California State Auditor

2002-124
May 13, 2003

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Franchise Tax Board's (board) return on its investment in additional audit and collection program positions.

This report concludes the board's performance measures are not sufficient to justify requests for new audit or collection program staff.

The board uses a variety of performance measures, with various cost components, for its audit and collection programs, potentially causing confusion about prospective and actual program results. Board documents requesting new staff for its programs typically refer to a projected return of at least \$5 of benefit for each \$1 of cost for these staff. In fact, between fiscal years 1998–99 and 2001–02, the board's 340 newest audit positions returned only \$2.71 in assessments—potential revenue—for each \$1 of cost, without adjusting for the likelihood or cost of collecting the assessed amounts. Due to various limitations in collection program data, including a change in accounting treatment, we were unable to determine the incremental revenue resulting from the newest 175 collection program positions. However, the board has allowed some approved collection program positions to go unfilled in order to achieve savings to pay for other expenses, such as merit salary adjustments.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Revenue and Taxation.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2002-002
May 19, 2003

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by the California Government Code, Section 8542 et seq., the Bureau of State Audits presents its audit report concerning our review of the State of California's internal controls and compliance with state and federal laws and regulations for the year ended June 30, 2002.

This report concludes that the State continues to experience certain problems in accounting and administrative practices that affect its internal controls over financial reporting and over compliance with federal requirements. As a result, the State has not always complied with some state and federal regulations. Although none of the problems we identified is significant to the State's financial statements and only one is significant to the federal programs it administers, weaknesses in the State's internal control system could adversely affect its ability to provide accurate financial information and to administer federal programs in compliance with applicable requirements.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Budget.

REPORTS

The following letter of transmittal was presented by the Speaker, and ordered printed in the Journal:

California State Auditor

2002-123.1
May 21, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents the first of two audit reports concerning whether California is maximizing the amount of federal funds it is entitled to receive for appropriation via the Budget Act.

This report concludes that California receives a share of federal grant funding that is near its share of the United States' population. For eight large grants, the difference between California's share of the federal grant and its share of the country's population is attributable to allocation formulas based on factors, such as poverty rates or per capita income, that are favorable or unfavorable to California. Because funding formulas are established at the federal level, the State has little control over the share it receives of these grants. Nevertheless, many federal grants include cost-sharing provisions, and the level of federal funding may drop if the State cuts its contribution to grant activities.

We will issue a second report on federal funding in the summer of 2003 that will examine the way state agencies identify and manage federal funds, and discuss other factors that constrain the State's maximization of federal funding.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Budget.

PRAYER

Upon invitation of Speaker pro Tempore Kehoe, the following prayer was offered by Assembly Alternate Chaplain Rev. Ivan L. Williams, Sr.:

Our Father Who Art in Heaven, We acknowledge that Thou dost govern in the affairs of the human race. And if a sparrow cannot fall to the ground without Thy notice, how can we think Thou art indifferent to what we say and do here?

We pray for Your wisdom, discernment, and guidance in the governance of this our great state of California and we ask You this morning for hope beyond our present situation. Bless this legislative body with a great sense of Your presence and power to follow Your leading with conviction and faith.

And if, O God, this day, You want us to do, or not to do any particular thing, we pray that You would make it plain to us. Give us strength to forsake our personal intentions and follow Your will this day, In Your Name, O God, we pray.—AMEN!

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Kehoe, Assembly Member Goldberg then led the Assembly in the pledge of allegiance to the Flag.

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

EXECUTIVE ORDER D-68-03

By the

Governor of the State of California

WHEREAS, per capita cigarette consumption in California has fallen by over 60 percent since the passage of the Tobacco Tax and Health Promotion Act of 1988 (Proposition 99), roughly twice the decline of the rest of the nation. Per capita cigarette consumption in California is the lowest of any state in the nation; and

WHEREAS, smoking prevalence among youth in the 8th grade has decreased by 45 percent, from 11.7 percent in 2000 to 6.4 percent in 2002. Among 10th grade students, smoking decreased 24 percent, from 19.5 percent in 2000 to 14.8 percent in 2002; and

WHEREAS, there are still 4.7 million smokers in California; and

WHEREAS, tobacco use can lead to a lifelong, deadly addiction, killing 42,000 Californians annually. Every day an estimated 200 youth, who are not old enough to legally purchase tobacco products, start smoking. Two-thirds of them will become addicted and half of those will die prematurely from a tobacco-related illness; and

WHEREAS, over 80 percent of all adult smokers began smoking before their 18th birthday; and the younger smoking starts the more difficult it is to quit; and

WHEREAS, nearly half of California youth ages 16–17, 47.3 percent, report that it is still easy to buy tobacco; and

WHEREAS, although it has been illegal for more than 100 years to sell or provide anyone under the age of 18 with tobacco products in California, an increasing number of retailers are selling tobacco to minors; and

WHEREAS, California law requires retailers to check the identification of anyone who appears to be under the age of 18 and to post required signs at every retail outlet that sells tobacco; and

NOW, THEREFORE, I, GRAY DAVIS, Governor of the State of California, by virtue of the power and authority vested in me by the Constitution and statutes of the State of California, do hereby issue this order to become effective immediately:

IT IS ORDERED that the Department of Health Services and the Department of Alcohol and Drug Programs immediately focus the public awareness education efforts on reducing illegal sales of tobacco to minors;

IT IS FURTHER ORDERED that the Department of Health Services (DHS) immediately pursue legislation to: (1) increase the penalties for selling tobacco to minors, violating other tobacco retail laws, and for failure to post the Stop Tobacco Access to Kids Enforcement (STAKE) Act warning sign; and, (2) ensure local law enforcement has authority to enforce the STAKE Act in local communities.

IT IS FURTHER ORDERED that all state agencies who inspect retail establishments that sell tobacco check for the presence of STAKE Act warning signs, and notify the DHS of violators.

IT IS FURTHER ORDERED that the Department of Alcoholic Beverage Control, when conducting alcohol enforcement activities, monitor for compliance with the State tobacco laws;

IT IS FURTHER ORDERED that all state agencies that license, inspect or otherwise conduct business with retailers that sell tobacco add information regarding the illegality of tobacco sales to minors, including the 1-800-5-ASK-4-ID complaint line, to their websites, mailings to retailers, newsletters and other appropriate retailer communications;

IT IS FURTHER ORDERED that DHS and the Department of Alcohol and Drug Programs collaborate with the business, retail and law enforcement communities to:

June 12, 2003

*The Honorable Herb Wesson, Jr.
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Speaker: I write to inform you that I wish to forfeit my salary and per diem beginning on June 16, 2003, the day after the constitutional deadline for passing a state budget until such time that a budget is passed to the Governor. In addition, I do not want retroactive pay for the time between June 16 and the budget's passage.

I am disappointed that the Budget Conference Committee has not completed its work and that no vote is possible before the June 15 deadline.

Thank you for your time and attention.

Sincerely,

ABEL MALDONADO, Assembly Member
Thirty-third District

California State Auditor

2002-122
June 19, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the State Controller's Office's operation of the Bureau of Unclaimed Property (bureau).

This report concludes that the bureau's controls over its information technology system are insufficient to ensure the proper safekeeping of property in its custody and that its processes do not sufficiently ensure the proper distribution of unclaimed property to their rightful owners. It also concludes that the Financial-related Audits Bureau failed to pursue unclaimed property estimated to total \$6.7 million. The State Controller's Office has taken action to correct some of the problems we identified, but needs to implement further changes.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Business and Professions.

California State Auditor

2002-120
June 26, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits (bureau) presents its audit report concerning the California Veterans Board's (board) oversight and guidance of the Department of Veterans Affairs (department) and the department's corrective actions resulting from the bureau's previous audit reports.

This report concludes that even though the board has been in existence since 1946, this seven-member volunteer board has not established itself as an effective policy-maker for the department. Further, the board lacks independent counsel to minimize the legal risks of its responsibilities for making policy and ruling on veterans' appeals of services the department has denied. In addition, the board's appeal process needs improvement to ensure that veterans' appeals are handled consistently and appropriately. The board's effectiveness is also hindered by its reduced membership and the lack of board member training on their responsibilities. Finally, our follow-up on certain recommendations we made to the department in two recent audits revealed that the department has implemented eight of the 14 recommendations, but has not given sufficient attention to a key recommendation regarding the long-term viability of the Cal-Vet program.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Veterans Affairs.

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 697

Governor's Office, Sacramento
July 1, 2003

To Members of the California State Assembly:

I am returning Assembly Bill 697 without my signature.

Last year, I signed AB 2477 which established the State Excluded and Exempt Employee Salary-Setting Task Force. The Task Force's mandate is to develop and recommend by July 1, 2004, an equitable salary and benefit setting process for excluded and exempt employees in State government. This new process will address the primary concerns of excluded employees. Accordingly, this bill is premature until the task force has completed its mandate.

Furthermore, this bill would dilute the management structure of the State because managers, confidential employees, or other excluded employees who set State policy on wages, hours, and other terms and conditions of employment would meet and confer with management.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 1st day of July 2003 at 5:30 p.m., of Assembly Bill No. 697, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

HUGH R. SLAYDEN

Acting Chief Clerk of the Assembly

California State Auditor

2002-126
July 3, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California Department of Transportation's (department) ability to deliver transportation projects.

This report concludes the department's ability to promptly deliver transportation projects is affected by low cash balances in the State Highway Account (highway account) and Traffic Congestion Relief Fund (TCRF), and consequently, delayed and canceled transportation projects will negatively affect the State's aging transportation system. Several factors caused the low cash balances in the highway account and TCRF. Loans from the highway account and TCRF to the State's General Fund drained cash reserves from these accounts at the same time the department saw highway account revenues from commercial-vehicle weight fees decrease. Further, uncertainties related to the Governor's midyear spending proposal and May 2003 budget revision caused the California Transportation Commission (commission) to halt all allocations to the Traffic Congestion Relief Program projects until the budget uncertainties are resolved. Moreover, the department's March 2003 cash forecast update is optimistic, and consequently the department could end fiscal year 2003-04 with a negative balance. Finally, the department and the commission have alternatives to fund projects in the short term. However, most of these alternatives also have the potential to decrease the future flexibility of scheduling projects for the State Transportation Improvement Program and one potential option available to the commission may be perceived as unfair, so the commission needs to carefully consider and set guidelines for their use.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Transportation.

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 799

Governor's Office, Sacramento

July 7, 2003

To Members of the California State Assembly:

I am returning Assembly Bill 799 without my signature.

This bill allows the Area Agencies on Aging (AAAs) to conduct an initial competitive bid process to select a provider for the Linkages and Alzheimer's Day Care Resource Center (ADCRC) programs. After this initial process, this bill allows the AAAs to continue contracting with the same service provider without conducting another competitive bid process unless the AAA determines it is in the best interest of the State to do so.

While I sympathize with the goals of the bill, it is inconsistent with Executive Order D-02-55, which I signed on May 20, 2002 that requires open and competitive bidding be used to the greatest extent possible in awarding state contracts. In addition, state policy mirrors federal requirements by mandating open and free competition. Open and competitive bidding ensures that state agencies and California taxpayers receive the best value for the goods and services purchased, and that all eligible providers have equal access and opportunity to provide these goods and services. The California Code of Regulations requires AAAs to obtain goods and services through open and competitive awards at least once every four years. This requirement is very reasonable and should be retained.

For these reasons, I am returning the bill.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 7th day of July 2003 at 8:52 p.m., of Assembly Bill No. 799, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

HUGH R. SLAYDEN

Acting Chief Clerk of the Assembly

**DISCURSO DEL PRESIDENTE DEL GOBIERNO DE ESPAÑA
ANTE LAS CÁMARAS LEGISLATIVAS DEL ESTADO DE CALIFORNIA.**

(Sacramento, 10 de julio de 2003—09,30 h.)

*Señor Gobernador,
Señor Presidente de la Asamblea,
Señor Presidente del Senado,
Señores Legisladores del Estado de California,
Señoras y Señores,*

Me cabe el honor de ser el primer Presidente del Gobierno de España que visita los Estados de la Unión con profundas raíces hispánicas. Quiero, antes de acabar mi mandato en el año 2004, visitar el mayor numero posible de esos Estados. Como ustedes saben, la Corona española ejerció en el pasado su soberanía sobre una parte importante del territorio que hoy forma los Estados Unidos de América.

En esta ocasión, voy a visitar California, Nuevo México y Texas. Y comienzo mi viaje precisamente por esta tierra suya de California, que durante tanto tiempo encarnó para los españoles la promesa o incluso el mito de El Dorado.

Hoy en día, California cuenta con una de las sociedades más vibrantes y abiertas y con una de las economías más desarrolladas del mundo entero. La innovación, la creatividad, el dinamismo son, sin lugar a dudas, características de California y sus habitantes.

En siglos pasados los españoles contribuimos a forjar el destino de este Estado. Navegantes españoles, como Rodríguez Cabrillo y Vizcaíno, recorrieron sus costas y pusieron nombre a sus accidentes geográficos. Fray Junípero Serra y Gaspar de Portolá establecieron en el siglo XVIII el rosario de las 21 misiones californianas, uno de los más notables ejemplos de la presencia española en América. Ya en sus nombres, ciudades como San Francisco y Los Ángeles, fundadas respectivamente en 1776 y 1781 por españoles, sirven de recordatorio de esa contribución hispana.

Pero hoy no vengo a hablar de Historia. Hoy quiero hablarles del presente y del futuro de nuestra amistad, de la voluntad de acercamiento de España a los Estados Unidos.

Señor Presidente,
Señoras y señores legisladores,

Los Estados Unidos de América están conociendo una evolución que no es ajena a nuestra historia común. La progresiva contribución de las comunidades de origen hispano a la vida política, social y económica de esta gran Nación es un fenómeno admirable y lleno de buenos presagios.

Los que hoy se proclaman hispanos en los Estados Unidos de América, integrados plenamente en la sociedad americana, reclaman una herencia a la que España no es ajena. En California ese vínculo se enriquece con el origen cercano en otras naciones hermanas, principalmente México.

España no quiere ni puede olvidar la participación conjunta en este tronco común de la hispanidad de todas aquellas sociedades y de todos aquellos países que forman la Comunidad Iberoamericana de Naciones. Nuestra voluntad de acercamiento se basa en la realidad profunda de los valores que compartimos: la libertad, la democracia y la dignidad de la persona.

Señor Presidente,
Señoras y señores legisladores,

Hoy me gustaría invitarles a que descubrieran la moderna realidad española y las bases que estamos sentando para su futuro.

España, que este año celebra el XXV Aniversario de su Constitución, es un país que disfruta de su libertad y que está dispuesto a defenderla. Un país abierto, solvente y próspero, que ha sabido encontrar un lugar adecuado en la escena internacional. Un país que asume sus responsabilidades. Un país que trata de contribuir a la paz y a la seguridad mundial.

La economía española es hoy por hoy una de las más abiertas del mundo, en claro contraste con la situación de hace pocos años. Tenemos una economía dinámica al servicio de una sociedad pujante. Crecemos

desde hace siete años por encima de la media de la Unión Europea. La sociedad española ha apostado decididamente por la modernización y la liberalización. España, que tradicionalmente ha recibido grandes cantidades de inversión desde exterior, es hoy uno de los mayores países inversores en el mundo, especialmente en Iberoamérica.

España es un país que apuesta por la integración europea. Queremos una Europa unida en libertad. Hemos dado la bienvenida en Europa a los países que hasta hace muy pocos años estaban privados de su libertad.

Ese gran acontecimiento de la reunificación de Europa que hoy avanza con paso firme no habría sido posible sin el compromiso y lealtad de los Estados Unidos de América. España quiere una Europa unida en libertad, que trabaje codo con codo con los Estados Unidos de América. Cuando Europa y los Estados Unidos trabajan concertados, la estabilidad y la seguridad del mundo se benefician de manera extraordinaria. Si los europeos y los americanos estamos unidos, la causa de la libertad y del progreso en el mundo se fortalece.

Señor Presidente,

Señoras y señores legisladores,

Las relaciones bilaterales entre España y los Estados Unidos atraviesan un magnífico momento. Juntos hemos sabido hacer evolucionar nuestra amistad desde unos orígenes basados exclusivamente en la seguridad a un estadio de colaboración que cubre muchos otros terrenos. La economía, la ciencia o la cultura son terreno de intercambios fecundos entre nuestras sociedades. Americanos y españoles abordamos el futuro con la esperanza de impulsar la construcción de un mundo basado en la libertad, la apertura y las oportunidades.

Permítanme evocar ante ustedes la trascendencia que en nuestra relación bilateral ha cobrado la lucha contra el terrorismo. El terrorismo es una amenaza contra la civilización, contra toda civilización. Es también, sin duda, uno de los mayores peligros para la paz y la seguridad internacionales.

El combate contra el terrorismo debe ser conducido con firmeza y con paciencia, con pleno respeto al estado de derecho y a las libertades de los ciudadanos. La cooperación y solidaridad internacionales son esenciales para acabar con esta lacra que nos amenaza a todos.

Los españoles, que tanto hemos sufrido el terrorismo, sentimos los brutales atentados del 11 de septiembre de 2001 como un ataque contra nosotros mismos. El terrorismo es un fenómeno que no conoce fronteras y único objetivo es destruir nuestras libertades.

Hay que llamar a los terroristas por su nombre y actuar con decisión contra ellos. Por eso, la inclusión de la organización Batasuna en la lista de organizaciones terroristas del Departamento de Estado fue una muy importante manifestación práctica de la solidaridad de Estados Unidos

hacia España, que quiero de nuevo agradecer. Gracias a gestos como este los terroristas saben que su único destino es responder de sus delitos ante la Justicia. Y por eso la libertad se hace más fuerte cada día.

Señor Presidente,
Señoras y señores legisladores,

California es una de las comunidades más grandes y prósperas de todos los Estados Unidos. La presencia española en estas tierras debía naturalmente responder a esas dimensiones y a esa vitalidad.

En el curso de los últimos 15 años han sido más de 1.500 los profesores españoles que, gracias al acuerdo firmado con el Departamento de Educación de California, han venido a este Estado para enseñar el idioma español y su cultura en las escuelas primarias y secundarias. Y cada año son cientos los profesores y miles los estudiantes californianos que visitan España gracias a los acuerdos firmados con 16 universidades españolas.

Ayer mismo, aquí, en Sacramento, el Secretario de Estado para las Infraestructuras de España firmó un memorando de entendimiento para favorecer la línea férrea de alta velocidad entre Sacramento, San Francisco y Los Ángeles. Son ya varias las empresas españolas de diferentes sectores que se han establecido en California. Actualmente, se están multiplicando las iniciativas de cooperación tecnológica, económica y cultural. Todo ello refleja la vitalidad y la esperanza de futuro que hoy contienen las relaciones entre España y los Estados Unidos de América.

Señor Presidente,
Señoras y señores legisladores,

Quiero agradecerles muy emotivamente su presencia aquí con motivo de mi visita. Les puedo asegurar que como Presidente del Gobierno de España una de mis mayores preocupaciones en el desarrollo de nuestra política exterior es la de acercarme a la infinita variedad y a la rica unidad en que se articulan los Estados Unidos de América. California es uno de los más acabados exponentes de esa unidad y de esa variedad. Yo les propongo no solo recordar nuestro común pasado, sino convertirlo en fructífero presente y proyectarlo prometedoramente hacia el futuro.

Muchas gracias.

**SPEECH BY THE PRESIDENT OF THE GOVERNMENT OF SPAIN
BEFORE THE CALIFORNIA STATE LEGISLATIVE CHAMBERS.**

(Sacramento, July 10 2003).

*Governor,
Speaker of the Assembly,
President of the Senate,
Honorable Legislators of the State of California,
Ladies and Gentlemen,*

It is an honor for me to be the first President of the Government of Spain to visit the States of the Union with deep Hispanic roots. Before ending my mandate in 2004, I hope to visit as many of those States as possible. As you know, in the past, the Spanish Crown exercised its sovereignty over a substantial part of the territory which is now the United States of America.

On this trip, I am to visit California, New Mexico and Texas, beginning precisely in your land of California which, for so long, embodied for Spaniards the promise and indeed the myth of El Dorado.

Today, California is one of the most vibrant and open societies and is one of the most developed economies in the entire world. Innovation, creativity and drive are, without doubt, the hallmarks of California and its citizens.

In past centuries, we Spanish contributed to the forging of the destiny of this State. Navigators like Rodríguez Cabrillo and Vizcaíno traveled its coasts and named its geographical features. In the eighteenth century, Fray Junípero Serra and Gaspar de Portolá established the rosary of the 21 California missions, one of the finest examples of Spanish presence in America. By their very names, cities like San Francisco and Los Angeles, founded in turn in 1776 and 1781 by Spaniards, are a reminder of that Hispanic contribution.

However I am not going to talk about History now. Today, I want to talk to you about the present and the future of our friendship, of Spain's wish to draw near to the United States.

Mr. Speaker,
Ladies and gentlemen

The United States of America is experiencing a development which is not foreign to our common history. The progressive contribution from communities of Hispanic origin to the political, social and economic life of this great Nation is an admirable phenomenon, and bodes well for the future.

Those who call themselves Hispanics today in the United States of America, fully integrated into American society, claim a heritage which is not without reference to Spain. In California, that link is enriched with nearby origins in other sister nations, chiefly Mexico.

Spain does not wish, nor is it able, to forget the joint participation in the common Hispanic roots of all those societies and countries in the Ibero-American Community of Nations. Our wish for rapprochement is based on the profound reality of our shared values: liberty, democracy and human dignity.

Mr. Speaker,
Ladies and gentlemen,

I would like to invite you today to discover the modern day of Spain, and the foundations we are laying for the future.

Spain, which this year celebrates the twenty-fifth Anniversary of its Constitution, is a country which cherishes its freedom and is willing to defend it. An open, reliable and prosperous country which has found its place on the international scene. A country which takes on its responsibilities. A country which endeavors to contribute to world peace and security.

Right now, the Spain's economy is one of the most open in the world, as opposed to the situation a few years ago. We have a booming economy at the service of a dynamic society. For seven years now, our growth has been above the European Union average. Spanish society has unequivocally opted to modernize and liberalize. Spain which traditionally received substantial overseas investment is now one of the world's major investor countries, especially in Latin America.

Spain is committed to European integration. We wish for a Europe united in liberty. We have extended our welcome in Europe to countries which, just a very few years ago, were deprived of liberty.

The great development, of European reunification, is now moving firmly forward. It would not have been possible without the commitment and loyalty of the United States of America. Spain wants a Europe united in freedom, working shoulder-to-shoulder with the United States. When Europe and the United States work together, the benefits to global stability and security are extraordinary. If we Europeans and Americans are united, the cause of liberty and progress in the world is strengthened.

Mr. Speaker,
Ladies and gentlemen,

Bilateral relations between Spain and the United States are excellent. Together, we have known to develop our friendship from origins based solely on security to a degree of cooperation covering many other fields. The economy, science or culture are fertile ground for fruitful exchanges between our societies. Americans and Spaniards are tackling the future with the hope and drive to build a world based on freedom, openness and opportunities.

Please allow me to refer to the far-reaching significance of the fight against terrorism in our bilateral relationship. Terrorism is a threat to civilization, all civilization. It is also undoubtedly one of the greatest dangers to international peace and security.

The fight against terrorism must be led firmly and patiently, with full respect for the rule of law and civil liberties. International cooperation and solidarity are essential to end this scourge, which threatens us all.

We Spaniards, having suffered so much from terrorism, feel the brutal attacks of September 11, 2001 as an attack on ourselves. Terrorism knows no borders; its sole objective is to destroy our liberties.

We must not mince words when it comes to terrorists. We must move decisively against them. That is why the inclusion of the Batasuna organization on the State Department's list of terrorist organizations was a most important practical expression of the United States' solidarity with Spain which I would like once more to thank you for.

Owing to such gestures, terrorists learn that their sole fate is to answer for their crimes before the Law, thus making liberty stronger by the day.

Mr. Speaker,
Ladies and gentlemen,

California is one of the largest and most prosperous communities in the whole of the United States. Spanish presence here ought to respond accordingly.

Thanks to the agreement signed with the Californian Education Department, in the last 15 years, more than 1500 Spanish teachers have come to this State to teach Spanish language and culture in elementary and secondary schools. And every year, hundreds of Californian teachers and thousands of Californian students visit Spain under agreements signed with 16 Spanish universities.

Just yesterday, here in Sacramento, the Spanish Secretary of State for Infrastructures signed a Memorandum of Understanding advancing the high-speed railway line between Sacramento, San Francisco and Los Angeles. A number of Spanish companies in a variety of sectors have already set up in California. Currently, initiatives in technological, economic and cultural cooperation are multiplying. All this shows the vitality and future hopes in the current relations between Spain and the United States of America.

Mr. Speaker,
Ladies and gentlemen,

May I thank you most warmly for your presence here today. I can assure you that, as President of the Government of Spain, one of my greatest concerns in the development of our foreign policy are to gain insight into the infinite variety and abundant unity that make the United States of America what it is. California is one of the most all-embracing examples of that unity and variety. May I suggest that we not only remember our shared past, but that we transform it into a fruitful present and take it with promise into the future.

Thank you very much.

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
July 14, 2003*To the Members of the California Legislature:*

I am signing Assembly Bill 1228 which would declare that it is the intent of the Legislature to recognize the Federal Communications Commission's regulations that require that local regulations (1) reasonably accommodate structures needed by amateur radio stations and (2) be in compliance with federal statutes.

In signing this bill, I also want to acknowledge the thousands of Californians who are licensed amateur radio operators and who each year give thousands of hours of volunteer service to the state and local governments. They have a long and proud record of helping the state during times of natural disasters and emergencies. Since the September 11, 2001, attack on America, we also have come to rely on them and appreciate their commitment to the security and well being of all Californians.

Sincerely,

GRAY DAVIS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2002-121
July 22, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee (audit committee), the Bureau of State Audits presents its audit report concerning the California Environmental Protection Agency (Cal/EPA) and its entities involved in the cleanup of properties contaminated by hazardous materials and waste, the Department of Toxic Substances Control (Toxics) and the State Water Resources Control Board (State Water Board). The audit committee requested that we provide information on how many orphan sites and sites with orphan shares exist in the State, as well as how much funding is needed and how much is directly available to clean up those sites.

This report concludes that insufficient data exists to determine the number of orphan sites and sites with orphan shares, and that liability concerns and funding constraints can impede their cleanup and

redevelopment. Specifically, state law does not require Toxics and the State Water Board to maintain a database to capture this information. However, Toxics' database that tracks contaminated properties currently reports 46 orphan sites and, as of January 1, 2003, its program that addresses properties with orphan shares has three sites eligible to receive orphan share compensation. Due to insufficient data in the State Water Board's database that tracks contaminated sites, we were unable to identify the number of orphan sites under its jurisdiction. However, the State Water Board's unaudited data indicate that it has only seven orphan sites to which it has committed a total of \$1.4 million in state resources. Further, the State Water Board does not have orphan shares because even though some share of the cleanup costs is not attributable to a responsible party, each party must assume full responsibility for those costs.

Although Toxics' primary funding source for cleanup, an environmental fee levied on corporations, has remained relatively stable, the State has recently reduced the amount of General Fund appropriations made available to cover cleanup costs. For example, the Cleanup Loans and Environmental Assistance to Neighborhoods Account received \$85 million in General Fund appropriations during fiscal year 2000-01, but \$77 million was transferred back to the General Fund in the subsequent fiscal year. However, Toxics anticipates that it needs between \$124 million and \$146 million for the long-term remediation of existing orphan sites and \$2.4 million in orphan share compensation during fiscal year 2003-04.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Environmental Safety and Toxic Materials.

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 80

Governor's Office, Sacramento
July 21, 2003

To Members of the California State Assembly:

I am returning Assembly Bill 80 without my signature.

This bill would result in an unfunded liability for some of California's largest counties such as Alameda, Los Angeles, and San Diego, because the employee's contribution would not be adequate to fund this benefit under this bill. Furthermore, the Department of Finance believes this measure inadvertently would allow a retiree to double dip, i.e. collect a

pension for his out of state employment at the same time California taxpayers are paying for that very same employment service.

While I fully believe in supporting our public safety employees, the current fiscal difficulties facing California preclude me from increasing employee benefit packages, that are not cost neutral, upon counties when their ability to provide vital services and current staffing levels are in jeopardy.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 21st day of July 2003 at 10:48 p.m., of Assembly Bill No. 80, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Pamela Oto.

HUGH R. SLAYDEN

Acting Chief Clerk of the Assembly

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Office, Sacramento
July 22, 2003

To the Members of the California Legislature:

I am signing Assembly Bill 142, which requires any property acquired by the San Diego River Conservancy to be acquired through the Public Works Board pursuant to the Property Acquisition Law.

As this bill was moving through the Legislature, concern was expressed that the statutes setting forth the powers and duties of the conservancy do not expressly prohibit the conservancy from acquiring property through the use of eminent domain. However, unless specifically authorized, the conservancy would not have eminent domain powers. Furthermore, acquisitions made by the conservancy would be from recent voter-approved bonds which specifically state that the bond funds can be used to acquire land from willing sellers only.

With this clarification of the Conservancy's powers, I am signing AB 142.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento
July 22, 2003

To the Members of the California Legislature:

I am signing Assembly Bill 223 because it returns California law to the point at which it has been for the last twenty years preceding the decision in *Smith v. Rae-Venter* (2002). This bill codifies a body of case law holding that an employee is successful on appeal even if the court awards an amount that is the same or lesser than previously awarded by the Labor Commissioner.

The hearings held by the Labor Commissioner are intended to provide a prompt, low cost resolution for employer-employee wage disputes. Furthermore, Labor Code Section 98.4 mandates that the Division of Labor Standards Enforcement provide legal representation

to claimants in employer-filed de novo appeals when the employee is unable to afford counsel. The Division now represents over 800 claimants per year in these de novo proceedings. California taxpayers who pay for attorney representation in these appeals cases should be entitled to have the attorney's fees and costs reimbursed if the employee prevails. Ninety percent of all de novo appeals are filed by employers. Moreover, in the six months since the *Smith* decision, the division's workload has tripled in this area, indicating that the decision may have given incentive to parties to file costly court appeals, rather than to resolve the matters at the less costly administrative level.

Finally, I would note that not only does AB 223 return California law to the holdings in the twenty years of cases before *Smith*, it is also consistent with laws in other large states, such as New York and Texas.

Sincerely,

GRAY DAVIS

Governor's Office, Sacramento

July 22, 2003

To the Members of the California Legislature:

I am pleased to sign Assembly Bill 812, which will assist in the development of a state-of-the-art regional transportation hub serving the San Francisco Bay area community and its millions of visitors by providing the necessary approval from the Legislature for the demolition of the Transbay Terminal Building located in San Francisco.

Concurrent with my action today in signing this measure, the California Department of Transportation has executed a cooperative agreement with the City and County of San Francisco and the Peninsula Corridor Joint Powers Board, that transfers the property of the existing Transbay Terminal Building and surrounding properties currently owned by the Department of Transportation. This agreement ensures that the state's financial interests will be protected, as well as the completion of the west approach of the San Francisco-Oakland Bay Bridge seismic retrofit and replacement project, which is a vital public safety project.

I am pleased to take these actions today to sign this measure and execute a transfer agreement that protects the State's interests and allows this important Bay Area transportation improvement project to proceed. The attached letter from Director Jeff Morales outlines the details of the agreement.

Sincerely,

GRAY DAVIS

Governor's Message, Assembly Bill No. 812—Attachment

Department of Transportation
Office of the Director
Sacramento, California

July 22, 2003

*Governor Gray Davis
State of California
Sacramento, California*

Dear Governor Davis: In 2001, you vetoed AB 1419 (Aroner), legislation that would have transferred the Transbay Transit Terminal and certain nearby undeveloped parcels from the State to San Francisco for construction of a new regional transit facility, with no consideration provided to the State. The bill failed to protect the State's interests, as discussed in detail below. In vetoing the bill, you directed the Department to pursue administrative means of transferring the properties in order to allow the important transportation improvement to proceed, and at the same time addressing the State's interests. Today, we have executed this transfer. In accordance with this agreement, and pending certain conditions, the properties will be transferred to the Transbay Joint Powers Authority (Authority) and the City and County of San Francisco.

The administrative transfer is a significant improvement over the transfer approved by the Legislature, as noted below. First, AB 1419 created conflicts with timely delivery of the seismic retrofit of the West Approach to the San Francisco-Oakland Bay Bridge. We now have protections to insure that this vital safety project will not be delayed as a result of the transfer. AB 1419 would have required the State to perform the environmental cleanup of the property. Under our agreement, that responsibility is the Authority's, saving the State at least \$20 million. Under AB 1419, the State would have lost all lease revenue currently generated from the properties immediately. With our agreement, the State will continue to receive lease revenues even after the transfer is complete. By transferring the property, the State avoids costs of at least \$300 million that would be needed to bring the existing property up to code, seismic safety, and other requirements. Further, our agreement includes a reversionary clause that returns the property, or the cash equivalent, to the State in the event that the Authority is unable to meet its obligations. Funds from the sale of any excess property will go into an interest-bearing account, and can be used only for construction of a new terminal. All funds, including interest, will be returned to the State if the new terminal is not constructed. Successful completion of the project will represent a major improvement in regional and interregional transportation without any additional State investment required. The combination of these savings and benefits clearly exceed the revenues the state could theoretically gain through the sale of non-operating right-of-way property surrounding the terminal.

AB 812, which has been approved by the Legislature, is consistent with the agreement to transfer the Transbay Transit Terminal, and will allow the project to proceed.

In vetoing AB 1419, you expressed appropriate concerns for protecting the interests of California taxpayers. I am pleased that we

have been able to address those concerns, and have executed a transfer that protects the State's interests, and allows this key transportation improvement to proceed.

Sincerely,

JEFF MORALES
Director

*The Honorable Herb Wesson, Jr.

Sacramento, California*

Dear Mr. Speaker: I am writing to respectfully decline per diem for the period starting July 21, 2003 to August 15, 2003.

Thank you in advance for your time and consideration of this matter. If you have any questions please contact John Casey, chief of staff, or myself at 319-2054.

Sincerely,

ALAN LOWENTHAL, Assembly Member

July 23, 2003

The Honorable Herb Wesson
Speaker
California State Assembly
State Capitol Building, Room 219
Sacramento, California

Dear Speaker Wesson: Soon after the terrorist attacks on September 11, 2001, I made a decision to rejoin the California Army National Guard. Currently, I am assigned to the Headquarters Company, 40th Infantry Division (HHC 40th ID). This service to our country requires me to spend two days a month and two weeks a year participating in military training and drills.

Mr. Speaker, on July 25 I am departing for the Combined Arms Center at Ft. Leavenworth, Kansas to fulfill my military obligation. I will return to California on August 5. The budget delay has produced unpredictable Assembly session schedules, and I fear I might miss several over the next two weeks. I ask to be excused from any legislative sessions between July 25 and August 5.

Thank you for your assistance on this issue. Please do not hesitate to contact me if I can answer any questions.

Sincerely,

KEN MADDUX, Assembly Member
 Sixty-eighth District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Leslie was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 1284

July 24, 2003

*The Honorable Herb Wesson, Speaker
California State Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Speaker: I wish to publish this letter of legislative intent in the Assembly Daily Journal relative to my AB 1284.

AB 1284 allows the Public Utilities Commission to defer or waive Cost Responsibility Surcharges (CRS) for a narrow range of economically distressed customers, whose Direct Access energy contracts were involuntarily terminated at the height of the energy crisis. This bill only allows the deferral or waiver in order to mitigate the “certain and imminent closure” of a customer’s plant or facility.

Among other criteria, AB 1284 defines a “qualifying direct transaction customer” as a plant or facility that was involuntarily returned to the investor-owned utility (IOU) for electrical service after February 1, 2001, and the plant or facility entered into a new Direct Access contract and submitted a direct access service request (DASR) within ninety days following involuntary termination.

For purposes of these sections, it is the author’s intent that the date of involuntary termination is based on the end of the contractual relationship between the customer and the electric service provider as evidenced by the termination date in the provider’s notification to the customer that its contractual relationship was terminated. It is the author’s intent that SierraPine’s Rocklin Division meets all criteria set forth in the bill.

Sincerely,

TIM LESLIE, Assembly Member
Fourth District

MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file.

Veto Message—Assembly Bill No. 718

Governor's Office, Sacramento
August 3, 2003

To Members of the California State Assembly:

I am returning Assembly Bill 718 without my signature.

This bill would mandate multiple, additional activities that local election officials would have to perform as part of their normal duties and election operations.

Without bias to the merits of the proposal, I am vetoing this bill because it could result in a potentially significant reimbursable State-mandated cost to the General Fund at a time when the State is facing a fiscal environment of considerable constraint.

Sincerely,

GRAY DAVIS

Veto Message—Assembly Bill No. 922

Governor's Office, Sacramento
August 3, 2003

To Members of the California State Assembly:

I am returning Assembly Bill 922 without my signature.

This well-intentioned bill would codify existing criteria, priorities and guidelines adopted by the California Infrastructure and Economic Development Bank's board of directors for the selection of projects that receive Infrastructure State Revolving Fund Program financing from the Bank.

The intent of this measure is to require the California Infrastructure Bank to give priority to projects that have the greatest need for economic development. However, pursuant to the Bank's current criteria, priority is already given to projects that have the greatest need for economic development.

My concern with this measure is that it would eliminate the ability of the board to amend the criteria that may be necessary or desirable in order to address economic, fiscal, program implementation or rating agency related issues. This could delay critical financial assistance to local governments. This legislation could also interfere with the Bank's ability to finalize such priorities of my Administration as the potential Imperial Irrigation District loan guarantee if any criteria changes are needed this fall to finalize the deal. Therefore, codifying the existing criteria could hinder, not help, the Bank's ability to provide financing to economically distressed areas.

I am instructing the Bank to continue to make staff available in economically distressed areas of the State to provide special assistance to these communities to complete applications for Bank financing.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 4th day of August 2003 at 2:02 p.m., of Assembly Bills Nos. 718 and 922, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1748

Governor's Office, Sacramento

August 14, 2003

To Members of the California State Assembly:

I am returning Assembly Bill 1748 without my signature.

This bill would provide for public review of State agency acquisition of conservation lands. In addition, the bill would require the Secretary for Resources to delegate to the Wildlife Conservation Board her responsibilities for the administration of the river parkway and the Sierra Nevada-Cascade programs.

While I support the desire for public review of acquisitions, the provisions in this bill require minor modifications to ensure a proper balance between private property rights and public disclosure. However, the provision of the bill delegating the Secretary's program responsibilities are inappropriate and may be unconstitutional, as it would modify provisions established by voter-approved initiative.

Although I am returning this bill without signature, I would be willing to sign a bill that establishes criteria for the river parkway and Sierra Nevada-Cascades programs in a manner consistent with the voter-approved initiative. Additionally, I am directing the Wildlife Conservation Board to work with the Legislature to develop an appropriate public review process for acquisition of conservation lands.

Sincerely,

GRAY DAVIS

RECEIPT

I acknowledge receipt this 14th day of August 2003 at 3:10 p.m., of Assembly Bill No. 1748, without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Casey Elliott.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

The following item veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Item Veto Message—Assembly Bill No. 1765

Governor's Office, Sacramento

August 2, 2003

I object to the following appropriations contained in Assembly Bill 1765.

Item 0250-490—Reappropriation, Judicial Council. I delete Provision 3.

I am deleting Provision 3 of this item as it is unnecessary and infringes on a process that is already well underway. The search process should be left up to the Judicial Council, in conjunction with the Department of General Services as the real estate experts, to determine the best site that meets the programmatic needs of the court who will ultimately reside on the property.

Item 3600-001-0001—For support of Department of Fish and Game. I revise this item by deleting Provision 2.

Provision 2 requires the Department of Fish and Game to develop a long-term sport fishing hatchery program and prohibits the Department from closing any fish hatcheries until January 1, 2004. This language inappropriately restricts administrative flexibility in addressing funding priorities with limited resources.

Item 3760-301-0005—For capital outlay, State Coastal Conservancy. I delete this item and Provisions 1, 2, and 3.

This language would exclude priority projects within San Luis Obispo and Santa Barbara counties from competing for these excess funds. I believe that any unencumbered balance from this Proposition 12 appropriation should revert to the Coastal Conservancy to be allocated to priority projects using established guidelines and criteria.

I am deleting Provisions 1, 2, and 3 to conform with this action.

Item 3860-496—Reversion, Department of Water Resources. I delete Provision 1 of this item.

I am deleting this language that would prohibit the transfer of funds from the General Fund to the Colorado River Management Account. A negotiated settlement of the Colorado River Quantification Settlement Agreement (QSA) is critical to ensure that the State's water needs are met. This language would weaken the Executive Branch's flexibility in negotiating with local water agencies that rely on water from the Colorado River, and reaching an ultimate agreement on the QSA.

Item 4120-001-0001—For support of Emergency Medical Services Authority. I delete Provision 1.

I am deleting Provision 1 because this language is not necessary. Provision 1 specifies that a reduction of \$138,000 be made to State operations only, and not to local assistance. The Emergency Medical Services Authority has already identified State operations reductions of \$68,000 General Fund in personal services and \$70,000 in operating expenses and equipment from the Disaster Medical Services Division.

Item 4130-001-0632—For support of California Health and Human Services Agency Data Center. I delete Provision 6.

I am deleting Provision 6, which would require the California Health and Human Services Agency Data Center to reduce its rates by at least 8 percent to achieve total savings of approximately \$20,000,000 in client departments' budgets. While I support the need for the Data Center to set rates that provide cost effective information technology services, this language would hamper the Data Center's ability to do so. Rates set by the Data Center are predicated on both costs and projected utilization. To the extent that client departments' funding for information technology is reduced, those departments would not have appropriate resources to pay for increased utilization. Any decrease in utilization from that projected in setting the rates would preclude the ability to actually lower the rates. This action conforms to my action on SEC. 9.70.

Item 4140-111-0236—For local assistance, Office of Statewide Health Planning and Development. I revise this item by deleting Provision 1.

In order to correct a technical error in the Budget Bill, I am deleting Provision 1, which would eliminate funding for the Rural Health Small Grants Program if legislation is enacted to amend the provisions of the Tobacco Tax and Health Protection Act (Proposition 99) to authorize Proposition 99 funds to be used to draw down federal funds for the Rural Health Demonstration Program within the Managed Risk Medical Insurance Board. Although legislation has been enacted to authorize the use of Proposition 99 funds for this purpose, there are sufficient Proposition 99 funds to provide funding for both programs in 2003–04. Therefore, I am sustaining the funding for the Rural Health Small Grants Program, which provides health care services to approximately 18,500 uninsured persons in rural areas of the State.

Item 4170-001-0001—For support of Department of Aging. I delete Provision 1.

I am deleting Provision 1 because it specifies that a reduction made to State operations cannot be allocated in a manner that affects State positions that provide direct services for the Department of Aging to the public or that administer the federal Older Americans Act programs. This language would restrict the Administration's ability to prioritize resources and deal with the legislative reduction based on programmatic needs of the Department of Aging.

Item 4220-001-0001—For support of Child Development Policy Advisory Committee. I delete this item.

I am deleting the legislative augmentation of \$668,000 (\$367,000 General Fund and \$301,000 Reimbursements), 5.4 positions for administrative support, and funding for the Child Development Policy Advisory Committee. The Committee is no longer functioning as all positions are currently vacant. Further, other State entities can be consulted for policy information and recommendations regarding child development and child care issues, at no additional cost to the State.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from \$16,566,448,000 to \$16,409,608,000.

I am reducing this item by \$156,840,000 to correct a technical error in the Budget Bill. This technical veto is consistent with the Legislature's intent and legislative actions taken in this item.

Item 4440-101-0001—For local assistance, Department of Mental Health. I revise this item by reducing:

- (1) 10.25-Community Services—Other Treatment \$1,139,412,000 to \$1,127,228,000

I am reducing Program 10.25 by \$12,184,000 as a technical adjustment in order to conform to the legislative action to implement a 5-percent reduction to Mental Health Managed Care.

Item 5240-001-0001—For support of Department of Corrections. I reduce this item from \$4,739,474,000 to \$4,739,327,000 by reducing:

- (3) 31-Community Correctional Program from \$512,902,000 to \$512,755,000.

I am sustaining the \$2,600,000 legislative augmentation to implement a program to place inmates in residential aftercare treatment 120 days prior to release from prison, rather than upon parole. However, due to my strong concerns regarding public safety, I am directing the Department to develop regulations that clearly specify that inmates will not be eligible for this program who have been previously convicted of a serious or violent offense, or who are presently serving a sentence for a serious or violent offense.

I am sustaining the \$45,000,000 legislative augmentation to implement a Substance Abuse Treatment Control Unit program for non-violent parole violators who are not eligible for Proposition 36 and to implement a community detention program utilizing structured sanctions for other low-level parole violators. However, to ensure the safety of the citizens of California, I am directing the Department to develop regulations specifying that no individuals with an underlying serious or violent offense, or who have previously been convicted of a serious or violent offense will be eligible for these programs. In addition, these regulations are to specify that the community detention programs are only available if the parole violation is of a minor, technical nature.

I am deleting the \$147,000 legislative augmentation for the Sexually Violent Predators (SVPs) Conditional Release program, which the Legislature requested be transferred from the Department of Mental Health to the Department of Corrections (CDC). SVPs are repeat sex offenders who are diagnosed with mental illnesses and ordered into inpatient treatment upon completion of their criminal sentences. The Conditional Release program is necessary to monitor offenders and protect the public when courts order SVPs released into the community. The supervision, monitoring, and clinical treatment provided to SVPs under conditional release are essential to ensuring public safety. It is unclear at this time whether the CDC is appropriately equipped to provide all of the supervision and treatment services for this population. However, I will instruct the departments to explore the most effective and least costly way to provide supervision for these SVPs.

Item 6110-001-0890—For support of Department of Education. I reduce this item from \$129,929,000 to \$129,304,000 and revise Provisions 9 and 24.

I am reducing the legislative augmentation for support of special education dispute resolution services amount by \$123,000. This technical reduction eliminates funding for salary increases negotiated by the contractor. As the Budget provides for no augmentations for state employees, I believe it would be inequitable to fund salary increases for contracted employees. With this reduction, \$10,140,000 remains available for dispute resolution services. I am revising Provision 9 to conform to this action.

“9. Of the funds appropriated in this item, ~~\$10,263,000~~ *\$10,140,000* is for dispute resolution services, including mediation and fair hearing services, provided through contract for the Special Education Program.”

I am reducing the \$1,700,000 legislative augmentation for support of the Ravenswood City School Improvement Program by \$502,000. This technical reduction reflects the payment recently made for this purpose through the legal claim process. With this reduction, \$1,198,000 remains available to fully comply with the court-ordered payment for the State’s share of monitoring this district’s special education program. I am revising Provision 24 to conform to this action.

“24. Of the funds appropriated in this item ~~\$1,700,000~~ *\$1,198,000* shall be allocated to the Ravenswood City School District to support the costs of the court-ordered Ravenswood School Improvement Program.”

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I revise this Item by revising Provision 2.

I am revising Provision 2 to delete language that would limit any apportionment reduction for a given community college district related to concurrent enrollment to no more than ten percent of the statewide amount in order to ensure an equitable allocation of the reductions. The ten percent limitation would result in potentially disproportionate reductions to other districts. The provision would still provide sufficient authority for the Chancellor to mitigate reductions in the event such reductions would threaten fiscal solvency, which I believe to be sufficient.

- “2. Of the funds appropriated in Schedule (1), Apportionments:
- (a) Up to \$100,000 is for a maintenance allowance, pursuant to regulations adopted by the board of governors.
 - (b) Up to \$500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date.
 - (c) The amount appropriated in this item reflects a reduction of \$25 million and approximately 6,500 full-time-equivalent students (FTES) based on a policy that revises allowable parameters for the claiming of state funding for concurrent enrollment. The chancellor shall allocate this reduction on a basis proportionate to the level of FTES reported by districts for concurrent enrollment in physical education, recreation,

study skills, and personal development courses. However, nothing in this provision shall prohibit those districts from receiving growth allocations, as warranted, to the extent that designated funds are available: ~~No district shall receive a funding reduction that exceeds 10 percent of the statewide total reduction made pursuant to this subdivision.~~ Further, the chancellor may limit the amount of reduction for a district if, in the judgment of the chancellor, the district's financial integrity otherwise would be jeopardized. The chancellor shall report to the Legislature and the Governor by January 1, 2004, on how the reduction was allocated.

- (d) Notwithstanding any other provision of law or regulation, the chancellor shall not reduce district workload obligations for a lack of a funded cost-of-living adjustment."

Item 7350-001-0001—For support of Department of Industrial Relations. I delete Provision 1.

I am deleting Provision 1 because it conflicts with Labor Code provisions, which direct the Industrial Welfare Commission to conduct public hearings in at least three California cities, as specified. This language would prevent the Commission to choosing the most cost effective venue for meetings.

I am sustaining the \$27,095,000 augmentation which would provide partial year funding for the 80 percent General Fund share of workers' compensation program costs. This budget assumes that the 100 Percent User Funding proposal that I proposed in December will be enacted as a part of a larger workers' compensation reform package. I have already stated my support and intent to enact reforms in the workers' compensation system. I view this budget augmentation as a signal that the Legislature intends to include 100 Percent User Funding in the workers' compensation reform package. If user funding is not included in those reforms and enacted in a timely fashion, the Department will incur a significant General Fund deficiency.

Item 8100-101-0001—For local assistance, Office of Criminal Justice Planning. I delete Provision 3.

I am deleting Provision 3, as a technical correction, which would require the Office of Criminal Justice Planning to maintain all matching federal discretionary funds for the Homeless Youth Project and the Youth Telephone Emergency Referral Program for at least this fiscal year. This language is unnecessary since Schedules (4) and (5) of this item provide appropriations specifically intended to support the Homeless Youth Project and Youth Telephone Emergency Referral Program, including the use of these funds to match any available federal funds.

Item 8180-101-0001—For local assistance, payment to counties for costs of homicide trials. I delete Provision 3.

I am deleting Provision 3, which allows Stanislaus County to be reimbursed for 100 percent of its costs associated with the homicide trial of the People v. Scott Peterson. There is an existing procedure by which counties can procure reimbursements for costly homicide trials. Stanislaus County can apply for funds for this trial through that procedure; therefore this language is unnecessary.

Item 9210-103-0001—For local assistance, Local Government Financing. I delete this item and Provisions 1, 2, 3, and 4.

I am deleting this legislative augmentation, which restored \$500,000 of my proposed elimination of the special supplemental subventions for redevelopment agencies. These resources were provided to ensure that debt obligations supported by the special supplemental subventions would not be harmed. If redevelopment agencies have debt secured by that funding, there is an established process to ensure that they are not harmed.

I am deleting Provisions 1, 2, 3, and 4 to conform to this action.

SEC. 9.70—Information Technology Savings from Reduced Rates at the Health and Human Services Agency Data Center. I delete this Control Section.

I am deleting this control section because it would require that (1) the Health and Human Services Agency Data Center reduce its rates by 8 percent, (2) the approximate \$20 million in resultant savings be reduced from client department budgets for information technology, (3) the Department of Finance (Finance) capture the resultant savings and revert the funding to the appropriate fund, and (4) Finance report to the Legislature on adjustments be made by November 1, 2004. While I support the need for the Data Center to set rates that provide cost effective information technology services, I believe this control section would hamper the Data Center's ability to do so. Rates set by the Data Center are predicated on both costs and projected utilization. To the extent that client department's funding for information technology is reduced, those departments would not have appropriate resources to pay for increased utilization. Any decrease in utilization from the projected levels would preclude the ability to actually lower the rates. Additionally, the requirement for the Data Center to reduce its rates is unnecessary, because the Data Center plans to reduce rates by an average of 8 percent for 2003–04.

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1765.

GRAY DAVIS

RECEIPT

I acknowledge receipt this 2nd day of August 2003 at 3:10 p.m., of the Governor's statement of the items of appropriation reduced and eliminated from Assembly Bill 1765 delivered to me personally by Casey Elliott.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Message—Assembly Bill No. 1509

Governor's Office, Sacramento

August 3, 2003

To the Members of the California Legislature:

I am signing Assembly Bill 1509, which would require the Office of Emergency Services (OES) to conduct a pilot project on the use of satellite-linked devices that use geographic position system (GPS) and geographic information system (GIS) technologies in managing and deploying of mobile emergency response equipment and personnel.

In an emergency or disaster, the proper utilization and deployment of emergency response personnel and vehicles is critical in mitigating the effects of the disaster. New technologies, based on GPS and GIS technologies have the advantage of being independent of terrestrial systems that may have been damaged by a disaster or overburdened with voice traffic. Emergency service vehicles can be equipped with satellite tracking technology, which can convey to incident managers an emergency responder's exact location, and can instantly provide emergency response personnel with information about obstacles in their response path or other incidents which can impede their response to a disaster location.

Although this is a new program, it does not require the expenditure of any state funds. This bill specifies that this pilot project shall not be implemented by OES until the Director of Emergency Services certifies to the Department of Finance that sufficient nonstate funding is available to fund this project.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 287

Governor's Office, Sacramento

August 9, 2003

To the Members of the California Legislature:

I am signing Assembly Bill 287, which will require the California Travel and Tourism Commission to make recommendations to the Secretary of the Technology, Trade, and Commerce Agency, the Governor, and the Legislature by July 1, 2005, regarding a strategy to revise the annual tourism marketing plan to include the promotion of the state's artistic, cultural, historical, and ethnic resources.

Under the provisions of the 2003 Budget Act and budget trailer bill AB 1757, currently on my desk, the State's tourism program is eliminated with the exception of the staff responsible for collecting the industry assessments. The assessment responsibility is being transferred to the Business, Transportation, and Housing Agency effective January 1, 2004.

Although I am signing this bill, I am directing the Business, Transportation, and Housing Agency not to commit any resources to carry out this bill's requirements since there are neither State staff

resources nor funding available for that purpose. Alternatively, the Tourism Commission has sufficient independent authority to secure resources to meet the requirements of this bill if it determines that the requirements of the bill are of relative importance to its constituents.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 673

Governor's Office, Sacramento
August 9, 2003

To the Members of the California Legislature:

I am signing AB 673 (Horton/Burton), which appropriates \$50,568,787.99 from the Indian Gaming Special Distribution Fund (SDF) to cover shortfalls that have occurred in the Indian Gaming Revenue Sharing Trust Fund (RSTF), and establishes the Office of Problem and Pathological Gambling within the Department of Alcohol and Drug Programs.

Four years ago, I signed compacts that for the first time in the nation benefited gaming and non-gaming tribes. Specifically under the compacts, each tribe with less than 350 machines is eligible to receive up to \$1.1 million from the RSTF. Unfortunately, there has not been enough money in the RSTF to reach that amount. Under this bill, we are transferring enough money from the SDF into the RSTF to achieve that goal.

Californians voted twice to help Native Americans move towards enhancing their economic opportunities. This legislation furthers the will of voters to assist California's federally recognized Native American tribes in their quest to gain self-sufficiency. As such, I am pleased to sign this legislation.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 1472

Governor's Office, Sacramento
August 9, 2003

To Members of the California Legislature:

I am signing Assembly Bill 1472, which authorizes a governing school board to use its school buildings or other public buildings for polling places on any election day. In the event that a school building is used for a polling place, this bill authorizes the governing board to do one of the following: (1) allow the school session to continue while polling places are set up in specific areas not designated for school activities; (2) designate the day for staff training and development; or (3) close the school altogether. Additionally, once a school building has been designated as a polling place, this bill would require a school administrator to provide a telephone line for Internet access if the election official requests it.

While I recognize the intent of this bill is to address the lack of polling places and poll workers for elections, this bill is drafted in a manner that could have unintended consequences of diminishing instructional time for our students and further, could create a reimbursable state mandate

by requiring schools to provide telephone lines with internet access. The author of this bill has agreed to introduce legislation to clarify that this bill will not diminish instructional time for our students and that this bill is not intended to create a new reimbursable state mandate by requiring schools to provide telephone lines with internet access.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 1662

Governor's Office, Sacramento
August 9, 2003

To the Members of the California Legislature:

I am signing AB 1662, a bill that will permit certain accessory attachments to be affixed on the sidewall of a recreational vehicle.

However, this bill is drafted in a manner that could be unintentionally interpreted as broadening the definition of a recreational vehicle. The author of this bill has assured me that this is not the intent of this legislation. The author has agreed to introduce legislation to clarify that this bill is not intended to create a new definition of a recreational vehicle under California law.

Furthermore, I am directing the California Highway Patrol to implement this bill in a manner that is consistent with the intent of this legislation.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 1754

Governor's Office, Sacramento
August 9, 2003

To the Members of the California Legislature:

I am signing Assembly Bill 1754 which would make numerous statutory changes necessary to implement the 2003–04 education budget. However, I am signing the bill with the expectation that the Legislature will approved appropriate cleanup language to require the mandatory backfill of the 1.2 percent revenue limit reduction. Absent this language, I am concerned that there could be a detrimental effect on the quality of classroom instruction resulting from an increase in student to teacher ratio.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 1757

Governor's Office, Sacramento
August 9, 2003

To the Members of the California Legislature:

I am signing Assembly Bill 1757, which would make various statutory changes related to abolishing the Technology Trade and Commerce Agency and the Office of Criminal Justice Planning (OCJP).

The motion picture industry is an important part of California's history and its continued vitality. Programs such as Film California First have an important mission, and while funds are tight, the authority for such programs should remain in statute, so that they can be considered

for funding when the economy improves. I urge the Legislature to restore the statutory authority for this program and other functions of the California Film Commission.

This bill also will require a shift in oversight responsibility for the former OCJP domestic violence program. I intend to submit a plan for administering this important program in consultation with the Legislature and persons working against domestic violence.

Sincerely,

GRAY DAVIS

Governor's Message—Assembly Bill No. 1762

Governor's Office, Sacramento
August 9, 2003

To the Members of the California Legislature:

I am signing Assembly Bill 1762.

This bill would provide the Department of Health Services (DHS), the Department of Mental Health, the Department of Managed Health Care, the Department of Developmental Services, the Managed Risk Medical Insurance Board, and the Emergency Medical Services Authority, with the necessary authority to implement the Budget Act of 2003, as it relates to health services.

AB 1762 provides for a freeze of the Medi-Cal reimbursement rates for hospital services for the 2004–05 fiscal year. This section of the bill could be interpreted to violate the *Orthopedic* lawsuit settlement, which provides for specific rate increases for hospital outpatient services. It was not the intent of AB 1762 to interfere with DHS' compliance with this settlement, and I am directing DHS to provide all rate increases as prescribed by the settlement.

Sincerely,

GRAY DAVIS

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2002-117
July 31, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the readiness of the Governor's Office of Emergency Services (OES) and the California National Guard (National Guard) to respond to terrorist events in the State. This report concludes that although both agencies have developed plans that adequately guide their response to terrorist events, OES has not included a prevention element in the State's terrorism response plan. Additionally, OES does not always identify the critical training that staff in the operations centers need to effectively complete their duties, nor does it regularly develop and administer state-level terrorism readiness exercises with other state and local agencies as required by the terrorism response plan. Furthermore, clarification of the roles and responsibilities of the State's Office of Homeland Security and OES would be beneficial to ensure that clear lines of authority exist.

This report also concludes that although the National Guard generally relies on its members' military training to respond to terrorism missions, it has not provided all of the training its staff in its Joint Operations Center needs to adequately respond to these missions. The National Guard also has not fully implemented a required terrorism readiness force protection program in its Army Guard Division. Additionally, although it conducts internal terrorism readiness exercises, the National Guard believes it has not had sufficient funding to participate in exercises involving other state and local emergency response agencies. Finally, despite ranking behind many of its counterparts in other states based on a key measure of recruiting and retention success, the National Guard has managed to finish near its end-strength goal—the number of members for which the National Guard is funded—for each of the last four years.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Governmental Organization.

California State Auditor

2002-113
July 30, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the extent to which the Governor's Office of Emergency Services (OES) and county emergency operation centers (EOCs) are able to coordinate and respond to multijurisdictional emergencies under the Standardized Emergency Management System (SEMS).

This report concludes that the State's Emergency Plan and related annexes provide adequate guidance to agencies responding to multijurisdictional emergencies, but that OES lacks a formal process to regularly evaluate and update these plans. Additionally, OES is not consistently evaluating the use of SEMS by preparing statutorily required after-action reports following all declared disasters or through regular meetings of its SEMS advisory board and technical group. While the Federal Emergency Management Agency and most state agencies we interviewed believe OES does well in coordination responses to emergencies, OES often does not record the data needed to evaluate its performance in its resources tracking system. Further, clarification of the roles and responsibilities of the State's Office of Homeland Security and OES would be beneficial to ensure that clear lines of authority exist. Also, OES has had difficulty in acquiring and maintaining emergency response equipment due to what it asserts is inadequate funding, resulting in 26 percent of its fire engines exceeding their useful lives and other legislatively-mandated equipment—heavy urban search and rescue vehicles and thermal imaging equipment—not being purchased.

Finally, our review of six EOCs found that they had adequate plans and training to prepare for emergencies. However, OES's recent survey of all local EOCs—conducted to apply for a federal grant—reveals that some counties are in need of potentially costly upgrades to improve their ability to respond to emergencies.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Governmental Organization.

California State Auditor

2002-123.2
August 6, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents the second of two audit reports examining whether California is maximizing the amount of federal funds it is entitled to receive for appropriation through the Budget Act.

This report concludes that California as a whole receives a share of federal funding for grants that is near its share of the United States' population (population share). However, on a grant-by-grant basis, grant allocation formulas can result in a California grant share that is lower than California's population share, largely because of unfavorable demographics and the use of out-of-date statistics. Because grant formulas are created at the federal level, the State has little control over these factors. On the other hand, state and local policies have limited California's share of federal funds in a few cases, and departments have sometimes lost federal funding due to the lack of state matching funds. In addition, the State has lost some federal funds because of an inability to obligate funds timely, federal sanctions, and other budget constraints.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Diaz was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 902

August 13, 2003

*E. Dotson Wilson**Chief Clerk of the Assembly**The State Capitol Room 3196**Sacramento, California*

Dear Mr. Wilson: I introduced AB 902 in response to concerns raised about the need to protect subcontractors by preventing “bid shopping and bid peddling.” The express legislative purpose for the listing law is to protect subcontractors by preventing “bid shopping and bid peddling” of their bids after bid day (Public Contract Code § 4101). AB 902 is simply intended to clarify existing listing law.

The goal of the listing law is achieved by requiring the prime contractor bidders, first, to list proposed subcontractors, and then, to give them subcontracts for the work. In other words, a subcontractor is supposed to get a subcontract for the scope of work it bid upon and was listed for. Unfortunately, some local agencies believe that the language of section 4101 is susceptible to an interpretation that the prime contractor bidder can submit a subcontract to a subcontractor that picks and chooses among the elements of the subcontractor’s bid, and, if the subcontractor does not consent to those changes in its bid, then the prime contractor can go to others to perform the work. Such an interpretation vitiates the listing law. It allows prime contractor bidders to shop and peddle subcontractor bids after bid day, and, if they find a cheaper price for all or part of the work, to subvert the listing law by offering the listed subcontractor a subcontract that differs from that subcontractor’s bid.

Finally, that erroneous interpretation of the listing law would defeat the whole purpose of that statute. AB 902 is designed to make the language more clear, so there is no doubt of what has always been required by the listing law.

Sincerely,

MANNY DIAZ, Assembly Member
Twenty-third District

Request for Unanimous Consent to Print in Journal

Assembly Member Vargas was granted unanimous consent that the following statement of clarification be printed in the Journal:

July 28, 2003

E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196*

Re: July 16, 2003, Amendments to AB 226

Dear Mr. Wilson: On July 16, 2003, AB 226 (Vargas) was amended in the Senate to modify the notice requirements for holders of corporate owned life insurance policies specified in Section 10110.4(f). Specifically, the July 16, 2003, amendment to Section 10110.4(f)(3) provides that an employer does not need to disclose the benefit amount under a corporate owned life insurance policy described in Section 10110.4(f) if the full amount of the benefit is used to defray the costs of nonexempt employee benefits. The intent of this letter is to clarify that the exemption for disclosing the benefit amount applies where the full amount of the benefit is used to defray the aggregate costs of current and anticipated future benefit liabilities of non-exempt employees of that employer.

Sincerely,

JUAN VARGAS, Assembly Member
Seventy-ninth District

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2002-114
August 19, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Department of Social Services (department) and its processes for licensing and monitoring community care facilities throughout California

This report concludes that state law gives the department wide discretion to decide if people with criminal histories should care for or have contact with community care clients. We found that the department is more selective when granting criminal history exemptions since we

issued our August 2000 report, *Department of Social Services: To Ensure Safe, Licensed Child Care Facilities, It Needs to More Diligently Assess Criminal Histories, Monitor Facilities, and Enforce Disciplinary Decisions* (child care report), but it could further improve the thoroughness of its criminal history investigations. Moreover, the department is less timely in communicating final decisions for exemption requests than when we issued the child care report, and its management and investigations of subsequent criminal history reports are inadequate. The department continues to need improvement in how it investigates complaints against community care facilities. Also, licensing offices did not always perform annual onsite facility evaluations as required and thus may be unaware of licensing violations that could pose a danger to children and adults in community care. Although the department adequately monitored the counties with which it contracts to license foster family homes, the department may diminish the effectiveness of its reviews by not consistently making sure those counties correct identified deficiencies. Finally, the department appears to prioritize and quickly process cases involving legal actions against individuals who fail to comply with licensing laws and regulations; however, its enforcement of decisions and orders is not always timely, consistent, or thorough.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Human Services.

California State Auditor

2003-105
August 20, 2003

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the accuracy of the Department of Justice's (Justice) database of registered sex offenders commonly known as the Megan's Law database.

This report concludes that the Megan's Law database contains thousands of errors and inconsistencies, and out-of-date information, so the public is not accurately informed about all known sex offenders. Specifically, the Megan's Law database does not inform the public of the threat some serious and high-risk sex offenders pose because it excludes their records or erroneously lists them as incarcerated. Conversely, it may unnecessarily alarm the public because it includes hundreds of duplicate records and erroneously indicates that 1,142 sex offenders are living in public communities although the Department of Corrections reports them as incarcerated. Furthermore, the address information for roughly 23,000 records in the Megan's Law database has not been updated for at least a year largely because the sex offenders have not registered, and 14,000 of these have not been updated for at least five years. Although the accuracy of the Megan's Law database is

highly dependent on sex offenders registering as required, California law enforcement and custodial institutions can do more to ensure its completeness and accuracy. Justice has not routinely reviewed the data's accuracy, maintaining that its primary role is to compile the sex offender data it receives. Nonetheless, Justice has recently taken steps to improve the accuracy of the information in the Megan's Law database.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
August 28, 2003

To the Members of the California Legislature:

I am pleased to sign Assembly Bill 634, which will permit courts to lift protective orders and make public those documents that are exchanged in litigation and are evidence of elder abuse as defined by the Elder Abuse and Dependent Adult Protection Act.

While protective orders and confidential settlement agreements play an important role in encouraging settlement and in expediting resolution of many civil claims, the claims filed on behalf of victims of elder abuse are filed to protect our most vulnerable population—our loved ones—our aging parents and grandparents.

Thus, it is in the interest of the citizens of this state to declare a policy against “secret settlements” in elder abuse claims. I am confident that this measure, as narrowly drawn, strikes a balance of protecting our seniors and dependent adults while preserving the role of protective orders and confidential agreements in other civil litigation matters.

Sincerely,

GRAY DAVIS
