That Assembly Member Richter limit debate to the merits of AB 407, ruling: point of order well-taken, 1739
That Assembly Member Richter spoke prior to making his motion and therefore, under the rules, his motion is out of order, reply: that he would not entertain motions and appeals that are not consistent with the precedent of the Body, 4257
That Assembly Members Horcher and Machado would be eligible to vote on the Johnson motion to amend the motion by Assembly Member Sher and on the Burton motion to amend the amendment by Assembly Member Johnson, but would not be eligible to vote on the main motion to determine their own qualification, ruling: point of order well-taken, 128
That his motion is a motion to amend the amendment by Assembly Member Johnson and not a motion to amend the main motion by Assembly Member Sher, ruling: point of order well-taken, 129
That HR 38 is before the Body and has not been referred to the Committee on Rules, reply: that consideration at this time would require a temporary suspension of the rules, 5379
That it is not appropriate under the rules that a Member debate the question before the Body and then make a motion, ruling: point of order well-taken and further requested that a motion to offer a substitute motion be submitted to the Desk in writing, 2230
That it is not in order for a Member to ask a question of the author of a bill until the author is on closing time for debate, unless unanimous consent is granted, ruling: point of order well-taken; that no Member may yield time to another Member, in the absence of unanimous consent, 2781
That it is not in order to propose legislation to change statutory law as part of the process of amending the Budget, AB 111, Set 65, 2373; Set 75, ruling: point of order well-taken, that a budget trailer bill would be needed if the proposed amendment is to be enacted, but that the House would proceed to a vote on the amendment at this time, 2417
That language contained in HR 3 is also contained in HR 2, previously considered by the Body, reply: that appropriate action would be rescission of the vote on HR 2 and a subsequent request for unanimous consent for a division of the question as it relates to HR 2, 103
That Legislative Counsel has opined that amendments adopted to SB 2075 are not germane to the bill, ruling: that the amendments referenced were adopted in committee by a majority vote, recommended to the Floor, and were subsequently adopted on the second reading file, and further, that the issue of germaneness of amendments is the decision of the House in which the point of order on the subject at hand is raised. As the amendments were approved on two prior occasions by a majority of the Body considering the amendments, he would rule the amendments germane, 8307
That Members are rising to points of personal privilege when the mentioning of another Member's name does not constitute a point of personal privilege under the rules, ruling: point of order well-taken, 2179
That only amendments that are technical and noncontroversial in nature be taken up for consideration at the close of session (SB 1296), ruling: point of order well-taken, 2953

Points of Order—continued
That only bills or amendments that are technical or noncontroversial should be taken up for consideration at the close of session (SB 1158), point of order well-taken, 2952

That pursuant to Assembly Rule 8 no resolution proposing to amend a rule shall be considered until it has been referred to the Committee on Rules, unless by unanimous consent or 2/3 of the Members present and voting the House suspends Assembly Rule 8, 2326
That the amendments contained in AB 317 are not germane to the bill, 7929
That the amendments offered by Assembly Member Frusetta to SB 1358 are not germane to the bill, ruling: point of order not well-taken, 6234
That the amendments offered by Assembly Member W. Murray to SB 1332 had been read and adopted by the House, ruling: point of order well-taken, 3883
That the Body cannot supersede statutory authority, by motion, unless the motion pertains to House rules, ruling: point of order well-taken, motion by Assembly Member Woods referred to Committee on Rules by Speaker pro Tempore, 2260
That the Committee on Rules had adjourned and Members were present on the Floor prior to a quorum of the House being established and therefore, did not delay the proceedings of the House, reply: that the House would convene in Floor session promptly at 9:30 a.m. on the next legislative day, 2303
That the debate on SB 1358 be limited to the proposed amendments offered by Assembly Member Frusetta; ruling: point of order well-taken, 6234
That the House is not on Motions and Resolutions at this time and therefore, the motion to take up a motion to reconsider immediately is not in order, ruling: that the motion is in order and would carry with a majority of the Members present and voting, 3910
That the mentioning of another Member's name, in and of itself, does not give rise to a point of personal privilege unless it relates to a person as a member of a body or relates to charges against his character which would, if true, incapacitate him for membership, ruling: point of order well-taken, 1475
That the motion by Assembly Member Pringle (re Select Committee on the Insolvency of Orange County), is out of order, ruling: point of order well-taken and referred the motion to Committee on Rules, 2319

BURTON, JOHN L., ASSEMBLY MEMBER—Continued
Points of Order—continued

When SB 2075 was on the second reading file for amendment in the Assembly he stated a parliamentary inquiry as to whether the issue of germaneness was waived when the amendments were adopted on second reading and was advised that the issue of germaneness was not waived, reply: that Assembly Member Burton did state a parliamentary inquiry when SB 2075 was on second reading for amendment; however, the amendments were adopted by the Body at that time. Speaker Pringle further replied that the opportunity to raise the question of germaneness was in order on the second reading file, as it is now on the third reading file, 8307

Parliamentary Inquiry—
At what point in the proceedings would it have been appropriate to direct a parliamentary inquiry to the Chair as to the basis of the Chair's ruling on germaneness?, reply: that it would have been appropriate to state a parliamentary inquiry of the Chair, prior to the motion to appeal from the decision of the Chair having been made, 5717

Can a majority vote of the Members present and voting change the hour of session of the Assembly?, reply: in the affirmative, 2700
Did the Speaker pro Tempore not indicate that an author may answer questions of Members while there is remaining time for debate, and is not a withholding of unanimous consent in order only after all time has expired?, reply: that unanimous consent of the House is required for a Member to yield time to another Member, and that if objection is raised a vote of 2/3 of the Members present and voting is required to suspend the rules, 4588
Have two proponents and two opponents been recognized to debate on SB 671?, reply: that the House had not agreed to limit debate; and further, that the demand for the previous question was sustained, 7392
Is a motion to amend in order if the demand for the previous question is sustained?, reply: that a motion to amend after the demand for previous question was sustained would be in order only in the absence of objection. Under House Rule 80, the motion for previous question takes precedence over the motion to amend, 7070
Is it the position of the Chair that language of a defeated bill may be amended into another bill and the Chair would not rule the amendments substantive?, reply: that the Chair would rule on proposed amendments on a bill-by-bill basis, 6776

After an author has closed debate, is there any opportunity for a Member to ask a question of the author on matters not previously raised during debate?, reply: that the rules clearly state that no Member may yield time to another Member, and if objection is raised it would require 2/3 present and voting to suspend Rule 108, 4587
Are the grounds for your ruling because the amendments proposed on the Floor are not germane or is it the content of the amendments in contrast with the bill (SB 1486)?, reply: that all of the factors mentioned were considered in his ruling on the question of germaneness, 8147
Are the grounds that the subject matter of the bill as introduced is different from the subject matter of the amendments, the reason for your ruling?, reply: that SB 1486 on the third reading file relates to asbestos consultants and site surveillance and the proposed amendments on the Floor completely change the measure; the bill was not amended in committee; the amendments are proposed on the Floor and the amendments are not germane, 8147

ISENBERG, PHILLIP, ASSEMBLY MEMBER—Continued
Parliamentary Inquiry—continued
Can the Speaker clarify as to the precise grounds of the ruling, rather than the conclusion of the ruling?, reply: that the proposed amendments have no bearing whatsoever on the content of the bill (SB 1486); there was no change or redirection of the bill as it moved through committee; that the bill relates to asbestos site surveillance and the proposed amendments would change the bill to relate to minimum wage, 8147
Did the Speaker pro Tempore not earlier advise that the rules and custom and precedent permit Members to ask questions of authors after the author has closed debate and was it not advised that the practice could be changed with an amendment to the rules by the House?, reply: that in the absence of any objection, questions, may be asked of the author after the author has closed debate, provided the author has remaining time for debate, 4587
Do the rules not require bills to be reported to the Desk prior to being placed upon the second reading file?, reply: that some measures did not meet the deadline to be placed upon the second reading file, 4559
Does the Speaker intend to apply the grounds that the subject matter is different on all questions for germaneness for the remainder of the session?, reply: that he would rule on the question of germaneness for the remainder of the session based upon a review of each bill, 8146
If a Member requests to ask a question of an author, does the author no longer have the right to refuse to answer a question?, reply: that Assembly Member Rogan's objection relates to requests to ask questions of the author, after the author has closed debate; and that although the courtesy is normally extended, in the absence of unanimous consent it would require 2/3 of the Members present and voting to suspend Rule 108, 4587
Is it the intention of the House to take up all motions to reconsider on this legislative day?, reply: in the affirmative, 1744
Is it the opinion of the Chair that germaneness of amendments is determined by Legislative Counsel?, reply: that he had ruled on the question of germaneness as it relates specifically to AB 2438, 6810
Is there not language in the rules which requires members elected to an incompatible office to resign their Assembly seat on the 10th day after their certification?, reply: that such language is in HR 10 and based upon that would be usage and precedent of the House, 2064
On a previous matter on a previous day the Chair ruled that amendments were not germane as the subject matter was different from the bill and therefore, not germane. Is the Speaker applying the same standard?, reply: that bills may be amended in committee and that amendments were adopted in committee specifically on this bill, and adopted on second reading by the House, 8308
Were the amendments he offered (AB 850) not offered on separate measures?, reply: in the affirmative, 4649
When SB 2075 was introduced did it not deal with the Penal Code, and does it not now deal exclusively with the Family Code?, reply: in the affirmative; and that the issue of germaneness is determined by a majority of the membership. A majority of the membership of the committee and a majority of the membership of the House made the determination, 8308

ISENBERG, PHILLIP, ASSEMBLY MEMBER—Continued
Parliamentary Inquiry—continued

Points of Order—
That pursuant to Art. IV, Sec. 7(a) of the Constitution and Mason's Manual Secs. 506 and 208, in the absence of a quorum, the House may recess from day to day, ruling: point of order well-taken, 23
The bills in question were not reported to the Desk in compliance with the deadlines, therefore the bills may not be submitted and read three times unless rules are changed. On what authority are rules being changed to permit the bills to be properly before the Body?, reply: that rules of the House are not being changed, 4559

Parliamentary Inquiry—
Based upon custom and precedence of the House, what is the vote required to suspend the rules?, 4558

KATZ, RICHARD, DEMOCRATIC FLOOR LEADER/ASSEMBLY MEMBER—Continued
Parliamentary Inquiry—continued
Can a Member in question vote on either a Demand for Orders of the Day or a motion to determine his/her own qualification, or both?, reply: that there is precedent to allow a Member to vote on a procedural question, but that the Member in question would not be eligible to vote on a motion to determine his/her own qualification; and further, that the House may adopt a new rule to specify a different procedure, 9
Can a Member vote on a motion to determine his/her own qualification?, reply: that a Member cannot vote on a motion to determine his/her own qualification, 9
Can Assembly Member Mountjoy vote on a motion to determine his qualification as a Member of the Assembly?, reply: the Chair replied in the negative, 8
Could a Member in question vote on a motion to adopt a new rule specifying a different procedure?, reply: that the Member in question would be eligible to vote on that procedural question, 9
Custom and precedence of the House has required 2/3 of the Members present and voting for such a motion to carry. What is the basis for the ruling of 40 votes?, reply: that the committees properly reported the bills in compliance with the deadlines and administrative delays prevented the bills from being properly before the House; therefore the bill would be properly before the House if a majority of the House consents, 4558
Do the rules not require that floor amendments to a bill on the third reading file be submitted to the Desk prior to the scheduled start of session?, reply: in the affirmative; that consideration of Set 17 amendments would require a temporary suspension of the rules, 5706
Does Assembly Member Johnson's request require a majority of the Members present and voting?, reply: that Assembly Member Johnson demanded the Orders of the Day under Government Code Section 9023; and that to dispense with the Orders of the Day is the equivalent of a rules suspension of Government Code 9023, 8
Has the subject matter of AB 306 been considered in policy committee?, 3194
Is Assembly Member Johnson requesting unanimous consent for a Call of the Assembly?, reply: that placing a Call of the Assembly requires a majority of the members present and voting, 11
Is Assembly Member Mountjoy eligible to vote on the question before the Body, of whether or not to proceed with other business?, reply: question placed before the Body, Chair replied that Assembly Member Mountjoy is eligible to vote on the procedural question before the Body, 16
Is it the Chair's intention to take up the reconsidered bills on this day's unfinished business file for vote only, without debate?, reply: in the affirmative, 7215
Is it the intention of the author that SB 1354 be amended, ordered reprinted, and be returned to the third reading file?, reply: that the author of the amendments indicates in the affirmative, 7971

KATZ, RICHARD, DEMOCRATIC FLOOR LEADER/ASSEMBLY MEMBER—Continued
Parliamentary Inquiry—continued
Is not Assembly Member Mountjoy's eligibility to vote on a motion to determine his qualification as a Member of the Assembly the equivalent of the Orders of the Day?, reply: that he had previously ruled that the House has the authority under the Constitution to determine the qualification of its Members, 8
Was Assembly Member Knowles granted unanimous consent to waive rules to permit consideration of the amendments that were adopted earlier this day on SB 2046?, reply: that the request to take the measure up out of file order, for purpose of amendment, was put to the House and objection was not raised, 8748
Were the amendments proposed by Assembly Member Battin previously offered and defeated in policy committee?, reply: that amendments may be offered on the Assembly Floor, whether or not offered in policy committee, as the House determines the adoption of amendments, 1972
What is the basis for your ruling (AB 3140)?, reply: that proposed amendments relative to the Office of Family Planning are not germane to the bill and further, Legislative Counsel has opined that the proposed amendments are not germane, 6535
What is the basis of the Chair's ruling?, reply: that AB 2984 is relative to late term abortion and the amendments proposed by Assembly Member Speier are relative to prostate cancer, 6998
When will the Committee on Consumer Protection, Governmental Efficiency, and Economic Development set AB 281 for hearing?, 6212; reply: Speaker pro Tempore Aguiar deferred to Assembly Member Morrissey (Chair), 6213
When were Set 17 amendments to AB 2033 received at the Desk?, reply: that Set 17 amendments were received at the Desk approximately 30 minutes ago, 5705
Points of Information—
That a bill taken up in a previous day of substantially the same effect was a Senate bill and the bill currently before the Body is an Assembly bill (AB 1218), and therefore not within the provisions of Joint Rule 54(c), ruling: point of information well-taken, 3098
That there is an urgency to consider the proposed Conference Report on SB 1330 prior to 6/30/96 but Conference Committee reports should generally be submitted to the Desk as soon as possible to remain on the File permitting Members the opportunity for review, 7620
Points of Order—
That a motion to temporarily suspend the rules is before the Body, and only a vote on the motion is in order at this time, ruling: point of order well-taken; that the procedural motion to temporarily suspend the rules is not debatable, 7978
That Assembly Member Boland did not arise to a point of parliamentary inquiry, relating to procedure of the House, ruling: point of order well-taken, 2066

KATZ, RICHARD, DEMOCRATIC FLOOR LEADER/ASSEMBLY MEMBER—Continued
Points of Order—continued
That Assembly Member Davis has not yet presented her proposed amendments to SB 1486, reply: that the amendments and analysis of the amendments are on the Members' desks, and that the Members are aware of the contents of the amendments from a previous presentation, 8639
That Assembly Member Morrissey speak to the propriety of the motion to withdraw, ruling: point of order well-taken, 1456

After an author has closed debate, is there any opportunity for a Member to ask a question of the author on matters not previously raised during debate? Are all elements of the rules contained in HR 10 in force except for those elements which were adopted on 6/5/95 as a substitute set of rules? (Pringle), reply: reply declined, 2064

Are motions to reconsider passed on file at the conclusion of session if they are not continued? (Escutia), reply: that the House is on unfinished business file at this time, as the Orders of the Day have been demanded, and further, that motions to reconsider are not passed on file, but are continued by unanimous consent, 6698

Are the grounds that the subject matter of the bill as introduced is different from the subject matter of the amendments, the reason for your ruling? (Isenberg), reply: that SB 1486 on the third reading file relates to asbestos consultants and site surveillance and the proposed amendments on the Floor completely change the measure; the bill was not amended in committee; the amendments are proposed on the Floor and the amendments are not germane, 8147
Are the motions by Assembly Member Martinez to place Calls of the Assembly not dilatory? (Knowles), reply: in the affirmative, 4073

PARLIAMENTARY INQUIRIES—Continued

Assembly Member Boland arose to a parliamentary inquiry, point of order (Katz), ruling: point of order well-taken, 2066
Assembly Members Richter and Rogan attempted to implore the process of appeal from the decision of the Chair. As the author of AB 773, is it not appropriate to take up the bill at this time? (Aguiar), reply: deferred to Speaker Allen whereupon she replied that she had proposed amendments to his bill and that the language of Assembly Member Aguiar's AB 773 would be amended into another bill, 2108

At what point in the proceedings would it have been appropriate to direct a parliamentary inquiry to the Chair as to the basis of the Chair's ruling on germaneness? At what point in the proceedings would it be appropriate to make a motion to determine if a Member is duly qualified to vote on the officers of this Body? Can the Speaker clarify as to the precise grounds of the ruling, rather than the conclusion of the ruling? (Isenberg), reply: that the proposed amendments have no bearing whatsoever on the content of the bill (SB 1486); there was no change or redirection of the bill as it moved through committee; that the bill relates to asbestos site surveillance and the proposed amendments would change the bill to relate to minimum wage, 8147
Could a Member in question vote on a motion to adopt a new rule specifying a different procedure? (Katz), reply: that the Member in question would be eligible to vote on that procedural question, 9
Could the House not agree to limit debate to a different amount of time? (Burton), reply: that under the rules a Member is permitted 5 minutes for debate unless otherwise ordered by unanimous consent of the House, 4727

PARLIAMENTARY INQUIRIES—Continued
Custom and precedence of the House has required 2/3 of the Members present and voting for such a motion to carry. What is the basis for the ruling of 40 votes? Did Assembly Member Kevin Murray commit to Assembly Knowles to amend AB 2738 in the Senate? (Thompson), 8943

Given the fact that Assembly Member Bates was recognized under Motions and Resolutions and that Assembly Member Kaloogian followed Assembly Member Bates, at what point did the House move away from Motions and Resolutions? If a Member requests to ask a question of an author, does the author no longer have the right to refuse to answer a question? (Isenberg), reply: that Assembly Member Rogan's objection relates to requests to ask questions of the author, after the author has closed debate; and that although the courtesy is normally extended, in the absence of unanimous consent it would require 2/3 of the Members present and voting to suspend Rule 108, 4587
If a motion was made to dispense with the rules, and since it relates to the next order of business which is the election of Speaker, is it not important for the House to determine who is eligible to vote on a motion to elect a Speaker? (Sher), reply: the Chair replied that procedure is subject to the will of the House, 7

PARLIAMENTARY INQUIRIES—Continued
If the Chair of a committee refuses to set a bill for hearing as requested by an author, is the action consistent with the rules, practices, and procedures of the House; if it is in violation, what remedy does an author have to have the bill acted upon; and does this action not damage the House in the eyes of voters? (Richter), reply: that the Chair of a committee has the authority to cancel a hearing at any time, as well as hold a hearing at scheduled times and dates; that the only remedy a Member would have to have a bill heard after the deadline, would be with unanimous consent of the House, a suspension of the Joint Rules by a vote of 2/3 present and voting; or to re-introduce the legislation in the second year of the session subject to the Joint Rules, 4535
If the demand for previous question loses, would consideration of proposed amendments be the question before the Body? (Allen), reply: the consideration of such amendments would be the next question before the Body, 1191

If the next order of business is the election of Speaker, is it not important for the House to determine if Assembly Member Mountjoy is eligible to participate in that vote? (Sher), reply: that before it is possible to get to the motion to determine qualification of a Member, the House would first have to dispense with the provisions of Government Code Section 9023, 7
If the proposed amendments to AB 2552 are adopted, is it not the decision of the House to re-refer a bill to committee? (Burton), reply: in the affirmative, 6776
If there is a question as to qualification of a Member, is there no way to get to that issue? (Burton), reply: that the House can get to that issue of determining its internal affairs by a majority of the members present and voting, 10

Is a motion to amend in order if the demand for the previous question is sustained? (Bustamante), reply: that a motion to amend after the demand for previous question was sustained would be in order only in the absence of objection. POINTS OF INFORMATION
Assembly Member Knight arose to a point of information, point of information ruled out of order, 2066
If the vacancy on the Committee on Revenue and Taxation was filled today it would not be necessary for the committee to have a subsequent hearing and full debate on the reconsidered bills, as the new member would have opportunity to read the bills and be prepared for vote only (Pringle), 2484
Should not this issue be resolved within the Republican Caucus? (Bustamante), ruling: point of information not well-taken; that Assembly Member Brulte has a motion before the Body, 2066
That a bill taken up in a previous day of substantially the same effect was a Senate bill and the bill currently before the Body (AB 1218) is an Assembly bill, and therefore not within the provisions of Joint Rule 54(c), (Katz), ruling: point of information well-taken, 3098
That a Member may take up proposed amendments to a measure, when the measure is called in order on the Daily File (Burton), reply: that it is the practice of the House to extend the courtesy to the Floor author to pass on file; however, as tomorrow is the deadline to amend measures on third reading, no measures are jeopardized that are not considered for amendment today, 8662
That he was earlier granted unanimous consent to commence with the introduction of bills and commence with business; and further, that the intent of his request was not limited to the introduction of bills (Brown, W.), 15
That it was announced that the House would follow the Orders of the Day, and that measures on this day's file are being passed on file to retain their place on file (Escutia), ruling: point of order well-taken; that heretofore measures not taken up on the file would be passed on file; and further, pursuant to the rules, measures would be placed upon the inactive file upon being passed on file a second time, 6127

POINTS OF INFORMATION—Continued

That it has not been the custom of the House to rely upon Legislative Counsel's definition of substantive or technical amendments as the basis for re-referral to committee, but rather, the review of policy committee staff and review of leadership of both Caucuses to advise the House of the need for policy committee review of Senate amendments (Hannigan), ruling: the point of information well-taken, and further that under the rules, the Chair has the discretion to re-refer bills to policy committee that have been substantially amended in the Senate, 2870

That no seat assignments this session have been approved by the Committee on Rules and that earlier this year seat assignments were made upon Assembly Member Brulte's request of then Speaker Brown (Burton), 2068

That on a previous day a measure which had been substantially amended in the Senate was ruled properly before the House as the subject matter had been heard in policy committee, although the subject matter was a different bill (Speier), reply: that there were two considerations on the measure referred to: 1) policy issues had been heard in committee; and 2) the bill was not an expansion into new subject areas and that he re-referred the measures to committees today under Assembly Rule 77.2 as those bills were amended to expand into new policy areas, 8805

That on a prior session day, Assembly Member Poochigian waived rules to set the aforementioned bills for hearing in the Committee on Appropriations (Pringle), reply: that at the time prior requests were made to waive rules, the bills were not yet referred to the Committee on Appropriations, and that a motion to waive rules, pending referral, is not in order, 2695

That the subject matter of AB 1841 was heard in committee in a different bill which is consistent with the ruling of the Chair on a previous day (Speier), reply: that AB 1841 had previously been re-referred to the Committees on Health and Appropriations in September 1995, based upon substantive Senate amendments. In response to the Point of Information he replied that earlier this month, AB 1841 was again returned to the Senate and substantially amended. One amendment contained in the bill was an expansion of policy not yet heard in the Health Committee and should, therefore, be re-referred to that committee for review, 8805

That there is an urgency to consider the proposed Conference Report on SB 1330 prior to 6/30/6 but Conference Committee reports should generally be submitted to the Desk as soon as possible to remain on the File permitting Members the opportunity for review (Katz), 7620

POINTS OF INFORMATION—Continued
That when Assembly bills are amended in the Senate and returned to the Unfinished Business File in the Assembly, Legislative Counsel indicates whether the amendments are technical or substantive in nature; and further, that it is appropriate that bills with substantive Senate amendments be re-referred to the appropriate policy committee for review (Pringle), 2869

Is it a violation of decorum in debate if a Member refers to the voting record of another Member?, reply: that precedent exists for reference to voting records during the course of debate, 4499

Motion to—
Amend Motion—
Adjourn, motion to the effect that when the next vote is taken to elect a Speaker, if unsuccessful, the House would immediately adjourn; motion ruled out of order, that pursuant to Assembly Rule 84 and custom and usages of the Body, a motion to adjourn cannot be amended and is not debatable, 18
Mountjoy, Assembly Member, moved that he is not a duly elected and qualified Member of the Assembly and further, that he not be permitted to participate since Government Code Section 9171 provides that a Speaker is elected by a majority vote of the duly elected and qualified Members of the Assembly, motion ruled out of order, 10
Mountjoy, Assembly Member, moved that he is not duly elected and qualified to be an Assembly Member representing the 59th Assembly District and therefore is not eligible to participate in the business of the Assembly, 127; motion carried, 135
Unanimous Consent—
AB 930, motion to re-refer, 1743; motion lost, 1776
Notice of Intent—
Remove from Inactive File—
AB 526, 3582
Parliamentary Inquiry—
If a motion was made to dispense with the rules, and since it relates to the next order of business which is the election of Speaker, is it not important for the House to determine who is eligible to vote on a motion to elect a Speaker?, reply: the Chair replied that procedure is subject to the will of the House, 7
If the next order of business is the election of Speaker, is it not important for the House to determine if Assembly Member Mountjoy is eligible to participate in that vote?, reply: that before it is possible to get to the motion to determine qualification of a Member, the House would first have to dispense with the provisions of Government Code Section 9023, 7
Is Assembly Member Mountjoy eligible to vote on a motion to dispense with Government Code Section 9023?, reply: that a motion to dispense with Government Code Section 9023 is a procedural motion and therefore, Assembly Member Mountjoy would be eligible to vote, 7
Nominations and vote having been completed on the question of the Speakership, is this the appropriate time to raise a question as the qualification of votes cast?, reply: as previously ruled, the appropriate time to raise such a question is after a Speaker has been elected, unless, with permission of the Body, that order of business is dispensed with, 12
The earlier request to commence with introduction of bills and commence with business having not been limited; is not a motion to determine the qualification of a Member in order at this time?, reply: that the question of how the House wishes to proceed may be determined by a ruling of the Chair, or the question may be put to the Body, 15

SHER, BYRON, ASSEMBLY MEMBER—Continued
Parliamentary Inquiry—continued
What is the vote required to carry the motion by Assembly Member Richter (Legislative Power and Duties)?, reply: that based upon precedent of 6/5/95, a vote of a majority of the Members of the House, the motion would carry with 40 votes, 4263
Per Diem—
3/26/96, request per diem be waived (Election Day), 5465
Points of Order—
Assembly Member-elect Mountjoy responded to the roll call but is not duly elected and qualified to be the Assembly Member for the 59th Assembly District and therefore, should not be sworn in, 5; ruling: point of order not well-taken, as the House is not a duly constituted Body; therefore, a Member-elect cannot make a motion, 6
That a ruling is not before the Body which is subject to appeal; that the question of whether or not the vote was announced is a "question of fact" rather than a ruling, 1500
That Assembly Member Mountjoy is not duly elected and qualified, and therefore, may not participate in any business in the Assembly, ruling: point of order not well-taken; that the House by a majority of the members present and voting determines its own rules and could therefore dispense with the procedure set forth in Government Code Section 9023, 7
That pursuant to the rules a motion to rescind is not in order on any matter upon which a vote to reconsider has previously be taken, ruling: point of order well-taken, 4059
That the bill (AB 119), as amended in the Senate, contains subject matter that has not been previously heard by the appropriate Assembly policy committee, 3503; point of order withdrawn, 3518
That the motion to recess the Regular Session and convene the Second Extraordinary Session is an inappropriate motion to place before the Body, ruling: point of order well-taken; that it was previously announced that the Second Extraordinary Session would convene on 6/28/95, 2256
That the subject matter of Assembly Member Morrow's motion relating to the Orange County Register is not appropriate for consideration on the Floor, and is out of order, ruling: point of order well-taken, 2320
Rescind Action—
SB 901, committee report received and read, and whereby bill was read second time, amendments read and adopted and bill ordered reprinted and re-referred to committee, motion carried, 2931

Objection Raised, to consideration of further amendments to SB 2075, 8310
Parliamentary Inquiry—
At what point in the proceedings would it be appropriate to make a motion to determine if a Member is duly qualified to vote on the officers of this Body?, reply: that the appropriate time to make the motion is after the House expresses its will to dispense with Government Code Section 9023, 9
Is it not a rule that the same bill may not be introduced twice during the same session?, 7947
Points of Information—
That on a previous day a measure which had been substantially amended in the Senate was ruled properly before the House as the subject matter had been heard in policy committee, although the subject matter was a different bill, reply: that there were two considerations on the measure referred to: 1) policy issues had been heard in committee; and 2) the bill was not an expansion into new subject areas and that he re-referred the measures to committees today under Assembly Rule 77.2 as those bills were amended to expand into new policy areas, 8805
That the bill (AB 616), as amended in the Senate, contains subject matter that has not been previously heard by the appropriate Assembly policy committee, 8845
That the motion to reconsider was made by Assembly Member Kuehl who is absent today, and further, that it was her understanding that Assembly Member Kuehl may wish to offer amendments to the measure, 8589
That the subject matter of AB 1841 was heard in committee in a different bill which is consistent with the ruling of the Chair on a previous day, reply: that AB 1841 had previously been re-referred to the Committees on Health and Appropriations in September 1995, based upon substantive Senate amendments. In response to the Point of Information he replied that earlier this month, AB 1841 was again returned to the Senate and substantially amended. One amendment contained in the bill was an expansion of policy not yet heard in the Health Committee and should, therefore, be re-referred to that committee for review, 8805
Points of Clarification, 6212, 6973

SPEIER, JACKIE, ASSEMBLY MEMBER—Continued
Points of Order—
That AB 1363 appears to be a spot bill and should therefore be re-referred to the Committee on Rules, ruling: point of order not well-taken, 4541
That Assembly Member Boland limit debate to the motion before the Body, ruling: point of order not well-taken, 7253
That Assembly Member Bowler is reading a paper before the Assembly, reply: that under the rules a Member may object to the reading of a paper before the Assembly; a Member is, however, permitted to refer to votes to assist him/her in debate, 4498
That the bill (AB 2696), as amended in the Senate, contains subject matter that has not been previously heard by the appropriate Assembly policy committee, ruling: point of order not well-taken; that the identical subject matter of a different bill was heard in the policy committee, 9146

Prayer, Offered, 73
