PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfí:

The well-known author, Madeline L'Engle wrote: The great thing about getting older is that you don't lose all the other ages you've been.

Getting older does not have to mean loss. Rather it means collecting a rich store of age bound experiences. Each of these ages offers us an ever growing capacity to see and understand the world through the unique lens of a particular stage of life.

Within each of us is a six year old, a teenager, a young adult just starting out on our own. Those parts of who we are are never fully past. They are resources of enthusiasm, hopefulness, and wisdom that are rooted within the ages we have been.

May the holy one of Blessing offer us the opportunity to see within ourselves the accumulation of life, not the passing away of time. May this be God's will.—AMEN.

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

The great American writer, Nathaniel Hawthorne expressed his views on happiness. He wrote:

Happiness in this world, when it comes, comes incidentally. Make it the object of pursuit, and it leads us on a wild-goose chase, and is never attained. Follow some other object, and very possibly we may find that we have caught happiness without dreaming of it.

Essentially Hawthorne is teaching us that happiness as a goal in and of itself is pointless, and usually goes unrewarded. However, when we pursue goals of substance, and a life of meaning, the by-product is satisfaction, delight, and happiness.

May the Holy One bless our endeavors, and allow our life's pursuits help us to find a sense of purpose and a knowledge of joy. May this be God's will.—AMEN.

Legislative Intent—Assembly Bill No. 88

August 22, 2000

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson,

This letter is to clarify the authors' intent of AB 88, Chapter 534, Statutes of 1999.

AB 88 was introduced in the spirit of bringing about fairness and equal treatment by the health plans and insurance industry for those suffering from severe mental illnesses. Historically health insurance products do not provide coverage for the treatment of mental illness under the same terms and conditions that are provided for other illnesses. The bill is intended to end those discriminatory insurance practices.

AB 88 is not intended to require any change in the contracting options or decisions of employers or other entities that contract directly with specialty carve out companies for employee health or mental health benefits that are equal to or exceed the level of benefits required in AB 88. Likewise, AB 88 is not intended to interfere with employee welfare benefit plans established pursuant to and in accordance with Section 302 of the Taft-Hartley Act, that are providing better than or equivalent benefits mandated by AB 88 through separate specialized health care service or mental health plans. Also, there are no provisions in AB 88 to authorize insurance providers to charge employers twice for equitable mental health benefits. Such practices would violate the intent of the law.

The intent of this letter is to provide guidance to the California Department of Managed Health Care, which is responsible for the implementation and oversight of AB 88, to ensure that its implementation reflects the true intent and spirit of this important new law.

Sincerely,

ASSEMBLYWOMAN HELEN M. THOMSON
SENATOR DON PERATA

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

Jacob Riis was a turn of the century photojournalist whose work focused on exposing the plight of the urban poor in America. He once reflected on what he would do when he was feeling discouraged. He said:

When nothing seems to help, I go and look at a stonecutter hammering away at his rock perhaps a hundred times without as much as a crack showing in it. Yet at the hundred and first blow it will split in two, and I know it was not that blow that did it—but all that had gone before.

So often in life it feels as though there is no end to our labors, and that our goals might not be realized. But there is something to be learned from the story of the stonecutter. It reminds us to be patient with our work, even when the end is not quickly in sight.

We live in a culture which expects immediate results, immediate gratification. However, like a well-chiseled piece of marble, there is something to be learned from the process, not just in the result.

May the Holy One of Blessing grant us the ability to see how we progress even when it might seem that we are standing still, and may we be given the endurance to see our projects to a successful end. May this be God's will.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Keeley, Assembly Member Leonard then led the Assembly in the pledge of allegiance to the Flag.

Legislative Intent—Senate Bill No. 877

August 24, 2000

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

RE: SB 877 (McPherson)

Dear Mr. Wilson: Parties interested in the content of SB 877 have expressed differing interpretation of the bill on the issue of pricing of deposition transcripts. It is my intent that SB 877 have no impact on pricing decisions; thus there is no mention of price in SB 877.

This statement of the legislative intent is based in no small part on an exchange of correspondence between the National Court Reporters Association (NCRA) and the Antitrust Division of the U.S. Department of Justice (Justice).

NCRA requested a “business review letter” of Justice regarding a proposed Contracting Policy based upon NCRA’s Code of Professional Ethics that would relate to contracts between court reporters and parties to a litigation. The request contained the following language:

“It should be noted that NCRA was careful to draft its proposed Contracting Policy in a way that would not infringe upon the pricing decision of its members. The proposed Contracting Policy is intended merely to prevent court reporters from discriminating between parties to the same action in terms of the types of services offered.”

The response of Justice contained the following:

“Professional Codes of Ethics serve many salutary purposes. If, however, ethical codes have the purpose or effect of restraining price or quality competition, limiting output, or discouraging innovation, the promulgation and enforcement of such codes can raise significant antitrust risks. To avoid raising antitrust concerns, amendments to NCRA’s Code of Ethics should observe the following guidelines:

1. They should not have the purpose or the effect of discouraging court reporters from entering into long term contracts, contracts with volume discounts or other fee discount provisions, or contracts with any other innovative terms, or otherwise discouraging competition among court reporters.
2. Any change to NCRA’s Code of ethics should be accompanied by an affirmative statement to NCRA’s membership that the changes are not intended, and NCRA does not intend generally, to prohibit or discharge long term contracts, volume discounts, fee discounts or other innovative contract terms, or otherwise discourage competition among court reporters. Each court reporter should determine independently what services it will offer and what prices it will charge.”

Given the reality of the position of the Department of Justice, SB 877 does not seek to regulate price or discourage competition among reporters.

Sincerely,

SENATOR BRUCE McPHERSON

OBJECTION WITHDRAWN

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

The 20th century American poet, John Ciardi commented on society. He wrote:

Humanity cannot be measured by what it is;
Only by what it is trying to become.

To be truly alive is to engage in an ongoing process of growth. Just as we, as individuals, need to continue to learn and develop, so do we as a society need to dream and strive to be more than what we are in the present.

To be judged based solely on who we are at the moment, is to see but part of a picture. We can only be fully understood by seeing how far we have come, and how much further we are trying to go.

May the Holy One of Blessing judge our efforts with compassion and give us the fortitude to continue ever forward in our labors of creating a just and enlightened society. May this be God's will.—AMEN.

*Robert M. Hertzberg, Speaker
California State Assembly
State Capitol, Room 219
Sacramento, California*

RE: AB 1782 (Florez)

Dear Mr. Speaker: This measure was introduced as a Committee bill with the following members as coauthors: Maldonado, Briggs, Cardoza, Frusetta, House, Reyes, Thomson, and Wiggins.

A Senate amendment inadvertently changed the authorship to myself. This bill should have remained a Committee on Agriculture and authored those members listed previously.

I respectfully request that this letter be entered into the journal in order to clarify the authorship of AB 1782 was the entire membership of the Assembly Committee on Agriculture. Thank you for this consideration.

Sincerely,

DEAN FLOREZ, Chairman
Assembly Committee on Agriculture

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Upon request of Assembly Member Shelley, Assembly Member Granlund was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 2075

August 24, 2000

*The Honorable Robert M. Hertzberg
Speaker of the Assembly
State Capitol, Room #217
Sacramento, California*

Dear Mr. Hertzberg: I respectfully request that this letter be printed in the Assembly Journal for purposes of clarifying the Senate amendments (August 9, 2000) to my AB 2075.

These amendments were the result of negotiations with the California League of Cities, the County Supervisors Association of California, and the California Chapter of the American Planning Association. The aforementioned groups insisted upon the amendments pertaining to amortization as a condition of their neutrality on AB 2075. It was my intention to make this language declaratory of existing law. It was never by intention to create new substantive rights or to confer upon local government legislative authority or authorization for amortization of signage.

Respectfully submitted,

BRETT GRANLUND, Assembly Member
Sixty-fifth District

ASSEMBLY BILL NO. 238 WITHDRAWN FROM ENROLLMENT

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

What does it mean to live a good life, a life worth living? Ralph Waldo Emerson gave this answer to that question: He said that we should live a life where we try "To laugh often and much. To win respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a bit better, whether by a healthy child, a redeemed social condition or a job well done; to know even one other life has breathed easier because you lived. This is to have succeeded."

May it be the will of the Creator that our work not be in vain, and may we be as free in giving blessings as we are with taking them. May this be God's will.—AMEN.

Upon request of Speaker pro Tempore Keeley, Assembly Member Strickland then led the Assembly in the pledge of allegiance to the Flag.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Upon request of Assembly Member Shelley, Assembly Member Torlakson was granted unanimous consent that the following communication be printed in the Journal:

August 30, 2000

*Dotson Wilson, Chief Clerk
California State Assembly
State Capitol
Sacramento, California*

Dear Mr. Wilson: I have been deeply involved in securing the cost savings, increased efficiencies, and increased security for important records, that could come from the use of digitized documents and electronic recording by local governments. To that end, I introduced AB 1732 this year.

An inquiry of Legislative Counsel was made regarding the state of existing law and the authority that already exists for electronic recording. Specifically, Counsel was asked:

[I]n light of the enactment of SB 820 (Sher) earlier this session and the recent enactment of pre-emptive federal legislation, is additional legislation required in order for County Recorders to put in place a system to electronically receive "digitized" documents for recording?

The response from Counsel, which I received on August 24, 2000, was that no additional statutory authorization is needed.

In light of the fact that existing law already provides adequate authority for electronic recording, I have decided not to proceed with the pilot program in AB 1732. Instead, I have sought guidance from Legislative Counsel on the complex interplay of the new federal law with California law, in order to determine if there are issues of pre-emption that may need to be resolved in subsequent legislation.

I respectfully request that this letter be printed in the Journal so as to leave no ambiguity as to why I am dropping AB 1732.

Sincerely,

TOM TORLAKSON, Assembly Member
Eleventh District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Shelley was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Senate Bill No. 1874

August 30, 2000

The Honorable Robert M. Hertzberg
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California

Dear Mr. Speaker: I respectfully request that this letter be printed in the Assembly Journal for purposes of clarifying the Legislature's intent in regard to SB 1874.

It is the intent of the Legislature in enacting Senate Bill 1874 to ensure that entities that have electronic or online filing obligations pursuant to the Online Disclosure Act are provided with an optional, cost-free mechanism to fulfill their filing obligations. Senate Bill 1874 directs the Secretary of State to develop such mechanisms.

The Legislature recognizes the existing means for compliance was set forth in SB 49 (Chapter 866, Statutes of 1997) which established a system of private vendors who were certified for compliance by the Secretary of State. The certification ensured that the vendors' products conformed to applicable requirements of the law and were compatible with the Secretary of State's system for receiving the data.

The purpose of Senate Bill 1874 is not to supplant the existing certified vendor system, but to supplement the Online Disclosure Act by ensuring that filers have a means of compliance without any additional expenditure of funds. The Legislature acknowledges the significant amount of time, money, and resources that private industry has invested and their partnership and assistance to the Secretary of State in the creation of the current system.

The cost-free filing processes established by Senate Bill 1874 should be interpreted narrowly and are designed to meet the minimum requirements of the Online Disclosure Act. The processes should enable a user to submit the required reports electronically and to print out paper copies for submission as needed. They should also allow a user to input their information directly onto data entry screens, pursuant to 84602 (a)(1), or to download the appropriate mechanism to allow for storage and editing on a personal or business machine, as outlined in 84602 (a)(2), and then subsequently be submitted.

It is the intent of the Legislature that the system developed by the Secretary of State is not intended to provide any additional features or enhancements that would provide unnecessary or unfair competition to

certified private vendors. The processes developed to comply with Senate Bill 1874 should not enable a user to import or otherwise allow the information to be integrated or stored into a database or other system that would allow for the manipulation of the data.

The Legislature in enacting Senate Bill 1874 encourages the Secretary of State to continue working with all interested parties, including certified and potential vendors, the Fair Political Practices Commission, and others, to insure fair and well reasoned implementation. The Secretary of State, in developing the processes outlined in Senate Bill 1874, should be cognizant of changing technologies and the need for computer systems to be able to adapt and evolve as needed.

The Legislature is aware that subsequent legislation is needed to clarify and facilitate the provisions of Senate Bill 1874 and the Online Disclosure Act in general. To that end, it should be noted that section 84602 (b) of Senate Bill 1874 should not be contained in the bill. It was the result of an inadvertent drafting error that could not be corrected because of the 12 day in print rule for measures amending the Political Reform Act. That section is not contradictory to the rest of Senate Bill 1874, but does result in potential confusion as to the intent of the legislation.

Sincerely,

RICHARD G. POLANCO
Senate Majority Leader

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

As we come to the end of a legislative term, let us take a moment to pause and reflect on all that has been accomplished by those here who have chosen to serve their community and their state.

The task of those in government is a sacred one. It calls upon a person to have a balance between passionate action and wise restraint. One must at times lead and more often one is called upon to listen. One must know when to serve the people, and when to inspire them to build *together* a society that we can now only dream of. It is a job that asks courage, patience, determination, and a capacity for honest self-examination.

There is a saying in the Jewish tradition, when we have finished a sacred course of study, and I believe it is appropriate to say now: *Cha'zak, Cha'zak, V'nit'cha'zek*—May we always go from strength to strength and may we become stronger and wiser for our efforts.

May the Holy One of Blessing judge with kindness and compassion all that we have striven to do, and may we always know the satisfaction of a job well done. May this be God's will.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Keeley, Assembly Member Davis then led the Assembly in the pledge of allegiance to the Flag.

Legislative Intent—Assembly Bill No. 2903

August 31, 2000

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol

Dear Mr. Wilson: I request that this letter be placed in the Assembly Journal.

The purpose of this letter is to clarify the intent of the August 29th amendments to AB 2903 (Assembly Committee on Health). Section 43 of the bill was recently amended to clarify that Section 1383.15 of the Health and Safety Code (enacted by AB 12 (Davis) Chapter 531, Statutes of 1999) applies to specialized health care services plans.

The newly amended language of this section; it was not intended to broaden the application of subdivision (b) of Section 1383.15, regarding full-service health care service plans. Its only intent was to apply the bill's provisions to specialized health plans. The phrase "or other licensed health care provider" should not have been added to the first sentence of that subdivision, and the related provision in the Insurance Code, and will be deleted by legislation next year.

Sincerely,

MARTIN GALLEGOS, DC
Chair, Assembly Committee
on Health

Senator, 10th District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Cardenas was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 1066

August 31, 2000

*E. Dotson Wilson, Chief Clerk
California State Assembly
State Capitol, Assembly Desk
Sacramento, California*

Dear Mr. Wilson: The intent of AB 1066 is to assist federally recognized tribal nations within the state of California to enter into agreements with CALTRANS to develop and complete transportation projects that fit the criteria of the legislation and provide economic, social and safety benefits for the tribes.

While the legislation would allow CALTRANS to enter into applicable and appropriate government-to-government agreements, the legislation is not designed or meant to impede or weaken the sovereign rights of tribal nations. Indeed, this bill seeks to strengthen tribal governments and their right to self-governance, which has been affirmed by previous actions brought forth by the Congress and the President of the United States aimed to support economic development, self-sufficiency and self-governance on tribal lands.

The sovereign rights of tribal nations and the powers invested in the legally appointed and elected representatives of tribal councils to create and implement tribal laws remain fully intact. This legislation has no bearing or impact on those powers.

Sincerely,

TONY CARDENAS, Assembly Member
Thirty-ninth District

Sincerely,

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Upon request of Assembly Member Shelley, Assembly Member Davis was granted unanimous consent that the following statement of legislative intent be printed in the Journal.

Legislative Intent—Assembly Bill No. 265

August 31, 2000

*E. Dotson Wilson, Chief Clerk
California State Assembly
State Capitol, Room 320
Sacramento, California*

Dear Mr. Speaker: I submit the following letter to the Assembly Daily Journal relative to AB 265 of 2000.

“It is the intent of this Legislature in enacting AB 265, that direct access customers not be discriminated against in implementation of the rate formula as established in AB 265.”

“Specifically, if direct access customers in the San Diego Gas and Electric service territory are excluded from the rate cap in implementation of AB 265, then such customers should not be assessed for the balancing account, unless they are included in the capped rate by subsequent action.”

Sincerely,

SUSAN A. DAVIS, Assembly Member
Seventy-sixth District

Upon request of Assembly Member Shelley, Assembly Member Firebaugh was granted unanimous consent that the following statements of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 2414

August 30, 2000

*The Honorable Robert M. Hertzberg
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Speaker,

It is the intent of the Legislature, in enacting Assembly Bill 2414, to balance the protection of individually identifiable medical information from unwanted disclosure with the need to allow easy access to disease management services by enrollees of health plans. In defining a disease management organization, it is the intent of AB 2414 to statutorily govern the relationship between an enrollee of a health care service plan and a disease management organization with which the plan has a contract and to which the plan discloses medical information. AB 2414 does not authorize the promulgation of administrative regulations by any board, commission, or administrative agency.

When, as part of the delivery of a covered pharmaceutical benefit, a pharmaceutical benefit manager or management company (“PBM”) receives personally identifiable information and provides health plan enrollees or subscribers with patient compliance information or educational materials on how to maintain and improve their overall health, the PBM is not considered a disease management organization

for the purposes of the requirements set forth in subsection (17), unless the PBM also provides other disease management services, programs, or products, such as those defined in Chapter 2.5 (commencing with Section 1399.900) of the Health and Safety Code. However, a PBM is intended to continue to be governed by the other provisions and limitations set forth in Section 56.10.

Sincerely,
MARCO ANTONIO FIREBAUGH, Assembly Member
Fiftieth District

Legislative Intent—Assembly Bill No. 2423

August 21, 2000

*Honorable Robert Hertzberg
Speaker, California State Assembly
State Capitol, Room 219
Sacramento, California*

Dear Speaker Hertzberg,

My bill, AB 2423, exempts wholly owned subsidiaries, parent companies, and other subsidiary companies, as specified of persons licensed under the clinical laboratory licensing law and who own or operate clinical laboratories, from certain billing restrictions. The legislation passed all committees and both houses of the Legislature without a dissenting vote.

The purpose of the bill is to clarify that existing law requiring disclosure of charges and prohibiting “mark ups” of those charges by clinical laboratories does not prohibit common internal accounting practices within a business organization and its various subsidiaries that own or operate multiple clinical laboratories which refer and perform tests internally.

The exemption provided in AB 2423 for subsidiaries “owned or operated” by a common parent organization is intended to apply to both for-profit and non-profit entities.

Cordially,
MARCO ANTONIO FIREBAUGH, Assembly Member
Fiftieth District

Upon request of Assembly Member Shelley, Assembly Member Florez was granted unanimous consent that the following statement of legislative intent be printed in the Journal.

Legislative Intent—Assembly Bill No. 2698

August 31, 2000

*The Honorable Robert M. Hertzberg
Speaker of the California State Assembly
State Capitol
Sacramento, California*

Re: AB 2698 (Florez)

Dear Speaker Hertzberg: This Legislature provides special consideration exceptions to various statutes based upon findings or unique facts and circumstances to specific situations. That is the case with my measure AB 2698 of this session.

I am requesting the submission of this letter to the Journal on behalf of Enron North America Corporation with regard to AB 2698 in order to emphasize that the power to be produced by the Pastoria Energy Facility, located on the Tejon Ranch, will be sold into California energy markets. Enron's intention in developing this project and seeking certification from the California Energy Resources and Conservation Commission has consistently been to use the power from the plant to satisfy the demand for electricity in California. In addition, Enron is convinced that the growing demand for electricity in California ensures that it will be financially viable for the Pastoria Energy Facility to sell its power into the California market.

The commitment to market power from the Pastoria Energy Facility within California will exist as long as the facility is able to sell its output in California at just and reasonable rates as that term is used in the Federal Power Act or in the California Public Utilities Code.

I respectfully request this letter be entered into the journal at the request of the sponsor of AB 2698. Thank you for this consideration.

Sincerely,

DEAN FLOREZ, Chairman
Assembly Committee on Agriculture

Upon request of Assembly Member Shelley, Assembly Member Robert Pacheco was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 2809

August 29, 2000

*Dotson Wilson, Chief Clerk

State Capitol—Room 3196
Sacramento, California*

Dear Dotson: The purpose of this letter is to clarify the intent of AB 2809 when it is heard for concurrence on the Assembly Floor. For that reason, I request that the comments below be placed in the Daily Journal the day the measure is heard on the Assembly Floor.

“Comment to Section 125107 (a): It is the intent of the legislature that information and counseling offered by the provider during labor and delivery not unnecessarily disrupt the birthing process. Consistent with this, it is the legislature’s intent that women who have already been offered information and counseling on perinatally transmitted communicable diseases not be asked more than once, unless otherwise clinically indicated, and that the form adopted by the Department of Health Services optimize simplicity for patient and provider and be offered in as unobtrusive a manner as possible.

Thank you in advance for your assistance.

Sincerely,

Legislative Intent—Assembly Concurrent Resolution No. 133

August 31, 2000

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California*

Re: Assembly Concurrent Resolution 133

Dear Mr. Wilson: As already stated in this resolution, California’s transportation system is coming under increasing strain from a growing population, increased per capita driving, and urban expansion, all of which result in growing traffic congestion. The increasing congestion and the resulting loss of mobility reduces both the quality of life for California’s residents and the economic health of the state. Solutions to traffic congestion cannot rely solely upon additional roadway expansion projects, but will require multidimensional solutions from many entities and the public for the safe and most efficient use of California’s highway system.

Public demand for an efficient public transportation system resulting from population sprawl, the concentration of many transit dependent citizens in the large urban areas, and increasing mobility requirements indicates a need for improved, as well as more innovative policy and decision-making institutions to resolve these problems.

Therefore, I believe it is prudent to add a representative from the California Transit Association, a statewide voice for public transit, and a representative of Odyssey 20/20, an alternative transportation policy think tank, to the list of official panel members as defined in this resolution. Public transit and alternative modes of transportation beyond the automobile provide invaluable benefit to the public and go far towards reducing traffic congestion and improving the livability of California’s communities. I believe that by naming these two organizations to participate on this important panel addresses the need

to include public transit and alternative modes of transportation as a necessary and vital component when contemplating remedies to California's growing traffic congestion.

Sincerely,

TOM TORLAKSON, Assembly Member

Legislative Counsel Opinion

August 31, 2000

*Mr. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California*

Dear Mr. Wilson: Attached is an opinion of Legislative Counsel that finds 1) that the Fair Employment and Housing Act does not preclude a person from bringing a civil action against an employer based on common law causes of action and 2) that the workers' compensation exclusive remedy rule does not preclude a victim of discrimination from collecting an award from his or her employer for damages for the negligent infliction of emotional distress.

I am entering this opinion into the Assembly Journal in order to help clarify existing law.

Sincerely,

TOM TORLAKSON, Assembly Member

FEHA: COMMON-LAW CAUSES OF ACTION—#19789

Dear Mr. Torlakson:

QUESTION NO. 1

Does the California Fair Employment and Housing Act preclude a person from bringing a civil action against a private employer for employment discrimination based on common-law causes of action, including intentional and negligent infliction of emotional distress?

OPINION NO. 1

The California Fair Employment and Housing Act does not preclude a person from bringing a civil action against a private employer for employment discrimination based on common-law causes of action, including intentional and negligent infliction of emotional distress.

ANALYSIS NO. 1

By way of background, the California Fair Employment and Housing Act (Pt. 2.8 (commencing with Sec. 12900), Div. 3, Title 2, Gov. C.;¹ hereafter the FEHA or the act) establishes a comprehensive scheme designed to eliminate discriminatory practices in employment (Sec. 12920). In this regard, the FEHA generally prohibits discrimination in employment on the basis of race, religious creed, color, national origin, ancestry, physical disability, medical condition, marital status, sex, sexual orientation, or age (Secs. 12940 and 12941).² The act further makes it unlawful for any employer, among others, to fail to take all reasonable steps necessary to prevent discrimination and harassment from occurring (subd. (i), Sec. 12940).

The FEHA establishes two administrative bodies, the Department of Fair Employment and Housing (hereafter the department) and the Fair Employment and Housing Commission (hereafter the commission), to enforce and implement the act. The department is charged with the responsibility, among other things, to investigate, conciliate, and seek redress of claimed discrimination (Sec. 12930), while the commission generally performs adjudicatory and rulemaking functions (Sec. 12935).

As a prerequisite to the filing of a civil action for an unlawful practice under the FEHA, an aggrieved person is first required to exhaust his or her administrative remedy under the act (*Romano v. Rockwell Internat., Inc.* (1996) 14 Cal.4th 479, 492). In this regard, the FEHA provides that any person claiming to be aggrieved by an alleged unlawful practice may file a verified complaint with the department (Sec. 12960). Upon the receipt of a sufficient complaint, the department is required to promptly investigate the allegations contained in the complaint (Sec. 12963). If the department determines that the complaint is valid, the department is required to “immediately endeavor” to eliminate the unlawful employment practice by conference, conciliation, and persuasion (Sec. 12963.7). If the unlawful practice is not eliminated, or upon other specified circumstances, the Director of Fair Employment and Housing may issue a written accusation to be heard by the commission (subd. (a), Sec. 12965 and Sec. 12969). After an accusation is issued, the department’s attorneys or agents present the case in support of the accusation to the commission (Sec. 12969).

If an accusation or amended accusation includes a prayer either for damages for emotional injuries as a component of actual damages, or for administrative fines, or for both, the respondent may, within 30 days after service of the accusation or amended accusation, elect to transfer the proceedings to a court in lieu of a hearing by serving a written notice to that effect on the department, the commission, and the person claiming to be aggrieved (para. (1), subd. (c), Sec. 12965). No later than 30 days after the completion of service of the notice of election, the department is required to dismiss the accusation and, either itself or, at its election, through the Attorney General, file in the appropriate court

¹ All further section references are to the Government Code, unless otherwise indicated.

² With regard to the sale or rental of housing, the act also prohibits the owner of any housing accommodation from engaging in enumerated acts of discrimination based upon any of the protected categories set forth in the analysis above (Art. 2 (commencing with Sec. 12955), Ch. 6, Div. 2.8, Title 2).

an action in its own name on behalf of the person claiming to be aggrieved as the real party in interest (*Ibid.*).

If the department does not issue an accusation within 150 days after the filing of a complaint, or if the department determines at an earlier time that it will not issue an accusation, the department is required to notify the aggrieved person that he or she may file a civil action under the FEHA (subd. (b), Sec. 12965). This notice is generally referred to as a “right to sue” letter. Only upon receipt of this letter may the aggrieved person bring a civil action under the FEHA (*Rojo v. Kliger* (1990) 52 Cal.3d 65, 72 (hereafter *Rojo*); *Commodore Home Systems, Inc. v. Superior Court* (1982) 32 Cal.3d 211, 214).

The question presented here is whether the FEHA provides the exclusive remedy for injuries arising from employment discrimination, or whether an aggrieved person may also pursue common-law causes of action arising out of that discrimination, such as intentional and negligent infliction of emotional distress.

The California Supreme Court addressed this issue in *Rojo*, supra. In that case, two women brought suit against an employer for sex discrimination in violation of the FEHA and also alleged a cause of action for intentional infliction of emotional distress. With respect to the cause of action for intentional infliction of emotional distress, the defendant moved for summary judgment on the ground that the FEHA constituted plaintiffs’ exclusive remedy for employment discrimination (*Rojo*, supra, at p. 71).

The Supreme Court upheld plaintiffs’ cause of action for intentional infliction of emotional distress, holding that the FEHA does not displace any cause of action or remedy that is otherwise available to a plaintiff (*Rojo*, supra, at p. 82). In reaching this conclusion, the court conducted an extensive review of the language and history of the FEHA, and also analyzed prior case law.

The court first noted that the FEHA expressly disclaims any intent to repeal other state laws relating to employment discrimination. In this regard, Section 12993 reads, in relevant part, as follows:

“12993. (a) The provisions of this part shall be construed liberally for the accomplishment of the purposes of this part. Nothing contained in this part shall be deemed to repeal any of the provisions of the Civil Rights Law or of any other law of this state relating to discrimination because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation, unless those provisions provide less protection to the enumerated classes of persons covered under this part.

* * *

“(c) While it is the intention of the Legislature to occupy the field of regulation of discrimination in employment and housing encompassed by the provisions of this part, exclusive of all other laws banning discrimination in employment and housing by any city, city and county, county, or other political subdivision of the state, nothing contained in this part shall be construed, in any manner or way, to limit or restrict the application of Section 51 of the Civil Code.”

As can be seen, subdivision (a) of Section 12993 expressly provides that nothing in the FEHA “shall be deemed to repeal any of the provisions of any . . . law of this state relating to discrimination” As explained by the *Rojo* court, the “law” of this state includes the common law as well as the California Constitution and the codes (*Rojo*, supra, at p. 74). Further, the *Rojo* court noted that the common law provides any number of remedial theories to compensate for injuries relating to discrimination (*Ibid.*). In support of this assertion, the court cited to its prior opinion in *Brown v. Superior Court* (1984) 37 Cal.3d 477, in which the court allowed an employment discrimination plaintiff to pursue common-law causes of action for wrongful discharge and emotional distress (see also *Alcorn v. Anbro Engineering, Inc.* (1970) 2 Cal.3d 493, allowing plaintiff to pursue actual and exemplary damages for alleged claim of intentional infliction of emotional distress based on race discrimination).

Notwithstanding the clear language contained in subdivision (a) of Section 12993, the defendant in *Rojo* argued that subdivision (c) of that section expresses legislative intent that the FEHA supersede all preexisting state laws, except for Section 51 of the Civil Code.³ As quoted above, subdivision (c) of Section 12993 states the intent of the Legislature that the FEHA “occupy the field of regulation . . . exclusive of all other laws banning discrimination in employment . . . by any city, city and county, county, or other political subdivision of the state.” After a thorough review of the legislative history of the FEHA and its predecessor acts, the California Fair Employment Practices Act (former Pt. 4.5 (commencing with Sec. 1410), Div. 2, Lab. C.) and the Rumford Fair Housing Act (former Pt. 5 (commencing with Sec. 35700), Div. 24, H. & S.C.), the court held that the language contained in subdivision (c) of Section 12993 indicates legislative intent to preempt only local laws banning discrimination and not state anti-discrimination laws (*Rojo*, supra, at p. 78).

The court also rejected the defendant’s argument that the “new right—exclusive remedy” rule of statutory construction and its counterpart, the doctrine of “pre-existing right—cumulative remedies,” applied to the FEHA to preclude a common-law cause of action for employment discrimination. These rules of statutory construction provide that when a statute creates a right that did not exist at common law, and provides a comprehensive and detailed remedial scheme for its enforcement, the statutory remedy is exclusive (*Rojo*, supra, at p. 79, citing *Flores v. Los Angeles Turf Club* (1961) 55 Cal.2d 736, 746–747). However, where a statutory remedy is provided for a preexisting common-law right, the newer remedy is generally considered to be cumulative, and the older remedy may be pursued at the plaintiff’s election (*Rojo*, supra, at p. 79, citing *Flores*, supra, at p. 747).

³ Section 51 of the Civil Code contains the Unruh Civil Rights Act, which provides, among other things, that “[a]ll persons within the jurisdiction of this state are free and equal, and no matter what their sex, race, color, religion, ancestry, national origin, or disability are entitled to the full and equal accommodations, advantages, facilities, privileges, or services in all business establishments of every kind whatsoever.”

The *Rojo* court found that it was unnecessary to apply these statutory rules of construction because, as discussed above, the relevant language of the FEHA is clear in disclaiming any intent to repeal any other law relating to discrimination; where statutory language is clear, a court need not and should not resort to artificial canons of statutory construction (*Rojo*, supra, at p. 79, citing *Soldberg v. Superior Court* (1977) 19 Cal.3d 182, 198). Further, as discussed above, the common law provides a variety of means independent of the FEHA to redress injuries arising from employment discrimination and, therefore, the court found, that even under the rules of statutory construction described above, the FEHA would be construed to provide a cumulative, rather than an exclusive, remedy for employment discrimination (*Rojo*, supra, at p. 79).

Finally, the court rejected defendant's reliance on several prior court of appeal cases, and federal cases applying California law, which had held that the FEHA provides the exclusive remedy for injuries relating to employment discrimination (see, for example, *Ficalora v. Lockheed Corp.* (1987) 193 Cal.App.3d 489; *Strauss v. A. L. Randall Co.* (1983) 144 Cal.App.3d 514; *Cook v. Lindsay Olive Growers* (9th Cir. 1990) 911 F.2d 233; *Baker v. Kaiser Aluminum Chemical Corp.* (N.D. Cal. 1984) 608 F.Supp. 1315). According to the court, one line of cases erroneously construed subdivision (c) of Section 12993 as evidence of legislative intent to occupy the entire field of discrimination regulation (see *Ficalora v. Lockheed Corp.*, supra, at p. 492), while the second line of cases improperly applied the "new right—exclusive remedy" doctrine (see *Strauss v. A. L. Randall Co.*, supra, at p. 520). The court reiterated its prior findings that the FEHA preempts only local laws prohibiting discrimination, and that it does not displace other state law remedies for discrimination, including common-law remedies (*Rojo*, supra, at pp. 81–82).

Following the court's holding that the FEHA does not preclude a plaintiff from asserting a common-law cause of action arising out of employment discrimination, the court further held that a plaintiff is not required to exhaust the FEHA administrative process prior to seeking judicial relief for those causes of action (*Rojo*, supra, at p. 88). Thus, a plaintiff may elect to waive the FEHA cause of action and remedies, and proceed directly to court on the common law claims. Alternatively, a plaintiff may pursue both the administrative and judicial avenues, either sequentially or simultaneously, in the latter case amending his or her complaint to join the FEHA cause of action once the department has issued a right to sue letter (*Ibid.*).

Although the complaint in *Rojo* specifically included a common law cause of action for intentional infliction of emotional distress, we think that the court's broad holding that the FEHA does not displace other state law remedies for discrimination, including common law remedies, applies equally to other common law causes of action, including negligent infliction of emotional distress (see, for example, *Fretland v. County of Humboldt* (1999) 69 Cal.App.4th 1478, in which the court allowed the plaintiff to plead a cause of action for a violation of the FEHA, along with common law causes of action for both intentional and negligent infliction of emotional distress).

Based on the above case law, it is our opinion that the California Fair Employment and Housing Act does not preclude a person from bringing a civil action against a private employer for employment discrimination

based on common-law causes of action, including intentional and negligent infliction of emotional distress.

QUESTION NO. 2

Does the workers' compensation exclusive remedy rule preclude a worker, who is the victim of discrimination in the workplace that violates the California Fair Employment and Housing Act, from pursuing and collecting an award from his or her employer for damages for the negligent infliction of emotional distress caused by that discrimination?

OPINION NO. 2

The workers' compensation exclusive remedy rule does not preclude a worker, who is the victim of discrimination in the workplace that violates the California Fair Employment and Housing Act, from pursuing and collecting an award for damages for the negligent infliction of emotional distress caused by that discrimination.

ANALYSIS NO. 2

As discussed in Analysis No. 1 above, the FEHA establishes a comprehensive scheme designed to eliminate discriminatory practices in employment (Sec. 12920). In this regard, the FEHA generally prohibits discrimination in employment and harassment in the workplace on the basis of race, religious creed, color, national origin, ancestry, physical disability, medical condition, marital status, sex, sexual orientation, or age (Secs. 12940 and 12941). Under the FEHA an award may include damages for emotional distress (see *Romano v. Rockwell Internat., Inc.*, supra, at p. 492; Sec. 12935; para. (1), subd. (c), Sec. 12965). Further, as discussed in Analysis No. 1 above, the FEHA does not displace other state legal remedies for discrimination, including a common-law cause of action for negligent infliction of emotional distress based on discrimination.

The Labor Code grants the Workers' Compensation Appeals Board (hereafter WCAB) exclusive jurisdiction over workers' compensation proceedings (see Sec. 5300, Lab. C.; see also *Castro v. Fowler Equip. Co.* (1965) 233 Cal.App.2d 416, 421). Section 3600 of the Labor Code establishes the conditions for compensation under workers' compensation. Section 3602 of the Labor Code provides, with exceptions not applicable to this analysis, that when compensation is payable under Section 3600 of the Labor Code, the right to recover that compensation is "the sole and exclusive remedy of the employee or his or her dependents against the employer . . ." (subd. (a), Sec. 3602, Lab. C.). A related exclusive remedy provision, Section 3601 of the Labor Code, prohibits actions by injured workers against their coworkers, with exceptions for injuries the coworkers cause when acting within the scope of their employment. Thus, unless an exception is applicable, when the elements of compensability⁴ in Section 3600 of the Labor

⁴ These conditions include requirements that the employer and employee be subject to the Workers' Compensation Act, that the injury occur while the employee is performing employment-related services, and that the injury be proximately caused by the employment (Sec. 3600, Lab. C.).

Code are met, an injured worker's sole remedy against the employer is workers' compensation (Sec. 3602, Lab. C.; *Cole v. Fair Oaks Fire Protection Dist.* (1987) 43 Cal.3d 148, 158). The rationale for the "exclusive remedy rule" was described by the California Supreme Court in *Shoemaker v. Myers* (1990) 52 Cal.3d 1, as follows:

"[T]he employer assumes liability for industrial personal injury or death without regard to fault in exchange for limitations on the amount or the liability. The employee is afforded relatively swift and certain payment of benefits to cure or relieve the effects of industrial injury without having to prove fault but, in exchange, gives up the wider range of damages potentially available in tort. [Citations omitted.] The function of the exclusive remedy provisions is to give efficacy to the theoretical 'compensation bargain.' " (Id., at p. 16.)

The court recognized, however, that there may be exceptions, express or implied, to the exclusive remedy rule:

"We conclude that disabling injuries, whether physical or mental, arising from termination of employment are generally within the coverage of workers' compensation and subject to the exclusive remedy provisions, ~~unless the discharge comes within an express or implied statutory exception or the discharge results from risks reasonably deemed not to be within the compensation bargain.~~" (*Shoemaker v. Myers*, supra, at p. 7; emphasis added.)

Examples of conduct not stemming "from a risk reasonably encompassed within the compensation bargain" include false imprisonment (*Fermino v. Fedco, Inc.* (1994) 7 Cal.4th 701, 723), the termination of a state civil service employee for whistleblowing (*Shoemaker v. Myers*, supra, at pp. 22–23) and sexual harassment (*Accardi v. Superior Court* (1993) 17 Cal.App.4th 341, 353).

Further, an employer's violation of an important public policy may take an injured employee's action out of the workers' compensation exclusive remedy rule and permit the employee to sue his or her employer in court (see *Gantt v. Sentry Ins.* (1992) 1 Cal.4th 1083, 1098). In *Gantt v. Sentry Ins.*, the California Supreme Court held that "a termination for testifying truthfully concerning a coworker's sexual harassment claim in the context of an administrative investigation is actionable under Tameny [cit. omit.] . . . [and] that neither the FEHA nor the Workers' Compensation Act preempts the claim" (Id., at pp. 1086 and 1087). In addition, in *Fretland v. County of Humboldt*, supra; hereafter *Fretland*), the Court of Appeal held that the exclusive remedy rule does not bar an employee's claim for work-related injury discrimination in violation of FEHA (Id., at p. 1484), and does not bar a claim for emotional distress damages for work-related injury discrimination (Id., at p. 1492).

Fretland's second cause of action for discrimination was for "discrimination and harassment based upon physical handicaps" in violation of the FEHA (*Fretland*, supra, at p. 1483). The trial court "found that it was undisputed that the discrimination and harassment claim 'arose out of an industrial injury' " (*Fretland*, supra, at p. 1483). *Fretland's* eighth and ninth causes of action were for intentional and negligent infliction of emotional distress arising from the discrimination (Id., at pp. 1491–1492). The Court of Appeal in *Fretland* held that

neither the second cause of action (*Id.*, at p. 1486) nor the eighth and ninth causes of action (*Id.*, at p. 1492) were barred by the exclusive remedy provisions of the workers' compensation law. The Court of Appeal in *Fretland* reached these holdings based on an analysis of the California Supreme Court's decision in *City of Moorpark v. Superior Court* (1998) 18 Cal.4th 1143 (hereafter *City of Moorpark*) and *Cole v. Fair Oaks Fire District Protection Dist.*, *supra* (hereafter *Cole*).

In *City of Moorpark*, the California Supreme Court held that Section 132a of the Labor Code, which states that it is the policy of this state "that there should not be discrimination against workers who are injured in the course and scope of their employment," is not the exclusive remedy for work-related injury discrimination. In *City of Moorpark*, the California Supreme Court "emphasized the broad scope of the FEHA and concluded it would be inconsistent with the purpose of that legislation to limit its applicability to disabilities unrelated to work" (*Fretland*, *supra*, at p. 1485). Thus, the court in *Fretland* reasoned that "*City of Moorpark* establishes that ' . . . section 132a does not provide an exclusive remedy and does not preclude an employee from pursuing FEHA and common law wrongful discharge remedies' " (*Ibid.*).

In *Cole*, the California Supreme Court held that "when the employee's [emotional distress] claim is based on conduct normally occurring in the workplace, it is within the exclusive jurisdiction of the Workers' Compensation Appeals Board" (*Fretland*, *supra*, at p. 1492). The Court of Appeal in *Fretland*, however, stated that "*Cole* does not prohibit all emotional distress causes of action against an employer, but only those based on conduct that is a normal risk of the employment relationship" (*Ibid.*). The Court of Appeal in *Fretland* found that "work-related injury discrimination is not a normal risk of the compensation bargain" (*Ibid.*), and held that "*Fretland's* emotional distress claims are not barred by the exclusivity rule to the extent they seek emotional distress damages for the alleged work-related injury discrimination" (*Ibid.*).

Based on the above judicial decisions, we think that the workers' compensation exclusive remedy rule does not preclude a worker, who is the victim of discrimination in the workplace that violates the FEHA, from pursuing an action for damages for the negligent infliction of emotional distress caused by that discrimination, because discrimination is not a normal risk of employment and violates the legislatively established public policy contained in the FEHA.

As to an employee's ability to collect an award⁵ if an employee receives compensation under workers' compensation, and secures a judgment for, or settlement of, civil damages against the employer because of an exemption to the exclusive remedy rule, except for suits against uninsured employers (see Sec. 3709, Lab. C.), there is no requirement in the Labor Code that the compensation paid under

⁵ If the action is filed under the FEHA, a person is required to exhaust his or her administrative remedies, which may include an award to the person by the Fair Employment Housing Commission for damages for emotional injuries as a component of actual damages, before filing a civil action in court (see *Romano v. Rockwell Internat., Inc.*, *supra*; Sec. 12935; para. (1), subd. (c), Sec. 12965). If the action is filed in court, then a judgment rendered for the person may be issued. For purposes of this opinion, the use of the term "award" means both an award by an administrative agency and a judgment by a court.

workers' compensation is required to be credited against the judgment or settlement. However, in *Shoemaker v. Myers*, supra, the California Supreme Court stated that "[i]n the event of any overlap in the recovery of both compensation and damages, the employer must be allowed a credit against the judgment for any compensation already paid on account of an industrial injury arising from the same facts [citations omitted]" (*Shoemaker v. Myers*, supra, at p. 23, fn. 12). Thus, we do not think there is any provision of the workers' compensation law that would prevent a worker, who is the victim of discrimination in the workplace, and who is successful in an action for damages for the negligent infliction of emotional distress caused by that discrimination, from collecting any award for those damages. However, if there is a workers' compensation award arising from the same facts, the employer would be allowed a credit against the award in the amount of the workers' compensation award.

In conclusion, based on the above, the workers' compensation exclusive remedy rule does not preclude a worker, who is the victim of discrimination in the workplace that violates the California Fair Employment and Housing Act, from pursuing and collecting an award for damages for the negligent infliction of emotional distress caused by that discrimination.

MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 1847

Governor's Office, Sacramento
September 4, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1847 without my signature.

This bill would establish a task force to create, by October 1, 2002, a Cardiovascular Disease and Stroke Prevention and Treatment State Master Plan. The authority for this Task Force would sunset on January 1, 2006.

AB 1847, however, does not provide the funding necessary to hire staff and to complete the required report.

In addition, the provisions of this measure overlap with the responsibilities of the Department of Health Services, Cardiovascular Disease Outreach, Resources and Epidemiology (CORE) Program. The CORE Program, which is completely federally funded, engages in public education, epidemiologic research, primary prevention services,

and statewide coordination efforts. While I support the intent of this legislation, I believe this issue should be considered along with other worthy projects during the fiscal year 2001–2002 budget process.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2258

Governor's Office, Sacramento

September 4, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2258 without my signature.

This bill would require the California Department of Social Services to study the licensing of crisis nurseries as a separate category of care. Additionally, this bill would require the Department of Developmental Services to consult with operators of crisis nurseries, and with parents who have used the services of crisis nurseries. Notwithstanding the merits of this proposal, it would result in General Fund costs for which funding was not included in the Budget Act of 2000. This proposal should compete with the many other good proposals that will be suggested next year for adoption in Budget Act of 2001.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2475

Governor's Office, Sacramento

September 6, 2000

To the Members of the Assembly:

I am returning Assembly Bill 2475 without my signature.

This bill exempts the Museum of Flying from sales and use tax. Although I recognize that the revenue losses from this bill are minor, I am vetoing the bill based on my concern about the continued erosion of the sales and use tax base through the expansion of exemptions.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2645

Governor's Office, Sacramento

September 6, 2000

To Members of the Assembly:

I am returning Assembly Bill No. 2645 without my signature.

This bill would authorize school districts to use instructional materials funds for the purchase of English language curricula for English language learners and pupils enrolled in structured English immersion programs. This authority would expire on June 30, 2002.

At its June 8, 2000 meeting, the State Board of Education extended its existing policy through June 30, 2002, to accomplish this identical goal. While I fully support the provision of appropriate instructional materials for English language learners, this bill is unnecessary given the State Board's action.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 7th day of September 2000 at 3:30 p.m., of Assembly Bills Nos. 1847, 2258, 2475 and 2645 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 8

Governor's Office, Sacramento

September 7, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 8 without my signature.

This bill would require the Board of Trustees of the Los Angeles Community College District to establish seven trustee areas in the district, and would require members of the governing board to be elected by trustee area.

The decision to create single-member trustee areas is best made at the local level, not by the state. Furthermore, current law allows registered voters residing in the Los Angeles Community College District to petition for the creation of trustee areas.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 252

Governor's Office, Sacramento

September 7, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 252 without my signature.

This bill would appropriate \$50,000 General Fund to the Student Aid Commission to prepare a report on the need for financial aid incentives to encourage students to attend higher education institutions during summer session.

The 2000 Budget Act includes \$33.7 million to enable both the University of California and the California State University to reduce summer session fees to the same level as other academic terms. This fee reduction will eliminate one of the most significant barriers to increasing student attendance during the summer session. I believe that it is premature to conduct a study of student financial aid until the campuses have an opportunity to evaluate enrollment changes due to the fee reduction.

Furthermore, the recently revamped Cal Grant Program will double the grants to thousands of financially needy students who have demonstrated academic merit. These grants can also be used to attend summer session.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 754

Governor's Office, Sacramento

September 7, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 754 without my signature.

This bill would require the Department of Health Services (the Department) to provide Medi-Cal managed care plans in Two-Plan Model Counties with final approved contract rates at least 60 days before each new contract period. If plans did not receive final rates by the specified time, these Medi-Cal managed care plans could then choose to accept their preliminary rates as final rates. Finally, AB 754 would eliminate the current requirement that the Department and these health plans enter into a Memorandum of Understanding regarding the methodology and schedule for establishing the final contract rates.

AB 754's intent is to assure that Medi-Cal managed care plans will have final contract rates in time to effectively negotiate provider rate payments. Although my administration and the Department fully agree with the intent of this bill, it contains provisions which could jeopardize millions of dollars of federal financial participation to our Medi-Cal program. Federal laws and regulations require that the Department assure that aggregate payments to Medi-Cal managed care plans do not exceed the amount that would have been paid for these services in the Medi-Cal fee-for-service program. Determining accurate, fully compliant plan contract rates is an exacting and time-consuming process that must take into account not only previous years of plan experience, but also annual budgeted changes in Medi-Cal benefits and provider rates. These changes are not available to the Department until California's budget is signed each year in late June, which makes the development of accurate final contract rates by August 1 very difficult.

AB 754's provision that would allow plans to choose their preliminary rates as their final rates when final rates are not received on time would have the effect of allowing plans to establish their own contract rates. I cannot approve legislation which literally delegates contract rate-setting to Medi-Cal managed care plans in certain situations. California would be out of compliance with federal law that requires a single state agency to oversee our Medi-Cal program.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1780

Governor's Office, Sacramento

September 7, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1780 without my signature.

This bill would delete the exemption from classified service for part-time playground positions.

While I appreciate this bill's effort to provide better benefits for part-time playground monitors, this bill would mandate substantial increased costs to school districts. I am concerned that requiring school districts to designate all part-time playground monitors as classified

employees would usurp the ability of local school districts to set personnel policies that best meet their individual needs.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1879

Governor's Office, Sacramento
September 7, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1879 without my signature.

While I recognize the importance of preventing brain and spinal cord injuries, I am unable to support this measure. Assembly Bill 1879 would circumvent the normal processes for developing, reviewing, and approving the adoption of academic content standards, curriculum frameworks, and instructional materials. The existing process of curriculum framework development and review allows for significant public input into the form and content of the included material.

Furthermore, this proposal circumvents the budget process, wherein meritorious projects can compete with each other.

Finally, I would note that governing boards of local educational agencies already have the authority to adopt curriculum in any subject matter area they deem appropriate or a priority within their jurisdiction. For these reasons, I am returning this measure without my signature.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2330

Governor's Office, Sacramento
September 7, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2330 without my signature.

This bill would provide grants to non-profit aquariums, ocean institutes, and other marine science education programs to fund general marine science education programs for pre-kindergarten, kindergarten and grades 1 to 12, in coordination with local school districts.

This bill would also appropriate \$1.5 million from the General Fund, funding not included in the 2000 Budget. While this proposal has merit, it should compete with other meritorious proposals in the annual budget process.

While I support educating California's students about the environmental and economic importance of marine science and the Pacific Ocean, I believe that this bill is unnecessary. In addition to the life and earth science courses taught in schools throughout the State, there are state-funded environmental education programs already in existence. The Environmental License Plate Fund supports grants to state and local environmental education programs, including those geared towards marine science. Current law also allows district governing boards to conduct programs and classes in outdoor science education and conservation education.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 8th day of September 2000 at 4:10 p.m., of Assembly Bills Nos. 8, 252, 754, 1780, 1879 and 2330 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

RALPH ROMO

Chief Assistant Clerk of the Assembly

Veto Message—Assembly Bill No. 1096

Governor's Office, Sacramento

September 10, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1096 without my signature.

This bill would repeal the existing private certification program for interior designers and instead would establish a new state program, the Board of Interior Design, to administer a title act that would limit the use of the term "registered interior designer."

This bill creates a new regulatory program for an industry where there is no demonstrated consumer harm. The creation of a new regulatory program and new state agency at a time when the Legislature is eliminating licensing boards and streamlining regulatory programs is inappropriate.

Additionally, this bill does not provide for adequate start-up funding and is unclear as to what, if any, consumer protection would be served. Government intervention in a marketplace should be reserved for cases where there is consumer harm.

For these reasons, I cannot sign AB 1096.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1597

Governor's Office, Sacramento

September 10, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1597 without my signature.

This legislation would require the Department of Corrections to ensure that the standard of hospice care for female inmates at the Central California Woman's Facility be equivalent to the level of care provided to male inmate hospice patients at the California Medical Facility. Additionally, the bill would state legislative intent to encourage the University of California and the Department of Corrections to establish a medical residency program at the California Medical Facility.

As indicated in my veto message of a similar bill, this bill is unnecessary because as of July 1, 2000, the California Department of Corrections began operating a hospice facility for the critically and terminally ill women in prison. This program, as the author correctly intends, will be equivalent to the services provided for the male prison inmates at the California Medical Facility.

I believe that the provision stating legislative intent to establish a University of California and Department of Corrections medical residency program at the California Medical facility would create fiscal pressure to fund a \$2 million to \$3 million program. Funding for such a

program should be considered during the annual budget process when the costs and merits of the program may be evaluated among other competing funding priorities.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1759

Governor's Office, Sacramento

September 10, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1759 without my signature.

This bill would require all State agencies to post on their Internet sites a list of all of its reports and studies that are subject to disclosure under the Public Records Act (PRA). The bill would require that the list must be continuously updated to include every report within 10 days after its initiation or completion.

The legislation is not clear and fails to indicate if the reports and studies to be posted would be those completed on or after date of enactment, or how the public is to access the reports. Consumers would have great difficulty, even those with extensive knowledge of the Internet, finding a list without links or clear instructions to make this effort worthwhile. As written, the bill would only provide information in a highly inefficient and confusing form. A stand-alone list of reports and studies does not seem to meet the stated intent of the Public Records Act.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1962

Governor's Office, Sacramento

September 10, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1962 without my signature.

This bill would eliminate the sunset date on the current rate structure for escrow agents' annual license fees, would change the annual license fee, would reduce the frequency for routine examinations of escrow agencies, and would eliminate a special assessment provision designed to prevent the program from operating at a deficit.

This bill will not provide the Department of Corporations with adequate funding to meet its existing regulatory responsibilities with respect to the escrow industry. In addition, doubling the length of the routine audit cycle from two to four years may jeopardize consumer protections. I am willing to consider legislation next year, which ensures adequate funding while addressing industry concerns about the cost of issuing licenses.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2124

Governor's Office, Sacramento

September 10, 2000

To Members of the California State Assembly:

I am returning Assembly Bill No. 2124 without my signature.

This bill would create the Integrated Justice Information System Task Force which would be required to establish a California integrated justice information system plan to be used for the purpose of maximizing standardization of data elements and communications technology, reducing unnecessary duplication of data collection, storage, or entry, and to formulate recommendations regarding the establishment of a permanent planning or development process.

While this bill's intent is to assist in the creation of efficiencies in the transmission of information between various law enforcement agencies, I have concerns that this bill would create a significant pressure on the General Fund, likely in the tens of millions of dollars to implement recommendations made by the bill's task force. The 2000 Budget Act includes \$34.4 million to assist in implementation of the Judicial Technology Initiative and \$75 million one-time funding to local law enforcement agencies for the purchase of high-technology equipment. Thus, it is not clear to me that the proposed task force and plan are necessary at this time.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2424

Governor's Office, Sacramento

September 8, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2424 without my signature.

This legislation provides for the licensure of private duty nursing agencies. AB 2424 permits Residential Care Facilities for the Elderly (RCFE's) to provide incidental medical care services through a private nursing agency when certain conditions are met. The bill specifies that Early Periodic Screening Diagnosis and Treatment and home and community based waiver recipients would be eligible for continuous nursing services provided by a private duty nursing agency, subject to federal approval and federal financial participation.

Notwithstanding the merits of this proposal, it would result in General Fund costs for which funding was not included in the Budget Act of 2000. This proposal should compete with the many other good proposals that will be suggested next year for adoption in Budget Act of 2001.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2595

Governor's Office, Sacramento

September 10, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2595 without my signature.

I recognize the risk that bail agents face when their clients are deported or flee to another jurisdiction. However, I am mindful that these sureties, when entering a contract with a defendant, recognize these risks and therefore build in a margin which would cover the cost of these infrequent forfeitures. These sureties are in a better position to determine the immigration status of the defendant than the courts and as such when entering a contract with a defendant, they can build in a margin which would cover the cost of these infrequent forfeitures. Flight, as well as deportation, are inherent risks in this type of business.

In addition, the provision of this measure which provides that when a defendant is held in custody in a domestic jurisdiction or a foreign jurisdiction that has an extradition agreement with the United States and the prosecutor fails to seek extradition, despite the ability to do so, bail forfeiture shall be vacated shifts the cost burden from the surety to the state or locals by mandating that they incur the cost of extradition or they lose the forfeiture bail.

Reasonable protections have been enacted in the past. I do not believe further expansion appropriate at this time.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2725

Governor's Office, Sacramento

September 8, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2725 without my signature. This bill would have regulated the conduct of "going out of business" sales.

Clearly, I do not condone fraudulent activities. However, this bill is unduly restrictive.

I would be supportive of legislation the primary focus of which is to prevent the dissemination of misleading information to the consumer.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2786

Governor's Office, Sacramento

September 10, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2786 without my signature.

This bill would redirect unclaimed funds to the State. These monies do not belong to the State. Unclaimed property belongs to the estate of the deceased person. The Controller should make every effort to return these monies to the rightful heirs.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2832

Governor's Office, Sacramento

September 8, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2832 without my signature.

AB 2832 would exempt from manufacturer licensing any person who manufactures a medical device intended for investigational use outside of the United States if the medical device is manufactured and used in compliance with all applicable federal laws and regulations and the law of the host country.

It is reasonable to exempt from state licensing manufacturers of medical devices intended solely for investigational use in other countries if the medical devices are manufactured and used in compliance with applicable federal requirements and the requirements of the importing country. But in providing such an exemption there must be assurance that the medical devices will not be distributed domestically or reimported into California except in accordance with state and federal laws governing investigational device use. Companies claiming such an exemption should also be identified so that the California Department of Health Services (DHS) can verify compliance with the conditions of exemption as needed to protect the public health. AB 2832 does not provide these safeguards.

Existing law authorizes DHS to write regulations exempting a class of manufacturers from licensing when the public health is not endangered. I encourage the sponsors of AB 2832 and the medical device industry to work with DHS to develop regulations that provide an appropriate exemption for manufacturers of medical devices intended solely for investigational use in other countries without compromising existing public health protections in California.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 11th day of September 2000 at 4:21 p.m., of Assembly Bills Nos. 1096, 1597, 1759, 1962, 2124, 2424, 2595, 2725, 2786, and 2832 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 536

Governor's Office, Sacramento

September 11, 2000

To Members of the California Assembly:

I am returning Assembly Bill 536 without my signature.

This bill would provide blood testing and human leukocyte antigen typing to individuals who volunteer to participate in the federal National Marrow Donor Program.

The 2000–01 Budget, as signed, did not include funds for this purpose. While this program has merit, it should compete with the many

other good proposals that will be suggested next year for adoption in the Budget Act of 2001.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1390

Governor's Office, Sacramento
September 11, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1390 without my signature.

This bill would establish the Bullying Prevention Program, to be implemented through a competitive grant process by school districts maintaining grades 5 and 6. This bill would appropriate \$150,000 General Fund to provide the grants.

The effort to enhance school safety and provide awareness to students and teachers should be part of ongoing school safety efforts. Teachers, administrators, and playground attendants should, as a course of normal responsibilities, be aware of what the children are doing, including bullying, without the need for specialized programs, training, and counseling. Furthermore, the current budget provides \$425 million to school districts for locally determined priorities, including school safety needs, which can be used to implement bullying prevention programs, should this be locally determined to be a need.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1704

Governor's Office, Sacramento
September 11, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1704 without my signature.

This bill would appropriate \$149,000 General Fund to the Department of Social Services (DSS) for allocation to the Trabajadores de La Raza/Chicano Youth Center and members of the Central Valley Youth Consortium to conduct a study regarding the provision of services to youth residing in the Central Valley Region. The 2000–01 Budget did not include funds for this purpose. While this study has merit, it should compete with the many other good proposals that will be suggested next year for adoption in the Budget Act of 2001. It would also be appropriate to seek funding for this study through existing CalWORKs county performance incentive funding.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1758

Governor's Office, Sacramento
September 11, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1758 without my signature.

This bill would establish a statutory process whereby species previously thought extinct, but rediscovered, may be granted protected

status until such time that the Fish and Game Commission can act on a formal endangered species petition for the species.

This bill is redundant of existing provisions that create a process for the adoption for emergency regulations, including those for the protection of species in jeopardy. Furthermore this bill would waive the public notice and participation requirements in existing law, possibly disenfranchising those most affected by the adoption of these heightened provisions. This is inconsistent with our State's Administrative Procedures Act and would constitute an unfortunate precedent for the conduct of State business behind closed doors.

Existing law has not been shown defective, in fact, the species which prompted this bill, the San Fernando Spineflower, is the subject of a petition that has successfully navigated the existing process and is currently in its candidacy phase.

Therefore, I am vetoing AB 1758.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2704

Governor's Office, Sacramento

September 11, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2704 without my signature.

It is not clear that there is a need for this bill since no evidence has been presented that the current private system is not working. Moreover, this bill does not provide any additional consumer protections against the receipt of unsolicited e-mail advertisements but merely expands government.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 12th day of September, 2000 at 1:45 p.m., of Assembly Bills Nos. 536, 1390, 1704, 1758, and 2704 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 675

Governor's Office, Sacramento

September 12, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 675 without my signature.

This bill would require the Department of Health Services to conduct unannounced surveys of all accredited general acute care hospitals every three years for the purpose of reviewing the patient classification system, or staffing requirements.

While this bill may have merit, this measure includes a provision that requires the Department of Health Services to make federal Medicare and Medicaid certification documents available to the public. This provision places the Department in conflict with federal guidelines

which state that DHS has no authority or jurisdiction to provide these documents to the public. Federal certification documents can only be obtained from the federal government under the Freedom of Information Act. However, every health facility's survey and inspection reports are available to the public for inspection.

Additionally, Assembly Bill 675 contains no appropriation for the increased staffing and associated costs to the Department to conduct additional unannounced surveys of hospitals.

For the reasons stated above, I am unable to sign AB 675.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1986

Governor's Office, Sacramento

September 12, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1986 without my signature.

This bill would require the State Department of Education to certify state-subsidized child care programs that meet prescribed performance standards, and provide technical assistance to programs not meeting those standards.

The Superintendent of Public Instruction already has authority to develop standards for the implementation of quality programs. The Department could revise the indicators by which it assesses program quality without the prescriptive revisions proposed by this bill to current law.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2631

Governor's Office, Sacramento

September 12, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2631 without my signature.

This bill would require the State Department of Education to administer competitive start-up or expansion grants to governmental agencies and nonprofit organizations that meet specified criteria to participate in the Summer Food Service Program or to provide after school snacks pursuant to the Child and Adult Care Food Program.

While this program may have merit, it will cost an additional \$1.2 million currently not appropriated in the 2000 Budget Act. This program should compete with other meritorious programs in next year's budget.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 13th day of September 2000 at 4 p.m., of Assembly Bills Nos. 675, 1986 and 2631 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1625

Governor's Office, Sacramento

September 13, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1625 without my signature.

This bill would unnecessarily restrict the business of assisting the public in recovering property escheated to the state to licensed private investigators, attorneys, public accountants, and licensed persons owing a fiduciary duty to a property owner.

This bill raises the issue of restraint of livelihood for existing non-licensed businesses that recover unclaimed property. Experience and education requirements for private investigators, accountants, and attorneys are excessive for entities whose business is limited to searching public records and using the mail and Internet to locate owners of unclaimed property.

This bill would reduce competition and consumer choice in the business of asset recovery services. With fewer companies providing this service, fewer consumers will be served and recover property of which they would otherwise be unaware. Additionally, the bill would reduce forces that keep fees charged to consumers competitive and encourage good service to consumers.

There are, however, some legitimate consumer abuses addressed by this bill that I would be willing to consider in separate legislation.

For these reasons I am returning this bill.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1648

Governor's Office, Sacramento

September 13, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1648 without my signature.

This bill would state the intent of the Legislature that the Institute for Transportation Studies at the University of California conduct a review of the Metropolitan Transportation Commission's (MTC's) compliance with state and federal regulations.

Under existing federal law, designated metropolitan planning organizations are required to develop transportation plans. Federal law also specifies the structure of these organizations, such as the MTC in the San Francisco Bay Area. This bill would require UC Regents to seek input from stakeholders concerned with public transportation in the region.

While there is merit to this study, the estimated \$250,000 cost should compete with other priorities through the budget process.

For this reason I am returning this bill.

Sincerely,

GRAY DAVIS

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1969

Governor's Office, Sacramento

September 14, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1969 without my signature.

This bill would require a long-term care mental health working group to develop a specific plan for the development of certain long-term care facilities.

The 2000–01 Budget, as signed, did not include funds for this purpose. While this working group may have merit, it should compete with the many other good proposals that will be suggested next year for adoption in the Budget Act of 2001.

This bill also duplicates existing law, which already requires the Department of Mental Health to conduct an independent evaluation of Mental Health Rehabilitation Centers and develop a state-level plan for a streamlined and consolidated evaluation and monitoring program for the review of MHRCs and Skilled Nursing Facilities with special treatment programs for mentally ill patients.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2013

Governor's Office, Sacramento

September 14, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2013 without my signature.

This bill would require (a) project charters for regional immunization registries, (b) local and regional immunization registry adherence to statewide guidelines, and (c) health care provider participation in immunization registries. While these provisions have the potential to help ensure successful implementation of a statewide system of immunization registries, it is premature at this time to legislate a requirement that health care providers participate in immunization registries in California since health care provider capacity for such participation is still evolving.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2501

Governor's Office, Sacramento

September 14, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2501 without my signature.

This bill would require the Department of Alcohol and Drug Programs to implement a three-year demonstration project to make grants to alcohol and other drug integrated treatment services networks in specified counties, using federal monies already allocated to the department.

I am supportive of efforts that will help communities provide prevention and treatment services to their residents with alcohol and other drug problems, particularly persons who are poor and uninsured. However, the funding included in AB 2501 for the proposed three-year Community Network Service Provider Demonstration Project is not in compliance with the federal statutory provisions governing the use of the Substance Abuse Prevention and Treatment block grant funds and is at the expense of other needy alcohol and other drug prevention/treatment service providers. Moreover, the funding mechanism undermines the state/county partnership that the department and counties have worked hard to develop.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2166

Governor's Office, Sacramento

September 16, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2166 without my signature.

This bill would change State domestic violence grant requirements to extend the period, from 18 months to 24 months, that a transitional housing program could provide services such as housing, job training and placement, and case management to a domestic violence victim.

While proponents are well intentioned, this bill would create General Fund pressure, in the millions of dollars, to lengthen the time periods for providing services. The State cannot afford to finance indefinitely every program.

The Budget Act of 2000 provides \$39 million General Fund to support the development and operation of emergency shelters. These funds could be used to provide up to 24 months of transitional housing for domestic violence victims and their families.

I am also concerned that extending the time period would prevent new victims from obtaining services. However, I would be willing to

consider legislation that provides continued supportive services to domestic violence victims in exceptional situations, but not across the board.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2608

Governor's Office, Sacramento

September 16, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2608 without my signature.

This bill would require local governments to reimburse prosecutors and public defenders for relocation expenses when a credible threat is made against the prosecutor/public defender or his/her family.

As I stated in my veto of AB 792 of 1999, this is an inappropriate response to the hazards that good men and women except as part of their responsibilities as members of the criminal justice system. There is no guarantee that relocating all the people identified in this bill removes the hazards they must unfortunately cope with as valued members of society. These reasons still exist today.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2689

Governor's Office, Sacramento

September 15, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2689 without my signature.

This bill would require the State Department of Education to conduct a study regarding a variety of items involving pupil support, defined as school counselors, school psychologists, and school social workers, and the services and programs offered by those personnel.

The Budget Act of 2000 contains over \$71 million for the Carl Washington School Safety and Violence Prevention Act that is available for schools to use to increase the number of pupil support personnel as defined in this bill. In addition, the Budget Act of 2000 contains \$1.8 billion in discretionary funding that individual districts could use to meet their unique pupil support needs. The decision as to the appropriate level and type of student services provided at any given school district or schoolsite should be a local decision.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1851

Governor's Office, Sacramento

September 18, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1851 without my signature.

This bill permits a person born in California who has undergone a sex change operation to petition the court in his or her county of birth for the issuance of a new birth certificate. The bill would also establish procedures for the issuance of a certificate of change of sex to persons who do not have a California birth certificate.

The procedures established by AB 1851 would require the State Registrar to issue the certificate of change of sex upon order of the court. This requirement is inconsistent with the State Registrar's statutory responsibility (1) to register vital events, and (2) to register only those vital events that occur in California. It is also inconsistent with the intent of existing law to maintain the confidentiality of persons who have undergone surgical procedures to alter their sexual characteristics, since the certificate of change of sex does not result in the sealing of the person's original birth certificate or in the issuance of a new birth certificate.

The author proposes that the Certificate of Change of Sex is needed as a legal document in order for California residents who have undergone gender reassignment to obtain a new driver's license or a U.S. passport. This bill is unnecessary since a court order for a name change based on a change of sex is already available to the public, and a driver's license or U.S. passport is obtainable without a certificate of change of sex.

Finally, it is unreasonable to require a person to go through an unnecessary court proceeding for a certificate that will not provide them with any more benefits than a court order already provides.

GRAY DAVIS

Governor's Office, Sacramento

September 18, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1920 without my signature.

The day that two people are married should be one of the happiest days of their lives. As I said last year, the State of California can reasonably assume that people entering into marriage are fully cognizant of their contractual rights and responsibilities.

I believe it is presumptuous and in very bad taste, to require the County Clerk, on the eve of someone's marriage, to offer a couple a document detailing all of the problems and costs associated with the dissolution of that marriage.

For these reasons, I must veto this bill.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1960

Governor's Office, Sacramento

September 18, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1960 without my signature.

This bill would require the State to pay, subject to appropriation, 75% of the costs incurred by Local Agency Formation Commissions (LAFCOs) in preparing a city incorporation environmental impact report (EIR), if the incorporation fails. Counties, which provide the entire LAFCO budget through general fund appropriations, would absorb the remaining 25% of the EIR preparation costs.

Historically, LAFCO application processing fees have been borne by those advocating a change of organization. EIR's, where required by the California Environmental Quality Act (CEQA) and the individual LAFCO, have also been the financial responsibility of applicants, not the general taxpayers. This bill seeks to have the State and County governments pay 100% of the cost of an EIR prepared as part of an incorporation proposal.

For the reasons cited above, I am returning this bill.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 18, 2000

To Members of the California Assembly:

This bill would revise the requirements for site visits to licensed family day care homes by requiring that such visits be unannounced and conducted within every two-year period, and as often as necessary to ensure compliance. The 2000–01 Budget, as signed, did not include funds for this purpose. While this proposal has merit, it should compete with the many other good proposals that will be suggested next year for adoption in the Budget Act of 2001.

This bill would establish the Building Rehabilitation Code Advisory Council to advise the California Building Standards Commission on the possible adoption of a Building Rehabilitation Guideline.

A specific law is not needed to create an advisory council if the Commission deems one to be necessary. The Commission's 2000 Code Partnership has already undertaken an extensive review of recently published codes. Their recommendations will be incorporated into

existing building codes by the Commission during the upcoming code adoption cycles.

Governor's Office, Sacramento

September 18, 2000

To Members of the California Assembly:

This bill would establish two new programs for the purpose of increasing the number of physicians who specialize in geriatric medicine. The 2000–01 Budget, however, did not include funds for this purpose and it is not clear that the proposal will improve upon other effective programs like the Song-Brown Family Physician Training Program that also increase the supply of physicians to serve seniors.

HUGH R. SLAYDEN

Acting Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 865

Governor's Office, Sacramento

September 15, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 865 without my signature.

This bill would specify that the State employer should compensate the California Highway Patrol's (CHP) communications operators in an amount equal to the estimated average compensation of communications operators for the police departments in the jurisdictions of Los Angeles, Oakland, San Diego, San Jose, and the City and County of San Francisco. Also, when determining compensation for CHP communications operators, the State may consider the compensation for communications operators in comparable positions in the aforementioned police departments.

Because the Ralph C. Dills Act requires that any change in compensation for represented employees must be collectively bargained between representatives of the State and the Union, this bill would conflict with that requirement by mandating a statutory formula. Additionally, since April 1, 1999, communications operators have received salary increases totaling 13.5 percent plus a \$300 monthly recruitment and retention incentive differential for communication

operators employed at the Golden Gate Communication Center and the Los Angeles Communication Center.

Governor's Office, Sacramento
September 17, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1594 without my signature.

This bill would require immunization against Hepatitis A for kindergarten and childcare facility entry, effective July 2003.

Hepatitis A is not yet licensed for use in children under two years, so that it cannot yet be incorporated into the routine infant/toddler immunization schedule.

Further, Hepatitis A vaccine is not yet available for children in a combined preparation with other vaccines.

Widespread community acceptance is needed for school/childcare entry requirements to be effective. For Hepatitis A vaccine, such acceptance needs more time to develop, and 2003 may be too soon for this to happen.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1614

Governor's Office, Sacramento
September 17, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1614 without my signature.

Existing law provides the court with discretion to modify or terminate a support order at any time the court deems appropriate. Therefore, expressly specifying the applicability of current statute to an incarcerated population appears unnecessary.

While the author's actions are well-intended, I question whether it is good public policy to automatically relieve child support obligors of their responsibility while they are in prison. I believe a child should receive the benefit of the doubt and every effort to collect their child support should be made.

In addition, by requiring the county sheriff to provide each inmate a simplified form to request a modification of support, and by requiring the local child support agency to review the motion or order to show cause to modify support submitted by an incarcerated support obligor, this bill would create a reimburseable state-mandated program. Any increased local costs associated with implementing these provisions would be borne entirely by the General Fund and have not been included in the Budget Act of 2000.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1725

Governor's Office, Sacramento

September 17, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1725 without my signature.

This bill would require the Child Health and Disability Prevention (CHDP) program to refer for diagnosis and treatment when needed, all children eligible for the California Children's Services (CCS) program. In addition, the bill would require the Department of Health Services (DHS) to adopt regulations to establish, as part of CHDP health screenings, screening for acanthosis nigricans, and to authorize the use of the fasting blood glucose test when required.

This bill is not necessary. The CHDP program screens for Type 2 diabetes and makes referrals for children to receive a fasting blood glucose test. This bill would shift, from counties to the State, the cost of providing the fasting blood glucose test to uninsured children. In addition, the medical awareness of and testing of children for acanthosis nigricans could be accomplished administratively through DHS and the counties, rather than being mandated through legislation. Also, the CHDP program already determines eligibility and refers children to the CCS program for treatment. Finally, the 2000–01 Budget Act did not include funds for this purpose.

To Members of the California Assembly:

This bill would require the California State University (CSU) to prepare a detailed report with specified information about CSU's auxiliary organizations.

It is my understanding that the author of the bill has already requested CSU to provide the report required by this bill, and that CSU has agreed to comply with the request. Therefore, there is no need for legislation to accomplish the purposes of this bill.

Veto Message—Assembly Bill No. 2068

Governor's Office, Sacramento

September 17, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2068 without my signature.

This bill would encourage the Regents of the University of California to convene, to the extent that sufficient funds are provided for this purpose, a panel of experts, consisting of representatives from specified entities to develop guidelines and recommendations for the identification and treatment of childhood mental disorders and related issues.

Notwithstanding the merits of this study, it would imply a future commitment for funding. While the author has indicated an interest in seeking private funds for this purpose, this fund source should be identified in the bill. It should otherwise compete with the many other good proposals that will be suggested next year for adoption in the Budget Act of 2001.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2458

Governor's Office, Sacramento
September 11, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2458 without my signature.

This bill would allow specified classifications of the Department of Justice currently in the State Miscellaneous retirement category to transfer to the State Safety retirement category and exempt those positions from Social Security coverage on a prospective basis.

This bill would increase State employer retirement contributions by \$1 million annually. Employees in the seven classifications included in this bill do not meet the State's criteria of inclusion in the State Safety retirement category. Additionally, through collective bargaining in 1999, the employees in these classifications were provided an enhanced disability benefit in lieu of the opportunity to transfer to the State Safety retirement category. This bill would circumvent the collective bargaining process by mandating employee retirement benefit increases.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2809

Governor's Office, Sacramento
September 17, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2809 without my signature.

AB 2809 would require prenatal health care providers to offer testing and counseling for perinatally transmitted communicable diseases, to be identified by the Department of Health Services (DHS). The bill would further require the DHS to adopt a form to be used by health care providers, that documents the offer of testing, counseling and patient consent.

The requirements of this bill exceed current federal Centers for Disease Control and Prevention (CDC) recommendations for communicable disease screening and goes beyond professional medical guidelines for care which recommend screening all patients for HIV, syphilis and hepatitis B and testing only for patients at risk for other diseases. The state's standard of medical practice is consistent with that of the CDC.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2815

Governor's Office, Sacramento
September 11, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2815 without my signature.

This bill would permit the State of California, the trustees of the California State University and the Joint Rules Committee of the Legislature to elect to become employers whose employees are eligible for payment of disability benefits from the Unemployment Compensation Disability Fund. The election would have to be the result of a negotiated agreement with recognized employee organizations. The bill also would allow the State the choice to provide coverage to management and confidential employees, and employees who are not part of an employee organization.

To the best of my knowledge, this bill conveys no new rights or benefits to employees. Whether or not this bill becomes law, employees have the very same rights to negotiate at the bargaining table for these benefits.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 383

Governor's Office, Sacramento
September 22, 2000

To the Members of the Assembly:

I am returning Assembly Bill 383 without my signature.

This bill requires that a uniform salary schedule be adopted for a part-time faculty. All community college districts now have a salary schedule that is developed either through collective bargaining or the meet and confer process. This bill mandates part-time salary requirements that are items negotiated through the collective bargaining process. This bill would limit the ability of districts to negotiate for the compensation of their employees, particularly those part-time faculty who have skills in high-demand fields.

For this reason I cannot support this bill.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 609

Governor's Office, Sacramento
September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 609 without my signature.

This bill would require that Braille instruction provided to a functionally blind pupil to enable the pupil to communicate with the same level of proficiency expected of fully sighted students of comparable ability and grade level. The bill would require the Individualized Educational Program (IEP) for a functionally blind pupil with the potential to read to specify when and how Braille instruction shall be provided, if it is appropriate.

Although I fully support efforts to accommodate students with exceptional needs, this measure would no longer require assessments for determination of appropriate reading programs be provided for low vision individuals. By no longer assessing these students, services will likely be reduced. This bill also conflicts with current state and federal laws that require services to be provided based upon individual need.

Additionally, this bill goes well beyond aligning state and federal law, placing significant and costly mandates on schools and publishers. Funds for this purpose were not included in the 2000 Budget Act.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1235

Governor's Office, Sacramento
September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1235 without my signature.

This bill would increase the infant supplement rate for an infant placed with a minor parent in a foster family home, a certified home of a foster family agency, or a group home.

The 2000–01 Budget Act included a 2.96% cost-of-living adjustment for infant care supplemental rates. This bill would provide an additional rate increase of at least 9%. While this proposal may have merit, it should compete with the many other good proposals that will be suggested next year for adoption in the Budget Act of 2001.

In addition, this measure would provide that the state assume the county share of cost of the proposed rate increase, in addition to the state share of cost for the program specified in statute. The provision of General Fund for what historically has been a county share of the cost could set an undesirable precedent for future General Fund support in other areas

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1445

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1445 without my signature.

AB 1445 makes several changes to the training requirements for direct care staff in facilities serving persons with developmental disabilities including elimination of the existing requirement that direct care staff who do not pass a competency test may not continue to provide direct care.

Those who care for developmentally disabled persons are performing an extraordinarily valuable service to our society, and I salute their hard work and commitment. I believe, however, that we will do persons with developmental disabilities a disservice by allowing direct care staff to provide services to them even though they fail to pass the basic competency test.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1746

Governor's Office, Sacramento

September 22, 2000

To the Members of the Assembly:

I am returning Assembly Bill No. 1746 without my signature.

Current law authorizes the establishment of Indian Education Centers to act as educational resource centers in American Indian communities. This bill would expand the services that could be provided by these centers to include transportation, on-site professional mathematics and literacy teachers, and recovery programs for pupils who have dropped out of comprehensive schools. However, AB 1746 contains no additional funding to pay for these services. Costs to fund these expanded services could reach as much as \$8 million General Fund annually.

Many of the expanded services proposed by this bill are duplicative of programs that were significantly expanded in the Budget Act of 2000, including remedial education, reading and mathematics instruction and education technology, in addition to other categorical programs. For these reasons, I am unable to support this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1922

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1922 without my signature.

This bill would require the Chancellor of the California Community Colleges to report to the Legislature regarding changes in the diversity makeup of the faculty and the progress made in meeting district and systemwide goals.

While I strongly support having a diverse workplace, this bill is unnecessary and duplicative. Current law already provides that all

community college districts report demographic data on their employees. This information is available to the public and the state Legislature and is regularly used by community college administrators and faculty.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1940

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1940 without my signature.

This bill would require the Superintendent of Public Instruction to develop, and the State Board of Education to adopt, performance goals and indicators for individuals with exceptional needs. In addition, this bill would require inclusion of individuals with exceptional needs, with necessary accommodations, in general statewide and districtwide assessment programs. This bill also would require local educational agencies to provide reports annually on the participation in these assessments.

This bill is unnecessary because it largely restates federal law. The state is already obliged to and, in fact does, obey federal law.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2012

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2012 without my signature.

This bill would expand the authority to operate Foster Youth Services programs and establish new program standards and requirements. I already included \$7.6 million for this excellent program in my 2000–01 budget. Moreover, the Budget Conference Committee specifically rejected this further expansion as a matter of priority.

I believe the expansion of this meritorious program should be considered through the regular budget process with all other programs in the 2001–02 budget.

For these reasons, I cannot support this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2247

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2247 without my signature.

This bill would relieve certain school districts from financial penalties owed due to their non-compliance with instructional time requirements under current law. Specifically, the bill would retroactively extend the 1999 deadline for applications for a waiver of the requirements, and would also deem that the Ducor Union

Elementary School District had been in compliance with the minimum instructional time requirements for the 1997–1998 fiscal year.

The Hughes-Hart Educational Reform Act and the Instructional Time and Staff Development Reform Program both advanced the objective of increasing the amount of instructional time provided to California's students. By releasing school districts from penalties for noncompliance with these laws, this bill sets an undesirable precedent. Furthermore, the Administration has increased discretionary funding for school districts by nearly 11 percent for the 2000–01 school year, which should help mitigate any financial burden these districts may experience in the repayment of funds.

For these reasons I cannot sign AB 2247.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2339

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2339 without my signature.

This bill would impose significant state-mandated costs upon county offices of education by requiring the implementation of a new system to track certificated staff assignments. Funding for other provisions of this bill were not part of the 2000–01 budget and would be more appropriately reviewed in next year's budget.

Sincerely,

GRAY DAVIS

I acknowledge receipt this 24th day of September 2000 at 4:48 p.m., of Assembly Bills Nos. 383, 609, 1235, 1445, 1746, 1922, 1940, 2012, 2247, and 2339, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 2412

Governor's Office, Sacramento

September 23, 2000

To the Members of the Assembly:

I am returning Assembly Bill 2412 without my signature.

This bill would impose sales tax collection obligations on retailers who process orders electronically, by fax, telephone, the Internet, or other electronic ordering process, if the retailer is engaged in business in this state.

In order for the Internet to reach its full potential as a marketing medium and job creator it must be given time to mature. At present, it is less than 10 years old. Imposing sales taxes on Internet transactions at this point in its young life would send the wrong signal about California's international role as the incubator of the dot-com community.

Moreover, the Internet must be subject to a stable and non-discriminatory legal environment, particularly in the area of taxation. Unfortunately, AB 2412 does not provide such a stable environment: it singles out companies that are conducting transactions electronically and attempts to impose tax collection obligations on them to which, according to California courts, they are not subject. Furthermore, AB 2412 re-enacts provisions that the Legislature has recently repealed due to court decisions.

In the next 3 to 5 years, however, I believe we should review this matter. Therefore I am signing SB 1933, which creates the California Commission on Tax Policy in the New Economy. The Commission will examine sales tax issues in relation to technology and consumer behavior and make recommendations.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 356

Governor's Office, Sacramento

September 23, 2000

To the Members of the Assembly:

I am returning Assembly Bill 356 without my signature.

This bill would require the Trade and Commerce Agency to designate a geographical area within one city in Los Angeles County as a new enterprise zone.

In order to maximize the effectiveness of economic development zones, I believe that the number of zones must be limited and the areas chosen on a statewide, competitive basis. This bill, however, bypasses that process and would establish a new enterprise zone—without the traditional statewide, competitive process.

To help economically stressed communities like the intended beneficiary of AB 356, I have signed SB 511, which allows the Trade and Commerce Agency to award bonus points based on economic need but maintains the competitive process for the creation of future enterprise zones.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 581

Governor's Office, Sacramento

September 23, 2000

To Members of the California Assembly:

I am returning Assembly Bill 581 without my signature.

This bill would initiate a survey and inventory of all existing state-owned information technology infrastructure and network assets for the purpose of maximizing public access to those assets. It is my

view that this bill is too broad and also that it raises significant concerns about the security and confidentiality of state information technology assets.

This bill calls for a survey and inventory of all existing "information technology infrastructure". This definition is broad and could include all computing equipment, network infrastructure, and wiring. It is unclear for what purpose the collected information would be used.

Given the broad nature of the proposed survey, the bill provides neither enough time for the completion of the survey, nor adequate funding. Additionally, it is my view that policies relevant to the protection of state data and assets must be completed prior to the implementation of activities required by this bill.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1220

Governor's Office, Sacramento

September 23, 2000

To the Members of the Assembly:

I am returning Assembly Bill No. 1220 without my signature.

This bill would require corporate taxpayers that claim specified tax credits to provide the Franchise Tax Board with specified information regarding those credits for each economic development area in which they are doing business and for the state as a whole.

I am concerned about the significant administrative costs for the Franchise Tax Board that would be required by this approach. The Franchise Tax Board estimates that this bill would require 27 personnel years and increase General Fund costs in the range of \$1.2 million to \$1.7 million annually.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2711

Governor's Office, Sacramento

September 23, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2711 without my signature.

This bill would require the Trade and Commerce Agency to provide free office space and support within the City of Sacramento for foreign trade representatives.

I am vetoing this bill because it would require a significant redirection of resources away from existing programs with demonstrated benefits to a program that may not materially enhance California's relationships or trade with foreign countries. This bill fails to require that such office space be provided only to foreign staff here primarily to promote their countries' trade with California, and the proposed first-come, first-served basis of resource distribution does not relate either to the State's need to build relationships with specific countries or to their office requirements.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2392

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2392 without my signature.

This bill would expand the list of persons authorized to request assessments of pupils for special education services, give preference to foster parents over surrogate parents in making education decisions for children, and authorize the court to limit the rights of parents or guardians under specified circumstances.

While I support most of this bill's provisions affecting foster parents, the bill is once again overly broad. It unduly expands the range of individuals who can refer a child under the jurisdiction of the court for special education assessment to include adults designated by the parent or guardian or a person acting in place of a parent or person legally responsible for the child, as well as foster parents. Moreover, this bill would infringe upon the legitimate rights of parents and guardians to make educational decisions for their children. Finally, this bill imposes a reimbursable state mandate on courts.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2467

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2467 without my signature.

This bill would deem schools in five school districts to be eligible for necessary small school funding without meeting the statutory requirements for that funding. It would be inequitable to provide additional funding to these five school districts without providing similar funding to all other school districts that have similarly situated schools. This bill, therefore, may establish an inappropriate precedent to provide funding augmentations in cases where statutory requirements are not met. In addition, school districts received a record increase of nearly \$2 billion in on going discretionary funding this year that should provide these school districts with the flexibility needed to sustain existing schools, or open new schools if that is a local priority.

For these reasons I cannot support this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2471

Governor's Office, Sacramento
September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2471 without my signature.

This bill would require the Office of Planning and Research to provide additional information in its State Environmental Goals and Policy Report. The Report would be required to present data, by state region, concerning specified topics such as total population, threatened and endangered species, emissions of air pollutants and particles, impaired water bodies, drinking water usage and testing, total per capita vehicle miles of travel, and toxic sites.

I am committed to improving environmental quality in California. However, I am vetoing this bill because it would involve significant costs not included in the Budget Act of 2000. This effort should be considered in the normal budget process.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2585

Governor's Office, Sacramento
September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2585 without my signature.

This bill would require certain local educational agencies to annually provide a significant amount of information to the state Department of Education regarding individual pupils' English proficiency, their placement in English courses as a result of the English Language Development (ELD) assessment, and the academic achievement of English language learners (ELLs).

My school accountability program already holds districts accountable for the progress of all pupils, including ELLs, by requiring their inclusion in the state assessment program; therefore, the need for this bill is unclear.

Additionally, districts report the number of ELL pupils to the State Department of Education as part of the annual Language Census, and the number of reclassification pupils is reported as part of claims for student reclassification funding. Outcome data on the English language development test can be obtained from the publisher, once that test becomes available.

Finally, this bill would generate additional costs in the tens of millions without providing any additional instruction for ELL students.

For these reasons, I am unable to support this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2597

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2597 without my signature.

AB 2597 would modify loan terms, interest rates and other specific requirements in the Child Care and Development Facilities Direct Loan Program.

I am vetoing this bill as changing the program seems premature. Although the loan program was slow to start up, I recently signed a budget including \$150,000 for an expanded marketing program to improve public and industry awareness of the program. Relaxing loan limits as proposed by this bill may be unnecessary once the expanded marketing effort generates the expected interest in the program, and actually could reduce the total number of child care providers participating in the program if each loan is for a larger amount. It makes more sense to assess the results of the expanded marketing efforts before modifying the program requirements.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2613

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2613 without my signature.

This bill would establish the Honors Grant Program (HGP) to increase the capacity of up to 400 high schools to offer honors courses, beginning in the 2000–01 fiscal year. Additionally, this bill would reappropriate unexpended Proposition 98 funds from the 1998–99 and 1999–00 fiscal years for the International Baccalaureate program.

This bill would create a new program with a cost of approximately \$3.2 million for three years that is not included in the 2000 Budget Act. My priority is for all schools in the state to provide access to advanced placement courses and, to that end, the current budget provides \$16.5 million for Advanced Placement Challenge Grants to schools to expand advanced placement courses. This bill would create another grant program very similar to the Advanced Placement Challenge Grant program, resulting in competing curriculum development priorities for high schools, and diversion from the goal of improving access to advanced placement courses.

I do support the International Baccalaureate program and will consider necessary funding to the 2001–02 budget.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2670

Governor's Office, Sacramento
September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2670 without my signature.

This bill would require the appointment of a committee to conduct a three-year study regarding school nurse availability and student health related issues. The results of the study are due to the Legislature on or before July 1, 2005.

The study authorized by this measure is not funded in the Budget Act. This bill would require the committee established by the bill to recommend to the Legislature an amount sufficient to carry out the study, which may result in estimated costs of more than \$500,000 over three years. Should studying school nurses be a local priority, the current budget provides school districts with historic increases in discretionary funding (nearly \$2 billion) which can be used to support pupil health services, including studying school nurses.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2831

Governor's Office, Sacramento
September 22, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2831 without my signature.

This bill would establish a commission to review funding issues related to K–12 public education and report them to the Joint Committee to Develop a Master Plan for Education. It would re-appropriate \$200,000 to the Secretary for Education to staff the Commission in the 2000–01 fiscal year. Given that the Joint Committee has the ability to study this issue, if it so chooses, I do not see the need for having another commission duplicate its powers. Moreover, I believe that the \$200,000 has been appropriated for priority projects in the 2000 Budget Act, and should not be redirected to staff this commission.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 132

Governor's Office, Sacramento

September 24, 2000

To Members of the California Assembly:

I am returning Assembly Bill 132 without my signature.

This bill would require a plan for the development of an education and training program to prepare mid-career correctional managers for leadership roles in the state correctional system. It would also direct the Youth and Adult Correctional Agency (YACA) to prepare a report for the fiscal and relevant policy committees of the Legislature by March 31, 2001, on a plan to improve the education and future training of leaders within the California Department of Corrections (CDC) and the Department of the Youth Authority (YA).

This bill additionally directs YACA to consult with the University of California (UC), California State University (CSU), and other entities of higher education in designing this program and preparing the report. This bill also requests that these institutions cooperate with YACA in the development of this program, directs the staff of the Board of Corrections (BOC) to assist YACA in preparing this report, and authorizes CDC and YA to transfer funding from their budgets to the BOC for support costs if the chair of the BOC requests that they do so.

This bill has costs that are not included in the 2000–01 Budget Act. In addition, CDC began the development of a Professional Development Project in July 2000 that includes the evaluation of existing training programs for supervisors and managers. In regards to CDC, this measure seems duplicative and unnecessary.

Veto Message—Assembly Bill No. 788

Governor's Office, Sacramento

September 24, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 788 without my signature.

This bill would revise the basic principles of juvenile justice in California to emphasize rehabilitative treatment programs and to specifically delete references to "punishment".

I am open to prevention and treatment programs which are proven effective. However, the principles stated in this bill appear to emphasize alternatives to incarceration, without specifying that such programs be proven, effective means of ensuring public safety. I am therefore returning this bill without my signature.

Veto Message—Assembly Bill No. 1093

Governor's Office, Sacramento

September 24, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1093 without my signature.

This bill would create the Short Line Railroad Improvement Account in the State Transportation Fund, to be administered by Caltrans. The

bill would authorize Caltrans to approve grants to privately owned short line railroads for capital costs and related uses.

Neither the Budget Act of 2000 nor the Transportation Congestion Relief Act appropriated funds for the purposes outlined in this bill. Furthermore, because this bill would exclude use of Public Transportation Account and Article XIX funds for these grants, the result would be a greater demand on the general fund.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1654

Governor's Office, Sacramento
September 24, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1654 without my signature.

This bill would require the Transitional Case Management Program, which is designed to provide transitional mental health services to seriously mentally disordered parolees, to provide one year of community services prior to transitioning fiscal responsibility for these services to county mental health resources.

I vetoed a similar augmentation in the 2000 Budget Act which would have extended state fiscal responsibility for the entire length of parole. While I appreciate the author's attempts to reach a compromise solution with the Administration, this bill would still have the effect of committing the state to a significantly more costly program.

The Budget Act of 2000 contains \$2.6 million to provide up to 90 days treatment for severely mentally ill parolees to provide a period of transition during which time they can be moved to the caseload of local mental health providers. In addition, the Budget Act also contains \$50 million for Mentally Ill Offender Crime Reduction grants for award to local governments to expand or establish programs that reduce crime and criminal justice costs related to mentally ill offenders. Because of this, and the fact that this bill would result in additional significant General Fund costs that have not been included in the 2000 Budget Act, I am vetoing this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1995

Governor's Office, Sacramento
September 24, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1995 without my signature.

This bill would require the Department of Child Support Services to offer a one-time child support amnesty program, allowing child support obligors who owe \$5,000 or more in back child support an opportunity to have all or a portion of the arrearage forgiven under certain circumstances.

While it eventually might produce increased collections sufficient to offset the cumulative costs of the program, this measure would result in immediate General Fund costs upon its implementation while any offsetting savings would be both longer term and more speculative. Additionally, there is a lack of data to support the likelihood that an

amnesty program would bring more noncustodial parents back into the lives of their children and increase the amount of child support currently collected for children who rely on the State's child support program to meet their basic needs. Because of this uncertain net fiscal effect and the lack of documented evidence of successful outcomes of such an amnesty program, I must return this bill without my signature.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2402

Governor's Office, Sacramento

September 24, 2000

To Members of the California State Assembly:

I am returning Assembly Bill 2402 without my signature.

This bill would reduce San Bernardino County's fine and penalty remittance to the Trial Court Trust Fund by \$348,000, consistent with the same relief provided in the Budget Act of 2000 in Provision 11 of Budget Item 0450-101-0932. This bill would also reduce Del Norte County's maintenance of effort (MOE) requirements to Trial Court Funding by \$318,292.

I am vetoing this bill because it would result in a loss of funding which supports the operation of the trial courts and the public's access to justice, and because it would not be consistent with the Budget Act of 2000. Specifically, the bill's provision that would provide a relief to Del Norte County for an accounting error without making a corresponding adjustment to keep the fiscal impact revenue neutral is the source of my concern. As such, the bill would then result in an annual revenue loss to the Trial Court Trust Fund not included in the 2000 Budget Act nor offset by another revenue source and would detrimentally impact State trial court operations. This bill is unnecessary because I am signing SB 815 which will address the problem this bill is intending to address in a manner that is fiscally neutral rather than at the expense of funding for the Trial Court Program.

Sincerely,

GRAY DAVIS

I signed legislation last year to establish the procedures for the registration of domestic partnership in California. That bill provided hospital visits for same sex couples who registered as Domestic Partners. It also extended that privilege to heterosexual couples each of whom are over 62.

This bill would expand that legislation by allowing persons of opposite sexes, one of whom is 62 years of age and meets eligibility

criteria under the Social Security Act and one who is less than 62, to establish a domestic partnership.

I am not willing to make any changes to this Act at this time.

This bill would expand gambling in California by authorizing the game twenty-one, or blackjack.

The State Supreme Court found, in a 1999 decision, that Nevada style games, such as blackjack, are unconstitutional. Legislation cannot properly authorize card clubs to offer this game legally.

Even if I supported this policy, which I do not, a statute would not be sufficient to permit this form of gaming. Rather, a constitutional amendment approved by the voters would be required for such a change.

September 25, 2000

To Members of the California Assembly:

This bill would authorize Caltrans to contract with the Shingle Springs Band of Miwoks Indians to facilitate construction of improvements to Highway 50, benefiting the reservation. Until the second to the last day of the legislative session, this bill related to the display of slot machines at trade shows. I have previously expressed my dislike for bills substantially amended during the waning hours of the legislative session without the benefit of public input.

Furthermore, while the contractual arrangement specified in this bill may have merit, I believe it is imperative that the greater community be given the opportunity to participate in the issues surrounding the proposed highway improvements.

For these reasons, I am returning the bill unsigned.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2752

Governor's Office, Sacramento

September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2752 without my signature.

This bill would nullify a countywide vote which amended the San Diego County General Plan and Zoning Ordinance and designated Gregory Canyon as a landfill site. Specifically, this bill would grant jurisdiction to the Native American Heritage Commission over a proposed landfill within one mile of a sacred site of importance to a tribe. The legislation presently affects one site, Gregory Canyon, which is in private ownership.

While I am sensitive to the concerns raised by the tribe in this case, I am also sensitive to the fact that San Diego County voters approved the siting of this landfill, as Proposition C, by a 68% county-wide vote in 1994. In no Senate or Assembly district did the measure receive less than 60% support from voters. The Trial Court and 4th District Court of Appeals upheld Proposition C in 1997. In the same year the State Supreme Court denied a petition for review.

The proposed landfill will be subjected to an extensive EIR/EIS process which includes review by the State Water Quality Control Board, the San Diego Water Authority, and nine other Federal, State, and local agencies. Project opponents may have some valid concerns, but they will have ample opportunity to have their concerns addressed during the current Environmental Review process.

I am a firm believer in following an established process. Landfill proponents placed an initiative before the voters of San Diego County nearly 6 years ago. The voters responded with more than two thirds supporting the designation of Gregory Canyon as a landfill site. The courts have refused to nullify that decision. I am loath to overturn a vote of the electorate and the decision of two courts of law.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 26th day of September 2000 at 4:05 p.m., of Assembly Bills Nos. 317, 1066, and 2752, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 175

Governor's Office, Sacramento

September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 175 without my signature.

This bill would require the Trade and Commerce Agency to provide for all reasonable relocation expenses incurred when an overseas trade office director is appointed or dismissed, or is appointed to another Agency trade office.

I agree with the author that an overseas trade office director who has served the State well should not be left high and dry in a foreign

location. However, I would like to consider a policy for the provision of relocation expenses within the context of the budget process to ensure that appropriate safeguards and conditions are put in place under such a policy.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 441

Governor's Office, Sacramento

September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 441 without my signature.

This bill would forgive a \$162,635 loan plus interest made to Tomales Village Community Services District from the State Water Resources Control Board (SWRCB) State Water Quality Control Fund.

AB 441 would result in a revenue loss of \$218,684 in principal and interest that would reduce the SWRCB's ability to match a federal capitalization grant draw by \$1.1 million. This would reduce the lending capacity for subsidized loans to local communities. If other communities followed the lead of the Tomales Community Services District, the potential loss of federal matching funds could approach \$18 million.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 757

Governor's Office, Sacramento

September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 757 without my signature.

This bill, an urgency measure would appropriate \$100,000 General Fund to the Department of Health Services (DHS) for the purpose of funding an in-home, high-risk infant follow-up program in the San Gabriel Valley area.

This bill is unnecessary and duplicative of the DHS administered Medically Vulnerable Infant Program (MVIP). The 2000 Budget Act provided \$3.4 million for the MVIP to award grants to in-home, high-risk infant follow-up programs. In a competitive grant process, three other local programs that serve the San Gabriel Valley were selected and will receive funding in 2000–01 to provide these valuable services.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 786

Governor's Office, Sacramento

September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill AB 786 without my signature.

This bill would require school district employees, who apply pesticides as part of their regular duties, to receive training in the safe use of pesticides. The bill would also require the Department of

Pesticide Regulation (DPR) to distribute training materials on the safe handling of pesticides to all schools.

AB 786 is unnecessary. The California Code of Regulations (Title 3, Section 6724) already requires pesticide safety training of all employees who handle pesticides in their work setting.

The training materials required by the bill are currently available to schools either by request or by accessing the DPR web site. By imposing additional duties on local entities, this bill would impose a state-mandated local program.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1042

Governor's Office, Sacramento

September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1042 without my signature.

AB 1042 would eliminate the First Year Law Students Examination (Baby Bar) requirement for unaccredited law school students as a condition of attorney licensure after January 1, 2003.

The Baby Bar was established in 1935 by the State Bar to protect those individuals ill-suited for a legal career from expending further time, money, and effort, and to provide others with the opportunity to measure the quality of the education from unaccredited law schools. The California Supreme Court has agreed that there is a legitimate state interest in requiring this examination because the Baby Bar protects students by informing them about their ability to practice law, and the results of the examination indicate to the student the quality of the legal education the student is receiving.

For these reasons, I cannot sign this bill.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1524

Governor's Office, Sacramento

September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1524 without my signature.

This bill would authorize the Director of the Office of Emergency Services (OES) to acquire, retrofit, and assign to the California Department of Forestry (CDF) and local government entities as deemed necessary, any type helicopter appropriate for use in response to any fire, flood, earthquake or other form of disaster. The bill contains an indemnity clause to not impede CDF or other government or political entity from maintaining or operating helicopters.

When I first heard about the preventative grounding of CDF helicopters for replacement of a potentially defective part, I was immediately concerned and called on the National Guard for assistance. I learned soon after that CDF secured the necessary mast replacement parts for the helicopters and the safety of the state was not compromised.

This bill is well intended; however, it is duplicative. It would authorize OES to fulfill a function that CDF currently performs. CDF

already provides helicopters to county governments through cooperation with the US Forest Service Federal Excess Property Program (FEPP). CDF also currently has the infrastructure to support such an endeavor. If an increase in helicopters were deemed needed to better protect the state, then a more practical response would be to provide the authority and finances for CDF to expand its fleet by placing additional helicopters in strategic locations around the state.

This bill could also impose substantial costs to the state for retrofitting and to local governments for training, maintenance and staff of helicopter crews. Cost to the state of retrofitting helicopters for firefighting is at least \$770,000 each. Costs to local government would also be high. An average helicopter flies about 400 hours per year. Operation and maintenance costs are estimated to be about \$660 per hour or \$264,000 per year, per helicopter. Staff costs are approximately (per pilot) \$100,000 per year; two pilots, minimum, is needed. Training costs run around \$20,000 per year, per pilot. The cost of storage averages \$1,000 per month, per aircraft. Should the local governments be unable to cover the costs, the state would have to assume costs or return the aircraft.

For the reasons stated above I am vetoing this bill.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1835

Governor's Office, Sacramento

September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1835 without my signature.

This bill would establish a 50-50 matching grant program for public local agencies, administered by the State Water Resources Control Board (SWRCB), to pay for the diversion of dry weather storm sewer flows to a publicly-owned treatment works rather than releasing the discharge on public beaches. The bill would provide a total General Fund appropriation of \$6,990,000 for a statewide grant program.

While I agree that reducing beach contamination would help address human health risks and economic hardship associated with contaminated beaches, AB 1835 is not the appropriate measure to accomplish these goals. This bill focuses on a temporary, seasonal fix and does not provide for identification and elimination of the sources of contamination.

In addition, I have committed considerable funds to help address beach contamination. The 2000-01 Budget makes a major \$50 million investment in identifying and correcting water pollution problems for various water quality, coastal protection, and urban runoff programs. In addition, Proposition 13 provides \$90 million for coastal nonpoint source pollution projects, with \$4 million specifically allocated for Orange County. We should give these programs a chance to produce results.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1909

Governor's Office, Sacramento
September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill AB 1909 without my signature.

This bill would require the State Water Resources Control Board to contract for a pilot street runoff reduction program in three counties, if funding is appropriated for this purpose, and to submit a report to the Legislature on the outcome of the program.

I strongly support the efforts of local communities to protect our beaches, streams and rivers by reducing street runoff. In the fiscal year 2000–01 state budget, I approved over \$50 million of General Fund augmentations for various water quality, coastal protection and urban runoff programs. Additionally, the passage of Proposition 13 by the voters earlier this year provides funding for numerous nonpoint source water pollution projects, including urban runoff activities.

This bill is unnecessary, and the pilot program should be pursued through the existing administrative process. To the extent counties wish to seek state funding for street runoff projects, they should do so within existing funding opportunities, including competing through the normal application, review, and selection process at the State Water Resources Control Board.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2309

Governor's Office, Sacramento
September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2309 without my signature.

This bill would extend the sunset, until January 1, 2002, on both the facility fee rate reduction for large offsite hazardous waste treatment facilities and the disposal fee rate reduction set by SB 660, Chapter 870, Statutes of 1997.

The Department of Toxic Substances Control (DTSC) has been meeting with an informal Fee Advisory Panel to form a complete fee reform package. The DTSC has invested time and resources negotiating with stakeholders to forge a consensus for fee modifications, while this bill would counter this process by predetermining a single part of the overall fee package. AB 2309 represents a special interest, "piece meal" approach to fee reform. I would ask the stakeholders to work with DTSC next year to find an equitable fee reform package that adequately funds the important programs administered by the DTSC.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2381

Governor's Office, Sacramento
September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2381 without my signature.

This bill would require the Department of Health Services to conduct a study to evaluate the risks associated with pathogenic bacteria in fluid dispensing devices, including dental office waterlines, by December 1, 2001.

The public health risk from dental office waterlines has already been studied. Indeed, the federal Centers for Disease Control and Prevention found the risk to be minimal and has published guidelines to safeguard public health by using simple disinfecting control practices. These guidelines are already incorporated into the California Dental Board regulations. This measure is unnecessary and little public health benefit could be gained by one more study.

Sincerely,

GRAY DAVIS

I acknowledge receipt this 27th day of September 2000 at 11:12 a.m., of Assembly Bills Nos. 175, 441, 757, 786, 1042, 1524, 1835, 1909, 2309, and 2381, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 2490

Governor's Office, Sacramento
September 25, 2000

To the Members of the Assembly:

I am returning Assembly Bill 2490 without my signature.

This bill would require employers to notify their employees that they may be eligible for the Federal Earned Income Tax Credit (EITC). This bill is similar to AB 1370, which I vetoed in September 1999. As I noted in my veto message at that time, given that the EITC is federal law, it is primarily the responsibility of the federal government to educate taxpayers on its availability and it would be inappropriate for the State to impose this responsibility on businesses. I continue to stand by that assessment.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2553

Governor's Office, Sacramento
September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2553 without my signature.

This bill would require the State Department of Education, in consultation with the California Integrated Waste Management Board and Department of Conservation, to establish a program to award grants

and provide incentives to school districts and county offices of education to implement source reduction and recycling programs.

I support the important concept of promoting environmental education of California's children. Through education our current and future waste generators will learn to respect and conserve natural resources by making informed environmental choices.

However, I cannot sign this measure. It appropriates \$3 million in unbudgeted funds. The source reduction and recycling program created by this bill should be considered as part of the budget process to compete with other meritorious projects.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2568

Governor's Office, Sacramento
September 25, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2568 without my signature.

This bill would direct the Department of General Services to transfer, without cost, the title of Preston Castle to the Preston Castle Foundation.

While we would all like to see the Preston Castle restored, it is inappropriate for the state to transfer ownership and control of this asset to a private foundation, noting that this property is directly adjacent to a California Youth Authority (CYA) facility. By relinquishing ownership and control, it creates a situation where potential use and security concerns would arise. I would be amenable to a solution that provides for a long-term lease to the Foundation, whereby the state would retain oversight to ensure the security and integrity of the ongoing mission performed by the CYA in Ione. This approach would allow greater flexibility to all interested parties and would ensure the uses of the Castle were not contrary to the ongoing mission of the CYA.

Sincerely,

GRAY DAVIS

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 108

Governor's Office, Sacramento
September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 108 without my signature.

This bill would place in statute three additional subject matter areas for inclusion in the California Subject Matter Projects as well as add the Superintendent of Public Instruction and a representative of the California Postsecondary Education Commission to the Subject Matter Project's Concurrence Committee.

The University of California currently provides support for the arts, foreign language, and physical education projects. I believe that the highest priority for the use of State funds should be to support the existing subject matter projects aimed at improving student academic performance in English, mathematics, science and the social sciences.

In addition, I believe that the existing representation on the Concurrence Committee is appropriate, and does not need to be augmented.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 172

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 172 without my signature.

This bill would appropriate \$126,500 to the California State University for the establishment of an international study program with California's strategic global partners, Mexico, Japan, Canada, and South Korea. While I am supportive of expanding student exchanges with our trading partners, the purposes of this bill can be accomplished under existing law. Presently, the California State University sponsors a number of student and faculty exchanges within their existing administrative budget. In addition, under current law, local community college districts can also waive the nonresident tuition of up to ten percent of the nonresident foreign students attending a community college district.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 309

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 309 without my signature.

This bill would authorize a school district, county office of education, or regionally accredited college or university to sponsor an alternative certification program in administrative services.

I am concerned that this bill does not define with more specificity the type of training that persons participating in alternative certification programs for school administrators would be required to receive.

In addition, while this bill would require that priority for grants be afforded to school districts that demonstrate a high need for principals to serve in low-performing schools, the bill neither defines what constitutes a "high need", nor specifies who would be responsible for making this determination.

Therefore, I am unable to sign AB 309.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 998

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 998 without my signature.

This bill would authorize funds allocated in the Budget Acts of 1999 and 2000 for the California Museum of Latino History, Art, and Culture to be used for museum operations. Provisional language in both related budget acts specifically identify those funds, totaling \$1.8 million to cover capital outlay costs, including developing preliminary plans, drawings, construction, and initial equipment.

This bill would set an unacceptable precedent by allowing dollars specifically allocated for one purpose to now be used for museum operations.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1226

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1226 without my signature.

This bill would continuously appropriate \$12 million from the Veterans Home Fund to the Department of Veteran's Affairs to construct a veterans home in Lancaster.

At this time, the need for a new veterans home in California has not been established. Currently, the 400-bed veterans' home in Barstow is at 67% capacity and the 400-bed home in Chula Vista is only at 10% capacity. The federal government, which must provide up to 65% of the funding for a new veterans home, has dropped the Lancaster site from Priority 1 to Priority 3, greatly decreasing the chances of near term federal participation. Consequently, the \$12 million appropriation in this bill is premature.

Furthermore, in December 1999, I appointed the Blue Ribbon Task Force to review and make recommendations on ways to improve the quality of health care provided in our veterans homes. Their final report is due out later this fall. In addition, in April of this year members were appointed to the Governor's Commission on Veterans Homes. I look forward to their recommendations on the establishment of future veterans homes.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1378

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1378 without my signature.

This bill would allow the State Allocation Board to develop a demonstration program in as many as four districts to construct small-size schools that jointly utilize specified centralized non-classroom facilities.

Other than requiring a report from the Legislative Analyst's Office, this bill does nothing that could not be done under existing law. There is no reason a school district could not currently configure a school construction project consistent with the pilot projects described in the bill. In that sense this bill is unnecessary.

Furthermore, the School Facilities Act was intended to simplify and streamline the state school construction process, as well as increase the flexibility of school districts in the area of school construction. This bill is counter to that intent.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1495

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1495 without my signature.

This bill would declare the intent of the Legislature that revenue neutrality agreements for new city incorporations be implemented through a predictable and rational process. The bill would also require the Governor's Office of Planning and Research to convene a task force of local government representatives for the purpose of establishing advisory guidelines for Local Agency Formation Commissions to follow when reviewing incorporation proposals.

I support both principles and would encourage a bill next year limited to achieving those goals. However, it is unfortunate that this bill also contains legislative intent that any savings that would accrue to any affected agency, *including the state*, as a result of a transfer of services due to an incorporation would be directed to the newly incorporated city. I believe every new city formed should have a full range of tools available to insure its financial success. However, it should not be an obligation of the state to transfer revenue to a newly incorporated city to underwrite the cost of municipal services.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1602

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1602 without my signature.

This bill would make significant changes to the existing school safety plan requirements, including a requirement that policies for hate violence, threats, intimidation, harassment and sexual harassment be included in the school safety plan, and that local law enforcement be included in the writing, development, and implementation of the school safety plans. These provisions would create a reimbursable state mandated local program.

While it is essential to provide a safe environment for our school children, this bill is unnecessary. School site councils are currently required to consult with local law enforcement on school safety plans. This provides the local councils with some discretion on how to best

meet the needs of their pupils. I intend to keep the discretion at the school site council level and continue the consultation of local law enforcement rather than providing additional mandates.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1747

Governor's Office, Sacramento

September 26, 2000

To the Members of the Assembly:

I am returning Assembly Bill No. 1747 without my signature.

There are many inspiring passages from the Declaration of Independence and the Constitution of the United States of America which are and should be a part of the school curriculum.

However, for generations, American schoolchildren have started their day with the Pledge of Allegiance to the United States of America.

Over the last two centuries, hundreds of thousands of men and women have fought and died to preserve the flag of this nation.

Pledging allegiance to the flag is a tradition worthy of this great nation. I see no reason to depart from that time-honored tradition.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1755

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1755 without my signature.

This bill would require the State Allocation Board (SAB) to apportion Proposition 1A Bond funds to school districts to encourage school districts to pay for lease costs if the district uses facilities or property for school sites that is leased from a governmental agency. This is an inappropriate, and possibly illegal, use of bond funds. The bill would also require the SAB to make determinations regarding the use of lease revenues by governmental agencies that lease land or facilities to school districts. This is an inappropriate function for the SAB.

For these reasons I cannot support this measure.

Sincerely,

GRAY DAVIS

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1861

Governor's Office, Sacramento
September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1861 without my signature.

This bill would request the University of California and require the California State University to develop and maintain articulation agreements for 20 high-demand majors and all lower division course requirements with all California Community Colleges. This bill would also require California Community Colleges to participate in the articulation process.

I support the development of articulation agreements between the State's four year institutions and the Community Colleges. Accordingly, the Four Year Partnership Agreement with higher education promotes these requirements. However, requiring California Community Colleges to participate in the articulation process as specified in this bill would impose a state-mandated local program with annual reimbursable Proposition 98 General Fund costs of up to \$12 million.

Because of these additional unbudgeted costs, I am unable to sign this bill.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1892

Governor's Office, Sacramento
September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1892 without my signature.

This bill would create the California New Administrator Support Program, through which experienced schoolsite administrators would provide first and second-year schoolsite administrators with one-on-one mentoring and support.

This bill could result in General Fund costs of as much as \$2.7 million in 2000–01, and \$11 million in 2001–02 with the annual inflation factor provided for in the bill.

Assembly Bill 1892 has costs that are not included in the 2000 Budget Act. While this legislation may have merit, the appropriation for the program should compete with other priorities during the annual budget process next year.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1916

Governor's Office, Sacramento
September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1916 without my signature.

This bill would require all business entities providing architectural services to have an architect in responsible control over those architectural services and would require such entities to register with

the Board. In addition, the bill would require the Board to establish a database of registered firms for use in enforcement actions, which would be accessible to the public on the Board's Internet website.

Existing regulatory authority over licensed architects and cite and fine authority over unlicensed individuals should be sufficient to enable the board to take action against violations by business entities.

Dual regulation through licensure and registration is excessive, places unnecessary regulatory burdens on individual licenses and small businesses and may result in increased fees.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2007

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2007 without my signature.

This bill would exempt any joint-use facility at Antelope Valley College, in conjunction with the California State University, Bakersfield, from Field Act provisions. In addition, this bill would appropriate \$1 million from the General Fund to San Mateo Community College District to develop a branch of San Francisco State University at Cañada College.

I strongly support the Field Act, which provides important earthquake protections for California schools. An exemption would be inconsistent with the State's policy of ensuring structural safety.

Regarding the separate and distinct provision of this bill concerning Cañada College, I believe that this proposal is an innovative instructional program that could cost-effectively meet student needs, improve transfers and meet areas of high employment demand. If this was a stand alone bill, I would sign it.

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

This bill is unnecessary because the study it would require can be done without a legislative mandate. This bill would require the California State Library Research Bureau to conduct an evaluation of joint-use projects funded pursuant to the California Reading Literacy Improvement and Public Library Construction and Renovation Act of 2000. The purpose of the Library Research Bureau is to provide nonpartisan analytical research on major state issues for both houses of the Legislature, the Governor's office and other constitutional officers.

The 2000 Budget Act includes an augmentation of \$500,000 and six positions to deal with increased demand for the Bureau's services, so they should have resources to deal with this study.

To Members of the California Assembly:

This bill would protect necessary small special education local plan areas (SELPAs) from a reduction in funding because of a decline in enrollment.

This bill is technically flawed and would not accomplish the intended goal. It would provide necessary small SELPAs that experience a decline in enrollment with the same funding that they received in the year before the decline, regardless of how many years or how much the enrollment declined. In addition, the bill does not provide for a corresponding adjustment in funding if enrollment increases, so the SELPA would continue to receive the higher level of funding in addition to growth funding. The bill also references the wrong Education Code section for purposes of defining a necessary small SELPA.

I would be receptive to a bill next year that addresses these concerns and is not technically deficient.

This bill would require the State Department of Education (SDE) to select five applicant school districts or charter schools maintaining any of grades 4 to 6, inclusive, to establish pilot projects to implement supplementary intervention programs.

This bill is well-intended, but premature. The Gevirtz Research Center at the University of California, Santa Barbara is in the process of researching three supplemental programs in the Santa Barbara District, the research should be completed and an evaluation made available for review prior to implementation of any new pilot projects.

This bill would prohibit cities, counties, and redevelopment agencies from refusing to issue a permit to change the face of a sign. The bill further declares that local governments and redevelopment agencies may require removal of a non-conforming on premises sign through a lawfully enacted amortization program, and without compensation.

The intent of this legislation was to provide certainty to business owners that the mere changing of a sign face would not require that a non-conforming sign be replaced. The bill also was intended to provide

clarification to local governments that amortization is a permissible method of removing non-conforming signs. The sign industry, League of CA. Cities, CA. State Association of Counties, and the American Institute of Architects supported this bill based upon that understanding. However, subsequent to passage of this bill, the author had a letter printed in the Assembly Journal which in part states: “. . . It was never my intention to create new substantive rights or to confer upon local government legislative sanction or authorization for amortization of signage.”

In as much as this letter to the Assembly Journal contravenes Section 4 of this bill, I am returning it without my signature.

To Members of the California Assembly:

I am returning Assembly Bill 2684 without my signature.

This bill would establish a pilot program to allow local agencies that achieve savings in either of two specified local mandate programs to retain up to one third of the realized savings.

While the State should reimburse local agencies for mandated costs, these agencies are expected to operate programs with efficiency. It should not be necessary to reward local agencies for spending the taxpayers' money wisely.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 27th day of September 2000 at 11:16 a.m., of Assembly Bills Nos. 1861, 1892, 1916, 2007, 2014, 2055, 2074, 2075, 2115, and 2684 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1902

Governor's Office, Sacramento
September 27, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1902 without my signature.

This bill would authorize the California Horse Racing Board to enter into an interstate licensing compact, which would preclude owners, trainers, and other racetrack personnel from having to be separately licensed in each state in which they conduct business.

California law sets high standards for those who would participate in the horse racing industry. The intent of this bill is to provide for, in effect, multi-state licenses that will permit owners, trainers, and other racetrack personnel from having to be separately licensed in each state in which they race.

I have no objection to the Board conducting discussions with the governing associations in other states to see what a multi-state license would require. I am not prepared, however, to write a blank check to the Board. To do so could undermine the integrity of the sport.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2341

Governor's Office, Sacramento
September 27, 2000

To Members of the Assembly:

I am returning Assembly Bill 2341 without my signature.

This bill promotes an expansion of gaming in California by allowing the California Horse Racing Board to authorize the participation of additional types of horses in quarter horse racing.

I do not favor gambling and will not support this expansion.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2344

Governor's Office, Sacramento
September 27, 2000

To Members of the Assembly:

I am returning Assembly Bill 2344 without my signature.

This bill would expand gambling by allowing wagering on an increased number of horse races.

I made clear last year that I do not personally favor gambling, and I certainly do not encourage others to gamble. Therefore, I am not generally inclined to support measures that allow more than a modest expansion of gaming.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2352

Governor's Office, Sacramento
September 27, 2000

To Members of the Assembly:

I am returning Assembly Bill 2352 without my signature.

I see no problem in permitting the State Fair to conduct horse racing during its entire meet. I do, however, object to the proposed reduction in license fees paid to the state on out-of-state wagers by quarter horse and harness racing associations.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2569

Governor's Office, Sacramento
September 27, 2000

To Members of the Assembly:

I am returning Assembly Bill 2569 without my signature.

This bill would allow a licensed harness racing association to accept wagers on two additional major races when the association is conducting a live racing meeting.

As indicated last year when I vetoed an identical bill, Senate Bill 354, I do not personally favor gambling, and I certainly do not encourage others to gamble. Therefore, I am not generally inclined to support measures that allow more than a modest expansion of gambling.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2753

Governor's Office, Sacramento
September 27, 2000

To Members of the Assembly:

I am returning Assembly Bill 2753 without my signature.

This bill promotes an unacceptable expansion of gambling in California by permitting proposition wagering on any live horse race, instead of just quarter horse races as permitted under current law. Moreover, it deletes the requirement that a wager be placed within seven days of the transmission of a race. I think that this is a reasonable limitation and see no reason to change it.

I do not favor gambling and will not support this expansion.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2847

Governor's Office, Sacramento
September 27, 2000

To Members of the California Assembly:

I am joining Attorney General Lockyer in my opposition to Assembly Bill 2847 and am returning the bill without my signature because it permits an unacceptable expansion of gambling in California.

Among other provisions, this bill would have repealed the existing authority of the Gambling Control Commission to adopt regulations

governing aspects of gambling transactions. Specifically, the bill would eliminate the requirement for owner licensees to report and keep records of transactions involving credit.

These credit transactions should not be exempt from the Gambling Control Act's reporting requirements or from other regulation by the Commission. This inappropriate removal of credit transactions from regulation would disrupt the regulatory balance struck in the original Gambling Control Act by inviting inappropriate extensions of credit and "loan sharking".

For these reasons, I am vetoing this measure.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 27th day of September 2000 at 4:25 p.m., of Assembly Bills Nos. 1902, 2341, 2344, 2352, 2569, 2753, and 2847, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

HUGH R. SLAYDEN

Acting Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 93

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 93 without my signature.

Existing law requires certain Medi-Cal beneficiaries to undergo annual redeterminations of eligibility and at other times as specified by the Department of Health Services (DHS). AB 93 would eliminate the authority of DHS to require additional redeterminations of eligibility. In addition, the bill mandates that DHS eliminate the requirement that Medi-Cal beneficiaries file quarterly status reports.

This bill would, in effect, result in continuous eligibility for every Medi-Cal beneficiary for a minimum of one year from the date that eligibility is established. This bill would go beyond the expansion of Medi-Cal eligibility agreed upon as part of the Budget Act of 2000 and could result in benefits for persons no longer in need of Medi-Cal.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 680

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 680 without my signature.

This bill would revise the penalties for oil spills in the inland waters of the state.

This bill inappropriately revises the Lempert-Keene-Seastrand Oil Spill Prevention and Response Act—an act intended to address the threat of oil spills to California's coastal waters. This bill diverts the

original focus and intent of the Act and creates a confusing web of overlapping enforcement authority that could impede enforcement actions by state and local agencies that otherwise could pursue their own causes of action.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 726

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 726 without my signature.

This bill would provide to the Managed Risk Medical Insurance Program all monies set aside for charitable health care purposes when nonprofit health care plans convert to for-profit status. This program provides reduced cost medical insurance for persons who insurers consider medically uninsurable due to their current or past medical conditions.

This bill is inconsistent with the 2000–01 Budget Act which indicated that the Legislature and insurance industry should work together to develop market-based solutions to provide coverage for this population. It is also inappropriate to direct to one program all of the potential funding generated by nonprofit plan conversions and currently provided to multiple programs serving a range of health care needs. Furthermore, a large, one-time infusion of funds to this program, which is currently funded from tobacco taxes, would not be particularly useful in resolving any ongoing funding needs for this program.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 752

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 752 without my signature.

This bill would authorize the Commission on Teacher Credentialing (CTC) to create an emphasis credential in theatre and dance to holders of English and physical education credentials, respectively.

Current law however, authorizes the CTC to provide a special authorization to teach theatre or dance to English or physical education credential holders. This existing authority should be sufficient to meet the need for quality dance and theatre instructors.

In addition, reducing barriers to the teaching profession is directly related to alleviating teacher shortages. State policy has been to encourage credentialing in subject areas with vacancies that are hard to fill. Dance and theatre are not among the shortage areas school districts commonly identify.

For these reasons, I cannot support this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 945

Governor's Office, Sacramento
September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 945 without my signature.

This bill would authorize the Marian Medical Center (MMC), a hospital operated by Catholic Healthcare West in Santa Maria, to receive an expedited process for restoring the license of a closed facility purchased by MMC. This would allow MMC, as early as December 2000, to begin providing inpatient care in a presently closed hospital facility purchased from another owner.

This bill may have merit but unfortunately it did not undergo appropriate legislative review and opportunity for public input.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1722

Governor's Office, Sacramento
September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1722 without my signature.

This bill would exempt all assets, other than income, from Medi-Cal eligibility determinations under the 1931 (b) program, beginning January 1, 2001. This bill is inconsistent with the eligibility rules agreed upon as part of the Budget Act of 1999 and related budget trailer bill legislation.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1735

Governor's Office, Sacramento
September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1735 without my signature.

This bill would require each school district and county superintendent of schools to include information on how to request Medi-Cal Program and Healthy Families Program information in each application for free and reduced-price meals provided to parents. This bill would also require the governing board of each school district and county superintendent of schools to determine whether the requests for information would be returned to the school and forwarded to the Department of Health Services (DHS) or returned directly to the DHS.

While I support the inclusion of schools in Healthy Families and Medi-Cal outreach, this bill would result in ten to fifteen million dollars in state-mandated and unbudgeted costs to school districts and county offices of education to organize and administer the proposed program. These costs are not included in the 2000–01 budget. I am instead directing the Department of Health Services and Managed Risk Medical Insurance Board to include in their outreach proposal for next year their recommendations on school-based outreach.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1791

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1791 without my signature.

This bill would authorize school districts to procure and provide epinephrine auto-injectors to school nurses and lay school personnel. School lay personnel would be authorized to make the medical judgement to provide emergency medical aid to school children suffering from anaphylactic reaction by administering epinephrine. The Superintendent of Public Instruction in consultation with the Department of Health Services would be required to establish minimum standards of training for administration of epinephrine auto-injectors by lay school personnel.

The administration of epinephrine auto-injectors by medically trained personnel such as school nurses could in certain instances be life saving. However, the shortage of school nurses with the knowledge necessary to administer medications would assure that the bulk of school personnel administering epinephrine in emergencies would be lay personnel. While there are training programs for non-licensed persons that must administer medications conducted by schools of nursing, medical schools, and schools that train physicians assistants, such programs require weeks for matriculation and cannot safely be compressed into a few hours. Lay persons cannot receive the necessary background in a limited training program that would provide the essential medical judgement skills required to administer medication in an emergency situation.

In addition, the administration of epinephrine auto-injectors to children suffering anaphylactic reaction by inadequately trained lay persons can result in life-threatening adverse reactions to the medication that can only be safely addressed by trained medical personnel. The risk associated with these adverse reactions may outweigh the potential benefit of the administration of the medication.

This bill does not require school districts to meet the same level of safety standards that would be required of any other provider of medical services, and thus, may compromise the safety of California public school students.

Moreover, this proposal would result in ongoing costs of between seven and eight million dollars. These costs were not included in the budget process.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1896

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1896 without my signature.

This bill would require the California Department of Aging (CDA), in cooperation with other state departments and contingent upon a Budget Act appropriation, to establish a Long-Term Care Options Pilot Project. Under this pilot project, grants would be made to three general acute care hospitals to establish long-term care options resource centers that

would provide enhanced discharge planning services, including information and assessments to assist discharged patients in making long-term care decisions.

This bill would take effect only if funding were provided in future Budget Acts, creating pressure for significant General Fund augmentations in 2001–02 and later years. Costs to the General Fund over the program's 42-month duration would exceed \$2.5 million. While this program has merit, it should compete with the many other good proposals that will be suggested next year for adoption in the Budget Act of 2001.

In addition, the Budget Act of 2000 includes \$14.8 million one-time General Fund with expected additional private funding to establish the Long-Term Care Innovation Grant (LTCI) program which will fund community-based projects as alternatives to nursing homes. I would encourage the proponents of this measure to apply for funding through that process.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1974

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1974 without my signature.

This bill would require the Managed Risk Medical Insurance Board (MRMIB), in collaboration with the Employment Development Department (EDD) and Department of Health Services (DHS) to pursue Healthy Families Program (HFP) and Medi-Cal outreach activities targeted to all California employees. Employers would be required to distribute, to all employees, information about HFP and Medi-Cal.

This bill mandates a new cost on employers and could lead to "crowd-out" by encouraging them to replace existing employer-based coverage with publicly funded health coverage. In addition, these activities target a broad audience and are not strategically designed to target the harder-to-reach and under-enrolled populations or focus only on employers that do not provide health coverage to dependents. Finally, the use of employer outreach for the Healthy Families and Medi-Cal programs need to be more carefully examined in the light of any expansion of the Healthy Families program to include adults. Moreover, this bill would incur \$1.3 million in new ongoing costs not included in the Budget Act.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 28th day of September 2000 at 1:10 p.m., of Assembly Bills Nos. 93, 680, 726, 752, 945, 1722, 1735, 1791, 1896, and 1974, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 2091

Governor's Office, Sacramento
September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2091 without my signature.

This bill would authorize Orange County Transportation Authority (OCTA) and the Riverside County Transportation Commission (RCTC) to recommend to the Legislature, the California Transportation Commission (CTC), and the Governor, by November 1, 2000, an independent appraiser to appraise the fair market value of the State Route 91 toll lanes—a privately funded facility. The bill would provide that, if the recommendation has not been made by November 1, 2000, the CTC would be required to make the recommendation not later than December 1, 2000.

Regardless of how the recommendation is made, the CTC would be responsible for appointing the appraiser by November 6, 2000, if the recommendation is made by OCTA/RCTC or by December 4, 2000, if the recommendation is made by the CTC. The bill would require the appraiser to complete the appraisal at the earliest possible time. The bill, an urgency measure, would appropriate \$500,000 to Caltrans from the State Highway Account for allocation to the appraiser. The bill would prohibit the use of local funds to pay for the cost of the appraisal.

I am returning this bill to the Legislature unsigned for several reasons, most notably, that the State does not need statutory authority to make these resources available. I am, therefore, prepared to make up to \$250,000 available to OCTA and RCTC to conduct a valuation of the franchise for the State Route 91 toll facility at such a time that they mutually agree upon a party to perform such services for them.

The State has a contractual relationship with the owners of the franchise for the SR 91 toll facility. Any participation by the State in abrogating our responsibilities under that agreement makes the State vulnerable to legal action by the franchisees. I applaud local interests and Members of the Legislature who wish to generate a body of knowledge which can be used to determine their potential courses of action with regard to the future of transportation services in this corridor.

The bill would also prohibit the use of local funds to pay for the cost of the study. I see no reason to limit, by law, local interests' ability to use their resources to compile the most beneficial and responsible information for their use. Finally, I am concerned about the time limits imposed by the bill. I see no reason to impose upon local and regional governments a deadline which restricts their ability to obtain the most valuable information by a mutually agreed upon and reputable party.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2102

Governor's Office, Sacramento
September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2102 without my signature.

This bill would appropriate \$500,000 General Fund for a program of supplemental Medi-Cal payments to critical access hospitals, as federally defined.

The Budget Act of 2000 includes, at my request, \$2 million to double the funding of the existing program of supplemental payments to small and rural hospitals, many of which are the same hospitals intended to benefit from that augmentation and from the appropriation in this bill.

The 2000–01 Budget, as signed, did not include funds for this purpose. While this program has merit, it should compete with the many other good proposals that will be suggested next year for adoption in the Budget Act of 2001.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2137

Governor's Office, Sacramento
September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2137 without my signature.

This bill would waive the fees charged for criminal background checks conducted by the Department of Justice for up to 50,000 low-income recipients of services under the In-Home Supportive Services program each year from January 1, 2001 to January 1, 2003.

Ensuring that workers who care for the sick and elderly do not have a criminal background is very important, and the motivation behind this fee waiver for low-income families is worthy. However it would be inappropriate to waive the fee for families who rely on In-Home Support Service workers and not for low-income workers who have to pay the same cost for a background check when they work in state-subsidized child care facilities, community care facilities or nursing homes.

Additionally, while the Department of Justice indicates the resulting loss of fees to the Fingerprint Fee Account under this proposal, which would be in excess of \$1.0 million annually, could possibly be absorbed, expanding the waiver to these other categories would likely jeopardize the solvency of this account.

Under these circumstances, I cannot sign this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2160

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2160 without my signature.

This bill would authorize the State Department to increase Standard Reimbursement Rates (SRR) to support compensation increases at state contracted child care centers operating in areas where the Regional Market Rate is higher than the SRR, if the centers can demonstrate that their costs are sufficiently high to justify reimbursement at the higher rate.

The 2000 Budget Act addresses compensation issues for the childcare workforce. The budget appropriated \$33 million to increase the SRR beyond the standard cost of living increase, which should significantly reduce disparities between Regional Market Rates and the Standard Reimbursement Rates in all areas. Additionally, I signed AB 212 (Aroner), which made \$15 million in new funds available to create local responses to childcare workforce issues.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2175

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2175 without my signature.

This bill would provide an exception to California's over 40-foot vehicle length limit for house cars (a.k.a. motorhomes) up to 45 feet, under certain conditions, including a requirement that the driver of a 40-foot plus motorhome possess an enhanced Class C drivers license (including a driver skills test and medical certification).

California drivers face some of the most stringent drivers license testing in the nation. With enhanced drivers license testing, we may be able to ensure California drivers can competently operate extra-long motorhomes. We cannot, however, ensure that out-of-state drivers meet similar testing requirements for driver competency.

This bill would allow an out-of-state driver to operate a 45-foot motorhome with only minimum license requirements and I will not subject California motorists to the hazards that could result. For this reason, I am returning the bill unsigned.

GRAY DAVIS

Veto Message—Assembly Bill No. 2199

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2199 without my signature.

This bill would require the County of Sacramento, in consultation with the Sacramento Area Council of Governments (SACOG) and Caltrans, to conduct a study of Route 99 between Grant Line Road in Elk Grove and the City of Sacramento.

The bill is unnecessary. Caltrans and the Sacramento Council of Governments routinely work together to study this corridor as well as other corridors throughout the region.

For these reasons, I am returning the bill unsigned.

GRAY DAVIS

Veto Message—Assembly Bill No. 2210

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2210 without my signature.

This bill intends to give relatives of foster children priority for placement but could unintentionally delay adoptions for months or even years. This bill inadvertently will actually delay adoptions by withholding from prospective adoptive parents important health and personal information until after the family reunification process has failed.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2531

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2531 without my signature.

This bill would establish, under the Department of Health Service (DHS), a program to train and certify as "developmental assistants" (CDAs) direct care staff employed in intermediate care facilities for the developmentally disabled (ICF-DDs). The new program would be modeled after an existing DHS program which certifies nurse assistants employed in skilled nursing facilities, and would authorize facilities to pay a 20 cent per hour wage differential to employees successful in becoming "certified developmental assistants."

The Budget Act of 2000 already includes \$7.4 million General Fund for a 7.5 percent wage increase for Medi-Cal-supported direct care workers in ICF-DDs and \$13.4 million General Fund for an average 8.9 percent increase in the rate of payment to the facilities to cover all costs of care. These increases already assist facilities to address recognized retention, recruitment and training problems.

AB 2531 could also result in a more than \$2 million General Fund Medi-Cal cost increase in cost-based rates of payment for services to the developmentally disabled. The 2000–01 Budget, as signed, did not include funds for this purpose.

This bill also inappropriately establishes a weaker criminal background clearance process for the proposed CDA classification than exists for other direct care staff such as certified nursing assistants (CNA) and home health aides (HHA). Instead of automatic disqualification for employment for more than 50 specified criminal offenses that apply to CNA's and HHA's, this bill makes the disqualification optional for CDA's and establishes a new due process procedure during which time they may continue to care for persons with

developmental disabilities. Although the concept of professionalizing additional direct care staff in these settings has merit, I cannot support a bill that lowers the criminal background clearance for certified personnel caring for our most vulnerable populations.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2821

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2821 without my signature.

This bill would require the California Highway Patrol (CHP) to report annually to the Legislature the extent to which a sufficient staffing level of the CHP is being attained; seek a minimum of 300 additional officers per year for five years, and update the CHP staffing study done in 1990 and submit the results to the Legislature.

Our California Highway Patrol and the officers that serve comprise one of the elite law enforcement agencies in the world, providing the highest level of safety. As our population increases and more vehicles drive more miles each year, an annual assessment of the number of patrol officers must be made, and funds budgeted for those officers. The 2000–01 budget I signed included 165 additional CHP officers. More officers may be needed in the future.

However, this measure would arbitrarily determine that 1,500 patrol officers will be needed over a five year period with no assessment upon which to base that determination. And a significant increase in motor vehicle registration fees would be required to fund the addition of 1,500 officers. Staffing levels, workload and funding issues are more appropriately considered through the budget process.

Therefore, I am returning this bill without my signature.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 278

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 278 without my signature.

This bill authorizes the Board of Supervisors of Fresno County (a 1937 Act County) to adopt a 2.5 percent at age 50 formula for safety members and a 2.5 percent at age 55 formula for general members in that county. The 2.5 percent at age 55 formula for general members is substantially greater than what is available to State employees and

would result in pressure on the State to provide similar benefits. I believe that this will create a domino effect that will ultimately drive up retirement costs for both the State and other public agencies throughout the state.

GRAY DAVIS

Veto Message—Assembly Bill No. 502

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 502 without my signature.

Last year I vetoed a similar bill, AB 240. In that message I said that it is not appropriate to require managerial and supervisory personnel to pay an agency shop fee. Collective bargaining depends on vigorous negotiations by both management and labor. Requiring managers and supervisors to pay fees to the union could undermine the process.

Despite vigorous efforts during this legislative session to develop language that would resolve the concerns expressed in the AB 240 message, no solution was found. In its final version, AB 502 is virtually identical to AB 240 and contains the very same problems.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1257

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1257 without my signature.

This bill is intended to establish a uniform statutory procedure and process, as mandated by the case of *In re Hop* (1981), for admitted persons with developmental disabilities to state developmental center.

While I support the efforts to address this complex issue, I believe more time is needed to develop a more measured approach that places less of a burden on the families of persons in developmental centers.

This bill also includes costs in excess of \$10.9 million to the General Fund in the form of a state mandate and administrative costs. The 2000–01 Budget, as signed, did not include funds for this purpose. While this program has merit, it should compete with the many other good proposals that will be suggested next year for adoption in the Budget Act of 2001.

Therefore, I am returning this bill without my signature.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1904

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1904 without my signature.

This bill would require the Employment Development Department (EDD) to publish a semi-annual forecast of the expected

deposits to and disbursements from the State Disability Insurance (SDI) Fund. Each forecast must include the information used to calculate the SDI contribution rate.

While I support the principles of disclosure, this bill would require the EDD to issue two additional forecast reports that provide information contained in reports already mandated by State law. This bill also intends to increase the level of public scrutiny of the SDI rate setting process by requiring the EDD Director to publicly disclose all of the information used in forecasting the fund balance and contribution rates. However, the formula for establishing the SDI contribution rate is set forth in the California Unemployment Insurance Code (CUIC).

Because the bill requires two additional reports that are duplicative of reports already prepared by the EDD and, therefore, unnecessary, and because the formula by which the SDI contribution rate is calculated and determined is proscribed by current law, I cannot support AB 1904.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2326

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2326 without my signature.

This bill would require the Department of Health Services (DHS) to seek any necessary federal waivers to provide supportive and rehabilitative Medi-Cal services to eligible functionally impaired adult survivors, and makes implementation subject to approval of the waivers.

While this legislation has merit, this proposal should compete with other priorities during the annual budget process next year. Moreover, the Administration first needs to examine the costs and administrative hurdles with collapsing services provided by other departments under one program. I intend to revisit this issue in preparation of the next budget.

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2338 without my signature.

This bill provides a new, substantially higher, optional retirement formula for local miscellaneous members of one CalPERS covered agency. Only last year retirement benefits for State and School members were increased in recognition of the fact that most public agencies were providing a similar retirement formula. This was necessary to recruit and retain a highly qualified workforce in a very competitive market. This bill would raise the benefit bar further and will result in pressure to increase benefits further. I am not aware of any business or policy basis

that would justify providing retirement benefits for miscellaneous members that is equivalent to those of local safety members.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2431

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2431 without my signature.

This bill would not allow persons convicted of serious crimes like torture, carjacking and unlawfully using a loaded firearm on the grounds of a childcare center to be licensed to operate or employed in a child care facility for 25 years. This, however, is not tough enough. An administration-sponsored measure, Senate Bill 1992, which I have signed today, contains a lifetime ban for such crimes and extends this ban to additional types of facilities which serve vulnerable populations.

The bill would also require a child day care facility to allow a parent or any member of the public to view documentation provided by the department regarding whether a licensee or staff person has passed their criminal record clearance or has been granted a criminal record exemption (without disclosing of the nature of the crime). To grant such an exemption, the Department of Social Services must have substantial and convincing evidence that the person does not represent a threat to clients. The Department reviews the persons RAP sheet for the nature, recency and number of conviction, plus looks at the proof of rehabilitation provided by the person. The Department may not grant an exemption for crimes for which there is a statutory ban on employment.

While I am supportive of a parent's right to know the history of licensure violations and other pertinent information about a child care provider, a child care provider or employee does not automatically lose his or her right to privacy by obtaining a child care license or employment. It is very likely that the disclosure of the fact that a child care provider has a criminal record exemption without access to the basis under which the exemption was granted will not satisfy the parent's desire to know the specific details of the care providers criminal history. The parents or the public may also assume the worst about the child care provider, creating a significant danger for misuse of the information.

The California Constitution protects a person's right to privacy unless there is a compelling reason for information to be disclosed. This bill provides the state with no legal authority to disclose a care provider's criminal conviction or mitigating circumstances. In the absence of such, this provision of the bill could cause more harm than good.

GRAY DAVIS

Veto Message—Assembly Bill No. 2477

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2477 without my signature.

This bill would change a fundamental component of California's unemployment insurance program for determining benefit eligibility. The proposed change would expand benefit eligibility by permitting unemployed individuals to use an alternate base period to meet certain eligibility requirements for collecting unemployment insurance benefits.

The proposed alternate base period would require benefit eligibility to be determined on a claim-by-claim basis, which is a very labor intensive and time consuming process to administer. As a result, this bill would impose additional and substantial administrative costs on both the State and employers. Furthermore, the bill would only provide a relatively small benefit increase to a limited number of workers. The small benefit increase does not provide a reasonable justification for incurring substantial administrative costs needed to administer the changes proposed by this legislation.

For these reasons I cannot support this legislation.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2497

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2497 without my signature.

This bill would make the State of California subject to individual private actions to enforce the Fair Labor Standards Act (FLSA). This bill would prohibit state agencies from claiming immunity pursuant to the Eleventh Amendment in any action brought by an individual under the FLSA.

Individual employees who believe that their rights under the federal FLSA have been violated may pursue their claims through the federal Department of Labor (DOL). The DOL is an effective advocate for employees with legitimate claims and a much more cost-effective alternative for the State employer. As such, this bill is not necessary and is not in the best interest of the public.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2519

Governor's Office, Sacramento

September 28, 2000

To the Members of the Assembly:

I am returning Assembly Bill 2519 without my signature. This bill would establish an Internet Voting Pilot Program in three counties to test the viability of a system allowing voters to cast their ballots via the Internet in general elections to be held before July 1, 2003.

While I am a strong supporter of increasing both the number of registered voters and voter participation in the state's elections, this bill is premature for several reasons.

Before Internet voting can be successfully implemented, security measures to protect against fraud and abuse must be more fully developed. Other states are experimenting with online voting with varying degrees of success. I am not convinced the necessary safeguards are in place to begin this experiment in California.

Accordingly, I am returning AB 2519 without my signature.

To Members of the California Assembly:

This bill would require school and community college districts to give 60 days' advance notice of layoff to classified employees who are being terminated as a result of expiration of specially funded programs or elimination of service for lack of work when the termination date is other than June 30.

I cannot support this measure because it would require school or community college districts to foresee their personnel needs 60 days in advance, which is not always possible. Many districts are not notified until the final weeks of the fiscal year of programs that will continue to be funded for the next fiscal year.

Sincerely,

Veto Message—Assembly Bill No. 2783

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. AB 2783 without my signature.

This bill authorizes awarding bodies to release certified copies of payroll records for public works projects to joint labor-management committees established pursuant to the federal Labor Management Cooperation Act of 1978. Additionally, this bill permits a joint labor-management committee to commence a civil action against a contractor when a review of certified payroll records indicates that one or more employees have not been paid prevailing wages on the public works project that has come under a committee's scrutiny.

While granting this authority to joint labor-management committees is expected to further the cause of enforcing California's public works laws, I have a number of concerns about certain aspects of this bill. First, the expressed Congressional intent in enacting legislation that authorized the establishment of joint labor-management committees was to provide a forum in which the representatives of both management and labor could work together cooperatively to ameliorate or eliminate mutual problems. The enforcement of labor law does not appear to be a task that falls within the purview of joint labor-management committees.

Second, cooperative efforts between the office of the Labor Commissioner and the joint-labor management committees is critical to effective enforcement of the law. This bill may continue this cooperation.

Finally, this bill creates a quasi-law enforcement status for joint-labor management committees that is intermediate between that afforded the general public and the State. The bill contains no provisions that limit the uses to which joint labor management committees may put the personal information with which they are entrusted. As provided by this bill, the release of personal information to a joint labor-management committee requires neither the knowledge nor the consent of affected employees. Although the obvious intent of this legislation is that the information be utilized solely for the purpose of detecting the underpayment of workers on public works projects, joint labor-management committees are not bound to adhere to this goal, and the privacy of the affected employees is in no way assured. This is not the case with the public agencies charged with the enforcement of California's labor laws.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1156

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1156 without my signature.

This bill creates a Ratepayer Relief Fund in the General Fund, with \$150 million to be disbursed by the Public Utilities Commission (PUC) in 2003 to moderate the potential for large electric bill increases in San Diego resulting from the rate stabilization legislation I approved earlier this month, AB 265 (Davis). I am fully committed to protecting the residents and businesses of San Diego from the unconscionable prices they faced earlier this summer for electric service.

This legislation is premature, sets a troubling precedent, and encourages merchant generators and energy traders to continue to act irresponsibly.

The challenges presented to California by electrical deregulation are significant but can be met over time. This will require cooperation and responsible action by consumers, the utilities, the state, the Federal Energy Regulatory Commission, and most of all, the merchant generators and energy traders who are unconscionably profiteering in the deregulated marketplace.

At my urging, the Independent System Operator (ISO) has imposed \$250 wholesale price caps on wholesale energy purchased in the state. Today I am urging the FERC to lower the current bid and price caps below \$250, at least by half. The current path of unconscionable wholesale energy prices are unacceptable for ratepayers and California utilities. California's consumers have a legitimate need for California's utilities to remain solvent and the state must be committed toward that end. Without financially healthy utilities, no California-based entity will exist that will be sufficiently solvent to invest in the new electrical generation and transmission facilities necessary to solve our energy problems. California needs FERC to act this fall in order for California to have the time necessary to develop new market power mitigation measures and more permanent market reforms.

I have taken executive action and sponsored legislation to accelerate the development of new supplies of electricity in California. But in the short-term, electricity rates can only be moderated by reducing the unprecedented and unconscionable wholesale prices that prevail in California's energy market.

GRAY DAVIS

Veto Message—Assembly Bill No. 2862

Governor's Office, Sacramento

September 29, 2000

To the Members of the Assembly:

I am returning Assembly Bill 2862 without my signature.

I regret that I am unable to sign this legislation. A great deal of effort went into drafting this bill and many parties who often disagree came to the table in an honest attempt to address a complicated and long-fought issue.

However, this legislation would impose criminal penalties for wage violations on one industry and one industry only. Whereas other industries in this state who commit wage and hour violations are subject only to civil penalties—even when the violations are more serious than those addressed in this bill.

I have the greatest respect for farmworkers. They do some of the most backbreaking work there is, and the fruits of their labor are vital to our economy. I also believe that most employers are responsible and law-abiding. And for those employers who ignore our laws or knowingly use contractors to avoid compliance with those laws, I believe in imposing the stiffest possible sanctions.

But I cannot support singling out one industry for unequal treatment under the law, even when I find the violations totally repugnant. Civil penalties properly applied can be just as effective in deterring violations.

I will be happy to sign legislation next year that incorporates all of the provisions in this bill, but with stiff civil penalties in place of criminal sanctions for employers or farm contractors who knowingly violate the law.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2000

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2000 without my signature.

This bill establishes a 13-member Commission on Human Relations to make, among other things, policy recommendations to the Governor and the Legislature on the resources necessary to improve human relations in the state. This bill may be well intentioned, however, it is unnecessary and duplicative of powers and duties already granted to the Fair Employment and Housing Commission.

The Fair Employment and Housing Commission is authorized to provide financial or technical assistance to any advisory agencies and conciliation councils, local or otherwise and, to empower them to study the problems of discrimination in all fields of human relationships. The Commission is also empowered to "foster, through community effort or otherwise, goodwill, cooperation, and conciliation among the groups and elements of the population of the state" who then may take recommendations to the Commission "for development of policies and procedures in general." To this extent, the Human Relations Commission's proposed duties overlap the existing functions and duties of the Fair Employment and Housing Commission.

Furthermore, the creation of the California Commission on Human Relations may generate unnecessary confusion between the Fair Employment and Housing Commission (FEHC) and the California Commission on Human Relations (CCHR) as a result of the overlapping duties and functions.

Finally, this measure will require \$300,000 in annual costs which have not been included in the budget.

For the above reasons, I cannot sign this measure.

HUGH R. SLAYDEN

Acting Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1124

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1124 without my signature.

This bill would extend the leave-of-absence benefit *in lieu of* workers' compensation temporary disability to injured Los Angeles County custody assistants.

In California, benefits mandated by statute (Labor Code §4850) are relatively more generous than benefits provided to other employees; as a result, compensation for public safety employees constitutes a large portion of the workers' compensation budget of public employers (primarily counties in California). A 1991 study of the financial impact of "4850" benefits indicated that statewide costs for calendar year 1991 alone was \$24,976,070. This included \$10,529,670 of what would have been paid for workers' compensation benefits and \$14,446,400 of additional costs. Average lost days per "4850" claim were twice as high as for other workers' compensation claims (90.2 versus 44.27 days). This data has not been updated since 1991.

Since there are no "hard" statistics available to gauge the costs, the Commission on Health, Safety and Workers' Compensation has undertaken a study of "4850" benefits not only to determine and assess the fiscal impact, but because this benefit has been greatly expanded since 1991, to also ascertain which employee classifications are now entitled to this benefit. It is anticipated that the Commission's study will be available by Fall of 2000.

While the intent of AB 1124 is certainly laudable, it is one of three such proposals this year that would further expand this benefit by extending it to additional classifications of safety personnel. I believe that this extraordinary benefit should be limited to sworn peace officers.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1825

Governor's Office, Sacramento

September 29, 2000

I am returning Assembly Bill 1825 without my signature.

This bill expands the California High-Cost fund program to fund a grant program within the California Public Utilities Commission for

rural telecommunications infrastructure. It provides grants to community-based organizations to construct telecommunications infrastructure in rural areas that are currently not served by a telecommunications carrier. The bill sunsets the grant program on January 1, 2006.

For public safety, health, and convenience reasons, all Californians should have access to reliable local telephone service. Regrettably, topography and fiscal concerns prohibit providing telephone service to every Californian.

The intent of AB 1825 is good. It seeks to provide telephone service to remote, low-income communities. Unfortunately, it has the potential to hurt all high-cost areas of the state. By diverting up to \$10 million a year from the California High Cost Funds, it could cause other rural ratepayers to see increases in their telephone bills. The High Cost Funds provide subsidies to small and mid-sized telephone companies to keep telephone rates affordable for rural telephone consumers. If funds are diverted to pay for a new grant program, existing payments could be jeopardized.

GRAY DAVIS

This bill would allow Placer and Contra Costa counties to accept digital images from businesses in specified fields using a provider that has been approved by the Attorney General. This bill would require the Attorney General to submit a report to the Legislature within a specified time frame.

I am vetoing this bill because it would result in substantial unbudgeted costs to the Attorney General's office. It is not clear that the potential benefits to counties justify these new costs.

Further, this bill fails to limit acceptance of digitized images or electronic records to entities that would enable law enforcement agencies to ensure the integrity of those records.

Veto Message—Assembly Bill No. 2757

Governor's Office, Sacramento

September 29, 2000

To the Members of the Assembly:

I am returning AB 2757 without my signature.

This measure would expand funding for telecommunications programs aimed at providing toll-free access and operational costs for the establishment of telephonic reading systems for individuals who are visually impaired.

I am concerned that implementation of this program could negatively affect funding for other important activities within the Deaf and Disabled Telecommunications Program (DDTP). In addition, spending caps within the DDTP could be impacted by the implementation of a telephonic reading system, particularly when there are no complete estimates of the level of use anticipated for these systems. I believe it is premature to enact this measure without the data sufficient to estimate the impact of the program.

I do, however, support actions that enhance the quality of life for blind Californians. Last year, my budget included more than \$70,000 for recreational therapists, \$200,000 for three additional teachers and provided \$200,000 for Braille transcription at the California Special School for the Blind. I also signed a bill last year that allowed for publishers of instructional materials to provide software for transcription into Braille.

I would be open to a bill next year that would allow the Public Utilities Commission (PUC) to determine, after appropriate review, how the blind could be further accommodated by this fund.

Veto Message—Assembly Bill No. 1463

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1463 without my signature.

This bill would repeal the requirement that every application for issuance or renewal of a driver's license or identification card (I.D.) contain the applicant's social security number. This bill would also require the Department of Motor Vehicles (DMV) to issue a driver's

license or identification card for a duration of 3 years provided the applicant is in the process of obtaining lawful immigration status in this country. The legislation would give the DMV the added responsibility of determining the authenticity of an Immigration and Naturalization Service (INS) petition for lawful status.

Requiring the DMV to issue a driver's license or I.D. card merely on the basis of the applicant providing a "receipt" from the INS that an application or petition for lawful immigration status has been initiated is an invitation for fraud. Moreover, the states of Arizona, Florida, New Mexico, and Texas all require that a social security number be provided to their Department of Motor Vehicles. California should not embrace a weaker standard than those imposed by other southern border states.

While I applaud the public safety concerns this bill seeks to address, it ignores the fact that California has made substantial efforts to make the driver's license a more secure form of identification. There is no question that a driver's license is often the key document used to acquire other documentation and to qualify for various services.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1601

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1601 without my signature.

This bill would require the Department of Motor Vehicles (DMV) to accept an E, H, or L visa as proof of legal presence for the purpose of issuing a California driver's license.

While I sympathize with foreign citizens who experience problems acquiring a California driver's license in a timely manner because of backlogs at the Immigration and Naturalization Services, this should be addressed through federal legislation. Using documents that are easy to counterfeit and impossible to verify to establish a legal presence for DMV's purposes may lead to an increase in the number of individuals that receive driver's licenses fraudulently.

Moreover, the contents of this bill were not presented in the appropriate policy committee. Amendments were drafted and inserted into the bill during the last days of the session, and the legislation was presented on the Assembly floor without any analysis. I have previously expressed my concern about receiving legislation that has not been subjected to public review and proper analysis.

GRAY DAVIS

Veto Message—Assembly Bill No. 2294

Governor's Office, Sacramento

September 29, 2000

This bill would impose specific requirements on dietary supplements containing ephedrine alkaloids including labels listing the quantity of ephedrine alkaloids in the form of herbal extracts, warnings, and a toll-free number for consumers to report adverse effects to the

manufacturer. This bill also requires that the Department of Health Services adopt regulations before requesting copies of reports of adverse effects received by manufacturers or distributors.

Ephedrine is a stimulant subject to strict sales restrictions when contained in over-the-counter medicines. And while regulation and labeling of dietary supplements containing ephedrine would seem prudent and in the interest of public safety, this is a matter of interstate commerce and clearly the responsibility of Congress to regulate, which they have thus far neglected to do.

To Members of the California Assembly:

This bill would allow school districts to use a design-build contract for school projects greater than \$10,000,000 under specified criteria based on qualifications, bidding procedures, and seismic safety standards. In addition, the bill provides that the retention proceeds withheld by the school district shall not exceed five percent of the contract amount. It precludes the school district from withholding any retention proceeds from the design-build entity for the actual costs incurred and billed for design services, construction management services, or operations and maintenance services.

I am supportive of the design-build process. But as I stated in my veto of AB 470 last year, I continue to have concerns with the provisions which take away the discretion of a school district to withhold retention funds in excess of 5%. State law requires State entities to withhold at least 5% and gives them the discretion to withhold more. Because this bill could put public funds at risk, I cannot support this measure; however, I am directing the Department of General Services to draft legislation with the appropriate retention provisions to allow schools to use the design-build process.

The bill would require the Santa Ana Regional Water Quality Control Board (Regional Board) to undertake a bioassay and bioaccumulation

studies within Newport Bay and to report to the Legislature by June 30, 2002 on its findings.

The Regional Board has not identified a need for additional bioassay and bioaccumulation studies at Newport Bay in order to evaluate the dredging project for maintenance of private boat slips. In addition, meeting the requirements for approval of permits by the California Coastal Commission is a local responsibility, and not one typically funded by the state.

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 1197 without my signature.

This bill would exempt any person who has filed a petition for lawful immigration status and meets other specified criteria, from paying non-resident fees for attending the California Community Colleges, the California State University, or the University of California.

Pursuant to the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), undocumented aliens are ineligible to receive postsecondary education benefits based on state residence unless a citizen or national of the United States would be eligible for the same benefits without regard to their residence (Title VIII, Section 1623).

In order for undocumented students to be exempt from paying non-resident tuition charges as called for in this legislation, IIRIRA would require that all out-of-state legal residents be eligible for this same benefit. Based on Fall 1998 enrollment figures at the University of California and the California State University alone, this legislation could result in a revenue loss of over \$63.7 million to the State.

For the reasons outlined above, I cannot support AB 1197. I believe the State's priorities and funding must be focused on higher education attainment for California legal residents, both present and future.

This bill would require the California Board of Corrections to establish its own Sexually Violent Predator (SVP) treatment program, separate from the existing SVP program operated by the Department of Mental Health (DMH), and expand the definition of SVP. Expanding the definition of SVP would increase the number of SVP patients treated by Department of Mental Health and civilly committed by counties. This bill would result in increased costs of a minimum of \$5.6 million General Fund and \$11.2 million General Fund annually thereafter.

Treatment is currently provided to many sex offenders both while incarcerated and while on parole. Seriously mentally ill prison inmates,

regardless of commitment offense, are provided treatment that ranges from individual and group counseling to medication and inpatient treatment. Mental Health treatment is also provided to these individuals. In addition, the Department of Corrections is expanding in the current fiscal year a program to provide intensive supervision and treatment for sex offender parolees that are deemed to be a high risk to re-offend.

While this bill is well intentioned, it cast too broad a net by requiring detailed information to a vast number of consumers who are not minimum payers, thus, adding extra cost to consumers' credit. In fact, more than 30% of cardholders routinely pay the entire balance every month.

The underlying intent of the bill, to provide minimum payers notice of how much their credit costs and how long it will take to pay off is laudable. It is sound public policy to disclose to consumers the amount of debt they can incur. Therefore, I will support a bill that would target these consumers and invite a bill that provides California consumers with at least the following:

1. A toll free 1-800 number for customers to call a "live" customer service representative to obtain individualized minimum payment information about their account.
2. A "minimum payment warning" to be printed on the customer's statement.
3. A disclosure on the first or second page of the customers' statement which provides 3 generic examples which would include amounts of credit at \$1,000., \$2,500., and \$5,000., an APR (17%), the cost to pay off the debt if only the minimum payment is made and the number of years and months to pay the debt off if only the minimum payment is made.

4. A monitoring system for customers who pay the minimum payment for 6 consecutive months which would alert the company and trigger a written warning procedure whereby the company will provide written individualized information and referrals to credit counseling services.

I am committed to providing the consumers of California with legislation that is both reasonable and effective.

For these reasons, I am vetoing AB 1963, but will sign legislation that addresses the above consumer protections next year.

This bill would authorize the extension of the Year of Manufacture license plate program to vehicles 1973 or older, conflicts with the intent of laws that require license plate reflectorization. License plate reflectorization enhances public safety and assists police officers and citizens in identifying vehicles that are involved in unlawful activities.

This bill would establish a task force to assess and report short-term and long-range recommendations for improving career technical education and allows a student to fulfill the high school graduation requirement of one course in visual or performing arts or foreign language by completing one course of "career technical education."

First, the creation of two separate committees by this bill is duplicative and inefficient. For example, the existing School-to-Career (STC) Advisory Council is also charged with developing measures for inclusion into University of California/CSU entrance requirements.

Second, I have seen no justification that would warrant the substitution of a course in career technical education as satisfaction of the visual or performing arts or foreign language high school graduation requirement. While I believe career technical education is a critical component of the economic future of California and its companies, this provision is inconsistent with the State's efforts to encourage pupils to

take the rigorous academic coursework needed for pursuing higher education.

For these reasons, I cannot support this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2088

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2088 without my signature.

This bill would unnecessarily extend the time frame, from 180 days to two years, in which the Labor Commissioner may file a suit to recover wages and penalties from contractors that fail to pay prevailing wages on a public works project. It is neither fair nor reasonable to expect a contractor on a public works project to wait such a long period of time before learning whether the Labor Commissioner will file a court action to recover underpaid wages and/or penalties.

While I am supportive of the concept of this bill, allowing more time for the Labor Commissioner to recover monies for workers who were not paid prevailing wages, increasing the time frame in which a civil suit may be filed will not ensure that workers will eventually recover unpaid wages.

In 1997, AB 1328 was enacted extending the time frame for filing a case in court from 90 days to 180 days. In my opinion, this is a sufficient amount of time in which the Labor Commissioner has in conducting an investigation and filing a court suit to recover unpaid wages. Additionally, the Labor Commissioner has been allocated more staff in order to process prevailing wage cases.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2111 without my signature.

This bill would appropriate \$5 million General Fund to the Department of Food and Agriculture to augment the red imported fire ant eradication program. While this is a serious issue, a multi-year action plan is currently in place for the eradication of the red imported fire ant in California, and significant funding has already been provided for this purpose. Most recently, \$7.4 million was included in the 2000–01 Budget Act for statewide eradication efforts. The need for any additional funding should be determined through the annual budget process.

Veto Message—Assembly Bill No. 2315

Governor's Office, Sacramento

September 29, 2000

To the Members of the Assembly:

I am returning Assembly Bill No. 2315 without my signature.

This bill would establish the "Children of Incarcerated Parents Act of 2000" which would require: (1) the Attorney General to convene a study group in order to develop a model protocol that addresses how to care for children of incarcerated parents, and (2) requires probation officers to include in their presentencing report to the court, a discussion of whether or not a defendant has children and what child care arrangements exist for the care of those children.

This bill has costs that are not included in the 2000–01 Budget Act. While this legislation may have merit, the appropriation for the study should compete with other priorities during the annual budget process.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2494

Governor's Office, Sacramento

September 29, 2000

To the Members of the California Assembly:

I am returning Assembly Bill 2494 without my signature.

AB 2494 would make it the policy of the state, in selecting locations to lease, construct, or purchase buildings for the conduct of state business, to give priority to sites within mixed-use or commercial districts that have the greatest number of various specified characteristics.

While the planning goals outlined in this bill are laudable, some of the specified characteristics may be inconsistent with one another and there may be unintended consequences, including expensive frivolous litigation that would slow down appropriate developments. Currently, the Department of General Services works closely with state agency clients, local officials and others to select appropriate sites, utilizing criteria substantially similar to that set forth in this bill. This includes minimizing the cost to the State and meeting community goals, such as revitalizing inner cities and renovating historic buildings, where appropriate. Many such efforts are underway or have recently been completed. Recent examples include DGS-managed State building projects located in downtown Los Angeles, San Francisco Oakland and

Sacramento that are providing a real boost to the revitalization efforts in those cities.

This bill would permit a board of a municipal utility district (MUD) to procure supplies and materials in excess of \$50,000 on the basis of "best value at lowest cost" criteria rather than selecting the lowest bid.

This bill replaces the current objective standard with a subjective standard that could result in increased costs to the ratepayers. Therefore, I am vetoing it.

Governor's Office, Sacramento
September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2565 without my signature.

Regarding the section of the bill concerning lottery monies, nearly \$4 billion is available through the general apportionment, Partnership for Excellence and one-time block grant that the colleges can use at their discretion to fund local technology and telecommunication needs. Therefore this section is unnecessary.

This bill also exempts the Board of Governors of the California Community Colleges from the Department of Information Technology (DOIT) review and approval process. I am opposed to exempting the Board of Governors from DOIT oversight. The DOIT process ensures that the State's investments in technology are appropriate, cost-beneficial and an effective use of taxpayer dollars.

Governor's Office, Sacramento
September 29, 2000

To Members of the California Assembly:

This bill would prohibit the sale of any milk product that could be used to produce dairy products, unless to a licensed entity. AB 2710 would also require investigation of food-related illness as the result of improper processing, producing, or manufacturing of dairy products.

However, as I proposed, the 2000 Budget Act provided additional funding of \$1.5 million to the Department of Food and Agriculture for increased investigations of the processing, producing, and manufacturing of illegal dairy products. At this time, I believe the

additional funding provided in the 2000 Budget Act is sufficient to address problems in this area and accordingly, I am returning this bill without my signature.

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

This bill would delete provisions of existing law that act to equalize revenue limit funding for juvenile court and community school programs operated by county offices of education. It is my understanding that significant differences in funding for these programs still exist. Therefore, it would be premature to delete the equalization mechanism specified in current statute until its goal has been achieved.

Veto Message—Assembly Bill No. 2911

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2911 without my signature.

This bill would allow judges participating in the Judges' Retirement System II (JRS II), with other service under the California Public Employees' Retirement System (CalPERS), to concurrently retire under both systems using the higher compensation earned under either system for computing final compensation. This bill also would allow judges who are members of the Judges' Retirement System or JRS II to participate in the Supplemental Contributions Program.

This bill could result in substantial costs to CalPERS' smaller public agency employers since the provisions of this bill which would allow a JRS II member to concurrently retire from two systems could significantly increase the retirement plan liabilities and the retirement contribution rates of those employers.

This bill requires the Insurance Commissioner to give policyholder concerns first priority in settlement agreements and allows for remediation or payment to policyholders in order to ensure compliance with all laws applicable to insurance transactions. The bill also allows the Commissioner to use settlement funds for education or research related to any of the alleged violations, pursuant to the Budget Act.

Much of this bill is positive. However, this bill confers on the Department of Insurance a power previously reserved to the judiciary, namely to remediate and resolve disputes arising from claims by individual policy holders. The Department of Insurance under both Commissioners Kelso and Low has expressed reservations about this new power.

Governor's Office, Sacramento
September 30, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 678 without my signature.

This bill would allow the Alameda County Emergency Services agency to authorize an immunization program overseen by the Alameda County Health Care Services Agency, using emergency Medical Services Technicians (EMTs) to provide immunizations. It would also authorize up to three similar programs as pilot projects elsewhere in the state.

While the desire to make immunization services even more widely available to the public is understandable, AB 678 has serious problems. This bill is not necessary because immunization services are already available in multiple public and private medical settings with no significant shortage of personnel to provide immunizations.

The Alameda County Paramedic Immunization Pilot Project in 1999 succeeded in immunizing only one child in its stated primary target age group of children aged two years and younger, with most immunizations being given to children entering or already in school, where immunization rates already exceed 90 percent.

The Pilot Project clinics were very costly because, in addition to needing a Registered Nurse supervisor at each site, the clinics had to pay the EMTs at their overtime rate. Such programs fragment medical care

delivery, working against the widely accepted goal of having children immunized in their "medical homes."

The complex technical aspects of immunization practice, and as a result the AB 678 language, require substantial and continuing training for EMTs, as well as registered nurse supervisors on-site at the clinics. Thus, the available empirical evidence indicates that the programs proposed by this bill represent an ineffective and cost-inefficient use of taxpayer's dollars.

GRAY DAVIS

Veto Message—Assembly Bill No. 688

Governor's Office, Sacramento
September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 688 without my signature.

I share the concern of State employee unions that rapidly escalating health care costs must be contained. I also agree that the State should bear a large share of the burden of the premium increases in the CalPERS health plans. This bill, however, does not accomplish these goals in a responsible manner.

It would require that the State bare the entire cost of the increase, I believe the cost should be shared. Contrary to current policy it provides more money to employees who select more expensive plans. This could discourage some people from being prudent in selecting a health provider. It would provide an infinite number of differing contributions to employees based on plan selection changes and would thus be almost impossible to administer.

The Department of Personnel Administration offered the employee organizations a program that would reduce employee contributions and increase the State's contribution. This proposal would have resulted in a 2.5 percent increase in the health care premiums rather than the 9.2 percent employees are currently facing. It would have also increased employee co-payments by \$5 for active employees, a cost that the State would have mitigated for chronically ill or lower paid employees.

I am directing DPA, working cooperatively with CalPERS, to go back to the bargaining table. It is my expectation that we will be able to negotiate a fair and equitable agreement with State employee unions.

To Members of the California Assembly:

This bill would require school districts to keep records of denials of student requests to electronically record classroom activities. Additionally, this bill would prohibit the use of such recording, obtained after a denial, in any judicial, administrative or legislative action related to certified employee discipline or dismissal.

While I would normally sign this bill, it is at least theoretically possible that a recording would be made of crime or other outrageous

activity. In those admittedly rare cases, I believe the decision on whether to admit or not the recording in an administrative or judicial hearing should be made by an appropriate hearing officer or judge.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1082

Governor's Office, Sacramento

September 30, 2000

To Members of the Assembly:

I am returning Assembly Bill 1082 without my signature.

This measure permits telephone companies that are regulated under a "price cap" regulatory structure to issue stock or debt unless the California Public Utilities Commission (PUC) can prove that such an issuance would not be in the public interest. Current law requires telephone companies to obtain PUC approval before issuing stock or long-term debt with a maturity date of more than 12 months.

AB 1082 duplicates existing PUC procedures that allow the PUC to exempt telephone companies on a case-by-case basis from regulatory review of their financing proposals.

It also places ratepayers at risk if local telephone companies make bad financial decisions and must seek additional forms of revenue to offset the losses. It is important that local telephone companies obtain state review before issuing stock or debt so the public can be protected from imprudent corporate finance decisions.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 1307

Governor's Office, Sacramento

September 30, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1307 without my signature.

This bill fails to address concerns I raised during the 1999 Legislative session with AB 1485. This bill does not address my concerns with those who currently hold a driver certificate as it continues to allow any existing certificate holder who has previously been convicted of a serious or violent felony to retain their certificate. Additionally, this bill does not address the loophole whereby an applicant for an original certificate or an applicant for a renewal of a certificate could obtain a driver certificate during an "interim" period when, after committing a violent or serious felony, the person awaits for his/her case to be adjudicated within the court system.

Any individual who has committed a serious or violent felony, including those associated with driving, regardless of how long ago the crime occurred, should not be employed by a school district. While this bill would prevent an original applicant, having a felonious criminal history, from obtaining a Special Driver Certificate, I cannot support a bill that would permit school aged children and disabled persons to be subjected to the risk of becoming a possible victim of an employee having a violent criminal past who currently holds a certificate. Allowing this would contradict the very purpose of the bill which is to protect our children.

Moreover, even the prospective application this bill intended will not work because the bill inadvertently repeals a code section of the Department of Motor Vehicles to refrain from issuing the certificate to people convicted for moral turpitude.

GRAY DAVIS

Veto Message—Assembly Bill No. 1903

Governor's Office, Sacramento
September 30, 2000

To Members of the California Assembly:

I am returning Assembly Bill 1903 without my signature.

This bill would allow the State low-income housing credit to be distributed among partners pursuant to a partnership agreement, even if the allocation of that credit to the partner under that agreement does not have substantial economic effect.

Although I am aware this bill could increase the value of the low-income housing credits by allowing the credit to be targeted to those entities that can use it, I am concerned about the possible abuses that may arise. Specifically, since this bill would allow a credit to be severed from the economic interest each partner has in the profits and losses of the project, it could lead to allocations for tax shelter purposes.

For example, under this bill, investors would be able to "buy" rights to low-income housing credits through the purchase of a partnership share. When they had utilized all of the credits (which could exceed the cost of their investment), they could walk away from the partnership investment and have a negative basis in the investment. This would allow them to write off the amount of the negative basis against other income. Thus, the investor would benefit twice from the arrangement—the use of the credit and the negative basis.

I am committed to expanding housing opportunities for all Californians. The 2000 Budget Act includes over \$580 million General Fund in support for housing, with almost 50% of this amount dedicated toward low- and moderate-income housing. For the reasons stated above, I am returning AB 1903 unsigned.

Governor's Office, Sacramento
September 30, 2000

To Members of the California Assembly:

This bill would exempt from qualification under the Corporate Securities Law of 1968 security offerings by limited liability companies pursuant to a purchase or option plan or agreement, if certain conditions are met.

I have already signed a bill that makes the exact same changes to this law as AB 2032. A few days ago I signed Senate Bill 1837 (Chapter 705, Statutes of 2000). I therefore find this bill to be duplicative and unnecessary.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2101

Governor's Office, Sacramento
September 30, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2101 without my signature.

This bill would allow the news media virtually unlimited access to convicted felons incarcerated in California state prisons. This measure would also permit the news media to receive confidential correspondence from a prisoner.

Under present law, journalists have ample opportunities to interview convicts: 1) during regular visiting hours on the same basis as family and friends; 2) by accepting collect phone calls from the prisoner; 3) by written correspondence; and 4) by unlimited access to the prisoner's lawyer.

This bill is inconsistent with the national trend to reduce, not expand, rights of prisoners (e.g., prohibiting them from profiting from their crimes by selling their "stories" via book, television, or movie rights).

Furthermore, according to correctional authorities, its implementation would disrupt the orderly administration of prisons and interfere with the ability of inmate families to visit their loved ones.

The purposes of incarceration is punishment and deterrence; it is not to provide additional celebrity to convicts, many of whose criminal acts were brutal and violent, thereby causing further pain to the victims and their loved ones.

AB 2101 is based on the false premise that press interviews with inmates are banned. The press can either visit inmates during regular visiting periods, or receive collect calls from inmates. These are the same rights provided to the inmate's family and friends.

This bill guarantees the press preferred access greater than that accorded family members and close friends. The regulations currently in force are properly balanced to achieve legitimate objectives.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2136

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2136 without my signature.

This bill would require the Long-Term Care Council to: 1) Establish a uniform definition of respite care for future legislative change; 2) Develop a minimum data set of information on family caregiver programs that provide caregiver support; and 3) Improve service coordination between existing programs. This information would be included in the California Health and Human Services Agency Long-Term Council's 2001 report to the Legislature.

AB 2136 does not fund the workload required of the California Health and Human Services Agency, and members of its Long-Term Care Council. The data collection component of the bill alone could result in significant local and State costs. This legislation also establishes a priority for the Long-Term Care Council prior to the Council being able to develop its own planning and prioritization process.

While I support the intent of this legislation, I believe this issue should be considered along with other worthy projects during the fiscal year 2001–2002 budget process.

GRAY DAVIS

Veto Message—Assembly Bill No. 2205

Governor's Office, Sacramento

September 30, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2205 without my signature.

This bill authorizes county offices of education to operate community day schools to serve pupils within the county's jurisdiction that should be served by school districts.

The community day school program was established to provide school districts with an alternative method to educate pupils who have been expelled and can no longer attend their designated area school. It was not the intent of the implementing legislation to create yet another county office of education program to serve difficult pupils.

Additionally, I am concerned about the increased Proposition 98 General Fund cost imposed by this bill.

GRAY DAVIS

Veto Message—Assembly Bill No. 2375

Governor's Office, Sacramento
September 30, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2375 without my signature.

This bill would encourage court personnel to make the presumption that every juvenile before the court may be educationally disabled. Additionally, this bill would void statutory safeguards to balance the need to assess and provide educational interventions, with the need to ensure that students involved in the juvenile system are not too easily segregated and have access to the least restrictive environment.

This bill would result in significant increased state and local costs to process unnecessary referrals for assessment.

For this reason, I cannot support this measure.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2384

Governor's Office, Sacramento
September 30, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2384 without my signature.

Despite the bill's technical and clarifying changes to the Education Code and the Public Contract Code, I have over-riding concerns with this measure.

Assembly Bill 2384 would exempt the Board of Governors of the California Community Colleges from existing competitive bidding provisions related to procurement, which would likely lead to higher costs for some services. I am unable to find a compelling rationale to exempt the California Community Colleges from the competitive bidding provisions of the Public Contract Code. To do so could result in higher procurement costs that would have to be supported from Proposition 98 resources.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2388

Governor's Office, Sacramento
September 30, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2388 without my signature.

While I recognize that the Chancellor and the Board of Governors of the California Community Colleges have engaged in a significant effort to comprehensively review and revise the Education Code pertaining to the community colleges, I am concerned that this bill may inadvertently cause significant state-mandated costs. While this bill includes many proposed changes that can improve the operation of the community

college system, there are a number of fiscal and policy matters that should be reconsidered before being included in legislation. Therefore, I am directing the Office of the Secretary for Education and the Department of Finance to work together with the Chancellor to further examine these issues with the objective of reaching resolution during the next legislative session.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2391

Governor's Office, Sacramento

September 30, 2000

To the Members of the Assembly:

I am returning Assembly Bill 2391 without my signature.

This bill would provide \$5 million to repair, upgrade, and expand existing conservation education facilities that are not owned by government entities. The facilities are used for environmental education programs for K–12 public students who pay a fee for the programs. These facilities are also used by private groups, religious organizations and the public. It is inappropriate for state funds to be used to improve non-government owned facilities that are used, and in some cases owned by private individuals. In addition, the \$5 million would address the needed improvements and maintenance at only a very limited number of these facilities. This bill would result in pressure to fund the rest of the needed improvements which would be far in excess of \$25 million.

For these reasons, I cannot support this measure.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 30, 2000

To Members of the California Assembly:

This bill would appropriate \$2.5 million to the State Librarian from the General Fund to authorize the State Library to award grants on a competitive basis to local libraries. The grants would be used for the establishment of youth development and resource programs through tutoring, mentoring, and other informational services.

Funding for this program is not included in the 2000 Budget Act. Moreover, the Budget already provides for programs with objectives similar to those proposed by this bill. Education and student safety are my top priorities, which is why the Budget includes \$71 million for the Carl Washington School Safety and Violence Prevention Act, and \$87.8 million for the After School Learning and Safe Neighborhoods Partnership Program.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2518

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2518 without my signature.

This bill would establish the California Drug Endangered Child Protection Program, a five-year pilot project providing funding to specified counties. The bill would appropriate \$10,000,000 General Fund to the Office of Criminal Justice Planning to fund the continued coordination of multi-agency drug endangered child response teams in seven counties.

The Bureau of Justice Assistance has provided \$4,747,307 for the existing Drug Endangered Children Program since 1997, and the program goals are commendable. However, before I would consider committing state General Fund dollars to replace the lost federal Byrne Grant funds, an evaluation to assess performance of the program should be conducted.

Furthermore, this bill would result in a significant General Fund expenditure not included in the 2000 Budget Act.

Governor's Office, Sacramento

September 30, 2000

To Members of the California Assembly:

This bill would increase the cap on the value of promotional gifts alcoholic beverage licensees may give to the public and retailers.

This bill was drastically changed during the last week of the legislative session and there was no opportunity for public comment in both houses. I have repeatedly expressed my disinclination to sign bills, barring an emergency, that would deny the public an opportunity to participate.

Veto Message—Assembly Bill No. 2642

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill 2642 without my signature.

This bill would allow public agencies that contract with the Public Employees' Retirement System that have excess retirement assets the opportunity to provide two retirement formulas for non-safety employees that are currently applicable only to safety members. While I support the collective bargaining process, I am not aware of a business or policy need to provide a new, higher level of retirement benefits for non-safety public employees.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2760

Governor's Office, Sacramento
September 30, 2000

To the Members of the Assembly:

I am returning Assembly Bill 2760 without my signature.

This bill would amend current statute to allow Internet and telephone wagering on horse races and add various provisions to govern those activities. The bill would also provide new protections for racetrack "backstretch" employees including badly needed standards for living conditions such as housing, establishment of a health and welfare fund, and the right to organize for collective bargaining purposes.

If this bill contained only the backstretch provisions, I would sign it. However, I cannot support the provisions lifting the State ban on Internet and telephone wagering.

Changing State law to allow wagering via the Internet and telephone would be a major change in the status quo and, I believe, a significant expansion of gambling in California.

- It would create State-sanctioned Internet and telephone betting. This would expand the opportunities for horse race wagering by making gambling legally available through the Internet and telephone.
- It would expand the scope of gambling by allowing Internet and telephone betting on out-of-state and out-of-country horse races.
- It would open the door to children and teenagers placing bets using their parents' accounts over the Internet.
- And it would allow continual betting through commercial betting systems without being limited by the racing season of any particular racing association.

If the Legislature sends me a bill to protect backstretch employees from being subjected to dismal living and working conditions, I will sign it.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2803

Governor's Office, Sacramento
September 29, 2000

To Members of the California Assembly:

I am returning Assembly Bill No. 2803 without my signature.

This bill would establish the Pilot Project for School Athletics Safety that would provide grants to three private, non-profit organizations

located, one each, in Southern California, Northern California and the Central Valley to conduct pilot athletic safety programs.

Existing law provides for safety in school athletics. Under current law, every member of a public school team must have medical insurance. If a student does not have private insurance, he or she can purchase insurance through the school district. If a student cannot afford to purchase insurance, his or her fees can be covered by district funds or student body funds. Furthermore, school districts are required to provide medical, ambulance and hospital services for students injured while participating in athletic activities.

The 2000 Budget Act includes \$1 million for the High School Coaching Education and Training Program. This program addresses many of the same issues addressed by this bill, including funding for instruction in proper training, fitness and nutrition, as well as issues not covered by this bill such as physiology, sport psychology, risk and team management, gender equity, and discrimination. I believe that current law and the Budget provide adequate protection and service delivery in this area.

Finally, the expenditure proposed by this bill was not included in the 2000 Budget Act. It should compete with other meritorious proposals in next year's budget process.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 2837

Governor's Office, Sacramento

September 30, 2000

To the Members of the Assembly:

I am returning AB 2837 without my signature.

This bill authorizes local public agencies responsible for providing a public safety answering system to establish a local non-emergency telephone system. It would designate "311" as the primary non-emergency telephone number for that system. It requires the Department of General Services to establish operational standards, set rates, and administer this service. The measure further provides for local funding of each regional 311 service.

While the concept for a separate non-emergency telephone system is a good one, the potential costs for this program are unknown at this time. Without pilot projects to provide the data necessary to estimate costs for this program, it would be premature to approve this measure.

Use of specific numbering resources falls primarily within the Federal Communications Commission (FCC)'s jurisdiction. The California Public Utilities Commission (PUC) manages California's valuable numbering resources in compliance with those federal rules and is currently coordinating with the FCC to implement 211 and 511, respectively, for other uses. I am directing the PUC to look at the provision of 311 services in concert with their existing 211 and 511 proceedings.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 30th day of September 2000 at 11:14 p.m., of Assembly Bills Nos. 2803 and 2837 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

The following item veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Item Veto—Assembly Bill No. 398

Governor's Office, Sacramento

September 8, 2000

To Members of the California State Assembly:

I am signing Assembly Bill 398, which establishes the San Francisco Baylands Restoration Program Account in the State Wildlife Restoration Fund and appropriates General Fund revenues to the Account for the purpose of acquiring and restoring San Francisco Bay wetlands and habitat which may include the Cargill Salt property.

However, in signing this measure, I am reducing the appropriation from \$30 million to \$25 million. I feel that this appropriation is sufficient to show the State's good faith in working with the federal government to make a joint purchase of these historic wetlands upon completion of an independent appraisal.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 11th day of September 2000 at 4:20 p.m., of the Governor's statement of the items of appropriation reduced or eliminated from Assembly Bill No. 398 delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Item Veto—Assembly Bill No. 649

Governor's Office, Sacramento

September 11, 2000

To Members of the California State Assembly:

On this date I have signed Assembly Bill 649 with a reduction.

This bill would appropriate funding for various programs agreed to during collective bargaining. However, the appropriation in this bill for the special fund deficiency is in excess of the amount needed to fund the employee compensation increases agreed to through collective bargaining. Therefore, I am reducing the special fund appropriation

contained in this bill by \$17,000,000 to reflect the actual amount needed to fund the employee compensation increases. The revised appropriation shall be \$30,600,000.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 12th day of September 2000 at 1:46 p.m., of the Governor's statement of the items of appropriation reduced or eliminated from Assembly Bill No. 649 delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Item Veto—Assembly Bill No. 2558

Governor's Office, Sacramento

September 22, 2000

To Members of the California Assembly:

On this date I signed Assembly Bill 2558 with a reduction.

AB 2558 would establish a 3-year neighborhood-based pilot program administered by the California Commission on Improving Life through Services (CILTS), to promote the involvement of senior volunteers in working with children and school staff

While I am supportive of incorporating senior volunteerism into state volunteer efforts coordinated by CILTS, the program outlined in this bill merits further study. Therefore, I am directing CILTS to (1) prepare a review of existing programs that engage seniors in service, (2) identify new and promising entrepreneurial strategies that take advantage of the unique characteristics of this new generation of seniors, (3) identify priorities which a senior volunteer force can best impact, and (4) propose a structure for investment of any future financial resources which maximizes public and private funding and social impact. I expect this study to be completed within six months. Therefore, I am reducing the appropriation contained in the bill by \$900,000 to reflect the amount needed to conduct this review. The revised appropriation shall be \$100,000.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 24th day of September 2000 at 4:47 p.m., of Governor's statement of the items of appropriation reduced from Assembly Bill No. 2558 delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Item Veto—Assembly Bill No. 877

Governor's Office, Sacramento
September 25, 2000

To Members of the California State Assembly:

On this date I have signed Assembly Bill No. 877 with a reduction.

This bill would make specified changes to the requirements governing the issuance of a California teaching credential to teachers who have been trained in other states, and the issuance of a professional services credential to school administrators who have been trained in other states. It would also authorize the Commission on Teacher Credentialing to contract for studies of teacher and administrator training requirements in other states.

The appropriation in this bill, however, is in excess of the amount needed for these studies. Therefore, I am reducing the appropriation contained in this bill by \$150,000 to reflect the actual amount needed to conduct the studies of teacher and administrator training requirements in other states. The revised appropriation shall be \$350,000.

Sincerely,

GRAY DAVIS

Item Veto—Assembly Bill No. 2016

Governor's Office, Sacramento
September 25, 2000

To Members of the California State Assembly:

On this date I have signed Assembly Bill No. 2016 with a reduction.

This bill would appropriate funding to the Humboldt Bay Harbor district to be used for navigation improvement and safety projects. Normally I oppose such local expenditures, however, the northern region of the state is experiencing unique economic difficulties. This bill would provide one-time economic relief for one of the major regions of the state with an economy that is not thriving. Therefore, I am signing this measure and reducing the appropriation to \$580,000.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 27th day of September 2000 at 11:11 a.m., of the Governor's statement of the items of appropriation reduced from Assembly Bills Nos. 877 and 2016 delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

Item Veto—Assembly Bill No. 886

Governor's Office, Sacramento

September 26, 2000

To Members of the California Assembly:

On this date I have signed Assembly Bill No. 886 with a reduction.

This bill would appropriate \$600,000 to fund reading training programs: \$500,000 for the Oakland Unified School District and \$100,000 for the Lakeside Union Elementary School District.

However, there are three school districts in California with the name "Lakeside Union Elementary School District," and it is unclear which of these districts would receive the funding. I am therefore deleting the \$100,000 appropriation from the bill.

Sincerely,

GRAY DAVIS

Item Veto—Assembly Bill No. 2337

Governor's Office, Sacramento

September 26, 2000

To Members of the California State Assembly:

On this date I have signed Assembly Bill 2337 with a deletion.

This bill would appropriate \$5,407,000 Proposition 98 General Fund to the Board of Governors of the California Community Colleges for Apprenticeship programs and to augment the Part-Time Faculty Office Hours Program.

However, I am deleting the augmentation of \$2.1 million for the Part-Time Faculty Office Hours Program. As indicated in the Budget Act, I am not supportive of the reduced local match requirement contained in Chapter 71, Statutes of 2000. I am willing to consider additional funding for this program only if the matching requirement is restored to a 1:1 ratio.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 27th day of September 2000 at 11:14 a.m., of the Governor's statement of the items of appropriation reduced or eliminated from Assembly Bills Nos. 886 and 2337 delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Item Veto—Assembly Bill No. 2036

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am signing Assembly Bill No. 2036. However, I am deleting the \$1 million General Fund appropriation to the State Department of Education to administer the grant program proposed by this bill.

This bill would establish a grant program, to be administered by the Superintendent of Public Instruction, that would provide training to school administrators to assist them in evaluating the performance of certificated school employees.

The cost of the grant program was not included in the 2000 Budget Act. I will consider an appropriation to fund the grant program among competing priorities during the annual budget process.

Sincerely,

GRAY DAVIS

Item Veto—Assembly Bill No. 2491

Governor's Office, Sacramento

September 29, 2000

To Members of the California Assembly:

I am reducing the appropriation from the Restitution Fund in Section 13 of Assembly Bill No. 2491 from \$2.45 million to \$1 million to the California Victim Compensation and Government Claims Board, formerly known as the Board of Control, to enter into an interagency agreement with the University of California, San Francisco, to establish a victims recovery center at San Francisco General Hospital. This will allow for an evaluation of the victims recovery center prior to the provision of additional resources to fully fund this four year pilot project.

I am very supportive of the expansion of benefits to victims of crime pursuant to the remaining provisions of this bill. This bill will provide approximately \$9 million of payments to victims on an annual basis.

Sincerely,

GRAY DAVIS

Item Veto—Assembly Bill No. 2514

Governor's Office, Sacramento

September 30, 2000

To Members of the California State Assembly:

I have signed Assembly Bill 2514 with a reduction.

This bill would create a \$10 million account administered by the Department of Food and Agriculture to provide incentives for businesses that use rice straw for agricultural biomass projects. I have reduced the appropriation from \$10 million to \$2 million.

This measure will help California utilize agricultural biomass as a means of avoiding landfill use, preventing air pollution, and enhancing environmental quality. It will help to create hundreds of direct and indirect jobs in Northern California communities with historically high levels of unemployment. AB 2514 will foster alternative uses for rice straw and create new markets for recycled rice straw products.

Sincerely,

GRAY DAVIS

Item Veto—Assembly Bill No. 2907

Governor's Office, Sacramento

September 30, 2000

To Members of the California State Assembly:

I am signing Assembly Bill 2907. However, I am reducing certain specified appropriations to maintain my actions taken regarding SB 1667 (Chapter 71/2000), and because I have specific concerns with the additional project proposed to be added pursuant to paragraph 56 of subdivision (a). The language below conforms to my action regarding SB 1667, and also makes this additional reduction:

I am reducing the appropriation made by Section 42 of Chapter 71 of the Statutes of 2000, as proposed to be amended by this Section 129 of this bill, from \$33,352,000 to \$15,761,000. The specific reductions are as follows:

I am reducing the appropriation in Section 42 by eliminating paragraph (6) of subdivision (a), which allocates \$300,000 to the San Francisco Unified School District for expansion of arts education in grades K-5. Grants for this purpose are available on a competitive basis through the Department of Education, and I am therefore deleting this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by reducing paragraph (7) of subdivision (a) from \$500,000 to \$400,000, to the Culver City Unified School District to repair the track at Culver City High School, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (8) of subdivision (a), which allocates \$10,000 to the Los Angeles Unified School District for a school-based/school-linked health program at the Maclay Middle School. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (9) of subdivision (a), which allocates \$10,000 to the Los Angeles Unified School District for a school-based/school-linked health program at the Pacoima Middle School. I am reducing this appropriation in order to fund competing higher priorities. I am reducing the appropriation in Section 42 by eliminating paragraph (11) of subdivision (a), which allocates \$20,000 to the Manhattan Beach Unified School District for the purchase of equipment for teaching aids to reduce diversity intensity and increase cultural awareness at Mira Costa High School, to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (15) of subdivision (a), which allocates \$100,000 to Liggett Elementary for establishment of a Parent Education Center. Grants are already available for this purpose through the Department of Education, pursuant to the Parental Involvement Program established pursuant to Chapter 734 of the Statutes of 1999. Additional, support for this purpose should be provided from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (18) of subdivision (a), which allocates \$200,000 to the Sunnyvale Elementary School District for Project H.E.L.P. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (19) of subdivision (a), which allocates \$250,000 to the Lamont Elementary School District for portable classrooms. Funding for this purpose should be sought through the State Allocation Board process.

I am reducing the appropriation in Section 42 by eliminating paragraph (22) of subdivision (a), which allocates \$450,000 to the Los Angeles Unified School District for the San Fernando High School Health Clinic. I am reducing this appropriation in order to fund competing higher priorities.

I am sustaining the appropriation of \$500,000 in paragraph (23) of subdivision (a) of Section 42 for the Baldwin Park Unified School District's Drama, Reading, English, and Mathematics (DREAM)

project, on a one-time basis only, thus any future support for this project should be provided from local resources.

I am reducing the appropriation in Section 42 by reducing paragraph (24) of subdivision (a) from \$500,000 to \$200,000, to the Montebello Unified School District for natural gas powered delivery trucks, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (25) of subdivision (a), which allocates \$150,000 to the Elk Grove Unified School District for a Japanese language academy. I am deleting this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (26) of subdivision (a), which allocates \$500,000 to the Oakland Unified School District for a reading training program. The Budget Bill already includes significant funding for reading staff development, reading programs, and remedial instruction in reading, and I am therefore unable to support this request.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (27) of subdivision (a), from \$350,000 to \$200,000 for allocation to the Burbank Unified School District to continue a literacy program on a one-time basis only, thus any future support for this project should be provided from local resources.

I am sustaining the appropriation of \$300,000 in paragraph (28) of subdivision (a) of Section 42 for the Temple City Unified School District's Arts Academy, on a one-time basis only, future support for this project should be provided from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (29) of subdivision (a), which allocates \$400,000 to the Alum Rock Union Elementary School District for a mathematics/science center that would provide training and science/mathematics supplies to teachers. The 2000-01 Budget already contains \$246 million for the Staff Development Day Buy-Out program and \$108 million for a variety of Professional Development Institutes, including institutes in elementary mathematics and algebra, to help improve teacher's skills and expertise in classroom instruction.

I am reducing the appropriation in Section 42 by eliminating paragraph (30) of subdivision (a), which allocates \$50,000 to the Santa Monica Malibu Unified School District for an after school youth program at Malibu High School. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (32) of subdivision (a), which allocates \$200,000 to the Tahoe-Truckee Unified School District for the North Tahoe Youth Center. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (34) of subdivision (a), which allocates \$675,000 to the Los Alamitos Unified School District for reimbursement for class size reduction costs. Funding for this purpose should be sought through the class size reduction facilities program.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (35) of subdivision (a), from \$10,000,000 to \$5,000,000 for allocation to the Alford Unified School District for construction costs associated with the Center for Primary Education. The balance of

funding required for this project should be sought through the School Facilities Program or from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (36) of subdivision (a), which allocates \$900,000 to the Riverside County Office of Education for the purpose of screening and diagnosing pupils for Scotopic Sensitivity Syndrome, to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (37) of subdivision (a), which allocates \$500,000 to the Saugus Union Elementary School District for costs associated with testing air quality in portable classrooms. As indoor air quality in portable classrooms is an important issue, the Budget provides \$1 million to the Air Resources Board and the State Department of Health Services for purposes of conducting a comprehensive study and review of the environmental health conditions, including air quality, in portable classrooms.

I am reducing the appropriation in Section 42 by eliminating paragraph (38) of subdivision (a), which allocates \$275,000 to the Inyo County Office of Education for facilities costs. Funding for this project may be available through the School Facilities Program.

I am reducing the appropriation in Section 42 by eliminating paragraph (39) of subdivision (a), which allocates \$500,000 to the Calaveras Unified School District for swimming pool renovations, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (40) of subdivision (a), which allocates \$27,000 to the Alta-Dutch Flat Union Elementary School District for Afternoon Transportation Services, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (43) of subdivision (a), which allocates \$469,000 to the Mariposa Unified School District for declining ADA. As current law provides sufficient provisions to cushion the loss of ADA for school districts, I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (44) of subdivision (a), from \$568,000 to \$285,000 for the Chatom Union Elementary School District. The original augmentation included funding for declining ADA and for the purchase of school buses. As current law provides sufficient provisions to cushion the loss of ADA for school districts, I am reducing this appropriation maintaining only the funding for the purchase of school buses. I am reducing the appropriation in Section 42 by eliminating paragraph (45) of subdivision (a), which allocates \$3,700,000 to the Clovis Unified School District from the Central Valley Applied Agriculture and Technology Center. I am deleting this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (47) of subdivision (a), which allocates \$112,000 to the Alameda County Office of Education for the Smart Kids, Safe Kids program. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (52) of subdivision (a), which allocates \$160,000 to the Soledad Enrichment Charter School for Operation Y.E.S. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (55) of subdivision (a), from \$5,000,000 to \$3,700,000 for the Clovis and Fresno Unified School Districts for the Center for Advanced Research and Technology. I am reducing this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (56) of subdivision (a), which allocates \$500,000 to the Los Angeles Unified School District for the renovation of the San Fernando Middle School auditorium. I am reducing this appropriation because available information indicates the bill incorrectly identifies the intended recipient of these funds. Resources for this purpose should be provided on a priority basis by the appropriate local entities.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 30th day of September 2000 at 11:10 p.m., of the Governor's statement of the items of appropriation reduced or eliminated from Assembly Bills Nos. 2036, 2491, 2514, and 2907 delivered to me personally by Mary Ann McMullin.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Governor's Office, Sacramento
September 2, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2827, which appropriates \$500,000 from the General Fund to establish the Jobs for California Graduates Program to assist at-risk youth in enrolling in postsecondary education or successfully transitioning into the workforce.

Notwithstanding the bill's stated intent that annual Budget Acts include funding for this program in future years, I intend to consider future funding in the annual budget process, based on the availability of funds.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 2, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2306, which will require state departments to complete additional surveys, reports, and plans regarding housing and health care for farmworkers and create a new farmworker family wellness program.

This year I signed a state budget authorizing \$46.5 million for development of farmworker housing (including \$5 million for the Joe Serna, Jr. Farmworker Family Wellness Program established by this

bill), and over \$7 million each for farmworker health programs and the renovation and operation of migrant housing centers.

I am sympathetic to the special needs of farmworkers and their families. I expect that the additional plans completed pursuant to this bill will identify innovative solutions to leverage the state's funding with other public and private resources, including the efforts of organized labor and the agri-business community, to address the identified needs of farmworkers and their families.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 6, 2000

To the Members of the California State Assembly:

Today I have signed Assembly Bill 970, which will help expedite the approval of new powerplants, reduce demand for electricity, and improve the electrical transmission and distribution system.

This bill is an important step in developing the means to ensure adequate supplies of energy in the future for all Californians.

The bill also authorizes the Energy Resources Conservation and Development Commission to spend up to 3 percent of the funds for program administration. It is my intent that the Director of Finance approve a plan for the use of any of the funds for administration prior to expenditure, and that the plan include only those expenditures absolutely essential to administer the grant funds.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 7, 2000

To the Members of the Assembly:

I am signing Assembly Bill No. 48, which expands the definition of cancer to include various nonmalignant brain and central nervous system tumors not currently tracked by the California Cancer Registry (Registry). In addition, the bill would rename the Registry as the Ken Maddy California Cancer Registry. This measure, in conjunction with the \$3.5 million Proposition 99 augmentation provided in the Budget Act of 2000, will allow the Registry to provide vital data that is used in the prevention and treatment of cancer. Any additional administrative costs incurred by the Department of Health Services, as a result of this bill, should be absorbed from within existing resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 7, 2000

To the Members of the Assembly:

I am signing Assembly Bill No. 615, which would establish a five year Pilot Project for Categorical Education Program Flexibility. This program would allow up to 75 school districts to consolidate state categorical funding into local block grants for school improvement and

staff development, alternative education and compensatory services, and school district improvement.

Notwithstanding the provisions of this bill, it is my hope that the focus of the funding is on improved student achievement.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 8, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2045, which requires the State Department of Boating and Waterways to approve boating safety courses and to develop a voluntary personal watercraft education course, which shall be made available on the Department's website. The bill further requires that a person who is convicted of one moving violation while operating a boat complete and pass a boating safety course.

U.S. Coast Guard data show that personal watercrafts are involved in a disproportionately high number of boating accidents in California. National Transportation Safety Board data show that a large portion of individuals involved in fatal boating accidents were operating vessels in an unsafe manner.

While I continue to oppose a general requirement that all persons operating a boat take a mandatory course, I feel that this measure contains reasonable requirements that will promote boating safety. The bill does not require that a course be taken unless a moving violation occurs while operating a boat, in which case a person would be required to take an approved course.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 8, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2283, which requires the California Air Resources Board to appoint an advisory committee to assist in preparing a report to the Legislature by 2002 on emission controls for seasonal pollution sources in the San Joaquin Valley.

I am directing the Board to implement the provisions of the bill using existing staff resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 8, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2538, which requires that any person who is being towed behind a vessel, who is using a personal watercraft, or who is 11 years of age or younger and who is on a boat to wear a U.S. Coast Guard-approved life jacket.

Statistics show that if a person involved in these activities is not wearing a life jacket and is involved in an injury accident, his or her chances for survival are drastically reduced. Generally, 85% of all

boating fatalities could have been prevented if the person had been wearing a life jacket. In addition, studies have shown that children under age 12 do not have the maturity to act appropriately in emergency situations; therefore, raising the age limit requirement from 6 to 11 years is warranted.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 12, 2000

To the Members of the Assembly:

I am signing AB 1753, which would establish additional training and disclosure requirements for residential care facilities for the elderly that "promote or advertise" special care, special programming or special environments for persons with dementia. The Department of Social Services will implement this bill within existing resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 15, 2000

To the Members of the Assembly:

I am signing Assembly Bill No. 1123, which establishes the California Distance Learning Policy and requires the California Postsecondary Education Commission to convene an intersegmental working group to determine state funding priorities for this policy that are consistent with the institutional missions of the systems of higher education.

I am signing the bill, however, with the understanding that the recommendations of the intersegmental working group are to be considered suggested programmatic priorities for the use of distance learning technology, and that any funding decisions will be made through the annual budget process. Recommendations of a work group should not be interpreted as a constraint on the authority of the Governor and the Legislature to determine funding priorities through this process.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 18, 2000

To the Members of the Assembly:

I am signing AB 1199, which would allow the California Department of Aging (CDA) to repurchase Multipurpose Senior Services Program (MSSP) sites if CDA deems such repurchase to be in the state's best interest.

The Department of General Services has granted a waiver to CDA since 1994 from the annual MSSP rebidding process which they term as a "costly, complicated and unnecessary formality with mundane and predictable outcomes". Based upon this recommendation and with the

knowledge that the CDA can request a competitive bid whenever they so require, I am signing this bill.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 18, 2000

To the Members of the Assembly:

I am signing AB 2041.

This bill poses a close question. There is legitimate concern that it could result in attempts by some communities to shirk their responsibilities to build low and moderate income housing. However, this bill will expand the overall low and moderate income housing stock in California. On balance, because of the significant shortage of this type of housing, I choose to allow local agencies the use of this tool.

The practical reality of today's expensive real estate markets in the state argues for availing ourselves of every opportunity to add as many affordable housing units as possible to our inventory.

One of the main purposes of the community redevelopment law is to expand the number of low and moderate housing units in California. This bill enhances the ability of local jurisdictions to meet that goal by allowing them to pool low and moderate income housing funds through the use of joint powers of authorities with contiguous agencies located within adjoining cities.

Many jurisdictions have small amounts of low and moderate income housing funds. By pooling their funds, they might be able to build housing that otherwise would not be built. In fact, of the \$1.3 billion of low income housing money set aside statewide as required by law, over \$580 million is unspent and unencumbered. Agencies have been slow to actually build this much needed housing. Pooling can provide flexibility to get housing built.

There are also some safeguards in the bill: the jurisdictions must be contiguous, the Department of Housing and Community Development is required to evaluate and approve each proposed use of pooled funds, and the law sunsets in 2010.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 22, 2000

To the Members of the Assembly:

I am signing AB 1599, which will allow the Department of Industrial Relations (DIR) to create a statewide young worker health and safety resource network and would allow DIR to enter into a contractual or interagency agreement for costs associated with legal services to enforce Cal-OSHA sections of the law.

I am directing the Department of Industrial Relations to implement this bill within the existing 2000-01 Governor's State Budget.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 23, 2000

To the Members of the Assembly:

I am signing AB 1784 even though it cannot become law because its enactment is contingent upon enactment of AB 2412, which I vetoed. This bill adds a three-year moratorium on Internet access taxes which will both prevent a patchwork of local Internet access taxes in this state and send an important signal to the federal government as it negotiates legislation to extend the Federal Internet Tax Freedom Act.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 24, 2000

To the Members of the Assembly:

I am signing AB 1961.

This bill clarifies the definition of machinegun by conforming State law to Federal law. Accordingly, this bill is not inconsistent with the Administration's moratorium on significant firearm legislation.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 24, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2425.

I fully support increased penalties for stalking. What, if any, changes should be made in current parole policies, will be the subject of debate in next year's budget process.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 24, 2000

To the Members of the Assembly:

I am signing AB 2663, which states legislative intent that sustainable agricultural programs at the University of California be adequately funded and incorporated into appropriate State of California programs to ensure that farmers and ranchers will have access to that information.

The University of California already directs substantial state funds for research into agricultural sustainability and the timely dissemination of this valuable information to growers across the state. In addition, the state investments leverage millions of dollars from federal and private sources for research by University scientists into sustainable agricultural practices and the reduction of pesticide and chemical use.

I would like to make it clear that any future increases in state funding for research by the University of California into agricultural sustainability should be considered only as a part of the normal budget process and will be contingent upon the availability of state funds.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 25, 2000

To the Members of the Assembly:

I am signing AB 1032, which allows federally recognized California American Indian tribal governments to pay subscriber contributions on behalf of a member of a tribe for the Major Risk Medical Insurance Program and the Access for Infants and Mothers program.

I am directing the Managed Risk Medical Insurance Board to implement this bill within existing resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 25, 2000

To the Members of the Assembly:

I am signing Assembly Bill 1807, which amends the California Environmental Quality Act (CEQA) to require a lead agency, which determines that an Environmental Impact Report (EIR) is required, to also send notice to the Office of Planning and Research (OPR). The bill would also require transportation information resulting from a reporting or monitoring program, currently submitted to a regional transportation planning agency, to also be submitted to the Department of Transportation (Caltrans).

In signing this measure, I am also directing OPR and Caltrans to implement the bill using existing staff resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 25, 2000

To the Members of the Assembly:

I am signing Assembly Bill 1948, which requires the Secretary of Resources to compile a report detailing major funding sources made available for watershed projects within the State since 1995. The report will include information on funding, performance measures, and management and administration of funds.

In signing this measure, I am directing the Resources Agency to implement the provisions of the bill within existing resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 25, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2317, which creates the California Border Environmental and Public Health Protection Fund, administered by the Secretary of the California Environmental Protection Agency, to assist local governments in the implementation of projects to identify and address environmental and health threats due to the transmission of pollutants and toxins across the California-Mexico Border.

In the Budget Act of 2000, I approved \$2.7 million for efforts to assess and correct border pollution problems. I am not yet persuaded

that additional state funds are needed at this time. However, I would be open to redirecting existing monies to this new Fund, and would encourage securing federal, private and other funds for this program.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 26, 2000

To Members of the California Assembly:

I am signing Assembly Bill 1608.

The author has fully complied with the intent of my veto message last year. Accordingly, I am signing this bill.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 26, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2307, which expands specified community colleges' foster care education programs to provide relative caregivers with specialized information on support services and caregiver responsibilities. My signing is with the understanding from the Chancellor's Office that the costs of the measure will be fully funded by the additional augmentation of \$6.6 million provided in the Budget Act of 2000 for foster care training.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 28, 2000

To the Members of the Assembly:

I am signing Assembly Bill 1703, which would extend the sunset date of the California High-Speed Rail Authority.

This bill would allow for the reconstituting of the Authority's membership by providing discretion to the Governor, as well as the other appointing powers, to either replace or reappoint existing members. This provision will bring more accountability to the state agency that will be responsible for implementing a statewide high-speed train network in California. I believe it is critical that the Authority balance the extraordinary cost of this system with the long-term commitment of the State to fund other vital transportation projects.

I will seek legislation next session that will authorize the Governor to appoint the Secretary for the Business, Transportation and Housing Agency and the Director of the State Department of Transportation as voting, ex-officio members of the Authority.

Extending the sunset date of the Authority will provide the necessary continuity and resources to complete the first phase of the statewide program environmental impact report that will study high-speed train technology alternatives. The state budget includes \$5 million for this purpose.

AB 1703 would restore Caltrans' responsibility for overseeing the operation of intercity rail passenger trains with speeds up to 125 miles

per hour. This provision will allow Caltrans to pursue capital and operational improvements to state-funded intercity rail passenger service that allow these trains to achieve higher speeds, thereby increasing frequency and ridership.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 28, 2000

To Members of the California Assembly:

I am signing Assembly Bill 1873 but with a reduction in the appropriation from \$5 million General Fund to \$2 million General Fund.

This bill would appropriate \$5 million from the General Fund to award local School-to-Career partnerships through a competitive grant process.

This program, while meritorious, should appropriately be shouldered by the non-profit and private sectors. I expect the non-profit and private sectors to exceed this amount in matching funds between now and June 30, 2001. If they do not, I will not continue allocating funds toward this program.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 28, 2000

To the Members of the Assembly:

I am signing Assembly Bill 2599.

This bill would require the Department of Health Services to conduct a Cervical Cancer Awareness Campaign to (1) provide awareness, assistance and information regarding cervical cancer, (2) to promote the availability of preventive treatment for cervical cancer, (3) perform other activities related to cervical cancer.

Cancer of the cervix is almost entirely preventable and nearly all of the estimated 490 deaths in California from cervical cancer during 2000 could have been avoided if the cancer had been detected early when treatment was relatively simple. A successful outreach campaign should reduce the number of preventable deaths due to this disease. This bill would restrict implementation of the campaign to the appropriation of funds in the annual Budget and this program should compete with other priorities during the annual budget process next year.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 28, 2000

To the Members of the California Assembly:

I am signing Assembly Bill 522 which provides technical clarifications to the Administration's recently adopted Natural Heritage Preservation Tax Credit administered by the Wildlife Conservation Board. Additionally, this bill requires entities that have accepted property to minimize the impacts of public access on neighboring

agriculture or timber operations. The bill also would allow a city or county to submit a request to the Department of Finance to deny acceptance of a proposed property.

Although I am signing this measure, I do not agree with the provision in the bill that places the Department of Finance in the role of denying a proposed project. The Department of Finance already serves as one of the three voting members on the Wildlife Conservation Board; therefore, this would be an inappropriate and duplicate role. The Wildlife Conservation Board customarily seeks local input and considers all issues pertaining to an acquisition prior to making a decision.

In signing this measure, I am directing the Resources Agency to prepare legislation to correct this problem.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 28, 2000

To Members of the Senate and the Assembly:

I am signing Senate Bill 28 and Assembly Bill 1094.

Senate Bill 28 implements a "modified" closed primary system that permits voters not affiliated with a political party to participate in a primary election if authorized by that party's rules. Assembly Bill 1094 allows persons to register to vote 15 days prior to an election instead of the 29 days currently required.

Like the voters of California who have twice expressed their opinion at the ballot box, I support allowing all registered voters, regardless of their party affiliation, to join in primary elections. I believe wider choice for voters leads to greater participation in elections and results in greater moral authority for the election process. That's why I sponsored this bill.

I opposed both the Democratic and Republican parties before the United States Supreme Court on this issue and believe the Court made a mistake in overturning California's law. While this bill will not fully reinstate the open primary, it will ensure broader participation in primary elections than voters would otherwise enjoy. I'm pleased that the League of Women Voters, California Common Cause, Rock the Vote and CalPIRG all were strong supporters of this measure.

I am not unmindful of the concerns expressed by many of the officials who will have to implement Assembly Bill 1094, the 15-day registration provision that the Legislature joined with this the open primary bill. I, too, am concerned that the measure will strain the election systems in many counties. But if this bill likewise opens elections to more participants, then its strengths outweigh its potential weaknesses.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 29, 2000

To the Members of the California Legislature:

I am signing AB 2544, which would modify the membership and voting requirements of the San Gabriel Valley Water Authority and make various other changes affecting the Authority.

This measure will ensure that the residents of San Gabriel Valley have a safe, reliable water supply at the least possible cost. I am directing the State Water Resources Control Board to implement AB 2544 within existing resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 29, 2000

To the Members of the California Assembly:

I am signing Assembly Bill No. 2463.

This bill would permit state annuitants and their survivors and beneficiaries to enroll in health benefit coverage provided by the Public Employees' Medical and Hospital Care Act at the time of retirement or during any open enrollment period. It would also permit survivors and beneficiaries of eligible annuitants to enroll in health benefit coverage within 60 days of the annuitant's death or any open enrollment period, and would establish a new local agency contract option to permit coverage of family members who were eligible for dependent coverage upon the employee's death.

Unlike last year, CalPERS now has a reliable estimate as to the range of costs for this legislation. These costs are relatively modest.

Moreover, I am urging the administration of CalPERS to require documentation of eligibility for this new benefit.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 29, 2000

To the Members of the California Legislature:

I am signing Assembly Bill 994, which requires the Public Utilities Commission (PUC) to draft consumer protection rules to discourage companies from placing unauthorized charges on consumers' telephone bills; extends the statutory surcharge authority for the California High Cost Fund program from January 1, 2001, until January 1, 2005; and requires the PUC, on or before January 1, 2002, to report to the Governor and Legislature regarding the feasibility of establishing rural telephone cooperatives or other alternative service configurations to promote rural telephone service.

AB 994 provides a myriad of benefits to telecommunications consumers throughout California. It continues an existing program that ensures basic telephone rates in rural and high-cost areas of the state are kept at an affordable level. It ensures that telecommunications consumers have protections in place to prevent unscrupulous companies from placing unauthorized charges on their telephone bills, and it requires the PUC to investigate the feasibility of several options of bringing telephone service to unserved, rural areas of the state. This measure will ensure Californians will have access to basic telephone service and protect them from fraudulent charges.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 29, 2000

To the Members of the California Assembly:

I am signing Assembly Bill 1002.

This bill is a basic tax equity measure. AB1002 has the effect of reducing public purpose natural gas surcharges for more than eleven million California customers, producing, on average, a \$5 reduction annual in their natural gas bills.

This measure will end the free ride for twelve large companies who purchase natural gas from interstate pipelines, companies who have previously made no contribution to these public purpose programs. This bill requires these large companies to now pay their fair share.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 29, 2000

To the Members of the California Assembly:

I am signing Assembly Bill 1233, a bill that would allow implementation of the CalWORKs wage-based community service program.

California is on the right path in promoting work over welfare and providing recipients with the educational and job skills necessary to become independent, productive citizens. This bill furthers those goals by allowing parents to meet their 32 hour per week work requirement by applying their cash grant toward a wage-based job in the public or private non-profit sector.

Other states and cities that have operated wage-based community service programs have shown remarkable success in moving individuals once considered to be unemployable into unsubsidized, steady employment.

Wage-based community service jobs allow welfare recipients to participate in their own transition from welfare to work. It provides job training and skills development in a genuine work environment. These are real jobs with a real paycheck and real responsibility. Participants have to show up for work on time and pay taxes on their paycheck just like everyone else. In fact, CalWORKs recipients who choose to participate in this welfare-to-work program voluntarily accept less money than their cash grant would provide because of the taxes deducted from their paycheck.

California taxpayers will benefit from the success of this program in reduced welfare costs and a stronger economy, but the real benefit will be to the individuals who gain the skills and confidence they need to become self-sufficient, productive members of society.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 29, 2000

To Members of the California Legislature:

I am signing Assembly Bill 2076. I am not convinced that California has the capability of creating its own strategic fuel reserve given our

refinery capacity limitations. However, I do not want to preclude any creative suggestions that may come out of this study to enhance our current gas supply.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 29, 2000

To the Members of the California Legislature:

I am signing Assembly Bill 2433 because protection of children is my first goal and I believe this bill addresses some technical problems in California law that have created undue delays and hardships for some adoptive parents.

However, one of the provisions of the bill could be construed to allow individuals to bring children into this country through independent adoptions without complying with the existing intercountry adoption process. The United States is currently reviewing the adoption of the Hague Convention on Intercountry Adoptions that would establish uniform standards and procedures governing international adoptions. If this treaty is adopted by the United States, I am directing the Department of Social Services to work the Legislature to align our laws with the treaty.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 29, 2000

To the Members of the Assembly:

I am signing AB 2688, which authorizes the Secretary of the State Department of Food and Agriculture, in consultation with the State Department of General Services, to develop alternative expenditure reporting procedures than those required in the State Administrative Manual (SAM) for district agricultural associations and county and citrus fairs with annual reportable expenditures of not more than \$1 million.

I am signing the bill, with the understanding that any and all costs associated with the development of this new reporting procedure shall be absorbed by the Department(s) within existing resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
September 29, 2000

To the Members of the California Assembly:

I am signing Assembly Bill No. 2794, which would reauthorize the Economic Development Program of the California Community Colleges (CCC) until January 1, 2003, shift language from the Government Code to Education Code, and make numerous revisions, both technical and substantive to the mission, operation, clientele, and reporting of the program.

I am supportive of the Economic Development Program, as demonstrated by the \$11 million augmentation provided in the

Budget Act of 2000. I also believe that it is important to expand this program's mission to include industry sectors such as information technology and e-trade/e-commerce as strategic priority areas, as well as the proposed expansion of the Job Incentive Training Program to include more categories of participants.

It is my intent in signing this measure that the Chancellor's Office of the California Community College accomplish its objectives within existing resources, and coordinate its activities closely with the Trade and Commerce Agency's Economic Development Division.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 30, 2000

To the Members of the California Legislature:

I am signing Assembly Bill 505, which enacts the Small Business Regulatory Reform Act of 2000.

The vast majority of businesses in California are small businesses that have been and will continue to be critical to the State's dynamic economy. This bill will help grow this vital part of California's economy by streamlining regulations that are unreasonably burdensome and by requiring state agencies, in concert with the Office of the Small Business Advocate, to be readily responsive to small business concerns.

Given that numerous state agencies exist in good part to help facilitate business in California, I am directing that the provisions in this bill be implemented by the affected state agencies and departments by redirecting existing resources.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 30, 2000

To the Members of the Senate and Assembly:

I am signing Senate Bill 1194 and Assembly Bill 995 into law.

These measures enact the Reliable Electric Service Investments Act, which ensures that electricity customers will continue to receive safe, affordable, and reliable electric service through cost-effective investments in the electrical distribution system. The bills also extend until January 1, 2012, the system benefits component of electric utility bills to fund cost-effective energy efficiency, renewable energy, and research and development to improve system reliability.

These bills cap the amount currently paid by electric customers for these programs. The bills further ensure that those costs will be reduced as electricity demand grows in the future.

These measures will assist in addressing the current electricity problems California faces. According to reviews conducted by the Public Utilities Commission, the Energy Commission and the Rand Corporation, these measures will help preserve the existing 4,000 megawatts of renewable energy sources supported by the program and has the potential to provide an additional 500 megawatts per year in clean renewable electricity generation.

With growing uncertainty over fossil fuel prices and continued instability in the wholesale energy markets, the continuation of these

measures are necessary to ensure the reliability of California's electricity system at reasonable prices.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

September 30, 2000

To the Members of the Assembly:

I am signing Assembly Bill 1416.

This legislation will extend a moratorium on the licensing of any new card clubs in California through January 1, 2007, and will enhance the Department of Justice's ability to regulate licensed card rooms and so-called "proposition players".

Without this legislation the existing moratorium on licensing of new card clubs would expire in 49 counties on January 1, 2001, and in all counties on January 1, 2003. This extension will continue the ban on new licenses through January 1, 2007, ensuring that there will be no expansion during that period. According to the Attorney General, without such a moratorium, "The result would almost certainly be a significant expansion of gambling throughout our state beginning early next year."

The legislation also provides additional enforcement authority for the Department of Justice Division of Gambling Control by specifically authorizing background investigation and licensure of proposition players.

Finally, the bill clarifies the statutory definition of what is known as a "banking game" in order to strengthen the prohibition against such games. However, the bill includes language that may be inconsistent with authoritative decisional law and, according to the Attorney General, will require further clean-up legislation to ensure it cannot be interpreted incorrectly. I have been assured by the author of this bill that such clean-up legislation will be introduced early in the next session.

Sincerely,

GRAY DAVIS

Dear Mr. Wilson: Due to the hectic nature of the final week of session, on Tuesday, August 29, 2000, my vote on Senate Bill 1354 was inadvertently recorded. I respectfully request that the journal reflect my support of this measure.

REPORTS

The following letter of transmittal was presented by the Chief Clerk, and ordered printed in the Journal:

California State Auditor

2000-010
September 28, 2000

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As required by Chapter 310, Statutes of 1995, the Bureau of State Audits presents its audit report concerning the Department of Transportation's (department) revenues and expenditures authorized by the Seismic Retrofit Bond Act of 1996 (Bond Act). This report concludes that the department has ensured that seismic retrofit projects funded with bond proceeds are consistent with the purpose of the Bond Act. However, the department has yet to reimburse the State Highway Account and the Consolidated Toll Bridge Fund for expenditures incurred during fiscal years 1994-95 and 1995-96, as required by the Bond Act. The department recently prepared a reimbursement plan, which will take effect in fiscal year 2000-01.

Respectfully submitted,

ELAINE HOWLE
State Auditor

Above report referred to the Committee on Transportation.

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Fresno district office of the Department of Health Services' Licensing and Certification Program's oversight of skilled nursing facilities.

This report concludes that inadequate oversight of skilled nursing facilities by the Fresno district office was not caused by a perceived conflict of interest its administrator had with the facilities owned by Mission Medical Enterprises, Inc. However, the Fresno district office did not always adequately safeguard the welfare of residents at skilled nursing facilities it oversees. Specifically, the Fresno district office did not properly prioritize three complaints or initiate the complete investigations of complaints in a timely manner. In addition, in 4 of 19 citations we reviewed, the Fresno district office issued citations that were at a lower level than was appropriate given the seriousness of the violation. In one of these instances, a resident's death was involved, but the Fresno district office staff did not exercise prudence by seeking opinions from medical consultants or other experts who likely would have issued a higher-level citation.

Respectfully submitted,

ELAINE HOWLE
State Auditor

Above report referred to the Committee on Health.

California State Auditor

The Honorable Members of the Assembly

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning whether the California Community Colleges Chancellor's Office (Chancellor's Office) provides appropriate direction to community college districts (districts) on how to calculate their compliance with the requirement to spend 50 percent of their current educational expenses on salaries of classroom instructors and whether

districts are accurately reporting their compliance. This report concludes that poor oversight by the Chancellor's Office allows districts to incorrectly report their level of spending on salaries of classroom instructors.

Respectfully submitted,

Re: Letter to the Assembly Journal
Regarding AB 1913 (Cardenas) and AB 2885 (Cardenas)

Dear Dotson: In 1996, the Legislature established the Citizens' Option for Public Safety ("COPS") program by enacting Government Code Section 30061 et seq., which established in each county treasury a Supplemental Law Enforcement Services Fund ("SLESF") and which required that amounts from the fund be allocated to the counties and to cities within a county for, among other things, front line law enforcement services. Prior to its amendment, subsection (b) of Section 30061 provided:

(b) In any fiscal year for which a county receives money to be expended for the implementation of this chapter, the county auditor shall allocate moneys in the county's [SLESF], including any interest or other return earned on the investment

of those moneys, within 30 days of the deposit of those moneys into the fund, and shall allocate those moneys in accordance with the following requirements . . .

There followed a series of three subdivisions which allocated 12½% of the SLESF funds to the county sheriffs for jail construction and operation, 12½% of the funds to the district attorney for criminal prosecution, and 75% of the funds to the counties and certain cities for front line law enforcement services, as set forth in subsection (c).

A.B. 2885 (Cardenas, Ch. 100, Stats. 2000) added a subdivision (4) to subsection (b) and reduced the existing allocations in subdivisions (1)–(3) to 5.15% for the sheriffs and district attorneys, respectively, and 39.7% for front line law enforcement services. New subdivision (4) allocated 50% of the SLESF funds to the counties or cities and counties “to develop and implement a comprehensive multiagency plan that provides for a continuum of responses to juvenile crime and delinquency and demonstrates a collaborative and integrated approach for implementing a system of swift, certain, and graduated responses for at-risk youth and juvenile offenders.”

Finally, A.B. 2885 contained this appropriation language:

SEC.6. The sum of two hundred forty-two million six hundred thousand dollars (\$242,600,000) is hereby appropriated from the General Fund to the Controller for the 2000–01 fiscal year for allocation to counties and cities and counties for purposes of Chapter 6.7 (commencing with Section 30061) of Part 3 of Division 3 of Title 3 of the Government Code in accordance with the proportionate share of the state’s total population that resides in each county and city and county, as determined on the basis of the most recent January population estimate developed by the Department of Finance. Each county or city and county share shall be deposited in the Supplemental Law Enforcement Services Fund of the county or city and county.

In short, A.B. 2885 appropriated a total sum of \$242,600,000 of which half, or \$121,300,000, was allocated to local planning and implementation of juvenile justice programs.

On July 6, 2000, Governor Davis purported to veto portions of A.B. 2885. In his veto message, the Governor stated that he was “deleting the allocation and the funding for the juvenile justice programs contained in this measure.” He went on to explain that he supports fully funding the COPS program at 50% of the \$242 million appropriated by the Legislature, or \$121,300,000. He purported to delete the other half of the appropriation for the juvenile justice programs, saying that “the programmatic justification for the juvenile justice programs in the bill is insufficient to support the General Fund appropriation for this purpose.”

The veto message sets out in strikeout type the entire subdivision (4) that contained the allocation and other requirements for the juvenile justice program and every reference to subdivision (4) that was added to other parts of the chapter. The message does not, however, delete or reduce the appropriation contained in section 6 of A.B. 2885.

Although the Assembly does not dispute that the Governor has the power to reduce an item of appropriation or to veto an entire bill, he does

not have the power to selectively veto substantive language or language allocating parts of an item of appropriation. *Harbor v. Deukmejian* (1987) 43 Cal.3d 1078. The “item of appropriation” that the Governor could reduce appears in Section 6 of A.B. 2885. He did not touch it. Instead, he purported to veto substantive provisions that govern how all of the money in the local SLESF is to be allocated and, with respect to the juvenile justice programs, the requirements for its use.

Subsequent to the Governor’s veto message, the legislative leadership initiated discussions with the Governor to make this point. The Governor thereafter agreed that if the Legislature passed a new bill containing the same substantive provisions as the vetoed portion of A.B. 2885, he would sign the new bill.

Pursuant to this agreement, the Legislature passed A.B. 1913 (Cardenas, Ch. 353, Stats. 2000), which was signed by the Governor on September 7, 2000. Passage and approval of A.B. 1913 assures that the local juvenile justice programs and related provisions originally contemplated by A.B. 2885 can move forward without delay. Although the Governor and the Legislature took the opportunity to add some additional matters of substance different from those in A.B. 2885, its purpose was to reverse the previous veto. We submit this brief history to underscore the fact that the Governor’s veto of substantive language was without constitutional authority, and, having been corrected, of no precedential value.

Sincerely,

ROBERT M. HERTZBERG
Speaker of the Assembly

California State Auditor

2000-126
October 31, 2000

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the accuracy of the San Diego Unified Port District's (port district) noise-monitoring data, its process of evaluating airplane noise and flight tracks to respond to complaints, and whether the California Department of Transportation (Caltrans) uses this information when considering the port district's application for a variance to California's noise standards.

This report concludes that although some community members consider the noise-monitoring system data suspect, we found the data to be accurate. Contributing to the community's distrust of the port district's data is the cessation of the county of San Diego's (county) Noise Control Hearing Board, which enforces the terms and conditions of Lindbergh Field's variance to the noise standards and audits the port district's noise-monitoring data. The port district, San Diego Association of Governments (SANDAG), and the city of San Diego (city) all share some responsibility for resolving Lindbergh Field's noise problem. However, the port district's delays in implementing sound-attenuation programs, combined with the city's failure to consistently implement certain provisions of the comprehensive land use plan, have prevented further decreases in incompatible land use within Lindbergh Field's noise impact area. The SANDAG bears some responsibility for not ensuring that the city's regulations were consistent with the land use plan. Finally, we found that state regulations limit Caltrans' role to ensuring that the port district's noise-monitoring system meets state standards, to granting variances to the noise standards, and to reviewing quarterly noise-monitoring data for the purpose of assessing progress towards reducing Lindbergh Field's noise impact area.

Total aircraft operations at Lindbergh Field are projected to grow at an average annual rate of 2 percent through 2020. At this rate, Lindbergh Field will reach its maximum operating capacity by 2011. Therefore, the SANDAG, local agencies, and others must band together and decide whether to expand or relocate Lindbergh Field.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Transportation.

California State Auditor

2000-123
October 19, 2000

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning our review of the Department of Insurance's (department) settlement practices. This report concludes that former insurance commissioner Chuck Quackenbush abused his authority when he required insurers to pay \$12.3 million in settlement outreach payments directly to nonprofit organizations and vendors for purposes not specifically related to his regulatory responsibilities. Also, while it appears that his instructions to insurers to make another \$16.5 million in settlement payments directly to nonprofit organizations and vendors may have been within his discretion because the funds were intended for purposes ostensibly related to his regulatory responsibilities, we believe it was imprudent to direct those moneys outside of the State's control. In fact, the entire \$28.8 million was not subject to the State's fiscal controls or legislative oversight. We also found that insurers that have violated the Insurance Code may go unpunished because the department does not effectively manage its enforcement actions and that departmental controls for receiving and depositing settlement funds are inadequate.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

2000-012
November 14, 2000

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As required by the 2000–2001 Budget Act, the Bureau of State Audits presents its audit report concerning its evaluation of the Department of Justice's (department) claims review process for the Witness Protection Program (program).

This report follows up on our prior audit report and concludes that recent improvements in the department's administration of the program meet our previous recommendations. In particular, the department has sufficient staff for the program's current workload and has begun conducting audits of district attorneys' offices participating in the program.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Budget.

California State Auditor

2000-110
November 16, 2000

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the State's administration of its intellectual property. Intellectual property typically consists of copyrights, trademarks, patents, and trade secrets. This report concludes that many state agencies are not sufficiently knowledgeable about the intellectual property they own. Lacking adequate knowledge of their intellectual property ownership and rights, state agencies could fail to act against those who use the State's intellectual property inappropriately. Inappropriate use includes unauthorized use of state trademarks and improperly profiting on products developed at state expense. Further, we note that state-level direction for administering intellectual property is limited. The few state laws that address intellectual property do so in a piecemeal fashion. We also point out that state agencies have either no or incomplete written policies for managing their intellectual property.

Finally, although our survey of state agencies and other work we performed identified more than 113,000 items of state-owned intellectual property, the State likely owns more. For each of the 125 state agencies identified as having intellectual property, we list the quantity of each type of intellectual property owned as part of the report.

Respectfully submitted,

STEVEN M. HENDRICKSON
Chief Deputy State Auditor

Above report referred to the Committee on Consumer Protection,
Governmental Efficiency and Economic Development.

California State Auditor

2000-001.4

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As part of our annual financial and compliance audit of the State of California for the fiscal year ended June 30, 2000, required by Section 8546.3 of the California Government Code, the Bureau of State Audits presents its audit report concerning the State's interagency agreements with the Board of Trustees of the California State University (board) and standard agreements with California State University (CSU) foundations.

This report concludes that contracts with CSU entities appear appropriate; however, some state departments have unnecessarily paid or agreed to pay the university system about \$3 million in fees to

administer these contracts. This is occurring because, rather than contracting directly with the foundation providing the needed services, some departments contract with the board, which acts as an intermediary. In addition, some departments pay higher fees because they negotiate rates for administrative fees without sufficient knowledge of the cost the CSU entities actually incur for administrative activities. Finally, we found departments pay more in fees because CSU foundations hire subcontractors and purchase goods for them, although the departments could procure these services and goods more cheaply themselves or seek to avoid the amount of administrative fees tacked on to the cost of these items.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Higher Education.

STATEMENT OF ASSEMBLY EXPENDITURES PRINTED IN JOURNAL

The following Statement of Assembly Expenditures was ordered printed in the Journal:

Honorable Robert M. Hertzberg

Speaker of the Assembly

State Capitol, Sacramento, California

Dear Mr. Speaker: Transmitted herewith is the annual report of Assembly expenses. It includes the total expenditures by Member, committee, leadership office, service operation, and overhead according to various categories for the 12-month period ending November 30, 1999. Every expenditure made from the Assembly Operating Fund during this period is accounted for. Additionally, the report includes an itemization, by Member, of per diem expenditures from the General Fund during the same period of time.

It is important to note that this report is compiled on a cash basis. Therefore, the cost of goods and services incurred by a Member during the preceding reporting period but paid for during the current period are included. Furthermore, some goods and services which were received toward the end of this reporting period were not paid for until the beginning of the December 1999–November 2000 reporting period and are, therefore, not included in this expenditure report.

The following indicates the types of expenditures which are included within each classification:

Staff Salary: This includes the salaries paid to all employees in the Member's district office as well as those employees who work in the Member's Capitol office, provided they are not committee or leadership office personnel. The salaries of the latter group of employees are included in the specific detail report for each of the respective committee and leadership offices.

All Assembly personnel are classified according to job descriptions approved by the Assembly Rules Committee. The committee has established specific salary ranges for each of the classifications. The salary within a range for a specific employee reflects a combination of years of service in his or her position and his or her own job performance since the amount of annual merit salary increases is based on evaluations of each employee's work. Thus, a Member whose office staff includes employees with substantial Assembly seniority, and/or outstanding records of service, will have a higher total expenditure for salaries than will a Member who employs more junior personnel.

Member Travel and Per Diem: Separate totals are shown for in-state travel and out-of-state travel. Most in-state travel expenditures are for attendance at interim committee hearings. Out-of-state travel expenditures are generally for participation in conferences dealing with an issue area pertinent to the legislative specialty of the Member or are for investigative trips.

Staff Travel: Almost all expenditures reported, by Member, in this category, are for mileage reimbursements to district office personnel. The staff travel expenditures reported, by committee, are generally costs incurred in connection with interim committee hearings which are generally held away from Sacramento for the convenience of citizens who wish to provide testimony to the committees.

Car Lease: The amount reported in this category is the share of the automotive lease payment made by the Assembly Rules Committee.

Assembly policy stipulates that a car will be leased for the legislative use of each Member but that the Assembly will pay only 90% of the monthly lease rate or \$400, whichever is less. The Member must pay the difference from personal funds.

Car Maintenance: The costs reported in this category will vary significantly because of the variance in the number of miles driven by the Members. Members in large-sized districts and Members who represent districts wherein air travel between the Capitol and the district is not practical tend to utilize their cars more than other Members. Accordingly, the maintenance costs of such cars is likely to be higher than for others.

Gas and Oil: Expenditures in this category are for gasoline and oil supplied to cars and private aircraft for legislative business. These costs, too, vary for the same reasons as those affecting car maintenance.

Car Rental, Staff and Member: This expenditure category includes the use of state-owned pool cars and commercial rental cars by both the Member and his/her staff in the course of legislative business.

This category, as listed in the Support Services section of the report, includes, in addition to car rental, the costs of gas, oil, and maintenance for cars utilized by the office of the Sergeant at Arms.

District Office Rent, Maintenance and Utilities: Each Member is entitled to rent an office within the district he/she represents so that constituents may have direct access to their legislators. In some of the larger districts, two or three offices are sometimes authorized. Accordingly, Members representing districts in high-rent metropolitan areas or Members representing large districts requiring more than one office will be reported with higher expenditures in this category than will other Members. Costs included in this expenditure item are rent, utilities (except telephone), janitorial service, and incidental maintenance costs.

Telephone and Telegraph: All telephone charges (except equipment installation charges for the Capitol phones) are reported in this expenditure category. Included are district office phones, Capitol phones, credit card charges, and state lease-line charges. Members who will likely have higher charges than many of their colleagues are those representing districts which are either far from the Capitol, in areas not serviced by the state lease-line network, or in regions which cover large geographic areas.

Postage: The category includes the total amount expended for postage except for the postage utilized in the mailing of legislative mailings.

Communications—Printing and Postage: The costs included in this expenditure category are printing, handling and mailing of legislative mailings authorized under provisions of Proposition 73 of June, 1988.

Furniture and Equipment: This category includes the purchase, rental, and maintenance of certain furniture and equipment items utilized in the Capitol and district offices of the Members. It does not include the purchase of items which will, during the course of their usefulness, be utilized by a number of Members during succeeding years. Expenditures for items of that description are reported in the Furniture and Equipment category as General Overhead expenditures.

Office Supplies: Stationery items, other printing costs charged to the Assembly Operating Fund, general office supplies, and related miscellaneous supplies utilized in the Members' Capitol and district offices are reported in this expenditure category.

Subscriptions and Publications: Each Member is authorized to subscribe to the newspapers generally circulated within his/her district and to certain metropolitan daily newspapers. Members representing districts which include many cities and towns will frequently have higher expenditures in this category than will Members representing relatively compact areas. Expenditures for subscriptions and publications incurred by the committees and leadership offices are reported separately. Each committee is authorized to purchase relevant books and to subscribe to periodicals specializing in the subject matter of the committee for which the expenditure is made.

Miscellaneous Services: Most of the expenditures shown in the Miscellaneous Services category for the Members are for services such as telephone answering services in district offices and newspaper clipping services. Included in this category for the committee reports are such items as witness expenses, meeting expenses, data-processing costs, and other miscellaneous services.

A number of operational costs incurred by the Assembly are not directly attributable to any of the Members, committees, leadership offices, or support services. Such expenditures are classified as General Overhead and are reported according to the following categories:

Miscellaneous Salaries: Accrued vacation payments made to terminating employees, and salaries paid to employees on extended sick leave are reported in this category.

Employee Benefits: This expenditure category includes the Assembly's contribution to the OASDI (Social Security) fund, the Public Employees' Retirement System, various health and dental insurance premiums, the Compensation Insurance Fund, and unemployment and disability insurance.

Building, Rent, Maintenance and Utilities: Reported in this expenditure category are construction and remodeling costs and the rent, maintenance, and utilities for offices (other than Members' individual district offices) utilized and paid for by the Assembly outside the Capitol.

Telephone: This listing is for the cost of telephone equipment installation in all Assembly offices except for the Member's district office.

Furniture and Equipment: The expenditure indicated in this category is for the purchase, rental, and maintenance of furniture and equipment not reported elsewhere in the report. Most furniture and equipment is considered a capital investment which will be used, through the years, by a number of different Members or other offices and can therefore not be appropriately reported as an expense on behalf of any particular Member or office.

Office Supplies: The amount shown in this expenditure category represents office supplies which were purchased by the Assembly for the use of Members and other offices but which were not distributed to any such offices before the end of this reporting period.

Annotated Codes and Law Books: Each Member's office and certain other Assembly offices are furnished with Annotated California Codes and certain other law books. The cost of these books is

considered a capital expenditure in the same manner as many furniture and equipment items, and is therefore reported in this General Overhead category.

Meeting Expenses: This expenditure category includes certain costs incurred by the Assembly relative to the conduct of Assembly Sessions and Joint Sessions of the Legislature which cannot be readily charged to any other expenditure category, rental costs for some meeting rooms, and some conference registration fees.

Freight, Moving and Delivery: This expenditure category includes costs incurred for the transport of furniture, supplies, and other items which are not chargeable to any particular office.

Printing Reimbursements: This category reflects the charges made for printing performed by the Assembly.

Other Miscellaneous Services: The major expenditures reported in this category are for the costs of photography services related to official Assembly publications, vehicle liability insurance, and organization memberships.

Study Contracts: From time-to-time the Assembly finds it practical to contract with individuals, firms, universities, and other governmental agencies in order to expand its research capability with respect to specific projects. The costs reported in this category are for payments made under such contracts during this period.

The next report of Assembly expenditures will be for the period between December 1, 1999 and November 30, 2000.

Sincerely,

DENNIS CARDOZA

Chairman of the Assembly Committee on Rules

As used in this rule, “committee” includes a standing committee, joint committee, conference committee, subcommittee, select committee, special committee, research committee, or any similar body.

(b) Any meeting that is required to be open and public pursuant to this rule, including any closed session held pursuant to subdivision (c), shall be held only after full and timely notice to the public as provided by the Joint Rules of the Assembly and Senate.

Notwithstanding any other rule of the Assembly, three members of the committee shall be from the political party having the greatest number of Members in the Assembly and three members shall be from the political party having the second greatest number of Members. Any temporary or permanent vacancy on the committee shall be filled within 10 days by a member from the same political party. All appointments, including appointments to fill permanent or temporary vacancies, of members from the political party having the second greatest number of Members in the Assembly shall be made from a list of nominees that the Minority Floor Leader provides to the Speaker. The Speaker shall designate one member of the committee from the political party having the greatest number of Members in the Assembly and one member of the committee from the political party having the second greatest number of Members to serve as co-chairs of the committee. The Speaker shall designate one of the co-chairs to serve as the presiding officer at any meeting or hearing conducted by the committee.

If a verified complaint is filed against a member of the committee, the Speaker shall temporarily replace the member with a Member from the same political party, who shall serve until the complaint is dismissed or the Assembly takes final action on the complaint, whichever occurs first.

(b) The provisions of this rule, and of Rule 11.5 related to investigating committees, shall apply to the committee and shall govern its proceedings.

Prior to the issuance of any subpoena by the committee with respect to any matter before the committee, it shall, by a resolution adopted by the committee pursuant to a vote in accordance with subdivision (n), define the nature and scope of its investigation in the matter before it.

(c) Funds for the support of the committee shall be provided from the Assembly Operating Fund in the same manner that those funds are made available to other committees of the Assembly.

(d) (1) The committee shall have the power, pursuant to this rule and Article 3 (commencing with Section 8940) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, to investigate and make findings and recommendations concerning violations by Members of the Assembly of any provision of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code or of any other provision of law or legislative rule that governs the conduct of Members of the Assembly, hereafter collectively referred to as “standards of conduct.”

(2) The committee may, on its own action pursuant to a vote in accordance with subdivision (n), initiate an investigation of a Member of the Assembly.

(e) Any person may file with the committee a verified complaint in writing, which shall state the name of the Member of the Assembly alleged to have violated any standard of conduct, and which shall set forth the particulars thereof with sufficient clarity and detail to enable the committee to make a determination. The person filing the complaint thereafter shall be designated the complainant.

If a verified complaint is filed with the committee, the committee promptly shall send a copy of the complaint to the Member of the Assembly alleged to have committed the violation complained of, who thereafter shall be designated the respondent.

No complaint may be filed with the committee after the expiration of 12 months from the date the alleged violation is discovered or three years from the date of the alleged violation, whichever occurs first.

(f) (1) If the committee determines that the verified complaint does not allege facts, directly or upon information and belief, sufficient to constitute a violation of any standard of conduct, it shall dismiss the complaint and so notify the complainant and respondent.

(2) (i) If the committee determines that the verified complaint does allege facts, directly or upon information and belief, sufficient to constitute a violation of any standard of conduct, the committee promptly shall investigate the alleged violation and if, after this preliminary investigation, the committee finds that reasonable cause exists for believing the allegations of the complaint, it shall fix a time for a hearing in the matter, which shall be not more than 30 days after that finding. The committee may, however, seek an extension of this period, not to exceed an additional 30 days, which may be granted by a majority vote of the Committee on Rules.

(ii) If, after preliminary investigation, the committee does not find that reasonable cause exists for believing the allegations of the complaint, the committee shall dismiss the complaint. In either event, the committee shall notify the complainant and the respondent of its determination.

(3) The committee shall make its determination under paragraph (1) or (2) of this subdivision, pursuant to a vote in accordance with subdivision (n), not later than 90 days after first receiving a complaint that satisfies subdivision (e). The committee may, however, seek an extension, not to exceed 30 days, which may be granted by a majority vote of the membership of the Committee on Rules. If the committee has requested a law enforcement agency to investigate the complaint or if the committee knows the complaint is being investigated by a law enforcement agency, the time limits set forth in this subdivision shall be tolled until the investigation is completed.

(4) The committee's determination under paragraph (1) or (2) of this subdivision shall be stated in writing, with reasons given therefor, and shall be provided to the Assembly, and, in any case concerning an alleged violation of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, shall be provided to the Attorney General, the Fair Political Practices Commission, and the district attorney of the county in which the violation allegedly occurred. This written determination is a public record and is open to public inspection.

(5) Any deliberations of the committee from the time of receipt of a complaint until it decides to dismiss the complaint or to set a hearing shall not be open to the public unless the respondent requests a public meeting.

(g) After the complaint has been filed, the respondent shall be entitled to examine and make copies of all evidence in the possession of the committee relating to the complaint.

(h) If a hearing is held pursuant to subdivision (f), the committee, before the hearing has commenced, shall issue subpoenas and

subpoenas duces tecum at the request of any party in accordance with Chapter 4 (commencing with Section 9400) of Part 1 of Division 2 of Title 2 of the Government Code. All of the provisions of that chapter, except Section 9410 of the Government Code, shall apply to the committee and the witnesses before it.

(i) At any hearing held by the committee:

(1) Oral evidence shall be taken on oath or affirmation.

(2) Each party shall have these rights: to be represented by legal counsel; to call and examine witnesses; to introduce exhibits; and to cross-examine opposing witnesses.

(3) The hearing shall be open to the public.

(j) Any official or other person whose name is mentioned at any investigation or hearing of the committee, and who believes that testimony has been given that adversely affects him or her, shall have the right to testify or, at the discretion of the committee, to testify under oath relating solely to the material relevant to the testimony regarding which he or she complains.

(k) The committee shall have 15 days following the hearing within which to deliberate and reach its final determination on the matter as follows:

(1) If the committee finds that the respondent has not violated any standard of conduct, it shall order the action dismissed, shall notify the respondent and complainant thereof, and, in cases concerning an alleged violation of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, shall transmit a copy of the complaint and the fact of dismissal to the Attorney General, the Fair Political Practices Commission, and the district attorney of the appropriate county. The complaint and the fact of dismissal transmitted pursuant to this paragraph are public records and open to public inspection.

(2) If the committee finds that the respondent has violated any standard of conduct, it shall state its findings of fact and submit a report thereon to the Assembly. This report shall be accompanied by a House Resolution, authored by the committee, which shall be introduced at the Chief Clerk's desk and then referred by the Committee on Rules to the Ethics Committee. The House Resolution shall include a statement of the committee's findings and the committee's recommendation for disciplinary action. Within seven days, the committee shall adopt the final form of the House Resolution and report it to the Assembly for placement on the Daily File. The committee also shall send a copy of those findings and report to the complainant and respondent, and, in cases concerning an alleged violation of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code, shall report thereon to the Attorney General, the Fair Political Practices Commission, and the district attorney of the appropriate county. The report submitted pursuant to this paragraph is a public record and open to public inspection.

After the receipt of a copy of the committee's final report and House Resolution, the Assembly expeditiously shall take appropriate action with respect to the respondent.

(l) The filing of a complaint with the committee pursuant to this rule suspends the running of the statute of limitations applicable to any violation of any standard of conduct alleged in the substance of that complaint while the complaint is pending.

(m) The committee shall maintain a record of its investigations, inquiries, and proceedings. All records, complaints, documents, and reports filed with or submitted to or made by the committee, and all records and transcripts of any investigations, inquiries, or hearings of the committee under this rule shall be deemed confidential and shall not be open to inspection, without the express permission of the committee, by any person other than a member of the committee, or an employee of the committee or other state employee designated to assist the committee, except as otherwise specifically provided in this rule. The committee may, by adoption of a resolution, authorize the release to the Attorney General or a district attorney of the appropriate county of any information, records, complaints, documents, reports, and transcripts in its possession that are material to any matter pending before the Attorney General or that district attorney. All matters presented at a public hearing of the committee and all reports of the committee stating a final finding of fact pursuant to subdivision (k) shall be public records and open to public inspection. Any employee of the committee who divulges any matter that is deemed to be confidential by this subdivision shall be subject to discipline by the Committee on Rules.

(n) The committee may take any action authorized by this rule only upon the vote of not less than two members from the registered political party having the greatest number of Members in the Assembly and two members from the registered political party having the second greatest number of Members. Any vacancy on the committee does not reduce the votes required to take action.

(o) The committee may render advisory opinions to Members of the Assembly with respect to the standards of conduct and their application and construction. The committee may secure an opinion from the Legislative Counsel for this purpose or issue its own opinion. Any committee advisory opinion shall be prepared by committee members or staff and shall be adopted by the committee pursuant to subdivision (n).

(p) The committee shall conduct, at least semiannually, an orientation course on the relevant statutes and regulations governing official conduct. The curriculum and presentation of the course shall be established by the Committee on Rules.

The committee, in consultation with the Fair Political Practices Commission, shall conduct, at least annually, an orientation course on the relevant ethical issues and laws relating to lobbying. The committee shall impose fees on lobbyists for attending this course at an amount that will permit the participation of lobbyists to the fullest extent possible.

At least once each biennial session, each Member of the Assembly and each designated employee of the Assembly shall attend one of these courses.

Printing of Committee Reports

23. All requests for the printing of reports of Assembly committees shall be referred to the Committee on Rules. The Committee on Rules shall determine the number of copies needed and whether the report shall be printed in the Journal. In no event may more than 1,000 copies of any committee report be authorized by the Committee on Rules on the first printing, exclusive of the Journal copies if the report is to be printed therein, unless the Committee on Rules finds and determines that there is a special need for that report in greater numbers.

Upon determination by the Committee on Rules that additional copies of an Assembly committee report are required at any time following the first printing of the authorized number of copies, the Committee on Rules may authorize one or more additional printings in the numbers found by it to be necessary and may make funds available therefor.

No Assembly committee report may contain more than 100 pages, including the front and back cover thereof and any appendix, unless a greater number of pages has been approved and authorized by the Committee on Rules.

Assembly Employees

24. Every employee who works for a committee of the Assembly or a subcommittee of a committee, for a Member of the Assembly, for the Chief Clerk's office, or for the Sergeant at Arms, is an employee of the Assembly. All employees of the Assembly serve at the pleasure of the Assembly and the terms and conditions of their employment may be modified, or their employment may be terminated at will, at any time and without notice, by the Committee on Rules.

Every applicant for employment by the Assembly shall prepare a formal application for employment on forms prescribed by the Committee on Rules. The application shall include a statement of his or her present employment, his or her employment during the preceding two years, and other pertinent information that the Committee on Rules may require. The application shall be certified under penalty of perjury, and any willful false statement or omission of a material fact shall be punishable as perjury. If the application discloses any fact that indicates that the applicant has a personal interest that would conflict with the faithful performance of his or her duties, the applicant shall not be employed. All applications shall be retained in the records of the committee.

Every employee shall complete the Assembly ethics course in the first six months of his or her employment. Thereafter, every employee shall take the course in the first six months of every legislative session.

No employee may engage in any outside business activity or outside employment that is inconsistent, incompatible, or in conflict with his or her functions or responsibilities as an employee of the Assembly. Any employee who engages in any outside business activity or employment that is in any way related to his or her functions or responsibilities as an employee shall promptly notify the Committee on Rules of that business activity or employment.

This caucus shall be held at the State Capitol within 30 days from the time the vacancy occurs. Notice of the caucus shall be in writing and shall be mailed not less than 10 days prior to the meeting of the caucus. B. Printing

Authority for Printing

35. The State Printer may not charge any printing or other work to the Assembly other than as provided by law or Assembly rule, except upon a written order signed by the Chief Clerk of the Assembly or the Chief Administrative Officer of the Assembly. All invoices for printing furnished to the Assembly shall be itemized and rendered by the State Printer within 30 days after completion of the printing. When necessary, the Chief Clerk of the Assembly or the Chief Administrative Officer of the Assembly may order certain printed matter completed in advance of its regular order by the issuance of a rush order.

37. During the session, the Chief Clerk shall cause to be printed and placed upon each Member's desk, prior to convening on Monday of each week, a complete history showing all actions taken upon each measure up to and including the legislative day preceding its issuance. For each legislative day intervening between the issuance of each Weekly History, there shall be printed a Daily Supplemental History showing only actions taken upon any measure since the issuance of the preceding Weekly History.

The Chief Clerk of the Assembly shall, as soon as practicable, in each even-numbered year, commence to compile a legislative manual or handbook, pursuant to Section 9740 of the Government Code.

V. LEGISLATIVE PROCEDURE

Order of Business

40. (a) The order of business of the Assembly shall be as follows:
1. Roll Call
 2. Prayer by the Chaplain
 3. Reading of the Previous Day's Journal
 4. Presentation of Petitions
 5. Introduction and Reference of Bills
 6. Reports of Committees

7. Messages From the Governor
8. Messages From the Senate
9. Motions and Resolutions
10. Business on the Daily File
11. Announcements
12. Adjournment

(b) With the exception of Special Orders of Business, the Speaker may determine that a different order of business will result in a more expeditious processing of the business of the Assembly by ordering resolutions honoring an individual or an organization, introductions, and adjournments in memory of individuals to be taken up in a different order than that listed in subdivision (a).

Pledging of Allegiance to the Flag

41. At each session, following the prayer by the Chaplain, the Members of the Assembly and its officers and employees present in the Assembly Chamber shall pledge their allegiance to the Flag of the United States of America. The Speaker shall invite guests present in the Assembly Chamber to join in the pledge of allegiance to the Flag of the United States of America.

Reading and Correcting Journals

42. (a) The reading of the Journal of the previous day may be dispensed with, on motion, by a majority vote of the Members present and voting.

(b) All journals of the Assembly shall be corrected by the Minute Clerk and delivered to the Chief Clerk.

(c) A motion to correct any day's Journal or to print a letter in the Journal shall always be in order and shall require a majority vote of the Members present and voting.

Presentation of Petitions

43. Whenever petitions, memorials, or other papers are presented by a Member, a brief statement of the contents thereof may be made verbally by the introducer. Petitions are not debatable and shall be filed, or referred to a committee as the Speaker shall determine. Receipt of that presentation and its disposition shall be noted in the Journal.

Upon receipt of a petition for the impeachment of any person subject to impeachment by the Legislature, the Speaker shall, without comment or debate, forthwith refer the petition to committee.

Messages From the Governor

44. Messages from the Governor shall be delivered to the Chief Clerk or an assistant, and shall be read and ordered printed in the Journal unless otherwise ordered by an affirmative recorded vote of 54 or more Members.

Messages From the Senate

45. Messages from the Senate shall be delivered to the Chief Clerk or an assistant, and shall be read and ordered printed in the Journal. The Committee on Rules shall refer each bill to a committee, unless upon a motion the Assembly, by an affirmative recorded vote of 41 or more Members, shall refer it to some other committee. The action to refer a bill shall not be debatable. The reference shall be entered in the Journal. Assembly bills that have been passed without amendment by the Senate shall be ordered to enrollment.

An Assembly bill amended by the Senate shall be placed upon the unfinished business file but shall not be eligible to be acted upon until it is on the unfinished business file for one legislative day, except that when the Assembly bill is placed upon the unfinished business file during the last two legislative days preceding (1) the January 31 bill passage deadline specified by Section 10 of Article IV of the California Constitution, (2) the scheduled commencement of the interim study recess, or (3) the scheduled commencement of the final recess as specified by the Joint Rules of the Senate and Assembly, it may be acted upon immediately.

Presentation of Guests or Memorials in the Assembly

45.5. These rules do not prohibit the Speaker or Speaker pro Tempore from permitting the introduction of a special guest or guests. A request that a session of the Assembly adjourn in memory of a person shall be made in writing. The request shall be read by the presiding officer immediately prior to adjournment.

A. Bills and Resolutions

Bills Defined

46. (a) The word “bill,” as used in these rules, includes a constitutional amendment, a concurrent resolution, and a joint resolution, except as otherwise specifically provided.

(b) A concurrent resolution and a joint resolution, other than a resolution ratifying proposed amendments to the United States Constitution and a resolution calling for a constitutional convention, shall be treated in all respects as a bill except as follows:

- (1) It shall be given only one formal reading.
- (2) It shall not be deemed a bill within the meaning of subdivision (a) of Section 8 of Article IV of the California Constitution.

Introduction and Reference of Bills

47. Each bill shall be signed by each Member who is an author or coauthor of the bill before it is introduced. If any bill is introduced that does not contain the signature of its author or coauthor, the bill, on motion of the Member whose name appears thereon without that signature, shall be stricken from the file by an affirmative recorded vote of 41 or more Members. In each legislative session, on the first day when bills are introduced under “Introduction and Reference of Bills,” the roll shall be called from A to Z and, as each Member’s name is called, the Member may introduce one bill, constitutional amendment, or concurrent or joint resolution. After this roll call, the preprint bills shall be introduced in numerical order.

After the introduction of preprinted bills, and subject to the provisions of the Joint Rules of the Senate and Assembly, any Member desiring to introduce a bill, constitutional amendment, or concurrent or joint resolution may at any time during a session send the same to the Chief Clerk’s desk.

When received at the Chief Clerk’s desk it shall, under the proper order of business, be numbered, read the first time, printed, and referred to a standing committee, and a copy thereof shall be placed upon the desk of each Member before final passage.

All bills, constitutional amendments, and concurrent or joint resolutions introduced before the standing committees of the Assembly

are appointed shall be referred to committee, the references to take effect when the committees are appointed.

Any committee may introduce a bill germane to any subject within the proper consideration of the committee in the same manner as any Member. No committee bill may be introduced unless it contains the signatures of a majority of all of the members, including the chairperson, of the committee. If all of the members of a committee sign the bill, at the option of the committee chairperson the committee members' names need not appear as authors in the heading of the printed bill.

Bills Authored by a Former Member

47.1. Whenever the author of a bill in the Assembly is no longer a Member of the Legislature, upon a request of a committee or current Member of the house in which the bill was introduced, the Assembly Committee on Rules may authorize that committee or Member to be the author of that bill. Absent that authorization, no action may be taken by a committee or the Assembly with respect to a bill authored by a former Member.

Limitation on the Introduction of Bills

49. (a) A Member may introduce not more than 30 bills in the regular session.

(b) This rule does not apply to a constitutional amendment, any type of resolution, or a bill introduced by a committee pursuant to Rule 47.

(c) This rule may be suspended with respect to a particular bill by approval of the Committee on Rules.

Reference of Bills to Committee

51. Except as otherwise provided in this rule, the Committee on Rules shall refer each bill to a committee by a majority vote of the membership of the committee, unless upon a motion the Assembly, by an affirmative recorded vote of 41 or more Members, shall refer it to some other committee. A motion to refer a bill shall not be debatable, except as to the propriety of the motion, and it shall not open the main question to debate.

The Committee on Rules may require that, if a bill is reported out of the committee to which it has been referred, it shall be re-referred to another committee that shares jurisdiction of the subject matter of the bill.

Spot Bills

51.5. A bill that upon introduction makes no substantive change in or addition to existing law, and would not otherwise affect the ongoing operations of state or local government, except a bill stating legislative intent to make necessary statutory changes to implement the Budget Bill, may not be referred to a committee by the Committee on Rules. If the author subsequently proposes to the Committee on Rules to make substantive changes in the bill as introduced, the Committee on Rules may refer the bill to a committee, together with the proposed changes for consideration as author's amendments. A vote on passage of the bill may not be taken, however, until the bill with its amendments, if adopted, has been in print for at least 15 days.

Delivery of Bills to State Printer

52. After introduction and first reading, all bills shall be delivered to the State Printer.

Introduction of House Resolutions

53. All house resolutions shall be numbered and shall be referred to the appropriate committee by the Committee on Rules.

Each house resolution shall be signed by each Member who is an author or coauthor of the house resolution before it is introduced.

Resolutions by Member

54. A concurrent resolution or a house resolution may be introduced relating to a present or former state or federal elected official or a member of his or her immediate family. Other resolutions for the purpose of commendation or congratulation of any person, group, or organization, or for the purpose of expressing sympathy, regret, or sorrow on the death of any person, shall be prepared as a Rules Committee Resolution and presented to the committee for appropriate action.

The Committee on Rules may approve exceptions to this rule for house resolutions. The Chief Clerk may not accept for introduction any house resolution that is contrary to this rule unless it is accompanied by the approval of the Committee on Rules.

B. Standing Committee Functions

Standing Committee Rules

55. Subject to the Joint Rules of the Senate and Assembly, the Rules of the Assembly shall govern the conduct of all committee and subcommittee meetings.

Meetings of Standing Committees and Subcommittees

56. All standing committees and subcommittees shall meet at the hour and place provided by the schedule established by the Speaker, unless permission for a different hearing time is granted by the Speaker. No committee or subcommittee may meet during any session of the Assembly, nor may any Member of the Assembly attend a conference committee meeting on any bill during any session of the Assembly without first obtaining permission from the Assembly.

When an unscheduled meeting of a standing committee or subcommittee has been so ordered, the meeting shall convene in an area that is readily accessible to the public and the Assembly shall take care that every effort is made to inform the public that a meeting has been called. An unscheduled meeting of a committee or subcommittee shall not be held in the Assembly Chamber.

No bill may be set for hearing, nor may any notice thereof be published by any Assembly committee or subcommittee, until the bill has been referred to the committee or subcommittee. Nothing in this paragraph shall prevent a committee or subcommittee from acting with regard to a bill referred to it where the only action taken is to cause the bill to be reported to the Assembly with the recommendation that amendments be adopted and the bill be reprinted as amended and re-referred to the committee or subcommittee.

The several standing committees and subcommittees and their chairpersons may adopt a procedure under which bills are scheduled for hearing on the basis of like subject matter groupings.

Committee Analyses

56.5. Except as otherwise provided in this rule, each standing committee and subcommittee shall prepare an analysis of every bill it has set for hearing, which shall be available to the public in the office of the committee or subcommittee one working day prior to the date on which the hearing is to be held. In the case of a special meeting, or a meeting of the Committee on Appropriations or the Committee on Budget, or their subcommittees, the analysis shall be available to the public at the beginning of the hearing. No question concerning a committee's compliance with this rule with regard to any bill shall be in order following a vote on passage of the bill in that committee. As used in this rule, a "working day" is any day on which a house file is published.

A copy of each committee analysis shall be transmitted by the committee secretary to the Assembly Floor Analysis Unit at the same time it is made available to the public.

Committee Consultants: Floor Analyses

56.6. Except as otherwise provided in this rule, the consultants of a standing committee or subcommittee are responsible for monitoring bills assigned to their respective committee or subcommittee throughout the entire legislative process. Except for resolutions and bills on the Consent Calendar, a consultant of the appropriate standing committee shall prepare, in a timely fashion, an analysis of every bill on third reading or the unfinished business file, and of any amendment to a bill that is on the Assembly floor, as directed by the Assembly Floor Analysis Unit.

The committee consultant who prepares the analysis shall transmit a copy of the completed analysis to the Assembly Floor Analysis Unit. The Assembly Floor Analysis Unit is responsible for final editing for grammar and format of all floor analyses.

Consent Calendar

56.7. If the chairperson of a committee or subcommittee, in advance of a hearing, proposes to recommend any bills for consideration on the Consent Calendar without hearing testimony on those bills in committee, a list of those bills shall be made available to the public at the same time as the committee analysis required under Rule 56.5.

Committee Quorum

57. Except as otherwise provided in this rule, a majority of the membership of any standing committee shall constitute a quorum for the transaction of its business, including the decision to recommend the adoption of any amendments to any bill. A majority of the membership of the committee, or a subcommittee thereof, shall be required to report a bill out of the committee or subcommittee, respectively. Any vacancy on a standing committee shall not reduce the votes required to take action on a bill in that committee.

Whenever a member is disqualified pursuant to Joint Rule 44 or the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code) from voting or taking any other action related to the passage, defeat, or amendment of a bill in committee, that disqualification shall be treated the same as a vacancy. The member shall advise the chairperson of a disqualification, and the chairperson

shall announce which members are so disqualified at the commencement of the hearing on the bill.

Reconsideration

57.1. After a committee has voted on a bill, reconsideration may be granted only one time. Pursuant to subdivision (a) of Joint Rule 62, reconsideration may be granted within 15 legislative days or prior to the interim study joint recess, whichever occurs first. A vote on reconsideration may not be taken without the same notice required to set a bill for hearing unless that vote is taken at the same meeting at which the vote to be reconsidered was taken and the author is present. No action taken by a committee may be reconsidered except by a majority vote of the membership of the committee.

Bills Reported Back to Assembly

58. All committees shall act upon bills referred to them as soon as practicable, and when acted upon each bill shall be reported back to the Assembly forthwith; the chairperson of each committee is charged with the observance of this rule. The chairperson of each committee shall, insofar as practicable, report back bills in the same order as they were acted upon by the committee.

Appropriations Suspense File

58.2. The Committee on Appropriations may maintain a suspense file, to which bills may be referred by vote of a majority of the members of the committee present and voting, pending further consideration by the committee. A bill may be taken off the suspense file and heard, upon two days' notice published in the file, by a vote of a majority of the members of the committee present and voting. A bill removed from the suspense file for the purpose of amendment only, pursuant to Rule 68, shall be re-referred to the committee and shall be placed on the suspense file pending further consideration by the committee.

Voting in Committee

58.5. When a standing committee or subcommittee takes action on a bill, including reconsideration, the vote shall be by roll call vote only. All roll call votes taken in a standing committee or subcommittee shall be recorded by the committee secretary on forms provided by the Chief Clerk of the Assembly. The record of a roll call vote shall show, for each proposal voted upon: all votes for and against, all members absent, and all members not voting. The chairperson of each standing committee or subcommittee shall promptly transmit a copy of the record of the roll call votes to the Chief Clerk of the Assembly, who shall cause the votes to be published in an appendix to the Journal on a monthly basis.

The committee secretary of each standing committee or subcommittee shall promptly transmit a copy of the record of the roll call votes to the Assembly Floor Analysis Unit.

A member may submit a written explanation of his or her vote, absence, or failure to vote on any bill or resolution, and that explanation shall be printed in the appendix to the Journal in the appropriate place, provided that no explanation may exceed 50 words in length.

At the request of the author or any member of the committee, the committee shall hold the roll open on any Assembly bill until the adjournment of the committee meeting. At no time may a bill be passed out by a committee without a quorum being present.

This rule shall not apply to any of the following:

- (a) Adoption of author's amendments to a bill.
- (b) Withdrawal of a bill from a committee calendar at the request of an author.
- (c) Return of bills to the house where the bills have not been voted on by the committee.
- (d) Votes of subcommittees of the Committee on Budget when considering the Budget Bill.
- (e) Votes of the Committee on Rules when referring bills to committees.

Subject Matter of Bill Recommended for Interim Study

59. Whenever it is the decision of a standing committee that a bill referred to that committee shall not be given a do-pass recommendation, but that the subject matter of the bill should be referred for study, that standing committee shall retain the bill in its possession and report its recommendation to the Assembly that the subject matter of the bill be referred to the Committee on Rules for that committee's assignment of the subject matter to an appropriate committee.

Nothing in this rule shall be construed to prohibit a committee from subsequently reporting the bill to the Assembly with a do-pass or do-pass as amended recommendation or from reporting it out of committee without further action on the final day of the session.

Committee Chairperson as Author

60. No chairperson of a standing committee shall preside at a committee hearing to consider a bill of which he or she is the sole author or the lead author, except that the Chairperson of the Committee on Budget may preside at the hearing of the Budget Bill by the Committee on Budget.

Reports of Committees

61. Specially prepared reports of standing and special committees shall be delivered to the Chief Clerk or an assistant, and shall be read and ordered printed in the Journal unless otherwise ordered by the Speaker or a majority vote of the Members present and voting.

When a report of a joint legislative committee is delivered to the Assembly Desk, the Speaker shall refer it to a standing committee for review and appropriate action.

Constitutional Amendments

62.5. All constitutional amendments shall be referred to the policy standing committee having jurisdiction of that subject matter and, upon being reported out of that committee, shall be re-referred to the committee having constitutional amendments within its jurisdiction.

C. Passage of Bills

Daily File

63. There shall be printed an Assembly Daily File for each legislative day. The following listing shall constitute the order of business on the Daily File:

- 1. Special Orders of the Day
- 2. Second Reading, Assembly Bills
- 3. Second Reading, Senate Bills
- 4. Unfinished Business

5. Third Reading, Assembly Bills

6. Third Reading, Senate Bills

All bills on the Daily File shall be called for consideration, provided Rule 58 has been complied with in the order of their listing, unless otherwise ordered by unanimous consent or an affirmative vote of two-thirds of the Members present. All scheduled committee hearings, together with the list of bills to be heard, shall be published in the Daily File.

Copies of Bills for Action on Floor

64. No bill may be considered or acted upon on the floor of the Assembly unless and until a copy of the printed bill as introduced, and a printed copy of each amended form of the bill, have been placed upon the desks of the Members.

Second Reading of Bills

66. All bills shall be read by title the second time in the order of their appearance upon the second reading file. Upon second reading, Assembly bills reported without amendments shall be ordered engrossed, and Senate bills reported without amendments shall be ordered to third reading. All bills reported out of committee shall be placed on the second reading file for the next legislative day, and may not be read a second time until the next legislative day under that order of business. As used in this rule, "bill" does not include a joint or concurrent resolution, but does include a constitutional amendment.

Bills Requiring General Fund Appropriation

66.6. Until the Budget Bill has been enacted, the Assembly may not send to the Governor for consideration any bill appropriating funds for expenditure during the fiscal year for which the Budget Bill is to be enacted, except emergency bills recommended by the Governor or appropriations for the salaries and expenses of the Legislature.

Passage of Budget Bill

66.7. (a) No subcommittee of the Committee on Budget may meet until the Chairperson of the Committee on Budget establishes in writing the General Fund appropriations limit for each subcommittee.

(b) Between the date upon which a committee on conference of the Budget Bill is appointed and the date the Assembly adopts the report of the conference committee, the Chairperson of the Committee on Budget shall provide weekly written reports to the Members on the progress of the conference committee deliberations. The weekly report shall detail all major resolved and outstanding issues before the conference committee on the Budget Bill.

No Budget Bill may be voted upon on the floor of the Assembly unless it does all of the following:

(1) Balances expenditures with anticipated revenues.

(2) Provides for a General Fund reserve of not less than 3 percent of the total of all General Fund appropriations made in the Budget Bill for the fiscal year, or provides for a reserve of not less than 1 percent and a specific plan to phase in a reserve of at least 3 percent within three years. The percentage of the General Fund reserve shall be calculated by dividing the reserve of the General Fund by estimated revenues of the General Fund for the fiscal year. The phase-in plan shall be contained in another bill or in a section of the Budget Bill and shall have detail

sufficient to instruct future sessions of the Legislature regarding the manner in which the 3 percent reserve requirement is to be met.

(3) Is based upon no external borrowing by the state other than borrowing that the enacted Budget Bill or other statute would require to be repaid during that fiscal year.

Committee Amendments

67. Committee amendments reported with bills shall be considered upon their second reading, and the amendments may be adopted by majority vote of the Members present and voting. Assembly and Senate bills amended on second reading by committee amendment shall be ordered reprinted and returned to the second reading file. Assembly bills so amended shall be engrossed after printing.

Committee amendments reported with bills shall be prepared, or approved as to form, by the Legislative Counsel. Five copies of the committee amendments to Assembly bills and five copies of the committee amendments to Senate bills shall be delivered to the Chief Clerk's desk.

The Chief Clerk shall cause to be transmitted to the Assembly Floor Analysis Unit a copy of each committee report and committee amendment, unless the committee report or committee amendment is relative to a joint, concurrent, or house resolution.

Adoption of amendments to any bill in the Assembly prior to third reading, other than by a roll call, shall not preclude subsequent consideration in committee, or on the third reading by the Assembly, of the bill, those amendments, or any part thereof.

Author's Amendments

68. Upon request of the author of a bill, the chairperson of the committee to which the bill has been referred may, by his or her individual action taken independently of any committee meeting, cause the bill to be reported to the Assembly with the recommendation that amendments submitted by the author be adopted and the bill be reprinted as amended and re-referred to the committee.

Notwithstanding any other rule, a bill to be amended pursuant to this rule may not be placed on the second reading file for the adoption of those amendments.

Vote on Passage of Bill as Amended

68.5. Except as otherwise provided in this rule, a vote on passage of any bill in a standing committee or subcommittee shall be taken only when the bill is in print, including any previously adopted amendments to the bill. A vote on passage of an amended bill, when the amended form of the bill is not in print, may be taken only if the sole effect of the amendment is to add coauthors to the bill or if the committee determines that the effect of the amendment upon the bill can be readily understood by all of the members and audience present at the hearing. In that circumstance, any member may require that the amendments be in writing at the time of their adoption.

Bill Analysis Prior to Third Reading

68.6. No bill may be considered on third reading unless and until an analysis of the measure has been distributed by the Assembly Floor Analysis Unit and placed upon the desks of the Members, unless otherwise ordered by the Speaker.

As used in this rule, “bill” does not include a joint or concurrent resolution, but does include a constitutional amendment.

Analysis of Conference Committee Amendments

68.7. No report of a conference committee on any bill, other than the Budget Bill, that recommends the substantive amendment of a bill may be considered unless and until an analysis of the proposed amendment has been distributed by the Assembly Floor Analysis Unit and placed upon the desks of the Members, unless otherwise ordered by the Speaker.

Printing of Conference Committee Reports

68.8. No conference report may be heard by the Assembly until it has been in print for two days prior to being taken up by the house.

Conference Committee: Substantial Policy Change

68.9. (a) No conference committee on any bill, other than the Budget Bill or a bill that is making statutory changes to implement the Budget Bill, may approve any substantial policy change in any bill if that substantial policy change has been defeated in a policy committee of the Assembly within the current legislative session. For purposes of this rule, the most recent action of a policy committee with regard to a substantial policy change shall be deemed the only action taken when the policy committee has taken inconsistent actions with respect to a substantial policy change.

(b) For purposes of subdivision (d) of Joint Rule 29.5, the term “heard” means that a printed bill with substantially similar language was before the appropriate committee and taken up at a regular or special hearing of the committee during the current legislative session; or that an amendment, which was drafted and given a request number or approved as to form by the Legislative Counsel, was before the committee and taken up at a regular or special hearing of the committee.

Amendments From the Floor

69. (a) Any Member may move to amend a bill during its second or third reading, and that motion to amend may be adopted by a majority vote of the Members present and voting.

No amendments to a bill offered from the floor, except committee amendments reported with bills, amendments offered with a motion to amend and re-refer a bill to committee, amendments deleting any number of words, or amendments previously printed in the Journal, shall be in order unless and until a copy of the proposed amendments has been placed upon the desks of the Members. A copy of a bill that has been amended only to add coauthors to the bill is not required to be placed upon the desks of the Members if both the Speaker and Minority Leader grant an exemption.

Amendments offered from the floor during a bill’s second or third reading shall be prepared, or approved as to form, by the Legislative Counsel.

Before debate five copies of the proposed amendment to Assembly bills, and five copies of the proposed amendments to Senate bills, shall be delivered to the Chief Clerk’s desk. One copy of the proposed amendment shall be transmitted by the Chief Clerk to the Assembly Floor Analysis Unit. Bills so amended upon second or third reading shall be reprinted and re-engrossed. The Chief Clerk shall order printed

as many copies of all amended bills as he or she may determine to be necessary.

(b) (1) Amendments from the floor during a bill's second or third reading that would make a substantive change in the bill shall be submitted to the Chief Clerk's desk by 5:00 p.m. or the time of adjournment, whichever is later, the business day before the start of session on the legislative day at which they are to be considered.

(2) Upon receipt of the proposed amendments by the Chief Clerk, an analysis shall be prepared by the committee of origin in conjunction with the Assembly Floor Analysis Unit, and a copy of that analysis shall be distributed to each Member's desk prior to the beginning of debate on adoption of the proposed amendments, unless otherwise ordered by the Speaker.

(3) As used in this subdivision, "bill" does not include a joint or concurrent resolution, but does include a constitutional amendment.

(c) Paragraph (1) of subdivision (b) does not apply to (1) amendments to a bill taken up without reference to file, (2) amendments to a bill to add or delete an urgency clause, (3) amendments to a bill that are identical to other amendments submitted to the Chief Clerk's desk in accordance with the requirements of this rule, (4) amendments to the Budget Bill or to a bill that is making statutory changes necessary to implement the Budget Bill, or (5) amendments to a bill to make the bill contingent upon the enactment of another bill, or to incorporate one or more statutory amendments proposed in another bill to avoid superseding those amendments.

(d) Any bill amended on the second or third reading file shall be ordered reprinted and returned to the third reading file, and may not be acted on by the Assembly until the bill, as amended, has been on the Daily File for one calendar day. This subdivision shall not apply to a bill that is amended to add or delete an urgency clause or to a bill that is amended to make statutory changes to implement the Budget Bill.

(e) No motion to amend a bill on the second or third reading file, other than committee amendments reported pursuant to Rule 57, shall be in order on the last two legislative days preceding (1) the January 31 bill passage deadline specified by Section 10 of Article IV of the California Constitution, (2) the scheduled commencement of the interim study recess, or (3) the scheduled commencement of the final recess as specified by the Joint Rules of the Senate and Assembly.

Consideration of Political Reform Act Bills

69.1. Pursuant to Section 81012 of the Government Code, any bill that would amend the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code) may not be passed until, 12 days prior to being considered for passage, the bill in its final form has been delivered by the Chief Clerk to the Fair Political Practices Commission for distribution to the news media and to every person who has requested the commission to send a copy of any such bill to him or her.

Electronic Distribution of Bills, Conference Reports, Amendments, and Analyses

69.5. Subject to subdivision (b) of Section 8 of Article IV of the California Constitution, any requirement that bills, conference reports, amendments, or an analysis be placed on the desks of the Members shall

include electronic distribution of the same information to the desk of the Members through the Assembly Floor System, unless otherwise ordered by the Speaker.

Consideration of Bills Re-referred to Committee

70. Whenever a bill that has been amended and re-referred to committee is reported out by that committee, it shall be placed on the second reading file and may not be transferred therefrom to the third reading file until the following day.

Uncontested Bills

71. No bill may be placed on the Assembly Consent Calendar unless it has met the requirements of Joint Rule 22.1 with respect to each Assembly standing committee to which the bill has been referred.

Consideration of Concurrent and Joint Resolutions

73. A concurrent or joint resolution may be amended by a majority vote of the Members present and voting. The ayes and noes may not be called upon the adoption of concurrent resolutions, except those authorizing expenditures of money, unless regularly demanded, or required by statute or the California Constitution.

Adoption of Resolutions

74. Any resolution upon which a roll call vote is demanded shall require an affirmative recorded vote of 41 or more Members for adoption.

The adoption of any resolution authorizing the expenditure of money shall require an affirmative recorded vote of 41 or more Members.

Printing of Resolutions

75. When any previously printed house resolution is before the Assembly for adoption, it shall be printed in the Journal only if amendments to it have been adopted, in which case it shall be printed as amended. In the absence of those amendments, house resolutions before the Assembly for adoption shall be referred to by day and page of the Journal as printed upon introduction. For the purposes of this rule, the adding of a coauthor shall not be deemed an amendment.

Concurrence in Senate Amendments

77. It shall require the same affirmative recorded vote to concur in any Senate amendment to an Assembly bill as the vote required by the California Constitution for the passage of the bill. A vote on concurrence may not be taken until the bill has been on the unfinished business file for one calendar day, except that when the bill is placed upon the unfinished business file during the last two legislative days preceding (1) the January 31 bill passage deadline specified by Section 10 of Article IV of the California Constitution, (2) the scheduled commencement of the interim study recess, or (3) the scheduled commencement of the final recess as specified by the Joint Rules of the Senate and Assembly, it may be acted upon immediately. The vote on concurrence shall be deemed the vote upon final passage of the bill.

Senate amendments to Assembly bills may not be concurred in unless and until an analysis of the measure has been distributed by the Assembly Floor Analysis Unit and a copy placed upon the desks of the

Members, unless otherwise ordered by the Speaker. As used in this rule, “bill” does not include a joint or concurrent resolution, but does include a constitutional amendment.

Digest of Bills Amended in Senate

77.1. Whenever the Senate amends and passes an Assembly bill, the Legislative Counsel shall, within one day after the bill is passed by the Senate, prepare and transmit to the Chief Clerk and the Speaker a brief digest summarizing the effect of the Senate amendment. Upon receipt from the Legislative Counsel, the Chief Clerk shall cause the digest to be printed in the Daily File immediately following any reference in the file to the bill covered by the digest.

Substantially Amended Bills

77.2. If the analysis of an amendment adopted on the floor discloses that the amendment makes a substantial substantive change to a bill as passed by the last committee of reference, the bill, as amended, may be referred by the Speaker to the appropriate committee.

A bill that was previously reported from a policy or fiscal committee of reference in compliance with Joint Rule 61 is not subject to the deadlines in Joint Rule 61 if the bill is subsequently referred to a policy or fiscal committee pursuant to this rule.

If the digest to an Assembly Bill that has been returned to the Assembly by the Senate for concurrence in Senate amendments discloses that the Senate has made a substantial substantive change in the bill as first passed by the Assembly, the bill may be referred by the Speaker to the appropriate committee.

Inactive File

78. Whenever a bill has been passed twice on the third reading file on two successive legislative days, it shall be placed forthwith upon a special file to be known as the inactive file. A bill also may be placed on the inactive file at the request of the author. When a bill has been placed on the inactive file, it may be returned to the third reading file by request of the author. Notice of the request to return the bill to the third reading file shall be published one day in advance in the Assembly File. The bill, when returned to the third reading file, shall then be placed at the foot of the third reading file.

When a bill, placed on the inactive file from the second reading file or the unfinished business file, is removed from the inactive file, it shall be returned to the foot of the second reading file or the unfinished business file, respectively, in the next published Daily File.

Engrossing and Enrolling Bills

79. The Engrossing and Enrolling Clerk shall engross and enroll all bills that come to his or her hands for that purpose, in compliance with the provisions of Section 9503 of the Government Code, and in the order of time in which the same shall be acted upon by the Assembly.

After final passage by both houses, any Assembly bill not amended by the Senate shall be ordered by the Speaker forthwith to be enrolled, as provided in Sections 9508 and 9509 of the Government Code. The Chief Clerk shall report both the day and hour each enrolled bill is presented to the Governor, which report shall be entered in the Journal.

VI. PARLIAMENTARY PROCEDURE**A. Motions and Questions****Precedence of Motions During Debate**

80. When a question is under debate or before the Assembly, no motions shall be received but the following, which shall take precedence in the order named:

- First—To adjourn;
- Second—To recess to a time certain;
- Third—To lay on the table;
- Fourth—For the previous question;
- Fifth—To set as a special order;
- Sixth—To postpone indefinitely;
- Seventh—To refer to or to re-refer;
- Eighth—To amend.

Questions of Order Decided Without Debate

81. All incidental questions of order, arising after a motion is made for any of the questions named in Rule 80 and pending that motion, shall be decided by the Speaker without debate, whether on appeal or otherwise.

Appeal From Decision of the Speaker

82. Any Member may appeal from a decision of the Speaker without waiting for recognition by the Speaker, even though another Member has the floor. No appeal is in order when another is pending, or when other business has been transacted by the Assembly prior to the appeal being taken. Upon the appeal being seconded, the Speaker may give his or her reasons for the decision, and the Member making the appeal may give his or her reasons for the appeal, and the Speaker forthwith shall put one of the following questions to the Assembly:

- (1) “Shall the decision of the Speaker be sustained?”
- (2) “Shall the decision of the Speaker be overruled?”

An appeal cannot be amended and yields only to a motion to recess or adjourn, or to lay on the table, or a question of personal privilege. If an appeal is laid on the table, that action shall have no effect on the pending question.

An appeal cannot be debated when relating to indecorum, the transgression of rules, or the priority of business. A majority vote of the Members present and voting shall decide any appeal. In the event of a tie vote, the appeal is lost.

Speaker Explains Order of Business

83. The Speaker may, on his or her own motion or the motion of any Member, explain the order of business when the motion pending before the Assembly is not debatable. That explanation may not consume more than two minutes.

To Adjourn

84. A motion to adjourn is not debatable and cannot be amended, and is always in order, except: (a) when another Member has the floor; (b) when the Assembly is voting; or (c) during a call of the Assembly. The name of any Member moving an adjournment, and the hour at

which the motion was made and adjournment taken, shall be entered in the Journal. A motion to adjourn shall be adopted by a majority vote of the Members present and voting.

When a motion to adjourn is made and seconded, it shall be in order for the Speaker, before putting the question, to permit any Member to state to the Assembly any fact relating to the condition of the business of the Assembly which would seem to render it improper or inadvisable to adjourn. That statement may not occupy more than two minutes and is not debatable.

An affirmative recorded vote of a majority of the duly elected and qualified Members is required to adjourn any session of the Assembly sine die.

To Recess to a Time Certain

85. A motion to recess to a time certain shall be treated the same as a motion to adjourn, except that the motion is debatable when no business is before the Assembly, and can be amended as to the time and duration of the recess. It yields only to a motion to adjourn.

To Lay on the Table

86. A motion to lay on the table is not debatable and cannot be amended.

A motion to table a bill, constitutional amendment, or concurrent or joint resolution is adopted by an affirmative recorded vote of 41 or more Members.

Any motion to lay on the table, if carried by 41 or more votes, carries with it the main question and everything that adheres to it, except that a motion to lay an amendment on the table, if adopted, does not carry with it a bill, constitutional amendment, or concurrent, joint, or house resolution.

A motion to lay an amendment on the table is adopted by a majority vote of the Members present and voting.

A motion to lay on the table cannot be applied with respect to reconsideration.

The Previous Question

87. The previous question shall be put only when demanded by five Members, and its effect, when sustained by a majority vote of the Members present and voting, shall be to put an end to all debate and bring the Assembly to a vote only on the question then pending, except that the proponent of the matter pending shall be allowed not more than five minutes to close the debate.

Motion to Set Special Order

88. A motion to set any matter before the Assembly as a special order of business is adopted by an affirmative recorded vote of 54 or more Members. The motion is debatable only as to the propriety of setting the main question as a special order of business, and may be amended only as to the time.

Motion to Postpone to a Time Certain

89. A motion to postpone to a time certain shall be deemed and treated as a motion to set as a special order.

Motion to Postpone Indefinitely

90. The making of a motion to postpone indefinitely any bill, motion, or amendment opens the main question to debate. If the motion to postpone indefinitely prevails by an affirmative recorded vote of 41 or more Members, the main question may not be acted upon again during the session.

Motion to Amend

91. A motion to amend may itself be amended, but no “amendment to an amendment” may be amended. A motion to substitute shall be deemed to be a motion to amend and shall be considered the same as an amendment.

Only one substitute is in order when an amendment is pending. A motion to amend or to substitute is debatable, except where the main question to be amended is not debatable. Any motion to amend may be adopted by a majority vote of the Members present and voting.

A motion to amend that is decided in the negative is not again in order on the same day, or at the same stage of proceeding. The fact that a motion to amend by striking out certain words is decided in the negative does not preclude a motion to amend by adding words, or a motion to amend by striking out and inserting words, except that in no case may a further amendment be substantially the same as the one rejected.

Subject to the above provisions of this rule and Rule 69, a motion to amend is in order during the second or third reading of any bill.

Amendment To Be Germane

92. No amendment to any bill, other than a bill stating legislative intent to make necessary statutory changes to implement the Budget Bill, whether reported by a committee or offered by a Member, is in order when the amendment relates to a different subject than, is intended to accomplish a different purpose than, or requires a title essentially different than, the original bill.

No motion or proposition on a subject different from that under consideration may be admitted as an amendment.

No amendment is in order that changes the original number of any bill.

No Member may be added or deleted as an author or coauthor of a bill or resolution without his or her consent.

Consideration of Motions

93. No motion, whether oral or written, may be adopted until it is seconded and distinctly stated to the Assembly by the Speaker.

Motions in Writing

94. Upon request of the Speaker, all motions shall be reduced to writing and shall be read to the Assembly by the Speaker before being acted upon.

Withdrawal of Motions

95. After a motion is stated by the Speaker, or a bill, resolution, or petition is read by the Chief Clerk, it is in the possession of the Assembly.

Motion to Withdraw or Re-refer Bills

96. (a) A motion to withdraw a bill or resolution from committee, or to re-refer a bill or resolution from one committee to another

committee, may be made during the regular order of business. A motion to re-refer may be debated only as to the propriety of the reference, and shall require an affirmative recorded vote of 41 or more Members.

(b) No bill or resolution may be withdrawn from committee and placed upon the file, unless a motion to withdraw has been heard by, and has been approved by a majority vote of, the Committee on Rules. This subdivision does not apply to a bill in a fiscal committee that has been amended so as not to require its reference to a fiscal committee, as indicated by the Legislative Counsel's Digest.

(c) A motion to continue a motion to withdraw a bill or resolution from committee shall require a majority of those members present and voting. No motion to withdraw a motion to withdraw shall be in order.

Re-reference of Measures on File

97. A motion to re-refer a bill or resolution that is on the Assembly Daily File to committee may be made during the regular order of business. The motion is debatable only as to the propriety of that reference and shall require an affirmative recorded vote of 41 or more Members.

Bills Stricken From File

98. A motion to strike from the file any bill or resolution requires an affirmative recorded vote of 41 or more Members. That bill or resolution may not be acted upon again during the session.

Motion to Rescind Action or Expunge Record

99. Previous to the approval of the Journal by the Assembly, any action may be rescinded and its record ordered expunged by the affirmative recorded vote sufficient to take that action originally, except that no action may be rescinded and the record expunged by a vote less than an affirmative recorded vote of 41 or more Members. No motion to rescind the action and expunge the record may be made twice on the same proposition.

A motion to rescind is not in order on any matter upon which a vote to reconsider has previously been taken in the Assembly.

Whenever any action of the Assembly is rescinded and its record ordered expunged, the record of the action expunged may not appear in any form whatsoever, except that the record of the proceedings on the motion to rescind and expunge shall appear in the Journal as and when printed.

Reconsideration of Vote

100. (a) A motion to reconsider a vote on the next legislative day shall be made on the same day the vote to be reconsidered was taken. No motion to reconsider shall be adopted unless it receives an affirmative recorded vote of 41 or more Members. A motion to reconsider may be voted on without a second.

A motion to reconsider a vote shall be made by a Member voting on the question, and shall take precedence over all motions, except a motion to adjourn. Upon that motion being made, the matter to be reconsidered forthwith shall be placed upon the unfinished business file, and no further action may be taken prior to the next legislative day. When a motion to reconsider has once been made, the motion is the property of the Assembly. When reconsideration is granted, the matter

to be reconsidered shall be before the Assembly in the same status it had prior to the vote being reconsidered.

(b) (1) Interim Study Recess:

No motion to reconsider the vote whereby amendments are concurred in on Assembly bills, the vote whereby a Senate bill is passed and returned to the Senate, or the vote whereby a conference committee report is adopted is in order on the last two legislative days preceding the interim study recess.

A motion to reconsider the vote whereby amendments are refused concurrence on Assembly bills, the vote whereby Senate bills are refused passage, or the vote whereby a conference committee report is refused adoption is in order on the last legislative day preceding the interim study recess. The motion may be taken up before the end of that legislative day.

As used in this paragraph, “bill” does not include a joint or concurrent resolution.

(2) January 31—Even-numbered Year:

No motion to reconsider the vote whereby an Assembly bill is passed to the Senate is in order on the last two legislative days preceding January 31 of the even-numbered year.

A motion to reconsider the vote whereby an Assembly bill is refused passage on its third reading is in order on the last legislative day preceding January 31 of the even-numbered year. The motion shall be taken up before the end of that legislative day.

As used in this paragraph, “bill” does not include a Senate bill, a constitutional amendment, or a joint or concurrent resolution.

(3) Spring or Summer Recess:

No motion to reconsider the vote whereby a bill is passed is in order on the last two legislative days preceding the Spring or Summer Recess as established by the Joint Rules of the Senate and Assembly.

(4) Deadline for Passage by House:

No motion to reconsider the vote whereby an Assembly bill is passed to the Senate is in order on the last two legislative days preceding the last day for the Assembly to pass a bill introduced in the Assembly, as set forth in the Joint Rules of the Senate and the Assembly.

As used in this paragraph, “bill” does not include a Senate bill, a constitutional amendment, or a joint or concurrent resolution.

(5) Final Recess:

No motion to reconsider the vote whereby a bill is passed is in order on the last two legislative days preceding the final recess.

A motion to reconsider the vote whereby a bill is defeated is in order on the day of the final recess. The motion shall be taken up before the end of that legislative day.

(c) Any Member voting on any matter may move to take up on the same day the motion, previously made by another Member, to reconsider the vote on that matter. A motion to take up on the same day a motion to reconsider the vote on a bill shall require an affirmative recorded vote of at least 41 Members. A motion to take up on the same day a motion to reconsider the vote on any motion, amendment, Assembly resolution, or proposition other than a bill shall require an affirmative vote of a majority vote of the Members present and voting. The motion to take up the reconsideration on the same day shall take

precedence over the motion to reconsider and, upon demand of any Member, the motion to take up the reconsideration on the same day shall be put to an immediate vote. If the motion to take up the reconsideration on the same day is adopted, the motion to reconsider shall be the next order of business before the Assembly.

(d) A second motion to reconsider the same question is not in order, nor is a motion to reconsider reconsideration in order.

(e) A motion to continue a motion to reconsider shall require a majority vote of those Members present and voting.

Call of Assembly

101. After the roll has been called, and prior to the announcement of the vote, any Member may move a call of the Assembly. The Members present may order a call of the Assembly by a majority vote of the Members present and voting, and the Speaker shall immediately order the Sergeant at Arms to lock all doors and direct the Chief Clerk to prepare a list of absentees as disclosed by the last roll call. The list of absentees shall be furnished to the Sergeant at Arms, whereupon no Members shall be permitted to leave the Assembly Chamber except by written permission of the Speaker, and no person may be permitted to enter except Members, Senators, or officers, or employees of the Legislature in the official performance of their duties.

Each Member who is found to be absent, and for whom no leave of absence has been granted, shall be forthwith taken into custody wherever found by the Sergeant at Arms, his or her assistants, or any person designated by the Sergeant at Arms, including members of the California Highway Patrol, and sheriffs or their deputies, and brought to the Assembly Chamber.

No recess or adjournment may be taken during a call of the Assembly. Additional business may be conducted and calls placed regardless of the number of calls in effect. A call of the Assembly may be dispensed with at any time upon a majority vote of the Members present, that action to become effective upon the completion of the roll call and the announcement of the vote upon the matter for which the call was ordered, unless, prior to the announcement of the vote, the call is continued by a majority vote of the Members present.

Division of Question

102. Any Member may call for a division of the question, and the Speaker shall order the question divided if it comprehends propositions in substance so distinct that, one being taken away, a substantive proposition would remain for the decision of the Assembly. This rule does not apply to an individual bill or resolution.

B. Voting

Members Voting

104. Every Member in the Assembly Chamber when a roll call is required shall record his or her vote openly and without debate, unless the Assembly excuses that Member by a majority vote of the Members present and voting.

No Member may operate the voting switch of any other Member, except that a Member presiding at the time of a roll call, who is not the Speaker or the Speaker pro Tempore, may direct another Member on the floor to operate the voting switch of the presiding Member, and any Member so presiding, including the Speaker and the

Speaker pro Tempore, may also operate the voting switches at the rostrum of the Speaker and the Speaker pro Tempore, at their direction.

The name of any Member who refuses to vote as required by this rule, after being requested by the Speaker to do so, shall be entered in the Journal, together with a statement that he or she was present and did so refuse to vote. Any Member who refuses so to vote may, if he or she so desires, and immediately after the announcement of the vote, submit a written explanation of the failure to vote and that explanation shall be printed in the Journal, provided that no explanation may exceed 50 words in length.

In addition to the entry of his or her name in the Journal, any Member who refuses so to vote when required, and who has not been excused from doing so, may, immediately after the announcement of the vote, at the discretion of the Speaker or upon demand of any Member, be summoned to appear before the bar of the Assembly for public censure by the Speaker or by any Member designated by the Speaker. Censure of a Member as provided by this rule does not constitute a bar to proceedings for his or her expulsion from the Assembly pursuant to Section 5 of Article IV of the California Constitution.

A Member may submit a written explanation of his or her vote on any bill or house resolution, and that explanation shall be printed in the Journal immediately following the vote, provided that no explanation may exceed 50 words in length.

A Member, prior to adjournment on the same legislative day, in the absence of any objection, may instruct the Chief Clerk to add his or her vote to any previously announced vote that had been taken during his or her absence, so long as the outcome of the vote is not thereby changed. The Chief Clerk shall record any vote additions or vote changes in the order signed by the Members at the Clerk's desk.

Ayes and Noes

105. The ayes and noes shall be recorded by the electrical voting system on the final passage of all bills, when an affirmative recorded vote of 41 Members or any vote above that number is required, when demanded by three Members, or when ordered by the Speaker. The names of the Members so voting shall be entered in the Journal.

Voting and Vote Changes

106. When once begun, voting may not be interrupted, except that, before the vote is announced, any Member may have the total pending vote flashed on the visible vote recorder. Prior to the announcement of the vote, the presiding officer shall instruct the Chief Clerk to record verbal votes from Members not at their desks. Any Member may move a call of the Assembly after the completion of the roll. A Member, prior to adjournment on the same legislative day, and in the absence of any objection, may instruct the Chief Clerk to change his or her recorded vote after the vote is announced, so long as the outcome of the vote is not thereby changed. The Chief Clerk may record any vote change only after the Member making the change has announced it to the Assembly.

Tie Vote

107. In case of an equal division, or tie vote, the question shall be lost.

VII. MEMBERS' DECORUM AND PRIVILEGES**Order in Speaking to Questions**

108. When a Member desires to address the Assembly, the Member shall rise from his or her seat and respectfully address himself or herself to "Mr. Speaker" or "Madame Speaker." Upon being recognized, the Member may speak, confining himself or herself to the question under consideration. When two or more Members rise at the same time, the Speaker shall designate the Member who is entitled to the floor.

No Member may speak more than once during the consideration of any one question on the same day and at the same stage of proceeding, except that the author of a bill or resolution or the mover of a question shall have the right to open and close the debate thereon. No Member may be allowed to speak more than five minutes to open and five minutes to close the debate on any question, including amendments, and no Member other than the author or the mover of the question may be allowed to speak more than five minutes thereon. No Member may yield to any other Member the time for which he or she is entitled to speak on any matter.

Motions

109. When a Member desires to make a motion, the Member shall obtain recognition as provided in Rule 108. Upon being recognized, the Member shall open by stating his or her motion, except in the case of a nomination, and in any other case may not speak to the merits of the motion at that time, but shall confine his or her remarks to those necessary to explain the motion. If the motion is in order and is seconded, it shall be stated to the Assembly by the Speaker. If the motion is debated, the Member who made it shall then be entitled to recognition to open the debate on the motion.

When a Member obtains the floor during debate upon any question that is pending before the Assembly and addresses the Assembly regarding the merits of the pending question, the Member may not be permitted to conclude his or her debate by making any motion or by demanding the previous question.

Leave of Absence

110. No Member may absent himself or herself from attendance at any session of the Assembly without leave of the Assembly. No Member may obtain that leave of absence or be excused for nonattendance except by a vote of 54 or more Members or by unanimous consent. A Member who obtains a leave of absence for personal business, or is excused for nonattendance for personal business, thereby waives his or her per diem allowance for attendance upon any session of the Legislature for which he or she secures that leave of absence or excuse. A Member may not obtain a leave of absence for legislative business or be excused for nonattendance for legislative business unless the Member has filed with the Speaker a statement of the legislative business for which he or she seeks that leave of absence or excuse. That statement shall be printed in the Journal.

If a Member is not recorded on the attendance roll within 30 minutes after the scheduled start of the session, the Member shall stand up before the Assembly and explain the reason he or she is late before he or she is recorded on the roll call for any vote. If a Member does not explain his or her reason for being late, any other Member may raise a point of order

under this rule, whereupon the tardy Member's vote may not be recorded until an explanation is made.

Personal Privilege

111. Any Member may rise to explain a matter of personal privilege. A matter of personal privilege is a matter involving the Member's integrity, dignity, or honor. Upon rising to explain such a matter, the Member forthwith shall be recognized by the Speaker, but may not discuss a question in that explanation. Matters of personal privilege yield only to a motion to recess or adjourn.

Objection to Reading of Any Paper

112. Any Member, upon recognition by the Speaker, may object to the reading of any paper before the Assembly. When that objection is made, the question of reading shall be determined without debate by a majority vote of the Members present and voting, upon a brief statement by the Speaker of the substance of the objection.

Members at Chief Clerk's Desk

113. No Member or other person may be allowed at the Chief Clerk's desk while the ayes and noes are being recorded or the votes counted.

Members Called to Order for Transgressing Rules

114. If any Member transgresses the Rules of the Assembly, the Speaker shall, or any Member may, call the offending Member to order. The Member so called to order immediately shall take his or her seat, until the Speaker, without debate, has determined whether the Member is in order. That decision by the Speaker shall be subject to an appeal to the Assembly.

If any Member is called to order for offensive words spoken in debate, the person calling him or her to order shall state to the Assembly the words to which exception is taken. No Member may be held to answer, or be subject to censure by the Assembly, for language used in debate if other business has been transacted by the Assembly prior to exception being taken to the words spoken.

VIII. MISCELLANEOUS

Committee of the Whole

115. The Assembly may resolve itself into a Committee of the Whole at any time by a majority vote of the Members present and voting. While sitting as that committee, persons other than Members may address the committee. The Speaker of the Assembly, or any Member named by the Speaker, shall preside as Chairperson of the Committee of the Whole.

A motion that the Committee of the Whole "do now rise and report back to the Assembly," shall always be in order and shall be decided without debate. All actions of the Committee of the Whole shall be reported to the Assembly by the chairperson, but may not be entered in the Journal except upon motion and a majority vote of the Members present and voting.

Use of Assembly Chamber

116. The Assembly Chamber may not be used for any public or private business, other than legislative matters, except upon approval of the Speaker or the Chair of the Committee on Rules.

Use of Assembly Facilities: Smoking

117. The smoking of tobacco products is prohibited within any building, or portion of a building, occupied or used by Assembly Members or employees if the building or portion of the building is under the jurisdiction or control of the Assembly. This smoking prohibition shall apply to any outdoor area within five feet of an entrance or exit to any building or portion of a building subject to this rule. This smoking prohibition shall apply to the Assembly Chamber, Assembly hearing rooms, and Assembly offices, and to hallways, stairways, and bathrooms within any building or portion of a building subject to this rule.

Floor of the Assembly: Telephones

117.5. No cellular telephone may be used on the floor of the Assembly during any session of the Assembly.

Meeting of the Assembly: Firearms

117.7. No person, except a peace officer acting within the scope of his or her employment, may carry or possess a firearm on the floor of the Assembly during any session of the Assembly or in a committee hearing room during any meeting of a committee or subcommittee.

Persons Admitted to Floor of the Assembly

118. No person other than Members of the Legislature, officers, employees of the Legislature, accredited members of the press, and guests may be admitted to the floor of the Assembly during any session of the Assembly. A guest of any Member may be admitted only upon presentation of a guest card of the Member countersigned by the Speaker. A guest card is valid only on the legislative day for which it is issued. No lobbyist, as defined by Section 82039 of the Government Code, may, under any circumstances, be admitted to the Assembly Chamber while the Assembly is in session.

Persons admitted to the Assembly Chamber, other than Members, may not be permitted to stand in the lobby in the rear of the Assembly Chamber while the Assembly is in session, but shall be required to occupy the seats provided for them.

Guests may be seated only in the chairs in the back of the rail in the rear of the Assembly Chamber, and may not be permitted to sit at the desks of the Members. No person other than an accredited newspaper representative may be permitted to sit at the press desks. A special section in the balcony may be reserved for those holding guest cards. Neither any person mentioned in this rule nor any other person, except a Member of the Legislature, may engage in influencing the passage or defeat of legislation in the Assembly Chamber.

No person other than a Member of the Legislature, the Sergeant at Arms or his or her assistants, the Chief Clerk or his or her assistants, or the Legislative Counsel or his or her representatives, may be permitted in the area of the floor of the chamber which is occupied by the desks of the Members.

Qualifications and Elections of Members

119. An affirmative vote of 41 or more Members shall be required to determine the qualifications and election of any Member pursuant to Section 5 of Article IV of the California Constitution. No motion to

disqualify a Member is in order at the convening of a legislative session until a Speaker has been elected in accordance with Section 9023 of the Government Code.

Compensation and Expenses of Member Convicted of Felony

120. If a Member of the Assembly is convicted of a felony by a superior court, his or her right to further compensation or expenses is thereupon suspended, and his or her membership on any committee is thereupon suspended. If the conviction becomes final, the right of the Member to further compensation or expenses shall terminate and any compensation or expenses withheld shall be forfeited to the state. If the conviction is reversed by an appellate court or a motion for a new trial is granted, and the Member is thereafter found not guilty or the charges against him or her are dismissed, the amounts of the withheld compensation or expenses shall be paid to the Member and the suspension of his or her committee membership shall terminate.

Whenever a Member is convicted of a felony in the superior court, the Committee on Rules shall give written notice thereof to the Controller, directing him or her to discontinue any further payments to the Member unless and until the Committee on Rules notifies the Controller that the Member has been found not guilty or that the charges against him or her are dismissed. The Controller may not draw any warrant payable to that Member except as provided in this rule.

The Seal of the Assembly

121. The Seal of the Assembly may be used only by or on behalf of a Member of the Assembly, or when specifically authorized by the Committee on Rules.

STANDING RULES OF THE SENATE

1999–2000 Regular Session

Senate Resolution No. 4 (Lewis)
(Adopted December 7, 1998, Senate Journal, p. 5)

STANDING RULES OF THE SENATE

CONVENING AND SESSIONS

Hours of Meeting

1. The Senate shall meet at 9:00 a.m., daily, except Saturdays and Sundays, unless otherwise ordered by the Senate.

Calling to Order

2. The President, President pro Tempore, Vice Chair of the Committee on Rules, or senior member present shall call the Senate to order at the hour stated and, if a quorum is present, shall proceed with the order of business.

Attendance of Members

3. No Senator may absent himself or herself from attendance upon the Senate without first obtaining leave. A lesser number than a quorum of the Senate is authorized to send the Sergeant at Arms for any and all absent Senators at the expense of the absent Senators, unless an excuse for nonattendance made to the Senate when a quorum is present shall be judged sufficient, and in that case the expense shall be paid out of the Senate Operating Fund. The President pro Tempore or presiding officer, or less than a quorum present, shall have the power to issue process directly to the Sergeant at Arms to compel the attendance of Senators absent without leave. Any Senator who shall refuse to obey that process, unless sick or unable to attend, shall be deemed guilty of contempt of the Senate, and the Sergeant at Arms shall have power to use force as may be necessary to compel the attendance of the absent Senator, and for this purpose he or she may command the force of the county, or of any county in the state.

Executive Sessions

5. When a motion is adopted to close the doors of the Senate, on the discussion of any business that may require an executive session, the President shall require all persons, except the Senators, Secretary,

Minute Clerk, and Sergeant at Arms, to withdraw, and during the discussion of that business the doors shall remain closed. Every Senator and officer present shall keep secret all matters and proceedings concerning which secrecy shall be enjoined by order of the Senate.

OFFICERS OF THE SENATE

The President

6. The President shall maintain order in the Senate Chamber, and in case of a disturbance or disorderly conduct outside the bar, or in the gallery, the President (or Chair of the Committee of the Whole) shall have the power to order the same cleared.

The President pro Tempore

The President pro Tempore shall serve ex officio as a member of all Senate and joint committees of which he or she is not a regular member, with all of the rights and privileges of that membership except the right to vote. In counting a quorum of any of these committees, the President pro Tempore shall not be counted as a member.

The Vice Chair of the Committee on Rules shall, in the absence of the President pro Tempore, perform the duties, and have all powers and authority, of the President pro Tempore.

Presiding by Senators

8. The President pro Tempore of the Senate may name any Senator to perform the duties of the Chair in his or her absence. The Senator so named shall be vested, during that time, with all the powers of the President pro Tempore, and the Senator who performs these duties shall be known as the Presiding Officer.

Secretary of the Senate

9. It shall be the duty of the Secretary of the Senate to attend every session, call the roll, and read all bills, amendments, and resolutions, and all papers ordered read by the Senate or the presiding officer.

The Secretary of the Senate shall superintend all printing to be done for the Senate. The Secretary of the Senate is the executive officer of the Committee on Rules and shall act as its authorized representative in all matters delegated to him or her by the committee.

The Secretary of the Senate shall certify to, and transmit to, the Assembly all bills, joint and concurrent resolutions, constitutional amendments, and papers requiring the concurrence of the Assembly, immediately after their passage or adoption by the Senate.

The Secretary of the Senate shall also keep a correct Journal of the proceedings of the Senate, and shall notify the Assembly of the action by the Senate on all matters originating in the Assembly and requiring action on the part of the Senate.

The Secretary of the Senate shall have custody of all bills, documents, papers, and records of the Senate and may not permit any of the bills, documents, records, or papers to be taken from the Desk or out of his or her custody by any person, except in the regular course of the business of the Senate.

Initiative measures received by the Secretary of the Senate in accordance with Section 9034 of the Elections Code shall be transmitted to the Committee on Rules and referred by the Committee on Rules to the appropriate committee.

(2) The Committee on Rules shall select a Chair and a Vice Chair, who may not be members of the same political party. The Chair may not serve more than two consecutive two-year terms, and the Committee on Rules shall select a successor who is not a member of the same political party as the immediately previous Chair.

(3) Vacancies in the committee shall be filled within 30 calendar days by the Committee on Rules for the remainder of a term.

(4) If a complaint is filed against a member of the committee, the Committee on Rules shall temporarily replace the member with a Senator of the same political party, who shall serve until the complaint is dismissed by the committee or the Senate takes action as it deems appropriate, whichever occurs earlier.

(5) The Committee on Rules, upon the recommendation of the Committee on Legislative Ethics, shall appoint a Chief Counsel to assist the committee in carrying out its functions. The staff of the committee shall be considered permanent and professional, and shall perform their duties in a nonpartisan manner. No staff of the committee may engage in partisan activities regarding a Senate election campaign. The committee may retain independent counsel when necessary for specific investigations.

(b) The committee shall do all of the following:

(1) The committee shall formulate and recommend, for adoption by the Senate, standards of conduct for Senators and officers and employees of the Senate in the performance of their legislative responsibilities. The Ethics Manual for Members, Officers, and Employees of the United States House of Representatives, as prepared by the Staff of the Committee on Standards of Official Conduct, 100th Congress First Session (United States Government Printing Office, Washington, 1987), the Code of Ethics (Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code), and Joint Rule 44 shall serve as guides in the formulation of the standards of conduct.

(2) At the request of any Senator or officer or employee of the Senate, the committee shall provide an advisory opinion with respect to the standards of conduct of the Senate on the general propriety of past, current, or anticipated conduct of that Senator, officer, or employee. The opinion shall be rendered within 21 legislative days unless the Chair and Vice Chair agree otherwise. The committee may, with appropriate deletions to ensure the privacy of the individuals concerned, publish the advisory opinions for the guidance of other Senators, officers, or employees.

(3) The committee shall develop, issue, and annually update a clear, informative, and usable manual for the Senate based on the standards of conduct adopted by the Senate, including any advisory opinions published pursuant to paragraph (2).

(4) The committee shall conduct periodic workshops, at least once each calendar year, for Senators and officers and employees of the Senate, including workshops specifically designed for newly elected Senators and newly appointed officers and employees. At least once in each biennial session, each Senator, and each officer or employee of the Senate who is a designated employee under the Senate Conflict of Interest Code, shall attend one of these workshops. The workshops shall include, but not be limited to, a comprehensive review of all applicable statutes and Senate rules.

(6) The committee shall maintain a record of its investigations, hearings, and other proceedings. All records, complaints, documents, and reports filed with, submitted to, or made by the committee, and all records and transcripts of any investigations or hearings of the committee shall be confidential and may not be open to inspection by any person other than a member of the committee or the staff of the committee, except as otherwise specifically provided for in this rule. Any member of the committee or any person on the staff of the committee who discloses any record, complaint, document, report, or transcript that is confidential shall be subject to discipline. The committee may, by a majority vote of the membership of the committee, authorize the release of any records, complaints, documents, reports, and transcripts in its possession to the appropriate enforcement agency if the committee determines that there is probable cause to believe that the violation or violations alleged in the complaint would constitute a felony or if the committee determines that the information is material to any matter pending before the enforcement agency.

(c) (1) Any person may file a complaint with the committee that alleges a violation of the standards of conduct.

(2) Except as provided in paragraphs (3) and (4), no complaint may be filed more than 18 months after the date that the alleged violation occurred.

(3) If the committee determines that the person filing the complaint did not know, or through the exercise of reasonable diligence could not have known, of the alleged violation within 18 months after the date that the alleged violation occurred, the complaint may be filed within three years after the date that the alleged violation occurred.

(4) If a complaint is filed within 60 days prior to an election at which a Senator or officer or employee is a candidate for elective office, the complaint shall be returned to the person filing the complaint, and the person shall be informed that the complaint may be filed with an appropriate enforcement agency and may be refiled with the committee after the election. The period of time for filing the complaint shall be extended for 60 days.

(5) No complaint may be filed if it alleges a violation that occurred prior to the adoption of the standards of conduct.

(d) A complaint shall satisfy all of the following requirements:

(1) It shall be in writing.

(2) It shall state the name of the person filing the complaint.

(3) It shall state the name of Senator, or the name and position or title of the officer or employee of the Senate, who is alleged to have committed a violation of the standards of conduct.

(4) It shall set forth allegations that, if true, would constitute a violation of the standards of conduct. The allegations shall be stated with sufficient clarity and detail to enable the committee to make a finding pursuant to subdivision (h).

(5) It shall state the date of the alleged violation.

(6) It shall include a statement that the allegations are true of the person's own knowledge or that the person believes them to be true, and shall be signed by the person under penalty of perjury.

(e) The committee, on its own motion, two-thirds of the membership concurring, may initiate a proceeding by filing a complaint that complies with paragraphs (1) to (5), inclusive, of subdivision (d).

(f) The committee shall promptly send a copy of a complaint to the Senator, or officer or employee of the Senate, alleged to have committed the violation, who shall thereafter be designated as the respondent.

(g) If a complaint is filed by a person other than the committee, the Chair and Vice Chair of the committee shall examine the complaint to determine whether it was filed in accordance with this rule and any rules of the committee. Within 15 calendar days after the complaint is filed, the Chair and Vice Chair shall provide to the committee a copy of the complaint and their opinion as to whether the allegations in the complaint, if true, would constitute a violation of the standards of conduct. If the committee, by a two-thirds vote of its membership, finds that the allegations, if true, would constitute a violation of the standards of conduct, the committee shall hold a hearing within 30 calendar days to conduct a preliminary inquiry. If two-thirds of the membership of the committee fails to find that the allegations, if true, would constitute a violation of the standards of conduct, it shall dismiss the complaint and so notify the person who filed the complaint and the respondent, and the complaint shall not be made public.

(h) At the preliminary inquiry, the respondent may respond to the allegations in the complaint by written statement or oral testimony. If two-thirds of the membership of the committee finds that probable cause exists for believing that the respondent committed a violation of the standards of conduct, the committee shall issue a count-by-count statement of alleged violations. If two-thirds of the membership of the committee fails to find that probable cause exists, the committee shall dismiss the complaint. In either event, the committee shall immediately notify the respondent and the person who filed the complaint of its action. If the committee finds that probable cause exists, the statement of alleged violations shall be made public within seven days.

(i) Within 21 calendar days after the issuance of the statement of alleged violations, the respondent may file an answer that admits or denies each count. Upon request of the respondent, the committee may grant the respondent an additional 21 calendar days to respond.

(j) Within 60 days after the issuance of the statement of alleged violations, the committee shall hold a disciplinary hearing. If a majority of the membership of each party on the committee fails to find that the respondent committed a violation of the standards of conduct, the committee shall dismiss the complaint. If a majority of the membership of each party on the committee finds by clear and convincing evidence that the respondent committed a violation of the standards of conduct, the committee shall take the following action:

(1) If the respondent is a Senator, it shall hold a hearing to determine an appropriate sanction.

(2) If the respondent is an officer or employee, it shall transmit its findings to the Committee on Rules for appropriate action.

(k) (1) At the hearing to determine an appropriate sanction, two-thirds of the membership of the committee shall determine whether the violation is serious or minor.

(2) If the committee determines that, a violation is minor or fails to determine that a violation is serious, two-thirds of the membership of the committee (A) shall, if it determines that the violation bears upon the exercise of a right or privilege, recommend that the Committee on Rules deny or limit that right or privilege and shall transmit its findings and recommendation to the Committee on Rules, or (B) shall impose any lesser sanction. Within 15 days after the imposition of a lesser sanction, the respondent may appeal the sanction imposed to the Committee on Rules.

(3) If the committee determines that a violation is serious, two-thirds of the membership of the committee shall recommend that the Senate take one or more of the following actions and shall transmit its findings and recommendation to the Senate:

(A) The denial or limitation of any right or privilege, if the violation bears upon the exercise of that right or privilege.

(B) A reprimand for a serious violation.

(C) A censure for a more serious violation.

(D) An expulsion for a most serious violation.

(I) The Senate shall, within 15 legislative days after receiving the findings and recommendation, vote on the recommendation of the committee. The Senate, by 21 votes, may deny or limit any right or privilege of, reprimand, or censure the Senator or, by 27 votes, may expel the Senator.

(m) The committee or Senate may defer any action required by this rule if other proceedings have been commenced on the same matter.

(n) (1) At all hearings, the Chief Counsel of the committee shall present the case. All relevant and probative evidence shall be admissible unless it is privileged. Witnesses may be called and cross-examined by the committee and the respondent, and exhibits and other documents may be entered into the record. The respondent shall have the right to be represented by legal counsel or any other person of his or her choosing.

(2) If the committee receives, at any time, any exculpatory information relating to the alleged violation, the committee shall make the information available to the respondent.

(o) If the committee determines that the complaint was filed with malicious intent, it may request that the Committee on Rules reimburse the expenses incurred by the respondent.

(p) At any time during the proceedings, the respondent may admit that he or she committed a violation of the standards of conduct. If the respondent admits some but not all of the violations alleged in the complaint or the counts set forth in the statement of alleged violations, the committee shall find that the admitted violations constituted a violation of the standards of conduct and may continue the proceedings to determine whether the other alleged violations constituted violations of the standards of conduct. If the respondent admits to all alleged violations, the committee shall find that the admitted violations constituted a violation of the standards of conduct, terminate the preliminary inquiry or disciplinary hearing, and take the action required by paragraph (1) or (2) of subdivision (j).

(q) Meetings of the committee may not be open to the public until the committee finds that probable cause exists for believing that the respondent committed a violation of the standards of conduct.

Subsequent meetings of the committee or Senate shall be public, and notice of any meeting shall be published in the Senate File for four calendar days prior to the meeting.

(r) If the committee finds that probable cause exists for believing that the respondent committed a violation of the standards of conduct, the transcript of any testimony given, or any documents admitted into evidence, at a public hearing and any report prepared by the committee subsequent to that finding that states a final finding or recommendation shall be open to public inspection.

(s) Upon request of the respondent, the committee may permit the respondent to inspect, copy, or photograph books, papers, documents, photographs, or other tangible objects that relate to the allegations in the complaint. If the committee finds that probable cause exists for believing that the respondent committed a violation of the standards of conduct, the committee shall permit the respondent to inspect, copy, or photograph books, papers, documents, photographs, or other tangible objects that relate to the statement of alleged violations.

(t) (1) No Senator or officer or employee of the Senate may directly or indirectly use or attempt to use his or her official authority or influence to intimidate, threaten, coerce, command, or attempt to intimidate, threaten, coerce, or command any person for the purpose of interfering with the right of that person to file a complaint with the committee, or testify before, or in any way cooperate with, the committee or any panel.

(2) For the purpose of paragraph (1), “use of official authority or influence” includes promising to confer, or conferring, any benefit; effecting, or threatening to effect, any reprisal; or taking, or directing others to take, or recommending, processing, or approving, any personnel action, including, but not limited to, appointment, promotion, transfer, assignment, performance evaluation, suspension, or other disciplinary action.

(3) Nothing in this subdivision may be construed to authorize any person to disclose information the disclosure of which is otherwise prohibited by law.

(u) The committee may adopt rules governing its proceedings not inconsistent with this rule. The provisions of Joint Rule 36 relating to investigating committees shall apply to the committee to the extent those provisions are consistent with this rule.

(v) The powers and procedures set forth in subdivisions (b) to (u), inclusive, confer independent authority and may not be limited or altered by Joint Rule 45.

The Committee on Rules may adopt rules and regulations limiting the amount, time, and place of expenses and allowances to be paid to employees of Senate investigating committees and regulating the terms and conditions of employment of their employees. The Committee on Rules is authorized and directed to incur and pay expenses of the Senate not otherwise provided for as the committee determines are reasonably necessary, including the repair, alteration, improvement, and equipping of the Senate Chamber and the offices provided for the Senate in the State Capitol.

In order to avoid unanticipated reversions of appropriations for contingent expenses, the Committee on Rules may designate the appropriation from which payment shall be made pursuant to allocations to committees or for other purposes. If insufficient money is available in any appropriation to pay all claims pursuant to allocations charged against it, the committee shall designate another appropriation from which the allocations shall be paid.

14. The Committee on Rules shall propose to the Senate such schedules for regular meetings of the standing committees as will permit all members of each committee to attend without a conflict of committee engagements.

The committee may also propose such special committee meetings or special schedules of committee meetings as will facilitate the business of the Senate. Those schedules may provide a special schedule of committee meetings upon certain days of the week or to meet any special condition that may arise.

Powers of Standing Committees

16. Each standing committee of the Senate to which a proposed law or bill is assigned shall have full power and authority during the session of the Legislature, or any recess thereof, to make an investigation and

study concerning any proposed law or bill as the committee shall determine necessary to enable it to properly act thereon.

In the exercise of the power granted by this rule, each committee may appoint a secretary and employ clerical, legal, and technical assistants as may appear necessary when money has been made available therefor by the Senate.

However, no committee may issue a subpoena without the prior approval of the Committee on Rules.

Each of the members of the standing committees is authorized and empowered to administer oaths, and all of the provisions of Chapter 4 (commencing with Section 9400) of Part 1 of Division 2 of Title 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and the committees thereof, shall apply to the committees.

Each standing committee may meet at the State Capitol and do any and all things necessary or convenient to enable it to exercise the powers and perform the duties herein granted to it, and may expend such money as may be made available by the Senate for that purpose, except that no committee may incur any indebtedness unless money shall have been first made available therefor.

18. No member of any committee may incur any expense chargeable to the Senate unless authorized by resolution of the Senate.

The Committee on Rules shall provide, by rules and regulations, for the manner of authorizing expenditures by Members, committees, and officers and employees of the Senate which are not otherwise authorized by law, these rules, or the Joint Rules of the Senate and Assembly, and for the payment of the expenditures from the Senate Operating Fund upon certification of claims therefor to the Controller by the Committee on Rules or its authorized representative.

18.5. All requests for the printing of reports of Senate committees shall be made to the Committee on Rules.

If the report is to be printed by the State Printer, he or she shall hold the type for each Senate committee report for a period of 90 days from the date of the first printing or for such other time as the Committee on Rules deems necessary.

PROCEDURES AND RULES**Joint and Concurrent Resolutions and Constitutional Amendments**

19. Joint and concurrent resolutions and constitutional amendments shall be treated the same as bills under these rules, except that they shall have only one official reading, which reading shall occur after they have been reported by committee.

Parliamentary Rules

20. In all cases not provided for by the Constitution, these rules, the Joint Rules of Senate and Assembly, or statute, the authority shall be the latest edition of Mason's Manual.

Suspension of Rules or Amending of Rules

21. No standing rule of the Senate may be adopted, amended, or repealed except upon an affirmative vote of a majority of the membership of the Senate, one day's notice being given, except that any rule not requiring more than a majority vote may be temporarily suspended without that notice by a vote of a majority of the membership of the Senate. A rule requiring a two-thirds vote on any question may be amended only by a two-thirds vote on one day's notice, except that a rule requiring a two-thirds vote may be temporarily suspended without that notice by a two-thirds vote.

All proposed amendments to these rules shall, upon presentation, be referred to the Committee on Rules without debate.

Suspension of the Joint Rules

Permission of Committee on Rules

21.2. Notwithstanding Rule 21 or 21.1, no Senate or Joint Rule may be suspended unless the Committee on Rules determines that an extraordinary circumstance exists that justifies the suspension.

Rules Governing Standing Committees

21.5. Except as otherwise provided in these rules, standing committees of the Senate shall be governed as follows:

(a) The officers of each Senate committee shall be a chair, vice chair, and secretary.

(b) The chair shall preside at meetings when present except when the committee is considering a bill of which he or she is the sole author or the lead author. Whenever the chair is not presiding, the vice chair shall assume the duties of the chair. In the absence of both, a member designated by the chair shall preside.

(c) The secretary shall keep a complete record of the meetings and actions taken by the committee. Bills favorably acted upon shall be reported to the Senate as expeditiously as the reports can be prepared.

(d) The committee shall meet in regular session on the day and hour designated by the Committee on Rules. Adjourned meetings or special meetings shall be held at the time fixed in the adjourning motion, or, for a special meeting, on the call of the chair.

(e) A special meeting may be called by the chair, with the approval of the Committee on Rules, by giving reasonable notice to all members of the committee, either in writing or by telephone, specifying the purpose of the meeting, the time and place thereof, and the matters to be considered at the meeting. Notice of hearing of bills as required by subdivision (a) of Joint Rule 62 may also be given in the Daily File. No matter may be considered at the special meeting unless specified in the notice.

A special meeting shall be scheduled so as to permit all members of the committee to attend without conflict with other scheduled committee meetings.

This subdivision may not be suspended by the committee.

(f) A majority of the members of the committee shall constitute a quorum. A majority vote of the committee shall be required to table a bill, remove it from the table, or reconsider a vote on a bill.

(g) No action may be taken on any measure outside of a duly constituted committee meeting.

(h) The chair shall set the hearings of bills and arrange the calendar for committee hearings. Notice of hearing of any bill shall be given to the author and other persons requiring notice. A bill may not be considered in the absence of the author without his or her consent, except that a bill may be presented by the author's representative who is authorized in writing.

(i) A committee or a subcommittee thereof, by a majority vote of the committee, may meet in executive session for any purpose authorized by Section 9029 of the Government Code. Otherwise, all meetings shall be open and public.

(j) The chair shall direct the order of presentation of the arguments for and against matters for consideration by the committee, and shall permit questions to be asked by members of the committee in an orderly fashion and in keeping with proper decorum.

(k) Further consideration of a bill that has been voted out of a committee or defeated shall be by reconsideration only, as follows:

(1) A motion to reconsider a vote by which a bill is voted out shall be in order, and shall be voted upon at the same meeting. If the motion is carried by a vote of a majority of the committee, the bill may be considered at that meeting, provided the author is present, or at a subsequent meeting.

(2) The procedure for reconsideration of a bill that has been defeated shall conform to the requirements of subdivision (a) of Joint Rule 62. Any bill as to which reconsideration has been granted pursuant to this paragraph may not be heard again until a subsequent meeting of the committee, after being calendared in the Daily File.

(l) Any bill that has been laid on the table and is removed from the table at a later meeting may not be heard again until a subsequent meeting of the committee, after being calendared in the Daily File and after notice.

(m) When a committee adopts proposed amendments to a bill, the bill may be taken up for vote at that meeting or, if the committee or author requests, sent out to print before final action. If the amendments are not in proper form, they shall be prepared and submitted to the chair for approval before being reported to the Desk. Amendments submitted by the author which, in the opinion of the committee chair, are major or substantial shall be submitted to the committee at least two legislative days before the bill is scheduled for hearing.

(n) No bill may be set for hearing, nor may any notice thereof be published, by a Senate committee until the bill has been referred to the committee by the Committee on Rules.

(o) The chair may appoint, with the permission of the Committee on Rules, subcommittees of one or more members to consider and recommend to the full committee action on matters as may be assigned to the subcommittee for consideration from time to time by the chair. The chair may assign and reassign members of, and matters to, the various subcommittees. The recommendation of a subcommittee may be accepted by the affirmative vote of a majority of the members of the committee.

(p) Except as otherwise provided in the rules, any provision of this rule may be suspended by a majority vote of the full committee.

(q) In all cases not provided for by this rule, the Senate Rules, the Joint Rules of the Senate and Assembly, or statute, the authority shall be Mason's Manual.

21.7. The vote of not less than a majority of all members constituting a standing committee shall be required to report a bill, constitutional amendment, concurrent resolution, or joint resolution out of committee.

A vote of a majority of all members of a standing committee that are present and voting shall be required to report a Senate resolution out of committee.

Press Participation

21.8. Accredited press representatives may not be excluded from any public legislative meeting or hearing, and may not be prohibited from taking photographs of, televising, or recording the committee or house hearings, subject to the following conditions:

- (1) This rule shall extend to all public legislative meetings.
- (2) Lights may be used only when cameras are filming and, when possible, proceedings in hearing rooms and the chamber shall be filmed without lights.
- (3) Every effort should be made to set up filming equipment before hearings or sessions begin.
- (4) The committee chair or the Committee on Rules shall be notified, as far in advance of the proceedings as possible, that recordings and television cameras will be present and filming.
- (5) To the extent practical, flash cameras shall not be used.
- (6) Photographs shall be taken in an orderly and expeditious manner so as to cause the least possible inconvenience to the committee or to the Members in the chamber.

However, the chair of a committee may request any person to relocate or remove any object, or discontinue the use of any equipment, which is situated or used in a manner so as to disrupt the proceedings or to create a potential danger to, or substantially obstruct the view of, members of the committee or the public.

In case any person fails to respond to a request of the chair to relocate, remove, or discontinue the use of the objects or equipment, the committee may, by majority vote, require it.

INTRODUCTION AND REFERENCE OF MEASURES**Introduction, First Reading, and Reference of Measures**

22. Any Senator desiring to introduce a bill, constitutional amendment, concurrent resolution, joint resolution, or Senate resolution shall send it to the Senate Desk.

When received at the Secretary's desk, the measure shall, under the proper order of business, be numbered, read, referred by the Committee on Rules to a standing committee, and printed. The Committee on Rules shall check all Assembly measures before reference to committee and shall designate the committee to which they shall be referred.

Unless otherwise ordered by the Senate without debate, the assignment of the measure shall then be complete and, after printing, the Secretary shall deliver the measure to the committee designated by the Committee on Rules.

Under the order of Messages from the Assembly, the Secretary shall read each Assembly measure the first time and shall read the name of the committee to which the measure has been assigned by the Committee on Rules. Unless otherwise ordered by the Senate without debate the assignment of the measure shall then be complete, and the Secretary shall deliver the measure to the committee so designated.

Bill Introduction Limitation

22.5. (a) A Member of the Senate may introduce not more than 65 bills in the regular session.

(b) This rule may be suspended with respect to a particular bill by approval of the Committee on Rules.

(c) This rule shall not apply to a constitutional amendment, any type of resolution, or a bill introduced by a committee.

Introduction of Bills by a Committee

23. (a) Any committee may introduce a bill germane to any subject within the proper consideration of the committee in the same manner as any Member. A committee bill shall contain the signatures of a majority of the membership of the committee, including the chair.

(b) A committee may amend into a bill related provisions germane to the subject and embraced within the title and, with the consent of the author, may constitute that bill a committee bill.

Bill Introduction Deadline

23.5. The Senate Desk shall remain open for the introduction of bills from 9:00 a.m. to 5:00 p.m. on the days designated in subdivision (a) of Joint Rule 54 as the deadlines for the introduction of bills in the first and second years of the regular session.

Introduction of Bills at Special Sessions

24. Whenever, at any special session, a bill is received at the Desk, under the order of Introduction of Bills, it shall be referred to the Committee on Rules, which shall decide whether or not the bill can properly be considered at the session. If, in the judgment of the Committee on Rules, the bill can be considered, the committee shall report the bill back and designate the committee to which it shall be assigned. Thereafter the bill shall be assigned a number by the Secretary, read the first time, and referred to the committee recommended by the Committee on Rules unless otherwise referred on motion without debate.

Resolutions

24.5. A Senate concurrent resolution or Senate resolution may be introduced relating to a present or former state or federal elected official or a member of his or her immediate family. Other resolutions for the purpose of commendation or congratulation of any person, group, or organization, or for the purpose of expressing sympathy, regret, or sorrow on the death of any person, shall be prepared as Rules Committee resolutions and presented to the Committee on Rules for appropriate action.

The Committee on Rules may approve exceptions to this rule for Senate resolutions. The Secretary may not accept for introduction any Senate resolution that is contrary to this rule unless it is accompanied by the approval of the Committee on Rules.

Senate Resolutions

25. All Senate resolutions eligible to be introduced under the rules, upon being presented, shall be given a number by the Secretary. A Senate resolution shall be printed, and indexed in the History and Journal.

Bills Authored by a Former Member

26. Whenever the author of a bill in the Senate is no longer a Member of the Legislature, upon a request of a committee or current Member of the house in which the bill was introduced, the Senate Committee on Rules may authorize that committee or Member to be the

author of that bill. Absent that authorization, no action may be taken by a committee or the Senate with respect to a bill authored by a former Member.

BILLS IN COMMITTEE

Author's Amendments

27. Upon request of the author of a bill, the chair of the committee to which the bill has been referred may, by his or her individual action taken independently of any committee meeting, cause the bill to be reported to the Senate with the recommendation that amendments submitted by the author be adopted and the bill be reprinted as amended and rereferred to the committee.

Withdrawing a Bill From Committee

28. No bill or resolution may be withdrawn from committee except upon written notice being first given to the Committee on Rules and by 21 votes of the Senate.

Consent Calendar

28.3. (a) If a Senate bill or Assembly bill is amended in the Senate to create a new bill or to rewrite the bill, a standing committee may not place the bill on its consent calendar, and may not report the bill out of committee with the recommendation that it be placed on the consent calendar on the floor.

(b) For purposes of this rule, an amendment creates a new bill or rewrites the bill if the amendment (1) changes the subject of the bill to a new or different subject, or (2) adds a new subject to the bill that is different from, and not related to, the contents of the bill.

Referral of Bills

28.4. (a) If a Senate bill or Assembly bill is amended in the Committee on Appropriations to create a new bill or to rewrite the bill and the chair of the committee determines pursuant to Senate Rule 28.8 that (1) any additional state costs are not significant and do not and will not require the appropriation of additional state funds, and (2) the bill will cause no significant reduction in revenues, the bill shall be reported to the Senate with the recommendation that it be placed on second reading, except that the bill first shall be referred to the Committee on Rules. Upon receipt of the bill, the Committee on Rules shall either refer the bill to an appropriate policy committee or order that the bill be placed on second reading.

(b) For purposes of this rule, an amendment creates a new bill or rewrites the bill if the amendment (1) changes the subject of the bill to a new or different subject, or (2) adds a new subject to the bill that is different from, and not related to, the contents of the bill.

Measures to be Authored

28.5. Each bill, constitutional amendment, or resolution shall be authored by a Member or committee of the Legislature before it is considered or voted on by a committee or the Senate. Each amendment to a bill, constitutional amendment, or resolution shall be signed by a Member or committee of the Legislature prior to adoption by the Senate.

Vote in Committee

28.7. Voting on the disposition of bills, constitutional amendments, concurrent resolutions, and joint resolutions by committees shall be by rollcall vote only. A rollcall vote shall be taken on a motion to amend only if requested by any member of the committee or the author of the measure. All rollcall votes taken in committees shall be promptly transmitted by their respective chairs to the Secretary of the Senate, who shall cause a record of the rollcall votes to be printed in the Journal, together with the text of amendments voted upon where the rollcall has been recorded and the amendments adopted.

This rule shall not apply to:

- (a) Procedural motions that do not have the effect of disposing of a bill.
- (b) Withdrawal of a bill from a committee calendar at the request of an author.
- (c) A committee's return of a bill to the Senate, if the bill has not been voted on by the committee.
- (d) The assignment of bills to committee.

On a legislative day when the President pro Tempore or Minority Floor Leader is in attendance, he or she, in the absence of any objection, may instruct the committee secretary of a committee of which he or she is a member to add his or her vote to any previously announced vote that was taken while he or she was performing the responsibilities of the office of President pro Tempore or Minority Floor Leader, provided the outcome of the vote is not thereby changed. This provision does not apply to any rollcall after adjournment of the legislative day during which the rollcall in question was taken. The intent of this paragraph is to allow the President pro Tempore and the Minority Floor Leader to carry out the unique and special duties of their offices without losing the opportunity to vote on matters before the committees of which they are members.

Appropriations Committee

28.8. Any bill referred to the Committee on Appropriations pursuant to Joint Rule 10.5 which does not appropriate money shall not be set for hearing and shall, along with any nonsubstantive amendments, promptly be reported to the Senate with the recommendation it be placed on second reading if the chair of the committee determines that (a) any additional state costs are not significant and do not and will not require the appropriation of additional state funds, and (b) the bill will cause no significant reduction in revenues.

State-Mandated Local Program Bills

28.9. (a) Any bill having a digest that, pursuant to Section 17575 of the Government Code, indicates that the bill requires state reimbursement to local agencies or school districts for costs mandated by the state shall be rereferred to the Committee on Appropriations. The bill shall not be rereferred to the Committee on Revenue and Taxation.

(b) Any bill rereferred to the Committee on Appropriations pursuant to this rule which does not appropriate money and does not contain a complete disclaimer of all of the provisions of Section 905.2 of, and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of, the Government Code, need not be set for hearing and may, along with any

nonsubstantive amendments, be reported to the Senate with the recommendation that it be placed on second reading if the chair of the committee determines, after consideration of the analyses of local costs prepared by the Legislative Analyst and the Department of Finance, that (1) any additional local costs are not significant and (2) the bill will cause no significant reduction in local revenues.

For the purposes of this rule, “complete disclaimer” means a provision in a bill that prohibits local agencies and school districts from filing claims with the State Board of Control for reimbursement for the costs of unfunded mandated programs or services.

(c) Whenever the Assembly amends and passes a Senate bill and the Senate must concur in the amendments, upon the request of any Senator the bill shall be rereferred to the Committee on Appropriations if, based upon the Legislative Counsel’s digest of the Assembly amendments, the bill (1) imposes state-mandated local costs without providing adequate reimbursement, or (2) contains a complete disclaimer. The Committee on Appropriations shall make a recommendation to the Senate regarding whether the Senate should concur in the Assembly amendments.

(d) Any bill referred to the Committee on Appropriations solely pursuant to this rule, and which otherwise would not be rereferred to the committee pursuant to Joint Rule 10.5, shall not be subject to the provisions of subparagraph (a)(1), (a)(6), (b)(3), or (b)(8) of Joint Rule 61.

CONSIDERATION OF BILLS

Order of Making Files

29. When bills are reported from committee they shall be placed upon the Daily File, to be kept by the Secretary as follows: All bills when reported to the Senate by the committee shall be placed at the foot of the Second Reading Senate or Assembly File, in the order in which the reports are made and, after the second reading, shall be placed at the foot of the Senate or Assembly Third Reading File, in the order of reading. Unless otherwise ordered by the Senate the File shall be taken up in the following order: Senate Second Reading File, Assembly Second Reading File, Special Orders, Unfinished Business, Senate Third Reading File, Assembly Third Reading File. The bills upon the third reading shall be considered in the order in which they appear upon the File, unless otherwise ordered by the Senate.

A Senate Bill returned from the Assembly for concurrence in Assembly amendments may not be considered until it appears under Unfinished Business on the Daily File pursuant to Joint Rule 26.5 and an analysis is provided to each Senator pursuant to Senate Rule 29.8.

An Inactive File shall be kept, to which bills and resolutions may be transferred at the request of the author, or on motion. Bills shall be so transferred when they have been passed on third reading file without action three successive times. Bills and resolutions may be transferred from the inactive file to the second reading file on motion and, after being read the second time, the bills shall take their place regularly on third reading file and be available for consideration and passage.

Bills, resolutions, and other questions may be transferred from the unfinished business file to the inactive file upon request or motion and may be returned to the unfinished business file by request or on motion.

Placement of any question on the inactive file shall not prejudice the question.

Strike From File

29.2. A motion to strike any bill, resolution, or other question from the File shall require 21 votes. That bill, resolution, or other question may not be acted upon again during the session.

Measures Amended From the Floor

29.3. The consideration of a bill, constitutional amendment, concurrent resolution, joint resolution, or Senate resolution that has been amended by amendments offered from the floor, except committee amendments reported with measures or amendments offered with a motion to amend and rerefer to committee, shall not be in order until the amended measure has been in print for not less than one legislative day. Any measure so amended shall be placed on the Second Reading File.

Amended Forms of Measures

29.5. No bill, constitutional amendment, concurrent resolution, joint resolution, or Senate resolution may be considered for passage unless and until a copy of the measure as last amended is on the desk of each Member.

Conference Reports

29.6. (a) No conference committee on any bill, other than the Budget Bill and the budget implementation bills, may approve any substantial policy change in any bill if that substantial policy change has been defeated in a policy committee of the Senate during the current legislative session.

(b) For purposes of subdivision (d) of Joint Rule 29.5, the term “heard” means that a printed bill with substantially similar language was before the appropriate committee and taken up at a regular or special hearing of the committee during the current legislative sessions, or that an amendment, which was drafted and given a request number or approved as to form by Legislative Counsel, was before the committee and taken up at a regular or special hearing of the committee.

Conference Committee Meetings

29.7. Before the adoption of a conference report by the Senate, any Senator may raise a point of order and put the following question to the chair of the committee on conference from the Senate: “Did the Committee on Conference meet at a public meeting attended by at least two of the Assembly Members and two of the Senate Members of the Committee on Conference and adopt the conference report by an affirmative rollcall vote of not less than two of the Assembly Members and two of the Senate Members constituting the committee on conference?” If the chair answers this question in the negative, the conference report shall be returned to the committee on conference and may not be further considered by the Senate until the committee, has met at a public meeting attended by at least two of the Assembly Members and two of the Senate Members of the committee, and has adopted the conference report by an affirmative rollcall vote of not less than two of the Assembly Members and two of the Senate Members constituting the committee.

Analysis of Measures, Conference Reports, and Floor Amendments

29.8. (a) With the exception of the Budget Bill and the budget implementation bill, no bill, constitutional amendment, concurrent resolution, joint resolution, Senate resolution, unfinished business item, or report of a conference committee may be considered unless and until an analysis of each has been prepared by the Office of Senate Floor Analyses and placed upon the desks of the Senators, unless otherwise ordered by the President pro Tempore.

(b) No amendment from the floor shall be in order unless and until the amendment has been reviewed by the Office of Senate Floor Analyses. Upon a request by the Chair or Vice Chair of the Committee on Rules, or by the lead author of the measure to which a substantive amendment is proposed from the floor, an analysis thereof shall be prepared by the Office of Senate Floor Analyses and placed upon the desks of the Senators.

Consideration of Conference Reports

29.9. No conference report may be adopted by the Senate until it has been in print for two days prior to being taken up by the Senate.

Referral of Bills

29.10. (a) If the analysis, prepared in accordance with subdivision (b) of Rule 29.8, of proposed floor amendments to a bill, other than the Budget Bill, discloses that the amendments create a new bill or rewrite the current form of the bill, the amendments shall, prior to consideration of the amendments by the Senate, be referred to the Committee on Rules. If the amendments to the bill are proposed by any Senator other than the author of the bill or the Senator presenting the Assembly bill on the floor, action on the bill shall be deferred until after the Committee on Rules acts upon the amendments. Upon receipt of the amendments, the Committee on Rules by a majority vote of its membership may either (1) refer the amendments to an appropriate standing committee, or (2) return the amendments to the Senate floor for consideration.

If the amendments are referred to a standing committee, the committee shall meet and act upon the amendments no later than the next scheduled hearing of the committee. If the amendments are referred to a standing committee during a time when standing committees are not meeting, the standing committee shall meet and act upon the amendments as directed by the Committee on Rules and, in any event, within two legislative days of receipt of the amendments. Upon receipt of the amendments, the committee by a majority vote of the membership may do any of the following: (1) hold the amendments, (2) return the amendments to the Senate floor for consideration, or (3) return amendments as approved by the committee to the Senate floor.

If the amendments are referred to a standing committee during the time when no committee may meet, the Committee on Rules shall grant permission to suspend the joint rule to allow the committee to meet as directed by the Committee on Rules.

If the amendments are referred to the Committee on Rules on the last legislative day preceding a joint recess, the Committee on Rules and, if the amendments are referred to a standing committee, the standing committee, shall meet and act upon the amendments before adjourning for the recess. If the amendments are referred to the Committee on Rules on any of the three legislative days preceding February 1 or September 1 of an even-numbered year, the Committee on Rules and, if the

amendments are referred to a standing committee, the standing committee, shall meet and act upon the amendments on the same legislative day.

(b) If the analysis, prepared in accordance with subdivision (a) of Rule 29.8, of a bill, other than the Budget Bill, that is returned to the Senate for a vote on concurrence discloses that the Assembly amendments create a new bill or rewrite the bill as passed by the Senate, action on the bill shall be deferred until the Committee on Rules acts upon the bill. The Committee on Rules by a majority vote of its membership may either (1) refer the bill to an appropriate standing committee, or (2) recommend that the bill be taken up for consideration of the Assembly amendments.

If the bill is referred to a standing committee, the committee shall meet and act upon the bill no later than the next scheduled hearing of the committee. If the bill is referred to a standing committee during a time when standing committees are not meeting, the standing committee shall meet and act upon the bill as directed by the Committee on Rules and, in any event, within two legislative days of receipt of the bill. Upon receipt of the bill, the committee by a majority vote of the membership may either (1) hold the bill, or (2) return the bill to the Senate floor for consideration of the Assembly amendments.

If the bill is referred to a standing committee during the time when no committee may meet, the Committee on Rules shall grant permission to suspend the joint rule to allow the committee to meet as directed by the Committee on Rules.

If the bill is referred to the Committee on Rules on the last legislative day preceding a joint recess, the Committee on Rules and, if the bill is referred to a standing committee, the standing committee, shall meet and act upon the bill before adjourning for the recess. If the bill is referred to the Committee on Rules on any of the three legislative days preceding February 1 or September 1 of an even-numbered year, the Committee on Rules and, if the bill is referred to a standing committee, the standing committee, shall meet and act upon the bill on the same legislative day.

(c) An amendment creates a new bill or rewrites the bill if the amendment (1) changes the subject of the bill to a new or different subject, or (2) adds a new subject to the bill that is different from, and not related to, the contents of the bill.

This rule shall apply only to the 1999–2000 Regular Session.

Special Order

30. Any measure or subject may, by vote of a majority of those voting, be made a special order and, when the time fixed for its consideration arrives, the presiding officer shall lay it before the Senate.

Messages From the Governor or Assembly

31. Messages from the Governor or from the Assembly may be introduced at any stage of business except while a question is being put, while the ayes and noes are being called, or while a Senator is addressing the Senate.

Messages from the Governor or from the Assembly may be considered when indicated in the order of business or at any other time by unanimous consent or upon motion.

Engrossing Bills

32. All Senate bills, constitutional amendments, and joint and concurrent resolutions shall be engrossed after each amendment and before final action is taken on them in the Senate. Engrossment shall consist of comparing the printed engrossed bill with the original bill introduced and any amendments adopted to ascertain that it is correct. When a bill is reported correctly engrossed it shall be substituted for the original bill.

Enrolling Bills

33. All Senate bills shall be enrolled immediately following their final passage and receipt from the Assembly. An enrolled copy of every bill, amendment, or resolution shall be printed and examined to ascertain that it is a true and accurate copy of the measure as it was passed. It shall then be authenticated by the signature of the Secretary or an Assistant Secretary of the Senate and the Chief Clerk or an Assistant Clerk of the Assembly, and transmitted to the Governor.

DEBATE

Statement of Motion

34. No motion shall be debated until the same be distinctly announced by the President, and it shall be reduced to writing if desired by the President or any Senator, and read by the Secretary, before the same shall be debated.

Regulations as to Speaking

35. (a) When a Senator desires to address the Senate, he or she shall rise in his or her place, address the President, and, when recognized, proceed to speak through the public address system.

(b) No Senator may speak more than twice in any one debate on the same day, and at the same stage of the bill, without leave; Senators who have once spoken are not again entitled to the floor (except for explanation) so long as any Senator who has not spoken desires to speak.

(c) When two or more Senators arise at the same time to address the Senate, the presiding officer shall designate the Senator who is entitled to the floor.

(d) No Senator may be interrupted when speaking, and no question may be asked of him or her except through the presiding officer.

(e) The author of a bill, motion, or resolution shall have the privilege of closing the debate.

Order in Debate

36. When a Senator shall be called to order he or she shall sit down until the President shall have determined whether he or she is in order or not. Every question of order shall be decided by the President, subject to an appeal to the Senate by any Senator. If a Senator be called to order for words spoken, the objectionable language shall immediately be taken down in writing by the Secretary of the Senate.

Right to Address the Senate

37. No person other than a Member of the Senate, or the President thereof, may address the Senate while it is in session, except that the Senate may resolve itself into a Committee of the Whole and, while sitting as a Committee of the Whole, may be addressed by persons other than Members.

QUESTIONS AND MOTIONS**Amendments to Measures**

38. When amendments to a measure are reported by a committee or offered from the floor, the amendments shall be submitted in writing.

Adoption of amendments to any measure in the Senate prior to third reading, other than by rollcall, shall not preclude subsequent consideration, in committee or on the third reading of the measure, of the amendments or any part thereof by the Senate.

Amendments to Be Germane

38.5. Every amendment proposed must be germane. In order to be germane, an amendment must relate to the same subject as the original bill, resolution, or other question under consideration.

A point of order may be raised that the proposed amendment or an amendment now in the bill, resolution, or other question under consideration is not germane, so long as the question is within control of the body. In that case the President pro Tempore shall decide whether the point of order is well taken. In the absence of the President pro Tempore, the Vice Chair of the Committee on Rules shall decide whether the point of order is well taken. If, in the opinion of the President pro Tempore or the Vice Chair of the Committee on Rules, the point of order is well taken, the question of germaneness shall on his or her motion be referred to the Committee on Rules for determination. The Committee on Rules shall make its determination by the following legislative day. If the point of order is raised and referral is made on the last legislative day preceding a joint recess, the Committee on Rules shall make its determination before adjourning for the recess.

The proposition shall remain on file until the determination is made. If, upon consideration of the matter, the Committee on Rules determines that the amendment is not germane, the bill, resolution, or other question shall be stricken from the file and may not be acted upon during the remainder of the session, provided that the author of a bill, resolution, or other question shall be given the opportunity to amend the bill, resolution, or other question to delete the portions that are not germane, in which case the bill, resolution, or other question may continue to be acted upon. If the Committee on Rules determines that the amendment is germane, the bill, resolution, or other question may thereafter be acted upon by the house.

Notwithstanding Rule 21, this rule may not be suspended unless the Committee on Rules determines that an extraordinary circumstance and overwhelming public interest exist that justify the suspension.

Amendments From the Floor

38.6. No amendments to a bill, constitutional amendment, concurrent resolution, joint resolution, or Senate resolution offered from the floor, except committee amendments reported with measures or amendments offered with a motion to amend and rerefer to committee, shall be in order unless and until a copy of the proposed amendments provided by the author has been placed upon the desks of the Members.

Motion to Lay on the Table

39. When an amendment proposed to any pending measure shall be laid on the table, it shall not carry with it or prejudice the measure.

Division of a Question

40. If a question in debate contains more than one distinct proposition, any Senator may have the same divided.

The Previous Question

41. The previous question shall be put in the following form: “Shall the question be now put?” It shall require a majority vote of the Senators present, and its effect shall be to put an end to all the debate except that the author of the bill or the amendment shall have the right to close, and the question under discussion shall thereupon be immediately put to a vote.

Call of the Senate

42. Upon a motion being carried for a call of the Senate, the President shall immediately order the doors to be closed, and shall direct the Secretary to call the names of the absentees as disclosed by the last previous rollcall. Thereupon, no Members shall be permitted to leave the Senate Chamber except by written permission of the President pro Tempore or, in his or her absence, of the Vice Chair of the Committee on Rules, or, in the absence of both, of another member of the Committee on Rules designated for that purpose by the President pro Tempore or the Vice Chair of the Committee on Rules. Those Members who are found to be absent and for whom no excuse or insufficient excuses are made may, by order of those present, be taken into custody, as they appear, or may be sent for and then taken into custody by the Sergeant at Arms whenever found, or by special messenger to be appointed for that purpose. In the absence of a quorum, a majority of the Members present may order a rollcall of the Senate and compel the attendance of absentees in the manner above provided.

A call of the Senate may be ordered after the roll has been called and prior to the announcement of the vote. A call of the Senate may be dispensed with at any time upon a majority vote of the Senators present, that action to become effective upon completion of the rollcall and the announcement of the vote upon the matter for which the call was ordered.

No recess may be taken during a call of the Senate. During any call, the call may be made to apply also to other items of business by a motion made and adopted by a majority vote of the Members present. Under those circumstances, when the call of the Senate is dispensed with as to any item of business, the call shall be deemed to be continued in effect until such other items of business as have been made subject to the call by a majority of the Members present shall have been acted upon. When

a call of the Senate is ordered, pending the announcement of the vote upon the completion of a rollcall, the pending rollcall shall become unfinished business, the consideration of which shall be continued until further proceedings under the call of the Senate are dispensed with, when it will forthwith become the order of business before the Senate.

A motion to adjourn is not in order during a call of the Senate.

Reconsideration

43. On the day on which a vote has been taken on any question, a motion to reconsider the vote may be made by any Member.

The motion may be considered on the day made or on the succeeding legislative day, but may not be further postponed without the concurrence of 30 Members.

No vote by which a bill was passed may be reconsidered on the last legislative day preceding the interim study joint recess or the final recess, and no vote by which the bill was passed may be reconsidered on a Senate bill introduced during the first year of the biennium of the legislative session on January 31, or on the last legislative day immediately preceding January 31, of an even-numbered year.

When reconsideration of the vote by which any bill has passed has been demanded, the Secretary may not transmit it to the Assembly until the demand has been disposed of or the time for reconsideration has expired, but if the bill has already been transmitted to the Assembly the demand for reconsideration shall be preceded by a motion to request the Assembly to return the bill. The motion shall be put to a vote immediately without debate and, if not adopted, shall preclude a demand for reconsideration.

A demand to reconsider the vote on any debatable question opens the main question to debate, and the vote on the reconsideration shall be on the merits of the main question.

VOTING BY SENATE

Rescinding

43.5. No action whereby a bill has been passed or defeated may be rescinded without the concurrence of 27 Members.

Voting on Rollcall

44. Whenever a rollcall is required by the Constitution or rules, or is ordered by the Senate or demanded by three Members, every Member within the Senate shall without debate answer “Aye” or “No” when his or her name is called.

The names of Members shall be called alphabetically.

No Senator may vote or change his or her vote after the announcement of the vote by the presiding officer.

On a legislative day when the President pro Tempore or Minority Floor Leader is in attendance throughout a session, he or she, in the absence of any objection, may instruct the Secretary of the Senate to add his or her vote to any previously announced vote that was taken while he or she was performing the responsibilities of the office of President pro Tempore or Minority Floor Leader, provided the outcome of the vote is not thereby changed. This provision does not apply to any rollcall after adjournment of the legislative day during which the rollcall in question was taken. The intent of this paragraph is to allow the President pro

Tempore and the Minority Floor Leader to carry out the unique and special duties of their offices without losing the opportunity to vote on matters before the Senate.

Excused From Voting

45. When a Senator declines or fails to vote on call of his or her name, he or she may, after completion of the rollcall and before the announcement of the vote, be required to assign his or her reasons therefor and, the Senator having assigned them, the presiding officer shall submit the question to the Senate: "Shall the Senator, for the reasons assigned by him or her, be excused from voting?" which question shall be decided without debate. Unless the Senator is excused from voting he or she shall be required to vote.

Voting by Presiding Senator

46. When the President pro Tempore or any other Member of the Senate is presiding over the Senate he or she shall vote on rollcall the same as though he or she were not presiding.

Vote Required

47. Unless otherwise required by the Constitution, the Joint Rules of the Senate and Assembly, or these rules, any action that can be taken by the Senate requires only a majority vote of the Senate, a quorum being present.

The following actions require 30 votes:

(1) To dispense with the constitutional provision requiring a 30-calendar-day delay after introduction before a bill may be heard by any committee or acted upon by either house (Constitution, Art. IV, Sec. 8(a)).

(2) To postpone the reconsideration of a vote beyond the first legislative day succeeding the day the motion was made.

The following actions require 27 votes:

(3) To pass urgency statutes (Constitution, Art. IV, Sec. 8(d)).

(4) To suspend the constitutional provision requiring the reading of bills on three several days (Constitution, Art. IV, Sec. 8(b)).

(5) To pass bills over the Governor's veto (Constitution, Art. IV, Sec. 10).

(6) To prescribe compensation and reimbursement for travel and living expenses of the Members of the Legislature (Constitution, Art. IV, Sec. 4).

(7) To propose an amendment to or revision of the Constitution (Constitution, Art. XVIII, Secs. 1, 2).

(8) To amend or withdraw a proposed legislative constitutional amendment or revision (Constitution, Art. XVIII, Sec. 1).

(9) To classify or exempt personal property for property taxation purpose (Constitution, Art. XIII, Sec. 2).

(10) To permit an exemption of real property from taxation (Constitution, Art. XIII, Sec. 7).

(11) To remove a member of the Public Utilities Commission (Constitution, Art. XII, Sec. 1).

(12) To reconsider the vote by which a concurrent resolution proposing a constitutional amendment is defeated.

(13) To rescind the action whereby a bill has been passed or defeated.

(14) To suspend the rule against lobbying in the Senate Chamber.

(15) To concur in Assembly amendments to, or adopt a report of a committee on conference concerning, constitutional amendments or bills that require 27 votes for passage.

(16) To concur in any Assembly amendments to, or any conference report affecting, any Senate bill that contains an item or items of appropriation subject to Section 12(d) of Article IV of the Constitution.

The following actions require 21 votes:

(17) To adopt, amend, or suspend the rules, except as provided in Rule 21.

(18) To pass bills, unless under other rules a greater vote is required (Constitution, Art. IV, Sec. 8(b)).

(19) To adopt joint or concurrent resolutions.

(20) To reconsider bills, or joint or concurrent resolutions.

(21) To confirm appointments by the Governor, unless a greater vote is required by statute, or to reconsider the same.

(22) To recall a bill from committee.

(23) To concur in Assembly amendments to, or adopt a report of a committee on conference concerning, joint or concurrent resolutions or bills that require 21 votes for passage.

(24) To change a rate of bank and corporation taxation, or tax on insurers, for state purposes (Constitution, Art. XIII, Secs. 27, 28).

(25) To strike from file.

Actions requiring 14 votes:

(26) To reconsider a vote by which a concurrent resolution proposing a constitutional amendment was adopted.

Vote Required for Amendments

48. A constitutional amendment or bill requiring a vote of two-thirds of the Members elected to the Senate for final adoption or passage may be amended by a majority of those voting.

The Secretary of the Senate shall order from the State Printer the number of copies of bills, Journals, Histories, Files, forms, and other printing as shall be necessary.

It shall further be the duty of the Secretary of the Senate to order bills and other legislative publications for which there is a demand, to be printed before the supply of same shall become exhausted.

Printing Only on Written Orders; Rush Orders

53. The State Printer may not charge any printing or other work to the Senate except as required by law unless he or she has a written order from the Secretary of the Senate prior to beginning the printing or other work. All printing orders by the Secretary of the Senate shall be delivered as directed by him or her. The Secretary of the Senate may, when necessity requires it, order from the State Printer the printing that he or she deems necessary to be printed in advance of the regular order of business, under a specially prepared written order to be known as a "Rush Order."

(a) Each Senator and each officer and employee of the Senate has an obligation to be informed and prepared, recognizing all sides of an issue.

(b) Each Senator and each officer and employee of the Senate, when intervening on behalf of a constituent with any governmental agency should make every effort to ensure that decisions affecting any constituent are made on their merits and in a fair and equitable manner.

(c) Each Senator should be accessible to all constituents, making a special effort to attend to the concerns of those who might not otherwise be heard.

(d) Each Senator should fairly characterize the issues confronting the Legislature and accurately inform the public regarding the conduct of his or her office.

Third—That each Senator and each officer and employee of the Senate has an obligation to the public and to his or her colleagues to be informed about, and abide by, the rules that govern the proceedings of the Senate and the Legislature.

TEMPORARY JOINT RULES
OF THE
SENATE AND ASSEMBLY
1997–1998 REGULAR SESSION

(SCR No. 1 (Burton), Resolution Chapter 41, Statutes of 1997,
1997–98 Regular Session, Assembly Journal, p. 1417)

NOTE: The amendments made by Resolution Chapter 89, Statutes of 1997
(SCR 56, 1997–98 Regular Session) are incorporated in these rules.

(Usage and Custom)

TEMPORARY JOINT RULES OF THE SENATE AND ASSEMBLY

Standing Committees

1. Each house shall appoint standing committees as the business of the house may require, the committees, the number of members, and the manner of selection to be determined by the rules of each house.

Joint Meeting of Committees

3. Whenever any bill has been referred by the Senate to one of its committees, and the same or a like bill has been referred by the Assembly to one of its committees, the chairmen or chairwomen of the respective committees, when in their judgment the interests of legislation or the expedition of business will be better served thereby, shall arrange for a joint meeting of their committees for the consideration of the bill.

Effect of Adoption of Joint Rules

3.5. The adoption of the Joint Rules for any extraordinary session shall not be construed as modifying or rescinding the Joint Rules of the Senate and Assembly for any previous session, nor as affecting in any way the status or powers of the committees created by those rules.

Definition of Word "Bill"

4. Whenever the word "bill" is used in these rules, it shall include any constitutional amendment, any resolution ratifying a proposed amendment to the United States Constitution, and any resolution calling for a constitutional convention.

Concurrent and Joint Resolutions

5. Concurrent resolutions relate to matters to be treated by both houses of the Legislature.

Joint resolutions relate to matters connected with the federal government.

Resolutions Treated as Bills

6. Concurrent and joint resolutions, other than resolutions ratifying proposed amendments to the United States Constitution and resolutions calling for constitutional conventions, shall be treated in all respects as bills except as follows:

- (a) They shall be given only one formal reading in each house.
- (b) They shall not be deemed bills within the meaning of subdivision (a) of Section 8 of Article IV of the California Constitution.
- (c) They shall not be deemed bills for the purposes of Rules 10.8, 53, 55, 56, and 61, and subdivisions (a) and (c) of Rule 54 and subdivisions (a) and (b) of Rule 62.
- (d) They shall not, except for those relating to voting procedures on the floor or in committee, be deemed bills for the purposes of subdivision (c) of Rule 62.

PREPARATION AND INTRODUCTION OF BILLS

Title of Bill

7. The title of every bill introduced shall convey an accurate idea of the contents of the bill and shall indicate the scope of the act and the object to be accomplished. In amending a code section, the mere reference to the section by number shall not be deemed sufficient.

Division of Bill Into Sections

8. A bill amending more than one section of an existing law shall contain a separate section for each section amended.

Bills that are not amendatory of existing laws shall be divided into short sections, where this can be done without destroying the sense of any particular section, to the end that future amendments may be made without the necessity of setting forth and repeating sections of unnecessary length.

Digest of Bills Introduced

8.5. No bill may be introduced unless it is contained in a cover attached by the Legislative Counsel and it is accompanied by a digest, prepared and attached to the bill by the Legislative Counsel, showing the changes in the existing law which are proposed by the bill. No bill shall be printed where the body of the bill or the Legislative Counsel's Digest has been altered, unless the alteration has been approved by the Legislative Counsel. If any bill is presented to the Secretary of the Senate or Chief Clerk of the Assembly for introduction, which does not comply with the foregoing requirements of this rule, the Secretary or Chief Clerk shall return it to the member who presented it. The digest shall be printed on the bill as introduced, commencing on the first page thereof.

Digest of Bills Amended

8.6. Whenever a bill is amended in either house, the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be, shall request the Legislative Counsel to prepare an amended digest and cause it to be printed on the first page of the bill as amended. The digest shall be amended to show changes in the existing law which are proposed by the bill as amended, with any material changes in the digest indicated by the use of appropriate type.

Errors in Digest

8.7. If a material error in a printed digest referred to in Rule 8.5 or 8.6 is brought to the attention of the Legislative Counsel, he or she shall prepare a corrected digest which shall show the changes made in the digest as provided in Rule 10 for amendments to bills. He or she shall deliver the corrected digest to the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be. If the correction so warrants in the opinion of the President pro Tempore of the Senate or the Speaker of the Assembly, a corrected print of the bill as introduced shall be ordered with the corrected digest printed thereon.

Bills Amending Title 9 of the Government Code

8.8. A member who is the first-named author of a bill that would amend, add, or repeal any provision of Title 9 (commencing with Section 81000) of the Government Code, upon introduction or amendment of the bill in either house shall notify the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, of the nature of the bill. Thereafter, the Chief Clerk of the Assembly or the Secretary of the Senate shall deliver a copy of the bill as introduced or amended to the Fair Political Practices Commission pursuant to Section 81012 of the Government Code.

Restrictions as to Amendments

9. A substitute or amendment must relate to the same subject as the original bill, constitutional amendment, or resolution under consideration. No amendment shall be in order when all that would be done to the bill is the addition of a coauthor or coauthors, unless the Committee on Rules of the house in which the amendment is to be offered grants prior approval.

Changes in Existing Law to Be Marked by Author

10. In a bill amending or repealing a code section or a general law, any new matter shall be underlined, and any matter to be omitted shall be in type bearing a horizontal line through the center and commonly known as “strikeout” type. When printed the new matter shall be printed in italics, and the matter to be omitted shall be printed in “strikeout” type.

In any amendment to a bill which sets out for the first time a section being amended or repealed, any new matter to be added and any matter to be omitted shall be indicated by the author and shall be printed in the same manner as though the section as amended or repealed were a part of the original bill and was being printed for the first time.

When an entire code is repealed as part of a codification or recodification, or when an entire title, part, division, chapter, or article of a code is repealed, the sections comprising the code, title, part, division, chapter, or article shall not be set forth in the bill or amendment in strikeout type.

Rereferral to Fiscal and Rules Committees

10.5. A bill shall be rereferred to the fiscal committee of each house when it would do any of the following:

- (1) Appropriate money.
- (2) Result in substantial expenditure of state money by:
 - (a) imposing new responsibilities on the state, (b) imposing new or additional duties on a state agency, or (c) liberalizing any state program, function, or responsibility.
- (3) Result in a substantial loss of revenue to the state.
- (4) Result in substantial reduction of expenditures of state money by reducing, transferring, or eliminating any existing responsibilities of any state agency, program, or function.

Concurrent and joint resolutions shall be rereferred to the fiscal committee of each house when they contemplate any action that would involve any of the following:

- (1) Any substantial expenditure of state money.
- (2) Any substantial loss of revenue to the state.

The above requirements do not apply to bills or concurrent resolutions that contemplate the expenditure or allocation of operating funds.

A bill that assigns a study to the Joint Legislative Budget Committee or to the Legislative Analyst shall be rereferred to the respective rules committees. Before the committee may act upon the bill, it shall obtain from the Joint Legislative Budget Committee an estimate of the amount required to be expended to make the study.

This rule may be suspended in either house as to any particular bill by approval of the Committee on Rules of the house and two-thirds vote of the membership of the house.

Heading of Bills

10.7. No bill may indicate in its heading or elsewhere that it was introduced at the request of a state agency or officer or any other person. No bill may contain the words “By request” or words of similar import.

Consideration of Bills

10.8. The limitation contained in subdivision (a) of Section 8 of Article IV of the Constitution may be dispensed with as follows:

(a) A written request for dispensation entitled “Request to Consider and Act on Bill Within 30 Calendar Days” shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, and transmitted to the Committee on Rules of the appropriate house.

(b) The Committee on Rules of the Assembly or Senate, as the case may be, shall determine whether there exists an urgent need for dispensing with the 30-calendar-day waiting period following the bill’s introduction.

(c) If the Committee on Rules recommends that the waiting period be dispensed with, the member may offer a resolution, without further reference thereof to committee, authorizing hearing and action upon the bill before the 30 calendar days have elapsed. The adoption of the resolution shall require an affirmative recorded vote of three-fourths of the elected members of the house in which the resolution is presented.

Printing of Amendments

11. (a) Any bill amended by either house shall be immediately reprinted. Except as otherwise provided in subdivision (b), if new matter is added by the amendment, the new matter shall be printed in italics in the printed bill; if matter is omitted, the matter to be omitted shall be printed in strikeout type. When a bill is amended in either house, the first or previous markings shall be omitted.

(b) If amendments to a bill, including the report of a committee on conference, are adopted that omit the entire contents of the bill, the matter omitted need not be reprinted in the amended version of the bill. Instead, the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be, may select the amended bill and cause to be printed a brief statement to appear after the last line of the amended bill identifying which previously printed version of the bill contains the complete text of the omitted matter.

Manner of Printing Bills

12. The State Printer shall observe the directions of the Joint Rules Committee in printing all bills, constitutional amendments, and concurrent and joint resolutions.

Distribution of Legislative Publications

13. The Secretary of the Senate and the Chief Clerk of the Assembly shall order a sufficient number of bills and legislative publications as may be necessary for legislative requirements.

No complete list of bills may be delivered except upon payment therefor of the amount fixed by the Joint Rules Committee for any regular or extraordinary session. No more than one copy of any bill or other legislative publication, nor more than a total of 100 bills or other legislative publications during a session, may be distributed free to any person, office, or organization. The limitations imposed by this paragraph do not apply to Members of the Legislature, the President of

the Senate, the Secretary of the Senate, or the Chief Clerk of the Assembly for the proper functioning of their respective houses; the Legislative Counsel Bureau; the Attorney General's office; the Secretary of State's office; the Controller's office; the Governor's office; the Clerk of the Supreme Court; the clerk of the court of appeal for each district; the Judicial Council; the California Law Revision Commission; the State Library; the Library of Congress; the libraries of the University of California at Berkeley and at Los Angeles; or accredited members of the press. The State Printer shall fix the cost of the bills and publications, including postage, and moneys as may be received by him or her shall, after deducting the cost of handling and mailing, be remitted on the first day of each month, one-half each to the Secretary of the Senate and the Chief Clerk of the Assembly for credit to legislative printing. Legislative publications heretofore distributed through the Bureau of Documents shall be distributed through the Bill Room. Unless otherwise provided for, the total number of each bill to be printed shall not be more than 2,500.

Legislative Index

13.1. The Legislative Counsel shall provide for the periodic publication of a cumulative Legislative Index, which shall include tables of sections affected by pending legislation. The State Printer shall print the Legislative Index in the quantities, and at the times, determined by the Secretary of the Senate and the Chief Clerk of the Assembly. The costs of that printing shall be paid from the legislative printing appropriation.

Summary Digest

13.3. The Legislative Counsel shall compile and prepare for publication a summary digest of legislation passed at each regular and extraordinary session, which digest shall be prepared in a form suitable for inclusion in the publication of statutes. The digest shall be printed as a separate legislative publication on the order of the Joint Rules Committee, and may be made available to the public in the quantities, and at the prices, determined by the Joint Rules Committee.

Statutory Record

13.5. The Legislative Counsel shall prepare for publication from time to time a cumulative statutory record. The statutory record shall be printed as a legislative publication on the order of the Secretary of the Senate or the Chief Clerk of the Assembly.

OTHER LEGISLATIVE PRINTING

Printing of the Daily Journal

14. The State Printer shall print, in the quantities directed by the Secretary of the Senate and the Chief Clerk of the Assembly, copies of the journal of each day's proceedings of each house. At the end of the session he or she shall also print, as directed by the Secretary of the Senate and the Chief Clerk of the Assembly, a sufficient number of copies properly paged after being corrected and indexed by the Secretary of the Senate and the Chief Clerk of the Assembly, to bind in book form as the journal of the respective houses of the Legislature.

What Shall Be Printed in the Journal

15. The following shall be printed in the journal of each house:

(a) Messages from the Governor and messages from the other house, and the titles of all bills, joint and concurrent resolutions, and constitutional amendments when introduced in, offered to, or acted upon by the house.

(b) Every vote taken in the house, and a statement of the contents of each petition, memorial, or paper presented to the house.

(c) A true and accurate account of the proceedings of the house, when not acting as a Committee of the Whole.

Printing of the Daily File

16. A daily file of bills ready for consideration shall be printed each day for each house when the Legislature is not in joint recess, except days when a house does not meet.

Printing of History

17. Each house shall cause to be printed, once each week, a complete history of all bills, constitutional amendments, and concurrent, joint, and house resolutions originating in, considered, or acted upon by the respective houses and committees thereof. A regular form shall be prescribed by the Secretary of the Senate and the Chief Clerk of the Assembly. The history shall show the action taken upon each measure up to and including the legislative day preceding its issuance. Except for periods when the houses are in joint recess, for each day intervening there shall be printed a daily history showing the consideration given to or action taken upon any measure since the issuance of the complete history.

Authority for Printing Orders

18. The State Printer may not print for use of either house, nor charge to legislative printing, any matter other than provided by law or by the rules, except upon a written order signed by the Secretary of the Senate, on behalf of the Senate, or the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly. Persons authorized to order printing under this rule may, when necessity requires it, order certain matter printed in advance of the regular order, by the issuance of a rush order.

The Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly, are hereby authorized and directed to order and distribute for the members stationery and legislative publications for which there is a demand, and, subject to the rules of their respective houses, to approve the bills covering those orders. All bills for printing must be presented by the State Printer within 30 days after the completion of the printing.

RECORD OF BILLS**Secretary and Chief Clerk to Keep Records**

19. The Secretary of the Senate and the Chief Clerk of the Assembly shall keep a complete and accurate record of every action taken by the Senate and Assembly on every bill.

Secretary and Chief Clerk Shall Endorse Bills

20. The Secretary of the Senate and the Chief Clerk of the Assembly shall endorse on every original or engrossed bill a statement of any action taken by the Senate or Assembly concerning the bill.

ACTION IN ONE HOUSE ON BILL TRANSMITTED FROM THE OTHER**After a Bill Has Been Passed by the Senate or Assembly**

21. When a bill has been passed by either house it shall be transmitted promptly to the other, unless a motion to reconsider or a notice of motion to reconsider has been made or it is held pursuant to some rule or order of the house.

The procedure of referring bills to committees shall be determined by the respective houses.

Messages to Be in Writing Under Proper Signatures

22. Notice of the action of either house to the other shall be in writing and under the signature of the Secretary of the Senate or the Chief Clerk of the Assembly, as the case may be. A receipt shall be taken from the officer to whom the message is delivered.

Uncontested Bills

22.1. Each standing committee may report an uncontested bill out of committee with the recommendation that it be placed on the consent calendar. The Secretary of the Senate and the Chief Clerk of the Assembly shall provide to each committee chairman or chairwoman appropriate forms for that report. As used in this rule, “uncontested bill” means a bill, except a revenue measure or a measure as to which the 30-day limitation prescribed by subdivision (a) of Section 8 of Article IV of the California Constitution has been dispensed with, which (a) receives a do-pass or do-pass-as-amended recommendation from the committee to which it is referred, by unanimous vote of the members present provided a quorum is present, (b) has no opposition expressed by any person present at the committee meeting with respect to the final version of the bill as approved by the committee, and (c) prior to final action by the committee, has been requested by the author to be placed on the consent calendar.

Consent Calendar

22.2. Following its second reading and the adoption of any committee amendments thereto, any bill certified by the committee chairman or chairwoman as an uncontested bill shall be placed by the Secretary of the Senate or the Chief Clerk of the Assembly on the consent calendar, and shall be known as a “consent calendar bill.” Any consent calendar bill that is amended from the floor shall cease to be a consent calendar bill and shall be replaced on the third reading file. Upon objection of any member to the placement or retention of any bill on the consent calendar, the bill shall cease to be a consent calendar bill and shall be replaced on the third reading file. No consent calendar bill shall be considered for adoption until the second legislative day following the day of its placement on the consent calendar.

Consideration of Bills on Consent Calendar

22.3. A bill on the consent calendar is not debatable, except that the President of the Senate or the Speaker of the Assembly shall allow a reasonable time for questions from the floor and shall permit a proponent of the bill to answer the questions. Immediately prior to voting on the first bill on the consent calendar, the President of the Senate or the Speaker of the Assembly shall call to the attention of the members the fact that the next roll call will be the roll call on the first bill on the consent calendar.

The consent calendar shall be considered as the last order of business on the daily file.

PASSAGE AND ENROLLING OF BILLS**Procedure on Defeat of More Than Majority Bill**

23.5. Whenever a bill containing a section or sections requiring for passage an affirmative recorded vote of more than 21 votes in the Senate and more than 41 votes in the Assembly is being considered for passage, and the urgency clause, if the bill is an urgency bill, or the bill, in any case, fails to receive the necessary votes to make all sections effective, no further action may be taken on the bill, except that an amendment to remove all sections requiring the higher vote for passage from the bill shall be in order prior to consideration of further business. If the amendment is adopted, the bill shall be reprinted to reflect the amendment. When the bill is reprinted, it shall be returned to the same place on the file that it occupied when it failed to receive the necessary votes.

Enrollment of Bill After Passage

24. After a bill has passed both houses it shall be printed in enrolled form, omitting symbols indicating amendments, and shall be compared by the Engrossing and Enrolling Clerk and the proper committee of the house where it originated to determine that it is in the form approved by the houses. The enrolled bill shall thereupon be signed by the Secretary of the Senate and Chief Clerk of the Assembly and, except as otherwise provided by these rules, presented without delay to the Governor. The committee shall report the time of presentation of the bill to the Governor to the house and the record shall be entered in the journal. After enrollment and signature by the officers of the Legislature, constitutional amendments, and concurrent and joint resolutions, shall be filed without delay in the office of the Secretary of State and the time of filing shall be reported to the house and the record entered in the journal.

AMENDMENTS AND CONFERENCES**Amendments to Amended Bills Must Be Attached**

25. Whenever a bill or resolution that has been passed in one house is amended in the other, it shall immediately be reprinted as amended by the house making the amendment or amendments. One copy of the amendment or amendments shall be attached to the bill or resolution so amended, and endorsed "adopted"; the amendment or amendments, if concurred in by the house in which the bill or resolution originated, shall be endorsed "concurred in"; and the endorsement shall be signed by the Secretary or Assistant Secretary of the Senate, or the Chief Clerk or Assistant Clerk of the Assembly, as the case may be. However, an

amendment to the title of a bill adopted after the passage of the bill shall not necessitate reprinting, but the amendment must be concurred in by the house in which the bill originated.

Amendments to Concurrent and Joint Resolutions

25.5. When a concurrent or joint resolution is amended, and the only effect of the amendments is to add coauthors, the joint or concurrent resolution shall not be reprinted unless specifically requested by one of the added coauthors, but a list of the coauthors shall appear in the journal and history.

To Concur or Refuse to Concur in Amendments

26. If the Senate amends and passes an Assembly bill, or the Assembly amends and passes a Senate bill, the Senate (if it is a Senate bill) or the Assembly (if it is an Assembly bill) must either “concur” or “refuse to concur” in the amendments. If the Senate concurs (if it is a Senate bill), or the Assembly concurs (if it is an Assembly bill), the Secretary of the Senate or Chief Clerk of the Assembly shall so notify the house making the amendments, and the bill shall be ordered to enrollment.

Reference to Committee

26.5. Pursuant to Rule 26, whenever a bill is returned to its house of origin for a vote on concurrence in an amendment made in the other house, the Legislative Counsel shall promptly prepare and transmit to the Chief Clerk of the Assembly and the Speaker of the Assembly in the case of an Assembly bill, or to the Secretary of the Senate and Chair of the Senate Committee on Rules in the case of a Senate bill, a brief digest summarizing the effect of the amendment made in the other house. The Secretary or Chief Clerk shall, upon receipt from the Legislative Counsel, cause the digest to be printed in the Daily File immediately following any reference to the bill covered by the digest. A motion to concur or refuse to concur in the amendment shall not be in order until the Legislative Counsel’s Digest has appeared in the file or an analysis of the bill has been prepared and distributed pursuant to Senate Rule 29.8 or Assembly Rule 77.

If the digest discloses that the amendment of the other house has made a substantial substantive change in the bill as first passed by the house of origin, the bill shall, on motion of the Chair of the Senate Committee on Rules, if it be a Senate bill, be referred to the Senate Committee on Rules for reference to an appropriate standing committee. If the bill is an Assembly bill it shall be referred by the Speaker to the appropriate committee.

Upon receipt of the bill, the committee may vote to recommend concurrence or nonconcurrence in the amendment or the committee may hold the bill. The committee shall be subject to all the requirements for procedure provided under Rule 62 for committees, other than committees of first referral, and shall be subject to other requirements for normal committee procedure as the Assembly or Senate may separately provide in the standing rules of their respective houses.

Any of the provisions of this rule may be dispensed with regard to a particular bill in its house of origin upon an affirmative vote of a majority of the members of that house.

Concurring in Amendments Adding Urgency Section

27. When a bill that has been passed in one house is amended in the other by the addition of a section providing that the act shall take effect immediately as an urgency statute, and is returned to the house in which it originated for concurrence in the amendment or amendments thereto, the procedure and vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the membership of the house vote in the affirmative, the presiding officer shall then direct that the question of whether the house shall concur in the amendment or amendments shall be put to a vote. If two-thirds of the membership of the house vote in the affirmative, concurrence in the amendments shall be effective.

If the affirmative vote on either of the questions is less than two-thirds of the membership of the house, the effect is a refusal to concur in the amendment or amendments, and the procedure thereupon shall be as provided in Rule 28.

When Senate or Assembly Refuses to Concur

28. If the Senate (if it is a Senate bill) or the Assembly (if it is an Assembly bill) refuses to concur in amendments to the bill made by the other house, and the other house has been notified of the refusal to concur, a conference committee shall be appointed for each house in the manner prescribed by these rules. The Senate Committee on Rules, on behalf of the Senate, and the Speaker of the Assembly, on behalf of the Assembly, shall each appoint a committee of three on conference, and the Secretary of the Senate or the Chief Clerk of the Assembly shall immediately notify the other house of the action taken.

Committee on Conference

28.1. (a) The Senate Committee on Rules and the Speaker of the Assembly, in appointing a committee on conference, shall each select two members from those voting with the majority on the point about which the difference has arisen, and the other member from the minority, in the event there is a minority vote.

Whether a member has voted with the majority or minority on the point about which the difference has arisen is determined by his or her vote on the appropriate roll call, as follows:

(1) In the Assembly—

(A) The roll call on the question of final passage of a Senate bill amended in the Assembly when the Senate has refused to concur with the Assembly amendments.

(B) The roll call on the question of concurrence with Senate amendments to an Assembly bill.

(2) In the Senate—

(A) The roll call on the question of final passage of an Assembly bill amended in the Senate when the Assembly has refused to concur with the Senate amendments.

(B) The roll call on the question of concurrence with Assembly amendments to a Senate bill.

(b) Either house may suspend this rule by a two-thirds vote of the membership of the house.

Meetings and Reports of Committees on Conference

29. The first Senator named on the conference committee shall act as chairman or chairwoman of the committee from the Senate, and the first Member of the Assembly named on the committee shall act as chairman or chairwoman of the committee from the Assembly. The chairman or chairwoman of the committee on conference for the house of origin of the bill shall arrange the time and place of meeting of the conference committee, and shall prepare or direct the preparation of reports. It shall require an affirmative vote of not less than two of the Assembly Members and two of the Senate Members constituting the committee on conference to agree upon a report, and the report shall be submitted to both the Senate and the Assembly. The committee on conference shall report to both the Senate and the Assembly. The report is not subject to amendment. If either house refuses to adopt the report, the conferees shall be discharged and other conferees appointed, except that no more than three different conference committees shall be appointed on any one bill. No member who has served on a committee on conference may be appointed a member of another committee on conference on the same bill. It shall require the same affirmative recorded vote to adopt any conference report as required by the California Constitution upon the final passage of the bill affected by the report. It shall require an affirmative recorded vote of two-thirds of the entire elected membership of each house to adopt any conference report affecting any bill that contains an item or items of appropriation that are subject to subdivision (d) of Section 12 of Article IV of the California Constitution. The report of a conference committee shall be in writing, and shall have affixed thereto the signatures of each Senator and each Member of the Assembly consenting to the report. Space shall also be provided where a member of a conference committee may indicate his or her dissent in the committee's findings. Any dissenting member may have attached to a conference committee report a dissenting report which shall not exceed, in length, the majority committee report. A copy of any amendments proposed in the majority report shall be placed on the desk of each member of the house before it is acted upon by the house.

The vote on concurrence or upon the adoption of the conference report shall be deemed the vote upon final passage of the bill.

Conference Committees

29.5. (a) All meetings of any conference committee on the Budget Bill shall be open and readily accessible to the public.

No conference committee on any bill may meet, consider, or act on the subject matter of the bill except in a meeting that is open and readily accessible to the public, unless the action is on a report determined by the Legislative Counsel to be nonsubstantive. The Legislative Counsel shall examine each proposed report and shall note upon the face of the report that the amendments proposed are "substantive" or "nonsubstantive" as the case may be.

The chairman or chairwoman of the conference committee of each house shall give notice to the file clerk of their respective houses of the time and place of the meeting. Notice of each public meeting shall be published in the file of each house one calendar day prior to the meeting, except that the notice shall not be required for a meeting of a conference committee on the Budget Bill. When this subdivision is waived with

respect to a meeting of any public conference committee, or when there is a meeting of a conference committee on the Budget Bill, every effort shall be made to inform the public that a meeting has been called. When this subdivision has been waived with respect to the meeting of any public conference committee, the chairman or chairwoman of the conference committee of each house shall immediately notify the chairman or chairwoman of the policy committee of their respective houses that considered the bill in question of the waiver, and of the time and place of the meeting.

(b) The first committee on conference of the Budget Bill, if a committee is appointed, shall submit its report to each house no later than 15 days after the Budget Bill has been passed by both houses. If the report is not submitted by that date, the conference committee shall be deemed to have reached no agreement and shall so inform each house pursuant to Rule 30.7.

(c) A committee on conference of the Budget Bill may consider only differences between the Assembly version of the Budget Bill as passed by the Assembly and the Senate version of the Budget Bill as passed by the Senate, and may not approve any item of expenditure or control that exceeds that contained in one of the two versions before the conference committee.

(d) No conference committee on any bill, other than the Budget Bill, may approve any substantial financial provision in any bill if the financial provision has not been heard by the fiscal committee of each house, nor may any conference committee approve substantial policy changes that have not been heard by the policy committee of each house.

(e) No waiver of the one-calendar-day file notice requirement of subdivision (a) shall be effective for longer than three calendar days.

Conference Committee Reports

30. Upon submission of any report of a committee on conference recommending that the bill be further amended, the bill shall be reprinted incorporating the amendments recommended by the conference committee. The consideration of the report of a committee on conference shall not be in order until the bill, in the form recommended by the report of the committee on conference, has both been in print and been noticed in the Daily File for not less than one legislative day.

If the conference committee's report recommends only that the amendments of the Senate or the Assembly "be concurred in," consideration of the report shall be in order at any time, and reprinting of the bill shall not be required, but notice shall appear in the Daily File for not less than one legislative day.

No conference committee report is in order unless it has been received by the Secretary of the Senate and the Chief Clerk of the Assembly at least three calendar days preceding the scheduled commencement of the summer, interim, or final recesses of the Legislature.

This rule may be suspended as to any particular conference committee report by a two-thirds vote of the membership of either house.

This rule does not apply to a report of a committee on conference on the Budget Bill.

Conference Committee Reports on Urgency Statutes

30.5. When the report of a committee on conference recommends the amendment of a bill by the addition of a section providing that the act shall take effect immediately as an urgency statute, the procedure and the vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the presiding officer shall then direct that the question of whether the house shall adopt the report of the committee on conference shall be put to a vote. If two-thirds of the members elected to the house vote in the affirmative, the adoption of the report and the amendments proposed thereby shall be effective.

If the affirmative vote on either of the questions is less than two-thirds of the members elected to the house, the effect is a refusal to adopt the report of the committee on conference.

Failure to Agree on Report

30.7. A conference committee may find and determine that it is unable to submit a report to the respective houses, upon the affirmative vote to that effect of not less than two of the Assembly Members and not less than two of the Senate Members constituting the committee. That finding may be submitted to the Chief Clerk of the Assembly and the Secretary of the Senate in the form of a letter from the chairman or chairwoman of the committee on conference for the house of origin of the bill, containing the signatures of the members of the committee consenting to the finding and determination that the committee is unable to submit a report. The Chief Clerk of the Assembly and the Secretary of the Senate, upon being notified that a conference committee is unable to submit a report, shall so inform each house, whereupon the conferees shall be discharged and other conferees appointed, in accordance with the provisions of Rule 29.

MISCELLANEOUS PROVISIONS**Authority When Rules Do Not Govern**

31. All relations between the houses that are not covered by these rules shall be governed by Mason's Manual.

Press Rules

32. (a) Any person desiring privileges of an accredited press representative shall make application to the Joint Rules Committee. The application shall constitute compliance with any provisions of the rules of the Assembly or the Senate with respect to registration of news correspondents. The application shall state in writing the name of any daily newspaper, periodic publication, news association, or radio or television station that employs the press representative, and any other occupations or employment he or she may have. The press representative shall further declare in the application that he or she is not employed, directly or indirectly, to assist in the prosecution of the legislative business of any person, corporation, or association, and will not become so employed while retaining the privilege of an accredited press representative.

(b) The application required by subdivision (a) of this rule shall be authenticated in a manner that shall be satisfactory to the Standing Committee of the Capitol Correspondents Association, which shall see that occupation of seats and desks in the Senate and the Assembly

Chambers is confined to bona fide correspondents of reputable standing in their business, who represent daily newspapers requiring a daily file of legislative news, qualified periodic publications, or news associations requiring daily telegraphic or radio or television service on legislative news. It shall be the duty of the standing committee, at its discretion, to report any violation of accredited press privileges to the Speaker of the Assembly or the Senate Committee on Rules and, pending action thereon, the offending correspondent may be suspended by the standing committee.

(c) Except as otherwise provided in this subdivision, persons engaged in other occupations whose chief attention is not given to newspaper correspondence or to news associations requiring telegraphic or radio or television service are not entitled to the privileges accorded accredited press representatives. The press list in the Handbook of the California Legislature and the Senate and Assembly Histories shall be a list of only those persons authenticated by the Standing Committee of the Capitol Correspondents Association. Accreditation may be granted to any bona fide correspondent of reputable standing employed by a periodic publication of general circulation if the applicant is employed on a full-time basis in the capitol area preparing articles dealing with state government and politics and the publication is not an organ or organization involved in legislative advocacy.

(d) The press seats and desks in the Senate and Assembly Chambers shall be under the control of the standing committee of correspondents, subject to the approval and supervision of the Speaker of the Assembly and the Senate Committee on Rules. Press cards shall be issued by the President of the Senate and the Speaker of the Assembly only to correspondents properly accredited in accordance with the provisions of this rule.

(e) One or more rooms shall be assigned for the exclusive use of correspondents during the legislative session, which rooms shall be known as the Press Room. The Press Room shall be under the control of the Chief of the Office of Buildings and Grounds, provided that all rules and regulations must be approved by the Senate Committee on Rules and the Speaker of the Assembly.

(f) No accredited member of the Capitol Correspondents Association shall, for compensation, perform any service for state constitutional officers or members of their staffs, for state agencies, for the Legislature, for candidates for state office, for a state officeholder, or for any person registered or performing as a legislative advocate.

(g) An accredited member of the association who violates subdivision (a) or (f) of this rule shall be subject to the following penalties:

(1) For the first offense, the Standing Committee of the Capitol Correspondents Association shall send a letter of admonition to the offending member, his or her employer, and the Joint Rules Committee. The letter shall state the nature of the member's rule violation and shall warn of an additional penalty for a second offense.

(2) For a second offense, the Standing Committee of the Capitol Correspondents Association shall recommend to the Joint Rules Committee that the member's accreditation be suspended or revoked and that he or she lose all rights and privileges attached thereto. The

Standing Committee of the Capitol Correspondents Association shall also dismiss the member from the association.

Any member of the Standing Committee of the Capitol Correspondents Association may propose that the committee make an inquiry to determine if an association member has violated subdivision (a) or (f) of this rule. Upon a majority vote of the Standing Committee of the Capitol Correspondents Association, an inquiry shall be made.

Upon receipt of a signed, written notice from any association member of his or her belief that another association member may have violated subdivision (a) or (f) of this rule, the Standing Committee of the Capitol Correspondents Association shall commence an inquiry into the possible violation.

If the Standing Committee of the Capitol Correspondents Association determines by majority vote that an association member has violated an association rule, it shall inform the member of its finding. Within two weeks of notification, the member may request a meeting of the membership. If the member makes a request, the Standing Committee of the Capitol Correspondents Association shall promptly schedule a meeting at the earliest possible time. After hearing the member and the committee review the circumstances of the alleged violation, the membership may, by majority vote, nullify the finding of the Standing Committee of the Capitol Correspondents Association. If nullification does not occur, the Standing Committee of the Capitol Correspondents Association shall impose immediately the appropriate penalty.

Dispensing With Joint Rules

33. No joint rule may be dispensed with except by a vote of two-thirds of each house or as otherwise provided in these rules. If either house violates a joint rule, a question of order may be raised in the other house and decided in the same manner as in the case of the violation of the rules of the house. If it is decided that the joint rules have been violated, the bill involving the violation shall be returned to the house in which it originated, and the disputed matter shall be considered in like manner as in conference committee.

Dispensing with Joint Rules: Unanimous Consent

33.1. Notwithstanding any other rule, a joint rule that may be dispensed with by one house may be done so by unanimous consent if the rules committee of that house has approved.

Opinions of Legislative Counsel

34. Whenever the Legislative Counsel issues an opinion to any person other than the first-named author analyzing the constitutionality, operation, or effect of a bill or other legislative measure that is then pending before the Legislature or of any amendment made or proposed to be made to the bill or measure, he or she is authorized and instructed to deliver two copies of the opinion to the first-named author as promptly as feasible after the delivery of the original opinion and also to deliver a copy to any other author of the bill or measure who so requests. A copy of any letter prepared by the Legislative Counsel for the sole purpose of advising a member of a conflict between two or more bills as to the sections of law being amended, repealed, or added shall be submitted to the chairman or chairwoman of the committee to which each bill has been referred.

Resolutions Prepared by Legislative Counsel

34.1. Whenever the Legislative Counsel has been requested to draft a resolution commemorating or taking note of any event, or a resolution congratulating or expressing sympathy toward any person, and subsequently receives a similar request from another Member of the Legislature, he or she shall inform that requester and each subsequent requester that a resolution is being, or has been, prepared, and he or she shall inform them of the name of the Member for whom the resolution was, or is being, prepared.

Resolutions

34.2. A concurrent resolution, Senate resolution, or House resolution may be introduced to memorialize the death of a present or former state or federal elected official or a member of his or her immediate family. In all other instances, a resolution other than a concurrent resolution, as specified by the Committee on Rules of each house, or as provided by the Joint Rules Committee in those cases requiring that the resolution should emanate from both houses, shall be used for the purpose of commendation, congratulation, sympathy, or regret with respect to any person, group, or organization.

No concurrent resolution requesting the Governor to issue a proclamation shall be introduced without the prior approval of the Committee on Rules of the house in which the resolution is to be introduced.

Identical Drafting Requests

34.5. Whenever it comes to the attention of the Legislative Counsel that a member has requested the drafting of a bill that will be substantially identical to one already introduced, the Legislative Counsel shall inform the member of that fact.

Expense of Members

35. As provided in Section 8902 of the Government Code, each Member of the Legislature is entitled to reimbursement for living expenses while required to be in Sacramento to attend a session of the Legislature, while traveling to and from or in attendance at a committee meeting, or while attending to any legislative function or responsibility as authorized or directed by legislative rules or the Committee on Rules of the house of which he or she is a member, at the same rate as may be established by the State Board of Control for other elected state officers. Each member shall be reimbursed for travel expenses incurred in traveling to and from a session of the Legislature, when traveling to and from a meeting of a committee of which he or she is a member, or when traveling pursuant to any other legislative function or responsibility as authorized or directed by legislative rules or the Committee on Rules of the house of which he or she is a member, at the rate prescribed by Section 8903 of the Government Code.

Expense allowances for Members of the Senate and Assembly shall be approved and certified to the Controller by the Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly or other person authorized by the Assembly Committee on Rules, on behalf of the Assembly, weekly or as otherwise directed by either house, and upon certification the Controller shall draw his or her warrants in payment of the allowances to the respective members.

Investigating Committees

36. In order to expedite the work of the Legislature either house, or both houses jointly, may by resolution or statute provide for the appointment of committees to ascertain facts and to make recommendations as to any subject within the scope of legislative regulation or control.

The resolution providing for the appointment of a committee pursuant to this rule shall state the purpose of the committee and the scope of the subject concerning which it is to act, and may authorize it to act either during sessions of the Legislature or, when authorization may lawfully be made, after final adjournment.

In the exercise of the power granted by this rule, each committee may employ clerical, legal, and technical assistants as may be authorized by:

(a) the Joint Committee on Rules in the case of a joint committee, (b) the Senate Committee on Rules in the case of a Senate committee, or (c) the Assembly Committee on Rules in the case of an Assembly committee.

Except as otherwise provided herein for joint committees or by the rules of the Senate or the Assembly for single house committees, each committee may adopt and amend rules governing its procedure as may appear necessary and proper to carry out the powers granted and duties imposed under this rule. The rules may include provisions fixing the quorum of the committee and the number of votes necessary to take action on any matter. With respect to all joint committees, a majority of the membership from each house constitutes a quorum, and an affirmative vote of a majority of the membership from each house is necessary for the committee to take action.

Each committee is authorized and empowered to summon and subpoena witnesses, to require the production of papers, books, accounts, reports, documents, records, and papers of every kind and description, to issue subpoenas, and to take all necessary means to compel the attendance of witnesses and to procure testimony, oral and documentary.

Each member of the committees is authorized and empowered to administer oaths, and all of the provisions of Chapter 4 (commencing with Section 9400) of Part 1 of Division 2 of Title 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and the committees thereof, shall apply to the committees.

The Sergeant at Arms of the Senate or Assembly, or other person as may be designated by the chairman or chairwoman of the committee, shall serve any and all subpoenas, orders, and other process that may be issued by the committee, when directed to do so by the chairman or chairwoman, or by a majority of the membership of the committee.

Every department, commission, board, agency, officer, and employee of the state government, including the Legislative Counsel and the Attorney General and their subordinates, and of every political subdivision, county, city, or public district of or in this state, shall give and furnish to these committees and to their subcommittees upon request information, records, and documents as the committees deem necessary or proper for the achievement of the purposes for which each committee was created.

Each committee or subcommittee of either house, in accordance with the rules of that respective house, and each joint committee or subcommittee thereof, may meet at any time during the period in which it is authorized to act, either at the State Capitol or at any other place in

the State of California, in public or executive session, and do any and all things necessary or convenient to enable it to exercise the powers and perform the duties herein granted to it or accomplish the objects and purposes of the resolution creating it, subject to the following exceptions:

(a) When the Legislature is in session:

(1) No committee or subcommittee of either house may meet outside the State Capitol without the prior approval of the Senate Committee on Rules with respect to Senate committees and subcommittees, or the Speaker of the Assembly with respect to Assembly committees and subcommittees.

(2) No committee or subcommittee of either house, other than a standing committee or subcommittee thereof, may meet unless notice of the meeting has been printed in the daily file for four days prior thereto. This requirement may be waived by a majority vote of either house with respect to a particular bill.

(3) No joint committee or subcommittee thereof, other than the Joint Committees on Legislative Audit, Legislative Budget, and Rules, may meet outside the State Capitol without the prior approval of the Joint Rules Committee.

(4) No joint committee or subcommittee thereof, other than the Joint Committees on Legislative Audit, Legislative Budget, and Rules, may meet unless notice of the meeting has been printed in the daily file for four days prior thereto.

(b) When the Legislature is in joint recess, each joint committee or subcommittee, other than the Joint Committees on Legislative Audit, Legislative Budget, and Rules, shall notify the Joint Rules Committee at least two weeks prior to a meeting.

(c) The requirements placed upon joint committees by subdivisions (a) and (b) of this rule may be waived as deemed necessary by the Joint Rules Committee.

Each committee may expend such money as may be made available to it for its purpose, but no committee shall incur any indebtedness unless money has been first made available therefor.

No living expenses may be allowed in connection with legislative business for a day on which the member receives reimbursement for expenses while required to be in Sacramento to attend a session of the Legislature. The chairman or chairwoman of each committee shall audit and approve the expense claims of the members of the committee, including claims for mileage in connection with attendance on committee business, or in connection with specific assignments by the committee chairman or chairwoman, but excluding other types of mileage, and shall certify the amount approved to the Controller. The Controller shall draw his or her warrants upon the certification of the chairman or chairwoman.

Subject to the rules of each house for the respective committees of each house, and subject to the joint rules for any joint committee, the chairman or chairwoman of any committee may appoint subcommittees and chairmen or chairwomen thereof for the purpose of more expeditiously handling and considering matters referred to it, and the subcommittees and the chairmen or chairwomen thereof shall have all the powers and authority herein conferred upon the committee and its chairman or chairwoman. The chairman or chairwoman of the subcommittee shall audit the expense claims of the members of the

subcommittees, and other claims and the expenses incurred by it, and shall certify the amount thereof to the chairman or chairwoman of the committee, who shall, if he or she approves the same, certify the amount thereof to the Controller; the Controller shall draw his or her warrant therefor upon that certification, and the Treasurer shall pay the same. Any committee or subcommittee thereof that is authorized to leave the State of California in the performance of its duties shall, while out of the state, have the same authority as if it were acting and functioning within the state, and the members thereof shall be reimbursed for expenses.

Notwithstanding any other provision of this rule, if the standing rules of either house require that expense claims of committees for goods or services, pursuant to contracts, or for expenses of employees or members of committees be audited or approved, after approval of the committee chairman or chairwoman, by another agency of either house, the Controller shall draw his or her warrants only upon the certification of the other agency. All expense claims approved by the chairman or chairwoman of any joint committee, other than the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall be approved by the Joint Rules Committee, and the Controller shall draw his or her warrants only upon the certification of the Joint Rules Committee.

Except salary claims of employees clearly subject to federal withholding taxes and the requirement as to loyalty oaths, claims presented for services or pursuant to contract shall refer to the agreement, the terms of which shall be made available to the Controller.

Expenses of Committee Employees

36.1. Unless otherwise provided by respective house or committee rule or resolution, employees of legislative committees shall, when entitled to traveling expenses, be entitled to allowances in lieu of actual expenses for hotel accommodations, breakfast, lunch, and dinner, at the rates fixed by the State Board of Control from time to time in limitation of reimbursement of expenses of state employees generally. However, if an allowance for hotel accommodations, breakfast, lunch, and dinner is made by a committee at a rate in excess of the rate fixed by the State Board of Control, the chairman or chairwoman of the committee shall notify the Controller of that fact in writing.

Appointment of Committees

36.5. This rule applies whenever a joint committee is created by a statute or resolution which either provides that appointments be made and vacancies be filled in the manner provided for in the Joint Rules, or makes no provision for the appointment of members or the filling of vacancies.

The Senate members of the committee shall be appointed by the Senate Committee on Rules; the Assembly members of the committee shall be appointed by the Speaker of the Assembly; and vacancies occurring in the membership of the committee shall be filled by the respective appointing powers. The members appointed shall hold over until their successors are regularly selected.

Appointment of Joint Committee Chairmen or Chairwomen

36.7. The chairman or chairwoman of each joint committee heretofore or hereafter created, except the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall be appointed by the Joint Rules Committee from a member or members recommended by the Senate Committee on Rules and the Speaker of the Assembly.

Joint Committee Funds

36.8. Each joint committee heretofore or hereafter created, except the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, shall expend the funds heretofore or hereafter made available to it in compliance with the policies set forth by the Joint Rules Committee with respect to personnel, salaries, purchasing, office space assignment, contractual services, rental or lease agreements, travel, and any and all other matters relating to the management and administration of committee affairs.

Joint Legislative Budget Committee

37. In addition to any other committee provided for by these rules, there shall be a joint committee to be known as the Joint Legislative Budget Committee, which is hereby declared to be a continuing body.

It shall be the duty of the committee to ascertain facts and make recommendations to the Legislature and to the houses thereof concerning the State Budget, the revenues and expenditures of the state, and the organization and functions of the state and its departments, subdivisions, and agencies, with a view to reducing the cost of the state government and securing greater efficiency and economy.

The committee shall consist of eight Members of the Senate and eight Members of the Assembly. The Senate members of the committee shall be appointed by the Senate Committee on Rules. The Assembly members of the committee shall be appointed by the Speaker of the Assembly. The committee shall select its own chairman or chairwoman.

Any vacancy occurring at any time in the Senate membership of the Joint Legislative Budget Committee shall be filled by the Senate Committee on Rules, and the Senators appointed shall hold over until their successors are regularly selected. For the purposes of this rule, a vacancy shall be deemed to exist as to a Senator whose term is expiring whenever he or she is not reelected at the general election.

Any vacancy occurring at any time in the Assembly membership of the Joint Legislative Budget Committee shall be filled by appointment by the Speaker of the Assembly, and the Members of the Assembly appointed shall hold over between regular sessions until their successors are regularly selected. For the purposes of this rule, a vacancy shall be deemed to exist as to a Member of the Assembly whose term is expiring whenever he or she is not reelected at the general election.

The committee shall have the authority to make rules to govern its own proceedings and its employees. It may also create subcommittees from its membership, assigning to its subcommittees any study, inquiry, investigation, or hearing that the committee itself has authority to undertake or hold. A subcommittee for the purpose of this assignment shall have and may exercise all the powers conferred upon the committee, limited only by the express terms of any rule or resolution of

the committee defining the powers and duties of the subcommittee. Those powers may be withdrawn or terminated at any time by the committee.

The Joint Legislative Budget Committee may render services to any investigating committee of the Legislature pursuant to contract between the Joint Legislative Budget Committee and the committee for which the services are to be performed. The contract may provide for payment to the Joint Legislative Budget Committee of the cost of the services from the funds appropriated to the contracting investigating committee. All legislative investigating committees are authorized to enter into those contracts with the Joint Legislative Budget Committee. Money received by the Joint Legislative Budget Committee pursuant to any agreement shall be in augmentation of the current appropriation for the support of the Joint Legislative Budget Committee.

The provisions of Rule 36 shall apply to the Joint Legislative Budget Committee, which has all the authority provided in that rule or pursuant to Section 11 of Article IV of the Constitution.

The committee shall have authority to appoint a Legislative Analyst, to fix his or her compensation, to prescribe his or her duties, and to appoint any other clerical and technical employees as may appear necessary. The duties of the Legislative Analyst shall be as follows:

(1) To ascertain the facts and make recommendations to the Joint Legislative Budget Committee and, under its direction, to the committees of the Legislature concerning:

- (a) The State Budget.
- (b) The revenues and expenditures of the state.
- (c) The organization and functions of the state and its departments, subdivisions, and agencies.

(2) To assist the Senate Budget and Fiscal Review Committee and the Assembly Committees on Appropriations and Budget in consideration of the Budget, all bills carrying express or implied appropriations, and all legislation affecting state departments and their efficiency; to appear before any other legislative committee; and to assist any other legislative committee upon instruction by the Joint Legislative Budget Committee.

(3) To provide all legislative committees and Members of the Legislature with information obtained under the direction of the Joint Legislative Budget Committee.

(4) To maintain a record of all work performed by the Legislative Analyst under the direction of the Joint Legislative Budget Committee, and to keep and make available all documents, data, and reports submitted to him or her by any Senate, Assembly, or joint committee. The committee may meet either during sessions of the Legislature, any recess thereof, or after final adjournment, and may meet or conduct business at any place within the State of California.

The chairman or chairwoman of the committee or, in the event of that person's inability to act, the vice chairman or vice chairwoman, shall audit and approve the expenses of members of the committee or salaries of the employees, and all other expenses incurred in connection with the performance of its duties by the committee. The chairman or chairwoman shall certify to the Controller the expense amount approved, the Controller shall draw his or her warrants upon the certification of the chairman or chairwoman, and the Treasurer shall pay

the same to the chairman or chairwoman of the committee, to be disbursed by the chairman or chairwoman.

On and after the commencement of a succeeding regular session, those members of the committee who continue to be Members of the Senate and Assembly, respectively, continue as members of the committee until their successors are appointed, and the committee continues with all its powers, duties, authority, records, papers, personnel, and staff, and all funds theretofore made available for its use.

Upon the conclusion of its work, any Assembly, Senate, or joint committee (other than a standing committee) shall deliver to the Legislative Analyst for use and custody all documents, data, reports, and other materials that have come into the possession of the committee and that are not included within the final report of the committee to the Assembly, Senate, or the Legislature, as the case may be. The documents, data, reports, and other materials shall be available, upon request, to Members of the Legislature, the Senate Office of Research, and the Assembly Office of Research.

The Legislative Analyst, with the consent of the committee, shall make available to any Member or committee of the Legislature any other reports, records, documents, or other data under his or her control, except that reports prepared by the Legislative Analyst in response to a request from a Member or committee of the Legislature shall be made available only with the written permission of the member or committee who made the request.

The Legislative Analyst, upon the receipt of a request from any committee or Member of the Legislature to conduct a study or provide information that falls within the scope of his or her responsibilities and that concerns the administration of the government of the State of California, shall at once advise the Joint Legislative Budget Committee of the nature of the request without disclosing the name of the Member or committee making the request.

The Legislative Analyst shall immediately undertake to provide the requesting committee or legislator with the service or information requested, and shall inform the committee or legislator of the approximate date when this information will be available. Should there be any material delay, he or she shall subsequently communicate this fact to the requester.

Neither the Committee on Rules of either house nor the Joint Rules Committee may assign any matter for study to the Joint Legislative Budget Committee or the Legislative Analyst without first obtaining from the Joint Legislative Budget Committee an estimate of the amount required to be expended by it to make the study.

Any concurrent, joint, Senate, or House resolution assigning a study to the Joint Legislative Budget Committee or to the Legislative Analyst shall be referred to the respective rules committees. Before the committees may act upon or assign the resolution, they shall obtain an estimate from the Joint Legislative Budget Committee of the amount required to be expended to make the study.

Citizen Cost Impact Report

37.1. Any Member or committee of the Legislature may recommend that the Legislative Analyst prepare a citizen cost impact analysis on proposed legislation. However, the recommendation shall first be reviewed by the Committee on Rules of the house where the

recommendation originated, and this committee shall make the final determination as to which bills shall be assigned for preparation of an impact analysis.

In selecting specific bills for assignment to the Legislative Analyst for preparation of citizen cost impact analyses, the Committee on Rules shall request the Legislative Analyst to present an estimate of his or her time and prospective costs for preparing the analyses. Only those bills that have a potential significant cost impact shall be assigned. Where necessary, the Committee on Rules shall provide funds to offset added costs incurred by the Legislative Analyst.

The citizen cost impact analyses shall include those economic effects that the Legislative Analyst deems significant and that he or she believes will result directly from the proposed legislation. Insofar as feasible, the economic effects considered by the Legislative Analyst shall include, but are not limited to, the following:

- (a) The economic effect on the public generally.
- (b) Any specific economic effect on persons or businesses in the case of legislation that is regulatory.

The Legislative Analyst shall submit the citizen cost impact analyses to the committee or committees when completed, and at the time or times designated by the Committee on Rules.

The Legislative Analyst shall submit from time to time, but at least once a year, a report to the Legislature on the trends and directions of the state's economy, and shall list the alternatives and make recommendations as to legislative actions that, in his or her judgment, will insure a sound and stable state economy.

Joint Legislative Audit Committee

37.3. The Joint Legislative Audit Committee is created pursuant to the Legislature's rulemaking authority under the California Constitution, and pursuant to Chapter 4 (commencing with Section 10500) of Part 2 of Division 2 of Title 2 of the Government Code. The committee shall consist of seven Members of the Senate and seven Members of the Assembly, who shall be selected in the manner provided for in these rules. Notwithstanding any other provision of these rules, four members from each house constitute a quorum of the Joint Legislative Audit Committee and the number of votes necessary to take action on any matter. The Chairman or Chairwoman of the Joint Legislative Audit Committee, upon receiving a request by any Member of the Legislature or committee thereof for a copy of a report prepared or being prepared by the Bureau of State Audits, shall provide the member or committee with a copy of the report when it is, or has been, submitted by the Bureau of State Audits to the Joint Legislative Audit Committee.

Study or Audits

37.4. (a) Notwithstanding any other provision of law, the Joint Legislative Audit Committee shall establish priorities and assign all work to be done by the Bureau of State Audits.

(b) Any bill requiring action by the Bureau of State Audits shall contain an appropriation for the cost of any study or audit.

(c) Any bill or concurrent, joint, Senate, or House resolution assigning a study to the Joint Legislative Audit Committee or to the Bureau of State Audits shall be referred to the respective rules committees. Before the committees may act upon or assign the bill or

resolution, they shall obtain an estimate from the Joint Legislative Audit Committee of the amount required to be expended to make the study.

Waiver

37.5. Subdivision (b) of Rule 37.4 may be waived by the Joint Legislative Audit Committee. The chairman or chairwoman of the committee shall notify the Secretary of the Senate, the Chief Clerk of the Assembly, and the Legislative Counsel in writing when subdivision (b) of Rule 37.4 has been waived. If the cost of a study or audit is less than one hundred thousand dollars (\$100,000), the chairman or chairwoman of the committee may exercise the committee's authority to waive subdivision (b) of Rule 37.4.

Administrative Regulations

37.7. (a) Any Member of the Senate may request the Senate Committee on Rules, and any Member of the Assembly may request the Speaker of the Assembly, to direct a standing committee or the Office of Research of his or her respective house to study any proposed or existing regulation or group of related regulations. Upon receipt of a request, the Senate Committee on Rules or the Speaker of the Assembly shall, after review, determine whether a study shall be made. In reviewing the request, the Senate Committee on Rules or the Speaker of the Assembly shall determine:

- (1) The cost of making the study.
- (2) The potential public benefit to be derived from the study.
- (3) The scope of the study.
- (b) The study may consider, among other relevant issues, whether the proposed or existing regulation:
 - (1) Exceeds the agency's statutory authority.
 - (2) Fails to conform to the legislative intent of the enabling statute.
 - (3) Contradicts or duplicates other regulations adopted by federal, state, or local agencies.
 - (4) Involves an excessive delegation of regulatory authority to a particular state agency.
 - (5) Unfairly burdens particular elements of the public.
 - (6) Imposes social or economic costs that outweigh its intended benefits to the public.
 - (7) Imposes unreasonable penalties for violation.

The respective reviewing unit shall, in a timely manner, transmit its concerns, if any, to the Senate Committee on Rules or the Speaker of the Assembly, and the promulgating agency.

In the event that a state agency takes a regulatory action that the reviewing unit finds to be unacceptable, the unit shall file a report for publication in the daily journal of its respective house indicating the specific reasons why the regulatory action should not have been taken. The report may include a recommendation that the Legislature adopt a concurrent resolution requesting the state agency to reconsider its action or that the Legislature enact a statute to restrict the regulatory powers of the state agency taking the action.

Joint Rules Committee

40. The Joint Rules Committee is hereby created. The committee has a continuing existence and may meet, act, and conduct its business during sessions of the Legislature or any recess thereof.

The committee shall consist of the members of the Assembly Committee on Rules, the Assembly Majority Floor Leader, the Assembly Minority Floor Leader, the Speaker of the Assembly, four members of the Senate Committee on Rules, and as many Members of the Senate as may be required to maintain equality in the number of Assembly Members and Senators on the committee, to be appointed by the Senate Committee on Rules. Vacancies occurring in the membership shall be filled by the appointing power.

The committee has the following additional powers and duties:

(a) To select a chairman or chairwoman from its membership. The vice chairman or vice chairwoman of the committee shall be one of the Senate members of the committee, to be selected by the Senate Committee on Rules.

(j) To employ persons as may be necessary to assist all other joint committees, except the Joint Legislative Budget Committee and the Joint Legislative Audit Committee, in the exercise of their powers and performance of their duties. In accordance with Rule 36.8, the committee shall govern and administer the expenditure of funds by other joint committees, requiring that the claims of joint committees be approved by the Joint Rules Committee or its designee. The members of the Joint Rules Committee from the Senate may meet separately as a unit, and the members of the Joint Rules Committee from the Assembly may meet separately as a unit, and consider any action that is required to be taken by the Joint Rules Committee. If the majority of members of the Joint Rules Committee of each house at the separate meetings vote in favor of that action, the action shall be deemed to be action taken by the Joint Rules Committee.

The Joint Rules Committee shall meet not less than biweekly during a session of the Legislature, other than during a joint recess, at a regularly scheduled time and place. If the full committee fails to so meet, the members of the committee from the Senate shall meet separately as a unit and the members of the committee from the Assembly shall meet separately as a unit within five days of the regularly scheduled meeting date.

The committee shall succeed to, and is vested with, all of the powers and duties of the Joint Committee on Legislative Organization, the State Capitol Committee, the Joint Committee on Interhouse Cooperation, the Joint Legislative Committee for School Visitations, and the Joint Standing Committee on the Joint Rules of the Senate and the Assembly.

The Joint Rules Committee or the respective rules committee, and the committee initiating the request, shall each receive a copy of the priority review.

40.3. (a) A subcommittee of the Joint Rules Committee is hereby created, to be known as the Subcommittee on Legislative Space and Facilities. The subcommittee shall consist of three Members of the Senate and three Members of the Assembly, appointed by the Chairman or Chairwoman of the Joint Rules Committee, and the chairman or chairwoman of the fiscal committee of each house who shall have full voting rights on the subcommittee. The chairman or chairwoman of the subcommittee shall be appointed by the members thereof. For purposes of this subcommittee, the chairmen or chairwomen of the fiscal committees shall be ex officio members of the Joint Rules Committee, but shall not have voting rights on that committee, nor shall they be counted in determining a quorum. The subcommittee shall consider the housing of the Legislature and legislative facilities.

(b) The subcommittee and its members shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this subcommittee and its members.

(c) The subcommittee has the following additional powers and duties:

41. The Chairman or Chairwoman of the Committee on Rules of each house, or a designated representative, shall sign any required worker's compensation report regarding injuries or death arising out of and within the course of employment suffered by any member, officer, or employee of the house, or any employee of a standing or

investigating committee thereof. In the case of a joint committee, the Chairman or Chairwoman of the Committee on Rules of either house, or a designated representative, may sign any report with respect to a member or employee of a joint committee.

Information Concerning Committees

42. The Committee on Rules of each house shall provide for a continuous cumulation of information concerning the membership, organization, meetings, and studies of legislative investigating committees. Each Committee on Rules shall be responsible for information concerning the investigating committees of its own house, and concerning joint investigating committees under a chairman or chairwoman who is a member of that house. To the extent possible, each Committee on Rules shall seek to insure that the investigating committees for which it has responsibility under this rule have organized, including the organization of any subcommittees, and have had all topics for study assigned to them within a reasonable period of time.

The information thus cumulated shall be made available to the public by the Committee on Rules of each house and shall be published periodically under their joint direction.

Joint Committees

43. Any concurrent resolution creating a joint committee of the Legislature and any concurrent resolution allocating moneys from the Operating Funds of the Assembly and Senate to the committee shall be referred to the Committee on Rules of the respective houses.

Conflict of Interest

44. (a) No Member of the Legislature may, while serving, have any interest, financial or otherwise, direct or indirect, engage in any business or transaction or professional activity, or incur any obligation of any nature, that is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state.

(b) No Member of the Legislature may, during the term for which he or she was elected:

(1) Accept other employment that he or she has reason to believe will either impair his or her independence of judgment as to his or her official duties, or require him or her, or induce him or her, to disclose confidential information acquired by him or her in the course of and by reason of his or her official duties.

(2) Willfully and knowingly disclose, for pecuniary gain, to any other person, confidential information acquired by him or her in the course of and by reason of his or her official duties, or use the information for the purpose of pecuniary gain.

(3) Accept or agree to accept, or be in partnership with any person who accepts or agrees to accept, any employment, fee, or other thing of value, or portion thereof, in consideration of his or her appearance, agreeing to appear, or taking of any other action on behalf of another person regarding a licensing or regulatory matter, before any state board or agency that is established by law for the primary purpose of licensing or regulating the professional activity of persons licensed, pursuant to state law.

This rule may not be construed to prohibit a member who is an attorney at law from practicing in that capacity before the Workers' Compensation Appeals Board or the Commissioner of Corporations, and receiving compensation therefor, or from practicing for compensation before any state board or agency in connection with, or in any matter related to, any case, action, or proceeding filed and pending in any state or federal court. This rule does not prohibit a member from making inquiry for information on behalf of a constituent before a state board or agency, if no fee or reward is given or promised in consequence thereof. The prohibition contained in this rule does not apply to a partnership in which a Member of the Legislature is a member if the Member of the Legislature does not share directly or indirectly in the fee resulting from the transaction, nor does it apply in connection with any matter pending before any state board or agency on the operative date of this rule if the affected Member of the Legislature is attorney of record or representative in the matter prior to the operative date.

(4) Receive or agree to receive, directly or indirectly, any compensation, reward, or gift from any source except the State of California for any service, advice, assistance, or other matter related to the legislative process, except fees for speeches or published works on legislative subjects and except, in connection therewith, the reimbursement of expenses for actual expenditures for travel and reasonable subsistence for which no payment or reimbursement is made by the State of California.

(5) Participate, by voting or any other action, on the floor of either house, or in committee or elsewhere, in the enactment or defeat of legislation in which he or she has a personal interest, except as follows:

(i) If, on the vote for final passage, by the house of which he or she is a member, of the legislation in which he or she has a personal interest, he or she first files a statement (which shall be entered verbatim in the journal) stating in substance that he or she has a personal interest in the legislation to be voted on and that, notwithstanding that interest, he or she is able to cast a fair and objective vote on the legislation, he or she may cast his or her vote without violating any provision of this rule.

(ii) If the member believes that, because of his or her personal interest, he or she should abstain from participating in the vote on the legislation, he or she shall so advise the presiding officer prior to the commencement of the vote and shall be excused from voting on the legislation without any entry in the journal of the fact of his or her personal interest. In the event that a rule of the house requiring that each member who is present vote aye or nay is invoked, the presiding officer shall order the member excused from compliance and shall order entered in the journal a simple statement that the member was excused from voting on the legislation pursuant to law.

(c) A person subject to this rule has an interest that is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state, or a personal interest, arising from any situation, within the scope of this rule, if he or she has reason to believe or expect that he or she will derive a direct monetary gain or suffer a direct monetary loss, as the case may be, by reason of his or her official activity. He or she does not have an interest that is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state, or a personal interest, arising from

any situation, within the scope of this rule, if any benefit or detriment accrues to him or her as a member of a business, profession, occupation, or group to no greater extent than any other member of the business, profession, occupation, or group.

(d) A person who is subject to this rule shall not be deemed to be engaged in any activity that is in substantial conflict with the proper discharge of his or her duties in the public interest and of his or her responsibilities as prescribed by the laws of this state, or to have a personal interest, arising from any situation, within the scope of this rule, solely by reason of any of the following:

(1) His or her relationship to any potential beneficiary of any situation is one that is defined as a remote interest by Section 1091 of the Government Code or is otherwise not deemed to be a prohibited interest under Section 1091.1 or 1091.5 of the Government Code.

(2) Receipt of a campaign contribution that is regulated, received, reported, and accounted for pursuant to Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code, so long as the contribution is not made on the understanding or agreement, in violation of law, that the person's vote, opinion, judgment, or action will be influenced thereby.

(e) The enumeration in this rule of specific situations or conditions that are deemed not to result in substantial conflict with the proper discharge of the duties and responsibilities of a legislator or legislative employee, or in a personal interest, shall not be construed as exclusive.

The Legislature, in adopting this rule, recognizes that Members of the Legislature and legislative employees may need to engage in employment, professional, or business activities other than legislative activities in order to maintain a continuity of professional or business activity, or may need to maintain investments, which activities or investments do not conflict with specific provisions of this rule. However, in construing and administering this rule, weight should be given to any coincidence of income, employment, investment, or other profit from sources that may be identified with the interests represented by those sources that are seeking action of any character on matters then pending before the Legislature.

(f) No employee of either house of the Legislature may, during the time he or she is so employed, commit any act or engage in any activity prohibited by any part of this rule.

(g) No person may induce or seek to induce any Member of the Legislature to violate any part of this rule.

(h) Violations of any part of this rule are punishable as provided in Section 8926 of the Government Code.

Ethics Committees

45. The Senate Committee on Legislative Ethics and the Assembly Legislative Ethics Committee, respectively, shall receive complaints concerning Members of their respective houses, and shall have the power to investigate and make findings and recommendations concerning violations by Members of their respective houses of Article 2 (commencing with Section 8920) of Chapter 1 of Part 1 of Division 2 of Title 2 of the Government Code. Each house shall adopt rules governing the establishment and procedures of the committee of that house.

Designating Legislative Sessions

50. Regular sessions shall be identified with the odd-numbered year subsequent to each general election, followed by a hyphen, and then the last two digits of the following even-numbered year. For example: 1973–74 Regular Session.

Designating Extraordinary Sessions

50.3. All extraordinary sessions shall be designated in numerical order by the session in which convened.

Days and Dates

50.5. (a) As used in these rules, “day” means a calendar day, unless otherwise specified.

(b) When the date of a deadline, recess requirement, or circumstance falls on a Saturday, Sunday, or Monday that is a holiday, the date shall be deemed to refer to the preceding Friday. When the date falls on a holiday on a weekday other than a Monday, the date shall be deemed to refer to the preceding day.

(2) Summer Recess—The Legislature shall be in recess from July 3 until August 3. This recess shall not commence until the Budget Bill is enacted.

(3) Final Recess—The Legislature shall be in recess on August 31 until adjournment sine die on November 30.

(c) Recesses shall be from the hour of adjournment on the day specified, to reconvene at the time designated by the respective houses.

(d) The recesses specified by this rule shall be designated as joint recesses.

Recall From Recess

52. Notwithstanding the power of the Governor to call a special session, the Legislature may be recalled from joint recess and reconvene in regular session by any of the following means:

(a) It may be recalled by joint proclamation, which shall be entered in the journal, of the Senate Committee on Rules and the Speaker of the Assembly or, in his or her absence from the state, the Assembly Committee on Rules.

(b) Ten or more Members of the Legislature may present a request for recall from joint recess to the Chief Clerk of the Assembly and the Secretary of the Senate. The request shall immediately be printed in the journal. Within 10 days thereafter, the Speaker of the Assembly or, if the Speaker is absent from the state, the Assembly Committee on Rules, and the Senate Committee on Rules shall act upon the request. If they concur in desiring to recall the Legislature from joint recess, they shall issue their joint proclamation to that effect entered in the journal no later than 20 days after publication of the request in the journal.

(c) If either or both of the parties specified in subdivision (b) does not concur, 10 or more Members of the Legislature may request the Chief Clerk of the Assembly or the Secretary of the Senate to petition the membership of the respective house. The petition shall be entered in the journal and shall contain a specified reconvening date commencing not later than 20 days after the date of the petition. If two-thirds of the members of the house or each of the two houses concur, the Legislature shall reconvene on the date specified. The necessary concurrences must be received at least 10 days prior to the date specified for reconvening.

Procedure on Suspending Rules by Single House

53. Whenever these rules authorize suspension of the Joint Rules as to a particular bill by action of a single house after approval by the Committee on Rules of that house, the following procedure shall be followed:

(a) A written request to suspend the joint rule shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, and shall be transmitted to the Committee on Rules of the appropriate house.

(b) The Assembly Committee on Rules or the Senate Committee on Rules, as the case may be, shall determine whether there exists an urgent need for the suspension of the joint rule with regard to the bill.

(c) If the appropriate rules committee recommends that the suspension be permitted, the member may offer a resolution, without further reference thereof to committee, granting permission to suspend the joint rule. The adoption of the resolution granting permission shall require an affirmative recorded vote of the elected members of the house in which the request is made.

Introduction of Bills

54. (a) No bill may be introduced in the first year of the regular session after February 28 and no bill may be introduced in the second year of the regular session after February 20. These deadlines do not apply to constitutional amendments, committee bills introduced pursuant to Assembly Rule 47 or Senate Rule 23, bills introduced in the Assembly with the permission of the Speaker of the Assembly, or bills introduced in the Senate with the permission of the Senate Committee on Rules. Subject to these deadlines, a bill may be introduced at any

time except when the houses are in joint summer, interim, or final recess. Each house may provide for introduction of bills during a recess other than a joint recess. Bills shall be numbered consecutively during the regular session.

(b) The Desks of the Senate and Assembly shall remain open during a joint recess, other than a joint Easter, summer, interim, or final recess, for the introduction of bills during business hours on Monday through Friday, inclusive, except holidays. Bills received at the Senate Desk during these periods shall be numbered and printed. After printing, the bills shall be delivered to the Secretary of the Senate and referred by the Senate Committee on Rules to a standing committee. Bills received at the Assembly Desk during these periods shall be numbered, printed, and referred to a committee by the Assembly Committee on Rules. After printing, the bills shall be delivered to the Chief Clerk of the Assembly. On the reconvening of each house, the bills shall be read the first time, and shall be delivered to the committee to which they were referred.

(c) A member may not author a bill during a session that would have substantially the same effect as a bill he or she previously introduced during that session. This restriction does not apply in cases where the previously introduced bill was vetoed by the Governor or its provisions were “chaptered out” by a later chaptered bill pursuant to Section 9605 of the Government Code. An objection based on this restriction may be raised only while the bill is being considered by the house in which it is introduced. The objection shall be referred to the Committee on Rules of the house for a determination. The bill shall remain on file or with a committee, as the case may be, until a determination is made. If, upon consideration of the objection, the Committee on Rules determines that the bill objected to would have substantially the same effect as another bill previously introduced during the session by the author, the bill objected to shall be stricken from the file or returned to the desk by the committee, as the case may be, and may not be acted upon during the remainder of the session. If the Committee on Rules determines that the bill objected to would not have substantially the same effect as a bill previously introduced during the session by the author, the bill may thereafter be acted upon by the committee or the house, as the case may be. The Committee on Rules may obtain assistance as it may desire from the Legislative Counsel as to the similarity of a bill or amendments to a prior bill.

This joint rule may be suspended by approval of the Committee on Rules and three-fourths vote of the membership of the house.

(d) During a joint recess, the Chief Clerk of the Assembly or Secretary of the Senate shall order the preparation of preprint bills when so ordered by any of the following:

- (1) The Speaker of the Assembly.
- (2) The Committee on Rules of the respective house.
- (3) A committee, with respect to bills within the subject matter jurisdiction of the committee.

Preprint bills shall be designated and shall be printed in the order received and numbered in the order printed. To facilitate subsequent amendment, a preprint bill shall be so prepared that, when introduced as a bill, the page and the line numbers will not change. The Chief Clerk of the Assembly and Secretary of the Senate shall publish a list periodically of preprint bills showing the preprint bill number, the title,

and the Legislative Counsel's Digest. The Speaker of the Assembly and Senate Committee on Rules may refer any preprint bill to committee for study.

30-Day Waiting Period

55. No bill other than the Budget Bill may be heard or acted upon by committee or either house until the bill has been in print for 30 days. The date a bill is returned from the printer shall be entered in the history. This rule may be suspended concurrently with the suspension of the requirement of Section 8 of Article IV of the Constitution or, if that period has expired, this rule may be suspended by approval of the Committee on Rules and two-thirds vote of the house in which the bill is being considered.

Return of Bills

56. Bills introduced in the first year of the regular session and passed by the house of origin on or before the January 31st constitutional deadline are "carryover bills." Immediately after January 31, bills introduced in the first year of the regular session that do not become "carryover bills" shall be returned to the Chief Clerk of the Assembly or Secretary of the Senate, respectively. Notwithstanding Rule 4, as used in this rule, "bills" does not include constitutional amendments.

Appropriation Bills

57. Appropriation bills that may not be sent to the Governor shall be held, after enrollment, by the Chief Clerk of the Assembly or Secretary of the Senate, respectively. The bills shall be sent to the Governor immediately after the Budget Bill has been enacted.

Urgency Clauses

58. An amendment to add a section to a bill to provide that the act shall take effect immediately as an urgency statute may not be adopted unless the author of the amendment has first secured the approval of the Committee on Rules of the house in which the amendments are offered.

Veto

58.5. The Legislature may consider a Governor's veto for only 60 days, not counting days when the Legislature is in joint recess.

Publications

59. During periods of joint recess, weekly, if necessary, the following documents shall be published: files, histories, and journals.

Committee Hearings

60. (a) No standing committee or subcommittee thereof may take action on a bill at any hearing held outside of Sacramento.

(b) A committee may hear the subject matter of a bill or convene for an informational hearing during a period of recess. Four days' notice in the daily file is required prior to the hearing.

(c) No bill may be acted upon by a committee during a joint recess.

61. The deadlines set forth in this rule shall be observed by the Senate and Assembly. After each deadline, the Secretary of the Senate and the Chief Clerk of the Assembly may not accept committee reports from their respective committees except as otherwise provided in this rule:

Counsel, the Secretary of the Senate and the Chief Clerk of the Assembly may subsequently receive a report recommending the bill for passage or for rereferral together with the amendments at any time within two legislative days after the deadline or, if the Legislature has recessed for the Summer Recess, within seven calendar days after the deadline.

(d) Notwithstanding subdivisions (a) and (b), a policy committee may report a bill to a fiscal committee on or before the relevant deadline for reporting nonfiscal bills to the floor if, after the policy committee deadline for reporting the bill to fiscal committee, the Legislative Counsel's Digest is changed to indicate reference to fiscal committee.

(e) Any bill in the house of origin that is not acted upon during the odd-numbered year as a result of the deadlines imposed in subdivision (a) may be acted upon when the Legislature reconvenes after the interim study joint recess, or at any time the Legislature is recalled from the interim study joint recess.

(f) The deadlines imposed by this rule do not apply to the rules committees of the respective houses.

(g) The deadlines imposed by this rule do not apply in instances where a bill is referred to committee under Rule 26.5.

(h) The deadlines imposed by this rule do not apply in instances where a bill is referred to a committee under Assembly Rule 77.2.

(i) (1) Notwithstanding subdivisions (a) and (b), a policy committee or fiscal committee may meet for the purpose of hearing and reporting a constitutional amendment, or a bill that would go into immediate effect pursuant to subdivision (c) of Section 8 of Article IV of the California Constitution, at any time other than those periods when no committee may meet for any purpose.

(2) Notwithstanding subdivisions (a) and (b), either house may meet for the purpose of considering and passing a constitutional amendment, or a bill that would go into immediate effect pursuant to subdivision (c) of Section 8 of Article IV of the California Constitution, at any time during the session.

(j) This rule may be suspended as to any particular bill by approval of the Committee on Rules and two-thirds vote of the membership of the house.

Committee Procedure

62. (a) Notice of a hearing on a bill by the committee of first reference in each house, or notice of an informational hearing, shall be published in the file at least four days prior to the hearing. Otherwise, notice shall be published in the file two days prior to the hearing. That notice requirement may be waived by a majority vote of the house in which the bill is being considered. A bill may be set for hearing in a committee only three times. A bill is "set," for purposes of this subdivision, whenever notice of the hearing has been published in the file for one or more days. If a bill is set for hearing, and the committee, on its own initiation and not the author's, postpones the hearing on the bill or adjourns the hearing while testimony is being taken, that hearing shall not be counted as one of the three times a bill may be set. After hearing the bill, the committee may vote on the bill. If the hearing notice in the file specifically indicates that "testimony only" will be taken, that hearing shall not be counted as one of the three times a bill may be set. A committee may not vote on a bill so noticed until it has been heard in

accordance with this rule. After a committee has voted on a bill, reconsideration may be granted only one time. Reconsideration may be granted within 15 legislative days or prior to the interim study joint recess, whichever first occurs. A vote on reconsideration may not be taken without the same notice required to set a bill unless that vote is taken at the same meeting at which the vote to be reconsidered was taken, and the author is present. When a bill fails to get the necessary votes to pass it out of committee, or upon failure to receive reconsideration, it shall be returned to the Chief Clerk of the Assembly or Secretary of the Senate of the house of the committee and may not be considered further during the session.

This subdivision may be suspended with respect to a particular bill by approval of the Committee on Rules and two-thirds vote of the members of the house.

(b) If the committee adopts amendments other than those offered by the author and orders the bill reprinted prior to its further consideration, the hearing shall not be the final time a bill may be set under subdivision (a) of this rule.

(c) When a standing committee takes action on a bill, the vote shall be by roll call vote only. All roll call votes taken by a standing committee shall be recorded by the committee secretary on forms provided by the Chief Clerk of the Assembly and the Secretary of the Senate. The chairman or chairwoman of each standing committee shall promptly transmit a copy of the record of the roll call votes to the Chief Clerk of the Assembly or the Secretary of the Senate, respectively, who shall cause the votes to be published as prescribed by each house.

This subdivision also applies to action of a committee on a subcommittee report. The rules of each house shall prescribe the procedure as to roll call votes on amendments.

Any committee may, with the unanimous consent of the members present, substitute a roll call from a prior bill, provided that the members whose votes are substituted are present at the time of the substitution.

At no time shall a bill be passed out by a committee without a quorum being present.

This subdivision does not apply to:

(1) Procedural motions that do not have the effect of disposing of a bill.

(2) Withdrawal of a bill from a committee calendar at the request of an author.

(3) Return of a bill to the house where the bill has not been voted on by the committee.

(4) The assignment of a bill to committee.

(d) The chairman or chairwoman of the committee hearing a bill may, at any time, order a call of the committee. Upon a request by any member of a committee or the author in person, the chairman or chairwoman shall order the call.

In the absence of a quorum, a majority of the members present may order a quorum call of the committee and compel the attendance of absentees. The chairman or chairwoman shall send the Sergeant at Arms for those members who are absent and not excused by their respective house.

When a call of a committee is ordered by the chairman or chairwoman with respect to a particular bill, he or she shall send the Sergeant at Arms, or any other person to be appointed for that purpose,

for those members who have not voted on that particular bill and are not excused.

A quorum call or a call of the committee with respect to a particular bill may be dispensed with by the chairman or chairwoman without objection by any member of the committee, or by a majority of the members present.

If a motion is adopted to adjourn the committee while the committee is operating under a call, the call shall be dispensed with and any pending vote announced.

The committee secretary shall record the votes of members answering a call. The rules of each house may prescribe additional procedures for a call of a committee.

Redistricting Bills

62.5. This rule applies only to bills affecting the boundaries of legislative, congressional, or State Board of Equalization districts.

(a) Except as specifically provided in this rule, Rules 28, 28.1, 29, 29.5, 30, 30.5, 30.7, 61 (except for paragraph (12) of subdivision (a) and paragraph (15) of subdivision (b) of Rule 61), and 62 shall not apply to bills affecting the boundaries of legislative, congressional, or State Board of Equalization districts.

(b) If the Senate (in the case of a Senate bill) or the Assembly (in the case of an Assembly bill) refuses to concur in amendments to a bill made by the other house, a committee on conference shall be appointed. The Speaker of the Assembly and the Senate Committee on Rules shall each appoint a committee on conference of three members, consisting of two members of the majority party and one member not of the majority party. The Secretary of the Senate and the Chief Clerk of the Assembly shall immediately notify the other house of the action taken.

(c) When a bill affecting the boundaries of legislative, congressional, or State Board of Equalization districts has been referred to a committee on conference, the chairman or chairwoman of the committee on conference shall immediately request the Senate Committee on Elections and Reapportionment and the Assembly Committee on Elections, Reapportionment, and Constitutional Amendments to hold a public hearing on the bill. The committee on conference shall also hold a public hearing on the bill. The hearings of the policy committees and the committee on conference may be noticed and held concurrently.

(d) If either or both of the policy committees hold a public hearing on a bill pursuant to the request of the chairman or chairwoman of the committee on conference, the policy committees may consider amendments to the bill, and may make recommendations on amendments to the committee on conference. A policy committee recommendation for an amendment may be adopted only by a roll call vote of the members of the policy committee.

(e) All proposed reports of a committee on conference, all proposed amendments to a proposed report of a committee on conference, and all proposed amendments presented to a policy committee shall be accompanied by appropriate maps. No committee vote may be taken on any proposed report of a committee on conference, any proposed amendment to a proposed report of a committee on conference, or any proposed amendment presented to a policy committee unless the proposed report or proposed amendment, with accompanying maps, has been available to the public for at least 24 hours. District boundaries

contained in any proposed report or any proposed amendment may not be required to be prepared or approved as to form by Legislative Counsel if the accompanying maps adequately reflect the district boundaries.

(f) All hearings of the policy committees and the committee on conference shall be open and readily accessible to the public, and shall be noticed in the Daily File for not less than two calendar days.

(g) The provisions of subdivision (e) prohibiting a committee vote on any proposed report of a committee on conference, any proposed amendment to a proposed report of a committee on conference, or any proposed amendment presented to a policy committee unless the amendment, accompanied by appropriate maps, has been available to the public for at least 24 hours shall not apply in any of the following situations:

(1) The amendment proposed to a policy committee or the committee on conference does not change any district boundaries.

(2) The amendment proposed to a policy committee or the committee on conference is required to correct a technical error in the bill, and the proposed amendment would shift no more than one percent of the population of any district to any other district or districts.

(3) The amendment is a policy committee or committee on conference amendment that is proposed in response to amendments that have been proposed to the committee.

(h) Except as provided in subdivision (i), no vote may be taken in either house on any bill or any report of the committee on conference on that bill unless the bill or the report has been in print in Legislative Counsel form and available to the public, accompanied by appropriate maps, for at least 24 hours.

(i) If either house refuses to adopt the report of the committee on conference, the bill may be returned to the committee on conference for further consideration. If the bill is returned to the committee on conference for an amendment described in paragraph (1) or (2) of subdivision (g), the notice requirements of subdivisions (e) and (h) shall not apply.

(j) Notwithstanding any other rule, this rule may be suspended upon a majority vote of the membership of each house.

Uniform Rules

63. No standing committee of either house may adopt or apply any rule or procedure governing the voting upon bills which is not equally applicable to the bills of both houses.

Votes on Bills

64. Every meeting of each house and standing committee or subcommittee thereof where a vote is to be taken on a bill, or amendments to a bill, shall be public.

Conflicting Rules

65. The provisions of Rule 50 and following of these rules prevail over any conflicting joint rule with a lesser number.

STATE OF THE JUDICIARY ADDRESS

BY

CALIFORNIA CHIEF JUSTICE RONALD M. GEORGE
TO A JOINT CONVENTION OF THE LEGISLATURE

Sacramento, California

March 1, 1999

Good afternoon. I want to thank Senate President pro Tem John Burton and Assembly Speaker Antonio Villaraigosa for inviting me to speak with you today about the state of the Judiciary. I also want to acknowledge the presence of some members of the Judicial Council and its advisory committees, and key staff from the Administrative Office of the Courts, including Bill Vickrey, Administrative Director.

I will have served as Chief Justice of California for three years on May 1. Looking back over my tenure, I am truly gratified, and even somewhat astonished, at all that has been accomplished with your support and assistance. Looking ahead, I intend to do my best to continue to work cooperatively with you and the Governor to provide the finest administration of justice for the people of our state.

This is a time of great challenge for all of us in government. Many members of the public lack confidence in our institutions. Cynicism and mistrust about government and those serving in it are all too prevalent. At times, we in government service may have the impulse to try to further insulate ourselves from an all too dissatisfied and vocal public—rather than reaching out to understand and respond.

I have been in public service since graduating from law school some 35 years ago—and my great respect and admiration for those I have encountered in government has remained steady. But the times demand not only renewed commitment to the principles that led so many of us into public life in the first place—they also demand that we extend ourselves further in order to restore confidence and respect.

There is a basic tenet that guides the conduct of judges as they preside over cases—we strive not only to avoid impropriety and unfairness, but also to avoid even the appearance of impropriety and unfairness. The challenge that confronts us all today is not only to do the right thing, but also to ensure that what we do is accurately perceived and understood.

On behalf of the Judicial Branch, I want to touch upon some of the steps we are taking that we hope will help restore and increase trust in the court system—and, thereby, in all institutions of government. Our branch has a uniquely delicate task. On the one hand, we want to respond appropriately to the public's needs. On the other, we are doing so against the background of our Branch's fundamental obligation to remain impartial, strong, and bound by the rule of law—and not by the rule of the majority of the day.

As Chief Judge Judith Kaye of New York stated in a 1996 address at the Hofstra School of Law: "While the Judiciary, as part of government, is fully accountable to the public, . . . there are crucial differences between the Judiciary and the other two 'political' branches of government. One crucial difference is that those public officials are supposed to be responsive to the popular will. Judges are not . . .

Their sworn duty is to impartially apply the law, which may at times be countermajoritarian; it may at times not be to their liking.”

The Judicial Branch then has a different role to play than you do: Although we must be cognizant and responsive to the public will, at the same time we must remain faithful to existing law—law that encompasses not only the statutes you enact, but also the Federal and California Constitutions which, themselves, embody the ultimate public will. To the extent that judges are successful—not only in achieving this balance, but also in educating the public about its value to them—we become more effective partners with you in strengthening our democratic institutions.

There is a great deal of change going on in the Judicial Branch. This past year has seen the most comprehensive innovation that has taken place in California’s courts this century. State funding of the trial courts became a reality in January 1998. The transition from a county-centered funding system to state assumption of responsibility for the operation of our trial courts went remarkably smoothly in view of the scope of the changes.

Consider the complexity of the system involved: Two levels of trial courts operating in 390 different locations were affected. The impact fell on counties with two judges as well as our largest county with more than 400 judges, on courts serving urban, suburban, and rural populations, on courts that had fared well because their counties had been fiscally healthy and on courts that had struggled for years to keep their doors open. All this activity took place against the varied landscape of the 58 individual counties that make up California—and the continuous dedication and hard work of the almost 1,500 judges who serve on the Trial Bench, and of the staff who support them.

The transition to successful state funding is not complete. Last year, several immediate problems were solved with your help and with the appropriation of essential supplemental funding. Last year also saw some major disappointments, including the failure to provide the funding promised for the Trial Court Efficiency and Modernization Fund.

That fund constituted an important factor in encouraging courts to support the change in the funding structure. The money it was to provide is essential to addressing critical technological problems such as the effect on the courts of the year two thousand computer glitch, and the integration of court automation systems—funds without which we cannot effectively move forward.

The problem is so severe that in some courts, records of dependency, placement, and other proceedings are kept manually. There is no way to transmit information concerning criminal dispositions to the California Department of Justice, and incompatible systems make it impossible for different parts of the court system to communicate. In addition, the modernization fund is intended to provide much needed money to assist the trial courts in special projects such as essential training for judges and staff on a variety of topics, including fairness training and compliance with recent legislation facilitating the expeditious preparation of transcripts in death penalty appeals.

The Judicial Council, which I chair, is responsible for overseeing the budget process that brings to you the needs of the trial courts and the appellate courts, and ensures that the appropriations that you provide are spent wisely and for their intended purpose. The Council’s Trial Court

Budget Commission has been engaged in an ongoing process to establish a budgeting structure that will enable us to accurately and consistently evaluate the needs of the courts—and to provide the Legislative and Executive Branches with the kind of fiscal information that compellingly makes the case for our budget needs.

The budget for the entire Judicial Branch amounts to less than 2.5 percent of the budget for the State of California. Although the Governor's proposed budget does not match the level approved as necessary by the Judicial Council, it does provide a good foundation for the upcoming budget discussions. We hope to address with you several of the still unresolved critical issues affecting access to justice.

I want to recognize that the Governor has placed \$10 million in the budget for the modernization fund. Although this is only 20 percent of what was promised to the courts by the Legislature and Governor for last year, it is a first step toward rectifying the complete failure to provide funding during the last session. I realize that there are new players in both branches—but I hope that all of you will take a close look at the very important commitment that was made to the Judiciary and the severe impact that any failure to honor it would have on the operations of the courts.

The funds that we seek will improve access to the courts across California. The administration of justice in California is a statewide obligation—perhaps one of the most significant—and I urge you to consider the courts as a vital part of California's infrastructure, like its highways and bridges. Those individuals who come to court must be able to obtain relief in a timely and efficient fashion, whether they are in Lassen or Los Angeles.

One part then, of the Judicial Branch's efforts to better serve the public, to improve access to justice, and to restore public confidence, has been to encourage and make necessary changes in the court's fiscal system. These efforts will modernize and rationalize our budget structure and make the best use of available resources. And we shall continue to seek the funding required to enable us to discharge our constitutional obligations effectively.

Yet another unprecedented development last year affected the structure of the Judicial Branch itself. In June, the voters of our state overwhelmingly adopted Proposition 220, permitting the municipal and superior courts—the local trial courts—on a county-by-county basis, to fully merge their operations and become one superior court. As a result, judicial officers and fiscal and staff resources are being used more flexibly. Duplication in everything from clerk's office functions to ordering supplies, and jury summons procedures to computer systems, has been reduced, freeing resources to meet the public's constantly growing demands and saving taxpayer dollars.

The response of the courts to Proposition 220 was quick and decisive. By the end of last year, court systems in 50 out of 58 counties were unified. Two counties have thus far been added this year—just last Friday, the judges in Tuolumne County voted to become the 52nd county to unify its courts—and progress toward unification is being made in other counties. The choice still remains that of the courts in each individual county—but the strong and immediate response of so

many venues provides further indication that courts are eager to embrace innovations that will enable them to provide better service to the public.

We are also pleased that SB 1184, authored by Senator Murray, has been introduced to add 50 new trial judgeships and 12 new appellate court positions.

In addition to streamlining its structure, the Judicial Branch is focusing on making improvements that have a more direct and visible effect on the public. Jury service, for example, is a major area of activity.

As I have stated before, jury service for many individuals provides the only point of direct intersection between the citizen and not only his or her court system, but government itself. In fact, a recent American Bar Association poll revealed that more than three-quarters of those surveyed considered the jury system to be the fairest way to determine guilt or innocence, and 69 percent cited juries as the most vital component of the justice system.

Nevertheless, recent news articles also confirm that far too many individuals ignore a jury summons with scarcely a second thought. Those who appear complain of grossly inadequate compensation, misspent and wasted time, and poor facilities. Interestingly, those who actually have a chance to sit on a jury generally have a much more favorable overall view of the system.

Reform of the jury system has been a priority of mine and the Judicial Council's for several years. Reforms are needed at every stage of the jury process—how we summon jurors, and what we expect of them when they appear. What they encounter during the process of questioning once they have been called into a courtroom. How they are to conduct themselves during the trial. And finally, the language used to instruct them on their duties once they enter the jury room.

Legislation enacted last year took a major step forward in addressing the problem of misspent hours in jury assembly rooms, by providing that by January 1, 2000, each trial court will use a procedure under which an individual will be summoned to serve for one day or the duration of one trial. Twenty-four counties already have implemented this system, and the Administrative Office of the Courts is working with national experts to lend technical support and guidance to the remaining counties in a series of workshops.

Last year, a bill to increase jury fees was vetoed by the Governor. The Judicial Council is very pleased, however, to sponsor Assembly Bill 592, which increases jury fees to \$15 a day after the first day of juror service and reimburses required child and dependent care costs that otherwise would cause a financial hardship. Fifteen dollars is three times the meager statutory \$5 paid to jurors today—the lowest amount paid by any state system. Assembly Members Carol Migden and Scott Baugh are the co-authors of this measure. AB 592 certainly would be an improvement—but only the first step in rectifying a situation that suggests to jurors that the state does not consider their contributions worthy of significant recognition.

The Administrative Office of the Courts is working in collaboration with California State University, Sacramento, to encourage courts and counsel to adopt a variety of additional methods to better use and manage jurors' time. I have appointed a task force on jury system improvement, a 16-member group comprised of judges, attorneys, court administrators, and community members, to provide recommendations

to the Judicial Council regarding implementation of a number of jury reforms.

Individual courts, in response to information disseminated by the Judicial Council, are instituting procedures modeled in part on what has proved successful in other states. For example, some courts are providing jurors with written materials that help them organize, understand, and recall large amounts of information. Other courts are allowing jurors to submit clarifying questions to witnesses through the trial judge.

And we are looking at what happens once the jury is ready to decide the case. A task force on jury instructions, with 24 members divided into civil and criminal working groups, continues to focus on its task of creating instructions for jurors worded in more easily understandable, less legalistic language.

Finally, the ongoing statewide study of California's 390 court facilities which the Legislature has authorized—a subject I expect to speak more about in the coming years once information has been gathered and recommendations formulated—is incorporating into courthouse specifications suitable space for summoned jury panels as well as deliberating jurors.

All of us here today learned in our basic high school civics courses about the critical role played by the jury system in preserving our freedom and democracy. The challenge now is to invest those catch phrases with substance and to make improvements that will demonstrate to those who are called to jury duty that we truly respect and appreciate their contributions.

This multi-level approach to jury service illustrates how courts can respond to the public without in any way compromising their independence—while at the same time fostering greater public confidence in the judicial system and government as a whole. This endeavor also highlights the fact that efforts to improve various aspects of our justice system often will require the cooperation of all three branches of government. While you as legislators can provide money, authorization, and direction for some aspects of the process, the courts must continue to build on their own experience to modify a wide range of practices. Working together on problems such as these, we can have a tremendous beneficial impact.

Jury service is but one part of the structure. Another is court interpreters, who every day in California's courts translate more than 100 languages. The ability to understand what is happening in court, whether you are a victim, a defendant, or a witness, is so basic as to need no explanation. There can be no access without comprehension. Yet in the last few years, we have seen a 30% decline in the number of available interpreters, and we constantly are waging a losing battle to retain those we have, in the face of far greater compensation paid by the federal courts and the private sector. The Judicial Council has established standards for certifying qualified court interpreters to assist those in need of translation services. Their important role needs to be recognized by adequate and competitive compensation. If we cannot do so, we will continue to experience delays in hundreds, if not thousands, of cases caused by the absence of available interpreter services.

On yet another front, the Judicial Council has followed the recommendations of its special task force on court/community outreach to adopt new standards and rules that encourage judges to participate in

collaborative court/community efforts and educational activities whenever possible. By opening avenues of communication with the community and providing additional sources of education and information about the courts, we hope to increase knowledge about what individuals can expect from their courts, about how they can best use court services, and about what courts do for the community as a whole.

These are but a few of the ongoing activities of the Judicial Council and our individual courts. In the Supreme Court, we have adopted comprehensive changes to our policies and procedures concerning death penalty appeals in order to process these cases more efficiently and effectively. And the court's order imposing a fee to fund the State Bar's disciplinary functions while we await a legislative determination on more permanent changes was designed to strike a proper balance among the role of our sister branches, the Supreme Court's ultimate responsibility for attorney discipline, and the need to protect the public.

I have appointed a task force that is reviewing the entire appellate process to determine where it can be refined and revised to meet modern demands. Next week the Judicial Council will discuss the task force's interim report. In addition, a committee chaired by my colleague Justice Joyce Kennard has crafted and circulated revised rules of appellate practice and procedure for public comment.

Judicial Council advisory committees and task forces are developing and implementing programs to address difficult challenges in many areas, such as juvenile and family law. In fact, immediately following this address, there will be a reception in the downstairs level of the Rotunda at which you can learn more about the activities of the Judicial Branch, and meet some of the members of the Judicial Council, its committees, and staff of the Administrative Office of the Courts who can tell you more about projects being undertaken by the Judicial Branch. I hope you will join us.

Let me close by observing that for years, the Judicial Council's primary goal has been improving access and fairness in the courts. We have focused on creating structures that will aid us in fulfilling our core constitutional roles, while integrating appropriate community concerns into how we function.

In 1849, when the first Constitutional Convention in California established our familiar tri-partite form of government, no one in attendance could have pictured the complex and diverse world, endowed with technological wonders, that we inhabit today. Yet the basic system created by the drafters of our constitutions still works, and works well. It is up to us to ensure that it remains indispensable and effective and responsive in the years ahead. I know that together, we shall do just that. Thank you again for your invitation to speak to you this afternoon.

STATE OF THE JUDICIARY ADDRESS

BY

CALIFORNIA CHIEF JUSTICE RONALD M. GEORGE
TO A JOINT SESSION OF THE LEGISLATURE

Sacramento, California

March 28, 2000

Good afternoon. I want to thank Senate President pro Tempore John Burton, Assembly Speaker Antonio Villaraigosa, and Speaker-elect Bob Hertzberg for inviting me once again to speak with you about the state of the Judiciary. Before I begin, I want to note the presence of members of the Judicial Council and its advisory committees, and the Bench-Bar Coalition, as well as representatives of the council's staff, the Administrative Office of the Courts—including Bill Vickrey, Administrative Director of the Courts.

This is the fifth occasion on which I have had the privilege of addressing this assemblage, and as I looked back over my previous remarks, I was reminded of the enormous changes that the judicial system of our state has seen in the four years since I became Chief Justice of California—a judicial system, by the way, that is the largest in the world, surpassing even our federal court system nationwide.

In those few years, the basic structure of California's Trial Court system and the funding mechanism that supports it have been fundamentally altered. These accomplishments were the culmination of efforts that began many years ago, and succeeded only through the contributions and cooperation of many individuals from each of our three branches of government.

The Legislature in particular has played an indispensable role in these achievements. Following your adoption of the necessary measures in the very last minutes of the 1997 legislative session, state funding of the trial courts became a reality in January 1998. Since that time, the Judicial Branch has concentrated on successfully making the transition from a bifurcated funding system—with responsibilities split between the state and the individual counties, and burdened with separate fiscal cycles—to a system fully funded in the state budget. Too often in the past, the quality of justice that was administered varied widely from county to county, depending upon the ability and willingness of each county to adequately fund its courts in the face of competing needs. Gone now are the days of court closures, lay-offs, and cut-backs in service.

The Legislature's provision of state funding, establishing a stable, adequate, and consistent source of revenue, is proving essential in enabling our courts to better serve the public, and to make the most effective use of all available resources.

The second major systemic reform for the Judicial Branch was the electorate's enactment of Proposition 220 by an overwhelming majority

vote in June of 1998. This constitutional amendment, which you placed on the ballot, authorized the judges of our Trial Courts, on a county-by-county basis, to vote whether to merge the existing municipal and superior courts into a single unified Superior Court.

The response from the Trial Courts was overwhelming and swift. Within a matter of months, courts in more than 50 of the 58 counties had elected to unify. Two months ago, the courts in Los Angeles joined their sister courts in 54 other counties in voting to unify, and I want to commend the hundreds of judges in Los Angeles County's 25 courts for overcoming the unique difficulties they faced in order to merge their courts into a single entity. Only three counties have not yet unified their courts. Monterey and Kings Counties are awaiting pre-clearance from the United States Department of Justice as required by federal law. The remaining county, Kern, voted against unification but is reviewing its options and may take another vote. Among California's nearly 1600 judges, only 34 Municipal Court judges (from those three counties) remain—arguably qualifying them for inclusion on the endangered species list.

Both state funding and trial court unification remain works in progress. Both already have begun to demonstrate the substantial benefits they provide to the public. State funding has brought California's courts out of a crisis mode and into planning cycles. A comprehensive branchwide planning and budget process enables us to determine more effectively where trends are developing and where common needs must be met. A statewide approach encourages better intrabranch and interbranch communication, helping us to set standards and goals that move the overall system in the right direction—while allowing for local variation, adaptation, and experimentation. We are continuing to develop a comprehensive budgeting system to make our case persuasively for the funding required to meet the public's needs.

In less than two years, the unification of almost all of our Trial Courts similarly has demonstrated tangible and positive results. Several presiding judges have chronicled the specific savings they have seen, and reports from counties across the state suggest that the flexibility afforded by unification has made believers out of many skeptics.

The Presiding Judge of the San Diego Superior Court, Wayne Peterson, wrote last year to inform me that unification allowed his court to open a family violence solutions center in a facility formerly occupied by the Municipal Court. Two more judges have been assigned to Family Court and two more to Juvenile Court—a reallocation of judicial resources he described as made possible only by unification. Judge Peterson noted the consolidation of additional functions resulting in savings of more than \$400,000. At the same time, a Drug Court Coordinator position was created without the need for additional resources.

Presiding Judge Philip Sarkisian of Alameda County Superior Court also wrote me last year, extolling the benefits of unification. Alameda added 1 and ½ judicial positions to Juvenile Court, one to family law, and yet another to the Civil Law and Motion Calendar. The addition of 2 judges to hear felony jury trials ameliorated a long-standing backlog of serious cases.

Assistant Presiding Judge Thomas Thrasher in Orange County reported that, despite some past trepidations about the consequences of unification, "Courts are still conveniently located all over the county

and they are giving people a wider array of services than they were in the past.” In Santa Clara, Presiding Judge Jack Komar reports that unification allowed the court to organize a separate five-judge panel that deals exclusively with drug cases. Overall, by taking advantage of the flexibility afforded by unification and other measures, Santa Clara in the past 20 months reduced its backlog of felony cases awaiting trial from almost 1000 cases to about 400 cases.

As the judicial system uses these new tools to reorganize and streamline its operations, our constant focus remains on the service we provide to the public and specifically on fulfilling our long-standing primary goal of improving access to justice in a multitude of ways. As Justice Thurgood Marshall observed: “We must never forget that the only real source of power that we as judges can tap is the respect of the people.” We are working hard to earn and preserve that respect.

Access to justice means more than an open door at the courthouse. It requires *meaningful* access. There can be many impediments. Your physical presence in a courthouse is of no use if you cannot understand what is expected of you, or cannot understand the courtroom proceedings in which you are involved. Competent court interpreters are vital to ensuring fair proceedings, and on any given day we may have more than 100 languages being interpreted in the courts of California.

Interpreter services have been greatly improved by our creation of a certification program to help ensure that those translating have the necessary skills. During the past few years, you have provided funding to permit us to substantially increase pay for certified interpreters, and a more uniform pay scale has been adopted statewide. We also are developing regional plans to meet the needs of smaller counties. Nevertheless, there still are far too few certified interpreters, and delays because no interpreter is available are common. Unless our state courts pay interpreters at a level more commensurate with the federal courts and private industry, we will experience more and more difficulty in handling our caseload fairly and efficiently. We therefore are asking for additional funds to increase rates to ensure access to a certified interpreter for all who need one.

Even those who are fluent in the English language may lack meaningful access to the courts. For those with disabilities, physical barriers can make access impossible. We are seeking one-time funding to address urgent facility needs such as Americans with Disabilities Act compliance, jury facilities, and child victim waiting areas. In addition, the task force on court facilities is developing standards for A.D.A. compliance for all future courthouse construction and remodeling.

On another front, complicated procedures can intimidate the lay person, and the cost of legal services often places the assistance of a lawyer out of reach for middle-and-lower-income individuals. This problem is particularly acute in family law matters, where decisions involving support, child custody, and the division of property—rulings that deeply affect people’s lives—often are made by courts without an attorney assisting any litigant involved in the matter. In fact, in many parts of the state, both parties are represented by a lawyer in only 10% of these cases.

For a number of years, several of our courts have been working closely with local Bar associations and legal services organizations to improve this situation. Until recently, California was one of 15 states

that provided no funding for legal services. A partnership among the Legislative, Executive, and Judicial Branches, begun only last year, already has made a difference. You created the \$10 million equal access fund, which is administered by the State Bar Legal Services Trust Fund Commission in conjunction with the Judicial Council.

\$9 million of this fund is being used to support the efforts of 108 legal services organizations that serve low-income individuals. \$1 million is being used to help establish self-help programs in partnership with local courts. Experimental projects in domestic violence, family law, landlord-tenant disputes, and general civil litigation are developing models that can be used in different courts. These programs are being coordinated with family law facilitators, who are now located in every Superior Court to help with child support collection.

The Los Angeles Superior Court, at the urging of Judge Michael Nash and in partnership with Public Counsel, the Private Bar, and service agencies, is overcoming other kinds of obstacles and delays by facilitating the adoption of thousands of children in foster care who otherwise would have to wait years before becoming a permanent part of a family.

This project brings together volunteer lawyers and adopting parents to quickly process paperwork that otherwise would take months to complete. Next is a court date—set on a Saturday in November—during which a couple dozen judges and court staff volunteer their time to preside over the adoptions. They are ably assisted by an impressive collection of donated teddy bears, each available for immediate adoption by a child. I had the great honor and pleasure of participating in adoption Saturday last November by conducting 10 of the 400 adoption hearings completed that day, and I intend to participate again this year. Sacramento Superior Court has a similar pro bono program, and other courts are ready to follow.

The need to improve access to justice extends to other parts of the community as well. In an opinion written in 1942, Justice Felix Frankfurter wrote: “No court can make time stand still.” Some would argue, however, that at times courts certainly can make it seem that way. The implementation of appropriate procedures and effective alternatives can help courts meet, in a timely and efficient way, the needs of those who seek their assistance.

For example, complex litigation cases pose unique challenges for litigants and for the courts. Pilot projects for handling these matters are beginning or underway in six counties—Alameda, Contra Costa, Los Angeles, Orange, San Francisco, and Santa Clara. These projects have been made possible by funds provided by you and the Governor, and will be used to develop best practices for handling complex civil litigation, including specialized training and a manual to be published next month, as well as the assignment of a single trial judge to handle the course of the entire litigation. The Judicial Council will submit a report to the Governor within two years describing the overall impact of these projects, measured by objective criteria.

You also have made additional resources and an implementing statute available to establish pilot projects evaluating the use of mediation in civil cases. Pursuant to this statute, the Judicial Council selected 2 Superior Courts, San Diego and Fresno, which have been authorized to make mandatory mediation referrals to a mediator provided by the state, and 2 Superior Courts, Contra Costa and Sonoma, to establish

voluntary mediation programs. These programs began just last month, and a report evaluating them will be made to you within three years.

We also are increasing the use of what are now termed “collaborative courts.” So far we have established such courts to deal specifically with drug and domestic violence offenders. Typically, expanded court proceedings include close and continuing judicial supervision, cooperation with local treatment providers, and individualized requirements that the defendant must meet in order to succeed (often including seeking and maintaining employment). The hope is to stop the revolving door that captures so many offenders in a cycle of drug use and violence. And increased funding will permit the expansion of Drug Courts to juvenile and dependency cases.

Another innovation involves the creation of family courts in which all legal proceedings affecting a family can be handled in a single setting. Matters that might have been distributed among delinquency, dependency, criminal, and family law courts are brought together. The whole picture is viewed and treated globally and comprehensively, rather than in bits and pieces spread across the system with one judge perhaps being unaware of another proceeding—ongoing in a nearby courtroom—affecting members of the same family.

Courts also are doing their part to get young people invested in the justice system, by exploring new ways to educate students on the rule of law and to have them become participants in making the system work. For example, youth court programs in San Diego, Placer, and Orange Counties provide a forum for juveniles charged with minor offenses to be judged by their peers. And a first-impressions program in Los Angeles brings lawyers and elementary school students together in an interactive educational experience focused on the legal system. Additionally, I shall be exploring with the Governor the feasibility of conducting an education summit conference to consider issues related to youth and the role of law in our society, for without confidence in a fair and accessible judicial system, young people are less likely to grow up as law-abiding citizens.

Let me turn now to a totally different impediment to access to justice. Too many of our courts have antiquated information systems that slow case-processing and impede court planning efforts, driving up costs for the courts themselves and for litigants and lawyers who cannot gain easy access to essential information. Those technological innovations that we have been able to make have proved very beneficial to users of the courts.

For example, the Judicial Council website contains assorted information about the judicial system, and offers immediate internet access to appellate decisions. Twenty seconds after a Supreme Court Opinion is available at the Clerk’s counter on the customary filing days of Monday and Thursday at 10:00 a.m., it is available on the web. Court of Appeal decisions are available almost as quickly. Additionally, the First District Court of Appeal has recently made case status information available online. Within its first month of operation, this service registered some 44,000 hits.

The Judicial Council’s Advisory Committee on Technology is developing statewide standards for technology. We are seeking to reduce the risk of developing and implementing incompatible technology, and to leverage the state’s buying power in this area—thus reducing costs. Moreover, this kind of collaborative effort will help

us develop the standards our branch will need in order to more effectively share data with the entire justice system and with the public, as well as with the Legislative and Executive Branches in our budget planning process.

Although we can improve access to our courthouses, access to interpreter services, and access to effective information systems, all these efforts will not succeed in providing our citizens with access to justice if a judge is not available to hear one's case or if the judge who is available does not inspire confidence.

The essence of a strong and independent judicial system—and, ultimately, what lies at the heart of the justice that the system seeks to dispense—is the quality of the men and women who decide the issues brought before them by the public. We in California have been fortunate over the years to have by and large an exceptionally fine group of jurists serving on our courts. But today our system is losing its ability to attract the best lawyers to join the Bench, and to retain them once they are there.

During the past 20 years, the compensation of judges has fallen substantially behind that of public sector lawyers. Not only is it becoming increasingly difficult to attract individuals to the Bench from the private sector, but it also has become harder to attract them from the ranks of public attorneys.

We all might start from the premise that the type of seasoned legal practitioner we would want to be considered for appointment to the Superior Court should not be faced with the necessity of accepting a judicial salary substantially below the salary paid by good law firms to first-year associates fresh out of law school. Nor is this simply a gap between public and private wage levels. Perhaps even more difficult to understand is the circumstance that in many areas of California, a deputy district attorney or deputy public defender earns more than the Superior Court Judge before whom he or she is pleading the case.

The Judicial Council's task force on the quality of justice conducted surveys and studies to determine factors that affect the recruitment and retention of well qualified jurists. The task force worked from the premise that the public is best served by judicial officers who possess exceptional experience, training and temperament, and who reflect the diverse backgrounds of California's present-day population. Adequate compensation was determined to be the major stumbling block in achieving this goal. Many individuals who wish to participate in public service and to contribute to their communities cannot do so because of the adverse financial impact of a judicial career on their families.

In an eloquent letter to the Chair of the Task Force on the Quality of Justice, Judge Enrique Romero, a nine-year veteran of the Los Angeles Superior Court, explained last year why it was his last day on the Bench. He wrote: "I love this job, but I leave because I cannot afford to continue serving as a judge." He added: "I can assure you that many judges who are similarly situated as I am, will leave the Bench in the near future unless something is done with judicial salaries." Judge Romero's story is not an uncommon one. Surveys of sitting and retired judges and articles in the legal press reflect this trend. We have seen an exodus of experienced judges retiring from the Bench at the first opportunity in order to earn more money as private judges. These departures only encourage the further development of a two-track

system of justice in which the best and the brightest move to the private track rather than use their experience to serve the public.

Your action in this arena can help reverse the trend and make a substantial difference in the quality of justice rendered in our state. A good start in this direction is the amount placed by the Governor in his budget proposal for the coming fiscal year earmarked for a judicial salary increase. I am hopeful that both the Governor and the Legislature will consider augmenting that amount when the May revisions to the budget are made, and adopting other creative measures to encourage judges to remain on the Bench.

Related to the need to provide a qualitatively adequate judiciary is the need to ensure a quantitatively adequate judiciary. We have documented the need for additional trial and appellate judgeships to enable the courts to promptly handle the ever-increasing workload they face. Last year, no new judgeships were created, and those created two years before that were the first in a decade. The need is there, it is documented, and it has not been disputed. Having a sufficient number of judges available to respond to the cases filed by Californians and their public and private agencies is a crucial component of access to justice.

I wish to turn now to one other area that also has an enormous impact on the public's confidence in our legal system—jury service. You have heard me speak of this subject before. And you responded by enacting the measure that provides for one-day-or-one-trial jury service, which became effective on January 1st of this year. This has been a very welcome development. The inadequate compensation provided for jurors, however, remains a further major obstacle to encouraging more citizens to answer the call to jury service.

At a recent meeting of the Conference of Chief Justices that I attended, the Director of the Center for Jury Studies at the National Center for State Courts reported that last year 10 million persons were summoned for jury service nationwide. 4 million reported for service, and 1.5 million actually served on a case. A recent poll revealed that 24% of Americans have been jurors. The right to trial by jury is one of our most treasured rights. 69% of the persons polled in the National Center's study said that trial by jury is the most important aspect of the criminal justice system, and 78% found it the fairest way to determine guilt or innocence.

Yet in California, in some counties, we have had response rates as low as 6% to jury summonses, with the non-respondents treating a summons like another piece of junk mail. Could it be that our failure to treat jurors with respect and to show our appreciation for their valuable service has led to their lack of interest in the process? After all, in California we pay \$5 per day for jury service, the lowest amount in the United States, matched only by one other state. Jurors have not received a pay increase since 1957. Added to this poor treatment are jury facilities that often are woefully inadequate.

We must do better, and with your help we can. The proposed budget, as well as AB 592, authored by Assemblymembers Migden and Baugh, would increase juror pay to \$12 per day—not exactly a prince's ransom, but still enough so that most individuals will not be out-of-pocket when they show up for jury service. While our ultimate goal is \$40 a day, this critical first step must not be delayed. A pilot program also is proposed to reimburse jurors for dependent care when having that assistance would make the difference in enabling someone to serve.

Nor is money the only answer. The one-day-or-one-trial system sends an important message that we value jurors' time. And we also are working to facilitate their contributions by writing new jury instructions that will accurately reflect the law in comprehensible, layperson's, language. Justice Carol Corrigan and Justice James Ward are heading these efforts and have done a tremendous job. About 200 draft instructions in civil and criminal law will be released shortly for public comment.

The jury system is perhaps the most critical area where citizens interact with their government. Their service in our courthouses is an opportunity to either build confidence or breed cynicism. Together we must act to ensure the proper outcome.

Although I have covered a variety of topics today, there are many other exciting activities underway in the Judicial Branch that I have not touched upon. The Task Force on Trial Court Employees, chaired by Justice James Ardaiz, has successfully dealt with the difficult personnel issues raised by state funding, and their unanimous recommendations await your action. The task force on court facilities, chaired by Justice Daniel Kremer, is conducting evaluations of each of California's nearly 400 state court locations and will be presenting a comprehensive series of recommendations for your consideration. The Appellate Process Task Force, chaired by Justice Gary Strankman, is engaged in a broad study of the ways the operations of the Courts of Appeal can be improved. Finally, the many advisory committees of the Judicial Council continue working to improve the administration of justice in all its aspects in ways too numerous to catalogue.

As I said at the outset, the phrase access to justice covers a lot of territory. But a strong and independent judicial system is one that is committed to listening to the public it serves, to actively seeking the resources it needs in order to provide the best service possible, and to deciding cases based upon law, precedent, and the facts, free of inappropriate influences.

The focus on access to justice greatly strengthens our judicial system by continually reminding us of the core values underlying the public service we provide. The Judicial Branch has experienced unparalleled change in a matter of a few years. In February, here in Sacramento, the Supreme Court celebrated its 150th anniversary. During the past century and a half, the Judicial Branch, like the rest of the public and private sectors of this state, has survived floods, earthquakes, colorful characters in power, wars, the industrial revolution, the horseless carriage, and now the new age of technological marvels. This experience has taught us, perhaps, that we should always expect the unexpected. But if we create and maintain a strong foundation for our institutions and keep ourselves focussed on the values that have made our state and our nation great, working together our three co-equal branches of government can accomplish anything and accommodate any change.

Thank you once again for inviting me to speak with you today. I hope you will be able to join me and members of the Judicial Council and the Administrative Office of the Courts in the basement rotunda for a reception that will begin shortly.

CONSTITUTIONAL PRESIDENT OF THE UNITED STATES
OF MEXICO

May 18, 1999

**DISCURSO DE ANTONIO R. VILLARAIGOSA
PRESIDENTE DE LA ASAMBLEA DEL ESTADO DE CALIFORNIA**

SOBRE

**LA VISITA DE SU EXCELENCIA DR. ERNESTO ZEDILLO PONCE DE LEÓN
PRESIDENTE DE LA REPÚBLICA DE MÉXICO**

18 DE MAYO DE 1999

(NOTE: Speaker Villaraigosa's remarks delivered in Spanish. Please see translation to follow.)

He tenido la oportunidad de estar frente de ustedes como Presidente de la Asamblea y presentarles personas distinguidadas, y he tenido el honor de hacerlo.

Pero nunca me he sentido mas orgulloso de como me siento hoy, al recibir el Presidente de México, Ernesto Ponce de León en el piso de la Asamblea Estatal de California.

Si el presidente nos hubiera visitado en la legislatura hace algunos pocos años, esto no sería verdad.

Pero con la elección de Gray Davis como Gobernador y Cruz Bustamante como Vice Gobernador, hemos dado una vuelta, hemos cerrado la puerta de un capítulo difícil en nuestra historia como estado.

Señor Presidente, su visita histórica nos recuerda hoy de una profunda y eterna amistad que existe entre la República de México y el estado de California.

De hoy en adelante, California reafirma las contribuciones de los inmigrantes Mexicanos a este estado y el parentesco que continúa con la gente Mexicana.

Desde los nombres de nuestras poblaciones y ciudades hasta nuestra celebración de la cultura y el arte culinario Mexicano, es difícil olvidar lo profundo que son estos lazos, y la riqueza de nuestra relación.

Y mientras que lamentamos las condiciones económicas, todavía es verdad que el Sueño Californiano se ha erigido en parte por el sacrificio de trabajadores Mexicanos, quienes se sintieron obligados a dejar sus pueblos y familias en busca de una vida mejor.

Así como los Estados Unidos se ha fortalecido por la inmigración, California también se ha beneficiado por la increíble diversidad de personas quienes consideran este estado su hogar.

Y entonces, reconocemos a esos pioneros Mexicanos quienes caminaron hacia el Norte desde México en el siglo 18 y establecieron Alta California.

Y por supuesto, reconocemos a los Californianos de descendencia Mexicana, de nuestra misma época quienes como yo, son ciudadanos orgullosos de los Estados Unidos Americanos y orgullosos de su herencia Mexicana.

Entre nuestras dos naciones, existen profundos lazos de sangre, tierra, fé, familia—e historia.

Estoy seguro que cada Californiano, a pesar de su origen étnico, ha sido alcanzado por la cultura y dinamismo de México.

Como hijo de un inmigrante Mexicano, he tenido la oportunidad de crecer con la riqueza de dos idiomas y dos culturas.

Hoy, gracias a nuestro nuevo Gobernador y a la cordialidad y un espíritu de generosidad del Presidente Zedillo, forjamos una nueva sociedad. Una sociedad que fortalecerá las economías de California y México.

Y entre esas actividades, en el curso normal de las transacciones comerciales, California desempeñará un papel clave en asistir a México para lograr una prosperidad, para que ninguno de sus hijos se sientan forzados por las circunstancias a dejar sus hogares y familias.

Señor Presidente, con mucho orgullo ahora puedo decir, ¡Viva México! ¡Viva California! ¡Y que viva el lazo entre nuestras dos grandes naciones, quienes comparten una herencia común y un destino excepcional!

REMARKS OF ASSEMBLY SPEAKER ANTONIO R. VILLARAIGOSA**TO
JOINT CONVENTION OF THE CALIFORNIA LEGISLATURE
FOR****THE VISIT OF MEXICAN PRESIDENT ERNESTO ZEDILLO**

MAY 18, 1999

I have stood here before you at this dais many times since my election as Speaker and introduced many distinguished people and I have been honored to do so.

But, I have not been any prouder than I am today. As we honor the President of Mexico, Ernesto Zedillo Ponce de León, on the floor of the California State Assembly.

If the President of Mexico had visited the Legislature just a few short years ago, that would not have been true.

But with the election of Gray Davis as Governor and Cruz Bustamante as Lieutenant Governor, we have turned a corner, we have closed a door, on a sad chapter in our history as a state.

Your historic visit, Mr. President, serves to remind us of the deeper and undying friendship that exists between the Republic of Mexico and the State of California.

Today, California re-affirms in so many ways the contributions of Mexican immigrants to this state and its continuing kinship with the Mexican people.

From the names of our towns and cities to our celebration of Mexican culture and cuisine, it is hard to forget for long how deep those ties go, how rich the connection is.

And while we deplore the economic conditions that has made it so, it is still true that the California Dream has come about in part by the sacrifice of Mexican workers who felt compelled to leave their villages and families to seek a better life.

Just as the United States has always been strengthened by immigration, so too has California been strengthened by the incredible diversity of people who call this state their home.

And so we salute those Mexican pioneers who pushed north from Mexico in the 18th century and founded Alta California.

And of course we salute the Mexican Californians of our own era, who, like myself, are proud citizens of an American state and proud heirs of the Mexican heritage.

Between our two commonwealths, there exists the deepest ties of blood, land, faith, family—and history.

I believe that together Mexico and California are poised on the verge of a golden age of social, economic and political potential.

Every Californian—no matter what his or her ethnic origin may be—has been touched by the culture and dynamism of Mexico.

As the son of a Mexican immigrant, I have had the opportunity to grow up with the richness of two languages and two cultures.

Today, thanks to our new Governor and to President Zedillo's graciousness and generosity of spirit, we forge a new partnership, a partnership that will strengthen the economies of both California and Mexico.

And in those activities, in the normal course of trade and commerce, California will play a small but pivotal role in assisting Mexico to

achieve a prosperity in which none of her children will ever again feel forced by circumstances to leave their homes and families.

Mr. President, may I say, Long Live Mexico! Long Live California! And long live the bond between the peoples of these two great commonwealths who share a common heritage and an uncommon destiny.

MENSAJE DEL PRESIDENTE DE LOS ESTADOS UNIDOS MEXICANOS
DURANTE
LA SOLEMNE SESIÓN CONJUNTA
DEL SENADO Y LA ASAMBLEA LEGISLATIVA DEL ESTADO DE CALIFORNIA

Sacramento, Ca., E.U.A.
Martes 18 de mayo de 1999

(NOTE: President Zedillo's address delivered in Spanish. Please see translation to follow.)

Honorables Miembros del Senado de California;
Honorables Miembros de la Asamblea Legislativa;

Distinguido Señor Gray Davis,
Gobernador del Estado de California;

Distinguido Señor Cruz Bustamante,
Vicgobernador del Estado;

Señoras y señores:

A nombre del pueblo y el Gobierno de México mucho agradezco la invitación de los señores y señoras legisladores para hablar en este recinto que refleja la libertad de pensamiento, la pluralidad política y la diversidad social de un gran estado de la Unión Americana: el estado de California.

Agradezco con emoción las palabras de bienvenida del Senador John Burton y del Asambleísta Antonio Villaraigosa.

Mi visita a California continúa el diálogo que iniciamos hace unas semanas en México el Gobernador Gray Davis y yo. Por eso me da mucho gusto haber sostenido con él, hace un momento, una fructífera reunión de trabajo.

Agradezco, asimismo, las palabras del Vicegobernador. Los mexicanos nos sentimos muy orgullosos de que gente que comparte nuestras raíces como Cruz Bustamante, esté labrando una carrera tan destacada en el servicio público y la representación popular.

Soy portador de un mensaje de afecto y esperanza de todos los mexicanos para el pueblo y las autoridades de California.

Nuestro mensaje de afecto está enmarcado en el nuevo entendimiento que mexicanos y norteamericanos estamos edificando.

Un nuevo entendimiento para una relación geográfica y económicamente extensa, y para una relación social y culturalmente intensa.

Un nuevo entendimiento que se nutre de la amistad sincera y el respeto mutuo, del diálogo franco y el beneficio recíproco.

Un nuevo entendimiento para avanzar al siglo XXI con una relación productiva y provechosa de vecinos, de amigos y de socios comerciales.

En este sentido, quiero expresar un reconocimiento especial al Presidente William Clinton, quien ha demostrado ser un gran amigo de México.

Un amigo que aprecia nuestra historia y nuestra cultura; un amigo que supo respaldar con decisión y liderazgo un tratado comercial sin precedentes en el hemisferio y que supo apoyar en momentos de prueba el esfuerzo de los mexicanos. El Presidente Clinton es un amigo que ha

tenido un interés personal y un cuidado particular en las relaciones con México.

Como un hombre que creció en la frontera con este gran estado y como mexicano orgulloso de mi nación, me resulta muy alentador que estemos iniciando una nueva etapa en los vínculos entre México y California.

El mensaje de esperanza que traigo de todos los mexicanos es que esta nueva etapa nos lleve a sumar esfuerzos para impulsar la prosperidad a ambos lados de la frontera, para enfrentar mejor nuestros problemas comunes, y para enaltecer el legado humano y cultural que compartimos con California.

En mi país nos sentimos muy orgullosos de la enorme contribución que han hecho las generaciones de origen mexicano al progreso y el bienestar de California.

A lo largo de varias décadas ya, muchas generaciones de origen mexicano se han sabido ganar respeto y reconocimiento por su talento y su energía, por su capacidad y su trabajo.

Esos hombres y esas mujeres han cumplido su parte para que California sea apreciado en todo el mundo como un lugar que ha estado a la vanguardia de derechos esenciales del ser humano, y a la vanguardia en la innovación en la convivencia social, en el avance tecnológico y en los medios de comunicación y entretenimiento.

Vengo a California a reafirmar a toda la población de origen mexicano y a todos los californianos que en México estamos trabajando con ahínco para construir un futuro de progreso y justicia.

Los mexicanos estamos trabajando unidos para pasar de la recuperación económica a un crecimiento económico dinámico y duradero.

Los mexicanos también estamos trabajando unidos para que cada voz sea escuchada, para que cada voto cuente y para que cada uno sea tomado en cuenta en las decisiones que afectan a todos.

Los mexicanos estamos trabajando unidos a fin de que las personas, las familias y las comunidades encuentren en nuestro país buenas y suficientes oportunidades de superación para todos.

Hace cuatro años mi país debió enfrentar una muy grave emergencia económica y una pertinaz desconfianza política, al tiempo que subsistían inmensos retos sociales.

Los mexicanos decidimos hacerles frente con fortaleza, unidad, decisión y perseverancia.

Gracias a la fortaleza de ánimo y a la unidad de propósitos de nuestros hombres y mujeres, logramos superar aquella crisis más rápidamente de lo que la mayoría había supuesto, y comenzamos a sentar bases firmes para un crecimiento económico perdurable.

Con gran orgullo puedo afirmar que el esfuerzo de los mexicanos está dando resultados. México está avanzando por el camino correcto.

En 1996 y 1997 logramos un fuerte crecimiento económico. En 1998 la nueva fortaleza de la economía mexicana fue puesta a prueba tanto por el desplome de los precios del petróleo, como por las adversas condiciones de los mercados financieros mundiales.

No obstante, gracias a la tenacidad de nuestro pueblo y a la oportunidad de las decisiones adoptadas, en 1998 se logró un muy apreciable crecimiento de la economía. Lo más importante, las fuentes de trabajo que tanto necesitamos también han seguido aumentando. En

el primer trimestre de 1999, la tasa de desempleo abierto fue de 2.9, la más baja en ocho años.

En verdad son muy pocos los países que pueden mostrar un crecimiento similar de la producción y el empleo durante estos pasados tres años.

Con todo, sabemos que falta mucho camino por recorrer y que es fundamental mantener políticas responsables y congruentes, redoblar el paso y perseverar en nuestros objetivos.

Mucho es lo que el Tratado de Libre Comercio de América del Norte ha contribuido a la recuperación y al nuevo crecimiento de la economía mexicana.

El Tratado de Libre Comercio está siendo un gran éxito, que ha cumplido sobradamente sus expectativas.

Gracias al TLC, el año pasado el comercio bilateral entre nuestros países alcanzó una cifra récord de más de 185 mil millones de dólares.

Hoy, México ha desplazado a Japón como el segundo socio comercial de Estados Unidos, detrás sólo de Canadá.

México está adquiriendo más productos norteamericanos que nunca antes. Hoy México importa de Estados Unidos tres veces más que Alemania; más que Gran Bretaña, Francia y Bélgica juntas; y más que Corea del Sur, Taiwán, Singapur y Hong Kong combinados.

Lo más importante: el TLC ha significado y seguirá significando miles y miles de nuevos y mejores empleos y oportunidades de negocios a ambos lados de la frontera.

Ello se ha percibido con claridad aquí en California. Este es el segundo estado de la Unión Americana con mayores exportaciones a México. En el tercer trimestre de 1998, México se convirtió en el mercado más grande para productos californianos entre todos los países del mundo.

El éxito del TLC debe ser un formidable aliciente en esta nueva etapa para que California y México trabajemos por un futuro más promisorio y más próspero.

El mayor desafío de México sigue siendo la pobreza, resultado de rezagos ancestrales y de graves carencias.

En todo momento, aun durante las más adversas circunstancias económicas, la más alta prioridad de mi Gobierno ha sido apoyar a quienes más lo necesitan; transformar carencias en oportunidades.

Con este propósito, el Gobierno Federal está dedicando la proporción de recursos públicos más grande de nuestra historia a la política social.

Los servicios de salud cubren a más de 90 millones de mexicanos. Cerca de 10 millones de personas que habitan en comunidades aisladas y pobres y que en 1994 no contaban con estos servicios, ahora ya los reciben.

Nuestro sistema de educación tiene una matrícula total de casi 30 millones de alumnos. Nueve de cada diez estudian en instituciones públicas.

Cada año se distribuyen cerca de 150 millones de libros de texto gratuito para alumnos de primaria y ahora de secundaria. Ellos incluyen libros y material didáctico en 33 lenguas indígenas y 19 variantes.

En los pasados cinco años, 9 millones que no contaban con agua potable ya la reciben; 11 millones que carecían de drenaje, ya lo tienen; casi 2 millones de hogares que no tenían electricidad, ya la utilizan.

A partir de noviembre pasado nos propusimos ofrecer 200 mil créditos a familias de pocos recursos para que puedan adquirir su vivienda propia.

En el campo estamos por completar la regularización de predios más grande que se ha realizado en el mundo. Hoy los campesinos son dueños de su tierra y tienen más apoyos que nunca antes para hacerla productiva.

Adicionalmente, estamos llevando un programa que combate la pobreza mediante acciones de salud, nutrición y educación a las zonas más marginadas. Este programa, que se apoya en las madres, está llegando a más de 1.5 millones de las familias más pobres en el país.

A la vez, estamos comenzando a subsanar viejos rezagos en el cuidado del ambiente y los recursos naturales. En los pasados cinco años se han establecido 100 áreas naturales protegidas con programas de manejo, presupuesto y personal especializado.

Los mexicanos no descansaremos hasta edificar una nación que ofrezca un horizonte de oportunidad y bienestar a todas sus regiones, a todas sus familias, a toda su gente.

Sabemos que es mucho lo que todavía debemos y podemos hacer. Pero también sabemos que tenemos la unidad, el espíritu y la capacidad para llevarlo a cabo.

Sabemos que con voluntad firme, con diálogo permanente, con acuerdos más amplios, entre todos los mexicanos podremos hacer más por nuestro país y por nuestro futuro.

Justamente, mediante la suma de voluntades, el diálogo franco y acuerdos constructivos, los mexicanos logramos avanzar a una plena democracia.

Esta es una tarea a la que me comprometí desde el primer día de mi mandato y a la que he dedicado toda mi convicción.

Es muy satisfactorio que gracias a las reformas que hemos hecho desde fines de 1994, se haya fortalecido la autonomía del Poder Judicial y que estemos dando nuevo vigor a nuestro federalismo para que los estados y los municipios sean más fuertes por su capacidad de tomar decisiones y llevarlas efectivamente a cabo.

Los mexicanos logramos una reforma constitucional por unanimidad, que consagra principios justos para las leyes electorales; autonomía para los órganos de autoridad electoral; transparencia en el financiamiento de los partidos políticos; control sobre el origen de sus recursos y limite a sus gastos de campaña, así como acceso a los medios de comunicación.

México es hoy un país con elecciones legales, competidas, transparentes y justas. Con gran orgullo puedo afirmar que México está viviendo cabalmente la democracia.

Señoras y Señores Legisladores;

Mexicanos y norteamericanos, hemos aprendido a convivir sabiéndonos y aceptándonos distintos, encauzando nuestras diferencias a través del diálogo, sumando esfuerzos para superar nuestros desafíos comunes.

Estoy convencido de que en el umbral del siglo XXI debemos iniciar una nueva etapa entre California y México.

Una nueva etapa donde los vínculos entre California y México se distingan por la voluntad inquebrantable y mutua de diálogo, entendimiento y cooperación.

México cumplirá su parte.

Y tengo entera confianza en que el Gobierno y los legisladores de este gran Estado también contribuirán a que California y México sean más amigos, mejores vecinos y más grandes socios comerciales.

Muchas Gracias.

STATE ADDRESS

TO A

JOINT CONVENTION OF THE CALIFORNIA LEGISLATURE

BY

DR. ERNESTO ZEDILLO PONCE DE LEÓN
CONSTITUTIONAL PRESIDENT OF THE UNITED STATES OF MEXICO*Honorable Members of the Senate in California*
*Honorable Members of the Assembly in California**The Distinguished Sir Gray Davis, Governor of the State of California**The Distinguished Cruz Bustamante, Lt. Governor of the State of California**Ladies and Gentlemen:*

On behalf of the people and the Government of Mexico, I thank you very much for the invitation of the Assemblymembers to speak in this Chamber which reflects free political plurality and the social diversity of a great state of the American Union: the State of California.

I deeply appreciate the true words of welcome from Senator John Burton and Assemblyman Antonio Villaraigosa.

My visit to California continues the dialogue initiated a few weeks ago in Mexico between Governor Gray Davis and me. That's why I am very pleased that a few minutes ago we concluded a fructiferous work session.

I also thank with deep appreciation the words of the Lt. Governor. As Mexicans, we are very proud that people who share our roots, as Cruz Bustamante does, are cultivating a career in public service and grass-roots representation.

I bring a message of affection and hope from all Mexicans for the people and leaders of California.

A new understanding nourished by sincere friendship and mutual respect and by true dialogue and mutual benefit.

A new understanding to go forward toward the 21st Century with a productive and profitable relationship for everyone: profitable as neighbors, friends, and trade partners.

In this area, I would like to express special recognition to President Clinton, who has shown to be a great friend of Mexico.

A friend who appreciates our history and our culture: a friend that knew how to back up, with fortitude and leadership, a commercial treaty without precedent in the hemisphere, and knew how to support, in the moment of truth, the effort of the Mexican people. President Clinton is a friend who has had a personal interest and a particular care in the relationship with Mexico.

As a man who grew up in the border area of this great state and as a proud Mexican, very much proud of my nation, it is very encouraging that we are initiating a new era in the relationship between Mexico and California.

The message of hope that I bring from the Mexican people is that this new era will take us to expanded joint efforts to generate prosperity on both sides of the border to better face our common problems, and to enhance the human and cultural legacy that we share with California.

In my country, we are very proud of the enormous contribution that generations of people of Mexican origin have made to the progress and welfare of California.

Throughout several decades, many generations of Mexican origin have been respected and recognized for their talent and their energy, for their ability and their labor.

These men and women have done their part so that California is regarded around the world as a place that has been in the vanguard of human rights, innovation, social harmony, technological advances, media and entertainment.

I come to California to reiterate to all of those of Mexican origin and to all Californians that in Mexico we are working tirelessly to construct a future of progress and justice.

Mexicans are working together to move from economic recovery to dynamic and lasting economic resurgence.

Mexicans are also working together so that every voice is heard, every vote counts and everyone is taken into account in the decisions that affect us all.

Mexicans are working together so that people, families and communities may find good and sufficient opportunities that all may excel.

Four years ago, my country faced a very grave economic crisis and deep disenchantment toward politics, as well as serious social obstacles.

Mexicans decided to face these challenges with strength, unity, decisiveness, and perseverance. Thanks to the strength of purpose and united will of our men and women, we were able to overcome that crisis more quickly than most had imagined, and we began to lay a firm groundwork for lasting economic growth.

With great pride, I can tell you that the effort of Mexicans is paying off. Mexico is on the right path.

In 1996 and 1997 we accomplished a strong economic growth. In 1998, the new strength of the Mexican economy was put to test, due to the downfall of international prices for oil and the adverse conditions in the international financial markets.

Nevertheless, and thanks to the tenacity of our people and the timeliness of our decisions, we accomplished agreeable growth in our economy during 1998. Most importantly, the source of badly needed jobs have continued to increase. In the first quarter of 1999 the rate of open unemployment was 2.9%, the lowest rate in eight years.

In fact, very few countries can show similar increases of production and employment during the past three years.

We know there is a long way to go yet and that it is fundamental to maintain balanced and responsible policies, to double our efforts and to persevere in our objectives.

The North American Free Trade Agreement has contributed greatly to the recovery and new growth of the Mexican economy.

NAFTA is a great success and has surpassed all expectations.

Thanks to NAFTA, bilateral trade between our countries last year reached a record level of more than \$185 billion.

Today, Mexico has overtaken Japan as the second-largest trading partner of the United States behind Canada.

Mexico is buying more American products than ever before. Today, Mexico imports from the United States three times more than Germany;

more than Great Britain, France and Belgium combined; and more than South Korea, Taiwan, Singapore and Hong Kong combined.

Most important, NAFTA has meant thousands and thousands of new and better jobs and business opportunities on both sides of the border.

This can be seen clearly in California. This is the second-ranked state in exports to Mexico. In the third quarter of 1998, Mexico was the biggest market in the world for California products.

NAFTA's success should spur us on in this new stage so that California and Mexico continue to work toward a more promising and prosperous future.

Mexico's greatest challenge continues to be poverty, the result of age-old deficiencies and grave deprivation.

At all times, even during the most adverse economic circumstances, the highest priority of my government has been to support those who most need it, transforming deprivation into opportunity.

To this end, the Mexican federal government is setting aside more public resources than ever before for social programs.

Health services cover more than 90 million Mexicans. Nearly 10 million people in poor, isolated communities who, at the start of my administration in 1994, did not enjoy these services, today receive them.

Our education system has nearly 30 million students; nine out of 10 study in public schools.

Every year, the federal government distributes nearly 150 million free textbooks to primary schools, and now to secondary schools. They include books and teaching materials in 33 indigenous languages and 19 dialects of these languages.

After five years of this administration, 9 million people who did not have running water now do. Eleven million who had no sewage, now have it. Nearly 2 million homes that did not have electricity now have it.

Starting last November, we proposed to offer 200 thousand credits to low income families so that they can purchase their own housing.

In the agricultural field, we are trying to complete the world's largest regularization of parcels. Today the farmers are the owners of their land and have more support than ever before to make it productive.

Additionally, we are carrying out a program to fight poverty through health, nutrition and education initiatives in the marginal zones. This program, supported by mothers, is reaching more than 1.5 millions of poor families in the country.

At the same time, we are starting to correct old remainders in the areas of environmental care and natural resources. In the last five years we have established 100 natural areas protected with management programs, budgeting and specialized personnel.

Mexicans will not rest until we build a nation that offers a future of opportunity and well-being for all its regions, all its families, all its people.

We know there is much that we still must and can do. But we also know that we have the unity, the spirit and the ability to carry this out.

We know that with determination, with constant dialogue and with broad agreements among all Mexicans, we will do more for our country and our future.

Precisely, through the will of many, through frank dialogue and constructive agreements, we Mexicans are being able to advance towards a full democracy.

This is a task which I committed myself to accomplish since the first day of my presidency, and to which I have dedicated a great deal of energy.

It is very satisfactory that, thanks to the reforms made in the five years of my administration, the autonomy of the Judiciary has been strengthened and we are giving new emphasis to our federal system in order that the states and municipalities become stronger, with more capacity for decision making and implementation.

The Mexican people have accomplished judicial reform by unanimity, supporting fair principles for our election laws; independent authority for election control agencies; clear and open procedures in the financing of political parties; control over the source of such financing and campaign spending limits, as well as opening the process to the news media.

Today, Mexico is a country with legal, competitive, transparent and fair elections. With great pride I can affirm that Mexico is living democracy in full.

Ladies and Gentlemen of the Legislature:

Mexicans and North Americans, have learned to live together knowing and accepting that we are different, working out our differences through dialogue, working together to overcome our common challenges.

I am sure, on the threshold of the 21st Century, that California and Mexico must initiate a new stage between California and Mexico.

A new stage where the ties between California and Mexico are characterized by an unbreakable, mutual desire for dialogue, understanding and cooperation.

Mexico will do its part.

I am entirely confident that the government and the legislators of this great state will also contribute so that California and Mexico will be greater friends, better neighbors and bigger business partners.

Thank You.

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

When the Reverend Martin Luther King, Jr. received the Nobel Peace Prize in Oslo, in 1964, he spoke these words of hope:

He said: "I have the audacity to believe that people everywhere can have three meals a day for their bodies, education and culture for their minds, and dignity, equality and freedom for their spirits."

Thirty five years later, his words still speak to a common longing. He understood the Divine Truth, that until the needs of our bodies, our minds, and our souls are all met, peace amongst humanity will be delayed.

May the One who gave us Life, also grant us the compassion and strength needed to help nourish all who are in need of physical and spiritual sustenance. May the work of our hands and the meditations of our hearts always be directed towards bringing peace and wholeness to the world, and joy and celebration to all of humankind.—AMEN.

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

While our nation has long championed the official separation between church and state, we have also understood the value of political action being influenced by the ethical and moral beliefs, that are promoted by religions, that strive to uplift the human spirit and elevate our actions towards one another.

In February of 1795, President George Washington declared a day of national thanksgiving. The Bishop James Madison preached a sermon in honor of the day. On the topic of religion and government he taught that:

“Virtue such as republics and heaven require must have its foundation in the heart; it must penetrate the whole man; it must derive its obligations and its sanctions, not from the changeable ideas of the political moralist, or the caprice of the wisest of human legislators, but from the unchangeable father of the universe, the God of love, Whose laws and Whose will we are incited to obey by motives, the most powerful that can actuate the human soul. Men must see and feel, that it is God Himself, their maker and their judge, Who demands obedience to duties which constitute their individual, their social, their eternal happiness. Then and not till then, will virtue reign triumphant in the hearts of citizens.”¹

Legislators are entrusted by the people with the sacred obligation to enact policies and laws, but, as Bishop Madison suggested, the people hope that their government will not be influenced simply by the changing whims of the political moralists and pundits, but rather by the motivation that their actions have the power to actuate the human soul, to elevate the human condition, and to bring us together in thanksgiving and understanding.

Master of All Creation, we ask of You to grant us humility in the awesome task to which we have been entrusted, we pray that You be an inspiration in our daily actions and that You grant us wisdom and compassion in all of our endeavors.—AMEN.

¹ Bishop James Madison: “Manifestation of the Beneficence of Divine Providence towards America,” February 19, 1795.

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

There is an old Chasidic folk-tale that tells the story of a man who was on a journey that took him through a forest. While in the forest, he lost his way. After several days of wandering around, he encountered another man. The first man appealed to the second, and asked: Can you show me the way out of this forest? The other man replied: I have also lost my way. Every path I have taken has been wrong. But, at least I know what paths *not* to take. Come, he said, Let us search for the way out together.

It is often all too easy to get lost when we wander through the forests of our lives. There are no signs to mark the way, no paths to clearly lead us where we want to go. But, when we *share* our wisdom, and share our journey with others, the forest becomes less frightening and transformed into something altogether different. When we can recognize that there are other travelers also trying to find their way through the forest, we discover paths that we did not see before, and glimmers of light that had previously been shrouded in darkness.

May the Holy One of Blessing, illuminate our paths and help us find the markers along the way. May we be open to seeing the beauty of the journey, even when the road is unclear.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Keeley, Assembly Member Havice then led the Assembly in the pledge of allegiance to the Flag.

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

The great American poet, Henry Wadsworth Longfellow wrote:

If spring came but once a century instead of once a year,
or burst forth with the sound of an earthquake and not in silence,
what wonder and expectation there would be in all hearts,
to behold the miraculous change.

Because nature's miracles happen on a regular basis, we often forget to notice how miraculous they really are. Too often we take for granted the beauty and the gifts of the natural world and only notice them when they are taken from us by flood, or fire, drought or earthquake.

Through religious festivals such as Easter and Passover, we are reminded to pay attention to the annual miracle of the earth's reawakening every Spring. Similarly we are reminded that even into the darkest soul, light and redemption can take root.

May our eyes always be open to the miracles that have been bestowed upon us, and may it be God's will that we continue to be witnesses to the miracle of Creation in its many daily manifestations.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Keeley, Assembly Member Jackson then led the Assembly in the pledge of allegiance to the Flag.

Legislative Intent—Assembly Bill No. 2

March 22, 1999

Mr. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California

Dear Mr. Wilson,

As authors of Assembly Bill 2, we wish to clarify Section 53055 related to the Governor's Reading Award program.

It is the intent of the authors and the Secretary for Education that this program would serve all schools in the state, divided into equal quarters. That is, all schools in the state would have the opportunity to compete for the Governor's Reading Award program, and they would be competing against all schools in their respective quartiles. The bill provides for at least four hundred awards statewide. At least one hundred awards would be awarded to schools in each quartile.

Assemblymember Mazzoni Assemblymember Cunneen
Secretary for Education, Gary Hart

**CONSIDERATION OF SENATE AMENDMENTS BY UNANIMOUS CONSENT

PRAYER

Upon invitation of Assistant Speaker pro Tempore Thomson the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

With the Spring Recess coming up, I am reminded of a story. It is a story about the man who ran down the dock at the Staten Island ferry and flung himself into space, across the water, landing on the boat with a tremendous thud. He picked himself up, panting and dusting off his trousers, said: "Ahh, I made it!"

"So what was your hurry?" asked a passenger, "We're coming *in*!"

Sometimes we are so focused on running and achieving our goals in a hurry, we don't bother to stop and see if the way we are trying to achieve those goals are even in our best interest. As was the case of the poor Staten Island commuter who thought he was moving forward, only to find out that because of his haste, he was being taken further away from where he desired to be.

May the Holy One bless our comings and goings, and help us to learn to enjoy the journey as much as the destination.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Assistant Speaker pro Tempore Thomson, Assembly Member Reyes then led the Assembly in the pledge of allegiance to the Flag.
