to existing *funding levels.* Clearly, this provision requires that local government maintain the existing (FY 1995–1996) level of services, even if this necessitates a funding increase reflecting the increased cost of providing those services. In approving this language, it was the Legislature's intent that the funding provided to local law enforcement entities under this new program would not be

used as a mechanism for local governments to decrease or inhibit natural growth in their non-SLESF funding commitment.

Therefore, it was the intent of the Legislature that local governments would set their 1996–1997 funding levels to maintain existing service levels, without consideration of the SLESF funds. It is to this base level of support, defined again by the services provided and not the dollar amount, that the SLESF funds are intended to be added. As the very name of the program signifies, the fund was created to "supplement" services which were already being provided by local governments.

In sum, the reduction of funding, below the level necessary to maintain these existing services, in anticipation of SLESF funds, circumvents the entire purpose of this act, which was to maximize local law enforcement services.

Sincerely,

CURT PRINGLE
Speaker of the Assembly

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Gallegos was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 3251

August 27, 1996

E. Dotson Wilson
Chief Clerk
California State Assembly

Dear Mr. Wilson: The purpose of this letter is to clarify the legislative intent of AB 3251 (Gallegos). Amendments adopted on May 24, 1996 clarified that the Department of Insurance would not be required to approve or disapprove the second opinion policies required to be submitted by health plans to the Department of Insurance by July 1, 1997. The amendments inadvertently were not made applicable to the second opinion polices required to be submitted to the Department of Corporations by July 1, 1997. It is not the intent of the May 24, 1996 amendments to imply that the Department of Corporations would be required to review and approve the second opinion policies.

It is my intent to introduce urgency legislation in 1997 to add identical language in the Health and Safety Code for the Department of Corporations (DOC) to clarify that DOC will not be required to approve or disapprove the second opinion policies submitted by the health plans.

Sincerely,

MARTIN GALLEGOS, Assembly Member
Fifty-seventh District

Legislative Intent—Assembly Bill No. 2776

August 26, 1996

Honorable Curt Pringle
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California

Dear Speaker Pringle: As the author of Assembly Bill 2776, sponsored by the Department of Toxic Substances Control, I am writing to request that this letter be published in the Assembly Daily Journal.

The purpose of this letter is to clarify the intended meaning of subparagraph (c) of paragraph (1) of subdivision (a) of Health and Safety Code section 25143. This subparagraph was added to the bill in amendments taken in the Senate on August 5, 1996. Several words were erroneously omitted by Legislative Counsel in the printed version of the bill. This subparagraph as it currently reads is confusing and does not fully capture the intended meaning. This subparagraph is intended to be read as follows (the words omitted by Legislative Counsel are underlined):

> (c) The department has issued, or is simultaneously issuing, a variance from the federal act for the hazardous waste <u>or its</u> management pursuant to subdivision (c).

The Department of Toxic Substances Control has indicated their intent to seek cleanup legislation in 1997 to correct this error. Thank you for your immediate attention to this matter.

Sincerely,

GARY G. MILLER, Assembly Member
Sixtieth District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Alby was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 3013

The Honorable Curt Pringle
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California

RE: *Assembly Bill 3013—Clarification of Legislative Intent Regarding Provisions Prohibiting Restrictions on Communications Between Doctors and their Patients.*

August 20, 1996

Dear Speaker Pringle: I am requesting this letter be published in the Assembly Journal so as to resolve any possible questions as to the intent and effect of the provisions of my Assembly Bill 3013, should its Senate amendments of a technical nature be concurred with.

The intent of Assembly Bill 3013 is to ensure that the line of communication between a patient and their physician is in no way restricted or limited by *any entity,* such as a health organization or government agency, that is responsible for payment of health services.

Any discussions on treatment options, availability, and coverage shall not in any way be abridged or restricted. Unless there is an absolute level of trust between a patient and their physician, our citizens could suffer dire consequences.

As stated in the California Association of Ophthalmology's letter supporting the measure:

"When health plans control what can and cannot be spoken between a physician or staff and patients, the physician's ethical responsibility to act as an advocate and advisor is seriously impaired."

We cannot allow this to happen to anyone in California, be they the richest or poorest among us. To do so would be discriminatory. I want to be perfectly clear; Assembly Bill 3013 requires that no private or public agency shall impinge on the free and open communication between a patient and their physician.

Cordially,

BARBARA ALBY, Assembly Member
Fifth District

Explanation of Vote—Senate Bill No. 2075

August 27, 1996

E. Dotson Wilson
Chief Clerk
California State Assembly
State Capitol
Sacramento, California

Dear Mr. Wilson: It has come to my attention that I am recorded as an Aye vote on Senate Bill 2075. This bill passed the Assembly on August 20, 1996.

The measure was on call and I was not recorded as voting when the call was placed. When the call was lifted, I was off the floor and was inadvertently recorded as an 'aye' vote. It appears there may have been a mechanical malfunction with the voting equipment that caused me to be recorded as voting on that bill. It was my intent to remain Not Voting on SB 2075.

Thank you for your attention to this matter. I appreciate your assistance in correcting the voting record on this measure.

Sincerely,

DOMINIC L. CORTESE, Assembly Member
Twenty-third District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Rogan was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 3229

E. Dotson Wilson
Chief Clerk, State Assembly
State Capitol, Room 3196

Dear Mr. Wilson: This letter is to clarify the intent of the Legislature in approving AB 3229 (Chapter 134, Statutes 1996) and establishing the "Supplemental Local Law Enforcement Services Fund" (SLESF).

Government Code Section 30062(a), created in AB 3229, reads as follows:

"(a) Except as required by paragraphs (1) and (2) of subdivision (b) of Section 30061, moneys allocated from a SLESF to a recipient entity shall be expended exclusively to provide front line law enforcement services. These moneys shall supplement existing services, and shall not be used to supplant existing funding for law enforcement services provided by that entity." (Emphasis added)

The intended construction of that language is to establish two requirements, contained in the two sentences of the subsection respectively.

The first sentence of (a) establishes that the moneys allocated from the SLESF fund is intended to be spent on front line law enforcement services, subject to the provisions of (1) and (2) of subdivision (b) of Section 30061. Those provisions require that 12 ½% of the SLESF funds be allocated to the county sheriff for

county jail construction and operation and that 12 ½% of the SLESF funds be allocated to the district attorney for criminal prosecution. This first sentence then details to which functions and in what amounts the SLESF funds are to be allocated.

The second sentence of (a) is non-supplantation language, specifying that "these moneys [SLESF funds] shall supplement existing *services*". As indicated in my letter of August 26, this requirement exists without reference to existing *funding levels*. Therefore, it was the intent of the Legislature that local governments would set their 1996–1997 funding levels to maintain existing service levels, without consideration of the SLESF funds. It is to this base level of support, defined again by the services provided and not the dollar amount, that the SLESF funds are intended to be added.

Moreover, it was clearly the intent of the Legislature that the non-supplantation language of the second sentence applies to *all* of the programs which receive SLESF moneys, meaning programs receiving moneys under paragraphs (1) and (2) of subdivision (b) of Section 30061 as well as front line law enforcement services. Any reading of the subsection which attempts to construe that the reference to "these moneys" in the second sentence applies only to the funding provided for the "front line law enforcement services" of the first sentence is erroneous and nonsensical. The "moneys" to which the nonsupplantation language of the second sentence refers is clearly the SLESF moneys generally.

In sum, as the very name of the program signifies and as was clarified in my letter of August 26, the SLESF was created to "supplement" services which were already being provided by local governments. Its supplemental function was intended to apply equally to all fund recipients.

Sincerely,

CURT PRINGLE
Speaker of the Assembly

Sacramento, California

Dear Mr. Wilson: I am carrying Assembly Bill 3245 on the behalf of the Department of Fish and Game. This measure will make various technical and corrective changes to the Fish and Game Code. Among other things, it defines a licensed care center for determining eligibility for organizations applying for free group fishing permits. The intent of this provision is to specifically provide relief to groups of physically and mentally handicapped persons, as defined.

OFFICE OF THE CHANCELLOR
BERKELEY, CALIFORNIA
August 28, 1996

The Honorable Tom Bates
Member of the Assembly
State Capitol, Room 5135
P.O. Box 942849
Sacramento, California

Dear Tom: As you well know, on October 13, 1995, Governor Wilson vetoed AB 767. In his veto message, the Governor explained that he opposed linking the future disposal of the Department of Health Services property at 2151 Berkeley Way to the preservation of wetland and grassland areas at the University of California's Richmond Field Station. Following the Governor's veto you introduced AB 2324 that would provide the University an opportunity to acquire the Department of Health Services property at 2151 Berkeley Way separate from any plans for a preserve. As Chancellor, I greatly appreciate your persistent efforts to facilitate the University's acquisition of the Berkeley Way property. Prior to the introduction of AB 2324, you asked the Berkeley campus to express in writing our plans for preservation of the wetlands and grasslands. I am pleased to inform you that a wetland/grassland reserve is and will continue to be incorporated into our long-range plans concerning the Richmond Field Station.

The Berkeley campus administration has gained a much better understanding of the nature of the wetland and native grassland habitats at the Richmond Field Station as a result of recent studies engendered by the Master Plan process and by earlier efforts to identify a site for the Department of Health Services adjacent to these areas. These studies have confirmed and underscored the importance of this habitat for both its intrinsic and its research value. Accordingly, our commitment to its future, as embodied in the Master Plan, is the following:

- The area of prime coastal prairie grasses (approximately 8.7 acres, see Figure 3) is recognized in the plan as a viable native plant community and development in that area is forbidden in the plan. This increasingly rare habitat provides the opportunity for a variety of research and field teaching activities for the Berkeley campus. The native coastal prairie grassland is particularly valuable because of its proximity to the marsh, mud flat and bay habitats at the Richmond Field Station site. The coastal prairie grassland is situated in the center of one of the largest contiguous open areas on the property. As a result, the Master Plan does not permit development of the coastal prairie grassland area and, instead, sets aside this area as a valuable reserve.

- The Master Plan includes a number of other measures to assure the preservation of the coastal prairie grassland for its

teaching, research, and habitat value. These preservation measures include:

(a) Requiring guidelines to protect the coastal prairie grassland;

(b) Provisions for the installation of fencing, as necessary, to allow small animals to pass to and from the coastal prairie grassland but to discourage human intrusions in the area;

(c) Preservation of a grassland corridor along the western boundary of the Richmond Field Station property between the prime grassland, and the marsh and shoreline open space areas, in order to allow a variety of fauna to migrate between the two areas; and

(d) Provisions for the installation of a low-lying bridge or a system of culverts under the proposed extension of Lark Drive to the Western property line, to allow the migration of small animals and insects under the roadway and along the grassland corridor.

The Master Plan includes a site diagram (see enclosed Figure 6, Master Plan Elements) that graphically depicts the grassland/wetland areas to be preserved. I would note that the plans for the Richmond Field Station, including those for the reserve, will continue to be subject to the review and approval of the UC Board of Regents. Environmental review of the draft Master Plan is scheduled to restart this fall and approval by the Board of Regents is anticipated in the fall of 1997. However, I assure you that the Berkeley campus administration is committed to both the letter and the spirit of this preservation strategy, and that the Master Plan provides the campus with the necessary policy framework to protect the prime wetlands and grassland areas at the Richmond Field Station.

We thank you for introducing a bill to address the disposition of the 2151 Berkeley Way site and for all your efforts on this project.

Sincerely,

CHANG-LIN TIEN
Chancellor

POINT OF INFORMATION

Assembly Member Speier arose to the following point of information:

That on a previous day a measure which had been substantially amended in the Senate was ruled properly before the House as the subject matter had been heard in policy committee, although the subject matter was a different bill.

Reply by Speaker

The Speaker replied that there were two considerations on the measure referred to: 1) policy issues had been heard in committee; and 2) the bill was not an expansion into new subject areas and that he re-referred the measures to committees earlier today under Assembly Rule 77.2 as those bills were amended to expand into new policy areas.

Point of Information

Assembly Member Speier arose to the following point of information:

That the subject matter of Assembly Bill No. 1841 was heard in committee in a different bill which is consistent with the ruling of the Chair on a previous day.

Reply by Speaker

The Speaker responded that Assembly Bill No. 1841 had previously been re-referred to the Committees on Health and Appropriations in September 1995, based upon substantive Senate amendments. In response to the Point of Information he replied that earlier this month, Assembly Bill No. 1841 was again returned to the Senate and substantially amended. One amendment contained in the bill was an expansion of policy not yet heard in the Health Committee and should, therefore, be re-referred to that committee for review.

Legislative Intent—Assembly Bill No. 2322

August 30, 1996

E. Dotson Wilson
Chief Clerk
California State Assembly

Dear Mr. Wilson: The purpose of this letter is to clarify the legislative intent of AB 2322 (Bates). Amendments adopted on August 20, 1996, added intent language regarding the overall purpose of the bill. Section 17732.1 (a) is meant to convey the legislative intent that the bill not only cover all future placements, but also those eligible children who are residing in specialized foster care homes at the point at which the bill becomes law, January 1, 1997.

Legislative Intent—Assembly Bill No. 2243

August 22, 1996

The Honorable Dotson Wilson
Assembly Chief Clerk
State Capitol
Sacramento, California

RE: AB 2243 (Alpert)

Dear Mr. Wilson: This letter is written to express legislative intent regarding my legislation, AB 2243, relating to gasoline vapor control systems.

One provision of AB 2243 amends Health and Safety Code Section 41954(g). Under existing law, subdivision (g) authorizes local air quality management districts to adopt stricter procedures and performance standards than those adopted by the California Air Resources Board.

AB 2243 does not alter the fundamental authority of districts to adopt stricter procedures and performance standards, as currently authorized by subdivision (g). In fact, all stricter procedures and performance standards adopted by districts prior to July 1, 1995 are unchanged by AB 2243.

Under AB 2243, districts retain the authority to adopt stricter procedures and performance standards after July 1, 1995, subject to the conditions added to subdivision (g) by AB 2243. For example, after July 1, 1995, districts may adopt the stricter procedures and performance standards but, pursuant to paragraph (2) of subdivision (g), may not require the removal or replacement of certified equipment for a period of four years from the date of

adoption of the stricter procedure or performance standard.[1] Additionally, paragraph (4) of subdivision (g) forbids a district from requiring the removal of decertified equipment for a period of four years from the date of decertification.

It is my hope that this letter fully explains the purpose of this provision of AB 2243. Thank you for your willingness to publish this expression of legislative intent in the Assembly Daily Journal.

Sincerely,

DEDE ALPERT, Assembly Member
Seventy-eighth District

[1] The only exception to the four year limitation contained in (g) (2) is the statutorily specfied exception pertaining to the replacement of nozzles with nozzles containing vapor check-check valves by January 1, 1998.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Bowler was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 2515

August 28, 1996

Mr. E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California

Dear Mr. Wilson: AB 2515 was last amended on August 20, 1996. Too late for corrective amendments, the new language was found to contain a technical flaw. The error occurs in Section 11 of the bill, wherein it makes changes to paragraph (4) of subsection (b) of Section 44081 of the Health and Safety Code. In existing law, this section requires the owner of a vehicle confirmed to be a gross polluter to bring the vehicle up to acceptable emissions standards within 30 days or face substantial monetary penalties and potential impoundment of the vehicles. In an effort to provide a reasonable alternative, AB 2515 was amended to allow the owner the option of removing the vehicle from service and obtaining a certificate of nonoperation from the Department of Motor Vehicles (DMV). Unfortunately, this new provision, depending on how it is interpreted, would either be ineffective or would conflict with other existing statutes.

It is my intent that the owner of a confirmed gross-polluting vehicle be given 30 days after the issuance of the notice of noncompliance to exercise one of the following options:

1) Repair the vehicle and obtain a certificate of compliance from a designated test-only facility; or,

2) If it is within 60 days prior to the expiration of the vehicle registration, file a certificate of planned nonoperation with the DMV pursuant to Vehicle Code Section 4604; or,

3) If the registration expires more than 60 days in the future, or if the vehicle is otherwise ineligible for the filing under Vehicle Code Section 4604, surrender the title and license plates, pay any fees which may be due, and obtain a junk receipt from DMV.

With input from both the DMV and the Department of Consumer Affairs, I intend to draft corrective legislation to be introduced during the next legislative session.

Sincerely,

LARRY BOWLER, Chairman
Assembly Transportation Committee

Legislative Intent—Assembly Bill No. 3365

August 28, 1996

Speaker Curt Pringle
State Assembly
Sacramento, California

Dear Speaker Pringle: I would like to submit this letter to the Assembly Journal to clarify the intent of Assembly Bill 3365, relating to gang violence suppression, which I am carrying for the League of California Cities and the California Parks and Recreation Society.

The measure has had no opposition until last week and due to the lateness of the concerns, I was not able to amend the measure and comply with legislative deadlines. I have committed to entering this letter and have secured the commitment of the sponsors to agree to

technical clean up language next year to remove the concerns of the California State Sheriffs' Association.

The language will specify that "community-based" organizations, if funded from the Office Of Criminal Justice Planning's Gang Violence Suppression Program by January 1, 1997, will receive preference over public agency park and recreation, libraries and community services departments in any future funding awards.

This will clarify the intent of the sponsors and the author as this measure applies to the amendments taken on August 6, 1996 in the Senate Appropriations Committee.

Thank you for your attention to this matter and the understanding of the Assembly.

Sincerely,

ROBERT J. CAMPBELL
Member, State Assembly
Eleventh District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Knox was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 3384

August 30, 1996

Honorable Curt Pringle
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California

Speaker Pringle: Assembly Bill 3384 contains four provisions designed to assist charter schools in attaining the goals set up within the Charter School Act. Among the provisions of this bill is the

creation of the Charter School Revolving Loan Fund. Through this fund, charter schools will be able to receive loans from the Department of Education to assist them with their start-up costs.

While in the Senate Appropriations Committee, the Department of Finance requested amendments to this section of the bill, which I reluctantly agreed to. These amendments required that the loaned money be distributed to the charter school's sponsoring school district instead of directly to the charter school itself. As previously drafted, my bill made no reference either way as to how the money would be distributed, which is consistent with existing law regarding charter schools.

It is not my intent, nor the intent of the Legislature, in passing this statute that the language in the aforementioned Section 41365 of the Education Code be interpreted to mean that any funding, other than that specifically identified in Section 2 of AB 3384, for charter schools must pass through the sponsoring school district. The Legislative intent is that this code section will not be construed as an indication of either its approval or disapproval of direct funding for charter schools.

Further, it is the Legislature's intent that 100 percent of any money borrowed by a charter school from the revolving loan fund set up in Section 41365 of the Education Code shall be expended directly at the school site itself.

Sincerely,

WALLY KNOX, Assembly Member
Forty-second District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

On behalf of Speaker Pringle, Assembly Member Battin was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 1487

August 30, 1996

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Re: AB 1487 (Pringle)

Dear Mr. Wilson: This letter is written to express legislative intent regarding those provisions of AB 1487 relating to activities of local planning departments. (Specifically, please see Section 21080.23(a)(6) and (b)(4).)

AB 1487 enacts Public Resources Code Section 21080.23, which exempts projects relating to the maintenance (and closely related activity) of existing oil pipelines from the provisions of the California Environmental Quality Act (CEQA), provided specified conditions are met.

Subdivision (a)(6) requires a project applicant to agree to comply with all conditions "otherwise authorized by law" that a local planning department may impose on any permit in order to mitigate potential impacts of pipeline projects. Similarly, subdivision (b)(4) requires a project applicant to comply with conditions "otherwise authorized by law" that may be imposed by a local planning department on any permit in order to mitigate potential impacts of the proposed project.

It is possible that due to a series of amendments made to AB 1487, questions may arise regarding the precise meaning of subdivisions (a)(6) and (b)(4). Specifically, do these subdivisions confer any new or additional authority on local planning departments to require mitigation of potential impacts of pipeline maintenance projects by applicants? Neither subdivision (a)(6) nor subdivision (b)(4) confers any new or additional authority on local planning departments.

The clear language of both subdivisions and the legislative history of AB 1487 support this position. The August 12, 1996 amendments to AB 1487, which added subdivision (a)(6) and subdivision (b)(4), created ambiguity. It was unclear if those subdivisions granted local planning departments new authority to require mitigation of potential impacts caused by a pipeline maintenance project. Accordingly, AB 1487 was amended on August 21, 1996 to clarify this issue. The August 21, 1996 amendments clearly state that local planning departments may impose conditions on permits to the extent "otherwise authorized by law"—meaning, within the confines of authority planning departments have under existing law unrelated to CEQA. Thus, subdivision (a)(6) and subdivision (b)(4)

merely acknowledge the existing authority, if any, independent of CEQA, of local planning departments to require mitigation of potential project impacts.

AB 1487 removes specified oil pipeline projects from CEQA. Nothing in AB 1487 gives local (or state) government any new or additional authority. On the other hand, AB 1487 does not otherwise impinge on the authority of local planning departments to impose conditions on projects, provided such conditions are "otherwise authorized by law."

Thank you for your cooperation.

Sincerely,

CURT PRINGLE
Speaker of the Assembly
