During the Enlightenment, the French writer, Laure Junot wisely observed that "All fruits do not ripen in one season."

While it is normal to desire immediate results, when we cultivate the art of patience in ourselves, we often find ourselves rewarded at unexpected times.

We live in a tension between social demands that call on us for immediate results and knowing that the far reaching effects of what we do will be seen long after our work is done.

May the Holy One bless us with the opportunity to see our work come to a successful and timely fruition.—AMEN.

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

The political commentator, George Will, once observed that “The business of America is not business. Neither is it war. The business of America is justice and securing the blessings of liberty.”

As we enter into the Memorial Day weekend we are reminded of the personal sacrifices made by so many. We remember the courage and bravery that has ensured for us the twin blessings of justice and liberty.

When we participate in the democratic process, we honor the memories of those who have died so that we can be free.

May it be the will of the Creator that we never fail to recognize the bravery of those who came before us and may we always honor their memory by celebrating the noble legacy of freedom and democracy that they have bequeathed to us. May this be God’s will.—AMEN.

Prudence, that we can vote for that which is ultimately right, not momentarily attractive.

California State Auditor

2000-134.2  
May 21, 2001

*The Honorable Speaker of the Assembly*  
*The Honorable Members of the Assembly*  
*of the Legislature of California*  
*State Capitol, Room 3196*  
*Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the operations of the State Energy Resources Conservation and Development Commission (energy commission) and the California Public Utilities Commission (CPUC) and the role each plays in the State's deregulated energy market.

This report concludes that a growing demand for electricity, the failure of true competition to develop, and a lack of new power plant construction proposals have all contributed to California's current energy crisis. It is also likely that this summer's demand will outstrip supply, and California will have to endure some level of electricity shortage during the months ahead.

To cope with the energy supply gap, the Legislature passed AB 970, aimed at bringing new supplies of electricity on-line quickly and reducing energy demand, especially during peak hours. To comply with these mandates, the energy commission and CPUC have been creating new programs and revising existing ones. However, the estimates and timing for the additional supplies or reduced demand for electricity associated with several of these programs may not materialize in time to

safeguard the State from power outages this summer. Nevertheless, other efforts such as ensuring that renewable power plants stay in production and updating building and appliance efficiency standards are helping the State currently or will produce future electricity savings. Assembly Bill 970 also requires the energy commission and the CPUC to speed up power plant permitting and reduce limitations of the electrical transmission grid. However, the time it takes the energy commission to approve or reject applications to site power plants has often exceeded the 12-month limit contained in law, pushing back the dates that plants will come on-line. Further, the CPUC has not responded to the energy crisis with an expedited process to site urgently needed transmission lines and frequently takes longer than the law allows to complete environmental reviews of transmission sites.

Finally, the expectations that consumer choice would create retail competition and drive down the costs of electricity have not materialized. Energy service providers had little chance to compete in price with the investor-owned utilities because of their small customer base and inability to negotiate wholesale purchase prices that were low enough to be attractive. Now with the State acting as the main buyer of wholesale electricity and negotiating long-term contracts with energy generators, consumer choice may not have a future.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Utilities and Commerce.

**PRAYER**

Upon invitation of Assistant Speaker pro Tempore Kehoe, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

In his book *The Virtues of Aging*, President Jimmy Carter wrote that the key to great rewards is a willingness to go out on a limb, because, he says, that is where the fruit is.

One must be willing to risk one's pride, one's comfort level, and even the immediate approval of one's peers, in order to grab hold of the uncommon reward.

Ultimately, the reward is not merely in what one attains, but in the grasp itself. The reward is not just in obtaining the fruit of one's labors, but in the willingness of trying something new, constantly reaching toward new horizons.

When we continue to strive to do more, be more, to take a chance on the untried idea, we keep our hearts, our minds, and our spirits young.

May the Holy One of Blessing grant us the daring of youth in our visions and the wisdom of age in our actions. May this be God's will.—AMEN.

The political analyst, Molly Ivins observed that “Government is a tool, like a hammer. You can use a hammer to build with or you can use a hammer to destroy with.” (*The Fort Worth Star-Telegram*, 1992)

You are the architects of what the future holds for this great edifice called California. You have all the tools that government provides to either build, create, or repair. The hammer in your hands is a powerful one, and yours to use as you see appropriate. While you may upon occasion disagree about what you are constructing, you all share a common desire to be responsible in how you use your power on behalf of the people of this state.

May the Holy One of Blessing grant you the wisdom and compassion to do your work wisely and with speed. May this be God’s will.—AMEN.

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

The twentieth century writer and businessman Bruce Barton observed: "Sometimes when I consider what tremendous consequences come from little things, a chance word, a tap on the shoulders, . . . I am tempted to think . . . there are no little things."

If you listen closely enough, even the smallest noise has an echo. There is no action so insignificant there is not a consequence that comes from it. All that we do has an impact on the world around us.

Responsibility comes from recognizing that in each and every act is a reverberation of the future.

May it be the will of the Creator that our words and deeds be a blessing for all whose lives we touch, even at distances in time and space that we may only perceive.—AMEN.

**PRAYER**

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Rabbi Hillel Cohn, of Congregation Emanu El, in San Bernardino:

On this day in 1780 the flag of our nation was born. Like so many of our other national and state observances that ought to rekindle in us a sense of our history as a people and seizing the opportunity for a renewal of our commitments to the fundamental ideals of our nation and state, the import and significance of this day has been virtually ignored. Let us, therefore, at the outset of a new day on which the elected representatives of the people of the Golden State confront new and demanding challenges, turn to our nation's flag for guidance.

We adorn our public buildings with the "red, white and blue." We carry it, the Stars and Stripes, with great pomp in parades. It is the visible tribute of a nation to its veterans as it covers their burial caskets. We pledge allegiance to the flag with great frequency, especially at the beginning of governmental meetings. But does our behavior as individuals and as a community reflect the ideals and qualities which the flag represents? Are we really committed to the attainment of what we pledge, to be a state and nation that assures "liberty and justice for all"?

In these days when we seek a resolution to our many problems, not the least of which is the energy crisis that threatens the stability and security of this great state, let us turn to our flag for guidance as to where our best energies must be directed.

While not ever formally expressed, the members of the Continental Congress did have an understanding of the meaning of the components of the Stars and Stripes.

For them the red was a symbol of hardiness and valor; the white a symbol of purity and innocence; the blue a symbol of vigilance, perseverance and justice.

How desperately we need to recapture these qualities in our individual and collective lives. And so it is in this spirit that we pray:

O God, let us, the people of the Golden State, be brave and valiant in battling for equality, economic security, the reduction of violence.

O God, let our motives always be pure, our lives innocent of wrongdoing and the perversion of justice.

O God, let us be ever vigilant of attempts to deprive people of their natural rights, perseverant of the highest standards of morality and ethics in government and just in our formulation and application of the laws that will govern this state.

To this end may the women and men who serve in this Great Assembly as the representatives of the people direct their full energies and let our salute to the flag of our great nation be a means of rededication to the principles that must ultimately guide us, the advancement of liberty and justice for all.—AMEN.

**PLEDGE OF ALLEGIANCE TO THE FLAG**

Upon request of Speaker pro Tempore Keeley, Assembly Members Leonard and Longville then led the Assembly in the pledge of allegiance to the Flag.

**PRAYER**

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

When writing about the importance of finding meaning from one's work, Chaim Stern, a contemporary rabbi and author wrote a spiritual meditation on the topic. He teaches: "My work matters to me, or should. It will not save the world; it may not even save me. But to the extent that I do mine and others do theirs, the world will be that much the better, and to that extent, it will save us all. And since I cannot do the work of others, let me do mine."

When we choose to do work that is meaningful to us, we are given the opportunity to heal the world, beginning, but not ending, with ourselves. When each of us does his, or her, share of working on their corner of the world, we begin to see that the world is indeed a better place than we found it.

May it be the will of the Creator that each day we find meaning and pleasure in the work that we have chosen, and may we be so blessed as to see the impact of our work on the lives of those around us.—AMEN.

June 19, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by the California Welfare and Institutions Code, Section 19640.5, the Bureau of State Audits presents its audit report concerning its fiscal audit of the Department of Rehabilitation's (department) Business Enterprises Program for the Blind (program).

This report concludes that the financial condition of the program is sound, however, the program has not reached its potential. Specifically, the department could improve its fiscal management of the program by developing a comprehensive business plan that shows whether its proposed uses for its fund surplus are appropriate and feasible. Additionally, the department can do more to pursue the vending machine commissions that it is mandated to collect. For example, it could establish vending machines at additional state and federal locations and could more actively pursue commissions from vending machine operators or agencies that have failed to remit these commissions.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Human Services.

**MESSAGES FROM THE ACTING GOVERNOR**

The following message from the Acting Governor was received and ordered printed in the Journal:

**PROCLAMATION****Robert Tharratt**

WHEREAS, I am delighted to honor and congratulate Mr. Robert Tharratt for his long-awaited recognition as a recipient of the Distinguished Flying Cross, one of the Air Force's highest honors, for his bravery and extraordinary efforts during World War II; and

WHEREAS, during a critical time in the history of the United States and the world, Mr. Tharratt joined the many young, patriotic individuals of the time and enlisted to proudly serve his country and fight a war that was dividing nations and bringing much destruction to the globe; and

WHEREAS, although peril and insecurity abounded in the United States due to World War II, many enthusiastic, prospective heroes, including Mr. Tharratt, were eager to join the forces to ensure the freedom and opportunity that has long existed in America; and

WHEREAS, in respect to the intensive training he acquired in the military, Mr. Tharratt was able to react instantaneously and assist Mr. Billy Lowery when dire circumstances arose, putting the life and needs of his companion ahead of his own interests and making sure that they made it safely out of the aircraft; and

WHEREAS, although they were captured by Germans upon landing on the ground and kept as prisoners of war for nine months, Mr. Tharratt and his companions were able to endure the time away from their homeland, while held in captivity, and keep hope that they would make it back safely and be celebrated and recognized for their service and bravery, as they are today; now, therefore be it

*RESOLVED*, That I, Cruz M. Bustamante, Acting Governor of the State of California, do hereby honor and recognize Mr. Robert Tharratt for his outstanding and enthusiastic efforts and bravery and encourage all Californians to join me in doing so.

I hereunto set my hand  
and have caused the Great Seal of the State of

California State Auditor

2000-118  
June 27, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the State's management of information technology (IT). This report concludes that the Department of Information Technology (DOIT), which is responsible for overseeing the State's efforts to plan, develop, and manage IT, needs to provide stronger leadership and guidance to departments as they develop new IT projects. Additionally, DOIT has not sufficiently addressed other responsibilities such as completing a statewide inventory of projects to assist in the coordination of similar IT efforts and to enhance its oversight, releasing technical standards that establish common rules for IT projects, and consistently using state-mandated advisory councils to provide input on its operations. Although DOIT is implementing a new strategic vision for overseeing departments' IT efforts, it is too early to assess the value that its new processes will add.

While DOIT is responsible for overseeing the State's IT efforts, departments are primarily responsible for planning, developing, and ensuring the quality of their respective IT projects. However, our review of four major projects revealed that departments are not always using best practices to manage such projects. The four IT projects we reviewed experienced varying degrees of cost overruns and delays;

however, two of these projects, managed by the Department of Transportation and the Department of Health Services, had significant project management problems.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Jobs, Economic Development and the Economy.

Conference Committee Report presented by Assembly Member Cardenas.

**Urgency Clause**

Urgency clause read.

**Point of Order**

Assembly Member Robert Pacheco arose to the following point of order:

Assembly Rule 66.7(b)(1) states that no Budget Bill may be voted on the Floor of the Assembly unless it balances expenditures with anticipated revenues and it is his opinion that the expenditures in Senate Bill No. 75 exceed the anticipated revenues.

**Ruling by Speaker pro Tempore Keeley**

The Speaker pro Tempore ruled the point of order not well taken; that it is his opinion that Senate Bill No. 75 meets the criteria set forth in Assembly Rule 66.7(b)(1); anticipated revenues to the State would include balances carried forward in the current fiscal year into the upcoming fiscal year, and when that is added to the revenues set forth in the Budget Act, the Legislature would be sending a balanced Budget to the Governor.

**Motion to Appeal from the Decision of the Chair**

Assembly Member Robert Pacheco moved to appeal from the decision of the Chair.

Assembly Member Strickland seconded the motion.

The question being: Shall the decision of the Chair that Senate Bill No. 75 meets the criteria set forth in Assembly Rule 66.7(b)(1) be overruled?

The roll was opened and the decision of the Chair sustained by the following vote:

**AYES—26**

Ashburn	Cox	Maddox	Runner
Bates	Dickerson	Maldonado	Strickland
Bogh	Hollingsworth	Mountjoy	Wyland
Briggs	Kelley	Pacheco, Robert	Wyman

Correa	Koretz	Salinas	Mr. Speaker

**Parliamentary Inquiry**

Assembly Member Richman arose to the following parliamentary inquiry:

Assembly Rule 66.7(b)(2) states that no Budget Bill may be voted upon on the floor of the Assembly unless it provides for a General Fund reserve of not less than 3 percent of the total of all General Fund appropriations made in the Budget Bill for the fiscal year, or provides for a reserve of not less than 1 percent and a specific plan to phase in a reserve of at least 3 percent within three years. Is such a reserve contained in this Budget Bill?

**Reply by Speaker pro Tempore Keeley**

Speaker pro Tempore Keeley replied that Assembly Rule 66.7(b)(2) further states that the percentage of General Fund reserve shall be calculated by dividing the reserve of the General Fund by estimated revenues of the General Fund for the fiscal year. The proposed Conference Committee Report on Senate Bill No. 75 estimates General Fund revenues at \$75.158 billion and that amount multiplied by 3 percent is the determination as to whether the criteria set forth in Assembly Rule 66.7(b)(2) are met. The reserve contained in the Conference Committee Report on Senate Bill No. 75 is \$2.2 billion plus a \$100 million litigation reserve for a total of \$2.3 billion and it is therefore the opinion of the Chair that the criteria set forth in the Assembly Rules are met.

**Point of Order**

Assembly Member Richman arose to the following point of order:

The reserve in the Budget would need to be \$2.27 billion to meet the criteria set forth in Assembly Rule 66.7(b)(2) and it is his opinion that this Budget does not contain a reserve for litigation.

**Ruling by Speaker pro Tempore Keeley**

The Speaker pro Tempore ruled that the proposed Conference Committee Report on Senate Bill No. 75 contains the following reserves: \$701 million liquidation of encumbrances; \$100 million set aside for legal contingencies; \$2.203 billion estimated economic uncertainties. Therefore a 3 percent reserve is constituted meeting the criteria of Assembly Rule 66.7(b)(2).

**Motion to Appeal from the Decision of the Chair**

Assembly Member Richman moved to appeal from the decision of the Chair.

Assembly Member Strickland seconded the motion.

The question being: Shall the decision of the Chair that Senate Bill No. 75 meets the criteria set forth in Assembly Rule 66.7(b)(2) be overruled?

The roll was opened and the decision of the Chair sustained by the following vote:

**AYES—26**

Ashburn	Cox	Maddox	Runner
Bates	Dickerson	Maldonado	Strickland
Bogh	Hollingsworth	Mountjoy	Wyland

**Point of Order**

Assembly Member John Campbell arose to the following point of order:

The Chair defined revenues as including the prior year's reserves in ruling on the point of order raised by Assembly Member Robert Pacheco.

**Point of Order**

Assembly Member Reyes arose to the following point of order:

The Chair has already ruled upon the point of order raised by Assembly Member Robert Pacheco.

**Point of Order**

Assembly Member John Campbell arose to the following point of order:

In the Chair's ruling upon the point of order raised by Assembly Member Robert Pacheco, reserves from a prior year were used as an element of revenues to the General Fund; in the Chair's ruling upon the point of order raised by Assembly Member Richman the same reserves were excluded in the calculation, and such calculations should be consistent.

**Point of Order**

Assembly Member Wayne arose to the following point of order:

Mason's Manual, Sec. 180 refers to dilatory motions. The Chair has ruled on two points of order, and the Chair was sustained on appeal of two rulings.

**Point of Order**

Assembly Member Vargas arose to the following point of order:

The Chair has ruled on the points of order referenced by Assembly Member John Campbell, and the Body has voted on appeal from the rulings of the Chair.

**PRAYER**

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

The 20th century writer and artist, Emily Taylor wrote that “Bridges are places where two ways meet, yet never meet. They provide safe conduct but are not built for sanctuary. (*Hither and Thither*, 1938)”

Building a bridge between two people, or two ideas, is not a goal in and of itself, but rather a way to reach one’s goal.

May the Holy One of Blessing give you insight and the ability to build bridges across even your most difficult disagreements, and may you find safe passage as you cross them. May this be God’s will.—AMEN.

Helen Keller observed that "Joy is the holy fire that keeps our purpose warm and our intelligence aglow." (Out of the Dark, 1914)

Without a sense of joy in life, and in our work, our goals become dimmed, and our discernment blurred. Joy can infuse our days not only with passion, but with direction and a clarity of vision.

May it be the will of the Creator that you find pleasure in what you do and that you never forget the passion and the joy that brought you to your life's work. May this be God's will.

Assembly Member Reyes requested unanimous consent to use visual aids on the Floor to assist in debate.

Assembly Member Wyman withheld unanimous consent.

**Request to Read Paper on Floor**

Assembly Member Reyes was granted unanimous consent to read a paper on the Floor.

**Point of Order**

Assembly Member Robert Pacheco arose to the following point of order:

Assembly Rule 66.7(b)(1) states that no Budget bill may be voted on the floor of the Assembly unless it balances expenditures with anticipated revenues and it is his opinion that the anticipated revenues in Senate Bill No. 739 do not equal the balances of expenditures.

**Ruling by Speaker pro Tempore Keeley**

The Speaker pro Tempore ruled that the Budget bill before the Body has a \$6.935 billion carryover from fiscal year 2000–01, and contemplates \$75.158 billion revenues, exclusive of the \$6.935 billion carryover. The total of those figures is a total revenue of \$82.091 billion and total expenditures of \$79.159 billion. Therefore, the budget before the Body is balanced, and in compliance with Assembly Rule 66.7(b)(1).

**Point of Order**

Assembly Member Robert Pacheco arose to the following point of order:

Assembly Rule 66.7(b)(2) states that no Budget bill may be voted upon on the floor of the Assembly unless it provides for a General Fund reserve of not less than 3 percent of the total of all General Fund appropriations made in the Budget bill for the fiscal year. The Budget bill before the Body has additional expenditures of \$76 million. The reserve of \$2.3 billion minus \$76 million in additional expenditures leaves a reserve of \$2.225 billion. That is a reserve of 2.8 percent and is therefore not in compliance with the 3 percent reserve requirement.

**Ruling by Speaker pro Tempore Keeley**

The Speaker pro Tempore ruled that the total General Fund appropriations contained in the Budget bill before the Body are \$57.057 billion. The remaining expenditures are ongoing statutory appropriations of \$18.9 billion and ongoing constitutional appropriations of \$2.7 billion, neither of which are subject to the Budget bill. A 3 percent reserve on this Budget bill is \$1.7 billion. This Budget bill contains \$.7 billion liquidated encumbrances, \$100 million litigation set-aside, and \$2.133 billion for economic uncertainties for a combined total of \$2.934 billion. This represents a 5.1 percent reserve when tested against the requirement in the Rules and therefore, Senate Bill No. 739 is in compliance with the requirements of Assembly Rule 66.7(b)(2).

**Parliamentary Inquiry**

Assembly Member John Campbell arose to the following parliamentary inquiry:

Did the Chair state that the reserve threshold is \$1.7 billion, and if so, \$1.7 billion is 3 percent of what figure?

**Reply by Speaker pro Tempore Keeley**

The Speaker pro Tempore replied that Assembly Rule 66.7(b)(2) requires that there be a 3 percent reserve of all General Fund appropriations made in the Budget bill for the fiscal year. The total general fund appropriations in the Budget bill total \$57 billion. The remaining expenditures are ongoing statutory and ongoing constitutional appropriations and are not included in the calculation of General Fund appropriations made in the Budget bill. Those expenditures are exclusive of the appropriations made in the Budget bill.

**Point of Order**

Assembly Member John Campbell arose to the following point of order:

The Chair has used a different calculation than the last time the point of order was raised.

**Point of Order**

Assembly Member Shelley arose to the following point of order:

The Chair has ruled on the points of order raised by Assembly Member Robert Pacheco and a motion to appeal from the Decision of the Chair has been made.

**Ruling by Speaker pro Tempore Keeley**

The Speaker pro Tempore ruled the point of order well-taken.

**Motion to Appeal from the Decision of the Chair**

Assembly Member Robert Pacheco moved to appeal from the decision of the Chair.

Assembly Member Strickland seconded the motion.

The question being: Shall the decision of the Chair that Senate Bill No. 739 is in compliance with Assembly Rule 66.7(b)(1) be overruled?

**PRAYER**

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

William Blake observed that “The tree which moves some to tears of joy is in the eyes of others only a green thing which stands in the way. As a man is, so he sees.”

“As a man is, so he sees”—If you want to truly know what is inside a person, you must look at how he or she perceives the world. It is in the manner that the world is taken inward, that a person projects themselves outward. And when you understand how he or she sees the world, you have the primary tool for engaging in a human dialogue grounded by knowledge, and hopefully, with empathy.

May the Holy One of blessing grant us the capacity to see the world through the eyes of others as well as our own. May this be God’s will.—AMEN.

## California State Auditor

2000-125  
July 12, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Los Angeles Unified School District's (LAUSD) recent reorganization and its executive and administrative compensation practices.

This report concludes that LAUSD has made some progress in implementing its reorganization plan (plan); however, it has not shifted to local districts the level of authority over financial resources or instructional programs described in its plan. Also, some administrative positions earn substantially more in comparison to positions at other school districts, while a few positions earn less. Because it has lacked formal guidance when determining what salaries to award, the propriety of some of these compensation levels is questionable. Furthermore, LAUSD could not always demonstrate it had a thorough description of a position's duties and was unable to provide adequate documentation detailing how it set compensation levels for some positions.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Education.

California State Auditor

99031  
July 10, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As required by Chapter 329, Statutes of 1998, the Bureau of State Audits presents its audit report concerning the Employment Development Department's (department) introduction of toll-free telephone services to enhance customer access to its unemployment insurance (UI) and disability insurance (DI) programs.

This report concludes that the department's efforts have improved customer service and increased public access to its UI and DI programs. Despite these efforts, during peak calling periods customers may encounter busy signals, hear instructions to call back later, or endure lengthy wait times if they ask to speak with a customer service representative. Also, the department cannot currently measure whether either of the programs meets the goals it established to improve the response time to customers. Specifically, the department cannot distinguish the wait time of customer information calls from claim-filing calls in its UI program. Additionally, the department

evaluates the performance of its DI program using management reports that do not routinely include the program’s customer service units, which receive 42 percent of the program’s calls.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Labor and Employment.

**PRAYER**

Upon invitation of Assistant Speaker pro Tempore Kehoe, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

Joseph Addison believed that "The grand essentials to happiness in this life are something to do, something to love, and something to hope for."

His teaching reminds us that these three separate ideas are actually interacting. Energy spent without direction is meaningless. Love without commitment is transitory. And without hope both our efforts and passions seem hollow.

However when we care about what we do, when there is love that grounds us, and when we look forward to tomorrow, then happiness is within our grasp.

May we be so blessed as to always find happiness in our work, our loves and our dreams. May this be God's will.

**PLEDGE OF ALLEGIANCE TO THE FLAG**

Upon request of Assistant Speaker pro Tempore Kehoe, Assembly Member Salinas then led the Assembly in the pledge of allegiance to the Flag.

Upon request of Assembly Member Shelley, Assembly Members Cárdenas, Cardoza, and Runner were granted unanimous consent that the following statement of legislative intent be printed in the Journal:

**Legislative Intent—Assembly Bill No. 426**

July 23, 2001

*Mr. E. Dotson Wilson**Chief Clerk of the Assembly  
State Capitol, Room 3196  
Sacramento, California*

Mr. Wilson: This letter is to clarify the intent of Assembly Bill 426, as passed by the Assembly on July 23, 2001. Amendments to Assembly Bill 426 adopted by the Senate on July 21, 2001, and included in the enrolled bill, added Sections 8 and 9, amending Sections 20543 and 20544 of the Revenue and Taxation Code. The intent of Sections 8 and 9 is to increase the benefits provided under the Gonsalves-Deukmejian-Petris Senior Citizens Property Tax Assistance Law by permanently increasing the computed amount of the benefit by 45 percent. Technical drafting errors in Sections 8 and 9, however, resulted in language that applies the 45 percent increase to the qualifying household income levels for the program, rather than to the amount of benefits. The Senate floor analysis of the bill explained the intended action correctly, as “a permanent increase in benefits of 45 percent over the current law level.” Likewise, the Assembly floor analysis noted that “the intent of the Senate amendments is to increase these payment amounts by 45 percent.” Assembly Bill 440, as enrolled, appropriates \$75 million from the General Fund for increased benefit costs in 2001–02, consistent with the intent of AB 426. The Legislature intends to achieve the original intent of Assembly Bill 426 by enacting corrective legislation as soon as possible.

Sincerely,

TONY CÁRDENAS, Chair  
Assembly Budget CommitteeDENNIS CARDOZA, Chair  
Assembly Rules CommitteeGEORGE RUNNER, Vice Chair  
Assembly Budget Committee

RE: Letter to the Senate and Assembly Journals

Dear Senator Burton and Speaker Hertzberg: This letter memorializes our commitment to Governor Davis that, if Assembly Bill 212 (Correa) is enacted into law, we will seek the Legislature's support this year for urgency follow-up legislation to further clarify that a final agreement between the City of Tustin, the Santa Ana Unified School District and the Rancho Santiago Community College District nullifies the bill's requirement that the districts receive 100 acres at MCAS Tustin.

We are hopeful and supportive of efforts to resolve the dispute between the city and the districts locally. AB 212 is intended to promote a locally negotiated settlement. Via follow-up legislation, we are happy to eliminate any ambiguity in AB 212 that implies that the bill's requirements are not superceded by a final agreement between the parties. There should be no question that a successfully negotiated agreement has standing over the acreage transfer language in AB 212.

Very truly yours,

JOSEPH L. DUNN  
Senator, 34th District

LOU CORREA  
Assemblyman, 69th District

RE: Explanation of Objection  
to Assemblyman Lou Correa's AB 212 letter to the Journal

This letter memorializes my beliefs that withdrawing AB 212 from Governor Davis' desk would provide the greatest opportunity to facilitate an equitable settlement between all interested parties affected by the MCAS Tustin reuse plan, and, is the reason why I objected to the motion on Assemblyman Correa's AB 212 letter to the journal.

Respectfully,

**PRAYER**

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

Phillips Brooks, a noted 19th century leader of the Episcopal Church, taught: "It is not for us to pray for tasks equal to our powers, but for powers equal to our tasks . . . ."

It is not enough to simply do what is within our reach. What God asks of us is to grow to meet the challenging tasks that beckon us.

Often times, we live in the illusion that there is a finite amount of power to be exercised in the different realms of our lives; with our friends, our family, and in our work.

However, when we draw from the internal strengths that we have been given, we are doubly blessed; first by being able to help those around us, and secondly, we are rewarded by growing beyond what we believed we could.

May the Holy One of Blessing grant us the ability to use our powers to create a more perfect world within us and around us. May this be God's will.—AMEN.

The following communication was presented by the Chief Clerk from:

Marsha H. Kwalwasser, Acting Chairperson, Employment Training Panel.

July 17, 2001

*E. Dotson Wilson  
Chief Clerk of the Assembly  
State Capitol  
P.O. Box 942849  
Sacramento, California*

Dear Mr. Wilson: I would like to provide you an update on the Employment Training Panel's (ETP) Strategic Plan for fiscal

year (FY) 2001–02. Briefly the mandate of the Panel is to administer a statewide economic development program that supports California's economy by ensuring that employers have the trained workers necessary to compete in the global economy. The program's priority is the retraining of incumbent workers of businesses challenged by out-of-state competition. The Panel also funds training of unemployed workers for high-skill, high-wage, secure jobs.

The enabling legislation for ETP requires that the Panel submit an annual Strategic Plan to the Governor and Legislature by July 1. At its June 2001 meeting, the Panel reviewed and heard public comment on its draft FY 2001–2002 Plan. We then directed the Panel staff to begin to finalize the Plan's provisions for submission to the Governor and Legislature.

We recognize that there is a slight delay in the filing of the plan, and we would appreciate special consideration this year. Several Panel members, including myself, were appointed in March 2001. We are working diligently to become more familiar with the operation of the Panel and to reach consensus on the major goals for the coming year. This newly constituted Panel has wished to take an active role in the drafting of the Plan, consistent with the intent of the enabling legislation. We are carefully considering and prioritizing our goals in order to ensure that our finite funds are used effectively to benefit California's workers and its economy.

Thank you for your understanding. Please feel free to call me if you have any questions.

Sincerely,

MARSHA H. KWALWASSER  
Acting Chairperson

California State Auditor

2001-101  
August 14, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Los Angeles County Metropolitan Transportation Authority's (MTA) compliance with applicable state and federal laws designed to protect driver and public safety and its procedures for monitoring the secondary employment of its part-time bus drivers.

This report concludes that the MTA lacks an adequate system to prevent all violations of federal and state driving and on-duty time restrictions. For example, the MTA does not have the ability to effectively prevent all drivers from exceeding 10 hours behind the wheel since it cannot track actual driving time. In addition, although the MTA is taking positive steps to collect complete data on its drivers' secondary employment, it needs a more consistent approach to identify bus drivers working for multiple employers who exceed driving and on-duty restrictions. Furthermore, the MTA does not take full advantage of citation information provided by the Department of Motor Vehicles to ensure it applies its discipline process equitably to all bus drivers. Finally, unreliable or missing data in MTA's accident monitoring system hinder its ability to determine whether driver fatigue contributes to an accident.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Transportation.

California State Auditor

2001-102  
July 31, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the operations of the Department of Insurance's (department) Conservation and Liquidation Office (CLO). Specifically, we reviewed the operations of the CLO that are outside the control structure of the State and the effectiveness of the department's oversight process in monitoring the operations of the CLO.

This report concludes that the CLO does not adequately safeguard and conserve insurance companies' assets by following prudent

business practices and adhering to established controls. Further, the department has not adequately overseen the operations of the CLO. During our review, we identified significant weaknesses in the CLO's inventory and asset identification process. As a result, the CLO failed to promptly safeguard insurers' assets. Further, we noted that the CLO does not effectively managed its contracts, its hiring practices need improvement, and it has spent at least \$6 million on an automated claim processing system that does not meet its overall needs. In addition, the CLO uses a basis to allocate certain of its costs to insurers that is not equitable. We also found that the CLO has not recently updated its estate closing plans or prepared cash flow projections as a means for ensuring that investment decisions are optimized.

Moreover, the department and the CLO have not addressed many of the issues raised in our previous two audit reports, nor has the department ensured that the CLO takes corrective action on the findings reported by other external auditors and the CLO's internal auditor. Finally, the CLO has yet to establish comprehensive conflict-of-interest policies and guidelines for its employees and vendor contractors.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Insurance.

**MESSAGES FROM THE GOVERNOR**

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

**Veto Message—Assembly Bill No. 1256**

Governor's Office, Sacramento  
July 30, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 1256 without my signature. This bill would have established a planning process for future state acquisition of the Bolsa Chica Mesa adjacent to the City of Huntington Beach in Orange County.

Nearly 90 percent of the Bolsa Chica lowlands and wetlands are already under public ownership. The State already has invested major resources in preserving the most significant habitat and parklands in this area, including the Bolsa Chica State Beach and the surrounding ecological reserve.

The remaining lands that are the subject of this bill do not have the same statewide potential. Other entities may therefore wish to pursue preservation of the remaining lands.

Sincerely,

GRAY DAVIS

**RECEIPT**

I acknowledge receipt this 31st day of July 2001 at 4:20 p.m., of Assembly Bill No. 1256, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

LAWRENCE A. MURMAN  
Assistant Chief Clerk of the Assembly

**Veto Message—Assembly Bill No. 194**

Governor's Office, Sacramento  
August 6, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 194 without my signature.

This bill expands existing law by allowing individuals born in California, and who have surgically changed their sex, to obtain a new birth certificate, upon court order, from their county of residence or from their California county of birth.

I find no compelling reason to expand existing law and therefore cannot sign this measure.

Sincerely,

GRAY DAVIS

**RECEIPT**

RALPH ROMO

**Veto Message—Assembly Bill No. 230**

Governor's Office, Sacramento  
July 30, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 230 without my signature.

School district governing boards are given the responsibility to determine discipline for their classified employees and are held accountable for their actions. Districts need to retain a wide range of authority in order to fully implement the state's accountability objectives. Responsibilities should not be delegated to an outside arbitrator the local voters can not hold accountable.

For these reasons, I am returning AB 230 without my signature.

Sincerely,

GRAY DAVIS

RALPH ROMO  
Chief Assistant Clerk

**Veto Message—Assembly Bill No. 1228**

Governor's Office, Sacramento  
August 8, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 1228 without my signature.

This bill would allow railroads to report their property holdings by county, rather than by individual tax rate area, for purposes of property taxation. The bill would also require county auditors to make one-time adjustments to local jurisdictions' tax bases to incorporate revenue from railroad unitary property.

This is a well-intentioned bill that provides for greater efficiencies in determining the tax obligations of the railroad industry. However, I am vetoing this bill because it would result in a reimbursable state mandate for county implementation costs that could exceed \$150,000, and those costs would not be offset by a gain in property tax revenue. This has been a difficult budget year and the state cannot afford to absorb any unnecessary costs.

I would be willing to sign a bill to achieve the same tax collection efficiencies if the railroad industry will reimburse the state for any costs resulting from the reimbursable mandate imposed on county auditors.

Sincerely,

GRAY DAVIS

**RECEIPT**

I acknowledge receipt this 9th day of August 2001 at 3:10 p.m., of Assembly Bill No. 1228, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

Chief Clerk of the Assembly

**Veto Message—Assembly Bill No. 1635**

Governor's Office, Sacramento  
July 28, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 1635 without my signature.

Under current law, employees have the right to inspect their own personnel records. This bill would permit employees to obtain a copy of those records, and would authorize employers to charge either a maximum copying fee of ten cents per page or an amount specified in an applicable collective bargaining agreement.

While it would modify existing law governing personnel records, this bill contains no provisions to protect the privacy of other individuals who may be identified in the personnel records. Without measures that ensure the privacy of those individuals and the confidentiality of a company's legitimate proprietary information, the potential for harm of this measure outweighs the possible benefits.

Sincerely,

GRAY DAVIS

HUGH R. SLAYDEN

Acting Chief Clerk of the Assembly

The following item veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

**Item Veto—Assembly Bill No. 441**

Governor's Office, Sacramento  
August 7, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill No. 441, however, I am vetoing the \$40 million appropriated in the bill as there are sufficient funds remaining in the Proposition 98 Reversion Account to fund this measure. I am setting sufficient funding aside in that account for subsequent legislation to fulfill my commitment for \$40 million of equalization funding.

I also object to the intent statement in the bill to fully meet the funding targets by the 2006–2007 fiscal year. Any consideration for future equalization funding will be contingent on sufficient revenues to meet other, higher priorities. Because I have already approved nearly \$2.3 billion in discretionary funding increases for school districts beyond statutory requirements in the prior two budgets, and because the state is already in compliance with court requirements for equalized funding, I do not believe that further equalization funding is of a sufficiently high priority to require the level of commitment intended by this statement

when there may be more pressing priorities for school reforms that can help ensure increased student achievement.

Sincerely,

GRAY DAVIS

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Office, Sacramento  
July 30, 2001

*To Members of the State Assembly:*

I am signing Assembly Bill 212 with great reluctance.

It is my general belief that local land use disputes should be settled without state interference. The difference of opinion that exists between the City of Tustin, the Santa Ana Unified School District and the Rancho Santiago Community College District can and should have been resolved by the directly elected representatives of those local government agencies.

At issue is the redevelopment of the former Tustin Marine Corp Air Base. The base is within the City of Tustin and their designation as the Base Reuse Authority is appropriate. However, the needs of the overlapping school districts must be considered as the master plan for the 1600-acre area is prepared.

Land is scarce in this densely populated area, and the remaining open land in private ownership is prohibitively expensive for the two districts. Yet, new school facilities are needed to ease overcrowding and to accommodate future growth.

I am persuaded that the districts' request for land is not unreasonable. These two school districts are among the most severely overcrowded in the State. The Santa Ana Unified School District is responsible for the education of nearly 60,000 students and expects enrollment to grow by 40% in the next five years. Almost one half of the students in this district currently attend school in over 900 portable classrooms. The Rancho Santiago Community College District had a 45% increase in enrollment between 1995 and 1999. I would also note that the Department of the Navy indicates it does not intend to convey any base property until there is an agreement on the acceptability of the entire base reuse plan.

I am calling on the three agencies to continue their efforts to reach an agreement. Further, I am signing AB 212 based on a commitment from the principal authors that they will introduce urgency legislation specifying that a final agreement between the City of Tustin, the Santa Ana Unified School District, and the Ranch Santiago Community College District will supercede the provisions of the bill.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento  
July 31, 2001

*To the Members of the California Legislature:*

I am signing AB 434 that would provide for the transfer of property originally bought by the California Department of Transportation (CalTrans) for construction of the Hatton Canyon freeway to the Department of Parks and Recreation for the purpose of developing a state park.

The Hatton Canyon bypass project, originally conceived of in the 1930's, would have constructed a four-lane freeway through beautiful, coastal Hatton Canyon in Monterey County. The project has languished over the years because of the difficult struggle to balance development and growth with environmental preservation.

I am pleased to announce, however, that, after more than seventy years of debate, the CalTrans, with support from local residents and regional transportation authorities, is canceling the Hatton Canyon bypass project.

I applaud the efforts of all those who participated in striking this tenuous balance between transportation needs and environmental integrity. I am directing Caltrans to work with Monterey County and local transportation authorities to make improvements necessary to the existing Route 1. I am also directing the Department of Parks and Recreation to develop a plan to ensure Hatton Canyon remains the environmental asset that it is into perpetuity.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

*To the Members of the California Legislature:*

I am signing Assembly Bill 188 which will provide several protections for children from the effects of second hand smoke. However, I am requesting that the author immediately pursue legislation to ensure that the fines for littering of tobacco waste are not reduced below those provided in existing law.

In addition, due to the health risks associated with exposure to second hand smoke, I am requesting that the author pursue legislation to establish smoke free boundaries of at least 15 to 25 feet surrounding the play areas. Such smoke free barriers will create a reasonable distance to protect our children while allowing parents who smoke to remain close enough to monitor them while they play.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento  
August 7, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill 423, which would establish Farm Labor Contractor Verification and Enforcement Units within the Department of Industrial Relations (DIR) and make various changes to farm labor contractor requirements.

This bill responds to the main objection I expressed to the bill I vetoed last year by eliminating mandatory jail time for growers and

farm labor contractors who violate the law, and instead expands monetary penalties for repeat offenses. This bill will target only those individuals who knowingly and willfully fail to pay wages. According to the California District Attorney's Association the provisions in this bill require greater elements of proof than existing law and thus protect growers and farm labor contractors from inadvertent violations. This high standard will however target the worst offenders, which is the stated intention of the author and advocates for this bill.

I am hopeful that these increased penalties will cause repeat violators of California's wage and hour laws to think twice before failing to pay those men and women who perform much of this state's hardest work under the toughest conditions. The penalties imposed, while stiffer than most, are not unique to other industries that rely on seasonal or predominantly migrant labor. Employers in the garment industry, for example, are subject to one year in prison and/or penalties of up to \$30,000 for repeat violations of labor laws in the apparel manufacturing industry.

The bill also permits local district attorney's office, *if desired*, to establish farm labor contractor enforcement units and to coordinate with the Rural Crime Prevention Programs. This provision is not mandated, and should not in any way impinge upon the funding or purpose of the RCPP to provide for the protection and safety of the state's agricultural industry.

This bill and other legislation I have signed are intended to protect the vitality of California's \$27 billion agricultural industry, including the health and safety of farmworkers. Last year I signed AB 1338, a bill that increases wage surety bonds and requirements for farm labor contractors. New legislation this year, SB 1125, will allow growers to use those wage surety bonds and license fees to pay for damages arising from labor law violations. These bills in combination with AB 423 establish the most significant package of agricultural labor law enacted in the past 20 years. Thus, I will not consider any major additional legislation in this area until these measures are fully implemented and their impacts understood by all of the parties involved in this issue.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento  
August 7, 2001

*To the Members of the California Legislature:*

I am signing AB 426 which will increase the tax relief provided to senior citizen homeowners and renters, enact several sales tax relief provisions for agriculture, and revise the formula used to trigger a sales tax rate reduction in order to make that reduction easier to achieve. This measure will provide significant, ongoing tax relief to the targeted beneficiaries.

Some technical corrections to this measure will, however, be required. In order to better clarify the intent of the 2001-02 budget agreement between the Administration and the Legislature, the State sales tax exemption for diesel fuel used in farming should better define that it is intended only to apply to delivery to the first destination from the farm. This will target the benefits to those intended—the farmers.

The 2001-02 budget agreement was for the Senior Citizens' Property

Tax Assistance and Renters' Tax Assistance Program to increase by 45 percent for an additional cost of \$75 million. However, due to a drafting error, this bill is technically deficient in that it increases the maximum income threshold of program participants, rather than the benefit levels. I am requesting that subsequent legislation be passed as soon as the Legislature returns that corrects this technical deficiency and provides the tax relief intended for these programs. In an effort to ensure that these taxpayers are not delayed in receiving their existing level of assistance, I request that the Franchise Tax Board issue two checks to each claimant. Issuance of the first check would begin immediately based on the benefit levels that existed prior to enactment of AB 426. A second check would be issued as soon as the Franchise Tax Board can feasibly implement and calculate the supplemental benefit pursuant to the corrected legislation.

Although I regret the need for the delay in taxpayers receiving their full benefit, I am pleased that the ultimate goal of a significant, increased level of ongoing benefits for these taxpayers will be achieved.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento  
August 9, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill No. 430. However, I am concerned the Legislature did not continue the statutory cost controls requiring the regional centers to administer their contracts within the amounts in the annual Budget Act. Allowing this provision to sunset could result in unrestrained cost increases for services to the developmentally disabled. While during the last five years the population served by regional centers has increased 20.3 percent, regional center expenditures have increased 74.4 percent. Heretofore, statute, recognizing fiscal crises and uncertainty, has specified that regional centers could not incur a deficiency by requiring them to live within budgeted amounts. As a temporary measure, this requirement sunset on June 30, 2001. However, I requested the Legislature make this provision permanent. In order to track regional center costs and prevent unrestrained cost increases, I am directing the Department of Developmental Services to closely monitor regional center expenditures and report that information quarterly to my office.

I am also concerned about Section 14.5 that permits applicants for the Healthy Families Program (HFP) to provide signed statements as to the value or amount of household income.

This provision was included in the State's waiver request to the federal government to add parental coverage through the HFP as a component of the State's actions to align the HFP with the Medi-Cal Program. The use of different income documentation standards between the two programs results in confusion for families and creates a barrier to enrollment of eligible children. Current Medi-Cal regulations provide for use of signed statements of income when other documentation is unavailable. Although the State's waiver request is still under review at the federal level, a key area of review by federal officials has focused on the State's efforts to coordinate coverage between Medi-Cal and Healthy Families.

Use of applicants' signed statements of income may place the program at some risk for enrollment of non-eligible children. However, basic program integrity standards remain in place and will include a requirement that statements of income be signed under penalty of perjury.

I am directing the Managed Risk Medical Insurance Board (MRMIB) to promulgate regulations that would restrict the use of applicants' statements of income to instances when other sources of income documentation are unavailable. To assist the Administration and the Legislature in evaluating this policy change, I am also asking the MRMIB after six months of implementation to report on the percentage of applicants that use this method of income documentation.

Sincerely,

GRAY DAVIS

**REPORTS**

The following letter of transmittal was presented by the Chief Clerk, and ordered printed in the Journal:

California State Auditor

2001-118  
August 20, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning our review of the California Energy Commission's (energy commission) process for siting new and repowered energy generation facilities.

This report concludes that the energy commission missed the 12-month standard for approving Applications for Certification (applications) by more than 30 days for 10 of the 23 applications it has approved since 1990. However, while the energy commission is responsible for coordinating the efforts of all parties involved in the application process, the delays were generally due to factors outside its control. For example, applicants and local, state, and federal agencies were major contributors to the delays we identified.

Additionally, while the energy commission did not always approve applications promptly, its process appears reasonable and is comparable to four of five states we surveyed. However, on average, the energy commission takes longer to approve applications than three of the states with comparable processes. This is due, in part, to the inclusion of three projects that required more than two years to approve.

Finally, the energy commission has implemented three expedited siting processes with the intent to accelerate the construction of power plants in the short term. In fact, the energy commission has approved 10 projects with a total generating capacity of 850 megawatts under its new 21-day process. We were unable to evaluate the other two expedited processes because only one application has been approved under either of these processes.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Utilities and Commerce.

**PRAYER**

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

David E. Roberts said “Sin, at its roots, is ingratitude. It is a sort of seizure of life, as though by right, instead of the receiving of a gift.”

When we fail to remember that life *is* a gift, and every day, even the difficult ones, are a blessing, it is as though we are stealing from God.

When we go through life without doing what my grandmother used to refer to as “counting ones blessings” on a regular basis, we rob ourselves not only of our ability to receive all that life has to give us, but of giving all we have to offer to life as well.

May it be the will of the Creator that we live in such a way as to never take even a single day for granted.—AMEN.

**PLEDGE OF ALLEGIANCE TO THE FLAG**

Upon request of Speaker pro Tempore Keeley, Assembly Member Bates then led the Assembly in the pledge of allegiance to the Flag.

**MESSAGES FROM THE GOVERNOR**

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

**Veto Message—Assembly Bill No. 330**

Governor's Office, Sacramento  
August 12, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill No. 330 without my signature.

This bill would revise the Department of Conservation's (Department's) role with regard to Local Agency Formation Commissions (LAFCOs) processing of annexation proposals of Williamson Act contract land by cities. This bill would also allow a specific Williamson Act contract entered into on February 27, 1968, to be automatically terminated through annexation by the City of Fresno without requiring the earlier contract protest that is otherwise required.

Enacting special legislation that provides a protest exemption for a single Williamson Act contract for a specific landowner will set a precedent potentially encouraging others to seek similar exemptions thereby weakening the Williamson Act as an "enforceable restriction" recognized by the State Constitution. While other provisions of the bill appear to benefit the annexation process, the protest exemption created by this bill only serves to encourage other landowners to seek like exemptions, negating the effect of the early termination penalty currently in place in statute, and putting California's agricultural land at further risk of premature development.

Sincerely,

GRAY DAVIS

**Veto Message—Assembly Bill No. 528**

Governor's Office, Sacramento  
August 12, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 528 without my signature.

This bill requires that local sample ballots contain a statement informing voters that the full text of school ballot measures can be mailed to them at no charge. This bill appears to be unnecessary since most counties already print the entire text of school ballot measures, and make those documents available upon request by interested parties at no charge. Thus, by mandating this activity, the state would be required to reimburse counties for doing something already being done.

For this reason, I am returning AB 528 without my signature.

Sincerely,

GRAY DAVIS

**Veto Message—Assembly Bill No. 1451**

Governor's Office, Sacramento  
August 12, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 1451 without my signature.

This bill would require the Secretary of the Health and Human Services Agency to establish a Long-Term Care Financing Task Force and report to the Legislature by September 1, 2002, on alternatives to long-term care insurance for individuals to finance long-term care. The task force would also be required to report its recommendations on how to improve Medi-Cal to serve the long-term care of Californians.

The cost of the Task Force is estimated to be around \$133,000 General Fund, however, no appropriation is made by this bill. Additionally, the proposed Task Force would duplicate efforts already within the purview of the existing Long-Term Care Council, which is charged with enhancing the availability and quality of long-term care, and annually reports its recommendations to the Legislature.

I believe the goals set forth in AB 1451 can be fully realized by the existing Long-Term Care Council at no extra cost to the taxpayers. By this message I am directing the Council to report to the Legislature in its 2002 report on alternatives to long-term care insurance for individuals to finance such care.

Sincerely,

GRAY DAVIS

**RECEIPT**

I acknowledge receipt this 13th day of August 2001 at 3:26 p.m., of Assembly Bills Nos. 330, 528, and 1451, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

E. DOTSON WILSON  
Chief Clerk of the Assembly

The following messages from the Governor were received and ordered printed in the Journal:

**Governor's Message—Assembly Bill No. 471**

Governor's Office, Sacramento  
August 12, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill 471, legislation that provides significant new protections for racetrack "backstretch" employees including standards for living conditions and the right to organize for collective bargaining purposes. The bill also authorizes the California Horse Racing Board to accept advance deposit wagering on horse races.

I vetoed similar legislation last year for two main reasons: first, federal law did not expressly permit the use of a telephone or the Internet to place wagers on horse races, thus, authorizing it in California would have represented a significant expansion of gambling beyond federal law; and second, the potential abuse by minors in using the Internet to place wagers.

Two things have changed since I last considered this issue. First, the federal Interstate Horseracing Act was amended in December 2000, after I vetoed the previous version of this bill. Those amendments

expanded the definition of an “interstate off-track wager” to include wagering via the Internet (15 U.S.C. §3002(3)). The importance of this change in federal law, according to the California Attorney General, is to “legitimize telephone and Internet off-track wagering in states where it is either specifically authorized or not forbidden.” Therefore, the Attorney General has opined that “because AB 471 will not create a new form or expand an existing form of gambling, it is not an expansion of gambling.”

Second, in contrast to last year’s measure, this bill includes safeguards specifically designed to prohibit the use of advance deposit wagering accounts by minors and other unauthorized persons, such as requiring any payments be made by check only to the account holder.

As I stated last year, I support the provisions in this bill that provide significant new protections for backstretch workers, including badly needed standards for living conditions, establishment of a health and welfare fund and the right to organize for collective bargaining purposes.

This measure, as amended, will protect low-paid racetrack workers from abusive conditions, and will help to maintain the vitality and competitiveness of one of California’s premier sporting industries, thoroughbred horseracing.

Sincerely,

GRAY DAVIS

**Governor’s Message—Assembly Bill No. 603**

Governor’s Office, Sacramento

August 12, 2001

*To the Members of the California Legislature:*

I am signing AB 603 which would make changes that strengthen flammability and labeling standards of the Bureau of Home Furnishings and Thermal Insulation for mattresses, box springs and other bedding products.

This bill also authorizes a fee increase from \$540 to \$750 for specified furniture importer and manufacturer licensees. However, prior to implementing AB 603, and because there has not been a fee increase since 1993, I am directing the Department of Consumer Affairs to adopt regulations that shall set the licensing fee at \$650 rather than \$750.

Sincerely,

GRAY DAVIS

**Governor’s Message—Assembly Bill No. 844**

Governor’s Office, Sacramento  
August 12, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill 844, which extends the Alternative Education and Work Centers for School Dropouts program to January 1, 2007, and extends the operation of Educational Clinics that provide services for school dropouts to July 1, 2003. In included funding for these programs in my 2001 budget.

However, I do not intend to approve additional resources for the bill’s evaluations and related reports. I suggest that the Department of Education instead develop a plan to complete the evaluations and reports required by this bill within existing resources.

Sincerely,

GRAY DAVIS

**Governor’s Message—Assembly Bill No. 1024**

Governor’s Office, Sacramento  
August 12, 2001

*To the Members of the California Legislature:*

I am signing Assembly Bill 1024. However, prior to contracting with representatives of the United States government for construction services, I am directing the Military Department to work closely with and seek input from both the Department of Finance and the Department of General Services to assist in determining the best course of action for all proposed construction on state owned property, regardless of the funding source.

Sincerely,

GRAY DAVIS

**Legislative Intent—Assembly Bill No. 140**

August 21, 2001

*The Honorable Robert M. Hertzberg*  
*Speaker of the Assembly*  
*State Capitol, Room 219*

Dear Speaker Hertzberg: My bill, AB 140, creates a program to aid in the establishment of telecommunications service in areas that currently have no telephone service by providing grants to community-based groups to build original telecommunications infrastructure. Concerns have been expressed about how AB 140 impacts the ability of providers to recover their operating costs once facilities have been deployed in a grant-funded area. This letter is to clarify that nothing in AB 140 is intended to limit a provider's ability to recover its ongoing operating costs to the extent such costs are permitted to be recovered, under any program established by the Commission to create fair and equitable local rate structures as provided for in Public Utilities Code Section 739.3.

AB 140's purpose is to provide for the deployment of facilities in unserved areas. This bill does not address the eligibility of providers to recover ongoing operating expenses.

Sincerely,

VIRGINIA STROM-MARTIN, Assembly Member  
First District

Re: SB 481 (Speier)

Dear Mr. Wilson: I have introduced SB 481 in response to two actions prosecuted by local district attorneys and an undercover expose produced by a bay area television station involving situations where automobile dealers quoted or actually sold advertised vehicles to unsuspecting customers at prices that greatly exceeded their advertised price.

Although it is currently unlawful for a dealer to fail to sell a vehicle at an advertised total price during the time period for which the advertisement applies, there is no current requirement that the advertised price be posted on either the vehicle or at the dealer's business premises. The lack of a posting requirement has lead to consumer confusion relative to which vehicles in a dealer's inventory are the subject of a dealer's advertisements.

I have introduced SB 481 to remedy this problem and assist consumers when shopping for a new or used vehicle by requiring dealers to post advertised prices in one of several manners. A dealer may post the advertised price on or in the advertised vehicle or post a list of its advertised vehicles in a conspicuous location in the showroom. It is intended that the showroom posting requirement may be fulfilled by clearly and conspicuously posting a copy of the advertisement itself or clearly and conspicuously displaying a list of the advertised vehicles on a bulletin board, computer monitor, or other location that is easily accessible by prospective purchasers.

SB 481 is also intended to codify existing regulations which require that an advertised vehicle must be sold at the total advertised price to any consumer, regardless of whether the consumer has knowledge of the advertisement or the advertised total price. It is also intended that specific vehicles advertised for sale on an Internet website that is accessible by the public be subject to the provisions of subdivision (e) of Vehicle Code Section 11713.1. However, website and other types of media advertisements that do not display specific prices for advertised vehicles or advertisements that display no prices but invite consumers to request individual price quotes via e-mail or other direct one-on-one communications, are not covered.

SB 481 is also intended to clarify that if a dealer advertises a specific vehicle for sale, the advertisement must identify the vehicle by either its license plate number or that portion of its vehicle identification number (VIN) that distinguishes the vehicle from all other vehicles of the same make, model, model-year, and type. For example, if a dealer

ran an advertisement that states “1996 Ford Mustang \$10,000”, the dealer would be required to include the license plate number or distinguishing portion of the VIN in the advertisement and post the \$10,000 sale price on the vehicle or list the advertised price in the dealer’s showroom during the period the vehicle is advertised at that price. However, advertisements that offer for sale a class of new vehicles in a dealer’s inventory consisting of five or more vehicles that are all of the same make, model, model-year, and type, are not required to contain the VIN for each vehicle in the class and no price posting is required. For example, if a Toyota dealer advertised “\$2,500 off MSRP all Camry LEs in Stock” and had five or more of those vehicles in inventory, the dealer would not be required to include the VIN for each Camry LE in the advertisement or post the advertised price on the vehicles or in the showroom.

Finally, federal law requires each vehicle manufacturer to affix a window sticker (Monroney Sticker) to the windshield or side window of each new motor vehicle prior to its delivery to a dealer (see 15 U.S.C. 1232). The Monroney Sticker is required to contain specified information, including the make, model, VIN, final assembly point, name and location of dealer to whom the vehicle is to be delivered and, the retail price of vehicle suggested by the manufacturer (MSRP). As displayed on a new vehicle pursuant to federal law or as listed on a website or other advertisement for information purposes, the MSRP is nothing more than the manufacturer’s suggested retail price and is not reflective of a dealer’s asking price or a dealer’s advertised price. However, if a dealer utilizes MSRP in an advertisement as a benchmark for determining the dealer’s specific asking price (\$2,500 off MSRP on All Chevy Tahoes—this weekend only) or publishes an advertisement that infers or implies that a new vehicle will be sold for MSRP, any such vehicle has been advertised at a specified dealer price that must be honored for the duration of any time period specified in the advertisement.

All the best,

JACKIE SPEIER, Eighth District  
State Senate

**MESSAGES FROM THE GOVERNOR**

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

**Veto Message—Assembly Bill No. 834**

Governor's Office, Sacramento  
August 30, 2001

*To Members of the California State Assembly:*

I am returning Assembly Bill 834 without my signature.

This bill would authorize the extension of the Year of Manufacture license plate program to include automobiles that were manufactured prior to 1970, and commercial vehicles, including light duty trucks, that were manufactured prior to 1973.

This bill conflicts with the intent of existing law, which requires the Department of Motor Vehicles to issue license plates that are reflectorized. The older license plates authorized by this bill do not contain reflectorized material. This change represents a significant potential public safety problem as reflectorization assists police officers and citizens in accurately identifying vehicles that are involved in unlawful activities.

The purpose of the vehicle license plate is for identification and registration purposes only. Allowing the expansion of the program, as indicated in this bill, would make tens of thousands of old license plates containing blue and black background colors eligible for the Year of Manufacture license plate program. I am not supportive of allowing such a significant increase in the number of non-reflectorized license plates on our streets and highways.

Sincerely,

GRAY DAVIS

**RECEIPT**

I acknowledge receipt this 31st day of August 2001 at 1:07 p.m., of Assembly Bill No. 834, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

**PRAYER**

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

Thomas Paine commented on the difference between our reputation and our character. He said that "Reputation is what men and women think of us; character is what God and the angels know of us."

As difficult as it is to live a life in the public eye, it may be more difficult to have to create a public façade of who we appear to be. Because no one wants to see their flaws in public, it is tempting to construct an image, or a reputation as Thomas Paine calls it, of what we think people want us to be.

But, our character is the thing we live within. Our character is what we see when we look at our own reflection. And it is ultimately by our character, and not our reputation, that we will be judged by God, history, and ourselves.

May it be the will of the Creator that our public and private selves live in harmony with one another.—AMEN.

California State Auditor

2001-104  
August 29, 2001

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Department of Corrections' (department) Parole Outpatient Clinic Program (program). This report concludes that the program has failed to serve many of the parolees that the department has determined could most benefit from clinic services. These are primarily mentally ill parolees, but also include other parolees who may pose a threat to public safety, such as sexual offenders. Even though recent changes have resulted in some improvement, the program still failed to serve almost 40 percent of mentally ill inmates who were paroled between October 2000 and March 2001. The program expects additional improvement in its ability to serve mentally ill parolees when it implements a new data management system shortly. However, because the data management system was not yet in use when we concluded our work, we could not assess its effectiveness. Recent changes, both inside and outside the program, will likely increase the demand for program services and highlight the program's need to increase its effectiveness.

Respectfully submitted,

ELAINE M. HOWLE  
State Auditor

Above report referred to the Committee on Public Safety.
