that the Chair be consistent with this practice, reply: that although it has  
been the practice to dispense with Calls of the Assembly at the close of

at the request of the author, when permission is granted, 6835

Did the Chair not announce that one further Call of the Assembly would be placed?, reply: that a limit of two Calls of the Assembly on any matter is the established custom and precedent of the House, but it is not the established custom and precedent to permit an additional Call of the Assembly by the opposite side of the prevailing vote, 3012

Does a request for immediate enrollment not require unanimous consent of the House?, reply: that a request for immediate enrollment of a bill may be granted by unanimous consent, but upon the objection of one Member, the motion would carry with a majority of the Members present and voting, 7751

Should the motion by Assembly Member Battin carry, will the pending amendments be before the Body?, reply: that the motion before the Body is to take up ACR 28, against the wishes of the author, which requires a majority of the Members present and voting to carry, 831

What is today's date and when is "Crime Victims' Rights Week"?, reply: that there are 10 days in which to consider ACR 28 prior to the week of 4/13-19, 1997, which is "Crime Victims" Rights Week", 830

Would a pass on file action not further delay consideration of the resolution?, reply: in the affirmative; that if there is objection to a request to pass and retain on a measure, a rules suspension requiring 2/3 of the Members present and voting would be required to pass and retain, otherwise the measure would be passed on file, 830

## GOLDSMITH, JAN, ASSEMBLY MEMBER—Continued

## Parliamentary Inquiry—continued

Is the Chair ruling on the terms of availability?, reply: that she had not ruled on the terms of availability but rather responded to the parliamentary inquiry of Assembly Member Kaloogian, 2874

What is the Chair's ruling as to whether the vote required for passage of AB 83 is 2/3 or majority vote?, reply: that the Speaker pro Tempore is in consultation with the Legislative Counsel on this matter, 2629

What is the vote required for passage of SB 202?, that SB 202 is appropriately keyed by Legislative Counsel to require 41 votes for passage, 4199

## Petitions—

California Constitution Art. XIII A (3), Proposition 13, petition relative to the vote requirement for tax increase measures, pursuant to (presented by Goldsmith and signed by Assembly Members Ackerman, Aguiar, Alby, Ashburn, Baldwin, Battin, Baugh, Bordonaro, Bowler, Brewer, Campbell, Cunneen, Firestone, Frusetta, Goldsmith, Granlund, House, Kaloogian, Kuykendall, Leach, Leonard, Margett, McClintock, Miller, Morrissey, Morrow, Olberg, Oller, Pacheco, Poochigian, Prenter, Pringle, Richter, Runner, Takasugi, Thompson, and Woods), 2706

## Points of Order—

SB 5 is a tax levy and requires 2/3 vote for passage, 4738, reply: that Legislative Counsel has keyed SB 5 to require a majority vote for passage, 4738

What is the Chair's ruling as to whether the vote required for passage of AB 1291 is 2/3 or majority vote?, reply: that the bill is keyed 41 votes by Legislative Counsel and the 2/3 vote requirement indicated in the Daily File is a clerical error; however, the Chair would rule subsequent to conferring with Legislative Counsel, 2628

## Question of Privilege—

Opinion No. 10846 (1981), request the House, through the Speaker, request Legislative Counsel release a copy of the written legal opinion rendered, upon which rulings have been based, that tax increase measures may be passed with a majority vote, if such measures are revenue-neutral. The referenced opinion is requested in order to review the basis for previous rulings, reply: Speaker pro Tempore Kuehl took the question under consideration and deferred ruling until such time as the question of attorney/client privilege could be reviewed in consultation with Legislative Counsel, 2788; renewed question of privilege based upon Government Code Section 10207(a) permitting Legislative Counsel to release an opinion on the basis of public interest, thereby overcoming the objection of Legislative Counsel based upon attorney client privilege (Goldsmith), ruling: that it was not proper to request that Legislative Counsel release the reference opinion of 1981 based upon the following: 1.) an opinion had been requested of Legislative Counsel by Assembly Member Goldsmith and such opinion would postdate any opinion rendered to a former Member; 2.) under attorney client privilege Legislative Counsel may determine what public interest requires; and 3.) pursuant to Government Code Section 10208 Legislative Counsel may release material arising out of attorney client privilege with a former Member, if that Member is not available to execute a release, 2873

Withdraw from Committee—

AB 1008, 952; motion to withdraw, 1108; motion lost, 1109

Parliamentary Inquiry—

Are amendments of 25 words or less in order on the measure, once debate has begun?, reply: that the motion to amend is in order pursuant to Assembly Rule 80, 5545

Did the Presiding Officer not announce that the demand for the previous question was sustained and was Assembly Member Morrow not recognized to speak before a roll call was demanded?, reply: that he had recognized the demand for a roll call after announcing the demand for the previous question was sustained, consistent with precedent on a previous day, 9150

If measures passed on file on the Third Reading file are returned to prior to the close of the session day, when does the House return to measures on the Second Reading file?, reply: that measures passed temporarily on file are returned to prior to adjournment; measures passed and retained are retained on the file without penalty; and measures passed on file the first time are not available for consideration on that day, and further, on the second pass on file are placed upon the inactive file, 957

In the absence of unanimous consent of the House, what is the vote threshold required to permit the use of charts to assist in debate on the Floor?, 874; reply: that a motion to permit the use of charts during debate on the Floor, would carry by a majority of the Members present and voting, 875

KALOOGIAN, HOWARD, ASSISTANT REPUBLICAN LEADER/ASSEMBLY MEMBER—Continued

Parliamentary Inquiry—continued

Is there not a rule that permits two calls of the Assembly to be placed on a measure?, reply: that while a rule does not exist, it is the established custom and practice of the House to permit two Calls of the Assembly on any matter, but that in this case, courtesy was extended for a third Call of the Assembly, 3011

What is the Chair's definition of the term "available" as it relates to Government Code Section 10208, and is a person considered "available" if they simply refuse to execute a release?, reply: that if a person is available to execute a release, a refusal to execute is the same as execution of a release in terms of the point of availability; a person is considered legally available if they are asked if they wish to execute a release and they refuse; and further, that in the 80 years a person has been considered not available either because of death, or being out of the country, 2874

What is the custom and precedent as it relates to the number of Calls of the Assembly permitted on each bill?, reply: that it has been the custom and precedent to permit three Calls of the Assembly on a measure, 6168

What is the policy of the House with respect to the number of Calls of the Assembly permitted on any question and will opposition be permitted an equal opportunity for Calls of the Assembly as the proponents on a question?, reply: that it has been the policy to permit 3 Calls of the Assembly on any question, 9500

What is the vote threshold for passage of SB 1577?, reply: that the Legislative Counsel keyed the bill requiring a majority vote for passage, 8345

Would the Chair provide direction as to how to achieve video recording of all committee proceedings, as well as the existing audible microphone system, so that committee deliberations may be referred to at a future date?, reply: suggested that Assembly Member Kaloogian discuss the matter with the Chair of the Televising the Assembly and Information Technology Committee, Assembly Member Alquist, 1102

Point of Information—

Has it not been the established practice that the proponent is permitted two Calls on a measure and the opposition is permitted the third Call on a measure?, ruling: point of order well-taken, 6168

Points of Order—

After an author has closed debate the demand for the previous question is not in order, ruling: point of order well-taken, 1982

The Chair ruled earlier that it was in order to debate fiscal implication of the motion to withdraw SB 6 from the Committee on Appropriations, and debate by Assembly Member House is therefore in order, ruling: point of order not well-taken, that Assembly Member House's remarks were not limited to fiscal implications, 4246

When measures are taken up for reconsideration in committee it is for vote only; that no testimony is taken, no witnesses are called, and there is no opportunity to deal with the issues; and that each measure is individual and was dealt with differently in committee, reply: that the question of whether every point in argument is made is not the basis of a ruling on the dilatory nature of a motion; the ruling concerning the dilatory nature of a motion goes to whether or not the business of the House is being held back by the repetition of the same event, 1028

## LEONARD, BILL, REPUBLICAN LEADER/ASSEMBLY MEMBER—Continued

## Parliamentary Inquiry—continued

- By what Rule does an author amend a defeated bill, prior to the House granting reconsideration?, reply: that pursuant to Joint Rule 23.5 if a bill fails to receive the necessary votes to make all sections effective, an amendment to remove all sections requiring the higher vote for passage from the bill shall be in order prior to the consideration of further business, 2396
- Does Democratic leadership concur with the re-referral of AB 2795 to committee?, reply: in the affirmative, 9155
- For what purpose is the request made to take up ACA 30, without reference to file?, reply: deferred to Assembly Member Murray whereupon he replied that today is the deadline for consideration of constitutional amendments for the November ballot, 7616
- Has AB 1291 been heard by the Committee on Appropriations in the form that is before the Body?, reply: that AB 1291 was reported from the Committee on Appropriations on 5/29/97 and the Chair of the committee has not requested re-referral, 2630
- Has the author of SB 50 requested to set the bill for hearing?, reply: that she did not have the information to reply to the inquiry, 5737
- How can SB 477, which was removed from the Consent Calendar earlier this day, be taken up for consideration?, reply: that when a measure is removed from the Consent Calendar it is not eligible for consideration until the next legislative day, 3332
- If proposed amendments are adopted and SB 930 is re-referred to the Committee on Judiciary, would an affirmative vote of the Committee be required to report the bill to the Assembly Floor?, reply: in the affirmative, 8007
- Is Assembly Member Aroner debating the merits of SB 285?, reply: that Assembly Member Aroner was addressing intent language of SB 285 and previous Members had debated SB 285, and that Assembly Member Leonard's point of inquiry was not well-taken, 2260
- Is it appropriate to invoke Assembly Rule 104 to require that the members of the Committee on Public Employees, Retirement and Social Security declare to the House their reasons for not voting when AB 2357 was heard in the committee?, reply: that Assembly Rule 104 could have been appropriately invoked at the time the bill was heard in committee, 6951
- Is it appropriate to request to invoke Assembly Rule 104 at this time to require Members to vote on the motion to withdraw AB 2357 from committee?, reply: the Speaker replied that whether or not the Members are required to vote is a discretionary power of the Speaker under Assembly Rule 104, and that he would not invoke the rule, 6953
- Is it not appropriate that those measures on the Senate third reading file without designated Assembly Floor authors be passed on file at the end of the session day?, reply: that numerous Senate bills are on the Senate third reading file for the first day and that the Senate is being contacted to designate Assembly Floor authors, 7625
- Is it permissible under Joint Rule 23.5 to amend a bill, other than an amendment to remove the urgency clause?, reply: that an amendment to delete the urgency clause has the effect of changing the effective date of the bill and is consistent with the rules, 5275

LEONARD, BILL, REPUBLICAN LEADER/ASSEMBLY MEMBER—Continued  
Parliamentary Inquiry—continued

Is it possible to re-refer AB 338, with the proposed amendments, to committee? reply: in the affirmative, stating that a waiver of Joint Rule 61 would be required prior to hearing, 5207

Is it Speaker Villaraigosa's intention to expedite AB 2675 to the Governor today, if the rule waiver is granted and AB 2675 is concurred in?, reply: deferred to Speaker Villaraigosa whereupon he replied that the request made to the Body was a request to suspend the rules to permit consideration of AB 2675, 7750

Is it the intention of the Chair to move to consideration of the Daily File, and further, as rules were waived on a previous day to expedite the process as it relates to SCA 12, is the resolution being taken up on this day? reply: that several Members are excused on this day; that the House is still under Motions and Resolutions, and that Members may request to take up their measures on the Daily File, 5442

Is it the intention of the Chair to recess the House to permit the Committee on Elections, Reapportionment and Constitutional Amendments to meet?, reply: in the affirmative, 5482

Is the Second Reading file not one of the Orders of the Day, and are committee reports and amendments on Second Reading not before the House for acceptance or rejection?, reply: that historically bills have not been taken up on the Second Reading file, 955

Is today the deadline for consideration of all measures for the November ballot?, reply: that today is the statutory deadline pursuant to the Elections Code, 7616

What is the intention of the author with respect to hearing ACA 5 today?, reply: deferred to Assembly Member Mazzoni, who stated that it was her intention to hear ACA 5 in the Committee on Education, whereupon the resolution would be re-referred to the Committee on Elections, Reapportionment and Constitutional Amendments. It would further be requested that rules be waived to permit the Committee on Elections, Reapportionment and Constitutional Amendments to hear and report ACA 5 from committee today, and to take the measure up for passage today, 5481

When will SB 477 be eligible for consideration?, reply: that in the absence of unanimous consent for a suspension of the Rules, SB 477 is eligible for consideration at the next Floor session which is scheduled for 7/24/97, 3332

Would it be in order for an author of a third set of amendments to move to amend the substitute amendment?, reply: that pursuant to Assembly Rule 91 no amendment to an amendment may be amended. The Knox motion to offer a substitute motion to amend the Vincent amendment is before the Body. If the Knox motion loses, the Vincent amendment is before the Body; and if the Knox motion carries, the Knox amendment would then be before the Body, 3885

Would measures for the November ballot, presented to the Body after today's date, be ruled out of order by the Presiding Officer?, 7617

Points of Information—

That objections raised on the previous measure (AB 1291), are also in order on AB 83, but will not be renewed, 2631

## LEONARD, BILL, REPUBLICAN LEADER/ASSEMBLY MEMBER—Continued

## Points of Information—continued

When will committee appointments be made?, reply: that she is advised by the Speaker that committee appointments will be announced by the end of January, and that historical review shows this to be consistent with the average timeshare, 192

## Points of Order—

Although the appropriation has been amended out of AB 1656, Assembly Member Pringle's debate is appropriately addressed to the Budget bill as a spending plan and is consistent with debate permitted earlier this day, 7304

His motion to adjourn to a time certain is offered as a substitute to the motion before the Body, ruling: that a substitute motion is treated as a motion to amend under the Assembly Rules and as a motion to adjourn may not be amended, the motion is therefor, out of order, 7753

If the motion to adjourn is put to the House, and the motion carries, the ability to speak on condition of the file is foreclosed to the Members, as the House will then be adjourned, reply: that Members would not be precluded by the Chair from speaking on condition of the file, 7753

Legislative Counsel digests are not printed in the Daily File on all measures, reply: that in lieu of the digest, analyses of Senate amendments to Assembly bills are available in the laptop computers and on the Members' desks, 4541

The question before the Body today relative to the propriety of the Olberg motion to withdraw AB 2357 from committee is whether or not a quorum was present at the committee hearing and whether committee Members had an opportunity to hear the debate and vote on the bill, and therefore it is in order to invoke Assembly Rule 104 today as it relates to the Members of the committee, ruling: that the request to invoke Assembly Rule 104 as it relates to the vote on AB 2357 in the Committee on Public Employees, Retirement and Social Security was denied, 6951

Are the amendments (AB 1401) at the Desk?, reply: in the affirmative, 954

## McCLINTOCK, TOM, REPUBLICAN WHIP/ASSEMBLY MEMBER—Continued

## Parliamentary Inquiry—continued

- Assembly Member Shelley agreed to proposed amendments to SB 1136 during previous debate, and as the bill has not been amended in the Assembly and will be sent to enrollment and to the Governor, by what process will the agreed to amendments be adopted?, reply: that the Senate could return the bill to the Assembly for further amendment, 6836
- By what parliamentary authority does the Chair limit debate without permission of the House?, reply: that debate would be limited by agreement of leadership of each Caucus, 2419
- By what rule is the Chair applying a procedural motion to the motion by Assembly Member Battin to adopt the resolution?, reply: that the motion by Assembly Member Battin was to take up ACR 28, 832
- Did the Presiding Officer announce that although controversial measures have been deferred to the final days of session, leadership has agreed to limit debate on the important issues before the Body?, reply: that the mutual agreement by leadership is an attempt to expedite the business of the House in the final 3 days of the legislative session and that such agreement is to limit the length of the debate and not a limit on the number of Members who wish to be recognized to debate, 9002
- Do the Rules not prohibit the meeting of committees while the Assembly is in session?, reply: in the affirmative; however, such rule may be waived by unanimous consent of the House, and has routinely been done, 9004
- Do the Rules not provide for measures to be passed on file twice and be placed upon the inactive file?, reply: in the affirmative; that in the absence of unanimous consent to a request to pass and retain, a measure may be passed on file and placed upon the inactive file subsequent to the second request to pass on file, 830
- Does Assembly Rule 69(a) not provide that proposed amendments of 25 words or less need not be in writing, but may be read by the Clerk in its entirety?, reply: that proposed amendments of 25 words or less may be read by the Clerk, or the Chair may request that the amendments be submitted in writing, 879
- Does Mason's Manual not state that the entire question is opened to debate by the motion to reconsider?, reply: in the affirmative, 971
- Does the attempt to limit debate apply to the education bond measure and the measure impacting a ballot proposition on today's File?, reply: that it was agreed by leadership of both Caucuses that debate would be limited as he had announced, 9002
- Have committee amendments to AB 1402 been adopted?, reply: in the negative as the Second Reading file has not been read, 957
- If a request for immediate enrollment of a bill is not granted, does a measure not go to enrollment upon adjournment of the House?, reply: that the request made today was to take up AB 2675, without reference to file, in mock-up form. Therefore, if Senate amendments are concurred in, the bill would be ordered to print, and sent to enrollment on the next calendar day, at the earliest, 7750

McCLINTOCK, TOM, REPUBLICAN WHIP/ASSEMBLY MEMBER—Continued  
Parliamentary Inquiry—continued

If a Senate bill has not been amended in the Assembly, it is sent to the Governor upon passage by the Assembly, would the Assembly not have to rescind passage of the bill to permit the adoption of amendments in this House, and return the bill to the Senate for concurrence?, reply: Speaker pro Tempore suggested that Assembly Member McClintock confer with Assembly Member Shelley, the Floor author, as to the procedure by which proposed amendments may be adopted, 6836

Is a motion to adopt ACR 28 not the property of the House, and is it not in order for any Member to move adoption?, reply: in the affirmative, 831

Is it Speaker Villaraigosa's position that it is within the purview of the Speaker to prevent a measure from being presented to the Governor after it has been approved by the House?, reply: that she did not believe that to be the Speaker's position and further replied that a majority of the Members present and voting would sustain a request to order a bill to immediate enrollment, 7750

What would be the effect if unanimous consent were withheld on a request to pass temporarily on file if the Orders of the Day were demanded previously?, reply: that if unanimous consent were withheld on a request to pass temporarily on file, it would require 2/3 present and voting to suspend the Rules to permit a measure to be passed temporarily on file, 9482

Points of Information—

At what time will the Assembly convene tomorrow?, reply: that the Assembly will convene in Floor session upon adjournment of the Committee on Appropriations, upon Call of the Speaker, 2098

Does the Chair plan to distribute the document he submitted to the Desk which he would like to provide to the Membership?, reply: approved the distribution of the document and directed the Sergeants to distribute to the Membership, 1020

To what time is the motion to adjourn?, reply: that the motion is to adjourn upon Call of the Speaker, 7935

Points of Order—

Assembly Member Baugh's allotted time of 5 minutes for debate has not expired, ruling: point of order well-taken, 9406

Assembly Member Floyd is making a personal attack on another Member and should be called to order and asked to apologize for comments made under condition of the file, and if he declines, should be asked to be seated, ruling: that remarks under condition of the file must pertain to matters making it inadvisable for the Assembly to adjourn, and that she would not countenance such remarks under condition of the file, 2102

Assembly Rule 66.7 forbids a Budget from being brought to the Floor with a reserve of less than 3%. Does AB 107 meet that requirement?, ruling: Speaker Bustamante ruled that AB 107 will be taken up for consideration at this time, 3613

Pursuant to Mason's Manual it is not in order for a Member to attack the motives of another Member during debate, ruling: point of order well-taken, 883

That Assembly Member Caldera be called to order for making a personal attack on another Member, reply: requested that Assembly Member Caldera confine remarks to the merits of the bill, 2309

## McCLINTOCK, TOM, REPUBLICAN WHIP/ASSEMBLY MEMBER—Continued

- That pursuant to Mason's Manual when a motion has been reached on the file it is appropriate to be taken up by a Member, ruling: point of order not well-taken; that Mason's is the authority only when Assembly Rules do not supersede, 955
- The amendment is at the Desk and it is in order to take it up, ruling: point of order not well-taken; that the amendments to AB 1401 have not been read, and Assembly Member McClintock is not in order to take it up, 955
- The motion to reconsider as it relates to AB 1286 was continued earlier this day, ruling: point of order not well-taken; that the motion to reconsider as it relates to AB 1286 was passed temporarily on file, 1413
- There is no motion pending before the Body except the Papan motion for temporary suspension of the Rules to limit debate, and therefore, the Papan motion is an Incidental Main Motion and fully open to debate, ruling: that the motion by Assembly Member Papan is for a temporary suspension of the Rules, and ruled point of order not well-taken, 2417
- Under Assembly Rule 2, a majority of the Members present and voting may set the time to which to adjourn, reply: that Assembly Member Leonard's substitute motion to adjourn to a time certain is not in order as the motion to adjourn was made and seconded, and is not amendable or debatable, 7753
- Under the Rules, any Member may request a roll call vote of the House if there is doubt as to the vote, ruling: that a roll call may be demanded by 3 Members of the House, 8699

## Parliamentary Inquiry—

Does AB 602 not require unanimous consent to be taken up for consideration, in mock-up form, without reference to file?, reply: that it has been the established precedent that all measures are published in a Supplemental File on the last day to pass bills in the Assembly, and are therefore not without reference to file, 4747

If such a motion carries requesting that Joint Rules Committee develop a policy, what is the binding effect on the Joint Rules Committee?, reply: that the motion “directs” Joint Rules Committee to develop a policy, and as a directive of the House, would be binding, 3502

If the Legislative Counsel is the authority to key the vote requirement of a bill, is the Chair’s ruling on a vote requirement, as printed on the bill, subject to appeal?, reply: that the Legislative Counsel advises the House and if a point of order is raised by a Member, and ruled upon by the Chair, a Member may move to appeal from the decision of the Chair, 2629

Is a request that Rules Committee develop a policy the proper subject matter of a motion?, reply: that the subject matter of the motion was properly before the Body, 3502

Is it not possible to vote procedurally to grant the necessary rule waivers to permit the bill, with amendments, to be heard in committee? reply: that a procedural vote on a Resolution to suspend rules would be contingent upon a meeting of the Rules Committee to grant permission of the request, 5207

Is it not the process of this House that measures are moved through the committee process and brought to the Floor for debate after approval by a majority of the Members of the committee?, reply: in the affirmative, 1029

Is it not true that committee amendments to ABs Nos. 1401 and 1402 were adopted earlier this day by unanimous consent of the Body?, reply: that the committee amendments were adopted by unanimous consent, but Assembly Member McClintock noticed reconsideration on the adoption of committee amendments to two measures and is taking up his motion at this time, 971

Was AB 1401 not passed on file prior to Assembly Member McClintock’s request?, reply: that at this time Assembly Member McClintock’s appeal from the Decision of the Chair is before the Body, 956

## Points of Order—

Assembly Member Ashburn is not limiting debate to the merits of the motion to withdraw from committee, ruling: point of order well-taken; further citing Mason’s Manual, Sec. 491.4, 1111

Assembly Member House was recognized earlier to speak on the bill and under the Rules, a Member may not be recognized to speak more than once on the same question, reply: that Assembly Member House was not speaking on the bill, but rather, asking a question of the author on the author’s closing time for debate, 1488

## MURRAY, KEVIN, ASSEMBLY MEMBER—Continued

## Points of Order—continued

- Assembly Member Miller is speaking on the merits of the bill and not confining debate to the merits of the motion to withdraw AB 1406 from committee, ruling: point of order well-taken, 1025
- Assembly Member Morrissey is not limiting debate to the merits of the motion to withdraw AB 165 from the Committee on Public Safety, ruling: point of order well-taken, 1557
- Assembly Member Olberg is not limiting debate to the merits of the motion to withdraw from committee, ruling: point of order well-taken, 1110
- If the amendments have been ruled out of order, the author may not extend courtesy to the consideration of proposed amendments, ruling: point of order well-taken; that the author may pass and retain on his measure, or may take the measure up for consideration, 2197
- That Assembly Member McClintock is reading a paper on the Floor, ruling: point of order well-taken; but that a Member may refer to notes during debate, 971
- That Assembly Member Olberg limit debate to the merits of the motion to withdraw AB 2357 from committee, ruling: point of order well-taken, 6949
- That the amendments offered by Assembly Member Miller to AB 2257 are not germane to the bill, ruling: point of order well-taken; that the amendments offered are not germane to the bill, 6943
- That the amendments offered by Assembly Member Richter to AB 2439 are not germane to the bill, reply: that Assembly Member Richter had not opened debate on the proposed amendments, 6946
- The motion by Assembly Member Runner did not specify a committee of re-referral, and is therefore not in order, ruling: point of order well-taken, 5256
- The motion to withdraw AB 1403 from committee, and other motions to withdraw bills from committee on this day's file, are dilatory, 1028

## Parliamentary Inquiry—

- If the Villaraigosa motion to offer a substitute amendment carries (accepted by the Body) thus placing the Villaraigosa amendment before the Body, is it in order to propose an amendment to the Villaraigosa amendment?, reply: if the motion to offer a substitute amendment carries, the amendment would then become the primary amendment, and it would be in order to propose an amendment to that amendment, 877
- If the Villaraigosa motion to offer a substitute amendment is laid upon the table, is the Olberg amendment before the Body for consideration?, reply: in the affirmative, 877
- If three Calls of the Assembly are permitted as relates to AB 1699, will opponents to the measure be given an opportunity to place a Call of the Assembly if requested?, reply: in the affirmative, 7120
- Is it the intention of the Chair to permit debate on proposed amendments to SB 34?, reply: that the motion to table amendments offered by Assembly Member Miller concluded further debate on the proposed amendments, 8292
- Is it the opinion of the Chair that if the Villaraigosa motion to offer a substitute amendment carries, the Villaraigosa amendment would become the primary amendment?, reply: in the affirmative, 877
- Is the proposed Baugh amendment to AJR 8 not before the Body at this time?, reply: in the negative; that the Baugh amendment was laid upon the table, and therefore AJR 8 is before the Body for consideration, 1181
- Is there an agreement by leadership to limit debate to two proponents and two opponents on each measure?, reply: that the House may decide to close debate by a majority of those Members present and voting, 7192
- What is the policy of the House with respect to the number of Calls of the Assembly permitted on any matter?, reply: that it has been the general practice to permit two Calls of the Assembly on any matter, 7120
- What is the proper motion to permit additional time for debate?, reply: that the demand for the previous question was sustained and Members may ask questions of the author on his closing time for debate, 9364
- What will be the Chair's policy on permitting an additional Call of the Assembly by the opposition on the Papan motion?, reply: that the Papan motion would remain on Call of the Assembly for the final time, until completion of further business of the House, 3234
- Will it be consistent policy of the House to permit two Calls of the Assembly on every matter before the Body?, reply: that it has been the practice of the House to permit two Calls of the Assembly by the proponents of any matter before the body, and two Calls of the Assembly by the opponents. However, the House may determine the policy as it relates to Calls of the Assembly by a majority of the Members present and voting, 7120

## Points of Order—

- Assembly Member Aroner is not limiting debate to the merits of the motion to withdraw this bill from committee, but rather to an earlier motion, ruling: point of order not well-taken; that Assembly Member Aroner had not responded on earlier motions to withdraw, and is in order to speak on the propriety of the motions to withdraw, 1112
- Assembly Member Baca is not limiting debate to the propriety of the motion to withdraw SB 6 from committee, ruling: point of order well-taken, 4245

- Are the amendments before the Body for consideration, or is the motion to reconsider adoption of amendments before the Body? (Bowen), reply: that the motion before the Body is the McClintock motion to reconsider adoption of committee amendments to AB 1401 and further, that debate be limited to the motion to reconsider, 971
- Are the amendments (AB 1401) at the Desk? (McClintock), reply: in the affirmative, 954
- By what rule is the Chair applying a procedural motion to the motion by Assembly Member Battin to adopt the resolution? (McClintock), reply: that the motion by Assembly Member Battin was to take up ACR 28, 832
- Do the Rules not provide for measures to be passed on file twice and be placed upon the inactive File? (McClintock), reply: in the affirmative; that in the absence of unanimous consent to a request to pass and retain, a measure may be passed on file and placed upon the inactive file subsequent to the second request to pass on file, 830
- Does Assembly Rule 69(a) not provide that proposed amendments of 25 words or less need not be in writing, but may be read by the Clerk in its entirety? (McClintock), reply: that proposed amendments of 25 words or less may be read by the Clerk, or the Chair may request that the amendments be submitted in writing, 879

- If the motion carries, is the resolution, and any pending amendments, before the Body? (Pringle), reply: that if the motion by Assembly Member Battin carries by a majority of the Members present and voting, the resolution and amendments would be before the Body, 832
- If the motion of Assembly Member Battin carries, would ACR 28 be presented by the author? (Ducheny), reply: in the affirmative, 832
- If the Villaraigosa motion to offer a substitute amendment carries (accepted by the Body) thus placing the Villaraigosa amendment before the Body, is it in order to propose an amendment to the Villaraigosa amendment? (Olberg), reply: if the motion to offer a substitute amendment carries, the amendment would then become the primary amendment, and it would be in order to propose an amendment to that amendment, 877

## PARLIAMENTARY INQUIRIES—Continued

April 1997—continued

- If the Villaraigosa motion to offer a substitute amendment is laid upon the table, is the Olberg amendment before the Body for consideration? (Olberg), reply: in the affirmative, 877
- In the absence of unanimous consent of the House, what is the vote threshold required to permit the use of charts to assist in debate on the Floor? (Kaloogian), 874; reply: that a motion to permit the use of charts during debate on the Floor, would carry by a majority of the Members present and voting, 875

- Is an Assembly Concurrent Resolution required to be passed by both Houses? (Pringle), reply: in the affirmative, 830

- Is it not the custom and precedent of the House to immediately take up the main motion after proposed amendments have been disposed of? (Pringle), reply: that the Villaraigosa motion to dispense with Calls of the Assembly carried and would therefore dispense with the pending Call of the House, 1181
- Is it not the process of this House that measures are moved through the committee process and brought to the Floor for debate after approval by a majority of the Members of the committee? (Murray), reply: in the affirmative, 1029
- Is it not true that committee amendments to ABs Nos. 1401 and 1402 were adopted earlier this day by unanimous consent of the Body? - No Members were recognized to debate in support of the Miller motion to withdraw from committee prior to debate being closed by the demand for the previous question. Does the Chair contend that it is dilatory to permit other Members with motions to withdraw on this day's file an opportunity to participate in debate? (Pringle), reply: that it is dilatory to bring these motions to the Floor, that Assembly Member Miller's arguments can be made in committee as each of the measures (with the exception of one) are on reconsideration in committee, 1028
- Should the motion by Assembly Member Battin carry, will the pending amendments be before the Body? (Bustamante), reply: that the motion before the Body is to take up ACR 28, against the wishes of the author, which requires a majority of the Members present and voting to carry, 831
- Was AB 1401 not passed on file prior to Assembly Member McClintock's request? (Murray), reply: that at this time Assembly Member McClintock's appeal from the Decision of the Chair is before the Body, 956
- What is the basis of the Chair's ruling? (Bordonaro), reply: that the amendments relate to pornographic materials and violence against women and the resolution relates to regulation of tobacco, and therefore the amendments are not germane to the title and subject matter of ACR 4, 1178
- What is today's date and when is "Crime Victims' Rights Week"? (Bustamante), reply: that there are 10 days in which to consider ACR 28 prior to the week of 4/13-19, 1997, which is "Crime Victims' Rights Week", 830
- Will the Chair advise as to what amendments are on the Second Reading file? (Villaraigosa), reply: that measures on the Second Reading file have been reported from committees to be read a second time and ordered to Third Reading or re-referred to a second committee; or reported from committees with amendments to be adopted and the measures ordered to Third Reading or re-referred to a second committee, 957
- Will the House not now proceed with custom and precedent and take up AJR 8 for consideration at this time?(Pringle), reply: that in the absence of objection the House may return to consideration of AJR 8, rather than dispensing with further Calls of the Assembly pursuant to the Villaraigosa motion, 1181
- Would a pass on file action not further delay consideration of the resolution? (Bustamante), reply: in the affirmative; that if there is objection to a request to pass and retain on a measure, a rules suspension requiring 2/3 of the Members present and voting would be required to pass and retain, otherwise the measure would be passed on file, 830
- Would a substitute motion, such as a motion to place upon the inactive file, be in order? (Floyd), reply: that it is always in order for the author to request that the measure be placed upon the inactive file, 831

## PARLIAMENTARY INQUIRIES—Continued

## PARLIAMENTARY INQUIRIES—Continued

August, 1998—continued

- Is it not difficult to expedite the business of the House if leadership reaches agreement with respect to vote adds and vote changes, if the respective Caucuses do not respect the agreement? (Shelley), reply: that if agreement is breached, there is no longer agreement, 9008
- Is it not in order to request the Senate to return a bill to the Assembly? (House), reply: that SB 1021 passed the Assembly on the Consent Calendar. A measure may be removed from the Consent Calendar by any Member, pursuant to the Rules, whereupon it is debated and voted upon, 8699
- Is it not inappropriate that committees be required to hold hearings by motion on the Floor, and is it not the responsibility of the Chair of the appropriate committee to determine when to hold hearings? (Bowen), reply: that it is the responsibility of the Chair of a committee to determine when to hold hearings; however, the motion is properly before the Body as the Rules are silent on the matter, 8346
- Is it not the decision of the House as to how many Calls of the Assembly are permitted? (Bowen), reply: in the affirmative, 9500
- Is it the intention of the Chair to permit debate on proposed amendments to SB 34? (Olberg), reply: that the motion to table amendments offered by Assembly Member Miller concluded further debate on the proposed amendments, 8292
- Is this (Assembly Chamber, consent for use of) not the policy of the House pursuant to the Assembly Rules? (Shelley), reply: in the affirmative, 8386
- Was it not requested earlier this day that Members not withhold unanimous consent on vote adds and vote changes? (Pringle), reply: that such request was made by a Member and further, unanimous consent for vote adds and vote changes may be withheld by any Member, 9007
- What is the policy of the House with respect to the number of Calls of the Assembly permitted on any question and will opposition be permitted an equal opportunity for Calls of the Assembly as the proponents on a question? (Kaloogian), reply: that it has been the policy to permit 3 Calls of the Assembly on any question, 9500
- What is the proper motion to permit additional time for debate? (Olberg), reply: that the demand for the previous question was sustained and Members may ask questions of the author on his closing time for debate, 9364
- What is the vote threshold for passage of SB 1577? (Kaloogian), reply: that the Legislative Counsel keyed the bill requiring a majority vote for passage, 8345
- What would be the effect if unanimous consent were withheld on a request to pass temporarily on file if the Orders of the Day were demanded previously? (McClintock), reply: that if unanimous consent were withheld on a request to pass temporarily on file, it would require 2/3 present and voting to suspend the Rules to permit a measure to be passed temporarily on file, 9482
- Would a motion that unanimous consent may not be withheld on vote adds and vote changes for the remainder of the session be in order? (Floyd); Assembly member Floyd then made such motion, motion ruled out of order as he spoke prior to making the motion, 9008

Point of Clarification—

In 1996 a Speaker was elected on 1/4/96 and committee assignments were made 14 days later, 194

## PRINGLE, CURT, REPUBLICAN LEADER/ASSEMBLY MEMBER—Continued

## Point of Information—

Have notices of motions to withdraw from committee been continued on ABs Nos. 1403, 1404, 1008, 98, 1407, and 1405?, reply: in the affirmative, 1031

## Points of Order—

ACR 28 must be considered in a timely fashion to pass this House and the Senate, prior to 4/13/97, reply: that the author has requested to pass and retain ACR 28, there was objection, and the measure has been passed on file, 831

Amendments proposed by Assembly Member Runner would add provisions to the end of the bill, which remains the same in the current version, and therefore the amendments are in order, ruling: point of order not well-taken; that all proposed amendments must be drafted to the current version of the bill before the Body, 2197

Assembly Member Aroner is debating intent language to SB 285 and Assembly Member Oller presented amendments containing specific language, ruling: point of order not well-taken; that tolerance was exercised on the scope of debate and that Assembly Member Aroner was addressing debate of previous Members in her closing time for debate on SB 285, 2261

Assembly Member Floyd was recognized to speak in opposition to AB 257 and later spoke in support; therefore, it is appropriate that one other Member be recognized to speak in opposition, 2326

Assembly Member Hertzberg is not limiting debate to the merits of the motion to withdraw AB 165 from the Committee on Public Safety, ruling: that Assembly Member Hertzberg confine debate to the merits of the motion to withdraw, 1557

Assembly Member Scott's name was not referred to in debate; the previous point of personal privilege was not ruled in order; and further, Mr. Scott was not in order to continue speaking on a point of personal privilege, ruling: point of order well-taken in that Assembly Member Scott's name was not referred to in debate, 6950

Debate was permitted on a measure earlier this day in which the appropriation had been amended out, 7304

If a Member arises to speak on a bill and wishes to ask a question of the author, the author may answer the question on the questioner's time, or the author may answer questions on his/her closing time for debate, ruling: point of order well-taken, 2306

That debate be limited pursuant to the agreement announced earlier this day, ruling: point of order well-taken, 2544

That leadership of each Caucus had agreed that debate would not be restricted to each specific Conference Committee Report on welfare reform before the Body, 3047

## PRINGLE, CURT, REPUBLICAN LEADER/ASSEMBLY MEMBER—Continued

## Points of Order—continued

The point of order by Assembly Member Murray is out of order; one measure relates to welfare fraud and another deals with immunization of children prior to receipt of welfare benefits; motions to withdraw from committee on separate measures, and separate subject matters, are not dilatory, ruling: point of order by Assembly Member Murray well-taken; that the motion before the House at this time, to withdraw AB 1403 from committee is dilatory; that each motion to withdraw must be considered separately; that the substance of the bills are not being debated; that the motion was made for the purpose of delay and obstruction of the business of the House as there is no difference in the merits of the motions to withdraw; that the arguments were well-presented by Assembly Member Miller and well-answered by Assembly Member Aroner; and that no purpose is served to further debate the merits of the motion to withdraw from committee, 1028

Will AB 812 be re-referred to the Committee on Appropriations if the proposed amendments are adopted?, 5233; reply: that upon conferring with the Chair of the Committee on Appropriations, the Chair would not re-refer AB 812 to the Committee on Appropriations if the proposed Scott amendments are adopted, 5235

## Reconsiderations—

AJR 8, resolution adopted, motion ruled out of order, 3012

SCR 4, resolution adopted, 565; request to continue motion, unanimous consent withheld, request to reconsider, unanimous consent withheld, 639; motion to reconsider, reconsideration refused, 640

## QUESTION OF PRIVILEGE

Opinion No. 10846 (1981), request the House, through the Speaker, request Legislative Counsel release a copy of the written legal opinion rendered, upon which rulings have been based, that tax increase measures may be passed with a majority vote, if such measures are revenue-neutral. The referenced opinion is requested in order to review the basis for previous rulings (Goldsmith), reply: Speaker pro Tempore Kuehl took the question under consideration and deferred ruling until such time as the question of attorney/client privilege could be reviewed in consultation with Legislative Counsel, 2788; renewed question of privilege based upon Government Code Section 10207(a) permitting Legislative Counsel to release an opinion on the basis of public interest, thereby overcoming the objection of Legislative Counsel based upon attorney client privilege (Goldsmith), ruling: that it was not proper to request that Legislative Counsel release the reference opinion of 1981 based upon the following: 1.) an opinion had been requested of Legislative Counsel by Assembly Member Goldsmith and such opinion would postdate any opinion rendered to a former Member; 2.) under attorney client privilege Legislative Counsel may determine what public interest requires; and 3.) pursuant to Government Code Section 10208 Legislative Counsel may release material arising out of attorney client privilege with a former Member, if that Member is not available to execute a release, 2873

If a spot bill is passed to the Senate and subsequently amended, what is the process to return the bill to policy committee?, reply: that the request to re-refer the bill to the appropriate policy committee may be made by the author or committee chair, and approved by the House, 1692

Is a Member not considered absent if he/she is not on the Assembly Floor within 30 minutes of the scheduled start of session?, reply: that it has been the established custom and practice of the House to read the names of the excused Members, 8925

Is an abstention not a “No” vote?, reply: that an abstention is not a “No” vote or an “Aye” vote, but rather, a non-vote, 3498

Is there agreement by leadership to limit debate on measures on this day’s file?, reply: that although no agreement has been reached or announced, he had recognized three Members to debate in opposition of the measure, and two Members to debate in support, 5254

What is the procedure of the Chair as to time allowed to permit Members to place a Call of the Assembly?, reply: that Members may move a Call of the Assembly prior to announcement of the vote, and further, that the Chair did not hear a Call of the Assembly placed on the previous item, 6835

## WOODS, TOM, REPUBLICAN WHIP/ASSEMBLY MEMBER—Continued

## Parliamentary Inquiry—continued

What is the vote requirement for temporary suspension of the rules?, reply: that 2/3 present and voting is required to temporarily suspend the rules to permit consideration of AB 1221, without reference to file, 1495

Why was AB 842 not placed upon the Appropriations Suspense File as the author represents the cost of the bill to be over \$150,000 and the Appropriations Chair requests the cost of the bill to be under \$150,000?, reply: that it was represented that the cost of the bill would not be from the General Fund, 1485

Will measures passed temporarily on this day's file be passed on file at the end of the session day?, reply: in the negative that those measures passed temporarily on this day's file would be passed and retained at the end of the session day, 7625

Will the Special Consent Calendar contain bills on which Members have abstained from voting?, reply: in the affirmative; that the only criteria for measures being placed on the Special Consent Calendar is no "No" votes recorded in any Senate or Assembly committee and no "No" votes recorded on either the Senate or Assembly Floor, 3498

## Point of Information—

In response to the earlier inquiry by Assembly Member Kaloogian, the audio broadcast of committee proceedings is not in the purview of the Televising the Assembly and Information Technology Committee; and therefore, should the matter not be taken up with the Chief Sergeant-at-Arms as operator of the audio controls?, reply: that Assembly Member Kaloogian's request more specifically related to televising committee proceedings, and a discussion with the Chair of the Televising the Assembly and Information Technology Committee is also appropriate, 1103

## Points of Order—

Assembly Member House was granted unanimous consent by the House to ask a question of the author on the author's closing time for debate, reply: that she had not ruled on the point of order by Assembly Member Murray but had requested that Assembly Member House conclude his question of the author, 1488

Resolutions at this time?, 62

## Point of Order—

Assembly Member Battin arose to the following point of order: His  
microphone was raised to be recognized under Motions and Resolutions  
when the Orders of the Day were demanded. Is it the intent of the Chair  
to pass on Motions and Resolutions or will the Rules of the House be  
followed?, ruling: point of order not well-taken; that at this time the  
House is on consideration of AB 1, 62The House was on Motions and Resolutions in the Regular Session when the  
motion was made by Assembly Member Woods to convene the First  
Extraordinary Session. The House is now convened in the First  
Extraordinary Session and the order of business before the House in this

## Parliamentary Inquiry—

Is it appropriate that the House wait for preparation of proposed amendments while the bill is being debated?, reply: that consideration of an amendment is in order if the amendment is presented before debate on the bill is exhausted, 65

## Point of Order—

It is inappropriate for a Member to inquire as to the future treatment of bills. Any Member may move to take up a bill for consideration, without reference to file, ruling: point of order well-taken, 61

## Parliamentary Inquiry—

What is the maximum period of time that the Extraordinary Session may be in recess before it must be reconvened under the Constitution, or dissolved?, reply: that pursuant to the Constitution the Assembly may not recess the Extraordinary Session for more than 10 days, without consent of the other House, 189

When will the House reconvene the First Extraordinary Session, and will the membership be advised?, reply: that the First Extraordinary Session would reconvene within the next 10 days pursuant to the Constitution, and that the request would be made of the Speaker that the membership be advised, 189

Parliamentary Inquiry—continued

Were the Orders of the Day not called for by Assembly Member Bowen, and did the House not proceed with the Orders of the Day?, reply: in the affirmative, 63

Point of Order—

The Orders of the Day were called for. The first order of business is Motions and Resolutions and at this time there is a resolution at the Desk dealing with flood matters, 62

Under the Orders of the Day the House is on Motions and Resolutions and the first order of business is the Resolution at the Desk; whereupon he cited Mason's Sec. 537.4 "Objection made with reasonable promptness, even if the presiding officer has announced the action approved, defeats the request for unanimous consent and a regular vote is required.", reply: that the Chair did not hear objection raised to the request for consideration of AB 1, 63

## PARLIAMENTARY INQUIRIES

December, 1997—

- Has it not been the custom and precedent of the House to permit Members to ask questions of the author, if there is time remaining after the author closes debate? (Pringle), reply: that such was the custom of the House; however, questions of debate are controlled by the House and as objection was raised by Assembly Member Floyd, it would require a temporary suspension of the Rules, 66
- Is a motion to offer a substitute motion in order? (Villaraigosa), reply: that a motion to offer a substitute motion on the motion for temporary suspension of the Rules is not in order, 69
- Is it appropriate that the House wait for preparation of proposed amendments while the bill is being debated? (Martinez), reply: that consideration of an amendment is in order if the amendment is presented before debate on the bill is exhausted, 65
- Is the author agreeable to accepting an amendment to add coauthors and other amendments to AB 1? (Pringle), reply: deferred to the author who replied in the negative, 65
- Is the House not proceeding with the Orders of the Day? (Bustamante), reply: in the affirmative, 62

- When the First Extraordinary Session was convened, the Prayer and Pledge from the Regular Session was substituted without objection, and then the Orders of the Day were demanded. Is the House not on Motions and Resolutions at this time? (Battin), 62

## POINTS OF INFORMATION

## POINTS OF ORDER

## December 1996—

Assembly Member Battin arose to the following point of order: His  
microphone was raised to be recognized under Motions and Resolutions  
when the Orders of the Day were demanded. Is it the intent of the Chair  
to pass on Motions and Resolutions or will the Rules of the House be  
followed? (Battin), ruling: point of order not well-taken; that at this time  
the House is on consideration of AB 1, 62

Assembly Member Cardoza is reading a paper during his presentation of AB  
1, in violation of the Rules, ruling: point of order well-taken (Bowler), 64

It is inappropriate for a Member to inquire as to the future treatment of bills.

Any Member may move to take up a bill for consideration, without  
reference to file (Martinez), ruling: point of order well-taken, 61

## POINTS OF ORDER—Continued

December 1996—continued

The House was on Motions and Resolutions in the Regular Session when the motion was made by Assembly Member Woods to convene the First Extraordinary Session. The House is now convened in the First Extraordinary Session and the order of business before the House in this session should be Motions and Resolutions (Battin), ruling: that the House is now on consideration of AB 1, and the Resolution to Dispense with Article IV, Sec.8(b) is before the House, 63

The Orders of the Day were called for. The first order of business is Motions and Resolutions and at this time there is a resolution at the Desk dealing with flood matters (McClintock), 62

Under the Orders of the Day the House is on Motions and Resolutions and the first order of business is the Resolution at the Desk; whereupon he cited Mason's Sec. 537.4 "Objection made with reasonable promptness, even if the presiding officer has announced the action approved, defeats the request for unanimous consent and a regular vote is required." (McClintock), reply: that the Chair did not hear objection raised to the request for consideration of AB 1, 63

June, 1997—

The motion to adjourn is not debatable, and Assembly Member Pringle is debating the motion to adjourn (Villaraigosa), ruling: point of order well-taken that the motion to adjourn is not debatable, but stated that Assembly Member Pringle had arisen to a parliamentary inquiry, 188

July, 1997—

Assembly Member Migden is not limiting debate to the merits of the motion to withdraw AB 7 from committee (Kaloogian), ruling: point of order well-taken, 205

Assembly Member Oller is not limiting debate to the merits of the motion to withdraw AB 7 from committee (Villaraigosa), ruling: point of order well-taken, 204

## POINTS OF PARLIAMENTARY PROCEDURE

Pursuant to the Assembly Rules there is no provision stating that the raising of the microphone is the equivalent of raising objection; that it is the practice of this House to verbally raise objection (Bowen), 63
