CONSENT TO PRINT IN JOURNAL

Pursuant to the previous roll call, Assembly Member Levine was granted consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 548

August 30, 2007

Mr. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I have authored Assembly Bill 548, which would require owners of multifamily dwellings to arrange for recycling services consistent with state or local law requirements. For the purpose of this bill, an owner of a multifamily dwelling, defined as a residential facility that consists of five or more living units, shall be responsible for arranging appropriate recycling services.

While it is my desire and goal to have all single and multifamily dwellings in California provide recycling services, I would like to make clear that AB 548 does not apply to forms of real property where an individual owner owns an interest in common in a portion of that real property, coupled with a separate interest of fewer than five units, and which are governed by an association.

Each individual unit owner who owns his or her separate interest of fewer than five units, together with interest in the common area, is not subject to the provisions of AB 548. An association that is not the owner of five or more units is not subject to the provisions of AB 548. However, nothing in AB 548 or in this letter is meant to discourage an owner or an association from voluntarily providing recycling services.

Furthermore, due to potential variation in locally available programs and conditions at each multifamily site, the bill is specifically intended

to increase recycling opportunities for the residents of multifamily dwellings without being overly prescriptive regarding the particular type of recycling collection services required.

It is my intent that the expertise of the waste handling and recycling service providers operating in each community be given great weight by all parties in determining what recycling services are appropriate for the residents of a multifamily dwelling.

The bill is not intended to displace the current waste handling service provider.

Sincerely,

LLOYD LEVINE, Assembly Member
Fortieth District

July 20, 2007

To the Members of the California State Assembly:

I am signing Assembly Bill 905, which would authorize the Superintendent of Public Instruction (SPI) to extend the currently authorized 60-working-day period of eligibility for child care when the parents of a family are seeking employment, by an additional 60-working days.

I am sympathetic to the need of these parents to maintain state subsidized child care, especially in areas with disproportionately high numbers of seasonal employment. However, I am also cognizant of the cost pressures associated with allowing the SPI to have this discretion, and the displacement of other families currently on the waiting list for child care. Therefore, I am encouraging the SPI to act judiciously in granting these extensions, taking into account any pressure on the State's current operating deficit and the impact on families who are expecting to get off the existing waiting list.

With that understanding, I am signing this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Eng was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 843

September 5, 2007

Mr. Dotson Wilson

Chief Clerk of the Assembly

State Capitol, Room 3196

Sacramento, California

Dear Mr. Wilson: This letter clarifies a provision of my Assembly Bill 843 as voted upon for concurrence today.

Subdivision (j) of Section 480 contained in Section 1 of the bill provides that if there is no address specified for mailing tax information on either the recorded instrument or document evidencing a transfer of an interest in real property or manufactured home or the filed preliminary change in ownership report, or the transferee has not provided a subsequent address for mailing tax information, then the assessor shall mail the request to the transferee at the transferee's current address.

It is my intent that in the situation when the request must be mailed to the transferee at the transferee's current address that if the assessor mails the request to the transferee at the transferee's last known address then the assessor would be in compliance with the terms of that provision. However, in no event shall this letter be construed to impair the transferee's argument for penalty abatement because the transferee did not receive the written request.

Sincerely,

MIKE ENG, Assembly Member
Forty-ninth District

Lord, So many times, we want to hang on to what is over and done with, because we're used to it. Rather than hanging on to past things, what is needed most in this world, is a change to Your way of thinking and an embrace of Your Spirit: humility, selflessness, an open welcome and the capacity of seeing the best in others. Guide us, Lord, to understand how powerful these things can be and how Your Spirit brings us life.—AMEN.

Explanation of Vote—Assembly Bill No. 193

September 10, 2007

*Chief Clerk Dotson Wilson
State Capitol, Room 3196
Sacramento, California*

Re: AB 193

Dear Mr. Wilson,

I inadvertently voted aye on AB 193 but my intention was to stay off of this measure. I understand that the process for changing the vote is a two part process including staying after session to change the vote from the desk and to verify at the kiosk. Due to the late hour, I inadvertently missed the second part of the process and did not verify my vote change at the kiosk.

I would like to go on record that I am not in support of AB 193.

Thank you,

PEDRO NAVA, Assembly Member
Thirty-fifth District

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Veto Message—Assembly Bill No. 1465

Governor's Office, Sacramento
September 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1465 without my signature.

This bill merely reiterates in statute that the Compton Unified School District (CUSD) and the Los Angeles Unified School District (LAUSD) must abide by the terms of their existing mutually adopted agreement, including the provision that pupils shall not be required to annually resubmit a new transfer application. Therefore, this bill is unnecessary.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Receipt of Bills

I acknowledge receipt this 10th day of September at 4:50 p.m., of Assembly Bill 1465 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Jacque Roberts.

PRAYER

Upon invitation of Speaker pro Tempore Lieber, the following prayer was offered by Assembly Chaplain Father Constantine C. Pappademos:

Lord, In the six years since the terrorist attacks of September 11th, the debates in this country regarding the proper response to those attacks are all very poignant and valid in a democracy, even though many times in history we've learned that loose lips, sink ships. Yet, on 9/11, we were drawn into a conflict with a region of the world that is besieged by ethnic and sectarian hatreds. As our political leaders search for a way to deal with the problems following September 11th, we turn our attention this morning to those who lost their lives on this day six years ago, and to the military casualties since then. We ask You, Lord, to grant rest to their souls in a place of peace where there is no pain or strife. Bring comfort to the families who have lost loved ones since then and help us all to show that love and faith in You is always the proper response to hatred.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Lieber, Assembly Member Tran then led the Assembly in the pledge of allegiance to the Flag.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Speaker Núñez was granted unanimous consent that the following statements of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 1058

E. Dotson Wilson

Chief Clerk

State Capitol, Room 3196

Sacramento, California

Dear Mr. Wilson: I respectfully submit this letter to be printed in the Assembly Journal in an effort to provide context for my Assembly Bill 1058.

The intent of AB 1058 is to address the development of residential green building standards to be coordinated by the Department of Housing and Community Development and adopted by the California Building Standards Commission into the California Building Code.

Concerns were raised that this bill could be interpreted to expand the authority of the California Building Standards Commission to supersede standards, green building and otherwise, developed by other entities pursuant to their existing authority. The intent of subdivision (1) of 18944.56 was to assure entities, such as the State Energy Resources Conservation and Development Commission and Air Resources Board, that the existing authority of agencies, departments, and boards would remain not just with regard to “building standards,” but for other standards and regulations permitted by law as well. The intent of the bill was that green building standards developed pursuant to this bill would supplement, not supersede or lessen requirements such as the energy efficiency standards adopted by the State Energy Resources Conservation and Development Commission.

A question was also raised as to whether Section 18944.62 would require the California Building Standards Commission to adopt all the most stringent provisions of the existing programs identified in the bill. The intent of Section 18944.62 is to ensure that California homes achieve substantially equivalent environmental benefits as homes built using recognized existing green building guidelines, and for the Department of Housing and Community Development and the California Building Standards Commission to determine, using the process set forth in this bill, how best to achieve those benefits.

Respectfully submitted,

JOHN LAIRD, Assembly Member
Twenty-seventh District

Legislative Intent—Assembly Bill No. 761

September 11, 2007

Mr. Dotson Wilson

Chief Clerk of the Assembly

State Capitol, Assembly Chambers

Sacramento, California

Dear Mr. Wilson: This letter presents the intent of the author in connection with AB 761 (Coto) regarding small business contracts. I am asking that this letter be printed in the Assembly Daily Journal.

AB 761, as passed by the Assembly on September 10, 2007, contains a provision requiring each state agency awarding contracts financed with the proceeds of bonds sold pursuant to the infrastructure bond acts of 2006, as defined in the bill, to establish a 25 percent small business participation goal in all contracts it financed with such funds. The intent of this provision is to require that awarding departments achieve the 25 percent participation goal as an average of all contracts awarded in a fiscal year, and not as a 25 percent participation goal for each contract awarded.

Thank you for your attention to this matter.

Sincerely,

JOE COTO, Assembly Member
Twenty-third District

Legislative Intent—Assembly Bill No. 1168

September 11, 2007

Mr. Dotson Wilson

Chief Clerk of the Assembly

State Capitol, Room 3196

Sacramento, California

Dear Mr. Wilson: I have authored Assembly Bill 1168, which would, in part, require county recorders to establish a social security number truncation program in order to prevent the incidence of identity theft.

It is my intent that the type of electronic document management system that a county recorder uses to establish a social security number truncation system that complies with the provisions of the bill be at his or her discretion.

In addition, while the bill requires county recorders to establish a social security number truncation program, it is not intended to impose additional requirements on a county recorder regarding the examination of documents prior to recording.

Sincerely,

DAVE JONES, Assembly Member
Ninth District

Legislative Intent—Assembly Bill No. 679

September 11, 2007

*The Honorable E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I write to express my intent with regard to Assembly Bill 679 as it relates to state preemption.

AB 679 would require the court to impose a fine on those that have been convicted of certain specified illegal dumping violations. In addition, AB 679 would require that the proceeds from this fine be deposited in the city or county general fund for purposes of illegal dumping enforcement activities.

This bill aims at reducing the total cost of illegal dumping by increasing the monetary deterrent associated with this behavior while giving resources to those responsible with prevention and enforcement.

While this bill attempts to reduce the costs associated with combating illegal dumping it is not intended to occupy the field of laws relating to illegal dumping. Thus, AB 679 is not intended to preempt any city ordinance establishing additional penalties for the crime of illegal dumping, nor is it intended to impact *O'Connell v. City of Stockton* (2007) 63 Cal.Rptr.3d 67 as decided by the Supreme Court.

Sincerely,

JOHN J. BENOIT, Assembly Member
Sixty-fourth District

Legislative Intent—Assembly Bill No. 833

September 7, 2007

*Mr. E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

RE: Assembly Bill 833 (Ruskin)

Dear Mr. Wilson: Some industry groups have expressed concern that AB 833 could be interpreted to require submittal of multiple toxic release reporting forms to the Department of Toxic Substances Control (DTSC). This concern is based on the language in Health and Safety Code section 25546.4 (a) which requires submittal of "the same information" required under the existing federal Toxic Release Inventory (TRI) regulations, express authority for DTSC to develop a new reporting form pursuant to H&SC Section 25546.4 (d) and future changes to the federal TRI reporting form pursuant to U.S. Environmental Protection Agency's (USEPA's) anticipated renewal of the TRI Information Collection requests.

The purpose of AB 833 is to preserve public access to chemical release information reported to USEPA as required pursuant to federal regulations in place on January 1, 2006, but exempted on and after this date pursuant to newly adopted federal regulations in Part 372 of Subchapter J of Chapter 1 of Title 40 of the Code of Federal Regulations. This bill is only intended to authorize the department to require supplemental chemical release reporting necessary to accomplish this purpose. In so doing, DTSC is specifically required to

minimize additional reporting burdens through use of existing federal forms and data already submitted under existing California-specific reporting programs. The Department of Toxic Substances Control should make every effort to ensure that reporting requirements can be satisfied through submittal of a single reporting form, utilizing existing electronic reporting capacity to the maximum extent feasible.

If DTSC's actions in implementing this measure give rise to the concerns noted above, I will author legislation to resolve those issues.

Sincerely,

IRA RUSKIN, Assembly Member
Twenty-first District

Legislative Intent—Senate Bill No. 5

September 11, 2007

Mr. Dotson Wilson

*Chief Clerk, California State Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Wilson,

This letter is intended to explain the meaning of the term "Federal Emergency Management Agency standard of flood protection," as used in Senate Bill 5 (Machado).

This term refers to existing federal criteria for development in flood-prone areas. Such criteria include those set forth in the Flood Plain Management regulations promulgated by the Federal Emergency Management Agency, which appear in Title 44 of the Code of Federal Regulations, as amended. Many local jurisdictions have adopted ordinances that are based on the criteria set forth in these regulations. This regulatory framework is the "Federal Emergency Management Agency standard of flood protection" referenced in the legislation.

Please include this letter in the Assembly Daily Journal to explain the Assembly's intent with regard to the meaning of the term "Federal Emergency Management Agency standard of flood protection." I appreciate your attention to this matter.

Sincerely,

LOIS WOLK, Assembly Member
Eighth District

Legislative Intent—Assembly Bill No. 1130

September 11, 2007

Mr. Dotson Wilson

*Chief Clerk, California Assembly
Room 3196, State Capitol
Sacramento, California*

Dear Mr. Wilson: I would appreciate it if this letter would be printed in the Journal.

The purpose of this letter is to clarify the nature of the program that is being transferred from the state to local agencies by my bill AB 1130.

AB 1130 transfers implementation of the Above-ground Petroleum Storage Act (Health and Safety Code Chapter 6.67, (the Act)) from the State Water Resources Control Board to the Unified Program Agencies

(UPAs), which are local agencies that currently inspect underground storage tanks, facilities that have hazardous materials, and facilities that handle hazardous wastes.

Implementation of the Act includes review of annual tank facility statements, review of Spill Prevention Control and Countermeasure (SPCC) plans prepared by the tank owner/operator, and inspections of aboveground storage tanks at tank facilities covered by the Act to determine whether the SPCC plan was prepared and is being implemented in compliance with federal law. There is no state or federal approval of SPCC plans. In many cases, a civil engineer is required to certify the plan and its recommendations. It is then up to the planholder to implement and update the plan as necessary.

More specifically, a UPA's review of an SPCC plan includes, but is not limited to, the following elements:

- Determination whether a facility is required to have an SPCC plan under applicable federal and state law;
- Determination whether a plan was prepared and is being implemented in compliance with regulations, guidance and legal interpretations issued by the federal Environmental Protection Agency;
- Determination that a plan has been updated to reflect changes to the facility or operations over time.

Current law and AB 1130 specify that the purpose of an aboveground storage tank inspection is to determine whether the owner or operator is in compliance with the SPCC plan requirements in Chapter 6.67. They do not specifically provide authority for independent evaluation of the recommendations or provisions in SPCC plans, but require review to ensure that an SPCC plan complies with federal regulations and is implemented in compliance with federal regulations. UPAs, however, may have the ability to make independent judgments on facilities or operations under other legal or regulatory authorities.

Sincerely,

JOHN LAIRD, Assembly Member
Twenty-seventh District

Legislative Intent—Assembly Bill No. 1148

September 11, 2007

*The Honorable Fabian Núñez
State Capitol, Room 219
Sacramento, California*

Dear Speaker Núñez: It has come to my attention the intent language in AB 1148 may be misleading. In order to alleviate any concerns, I am submitting this letter to the journal, to state my intentions of carrying legislation next year that would delete the intent language in the bill should AB 1148 be signed into law.

The intention of AB 1148 is to ensure that the Budget Committees, Department of Finance and the Governor's office have the publisher price quotes for upcoming adoptions so that it can be incorporated into the budget process. It also requires that the State Board identify essential components of instructional materials. And finally, it requires the Superintendent of Public Instruction to recommend to the Legislature whether the practice of publishers providing school districts with products free of charge should be prohibited or modified or determined to be truly free.

The intent language in the bill does not reflect the final version of the bill. AB 1148 addresses pricing issues of instructional material whereas the intent language addresses choices of materials. It is my hope that his letter will serve as my commitment to strike the language next year so that the intention of AB 1148 is perfectly clear.

Sincerely,

JULIA BROWNLEY, Assembly Member
Forty-first District

Legislative Intent—Assembly Bill No. 941

*Mr. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: This letter clarifies my intent regarding Assembly Bill 941, heard today in Assembly Health Committee.

The language contained in subparagraph (B) of paragraph (3) of subdivision (a) of Section 1798.200 of the Health and Safety Code as added by this measure shall be construed to have the same meaning as the language contained in subdivision (e) of Section 1799.112 of Health and Safety Code.

Sincerely,

ALBERTO TORRICO, Assembly Member
Twentieth District

Legislative Intent—Assembly Bill No. 112

September 11, 2007

*Dotson Wilson**Chief Clerk of the Assembly
State Capitol
Sacramento, California*

Dear Mr. Wilson: The purpose of this letter is to memorialize my intent in authoring Assembly Bill 112 which establishes criteria for Safety Enhancement Double Fine Zones (SEDFZ) on state highways, including Highway 12, a process for establishing future SEDFZs, and studying the feasibility and criteria for SEDFZs that relate to pedestrian injuries and fatalities.

It was my intention to further amend this legislation to require the California Department of Transportation to establish specific criteria for pedestrian related SEDFZs and to provide that the Department shall designate the portion of State Highway Route 1 between 19th Avenue and Junipero Serra Boulevard and the intersection of State Highway Route 1 and Lake Street in San Francisco to be a SEDFZ if it is found to meet the new criteria. Due to legislative deadlines this amendment was not adopted.

I will work with Senator Leland Yee and the Department to enact this provision in the remaining year of the 2007–08 session when we reconvene in January, 2008 and that the study in AB 112 will begin the Department's preliminary work toward this effort when the bill takes effect January 1, 2008.

*E. Dotson Wilson, Chief Clerk
California State Assembly
State Capitol, Room 3196
Sacramento, California***Legislative Intent—Assembly Bill No. 1613**

Dear Mr. Wilson: My purpose in writing this letter to the Assembly Journal is to confirm the author's intent of Assembly Bill 1613, specifically the proposed PU Code Section 2841 (e). This section is intended to provide equal cost and benefit treatment of customers of electrical corporations that receive bundled service, that receive power via community choice aggregation or via a direct transaction. Further, it is the intent of the author that "direct transaction" is to be interpreted as service between a customer and an electric service provider only and specifically does not include transactions authorized under PU Code Section 218 (b)(2), including "over the fence transactions".

Sincerely,

SAM BLAKESLEE, Assembly Member

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2007–037
September 12, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As required by the Housing and Safety Code, Division 31, sections 53533 and 53545, the Bureau of State Audits presents its audit report concerning the first audit in a series on the Housing and Emergency Shelter Trust Fund acts of 2002 and 2006.

This report concludes that the Department of Housing and Community Development (department) and the California Finance Housing Agency generally awarded funds in a timely manner and consistent with the law. However, we noted that the monitoring of awardees performed by the department is inconsistent. In addition, the department overrode controls over advances put in place for one of the programs tested. Further, for two of the programs we reviewed, the

department had not established monitoring processes for the completion phase of its agreements with awardees. Strengthening its oversight in these areas would help the department ensure that awardees have used funds only for eligible costs and that their activities benefit only targeted populations.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Housing and Community Development.

California State Auditor

2007-106
September 13, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the funding and approval process required for grade separation projects by state and local transportation agencies.

This report concludes that although the Public Utilities Commission's (Commission) priority list of grade separation projects for the last several years has contained more than 50 projects, the California Department of Transportation has been unable to allocate all of the Grade Separation Program funds because local agencies have often not taken the additional steps necessary to apply for the funds once their projects are included on the Commission's priority list. Part of the reason for this failure to apply for funds is that the cost of grade separation projects has increased more than tenfold over the past 30 years while the funds available from the Grade Separation Program have remained unchanged. Specifically, the average cost of a grade separation project has increased from \$2.5 million in 1974 to a current average of just more than \$26 million. Local agencies say they are experiencing difficulties securing the funding necessary to pay for their share of grade separation projects; thus, some are not nominating new projects to be included on the Commission's priority list and many are not applying for funds for the projects already on the priority list.

A report prepared by the Commission in March 2007 showed that \$165 million is needed to provide funding for the same number of grade separation projects that \$15 million provided in 1974. Additional funding will be available for grade separation projects from a bond measure approved by California voters in November 2006, which will

provide a one-time amount of \$250 million to improve railroad crossing safety. The bond measure makes \$150 million of these funds available for allocation under the process established for the Grade Separation Program.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Transportation.

Investigative Report I2007-2
September 20, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Pursuant to the California Whistleblower Protection Act, the Bureau of State Audits presents its investigative report summarizing investigations of improper governmental activity completed from February 2007 through June 2007.

This report details nine substantiated allegations in several state departments and universities. Through our investigative methods, we found waste and misuse of state funds and resources, incompatible activities, a conflict of interest, and other improper activities. For example, our investigation found that the California Highway Patrol wasted \$881,565 in state funds when it purchased 51 vans and allowed nearly all of them to sit idle for more than two years.

In addition, this report provides an update on previously reported issues and describes any additional actions taken by state departments to correct the problems we previously identified. For example, the Department of Conservation reported that when it pursued adverse action against an employee who engaged in improper acts, the employee resigned. It further reported that it is currently pursuing adverse action against the employee's manager who also engaged in improper acts.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

MESSAGES FROM THE GOVERNOR

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Message—Assembly Bill No. 1723

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am signing Assembly Bill 1723 to modernize California's laws governing interest on lawyer trust accounts (IOLTA).

When the IOLTA concept was introduced 25 years ago, interest-bearing checking accounts were the only instruments available that were deemed appropriate for holding IOLTA funds. In the ensuing decades, banks have introduced new products that offer much higher interest rates while at the same time providing equivalent levels of safety and liquidity to the customer.

This bill also provides increased funding opportunities for legal aid programs. Expanding the reach of legal services for the poor will not only benefit those who are able to obtain legal assistance, but will also benefit the courts by alleviating some of the burdens imposed by litigants who are currently forced to represent themselves.

For these reasons, I am signing this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Message—Assembly Bill No. 159

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am signing Assembly Bill 159.

California continues to suffer from a severe shortage of trial court judgeships and the ramifications are serious and far-reaching. Ultimately, this shortage results in decreased access to the courts,

compromised public safety, an unstable business climate, and, in some courts, enormous backlogs that inhibit fair, timely and equitable justice. This bill will add 50 new superior court judgeships and authorize the conversion of 146 existing subordinate judicial officer positions to judgeships.

While I am signing this bill to address this critical need in our judicial system, I am doing so with the understanding that the author will fix a minor technical issue related to the agency at the State Bar responsible for the evaluation of judicial candidates.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Message—Assembly Bill No. 617

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am signing Assembly Bill 617 because it will allow the state more flexibility in establishing financial protections for information technology contracts. However, the language crafted in this bill is technically incorrect, in that it requires the Department of General Services (DGS) to consult with the Department of Finance (DOF) to develop and maintain criteria for the evaluation of risk to the State that results from the acquisition of information technology by June 1, 2008. Pursuant to current law, Chapter 183, Statutes of 2007, nearly all the employees and responsibilities of the DOF's Office of Technology, Review and Oversight are to be transferred to the State Chief Information Officer (OCIO) on January 1, 2008.

Therefore, I am directing the DGS to coordinate these activities with the OCIO and DOF. I also note that the development and maintenance of risk assessment results may be delayed until a framework of information technology oversight is in place, and appropriate resources are available to address this work load at OCIO and DOF.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Message—Assembly Bill No. 1253

Governor's Office, Sacramento

October 14, 2007

To the Members of the California Legislature:

I am signing Assembly Bill 1253 because of the urgent need for the City of Soledad and the California Department of Corrections and Rehabilitation to address the waste water treatment issues in this area. However, I am directing the Department of General Services to enter into a long-term lease with the City of Soledad and not transfer this property until such time a CEQA exemption is provided in legislation.

This is surplus property and should typically be included in the DGS omnibus surplus property bill. As I have stated repeatedly over the past two years, there is no reason to apply CEQA to properties that are being sold. CEQA is properly applied when the use and zoning of property is changed. This transaction does neither therefore an exemption is justified.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Message—Assembly Bill No. 1108

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am signing Assembly Bill 1108, which would restrict a group of chemicals called phthalates, a type of plasticizer, from use in children's toys and child care articles.

While I believe the circumstances related to phthalates warrant taking action now, I do not believe that addressing this type of concern in the Legislature on a chemical by chemical, product by product basis is the best or most effective way to make chemical policy in California. I strongly believe there needs to be a systematic way to address these types of concerns where California's scientists can work together with experts from throughout the world to evaluate the health effect of chemicals, assess the risks they pose, and ensure that the safety of possible alternatives receives the same consideration.

I am looking forward to the recommendations being developed as part of the Green Chemistry Initiative led by my Secretary for Environmental Protection. I encourage the Legislature and all California stakeholders to participate in this important initiative so that we can develop policies that will again allow California to lead the nation and the world in health and environmental protection.

Sincerely,

ARNOLD SCHWARZENEGGER

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 483

Governor's Office, Sacramento
September 26, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 483 without my signature.

This bill would allow the Board of Governors of the California Community Colleges to conduct a study on the effectiveness of public contract limits as they apply to community college districts. Nothing in current law prohibits the Board of Governors from conducting such a study. Therefore, this bill is unnecessary.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 553

Governor's Office, Sacramento
September 26, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 553 without my signature.

This bill would provide the Public Employment Relations Board (PERB) with exclusive authority to determine whether public health and safety would be at risk in strike or lockout situations. Doing so would add an unnecessary layer of bureaucracy and potentially place the public at risk.

Cities and counties have common law and statutory authority over matters of public health and safety. When local governments seek injunctive relief from a strike, they are doing so because of a potential threat to the public health and safety of citizens. It is therefore imperative that local governments have access to immediate injunctive relief from superior courts during strike situations. As the courts are sufficiently suited to address matters of public health and safety, there is no reason to force decisions on injunctive relief into the slower PERB process.

For these reasons I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Receipt of Bills

I acknowledge receipt this 26th day of September at 2:30 p.m., of Assembly Bills Nos. 483 and 553 without the Governor's signature, together with statements of his objections thereto, signed by the Governor, delivered to me personally by Mikhael Skvarla.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 365

Governor's Office, Sacramento
October 5, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 365 without my signature.

I am supportive of efforts to align state workforce needs with program development at postsecondary education institutions. However, statutory authority is not necessary for the California Postsecondary Education Commission to meet the objective of convening meetings with the relevant entities, and developing recommendations. Therefore, this bill is unnecessary.

For this and other reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Receipt of Bills

I acknowledge receipt this 5th day of October at 2:45 p.m., of Assembly Bill 365 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Mikhael Skvarla.

LAWRENCE A. MURMAN

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 174

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 174 without my signature.

This bill would authorize the State Personnel Board to award reasonable attorneys fees and costs when the Board finds that a state civil service employee has suffered discrimination.

This is the third time I have vetoed legislation containing this provision. The majority of state employees are represented by their union or excluded employee organization in matters before the State Personnel Board. In addition, employees have the option of pursuing claims in other venues that allow for the awarding of attorneys fees. For these reasons, I maintain my position that this bill is unnecessary.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 182

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 182 without my signature.

While I support improved quality for In-Home Supportive Services (IHSS) providers and training activities, I cannot support this bill as it is unnecessary. California can already develop training standards for IHSS providers administratively at both the state and local levels. This bill could lead to the development of dozens of different training standards across the state. I believe consistent training standards can be more effectively developed at the state level. To that end, I am directing the Department of Social Services, in consultation with consumers, counties and other key stakeholders, to establish appropriate training standards for IHSS providers administratively to the extent resources are available to accomplish this task.

For these reasons, I am returning AB 182 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 238

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 238 without my signature.

I strongly support the In-Home Supportive Services (IHSS) program which provides services to low-income aged, blind or disabled persons

so they can remain safely in homes. My Administration has worked hard to secure more than 1.7 billion in federal funds to protect these important services. However, I cannot support expanding the program's scope to include reading services. This expansion would add more than one million dollars in new costs at a time of ongoing budget challenges. We must balance our need for important program services with our fiscal reality.

For these reasons, I am returning AB 238 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 319

Governor's Office, Sacramento
October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 319 without my signature.

This bill would establish a California Tsunami Steering Committee to guide tsunami hazard preparedness activities in the state and would require the Office of Emergency Services (OES) to establish a statewide tsunami hazard mitigation program to maintain consistent planning efforts regarding preparation, communication, response and mitigation in the event of a damaging tsunami.

OES has had a tsunami program in place since 1994 that addresses most of the components described in this bill. The OES currently has authority to conduct these activities. Further, this legislation could create a burden on the State General Fund when federal funds are no longer available.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 343

Governor's Office, Sacramento
October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 343 without my signature.

As I stated when I vetoed AB 1840 last year and AB 89 in 2005, compiling a report of California employers with more than 25 employees whose employees or their dependents are enrolled in public health insurance programs, would provide little value and fail to account for the complex and multi-faceted decision-making process that employees and employers consider when choosing health insurance. As crafted, this bill would yield incomplete information, based on data that most likely can not be verified, and include only a subset of employers, employees and their families. In addition, this bill would cost several million dollars to implement and would unnecessarily increase costs at a time of budget challenges. For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 494

Governor's Office, Sacramento
October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 494 without my signature.

Although I support granting greater flexibility to high-performing schools and districts, provisions of this bill are unnecessary. Current law already authorizes the State Board of Education to waive restrictive program requirements for high-performing schools. Additionally, the California Department of Education already notifies districts more than 60 days in advance if it will be conducting a review of their categorical programs.

State policymakers should have a real discussion on what kind of autonomy and flexibility, beyond simply waiving program review, high-performing districts can earn for providing quality educational delivery that leads to higher student achievement.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 665

Governor's Office, Sacramento
October 10, 2007

To Members of the California State Assembly:

I am returning Assembly Bill 665 without my signature.

This bill would require the Department of Housing and Community Development (HCD) to produce a report regarding growth management. However, some of the criteria called for in the report would require data which would be problematic, if not impossible, to gather. Also, while the bill provides that the report is only required to the extent funding is available, the bill requires HCD to make efforts to obtain the needed funding. This provision would place unnecessary pressure on HCD's general fund programs. If HCD were successful in obtaining the necessary funds, they could be better spent on activities that would help alleviate California's affordable housing crisis.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 701

Governor's Office, Sacramento
October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 701 without my signature.

This bill allows for various methods for the doubling of the compensation paid to city council members. One of these methods is the simple passage of an ordinance by the very council members who will

receive the higher compensation. Our city councils are one of our society's most direct links between citizens and their government. Therefore, the citizens must be given the opportunity to decide through a vote of the people whether their city council members should be compensated at a higher rate. Under this bill, the compensation can be increased one-hundred percent without such a vote. Current law already provides reasonable flexibility for cities to increase the compensation if its citizens see fit.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 834

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 834 without my signature.

Preventing and reducing oral disease among school-age children is an important goal. Last year, I signed legislation to require that children enrolled in kindergarten have an oral health assessment to better prevent oral health problems and contribute to a child's success in school.

While I am supportive of the author's goal, I am unable to sign this bill as it creates fiscal pressure and provisions of the bill can be more effectively done administratively. Therefore, I am directing the Department of Public Health to work with stakeholders to develop and implement efforts to simplify contracting, encourage providers to improve coordination with and access to existing dental coverage, and to continue to improve the California Children's Dental Disease Prevention Program.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 881

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 881 without my signature.

Along with every Californian, I share a genuine concern for the safety and well being of young passengers traveling in motor vehicles with their parents. Ultimately, it has to be the parents who are responsible for their children's safety.

In my veto message last year on this same subject (AB 2108), I stated my belief that the way to protect children was through efforts focused on the education and enforcement of existing laws not the addition of new ones. I have not changed my mind.

Parents set the example for their children and the first rule of car seat safety is to buckle up. In 2006, California achieved a seat belt use rate of 93.4 percent, and parents who use their seat belts are more likely to properly restrain their children. Vital keys to successfully protecting our children are the continuation of high visibility law enforcement campaigns such as “Click It or Ticket It” and educational campaigns designed to instruct parents on the proper use of child restraint systems and seat belts.

Rather than repeatedly passing new laws in response to the age, height or weight factors of our children and modifying legal requirements, a better strategy is to move towards full compliance with the laws we already have.

Sincerely,

ARNOLD SCHWARZENEGGER

October 10, 2007

To the Members of the California State Assembly:

I am committed to this bill’s goal of improving traffic flow on the streets of Los Angeles. I have demonstrated this through my support of the \$127 million in new Proposition 1B funds for Los Angeles local streets and roads and the recent awarding of \$150 million to the City of Los Angeles for stoplight synchronization.

Given that this bill imposes a reimbursable local mandate that must be supported by the General Fund and that much of the requested data is already available, I cannot sign this bill at this time.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 958

Governor’s Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 958 without my signature.

This bill contains language regarding county election officials and the operations of a marina. I am concerned that joining these two unrelated measures together in a single bill violates the single-subject rule and would provide grounds for litigation challenging the authority

of the counties to engage in the activities authorized by this bill. While I cannot sign this bill, I encourage the author to reintroduce legislation that would allow me to consider each of this measure's proposals separately.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 966

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

This bill will add costs and reduce revenues to an already stressed Motor Vehicle Account. Information on how to obtain a free senior identification card is currently made readily available by numerous senior advocacy groups and is published on the Department of Motor Vehicles website and in the official drivers' handbook. There is no need to incur further significant costs for this program as envisioned by this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 979

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 979 without my signature.

While I support maximizing federal funding and have secured more than 1.7 billion dollars in new federal funds to maintain the In-Home Supportive Services (IHSS) program, I can not support this bill as it is not necessary. The Department of Social Services can already identify and apply for any federal funds that are available to support or enhance the IHSS program.

For this reason, I am returning AB 979 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1244

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1244 without my signature.

While this bill tries to accommodate the use of golf carts on the public streets in the City of La Verne, I believe that existing law already enables local agencies to do this through the development of a Golf Cart Transportation Plan (GCTP).

I am concerned this bill appears to try to circumvent the requirement in existing law that, in developing a GCTP a city must establish and utilize a minimum design standard for roadways where separated golf cart facilities are needed and where they are not. I am particularly

concerned that AB 1244 appears to substitute a finding of the local city council, in lieu of a standard developed by a traffic engineer, in determining when a separate lane is needed.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1281

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1281 without my signature.

This bill would unnecessarily impose additional reporting and notification requirements on charter schools. Current law already requires charter petitioners to present a sound educational program for the pupils who would enroll in the charter school and include the qualifications to be met by individuals who would be employed by the school. Furthermore, both federal and state law prohibit charter schools from discriminating against any pupil on the basis of a disability. Therefore, this bill is unnecessary.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1339

Governor's Office, Sacramento

October 10, 2007

To the Members of the California Assembly:

I am returning Assembly Bill 1339 without my signature.

This bill would require the Department of Alcohol and Drug Programs (ADP) to develop a problem gambling prevention program, develop a strategic plan, and establish an advisory group.

Though I support efforts to address problem gambling, this legislation is duplicative of work being done by ADP. The Department has already established and implemented a problem gambling prevention program, developed and published a statewide strategic plan, contracted with the National Organization for Research at the University of Chicago to publish the 2006 Statewide Problem Gambling Prevalence Survey, and established an 18-member Advisory group to assist ADP with problem gambling prevention and treatment strategies.

For the reasons stated above, I cannot support AB 1339.

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

Current law already required the State Board of Education (SBE), in consultation with the Superintendent of Public Instruction (SPI), to study the appropriateness of other criteria by which highly proficient

pupils who are unable to pass the California High School Exit Exam can demonstrate their competency and receive a high school diploma. The SBE determined that no other criteria are appropriate. I do not want to undermine the intent of the law that all high school graduates demonstrate satisfactory proficiency. Furthermore, nothing under current law prohibits the SPI from undertaking the provisions of this bill without statutory authorization.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento

October 10, 2007

To the Members of the California State Assembly:

This bill imposes new continuing education requirements on individuals licensed to trap animals. Current law already requires the Department of Fish and Game (Department) to license these individuals. The proponents of this measure have not demonstrated a need for imposing a continuing education requirement. In addition, the bill is unclear as to who would provide this education and how the Department would oversee these providers. Finally, I am concerned that provisions of this bill requiring the transport of animals inadvertently trapped may conflict with existing law.

For these reasons, I am returning this bill without my signature.

E. DOTSON WILSON

Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 44

Governor's Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 44 without my signature.

Recently, some absentee voters in one county received their official ballots and returned them to election officials before they received their sample ballots containing candidate statements. In order to ensure that absentee voters are able to review candidate statements before submitting their ballots, this bill would require qualified candidates' statements, which are normally mailed to voters with the sample ballots several weeks before an election, to also be distributed with absentee ballots.

This bill unnecessarily imposes additional costs on local election officials. First, the proponents have not demonstrated a widespread

problem. We should not impose additional costs on all local governments because of what thus far appears to be an isolated incident. Second, absentee voters are not forced to submit their ballot before receiving the candidate statements. Any absentee voter choosing to submit his or her ballot well before the day of the election does so knowing that all relevant information about a candidate, regardless of the source, may not be yet available. That said, the growing popularity of absentee voting warrants consideration of methods to increase efficiency in the distribution of election materials. Although I cannot support this measure, I would be open to other alternatives that do not impose unnecessary costs upon local governments.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 89

Governor's Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 89 without my signature.

I strongly support the on-going effort to actively participate with local, regional, and federal agencies in the United States and Mexico to address and improve current and future transportation conditions while recognizing related security, environmental, and economic issues. Much of what is requested in this bill is currently available through a number of international, federal, and state planning and coordinating efforts. In order to avoid duplicative efforts, I am unable to sign this bill.

However, the concept of creating a better understanding of our border transportation infrastructure needs warrants further work. As such, in my capacity as the conference chairman of the 2008 Border Governors Conference, I will place this issue on the conference agenda.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 122

Governor's Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 122 without my signature.

This bill requires candidates for elected office to be issued copies of the laws that prohibit voter intimidation and fraud. While this bill was introduced in response to an unacceptable case of attempted voter intimidation, I do not believe the provisions of this bill will have any actual impact on intimidation and fraud.

Candidates for office and their subordinates have a responsibility to understand applicable election laws. The recent events in Orange County were in all likelihood a result of willful misconduct rather than ignorance of the law. The appropriate response to those events

is the full prosecution of those who broke the law, not passing a law to impose unnecessary requirements on election officials and law-abiding candidates.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 124

Governor's Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 124 without my signature. This bill would extend the meal and rest period provisions of the California Labor Code to lifeguards and stage assistants employed by local governments.

This bill is unwarranted for two reasons. First, existing law has created confusion relative to when and how employers must provide meal periods to their employees. This confusion has resulted in countless lawsuits against employers filed under the so-called "Sue Your Boss" law, and has denied employees flexibility in determining when they will take their lunch break. Unfortunately, this bill does nothing to solve this problem but instead exacerbates it by establishing penalties for yet another group of employers.

Second, the group of employees covered by this bill are employed by public entities and covered by collective bargaining agreements. Any changes to meal period requirements for these employees should be negotiated through those agreements.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 149

Governor's Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 149 without my signature.

While I strongly support efforts to improve the safety, permanency and well-being of children in California's Child Welfare Services system, I cannot support this bill. California is already a national leader in identifying relatives of children in foster care. Counties have made significant progress in more effectively identifying and locating relatives of children and youth in foster care. The state's expansion of the KinGAP program and focus on improved outcomes will support continued improvements. Given efforts to date and the Department of Social Services' existing authority to implement the activities called for in this bill administratively, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 295

Governor's Office, Sacramento
October 11, 2007

To the Members of the California State Assembly:

This bill would mandate state agencies that collect demographic data regarding ethnicity to make separate classifications for specified Asian groups. I believe this bill is unnecessary and imposes additional costs on state agencies at a time the state cannot afford them.

Even as we work to move beyond divisions based on race, I recognize there are times when it is appropriate for government to sort data based on ethnicity. That is why existing law gives state agencies the flexibility to expand upon current demographic categories if necessary. Given this flexibility, this bill is unnecessary. I encourage the proponents of this measure to work with individual agencies if they believe a circumstance exists where expanding the number of ethnic categories for the purposes of data collection is warranted.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 438

Governor's Office, Sacramento
October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 438 without my signature.

This bill seeks to adjust the exit criteria for the II/USP and HPSGP program. School districts participate in the II/USP and HPSGP on a voluntary basis and are aware of the criteria used to determine their school's improvement and readiness to exit the program. Adjusting the exit criteria so that the average score is used will undermine the goal of achieving academic improvement for our state's struggling schools. If there are any changes to these programs, they should be made as part of a comprehensive change to align the state and federal accountability systems, not in a piecemeal approach that simply serves to lower the standards of accountability.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 484

Governor's Office, Sacramento
October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 484 without my signature.

I support the use of as much recycled material as possible in transportation projects and share the Legislature's intent to encourage local governments to use recycled materials in their projects. However, I believe the requirements in this bill are duplicative of current reporting requirements and would not be a prudent use of scarce transportation funds. Since 2006, the Department of Transportation (Caltrans) has utilized a contract specification that requires every contractor to report on how much asphalt, concrete, and other materials are diverted from or

disposed in landfills. Caltrans will report in April 2008 on the diversion rate from its 2007 projects. As such, the report mandated by this bill is premature.

I believe it would be wasteful and unnecessary to require Caltrans to establish a duplicative system to track the disposal of concrete. These funds would be better utilized by investing in the building of transportation infrastructure.

I am instructing the appropriate agencies in my Administration to review the results of the 2007 Caltrans diversion program and recommend a future course of action based on that report.

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento

October 11, 2007

To Members of the California State Assembly:

While I value the Home Economics Career and Technical Education Incentive program, the 2007 Budget Act did not include funding for this program. In fact, this program has not been funded since the 1998–99 budget. Therefore, this bill maintains an unfunded program and potential General Fund (Proposition 98) cost pressure annually. Without prejudice to the program, it would not be prudent to enact a sunset extension at this time.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

E. DOTSON WILSON

Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 684

Governor's Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 684 without my signature.

As I indicated last year, I appreciate and applaud the Legislature's interest in actually expanding California's economy; however, I am concerned about the impact of the particular type of expansion that is being proposed. I recognize and am proud of the fact that California is a national and world leader in the production of high-quality agricultural commodities. Our state has a rich agricultural environment and we must strive to protect and promote farming, ranching and agri-business in California, while preserving natural resources and protecting consumers.

Given these facts, I would like to support the expansion of a new agricultural commodity in this State. Unfortunately, I am very concerned that this bill would give legitimate growers a false sense of security and a belief that production of “industrial hemp” is somehow a legal activity under federal law.

Under federal law, all cannabis plants, regardless of variety or THC content, are simply considered to be “marijuana”, which is a federally regulated controlled substance. Any person in the United States that wishes to grow cannabis plants for any purpose, including industrial purposes, must first obtain permission and register with the U.S. Drug Enforcement Administration (DEA). Failure to do so would be a violation of federal law and could subject an individual to criminal penalties.

In addition, California law enforcement has expressed concerns that implementation of this measure could place a drain on their resources and cause significant problems with drug enforcement activities. This is troubling given the needs in this state for the eradication and prevention of drug production.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 773

Governor’s Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 773 without my signature.

This bill would unnecessarily allow absentee ballots to be returned to any polling place in the state.

Absentee voters already have sufficient options for returning their ballot. If they choose not to return their ballot by mail, they can return it to any polling place in their home county. This is ample flexibility. While it may be convenient for a small number of voters to return their ballots in counties other than their county of residence, the extra costs to counties and inherent delays associated with this measure do not justify the provisions of this bill.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 945

Governor’s Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 945 without my signature.

The California Transportation Commission is currently required to work with Caltrans to develop the State Transportation Improvement Program, which is the state’s biennial inventory of all necessary

improvement projects for the subsequent five years. Current law also requires regional transportation agencies and metropolitan planning organizations to complete a 20-year Regional Transportation Plan and periodic regional transportation improvement plans. Californians do not need another report to tell them that the state's transportation needs are great.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1030

Governor's Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1030 without my signature.

While I support the California Library Literacy and English Acquisition Services Program, the changes proposed in this bill are unnecessary. Current law already authorizes the provision of English language literacy service to adults and youth who are not enrolled in school. This bill would simply authorize the provision of such services to a specific subgroup of the same youth population.

In addition, I do not support repealing the requirement that, as a condition of funding, a local jurisdiction maintain the prior year's level of private support. Eliminating the requirement for this private support will result in either a decrease in services and/or create cost pressure on the General Fund to backfill any loss of such funds.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1142

Governor's Office, Sacramento

October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1142 without my signature.

While I support the author's goal of identifying innovative ideas and approaches to end-of-life and palliative care, I cannot support this bill as it would increase costs at a time of continuing budget challenges. In addition, the activities mandated by this bill can be accomplished administratively. For this reason, I am directing the Health and Human Services Agency to convene stakeholders to identify barriers and strategies to improve end-of-life and palliative care in our state.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1151

Governor's Office, Sacramento
October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1151 without my signature.

This bill would require elections officials to establish a website or toll-free telephone number to allow voters to confirm their registration status.

Counties are already required to send a notification card to voters upon registration, and voters can phone their local elections officials to verify registration status. Further, counties can voluntarily implement the requirements of this bill if they so desire. In fact, several counties already have online verification systems.

Given the requirements of existing law and the ability of counties to voluntarily implement the provisions of this bill, a statewide mandate is unnecessary. I encourage counties to consider implementing the provisions of this bill if their resources allow, but I cannot support mandating them to do so.

For these reasons I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1167

Governor's Office, Sacramento
October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1167 without my signature.

Last year, more than 40 percent of voters voted absentee. With the growth in absentee voting comes a responsibility on both government and voters to ensure that absentee ballots are returned to election officials and properly processed.

This bill would require election officials to notify absentee voters if a ballot will require more than one stamp to return in the mail. This is a common sense proposal that appropriately places shared responsibility on all parties.

Unfortunately, I cannot support the provision of this bill that requires local election officials to negotiate with the United States Postal Service to ensure all absentee ballots are delivered even if they have insufficient postage. While some election officials have held such negotiations in cases where voters may have been unaware that extra postage was required, this should remain an option, not a mandate, for local officials. Mandating election officials to negotiate with the USPS is unnecessary and fails to appropriately recognize the responsibility of absentee voters to use sufficient postage when returning their ballot.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1393

Governor's Office, Sacramento
October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1393 without my signature.

Ensuring access to public information is one of my Administration's top priorities. That is why last year I issued Executive Order S-03-06 (Order), requiring all state agencies to review their guidelines governing access to public information. In addition, the Order required that every agency identify and train staff to be responsible for ensuring compliance with the California Public Records Act.

As I noted in my veto of similar legislation last year, I believe the steps that were taken as a result of the Order, combined with the ongoing efforts of agencies to comply with the law, are working to ensure the needs of the public are met. This bill imposes an unnecessary one-size-fits-all mandate on state agencies. In addition, this bill would require the formation of a task force to consider even more statutory standards to govern the disclosure of public records. Such a task force and such additional statutory changes are also unnecessary. My Administration's commitment to the Public Records Act is unwavering and I am confident future Administrations will share this attitude.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1618

Governor's Office, Sacramento
October 11, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1618 without my signature.

Proponents of this measure claim that it is intended to codify a seven-year old Supreme Court decision relative to how corporations determine their net income for tax purposes. Unfortunately, this bill does not codify the Court's decision, which dealt with facts specific to companies based outside of California. Rather, this bill would impact California-based companies that are not impacted by the Court's decision. As the Franchise Tax Board has correctly implemented the Court's decision for seven years without the need for a legislative change, I cannot support a bill that far exceeds the Court's ruling and disadvantages California businesses.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 183

Governor's Office, Sacramento
October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 183 without my signature.

I believe it is important to encourage young Californians to register to vote. Current law already requires the Secretary of State to provide voter registration forms to schools for disbursement to students. Moreover, throughout the year, registrars of voters are provided the opportunity to meet with high school students through bi-annual campus visits during high school voter weeks.

In contrast, this bill will not likely induce more students to vote. Instead, it will likely result in significant reimbursable state-mandates to school districts and unnecessarily add administrative burdens to schools while taking time and resources away from schools' educational mission.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 466

Governor's Office, Sacramento
October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 466 without my signature.

I vetoed substantively similar bills in prior years. This bill would allow schools to receive funding for times when students are volunteering as elections precinct board members through independent study programs. While civic and other volunteer activities can offer many educational opportunities to students, these activities should be in addition to, and not in place of, valuable classroom learning time with a teacher. Independent study programs are intended to help schools address the needs of students who are unable to attend school in a traditional classroom setting for an extended period of time—not to be used as means to circumvent the fulfillment of criteria for instruction required in order to receive school funding.

For this reason, I am unable to sign this measure.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1413

Governor's Office, Sacramento
October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1413 without my signature.

California State University (CSU) Board of Trustees' meetings are already open to the public and therefore, it is unnecessary to statutorily authorize a staff person to attend in a member's absence. Executive compensation contracts are currently approved in open meetings and last year CSU adopted changes to their transition pay program that are addressed in this bill. I do not believe that we should be micromanaging the hiring practices at University of California or the California

State University system, in ways that may hamper their ability to hire quality instructors and administrators. However, when appropriate, I do believe that there should be transparency in our educational systems so that the public has confidence in our institutions, which is why I am signing Senate Bill 190 that provides some additional openness and accessibility for the public on matters of executive compensation.

For these reasons, I cannot sign this measure.

Veto Message—Assembly Bill No. 1091

Governor's Office, Sacramento
October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1091 without my signature.

This bill would modify the existing Proposition 1C Transit-Oriented Development Implementation Program by changing the maximum distance between a proposed project and a transit station from one-quarter mile to one-half mile.

The program was created to provide high density affordable housing in close proximity to transit stations to encourage public transit ridership and vehicle emissions reduction. This bill could substantially reduce the effectiveness of this program by allowing for developments one-half mile in distance from a transit station. This half-mile measurement could be taken from the outer edge of the development, and could result in a walking distance substantially greater than one-half mile, which could discourage many residents from utilizing public transit. This bill is inconsistent with the State's goals to reduce vehicle emissions and encourage alternative methods of transportation.

In addition, I believe this bill is unnecessary since the Department of Housing and Community Development is preparing program guidelines that will be adopted later this year to provide enough flexibility to allow critical projects to be funded, while at the same time preserving the important goals of this program.

It is for these reasons that I cannot sign this legislation into law.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 8

Governor's Office, Sacramento
October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 8 without my signature.

While I appreciate the Legislature's efforts to reform our broken health care system and applaud the hard work that has gone into AB 8, I cannot sign this bill. AB 8 would put more pressure on an already broken system.

AB 8 does not achieve coverage for all, a critical step needed to reduce health care costs for everyone. Comprehensive reform cannot leave Californians vulnerable to loss or denial of coverage when they need it most. Finally, to be sustainable, comprehensive reform cannot place the majority of the financial burden on any one segment of our economy. Unfortunately, AB 8 falls short on all three accounts.

California needs a financially sustainable health care reform plan that shares responsibility, covers all Californians and keeps our emergency rooms open and operating. I cannot support reform efforts that fall short of these goals and threaten to weaken our already broken system.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 435

Governor's Office, Sacramento
October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 435 without my signature.

This bill would extend the statute of limitations on specified civil actions against an employer to recover wages. This bill is intended, like others I have vetoed before, to eradicate the historical trend of women earning less than men for doing the same work. While I support this intent, I still do not believe the provisions of this bill or previous years' legislation are necessary in order to achieve this goal. I maintain my concern that measures like this bill will encourage frivolous litigation against employers and have little impact on the fight against gender pay inequity.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
October 12, 2007

To the Members of the California State Assembly:

To the Members of the California State Assembly:

This measure would add additional penalties against an employer found to have engaged in fraud, misrepresentation, or misconduct during a lockout. As I noted in my veto of a similar measure last year, I am concerned that the failure to define fraud, misrepresentation, and misconduct in this bill creates potential ambiguity over the bill's application.

Furthermore, I maintain my position that employees presently have sufficient remedies against employers that engage in fraud or misconduct during a labor dispute. The proponents of this measure have failed to justify a need to expand upon these remedies.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1636

Governor's Office, Sacramento

October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1636 without my signature.

This bill attempts to address a legitimate problem in the workers' compensation system. Ensuring that injured workers have access to supplemental job displacement benefit vouchers in a timely manner is an essential component of our comp system.

Unfortunately, rather than addressing existing problems this bill will create more problems. The procedures proposed by this bill for the issuance of vouchers are vague and will encourage litigation over when the vouchers are to be issued and in what amount. We have worked too hard to remove unnecessary litigation from the work comp system to now let it back in.

I encourage the proponents of this measure to work with employers, insurers, and the Division of Workers' Compensation to find a more appropriate solution to the problems with current law.

Sincerely,

ARNOLD SCHWARZENEGGER

As I stated in vetoing similar legislation in 2005, I am proud California is a leader in recognizing and respecting domestic partnerships. I believe that all Californians are entitled to full protection

under the law and should not be discriminated against based upon their sexual orientation. I support current domestic partnership rights and will continue to vigorously defend and enforce these rights.

In 2000, the voters approved Proposition 22, a challenge to which is currently pending before the California Supreme Court. I maintain my position that the appropriate resolution to this issue is to allow the Court to rule on Proposition 22.

While I strongly support efforts to improve the safety, permanency and well-being of children in California's Child Welfare Services system, I can not support this bill as it would increase costs at a time of continuing budget challenges. Further, this bill would establish a one size fits all approach and focus on only one component of foster parent preparation and evaluation. Counties already provide foster parent training beyond what is required by the State and do so in a manner that reflects local priorities and needs.

For these reasons, I am returning this bill without my signature.

October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1494 without my signature.

While I support efforts to expand placement options for children and youth in foster care, I cannot support this bill as it would increase state costs at a time of ongoing budget challenges. In addition, I am concerned that a piecemeal, facility-by-facility, county-by-county approach is not the appropriate way to revisit California's group home licensing and rate setting policy. I am directing the Department of Social Services to work with the author and relevant stakeholders to address this policy in a more comprehensive way.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1542

Governor's Office, Sacramento

October 12, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1542 without my signature.

I am greatly concerned about housing affordability and homeownership for all Californians. I understand the sanctity of the home and the importance of having stability in your living situation. This need for stability was eloquently expressed by the many seniors throughout California who have written to me on both sides of this bill.

I also recognize that compared to other housing issues there is a uniqueness regarding mobilehomes and all the varied manners of ownership, leasing, affordability, and opportunity. It is because of this uniqueness that laws were enacted to create statewide standards for mobilehome parks.

The intent of current state law is to provide an opportunity for home ownership to those mobilehome owners who desire to own both their home and the land it rests on. The law also offers protections for low-income individuals against unwarranted rent increases.

While the bill's intent is to preserve low-income housing, it also extends rent control in certain circumstances to mobilehome owners in much of the state no matter what their income level. It is unclear what state interest is served by the extension of rent control for those who do not have an economic disadvantage. In addition, establishing two statewide standards for rent control seems confusing and unnecessary.

It is clear that mobilehome issues require a comprehensive approach to ensure that low income individuals and families are protected, homeownership opportunities are afforded to those who choose them, and stability of the home and property is preserved.

I urge the Legislature over the coming year to find a solution that provides true balance for all the stakeholders involved in mobilehome issues.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento

October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 45 without my signature.

I support returning local governance to the Oakland Unified School District when it is appropriate to do so. To date, the emergency loan to Oakland Unified has been the largest to a school district in the state and has been under the control of the Superintendent of Public Instruction (SPI). While the reports produced by the Fiscal Crisis

Management and Assistance Team are valuable tools, they provide only a snapshot of the district at a particular point in time. Furthermore, I am concerned that the Office of Administrative Hearings will not be in a position to make decisions related to the day to day management of the school district, as these matters are generally not a matter of law, but a matter of overall educational benefit.

As such, I am concerned with the process for determining return of local control, as proposed in this bill. The pace at which it seeks to restore the authority of the school board may surpass the pace at which the state administrator can imbed sustainable reforms. Current law contemplates the return of the district to local control once the SPI has a level of confidence that the improvements in the district are sustainable. In the interest of the educational well being of the students, it is well worth investing the time to allow the SPI to finish the work that has already begun.

Therefore, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 48

October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 48 without my signature.

This bill exponentially expands the scope of electrical and electronic equipment subject to the Restriction on the use of Hazardous Substances (RoHS) provisions under the California Waste Recycling Act. Unfortunately, the approach taken in this bill is largely unworkable and instead of the benefits it seeks to accomplish, could ultimately result in unintended and potentially more harmful consequences.

This bill purports to impose restrictions similar to those already in place in the European Union, but the deviations it takes from the European Union approach are fatally flawed. For example, the exemption language for spare parts and refurbished products, as currently written in this bill, will make many electronic products prematurely obsolete and force their retirement years earlier than necessary. The European Union RoHS Directive includes a specific exemption for spare and refurbished products to promote and extend the lives of electronic products and keep them out of the waste stream.

Additionally, this bill significantly expands the list of products subject to California's restriction on the use of specified hazardous metals. Existing law covers nine categories of video display devices. This bill is overly broad in its scope because it would prohibit the sale of potentially tens of thousands of electrical and electronic products for California's consumers and businesses.

I strongly support the author's intent to recognize the contributions of the Filipinos during World War II. Accordingly, through the years I have taken administrative actions to publicly acknowledge the efforts through proclamations and other means.

However, I have vetoed nearly identical bills over the last three years and I continue to believe that current law already provides the necessary flexibility for schools to incorporate this topic in their social science instruction. Because school districts may provide instruction on any topic not expressly prohibited by the Education Code, the authorization provided by this bill is unnecessary.

For these reasons, I am unable to sign this bill.

California's Safe Surrender Law already provides an emergency alternative for a woman in crisis who may otherwise abandon, abuse, or kill her baby. California's law was carefully crafted to balance the creation of a safe surrender option while preserving the rights of children. The current 72-hour period contained in law allows for a no-questions-asked safe surrender of a newborn, and is supported by research and statistics which indicate that most neonaticide occurs within the first day. Experts have raised concerns that instead of improving child safety, increasing the time that a baby may be surrendered from 72 hours will put newborns in greater risk by keeping them in an unsafe environment without proper care and supervision.

For these reasons, I am returning this bill without my signature.

I have previously vetoed similar legislation because of the negative effect it would have had on the California economy. This bill erodes the ability to do business in California by creating more uncertainty regarding litigation. It prohibits any licensee or professional overseen by the Department of Consumer Affairs from including in a civil settlement agreement a provision that prohibits the other party from contacting or filing a complaint with the regulatory agency. When parties who are in dispute agree to settle, there should be some assurances that the dispute has been resolved in a satisfactory and final manner for both parties.

English-speaking pupils who have voluntarily enrolled in dual language immersion programs are currently required to take the California Standards Test in English. Therefore, another assessment is not needed to measure their mastery of state-adopted academic content standards in another language. Furthermore, I am concerned that this bill creates significant General Fund cost pressures for the state to develop standards-aligned primary language tests in other languages. Given the state's current fiscal climate it is not prudent for me to enact this measure.

For these reasons, I am unable to sign this bill.

Last year, I vetoed similar legislation intended to help provide farmworkers with better information about the companies with which farm labor contractors are contracting. While I maintain my support for the concept of helping farmworkers secure all wages owed to them, I am still concerned that this bill does nothing to bring unlicensed farm labor contractors and others who flaunt the law into compliance. Those who have not bothered to obtain the necessary licensure required by the state or otherwise comply with labor laws are highly unlikely to comply with this new requirement. As such, the only practical effect of this bill is to impose a new liability on farmers and growers who have lawfully contracted with licensed contractors. I cannot support such a measure.

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 385

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

This bill would unnecessarily mandate a compensation survey be jointly conducted between the State and the bargaining unit that represents scientists. This is redundant of existing law which requires the State to survey prevailing wages in occupations comparable to those in state service. The bill is also redundant of provisions in the negotiated collective bargaining agreement with the unit in question.

If the State of California is to have good faith collective bargaining, then employee wages, hours, and terms and conditions must not be legislated. However, I value the dedication and work of the State's scientists, and I am concerned that salaries for this group may have fallen behind those of comparable workers. So, I am directing my Department of Personnel Administration to work together with the scientists during the next round of bargaining to ensure that survey results for this group are looked at seriously and that the State is moving in the direction of achieving fair and equitable compensation for the scientists.

As California's population grows, it is becoming more difficult for cities and counties to identify sites to accommodate all of the housing need. This bill would unnecessarily limit the flexibility that local governments currently have to identify sites zoned for nonresidential uses that could accommodate a portion of their share of the regional housing need. The current practices utilized by the Department of Housing and Community Development during the review of housing elements provides for a case-by-case evaluation of sites as to their realistic potential for the development of housing.

For these reasons, I cannot sign this bill.

October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 448 without my signature. This measure would allow employees to recover liquidated damages in minimum wage complaints brought before the Labor Commissioner. I am concerned that allowing liquidated damages on administrative claims will be especially harmful to small business. While workers who make administrative claims have their claims prosecuted at no cost to them by the State, employers must expend time and resources to respond to claims, even though the violation of law may be inadvertent. I see no reason to expose employers to additional liabilities when other legal avenues already exist for employees and attorneys intent on seeking liquidated damages.

I support the intent of this measure, which is to ensure that legally trapped animals are euthanized in the most humane way possible.

However, it is inappropriate to codify a specific standard in this area and thus limit the ability of the California Fish and Game Commission (Commission) to adopt future regulations on the subject. Currently, methods of take for trapped animals are appropriately listed in Title 14 of the California Code of Regulations. Any suggested changes to those methods should be presented to the Commission and adopted through the regulatory process. I encourage the proponents of this bill to work with the Commission to ensure that Title 14 appropriately reflects the most current and humane standards for euthanizing animals in a manner that can be readily complied with by impacted individuals.

Increasing investments in energy efficient technologies for state buildings is an important and laudable goal. Indeed, in 2004, I signed Executive Order S-20-04 which committed the state to reduce state building electricity usage by encouraging the implementation of cost-effective measures for facilities owned, funded or leased by the state.

This measure attempts to provide funding for state investment in emerging energy efficient technologies in state buildings by creating a new fund in which all state agencies would be required to deposit three percent of their annual utility budget, as determined by the Department of Finance.

Statutory auto-pilot budgeting removes our ability to make responsible fiscal decisions as we work together to craft the state budget each year. Just like all programs across state government, we must decide where General Fund dollars should be spent based on the state's fiscal outlook for each budget year.

Although for a worthwhile cause, this bill would automatically redirect a cumulative average of \$23 million each year away from state agencies. I cannot support such a circumvention of the deliberative budget process.

I am returning Assembly Bill 598 without my signature.

While I support improving access to Career Technical Education (CTE) courses for all high school students, I do not believe that this bill is necessary or clear in its intent. Current law already allows for high school students to attend community college CTE courses for high school or college credit, and does not prohibit the use of guest lecturers on high school campuses.

Instead, I am signing both Senate Bill 859 and Senate Bill 52; both of which will improve access to qualified CTE teachers for our high schools. SB 859 authorizes current and former postsecondary teachers, including community college CTE teachers, to receive a visiting faculty permit to teach in K–12 schools. SB 52 streamlines the current credentialing process for CTE teachers, allowing the flexibility for schools to assign qualified CTE teachers in the classroom.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 608

Governor's Office, Sacramento

October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 608 without my signature.

I strongly support small business participation in State contracting. In March 2006, I issued Executive Order S-02-06, reaffirming the State's historic commitment to 25 percent small business participation in State contracting and ordering a series of measures to expand participation. In July 2006, I built on those steps by issuing Executive Order S-11-06, directing additional actions by Caltrans and the Business, Transportation, and Housing Agency to assist small business and disadvantaged business enterprises in participating in federally funded highway and transit projects.

However, I am concerned that this bill, by increasing the existing small business bid preference on State contracts from 5 percent to 10 percent, would result in increased costs to the State. According to the Department of Finance, if this increased preference had been in place in 2005–06, the additional costs to the State could have been up to \$85 million. Given the current fiscal climate, I do not think it is prudent to enact a measure that increases liability for additional costs.

For this reason, I am unable to sign this measure.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 614

Governor's Office, Sacramento

October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 614 without my signature.

Current law requires elected officials to provide language assistance to voters with limited English proficiency. This bill would require local elected officials to report on their compliance with current law on a standard form to be developed by the Secretary of State. Such a report would be of limited value and would place an unnecessary strain on the state's limited resources.

For this reason and others, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 709

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 709 without my signature.

This bill would require public agencies to accept bids for appraisal projects from any appraiser with five years of experience and who is a member of an appraisal organization affiliated with the Appraisal Foundation.

Proponents of this bill believe current statutes are ambiguous in the definition of appraisers who have eligibility to perform work under state contracts. This bill addresses this perceived problem in an overly broad manner. By creating a specific cause of action, this bill could result in significant litigation costs for public agencies. It would be more appropriate to eliminate any discriminatory or obsolete references directly from the statutes.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 741

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 741 without my signature.

While I strongly support the provision of prenatal care and family planning services and have secured a waiver to access hundreds of millions in federal funds to protect these important services, I cannot sign this bill as it would increase General Fund costs at a time of continuing budget challenges. This bill highlights a very important issue—the high incidence of low birth weight babies in the African American community and proposes an innovative, community based approach to address this public health challenge. While I cannot support this bill, I share the author's concern and am directing the California Department of Public Health to evaluate the effectiveness of the Black Infant Health Program and develop options, within existing resources, to strengthen state and local efforts, including expanding the focus on interpregnancy care, by March 31, 2008.

For the reasons mentioned above, I am unable to support this measure at this time. I believe this policy can be more appropriately addressed during the budget process.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 764

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 764 without my signature.

This bill would extend the sunset date for the California Technology Assistance Project (CTAP) and Statewide Education Technology Services (SETS) programs from January 1, 2009 to January 1, 2014.

While I am supportive of these projects and their reauthorization, I have concerns about the additional requirements this bill would impose on the CTAP regions. Increasing the responsibilities of regional agencies to include prescribed reporting and other duties may be unduly prescriptive and could inadvertently take away from direct technology assistance in schools. Furthermore, I also have concerns about extending the time of the grant awards from three to six years. Specifically, I fear that extending the time of these awards may lock regions into unnecessarily long contracts which might prohibit them from making future necessary programmatic changes that would benefit our schools and our children.

Since these programs do not sunset until January 1, 2009, it is not imperative that they be reauthorized at this time, particularly with provisions that could hinder their ability to incorporate needed reforms.

I look forward to working with the author, educators, and education leaders in the upcoming year to reexamine these programs and how they can best support the needs of our education system.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 779

Governor's Office, Sacramento

October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 779 without my signature.

Protecting the personal information of every Californian is very important to me and I am committed to strong laws that safeguard every individual's privacy and prevent identity theft. Clearly, the need to protect personal information is increasingly critical as routine commercial transactions are more and more exclusively accomplished through electronic means.

However, this bill attempts to legislate in an area where the marketplace has already assigned responsibilities and liabilities that provide for the protection of consumers. In addition, the Payment Card Industry has already established minimum data security standards when storing, processing, or transmitting credit or debit cardholder information. This industry has the contractual ability to mandate the use of these standards, and is in a superior position to ensure that these standards keep up with changes in technology and the marketplace. This measure creates the potential for California law to be in conflict with private sector data security standards.

While I support many of the provisions of this bill, it fails to provide clear definition of which business or agency "owns" or "licenses" data, and when that business or agency relinquishes legal responsibility as the owner or licensee. This issue and the data security requirements found in this bill will drive up the costs of compliance, particularly for small businesses.

I encourage the author and the industry to work together on a more balanced legislative approach that addresses the concerns outlined above.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 828

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 828 without my signature.

This bill would require the Department of Fish and Game (Department) to produce a variety of habitat corridor and vegetation mapping products in coordination with federal, state and local agencies and the public.

This bill is redundant. The Wildlife Conservation Board voted at its August 2007 meeting to approve funding for a mapping effort by the Department which will accomplish most of the goals of AB 828 and lay the ground work for an on-going, state-of-the-art mapping program.

In addition, the Department was tasked with, and agreed to, several mandates contained in the 2007 Budget Act that relate to mapping. The Department is already working on these products. Consequently, additional statutory mandates at this point are unnecessary and unwarranted.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 843

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 843 without my signature.

This bill would raise the cap on the penalty for non-willful failures to file a Change in Ownership Statement (Statement) with the county assessor. While this measure's provisions are an improvement over AB 926, which I vetoed last year, I am still concerned that the notification procedures in this measure do not adequately ensure that property owners actually receive requests from county assessors in a timely manner. Slightly different from AB 926, this bill merely provides for an additional 15 days to respond to requests and expands the number of addresses where a request may be sent. Thus, this bill continues to assume that new property owners actually receive such requests from county assessors in a timely manner.

I encourage the proponents of this bill and property owners to develop procedures to ensure requests are appropriately delivered and received before penalties for failure to respond are levied.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 864

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 864 without my signature.

While I share the goals of this bill, the solution is targeted at the wrong party in these real estate transactions by placing the burden of compliance on the buyer, not the seller. The bill, in essence, makes the buyer responsible for the sins of the previous owner.

In addition, the bill creates a compliance mechanism that is virtually unworkable and violates the privacy of perspective buyers. If enacted into law, this bill would most likely stymie the goal of restoring the habitability of these substandard dwellings by suppressing the sale of these properties to new owners who are willing to rehabilitate these buildings. The bill also contains drafting errors that make any attempt at compliance unfeasible.

I urge the Legislature to consider legislation next year that more judiciously addresses the serious problem of bringing substandard buildings into compliance.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1025

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1025 without my signature.

This bill could jeopardize the public health, safety, and welfare in a well-intentioned but flawed attempt to permit individuals convicted of crimes to work in a regulated profession. I am concerned that this bill goes too far in taking away a licensing entity's discretion to deny a license or take other licensing actions, even if it is in the best interest of the state's consumers. The State of California licenses various professions in order to protect consumers from unqualified, dangerous, or unscrupulous individuals. All statutes establishing licensing programs mandate that the protection of the public is the highest priority and that "whenever the protection of the public is inconsistent with other interests sought to be promoted, the protection of the public shall be paramount."

AB 1025 creates a presumption of rehabilitation based on an expungement of a conviction. This is problematic for two reasons. First, expungement is not intended to be indicative of rehabilitation. Second, this provision places the burden of proof on state licensing bodies to show that an individual is not rehabilitated, which would result in increased litigation and extensive investigations.

For this reason, I am unable to sign this measure.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1032

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1032 without my signature.

The purpose of this bill is to protect fish and wildlife from the potential deleterious effects of suction dredge mining. Although I appreciate the author's intent and the need to protect our fish, wildlife, and water resources, this bill is unnecessary.

Current law gives the Department of Fish and Game (Department) the necessary authority to protect fish and wildlife resources from suction dredge mining. It has promulgated regulations and issues permits for this activity. Permits for suction dredge mining must ensure that these operations are not deleterious to fish and allow the Department to specify the type and size of equipment to be used. In its regulations, the Department may also designate specific waters or areas that are closed to dredging.

It is unclear why this bill specifically targets a number of specific waterways for closure or further restrictions. The listed waterways represent only a small fraction of the waters in our State where suction dredging is occurring. The benefit or protection from such a minor closure is negligible and supports the notion that scientific environmental review should precede such decisions.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1043

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1043 without my signature.

This bill appears to create a solution in search of a problem. California law currently ensures that employees can not be subjected to unconscionable contract provisions that would force them to forego the protections of California law or litigate their claims in an inappropriate out-of-state forum. Moreover, this bill creates unnecessary and unhelpful uncertainties for the employers and employees concerning issues of federal preemption. Lastly, I strongly support the right of parties to freely contract for the terms of their employment relationship. This bill fundamentally conflicts with that policy.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1045

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1045 without my signature.

Two years ago, my Administration worked with the Occupational Safety and Health Standards Board (Board) to adopt the nation's first outdoor heat regulations. Those regulations require employers to provide anyone working outdoors with appropriate training, provide sufficient quantities of water, and ensure access to shade. When the Board adopted those regulations it also said it would commence a review of indoor worksites.

The Board has conducted its review and is now considering the appropriate means of protecting indoor workers from excessive heat. This legislation, which proscribes specific requirements upon any regulation adopted by the Board, unnecessarily circumvents the Board's established rulemaking process. Just as the outdoor heat standards were adopted via the regulatory process and free of legislative interference, so too should any indoor heat standard be adopted.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1113 without my signature.

While I strongly support the California 250 Percent Working Disabled Program and appreciate its role in promoting work among persons who are aged and disabled, I cannot support this bill. This bill contains a drafting error that would result in unequal treatment of similarly situated aged persons, in direct conflict with federal Medicaid law. Given my strong support of services for persons with disabilities to allow them to safely remain at home and lead productive and independent lives, I am directing the Department of Health Care Services to pursue legislation to continue and improve this important program.

For this reason, I am returning AB 1113 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1135

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1135 without my signature.

This bill requires written reports submitted to the Legislature to include a signed statement by the head of the agency or department that the contents of the report are true, accurate, and complete.

As I stated when I vetoed similar legislation last year, I agree that the Legislature should base their decisions on sound information that is

true, accurate and complete. To that end, I noted that state law already makes it a misdemeanor for a state or local official to submit a written report containing false information to the State Controller. Further, the Legislature already has the authority to question the accuracy of any information presented to it.

Finally, this bill would create an inconsistent system in which some of the information submitted by the Administration is subject to declarations of truth while all other information used in the legislature's deliberative process is not.

For these reasons, I am again returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1148

Governor's Office, Sacramento
October 13, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1148 without my signature.

I have vetoed similar legislation (Assembly Bill 388, 2005) because statutory authority is not required for the Superintendent of Public Instruction to consider processes or make recommendations to the Legislature on any subject.

Furthermore, requiring the California Department of Education to provide an estimate of the net cost to purchase a complete set of instructional materials in each subject and grade level provides no additional utility, since current law already provides adequate safeguards to prevent California from paying higher prices than any other state or school district in the entire country. I am concerned that the focus on the procedural elements contained in this bill may take away from concentrating on the State's overall duty of ensuring that California students have access to the highest *quality*, standards aligned instructional materials for their education.

For this reason, I am unable to sign this measure.

Sincerely,

Veto Message—Assembly Bill No. 1184

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1184 without my signature.

Protecting the health and safety of consumers living in the Agnews Developmental Center (Agnews) as they transition to the community is a top priority. The Department of Developmental Services has been

working with Regional Centers, families and providers to accomplish this goal for years. Structures, such as the Bay Area Quality Management System, are already in place to support the safe transition of each consumer leaving Agnews. State and local planning efforts were strengthened further through trailer bill legislation and funding for critical health care resources.

This bill would simply duplicate existing efforts and mandate activities that can be done administratively. For this reason, I am returning this bill without my signature and directing the Health and Human Services Agency to continue to carefully monitor this transition and take action to protect the health and safety of these consumers.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1192

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1192 without my signature.

Ensuring the health and safety of California's vulnerable populations is one of my top priorities. To that end, my Administration has increased support for licensing programs, strengthened oversight and sponsored legislation to ensure that potentially dangerous caregivers would be unable to move from one facility to another and continue to have access to children, elderly or disabled individuals in facilities licensed by the State.

While well intended, I am concerned this bill will not provide effective health and safety protections for persons with developmental disabilities and will increase state costs by millions of dollars during a time of budget challenges. This bill does not require that all incidents of substantiated abuse actually be reported to the proposed registry. Second, the bill does not require service providers to actually use the registry. Current law already requires staff of Regional Centers and persons working at community care facilities to report suspected abuse to Adult Protective Services, who in turn is required to investigate these allegations. Given the flaws in the bill and the fact that developing the proposed registry would require significant financial resources at a time of ongoing budget challenges, I cannot support it. I am directing the Health and Human Services Agency to convene interested stakeholders to identify potential areas where the State can enhance protections for persons with developmental disabilities and improve ongoing efforts to enhance the sharing of information about service providers.

For these reasons, I am unable to support this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1219

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1219 without my signature.

This bill would allow the State to sell or lease certain real property. However, it does not contain an exemption from the California Environmental Quality Act (CEQA).

The Department of General Services is required by law to submit a bill to the Legislature to dispose of any surplus land by sale, lease, or exchange. This process has worked well for over a decade. Over the years, the State has been authorized to sell or exchange dozens of properties, generating millions of dollars for the State of California, and these transactions contained legislatively authorized exemptions from CEQA.

However, beginning in 2005, the Legislature has selectively chosen to add millions of dollars in potential costs to this process by applying CEQA requirements prior to the sale of the State property. Under the provisions of voter approved Proposition 60A, revenues generated from the sale of surplus property are to be used to reduce the debt from the Economic Recovery Bonds approved in March 2004. Instead of generating revenue for the State to pay down debt, the Legislature has effectively placed properties like these at risk of incurring additional cost of administration and potential litigation—costs that are eventually passed on to the taxpayer. As I have stated repeatedly over the past two years, there is no reason to apply CEQA to properties that are being sold. CEQA is properly applied when the use and zoning of real property is changed not when it is simply sold.

I would be willing to consider this bill in the future, should it contain the CEQA exemption. Until that time, I am unable to sign this measure.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1282

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1282 without my signature.

This bill would make it illegal for a floral business to list or advertise a local telephone number if the phone calls are routinely routed to a location that is different than the geographical location of the number advertised. It would also make it illegal to list or advertise a business name if the name misrepresents the business' geographical location.

In today's global economy, it is unreasonable to limit out-of-area businesses from using local names and telephone numbers. In virtually every aspect of the economy, consumers are accustomed to purchasing products from around the world via many methods.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1450

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1450 without my signature.

While I recognize some merit to the intent of this bill, it contains several provisions that are of significant concern. For instance, it deletes the current requirement that the increase in pupil capacity on the site will be maximized by the multi-story replacement building. As such, the bill would create a building replacement program whereas a district could qualify for funding to replace a possibly adequate facility with a brand new building, but only have to demonstrate housing one additional pupil, for example. Current regulations require that in order to qualify for grant funding, pupil capacity of the school needs to be increased by at least 20 percent of the existing permanent building capacity, or 200 additional students, whichever is greater.

Furthermore, this bill does not contain language specifying the possible future use or disposal of land that the State may have helped the district acquire, but that may be unused if the district decides to replace a demolished building at another site. Clearly, this measure needs further refinement and could be discussed within the context of a future education bond negotiation.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1673

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1673 without my signature.

In prior years, I have vetoed legislation that addressed the issue of consumer rebates because I did not want them to lead to fewer rebate options for California consumers. I have always believed in the balance between consumer protection and limited regulation over business operations. While the author of this bill has put forth an interesting proposal relating to the advertisement of pre-rebate prices and post-rebate prices, there are still outstanding issues related to practical consequences that still need to be resolved. For instance, a California retailer should not have to be held to the responsibilities triggered in this bill, if it does not have control over the manner in which a manufacturer's national rebate advertising campaign is structured. Furthermore, I would like to further examine the anomalies that may exist from industry to industry before I can consider enacting a measure such as this.

For this reason, I am unable to sign this bill.

This bill attempts to clarify existing law relative to employees' access to personnel records kept by their employer. While I support the intent of this measure, especially as it relates to non-English speakers and others that may need help in understanding the contents of their personnel records, this bill is too broad and exposes employers to unfair and unnecessary liabilities. I encourage the proponents of this bill to work with the Labor Commissioner to adopt regulations that help ensure that all employees can appropriately avail themselves of their rights under current law.

Although I support the intent of this bill to clarify the manner in which temporary service employers must pay wages, I cannot support the provision of this bill which expands liability regarding workers' compensation coverage.

As written, this bill imposes joint and severe liability relative for workers' compensation coverage on employers that contract with staffing agencies. This would be a significant departure from the exclusive remedy of current law, which provides that an injured worker cannot sue their employer in civil court. Exclusive remedy is one of the most fundamental principles of the California workers' compensation system. I cannot support a measure that deviates from this principle.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1743 without my signature.

This bill would delay the provision of adequate housing, program, support and treatment space for the condemned inmates housed at San Quentin State Prison, which may create an unnecessary \$20 million General Fund cost.

When the current project was funded in 2003 the relevant fiscal, public safety, correctional officer and inmate safety, legal rights, and civil liberty considerations were discussed during the budget deliberation process and it was determined that San Quentin State Prison is the most appropriate place to house the condemned inmates. The only substantial change since that time is increased construction costs because of inflation in the construction industry. Every month this project is delayed results in approximately \$1 million of increased construction costs because of inflation pressures. Further delaying the project will only exacerbate this problem.

To the Members of the California State Assembly:

While I support the intent of the measure to increase staff training, improve services and reduce staff turnover in programs serving persons with developmental disabilities, I cannot support this bill. California's continued budget challenges have required system-wide temporary cost containment measures that maintained rates for many service providers at their current level for five consecutive years. The pilot program established by this bill would provide rate increases to a select group of providers during a time when continued fiscal constraints require that we continue important statewide cost containment measures.

Our state budget challenges cannot allow for the significant resources needed to implement this pilot program. For this reason, I cannot sign this bill.

October 14, 2007

To the Members of the California State Assembly:

This bill would remove a limited number of exemptions found in current law that permit smoking in specified bars, warehouses, hotel lobbies, meeting and banquet rooms, and businesses without employees.

California has led the nation in effective smoking control activities, achieving the second lowest rate of smoking among adults in the nation. The cessation of smoking is a component of my plan to encourage Californians to lead a healthy lifestyle and thereby reduce health care costs. While more needs to be done to reduce smoking rates, I do not agree that placing further restrictions on business owners is the correct approach. Instead, California can further reduce smoking rates in other ways, such as increasing access to cessation services offered through the highly effective California Smokers' Helpline.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1483

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1483 without my signature.

While I am generally supportive of consumer protection laws, the provisions of this bill are duplicative of existing law and therefore unnecessary. In fact, these provisions may lead to increased expenses and decreased efficiency at automotive repair dealers, which could result in reduced customer service and higher costs passed onto the consumer.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1521

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1521 without my signature.

This bill requires water bottlers to submit an annual consumer confidence report to the California Department of Public Health and requires vended water retailers to identify their water source to consumers.

While I support consumer access to information, state and federal water quality and safety regulations appropriately require rigorous testing of bottled water sold in California. I am concerned that this bill

establishes labeling requirements on bottled water that are inconsistent with how this product is regulated. Further, this bill would result in hundreds of thousands of dollars in new costs for the Department of Public Health at a time of continuing budget challenges.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1543

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1543 without my signature.

This bill would enact the Treasure Island Transportation Management Act providing a transportation plan for Treasure and Yerba Buena Islands. The bill provides an exemption to existing law that prohibits local agencies from imposing new taxes, permit fees, or other charges for the privilege of using its streets and roads. This exemption would allow the imposition of automobile congestion fees, on- and off-street parking fees, and transit pass fees on both residents and other users.

While such an exemption may be appropriate for the islands, any new fees proposed as a result of this exemption should be approved by a vote of the people. On numerous bills attempting to raise fees for local purposes, I have held that such fees should be approved by a vote of the people. This measure does not include such a provision.

For this reason, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1606

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1606 without my signature.

As I have said since the first days of my Administration, I am committed to fostering a healthy business environment in California. While this bill attempts to aid in that crucial effort, California needs a new overall strategy for its role in promoting economic development, not a piecemeal approach.

I am instructing members of my Administration to build on their work and prepare new recommendations on how, and in what manner, state government can assist economic development in California. I look forward to working with the Legislature on this vital issue.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1617

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1617 without my signature.

This bill would prohibit cigarette sales via the Internet to individual California consumers and only permit shipping of cigarettes via the Internet to certain licensed businesses.

This bill is intended to help curb smoking by minors and also help the state collect all applicable taxes on tobacco. In vetoing nearly identical legislation last year, I noted that the federal Jenkins Act, which requires the sale of tobacco across state lines to be reported to the Board of Equalization, is already in place to help identify taxable sales of tobacco. Further, existing law reduces youth access to cigarettes over the Internet by requiring Internet sellers and shippers to verify the age of the purchaser. Proponents should address any perceived deficiencies in these laws rather than seeking an outright prohibition that will be difficult to enforce.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1669

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1669 without my signature.

In my signing message for AB 50 in 2006, I stated that the use of Restitution Funds for the San Francisco Trauma Recovery Center (TRC) should be considered a one-time appropriation. This appropriation was granted in order to provide time to identify alternate sources of funding for the TRC and other similar programs. The use of the Restitution Fund to replicate and fund programs of this type presents a significant concern to its ongoing ability to support the compensation of crime victims for which it was established.

While the model of service supported by this bill has proven effective at the TRC, the Restitution Fund is an inappropriate ongoing source of funding for this type of program. The Restitution Fund is the funding source of the Victim Compensation Program, which was designated to pay for certain out-of-pocket expenses to specific victims of crime. In contrast, the trauma centers that would be supported by this bill provide comprehensive services, which exceed out-of-pocket expenses, to individuals that are not restricted to victims of crime.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 546

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 546 without my signature.

This bill would require a retail seller of covered electronic devices (CEDs) to provide customers, at the point of sale, with the Internet address of the web site of the California Integrated Waste Management Board (IWMB), which describes where and how to return, recycle, and dispose of a covered electronic device and locations for the collection or return of the device.

This bill is redundant of existing law and, therefore, is unnecessary. Current law already requires CED manufacturers to provide consumers with information that describes where and how to return, recycle, and properly dispose of CEDs. Moreover, this information may take the form of a toll-free telephone number, Internet web site, information labeled on the device, information included in the packaging, or information accompanying the sale of the CED.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 548

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 548 without my signature.

This bill would require owners of multifamily dwellings to arrange for recycling services for residents consistent with state and local laws.

This is the third time I have vetoed legislation on this topic. I support efforts to reduce the amount of solid waste going to the state's landfills, but this bill places requirements directly on the owner/operators of multifamily dwellings causing significant cost for the private owners of these properties. Additionally, local governments already have the authority to mandate the action envisioned by this bill. I encourage the Integrated Waste Management Board to continue in its efforts to provide adequate tools and resources to local jurisdictions in order to make available increased recycling opportunities for multifamily dwelling residents.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 639

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 639 without my signature.

This bill would require the California Department of Corrections and Rehabilitation (CDCR) and the Department of Motor Vehicles (DMV) to work collaboratively to ensure that certain inmates released from San Quentin State Prison obtain a valid California identification card.

I share the author's concern for providing tools to individuals about to be released from prison that will aid them in making a successful transition into the community. The CDCR and DMV have worked together to provide California identification cards to parolees in the past and are currently working on a similar joint pilot at various CDCR facilities.

Additionally, this bill will result in parolees receiving services that are not currently available to the general public. For example, the DMV does not perform the function of determining whether or not members of the general public have the ability to pay applicable identification card fees. These services must be applied for through other governmental or non-profit public assistance programs.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 658

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 658 without my signature.

Like all Californians, I am concerned about the violence in our communities. I strongly support local efforts aimed at reducing community violence. However, this bill would require the creation of a new program that draws away from the efforts California is already undertaking.

In May 2007, my Administration established the Gang Reduction, Intervention and Prevention Program (CalGRIP), targeting more than \$31 million in state and federal funding toward local anti-gang and violence efforts. On September 4, 2007, my Administration released \$2.8 million in discretionary Workforce Investment Act funds to local government to expand job training for at-risk and gang-involved youth and gang members.

Given the need for California to support its existing efforts, the creation of a new program is unnecessary at this time.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 878

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

The activities funded by the current fee are laudable and I have previously signed into law legislation extending the program. I cannot support the doubling of the vehicle registration fee paid by motorists as proposed by this bill. On numerous previous bills attempting to raise registration fees, I have held that fees such as these should be approved by a vote of the people. This measure does not include such a provision.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 969

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 969 without my signature.

Although increasing use tax reporting is desirable, I have concerns that the effective date of January 1, 2008 is too soon for taxpayers to compile adequate records of their purchases that are subject to the use tax for calendar year 2007. Further, I would like to see a plan to better educate taxpayers on the use tax, as I suspect that many taxpayers have little knowledge of the tax and may unknowingly fail to pay it.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1294

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1294 without my signature.

This bill would allow cities and counties, subject to voter approval, to conduct a local election using a ranked voting system. This represents a drastic change to the way we vote. Although there are some proponents for ranked voting, which allows for so-called "instant runoff" elections, I am concerned that we don't yet know enough about how voters will react to such a dramatic change in the way they vote. For instance, charter cities and counties already have the right to hold ranked voting elections, yet only one city has done so thus far, and that was on a trial basis only.

Further, the machines necessary to implement ranked voting are not widely available nor have any been certified by the Secretary of State. As the Secretary of State recently decertified the vast majority of electronic voting machines used for traditional elections, it is premature to even contemplate moving to ranked voting tomorrow until we have resolved any issues with the machines needed for how we vote today.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1328

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1328 without my signature.

While I strongly support providing pregnant women prenatal care and secured a waiver to access hundreds of millions in federal funds to protect these important services, I cannot support this bill. Since its inception in 1991, the Access for Infants and Mothers program has required that women be California residents for six months or more to be eligible for coverage. This bill would remove that requirement potentially increasing General Fund costs by more than \$1 million.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1334

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1334 without my signature.

This bill would enact the Inmate and Community Public Health and Safety Act, which would allow any nonprofit or health care agency to distribute sexual barrier protection devices to inmates in state prisons.

As stated in my veto of AB 1677 last year, the provisions of this bill conflict with Penal Code Sections 286 (e) and 288 (e), which make sexual activity in prison unlawful. However, condom distribution in prisons is not an unreasonable public policy and it is consistent with the need to improve our prison healthcare system and overall public health.

Local jail systems in both Los Angeles and San Francisco have already implemented condom distribution programs. Therefore, I am directing the California Department of Corrections and Rehabilitation to determine the risk and viability of such a program by identifying one state prison facility for the purpose of allowing non-profit and health agencies to distribute sexual barrier devices.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1382

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1382 without my signature, as it provides an opportunity for increased fraud and abuse without guaranteeing increased participation in the program as intended by the legislation.

While I support efforts to increase participation in the food stamp program, including offering foods stamps to families leaving welfare to work and improving outreach and simplifying the application process, I cannot support this bill. The Statewide Fingerprint Imaging System (SFIS) prevents fraud by discouraging applicants from illegally obtaining duplicate benefits. Our first responsibility to taxpayers is to

take necessary steps to prevent fraud and abuse in public programs, which is why I cannot support this bills elimination of the SFIS.

For these reasons, I am returning AB 1382 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 150

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 150 without my signature.

Teaching students the principles of money management is a worthy goal. However, this bill would merely authorize the Superintendent of Public Instruction (SPI) to convene an advisory committee and make financial literacy resources and materials that are grade-level appropriate available online. Superintendent O'Connell already has the authority to do these things, if he so chooses. In addition, many financial institutions and services providers already provide an abundance of information on financial literacy that is readily available on the Internet.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 280

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 280 without my signature.

While I support the attainment of literacy in foreign languages, I am concerned that this bill could create a precedent for providing special recognition for one specific subject area. Students taking four years of math or science, for example, would not receive special recognition, therefore creating a bias of value toward foreign language above other core curricula areas. Students should be encouraged to strive for, and value high achievement in all of their academic pursuits.

For this and other reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 398

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 398 without my signature. While I support consumer access to information, including information about the quality of care at licensed long-term care facilities, I cannot support this bill as it is premature, overly prescriptive and would result in increased state costs. Efforts underway by the Department of Public Health (Department) will produce a consumer website so the public can easily access facility licensing violations.

I am directing the Department to consider expanding the website under development to include data required by this bill unless doing so will substantially increase costs or delay development of the website.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 399

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 399 without my signature.

I strongly support the protection of vulnerable populations and to that end have supported increased staffing for inspection and enforcement efforts in long-term care facilities. I have also signed legislation to ensure skilled nursing facilities are in compliance with state and federal laws. With these resources, the Department of Public Health has significantly improved initiation and completion of complaint investigations. This is important progress and I believe it will provide greater protection to our state's most vulnerable elderly and disabled populations.

While I believe this bill is well-intended, it is premature to place additional investigation requirements on this program as it continues to demonstrate progress in meeting its mandated state and federal workload.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 423

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 423 without my signature.

While I share the author's interest in improving access to mental health and substance abuse services, I cannot support this bill as it would contribute to higher health care costs, potentially making

coverage less affordable. California needs comprehensive health care reform that will provide coverage for all, promote shared responsibility and make health care more affordable.

I encourage the author to work with me to enact comprehensive health care reform that will provide all Californians access to health coverage, strengthen prevention efforts, increase access to mental health and substance abuse services, and promote affordability.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 467

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 467 without my signature.

While I fully support the principle that all Californians should have equal access to justice, I cannot support this measure. This bill would further burden California's overworked courts, add to the number of frivolous and marginal cases, and potentially increase fraudulent fee-waiver applications. This bill's supporters claim that its revisions would improve the processing of fee-waiver applications and, more importantly, ensure that all Californians can access justice regardless of their economic status. While this bill's objective is noble, by increasing the strain on the state's court system, this bill's impact would ultimately compromise the court's ability to provide a fair and effective administration of justice for all Californians.

For these reasons I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 502

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 502 without my signature.

A program designed to assist domestic violence victims should be available to all victims of domestic violence, not limited to those who are undocumented immigrants. In addition, services provided under this bill are duplicative of current law that provides employment services to noncitizen victims of domestic violence.

My Administration supports the needs of immigrants who come to California seeking refuge, and has consistently advocated for immigration reform to the federal government. In 2006–07, the Los Angeles County District Attorney's Office received \$3.4 million to support various services to victims of crime.

While I join the author in condemning domestic violence and applaud his concern for victims of crime, I cannot support a bill that would treat undocumented immigrants preferentially.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 508

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

While I strongly support efforts to help people recover from drug addiction, I am returning Assembly Bill 508 without my signature.

The current requirement for drug-related felons to participate in a drug treatment program, or provide evidence that drug usage has ceased, remains a viable intervention prior to eligibility in the Food Stamp Program. Such an intervention increases the opportunities for successful recovery from drug addiction and provides for more individual responsibility and accountability of individuals being released from incarceration for a drug-related felony conviction.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 537

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 537 without my signature.

This bill, along with two others I am returning without my signature, would significantly expand California's workplace leave laws. While some expansion of existing law may have merit, these laws in combination are too expansive and also fail to recognize the need for reforms to current law.

California has the strongest employment leave and workplace protection laws in the country. While these laws have been enacted with the best of intentions, they have also caused much confusion for employers and employees. Unfortunately, many California-only standards in areas such as family leave, overtime, and meal and rest periods have been developed haphazardly and have resulted in needless litigation that has created a perception that California is not friendly to business.

Instead of expanding the confusing network of laws that presently exist, employers and employees should be working together to eliminate confusion and create a system of workplace laws that protects workers, provides reasonable leave requirements, and offers both employers and employees flexibility to meet their respective needs.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 543

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 543 without my signature.

While I support the intent of this legislation, I am unable to sign it as it lacks critical patient safety protections. This bill doesn't establish appropriate time limits for performing surgery under general anesthesia. Further, it inappropriately restricts administrative flexibility and creates state fiscal pressure during ongoing budget challenges.

I am directing the Department of Public Health to pursue legislation that establishes licensure standards for these facilities that are consistent with federal requirements and protect the health and safety of patients.

For these reasons, I am returning AB 543 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 35

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 35 without my signature.

I support the development of green building standards and share the goals of this bill. However, if implemented provisions in this bill would create a bias for certain building materials over others without a clear benefit. For instance, the use of California wood building construction materials is highly discouraged in favor of foreign grown bamboo and wheatgrass.

Additionally, building standards should not be statutory. The Building Standards Commission was created to ensure an open public adoption process allowing experts to develop standards and periodic updates to the building codes.

Allowing private entities, such as proposed in this bill, to dictate California's building standards usurps the state's authority to develop and adopt those standards and could compromise the health and safety of Californians. I encourage state agencies to review all nationally recognized programs and glean from those programs, standards that promote greener construction, energy and water conservation, and reduce Green House Emissions.

It is imperative to expedite the greening of California's building standards. As such, I am directing the California Building Standards Commission to work with specified state agencies on the adoption of green building standards for residential, commercial, and public building construction for the 2010 code adoption process.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 144

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 144 without my signature.

While I understand the Franklin-McKinley School District's desire to demonstrate the quality of its math instructional programs and motivate its students, this bill is not the correct way to do so. Using the California High School Exit Exam for this purpose in eighth grade would yield inaccurate measurements of these students' achievement when they take it again in tenth grade, thereby compromising its validity. There are other assessments, including the California Standards Tests that can appropriately be used to achieve the district's goals. Finally, there is no compelling state interest in providing the high school exit exam to one district just so that it can motivate its students.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 314

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 314 without my signature.

Since the passage of the Federal Deficit Reduction Act of 2005, California needs to increase work participation rates in the CalWORKs program. Failure to meet federal work requirements will lead to federal penalties and threatens our financial ability to retain a strong safety net for low-income children and working families. I believe comprehensive reform, not piecemeal changes are needed. It is premature to consider this proposal in the context of all other options to increase California's work participation rate.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 400

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 400 without my signature.

While I agree with the author that what the state measures in its accountability system sends a powerful message to schools and to the public about the outcomes we value, this bill still needs refinement. I respect the intention to provide schools the incentive to expand access to A-G college admission required courses, and expand course offering in Career Technical Education program. I am open to opportunities to accomplish that goal. However, I must maintain that the Academic Performance Index (API) should continue to be based on objective, reliable, valid and consistent statistical measurements.

Currently, a school's API is based solely on its students' performance on academic achievement tests. This bill, however, would require that, by no later than June 30, 2014, the weight given such tests be reduced to 50 percent with the remaining 50 percent based on high school graduation rates, the percentage of students fulfilling the requirements for admission to public postsecondary institutions, and the percentage of students who graduate prepared for entry-level employment in business or industry.

For these reasons, at this time I am unable to sign this measure.

Sincerely,

ARNOLD SCHWARZENEGGER

The urban heat island technical evaluation and reflective coating development provisions of this bill are duplicative of regulatory efforts already in progress at the Air Resources Board and the California Energy Commission under the authority provided by the Global Warming Solutions Act of 2006.

The provision of the bill regarding disciplinary action for the failure of licensed contractors to comply with building energy efficiency standards has merit. I urge the Legislature to reconsider legislation on adding these new penalties next year.

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 941

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 941 without my signature. While I appreciate the efforts by the author and stakeholders to improve coordination and oversight of California's emergency medical technicians in a manner that better protects public safety, I cannot sign this bill. AB 941 would establish a statewide registry for EMTs, establish background check requirements and provide for uniform disciplinary standards. However, it falls short of what is needed to protect public safety and ensure appropriate oversight of EMTs. Specifically, I am concerned this bill lacks requirements and penalties to assure timely notice when an investigation is initiated, does not provide sufficient authority for local medical directors to independently initiate investigations, and fails to establish clear standards for background checks. In addition, I am concerned that the bill would significantly

limit public disclosure. I therefore direct the Health and Human Services Agency to work in a collaborative manner with stakeholders on legislation that builds on AB 941, and improves it to get the job done.

For these reasons, I am returning Assembly Bill 941 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

To the Members of the California State Assembly:

I believe it is important for the state to encourage students who choose to participate in career technical education programs to enter into the workforce, if that is their chosen career path. However, it is unclear whether or not waiving the fees that they are required to pay is a deterrent to their entry into the job market. Furthermore, any lost revenue from waivers that are provided by this bill will either result in a decrease in service, or have to be covered by the program's other licensees, since all of the Department of Consumer Affairs' licensing programs are fully supported by licensing fees.

For these reasons, I am unable to sign this bill.

Governor's Office, Sacramento

October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1049 without my signature.

While I appreciate the author's intent, this bill is unnecessary, as the recently established Juvenile Justice Community Reentry Challenge Grant Program will serve many of the same functions as proposed by this bill, and is currently being implemented. It is necessary to allow this program to proceed and gauge its effectiveness, and then determine whether it is successful enough to expand, before creating a new separate but similar program.

In addition, while this bill specifies that the pilot program shall be created only to the extent that funds are appropriated for that purpose, it provides no funding for the actual administrative costs that will be necessary for the California Department of Corrections and Rehabilitation to implement the program.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1058

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1058 without my signature.

I support the development of green building standards and share the goals of this bill. However, if implemented provisions in this bill would put the health and safety of Californians at risk by being in conflict with current safety standards. The national standards in this bill could require that wood support studs be placed twenty-four inches apart instead of the California seismic safety standard of sixteen inches, thus endangering the safety of the home. Additionally, the guidelines for planting vegetation for shade would violate California fire standards for the most dangerous areas by placing vegetation next to the house, not the 100 foot firebreak required by California law.

Additionally, building standards should not be statutory. The Building Standards Commission was created to ensure an open public adoption process allowing experts to develop standards and periodic updates to the building codes.

Allowing private entities, such as proposed in this bill, to dictate California's building standards usurps the state's authority to develop and adopt those standards and could compromise the health and safety of Californians. I encourage state agencies to review all nationally recognized programs and glean from those programs, standards that promote greener construction, energy and water conservation, and reduce Green House Emissions.

It is imperative to expedite the greening of California's building standards. As such, I am directing the California Building Standards Commission to work with specified state agencies on the adoption of green building standards for residential, commercial, and public building construction for the 2010 code adoption process.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1164

Governor's Office, Sacramento
October 14, 2007

To the Members of the California State Assembly:

I am returning Assembly Bill 1164 without my signature.

While I support efforts to improve the quality of child care services and have provided increased state funding to expand access to subsidized child care, I can not support this bill as it has the potential to add significant fiscal pressures to the State's structural budget deficit. Family child care homes currently receive prevailing market rates for

their services. They are reimbursed for the state-subsidized families they serve at the same rate as that paid by the non-subsidized families they serve.

Changes in the current reimbursement structure, increases in family child care provider reimbursement rates, expanded provider training efforts, or other program enhancements could come at the expense of the number of available child care slots. In light of the current structural budget deficit, it is imperative that we balance our fiscal reality and the need to provide services to working families.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2007-038
October 16, 2007

*The Governor of California
President pro Tempore of the Senate
Speaker of the Assembly
State Capitol
Sacramento, California*

Dear Governor and Legislative Leaders: As required by the Business and Professions Code, Section 2435, the Bureau of State Audits presents its audit report concerning the Medical Board of California's (medical board) financial status and its projections related to expenses, revenues, and reserves, and the amount of refunds or licensure fee adjustments needed to maintain the reserve level legally mandated for the medical board's contingent fund.

This report concludes that the medical board exceeded the mandated reserve, or fund balance, level by more than 100 percent in fiscal year 2006–07 and, therefore, needs to consider reducing or refunding license fees for physicians and surgeons (physicians). The law requires it to maintain a fund balance that would cover operating expenditures for approximately two months. However, in fiscal year 2006–07, the fund balance grew by \$6.3 million to \$18.5 million, enough to cover 4.3 months of expenditures. This increase was mostly due to variances between actual and estimated expenditures related to program changes.

The deputy director of the medical board recognizes that the fund balance is high, but stated it is too early to take corrective action because the medical board is currently implementing program changes that will increase expenditures. However, based on the medical board's historical experience of overestimating expenditures by at least \$2 million in each of the last four fiscal years, we estimate that the medical board would have 3.8 months of reserves on June 30, 2012.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Business and Professions.

California State Auditor

2007-108

November 1, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the Department of Water Resources' (Water Resources) administration of the Flood Protection Corridor Program (flood protection program).

This report concludes Water Resources awarded \$57.1 million for local grants under the flood protection program based on poorly defined selection criteria and incomplete information. Most notably, it is unclear whether the most expensive grant, the acquisition of Staten Island, will result in a tangible flood protection project in return for the \$17.6 million in funds awarded. Water Resources also did not always obtain information from applicants called for in its regulations to evaluate a potential projects' flood protection benefits, such as evidence that property owners are willing to sell their property at fair market value. Moreover, although Water Resources established a framework for monitoring projects that would have been effective if enforced, it has not done so. In an extreme case, Water Resources has not contacted the city of Santee since March 2004, when it disbursed \$3.65 million, despite the city's failure to submit required reports. For the other 12 projects we reviewed, Water Resources did not always obtain complete progress reports, meet its goal for conducting site visits, or adequately track costs against their budgets. Additionally, Water Resources lacks a formal process for reporting project status for the flood protection program. Finally, Water Resources neither resolved its appraisal staff's or the Department of General Services' concerns that the appraised value of Staten Island was too high, and as a result, the State potentially paid more than fair market value for the property. Correcting these deficiencies in the flood protection program is important because Water Resources will select and monitor similar projects to be funded with an additional \$330 million that California's voters approved in November 2006.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Water, Parks and Wildlife.

California State Auditor

2007-102.1
November 6, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California State University's (university) compensation practices. This report concludes that the university has not developed a central system enabling it to adequately monitor adherence to its compensation policies or measure their impact on university finances. From July 1, 2002, through June 30, 2007, the university payroll has increased by \$225.8 million, or 9.6 percent, but increases varied significantly by employment classification. Average executive compensation increased by 25.1 percent over this time period, with salary increases contributing the most to the growth. Average compensation for Management Personnel Plan employees (management personnel), such as managers and professional technical staff, increased by 10.4 percent. In contrast, average compensation for tenure-track faculty and other faculty increased by 5.6 percent, and 6.2 percent, respectively.

The board of trustees has justified increasing executive salaries on the basis that its executives' cash compensation, excluding benefits and perquisites, lags those of comparable institutions, but concerns have been raised about the methodology used. Additionally, the university has three executive transition programs that provide postemployment compensation packages to departing executives, in addition to the standard retirement benefits available to eligible executives. Further, some management personnel received questionable compensation after they were no longer providing services to the university or while they were transitioning to faculty positions. Finally, the discretionary nature of the university's relocation policy can result in questionable reimbursements of costs for moving household goods and closing costs associated with selling and purchasing residences.

ELAINE M. HOWLE
State Auditor

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2007-109
November 29, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the implementation of the DNA Fingerprint, Unsolved Crime, and Innocence Protection Act (DNA act).

This report concludes that, although the DNA act requires the Department of Justice (Justice) to post data on collections of DNA penalty assessments on its web site based on annual reports submitted by counties, it does not require counties to report all collections of DNA penalty assessments. Specifically, counties are not required to report the collection of penalty assessments mandated by a July 2006 amendment to the DNA act. Additionally, the information on Justice's Web site is misleading because it indicates that many counties in 2005 and 2006 had not collected any DNA Identification Fund (DNA fund) money when in reality they simply failed to submit annual reports. Based on

records maintained by the State Controller's Office, however, we found that these counties actually transferred \$1.6 million and \$3.8 million, respectively, to the State in these years. Consequently, anyone relying on Justice's Web site for DNA penalty collection information would not have a complete picture of all money collected or transferred to the State.

Further, judicial discretion and state laws can affect the amount and timing of DNA penalties assessed and collected by the courts. As a result, for some violations the State may not receive any DNA fund money or may receive a lesser amount. Court decisions and state law can also allow several months to lapse before fines must be paid and transferred to the State. Although the amount of money transferred to the State increased in 2006, these factors, along with early delays in implementing the requirements of the DNA act, may explain why transfers were lower in the first few quarters after implementation.

We also found that the counties we visited appropriately used money from their DNA funds, although they needed to use alternative funding sources to pay for some DNA program costs. However, more funding should be available to counties as their share of DNA fund money rises in accordance with the DNA act. Finally, although not significant, in assessing and distributing DNA penalty collections, we did note weaknesses in some courts' automated case management systems and internal controls that resulted in minor errors.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

STATEMENT OF ASSEMBLY EXPENDITURES PRINTED IN JOURNAL

The following Statement of Assembly Expenditures was ordered printed in the Journal:

The Honorable Fabian Núñez

Speaker of the Assembly

State Capitol, Sacramento, California

Dear Mr. Speaker: Transmitted herewith is the annual report of Assembly expenses. It includes the total expenditures by Member, committee, leadership office, service operation, and overhead according to various categories for the 12-month period ending November 30, 2006. Every expenditure made from the Assembly Operating Fund during this period is accounted for. Additionally, the report includes an itemization, by Member, of per diem expenditures from the General Fund during the same period of time.

It is important to note that this report is compiled on a cash basis. Therefore, the cost of goods and services incurred by a Member during the preceding reporting period but paid for during the current period is included. Furthermore, some goods and services which were received toward the end of this reporting period were not paid for until the beginning of the December 2006–November 2007 reporting period and are, therefore, not included in this expenditure report.

The following indicates the types of expenditures which are included within each classification:

Staff Salary: This includes the salaries paid to all employees in the Member's district office as well as those employees who work in the Member's Capitol office, provided they are not committee or leadership office personnel. The salaries of the latter group of employees are included in the specific detail report for each of the respective committee and leadership offices.

All Assembly personnel are classified according to job descriptions approved by the Assembly Rules Committee. The committee has established specific salary ranges for each of the classifications. The salary within a range for a specific employee reflects a combination of years of service in his or her position and his or her own job performance since the amount of annual merit salary increases is based on evaluations of each employee's work. Thus, a Member whose office staff includes employees with substantial Assembly seniority, and/or outstanding records of service, will have a higher total expenditure for salaries than will a Member who employs more junior personnel.

Member Travel and Per Diem: Separate totals are shown for in-state travel and out-of-state travel. Most in-state travel expenditures are for attendance at interim committee hearings. Out-of-state travel expenditures are generally for participation in conferences dealing with an issue area pertinent to the legislative specialty of the Member or are for investigative trips.

Staff Travel: This category includes the expenditures incurred for the Capitol and district staff traveling for legislative business. It also includes mileage reimbursements to district office personnel. The staff travel expenditures reported by committee, are generally costs incurred in connection with interim committee hearings which are generally held away from Sacramento for the convenience of citizens who wish to provide testimony to the committees.

Car Lease: The amount reported in this category is the automotive lease amount charged to each Member's budget by the Assembly Rules Committee. Members may elect to use a vehicle that is owned by the Assembly. The Assembly Rules Committee charges 90% of the total monthly lease amount to the Member's budget, limited to \$400 for a three-year lease and \$350 for a four-year lease. The Member must pay the difference from personal funds.

Car Maintenance: The costs reported in this category will vary significantly because of the variance in the number of miles driven by the Members. Members in large-sized districts and Members who represent districts wherein air travel between the Capitol and the district is not practical tend to utilize their cars more than other Members. Accordingly, the maintenance costs of such cars are likely to be higher than for others.

Gas and Oil: Expenditures in this category are for gasoline and oil supplied to cars and private aircraft for legislative business. These costs, too, vary for the same reasons as those affecting car maintenance.

Car Rental, Staff and Member: This expenditure category includes the use of state-owned pool cars and commercial rental cars by both the Member and his/her staff in the course of legislative business.

This category, as listed in the Support Services section of the report, includes, in addition to car rental, the costs of gas, oil, and maintenance for cars utilized by the Office of the Sergeant at Arms.

District Office Rent, Maintenance and Utilities: Each Member is entitled to rent an office within the district he/she represents so that constituents may have direct access to their legislators. In some of the larger districts, two or three offices are sometimes authorized. Accordingly, Members representing districts in high-rent metropolitan areas or Members representing large districts requiring more than one office will be reported with higher expenditures in this category than will other Members. Costs included in this expenditure item are rent, utilities (except telephone), janitorial service, and incidental maintenance costs.

Telephone and Telegraph: All telephone charges (except some equipment installation charges) are reported in this expenditure category. Included are the charges for district office telephones, Capitol telephones, and mobile telephones. Members who will likely have higher charges than many of their colleagues are those representing districts which are either far from the Capitol, or in regions which cover large geographic areas.

Postage: The category includes the total amount expended for postage except for the postage utilized in the mailing of legislative mailings authorized under provisions of Proposition 73 of June 1988.

Communications: The costs included in this expenditure category are primarily for handling and mailing of legislative mailings authorized under provisions of Proposition 73 of June 1988.

Furniture and Equipment: This category includes the purchase, rental, and maintenance of certain furniture and equipment items utilized in the Capitol and district offices of the Members. It does not include the purchase of items which will, during the course of their usefulness, be utilized by a number of Members during succeeding years. Expenditures for items of that description are reported in the Furniture and Equipment category as General Overhead Expenditures.

Office Supplies: Stationery items, other printing costs charged to the Assembly Operating Fund, general office supplies, and related miscellaneous supplies utilized in the Members' Capitol and district offices are reported in this expenditure category.

Subscriptions and Publications: Each Member is authorized to subscribe to the newspapers generally circulated within his/her district and to certain metropolitan daily newspapers. Members representing districts which include many cities and towns will frequently have higher expenditures in this category than will Members representing relatively compact areas. Expenditures for subscriptions and publications incurred by the committees and leadership offices are reported separately. Each committee is authorized to purchase relevant books and to subscribe to periodicals specializing in the subject matter of the committee for which the expenditure is made.

Miscellaneous Services: Most of the expenditures shown in the Miscellaneous Services category for the Members are for services such as telephone answering services in district offices and newspaper clipping services. Included in this category for the committee reports are such items as witness expenses, meeting expenses, data-processing costs, and other miscellaneous services.

A number of operational costs incurred by the Assembly are not directly attributable to any of the Members, committees, leadership offices, or support services. Such expenditures are classified as General Overhead and are reported according to the following categories:

Miscellaneous Salaries: Accrued vacation payments made to terminating employees, and salaries paid to employees on extended sick leave are reported in this category.

Employee Benefits: This expenditure category includes the Assembly's contribution to the OASDI (Social Security) fund, the Public Employees' Retirement System, various health, dental, vision, and life insurance premiums, the Compensation Insurance Fund, unemployment and disability insurance, and any other benefits approved by the Assembly Rules Committee.

Building, Rent, Maintenance and Utilities: Reported in this expenditure category are construction and remodeling costs and the rent, maintenance, and utilities for offices (other than Members' individual district offices) utilized and paid for by the Assembly outside the Capitol.

Telephone: This listing is for the cost of telephone equipment installation in all Assembly offices.

Furniture and Equipment: The expenditure indicated in this category is for the purchase, rental, and maintenance of furniture and equipment not reported elsewhere in the report. Most furniture and equipment is considered a capital investment which will be used, through the years, by a number of different Members or other offices and can therefore not be appropriately reported as an expense on behalf of any particular Member or office.

Office Supplies: The amount shown in this expenditure category represents office supplies which were purchased by the Assembly for the use of Members and other offices but which were not distributed to any such offices before the end of this reporting period.

Annotated Codes and Law Books: Each Member's office and certain other Assembly offices are furnished with Annotated California Codes and certain other law books. The cost of these books is

considered a capital expenditure in the same manner as many furniture and equipment items, and is therefore reported in this General Overhead category.

Meeting Expenses: This expenditure category includes certain costs incurred by the Assembly relative to the conduct of Assembly Sessions and Joint Sessions of the Legislature which cannot be readily charged to any other expenditure category, rental costs for some meeting rooms, and some conference registration fees.

Freight, Moving and Delivery: This expenditure category includes costs incurred for the transport of furniture, supplies, and other items which are not chargeable to any particular office.

Other Miscellaneous Services: The major expenditures reported in this category are for the costs of photography services related to official Assembly publications, vehicle liability insurance, and organization memberships.

Study Contracts: From time to time the Assembly finds it practical to contract with individuals, firms, universities, and other governmental agencies in order to expand its research capability with respect to specific projects. The costs reported in this category are for payments made under such contracts during this period.

The next report of Assembly expenditures will be for the period between December 1, 2006, and November 30, 2007.

Sincerely,

HECTOR DE LA TORRE

Chair of the Assembly Committee on Rules

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2007-102.2
December 11, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning California State University's (university) hiring practices and employment discrimination lawsuits. This report concludes that the chancellor's office and board of trustees (board) of the university have delegated the hiring authority of assistant, associate, and full professors (professors) to the campuses but have issued little systemwide guidance to the campuses regarding the hiring process. Not surprisingly, the campuses we reviewed are inconsistent in their consideration of gender and ethnicity when hiring professors. For instance, departments at some campuses consider the gender and ethnic composition of search committees for professors, while others forbid it, and we noted that women and minorities were not always represented on search committees.

The university has also delegated authority to the campuses for hiring Management Personnel Plan employees (management personnel), and campuses have developed hiring policies that vary in terms of the amount of guidance they provide search committees for these positions. In fact, one campus has developed no policies for management personnel positions that relate to nonacademic areas. While the hiring process for presidents requires input from many stakeholders, the process used to hire system executives is largely at the discretion of the chancellor in consultation with the board. Further, as of June 30, 2007, the university spent \$5.3 million for outside counsel in defending 75 of the 92 employment discrimination lawsuits filed during fiscal years 2002–03 through 2006–07, while the defense for the remaining 17 lawsuits was assigned to its own litigators. Finally, plaintiffs alleged race or gender discrimination in 63 of the 92 lawsuits filed, of which 30 resulted in a settlement as of June 30, 2007. These 30 settlements cost the university \$1.6 million.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2007-107
December 13, 2007

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning whether the activities performed by nonprofit hospitals that are exempt from paying taxes because of their nonprofit status, truly qualify as charitable activities that provide a broad public benefit and are consistent with exempt purposes.

This report concludes that when taken as a percentage of net patient revenues—the actual amounts a hospital receives from patients and third-party payers, such as health coverage programs—the uncompensated-care costs provided by nonprofit and for-profit hospitals were not significantly different, both including and excluding Medi-Cal costs. Benefits provided to the community, which only nonprofit hospitals are required to report, differentiate nonprofit hospitals from for-profit hospitals, but the categories of services and the associated economic value are not consistently reported among nonprofit hospitals.

Although state law requires that tax exempt hospitals submit a community benefit plan that describes the activities undertaken to address community needs and assign and report economic values to those benefits, it does not mandate a uniform reporting standard. As a result, tax-exempt hospitals report their community benefits using different categories and different methods for calculating their economic value. In addition, we noted significant errors in the values for tax-exempt hospitals' property reported by county assessors. Lacking more reliable data, we used the reported economic value of community benefits and reported property values to estimate the value of taxes not paid by tax-exempt hospitals. We estimated that the community benefits reported by tax-exempt hospitals, which were about \$656 million in 2005, were roughly 2.7 times the \$242 million in income and property taxes not collected. However, because our estimate is based partially on flawed data, more precise estimates based on complete and accurate data could produce a different result. Moreover, the Franchise Tax Board does not adequately monitor the continuing eligibility of California's income-tax-exempt nonprofit hospitals.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

GOVERNOR'S ADDRESS PRINTED IN JOURNAL

Without objection, the following text of Governor Arnold Schwarzenegger's State of the State Address was printed in the Journal:

Governor Arnold Schwarzenegger
2008 State of the State Address
January 8, 2008

Lieutenant Governor Garamendi, Speaker Núñez, Senate President pro Tem Perata, Senate Republican Leader Ackerman, Assembly Republican Leader Villines, my fellow servants of the people, ladies and gentlemen . . .

When I was last here, little did we know that California would be engulfed by the largest firestorm in its history. It turned the night sky an eerie, disturbing orange and the day sky black. It drove hundreds of thousands of our citizens from their homes.

In response, the Army of the Inferno—140 aircraft, 1600 fire engines and 15,000 Firefighters—mobilized to battle the flames. It sounds like a scene from a movie but it was real . . . and people died. People lost their homes. Peoples' lives changed.

That first Monday night during the height of the fires, I went to Qualcomm stadium in San Diego, which by now became an evacuation center. I wanted to see for myself if the people had enough food, water, necessities. I talked to the people there. They were worried, of course, but they were in good spirits. They felt their government had responded.

Then I heard there were people at Del Mar racetrack, so I went unannounced to see the situation for myself. I found 300 frail, elderly people who had been forced from their nursing home by the fire.

It was here that I met a volunteer named Paul Russo, a nurse practitioner who appeared to be running the place. Paul, who's also in the naval reserve, had a military command of the situation. His clarity and control were impressive, and I noticed this gave people confidence.

He knew that the nursing home residents—sitting in wheelchairs and lying on mattresses on the floor—had to be moved to facilities where they could get dialysis and medicines and other things they needed. Paul and a couple other volunteers were calling hospitals and ambulances trying to find places and means of transportation.

Their commitment moved me, so I said to Daniel Zingale, one of my senior advisers, "We're not leaving until we help them take care of these people." So, I got on the phone, too.

And together, we found beds for emergency situations at a nearby military base. We found a school district that agreed to send special education buses.

I left, but Paul stayed up all night and had everyone moved by the next afternoon. What Paul and the volunteers did, what the police and firefighters did, and what state and federal agencies did . . . was this: They responded to the needs of the people. They led. They acted. They did not wait.

From bottom to top, everyone knew this was their moment. They resolved, without a word being said, that this *would not be* another Katrina.

President Bush and the entire Federal Government could not have been more supportive, and I want to thank the President and Secretaries Chertoff and Kempthorne for their great help.

The President said to me more than once, "If there's anything you need, give me a call." In fact, I did call him back just to check it out—and sure enough, he got on the phone. He was there for California.

Paul Russo was there for California. And this evening I want to recognize Paul, who represents a devotion to the greater good in a time of crisis.

In addition to the volunteers, firefighters, police, and state, local and federal employees, let me tell you another group that deserves recognition—the general public. People came together. They cooperated, they evacuated, they rescued, they contributed. They were exemplary citizens. And so, I would like to express my profound appreciation to the people of California.

Ladies and gentlemen, working together, people can accomplish remarkable things.

In April, a fiery truck crash melted the Bay Area's 580 freeway exchange. Hundreds of thousands of Californians who depended on that interchange foresaw months of delays and stress.

Yet it didn't take the normal 150 days to repair. Caltrans, working with contractors, cleared the span in 10 days and then built a new bridge and opened it up in a record 16 days later.

Government *can* work. It *can* be efficient. It *can* lead.

Even though we're not suffering a serious economic downturn, still, the risk of foreclosure threatens many Californians with the loss of their homes, and thus the American dream.

So we took action and reached a voluntary agreement with major lenders to freeze interest rates for homeowners most at risk. This could help keep more than 100,000 Californians in their homes.

Government *can* lead.

This last year, we took on other tough issues—the very contentious issue of prison reform and rehabilitation, the world's first low carbon fuel standard, and the most comprehensive health care reform in the nation.

Let me explain why health care reform is so important.

Here in California, the health care system is collapsing under its weight, its costs, its gaping holes, its injustices. Millions of people can't afford—or can't get—health care.

Our emergency rooms are crowded or closed. 60 closed in the last ten years.

MediCal patients are being turned away at hospitals.

Businesses and families are experiencing double-digit increases in health care costs.

Medical bills are the number one reason people file for personal bankruptcy.

All this is weakening our economy and contributing to our budget deficit.

But let me make this more personal and real—through a true story about a 51-year-old, self-employed San Diego man named Todd.

Todd had been on his wife's insurance plan, but after a divorce, he found a policy with a well-known company. Five months later, he started feeling tired, and soon learned he had lymphoma.

The insurance company then went back through all his records looking for a reason to cut him off. They pointed to a minor knee problem unrelated to the cancer. They noted that he now weighed less than he did when he applied for the insurance.

Well, of course, he did. He was now sick with cancer. But they cut him off.

One month after he got sick, the company cancelled his insurance. Todd died eight months later.

We are taking action so that what happened to Todd will not happen to any other Californian.

Now, I understand the concern that we have a deficit, and that our plan is too daring, too bold, too expensive. But sometimes you *have* to be daring, because the need is so great.

You want daring?

FDR didn't ignore the problems of the Depression because times

were tough. He addressed those problems in big, visionary ways *because* times were tough. He saw the problems and he acted on behalf of the people and the nation.

For example, to give America jobs, he created the WPA, which built 650,000 miles of roads, 78,000 bridges and 125,000 buildings. All these things we are still enjoying today.

We, too, must act boldly on behalf of the people and the state. And I want to thank the Assembly for its action on health care. When the Senate finishes its deliberations, I am confident the people of California in November will approve the most comprehensive health care reform in the nation.

In any number of areas, we've tackled politically risky things that no one in the past wanted to touch. To me, this is progress. And now, we must make progress on another problem that's been put off for many years. Professor Schwarzenegger is now going to explain the economics of our budget problem.

Our budget problem is not because California's economy is in trouble. In spite of a weakness in housing, other areas of our economy continue to thrive. We remain a powerhouse of technology, agriculture, advanced research, venture capital, international trade and innovation. And we continue to have job growth.

So, our revenues this coming year are not going to be lower than last year. They're simply going to hold steady.

The problem is that, while revenues are flat, automatic formulas are increasing spending by 7.3 percent. Even a booming economy can't meet that kind of increase. So, the system itself is the problem.

Also, for example, the rich in California by far pay most of the income taxes, but we only have so many rich people. The top 10 percent of our population—those making more than \$119,000 a year—pay nearly 80 percent of the taxes. So, our whole revenue system, its ups and downs, is based on whether the rich have a good year.

That's no basis on which to run a government. We need more stability.

Another thing . . . some people say, "Arnold, you're part of the reason we have this deficit—because you stopped the car tax increase."

Yes, I did do that, and I would do it again. It's not fair to punish people who can barely afford the gas to get to work, and on top of that ask them to pay for a tax increase to cover Sacramento's overspending.

I said it back during the Recall and I'll say it again, "We do not have a revenue problem; we have a spending problem."

We have to fix the system. The first year I was here, I tried to fix the system. I tried to get the Legislature to pass a constitutional amendment to limit spending, but it did not pass. Then, in 2005, I tried to convince the voters to pass a constitutional amendment to control the budget, but that failed, too.

So, for several years, we took actions that balanced the budget as long as the economy was booming. For several years, we kept the budget wolf from the door. But the wolf is back.

It used to be that Sacramento plugged deficits by grabbing money everywhere it could—pension funds, local governments, bonds, gas taxes meant for transportation. But we tightened the noose by taking away those options. We passed Proposition 1A, Proposition 58 and Proposition 42.

We now have no way out, except to face our budget demons.

To address next year's \$14 billion deficit, in two days I will submit a budget that is difficult. It does not raise taxes. It cuts the increase in spending. And it cuts that spending across the board.

As governor, I see firsthand that the consequences of cuts are not just dollars, but people. I recently brought leaders and advocates of various communities into my office to tell them about what we faced financially.

I had to look into their eyes and tell them.

Talking about fiscal responsibility sounds so cold when you have a representative for AIDS patients, or poor children, or the elderly sitting across from you. It's one of the worst things about being governor.

Yet fiscal responsibility, like compassion, is a virtue, because it allows the necessary programs in the first place.

What I find most troubling is the erratic ways we treat those who need our help. Up one year and down the next. We cannot continue to put people through the binge and purge of our budget process.

It is not fair. It is not reasonable. It is not in the best interests of anyone.

So I am again proposing a constitutional amendment so that our spending has some relationship to our revenues. It is modeled after the process used in Arkansas. When revenues spike upwards, the amendment I propose would not let us spend all the money that rushes in when the economy is good. Instead, we would set some of the good year money aside for bad years.

When revenues jumped 23 percent in 1999–2000, or when they jumped 14 percent in 2005–2006 . . . those were sugar highs. I remember how everyone here was so enthusiastic and so hopeful and so creative about how to spend that money. Everyone was saying, now is the time to do this, now is the time to do that. All good causes. If not now, when?

Then the sugar is gone and we come down off our high. We spend it all one year and can't sustain it the next. We need to budget more evenly.

Also, the way things are now, when we see a budget problem developing *during* the year, we don't have a way to stop it. We just keep the spending accelerator to the floor. What kind of sense does that make?

We need some brakes. We need an alternative to crashing. It's like a slow motion crash. You can see it happening, but you can't do anything about it.

Like right now, we're spending \$400 to 600 million more a month than we're taking in. And we can do nothing to stop it.

This amendment *would* do something. It would trigger lower funding levels if a deficit opens up during the year.

Ladies and gentlemen, I have faith that working together we can give California a budget system worthy of the people who rely on it.

Which brings me to public education. It makes me proud as governor that a recent survey found that 23 out of the top 100 public schools in the nation were in California. I would like to congratulate the teachers, principals, administrators and all who are responsible for these remarkable schools.

There are other good things, too. The number of high school students taking advanced math and science courses has increased 53 percent since 2003. That's terrific for our hi-tech future.

And we have other good education news, but as you know, it is not all good.

Our dropout rate is between 15 and 30 percent. We don't even know.

This is not just a statistic. These are children lost in a black hole of ignorance, poverty and crime. Our schools have 30 percent fewer teachers and half the number of counselors than other schools in the U.S.

Everyone knows that to dramatically change our education system we have to undertake reforms, and we have to fund those reforms. In light of the current budget situation, this is not the year to talk about money.

I do believe, however, we still must undertake reforms *right now* in the schools that need our help most.

To varying degrees, 98 school districts in California are out of compliance with the No Child Left Behind Act. According to the Act, after five straight years of noncompliance by a district, the state is required to take action or lose federal funding. We have identified several districts that on the whole have persistently failed to educate children.

I am announcing tonight that California will be the first state to use the powers given to us under the No Child Left Behind Act to turn these districts around. We will be working with Superintendent of Public Instruction Jack O'Connell, the teachers, the administrators, the parents and elected officials to make these districts models of reform.

No more waiting. We must act on behalf of the children.

Likewise, on infrastructure, I will continue to push for action. We have a water system built decades ago for 18 million people.

Today we have 37 million people. In 20 years, we will have 50 million people. We have to get going.

Already homes and businesses are facing mandatory cutbacks. Farms are unable to irrigate crops. Building permits are being denied.

And yet raging flood waters run wasted into the sea because they can't be captured. We must expand water storage. We must build new water delivery systems. We must fix the Delta and restore its ecosystem.

And I will continue to push you on this, because California needs water now—and 20, 30, 50 years from now.

Over the next 20 years, we have \$500 billion worth of infrastructure needs to be met. As we head into this new century, we also need digital infrastructure to keep our economy growing.

So how do we meet all these needs? There isn't enough money in the public sector to do all of it.

We need to expand partnerships where government and the private sector work together to meet the needs of the people. These partnerships can often deliver infrastructure faster, better and cheaper.

For instance, in British Columbia, public/private partnerships are common for building highways, bridges, rapid transit, water treatment. Everyone is happy. The political leaders are happy, business is happy, the public is happy, the economy is happy, the future is happy.

In the weeks ahead, I will send you legislation to make these partnerships more available to our state and to our local governments.

We will also continue to make California the world's environmental leader.

We are leading on climate change, low carbon fuels, energy efficiency—and on clean, green technology. When it comes to cleaning our air, preserving our oceans, protecting our environment, California will continue to be the foremost advocate for change.

And if we have to sue the federal government to get out of our way, we will do so.

Now, I will be submitting to you many legislative proposals—on energy and the environment, on infrastructure, on education.

And I will also submit a proposal on behalf of our returning veterans. They deserve not only our gratitude and respect, but a more open, welcoming door to civil service and education benefits.

Let me close by saying that last year I talked about post-partisanship. A few cynics made fun of that idea. But that is how I tried to conduct my administration over this past year. It's how I intend to conduct business over the coming year.

Speaker Núñez, Senate Leader Perata, Senator Ackerman and Assemblyman Villines, I cannot fix the budget alone. I can't build the roads and bridges alone. I can't improve education alone.

You are my partners. All of you sitting here in this chamber are my partners.

This coming year will test us in very hard ways.

I like something that Paul Russo said when he was asked why he didn't go home and get some sleep that night at Del Mar. He replied, "When you have a job to do, you get it done."

Ladies and gentlemen, we have a job to do for the people of California. Let's get it done.

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

Governor's Office, Sacramento
January 10, 2008

To the Senate and Assembly of the Legislature of California:

In accordance with Article IV, Section 12 of the California Constitution, I submit to you the Governor's Budget for 2008–2009.

Two challenges require our immediate attention as we begin 2008. First, we must close a shortfall of \$3.3 billion in the current fiscal year, which will grow to \$14.5 billion next year without swift and decisive action. And second, we must take steps to avoid a potential shortfall in the state's cash reserves this July and August, and potentially in March.

These problems are not the result of a fundamental crisis in California's economy. Indeed, we remain a diverse and dynamic economic powerhouse that will continue to grow and lead the world in innovation. These problems are the result of a budget system where there continues to be no linkage between revenues and spending. If we are to avoid these kinds of fiscal crises in the future, and if we truly want to bring fiscal health to this state for the long term, we must resolve to fundamentally fix the budget system this year—once and for all.

In order to close the gap, my budget proposes two actions.

First, I propose to reduce spending by implementing a 10-percent across-the-board reduction to nearly every General Fund program, and to have those reductions take effect on March 1st. While these reductions are unquestionably difficult and challenging, this across-the-board reduction approach is designed to protect essential services by spreading reductions as evenly as possible, so that no individual program is singled out for severe reductions. I am today proclaiming a fiscal emergency and calling for a special session of the Legislature to begin early implementation of these necessary budget reductions.

Second, I am using the authority given to me under Proposition 58 to suspend next year's pre-payments for the Economic Recovery Bonds and to sell the remaining bonds to rebuild this year's budget reserve.

In order to ensure long-term balance, I am proposing a Constitutional Amendment to reform the state budget process. The Budget Stabilization Act will prevent over-budgeting based on extraordinary revenue gains, and give the state the tools it needs to quickly reduce spending when necessary to avoid a deficit.

The challenges we face are substantial, and the decisions we face are difficult. But if we fail to address them swiftly, the problem will only get larger and the consequences even more severe. If we can work together, we can solve our immediate budget problems. But more importantly, we can finally give California a budget system that is fiscally responsible and avoids future budget deficits.

Sincerely,

ARNOLD SCHWARZENEGGER

Accompanying CD-Rom of the Governor's Budget ordered filed with the Secretary of State.

Receipt

I acknowledge receipt this 10th day of January 2008 at 10:55 a.m., of the budget for the 2008–09 fiscal year, together with an explanatory message delivered to me personally by Jacque Roberts.

Lord, The beauty of the natural world can take our breath away. The majesty of the mountains, the raging surf at the ocean's edge or even the vastness of the universe viewed in a clear night's sky. You, Lord, are the God that has created all of this and sustains it continually. Yet, sometimes our concept of You is smaller than our understanding of all of creation. Help us Lord, to stand in awe of You, to worship You, and to serve You all the days of our life.—AMEN.

California State Auditor

2007-111

January 22, 2008

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the California Highway Patrol's (CHP) purchasing and contracting practices, conflict-of-interest guidelines, and use of a state resource.

This report concludes that neither the CHP nor the Department of General Services (General Services)—which often assists the CHP with its high dollar value purchases—always followed the State's procurement requirements. For example, the CHP did not include all the justifications recommended by the State Administrative Manual in its \$6.6 million handgun purchase request; nevertheless, General Services approved the request. The CHP also did not sufficiently justify the cost of its \$1.8 million purchase of patrol car electronics. General Services subsequently approved the CHP's purchase request even though its policy is to return incomplete purchase documents to the originating state agency. Although we identified deficiencies in the CHP's handgun and patrol car electronics purchases, our legal counsel advised us that those deficiencies did not violate the provision of law that would make a contract void for failure to comply with competitive bidding requirements.

The CHP also has weaknesses in its conflict-of-interest guidelines. For example, the CHP does not require all employees who deal with purchasing to make financial interest disclosures, nor has it consistently followed its procedures to annually review its employees' outside employment. As a result, the CHP cannot be fully aware of or guard against its employees' potential conflicts of interest. Finally, between 1997 and 2007, the CHP owned and operated an eight-passenger aircraft—a Beechcraft brand King Air airplane (King Air). The CHP's policies governing the King Air's use were broad, simply requiring the Office of the Commissioner's approval. However, the CHP could not substantiate that it always granted the necessary approval and some of the CHP's decisions to use the King Air were not prudent.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Transportation.

California State Auditor

2007-119

January 24, 2008

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the Bureau of State Audits presents its audit report concerning the siting and permitting of large solar power plants—those of at least 50 megawatts—and related transmission lines.

This report concludes that although the State has set goals for increasing the use of electricity generated from renewable sources such as wind, geothermal, and solar, several factors have contributed to the lack of development of solar power plants. These factors include the lower cost of electricity generated from other renewable sources, the need for large investments in land and infrastructure, and an unproductive incentive system designed to help firms that generate power from renewable sources meet their costs. However, actions by the State and a changing energy market appear to have spurred interest in solar power plants in California.

Our review also concluded that a developer wishing to build a new large solar power plant generally will follow one of four possible approval tracks, depending on the type of plant proposed and the government agency that has jurisdiction over the land on which the new plant will be built. Each track has three primary components: land use review, environmental review, and review of related infrastructure such as new or upgraded transmission lines and interconnection to the power grid.

A review of recent nonsolar related applications (the State last approved a large solar power plant in 1990) indicates that the average time for obtaining approvals to build a power plant, transmission lines, and interconnect to the power grid, totals about 39 months. The delays we observed in approving some applications we reviewed were due to factors outside the control of the approval agencies. However, because applications for power plants, transmission lines, and interconnection to the power grid can be processed concurrently, a delay in obtaining one may not necessarily delay another. Finally, the protections provided by each approval process exist to accomplish various goals, but without approved applications for large solar power plants we did not determine whether certain aspects may be unnecessary or overly burdensome.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2005-115.2
January 31, 2008

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee (audit committee), the Bureau of State Audits presents its audit report concerning the Department of Insurance's (department) management of the Executive Life Insurance Company (ELIC) estate.

When the insurance commissioner (commissioner) conserved ELIC on April 11, 1991, he reported the company's assets to be \$8.8 billion. Including the loss from the liquidation of ELIC's investment securities in 1992, investment income, litigation proceeds, and income from other sources, the total ELIC assets available between 1991 and 2006 were \$10.2 billion. Of this amount, the commissioner has used \$528 million to pay for the cost of administering the ELIC estate. The commissioner transferred \$6.7 billion to Aurora National Life Assurance Company (Aurora) for use in its role as a successor insurer to ELIC. In addition, the commissioner has paid a total of \$2.7 billion to policyholders and other beneficiaries of the estate. As of December 31, 2006, \$325 million remained of the ELIC estate; however, in July and August 2007 the commissioner transferred \$311 million to Aurora for distribution to certain policyholders and other beneficiaries.

As with any insolvency of a public company, investors and creditors risk substantial losses. This was no different in the case of the policyholders of ELIC who incurred significant losses when the commissioner obtained a court order to take over its operations to conserve the company. In August 2005 the department estimated that losses related to the original policy rights totaled \$936 million. The department acknowledged that it did not include the time value of money in its August 2005 estimate; however, its analysis also did not include the financial impact caused by changes to policy terms subsequent to ELIC's insolvency. In contrast, when we calculated the economic loss to policyholders, we included several specific factors such as changes to policy terms, the time value of money, estimated original policy value, and others. Taking all of these factors into consideration, we estimated the total economic losses for policyholders to be \$3.1 billion both as of August 2005 and December 31, 2006.

The commissioner has not consistently monitored, reported on, or accounted for the distribution of assets of the ELIC estate. Other than requiring special procedures as part of an audit issued in 1998 and including some of those same procedures in an examination that was still ongoing as of October 2007, the commissioner asserted that he did not obtain general rights to monitor Aurora's records. Thus, the commissioner has done little to make sure that ELIC estate funds were distributed in accordance with key agreements from 1998 to 2006. Because the commissioner did not monitor these distributions,

policyholders have less assurance that the \$225 million distributed during this time period was distributed in accordance with the ELIC agreements. Furthermore, some reports authorized by the California Insurance Code or required by individual trust agreements were not produced and, inconsistent accounting practices and varying availability of supporting documents hinder a complete accounting of the ELIC estate. Overall, inconsistent reporting and auditing have contributed to a lack of information available to former ELIC policyholders and other parties who have an interest in the ELIC estate.

Respectfully submitted,

ELAINE M. HOWLE
State Auditor

Above report referred to the Committee on Insurance.

PRESENTATION OF SENATE MAJORITY FLOOR LEADER

Speaker Núñez presented the Honorable Gloria Romero, Majority Floor Leader of the Senate whereupon she addressed the assemblage, and made the following statement.

Thank you, Mr. Speaker.

Let me begin by expressing the welcome and gratitude of Don Perata, President pro Tempore of the California State Senate.

He asked me to represent him and the Senate today because of illness.

Es mi honor—como una mujer de descendencia mexicana y la legisladora de mas alto rango en California—dar un bienvenidos a usted y su esposa, la primera dama, Margarita Zavala, a California.

The ties between Mexico and California are deep and meaningful.

We share more than a border.

We share a history, we share a culture, we share a commerce, we share a people.

Today, our relationship remains strong and vibrant.

Most recently, California exported nearly 20 billion dollars in goods to Mexico, making Mexico our #1 trading partner.

When the Governor led his trade delegation from California to Mexico, I was honored to be a member of that delegation.

But it's more than our histories and economies that are intertwined—it's our future as well.

In the new global marketplace, regional partnerships are vital to economic success.

Many challenges confront us and we look forward to working with you to achieve comprehensive and humane immigration reform; economic development; fair trade; and, combating growing drug cartels that often steal the lives of too many youth in your country as well as ours.

I am grateful you have come to California to strengthen our relationship, help resolve our differences, and embark on an unwavering path of tolerance and understanding between our states.

We are neighbors—*somos vecinos*.

In California, we yearn to reach the American Dream.

I know there are American dreams on both sides of the border.

Yo se que hay sueños en los dos lados de la frontera.

Trabajando juntos, lo imposible . . . es posible.

Working together, what may seem impossible is possible.

Thank you.

REMARKS BY THE SPEAKER

Speaker Núñez returned to the rostrum, whereupon he addressed the assemblage, and made the following statement.

On behalf of my fellow legislators and our state's constitutional officers, I am honored to welcome today His Excellency, President Felipe Calderón Hinojosa and Mrs. Margarita Zavala to California's Capitol.

We are proud that you so graciously accepted our invitation to make this one of the stops on your first visit to the United States since becoming President.

It is one more sign of the great respect and friendship between California and Mexico.

The connection between California and Mexico is as old as time and as dynamic as tomorrow. Some of that connection is reflected in murals and museum pieces here in the State Capitol.

Some of that connection is also reflected in men and women who serve in this Capitol . . . including the man standing before you at the podium, who is still in awe of the system that allowed him to rise from the streets of Tijuana and Barrio Logan to become Speaker of the Assembly and be in a position to introduce the President of Mexico.

As we prepare to elect our own new president here in the United States, I know we all wish for a strengthening of bilateral relations to meet challenges we share, for increased economic opportunity on both sides of the border, and for greater respect and understanding between our peoples and our governments.

President Calderón you have recently announced a plan for multi-billion dollar investment in infrastructure. Here in California we have also taken that wise path.

President Calderón in your first year you have brought together vastly opposing sides to enact significant legislation. Sometimes here in California we have taken that wise path.

President Calderón you are committed to overcoming limitations of the past and to driving toward the future. Here in California, we will join you on that path.

Members of the Assembly, Members of the Senate, honored guests: I am proud to present to you, His Excellency, Felipe Calderón Hinojosa, President of the United Mexican States.

PRESENTATION OF HIS EXCELLENCY FELIPE CALDERON HINOJOSA

Speaker Núñez then presented His Excellency Felipe Calderón Hinojosa, President of the United States of Mexico, whereupon he delivered his address.

ADJOURNMENT OF JOINT CONVENTION

At 11:03 a.m., Speaker Núñez declared the Joint Convention adjourned *sine die*.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Nava was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 821

February 14, 2008

*Fabian Núñez, Speaker
California State Assembly
State Capitol
Sacramento, California*

Mr. Speaker: I would like to make it clear that it was not my intent as the author of AB 821, the Ridley-Tree Condor Preservation Act, to ban the use of bullets that contain only a trace amount of lead.

Language from my bill is as follows:

“(b) By July 1, 2008, the commission shall establish, by regulation, a public process to certify centerfire rifle and pistol ammunition as nonlead ammunition, and shall define, by regulation, nonlead ammunition as including only centerfire rifle and pistol ammunition in which there is no lead content.”

It was my intent to allow the Fish and Game Commission to define “nonlead” bullets to allow for the possibility of containing trace amounts of lead. The Commission adopted proposed regulations to define “nonlead” bullets as those “containing a maximum of 1% lead by weight” at its December 7, 2007 meeting.

When a typical qualified metallurgist uses the term “no lead” or “lead free” in reference to the composition of an alloy or a parent metal, they do not mean that there is literally no trace of lead in the alloy or metal. These terms indicate that the lead content falls below some reference value, which is ordinarily set by an appropriate regulatory authority (like the California Fish and Game Commission) or defined in some industrial standard.

Furthermore, it is my understanding that at the present time there are two companies that manufacture and distribute bullets that are almost completely free of lead for big game hunting in California. Officials at both companies have stated that their lead-free bullets contain less than 1% trace lead. I have heard that there are other bullet manufacturers that are also currently working on their own types of lead free bullets to bring to the market.

It was my intent that such bullets, with only trace amounts of lead, be regarded as “nonlead” bullets.

Sincerely,

PEDRO NAVA, Assembly Member
Thirty-fifth District
