PRAYER

Upon invitation of Speaker pro Tempore Saldaña, the following prayer was offered by Assembly Chaplain Father Constantine C. Pappademos:

Lord, Even though others may try to convince us otherwise, You are still love. And You are still loving the world. We may be exhausted with our work, but unless it is interwoven with love, it is fruitless. Fill our hearts with Your perfect, selfless benevolence, Lord, and grant that our days are filled with thoughts of You and of love for those around us.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Saldaña, Assembly Member Knight then led the Assembly in the pledge of allegiance to the Flag.

Explanation of Vote—Senate Bill No. 357

September 8, 2009

E. Dotson Wilson

Chief Clerk of the Assembly

State Capitol, Room 3196

Sacramento, California

Dear Mr. Wilson,

My vote today was an inadvertent error. I fully support SB 357 and the registered “no” vote does not express my intent.

I strongly support SB 357, and wish to express that my “no” vote was an inadvertent error. This bill is good public policy, and extends a noble provision of law authorizing grants to be made to local jurisdictions to mitigate the impacts of tribal casinos.

I respectfully request that this letter be printed in the Journal.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

DAN LOGUE, Assembly Member
Third District

Veto Message—Assembly Bill No. 264

Governor's Office, Sacramento

September 8, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 264 without my signature.

Our state is facing significant challenges, including the need for comprehensive changes in our policies on water, energy, and corrections and the need to take meaningful steps to stimulate the economy and rein in the rising levels of unemployment. This bill does nothing to address any of these issues. I look forward to considering this measure when these other major issues are addressed.

Sincerely,

ARNOLD SCHWARZENEGGER

RECEIPT OF BILLS

I acknowledge receipt this 8th day of September at 7:10 p.m., of Assembly Bill 264 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Jacque Roberts:

Let us pray.

God, We ask You this morning and the remainder of this week to grant us the wisdom to begin and to finalize our work in addressing the vast challenges before this great state of ours. We ask that You grant us the humility to seek Your will, as we try to find solutions that are good for all of California, not for any particular individual or group. Lord, we ask that You grant us the courage that You gave David as he faced Goliath because the challenges we face here in California are similar to that giant. Water, energy, and other impediments to progress, Lord, we ask that You remove them from the path and most of all, Lord, we ask You that You give us patience, and that You give us the strength to work through today and the rest of this week. In Your name, we pray.—AMEN.

Explanation of Vote—Senate Bill No. 357

September 9, 2009

*Dotson Wilson, Chief Clerk
California State Assembly
State Capitol, Room 3016
Sacramento, California*

RE: Letter to the Journal on Senate Bill 357

Dear Mr. Wilson: Let this notice serve as a letter to the Assembly Journal of my inadvertent “No” vote on Senate Bill 357 (Ducheny) during the September 8, 2009 Assembly Floor vote.

I support SB 357, which seeks to extend the sunset on the Indian Gaming Special Distribution Fund local government grant statute.

The extension is necessary to guarantee ongoing funding for grants to local governments to mitigate costs associated with tribal gaming.

Again, I offer my unreserved support for Senate Bill 357.

Sincerely,

LORI SALDAÑA, Assembly Member
Seventy-sixth District

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2009-107.1
September 8, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning California Department of Corrections and Rehabilitation’s (Corrections) impact on the state budget.

This report concludes that Corrections fails to track, maintain, and use data that would allow it to more effectively monitor and manage its operations. Specifically, Corrections’ expenditures increased by 32 percent in the past three years to \$10 billion; however, its ability to determine the impact various factors such as overcrowding, the transition of the health care function to a federal court-appointed receiver, escalating overtime costs, and the presence of aging inmates have on the cost of its operations is limited by a lack of information. Furthermore, despite rising costs for incarcerating inmates, Corrections does not have sufficient information to identify how much specific inmate characteristics contribute to these costs and how changes in Corrections’ operations would affect expenditures. For example, housing, security, and support are the largest contributors to the cost of incarceration, but the number of custody staff associated with specific populations of inmates—which are not tracked by Corrections—depends on the security and custody levels of the inmates as well as various institutional considerations. Custody staff costs include

\$431 million paid in overtime during fiscal year 2007–08; however the cost to recruit and train new correctional officers, combined with the significant increases in the cost of benefits in recent years makes hiring a new correctional officer slightly more expensive than paying overtime to those currently employed by Corrections.

Nearly 25 percent of the inmate population is incarcerated under the three strikes law, which requires individuals to serve longer terms. By comparing the sentences these inmates received to what they might have received absent the three strikes law, we estimate that the increase in sentence length for inmates incarcerated under the three strikes law will cost the State \$19.2 billion for the additional time these inmates are sentenced to serve. However, our analysis does not consider various factors that depend upon inmate behavior, including credit earned toward early release and recidivism—the likelihood that an inmate will return to prison for committing another offense.

Additionally, while Corrections' budget for its academic and vocational programs totaled more than \$208 million for fiscal year 2008–09, its system for accessing, processing, and tracking inmate educational data is extremely inadequate, and therefore it is unable to determine the success of its programs. Finally, the use of telemedicine is in the early stages and although the receiver plans to transition additional medical care to telemedicine, progress in doing so is impeded by a manual scheduling system and limited technology. Without systemwide improvements, it is unlikely that significant amounts of additional care will be provided via this delivery method.

In a subsequent report, we plan to provide additional analysis of some of these issues including the size and additional costs of specific populations of inmates incarcerated under the three strikes law, information on medical specialty visits, and additional information related to vacant positions for custody staff.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Budget.

California State Auditor

2009-103

September 10, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report on the use of information technology personal services and consulting contracts (IT contracts) at the Department of Health Care Services (Health Care Services), the Department of Public Health, and their predecessor department, the Department of Health Services. We found that the departments' responses to the State Personnel Board's (board) disapproval of IT contracts reveal faults in the State's oversight of the State Constitution's implied civil service mandate. In particular, the board currently has no mechanism for determining whether state

agencies are complying with its decisions. Consequently, the departments experienced no repercussions for failing to terminate IT contracts disapproved by the board. Additionally, under current state law, the departments are able to enter into new contracts for substantially the same services that were the subject of contracts previously disapproved by the board. As a result, the effort and resources spent reviewing challenged IT contracts would seem to yield only limited benefits.

Our audit included other aspects of the departments' use of IT contractors. We found that, partly in response to board disapprovals of their contracts, the departments have attempted to replace IT contractors with state IT employees. Although we estimate that Health Care Services' efforts in this regard saved the State an estimated \$1.7 million, it did not comply with state budgeting instructions and rules to do so. The departments complied with many of the procurement requirements we tested but did not consistently obtain required approvals and conflict-of-interest information. Health Care Services also had difficulty demonstrating that specific contract provisions requiring the transfer of consultants' knowledge and expertise to its state IT employees were met. Lastly, the departments are unable to readily identify all active IT contracts because their databases contain limited information.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Health.

PRAYER

Upon invitation of Speaker pro Tempore Saldaña, the following prayer was offered by Assembly Chaplain Father Constantine C. Pappademos:

Lord, On this anniversary of the attacks on September 11, 2001, we pause to pray for the repose of the souls of the victims of those attacks. Grant them rest in a place of peace. Also Lord, today as we prepare to adjourn for the interim recess, we know that it is easy to be filled with pride, to be harsh, moody and selfish. But You have created us for greater things. Help us to not stoop down to things that will spoil the beauty of our hearts. Show us that the best way to show gratitude to You is to accept things with joy. For a joyful heart is the result of a heart burning with love.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Saldaña, Assembly Member Nestande then led the Assembly in the pledge of allegiance to the Flag.

Eligible Renewable Energy Resources

AB 64—Combined Heat and Power Systems

Dear Chief Clerk Wilson: The purpose of this letter is to clarify the intent of certain provisions contained with Assembly Bill 64, related to the Renewables Portfolio Standard program.

It was our intent that Assembly Bill 64 should not require a permit process under the California Fish and Game Code that is duplicative or overlapping of any existing permit process.

We are also writing to clarify that it was our intent that no combined heat and power systems may be considered renewable or apply to the 33% renewables portfolio standard, nor should the adoption of new combined heat and power systems enable the Public Utilities Commission to allow any relaxation of, or delay in achieving, any renewables portfolio standard obligation.

Very truly yours,

Legislative Intent—Assembly Bill No. 91

September 10, 2009

*Mr. E. Dotson Wilson**Chief Clerk
California State Assembly
Sacramento, California*

Subject: AB 91—Letter to the Journal

Dear Mr. Wilson: The purpose of this letter is to state my intent as the author in the following two proposed sections of AB 91:

1) Proposed Section 23700 (a) (7) (C) of the Vehicle Code provides that the terms described in Sections 23700 (a) (7) (A) and 23700 (a) (7) (B) shall begin once a person has provided to the Department of Motor Vehicles proof of installation of an ignition interlock device pursuant to paragraph (2) of subdivision (h) of Section 13386 and upon restoration of the driving privilege pursuant to Section 13352.

It is my intention as the author of this legislation that a person's term of restricted license pursuant to proposed Section 23700 (a) (B) will begin once a person has provided to the Department the following: 1) proof of installation pursuant to paragraph (2) of subdivision (d) of Section 13386; 2) proof of enrollment or completion

of a treatment program pursuant to Section 13352; 3) proof of financial responsibility as defined in section 16430; and 4) payment of all the required fees. This legislation imposes the requirement for the ignition interlock. This legislation does not impose any limitation on where such an offender may drive during the time the ignition interlock device is installed.

2) Proposed Section 23700 (b)(1) of the Vehicle Code provides that every manufacturer and manufacturer's agent certified by the department that provide ignition interlock devices under Section 13386 of the Vehicle Code shall adopt a fee schedule that provides for the payment of the costs of the ignition interlock device by offenders subject to the chapter in amounts commensurate with that person's income relative to the federal poverty level, as defined in Section 127400 of the Health and Safety Code.

It is my intention as the author of this legislation that costs of the ignition interlock device include the cost of the installation, any ongoing service fee and the maintenance of the device.

Sincerely,

MIKE FEUER

Legislative Intent—Assembly Bill No. 1066

September 8, 2009

E. Dotson Wilson

Chief Clerk, California State Assembly

State Capitol, Room 3196

Sacramento, California

Mr. Wilson: I am respectfully requesting permission to submit a letter to the journal to clarify the legislative intent of my bill AB 1066 related to Timber Harvest Plans.

Subsection (e) of Section 1 of Assembly Bill 1066 (Mendoza) allows persons who obtain approval of Timber Harvesting Plans in the years 2010 and 2011 to obtain a maximum of two, two-year extensions of those Plans. This is to allow more time to operate the Plans during these difficult economic conditions that we are now experiencing, and that are expected to continue into the foreseeable future for the lumber industry. Section 1 sunsets at the end of 2011.

Section 2 of the bill takes the law back to what it was on December 31, 2009. It is the intent of the author that Plans approved in 2010 or 2011 may be extended for up to four years even though the law at the time of extension will contain a shorter term of extensions.

I thank you for considering my request to submit this letter to the journal. If you have any questions you can contact me, or my staff, at (916) 319-2056.

Sincerely,

TONY MENDOZA
Assemblymember

Legislative Intent—Assembly Bill No. 1087

September 10, 2009

*Dotson Wilson**Chief Clerk of the California State Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: This letter is to clarify the intent of one provision of AB 1087. Section 2 of the bill amends the Public Contract Code by to allow an expatriate company that is domiciled in a country that has an income tax treaty with the United States may compete for contracts with the State of California.

The original goal of the statute was to prevent companies that moved to tax haven countries from being eligible to compete for State contracts. AB 1087 is in no way intended to undermine that goal. Instead, the purpose of AB 1087 is to ensure that companies may compete for State contracts so long as the companies: 1) pay income taxes in the United States; and 2) are headquartered in countries that have income tax treaties with the United States where those treaties provide that the US and the State of California have recourse in the event the companies do not pay taxes owed.

Sincerely,

ASSEMBLYWOMAN FIONA MA
Majority Whip**Assembly Bill No. 1188**

*Mr. E. Dotson Wilson**Chief Clerk
California State Assembly
State Capitol
Sacramento, California*

Dear Mr. Wilson: Assembly Bill 1188 (urgency) was passed by the Legislature after the bill was amended in the Senate on September 2, 2009. The amendments were adopted so late in the legislative process that there was no time to clarify three minor issues in the form of additional amendments to the bill prior to adjournment on September 11, 2009.

First, the bill does not reflect the agreed-upon sunset date for the fee increase contained in the bill that is to paid into the Underground Storage Tank Fund (UST). The agreement amongst the stakeholders and agreed to by me called for a two year increase of the fee. The provisions in the bill provide a three year period. I am committed to making this change when the Legislature reconvenes in January of 2010.

This amendment will read: On page 5, line 29, strike out "December 31, 2012," and insert: January 1, 2012. The passage will read: "(f) On or after January 1, 2010, the storage fee increased under subdivision (e) shall be increased by an additional six mills (\$0.006) for each gallon of petroleum placed in an underground storage tank. The increase provided for in this subdivision shall be effective until January 1, 2012, at which time the, the fee shall revert back to the fee pursuant to subdivision (e)."

Second, I am committed to eliminating an amendment in the bill as requested by the State Water Resources Control Board. They believe that the amendment is problematic because the word “liquidation” is needed in the bill to allow school districts receiving UST funds to continue to spend their encumbered funds in 2013 and the first half of 2014. The bill would require the money to be reallocated back to the fund on June 30, 2014, thereby preventing any further payment on funds that have been encumbered, but which have not yet been paid. The proposed changes to this section in the bill should be stricken and the prior language should remain. I am committed to making this change.

This amendment will read: On page 7, lines 17 and 18, strike out “reallocated back to the Underground Storage Tank Cleanup Fund” and insert: “liquidated.”

The third change is to correct a typographical error. On page 7, line 32, strike out “This” and insert “(g) This”. The (g) was inadvertently omitted.

Again, I am committed to making these changes when the Legislature reconvenes in January, 2010.

Sincerely,

IRA RUSKIN
Assemblymember

Legislative Intent—Assembly Bill No. 1233

September 1, 2009

E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: I respectfully submit this letter in order to reinforce the intent and effect of a particular aspect my bill, Assembly Bill 1233.

I authorized AB 1233 as part of an ongoing effort to clarify and modernize elements of California law relating to corporate governance of non-profits. I particularly wanted to make compliance with the law easier for smaller non-profits with limited resources and address some of the challenges they face when dated requirements don't fit the facts of their situations, creating structural impediments to good governance. To accomplish these needed and important changes, my office worked closely with the sponsor (the Nonprofit and Unincorporated Organizations Committee of the Business Law Section of the State Bar of California) and the Assembly Judiciary Committee.

The language of the bill has been carefully crafted to ensure that in the process of clarifying portions of the law that are unclear it does not change existing, well understood law relating to the designation of directors. Current law is very clear, allowing for designation of directors rather than election, and the plain language of my bill is equally and deliberately clear. My bill simply clarifies that the entitlement to designate or select directors ceases to exist in certain specified situations, such as the death of an individual who has the personal right to designate a director. It does not provide for default provisions in these situations, as the law is already clear on that point. More importantly,

my bill does not, and is not intended to, change existing law in any respect concerning the rights of members, directors, boards of directors and/or other persons or entities to designate or select directors. They have now and will continue to retain the full range of broad appointment powers that exist under current law prior to enactment of AB 1233.

Respectfully Submitted,

JIM SILVA

Re: SB 14, SEC. 8, adding Section 399.15 to the Public Utilities Code—Compliance Date for 20% Renewable Portfolio Standard

Dear Mr. Wilson: I am writing this letter to clarify that on page 31 of SB 14, line 15 it is the intent of the legislature that retail sellers of electricity procure 20% of their retail load from renewable sources by 2013. The final version of the bill contained a clerical error that stated retail sellers were to comply with this requirement by 2012. The legislature will correct this in clean-up legislation.

MESSAGES FROM THE GOVERNOR

The following veto messages from the Governor were received and ordered printed in the Journal and the bills ordered to the unfinished business file:

Veto Message—Assembly Bill No. 1

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1 without my signature.

While I understand the importance of negotiation and conflict resolution skills, this bill is unnecessary since nothing under current law prohibits districts from offering these courses as part of their professional development programs.

Therefore, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 3

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 3 without my signature.

I fully support the intent of Assembly Bill 3 to train low-income workers, people adversely impacted by the recent historic recession, and disadvantaged members of our population for good paying occupations in the California emerging green economy. My Administration is currently working with the California Workforce Investment Board and its Green Collar Jobs Council (Council) toward these ends. At my direction, the Council's membership includes key stakeholders from education, labor, state agencies, private industry, economic development and philanthropic entities. I believe it is unnecessary to legislatively establish additional mandates on existing efforts to accomplish these objectives.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 6

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 6 without my signature.

Requiring organizations that pay individuals to collect signatures to register with the Secretary of State and pay a yet-to-be-determine fee will reduce the ability of many organizations to qualify a measure for the ballot. Under the provisions of this bill a "professional firm" would include grassroots organizations that pay signature gatherers in an effort to meet the deadline to qualify a measure.

The people of California often exercise their important role in government oversight through the initiative, referendum and recall process. I cannot support a measure that places an undue burden on reform-minded Californians.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 8

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 8 without my signature.

I continue to support reforming the school finance system to make it less complex and more transparent to parents, teachers, and the public. However, this bill merely authorizes the convening of yet another working group that can be accomplished without statutory authorization. I am concerned that this bill provides the appearance of activity without actually translating to achievement. The lack of urgency in voting on the substantive issues put forth in the education Special Session can be seen as yet another example of that appearance. Since nothing under current law prohibits the objectives of this bill from being met, it is unnecessary.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 21

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 21 without my signature.

I support the intent of this and other measures to increase California's Renewable Portfolio Standard (RPS) target to 33% by 2020. However, as drafted this measure would make it more difficult and costly to achieve this very important goal.

As a world leader in climate change and renewable energy development, California needs a regional approach that provides streamlined regulatory processes and compliance flexibility that facilitate the timely construction of in-state resources. This legislative package does the opposite—it adds new regulatory hurdles to permitting renewable resources in the state, at the same time limiting the importation of cost-effective renewable energy from other states in the West.

On November 17, 2008, I issued Executive Order S-14-08, which sets a target that all retail sellers of electricity shall serve 33% of their load with renewable energy by 2020.

On September 15, 2009, in order to keep us moving forward, I directed the California Air Resources Board (CARB), in Executive Order S-21-09, to adopt regulations that increase procurement of renewable resources in furtherance of the Global Warming Solutions Act of 2006 (AB 32, Statutes of 2006) and its emission reduction goals.

The CARB's scoping document for the Global Warming Solutions Act of 2006 determined that achieving 33% RPS is a critical component in the fight against global warming. I expect CARB to complete the regulations implementing the 33% RPS by the fall of 2010.

I remain ready to sign legislation that codifies a workable 33% RPS mandate. California has a rare opportunity to champion the development of renewable energy and reduce greenhouse gas emissions in-state and beyond. We must seize the chance to lay the foundation for a regional effort that optimizes resources throughout the West at a lower cost to ratepayers.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 24

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 24 without my signature.

Nothing under current law prohibits the California State University (CSU) or any other entity to conduct a study regarding the feasibility of establishing another CSU campus in Chula Vista. I appreciate the author's intention to plan for options for the future, and to ensure that any study would be funded with non-State General Fund dollars. I encourage the author to work with the CSU system, local and regional entities, and all other stakeholder groups to see if this objective is viable. However, a state law mandating such a study is unnecessary.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 42

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 42 without my signature.

This bill would require Pacific Gas & Electric Company (PG&E) to conduct seismic fault studies on the Diablo Canyon Nuclear Power Plant and the California Energy Commission, in consultation with the Department of Conservation's California Geological Survey and the Seismic Safety Commission, to perform a peer review of PG&E's work and include its finding in the Integrated Energy Policy Report.

In 2006, I signed into law AB 1632 (Chapter 766, Statutes of 2006), which required the Energy Commission to conduct a comprehensive study of the seismic vulnerability of Diablo Canyon, as well as other areas including plant-aging related plant degradation, impacts of a major disruption, economic and environmental policy issues, nuclear waste accumulation, land use and economic implications of onsite nuclear waste storage, alternative power generation options, and license renewal issues. The study subsequently recommended that PG&E should use three-dimensional geophysical seismic reflection mapping and other advanced techniques to explore fault zones near Diablo Canyon.

In 2007, the California Public Utilities Commission (CPUC) issued a General Rate Case Decision for PG&E (Decision 07-03-044), which approved PG&E's request for ratepayer funding for a license renewal feasibility study for Diablo Canyon. The CPUC's Decision also required that PG&E incorporate the Energy Commission's AB 1632 assessments in its license renewal feasibility study, and submit the study, along with an application, to the CPUC on whether to pursue license renewal for Diablo Canyon no later than June 30, 2011.

Therefore, in light of the actions already taken by the CPUC and the Energy Commission on this matter, further legislative authorization is unnecessary.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 43

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 43 without my signature.

While I am supportive of the California Earthquake Authority (CEA) contracting for the services of a Chief Mitigation Officer to be responsible for the mitigation activities of the CEA, I cannot support the provision in this bill eliminating the limit on the number of civil service employees that can be employed by the CEA. For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 56

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 56 without my signature.

The addition of a new mandate, no matter how small, will only serve to increase the overall cost of health care. This, like other mandates, only increases cost in an environment in which health coverage is increasingly expensive.

California has over 40 mandates on its health care service plans and health insurance policies. While these mandates are well-intentioned, the costs associated with the cumulative effect of these mandates mean that these costs are passed through to the purchaser and consumer.

I continue to have serious concerns about the rising costs of healthcare and must weigh the potential benefits of a mandate with the comprehensive costs to the entire delivery system—and for that reason, I cannot support this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 57

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 57 without my signature.

I have vetoed similar bills in previous years. The reasons for my veto have not changed.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 82

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 82 without my signature.

While this bill advances an appropriate policy objective that I would normally be inclined to support, I cannot in this current fiscal environment. The implementation and oversight of a new pilot program, requiring increased monitoring and evaluation is labor-intensive, especially as both state and county welfare programs are struggling with their existing mandated activities.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 98

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 98 without my signature.

I have vetoed similar bills twice before. The addition of this mandate must be considered in the larger context of how it will increase the overall cost of health care. This, like other mandates, only increases premiums in an environment in which health coverage is increasingly expensive.

Maternity coverage is offered and available in today's individual insurance market. Consumers can choose whether they want to purchase this type of coverage, and the pricing is reflective of that choice. While the perfect world would allow for all health conditions to be covered, including maternity, I cannot allow the perfect to become the enemy of the good. There is a reason the individual insurance market regulated by the Department of Insurance is growing—consumers are choosing policies they can afford.

Essentially, I am faced with choosing between covering fewer people, but with better coverage—or allowing more people to buy a policy that offers reduced benefits at a lower cost. It is not an easy choice. However, because I continue to have serious concerns about the rising costs of healthcare and believe the potential benefits of a mandate of this magnitude will translate to fewer individuals being able to afford coverage, I cannot support this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 101

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 101 without my signature.

This bill would require elections officials to notify vote-by-mail (VBM) voters that their ballots must be received before the polls close on Election Day in order for their ballots to be counted.

While I support the author's intent, I believe this will result in additional costs to local governments. Given the ability of counties to voluntarily notify voters of the deadline, a statewide mandate is unnecessary. I encourage counties to consider implementing the provisions of this bill if their resources allow, but in this time of fiscal constraint, cannot support mandating them to do so.

Therefore, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 115

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 115 without my signature.

While I support providing more opportunities for uninsured individuals to obtain affordable health coverage, I vetoed a similar measure last year. The underlying program has never been implemented and my concerns from last year remain.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 120

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 120 without my signature.

This bill is contingent upon the enactment of Senate Bill 820. I have vetoed that bill, and am therefore unable to sign this measure.

I have encouraged the authors and interested stakeholders to work with my Department of Consumer Affairs on streamlining and improving the peer review process in a way that increases the overall effectiveness and reporting mechanisms to the Medical Board of California.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 132

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 132 without my signature.

This bill is unnecessary since the California Constitution already prohibits the state from discriminating against, or granting preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment, public education, or public contracting. The Constitution also states that all students and staff have the inalienable right to attend campuses which are safe, secure, and peaceful. Therefore, a codified policy statement is unnecessary.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 146

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 146 without my signature.

This bill is unnecessary since districts of any size may enter into contractual agreements with publishers and can negotiate any level of penalty based on a variety of contract terms, even without statutory mandate. I vetoed a similar bill last year on the same basis.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

RECEIPT OF BILLS

I acknowledge receipt this 11th day of October at 12:55 p.m., of the following Assembly Bills without the Governor's signature, together with statements of his objections thereto, signed by the Governor, delivered to me personally by Jacque Roberts: Assembly Bills Nos. 1, 3, 6, 8, 21, 24, 42, 43, 56, 57, 82, 98, 101, 115, 120, 132, and 146.

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 147

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 147 without my signature.

This bill requires manufacturers of electronic devices to submit documentation at the request of the Department of Toxic Substances Control (DTSC) demonstrating that the sale of their product is legal in California.

The ability to obtain basic information is fundamental to DTSC's ability to assess a manufacturer's compliance with state laws and inform the Green Chemistry Initiative. In order to obtain this information, the bill requires DTSC to have "reasonable cause," as prescribed in the bill, before making a request.

I appreciate and agree with the author's attempt to address manufacturer concerns about open-ended calls for information about specific products. Unfortunately, under the definition of "reasonable cause" in the bill, DTSC's ability to request and be provided information regarding the contents of covered electronic devices under California's Electronic Waste Recycling Act would be significantly limited.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 213

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 213 without my signature.

This bill addresses parking concerns affecting a few small streets in one city and can be handled at the local level without a change to state statutes.

For this reason I am unable to sign this bill.

Sincerely,

Veto Message—Assembly Bill No. 217

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 217 without my signature.

The author and I share the goal to improve alcohol, drug screening and brief intervention services in the Medi-Cal population. In fact, I proposed to include screening and brief intervention services in my 2008 May Revision. While this proposal was ultimately rejected, I appreciate the author's continued efforts to include this important service in our state's Medicaid program.

Clinical data shows that screening and brief interventions reduce avoidable health problems associated with alcohol and drug abuse, including emergency room utilization as well as reducing substance use-related arrests and traffic violations. Unfortunately, this bill contains several significant problems that prevent its implementation and put the state General Fund at risk.

I would urge the author to work with my Administration to secure a feasible proposal in next year's budget process.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 241

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 241 without my signature.

This measure would make it a crime for any person or entity to own or control more than 50 unsterilized adult dogs or cats for breeding or raising for sale as pets. I support measures designed to prevent animal cruelty and that punish persons engaged in the abuse of animals. However, this measure simply goes too far in an attempt to address the serious problem of puppy mills. An arbitrary cap on the number of animals any entity can possess throughout the state will not end unlawful, inhumane breeding practices. Instead this measure has the

potential to criminalize the lawful activities of reputable breeders, pet stores, kennels, and charitable organizations engaged in raising service and assistance dogs.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 243

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 243 without my signature.

This bill would require a judge to make an order prohibiting a person convicted of specified animal-related crimes from owning, possessing, or caring for any animals for a minimum period of time. This measure is unnecessary. Judges already have the discretion to enter an order forbidding persons from caring for animals if it's warranted. Making this order mandatory could unjustly impact individuals who make a living working with or caring for animals. Consequently, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 244

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 244 without my signature.

I have vetoed similar measures twice before. The addition of a new mandate, especially one of this magnitude, will only serve to significantly increase the overall cost of health care. This, like other mandates, also increases cost in an environment in which health coverage is increasingly expensive.

California has over 40 mandates on its health care service plans and health insurance policies. While these mandates are well-intentioned, the costs associated with the cumulative effect of these mandates mean that these costs are passed through to the purchaser and consumer.

I continue to have serious concerns about the rising costs of healthcare and must weigh the potential benefits of a mandate with the comprehensive costs to the entire delivery system—and for that reason, I cannot support this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 245

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 245 without my signature.

This bill reduces transparency for consumers. An expunged misdemeanor or felony conviction does not mean a healthcare provider has been found innocent of the crime or that the provider has been successfully rehabilitated. Consumers deserve to know whether their provider has been convicted of a misdemeanor or felony and should be allowed to review the physician's criminal history in its entirety.

The law must always place consumer protection above the protection of a provider's economic interest. I continue to put consumers first.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 249

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

October 11, 2009

To the Members of the California State Assembly:

While the stated intent of this bill is purported to conform state special education law to changes to the federal Individuals with Disabilities Education Act, its provisions appear to expand beyond federal requirements, and therefore could expose the State to significant reimbursable state mandate costs.

Therefore, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 267

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 267 without my signature.

The education finance district model proposed by this bill could allow for manipulation of parcel tax boundaries for the purpose of achieving the desired election outcome. I am concerned that voters and property owners in one county or school district could be subject to an increased special tax based on votes generated predominately in another county or school district.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 311

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 311 without my signature.

This bill is intended to represent the continuation of an important tax assessment methodology that was agreed to by all the major airlines in 2005. The original methodology brought consistency and greater efficiency to the assessment of certificated aircraft. However, this bill makes changes that do not reflect consensus. Since the existing methodology does not end until December 31, 2010, I would encourage the author and stakeholders to reach that consensus and send me legislation to that effect.

I look forward to signing a bill that is agreed to by all the parties involved.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 320

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 320 without my signature.

This measure would require the Department of Corrections and Rehabilitation and the Corrections Standards Authority, when providing funds pursuant to AB 900 (Solorio, Chapter 7, Statutes of 2007), to give coequal funding preference to counties that assist the state in either siting reentry facilities or providing existing beds and program space in county jails for use as reentry facilities. While I appreciate the Legislature's efforts to provide local jail construction funding, which could help the state achieve its goal of providing up to 6,000 new reentry beds, I cannot approve this measure because it fails to define what would constitute an acceptable "long-term agreement" between the state and local governments.

Furthermore, I am unable to sign this measure while significant reforms to AB 900 remain unaddressed as a result of the newly memorialized construction partnership between the Administration and the Federal Receiver. In order to fully implement AB 900, I urge the Legislature, at the very least, to do the following: (1) provide permissive authority for the Secretary of the Department of Corrections and Rehabilitation to accept assignment of any planning/design/construction contracts already entered into by the Receiver, and to continue projects (pursuant to Public Works Board approval) that have already begun with these contracts; (2) amend AB 900 to provide access to Phase II medical/mental health dental funding and/or shifting of funding from infill to medical/mental health/dental to construct a Consolidated Care Center facility; and (3) extend authority for the transfer of inmates to prisons in other states to July 1, 2014.

The above stated issues need to be addressed in order to expedite and facilitate the construction of both existing facility improvements and new facilities. Construction of these facilities is essential to ensure compliance with existing court mandates related to medical care, mental health care, and dental care.

For these reasons, I am unable to sign this bill.

This bill would replace the term "taser" with "less lethal weapon" in various sections in the Penal Code. This measure, standing alone, does not do anything to improve public safety for the State of California. Consequently, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 324

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 324 without my signature.

While I appreciate the author and sponsors' interest in better refining their planning and service levels for the seniors in their communities, this bill is unnecessary. Local agencies can already use the specific index defined by this bill in their planning efforts. Furthermore, this bill would create General Fund cost pressures at a time when there is no ability to increase service levels.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 330

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 330 without my signature.

This bill would require a county elections official to provide at least five days of public notice prior to performing tests on vote tabulating devices. I support efforts to increase public participation in the elections process and have signed legislation allowing access for citizen organizations and the media to observe the preparation and operation of vote tabulating devices. However, creating a state-mandate, as this bill does, is unnecessary. Nothing under current law prohibits interested parties from inquiring about the time and place of testing or programming of tabulation devices. Those that wish to observe the process can contact their local elections official to obtain the information.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 335

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 335 without my signature.

This bill is similar to AB 1043 (Swanson, 2007), which I also vetoed. Like AB 1043, this bill would discourage out-of-state and multinational employers from hiring California-based workers and potentially contribute toward the growing problem of unemployment. Additionally, the bill is unnecessary because courts are already well equipped to determine when a choice of law or choice of forum provision in a private contract should be enforced in consideration of all applicable circumstances.

For these reasons, I am returning AB 335 without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 337

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 337 without my signature.

This measure would require each court and probation department to ensure that information regarding the sealing and destruction of juvenile records is provided to each person for whom a petition has been filed, on or after January 1, 2011. While this information could be helpful to those individuals that qualify, competent counsel should already be providing this information. Since this measure would place an additional burden on government entities that are already facing deep cuts to court programs and probation departments due to the continuing fiscal crisis, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 338

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 338 without my signature.

This bill would eliminate voter approval requirements for the creation of an Infrastructure Financing District (IFD) and the issuance of tax allocation bonds by an IFD. In doing so, this measure would undermine the rights of voters to approve or reject proposals to redirect their tax dollars and incur public debt. Unlike the creation of a redevelopment plan, the creation of an IFD is not conditioned upon a finding of blight, or upon any other statutory or constitutional restraints other than strict voter approval requirements. As such, elections are the sole basis of public input and fiscal discipline in the creation of an IFD, and it is necessary to require voter approval.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 358

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

This measure would allow trial judges to review a prosecutor's determination of a defendant's eligibility for a deferred entry of judgment program. While there have been rare instances where a prosecutor has made an erroneous determination as to eligibility,

existing law already provides an adequate remedy. There is no evidence that requiring judges to review the prosecutor's determination would be an effective use of court resources or would improve the existing process by which determining eligibility for a deferred entry of judgment program is done.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 368

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 368 without my signature.

This bill would delay the effective date of a quitclaim deed filed to terminate a mineral extraction lease with the State Lands Commission (Commission) until such time that the lessee restores the lease premises and the Commission formally accepts the quitclaim. The effect of this bill would be that mining lessees would have to continue to pay rent and maintain insurance and bonds before and during the reclamation process.

It is unclear why this bill is needed, since I have not seen, or have been provided, any evidence that would indicate widespread abuse of mineral extraction leases held under existing law by the oil industry, the gas industry, or the hard rock mining industry. Absent such evidence, this bill appears to be a "solution" in search of a "problem."

For these reasons, I am unable to sign this bill.

This measure is premature and would add new General Fund costs to the Medi-Cal program when significant reductions are currently being implemented. Furthermore, the new facilities are still under construction and not scheduled to provide services until at least July 2011.

I encourage the author to examine ways to provide these services in the most cost-effective manner and propose them through the annual budget process.

This bill would add, among other provisions, the sexual orientation and gender identity of an inmate or ward to the list of risk factors considered as part of the California Department of Corrections and Rehabilitation's (CDCR) inmate and ward classification and housing assignment procedures. This bill is unnecessary because CDCR already considers these factors when determining where to house inmates.

For these reasons, I am unable to sign this bill.

This bill would require that an application fee of \$50 be submitted at the time a minor applies for a child labor entertainment work permit.

There have been previous proposals to move issuance of entertainment work permits to the local school districts which already issue work permits. Rather than creating a new fee and duties for the Department of Industrial Relations, it is important to administer this program in the most efficient manner by transferring this function to the schools.

For this reason, I am returning this bill without my signature.

This bill would make additions to the membership of the 911 Advisory Board as well as expand the scope of its mission in the areas of dispatcher recruitment, training, and addressing the needs of non-English speaking callers. While I support the goals of this legislation, this measure would lead to the duplication of efforts that cannot be justified during these difficult financial times. Numerous national organizations, including the Commission on Peace Officer Standards and Training, already offer training for dispatchers.

Given the additional costs associated with this measure, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

October 11, 2009

To the Members of the California State Assembly:

I appreciate the author's intent to address the issue of measuring annual academic achievement growth in schools. However, this bill circumvents the authority of the State Board of Education (SBE), by not providing the SBE with the authority to approve or modify the recommendations of the Public Schools Accountability Act advisory committee.

I encourage the author to work with my Administration in the education Special Session to craft an acceptable measure.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 436

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

This bill would incrementally increase the current fee that proponents of an initiative are required to pay at the time of submitting the draft of the measure to the Attorney General (AG). Under the provisions of this bill the fee would increase from \$200 to \$2,000 in 2016.

The original fee was established to deter frivolous filings; this bill would fundamentally alter the purpose of the fees to instead be used to pay the administrative costs borne by the AG. Using the fees to reimburse the AG for actual costs sets a precedent of allowing the fees to increase to the point that it would significantly deter grassroots and volunteer efforts to qualify a measure. Whether or not the fee should be increased to reflect an amount that would deter frivolous filings today is a separate question than how the fees should be defined and distributed.

For this reason I am unable to sign this bill.

Sincerely,

This bill provides that a notary public may reasonably rely on a matricula consular issued by the government of the United States of Mexico as proper identification to prove the identity of an individual who executes a written instrument. While it is important that individuals be able to identify themselves for notarization purposes, the Civil Code already provides for more secure forms of identification than the matricula consular—including Mexican driver's licenses and passports—to identify Mexican nationals, a fact which obviates the need for this legislation. Additionally, California notaries should not be required to accept a form of identification that the Federal Bureau of Investigation and the U.S. Department of Justice continue to consider untrustworthy.

For these reasons, I am unable to sign this bill.

I have vetoed a similar measure before. My concerns with the bill remain the same. This bill exposes individual taxpayers to additional recordkeeping and confusion about a tax that few Californians understand and even fewer track for tax purposes.

This bill authorizes the California Emergency Management Agency to require any state agency that publishes an Internet website to prominently display a text or graphical link to an earthquake preparedness website. This measure is unnecessary. Earthquake preparedness information is readily available on the websites of the California Emergency Management Agency, the Federal Emergency Management Agency, and the United States Geological Survey and is easily discovered by anyone searching it out. However, to ensure optimal availability of disaster preparedness information, I am instructing other agencies that respond to disasters to post links to the California Emergency Management Agency website.

This bill would require, on and after July 1, 2010, an owner of a multifamily dwelling that consists of five or more living units, to arrange for recycling services that are appropriate for the multifamily dwelling.

As I have indicated in my previous veto messages on this topic, I support efforts to reduce the amount of solid waste going to the state's landfills. However, this bill could place costly requirements directly on the owner/operators of multifamily dwellings.

It is problematic for the State to be engaged in this activity when local governments already have the authority to mandate the action envisioned by this bill. I encourage the Integrated Waste Management Board, and its successor agency as of January 1, 2010, the Department of Resources Recycling and Recovery, to continue efforts to provide adequate tools and resources to local jurisdictions in order to make available increased recycling opportunities for multifamily dwelling residents.

For these reasons, I am unable to sign this bill.

The objectives of this bill are duplicative of work already being done by a variety of sources. Not only have there been reviews of California's standards and assessment system by the United States Department of Education's peer review process, the California Department of Education has a process which has included an independent alignment study and review of test items by various content and test development experts. Finally, this bill circumvents the State Board of Education in the selection of the independent evaluator and approving the evaluation and its recommendations.

California's fiscal crisis required tough choices in our state budget. One of the most difficult choices was to eliminate funding for the Department of Public Health's domestic violence program. Since that Department no longer receives funding for this program, extending the sunset date for the advisory committee is also unnecessary.

I am, however, signing Senate Bill 273 to extend the advisory council to the California Emergency Management Agency because that program will continue to provide assistance to the victims of domestic violence.

While I regret returning this bill without my signature, our fiscal situation compels the elimination of this statutory provision.

This bill would require the Commission on Peace Officer Standards and Training to create and make available to all law enforcement agencies training content on how to recognize and interact with persons carrying a kirpan, as specified. This measure is unnecessary. It is the policy and practice of the Commission to periodically review and update existing course curricula. If the Commission determines that training on the kirpan is warranted, it can create a program without this measure.

I share the author's interest in promoting safer, healthier outcomes for mothers and their children. My Administration has several programs dedicated to promoting and encouraging mothers to breastfeed their infants for the multitude of health benefits it provides.

However, the addition of a new mandate, no matter how small, will only serve to increase the overall cost of health care. This, like other mandates, only increases cost in an environment in which health coverage is increasingly expensive.

California has over 40 mandates on its health care service plans and health insurance policies. While these mandates are well-intentioned, the costs associated with the cumulative effect of these mandates mean that these costs are passed through to the purchaser and consumer.

I continue to have serious concerns about the rising costs of healthcare and must weigh the potential benefits of a mandate with the comprehensive costs to the entire delivery system—and for that reason, I cannot support this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 517

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 517 without my signature.

While I appreciate the author's attempt to provide minimum statewide standards for body piercing, tattooing and the application of permanent cosmetics, I do not see a compelling need at this time for additional legislation. Body art guidelines were developed several years ago, and local jurisdictions have the option to establish these requirements in their own county. Many counties have chosen to do so, and I am unaware of why the state must take further action to regulate these businesses.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 527

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 527 without my signature.

Assembly Bill 527 requires that if the Labor Commissioner finds that two or more payroll records submitted for any claim or complaint brought pursuant to Section 98 of the Labor Code have been intentionally falsified, all payroll records relating to that claim or complaint shall be presumed to be false.

This bill is unwarranted and could unfairly require the Labor Commissioner to disregard accurate and appropriate evidence. In any hearing where payroll records are evaluated and it is determined that records are false, the remaining records may be viewed with suspicion. Rather than creating a presumption in statute, an evaluation of all payroll records is better left to the trier of fact.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 543

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 543 without my signature.

Since the Nurse-Family Partnership program was signed into law in 2006, there have been no private or federal funds received by the state for this program. Since there are no funds to appropriate, there is no need to extend the sunset date for the program's fund account.

Furthermore, this bill removes the Director of Finance's discretion regarding the level of sufficient funding and triggers an arbitrary threshold of \$500,000 for the establishment of a statewide program without the necessary infrastructure.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

To the Members of the California State Assembly:

While I support the author's goal to assist individuals converting to organic farming, I cannot support establishing an assistance program and expanding the workload of the California Department of Food and Agriculture when there is no guarantee of a funding mechanism.

For this reason I am unable to sign this bill.

Veto Message—Assembly Bill No. 1404

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1404 without my signature.

This bill limits a regulated entity's use of greenhouse gas (GHG) emission compliance offsets to no more than ten percent of its GHG reductions achieved through market mechanisms during any given compliance period.

This bill is premature and restricts the design approaches the Air Resources Board (ARB) is considering for cap-and-trade under the Climate Change Scoping Plan.

ARB is working diligently to craft the proper balance of regulatory and market mechanisms to achieve mandated emission reductions while protecting and enhancing California's economy. To that end, ARB has convened a panel of nationally recognized economic and financial experts to serve on the Economic and Allocation Advisory Committee to help design market-based compliance mechanisms as part of AB 32 (Chapter 488, Statutes of 2006) implementation.

A balanced approach is of vital importance and this bill would only serve to foreclose the opportunity to consider more options and fully vet the State's design of an effective compliance offset program.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1435

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1435 without my signature.

The Public School Accountability Act advisory committee and the Superintendent of Public Instruction already have the authority to make the recommendations specified in this bill. Therefore, this bill is unnecessary. Furthermore, the California English Language Development Test would have to be substantially revised from its current form as a diagnostic test to be a valid and reliable academic achievement test before it should be considered for inclusion in the Academic Performance Index.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1439

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1439 without my signature.

This measure would require the Director of the Office of Gang and Youth Violence Policy, subject to statutory limits and directives, to make recommendations to streamline existing state agency gang and youth violence grant programs, to create a working group to assist in this effort, and to develop a final report on their findings to be submitted to the Legislature on or before June 1, 2010. While I am supportive of anti-gang initiatives and programs, this measure would increase costs associated with the additional workload for the Office of Gang and Youth Violence Policy at a time when the state can least afford to do so.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1447

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1447 without my signature.

This bill would clarify that the State Compensation Insurance Fund (SCIF) is a state agency for purposes of the Bureau of State Audits (BSA) and its audit, evaluation, and investigatory jurisdiction and would impose a requirement that all SCIF advertising include a disclaimer indicating it is self-supported and not funded by the State of California.

This bill is unnecessary. Insurance Code §11873(b) already explicitly provides that SCIF is subject to audits by the State Auditor. Furthermore, the BSA has performed audits of SCIF several times in the past three years.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1462

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1462 without my signature.

While I understand the author's interest in securing additional resources for California hospitals, this bill is unnecessary. The California Medical Assistance Commission already takes a multitude of factors into consideration when negotiating hospital inpatient service contracts. In fact, it would be impossible to list all these various factors in statute. The broad approach already outlined in law allows the Commission administrative flexibility during negotiations in order to best serve the hospitals and the state's Medi-Cal program.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Nothing under current law prohibits a parent or guardian of English learning students from bringing an oral language interpreter to conferences, meetings, or proceedings that are held at a school site or district building, at their own expense. Therefore, this bill is unnecessary.

Governor's Office, Sacramento
October 11, 2009

Veto Message—Assembly Bill No. 1527

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1527 without my signature.

This bill requires the California Air Resources Board (ARB) to revise the project guidelines for certain existing emission reduction incentive programs to allow the receipt of other state and federal funds to be used for projects without those additional funds being included in the cost-effectiveness calculations that are used to determine ARB funding eligibility.

This bill is unnecessary. ARB already has flexibility in existing law to develop revisions to their funding guidelines, and is currently developing revisions to the Proposition 1B guidelines that will allow selective use of funds from other programs to count as matching funds for eligible projects that achieve both emission reduction and climate change benefits.

Additionally, the current language of the bill would detrimentally relax the cost-effectiveness calculations for ARB's existing emission reduction incentive programs. This results in limited state funds for air quality improvements going towards fewer and potentially more costly projects that do not produce the quantity of air quality improvements we could see under the existing program.

I recognize that the author worked diligently to try to ensure that air quality improvements would not be diminished by the bill. I encourage the author to work with ARB as they undergo their current review of the Proposition 1B and Carl Moyer guidelines and, if additional legislation is needed, introduce a bill in the next session that achieves both ARB and the author's shared goals.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1559

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1559 without my signature.

This bill requires the California Workforce Investment Board, in collaboration with local workforce investment boards, to establish a California Youth at Work Program, for the purpose of providing summer job training and work experience opportunities for youth in the state. While I support such an effort, this bill is unnecessary and could prove burdensome if it conflicts with the summer youth work programs the local workforce development boards are already in the process of developing. The American Recovery and Reinvestment Act provided funding specifically for a summer youth work program, which has already been distributed to the locals, and established specific criteria for the program. To the extent that this bill imposes additional requirements on the local workforce investment boards, it could hamper, rather than aid, in the development of effective programs.

For this reason, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1561

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1561 without my signature.

This bill would require the Division of Occupational Safety and Health (DOSH) and the Occupational Safety and Health Appeals Board (OSHAB) to prepare an annual report analyzing the outcomes of citations, notifications of failure to abate, special orders, and orders to take final action which have been appealed and have resulted in a written order of decision by the OSHAB.

While I do not discount the importance of this information, much of it is already available in current reports submitted by DOSH. As such, I believe it is unnecessary to codify preparation of an additional report. I am directing DOSH and OSHAB to work with the Legislature to ensure that the information above is appropriately included within existing reports.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1562 without my signature.

Existing state and federal law protects employees from termination due to a single wage garnishment. This bill would prohibit an employer from terminating an employee because garnishment of the employee's wages has been threatened or the employee's wages have been subjected to garnishment for the payment of five or fewer judgments at any one time.

This bill is similar to legislation I vetoed last year. While this measure is potentially less burdensome than last year's bill, this measure would still require California employers to engage in additional time-consuming, costly administrative processes.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1563

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1563 without my signature.

This bill would require the Labor Commissioner to develop and implement a specified enforcement protocol to be used in an Economic and Employment Enforcement Coalition or Bureau of Field Enforcement investigation involving a labor contractor employing 15 or more workers in the field of construction, farm labor, garment, janitorial, or security guard service when the Division of Labor Standards Enforcement has a reasonable suspicion that violations of potential financial significance are involved as specified. The proposed new law is unnecessary and would inhibit the Department of Industrial Relations' (DIR's) ability to respond to changing enforcement issues.

During 2008, DIR implemented an investigative protocol which mirrors the protocol proposed by this bill and which will ensure full compliance with Labor Code section 2810. Therefore, provisions of this bill are already operational. Further, the statutory creation of operational enforcement policy limits flexibility needed to respond to shifting enforcement needs.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1567

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1567 without my signature.

This bill would require the Employment Training Panel (ETP) to prioritize training assistance to target populations in need of employment training, including military veterans. I appreciate the service and dedication our veterans have provided to California and strongly support providing them employment training and opportunities. However, ETP already supports employment training for military veterans and its annual strategic planning process already puts a strong focus on developing training projects and partnerships in the veteran community. As California continues to struggle in these difficult economic times, this bill would reduce ETP's flexibility to meet the changing needs of California's employers and workers.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

This bill is unnecessary. The Department of Alcohol and Drug Programs and Office of Problem Gambling already has the administrative authority to target specific and diverse populations within the existing program for education, outreach and prevention activities.

Veto Message—Assembly Bill No. 1580

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1580 without my signature.

It is disappointing that a multi-year, complex bill on federal tax conformity is damaged when a single provision is inserted at the last minute, especially when the process up to that point had been built on consensus. There are many federal tax provisions that California does not conform with, many of which would be supported by some of the entities involved. Likewise, when there are provisions that others object to, these should be discarded as well.

Many provisions in this bill will help taxpayers and the state of California. However, I cannot support this bill until it reflects consensus. I would urge the Legislature to send me legislation that demonstrates the agreements reached prior to the inclusion of the last provision on erroneous refund claims.

I look forward to signing a measure that reflects all the work on this extremely important and complicated effort.

Sincerely,

ARNOLD SCHWARZENEGGER

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 64

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 64 without my signature.

I support the intent of this and other measures to increase California's Renewable Portfolio Standard (RPS) target to 33% by 2020. However, as drafted this measure would make it more difficult and costly to achieve this very important goal.

As a world leader in climate change and renewable energy development, California needs a regional approach that provides streamlined regulatory processes and compliance flexibility that facilitate the timely construction of in-state resources. This legislative package does the opposite—it adds new regulatory hurdles to permitting renewable resources in the state, at the same time limiting the importation of cost-effective renewable energy from other states in the West.

On November 17, 2008, I issued Executive Order S-14-08, which sets a target that all retail sellers of electricity shall serve 33% of their load with renewable energy by 2020.

On September 15, 2009, in order to keep us moving forward, I directed California Air Resources Board (CARB), in Executive Order S-21-09, to adopt regulations that increase procurement of renewable resources in furtherance of the Global Warming Solutions Act of 2006 (AB 32, Statutes of 2006) and its emission reduction goals.

The CARB's scoping document for the Global Warming Solutions Act of 2006 determined that achieving 33% RPS is a critical component in the fight against global warming. I expect CARB to complete the regulations implementing the 33% RPS by the fall of 2010.

I remain ready to sign legislation that codifies a workable 33% RPS mandate. California has a rare opportunity to champion the development of renewable energy and reduce greenhouse gas emissions

in-state and beyond. We must seize the chance to lay the foundation for a regional effort that optimizes resources throughout the West at a lower cost to ratepayers.

Sincerely,

ARNOLD SCHWARZENEGGER

This bill would establish a Lobster Management Enhancement Supplement fee of \$300 that commercial lobster fishermen and women would be required to pay, in addition to their annual lobster permit of \$333. This supplement fee would be used to assist the Department of Fish and Game (Department) for lobster management activities and would sunset on March 31, 2015.

In addition to increasing by almost 90 percent the cost of a commercial lobster permit, thereby potentially driving some permittees out of the fishery, the bill would also impose new mandates and obligations upon the Department that still would not be adequately funded.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

To the Members of the California State Assembly:

I am supportive of the intent of this bill to audit the workload of salaried board members or commissioners, beginning with the California Unemployment Insurance Appeals Board. However, the legislature already has a process in place through its Joint Legislative Audit Committee, to request audits conducted by the California State Auditor on virtually any state operation. Therefore, the statutory authorization to do so in this bill is unnecessary.

For these reasons, I am unable to sign this bill.

October 11, 2009

To the Members of the California State Assembly:

This bill is a premature delegation of regulatory oversight from a state department to a private entity. If there is a more efficient manner to provide oversight for forensic alcohol laboratories, I encourage the stakeholders to work with the Department of Public Health on a solution that does not eliminate important state functions.

This bill is unnecessary. Current law already authorizes the Department of General Services to enter into long-term leases on State-owned land that may have some potential future use to the program needs.

This bill would require the California Emergency Management Agency (CalEMA) to consider multiple languages and needs of populations who have limited English language proficiency during emergency preparedness planning, response, and recovery.

CalEMA already considers the needs of all California's citizens, including limited English populations, during emergency preparedness planning, response, and recovery. Not only does CalEMA's Public Information Office work with ethnic media and ethnic community-based organizations to ensure that this population receives disaster and emergency alert and warnings, CalEMA also provides instruction to emergency managers and first-responders that includes strategic consideration for populations with limited English proficiency.

For these reasons, I am unable to sign this bill.

This bill would authorize the California Architects Board (Board) to require a licensee, as a condition of renewal, to certify to the Board that he or she has completed continuing education (CE) in, or relevant to, the practice of architecture in subjects relating to health, safety, and welfare.

I am supportive of the provisions that modify the documentation requirements for the existing CE requirements, but I believe this could be done administratively. However, I do not believe we should be placing additional burdens on licensees by demanding they fulfill new continuing education requirements.

For these reasons, I am unable to sign this bill.

This measure would prohibit the sale, distribution, or promotion of novelty lighters, as defined. While reducing the risks of accidental fires is important, there is simply no evidence that novelty lighters are any more to blame for incidents of accidental fires than other types of lighters or matches. In addition, this measure would place additional burdens on both state and local authorities at a time of severe budget reductions.

For these reasons, I am unable to sign this bill.

I want California children to embrace healthy lifestyles because the individual and societal benefits of good nutrition and physical activity lead to life-long accomplishments. Reducing childhood obesity can lead to fewer adults with chronic health conditions and lower healthcare costs. Unfortunately, this bill would create pressure to add Proposition 98 General Fund resources to the Child and Adult Care Food program when funding for so many other education programs has been cut. It is simply not possible to initiate a new program in a fiscal environment such as this.

I would ask the sponsors to work with the State Department of Education to include information regarding healthy nutrition and physical activity guidelines in existing newsletters to child care providers to the extent this can be accomplished within existing resources.

For this reason, I regret that I am unable to sign this bill.

This measure would require “social networking” Internet Web sites to post disclosures informing users that photographs could be copied by persons who view the image. This measure is unnecessary. Many websites that allow users to upload content already provide disclaimers concerning the use of the content. In addition, it is common knowledge that digital images can be copied, saved, and manipulated by anyone who views them.

This measure would overturn a recent court decision and extend the marital privilege to administrative, investigatory hearings conducted by law enforcement agencies. While the sanctity of marriage should be protected, peace officers must also honor the relationships they have with the agencies and communities in which they work. If the marital privilege doctrine were extended to hide corruption between peace officer spouses, the relationship between spouses may benefit. However, the law enforcement agency and its reputation within the community would suffer irreparable harm. Although this measure is narrowly drawn, society's interest in protecting marital communications should not extend beyond the courthouse and into peace officer disciplinary proceedings.

For these reasons I am unable to sign this bill.

While I appreciate the author's intent, I would argue that the Legislature needs to consider much larger reforms to the state's tax system. California's tax system is extremely complicated and needs significant changes, as outlined in the final report recently released by the Commission on the 21st Economy. This issue, along with many other important changes, should be considered as part of an overall tax reform measure.

I support strong fire safety standards for new developments, especially when they are located in high fire hazard severity zones. However, I have many concerns with this bill in its current form.

This bill would place an increased workload on the State without additional staff or other resources to meet the workload. Without funding to ensure this bill can be implemented, this piece of legislation cannot help prevent wildfires in our State.

In addition, it is not clear why these new requirements would be placed on counties but not cities as well. Certainly, many cities in California are as at risk for wildfires as counties.

For these reasons I cannot sign this bill.

This bill may create fiscal incentives for Regional Occupational Centers and Programs (ROC/Ps) to reduce the number of students they serve, rather than allowing districts to manage their programs based on local priorities. Furthermore, because of the categorical flexibility provided through the recent budget negotiations, the bill's focus on adjusting ROC/P enrollment caps is moot and serves no practical purpose.

This bill creates another bureaucratic mechanism to add another layer of review to the new construction plan approval process that is unnecessary since federal law already requires that school sites provide sufficient access to all students, regardless of their gender. School districts have an incentive to ensure all of their facilities are Title IX compliant since civil remedies are available to individuals who prevail in proving a district's non-compliance with statutory and regulatory guidelines. Therefore, this bill is unnecessary.

For these reasons, I am unable to sign this bill.

To the Members of the California State Assembly:

I vetoed similar legislation previously. As I stated before, it is unnecessary to statutorily authorize a person to attend a board meeting in the absence of an ex-officio member since the meetings are open to anyone from the public to attend and provide comment.

Moreover, ex officio members serve by virtue of their experience and qualifications in sharing their perspective on issues impacting higher education. Allowing these members to appoint a substitute to attend in their absence creates a disincentive for the member to actually attend the meetings, and diminishes the value of an ex-officio member's contribution to the public discourse.

For these reasons, I am unable to sign this bill.

This bill would shift authority over a portion of land from the City of San Diego to the State Lands Commission, effectively removing the ability of the city to cooperate with the United States government in the protection and public use of these tidelands and submerged lands.

Last year, I vetoed a similar measure, AB 1832 (Saldana), which would have applied to tidelands and submerged lands throughout California. I recognize that the author has limited the scope of this bill to tidelands already granted within the City of San Diego. Unfortunately, this measure suffers the same fatal flaw: it imposes trust restrictions on certain tidelands parcels which could significantly undermine the authority of local officials to administer trust resources.

Once again, I believe that local governments have an inherent interest in creating partnerships with the federal government and others in utilizing water front lands for the benefit of the people of California. I remain firm in my belief that they can do so in a way that balances both our environmental and economic interests.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 716

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 716 without my signature.

While I have consistently supported efforts to improve and coordinate services for California veterans, the provisions of this bill are already being administered through the California Department of Veterans Affairs. One exciting example of this is the Veterans Network of Care—a public/private partnership that provides social service, mental health, employment, medical and educational links for veterans and active duty personnel, as well as their families. This program was developed with a grant from Proposition 63 and contains over 15,000 web links and 250,000 pages of information.

While I appreciate the author's intent, this bill is unnecessary.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

RECEIPT OF BILLS

I acknowledge receipt this 11th day of October at 5:26 p.m., of the following Assembly Bills without the Governor's signature, together with statements of his objections thereto, signed by the Governor, delivered to me personally by Jacque Roberts: Assembly Bills Nos. 64, 557, 571, 579, 599, 600, 611, 623, 625, 627, 632, 653, 657, 659, 666, 673, 685, 690, 694, and 716.

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 725

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 725 without my signature.

While I recognize the need to provide low cost automobile insurance to low income drivers, the effectiveness of this program is questionable given the number of policies in effect and low participation rate amongst the uninsured. Since the law this bill is looking to extend does not expire until January 1, 2011, I encourage the author and sponsor to take the next year to examine the results of the program and determine if any changes are needed to the program to ensure its success.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 730

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 730 without my signature.

This bill attempts to align enforcement provisions between the Department of Managed Health Care and the California Department of Insurance. However, it does not create this much-needed consistency, but instead continues to subject regulated entities to differing standards.

In addition, while I believe the Managed Risk Medical Insurance Program to be a possible and appropriate location for some of the penalties associated with these fines, I cannot support provisions that further limit revenue to the General Fund and decrease the state's ability to direct resources to its highest priorities.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 733

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 733 without my signature.

While I recognize the merits of this measure, it could result in unnecessary additional costs and delays and may jeopardize the success of the project in securing the billions of dollars that are needed to construct this project.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 745

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 745 without my signature.

This bill is unnecessary. The federal Department of Labor has already adopted requirements governing self-funded benefit plans and their disclosure statements. Appropriate complaint and contact information is already included in order for patients and providers to seek redress. For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 755

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 755 without my signature.

This bill unnecessarily limits the State's flexibility in the use of non-state personnel with distinct expertise and experience. In certain instances, state civil service employees may not provide the same level of expertise and may be more costly. The ability for the state to benefit from the expertise of non-state employees should not be restricted. For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 756

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 756 without my signature.

While I am supportive of greater transparency in government, this legislation would be duplicative of current reporting practices and increases workload and costs to departments at a time when the state continues to experience a significant budget shortfall. My Administration is currently implementing many of the provisions of this legislation within the existing appropriation of the Department of General Services to increase transparency.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 769

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 769 without my signature.

This bill results in significant Proposition 98 General Fund cost pressures. Absent additional funding to support this policy shift, enacting this measure would result in denying access to state funded preschool programs to other low income families who are currently on waiting lists for subsidized care. Moreover, children of those under the jurisdiction of the juvenile court system already may access child care on a priority basis under current law, to the extent that they are at risk of abuse or neglect.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 772

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 772 without my signature.

As I have stated before on similar bills, until the federal Real ID Act is implemented and the federal government adopts comprehensive immigration reform, it is inappropriate to move forward with state law in this area.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 793

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 793 without my signature.

The bill seeks to address the United States Supreme Court's decision in *Ledbetter v. Goodyear Tire & Rubber Co.*, which dealt with an interpretation of federal law. However, Congress has already abrogated this decision by enacting the Lilly Ledbetter Fair Pay Act earlier this year. Therefore, this bill is unnecessary as it addresses a decision that has been mooted by subsequent legislation that has no direct application in California. Moreover, as drafted, this measure is far more expansive than the federal law and could pose unreasonable and unlimited liability for California employers.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 796

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 796 without my signature.

While civic and other volunteer activities are beneficial to those who choose to participate, these activities should be in addition to, and not in place of, valuable classroom learning time with a qualified teacher. This bill is similar to legislation I previously vetoed. As indicated at that time, nothing under current law prohibits parents from working with a school to allow their child to participate in civic opportunities if they choose to do so, even without this measure. Therefore, the bill is unnecessary. For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 804

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 804 without my signature.

This bill would specifically exempt from criminal and civil liability, for dreissenid mussel infestation, any water operator that has a control and eradication plan approved by the Department of Fish and Game.

During the past two years, I signed comprehensive legislation to restrict the possession and transportation of dreissenid mussels, to require water managers to assess the threat of dreissenid mussels in their waters and develop prevention plans and conduct monitoring activities, and to authorize state inspections of waters and facilities in California, which might contain dreissenid mussels. These measures were supported by water agencies and emphasized the need for local and state entities to increase and maintain their vigilance against this potentially devastating threat.

However, the effect of this bill would be to relieve water operators from having to continue to act responsibly once they initially have an approved response plan in place, thereby shifting liability to the state for any ensuing damage resulting from the spread of dreissenid mussels. The presence of an approved plan does not ensure that subsequent actions taken by that water agency will be consistent with that plan, nor should these entities be immunized from liability for their subsequent actions.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 806

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 806 without my signature.

This bill would require the court to advise a defendant that if he or she is deported from the United States and returns illegally, he or she could be charged with federal offenses, as specified. All criminal convictions have the potential to adversely affect a defendant who thereafter commits further crimes. There is simply no reason for state courts to admonish a defendant on the consequences of committing future, potential federal crimes.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 807

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 807 without my signature.

Existing law already provides the authority for the California Department of Corrections and Rehabilitation to open and maintain restitution centers. The closings of the previous centers were based on fiscal evaluation of the operations. This bill is an unnecessary and unwarranted interference in these operations, particularly in light of the state's fiscal crisis. Additionally, this bill may be premature as ongoing litigation and measures to address the prison population are being developed.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 823

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 823 without my signature.

I continue to be supportive of reducing the impact of high polluting vehicles on the road. However, this bill eliminates an incentive subsidy provided by the Bureau of Automotive Repair's Consumer Assistance Program for a particular portion of the population. The provisions in this bill make more sense if the State could capture those savings and couple it with other incentives for vehicle owners to retire or repair high-polluting vehicles. I encourage the Legislature to work on solutions that move in that direction. Until that time, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 836

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 836 without my signature.

Earlier this year, I issued an Executive Order directing the State's Chief Information Officer (CIO) to establish the Information and Communications Technology (ICT) Digital Literacy Council for the purposes of developing a California Action Plan for ICT Digital Literacy. The CIO is charged with working with stakeholders in both the education and technology fields to develop a plan to incorporate digital literacy in our schools and workforce.

This bill would require the Superintendent of Public Instruction (SPI) to establish a task force for education technology, funded by private donations. The SPI does not need additional statutory authority to convene an internal task force for this purpose. Therefore, this bill is unnecessary.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 838

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 838 without my signature.

This bill would require the Occupational Safety & Health Standards Board (OSHSB) to adopt standards to control the risk of occurrence of heat illness for employees working indoors.

As I said when vetoing similar legislation two years ago, there is no need to legislate a mandate in this area. The OSHSB has the authority to adopt regulations in this area and will do so when it determines the need for a specific standard on indoor heat.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 852

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 852 without my signature.

While I appreciate the intent to encourage electronic filing, I believe this bill imposes an additional burden on businesses during a time of extreme economic hardship. Additionally, the threshold of \$100,000 is not sufficiently high to target those businesses which have the greatest capacity to easily comply with such a mandate.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 861

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 861 without my signature.

While I strongly support efforts to streamline government, the provisions of this bill are unnecessary and duplicative of efforts currently underway at the California Department of Public Health.

For these reasons, I am unable to sign this bill.

Veto Message—Assembly Bill No. 888

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 888 without my signature.

Existing law already allows local government the ability to enact ordinances to restrict or prohibit the possession or consumption of alcohol in public areas. This bill may actually weaken existing community standards related to alcohol possession and use. Given the unique and varying needs of California's communities, these decisions should continue to be made at a local level.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 911

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 911 without my signature.

I agree with the author and sponsors that emergency room overcrowding is a significant crisis facing our healthcare delivery system in California. Although I support the intent behind this bill, statute is not necessary and I do not believe it will provide any significant improvement to the underlying problem.

Hospitals and emergency room physicians have a strong and compelling interest to reduce emergency room overcrowding. I would encourage them to use the crowding score outlined in this bill and work to develop full-capacity protocols that best address their individual hospital needs.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 921

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 921 without my signature.

This bill would require county probation officers and parole officers to ensure that minors under the jurisdiction of the juvenile court be provided with written notification of services and benefits they may be eligible for upon termination of court jurisdiction. This bill also would require probation officers and parole officers to provide assistance in obtaining those services and benefits. This bill would create local mandated costs attributable to the requirement that county probation officers provide specified information and assistance to juvenile wards of the court.

Given the state's severe economic climate and the social services reductions being implemented, it is not prudent to expand requirements imposed on state and local governmental programs.

Therefore, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 943

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 943 without my signature.

This bill would prohibit the use of consumer credit reports for employment purposes unless the information is either substantially job related, as defined, or required by law to be disclosed to or obtained by the user of the report.

This bill is similar to legislation I vetoed last year on the basis that California's employers and businesses have inherent needs to obtain information about applicants for employment and existing law already provides protections for employees from improper use of credit reports. As with last year's bill, this measure would also significantly increase the exposure for potential litigation over the use of credit checks.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 988

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 988 without my signature.

This bill would require the Commission on Peace Officer Standards and Training to create and make available to all law enforcement agencies training content on the U Visa. This measure is unnecessary. It is the policy and practice of the Commission to periodically review and update existing course curricula. If the Commission determines that training on the U Visa is warranted, it can create a program without this measure.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1006

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1006 without my signature.

This bill requires the state to consider the residential location of the workforce to be housed in the building, giving a priority to areas that can demonstrate the highest reduction of miles traveled by its workforce. This bill is unnecessary, as the Department of General Services already considers a number of factors when considering where to locate a building. Further, I believe the highest priority for locating state buildings is, and should remain, the ability to provide services to the citizens of California.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1007

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am unaware of any school board intentionally withholding action on a student representation petition. Therefore, I believe this bill is unnecessary.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1017

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1017 without my signature.

This measure would require law enforcement agencies to annually report to the Department of Justice (DOJ) information pertaining to the total number of rape kits received and tested during the preceding calendar year, the total number of untested kits in its possession as of January 1 of the reporting year, and the number of rape kits that law enforcement has requested to be tested that remain untested.

I strongly support efforts to ensure that rape kits are analyzed and processed in a timely manner in order to identify and prosecute sex offenders. However, requiring law enforcement agencies to provide backlog statistics to the DOJ would place significant cost burdens on these agencies and would divert scarce resources away from processing these kits. In addition, this measure does not require the DOJ to do anything with the reports received. Assuming that the DOJ would have to administer, collect, and manage these records, this could impose additional cost pressures on the DOJ.

Since this measure would create additional state costs that cannot be accommodated in a time of fiscal crisis, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1049

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I have reviewed the merits of this bill. After careful and deliberative consideration, I do not believe it is necessary to sign this bill at this time.

Veto Message—Assembly Bill No. 1068

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1068 without my signature.

This bill prohibits signature gathering contracts from being contingent upon a measure qualifying for the ballot. The purported goal of this measure is to discourage fraudulent signature gathering practices. However, this type of contract does not have a direct correlation to fraudulent activities by signature gatherers.

While I appreciate the proponents' concerns with how the initiative process is sometimes used, this bill targets companies that use a business strategy based on their guarantee of success. I cannot support limiting how proponents of a measure negotiate a contract for gathering signatures.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1069

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1069 without my signature.

This bill is not necessary and is duplicative of coordinated efforts already performed by the California Department of Food and Agriculture, Office of Environmental Health Hazard Assessment, California Poison Control System, and the Department of Pesticide Regulation.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1087 without my signature.

Measures that increase the sales and use tax revenues collected by the state must be approved by two-thirds of the Legislature as required by Proposition 13. While I understand the author's intent to simplify the calculation of sales and use taxes, this bill would directly increase the amount of sales tax revenue collected from the consumer. Thus, this bill is a tax levy and requires a two-thirds vote of the Legislature.

Since this bill was only approved by a majority vote, this bill presents constitutional issues. For this reason, I will not reconsider this bill until it receives a two-thirds vote of the Legislature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1096

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1096 without my signature.

This bill would require that elections officials provide electronic copies of precinct maps to any interested person and increases the frequency that these maps must be updated.

While I support the author's efforts to increase the availability of detailed precinct maps in electronic format, I believe this will result in additional costs to local governments. Existing law allows a county to provide this information in electronic format; therefore, a statewide mandate is unnecessary. I encourage counties to consider implementing the provisions of this bill if their resources allow, but in this time of fiscal constraint, cannot support mandating them to do so.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1115

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1115 without my signature.

This bill would revise the distribution of federal Land and Water Conservation (LCWF) dollars, which are currently a dedicated source of federal funds allocated to the Wildlife Conservation Board, the Department of Fish and Game, the Department of Water Resources, the Department of Boating and Waterways, and the Department of Parks and Recreation and, instead, require these funds to be allocated through a competitive grant program that would also include nine state conservancies within the Natural Resources Agency.

I recognize that these nine state conservancies currently do not have access to federal LCWF dollars, which are provided to states to encourage and enhance outdoor recreational opportunities. However,

the state agencies to which these federal funds are currently dedicated rely on them to help fund quality outdoor recreational projects. Furthermore, these agencies have also experienced deep cuts in their budgets due to the state's current fiscal situation. As such, I cannot authorize redistributing this federal funding at this time.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am very supportive of the author's genuine intent to control school facility construction costs. However, this bill is unnecessary, since nothing under current law prohibits the Department of General Services to distribute information or work with school districts on the use of constructability reviews when it is appropriate. For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

To the Members of the California State Assembly:

I am concerned with the scope and unintended consequences of this bill and that it does not assure the humane and ethical treatment and welfare of animals. This bill has unknown costs associated with the enforcement and implementation of prohibiting the sale of live animals in specified venues and could drive the selling of animals underground or to private sites.

For this reason I am unable to sign this bill.

While I fully support the Donate Life program, this bill would cap the amount the Department of Motor Vehicles can recover for its administrative costs under the program and removes the flexibility of the Department to cover its future costs as inflation and other expenditures increase.

This bill would create a situation whereby certain county retirees could change their retirement elections and increase their benefits as a result. I am concerned that this could create unfunded increases to county retirement costs. At this time, even small increases would be unacceptable.

For this reason, I am unable to sign this bill.

This bill is unnecessary because local governments are already free to address any form of development as part of a transit village plan, including educational facilities. In addition, not all local governments have a need to include educational facilities in a transit village plan.

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1173

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1173 without my signature.

This bill creates a new program for the recycling of certain residentially-generated fluorescent lamps. While I applaud the author's intent, this bill inappropriately links a waste and toxics reduction program to California's world-renowned energy efficiency efforts.

Current law requires the state's investor-owned and publicly-owned utilities to charge consumers a public goods charge and use a portion of the money collected on energy efficiency programs. One of those programs has traditionally been to incentivize the purchase of more energy-efficient compact fluorescent lamps (CFLs) by providing monetary incentives to both manufacturers and retailers to reduce the increased costs of CFLs to the consumer.

By tying CFL recycling mandates to a manufacturer or retailers' participation in CFL energy efficiency programs, this bill creates a reverse incentive that could force manufacturers and retailers to choose

not to participate in either program. The result is no new improvement to CFL recycling and a potential increase in the costs of CFLs to consumers, which decreases CFL sales and undermines our energy-efficiency efforts.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

This bill would require elections officials to establish a free access system that allows a vote-by-mail (VBM) voter to determine if his or her ballot was counted.

While I support the author's intent, I believe this will result in additional costs to local governments. Some counties use an existing system that tracks receipt of VBM ballots to provide this information to voters. I would encourage other counties to consider implementing the provisions of this bill if their resources allow, but cannot support mandating them to do so.

Therefore, I am unable to sign this bill.

To the Members of the California State Assembly:

I am returning Assembly Bill 362 without my signature.

This bill would make it a crime for a person to knowingly take, possess, damage, reuse, or move any political sign without the authorization from the owner of the sign. According to the author, theft or vandalism of political signs is becoming more prevalent. This bill is unnecessary, however, because current law already prohibits acts of vandalism or theft.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 444

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 444 without my signature.

Although I am supportive of this bill's effort to allow non-governmental entities to manage funds set aside for the long-term management of lands and easements, authorizing them to hold funds without adequate fiscal assurances, as this bill would provide, is unacceptable.

I am directing the Department of Fish and Game to work with the Author and interested parties toward developing an alternative that provides sufficient protections for the financial and environmental resources subject to third-party agreements.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 566

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 566 without my signature.

While the intent of this bill is to preserve low-income housing, the fact that a majority of mobilehome park residents do not support a conversion is not an appropriate means for determining the legitimacy of a conversion. The law is not intended to allow park residents to block a request to subdivide.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 574

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 574 without my signature.

I support California's strong anti-smoking programs, as evidenced by my support for several anti-smoking bills over the last several years. I signed legislation that prohibited smoking in a vehicle with children; increased the fines and penalties for selling tobacco products to underage minors; and banned tobacco products in our state correctional facilities and state hospitals. I also support California's strong anti-smoking program and included funds for a stronger smoking cessation program in my 2007 health care reform proposal.

However, this bill is unnecessary. Current law already prohibits smoking in hospital patient care areas, waiting rooms and visiting rooms of a health facility. Hospitals also have the ability to further restrict smoking on their campuses to include open-air areas such as patios, parking lots and sidewalks.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 686

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 686 without my signature.

This bill seeks to clarify how long a voter may remain in a voting booth. Two separate code sections reference that a voter may remain in the booth for either five minutes or ten minutes, with an exception that allows for more time as long as no other voter is inconvenienced. There is no evidence that the discrepancy in current law has resulted in a significant problem for voters.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

To the Members of the California State Assembly:

Superior Court clerks throughout the state have worked with local elections officials to provide this information in a format that is most appropriate for their jurisdiction. Therefore this bill is unnecessary.

For this reason I am unable to sign this bill.

Veto Message—Assembly Bill No. 811

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 811 without my signature.

This bill makes unnecessary changes to California's check cashers law with respect to check cashing identification cards and enhances the penalty for manufacturing or selling identification cards. California's check cashers law already prohibits check cashers from requiring customers to purchase identification cards and from misrepresenting the purpose of these cards. Also, existing criminal laws already prohibit any person from manufacturing and selling fraudulent identification documents.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 828

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 828 without my signature.

AB 828 is intended to require any state agency proposing green building standards to seek the input of other state agencies, environmental advocacy groups, the building construction and design industries, and other interested public parties. Also, the bill would require that green building standards be intended to protect the public's health and safety, minimize a building's impact on the environment through efficient use of natural resources, promote occupant health, and reduce strain on the local infrastructure while utilizing best available technology and building practices.

The California Building Standards Commission and other state agencies proposing building standards currently follow strict requirements for the development of all regulations, including building standards. Also, they utilize work groups and focus groups extensively in the development process. These meetings are open to all who want to participate.

In addition, the bill emphasizes that green building standards are to include, but not be limited to, site planning, water efficiency, energy efficiency, materials and resource efficiency, reduction of toxic chemicals, indoor air quality, and environmental quality. The state's current green building standards encompass these aspects of green building.

Because of this, I find the bill to be redundant of current regulatory development and adoption processes, and therefore unnecessary.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 882

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 882 without my signature.

I am sympathetic to the desires of those who have lost loved ones in vehicle collisions. However, I am concerned that posting multiple signs on highways could lead to increased driver inattention and distraction. Furthermore, the increase in the number of memorial signs could draw attraction from friends and family members who may want to place flowers or other items at the location of the sign on the state highway. Stopping along the side of the highway to get out of a vehicle and pay tribute to a loved one would place surviving friends and family members in immediate danger of being hit by another vehicle traveling at highway speeds.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 914

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 914 without my signature.

This bill would specify that the State Water Resources Control Board (Board) may take into consideration the additional criterion of impacts of mandatory minimum penalties on individual ratepayers when making a determination of "financial hardship" of a small community served by a public owned treatment works (POTW).

The bill is unnecessary since the Board already has the authority under current law to take any factor it deems appropriate into consideration when making a determination of financial hardship of a small community served by a POTW.

Furthermore, the bill's language for determining "financial hardship" is unclear, provides little to no guidance for the Board, and would only further confuse an already complex financial hardship determination process. The unintended consequence of AB 914 will be costly lawsuits and competing interpretations of the bill's vague and confusing language.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 958

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 958 without my signature.

This bill authorizes the Metropolitan Water District of Southern California to use a design-build procedure for contracts involving the design, construction, fabrication, and installation of a solar energy system in excess of \$1 million.

While I am a strong proponent of increasing our commitment to solar energy and the use of the design-build procedure for public projects, this bill contains reporting provisions not found elsewhere in existing design-build authorization.

At best these new provisions are unnecessary. But at worst, they upset the delicate balance of negotiations over the last few years on design-build procedures and set a new precedent for future design-build projects to include these provisions.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 985

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 985 without my signature.

While the goal of this measure is a worthy one, the practical legal effect is negligible. The restrictive covenants this bill would redact from certain recorded documents are already illegal and void under existing law. Existing law already allows an owner of a property with restrictive covenants to record a "Restrictive Covenant Modification" (RCM) form in order to remove any void or unenforceable covenant, condition, or restriction and permits the county recorder to waive any fees for filing the RCM.

Secondly, it is unknown if the \$2 recording fee attached to this bill to fund the redacting of restrictive covenants has any nexus to the actual cost of doing so. To make matters worse, the bill allows local municipalities to raise the recording fee, ostensibly to a "reasonably sufficient to recover the costs for performing activities related to the redaction of an unlawfully restrictive covenant". However, without a hard cap or sunset of the fee, the fee may be raised and excess amounts used to fund services or projects only remotely related to the redaction of objectionable covenants.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1186

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1186 without my signature.

This bill requires the lessor of a nonresidential building located within a nonattainment area to itemize parking costs in all lease agreements entered into or renewed after January 1, 2011 if the tenants of the building are provided free parking.

I recognize that the current cash-out parking program faces many implementation challenges and many have called for various modifications to improve this program. For this reason, I have signed SB 728 (Lowenthal) which would clarify that either the California Air Resources Board or a local air district may enforce the existing parking cash-out law.

With respect to this bill, although well-intended, I am concerned about placing an additional burden on commercial property owners at this time. It is my hope that better enforcement will shed more light on the challenges and effectiveness of this program.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1242

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1242 without my signature.

This bill would declare it to be the established policy of the State that every human being has the right to clean, affordable, and accessible water for human consumption.

Existing law establishes that domestic water use has the highest priority over other water uses. When California's water laws were established in 1943, this policy was enshrined in law.

I wholeheartedly support the underlying premise of this bill: We should be doing everything we can to ensure that our communities have access to clean, affordable water for our citizens. But the language of this bill will undoubtedly lead to potentially costly and constant litigation. This moves our limited state resources away from the day to day operations of achieving our clean water goals and puts them in the courtroom.

Additionally, while providing safe drinking water is fundamental to our laws and to human health, this bill would not enhance our current efforts in achieving this goal. The State Water Resources Control Board, the California Department of Public Health, and the Department of Water Resources are actively awarding grant funds and implementing policies and programs to protect and improve the long-term quality of drinking water supplies. Our most pressing barrier in achieving this goal is not desire, it is funding.

For this reason, I am signing AB 626 (Eng) and AB 1438 (Conway). AB 626 makes important changes to existing law that increase funding from Proposition 84 for disadvantaged communities in each hydrologic region in the state. AB 1438 modifies the Safe Drinking Water State

Revolving Fund to provide more resources to water system operators serving disadvantaged communities that often lack the resources for vital, costly water system improvements. I believe these bills will provide some additional needed tools to achieve the well-intended purpose of this measure.

The need for additional funding also places heightened importance on the need for a water infrastructure bond that includes a robust investment in increasing water quality and water supply reliability.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1185

Governor's Office, Sacramento

October 11, 2009

The California Courts of Appeal have already provided a remedy for this issue, therefore this bill is unnecessary.

Veto Message—Assembly Bill No. 1222

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1222 without my signature.

This bill extends the sunset date on a statute that is not expiring until January 1, 2011. Therefore, this bill is premature and unnecessary. For these reasons, I am unable to sign this bill.

Veto Message—Assembly Bill No. 1228

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1228 without my signature.

This bill would allow the Counties of Santa Clara and Yolo to conduct all-mail ballot elections under specified conditions.

Many Californians choose to vote-by-mail (VBM) and have the option of becoming permanent VBM voters if that is their preference. On the other hand, many prefer voting in person at their local polling place. Under the provisions of this bill, one polling place would be open per city. This limit would significantly increase the distance needed to travel to vote in-person. This burden would fall disproportionately on those who are less mobile, frequently the poor, disabled and elderly. I cannot support a measure that would make it more difficult for these individuals to exercise their right to vote.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1270

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1270 without my signature.

This bill places additional requirements on information technology expenditures and system changes of the Victim Compensation and Government Claims Board (Board) that go beyond current administrative directives. The Office of the State Chief Information Officer (OCIO) was established with broad authority to oversee the information technology activities of state agencies and possesses the expertise to appropriately administer this authority. This bill usurps the OCIO's judgment and discretion in carrying out its duties and creates in statute a permanent level of oversight that goes well beyond what is required to address recent issues with the Board.

In addition, this bill requires the Board to develop specified written procedures related to the processing of applications to the Victim Compensation Program, which are consistent with recommendations made by the Bureau of State Audits. Since the Board has already agreed to these recommendations and is currently working to implement them, this bill is unnecessary.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1271

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1271 without my signature.

This bill would allow a vote-by-mail (VBM) voter to authorize any other person to deliver or return their ballot to the elections official or the precinct board at any polling place within the jurisdiction.

As I have noted when vetoing similar legislation any effort to increase voter participation must be balanced against the potential increase in voter fraud. While I appreciate the author's intent and efforts

to protect against fraud, the opportunity is still too prevalent. Requiring written authorization by the voter is an important safeguard; however, there is no way to verify that the “authorized representative” is not paid by, or volunteering with a political party, campaign or other political entity. While some VBM voters could benefit from this added flexibility, it would leave the door open for bad actors to abuse the system. Therefore I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1276

Governor’s Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1276 without my signature.

This bill places unnecessary hurdles on international trade and unnecessarily complicates processes. Additionally, the bill would defy current agreements with the World Trade Organization and existing trade agreements. The Governor’s authority very clearly extends to both international and administrative matters, so he is well suited to represent the ideas of the California population on matters of trade.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1281

Governor’s Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1281 without my signature.

The California Department of Education has already put into place processes to update forms and instructions to accommodate the inclusion of multiracial students. Therefore, this bill is unnecessary.

For this reason, I am unable to sign this bill.

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1288

Governor’s Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1288 without my signature.

This bill would prohibit the state, or a city, county, city and county, or special district from requiring an employer other than one of those government entities to use an electronic employment verification system as a condition of receiving a government contract, as a condition of applying for or maintaining a business license, or as a penalty for violating licensing or other similar laws. The bill would exclude from its provisions instances where electronic employment verification is required by federal law or as a condition of receiving federal funds.

The bill would create administrative burdens for employers receiving government funds in that a June 6, 2008, federal Executive Order 12989, as amended, requires all federal contractors, as a condition of any future federal contract, to use E-Verify to verify the employment eligibility of their workers. Employers receiving government funds would be required to sort out and identify complex funding streams and comply with both the Executive Order and provisions of this and other related laws. The bill also raises the potential for increased claims and litigation by placing new requirements in the Labor Code without also defining how the requirements will be enforced. Moreover, the bill implicates constitutional questions regarding the State's authority to impose this prohibition against charter counties and cities for matters that may constitute municipal affairs.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1312

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1312 without my signature.

There is no compelling need to extend the 2012 sunset date at this time, especially when a reasonable exemption for a particular type of business model was sought and rejected. I am not willing to extend this law to additional businesses until this problem is addressed.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1326

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1326 without my signature.

This bill seeks to assist voters who have attempted to register, but, through no fault of their own, were not registered because a third party failed to return their registration forms in a timely manner.

This bill is unnecessary. Under current law, if the elections official refuses to register any qualified elector in the county, the elector may proceed by action in the superior court to compel his or her registration. This provision covers all voters, regardless of whether or not they registered through a third party.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1328

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1328 without my signature.

This bill would allow a homeowners association (HOA) of a common interest development (CID) to enter into a contract of up to five years for water or energy efficiency programs under specified conditions.

This bill is unnecessary. Existing law limits a HOA's capacity to enter into multi-year contracts for various types of services, instead requiring a vote of the membership to enter into contracts of more than one year. This bill would override this important veto requirement, weakening the system of self governance that is central to the operations of CIDs and could result in contracts that do not reflect the approval of a majority of the members of the HOA. Further, if this bill is enacted, it could potentially expose CID members to long-term negative consequences brought about by board mistakes.

For these reasons I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

This bill could present a significant risk of violating an individual's privacy unrelated to the enforcement of law. It may also lead to the unwarranted proliferation of camera enforcement in many other arenas.

In the current economic times, I cannot support increasing the interest rate that pawnbrokers are permitted to charge for loans, given that its impact will be on a population that is currently least able to afford the increase.

To the Members of the California State Assembly:

This bill could more than double the base fine penalty for a violation of Section 21114 of the California Vehicle Code. Although it is important to prevent loads from spilling on our roadways, there is not enough statistical evidence to show that this fine is warranted.

For this reason I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1385

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1385 without my signature.

This bill would authorize specified peace officers, more specifically arson investigators, employed by fire departments to use blue warning lights on authorized emergency vehicles (AEV). The bill's sponsor asserts that arson investigators are often plain clothed and drive unmarked vehicles, and as a result need the use of blue lights to be more recognizable. However, the use of blue lights would not establish the individual's identity as a peace officer without displaying some form of police identification. Additionally, all AEVs in California, including law enforcement vehicles, are required to have at least one forward facing solid red light. Since there is no legal requirement for motorists to yield to a blue warning light, I fail to see the necessity for the addition of a blue light.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

While I support the intent of this bill, some provisions inappropriately restrict the administrative and regulatory authority of the Department of Public Health for adopting or modifying the American Society for Reproductive Medicine guidelines.

I would be willing to reconsider a bill that does not infringe on the Department's regulatory authority.

For this reason, I am unable to sign this bill.

Sincerely,

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1400 without my signature.

I am very supportive of the intent of this bill to maintain the safety and well being of all students attending California Community Colleges (CCC). However, as drafted, the bill creates an uneven standard between students who could be denied admission because of criminal acts they may have committed in the past.

Since I am committed to having community colleges be both safe places for quality education, as well as open institutions of hope for all students, I am asking the CCC Board of Governors to work in collaboration with CCC Chancellor Scott to work on a policy that will most effectively address this issue for the campuses.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 2

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 2 without my signature.

I have repeatedly indicated I would support a bill that provides strong statutory protections for consumers against inappropriate rescissions by health plans. However, this bill continues to have a provision that benefits trial lawyers rather than consumers. I remain comfortable sending this bill back for a second time without my signature because of the strong consumer protections the Department of Managed Health Care and Department of Insurance have successfully implemented over the past two years. The number of rescissions industry-wide has decreased significantly since 2005. Millions of dollars have been assessed against health plans and insurers; corrective action plans have been received and approved; revised consumer disclosures have been reviewed for literacy, consistency and compliance with the settlement agreements; and lastly, the two departments are working together to ensure that all health plans meet the same standards of fairness and full disclosure. The market has changed—and it is because of my Administration's strong action in this area.

The precedent-setting 4th District Court of Appeals decision in *Hailey v. Blue Shield* relied heavily on the Department of Managed

Health Care's amicus brief. The court's reliance on this brief speaks to the strong work of the Department and the balance required when enacting consumer protections and ensuring access to the individual health plan market. I have no interest in overturning that appellate decision and the definitive interpretation of the post-claims underwriting statute.

In addition, I have signed targeted measures that prohibit plans from financially incentivizing their employees to rescind or cancel policies; require plans to offer coverage to families when the individual on the contract has been rescinded or cancelled; and most recently, I have signed Assembly Bill 108 that will prohibit a health plan from rescinding or canceling a contract after 24 months.

I would request that the Legislature send me a bill that codifies the *Hailey* decision, as I have asked for since 2008. When that occurs, I will be happy to sign that bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 692

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 692 without my signature.

This bill is unnecessary. A single instance in which a controversial federal rule was later revoked by a federal statute is not a reason to give broad, unchecked authority to the Franchise Tax Board for choosing whether or not to conform to future federal tax guidance.

To specifically address the controversial federal rule, I am signing Assembly Bill 11. This measure will bolster the regulatory action taken by the Franchise Tax Board on this specific federal issue, while also protecting the state's General Fund against potential legal challenges.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 764

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 764 without my signature.

Although I support the prohibition of individuals charging advance fees for mortgage loan modifications, I do not agree with the provision of this bill that will only allow fees to be collected if a modification is successful. This could adversely affect legitimate businesses that provide loan modification services. As such, I am signing SB 94 that accomplishes this prohibition against advance fees without unnecessarily harming legitimate companies.

For these reasons, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 845

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 845 without my signature.

This bill would impose new requirements upon the Reentry Advisory Committee (RAC), including a requirement that the RAC seek and apply for federal funds, develop a comprehensive reentry plan, submit various advisory reports to the Legislature and Governor, and would also increase the number of individuals on the Committee. In addition, the RAC would be required to develop a comprehensive resource guide for use by various entities and the public. AB 845 also extends the sunset date of the RAC from January 1, 2011 to January 1, 2016.

This bill imposes several new duties upon the RAC without providing any new funding to pay for them. I cannot sign a bill that creates such unfunded mandates for the State of California during this time of fiscal crisis.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1176

Governor's Office, Sacramento
October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1176 without my signature.

For some time now I have lamented the fact that major issues are overlooked while many unnecessary bills come to me for consideration. Water reform, prison reform, and health care are major issues my Administration has brought to the table, but the Legislature just kicks the can down the alley.

Yet another legislative year has come and gone without the major reforms Californians overwhelmingly deserve. In light of this, and after careful consideration, I believe it is unnecessary to sign this measure at this time.

Sincerely,

ARNOLD SCHWARZENEGGER

To the Members of the California State Assembly:

I am returning Assembly Bill 1324 without my signature.

I signed a measure in 2006 to protect foster youth from identity theft that has not yet been fully implemented because of the state's fiscal challenges. This funding was appropriated in 2008 and when fully implemented, existing law will help foster youth that have been the

victims of identity theft. Since the current program is still not fully operational, I believe this measure is premature and may have the unintended consequence of shifting county workload to the state.

If, through the implementation, it becomes clear that foster youth are not being served in the way the law intended, I would be willing to reconsider this matter.

For this reason, I am unable to sign this bill.

Sincerely,

ARNOLD SCHWARZENEGGER

Veto Message—Assembly Bill No. 1394

Governor's Office, Sacramento

October 11, 2009

To the Members of the California State Assembly:

I am returning Assembly Bill 1394 without my signature.

This bill would add a representative of the Department of Industrial Relations (DIR) to the Green Collar Jobs Council (GCJC). The bill also would create the Green Collar Jobs Account in the State Treasury and would authorize the California Workforce Investment Board (CWIB) to accept any revenues, moneys, grants, goods or services from federal or state governmental entities, philanthropic organizations, and other sources.

This bill is unnecessary. The Employment Development Department currently administers all funding for grants and workforce initiatives with Workforce Investment Act funds. Further, it is inappropriate to include the DIR as a member of the GCJC as they are not currently a member of the CWIB. The GCJC already has the authority to consult with DIR as needed.

For these reasons, I am returning this bill without my signature.

Sincerely,

ARNOLD SCHWARZENEGGER

RECEIPT OF BILLS

California State Auditor

2009-501
October 15, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Under its authority to perform follow-up audits and those addressing areas of high risk, the California State Auditor presents its audit report concerning state mandate determination and payment processes.

This report concludes that while the Commission on State Mandates (Commission) has made progress in reducing its backlog of test claims for state mandates, the continuing backlog is large and includes many

items from 2003 or earlier. This situation, combined with the long time that elapses before the Commission makes determinations, means that substantial costs will continue to build before the Legislature has the information it needs to take any necessary action. In addition, cost estimates at the time the Legislature considers a potential mandate are inherently difficult to develop. This situation underscores the need for the Commission to more quickly complete the test claim process and develop a statewide cost estimate, which is the first accurate measure of what a mandate will actually cost the State.

The State Controller's Office (Controller) appropriately oversees mandate claims, but the continuing high level of its audit adjustments indicates that the State could save more money if the Controller were able to fill vacant audit positions. In addition, largely because of insufficient funding, the State's liability related to state mandates grew to \$2.6 billion in June 2008 and is likely to continue to climb. Further, participants in the mandate process have rarely used recently established options that could relieve the Commission of some of its workload, and a recent court case has taken away the Legislature's ability to direct the Commission to reconsider its decisions in light of changes to the law. For all of these reasons, additional reform proposals put forward by the Department of Finance, the Legislative Analyst's Office, and local entities merit further discussion. Finally, we have added the areas of mandate determination and payment to the list of high-risk issues we continue to monitor.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Budget.

California State Auditor

2009-608
October 20, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: The California State Auditor presents its high-risk report concerning overtime costs paid to state employees. Specifically, this report addresses overtime costs incurred at the Department of Mental Health (Mental Health) and the Department of Developmental Services (Developmental Services).

This report concludes that certain state entities incurred significant costs for overtime during fiscal years 2003–04 through 2007–08. Specifically, our review of payroll records for all state entities—excluding the Department of Corrections and Rehabilitation—showed that employees of five entities were paid at least 1.3 billion of the \$2.1 billion in overtime payments made to state employees during this five-year period. Furthermore, we noted that significant amounts of overtime were paid to a relatively small number of individuals in two classifications at Mental Health and Developmental Services. Bargaining unit agreements (agreements) do not provide these departments a method for distributing overtime evenly; nor do they

impose a cap on the amount of voluntary overtime an employee can work. As a result, a relatively small group of employees work many hours of overtime, while other individuals work little or no overtime, a situation we noted at Napa State Hospital and Sonoma Developmental Center. Individuals working excessive amounts of overtime may compromise their own and patients' or consumers' health and safety.

Until recently, agreements allowed leave time to be used when computing time worked for the purpose of calculating overtime pay. Specifically, state law enacted in February 2009 disallowed this practice; however, this same state law indicates that it may be superseded by agreements ratified subsequent to the law's effective date that once again could contain provisions that allow employees' leave time to be counted as time worked in computing overtime. Another reason for the significant amounts of overtime work at these facilities is the fluctuation in staffing ratios caused by the need to provide certain patients or consumers with one-on-one care. Because the departments' number of authorized positions does not take into consideration the need for staffing enhancements, these departments must rely on overtime to cover enhanced services.

To ensure that overtime hours worked are necessary, and to protect the health and safety of their employees, patients, and consumers, we recommended that Mental Health and Developmental Services encourage the Department of Personnel Administration (Personnel Administration) to include provisions in future agreements to cap the number of voluntary overtime hours an employee can work and to require that overtime hours be distributed more evenly among staff. In addition, we suggested that the departments encourage Personnel Administration to resist the inclusion of provisions in agreements that permit any type of leave to be counted as time worked for the purpose of calculating overtime compensation.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

California State Auditor

2009-108
October 27, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the State Auditor's Office presents its audit report concerning the Department of Veterans Affairs' (department) efforts to address the needs of California veterans.

The report concludes that the department provides few direct services outside of its veterans homes and CalVet Home Loan program (CalVet program). Although the department's Veterans Services division (Veterans Services) assists veterans and their dependents to obtain benefits, the department offers only minimal direct assistance to address other issues veterans face, such as homelessness and mental illness. Rather, the department relies on other entities including local and federal agencies to provide such services. The department has recently shifted its attention from focusing primarily on the veterans homes, deciding that it should take a more active role in increasing awareness among veterans about available services and benefits. However, the department's lack of coordination with County Veterans Service Officer programs (CVSOs) that help veterans apply for benefits may hinder its ability to increase veterans' participation in federal disability compensation and pension benefits. In addition, Veterans Services is in the process of developing collaborative relationships with other state entities that serve veterans, but many of these efforts are in the preliminary stages of development.

Furthermore, the department's strategic plan covering fiscal years 2007–08 through 2011–12 is incomplete. It has not formally assessed veterans' needs or included key stakeholders such as CVSOs in its strategic planning process, and it has not effectively measured its progress toward meeting the goals and objectives that it identified in its plan. Finally, the number of veterans participating in the CalVet program declined in the past three years for various reasons, including uncompetitive interest rates, economic recession, and a federal law that until recently limited the funding available to some veterans. In

addition, we determined that this program is generally not designed to address the needs of homeless veterans or veterans in need of multifamily or transitional housing and that state law would need to be changed or clarified for the department to address such needs.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Veterans Affairs.

Lord, There are times when we do not hear You, we do not listen and we do not change. Only You, Lord, can give us the grace to forgive when we are hurt, to be faithful in darkness, to have hope when all seems lost and to love when we're not loved in return. Let your Spirit, Lord, come upon the earth and where there is sin and darkness, let there be light and holiness.—AMEN.

REPORTS

The following report was presented by the Chief Clerk:

**Delay in the Submission of the California State Rail Plan
2009–10 to 2019–20
(Pursuant to Government Code section 14026)**

Above transmitted report, together with letter of transmittal from Randell Iwasaki, Director, Department of Transportation, dated November 2, 2009, referred by the Speaker to the Committee on Transportation.

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2009-101
November 3, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents its audit report concerning the Department of Social Services' (Social Services) oversight of counties' antifraud efforts for the California Work Opportunities and Responsibility to Kids (CalWORKs) program and the federal Supplemental Nutrition Assistance Program, known as the food stamp program in California.

This report concludes that neither Social Services nor the six counties we visited have performed any meaningful analysis to determine the cost-effectiveness of counties' antifraud efforts for the CalWORKs or food stamp programs. Therefore, we developed our own analysis and found that the measurable savings resulting from early fraud detection activities exceed the costs of such efforts for CalWORKs and approach cost neutrality for the food stamp program. Specifically, statewide projections for savings as a result of early detection showed that for every \$1 spent on these activities, the State saved \$1.35 for CalWORKs and 93 cents for the food stamp program. In contrast, the savings resulting from statewide ongoing investigations are typically not as cost-effective. Our calculations do not include any savings from the fraud that these activities may deter because there is no way to measure deterrence with any certainty. The cost-effectiveness of these anti-fraud efforts varies among the counties, which may be caused, in part, by differing county practices. Furthermore, we found that counties report inaccurate data on their antifraud efforts, but that Social Services has not taken sufficient steps to address this problem and passes this erroneous data to others, including internal decision makers, the federal government, and the Legislature.

Social Services is also missing opportunities to improve counties' antifraud efforts because it has not reviewed 25 of the 58 counties, including Los Angeles, over the past three years. Our review found that counties inconsistently follow up on information that may affect welfare recipients' eligibility and they have a large backlog of unresolved cases

of potential duplicate-aid fraud that the Statewide Fingerprint Imaging System (SFIS) has identified. Social Services also asserts that SFIS deters welfare fraud, yet it has not analyzed the cost-effectiveness of this system. Finally, Social Services has been delayed in taking the necessary steps to allocate \$42.1 million in food stamp program overpayments the counties have collected, including \$12.5 million the State is entitled to receive. Moreover, because counties currently hold the overpayment collection, the State has not had access to the funds, resulting in an estimated \$1.1 million in lost interest earnings to the State.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Human Services.

MESSAGES FROM THE GOVERNOR

The following messages from the Governor were received and ordered printed in the Journal:

Governor's Message—Assembly Bill No. 187

Governor's Office, Sacramento

November 4, 2009

To the Members of the California State Assembly:

I am signing Assembly Bill 187 because it makes progress toward my proposal to fully decentralize Cal Grant awards. The original proposal was generally supported by all the education segments who share my belief that decentralization is a more cost effective, and efficient delivery mechanism that will better serve students by establishing college and university campuses as one-stop shops for a student's financial aid package.

This bill contains the \$4.3 million restoration of funding to the Student Aid Commission (Commission) that is sufficient to fund all of its operations and will ensure the Commission can work in good faith to implement the provisions of this bill in a timely fashion. I have recently made new appointments to the Commission that will help provide solid leadership to see that this pilot program and all of the other financial aid activities are run efficiently and effectively. If any follow up provisions are necessary to effectively establish the program, my Administration will work with the Legislature to enact clean up legislation to ensure that students are well served.

Sincerely,

ARNOLD SCHWARZENEGGER

Governor's Message—Assembly Bill No. 813

Governor's Office, Sacramento

November 4, 2009

To the Members of the California State Assembly:

I am signing Assembly Bill 813 because I strongly support the economic development and leadership currently underway in Los Angeles with the LA LIVE entertainment complex.

There are some existing definitions in current law that would benefit from some clarifying language to improve both this measure and other tied house exceptions. I would ask the author to work with my Department of Alcoholic Beverage Control on technical clean-up legislation next year.

Sincerely,

ARNOLD SCHWARZENEGGER

ADJOURNMENT

At 6:30 a.m., pursuant to the motion by Assembly Member Garrick, the Assembly adjourned until 12 noon, Monday, January 4, 2010, out of respect to the memory of Lukas Hopper, on motion of Assembly Member Galgiani; and out of respect to the memory of Betty O. REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2009-037

November 10, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As required by the Health and Safety Code, Division 31, Sections 53533 and 53545, the California State Auditor presents its second audit in a series concerning the Housing and Emergency Shelter Trust Fund acts of 2002 and 2006.

This report concludes that the Department of Housing and Community Development (HCD) and the California Finance Housing Agency generally awarded funds in a timely manner and complied with legal requirements for making awards. However, HCD did not always adhere to controls it established for its CalHome Program. For example, as we reported in September 2007, HCD continues to advance funds to recipients, primarily individuals and local entities that ultimately receive the funds awarded, at amounts greater than limits set in their standard agreements. In addition, HCD did not always ensure that recipients submitted quarterly status reports as required in its regulations for the CalHome Program.

We also reported in 2007 that HCD did not have processes in place for conducting site visits of recipients or otherwise verifying program compliance during the period following final disbursement of funds for its CalHome and Emergency Housing and Assistance programs. During our current review, we found that HCD has developed monitoring processes for these programs. However, because of state budget difficulties, HCD restricted the amount of travel for performing on-site visits beginning in July 2008; thus, it has not met the goals it established for conducting on-site visits for these two programs in addition to a third

program. Finally, HCD has not yet completed its verification of data transferred to its new Consolidated Automated Program Enterprise System, which it uses to administer and manage the housing bond programs.

Respectfully submitted,

ELAINE M. HOWLE, CPA

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

Investigative Report I2009-0702

November 17, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Pursuant to the California Whistleblower Protection Act, the State Auditor's Office presents its investigative report concerning overpayments the Department of Corrections and Rehabilitation (Corrections) made to its employees for inmate supervision. After an earlier investigation we released in October 2008 revealed improper payments Corrections made to employees at one correctional facility, we initiated an investigation to determine if it had made such payments to employees at other correctional facilities.

This report concludes that from March 2008 through February 2009, Corrections improperly granted \$34,512 in payments for inmate supervision to 23 of the 153 employees whose records we reviewed. These 23 employees worked at five of the six facilities we visited. In addition, we estimated that Corrections may have improperly paid as much as \$588,376 to its employees throughout the State for inmate supervision during this 12-month period. We believe that these improper payments were directly attributable to Corrections lacking the controls necessary to ensure that employees supervising inmates satisfied all of the requirements for receiving the payments. In addition, we found that for the most part Corrections had not initiated collection efforts to recover the improper payments it had identified after our October 2008 investigation.

*The Governor of California
President pro Tempore of the Senate
Speaker of the Assembly
State Capitol
Sacramento, California*

Dear Governor and Legislative Leaders: As authorized by Chapter 251, Statutes of 2004, the Bureau of State Audits (bureau) presents its report designating the production and delivery of electricity as a high-risk issue in California. In May 2007 the bureau published its initial assessment of issues that pose a high risk to California, its citizens, and select state agencies. Our initial assessment identified five

significant statewide risk areas and two specific state agencies facing challenges to their day-to-day and long-term operations. Because of the ongoing challenges the State faces to ensure a reliable supply of electricity, which is critical to our economy and daily lives, the bureau has added the production and delivery of electricity to its list of high-risk issues.

Since California's restructuring of the electricity industry in the late 1990s and the subsequent energy crisis of 2000 and 2001, the electricity sector has continued to evolve. In fact, industry observers suggest that the actions the State and other market participants have taken have decreased the risk of another energy crisis. However, these stakeholders continue to work to resolve issues and to further refine the actions taken to alleviate the earlier energy crisis. This report also identified significant new issues and challenges in the electricity sector that the State faces, which have the potential to influence the supply of electricity, its transmission, and consumer rates. For example, we found that decisions concerning certain environmental policies may substantially reduce electricity supplies from existing power plants and restrict the construction of new power plants, most notably in Southern California. We also found that the State's ability to meet the targets it has adopted to increase the use of renewable sources of electricity is constrained by various obstacles that are preventing the construction of key infrastructure. We further found that a proposed reorganization of certain energy-related programs and functions present additional uncertainties related to the State's ability to formulate strategic energy policies. Because we have designated the production and delivery of electricity as high risk, the bureau will continue to monitor developments and challenges that affect the reliability and affordability of electricity, and may undertake future projects to further evaluate policy changes that potentially affect electricity supplies and rates in California.

STATEMENT OF ASSEMBLY EXPENDITURES PRINTED IN JOURNAL

The following Statement of Assembly Expenditures was ordered printed in the Journal:

The Honorable Karen Bass

Speaker of the Assembly

State Capitol, Sacramento, California

Dear Mme. Speaker: Transmitted herewith is the annual report of Assembly expenses. It includes the total expenditures by Member, committee, leadership office, service operation, and overhead according to various categories for the 12-month period ending November 30, 2008. Every expenditure made from the Assembly Operating Fund during this period is accounted for. Additionally, the report includes an itemization, by Member, of per diem expenditures from the General Fund during the same period of time.

It is important to note that this report is compiled on a cash basis. Therefore, the cost of goods and services incurred by a Member during the preceding reporting period but paid for during the current period is included. Furthermore, some goods and services which were received toward the end of this reporting period were not paid for until the beginning of the December 2008–November 2009 reporting period and are, therefore, not included in this expenditure report.

The following indicates the types of expenditures which are included within each classification:

Staff Salary: This includes the salaries paid to all employees in the Member's district office as well as those employees who work in the Member's Capitol office, provided they are not committee or leadership office personnel. The salaries of the latter group of employees are included in the specific detail report for each of the respective committee and leadership offices.

All Assembly personnel are classified according to job descriptions approved by the Assembly Rules Committee. The committee has established specific salary ranges for each of the classifications. The salary within a range for a specific employee reflects a combination of years of service in his or her position and his or her own job performance since the amount of annual merit salary increases is based on evaluations of each employee's work. Thus, a Member whose office staff includes employees with substantial Assembly seniority, and/or outstanding records of service, will have a higher total expenditure for salaries than will a Member who employs more junior personnel.

Member Travel and Per Diem: Separate totals are shown for in-state travel and out-of-state travel. Most in-state travel expenditures are for attendance at interim committee hearings. Out-of-state travel expenditures are generally for participation in conferences dealing with an issue area pertinent to the legislative specialty of the Member or are for investigative trips.

Staff Travel: This category includes the expenditures incurred for the Capitol and district staff traveling for legislative business. It also includes mileage reimbursements to district office personnel. The staff travel expenditures reported by committee are generally costs incurred in connection with interim committee hearings which are generally held away from Sacramento for the convenience of citizens who wish to provide testimony to the committees.

Car Lease: The amount reported in this category is the automotive lease amount charged to each Member's budget by the Assembly Rules Committee. Members may elect to use a vehicle that is owned by the Assembly. The Assembly Rules Committee charges 90% of the total monthly lease amount to the Member's budget, limited to \$400 for a three-year lease and \$350 for a four-year lease. The Member must pay the difference from personal funds.

Car Maintenance: The costs reported in this category will vary significantly because of the variance in the number of miles driven by the Members. Members in large-sized districts and Members who represent districts wherein air travel between the Capitol and the district is not practical tend to utilize their cars more than other Members. Accordingly, the maintenance costs of such cars are likely to be higher than for others.

Gas and Oil: Expenditures in this category are for gasoline and oil supplied to cars and private aircraft for legislative business. These costs, too, vary for the same reasons as those affecting car maintenance.

Car Rental, Staff and Member: This expenditure category includes the use of state-owned pool cars and commercial rental cars by both the Member and his/her staff in the course of legislative business.

This category, as listed in the Support Services section of the report, includes, in addition to car rental, the costs of gas, oil, and maintenance for cars utilized by the office of the Sergeant at Arms.

District Office Rent, Maintenance, and Utilities: Each Member is entitled to rent an office within the district he/she represents so that constituents may have direct access to their legislators. In some of the larger districts, two or three offices are sometimes authorized. Accordingly, Members representing districts in high-rent metropolitan areas or Members representing large districts requiring more than one office will be reported with higher expenditures in this category than will other Members. Costs included in this expenditure item are rent, utilities (except telephone), janitorial service, and incidental maintenance costs.

Telephone and Telegraph: All telephone charges (except some equipment installation charges) are reported in this expenditure category. Included are the charges for district office telephones, Capitol telephones, and mobile telephones. Members who will likely have higher charges than many of their colleagues are those representing districts which are either far from the Capitol, or in regions which cover large geographic areas.

Postage: The category includes the total amount expended for postage except for the postage utilized in the mailing of legislative mailings authorized under provisions of Proposition 73 of June 1988.

Communications: The costs included in this expenditure category are primarily for handling and mailing of legislative mailings authorized under provisions of Proposition 73 of June 1988.

Furniture and Equipment: This category includes the purchase, rental, and maintenance of certain furniture and equipment items utilized in the Capitol and district offices of the Members. It does not include the purchase of items which will, during the course of their usefulness, be utilized by a number of Members during succeeding years. Expenditures for items of that description are reported in the Furniture and Equipment category as General Overhead Expenditures.

Office Supplies: Stationery items, other printing costs charged to the Assembly Operating Fund, general office supplies, and related miscellaneous supplies utilized in the Members' Capitol and district offices are reported in this expenditure category.

Subscriptions and Publications: Each Member is authorized to subscribe to the newspapers generally circulated within his/her district and to certain metropolitan daily newspapers. Members representing districts which include many cities and towns will frequently have higher expenditures in this category than will Members representing relatively compact areas. Expenditures for subscriptions and publications incurred by the committees and leadership offices are reported separately. Each committee is authorized to purchase relevant books and to subscribe to periodicals specializing in the subject matter of the committee for which the expenditure is made.

Miscellaneous Services: Most of the expenditures shown in the Miscellaneous Services category for the Members are for services such as telephone answering services in district offices and newspaper clipping services. Included in this category for the committee reports are such items as witness expenses, meeting expenses, data-processing costs, and other miscellaneous services.

A number of operational costs incurred by the Assembly are not directly attributable to any of the Members, committees, leadership offices, or support services. Such expenditures are classified as General Overhead and are reported according to the following categories:

Miscellaneous Salaries: Accrued vacation payments made to terminating employees, and salaries paid to employees on extended sick leave are reported in this category.

Employee Benefits: This expenditure category includes the Assembly's contribution to the OASDI (social security) fund, the Public Employees' Retirement System, various health, dental, vision, and life insurance premiums, the Compensation Insurance Fund, unemployment and disability insurance, and any other benefits approved by the Assembly Rules Committee.

Building, Rent, Maintenance, and Utilities: Reported in this expenditure category are construction and remodeling costs and the rent, maintenance, and utilities for offices (other than Members' individual district offices) utilized and paid for by the Assembly outside the Capitol.

Telephone: This listing is for the cost of telephone equipment installation in all Assembly offices.

Furniture and Equipment: The expenditure indicated in this category is for the purchase, rental, and maintenance of furniture and equipment not reported elsewhere in the report. Most furniture and equipment are considered a capital investment which will be used, through the years, by a number of different Members or other offices and can therefore not be appropriately reported as an expense on behalf of any particular Member or office.

Office Supplies: The amount shown in this expenditure category represents office supplies which were purchased by the Assembly for the use of Members and other offices but which were not distributed to any such offices before the end of this reporting period.

Annotated Codes and Law Books: Each Member's office and certain other Assembly offices are furnished with Annotated California Codes and certain other law books. The cost of these books is

considered a capital expenditure in the same manner as many furniture and equipment items, and is therefore reported in this General Overhead category.

Meeting Expenses: This expenditure category includes certain costs incurred by the Assembly relative to the conduct of Assembly Sessions and Joint Sessions of the Legislature which cannot be readily charged to any other expenditure category, rental costs for some meeting rooms, and some conference registration fees.

Freight, Moving, and Delivery: This expenditure category includes costs incurred for the transport of furniture, supplies, and other items which are not chargeable to any particular office.

Other Miscellaneous Services: The major expenditures reported in this category are for the costs of photography services related to official Assembly publications, vehicle liability insurance, and organization memberships.

Study Contracts: From time to time the Assembly finds it practical to contract with individuals, firms, universities, and other governmental agencies in order to expand its research capability with respect to specific projects. The costs reported in this category are for payments made under such contracts during this period.

The next report of Assembly expenditures will be for the period between December 1, 2008, and November 30, 2009.

Sincerely,

TED W. LIEU

Chair of the Assembly Committee on Rules

Help us to realize that imperfection is part of human wholeness and that we must accept others as they are, and trust that they will do the same for us. We are called by You, Lord, to be compassionate towards others. You also call us to be compassionate towards ourselves. Compassion is the harmony of interpersonal relationships and inward peace.—AMEN.

California State Auditor

I2007-1158
December 3, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Pursuant to the California Whistleblower Protection Act, the California State Auditor presents its investigative report concerning improper expense reimbursements made by the California State University, Chancellor's Office (university), to a high-level official.

This report concludes that the official received \$152,441 in improper expense reimbursements over a 37-month period from July 2005 through July 2008. The improper expense reimbursements include expenses for unnecessary trips, meals that exceeded the university's reimbursement limits, the official's commuter expenses, living allowances, home office expenses, duplicate payments, and overpayments of claims. The official consistently failed to follow university policies in submitting requests for reimbursement. In addition, the official's supervisor and the university failed to adequately review his reimbursement claims. As a consequence, the official incurred expenses that were unnecessary and not in the best interest of the university or the State. The employee, a high-level official in the university's Information Technology Services department, left the university in July 2008.

Respectfully submitted,

ELAINE M. HOWLE, CPA

The Honorable Karen Bass
Speaker, California State Assembly
State Capitol, Room 219
Sacramento, California

Dear Mme. Speaker: As a result of my election to the unexpired term of office for the Second District seat on the Los Angeles City Council, I hereby respectfully submit my resignation as State Assemblymember for the 43rd Assembly District. My resignation is effective upon my taking the oath of office for the City Council on January 5, 2010.

It has been an incredible privilege to serve as a member of this house and to help shape the future of our state by creating jobs, improving our environment and strengthening public safety. I am very proud to have had important legislative successes even under historically difficult fiscal conditions, including instituting the state's first-ever film and television incentive, reducing pollution in our oceans and making neighborhoods safer by allowing landlords to evict dangerous criminals. It has been an honor to work under your historic Speakership and with a Caucus that achieved success under circumstances that were often turbulent and challenging.

I will look back on my time in the Assembly warmly as I consider the important task ahead as a member of the Los Angeles City Council. I am eager to begin addressing the urgent challenges the city is facing, and I look forward to working with you closely in doing so.

Very truly yours,

PAUL KREKORIAN, Assembly Member
Forty-third District

California State Auditor

2009-002.2
December 21, 2009

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Pursuant to guidance issued by the U.S. Office of Management and Budget (OMB), the California State Auditor's Office (State Auditor's Office) presents its interim report concerning various state departments' administration of federal programs during fiscal year 2008–09. With the passage of the American Recovery and Reinvestment Act of 2009 (Recovery Act) comes a renewed emphasis on accountability and public transparency to ensure federal funds are spent properly. A key component of such accountability and transparency is the annual report from the State Auditor's Office on internal control and compliance with federal laws and regulations. OMB's June 2009 guidance stresses the importance of auditors communicating promptly any identified internal control deficiencies to management and those charged with governance. In addition, the guidance states that it is imperative that deficiencies in internal control be corrected by management as soon as possible to ensure proper accountability and transparency for expenditures of Recovery Act awards.

This interim report summarizes audit results pertaining to eight federal programs administered by five departments. The State Auditor's Office has currently identified 24 findings regarding the departments' administration of these federal programs during fiscal year 2008–09. In many cases the findings are recurring issues we identified in past audits. In general, the findings focused on federal requirements regarding eligibility of individuals, whether costs were allowable, and monitoring subrecipients', such as cities and counties, use of funds. The specific federal programs, and their administering state departments, are listed in the table of contents. Where applicable, the State Auditor's Office performed a preliminary review of state departments' methodology for reporting the number of jobs created or retained with Recovery Act funds. Of the five departments, only two—the Department of Rehabilitation and the Department of Transportation—reported jobs created or retained. According to federal guidelines, the remaining three departments were not subject to these reporting requirements. The Department of Rehabilitation followed federal guidance and reported

13 jobs created or retained; however, the 1,590 jobs the Department of Transportation reported as created or retained is overstated by at least 390.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Budget.

GOVERNOR'S ADDRESS PRINTED IN THE JOURNAL

Without objection, the following text of Governor Arnold Schwarzenegger's State of the State Address was printed in the Journal.

Governor Arnold Schwarzenegger
2010 State of the State Address
January 6, 2010

Thank you Senate President Pro Tem Steinberg, Speaker Bass, Senator Hollingsworth, Assemblyman Blakeslee, Attorney General Brown, Treasurer Lockyer, Secretary of State Bowen, Controller Chiang, Insurance Commissioner Poizner, Superintendent of Public Instruction O'Connell, Members of the Board of Equalization, all my cabinet secretaries, my Chief of Staff Susan Kennedy, and members of the legislature. . . . It's good to see everyone together again.

Guests in Gallery: Maria Shriver, Secretary George Shultz and his wife, Charlotte, Mayor Willie Brown, Alice Huffman, President of the California NAACP, Speaker Hertzberg, Community College Chancellor Jack Scott, and a very special guest Sara Granda, who overcame great obstacles to pass her Bar Exam and become an attorney.

I want to begin with a true story from which we can draw a worthwhile lesson.

As you might guess, the Schwarzenegger household is something of a menagerie.

An Austrian bodybuilder, a TV journalist, four children, a dog, the normal goldfish and hamsters and so forth—and in recent years we added a miniature pony and a pot-bellied pig.

It's not unusual for me to look up from working on the budget or something to find a pig and a pony standing there staring at me.

Now, the dog's food, which we keep in a canister with a screw-on lid, sits on the top of the dog's kennel.

The pony has learned to knock the canister off the top of the kennel . . . and then he and the pig wedge it into the corner.

There's this ridge on the lid of the canister . . . and the pig with his snout pushes this ridge around and around until it loosens . . . and then they roll the canister around on the floor until the food spills out.

I don't know how they ever figured all of that out.

It's like humans figuring out how to create fire.

But it is *the greatest example* of teamwork. I love it.

So one lesson to draw from the pig and the pony story is what we can accomplish when we work together.

And last year we here in this room did some great things working together.

We had a pig and pony year.

Now before some reporter writes that I compared the Legislature to a pig or a pony, that is not the message at all.

Together, as a team—as fractious, tentative and uncertain as it might have been—together, we got California through the front end of the worst financial crisis since the Great Depression.

Although not without pain, we closed a budget gap of 60 billion dollars!

These decisions were very hard for both sides of the aisle.

On the Republican side, we had leaders who sacrificed their careers or put them at risk.

On the Democratic side, we had legislators who were threatened by their own interest groups.

To those on both sides of the aisle who took these risks for the good of the state, you have my deepest admiration.

We did what we had to do.

We made painful spending cuts. We passed temporary tax increases. We permanently eliminated COLAs for most state programs.

We made major reforms in welfare and parole.

And there are two accomplishments in particular I want to recognize.

Just last night the Assembly passed major educational reform, reform that once seemed impossible, but now will become law as soon as it hits my desk.

For too many years, too many children were trapped in low-performing schools.

The exit doors may as well have been chained.

Now, for the first time, parents—without the principal’s permission—have the right to free their children from these destructive schools.

That is a great freedom.

Also in the past, parents had no power to bring about change in their children’s schools.

But that will now change.

Parents will now have the means to get rid of incompetent principals and take other necessary steps to improve their children’s education.

To increase accountability, we broke down the firewall so that teacher performance can be linked to student performance.

Another major accomplishment: For decades this state was in a literal war over water . . . with old and deep divisions: Northern California versus Southern California, Democrat versus Republican, farmer versus environmentalist, business versus labor.

We here in this room made history with the most comprehensive water package in nearly half a century.

Working together, we got it done.

And now we must work to pass the 11 billion dollars in water bonds that will be on the ballot in November.

Some people say . . . how can we afford these bonds in the current economic climate?

I say, how can we not?

It is the law that you cannot build a school; you cannot build a factory; you cannot build an office building or a housing development without identifying a source of water.

As a result, huge projects with thousands of jobs have been put on hold.

Our economy cannot grow without water. Our population cannot live without water. It is our state's lifeblood.

Now is *exactly* the time to invest in it, so that when Californians turn on the faucet, there is safe, reliable and clean water coming out the tap—not just five years from now but 30, 40 or 50 years.

Now . . . the coming year.

If I had to summarize in one word our focus for the coming year, it would be the word “priorities.”

We have to get them straight and we have to keep them straight.

The first priority for the coming year is the economy and jobs.

The people and businesses of California are an engine of self-betterment and progress.

As long as government keeps the engine oiled with prudent policies—and more importantly—does not pour sand in its gears, this state will persevere and prosper.

I will come to the main thing we can do to help the economy in a moment, but there are four proposals to spur job growth that I will introduce.

First, you will receive a \$500 million jobs package that we estimate could train up to 140,000 workers and help create 100,000 jobs.

Second, you will receive a measure to streamline the permitting of construction projects that already have a completed environmental report.

Third, to stimulate other construction jobs, you will receive a proposal for homebuyer tax credits of up to \$10,000 for the purchase of new or existing homes.

And fourth, since we want California to be the dynamo of green technology, I ask you to pass our proposal exempting the purchase of green tech manufacturing equipment from the sales tax.

That, too, means jobs—jobs for the new economy.

While we still have a long way to go, the worst is over for California's economy.

And the really good thing is that we have the right economic mix going forward—high tech, green tech, bio-tech, Hollywood-tech, farmer-tech and so forth.

Our economy is well-positioned to take advantage of the future.

So let me tell you the main thing that we here in this chamber can do to help the economy and jobs. We can be a better partner to the economy. To strengthen the economy, which is the foundation of all jobs, we here in this chamber must reform California's budget and tax system. That would be a huge stimulus.

The basic problem is that our tax system does not reflect our economy.

In 2009, California's economic growth declined 2.8% . . . but our tax revenues were down *more than 8 times* that much.

Our economy is diverse, whereas our tax system is not.

144,000 taxpayers pay almost 50 percent of all personal income taxes.

Think about it. 38 million Californians have to rely on 144,000 people for their schools, their fire protection, their health care, their public safety and many other services.

That makes no sense.

Here is what we need to accept: our economy is 21st Century, but our tax system is 20th Century.

It's stuck in the wrong century.

The Tax Reform Commission did its work and came up with a plan for reform that was praised by both Willie Brown *and* the *Wall Street Journal*.

How often does that happen?

The Commission proposed major, radical reforms.

Some people say they are too bold and thus they would be too hard to enact.

What do they mean too bold?

Bold is what we do in California.

What do they mean too hard? If I had hesitated to attempt something because it was too hard, I'd still be yodeling in Austria.

We must begin work on these tax reforms because we simply cannot wait for the rich to bounce back.

State revenues are not expected to return to where they were until 2013 to 2014.

I sent you the Tax Reform Commission's plan in late September, but it seems to have disappeared somewhere under this dome.

Where is it? Maybe the pig and the pony have taken it.

But I am looking forward to working with the Legislature to get this done.

Budget reform is just as important.

The budget crisis is our Katrina. We knew it was coming. We've known it for years. And yet Sacramento would not reinforce the economic levees.

In addition to taking action on the Commission's plan, I ask you to also take action on the Best Practices Budget Accountability Act, which has been drafted by the reform group, California Forward.

I especially support its proposals for performance-based budgeting and applying one-time spikes in revenues to one-time uses, such as debt reduction, infrastructure and the rainy day fund.

The leaders of this body have said that the Legislature should be given a chance to enact reforms before reforms go directly to the people.

Here is that chance. I urge you to take it.

And as we struggle to overcome our differences, what I ask you to remember is that the current tax and budget system is cruel.

It is cruel because it is forcing us to make a Sophie's choice among our obligations.

Which child do we cut? The poor one? The sick one? The un-educated one? The one with special needs?

That is cruel.

We overcame the divisions on water. We can do it on the tax system and budget systems. I will address our immediate budget situation more fully in a few days, but let me give you an overview.

We face a \$19.9 billion deficit—\$6.6 billion for the rest of this budget year and \$13.3 billion for the upcoming budget year.

Big picture, let me tell you what will be required.

First, as bitter as the words are in my mouth, we face additional cuts.

We know what that means.

We know the pain it entails.

What can we say at this point except the truth? That we have no choice.

But I am drawing this line. Because our future economic well-being is so dependent upon education, I will protect education funding in this budget.

And we can no longer afford to cut *higher* education either.

The priorities have become out of whack over the years.

Thirty years ago 10 percent of the general fund went to higher education and 3 percent went to prisons.

Today almost 11 percent goes to prisons and only 7 1/2 percent goes to higher education.

Spending 45 percent more on prisons than universities is no way to proceed into the future.

What does it say about a state that focuses more on prison uniforms than caps and gowns?

It simply is not healthy.

I will submit to you a constitutional amendment so that never again do we spend a greater percentage of our money on prisons than on higher education.

The way we get this done is to find more cost-effective ways to run our prison system and allows private prisons to compete with public prisons. Competition and choice are always good.

California spends \$50,000 per prisoner.

By comparison, the ten largest states spend \$32,000.

They spend less, and yet you do not see federal judges taking over their prison health care.

Why do we have to spend so much more than they do?

If California's prisons were privately run, it would save us billions of dollars a year.

That's billions of dollars that could go back to higher education where it belongs and where it better serves our future.

Choosing universities over prisons: this is a historic and transforming realignment of California's priorities.

If you have two states and one spends more on educating and one spends more on incarcerating, in which state's economy would you invest?

I ask you to make the right choice for California.

Another major item is this: federal funds have to be part of our budget solution because the federal government is part of our budget problem.

When President Clinton was in office, California got back 94 cents on the dollar from the federal government. Today we get only 78 cents back.

Texas gets 94 cents. Pennsylvania gets \$1.07. Alaska, with all its oil, gets back \$1.84 for every dollar. New Mexico gets \$2.03.

This should be more fair and equitable.

We are not looking for a federal bailout . . . just federal fairness.

Californians carry a special burden since we are a border state.

The federal government alone controls immigration policy. It alone controls border security.

While acknowledging its responsibility, the federal government is not even funding a 50-50 split of the costs of undocumented immigrants.

We can no longer ignore what is owed to us . . . or what we are forced to spend on federal mandates.

We are currently owed billions of dollars by the federal government for various programs.

We need to work with the feds so that we can fix the flawed formula that demands that states spend money they do not have.

Now Congress is about to pile billions more onto California with the new health care bill.

While I enthusiastically support health care reform, it is not reform to push more costs onto states that are already struggling while other states get sweetheart deals.

Health care reform, which started as noble and needed legislation, has become a trough of bribes, deals and loopholes.

You've heard of the bridge to nowhere. This is health care to nowhere.

California's congressional delegation should either vote against this bill that is a disaster for California or get in there and fight for the same sweetheart deal Senator Nelson of Nebraska got for the Cornhusker State. He got the corn; we got the husk.

Now, another priority relating to the budget is pension reform.

The cost for state employee pensions is up 2,000 percent in the last ten years, while revenues have only increased by 24 percent.

The pension fund will not have enough money to cover this amount, so the state—that means the taxpayer—has to come up with the money.

This is money that is taken away from important government services.

This is money that cannot go to our universities, our parks and other government functions.

Now, for current employees these pensions cannot be changed—either legally or morally.

We cannot break the promises we already made. It is a done deal.

But we are about to get run over by a locomotive. We can see the light coming at us.

I ask the Legislature to join me in finding the equivalent of a water deal on pensions, so that we can meet current promises and yet reduce the burden going forward.

These are serious issues we face.

Every year, in spite of whatever challenges are before us, I stand up here and tell you how much I believe in California's future.

I tell you how much I believe in the dream.

Some people think, "Ya, ya, ya, that's just Arnold being optimistic."

But I am not alone in believing these things.

Time magazine recently did an article about California that sounded like one of my speeches.

I would like to read you a few sentences. *Time* wrote:

“(California) is still a dream state. In fact, the pioneering megastate . . . is still the cutting edge of the American future—economically, environmentally, demographically, culturally, and maybe politically.

It is the greenest and the most diverse state, the most globalized . . . when the world is heading in all those directions.

It’s also an unparalleled engine of innovation, the mecca of high tech, biotech and now clean tech.

In 2008, California’s wipeout economy attracted more venture capital than the rest of the nation *combined*.”

So . . . *now* do you believe me?

California has the means and the mindpower to solve its problems.

Sometimes we are just too close to the problems to see the positives, and we need to step back.

A couple months ago I was in Iraq visiting our men and women in uniform, and of course many of them were from California.

They have seen and experienced some hard things.

Many have served tour after tour after tour. As a result, some have lost homes, spouses, limbs and lives.

Too often our soldiers bring back the enemy with them in their heads. We are seeing a lot of post traumatic stress syndrome. The suicide rate is disturbing.

California has more returning veterans than any other state, so our state, as well as the federal government, has a special responsibility.

You will see that in our agenda.

We have a fundamental obligation to anyone who has shed or risked blood for this country.

That is a priority.

Their sacrifice is extraordinary and never fails to inspire me.

And if you look to the gallery, you will see some Californians wearing the uniform of our country who have just returned from Iraq and Afghanistan.

To each of you, I say, “Welcome home.”

No matter how big the problems are that this state faces, no matter how harsh things may seem to us in the months ahead those Californians in uniform will tell you that this is still the greatest place to come home to, the greatest place to pursue a better life.

Just ask them how often they dreamed of being back home here in the Golden State.

Ladies and gentlemen, in closing . . . we in this chamber must fulfill our sacred trust to keep California a great place to come home to . . . for our men and women in uniform . . . and for generations of Californians yet to come.

Thank you very much.

CALIFORNIA LEGISLATURE

2009–10 REGULAR SESSION

ASSEMBLY JOURNAL

RECESS JOURNAL NO. 28

Assembly Chamber, Sacramento
Friday, January 8, 2010

The following Assembly Journal was printed for introduction of the Governor's Budget, in compliance with Article IV, Sec. 12(a) of the Constitution.

MESSAGES FROM THE GOVERNOR

The following budget message from the Governor was received and ordered printed in the Journal:

January 8, 2010

To the Senate and the Assembly of the California Legislature:

In accordance with Article IV, Section 12 of the California Constitution, I submit to you the Governor's Budget for 2010–11.

Last year, we confronted what history will record as “The Great Recession.” Working together, we made profoundly difficult decisions necessary to close a \$60 billion budget gap, the largest in our state's history. Because of your efforts and the diligent work of the Treasurer and Controller, we averted both a budget crisis and a cash crisis.

With our national economy still struggling to recover, California, like most other states, must confront an additional budget gap of nearly \$20 billion. In many ways, the decisions that will be necessary to close this gap will be even more challenging—and far more difficult. However, failure is not an option and we must do what is necessary to keep our state solvent and maintain critical services.

My budget calls for even greater reductions in nearly every aspect of state government than were necessary in 2009. With these reductions, we make every effort to maintain essential services for Californians who need them the most in the midst of this fiscal crisis. In particular, my budget proposal protects education, including higher education, from additional deep cuts. I believe strongly that additional reductions below current year funding levels would leave a permanent scar on our children and on the greatest university system in the world. In fact, I intend to propose a re-prioritization of funds away from administration and into the classroom, and away from prisons and into our universities. I ask you to join me in setting these new priorities for the future of our great state.

My budget proposal also calls for a far greater engagement than ever before with our counterparts in Washington—to give California both the

flexibility and fairness that is needed to better manage critical state programs, achieve substantial savings, and avoid even deeper and more painful budget reductions. Working with the Obama Administration, with our congressional delegation, and with other states, I believe we can build on the progress we have made in 2009.

We must begin our work immediately. If we fail to take swift action in the Special Session that I have called, our problem will only grow, and the decisions that will be required to make up for lost savings will grow even more difficult than those now before us.

The work that lies ahead will be some the most difficult that you and I will ever be asked to undertake as public servants. Let us prove once again that we can meet this new and unprecedented challenge.

Sincerely,

ARNOLD SCHWARZENEGGER

Receipt

I acknowledge receipt this 8th day of January 2010 at 1:18 p.m., of the budget for the 2010–2011 fiscal year, together with an explanatory message delivered to me personally by Jacque Roberts.

Lord, In order to see more of You in our life, we need to do our part to develop a relationship with You. We have to choose to submit our heart to You and to allow You to purify us on the inside. Lord, help us to be more selective in the things we watch on T.V., what we listen to on the radio and read in the magazines. Ultimately, whatever we give our attention to, will shape our heart and our character. Father in heaven, open our heart to You and purify us by Your Holy Spirit.—AMEN.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Blumenfield was granted unanimous consent that the following statement of legislative intent be printed in the Journal:

January 5, 2010

Mr. Dotson Wilson

Chief Clerk of the Assembly

State Capitol, Room 3196

Sacramento, California

Dear Mr. Wilson: I have authored Assembly Bill 1196 to enhance the California False Claims Act as an enforcement tool to combat fraudulent claims with state and local governments by unscrupulous contractors.

As initially drafted, this bill would have included a provision codifying the well-accepted rule that a complaint-in-intervention filed by the government relates back for statute of limitations purposes to the initial complaint filed by the *qui tam* plaintiff on the government's behalf. This provision was removed from the bill because it was declaratory of existing law and unnecessary, as California has long recognized relation back. (*Idling v. North Bay Construction* (1995) 39 Cal. App. 4th 1111, 1113.)

The recent amendments to the federal act did include a provision that was intended to clarify relation back under federal procedural law. (See 31 U.S.C. § 3731(c).) This provision was necessitated by a federal court decision interpreting former Federal Rule of Civil Procedure 15(c)(2). (See *U.S. v. Baylor Univ. Med. Ctr.* (2d Cir. 2006) 469 F.3d 263, 270.) There was no need for similar clarifying language in A.B. 1196 because California has never enacted a counterpart to former Federal Rule 15(c)(2).

In amending Section 4 of this act, the Legislature clarifies the meaning of language contained in the original version of the California False Claims Act ("CFCA"). The section does not change existing law, but rather clarifies that only the Attorney General and local prosecuting authorities with jurisdiction to act are "officials charged with the responsibility to act in the circumstances" as that phrase was used in the

original version of the CFCA. The section further clarifies that the three-year statute of limitations commences only upon discovery by the Attorney General or local prosecuting authority with jurisdiction to act.

When interpreting provisions of the CFCA, California courts routinely refer to federal court rulings interpreting similar provisions contained in the Federal False Claims Act, upon which the CFCA was originally patterned. This clarification is consistent with the majority of existing federal court rulings interpreting similar language contained in the Federal False Claims Act. This clarification is also consistent with existing California case law interpreting the CFCA which identifies the California Attorney General as an “official charged with the responsibility to act in the circumstances” for statute of limitations purposes. (See *State of California ex rel. Hindin v. Hewlett-Packard Co.* (2007) 153 Cal. App. 4th 307, 314.)

Sincerely,

BOB BLUMENFIELD, Assembly Member
Fortieth District

Eternal Father in Heaven, On this day we recognize your supreme will for each of our lives. We know that you desire to give us hope and a future. And so we ask for your power to help us to live within your will today, for so often we go astray in our own desires.

Give us all in these halls an unselfish spirit, a gracious spirit, and a spirit of servanthood, for so often we see inhumanity towards others.

And so we ask you, bless the families in Haiti with a great sense of your very presence. Comfort those who lost loved ones, even entire families. And give to that country what may seem impossible. For nothing is too hard for you.

May we ever remember.—AMEN.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2009-032
January 28, 2010

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As required by Chapter 804, Statutes of 2002, the California State Auditor presents its audit report evaluating the accuracy of 2007 crime statistics compiled and reported by a sample of California postsecondary educational institutions (institutions). The report also describes the results of our examination of these institutions' issuance of annual security reports, notifications of the reports' availability, and disclosures of campus security policies required under the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act).

This report concludes that the institutions we reviewed did not always comply with the Clery Act's requirements. Of the six institutions we visited, one did not issue an annual security report, three did not properly notify students and staff of the availability of their security policies or crime statistics, and four did not disclose all required security policies. Further, the six institutions disclosed inaccurate crime statistics to varying degrees for 2007. We identified similar concerns among the 10 other institutions we surveyed. Failure to comply with the Clery Act

may result in financial penalties of up to \$27,500 per violation. Also, the U.S. Department of Education (Education) has stated that choosing an institution is a major decision for students and their families, and that along with academic, financial, and geographic considerations, the issue of campus safety is a vital concern. Education also believes that compliance with the Clery Act provides students and their families with information necessary to make informed decisions. Several reasons contributed to institutions' lack of compliance with the Clery Act. These reasons included an inadequate understanding of the Clery Act's requirements, the use of incorrect geographic areas or incorrect definitions of crimes when compiling statistics, failing to request crime statistics from local law enforcement agencies, and not using guidance available from Education.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Higher Education.

PRAYER

Upon invitation of Speaker pro Tempore Saldaña, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, Benjamin Franklin offered a profound insight. He said, “The longer I live, the more convincing proofs I see of this truth—that God governs the Affairs of Men.” Lord, we can be passionate about our dreams, but our dreams can become an idol. Rather than force things to happen on our timetable, it is sometimes better to let go and allow You to bring them to pass. You already know what we want and what we need. Help us to stay open and to trust You to bring all good things to pass.—AMEN.

Upon invitation of Speaker-elect John A. Pérez, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, When our government was not yet a year old, George Washington declared, "It is the duty of all nations to acknowledge the Providence of Almighty God, to obey His will, to be grateful for His benefits, and humbly implore His protection and favor." Similarly, when the children of Israel were being chased by Pharaoh, they came to a dead end at the Red Sea, and it looked like it was over. They couldn't see a way out, but You came and parted the Red Sea and they went through on dry ground. Lord, we serve You, and when we believe, all things are possible.—AMEN.

Upon request of Speaker-elect John A. Pérez, Assembly Member Salas then led the Assembly in the pledge of allegiance to the Flag.

Lord, The Apostle Paul wrote to the Christians living in Corinth that we should walk by faith, not by sight. (2 Corinthians 5:7) In other words, we have to believe it before we ever see something. When we walk only by depending on the things we see, we can easily allow circumstances and fear to keep us from moving forward. Inspire us, Lord, to focus our minds higher and to listen to that inner prompting of Your Holy Spirit in our life.—AMEN.

Legislative Intent—Senate Bill No. 827

January 27, 2010

E. Dotson Wilson

*Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

RE: SB 827 (Wright)

Dear Mr. Chief Clerk: I respectfully request this letter be submitted to the Assembly Journal regarding Senate Bill No. 827, relative to the South Coast Air Quality Management District (SCAQMD) and concerns that this legislation may inadvertently reverse the SCAQMD's decision to deny the Southeast Regional Energy Center's application to construct a power plant in the City of Vernon.

When SB 827 was taken up for consideration by the Assembly on the last night of session, several members, including Assemblymember John A. Pérez who represents the City of Vernon, expressed concern that my legislation would create a pathway for the Vernon power plant project to be resurrected. During that debate, Assembly Utilities and Commerce Committee Chairman Felipe Fuentes, Assemblymember Calderon and I confirmed that the only application of SB 827 on any large power plant is on the re-firing of existing power plants, and I committed to the Members of the Assembly that my legislation would in no way result in the Vernon power plant being built. I wish to explicitly state that it is not my intention, nor would SB 827 allow or create a new pathway for the SCAQMD to reverse its decision to deny the Southeast Regional Energy Center's application to construct the Vernon power plant.

SB 827 is in response to a recent Superior Court decision in *Natural Resources Defense Council v. South Coast Air Quality Management District*, which found that SCAQMD violated the California Environmental Quality Act when it failed to adequately describe, analyze, and mitigate the impacts of amendments to its Rules 1309.1

and 1315 to allow power plants meeting specified requirements, and paying significant mitigation fees, to obtain air emissions offsets.

On June 30, 2006, the Southeast Regional Energy Center applied for a Title V Permit to construct a power plant in the City of Vernon. With the Superior Court's invalidation of SCAQMD Rules 1309.1 and 1315, the SCAQMD subsequently denied this application, in part, because that project could not obtain legally required air emissions offsets. Concerns arose that legislative efforts to restore the ability for the SCAQMD to issue these offsets under Rule 1309.1 may inadvertently allow the City of Vernon to obtain the required offsets, effectively creating a pathway for the approval of the Southeast Regional Energy Center's application to construct a power plant.

Let me reiterate that SB 827 does not enable the Vernon power plant project to obtain air emissions offsets, and it is not my intent to create a pathway for the approval of the Vernon power plant application by means of this legislation. To this end, this bill authorizes the SCAQMD to issue permits to essential public services, small businesses, and other exempt facilities and equipment in compliance with Rules 1304 and 1309.1, as amended May 3, 2002. SB 827 would not in any way reverse the denial of the Southeast Regional Energy Center's application by providing a way for the Vernon power plant project to obtain air emissions offsets.

I am confident that the provisions of this bill will not facilitate the approval of the Southeast Regional Energy Center's application for a Title V Permit.

Respectfully submitted,

RODERICK D. WRIGHT
Senator, 25th District

ADDRESS BY SPEAKER BASS

I want to welcome all our guests for coming to help make this day even more special for Speaker-elect John A. Pérez.

As I prepare to hand over the gavel today another thing is clear. After almost two years as Speaker, I now know why Fabian Núñez looked so happy during *my* swearing-in.

I am happy and honored to have been of service to you and the people of California during these difficult times. Happy to have played a role in several important bipartisan successes. And happy—and proud—to be handing over the reins of this institution I care deeply about to someone as talented and committed—and prepared—as John A. Pérez.

Speaker Pérez is going to be a phenomenal leader for the Assembly and for California. I am honored to be a part of this ceremony today, and John, I will be very honored to call you my Speaker.

APPOINTMENT OF SELECT COMMITTEE ON ESCORT

Pursuant to the election of John A. Pérez to the Office of Speaker of the Assembly on January 7, 2010, Speaker Bass appointed former Speakers of the California State Assembly, Hon. Willie L. OATH*for the Office of Speaker of the Assembly*

I, John A. Pérez, do solemnly swear that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of the State of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter.

JOHN A. PÉREZ

Subscribed and sworn to before me
this 1st day of March
A.D. 2010

ASSOCIATE JUSTICE CARLOS MORENO
Supreme Court of California

**PRESENTATION OF
SPEAKER OF THE CALIFORNIA STATE ASSEMBLY
JOHN A. PÉREZ**

Speaker Emeritus Bass then presented the 68th Speaker of the California State Assembly, Hon. John A. Pérez, whereupon he addressed the assemblage.

**Address by Speaker of the California State Assembly
John A. Pérez**

Thank you all very much.

It's a very rare day on this Floor when someone gets longer applause than Willie Brown!

To everyone who took part in the ceremony, thank you for making this a truly meaningful and memorable experience.

Governor Schwarzenegger, though my first months as Speaker overlap your last months as Governor, I hope we will have the time to forge a working relationship that will make a real difference for the people of California.

Constitutional officers, welcome to the people's House. I look forward to working with each of you as we do the people's business.

To the former Speakers who honor us with your presence, thank you for your service, your example and your wise counsel.

Justice Moreno, you can't imagine how thrilled I am to be sworn in as Speaker by such a champion of justice and progress.

I want to acknowledge my partner across the aisle, Republican Leader Martin Garrick, and my partner across the hall, Senate President pro Tem Darrell Steinberg.

Speaker Bass, I thank you for your leadership, your friendship and for creating a transition that has helped prepare me to accept this great responsibility and all of its challenges.

I think the only thing smoother than our transition might be the magnificent voices of the chorus we just heard.

To my family, friends and staff, who add so much to making life memorable and meaningful every day, this moment would not be the same without each of you.

Above all, to you, my colleagues in the Assembly who have placed your trust in me, it is with profound gratitude and humility that I assume this office to serve as the 68th Speaker of the California State Assembly.

You know, the first time I was ever in this Chamber I was a 16-year-old delegate from the American Legion's Boys State.

I was one of the dozens of kids you see swarming the halls every June.

As a 16-year-old, I stood in awe on the Floor of this great Chamber. I was overcome by the history of this place, where our very laws are debated and created. It never occurred to me that I could one day stand here amongst you as a Member, much less as the Speaker.

My first trip to the Capitol wasn't that long ago, but at the time only a handful of Latinos and but one Latina had ever served in this Chamber. And there had never been an openly gay Member.

Today I am still filled with awe when I stand in this Chamber, but now I have more certainty about what is really possible in California, for I am but one example of those golden possibilities.

Possible because of people like Ed Roybal, Phil Soto and Gloria Molina whose leadership carved out a path for generations of Latinos to serve our state.

Possible because of people like Elaine Noble, Harvey Milk and Sheila James Kuehl who blazed a trail of pride and purpose for gay and lesbian Californians to serve our state.

Possible because of my parents, whose love, hard work and commitment guided my path.

I first became politically active as a junior high school student and a few years later, in high school, I fought a proposed prison that was to be built in my community.

To my young mind, that was the last thing we needed, so I got active. I registered voters. I attended rallies and handed out fliers.

I even read through my first Environmental Impact Report. Somehow, they seemed more exciting back then than they do today.

I learned many lessons from that early effort. I learned the power of community, the power of organizing and the power of perseverance.

I learned from the example of a priest I didn't even know who believed we deserved better and led our community's opposition to the prison.

That priest was Father John Moretta, and I am so honored that he could join us today to deliver the invocation.

As I stand here among my friends, family and colleagues for this momentous occasion, this Chamber does feel just a little empty to me.

Two extraordinary people are missing and I can't begin to tell you how keenly I feel their absence. This moment would never have been possible but for the love, hard work and support of my mother and father.

This moment is bittersweet because my parents are no longer with us, but I am heartened by the memory that my mother was actually in this Chamber before—twelve years ago, when my cousin was sworn in as Speaker. I remember the pride she felt that day, and I pray she is again filled with pride as she looks down over us.

Sitting in the seat my mother occupied that day is my dear friend, Lois Williams. Lois is that wonderful loving mother or grandmother we hope every child has, and her presence and the presence of so many other special people—Shirley Roberts, Shirley Friedman and Aleita Huguenin—helps me fill that void.

Moments such as this fill us with a sense of vulnerability and emotion that can't help but cause us to reminisce about our families, our childhoods, and our driving forces—the things that define the very essence of who we are.

In 1903, my mother's father came to California with nothing but the hope for a decent life and a better future.

Today, the second of his grandsons has risen to one of the highest offices in government in the greatest state in our nation.

Can you imagine what he would have said if someone back then would have suggested that possibility to him?

In 1951, my father came to California with little more than a sixth-grade education. His opportunities were limited by his circumstances, but he was determined to make a good life.

He worked as a sheet metal worker by day and a cook by night until an industrial accident left him permanently disabled. He always worked hard, in hard jobs, because he had a vision and an unshakeable dedication and love for his family. And that dedication did not end when he could no longer go to work.

You don't need to look far to see where I got my commitment to working people and their families.

Though my father never went past the sixth grade, I can vividly remember him helping me with my trigonometry homework and challenging my analysis of the Greek classics I was studying.

In the many generations of my father's family, his children were the first to go to college—and he instilled in us a deep respect for that opportunity.

I am proud to say that there are hundreds of UC students from across the state here at the Capitol today. They are fighting for the same things I did as a UC student 20 years ago—and they are doing it the right way

instead of the way it happened on the streets of Berkeley last Thursday night. They are fighting for the opportunity to partake of the greatest system of higher education in the world.

I ask each of you to join with me in working to turn around an upside-down system where we demand students pay more every semester for classes they can't get, to fulfill ever-changing requirements for their education. As Speaker I will fight for all of California's higher education systems—the UC, the CSU AND our community colleges because we need to restore common-sense to higher education and put our students' needs first.

Growing up there were many occasions when times were tough and my parents sat at the table talking over the painful choices they'd need to make to see us through. My parents weren't rich with money, but our home was rich with love, encouragement, hope and opportunity.

Our California family is going through similar times, and facing similar challenges. Helping solve this dilemma is our paramount concern right now. We don't have sufficient resources to meet all our needs, but that cannot be an excuse to turn on each other. We must remember that our state is like a big family, and for that family to be strong, every person must have the opportunity to succeed.

Today—across our state—too many families are sitting around too many tables making too many painful choices.

These families must be our priority!

Our number one focus must be to get Californians working again! Our economic woes and budget deficits will not be fixed until the job market recovers, the unemployment rate falls and the spirit of entrepreneurship is restored across our state.

Californians are hurting and we've all heard the frustration that state government isn't focusing on the things that will provide real help to get us out of this crisis.

We were sent here to do a job. We must roll up our sleeves today and do the job we were elected to do.

We need to focus on strategies that promote high-paying, high-skilled jobs that restore the essential middle class.

We must be innovative and seek out new ideas and opportunities. We cannot just rely on old traditional methods of job creation—this is the 21st century. Above all else, we must be open-minded and creative in setting an environment in which our economy can thrive.

Each of you knows of innovative success stories. Let's share those stories and spread them widely across our state.

Here's an example: a community college in Massachusetts recently initiated a public-private partnership that allows students in their Nursing and Allied Health programs to shorten the time spent in school by guaranteeing access to the classes they need to graduate.

This is a win for the students who move into good-paying jobs sooner . . . it's good for the college because they can help more students enter the job market sooner . . . and it's good for the state, which gets badly needed health professionals on an accelerated basis.

In that spirit, I'm pleased to announce that I have been talking with Chancellor Jack Scott of the Community College System to see how a

similar program can be established here in California, and I have introduced AB 2385 to that effect.

That's the first innovation I'm personally putting into the mix.

We need not all embrace the same philosophies to address the same problems; in fact our differences may lead to the most innovative outcomes, as long as we listen to each other and keep our minds open to new ideas.

We are absolutely capable of setting aside our differences and coming together to produce solutions for the people of California—as we have many times this past year.

One of my first bills as an Assembly Member was one to clean up the tap water in the City of Maywood.

When my bill was first heard, more than two dozen of my constituents boarded a bus at midnight to attend the hearing in Sacramento the next day.

These folks did not hold out great hope as they had long been frustrated by inaction, but in the end, Members on both sides of the aisle joined together and my constituents were rewarded with bipartisan support and the Governor's signature on a bill that will lead to clean water in their city.

Last year, during the height of the fiscal crisis, our state was forced to give out IOU's for only the second time since the Great Depression.

One of my colleagues from the other side of the aisle, Mr. Anderson, felt that people who received IOU's should be able to use those same IOU's in lieu of payments they owed to the state. I thought that was a common sense idea and worked to join Democrats and Republicans in supporting this sensible proposal.

In both instances, Members of this House recognized there was a problem, and we came together to support a solution, without regard to which side's proposal it was.

As we confront the enormous challenges facing California in the coming year; that is exactly the spirit of bipartisan cooperation and common purpose we need to embrace if we are to succeed.

For my part, I want every Member of this Chamber—Democrat AND Republican—to know that I value you, your service and your dedication to making this place better for all Californians.

As Speaker, my role must be to enable each of you to be the best representative to your constituents that you can be. To that end, my door will always be open to all of you.

Let me be clear, this is true for my Republican colleagues as well as for Democrats: I am your Speaker too! Your ideas deserve to be heard and considered, as do the ideas of the majority. And to my friends in the Minority party, believe me when I tell you, I know what it's like to be a minority.

In keeping with my commitment to be a full partner to all Members, and because I understand that actions speak louder than words, I want you to know that when I name the new committee leadership in the next few days, I will be appointing two Republicans to serve as Committee Chairs.

As we embrace this new spirit of working together and hopefully increasing the respect we have for one another, one issue we must absolutely approach together is reform.

In addition to focusing on solving our budget crisis and creating jobs, I want this to be a year of reform, real reform!

I envision a three pronged attack.

There are reforms the people in their wisdom must vote on.

For example, I believe that California's budget should be approved by a simple majority, just like 47 other states and the federal government. As history has shown time and again, if the people lose confidence in the Majority party, that party will soon find itself in the minority.

There are reforms the legislature can adopt in a bipartisan, bicameral way—and we will be finalizing some of those proposals in the next couple days.

However some reforms must be made immediately.

I've already announced that the budget will not be written behind closed doors in "Big 5" meetings. A full budget committee and subcommittee process will ensure all Members get to participate and there is time for public input and independent review of the proposals.

Hearings will be held around the state so that everyday Californians have the opportunity to look us in the eye and tell us how our budget proposals will affect their lives. And more importantly, they will have the chance to offer new ideas to us.

We will broadcast our budget hearings and deliberations on the web and where possible on TV. Posting information on the Internet will make it easy for Californians to view the budget, see our proposals for themselves and evaluate the impact on their lives.

Now I'm a big believer in technology, but sometimes we need to limit its reach. Another essential reform we must make immediately is to limit the use of certain technology on the Floor and in hearings.

Starting today, text messages from lobbyists are banned while we're on this Floor or in committee doing the people's business. Californians expect us to pay full attention to the issues and to each other—and they deserve to know who is involved in the debate. They need not worry that special interest lobbyists are secretly sending messages of opposition or support to us as we deliberate.

At each of these levels—with the voters, with our Senate colleagues and in our own House, we must work together to produce a package of reforms that each and every one of us can be proud of and that allow us to serve our constituents better.

We can do much this year if we are creative and open to new ideas and new reforms. This is a unique opportunity to do great things for our golden state, if we rise to the challenge, together.

Members, I have been privileged to serve with you.

You have asked me to be your leader and I intend to lead as you expect me to . . . boldly, creatively, and decisively.

And after whatever period of months or years, when it is my turn to step down as Speaker and hand over the gavel, I intend to look back and say that we delivered.

That we put California to work. That we fixed the broken budget system and helped restore the trust and the confidence of the people in this great institution.

That we did the kind of job that an awe-struck and reverent 16-year-old kid who stood in this room not daring to dream he could be here would be proud of. That we simply worked together to do the people's business.

This is a huge challenge, a complex challenge, an historic challenge but we are equal to the task. So let's roll up our sleeves and get to work!

PRAYER

Upon invitation of Speaker pro Tempore Saldaña, the following prayer was offered by Speaker Emeritus Karen Bass, of the 47th Assembly District:

Dear God, As we honor and celebrate the outstanding women joining us here today I am reminded of a poem by Emily Dickinson:

If I can stop one heart from breaking,
I shall not live in vain;
If I can ease one life from aching,
Or cool one pain,
Or help one fainting robin
Unto his nest again,
I shall not live in vain.

Thank you God for bringing these women into our lives and into the lives of all those whose pain they cool, whose aches they ease and whose hearts they make whole.

If, as President John F. Kennedy once said, here on Earth God's work must truly be our own, these amazing women we honor today show that your work is in very good hands indeed.—AMEN.

Legislative Intent—Assembly Bill No. 20

March 15, 2010

*Mr. Dotson Wilson**Chief Clerk**California State Assembly**State Capitol, Room 3196**Sacramento, California*

RE: Letter to the Journal on Assembly Bill 20 (Chapter 402, 2009)

This letter serves to clarify the legislative intent of the amendments to Assembly Bill 20 that were negotiated with the Senate Appropriations Committee staff and agreed upon by all interested parties. I accepted the amendments, and the measure was reported out of Committee with these amendments on July 15, 2009.

While Assembly Bill 20 was in the Senate Appropriations Committee, the committee staff received a fiscal estimate from the Department of General Services (DGS) that indicated the following: *“Fees and costs for meeting to develop model terms: facilitation \$25,000, support staff (.4) PY \$40,000.”* In order to negate the fiscal costs estimated by DGS, the bill was amended to clarify that the University of California (UC) and the California State University (CSU) would be responsible for facilitating and hosting the meetings and would provide appropriate support (i.e., typing of meeting minutes, disseminating drafts and agendas) for the implementation of Assembly Bill 20.

It was my intent that UC and CSU provide the appropriate clerical support necessary for the facilitation of the meetings that are required by Assembly Bill 20 and would host the meetings. Each of the segments would then absorb their own internal costs, as the potential for future cost savings from the agreed upon standardized terms far outweigh the initial costs incurred by the DGS, CSU and UC.

I hope this clarifies the intent of the July 15, 2009 amendment taken in the Senate Appropriations Committee.

Sincerely,

JOSE SOLORIO, Assembly Member
Sixty-ninth District
