MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
June 21, 2004

To Members of the California State Assembly,

I am signing Assembly Bill No. 2756. I want to thank Assembly Member Daucher for carrying, and the Legislature for promptly enacting, this Administration-sponsored bill that achieves two important objectives. First, the bill builds upon the existing school district budgeting and fiscal oversight process, commonly referred to as the AB 1200 system, to (a) help districts manage their resources wisely to avoid fiscal problems in the first place, (b) identify developing fiscal problems early when they do occur, and (c) correct fiscal problems before they become fiscal crises. Second, the bill improves procedures and clarifies roles for the rare instances when school district emergency loans become necessary. Overall, I believed this bill's emphasis on accountability and increased sunshining of the school financial situations will lead to improved fiscal practices and greater fiscal stability for school districts throughout California.

I note that the changes in law made by this bill supersede several provisions of SB 1190, including changes related to the Superintendent of Public Instruction's sole discretion in return of local governing board powers after a specified amount of time and related to the Fiscal Crisis and Management Assistance Team's completion of comprehensive assessments, improvement plans, and progress reports, which will be funded at the district's expense.

It is my understanding that some largely non-substantive amendments will be required to both clean up some inconsistencies in the bill's language and to accord with agreements reached by stakeholders late in the process. The Department of Finance has committed to cleaning up these issues in subsequent legislation.

Finally, I want to emphasize that I remain committed to my May Revision budget proposal to reimburse the General Fund for previously issued large emergency loans, including the loan provided by SB 1190.

Sincerely,

ARNOLD SCHWARZENEGGER

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
June 23, 2004

To Members of the California State Assembly:

I am signing AB 2182 which would add the following to the list of "professional persons" who may provide to minors medical treatment and counseling for drug and alcohol related problems: a marriage and family therapist registered intern, a psychological assistant, and an associate clinical social worker.

In California, over 200,000 young people between the ages of 12 and 17 need help with a substance abuse problem. Research asserts that the earlier young people start using drugs or alcohol the more likely they are to develop a disorder and continue as adults.

During the course of analyzing this legislation it was discovered that certain provisions in this bill of the existing statute of Family Law Code are inconsistent with and invalidated by federal law. I instruct the Department of Alcohol and Drug Programs to resolve this issue through legislation during the next legislative session.

In addition, I strongly encourage the California Health and Human Services Agency and the Department of Alcohol and Drug Programs to work with the Board of Behavioral Science to increase the educational and training requirement for all professionals providing counseling to those individuals with alcohol and other drug problems.

Sincerely,

ARNOLD SCHWARZENEGGER

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2003-137
June 24, 2004

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning our review of independent water districts—a type of special district—and their policies and procedures for accumulating and using cash reserves, for providing benefits and compensation to directors, and for conflicts of interest. This report concludes water districts do not always have sufficient policies guiding the accumulation and use of resources. As of the end of fiscal year 2002–03, the eight water districts we visited had accumulated resources, commonly known as reserves, totaling \$485 million, an amount that would be sufficient to cover their total annual expenses for about 2.2 years. However, we acknowledge that water districts will ultimately use these resources for various purposes, not all of which will be to cover operating expenses. We did not conclude that these accumulations are excessive. However, five of the eight water districts might have trouble defending to ratepayers and taxpayers the need for some portion of their accumulated resources because either they had no reserve policies or the policies they do have are weak. Regarding reserves held by special districts, an opinion from

the Office of the Legislative Counsel stated that the Legislature cannot lawfully enact a statute that would transfer to the State's General Fund money in a special district's reserve fund and allocate those moneys for a purpose other than that for which the special district was created.

Further, some directors' expenses did not appear to be a reasonable and necessary use of public funds. Our review of expense records found that three of the eight water districts paid attendance or similar fees for their directors' participation in events such as retirement, anniversary, and holiday celebrations; social mixers; and chambers of commerce functions. In some instances, these water districts paid their directors a stipend for attending the events and paid for the directors' spouses to attend. Moreover, one water district appeared to be overly generous in the amounts it paid for some directors' meals, paying almost \$18,000 for meals on 15 different occasions attended by directors and others. Also, one water district did a much better job than did the others of disclosing reimbursements for individual expenses made by its directors as required by law, thus enabling ratepayers and taxpayers to more easily see the purposes and amounts of these reimbursements. Finally, we noted that one water district director made questionable decisions in which she had financial interests in apparent violation of the State's conflict-of-interest laws.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
July 5, 2004

To the Members of the California State Assembly:

I am signing Assembly Bill 987 (Keene) which would extend indefinitely a sunset exception to the standard necessary small school (NSS) funding qualifications for the Plumas Unified School District (PUSD) and delete the requirement that the District provide a report on future funding plans to the state.

While I do not wish to loosen the restrictions on NSS funding in current law, I believe that PUSD has special circumstances that warrant continuing the exception initially approved in 1997 and continued through the 2003–04 school year through subsequent legislation. PUSD is a very large district geographically, which must maintain 17 schools, including four comprehensive high schools. Many of the District's 2,900 pupils already face very long commutes to attend school, and I am

concerned that, in absence of this bill, the District may be forced to close schools and further exacerbate commuting times and District transportation costs.

I further note that demographic trends suggest the district will qualify for NSS funding within 2 or 3 years and therefore, I am reluctant to have the district make drastic changes to its operations in the interim.

Sincerely,

ARNOLD SCHWARZENEGGER

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2003-114
July 6, 2004

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Department of Mental Health's (department) implementation of Chapter 717, Statutes of 1998 (Chapter 717), commonly known as Assembly Bill 947.

This report concludes that even though the department has acted to implement Chapter 717 at its four hospitals, a key issue—whether

psychologists have the authority to serve as attending clinicians in patient care and treatment—remains unresolved. In addition, state regulations specifically allow only physicians to order the restraint and seclusion of patients, an action that psychologists at the four hospitals contend is within their scope of license. Further, no significant changes occurred either to psychologists' membership on certain key committees or in the clinical privileges available to them at the department's hospitals after the enactment of Chapter 717. Finally, although California is considered one of the more progressive states with regard to the status of psychologists in state hospitals, some other states' statutes allow more privileges for their psychologists. However, psychologists in these other states are not always performing these activities in practice.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Health.

MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Governor's Office, Sacramento
July 6, 2004

To the Members of the California State Assembly:

I am returning Assembly Bill 2614 without my signature.

This bill would increase the deadline for the submittal of a bidder's prequalification documents from no fewer than five days, to no fewer than 15 days prior to the opening of bids for a public contract let by a school district. I understand that the intent of this bill is to give school districts additional time to review applications for prequalification. However, the law already allows school districts to require that the information be submitted earlier than the stated five days and therefore this change is both unnecessary and would reduce school district flexibility.

Further, the bill contains a requirement that bids be opened at the same time. While I understand this is intended to clarify existing law, my concern is that this provision could be construed as mandating a higher level of service and the State General Fund may be required to pay for this service. Since this is already common practice by school districts, I find no compelling need to mandate that bids should be opened at the same time and place.

For these reasons, I cannot support this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
July 6, 2004

To the Members of the California State Assembly:

I am returning Assembly Bill No. 2512 without my signature.

This bill would authorize adopted courses of study in social sciences to include instruction on World War II and the role of Filipinos in that war.

While I respect the author's intent to recognize the phenomenal contributions of Filipinos during World War II, State content standards and curriculum frameworks are necessarily broad, allowing for coverage of many important historical events and cultural developments. Current law already allows schools to incorporate in their social science instruction the role of Filipinos during World War II. I believe it is important for the State to refrain from prescribing too much of the details of school curriculum.

For these reasons, I cannot support this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

MESSAGES FROM THE GOVERNOR

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Office, Sacramento
July 13, 2004

To the Members of the California State Assembly:

I am signing Assembly Bill 61 in order to stabilize the current fiscal crisis in Compton Community College District (CCCD). This bill will provide needed clarification of the authority of the Board of Governors and the Chancellor of California Community Colleges to intervene and restore financial stability in CCCD.

However, I would note this bill does not adequately define the recovery process for CCCD. In the event that future legislation is necessary to address similar fiscal crises in this or other community college districts, such legislation should include provisions that ensure the following elements are included in the intervention:

- 1) An assessment of what led to the fiscal crisis.
- 2) An action plan for addressing deficiencies in district capacity or processes.
- 3) A process for assessing district progress in correcting deficiencies.
- 4) Benchmarks that indicate the presence of local capacity to manage fiscal duties.

Further, in regards to the fiscal crisis at hand, I would encourage the Board of Governors, the Chancellor and the CCCD to work together to restore their local capacity to manage the district. I call for these parties to incorporate in their work elements of recovery outlined above.

Restoring local capacity for CCCD to manage its fiscal affairs is the only viable long-term solution to ensuring proper stewardship of public resources and student access to a quality community college education.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
July 13, 2004

To the Members of the California State Assembly:

I am signing AB 1939 which establishes the California State Military Museum and Resource Center located in Sacramento, California as the official state military museum because I believe that it is very important to preserve California's storied military heritage. However, I am directing the Military Department to propose legislation in 2005 that would correct two concerns I have with this bill.

First, I believe that there should be no confusion between the lines of authority in the operations of the Military Museum as defined in the Military and Veterans Code and the Government Code. As such, a new bill should be introduced to clarify the status of the Museum under the Government Code. Second, it is my intent that the Adjutant General retains authority for the operations and management of the military museum. This bill and a similar bill from 2002, Senate Bill 1470, as written, imposes various responsibilities on the Military Department, but removes the Adjutant General's authority to ensure that the Museum and any appropriated funding are properly administered.

Sincerely,

ARNOLD SCHWARZENEGGER

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2003-119
July 14, 2004

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Los Angeles County Metropolitan Transportation Authority's (MTA) legal and procurement practices. This report concludes that while its legal costs declined in fiscal year 2002–03, the MTA could improve the oversight of these costs by requiring the county of Los Angeles, Office of the County Counsel (County Counsel), to fully implement recommended management tools in its agreements with outside counsel. County Counsel acts as the MTA's general counsel, representing the MTA in transactional matters and monitoring outside counsel. Specifically, the MTA could benefit from the use of case plans and budgets, which provide a blueprint for the conduct of cases and allow an evaluation of the reasonableness of billed legal costs by providing cost estimates with which they may be compared.

The MTA and County Counsel appeared to thoroughly review the expense portion of legal invoices and to enforce most billing rates. Errors related to billing rates or to a lack of required documentary support amounted to only 1 percent of the legal costs we tested. Nevertheless, the MTA and County Counsel often could not show that outside counsel received prior approval for the cost and use of consultants and expert witnesses. In addition, a task-based billing format for invoices—which uses standardized billing codes for legal tasks—would aid in the analysis of legal fees by allowing for a quick determination of how much outside counsel spent on particular legal tasks.

Finally, through a process that spanned 18 months, the MTA procured a construction contract within budget for its Metro Gold Line Eastside Extension Project. After receiving bids for its initial invitation for bid that were significantly above estimate, the MTA revised the scope and other requirements of the project. After a second invitation for bid, the MTA made further changes to the project's scope of work and reduced other costs, allowing it to award a \$600.4 million contract.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Governor's Office, Sacramento
July 21, 2004

To the Members of the California Assembly:

I am returning Assembly Bill 2145 without my signature.

While I am generally supportive of direct deposit for In-Home Supportive Services/Personal Care Services Program (IHSS/PCSP) provider wage payments, I am concerned that significant one-time costs for the Department of Social Services are not addressed. Enhancements to the current computer system, staff training and the development of direct deposit forms are necessary. Additionally, there are ongoing costs that the Department of Social Services would incur including mailing direct deposit forms, staff costs for direct deposit data entry and researching direct deposit problems.

In January my Legislative Secretary sent a letter to all members of the Legislature respectfully requesting that authors identify how legislation will be funded given the magnitude of California's budget crisis. With these tough budget times, legislation that negatively impacts the General Fund must be weighed against existing programs and budget issues to determine its priority. Furthermore, I am concerned that this bill places an unfunded mandate on counties by requiring them to provide direct deposit services not currently available to some providers.

Direct deposit benefits are in line with my view of efficient government and would reduce fraud. Therefore, I encourage the author to work with the Department of Social Services and Health and Human Services Agency to find a cost effective solution to this matter.

For these reasons, I am returning Assembly Bill 2145 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

RECEIPT

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Legislative Intent—Assembly Bill No. 1810

July 21, 2004

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California*

Dr. Mr. Wilson: I write to clarify the intent of AB 1810 as related to financial institutions. Assembly Bill 1810 seeks to protect consumers from ATM fraud by requiring ATM companies who sponsor ATMs to individuals to complete background checks before connecting them to the Electronic Financial Network. While banks and financial institutions are heavily regulated, ATM companies that contract out or sponsor ATMs follow no set regulations. This lack of standards has created an invitation for criminal activity, and reports of fraud and theft are steadily increasing.

It is my intention that any financial institution is exempt from the requirements of this bill. Further, the provision of this bill found in Section 51010 (b) exempt financial institutions, their subsidiaries, affiliates and any person providing ATM services to specified regulated financial institutions from this bill. These entities are already adequately regulated under existing state and federal law. This letter is to clarify that it is not my intent that any definition contained in, or provision found in, this bill be interpreted to apply to an entity that is expressly exempted under Section 51010(b).

AB 1810 is intended to be legislation designed to adopt and enforce the ATM industry's own recommended standards for ATM companies not affiliated with banks and financial institutions.

Sincerely,

DARIO FROMMER
Assembly Majority Leader
Forty-third District

Help us to enter by the narrow gate that leads to true life and to You, even though the way through that gate is narrow and those who find it are few. Lord, In our world, beauty seems paramount. We value a pretty face, an athletic body, a stately home, an impressive car. Yet there is one thing that we rarely concern ourselves with, and that is the beauty of our soul. Help us, Lord, to tend to the beauty of our soul. Fill our soul with a sense of repentance, humility, love and kindness. For all the beauty of this world will one day pass away, yet the beauty of our soul will live forever.—AMEN.

*The Honorable Fabian Nunez

Dear Mr. Speaker: I respectfully request this letter be entered into the Assembly Journal to clarify the legislative intent of AB 2352.

This letter is intended to provide direction to the Department of Social Services that when it updates its regulations to reflect the changes in AB 2352, that the changes reflect the legislative intent that HIV and AIDS patients shall have first priority for RCFCI bed space.

California State Auditor

2003-125
 July 27, 2004

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California Department of Corrections (Corrections) and its contracts for hospital medical services. This report concludes that overall, Corrections' payments for hospital care services have risen \$59.4 million from fiscal years 1998-99 through 2002-03, and grew at an average rate of 21 percent per year, outpacing the national consumer price index average of 8 percent annual growth for hospital services during this same period. The reasons for this growth can be attributed to the combination of more expensive health care and to Corrections'

increased use of contracted hospital facilities. Our analysis indicates that increases in its inpatient hospital payments are driven primarily by more expensive services, whereas increases in its outpatient hospital payments are driven by increases in both the price of services and number of hospital visits.

Two institutions attributed the increases, among other reasons, to changes in contract terms resulting in hospital inpatient payments that were three times as much as they would have paid previously for the same inpatient stay. Further, partly because Corrections pays some hospitals a percentage of the hospital bill when the bill exceeds a contractual threshold rather than base its payment on hospital cost, Corrections paid some hospitals amounts that were from two to eight times the amounts Medicare would have paid the same hospitals for the same services. One of these hospitals included a hospital operated by the Tenet Healthcare Corporation, for which Corrections paid eight times the amount that Medicare would have paid for the invoices we reviewed.

Similarly, one institution's payments for outpatient services increased significantly primarily because its average payment per emergency room outpatient visit, which are paid at a percentage of the hospital bill without a maximum limit, increased from less than \$950 per visit to more than \$3,300 per visit. Moreover, a second institution could not say why its number of outpatient hospital visits increased from 147 to 630 between fiscal years 1998–99 and 2002–03, in part, because the institution, not unlike other institutions, did not consistently enter into Corrections' computer database codes that would allow it to know the procedures it paid for. Additionally, similar to its inpatient hospital payments, because Corrections typically pays hospitals a percentage of their billed charges for outpatient services, rather than base its payments on hospital costs, it paid on average two and one-half times the amounts Medicare would have paid for the same outpatient services.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Health.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Koretz was granted unanimous consent that the following statement of legislative intent / communication be printed in the Journal:

Legislative Intent—Assembly Bill No. 2930

August 10, 2004

Hon. Fabian Nunez
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California

Dear Mr. Speaker: A question concerning a provision of my bill, AB 2930, relative to Section 3303(i) of the Government Code, has arisen which needs clarification. This code section deals with the Peace Officers Procedural Bill of Rights (POBR).

POBR currently provides protections to peace officers who are being interrogated by management. Among others, these protections include the right to be advised by a union representative if the matter at hand is administrative in nature.

AB 2930 clarifies what information must be disclosed to management by the union representative that has been acquired as a result of this officer-union representative relationship. If the information disclosed to an “employee representative” pertains to criminal activity, *current law* requires disclosure of such criminal

activity if the “employee representative” is a peace officer. However, if the “employee representative” is a civilian, *current law* does not require such disclosure.

I submit this letter as clarification of AB 2930’s intent—and that of the Legislature in enacting this measure, which is as follows:

By adopting AB 2930, the Legislature *does not intend*, in any way, to change any of the requirements of current law with respect to the disclosure of criminal activity by an “employee representative,” regardless of whether the representative is a peace officer or a civilian.

Respectfully Submitted,

PAUL KORETZ, Assembly Member
Forty-second District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Keene was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 2554

August 12, 2004

*The Honorable Fabian Nunez, Speaker
State Capitol
Room 219
Sacramento, California*

*The Honorable John Burton, President Pro Tempore
State Capitol
Room 205
Sacramento, California*

Dear Mr. President and Mr. Speaker: We write to clarify the intent of the Legislature in passing AB 1554 by Assemblymember Rick Keene.

It is our intent to recognize the refinanced emergency apportionment for West Contra Costa Unified School District (WCCUSD). AB 2756 by Assemblymember Daucher was signed into law by the Governor on June 21, 2004 (Chapter 52, Statutes of 2004). This measure requires the Department of Finance to approve a refinancing of WCCUSD state loan to the previous year's Pooled Money Investment Account. The district made the request to Finance in July 2004 and therefore is entitled to the 2003–04 PMIA rate which is 1.532%.

This letter serves to clarify that it is the intent of the Legislature to use the 2003–04 PMIA rate of 1.532% in determining how much to reimburse West Contra Costa Unified School District for the purpose of meeting the statutory changes made by AB 1554 (Keene).

Sincerely,

LONI HANCOCK
DON PERATA
FABIAN NUÑEZ

RICK KEENE

Upon invitation of Speaker pro Tempore Yee, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, There is no person at all, who can embrace anything with as much love, as the love You have to embrace our soul. Lord, help us to appreciate, not only the world around us, but also the invisible world within each of us, where our spirit yearns for the perfect love of Your Holy Spirit. O God, help us, save us, and have mercy on us, by Your grace.—AMEN.

Lord God, You are the healer of our body and our soul and every perfect gift comes from You. We pray this morning, Lord, and ask that You give a clear vision to our mind, and kindness and meekness to our heart. Give us singleness of purpose and the strength to lift the burden of our neighbor, that with the simple faith of a child, we may rely on You.—AMEN.

MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 2738

Governor's Office, Sacramento
August 25, 2004

To the Members of the California State Assembly:

I am returning AB 2738 without my signature.

The report of the California Performance Review contained a multitude of recommendations for improving financial management systems throughout state government and implementing a long-range financial planning process.

The idea of moving California from a paper-based payment system to an electronic one is certainly meritorious. Since I assume that the State Controller is already planning for such an eventuality, this legislation is not essential. The State Controller's office is already working on initiatives to process payroll and payments to local government electronically. This bill also imposes additional responsibilities on the Controller, the Treasurer, and the Department of Finance without providing a General Fund appropriation.

I look forward to working closely with the State Controller in looking for a comprehensive approach to fiscal management of the State rather than the piecemeal approach this bill takes.

For these reasons, I am unable to sign this measure at this time.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 2917

Governor's Office, Sacramento

August 25, 2004

To the Members of the California State Assembly:

I am returning AB 2917 without my signature.

Since the days of Governor Hiram Johnson, the initiative, the referendum and the recall have been used by the people of California to dramatically alter the destiny of the state. At the very heart of the initiative process is the 1st Amendment of the U.S. Constitution and the core value of political speech. Any burden placed on either of these fundamental rights of Californians must be examined through a lens that favors the right of the people to address grievances with the government through initiatives, referendums, and recalls.

Current law makes it a misdemeanor to intentionally misrepresent the contents of any state or local initiative, referendum, or recall petition. No one has been prosecuted under this provision since 1994. This bill makes only a slight change to the standard a prosecutor can use to prosecute an individual who makes a false statement or misrepresentation when circulating petitions and subjects them to higher penalties. It is hard to discern whether this bill is intended to address a serious problem with the signature gathering process or to make signature gathering efforts more difficult to thwart the initiative power.

I believe in the power of the people of California and I will continue to take my ideas to them through the initiative process. I will not support any measure that places additional burden on the power of the people absent a compelling reason.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
August 25, 2004

To the Members of the California State Assembly:

I am returning Assembly Bill 2314 without my signature.

This bill would revise disciplinary procedures for state managers. The bill removes the burden of proof for a disciplined managerial employee and eliminates the presumption that the notice of a disciplinary action is true. This bill impacts the state fiscally and creates an environment of lesser accountability among management employees.

AB 2314 would result in the state expending additional funds to defend these disciplinary actions by encouraging managerial employees to make an appeal to the State Personnel Board (SPB) of a Department's decisions regarding the adverse action process. Additionally, due to the State's fiscal crisis, the SPB has experienced significant budget reductions and would be unable to perform these new activities without additional funding.

Transferring the burden of proof in the appeals process to the state would create another redundant process. Adverse actions are only taken after correction actions have failed to rectify an employees' performance or behavior.

Therefore, I cannot support this measure at this time.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 2989

Governor's Office, Sacramento
August 25, 2004

To the Members of the California State Assembly:

I am returning Assembly Bill 2989 without my signature.

I support the bill's goal to increase the number of registered nurses for California and to provide CalWORKs recipients with the opportunity to enroll in, and complete, registered nursing education programs that will assist them in obtaining higher paying jobs.

However, AB 2989 is unnecessary as its goals can be accomplished under the CalWORKs work reforms enacted in the Health and Human Services budget trailer bill, Senate Bill 1104 (Committee on Budget). SB 1104 eliminated the 18 and 24-month CalWORKs time limit on education activities and instead requires CalWORKs recipients to participate in work-related activities for 20 hours each week. CalWORKs participants in approved nursing programs will now be able to continue their education until they complete their program or reach the CalWORKs 60-month time limit, as long as they are progressing in their program and meeting program requirements.

Furthermore, legislation that establishes different program requirements for residents in only one county in California raises legal questions pertaining to the Federal Equal Protection Clause and the California Constitution.

Sincerely,

ARNOLD SCHWARZENEGGER

RECEIPT

I acknowledge receipt this 25th day of August at 6:40 p.m., of AB 2738, AB 2917, AB 2314 and AB 2989 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Nanette Madsen.

Explanation of Vote—Senate Bill No. 1538

August 27, 2004

The Honorable Fabian Nunez
Speaker of the Assembly
California State Assembly
State Capitol, Room 219

RE: Senate Bill 1538 (Alarcon),
Compensation: meal and rest periods

Dear Mr. Speaker,

I write to express the intent behind my “aye” vote for Senate Bill (SB) 1538. SB 1538 seeks to clarify that a piece rate worker in the agricultural and garment industries is entitled to be paid for a rest period and provides a formula for determining compensation rates for piece rate workers. This bill passed the Assembly by a margin of 41–35 on August 26, 2004.

Although I voted “aye” for SB 1538 on August 27, 2004, it was done as a courtesy to Assembly Member Paul Koretz—a co-author who would have supported this measure on the Assembly Floor but was unable to vote due to personal/family circumstances.

The sponsors and the author meant well in carrying SB 1538. However, the language contained in SB 1538 is onerous and not necessary. The provisions set forth in this bill may have an unintentional, and potentially harmful, effect for small farmers and farmworkers in future years.

Sincerely,

SARAH L. REYES, Assembly Member
Thirty-first District

Legislative Intent—Senate Bill No. 1544

August 25, 2004

Mr. E. Dotson Wilson
Chief Clerk, California State Assembly
State Capitol
Sacramento, California

Dear Mr. Wilson: I would like to clarify my vote on SB 1544 (Figueroa). I voted “Aye” on the bill because I support the provisions of the bill extending the sunset of the Private Postsecondary and Vocational Education Reform Act of 1989 and the appointment of a monitor of the Bureau of Private Postsecondary and Vocational Education.

However, I do not support the August 17th amendments, which exempt programs costing \$500 or less from the Act, strike “short-term seminar training”, and establish a new category called the short-term education program.

I have been informed by the author that there were drafting errors in the bill and it was not her intent to completely exempt smaller programs from the oversight of the Act. She has committed to introducing legislation next year to correct the error.

Sincerely,

JACKIE GOLDBERG, Assembly Member
Forty-fifth District

Legislative Intent—Assembly Bill No. 1723

August 27, 2004

Mr. E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: A question has arisen during the course of this legislation concerning an employer’s obligation under Labor Code Section 213.5, newly enacted by AB 1723.

It is the intention of the author and the sponsor that the language of the bill that provides that an agricultural employer must comply with an employee’s request by “implementing” direct deposit within 30 days means that the employer must provide all relevant information to the necessary financial institution(s) within that time period in order for direct deposit to be initiated.

The author and the sponsor acknowledge that the given financial institution(s) may take additional time to initiate the payment by direct deposit, but it is merely the intent of this legislation that the employer be required to provide the relevant information to the financial institution within the 30-day period.

Sincerely,

PAUL KORETZ, Chair
Assembly Committee on Labor and Employment

Legislative Intent—Assembly Bill No. 1721

August 24, 2004

*E. Dotson Wilson, Chief Clerk
California State Assembly
Room 3196, State Capitol
Sacramento, California*

Dear Dotson: I have introduced Assembly Bill 1721 to prohibit retailers from charging a price higher than the lowest price that is posted on an item itself or a shelf tag that corresponds to the item. The lowest price would apply regardless of any posted time limitation for the sale price.

AB 1721 amends Section 12024.2 of the Business & Professions Code that was enacted prior to the now common use of computer scanners at check-out stands. This legislation enacts into law a requirement for retailers to charge the lowest price for the product that is displayed and not the higher original or regular price for the item. This requirement is consistent with the stated policy of most retailers in California and helps to prevent retailers who do not comply with this requirement from obtaining a competitive advantage over retailers who are in compliance.

Consumers reasonably expect that the price label and the shelf tag indicating the price of an item accurately reflect the price then charged for the item. Consumers may be easily confused by price labels or shelf price tags that do not state current prices such as a shelf price tag displaying a special “sale” price that is left on the shelf after the sale expiration date. Because of the volume of items in stores, the very large number of price labels and shelf price tags, the very limited size of shelf price tags and price labels that practically restrict the inclusion of meaningful information beyond the stated price itself, the confusing nature of expired or premature sale price tags on currently offered items, and the posting of the sale price tags at many different heights and locations, it is very difficult for consumers to notice or remember any time limitation placed on a posted price. Therefore, a disclosure provision requiring a certain size, typeface, or location specifying the limited duration of the sale would not effectively provide consumers with accurate sales price information or prevent posted expired or future “sale” price tags from being confusing.

Moreover, the posting of individual effective dates for each sale item does not adequately apprise consumers of the then applicable price for the item and only compounds consumers’ confusion as to whether the posted price on the shelf or item is the currently effective price.

AB 1721 has been amended to address marketing concerns raised by some retailers so that the limitations on the expiration dates for sale items is narrowly drawn to address the problems that have been noted in the marketplace.

Finally, AB 1721 and the advertising prohibition contained therein are prospective in nature and are not intended in any way to affect advertising practices that occurred prior to the bill’s effective date.

Sincerely,

PAUL KORETZ, Assembly Member

Dear Speaker Nunez and Assembly Member Steinberg: This letter follows a meeting held this afternoon between representatives of the California Student Aid Commission, EDFUND Board of Directors, and the major financial institutions that provide services in the student loan arena. During the course of this meeting we came to an agreement that recognizes the need for broad consultation with participating schools and lenders. As part of this agreement, the parties have agreed to use AB 2122 (Steinberg) to clarify existing statute concerning the Commission's efforts to diversify its student loan activities beyond the Federal Family Education Loan (FFEL) Program. All parties have agreed that AB 2122 will be amended to include the provisions that were formerly in AB 598 (as amended on August 17, 2004).

This agreement also includes a commitment by the Commission to provide, on a monthly basis between now and the beginning of the 2005–06 Legislative session, a status report regarding these activities to the Legislative leadership and the Schwarzenegger administration.

The Commission has also stipulated to the lending community that amendments to the Commission's existing Operating Agreement relating to its proposed business diversification efforts will not be submitted until after January 3, 2005.

The Commission looks forward to working with each of you and members of the Legislature in successfully implementing a business diversification plan which will enable the Commission to continue to provide excellent student financial aid activities and benefits.

Please feel free to contact me at 916.526.8271 should you have any questions.

Legislative Intent—Assembly Bill No. 3018

August 26, 2004

*Mr. Dotson E. Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: A question has arisen during the course of this legislation as to how Labor Code section 512.7, newly enacted by AB 3018, would operate in conjunction with Labor Code section 512.5.

Labor Code section 512.5 allows the Industrial Welfare Commission (IWC) to create an exemption for meal period and rest break provisions for commercial drivers who are public employees. In accordance with Labor Code section 512.5, the Industrial Welfare Commission amended Wage Order 9 in 2003 and adopted regulations governing meal and rest break provisions for commercial drivers employed by governmental entities. Included in those regulations is an exemption for public transit drivers covered by collective bargaining agreements if certain protective conditions are met.

The provisions of AB 3018 that address commercial drivers are intended to and should be interpreted to be broadly applicable to all commercial drivers employed in the transportation industry, whether employed in the private or public sector. However, Labor Code section 512.5 grants the IWC the specific authority to establish special rules for commercial drivers in the public sector. It has exercised that authority and there is nothing in AB 3018 which should, in any way, affect existing provisions of Wage Order 9 governing meal periods and rest breaks for commercial drivers employed by governmental entities or the right of the IWC to take any future action pursuant to the provisions of Labor Code section 512.5 to fashion full or partial exemptions from meal period or rest break requirements.

AB 3018 deals with two very narrow situations; that is, when an on-duty meal period is permitted and when an off-duty meal period may

commence in situations where employees are covered by a collective bargaining agreement. In contrast, Labor Code section 512.5 grants the IWC the broad discretion to create exemptions pursuant to a collective bargaining agreement from both meal period and rest break provisions for a certain class of commercial drivers. If the IWC has taken action to exempt a public sector driver from meal period requirements pursuant to Labor Code section 512.5, then it is quite obvious that provisions of Labor Code section 512.7, which regulate the situations under which those meal periods are taken, would be inapplicable on its face.

PAUL KORETZ, Chair
Labor and Employment

Legislative Intent—Assembly Bill No. 2136

August 24, 2004

Mr. E. Dotson Wilson
Chief Clerk of the Assembly
Room 3196
State Capitol
Sacramento, California

Dear Mr. Wilson: I am requesting that this letter be placed in the Daily Journal in order to reflect legislative intent for my measure AB 2136 relating to the rules and guidelines for the documentation of treatment costs for indigent patients by Narcotic Treatment Programs. It was not my intent or that of the other stakeholders to restrict the ability or authority of the Department to assess a program audit disallowances if the provider does not comply with the law. It is the intent of the legislation to clarify what those guidelines and rules are so that providers improve their compliance with the law.

The bill reflects several months of negotiations that produced a consensus solution by the Department of Alcohol and Drug Programs (DADP) and provider organizations to clarify the procedures related to the charges, documentation and audit requirements for indigent non-Medi-Cal eligible patients treated by Narcotic Treatment Providers (NTP's). This issue has burdened providers due to ambiguous procedures and inconsistent audit disallowances. Providers requested DADP clarification in 1997 because audit disallowances for indigent patients jeopardize their services for full pay and DMC patients.

The codified statutory intent language reflects the state's commitment to providing drug treatment to indigent patients. Equally important is the reference to the exception under federal law to the "usual and customary charge determination" rule for DMC reimbursement as long as the provider establishes a sliding scale for indigency fees. This shows that the provider is assessing each patient for their ability to pay based on their individual income and expenses.

NTP's usually have additional capacity to serve indigent patients who either do not have sufficient income, health care insurance or MediCal benefits to cover their drug treatment costs. If these patients can pay part of their treatment costs, most providers do serve some portion of this population. This benefits the patients, their families and their communities. Thank you.

Sincerely,

JACKIE GOLDBERG, Assembly Member
Forty-fifth District

RE: AB 2132 (Reyes), Asthma Medication: Pupil Self-Administration

Dear Mr. Speaker: I write to express the intent behind the August 19 amendments to Assembly Bill (AB) 2132. AB 2132 sets forth the process for permitting a student to self-administer inhaled asthma medication at school.

As amended, the bill states that in order for a pupil to carry and self-administer prescription inhaled asthma medication, the school district shall obtain a specified written information statement from the physician and a written statement from the parent, foster parent or guardian consenting to the self-administration and providing a release for the school to consult with the health care provider and releasing the school district and school personnel from civil liability if the pupil suffers an adverse reaction by taking the medicine (Proposed Education Code Section 49423.1(b)(2) on page 3).

The liability release only applies to adverse reactions occurring as a result of the self-administering pupil under paragraph (2). This bill is double-joined to SB 1912, which clarifies the language and, as amended August 24, 2004, states that the release of the school district and school personnel applies if the self-administering pupil "suffers an adverse reaction as a result of self-administering medication pursuant to this paragraph." I would like to see Section 49423.1(b)(2) amended to be consistent with the language of SB 1912, but because of legislative deadlines, this must occur next year.

Sincerely,

SARAH L. REYES, Assembly Member
Thirty-first District

Legislative Intent—Assembly Bill No. 2055

August 24, 2004

*The Honorable Fabian Nunez
Speaker, California State Assembly
State Capitol, Room 219
Sacramento, California*

Re: Legislative intent—AB 2055

Dear Mr. Speaker: I have been asked to reiterate my intent with respect to several provisions in AB 2055 dealing with agriculture and open space.

1. Cities and counties retain their current broad discretion under Section 65564 to address their obligation to prepare an action program they believe to be locally appropriate. While I would encourage both to review the program options under Section 65565, I recognize that many built-out urban cities have little or no agricultural and open space land, and few opportunities to find more, and that circumstances between and within counties with respect to agricultural and open space resources, uses, opportunities, and priorities vary greatly. Cities and counties also retain their current discretion to express their agricultural and open space programs and policies in separate optional elements, such as an agricultural element, or include them in other required elements, such as the conservation or land use elements.
2. I included the optional provisions for urban and transitional areas in Section 65565(c) to recognize that maintaining agricultural and open space uses and opportunities in urban and transitional areas may require difference strategies than those appropriate for other areas. For example, agriculture in urban areas is often dependent upon the willingness of public and private landowners to make land available to agricultural tenants, and the provision of incentives and avoidance of disincentives may be the most effective policy.
3. In providing in Section 65565 for separate inventories and policies with respect to farmland and open space, I recognize that these categories may often overlap on many parcels of land and may change over time. AB 2055 is not intended to interfere with the current discretion of landowners and local governments to determine the relative importance, in the local context, of various types of agricultural and open space uses, nor is it intended to interfere with the ability of the landowner to select an open space use to the exclusion of an agricultural use, or vice versa, when conjunctive use is impractical. For example, grazing land which also supports habitat might be converted to irrigated crop land, or alternatively, dedicated exclusively to habitat, with landowner consent, to implement a local NCCP plan.
4. Cities and counties are intended to retain their current discretion to balance and harmonize policies in their agricultural and open space elements with policies in their other general plan elements. For example, interim agricultural and open space policies may be appropriate in

areas that may ultimately be required to meet housing needs, while other areas may be appropriate for long-term agricultural and open space commitments and strategies, including protection against development impacts.

Respectfully submitted,

LOIS WOLK, Assembly Member
Eighth District

Legislative Intent—Assembly Bill No. 2747

August 25, 2004

E. Dotson Wilson
Chief Clerk
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: Assembly Bill 2747 requires the State Department of Finance to recommend to the Legislature a means to expedite the payments to county social services realignment accounts by January 10, 2005.

My intent is to have the Department of Finance report to the Legislature by January 10, 2005 only on the scope of the task that it will undertake, not to have a set of recommendations. That would not be necessary until January 10, 2006. It is clearly unreasonable to expect the Department to have recommendations a mere 10 days after the measure becomes law. For the state's benefit, the Department can use actual caseload data from both 2004 and 2005.

Respectfully,

BONNIE GARCIA, Assembly Member
Eightieth District

Legislative Intent—Assembly Bill No. 1297

August 27, 2004

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol
Sacramento, California

Dear Mr. Wilson: Assembly Bill 1297 (Frommer) was approved by the Assembly today and now proceeds to enrollment. I want to reiterate that the purpose of this bill, as reported by the Assembly Committee on Revenue & Taxation in its August 26, 2004 analysis, is to make specific that it is against the public policy of the State for an insurance policy to provide insurance coverage for, or a duty to defend against claims for, losses, taxes, penalties, interest, fines or reimbursement attributable to an abusive tax avoidance transaction.

The operative provisions of proposed Section 254 of the Insurance Code (as embodied in Section 1 of the Bill) nullify and eliminate the economic benefits of insurance intended specifically to cover the loss of tax benefits arising from abusive tax avoidance transactions and listed transactions, as defined. Section 2 of the Bill (which adds Section 19188 to the Revenue & Taxation Code) specifies that the taxing provisions of

the Bill only apply to insurance proceeds received from a policy which provides coverage for risks specified in proposed Section 254 of the Insurance Code.

Neither Section of this Bill applies, or should be construed to apply, to general professional liability or errors & omissions policies of insurance, or to the proceeds of any such policies.

Sincerely,

DARIO FROMMER
Assembly Majority Leader
Forty-third Assembly District

Legislative Intent—Assembly Bill No. 2151

August 27, 2004

*The Honorable Fabian Nunez
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Speaker: I respectfully request this letter be entered into the Assembly Journal to clarify the legislative intent of AB 2151.

The federal government has created the 340B discount drug program to provide lower cost drugs to specified health programs, including Title X family planning programs. The federal law requires that these “covered entities” must receive a dispensing fee for providing this service to their patients. AB 2151 codifies the federal dispensing fee requirement without altering the current Medi-Cal or Family PACT reimbursement provided to community claims.

Due to a drafting error by Legislative Counsel, AB 2151 inadvertently references Welfare and Institutions Code §141532.100(k) with regard to the exemption from the provisions of the bill for federally qualified health centers (FQHCs) and rural health clinics (RHCs). This code section does not exist. The correct reference should be Welfare and Institutions Code Section 14132.100(k), which allows FQHCs and RHCs to elect to be reimbursed for pharmacy costs based on the prospective payment rate. FQHCs and RHCs that make such an election are intended to be exempt from the provisions of AB 2151.

This letter is intended to provide direction to the Department of Health Services so that when it updates its regulations to reflect the changes in AB 2151, the changes reflect the legislative intent expressed herein.

Sincerely,

HANNAH-BETH JACKSON, Assembly Member
Thirty-fifth District

Legislative Intent—Assembly Bill No. 2286

August 27, 2004

*E. Dotson Wilson, Chief Clerk
California State Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Dotson: A question concerning provisions of my bill, AB 2286, relative to Section 44468 of the Education Code, has arisen which needs clarification. This code section deals with an expedited internship route for teaching credential candidates who can demonstrate their

knowledge, skills and abilities through written and performance assessments. These individuals would be required to meet all statutory requirements for a teaching credential, but would be able to earn their credential more quickly through this route. Currently, Education Code Section 44468 pertains to multiple subject and single subject teaching credentials. AB 2286 would add special education credentials for students with mild to moderate disabilities.

I would like to clarify that the Commission on Teacher Credentialing would be required to adopt a test covering teaching competence in special education for teachers of students with mild to moderate disabilities. Special education stakeholders would be involved in the review of the exam used for these purposes. Additionally, the teaching performance assessment to take place during the internship would be based on the current teacher preparation program fieldwork assessment standards for the Education Specialist Credential in Special Education: Mild/Moderate Disabilities.

I submit this letter as my clarification of the intent of AB 2286 and that of the Legislature in enacting this measure.

Sincerely,

DENNIS MOUNTJOY, Assembly Member
Fifty-ninth District

Legislative Intent—Assembly Bill No. 1010

August 27, 2004

*The Honorable Fabian Nunez
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Speaker: A request was made in the August 27, 2004 Assembly Education Committee hearing to clarify a provision of my bill, AB 1010, relative to Section 60063 of the Education Code relating to instructional materials. This section requires publishers to make instructional materials available in an electronic multimedia format for purchase by districts consisting of grades K–12, effective 2007.

I submit this letter as clarification of AB 1010's intent—and that of the Legislature in enacting this measure, which is as follows:

If a school or school district decides to utilize instructional materials in an electronic multimedia format for their students, that school or school district shall provide the student or the student's parent with the option of utilizing a hardcopy textbook version of the instructional material or the electronic multimedia format version.

If a school or school district decides to utilize instructional materials in an electronic multimedia format for their students, that school or school district shall certify with the student's parent or guardian that equipment is available in working order for use by the student, either at the school site or at the student's home, so the student can reasonably access the electronic multimedia format instructional materials. The

school or school district shall also certify with the student's parent or guardian that the student will have access to the equipment for reasonable amounts of time throughout the day for homework purposes.

I respectfully request that this letter be entered in the Assembly Journal.

Legislative Intent—Assembly Bill No. 1075

August 27, 2004

The Honorable E. Dotson Wilson
Chief Clerk of the Assembly
Assembly Chamber

Dear Dotson,

I respectfully request this letter be entered into the Assembly Journal to clarify the intent of AB 1075.

AB 1075 provides that funds appropriated by the Budget Act of 2004 shall be available for reimbursement of 100 percent of costs incurred by the County of Stanislaus for the homicide prosecution of Scott Peterson.

In January 2004, the judge in the Peterson trial ordered the case moved from Stanislaus County to San Mateo County. Penal Code Section 1037 states that when the court orders a change of venue to a court in another county all costs incurred by that court or county (San Mateo) shall be a charge against the county in which the action originated (Stanislaus).

It is the intent of the Legislature that funds provided to Stanislaus County be used to provide reimbursement to San Mateo County for its costs associated with the trial in a timely manner.

Sincerely,

GENE MULLIN, Assembly Member

Legislative Intent—Assembly Bill No. 2066

August 27, 2004

The Honorable Fabian Nunez
Speaker of the Assembly
California State Assembly
State Capitol, Room 219
Sacramento, California

Dear Speaker Nunez: I am writing to clarify a provision of Assembly Bill 2066 and request that this letter be printed in the Assembly Journal.

AB 2066 aligns California with the federal requirements of the No Child Left Behind Act of 2001 by creating a framework of statewide assistance for identified Local Education Agencies (LEAs). Specifically, AB 2066 requires participating LEAs to contract with qualified external providers to conduct a self-assessment and implement solutions to identified shortcomings. In addition, participating LEAs are required to "work with" a county superintendent to ensure community participation and awareness.

Education stakeholders have expressed confusion regarding the term "work with" in subparagraph (1)(B) of paragraph (b) and subparagraph (1)(B) of paragraph (c) in section 52055.57 of the

Education Code. As the author, the intent of the term is to make certain that *participating Local Education Agencies are working with a County Superintendent for the purpose of preparing to contract with a county office of education or other external entity*. The term is not to require LEAs to receive contract approval from the county superintendent.

Mr. Speaker, I submit this letter to the journal at the request of impacted education stakeholders to ensure the intent of Assembly Bill 2066 is clarified and implemented. Thank you for your consideration in this matter.

Sincerely,

DARRELL STEINBERG, Assembly Member

Legislative Intent—Assembly Bill No. 2100

August 27, 2004

The Honorable E. Dotson Wilson
Chief Clerk of the Assembly
Assembly Chamber

Dear Mr. Wilson,

We request that this letter be printed in the Assembly Journal with regard to Assembly Bill 2100 (Steinberg) and the clients of Agnews Developmental Center.

We believe that the provisions of AB 2100 will allow for innovative housing options for qualified Agnews clients with developmental disabilities.

According to the Department of Developmental Services (DDS) estimates, no more than 50 people from Agnews would qualify for these new housing options. However, those that do qualify would *not* be required live in the family teaching homes. The provisions of AB 2100 are voluntary for qualified Agnews clients.

The DDS assures us that appropriate monitoring of the family teaching homes will be provided, and that abuse or misconduct will not be tolerated. We believe that the oversight provided by DDS will, in many ways, exceed that provided in licensed homes. To ensure client safety, we call on DDS to collect and analyze data pertaining to any complaints, accidents, or injuries that occur in family teaching homes and to make this information available to the Legislature and the public.

The safety and well-being of the Agnews residents is our highest priority. Given these facts and assurances, we are confident that AB 2100 is the proper course and will improve the quality of life to Agnews residents. To achieve these aims it will be necessary for the DDS to work closely with the families of Agnews residents to ensure further developments affecting their loved ones will have the benefit of their participation.
