When commenting on government, Marcus Aurelis taught: "Let every action aim solely at the common good."

Those who are engaged in public service know that our deepest commitments to family and friends are reflected in how we serve the community. Our hopes and dreams for what Marcus Aurelis called "the common good" are expressed in the work that we do, in the decisions we make, the policies we create, and in the government we build.

May the Holy One of Blessing guide us in wisdom and strengthen our ability to act with fairness and compassion so that our work will be for the common good. May this be God's will.—AMEN.

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

Steve Allen the humorist and observer of American life said: "Sometimes things which at the moment may be perceived as obstacles—and actually be obstacles, difficulties or drawbacks—can in the long run result in some good end which would not have occurred if it had not been for the obstacle."

The strength of the democratic process lies in the fact that often, very often, all of us do not agree on what is the "right way" to do something. However, it is through the disagreements, and sometimes tense discussions, and by turning the problem over and over again, that a new solution is created. A communal solution, that God willing, is more just and fair to all who are affected by it.

May it be the will of the Creator, that the energies bound within our hearts and minds easily find expression in the just and creative solutions we craft in meeting our highest aspirations.—AMEN.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Message—Assembly Bill No. 1285

Governor's Office, Sacramento
June 20, 2002

To the Members of the California Legislature:

I am signing Assembly Bill 1285, which would allow the State Board of Education to authorize a waiver for the Fresno Unified School District (Fresno USD) to provide extended day mathematics and language arts instruction at the Cooper Middle School.

The intent of the bill is to provide Fresno USD the option of implementing this program. The bill does not create a state mandate, since implementation is subject to local discretion. Therefore, the measure will assist the district in enhancing math and language instruction for students at no added cost to the State.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 1433

Governor's Office, Sacramento
June 20, 2002

I am signing Assembly Bill 1433 which will ensure that California National Guard members and other military reservists who are ordered to military service receive financial protections consistent with the federal *Soldiers and Sailors Civil Relief Act of 1940 (SSCRA)*.

The men and women who serve our state in the National Guard and who are called to active military service must leave their civilian jobs and sometimes experience financial hardships as a result of this service. While existing state and federal law provide some protections to these men and women; there are inconsistencies in these laws. This legislation conforms state law to the SSCRA and will provide similar protections for National Guard members and reservists with respect to, among other things, credit obligations, rental agreements, court proceedings as well as eviction protection for the families of military members.

AB 1433 will ensure that equal protection is provided to all California National Guard members, as well as other reservists, who unselfishly put their civilian lives on hold to serve and protect millions of Californians.

Sincerely,

GRAY DAVIS

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

The 20th century attorney, Louis Nizer reminds us that: “Many people with different backgrounds, cultures, languages, and creeds combine to make a nation. But that nation is greater than the sum total of the individual skills and talents of its people. Something more grows out of their unity than can be calculated by adding the assets of individual contributions. That intangible quantity is often due to the *differences* which make the texture of the nation rich. Therefore, we must never wipe out or deride the differences amongst us—for where there is no difference, there is only indifference.”

A democracy demands of its citizens to bring their individuality, their separateness, their differing points of view, to the common good. It is only through open and honest discussion of our personal beliefs, and the conviction that we have the right to hold beliefs that are different from each other that protects the liberties that we hold to be sacred.

May the Holy One bless our nation and those who serve it with the courage to appreciate the differences amongst us that make our country great, and may we work to preserve a nation that is bound together by liberty, justice and tolerance for all its citizens. May this be God’s will.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Keeley, Assembly Member Cardoza then led the Assembly in the pledge of allegiance to the Flag.

Legislative Intent—Assembly Bill No. 2548

June 24, 2002

*The Honorable Herb J. Wesson
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California*

Re: AB 2548, Correction of Obsolete Code Reference

Dear Mr. Speaker: In order to ensure there is no question as to the Legislature's intent in enacting Assembly Bill 2548, I respectfully request this letter be published in the Assembly Daily Journal.

AB 2548 is intended only to make a technical correction in the reference to the Office of Thrift Supervision in Business & Professions Code Section 10133.1(a)(8). The existing section actually references the Federal Home Loan Bank Board, an entity that no longer exists because it was subsumed in its successor agency, the Office of Thrift Supervision. In making the correction, there is no intent to make a substantive change in the people or entities that may provide real estate services without a license.

Thank you for help in making this important issue clear.

Sincerely,

JOE NATION, Assembly Member
Sixth District

PRAYER

Upon invitation of Assistant Speaker pro Tempore Kehoe, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

The social activist and founder of the Children's Defense Fund, Marian Wright Edelman said: "If you don't like the way the world is, you change it. You have an obligation to change it."

However, it is not so easy to simply change the world. It takes courage, and persistence, and fortitude, and sometimes taking risks. While changing the world is *not* easy, it is a moral imperative to do so, if what we see around us is unjust. And if we have the power or ability to create positive change in the communities in which we live and we do not, then we will be held accountable, by our peers, by our communities, and ultimately, by our Creator.

May it be the will of the Creator that we have the courage to act on our convictions and may we be judged with compassion in all that we do.—AMEN.

The Speaker pro Tempore replied that Assembly Bill No. 1493 is substantially similar to Assembly Bill No. 1058 and such fiscal issues were heard by the Appropriations Committees of both Houses; and further, that Assembly Bill No. 1493 was re-referred to policy committee for review of additional policy amendments added by the Senate.

(NOTE: Text of Senate amendments on file with the Secretary of the Senate.)

The roll was opened.

Motion to Re-refer to Committee

Assembly Member Wyman moved that Assembly Bill No. 1493 be re-referred to the Committee on Natural Resources.

Assembly Member Strickland seconded the motion.

Point of Order

Assembly Member Wayne arose to the following point of order:

The Committee on Natural Resources does not have jurisdiction over matters relative to mobile sources.

Ruling by Speaker pro Tempore Keeley

Speaker pro Tempore Keeley ruled the motion to re-refer out of order inasmuch as the Committee on Natural Resources does not have jurisdiction over the subject matter.

Parliamentary Inquiry

Assembly Member Leonard arose to the following parliamentary inquiry:

Does not the House determine the jurisdiction of the committees, and is not the effect of Assembly Member Wyman's motion to give such jurisdiction to the Committee on Natural Resources?

Reply by Speaker pro Tempore Keeley

The Speaker pro Tempore replied that jurisdiction of the standing committees is determined at the beginning of the legislative session by the Committee on Rules, and that Assembly Member Wyman's motion is not consistent with the adopted guidelines that are established by the Rules Committee with respect to assignment of bills to policy committees.

Point of Order

Assembly Member Leonard arose to the following point of order:

The House has control of the jurisdiction of a committee for a particular bill, and it is in order if the House wishes to override the jurisdiction established by the Rules Committee.

PARLIAMENTARY INQUIRY

Assembly Member Pescetti arose to the following parliamentary inquiry:

Was the California Climate Registry, referenced in Assembly Bill No. 1493, enacted by legislation by this Body, and is the Registry required to report back to the Natural Resources Committee?

Reply by Speaker pro Tempore Keeley

The Speaker pro Tempore replied that the original bill establishing the California Climate Registry, established the Registry for purposes of reviewing issues relating to stationary sources. Stationary sources are within the purview of the Natural Resources Committee. Mobile sources, which are regulated by the California Air Resources Board, are the purview of the Transportation Committee. The amendments contained in Assembly Bill No. 1493 are relative to expanding the role of the Registry relative to mobile sources, which is exclusively the purview of the Transportation Committee.

Parliamentary Inquiry

Assembly Member Pescetti arose to the following parliamentary inquiry:

Have previous measures dealing with mobile sources as relates to the California Climate Registry been referred to the Committee on Natural Resources; and further, how many bills relating to mobile or stationary sources have not been referred to the Committee on Natural Resources?

Reply by Speaker pro Tempore Keeley

The Speaker pro Tempore replied that it is not the custom and practice of the Presiding Officer to research decades of referrals to committees. The question before the Body is whether or not to re-refer Assembly Bill No. 1493 to the Committee on Natural Resources.

The question being on the Wyman motion to re-refer Assembly Bill No. 1493 to the Committee on Natural Resources.

Upon invitation of Assistant Speaker pro Tempore Kehoe, the following prayer was offered by Assembly Chaplain Rabbi Mona Alfi:

This has been a painful year for our nation. We saw symbols of our country attacked, we saw our countrymen killed, and our soldiers sent off to far away places so as to protect our homeland. Yet through it all, we have prevailed as a stronger nation.

Tomorrow as our country pauses to celebrate our nation's founding, it will be a day that means much more to us than the usual fireworks, parades and BBQ's. It will be a day to celebrate the courage of those men and women who throughout our history have worked to create a more perfect union, a union of states that believe that all people are created equal, given by our Creator the unalienable Rights of Life, Liberty, and the pursuit of Happiness.

In the Declaration of Independence, our Founding Fathers appealed to the one they called the Supreme Judge of the world, and so we too pray to the Supreme Judge that on this Independence Day that we be judged to be citizens who uphold, protect and cherish the freedoms for which we stand, the democracy which we love, and the diversity which gives us strength. May this be God's will.—AMEN.

REPORTS

The following letters of transmittal were presented by the Speaker, and ordered printed in the Journal:

California State Auditor

2001-124
June 26, 2002

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Los Angeles Unified School District's (LAUSD) program and policies for providing textbooks and instructional materials to its schools.

This report concludes that our audit of 16 schools did not reveal any significant disparities in textbook quality and quantity among high- and low-performing schools. Although both use outdated textbooks, low-performing schools were more likely to have shortages and restrict textbook use to the classroom. However, we cannot conclude that the higher prevalence of textbook shortages we found in low-performing schools has a direct relation with their Academic Performance Index. Several other factors do appear to affect school performance, such as the number of credentialed teachers; the level of parents' education; and student's transiency, socioeconomic status, and English proficiency.

LAUSD does not always spend its textbook funds for textbooks and other instructional materials, as state law requires. In addition, LAUSD spends on average less per student for textbooks and other books, and instructional materials than other large districts in the State. Further, both LAUSD and the California Department of Education can improve their efforts to monitor compliance with a law requiring publishers to provide any instructional materials free of charge to school districts in California to the same extent as they provide them to any school district nationwide. LAUSD spends roughly \$22 million per year on textbooks and we estimate that the value of free materials associated with these purchases could be as much as \$15.6 million to \$19.4 million per year.

Finally, LAUSD spent nearly \$2 million to implement an electronic textbook inventory system; however, implementation of the system has been unsuccessful. A centralized textbook inventory system could help LAUSD manage textbook inventories to ensure that each student has a

current textbook, allow it to comply with the state law requiring schools to publish on the Internet information about the quantity and type of textbooks they use so the public can assess school quality, and aid its efforts to hold students or their parents accountable for lost or damaged textbooks.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Education.

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the extent to which awarding departments are meeting the goals set for the Disabled Veteran Business Enterprise (DVBE) program.

This report concludes that many awarding departments do not report DVBE participation to the Department of General Services as required by statute. Of those that do report, most do not meet the 3 percent participation goal established under the DVBE program. Additionally, the methodology for reporting DVBE participation levels is flawed. The reasonableness of the 3 percent goal itself is uncertain, and a thorough study of the business owned by disabled veterans is needed to determine an appropriate goal. Additional factors also impede the State's ability to meet the 3 percent goal. Awarding departments have great flexibility in implementing the program, leading to inconsistent and weak implementation. Some awarding departments exempt a significant number of contracts, do not scrutinize good faith effort documentation that bidders submit as a substitute for subcontracting with DVBEs, and do not take steps to ensure DVBEs are used according to contract specifications.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Utilities and Commerce.

(Assembly Rule 45.5 suspended.)

In Memoriam

of

Andrea Fox

I would like to adjourn today in the memory of Andrea Fox, who was a good friend of my wife's and mine who died yesterday morning after a four-year fight with breast cancer. It is not unusual for people in Marin County, where I live, to mourn the loss of women with this horrible disease. We actually have the highest rate of breast cancer in the United States, unfortunately. What was unusual—several things unusual about Annie Fox—but what is so unusual and painful about this was that she was diagnosed with breast cancer when she was 31 years old. And, we're used to that happening—perhaps—when you're 60 or 70, but not when you are 31. Some of you may remember Annie last year—I actually brought her here as the “Woman of the Year”. I was so proud to walk into this Chamber with her, and I know it was a great experience for her. I will tell you that she was the best advocate that I have ever seen to ask us to do more to deal with this disease. I will just tell you that one of the reasons she was such a great advocate was because she never asked for anyone's sympathy, she simply asked for people's support and for people's understanding. And I think she did that because she knew that she wasn't fighting for her own life but she was fighting for others. I want to thank many of the members who have worked so hard on breast cancer issues—Mr. Nakano, Mr. Wayne, and I know Ms. Daucher and I have talked. So the next time we have an opportunity to make a difference in particular dealing with detection and issues for young women, I would hope you all support that in Annie's memory.

RECESS

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
July 9, 2002

To the Members of the California Legislature:

I am signing Assembly Bill 1358 which would allow the Department of Social Services to grant an "inactive" licensing status to child care facilities that are inoperative for a period of time, and would prohibit the Department from inspecting families with inactive licenses except when the Department believes the facility is operating with an inactive license.

Allowing a childcare provider to place their license on inactive status will support childcare providers as they transition through temporary crises, while encouraging them to resume child care services and contribute to the child care resources available in California communities. I am directing the Department of Social Services to implement this bill within existing resources.

Sincerely,

GRAY DAVIS

COMMUNICATIONS

The following communication was presented by the Speaker, and ordered printed in the Journal:

July 11, 2002

*The Honorable Herb Wesson
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Speaker: Given that the Constitutional deadline for passage of the budget has long passed and a new fiscal year has begun without adoption of a budget, I hereby waive my per diem allowance beginning today.

While I am very supportive of your outstanding leadership to overcome the obstructionist tactics of the Assembly Republican Caucus, I do not feel it is appropriate for members of this house to accept per diem when we have failed to meet the Constitutional deadline, as is our duty as legislators. Had we been able to complete our work on time, we would not be entitled to per diem.

Your cooperation and understanding is appreciated.

Respectfully,

DARIO FROMMER, Assembly Member
Forty-third District

Lord God, the Great Builder and Restorer,

 Grant Your power,
 but only to help make better the lives of Your people.
 Give joy for a job well done
 and discontent with sloppiness and self-service.
 Lord God, put a renewed vision in the eyes of all here
 of what might be
 and how they are called to make it be.
 Give us roads and schools and homes.
 Help us to be good stewards
 of your tall trees and grassy meadows,
 sparkling coasts and desert sands.
 But most of all, help us build a place
 where there is education and opportunity,
 tolerance in our freedom
 so there will be pride in our heritage.
 Help us make a history
 where those in years to come will look back and say,
 "They built well because they cared so much."
 We ask these things in Your many names.—AMEN.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Message—Assembly Bill No. 1982

Governor's Office, Sacramento
July 15, 2002

To Members of the California State Assembly:

Although this measure is flawed, I am signing AB 1982 on the condition that the author introduce a clean up measure that provides a mechanism for employees to pay back advanced disability payments should a disability claim be denied.

This bill, as currently drafted, does not require an employee to repay advanced disability payments should their claim be eventually denied. However, employers would still be reimbursed for the cost of making the advanced payments and the ultimate cost of those payments would be borne by the state and county retirement systems, thus creating significant fiscal impact.

This measure should be amended to provided for the employee to repay the retirement system in the event their claims are held invalid so as to avoid creating a reimbursable state mandate. I look forward to receiving clarifying legislation.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 137

Governor's Office, Sacramento
July 15, 2002

To the Members of the California Legislature:

I am signing AB 137 which clarifies how annexation protest and cancellation provisions apply to Williamson Act contracts that were entered into in 1968.

Contracts entered in 1968 pre-date many of the Williamson Act provisions that define valid protests, thus creating an ambiguity in the application of the law. This bill provides an equitable solution without compromising the integrity of the Williamson Act.

Further, provisions of this bill strengthen enforcement and cancellation provisions to ensure the protection of our agricultural lands. This bill requires the Department of Conservation to participate in LAFCO proceedings and comment on the adequacy of contract protests. This bill also increases the standard that must be met in order for a protest to be deemed valid.

I am signing this bill to provide clarity and certainty and address the unique circumstances of 1968 Williamson Act contracts.

Sincerely,

GRAY DAVIS

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Wyman was granted unanimous consent that the following communication be printed in the Journal:

July 17, 2002

The Honorable Herb J. Wesson, Jr.
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California

Dear Mr. Speaker,

On July 11, 2002, I received from Legislative Analyst Elizabeth G. Hill an updated five-year General Fund projection. I am deeply concerned about her projections as they make it very clear this Legislature has yet to come up with a fiscally responsible, balanced budget.

Specifically, the Legislative Analyst Office estimates that under the 2002–03 Budget Act, “annual operating shortfalls would increase by roughly \$2 billion per year relative to the May Revision.” This, according to the LAO, “largely reflects the restoration by the Legislature of ongoing spending reductions proposed by the Governor in the areas of health, social services, and local government.”

According to the LAO report:

. . . annual shortfalls would grow from \$9.8 billion in 2003–04 to \$12.3 billion in 2004–05, before declining in subsequent years to \$8.7 billion by 2007–08.

Put simply, California will—through fiscal year 2007–08—have a total operating deficit of \$51.6 billion. The chart below, taken from the LAO report, shows the annual operating deficit over the next six budget periods if the current 2002–03 Budget Act is adopted.

Projected AB 425 Revenues, Expenditures, and Operating Balances*

(In Billions)

	2002–03	2003–04	2004–05	2005–06	2006–07	2007–08
Revenues	\$79.2	\$77.5	\$82.3	\$89.1	\$96.2	\$102.7
Expenditures	76.9	87.2	94.6	100.2	105.8	111.4
Annual Operating Cost	\$2.3	-\$9.8	-\$12.3	-\$11.2	-\$9.6	-\$8.7

*Detail may not total due to rounding.

According to the LAO:

The large operating shortfalls that occur under the May Revision and AB 425 reflect the large amount of one-time or limited-term solutions used to cover the budget shortfall in 2002–03. Examples include the securitization of tobacco settlement receipts (one-year benefit), loans from transportation funds (one-year benefit), the one-year increase in the vehicle license fee, the two-year suspension of the net operating loss deduction for businesses, and the two-year deferral of debt-service payments related to the Treasurer’s debt restructuring plan.

The LAO further stated that there are approximately \$600 million in loans “for which no specific repayment dates were established. These other loans could further add to out-year pressures both under the May Revision and under AB 425.”

Clearly, the Legislature needs to craft real solutions to the structural budget identified by the Legislative Analyst.

Sincerely,

PHIL WYMAN, Assembly Member
Thirty-fourth District

California State Auditor

2001-125
July 23, 2002

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning our review of the implementation, application, and efficacy of red light camera programs statewide.

This report concludes that red light cameras have contributed to a reduction of accidents; however, our review of a sample of seven local governments found weaknesses in the way they are operating their programs that make them more vulnerable to legal challenge. Specifically, we found that the local governments we reviewed need to more rigorously supervise their respective vendors to exercise and maintain control of their programs.

Furthermore, we could not always determine if local governments followed the best practice of first addressing any needed engineering improvements to the intersections they designated before installing the red light cameras. In addition, four of the seven local governments in our sample avoided placing cameras at dangerous intersections along state-owned highways because of the delay involved in obtaining state permission. Moreover, most would use photographs as evidence in

criminal proceedings even though it would appear to conflict with the law governing the program.

We also found that the local governments in our sample have generally followed the California Department of Transportation's required yellow light time interval standards. Finally, only two of the seven local governments we reviewed have generated significant revenue from their red light camera programs.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Local Government.

California State Auditor

2001-130
July 25, 2002

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the University of California's (university) partnership agreement. This report concludes that although the university's partnership agreement contains measurable targets for some of the objectives, it does not contain such targets for others. Specifically, we found that of the 22 objectives in the partnership agreement, only 9 contain outcomes with quantifiable and clear targets to measure improved performance, and 13 do not. Thus, the university's ability to demonstrate its success in using state funds to achieve the partnership agreement's objectives is limited. Additionally, the university's expenditures for support salaries made out of its general operating funds increased at a greater rate than its expenditures for academic staff salaries within instruction, research, and public service between 1997 and 2001—two years before and three years after the partnership agreement went into effect. Only 44 percent of its increase in salary expenditures during this time related to these academic salaries, while 56 percent related to support staff salaries.

Further, certain factors have an impact on the 4.8 primary course-to-faculty ratio the university agreed to maintain as part of the partnership agreement. For example, we found that 13 percent of the primary courses taught by regular-rank faculty had enrollment of two students or fewer. In addition, although the university reports the workload of regular-rank faculty in its annual report to the Legislature, it does not address the workload of non-regular-rank faculty and miscellaneous instructors. These individuals teach a combined total of 46 percent of the university's primary courses. Because the university

does not disclose workload ratios for all faculty and miscellaneous instructors, the Legislature and governor may not have a complete picture of how the workloads affect the university's ability to meet the objectives of the partnership agreement.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Higher Education.

The Honorable Herb J. Wesson, Jr.

State Capitol
Sacramento, California

Dear Mr. Speaker: Unfortunately, I was absent from session today on family matters and unable to vote on AB 2559, AB 2953, SB 1234, and SB 1773. These bills will provide for renovation of existing Veterans' Homes, as well as build new Veterans' Homes throughout California, including one in Fresno County where twelve percent of California's Veteran's live but does not currently have a Veterans' Home.

I voted for these important bills in the Assembly Veterans' Affairs Committee and urge Governor Davis to sign them into law so California will be able to provide needed additional resources to our veterans and their families.

Sincerely,

SARAH L. REYES, Assembly Member
 Thirty-first District

REPORTS

The following letters of transmittal were presented by the Speaker, and ordered printed in the Journal:

California State Auditor

2001-122
August 1, 2002

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California Department of Transportation (Caltrans) and the Metropolitan Transportation Commission (MTC) to examine the delays and higher cost estimates for the seismic upgrades of toll bridges in the Bay Area.

This report concludes that the seismic retrofit costs of state-owned toll bridges have significantly exceeded Caltrans' original estimates for many reasons; however, the largest contributor is the east span replacement of the San Francisco-Oakland Bay Bridge with an estimated cost increase of \$1.3 billion. Overall, the program was likely to experience such increases because statute allows the Bay Area to purchase a more expensive east span replacement than Caltrans originally envisioned and estimated for. This statute also requires that bridge users fully fund the cost increase with the seismic retrofit surcharge imposed for passage on all Bay Area toll bridges. Caltrans also recognizes that the lack of including escalation rates in most of its estimates played a role in the understatement of estimated costs in the initial legislation. Additionally, external parties delayed project progress and subsequently increased costs. Although Caltrans maintains that its current funding is sufficient to cover estimated program costs, recent information suggests that Caltrans may need additional funding.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Transportation.

California State Auditor

2002-101
July 30, 2002

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the ongoing fiscal problems at the California Department of Corrections (department).

This report concludes that a shortage of correctional officers continues to result in high overtime costs, which exceeded \$110 million

in the first half of fiscal year 2001–02. We estimate it could take the department until the beginning of 2009 to resolve the shortage. In addition, certain provisions of the new labor agreement between the State and the California Correctional Peace Officers Association increase the department's fiscal burden and limit management's control. We estimate that the department's annual costs related primarily to correctional officers for five new and three continuing provisions of the labor agreement will amount to approximately \$518 million by the end of fiscal year 2006–07.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Legislative Intent—Assembly Bill No. 2158

August 8, 2002

*Speaker Herb Wesson
State Capitol, Room 219
Sacramento, California*

RE: AB 2158 (Lowenthal) Affordable Housing:
Prospective Nature of Bill

Dear Mr. Speaker: As principal author of AB 2158, I want to address an issue raised and assuage any concerns my colleagues may have.

AB 2158 directs the California Coastal Commission to take all appropriate legal steps to protect approximately 400 affordable housing units under its jurisdiction in Orange County that were created prior to 1981 when the Coastal Act contained affordable housing policies (formerly Section 30213 PRC). These units were created in conjunction with the issuance of coastal development permits for new subdivisions and included permit conditions establishing resale controls in order to protect continued affordability of the units. It appears that many of the subject units may have been rented or released from the program contrary to legal requirements in grant deeds secured and agreed to by the original qualified buyers. These units may soon be lost from the already inadequate pool of affordable housing in the region unless steps are quickly taken to address the violations. AB 2158 makes clear the Legislature expects the Commission to give priority to this program within its existing resources.

A concern has been raised about whether AB 2158 authorizes the Commission to prevent the market rate sale of units that have been continuously occupied by the holder of the grant deed for the requisite period of time and in conformity with the conditions of the attachment to grant deeds. Under such circumstances the Commission cannot lawfully prevent the resale because doing so would abrogate legal contracts. AB 2158 does not and cannot authorize actions contrary to constitutional protections of contract rights. Accordingly, nothing in AB 2158 would allow the Commission to take actions that prevent the resale at market rates of those units whose owners complied with all terms and conditions of the grant deeds and attachments.

I submit this letter to the Journal the same day the full Senate votes on the bill as an expression of Legislative intent with respect to AB 2158.

Sincerely,

ALAN LOWENTHAL, Assembly Member
Fifty-fourth District

Legislative Intent—Assembly Bill No. 1714

August 12, 2002

*The Honorable Herb Wesson, Speaker
California State Assembly
State Capitol Building
Sacramento, California*

RE: AB 1714—Public resources: prohibited uses.

Dear Speaker Wesson: AB 1714 was approved by the Legislature on July 3, 2002, and was signed by the Governor on July 11th.

When drafting the most recent amended version of the bill the word “state” in Section 8314(d) was inadvertently struck and in its place “public” was inserted.

It was not the intent of the bill to broaden the application of subdivision (d) of Section 8314 by providing any additional legal justification for using public funds to disseminate information on statewide or local ballot measures.

Sincerely,

JOSEPH CANCIAMILLA, Assembly Member
Eleventh District

PRAYER

Upon invitation of Speaker pro Tempore Keeley, the following prayer was offered by Assembly Member Bill Leonard, of the 63rd Assembly District:

17th Century Nun's Prayer

Lord, Thou knowest better than I know myself that I am growing older and will someday be old. Keep me from the fatal habit of thinking I must say something on every subject and on every occasion. Release me from craving to straighten out everybody's affairs. Make me thoughtful but not moody; helpful but not bossy. With my vast store of wisdom, it seems a pity not to use it all, but Thou knowest, Lord, that I want a few friends at the end.

Keep my mind free from the recital of endless details; give me wings to get to the point. Seal my lips on my aches and pains. They are increasing, and love of rehearsing them is becoming sweeter as the years go by. I dare not ask for grace enough to enjoy the tales of others' pains, but help me to endure them with patience.

I dare not ask for improved memory, but for a growing humility and a lessening cocksureness when my memory seems to clash with the memories of others. Teach me the glorious lesson that occasionally I may be mistaken.

Keep me reasonably sweet; I do not want to be a saint—some of them are so hard to live with—but a sour old person is one of the crowning works of the devil. Give me the ability to see good things in unexpected places, and talents in unexpected people. And, give me, O Lord, the grace to tell them so.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Keeley, Assembly Member Matthews then led the Assembly in the pledge of allegiance to the Flag.

REPORTS

The following letter of transmittal was presented by the Speaker, and ordered printed in the Journal:

California State Auditor

2002-103
August 6, 2002

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California Department of Transportation's (Caltrans) process for managing State Highway Operation and Protection Program projects.

This report concludes that Caltrans manages projects adequately, but not all project personnel follow departmental policies for maintaining project records that the State needs to be able to assess and collect damages if disputes with contractors arise. Also, Caltrans does not review the financial statements of surety insurers that issue performance bonds to contractors to determine whether the insurer's assets are adequate to cover the amount of the bond before it awards contracts, as state law permits. However, even if Caltrans reviewed insurers' financial statements, this determination may not always indicate when an insurer is financially unstable. Other indicators such as operating losses shown on an insurer's financial statements or credit ratings may raise flags about an insurer's financial stability. Finally, Caltrans does not have a well-coordinated strategy for its district staff to address the public's concerns with its projects.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Explanation of Vote—Senate Bill No. 1680

August 22, 2002

Dotson Wilson
Chief Clerk
State Capitol Room 3196
Sacramento, California

Dear Dotson,

I am requesting a note in the Journal regarding a vote cast on SB1680, August 21, 2002. After reviewing the Add-on book, I realized that I accidentally turned two pages when adding on and mistakenly voted “aye” on SB 1680. That was not my intention. I intended to abstain from voting on SB 1680.

Thank you in advance for your assistance,

Sincerely,

JAY LA SUER, Assembly Member
 Seventy-seventh District

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2002-008
 August 8, 2002

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents its audit report of the State Treasurer’s Office statement of securities accountability as of December 31, 2001.

The statement of securities accountability presents the securities owned by or pledged to the State directly, or under investment agreements, and those securities held for safekeeping. The State Treasurer’s Office is responsible for the safekeeping of all securities held in the treasury or other depositories. It is not responsible for securities owned by or pledged to the University of California, or for securities in other depositories owned by or pledged to the Public Employees’ Retirement System, the State Teachers’ Retirement System, the Legislators’ Retirement System, or the Judges’ Retirement System. For the statement of securities accountability, the State Treasurer’s Office assigned dollar amounts to each security for ease of accountability rather than for purposes of valuing securities at cost or market. The dollar amounts assigned represent the par or face value, the original face value, the original principal value, the current outstanding principal balance, or a nominal value of \$1 per certificate or note. Therefore, the dollar amounts presented in the statement of securities

accountability should not be used to determine the value of investments of, or pledged to, the State. We found that the statement presents fairly the securities accountability of the State Treasurer's Office as of December 31, 2001.

We conducted this audit to comply with the California Government Code, Section 13299.1.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Banking and Finance.

PARLIAMENTARY INQUIRY

Assembly Member Cox arose to the following parliamentary inquiry:

Is it not the custom and practice of the House to allow a Member to take up items that were passed temporarily earlier in the day, when the Member makes the request; and, is it the intention of the Presiding Officer to permit Members to take up items that were passed temporarily today?

Reply by Speaker pro Tempore Keeley

The Speaker pro Tempore replied that it has been the custom and practice to proceed through the Daily File in order, and return to the beginning of the Daily File and take up those items that were passed temporarily, in File order; however, items are taken up, out of file order, in an effort to accommodate individual needs of the Members. There are numerous bills that were passed temporarily today and it is not the intent of the Speaker to continue to keep the House in Session.

Parliamentary Inquiry

Assembly Member Cox arose to the following parliamentary inquiry:

Assembly Member John Campbell is prepared to take up a measure (Senate Bill No. 676) that he was granted permission to pass temporarily on earlier today. Will Assembly Member Campbell be granted the courtesy of returning to his item on file, for purpose of amendments?

Reply by Speaker pro Tempore Keeley

The Speaker pro Tempore replied that it has been the custom and practice to accommodate Members' schedules; however the rule of the House is to proceed on the Daily File, in order. Once items have been passed temporarily on file, Members may not always be granted unanimous consent to return to the items they missed, when they choose to return to the item.

Parliamentary Inquiry

Assembly Member Strickland arose to the following parliamentary inquiry:

Will Assembly Member Campbell be permitted to take up his item for purpose of amendment, prior to adjournment?

Reply by Speaker pro Tempore Keeley

The Speaker pro Tempore replied that the House will be in session tomorrow, at 10 a.m. and on Sunday, at 1 p.m. Assembly Member Campbell's amendments are timely, and he will be permitted to take his measure up for amendment tomorrow, when the item is taken up in order on the Daily File. The Senate is not in session this weekend, therefore, Assembly Member Campbell's amendments could be adopted and the measure would still be eligible for consideration on Monday, August 26th.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Dutra was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 555

August 24, 2002

*The Honorable Herb Wesson
Speaker, California State Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Speaker: I respectfully request permission that this letter be published in the Assembly Journal so that there will be no ambiguity regarding the intent of AB 555.

AB 555 creates a voluntary title act for managers of Common Interest Developments who have successfully completed a prescribed list of educational coursework. The bill does not and is not intended to create new authority for these managers. Similarly, the bill does not and is not intended to prejudice any other providers of management services, so long as they do not refer to themselves as “certified” pursuant to the provisions of the bill if they have not completed the required coursework.

Thank you very much for your consideration.

Sincerely,

JOHN A. DUTRA, Assembly Member
Twentieth District

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Veto Message—Assembly Bill No. 2200

Governor's Office, Sacramento
August 26, 2002

To Members of the California State Assembly:

I am returning Assembly Bill 2200 without my signature.

This bill would allow county jail inmates who participate in a voluntary work release program in lieu of confinement to be eligible for the same credits to reduce their sentences as those currently allowed for inmates who participate in mandatory work release programs.

I have great respect for the California State Sheriffs Association and the work of the Sheriffs in California to keep our citizens safe. I understand their concern about county jail overcrowding. However, I am troubled by the notion of inmates having the ability to choose non-jail punishment that would also reduce their sentences. Currently, these work credits are not available for other alternative sentencing programs such as home confinement. Serving one's sentence outside of time in jail should be inducement enough for inmates to choose work release programs.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 26th day of August 2002 at 9:05 p.m., of Assembly Bill No. 2200, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

If our faith is not set firmly in You, then even our goodwill towards men has no foundation and we try to heal deep wounds with superficial cures. Father, when we stray from You, forgive us. STATEMENTS OF LEGISLATIVE INTENT

The following statements were printed in the Journal:

Legislative Intent—Assembly Bill No. 496

August 27, 2002

*Mr. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California*

Dear Mr. Wilson: An issue has been raised as to what the effect is of the repeal of Civil Code section 1714.4 by my AB 496. In particular, a concern has been raised that the repeal of Section 1714.4 will open manufacturers and sellers of firearms and ammunition to liability solely because guns are capable, even when properly designed, manufactured, distributed and marketed, of causing serious injury or death.

Because of these concerns, I submit this letter as clarification of AB 496's intent—and that of the Legislature in enacting this measure, which is as follows:

First, that by repealing Section 1714.4, the Legislature *does not intend* to create a cause of action against manufacturers of firearms and ammunition based solely on the fact that the firearm or ammunition was capable of causing serious injury or death. Specifically, AB 496 is not intended to create a cause of action against manufacturers of firearms and ammunition based solely on the fact that that firearm or ammunition is capable of causing serious injury or death. For example, in the particular case of a products liability action based on defective design, a plaintiff must show with sufficient particularity that a design defect caused the injury.

Secondly, it is the intent of AB 496 to preserve those causes of action against manufacturers and sellers of firearms and ammunition including, but not limited to, negligence actions, product liability actions alleging manufacturing, marketing or design defects, public and private nuisance actions and statutorily based actions, which would exist had Section 1714.4 not been enacted in 1983.

Sincerely,

PAUL KORETZ
Forty-second Assembly District

Legislative Intent—Senate Bill No. 682

August 27, 2002

*Mr. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California*

Dear Mr. Wilson: An issue has been raised as to what the effect is of the repeal of Civil Code section 1714.4 by my SB 682. In particular, a concern has been raised that the repeal of Section 1714.4 will open manufacturers and sellers of firearms and ammunition to liability solely because guns are capable, even when properly designed, manufactured, distributed and marketed, of causing serious injury or death.

Because of these concerns, I submit this letter as clarification of SB 682's intent—and that of the Legislature in enacting this measure, which is as follows:

First, that by repealing Section 1714.4, the Legislature *does not intend* to create a cause of action against manufacturers of firearms and ammunition based solely on the fact that the firearm or ammunition was capable of causing serious injury or death. Specifically, SB 682 is not intended to create a cause of action against manufacturers of firearms and ammunition based solely on the fact that that firearm or ammunition is capable of causing serious injury or death. For example, in the particular case of a products liability action based on defective design, a plaintiff must show with sufficient particularity that a design defect caused the injury.

Secondly, it is the intent of SB 682 to preserve those causes of action against manufacturers and sellers of firearms and ammunition including, but not limited to, negligence actions, product liability actions alleging manufacturing, marketing or design defects, public and private nuisance actions and statutorily based actions, which would exist had Section 1714.4 not been enacted in 1983.

Sincerely,

DON PERATA
Senator, Ninth District

**Legislative Intent—
Assembly Bill No. 3008 and Assembly Bill No. 3011**

August 22, 2002

*The Honorable Herb Wesson, Speaker
California State Assembly
State Capitol Building
Sacramento, California*

RE: Legislative Intent—AB 3008, Chapter 99/Statutes of 2002 and AB 3011, Chapter 101/Statutes of 2002

Dear Speaker Wesson: AB 3008 and AB 3011 were approved by the Legislature on June 30, 2002. It was the intent of the Legislature that by the actions taken in Chapters 99 and 101 of the Statutes of 2002 of deferring certain appropriations from fiscal year 2001–02 to 2002–03, the Legislature acknowledges that the appropriations are a postponement of payments owed to the local education agencies to the extent that the local education agencies operated the programs and incurred claimable costs during the time the original appropriations were in effect, and the appropriations may be used by local education agencies to fund eligible expenses incurred for authorized program activities during the 2001–02 fiscal year.

Further, it is the intent of the Legislature that local education agencies be permitted to accrue these appropriations for the 2001–02 fiscal year.

Sincerely,

JENNY OROPEZA
Chair, Assembly Budget Committee

Legislative Intent—Assembly Bill No. 1412

August 27, 2002

*The Honorable Herb J. Wesson, Jr.**Speaker**State Assembly**Sacramento, California*

Dear Speaker Wesson: AB 1412 (Wright) simply allows school districts the opportunity to provide career and technical education courses to high school students with the necessary academic content for these courses to also be used for college admissions purposes.

This bill does not require local school districts to change existing curriculum or alter in any way the delivery of career and technical education courses. If a local district chooses to adopt new curriculum for career and technical education courses pursuant to the opportunities provided by this bill they may do so by using federal resources allocated to this state for those purposes in the federal Carl D. Perkins Act, Section 135, related to local uses of funds.

As the author of this measure I have always intended, and Legislative Counsel has concurred, that the contents of AB 1412 are permissive. They do not constitute the grounds for a state mandated local program and cannot be used for the purposes of any future claim by local districts for state reimbursable costs.

I respectfully request that this letter be printed in the Assembly Journal.

Sincerely,

RODERICK D. WRIGHT, Assembly Member
