PRAYER

Sikh's Traditional Prayer

WAHEGURU!—WONDERFUL LORD!

O Almighty, All-Pervading and Eternal God: ''To Thee, I pray, O Lord; Thou art my True Master, Thou Art my Protector ever, I dwell on Thee''.

Save us all, O father, from Lust, Anger, Greed, Attachment, and Pride; and keep us always attached to Thy Feet. Bless us all with the eyes of the Mind to see you present in all human beings, your own images, and enable us to love you and pay respect to all without any discrimination on any basis. May Peace, Accord and Harmony prevail in the place of unrest, chaos and tyranny, as now in the world.

We beseech Your assistance and blessings for the members of the California Assembly, to guide them in the making of just laws for the protection of the people. With full faith in You O, God-Guru, we bow before you repeating Nanak's words:

''May thy name forever be on the ascendancy, and all human beings prosper with Thy Grace.''

Nanak Nam Chardi Kala, Tere Bhane sarbat The Bhalla.

''Wahe Guru Ji Ka Khalsa, Wahe Guru Ji Ki Fateh. Bole So Nihal, Sat Sri Akal.''

Lord, The prophet Isaiah said, ''You are our Father. We are the clay and You are the potter. We are all formed by your hand.'' (Isaiah 64:8) A potter cannot work with hard dry clay, he has to use soft, moldable clay. We are the ones who decide if we will allow You, Lord, to work with us or not. We ask this day, heavenly Father, that You work in our life, to make us more like You and that everything we do will be pleasing to You.—AMEN.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2009-042
May 21, 2009

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As authorized by the California Health and Safety Code, Section 1179.25, the Bureau of State Audits presents its audit report concerning the first audit in a series on the Children's Hospital Program (program).

This report concludes that although eligibility requirements for the Children's Hospital Bond Act of 2004 restrict funds to a few hospitals, the California Health Facilities Financing Authority's (authority) efforts to award grants appear adequate. The authority, however, needs some improvement in managing grants of program funds. Specifically, the authority does not always ensure that it receives interest earned on advances of program funds to certain grantees and it has not promptly and effectively closed out grants for completed projects. Lastly, although it has decided to voluntarily comply with the bond accountability standards in the governor's Executive Order S-02-07, the authority is uncertain of its timeline to implement the governor's bond accountability program.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Health.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2008–002
May 27, 2009

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by California Government Code, Section 8546 et seq., the Bureau of State Audits presents its audit report concerning our review of the State of California's internal controls and compliance with state and federal laws and regulations for the year ended June 30, 2008.

This report concludes that the State did not materially comply with certain requirements for 20 of its federal programs or clusters of programs. Additionally, we were unable to obtain sufficient documentation to determine whether the State complied with relevant federal requirements for nine programs or clusters of programs. Further, the State continues to experience certain deficiencies in its accounting and administrative practices that affect its internal controls over financial reporting and over compliance with federal requirements. Although none of the deficiencies we identified are material to the State's financial statements, deficiencies in the State's internal control system could adversely affect its ability to provide accurate financial information and to administer federal programs in compliance with applicable requirements.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

GOVERNOR'S ADDRESS PRINTED IN JOURNAL

Without objection, the following text of Governor Arnold Schwarzenegger's Joint Legislative Session Budget Address was printed in the Journal.

JOINT LEGISLATIVE SESSION BUDGET ADDRESS

Governor Arnold Schwarzenegger

Speaker Bass, Senate Leader Steinberg, Assemblyman Blakeslee, Senator Hollingsworth, my fellow Constitutional Officers and my fellow servants of the people:

Thank you for the gracious invitation to address you today and to address the people of California.

Today I want to talk to you about our financial crisis.

Three months ago, the members of this body came together set aside their ideological differences and did what they believed was best for California.

We solved $36 billion of a $42 billion deficit.

But as you know part of our budget agreement required us by law to go back to the people for approval right at the time the people wanted to send Sacramento a powerful message.

And that message was clear:

Do your job. Don't come to us with these complex issues. Live within your means. Get rid of the waste and inefficiencies. And don't raise taxes.

Now as I stand here today we are in the midst of the greatest economic crisis since the Great Depression.

In the past 18 months one-third of the world's wealth has vanished.

And because of that and because of California's outdated and volatile tax system, our revenues have dropped 27 percent from last year.

We are now back to the same level of revenues we had in 2003.*

And when you adjust for inflation and population, we're back to the level of the late 90's.

Today, just three months after our February budget we once again face a $24 billion deficit.

California's day of reckoning is here.

In order to deal with our limited amount of money, I have proposed some dramatic changes in my May Revision.

Those spending cuts represent much more than the hard decisions necessary to balance our budget.

They represent a transformation of what services Sacramento can provide and how those services are delivered.

The immediate task before us is to cut spending to the money available.

And we have no time to waste.

The Controller has told us we have 14 days to act or California is at risk of running out of cash.

I have already used my executive authority to reduce the state's payroll.

And I have proposed the necessary cuts to the three largest areas of our budget: education, health care and prisons.

I see the faces behind those dollars . . . I see the children whose teacher will be laid-off . . .

I know the consequences of these cuts are not just dollars.

---

* For graphic referenced by Governor Schwarzenegger, see Assembly Journal page 1918.

I see the Alzheimers' patients losing some of their In-Home Support Services . . .

I see the firefighters and police officers who will lose their jobs.

People come up to me all the time, pleading, ''Governor, please don't cut my program.''

They tell me how the cuts will affect them and their loved ones.

I see the pain in their eyes and hear the fear in their voice.

It's an awful feeling. But we have no choice.

Our wallet is empty. Our bank is closed. Our credit is dried up.

I know for many of you, these will be the hardest votes you will ever make.

But the people sent us here to lead not only in times of prosperity but also in times of crisis.

We must make these cuts and live within our means, because what is the alternative.

If we don't act, the state will simply run out of money and go insolvent.

We are not Washington. We cannot print money. We cannot run up trillion-dollar deficits. We can only spend what we have.

That is the harsh but simple reality.

At the same time we cannot make this budget just about cuts.

There are also some great opportunities for structural reform. Winston Churchill said a pessimist sees the difficulty in every opportunity. An optimist sees the opportunity in every difficulty.

So let's use this crisis as an opportunity to make government more efficient and find innovative ways to stretch taxpayer dollars.

Can we find a way to provide these services at a lower cost?

For example, I have asked our State Board of Education to make textbooks available in digital formats.

We expect the first science and math books to be digital by this fall.

If we expand this to more textbooks, schools could save hundreds of millions of dollars a year.

That's hundreds of millions of dollars that could be used to hire teachers and reduce class sizes.

In so many areas of government there are opportunities like this for reform.

All we have to do is go out and seize them.

Spending on prisons has nearly doubled in the past five years.

We spend $49,000 per inmate, per year. The national average is $32,000. Other states have privately-run correctional facilities that operate at half the cost. Why can't we?

We must also restructure the relationship between state and local government.

We all hear from local officials about the heavy hand of Sacramento.

If we are providing fewer resources, we have an obligation to cut most of the strings and mandates, and to get out of the way.

Right now we are cutting billions of dollars from schools.

So shouldn't we give districts more freedom and flexibility and not tie their hands with strict rules like who is allowed to mow the lawn or fix the roof or do the plumbing?

I am also proposing once again to eliminate and consolidate more than a dozen state departments, boards and commissions.

These include the Waste Management Board, the Court Reporters Board, the Department of Boating and Waterways and the Inspection and Maintenance Review Committee.

There is absolutely no reason to hold onto these redundant boards in this crisis.

We should not and I will not cut a dollar from education, a dollar from health care, a dollar from public safety, or a dollar from state parks without first cutting the Waste Management Board.

Every dollar we save from those boards and commissions is a dollar that can be used to help our most vulnerable citizens.

I am also proposing to sell off state property because Sacramento should not be in the real estate business, especially when we are in a fiscal crisis.

Now I know the money we receive for this property won't go directly to our General Fund.

It will go to pay off debt.

But that lowers our debt payments which does help our General Fund.

Everywhere I go, I hear stories about families selling off their boats and motorcycles to make ends meet. They have garage sales and yard sales.

They know that you don't keep a boat at the dock when you can't put food on the table.

All these proposals have been talked about for years, yet they never get done.

I remember in 2004, I talked about blowing up the boxes, and consolidating agencies. . . .

But now we are in a crisis. We have run out of excuses. We have run out of time. And the people have run out of patience.

Earlier this year, we began consolidating all of our IT departments.

My proposal to consolidate all of our energy functions is in legislation before you right now.

So is a proposal to consolidate the departments that oversee financial institutions.

And I will soon send you legislation to merge our tax collection operations.

These are all actions that we can take on our own to save money and make government more efficient.

We don't have to bother the people.

We don't need permission from the federal government.

I know that Senator Steinberg is talking about reforming and restructuring relationships between state and local government.

Senator Hollingsworth and the Republicans have some great ideas about performance-based budgeting.

In July, we should receive the bipartisan recommendations from our Tax Modernization Commission.

This will be a tremendous opportunity to make our revenues more reliable and less volatile and help the state avoid the boom and bust budgets that have brought us here today.

Let's all work together to make it happen.

Now I don't expect every single one of these reforms to happen within the next 14 days.

But we can certainly get them done before this body adjourns for Summer Recess on July 17.

Now there are other big reforms that I continue to believe strongly in like a spending cap and rainy day fund in order to further stabilize our revenues.

But I'm not going to talk about that today because those reforms require voter approval.

And as we learned a few weeks ago, the voters will never trust us on those issues until we show that we can do our jobs in this Capitol and make the tough decisions.

There is no doubt that the challenges before us are enormous.

They will test our will, our resolve and our leadership.

Many of the things I am proposing are despised by the special interests that rely on the status quo. And we are all familiar with the interest groups and their army of lobbyists.

But let's not forget, it is our job to lobby on behalf of the people and the great state of California.

In the coming days and weeks, the entire nation will be watching how we react and respond.

Last week, Paul Krugman from the New York Times wrote that California is in a state of paralysis . . . and that our political system has failed to rise to the occasion.

People are writing California off.

They are talking about the end of the California Dream.

They don't believe that we in this room have the courage and determination to do what needs to be done or that the state is manageable.

Let's prove all the pundits wrong.

Let's use this crisis as an opportunity to make big and lasting change.

Let's not think just in the short-term. Let's think about the long-term, let's think big and lay a new foundation for California's future.

Let's meet these challenges head-on without gimmicks.

I don't want to hand these problems to the next governor and I know you don't want to hand them to the next Legislature.

I have faith in all of you.

I have faith in our ability to once again come together for the good of our state.

Let's move forward and put California back on the path to prosperity.

Thank you very much.

PRAYER

Upon invitation of Speaker pro Tempore Saldaña, the following prayer was offered by Guest Chaplain, Rabbi Denise L. Eger of Congregation Kol Ami, West Hollywood:

Holy One, We call You by many names. This morning we ask your abundant blessings upon our great state and all of its inhabitants. This Golden State is filled with Your glory from our stirring mountain vistas to our ocean panoramas to our velvet desert landscapes. Bless our land in these difficult economic times. When our California residents struggle to maintain our way of life, to care for their children and families, to find access to health care, jobs and meaningful work—bless these legislators who work hours on end to find solutions to our state's woes. Help them work together in the spirit of cooperation across the partisan aisle. Help them to see that their actions or inactions create success or suffering in our state. Help them to serve with compassion and fairness.

This month we mark Gay, Lesbian, Bisexual, and Transgender community's Pride Month. Forty years ago on the streets of New York City the harassment of this community reached a peak. The Gay, Lesbian, Bisexual, and Transgender community no longer would take the victimization foisted upon them by the police and fought back when a community gathering place was raided. The next three days became known as the Stonewall Riots. Each June, the GLBT community marks this historic turn of events and the assertion of our humanity and dignity with Pride celebrations. Pride Month is observed worldwide. And in our state from the northernmost parts of Humboldt County to San Francisco, Monterey, Fresno, here in Sacramento, Los Angeles, Long Beach, Palm Springs, San Diego. And communities like the Inland Empire, Orange County, Bakersfield, Santa Barbara, Modesto, San Jose, Santa Cruz, Pasadena, Chico, San Luis Obispo, Torrance and Studio City each have Gay Pride celebrations.

So on this rainbow morning we too mark and celebrate the Gay, Lesbian, Bisexual, and Transgender community's Pride Month in our Capitol. We know Holy One of Blessing You shower us with love and understanding. You bring healing into our midst for this community has been reeling from the blows and trauma foisted upon it with the passage and upholding of Proposition 8 and the diminution of our civil rights. Never before in our history has the Constitution been amended to take away a group's civil rights. The GLBT community through its celebration of Pride Month and through the recognition of it here in this great Assembly, we pray will never turn back in its pursuit of full equality and liberty. We pray you will be with us in restoring the full dignity and civil and human rights to the gay and lesbian community that the institution of marriage brings. This Pride Month of celebration across our state provides all of California the opportunity to assert the human worth and dignity of gay and lesbian, bisexual and transgender people. Each one made in God's image, B'tzelem Elohim. Baruch Atah Adonai Eloheinu Melech Haolam Sheasani v' shasnu b'tzelem Elohim. Praised are You Eternal One, Source of the Universe who created me and created all of us in the Divine Image. So may it be God's will, Ken Yehi Ratzon.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2009-611.1
June 24, 2009

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The Bureau of State Audits presents its analysis concerning the State's efforts to develop the necessary infrastructure to administer federal funds received under the American Recovery and Reinvestment Act of 2009 (Recovery Act). This analysis follows up on the identification of the State's implementation of the Recovery Act as a high-risk issue area in our April 2009 report titled *California's System for Administering Federal Recovery Act Funds* (2009-611).

Our analysis concludes that although some departments have exhibited more progress than others, none of the four departments we assessed—the Department of Education, the Department of Health Care Services, the Employment Development Department, and the Department of Social Services—are fully prepared to administer Recovery Act funding. Representatives from each of the four departments generally stated that they intend to rely on internal controls already in place for existing federal programs to administer Recovery Act funding. However, in our May 2009 report titled *State of California: Internal Control and State and Federal Compliance Audit Report for the Fiscal Year Ended June 30, 2008* (2008-002), we noted 30 internal control weaknesses related to certain compliance requirements and federal programs for which the four departments we assessed expect to receive Recovery Act funds in fiscal years 2008–09 and 2009–10. We

assessed the departments' status in correcting these control weaknesses and found that progress has been limited—the departments appear to have corrected only four, are still in the process of correcting 22, and have taken minimal or no action for the remaining four.

Further, some of the departments are uncertain as to whether they will be able to meet some of the reporting requirements established under Section 1512 of the Recovery Act, whereas other departments that administer entitlement or mandatory programs believe they are exempt from these reporting requirements. All four departments indicated they are either seeking or awaiting additional guidance from the federal government regarding these reporting requirements or are seeking guidance on other Recovery Act provisions. Finally, although the California Federal Economic Stimulus Task Force has provided general guidance for securing and applying for funds that are potentially available under the Recovery Act, we believe it should provide a more detailed framework to state departments for administering Recovery Act funding.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Jobs, Economic Development, and the Economy.

Father, Make us equally aware of our responsibilities as we are of our rights. Give to each of us the ability to respond in proportion to the measure of talent we possess, the position which we hold, the legacy we have received from the past, or to our prospects for the future. You once said, ''But of everyone to whom much has been given, much will be required.'' Give us the willingness to give each day, of our best, within our own sphere of endeavor, so that we, too, may be builders of a better community, state, and nation.—AMEN.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2008-601
June 25, 2009

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As authorized by Chapter 251, Statutes of 2004, the Bureau of State Audits presents its report concerning its assessment of high-risk issues the State and select state agencies face. Systematically identifying and addressing high-risk issues can contribute to enhanced efficiency and effectiveness by focusing the State's resources on improving the delivery of services related to important programs or functions.

We have added three issues to our high-risk list. The first is the State's budget condition. The State has experienced ongoing deficits that greatly outweigh any surpluses, and much of the implemented solutions have only pushed the problem into the future. The second high-risk issue is the State's administration of the $85.4 billion the State expects to receive under the American Recovery and Reinvestment Act of 2009 (Recovery Act). We have identified concerns in the past related to certain state agencies' internal controls over their administration of federal programs; many of these are the same agencies that have received or will receive Recovery Act funds and must fulfill significant requirements or face penalties for noncompliance. The third high-risk issue is the production and delivery of electricity. The State has worked on the challenges of ensuring that sufficient capacity exists to generate

needed electricity. However, the State is at risk of failing to meet targets to increase the use of renewable electricity sources, and new power plant construction may be somewhat offset by the need to replace environmentally harmful and aging plants in the near future.

We believe that the State continues to face at least five other significant high-risk issues: maintaining and improving infrastructure, management of human resources, other postemployment benefits of retiring state employees, emergency preparedness, and information technology governance. We further believe that three state agencies meet our criteria for high risk as they face challenges in their day-to-day and long-term operations: the California Department of Corrections and Rehabilitation, the Department of Health Care Services, and the California Department of Public Health.

We will continue to monitor the risks we have identified in this report and the actions the State takes to address them. When the State's actions result in significant progress toward resolving or mitigating these risks, we will remove the high-risk designation based on our professional judgment.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Budget.

The following report was presented by the Chief Clerk:

The Honorable Sam Blakeslee
Republican Leader
California State Assembly
State Capitol
Room 3104
Sacramento, California

Dear Senator Steinberg, Speaker Bass, Senator Hollingsworth and Mr. Blakeslee,

Earlier today, I declared a fiscal emergency and called for the Legislature to convene in special session under Proposition 58 to address our budget deficit. I took this action after the Legislature failed to pass a revised budget for fiscal year 2009–10 to effectively address our state's unprecedented fiscal crisis.

Fixing our budget deficit—in its entirety—is the most important and pressing issue we, as leaders of the state, have before us at this time. Therefore, I will veto any bills that reach my desk before I have signed a revised budget that fully solves our deficit. I will only make exceptions for bills that are urgent or necessary, such as those extending an imminent sunset date or impacting the state's ability to secure federal funding.

Currently, there are 32 bills that have passed the Legislature and been sent to me for my consideration. I will consider each of these bills on their individual merits but will veto any additional measures that do not fall under the aforementioned exemptions.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento

PRAYER

Upon invitation of Speaker pro Tempore Saldaña, the following prayer was offered by Assembly Member Danny Gilmore, of the 30th Assembly District:

Our Heavenly Father, We thank You today for the precious gift of life, for each and every one of us in this wonderful state of California. We further thank You for the great gift of freedom You have given each of us here today, and have so generously bestowed upon all who reside in the United States of America.

Two hundred and thirty-three years ago this Saturday, in a hall some three thousand miles away, our nation was officially born. Its Founders—each of whom pledged a firm reliance on the protection of Your Divine Providence—affixed their signatures to a Declaration of Independence that for the first time in human history acknowledged the truth that all men are created equal . . . that each and every human being on the face of this earth is endowed by You, O Lord, with certain unalienable rights . . . rights that no man, and no government, can take away. It is therefore the duty of each one of us—particularly those who are privileged to serve in positions of elected office and public trust—to further the cause of these unalienable rights and timeless truths, which today are but imperfectly realized. To this end, we invoke Your blessings, Your strength, Your wisdom, guidance and support, and humbly offer our sincere thanks.

As we today hear the words that announced the birth of our new nation, we also ask You to confer Your blessings, Your mercy and Your healing grace upon all those who have defended our freedoms, particularly those brave men and women who have suffered the injuries of battle, and who have given their last full measure of devotion to the nation to which we pledge our allegiance. May all who have served in the armed forces of the United States of America, together with their families and loved ones, fully appreciate the magnitude of our thanks for their service and their sacrifice. And may we all be heartened and healed by the infinite power of Your mercy and grace, to better do Your will. For all these things, we offer this day our prayer of thanks. In Your Name.—AMEN.

PRAYER

Upon invitation of Assistant Speaker pro Tempore Hall, the following prayer was offered by Assembly Alternate Chaplain Pastor Ivan L. Williams, Sr.:

Our Father in Heaven, These servant leaders have come to these halls one more day to address the daunting issues that glaringly confront us here in California.

Give them all the Godly wisdom to seek solutions and not just the bogged down recognition of problems.

Guide them to be about service and not selfishness.

And I do ask that you would bless them to rise above the lowered expectations and give them fresh visions of completion.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2009-030
July 21, 2009

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As required by Chapter 342, Statutes of 1999, the California State Auditor presents this audit report concerning the State Bar of California's (State Bar) disciplinary system, discipline costs, cost recovery efforts, probation office, and responses to internal and external reviews. This report concludes that the State Bar's costs for its attorney disciplinary system, which account for nearly 80 percent of the State Bar's general fund expenditures, escalated from $40 million to $52 million from 2004 through 2008. Despite the rising costs, the number of disciplinary inquiries that the State Bar opened declined. Because of the way the State Bar tracks its discipline costs, it cannot fully measure the efficiency of its disciplinary system. Specifically, it does not account for its expenses by key disciplinary function, such as investigations and trials. Additionally, because of the way the State Bar tracks the time it spends to close investigations, it was unaware that, instead of the decreasing trend it had been reporting in this area, its investigative case processing time has actually increased over the past five years. Moreover, the State Bar has not reported its backlog consistently and has not included all pertinent information, and is therefore limiting stakeholders' and the Legislature's ability to measure the effectiveness of its disciplinary system. We also observed that by

making some relatively simple changes to its billing procedures and conducting a cost-benefit analysis of collection efforts, the State Bar could offset some of its discipline costs. Further, the State Bar's probation office could increase its ability to effectively monitor the growing number of probation cases by ensuring that its staff have reasonable workloads.

The State Bar has received many recommendations as a result of internal and external reviews of its operations but has not fully attended to some of these recommendations. For example, even though a consultant's 2007 review identified weaknesses in the State Bar's cost recovery process, the State Bar has not yet fully implemented some of the review's recommendations. The importance of fully correcting internal control weaknesses was highlighted subsequent to the consultant's review when the State Bar discovered an alleged embezzlement of almost $676,000 by a former employee. Further, even though the State Bar formed an audit and review unit in 2004 to periodically audit discipline cases, the State Bar does not have a formal process in place to ensure recommendations resulting from these reviews are implemented. Additionally, as part of our current audit, we reviewed the State Bar's response to the 10 recommendations made in our April 2007 report titled *State Bar of California: With Strategic Planning Not Yet Completed, It Projects General Fund Deficits and Needs Continued Improvement in Program Administration* (2007-030). We determined that the State Bar fully implemented seven and partially implemented three of these recommendations. While the State Bar improved its strategic planning efforts as we recommended, work remains in reducing its discipline case backlog, improving cost recovery efforts, and adhering to internal policies related to discipline case processing.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Judiciary.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Upon request of Assembly Member Torrico, the following statement of legislative intent by Assembly Member V. Manuel Pérez was printed in the Journal, by unanimous consent.

July 23, 2009

Mr. E. Dotson Wilson
Chief Clerk
California State Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: The purpose of this letter is to clarify the legislative intent of Assembly Bill 1555, which was introduced in order to maximize California's ability to leverage broadband-related funding authorized through the American Reinvestment Recovery Act of 2009 (Recovery Act). Specifically, the Recovery Act appropriates of $4.7 billion under the Broadband Technology Opportunities Program and $2.5 billion under the Broadband Initiatives Program, to be distributed through a competitive grant process, which requires applicants to secure a 20 percent non-federal match.

Under the provisions of the two federal Recovery Act programs, applicants are required to provide a 20 percent financial match from a non-federal revenue source. AB 1555 is intended to allow potential applicants for the federal broadband related programs to access moneys in the existing California Advanced Services Fund (CASF), to be used toward the matching requirement, so long as recipients use those CASF funds in a manner consistent with the CASF program. While AB 1555 expands the categorical universe of entities that are eligible to apply for the CASF moneys, the bill does not expand the CASF program nor does it authorize any expansion in the purposes for which CASF moneys can be expended, pursuant to the California Public Utilities Commission Decision 07-12-054.

Specifically, nothing in AB 1555 is intended to authorize the expenditure of CASF funds for projects other than for the deployment of broadband infrastructure facilities, nor is the bill intended to allow recipients to use CASF funds to pay for general operating or maintenance expenses.

It is my intent, should this bill be signed into law, to clarify these matters in an urgency measure in the 2009 Legislative session year in order to satisfy concerns over the bill's existing language.

Sincerely,

V. MANUEL PÉREZ, Assembly Member
Eightieth District

MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 277

Governor's Office, Sacramento
August 5, 2009

To Members of the California State Assembly:

I am returning Assembly Bill 277 without my signature.

This bill would delete the option of specifying the members of the bay area county transportation authorities in the sales tax ordinance and would limit the identification of the authority members to the expenditure plan.

This bill would reverse a provision of law I enacted under SB 983 (Migden, Chapter 83, Statutes of 2005), and would interject the state into what is a local fight over the board membership of the San Francisco County Transportation Authority. Representation of a local transportation authority should be determined at the local level, and removing the ability of voters to determine this representation would be counter to California's democratic process.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 252

Governor's Office, Sacramento
August 5, 2009

To Members of the California State Assembly:

I am returning Assembly Bill 252 without my signature.

This bill is duplicative of existing law and unnecessary. The Medical Board of California already has significant legal authority to take action against physicians that violate the Medical Practice Act.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 332

Governor's Office, Sacramento
August 5, 2009

To Members of the California State Assembly:

I am returning Assembly Bill 332 without my signature.

While I am very supportive of the intent of this bill of providing students with opportunities to receive rigorous and relevant career technical education linked to real world experiences, I am concerned that this bill lacks sufficient protections to ensure that students are not solely enrolled in job opportunities that are not combined with sufficient academic coursework.

However, I am directing my Administration to work with the author so that I can consider a measure that is more tightly crafted and would accomplish the goal of promoting a balanced approach towards work-based learning.

Until that time, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 339

Governor's Office, Sacramento
August 5, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 339 without my signature.

This bill would redefine ''school districts'' to include school districts, county offices of education, and other agencies deemed eligible pursuant to state and federal law, for the purpose of allocating federal education funds. However, in its current form, I am concerned that the bill may have unintended consequences for charter schools and/or other educational agencies currently eligible for these federal funds.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 538

Governor's Office, Sacramento
August 5, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 538 without my signature.

The California Constitution requires the state to reimburse local entities for increased costs associated with any new program or higher level of service imposed by the state on local entities if the Commission on State Mandates determines that the new program or higher level of service is reimbursable and a state mandate. This bill could result in a state-reimbursable mandate by requiring local public safety entities to verify violations and issue citations and warnings. In addition, this bill would also impose new unfunded costs on the California Highway Patrol and could result in redirection of resources from other high priority law enforcement activities.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 608

Governor's Office, Sacramento
August 5, 2009

To Members of the California State Assembly:

I am returning Assembly Bill 608 without my signature.

This bill would authorize the Department of General Services to exchange a parcel of State-owned land with Syar Industries along the area known as the River to Ridge Trail in Napa County.

A small portion of the River to Ridge Trail, which is mostly located on State property within an easement, was built outside of the easement onto private property. The State would incur costs to comply with California Environmental Quality Act requirements, complete an appraisal, and conduct surveys, among other staff costs for a land exchange. Napa County can resolve this issue by either relocating the trail back within the existing easement, or condemning the private property. The State should not incur costs when there are other available remedies.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

2009-008
July 30, 2009

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: The California State Auditor presents this audit report of the State Treasurer's Office statement of securities accountability as of December 31, 2008.

The statement of securities accountability presents the securities owned by or pledged to the State directly, securities under investment agreements, and those securities held for safekeeping. The State Treasurer's Office is responsible for the safekeeping of all securities held in the treasury or other depositories. It is not responsible for securities owned by or pledged to the University of California, or for securities in other depositories owned by or pledged to the Public Employees' Retirement System, the State Teachers' Retirement System, the Legislators' Retirement System, or the Judges' Retirement System. The statement of securities accountability is prepared for purposes of accountability. The dollar amounts represent various values, including the par or face value, the original principal value, or

the current outstanding principal balance. They do not represent cost or market value and should not be used to determine the value of investments owned by, or pledged to, the State. We found that the statement presents fairly the securities accountability of the State Treasurer's Office as of December 31, 2008.

We conducted this audit to comply with the California Government Code, Section 13299.1.

Respectfully submitted,

ELAINE M. HOWLE, CPA

Legislative Intent—Assembly Bill No. 473

August 27, 2009

Mr. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

RE: Letter to the Journal

Dear Mr. Wilson: I have authored Assembly Bill 473, which would require owners of multifamily dwellings to arrange for recycling services consistent with state or local law requirements. For purposes of this bill, ''multifamily dwelling'' is defined as a building of five or more living units.

While it is my desire and goal to have all single and multifamily dwellings in California provide recycling services, I would like to make clear that AB 473 does not apply to forms of real property where an individual owner owns an interest in common in a portion of that real property, coupled with a separate interest of fewer than five units, and which are governed by an association.

Each individual unit owner who owns his or her separate interest of fewer than five units, together with interest in the common area, is not subject to the provisions of AB 473. An association that is not the owner of five or more units is not subject to the provisions in this bill. However, nothing in AB 473 or in this letter is meant to discourage an owner or an association from voluntarily providing recycling services.

Sincerely,

BOB BLUMENFIELD, Assembly Member
Fortieth District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Upon request of Assembly Member Torrico, and by unanimous consent, the following statement of legislative intent by Assembly Member Yamada was printed in the Journal:

Legislative Intent—Assembly Bill No. 1093

August 20, 2009

Mr. E. Dotson Wilson
Chief Clerk
California State Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: I am submitting this letter to clarify the intent of my Assembly Bill 1093.

AB 1093 provides that for purposes of determining whether to grant or deny a workers' compensation claim, if an employee is injured or killed by a 3rd party in the course of the employee's employment, no personal relationship or personal connection shall be deemed to exist between the employee and the 3rd party based only on a determination that the 3rd party injured or killed the employee solely because of the 3rd party's personal beliefs relating to his or her perception of the employee's race, religious creed, color, national origin, age, gender, disability, sex, or sexual orientation.

It is my intent that this legislation precludes denial for injury or death to an injured worker when the occurrence is motivated solely by the third party's discriminatory beliefs or perception based on race, religious creed, color, national origin, age, gender, disability, sex, or sexual orientation. It is also my intent that this bill does not abrogate defenses of any party that would apply in cases where there is a prior relationship, but to clarify that an occurrence motivated by discriminatory beliefs or perceptions based on race, religious creed, color, national origin, age, gender, disability, sex, or sexual orientation, without more, does not constitute a relationship.

Sincerely,

MARIKO YAMADA, Assembly Member
Eighth District

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Upon request of Assembly Member Torrico, and by unanimous consent, the following statement of legislative intent by Assembly Member Fletcher was printed in the Journal:

Legislative Intent—Assembly Bill No. 313

August 27, 2009

E. Dotson Wilson, Chief Clerk
California State Assembly
State Capitol
Sacramento, California

Dear Mr. Wilson: The purpose of this letter is to clarify my intent as author of AB 313 on issues contained within the bill.

An unknown number of common interest developments may have been using the method of determining assessments (as set forth in AB 313) since before 1978, when Cal. Const., Article 13A (commonly known as Proposition 13) was adopted. When county tax assessors began valuing properties under the Proposition 13 methodology, such common interest developments may have used the tax assessors' new valuations in setting their own assessments on the separate interests within the common interest development. One purpose of this legislation is to confirm the continuing validity of such practice by common interest developments. Therefore, for those common interest developments that initiated such practice before December 31, 2009, this legislation is declaratory of existing law with respect to the validity of levying of assessments based on the county tax assessor's valuation of such separate interests.

Sincerely,

NATHAN FLETCHER, Assembly Member
Seventy-fifth District
