PRAYER

Upon invitation of Speaker pro Tempore Yee, the following prayer was offered by Assembly Member Torrico:

Proverbs 31

- ¹⁰ A wife of noble character who can find?
She is worth far more than rubies.
¹⁵ She gets up while it is still dark;
she provides food for her family
¹⁷ She sets about her work vigorously;
her arms are strong for her tasks.
¹⁸ She sees that her trading is profitable,
and her lamp does not go out at night.
²⁰ She opens her arms to the poor
and extends her hands to the needy.
²⁵ She is clothed with strength and dignity;
she can laugh at the days to come.
²⁶ She speaks with wisdom,
and faithful instruction is on her tongue.
²⁷ She watches over the affairs of her household
and does not eat the bread of idleness.
²⁸ Her children arise and call her blessed;
her husband also, and he praises her:
²⁹ “Many women do noble things,
but you surpass them all.”

Diversity Prayer

It's a blessing we've been given
If only we will see—
The diversity of Creation
And of all humanity.
May we truly be united
By the spark of divinity we share,
And may our differences
Enrich our lives in peace.
Oh, hear our prayer!

Blessed are you, Oh God,
Ruler of the Universe,
Who has given us
Diversity
Among Creation.

RE: Explanation of Vote on AB 451

Dear Mr. Wilson: On Thursday, May 5, 2005, during the Assembly Floor Session I inadvertently voted “no” on Assembly Bill 451 (Yee). My intention was to vote “aye”. I announced my vote change to “aye” at the dais. Unfortunately it was not recorded at the kiosk, and therefore my vote change was not made official. Because it is no longer possible to change the May 5th vote, I am requesting that you print this letter of explanation in the daily journal.

Sincerely,

PATTY BERG, Assembly Member

PRAYER

Upon invitation of Speaker pro Tempore Yee, the following prayer was offered by Assembly Chaplain Father Constantine C. Pappademos:

Lord, We try to live good lives. We try to help others. We try to live with a sense of righteousness. But true righteousness in our lives only comes when we have found pardon or acceptance with You, Lord, . . . when our lives coincide with Your commandments and Your will. We can't achieve righteousness ourselves, because it is a gift that comes from You, a gift that originates in Your own nature.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Yee, Assembly Member Huff then led the Assembly in the pledge of allegiance to the Flag.

Communications

The following communication was presented by the Chief Clerk, and ordered printed in the Journal:

Explanation of Vote—Assembly Bill No. 1421

19 May, 2005

Mr. E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Chief Clerk: Today during floor session I inadvertently voted “No” on AB 1421, File Item 116. My intention had always been to vote “Aye” on Assembly Member Laird’s bill.

I am well aware that Monterey County has one of the least affordable housing markets in the country and that setting aside water to those markets would be a positive step in the right direction. Therefore, I respectfully request that my vote change be noted on file.

If you have any questions, please do not hesitate to contact me at 916-319-2023.

Thank you.

Sincerely,

JOE COTO, Assembly Member
Twenty-third District

Legislative Intent—Assembly Bill No. 2473

May 18, 2005

E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson,

This letter is to clarify the authors' intent of AB 2473, Chapter 789, Statute of 2004.

AB 2473 was introduced to define reasonable restrictions for solar energy systems which would create a middle ground between disallowing their use altogether, and allowing any and all system installations. Existing law permits reasonable restrictions on a solar energy system that do not "significantly," as defined, increase the cost of the system or decrease its efficiency or specified performance. AB 2473 redefined the term "significantly," amending Section 714(d) of the Civil Code to read:

"(1)(A) For solar domestic water heating systems or solar swimming pool heating systems that comply with state and federal law, "significantly" means an amount exceeding 20 percent of the cost of the system or decreasing the efficiency of the solar energy system by an amount exceeding 20 percent, as originally specified and proposed.

(B) For photovoltaic systems that comply with state and federal law, "significantly" means an amount not to exceed two thousand dollars (\$2,000) over the system cost as originally specified and proposed, or a decrease in system efficiency of an amount exceeding 20 percent as originally specified and proposed."

Section 714 of the Civil Code was originally signed into law to be primarily applicable to Home Owner Associations, and my intention was that the same applicability remain in the law as amended by AB 2473. AB 2473 further requires cities and counties to administratively approve applications to install solar energy systems by issuing building permits or similar nondiscretionary permits. Local building officials may require 'use permits' if they have a good faith belief that there is a specific, adverse public health and safety impact resulting from the use of solar energy systems as defined.

The intent of this letter is to provide guidance to local jurisdictions, which are responsible for the implementation and oversight of AB 2473, to ensure that its implementation reflects the true intent and spirit of this important new law.

Sincerely,

LOIS WOLK, Assembly Member
Eighth District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Legislative Intent—Assembly Bill No. 2821

May 26, 2005

*The Honorable Fabian Núñez
Speaker, California State Assembly
State Capitol Building
Sacramento, California*

RE: AB 2821 (Daucher)—Chapter 661/Statutes of 2004

Dear Mr. Speaker: I introduced AB 2821 to allow relatives of a skilled nursing facility (SNF) resident who receives Medi-Cal to pay for additional non-covered services, as specified, if permitted by federal law and only when requested by the resident or resident's family. The non-covered services referenced in the bill included the use of a private room, telephone, or television, or for bed-hold days that exceed the 7-day period paid for under the California State Medicaid Plan. The bill also included the manner in which such supplemental payments were to be calculated.

AB 2821 contemplates that a facility may choose to offer this opportunity to these residents, but is not required to do so. The legislation also contemplates that a facility may not coerce families to pay for such services by conditioning admission based upon receiving additional payments. Both of these principles are consistent with the federal law in the area.

The bill was not intended to place another mandate on all facilities to offer this opportunity for supplemental payments; nor was it intended to confer an additional resident's right upon any Medi-Cal beneficiary for which legal remedies could be sought to force a facility to offer these opportunities for supplemental payments by family members.

AB 2821 provides options for facilities to agree, upon request, to accept supplemental payments from families seeking to secure non-covered services. It was not contemplated that the bill would require facilities to do so.

Sincerely,

LYNN DAUCHER, Assembly Member
Seventy-second District

Lord, As we enter the Post-modern era, experts tell us that our attention and loyalties will be drawn toward the opposing political philosophies of liberalism and conservatism and the opposing economic philosophies of socialism and capitalism. However, our faith in You, Lord, transcends any of these world views. You lead our mind and heart to eternal realities. Our faith in You guides us, not only in the things concerning this life, but the life that lies beyond the grave. Help us, Lord, to focus on You, no matter what our political or economic preferences are. For You are the God Who created all things in heaven and on earth, and our hope is set on eternal salvation that only You can give.—AMEN.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2004-033
May 26, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As required by Chapter 938, Statutes of 2004, the Bureau of State Audits presents its audit report concerning the State's procurement and reimbursement practices as they relate to the purchase of drugs for or by state departments.

This report concludes that the Department of General Services (General Services) generally got the best prices for the drug ingredient cost because of its up-front discounts through contract negotiations with manufacturers of high-cost brand name drugs and through competitively bidding for high-volume generic drugs. More important, putting rebates, dispensing fees, and co-payments into other cost calculations, we found that the Department of Health Services' (Health Services) prices are far lower than General Services' or the California Public Employees' Retirement System's because it receives substantial federal Medicaid program (Medi-Cal) and state supplemental rebates. Moreover, our comparison of 57 prescription drugs across the Canadian, U.S., and California governments found that Canada's governmental entities got the lowest prices about 58 percent of the time, while the U.S. governmental entities got the lowest prices 32 percent of the time. California got the lowest prices for 10 percent of the sample drugs because of Health Services' rebates. However, federal law strictly limits the importation of prescription drugs through the federal Food,

Drug, and Cosmetic Act, whose stringent requirements for approving, labeling, and dispensing drugs generally exclude any drugs made for foreign markets. Furthermore, state departments generally do not have access to federal procurement methods.

Respectfully submitted,

STEVEN M. HENDRICKSON
Chief Deputy State Auditor

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2004-114
June 9, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California Department of Justice's (Justice) Missing Persons DNA Program (missing persons program) and whether it is meeting its statutory provisions and efficiently using its funding.

This report concludes that the missing persons program reached full operation in July 2004, which seems reasonable considering the issues it faced in establishing its operations, including a state hiring freeze and the high level of training its staff require. As of the end of February 2005, the program had received 799 requests and completed DNA analysis for 261 of them. However, unless conditions change, it is unlikely to complete testing all of the requests it has already received before the fee supporting the program expires. Several elements of the missing persons program are sound, but the program needs to improve some of its managerial controls. For example, its training process prepares staff to perform necessary DNA analyses, and meets accreditation and industry standards. The program also effectively communicates its mission and services to local law enforcement agencies. However, we found significant problems with the accuracy of some of the data the program's management information and timekeeping databases contain.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2004-122

June 14, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Department of Fish and Game's (Fish and Game) administration of the Fish and Game Preservation Fund (preservation fund).

This report concludes that although fees from fishing and hunting licenses have increased, the preservation fund reserves have decreased significantly between fiscal years 2001–02 and 2003–04. This occurred while Fish and Game had its General Fund appropriation reduced, which together with the preservation fund has been used to fund Fish and Game's programs. However, while funding for some programs has dramatically increased or decreased, others, such as hatcheries, have changed little. A long-range spending plan could serve as a useful tool to guide Fish and Game decisions, especially in times of fluctuating funding, but Fish and Game lacks such a tool.

Between fiscal years 2001–02 and 2003–04, Fish and Game spent into its reserves, that is, the balance that had accumulated in the preservation fund. During this time, Fish and Game spent more from its accounts with revenues dedicated by statute for specific purposes (dedicated accounts) than it collected. Furthermore, Fish and Game has not demonstrated that it used allowable dedicated resources to cover deficit spending in certain accounts of the preservation fund. Fish and Game was able to cover the deficit spending in these accounts by borrowing from those dedicated accounts with sufficient balances, a practice that may not be allowed.

Fish and Game adequately assessed and collected fees and allocated revenue to the appropriate accounts of the preservation fund. It did not do as well, however, in accounting for indirect costs because it failed to

follow its own policy and update the percentages used each year to allocate indirect costs. As a result, Fish and Game overcharged or undercharged indirect costs to certain preservation fund programs.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Water, Parks and Wildlife.

California State Auditor

2004-120
June 16, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the administration and monitoring of state and federal supplemental English learner program funds by the Department of Education (department) and a sample of school districts.

This report concludes that the department is charged with distributing program funds for three main programs that address the needs of public school students who are not yet fluent in English, known as English learners. The department, however, provides leeway to school districts in establishing certain criteria they use both to identify students as English learners and to redesignate them as fluent in English. Significant differences exist in the stringency of school districts' criteria causing funding variances and a lack of comparability in performance

results across the State. Moreover, school districts and department monitoring of schools' adherence to the redesignation process is inadequate, causing students who meet the criteria for fluent status to remain as English learners.

In addition, the department provides school districts little guidance on documenting expenditures and performs limited monitoring of their expenditure of English learner program funds, resulting in some questionable and unallowable uses of these funds by school districts. Further, the department's evaluation of the effectiveness of particular English learner programs is weak, and a recent independent evaluation of the English Language Acquisition Program has not provided decisive answers regarding that program's effectiveness. Finally, although the department's funding formulas are generally sound, the formula for Impact Aid needs updating.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Education.

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 656

Governor's Office, Sacramento
June 30, 2005

To the Members of the California State Assembly:

I am returning Assembly Bill 656 (Hancock) without my signature.

While I support the work of School Attendance Review Boards (SARB) to address the needs of students with serious school attendance and behavior problems, this bill is unnecessary. Nothing in current law precludes a SARB from including in its rules and regulations a provision for the submission of any recommendation of the Board to appropriate school district personnel.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

RECEIPT OF BILLS

I acknowledge receipt this 30th day of June at 3:25 p.m., of AB 656 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Nanette Madsen.

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
July 5, 2005

To the Members of the Assembly:

Assembly Bill 1707, in my opinion, constitutes an emergency bill within the meaning of that term as used in Section 12 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

I, therefore, recommend consideration of Assembly Bill 1707 as an emergency measure.

Sincerely,

ARNOLD SCHWARZENEGGER

The following veto message from the Governor was received and ordered printed in the Journal and the bill ordered to the unfinished business file:

Veto Message—Assembly Bill No. 467

Governor's Office, Sacramento
July 5, 2005

To the Members of the California State Assembly:

I am returning AB 467 (Yee) without my signature.

While I support the author's goal of fully evaluating the inpatient hospital mental health Medi-Cal rates, this measure is unnecessary. This bill requests that the Department of Mental Health, in consultation with the California Hospital Association (CHA) and the California Mental Health Directors Association (CMHDA), evaluate the rate setting structure and make recommendations to the Legislature.

I am directing the Department of Mental Health and the Department of Health Services to evaluate the current rate setting methodology to

identify problems and solutions and report the results to the Secretary of Health and Human Services by September 1, 2006.

For these reasons, I am unable to sign this bill at this time.

Sincerely,

ARNOLD SCHWARZENEGGER

RECEIPT OF BILLS

I acknowledge receipt this 5th day of July at 4:35 p.m., of AB 467 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Nanette Madsen.

LAWRENCE A. MURMAN

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2004-113
July 7, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Office of Fleet Administration (Fleet) within the Department of General Services.

This report concludes that Fleet has performed analyses of the cost-effectiveness of the vehicles that it rents to state agencies, indicating that Fleet is competitive with commercial rental companies. However, the analyses do not fully demonstrate its cost-effectiveness because Fleet lacks assurance that the commercial rates it used in its comparisons are similar to what state agencies would actually pay. Furthermore, the terms of the current contracts that Fleet has with commercial rental companies and the noncompetitive method it uses to select companies may not be in the State's best interest. To enhance the competitiveness of its motor pool, Fleet might draw on opportunities that exist to reduce its costs, such as establishing certain requirements and standards related to vehicle use, investigating the costs and benefits of additional garage closures, and determining how much it spends performing repairs and maintenance services at its garages.

Fleet is also required to approve vehicle purchases made by most state agencies after verifying the need for the purchase, but the policy defining minimum usage, which Fleet is supposed to consider when assessing a state agency's need to purchase vehicles, may be set too low. Therefore, Fleet may allow more purchases than are necessary. Finally Fleet's actions contributed to a \$1.4 million deficit at June 30, 2004, in the fund that Fleet uses to operate and maintain parking lots for state employees.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Business and Professions.

Legislative Intent—Assembly Bill No. 68

July 11, 2005

E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol—Room 3196
Sacramento, California*

Re: AB 68 (Montañez)—Car Buyer’s Bill of Rights

Dear Mr. Wilson: I have introduced AB 68, the “Car Buyer’s Bill of Rights” to provide important new protections to California car buyers, including the right to purchase a cooling off period option for used cars, first-in-the-nation regulation of “certified” used cars, limitations on dealer income from vehicle financing, credit score disclosures, prohibitions against payment packing, and disclosures of proposed consumer monthly payments for cars with and without specified add-on items.

This letter is to clarify that under Section 5 of AB 68 (which adds Section 2982.10 to the Civil Code), payments by a conditional sale contract assignee to the seller are capped at specified levels when the payments are based on the contract’s finance charge. In this manner, the statute controls the “spread” between the contract rate set by the seller and the buy rate at which an assignee will purchase the contract in the secondary market. The limitations established by this section are not

intended to apply to incentives or other compensation to induce assignment of contracts provided by an assignee to the seller that are based on criteria independent of and unrelated to the finance charge or annual percentage rate specified in the contract. Such independent criteria would include, for example, the volume or percentage of the seller's contracts assigned to the assignee, the longevity of the seller's relationship with the assignee, the seller's utilization of other services offered by the assignee, such as vehicle inventory finance lines of credit ("flooring"), and the seller's participation in other programs offered by the assignee, such as service contract and debt cancellation programs. Thus, for example, this section would not prohibit the seller from accepting an additional \$20 flat fee per contract from the assignee once the seller assigns in excess of 100 contracts to the assignee in a given month or agrees to participate in the assignee's flooring or vehicle service contract programs.

In drafting the final version of Section 8, I have agreed to changes in the language of this prohibition, including the deletion of the phrase "the price of" from the originally proposed language of the new Vehicle Code Section 11713.19(a). The deletion was made in order to clarify that vehicle accessories (radios, wheel rims, truck bed liners, etc.) that are to be physically attached to a vehicle and included as part of the negotiated cash selling price of the vehicle are not required to be separately price itemized by the selling dealer. Section 11713.19 will make it unlawful to "negotiate the terms of a vehicle sale or lease contract and then add charges or services without previously disclosing to the consumer the goods and service to be added and obtaining the consumer's consent." In a typical transaction, a dealer and consumer negotiate the terms of a vehicle sale and those negotiations often include the addition of vehicle accessories (CD player etc.) before the final negotiated price of the vehicle (including accessories) is agreed to by both parties. After the final selling price is negotiated between the dealer and the consumer, it would be unlawful under Section 11713.19 to add charges for additional goods and services without disclosing the addition of the new items and obtaining the consumer's consent. None of these amendments were intended to permit the inclusion of undisclosed charges in auto purchase or lease transactions. These amendments were made for the purposes of consistency of draftsmanship and with the understanding that Section 11713.19 would remain an effective prohibition on the inclusion of any charge or charges in a consumer contract which the auto purchaser or lessee has not approved. The purpose of this section is to establish a general prohibition against the practice of an auto dealer negotiating the terms of a purchase or lease contract, and then adding to that contract a charge or charges which the consumer has not approved. This general prohibition supplements the more specific prohibitions which identify particular aftermarket products or services, and is necessary to address any other types of products or services which might be subject to "packing" practices.

Very truly yours,

CINDY MONTAÑEZ, Assembly Member
Thirty-ninth District

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2004-118
July 14, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the recent history of judicial review of decisions made by the Public Utilities Commission (commission).

This report concludes that together with legislation passed in 1996, the Calderon-Peace-MacBride Judicial Review Act of 1998 (act) expanded the courts in which parties could seek judicial review of commission decisions and broadened the grounds on which judicial review could be sought. Although the average annual number of decisions made by the commission in the six years since the act has not substantially changed from the five-year period before the act, the average annual number of petitions seeking judicial review of commission decisions has increased. Moreover, since the act, the number of petitions for which the courts have granted review of commission decisions has increased.

Since the act, the standard of review for commission decisions more closely resembles the standards of review for decisions of other agencies that regulate utilities at the federal level and in many of the 10 states we surveyed. However, judicial review is generally mandatory in the court level in which a party first seeks review of a decision by most of the entities we surveyed, whereas the California appellate courts have a certain degree of discretion in determining whether to grant or deny a petition seeking judicial review of a commission decision.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Judiciary.

California State Auditor

2004-134
July 28, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee (audit committee), the Bureau of State Audits presents its audit report concerning the State Athletic Commission's (commission) operations of the boxers' pension plan. Specifically, the audit committee was interested in the condition of the boxers' pension plan in its current form, whether the statutory requirements for pension contributions are being met, how much is being spent on administrative costs, and the best course of action to ensure its long-term viability.

This report concludes that only a small percentage of boxers who fight in California will ever receive a pension and those who do will only receive a small benefit. Since the pension plan was modified in 1996, on average four boxers per year have vested. While the 18 vested boxers with account balances currently at age 50–54 would have received a defined benefit averaging \$98 per month at age 55 under the original plan, we estimate the average account balance is large enough for the average boxer to receive approximately \$170 per month for 10 years under the current plan when they reach age 55. Finally, the commission has many problems with its day-to-day administration of the pension plan, including failure to raise the 88-cent-per-ticket assessment (pension contributions) to meet the statutory funding requirements, untimely remittances of pension contributions to the state treasurer, and errors in determining boxers' eligibility.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Arts, Entertainment, Sports, Tourism, and Internet Media.

California State Auditor

2004-124
August 2, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the sufficiency of the Department of Parks and Recreation's (Parks) staffing levels and other resources at state swimming beaches necessary to protect the public. This report concludes that even though Parks reported a significant increase in estimated beach attendance and lifeguard workload from 2000 to 2004, it did not report an increase in drownings where there was a staffed lifeguard tower or station. In

addition, although we estimate that Parks' lifeguards worked slightly fewer hours in 2004 than in 2000, its lifeguard staffing patterns and its mix of permanent and seasonal lifeguards seem reasonable. While Parks has reported an increasing number of drownings in its unguarded waters over the last five years, based on the circumstances surrounding the 31 unguarded water drownings it reported in 2004, we believe that adding more lifeguards may not be an appropriate response.

Further, while Parks' districts with an aquatic safety program (lifeguard district) overall spent about the same amount on support costs in fiscal years 1999–2000 and 2003–04, they significantly decreased their spending on the equipment and facility operations portion of those costs in comparing the two years. As a result, the lifeguard districts' sectors that operate an aquatic safety program report a need for additional resources to maintain and add to their lifeguard equipment and facilities. However, Parks' management believes that the department has allocated sufficient funds to provide adequate aquatic safety while balancing the needs of all of its programs.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Water, Parks and Wildlife.

California State Auditor

2004-125
August 4, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Department of Health Services' (Health Services) administration of the school-based Medi-Cal Administrative Activities program (MAA).

This report concludes that MAA participation and reimbursements have increased significantly since fiscal year 1999–2000. Although school districts received \$91 million from MAA for fiscal year 2002–03, we estimate they could have received an additional \$57 million had all school districts participated and certain districts fully used MAA. However, Health Services does not believe it has the resources or a specific mandate to attempt to increase school districts' use of MAA and believes that assuming the role of increasing federally allowable MAA reimbursements will be in conflict with its responsibility to ensure the integrity of the expenditure of MAA funds. We do not believe that encouraging school districts to invoice for all federally allowable costs conflicts with Health Services' other responsibilities. Indeed, we believe Health Services has the responsibility, and already has a mechanism, to help school districts fully use MAA. Specifically, it could use its contracts with educational

consortia to require them to conduct outreach activities designed to increase MAA participation and federally allowable reimbursements.

In addition, because it has not performed a sufficient number of on-site visits and has not collected basic program data, Health Services is limited in its ability to identify potential problems developing at the local level. Oversight would be simplified and the program would be more efficient if school districts were required to submit invoices through an educational consortium, rather than have the additional option of submitting invoices through a local governmental agency, and if school districts were required to use a vendor competitively selected by a consortium when such services are needed.

During the Summer Recess our nation lost a hero of uncommon courage, a man of the United States Navy who, we in this Body, in 2002, voted to honor, who was also a recipient of the Medal of Honor, the highest award that our nation gives for valor. Heroes are very uncommon today. We talk about a lot of people who are heroes who aren't. We talk about many things such as glory, but if you are a hero you're not intending to be one and you have to earn that. Vice Admiral Stockdale was a captive of the North Vietnamese for 7½ years where his body was beaten brutally day after day, month after month, year after year and during this entire time he never gave in to his captors. His captors at one time were going to make a deceptive film about prisoners of war in Vietnam and Vice Admiral Stockdale found pieces of wood which he could use to disfigure his face and make himself bleed, so this deception could not be pulled on the American people. Another time when they were trying to make him do and say things against America, he found glass and slit his wrist so that he would pass out from weakness. All the time that they beat this man he resisted. As a matter of fact he went to his fellow captives and taught them how to resist, how to really truly put across the love, dedication, and loyalty you have for your nation.

Vice Admiral Stockdale was the recipient of 26 combat medals, including, as I already stated, the Medal of Honor, two Distinguished Flying Crosses, three Distinguished Service Medals, four Silver Star Medals, and two Purple Hearts. This is the type of man about whom you read. This is the type of hero that America is proud of. Vice Admiral Stockdale left behind his wife Sybil to whom he had been married for life, who in her own way, the time she spent waiting for her husband while he was a prisoner of war, is a hero in her own right.

FIRST READING OF SENATE BILLS

The following bill was read the first time:

SENATE BILL NO. 997—An act to add Chapter 4.7 (commencing with Section 50980) to Part 1 of Division 1 of Title 5 of the Government Code, relating to state military reservists, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 994

Governor's Office, Sacramento
July 18, 2005

To the Members of the California State Assembly:

I am returning Assembly Bill 994 without my signature.

It is my understanding that changing the designated appointing authority to the Insurance Commissioner is necessary due to an internal reorganization. Unfortunately, this bill goes further by expanding peace officer status to civil investigators without the appropriate Commission on Peace Officer Standards and Training report that is normally required when changing scope and function of peace officers.

For these reasons, I am returning AB 994 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Receipt of Bills

I acknowledge receipt this 18th day of July at 4:55 p.m., of Assembly Bill No. 994 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Jacque Roberts.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 202

Governor's Office, Sacramento
July 19, 2005

To the Members of the California State Assembly:

I am returning Assembly Bill 202 without my signature.

This bill would require that a petition to compel arbitration is the exclusive means for asserting the duty to arbitrate a dispute. Unfortunately, this legislation compromises the State's and other public employers' legal defenses in litigation involving labor contracts.

The author intended to amend the bill to make it clear that the rule limiting litigants to a petition to compel arbitration does not apply to disputes related to the terms of a collective bargaining agreement. My Department of Personnel Administration believes that the amendments do not clearly exempt collective bargaining agreements.

I am therefore unable to sign this bill in its current form.

Sincerely,

ARNOLD SCHWARZENEGGER

Receipt of Bills

I acknowledge receipt this 19th day of July at 6:35 p.m., of Assembly Bill No. 202 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Pamela Oto.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1739

Governor's Office, Sacramento
July 25, 2005

To Members of the California State Assembly:

I am returning Assembly Bill 1739 without my signature.

While I support the need to focus attention on finding adequate legal services for low-income Californians by encouraging pro bono work by lawyers, assisting self-represented litigants, and improving access to the courts, this bill fails to accomplish these goals.

The California Commission on Access to Justice did excellent work in 2002 by producing the first report, *The Path to Equal Justice: A Five-Year Status Report on Access to Justice in California*. The Commission is willing to prepare the next report without the need for a statutory mandate. It is unclear what this bill would accomplish that could not be addressed or achieved administratively.

For these reasons, I am unable to sign this bill at this time.

Sincerely,

ARNOLD SCHWARZENEGGER

Receipt of Bills

I acknowledge receipt this 25th day of July at 4:55 p.m., of Assembly Bill No. 1739 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Pamela Oto.

E. DOTSON WILSON
Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 1003Governor's Office, Sacramento
July 26, 2005*To the Members of the California State Assembly:*

I am returning Assembly Bill 1003 without my signature.

With the passage of Proposition 218, voters clearly specified that fees should not be imposed without their approval. Unfortunately, some governmental agencies have used an ambiguity in the law to circumvent the will of the people by disguising new taxes as fees. I discourage this practice and encourage the Legislature to help eliminate this ambiguity.

Watershed protection, including reducing pollutants in storm water and urban runoff, is essential. It is important to give the Ventura County Watershed Protection District the tools it needs to carry out its mission in this area. Unfortunately, this bill, as drafted, would not protect against the possibility of imposing a fee without voter approval. Although I believe the District would not subvert the will of the voters by imposing such a fee, this bill could be interpreted to allow it.

I urge the Legislature to send me a bill that addresses these concerns, so that I can sign it before the Interim Study Recess.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1096Governor's Office, Sacramento
July 26, 2005*To the Members of the California State Assembly:*

I am returning Assembly Bill 1096 without my signature.

In any bill designed to increase voter participation, we have to balance that goal against the potential increase in voter fraud. This bill eliminates the requirement that an absentee voter must be ill or disabled to have someone return his or her ballot to the polling place. If the Legislature desires to lower certain standards in favor of convenience, they must include other measures that put additional safeguards in place to protect against voter fraud and ensure that those individuals returning ballots are eligible and truly authorized to do so.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1448Governor's Office, Sacramento
July 26, 2005*To the Members of the California State Assembly:*

I am returning Assembly Bill 1448 (Saldana) without my signature.

Governmental actions on behalf of the public need significant public scrutiny to ensure that officials act in the public's best interest. Actions from state entities typically receive significant attention and scrutiny, but actions from smaller lesser-known boards generally do not. This lack of attention can make those boards more susceptible to influence

from other interests. A strong anti-corruption law provides protection against such interests.

Section 1090 of the Government Code is extremely important to California and is one of the strongest anti-corruption laws in the nation. Its purpose is critical in order to ensure that public officials perform their duties in an impartial manner, free from bias caused by their own financial interests. This bill would erode the public's protection in Section 1090 by allowing an exception.

For this reason, I am unable to sign this measure.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1630

Governor's Office, Sacramento
July 26, 2005

To Members of the California State Assembly:

I am returning Assembly Bill 1630 without my signature.

This bill changes tax policy retroactively and is specifically intended to address an issue that is pending before the California Supreme Court. It is inappropriate and simply unfair to taxpayers to change tax laws retroactively.

I am not opposed to the policy outlined in this bill and would be willing to consider a bill which applied the policy prospectively.

For the reason stated above, I am unable to support this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Receipt of Bills

I acknowledge receipt this 26th day of July at 4:40 p.m., of Assembly Bills Nos. 1003, 1096, 1448, and 1630 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Pamela Oto.

LAWRENCE A. MURMAN
Assistant Chief Clerk of the Assembly

The following message from the Governor was received and ordered printed in the Journal:

Governor's Message—Assembly Bill No. 254

Governor's Office, Sacramento
July 25, 2005

To Members of the California State Assembly:

I am signing Assembly Bill 254.

This bill specifies the notification and staffing requirements that must be met when a public or private K-12 school voluntarily installs an automatic external defibrillator (AED) on school grounds including providing immunity from civil liability resulting from any acts or omissions in using the AED's use to render emergency care.

In the United States, about 220,000 people die each year from sudden cardiac arrest (about 600 people each day). A victim's best chance of survival is when there is revival within four minutes. The chances of survival decrease by seven to ten percent for each minute that passes

without defibrillation. I believe that AB 254 will help increase the availability of AEDs to the general public and will save lives.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Message—Assembly Bill No. 1769

Governor's Office, Sacramento

July 27, 2005

To Members of the California State Assembly:

Like a fine wine, fire chiefs improve with age and experience. Just because an individual hits a mark on a calendar does not mean that he or she is incapable of doing his or her duties. I encourage our public servants to continue to serve our state as long as they are willing and capable.

For these reasons, I am signing Assembly Bill 1769 to allow Los Angeles County to retain its current fire chief, Michael Freeman.

Chief Freeman is a well-respected leader in Los Angeles County. Losing his expertise and experience by placing a limit on his service is a detriment to the Los Angeles County Fire Department and the four million residents it serves. If he is willing and capable, he should be allowed to serve until he is ready to retire. Furthermore, the Legislature should revisit this issue and eliminate the clause that requires the chief to resign in 2009.

Sincerely,

ARNOLD SCHWARZENEGGER

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2004-133
August 11, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning California's preparedness for responding to an infectious disease emergency.

This report concludes that despite completing several tasks for responding to infectious disease emergencies, California needs to do more to improve its preparedness. We found that California has emergency plans to guide its response during infectious disease emergencies, has participated in emergency exercises, and has completed many critical benchmarks for two federal cooperative

agreements, which are designed to help prepare states and local entities for public health threats and emergencies. However, the Emergency Medical Services Authority has not updated two critical plans: the *Disaster Medical Response Plan*, last issued in 1992, and the *Medical Mutual Aid Plan*, last issued in 1974. In addition, the Department of Health Services (Health Services) does not have a tracking process for following up on recommendations identified in postexercise evaluations, known as after-action reports. Further, although Health Services has completed 12 of 14 critical benchmarks that one of the cooperative agreements required it to complete by June 2004, we cannot conclude it completed the other two. In addition, Health Services has been slow in spending funds for the other cooperative agreement.

Moreover, based on visits to five local public health departments (local health departments), neither their plans nor other local health department policies included written procedures for following up on after-action reports. Also, none of the five local health departments had fully completed all the critical benchmarks for a federal cooperative agreement by the June 2004 deadline; two counties report they have since completed the benchmarks. Factors that we identified at the five local health departments that serve to increase their overall preparedness for responding to infectious disease emergencies included emergency plans, mutual aid, and exercises and after-action reports.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Health.

California State Auditor

2005-008
August 16, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: The Bureau of State Audits presents its audit report of the State Treasurer's Office statement of securities accountability as of December 31, 2004.

The statement of securities accountability presents the securities owned by or pledged to the State directly, or under investment agreements, and those securities held for safekeeping. The State Treasurer's Office is responsible for the safekeeping of all these securities held in the treasury or other depositories. It is not responsible for securities owned by or pledged to the University of California, or for securities in other depositories owned by or pledged to the Public Employees' Retirement System, the State Teachers' Retirement System, the Legislators' Retirement System, or the Judges' Retirement System. For the statement of securities accountability, the State Treasurer's Office assigned dollar amounts to each security for ease of accountability rather than for purposes of valuing securities at cost or market. The dollar amounts assigned represent various values, including the par or face value, the original principal value, the current outstanding principal balance, or a nominal value of \$1 per certificate or note. Therefore, the dollar amounts presented in the statement of

securities accountability should not be used to determine the value of investments owned by, or pledged to, the State. We found that the statement presents fairly the securities accountability of the State Treasurer's Office as of December 31, 2004.

We conducted this audit to comply with the California Government Code, Section 13299.1.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Banking and Finance.

California State Auditor

2004-126
August 17, 2005

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Department of Parks and Recreation's (department) administration and allocation of moneys in the Off-Highway Vehicle Trust Fund (OHV trust fund).

This report concludes that the Off-Highway Motor Vehicle Recreation Commission and the department's Off-Highway Motor Vehicle Recreation Division (division) have not developed the shared vision, goals, and strategies necessary to balance off-highway vehicle recreation with concerns for the environment. Recent legal requirements to spend designated portions of OHV program revenue for conservation, restoration, and law enforcement have not been met and because the division is not setting aside the cash, a growing unfunded obligation exists. In addition, the division and the department have spent or plan to spend \$38 million for three land acquisition projects—one completed and two under consideration—that offer little or no additional OHV recreation. Further, based on a questionable legal interpretation and inadequately supported cost estimates, the department is using OHV trust fund money—\$3.6 million during fiscal year 2003–04—to support state parks that do not have OHV recreation. The division has also used contracts for questionable purchases and violated state contracting rules, including 80 instances of splitting tasks into multiple contracts to avoid regulatory oversight. Finally, the division's management of the funds expended through grants and cooperative agreements needs improvement.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Transportation.
